LIBERTY and STARKWEATHER NORTH VILLAGE

COMMISSION ADOPTS BUDGET

The village commission met in regular session, Monday evening. This meeting was also a public meeting, in which the matter of adopting the budget for 1923-1924 was to be passed upon. There were less than a dozen citizens present, and the budget, which calls for the sum of \$50,950.12 was passed upon without any objections whatever. A tax levy of 13 1/2 mills will be made. While this is a little higher rate than we have been paying for several years, yet it is not as high as many villages of this size are paying.

A committee from the Plymouth & Northville Gas Co. were present relative to the matter of continuing the present gas rate franchise, which expires July 1st. The gas company submitted figures which show that it costs the company \$1.64 per 1000 cubic feet to produce gas. The franchise has permitted them to make a charge of \$2.00 gross or \$1.80 net per 1000 cubic feet of gas. The rate in a number of towns in the state were read, and in many of the cities and towns larger than Plymouth, the rates were as high and higher than here. After considerable discussion of the matter the commission voted to lay the matter over until they could make further investigation.

The 13 1/2 mills levy is made upon the following corrected valuation figures:

Real Estate	\$3,103,800.00
Personal	670,283.00
Total Roll	\$3,774,083.00

Below we publish a summary of the budget:

General fund	\$16,275.00
Highway fund	9,440.00
Water fund and fire protection	1,100.00
Sewer fund	3,900.00
Police fund	1,000.00
Fire fund	775.00
Street lighting	11,400.00
Total	\$43,890.00

Deficit provision 1922	7,236.67
Unappropriated balance	2,272.45
Totals	\$53,399.12

Less expected receipts 2,448.00

Net budget for tax roll, \$50,950.12

BACCALAUREATE SERMON

The commencement activities of the week were ushered in on Sunday evening, June 17th, when Rev. D. D. Nagle of the local Methodist church, delivered a very pleasing and inspiring sermon to the graduating class of 1923, and a large audience of interested friends. The stage was beautifully decorated with a hedge of green and white, the class colors, daisies and peonies being much in evidence. Mrs. R. A. Cassidy sang in her usual pleasing manner. It was a most fitting opening to commencement week.

TO HAVE AUTOMOBILE PARADE

There will be a parade of decorated automobiles at Northville's Fourth of July celebration, and it is the desire of the committee having the matter in charge that all take part. E. L. Smith is chairman of the committee, and has decided to offer three prizes in two classes—touring car class, first prize, \$15; second prize, \$10; third prize, \$5; truck or commercial car class, first prize, \$15; second prize, \$10; third prize, \$5.

Bunn will give a spot light for the best decorated Ford car; the Plymouth Buick Sales Co. will give guide light, motor meter and cap, value \$16, for the best decorated Buick; the Chambers Auto Sales of Plymouth, will give a guide light, motor meter and cap for the best decorated Willys-Knight, Studebaker or Overland car.

The parade will form at one o'clock, and after passing through the business section of the village, will proceed to the fair grounds where ranks will be broken.

C. OF G. BANQUET

AT YPSILANTI

The Plymouth Chamber of Commerce, numbering some seventy-five persons, motored to Ypsilanti, Wednesday evening, to enjoy a dinner at Ypsi's popular new Huron Hotel. This hostelry has gained many favorable comments in this section of the state, and the Plymouth contingent was very much pleased with the many elegant appointments and conveniences of the hotel.

Arriving at their destination, the visitors were met at the door by our former townsman, Fred Bennett, who gave each a kindly handshake and welcome. An inviting three-course dinner was served in a special banquet hall, after which President Edward Denniston, of the Plymouth Chamber of Commerce, called the assemblage to order, and with a few remarks, called upon Mr. Bennett, who outlined the efforts made by Ypsilanti's business men that resulted in the building of this splendid hotel, costing—furnished—\$200,000.

One of the objects in visiting this hotel by Plymouthites was to see this new building, with a view of securing a new hotel for Plymouth. Some effort has been made by Secretary Petz of the Chamber of Commerce, to ascertain how much stock could be subscribed, and he has met with encouraging success. There is no doubt but that it would be a paying investment. The profits of the Ypsilanti hostelry are going way beyond expectations, and its stockholders are well pleased with results. The Mail hopes ere long, to be able to print that a new modern hotel for Plymouth will become an assured fact.

Following Mr. Bennett, President Denniston introduced Fred Niasly and attorney John Kirk, who spoke in behalf of Ypsi's coming centennial celebration beginning the first week in July, and invited all Plymouth people to come and "join the procession." The great pageant on the evenings of July 3 and 4, is to be an elaborate affair, many thousands of dollars being expended in making it commemorative of the occasion.

The "party" then adjourned, highly pleased with its visit and the dinner.

CLASS DAY EXERCISES

Promptly at eight o'clock, Tuesday evening, the class of 1923 marched onto the stage to the music of the High school orchestra, at the High school auditorium. The young ladies were gowned in white, with a corsage of white roses and green. The stage was beautifully decorated with baskets of white roses, peonies and daisies with green leaves, representing the class colors of green and white.

After a musical number by the Senior orchestra, Perry Richwine, president of the class of 1923, gave the president's address in a most able manner.

Following this, Martin Strasen gave a history of the class from the Freshman year through the High school course. It was very interesting throughout and greatly appreciated.

After a violin solo most artistically rendered by Daniel Patterson, Kenneth Bartlett gave an oration, his subject being "The Crime of Civilization." It was a most timely and interesting subject, and the speaker held the closest attention of his hearers.

Olivia Williams then came upon the stage, carrying the Class Will, which he read in his usual engaging manner. The class gifts were distributed in a very unique manner by Dorothy Hinnau. Four girls gowned in white with green sashes marched in, bearing the gifts in a white bassinet, trimmed in green. Each gift was very appropriate to the recipient.

The closing number, the Class Prophecy, was a very clever production, which blended the humorous and the serious in the form of a dream by Eva Griffith. After delimiting the audience with a view of the class of 1923 as she saw them in her dream, she said in closing, "But after all life consists more of what we think and do." Then turning to her classmates, "So give to the world the best you have, and the best will come back to you."

Ivan Cash is a new clerk at William T. Pattingill's.

NOTICE TO WATER USERS

The dry fall of last year, and the dry hot spring of this year have brought about a condition which is the fault of no one, but which compels the village to act to conserve the village water supply for its chief purposes—domestic and fire use. From the publication of this issue of the Mail, the people of this village are requested and required to restrict their lawn and garden sprinkling to one-half hour per day, the time to be at the convenience of the user. This is necessary in order that people in the higher parts of town may have water for ordinary necessary purposes. The full co-operation of each water user is expected. In the next issue of the Mail a full explanation of the reasons for this restriction will be given. There is no cause for alarm, but simply for care.

Sidney D. Strong,
Village Manager.

The Ladies' Aid of the Lutheran church will meet immediately after the morning service.

HIGH SCHOOL HONORS AWARD-ED IN ASSEMBLY.

The last assembly for the junior and senior high school students for 1923 was held in the High school auditorium, Thursday afternoon. It is customary at the last general assembly, to award honors to the students who have distinguished themselves in one or more High school activities during the year. Plymouth High school is proud of the records her students have made in the present year. More time and greater effort has been put forth to make every thing better and a greater success than ever before.

At the State Agricultural judging contest held at the M. A. C. Mr. Holcomb's team was successful in winning first place in the poultry event. For this they received a large 13-inch Smith-Hughes trophy cup to be held for one year. The team was composed of Herbert Miller, Edith Macomber and Iris Palmer.

The debating team, coached by Miss Sellen and Mr. Smith, made another good record this year, being one of the first four High schools in the State contest. They defeated Highland Park, Dearborn, Northville, Howell, Ypsilanti Normal and Chelsea, and in turn were defeated by Hastings who was runner up in the State Debating League. The following composed the team: Eva Griffith, Perry Richwine, Kenneth Bartlett, all of whom are seniors, which means a new team must be developed next year.

In Oration, Alta Hamill won second place in the sub-district contest, with the following schools: Wyandotte, Monroe, Trenton, Farmington, Ann Arbor, Ypsilanti and Howell.

Muriel Bovee won first place in the sub-district declamation contest, and sixth in the district contest. Miss Hall awarded letters to the following girls for basket ball: Marion Kiely, Bonnie Mueller, Margaret Amrhein, Dorothy Freydl, Janette Whipple, Gladys Hake, Mena Bolton and Dorothy Hinnau. The girls were champions of the Four Square League, winning eight games and losing two. A permanent cup was donated by the League to Plymouth for winning the championship.

Marion Kiely, Bonnie Mueller and Dorothy Hinnau are seniors who will be missed from the line-up next year. The girls' track team won second place in the league this year, being topped only by Dearborn. This is a reverse of last year when Plymouth won the meet with Dearborn second. Mildred Shogren was second high point winner of the meet with a total of 14½ points, losing with first and a large individual silver loving cup by ¼ of a point to Losey of Dearborn. Miss Hall awarded the following letters, medals and ribbons: Mildred Shogren, Margaret Amrhein, Janette Whipple, Margaret Griffith, Elsie White, Florence Cline, Catherine Learned. All will be back next year.

Coach Walker awarded the following athletic letters for the year: Capt. Bartlett, Capt. elect Sayles, Strasen, Hickey, Stevens, Holmes, Seger, Gates, Millard, Richwine, Sutherland, Reiman, Kenyon, Mitchell and Williams.

Much improvement was shown this year, when the team won five games and lost five, and playing fourth in the Four Square League. The following are seniors who will be missed from the line-up next year: Bartlett, Strasen, Millard, Richwine, Sutherland and Williams.

Basket Ball was not very successful, in that the team won but four games in ten, losing their first three games by the small total of nine points. Capt. Sutherland and Holmes, Capt. elect, were the outstanding players, both earning a place on the All League team. Letters were awarded Sutherland, Holmes, Stevens, Bartlett, Richwine, Cline, Kenyon, Birch, Williams, Palmer and Strasen. Five of these will not be back, Bartlett, Strasen, Williams, Richwine and Sutherland.

In base ball, Plymouth had one of the best teams she has ever had, winning six games and losing four, which gives them third place in the League. The prospects for a winning team next year are very good, as only four are lost by graduation, Sutherland, Seger, Bartlett and Taylor. Letters were awarded Capt. Sayles, Sutherland, J. Taylor, Trimble, Cline, Sump, Rowland, Hickey, Milliman, Sutherland, Seger and Wisely.

The boys' track team was champion of the Four Square League. The "Rocks" won ten first places out

of a possible 13. Stevens was high point winner with 21½ points, and taking a first in the shot put, 100-yd. dash, 440-yd. dash and 880-yd. run, besides running in the winning relay team. Sutherland was next with 11½ points, and the only one to win a letter in every sport this year. Kenyon has been elected captain for the next year. The following received letters, medals and ribbons: Williams, Stevens, Kenyon, Strasen, Reiman, Holmes, Hickey, Pence and Sutherland. Those lost to the squad are Williams, Strasen and Sutherland.

Sixteen pupils from the fifth grade, Mrs. Bird's room, are to receive pins from the Palmer Company for their penmanship. To earn a pin each pupil must send in twenty-five drills taken from the Palmer penmanship book. If the work is accepted, they receive pins showing that their work meets with a required standard. Much credit is due these people for their effort. Following are the people: Onalee Hetsler, Doris Jewell, Lorine Schmidt, Velda Larkins, Thelma Smith, Evelyn Steinable, Grace Smith, Wallace Polmanter, Charles Root, Elton Knapp, Ada Morea, Southern Lefever, Vaughn Ford, Adele Carson, Eileen Arthur, Ethel Ford.

Why Suffer from Rheumatism? Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to anyone afflicted with rheumatism.—Advertisement.

THE THEATRE

"THE ISLE OF LOST SHIPS"

One of the most exciting of the thrilling episodes abounding in "The Isle of Lost Ships," which will be shown at the Penniman Allen theatre, Saturday, June 23, centers about a submarine, and Director Maurice Tourneur has injected into it tense and gripping drama.

The locale of the story, which was written by Capt. Crittenden Marriot, is in the Sargasso Sea, a tract in the North Atlantic in which, sailors declare, thousands of vessels of all eras have been sucked and where the survivors have formed a colony.

Into this strange "isle of ships" the bulk of an ocean liner is drawn. On it are three persons, a society girl, a New York detective, and his prisoner, a former naval officer, under sentence of death. The ruler of the colony covets the girl, who is saved from his clutches by the prisoner. Seeking a means of escape from what looked like certain death, they find a submarine, which had been abandoned by its crew and has been swept into the vortex by the currents.

Being a former naval officer, the prisoner is able to operate the submarine, and plans are laid to escape in it. They are discovered before they can get away, but manage to find refuge in the boat just as their enemies appear on the scene. Desperately, the pursuers climb aboard the slowly sinking submarine, trying to batter a hole in it before it can gain the depths. As the boat sinks below the level of the water they are washed off and their attempts foiled. Then started a hazardous journey. As the submarine started to rise to the surface, it was held down by the weight of tons of weed, and the detective was shot out of the torpedo tube to cut away the weeds. Starting under-water scenes show him at his dangerous task.

"The Isle of Lost Ships" is a First National attraction, and was produced by M. C. Levee.

"SLANDER THE WOMAN"

Love and hate are contrasting emotions, but sometimes they come pretty close together, as Dorothy Phillips shows in her latest First National production, "Slander the Woman," which will be the feature attraction at the Penniman Allen theatre, Sunday, June 24. Miss Phillips is directed by Allen Holubar, who also directed her with such conspicuous success in "Hurricane's Gal" and other screen successes. The picture is a triumph for star, director and a finely balanced supporting cast.

By juggling words and utilizing the machinations of the law, a man robs Mlle. Yvonne Desmarest, portrayed by Miss Phillips, of her good name. She flees to her hunting lodge in the woods to forget. The realization of the crime he has committed dawns upon him, and the man follows her to make amends. At first she hates him with a hatred that knows no love. Finally, love awakens in her heart, and grows until it becomes the one powerful and all-conquering emotion.

This, in brief is the theme of "Slander the Woman," but it gives only a sketchy idea of the story of the picture that has to be seen to be appreciated. The role of Mlle. Yvonne Desmarest is considered to be Miss Phillips' finest characterization, and Mr. Holubar extended himself in making his direction live up to Miss Phillips acting.

EPISCOPAL NOTES

Our little church was filled to the doors, last Sunday morning, when all joined together in worship. It being Franklin Gibson's last Sunday, he preached his farewell sermon, and delivered his last very inspiring and encouraging message to us. During the offertory, the solo was sung by Joseph Tracy, in his usual fine, clear voice, in the rendering of "The Holy City." This week, Mr. Gibson leaves for Virginia City, Montana, where he has been given charge of a special missionary field, under Bishop Fox.

Mr. Gibson regrets that he was not able to get around to each family before he left, but in his last message he says: "I must relinquish a very happy, happy work in Plymouth, and bid farewell, at least for a time, to many dear friends. I want to take this occasion to express my gratitude and thankfulness for all the loyal and splendid support that has been given me by the vestry, the Ladies' Guild, the Sunday-school and the Brotherhood of St. Andrews during my short stay among you. I have enjoyed the work and shall count the experience one of the finest that has ever come into my life. I have made many dear friends, and I thank God for everyone of them. May I ask that your earnest prayers follow me to the new field of work to which I am going. But above everything else, may I ask that you continue in prayer and service unceasingly for the extension of Christ's Kingdom. Get behind the new man who is to follow me, whoever he may be, and support him with your prayers, your willing service and your sincere affections."

Next Sunday morning the service will be in charge of the Ven. J. C. Widdifield, archdeacon of Detroit. The archdeacon wishes to meet with the members of the vestry before the service, and all members of the vestry are asked to be at the church not later than 9:30.

Next Wednesday, June 27, the Ladies' Guild will meet at two o'clock at the home of Mrs. Angelo and Mrs. Sweet. All members are requested to be present.

Everybody welcome next Sunday morning at 9:45.

This is the season of the year when the amateur gardeners around Plymouth are wondering if it isn't about time to quit.

Recommends Chamberlain's Tablets "Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home, he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Sweet from Ypsilanti, Mich. Take these tablets when troubled with constipation or indigestion and they will do you good.—Advertisement.

THE STUDEBAKER LIGHT-SIX SEDAN

Where Quality Counts Above Everything Else

Quality is more important in an enclosed car than in most any other product in daily use.

Regardless of price, it is not economy to buy a makeshift job in which the quality is skimmed and cheapened at every turn. Paint, imitation leather and fibre board too often cover serious structural defects and cotton-and-wool trimming cloths are short lived. The chances are that the buyer will more than pay the difference later—in higher upkeep cost, frequent repairs and excessive depreciation.

The price of the Light-Six Sedan is the lowest at which it is possible to obtain a substantial, high grade hard-wood and steel body, upholstered in mohair, in combination with a chassis of proved dependability and performance.

Studebaker's South Bend plants build more high quality closed bodies than those of any other automobile manufacturer and consequently overhead costs are reduced and the price to the customer is low.

The in-built quality of the Light-Six Sedan is evident the moment one gets behind the wheel, and is appreciated far more after twenty-five or thirty thousand miles of service.

The Light-Six Sedan, with its sturdy four-door body, its improved L-head motor, and the excellence of its chassis, combines distinction of appearance with a reliability of performance, a degree of comfort and economy of operation unknown in any other car at anywhere near its price.

Wash Clothes Clean Without Rubbing

The fact that more than 75,000 Detroit households have adopted Mir-A-cle Washing Cream not only for the weekly laundering, but for all general house-cleaning purposes, is an evidence of value that cannot be contradicted.

And the number is growing just as fast as word about this wonderful discovery by a Detroit chemist is passed from one household to another.

For Only Five Cents a Washing

1 Washes Clothes Clean Without Rubbing. Entirely clean—collars, collar bands, the extra-soiled pieces—every piece in the weekly wash. Without any rubbing on the wash board or in the hands, the clothes come out of the rinse water so clean and pure and fresh you will be amazed. White, sweet and wholesome, —not gray, yellow or smelly.

2 Absolutely Harmless. This is a point upon which it is most important that actual truth, and only the truth, should be told. For it is easy to prepare a formula of strong acids or alkalies that will cut the dirt or bleach out the spots, but will at the same time injure and eventually destroy the clothes which are washed in it. Mir-A-cle Cream is entirely harmless—positively will not injure the most delicate fabric or cause or wrinkle the tenderest skin. It does not "cut" the dirt. It simply loosens, dissolves and liquifies all the soil, grime and grease, which then flow out with the rinse water. The fabric is then left genuinely clean, and has the life and feel of its original quality and appearance.

3 No Soaking Required. With Mir-A-cle Cream it is not necessary to soak your clothes over night, and they need not be in the water over a half hour at any time, whether you use boiler or washing machine. Soaking, of course, is not so harmful as artificial bleaching or hard rubbing; but, nevertheless, when you soak the cloth you also soak the color, and the practice if continued will the more quickly sap the life and sheen of the garment. Mir-A-cle abolishes the necessity for this extra work and

Prepared and placed on the market for the first time about a year ago, Mir-A-cle Washing Cream gained its reputation in the first 50,000 homes entirely through word-of-mouth advertising.

This is particularly significant, because the average woman does not continue to use and advertise an article of this nature until she finds it to be exactly as represented and of practical household utility.

inconvenience, and preserves both color and fabric better than any other method of washing known to science.

4 Use With Any Kind of Soap. Mir-A-cle is not a soap substitute. Use just the regular laundry soap to which you are accustomed—bar, chips, flakes, naphtha, powders or liquid. Dissolve the soap in hot water and add three or four tablespoonful of Mir-A-cle Cream. Stir to mix, and put into the water in your boiler or washing machine. Flush the clothes, boil for twenty minutes, or run the machine an equal length of time. Most careful and experienced laundresses insist upon boiling, or using very hot water in the machine, to purify the clothes and for other obvious sanitary reasons. When the white clothes are taken out to rinse, put the colored clothes in the same hot water, and turn out the fire. Do not boil anything that you would not ordinarily treat that way. Simple, plain directions are given on each bottle of Mir-A-cle for this easy, thorough, scientific way for washing. Cold water tends to harden and roughen the fibre of the fabric, and does not purify. Mir-A-cle Cream is not designed to be used in and will not mix with cold water. Always use water warm, hot or boiling for good washing of any kind.

5 Saves Clothes. It is generally known that rubbing and harsh chemicals ruin clothes much faster than the wear usually given them. So it is easy to understand how washing with the Mir-A-cle way not only saves the hard work of rubbing but saves the clothes themselves—prolongs their life and utility and their good appearance. This saving amounts to nearly twice the small cost of Mir-A-cle at five cents a washing.

Make a Test to Convince Yourself

Use Mir-A-cle in your next washing—or test it on any small pieces you may have handy. Give it a fair, careful trial. Follow the simple directions and wash some things this easy, speedy way. Then examine them closely. Note the entire absence of soil spots or streaks—of gray or yellow casts—of soap stains or clogged meshes in the cloth. Note the clear, new, untinged whiteness, and

the wholesome atmosphere of thorough, sanitary cleanliness. After one test, you will use Mir-A-cle in all your washing and household cleaning.

2500 grocery, drug and department stores in Detroit recommend and carry Mir-A-cle Washing Cream in stock for your convenience. Get a bottle with your next order.

MONEY BACK GUARANTEE

Mir-A-cle Washing Cream is guaranteed to be and to do everything we represent. It is warranted to fulfill every claim we make. If you use it in accordance with the directions printed on the bottle and find it other than as represented, you may return it to your store, which is hereby authorized to refund your money in full.

The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Advertisement.

TWO PIANO RECITALS

The advanced pupils of Miss Czarina Penney gave a recital in Penniman Allen theatre, Thursday evening, June 21. The following pupils took part: Miss Helen Fen, Miss Juanita Coe, Miss Alta Hamill, Miss Dorothy Hillman, Miss Gladys Schrader, Miss Hanna Strasen and Miss Barbara Bake.

The evening's entertainment was made still more enjoyable by the singing of several beautiful solos by Miss Florence Paddock of Detroit. Miss Paddock is a singer of rare ability, and her numbers were most excellently rendered and greatly appreciated.

Miss Penney surely has just reason to be proud of the work her pupils have done.

The stage was beautifully decorated with baskets filled with peonies and daisies, while a piano lamp shed a soft radiance over the stage. The young girls gowned in all the bright colors of the season presided at the piano in a very graceful manner. The selections represented Winter, Spring, Summer and Autumn. They were well rendered and reflected credit on both pupils and teacher. Those taking part were: Imo Campbell, Helen Fen, Lucille Elert, Helen Carruthers, Margaret Schaufele, Gladys Schroder, Lorraine Corbett, Dorothy Fish, Hazel Raynor, Lucille Ash, Vera Stoneburner, Ivabelle Campbell and Dorothy Freiheit.
