Burroughs Adding Machine Co. Purchase Property Here

One of Detroit's Largest Manufacturing Concerns Acquire 142 Acres of Land on Outskirts of Plymouth.

Announcement was made last Saturday by the James S. Holden Co., 200 Huron Building, Detroit, of the purchase through the firm of 142 acres of land near Plymouth, Michigan, for the Burroughs Adding Machine Company.

Confirmation of the transaction was made by Standish Backus, president of the Burroughs Company, who stated that the acquisition of this desirable industrial property, did not carry with it any plan for curtailment of operations at the company's present factory on Second Boulevard, and that the purchase was made to provide for future expansion, due to the growth of the company's business.

The property acquired has long been known as the H. S. Shattuck farm. It has a frontage of one-third of a mile on the Plymouth road, at the intersection of Shattuck Ridge road, and extends a mile to the crossing north of the Pere Marquette railroad. Last owners were Harry S. Shattuck, William Amrhein and E. E. Foster, both buyer and sellers being represented by the Holden firm.

Those interested pronounced the environment of Plymouth as ideal for industrial life and purposes, as the property lies outside the heart of the city.

The information contained in the above definitely settles a matter which has been a source of much speculation by the people of the village since the transaction was consummated some weeks ago. And it is a matter that is received with a great deal of satisfaction, inasmuch as it will mean a welcome addition to the prosperity and growth of the village.

This contemplated addition to our already steady growth will undoubtedly bring other business establishments to the village and it is confidently expected that Plymouth will become a center of manufacturing enterprises that will add many thousands to its population. And in expectation of this increase it will be well to begin making provisions for their accommodation and also in the making of public improvements.

EVERYTHING READY FOR BRIG AUTO RACES

Arrangements are complete for the big 150 mile National dirt track championship auto race which will be run on the state fair grounds, speedway next Sunday, October 12. Twenty-eight famous pilots grize the entry list for the qualifying heats, which will be run off Saturday afternoon to determine the actual starters for Sunday's classic. Only fourteen cars will be allowed to participate, indicating that the big speed battle will be keenly contested considering the fact that those who make the grade in landing a berth for the feature go represents the countries best on the dirt track. Ten states have nominated pilots for the preliminary trials, bringing together the greatest array of drivers ever assembled for a dirt track event of this nature.

Special preparation has been given the track with the newly banked turns hardened to a cement-like surface, and followers of this sport predict that the qualifiers will average around eighty miles an hour in the feature event. Unusual interest has been manifested throughout the central states, and indications point to a record attendance with many requests for seats received during the past week. Qualifying trials will be held Saturday afternoon at 2:00 o'clock p. m., and the big 150 mile battle will start at 2:00 p. m. Sunday afternoon.

NORTHVILLE 8; DANIELS SALES, 6.

The ball game that many from this community were interested in at Northville, last Sunday, was won by the Northville Foresters. The Daniels Sales team held the lead until the eighth inning, when a three-bagger and a home run placed the Northvilletes in the lead. Schaub and "Dutch German" were accountable for this with men ahead on the bases. Since this game, the Grenmans Cakes of Detroit, with the distinction of being the world's champion amateurs have issued a challenge to Northville. It has been accepted, and the Cakes and Foresters will battle it out next Sunday at Northville.

The Northville club have had a successful season, but the question now is are they taking in too much territory when they play the Grenmans.

CHEVROLET CAR IN ENDURANCE AND ECONOMY TEST

ALLISON-BACHELOR MOTOR SALES OF PLYMOUTH HAVE ENTERED CAR IN THE 100-HOUR ENDURANCE AND ECONOMY TEST BEING MADE ALL OVER THE NATION.

How far will a Chevrolet car run in a 100-hour endurance and economy contest? How much gasoline will it use? How much oil? How much water? These questions will be answered by the Allison-Bachelor Motor Sales, local Chevrolet dealers, as they dispatched a Chevrolet touring car on a 100-mile endurance and economy run from their showroom at 8 o'clock, Tuesday morning, October 8th.

At the same time, throughout the nation, from showrooms of thousands of other Chevrolet dealers, other Chevrolet touring cars have started on their way to exactly the same time and to demonstrate the same thing—the endurance and economy of the car.

The route had already been laid out by the Allison-Bachelor Motor Sales, and it includes most of the important roads in this vicinity. The car is being run at various speeds, much similar to the speeds that would ordinarily be used by any driver making a 150-mile trip—slower in the congested districts and over bad roads, with greater speed over main trunk state highways.

After the run has been completed, the car will be placed on display in the local Chevrolet showroom and may be inspected by anyone so desiring.

Just a regular stock car, that has already been run from 500 to 1000 miles is being used. Such mileage is necessary to break the car in before the speed of the test should have to be kept down very low in the endurance run and regular test under ordinary driving conditions could not be given it.

Although it is not known how many miles the Chevrolet car will be driven on the five day 100-hour run, it is estimated that at the very least the car will have run a mileage as great as would ordinarily be given it in eight months. The 100-hour endurance contest ends Saturday, at 12 o'clock noon.

WENT OVER THE TWO MILLION MARK

Friday, October 3rd, marked an important epoch in the history of the Plymouth United Savings Bank, when on that day the total dollarings passed the two million dollar mark. The officials of the bank have long cherished a desire to reach this goal, and they are to be congratulated in achieving this splendid volume of business, which shows the bank is enjoying a steady growth, under the able and careful management of its officers and directors.

ENTERTAINS EXECUTIVE BOARD

F. D. Schrader, president of the Michigan Funeral Directors and Embalmers Association, entertained the executive board of the association here last Friday afternoon, at which time plans were made for the state convention which is to be held in Plymouth next June. Mr. Schrader was met at the track dinner served at Plymouth Hotel to the following members of the board: Stanley Wallace of Perry; Fred Smith of Owosso; John Miner, Hillsdale; Frank Schnight and Albert Hilliker, Detroit; Dewitt Davis, Pontiac, and James Moore, Ann Arbor.

MANY NEW NAMES ADDED TO OUR LIST

The subscription campaign, which has been conducted for the Mail by J. K. Potts for the past ten days, has been completed, and the result is that three hundred new names have been added to our subscription list. We feel very proud of our subscription list, and also of the fact that a copy of the Mail can be found in nearly every home in Plymouth and the surrounding country. The Mail invites its advertisers to make an examination of its subscription files at any time.

WOMAN'S CLUB HELD FIRST MEETING OF YEAR

THE CLUB WAS ENTERTAINED AT THE HOME OF MRS. W. J. BRADNER AND MRS. L. CABLE ON PENNIMAN AVENUE, LAST FRIDAY.

THE CLUB MEMBERS HEAR LOCAL SPEAKERS AND A SPLENDID MUSICAL PROGRAM.

The Woman's Club began its new year, last Friday, in a most pleasing and comfortable manner, at the home of Mrs. W. J. Bradner and Mrs. L. E. Cable. At 12:30, the members were served to a splendid luncheon by the social committee, on beautifully decorated small tables, after which the chairman of the day, Mrs. Floyd Hillman, began the program.

Mrs. Charles Humphries was first introduced and made a most stirring appeal for earnest and willing service to the community. After an explanation of the Indian songs of greeting, the woman's quartet sang, "From the Land of the Sky-Blue Waters."

Mrs. George Wilcox enthused greatly by "Our City Beautiful." Folk songs of the Kentucky mountaineers were explained by Mrs. Hillman, and interpreted by Mrs. W. S. Bake in, "Lady Gay," "Her Cheek's Like Some Blooming Red Rose," and "Little Sparrow."

The club is to study during the year, "The U. S. and Community Problems," and what should be more fitting than to begin at home. Mr. Strong was helpful in clearly explaining the problem of the water system in Plymouth, and suggested everybody watch the items of the Metropolitan Area Development.

Mr. Smith, who ought to know our young folks, made clearer the problem in "Recreation and Sport."

Rev. Nagle on the boy question, "Wanted a Man to Lead," is hopeful that a provision for the community of tomorrow, other than food and clothes be made. The remarks of the three gentlemen were timely and important.

Mrs. Hillman explained the need of music and American composers, and Miss Penney kindly interpreted one American, McDowell, by two piano numbers.

A business meeting then followed, and more inspiration gleaned from the various departments.

The next business meeting, October 17th, will be held in the music room on the second floor of the High school building, after which the club will attend the lecture at the Penniman Allen theatre, by Dr. Charles E. Barker on, "A Mother's Relation to Her Daughter." It is the duty of the club members to see that every woman in Plymouth attends this—bring in "Mother Sympathy" and give out "Mother Grundy." Many things are possible through kindness and co-operation, and Plymouth is nearer than China.

S. H. HILLS & SON INSTALL LABOR SAVING MACHINE IN DAIRY PLANT

S. H. Hills & Son, dealers in milk and cream, have added another fine labor-saving machine to their already up-to-date equipment, with the installation of an automatic bottle washer. This new machine, which does away with any hand work, is operated by electricity. As the bottles are put on the conveyor, they enter the machine and are first given a shower of cold water, then they pass through a sterilizing solution; then they are rinsed, and lastly are steamed, and when they come out they are thoroughly cleaned in an absolutely sanitary manner. The new machine will do the work in less than half the time of the old method. Visitors are always welcome at the Hills dairy plant on Blunk avenue, and they are invited to come and see the new machine in operation.

TAIT-PIERCE

Miss Carol Pierce, daughter of Mr. and Mrs. Frank J. Pierce, and Clifford Tait, son of Mr. and Mrs. William Tait, were married by Rev. M. S. Rice, pastor of the Metropolitan M. E. church of Detroit, in that city, Friday, October 3rd. The young couple were attended by Frank J. Pierce, Jr., brother of the bride, and Miss Margaret Norgrove. Both the bride and groom are graduates of the Plymouth High school, and are popular young people of this village. They will make their home for the present with the bride's parents. The young couple have the best wishes of their many friends for a happy and prosperous wedded life.

Our Water Supply

The future outlook for the growth of the village is very bright, in fact a larger and greater Plymouth is right at our doors. This fact brings us face to face with a very important problem, that of a greater water supply. Our water supply, under the best of conditions, is hardly adequate for our present needs. What would it be with the addition of several hundred new homes, or possibly more, in the near future?

While it is true, the village commission is making every effort to increase the water supply, and to this end have had a test well put down at the springs with encouraging results, yet there remains the one pipe line to bring the water down to the village. Will the one 12-inch water main be sufficient to bring enough water down to the village, even if there is a great abundance of water at the springs?

Would it be a feasible plan to drill wells nearer the village, and if a sufficient supply of good water is found, install a pumping station?

There are several artesian wells in the vicinity of Plymouth, and it has been suggested that the water from one of these could be piped into the village mains.

These questions we hear discussed pro and con, some favoring one plan and some another. But there still remains the crying need for more water, and we must have it, no matter what the cost, if we are to meet the demands for this greatest of public necessities, which is bound to come with the growth and expansion of the village.

The Mail invites the discussion of this question through the columns of the paper. We know our village manager and commission are desirous of doing everything in their power to bring about the best solution of this problem and would welcome a frank discussion of a subject that is so vital to the best interests of the village at this time.

PLYMOUTH CITIZENS TO HEAR DR. CHAS. E. BARKER

THE PLYMOUTH ROTARY CLUB HAVE SECURED DR. BARKER TO GIVE THREE ADDRESSES IN PLYMOUTH, FRIDAY, OCTOBER 17TH.

The man who kept Taft physically fit and on the job every day while he was president of the United States, Dr. Charles E. Barker of Grand Rapids, Michigan, is due here next Friday, October 17th. Through the initiative of the Rotary Club, Dr. Barker is going to tell as many men as can jam themselves into the Penniman Allen theatre just what a father should be and what his responsibility to his boys is.

The doctor is unique and any attempt to describe him is sure to omit much that should be said. He is a man of wide experience on the public platform, and his addresses are of such an amazing and inspiring character that all who have the opportunity to do so should hear him.

Dr. Barker makes no attempt at oratory, but he is a wonderfully interesting and electric speaker. He puts the "punch of a pile driver" into his words and drives home, with his illustrations, the truths he upholds. He quickly "gets" an audience and holds it straight through a talk of an hour.

DR CHARLES E. BARKER

For several years following his attendance upon President Taft, Dr. Barker engaged in lecturing to the general public on health and other subjects. In 1919 he so attracted the attention of the Rotary Clubs at their annual convention with his great address on, "A Father's Responsibility to His Son," that requests came to him from all quarters of Rotary to speak. Since then the doctor has been devoting more and more of his time to the Rotary clubs until now all of it is devoted to them.

Dr. Barker has delivered a total of more than five thousand addresses before audiences aggregating more than 8,000,000 persons. His justly famous address on, "How to Make the Most out of Life," especially designed to help High school boys and girls meet and solve their problems, has been delivered before more than 1,000,000 boys and girls in the High schools of the United States and Canada, probably more High school students by far than have been addressed by any other speaker.

Besides the address to the High school students, Dr. Barker will deliver an address to women on, "A Mother's Responsibility to Her Daughter," and one to men on, "A Father's Responsibility to His Son." All mothers and fathers who desire to be of the highest service in helping their boys and girls to a better understanding of some of life's most important and serious problems should make a determined effort to hear these addresses.

Hear Dr. Barker, next Friday.

PLYMOUTH WILL HAVE ENTERTAINMENT COURSE

THE SENIOR CLASS OF THE PLYMOUTH SCHOOL HAVE ARRANGED FOR A REDPATH COURSE OF FOUR NUMBERS AND THE POPULAR SENIOR PLAY.

ALTON PACKARD THE CARTOONIST WILL GIVE THE FIRST NUMBER ON TUESDAY, OCT. 21

THE ANNUAL CLASS PLAY, BOOTH TARKINGTON'S "THE INTIMATE STRANGER," OCCURS ON FRIDAY, OCTOBER 31.

As has been previously announced, the Senior class of the Plymouth High school has made arrangements for a Redpath Entertainment Course to be held this season at the High school auditorium. Since the last attempt by the business men three years ago, which ended with a deficit of over one hundred dollars, Plymouth has been forced to do without these high class entertainers, and it speaks well for the courage of the Seniors that they have undertaken this.

Since the venture is entirely new to the school organizations, it was thought best not to undertake too great a risk for the first year, and in order to provide high quality in every number, only four Redpath attractions were purchased. However, the always popular Senior play will be included as the fifth attraction, and thus the course will offer even greater value than in the past.

ALTON PACKARD

"KICKERS" TO HAVE CHANCE TO KICK

THE CHAMBER OF COMMERCE HAVE SET ASIDE A WEEK, BEGINNING OCTOBER 13, AS "KICKERS' WEEK."

EVERYBODY WILL BE GIVEN A CHANCE TO "KICK" AT THE MEETING, TUESDAY EVENING, OCTOBER 14.

The Plymouth Chamber of Commerce has set aside the week beginning October 13th, as "Kickers' Week." Everything under the sun has had its week, but so far as we know this is the first time the "Kickers" have had a week all their own. The object of "Kickers' Week" is to give everybody a chance to kick in some shape that some action can be taken and something done about it. Nearly everyone has a kick of some sort. We would be a queer lot of individuals if everything that was done in the name of Public Welfare suited us to a T.

The officers of the C. of C. realize that kicks presented in the proper spirit are generally worth thinking about. A kick represents someone's idea about how a thing should be done and many good things are bound to result from "Kickers' Week" if the Kickers do not fall to kick. Kickers will be given an opportunity to kick verbally at the directors' meeting, October 14th. Each kick will be welcomed, and the Board of Directors will see that no legitimate kick passes by unheeded. Those who can kick harder with their pens than with their tongues can convey their kicks to the C. of C. via Uncle Sam's mail, and every kick received in this manner will receive consideration, and a reply providing the kicker is sincere enough to sign his name and address to his kick.

Season tickets will be placed on sale Monday, October 13, by a house to house canvass by the Seniors, and will also be on sale at the following business places: R. R. Parrott's, Dodge Drug Store, Gayde Bros., Community Pharmacy and the Mail office. The price to adults is only two dollars for the five numbers; and to students in school, a dollar and a half.

TELEPHONE EMPLOYEES ENTERTAIN ROTARY CLUB

INTERESTING TALKS WERE GIVEN ON THE HISTORY OF THE TELEPHONE, AND AN EXPLANATION OF THE WORKINGS OF THE SWITCHBOARD AT THE CENTRAL OFFICE.

The Rotary Club was entertained Friday noon, October 3rd, by a demonstration put on by the employees of the Telephone company. Mrs. Beegle, toll operator, gave a short talk on long distance service, together with a brief history of the early development of the method of communication. Among the interesting things mentioned by her were: "In the early days of the telephone, the public in general was skeptical, as has always been the case when some great invention has been produced, and for some years very few people believed that it could ever be developed into anything more than an amusing toy. Later, when attempts were made to communicate by telephone over distances of several miles, the scoffers again made fun and were, in most cases, absolute unbelievers."

"The story is told that, in the early days of telephone development in Michigan, an instrument was taken to Eagle Harbor, in the upper peninsula, and was connected to the telegraph wires coming from Hancock, about 35 miles away; another instrument being connected at that point. The people of Eagle Harbor were invited to "listen in" at this demonstration, and after a number of them had tried it and had spoken to people in Hancock, a cornet solo was played at Hancock. It could be heard so distinctly at Eagle Harbor that the listeners decided that someone outside the building was playing the instrument and endeavoring to fool them. A committee was sent outside and they went around the building, but failed to find the musician. In spite of this, however, it still seemed hard for them to believe that the tones of the cornet could travel such a tremendous distance as 35 miles over a wire."

"A short while ago a demonstration of long distance service was staged in Detroit, and during the evening, Havana, Cuba, and San Francisco were connected, and the telephone officials in these two towns talked to each other with Detroit "listening in." Later, a cello solo was played in Havana, and at the close of the program, a bugler in San Francisco blew taps. Not only did we in Detroit hear distinctly everything that went on both in Havana and in San Francisco, but those in San Francisco heard the music being played in Cuba, and well rounded course, each number possessing qualities of permanent value to young and old.

The course is to be opened by Alton Packard, the cartoonist, back in Plymouth by request from those who have heard and enjoyed him before, to give us a new message and to illustrate it in the cartoons we enjoy the most. Tuesday, October 21, is the date for this wonderful treat, to be followed Friday, October 31, by the class play.

For this event, the Seniors have selected Booth Tarkington's, "The Intimate Stranger," the striking success of the University of Michigan Dramatic Club this last summer. Those who enjoyed "Green Stockings" last winter, will find in this as good a cast, even better coaching, more real comedy, and a play of higher literary value than in last winter's success.

The third number on the course is unique among Redpath offerings. J. Smith Damon is a master of the old and now fading craft of the potter. He will bring many of us our first, and possibly our last chance to see how clay vessels have been molded for centuries. Before our eyes, with the aid of the old-fashioned potter's wheel, he makes vases, jugs, and other utensils, and with it gives us the story of one of the most ancient arts. This master potter-craftsman appears Friday, November 21st.

The musical numbers have always been very popular in Plymouth, and so the Seniors have selected two of the best on Redpath circuit. The Marion Male Quartet will appear on Tuesday, January 27, and on Tuesday, March 17, The Harp Novelty Company, a ladies' quartet. Both are unusually accomplished in vocal ability, and in addition offer many pleasing instrumental selections. It is understood that this is the first appearance of a harpist upon any lyceum program in Plymouth.

The dates for all five numbers have been selected with the intention of interfering as little as possible with other activities. Two Friday dates and three Tuesday dates, are so arranged that they do not conflict with the movies, basket ball, or the ordinary church activities.

OXFORD TEACHER HONORED

Miss Julia Dryden and Mrs. Marie Stoneburg entertained at a three course dinner, twenty-six guests, at the home of Mrs. Clayton Foyal on North Washington Street, Friday evening, September 25th. Cupid from his aeroplane announced the coming marriage of Miss Ila Roe to Harmon Fritch. The color scheme of pink and white was used. The out-of-town guests, were: Miss Marie Roe of Ann Arbor, Miss Ernestine Roe of Durand, and Mrs. Harve Nique of Pontiac—Oxford Leader.

PLYMOUTH GRANGE WINS FIRST

Plymouth Grange won first prize for the most attractive community exhibit, and the Canton Center Community club won second. In the institutional exhibits the Wayne County Farm won first, and the Detroit House of Correction second. These displays were very attractive and a fine assortment of garden, field and orchard products were shown—Northville Record.

AN IMPROVEMENT FOR 1925

Among the improvements that are to be made next year on our streets, we hope to see the paving of two streets, which form the north and south boundaries of Kellogg Park, included in the budget. The park situated in the heart of the village, commands a slightly position, and one that attracts the attention of every passerby, and the paving of these two short streets would add materially to the appearance of the general surroundings, and it would be an improvement that we believe would meet with the general approval of our citizens.

OLD-FASHIONED MOTHERS

A well-known citizen of Plymouth showed us a paper recently containing a note to the effect that an old-fashioned mother was invited to speak before a high-brow Mothers' Club in a distant city not long ago on "Rearing Children." The article says she almost broke up the club when she arose and said: "I feed 'em good, old-fashioned food like bread and milk, mashed potatoes, steak, mush, vegetable soup, and pastrami. When they want to wade in the mud I let 'em. If they don't get up when I call 'em or try sassing me or doing something I've warned 'em not to do, I cut off a peach sprout and give 'em a good tanning. When they get the stomach-ache, I dose 'em myself. That's all I do to keep 'em in line, except that if they get 'em bad with the teacher at school I usually find out why; and if the teacher licked 'em and they needed it I give 'em another so they'll remember it. And they really do pretty well." The club voted down her application for membership because "she is too old-fashioned."

THEY HAVEN'T CHANGED

Does anyone in Plymouth remember now the dreadful pictures that were painted a few years ago of what would happen if women got the ballot? We do. We remember some fellows said the women, if allowed to vote, would quarrel with their husbands and argue politics until they neglected their homes; that they would neglect their children. Others said they didn't understand the business end of politics or of running the country, and that if put on an equality with men the whole social framework of our nation would soon fall that men would lose respect for womanhood, and all that. But we see differently now. With but very few exceptions they are going right along as they did before—being ideal wives and mothers and not seeking either public office or a lot of notoriety. Of course there are some women who insist upon flaunting themselves in the face of the public, but they would have done this even if they hadn't been given the ballot. But the sensible woman—the kind sensible men pick for wives—didn't change with the constitution. And we don't believe they ever will.

THEY LIKE THEIR NEW FIRE PUMPER.

Allegan, Michigan, a town about the size of Plymouth, has just recently replaced their old fire truck with a new truck equipped with a pumper, such as is needed in Plymouth. Two weeks ago a serious fire broke out in a big mill in the town. We quote the following from the Allegan News, regarding what they have to say about the new pumper. "The worth of the new fire pumper was proved last night. If it had not been for this machine, the mill would not only have been doomed, but it is probable that adjoining buildings would have been swept away." "The fire pumper paid its cost in that one fire last night," said Chief Maentz, Thursday morning. "The fact that the plant is standing at all is due to the pumper alone." "When the powerful streams were turned against the flames they were checked immediately. If the fire had not gained such a headway before discovery, the powerful streams would have made short work of the flames."

LATE PASTOR WELL BELOVED IN SOUTH DAKOTA CITY.

We take the following from the McIntosh, South Dakota, Globe-Chief, regarding the recent death of Rev. Carl Strasen, which will be of interest to the late pastor's many Plymouth friends:

"A shadow of sorrow was cast over McIntosh and vicinity Monday morning, when news of the death of Rev. C. Strasen was announced, death occurring at twelve o'clock Sunday night. The death of Rev. Strasen is extremely sad, a baby girl having been born to Mrs. Strasen Saturday night and her condition was quite serious at the time of his passing. He was taken to Moberge two weeks ago, and was sent home the forepart of last week, with the belief that he was improving.

"Rev. Strasen was a healthy appearing young man, in fact his build and sturdiness was envied by many, but his health was none too good for the past couple of years. He was always cheerful and very few knew or suspected that he was not enjoying the best of health. Since the construction of the new Lutheran church was commenced he worked hard with the men that were employed on the building to hasten its completion, and it is the opinion of some that the work and worry in the building of his church was partly responsible for his undoing. Three days before the time set for the dedication of the church, he was taken seriously ill and was hastened to Moberge. He was called to his reward before entering the place of worship he helped build with his own hands. The church will stand as a monument for the work he had accomplished in his short stay in this community.

"Although Rev. Strasen was sincere and conscientious in his work as a Lutheran minister, he was admired and had many friends outside his church congregation. He was broad-minded in his dealings with people and granted others the right to their own belief. He acted as referee at the basket ball games last fall, and often assisted in the coaching of the local team, and was an athlete himself. He was liked by all and tendered respect wherever he was. His calling leaves a vacancy, not only in his church, but in the city of McIntosh, that will be hard to fill.

"Services were held at the Lutheran church today (Thursday) and at the home, all the business places being closed for an hour during the service as a last respect. The church was filled to overflowing by friends of the deceased. Rev. Blauert of Dupree; Rev. Trau of Bowdle; and Rev. Firstenau had charge of the services. A quartette composed of the deceased's college chums sang, "Nearer My God to Thee."

"The obituary will appear in the next issue of the Globe-Chief."

FARMS! FARMS!

I have one farm of 114 acres 1 1/2 miles from South Lyon, 10 head cattle, 3 calves, 450 chickens, 2 mules, Fordson tractor and plow, 100 Steel Red apple trees full of fruit, 20 tons hay. A bargain. Has to be sold at once to get benefit of crops. I have several good buys in farms, large and small, and also some good buys in houses and lots. Rambo Real Estate Co. 4611

Today's Reflections

Somebody has estimated that the handshaking from one election would milk every cow in the United States.

When you hear a Plymouth man say: "Go ahead and bob it," you don't have to guess who is the boss at his house.

It's easy to put up a bluff in a big city, but in the small town everybody knows the size of your bank roll.

The farmer would feel lots better about improving his condition if everybody else wasn't in such a hurry to take credit for it.

One reason why Plymouth young men can't see anything to Latin and Greek is they know some bricklayers get as high as \$15 a day.

The first question the round-the-world flyers asked on landing in America was, "When do we eat?" They're Americans, all right.

That back-to-Africa movement won't get very far as long as this country is willing to pay colored jazz bands big wages.

We still believe the average Plymouth wife would be as satisfied as a sweetheart if her husband would only treat her that way.

Our idea of a brave man is the doctor who attends a man for nervous breakdown and advises him to go out and get a steady job.

We're not wasting any sympathy on the hairpin makers. We worried about the corkscrew manufacturers—and they're still in business.

Our advice to all young men of Plymouth is: When in business, put it in writing; when in love, never write it.

The greatest riddle in this country is the woman who has her husband arrested for beating her, and then sobs and cries for fear the judge won't let him go scot free.

Every woman would take a vacation if it wasn't for the fact that she fears everything around the house would go to smash.

Most Plymouth girls are pretty independent. But none of them have forgotten how to say: "Charge it to Dad."

A good many times the Plymouth man with one foot on the gas has the other foot in the grave and does not know it.

PRESBYTERIAN NOTES

A special meeting of the trustees was held last Monday night, to select a new advertising space in the local paper.
The Woman's Union of Northville was entertained last Wednesday afternoon at the church, and a joint meeting with the local Auxiliary was held.
Don't fail to be at church and Sunday-school next Sunday—in fact it will be worth your while to rally all day. Some of the university students who are to have charge next Sunday night, are: Miss Emily Hulbert, sophomore; Miss Helen Roszel, junior; Leonard DeMoore, graduate of Hope College and Fellowship Student, and George Alder, junior. Two of the themes will be, "Why I Am Entering the Ministry," and "Why I Expect to be a Missionary."
The executive committee of Christian Endeavor met last Monday night, at the home of Merrill and Winifred Draper. Committees for the year's work were chosen.

OBITUARY

Mrs. Harry Norris died September 30th, at her home on Dodge street, in this village. Mrs. Norris had been ill for over a week, but her death came unexpectedly, after a 24-hour attack of plural pneumonia. She was the daughter of John and Susan Ann Watson, was born near Holly, and was 38 years of age.
After a short prayer by Rev. Nagle at the home last week Thursday, the body was taken to Holly, where the funeral was held from the Methodist church. Rev. Wilcox officiating. Burial was at Lakeside cemetery. Besides her husband, Mrs. Norris leaves three children, Irwin, 14; Wilva, 12, and Kenneth, 8, and a brother, William Watson.

The work of moving the old Botsford hotel at Clareville to a point somewhat back of its present location on Grand River road is progressing rapidly, and Henry Ford, who recently purchased the farm on which it stands can be seen there nearly every day supervising the work. The building will be placed on a new foundation, but no changes will be made in its design, or interior arrangements. The great hall room, the scene of many brilliant social gatherings in early days will be kept intact. The building will be surrounded by spacious grounds with walks and drives, and ornamental shrubbery.—Farmington Enterprise.

BAPTIST NOTES

A good audience greeted Rev. Charles of the Philippine Islands, last Sunday morning, who addressed them on the work in the islands, educational and medical, as well as spiritual. He also gave to us a birdseye view of Japan and China, in their distress today, after the earthquake and during the war in China. He spoke of the Sunday-school, and told the boys and girls of the brown babies he has to look after in the Philippines. The Sunday-school raised money during the Sunday-school hour to buy 100 new song books, and we hope they may be on hand for next Sunday.
Remember, the Ladies' Aid will hold a bake sale at Pfeiffer's market, next Saturday at 2:00 o'clock.
The male quartet sang fine last Sunday. Someone said, "Sing it again."
The B. Y. P. U. expected to meet with the Epworth League, next Sunday evening and hold a joint meeting, but it has been postponed until the M. E. church is completed.
The Epworth League will meet with the B. Y. P. U., October 19th, at the time of the regular service, 6:00 p. m. We hope for a good spiritual meeting that night and a large attendance.
The pastor spoke last Sunday evening for a few minutes, on "Cause and Prevention of Fire," at the request of Chief Fire Marshal C. V. Lane of the state department. Michigan lost last year by fire, \$19,000,000; 35 churches, 22 schools, 33 public buildings, 240 factories, 34 hospitals, 4693 homes, 5 court houses, and five million dollars in forest fires.

METHODIST NOTES

This is Fire Prevention Week. Eliminate the fire hazards.

The choir will hold a bake sale at the gas office, Saturday afternoon. Get your baked goods for the week-end of these folks.

November 2 is the big date. The new Community House will be dedicated then.

How much do you read the Michigan Christian Advocate, and keep up with the times, particularly with what the church is doing to save the world? A half hour or hour could not be better spent than in perusing this splendid paper.

If you are not receiving the Advocate, you can have it from now till January, 1926, for \$2.00. Extra big bargain. Call up the pastor and tell him you want to take it.

Here's that song the preacher spoke about last Sunday:
"My body, soul and spirit,
Jesus, I give to thee,
A consecrated offering,
Thine evermore to be."

Chorus—
"My all is on the altar,
I'm waiting for the fire;
Waiting, waiting, waiting,
I'm waiting for the fire."

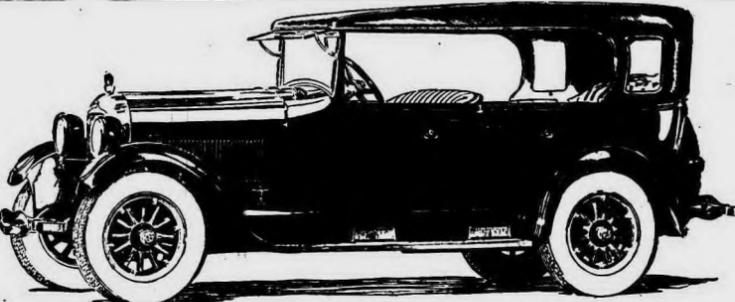

Sing it and live it every day. Keep on growing in your Christian experience. Life means so much more to one, when one walks closely with Christ every day.

Our church ad is located in a new place this week, and will be from now on. How do you like its appearance? We think the appearance of the whole paper will be much more attractive with the new arrangement. We congratulate the editor on his innovation.

Attend church somewhere next Sunday.
The Sunday-school Board will meet at the parsonage next Tuesday night at 7:30. Important business for every teacher and officer.

Have you turned in your pledge for the Current Expense Budget yet? It will be a great help in the management of the affairs of the church if you will do so. Thank you.

Duplex—exclusively Studebaker —a new kind of car!

A closed and open car combined—the advantages of both at an open car price!

Value Points New Big Six

The New Duplex-Phaeton Body—it solves the closed-open car problem.

Genuine Balloon Tires.

New Satin-Lacquer Finish.

Spanish chrome tanned leather upholstery.

New ideas in case of operation and control.

Vibrationless Engine; forced-circling system with new idea in oil supply. Full 75 h. p. block test.

Four-wheel Hydraulic Brakes optional—totally unlike any other system on American cars.

THE new Studebaker Duplex models give the comfort and protection of a closed car—with all the advantages of an open car, plus the good looks, riding comfort, interior finish and fittings that no open car could ever give!

Yet the price is no higher than that of an open car.

The appeal of its simplicity, convenience and durability is instant and decisive—with a touch of the hand you draw down the four roller enclosures and in thirty seconds your airy open car is a snug, comfortable enclosed car. With equal ease the enclosing sides can be rolled up into the roof and you have an open car again.

The Duplex body is especially built for the roller side enclosures, the roof is framed and shaped in steel—permanently beautiful and steel-strong to support the rollers, and the upper part of the Duplex is integral with the lower part. It is a unit body which harmonizes perfectly in beauty and function.

There is no other body like it on any other car at any price—because it is exclusively a Studebaker creation, made only by Studebaker. You can buy the Duplex from no other maker.

The new Duplex is available for each of the three new Studebaker chassis—the new STANDARD SIX, the SPECIAL SIX and the BIG SIX.

And these three new chassis are the evolution of the famous chassis of the five preceding years. Each year they have been improved and refined.

But this year the new models are climaxed with every tested and proved betterment that experience and science have thus far developed.

They are paramount exemplars of modern automobile design. Simply stated, this means that money cannot buy more modernly perfect automobiles than the new Studebakers—we have the Duplex models ready for your inspection. Come in today!

Iguana Fearsome Beast

A monster iguana has recently been added to the attractions at the London (England) zoological gardens. When the weather is warm and fine this strange beast is allowed out into the open. With its spiny breast which turns blue with excitement the creature looks so terrifying that spectators are not likely to ignore the notice warning them that "The animal is very dangerous. Do not touch." This is fortunate, for apart from inflicting a severe wound with its claws or muscular tail, the iguana has such massive jaws, set with needle-like teeth, that it could almost bite through the hand. Wearing a collar, the iguana is tethered to a stake, where it can get the sun.

Despite its fresh-air treatment, the iguana has lost its appetite, so it is being forcibly fed by the attendants.

Honesty

A man who wanted to know what the percentage of crooks is in the world sent a hundred one-dollar bills to as many persons, together with a letter explaining that they had been overcharged to that extent. Nobody had been overcharged, of course. Because there had been no business relationship between the sender of the letters and their recipients. Sixty-three of the hundred returned the money—thirty-two women and thirty-one men. Of five letters sent to bar-keepers, only one returned the cash. Thirty-seven of the one hundred persons silently pleaded guilty to being dishonest.—Hearst International Magazine.

Seraglio's Location Fixed

The ancient palace of the sultans of Turkey at Constantinople is called the seraglio, the Kansas City Times informs us. It is beautifully situated on the site of ancient Byzantium, and incloses within its walls an area of nine square miles. Irregularly covered with baths, mosques, kiosks, gardens and cypress groves. The chief building is the harem, erected as a residence for the wives of the sultan. The outer court of the seraglio is free to all, and is entered by the sublime porte. The new palace of the sultan of Turkey is on the Bosphorus, opposite Scutari.

Panorama of Events

in Newspaper Pages

Since a professor in one of the leading western universities (Wisconsin) has drawn attention to the important place occupied by newspapers as historians of the times and urges their study upon the public generally and upon schools and colleges as textbooks of information of current events, it may not be immodest slightly to emphasize the truth of the professional opinion.

No newspaper man yields his just pride in the product of his toil. As put into the hand of the reader, the newspaper is a daily monument to an industry, intelligence and organization genius which is all but incomparable in any other sphere of human manufacture. However, let that go.

It is as the exhibitor of the vast panorama of world events that the public is concerned with the newspaper. For an insignificant sum and with no effort by himself, the reader sees pass before him on the printed page the multitudinous activities of men, great and small, the performances of nature, benign and malign to the interest of human kind. Many-eyed Argus did not see and repeat a tithe of what the sleepless and all-embracing eye of the press observes and instantly reports for the information or entertainment of its readers.

History in the making is there daily written, and to the man who can relate cause and effect, who can forecast from a seemingly insignificant event printed in the columns of his newspaper a whole chain of consequences, culminating in some alteration of affairs that will profoundly affect the lives of millions of people, the study of his news sheet is a fascinating pursuit.

The man who really reads a modern newspaper and does not merely skim through it, receives a liberal education in the arts and sciences, the humanities, the psychology of human nature, and is informed upon a variety of things which only a few years ago no one man could hope to know. The university of Wisconsin professor is quite right; the newspaper is well worth study.

Learning to Cook

A bride of three months lives in a flat and has become very friendly with her neighbors. She strolled into a company of other women who have their habitat in the same building, sat down and said she was tired. Of course another woman asked what she had been doing.

"Just prepared dinner for my beloved," she said, "and for one who never cooked before it was some task."

"How did the beloved like it?" another neighbor asked.

"He was proud of me," replied the bride, glowing through her weary countenance.

"Review the menu," came a chorus. "All right," came back from the bride: "Sliced tomatoes, boiled eggs, canned corn, lettuce, chocolate, dried beef and hot rolls from the bakery. I tell you it's no easy job to learn to cook in three months."

Historic Indian Dead

Dick Morgan, an Indian who died recently, was a historic character of Alaska. It was recalled by the Rev. A. P. Kashevarov of Juneau. Morgan, whom the United States naval authorities had employed as a policeman nearly fifty years ago, was sent with a message from Capt. L. A. Beardslee to settle differences that had arisen between the Kockwontahn and Ganadi tribes north of Sitka, says the Detroit News. Morgan informed the chiefs of the warring factions that they were to preserve order and to permit the white man to go through the Yukon passes. Morgan returned February 12, 1880, with word to Captain Beardslee that the Indian factions would remain peaceful and that the white men could enter the country without fear. As a result of this parley the Chilkat country was opened to miners.

How He Would Die

Edmund Gosse, the essayist, relates Walter Tittle in the Century Magazine, for a long time has been served by the same barber, who is a great comfort because he does his work well and in utter silence.

"One day," said Mr. Gosse, "he astonished me by an inclination to talk. Asking me to pardon him for any seeming presumption, he proceeded: 'I merely been hoboservin' your hair for a rather longish period. Time was when I thought as 'ow you might lose it, but he, sir, I am sure you will die in your hair.' Yes," he repeated, 'you will die in your hair, sir.'"

Dogs as Rescuers

Mrs. Ruby Pettis, who lives on a ranch near The Dalles, Ore., was pinned under a heavy wagon which turned over when she was on her way to town. Her two dogs, Jacks and Pup, immediately dug a hole under her head and body, thus enabling her to breathe and saving her life. She was unable to extricate herself and was not rescued for fifteen minutes when a neighboring rancher came along.

His Indorsement

"I observe," said Professor Pate, "that the annual gathering of the Welsh bards and minstrels at the bardic stones is called the Eisteddfod."

"Serves them right!" snarled J. Fulter Gloom, who is a chronic hater of the good, the true and the beautiful.—Kansas City Star.

NEWBURG

"The Red Rose," a story of service and song, will be given next Sabbath evening, at the church, under the auspices of the choir, for the purpose of purchasing special song books for the choir. A silver collection will be taken. This is under the direction of Rev. and Mrs. Havens. They have a fine choir started, and should be encouraged by all in making it a success.

Those having charge of the different booths at the fair and homecoming to be held Friday, October 17th, at the L. A. S. hall, are: Mrs. Edgar Stevens and Miss Hattie Hoisington, fancy and apron booth; Mrs. Jesse Thomas, fish pond; Miss Ada Youngs and Mrs. D. Ryder, candy booth; Mrs. Henry Grimm, Sr., has the vegetable counter. Mesdames Geer and Holmes will be matrons of the dining room; Mesdames Gansolly and Ruff, coffee; Mesdames Joy and Ryder, kitchen. Anyone wishing to contribute toward any of these booths, it will be greatly appreciated by those having charge. Further notice next week.

The choir from the Grand River Avenue church, Detroit, with local talent from Perrinsville and Newburg, will give a fine concert, Saturday evening, at the Gleaner hall, Perrinsville. See how many can go from here and help them out.

Rev. and Mrs. Paul Havens, Mesdames C. E. Ryder and D. Ryder, and William Smith attended the harvest home dinner at Beech, Friday evening.

Mr. and Mrs. C. E. Ryder and son, Leigh, visited the prison farm last week Wednesday, seeing a great many things of interest, especially the canning department.

Mr. and Mrs. Clyde Smith, William Smith and Mr. and Mrs. C. E. Ryder motored to Pinckney, Sunday afternoon, calling on Mr. and Mrs. G. Wagener.

Mr. and Mrs. Donald Ryder motored to Toledo, Tuesday, bringing Mrs. M. Eva Smith, who has been spending the week there, back with them, Wednesday.

Mr. and Mrs. Wyley and family have moved from the Lincoln Park Inn to rooms in the LeVan house. The Ware Bros. have the contract for building Mark Joy's house on Plymouth road, next to his cement block factory.

Rev. Leigh Hagel of Capac, and Miss Marion Bamber of the U. of M., visited Rev. and Mrs. Havens, Saturday, and attended the supper at Beech, Saturday evening.

Mrs. Schaub of Detroit, spent the week-end with Mr. and Mrs. Mark Joy. Other visitors there Sunday, were: Mr. and Mrs. Strouler and four daughters of Detroit. Mrs. Joy also spent the latter part of the week visiting friends in the city.

Mr. and Mrs. J. Thompson visited relatives in Milan, Sunday.

A little daughter came to stay with Mr. and Mrs. J. Bennett, September 1st.

Visitors at Mrs. J. M. Thomas', last week, were: Mrs. Linas Burns; Mrs. Frank Lee of Redford; Mr. and Mrs. Dan Dufour and Mr. and Mrs. Fields of Detroit.

Mrs. Arthur Genrich entertained company from Detroit, over Sunday. Mr. and Mrs. M. Keserice visited at Belleville, Sunday.

FORMER PLYMOUTH BOY WEDS

We take the following from the Wadsworth, Ohio, Banner-Press of September 18, regarding the marriage of Wilbur E. Cook, formerly of Plymouth, and the son of Mrs. Bertha Cook of this village, which occurred in Wadsworth, September 13th:

"Very unostentatious but beautiful in its simplicity and impressiveness was the wedding of Miss Miriam Lydia Durling and Wilbur E. Cook which was solemnized at the home of the bride's father, Schuyler C. Durling, 138 Highland-ave., Saturday morning at 10 o'clock. About thirty close relatives were present to witness the ceremony which was performed by Dr. Miner Lee Bates, president of Hiram college. The double ring service was used, the ring for the groom being one which had belonged to his father.

"Preceding the ceremony Mrs. J. C. Whitlam rendered a piano solo, Andantino, by LaMarr, and Mr. Cook's mother, Mrs. Bertha Cook of Plymouth, Mich., sang "At Dawning". She was accompanied by Mrs. C. J. Irely at the piano.

"Before the fireplace in the living room, where the ceremony was performed, a bank of ferns formed a pretty background for the wedding party. On the mantle were two large silver baskets of pink and yellow snapdragons and white clematis and bouquets of the same flowers were used about the rooms. The banister of the staircase was entwined with white clematis. As Mrs. Whitlam rendered Mendelssohn's wedding march, Dr. Bates and the groom took their places. Little Barbara Jean Durling, niece of the bride, as flower girl, descended the stairway, carrying a basket of yellow snapdragons. She was followed by Miss Durling on the arm of her father who gave her in marriage. The bride's gown was white crepe de chine with lace trimming and she wore a beautiful shower corsage of white and sunburst roses. Following the ceremony a breakfast was served, the bride's cake being a triumph of artistic beauty. On the top was a bell in pink icing and bearing the initials D. and C. in gold; surrounding the bell were orange blossoms in their natural color and scrolls of white and gold decorated the outer edge of the top and the sides.

"Mr. and Mrs. Cook left the same day by motor for Michigan where they will spend two weeks. Mrs. Cook wore as her going-away outfit, a raspberry bengaline dress with fur-trimmed coat and hat in the same color. Upon their return they will go to housekeeping at 304 Highland-ave. where they will be glad to receive their friends.

"Mr. Cook, who formerly resided at Plymouth, Mich., graduated from the University of Michigan in electrical engineering, and since January has been a resident of Wadsworth, having come here to install the electrical equipment for the Wadsworth Brick & Tile Co., of which he was later made general manager. His bride is the only daughter of S. C. Durling and is a graduate of Wadsworth High and of Hiram college in 1920. She is an accomplished pianist. A number of pretty gifts bespeak the good wishes of many friends.

"Out of town guests at the wedding consisted of the groom's mother and brother, Mrs. Bertha Cook and Les. Cook of Plymouth, Mich.; Mrs. Cora Olmstead of New Philadelphia; W. J. Durling of Alliance; Dr. James K. Durling, wife and two children, Barbara Jean and James Algier, of Albion, N. Y., and Mr. and Mrs. Howard Foust of northwest of Wadsworth."

Two years ago Thursday of fair week was designated as Plymouth Day and our neighbors made a fine demonstration, coming over with many autos, handsomely decorated and filled to their capacity. Last year they did the same and this year also, and the fine spirit of community helpfulness was greatly appreciated by the people of this section. Plymouth's recent celebration afforded Northville people their first opportunity to express their appreciation and they did in a most impressive manner. As a result of this neighborly spirit both committees have been greatly benefitted, and the residents of the two towns have been drawn just a little closer together.—Northville Record.

SOUTH SALEM

Leo Heintz of Northville, and Miss Gertrude Stacey, daughter of Mr. and Mrs. Charles Stacey of South Salem, were recently married.

Mrs. Olin Tait and children of the Town Line; Mrs. Earl Quackenbush of Dixboro; Mrs. Nelson Bender of Worden and Mrs. Glenn Whittaker and son, Robert, were guests of Mrs. William Tait in Plymouth, last week Tuesday.

Harry Mason of Detroit, a former resident of Town Line, was a recent guest of Walter Carter, Sr.

Rev. and Mrs. Haliday were supper guests at Glenn Whittaker's, Thursday.

Mr. and Mrs. Kenneth Rich have a new sedan.

Mr. and Mrs. Chase and Mrs. Mary Hollis of Dexter, were supper guests of Mrs. Glenn Whittaker, Friday.

Mr. and Mrs. Charles Wheelock of Plymouth, were Sunday guests of Mr. and Mrs. Kenneth Rich.

Salem Farmers Club met Wednesday evening, October 1, with Mrs. Carlton Lewis. About 35 guests were present. The program included a paper by Miss Grace Geiger, a recitation by Mrs. Eva Farley, and a reading by Mrs. Etta Johnson. Supper was served, and a social hour enjoyed.

Mrs. Dora Nelson entertained the B. W. L. club, Tuesday afternoon, September 30. The refreshments and decorations were suggestive of Halloween.

Mr. and Mrs. Horton, who make their home with the latter's parents, Mr. and Mrs. Bolt, on the Fred Bird farm, are the parents of a daughter, Phillis, born September 30.

The names of the Citizenship Club officers are as follows: President, Beryl Smith; vice-president, Vivian Groth; secretary, Velma Dolcecek; health officer, Lawrence Rudick.

Martha Shultz is ill and out of school.

Miss Laura Bordine attended the Zone One meeting held at Haren schoolhouse, Saturday.

Miss Emery and Mr. Hopper visited Jarvis school Thursday, and gave tests in arithmetic.

Mrs. Hicks is substituting on R. D. 1, Plymouth, as Robert Walker is taking a vacation.

Among those who were in Ann Arbor, to see "The Covered Wagon," last week, were Mr. and Mrs. Arthur Miller, Mrs. W. B. Rorabacher, Miss Elsie Turner, Miss Ada Graves and Bruce Rorabacher.

The Schwocho boys were guests of their cousins, the Sieloff's, Sunday.

QUARANTINE PROCLAMATION WAYNE COUNTY

Executive Office, Lansing, Michigan, August 2nd, 1924.

It having been represented to me by the Commissioner of Agriculture that tuberculosis exists among the cattle of Wayne County and that all the cattle of said county should be examined and tested for tuberculosis.

Now, therefore, by virtue of the authority provided, I hereby declare that a quarantine exists on all the cattle in Wayne County and against the importation into Wayne County of cattle not found to be free from tuberculosis through the application of the tuberculin test, except steers which can be properly isolated or cattle for immediate slaughter, and that the area within the boundary lines of said county shall constitute the quarantine district and that all cattle therein be examined and tested, under the rules and regulations of the Commissioner of Agriculture, a copy of which is hereto attached.

ALEX. J. GROESBECK, Governor.

State Department of Agriculture

A quarantine having been placed upon all the cattle of Wayne County, NOTICE IS HEREBY GIVEN:

1. That an examination and test for tuberculosis of all cattle in Wayne County has been made by authorized inspectors, and except as hereinafter provided no cattle shall be imported into said County of Wayne during the term of said quarantine.
2. Cattle may be imported into Wayne County upon the express condition that the owner thereof or the person lawfully in possession shall submit to the Commissioner of Agriculture a proper certificate indicating that such cattle are from a herd tested under Federal and State supervision and found free from tuberculosis, or have been subjected to an approved tuberculin test applied by an accredited veterinarian within sixty days prior thereto.
3. Cattle to be slaughtered within ten days, or steers intended for feeding or grazing purposes, may be imported into Wayne County without test upon condition, however, that such cattle be kept separate and apart from other cattle until slaughtered or removed from the county. A conditional permit therefor shall be issued by the Commissioner of Agriculture.
4. These regulations are not intended to prevent the removal or exportation of cattle from said county during the term of this quarantine.

L. WHITNEY WATKINS, Commissioner of Agriculture.

Sec. 23. Any person violating, disregarding or evading any of the provisions of this act, or any of the rules, regulations, orders or directions of the Commission of Animal Industry (Commissioner of Agriculture) made pursuant hereto, shall be deemed to be guilty of a misdemeanor or and by conviction thereof shall be punished by a fine of not less than ten dollars or more than five hundred dollars, or shall be imprisoned in the county jail for not more than six months or both such fine and imprisonment in the discretion of the court. The doing of any act herein declared to be unlawful, or herein forbidden, shall be deemed to constitute a violation hereof.

AROUND ABOUT US

Redford's postoffice is now a part of the Detroit area of postoffices.

The 64th annual Michigan Sunday-school convention will be held in Ann Arbor, October 29, 30 and 31.

Redford's poultry show is on this week. Some of Plymouth's poultry fanciers are planning to attend.

One of Hully's gardeners reports a tomato resembling a doughnut, hole and all, taken from his garden the other day.

After completing six years as pastor of the First Presbyterian church of South Lyon, Rev. W. G. Evans has resigned on account of failing health.

Several Ford engineers from the River Rouge office are now engaged in making a survey of the River Rouge dam, which is to be erected four and one-half miles north of Redford, out the Franklin road way. It is rumored that the Ford company plans to erect an accessories factory near the new dam site. Ford bought the water rights for the new dam in 1917, and the water will be impounded up the river as far as the Twelve Mile road.—Redford Record.

Edsel Ford will erect a picturesque log house on Haven Hill, Elizabeth Lake road, Oakland county, fifteen miles west of Pontiac. The structure will center a 2000-acre estate owned by the president of the Ford Motor Co. It will be one-story, and to that extent like the log cabins which dotted the landscape of Oakland county one hundred years ago. But that is as far as the likeness to pioneer homes will go, as the Ford residence will be the last word in comfort and convenience.

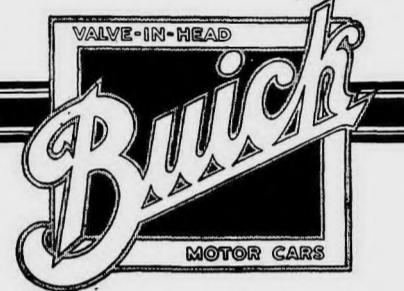

Plymouth citizens have been wanting a new depot, and have been hopeful of getting one. And now comes the despairing news that the Pere Marquette intends repainting the old structure and the hopes of the villagers are shattered. Such a progressive village as Plymouth should have a new depot to correspond with its many other attractions, and it's surely badly in need of something different than it has now.—South Lyon Herald. Yes, neighbor, we have waited a long time, and are still hopeful.

The Ypsilanti Normal College conservatory will present a course of six concerts during the school year. The first was held October 7th, in the Pease auditorium, by Paul Whiteman and his orchestra; the second will be November 12th, by Richard Crooks; the third, by Detroit Symphony orchestra, January 27th; fourth, by Mieczyslaw Munz, Polish pianist, February 12th; fifth by Nina Tarasova, Russian singer, March 2; and sixth by the Normal choir, under the direction of Professor Frederick Alexander, March 19th.

Silly View of Life; How We Get That Way

The whole town was invited. Some-how a few days before the party the rumor got about that this was to be no ordinary affair; the Diddies, it seemed, were determined to hit it up. The first guest to arrive was greeted at the front door by a well-stuffed lay figure with a stiffly outstretched arm pointing to a sign that read, "This way." Following a rope that now appeared, they soon reached a side door and a second figure and directions to ascend by the back way to the dressing rooms.

Up to this time not a word had been spoken, and no one resembling a host or hostess had appeared. When they reached the top of the stairs to go down to the parlor—there was no stairs. Instead, a slippery expanse of board covered with velvet reached from top to bottom.

One lady took it standing. Of course she slipped, fell, and reached bottom with a twisted back that she spent the remainder of the evening trying to hide.

A certain dowager in a new gown sat down and slid—ripping a tear from waist to hem en route.

No one wished to be a short sport—some got compensation upon their own arrival in seeing the antics of those that came after—all felt and looked more sheepish than sheep.

So the evening progressed, each event waxing wilder than the one before.

As the hosts talked things over afterward they felt that they had successfully waked things up.

How do we get that way? By a feeling that without hilarity there is no real enjoyment. Unless the Diddies of the world are making a noise they consider themselves dull. Their smiles are all horse-laugh. These are they who would eat and sleep to the strains of a brass band. Naturally their idea of entertainment is the bizarre, the hilarious. "Pep" is not only the spice but also the salt of life!

"Black Widow" Spider

There is no doubt in my mind that the "Black Widow" is very venomous. In 1917, while camping upon the bank of Snake river, Idaho, I was bitten in the wrist by one of these insects. The entire arm swelled and fine red lines radiated in every direction from the two punctures. In less than a week after being bitten a large, open ulcer formed upon my wrist. This was treated by a Doctor Ross of Nampa, Idaho, and also by a Doctor Boeck of Boise, and by a third doctor, whose name I have forgotten. The wound finally healed, but to this day I carry the marks of the "Black Widow's" bite.

For those who are unfamiliar with the appearance of the Black Widow, I will say this: She (?) may be identified by her long legs and glossy black body, the under side of which is marked with two bright scarlet spots.—From Adventure Magazine.

Cavern National Monument

The Lewis and Clark cavern of Montana was discovered in 1895 by D. A. Morrison of Whitehall and was established as a national monument in 1906 by President Roosevelt. It takes its name from the fact that it overlooks for a distance of 50 miles, the trail of Lewis and Clark along the Jefferson river. Vandalism and lack of funds to put in a proper lighting system keep the cave closed to the public at present. The entrance to the cavern is about 1,300 feet above the river and about 800 feet below the rim of Cave mountain. The general shape of the cave is that of a flange in a steeply inclined bed of limestone. Its maximum measurements are, length, 900 feet; depth, 400 feet. Its numerous passages and rooms make it appear miles in extent.

Bird Census Interesting

A little more than one pair of birds to the acre of farm land is the average shown by bird censuses over a period of seven years for the country east of the great plains and north of Maryland, the Department of Agriculture reports. The robin is the most abundant species. In the immediate vicinity of buildings, including lawns and orchards, about 180 pairs of birds are found to nest on 100 acres. For the entire farm the average is about 112 pairs to the 100 acres.

A Speeder

The three small sons of a business man were discussing what they would do if they had a million dollars. The eldest, aged fourteen, said: "I would buy a steam yacht and sail for Palm Beach."

The second, aged twelve, would spend it, he said, in travel abroad, seeing the world.

Ten-year-old Ralph, who had not yet spoken, sniffed contemptuously. "Humph!" he said, "I would buy an automobile and spend the rest in fines."—Boston Transcript.

Didn't Want the Job

A teacher who was giving the children written exercises wrote out this "Wanted" advertisement:

"Wanted.—A Milliner. Apply by letter to Miss Smith, 19 Blank Street."

The children had to make applications for the position in writing.

One youngster wrote:

"Dear Miss Smith—I saw you want a milliner. I hate to trim hats. Can't you get somebody else? Please let me know at once. Edith Brown."—London Tit-Bits.

THE THEATRE

"THE RED LILY"

With a reputation of being one of the most thrilling and interesting films of the year, "The Red Lily," a Metro-Goldwyn picture, will come to the Pennington Allen theatre, Saturday, October 11th. This is the latest production from the capable hand of Fred Nible, who has such photoplays to his credit as "Strangers of the Night," "Thy Name Is Woman," "The Three Musketeers," and "The Mark of Zorro." He finished "The Red Lily" just before sailing for Italy, where he took charge of the "Ben Hur" company.

Ramon Novarro, Enid Bennett and Wallace Beery have the chief roles. Novarro plays a part that is entirely different from any heretofore, and he promises to astonish film followers when, in a section of the picture, he appears as a Parisian apache, and does a number of scenes that require the utmost in character acting. Lest any flappers be alarmed, however, it is announced that he is still "the lover" during most of the film.

Miss Bennett also plays a role of greater dramatic power than usually falls her lot, while Beery appears as Bobo, a lovable rogue of the Montmartre slums. Other important actors in the cast include Frank Currier, Rosemary Theby, Mitchell Lewis, Emily Fitzroy, George Periolat, Gibson Gowland, Dick Sutherland, Dorothy Matthews and Milly Davenport.

"THE ALASKAN"

Alaska—land of ice-clad mountains and towering glaciers! Alaska—where towns are born overnight and gold is sluiced from the rich earth! Alaska—mysterious, strange, colorful! Welcome to the midnight Sun!

This is the rugged setting in which "The Alaskan," Thomas Meighan's latest Paramount production, unfolds its story of gripping, red-blooded drama. It is a picturization, based on Willis Goldbeck's adaptation of James Oliver Curwood's dynamic novel of the same name. Herbert Brenon who produced it, Thomas Meighan and the entire supporting cast travelled more than four thousand miles by sea from Hollywood into the wilds of British Columbia to secure the proper locations.

"The Alaskan" will be seen at the Pennington Allen theatre, Sunday and Monday, October 12 and 13. Here is an outdoor story based upon conditions, which are so recent they can scarcely be called history. It tells of the grim battle waged against forces seeking to exploit the country by the sons of the men who went there a quarter of a century ago. This second generation, the men of today, are the true Alaskans. Meighan's new starring vehicle is an idealization of the sturdy race, which has come into existence under the shelter of the American flag.

A talented cast has been assembled that, among others, includes Estelle Taylor, John Seipolis, Charles Ogle, Frank Campeau and Anna May Wong.

"HIS HOUR"

From every walk of life they come into pictures, some act, some to direct and some to engage in the technical end. That is brought home forcibly in "His Hour," Elinor Glyn's latest production, which is coming to the Pennington Allen theatre, Wednesday and Thursday, October 15 and 16.

A bonafide Prince, a General who actually served as aide-de-camp to the former Grand Duke Nicholas; a Duchess born to the title and numerous other brilliant members of the old Russian court circle all play in "His Hour," which is a Metro-Goldwyn picture.

Royalty appears in roles that are really a part of them; wearing the jewels and of the kind which they were so long accustomed and which were so melodramatically snatched from them when the Soviet came into power during the World War.

"His Hour," which Mrs. Glyn wrote while visiting the royal family in St. Petersburg, is a colorful drama of love and pathos, and is brimful of the brilliance always to be found in Mrs. Glyn's writings.

The two featured players of this vivid production are those Mrs. Glyn has selected as the screen's most romantic lovers, Aileen Pringle and John Gilbert. "His Hour" was directed by King Vidor and is a Louis B. Mayer presentation.

SCHOOL NOTES

GRADE NOTES

The grade notes were furnished by Jean Hislop; the High school notes by Francis Hiery; the football write-up by Frank Millard, and that of the judging contests by Clara Tyler.

The class of first A and B have a new border of bunnies for their room. They also have a new game of bean bags that helps them in their number work. Wednesday there were not any absent or tardy marks during the day.

During the past week first A and first B have been learning a new song called "Fiddle." Velda Morgan has returned to school after a short illness.

The second and third grades are making posters. The third grade hygiene class is making health posters. The room held a birthday party for Daniel Carmichael last week.

Mrs. Weeks and Mrs. Woods were visitors of the fourth B class last week. There are five of the fourth B class ill with mumps.

The fifth grade is having a spelling contest. The mis-spelled words of each pupil are put in an envelope called a "spelling demon." It is announced at the end of the month who has the least demons.

The sixth grade section of Miss VanTassell's room has a police system to enforce discipline. Each week two boys and two girls are elected to be police. They determine the punishment and see that it is carried out. The following pupils were neither absent nor tardy during the past month: David Estep, Edwin Towles, Basil Norris, Elizabeth Noell, Albert Miller, Jewell Rengert, Bernard Curtis, June Jewell, William Brinkerhoff, Emma Myers, Evelyn Drews, Mary Drews, Andrew Patrick, Adam Mandie and Norman Orr.

In the first history test the sixth grade wrote, the following students received A: Bernard Curtis, Lola McCallum, Norman Orr, Edwin Towles and Elizabeth Noell.

The sixth grade section in Miss Hallahan's room are making South American product maps.

PLYMOUTH LOSES TO YPSILANTI COLLEGE RESERVES.

In a hard fought contest, Plymouth lost its first game of the season by the close score of 7 to 6, last Friday. The heavier and faster Ypsi team gradually weakened Plymouth, and they made their score in the third period.

The first touchdown for Plymouth resulted after a recovered fumble on the 10-yard line. Kenyon made 9 yards at end, and Holmes went over the line for Plymouth's only touchdown. Ypsilanti's touchdown came from a blocked punt and a number of line smashes. The only gains made by Plymouth were by Kenyon, Holmes and Millard. Kenyon made a few gains of 30 yards around end and Millard recovered a fumble and an 40 yards. Kenyon still kicks as well as he did in the Northville game, and by far outplayed the Ypsilanti College booter.

RESULTS OF THE JUDGING CONTEST.

Standings received from the judging contest at the Northville fair, show these results for Plymouth: Second place in crop judging; third in fruit, and first in stock. By winning the stock judging we hold the Plymouth United Savings Bank trophy for the second time. We must win it a third time in order to keep it. Those who made up the stock judging team are: Louis Siehoff, Claire Travis, Thurman Rodman, Perin Hawk, Walter Ash and Russell Partridge scored very close to Rodman. Monroe placed second, coming close after Plymouth. Howell won third place and Ypsilanti, fourth.

In the crop judging, Howell placed first; Plymouth, second; Ypsilanti, third, and Monroe, fourth. The Plymouth team was made up of the following: Owen Partridge, Harry Rowland, Willard Losey.

In fruit judging, Monroe placed first; Howell, second; Plymouth, third, and Ypsilanti, fourth. The trophy for Plymouth was as follows: Willard Losey, Win Baughan, Gaylord Sayles.

Monroe won the cup for fruit judging, provided by the Oakland County Horticultural Society. This is the second year this cup has been in existence. The first year it was held by Ypsilanti, and this year by Monroe.

At a late meeting, October 4th, of the Wayne Pomona, the organization of all the county Granges, it voted to provide a cup similar to the fruit judging cup, about fifteen inches high. This is to be given to the crop judging champions at Northville. It will be held this year by Howell. This cup, like the fruit judging trophy, must be won three years in succession in order to obtain ownership.

HIGH SCHOOL NOTES

On Thursday of last week, the second team played at Wayne, but lost the game when a Wayne lineman recovered a fumble and ran 50 yards for a touchdown.

At the senior-freshman reception, last Friday night, there was a mock wedding, at which Mr. Senior wed Miss Freshman, the bride being Miss Coleman and the groom Mr. Holmes. After the ceremony, the bridal couple were congratulated, and then refreshments were served and games played till time to go home. The success of the evening was due to the hard work of the committee, consisting of Mary Farrott, Dorothy Melow, Doris Coleman, Ernest Ambrose and Francis Hiery.

The seniors had the concession to sell candy at the game, Friday night, and made about \$9.50.

The Aggie Club held their annual apple auction, Monday after school, using apples from the prize plates at the fair, and from those used for judging practice. They "took in" \$12.15. During the fifth hour Tuesday, they initiated as new members: Mildred Bennett, Myrian Lyke, Irene Mott, Thurman Rodman, Louis Siehoff, Margaret Tillotson and Viola Wilkin.

DENIES THAT SNAKES CAN SWALLOW YOUNG

Writer Puts This With Other Reptilian Myths.

Snake stories, appropriate to the season, are beginning to crop out in the country papers, says Nomad in the Boston Transcript. Snakes about Boston itself, by the way, were never so scarce as they are now. Districts in and about the Middlesex falls, which once abounded in black snakes, are practically destitute of them now, for the simple reason that their food supply has disappeared with the general clearing away of underbrush and the reduction of the number of moat of field mice and various descriptions of insects. In the course of a whole summer's walk Nomad has seen more than four or five snakes, and these were all garter snakes. The black snake is one of the noblest as well as the most harmless of reptiles, and its disappearance from the woods near Boston is greatly to be regretted. But apropos of snakes, Nomad notes that in the Portland Express a controversy is raging as to whether or not mother snakes swallow their young for the purpose of protection. Now, so far as Nomad knows, no snake swallows his young, and under no circumstances could the young be restored alive to the world even if they were swallowed, but here is a gentleman signing his initials and evidently vouched for by the Portland paper as a trustworthy person, who tells the story.

"I cannot deny the testimony furnished by my own eyes when I witnessed such an occurrence in southern Indiana several years ago.

"In company with several young men I had gone to a pond on a tobacco farm in search of frogs and on our approach noticed a large blue water snake on the bank surrounded by many little ones. The little snakes disappeared almost instantly, apparently running down the mouth of the parent snake. A few minutes later the snake was killed and the body mutilated, revealing the young ones alive within it. This was marvelous in my sight, but the young men with me assured me there was nothing unusual about it.

"A friend of mine, whose veracity is unquestioned, tells me he had a similar experience with a copperhead snake in the West Virginia hills. It may be true that digestive fluids in the snake's stomach would kill the young if the parent were unable to control the flow in the digestive tract. On the other hand, there may exist a sac within the body of the female snake provided for just such a purpose. I do not know. Perhaps there are those who can say."

Nomad has heard many marvelous stories about snakes which their tellers firmly believed, but which could not have been true—stories, for instance, of rattlesnakes leaping through the air to strike their prey, and even of the "hoop snake" that takes his toll in his mouth, turning himself into a hoop, and rolls rapidly along in pursuit of human beings. These tales are figments of the imagination—and no creature seems to stimulate the imagination as the snake does. It is probable that the delusion of snakes swallowing their young arose from the fact that a good many snakes, including our common black snakes, devour smaller snakes, while rattlesnakes and all the garter snakes, being viviparous, and not egg laying, contain their young before they are born.

Seemed Improbable

After several vain attempts to follow the light conversation of the young person he had taken in at dinner, Professor Parker struck out for his natural level, and explained to her carefully and elaborately that a recent discovery showed that life can be produced in sterilized bouillon by the action of radium.

"A very wonderful discovery," he continued. "And what trains of thought it gives rise to! Why, this may have happened in this world of ours millions of years ago!"

"Really!" she said, visibly impressed, but a little incredulous. "Of course I understand that there may have been radium then, but where did they get the beef tea?"—Exchange.

GRANGE NOTES

Wayne County Pqmons Grange held an all day meeting with Plymouth Grange, Saturday, October 4th. A business session was held in the forenoon, after which the ladies of Plymouth Grange served an old-fashioned dinner. In the afternoon, an open meeting was held. The program consisted of the history of Wayne county, given in sections by parties living in different parts of the county. Mrs. Ferry of the Lansing Historical Society and Museum of Lansing, gave a talk on the museum and spoke of the value of preserving relics of an early period, and also history of early times. She showed pictures of articles contained in the museum, which were interesting to all. Some of the women were dressed in old-fashioned clothes, and they were requested to sit in front, and after the program asked to give a short history of the costume worn by them, its age, etc. (Mrs. Carmen Root of June, most complete outfit, as her hair was done up in old style and held in place by a huge back comb. Her dress of full skirt and full waist, low neck and short sleeves, a beautiful netted white shawl and also old-fashioned jewelry—the whole costume was in harmony. There was a large attendance at this meeting from different parts of the county. The Lily Club will meet at the home of Ross Gates, October 21st. At the next regular meeting of Plymouth Grange light refreshments will be served after the business meeting, and a social hour enjoyed. All who can attend the meeting at Belleville, October 24th, please notify Mrs. Wiseley as soon as possible, as they wish to know how many to prepare supper for. Would like to have a good attendance from Plymouth Grange.

OBITUARY

The deceased, Auguste Schielke, nee Blum, was born April 12, 1854, in Marienwerde, Germany. In the state church of that country, she was baptized. After she had received her education in the parochial school of her country, she was confirmed in the Lutheran faith. On the 8th day of June, 1874, she entered into the estate of holy wedlock with Leopold Schielke and after a few years, emigrated with him to this country. God blessed their marriage with ten children, of whom seven preceded their mother in death. In the year 1921, Mr. and Mrs. Schielke sold their farm near Novi, because they were not able to work it and bought a small home on Maple avenue in Plymouth. They were glad to rest and be near their church. But on Jan. 25, 1922, the Lord took Mr. Schielke home after a short but severe illness. Mother Schielke remained in her home and was apparently well and happy. She was one of the most faithful church attendants. The news of her sickness and death was therefore a surprise to many. She was sick in bed only about two weeks. When she became helpless, she was taken to the home of her daughter, Mrs. Elizabeth Balko, at Northville, where she died Monday night at 11:30 o'clock. She attained the age of 70 years, five months and seventeen days. She leaves to mourn her death, Mrs. Elizabeth Balko, Mrs. Anna Themm and Mrs. Eleanor Krueger; fourteen grandchildren and two great grandchildren and other distant relatives. The funeral services on Thursday afternoon of last week, at the home of Louis Balko, were conducted by the Rev. Carl Eissfeldt of Northville. At the Lutheran church in Northville, her pastor, Rev. Charles Strasen preached a German sermon. Eissfeldt read the obituary in English, and gave a brief address in the same language. Interment took place in the family lot in the cemetery at Wixom.

OBITUARY

Orville Eugene McKinney was born December 10, 1922, and passed away at Harper hospital, at 1:45 o'clock, Tuesday morning, September 30, at the tender age of 21 months, two weeks and five days. He was a lovable child and a cheerful sufferer, never complaining. He was loved by everyone, and will be sadly missed by all who knew him. He was the son of Mr. and Mrs. Rosby McKinney. The funeral services were held at the home of his grandparents, Mr. and Mrs. Emil Larden, last week Thursday afternoon, at 2:00 o'clock. Rev. S. Conger Hathaway conducted the services, and Mrs. W. S. Bake sang two beautiful selections. The funeral was largely attended, and the flowers were many and beautiful. Besides his parents, he leaves one sister, Beverly June, three months old; grandparents, great grandmother, aunts, uncles, cousins and a host of friends. "Sweetly his pale arms folded My neck in a meek embrace, As the light of immortal beauty Silently covered his face. And when the arrows of sunset Lodged in the tree-tops bright, He fell in his rest-like bed, Asleep by the gates of light."

OBITUARY

Miss Gertrude Stacey of Salem, and Leo Heintz of Northville, were married in Ann Arbor, Saturday, October 4th. They have the best wishes of their many friends for a long and happy married life. Friends here recently received announcements of the marriage of Miss Helen M. O'Bryan, daughter of Mrs. Teresa O'Bryan, a former resident of this township, which occurred at the home of the bride's mother at Adrian, August 31, 1924. The bride is a graduate of the Plymouth schools.
