OBITUARY.

Benjamin Franklin Penney was born in Smith village, Penn., June 4, 1820; died April 22nd, 1907, being in the eighty-seventh year of his age, he having lived for fifty years on the farm where he passed away. He was married to Mary Everson, of Orange Co., New York, March 2nd, 1842, and came to Plymouth, Michigan, in 1854. In 1858 Mr. and Mrs. Penney united with the Baptist church, Plymouth. His wife passed away in 1867. Eight children were born to them, six daughters and two sons, all of whom are living, excepting the eldest son, William, who died in 1882.

In 1871 he was married to Mrs. Sara Shaffer of Plymouth, Michigan, she having passed away March 24th, 1906.

The funeral occurred on Tuesday at his late home, services being conducted by Rev. C. T. Jack.

Some Notes on Seed Corn.

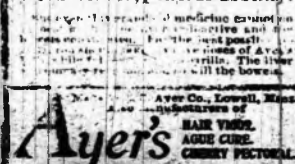

The Michigan Experiment Station has tested many ears of seed corn in the spring of 1907. The per cent of ears with low germination is so large as to warrant the printing of, caution to farmers against planting untested seed. The best that can be done at present in the way of seed testing is to take five different kernels from different parts of the ear and plant them in a square which can be recognized as belonging to that ear. Shallow boxes fully an inch deep are filled with sand divided into squares an inch and a half by an inch and a half, using twine stretched across the top of the box to mark the divisions. Keep the soil wet and warm. Allow as many kernels as will germinate, then grow for three or four days to compare the vigor. Reject all ears which do not show an even growth of the young plants and a germination of at least four out of the five kernels tested.

Wayne is going to have a ball club and suitable grounds. Here is what the Review says: A meeting of the stockholders in the Wayne Athletic Association was held Monday evening and the following elected directors for the first year: Geo. M. Stellwagen, Geo. C. Walker, Dr. John Marker, John Fitzgibbons, sr., Tom Lucking, Chas. V. Zimmerman. The association is incorporated. \$1000 has been raised wherewith to buy grounds, build fences, a grand stand and a quarter mile track. The ground will be fitted up in time for this season's games.

"Pneumonia's Deadly Work" had so seriously affected my right lung writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs. When all other remedies utterly fail you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by The Wolverine Drug Co. and John L. Gale. 50c and \$1. Trial bottle free.

PAVING MAIN STREET.

An Equitable Division of Expenses Between Property Owners and Village.

There was a full board present at the council meeting held last Monday evening. While other business was transacted, the meeting was primarily for the purpose of starting the movement for paving Main street from Ann Arbor street to the P. M. railway.

He asked the opinion of each individual trustee, Messrs. Patterson, Gayde, Pettigill and Fisher agreeing with him, while Trustee Bogert thought the property owners should pay 60 per cent and the village 40.

There are a number of residents along the street who are opposed to the paving improvement and are fighting against it. On the other hand there are also many other taxpayers who will vote "no" on the proposition because they believe their property will not be benefited in the same proportion as will directly the property on Main street.

President Bennett presented a closer estimate from Mr. Riggs, the engineer who was here two weeks ago, his figures on the total cost of the pavement being a trifle over \$16,000, with the street car track in. If the tax is divided equally between abutting property owners and the village at large, and taking the street car track out of \$16,000, the actual cost to property owners from Sutton street to the railroad will not, it is believed, exceed \$1.40 per front foot.

Resolved, That while we bow in humble submission to the dispensation of an all-wise Providence, we also mourn the loss of our departed comrade, whose memory we will ever cherish.

Resolved, That we shall never cease to appreciate the services rendered by our late comrade, who, at his country's call, left his home and friends to brave the dangers of camp and field, in order to sustain the flag and protect the Union.

village at large and 6 2/3 per cent by the property owners. Under this new arrangement the lot owners from Sutton street north will pay about \$1.83 per lineal front foot.

A special committee on lawn and sheds is planning to have the church sheds arranged more conveniently and the lawn filled in and graded in the very near future.

Resolutions by Ryder Post.

Whereas, It has pleased our great Captain to muster out of this earthly service our late comrade, Chauncey G. Brown, of Co. I, 21st regiment, and

Whereas, We, the surviving comrades, desire to express our sorrow at his demise and recognize his patriotism, comradeship and fidelity to the flag of our country; be it therefore

Resolved, That, while we bow in humble submission to the dispensation of an all-wise Providence, we also mourn the loss of our departed comrade, whose memory we will ever cherish.

Resolved, That we shall never cease to appreciate the services rendered by our late comrade, who, at his country's call, left his home and friends to brave the dangers of camp and field, in order to sustain the flag and protect the Union.

Resolved, That we hereby extend our condolence and sympathy to the family and dear friends of our deceased comrade in this, their deep affliction.

Resolved, That evidence of the foregoing be entered in the records of this Post and that a copy be furnished the family of our late comrade.
