## CHAMBER OF COMMERCE DIRECTORS ELECT OFFICERS

**Harry C. Robinson Elected President of the  
Organization for Ensuing Year.**

**Membership Drive Will Be Inaugurated Week  
of January 19.**

The new board of directors of the Plymouth Chamber of Commerce met Tuesday evening, and elected the following officers for the ensuing year:

**President**—Harry C. Robinson.  
**First Vice Pres.**—S. D. Strong.  
**Second Vice Pres.**—Wm. Wood.  
**Treasurer**—Calvin Whipple.  
**Secretary**—H. S. Lee.  
**Asst. Secretary**—J. E. Taylor.  
**Directors**—A. E. Blunk, C. G. Shear, E. C. Hough, William Burrows.

In choosing Mr. Robinson as president of the Chamber of Commerce for the coming year, a better choice could not have been made; he is energetic and progressive, a real booster for Plymouth, and his wide experience in public matters especially fits him for this important position.

The re-election of Harry S. Lee as secretary for the coming year, is a well merited recognition of his splendid services in this capacity for the past year. Mr. Lee has taken a great interest in the work of the Chamber of Commerce and the progress of Plymouth, and has given much valuable time and attention to its affairs, and the C. of C. are fortunate in having him as secretary for another year. J. E. Taylor, who has been the efficient assistant secretary for the past year, was re-appointed for the coming year.

The other officers and directors, who will guide the affairs of the Chamber of Commerce, are all well known and capable men, who will give their best efforts to the Chamber of Commerce, and the welfare of the village during the coming year.

The retiring members of the board, W. E. Pettigill, H. R. Lush, Frank Rambo, Oliver Martin, E. J. Allison and Henry Fisher are entitled to much credit for their work and interest during their terms of office.

The annual campaign for memberships will be opened with the week of January 19th, when it is expected that every old member will renew their memberships, and many new names will be enrolled in the Chamber of Commerce.

The coming year is going to mark an important epoch in the progress of Plymouth, and the work of the Chamber of Commerce is going to be an important factor in the solving and accomplishment of many problems with which the village will be confronted. Everybody who has the best interests of the village at heart, needs to get back of the Chamber of Commerce and give it their wholehearted support. Boost the Chamber of Commerce and you are boosting Plymouth.

## WATCH NIGHT SERVICE

About forty-five faithful folks were in attendance at the Watch Night service at the Methodist church, last Wednesday evening. A little after 9:00 o'clock, the pastor led in a good song service, after which Rev. Paul Havens, pastor of the Newburg church, gave a heart-searching sermon that was a splendid setting for the opening of the New Year. Following this, Rev. and Mrs. Nagle sang a duet, with Mrs. Paul Havens presiding ably at the piano.

From 10:15 to 11:00, a delightful hour of recreational games and stunts were indulged in, which added to the enjoyment of the evening. Afterward the committee served coffee and doughnuts. The last half hour of the year was spent with songs and praise and testimony. Mr. James Allen sang a beautiful solo. Then just as the clock said one minute to twelve, the folks present bowed in prayer, and continued thus while the bells joyously rang in the New Year. It is doubtful if anyone can find a better way to close a year and start a new one than in prayer. A benediction of the prayer, all arose and sang, "Praise God from Whom all blessings flow," and then joining hands, they sang, "Hark! The Herald Angels Sing." Then came

## PEOPLES STATE BANK BANQUET STOCKHOLDERS

The second banquet of the stockholders of the Peoples State Bank of Plymouth, was held at the Methodist Community Building, Wednesday evening, at 6:30 o'clock. The banquet marked the occasion of the bank's business going over the \$300,000 mark. There were about one hundred present, including stockholders and their ladies. The Ladies' Aid of the Methodist church served a splendid banquet, during the serving of which Daniel Patterson and Miss Helen Eagen rendered several musical numbers in a most pleasing manner. Following the banquet the ladies' quartet, Mesdames Cassidy, Olaver, Moon and Baker rendered several beautiful selections, with Mrs. Gilbert Brown at the piano.

President J. B. Hubert introduced F. H. Gressel, business development manager of the First National Bank of Detroit, who gave a very interesting talk on Business Development. After the conclusion of the program at the Community hall, the party went to the Pennington Allen theatre, where they saw a splendid entertainment. It was a most pleasant occasion for all who attended.

## MRS. WATIE WHIPPLE PASSES AWAY

Mrs. Watie Whipple died at her home in Northville, early Monday morning, after a short illness. Mrs. Whipple was well known in Plymouth, having resided for many years on the Whipple farm, three miles northeast of Plymouth on the Ridge road, previous to her removal to Northville several years ago. She was a lady highly esteemed by all who knew her, and had a large circle of friends and acquaintances.

The deceased was born in Livonia township on January 23, 1861, and was nearly 74 years of age. Her husband, Edwin F. Whipple died about 25 years ago. She leaves four sons, Calvin, Elmore, Arthur E. and Austin Whipple to mourn their loss. The funeral services were held from her late home, Thursday afternoon at two o'clock, Rev. S. Conger Hathaway of the First Presbyterian church of Plymouth, officiating. The interment took place in Riverside cemetery, Plymouth.

## AUTHORIZE PURCHASE OF NEW FIRE PUMPER.

At an adjourned regular meeting of the village commission, held Tuesday afternoon, the commission authorized the purchase of a new fire engine pumper, the make of which will depend upon the most satisfactory supply of equipment which can be secured with the machine. The contract for the new pumper will be let within a week in all probability. We understand it is the intention to retain the present fire truck, which is a good idea. Plymouth needs this additional fire equipment, and the commission have taken the right step in authorizing its purchase.

## LOCAL NEWS

The play, "Stop Thief," given by the Senior class of the Plymouth High school, Tuesday evening, was well attended and was very well presented, indeed.

Mr. and Mrs. Edward Plachta attended the annual dinner given their salesmen by Caspar Hoffman Co., real estate dealers, at Detroit, last Saturday evening. Mr. Plachta has charge of the Vanduyke office for the Caspar Hoffman Co.

Little Robert Mettetal, son of Raphael Mettetal, had the misfortune to fall from the loft in the barn, last Saturday, breaking his left arm. He was taken to Beyer hospital, Ypsilanti, and is getting along nicely at this writing.

## The Plymouth Fire Department

We are pleased to present herewith a picture of the Plymouth Fire Department, one of the best volunteer fire departments in the state. Plymouth citizens are proud of its well organized and efficient company of fire fighters. The local fire department was organized in 1894. Three hose carts and three extension ladders were purchased in 1895, and were named the Royal, Aetna and Phoenix. The first fire chief was Fred Lamphere, who at one time conducted a harness shop in this village. The present fire truck was purchased in 1919.

Chief—Frank Dicks. Captain—Will Holmes. Lieutenant—Harry Brown. Secretary—Albert Gates. LeRoy Jewell, Edward Bolton, Fred Wagenschutz, August Myers, Fred Drews, Titus Ruff, A. Hartung, Ernest Wilson.

## LODGES INSTALL OFFICERS

## BASKET BALL TONIGHT

The Plymouth High boys' and girls' basketball teams will open the league season with the Northville High boys' and girls' teams at the local high school auditorium, this Friday evening. This promises to be an interesting game, as each team is desirous of winning the opening game. The game will start at 7:30 o'clock. Admission, 25c and 35c. Don't miss the opening game.

## WOMAN'S CLUB

The Woman's Club held its regular meeting at the Presbyterian church, last Friday, with its president, Mrs. Charles Humphries, conducting a short business session. A short intermission followed, then Mrs. C. H. Bennett, chairman of the lecture division, called the meeting to order, beginning the program with a piano solo, Florence Waltz, by Mrs. Fred Tighe, followed by a gracious encore. A vocal trio, "To a Wild Rose," McDowell, was rendered by Mesdames Moon, Baker and Olaver, accompanied by Mrs. G. Brown.

Mrs. Bennett then introduced Prof. T. E. Rankin of the U. of M. Extension Work, who gave a very scholarly talk on, "What is Going on in the Literary World." Prof. Rankin is an authority because he is gifted with a love of reading, versed in several languages and a student of human nature and world conditions. Prof. Rankin pressed one point, never to quote and never to criticize a book unless one reads it from cover to cover, and proved that production of literature is the final proof that a race is civilized. He believes that we all live our lives and as we are influenced by some particular book, and that it is well for us to inquire into the real popularity of a book, quoting the influence of one book as the real cause of a recent Chicago crime.

After the lecture, a social hour was enjoyed in the church parlors. The table was decorated with a large bouquet of carnations, and tea poured by Mrs. McKinnon and Mrs. Humphries.

Next Friday, the club is entertained by the Northville club. Wednesday afternoon is the day of the baby clinic at the school, to which every baby should go before school days, and club members might explain this to parents.

## NEW CHEVROLET MODELS ON DISPLAY

The Allison-Bachelder Motor Sales announce in their advertisement today, that the new 1925 Chevrolets are now on display at their salesroom. The new models are right up to the minute in every particular, and they are certainly a very classy car.

The most important features of the new models are the disc clutch, enclosed flywheel, semi-floating rear axle and many others, such as balloon tires, disc wheels, duo finish, one-piece windshield, nickel plated radiator, three inches lower in body design and semi-elliptic springs.

## ROTARY CLUB ENTERTAINED BY REDFORD EXCHANGEITES

The Plymouth Rotary Club had the pleasure of being entertained by several members of the Redford Exchange Club, who put on a very laughable comedy sketch at the noonday luncheon last week Friday. To say that the local club enjoyed the entertainment would be putting it mildly, and everyone is hoping that the folks from Redford will come again soon, for they are sure some entertainers.

Another pleasing event of the luncheon last Friday, was the presentation of a Rotary bell to the club by Rotarian E. C. Hough, in a few well chosen remarks. The bell was accepted in the name of the club by President George A. Smith, who thanked the donor, and spoke words of appreciation for the handsome gift. The bell is to be used by the president of the club in presiding over the meetings.

## DEATH OF JOSEPH WEBBER

Joseph Webber, a highly respected farmer of Plymouth township for many years, passed away at his home near this village, Sunday, January 4th, at the age of 82 years, 2 months and 4 days. Mr. Webber had been in failing health for the past three years. The funeral services were held from the home, Wednesday morning, Rev. Fr. Lefevre officiating. The interment took place in Riverside cemetery.

Joseph Webber was born near Metz, Province of Lorraine, France, October 30, 1843. He came to America with his parents when two years of age. When 26 years of age, he was united in marriage with Frances Bahen, who preceded him in death, March 9, 1913. Six children were born to this union, three of whom are left to mourn his departure, Mrs. W. K. McGorey, William C. Webber and Mrs. Florence Ewing, also six grandchildren. Nearly all of his life was spent in Wayne county, and he had resided for 27 years upon the farm near Plymouth.

## PORTLAND, ORE., GIRL WINS \$15,000 HOME IN LIGHTING CONTEST

Competing with over two million school children in the United States and Canada, of which nearly one million actually submitted fairy tales, verses and essays in the Home Lighting Contest, Julia Groo, 87 North 23rd street, Portland, Oregon, eighteen years of age, was decided the winner of the \$15,000 Model Electric Home, offered by the Lighting Educational Committee, 680 Fifth avenue, New York City. This home will be built on a lot provided by Miss Groo anywhere she desires. Ten other boys and girls in various portions of the United States and Canada received scholarships, ranging in value from \$300 to \$1,200.

The international judges of the Home Lighting Contest were William McAndrew, superintendent of schools, Chicago, Illinois; Mrs. William Brown Meloney, editor, the Delineator; B. C. Forbes, editor, Forbes Magazine; Sarah L. Rhodes, principal, P. S. No. 28, Brooklyn, N. Y.; George D. Sheppard, professor of electrical engineering, University of Minnesota; George R. Anderson, professor of illuminating engineering, University of Toronto, and M. H. Aylesworth, executive manager of the National Electric Light Association, representing Franklin T. Griffith, president of that association, who was unable to be present. The judges selected the winning essays from over 46,000 prize winners in 4,784 local communities in the United States and Canada. Each community was allowed to submit ten to fifty local winners for the judges' consideration, according to its population.

With the use of a Home Lighting Primer containing lessons on home lighting, the contestants were obliged to do three things in the competition: First, to make an investigation of their own and two neighbors' homes, and report in the primer of the lighting conditions therein. Second, to cut figures from a catalog in the primer and paste them in what they thought were the proper places in the "lightless" illustrations of rooms also contained in the primer. Third, to write an essay explaining how they would change the lighting equipment in their own homes to conform with present day lighting standards. Miss Groo was adjudged the winner because she completed most rigidly with the rules of the contest and presented an essay which was clear, well written and adequate.

The five boys and girls who won scholarships are as follows: Two Second Prizes of \$1,200 Scholarships in American or Canadian colleges: George R. Pinaroc, 451 Elwood avenue, Oakland, California.

Dorothy Lathe, East Aylmer, Quebec, Canada.

Two Third Prizes of \$600 Scholarships in American or Canadian colleges: John Patten Crawford, 1226 West Walnut street, Kokomo, Indiana.

Lucile Brewer, Gainesville, Georgia.

Two Fourth Prizes of \$600 Scholarships in American or Canadian Colleges: Joe Kelly, 839 East Washington street, Martinsville, Indiana.

Irene Kline, 274 State street, Lowell, New York.

Two Fifth Prizes of \$300 Scholarships in American or Canadian colleges: Roswell Edward Brett, 937 Gotham street, Watertown, New York.

Mary W. Holman, Huntsville, Missouri.

Two Sixth Prizes of \$300 Scholarships in American or Canadian colleges: Everett Ehler Wigger, 40 North Main street, West Alexandria, Ohio.

Eleanor Kathleen Link, 58 Aurora street, Lancaster, New York.

John J. Klopp, aged 68 years, died at the home of his sister, Mrs. J. H. Palmer, 522 Adams street, Saturday, January 3rd. A short service was held from the Palmer home, Tuesday morning, Rev. Fr. Lefevre officiating, and the remains were taken to Elkhart, Indiana, for interment.

On Tuesday of this week, C. A. Fox and local associates, who were the majority stockholders, sold the Plymouth & Northville Gas Company to the Gas Engineering Service Company of Battle Creek, Michigan.

The Gas Engineering Service owns and operates plants in the following cities: Marshall, Owosso, Alma, Alpena, Sault Ste. Marie, Michigan; Waycross, Georgia, and West Palm Beach, Florida. It is also affiliated with the Battle Creek Gas Company. Negotiations for the transfer of the property were conducted by George W. Mechem, attorney, and F. W. Seymour, president and treasurer of the Service Company.

B. B. Adams, formerly of Marshall, Michigan, will arrive in a few days to take charge of the property as local manager. Mr. Adams will make his permanent home in Plymouth.

It is expected that the new owners will develop considerably the field for the local company.

## PRESENTED WITH HANDSOME GIFT

If you should chance to see H. C. Robinson of Plymouth alight from a car some day bearing under his arm a very handsome leather traveling bag, do not think that he has decided to "pack his grip and take a trip" and to leave his happy home in our neighboring city to become a resident of Northville. He would be welcome here, of course, but he is needed in Plymouth and we do not desire to be selfish. Mr. Robinson received as a Christmas gift from the Northville Wayne County Fair association a handsome bag and in the bag was a box of his favorite cigars. This present was not made with the idea of winning him away from Plymouth either, but the officers and directors of the fair just wanted to in some way express their appreciation for his untiring services in behalf of the fair and they decided upon the traveling bag, which was left at his home last week Wednesday. Mrs. Robinson presented him with the gift Christmas morning, and it is said that it was with difficulty that he concluded his breakfast of ham and eggs. Of course the gift was unexpected but it is the sincere wish of his many Northville friends that he may be able to enjoy many delightful tours—with his good wife—and that the traveling bag may prove of real service to him.

Mr. Robinson has officiated as starting judge at all of our fairs and he has never charged nor has he ever received any compensation for his valuable services. Not only has he served as judge three days each year, but for weeks and months before each annual fair he has been an enthusiastic friend of the association and has worked diligently and with enthusiasm for its success. The end bag is but small recompense for his services, but it expresses the sincere appreciation of the officers and directors of the fair—Northville Record, Friday, January 2, 1925.

The Record is right, Plymouth needs our genial Harry, but in an unselfish spirit we are glad that he is able to assist our good neighbors in making their fair, which by the way has come to be our fair also, the splendid success that it has always been. Mr. Robinson is deeply appreciative of the splendid gift above referred to, and the kind words of the Record, and through the Mail, he wishes to thank the association and his Northville friends.

## FREYMAN-HUCKLE

At the home of Mr. and Mrs. Frank Clizbe in Detroit, Christmas eve, the marriage of Miss Josephine Huckle and Sterling Freyman was solemnized. Rev. Kuhlman performed the nuptials in the presence of a few young people, friends of the bride and groom. The wedding march was played by Miss Josephine Schell. The bride was very lovely in a flame colored georgette dress and a wreath of silver orange blossoms in her hair. Following the ceremony a wedding supper was served. The bride's home was artistically decorated with wreaths, poinsettias and lighted candles for the occasion. Mr. and Mrs. Freyman will make their home in Plymouth—Redford Record.

### A WISE MOVE

A dispatch from Washington says a ten-year program under which \$40,000,000 would be appropriated for purchase of forest land and of forest conservation would be authorized under a bill just introduced by Sen. McNary, of Oregon. It provides for the purchase of 8,000,000 acres at points where flood danger is becoming greater and greater each year as the timber is cut away. We have never been strong for reckless expenditure, and that is largely what happens to our river and harbor appropriations. But we do believe it would be a wise move for this government to invest some of its surplus millions in the purchase of forests, in every section of the United States. The slaughter of timber means a day when the entire country will either be subjected to floods that will destroy both life and property, or billions will have to be spent in construction work intended to do just what forests are now doing—preventing floods. We can't help feeling that this kind of investment is as sensible as any congress could make.

### THE POOR DRIVER

We've printed figures from time to time showing the toll taken by careless auto drivers, but for the Plymouth driver who wants something official, here it is. Uncle Sam has had 240 big newspapers in every section of the nation keeping tab on auto accidents during 1924. They have filed their reports, and these reports show that 18,000 were killed and 100,000 injured during the year. That is an average of about 340 killed every week, 50 every day, during the year. And that you may know where Uncle Sam places the blame, here is what the report says: "Many vehicles of safe design and construction are being operated in an unsafe condition due to lack of care on the part of the owners, a condition which can be corrected only by directing the attention of each vehicle owner and operator to his responsibility toward himself and other users of the highway."

### EXPECT BIG YEAR

Auto manufacturers are now fixing their quota of production for 1925, and they are doing so very carefully. Last January they made their figures too high, and had to retrench before the summer was over, because people did not go "auto crazy" like they did in 1923. This year prices will be lower and, makers believe, the country more prosperous. There will be more spending money, they declare, and farm products will bring better prices. We hope they are right, and we also hope that a liberal measure of the prosperity they predict will hit Plymouth. Not that we want our people to spend their surplus buying autos, though that is never a poor investment. But we want them to have their share of all the good things that are going around, and we hope the auto makers are right when they say prosperity is going to be general throughout the entire country.

### AT A PREMIUM

No longer can they poke fun at the small towns of this country, for they are coming into their own. Towns like Plymouth can rejoice at every increase in population of the big town, because with each increase comes a pushing out and a growing desire of those who have lived in them for years to get out into the rural districts or suburban settlements. The reason is plain. Congested cities are not as desirable for homes as the smaller towns, unless one is able to own a home along millionaire row. Smokestacks and

tall buildings make for efficiency, but not for morality and happy living.

The day will come, in fact it is just about here, when the smaller community can provide for the needs of citizenship as well or better than the great city. Its library, schools, churches and stores are more accessible and just as efficient, and without the distractions so common to thickly populated districts. The children are safer, both physically and morally, and from the standpoint of health there is no comparison. But, greater than all these, the smaller towns provide an opportunity for friendship, for knowing and meeting and greeting the other fellow, that always will remain an unchallenged asset over that of the city. There will ever be found a spirit of fraternalism and neighborly solicitude that the large city cannot hope to feel or know. There is no cause these days for poking fun at the small town, and very little of it is being done. Only the densely ignorant are doing so, and their number is fast diminishing.

Mr. and Mrs. Harry Hannan and family of Pontiac, and Eugene Rooke of Plymouth, were New Year's dinner guests of Mr. and Mrs. Luther Losey of Cherry Hill.

Your lamps and reflectors accumulate dust, which robs you of light.

You may not realize that a few month's accumulation of dust and dirt on your lamps may cut down their illuminating power by as much as from 30 to 50 per cent.

Or that bright, clean lamps and shades may enable you in some cases to reduce the size or number of lamps that you ordinarily use, and to save on your lighting bills.

**PRESBYTERIAN NOTES**

We are glad to hear of the good  
Sunday-school work being done at  
Elm by several of our members.  
George Bentley is superintendent of  
the school, which meets Sunday  
mornings at 11:00 o'clock. There is  
an attendance of around thirty. Over  
a score of bibles have been given to  
those who have satisfactorily com-  
pleted work and a constant grow-  
ing interest is maintained.

Today the pastor christens the  
little daughter of Mrs. Elden Kracht,  
nee Ina Wilson, at Detroit. We  
shall be glad to welcome little Irene  
Katherine to the cradle roll of our  
church.

The Woman's Auxiliary of the  
Presbyterian church, for its first  
meeting of the new year, has the  
honor and pleasure of being guests  
of the Woman's Union of the First  
Presbyterian church of Northville,  
the meeting to convene at 3:00 p. m.,  
Wednesday, January 14. A most  
cordial invitation is extended to the  
ladies to be present.

The Northville choir gave a very  
excellent program, last Sunday night,  
to an appreciative congregation. Our  
own choir reports a very cordial re-  
ception at Northville. Let's exchange  
greetings after Easter.

The church extends sympathy to  
Elder Calvin Whipple in the loss of  
his best friend, his mother.

Over fifty were entertained at a

watch-night party at the home of  
Mr. and Mrs. Charles Merr, New  
Year's eve. Many of those who  
watched the year 1924 in, had the  
privilege of watching it out in the  
same room and amid the same hos-  
pitable surroundings. Games and  
music were enjoyed, and a bountiful  
repast was served in the spacious  
and well decorated basement. Lillian  
Blake recited a piece and responded  
to an encore. Shortly after the ar-  
rival of the new year, the guests de-  
parted, after having unanimously  
voted the Merzes as royal entertain-  
ers.

Charles Weaver gave an interest-  
ing address on "The Making of  
Mirrors," at the closing of the school,  
last Sunday.

The pastor received a postal card  
from Chief Skiuhushu thanking the  
people of Plymouth for the cordial  
reception and hearing given him two  
weeks ago. As a signature he drew  
an outline picture of a red fox. The  
chief is an original, as well as an  
aboriginal, person.

**METHODIST NOTES**

Pot-luck supper for the members  
of the Sunday-school board and their  
families, next Tuesday evening at the  
church. Every officer and teacher is  
expected.

The Missionary Society meets at  
the church next Wednesday for their  
January all-day meeting, with pot-  
luck dinner, and program following.

Mid-week fellowship hour next  
Thursday evening at 7:30. You will  
enjoy this meeting.

Our recreational program has begun  
for the winter. Representative teams  
from several churches played the  
opening games last Monday evening.

The Presbyterians won all the games.  
There is sure to be some keen com-  
petition. Come and watch them or  
get into the game yourself.

The boys and men play on Monday eve-  
nings. The girls team will play on  
Tuesday evenings, beginning next  
week. Various classes in our church  
will have hours assigned them begin-  
ning next week, when they can use  
the floor. The Scouts are on the job  
every Wednesday evening.

Jesus Christ came "to seek and  
save the lost."

Attend the services of worship  
next Sunday.

Have you paid your Advocate sub-  
scription yet? Don't forget to hand  
it in.

**BAPTIST NOTES**

The Ladies' Aid Society of the  
Baptist church will hold their annual  
meeting and election of officers, next  
Wednesday afternoon and evening.  
A pot-luck supper will be served in  
the basement of the church. Every  
member of the church and their  
friends are invited. Bring all your  
family.

The B. Y. P. U. had a good time  
at their New Year's social at the  
Baptist parsonage on New Year's  
eve. Miss Sarah Daly had the en-  
tertainment in charge, and there was  
not a moment when there was not  
something going on. At 11:30 all  
sat down to supper, and as the clock  
was striking twelve each one bowed  
his head in a prayer of thanksgiving  
for all the blessings bestowed  
upon them during the past year, and  
sought God's blessing and guidance  
for the new year. Ira Kingsley,  
president of the B. Y. P. U., spoke  
of the work of the year. Madeline  
Shackleton, treasurer, gave her re-  
port and Willie Hancock, secretary,  
also reported about the special work  
done. Pierce Owen, vice president,  
and Alton Seyles, who are home  
from school, gave splendid talks to  
the young people, and all said a  
Happy New Year, and many returns  
of the New Year's day.

January 19th, at the Baptist  
church—that is the date when we  
expect him, Capt. Raymond J. Jef-  
fereys, the world's greatest globe  
trotter, who went around the world  
in an auto. Hear the thrilling story  
of his adventures in many strange  
lands. Come and laugh and cry, and  
go away happy and satisfied.

The prayer meeting this week was  
held at the home of Mr. and Mrs.  
George Wilke, last Wednesday eve-  
ning. The study was the eleventh  
chapter of Acts.

Protect your country home from fire!

A modern water system is a private "fire department" for country homes. It keeps water always under pressure ready to protect all buildings and property.

Besides this fire protection, it saves labor all over the place; and gives the wife running water anywhere in the house. Ask us about it.

Of course only a practical testing machine like the Wasson Motor Check can actually measure the difference in power between one oil and another. ### ELM

Sunday-school will be held in the Elm school next Sunday, as usual at 11:00 o'clock. Everybody welcome. School started Monday morning with full attendance.

Last Friday morning about 7:00 o'clock, Sam Burke noticed flames in the small room at the school house, and notified Mr. Bentley, a board member. A small group of shelves were entirely burned, and a small hole in the wall back of the shelves. The school register with the report cards and the clothing the children wore at the Christmas program were destroyed. It was thought mice gnawed matches that were on one of the shelves.

Miss Lee of Plymouth, was the guest of Miss Dorothy Bentley, over the week-end.

Mrs. Stanley Austin (Nila McCormick) of Ludington, was a guest at the Booth Home this week. Mrs. Austin was an attendant at the Home for two years, and her friends were delighted to see her again.

Parent-Teachers' meeting, Tuesday, January 20th. Don't forget the date, and it is hoped everyone will make a New Year's resolution to attend these meetings and help with the work.

## Now Consider the Kitchen

Make it a convenient place to work—make it as pleasant as any other part of the house.

Hours spent in the ordinary kitchen are hours of drudgery—made so not by kitchen duties alone, but by the surroundings—inefficient and unattractive equipment.

But why be content to spend your time in the dreary atmosphere of a room where nothing appeals?

At a little cost you can have a modern kitchen—modern kitchen cabinets have made that possible in any home, in city, town or on the farm. A kitchen cabinet built with a width and a height to fit your working needs—a cabinet that will systematize your kitchen tasks and save you thousands of tiresome steps—can now be had at a price that will make you wonder why you didn't invest in one long ago.

## They Married Young in Days of Chivalry

Modern opinion, which is happily in favor of falling in love and of adult marriage, is often shocked by the air of business which pervaded match-making in the days of chivalry, and by the many cases of grown men married to little girls not yet out of their teens.

For reasons of property, or to settle family feuds, or simply to assure their own future, babies in cradles were sometimes betrothed and even married; all that the church required was that children should be free when they came of age (at fourteen and twelve years old) to repudiate the contract if they so desired.

Nothing seems to separate modern England from the good old days so plainly as the case of little Grace de Saleby, four years old, who for the sake of her broad acres was married to a great noble, and on his death two years later, to another, and yet again, when she was eleven, to a third, who paid 300 marks down for her. There is an odd mixture of humor and pathos in the story of some of these marriages. John Rignardien, three years old, was carried to church in the arms of a priest, who coaxed him to repeat the words of matrimony, but half way through the service the child declared that he would learn no more that day, and the priest answered, "You must speak a little more, and then go play you."

James Ballard, ten years old, was married to Jane his wife "at X of the clock in the night without the consent of any of his friends, but one Sir Roger Blakey, then curate of Colne, and the morrow after, the same James declared unto his Uncle that the said Jane (being a big damsel and marriageable at the same time) had intised him with two Apples, to go with her to Colne and to marry her."

Elizabeth Bridge, nee Rambotham, says that after her marriage to John Bridge, when he was eleven and she thirteen, he never used her "lovingly, insomuch that the first night they were married the said John would Eate no meate at supper, and when hit was bed tyme the said John did wepe to go home with his father, he beyng at that tyme at her brother's house."

## BARTLETT SCHOOL NEWS

Part of our Christmas program was repeated at the Community meeting at Cherry Hill.

We have put our Christmas tree out in the yard, and are putting food for the birds on it.

Our next Parent-Teacher meeting which will be held Monday night, is to be a hard times party. Prof. Hoppes and Helping Teachers and our Kiwanians are to be our guests.

We have a new sand-table and chairs.

Heloise Travis, Elizabeth Parrish, Richard Hewes, Harold Brown and Earle Zander have been neither absent nor tardy since school started.

We are sorry to say that Doris Campbell is ill.

Mrs. Henry Travis was our visitor January 7th.

We are going to have a "Geography Museum." All the girls and boys are collecting things that make geography of real interest to us. We have sent to the Philippines, Africa, Central America, Europe and all over the United States. We have quite a collection already.

Mrs. P. Campbell and Mrs. George Everett have laundered our curtains, and Mr. Everett and Mr. Campbell have oiled the floor. These things have added much to the appearance of the room.

Prof. Hoppes and the Helping Teachers for picture study, brought us a beautiful picture, "The Avenue of Trees." It is a Dutch scene.

### New

value—new quality—a new line of Chevrolet models even better than ever before. Chevrolet has become the world's largest producer of automobiles with modern, 3-speed transmission by making quality cars to sell at low cost. Now this Chevrolet quality has been greatly increased.

chassis—with larger, stronger frame; new semi-elliptic, chrome vanadium steel springs; stronger axles, rear axle of the finest construction—banjo type housing with greatly strengthened gears; improved, fully enclosed dry-plate disc clutch requiring no lubrication; extra heavy brake bands; and many improvements on the powerful Chevrolet motor.

bodies—of even greater beauty and comfort. All models have new radiator of more beautiful design, made of non-rusting airplane metal. All closed models have new and exceptionally beautiful Fisher bodies with the new VV closed-body one-piece windshield and automatic windshield wiper. Balloon tires on all closed models and disc wheels on the Sedan and Coupe.

finish—all models are now finished in Duco—the new finish that retains its color and lustre almost indefinitely and withstands the severest usage. These are but a few of the quality features of the new Chevrolet—quality features that you would expect to find only on cars of much higher price.

**T**he fascination of billiards and bowling has kept many people on the road to health. The bending and stooping necessary to play either game exercises the muscles directly over the digestive organs, stimulating them so that they function in a normal healthy manner. Ask The Man Who Wants The

### Today's Reflections

The main trouble with cutting off the expenses of government is that most of the expense can vote.

If there is one time in a Plymouth man's life when he can feel wholly virtuous it is when he is carrying a quart bottle of vinegar down the street and knows it is vinegar.

They've done about everything for filling stations in this country but call them "Ye Old Gas Shoppe."

There is nothing more humiliating than arguing with a fool. He never knows which one is the fool.

Why is it that when some Plymouth citizens get a bill bearing the words, "please remit," they act as though they thought they were being blackmailed.

Just when the world had commenced to get better, a New York woman up and died and left \$5,000 to a pet cat.

The burning question in Plymouth is not so much the price of fuel as it is of "who's going to build the fire?"

Our idea of a foresighted man is the fellow who gave his wife a waffle iron for Christmas, so she could furnish him a better breakfast.

At the present rate Plymouth may yet see the day when it will be hard to find a girl who knows more about a knitting needle than she does about a curling iron.

If he knows what a pint will do to him, and what stepping on it will do to the car, why do they call it an accident?

At any rate the highwaymen of olden days, held you up instead of running you down.

When you find a Plymouth man who insists on smiling all the time, it's hard to tell whether it is due to sunshine in his soul or moonshine in his stomach.

A steamboat load of autos sank in Lake Erie. We suppose the fish are now busy dodging traffic.

Many a Plymouth father who faces the problems of life cheerfully, can't solve the problems his offspring brings from school.

Why is it that when some Plymouth citizens get a bill bearing the words, "please remit," they act as though they thought they were being blackmailed.

Just when the world had commenced to get better, a New York woman up and died and left \$5,000 to a pet cat.

The burning question in Plymouth is not so much the price of fuel as it is of "who's going to build the fire?"

Our idea of a foresighted man is the fellow who gave his wife a waffle iron for Christmas, so she could furnish him a better breakfast.

At the present rate Plymouth may yet see the day when it will be hard to find a girl who knows more about a knitting needle than she does about a curling iron.

If he knows what a pint will do to him, and what stepping on it will do to the car, why do they call it an accident?

At any rate the highwaymen of olden days, held you up instead of running you down.

When you find a Plymouth man who insists on smiling all the time, it's hard to tell whether it is due to sunshine in his soul or moonshine in his stomach.

A steamboat load of autos sank in Lake Erie. We suppose the fish are now busy dodging traffic.

Many a Plymouth father who faces the problems of life cheerfully, can't solve the problems his offspring brings from school.

## "THE HILL BILLY"

In "The Hill Billy," Jack Pickford's latest and greatest photoplay, an Allied Producers and Distributors' Corporation release, which comes to the Penniman Allen theatre Saturday, January 10th, is an embodiment of the genius of the young star, his famous sister, Mary Pickford, and Marion Jackson, the writer.

Jack and Mary Pickford had talked over the idea of "The Hill Billy" for several months. They had planned together that it would make a great motion picture production. So brother and sister decided to write the story. With the aid of Marion Jackson the two produced an original tale of the Kentucky mountains, now known to the cinema world as "The Hill Billy."

This latest production is the dream of Jack Pickford come true. Ever since he and his sister talked over the idea for the story he had been wanting to make it for the screen. Now, this greatest ambition, his sincerest endeavor for the silver sheet, is being shown throughout the world.

"I wanted to make a story different from all the rest," Jack said. "I wanted to try to make the theatre-public forget some of the jazz-age specials. I wanted to get away from allegorical tales that point out a parallel moral in today's way of living. That's why I have made my present production."

"In 'The Hill Billy,' I have done my very best to give the motion picture audience something clean, wholesome and fine. I have taken my story back fifty years ago into the Kentucky mountains."

"I have placed a few simple people up in those hills and in the valleys. They have been given their troubles and their joys. Romance comes up in that section just as it comes in other parts of the world today."

"My picture is elaborate only in that it is full of vital, American people. They do not dress in regal splendor or have the pomp that a crown commands. They are garbed in their own simple style of the backwoods—they are just simple folk of a simple day."

## "THE CLEAN HEART"

"The Clean Heart," or "The Cruelties of Life," which will be shown at the Penniman Allen theatre on Sunday and Monday, January 11th and 12th, is a drama, yet without a villain. The conflict, imperative in all dramas, is provided by a mental aberration on the part of Wiford, a character being played by Percy Marmont.

It is that of a successful newspaper editor, who through overwork, finally comes to believe there is another Wiford always driving him to accomplish just one more task. It is to escape this "other self" which creates the opposing forces in the first portion of the story that induces Wiford to seek safety in flight. During the self-imposed exile, Wiford meets a tramp calling himself Puddlebox, who is a philosopher, totally against all forms of labor and deathly afraid of the sea. Puddlebox is played by Otis Harlan.

The second part of the story sees the elimination of Wiford's other self through the philosophy and laziness of Puddlebox, but then the sea becomes the menace. It proves more relentless, more fiendish than any human agency, developing into the most incarnate sort of villain. It destroys Puddlebox, but not until after he had practically recreated Wiford, who has developed—or degenerated—into another tramp.

Then indulgence—love of self—becomes the ever present enemy of Wiford, a condition which makes "The Clean Heart," or "The Cruelties of Life," a truly abnormal motion picture story. The unselfishness of a genuine love finally gains mastery over all, which practically makes a drama with only one player except the numerous people he meets in his wanderings among strangers.

## "ARGENTINE LOVE"

An Ibanes story with a perfect cast!

"Argentine Love," written directly for motion pictures by the greatest of all Spanish novelists, Vicente Blasco Ibanez, author of "The Four Horsemen," "Blood and Sand," "Enemies of Women," etc., is a picture with a true-to-type cast if there ever was one.

Everything about the picture is Spanish, and how could one start off better than by the selection of Bebe Daniels and Ricardo Cortez for the principal roles.

Dark-haired, dark-eyed Bebe plays a lovely Spanish senorita, confronted with the old, yet ever-new problem of making a choice between two men—one, played by Cortez, a wealthy young South American who has helped her parents financially and asked her hand in return for the favor; the other, a handsome American engineer Bebe, as Consuelo Garcia, meets while at school in the States. James Rennie has this role.

Cortez within the past few months has risen to an enviable position among the screen's younger leading men. His role in "Argentine Love" is one of his own nationality. Rennie, recently seen in the Broadway stage hit, "The Best People," looks

every inch the character he portrays. Miss Daniels and Cortez are featured in "Argentine Love," which will be shown next Wednesday and Thursday, January 14 and 15, at the Penniman Allen theatre. Rennie heads the strong cast playing in support.

Others in prominent roles include Mario Majeroni, last seen with Gloria Swanson in "Her Love Story," Aurelio Coccia, who danced the apache dance with Miss Swanson in "The Humming Bird," Russ Whitall, Alice Chapin, Julia Hurley and Mark Gonzales.

The picture was adapted for the screen by John Russell. Gerald Duffy wrote the scenario.

Plymouth celebrated the coming  
of 1925 very quietly, the New Year  
being observed for the most part, by  
quiet home watch parties. The ring-  
ing of bells and the firing of several  
guns at the midnight hour announced  
the birth of 1925, but there was little  
noise or commotion here.

On another page of the Mail will  
be found the statements of Plym-  
outh's two financial institutions.  
Both reports show a substantial in-  
crease over the last statements pub-  
lished, which would indicate a most  
prosperous condition of affairs in  
Plymouth and vicinity.

Mrs. Reka Witt entertained the  
following guests at her home on  
New Year's day at dinner: Mr. and  
Mrs. William Miller and sons, How-  
ard, Harold and Willis of Novi; Mr.  
and Mrs. Howard Greer and daugh-  
ter, Helen, and Mr. and Mrs. William  
Tesch and daughter, Mary, of North-  
ville.

On another page of this paper will  
be found the financial statement of  
the Plymouth Home Building Associa-  
tion, for the six months ending De-  
cember 31st, 1924. The report shows  
a substantial increase in the totals  
over the statement for the six  
months ending June 30th, 1924, which  
is a sure indication that the business  
of the association is steadily growing,  
and will soon reach the \$100,000  
mark.

After thawing out the bowl of the  
big steel tank in the rear of the  
Presbyterian church with electricity  
last Sunday afternoon, the lagging  
of the wooden casing which encloses  
the steel pipe from the ground to  
the tank, caught fire in some manner  
and the blaze attracted a good deal  
of attention, until several members  
of the fire department put out the  
fire with a stream of water from the  
fire hose. About six or seven  
feet of the casing was burned.

The new pump for the municipal  
well at the springs, has arrived and  
is being installed. This will give  
the village an auxiliary pump that  
can be put into use in case of a  
break-down of one of the pumps, so  
there will always be one pump avail-  
able. The water supply has materi-  
ally improved within the past few  
days, and a considerable quantity of  
water is being backed up into the  
big reservoir every day, which in-  
dicates that there is plenty of water  
at the springs.

## OBITUARY

Winfield Scott Birch, son of Robert and Margaret Birch, was born at Fairport, New York, August 19, 1877. He came to Plymouth when he was eleven years old, where the greater part of his life was spent. March 31, 1910, he was united in marriage to Miss Nellie Oliver, who with one daughter, Carol Emma, now remain to mourn their loss. Mr. Birch was an expert plumber by trade, many of the finer residences of Plymouth bearing evidence of his labor; but his latter years he preferred to spend in gardening, in which business he was eminently successful. A member of the Baptist church and of the Masonic order, firmly believing in and practicing the Golden Rule, always ready to go out of his way to help others, he was held in high esteem by his fellow citizens for his integrity, kindness and good will, and will be greatly missed in the large circle of his acquaintances. Besides his aged father and the members of his immediate family, he leaves three sisters, Mrs. James Baughn, Mrs. Harry P. Shattuck and Mrs. Howard Richards, all of Plymouth, and two brothers, David Birch of Plymouth, and Albert Birch of Wayne.

Although he had been in failing health for some months, it was not considered serious until quite recently; then, after a very rapid decline, on Sunday afternoon, December 28th, as the shadows of evening were gathering, "He died where manhood's morning touches noon and while the shadows still were falling toward the west."

## The Quality's What Counts!

The price you pay for a ton of coal doesn't by any means determine its value. If it did, the snow-bird dealers with their third-rate stuff might have a bargain to offer you.

As it is, the stuff they sell is so low in quality that no reputable dealer would touch it at any price. It may look like good coal, but—wait till it goes into the furnace.
