### —LOYALTY—

Do you know what our goals are? Are you helping realize them?

COME ON NOW EVERYBODY! ALL TOGETHER!! Let us loyally assume our share of the task and discharge our duty in the work of the church. There is a task for everyone. Let everyone be at his task all the time.

Get in on this splendid program for our church and let us make the church a real asset to the community.

NO SHIRKERS ALLOWED. WE WANT WORKERS.

### TEN O'CLOCK

"Importance of Public Worship." A message for your consideration. The choir will have a message for you. Will you help make this service helpful by your presence and sympathetic interest.

CHURCH SCHOOL, 11:15 O'CLOCK. An organized agency for religious training. A class for you. Our goal is to increase every class. Will you help?

### SEVEN O'CLOCK

"New Sins of Society." Our goal is 100 attending this service for October. Will you be one? A special program of music and a brief interesting sermon by the pastor.

Trustee meeting Monday evening at 7:30 in the church. Girls Club meeting for organization Monday evening 7:00 at the church.

## ELECT BOARD OF DIRECTORS

STOCKHOLDERS OF THE PLYMOUTH HOME BUILDING ASSOCIATION ELECT NINE DIRECTORS AT MEETING HELD MONDAY NIGHT.

NEARLY FOUR HUNDRED AND FIFTY SHARES OF STOCK HAVE ALREADY BEEN SUBSCRIBED BY CITIZENS.

There was a fairly good attendance of citizens at the village hall, last Friday evening, for the purpose of organizing the Plymouth Home Building Association. W. J. Burrows acted as chairman, and W. R. Shaw, secretary. A number of citizens subscribed for stock, and the constitution and by-laws were read. The meeting adjourned to meet Monday evening of this week, for the purpose of electing a board of nine directors.

The meeting Monday evening was well attended. W. T. Conner acted as chairman, and W. R. Shaw as secretary. The constitution and by-laws of the association were adopted by the stockholders present, after which the nine directors were elected as follows:

For a term of three years—I. S. Park, W. R. Shaw and C. H. Bennett. For a term of two years—Evered Jolliffe, W. J. Burrows and Edward Gayde.

Until the first annual meeting in January—Claude Verkirk, William Sutherland and R. R. Parrott.

There will be a meeting of the board of directors in a few days for the election of a president, secretary and treasurer.

The association starts off most auspiciously, and there is every reason to believe that it will be most successful, and a great help in solving the housing proposition in Plymouth. At the time of going to press about 450 shares of stock have been subscribed. A canvas of the community will be made as soon as possible, and every citizen will be given an opportunity to become a stockholder.

The Plymouth Home Building Association is one of nearly a hundred organized under our state law in different cities in Michigan. It has no preferred stockholders, all members share in its management, and participate equally in its profits. There can be no question as to its benefits, individually to its members, and to the community at large. It will be a potent factor in making good citizens, inducing them to become thrifty and saving, and imbuing them with the desire of owning their homes. It will convert transients into tax-paying, law-abiding citizens. It will enable the young and careless to acquire the habit of saving, and earn sure profits for them on the same. The mechanic, laborer, salesman, clerk, tradesman, and all persons of small means can use it advantageously, and people of larger means will find it a safe and profitable investment. It is simple in operation, economical in management and reliably safe.

A Home Association, and purely co-operative, its benefits will be manifest, from both investments and loans. Its meetings are public and within easy reach of its members.

Shares are \$50 each, par value, and are issued at any time. Each share earns, matures, and is cancelled by itself, independent of all others, and matures as soon as payments and profits amount to \$50.

\$1.00 a week carries 10 shares, and these systematic savings are nearly doubled through the association. Stock can also be paid in full at any time.

A \$1000 borrowed on 20 shares at a cost of \$320 per week, (to pay debt and interest) builds a good home, the rental of which is about equal to the installment payments.

Small, regular deposits mean much. Many a man wishes himself rich, who is unwilling to take the first step toward wealth, namely to begin saving a small sum. Ben. Franklin once said: "The man who begins each day a penny less than he should will be rich." Money grows by dollars, and dollars mean home ownership and independent citizenship. If you have never saved anything, begin now. The association will help you. Daily save the association, it will help you. Daily save the association, it will help you.

## A GOOD BOOST FOR PLYMOUTH

THE DETROIT SUNDAY NEWS CONTAINED SOME SPLENDID PICTURES AND WRITE-UP OF PLYMOUTH.

The Detroit Sunday News rotogravure and feature sections, last Sunday, contained some splendid views of Plymouth, Northville and Redford. Pictures shown of Plymouth were the High school building, Main street, E. C. Hough's residence and the plant of the Daisy Mfg. Co. The pictures were splendid and the feature section will do much to advertise the many advantages Plymouth has to offer as an industrial and residence town. The article said in part:

"Northville, Redford and Plymouth, three villages almost on the doorstep of Detroit, are seeing visions of the future. Two, Northville and Plymouth, see an independent industrial expansion, fostered by their proximity to Detroit, but with no effect on their separate existence. Redford, on the other hand, is almost a residential suburb of Detroit, with no factories. Consequently most of its citizens are looking forward to its ultimate union with the big city, fast extending to its borders."

After giving a short sketch of Plymouth's early history and its development along industrial lines, the article further says: "But Plymouth is primarily a residential center, although it has been expanding industrially and will expand on a much larger scale soon. However, it does not want to sacrifice its village serenity for a mushroom growth. Plymouth citizens believe their village is destined to become another Pontiac. The town is willing that the quiet of its village streets should disappear for the stir of industry, but it wants to make provision for this development."

"The word that a large corporation is credited with having bought options on large portions of land adjacent to the Pere Marquette Railroad, near Plymouth, helps make the village still more confident of its future."

In its civic and educational life, Plymouth is striving to make itself worthy of the future. It adopted the commission and village manager form of government two years ago, it is in advance of most places of its size. It has a large and well equipped high school."

## HAMILL-TYLER

Miss Mildred Tyler, daughter of Mr. and Mrs. J. W. Tyler of this place, and Harry Hamill, son of Mr. and Mrs. W. Hamill, also of Plymouth, were quietly married at Charlevoix, Thursday, September 18. Mr. Hamill is an assistant engineer under Prof. Swinton of Ann Arbor, in highway construction at that place. He will have charge of the work upon Prof. Swinton's return to the University at Ann Arbor. At present they are residing in a cottage at Pine Point, near Charlevoix. Both were graduates of the 1916 class of the Plymouth High school, and have a host of friends here who extend congratulations and best wishes for a prosperous and happy wedded life.

## AN ALARM OF FIRE

An alarm of fire was given early last Monday afternoon when the barn at the rear of Frank Bailey's home on Mill street, was discovered on fire. The fire department quickly responded, but the upper story was completely destroyed. The cause of the fire is unknown. It is believed the loss is covered by insurance.

## ATTENTION, VETERANS OF FOREIGN SERVICE

There will be a meeting of the veterans of foreign service at the village hall, tonight, Friday, October 10, at 7:30 o'clock, for the purpose of organizing a Post of Veterans of Foreign Wars of America. Officers will be elected and refreshments will be served. All interested veterans of Detroit are expected to be present.

## A SAD DEATH

Little Marjory Shipley, the little year and a half old daughter of Mr. and Mrs. Thomas Shipley, passed away at their home on Adams avenue, Sunday, October 5th. The funeral was held from the family home, Tuesday afternoon at two o'clock, Rev. F. M. Field conducting the services. Six little girls acted as pall bearers. Burial in Riverside cemetery. Plymouth friends extend sympathy to the bereaved family.

## A PLEASANT EVENT

Last Friday evening the seniors of the Plymouth High school chaperoned by the teachers, pleasantly entertained about fifty members of the Freshmen class in the High school auditorium. Superintendent Smith gave an interesting talk to the young people and the presidents of the two classes, also addressed the company. Games and music furnished the entertainment and a buffet lunch was served.

## CRUMBIE-HOLLOWAY

Announcement has been made of the marriage of Miss Marguerite A. Holloway, only daughter of Mr. and Mrs. D. A. Holloway of this place, and M. Winston Crumie, eldest son of Mr. and Mrs. G. B. Crumie, also of Plymouth. The marriage was solemnized in Toledo, Ohio, October 1st. Mr. Crumie has just recently returned from overseas, and is now employed at Chambers' garage on South Main street. Both young people are well and favorably known here, and Plymouth friends extend best wishes for happiness and prosperity. Mr. and Mrs. Crumie will reside, for the present, with the latter's parents on Union street.

## SUPPER AND BAZAAR

The Helping Hand Society of King's Corners, will give a supper and bazaar at the home of Mr. and Mrs. Charles Jubenville, Saturday evening, October 11th. Come and get a good supper and enjoy yourself. There will be quilts, rugs, aprons and various articles of fancy work for sale. Bill for supper will be: Adults, 35c; children, 25c.

## DELPHIAN CHAPTER WILL MEET

There will be an open meeting of the Plymouth Delphian chapter at the home of Mrs. Cope, 274 Penniman avenue, Wednesday evening, October 15, at 7:00 o'clock. The Delphian work will be explained by the field secretary, and all who are interested in the Delphian study or would care to become members are cordially invited to attend.

**HOW ANIMALS TAKE BATH**

High Temperature of Birds is Given as a Reason for Their Frequent Ablutions.

Human beings pay a good deal of attention to washing, but animals under natural conditions seldom wash in the sense in which we understand the verb, remarks a writer in Our Dumb Animals. The contemporary press has come to the conclusion that, broadly speaking, the only creatures which wash themselves in water are the birds, and many of them—most, in fact—are absolute enthusiasts in the practice, as anyone can see, even in towns, in the case of the sparrow. Some birds, however, much prefer a shower bath to going into water and splashing it over themselves; pigeons love a bath in the rain, and larks and cockatoos seem only to bathe in this way. It might be suggested that the high temperature of birds, which about equals fever heat in man, accounts for this love of washing in water. The birds which do not bathe generally make up for it by dusting themselves. Everybody who keeps poultry knows, or ought to know, that one of the necessities of fowl life is the dust bath, and the custom of using dust instead of water extends to all the birds of the game and poultry family, while some few employ both dust and water, like the common sparrow.

**SPECIAL ATTRACTION**

DOUGLAS FAIRBANKS in "HIS MAJESTY, THE AMERICAN." Because he wanted to find his mother, he turned a kingdom topsy-turvy. Underlying all the sport and play in Douglas Fairbank's newest picture, "His Majesty, the American," is the longing of a man for the mother-love he has never known. And after all isn't this wholesome human thought, that is so typical of all Mr. Fairbanks' productions, one mighty good reason for their popularity and grip on the imaginations of normal human beings?

**POLICE FOR HOTEL PHONES.**

The big hotels have created a new job, writes the New York correspondent of the Cincinnati Commercial Tribune. It is known as telephone-booth watchman. More people lose valuables in telephone booths than any other place. In one hotel alone bags and purses with jewels and money worth more than \$45,000 were found in a single week. It is said that many times the women leave hotel booths in a state of agitation after a telephone conversation and have walked a block or so before they discover their loss. Perhaps two or three have used the booth by that time and unless an honest person finds whatever is left it is never recovered. Now each booth is given the once over by the watchman the instant anyone leaves and before anyone else enters.

**LITERARY CLUB**

**START NEW YEAR**

**THE FIRST MEETING OF THE WOMAN'S LITERARY CLUB WAS HELD AT SCHOOL BUILDING LAST FRIDAY WITH INTERESTING PROGRAM.**

The first meeting of the Woman's Literary Club, after the two months' summer vacation, was held in the Kindergarten room at the school building, last Friday afternoon, October 3rd. The meeting was called to order by the president, Mrs. C. H. Bennett, who addressed the club in a few words of welcome.

The business meeting followed, and at this time it was voted to send again this year a contribution to the Chicago Woman's Shelter Home, whose good work never ceases. Several new names were received into membership, both on the active and associate list. Mrs. Dan Murray was elected delegate to attend the annual meeting of the Michigan State Federation of Woman's Clubs, which will be held in Kalamazoo, October 14, 15 and 16.

Mrs. George Robinson was elected alternate. Mrs. Harry Shattuck was elected first vice president to fill vacancy, and a vacancy on the executive board was filled by Mrs. Hulda Knapp.

Your Most Profitable Vacation Day! was the response given to roll call, and at this time the club was asked to rise while the president paid a loving tribute to Mrs. O. A. Fraser, a charter member and devoted worker, who had departed this life since our last meeting. Mrs. Fraser will be greatly missed by the organization as she was always faithful in her attendance.

The program prepared by the first division was presented as follows:

Piano Solo. "Souvenir"—Miss Gladys Schradner.  
Talk. "Physical Features and Political Divisions of South America"—Mrs. Howard Brown.

Paper, "Origin and Character of the Races"—Mrs. Harry Shattuck, concluded the program. October 10th, the Woman's Club will give an informal reception to the teachers and members of the board of education at the home of Mrs. William S. Thomas on Main street. Each member of the club is privileged to invite one guest.

**Methodist Mention**

A two days' meeting for the Methodist churches of the Detroit East District, to be held at Central church, Pontiac, next Monday and Tuesday, October 13 and 14, is one of the first steps in the planning of the great evangelistic program for this year, which has as its objective the winning of one million new disciples of Christ in the next eight months. No program of so great magnitude was ever before proposed in the history of christianity. Plymouth's quota of conversions and accessions is seventy-five. Bishop Theodore S. Henderson will have charge of the meeting at Pontiac, next Monday, which opens at 9:30 a. m., and has for its theme, "The Evangelistic Program in the Local Church." Tuesday's program will be in charge of Dr. Guthrie of Chicago, general secretary of the Epworth League, and has for its theme, "Evangelism Among Young People." It is desired that all official members, Sunday-school officers and teachers, Epworth League officers and Unit leaders shall attend, and it is expected that several auto loads of people will be going from Plymouth. All interested should speak to Rev. Field about it. Free entertainment over night will be furnished those who remain over the two days.

Fifteen young people, among whom the young men predominated, met at the Methodist church, Tuesday evening, for the first session of a "Chum" class to study methods of personal character work. The text being used is Trumbull's "Taking Men Alive." The next meeting will be held at the home of Lloyd Lundy, 641 Dodge street.

Further explanation of the High school credit bible study class will be given at the Sunday-school session Sunday. B. J. Holcomb, High school coach, will teach the boys' class on a week night, and the High school girls' class will meet at 3:45, Friday afternoons, with C. R. Ross as teacher.

Mr. and Mrs. E. V. Jolliffe entertained the members of the Sunday-school board and a few other invited guests at their home, last Monday evening. Plans were made for a Rally Day in the Sunday-school, October 19th, when there will be a friendly rivalry among the classes to see which one can come the nearest to 100 per cent of their enrollment in attendance that day. Mrs. Henry Wright was chosen superintendent of the cradle roll department in place of Mrs. Edw. Smith, now of Detroit. The next meeting of the Sunday-school workers will be a pot-luck supper at the home of Mr. and Mrs. E. T. Cope on Penniman avenue.

The members of the home department were entertained at the church, Tuesday afternoon by the superintendent, Mrs. C. S. Sayles and Mrs. W. J. Stewart. A pot-luck supper was served.

The "harvest home" supper, which was to have been served at the church, tonight, by the October division of the Ladies' Aid society, has been postponed until the latter part of the month. Instead a bake sale will be held at the gas office, tomorrow afternoon.

The October meeting of the Ladies' Aid society will be held at the home of Mrs. G. H. Whitney on West Ann Arbor street, next Wednesday afternoon, October 16th. After the business session a social hour will be in charge of the third division members.

Next Sunday morning before the regular sermon, Rev. Field will tell a true Indian story for the special benefit of the boys and girls, and will give some historical facts of interest to the older folks. "The First Church Service Held in Michigan" is the topic.

The young women of the Sorosis Bible class had a pot-luck supper at the home of their teacher, Mrs. F. M. Field, Wednesday evening.

The Standard Bearer girls were entertained at the church, Wednesday evening, by their first meeting for the year. After the meeting, supper was served.

In the place of Rev. F. M. Field, who was ordered by his physician to leave town, Mrs. M. J. Gale, will be in charge of the program at the church, next Sunday afternoon. The program

was taken from the September number of the World Outlook, and was about Japanese life.

A good time for young people is planned by the Epworth League to occur at the Methodist church, this Friday evening. A short business meeting is scheduled for 7:00 o'clock, but will be followed by a fine program, including a short home talent play given by the young folks, besides other games and stunts. All young people are cordially invited.

The national meeting of the Woman's Home Missionary society is to be held in Central church, Detroit, all next week, with the best speakers and missionaries to furnish the program, and the pastor has succeeded in getting one of the speakers for the morning service, next Sunday. The name of the speaker could not be given at the time of writing, but one of national reputation can be expected.

A group of workers from the two churches met last Monday evening, for a conference relative to boys' and girls' work in the community. Plans were made after a thorough discussion of the matter to organize two groups, a boys' group with Professor Holcomb as leader and teacher, and a girls' group with Professor Ross as leader and teacher. Professor Ross plans to hold his group meeting during the period immediately after school hours on Friday. All High school girls are invited to join and take this course in Bible study for High school credit. It will be a most interesting course. Plans are in such a group and under such a teacher. Professor Holcomb plans to get the boys of the community grouped together next week and arrange for work and meetings. All the boys of the community are urged to join this group and co-operate with Mr. Holcomb in these plans.

Instead of the prayer service on Wednesday evening, Hon. Joseph G. Camp delivered a strong message on "America and the New World Order," which was enjoyed by a large audience. Mr. Camp is an orator of unusual merit and power, and his message was timely and interesting. Every citizen of Plymouth should have heard the message. The pastor will be away at Synod next Wednesday evening, October 22, at seven o'clock we will take up again our study on the "Social Teachings of Jesus." The subject for study and meditation will be what Jesus has to say to children. Fifteen minutes of music and song will be followed by study and discussion and prayer. Our goal for attendance during October is 50. Will you help realize this goal.

A pot-luck supper on Thursday evening preceded a conference by the officers and teachers of the Sunday-school on the problems and plans of the school. Plans were discussed and adopted for the re-organization of classes along the lines already outlined and started; and for the music and opening part of the service. The pastor outlined his desires and hopes for the school and urged the co-operation of all members in the realization of the goal set for the school. The primary department reported plans for carrying on their work with greater efficiency and the needs for equipment. It was determined to make every Sunday, Rally Day during October. Plans for the orchestra were discussed and adopted.

Next Sunday the pastor will discuss the subject, "The Importance of Public Worship," which is a continuation of the discussion that have occupied our attention the last few Sabbaths. You will be interested. The pastor expects every member to be present and encourage the attendance of friends and strangers. The music alone will be worth your coming and will help your worship. In the evening there will be a Community sing, followed by a short discussion of "The New Sins of Society." Our goal for the evening service is 100. That was a splendid response we had last Sabbath night. It was fine, but we can do better. Will you help make the attendance 100 and over. Come on now. All together! Let's go!

Monday evening the board of trustees will hold their regular session at 7:30. A number of important items will occupy the thought and consideration of the meeting and a full attendance is expected. The Girls' Club will meet on Monday evening at 7:00 o'clock for organization and the election of officers. All the girls of the church are invited to come and bring a friend with you. Plan to be on time so the work can start with a deal of enthusiasm.

Rev. Mr. Bicknell and possibly another from the church will be away most of next week attending Synod, which meets in Alma from Tuesday to Thursday. Mr. Bicknell hopes to bring a report to the Synod to the church on Sunday, the 19th.

A meeting of the men of the church is called for Friday evening, the 17th, for discussion of and planning for a banquet and social time for the church and to consider the advisability of forming a Men's Club in the church. The men be planning for this date.

### BIG GRAPE CROP IN MICHIGAN

Barrien and VanBuren are the great grape producing counties of Michigan. This year's crop in these two counties is estimated at about 3,500 cars, the heaviest on record excepting the 1911 crop, which was 3,600 cars. Arnous & Co. have a large grape juice factory operating at Mattewan, VanBuren county. Two grape juice factories are grinding at Lawton, one at Paw Paw. And there are a few more in the two districts. The growers realize about \$80 a ton, and vineyards this year produce two to four tons—Michigan Investor.

### SCHOOL NOTES

The second football game of the season was played at Dearborn, Friday, October 3rd. Dearborn made two touchdowns the first quarter and one the second and kicked goal. Neither side scored during the last half. The score was 19-0. The lineup for Plymouth was as follows: Right End, Miller; Right Tackle, Hill; Right Guard, Doust; Left Tackle, Doust; Left Guard, Doust; Left End, Clemens; Quarter, Freydt; Right Half, Freydt; Left Half, Wilcox; Full Back, Walker; Half Back, Wisley; Walker, Sockow. Although both teams were lax in defense, Plymouth seemed to have the better of the game.

The 9th grade sewing class have completed their bungalow aprons, this week. The children of the 6th grade have bought several fine plants to brighten their room. The 5th overflow geography class are starting map study for Europe. Doris Field, Ruth Hamilton and Margaret Schautele are still ahead in the spelling contest in the 3rd overflow room.

The board of education and the superintendent of the schools of Milan, Mich., visited our school, Tuesday, October 8th, carefully inspecting the plans and furnishings of our building, before putting on a building campaign in Milan.

The following children of the second grade received "A" in every subject for the month of September—Esther Field, Clarice Hamilton. Those receiving A's and B plus are: Allan Postiff, Avery Gates, Francis Learned, Marguerite Wood, Mary McGory, Madelan Shingleton. The following children have not been absent or tardy—Eileen Arthur, Kenneth Gust, Carrie Gorton, Edward Henry, Roger Hoffman, Charles Peck, Velda Larkins, Claud Rocker, Sarah White, Gilbert Williams, Allan Postiff.

The children of the first grade have begun a crusade against dirt and disease, by promising to brush their teeth and clean their fingers each morning before coming to school. Any effort on the part of the parents to help children to this care for their bodies will be appreciated.

The following children in Miss Russell's room have not been tardy or absent this month: William Brinkerhoff, Basil Cline, Gayland Doust, Dorothy Freiheit, Edwin Hadley, Alvina Lorenz, Erma Lorenz, Clare Lyke, Leslie Rowland, Warren Westfall, Arbutus Williams, Arvid Burden, Margaret Drews.

### OBITUARY

Frederick Gottschalk, whose death occurred Friday morning, October 3rd, was past sixty-one years of age, having been born June 30, 1858, Hamburg, Germany. He was his father's place, but when only a small child, he was brought to the United States of America by his parents, who settled in Wayne county, Michigan. Most of his life was spent in Livonia township, with the exception of a few years in Superior township, Washtenaw county, and the past ten years in the village of Plymouth.

On November 6, 1886, Mr. Gottschalk was united in marriage at Plymouth, Michigan, with Nettie Hughes, who passed away June 30, 1907. Only one child, a son, Harry, came into their home, and shortly after the mother's death, the father and son moved to Plymouth, where they have since lived together.

Mr. Gottschalk had been in failing health for several months before the end came, but his condition grew radically worse two days before his death, a stroke leaving him paralyzed and helpless, until his sufferings were ended early on Friday morning. The deceased was one of eight brothers and was the first of them to go, although one sister had died some years ago. The seven brothers and one sister surviving are: August, Herman, Charles, Frank, James and William, all of whom live in or near Plymouth; Louis Gottschalk of Detroit, and Mrs. Rika Beaubien.

Mr. Gottschalk was a member of the Woodman lodge. The funeral services were conducted from the home of his brother, William Gottschalk, Sunday, October 5th, and the burial was in Riverside cemetery. Rev. Frank M. Field officiated.

### Today's Reflections

When you see an editor who pleases everybody there'll be a glass plate over his face and he'll not be standing up.

No wonder some Plymouth men have sharp features; when you consider the high cost of living keeps their noses on the grindstone.

Sometimes we feel like it wouldn't be a bad idea if we'd all quit work, kick over the play house and starve to death in a bunch.

The world must be getting better. Next year is presidential year, and yet the candidates are silent.

As one Plymouth man said yesterday, when it comes to always being on time and keeping an appointment the bill collector is a huge success.

The sooner a man gets rid of the idea that he is cut out for a great political leader, the sooner he'll become a useful citizen.

It isn't always safe to judge a Plymouth man's knowledge of human nature by the opinion he has of himself.

We sometimes wonder if the place down below reserved for the profane is any hotter than the place for the fellow who takes his home paper from the postoffice a year and won't pay for it.

Ugly names applied to the Plymouth man who persists in speeding his auto is breath wasted. For even ugly names are too nice for such as he.

People who are looking for trouble are fortunate in one respect—they seldom meet with disappointment.

Nothing hurts a Plymouth woman more than to have a man tell her she is only a woman.

Washington officials say the cost of living has dropped for 13 states. Yes, and they can make this one the 14th if they want to.

Just suppose the ball players belonged to a labor union and the whistle blew while a fellow was running "home" from third base.

We've noticed that Plymouth still has a few citizens who just can't "foot" a bill without kicking.

The meat packers claim they are not making any profit, but do you recall one single meat packer in America who ever took the bankruptcy law?

If you are going to have an auction sale, you can increase the size of your crowd about half by advertising your sale in the Mail.

## Ford THE UNIVERSAL CAR

There are more than 3,000,000 Ford Cars in daily operation in America. This is a little better than half of all the motor cars in use in the country. There is a very potent and profitable reason in this why you should buy Ford cars for your business and for your personal use. It is a demonstrated fact that Ford cars have, in every line of human desire so far as motor cars are concerned, best satisfied their owners with the service given. They must be safe; they must be comfortable; they must be always reliable; they must be convenient and they must be economical, or they wouldn't be so tremendously popular with all classes of people. The big Ford Factory has not yet reached normal production, but the war is over, and it is getting back as fast as possible. We are getting a few cars in right along, and we will do the best possible to give you early delivery.

Runs about \$500; Touring Car, \$525; Coupe, \$750; Sedan, \$875; Truck Chassis, \$550. These prices are f. o. b. Detroit.

Leave your order with the following dealer and be assured of two things: First, the earliest possible delivery; Second, an after service that has the strongest commendation and endorsement of the Ford Motor Company as being reliable, satisfactory and economical service.

Michigan News Tersely Told

Niles—Niles' most unusual industry, the mushroom plant, is now in full operation. Potoskey—Joseph Gunderson died as a result of injuries suffered when he fell from a lightship at Lansing Shoals.

Monroe—Seven persons, said to be residents of Detroit, were each fined \$16 here, charged with disturbing ducks at sunset. Albion—Lewis Raether went to Fort Wayne for a visit, left his automobile with six other cars in front of a theater. All seven were taken by thieves.

Bay City—Lawrence Shanks, 25 years old, caught his hand in a concrete mixer and before the machinery could be stopped his arm was pulled in. Coldwater—While Mrs. John Vogie was getting breakfast, a ball of lightning ran down the electric light wire and struck the floor four feet from her. She was unharmed.

Ann Arbor—Charles McAuliffe, 91 years old, one of the men who helped build the Detroit-Milwaukee railroad, is dead here. His body was taken to his old home in St. Johns for burial. Hillsdale—Robert King, a Negro, arrested by a New York Central detective as he was attempting to steal a ride, was sentenced to 65 days in the Detroit house of correction for vagrancy.

Flint—While playing in a sewer trench after school Leonard Bear, aged 5, was crushed to death when the walls caved. Three playmates were also caught in the cave-in, but were rescued. Northville—Apoplexy which overcame him while he was driving his automobile, proved fatal to Jesse Clark 64 years old, for five years construction superintendent for the Wayne County road commission.

Jackson—Fifty-three new inmates have been received at Jackson prison during the past month, the highest in several years. It is expected that the number will be materially increased by the time the Wayne county list is received. Iron Mountain—James G. Benson, of Otonagon, 38 years old, brakeman on the St. Paul railroad, was instantly killed at Amasa while turning a switch. He slipped and fell under the wheels of a moving train. His head was severed.

Big Rapids—Ed Simon, living near Mecosta, has been run down on the same road three times by automobiles. The last time he was thrown over the back of the horse he was driving. The carriage was smashed and he was bruised. Port Huron—Because he had an honorable discharge from the Army, which commended high character, Judge E. F. Law has released Leland Dexter, alias Henry Allery, arrested in Detroit while trying to sell an automobile he had stolen in this city.

Bay City—In an effort to supply the demand for homes here, the Bay City Board of Commerce has appealed to owners of beach cottages to aid by renting them for the winter. If enough cottages are obtained, arrangements will be made to procure regular street car service. Holland—Fire which was started by spontaneous combustion destroyed the main factory building of the Holland Aniline Dye Works. Firemen saved the offices, ice and engine buildings, but the loss is estimated at \$150,000. The heads of the company announce that they will rebuild at once.

Ann Arbor—Ground has been broken for the new \$1,000,000 University of Michigan hospital. It is estimated that from 25,000 to 30,000 yards of earth will have to be excavated from the site, and that it will take three months to complete the excavation alone. The area of the building is roughly estimated at two city blocks. Muskegon—Howard F. Managan, returned soldier, used his uniform to take liquor away from bootleggers at the Crosby boat dock by saying he was a member of the state constabulary, the police declare. He had gone no farther than the end of the dock, however, when he was met and searched by two local police officers, who arrested him. He was sent to jail in default of \$500 bail.

Cheboygan—The August police record shows more drinks than the 16 months previous or since the state went dry. Kalamazoo—Nick Pravidka, an employe in the Kalamazoo Rolling Mills, was killed when his head was crushed between rollers.

Kalamazoo—Joe Cikmadij, "King of the Hungarians", was found guilty of assaulting Mrs. Pearl Vine with a deadly weapon. The jury was out 90 minutes. Charlotte—The Ford of Barney Clapper, Morrell merchant, turned over when a rear wheel came off, pinning Mr. Clapper under it and badly injuring his wife.

Pontiac—Charles Groat, 64, formerly a horse trader at Morrice, hanged himself in his room at the Pontiac state hospital where he had been a patient for but three days. Cheboygan—Accidental discharge of a gun blew a large gap in the rowboat of William Trade, Harry Clune and John McPhae on Mullet Lake. Assistance saved them.

St Ignace—Frank Santile and Alex Jacques, each charged with burglarizing homes, pleaded guilty and were sentenced to three years in the Michigan Reformatory at Ionia. Manistee—The big department store of E. J. Kingscott, the village postoffice and the Masonic hall were burned and several buildings damaged when fire swept a whole business block in Bear Lake.

Coldwater—For shooting squirrels because, he said, his wife couldn't eat anything but squirrel meat, Albert Otis, grocer, was given \$75 fine and costs. The heavy penalty was imposed because he fought officers who arrested him. Kalamazoo—The first outbreak of influenza here this fall has been reported to the city health department, which issued an appeal that individual towels should be used and no person should sneeze or cough, especially in company.

Albion—Miss Martha Gross, with a salary of \$1,000 a year, as (Albion County stenographer, went to Oklahoma for a visit. She was offered the same kind of a position at a salary of \$1,500 and wired back that she would not be back from her vacation. Ann Arbor—Lee Jim, Chinese restaurant owner, pleaded guilty to a charge of contributing to the delinquency of Corrius Black, 15 years old, was sentenced to 90 days in the Detroit House of Correction and fined \$100. The girl worked for him as a waitress.

Iron Mountain—Harry E. Farrand, of Lansing, who pleaded guilty in circuit court here to bigamy, was sentenced to serve from one to five years in Marquette prison. The court recommended one year. He was given clemency on account of his wife and child at Lansing. Farrand married a young lady of Norway recently. Constantine—Miss Belle Drummler, 14 years old, was seriously injured at the St. Joseph County Fair at Centerville, while attempting to cross the race track while a horse race was in progress. She was hit by a sulky while hundreds looked on, sustaining a broken leg and serious injuries to her head and arms.

Cheboygan—Orders received here discontinue mail service to points on Bois Blanc Island October 15. For many years there were four postoffices there. Walkers Point, Point Aux Pins Bois Blanc station and Sand Bay. Under the new routing Point Aux Pins alone remains, and will receive mail only when the postmaster sees fit to send to Cheboygan for it. Pontiac—When the case of Oscar Dickinson, accused of theft of hides from the Pontiac Packing company, was called in municipal court it was learned that Dickinson had already been sentenced to from seven to 10 years in prison in the Lenawee circuit court. He was out on bail from the local court and was arrested at Adrian recently on a charge of theft of a quantity of illicit whisky from the jail there.

Pontiac—Automobile thieves broke into the store of the Cook Mercantile Co., at Farmington, and loaded shoes and other goods estimated worth \$1,500. Oakland County officers called reported the marks left by the burglars would indicate that they belong to the same band that has been robbing country stores throughout this section of the state. Loss in these robberies is now estimated to total \$50,000. Lawton—This staid little village was stirred when a stranger left a suitcase in a restaurant. The proprietor called the marshal who carried the traveling bag with a supposed internal machine to an abandoned salt house, where it was left to blow itself to pieces. When the owner came to claim his property he was met by a deputy sheriff. The machinery proved to be a set of mechanics' tools.

Kalamazoo—Kalamazoo's women juries have started out to be as lenient with men as male juries have been with women who pleaded guilty. It took the county's first woman jury only 11 minutes to find Joseph Johnston not guilty of deserting his wife. The second woman jury returned a verdict of not guilty, in the case of Eugene Gingles, charged with assault. Mrs. Habel Balch, wife of former Mayor James B. Balch, was the forewoman of the jury in each case. Monroe—Edward Stewart, 35 years old Monroe farmer, was injured when the wheel on which he was riding was struck by an automobile on the State Highway between Detroit and Monroe. Stewart had approached the automobile but was not able to get out of its way.

"CARRY ON"! If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced?

Spelling Her Case. Teacher was warning to her student, and laying down her book, said: "Now you all understand that the trunk is the middle part of the body, don't you?" "Yes, ma'am," chorused the class, with one exception.

BROUGHT HIM BACK TO EARTH Liberal Suggestion Made by Old Souze Was Not Exactly the Answer Orator Desired.

The Literary society was meeting in Odd Fellows' hall. Rev. Josiah Dobson presided. Hon. James Rolivar McHenry, the noted orator from the adjoining county, was speaking on "The Pence Table," and the audience was rapt in respectful attention.

Temperature and Moods. In a demonstration at the London Royal Institution of the effects of sudden changes of temperature on various materials, Prof. C. H. Lea showed that iron and marble could be removed from low temperature to 630 degrees Fahrenheit, and changed back from heat to cold without cracking. Quartz was shattered, though silica glass was unaffected.

Everybody knows what a difference a few buyers will make, and there are never too many. The better your advertising is done the better the results. The Mail is ready to help you get results.

**TEARING DOWN THE OLD HOME**

Mr. and Mrs. Frank Loomis arrived in the city, Monday, and will remain here four weeks. Mr. Loomis owns a good ten-room dwelling at the corner of Second and Crowley streets, which he has offered for the small sum of \$500. Not getting a buyer he is at work tearing the building down and will take the lumber to Plymouth, Mich., where he has bought a good lot and later will erect a fine home for himself and wife. The house here is equipped with electric lights and other modern improvements and surely, at the price held for the structure, there should have been a bidder for it. There is a large lot and it is in a good location. However, Mr. Loomis having been at Plymouth for some years, where he has a good position, will make that city his future abiding place.—Mason County Enterprise, Scottville, Mich.

**ITEMS GATHERED HERE AND THERE THAT WILL BE OF INTEREST TO OUR READERS.**  
 It is estimated that the University of Michigan will have a registration of 10,000 students this year.  
 The Apex Motor Company of Detroit, will locate in Ypsilanti. Work on the new factory buildings will be started at once.  
 Belleville citizens voted 244 to 14 in favor of bonding the village for a system of waterworks. Work on the new improvement will commence at once.  
 A five hundred thousand dollar corporation is being formed at Ypsilanti to build houses necessary to care for those desiring to locate in that city.  
 The Howell Building & Loan Association has been formed at Howell, with a capital stock of \$25,000. The company will start work at once on twenty houses.  
 Since the \$4,000 burglary operations in Oxford recently, the two banks there have completed the installation of a first-class burglar alarm system, which not only makes big noises at the vaults are monkeyed with, but has electric buttons handy all over the place so that any employe can instantly set the big outside gong going if a daylight robbery should be attempted.  
 George W. Rider of Farmington, and a former resident of Plymouth, died at his home in that village, last week Monday. Mr. Rider was born in Salem township. In early years he moved to a farm in Plymouth township, where he grew to manhood, and remained there until 1898, when he moved to Northville and entered the employ of the D. U. R. He leaves a wife and two children.  
 Approximately \$2,000 has been offered so far as a reward for arrest and conviction and information, which will lead to recovery of goods stolen by the gang of burglars operating in this and adjoining counties. Of this amount it is understood the county will pay \$500. With the reward offered by other counties, it is estimated that the party apprehending the thieves will get close to \$5,000 for the effort.—South Lyon Herald.  
 Prosecuting Attorney Jacob Fahrner has notified the dealers in firearms that no revolver can be sold without a written permit for the purchase. A stiff penalty is provided for violation of the law regarding the sale of firearms. Permits for the purchase of revolvers can be secured from the chiefs of police in Ann Arbor and Ypsilanti by residents of these cities, while residents from other parts of the county must secure a permit from the sheriff.—Saline Observer.  
 Mrs. E. M. Gray of New Hudson, says the only thing farmers in her vicinity can do on Sunday is to watch with a shot gun and drive away autoists from Pontiac and Detroit, who are bent on carting away their produce. "Last Sunday," she says, "one truck load of Detroit people would stop at a farm and take everything available, even to digging potatoes and catching chickens. One farmer drove away 16 autos containing people who thought they had a perfect right to take hickory nuts because they grew near the road. What is to be done," Mrs. Gray demands, "if this thing continues?"—Pontiac Daily Press.  
 Burglars with moving vans or trucks are becoming mighty numerous in the smaller towns of Michigan of late. During the past two weeks, burglaries have been pulled off in several of the neighboring towns with the losses running up into the thousands. The greater number of these thefts seem to occur within short distances of Detroit or Toledo. The village of Brookline, over in Jackson county, has organized to combat these night raiders. The business men will install a system of alarms in about twenty-five places, including the bank, and an alarm in any one of these places will ring in all, and even in cutting off the wires will set off the alarms. Each member pledges himself to be ready at all times, day or night, with a shot gun loaded with buck-shot.  
 Redford has visions of doubling her population in the near future. The Redford Record in an article last week had the following to say in part: "With a street railway within three miles of Redford's corporation limits; with a great area of livestock yards and railway housings, the same distance away in another direction; with the possibility—believed to be an absolute certainty by a great many—of street railway service from the Chicago Road (Michigan avenue, north to Redford and beyond; with an immense tract touching our village limits on the southeast, developed as a municipal aviation and governmental postal station, to say nothing of the attractive residential opportunities there available, it would be the apex of imbecility to adopt and practice a policy of penuriosity and short sightedness in the matter of public improvements for our village."

**Re-Created Music Is Music Plus Personality**

**T**HE music of a great artist thrills and stirs us, where the same music rendered by another may leave us utterly cold—  
**Because—**  
 Into his music the true artist has woven his whole soul—has made his music the expression of his Personality—made it a living thing.  
 And right there is the distinction between the *New Edison* and all other phonographs.  
 The genius of Thomas A. Edison has caught the music *plus* the Personality of the artist. It is wonderful. It is true music *Re-Creation*.  
 Close your eyes when listening to the *New Edison* and it is the living artist you hear. The artist *himself* speaking through music.  
**Music plus personality!** Such music The *New Edison* and *only* The *New Edison* gives you.  
 Without Personality music is mere sound. With it, music is something vital that strikes at one's very depths, sum-

moning memories, hopes long buried, and tender feelings. That is what music with Personality means, and that is the music the *New Edison* gives you.  
 If you delight in beautiful furniture, then by all means see the charming exhibit of *New Edison* Period Cabinets. It includes Sheraton, Jacobean, Chippendale, William and Mary and Eighteenth Century English Cabinets illustrative of the very finest examples of the craftsmanship of these golden ages of furniture designing.  
 Miss Elsie De Wolfe, America's foremost interior decorator, after examining this new line of *Edison* Period Cabinets volunteered this unqualified endorsement of them:  
 "The Period Cabinets which Mr. Edison has adopted are in pleasant contrast to the rather grotesque cases one so frequently sees. From the characteristically diminutive and graceful Hepplewhite to the costly replicas of historical pieces, the superior furniture value of the *Edison* cabinets can scarcely fail to impress the lover of good furniture."  
 So come in today. See these beautiful new cabinets. Hear the marvelous music *Re-Creations* of the *New Edison*. Both will delight you. Come—*today*.

**CLASSES FOR HIGH SCHOOL CREDIT.**  
 The Plymouth school and churches are falling into line with those of the most progressive cities in providing an opportunity for the High School students to study the English Bible under competent instruction, and receive credit toward graduation the same as for any other work in the curriculum.  
 A class for High school boys will meet a week night under the leadership of B. J. Holcomb, the High School coach, and a number of the young men are very much interested in the project.  
 The class for High school girls will be held at 3:45, probably on Friday afternoons. C. R. Ross will be the instructor.  
 The pastors and Sunday-school leaders are co-operating in this movement, it being planned at first to have separate classes in each Sunday-school, but it was finally decided that more students might receive the benefits of the course by union classes during the week.
