## CLEAN UP WEEK SET FOR APRIL 27 TO MAY 2

The Annual Clean Up Week Has Been Set by Village Commission and Everybody Urged to Co-operate in this Work.

As has been the custom here for a number of years, the village commission has designated the week of April 27 to May 2, as Clean Up Week. It is expected that everyone will clean up the back yard and alleys, gather up all the old rubbish, cans, etc., that has accumulated during the past winter, place it in boxes or barrels and place it at the curb line, where it will be carted away by the village trucks, beginning Wednesday, April 29th. Help make Plymouth a spotless town.

### PLYMOUTH DRAMATIC CLUB GIVES PLAY

The following, cast selected from members of the club, under the able direction of Lisle Alexander, will present "Take My Advice," a three act dramatic comedy, at the Methodist Community house, Friday evening, May 1st, at 8:00 o'clock.

Hob Mannon, editor of the Eureka News—F. R. Witwar.

Jimmy Sampson, whose business is waking up towns—A. E. Blunk.

Jud Fenton, a town character who has never been accused of working—B. E. Giles.

John Wargrim, a power in the state, who controls and dominates Eureka—Frank Dicks.

Peggy Acton, who arrived in Eureka three months ago—Mae Hallahan.

Virgy Mannon, Bob's sister, working in the office of the Eureka News—Mrs. A. E. Blunk.

Mrs. Nelson Dodd, a social power in Eureka and president of the Epifit Society—Mrs. Frank Dicks.

Marcia Wargrim, daughter of John Wargrim—Mrs. Fred Sallow.

The mandolin orchestra will play between acts.

Admission, 35c and 25c. Tickets may be secured at Blunk Bros. store or from any of the cast.

### O. E. S. INSTALLATION

Over two hundred members and guests witnessed the installation of officers of Plymouth Chapter No. 115, O. E. S., at the Masonic temple, on Tuesday evening, April 23rd. Mrs. Clella Smith, Past Matron of Plymouth chapter, acted as Installing Officer, assisted by Past Matron Mrs. Maude Pettigill, as Marshal, and five little girls dressed in colors to represent the five points of the Star. The following officers were installed for the coming year:

W. M.—Mrs. Anna Seaver  
W. P.—Karl W. Hillmer  
A. M.—Mrs. Alvera Kenter  
Secretary—Mrs. Clara Taylor  
Treasurer—Mrs. Florence Furman  
Com.—Mrs. Ida Finn  
A. C.—Mrs. Pauline Cobb  
Chaplain—Mrs. Carrie Hillmer  
Marshal—Mrs. Jessie Riezes  
Adeh—Mrs. Ruth Jewell  
Ruth—Mrs. Cora Springer  
Esther—Mrs. Mildred Jewell  
Martha—Mrs. Lucile Buzzard  
Electa—Mrs. Marna Burnett  
Warder—Miss Doris Burnett  
Sentinel—Millburn Hill  
Organist—Miss Alma Strenig

Mrs. Hazel Moon and Mrs. Jessie Bake, accompanied by Miss Alvera Strong, sang two duets during the evening, also two solos by Miss Marjorie Pollock, accompanied by Miss Olive Merz, who was enjoyed by all present.

After the installation ceremonies, retiring Worthy Patron C. H. Rauch presented the Installing Officers each with a gift, and Past Matron Clella Smith presented the five little girls each with a tiny basket of flowers in appreciation of their services.

Worthy Patron Karl Hillmer, with a few well chosen words, presented the retiring Patron, C. H. Rauch, with a beautiful white gold watch. This was a gift from brother members of Plymouth Chapter, and will serve as a reminder of the ten years Mr. Rauch has served as Worthy Patron. During Mr. Rauch's term of office, he has given the obligation to 166 candidates.

Light refreshments were served by a committee of Brothers, and all enjoyed a social time and dancing.

Guests were present from Detroit, Manchester and Ypsilanti.

### WOMAN'S CLUB HOLD ANNUAL MEETING

The annual meeting of the Woman's Club last Friday afternoon in the music room, was really enjoyable. The president, Mrs. C. Humphries and secretary, Mrs. Charles Rathburn, were as usual in their places. This being the last meeting of the year, a synopsis of the whole year's work as embodied in the reports of the officers and committees on membership, program, press, civics, historical, revision and social was very gratifying, as taken as a whole, one sees many results. Every report was short, snappy and interesting. No more will one need to be afraid of a long annual meeting, as a pleasing precedent was established. Certain, too, all departments were faithful with splendid harmony, making the club an asset to the town in many ways.

Mrs. R. A. Cassidy, as chairman of the building fund, was a powerful inspiration to the members and a new club house looms in the future; all the world loves a lover and all the town loves an attractive new building. This year the club thought it wise not to rent and save the sum toward a home, so the meetings were held in various places, music room at school, church parlors and five wonderful meetings at the home of Mrs. W. J. Bradner, Mrs. Frank Park, Mrs. E. Joffe, Mrs. William Wood and Mrs. R. A. Cassidy.

The officers chosen for the coming year, who will be seated at the annual picnic in June and begin work in October, are:

President—Mrs. R. O. Chappel.  
First Vice President—Mrs. R. A. Cassidy.  
Second Vice President—Mrs. W. S. Bake.  
Recording Sec'y—Mrs. D. D. Nagle.  
Corresponding Sec'y—Mrs. Charles Rathburn.  
Treasurer—Mrs. J. T. Chapman.  
Directors—Mrs. Frank J. Burgoys, Mrs. Charles Humphries, Mrs. Sidney Strong.

### WILL OPEN RECREATION BUILDING

Finell and Trimble is the name of a new firm who will open a pool room in the building opposite the Plymouth Motor Sales, corner of South Main street and Maple avenue. The name of the new enterprise will be the Recreation Building. Five pool tables and one billiard table, all new, will be installed. Soft drinks, cigars, mahogany, candy and ice cream will also be sold. It is the intention of the new firm to run a first class place in every respect. The building has been remodeled to meet their requirements. It is expected that everything will be in readiness to open some day next week. Watch next week's paper for opening announcement.

### A POOR PRACTICE

It is very evident that something will have to be done by the village authorities to prevent several hundred automobiles from crowding into a street where a fire is in progress, or from which an alarm has been turned in. Monday evening's fire alarm was a fine demonstration of what could happen in a case of this kind, if there had been a real blaze. The fire was supposed to be at the Ashton home on Ann street. Not seeing any smoke or blaze, both fire trucks were driven a short distance past the Ashton house. By this time streets filled both sides of the road and more were coming, and it was with difficulty that the trucks could be driven back up the street, because of the congestion.

Had it been necessary to lay lines of hose, the work of the firemen would not only have been hampered, but several precious minutes lost before the street could be cleared of autos, and these few moments mean much in quenching a blaze.

It seems to be a matter of beating the fire department to the scene of the fire, but it is a poor practice, and sooner or later, someone will get hurt and a serious fire loss may result. Many places have put a stop to the practice, and it is time it was done here.

### PLYMOUTH MARINE IN MANEUVERS

Taking part in the greatest peacetime exercises ever held by the combined fighting forces of the United States, Kenneth R. Stevens, of Plymouth, Mich., is with the U. S. Marines who are engaged in mimic warfare on land and sea in the Hawaiian Islands and on nearby Pacific waters.

Many of the Marines are with the great battleships of the Pacific Fleet. Others come from points on the East and West coasts to form a landing force on the island of Oahu, a center of attack in the big war game.

Problems concerning the defense of the Hawaiian Islands are being worked out by the Navy and Marine Corps in co-operation with the Army, the Marines serving both ashore and afloat. Several of the Marines will take part in the simulated attack on Oahu, one of the most spectacular phases of the maneuvers scheduled to take place late in April.

Kenneth, who is a native of Plymouth, lived at the home of his mother, Mrs. Helen M. Stevens, 523 Moor street, before he joined the Marine Corps at Detroit several months ago. He is now with Company "G" of the Marines who left Quantico, Va., March 13, on the transport Henderson en route to the Hawaiian Islands via the Panama Canal. He will probably return to Quantico about May 27.

### PLYMOUTH GIRL HONORED

Miss Marian Bennett, of this place, a freshman at the Michigan Agricultural College, was recently elected representative from the class of '25 on the Woman's Self Governing Council.

W. S. G. A. corresponds to the men's Student Council, and with the Dean makes and enforces all rules for the women of the college. One girl is elected from the Freshman class, two from each the Sophomore and Junior classes at this election. The girls will take office the beginning of next year and will hold them for the remainder of their college course. The oath was taken by the newly elected girls in the presence of Dean Krenger and was followed by a dinner.

### ROTARY CLUB ELECT OFFICERS

The Plymouth Rotary Club has elected the following board of directors for the ensuing year: E. C. Hough, B. E. Champe, S. D. Strong, William Wood, George A. Smith, F. D. Schrader, William T. Pettigill.

The board of directors have elected the following officers from their number:

President—E. C. Hough.  
Vice President—B. E. Champe.  
Secretary—William Wood.  
Treasurer—S. D. Strong.

The year which has just closed marks the first year in the history of the local club, and it has been a very successful one in every way.

During the year several new members have been added to the membership roll. The coming year promises to be one of interest and still greater benefit to the members of the club.

### REDMEN WILL BUILD NEW TEMPLE

Ottawa Tribe No. 7, Improved Order of Redmen, have purchased the vacant lot opposite Jewell, Blach & McCurdy's plumbing shop on Ann Arbor street, and will erect a handsome two story building. The ground floor will contain two store rooms, while the second floor will be given over to the lodge room, club rooms and a dance hall, with all modern conveniences. The building will be of fire-proof construction, and will not only be a credit to the order, but to the village as well. Mr. Thomas, chairman of the building committee, says that the Order expects to be in their new lodge home by Thanksgiving.

At the next regular meeting of Tomquish lodge, I. O. O. F., the third degree will be conferred and lunch will be served. All members will please attend.

## Clean Up Week April 27 to May 2 Clean Up, Paint Up, Make Plymouth a Spotless Town

## FIELD MEET AT PLYMOUTH HIGH SCHOOL ATHLETIC PARK

Four Schools Will Compete in Ten Athletic Events Here Saturday, April 25th.  
Northville, Monroe, Dearborn and Plymouth High School Athletes Will Try for Honors.

### MOTHER AND DAUGHTER PROGRAM

Plymouth fathers have several times given Father and Son banquets, but the mothers have not met their daughters in such an affair, and so the Girl Scouts, both the senior and Junior groups, and the Girl Reserves have decided to take the initiative and to give an informal luncheon for their mothers. Mrs. Campbell of the Michigan Agricultural College, herself a mother, who has acted as dean of women there, who at one time was head of the Home Economics work will give a talk. Mrs. Campbell is a most interesting speaker, as many high school girls who have heard her before know. There will be some informal talks by girls and mothers. We hope this is a beginning which may evolve into something paralleling the Father and Son banquets.

Come Monday night, April 27, to the High school for supper and bring your daughter. Tickets are priced at thirty cents, and limited in number.

### Arrangements have been completed to hold a field meet at the athletic park of the Plymouth High school, Saturday forenoon, commencing at 10 o'clock. This is a preliminary event to the big Suburban League field meet, which will be held here on Friday, June 5th. Northville, Monroe, Dearborn and Plymouth are the High schools whose athletes will compete in the ten events, which have been scheduled. Plymouth will have several of its last year stars in the lineup. Kravon, Doud, Kurze and Reiman, and Coach Gatta is of the opinion that next Saturday's field meet will bring out some new material that will prove a great factor in the big meet next June. The following are the events:

- 100-Yard Dash.
- One-half Mile Run.
- One Mile Run.
- 220-Yard Dash.
- 100-Yard Dash.
- Relays.
- Shot put.
- High Jump.
- Broad Jump.
- Javelin Throw.

The admission has been placed at the end of the field, and everybody who can do so is urged to attend and help boost the local school.

### THE NEW FIRE TRUCK HAS ARRIVED

The new truck for the Plymouth Fire Department arrived last Friday. It had been shipped by freight from Elmira, New York, to Detroit, together with a truck for Lincoln City. From Detroit, it was driven to Plymouth. J. K. Howard is Delivery Engineer with the machine. He is to instruct the firemen here in the use of the pump.

The Village Commission contracted last January, with the American LaFrance Fire Engine Company for this truck, and the voters at the regular spring election approved the bond issue for the payment of it. The selection of this particular make and type was the result of a large amount of investigation on the part of the firemen and the Commissioners and Manager. Plymouth citizens may rest assured that there is no better machine anywhere than this truck.

The specifications are as follows: Motor, six cylinder, 5 1/2-inch bore by 6-inch stroke, 105 horse power; hose capacity 1200 feet 2 1/2-inch hose; one chemical tank of 40 gallons with 20-foot extension ladder, two 12-foot roof ladders; two 3-gallon hand extinguishers; two 10 1/2-foot lengths 1 1/2-inch suction hose and two 10 1/2-foot lengths of 2 1/2-inch suction hose; other small necessary equipment. The pump is rated as capable of producing 750 gallons per minute. Under certain conditions it will exceed this rate. The pump is of the rotary gear positive displacement type. One thousand feet of Paragon 2 1/2-inch double jacket fire hose was purchased at the same time that the pump was contracted for, and this is now on the truck ready for work.

With this fire truck in service in addition to the Brockway, which is still just as valuable as it ever was, Plymouth has fire fighting equipment which should be able to cope with about any fire liable to occur, except a real conflagration.

The acceptance test will be run this (Friday) afternoon, at the Ford Wilcox Mill. This consists of a development of 750 gallons per minute at 120-pounds pump pressure, 375 gallons per minute at 200 pounds, and 250 gallons at 250 pounds. This is the standard Underwriter test.

### MUNICIPAL NOTES

The Village has another old relic, thanks to the courtesy of Karl B. Starkweather. It is a poster advertising the coming of "The Wandering Trifolium" from Poland and Hungary, to Northville and Plymouth on July 4, 1865. This poster will probably be framed for safe keeping.

The new fire truck answered its first alarm Monday evening. Now that we have two trucks answering alarms, automobile drivers in Plymouth had better be mighty careful how they follow these machines. Our traffic ordinance says that no machine shall follow the fire truck closer than two hundred feet. Last Monday night the congestion on Ann Street was so great that if there had been a real fire the firemen would have been absolutely unable to move. A number of people are going to pay real fines hereafter, if they are not careful in this matter.

Mr. J. K. Howard, delivery engineer for the American LaFrance Fire Engine Company, is here instructing the firemen in the operation of our new pump. Under his teaching, the boys are learning not only to drive the big machine safely, but to operate the pump properly. The Underwriters Tests of the new truck will be run Friday afternoon, under the supervision of a man from the Michigan Inspection Bureau.

Look up our clean up week notice elsewhere in this paper.

The Village President, last Monday, appointed John S. Dayton as Village Attorney in place of Paul W. Voorhies, who has held this position for many years.

### YOUNG PEOPLE TO HOLD CONFERENCE HERE

The annual conference of the Methodist young people of the Ann Arbor district, will be held at the local Methodist church this week-end. The conference will open with a banquet tonight (Friday). Dr. Frank Kingsing, pastor of Central church, Lansing, will be the chief speaker. Saturday morning will be given over to speeches and discussions concerning the relation of the youth of today toward the church. In the afternoon there will be a basket ball tournament in which teams from the various churches will participate. A large delegation of young people is expected.

### DEATH OF WILLIAM BICHY

William Bichy, aged 83 years, died early Wednesday morning at his home on the Plymouth road. The funeral services will be held from his late home, Saturday afternoon at 2:00 o'clock. Rev. Charles Strasen officiating. Interment in Woodmere cemetery, Detroit. A more extended notice will be published next week.

Members of Ottawa Tribe No. 7, Improved Order of Redmen, will go to Lansing today, Friday, by invitation of Okemos Tribe. Several candidates of the local tribe will receive their Second and Third degrees.

#### WHERE IT GOES

Whether we farm or not, we are dependent on farms, so that is why it ought to interest everyone in Plymouth to know that experts have just figured out where every penny of a farmer's dollar goes. Hundreds of farm homes were included in a census recently taken, and from which a general estimate was made. It showed that food, rent and fuel are practically the only items directly provided wholly or in part by the farms. Twenty-six cents of each dollar spent by the farm family goes to the clothier, dry goods man, shoe dealer and milliner. Another 23 cents is divided between the grocer and the butcher, while auto upkeep, coal and other running expenses eat out another slice of 21 cents.

A dime of each dollar spent by the farmer's family goes into school expenses, reading matter, vacation trips, lodge and church support. The doctor, dentist and druggist together get seven cents out of the dollar bill, while four cents goes on household goods, sewing, laundry supplies and and canning equipment. Life, health and fire insurance eat up another four cents, and the other four cents goes for tobacco, candy and haircuts.

You will observe, if you study these figures, that a pretty generous slice of the farm dollar has to be spent in town. This shows us that the towns of this country are as dependent on the farms for prosperity as the farmers are dependent on the towns. So, taking the two together, we have a mighty good reason why there should at all times be perfect harmony between town and farm.

#### ANOTHER KIND OF HOG

The ideal season of the year is up on us again, and thousands of people are taking advantage of the pretty Sundays to motor about the neighborhood in which they live. Nature is putting on her spring dress, and displays something beautiful and attractive along every road that a car can be driven. If it is not something bright and beautiful growing within handy reach along the highway, then it is something attractive growing in someone's yard.

There were many complaints last spring of depredations around Plymouth, along about the time the motor-fruit trees being broken and damaged while in bloom, of yards being entered in the absence of the families and flowers ruthlessly snatched away or uprooted. We do not feel that our own people were entirely guilty of this; we want to believe that it was the work in every instance of motorists from other sections who were driving in the region from which the offenses were reported. But regardless of whoever it was, it is the wrong thing to do. Love of nature and pride in our state should be strong enough to stop the breaking and tearing up of trees and shrubbery along our highway, and common sense ought to teach anyone that they have absolutely no right to enter the yard of another and take or destroy even a blade of grass that is growing there. If it is not stopped it will lead to serious consequences, and maybe a tragedy too shocking to contemplate. And will also mean such widespread destruction that the next generation will curse us for—the destruction of the natural beauty of the community in which we live and which we should feel under moral obligation to help keep beautiful.

#### TELL IT TO THEM

Next time you hear a citizen of Plymouth yelping about a typographical error in his home paper, or in any other paper, just hand him these figures to stop his tongue:

In an ordinary column there are 10,000 pieces of type; there are seven possible wrong positions for each

letter; there are 70,000 chances to make an error, and millions of possible transpositions. In this one sentence, "To be or not to be" by transposition alone, it has been figured out, 2,750,002 errors can be made. Newspaper people, from the "devil" up to the boss, and other high officials, are merely human, and liable to err. Don't be nosing around for errors, but read for the information you can get and the good you can get. You'll find errors enough in your daily walk through life without having to hunt for them in a newspaper.

#### GRANGE NOTES

The Grange wishes to thank Mr. Stevens for tuning the piano at the hall.

Regular Grange meeting was held April 20th, and the third and fourth degrees were conferred on a class of sixteen. The new team is to be complimented on their work, also the different committees, as everything was a success. A large crowd attended the banquet, there being about 125 present.

The Lily Club held their meeting at Grange hall, Tuesday evening, and it was well attended and a good time had.

Regular meeting will be May 1st.

**Nothing Gentle About Practice of Ju-Jutsu**

Ju-jutsu originated several hundred years ago, before the time of gunpowder, and its purpose was the elimination of an opponent. As it was considered to be used only in a deadly combat, there were no fouls. Everything went with a view to removing the danger to one's life, no matter what position or predicament he be in. The idea was not to lay an opponent on the mat, but to disable him or kill him as the circumstances required. Later, when the use of gunpowder made hand-to-hand fighting in battle improbable, Ju-jutsu lapsed into oblivion for some years, from which it was finally dragged, dressed up, repaired and altered to suit the requirements of the Japanese aristocracy.

Ju-jutsu can be roughly divided into three classes. First, tricks for holding; second, tricks for throwing; and third, tricks for disabling or killing an enemy by means of blows or kicks. The latter class is the real essence of the art. It more nearly approximates the old art than either of the other two branches. The first two, as taught today, do not differ greatly from the science as applied to catch-as-catch-can work.

Examples: Holding tricks: Our hammerlock similar to one of their holding tricks. Front strangle is our head chancery slipped down to press on the Adam's apple.

Throwing holds: Our flying mare varied in three ways and called something like "shoenage." Applied from the side in a flash without drawing the arm over the shoulder as in the flying mare, the cleverest wrestler will almost always be caught.

Striking tricks: Tsurigume: Knee to opponent's crotch. Some other darn fool word covers a jab with the stiffened fingers to the Adam's apple.—A. H. Phelps in Adventure Magazine.

**Terrible Bluff**

Sophie Kerr, the novelist, said to a reporter as she boarded the Mauretania for a European trip.

"I write for a living. Writers who write for art's sake give me a pain."

Then, with a rather bitter laugh she went on:

"These art-for-art's-sake writers are terrible bluffs as a rule. One of them, a free verse poetess, gave a reception the other day. At the height of the reception, while she was surrounded by the most important of her guests, a pretty little boy in a velvet suit came up and said to her in a loud voice:

"Miss Blank, I think you are a wonderful genius."

"Everybody laughed and applauded, and the poetess kissed the pretty little boy and asked:

"Why do you say that, dear?"

"Because," he piped, "you told me to."

**Fish Taken in Swarms**

Shoveling fish from the river is the event of the winter for the farmers close to the Cowitz river, Washington. When the smelt start running, farmers shovel them up by the scoopful, filling barrels and boxes; women use lace curtain nets at the end of portiere poles; boys and girls take father's auto cover for a seine, and the professional fisher employs his linen thread nets. These fish, about seven to nine inches long, run in schools, often filling the river from bank to bank. They go up stream to spawn, after which the smelt return to the ocean and, like the fur seal, spend a long period far from human eyes. The food value of the smelt is what makes it so attractive, being canned in glass jars, pickled in spices, salted and dried.

**In No Hurry to Buy**

What would the Broadway motor salesman do with this case, which is typical of the inertia that he would encounter almost every day in the Orient? Woodhull Hay asks, in Asia Magazine.

A friend of mine was trying to sell a motorcar to an Indian in Delhi. The latter gave many excuses for not purchasing, but in reality he was merely maintaining an attitude of "watchful waiting." The price had been reduced already several times. The salesman assured him that rock bottom had been reached. If not, no further reduction would be made for at least a year. The Indian at once replied, with a gleam of triumph, as if he had tricked his adversary into disclosing secret intelligence: "Ah, in that case I shall wait until then! There is plenty of time!"

**Mocked by Fate**

Fortune came too late for a family in Judendorf, Austria. Believing himself to be ruined by gambling, a military officer decided with his wife to kill themselves and their two children at their villa there. The servants were sent to the theater and returned late at night to find the villa in darkness. They discovered the husband poisoned and his wife, son, and daughter shot dead. The baby, Peter, was sleeping unharmed. The family were of English origin. A formal notification of an inheritance of \$53,000 (\$200,000), released by the English courts after a long dispute, arrived at the villa for the captain the day after the tragedy.

**New Disease**

"They say he's awful sick," a woman was heard to remark to her companion when walking along Washington street.

"Is that so? What's the matter with him?" asked the other.

"I believe they call it the intentional flu."

"What's that?"

"I don't know—this new disease, I s'pose."—Indianapolis News.

Our idea of a foolish man is one who is kept from being foolish by fear of what others would say about him.

Many a man's idea of helping around the house is to move from one chair to another when his wife wants to sweep.

The proposed child-labor law would prevent Willie from turning the grindstone, but it wouldn't get Dad's nose any farther away from it.

**Canadian's Feat Makes Marathon Look Simple**

Marathon races get their name from the feat of the great Greek runner, Pheidippides, who carried the news of the victory over the Persians from Marathon to Athens. That was about 26 miles, and besides the battle being the turning point in the history of Europe, it was made forever dramatic by the fact that the runner dropped dead on finishing his journey.

That was a mild journey compared with a Canadian episode which has been unearthed by W. J. Healy and described in the Winnipeg Tribune. Jean Baptiste Lagimodiere was a resident at Fort Garry (now Winnipeg) in 1815, when the growing hostilities between the Hudson's Bay company and the Northwest company led to a crisis which called for quick action. Lagimodiere was a man of thirty-five, whose fifteen years in the West had made him a noted hunter and courier de lois, when Colin Robertson, who was in charge of the stockaded stronghold of the Selkirk settlement at Fort Douglas, asked him to deliver a letter to Lord Selkirk in Montreal.

Lagimodiere set out on foot with instructions to carry the letter as swiftly as possible to Lord Selkirk, informing him of the danger and asking him for help. It was a journey of 1,800 miles through much wilderness, which in some parts was made still more dangerous by the presence of Northwest company scouts. The runner set out, therefore, in the direction of Pembina, as if on a hunting trip, and making a wide circle he traveled by Warroad, Rainy River and Fort William, thence to Detroit. East of Detroit he was overtaken by a mail carrier to whom, being far from the fur traders' capital, he told his mission. The mail carrier then offered to take him all the way to Montreal, provided he were allowed to deliver the letter to Selkirk.

Jean Baptiste told that generous and enterprising mail carrier that he had promised to carry the letter himself to Lord Selkirk and that he would do it unless he died on the way. Then he jumped out of the mail carrier's sleigh and continued his journey on foot.

Montreal was reached on New Year's eve, or two months after the journey was started, and Lady Selkirk joined her husband in the warm welcome to the hardy messenger. Lagimodiere started back in a couple of days with a reassuring message, but near Fort William he was taken prisoner by a party of Indians on the lookout for him on the request of the Northwesters. He was held for some months and released only when Fort William was captured by Lord Selkirk. The massacre of Seven Oaks, a battle between the forces of the warring fur trading companies, occurred that summer at Winnipeg, but peace followed and Lagimodiere lived until 1855.

**Colored Deities**

"People are showing astonishment over Marcus Garvey's black deity. They consider a black deity an innovation, a blasphemous innovation. Well, they are wrong."

The speaker was a colporteur. He went on:

"Look at this picture of the holy family. It's for our Chinese mission." The Mary of the picture was a Chinese woman, with dwarfed feet, trousers and slanting eyes; Joseph was an old fellow with a queue; the divine child had the flat nose and oblique eyes of China.

"Here," the colporteur continued, "is a holy family for the Congo."

Mary in the Congo picture was fat and black, with crinkly hair; Joseph was a robust black warrior, a spear in his hand, a girdle of feathers round his loins; the infant was black, too.

"Our holy families for missionary use," the colporteur ended, "are always made in the likeness of the people who are to study them. These simple and childlike people would be estranged and repelled by a white holy family. Only this sort shows them the deity's real kinship with themselves."—Detroit Free Press.

**The Divorce Evil**

"For every seven marriages in the United States there is one divorce. This is a shocking state of things."

Theodore W. Martin of the international divorce commission was speaking before the W. C. T. U. of Richmond.

"If the young bride and bridegroom would live up to their original resolves," Mr. Martin went on, "divorce would disappear."

"The young bride and bridegroom marry with the resolve to share one another's joys and sorrows, ambitions and troubles, hopes and fears, but too often all they share, alas, is one another's hair brushes and towels and squabbles."

About all the use some Plymouth citizens have for the Golden Rule is to measure other people by it.

The record of the Sixty-Third Congress can be written in this way: "1923, sworn in: 1925, cussed out."

**WATERFORD**

The older girls of the Gold Star club at Waterford school, planned an Easter surprise Friday afternoon, for the little folks. The smaller children enjoyed an Easter egg hunt. Lloyd Ross received a prize for finding the highest number of eggs. They were then taken outdoors to play games. The visitors were Doris Hubbard, Richard Innis, Lucille Lee, Collins and Carlos Green, Arlith Rowland, Bobbie Gots, Donald Waterman and Marie Eckles. Mrs. Alfred Innis of Plymouth, and Mrs. Roy Corvill of Northville, visited school Friday afternoon.

The girls of Waterford school are making scrap books for the Children's hospital, and the school exhibit which is to be held at Elizabeth Park, June 6th.

Mr. and Mrs. Wm. Smith leave Waterford this week, where they have resided for over twenty years, for their new home, one mile west of Worden. P. H. Greenman recently purchased their farm.

The Neighborhood Community club met at the home of Mrs. Robert Taylor, last week Thursday.

Mr. and Mrs. Frank McGraw of Plymouth, spent Sunday with the latter's mother and sister, Mrs. Ida Hedges and Mrs. Charles Waterman. Mrs. Wm. Smith was in Ann Arbor, Thursday.

Mr. and Mrs. Robert Bechtel motored out from Detroit, and spent Sunday evening with Mr. and Mrs. Arthur Gots.

Lon Perkins spent the weekend at his home in Bad Axe. When he left there Sunday, the ground was covered with snow.

A baby girl came to the home of Mr. and Mrs. J. Eckles Thursday, April 16th.

Mrs. Amelia Reigler's sisters and families surprised her Sunday, the occasion being her birthday. They brought lots of "eats" and presents. All enjoyed a pleasant afternoon and evening. After wishing her many more birthdays to come, they returned to their homes.

**NEWBURG**

The Sunday-school party held at the hall Saturday afternoon, was a decided success, 45 children being present. The afternoon was spent in playing games, after which sandwiches, cocoa and candy were served the children.

The regular monthly meeting of the Queen Esther Circle was held at the parsonage, Tuesday evening, with a goodly number present.

Mrs. Ross Ryan of Detroit, spent Sunday with Mrs. N. Geer.

Mrs. Charles Ryder left Friday afternoon, for a two weeks' visit with

friends and relatives at Cincinnati, Ohio, and Chattanooga, Tenn.

Mr. and Mrs. Donald Ryder entertained Mr. and Mrs. Charles Paddock of Lansing, for Sunday dinner.

Mrs. Thomas spent Monday in Detroit, visiting her son, Cecil and family.

Mrs. Jay Bennett and baby spent last week with her parents, Mr. and Mrs. Smith of Salem.

Little Ethna Geer has been quite sick this week.

Mrs. Clyde Smith called on Mrs. Everett Burgess of Denton, Tuesday afternoon.

Mrs. Sarah Holsington spent Saturday with her daughter, Mrs. I. Ganssly.

The officers of the L. A. S. held a business meeting at the home of Mrs. Bertha Joy, Wednesday afternoon. The next regular meeting of the L. A. S. will be held May 6th, at the home of Mrs. Faye Grimm.

**STARK**

Mr. and Mrs. R. E. Vantassel were called to Merrill, Mich., to attend the funeral of the latter's brother, Joshua Baker, Saturday.

Arcile Johnson has a new Ford coupe.

Mrs. Henrietta Winkler is still confined to her bed, and there is not much improvement in her condition.

John Baker of Merrill, Mich., is visiting his daughter, Mrs. R. E. Vantassel.

Born to Mr. and Mrs. William Jordan, April 17, a son.

Some excitement was caused Sunday morning about 10:30 o'clock by an airplane circling over farm houses and finally landing for a short time in a field northeast of Nankin Mills. What their trouble was it was soon corrected, and they were off again.

Mr. and Mrs. Brown of Laingsburg, Michigan, called on Mr. and Mrs. William Shunk last Saturday. They will be remembered as old neighbors of this vicinity.

There will be a Zone meeting at the Brick school this Saturday, April 25. We are sorry to hear Fred Schmidt's family is quarantined with scarlet fever.

The P. T. A. of the Stark school will meet April 29th, instead of the 22nd, as announced in last week's Mail.

Mrs. Charles Voss returned home, Monday, after spending a few days in Detroit.

Mr. and Mrs. Floyd Bassett entertained a friend from Detroit over the weekend.

A London professor says the world will be inhabited for the next 20,000,000 years. As far as we know that will be perfectly satisfactory to everyone around.

**ELM**

There will be Sunday school at the usual hour, eleven o'clock next Sunday morning at the school house.

The Parent-Teachers gave a shadow social and musical program last Friday evening, April 17th, to raise funds for improvements in our school next term. Special features on the program were several old time dance selections on the violin by Fred Wilson, Dan McKinney and Bud Shaffer, with Mr. Brew at the piano. The association cleared nearly \$34.00. Mrs. Fred Wolfson, Mrs. Pearl Wilson and Mrs. Fred Wilson were in charge.

Elm friends will be delighted to hear that Mrs. Clyde Bentley is very much better and able to see her family now. She is taking thirty minute walks now and five minutes to be added each day. She will be able to leave the hospital in about a week, and expects to visit her mother for awhile.

Katherine Burke is able to walk out to the shop now, and expects to go this week for an x-ray examination.

The work on the Elm Road is progressing rapidly lately and they are laying cement now.

Elm friends extend their sincere sympathy to the relatives of Mrs. Mary McKinney, who died at the residence of her daughter, Mrs. Dell Sherman, 1542 Myrtle avenue, Detroit, on April 21st, 1925. Mrs. McKinney was the wife of the late James McKinney, and mother of Daniel McKinney of Elm. Funeral will be from the daughter's residence, Friday, April 24, at 2:00 p. m., with burial at Livonia Center.

The Farmerette's Thimble Club enjoyed a hike, last Saturday, when they took their lunch and liked to Nankin Mills dam. After lunch the girls played games, until time to return home. Everyone reported a dandy time.

The plans for the remodeling of the Elm school are completed and soon will be let out for bids.

Help boost Elm and phone all news to Redford 7021-R4.

**KINYON SCHOOL NOTES**

The Live Wires' opening game of base ball was with the Hanford school, last Friday afternoon. Both teams were evenly matched, but the Hanford's made a poor start at the beginning. It was not until the sixth inning, after putting in another player, that they made a run. The score was 21 to 14 in Kinyon's favor. Each player received his share of yellow from the girls on the side lines. The Hanford school agreed to play again

in two weeks. Next Friday the Live Wires will play with Lapham's Corners school at 3:30 o'clock, at the corner of the County Line and Powell roads. This promises to be a good game.

As Friday is Arbor Day, the pupils will celebrate by giving a short program, followed by planting a tree in the school yard. All parents and friends are invited.

Two new pupils entered this week, John and Rose Blackmun.

The pupils have made two flower beds, which are doing nicely. They also cleaned up the yard and have appointed a committee to take care of it.

**London Gets Rare Bird**

One of the rarest birds in existence has been presented to the London zoo by the New York Zoological society. It is a grey-hooded ground pigeon, a representative of a race which has more or less forsaken life among the branches and taken to the ground. A year ago the only relic of this remarkable early possessed by scientists was a solitary skin, which formed the evidence for recording the species. This skin, it appears, was lost, and the bird, save for its name, was practically forgotten. But last year an explorer visiting the remote island of Mikakira brought back with him to America several live specimens of the grey-hooded ground pigeon, and these were presented to the New York Zoological society. The bird is of small size, somber colors, somewhat hump-backed, and with the comparatively long legs that might be expected in a ground-hunting bird.

**Chinese and Peanut Oil**

Peanut oil is one of the prime necessities of the Chinese in south China and means as much to them as olive oil to the Spaniard and as lard to the American. It is the cooking oil and foodstuff of the race. The United States consul reports from Hongkong that both imports and exports of the oil are steadily increasing. During the first quarter of 1923 imports reached the high total of \$738,796 and exports \$571,920. Large stocks of peanut oil are always maintained in Hongkong. Most of the local oil is crushed from nuts grown in the colony in south China and north China. Exports are shipped chiefly to nearby markets in south China, the Straits Settlements, the Philippines and Canada.—United States Commerce Reports.

**'PHONE-FOR-FOOD' NEW SLOGAN OF RETAIL GROCERS**

Start Campaign for Greater Use of Telephone in Boosting Volume of Trade

More than 300 wholesale grocers' salesmen held a mass meeting recently at the Mercantile Exchange, New York City, at which a "Phone-for-Food" campaign among retail grocers was launched.

It was pointed out that a live retailer could reduce his cost of doing business as much as 8 per cent through a more intelligent use of the telephone. The sales promotion committee of the National Wholesale Grocers' Association has been making some interesting tests which disclose the fact that the average grocer has never realized the power and value of using the telephone as a medium between the grocer and his customer. One test showed that by selling wholly across the counter a small store averaged daily sales of \$69, divided between 121 counter sales, which averaged 53 cents per sale, and 23 articles per sale. The same store under the "Phone-for-Food" movement had sales of \$231 per day from 175 telephone calls, sales averaging \$1.32 per call, selling five articles each. In other words, the business was increased threefold and at a material reduction of cost per sale.

#### BRIGGS SCHOOL NOTES

(By Alma Wagenschutz)  
The Zone meeting of Zone A met at the school house last Saturday. There were over eighty persons present. The morning meeting was called to order by Miss Cochrane, the helping teacher, who heard a reading class of the Third grade. After the teachers' business meeting, a delicious dinner of sandwiches, salad, baked beans, pickles, cocoa and ice cream was served by the Fifth, Sixth and Eighth grade girls. All the girls of the serving committee wore little white aprons and headbands with the word "Briggs" printed on them. The afternoon meeting was called to order by Miss Reddman, the president. The children had an interesting program. "Who Says Six-Year-Molars," a play, with Eleanor Delaney as Fairy Good Health; Harlow and Beniah Wagenschutz, Reynold Bauman, George Rexon and Marie Humphries as Teeth, and Viola Smith and Raymond Denton as children.  
Recitation—Harold Rossow.  
Recitation, "The Old Time Spellin' Bee"—Alma Wagenschutz.  
"The Foresters," a play.  
Piano Duet—Gladys Schroder and Lucile Ash.  
Among the speakers were Mr. Carr and Miss Corbett, of Dearborn; Miss Barrington of Detroit; Mr. Heinrich of Northville; Miss Gwinn of Detroit, and Mr. Fischer of Belleville.

We have new Lincoln supplementary readers for the Fifth and Sixth grades. Also a few new library books. Also the Curtis Tests in Arithmetic.  
The boys are practicing up on base ball on their new diamond. The girls are also learning to play ball. They seem to find it great sport. Mrs. Watson, the teacher, plays with the girls.

#### NEWBURG SCHOOL NOTES

(By Eleanor Staub)  
The play "Safety First" will be given at the Gleason Hall, on Friday evening, May 8th.

Miss Cochrane visited school on April 9th, and gave the higher grades three more gold stars, which gives us nine. We received the stars for the following: Clean yard, citizenship and teacher.

The Seventh geography class is busy working on the Michigan workbook.  
Marion Larson, Edna Darling and Elisabeth Simich have recently left school.

##### GRADE NOTES

Helen Ribar of the Third grade entertained her class at a birthday party last week.  
Miss Frank, who has been ill with the mumps, has returned to school this week.  
Grades 5A and 5B are busy preparing spring booklets. They are also learning a poem called "The Voice of Spring." This is part of their work for the exhibition to be held soon.  
The Fourth graders are making Japanese posters, this week being Japanese week. Each child contributes something, and later a Japanese program will be given.  
The Sixth graders are reviewing percentage. They are also working for their Palmer Pins.  
The Fourth grade A and B are working for their Palmer Pins. Special drills are being done each day.

##### HIGH SCHOOL NOTES

Mr. Holcomb's class in horticulture is doing practice work in grafting and budding.  
Announcement of the judging contest has just been received. The contest is to be held at Lansing, May 14 and 15. Entertainment has been planned for the two days, including a base ball game—M. A. C. vs. U. of Minnesota. There is also a banquet Thursday night. A singing contest is another of the new features this year. Each school represented is requested to enter at least six singers and more if possible. There are four prizes offered—first, \$25.00; second, \$20.00; third, \$15.00; fourth, \$10.00. It is planned now to enter teams to judge live stock, poultry, grain and potatoes.

The teams as yet have not been chosen.

The date for the Junior Senior banquet has been set for May 8th.  
The Junior Girl Scouts hiked to Tramps' Hollow and Phoenix last Saturday, and had a great time as usual.  
Teams from the two Hi-Y clubs and the Girl Reserves are to have charge of a union service this coming Sunday night, at the Methodist church.

#### PLYMOUTH LOSES TO NORTHVILLE IN HARD FOUGHT GAME, 7 TO 4.

Plymouth went down to defeat with colors flying last Friday, at Northville. It was a game marked by loose fielding on both sides, and while Northville made practically as many errors, it was while there were none on bases, while Plymouth went to pieces at crucial moments of the game, showing that the team lacks experience, although errors can be expected this early in the season.  
The Plymouth batters were unable to deliver in a pinch, and to this our defeat is in a large part due. Rowland gathered two triples, Reiman one and Doudt proceeded to fatten his batting average with a triple and home run.  
Taylor pitched the full game, and did remarkably well considering his support, as weak fielding will make the best pitcher in the world look bad. The play of the outfield was without error.

The starting line-up—Taylor, p.; Curtis, c.; Miller, 1b.; Schomberger, 2b.; Doudt, ss.; Rowland, 3b.; Reiman r. f.; Losey, c. f.; Wiseley, l. f.

day the Trowbridge family spent the day in Inkster.

Mr. and Mrs. John Kraft and daughter, Laura, were guests of relatives at Wayne, Sunday.

Mr. and Mrs. Louis J. Kuhl were Plymouth visitors, Saturday.

Mr. and Mrs. Arthur E. Union attended the Knights Templar parade in Ann Arbor, Easter day.

The following teachers from this way attended the teachers' institute in Ann Arbor, Friday. The Misses Carrie and Lillian Crippen, Mrs. Carl Ackley, Mrs. Fred Meyers and Miss Helen Warren. Mrs. Meyers and Mrs. Ackley attended the luncheon at the Commerce Inn at the noon hour.

Ed. Meyers, son of Charles Meyers, who was badly trampled and hurt, last Monday, by the bull he was leading, was taken to Beyer hospital, Tuesday. He had been kept under opiates for several days because of severe pain in his chest and stomach. Two ribs were broken. He was brought home Saturday, and is resting quite comfortably. The bull was taken to the stock yards in Detroit, Tuesday. Shortly after he was unloaded at the yards, a large crowd had gathered to see him. He weighed 2100 pounds. This is the second accident of a like nature to happen in that family, as the father was hurt quite badly only a few years ago.

Mrs. R. L. Clark was in Ypsilanti, last week to visit her son, Ray, who has been suffering with blood poisoning in one of his arms. He is a plumber and it was caused by lead poisoning. He is still in bed, although coming along very nicely now.

Mrs. Floyd Markham has been very sick for a week or more with the "flu," and now her son is very sick with the same disease.

Miss Beryl Kuhl was the guest of her parents from Friday night until Sunday night, when she left for Wayne to visit her sister, Mrs. Frank E. Raymond and family, for a few days. Ed. Naifort of Detroit, was a Sunday afternoon caller at the Kuhl home.

Lelloy Mosher attended a surprise party, Wednesday evening, for his cousin, Miss Mary Sprague, in Ypsilanti. Miss Sprague was sixteen years old.

Mrs. Arthur Union called on Mrs. Martin of Ypsilanti, Saturday evening.

Mr. and Mrs. Clinton Burrell of Ann Arbor, were Tuesday evening guests of his sister, Mrs. Harry Morgan and family.

Mrs. Arthur Schneider of Detroit, was out to the old home the latter part of the week, while Mr. and Mrs. Wilbur were away, to look after things. Mr. Schneider and Lee D. Wilbur came out from Detroit for the week-end, and Miss Helen Warren was also a guest there.

Mr. and Mrs. J. A. Trowbridge of Cherry Hill, and Russell Trowbridge spent Wednesday in Dearborn on business.

Fred Noller made a business trip to Plymouth, Saturday.

Mr. and Mrs. Frank King went to the James Gates auction sale near Plymouth, last week Thursday. Mr. Gates bought his farm 17 or 18 years ago, paying \$50 an acre for it, and has just sold it for \$800 an acre. The farm across the road from his was sold recently for an even thousand dollars an acre.

Walter Lingum of Detroit, spent several days last week with Fred Zimmerman and family.

### May End Mosquito Plague

An end to mosquito plague may be brought about by raising a grade of non-stinging mosquitoes guaranteed to expel the stinging variety, according to a paper by a well-known scientist, read in the Academy of Sciences, Paris. The scientist described how he had found in certain parts of Brittany a variety of common mosquitoes which never entered houses and never stung human beings. Furthermore, he noted that where these were found there was never any sign of the stinging variety. As an experiment he transported some of the harmless variety from Brittany to the Charente department and found the non-stingers supplanted their stinging brothers in a short time.

### Her Depraved Taste

Marie Verones believed in knowing her job. "I've got a real, depraved taste for labor," she said. "I just can't keep away from it. Some girls take up golf, and I've known others wear their fingers to the bone reading Gene Stratton Porter. But me—work just ranks me away from tennis and motoring and shopping, and the rest of the strenuous things that make woman old before her time. "It's a sad symptom, but I take naturally to the heat and burden of the day. Give me just a yard of work and I'm happier than any girl with a vacation at Newport and a round of gaiety in her engagement book."—From "Marie Vee," by Douglas Newton.

### Woman in New Role

First civil marriage to be conducted by a woman in England was celebrated when Miss Dorothy M. Haldane, the deputy-superintendent registrar, officiated in St. Giles' register office, Bloomsbury, London. Miss Haldane was appointed deputy-superintendent last April. The bridegroom showed some astonishment at a woman officiating. Although the first marriage conducted by a woman in a register office, women have previously officiated at religious ceremonies.

### SUPERIOR

The home of Mr. and Mrs. John A. VanBuren of 414 Oak street, Ypsilanti, was the scene on Friday evening, April 17th, of a very delightful gathering, when about forty friends and neighbors gathered there to spend the evening and assist them in celebrating their forty-sixth wedding anniversary. Even after the house was full of guests, they failed to attach any special significance to the unusual gathering, until one friend in greeting Mrs. VanBuren asked her how many years she had been married. In making a reply she said she guessed she didn't know whether it was one year or forty, and then only did they "tumble" to the fact that they were victims of a genuine surprise. Their daughter, Mrs. Louis J. Kuhl, with the co-operation of all the friends had planned the affair, which proved to be such a success. Friends were there from Lansing, Jackson, Wayne, Ypsilanti and Superior. After a bountiful supper, which consisted of sandwiches, baked beans, fruit salad, cake and coffee, Charles Sweitzer, Jr., in a few well chosen words presented them, in behalf of the company there, with a lovely painting, "The Bride's Shower," by Edward Nutting, and several other lovely gifts. Both Mr. and Mrs. VanBuren, in voices choked with tears of joy, thanked all for their thoughtfulness and kind remembrances. The jolly crowd then broke up and all departed for their homes, wishing their host and hostess many more years of married life together. There were many other friends who could not attend because of illness or death in the family or other causes.

Mrs. Vira Lyke of Frain's Lake, was a caller one day last week at Mrs. Charles Sweitzer's.

Mr. and Mrs. Hewett have returned to their home at Bachelor's Paradise Corners, from a winter spent in Ann Arbor.

Mr. and Mrs. A. L. Wilbur and son, Dean Cannon, spent the latter part of the week with her sister, Mrs. John Runyan and husband, at Mason.

Mrs. Purcell of Detroit, spent Sunday night at the Edwin Conklin home.

Mrs. Emma Dowling and the Misses Ida and Hannah Thumm attended the King's Daughters' meeting at the E. R. Crane home in Ypsilanti, Saturday.

Mr. and Mrs. Floyd Harrison of Inkster, were Saturday and over night guests at Russell Trowbridge's. Sun-

Loyle "Dutch" German and Glen "Lefty" Hammond have joined the training camp of the Saginaw base ball team. They are getting into condition at Evansville, Indiana, near the Kentucky line.—Northville Record.

W. H. Elliott & Son, whose store was recently destroyed at Northville, have purchased the Wright & Parker store at Redford, and will continue the business. They will open a store in Northville as soon as a suitable location can be secured.

W. J. Thompson, who has conducted the Alkemia theatre at Northville, which was burned just recently, has decided not to rebuild. Mr. Thompson has associated himself with his sister in the Wayne theatre, and will take up his residence in that village.

The Allan A. Burns Construction Company of Chicago, with \$1,500,000 capital, announces plans to build 1,000 homes at Dearborn. To date the company has bought 75 lots in Watsonia park, Dearborn, and 50 lots in the Broadway-Telegraph district and the construction of homes has started.

The Thompson Bus line running between Walled Lake and Farmington Junction has been sold to the People's Coach Co. of Detroit, controlled by the D. U. R. lines. This will be an improvement that Walled Lake people will appreciate. The new company will operate their commodious busses direct from Walled Lake to Detroit without change.

Grandpa Roper of Southfield, aged ninety-seven, spent a delightful day Monday, as the guest of one of Henry Ford's representatives in a search for antiques. At the home of Robert Churches, Mr. Roper's grandson, they procured an oxen yoke. Grandpa Roper also had his picture "took" in several different poses for the Ford organization.—Redford Record.

It is costing around \$150,000 for the overhead crossing of the Pere Marquette tracks on the Grand River road at Novi. The railroad company is paying 50 per cent of the cost, the Federal government the other 50 per cent under the Act of Congress, which provides that, for a grade separation on a trunk line highway, the Federal government will pay half the cost of construction. The state highway department is doing the overhead construction work at Novi, none of it being let to contractors.

There have been over 30 cases of violations of city traffic regulations in the past few days. Officer Sackman has been kept busy stopping cars whose drivers have offended, and the coffers at the municipal court are being incredibly enriched. Last Friday Mrs. Amelia Ford sold her property on Main street to Kate E. Allen, Harry R. Lush and Julius E. Kaiser of Plymouth, and on the site will be erected a new theatre as soon as architect's plans and sketches have been approved. The work of clearing away the debris will be started immediately, and it is the present plans of the new owners of this property to erect a play house that will meet the approval of the people of this section. It will be the policy of the management of the new theatre to show only the best pictures at all times and to give Northville a play house in which all may take just pride. The purchasers of the Ford property are now the owners and managers of the Penniman Allen theatre of Plymouth and they are conducting a high-class play house. They have desired to secure a location in Northville for some time, and the fire made it possible for them to secure the site purchased.—Northville Record.

**OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.**

Plymouth, Mich., April 6, 1925

A regular meeting of the Commission, held in the commission room of the Village Hall on Monday, April 6, 1925, at 7:00 p. m. Present, all five Commissioners.

On motion the minutes of the two meetings of March 23, were approved as read.

The motion passed at the last meeting to advertise a sale of fifty thousand (\$50,000.00) dollars worth of bonds to draw 5% interest, was on motion reconsidered, and the advertisement authorized for alternate bids for the interest rates of 4½%, 4¼% and 5%.

A petition for street grading on Farmer street from Blunk street to Arthur street, and on Irving street from Farmer street to Junction street, was, on motion, granted.

Bids were then opened from the Standard Oil Company and from the Red Indian Oil Company for supplying twenty-six thousand (26,000) gallons of road oil for the coming season. The Standard Oil Company being the low bidder, the Manager was authorized to purchase the oil from them.

The Manager was then authorized to make the most advantageous exchange of the old Ford runabout for a new Ford coupe.

On motion Frank Dicks was continued in office as fire chief.

The report of the Village Treasurer was then received and ordered filed.

The President then made the following appointments, which were confirmed by the commission:

Village Assessor—Arthur V. Jones.  
Auditing Committee—Karl W. Hillmer, George H. Wilcox.  
Member of Cemetery Board for three years—Carl Helde.

Board of Review—W. H. Hoyt, L. E. Cable.

The report of the auditing committee recommended the payment of the following bills:

Administration Pay Roll	\$462.67
Fire Pay Roll	75.25
Police Pay Roll	146.70
Labor Pay Roll	583.55
H. A. Sage & Son	40.78

R. R. Parrott	50.00
Badger Meter Mfg. Co.	252.43
Mueller Company	85.01
Total	\$3,650.09

The committee also approved the payment of the following checks issued since the last meeting:

Plymouth United Savings Bank	\$ 7.83
Plymouth United Savings Bank	45.00
Total	\$52.83

On motion the bills as audited were allowed and ordered paid, and the President and Clerk were authorized to obtain necessary money to take care of them in anticipation of collection of taxes.

The Commission then adjourned, until 7:00 p. m., Monday, April 13th.

H. C. Robinson, President,  
Sidney D. Strong, Clerk.

Plymouth, Mich., April 13, 1925

An adjourned regular meeting of April 6th, 1925, held in the Commission room of the Village Hall on Monday, April 13th, 1925 at 7:00 p. m. Present, all five Commissioners.

On motion, the Manager was authorized to have the steel tank of the water works overhauled and painted.

This being the time, according to the advertisements at which the bids for the purchase of the ten thousand (\$10,000.00) dollar Fire Truck bonds, forty thousand (\$40,000) dollars Water Works bonds should be opened, and various sealed bids having been received these bids were then opened as follows:

New Standard Six Coach

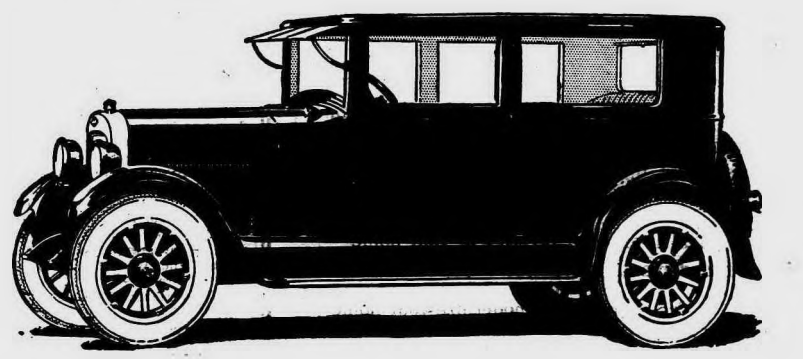

\$1295

f. o. b. factory [with full-size balloon tires]

STUDEBAKER is the only large manufacturer that builds its own cars complete—both body and chassis—in its own plants. This means that Studebaker saves the profit of outside parts makers and body-builders. Thus the price of this new coach is not burdened by an extra profit. At \$1295 it represents a value no other automobile manufacturer can equal.

And no other manufacturer can offer a coach of such fine quality at the price. For every coach that Studebaker builds carries with it traditions of fine craftsmanship that have existed in Studebaker plants since 1852.

Compare this coach with other cars which sell at much higher prices. This will prove that Studebaker values are unequalled.

### WILD BILL HICKOK NOT "BAD MAN" TYPE

John Hays Hammond's Tribute to Westerner

There was "Wild Bill" Hickok. As scout and spy on the Union side in the Civil war he had made a record few men have equaled. As a sharpshooter it is doubtful whether he ever was excelled. Like thousands of others, the war over, he went seeking his fortune in the West. He never accumulated anything to mention.

Quiet, unassuming, he was repeatedly forced to take life, by the law of that day that each man's life and belongings were his to have and to hold—if he could—and as a killer his name stands above those of all the other gunmen the West developed. At the age of thirty-nine he was assassinated from behind his chair where he was playing cards in a saloon. He had always fought alone, single handed—double handed, to be exact, for he was a two-gun fighter, and terrible with the knife. His total tally of men slain, including some score of Indians, was 85, and there were no Hessian notches on his guns.

For a time Wild Bill was United States marshal at Hays City, Kan., then one of the toughest towns on the frontier. There he had to kill two malefactors while covered by their pistols.

He was elected town marshal of Abilene, at the Kansas head of the old Santa Fe cattle trail, a wild, wild town. Enemies down trail among the cattlemen made up a purse of \$5,000, and sent eight gunmen on a train to Abilene to finish Bill off. Hickok got wind of their coming, met the train, and ran seven of them out of town. The eighth was killed leaping from the car.

Tiring of a life of unending trouble with his fellow men, Bill gave up official life and moved to Deadwood, S. D., and married. Emerson Hough says, "It was as bad a place as could be found in the mining region. There, August 2, 1876, he was shot in the back of the head and killed. The undertaker found that his body was a mass of old bullet and knife wounds. Once while guarding some horses not his own, he was attacked in a dug-out by ten men whom he had refused to join in stealing the animals. Single handed he shot and cut and clubbed to death nine of them; the tenth ran away. Yet, says Hough, so big was the heart of Wild Bill that "for years he supported out of his meager funds the widow of the leader of this gang, one McCandless, as he did the widows of several other men he had been forced to kill. And he never failed to provide at his personal expense decent funerals for the white men he had 'finished.'"

General Custer said of him: "He was a platoon leader in every sense of the word, yet unlike any other of his class. His manner was free from all bluster and bravado. He never spoke of himself unless requested to do so. His influence among the frontiersmen was unbounded; his word as an officer was law." General Miles has personally confirmed to me General Custer's estimate of Wild Bill as a man.

This brief sketch of the old West's premier gunman is worthy a place in these pages, I believe, for one reason: to correct an impression that prevails among some millions of well-meaning but uninformed Americans, in the cities and elsewhere, that the "killer" of our old mining and cattle days was just a bloody-minded wretch undeserving a marker on his grave.

There were many such, and—there were many who were not such. I have entertained with a sense of being honored a number of men of the Hickok type. I would not permit the cheap, sneaking, city "killer" of today to sleep on my grave. In the parlance of the Wild West, I wouldn't "give him hell room."—John Hays Hammond in Scribner's Magazine.

### Always Truth Makes Free

It would be foolish to treat with scorn the forecast made by Dr. E. E. Free, editor of the Scientific American, regarding the new civilization which he sees to be likely as the result of a successful attempt to apply practically the Einstein theory of relativity. One may grant that it is somewhat startling in its nature, but then every revolutionary challenge to the world's settled convictions has seemed ridiculous and impossible to most of those to whom it has been first suggested. And the feature of perhaps greatest interest is the fact that his vision springs out of the proof that it is through gaining clearer ideas of the actual status of things in the physical universe that its forces are being harnessed more and more for the service of mankind. In every branch of endeavor, indeed, the truth is what makes free.—Christian Science Monitor.

### Something New in Opera

The latest thing in grand opera in Berlin is to put the singers in the orchestra pit where they will be out of sight while slimmer gentlemen and ladies go through the acting on the stage—the general theory being that 1,050 pounds put into a quartet of high E's is more effective than the same weight distributed among four fairly priced ones.—Collier's Weekly.

### HOPI INDIANS BOW AT VENUS SHRINE

Idol Called "Talatamsi, Elder Sister of the Dawn."

Venus, goddess of the ancient Romans, is venerated also by the modern Hopi Indians of the American Southwest, though in a guise that would hardly be recognized by her classic votaries. Dr. J. Walter Fewkes, chief of the bureau of American ethnology, tells of this interesting cult in his account of the use of idols in Hopi worship, in the forthcoming annual report of the Smithsonian Institute at Washington.

She is known to the Indians as Talatamsi, the Elder Sister of the Dawn. Her image, rudely carved of wood, and wrapped in a ceremonial blanket, is enshrined in a hollowed-out boulder with a flat rock, sealed in with clay for a door. This door is removed in November every fourth year, when the idol is taken out and carried to the top of the mesa and rites performed near it. The image is regarded with special reverence, and except for the quadrennial service, is kept securely sealed in its shrine.

The image of Talatamsi is only one of the many sacred objects of the Hopi. Unlike the Indians of the eastern United States, who made few images, these natives of the desert make and reverence numerous idols, though they do not regard them as gods but only as images of the gods above the cloud or under the earth. Some of the idols are simple natural objects, like pieces of petrified log or meteoric stones; others are more or less elaborately carved animal or human figures of wood or stone. Many of the stone images are very old, and are held in special awe.

Doctor Fewkes is of the opinion that the custom of carving was not much developed until after the coming of the Spanish padres. Though the Indians declined to be converted, they adopted the idea of having statues in their own holy places, in addition to the simpler natural objects they had revered before that time.

Many of the images are used by the shamans, or medicine men, in exorcising disease. One type of idol, called a "heart twister," is used when the trouble is supposed to be located in the heart. Most of the heart twisters are made of stone or wood, deeply carved in a spiral pattern, but there is at least one in use among the Hopi that is made of a fossil sea shell.—From Science Service.

### Soot's Explosive Power

We scarcely think of soot as an explosive yet it is now being used as such, and soot cartridges will blast away coal or rock quite as effectively as dynamite, says Popular Science Monthly.

Of course, the soot has to be prepared for its new purpose, and this is done by soaking it in liquid oxygen. The finely divided carbon of which the soot is made up absorbs large amounts of oxygen, and the cartridge explodes owing to the instantaneous combustion of the carbon in contact with the oxygen.

The advantages of the new explosive are many. It can be made at the spot where it is to be used, and is perfectly safe till the liquid oxygen is poured into the hole where the soot cartridge has been placed. No poisonous gases are set free by the explosion, and if the cartridge fails to explode it ceases to be a source of danger in about twenty minutes, when the oxygen has all evaporated and the cartridge is merely soot.

PIONEER EDITORS WORTHY OF HONOR
Story of First Newspapers in the Wilderness.
The first true torchbearers in the wilderness beyond the Alleghenies were the pioneer editors who, transporting their crude printing equipment to the frontier, assumed the task of supplying their fellow-pioneers with the news of the world. In the Indiana Magazine of History, George W. Purcell, of the Vincennes Western Sun, the oldest paper in Indiana, tells of those beginnings.

Didn't Exactly Order Speeders to "Desist"
As for Irish yarns—they never cease to beguile the world, Celtic or non-Celtic. A volume of them, such as Henry Robinson's "Further Memories of Irish Life," can always be trusted to furnish examples of the volatile or inconsistent spirit—according to the viewpoint—of the Irish. On the word of Sir Henry, Ireland was a paradise for motorists when motor-ing first became the rage and he proves his contention with a story of an incident watched by himself and Col. Oliver Nugent.

No. 3 Buick
When Better Automobiles Are Built, Buick Will Build Them
Question: Why are motor car dealers glad to see you when you have a Buick to trade in?
Answer: They know that if they get it, they can sell it quickly—at a good price. Buick reliability has made Buick a first choice in the used car market.

Taking the Work Out of Housework

### BAPTIST NOTES

The announcement of the annual meeting has been read, and plans are being arranged for the closing service of the year, which occurs on the last day of April. It is hoped that every member of the church and congregation will sit down to the supper table together. Reports of the church clerk, treasurer, pastor, missionary treasurer, Aid society, Sunday-school and B. Y. P. U. will be given.

The Sunday-school was not as large as usual last Sunday, on account of the rain. Mrs. Archie Collins has accepted the work of superintendent of the primary department, in place of Miss Hartford.

The B. Y. P. U. last Sunday night, looked healthy. It was fine to see so many young people together. Ira Kingsley led the meeting. Gaylord Sayles is to lead next Sunday night.

If you are behind in your missionary dues, bring it next Sunday.

At the meeting of the trustees and deacons, last week Thursday evening, at the parsonage, it was arranged to make a few needed repairs on the church and parsonage, and other committees were appointed to serve.

Organization of the HI-Y service at the M. E. church, next Sunday evening, the churches of the village have been invited to make it a union service. The Girls Reserve, also of the High school, will have part in the meeting. The young people will have entire charge of the evening, so all will go and enjoy the service with them. There will be no preaching service at the Baptist church next Sunday night, only the B. Y. P. U. will have a short meeting.

### PRESBYTERIAN NOTES

Now is the time to push our Sunday-school up to the mark for which we have been preparing. Your attendance and interest and co-operation will help wonderfully.

Elder I. W. Hummel and the pastor attended the meeting of Detroit Presbytery held in Pontiac, Tuesday. Our Session record was O. Kod without exception. The pastor was appointed moderator of the Session of the Ypsilanti church.

Twelve young people represented the Plymouth Christian Endeavor society at the council meeting in the Fort Street Presbyterian church last Monday night. E. M. Stewart took a truck load, and Henry IV carried the rest. During the meeting, the pastor's car was stolen, and a number of the Plymouthites were entertained over night at the home of Marjorie Pollock. The rest came home in the truck. And you ought to see the truck they ate at the supper!

Attend the HI-Y meeting at the First M. E. church next Sunday night. It will be a union service of the several churches.

Next Monday night is the regular time for the trustee meeting. Announcement will be made Sunday.

The church extends sympathy to the Biehy, Blake and Merz families in their present affliction. Mr. Biehy will be greatly missed at both the Lutheran and Presbyterian church services, which he loved to attend. Like Enoch, "he walked with God, and he was not, for God took him."

The pastor called last Friday, on Mrs. Clyde Bentley, who is ill in Mercy hospital, west of Ann Arbor, and on Miss Mary Rogers, who is in St. Joseph's hospital for an operation. Both are on the way to recovery at this writing. Miss Rogers is a sister to Mrs. W. H. Hoyt, and was present at our Easter services.

Mrs. Roe and her assistants deserve credit for the Easter program given last Sunday morning. There was a good attendance for such an inclement day. The offering for foreign missions, in sum, amounted to \$33.11, and is already on its way.

Mother's Day will be observed May 10th. The central section of the church will be reserved for them, and the pastor will give them a special word of appreciation. Those having autos may use them to advantage that day in furnishing transportation. You only have one mother; see that you give her the best you have in the way of appreciation and comfort.

The men's class is still gaining. Over seventy are now enrolled. Are you?

The Ready Service class held its monthly meeting at the church last Tuesday. The pastor was in Pontiac and to miss the fine pot-luck dinner. Now that he has to walk, there is no need to diet—hence regrets.

Ann Arbor district Young People's Conference here tonight and tomorrow. Big banquet tonight, followed by basket ball preliminaries. Finals on Saturday afternoon.

HI-Y and Girl Reserves zospel team has charge of the evening service next Sunday night. You will want to hear these fine Christian young folks. It will be a union service at 7:30.

Epworth League annual meeting will be held next Tuesday evening, with a pot-luck supper at 6:00, followed by reports of officers and election, and social hour.

The choir held a farewell party for Mrs. Bertha Cook this week, at her home on Union street. Mrs. Cook is moving to Ohio. We will miss her in our church and choir.

The Official Board will have a special meeting tonight, following the Young People's banquet, at about 8:30, for the purpose of taking care of some business matters in connection with our building contracts. Dr. Leeson will meet with the Board, and every

member should be on hand.

Public worship is as vital a part of our religious life as eating food is of our physical life. The person who neglects the former will meet with spiritual disaster as surely as the person who neglects the latter will meet with starvation and suffering.

"Healthy people have no need of a doctor," said Jesus, but those who are ill: I came not to call just men but sinners to repentance.

## PREACHING

Was the method which Christ chose for spreading a knowledge of His gospel throughout the world. Other methods were open to Him, but he deliberately selected this one.

After teaching His truth to a few men, He Said: "NOW GO AND TELL THAT TRUTH TO OTHER MEN."

Hear the Preaching of His Truth Next Sunday at 10:00  
At this Church the Sermon will be on this topic: "The Practical Value of Christianity."

A Gospel Team of Six Young People representing the HI-Y & Girls Reserves of the High School will have charge of the Evening Service at this church at 7:30. It will be a union service, and all the folks of the community should be on hand to hear these young people.

**COUNTY NORMALS PLAN CONFERENCE AT M. A. C.**

More than 350 future Michigan school teachers, representing 25 different county normal schools where they are now students, will gather at the Michigan Agricultural College on May 21 and 22 for a conference, which is being sponsored by the state leaders of boys and girls club work.

Rural teachers are considered vital units in the system of local leaders for boys and girls clubs, and during the course of the conference considerable information on club work and opportunities open to the local leader will be brought into the program.

A series of county normal teachers "training classes," during which members of the state boys and girls club staff spent a day and a half with students in 23 different county normal schools, has just been completed under the direction of A. G. Kettunen, head of the work in Michigan. The classes are preliminary training in local leadership for club work in rural communities.

The county normal day is an annual event at M. A. C. social and entertainment features being planned for the conference.

**THE ANNUAL CARNIVAL OF RURAL CLUB.**

The annual carnival of the Rural Club of Detroit Teachers' College will be given Friday, May 1, at the College on the corner of West Grand Boulevard and Grand River avenue from 7:00 to 12:00 p. m.

There will be dancing in the gymnasium, with music furnished by one of the city's best orchestras; an interesting movie; a laugh provoking play, "Joint Owners in Spain," a sparkling swimming meet given by the Women's Athletic Association; fortune-tellers lurking in dark corners; booths of all descriptions; and clowns and flower girls rollicking throughout the whole carnival. An added attraction will be a Fashion Show by J. L. Hudson's.

Each organization in the College will have a part in the Carnival. The Wayne County Teachers will have a booth known as the Zone Booth.

The proceeds from the Carnival will be used to take the energetic members of the Rural Club to Lansing, where they will be guests of the Michigan Agricultural College. The public is most cordially invited to come and spend a pleasant evening and, at the same time, help in a good cause. Admission fifteen cents.

**Today's Reflections**

It's getting so that when everybody drives out for pleasure there isn't enough of it to supply the demand.

Plymouth men do a lot of fussing around about making spring repairs that any woman knows she could make with a hairpin.

We are often driven to the conclusion that a legislature can't even do a foolish thing and get it right.

Hullstones as large as hen eggs are said to have recently fallen in Maine. Must be having some foul weather up that way.

Public memory is so short that quite a few Plymouth citizens are already wondering what the Teapot Dome trial was about.

A Canadian hunter says he caught

41 skunks last month. He needn't bring them to this office to prove it.

Russia seems to believe not only in giving them liberty or giving them death, but in giving them both.

The average Plymouth man is about as helpful with the spring house-cleaning as his wife is with the driving when she's in the back seat.

Nothing ruins a woman's life like having a man cease being a fool about her.

The old-fashioned town-pump drinking cup had its perils, but they were not as great as drinking out of a bottle today.

A Plymouth girl's idea of helping about is staying out of the kitchen so she won't be in the way.

You've probably noticed that the man who wants but little and is satisfied with less is generally contented

Congressmen talk in millions when it comes to appropriation, and in dimes when it comes to lowering taxes.

Nothing looks easier than a crossword puzzle to the man who has to make both ends meet on a small salary.

They say there is a feeling of restlessness sweeping over the country, so if it strikes Plymouth, we would suggest a little more spading in the garden as a cure.

We're willing to bet that the woman who is trying to reduce thinks the woman who is trying to reform a husband has a soft job.

U. S. Senators do a lot of worrying about the poor farmer—when congress is not in session.

THE THEATRE

"IF I MARRY AGAIN"

"If I Marry Again," which comes to the Pennington Allen theatre, Saturday, April 25, deals with an age old question in a new interesting manner. In it is shown the contrast between the successful business man who is a failure in his domestic life and the failure who makes his home life a place of ideal happiness.

Doris Kenyon is seen in the leading role in "If I Marry Again," and others in the cast include such screen favorites as Lloyd Hughes, Anna Q. Nilsson, Frank Mayo, Hobart Bosworth, Myrtle Stedman and Baby Dorothy Brock. John Francis Dillon, whose work in "Flaming Youth" and "Lilies of the Field," carved for him a niche in the directorial hall of fame, directed the picture under Earl Hudson's personal supervision.

In its revelation of the hard and fast traditions of the self-appointed American aristocracy, "If I Marry Again" will surprise many moviegoers. Because his son married the daughter of a notorious woman in San Francisco's night life, old John Jordan, proud of his name and social prestige, exiled his son and his bride to the tropics, placing him in charge of rubber plantations in a land of terrific heat and terrible fever.

From this point the story moves to a powerful climax which ends in the relenting of old Jordan, who finally sees in the girl his son married a fine and noble character, worthy of the right to bear the Jordan name.

"FORTY WINKS"

One of the most successful comedies of the stage has been brought to the screen with Viola Dana, Theodore Roberts and Raymond Griffith in the leading roles—"Forty Winks," directed by Paul Iribe and Frank Urson from the stage success, "Lord Chumley," by David Belasco and Henry C. DeMille.

The plot, while highly dramatic, furnishes one big laugh after another. In the story fortification plans are stolen from the office safe of a young naval lieutenant. The theft is engineered by an attorney, through a beautiful Oriental girl. He tells the boy's sister that he is in a position to buy back the plans and save her brother's name but that it would look better if he did so as a member of the family. She promises to marry him if he recovers the papers.

The real comedy and punch in the story is furnished by Lord Chumley, an insipid "Johnny" type of Englishman. He's in love with the girl.

The interesting and only clue, a lady's garter—New York police, submarines and burglars figure prominently in the action.

The climax occurs on a naval target out on the Atlantic ocean with the battle fleet blasting away at target practice with their big guns.

"Forty Winks," which comes to the Pennington Allen theatre, Sunday and Monday, April 26 and 27, is claimed to furnish thrills galore and some of the richest comedy ever brought to the screen.

"TOO MANY KISSES"

Better than "Manhattan!" That's what Paramount claims for Richard Dix's new starring picture, "Too Many Kisses," which will be the feature at the Pennington Allen theatre, Wednesday and Thursday, April 29 and 30th.

There were a lot of laughs in "Manhattan," but there are more in "Too Many Kisses."

There were good fights in the former, but they don't come up to the battle Dix and William Powell put up in this latest picture.

The picture has a most colorful background—a little Spanish town in the Pyrenees where Dix goes to search for turidium, a valuable mineral of which little is known.

He meets and falls in love with the beautiful Yvonne, a part played by Frances Howard, and forgets all about what his father sent him abroad for.

William Powell has the role of Julio in the picture. He also is in love with Yvonne and Dix has to beat him up, along with a couple of his knife-throwing henchmen, before he is convinced that it is bad business to interfere where the American's heart is engaged.

Paul Sloane, who made Dix's second starring picture, "A Man Must Live," directed the production, which was adapted for the screen by Gerald Duffy from John Monk Saunders' story, "A Maker of Gestures," which ran in Cosmopolitan Magazine.

Frank Currier, Joe Burke, Paul Panzer and others appear in the strong supporting cast.

Some people manage to get by with an oily tongue, but the surest dependence is elbow grease.

The Plymouth boy who wishes his folks could own two autos is usually silent about wishing they were able to own two garden hose.

Burns Oil— Gives Gas Speed

Small Down Payment Easy Terms

This famous, patented, all iron burner is found only in the Red Star. No wicks. No wick substitutes. Uses common kerosene, gasoline or distillate. Cooks with clean hot, economical GAS HEAT. Gives perfect results. Saves one-fourth the fuel. Lasts a lifetime.

### ACTUAL COOKING AND BAKING

BRING IN YOUR RECIPES—WE'LL COOK AND BAKE THEM FOR YOU

The new type, sanitary Red Star Oil Stove is like NO OTHER oil stove in the world.

Thousands of enthusiastic women already know this; but we want EVERY woman to know it. We want every woman to know why the Red Star is so different from other stoves; why it cooks as fast as gas, but uses oil for fuel.

The best way we can have every woman know this is to have them actually see a Red Star stove in operation.

Two things especially delight the women who see it. One is the unusual beauty of the stove with its smooth flowing stream lines combined with the sanitary white porcelain and black enamel finish. The other is the absence of wicks or wick substitutes.

All day Saturday we will have an actual demonstration of this wonderful oil stove at our store.

We invite you to come! See how the patented burner vaporizes kerosene. See how wicks or wick substitutes have been abolished. See how two blue rings of clean, odorless flame are forced right against the bottom of the utensil—where the heat belongs. See how you regulate the flame just like a gas stove.

## Demonstration Starts

# Friday, April 24th and Ends May 2nd

By all means manage to come in during this occasion! Special terms will be arranged to place one of these modern Oil Stoves into your home.

## LOCAL NEWS

Mrs. Earl Stevens of Detroit, visited her mother, Mrs. Charis Olds, Tuesday.

The Ladies' Aid of the Lutheran church will meet immediately after the morning services next Sunday.

Dog owners, whose dogs have been vaccinated, should bring the certificate to the Village Manager's office, where a record will be made of the same.

Several members from Minnehaha Council No. 3, attended Wauwata Council at Detroit, Tuesday evening, to help them celebrate their fifteenth anniversary. All report a fine time.

The burn dance in the new horse barn just completed at the House of Correction prison farm, last Friday evening, was largely attended, and everyone present had a very pleasant evening.

"Take My Advice," a dramatic comedy in three acts, will be presented by the Plymouth Dramatic Club, under the direction of Lisle Alexander, at the Salem town hall, Tuesday evening, April 28th, at 8:00 o'clock.

Mrs. Walter Ebert received a box of oranges and grape fruit from her brother, William J. Beyer, who has been spending several months at Phoenix, Ariz. Mr. Beyer expects to go to Los Angeles, California, the first of May.

F. D. Schrader, president of the Michigan Funeral Director's Association will give an address before the Detroit Funeral Directors' Association and the Michigan Salesmen's Association at the Book-Cadillac hotel, today, Friday.

On another page of this paper will be found an advertisement of the T. B. Buyle Co., announcing a demonstration week of the Red Star Detroit Vapor Oil stoves, in the Gayde block, corner Penniman avenue and Main street, in the room formerly occupied by the Park Confectionery store. The demonstration starts today, Friday, April 24th, and ends May 2nd. See their ad.

The members of the local Masonic Lodge entertained their ladies at the temple last Friday evening. At 6:30 o'clock, three hundred persons sat down to a splendid supper served by the ladies of the Lutheran church. After the supper, there was a short program in the lodge room. C. H. Ranch presided, and P. B. Whitbeck and Henry Hondorp made short talks; there were also several musical numbers. Later in the evening there was dancing, with Patterson's orchestra furnishing excellent music. It was a most delightful occasion for all who were present.

## MRS. LYDIA BALLEEN

Lydia Emily Milliman, daughter of Henry and Mary Milliman, was born in what has since become the municipality of Highland Park, Michigan, October 18, 1845; her birthplace being opposite the site now occupied by the Ford factory. She was married September 9, 1865, to Frederick Ballen who died nine years ago. Seven children were born to this union, six of whom are now living. Mrs. James Gottschalk having passed away in December, 1921. The others are: Mrs. William Powell, Eli, Fred and Charles Ballen of Plymouth, and William and Howard Ballen of Detroit.

Mrs. Ballen was a very industrious and kindhearted woman, always thoughtful and considerate of others. As long as circumstances would permit, she found her chief interest and joy in the making and keeping of the home.

Besides her children, she leaves to mourn their loss, two sisters, Mrs. Sidney Wallace of Louisville, Kentucky, and Mrs. Abbie MacDonald, formerly of Detroit, now of Plymouth, Michigan; three brothers, William of Carleton, Michigan; John Milliman of Plymouth, and George Milliman of Monroe county; six grand-children, one great grandchild, and a large circle of more distant relatives and friends.

Funeral services were held Saturday at twelve o'clock, at the William Powell home, and at two o'clock at the First M. E. church of Carleton, Michigan. Rev. S. Conger Hathaway, pastor of the First Presbyterian church of Plymouth, officiated at both services.

## CLEAN UP WEEK

According to the custom established in recent years, the village is invited to co-operate in a clean up week from April 27th to May 2nd. Let everyone clean up his cellar and his back yard. Beginning Wednesday, April 29th, the village trucks will be used for the collecting of rubbish which may be placed at the curb line of the street of the village. No ashes will be taken. Paper sacks are a poor hold for rubbish. Please put everything in wooden boxes or baskets.

Sidney D. Strong, Village Manager.

## Use It For Walls!

Sheetrock is the ideal wall material. It is better than plaster in many ways because it is not affected by freezing or damp weather, and ceilings and walls of Sheetrock are fire-proof. It is so easy to use and lends itself to such attractive finishes that it is indeed ideal for walls.

You can improve an old wall with a Sheetrock covering or nail right to the studding to make a new one. We'll be glad to show you samples.

## Discovery May Mean Much

Dr. Herbert M. Evans, distinguished scientist of the University of California, has made a discovery in glandular nutrition by which he hopes to demonstrate the effect of "vitamine X" in regulating growth and prolonging life. In his research laboratories at Berkeley Doctor Evans has carried out experiments on rats, tadpoles and guinea pigs that have produced startling results. Much attention has been given to the little gland at the base of the brain called the hypophysis, or pituitary gland. In discussing "vitamine X," the scientist said: "We were astonished to find that if we treated animals with this fluid, provided it was not given by the mouth, but under the skin, or in body cavities, where it would not come in contact with the digestive tissues, and was administered daily rather than at infrequent intervals, we could turn normal animals into giants. The next point which arises is just how this will compare the practical problems of human welfare.—San Francisco Argonaut.
