LUMBER FACTS

We are producing in this country only about as much lumber as was produced in 1890, and yet we have 25,000,000 more people to care for, to say nothing of over-seas needs. In that period the standing timber of the country has not only decreased from about three thousand billion feet to a little more than two thousand billion, but what remains is now much farther away from the center of gravity of consumption.

These lumber facts are going to be pretty well understood by the people, and the man who wants to build a frame house or a house of some other construction into which wood largely enters, will feel that considering that his house will last a generation or longer, he can hardly make a mistake by buying lumber now.

THINK OF THIS

President Coolidge said in his New York speech, "Little progress can be made by merely attempting to repress what is evil, our great hope lies in developing what is good. One newspaper is better than many criminal laws. One school master is better than a legion of bailiffs. One clergyman is better than an army with banners. These are our guarantees of internal peace and progress."

ON YOUR WAY TO CHURCH

BOYS' WEEK IN PLYMOUTH

SEVERAL DAYS OF THE WEEK HAVE BEEN DEDICATED BY SOME FEATURE OF INTEREST TO PLYMOUTH'S FUTURE LEADERS.

Boys' Week activities opened in Plymouth, Sunday, April 27th, simultaneously with similar observances planned throughout the United States. This is the first observance of Boys' Week in Plymouth, and it is sponsored by the Plymouth Rotary Club, which has just recently been organized here. Rotarians Sidney D. Strong, R. R. Parrott and Jesse Hake are the committee who are in charge of the week's program here. Sunday, the ministers of the various churches of the village spoke of those things that were of especial interest to boys.

The committee has arranged a display of boys' books in the store windows of Calvin Whipple and the Beyer Pharmacy. A number of the merchants have decorated their windows with articles which appeal to boys.

This, Friday afternoon, the boys, after school hours, through the courtesy of Rotarian Harry Lush, manager of the Pennington Allen theatre, will be the guests of the Plymouth Rotary Club at a showing of that wonderful picture entitled, "Boy of Mine."

Saturday afternoon at 2:30 o'clock the boys are asked to compete in the Junior Olympic at the High school athletic park, the program for which was announced last week. The meet is international in character, the results to be telegraphed to a central office in Chicago.

Next Wednesday evening, May 7th, the members of the Rotary Club will meet with the Boy Scouts at the Methodist church. A luncheon will be served and the scouts will give a demonstration of their work.

MOVING THEIR PLANT TO PLYMOUTH

DUNN STEEL PRODUCTS CO. EXPECT TO GET THEIR PLANT IN OPERATION BY MAY 15TH.

The Dunn Steel Products Co. are moving their machinery from their Detroit plant to the building which they recently purchased from the F. Millard Co. They expect to get all their machinery installed by the middle of May, when the plant will be put in operation.

Some extensive improvements have been made in the interior of the building to meet the requirements of the new plant. Partitions have been removed, the walls painted, while the steam heating plant has been torn out preparatory to installing a new heating system, and other improvements made in and around the factory building. The Dunn Steel Products Co. manufacture a line of automobile parts and various other specialties. They are a going concern, and have a well established business. The Mill extends a most cordial welcome to the new company to Plymouth.

TWO NEW BUSINESS ENTERPRISES FOR PLYMOUTH

Irving B. Downman of Detroit has purchased of Charles M. Mather, a parcel of the property, formerly known as the Lyon property on Main street, and will establish an oil filling station fronting on Main street, and storage tanks at the extreme rear of the lot, with a siding running in from the Toledo division of the Pere Marquette. Mr. Downman is a sales representative of the Indian Oil Co.

Messrs. Whitlock and Spaulding of Bedford, have purchased a lot of Mr. Mather adjoining the property sold to Mr. Downman and will soon establish a monumental works in Plymouth, to be known as the Plymouth Memorial Co.

The Rebekah Degree Staff Club will meet with Mrs. John Higgins, Wednesday, May 7th.

Clean, Paint, Plant, week of May 5.

CLEAN, PAINT AND PLANT

WEEK OF MAY 5TH HAS BEEN SET BY CHAMBER OF COMMERCE FOR A CAMPAIGN OF CLEAN, PAINT AND PLANT IN PLYMOUTH.

A Clean, Paint and Plant week will be observed in Plymouth, commencing next Monday, May 5th. Movements of this kind are conducted every year throughout the country by various civic organizations, and the campaign in Plymouth will be under the auspices of the Plymouth Chamber of Commerce.

It should appeal to the civic pride of every property owner in Plymouth to have a part in this campaign. To make beautiful Plymouth, still more beautiful is the idea, and Clean, Paint and Plant is the slogan.

There is nothing that makes a town more attractive than to see clean yards, streets and alleys. See that all rubbish, ashes, etc., are cleaned up and carted away during next week. Persons desiring to get the name of someone to draw away rubbish or ashes, can do so by calling the office of the secretary of the Chamber of Commerce, phone 11.

A little paint will do wonders to brighten up that house or building that has begun to look a little shabby. It costs little and works wonders in adding to the attractiveness of the surroundings, aside from the fact that it will preserve the building itself.

If there is anything that adds to the beauty of a town, it is flower-old fashioned flowers. Plant them this year in the garden, about the house, and especially in the unsightly spots. To stimulate interest in the planting of flowers, the Chamber of Commerce will furnish old fashioned flower seeds free to anyone who will apply to the secretary or call phone 11. Suitable prizes will be offered for the best flower beds. The official flowers of the Chamber of Commerce have not yet been selected, and it is desired that suggestions for two flowers, which must be blue and white, be sent to the secretary's office. A prize will be given to the one whose suggestion is selected.

Everybody is urged to help make Plymouth a "Spotless Town." It is already a beautiful town, but let us make it still more so. Clean, Paint and Plant will do it.

HIGH SCHOOL CARNIVAL TONIGHT, FRIDAY

THIS ANNUAL SCHOOL EVENT PROMISES TO ECLIPSE ALL FORMER EFFORTS.

The annual school carnival takes place, this, Friday evening, at the High school auditorium, commencing at 7:30 o'clock. The purpose of this annual event is to supply funds for athletics that do not pay for themselves, basket ball being the only sport that does so. The money received from the carnival goes to buy equipment for athletic sports; to make up deficits that may arise in debating, oratory, declamation and the school annual.

This year the carnival bids fair to eclipse all former efforts along this line, and those who have the event in charge promise something doing every minute.

In the auditorium there is to be a boys' minstrel show with singing by a group of seniors. To this is to be added costume song by two freshmen girls, a Dutch dance set, a tableau of living advertisements and well-known songs, and a group of freshmen songs by a costumed chorus. This show is to be given twice. Between the two, the group of performers on the parallel bars, who were here some time ago, and who come from the department of physical education at the Normal College in Ypsilanti, will put on an exhibition, making three shows in the auditorium.

In the kindergarten room a group of girls will put on a show consisting of catchy songs and dances. It is also planned to have booths selling home-made candy, baked goods and fresh eggs, which will also be on sale at 3:00 p. m. There also may be bought 300 of the finest varieties of everblooming tea roses. The manual training room will run a grab-bag of toys made by the classes, and the usual shooting gallery. The seventh grade is putting on a fish pond. There will be popcorn, ice cream cones, hot dogs, and squakers to put some pep into spring games. A museum featuring the home of Burns and the reigning favorite will be open. There will also be a place to buy orange-ade, the real thing, not the phosphate; orange ice, and a chance to sit down and wait for the rest of the family while it is being eaten. Don't miss the carnival. See ad in this paper.

It's the same in New York--and in New Orleans

Personally, have you a friend who would like to buy a very poorly constructed out-of-style suit today at even \$10.00?

Or, have you in your acquaintance a woman—any age—who would think of purchasing a bygone unfashionable hat at any price?

It's the same in New York—New Orleans—Devils Lake, Iowa—and it's the same in Plymouth.

The people are demanding style—they are insisting on quality and when a store delivers both at a Value giving Price—it finds business too good to worry about!

See us smiling—? That's because of the increase in sales last month!

The out-of-town people who were here to attend the funeral of Mrs. VanVoorhies, were: Mr. and Mrs. Melvin VanVoorhies of Kendallville, Indiana; Mr. and Mrs. Ed. Lacey and Mr. and Mrs. Roy Lacey of Dearborn; Mr. and Mrs. Carey Cole, Mrs. Sidney P. Harris and Mrs. W. I. Root of Detroit; Mr. and Mrs. Wm. Freeman, Mrs. Marie Freeman, Miss Mary Freeman, Mrs. Carey Davis and Mr. and Mrs. Seal Davis of Ypsilanti; Mr. and Mrs. C. H. Freeman of Superior; Mr. and Mrs. J. P. Williams of Fenton; and Mr. and Mrs. R. Norton of Redford.

Twenty thousand signs have been ordered and are being completed for the state highway department. The signs of different kinds, denoting the relative degree near the places at which the signs will be posted, are a part of the program to make the highways of this state more safe than ever before. The work of placing the signs has already started in the lower peninsula, and work in the upper peninsula will be started about May 1st. It is estimated that it will take approximately twenty thousand to cover the highways of the state as it is intended they should be.

GRANGE NOTES

Remember, this Friday evening is when the Belleville Grange puts on the program, and the lecturer is especially anxious that all should be present.

The secretary wishes to announce for the benefit of those interested, that the order of Ready Jello will be on hand at this meeting.

IMPROVEMENTS FOR VIRGINIA PARK.

Blunk & Smith have secured the contract for the building of sidewalks, construction of sewers, and the opening of streets in the Virginia Park subdivision on Penniman avenue, and have already commenced upon their work. Virginia Park contains some very choice building lots, and they will find a ready market for the same. To secure a building lot in a most desirable section of Plymouth, The R. R. Parrott agency has charge of the sale of this property.

OLYMPIC TRY-OUTS TO BE HELD IN ANN ARBOR.

World famous athletic stars from Ohio, Indiana, Kentucky, Illinois, Minnesota, Wisconsin and Michigan will compete in running, walking, hurdles, pole vault, shot put, throwing hammer, discus, javelin and gymnastics in the Olympic Try-outs, which are to be held at Ferry Field, U. of M. stadium, Ann Arbor, Decatur, Saturday, May 30 and 31. The admission is \$1.00, including war tax, good either day. William Wood, local manager of the Plymouth Branch of the Detroit Automobile club has a number of tickets for sale, and he will be glad to supply you.

DEATH OF MRS. ELIZA SHERWOOD.

The remains of Mrs. Eliza Sherwood, widow of the late W. E. Sherwood, were brought here Tuesday morning, from Youngstown, Ohio, where she passed away last Sunday, on her seventy-first birthday. The body was accompanied by her son, Harry M. Sherwood, and was taken to the home of Dr. and Mrs. R. E. Cooper, where funeral services were held that afternoon at 2:00 o'clock, conducted by Rev. D. D. Nagle, with interment in Riverside cemetery. Mrs. Sherwood was an aunt of Mrs. E. Cooper of this place, and L. C. Sherwood and Mrs. C. A. Reekin of Detroit. In years past, she was a frequent visitor at the Sherwood home here, and had many Plymouth acquaintances. Her husband passed away about six years ago.

KELLOGG PARK LOOKS FINE

Kellogg Park never looked better than it does right now. Village Manager Strong has had a force of men at work in the park for about two weeks, grading in the low places with good surface dirt, preparatory to seeding the same. A new cinder walk has been constructed east and west through the middle of the park and a large circular bed has been made in the center in which will be planted a large number of cananias with a border of salvia. A number of signs will be placed about the park asking that people keep off the newly seeded ground and give the grass a chance to grow. The shrubbery which was set out last year will make a good showing this year. If a little money and work is spent upon Kellogg Park each year for several years, it will be a beauty spot that will pay good dividends as an advertisement for Plymouth, because it is sure to be seen by every visitor who passes through the town. Let the good work go on.

NEED ADDITIONAL MAIL CARRIER HERE.

Postmaster M. G. Hill is making a checkup and survey of the two mail routes in the village, with a view of getting an additional carrier. The work of the two carriers on these routes has become so great according to the Postmaster, that the carriers are unable to make two complete deliveries every day. This makes it very unsatisfactory to those who receive their mail but once a day. The carriers work on an eight hour schedule and on route one there are a possible 473 stops or a total of 946 possible stops, and on route two there are 471 stops or a total of 942 possible stops, if they make two complete deliveries a day. On route one the average number of pieces handled each day for six days was 1263. On route two the average number of pieces handled for the same number of days, each day, was 1047. It is interesting to note that 351 parcels were handled during a given period of six days.

Postmaster Hill is of the opinion that one additional carrier to assist on both routes, two complete deliveries a day could be made every day, and possibly give service to some residents who do not now have their mail delivered.

The Chamber of Commerce, some little time ago, took up the matter of better delivery service with the postoffice department, and it is to be hoped that when Postmaster Hill's report is sent in with complete information regarding the mail delivery situation here, there will be some needed relief.

E. S. Cook was taken to Harper hospital last Tuesday for treatment. He returned home Thursday.

Mrs. L. Rathbun went, Sunday, to the Henry Ford hospital, for several weeks' treatment.

Mrs. Homer Williams returned home Tuesday, from Harper hospital. She is much improved.

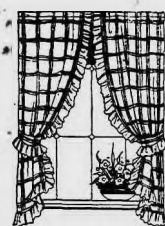

Mr. and Mrs. George Gorton entertained the members of their card club last week Tuesday evening.

Mr. and Mrs. Howard Johnson called on the latter's brother, who is quite ill in Harper hospital, Friday. There will be a regular meeting of the Order of the Eastern Star in Masonic hall, Tuesday evening, May 6th, at 7:30.

Mr. and Mrs. C. A. Korabacher, Mrs. Jack Beamer, Mrs. Berle Korabacher were guests of Mr. and Mrs. Leroy Midgley of Ferris, last week Thursday.
