## PLYMOUTH WAS NAMED 100 YEARS AGO LAST MONDAY

### Karl H. Starkweather Writes Interesting Story of How the Village Happened to Be Named Plymouth.

"Town one south, range eight east, District of Detroit, M. T." Just a handful of meaningless words, these. At least, so they may seem to the majority of Plymouth citizens today. But they were certainly not meaningless to the Plymouth pioneers of over 100 years ago. For the first two years the settlers had lived in a nameless community. The only way by which they might designate the location of their wilderness homes was by use of the surveyor's dull, though necessary, description.

The nucleus of Plymouth as a village, as is generally well known, can be marked from the intersection of the present Ann Arbor and South Main streets, and from a few scattered dwellings and a mill or two in the near vicinity of what we know as the crossing of the Mill street and Plymouth roads. The present main town section was generally referred to merely as "the corners," or sometimes in a more jocular vein, as "Podunk." Similarly, the present North Mill street and surrounding neighborhood was dubbed Japan, and quite a broad territory around the present intersection of Starkweather avenue and Liberty street, but mostly west, was for a long time known as the "black ash swamp."

But early in 1827 the settlers had become more numerous. The best plots of the land had all been taken. The common talk now was concerning the creation of a township organization, and the dignity of owning a name. Several more or less impromptu meetings had already been held with this purpose in view. It is recorded that at one time it had been proposed to call the town Pekin, but this was finally discarded. Eventually the name LeRoy came to be the first choice of the people.

Finally, some time during the month of February, 1827 (exact day unknown), a meeting was called to be held at the house of John Tibbitts. Mr. Tibbitts himself was acclaimed chairman at this meeting, and Abraham B. Markham was appointed secretary. LeRoy was the name chosen. However, before any name could become official, it was necessary that the same be submitted to the territorial legislative council for enactment. The bill then went to the governor for approval, and should he approve, the name became law.

One of those who attended this meeting was William Bartow. Mr. Bartow himself was a member of the legislative council, having been appointed by Governor Cass. He had located on section one during the year before. At this meeting Bartow proposed the name of Plymouth. It is significant that the three Tibbitts boys, John, William and Allen one of whom, as stated, was chairman, were natives of Plymouth, Mass. Both names were sent in, LeRoy as first choice with Plymouth a good second. For some governmental objection, however, the nature of which is not quite clear, the name LeRoy was turned down.

It is a singular fact, however, that years later Michigan had two different communities named LeRoy. A township and postoffice in Oscoda county had been given that name, and it was also the name of a station on the old Detroit Lansing and Lake Michigan railroad. The latter was finally changed to Webberville. Both names appear on the map of Michigan for 1873.

Accordingly, the legislative council passed an act, which was approved by the governor, Lewis Cass, on the 12th day of April, 1827, to wit:

"Be it enacted by the legislative council of the territory of Michigan, that all that part of the county of Wayne included in the surveyed townships one and two south, range eight east, shall compose the township of Plymouth, and the first township meeting shall be held at the house of John Tibbitts, in said township." And thus Plymouth came into the dignity of her own.

It will be noted that the legislative council included two whole townships under the one name of Plymouth. For several years thereafter town one south was called Plymouth, while town two south was locally known as South Plymouth. Town two south was separately organized on March 7, 1834, and given the Chinese name of Canton. Chinese nomenclature seemed to be getting quite the thing in those days, for whereas Plymouth once rejected the name Pekin, the legislative council bestowed it upon a neighbor in 1823, and simultaneously created the township of Nankin. That is the same year in which the first American missionary started for China. But Pekin was unseated and she changed her name to Redford in 1833.

The first functioning under the newly created name of Plymouth occurred on May 28, 1827. This was in the barn of John Tibbitts. William Bartow was elected moderator, and Abraham B. Markham clerk of this meeting. The following township officers were elected: Supervisor, William Bartow; clerk, Allen Tibbitts; collector, Abraham B. Markham; assessors, Rowell Root, Erasmus W. Starkweather, and Henry Lyon; poor masters, Cyrus Cole, Rufus Thayer.

Abraham B. Markham and Luther Lincoln, highway commissioners, Gideon P. Benton, Rufus Thayer, Benjamin Sheum; overseers of highways, Henry Lyon, Abraham B. Markham, Rufus Thayer, John Tibbitts, James Taft, Philander Bird and Amariah Bradford; constables, Henry Lyon and Abraham B. Markham. As there were as yet no justices of the peace in Plymouth, Judge B. F. H. Withnell, of Detroit, came out on horseback to administer the oaths of office to those elected. Before the meeting adjourned it passed a resolution that here be allowed to run on the high ways.

It will be noted that no one was elected to be justice of the peace; but justices were not elected in those days. During territorial times all such were appointed by the governor. But Plymouth was not to be dismayed. She had what was known as the "Court of Peace." It was a mock court and organized to consist, its undoubted efficiency can be attested to when it is recorded that "it soon cleared the town of that class of roughs and scoundrels who rendered the name of Pontiac and some other new towns a by-word and reproach."

Not until 1828 or three years after the community was settled, did Plymouth boast any justices. On April 7th of that year the township clerk was instructed to petition the governor and council to appoint William Bartow, John Davis and Philander Taylor to be justices of the peace. An election for delegate to congress from the Territory of Michigan was held in the township July 9th, 1827. Thirty votes were cast—21 for Austin E. Wing and nine for John Biddle.

Plymouth's first tax roll contained the names of seventy-one resident taxpayers and sixty-seven non-resident. This was in the fall of 1827. The total amount of taxes levied for that year is variously given from \$124.19 to \$174.40. Because of the non-resident liability to the non-residents it is recorded that there was really but \$68.90 which could be collected. Mr. Markham, the collector, spent a whole month plowing through the snow in an endeavor to collect it. Finally, after throwing off his own percentage, he worked four days in order to raise sufficient funds to pay the entire amount due. Mr. Markham never became a candidate for collector again.

## PLYMOUTH LOSES DEBATE WITH ANN ARBOR

At least fifty loyal Plymouth boosters heard the Plymouth-Ann Arbor debate in Ann Arbor Tuesday evening, April 12th. The judges gave an unanimous decision to the Ann Arbor team, which consisted of three boys, Patrick Doyle, Roland Stanger and Franklin Forsythe, all of whom are seniors.

The judges were Miss Beata Wagner, debate coach at Monroe; Prof. Ruppel, of Michigan State college, Lansing, and Superintendent of Schools Reed of Adrian. The judges granted that the Plymouth debaters were superior in knowledge of their material, in their adaptation and in the directness of their refutation, but all three gave the decision to Ann Arbor on the basis of the voice, personality and maturity of two of the three speakers.

The debate was the closest that either school has experienced all year. Plymouth's three debaters, Wilbur Murphy, Franklin Atkinson and Josephine Schmidt, did excellent debating and should be congratulated for taking Plymouth up to the semifinals in the state contest, a position which Plymouth debaters have not achieved in the past six years, since Etha Wisley, Charles Chappel and Lyman Judson went to the semifinals in 1921.

For the past seven months Wilbur Murphy, Franklin Atkinson and Josephine Schmidt have worked tirelessly nearly every day from two to three hours after school in order to win debating distinction for Plymouth High school. They are to be congratulated on being the champion debaters of Wayne county, and upon making Plymouth one of eight schools out of 264 in the state to remain in the fight.

## GOOD FRIDAY

As has been the custom here for a number of years on Good Friday, most of the business places will close from 12:00 o'clock noon, until 3:00 o'clock.

## DE-HO-CO TEAM TO OPEN BASEBALL SEASON

The baseball season for 1927 at the Detroit House of Correction farm will open on Sunday, May 1, with a bang. For the opener, the De-Ho-Co team, representing the farm institution and always a fast aggregation of players, will be opposed by the nine that represents the Detroit League of Municipal Employees, which, too, always has dished up a snappy article of ball.

The advance sales assure a record crowd for an opening game on the De-Ho-Co grounds, where the grandstand capacity has been more than troubled to take care of the fans of the team, who have been increasing with every season's play. Additional bleachers also have been erected and a seat for everybody is guaranteed while these two fast teams battle it out for first blood of the season.

In their first meeting in 1926 Stevenowski opposed Rowland, who was on the pitching mound for the De-Ho-Co's, and the Municipal league representatives won the opener. Added interest attaches to the return meeting on May 1st as these hurlers again will be opposed. Stevenowski is said to be equally as fast this year as last, while Rowland's condition is reported to have never been better. This means that an exciting contest may be looked for.

It is expected that many notables will be present at the season's beginning, among them Governor Fred Green and Mayor John W. Smith of Detroit. There will be a flag raising, a parade of ex-service men and other attractions to make it a gala day on the De-Ho-Co diamond, pronounced by Ty Cobb superior to many diamonds in the big leagues.

Music for the occasion will be furnished by the Detroit police department band, one of the finest organizations of its kind in the country. A single admission of 50 cents will be charged for the game.

## PLYMOUTH LEAGUE OF WOMEN VOTERS MET

Monday, April 11th, at 2:30, the Plymouth League of Women Voters met at the home of Mrs. Benjamin R. Gilbert, on Penniman avenue.

The program was on Child Welfare, with Miss Alice Wallin, of the Highland Park Day Nursery, as the speaker. She pointed out the significance of the day nursery in the education of the modern child.

After the discussion punch was served by the hostess and the results of the spring elections were discussed.

The May meeting will be held Monday, May 9th, at the home of Mrs. Donald R. McKinnon, on Church street. The program will be announced later.

Firemen's dance Monday evening, April 18th, at I. O. O. F. temple.

## Plymouth Firemen Will Give Dance

The annual dancing party given by the Plymouth fire department will take place next Monday evening, April 18th, at the I. O. O. F. temple. These parties given every year by our fire laddies are always looked forward to with a great deal of pleasure, because it gives everybody a chance to help the department in replenishing their treasury and at the same time provide an evening of real enjoyment. Our citizens appreciate the efforts of our fire department, which for efficiency and service, there is no better volunteer department in the state, and are glad of an opportunity to show their appreciation. The party next Monday evening will be largely attended, there is not a doubt.

## MANY CHILDREN SEE "ROBIN HOOD"

Last Saturday morning, a long line of children eagerly awaited the opening of the doors at the Penniman Allen Theatre to see Douglas Fairbanks' great film feature, "Robin Hood," which was given free, under the auspices of Willoughby Bros. of this place and the Central Shoe Company of St. Louis, makers of Robin Hood shoes.

Henry Segnitz took the part of Robin Hood in an interesting prologue and epilogue to the film.

The Boy Scouts were on hand, and looked after the safety of the children. Robert Willoughby of the Willoughby Bros., Walk-Over shoe dealers in Plymouth, and a representative of the Central Shoe Co. of St. Louis, was present to welcome the little guests. Over 700 children were present, and judging from the enthusiastic applause that greeted the exciting moments of the picture, the children enjoyed it immensely.

Each one of the children was the recipient of several souvenirs in remembrance of the occasion. It was a great event in the lives of the children, and will long be remembered.

## O. E. S. TO HAVE PUBLIC INSTALLATION

The officers of the Order of the Eastern Star will be installed Tuesday evening, April 19th, at eight o'clock. Each member is privileged to invite one friend.

## PLYMOUTH CHURCHES TO HAVE SPECIAL EASTER PROGRAMS

### Special Services Will Mark Easter Sunday, April the 17th

## AGGIE CLUB BANQUET A GREAT SUCCESS

The sixth annual Aggie Club banquet was held at the Plymouth High school auditorium, last Friday evening, about eighty people being seated at the tables arranged to form a block "A." After a fine supper prepared by the Baptist Ladies' Aid Society, and served by the Girl Scouts, the president of the club, Millard Nelson, was introduced as toastmaster.

The program throughout was provided by students and alumni of the High school or of Michigan State College, the first speaker being Herbert Miller of the class of 1922, who responded to the toast, "What the Alumni Members Think of the Aggie Club," and in well chosen words explained the value of the course as a preparation for farming or for further college training along such lines.

After a very pleasing trombone solo by C. J. Dykhouse, Samuel W. Spier, told "How it Looks to Dad," and gave several instances of the value of agricultural training to various students. He asked that the values of the course be emphasized to those who should be interested, not only by students and faculty, but by parents as well. He concluded by showing the value of the milk-testing work as carried on by this year's class, and calculated its value at about \$8.50 per year for each family.

Ralph Carr, the county agent, who was next on the program, was detained by a cow testers' meeting in Adrian, but his place on the program was very ably filled by Prof. Joseph E. Cox of the Crops Department of M. S. C., who spoke of the Master Farmers Club and the inspiration of such men as A. B. Cook, the Garfield brothers, Paul Clement of Britton, and others.

The Hutton-Wagner trio then favored the gathering with two instrumental selections. J. B. Hasselman, publicity director of M. S. C., was called upon. Mr. Hasselman spoke briefly of the value of vocational training, of the opportunities offered along different lines and in different courses at the college, showed why agriculture would continue to be a dominant interest in the institution, and explained the various ways in which the extension work seeks to serve those who are not in college.

Each of the speakers was well received, and those who were "repeaters" at the banquet, pronounced it fully up to the standard set in past years.

## METHODIST CHURCH EASTER SERVICES

Special services will mark the Easter Sunday services in the churches of the village, all of which will have devotions appropriate for this occasion.

Services of an unusually impressive nature will take place at the Methodist Episcopal church on Easter Sunday. The services will commence with a Victory service at 6:30 in the morning. At 10:00 o'clock, an Easter cantata, "Death and Life," (Shelly), will be given. Special music will be rendered under the direction of Wayne Vandyne, with Miss Hanna Strason organist. Those who will render the several song numbers are: Sopranos—Mrs. J. T. Chapman, Miss Ruth Allison, Mrs. C. G. Shear; tenors—Wayne Vandyne, Harold Joffie, Austin Whipple; contraltos—Miss Winifred Joffie, Mrs. W. S. Bake, Miss Barbara Bake; basses—Evered Joffie, Elmer Whipple, Forest Hulert.

In the evening at 7:30 o'clock, a pageant, "The Easter Pilgrims," will be given under the direction of Mrs. O. R. Borek.

## EASTER PROGRAM AT BAPTIST CHURCH

The Baptist Sunday-school will give an Easter evening at 7:30 o'clock, two dramas of the Resurrection entitled, "The Women's Easter" and "The First Easter Day," also the pantomime, "The Holy City," recitations and songs.

## THE WOMEN'S EASTER Characters

Simon Peter—Harry Foster  
Hannah—Gertrude Grainger

## PANTOMIME

"The Holy City," song by Mr. Tracy, assisted by seven girls; accompanist, Melissa Roe.

The public is invited.

## EASTER AT FIRST PRESBYTERIAN CHURCH

Appropriate Easter music will mark the Sunday morning service at the Presbyterian church. The choir will be assisted by Paul Vollmer, who will sing "Gloria." A reception service for new members will be held, and the sacraments of Baptism and the Lord's Supper will be observed. The floral decorations are in charge of H. J. Green, whose excellent taste in this matter is so well known.

The Sunday-school will also have a most interesting and attractive service. It will be in charge of the beginners and primary departments. Twenty-seven little folk are to receive promotion certificates. The accompanying service of song and exercises is very effective.

## NETHEM BALL TEAM WILL OPEN WITH NEWBURG

Another baseball team has been organized for the benefit of Plymouth and its vicinity's pastime, under the able management of John VanBom and Angus Heaney. This team, known as the Nethem Club is composed of young men living in Newburg, Plymouth and Salem, whence it derives its name. Nethem, a challenge is hereby given to any team class A in the neighborhood. Next Sunday the Nethem Club will be found in action, crossing bats with the strong Newburg club, at Newburg, at 3:00 o'clock. All are invited to view this game and pass judgment upon the newly organized ball team. The members will wear their new suits for the first time, and from all reports it looks as though it is going to be a gala day. Welcome Nethem ball team of Plymouth.

## NEW VILLAGE MANAGER ASSUMES OFFICE

William Weltner, Plymouth's new village manager, has taken up his new duties, and is now familiarizing himself with the various departments of village affairs. Mr. Weltner graduated from the University of Michigan in 1916, and holds a degree of Bachelor of Civil Engineers. He specialized in sanitary and highway work, which he has since followed. For two years he was employed by the State Highway Department as resident engineer, and for the past seven years has been connected with the engineering department of the city of Detroit.

The new manager is a very pleasant gentleman to meet, and is very enthusiastic about his new work here in Plymouth.

## BASEBALL

Plymouth Merchants, with a splendid record of 18 wins and 5 losses for the season of 1926, will start practice Sunday, April 17th, at 9:30 a. m., and every Tuesday and Friday at 6:00 p. m., on Burrough's Field. All last year's regulars and anyone seeking a try-out, please report Sunday morning at the field.

Any local teams wishing practice games, call or see Manager "Che" Burley.

Measurements for new uniforms will be taken at Jewell's Men's Store, north village.

**USE LOTS OF LIME.**  
 In talking with a physician a few days ago we asked him what is the best thing Plymouth citizens can use at this time to preserve their health. His answer was: "Lots of lime." From a health standpoint, he says spring housecleaning is not sufficient. Alleys, back yards and vacant lots need to have the winter's accumulation of trash removed and lime sprinkled about in liberal quantities. The garbage pile and manure heaps should be taken away before the disease germs in them are spread about. Stagnant pools and ditches breed mosquitoes and should be drained. All outdoor toilets should be cleaned or rebuilt and plenty of lime scattered about them. It is not expensive, and when its value as a disinfectant is considered it is worth a thousand times its cost. Get a barrel or a sack of lime at once and scatter it before disease germs have a chance to breed. It's the cheapest health insurance you can buy.  
**WHISKERS AND FARMERS**  
 An official of the American Farm Bureau Federation, returning from a tour of 23 states, says he was surprised to find so few farmers with whiskers. "Not even the old men had them," he said. He feels that we may as well abandon all notions that the farmers of today wear long whiskers and go about with a straw between their teeth, as the cartoonists picture them. Like most men, the farmer wears clothes adapted to the kind of work he does. He would be foolish to go into the field dressed like a floor-walker. Mentally, he comes as near being "dressed up" all the time as the average man. He is well-informed, we mean, and knows what is going on in the world. With all modern means at hand for keeping in touch with things he takes advantage of them. And if there is anyone in the world who is really behind the times, it is the fellow who thinks the farmer is.  
**THE LOWLY POTATO**  
 The public will stand for a raise in the price of gasoline, moving picture seats, silk stockings or auto tires and offer but slight complaint. But let the price of potatoes increase a few cents and there's a howl from Portland, Oregon, to Portland, Maine, and from Canada to the gulf. In fact, potato price increases are considered as calamities.  
 Of course, we go right ahead and pay the increased price, even if we do protest. Yet it never occurs to us that there might be a valuable lesson

In it for us if we would only study it a bit. We have around Plymouth numerous residents who have just cause for complaint when they go along year after year producing crops that, when finally disposed of at current prices, leave them little profit. If it is corn or cotton, wheat fruit or hay—whatever it is they raise and sell—they usually find that when their own harvest is best there is an over-production of that very commodity and the price either remains where it was, or slumps.  
 The men who raise potatoes have solved their problems by getting together and fixing the size of their crop each year. Then if the yield should be cut down through unfavorable weather conditions, they are still ahead because there isn't enough potatoes to supply the demand, and that brings a still higher price. Almost any other product gleaned from the soil is as much of a necessity as the potato, but the men who raise other things somehow don't seem able to realize it or they would, like the potato growers, quit cutting their own throats by raising a supply far greater than the demand.  
**THE OLD FOGY**  
 That Plymouth man who puts out the cat regularly before going to bed, who winds the clock, goes around to see that the windows and doors are all properly fastened, takes a look at the fire or, if he is burning gas, looks under the heater to see that the flame isn't too high, is generally referred to by members of the younger set as an "old fogey." And right here while we have both the time and the inclination to speak a word in defense of this so-called "old fogey."  
 Perhaps if we had some way to gather the statistics we would find that the last look around to make sure that things are safe is the best prevention against accidents and unwanted happenings during the night. More burglars gained admission through unfastened windows than ever spring the catches or pick the locks. More barn and garage robberies are committed at night than in the daytime, and yet those who belong to the "old fogey" class who go out to make sure they are properly locked are referred to in sarcastic tones.  
 The man who turns inspector each evening in these times when the custom is to let everything go and turn out the light and jump in bed may be a bit old-fashioned, but he is the safest kind of a man to have around the house. He may be an "old fogey" in the eyes of the younger generation, but he is the means of saving a good many million dollars worth of property that would go up in smoke or be stolen every year only for his precaution.  
**Father—Father—Father!**  
 She—"I showed father the verses you sent me. He was pleased with them."  
 He—"Indeed. What did he say?"  
 She—"He said he was delighted to find that I wasn't going to marry a poet."

**OBITUARY**  
 William Houk was born at Detroit, Michigan, November 27, 1879, the son of Jacob and Whilmina Houk, and departed this life April 4, 1927. He was united in marriage to Jennie L. Oliver, December 1st, 1897, at Dearborn, Mich. To this union were born four children, Maud Houk Jorgenson, William L., Robert Irving and Edwin Leslie, who died at the age of eight years.  
 He leaves to mourn their loss, his wife, three children, two grandchildren, eight brothers, two sisters, and a host of friends and kind neighbors.  
 Mr. Houk united with the Methodist church when a young man, and always remained a true and faithful christian. Possessing a kind and liberal disposition, his life was an inspiration to all with whom he came in contact, and he will be greatly missed by all who knew him.  
 The funeral was held from his late residence at Cherry Hill, with burial at Riverside cemetery, Plymouth, Thursday, April 7th.

**CLEAN-UP-WEEK**  
 A Proclamation  
 Each year there is set aside a week which is designated by the Governor as Clean-Up-Week.  
 Statistics from the records of the state fire marshal show that seventy-five per cent of the fires are due to carelessness. Last year there was a property loss of \$17,533,503.26 accounting for 18,309 fires. There were 73 schools, 70 churches, 23 hospitals, 28 theatres, 137 hotels and two children's homes damaged by fire and in addition there were 339 fatalities.  
 I hope our people will observe Clean-Up-Week by removing all rubbish and inflammable material from dangerous proximity to all buildings. Local authorities are urged to give special attention to such, install additional fire fighting apparatus; cause fire drills to be conducted in all public and private institutions, factories and schools and ask teachers to instruct their pupils in the work of fire prevention.  
 The people of Michigan have to pay this tremendous fire loss of \$17,533,503.26. By their earnest co-operation the citizens of this state can obtain far-reaching results along fire prevention lines.  
 I urge most earnestly that everything possible be done to minimize the danger of fire, lessen fire hazards of every kind and reduce the loss of life and property throughout this state. I recommend the installation of sprinkler systems wherever possible.  
 I hereby proclaim May 16 to 21, 1927, as Clean-Up-Week.  
 Given under my hand at the Capitol in Lansing this Sixteenth day of March, 1927.  
 Fred W. Green Governor.  
 John S. Haggerty, Secretary of State.  
 Oscar G. Olander, Commissioner of Public Safety.

More burglars gained admission through unfastened windows than ever spring the catches or pick the locks. More barn and garage robberies are committed at night than in the daytime, and yet those who belong to the "old fogey" class who go out to make sure they are properly locked are referred to in sarcastic tones.  
 The man who turns inspector each evening in these times when the custom is to let everything go and turn out the light and jump in bed may be a bit old-fashioned, but he is the safest kind of a man to have around the house. He may be an "old fogey" in the eyes of the younger generation, but he is the means of saving a good many million dollars worth of property that would go up in smoke or be stolen every year only for his precaution.

 He—"Indeed. What did he say?"  
 She—"He said he was delighted to find that I wasn't going to marry a poet."

**CLEAN-UP-WEEK**  
 A Proclamation  
 Each year there is set aside a week which is designated by the Governor as Clean-Up-Week.  
 Statistics from the records of the state fire marshal show that seventy-five per cent of the fires are due to carelessness. Last year there was a property loss of \$17,533,503.26 accounting for 18,309 fires. There were 73 schools, 70 churches, 23 hospitals, 28 theatres, 137 hotels and two children's homes damaged by fire and in addition there were 339 fatalities.  
 I hope our people will observe Clean-Up-Week by removing all rubbish and inflammable material from dangerous proximity to all buildings. Local authorities are urged to give special attention to such, install additional fire fighting apparatus; cause fire drills to be conducted in all public and private institutions, factories and schools and ask teachers to instruct their pupils in the work of fire prevention.  
 The people of Michigan have to pay this tremendous fire loss of \$17,533,503.26. By their earnest co-operation the citizens of this state can obtain far-reaching results along fire prevention lines.  
 I urge most earnestly that everything possible be done to minimize the danger of fire, lessen fire hazards of every kind and reduce the loss of life and property throughout this state. I recommend the installation of sprinkler systems wherever possible.  
 I hereby proclaim May 16 to 21, 1927, as Clean-Up-Week.  
 Given under my hand at the Capitol in Lansing this Sixteenth day of March, 1927.  
 Fred W. Green Governor.  
 John S. Haggerty, Secretary of State.  
 Oscar G. Olander, Commissioner of Public Safety.

### OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., April 4, 1927.  
A regular meeting of the Commission in the Commission Room of the Village Hall, Monday evening, April 4, 1927 at 7:00 p. m.

Present: President Fisher, Commissioners Henderson and Hondorp. Absent: Commissioners Pierce and Shear.

The minutes of the regular meetings of March 28th and the special meeting of March 29th were approved as read. Mr. Carl G. Shear's resignation was, on motion, accepted and request made that it be published in the Plymouth Mail.

The president appointed the following three members to co-operate with the Village Attorney, John S. Dayton, in making the necessary changes in the Village Charter: Coello Hamilton, W. T. Conner and J. W. Henderson.

The appointments for the ensuing year were made by the President and confirmed by the Commission as follows:

John W. Henderson—President pro-tem  
George W. Richwine—Village Treasurer

Arthur V. Jones—Village Assessor  
Dr. R. E. Cooper—Health Officer  
Edward Gayde—Cemetery Trustee, term of three years

William A. Blunk, Charles Mather—Board of Review  
On motion, William F. Hayball was authorized to act as Village Clerk, pro-tem, until such time as the Village Manager takes office.

Mr. Shoecraft, from firm of Hoard, Decker, Shoecraft & Drury, Engineers, explained changes necessary to be made in the sanitary sewer program.

Mr. Shoecraft was asked to make a separate report on the sanitary sewer on Starkweather avenue from Spring street to Farmer street, to the Commission at their next regular meeting.

A special meeting was then decided upon for April 25, 1927, to receive bids for the 1927 sanitary sewers. Mr. Shoecraft was authorized to advertise for bids on these sewers in the Michigan Contractor & Builder.

A petition for lights in Sutherland subdivision was received and laid on the table until the manager, Mr. Wetner, is in office and investigates conditions.

Mr. Dayton was requested to draft a resolution to insert construction of sewer on Church street from Harvey street to Penniman avenue instead of the sewer which was to serve the east side of Main street.

A petition was then received for sidewalk on Carol and Forest avenues. On motion this petition was granted, with the understanding that it was to be laid according to Village specifications and Village plans for laying sidewalks.

The report of the auditing committee recommended the payment of the following bills:

Administration pay roll	\$ 373.59
Fire pay roll	63.00
Labor pay roll	933.09
Police pay roll	242.37
Community Pharmacy	10.25
Detroit Edison Co.	1,021.76
Detroit Edison Co.	290.70
Detroit United Lines	1.69
Fleuelling Service Station	30.41
Jewell & Blach	4.50
Michigan Bell Tel.	22.45
A. B. Moore	34.00
Plymouth Auto Supply	35.70
Plymouth Elevator Co.	4.90
Plymouth Lbr. & Coal Co.	51.40
Plymouth Motor Sales	21.48
Postmaster, Plymouth	5.00
F. W. Samsen	62.50
J. H. Tossman, Jr.	3.00
Automotive Parts Corp.	2.50
Detroit Lead Pipe Works	237.51
Melhoran Veto & Eley	88.14
The Richmond & Backus	3.00
Plymouth United Savings Bank	25,825.00
Total	\$20,358.54

They also approved payment of the following checks since the last meeting:

Detroit United Lines	\$ 15.32
John S. Dayton	192.70
Mary K. Hillmer	12.00
Solway D. Strong	301.60
Total	\$521.62

On motion the Treasurer's bond for the following year was given to Richwine Brothers.

The Treasurer was ordered to pay all notes due at present time with interest.

The Commission, by motion, directed the storm sewer to be continued from Garfield and Penniman avenues to Auburn and Penniman avenues.

Mr. Borgo arrived at this time. On motion, it was decided that the Holbrook avenue storm sewer was to stand as assessed by the assessor and statements mailed.

Mr. Paul Ware asked permission to take out the curb and sidewalk on Starkweather avenue and Pearl street, to be replaced at his expense according to Village specifications. A catch basin was also granted to be put in and paid for by the Village.

Arrangements were made with William Gayde for dumping grounds for ashes and rubbish with the exception of automobile bodies or parts of automobiles. One day a week, that being Saturday, was designated for dumping, and a man to be there to oversee and direct all dumping. No dumping to be allowed except on that day. Mr. Dayton was authorized to draw proper agreement between the Village and Mr. Gayde.

The Commission then adjourned.  
Henry J. Fisher, President.  
Wm. Hayball, Clerk pro-tem.

Plymouth, Mich., March 29, 1927  
To the Honorable Council of the Village of Plymouth, Plymouth, Michigan:

Gentlemen: I hereby confirm my verbal resignation as Commissioner of the Village of Plymouth, made at their meeting, held Monday, March 28th, 1927.

My reason for handing in my resignation is, that I feel, because of the public demonstration that was made at the meeting and sentiment of the public in general as was evidenced by a petition asking that the present Manager be retained, that the retiring Commission should have completed the job they had started, namely that of hiring a new Manager, rather than leave it for the new Commission and ask me to approve or disapprove of a man whom I had never had the pleasure of meeting.

Yours very truly,  
CARL G. SHEAR.

### WHITBECK'S CORNERS

Mr. and Mrs. Noble of Flint, were week-end guests at the home of their daughter, Mrs. Della Freeman.

# NASH

Leads the World in Motor Car Values

Special Six Special Sedan \$1485 f. o. b. factory

## A More Distinctive Style in Motor Cars—Achieved by Nash

For those who hope to find their cars at the very peak of style and luxury, Nash has created this charming Special Sedan on the Special Six Chassis.

Its graceful profile suggests the custom-car design of Parisian boulevards. Here is the low-slung French-profile effect so desirable today.

Every interior detail is luxurious. The upholstery is tailored in exquisite Mohair Velvet. Window mouldings, door panels and instrument board are in walnut finish. And there is a walnut steering wheel.

And the way this car performs is every bit as enjoyable as its sparkling style.

It has the Nash 7-bearing motor—as do all Nash models—for superlative smoothness at every speed.

It has the Nash tubular-trussed frame, for extra strength and steadiness, to guard the body from destructive strains.

And it has power! Nash models, all of them, have extra power for exhilarating acceleration, on the hills, and in the traffic.

Compare this car to others sold at the same price—\$1485 f. o. b. factory—and you cannot fail to decide you would rather have the Nash.

**WOMAN'S CLUB**

A regular meeting of the Woman's Club was held at the L. O. O. F. club rooms, Friday afternoon, April 1, 1927. The business meeting was called to order by the president, Mrs. R. E. Cooper, with thirty-five members and guests present.

After the business meeting had been adjourned, Division IV, with Mrs. Otto Beyer in charge, presented a very clever April Fool program, which consisted of the following numbers:

A quartette, "Silently One by One," played by Mrs. Gilbert Brown and sung "silently" by Mrs. J. Merle Bennett, soprano, Mrs. Henry Baker, alto, Mrs. Wm. Sturgis, tenor, and Mrs. Wm. Petz, bass. For an encore, the ladies sang "silently," "Merrily We Roll Along."

Following this, we were favored with an orchestral number entitled, "Melody in F," played by Mrs. Merle Bennett, Mrs. Henry Baker, Mrs. Wm. Sturgis, Mrs. Petz and Mrs. Otto Beyer, with Mrs. Brown at the piano, playing "Thanks for the Buggy Ride."

Wilbur Petz now played several lovely solos, "La Campanelle," by Gabriel Marie; "O Sole Mio," by Ed. Capua, and as an encore, "Breezin' Along" and "My Sweetheart."

Following these musical selections, Miss Anna McGill favored us with two pleasing numbers entitled, "A Call With Wrenchy," and "Six Mirandy's Views On Memory Stamping."

The chairman of the program then invited everyone to visit the adjoining room and inspect the April Fool exhibit. Very delightful April Fool refreshments were then served, and a social hour followed.

The committee deserves a great deal of praise for the clever manner in which they presented this program.

The regular meeting of April 15th will be held at the L. O. O. F. club rooms. The program for the afternoon is in observance of Good Friday.

**Dr. Frank Crane Says**

YESTERAY'S GOOD TODAY'S EVIL.

Advancement is not a giant stride; it is a flight of stairs. The way we make progress is not by jumps, but by steps; not by going from evil to good, but by going from evil to lesser evil.

So the evil of today may be the discarded good of yesterday. Slavery is an evil not countenanced in any civilized land today. Yet at one time it was good. It was a distinct moral advance over the old practice of murdering in cold blood all captives taken in warfare.

Prize fighting is looked upon as an evil now and almost all of the states have laws aimed to prevent it. But a century ago prize fighting was a distinct advance over the brutality of the sports of former times. Even such a fight as one in 1825 when two men fought for 75 rounds with naked fists and the loser had to be put to bed with 50 leeches on him was a step up from the spectacles such as throwing ferocious dogs into a lion's cage and watching them tear each other to pieces which had delighted the people at a previous date.

Some of the superstitions which were connected with religion in the past are now evils and repeat men of greater intelligence instead of frightening them into good conduct. They are an evil now, but at one time they were a good.

Duelling today is a crime. At one time it was a good because it was an advance over past customs. It gave both parties a fair chance instead of being a cowardly assassination. It substituted honor for ambuscade and so at the time was a step ahead.

Today we have laws against beating wives. Wife beaters are jailed and dealt with summarily. Yet a century ago in England wife beating was considered the right of a husband. A man might beat his wife within an inch of her life and go unpunished so long as she didn't die. But if she died he was treated as a murderer.

That condition of affairs is hard to understand today. But it was an advance over the past when, in ancient Turkey, the husband had the power of life and death over the inmates of his harem.

It is as true that the good of today may be the evil of tomorrow as it is that the evil of today was the good of the past.

The test of the times is not whether there are evils or not, but whether those evils are less or greater than the ones in the past; whether they are a step up or down.

## KIWANIANS HEAR GLEE CLUB AND SPEAKER

Plymouth Kiwanians were entertained last Tuesday by the High School Glee club, under the direction of Miss Forsythe, music instructor at the school.

The glee club has a personnel of approximately forty young ladies and the excellence of their renditions indicated a serious application to music by the members and were a splendid testimonial to their director, Miss Ruth Allison, who is now the official pianist for the Kiwanis club, accompanied the glee club at the piano.

The program was under the direction of Irvin Pierce and Pearl Deal, and the latter, following the musical program, cleverly thanked the young ladies and tendered them a basket of "kisses," explaining that the only adequate thanks that could be given by the program committee was in the form of a "kiss" to each member of the club.

The principal speaker on the program was Prof. E. A. Lyman, president of the Ypsilanti Kiwanis club, who entertained with some clever character portrayals of the mountain folk of Kentucky and Tennessee. Prof. Lyman is a member of the executive board of Berea college, Kentucky, and has had ample opportunity to study the rugged types of the hills.

Prof. Lyman recited many humorous circumstances with which he has come in contact in the south, touching on the manufacture of contraband liquor, the peculiar methods of distribution and the close secrecy which is maintained regarding the location of stills. But underneath it all, he explained, there is a rugged code of honor which cannot help but arouse a spirit of admiration for these people, who feel that their rights were infringed when the government declared unlawful the only method they have of making any profit out of their grain. Transportation difficulties in the mountains make it almost impossible to raise grain and enter it in competition with the rest of the world, he declared.

Previous to the regular program President Freeman Hoover stated that the schools were co-operating in the bird house building project of the club, which will come to a close on May 13th. Supt. G. A. Smith has appointed judges for the essay and poster competition in which the students of the schools will participate.

### ELM P. T. A.

The Elm Parent-Teachers' association held their regular meeting on Monday evening, April 11. Rev. Mr. Walker was the speaker of the evening, and gave a most interesting history and description of the copper mining industry in the upper peninsula of Michigan, showing specimens of copper ores in their natural state, and specimens of copper having gone through the process of refinement; also different specimens of iron ores and cores from diamond drills, which showed cross sections of the rock through which they had drilled. Other curiosities shown by Mr. Walker were a miniature set of miner's tools made of copper and inclosed within a glass container of water (from a copper mine), which preserved their copper color; a miner's lamp and a piece of mica as it comes from mines in Michigan.

A demonstration of music appreciation as given in the school was given by Mrs. Lee, teacher of the intermediate room, by playing a number of the new phonograph records recently purchased by the P. T. A.

Refreshments were served during the social hour by the teachers, Mrs. Appleton, Mrs. Lee and Miss Thurman.

The grand opening of the new Casino Pavilion at Walled Lake, is announced for Monday, April 18th. See ad.

In memory of our dear mother, Mrs. Charles Wolff, who departed this life April 9, 1927.

All is sad within our dwelling,  
Lonely are our hearts today,  
For the one we loved so dearly  
Has forever passed away.  
Peaceful be your silent slumber,  
Peaceful in your grave so low;  
You no more will join our number;  
You no more our sorrows know.  
Yet again we hope to meet you  
When the day of life is fled,  
And in heaven with joy to greet you  
Where no farewell tears are shed.  
Sadly missed by her children and grandchildren.

## THE MOST BEAUTIFUL CAR IN AMERICA

Topping the "Sixes" in the wide Paige line of "Sixes" and "Eights" is the magnificent 6-75. This Paige is a big car, extraordinarily well made and beautifully styled. And yet its price is so moderate that it is attracting to Paige ownership many of those who prefer the greater comfort of a large automobile.

Much of the charm of the 6-75 models is due to the skill with which Paige designers have achieved interior roominess without sacrifice of graceful exterior lines. But to appreciate fully the true magnificence of this motor car you must sink into its luxuriously upholstered cushions, take its wheel and actually drive. For in addition to its great beauty and its exquisite appointments—it performs beautifully, too. When will you go for a drive?

The 6-75 5-passenger Sedan illustrated above lists at the factory for only \$1695. A 7-passenger Sedan, a Limousine, a Coupe, a Cabriolet Roadster, and a smart Phaeton are also available on the 6-75 chassis at similarly low prices. The complete Paige line of twenty models offers a wide variety of selection at prices from \$1095 to \$2795. All prices f. o. b. factory.

### UNITES ARE HELD FOR RUFUS REED.

H. W. Reed passed away at his home in Ashland, Ohio, April 3rd. Mr. Reed had many friends and acquaintances in Plymouth, and Mrs. Reed will be remembered as Hazel Cady, daughter of Mr. and Mrs. John Cady of Plymouth. The following is taken from an Ashland, Ohio, paper: "Rites befitting a soldier of the World War and a member of the Masonic fraternity were conducted yesterday at the funeral and burial of Rufus W. Reed, who died Sunday at his home in Steamtown. The funeral services were held from the home of the parents, Mr. and Mrs. J. W. Reed of Steamtown, with Rev. H. R. Whiting officiating. Rev. James Lyon, pastor of the Methodist church at Lorain, and a friend of the family, offered prayer at the service. Members of the Masonic order attended in a body.

"In his sermon, Rev. Whiting emphasized the fact that the deceased veteran had not fallen in battle, but had paid the supreme sacrifice as the result of his war service which permanently injured his health. The minister said that in these more recent days we are liable to forget the havoc which was wrought by the war until its far reaching effect is brought to mind by the death of a young man such as Rufus Reed.

"The regular Masonic burial service was conducted at the grave in Ashland cemetery. Following the Masonic service, American Legion members of Harry Higgins Post of which Reed was a member, gave final military honors to the burial. The bugler blew taps, and a firing squad fired military salute.

"Out-of-town relatives and friends who were present for the funeral, were: Mr. and Mrs. J. W. Cady, Mr. and Mrs. Kenneth Herli and daughter, all of Plymouth, Mich.; A. H. Cady of Ann Arbor, Mich.; Mr. and Mrs. H. A. Zalsman of Detroit, Mich.; Mr. and Mrs. E. C. Colport of Lakewood, Ohio; Rev. James Lyon of Lorain; Mrs. David Escheleman of Massillon; Mr. and Mrs. John Hans of Burton City; Mr. and Mrs. D. R. Martin and daughter of Orrville; Mr. and Mrs. J. D. Hale, Mrs. H. M. Hout and Mrs. S. D. Hoover of Mansfield, and Mr. and Mrs. L. B. Hout of Canton."

### HEALTH NOTES

#### MAY 1ST HAS BEEN PROCLAIMED CHILD HEALTH DAY BY GOV. GREEN.

Extensive and careful studies of school children have shown that thousands of them begin their school life each year with physical defects which seriously interfere with school work. Partial deafness, defects of vision, bad teeth, diseased tonsils, adenoids, malnutrition, anemia and other conditions often continue undiscovered for many months of school life. Such children fall behind in their classes through no fault of their own, and often become "repeaters," taking work over again to their own humiliation and discouragement and at extra cost to the community.

If these physical defects are overlooked in the home, they become the problems of the school. It is, therefore, a matter for congratulation that parents are beginning to show their realization of the importance of preparing their children for school life during the pre-school period, by taking the initiative in a nation-wide campaign to insure the entrance into school of children free from remediable defects.

We, as parents, and the state, by laws against truancy, compel our children to attend school. We would be derelict to our obligations to these children if we did not do this. But is it just and fair to them to compel school work without taking every possible step to insure their maximum fitness to do it.

To provide for the careful, thorough physical examination of every pre-school child, preferably by the family doctor, followed by the correction of remediable defects, is an imperative duty which every parent owes to his children. The careful physical survey of every person at regular intervals is all but indispensable to the maintenance of vigorous health and efficiency. It is easier, safer, surer, cheaper, more comfortable and more effectual to keep well than it is to become ill and be cured. Such physical examinations are especially helpful at certain critical periods. One of these is just before the child enters upon his school life and takes his first steps in contact with the world away from the hourly supervision of the home.

### KITCHEN TOUR

Women of Wayne County are planning a big day April 21st. Come to Wayne at 10:00 o'clock sharp to join the kitchen tour. Be sure to bring your car and your friends. The trip will start at the Interurban waiting room in Wayne and proceed to points south in the forenoon. Kitchens visited will be Mrs. Sherman's at New Boston, and Mrs. James Carmichael's southwest of Wayne. From there the tourists will proceed north stopping in Wayne for lunch. The kitchens visited next in order will be that of Mrs. Roy Sugars in Wayne; Mrs. Perry Campbell on Canton Center Road; Mrs. Becker and Miss Bertha Warner in Plymouth; and Mrs. Fred Gots, Jr. in Northville.

These kitchens include such features as dumb waiters, attractive walls, woodwork and floors, especially good cupboards, good working heights, good lights, mixer faucets and sprays, built in ironing boards, kettlevators and many other attractions.

Some women will be interested in what can be done with old kitchens while others who are anticipating building new houses, will be interested in the new kitchens.

Don't forget the date, time and place of meeting.

Lois M. Corbett, Home Demonstration Agent.

A liner ad in the Mail has helped many people to dispose of used articles. The cost is small, but the results are satisfactory.

### PLYMOUTH BOYS IN CIRCUIT COURT.

After deliberating for more than twelve hours, a jury before Judge Theodore J. Richter in the circuit court, Monday, delivered a verdict of guilty in the trial of Morris Langendam, Jr., 10 years old, of Plymouth, on a charge of breaking and entering. While the jury in the Langendam case was out, the trial of Ralph Lorenz, 19 years old, whose home is in North Dakota, and who has resided in Plymouth the past year, was held, and he was found guilty in half an hour on the same charge. The other member of the trio, Harold Hurt, also 19 years old, pleaded guilty at his examination several weeks ago in Justice Phoebe Patterson's court.

Friday a half dozen witnesses for Langendam, all residents of Leamington, Ont., testified that Langendam was in Leamington on the night of the robbery of the Sturges Garage in this village. Langendam testified that he went to Leamington February 2, and obtained a job.

Langendam, Hurt and Lorenz were remanded for sentence.

respectfully urges you to attend their special public LECTURE

All Seats Free No Collection

Has it not many times occurred to you that there must be some reasonable explanation of the "cause" of world-wide unrest, distress and perplexities? Where is the rational human being who has not often wished that things were different—who does not long for peace, happiness, freedom from pain and sorrows?

This divine plan for man's release from all causes of unhappiness is not only reasonable but genuinely heart-cheering.

The lecturer's subject is **WHERE WILL YOU BE IN THE RESURRECTION?**

# BUILD NOW!

Prices Are Normal Again!

Building material prices are again normal, not because the saturation point in construction has been reached, but because all industries have readjusted, labor is again on even keel and America is swinging merrily along on a safe and sane economical program. The saturation point in building will never be reached in the United States. An investment in a home or improvements will always be good. Look back at the record of the United States—and you will find no reason to fear the future.

### Building Materials of All Kinds

We specialize in building materials of all kinds. We handle only first-grade lumber, which by test has always proved most economical in the long run. No matter what you plan on building, repairing or improving, we have the materials—and at a price as low as can be found anywhere.

## SCHOOL NOTES

### GRADE NOTES

#### Kindergarten

Delva Barnes, Phyllis Barrows, E. Kreeger and Bernice Lawson are back in school after being absent on account of sickness.

Gaila Lewis, Douglas McLaren and Jack Simpson entered kindergarten this week.

Ten of the children played in the band at the Methodist church, Wednesday afternoon, for the Ladies' Aid.

#### Miss Stader's First-A

There were no tardy people this week. Last month there were only three tardy marks for the whole month.

They had a test in number addition problems up to ten, and twenty-five in the room received A-plus.

Dorothy Stewart has moved away.

#### Mrs. Bloxson's 2-A and 2-B

The children have a tulip basket for each row. A perfect score in hygiene means a pretty tulip in the basket.

In the A class, Floyd Northrop scored highest in the arithmetic test. In the B class, Robert Delva scored the highest.

We have two new pupils, Anita Stepp and Richard Willett.

Mrs. Bird is still confined to her home.

Norval Boyce has returned to school. Jack Smith has come back from the south. He visited Texas and California this winter.

The children are making China and Japan booklets.

The pupils were weighed recently. Most of them show normal weight.

—Helen Goebel.

The Plymouth Kiwanis club is sponsoring a nature lovers' project in the Plymouth public schools, which is creating no little amount of interest among the pupils. The project is divided into three general divisions as follows:

I. Bird house construction.

2. Essay writing.

3. Poster making.

I. Bird house building: Grades seven and eight, first prize \$3.00; second prize \$2.00; third prize \$1.00. Grades nine to twelve, first prize \$3.00; second prize \$2.00; third prize \$1.00.

II. Essay writing: Junior High school first prize \$3.00; second prize \$2.00; third prize \$1.00. Senior High school, first prize \$3.00; second prize \$2.00; third prize \$1.00. The essays are to be not less than 500 words and not more than 800 words in length. Must be written by hand and signed with name, address and grade in school. These essays must reach the committee on or before May 6th, 1927. Ten essays each from the Junior and Senior High school shall be submitted to the committee for judging. The subject may be selected from any one of the following list:

Migration of the birds.

The wild game birds (ducks, geese, quail).

Feeding habits of the birds.

Nesting habits of the birds.

Enemies of the birds.

The destructive birds (hawks, etc.)

The most beautiful birds.

Obligations of boy Scouts to birds.

The song birds of Michigan.

The value of wild birds.

Colonizing birds.

Waterbirds of Michigan.

The ground loving birds.

The friendly birds.

English song birds.

The birds of my yard and garden.

III. Posters expressing kindness to birds, first prize \$3.00; second prize \$2.00; third prize \$1.00.

1. Each contestant must be a bona-fide pupil of the Plymouth school.

2. A pupil may submit in competition not more than two bird houses,

providing the two submitted are for different types of birds.

3. A pupil may submit one and only one essay.

I. A pupil may submit in competition not more than two posters, with the understanding that but one of the two submitted may be awarded a prize.

All bird-houses and posters must be completed and dry ready for exhibition not later than Wednesday, May 11. Bird houses, posters and essays are to be graded and judged by committees appointed by the Kiwanis club of Plymouth sponsors of the nature lovers' project.

## MUNICIPAL NOTES

BY THE MANAGER

First 23 taps of the year, since 1921:  
1921—May 10  
1922—August 3  
1923—July 29  
1924—July 21  
1925—April 20  
1926—May 13  
1927—April 12

Mr. Weltner, our new Village Manager, commenced work Monday.

The fire department was called out Friday morning, to a fire in the Dag 201 house on York street. A small hole in the roof was all the damage done.

Friday noon, the fire department was called out to put out a grass fire which was endangering the property owned by Wm. Gayle on East Union street.

The Village Commission authorized a cyclone fence to be purchased and erected on the cemetery property along the Whitbeck road, from the line fence between the Village and Mr. Henry's property, to the Plymouth road. Just received word that the fence has arrived and will be put up next week.

The sewer contractors, Rhum & Dickinson, have commenced work to finish up their last year's sewer contract.

The fire department was called out to put out a roof fire at the home of Mrs. Charles Woodell, on Ann Arbor street, Monday morning.

### RURAL CARRIER EXAMINATION.

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Plymouth, Mich. The examination will be held at Plymouth. Receipt of applications will close on April 20, 1927.

The date of examination will be stated on admission cards mailed to applicants after the close of receipt of applications, and will be about ten days after that date. The examination will be open only to citizens who are actually domiciled in the territory of the postoffice where the vacancy exists and who meet the other requirements set forth in Form 1977. Form 1977 and application blanks can be obtained at the postoffice. Applications must be on file with the Commission at Washington, D. C. prior to the close of business on the date specified above. At the examination applicants must furnish unmounted photographs of themselves taken within two years.

## Quality Features of the world's most popular gear-shift truck.

Chevrolet is the world's most popular gear-shift truck because it offers, at amazingly low prices, scores of quality features not found on any other haulage unit in the low price field. Included in this list are numerous recent mechanical improvements of the utmost importance, such as—AC oil filter and AC air cleaner to protect the motor from excessive wear and to maintain at its peak efficiency the smooth, effortless power for which Chevrolet's motor has long been famous. Other new features are an improved transmission and new gear-shift lever; a new and more conveniently located emergency brake; crowned fenders; a new radiator of greater cooling capacity; a new 17-inch steering wheel—and even bullet-type headlamps to give a distinctive touch of smartness! If you want the utmost in commercial transportation combined with true economy, come to our salesroom and see the improved Chevrolet Truck!

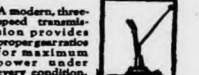

The famous Chevrolet valve-in-head motor has been made even more dependable—with even greater operating economy.

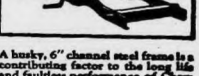

Heavy, extra-leaved semi-elliptic springs—set parallel to the frame—effectively cushion the load and chassis against road shocks.

The rugged Chevrolet rear axle possesses abundant strength and stamina for the heaviest haulage duty—giving faultless performance under every condition.

A modern, three-speed transmission provides proper gear ratios for maximum power under every condition.

A heavy, 6" channel steel frame is a contributing factor to the long life and faultless performance of Chevrolet Trucks.

## VOCATIONAL STUDENTS TO FIGHT CORN BORER

AGRICULTURAL HIGH SCHOOLS WILL MAKE SPECIAL STUDY OF EUROPEAN PEST.

Every vocational agricultural high school in the Michigan infested area will devote the week of April 18 to 24 to a special study of the European corn borer, according to E. C. Gallup, state supervisor of vocational agricultural education.

"Our agricultural students and teachers have been studying the borer along with their regular work for some time," says Supervisor Gallup, "but now that a real state of war exists, our agricultural schools are going to enlist in the campaign and cooperate with the state and federal forces."

Each agricultural high school in the area is being furnished with pertinent information concerning the history, habits, and control of the corn borer. This information is consolidated in a special treatise on the borer prepared by Rouben Brigham, U. S. Dept. of Agriculture, who is in charge of visual instruction, and contains excellent subject matter for study, according to Supervisor Gallup. State and federal regulatory acts will also be discussed.

About 115 vocational high schools will cooperate in this educational feature, and thousands of high school students will receive information which should prove invaluable in the control of the borer in the future.

This arrangement is part of the educational campaign which the Extension Service of the Michigan State College is furthering in an effort to control the pest in Michigan and to bring an advance to the Corn Belt.

### Today's Reflections

A lot of little boys who used to love to play tag have now grown up and become traffic cops.

The Plymouth boy who can't decide whether it is best to marry a good looking girl or a cook better take the cook. He might die of indigestion while the good looking one was learning.

A hobby is generally a man's best asset right up to the time it carries him to the door of the insane asylum.

As we understand it, the chief fault with hair restorers is that they don't restore.

It's pretty hard to find a Plymouth man who can remember four of the ten commandments, but any one of them can name at least twenty makes of automobiles.

The budget system is a thing that enables a country to tell in advance just how much money it is going to waste.

The old saying that "all men are fools" is correct, only a single man isn't reminded of it five or six times a day.

After the average Plymouth man has been married 30 or 40 years he doesn't have to worry what to get his wife for her birthday. He goes on and buys her a new coffee pot.

If hens have to leave a home why don't they stick to the cat instead of picking on a good fellow like a dog?

No citizen of Plymouth is in need of eyeglasses so long as a dollar

looks bigger to him when it is going out than it looks when it is coming in.

You may get tired of seeing your wife while you are well—but she sure looks good to you while you're sick.

This is also the season when a fellow finds out right after he has eaten them whether they were toast-stools or mushrooms.

Sometimes we meet a Plymouth man who gives us the impression that he only reads the Bible because he wants to be able to argue with a preacher.

A family may consist of five or six grown boys, and yet not have enough money to waste on fake oil stock.

A Chicago paper says: "A single policeman licked five men." Wonder how many a married policeman could have licked.

Any Plymouth man who wants to get rich quick might try inventing a radio set that will work perfectly when there's company in the house.

### EPISCOPAL NOTES

Palm Sunday service at St. John's church was largely attended, and we were pleased to welcome some strangers among us. Rev. Charles Wesley preached a very appropriate sermon, and the solo, “The Palms,” was splendidly rendered by Joseph Tracy.

Next Sunday morning, Easter Day, we are to have Rev. W. O. Raymond with us, and he will preach. Rev. Raymond has been with us on two previous occasions, and we are glad to welcome him again on Easter Sunday. In the afternoon there will be a special service for children at 3:00 o'clock. An invitation is extended to all children to join with our children in this service; also to parents and adults.

Good Friday evening, there will be service at 7:45, with address by Rev. Charles Wesley, and our congregation is reminded to join with the other churches in the special service at the Methodist church from 2:00 to 3:00 o'clock, on Friday afternoon.

It is usual to hold baptismal service on Easter eve, should there be any desiring to be baptised themselves or their children. Rev. Wesley asks that any of our members be notified before Good Friday, so that he may be informed by that day.

Rev. Wesley extends an invitation to all to attend our Easter morning services.

### CATHOLIC NOTES

Services on Good Friday begin at 1:30 p. m., and will consist of the “Way of the Cross,” Sermon on the Passion of Our Lord, and the “Adoration of the Cross.” It is expected each and every one who possibly can will be present at these services.

The children will sing appropriate hymns for the feast of Easter, at 8:00 o'clock mass. They have mastered the rendition of these hymns through their faithful attendance to the practices, and are well prepared for the occasion.

A rare treat is in store for all who attend the High Mass Easter Sunday. Without boasting, we pride ourselves on the fact that we possess the best choir in the vicinity, and the proof of our statement will be verified to a capital degree Sunday. The Mass, Our Lady of Loretta, will be rendered by the adult choir, with Miss M. E. Lehman at the organ. Much credit is due the organist and the members for their faithful service during the Lenten devotions, and particularly are they to be commended for their faithful attendance at the practices. Results are beginning to show themselves, and this is a consequence of untiring work. The parish is proud of both choirs, the children's as well as the adult, and we trust that each Sunday service is made enjoyable by the singing so well rendered by the choirs.

We are deeply grieved to announce the death of Rev. Joseph Cumers of St. Mary's Catholic church, Wayne. Father Cumers was pastor of that parish for the past 17 years, and is well known throughout this part of the country. A funeral mass was pontificated by the Rt. Rev. Michael James Gallagher, D. D. Bishop of Detroit, Saturday morning at Wayne. The funeral was held Monday morning from St. Joseph's church, Dexter, Mich. A very good representative of O. L. of Good Council were present.

### PRESBYTERIAN NOTES

The Men's Class held a fine meeting on Tuesday night. Mrs. Shaw's class served an excellent dinner to the men. The High school orchestra was on hand, and added much to the enjoyment of the evening. Calvin Whipple led in the singing. The address of the evening was given by Byron Hicks of Owosso. He spoke on “Fellowship in the Home, the Church, Business, the Nation and Internationally.” The address was much enjoyed.

Miss Bonnie Shatuck has accepted the position of leader of the church choir.

The sacraments of Baptism and of the Lord's Supper will be administered Sunday morning. A considerable number are uniting with the church.

Paul Vollmer will sing “Calvary,” at the morning service on Sunday.

The Sunday-school is planning a fine service for Easter.

The Heady Service class will meet on Tuesday of next week, at the home of Mrs. Tallman, 209 Ann street. Pot-luck dinner, with business and social hour following.

E. M. Stewart and Mr. Nichol will attend the meeting of the Presbytery of Detroit, in Palmer Park Presbyterian church on Tuesday next.

### METHODIST NOTES

The “Circles” meet next week Wednesday afternoon.

The “Boosters” will have their supper and business meeting next Friday evening, the 22nd.

The Epworth League held their election last week. Miss Hazel Raynor was elected president, and Miss Dorothea Lombard, first vice president.

### LIVONIA UNION CHURCH NOTES

There will be a special Easter Service Sunday morning. Several new members are to be taken into the church. There will also be a baptismal service. Special music.

Mrs. Emma McEachran, who was a resident of this community for several years, but who has made her home in Detroit for the past few years, was baptised and taken into the church last Sunday morning.

A very pleasant meeting of the Aid Society was held Thursday, at the home of Mrs. Carl Flynn, 15045 Quincey avenue, Detroit.

We are glad to say that our president of the Aid Society has returned from Harper hospital, where she underwent a very successful operation.

Born to Mr. and Mrs. Worden Burch, Tuesday, April 12th, a son, Bruce Worden Burch. Another member for our cradle roll.

# How far will your car go before the miles begin to tell?

If you buy a new car every 10,000 miles or so, almost any car will give you satisfactory results.

But if you want the same fine service on through the second, third and the many following tens of thousands of miles, buy a Buick!

Accurate tests at the great Proving Ground of General Motors, where all cars are driven and examined, show Buick's sturdy structure and powerful Valve-in-Head Engine still gaining in efficiency at the point in miles where other cars are distinctly on the down grade.

# SAVE MONEY

By Patronizing Your Home Lumber Dealers

We will absolutely guarantee to meet or beat the prices of any Ready-cut building concern operating or selling lumber and building supplies in Plymouth. In most cases we can save you considerable money. Don't let out-of-town builders or financing concerns sell you and make you pay more for your home than you would have to pay your Home Lumber Dealers and Contractors. Before giving your order to an “out-of-town” concern, at least call and see what we can do for you. We know we can save you money.

Yes, we can finance you, too. We have a financing plan that we believe will interest you. The monthly payments are small. Come in and talk it over with us. Why pay rent when you might be paying the money on your own home?

We will be glad to give you estimates and explain our financing plan free of charge.

### THE THEATRE

#### "McFADDEN'S FLATS"

"McFadden's Flats," which will be the feature attraction of the Penniman Allen theatre, Sunday and Monday, April 17 and 18, is one long, hilarious comedy. The famous old stage comedy has been given a grand new dress, a new laugh and a new lease on life and should give seven audiences a box office notion of what can be done in the way of film fun.

Edward Small, of the producing firm of Asher, Small & Rogers, who made his latest First National hit, has turned out something unique in the form of a feature comedy. If his desire was to keep audiences roaring from the opening scene to the final fade-out he has succeeded.

Charlie Murray, as the hoveyarrying Irishman, is irresistible, and teamed up with Chester Conklin as a Scotch barber, Charlie proves one of the gentlest comies of the screen.

Of course, pretty faces—and figures, as well—have not been overlooked in the making of this picture. Edna Murphy, in the leading feminine role, is one of the most convincing reasons why gentlemen prefer blondes. Then, when Dorothy Dwan comes along—photographing as a decided brunette—one becomes convinced that he might prefer her without losing the slightest evidence of his gentility.

"McFadden's Flats" tells the story of the struggles of an Irishman who, coming to America, has ambitions to get out of the ranks of hovecarriers and become a builder—a builder of a flat building that might bear his name, in fact. He meets a tight-fisted Scotchman—portrayed by Chester Conklin—who becomes his fast friend in spite of their wide differences in taste.

That the son and daughter of the two wrangling friends should fall in love with one another, permitting the unfolding of an entrancing story of young love, was a complication that neither had expected.

It is from this material that one of the most successful of stage comedies was made. And it is in the dressing up of this story in its present form that picture audiences are being given one of the genuine treats of the year.

#### "IT"

A delightful depiction of love, comedy and emotion, sprinkled with a bit of pathos, that's Clara Bow's "IT," the Paramount picture of Elinor Glyn's original story, which comes to the Penniman Allen theatre, Tuesday and Wednesday, April 19 and 20.

The photoplay, Miss Bow's initial starring vehicle and Madame Glyn's first story since her return to Paramount, presents Clara in a role that was made to order for the jazzy fiery-haired player.

The story's theme concerns "IT," that strange power possessed by certain humans, which has aroused nation-wide discussion during the last twelve months. In the film, Madame Glyn, acknowledged discoverer of "IT," has taken Miss Bow and Antonio Moreno, her leading man, and demonstrated the true significance of this unusual power.

Miss Bow portrays a flashy shop-girl who, through a strange appeal, causes the manager of the store in which she works to fall in love with her. The scenes lead one from gay

cafes to ill-lighted tenements and from a "Coney Island" type of amusement park to luxurious parks far out on the Pacific Ocean.

Clara Bow, the star who made "It" famous, is most successfully in this new production. Aside from Miss Bow and Moreno, the cast includes William Austin, Josephine Gadsdon, Priscilla Bonner and Julia Swayne Gordon.

#### "BLONDE OR BRUNETTE"

Hailed as one of the cleverest and most sparkling dramas ever offered, "Blonde or Brunette," a Paramount picture starring Adolphe Menjou, comes to the Penniman Allen theatre, Thursday and Friday, April 21 and 22.

The eternal triangle, that perennially popular motif of the drama, has in this instance been adroitly made fun of by no less a personage than the ultra-debonair Mr. Menjou, with Greta Nissen and Arlette Marchal, as his chief assistants.

The French have always been clever in making froth of domestic oppressiveness and a neat Gaulle touch is much in evidence in this offering, which was adapted from the Parisian stage success, "An Angel Passes," by Jacques Bousquet and Henri Falk.

Menjou is the prosperous Paris barber who tires of friends who make his apartment a free roadhouse. He decides to marry and settle down. Greta Nissen is the lucky lady.

The settling down is of brief duration. And Arlette Marchal, a brunette, decides that perhaps the gentleman doesn't fancy blondes after all. Thereupon a gay war ensues between both women for Adolphe's affection.

#### "WHISPERING SAGE"

Hard riding, hard fighting and stunts of daring that thrill every nerve are the outstanding features of Buck Jones' splendid picture of the Basque country of the Pacific Southwest, which comes to the Penniman Allen theatre, Saturday, April 23.

There is not a dull moment in this story of the cowboy who comes to the settlement of the Basques seeking vengeance for the death of his brother and finds romance and adventure as well as the sinister thing he seeks. Natalie Joyce is the dainty little Spanish beauty who is the girl in the story, and she gives a perfect performance. But it is Buck, the hard-riding, dare-devil cowboy, who furnishes the thrills and laughter. Here is a picture that will make you forget your troubles, because it will just take you out of yourself. And in addition to a rip-roaring thriller you will enjoy seeing some of the most beautiful country ever shot by the camera. A picture for the whole family. And that is the verdict of all who have seen the "Whispering Sage."

#### Morning's Morning.

Gymnastics are the things to do, (Or ought to) when you leave your bed, With dumb-bells, preferably two, And clubs to swing around your head. Then raise yourself upon your hands, Whilst lying on the chilly floor, Or wrestle with elastic bands. Affixed to hooks behind the door. This brings your muscles up in knobs And makes you fit for household jobs.

My dear Mr. Eastwood:

In our business the use of the long distance telephone is not merely a convenience nor an assistance to our Sales, Engineering, Manufacturing and Purchasing Departments, but is an absolute necessity.

The question is not "Shall we continue to use the long distance telephone?" but, rather, "How could we do business, under the present high pressure system, without the long distance telephone?"

When business is on the increase, more long distance calls result. When business shows a decrease, more long distance calls are necessary.

## AROUND ABOUT US

A Rebekah Lodge is soon to be instituted at Millford.

Eighty seniors of the Redford High school, are planning a trip to Washington, June 10th.

The Masons of Holly, have purchased the Marquette Temple in that place, and will tear down the old Masonic building they have occupied for the past sixty years.

Fr. J. O. Connors, pastor of St. Mary's Catholic church of Wayne, died last week Wednesday night. The funeral was held Saturday. Fr. Connors had been pastor of the church at Wayne for many years.

Wixom business men and residents interested in the future development of that growing little community, have organized the Wixom Business Men's League. The object of the organization is to promote and develop the village.

The site of the old Western House barns at Brighton has been purchased by the Cadillac Oil Burner Company, and it is expected that work on a two-story building for the Company's manufacturing plant will be started very soon.—Northville Herald.

Mrs. Irving J. Ulrich was brought home, Wednesday afternoon, from a hospital in Detroit, where she recently underwent a serious operation. She is getting along nicely, although it will be some time before she will be able to get out.—Northville Record.

A. C. Bollen of Northville, has just returned from Florida, where he has been sojourning. While there, Mr. Bollen, who is more familiarly known to his friends as "Bitch," captured a snail fish that measured six feet and eleven inches long, said to be the largest of its kind taken in this year. The fish was caught about 12 miles from shore, near Miami.

Mr. and Mrs. Thomas McCord have returned from California, Missouri, where they have been spending the past two weeks visiting with relatives. On the return, while waiting for a traffic signal in Indianapolis, a woman speeder crashed into their automobile, badly damaging it. They were delayed for a day or so waiting for repairs. Outside of the accident, the trip was a most pleasant one.—Northville Record.

Northville Commandery has closed its fiscal year with an excellent showing in all departments. The present membership is 204, and the prospects are that a large number will be added during the coming year. Officers have been elected as follows for the ensuing year: Eminent commander, Elmer B. Perrin; generalissimo, Norman C. Lee; C. G. Howard G. Eisenlord; senior warden, Charles Horton; junior warden, Paul Foss; prelate, Charles R. VanValkenburg; treasurer, Barton A. Wheeler; secretary, Charles A. Dolph; H. B. Charles F. Murphy; S. W. William C. Way; Warder, Floyd A. Kehrl; sentinel, Iwan P. Griswold.—Northville Record.

At such time of letting from nine o'clock in the forenoon until five o'clock in the afternoon, the assessment for the lands comprised within the Newburgh Tile Drain Special Assessment District will be subject to review.

And you and each of you, owners and persons interested in the above-mentioned lands, are hereby invited to appear at the time and place of such letting as aforesaid, and be heard with respect to such special assessment and any interests in relation thereto, if you so desire. Dated this Fifth day of April, A. D. 1927.

## This Week

**SQUANDERING OIL WEALTH.**  
**400% MORE BABY SHOES.**  
**USELESS RECORD BREAKING.**

Mr. Teagle, president of New Jersey Standard Oil, warns oil men that they are cutting their own throats. This country is treating the nation's oil wealth as unintelligently as frontiersmen treated the herds of bison. The bison soon vanished.

Oil is actually being sold for less than it costs to produce, cheerful for buyers, but it will not last.

Millions are spent developing new wells to increase competition while oil companies are carrying 500,000,000 barrels of oil stored above ground at an annual cost, loss and waste of \$100,000,000.

The country's national oil wealth is not merely private wealth.

It is a great national asset and a way should be found to give oil production some national control and stop waste.

You are told many things about prohibition, for good and bad. R. H. Davidson, writing from Colorado Beach, California, asks, "Do you chance to know that the sale of child dress shoes has increased 100 per cent per annum since prohibition came?"

Everybody will agree that 100 per cent more shoes for children, combined with larger savings bank deposits, is a strong argument for prohibition, assuming these things to be results of prohibition.

Those that would modify the Volstead Act say the average man is earning about twice what he earned before the war, and increased earnings, not the absence of beer, explain greater savings and more children's shoes.

A coal strike of a sort was started last week in what is called "the central competitive field." Union men in the North cannot compete with non-union men farther South.

The alleged attempt to reduce wages in the North would cause still further reduction of wages in the South. Industry and business are not civilized while it is necessary for employes to engage in periodical battles, at the expense of the workers' wives and children, to decide what is fair pay. Some impartial third party should fix wages. The public pays in the price of coal.

Seagrave, British, beat the world's automobile record last week, flying over the sands of Daytona Beach in Florida at a speed greater than 100 miles an hour. His racing car, the "Mystery 8," looking like a submarine on land, broke the American record by ten miles an hour. It's an achievement interesting, but not useful. No automobile can go usefully 106 miles an hour, or 100 miles an hour.

Up in the air, where the road is wide, is the place for real speed.

We do not need war with China, and it would not be a righteous war, once we have rescued our nationals.

Having told Asiatics that they may not live here, it would be playing the hypocrite and bully to object to China's decision that she does not want us, or Europeans on her soil. If we may exclude Asiatics justly, China may, with equal justice, exclude us.

Dad Plymouth says it seems strange to think that there was a time when a woman spent as many hours putting polish on a stove as the boys spend putting powder on her face.

When the Americans and British say it with bullets the Chinese have less friendly understanding.

According to Dad Plymouth, another form of waste consists in killing a perfectly good sheep to make preparation for a college diploma.

It's about time now to drag out last spring's suit and see if it is good for another 10,000 jiffies.

"The main trouble with the fellow who has seen better days," asserts Dad Plymouth, "is that he always wants to use up your valuable time in telling you about it."

### PROHIBITION BUREAU

#### SEEKS 2,500 WORKERS

CIVIL SERVICE TESTS FOR POSITIONS ARE TO BE HELD.

Examinations for most of the 2,500 positions in the Bureau of Prohibition which were classified under the civil service law by an act of Congress passed last month are announced by the Civil Service Commission.

The commission will conduct open competitive examinations for one division field chief at a salary of \$6,000 a year; five prohibition zone supervisors at \$5,200; 24 administrators at \$4,000 to \$6,000; 24 assistant enforcement administrators at \$3,300 to \$5,200; 24 assistant permissive enforcement administrators at \$2,300 to \$5,200; 50 deputy administrators at \$3,000 to \$4,600; two field office inspectors at \$3,800 to \$4,900; four associate inspectors at \$3,000 to \$3,600; 18 senior investigators at \$3,800; 109 investigators at \$3,000; 53 junior investigators at \$2,400; 228 agents at \$2,400; 1,200 junior agents at \$1,800; 102 warehouse watchmen at \$1,140 to \$1,800; 74 attorneys at \$1,800 to \$5,200.

The commission has announced that the examination will be practical each kind being designed to test the qualifications and fitness of the applicants to perform the particular branch of work for which that examination is given. Written mental tests and oral examinations will be given and all will include a rigid character investigation of the applicant by members of the commission with the assistance of other government agencies.

The selection of such a large number of persons for federal employment is one of the heaviest single tasks ever delegated to the civil service commission. The examinations are to be conducted in 800 cities of the United States.

Persons who are interested in applying for any of the positions or in taking the examinations may obtain more complete details from the commission at Washington or from Miss Rose Hawthorn, secretary of the Plymouth board of examiners, at the Plymouth postoffice. Applications must be filed with the commission at Washington, some not later than May 3rd and others not later than May 9th.

"Some people's idea of roughing it," says Dad Plymouth, "is driving in a sedan with one window low-ered."

### GRANGE NOTES

The Lily Club will be held at the Grange Hall, next Tuesday evening, April 19th, with Mr. and Mrs. R. Patterson and Mr. and Mrs. C. F. Lefever entertaining. Everyone plan to attend. Pot-luck supper. Please bring dishes.

The next regular meeting will be held Thursday evening, April 21st. A banquet will be served at 7:00 o'clock, followed by the business meeting and conferring of the first and second degrees. All members urged to be present.

### PERRINSVILLE

Rev. Davis preached a very good Palm Sunday sermon, from the tenth chapter of St. John.

Easter Sunday will be observed here. A program has been prepared by the young people.

The L. A. S. will give an Easter bazaar and supper, April 22nd. Fifty cents for adults, and 25c for children.
