

Here's *The* Greatest of All American Romance-Spectacles!

IT'S HERE at LAST!

THE PONY EXPRESS rides the trail of thrills again!

Pony hoofs thunder across the continent from Missouri to California, and East and West are linked again as they were in 1860.

Across 2,000 miles of unblazed tract. Through scorching sun and black of night. Through ice and snow and raiding Indians. Eight days and nights of perilous riding and unmatched heroism.

From this thrilling page of history, the screen's greatest director of epic romances has wrought his successor to "The Covered Wagon."

Not for a day, not for a year—like "The Covered Wagon" it will live in the heart of America forever!

"THE PONY EXPRESS." It covered 2,000 miles in 7 days. It linked the East and West. It saved the Union.

It employed the world's greatest riders, including "Buffalo Bill."

It provided the gigantic theme for the greatest motion picture ever made!

It blazes a trail straight into the heart of America.

Thundering hoofs of empire—

Lightning messengers of America's glory—

"THE PONY EXPRESS."

Mark Twain, Buffalo Bill, Brigham Young, and a score of other giants of American history live again in "THE PONY EXPRESS."

Says Coffee Planters Are Hoarding Profits

Responsibility for the dearth of paper money that has been embarrassing Brazil is laid at the door of the coffee planters of Sao Paulo by the newspapers of Rio Janeiro, some charging that the planters are making so much money through the high prices for their product that they are afraid to bank it and are hoarding it. While it is probable that this attack is inspired by politics, there are interesting points that may throw light on the high prices for coffee. O. Journal of Rio Janeiro which has semigovernmental inspirations at times, charges that the production of a sack of coffee does not cost the planters more than \$6 gold, while they are receiving for it \$18. Multiplying this alleged profit on one sack by 9,000,000—the number of sacks in an average crop—shows the profits of the industry, according to O Journal. The new Brazil income-tax law may have something to do also with the hoarding of money by wealthy planters. The number of Brazilians who have filed income-tax schedules is surprisingly low.

THE LEISURE CLASS

“Does he belong to the leisure class?”

“Why, man, he never used an alarm clock in his life!”

Sculptor Wins Prize

Fourteen models sculptured from clay, putty and soap were singled out as the most effective exhibit in the Columbia Heights district, New York city. The youthful artist is Scout Portanova of Troop 86, whose models included an Indian girl sitting on a rock braiding her hair, a lion standing on a rock, a Great Dane dog and a full-length figure of Pagliacci. A model of a United States navy destroyer made by seven members of Troop 176 was another impressive exhibit. For ten months the boys toiled faithfully to complete the miniature vessel and all the details, such as sidelights, torpedo tubes, searchlight aerials, anchors, propellers, etc. The model has been worked out to the scale of one-eighth of an inch to the foot.

Power From Windmill

A scientist in Germany has invented a windmill which he asserts will develop enough horse power to light a village, and which can easily supply sufficient power to operate all the machinery on a large farm or ranch. It is a curious-looking windmill, having great arms shaped much like the blades of an airplane propeller, and so constructed that suction is brought into play to get every ounce of turning power from the wind. As the propellers revolve they put into motion a set of gears that drive a dynamo contained in a ballooned attachment immediately behind them.

Real Sunday Observance

In northern Ireland the observance of the Sabbath is very strict. In some places there is a stringent rule against Sunday fishing. Recently at Ardglas, County Down, the fishermen and agents boycotted a large steam trawler from Yarmouth, which arrived at the port with a considerable catch of herring taken on a Sunday. The trawler was not allowed to land a single fish and had to take its catch across the Irish sea to Fleetwood.

Couldn't Fit Giant

When Ernest Goelsby, negro, walked into the Isaac Dreyfus company store at Pine Bluff, Ark., recently, the salesman, Neddo Marino, received a shock. For Goelsby is the largest negro in that part of the state, if not in the whole state, says the Arkansas Gazette. He wanted to buy a suit of clothes, and, as none large enough for him was carried in stock, Mr. Marino had to take his measure and order the suit. Goelsby is a six-foot giant, weighing 480 pounds. He lives at Ladd.

FOR THOSE WHO CARE WHAT THEIR MONEY BUYS

Dodge Brothers, Inc. have always built a good, sound, long-lived product.

They have never built "yearly models" and never will.

They do not make frequent expensive changes simply to catch the whim of the hour.

On the contrary, they devote themselves steadfastly to the improvement of a car that has been good from the very beginning.

This process of improvement has now been going on for 11 years.

Its influence on the car's appearance and performance has been nothing short of remarkable.

Always eminently *dependable*, it is now also an exceptionally *easy riding* car.

Always up-to-date, it is now strikingly *attractive*.

Style and smartness stand out in every line.

Sheer logic never made the choice more obvious—

Dodge Brothers Motor Car for those who really care what their money buys.

Mary Merriman visited school, Monday.

HOUGH SCHOOL ZONE MEETING

The second Zone III meeting of this year was held at the Hough school Saturday, November 14th. The morning meeting was devoted to a discussion of history and agriculture, and to the correction of tests. Miss Feurstein, the helping teacher in agriculture, taught a demonstration lesson in agriculture, using the following pupils of the Hough school: Genevieve Witt, Lottie Szymanowski, Chrystal Swegles and Felix Truskowski.

Dinner was served by the women of the district at the home of Mr. and Mrs. Perry Hix.

The afternoon meeting was very well attended. There were patrons from Bartlett, Cherry Hill and Canton Center school, as well as a good representation from the Hough district. Miss Gwinn, the Wayne County social worker, briefly told of her work. Fred C. Fisher, assistant county school commissioner, talked on rural school supervision in Wayne county.

The children of the school then gave the following program:

SCHOOL NOTES

Elton Ashton wrote the foot ball notes: Grace Lee those for the High school, and Verne Holsington those for the grades.

FOOT BALL

The foot ball season is nearly over. The last game, which is with Wayne, will be played this Friday. Due to the fact that we had to form practically a new team, we find that we have won four games, and lost four. We won the championship for the past two years, and hope to obtain it again next year. The last game, which was played with the Ford Trade school, was lost, ending in a score of 10 to 0. The game with Milford for last week, was cancelled due to an overflooded field.

Parents of those interested in athletics are asked to notice that the study period from 12:45 to 1:30 on Friday, November 20, has been dropped, and all classes set ahead 45 minutes. This means that every pupil can get in all of his school work and yet be on time to go to Wayne for the game, the last of the season. There will be no need for pupils getting excused.

The second team will play foot ball at Northville, next Tuesday.

GRADE NOTES

The sixth grade Domestic Art class has just finished making holder bags. They are now starting on holders to match.

The children of Miss Stadler's room are making a Thanksgiving blackboard border.

Miss Hull's room is having a balloon race in citizenship.

The 1-B of Miss Root's room have been constructing Pilgrim houses, Indian canoes and wigwams.

Pupils of the third grade have some new spelling charts. Two of the members, Melvin Eckles and Richard Mann, moved away last week; and Margaret Buzzard is leaving soon to spend the winter in Florida.

The 2-B of Miss Harford's room are starting to read "Stone's Silent Readers." They are now studying about the Pilgrims.

L. Gohier of the fifth grade, has moved to Detroit.

The fourth graders are now making Thanksgiving booklets.

The 6-A are beginning a study of percentage in arithmetic.

Several pupils of Mrs. Schaub's room have been absent because of chicken pox.

The sixth grade Manual Training class just completed toy carts. One member of the class is working on a model airplane, which will have a wing spread of about three feet.

GENERAL HIGH SCHOOL NOTES

The English 10 classes put on a program last Friday, and expect to do so in the future at least once a month.

The five-week tests were given in the Latin 1 and 11 classes, Friday.

The civics classes have been studying fire prevention, and the English classes have been working on the fire prevention essay. The prizes of ten, five and two and a half dollars were awarded to the following winners: First, Mae Donnelly, tenth grade; second, David Bolton, tenth grade; third, Ruth Waterman, eleventh grade.

The Senior class is selling magazines. They have divided the class into three teams, they are: Reds, Blues and Greens. The winning side or the side selling the most subscriptions, is awarded prehistoric party by the two losing sides.

There was an assembly Thursday, November 12th, in which the state fire inspector gave a very interesting talk on fire prevention and its importance.

The next number on the Lyceum Course will be given next Tuesday, November 24th. Dr. Rawel, a South Sea Islander, will give an illustrated lecture on the South Sea Islands.

The English XI classes have finished studying Lincoln's speeches, and expect to take up "David Copperfield."

To Our Patrons and Friends:—

In this busy life as we rush from one task to another—from one day's work to the next—we are prone to pause only to applaud the big and spectacular things of life and let the simple kindly acts slip by.

Because of this, our Pilgrim fathers were most wise in setting aside a day for thanks—a Thanksgiving Day—a day for calm reflection and for appreciative thoughts—thoughts of friends, of kin, of the casually accepted blessings which reveal their beauty and their kindness only after close inspection.

And so on this Thanksgiving Day may we express our appreciation to our depositors and our friends for the pleasure we have had in serving them—for the pleasure of their friendship. We hope that in some small measure we have been able to be of service to you, and it shall be our endeavor to continue to be of more and more use to you.

RED CROSS ACTIVITIES IN MICHIGAN

The development of Public Health Nursing in Michigan under the auspices of the American National Red Cross has been a significant factor in the life of the state and in the evolution of its health standards.

At the present time there are 26 active Red Cross Nursing Services in Michigan. Of this number three full time and four itinerant services are supported entirely by Red Cross Chapter funds and 19 are financed jointly by Red Cross Chapters and county or other funds.

Since January 19, 1919 the Red Cross has inaugurated 47 Nursing Services in Michigan. Six of these have been taken over entirely by public funds or other agencies. Fifteen services have been discontinued and practically all because of lack of funds, showing a need of even stronger and more personal response to the Red Cross Nursing program if its activities are to continue in their full strength. Individual membership in the organization is the solution. The Ninth Annual Red Cross Roll Call began this year on Armistice Day and continues to Thanksgiving. Its success will measure future Red Cross activities in Michigan. Only through a large and solid membership can the Red Cross continue to serve adequately those who look to it for aid.

The American Red Cross Life Saving program is also well developed in Michigan. Thirty-five Chapters in the state carried excellent water safety programs throughout the past summer. Nine of these Chapters requested a visit from a Red Cross Life Saving Representative and intensive and concentrated programs were put on in those cities. The Detroit Chapter held one of the most successful Life Institutes in the country early in September.

"I Serve" is the motto of the Junior Red Cross and through this ideal 115,505 children in Michigan are helping to make life healthier and happier for their fellows. Eighteen schools are carrying on inter-school correspondence—the phase of the Junior program which has for its aim the strengthening of the bonds of friendship between people not only of our own country, but also those of other nationalities living in distant parts of the world. Michigan Juniors this year filled 2,259 Christmas boxes for overseas children. Michigan Junior program also includes clean-up campaigns and other projects of a personal and civic nature.

Fifty-eight Red Cross Chapters in Michigan are carrying on extensive work for ex-service men and their families; seventeen are doing Civilian Relief; nine have a Home Hygiene program; two carry Nutrition; sixteen are actively engaged in First Aid; twenty-seven participate in the production work promoted by Volunteer Service.

LOCAL NEWS

About twenty members of the local Kiwanis Club went to Detroit last Tuesday evening, to attend the charter night of the Northwest Kiwanis Club of Detroit, which was held at the General Motor building. A fine banquet was enjoyed by the local Kiwanians, and a splendid time is reported.

Mr. and Mrs. Wm. P. Kenney of East Ann Arbor street, returned last week Thursday from a four weeks' visit in Ingerdall, Mt. Elgin, Tillotsonburg, London, Brucefield, Bayfield and Goderich, Ontario. While they were absent they attended the golden wedding anniversary of Mr. Kenney's sister and husband, Mr. and Mrs. Thomas E. Buckle of Mt. Elgin, Ont.

Basil Norris, son of Joseph Norris, developed a case of diphtheria the latter part of last week. The young lad was sent to the Herman Kiefer hospital at Detroit, where he has been getting along nicely. Health Officer Dr. R. E. Cooper took every precaution to prevent a spread of the disease, and as a precautionary measure children were kept out of the theatre, Saturday, Sunday and Monday evenings, and there was no Sunday-school in the churches, last Sunday. The school buildings were thoroughly fumigated and cleaned, and consequently there was no school Monday. No new cases have developed, and it is not thought there will be.

TEMPLE THEATRE Detroit, Michigan.

Marie Dressler, star of innumerable musical comedies, and one of the funniest women the American stage ever claimed headlines the bill at B. F. Keith's Temple Theatre starting Sunday afternoon. Miss Dressler last visited Detroit several seasons ago, but she needs no introduction to theatre-goers as she is a great local favorite. Her routine includes wit, humor and songs. She will be assisted by Joseph Chipman at the piano. Others listed: Mlle. Marguerite and Frank Gill, dance stars from the Music Box revue in smart songs, steps and styles; Valerie Bergere & Company in a human interest sketch; Walter and Emily Walters in the "Baby's Cry"; Mijares and Brother, Mexico's greatest wire walker; Stewart and Olive in songs and dances; Van Cello and Mary, America's exponent of pedagogy in "Foot Feats"; a Hal Roach "Our Gang" comedy entitled, "One Wild Ride"; Pathe Weekly; Topics of the Day and the funny Aesop's Fables.

I will not be responsible for any debts contracted by any one other than myself.
 Mary M. Brown.
