BIG CONVENTION WILL BE HELD HERE NEXT WEEK

Plymouth Will be Host to Michigan Funeral
Directors and Embalmers Association
Next Tuesday, Wednesday and
Thursday

Village Will be in Gala Attire and the Visitors
From all Over the State Will be
Given a Royal Welcome

Next week Tuesday, Wednesday and Thursday, June 23, 24 and 25, there will occur in Plymouth, the largest convention ever held in the village. The Michigan Funeral Directors and Embalmers Association will meet here at that time for their annual convention. F. D. Schrader, of this village, president of the association, who has had charge of the local arrangements, has left nothing undone for the comfort and entertainment of the visitors from all over the state, who will be in Plymouth next week. Mr. Schrader has the cooperation and assistance of the Chamber of Commerce, and the citizens in general will join in extending the hospitality of the village to our guests.

The decorating committee, with C. H. Rauch as chairman, has formulated plans for decorating the village in honor of the visitors. There will be several welcome signs at the main road entrances to the village. The boulevard light posts will be wound with white and purple bunting, which are the official colors of the association. The entrance to the school building, where the convention will be held, will be decorated with these colors, and an arch will be constructed at the main entrance to the school grounds. The business men have been asked to make special window displays, using the official colors, and a card bearing the emblem of the association. They will also display the flag in front of their places of business.

The citizens of the village are also requested to get into the spirit of the occasion by displaying the flag, and also to make some use of the purple and white bunting on the porches of their homes. The bunting can be procured at any of our dry goods stores at a very little cost.

C. G. Shear, chairman of the committee on automobiles for the use of the visitors in going about the village, will have a fleet of cars available for this purpose every day of the convention.

The management of the Penniman Allen theatre announces a special program at that popular playhouse on Tuesday and Wednesday evenings, with a matinee on Wednesday afternoon. Besides a big feature picture, there will be five acts of high class vaudeville.

The holding of this convention in Plymouth will do much to advertise Plymouth throughout the state, as a beautiful and thriving village, and we may well feel honored by having this village chosen as the place for holding the state meeting of the Michigan Funeral Directors and Embalmers Association.

A REUNION OF SCHOOL FRIENDS

A happy reunion of a few school friends of Mrs. Sophia Benton occurred Thursday, June 11, at a luncheon given by her at her pleasant home near Northville. Covers were laid for nine, all former pupils of Plymouth school.

Following the bountiful repast, an amusing literary game was enjoyed. Later Miss Nettie Pelham was induced to recite her very pleasing original poem entitled, "Bobs," which was followed by Miss Anna McGill and Mrs. Ida Bennett with recitation and reading. Mrs. Florence Sackett amused all by giving all parts of a musical dialogue in which she had a part when a small girl in Plymouth school.

All present decided that this should not be the last occasion of the kind.

PLYMOUTH GRADUATES OF THE U. OF M.

A number of Plymouth people attended the commencement exercises at the University of Michigan Monday morning. The following from Plymouth received diplomas and degrees:

Miss Merle Roe, literary department.
Cass Sheffield Hough, literary department.

Clarence Clemens, engineering department.

Miss Edna M. Allen, principal of the Plymouth schools, and Miss Ruth Huston were among those who received their M. A. degrees.

NEW MOTOR BUS LINE

The Detroit Motor Bus Company commenced the operation of a line of buses between Plymouth and Detroit, last Sunday, taking the place of the House bus line. The buses are very comfortable, and for the present are running hourly to the Myers road. Later they will probably run directly down town.

Summer Arrives

WILL PRESENT BIG PICTURE AND FIVE VAUDEVILLE ACTS

LOCAL THEATRE ANNOUNCES
SPECIAL PROGRAM.

As a special attraction for the entertainment of the visiting members of the Michigan Funeral Directors and Embalmers Association which convenes in Plymouth for their annual state convention June 23, 24 and 25, the management of the Penniman Allen theatre announces a splendid program of pictures and five acts of high class vaudeville, for Tuesday and Wednesday evenings, and a matinee Wednesday afternoon at 2:30 o'clock. The feature picture is Raymond Griffith in "The Night Club," an extraordinary picture that is sure to please all. The vaudeville attractions are as follows:

Prince Sherji, India's Musical Genius, who plays two clarinets at the same time, octarions, a clarinet and violin at the same time and four musical instruments at another time. He dresses in India's native costume and has been declared by foremost musicians of the country as being one of the most unique musical acts playing vaudeville today.

Walsh and Clark are a man and lady comedy singing and dancing act. Mr. Walsh being the comedian and the lady being an exceptionally clever foil for Mr. Walsh's comedy antics.

In order to add class to the bill, we have McDonald and Sparks, two youthful and talented girls who do a series of songs and dances. Miss McDonald is a pianist of note and has a very fine voice. Miss Sparks' dances consist of a characteristic Indian dance, an Egyptian dance and some clever toe dancing.

Bob White, who will have one of the important positions on the bill, uses the billing: "The Whistling Doodlebug." Mr. White saw some considerable service overseas, and while serving Uncle Sam played a number of cantonments for Uncle Sam. His imitations are far above the average and just finished playing one of the largest vaudeville circuits in America and prior to taking over the route had a successful run in Australia. This act is bound to be one of the best acts every played in Plymouth.

Closing the show as another feature will be Stanley, Tripp and Martin, three boys who have a wonderful routine of club juggling and boomerang bat throwing interspersed with comedy. Johnny Tripp is the comedian of the outfit and was for a number of years principle clown with the Barnum & Bailey circus, and those who witness performances will get as many laughs out of his funny capers as if he were again appearing in the saw-dust ring.

The show as a whole promises to be the best five act vaudeville bill that has ever appeared in Plymouth. Each act is far above average and no expense has been spared in order to give our regular patrons as well as the many visitors who will be in Plymouth for the convention the most interesting and entertaining program which will be given at any time o'clock Tuesday and Wednesday evenings with a matinee on Wednesday afternoon.

Miss Madeline Greenwood of Allegan was a guest of Mrs. L. L. Thrall over Sunday.

MORE BEDS NEEDED FOR FUNERAL DIRECTORS' CON- VENTION.

Hurry S. Lee, secretary of the Chamber of Commerce reports that the appeal for sleeping accommodations for the Michigan Funeral Directors' convention has been excellent, but that many more beds are needed to take care of the large number of delegates that are expected.

The reputation of Plymouth is, to a large extent, dependent upon the hospitality shown these delegates, and Plymouth must not fail to maintain the splendid reputation she now enjoys.

When we realize that leading citizens and business men from almost every city and town in the state will be our guests for three days, we can see that the success of the convention means a great deal to our town.

Those who have not already indicated their willingness to take a number of the delegates into their homes for sleeping only, on the nights of June 23 and 24, are requested to notify Mr. Lee at once. We must take care of our guests in a manner keeping with the best traditions of Plymouth—so plan on having your spare bedrooms ready for occupancy—and write Mr. Lee about it—NOW.

CLUB OPENS BRANCH AT PLYMOUTH

The Detroit Motor News, the official publication of the Detroit Automobile Club, has the following to say in its June issue of the establishment of the branch of that club in Plymouth:

Another branch of the Detroit Automobile Club has been opened in Plymouth, Michigan, under the management of Ray Bachelder.

Headquarters of the club have been established in the Chamber of Commerce booth located in the park in the center of the city. Emergency road service was established in Plymouth some time ago for members of the Detroit Automobile Club, and the opening of the branch will give to Club members passing through Plymouth and to members in the village the same service as to touring information, legal aid, and insurance as the other cities where the Club has branches.

The addition of Plymouth to the list of cities in which the Detroit Automobile Club renders service gives the organization seven branches between Detroit and Lake Michigan, the others being Ypsilanti, Ann Arbor, Jackson, Battle Creek, Kalamazoo and St. Joseph.

In choosing Mr. Bachelder as manager of the branch, the officers and directors of the Detroit Automobile Club feel they have the best man qualified to handle the work of the Club in Plymouth.

The above article was accompanied by a half-tone picture of Mr. Bachelder.

A FOURTH OF JULY PICNIC

The members of Our Lady of Good Counsel church will hold a picnic on July 4th, at Shoreham Park, on Five Mile and Farmington roads, at Livonia Center. There will be a program of races, tag-of-war, ball game, dance and many other attractions. A chicken dinner will be one of the features of the picnic. Everybody is cordially invited. The races start at ten o'clock a. m.; dinner at 12:00 o'clock noon, and ball game at 2:30 p. m.

WOMAN'S CLUB HELD ANNUAL PICNIC

MORE THAN SIXTY MEMBERS OF
THE CLUB HAD A MOST EN-
JOYABLE DAY.

The annual picnic of the Woman's Club was held Friday, June 12th, in the park back of the Presbyterian church. It proved to be one of the most enjoyable events of the club year, due, no doubt, to the beautiful weather and the untiring effort of the committee in charge. After a bounteous luncheon had been served to more than sixty members and friends, all adjourned to the church basement where the program for the afternoon was given. Mrs. Humphries, the retiring president, called the meeting to order. Following the secretary's report, which was read and accepted, Mrs. Milton Laible presided during the program.

After a very clever little number, entitled "Scuse Me," by Jean Weeks and Roberta Chappell, a violin solo and two interpretive dances were given by Dora Gallimore. Mrs. Block gave a humorous reading entitled, "Minnie at the Bank," which was greatly enjoyed. Irene Humphries sang two songs very sweetly, "The Daisy" and "The Blackbirds' Concert." After a most amusing reading by Mrs. Nagle, entitled "When the Minister Comes to Tea," Mrs. Mastick played a violin solo, and very graciously responded to an encore. Then, in a few well chosen words, Mrs. Laible, in behalf of the club, presented Mrs. Humphries with a beautiful basket of flowers.

Mrs. Humphries, in her usual charming manner, thanked the club for this token of their appreciation, and then asked the new president, Mrs. Robert Chappell, to come forward and receive the gavel. Mrs. Chappell took the chair, and in a very pleasing way gave the members a glimpse of some of her hopes and plans for the club work this coming year. She then called on each committee chairman to read the duties of her particular committee as given in the by-laws. Adjournment followed.

After vacation, the first meeting of the club will be held October second.

BURGLARS ROB BUICK GARAGE

The safe in the office of the Plymouth Buick Sales Co. was blown by burglars last Monday night or early Tuesday morning, and two hundred thirty-two dollars stolen from the cash box. The thieves also stole a new Master Six Buick coach, which was in the storage room of the garage. Just how the burglars gained entrance to the building is a mystery, as none of the doors or windows had apparently been molested. Chief of Police Springer is of the opinion that the robbers may have secreted themselves in the building before the garage was closed Monday evening.

Mrs. Ben Rathburn, the mother of Charles Rathburn of this place, died at the home of her daughter, Mrs. H. E. Meldrum in Detroit, Wednesday evening. Mrs. Rathburn had been in poor health for some time. The funeral services will be held from the Schrader Bros. Funeral Home, today, Friday afternoon, at 3:00 o'clock. Rev. D. D. Nagle officiating. Interment in Riverside cemetery.

PLYMOUTH BOYS WIN FIELD MEET HERE LAST FRIDAY

Plymouth Athletes Scored in Every Event
Winning Over the Five Other Schools
With a Total of 74.8 Points

Kenyon and Reiman of Plymouth, Made
Thirty-Nine and One-Quarter Points of
the Winning Total

Plymouth athletes again showed their metal at the seventh annual Suburban League Track and Field Meet, held on Plymouth field, last Friday, June 12th. Beginning their scoring even in the preliminaries of the hurdles, the Plymouth boys scored in every event, taking it out of 12 individual firsts, and also taking first in the half-mile relay. Twelve other places brought the total to 74.8 points, the highest total for any school since the league has had six schools.

For individual points, Kenyon, representing Plymouth High for the last time, achieved four firsts on the track, and a place on the winning relay team for the maximum score of 24 1/2 points. Captain Reiman, also in his last appearance placing a close second, with three first and a second in field events, with 18 of a possible 20 points. Either one's record alone would have placed the school in at least third place, but it is a significant fact that the Plymouth team would have won without either, as the rest of the team won over 35 points, while Wayne, second best, made only 21 1/2; with Redford in third place with 16; Farmington fourth with 13; Northville fifth with 10, and Dearborn, winners of the last meet on Plymouth acid, trailing with only 7.4.

The Plymouth team deserves much credit for the best showing in years in the annual meet, and Plymouth is to be congratulated upon its fortune in having such fellows to represent the school.

The Plymouth team, with the points each received, are as follows: Reiman (Capt.), 18; Kenyon, 21 1/2; Kurze, 8; Curtis, 7; Cummins, 4.25; Moore, 4.25; Millard, 3.45; Doudt, 3; Barlow, 3; Becker, 1.4; Schrader 1.

A summary of the events of the meet follows:

Pole Vault—1st, Schroeder, W.; 2nd, Wood, N.; 3rd, Lowry, R.; 4th, tied by Millard, P.; McLay, D.; Salow, F. and Otis, F.; Thompson, N. Height—9 ft. 9 in.

Half-Mile Relay—1st, Plymouth (Moore, Cummins, Millard, Kenyon); 2nd, Redford; 3rd, Farmington; 4th, Northville. Time—1 min. 21 sec.

GIRLS' MEET

While Plymouth boys were taking their meet, our girls were making a game fight for theirs. As there are only six events outside the relay, a strong individual counts even more than with the boys. Northville was fortunate in having Homan, whose individual score of 18 1/2, with the rest of the team, was the decisive factor in Northville's victory, with 28 points.

Plymouth's score of 22 1/2, placed them in an easy second place, in spite of the fact that we did not draw a first in any event but the relay.

The individual girls points were: H. White, 3 1/2; Bennett, 4 1/2; J. Whipple, 2 1/2; W. Draper, 2 1/2; E. England, 2; V. Peitz, 1 1/2; E. Felt, 1.

The summary of girls' events follows:

Base Ball Throw—1st, Ford, D.; 2nd, Korn, R.; 3rd, England, P.; 4th, Felt, P. Distance—162 ft. 1/2 in.

Shot Put—1st, Rudolph, D.; 2nd, Lowry, N.; 3rd, Huff, N.; 4th, Whipple, P. Distance—27 ft. 6 in.

Broad Jump—1st, Huff, N.; 2nd, White, P.; 3rd, Bennett, P.; 4th, Korn, R. Distance—7 ft. 6 1/2 in.

50-Yard Dash—1st, Homan, N.; 2nd, Well, R.; 3rd, White, P. Time—6 7/10 sec.

High Jump—1st, Homan, N.; 2nd, tied by Bennett, P. and Wilson, R.; 4th, Draper, P. Height—4 ft. 5 1/2 in.

100-Yard Dash—1st, Homan, N.; 2nd, White, P.; 3rd, Wickham, N.; 4th, Well, R.

220-Yard Relay—1st, Plymouth (Thompson, Peitz, Whipple, White); 2nd, Dearborn; 3rd, Redford; 4th, Northville.

BACCALAUREATE SERMON

The Commencement activities of the week were ushered in on Sunday evening, when Rev. S. Conger Hathaway, pastor of the First Presbyterian church, delivered a very pleasing and inspiring baccalaureate sermon to the class of 1925. The stage was prettily decorated for the occasion, and the vested choir of the Presbyterian church rendered several beautiful selections.

In speaking to the graduating class, Rev. Hathaway gave a word of congratulation, a word of caution and a word of advice. He congratulated them upon their achievement and the honor of being the largest class ever graduated from Plymouth High school—863—three out of an original ninety-six completing the courses assigned. He cautioned them in their further work of education in college and university to avoid the mistake of which Paul speaks in his letter to Timothy, the mistake of those who are "ever learning and never able to come to the knowledge of the truth." (II Timothy 3:7). The last word he introduced by adding two lines to a verse taken from the current issue of the Plythian, making it read thus:

"Now will that clever dispenser of joy, Who gave us a permanent bath for the boy, And father a permanent slave."

I think it would also be fitting and nice to give you a permanent bit of advice. Basing his remarks upon the class motto, "Our Aim Success: Our Hope to Win," he urged them to read the Bible for its divine message as well as for its literary values, and assured them they would find the secret of success and happiness fully expressed in the first Psalm. He emphasized particularly the first two verses: "Blessed (or happy) is the man that walketh not in the counsel of the wicked, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in His law doth he meditate day and night." He pointed out that one who meditates with delight upon the revealed law of God will be certain to discover what are: First, The right attitudes toward life; second, The right standards of ethical conduct; and the third, Right insight, or spiritual power, which will enable one to achieve a success and happiness lasting not only for time but for eternity.

COMMENCEMENT REPORT NEXT WEEK.

Owing to the fact that much of the commencement week program occurs after the close of this week's paper, an account of the various affairs of the week has been put over until next week's paper.

HOT WEATHER

Sections of the United States complaining just a few weeks ago that we were having all our winter in the summer time have had occasion recently to change their tune, for weather history records that the first week in June was the hottest for a like period in 51 years.

We have had no deaths in Plymouth due directly to intense heat, but during the first week in the month almost 200 fatalities were reported from all sections of the country, and all reported were adults. How many children succumbed will never be known, as in most instances their passing is credited to infantile troubles and not directly to hot weather. And yet it is the little tots that suffer most from heat, as they are not capable of looking after their own comfort.

Now, until for the next two months at least, is a pretty good time to take things easy. One of the simplest things we do in hot weather is over-estimate our capacity, both as to the amount of work we can do and the amount of food we can consume. Heat attacks send no warning on ahead—they come sometimes as quickly as a flash and claim a victim when he is least expecting it. There is but one sure preventive, and that is to keep the head cool by staying in the shade as much as possible, not over-working the body muscles, avoiding heavy meals and refraining from an excess of stimulants. People who carry out this sort of program will not only have little cause to complain of the weather, but they will get just about as much done as the fellow who works until he falls in his tracks.

HERE TO STAY

That the breeding of horses and mules is on the increase and that the industry shows brighter prospects than it has for years, despite the tremendous increase in auto production, is shown by a bulletin just received from the U. S. Department of Agriculture. It contains some interesting figures, especially to those Plymouth citizens who long ago predicted that the automobile would very soon make horses so scarce that they would only be seen in remote sections, or in side-shows.

On February 1, 1925, the estimated farm price for horses was \$77.63, which compared with the \$73.78 valuation of February 1, 1924, shows an increase of \$3.85 per head. Market demand for draft horses and mules is now greater than at any time last year, and the number of animals in general use has not shown a decrease. One-half of the horse stock of the country is over ten years old, and one-fifth over fifteen years of age. The report declares that breeders are only worrying over one thing—not a total disappearance of the horse, but their ability to breed them in sufficient numbers for replacement purposes.

The auto has come to stay; there is no use to argue otherwise. It may have a pretty strong competitor sometime in the airplane, especially if Henry Ford carries out his plans to produce airplanes on the same scale and about the same price as "fivers." But when it comes to reducing the horse to the point where we will only find him in side-shows or stuffed and set up in museums, no one living today will ever see that time roll around.

WATCH THE WATER

The American Automobile Association, an organization made up of more than 800 clubs maintained by motorists in every state in the union, is sending out through newspapers and radio a warning of great importance and one we would advise every citizen of Plymouth and community to heed. "When traveling about in your auto," says the warning, "be careful of the

water you drink. The purest looking stream may be polluted with typhoid and other germs at its source. Typhoid lurks in drinking water more than anywhere else—don't take a drink and do not let the children drink until you are absolutely sure that the water being used is fit for drinking purposes. It is a pretty hard warning to heed when a fellow is hot, tired and thirsty, but it strikes us that after all, it would be better to heed it and make sure of what we drink than to encourage a case of typhoid or, possibly, be the cause of starting an epidemic that would affect the entire community.

THEY WON'T FORGET

The season of auto touring is now on, and many of us are frequently accosted by a motorist inquiring the way to other points, road conditions, or other information. Here is an excellent opportunity to do a little valuable advertising for Plymouth and the community at large. Answer every question asked by a stranger as courteously and as carefully as possible. If necessary to impart the desired information through a loss of time and, possibly, going out of your way—do so. It will pay in the long run. The stranger may or may not spend a few dollars in the community. If he does it will be that much more toward the prosperity of all of us. If he doesn't then you can count on it that he will speak a good word for the town as he passes on into other sections—and that has a money value in the end. Don't lose every opportunity that offers to treat the stranger courteously—you're helping him, you're helping your town and you're helping yourself all at the same time.

FRUIT CROPS WILL BE SMALLER THAN LAST YEAR.

Only fair crops of apples, peaches and pears are now expected in the United States this year. Department of Agriculture crop officials declared last week. Frosts in late May reduced prospects in many scattered sections, particularly in some of the central states, Virginia, Michigan and portions of New York.

The condition of apples on June 1 was nearly 10 per cent below the usual average on that date. The northwestern states expect more apples than were picked last year, but for the country as a whole the crop seems likely to be lighter, although much depends on the rainfall during the next few months.

Peach production shows a large increase in California where most of the crop is canned or dried, but in practically all other important states the crop is expected to be substantially smaller than last year. Even in Georgia, where many young trees are coming into bearing, the crop is expected to be less than 7,000,000 bushels compared with 8,533,000 bushels last year.

The pear crop also is reported only fair this year. California alone among the important producing states expecting materially larger crop than in the preceding season.

PLYMOUTH MERCHANTS WILL PLAY DETROIT TEAM AT BURROUGHS FIELD NEXT SUNDAY.

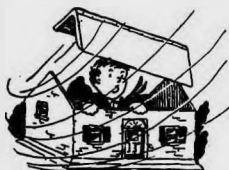

Ypsilanti East Side Athletic Club defeated Plymouth Merchants in a close and exciting game Sunday, on Burroughs Field, by the score of 9 to 8. Williams' error allowing Ypsilanti to score the winning run in the ninth inning. Milross, Carruthers and T. Strausen made nice catches in the field. Britcher pitched good ball after relieving Wallers in the third inning. Darrell led with the stick.

Next Sunday, June 21st, the Merchants will play Detroit Piston Ring Casting Co. on Burroughs Field, at 3:00 p. m. Following players report not later than 2:30 p. m.: Milross, Britcher, Darrell, Doud, Walker, M. and T. Strausen, Carruthers, Stevens, Fruhm, Wallers, Millman, Wagenschutz, and any others that have been playing with the Merchants team, also Empire Todd.

LEAGUE OF WOMEN VOTERS

Plymouth's League of Women Voters met Monday, June 15th, with the president, Mrs. Phoebe Patterson. An interesting program of readings had been arranged by Mesdames Hattie Baker and Mary Hillmer. The readers were: Misses Lina Durfee, Mary Conner and Nettie Pelham and Mrs. Hillmer.

By vote it was decided to have a vacation of two months, so there will be no meetings until September. The place of meeting will be announced later.

HOT WEATHER COMFORT!

When the sun is hot, and the breezes fail, and one's energy oozes out at every pore, there is only one thing to do.

Touch a button—and instantly a flood of cool, invigorating air is sweeping away the hot, still and oppressive atmosphere of the room and bringing in its train a delightful feeling of coolness and comfort.

The electric fan is indispensable in the summer months; and its extreme cheapness of operation brings it within the reach of everybody.

Come in, today, and let us tell you more about it. Why suffer from the heat?

MUNICIPAL NOTES

The sewer contractors have started work in two places. On south Main street, they are putting in an eight-inch lateral by hand. Across a private right-of-way from Mill street to the Flats, the big digger has been trenching for the main outfall. In this connection, people must remember that while this contractor is being worked, our streets are going to be torn up, and many people will be inconvenienced. Please, will the people living along the route of this work realize and accept the situation.

The village is glad to welcome the Detroit Motor Bus Company as the successor of the Reine Bus Line. The new busses, for the present, run hourly between Plymouth and Grand River avenue at Meyers Road. Later, they will probably go directly down town. The increase in service will be much appreciated. The first bus in the morning for Detroit, leaves at 6:30, the last at night at 11:30.

The village crew is laying cast iron pipe at the springs, to connect the new eight inch well with the brick well and the force main. A small pump house will be built over the eight inch well.

This week sees the finish of a high school course by another class from the Plymouth schools. The village naturally takes a great interest in its schools, and it sincerely congratulates the class of 1925 on their record and on the completion of their studies here. It assures them of its continued interest in their future lives which it hopes will be filled with real happiness and success.

Next week is the time of the Funeral Directors' convention. Let everyone take part in welcoming our visitors. Let flags be displayed on as many houses as possible. Let the hospitality of Plymouth be the outstanding feature of this meeting.

ALL WOMEN'S ACHIEVEMENT DAY.

Women enrolled in Home Economics Extension Work in Wayne County are holding an Achievement Day at the Wayne High school gymnasium, Friday, June 26th. The work this year has been mainly with clothing and some splendid work has been done in various sections of the county. Exhibits and demonstrations will occupy the forenoon session beginning at 10:30 a. m., followed by a box luncheon at noon. The afternoon program will consist of music; club roll calls; Home Demonstration Report. Miss Lois Corbett, Home Demonstration Agent; special talks on "What Home Economics Extension Work Means and the Value of Organization." Miss Carrie Williams, State Clothing Specialist; Discussion of the Clothing Project; Miss Agnes Sorenson, State Clothing Specialist; "Other Projects Relating to the Home and Community." Mrs. Louise H. Campbell, State Home Demonstration Leader; Open discussion and question box.

A cordial invitation is extended to all women interested in Home and Community Welfare, regardless of whether they are now enrolled in a club. This is to be a day of social and educational enjoyment. Come and bring your friends.

LOIS M. CORBETT,
Home Demonstration Agent.

CHILDREN'S DAY AT METHODIST CHURCH.

Sunday morning at ten o'clock, the annual Children's Day program took place before an unusually large audience at the Methodist Community Hall. It proved to be one of the most unique and worth while programs ever presented here. The spacious stage represented a beautiful garden into which the children entered the Land of Make Believe into the World of Reality through the Gate of Understanding. The dear little pages, the announcer, messenger, bees, represented twelve nations, the shades (representing the uneducated, dark side of life, and the College students, were all fittingly costumed, and each took his or her part in a pleasing manner. It was made very clear that children of all nationalities naturally play together until they are taught racial prejudice by their elders, and that all of the children were in search of the Enchanted Latch-key that would open unto them the Gate of Understanding. The audience also greatly appreciated the violin solo by Maynard Larkins, and the selection by the High School quartette. The largest collection ever received at an occasion of this sort was sent to the Board of Education of the church, to be loaned out to help worthy college students.

The committee, Mrs. Floyd Hillman, Mrs. Wyman Bartlett and Mrs. James Gill, are to be congratulated for their splendid work.

BASE BALL

The House of Correction won one game and lost one. Saturday, the Whitefield M. E. church of Detroit lost to the Officers, 12 to 3. Rowland threw for the Officers, and had another easy day.

Sunday, the Gottfredson Club of Wayne, put it over the Officers, 20 to 7. Lyman on the mound for the H. of C. held them to ten runs up to the seventh, when he was removed for Jaska, but Arnold, unable to stand the heavy fire, allowed them five runs in the eighth and five in the ninth. But the large score was not all the fault of the pitchers, as there was some costly errors made behind them.

WILL HAVE HALF HOLIDAY

In keeping with many other towns, a majority of the local merchants will close their places of business on Wednesday afternoon, during June, July and August.

As has been pointed out by the several business men, the half-holiday will tend in no way to work a hardship upon patrons who have also experienced themselves in accord with the movement to give store employees and others a half day's rest during the extremely hot weather. Some readjustment is necessarily a part of the closing movement but the desire to cooperate upon the part of the people of the community insures success for the venture in Plymouth.

LIVONIA CENTER COMMUNITY CHURCH.

Next Sunday morning, the congregation is to be given a real treat in music. Several years ago, there were five little sisters who used to sing at the Livonia Center church at Children's Day exercises and many special occasions. They are the daughters of Mr. and Mrs. Isaac Smith, who then lived in the community. But times have changed, and these same little girls are now grown to women. All are married, two living in Detroit, one in Belleville, and two at Brightmoor. Down deep in their hearts, they still have tender memories of the little church of their childhood days, and next Sunday morning they are coming back to sing in the days of old. Mrs. Wm. McKinney, also a former resident, will be the accompanist. We will be glad to welcome them home.

Next Sunday evening, we will hold the Children's Day exercises. A fine program is being prepared.

Friday evening, June 19th, an ice cream social is to be held at Shoreham Park, Coventry Gardens, which is located one-half mile north of the church. This is a beautiful new park, and will be well worth your time to come and visit it, and have a good time with the rest of the good people. There will be plenty of good things to eat and drink, and a general good time. Music will be furnished by several members of the Wayne band. If you have ever heard them, surely you will want to hear them again.

The Ladies Aid Society held a very pleasant meeting Thursday afternoon. A kitchen shower was also held at this time, and many useful articles were received.

We are glad to state that our pastor, Rev. Helen Phelps, and her congenial husband, have purchased a very fine new home in Wayne, and will soon be living in same.

POSSIBLE TO GET TOO MUCH SLEEP

At Least, That Is Opinion of English Writer.

That too much sleep diminishes the nervous energy and degenerates the small arteries is the opinion of Vaughan Dryden, who writes as follows in a London paper:

Persistent opponents of summer time are never tired of asserting that it "deprives people of their natural sleep." This is all very well; but nobody yet has defined when we ought to sleep and how many hours. Many people sleep far too much; and it is a well known scientific fact that excessive sleep diminishes the nervous energy and degenerates the small arteries and capillaries of the brain.

Sleepiness is generally a sign of mental lethargy; neither Sancho Panza nor the Fat Boy in "Pickwick," outstanding examples of dozy sleepers, were noticeably brilliant. Sir John Sinclair roundly declares that too much sleep "blunts and destroys the senses, and renders both the body and mind unfit for action." Sir Herman Weber, the author of "Longevity and the Prolongation of Life," blames the habit of sleeping more than eight hours for the premature decay of mental faculties.

Many men of active brain are satisfied with little sleep. John Wesley was up at 4 o'clock every morning. Immanuel Kant slept very little, remarking that much sleep exhausts the energy and shortens life. The latter conclusion is borne out by the fact that many long-lived people spent but a short space of their time in bed.

Sir Julius Benedict slept only four hours a night, and lived to be eighty-one. Sir Henry Thompson, who lived to be eighty years old, was a busy physician who saw patients all day and attended social gatherings every night. Yet he found the time to write several large books on medical subjects, and he did this by being in his study at six every morning.

Eminent barristers like Lord Reading and Lord Birkenhead were entertaining or being entertained socially every night. Yet they would rise at four or five in the morning and do several hours' work on their briefs before going into court at ten.

Bees Pre-empted Nest

How the maternal instinct of a tiny wren twice in as many years was frustrated by a colony of wild bees has been related by Samuel Benn, a bird lover of this city, says an Associated Press dispatch from Aberdeen, Wash. For two years, Mr. Benn said, he watched a wren carrying material to build her nest in a bird house he had erected, and although she occupied it for a time each season and laid her eggs, no baby wrens ever put in their appearance.

Recently, when he was changing the location of the bird house, Mr. Benn discovered that both years wild bees had taken possession of the nest and had formed their honeycomb over the mother wren's eggs. The second nest had been built over the honeycomb and the wreckage of the former season's hope.

Mrs. Doerr's son, Lyman Spicer Judson, was one of the 105 members of the graduating class to receive the degree of Bachelor of Arts.

Thomas Reall, alias Thomas Feno, was arrested by Chief of Police Springer Wednesday morning, at the request of New York officers, and who is wanted in Poughkeepsie, N. Y., on a charge of forgery and grand larceny. He was turned over to Sergeant M. J. Judge of the New York police department, and Detective Wm. Twomey of the Chicago Detective Bureau, who came out from Detroit, to which point they had traced him. Reall has been employed in the railroad yards here for several weeks.

During the past few weeks, the Plymouth & Northville Gas Co. have laid about three and one-half miles of gas main, which now makes it possible for nearly everyone in Plymouth to have gas service. The company has installed 136 new services since they took over the business several months ago, and they have orders now for many more service connections with the new lines just laid. Mr. Adams, local manager for the company is making every effort to give the people of Plymouth and Northville the best service possible, and that his efforts are appreciated is very evident by the increasing business that the company is enjoying in both towns.

Dr. Edward B. Manville, F. A. G. O., president of the Detroit Institute of Musical Art, and his family, called on the family of Rev. Charles Strasen on Sunday afternoon. Miss Hanna Strasen has so far regained her health that she will take up her organ studies with Dr. Manville this week. Regarding Dr. Manville's work, a Detroit paper says: "Word has been received from New York that the following local organists have been elected Associates in the American Guild of Organists, after a two days' examination in technique and composition: Herbert A. Love, organist of the Second Christian church; Miss Ruth Alma Sloan, organist of the Calvary Presbyterian church; Sister Marion, O. S. D. and

"NOT GOOD IF DETACHED"

So reads your railroad ticket coupon. The value of the coupon depends on its relation to the whole ticket. It may be made of the same paper and printed with the same ink, but similarity of construction and appearance are valueless without the relationship.

"Not good if detached," is also true of church members.

Detached from active relationship, the individual loses touch with the spirit and progress of the church, and is in grave danger of losing interest in Christian service. Salvation depends upon one's relationship with the Saviour, Jesus Christ, a relationship which finds expres-

Water Power in Africa

If the world has final recourse in water power to the exclusion of other energy Africa will be the seat of empire. According to the best judgment of engineers, more than half of the potential energy of this old earth's water resources are lodged in the dark continent. There may yet be a cry of Africa for the Africans.—Los Angeles Times.

Present, Edward Command, Judge of Probate.

In the matter of the estate of James B. Purdy, deceased.

On reading and filing the petition of Nettie L. Moore praying that administration of said estate be granted to her or some other suitable person.

It is ordered, that the fifteenth day of July next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of bearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

EDWARD COMMAND, Judge of Probate.

(A true copy) Edmund K. Dowd, Deputy Probate Register.

BAPTIST NOTES

The morning service was full of gladness as the people remembered the good rain the Lord had sent us the day before. The pastor's sermon was about Elijah, his life and teaching, his courage, prayerfulness, faith and discouragements.

The money for fuel was subscribed last Sunday, but if you want a part in the fund, see Charles Grainger the treasurer, right away. At the close of the service, the pastor gave the right hand of fellowship to another member. We are always glad to have the men become a part of the church.

The children of the primary department held a picnic in the church parlors last Monday afternoon. About 35 sat down at the tables, and ate supper and ice cream. They had a great time and enjoyed their play after supper.

The teachers have had a splendid school this year. The teachers are: Mrs. Archie Collins, Mrs. Frank and Miss Mildred Harford.

Next Sunday evening, the Northville B. Y. P. U. will visit the society of the Baptist church. It is hoped that all the young people will be at the meeting on time.

Next Sunday evening at 7:30, the Children's Day program will be given. You will enjoy the evening, so come.

KING'S CORNERS

Mr. and Mrs. Lloyd Lockhart had as guests Sunday, Mr. and Mrs. Lewis Jubenville and two sons, Charles and Richard of Royal Oak, and Mr. and Mrs. Robert Johnston and son, Stanley, and C. F. Jubenville of this place.

Mr. and Mrs. Charles Parrish spent Tuesday at the home of the latter's brother and family, Mr. and Mrs. George Smith of Sheldon.

Mrs. Urbanak and children and brother, John Gersch, spent Sunday at the lake.

The Prusinske family entertained friends from Detroit, Sunday.

Mr. and Mrs. M. Coopersmith and daughter, Evelyn, were week-end guests at the home of their parents, Mr. and Mrs. Pizarek here.

Miss Margaret Roediger of Southfield, is spending the week at the home of her uncle and aunt, Mr. and Mrs. Lloyd Lockhart, and other friends here.

NORTH CANTON SEWING CLASS

The Ladies of the North Canton Sewing Class had their last meeting for the season, May 13th, with Mrs. Mae Roberts at her home, on the Plymouth road. There was a good attendance, and they endeavored to finish the fitted pattern. We hope for a continuation of these lessons, after the vacation season is over. Miss Sorenson, by her capable and kindly instruction, has endeared herself to us all and we hope we can have her back again in September. Achievement day is to be held at Wayne High school, Friday, June 26th, all day meeting. Every woman interested in sewing or home demonstration work, is invited to attend. Each sewing class in the county is expected to contribute something for the program, showing the benefits they have received from the lessons.

"For the Wages of Sin is Death, but the Gift of God is Eternal Life."

YOUR MORAL WAGES

They are paid whether you want to receive them or not. And you determine the rate of pay. You can't strike because the conditions under which the wages are paid are likewise determined by you and you alone.

The Bible verse above is worth reading every day. You have already found it true if you stop to think a minute.

If we sin, we suffer somehow, somewhere; usually soon. But if we repent and follow the teachings of Jesus, we have the promise of eternal life.

Let the Church help you fight temptation. Attend services regularly. Read your Bible, and "fight the good fight."

The Boy Scouts start camping the 25th. They are going to West Lake, near Chelsea, this year, joining the Washtenaw County Camp.

Attend church next Sunday. The Odd Fellows and Rebekahs will be our guests at a service in their honor in the Community hall.

"Blessed are the poor in spirit, for theirs is the Kingdom of God."

PRESBYTERIAN NOTES

The organist wishes to express her sincere appreciation and thanks to all those who gave their services at her recital; and also to the members of the congregation for their cordial cooperation.

About forty attended the meeting of the women's classes, held at the mausoleum last Tuesday. A pot-luck dinner was served on the lawn, and was followed by a short devotional service held indoors, after which some sewing and all talked, principally about the good time they were having.

The men's class reached its highest attendance mark last Sunday, with fifty-three present. We'll reach the sixty mark before long.

Superintendent Weaver is to be congratulated on the excellency of the Children's Day program. Every class in the Sunday-school took part.

Several Presbyterian families are represented in the senior class just now before the public eye. We heartily congratulate them upon their achievement, and wish them continued success.

The mausoleum is getting new inner garments of paint and paper so as to be ready for the new dress she expects to wear next winter. Then she will add much to the beauty and attractiveness of the village. That is a happy prospect. But it would be even better if she could sit in the park opposite the city hall this summer, all dolled up and admired by the thousands of Detroit tourists who pass by on their summer vacation trips looking for suburban beauty spots in which to build their future homes. She might help them to decide on Plymouth as the mecca of Detroit's elite.

The following Children's Day program was given Sunday, June 14:

Organ Voluntary

A year of watch service ...what is it worth to you?

Imagine planning a day's work without a watch to check you up on the time! You'd simply have to get the time from someone else—or guess at it.

Yet the cost of this invaluable service is amazingly slight.

For example, you pay \$40 or so for a suit of clothes which lasts you perhaps a year.

The price of your suit invested in a watch gives you many years of faithful timekeeping service, at a cost of only two or three dollars a year!

Just consider what this service is worth to you, and you will readily see the advantage of owning a really good watch dressed in the most modern and beautiful case designed by Watchworth.

We have an exceptionally fine assortment of high grade watches from which you may choose the one that best suits your taste and purse.

The annual reunion of the late Orson Packard family will be held at the tourist camp, Plymouth, Saturday, June 27th. Dinner at noon.

At a recent meeting of the Plymouth Home Building Association, E. O. Huston was elected as a member of the board of directors in place of E. V. Jolliffe, who resigned the directorship.

R. W. Shingleton has secured the services of Christian Mair, an experienced tailor, to have charge of the tailoring department of his business. Mr. Shingleton has a half-page ad in today's paper. Read it.

Mr. and Mrs. H. C. Robinson, Miss Rose Hawthorne, Mrs. Kate E. Allen, Mr. and Mrs. Wm. Wood, Mr. and Mrs. C. G. Shear and Harry Lush are attending the Rotary convention being held at Cleveland, Ohio, this week.

Village Manager Sidney D. Spring has completed a neat little folder containing a map of the roads leading to Plymouth; information regarding the village, churches, schools, industries and various other things pertaining to Plymouth. These folders will be given out to the members of the Michigan Funeral Directors and Embalmers Association, who visit Plymouth next week.

Mr. and Mrs. C. J. Simmons and Mr. and Mrs. Glenn Allen and children, and Miss Kathleen Gray of Pontiac; Mr. and Mrs. George Simmons of West Farmington; Mr. and Mrs. J. C. Phillips and Mr. and Mrs. Fred Phillips and children of Superior, and Mr. and Mrs. Charles Hirschlieb and children of Nankin, were Sunday guests of Mr. and Mrs. Claud Simmons of Waterford road.

The meeting of the ex-service men held at the village hall Monday evening, was very well attended, and an organization to be known as the Ex-Service Men's Club was organized. Irving Blunk was appointed commander; Ray Hill, secretary and treasurer, and Harry Brown, officer of the day. There will be another meeting Monday evening, June 22nd. It is hoped that all ex-service men will be present.

Mr. and Mrs. George C. Ravlier left Monday for their new rural home, which Mr. Ravlier recently purchased near Chelsea. Mr. and Mrs. Ravlier have resided in Plymouth for a number of years, and have made many friends here, who will regret their removal from the village, but wish them abundant success in their new home. They have rented their home on Starkweather avenue to H. D. Knapp of Detroit.

Keith, aged seven months and fifteen days, infant son of Mr. and Mrs. Howard Eckles, died at the home of his parents on the Ridge road last week Wednesday night, after an illness of seven weeks. Funeral services were held from the home last Friday afternoon at four o'clock. Rev. S. Conger Hathaway officiating. The interment was made in Riverside cemetery. The bereaved family have the sympathy of the community in the loss of their little one.

Nine years ago, Davis B. Hillmer, youngest son of Mrs. Mary K. Hillmer, of this village, was making the rounds of Detroit's larger commercial photographers in search of work. Eventually he landed a job, at a wage of something like ten dollars a week. Last week he was elected, by a vote of five to one, to the office of Secretary-Treasurer of the Detroit Commercial Photographers Association. It hardly need be added that today Mr. Hillmer conducts his own successful establishment, and is recognized as one of the leading commercial photographers in Detroit.

Mr. and Mrs. Frank Beals entertained at a dinner at their home on Mill street last Monday noon, in honor of Karl B. Robertson, an honor student graduate of the University of Michigan, last Monday. Other guests present, were the young man's parents, Mr. and Mrs. Charles Robertson, and sister, Miss Louise Robertson, and Mrs. Dewar of Grand Rapids. CHAMBER OF COMMERCE BOOTH

The Chamber of Commerce information booth is in operation now, in charge of Miss Thelma Williams. It is the desire of the officers of the Chamber of Commerce to make this booth useful to the people of Plymouth as well as tourists and others. Miss Williams is endeavoring to keep on hand at all times, complete information of all kinds, and prides herself on her ability to answer all questions put to her. She can answer any question from "What time does the next bus leave for Detroit?" to "How old is Ann."

The booth is located in Kellogg Park, and the telephone number is 435.

SNARE-TRUEDELL

Miss Vella Truesdell, daughter of Mr. and Mrs. Fred Truesdell, and Delbert Snare of Toledo, Ohio, were very quietly married at the Presbyterian church, Plymouth, by Rev. S. Conger Hathaway, Friday, June 12th, at six o'clock, in the presence of the bride's immediate family. After the ceremony, the couple left for a trip East.

The bride is a graduate of the Plymouth High School and of the Michigan State Normal College. She has taught in Toledo for the past three years. They will make their home in Toledo, where the groom is Secretary of the Toledo Towel Supply Co.

RIGGS-LAURIE

Howard E. Riggs of Plymouth, and Miss Bette P. Laurie of Ypsilanti, were married Thursday evening, June 4, at the home of Dr. L. S. Brooke, Milford Times. The groom is a son of Mr. and Mrs. Eugene Riggs of this place, and his many Plymouth friends extend congratulations.

TWO PLEASING RECITALS

The pupils of Miss Zarina Penney gave two splendid piano recitals, one on last week Thursday evening and another last Monday evening, both of which were held at the Presbyterian church. Each one of the pupils gave their numbers with splendid skill and interpretation, which reflected much credit upon themselves and their instructor, as well. At the conclusion of each number, the player was presented with a beautiful bouquet of flowers. On Thursday evening, Miss Florence Paddock, soprano, of Detroit, rendered several numbers very beautifully, which added much to the pleasure of the evening. On Monday evening, Miss Virginia Giles, reader, assisted on the program with several readings given in her usual pleasing manner.

Quality Meat Market

Advertising has but one use—presenting to the public the truth concerning merchandise which is offered for sale. Our meats are exactly as advertised. We do not exaggerate for we believe quality needs no exaggeration. When we advertise fresh killed fowls, we do not mean chilled or frozen, but fowls killed especially for Saturday's buyers. You may buy here with the assurance that your confidence will not be misplaced. We take pride in satisfying our customers by selling them the highest quality meats in a courteous, friendly and efficient manner and at prices that are free of inflation. High quality meats cannot be sold as cheap as low quality meats. We do not sell inferior meats.

OPPORTUNITY!

OF A LIFE TIME

Lincoln Park lots near Ford's River Rouge industries—ideally located for home sites and investments.

Henry Ford has here the largest industrial plant in the world. Is now building the largest steel mill in the world. He predicts 285,000 men will be employed in this district by 1928.

Prices for lots unusually low. One hundred dollars down—fifteen dollars per month.

A wonderful investment.

CRANK CASE EVILS

Adding a 'quart of oil' whenever the spirit moves you is just like throwing a glass of water into a tub of soapuds and expecting the mixture to turn clear.

The sane motorist drains his crank case each 500 miles because he knows motor oil wears out just like any other substance subject to wear and tear. When oil is worn, has absorbed a certain amount of raw gasoline, a certain amount of carbon, its usefulness as a motor lubricant is over.

Some so-called motor oils are not fit for any use. About the same destructive effect as beating liquor to the human interior economy. Use judgment in selecting your motor oil.

And we want you to try Staroline oil of course. In fact we would like you to compare the Staroline drains oil from your crank case after 500 miles service with any other oil you have used a similar time. Then we know you will agree with us.

NEWBURG

The church was prettily decorated with bouquets of roses and potted plants, as a setting for the smiling faces of the children who took part in the Children's Day exercises, last Sabbath. A nice program, under the supervision of Mesdames Greer and Stevens, consisting of songs, recitations and dialogues, was given by the school, and a short address was given by the pastor, telling of the purpose of Children's Day, and the great good accomplished with the offering given, in helping students through Albion College. Mr. and Mrs. Gilbert's baby daughter, Helen, was christened at this time.

Church services and Sunday-school at the usual hour next Sunday.

The supper given by the second division of the L. A. S., last week Thursday evening, added a nice little sum to their treasury. They wish to thank all those who assisted, especially Jack Horton, for acting as chef for the occasion.

Don't forget the ice cream social and band concert by the Wayne band, for the benefit of the Union church at Livonia Center, to be given in Coventry Gardens, this Friday evening. Everyone invited.

Don't forget the good time the Epworth League are planning at the L. A. S. hall, Monday evening, June 22.

Alice Gilbert of the eighth grade, had the honor of having her standing ranking among the highest in the county.

Those who passed the eighth grade examinations were as follows: John Bennett, Elmer Carney, Alexander Gaab, Alice Gilbert, Melvin Craig, Andrew Steingasser and Dorothy Dunn. Mr. and Mrs. John Havens of Greenfield, Indiana, are guests at the M. E. parsonage.

Monday morning they will have the pleasure of seeing their son, Paul, receive his life certificate and A. B. degree from the State Normal of Ypsilanti.

Miss Clara Grimm will receive her life certificate from the State Normal, Monday morning.

Mr. and Mrs. Jack Horton and father and mother and Mr. and Mrs. William Lomas attended a family reunion at Corunna, last Saturday.

Frankie Clemens was the lucky boy to win two prizes at the Elizabeth Park picnic: The 50-yard dash and standing broad jump.

Mr. and Mrs. John Thompson and family attended the graduation of Mrs. Thompson's niece, Miss Jane Caruthers, at Pontiac, Friday evening.

Lawrence Holmes and Gladys Clemens graduated from Plymouth High school, this week.

Mr. and Mrs. L. Clemens and family attended commencement at Ann Arbor, Monday, the occasion being the graduating of their son, Clarence, from the U. of M.

Mr. and Mrs. Deo Duryee of Detroit, visited the parental home, last Sunday, finding their mother slowly improving from pleural pneumonia.

Leigh Ryder went on a fishing trip to George Henry's at South Lyon, Tuesday night and Wednesday.

Mrs. M. Eva Smith and Mrs. C. E. Ryder spent Wednesday in Detroit.

Mr. and Mrs. Harry Bassett and Mrs. Ella Wright of Wayne, called at the Smith household, Monday evening.

The following letter has been received:

Mr. Charles D. Ryder,
Plymouth, Michigan.

Dear Friend:
I am enclosing check for fifty (\$50.00) dollars, which is to be applied to the account to give perpetual care to lot in cemetery.

The association should be congratulated on the work they have accomplished, and it is indeed pleasing to see the keen interest with which the officers are working.

I assure you I am always willing to do my part in any way to keep the Newburg cemetery in condition, and trust that all owners of lots there see the necessity of this action.

Yours very truly,
Ira Wilson.

Clyde Smith has received the following interesting letter from Russell Parr, who is a teacher in the government school in Porto Rico, which will be of interest to Russell's many friends in this vicinity.

Porto Rico, June 1, 1925

Dear Clyde:
The radio station at San Juan opens its entertainment by announcing its

location as "The Isle of Enchantment." That is a good description, for it is truly a wonderful place with its eternal summer, rich soil and friendly populace.

Being under the tropic of Cancer, and in the trade-wind belt, it is subject to a warm climate, with a gentle breeze always blowing. The temperature ranges from about 60 degrees in winter, to about 90 degrees in summer, as an average for the entire island. Roughly, the rainy season is from September to December, and the dry from February to April. On account of the extreme dampness, there is not much difference between the temperature in the daytime and that at night.

There are plenty of mosquitoes, but few flies. The lizards keep the fly population at a low level. On account of the mosquitoes, all beds are equipped with a mosquito net which effectively keeps them out.

The main products are coffee, sugar, tobacco, cotton and tropical fruits. The great majority of the people are employed in agriculture, sugar and tobacco, necessitating a great deal of hand labor in their harvests.

The people are of three main types: Spanish, Negroes and Indians, with many containing the blood of all three races. Spanish is the native language. The school is practically the only place where English is spoken. The population of this island is 1,300,000. The number of pupils enrolled in the schools in 1923 was 225,000. With an area of 3,500 square miles, much of it mountainous country, you can see that the taxes must be high in order to support such an educational program, and they are.

Being of the Latin race, the people are easily excited, and like to do everything in grand style. Elections are the scenes of parades, bands, speeches, waving of flags and general confusion. Each political party has its flag. They do not have woman suffrage.

It is very easy to be lazy here. There is no worry about shelter for the winter. A person could sleep without a blanket out doors any night without being cold, only the rain being liable to bother him. The people like to talk here, in public or in private. If you tell a secret, its all over town in no time.

Our main recreations here are horseback riding and swimming. We Americans in Isabela, have visited every place of interest we have heard of within a radius of twenty miles of the town. We have ridden in the hills and along the beach, even in the Atlantic ocean. The horses are descended from Arabian stock, so they

are tough and hardy, though small. One day we rode to an irrigation project and back (about 36 miles), and the horses stood it all right, better than we did, I think.

On account of the sharks, the people do not swim much except in May, June, July and August. I went swimming once or twice every month since last September, except December. This month I have missed only one day. Every day after school, my little jockey has my horse waiting, and I ride to the beach, take a swim, and get back in time to eat at 6:30. The salt water is certainly fine. It is warm now, I should judge about 65 degrees. From the shore the waves look rough and dangerous, but when you get out among them, it is very pleasant. It is very easy to float, and then the waves rock as though you were in a good spring bed.

There is a fish called the picua, which the natives say is dangerous. It is a fish with a mouth like a pike, and sharp, saw-like teeth. He is a ferocious fellow, and his bite is poisonous. They are strong swimmers, and it is said that one two feet in length could kill a man by wounding and poisoning him. I have never seen one, but I hope they hold off for four more weeks, when I'll be leaving. As ever,

Russel Parr.

A CARD—We wish to thank our many neighbors and friends for their kind sympathy and also for the beautiful flowers sent during our recent bereavement.

Mr. and Mrs. Howard Eckles and Son.

WATERFORD

Waterford school closed last Friday, with a picnic at the school, at which the parents were invited. Miss Jackson served cake, ice cream and sandwiches to the guests.

Miss Jackson returned to her home in Deerfield, Saturday, after a very successful school year. The children presented her with farewell presents. She is returning to Waterford school next fall.

They are making rapid progress with the sluiceway under the railroad, connecting with the dam. The dynamo in Ford's factory was put in last week, making a very pretty setting back of the large plate glass front.

Mr. and Mrs. William Richards visited their daughter and husband, Mr. and Mrs. Glen King, Sunday.

Mrs. Mary Lund was entertained Sunday, June 14th, on her 88th birthday, at the home of Mr. and Mrs. Glen King.

Glen King, who was in Sessions hospital for a couple of weeks, returned home Thursday. He is getting along nicely.

The Clothing Project Class met with Mrs. Robert Gibson, Wednesday.

Little John Joslin of Plymouth, spent Saturday with his aunt, Mrs. Edmund Watson.

Russell Travis, Claude Waterman and the Misses Louisa and Lethia Rowland motored to Grass Lake, Sunday.

Mr. McIntyre and Mr. Marrell spent the week-end in Bad Axe.

Mrs. James Eckles and children, who have been visiting her parents, Mr.

and Mrs. W. M. Bacon, at Morley for a couple of weeks, returned home, Monday.

Mr. and Mrs. J. Schmaidt visited Mr. and Mrs. Glen King, Sunday.

Mr. and Mrs. Alvin Hamilton and children of "Cherry Heights" spent Sunday in Northville.

Mr. and Mrs. Charles Waterman and children and Miss Ida Hughes spent Sunday with Mr. and Mrs. Frank McGraw of Plymouth.

They are putting up the big steel derrick, one hundred feet high, at the Ford factory, that will shoot the cement into the sluiceway.

Mrs. W. M. Bacon of Morley, is visiting her daughter, Mrs. James Eckles, Eckles.

STARK

George Schmidt has sold his farm on the Plymouth road, and will move in the fall, near Plymouth on the Plymouth road.

The Aid Society of the Lutheran church at Livonia Center, met at the home of Mrs. Karick, last week Wednesday for supper.

The rain, Saturday, was very much needed in this vicinity.

Mr. and Mrs. William Love, Jr., of Detroit, called at the home of Mr. Love's parents on Farmington road, Saturday evening.

Mr. and Mrs. Floyd Bassett and children spent the week-end at their cottage at Island Lake.

Mrs. Jessie Springer and children of Lincoln Park, visited her parents last Wednesday, and also attended the Aid

society of the Perrinsville church at Mrs. Henry Klatt's.

Mr. and Mrs. Henry Meilbeck spent Sunday afternoon at Island Lake.

Thomas Love went over to Belle Isle early Sunday morning to see them feed the bears and other animals.

Mrs. Vantassel's trip has been delayed for a few weeks.

PERRINSVILLE

One of the most beautiful Children's Day services was held here last Sunday that has ever been given. The children did fine, and the solo by Mr. and Mrs. Havens was well rendered, also the invitation by Master Raymond Bock, which we so hope will be responded to next Sabbath.

Mr. and Mrs. George Baehr spent last Thursday evening at George Edwards at Eloise.

Grandpa Hanchett of Flint, is visiting his two sons, Arthur and Alonzo, and other relatives for the summer. In spite of his age, he is very spry.

Mrs. Helen Wollgast and girl friend of Plymouth, and Mrs. Grace Hanchett spent Friday afternoon with Mrs. Belle Baehr.

The Richards family reunion will be held at the home of Mr. and Mrs. Henry Klatt next Sunday.

Old friends in this vicinity were grieved to hear of the sudden sickness of Miss Marea Courts of Wayne, who was hurried to a sanitarium in Texas.

The ladies met at the church Thursday, to put down our carpet. It is a great improvement to the church.

If you have anything to buy or sell, advertise it in the Mail. It will pay you.

LIBRARY NOTES

Mother Mason—Aldrich. Each chapter is complete in itself, and the whole presents a picture of a cheerful American family whose presiding genius is the comfortable, whole-souled, middle-aged mother.

Wren—Beau Geste. A mystery story whose chief interest is in its vivid descriptions of life in the French Foreign legion, which are full of color and spirit and evidently drawn from personal knowledge.

Bill the Conqueror—Wodehouse. A gay romance of care-free youth and love, with Anglo-American complications and amusing situations.

Mrs. William Horton—Kilbourne. The misunderstandings and mishaps of the first year and a half of married life, the commonplace incidents that need only a touch to convert comedy into marital disaster, are light and humorously told.

Pascal D'Angelo, Son of Italy—D'Angelo. The story of an Italian youth who spent his days as water carrier for a pick and shovel gang, and his nights in studying the English dictionary and acquiring a fine vocabulary. His struggles for a living before recognition as a poet are described with almost painful realism.

Twice Thirty—Bok. Mr. Bok records more unusual experiences from his infancy to the present day, supplementing "The Americanization of Edward Bok," not only by the addition of new material but by the expression of his opinions on life and conduct and public affairs.

Jester Paid Dearly**for Fun He Enjoyed**

Joseph Sadler was one of the most picturesque rogues of the Seventeenth century—a time when competition in the rogue business was keen. He was neither courageous nor daring—far from it, in fact—and yet there was a style about him that made him an individual. For example, he once stole the beaver hat of a gentleman who was praying in the Temple church and in extenuation pleaded that we are enjoined "to watch as well as pray."

Sadler's crowning achievement, says a writer in *Discovery*, was his theft of the purse and mace of the lord high chancellor of England. How he discovered in what strong room they were secured is not known, but he not only took the baubles from their lurking place but marched with them publicly displayed through Lincoln's Inn fields. A confederate bore the purse before him, another the mace, and Sadler brought up the rear, hat cocked and arms akimbo, with an insolent and strutting grandeur.

The little daughter of Sadler's landlady discovered the theft. While she was playing in his apartment during the great housebreaker's absence she found a pearl and a piece of tinsel upon the carpet. Anxious to know whether there were more of the pretty playthings concealed about the room, she succeeded in opening the cupboard door.

"Mother! Mother! Come up here!" cried the child excitedly. "The gentleman has his majesty's crown!"

What she beheld, in point of fact, was the coronet of the mace detached from its stock. The landlady warned the watch, and an ambush was laid.

Loud was the laughter when the facts became known and Sadler confessed to having figured as the lord high chancellor in that extraordinary harlequinade in Lincoln's Inn fields. Loud was the laughter, but poor Sadler was condemned to death in sober earnest. It is hard for a jester to be taken quite so seriously.—*Youth's Companion*.

Better Times Now

Upton Sinclair, novelist and propagandist, said at a banquet in Los Angeles.

"The World war did one good thing. It enabled the poor to come into their own."

"The poor were in a dreadful state before the World war. They knew it, too."

"A lady was lecturing in a Boston slum one night on tasty dishes for the masses."

"My next dish," she said, "is boiled cod's head. It's very appetizing. Take a cod's head of good size and quality, place it in a pot with pepper and salt to taste, and onion—"

"Wait a bit, ma'am!"

"A gaunt chap had risen. He was pointing his finger at the lady and scowling."

"Wait a bit, ma'am," he repeated. "What we want to know is—who gets the cod?"

Queer Northern Folks

"While I was in Savannah some years ago," writes T. M. B., "I stopped a colored man and inquired the time so as to regulate my watch. 'Does you mean de railroad or de Mediterranean time, sah?' the old fellow asked."

"The what?"

"De Mediterranean time, sah, which am de city time, de same as de sun?"

"We call it meridian time up north," I said.

"I reckon dat may be so, sah; de no'thern folk am a trifle quare in what dey calls t'ings, dey have quare ways, sah, dey shorely do."—*Boston Transcript*.

Registers 380 Below

A new thermometer, which measures accurately temperatures as low as 380 degrees below zero, Fahrenheit, was described to members of the American Philosophical society in session in Philadelphia by Dr. W. A. Noyes, professor of chemistry at the University of Illinois. As mercury freezes at such a temperature, a bulb connected with a very narrow tube containing air is used. As the air expands and contracts with variations in temperature a small globule of mercury, kept at a temperature above its melting point, moves back and forth, thus serving as an index.

Kestrels Make Trouble

Two predatory kestrels have made their home in an inaccessible corner of the tower of St. Michael's church, Cornhill, England, and attract attention in the evening by their curious screaming. The kestrel is a small hawk with a bluish back, black claws and dull-brown coloration. It has a long tail, spread out when flying. It drops noiselessly and suddenly, but with unerring aim, on such prey as mice or pigeons. Besides eating beetles and cockchafers, they swoop down on young pigeons. Bodies of such birds have been found in the little garden below.

JUNE, JULY, AUGUST

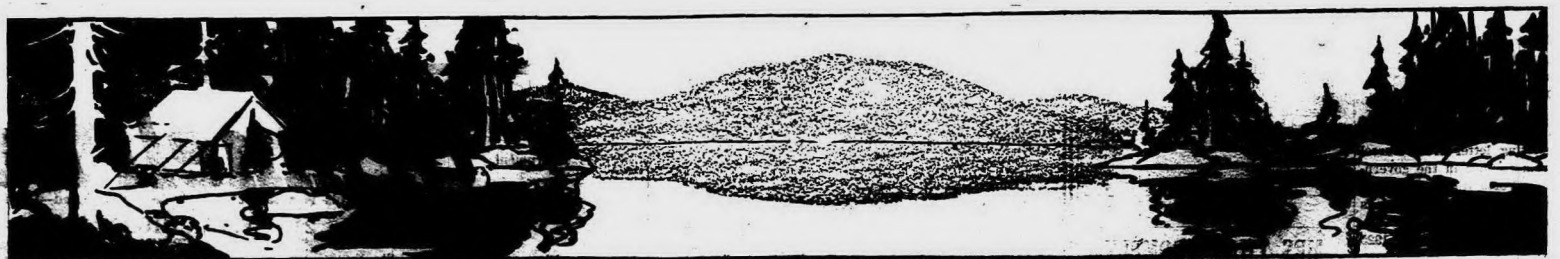

WILL CLOSE ON EVERY

Wednesday at 12:00 O'clock Noon

We sincerely ask the co-operation of our patrons in this movement of closing our stores for a half-day each week. We know you will appreciate the better service our employes will render because of the consideration shown them and by remembering our closing time and making whatever adjustment may be necessary in your purchases we are sure the arrangement will work to our mutual advantage.

We as sincerely ask that in as much as all business places are not co-operating in this movement, with the exception of some lines which must necessarily remain open, that consideration of this fact be made. The movement has been started entirely as one of benefit to the entire community and your co-operation and understanding are necessary for its success.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Michigan, June 1, 1925
A regular meeting of the Commission held in the Commission room of the Village Hall on Monday evening, June 1st, 1925, at 7:30 p. m. Present—All five commissioners.

The reading of the minutes of the regular meetings of May 4th and 18th and the adjourned regular meeting of May 21st, were passed.

The report of the Village Assessor was received, showing the assessed valuation as approved by the Board of Review, to be as follows:
Real Estate \$3,581,900.00
Personal 798,300.00

Total \$4,380,200.00
On motion this report was accepted and the roll as submitted was confirmed.

A petition was then received asking for the extension of the sewer on Williams street to include two lots on the south side of Williams street, between Ann and Blunk streets. The petition was on motion granted.

A petition requesting the pavement on Arthur Street was then taken from the table and on motion denied at this time on account of expense.

A letter from Mr. Ralph Lorenz concerning a building line at the corner of Ann Arbor street and Main street, was received, and on motion it was voted to meet Mr. Lorenz at this place Friday evening, 7:00 p. m.

The police report for May was received, accepted and ordered filed. A request from the police department for six revolvers, six holsters and six handcuffs was on motion granted, purchase to be made locally provided the factory agents price could be met.

On motion the following ordinance was given the first and second readings:

An ordinance to amend an ordinance entitled, "An Ordinance to regulate the use by vehicles of the streets, alleys and public places, within the Village of Plymouth, State of Michigan."

THE VILLAGE OF PLYMOUTH ORDINANCES:

Sec. 1. That Section 26 of such ordinance be amended to read as follows:

Sec. 26. Any person driving a vehicle, upon the approach of fire apparatus, upon hearing a warning signal, shall immediately drive to the curb or side of the street and stop or turn off from the street upon which said fire apparatus is approaching or traveling so as not to interfere with its passage; and shall not follow nor approach, going in the same direction, nearer than two hundred feet nor park nearer than four hundred feet from the scene of fire or the fire trucks or apparatus; provided, that firemen, driving their own vehicles, may leave them at any convenient place subject to the command of the fire-chief; and provided further, that any person, driving a vehicle carrying firemen in the performance of their duties, may transport them to points where their duties are to be performed and immediately drive such vehicle beyond the four hundred foot limit as herein required.

Sec. 2. This ordinance shall take effect on the day of

A. D. 1925.

Made and passed by the Commission of the Village of Plymouth, State of Michigan, at a meeting thereof, held on the day of

A. D. 1925.

H. C. Robinson, Village President.

Sidney D. Strong, Village Clerk.

The village attorney brought to the attention of the Commission the need for a compilation of village ordinances.

The Commission agreed that this was desirable, and directed that the attorney and clerk should undertake this work and compile, index and print such a compilation of the ordinances, at present in force.

AROUND ABOUT US

Preparations are being made for a Fourth of July celebration at Dixboro.

A lodge of Odd Fellows was instituted at Clarencville, Wednesday evening.

Sales of summer homes lake property in the vicinity of Howell this season has aggregated the sum of \$117,000.

A record hatch has been made by a tame wild duck near Holly. The bird secreted her nest near a lake, laid 17 eggs in it and hatched every one of them.

William Seger and lady friend of Plymouth, made William's grandfather, W. H. H. Seger a short call Thursday. William is touring the states this summer with a theatrical and musical troupe—Brighton Argus.

The Livingston County Fair Association has announced that 12th annual fair will be held at Howell from September 1 to 4, inclusive. It will be a day and night exhibit as in past years, culminating in magnificent evening displays on Wednesday, Thursday and Friday.

Two men in Northville, William Vain and L. D. Stage, have recently been bitten by mad dogs. They are taking a daily course of treatment at Ann Arbor that will have to be continued for three weeks.

Morris Kerton of White Lake township is winner of the Michigan State Fair boys' school contest in Oakland county. His alternate is Donald Adams of Waterford, who won second place. Kerton, who is thirteen years old, won first place among the 75 boys who wrote the special agricultural examination—Milford Times.

Royal Oak made quite a feature of the opening of a disposal plant, last week. A program was given and guides furnished to show visitors the immense scope of the plant, which occupies 13 1/2 acres of ground. It can handle 5,000 gallons of sewage daily, and as the city grows can be expanded to care for from 8,000,000 to 10,000,000. The capacity now is sufficient for 40,000 people. There are already 60 miles of pipe laid through the town.

After negotiations for two years to secure necessary land along the Huron river near Ypsilanti, Henry Ford's plan for water power development has been approved by the Michigan Public Utilities Commission and a dam will be built near Rawsonville. Ford has bought more than 1,900 acres at approximate cost of \$500,000, and when completed the flooded area will cover about 1,000 acres. The proposed dam will have a 33-foot head and will develop 4,000 horse power—Michigan Investor.

Washtenaw County Fair visitors this year will find greatly improved grounds and roads. The greatest improvement has been the levelling and smoothing and seeding of the inner field so that it now presents an attractive appearance and will provide additional parking space and a base ball diamond. The old parking place has also been levelled and drained. One of the most popular exhibit buildings of the 1925 fair will be the boys' and girls' building which is being erected opposite the automobile tent at cost of approximately \$5,000. Greater interest in all exhibits is being shown throughout the county than previously. In every respect 1925 Fair promises to be a record breaker with excellent live stock exhibits one of the chief features. There are many special attractions including bicycle, horse and auto races. Music by county bands and baseball games daily. Fair opens Sept. 1, and continues to Sept. 5.—Washtenaw Post.

Picked Up About Town

"As I see it," says Dad Plymouth, "the chief difference between a five-cent cigar and a ten-cent cigar is a nickel."

Any married man can stand for his wife's cold feet. It's her hot temper that worries him most.

Dad Plymouth says it's getting so that about the only thing a girl could possibly do to shock her mother would be to do something sensible.

We've some citizens who have been in this country for over fifty years and yet they haven't improved on that old fish lie about the biggest one getting away.

Who can remember the time when the only chance a girl had of getting her knees sunburned was before she reached the age of ten?

"I'm going to take a trip myself," declares Dad Plymouth, "when some fellow comes back and swears the place he visited was as pretty as the pictures on the railroad folders."

Officials of the U. S. Treasury say a dollar bill doesn't last as long as it used to. We found that out before the treasury officials did.

Dad Plymouth asserts that "moon" used to refer to a heavenly body, but that there isn't anything heavenly about the "moon" they talk about these days.

Nothing worries a Plymouth girl more than to start taking on flesh just about the time she has her first love affair.

All that a wave of prosperity means to a lot of us is the privilege of watching the other fellows buy better cars.

SUMMER MONTHS DANGEROUS TO INFANTS.

Summertime is the danger period for the baby under one year. It is the warning sent out by state health authorities. Digestive diseases are the chief cause for the higher infant death rate which is noted during the summer months as compared with the winter months when respiratory diseases are more prevalent. In the year 1923 death during the summer months claimed 211 more babies than during the winter months. The infant mortality rate being 85.2 per 1000 for the summer as against 75.7 for the winter, making a rate of 80.4 for the year. For the summer months of 1924, the infant mortality rate fell to 67.4, with a total of 72.2 for the year, which is considerably reduced from the rate for ten years ago, 85.6.

Intestinal diseases as diarrhea and enteritis are the greatest foes of childhood, especially during the summer months, causing about 20 per cent of deaths among children under one year. Food contamination and flies are largely responsible for these diseases. For this reason babies should be breast-fed if possible for the first nine months. The milk for bottle-fed babies should be brought to the boiling point, even though pasteurized, to make sure that all bacteria are killed, then rapidly cooled and placed on ice until used. The infant old enough to receive other foods than milk may have fruit juices, cereals and strained cooked green vegetables. All food for the young child, including milk and fruits (except orange juice), should be cooked. Even the drinking water should be boiled to avoid typhoid fever and other intestinal infections.

Let the child be out of doors as much as possible, except in the hottest part of the day. He should be kept clean; a daily bath is essential.

Protect the food supply from dust, fermentation, and flies. Flies are responsible for conveying all sorts of diseases. The use of screens and prevention of breeding places will save many babies.

COMMISSIONER'S NOTICE

In the matter of the estate of Caroline Schultz, deceased.

I, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the store of Albert Gayde, Plymouth, Michigan, to said County, on Wednesday the 4th day of August, A. D. 1925, and on Saturday, the 8th day of October, A. D. 1925, at 10 o'clock a. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 4th day of June, A. D. 1925, were allowed by said Court for creditors to present their claims to me for examination and allowance.

Dated, June 4, 1925.

Vainly Search for Lost Cremona Varnish

Says the Encyclopedia Britannica, apropos viola varnish: "The varnish of the old Italian violins contributed the most important element of their superiority in tone to their modern copies." "Save the surface and you save all," cautions the varnish vendor from the corner paint shop. This is as true concerning violins as villas, writes Otto Meyer.

Charles Reade, the famous English novelist, who was also an authority on violins, did not give up the search for the lost Cremona varnish until the very end of his life, when he admitted, "I have not been able to discover the secret." And yet it was no secret in Stradivarius' day except that each maker mixed and prepared his own varnish and had his particular and individual way of applying it to his instruments. But with the introduction of the quickly drying and more convenient spirit varnishes the violin-makers gradually lost their skill or their interest in the old-style product, which fades rapidly out of the picture; and with the end of the Eighteenth century is gone for good.

As Huxley remarks in one of his books: "Once it was generally known how copper could be hardened, how Stonehenge was posed; how the ancient galleries were rowed; how the old masters mixed their colors; how the poisons of the Medici were distilled; how amber varnish was made and how applied; and today nobody knows!"

Those of us who have been privileged to gaze upon the supreme combination of wood and varnish in the "Dolphin Strad," have seen one of the few perfect things on this most imperfect planet. The name itself, the "Dolphin," is an attempt to picture the undulating and shimmering loveliness of the magic violin.

Pilgrims Walked to Rome

Two unusual Anno Santo pilgrims recently presented themselves for confession at St. Peter's. One was from Oberammergau, in Bavaria, the other from Scotland. Both had made the entire pilgrimage to the Eternal City on foot, except, of course, the passage of the English channel, by the Scot. The clergy raised a fund to permit them to return home by railroad. In the first Anno Santo, 625 years ago, and many subsequent ones, the great majority of the pilgrims came on foot. It is still customary for young German boys and girls to walk to Rome in the spring, sometimes with piety in their hearts, sometimes merely with the zest for adventure. Some affect the trade of troubadour and go by singing to the guitar in the streets, accepting, even requesting, pennies to buy their evening meal.

Improved Sandals

Spring sandals strapped on like skates and with two stout steel coils fastened between the bottom and a lower leather-padded sole, are now on the market for boys' and girls' amusement. They are made in five different sizes and stiffness of springs for small and larger children, and the springs are so flexible that there is practically no danger of turning the ankle. Walking or jumping with them is said to strengthen the muscles of the feet and legs and besides providing healthful sport the sandals lead to the development of new games for the playground.—Popular Mechanics Magazine.

Meal in a Monument

Most visitors to Windsor Great park have seen the equestrian statue of George III which stands at the far end of the Broad walk.

It is a huge statue, and when it was erected in 1823 the horse's body was first set up, then its head fixed, and lastly the figure of the king was seated upon his steed. Just before the head was fixed one of the officials of the castle, and six friends, had dinner inside the belly of the horse. After all parts of the statue had been closed up, and hermetically sealed, they remembered that a short ladder had been left inside. That ladder is there still.—London Tit-Bits.

Costly Fishing

The high cost of salmon fishing in private Scottish waters has gone higher this year. For some reason the fish have refused to provide sport for the wealthy anglers as in other seasons, says a writer in the New York World. The salmon population of the River Spey this year was estimated at 300, compared with approximately 2,000 in normal seasons.

A sportsman is said to have paid \$3.50 weekly for the privilege of using one fishing rod. He remained five weeks and caught one fish at a cost of \$17.50.

Remarkable Feat

William Shakespeare—the other William, who has written a book called "Plain Words on Singing"—tells an amusing incident about Lablache—the greatest basso of all time—whom a friend of his knew intimately. At dinner one day, Lablache, full of fun, sang a long note from piano to forte and back to piano; then drank a glass of wine, without having breathed; then sang a chromatic scale up the octave in trills still in the same breath, and finally blew out a candle with his mouth open.

There were giants in those days!

Bobbed Teachers Barred

School teachers in the state of Entre Rios, in northern Argentina, who have had their hair bobbed have been nervous during the last three months of the annual vacation for fear that their locks would not grow long enough to pass the inspection of the educational authorities, who have decreed that there shall be no more short-haired teachers. The teachers regard this edict seriously, for positions for women in Entre Rios are not too numerous. The authorities have made no ruling regarding the right of the pupils to wear their locks as they desire, but they hold that they have authority over teachers and principals and that those whose hair is in the prevailing fashion—when the schools resumed their sessions need not expect employment.

Light Transmission

A new kind of glass, of organic origin, which is reported to permit the passage of ultraviolet light, has recently been perfected by two Austrian scientists, Herr Pollak and Herr Ripper. The new glass is called pollopas, and it is made by a chemical condensation of urea with formaldehyde. Pollopas is considerably lighter than ordinary glass, weighing about one and one-half times as much as an equal volume of water, while common glass often has triple this weight. It is quite soft, being somewhat softer than mother-of-pearl, and is easily abraded. It is very transparent.—Science Service.

At a session of said Court held at the Court House in the City of Detroit, aforesaid County and State on the 13th day of May A. D. 1925.

PRESENT, The Hon. Adolph F. Marschner, Circuit Judge.

On reading and filing the Bill of Complaint in this cause from which it satisfactorily appears to the Court that title, interests or claims to the premises described in said Bill, and hereinafter described, which rights, title, interests, and claims of said defendants, and each of them, if they ever had any validity, said Plaintiff avers to be barred by the continuous, open, notorious, undisputed, adverse and exclusive possession of said plaintiff and his grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued in said respective defendants, which possession has been, during all of said time, and still is, adverse and hostile to the rights, title, interests and claims of said respective defendants, and upon reading the petition of said Plaintiff that it is not known and could not be ascertained after diligent search and inquiry, whether the defendants named are living or dead, or whether their rights, title, interests and claims have been disposed of by will, and that it cannot be ascertained in what State or Country said defendants reside.

ON MOTION OF John L. Crandell, attorney for Plaintiff.

IT IS ORDERED, that Asahel Crawford, or any of his unknown heirs, devisees, legatees, successors and assigns, and the unknown persons who are, or may be, entitled to claim under them, cause their several appearances to be entered herein in the manner provided by Law on or before three months from the date hereof, and that this order be published or served as required by law.

ADOLPH F. MARSCHER, (A true copy) Circuit Judge.

Henry Norris, Deputy Clerk.

Said suit involves the title to, and is brought to quiet title to the lands and premises described in said Bill of Complaint as follows, situate in the township of Plymouth, County of Wayne, and State of Michigan, to wit:

Land in the Township, County of Wayne, State of Michigan, described as: That part of the northeast ¼ of section 25, Town 1 south, Range 8 east, described as: Beginning at a point in the south line of the Pere Marquette Railroad Right of Way at its intersection with the north and south ¼ section line of section 25, Town 1 south, Range 8 east, Plymouth Township and south 1 degree 27 minutes east 49.5 feet from the north ¼ post of section 25; running thence south 88 degrees 08 minutes east 880 feet along the south line of the Pere Marquette Railroad Right of Way to a point; thence on a curve to the right 720 feet to a point; thence south 73 degrees 53 minutes east 268 feet to a point; thence south 0 degrees 41 minutes west 53 feet to a point; thence south 89 degrees 53 minutes west 838.80 feet to a point; thence south 1 degree 30 minutes west 2898.70 feet to a point in the center line of the Plymouth Road; thence north 72 degrees 48 minutes west 325 feet along the center line of said road to a point; thence north 6 degrees 38 minutes east 2187.10 feet to a point; thence north 89 degrees 57 minutes west 808 feet to a point in the north and south ¼ section line of section 25; thence north 1 degree 27 minutes east 598.50 feet along said line to the point of beginning, containing 51.618 acres of land, all in section 25 Town 1 south, Range 8 east.

JOHN L. CRANDELL,
Attorney for Plaintiff.

SEES WITCHCRAFT AS OLD RELIGION

New Theory Concerning Ancient Superstition.

Science has a brand-new and very interesting theory to explain the belief in witches which at various times in the past, both on this continent and in Europe, has been the source of so much worry to God-fearing Christians. Says the Louisville Courier-Journal.

According to this theory witchcraft was a religion which preceded Christianity in western Europe by many centuries and which, after the coming of the new faith, flourished there for a time side by side with it.

In its primitive form the witch deity was incarnate in a man or a woman or an animal. Later on this deity was elected from among the members of the cult.

And did the believer in witchcraft at one time worship the devil, as some of our ancestors thought when they jailed and hanged supposed witches so relentlessly in the Massachusetts town of Salem?

Miss Margaret A. Murray, an English anthropologist, who has been studying the subject of witchcraft for many years, says there is no positive proof that they did so except what is to be found in the testimony of the cult's bitter enemies. The mysterious rites of witchcraft were always celebrated in the strictest secrecy.

Miss Murray thinks that the adherents of this older religion at last may have been driven by the growing strength of Christianity to regard the devil as their god. In those days Christianity's chief strength was among the upper classes and witchcraft's among the lower. This fact intensified the hostility of the adherents of the two religions.

Christianity was unalterably opposed to the barbaric rites of the witches and to their simple conception of the universe. As a result the witches eventually may have been forced to include in their ritual of initiation a specific denial of the entire Christian faith—God, the immortality of the soul and everything else the followers of Christ hold dear.

Miss Murray suggests that possibly it was the Christians themselves who first fastened the idea of devil worship upon the witches. The chief deity of the witch cult was first worshipped under a variety of names. Since the witches regarded this being as the supreme ruler of the universe, it was only natural for the Christians to term him the devil, Lucifer, Beelzebub, the Foul Fiend, the Enemy of Salvation and the Evil One.

Old Landmark Injured

Scrabo tower, an ancient landmark at Newtownards, County Down, Ireland, was recently struck by lightning during a severe storm. The bolt dug an extensive hole beside the tower walls. So violent was the crash that windows were smashed to fragments. Scrabo tower was erected in the year 1857 in memory of Charles William Vane, third marquis of Londonderry, by his tenants and friends. The monument stands on an eminence of 540 feet and is itself 135 feet high—about the same height as the Albert memorial in Belfast. The prominent position which it occupies enables it to be seen from the heights around Belfast, and it can be viewed from the hills of Antrim and from the shores and islands of Strangford to far away Portaferry.

Daring French Thief

Stealing a bronze dolphin from the fountain in broad daylight in the Place de la Republique was a feat recently accomplished by a lone man in Paris. A policeman saw the man detaching the dolphin and questioned his right to do so. The man replied that he was removing the dolphin for repairs. Eventually he departed with the dolphin in a handcart. The disappearance of the dolphin was commented on by the newspapers, and a few days later a dealer in antiques called on the commissioner of police and informed him that he had bought a bronze dolphin corresponding to the missing one. This statement was confirmed, and now the police are seeking the pretended workman, who is said to be a well-known safe-breaker.

Panama Canal Revenues

The Panama canal has not as yet completely paid for itself. The cost of construction including payments to Panama and France, approximated \$375,000,000. The total amount of tolls collected from 1915 to 1922 aggregated \$75,000,000. Three years ago, for purposes of accounting, a part of the total cost of constructing the canal was written off to national defense. This left, June 30, 1924, a balance of \$235,684,662 as the investment in the canal proper and an additional sum of \$4,017,642.46 invested in equipment. In 1924 the net income of the Panama canal was \$16,307,948.50, and the net profit on auxiliary business operations was \$901,624.12.

THE THEATRE

"MY SON"

Edwin Carewe's picturization of "My Son," which comes to the Penniman Allen theatre Saturday, June 20, is a mighty achievement for the First National director.

Nazimova plays the starring role and gives to the portrayal a finished quality comparable to the finest screen work. She plays the role of "Ana Silva," a Portuguese fisher woman who loves three men. Tony, her son, she loves most of all, for he is the image of his father. The drama that comes into the lives of Tony and his mother, brought by Betty Smith, a flippant flapper from the city, is vivid and compelling. The audiences at the local showing will be held spellbound by the acting, especially by the last reel. In that fast-moving bit of action they will see a mother turn tigress and tell him with an axe handle rather than see her son become a thief.

Jack Pickford plays the name role and proves D. W. Griffith's statement about him: "Jack Pickford is the most natural actor that ever walked in my studio," the "old master" said.

Other splendid portrayals are given by Hobart Bosworth, Charley Murray, Mary Akin, Ian Keith, Constance Bennett and Dot Farley.

One can scarcely believe that the picture is eight reels long. It grasps one so.

"CHICKIE"

Those who see Dorothy Mackall in the title role of "Chickie," which comes to the Penniman Allen theatre Sunday and Monday, June 21 and 22, will agree that she has done the best work of her screen career in this adaptation of Elenore Meherin's sensational newspaper serial of the same title.

Miss Mackall is surrounded by an all-star cast that is rarely seen in one picture. Included are John Bowers, Hobart Bosworth, Myrtle Stedman, Gladys Brockwell, Olive Tell, Paul Nicholson, Lora Soderstrom and Louise Mackintosh.

The story deals with Chickie Bryce, a poor typist who wanted a millionaire husband and the luxuries he could provide. She meets a dissolute millionaire, but the trials and experiences of Chickie from then until the end of the picture, when she finally marries a poor lawyer, make up a story that is thrilling, exciting and gripping and incidentally very true to life.

It is a story that brings tears and laughter. The picture is teeming with thrilling dramatic situations, suspense, comedy, pathos and excellent acting.

Miss Mackall as the typist leaves nothing to be desired. John Bowers

as the young lawyer gives a remarkable portrayal of the character. Hobart Bosworth rises to great dramatic heights, particularly in one great scene where he tries to kill the young lawyer for his attentions to his daughter. Gladys Brockwell as Chickie's mother, Paul Nicholson as the millionaire and others make up the cast.

It is an excellent picture, with an excellent cast, beautifully staged and well directed. The direction was by John Francis Dillon under Carl Hudson's supervision.

"THE NIGHT CLUB"

"The Night Club," a new Paramount comedy featuring Raymond Griffith, that funny fellow with the high hat; Vera Reynolds, Wallace Beery and Louise Fazenda, comes to the Penniman Allen theatre, Tuesday and Wednesday, June 23 and 24. The picture is a screen version of the William de Mille stage play "After Five," and was co-directed by Frank Urson and Paul Iribe, who made "Forty Winks."

"The Night Club" opens with Griffith at the altar with a girl a head taller than he is. He is just about to slip the ring on when a man dashes in and shouts "Stop." The girl turns around and recognizes the newcomer as her long lost husband and rushes into his arms. Then and there Ray Griffith decides that he is through with all women for good.

Later on his lawyer announces that he had inherited a million dollars from his uncle but to collect the legacy he must marry a certain girl. Griffith decides that no girl is worth a million dollars and tells the lawyer not to slam the door as he goes out. So it is that Ray, with his uncle's valet who is bequeathed to him as a separate part of the legacy, goes to Europe to find some place where there are few, if any women. They select a little town in Spain, but Griffith's happiness proves short-lived, for women of every description soon seek him out and tend to make life miserable for our "woman-hater."

What happens after that—how he meets "the one girl in the world" proves unusual screen entertainment. "The Night Club" is claimed to be far funnier than either "Changing Husbands" or "Forty Winks," and everyone knows what they were.

Today's Reflections

Another trouble with the world is there are too many people laboring under the impression that laws do not apply to them.

The Plymouth man who asks what has become of the old-time naughty joke, hasn't been in "polite society" lately.

If Lot's wife had been equipped with a rear-sight mirror, she would probably have lived to a ripe old age.

Everything considered, it is probably just as well that the U. S. hasn't seventeen vice presidents, like some of our big banks.

More than one Plymouth woman is ready to take oath that there wouldn't be any forest fires if they had to depend on their husbands to build them.

If there is one man on earth who earns every cent he gets, it is the chap who marries for money.

Two things the average Plymouth man can't understand are why a dog should have fleas, and why his wife should have so many fool relations.

Dayton, Tennessee, will have a real trial when it tries to take care of all the exhibits at the monkey-hearing.

One beautiful thing about most of the songs they write nowadays is that they won't last long.

Stretching the imagination is a poor way to find out if you can make both ends meet.

About all some hired hands around Plymouth know about farming is what to do when the dinner bell rings.

Most of the big jobs are held by men whose neighbors once predicted they wouldn't amount to much.

Truth is stranger than fiction—and this day in time it is a lot more decent.

We recently heard of a little Plymouth boy who said that the reason they call a fellow the best man at a wedding is because he is better off than the one that's getting married.

We've always noticed that the telephone company gets numbers right when it sends out its bills.

The majority doesn't always rule. If it did the locomotives would have to stop at every crossing for the the flivvers.

Our advice to every married man in Plymouth is to give the wife her own way. Then you'll save her the trouble of taking it.

by everybody—

and only one way to make sure of having plenty on hand: own a Maytag Gyrafoam Washer and wash them as they soil.

In 3 minutes, a dozen or more snow-white pieces: a heaping armful immaculate in less than 10 minutes!

From coast to coast, housewives are agog about this wonder washer and its amazing new principle snatched from the future—a washing method, twice as fast and twice as careful—that does 50 lbs. of dry clothes right from the hamper, within the hour—and never leaves the wristbands, collars or cuffs to be rubbed by hand. Just read the features!

Try the Maytag. Wash with it tomorrow—or any day you wish. We'll bring it to your home—call for it too, if you'll want to part with it. No obligation. Don't delay phoning.
