HELP THE MOTHERS

The mother who teaches her children to pray and to read the Bible makes the largest impress on her generation. Modern methods of feeding, of discipline and play are useful, but unless education is built upon the Book, which is the foundation of all helpful living, the training is in vain.

Mothers know this. Rare is the mother who does not pray that her boys and girls shall grow up within the church. She knows the restraining and refining touch of Christianity in times of stress and temptation when she cannot be present.

Let's back up the mothers of this town and help the churches to implant the tenets of religious faith.

PROMINENT CITIZEN PASSES AWAY

D. D. ALLEN DIED LAST SUNDAY MORNING AFTER LONG ILLNESS

In the death of David D. Allen, which occurred at his home on Main street at an early hour last Sunday morning, Plymouth loses another of her best known and most prominent citizens. Mr. Allen has been ill for the past five years, and has been confined to his home the greater part of the time. The deceased was 74 years of age, and was a life-long resident of Plymouth. He was prominently identified with the local banking institution of the village, and was one of the original stockholders of the Daisy Mfg. Co. Mr. Allen leaves a wife and one daughter, Mrs. E. A. Hausa of Century, Florida. The funeral services were held from his late home, Tuesday afternoon at three o'clock, Rev. S. Conger Hathaway officiating. Interment in Riverside cemetery. A more extended notice will appear in next week's issue of the Mail.

DANCE ON THE PAVEMENT

A dance on the Penniman avenue pavement will feature the free entertainment for Saturday, September 2nd. The Millard band will furnish the music, and everybody is cordially invited to come and enjoy both the dancing and the music. Don't forget the date, and tell your friends. Come to Plymouth, Saturday evening, Sept. 2nd.

REBEKAH AND I. O. O. F. PICNIC

The annual picnic of Plymouth Rebekah Lodge No. 182 and Toniquish Lodge No. 32, I. O. O. F., was held at Whitmore Lake, Sunday, August 20th, one hundred and seventy-six being in attendance. A pot-luck dinner was served at noon. In the afternoon, a fine program and games were enjoyed and later a base ball game between Plymouth I. O. O. F. and Dearborn was played, the score being 13 to 5 in favor of Plymouth. The Elks quartette of To-lein, entertained with a few fine selections. All report an enjoyable day.

A PLEASANT OCCASION

The ladies of the Maccabees gave a very pleasant evening, August 17th, to the ladies who had been members of the Plymouth Hive continuously for fifteen years or more. The Hive was organized thirty years ago this year, and there were six ladies among the guests of honor who were charter members. Invitations were sent to twenty-five ladies who were entitled to be guests of honor, eighteen of whom were present. The welcoming address was given by Commander Mabel Dicks in the form of a very clever poem, after which a very delicious three-course dinner was served. Then a brief history of Plymouth Hive was read, and also reports from those who were unable to attend, after which several of the guests gave short talks on the earlier days of the Hive.

The guests were then invited to the lodge room, where a program had been prepared, which was opened with the singing of "Auld Lang Syne." After several musical numbers, a short play in pantomime was certainly enjoyed by all. The guests of honor gave the members of Plymouth Hive a rising vote of thanks for the delightful evening they had given them, after which they were dismissed with the singing of "God Be With You Till We Meet Again."

The Methodist Sunday-school held their picnic Tuesday, August 23rd, on the flats. On account of the threatening storm there was not a very large attendance, but the enthusiasm of those present made it a most enjoyable affair. After a bountiful dinner eaten under the shelter of the trees, the afternoon was spent in races, etc., much to the delight of the little folks. Much credit is due the superintendent, Robert Jolliffe, who worked unceasingly to make the picnic a success.

BLOOMER GIRLS PLAY BALL HERE AUGUST 30

The only real novelty that has ever visited Plymouth will be the famous and original Western Bloomer Girls' base ball club, who are now en-route on the regular annual tour. This remarkable club, which is composed of the very best lady players, will play an interesting, exciting and scientific game of base ball with the Plymouth club, Wednesday, Aug. 30. Kate Becker is the foremost player with the Western Bloomer Girls, and is the champion lady pitcher of the world, and is supported by a club composed entirely of star lady players. This is a first class, respectable organization in every particular, where you can bring mothers, wives, sisters and sweethearts, truthfully advertised and honestly conducted. The game will be played at the High school Athletic Park, commencing at 3:00 o'clock. Admission, 55c including war tax.

PAGEANT AT M. E. CHURCH

Next Sunday evening at 7:30, a beautiful little pageant entitled, "The Challenge of the Cross," is to be presented at the Methodist church in this city. The presentation is under the direction of Miss Mary Hill and Miss Lorena Terry, who helped to give the same pageant at the Kansas City Deaconess Training school, last year. Five other young ladies will assist them. This sacred drama has a simple yet very beautiful setting, and makes an exceptionally strong appeal. It will be worth while to be on hand to witness it. The public is cordially invited.

"ROBIN HOOD"

"Robin Hood," which will soon be heard at Ypsilanti, is acknowledged to be the greatest master-piece of comic opera ever written by Americans. The charm of Reginald DeKoven's music is as fresh today as when it was first enjoyed 25 years ago, and the dialogue by Harry B. Smith is as sparkling now as it was then. Like fine old wine, "Robin Hood" seems to improve with age. It has stood the acid test of time because it is a real work of art, and the genius which inspired it should gratify the pride of every American.

Nothing could be more fascinating than the story upon which the opera is founded. The old English tale of Robin Hood and his band of outlaws is a famous one, and their merry pranks in Sherwood Forest have furnished Sir Walter Scott and other writers with stories that will live as long as our language. Around this celebrated theme was built the delightful opera by DeKoven and Smith, and in its musical form they have given us a new pleasure that adds zest to the story of the greatest of England's popular heroes.

"Robin Hood" was by no means an imaginary character. He really existed, and his romantic adventures happened during the reign of Richard Coeur de Leon, the very mention of whose name arouses a thrill. Robin Hood was originally a nobleman, who became an outlaw in revenge for an injustice done him by the authorities. He was extremely popular with the common people, and little wonder, for he only robbed the rich and shared his spoils with the poor. He easily evaded the officers of the law, whose unsuccessful efforts to catch him furnish much of the humor of the opera. The love scenes between "Maid Marian" and him are, without doubt, the most romantic in all comic operas.

For this we should be devoutly grateful, for all the world loves a lover, except, perhaps, his rival. An opera of such merit as "Robin Hood" demands a singing cast of the highest order, and the coming production fully meets this requirement, as the principals are all of grand opera calibre.

The numerous girls in the chorus are not only pretty, but can sing. They are accompanied by handsome, manly men, also with voices.

The date set is Saturday, September 9th, at the Wuerth Theatre, Ypsilanti.

Miss Lucille Bennett of Grand Rapids, is the guest of her cousin, Mrs. Pierre Bennett, this week.

NORTHVILLE WAYNE COUNTY FAIR

The Northville Wayne County Fair for 1922 is going to be in the "bigger and better" class again this year. The dates selected are September 27, 28, 29 and 30 and the program arranged for the three days will be crowded full. There will be three ball games for which liberal purses have been provided, and in which teams from Holly, Howell and Detroit will contest with the Northville Foresters for honors. There will be three days racing for which purses amounting to \$1,500 have been hung up, and there will be a number of free attractions each afternoon and evening on the platform directly in front of the grand stand and for the last three nights there will be a fireworks display far excelling anything ever seen in this section.

In every department the classes have been revised and added to and the amount offered in premiums has been greatly increased. Two new additions have been added to the main hall and a fine new building has been erected especially for the poultry department. In addition to the poultry show this year there will be an exhibit of dogs and many prize winning animals will be shown. The woman's department will be housed in its own building this year and the fruit and agricultural exhibits will also be under a roof, thus assuring a better and a larger display.

An addition has been added to the grand stand and a number of new horse stalls are now in course of construction. The former improvement will provide a lot more seats for those who enjoy the races and the new stalls will insure sufficient stable room for the big field of horses promised.

The Northville fair is a district county affair and it is growing each year in popular favor with the people of the county. The society has always paid its premiums promptly and from the surplus each year new buildings and other improvements have been added to the grounds for the accommodation of those who attend.

Frank Pierce, who was painfully burned on the limb with acid several weeks ago, while working in the Ford laboratory at River Rouge, and has since been in the Ford hospital, Detroit, is improving, and it is hoped he may be able to return home in about two weeks.

CROP CONDITIONS

The basis of American prosperity is agriculture. When the fields and the forests, the flocks and the herds are producing, new wealth is being created from the soil, the source of all wealth. When they are not producing, the people must live on what has been produced until a new crop can be planted, harvested and distributed.

According to the Department of Agriculture, our crops this year will be ample for prosperity. The July report on winter wheat gave an estimate of 569,000,000 bushels against a total of 587,000,000 in 1921. The spring crop in northwestern states will have a bumper yield per acre and the total will be higher than last year. The prospects for European demand for wheat are good. Outside of Russia, Europe will produce between 90,000,000 and 100,000,000 bushels of wheat less than last year. What Russia will have no one can say. But with this shrinkage in production and with Canada producing her biggest crop since 1915, the American farmer is in good position to supply not only all domestic needs but most of the foreign demands as well.

The corn crop is in good condition and promises a yield of some three billion bushels. The oat crop is poor; the hay crop is large, and the amount of dairy products being produced and now held in storage is large. Fruit generally is in good shape, and a record-breaking crop in many sections is reported. We've talked to many conservative men on the streets of Plymouth recently, and they are a unit in declaring that even with industrial conditions in a temporary slump, Americans have no just reason for looking on the dark side any longer.

A LONG WAY OFF

You shake your head and mutter, "The world is in an awful condition; I don't know what it's coming to." Cheer up, neighbor; cheer up and remember that the big problems we have today, and the unrest that we read about in the daily newspapers, always follows the great wars that come about every fifty years. We have labor unrest, business failures, undercurrents of mob nervousness that occasionally lead us to believe not all of the residents of this country are civilized, and it takes a lot of thinking and scheming and working to make both ends meet.

But older residents of Plymouth will tell you that they had, in principle, pretty much the same trouble and the same kind of conditions following the civil war. They look mightier now, simply because the population of this country is larger and the troubles are staged on a bigger scale. The three-ring circus of 1922 is just about the same as the one-ring show that used to tour the country. The only difference is there's more of the three-ring affair. It is bigger now because the audiences are bigger, but there isn't any more show "per spectator" than there used to be. So with our troubles which grew out of the war.

The world ate a lot of bad mental food during the war, and it hasn't yet had time to digest it. While the medicine of deflation was at work, the world had cramps. But everything will come out all right. Even now the patient is getting pretty strong on his feet. No need yelling for the undertaker—the old world you live in is a mighty long way from being dead.

SAFETY FIRST

The trouble is with auto drivers who read about accidents to other people, they do not look on those accidents as lessons they should apply to themselves. You talk to the auto driver of Plymouth and community and in almost every case they appear to believe they are immune from the same mishaps they read about. It's difficult for a man to see himself in the same predicament as another. To the average person a narrow escape from accident is only an incident. It usually brings no concern about the possibility of something of the same kind occurring again, with more serious results. One cannot always be lucky. Something is sure to happen if carelessness is indulged in. It's just as easy to be careful as it is to be careless, and it's a lot healthier and far less expensive. Sizing it all up and preaching as strong a sermon as we know how to preach, we put it in these two words—Play Safe!

Today's Reflections

The trouble with this country is too many politicians are making "keynote speeches" when they ought

to be at home reading bedtime stories.

Doubtless you've noticed that the Plymouth citizen who thrusts himself forward generally comes out behind.

A fashion writer asks in a daily paper now lying on our desk: "Why do men wear coats in summer?" Generally it is to hide the biggest part of a dirty shirt.

About nine times out of ten the fellow who says he doesn't believe what he reads in the paper borrows the paper he does read from his neighbor.

Some of our Plymouth girls once worried about a hole in the toe of their stocking. Now they worry about a hole in the knee.

A Georgia judge has ruled that flatirons are deadly weapons. It's easy to guess whether that judge is married or single.

In the life of a Plymouth boy the saddest words of tongue or pen are "When does school take up again?"

If the average Plymouth man had to spend a whole day as a telephone

operator he'd change his mind about how the exchange ought to be run.

The man who gets married four times makes a good husband. Toward the last he gets to be a pretty fair dishwasher.

We overheard a Plymouth man say yesterday that every time he thinks of the coal strike, he puts more moth balls in his winter underwear.

In Detroit a man struck a match to look at his auto gas tank. Now he's learning to read with his fingers.

The average Plymouth woman's ambition is to look as well as she thinks she looks.

Still another trouble about getting rich quick is you may get caught a good deal quicker.

Ever notice that about the time you get used to a straw hat it's too dirty to wear any longer?

A compromise is when a man lets his wife have what she wants if she will shut up.

Cause of Appendicitis
When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.—Advertisement.

It was Laura's wish to be baptized by Rev. Pettit, a former pastor of the Ypsilanti Baptist church, and one who practically saved her life some years previous at the time of a fire. An incident that helped add sacredness to the ceremony was the fact that Mr. Dake was baptized at this particular place some years previous.

The singing of sacred songs, led by Dr. Barris of Ypsilanti, and joined in by friends from the Ypsilanti church and Salem, was very impressive. Those from Salem to attend the ceremony were: Mr. and Mrs. John Munn, Mrs. Herschel Munn and son, John, Miss Nettie Martin and Frank Hill and family.

GREAT MEN FOND OF JESTING

Moments of Lightheartedness Said to Have Been Part of Even Napoleon's Grim Character.

Sir James Barrie thrust his pick into a profitable seam when he recently reminded the St. Andrews students of Scotland that greatness and a certain lightheartedness nearly always go hand in hand. He gave one or two examples from ancient and modern history, and the list could be extended.

It might be true to say generally that the greater the man and the greater his responsibilities the more zestfully he lends to the spirit of frolic. Of course, there are exceptions to every rule. Napoleon seems to have been a little grim and irritable even when jesting, though he could unhand with his old soldiers. Chatham seems to have worn his panoply in private life, though, as a matter of fact, we have no very precise knowledge to go on in his case, for with him the private life was something of a sealed book.

But William Pitt could play the fool with the best of them; Fox, so long as he could move, loved nothing better than a romp. William III is generally regarded as one of the dourst characters in history, but there was an exception—on the battlefield. When the bullets were flying he could even crack a joke. Everyone has heard stories of Gladstone's grimness, yet he could be as jolly as any school-boy when he relaxed, as witness the famous scene of his roll down a grassy slope in token of his relief when he gave up the leadership in 1875.

Thackeray's well-known epigram, but no one played the fool more heartily than Bishop Stubbs of the "Constitutional History" was the same man as Bishop Stubbs of innumerable good jokes and bad puns. The "gloomy Dean" of today is known in his own nurseries as the best of romps, and it used to be said of the "Chatham set" in the great days of the Evangelists that cheerfulness and high spirits were their strong characteristics.

Most people regard Austen Chamberlain as a very solemn person, yet it is an record that while chancellor of the exchequer he had a race on tea trays with Lord Hugh Cecil in the gallery at Hatfield. The list could be continued indefinitely.—Manchester Guardian.

Ernest Truex's Garden.

Ernest Truex belongs to the complacent commuter class. All last winter his cozy library was filled with garden and floral catalogues until the color glare hurt your eyes. Outside the front yard and the garden were with impudence the glad spring into Ernest, the sewer, would come forth to sow. Then someone who knew and loved Ernest Truex and who believed in encouraging his planting propensities sent him a box bulging with envelopes filled with seeds. Oh! such a lot of nice ambitious seeds! Hollyhocks, pansies, sweet alyssum, trailing nasturtium, bleeding hearts, nasturtium, sweet peas and many others, the names of which were even Greek to great Neek.

The great day came and into the warm bosom of mother earth went the seed. Then came sun, dew and rain and all earth's processes and little bits of green began to rise ambitiously from the tilled earth, but somehow or other to sower Ernest they did not look right. They were too green. And one day came the discovery. Instead of all the flowers with the beautiful names on the envelopes were beets, turnips, carrots, lettuce, radishes and all that sort of thing.—Exchange.

A Bit of Philosophy.

A famous hotel man, who is also a philosopher, once made a remark that would apply to almost any business. "The greatest mistake," he declared, "that is commonly made by employees and managers is to exert themselves more for the comfort of an old-time customer than for a new one. According to all rules of hospitality and logic, the person who should receive the most effort for his entertainment, within one's door is the newcomer," he continued, according to National Business. "In your own home, you would not think of making a great fuss over a man who had been entertained there before, and more or less ignore another fellow who is receiving your hospitality for the first time. Yet in a hotel dining room the head waiter is most careful to seat the man whom he has seen there before, and in most stores the clerks make more fuss over an old customer than one who is giving the store a first trial."

Are Instincts Transplanted?

A gripping story by Alan S. Ivan, in Everybody's Magazine, is based on the transplanting of monkey glands. Jenkinson, the biologist in the story, says: "When you have planted the thyroid gland of an ape, you may possibly transplant his instincts. We were all apes once. Some of us moved on; some stayed behind. "You surgeons dabble your red fingers in tissues and glands that may possess a potency beyond your wildest thoughts. You work somewhere along the line between the known and the unknown. Is it not possible to prolong life at the cost of that which is worth more than mere existence?"

How It Worked Out.

Neverwed—I see your wife's leered to drive the car in spite of you. Did you tell her her skirts would be in the way and might cause a serious accident?

Justwed—Yes, I pulled that on her and she went and bought a \$60 suit of knickers.

WASHTENAW COUNTY

FAIR NOTES

Remarkable progress has been made of Washtenaw county's new fair ground during the past week, in preparation for the big Annual Exposition to be held there, September 19th to 23rd.

The main entrance looks nearly ready to sell tickets and will be neat and convenient for patrons of the fair. The sewer contract will be let in a couple of days, which will provide sanitary sewage for the grounds, and will be completed in time for the fair.

Work is being rushed providing suitable accommodations for all the various classes of exhibits. The ladies will be glad to know that fancy work and baked and canned goods departments will be housed in a big new building 60x100 feet. Special provision is being made to take care of the exhibits in the baked goods division.

This week should see the completion of the cattle barn, which will house 180 head of cattle.

The Auto Dealers' Association has received 19,000 square feet of space as compared with 12,000 at the last fair, assuring the Washtenaw Fair patrons of the best auto show in the state. Each department of the fair is in charge of a Washtenaw farmer or farm woman, who are doing their level best to make all departments a real credit to the fair.

EPISCOPAL NOTES

The ice cream social given last week by the Ladies Guild on the lawn of A. J. Lapham's home was a great success in every way. The Episcopal society thank Mr. Millard and the members of his band for the fine music rendered during the evening and which helped to make the evening so enjoyable. The social was attended by a large crowd and the evening was ideal.

The church school will commence sessions again Sunday morning, September 10th, after their long summer vacation. Mrs. D. Murphy, the superintendent, wants every pupil to be present on the opening day. Last year when the school was organized, we commenced with about six pupils, and when we closed in June for the summer vacation, there were about twenty-five or thirty on the register. That was excellent, but we want to do better than that this coming year. The members of the mission and each child are asked to look up those who do not go to a Sunday-school and bring them in. Mrs. Murphy would appreciate it if names of such children were handed in to her so that she or some member of our congregation could look them up. There are plenty of them in Plymouth. As we have already some new pupils for the opening day, Mrs. Murphy anticipates that Sunday two more classes so we shall want two more teachers and we ask that two members of the congregation will offer themselves for this very important branch of church work—that of training our future members for the church to become "faithful soldiers and servants unto their life's end."

Miss Smidt's Bible class will also commence again on Sunday, September 10th. This is a class that many of our church members should attend and it is hoped that the attendance at this class, for about an hour each Sunday, will be double that of the last sessions and Miss Smidt will welcome any who would like to join. It was a real community evening at St. John's church last Sunday when a good representation of Plymouth's community filled our little church to the doors to hear the Rev. Arthur T. Reasoner of New York City, preach, and to join with us in the evening service. The Rev. Reasoner certainly preached a very earnest and inspiring sermon taking his text from Matt. 6:33, "Seek ye first the Kingdom of God." It was very appropriate that the Rev. Reasoner should have chosen this subject for his discourse because it followed up the splendid sermon Mr. Gibson gave at the morning service when he took for his text, "The Kingdom Within." Joseph Tracy logic, the person who should receive the most effort for his entertainment, within one's door is the newcomer," he continued, according to National Business. "In your own home, you would not think of making a great fuss over a man who had been entertained there before, and more or less ignore another fellow who is receiving your hospitality for the first time. Yet in a hotel dining room the head waiter is most careful to seat the man whom he has seen there before, and in most stores the clerks make more fuss over an old customer than one who is giving the store a first trial."

Wednesday night the midweek services of the church were resumed. The topic considered was, "An Interrupted Vacation," based on the sixth chapter of Mark.

The church has lost a faithful member in the passing of D. D. Allen. He was at one time a trustee and attended regularly as long as health would permit.

PRESBYTERIAN NOTES

The church at large has also suffered a severe loss in the death of Rev. James M. Barkley, D. D., whose funeral was held in the First Presbyterian church of Detroit last Monday. Dr. Barkley was pastor of the Forest Avenue Church in that city for thirty years, and was elected Moderator of the General Assembly at Denver a few years ago. He was an able preacher and much beloved by all who knew him. He often supplied the pulpit of the Plymouth church and will be greatly missed by his many friends in this city.

The Sundays this month have been unusually pleasant and more have attended church than is usual at this time of the year. But it is not all on account of the weather. Presbyterians are remarkably steady people all the year round.

We have enjoyed C. E. Stevens' singing for several Sundays. Let the good work go on.

Miss Ellen Gardiner's Sunday-school class are to picnic today at the tourist camping ground. Activities are on again.

Same Old Story but a Good One. Mrs. Mahala Burns, Savanna, Mo., relates an experience of the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago, and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago, and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so, for I know it is a quick and positive cure for bowel troubles."—Advertisement.

HOW THE COUNTY HAS CONTROL OF SOME VILLAGE STREETS.

The paving of Starkweather avenue by the Wayne County Board of Commissioners has brought up in the minds of some people, the subject of how the county happens to have streets under its control within the village limits. These people doubtless will be interested in knowing just what basis there is for county control of village streets, and how it is that Starkweather avenue is a county road.

In the first place the right of the county to take over this street and the right of the village to turn it over to the county is contained in the following quotation from Section 4364 of the Compiled Laws of 1915, which read as follows:

"All state reward roads composing a part of this system shall be taken over as county roads by the board of county road commissioners, and any road heretofore laid out, or any part thereof, shall become county roads if the board of county road commissioners shall at any time so determine, and in passing through or on the line between townships or incorporated villages or cities, any streets or parts of streets of such village or city may be adopted as a county road, with the consent of the proper authorities of such city or village; provided that no street shall be taken over and constituted as a county road which was not regularly laid out and main traveled road before the incorporation of such village or city; provided further, that where any street or part of a street is taken over by passing through or on the line between a township and an incorporated village or city, no county funds shall be expended for the improvement of any such street or part of a street of such village or city to a greater width than twenty feet, nor with material more expensive than concrete or brick; provided further, that where any such street shall be taken over as a county road and is improved as such, city or village authorities shall have the right to further improve such road by surfacing the same outside the portion thereof constructed by the county, and by the addition of gutters, curbs, sidewalks and other improvements, and to provide for the maintenance and tenancy of such improvements and to levy and collect taxes for the same."

Under the provisions of this act, on the third of January, 1919, the board of county road commissioners sent the following letter to the Village Manager requesting Starkweather avenue and the Plymouth road to be turned over to the county:

"This board has decided with the permission of your village, to maintain that section of Plymouth road within your village, which is unpaved and Starkweather avenue, from the brick pavement to your northerly limits.

"We have taken this attitude by reason of the fact that these sections of road are a logical part of the road system of the county.

"If you will take the necessary action to turn over these sections, we will take them over as county road.

"We enclose herewith form of resolution necessary to be adopted by your commission, so that we may take the action.

Kindly let us hear from you in regard to the matter."

In the minutes of the meeting of the Village Commission for January 6th, 1919, there is the following motion carried concerning this matter:

"Moved by Eddy, supported by Pierce, that the Village of Plymouth allow the Board of Wayne County Road Commissioners to take over, as county roads the following streets: That portion of the Plymouth road extending from the east limits of the village to the present brick paving, and also Starkweather avenue, extending from the north village limits to the present paving."

Ayes—Burrows, Eddy, Daggett, Pierce. Nays—None.

In response to this action the following notice was received from the clerk of the county road commission, containing their action on the matter:

"To the Village Clerk of the Village of Plymouth and the Highway Commissioner of the Township of Plymouth, Wayne County, Michigan, Sirs:

You are hereby notified that the Board of County Road Commissioners for the County of Wayne, did, at a meeting of said Board, held at Friday, January 17, 1919, decide and determine that the certain road described in the minutes of such Board should be a county road, under the jurisdiction of said Board of County Road Commissioners. The minutes of said meeting fully describing said road are hereby made a part of this notice and are as follows:

"The Board of County Road Commissioners met at their office in the County Building at 10 a. m., Friday, January 17th, 1919.

"Present, Commissioners Haggerty, Butler, Hines.

"The secretary reported the receipt from the Village of Plymouth of resolution giving consent to the Board to take over certain sections of the the Plymouth road and Starkweather avenue within that village.

"It was moved by Commissioner Haggerty, supported by Commissioner Butler that the Board of County Road Commissioners extend its jurisdiction over the following described road:

"That portion of the Plymouth Road, extending from the east limits of the Village of Plymouth to the present brick pavement, and also, Starkweather Avenue, extending from the north village limits to the present paving."

"The vote on the motion resulted as follows: Ayes, Commissioners Haggerty, Butler and Hines. Nays, None.

Thereupon it was ordered that the above described road be hereafter a county road under the jurisdiction of the Board of County Road Commissioners."

From the foregoing it can be seen that the turning over of Starkweather Avenue to the County was a perfectly regular proceeding with ample authority behind it.

Sidney, D. Strong, Village Manager.

G. W. DICKINSON LOOKS FOR LARGEST ATTENDANCE IN HISTORY OF EXPOSITION.

WORLD'S TALLEST MAN IS AMONG ENTERTAINERS

More than 500,000 persons are expected in Detroit from September 1-10 to witness the seventy-third annual Michigan State Fair. If a half million are drawn to the exposition, this will be an increase of approximately 50,000 over the attendance of 1921.

George W. Dickinson, secretary and manager, looks forward to the largest attendance in the history of the fair, because of the increased premiums co-operation of the railroads, support of the state and national governments, and the many new features which have been incorporated in the 1922 fair.

These, of course, include the Coliseum building and the entertainment it will offer, the radio show, running race meet, historical pageant, and the proposed Dettler Babes parade.

Among the entertainments along the Midway this year, will be those of the Rubin and Cherry shows. This aggregation has been commonly referred to as "the aristocrat of the tented world."

Brought to Detroit by Rubin and Cherry, will be Jan Van Albert, the tallest giant in the world. He stands nine feet, five inches in height, is a clever conversationalist and entertainer. Van Albert, while in Washington, was received by the President, and his height had the effect of aweing the chief executive.

Also, there will be the auto drome where feats will be performed by fearless autolats and cyclists; the freak animal show, exhibiting many strange and interesting specimens of peculiarly formed animals, and the Lucky Boy minstrels—an aggregation of 30 colored performers and musical clans.

Other wholesome and clean entertainment features, too numerous to mention, have been arranged. While the farmer visits the fair primarily to see the livestock, Government agricultural exhibits, county-farm products, how bees are raised correctly machinery and modern automobile equipment, the fair management believes also he comes and brings his family, to see these entertainments and so, nothing has been left undone to make the attractions at the seventy-third annual fair better and greater than ever before.

COUNTRY'S FAMED CATS TO BE SHOWN AT FAIR

The Peralan Society is cooperating with G. W. Dickinson, secretary and manager, for an elaborate Cat show at the Michigan State Fair, Detroit, September 1-10.

A large number of inquiries from prospective exhibitors already assure the success of this exhibition. Fancliers in Jacksonville, Indianapolis, Dallas, Texas, and other points of the United States have promised to exhibit at the show. A large number of entries, it is known, will be made by Michigan farmers.

Gertrude E. Taylor-Ruddy is in charge of the Cat show. Mrs. E. V. Cely, of Cleveland, Ohio; and E. G. Hydon, of Bogota, New Jersey, have been named judges. They are considered two of the best cat authorities in this country.

"LIGHTNIN'" FAMOUS RECORD-SMASHING COMEDY IN DETROIT. NEXT WEEK.

Playgoers hereabouts will have their long awaited opportunity to witness "Lightnin'" when the famous record-smasher begins its engagement at the New Detroit Opera House next Sunday night, August 27th. A special cast, headed by Thomas Jefferson in the role of Lightnin' Bill Jones, Bessie Bacon as the vaudeville actress and Charles E. Evans as the Reno judge, has been organized by producer, John Gulien, to introduce the play to Detroit, Kansas City, St. Louis, and other important cities that would otherwise be compelled to wait two years more to see it. Frank Bacon, who is still at the Blackstone theatre, Chicago, will remain there six months longer and will later play all season engagements in Boston and Philadelphia. Ida St. Leon, who is Mr. Bacon's leading woman at present, will journey from Chicago to join the special cast for the Detroit opening.

As a classic of fun and heart throbs, "Lightnin'" can be compared only with "Rip Van Winkle" and it is a happy coincidence that a son of the late Joseph Jefferson, creator of Rip, will introduce to Detroit, the lovable old mountain truant about whom most of the action pivots. Because he never moves fast Bill Jones is nicknamed Lightnin' and it is from this that the play's title is taken.

"Lightnin'" ran for three years on Broadway and has packed theatres wherever it has been presented. Out-of-town people are especially urged to secure seats by mail and thus avoid the danger of being crowded out. Prices will be, nights and Saturday matinee, orchestra, \$2.50; balcony, \$1.00, \$1.50 and \$2.00; Wednesday matinee, best seats, \$2.00. Add 10 per cent war tax and make remittance payable to the New Detroit Opera House.

A fine program of events, which include a number of the best vaudeville acts which can be secured. No doubt many from Plymouth will attend one or more days.

Last week Mr. and Mrs. A. E. Carlisle and two children and Mrs. Rosa Struthers, old time neighbors and close friends of Mr. and Mrs. M. S. Weed, motored from their home in Kalkaska county, to spend the sixteenth wedding anniversary of Mr. and Mrs. Carlisle, which was also the latter's birthday, with Mr. and Mrs. Weed. They all enjoyed themselves immensely, recounting and living over again the happy days when they were all "up north."

Mr. and Mrs. Oliver Goldsmith of "Auburn" entertained a party of friends to the number of thirty, at a dance in their new three-car garage, last week Thursday evening. The garage was tastefully decorated in the national colors, with the word "Auburn" on one side of the building. The time was most enjoyably spent in dancing old-fashioned dances and waltzes, to the tune of a violin and guitar. There were lawn seats in front of the garage, where the guests could sit in the cool breeze and refresh themselves. The guests were also refreshed with cool drinks and cake during the evening. All voted Mr. and Mrs. Goldsmith royal entertainers, and left at a late-early hour for their homes. Besides the Plymouth friends, Dr. and Mrs. Mitchell and little daughter, Ruth, of Pontiac, were also present.

The Sunday-school expects to enjoy another picnic next week Tuesday at Benton's grove. All kinds of games; weenie roast, corn roast, marshmallow and all kinds of roasts. The truck leaves the church at one p. m. Everyone get ready.

WALTERS

REPUBLICAN CANDIDATE

Primary Election, Sept. 12, 1922

\$100,000 PRIZES OFFERED BY FAIR

INCREASE OF \$30,000 OVER 1921 ANNOUNCED BY G. W. DICKINSON; LIST READY SOON.

PREMIUMS SHOULD BRING MORE, BETTER EXHIBITS

Realizing the incentive for the farmer to improve his exhibitions at the Michigan State Fair must become greater as the quality of the exhibits improve, more than \$100,000 will be offered in premiums this year, as compared to \$70,000 paid in 1921.

This increase in premiums will have a tendency, not only to improve the quality of the exhibitions themselves, but also to increase the number of displays from the rural districts of the state, in the opinion of George W. Dickinson, secretary and manager of the fair.

Ten years ago, the premium list amounted to \$22,000. It gradually grew to the \$70,000 high mark established in 1921. The Michigan State Fair of 1921 was conceded to be one of the four greatest in the United States; and, with the offer of larger premiums for the seventy-third annual exposition in Detroit, September 1-10, the administration hopes to put the fair out in front of all others.

Another reason for the increase in premiums is, the fair administration desires to keep close to its policy of broadening the interest in educational exhibits.

Among the important premium offers this year are approximately \$20,000 for horses, \$16,000 for cattle, \$6,000 for sheep and \$6,000 for swine. The premiums offered in the sheep and swine departments are greater than those offered by any other fair in America.

All entries for the Michigan State Fair must be made in the name of the owner, or the names of joint owners, actual growers, producers, collectors, inventors or manufacturers. Entries made in violation of this rule will be barred.

The premium list for the state fair this year is now in course of preparation and will be ready for distribution very soon. Copies of the premium list and blank forms for entries will be furnished upon application to G. W. Dickinson, 502 Bowles building, Detroit.

The large increase in premiums promises one thing for fair visitors. It is sure. That is more exhibits and better exhibits. Careful preparations are being made so that horses, cattle, sheep, swine and all other exhibitions will be presented in the most attractive manner.

A CARD—Mrs. Daggett and I wish to thank the many kind friends for their deeds of kindness during my illness at her house, and for the beautiful flowers and numerous favors sent me. Until you are ill and have broken bones, you will never know how much good the neighborly call and kind words do.
Mrs. C. C. Carpenter.

WESTERN BLOOMER GIRLS' BASE BALL CLUB

An Independent Club Composed of Ladies That Know How to Play Base Ball

At High School Athletic Park, Plymouth
Wednesday, August 30th

Charles E. Baker, the Business Manager, is in town making arrangements for the club to play here on Wednesday, August 30, at the local base ball park. One feature of the game will be the pitching of Miss Kate Becker, the champion lady base ball pitcher of the world.

The record of this in 1915 was: Won 105, lost 51; and in 1920 won 112, lost 26 games, which is a record for any league to be proud of.

The club carries two catchers, one Mable Bohle, the only lady catcher in the world, and four pitchers, so as to always be in good shape to give a good account of themselves on the field. Some people ask, "Do they use men?" The answer is yes, a few, not all, just enough to make the home boys step out if they want to win. The ladies' club always use five girls in the line-up.

The local boys will have to play in mid-season form to beat this club of ladies on above date with the Plymouth Club. So let us see you get out and practice some for this game, and let every fan turn out and root for the home boys. Mr. Baker requests the home boys to play as hard as they can to beat the girls.

As the clippings show that Mr. Baker carries from various games played throughout the country that these ladies do know the game, and they will demonstrate that when they cross bats with the local club. Ladies are especially invited to attend this game as well as the men. Everybody turn out and make it a real holiday in Plymouth.
