Let Music Brighten the Lives of Your Children

After all, it's not the school training but the home atmosphere which molds the child. Children brought up in a cultured home betray that fact during their entire lives. It leaves a lasting imprint.

A home with any claim to culture is a home in which good music is enjoyed and understood. A child whose interest in music is fostered will become a man or woman who possesses a resource which means for lasting happiness.

You want to give your children every advantage. That is just one reason why you want

MALLORY HATS

FOR SPRING

No man by preference wears dingy, discolored, dilapidated hats. If you could tell in advance you'd always buy the hat that will keep its looks the longest. The expert can tell, but the average buyer can't. Well, here's an idea. Assuming that you're going to buy the hat from a dependable store—say this one—try paying **JUST ONE DOLLAR MORE** for the hat than you generally pay. If you usually pay \$4.00 pay \$5.00; if \$5.00 pay \$6.00 this time. See if the extra dollar doesn't buy at least \$2.00 extra wear! We say it will. Who's going to challenge us?

COMMUNITY NIGHT POPULAR

WEEKLY MOVIE PROGRAMS AT METHODIST CHURCH PLEASE MANY.

The plan of a weekly "Community Night" when the church keeps "open house" for all who will come and enjoy its hospitality, and entertain them with the best of selected moving pictures, is proving to be a delightful feature of the service which the local Methodist church is trying to render the community. Although this new venture was begun only three weeks ago, already, those availing themselves of this privilege have nearly filled the church.

The Judge Brown pictures of real boy life have proven very popular with the boys and all those interested in boys, and the fine manly moral suggestions in each picture make them very fine for church programs. The "Little Mary McAllister" pictures have also been much enjoyed, and the folks are asking for more of them.

This week a patriotic feature in which Paul Kelley has the leading role, was shown, a story of the U. S. Marines, called "The Star Spangled Banner."

For next week Thursday, March 20th, Mr. Field has secured a "Bobbie Marie Osborne" picture, entitled "Dolly's Vacation," a five reel feature which was shown at the Pennington Allen theatre several weeks ago. Little Miss Osborne, otherwise known as "Little Mary Sunshine" is at her best in this picture, with her winning ways, together with the lively fun provided by the little colored boy and his big, black "mammy."

The picture program begins at 8 o'clock each Thursday evening.

THE ANNUAL VILLAGE ELECTION

The annual village election took place, Monday, and was a very quiet affair. Only 300 votes were cast, which considering the fact that 221 women voters registered previous to election, was way below the normal vote on other village elections. Only 74 ladies took advantage of their right to vote, Monday. The following is the vote given each candidate:

W. T. Conner	151
R. R. Deppert	141
George Robinson	86
Edward E. Foster	78
Arthur W. Jones	77

The first three candidates were elected as commissioners for the ensuing year.

DELPHIANS MEET

The Plymouth Chapter held its first regular meeting at the High school on Wednesday evening, March 13th, with a large attendance. The subject under discussion was the principles and objectives of the Order of the Delphians. The first meeting was held at the High school on Wednesday, March 13th, at 7:30 p. m. The subject under discussion will be "The Order of the Delphians." The first meeting was held at the High school on Wednesday, March 13th, at 7:30 p. m. DEMOCRAT CAUCUS

DRY MASS MEETING VILLAGE HALL, TONIGHT

ALL VOTERS ARE URGED TO ATTEND.

A meeting of all voters, both men and women, who are interested in the defeat of the so-called Beer and Wine amendment, is called for tonight, Friday, at 7:30 o'clock in the village hall. Voters from both the village and township of Plymouth are urged to be present. Mr. Stovall of the County Dry organization was in town Wednesday of this week and reports that the dry folks are getting busy in the city and every township and precinct must be organized if the saloon amendment is defeated.

SCHUMAN QUINTET HERE NEXT TUESDAY

SPECIAL NUMBER IN PLACE OF SALA CO. ON CITIZENS' LYCEUM COURSE.

On next Tuesday evening, March 18th, a special number on the Citizen's Lyceum course, not announced on the season programs, will be given in Plymouth, a popular musical concert by the Schuman Quintet.

The Schumans, with their variety of instruments and a varied program, which has made them very popular this season, will take the place on the program which could not be filled by Antonio Sala, the Spanish cellist, on account of the influenza he last fall.

The local committee feel that the Redpath bureau has dealt very generously with them, for technically the bureau could not be held for the extra number, inasmuch as the failure of Sala to appear here was not their fault, but due to local conditions, but the bureau is sending us one of their best companies, a program selling at \$125.

The general consensus of opinion has raised very high the lyric number this winter, and every time someone has been heard to say, "That was worth the price of a season ticket." The Redpath people promise that the Schuman Quintet, who are to be here next Tuesday evening, are second to none.

The last number on the course will be "The Woodland Singers" on April 14th.

MASONIC LODGE ENTERTAINS DETROITERS

Plymouth Rock Lodge, No. 47, F. & A. M., held a special meeting last Friday evening at which about two hundred members of that fraternity attended. A special car on the D. U. R. brought out about sixty brethren from Detroit, the greater number of whom were members of University Lodge, of which Wirt Lee, formerly of this village, is Master.

A fine banquet was served in the dining room of the Hotel de France, which was given by the members of the University Lodge, of which Wirt Lee, formerly of this village, is Master.

After the feast, the brethren repaired to the banquet hall, where they listened to an address given by Capt. Pillsbury of Detroit, who told of his experiences as a captain with the Canadian troops in the great war in France. Short talks were made by other officers, which University Lodge members, the third degree, were permitted to hear. The evening closed with their special song, a solo song, and singing the local lodge regalia, etc.

TWO VOTING PRECINCTS THIS SPRING

In accordance with the action of the township board recently, Plymouth township will have two voting precincts at the coming election on April 7th. The township has been divided as follows. That portion of the township lying west of the Pere Marquette R. R. shall be known as precinct No. 1, and that portion lying east of the Pere Marquette R. R. shall be known as precinct No. 2. The voting place for precinct No. 1, will be at the village hall, while that for precinct No. 2 will be in the hall over the Beyer Pharmacy. Voters will please bear this in mind on election day.

REPUBLICAN CAUCUS

A Republican caucus will be held at the village hall, tomorrow, Saturday afternoon, at 2:00 o'clock for the purpose of placing in nomination a township ticket. Supervisor W. T. Reddenbury, who has served the township most efficiently for several years past, has decided not to be a candidate for the office again this spring. We have heard no names mentioned as possible candidates for the supervisorship, and there is considerable speculation as to who will head the ticket. It is very likely that there will be one or more women candidates for township offices on the ticket to be nominated tomorrow.

THE POOREST ONE YET

We know it will sound ridiculous to you, but we want to tell you that we have found one man who gives an excuse for not taking our paper, the belief that "the subscription price is too high." And of all the excuses we've encountered that is the poorest one yet.

Can you imagine the Plymouth man so venacious that he wouldn't give a few pennies—less than a nickel a week—to keep abreast of the times; to know what is going on around him and in the world at large; to care enough for the town and community to support an institution that is consistently and earnestly boosting it? We do not believe there is printed in the United States today a weekly newspaper that is not worth at least five cents a week to any man living in the community in which it is printed. If it came out blank, and without a word of reading on it, it would be worth practically that much at the present price of white paper, if a man did nothing else but use it for pipe lighters.

But every paper printed contains not one but dozens of items worth more than the price asked for it. And the satisfaction of knowing that if something does happen you're going to be sure of hearing about it is in itself worth something. No sane man or woman wants to walk about in a community ignorant of what is transpiring about them or what is taking place in the great world in which he lives. There are however, still a few content to go through life as ignorant as when they came into it. And the man who thinks a few pennies—less than a nickel a week—is too much to pay for a paper is one of them.

Mrs. H. D. Peters of Livonia township, has received a much prized souvenir of the great war, from her son, Grover C. Peters of the 388th Field Artillery, now in France, in the shape of a brass shell 14 inches long and three inches in diameter, fashioned into a handsome vase. On one side there appears the word Metz, and on the other side there appears the American and French flags and the figures 1918. It is a very artistic piece of work. The vase is now on display in the show window of A. H. Dibble & Son's store.

WALTER RIGGS

Physical relatives received the sad news Wednesday morning of the death of Mrs. Walter Riggs, which occurred at her home at Reed City, Mich. Tuesday evening. Mrs. Riggs was ill only a few days. Word came the first of the week telling of her severe illness, and that an immediate operation was necessary. Word was again received Tuesday night saying that she had undergone an operation, and little hopes were entertained for her recovery. Wednesday morning the news of her death was received. The deceased was a bride of less than a year, and will be remembered as Miss Sadie Hughes, daughter of Mrs. Herbert Hughes of Waterford, and sister of Mrs. Charles Waterman of Waterford, and Mrs. Frank McGraw of this place. Mr. Riggs was a former Plymouth boy and brother of E. L. and Eugene Riggs. Plymouth friends deeply sympathize with the family in their bereavement.

Mr. and Mrs. Charles Waterman and Mr. and Mrs. Frank McGraw left Wednesday for Reed City. Mrs. Hughes was called there the first of the week.

A PLEASANT SURPRISE

A pleasant surprise awaited Adam McCully and Vincent Hoessel, last Friday evening, when over forty friends and neighbors arrived at their home, and the evening was pleasantly spent in playing various games. The prize winners were: Mr. and Mrs. E. Smith, Mrs. Weed, Otto Pritskow and Fred Sockow.

Today's Reflections

When we consider the price of meat, we have to agree that Mary was pretty lucky, even if she only had a little lamb.

The Plymouth man who understands a lease before he signs it has got something on the landlord to start with.

A lot of major-generals have been reduced to colonels, but most of the second-lieutenants are back clerking in the stores.

Returning from a visit to a nearby city, one Plymouth woman said yesterday she noticed that silk stockings cover a multitude of shins.

It has always been our observation that the fellow who pays the rent does not always rule the roost.

It won't be long now until the man who doesn't drink a drop will have one thing less to brag about.

A few cents further in its downward course, and Plymouth man can tell which side of the bread his butter is on without having to rub it on his coat sleeve.

Any nation that can send two million soldiers abroad in record time ought to be able to ship 7,000 anarchists across without missing any of them for very long.

There wouldn't be a single tear shed in Plymouth, if the drop in egg prices broke every cold storage speculator in Chicago.

Our idea of wasting time is to tell a fellow something you read in the home paper three days before, and then hear him say: "Is that so?"

They may be crazy in Germany, but we notice the fellows back of their new governments had sense enough not to send Bernhardt to sit with the American peace delegates.

We heard one Plymouth man say yesterday, he was going to take to speaking to his wife every time he sat down at the stove, since he doesn't seem to be able to get a word in at home.

They're charging \$3 a cup for milk in Russia, and here we've been thinking all the time that there were no rednecks outside of the United States.

And in the years to come we hope to be able to stand right here in Plymouth and say of the League of Nations: "It kept us out of war."

Helping the Bolsheviks across the sea is the proper thing. The place where the money is there of first demand will win.

Thinking that will never happen because with Plymouth with all its possibilities can be managed with...

St. Patrick's Day Souvenirs Given Away

Special Feature—Bessie Barriscale in the "ROSE O' PARADISE." "Rose O' Paradise" is a happier "Ten" come to life again. The same squatter shacks are here, and in the background is Lake Cayuga, grim and solemn, like the inhabitants of Canada and the marsh lands of the North. The squatters of "The Five Finger Lakes" live a life that is spent in hunting, trapping and fishing.

J. W. Kerrigan in "THE DRIFTERS." "The Drifters" tells the story of three men of strangely different tastes, companion prisoners in the snows just under the Arctic Circle. The author has woven an absorbing story about these three characters in which an air of mystery has been developed in an ingenious manner. It is a stirring, gripping story of red-blooded men who brave the perils of the snow regions while delving for gold, and of a frail girl driven thither by a relentless purpose.

Presbyterian Notes

A very neat and attractive folder was found in the pews of the Presbyterian church, Sunday morning, which set forth something of the program of the church in the big New Era Movement of the church. An appealing invitation was presented to all to attend, to take part and enjoy the services of the church. The theme of the month is "Stewardship" and the congregation is making it a Go-To-Church month. The pastor has announced a series of sermons on Stewardship, anticipating the meeting of the large quota for benevolence in the New Era program. The directory of officers was also given on the last page of the folder. They were very popular. The pastor is taking a membership enrollment every Sunday of this month to secure as far as possible the names of all attending and members of the church and all prospective members and those interested.

HOOVER says we must export 20 million tons of food this year—nearly twice last year's record. You can sell in this foreign market—get good prices—serve the world—if you plan your operations right.

Good stock, good implements and good improvements are the big need. Of labor there'll be plenty, but still high in price, and you'll need to save the hours now wasted in a poorly built or badly equipped stable, hog house or shed.

You'll save loss by weather and rats by overhauling or rebuilding corn crib and granary and by making certain that your roofs are tight.

Plan Spring Building Now

Now is the time. Later you will be too busy with plowing to give much thought to building plans. That will be the time for action—not thinking. Do that part now.

GOOD LABOR GOES TO BEST IMPROVED FARMS. You want reliable help. The work of your men will be easier, cleaner and pleasanter. They will be more willing to stay with you all year long, regardless of what the city factory offers to pay.

Cost Will Come Back Quickly

Building costs may go higher. War kept back so much building that, with the opening of spring, all construction will probably be active. This may mean difficulty in getting materials even at today's prices. We can sell you materials now, for delivery at once or in the spring, at today's prices and probably save you money.

Look over your plant, decide what must be rebuilt and let us talk it over. We'll help you plan and give you estimates of cost. Our long experience in building work should help you to get what you want at least cost.

Ask Your Wife About that New Chicken House

If she has been losing money this winter because the hens laid few eggs in the old, wet, drafty hen house, plan to get big egg money by building a modern house.

New Barns for Old

If you're to grow bigger crops and increase your herd your barn and stable may be too small. If they were built years ago, before modern equipment and modern designs were developed, it may pay to tear down the old and rebuild right. You can save labor by a modern design. You can produce better milk in a modern stable. You can keep horses healthier in well lighted, airy stalls.

FROM OUR BOYS

The following letter is from Howard Johnson, son of Mr. and Mrs. C. E. Johnson and a grandson of C. E. Maynard of this place.

Pleikhausen, Germany, February 7, 1919.

Dear Folks:

Will write a few lines to say that two careloads of our mail burned up at Coblenz, so we are out of luck for mail for a few days.

I must tell you about the association we are organizing. It is called the 125th Infantry association. We are signing up for it now. It includes everybody who has belonged to the 125th regiment. There have been between six and seven thousand men in the regiment, since we were organized into the 125th from the old 31st Michigan, so I think we will have a little organization. It is to be the same as the C. A. R., to have reunions and parades, etc. I think myself it will be pretty nice that we can all get together once in a while. Say five years from now, and talk over old times. About that money I said I was going to send home, I have deposited it with the quartermaster's department. I cannot draw it till I get my discharge and final statement. It is the same as a bank. I have the book and all I have to do is to present the book with my service record to draw the final statement and get it all in a bunch. I put in \$150. I guess that will buy a new suit all right. I might be able to add a little more later on—hope so anyway. Let me know about the allotment—if you are getting it and how much you are getting, because if my papers are not right it will hold me up on my discharge. Everything has got to be straight or will be held over until it is. I am still acting first sergeant. Have not heard any more about leaving lately. The last we heard we were to sail toward the Rhine to some seaport toward Holland. Hope we do go that way. We have had a few days of pretty cold weather here. This morning the snow stopped a little. This is the first cold weather I have seen here, but I guess it won't last very long. Half of the company was on the rifle range all this week, the other half goes on next week. I go out there to see what I can do for myself. I think I can hit the target.

Well, I guess I will close, as I cannot think of anything more to write.

Love to all,
HOWARD JOHNSON,
Co. E, 125th Infantry,

FOLEY'S HONEY AND TAR
 A MOTHER wants to be sure and certain that the medicine she gives her child is safe. She wants to epilate or habit-forming drugs. She wants a medicine that she knows other mothers have used with satisfaction and success.
 Mothers Command Foley's Such a family cough and cold remedy is Foley's Honey and Tar Compound. It meets squarely and satisfactorily every demand a mother can make as to purity and wholesomeness. It is clearly made of the very best ingredients which she would use herself if she could always get them in a clean and pure condition.
 When she insists on Foley's Honey and Tar she gets at a moderate price (less than she would pay if she bought the ingredients at retail) and mixed them herself) a standard medicine that has been used successfully in thousands of homes for many years—a medicine that experience proves is the best she can buy.
Safest For Children
 Mothers who insist on using Foley's in their homes will soon find it an excellent remedy for their children. It is so good and so safe that it can be used for the most delicate stomach. It is so pleasant to the taste and so easy to give that it is the family medicine chest of every mother who really knows her child.

Spring Suits and Top Coats
 We are making an early showing of 1919
 This spring there are many interesting style changes. Now that the war is over men and young men are thinking about style, so it's only natural that there should be many new developments. They are all here; in suits, overcoats, hats, and everything else that men wear. Everything as high in quality as we can get it and as low in price as we can make it. You're invited to come and see for yourself.
