

BRANCH OFFICE OF PLYMOUTH UNITED SAVINGS BANK ROBBED

Frank J. Pierce, Manager, Kidnaped on Way to Bank By Young Bandit and Girl Companion Last Friday Morning.

After Taking Cash From Vault Mr. Pierce is Forced Into Bandit's Car and Taken Eight Miles Into the Country and Left By Robber.

Plymouth citizens were greatly excited last Friday morning, when the news circulated about town that a bandit and a young woman companion had robbed the branch office of the Plymouth United Savings Bank, at the corner of Starkweather avenue and Liberty street, of \$3,500, that morning, after kidnaping Frank J. Pierce, the manager.

Mr. Pierce left his home at 873 North Mill street, shortly after 7:00 a. m. to go to the bank and attend to the furnace. He had only proceeded a short distance from his home when he was accosted by a young man in an automobile which was standing at the curb, who spoke his name and asked him if he knew a Mr. Hogarth. Mr. Pierce walked over to the car, and as he did so, the man pointed a pistol at him and commanded him to enter the car, in which a young woman was also seated in the rear seat.

The bandit then drove the car down Mill street to the Baptist church, where he turned west and drove to Starkweather avenue and then to the bank. On the way to the bank, the bandit told Mr. Pierce that he had been treated unjustly in Plymouth, and needed the money to make a new start in life. At intervals the young woman cautioned him to be careful in handling the pistol.

Arrived at the bank, the bandit ordered Mr. Pierce to unlock the door and precede him into the bank. After entering the building, it was found that the vault could not be opened until the time lock released itself at 8:00 a. m. The bandit then told Pierce that he might as well attend to the furnace, which he did, the robber following his every movement closely. Returning to the main floor, the bandit ordered him to telephone his wife that he would not be home for breakfast, as was his custom. At 8:00 o'clock, the time lock functioned, and Mr. Pierce opened the vault. The bandit packed the money into a bag, which he forced Pierce to carry to the automobile, after cautioning him that should he meet any acquaintances as they passed out of the bank to salute them as though nothing unusual was taking place.

Mr. Pierce was ordered into the car, and driven to a barn on the Henry Paakow farm, on the Middle Belt road, which place is unoccupied at present. Entering the barn, the bandit told Pierce that he had intended to the him up, but as it was a cold morning he had decided not to do so, but ordered him not to leave the barn for fifteen minutes.

A few minutes after the bandit's car had disappeared, Mr. Pierce left the barn and hurried to the home of Henry Wolfrom, where he telephoned a report of the affair to the officials of the bank and local police.

Before leaving the bank, the bandit scribbled a note as follows: "To Whom It May Concern: Mr. Banker had to do it or die."

The bank suffered nothing through the loss of the money as they were protected by insurance, the adjustors for the insurance company settling the bank's loss the same afternoon.

Chief of Police George Springer promptly got in touch with the Detroit police department, and the police of other nearby places, but the bandit had a good start, and after a most intensive search, the bandit and his companion have not yet been apprehended.

Miss Elizabeth Beyer, a clerk in the main office of the bank, happened to be passing by Pierce carried the money to the waiting car. Pierce said he did not try to attract her attention, fearing the bandit would shoot.

The bandit was described by Pierce as being about 5 feet, 9 inches tall, weighing about 150 pounds and having brown hair and a ruddy complexion. He wore a brown coat and hat. The woman was about 28 years of age, Pierce said, with extremely blond hair. She was about 5 feet 6 inches tall, and had blue eyes and a slim build, and she wore a grey coat and a black hat. The robbery was one of the most

daring that has ever been pulled off in Plymouth, and is the second one to occur in the village during the past year. On July 9th, the First National Bank was held up by four young bandits, one of whom and a Detroit Police officer were killed. The other three were later captured.

DEATH OF FORMER RESIDENT.

Eibert V. Chilson, of Ann Arbor, for many years well known in Republican state politics and in administrative circles in Lansing, died last Saturday at St. Petersburg, Florida, where he was spending the winter. He had been in failing health for two years. Born in Plymouth township, Wayne County, 62 years ago, Mr. Chilson's first occupation was as a printer's apprentice. In the early 80's he was editing a weekly paper at South Lyon. Then, after a few years as a Detroit newspaper reporter, he moved to Lansing nearly 40 years ago, and his career from that time was at the State Capitol, his activities continuing there when he took up his residence at Ann Arbor four years ago.

Mr. Chilson leaves his wife and mother and two sons. The funeral and burial was at South Lyon.

BIG DANCE MONDAY EVENING.

The dance to be given the night of February 28 in Odd Fellows temple, under the auspices of the Detroit House of Correction farm officers' baseball team, doubly merits the patronage of all Plymouth. First, our local fans who follow the team during the summer are treated to a mighty fine article of baseball, bordering closely on that which is to be seen only on professional diamonds. By patronizing the dance, these fans are privileged to contribute toward the support of this brand of baseball and help toward the continuance of a sport which serves to lighten the burden of the inmates of the farm institution.

Green's splendid orchestra will supply excellent music and the night of terpsichore will be featured by the introduction of many surprise novelties.

A big crowd is expected from Ypsilanti, Ann Arbor, Northville, South Lyon, Brighton, Redford, along with many from Detroit.

Make up your mind to be there and participate in the big dance. Help support the farm team and in that way help to further the on-going of prison baseball.

PETITION ASKING THAT VILLAGE MANAGER BE INDUCED TO RECONSIDER RESIGNATION.

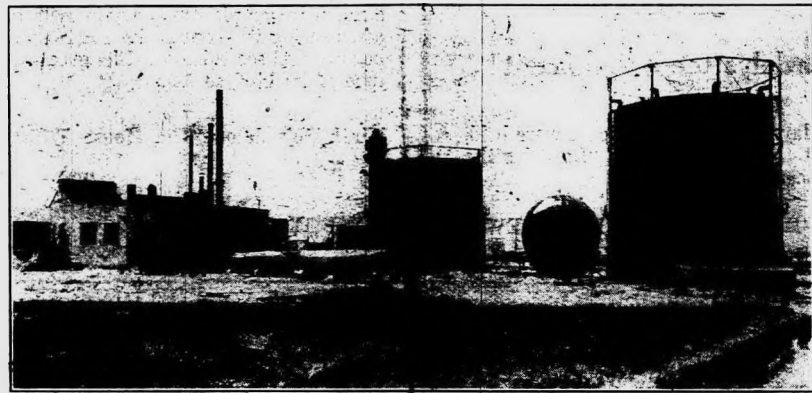

At the regular meeting of the village commission held last Monday evening, a petition signed by many business men and citizens was presented to the commission, asking that Village Manager Sidney D. Strong, who recently resigned the position, be induced to reconsider his action. The petition read as follows:

"We, the undersigned taxpayers and citizens of Plymouth, note with regret that Village Manager Sidney Strong, has resigned his office and that his resignation has been accepted by your board, and take this manner of expressing our appreciation of his services to the community, and also to express the hope that he can be induced to reconsider his action, or failing in that, that his successor may be chosen by the incoming board, who will have to work with and be accountable for his successor in office."

The petition was accepted, and laid upon the table.

Mrs. Anna Hayes of Detroit, is spending the week with Mrs. Carl

A MODERN GAS PLANT

MICHIGAN FEDERATED UTILITIES GAS PLANT

The improvements contemplated at the Federated Utility gas plant in Plymouth have now been completed, making the plant one of the most complete gas plants in the state. Besides Plymouth and Northville, service is now rendered to Wayne, Elioise, Newburg and Rosedale Gardens.

Each unit at the plant is now in duplicate, so that in event of a breakdown in any piece of machinery, a duplicate machine is ready to operate in its place.

Gas can now be made by two processes, coal and water gas. Water gas is made from coke and oil and gets its name from the fact that steam is used in the process. In the event of a serious coal shortage this method could be used entirely.

The capacity of the water gas set is 450,000 feet per day. A new coal oven has also been added which brings the capacity of the coal gas plant up to 225,000 cubic feet of gas per day, making a total capacity of 675,000 cubic feet per day. When one considers

that at present the plant is sending out only 150,000 cubic feet per day, it is readily seen that the new plant will take care of the load for years to come.

A new boiler of 150-horsepower was also added, giving the plant two boilers, either one of which is large enough for the plant operation. A new duplicate exhauster and a washer cooler and purifier have been added to the plant equipment for cleaning and purifying the gas.

The storage capacity of the plant has been greatly enlarged by the addition of a new 100,000 cubic foot holder, and a 32-foot diameter Hortonsphere holds 75,000 cubic feet of gas under pressure. The gas from the sphere is sent to Northville and Wayne under pressure.

Two new tar separators, each having seven compartments, were put in operation last fall, which insure the recovery of all tar. These separators are built so as to prevent any tar from getting into the city sewers.

A new distribution house has been

built, from which all the gas leaves the plant. In this building is a low pressure governor and booster by means of which the pressure on the Plymouth main system is kept constant at all times, even during the peak load periods. In it are also three high pressure governors, which regulate the pressure on the lines to Northville, Wayne and the Wayne County Training School.

During 1927 the company contemplates further extension, among which are completing a new four-inch main to Northville and a coal and coke handling apparatus at the plant. The new main to Northville will be in addition to the present three-inch main which now supplies that city and will insure good service at all times. Further extension of mains will be made in Plymouth, Northville and Wayne as needed.

The company will continue in its policy of giving all its consumers good gas service and hopes the people it serves will report any local trouble that may occur so that the trouble can be remedied at once.

LOCAL THEATRE WILL HAVE SHOW EVERY NIGHT, STARTING WEEK OF MARCH 13.

In a full page announcement today the Penniman Allen theatre announces that starting the week of March 13, there will be a show at the local theatre at Plymouth every night. By making four changes a week, the management is able to give its patrons all of the best pictures released.

Some big pictures have been booked, and the patrons of the local theatre can look forward to seeing the best pictures produced as soon as they are released. For further particulars be sure and read the page ad.

R. R. Parrott, attended a convention of insurance agents at Lansing, Wednesday and Thursday.

POSTOFFICE WILL MOVE TO NEW LOCATION.

The postoffice department of the U. S. government has taken a lease on a part of the Penniman Allen auditorium and will remove the postoffice from its present quarters to the new location as soon as the building can be made ready. Work on the remodelling of the auditorium will be commenced at once. The new location will provide much additional room and greater facilities for the handling of the business of the office.

The west half of the building will be used by the postoffice, while the room on the east side will be converted into a store room. J. H. Patterson has the contract for remodelling the building.

WOMAN'S CLUB ENJOYS PARTY AT PENNIMAN ALLEN AUDITORIUM.

The Penniman Allen auditorium, which was kindly donated for the occasion by Mrs. Kate E. Allen, was the setting for the largest card and sewing party of the season on Wednesday, February 23, given by the Woman's Club.

Mrs. Wm. Pettinill and Mrs. J. T. Chapman had charge of the bridge tables; Mrs. Arthur Blunk and Mrs. Ernest Allison the five hundred; and Mrs. F. A. Lendrum and Mrs. H. S. Doerr the sewing. There were about seventy-five tables in play.

After playing four games, the hostess of each table served light refreshment, consisting of sandwiches, coffee, ice cream and cake, to her guests.

A most delightful time was enjoyed by everyone, and it is hoped that we may have another party in the near future.

JACKSON PLANTATION SINGERS

The Redpath Lyceum Bureau, under the auspices of the Senior class of the Plymouth High school, will present the Jackson Plantation Singers, Wednesday evening, March 2nd, at the High school auditorium at 8:00 o'clock.

Negro Melodists—An interesting number to be presented here this season will be the Jackson Plantation Singers. Opening with a grandiose song, this negro melody organization, organized and coached by Arthur Johnson, of Kansas City, will sing a number of the ordinary songs settings and appreciate containing the usual to be featured in the first part of their program, while the latter half is devoted

to negro spirituals, southern songs and plantation melodies. Many humorous diversions are introduced.

With a wealth and variety of program material, the Plantation Singers immediately convince their hearers that they are genuine artists who thoroughly enjoy every phase of their work. Their apparently limitless repertoire includes many of the old favorites, such as "Roll, Jordan, Roll," and "Swing Low, Sweet Chariot," as well as scores of unusual melodies that, although not generally familiar, are sure to draw large crowds of their rhythmic and melodic peculiarities. The program is fully interpreted by the Jackson Plantation Singers.

FATHER AND SON BANQUET A GREAT SUCCESS

Over Three Hundred Attended Second Annual Event Given By Hi-Y Club and Boy Scouts Last Tuesday Evening.

An Interesting and Pleasing Program Was Given and Ladies of Baptist Church Served Splendid Dinner.

ANNUAL ALUMNI PLAY SCHEDULED FOR MARCH 15, 1927.

"The Whole Town's Talking" is the title of a three-act comedy sketch to be presented March 15, at the High school auditorium, by the High School Alumni Association.

This work was selected for this year's presentation by the Dramatics Committee of the Association, because of its proven success elsewhere. It was written by John Emerson and Aulta Loos, two of America's most famous authors and producers, and has been successfully presented on the legitimate stage as well as the screen.

The success of its local presentation is assured by the appearance in its cast of such names as Jack Taylor, Ferno Block, Laverne Sly, Harvey Springer, Forrest Hubert, Lila Tegge, Regina Polley, Dan Murphy and others.

The farce will be staged under the able and experienced direction of Lisle Alexander, whose work in the past along dramatic lines bespeaks an enjoyable evening for those who attend.

"This production," said Mrs. Austin Whipple, president of the Alumni Association, "is in line with our policy of staging a dramatic event each year to raise the funds needed for our annual reunion in excess of the receipts of the banquet itself, and we hope that all who call P. H. S. their Alma Mater, as well as the citizens of Plymouth in general, will rally to our support and pack the High school auditorium to capacity. We promise you an enjoyable evening plus a laugh a minute."

The story centers around a business man of Sandusky, Ohio, with a young and handsome daughter, whom he is anxious to wed to his business partner, a stingy individual, who knows more of business than of women. When the father finds that his offspring demands as a prospective husband, a man with a "past" (which his partner does not possess), he creates a past, mythical of course, with a well known movie star, and before he realizes it, "The Whole Town's Talking." The movie actress, in the person of Miss Doris Coleman, turns up in person, and the fun begins—not to end until the final curtain.

The second annual Father and Son banquet, under the auspices of the Hi-Y Club and Boy Scouts, was held at the High school auditorium on Tuesday evening, February 22nd. The event this year was attended by about 325 fathers and sons, and was a real get-together event that was thoroughly enjoyed by every man and boy present.

The men and boys gathered in the corridors, and shortly after six-thirty o'clock, filed into the big auditorium, where tables had been set the whole length of the room.

The Boy Scouts marched out upon the stage, and the audience stood at attention and the flag salute was given.

The invocation was then given by Rev. Nichol. A delicious dinner of roast loin of pork, mashed potatoes, brown gravy, cabbage salad, buttered rolls, pickles, apple pie à la mode, and coffee was served. The Ladies' Aid Society of the Baptist church served the dinner, and the table service was by the Plymouth High School Girl Reserves. The tables were decorated in the national colors, in keeping with Washington's birthday anniversary. The favors were miniature American flags.

During the dinner hour, community singing was led by Calvin Whipple, with E. V. Jolliffe at the piano.

Following the dinner, the company was called to order by Gaylord Styles, president of the Hi-Y, who in a few words, introduced Harry K. Wrench as the toastmaster of the evening. Mr. Wrench presided in a very pleasing and happy manner. The first number on the program was a well rendered selection by the P. H. S. Boy's Glee Club, directed by Miss Ruth Forsythe, supervisor of music, and they responded to an encore.

Wibur Murphy made several announcements at this time.

The first speaker introduced was Edwin Schrader, whose subject was, "Dad, Meet Your Son," which was exceptionally good and well given. His remarks showed the feelings that should exist between father and son.

John B. Hubert responded with "Son, Meet Your Dad." Mr. Hubert's talk reflected the feelings of a dad for his son, and he left some splendid thoughts for every boy present.

A male quartet, composed of Austin Whipple, Calvin Whipple, Elmer Whipple and E. V. Jolliffe, rendered a selection in their usual pleasing manner, and responded to an encore.

The toastmaster then introduced B. J. Holcomb, sponsor for the Hi-Y Club, who in a few words introduced the speaker of the evening, I. B. Gilbert, superintendent of the Michigan School for the Deaf at Flint. Mr. Gilbert's subject was, "Is the Boy Worth Raising?" His address was filled with most timely thoughts, that could not but leave a lasting impression, not only upon the sons present, but the dads as well.

The toastmaster then introduced J. B. Pettinill, who in a few words introduced his father-in-law, F. E. Davey, as the oldest father present. Mr. Davey will be 90 years of age next October. He gave the boys present a splendid talk in which he told them of the wonderful opportunities that they now enjoy, which he did not have when he was a boy.

The banquet was a splendid success in every particular, and is easily one of the outstanding events of the season. Those who had the details and arrangements in charge, are to be congratulated.

PENINSULAR STOVE CO. TO START BUILDING APRIL 1ST.

It is expected that construction work on the new plant for the Peninsular Stove Co., just off the Plymouth road on the Pere Marquette R. R., near Oak, will be commenced about April 1st. The company will construct a plant that will be the last word in a stove manufacturing plant. Experts have scoured the country for the most modern ideas and plans for efficiency and convenience which are to be incorporated in the construction of the new plant.

The main factory building will be built parallel with the Pere Marquette track, which will facilitate the handling of raw material and the shipping of the finished product. The office building will be separate from the factory proper, and will consist of two stories, and will face the Burt road. One-half of the main floor will be used for display rooms, and the other half for general office purposes. An office staff of about sixty people will be employed. The plant, which turns out gas ranges, furnaces, kitchen and heating stoves, will give employment to a thousand men.

The nearness of the new plant to Plymouth, whose men folks will find employment in the new plant. The distance from this village to the new plant, will only be about eleven miles.

NEW FIRE TRUCK AT HOUSE OF CORRECTION FARM.

A new combination chemical and pumper fire truck has been received at the prison farm for fire protection. Capt. Donastion had the truck in ready readiness. It is a tanky.

DEATH OF FORMER RESIDENT

Mrs. Caroline Millard, a former resident of Plymouth, died at her late home, 2271 Vinwood Avenue, Detroit, Monday, February 20th. Mrs. Millard was the wife of the late Arthur Millard, and the mother of a number of children. Her husband died in 1914.

DIRE PREDICTIONS

A noted teacher of the University of Moscow, now on a visit to this country, is getting a lot of newspaper space as the result of a paper he recently read before a group of New York scientists. He dealt with "sun spots," explaining his theory of how they are caused and what effect they have on our worldly affairs. He declared that war has always come when "sun spots" were plainly visible, and that the spots first discovered a few years ago will become most brilliant during 1927 and 1929. We are not printing this with a view to upsetting the peace and tranquility of anyone around Plymouth. But if there is a war coming it's a good thing to have a little previous information regarding it. It might give us a chance this time to carry two guns instead of one. Next time America gets into war we'll need one gun to fight the enemy with and another to shoot the profiteers.

TOO MANY LAWS

The Congressional Record reports that over 50,000 laws have been put on the statute books by all congresses. Of this number only about 50 have been nullified. Investigation shows that 62,999 state and federal laws have been passed within five years, and that the country is now turning out laws at the rate of 15,000 a year. Last year a Mississippi legislature prided itself on having passed 411 laws. Just what there is about it to be proud of we can't see. This is one country in which there are already too many laws. It is a safe assertion that practically every man in Plymouth violates some law or another every week of his life—and without knowing it. We have more than enough federal laws, and there are also more state laws than any state actually needs. What we should have is fewer laws and more law enforcement. And until we get that you can expect to go right ahead reading about crime waves.

DON'T GET EXCITED

President Coolidge and Congress have clashed again over what method should be used in giving relief to the farmers of the country. We are all naturally interested in seeing that the agricultural interests get relief, just as we are all agreed that they are in need of it. But the farmer who sits down at this season of the year and depends on congress or the president to pour financial relief into your lap is making the mistake of his life. Relief may or may not come—it isn't a certainty yet. And if it does come it may only affect certain sections, and the towns and cities may scarcely feel it. So don't paint any fancy pictures of ease and comfort that is going to come as a result of anything Washington does. Go ahead planning for the annual crops—and keep in mind the fact that congress or no congress, "the Lord helps those who help themselves."

KIWANIS CLUB HEAR

PROF. F. B. MCKAY

Washington's birthday was fittingly observed by the Plymouth Kiwanis club last Tuesday noon, in one of the largest attended meetings of the year. The dining room of the Methodist church was well decorated with American flags, and the spirit of the day was carried into every phase of the meeting.

Previous to the luncheon, a service of song, under the leadership of Wayne VanDyne, visiting Kiwanian, was enjoyed by the members. Wayne also favored the assemblage with two solos during the program.

"Bob" Jolliffe officiated very ably in the absence of President Freeman Hoyer, introducing the program chairmen, Harold Jolliffe and Irving Blunk, with the former favoring the club with several of his inimitable whistling solos.

The principal speaker of the occasion was Prof. F. B. McKay of the speech department, Michigan State Normal College, Ypsilanti. Mr. McKay's address was largely patriotic, and he devoted himself to character portrayals of the two great Americans whose anniversaries are celebrated in February, Washington and Lincoln.

Mr. McKay was well invested with knowledge concerning the more intimate historical facts surrounding these two great men, and for an hour held his audience in rapt attention. From a character study of Lincoln, Mr. McKay drifted into a discussion of the negro problem that followed the war and has continued down to the present time. He advanced some very pertinent observations on the matter of preservation of racial identity, and deplored the tendency toward the social amalgamation of races.

This is the second appearance of Mr. McKay before Plymouth luncheon clubs, having addressed the local Rotarians some weeks ago, with an European trip as the theme of his talk.

ROTARIANS HEAR

DR. V. B. SMITH

The members of the Plymouth Rotary Club had the pleasure of hearing a most interesting talk upon a subject that is being given a great deal of attention at the present time by the local club, crippled children, at their noonday luncheon last Friday. Dr. V. L. Smith of Detroit, was the speaker, and he illustrated his talk by means of stereopticon views. Dr. Smith is a specialist in the correction of the deformities of cripple children, and he has been very successful, and a recognized leader in his profession in this line of work.

The doctor explained the several forms of deformity in children, their causes, and the method which he employed in their correction, which is by specially constructed braces, made to fit the particular case for which they are to be used.

Owing to the lack of time, the speaker confined his talk to the deformities of the feet and lower limbs. The pictures of the cases which were thrown upon the screen were in most instances, pitiful sights, indeed. The first picture showed the patient before treatment, then after a period of sixteen weeks, and finally when the deformity had been fully corrected and the feet or limbs functioning properly.

Dr. Smith is doing some marvelous work in the correction of these deformities, which has proved a great blessing to many unfortunate cripples. At the conclusion of his talk, Dr. Smith was given a rising vote of thanks.

The Club are indebted to Rotarian Harry Lee, who invited Doctor Smith to come to Plymouth and give his interesting talk.

NOTICE!

I will not be responsible for any debts contracted in my name by any other person but myself. Dated February 25, 1927.

**CHICAGO CIVIC OPERA
COMING TO DETROIT
MANY PLYMOUTH PEOPLE ARE
PLANNING ON ATTENDING THIS
GREAT EVENT.**

Detroit is preparing to turn host to a multitude of visitors who will flock to the city from points throughout a wide radius to enjoy the brief, but important season of lyric drama to be given by the famous Chicago Civic Opera company, commencing Saturday, March 19. Almost before the local music and amusement loving public became fully aware of the treat that

is in store, the educational centers and surrounding towns sensed the opportunity to enjoy something ordinarily available only through a long and expensive journey, and began to flood the mails with orders for seats. Large opera parties have already been formed in Ann Arbor, Jackson, Ypsilanti, Monroe, Plymouth, Flint, Port Huron, Pontiac, Mt. Clemens, Lansing, Toledo and Windsor, with smaller groups booked from more than a dozen other centers. Many are arranging to remain in Detroit over the week-end to enjoy two or more of the four performances constituting the season.

Detroit is one of the eighteen American cities to be included in the itinerary of the Chicago Civic Opera in its 1927 tour, which opened at Boston three weeks ago, and already has included Baltimore, Washington and

Pittsburgh in addition to the New England metropolises. The local engagement will be sung at the Masonic auditorium, permitting the company its first opportunity to be heard in Detroit amid adequate surroundings, and at the same time affording that huge theatre its first real test for the purposes it was designed to fill for the community. Executives and engineers from the Chicago institution, who have surveyed the auditorium, are extravagant in their praise of its possibilities for grand opera presentation, and assert that Detroit will hear grand opera as it should be rendered, for the first time, on this occasion. At the same time, the large seating capacity has permitted the establishment of the most popular scale of prices ever established for standard opera in this city. Two performances will be sung on the opening day, Saturday, March 19

—Tosca, at 2:00 o'clock, with Claudio Muzio, Charles Hackett, Cesare Formichi; and at 8:00 o'clock, Rosa Italsa, Lorna Doone Jackson, Augusta Lenska, Antonio Cortis, Jose Mojica, Theodore Ritch, Giacomo Rimini and a large cast will be heard in this highly dramatic work, which will also introduce the corps de ballet. Sunday evening, "Aida," generally regarded as the "big show" of opera, because of its spectacular character and richness of Eastern pomp, will constitute the bill introducing Rosa Haskil, Cyrena Van Gordon, Charles Marshall, Richard Bonelli, and Virgilio Lazzari in the principle roles, with a large supporting cast of well known artists. The ballet also figures conspicuously in "Aida."

The season will be brought to a close on Monday evening with its most sensational feature, Mary Garden in Franco Alfano's novel work, "Resurrection." The latter is a musical setting for Tolstol's immortal book of that name and was introduced to this country on New Year's eve of last season, when it leapt into instantaneous success. The opera introduces a large cast, of which Lorna Doone Jackson, Alice d'Hermanoy, Maria Claessens, Theodore Ritch, Jose Mojica and Cesare Formichi are the most distinguished members. The outlook is said to promise Detroit its most brilliant lyric season and local society is preparing for strenuous activities incident to it. The Plymouth representative for the Chicago Civic Opera season is Miss Charina Penney. Reservations for seats may be made by calling Miss Penney at Plymouth 9.

Lomas, Gunsolly, Schneider and Hattie Holsington. Everyone cordially invited to attend. Mesdames Walker, Gunsolly, Greer, Thomas, Jewell, Stevens, Joy, McNabb, C. E. Ryder, Miss Ada Youngs, Leonta Joy and Gladys Horton attended a district group meeting of the Home Missionary Society at the M. E. church in Northville Tuesday.

Mr. H. Gilbert is laid up with an infection of the hand. Charles Paddock is suffering with a bad abscess of the jaw instead of mumps.

Mr. and Mrs. Adams and family visited Mr. Adams' sister, Mrs. Mary Gross, of Detroit, Sunday.

A CARD—The family of the late Joseph Koss desire to express their thanks to friends and neighbors who so kindly assisted them in their sad bereavement. Koss Family.

A CARD—We wish to express our sincere thanks to the P. G. company and others for their kind expressions of sympathy during our recent bereavement. Mr. Fred Latzka and Son, Carl, Mr. and Mrs. Albert Kelzhey, Mr. and Mrs. Albert Latzka, Mr. and Mrs. Leo Miller, Mr. and Mrs. August Reamer, Mr. and Mrs. Ezra Wilsey, Mr. and Mrs. Will Adams and Grandchildren.

NEWBURG

Vern Mackinder of Grand Rapids, drove a new light Chandler car from Cleveland, Friday last, and spent the night with his parents, Mr. and Mrs. Clark Mackinder. He returned to Grand Rapids, Saturday morning.

Edwin Norris of Utica, took dinner, Monday, with his grandparents, Mr. and Mrs. Clark Mackinder.

Mrs. Robert Holmes is able to be about again.

Rev. Walker gave a fine address on "The Father of Our Country" Sunday last.

The young people are taking a great interest in the choir.

There were 77 in Sunday school. All the classes have been recently named and are trying to see which can reach the highest per cent.

One of the best evening talks that has been heard this winter was given Sunday evening by Mr. Knight, of Detroit, his subject being "Gratitude for the Blessings We Enjoy." There will be a speaker for next Sabbath evening, to be announced next Sabbath.

All who attended the self-serve supper given under the auspices of the north side division of the L. A. S. certainly had a good supper and pleasant evening at the home of Mr. and Mrs. Ira Carney last week Thursday evening. Receipts \$15.

The L. A. S. will hold their annual meeting at the home of Mr. and Mrs. Mark Joy, on Plymouth road, next Wednesday, March 2. Dinner served at noon. Committee: Mesdames Joy,

COMMISSIONER'S NOTICE

No. 127857
In the matter of the estate of Emogene Beeman, deceased.
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the home of Cora Kelly, 188 N. Harvey St., Plymouth, Mich., in said County, on Monday, the 11th day of April, A. D. 1927, and on Friday, the 10th day of June, A. D. 1927, at 2 o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 10th day of February, A. D. 1927, were allowed by said Court for creditors to present their claims to us for examination and allowance.
Dated, February 10, 1927.
OLIVER H. LOOMIS,
CLAUD A. HEARN,
Commissioners.

To My Friends

I am acting as Special Representative for Plymouth Gardens, the most scenic property in west Wayne County. Give me a ring and I will bring all information to your door.

**Where You Want 'em
I've Got 'em**

I make it a point never to list a house or unimproved property unless I believe it is a good buy, either as an investment or home place. If you want a home I have it in any of the following sections:

MAPLECROFT—VIRGINIA PARK
ELM HEIGHTS—PURITAN HOMES
NORTH VILLAGE—SUTHERLAND
PALMER ACRES—PENNIMAN
BLUNK'S SUB.—ALLEN'S SUB.

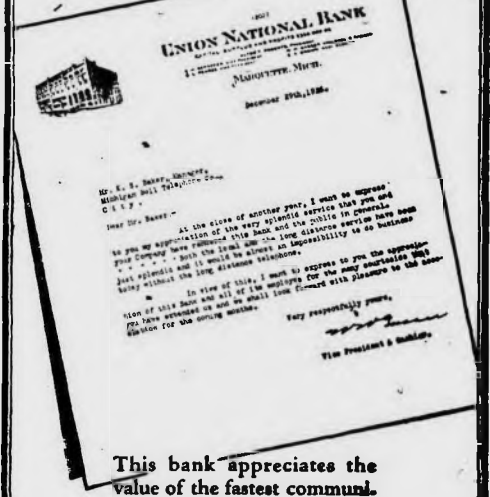

PRICES FROM \$4,000 AND UP. YOUR TERMS.

I have some good unimproved property in Maplecroft, Plymouth Gardens, Virginia Park, Elm Heights—Oh, well, ask me what I haven't got—It's easier. Prices? They're right, of course, otherwise I mark 'em off the book.

**A Business Transaction Today---
A Trying Ordeal Tomorrow---**

The belief in a spirit which might some day desire to return to its earthly body inspired men to persevere it and keep it habitable for the soul when it returns from its wanderings.

The Egyptians, who had an intense belief in life after death, embalmed and mummified their dead. This was done under the direction of their priests, who so highly developed the art that mummies three and four thousand years old have been found in a high state of preservation.

It was not only a custom but a religious duty among the Egyptians for each man, according to his rank and ability, to prepare his tomb during his life, and as soon as a pharaoh ascended his throne he was obliged to order the construction and erection of his tomb.

And while in our day this is not so regarded, no prudent person will delay this obligation until death forces a hasty purchase. Too much emphasis cannot be placed upon the wisdom of selecting it when the mind is free to employ its best judgment.

The postponement of this important duty often results in the necessity of a hasty decision and transforms a simple business transaction into a trying ordeal. We like, therefore, to stress the wisdom of action at this time.

Riverside Mausoleum has its suggestion in the Medieval custom of burial in the sacred precincts of churches and cathedrals.

Permanent care and maintenance is assured from the income of an ample perpetual care endowment fund.

Most desirable locations are now available. Inspection incurs no obligation whatsoever.

A Finer DODGE BROTHERS MOTOR CAR

New in Beauty, Comfort and Performance — Still more Dependable

Now ready for your inspection and personal test—a finer Dodge Brothers Motor Car than ever before, due to many new and vitally important improvements. So important, in fact, that only a personal inspection will give you an adequate idea of what further engineering advances and greater production have accomplished in extra values. Read this partial list of the latest improvements and then investigate:

- A New Clutch—Simple, Prompt, Sure and Silent.
- Softer Pedal Action
- Easier Gear Shifting
- New Body Lines—as smart and graceful as any on the boulevards
- New Color Combinations of Striking Beauty
- Still Sturdier Bodies
- Seats Re-designed for greater comfort
- New Silent-Type Muffler
- Improved Universal Joint, Propeller Shaft, Differential and Axle Shaft—creating greater sturdiness and resistance to wear
- And Many Other Smart New Refinements of Detail.

Remember, too, that all these are in addition to many important improvements recently announced, including the five-bearing crank shaft and the two-unit starting, lighting and ignition system that inspired owners to new expressions of enthusiasm and satisfaction.

Look at these big roomy cars and you will realize that it is not possible to invest more wisely in dependable transportation.

WHITBECK'S CORNERS

Miss Jewell Bengert spent from Friday night until Sunday with her grandparents, Mr. and Mrs. Justin Gale, of Ypsilanti.

Mr. and Mrs. Arthur Hanchett and daughter, Miss Clarissa Hix, were dinner guests the first of the week of Mrs. Parrish.

Little Corrine Schille, who has been quite sick, is better at this writing.

Mr. and Mrs. Wm. Bengert entertained a company of young people at five hundred Saturday evening at their home at this place.

The Helping Hand society will meet the first Wednesday in March at the home of Mr. and Mrs. Walter Schille, in Robinson subdivision, for dinner.

All welcome to attend these meetings.

Mr. and Mrs. Clarence Hix and Mrs. Parrish spent Monday evening at the home of Mr. and Mrs. Otto Kaiser, on Golden road.

C. A. Parrish, of Ypsilanti, called on his mother the first of the week at this place.

Mr. and Mrs. Gust Eschel and family, also Miss Baker, all of Superior township, spent the evening recently at the home of Mr. and Mrs. Otto Kaiser.

Fred Kaiser has sold his home south of Golden road to Albert Tait, of Perrinville, and Mr. Kaiser will move near Salem in the near future.

Mr. and Mrs. Arthur Hanchett and family and Mr. and Mrs. George Hix spent Sunday at the home of Mr. and Mrs. Clarence Hix.

Mr. James Wolf, of Ann Arbor, and Mr. C. A. Parrish, of Ypsilanti, were seen on Russell street, Robinson subdivision, this week.

Mr. and Mrs. George Gorton were guests Sunday, of Mr. and Mrs. Wm. Bengert.

STARK

Donald and Dale Wilson, of Detroit, spent Tuesday evening with the Johnson family.

Mr. and Mrs. John Helke visited the latter's parents, Mr. and Mrs. William Reuver, of Plymouth, Tuesday.

Mrs. Mary Maynard, who was confined to her bed for several weeks, is up and around again.

Mr. and Mrs. Frank Dodson, of Wayne, called on R. E. Vantassel and family Monday evening.

Howard Bentley and family and Roy Clement and family spent Sunday with Mrs. William Johnson and family.

The little son of Mr. and Mrs. Joe Aquino had the misfortune to spill a kettle of hot water over him, burning him quite severely.

Mrs. R. E. Vantassel was in Detroit shopping Saturday.

Nature's Laws Work to Curb Population

If the winter is a very severe one, thousands of birds perish. That seems regrettable, but there is another side to the picture.

If the bird family multiplied unchecked, the time would come when we should be unable to see the sun! In 20 years the descendants of one pair of birds would number thousands of millions. What, then, of the descendants of (to put it no higher) a hundred thousand pairs? The human race would perish in darkness. Nothing would grow but dank vegetation.

If, to take but one fish, every egg laid by a cod were hatched, and the 2,000,000 young codlings started their lives, to breed in their turn, it would be but a few years before the seas were choked and became putrid, disease-breeding masses of water. Plagues would sweep the human race out of existence.

If rat ceased to war on rat, and we relaxed our own attacks on the rat tribe, in less than ten years there would be 5,000 rats to every person, child and adult, in this country. If flies all lived their allotted span—well, we should all go mad, for from one female, in five seasons, there would be a family of descendants requiring a string of 37 figures to number them!

And if all human beings born lived until seventy, and 60 per cent married and had but two children who lived to be seventy, in 150 years the earth would be a packed mass of humanity, hardly able to move. That, apart from the food question, would bring disease and extinction.

Nature may seem cruel at times, but there is wisdom in the way she works. Unchecked addition would mean an end to everything.

Midcoast Hotels Next

And now it is midcoast hotels that are envisaged by a Philadelphia engineer of high standing, as a realizable prospect of the not distant future. He forecasts superplanes on a route between Atlantic City and Plymouth, making the voyage in 30 hours and landing at any one of eight 100-acre floating landing fields, which he calls "seadromes."

These, like icebergs, would have most of their displacement beneath the waves. Exceeding the fancy of the novelist, the ambitious water plan of the audacious but not impracticable scheme puts hotel, fuel tanks, food supplies, machine shops and even meteorological bureaus under the surface of the sea.

Standards of Youth

Bobby's father was an organist of repute, a calling for which Bobby, at the age of ten, felt a trifle apologetic when having occasion to explain it to his friends. A policeman, now, or a fireman, those are professions a fellow can boast about! One day he was overheard in conversation with a neighbor's son, who asked:

"Bob, does your father play?"

"Yes," admitted Bobby without much enthusiasm.

"Well, what does he play?" Half-heartedly, "He plays the organ."

"And does he sing?" persisted the small friend.

"Goodness no!" indignantly exclaimed the musician's son. "We wouldn't stand for that!"—Harper's Magazine.

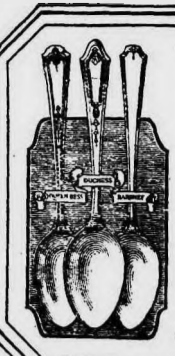

Hollywood in New Light

A moving-picture trade paper thus describes the high and moral tone of present-day Hollywood: "De Mille has also issued strict orders that no profane language be used during the making of the scenes or in the presence of Warner. When the musicians are looting around and not providing music for any particular scene they are instructed to play only 'Onward, Christian Soldiers.' This tune is played every morning as De Mille makes his appearance on the set, with all the players standing with bowed heads and in reverence until the director takes his position along the tripod."—The Outlook.

PROBATE NOTICE
No. 125678
STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of February, in the year one thousand nine hundred and twenty-seven.
Present, Edward Command, Judge of Probate.
In the matter of the estate of Nellie Ker-shaw, deceased.
An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.
It is ordered that the twenty-third day of March, next, at eleven o'clock in the forenoon at said Court Room be appointed for proving said instrument.
And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
EDWARD COMMAND, Judge of Probate.
Ralph J. Ziegler, Deputy Probate Register.

PROBATE NOTICE
No. 125679
STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fifteenth day of February, in the year one thousand nine hundred and twenty-seven.
Present, Edward Command, Judge of Probate.
In the matter of the estate of Eva Smith, deceased.
On reading and filing the petition of Irene J. Wolfe praying the administration of said estate be granted to Jesse Ziegler or some other suitable person.
It is ordered that the twenty-third day of March, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.
And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
EDWARD COMMAND, Judge of Probate.
Ralph J. Ziegler, Deputy Probate Register.

COMMISSIONER'S NOTICE
In the matter of the estate of Alois (Alois) [deceased].
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Robie Grocery, at 5-Mile road near Farmington Road, in the Township of [deceased], on Friday, the 14th day of April, A. D. 1927, and on Tuesday, the 14th day of June, A. D. 1927, at 2:00 o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 14th day of February, A. D. 1927, were allowed by said Court for creditors to present their claims to us for examination and allowance.
Dated, February 14th, 1927.
JESSE ZIEGLER,
HERMAN JOHNSON,
Commissioners.

FIRST PRESBYTERIAN CHURCH

10:00 A. M.—Morning Worship 7:30 P. M.—Evening Worship 11:30 A. M.—Sunday-school

Walter Nichol, Minister

10:00 a. m.—“The Far Distances”

7:30 p. m.—“The Man With the Secret Care”

11:30 a. m.—Sunday School

6:30 p. m.—Young People

are kindly urged to make a special effort to be present for both these devotions each week.

All Wednesdays and Fridays are days of fast and abstinence. Each Wednesday morning a High Mass will be offered up at 7:30 for the parishioners, so that all may share in the special blessings of the penitential season; those that are able are kindly urged to attend at the mass.

The new choir has been very faithful to their practices; and assure all of appropriate singing for the services.

Matthew Bund of the Five Mile road, is reported very much improved, and is now out of danger. He is still in Harper hospital.

We are sorry to learn of Mrs. H. P. Leotte's accident and hope that she will have a speedy recovery.

Arrangements for the fifth annual St. Patrick's ball will be announced in the very near future.

Next Sunday is Holy Communion Sunday for the children of the parish.

The young people of the parish held their meeting last Tuesday night at 8:30, and decided upon a name for their club. The name chosen and accepted is "Nethem." The constitution was drawn up, read and adopted, and plans were made in regard to the first dance to be given by the "Nethem" club in the delightfully and neatly decorated "Mahogany Room." The entertainment committee have promised all a most pleasant evening. Tickets will be sold by the members of the club. A real peppy orchestra, good music, newly waxed floors are quite an inducement. The dance will be Thursday, March 3rd at 8:30 p. m.

The house on Union street, belonging to the parish, is again rented, and the new tenants will take possession next week.

The Rev. W. A. Grander of Sturgis, Mich., called at the rectory this week with Dan Geroux, manager of the Sturgis Hotel.

Francis Holan, an active member of the Nethem club, is now cashier of the Wolf Store.

Thomas Morrison left Tuesday night for a visit with his parents at Durham, Ontario.

The ladies very agreeably surprised Mrs. H. Minthorn on last Tuesday, the occasion being her birthday. A beautiful potted plant was presented to her, with many birthday greeting cards. In response, she treated all with good old-fashioned home made coffee cake. We trust she will have many more happy birthdays.

Mrs. Mary Reynolds, formerly of Plymouth, and now of Grand Rapids, is reported in poor health.

METHODIST NOTES

Nine of our Epworthians attended the Wayne group supper and rally at Belleville, last Monday evening.

The annual bazaar and supper and social hour, this Friday afternoon and evening, February 25th.

The official board will meet in the parlors, Tuesday evening, March 1st, at 7:45 o'clock.

EPISCOPAL NOTES

The dedication service held Sunday last was very interesting and very educational. Rev. Archdeacon Ramsay, of Detroit, who preached the service, was assisted by Rev. Marriott and Rev. Charles Wesley.

There was a congregation of 180 present, which, compared with the usual 15 or 20 in the old church, is a wonderful increase. A good number of members of the local Odd Fellows and Rebekah lodges attended in a body.

Rev. Charles Wesley in his address expressed his extreme satisfaction in seeing such a large congregation. He expressed a hope that the day would never come when the doors of the church would not be open to all. He outlined briefly the task which the parishioners undertook in building the new church and wished to thank all concerned.

Rev. Archdeacon Ramsay, after the dedication ceremony, used as the text for his address a part of the First Epistle of St. John, pertaining to fellowship with God and man. He was of the opinion that if people in any walk of life would carry out their work or business more religiously there would be far less crime and sin in the world. He explained how the church was very necessary to people, from the time of baptism until finally laid to rest in their graves. He hoped that the people of this community would take advantage of the privilege of getting both the fellowship of God and man in this church.

Both Rev. Archdeacon Ramsay and Rev. Marriott were very much pleased with the plan of the building, and hoped that these same plans would be adopted for other churches yet to be built.

HAVOLINE
—the power oil

Havoline "F"—power oil for Fords

NURSE the power in your Ford! It will keep it running better and measurably lengthen its life. Havoline, the foremost power oil, makes a special grade for Fords—the famous Havoline F.

Yes, it stops the chatter! But more than that, it gives your Ford the beat it can do in power.

Power is the one real test for oil. Prove it with Havoline "F". Drive in for a refill today.

PRESBYTERIAN NOTES

The congregation has agreed upon a budget for the year, beginning March 1st, and are this week turning in their pledges to provide the necessary funds.

The laymen's committee having in charge the work of the New Service Pension Fund, are meeting with a fine response. A report meeting for Detroit Presbytery was held this week Thursday, at the Book-Cadillac Hotel, Detroit. Several local men attended.

The annual meeting of the congregation will be held Monday, March 7th. At this time, reports from all the organizations in the congregation will be heard. A congregational supper will precede the meeting.

BAPTIST NOTES

A speaker from the Baptist Guild of Ann Arbor will conduct the services next Sunday morning and evening at the Baptist church.

CATHOLIC NOTES

The Altar Society met in the Mahogany room on last Tuesday, with the president, Mrs. J. F. Rousseau in the chair. All arrangements for the Thursday night banquet were made.

Many new and useful articles were purchased for the kitchen, such as cutlery, glasses, punch bowl, etc. Many useful articles were donated by the ladies to supply a want sorely needed. The ladies are very grateful to all for their generous donations.

Next Wednesday, the season of Lent the celebration of the feast of Easter. The ashes will be blessed before the 7:30 o'clock mass and distributed immediately after mass and after the evening service.

Lenten church services will be held on Tuesday and Friday nights at 8:00 o'clock. On Tuesday nights, a sermon will be preached, followed by benediction of the Blessed Sacrament. On Friday nights the "Way of the Cross," followed by benediction of the Blessed Sacrament. All parishioners

Something Besides the Butter and Egg Money

Start a Fordson tractor working for you now—and before Spring, the savings and profits that you realize from custom work or work on your own farm will have mounted to a worthwhile figure.

Wood-sawing, grain grinding, shredding and numerous heavy hauling jobs are some of the ways in which hundreds of Fordson farmers are making otherwise unproductive time pay during the winter months.

And from the time you start your spring plowing, right through every season and stage of growing and harvesting your crops, you are assured of abundant and dependable power that will do each job in less time and with greater economy.

Next time you are in town just drop in and let us talk over with you our plan that makes it possible for every farmer to own a Fordson.

Plymouth and Dearborn High school basket ball teams will meet at the local gymnasium, this Friday evening, February 25th. The second team game starts at 7:00 o'clock, and the first team game at 8:00 o'clock. The High school band will furnish the music.

Monday noon, St. John's Episcopal church entertained the Detroit clerics, an association of Episcopal ministers from this corner of the state and neighboring Canadian cities. About twenty sat down to a splendid lunch served by the Women's Guild, and afterwards held their regular monthly meeting. All of the visitors expressed themselves very enthusiastically concerning the new parish house and its appointments.

An automobile accident occurred at the Main street crossing of the Pere Marquette R. R., last Monday, about noon, when a car driven by Claude M. Curtiss of Ludington, Mich., accompanied by his daughter, Miss June Curtiss, was hit by a switch engine. The crossing flagman was out giving warning to stop, but when the driver attempted to do so, the car skidded on the slippery pavement onto the tracks. When they saw they were in danger of being hit, both jumped from the car. When the engine hit the auto, it threw it around and Miss Curtiss was hit, and suffered a dislocated right knee. The injured lady was taken to the office of Dr. Peck, where she was given surgical attention. Mr. Curtiss and daughter were on their way to Ann Arbor.

Mr. and Mrs. Theodore Schoof and Miss Margaret Schoof visited relatives at Rochester Sunday.

Mrs. C. J. Teufel and little daughter, of Toledo, are spending the week with the former's parents, Mr. and Mrs. M. M. Willett.

Mrs. St. Elmo Lewis and mother, Mrs. Elizabeth Wherry, and Miss Belle Beam of Detroit, were calling on Plymouth friends Sunday.

C. V. Merritt has sold his house and lot on Ann Arbor street, near the point of the park, to Ernest Forbes, of Detroit. Lee Jewell negotiated the deal.

The first of the Saturday night dances to be held by the Goodfellow club at Livonia Center town hall, Farmington and Five Mile roads, was a success. These dances, which will be held every Saturday night, are under the management of Robert A. Tucker, the music being furnished by Schaeffer's orchestra of Rosedale Gardens.

The dance given Friday evening by the P. T. A. of the Hicks school, was a decided success. More than two hundred people assembled for the occasion. These dances are under the management of Robert Tucker of that district. The music of the evening was furnished by Schaeffer's orchestra of Rosedale Gardens. This same orchestra has played at past dances. Each time they have proved very accommodating by playing overtime.

CORN BORER CONTROL DEMONSTRATIONS

FIELD MEETINGS AT BELLEVILLE FEBRUARY 28—PLYMOUTH, MARCH 1.

Corn growers, machinery men and others interested will meet on the G. T. Clark farm, two miles east of Belleville, on Monday morning, February 28, and on the George Travis farm, one and a half miles south of Plymouth, on Tuesday morning, March 1, to study methods of corn borer control.

The William Ford company, International Harvester company, Oliver Chilled Plow company, and the railroads are co-operating with the corn borer station at Monroe and the Wayne county agricultural agent in showing the machinery available to clear the corn fields of stalks and stubble.

The field demonstrations will take place in the morning and in the afternoon a general discussion of the subject by the experts in charge will take place at meetings in Belleville town hall and in the Plymouth Chamber of Commerce.

REPRESENTATIVE JOHNSON INTRODUCES BILL

Representative J. L. Johnson, of Plymouth, introduced a bill in the House at Lansing last Wednesday, sponsored by the Michigan Real Estate association, in which provision is made for the licensing of real estate operators and the administration of accruing funds by a board composed of real estate men instead of coming under the Michigan securities commission as at present.

It is the purpose of the bill to provide a closer scrutiny of applicants for licenses, including their fitness to practice real estate, and to further safeguard the realty activities of the state.

The Michigan Real Estate association has made the legislative program the most important phase of this year's work and is working energetically to clarify and amplify the laws of the state respecting real estate practice.

Representative Johnson is co-operating with the state officers in various respects regarding the program.

LOCAL NEWS

The Plymouth Bridge Club met with Mrs. E. S. Cook, Thursday.

Miss Lucile Rutbruff visited with relatives at Redford over Sunday.

Several from here went to Lansing yesterday to hear the debate on capital punishment.

Mr. and Mrs. C. V. Chambers spent last week Thursday evening with Mr. and Mrs. George Miller of East Plymouth.

There IS a Difference in Chairs

Two chairs may look equally well on the showroom floor—they may "sit" equally well. It's how they will look and how much of their soft comfort they will retain a year from now—ten years from now—that interests the careful buyer.

Into Globecraft chairs only the finest of hardwood goes, the best springs, webbing that lasts, stuffing that stays soft, coverings that wear—all assembled by workmen proud of their work. That's why Globecraft chairs last and last. They're worth looking into.

SCHOOL NOTES

Seventh Grade Class Meeting The meeting was called to order by Miss Trout, who explained why it was called and the purpose of the meeting.

Grade Notes The children of Mrs. Root's room are making decorations for Washington's birthday, to put around the room.

The children of Miss Stader's room are trying to keep their record free from tardy marks. They are learning songs for Washington's birthday, when they will march around the room.

The children of room eight, have finished their chart, and have started their primer. They are making flag hats for Washington's birthday.

The children of Miss Hultahala's room were visited by Mrs. Straub. The language class is making Washington booklets. They were presented with a beautiful plant by Maynard Larkins.

The boys and girls of Mrs. Bird's room made Lincoln booklets. They had a Lincoln play, and invited Mrs. Lee's room. Beverly Johnson left school to move to Detroit, Monday.

The children of Mrs. Moles' room have made their art booklets in orange and black. They have studied the picture of Sir Gallahad.

—Maxwell A. Todd

The Plymouth High school band made its first public appearance last Friday evening, before a large crowd. The band played several pieces including the High school song, between the halves and after the Plymouth-Wayne basketball game.

Much credit is due Mr. Dykehouse for the work he has done in promoting the band. At the beginning of the year, only a few of the members could play their instruments well. Now the thirty-one members are all progressing very satisfactorily.

—Inez Kuhn

Boys' Physical Training

The seventh and eighth grade classes have been playing games, working on the apparatus and drilling on exercises.

—L. D. Fritz

School Notes

The girls of Miss Grant's camp, known as Camp Tulahhulsi, are working to be Wood Gatherers, and expect to have a ceremonial meeting in the near future, at which time they will take their rank.

Miss Shaftmaster's camp, or Camp Chicago, had a bake sale Saturday, to earn money for camp this summer. The girls are working on honors to become Wood Gatherers very soon.

Miss Smith's camp, or Camp Latohal, are planning to take new members into their camp. The initiation will begin next week.

The seventh and eighth grade girls' physical training classes are having contests in basket ball the entire month of February. Each day different teams play together, and the winner's score is put on the score board.

—Maurine Dunn

Miss Giles' English classes had a spelling contest, and at the end of the first semester, the average of the seventh hour class was eighty-eight and one-third, while that of the sixth hour class was eighty-seven. It was a close score, but it did not save the sixth hour class from giving the winners a party.

The girls' physical training classes are doing apparatus work. The boys' physical training classes are practicing boxing. They have had some apparatus work.

The Plymouth High Band played Friday night at the game, and all the people seemed to enjoy it very much. They played the Plymouth Fight Song for the first time. The band has about thirty members now, and it promises to be a success, and something of which Plymouth can be proud.

—Maxwell A. Todd

The Home Economics work is planned to meet the state requirement set forth in the Smith-Hughes act. The controlling purpose of this vocational department established under the direction of the state board, shall be to fit young women for useful employment or occupation in Home Economics work.

The course helps the girl who leaves school early, to live her daily life more wisely and to find her place in the working world. The ninth grade course presents all phases of work from a standpoint of the present needs of a growing girl. The tenth grade course directs the girls' attention to the needs of others in the family and to her social and economical conditions and relationships.

PLYMOUTH'S QUINTET DEFEATS WAYNE.

In their seventh consecutive victory, the Plymouth carers overwhelmingly defeated the Wayne team to the score 51-13. There was no doubt as to the outcome of the game as soon as it started. The Plymouth fellows ran rings around Wayne, scoring continuously. In the first half, Wayne scored one field goal and three foul goals. Eight field goals and six foul goals were Plymouth's tally, and the half ended Plymouth 22, Wayne 5.

The second half was even more of a runaway, and at the end of the game, the score was Plymouth 51, Wayne 13. This is the highest score Plymouth has made this year.

Doult was high point man for the game, scoring 32 points. C. Foster came next with 14 points to his credit, and Hekey added 5 to these.

The second team won their game, also, playing one of the best games they have played this year. The score of the contest was Plymouth 23, Wayne 11.

Remember the game with Dearborn will be played in the High school gymnasium, Friday evening, February 25. Come and help our team win its eighth consecutive victory.

—David Nichol

NORTHVILLE FISH HATCHERY WILL BE DOUBLED IN SIZE.

Through the efforts of Congressman Grant Hudson, improvements costing something like \$30,000 will be made at the federal fish hatchery in this place during the next year. Among the structures to be erected will be a large aquarium providing display room for the large variety of fish that live in this part of the country.

The fish hatchery each year is visited by thousands of people, and there has never been a place provided for the display of fish.

In addition to this structure, there will be erected a rest room for the public, complete in every way. It will be open, like the aquarium, during the entire year.

The old house on the hill will be taken down, and a new house constructed where the garage is now located.

The capacity of the hatchery will be considerably expanded by the construction of a number of new ponds, making the Northville hatchery one of the finest and largest in this section of the country. Congressman Hudson had some difficulty in getting the measure through both branches, but was enabled to do so a few days ago. The appropriation is available in the immediate future. —Northville Record.

NORTHVILLE TO HAVE LANDING FIELD

Through the efforts of the Exchange Club, Northville has secured a landing field or airport for the community and for the Stinson Aircraft Corporation of that place, which is destined to be one of the finest in the state.

Arrangements have been made for the purchase of forty acres on the farm owned by C. A. Ponsford, and a lease of five years taken on the Stark-weather farm, which is now being used as a landing field. The two properties join, making an ideal place. Our neighboring village will be the only place in Wayne county outside of Ford's field at Dearborn, which has a landing field.

No other low-priced six will ever give you this

It is not beyond the realms of possibility that some day there will be offered a newly created six, closely approximating in basic design and price the Pontiac Six as introduced a year ago.

But even if that car does make its appearance, it will lack one powerful inducement to ownership that is of paramount importance in contemplating the Pontiac Six:

Its design and construction will not have been proved by millions

of miles of actual service in the hands of thousands of owners. And that is essential, even in a car which was tested and developed as the Pontiac Six was for over three years prior to its announcement!

Design and construction so convincingly demonstrated means more than the elimination of fundamental weaknesses. It means peace of mind from one year's end to the other—and that is what buyers have a right to get, no matter how much or how little they pay!

Pontiac Six, \$825 to \$975. Oakland Six, companion to Pontiac Six, \$1025 to \$1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

AROUND ABOUT US

Work on Wayne's new theatre building is progressing rapidly.

Nelson C. Schrader has been re-elected president of the Northville Auto Club for another year.

The dog census of Wayne has got to the point where it became necessary to establish a dog pound.

D. B. Buzz, local representative at Northville, for the Ford products, has purchased an aeroplane.

There was an attendance of 112 at the annual banquet of the South Lyon Board of Commerce last week Wednesday evening.

Mrs. R. Barnes enjoyed a visit from old friends from Newburg, Sunday. It was her 92nd birthday, and she was pleased to receive letters, cards, fruit, plants and other remembrances from her friends.—South Lyon Herald.

Royal Oak expects to have the largest store and office building in the county, according to permits issued last week. Six stories high, it will house a theatre seating 1,800, eighteen stores and 30,000 square feet of office space.

Farmers in the vicinity of Northville are determined to put a stop to the activities of chicken thieves, and are organizing an association along the lines of the old horse thief organization that existed in this section some thirty or forty years ago.

The State Administrative Board have ordered the state highway commission to procure the necessary right of way for the extension of the Telegraph road from Grand River to Pontiac. It is expected that it will require two years or more for the completion of the project. The distance from Grand River to Pontiac is about seventeen miles.

By a vote of 484 to 277, the village of Dearborn, last week Tuesday, elected to change from a village form of government to that of a city. A charter commission also was elected to draw up a proposed charter for the new administration. This charter will be submitted to the voters in the near future, approval of which will bring about a further election on the personnel of officials to direct the new city government.

Road construction plans announced by the Wayne county Road Commission for 1927 include five miles of paving on the Eight Mile road in addition to the surfacing of a short stretch to complete the tying in of the Eight Mile road west of Grand River with Grand River. While no contracts have been let to date, it is the intention of the commission to pave the stretch on the Eight Mile road between Division road and John R. street. Four miles of this new pavement will be west of Woodward.

World renowned opera stars, concert singers, and instrumental soloists will appear at the Thirty-Fourth Annual May Festival in Hill auditorium, Ann Arbor, May 18, 19, 20 and 21st, according to announcements just made by officials of the University School of Music. Rosa Ponselle, Schumann-Heink, Sophie Braslau, Armand Tokatyuk, Lawrence Tibbett, Ernest Hutcheson and Lea Laboshutz will head the list of stars. Other noted musicians to be heard include Betsy Lane Shepherd, Elsie Baker, Arthur Hackett, William Simmons, Lois Johnson and James Wolfe.

Several chicken thieves that have been operating in Oakland county, have been rounded up by officers. Last week four men were given five to fifteen-year terms in state prison on pleading guilty to breaking and entering. The men gave the excuse of an inability to get work as their reason for carrying on the wholesale chicken stealing the past two months. Chicken stealing became an occupation with them, using two trucks. The fowls were sold on the Detroit market. Two of the men sentenced were from Macomb county, one from Royal Oak and one from Highland Park.—South Lyon Herald.

The Lincoln Consolidated school, near Ypsilanti, has been re-dedicated. The present building replaces the one burned some time ago, and is a thoroughly modern metropolitan school. The new school serves an area of about sixty square miles. Fifteen bus-loads of children from kindergarten to twelfth grade from this large area are brought to school and taken home daily. It replaces thirteen one-room schools. It maintains a clinic for the protection of the health of its children. It has a fine library, gymnasium and auditorium, and serves both a meeting place and social clearing house for the community.

PLANE CARRIES 770 PASSENGERS FIRST SIX MONTHS.

During the six months "Miss Grand Rapids," the airplane, has been making trips between Detroit and the city from which it takes its name, it has carried 770 passengers. The distance covered is 33,389 miles. In addition it has transported 3,972 pounds of express.

Starting on a tri-weekly service at first, this was made daily four months ago, Sundays excepted. Reliability is shown in the fact that out of 241 scheduled trips, 235 were completed. Fog and snow were responsible for those cancelled.

Only once was a forced landing made. That was when the plane was

brought to the ground on Mrs. Velma Shook's farm, west of Portland, when the propeller became covered with ice during a sleet storm. Damage was slight and none of the passengers were injured.

A radio appliance has been added, enabling the pilot to keep to his course, even though visibility may be bad. The cabin is heated, making it as comfortable as in summer.—Portland Review.

NASH

Leads the World in Motor Car Value

New Light Six De Luxe \$1085

Beauty and Luxury without an Equal in the whole \$1000 Field

By long odds the most distinguished motor car ever introduced into the \$1000 field, this Nash De Luxe Light Six is also the most remarkable performer.

Along with its notable beauty and classic body craftsmanship it has the vital superiority of a 7-bearing crankshaft motor—the ultra-modern type.

That gives you a superlative advantage over the standard 3 or 4-bearing motor in the way of matchless quietness and phenomenal smoothness through the full range of speed and power.

Colorfully finished in exquisite blue lacquer, with the lighter body shade contrasting smartly with the darker tone of upper body and fenders, and enhanced with a wealth of refinements and ap-

pointments it stands out as a motor car value clearly above and beyond comparison.

The attractiveness of the interior is enriched with a walnut finished instrument board and window ledges, and choice upholstery of genuine Chase Velmo Mohair Velvet.

Headlamps as well as cowl lamps are executed in the bullet design. The steering wheel is of real Circassian walnut.

There are bumpers in front and bumpers at the rear, and a motometer surmounts the winged radiator cap. 4-wheel brakes and 5 disc wheels are also included as standard equipment within the price.

Neighbors that Mean Real Friends

There's a difference about Hough Park Subdivision when you compare it with other districts and communities. Not only because of its accessible location, its remarkable combination of improvements and conveniences, but in its restrictions. Nowadays the careful buyer of home sites insists upon a definite assurance of the character of the community in which he is buying. And no greater assurance can be had than the uniform building restrictions fixed upon the properties of every buyer in Hough Park Subdivision. When you buy a lot in this subdivision you secure the protection of reasonable building restrictions and the assurance that the folks in the entire Hough Park Subdivision will be the kind of people you will be proud to call neighbors and friends.

Improvements now in ready for building. For prices, terms and restrictions, see

Telephone 499

1375 W. Ann Arbor St.

CONSTRUCTION FOR 1927 GRAND RIVER DISTRICT.

Approximately \$23,000,000 worth of new construction has been approved by the officials of The Detroit Edison Company for this year. This amount, together with about an additional \$9,000,000 required to finish work started last year, makes a total construction budget of \$32,000,000. Of course, not all of this work can be furnished during 1927, but the actual cash expenditures for this program will probably come to \$28,000,000.

Of this total program about \$6,000,000 will be spent for increased power house capacity; \$6,500,000 for new substations and additions to present substations; \$7,000,000 for underground and overhead lines from the power houses to the substations and from the substations to the surrounding territories; another \$3,500,000 will be spent to pick up these lines that run from the substations and to extend them so as to serve homes and businesses that have not previously had electric service. This amount also provides for installing meters for these new customers and connecting them to the company's lines.

The balance of this money will be spent for various other phases of the business such as purchases of land, erection of branch offices and warehouses, the purchase of trucks and other equipment, etc. A very sizeable amount will be necessary for the drafting and engineering work necessary to carry out such a large program.

In the territory along Grand River road from Farmington to Williamston, the company expects to add 800 new electric customers during 1927. The cost of extending lines to these new customers and installing meters, etc., will be about \$150,000.

At Northville the capacity of the substation is to be increased at a cost of \$15,000, to provide for additional requirements.

\$20,000 will be spent to increase the capacity and generally improve the substation and lines at Brighton to take care of added requirements.

At Howell new ornamental street lights will be installed to replace the present lights. This will cost about \$20,000.

At Williamston a new ornamental street lighting system will be installed at a cost of about \$8,000.00.

A 120,000 volt steel tower line is to be built from Ypsilanti to Bridgewater, at a cost of \$220,000, and from there to Cement City, jointly with the Consumers Power Co., at a further cost of \$230,000. This line will be extended to Jackson by the Consumers Power Co., so that power can be exchanged between the two companies. A substation to control this interchange will be erected in the vicinity of Ypsilanti, at a cost of \$250,000.

Today's Reflections

Have you ever paused to consider what an unhappy place Plymouth would be to live in if all the women were as ugly as the men?

A lot of people are still for prohibition because it enabled the country to get rid of the barroom quartets.

About the only thing a man needs to become political timber is the ability to plank down.

Nowadays when you hear that a Plymouth man has "joined the great majority" you don't know whether he is dead or at the movies.

Everybody is in favor of the golden rule—for the guidance of the other fellow.

If all children were exactly alike no mother could distinguish between a "precious darling" and a "darned brat."

When a Plymouth man goes home with a grouch he believes his wife has put the children up to asking all kinds of fool questions he can't answer.

European nations are now said to be traveling a smoother road. Let us hope they don't hit a detour.

Uncle Sam is going to make his paper money twice as tough. We hope he doesn't make it twice as tough for us to get it.

By the time the Plymouth motorist gets his auto "all tired out" for spring driving his pocketbook is the same way.

Talking about "The Old Oaken Bucket." Charlie Greenwell and Sarah Rainwater were recently married at Cincinnati.

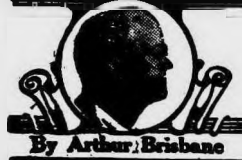

Maybe if the dictionary had mirrors between its covers you could get a girl to refer to it oftener.

How many Plymouth people can remember when a laughing chorus on the old-fashioned cylinder record sent an entire household into hysterics?

About half of all family quarrels are due to the fact that it's easier to get a man home before supper than it is easier to keep him at home after supper.

The man who owns a second-hand silver may not have a quarrelsome disposition but he is always trying to start something.

This Week

By Arthur Brisbane
ABOUT THIRD TERM DECENCY HERE AND THERE. SPIRAL, NOT JAGGED.

There is no question of a third term for a man who has only been nominated and elected once.

If not President Coolidge, WHO for the Republicans? That question interests Washington. Three names interesting the wise are Secretary Mellon, Secretary Hoover and Frank Lowden, of Illinois. Secretary Mellon, older than the two others, is young enough to manage admirably after-the-war finances for this nation and to work nine hours a day at his office.

Herbert Hoover has worked like a slave on development of national resources, including the Boulder Dam and waterways from the Great Lakes to the ocean and the gulf. The country appreciates that. Governor Lowden, a practical farmer, has millions of farmers with him. But the main question is: Does President Coolidge want the nomination. If he does, it is his.

Montana's Senate last week voted in favor of the Constitutional Amendment against Child Labor. The amendment may be lost, child labor being profitable, and profits hard to give up. But it is comforting to see decency here and there. In the end, of course, the amendment would help every state, just as the end of slavery helped all—including states that had the greatest sacrifices to make.

Child labor cheats grown men and women of work and cheats the next generation of its chance in life, to say nothing of mocking Christ's warning, "Their angels do always behold the face of my father, which is in Heaven."

Child labor sends plenty of little angels to verify that text.

France builds dozens of tiny airplanes, smallest in the world; every French submarine will carry one. One of these submarine airplanes rose from the water nine seconds after the submarine reached the surface, went up 2,000 feet, descended and went aboard the submarine again.

A fleet of submarines coming up near a big city, discharging its swarm of mosquito-like airplanes, each carrying its gas or explosive bomb, could make the next war interesting.

The "jagged" lightning, making "sparks" in the sky is not jagged at all, Mr. Legg, Westinghouse engineer, shows with photographs 150 times faster than motion picture cameras, that the lightning bolt is a spiral. That interests those who know that the spiral, as opposed to the circle, is the emblem of progress.

Our earth, accompanying the sun in its journey through space, travels ahead toward the star Vega, we going around it, following it, take a spiral course. You are many billions of miles from the spot in the universe where you were born, and probably never will go back.

Don't neglect colds, but don't be panic-stricken when told that Europe's influenza epidemic may come here. A wise doctor has said, "The best thing to take for a bad cold is two days," which means two days of complete rest in bed, at an even temperature, drinking much water, eating as little as possible.

A liner ad in the Mail has helped many people to dispose of used articles. The cost is small, but the results are satisfactory.

"My little girl had a bad cough. I gave her a few doses of Foley's Honey and Tar Compound and she was greatly relieved. If you want rest at night, especially where there are children, keep Foley's Honey and Tar Compound on hand."

Clyde H. Benson, Marlboro, Va.

NEW SCHOOL FOR CRIPPLED CHILD ASKED OF STATE

SEPARATE INSTITUTION TO AID LITTLE UNFORTUNATES IS BEING SOUGHT.

PROPOSED MEASURE SEEN MOST WORTHY.

PLAN HAS THE SUPPORT OF STATE SOCIETY FOR CRIPPLED CHILDREN.

Fathers, mothers and friends of the 12,000 cripples of the state of Michigan will look with keen interest on the bill which would authorize the appropriation during 1927 and 1928, by the state legislature, of \$175,000 toward the construction of the proposed Michigan Convalescent School for Crippled Children, and which is to be formally introduced during the current session of the legislative body. If legislators look with favor on the measure, the state will take its first step in determining the probable location of the school, which would be completed by September 1, 1928, according to those favoring the bill.

If authorized and erected, the projected institution for the state's cripples would examine and treat, care for and educate the ramshackled bodies of the deformed youngsters, in the same manner generally as it provides for the deaf, dumb, blind and other unfortunates. The measure seeking Michigan's awakening to its undivided responsibility for the care of the physically handicapped, would authorize the spreading of the amount of cost of construction and maintenance of this proposed school on the tax rolls of this and next year. It would mean that \$200,000 of this amount would be included in the 1927 tax roll, and the remaining \$275,000 during 1928. A location of the school is not suggested in the bill, as announced by Paul H. King, of Detroit, secretary-treasurer of the Michigan Society for Crippled Children, the headquarters of which are in Ann Arbor.

The so-called Michigan Convalescent School for Crippled Children would provide treatment to deformed boys and girls of the state between the ages from birth to 21 years. A superintendent would be appointed and he would be responsible to the State Board of Education and the Board of Public Instruction for the conduct of the institution.

To determine the actual number of Cripples in Michigan that are in need of the facilities which the school would offer, census enumerators, the bill proposes, would note the cripple population in the various districts of the state, reporting the number located to the superintendent of Public Instruction. The county school commissioners of each school district would then receive from the superintendent of Public Instruction the number of cripples in his respective district. County school commissioners, in turn, would investigate the cases reported, as to the ability of the parents or guardians of crippled children to compensate the state in full or in part for the muscular and mental education that the child would receive at the state school proposed. In cases where it was learned that the parents or guardians were not financially able to pay for the cripple's keeping and education, the probate judge of the respective county would issue the usual order covering the expense involved. In turn, the state would receive from the county the equal amount it allowed the county through the primary school fund.

The appropriation asked for, itemized, would include the actual cost of the school, estimated at \$350,000; a further sum of \$50,000 for the conduct and maintenance of the institution from September to December, 1928, and an additional \$75,000 covering the expenses incident to the registration of the cripples of the state, investigations and reports, supervisors of clinics compensations, salaries of orthopedic surgeons, "out patients" and "follow-up" departments, together with other costs.

A part of the last named appropriation would be used in carrying on the clinics now being conducted throughout the state, where county chapters of the Michigan Society for Crippled Children have held clinics at the society's expense during the past few years.

Cripples being cared for at the State Public School at Coldwater, the University of Michigan hospital at Ann Arbor, and other hospitals throughout the state, would be trans-

ferred to and cared for and educated in the proposed Convalescent School, the bill states.

This measure has the recommendation of the Michigan Society for Crippled children, an organization having nearly 20,000 members, and which for the past six years has been in immediate contact with the cripple child problem of the state. Although hospitalization of Michigan's deformed youngsters has ceased to be a matter for immediate attention and action, because of adequate facilities provided by the University of Michigan hospital, the State Public School at Coldwater, and by other hospitals in Michigan, schooling opportunities for the cripple are far from adequate at the present time, it is said.

PLYMOUTH GIRLS PLAY BELLEVILLE.

The importance of substitutes was never more clearly shown than in the basket ball games at Belleville, last Friday night, which their High school girls won from the Plymouth M. E. Church girls, by the score of 32 to 26. Belleville scored the first two baskets, but Plymouth tied the score at 6-4 at the first quarter, and then took the lead, the half ending 17-11. Belleville gained toward the close of the third quarter, which ended 24-21, but three points seemed a safe lead until the loss of Gladys Hake on personal, changed the advantage, and Belleville scored five baskets in quick succession. A shift of players on Plymouth's team stopped their spurt, but finished Plymouth's scoring as well, and the game ended 32-26.

Superintendent Myron of Belleville congratulated Plymouth's team on their hard, clean play. "This is the fastest game our team has had this season," he said, after the game. "The referee was unusually strict, and the fouls committed were only those which naturally occur when a team is playing a good fast game." He particularly commended the work of Elsie White at forward, and Gladys Welner at center.

The line-up was as follows: Plymouth—White, l. f., 8 field baskets, 3 free throws; Draper, r. f., 2 field baskets, 3 free throws; Welner, j. c.; Bolton, s. c.; Titus, Hake, l. g.; Brown, r. g. Belleville—Sobolewski, l. f., 4 field baskets, 4 free throws; Jackson, r. f., 10 field baskets; Thurston, j. c.; Fischer, s. c.; Foster, Carr, l. g.; Althman, r. g.

Referee—Ockerman, Ypsilanti. Belleville will be here next Tuesday, for the return game, at the M. E. church house. The game will be called at 7:30. Admission 25c.

GRANGE NOTES

The next regular Grange meeting will be held Thursday evening, March 3rd, and the banquet which was to have been held at that time, has been postponed until a later date. We wish to thank everyone who helped in any way to make our play a success.

WATCH FOR OUR NEXT AD

STETSON THE MAN

This was the first order for a dozen hats that he had received, and he had been working the market for six months. He hastened back to his shop, took all the money he had, went out and bought the finest fur that he could procure, and started to fill the order.

From this time on he had plenty of work. The margins, however, were very close. Customers would not pay more than two dollars for a hat, and they said that this was such a little one anyway, that it was not worth more.

Every Monday morning Stetson bought ten dollars' worth of fur. The fur came in batches and was carried up the croaking stairways by a lusty Irishman who hopped the bale upon the floor and waited stolidly for his money. The mail during the week brought enough to pay for the fur,

but barely enough, and one Monday morning when Stetson opened the last letter that had come to him he discovered that he had not enough money to pay for the bale of fur that would soon arrive. He knew the Irishman was on the way with his sled-barrow. Soon he would have to make the humiliating confession that he could not pay. What to do was the thing he was revolving in his mind.

He heard the man come up the stairs. He saw him enter with the load upon his shoulders. The Irishman gave the bale a toss and it fell with a thud to the floor, raising a cloud of dust. And, as it fell, the Irishman remarked in a hot-mush brogue: "The old man says that yez needn't molest stading the money for a week or so. Jes' suit yerself."

Dr. Frank Crane Says

FOURTEEN ERRORS OF LIFE

NO NEED TO SEND DEVIL TO MARKET

In a brochure recently got out at Antioch College, Ohio, reference is made to the custom of the old-time Shakers, who generally observed the laws of Christian brotherhood, of sending their most unscrupulous members out into the world to do their trading. Hence originated the saying that the Shakers always sent the devil to market.

The implication is that while Christian living and principals were suitable for ordinary affairs and in family life, they were not suitable for the outside world. There you had to fight the devil with fire and deal unscrupulously with unscrupulous people.

A very common idea is that those people get along best in this world who do not strictly adhere to the normal law. You have to be crooked enough to get along and yet not crooked enough to fall afoul of the law.

Those who are old and experienced in this world's dealing know the fallacy of this reasoning.

The fact is that it pays to be honest—to be honest in little things as well as in big, and to be honest in the

privacy of your chamber as well as in the open forum of the market.

Honesty is not a thing to be put on and off and to be used for certain purposes. It is something to be adhered to all the time, and a man who is faithful in all his dealings both at home and abroad, has the best chance of success.

Ed Howe, the sage of Potato Hill, can hardly be accused of being a strict religionist, and yet in his homely philosophy and experience, he has discovered that doing right is one of the surest means of success.

If any boy or girl is knocking about seeking some secret of success, none better can be offered than strict integrity.

To be just and upright in all things may occasionally get you into difficulty, but as a rule and in the long run it pays.

A man who keeps his hands clean and his heart right is always prepared for any attack, and as it has been roughly expressed, "He can look any man square in the eye and tell him to go to blazes."

THE THEATRE

"A REGULAR SCOUT"

An epic of American boyhood is "A Regular Scout," Fred Thomson's latest starring vehicle for E. B. O., which is coming to the Penniman Allen Theatre, Saturday, February 26.

The story deals with the Boy Scouts, the most powerful boys' organization on earth, and reveals intimate glimpses of their activities, lofty aims and splendid ambitions. Fred, who was at one time Scout Commissioner of the State of Nevada, has long wanted to bring to the screen a picture which would give everyone the opportunity to see and appreciate the marvelous undertakings of this splendid group of boys who are building the backbone of the nation. Nothing has been spared to make the technical points of the production accurate: a Scout Executive and a Scoutmaster were on hand during the entire making of the picture in order to guide every scene in point of exactitude and perfection. The story is an original by B. F. Oxford, while David Kirkland wrote the continuity. Mr. Kirkland also directed the picture and is deserving of particular praise in view of the smooth and powerful picture that he has turned out. The cast includes: Olive Hasbrouck, Mary Carr, Margaret Seddon, T. Roy Barnes, Buck Black, Bob McKim, Harry Woods, William Courtwright and Silver King.

"BRADELYS THE MAGNIFICENT"

King Vidor-John Gilbert. This, the greatest director-star combination the screen has ever known, already responsible for "The Big Parade" and "La Boheme," represents the talent, artistry, and ability of "Bradelys the Magnificent," the Metro-Goldwyn-Mayer picture coming to the Penniman Allen Theatre, Sunday and Monday, February 27 and 28.

The picture, one of the most vivid spectacles ever made for the screen, is from Rafael Sabatini's famous story of medieval France. Vidor also figures as an author in the picture version, having, with Dorothy Farnum, adapted the colorful romance to the screen.

Huge castles, great crowd scenes, court functions in gorgeous costumes, all figure in the spectacular part of the picture. The story, conceded to be the masterpiece of the author of "Saramoniche," "The Sea Hawk," and others, provides an amazing display of Gilbert's versatility. He fights some ferocious duels, for which he trained under the tutelage of an expert swordsman for several weeks; swims a raging river on horseback, pole vaults out of the grasp of his enemies and does a score of other equally dangerous and astounding stunts.

Eleanor Boardman, beautiful holder of the Wampus cup for the most notable screen achievement of the past year, is the leading woman of the production. She recently scored a remarkable success in Elinor Glyn's "The Only Thing" when her beauty attracted widespread attention, while her clever acting in Rex Beach's "The Auction Block," added to her laurels.

The cast includes: Roy D'Arcy, sinister crown prince of "The Merry Widow," Karl Dane, the comic Slim of "The Big Parade," George K. Arthur, famous English comedian, and Arthur Lubin, stage and screen player. Others in important parts are Lionel Belmore, John T. Murray, Emily Fitzroy, Theodore VonEltz and Edward Connelly.

WOMAN'S CLUB ENJOYS MUSICAL PROGRAM

The Woman's Club met Friday afternoon, February 18, at the I. O. O. F. Temple, with a large number of ladies present. The president, Mrs. R. E. Cooper, presided over the business meeting.

The program for the afternoon consisted of music by eminent composers, bits of their biographies and descriptions of the music. Division XI was in charge of the program, with Mrs. Everett Jolliffe the leader, and Mrs. J. W. Bickenstaff the hostess.

Interesting sketches from the lives of several composers were read by the ladies of Division XI. Mrs. Jolliffe telling us of the life of Arthur Lask, librarian for the Detroit Symphony Orchestra; Mrs. R. E. Cooper, the life of Ossip Gabrilowitsch, leader of the Detroit Symphony Orchestra; Mrs. George Burr, the lives of Ethel Barton Nevin and Edward McDowell; and Mrs. George Smith, the lives of three well known composers, Beethoven, Liszt and Chopin.

After hearing about each of these great men, we were favored with a number of their compositions, beautifully played by Miss Carina Penney and three of her pupils, the Misses Angeline Rousseau, Margaret Wood and Helen Fish. The musical part of the program consisted of the following:

"Love Dreams," "A Nocturne," "A Lullaby," by Lask—Miss Penney
 "Caprice Burlesque," by Gabrilowitsch—Miss Penney
 "Narcissus," Nevin—Miss Rousseau
 "Good Night Song," Nevin—Miss Rousseau
 "To a Wild Rose," McDowell—Miss Rousseau
 "Concert Etude," McDowell—Miss Penney
 "Moonlight Sonata," Beethoven—Miss Penney
 "Love's Dream," Liszt—Miss Penney
 "Little Gem," "The Raindrop," and "The Military" Prochides, Chopin—Miss Wood
 Two Waltzes, Chopin—Miss Fish
 "Ballad in G Minor," Chopin—Miss Penney

This was one of the finest programs the club has enjoyed this year. A rising vote of thanks was given Miss Penney and her pupils for their help in making the program a success.

Who likes to go to a birthday party? Everyone does, I know. Friday afternoon, March 4th, Division XII, with Mrs. Wm. Pettigill the leader, will have a birthday party at the club rooms, to celebrate the thirty-fourth anniversary of the club. There are going to be several surprises and everything that goes with a party; so all the members will surely want to be there.

IN MEMORIAM

In loving memory of our dear husband and father, Fred Boyer, who passed away three years ago, February 28, 1924:

Not dead to us that loved him,
 Not lost, but gone before;
 He lives with us in memory
 And shall for evermore.

He has gone to that bright celestial shore,
 Where all is bright and fair,
 Where sorrows never come,
 And God's love all doth share;
 And thus affection lives beyond
 Death's dark and withering veil;
 No power hath man to part the bond,
 We meet in spirit still.
 His loving wife and children.

IN MEMORIAM

In loving remembrance of our dear son, Kenneth M. Collins, who passed away one year ago, February 22, 1926:

A precious one from us is gone,
 A voice we loved is stilled;
 A place is vacant in our home,
 Which never can be filled.
 His footsteps now no more we hear
 Nor see the sunshine of his face;
 But in God's mansion, oh, so fair
 We will hope to meet our loved one
 over there.
 Sadly missed by his father and mother.

When you have company, or have been away, phone the item to the Mail office. Items are always appreciated.

WAYNE HEALTH GROWTH TOLD

IN SEVEN YEARS RED CROSS EXTENDS NURSING, SOCIAL SERVICE TO EVERY HOME.

How the American Red Cross, starting from scratch in 1920, developed a health program for rural Wayne county that now covers the county, is told in a report by the committee on health and social welfare, prepared by Miss Mabel E. Uzzell, director of the work.

Before 1920, Miss Uzzell points out, the 17 townships in the territory west of Detroit, with a population of approximately 200,000, had not even made a beginning toward an organized health program.

Backed By County.
"Today," she adds, "every city, village and farm" home even in the furthest corner of the county has access to the services of a public health nurse and a social worker. The Detroit chapter of the American Red Cross has invested in the county during these seven years \$232,098.30 in health education."

The need for this service in the rural sections of the county was proven so effectually that the board of supervisors last fall voted an appropriation for carrying on the work under the auspices of the county school commissioner. Up to that time the work had been financed by the Detroit Community Fund.

In carrying out its program, the committee was confronted by constantly changing conditions due to the rapid growth of Detroit westward. New communities seemed to spring up almost over night, placing added responsibilities on the health workers. Several of these communities, where the rural nurse pioneered, are now organized municipalities or a part of the city of Detroit.

Found 27,630 Defects.
In the seven years the Red Cross nurses were on the job they made a total of 155,957 visits to 11,873 patients, covering a total of 700,000 miles in 10 small machines. They examined 133,052 school children, gave first aid treatments to 27,630, and discovered 25,736 physical defects, more than 50 per cent of which have been corrected.

"In the same period 3,237 clinics were held in the rural sections of the county, with a total attendance of 35,649, and 3,965 women from these sections attended home nursing classes in the city, to receive instruction in bedside care of the sick in their home.

The Red Cross nursing staff has been taken over by the county. At the request of the county school commissioner, Eber W. Yost, the committee on health and social welfare of the Detroit Red Cross chapter will continue to act in an advisory capacity for the present. The committee is headed by Mrs. Lena Lake Forrest, with Miss Edna N. White as vice-chairman.

The other members are: Mrs. Elisabeth H. Vaughan, Mrs. Lystra E. Greter, Miss Grace Ross, Miss Emily McLaughlin, Eber W. Yost, Fred R. Johnson, Dr. B. H. Warren, H. L. Gaddis, Mrs. John Reid, Mrs. John Martin, Rev. John G. Cook, Mrs. Ralph Stringer, Mrs. Charles H. Bennett, Mrs. C. L. Dubour, Mrs. Alfred Rice, Rev. Harry Biddlecombe, Mrs. Mary Snow, Mrs. E. L. Roach, Mrs. Charles Gartner, Mrs. E. H. Walters, Miss Stella Buckenberry.—Detroit Free Press.

Picked Up About Town

Dad Plymouth says the easiest way to make your wife obey is to order her to go ahead and do as she doggone pleases.

"The average man," asserts Dad Plymouth, "would rather spend \$50 for a cure than a dime for an ounce of prevention."

Who expected to see the time when a seat in the senate would cost more than a seat on the New York stock exchange?

"Maybe the reason Lot's wife turned to a pillar of salt," says Dad Plymouth, "was because she was like some girls of today—she got too fresh."

Dad Plymouth says it has been his observation that when the bride's cooking is confined to canned goods the honeymoon gets hungry and disappears.

"Up to this time," asserts Dad Plymouth, "croquet is about the only game in which they haven't been able to stir up a scandal."

LIBRARY NOTES

Thursday, February 17th, the second experimental Round Table Meeting of the Wayne County Library, was held in Plymouth, with a splendid representation from the centers invited. Ten ladies from the Northville Library Board were present, two representatives from Wayside, two from Ecorse, one from Belleville, one from Wayne, one from Wyandotte, six from headquarters staff, and six from Plymouth.

After explaining the purpose of the meeting, Miss Dawson introduced Mrs. Owens, who gave an enthralling review of "Stalling across Europe," by Farson, followed by a review by Mrs. Harmon, president of the Northville Board, of "Shot Towers," by McIntyre, which was very well recommended. Miss Olliphant, children's librarian, discussed several new and appealing books just off the press, for children: "White Leader" by Skinner, "Modern Aladdin and Their Magic" by Rush, "Soldier Boy" by LeFevre, "What Happened in the Ark" by Walker, "Chi-Wee and Loki" by Moon, "Toto and the Gift" by Adams, "Little Machinery" by Liddell, and "Tale of Mr. Tooleoo" by Darwin.

Mrs. Murray of the Plymouth library committee, then reviewed Zora Gale's new book, "Preface to a Life." Miss Dawson gave an account of how new books are selected and ordered, after which she gave the history of the development of the Plymouth Branch Library. The discussions interspersed were of especial interest and value.

The meeting adjourned to the new Episcopal church, where a splendid luncheon was efficiently served and thoroughly appreciated.

Violin, Mandolin, Guitar, Banjo Ukelele taught and furnished. Piano instruction. Open Monday and Thursday, 2:00 till 8:00. Other hours by appointment.

A Silent Vote of Thanks

For over a third of a century we have been serving the residents of Plymouth and the fertile farming territory of which it is the hub. Though few have given verbal commendation of the services we have rendered, we know they have all given us a "silent vote of thanks" by sending their friends to bank here, too. It is that silent vote that has helped us grow. We appreciate it.
