## JANTZEN swimming suits have world-wide popularity!

At all the famous English beaches, "Jantzen suits" are the vogue. The same is true across the channel, for active swimming is the vogue in Europe, even as in America today. Throngs of graceful, dashing figures, plunging into the water—actively swimming.

And look at the trim-looking suits they're wearing! Note the Jantzen! Tightly knitted by a process called Jantzen-stitch. Long-fibred wool entirely. These suits fit smartly—without a wrinkle. The elasticity of fabric made this way explains why a Jantzen retains its fit.

We have all the popular colors and styles in every size. And being actually dyed-in-the-wool, they're color-fast. Plains, bright tones, stripes.

**IN VACATION TIME.**

If you want to do something of real service, if you want to help the boy who has just finished a school term and who has the long days of summer ahead of him, find something for him to do from now until he has to go back to his books in the fall. The course of the world is idleness and it is just as harmful to the growing boy as it is to the man who prefers loafing to laboring.

It needn't be a highly important job you give him, either. Anything to keep his mind occupied and his time employed is good for him. Anything is better for him than running the streets or tearing about over the country in search of adventure. If he earns a few dollars, all the better. But that is secondary in importance—the big thing is that he is cultivating a love for work and learning something that will be worth money to him in later years when he needs it most.

Plymouth parents who encourage their boys to work during the vacation season can give you many reasons why it is the best thing for the boy. The teachers can tell you, too, that the boy who spends his vacation in idleness is not the most advanced in his classes. Of course, they have to play; but a little work and a little play is the best mixture for them. An entire vacation spent in idleness is the worst thing a father or mother could wish upon their son. So help the boy out if he comes to you seeking employment, or even an odd job. You'll be doing not only the boy but the entire community a genuine favor.

**DANGERS AHEAD.**

The U. S. weather bureau sends out a report to the effect that, taking the entire country as a whole, we are almost three inches ahead of our normal rainfall. That means we're passing through one of the wettest springs in our history. And a wet spring is ideal for breeding disease-bearing insects, such as flies and mosquitoes. It is apt to be a healthy summer for these pests, though they may seem to be a little late in getting around. The Plymouth housewife who has screens up is setting a good example, and premises that have been cleaned of stagnant pools and disease-breeding rubbish piles are going to suffer least when the insect army gets busy. Doctors in many sections are warning against typhoid epidemics, which are always more prevalent during an unusually wet spring season, and thoughtful citizens need but the one warning. There's no excuse

**OUR NEWEST HERO.**

From present indications it is going to be a long time before the world quits talking about Charles Lindbergh and his flight across the Atlantic ocean. If there ever was a time when one name was on everybody's tongue it has been since this product of a middle western town landed in Paris. He is a typical son of the soil, a real American boy; he carries no high-sounding college degrees. He didn't have millionaires backing him, and he doesn't know what "pull" means. He is the same type of boy we can find right here in Plymouth, and on the farms surrounding us. That is what makes people continue to praise him, and to be thankful for such fine examples of young Americanism. It will be a long time before we tire of praising Lindbergh—and if he goes his just deserts the world never will quit sounding his name.

**FRUIT CROPS SHORT.**

From exchanges we glean that this season's fruit crops are not likely to be as bountiful as in some former years. In many sections of the country they have suffered severely from late cold snaps, while in other sections too much rainfall and unusual windstorms have wrought considerable havoc. Taking the country as a whole, we feel warranted in warning Plymouth housewives who still cling to the good old sensible custom of home canning, that they had better "make hay while the sun shines." They will be justified in doing their canning at the very first opportunity, since delaying it in the hope of reduced prices through a beautiful supply will not, from present indications, be a wise course to pursue. The nation's strawberry crop held up fairly well, but it is feared that the same is not going to prove true of the cherry, peach and apple crops, taken the country over.

**BOARD OF REVIEW.**

There will be a meeting of the Livonia Township Board of Review at the town hall, Monday, June 13th, and Tuesday, June 14th, for the purpose of reviewing the township assessment roll, from 9:00 o'clock a. m. to 5:00 o'clock p. m. All persons feeling themselves aggrieved may appear before the board at this time. Jesse Ziegler, Supervisor.

**A CARD.**—We wish to thank the many friends for the kindness, sympathy and floral offerings during the illness and death of our daughter, Luella Mabel Criger; also Fr. Lefevre for his kind words, Mr. Schrader for his kindness and consideration, and the Girl Reserves and Junior class of Plymouth High school for the flowers.

**RECEIVES INVITATION TO ATTEND UNIQUE REUNION.**

Dr. Carl F. January, Plymouth, has received an invitation to attend a unique reunion of his osteopathic college class on Pike's Peak on July 30.

This reunion is to be one of the social features in connection with the International osteopathic convention which will meet in Denver the last week of July.

Many osteopathic college classes are arranging reunions at one or another of the countless spots of beauty within reasonable distance of Denver.

The doctors who have been advising all their patients to undergo thorough health examinations will have a chance to set a good example at this convention. A group of diagnostic experts will be in attendance to examine the doctors themselves very thoroughly, along the lines of general physical condition, heart, lungs, digestive tract, nerves, eye, ear, nose and throat, x-ray, blood, excretions, secretions and everything else it takes to round out the thorough structural examination of the body machine which is the basic part of all osteopathic diagnosis.

Dr. January graduated from the American School of Osteopathy in 1922.

**MUNICIPAL NOTES**  
BY THE MANAGER

The village manager's office hours are from 10:30 to 11:30 a. m., and from 3:30 to 4:30 p. m.

Dumping of garbage, automobile bodies or parts of bodies is strictly prohibited at the village dump. This dump is for residents of the village of Plymouth.

The Commission ruled that anyone wishing to use the village dump any other day than Saturday, will have to leave a certificate of deposit or a certified check of \$25.00 with the village manager.

We are now putting the oil on our streets as fast as the weather permits.

The sewer contractors, Blum & Dickinson, are now putting in the sanitary sewer connections to the walk line on Church street.

The gravel from the excavation at the corner of Starkweather and Main streets, is being put on village streets.

### ANDREW J. LAPHAM

(Continued from Page One)

Angell and Mrs. Ray Dunton, of Novi; Mr. and Mrs. Samuel D. Lapham and Mrs. Orrin Cummings, of Dearborn; Mrs. Susan Hall, of Romulus; Mr. and Mrs. Howard Hall, of Northville; and Miss Emma Louvo, of Livonia. Mrs. Abram Lapham and daughter, Winifred, Mr. and Mrs. Samuel Ableson and Mrs. Howard Allen, of Detroit.

Besides these and a host of others, Mr. Lapham leaves to mourn their loss his three daughters, Alice, wife of Almeron S. Norris, of Detroit; Helen, wife of John L. Shackleton, of Plymouth; Lucy, wife of Paul L. Ware, of Plymouth, and a total of nine grandchildren.

Andrew Jackson Lapham was born in a log house on a farm in Novi township, Oakland county, Michigan, October 20th, 1841. He was the only child of John W. and Zerua (Sallsbury) Lapham. Andrew was the descendant of a long line of American forebears. The Laphams were originally of Welsh stock, the first of the line having emigrated to the new world in 1631. Andrew's immediate forebears had come to Michigan from Massachusetts.

John W., the father, was not home very much of the time. His occupation was that of stage driver on the Grand River road between Detroit and Howell. In those days a job of that kind was one which required great strength and hardihood. In the end the job proved too much for the elder Lapham. Due largely to exposure, he fell victim to disease from which he did not recover. Death had taken him at the age of thirty-five, or when Andrew was only four years old.

In due time Mrs. Lapham married again, this time a Mr. Dix. Subsequently Andrew was taken to the tavern home of an uncle, Abram Lapham, in Dearborn. So, under the spell of the environment of the Dearborn inn, young Lapham attended school and grew to manhood.

Partly inspired, perhaps, to tales of travelers in his uncle's tavern, and partly inspired, perhaps, through his father inherited from his stage driving father, Andrew eventually decided that he, too, wanted to be on the road. Accordingly, at the age of twenty-two, we find him working out of Chicago as a brakeman on the Chicago and Northwestern railroad. Being both a frugal man and a temperate man, he managed to save a small sum of money. Remembering his father's early death, and the cause of it, he soon became obsessed with the idea that he, too, was probably doomed for an early grave. So he quit the road and returned to Michigan.

The next year, after having served two years as brakeman, he definitely decided to drive his stakes in Plymouth. This was the year following the close of the war. Business conditions were becoming better. He made material for the ways by acquiring a business site in the most isolated section of all the village. On this site he immediately put up a small frame store building and stocked it with goods. Mr. Lapham had the knack of knowing how to buy and how to stock and he succeeded in his new venture from the beginning. All the countryside, from about the north and east sections, came to him to trade. New lines were added to his goods as business progressed. As country stores went in those days, Mr. Lapham was succeeding in a big way.

Eventually Mr. Lapham met a young lady for whom he professed more than a passing interest. She was Miss Esther Hall, a school teacher, in Romulus, Michigan, and the daughter of Hiram and Ann (Carter) Hall, of that village. But he did not rush things. He was conservative and he believed in preparedness. Consequently, in 1873, he built the spacious dwelling on Holbrook avenue near the site of his store. And this came to be his life-time home. In the meantime Miss Hall had gone to the home of her aunt, Mrs. Josephine Dasklan, in Bridgeport, Connecticut. She worked there as a dressmaker. Andrew followed in due time. So at Bridgeport, Connecticut, on Nov. 17th, 1878, Andrew J. Lapham and Esther Hall were united in marriage. Returning to Plymouth, they took up new problems of life in the home prepared for that purpose just two years before.

Things went well with Mr. Lapham. Business continued to prosper. In 1884 he built the large brick store and discontinued the use of the small frame one. From that time on, until his near retirement in 1925, it was in this same brick store that he found his contentment and satisfaction. During part of this period, and in connection with his store business, he also owned and operated a cooperage shop.

Mr. Lapham carried a stock of goods both varied and extensive. On his shelves or in his sheds could be found everything from sewing needles to hay rakes, or from silk thread to hard and soft coal. Shelves, bins, counters, floors and even the ceiling was crammed with goods. There was not a square foot of waste space anywhere. At times, when village citizens could not find what they wanted in other stores, they would try Lapham's and at Lapham's they usually found it. It must be remembered that of all Plymouth's business places Lapham's store was the farthest removed of any from the town's center of population.

When Mr. Lapham, with some reluctance, practically retired from his more active business life two or three years ago, he insisted that he continue as usual with the coal, cement and lime department. And he did. Almost up to the time of his last confinement he could occasionally be seen busily engaged in the superintending of the unloading of a car of coal. Even as he lay in bed, never again to arise, Mr. Lapham, with the aid of his family, did some business in coal. He took pride in knowing that he was Plymouth's oldest business man and he was going to continue to be just that. However, he always expressed willingness to leave the earth and his title whenever the time came. Although he continued in business long after the time of life when most

men have retired, yet from the age of sixty he had always contended that he was living on borrowed time. He never could quite forget the early death of his father and early in life had set his own limit. Should he live longer, then well and good, but he would accept either life or death just as it came. If he lived he would do some business; if not, then he would not worry.

Mr. Lapham did not worry. That, perhaps more than anything else, was the keystone of his long and active career. He was never known to worry about anybody or anything. If there was worrying to be done he was content that the other members of the family should do it. It must not be understood, however, that Mr. Lapham did not regard his problems seriously. He handled them all, each in their turn, and in accordance with his own common sense and dispatch.

One example of his indomitable energy may be reviewed in connection with his serious accident of 1918. On June 3rd of that year he was driving home in his car from downtown. As he approached the Pere Marquette crossing on Mill street he looked to his left but for some unaccountable reason failed to look to his right. He kept right on. Just as he was getting onto the crossing an oncoming train from the east side swiped his car and left it a mass of total wreckage. Mr. Lapham himself was carried on the pilot of the engine to a point some distance west of the Starkweather avenue crossing. When he recovered consciousness one of his first remarks was to the effect that next time he would get a Buick. He remained in bed thirty days, recovered, bought the Buick and drove it safely for many a time. Incidentally this was the first time in his life that Mr. Lapham had ever been confined to his bed.

A little more than a year after the accident Mr. Lapham suffered a shock of a different kind. On the night of June 18th, 1919, incendiaries set fire to the store. The building was completely gutted and the entire stock of goods was destroyed. He was disconcerted, to be sure, but lost no time in brooding. He immediately reconstructed and restocked and business was soon going on as usual.

Mr. Lapham was a man of simple habits. His personal wants were few. He was a temperate man but without making any special effort to be so. He neither drank nor used tobacco. He never sought social prestige nor political aggrandizement. There was nothing spectacular about any part of his career. Though a man of good hard, common sense, he never laid claim to special intellectual attainment. He was not a great reader of literature. He was a man slow to anger. While he never went out to seek new social contacts, yet he pleasantly received any who chose to come to him. He carried a grudge against no man. If he ever had enemies they were not of long duration. Mr. Lapham was never known as a religious zealot, yet he was an active Episcopalian of long standing and sincerely believed in religious principals.

Careless in his dress, he nevertheless was known for his straight, erect carriage and for his long, even tread. Until he owned an automobile, fishing had been his only hobby. He served on the old council for a total period of twenty-two years. It is believed that this record has never been equaled by any other man in Plymouth; but he was strictly a home man, and he lived for his home and his business.

Mr. Andrew J. Lapham was a considerate and loving husband, a kind and thoughtful father, a diligent and successful storekeeper, a stable citizen, a good man, and Plymouth mourns him.

We would appreciate it if you would phone or send news items to the Mail office. We are always glad to get them.

Here is beauty and the best, but in this instance, beauty represented by Miss Teresa Baron is on the long end, while the best honors in the hands of, to be exact, the feet of "Little George" take the second count. Anyway, you can personally view both beauty and beasts when John Robinson's Circus comes to this vicinity for afternoon and night exhibitions in the near future.

"Little George" is one of the members of the juvenile zoo with the "pioneer circus of the world," while Miss Baron is one of the four Baron Girls, noted English aerialists. These girls are said to be without an equal in aerialistics, possessing abundant nerve and daring, as well as a goodly share of English beauty. The 104th edition of John Robinson's circus comes with many new and novel features, as well as the greatest of all trained wild animal displays.

Will Exhibit at Fordson, Mich., Sunday, June 12th

### IN MEMORIAM

In loving memory of our dear grandmother, Mrs. J. C. Knapp, who died one year ago, June 14, 1926:

She bore her pains, she bore them well. Oh, what she suffered none can tell. Peacefully sleeping—resting at last. Life's weary trials and suffering past. She did not fail to do her best. Her heart was true and tender. She did work hard for those she left—That's something to remember.

## For Cooking For Drinking

A few years ago milk was milk. Today we know there is as much variation in grades of milk as in flour. Dr. Wiley and his purefood campaign awakened America to scientific understanding of this, and as a result, quality foods are demanded. Milk rich in butter-fat and body-building qualities is the milk we deliver fresh every day at your home. ## PAIGE performance!

Paige performance has become traditional during the 18 successful years of Paige manufacture—and the last 12 of these years have been concentrated on building better "Sixes".

The result is the performance, dependableness and value that you find in the Paige "Sixes".

We urge you to drive one of these Paiges before you buy. For we want you to appreciate at first hand just what 12 years of refinement and improvement mean in the way of satisfying performance.

There is nothing untried, unproved, or in any way experimental about these latest Paiges. Yet they are thoroughly modern in every detail, embodying such late mechanical improvements as air cleaners, silent chain timing, bronze-backed bearings, cushioned clutches, balanced propeller shafts and Paige-Hydraulic 4-wheel brakes.

You will be under no obligation to buy—won't you accept a demonstration soon?

**B. F. KEITH'S TEMPLE THEATRE,  
DETROIT, MICHIGAN.**

Bob and Gale Sherwood and their entertainers headline the bill at B. F. Keith's Temple theatre for the week starting Sunday matinee, June 12th. The organization consists of a group of 11 talented musicians. They present a variety program, which includes everything in the category of amusements. They sing, dance, play musical instruments and provide a generous amount of comedy. Others listed: Grace Elder and company in a classy dancing flash. Miss Elder offers dapper impressions of some of the famous male hoofers, including Eddie Leonard's celebrated soft shoe dance. She is assisted by four talented girls: Harry Mayo and Basil Lynn in their comedy classic, "You've Dropped the Thread"; Fred Ardath and company, including Earl Hall and Grace Osbourne, in "The King of Hokum"; the two Daveys, novelty comedy jugglers; the Thrillers, marvelous roller skaters, offer "Exciting Moments"; other Keith-Albee vaudeville and the screen program.

**New Idea in Polygamy**

One generally associates polygamy with a plurality of wives, but Lieut. Col. A. H. W. Haywood, in his book, "Sport and Service in Africa," gives us something new in this line. "I must not omit to mention an interesting, and in many ways, remarkable, country through a portion of which I passed after crossing the Tanezrouft. This is the Hoggar: It is a mountainous land situated almost in the middle of the central Sahara. It is the true home of the Tuareg, a race supposed to be descended from the Numidians. . . . The country covers a vast area and is traversed by a mountain range, attaining a height of 11,000 feet. The Tuaregs wear veils, that is, the men do. The women are unveiled. The women govern the land and inherit the rights which in Europe are inherited by the other sex. Moreover, the women may have as many as six husbands, whereas the men are only allowed one wife."

**Played With Mind Blank**

The disclosure is made that during the recent football trial match at Stamford Bridge, Parker, the Arsenal fullback, who was appearing for the first against the England eleven, played throughout the second half with his mind a blank.

It was in this half that the game underwent a remarkable transformation, England, who had been two goals down at the interval, winning by 7-3. Parker in some way regained consciousness, and after the match had no recollection whatever of having played in the second half.

It is on record that footballers, while suffering from concussion and quite unconscious of their surroundings, have played with remarkable skill and intelligence, and even scored goals.—London Tit-Bits.

**Communion Table Profaned**

Shaking of dice on the communion table for Bibles, a custom started 250 years ago in a church at St. Ives, England, has been altered so that the casting will take place on a table placed on the chancel steps. The unusual procedure was started by provisions of the will of Dr. Robert Wild, who bequeathed \$250, the yearly income from which was to be expended on Bibles to be cast for by dice on the communion table by six boys and six girls.

**Unique Record**

Living in Lacomia, N. H., is a man whose father and he, together, have lived in the administration of every President of the United States. In 1791, when George Washington was in office, the father, John A. Rollins, was born. On September 3, 1865, there was born to John A. Rollins and his third wife a son, F. L. Rollins, the nineteenth child of his father. The son, now in his sixty-second year, is an assessor of the city of Lacomia.

**Paid for Stolen Onion**

An onion stolen 35 years ago from Hagemeyer's grocery store at Holden, Mo., finally proved too strong for the conscience of S. G. Yoder, now of Kent, Ohio. He inclosed a \$1 bill in this letter: "About 35 years ago I and my schoolmates were at your store in Holden, Mo., and we each took an onion, unknown to you. Now the good Lord has burdened our souls and we want to make restitution and ask His forgiveness."—Exchange.

Since jazz came into vogue, everyone has been taking lessons on the saxophone, the ukulele or other syncopating instruments, so don't be alarmed when you learn that the animals with John Robinson's Circus, which is coming to this vicinity soon, have formed a "jungle jazz orchestra." Witness the above reproduction of Mr. Bengal from India looking over the scale for blue notes.

In reality, the animals with John Robinson's Circus don't play instruments but they do many other feats as highly intricate. Such famous subjugators as Theodore Schroeder, Ione Carle, Margaret Thompson, Bert Noyes and Robert Thornton have instilled much knowledge into these beasts. The sensational wild animal numbers are entirely different from those offered by other circuses.

**257 EIGHTH GRADE GRADUATES  
HOLD COMMENCEMENT AT  
ELIZABETH PARK.**

Commencement exercises for the 257 students of the rural schools of Wayne County who have completed the eighth grade were held at Elizabeth Park, Trenton, Saturday. There were 5,000 spectators.

The commencement address was delivered by Judge Ira W. Jayne, of the Circuit Court. Other speakers were Elmer W. Yost, commissioner of rural schools; Fred Fischer, deputy commissioner, and Francis W. Frostie, superintendent of Wyandotte schools.

Features of the day were a parade of floats entered by the schools represented, a health booklet contest, a citizenship poster contest and an athletic meet, in one or another of which every student was entered.

The grand prize for the most elaborate float went to the New Boston school, whose students constructed a large model of the airplane "Spirit of St. Louis," in which Capt. Charles A. Lindbergh flew from New York to Paris. The Brainard school, with a model of a country schoolhouse mounted on a motor truck, and the Harvard school, which entered a large papier mache Liberty Bell, tied for second place; the Texas Taylor Center and West Road schools were even for third place, and the Bartlett school won fourth prize.

First prize winners in the athletic meet, which occupied the greater part of the day, were: Boys—30-yard dash, Edsel Holmes, Norris school; standing broad jump, Frank Willis, Brainard school; 50-yard dash, Frank Prokop, Cady school; running broad jump, Alvin Owen, Pierson school; 75-yard dash, Edward Vincent, Cady school; running hop-step-jump, Raymond Fowler, Walker school; free-for-all race for boys, Edward Vincent, Cady school; medicine ball throw, Robert Prieskorn, Norris school; 300-yard relay, Orville Bennett, Thomas and Clarence Levandowski and John Adams, Newburg school. Girls—potato race, Marie Costello, Norris school; 50-yard dash, Ruth Waldo, Norris school; basket-ball throw, Leona Hauk, Hanford school; 25-yard dash, Margaret Berger, Hicks school; egg-and-spoon race, Evelyn Holmes, Daly school; 40-yard dash, Edith Hampton, Walker school; 60-yard dash, Lucille Wolf, Pierson school; 250-yard relay, Loretta Wlechter, Eron Prouty, Mildred Batzoldt and Anna Krause, Texas school.

**DEATH OF JOSEPH GIBBON**

Joseph A. Gibbon, 417 Perrin St., passed away Saturday morning at 9:30, following a major operation performed last Friday evening. Mr. Gibbon was born in Renfrew, Ontario, 57 years ago. The greater part of his life was spent in Sault Ste. Marie, residing there over thirty years. He came with his family to reside in Ypsilanti four years ago next September. Mr. Gibbon was married to Frances Campbell, Goderich, Ontario, May 16, 1900, who survives him, besides three daughters, Miss Grace Gibbon, at home, Miss Jean Gibbon of Lapeer, and Miss Marion Gibbon of Jackson. There are also four sisters, Mrs. Walter McIlquham, Lamark, Ont.; Mrs. George Elliott, Sudbury, Ont.; Mrs. Horace Maybee, Ottawa, Ont.; and Mrs. Robert Blair, St. Andrews, Quebec; two brothers, James Gibbon of Vancouver, B. C., and John Gibbon of Renfrew, Ont.—Daily Ypsilanti-Press.

Funeral services were held from his late home, Tuesday afternoon at 2:00 o'clock. Rev. S. Conger Hathaway of Ypsilanti Presbyterian church conducting the services. Interment was made in Highland cemetery, Ypsilanti.

Services at the cemetery were conducted by Canton Plymouth No. 17, Patriarchs Militant, I. O. O. F., including Major-General T. Calvert (Crown), department commander, Detroit, Members of Canton No. 5, Detroit, Canton Ann Arbor No. 30, Tonquish Lodge No. 32, Plymouth, and Ypsilanti Lodge No. 482.

Many Plymouth friends of the late Mr. Gibbon well remember he was with the W. T. Pettigill grocery for a number of months, about two years ago.

**NETHEM 11, NORTHVILLE INDEPENDENTS 12.**

The sage has said that "well begun is half done," but not so with Nethem, as they started out with a three-run lead and ended up with a four-run rally, and were still one run short for a tie and two for a victory. The teams were evenly matched and both did honors with the bat, as the score tells. Errors by the gross were made on both sides and a listless game followed. John Schomberger at short made a pretty unassisted double play, H. German was on the mound for Northville, while Hy. Gale represented Nethem.

## PRESBYTERIAN NOTES

Sunday is to be observed as Children's Day. A fine service is to be held at 10:00 a. m. in which church and Sunday-school combine. Many of the members of the Sunday-school will have part in the exercises.

Parents are reminded of this opportunity to present their children for baptism.

## CATHOLIC NOTES

The U. S. government is asking for a complete census of all religions, so as each might be fairly represented in the various departments of state, such as the army, navy, aviation, etc. For this reason all new comers, resident or boarding, will kindly announce themselves at the rectory before Sunday, as the report must be made by June 20th.

The financial report of May was read last Sunday and showed an increase over the past month. In union there is strength, in co-operation there are results.

The children will make their first holy communion June 26th at 10 o'clock.

Lawrence Corcoran, formerly of Plymouth, was buried from our church last Friday morning. A very large congregation was present to pay their final respects to their friend and kindest sympathy to the family.

The reverend pastor was called to Detroit last Tuesday to officiate at the wedding of his cousin.

The Nethem club met last Tuesday night at 8 o'clock in the Mahogany room, with a very large attendance present. The meeting was called to order by the president, and suggestions offered for activities. Before a schedule was mapped out Joseph Morrison was called upon to act as secretary, and then it was decided upon to have all the members pay twenty-five cents each week, and those who miss a month in succession will automatically be dropped. Having accomplished this, the club made arrangements for a lawn fete to be held on the church grounds next Wednesday, June 15th, and a cordial and hearty invitation is extended to all. Many forms of amusement and attractions will be on exhibition that night. Dancing, fun-making, hot dog eating, etc., is all yours at the lawn fete next Wednesday night. Let all turn out and make this a success. Bring your friends, your neighbors and the kiddies. Here is hoping the night will be warm and the crowd big. All are welcome. Good spenders especially are welcome and will receive special attention.

June 15th, Wednesday night, a lawn fete on the church grounds.

Members of the Nethem club still holding tickets or money on the dance given at Newburg will kindly make a settlement.

The choir members will take turns this month in singing an appropriate hymn to the Sacred Heart. Matt. Yuchasz rendered "O Jesus Dear, Thy Sacred Heart," last Sunday in a very pleasing way. Next Sunday, the second Sunday of the month, the men will receive holy communion.

Lawn fete June 15th, church grounds, Wednesday night.

## METHODIST NOTES

The official board met Tuesday evening for their regular business session. The reports show that all departments of the church work are in excellent condition.

The Woman's Missionary Society held their annual meeting and picnic at the home of Mrs. Levi Clemens, on Wednesday. About twenty-five women enjoyed the outing.

People seem to have caught the spirit of the season, and are talking picnic, so our Sunday-school has taken up the idea and is arranging for the annual outing.

## LIVONIA UNION CHURCH NOTES

The pastor, Rev. H. O. Lucas, delivered a splendid sermon both morning and evening last Sunday. At the close of the service last Sunday, vote was taken in regard to changing the hour of service. It was decided to have the Sunday school at 10:00 a. m. and the church service at 11:00 a. m. during the summer months.

A committee of three ladies, consisting of Mrs. George N. Bentley, Mrs. Richard Smith and Mrs. Harmon Kingsley, is busy preparing a children's day program which will be given Sunday, June 19th.

There seems to be some misunderstanding in regard to the pastor of this church. A few weeks ago we announced that the pastor has been appointed visiting hospital minister for the hospitals of Detroit. Some seem to have come to the conclusion that in accepting this position he had severed his connections with this church. However, this is not true. Rev. Lucas is still the pastor of this church.

## The Quality of Yesterday

Way back in the days before slap dash mass production quality really meant something.

In those days "quality," particularly in furniture, represented the art, skill and pride of the individual artisan.

"The Quality of Yesterday" is hard to find nowadays, but it still exists in Globecraft Overstuffed Furniture. Here in our Northville shop it is made to your order by master craftsmen who love their work and build for permanence.

Come over some day soon and let us show you why the "Quality of Yesterday" is not dead.

## NORTHVILLE CITIZENS FLY TO INDIANAPOLIS RACES

NELSON SCHRADER, FORMERLY OF PLYMOUTH, ONE OF THE PARTY AND IS STRONG FOR THE AIRPLANE.

Eight Northville citizens attended the automobile races at Indianapolis last week Monday, making the trip by two airplanes. In the first plane to leave the field were Nelson Schrader, former well known business man of Plymouth; Conrad Langfield, Clifford Casterline and Mayor Elmer Smith. In the second plane were Hugh Babbitt, Dr. L. W. Snow, Dr. A. A. Holcomb and Lawrence Henry. In just a little more than two hours after leaving Northville the two airplanes landed on the flying field at Indianapolis.

In an account of the trip given in last week's Northville Record, Nelson Schrader gives his version of the ride though the air as follows:

"We flew up over the clouds and we flew under them. Our pilot didn't step on the gas very hard, but we covered 200 miles in just a few minutes over two hours. Coming home I looked down on my old home town of Plymouth. Then I saw Phoenix pond, and just as I finished telling Cliff Casterline that we were flying over the pond I looked down again and we were over the Stinson airplane factory. We flew those three miles in just the time it took me to tell Cliff where we were," stated Mr. Schrader.

"Never for a minute was anyone frightened. There was nothing to be frightened about. You were not afraid someone was going to smash into your car and spill you over in the road. It was certainly a wonderful trip—and I am strong for the airplane."

The party left the races and were home in Northville before the great milling crowd that saw the speedway event had entirely cleared the grounds. It was just a few minutes after 6 o'clock Monday evening when they landed back at the Northville airport.

## SILVER WEDDING CELEBRATION

A very pleasant social gathering was held at the home of Mr. and Mrs. William Garchow at Livonia Center, last week Wednesday, June 8th, when they, with forty-three relatives and friends, celebrated their silver wedding anniversary. Music and games furnished the entertainment for the afternoon and evening.

At 6 o'clock, a delicious dinner was served to all those present. The tables were beautifully laid. An enormous wedding cake, daintily decorated with silver, and presented to Mr. and Mrs. Garchow by Mrs. Herman Johnson, adorned the bridal table.

Later in the evening, a mock wedding was held, in which the knot of matrimony was retied by Carl Petsch, son-in-law of Mr. and Mrs. Garchow. Guests were present from Ionia, Owosso, Farmington, Plymouth, Northville and Livonia. The honored couple were presented with many pretty and useful gifts of silver.

The guests departed late in the evening, extending wishes for the happiness and success of Mr. and Mrs. Garchow through the future years of their married life, and hoping to be with them at their golden wedding, twenty-five years from now.

## TONQUISH TEMPLE ASSOCIATION ELECTS NEW DIRECTORS.

## MICHIGAN LEAGUE OF WOMEN VOTERS.

The first district meeting of members of the League of Women Voters living in the Second Congressional district is to be held Saturday, June 11, at the home of the district chairman, Mrs. Daniel L. Quirk, in Ypsilanti. League members in Jackson, Washtenaw and Lenawee counties and of the Grosse Ile and Plymouth districts of the Wayne county league are planning to attend, together with representatives of the college leagues at the State Normal college and the University of Michigan. The afternoon will be devoted to a discussion of general league questions and special district interests participated in by the state president, Mrs. Henry C. Sherrard, of Detroit, and other members of the state board, followed by an informal garden party. Preceding this general meeting members of the local league boards will join with the state officers in a luncheon discussion on problems of organization at the Huron hotel in Ypsilanti.

A CARD—Mrs. John Oldenburg, Sr., wishes to thank the ladies who remembered her with birthday cards, and also the Ladies Aid society of the Lutheran church for the beautiful flowers.

# VELVET POCAHONTAS

It is with much pleasure we again tell you that we can furnish you with VELVET POCAHONTAS coal. This will be welcome news to many of you, we know. Due to a fire last September, in which the Tripple was burned, it has been impossible to furnish you VELVET. The 10th of May operations were again started, with new and improved equipment, and VELVET POCAHONTAS will come to you, better prepared, but with the same high quality.

The price is \$10.00 from the car—\$11.00 if forked. Pocahontas will not be any cheaper. We have seen the low price on coal for the year. Orders booked only subject to delivery in thirty days.

Grade Notes

Mrs. Lee's room—

Those in Mrs. Lee's room who won a free reading period for this week are: Margaret Williams, Wilbur Kincaid, Mary Kincaid and Margaret McGoroy.

The visitors for the past week were Evelyn and Alice Wolf.

The A-plus spelling students are Ruth Mevin, Evelyn Smith, Margaret McGoroy, Gertrude Miller and Norvall Boyce.

Miss Orr's Room—

Donald Warner spelled Miss Orr's room down last week. Florence Wilder entered the fourth grade.

—Doris Williams

In language class, Mrs. Bird is having the children learn the poem, "Gladness of Nature."

The 2-A class in Mrs. Harmon's room have finished all supplementary readers and are making a silent reading book of their own.

Japhine England who was in this room the first part of the year, was in the Bath explosion. She is now in the hospital at Lansing. The children are fixing a box containing paper dolls, books and pictures for her.

—Jewell Rengert

Miss Hallahan's Sixth Grade— Mary Price is absent because of illness. She will not return to school until next fall.

Friday, the language classes gave one-minute speeches on "Health Work."

Last week 88% of our room received 100% in spelling every day.

Miss Dixon's Third Grade— Last week Margaret Horvath spelled down the third grade room.

—Lavinia Holmes

Miss Stader's Room— Alicia Lavers and Patricia Cassidy have been promoted to the 2-B grade.

Lavinie's class in Miss Stader's room have finished two books, "Stones Silent Reader" and "Under the Story Tree." They are now taking up "Good Times on the Farm" for practice in rapid reading and expression.

—Irene Livingston

The 1-B class in Mrs. Schaub's room will finish their supplementary reader this week.

In Miss Fenner's 6-A class they are taking up a collection for the school at Bath, Michigan.

All of the sixth grade girls in Miss Fenner's room went on a hike, Friday. They have started reviewing in all of their studies for final examination. In geography they are studying about our state of Michigan, and they find it very interesting.

Camp Fire

Camps Latohi and Chickagami are going from July 16 to 26, to Camp Tuckabatchee. It is located at Marble Lake, near Coldwater, Michigan. The girls are using money which they have earned during the school year from candy and bake sales.

—June Jewell

Girl Reserves

The new president of the Senior Girl Reserves is Joy McNabb, and the Inter-Club Council Representative is Ino Campbell.

The Girl Reserve Honor Court will be held Saturday, June 11, at the Detroit Y. W.

Miss McIntosh will be out Thursday to meet with the Ring Committee, and they will decide what senior girls will be eligible for Girl Reserve rings. This is the highest honor a girl can be given in the club.

The Junior Girl Reserves gave the Senior Girl Reserves a steak roast on Friday, June 3rd, at Cass Benton park.

Camp Fire

At present Miss Smith's and Miss Shuffmaster's camps plan to go to Camp Tuckabatchee, controlled by the Exchange Club of Adrian. It is situated on Marble Lake, three miles from Quincy, Mich. The girls are under both camp and assistant directors. They will remain ten days during July.

Miss Grant's Camp Fire girls are planning to go to Blunk's cottage at Maxfield Lake, June 27, and stay for probably a week. The girls will have to take turns cooking, washing dishes and house-cleaning. While there, they expect to study birds, flowers and trees.

The advanced cooking class has been working with frozen mixtures. The girls have made ice cream with the cooked and uncooked mixtures. They

purchased a linen luncheon set for the school, with the money made by the bake sale.

The pupils of the High school clothing class are working on their third dresses. They have taken up the problems of patching and darning also.

The two Modern History classes taught by Miss Gwatkin, had a picnic, Wednesday, June 1, at Rousseau's farm at Newburg. About eighteen pupils besides the two chaperons, Miss Gwatkin and Miss Schmid were present.

The Commercial Club had a roast at Phoenix, last week.

The sophomore class will have a picnic Thursday, in the tourist camp. It will start about 5:00 o'clock, as after the lunch they will all go to the theatre.

The Tracksters have completed all their work now.

The new High school band, led by Mr. Dykehouse, played at the theatre twice last week. The players appeared in their new uniforms, which were purchased by the Kiwanis Club.

BARTLETT SCHOOL NOTES

The eighth grade commencement exercises for Wayne county, were held at Elizabeth Park, Saturday. The program in the forenoon consisted of the commencement address by Judge Ira W. Jaynes; presentation of diplomas and display of exhibits. In the afternoon, the decorated trucks paraded around the island, and prizes were awarded. Field events under the direction of Jack Henderson, director of physical training education at Wyandotte, closed the program for the day.

The band concert given by the Wyandotte High school band during the afternoon, was very fine.

Bartlett school was well represented, seventy-one sitting down to the pot-luck dinner at noon. The school children rode in Perry Campbell's truck, which had been decorated in green, yellow and white crepe paper to represent a huge basket.

Patrons of the district who joined in the festivities, included Mr. and Mrs. Birch, Mr. and Mrs. Hewer, Mrs. Robert Smith, Mrs. Frank Smith, Mr. and Mrs. George Travis, Mr. and Mrs. Fred Hook, Mr. and Mrs. J. W. Blackmore, Mr. and Mrs. Edward Hawk, Mr. and Mrs. VanMeter, Mrs. Charles Zander, Mr. and Mrs. Roy Wilkie, Mr. and Mrs. Wilson Reder, Mr. and Mrs. Perry Campbell, Mr. and Mrs. H. Travis and Mrs. Orris Blackmore.

The graduates of Bartlett school, were Amy Blackmore, Beatrice Smith, Mildred Birch, Glenn Smith and Jack Travis.

## THE THEATRE

### "AN AFFAIR OF THE FOLLIES"

Did you ever try to meet someone for a whole year, and then discover that during all that time you had been lunching at a restaurant table adjoining him, six days per week?

That is one of the many intensely human plot kinks of First National's "An Affair of the Follies," which is the attraction at the Penniman Allen theatre Sunday and Monday, June 12 and 13. Lewis Stone, Billie Dove and Lloyd Hughes are featured in the picture which begins in a New York chop house, where three men whose lives are being vitally entangled by outside events meet daily without knowing each other.

The story was adapted from Dixie Willson's magazine tale, "Here You're Brother," and produced for First National by Al Rockett, under the direction of Millard Webb.

Of course, it is a woman who brings the three men together—charming Billie Dove, who is the screen wife of Lloyd Hughes and the object of Lewis Stone's affections. The story is packed with clever twists and genuine human interests, and parts of it are a gorgeous visual treat, for among the various settings are some colorful scenes of the famous Hollywood Music Box Revue.

### "SPECIAL DELIVERY"

The misadventures of a rookie postman will be revealed for the first time in motion pictures when Eddie Cantor's latest Paramount comedy, "Special Delivery" comes to the Penniman Allen theatre Tuesday and Wednesday, June 14 and 15.

In this second of his starring vehicles under the Paramount banner, the former Broadway comedian and star of "Kid Boots" once more presents himself, as he did in his first picture, as the exponent of those who labor in the field of public service. Cantor's postman goes from one ludicrous experience to another, gets into all sorts of hilarious situations and out of them again, but through it all he is human, helpful and lovable.

Funny as these situations are, amusing as Cantor is in his letter carrier role, underlying all of the fun is a note of sincerity that makes one laugh with rather than at the subject of his mirth.

Cantor's postman, as he trudges the streets laden with letters and packages, is a pathetic figure who enlists one's sympathy.

Through all the comedy, however, runs a strong thread of a completely worked out story. There's the girl with whom the postman is in love and for whose affections he vies with the Cop on the Beat and the Fireman from Station 12. There's the get-rich-quick specialist who is using the mails to defraud and who smoothly works his way into the confidence of the girl and persuades her to accompany him, on promise of marriage in his getaway to South America, only to be frustrated after a thrilling chase by Cantor.

Supporting Eddie Cantor in "Special Delivery" is a well balanced cast including Johnny Ralston, for three years Harold Lloyd's leading woman, William Powell, Jack Dougherty, Donald Keith, Victor Potel, Paul Kelley and Mary Carr. William Goodrich directed.

### "CABARET"

Gilda Gray surprised a great many persons when "Aloma of the South Seas" was unanimously called the best first picture a screen novice had ever made. Now comes her second, "Cabaret," and the former idol of the music halls again proves that she knows as much about films as she does about dancing—and that's plenty! Gilda isn't the first terpsichorean exponent to attempt adventuring in cinemaland but she does stand alone in having made a running start and followed it up with another wow!

As in "Aloma," Miss Gray is again surrounded by a better than average cast. Tom Moore and Chester Conklin are featured and with two such "trouper" as these, the star found herself receiving excellent support. Mona Palma, one of the Paramount Junior stars, Jack Egan, William Harigan and Charles Byer all contribute fine performances.

As for the story, a thrilling affair if ever there was one, it has to do with Gloria Trask, a dancer in a Broadway cabaret, who becomes involved in a web of affairs which lead to a murder and surprising denouement.

The settings and atmosphere are uniformly good and Director Robert Vignola contributes many fine touches which add much to the general makeup of the picture.

"Cabaret" will be the attraction at the Penniman Allen theatre on Thursday and Friday, June 16 and 17.

### "RED HOT HOOFES"

That increasingly popular trio, Tom Tyler, Frankie Darro and "Sitting Bull" are appearing in another cracking good picture, "Red Hot Hoofes," an F. B. O. production which is coming to the Penniman Allen theatre next Saturday, June 18th. These three pals are perhaps the most admired and best known combination on the screen, and they manage to make friends of all who see them. There is something intimate and personal about the man, the little boy and the dog; they aren't just "screen folk," but real people who make a tremendous appeal through their innate naturalness and genuine charm. Tom and Frankie are both expert athletes, and are as much at home on a horse as it is humanly possible to be. Besides their marked ability as actors, both possess that quality which is known as personality.

This current picture shows the trio to advantage; there is plenty of riding, adventure and comedy. The cast includes such favorites as: Dorothy Dunbar, Stanley Taylor, Harry O'Connor, Barney Furey and Al Kaufman. The picture was made under the direction of Robert DeLacy who is responsible for the Tyler successes. The story is by George Worthing Yates, Jr., and the continuity by F. A. E. Pine.

### Picked Up About Town

"This old world is safe," asserts Dad Plymouth, "so long as there are more couples who don't regret their wedding day than couples who do."

Another thing to keep in mind is that the more happiness you give to others the more you'll have for yourself.

Dad Plymouth says the reason some of the people you are disappointed in are not disappointed in you is because they've already got your number.

"The kind of a dad the young people of today want," declares Dad Plymouth, "is one whose earning capacity is greater than their spending capacity."

The Chicago gunman who committed eight robberies in two hours evidently believes in "business efficiency."

Dad Plymouth says he feels sure that a lot of people who never have had fat government contracts are going to get front seats in heaven just the same.

"The reason some married couples do not go out together oftener," asserts Dad Plymouth, "is because she is ashamed of the old clothes he wears and he is ashamed of the few clothes she wears."

Any man has a remarkable memory who can think back now and recall whether or not the groundhog saw his shadow last February.

**NEWBURG**

On Sunday, June 19, will be Children's Day. Miss Elizabeth Leonard and Miss Leona Joy have charge of the program. The services will be at the usual time, 11:00 o'clock. Next Sunday, services as usual.

The L. A. S. met Wednesday, June 1, at the home of Mrs. Melvin Gurler, with about twenty-five present. A very pleasant afternoon was spent, and it was decided that through July and August, the ladies would just meet and sew for their fall bazaar.

On Thursday evening, Mr. and Mrs. Donald Ryder entertained Mr. and Mrs. W. Groer and daughters, Dorothy and Edna, at dinner. Later the Groer family were called to their home, where about sixty friends had met to give them a surprise farewell party. Mr. Walker, in a few words, told of the many things Mr. and Mrs. Groer have done for the community while they have made their home here. Mrs. Walker, then in behalf of the neighborhood, presented Mr. and Mrs. Groer and family with a very pretty picture, "The Garden of the Angels," by Wadsworth, with refreshments consisting of sandwiches, cake and punch were then served by the Queen Esther girls of which Mrs. Groer has taken such an active interest. Their many Newburg friends send their best wishes

as they move to their new home, 14615 Ohio avenue, Detroit.

On Friday afternoon at 3:00 o'clock, Mrs. Jessie Thomas gave a miscellaneous shower in honor of Miss Clara Grimm. Thirty ladies were present, and the bride-to-be was the recipient of many useful and pretty gifts. Mrs. Walker presented the gifts. The house was very prettily decorated in yellow and white. Ice cream and cake were served by the hostess. All enjoyed a most pleasant afternoon.

C. Donald Ryder attended a Peoria Life Insurance meeting and luncheon at Ypsilanti, on Saturday, June 4.

The Queen Esther Circle met Friday evening at the home of the Misses Louise and Jessie Goney, with about twenty-five present. The following were elected to office for the coming year: President, Miss Elizabeth Leonard; vice president, Leona Joy; corresponding secretary, Louise Goney; recording secretary, Charlotte Leonard; treasurer, Alice Gilbert. After the business meeting, strawberries and cake were served.

We are glad to note that Mrs. John Blair is some better at this writing.

Newburg friends extend their sympathy to Mrs. W. E. Farley of Plymouth, who had the misfortune to fall and fracture her hip. Mrs. Farley is in the University hospital, Ann Arbor.

Mr. and Mrs. Ira Carney spent over Sunday in Port Huron. They report Mrs. Turnbull getting along nicely from her recent operation.

The school picnic at Elizabeth Park, last Saturday was well represented from Newburg, about forty going. The Eighth Grade class received their diplomas at this time. They were: Lydia Joy, John Adams, Donald Dunn, William Gaab, Charles Thompson and Thomas Levandowski. There was also a "Circles Poster Contest" for all the three room schools of the county, and we are very proud to say that our school carried away the honors. Miss Healdman received first prize for the Grammar Grades; Mrs. Waterman second for the Intermediate Grades and Miss Clara Grimm third for Primary Grades. Our teachers are surely to be congratulated for their splendid work the past year.

**PLYMOUTH MERCHANTS WIN ANOTHER TAKE GAME FROM ROYAL OAK MERCHANTS 9 TO 1.**

Last Sunday, the Plymouth Merchants beat the Royal Oak Merchants for the second time this year. The game was to have been played over at Royal Oak, but they could not obtain grounds, so it was played at Burroughs Field.

Burgess, who started pitching for Royal Oak, was very wild, allowing Plymouth to score eight runs on four hits. He was relieved by McCall in the fourth inning, who allowed the home boys only one hit and one run in the rest of the game.

Walker started pitching for Plymouth, pitching the first five innings, and allowing only one run and four hits. At this time Manager Burley, thinking the game sewed up, tried one of our younger pitchers in the person of Mr. Roland, who proved to be very stingy, allowing only one hit in the remainder of the game.

Next Sunday, June 12th, the Merchants go over to Warden and play the strong Banlmanites. This is the only team that has defeated our boys this year, so we are going over to win. Come along and help the boys. It is only a little drive over there.

Last Sunday's game by innings:

Royal Oak	0010000001-154
Plymouth	31400001*-052

Batteries—For Royal Oak: Burgess, McCall and Sanford; for Plymouth: Walker, Roland and Strasen. Winning pitcher, Walker. Losing pitcher, Burgess. Umpires—Gray and Trimble.

Time—Two hours, 20 minutes.

**'We've Seen 'em.**

He sat at the lunch counter in a cafeteria. He glanced at his watch. Only ten minutes to make that class. He'd have to hurry. He gulped down a sandwich and glass of milk, and then pointing to a pie at the back of the counter, said:

"That ain't blackberry," said the waitress, as she drove off the pie, "it's custard."

**LINDBERGH AND COLUMBUS. A WONDERFUL MOTOR. NO JUMPING. LUNGS TOO GOOD.**

By the way, fathers and mothers, said because their sons lack college education will observe that Lindbergh went to no university, and his "prep school" was a plow on his father's farm. He was a solitary boy, thinking, enjoying danger and new things. Robert Westover, a garage owner in Montana, who once hired Lindbergh to make parachute jumps, says: "I don't think he was lonesome on that trip. Slim Lindbergh was a peculiar guy. He did not care for company or any excitement, except starting stuff. Everything he had he carried with him, helmet, goggles and toothbrush stuffed in his big pockets of his overalls."

Lindbergh's difficulty now will be to find something worth doing that will not kill him.

Lindbergh proves that deeds of daring "mad-cap audacity," seeming reckless at the time, are of great, permanent value. It was called reckless folly when Columbus made his trans-Atlantic "hop" in the opposite direction. Cool heads told him he would fall over the edge of the ocean, and his crew wanted to turn back.

Fulton's experiment with steam, and Franklin's with the kite, seemed foolish. Congressmen that voted to spend money on government experiments with telegraph messages were beaten for re-election. The voters "had no use" for a congressman that would vote to waste money.

Lindbergh's feat will find an echo in the next congress. It will occur to some congressmen that if one man, all alone, could fly from here to Europe, some thousands might fly from Europe or Asia here, and be less welcome than Lindbergh was in Paris.

The record shows that Lindbergh's Wright motor used less than twelve gallons of gasoline per hour of flying, and did better than 100 miles to the hour. At twenty cents a gallon that means about \$1 worth of gasoline, plus twenty gallons of oil. Not expensive for a trip to Paris.

Anybody who doubts that airplanes will carry passengers across the ocean for less than \$50, "all daylight route," has little confidence in human ingenuity.

Statistics show this country's income in 1926 totaled seventy-eight billion, six hundred and forty-nine million dollars, from all sources—the ditch digger's wages, the coupon cutter's toll.

That means \$671 for every man, woman and child, or \$1,805.37 for every person engaged in earning money.

Professor Nash, teacher of physical education in New York university, justly criticizes violent exercise for young girls.

To permit competition for girls in hurdle races, high jumping, broad jumping, etc., is a crime against the girls now, and against the future generation.

Girls were not made to jump. They were made for motherhood, and should be taught to respect and protect their complicated machinery.

In the Fall "medicinal whiskey" bourbon and rye, made of corn and rye, will be manufactured under supervision of the treasury department.

No whiskey should be suggested for medicinal purposes. If doctors say alcohol is necessary they should use brandy made of grapes. Many poisons are in grain whiskey, even carefully made. Real brandy is free of poisonous oils and other poisons, unless you call pure alcohol a poison. Wood alcohol is deadly, potato alcohol is very poisonous, grain alcohol is poisonous, grape alcohol safest.

Those that sent threatening letters, concerning the Sacco and Vanzetti case, to Governor Fuller did not frighten the governor. He rejects the suggestion of a commission to review the Sacco and Vanzetti case, saying that the responsibility is his. The governor cannot delegate his authority. The law provides that the decision must be made by him.

Governor Fuller will do his own investigating and his own deciding.

Consumptives will be interested to learn that physical work, even "hard work" in reason, is beneficial, not harmful, except in extreme cases. Consumptives often have lungs that might be called "too good," the lung area being so great that the heart finds difficulty in pumping an adequate blood supply. Exercise in moderation strengthens the heart, helps the patient.

**HISTORICAL PAGEANT FEATURES COMMENCEMENT CEREMONIES AT OLDEST AGRICULTURAL COLLEGE.**

Turning back through the pages of history to trace development of the state's agricultural and industrial institutions, as well as the Michigan State College itself, M. S. C. is marking its seventieth anniversary commencement this week with exercises of particular interest to all Michigan.

The oldest agricultural college has expanded its commencement program to provide material of state-wide significance, taking the entire state into its "birthday party."

A pageant of historical background, under the title of "The Beginnings," will be shown on the campus on Friday and Saturday afternoons, June 10 and 11. This historical drama, as it is called, will review Michigan's story as a state, with particular reference to the agricultural side.

Commencement exercises proper are booked for Friday morning, June 10, with the other special features scattered over the entire week. More than 350 seniors, the largest class in the history of the college, will receive degrees this year. Senator Simon D. Fees of Ohio, noted statesman and lecturer, is to deliver the commencement address.

**OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.**

Plymouth, Mich., May 23, 1927.

An adjourned regular meeting of the Commission in the Commission Room of the Village Hall Monday evening, May 23, 1927, at 7:00 p. m.

Present: All five Commissioners.  
At this time the bids on \$25,000 general obligation bonds were opened and read. They were as follows:

Detroit Trust Company, 4 1/2% per annum; premium \$7.00.

Detroit Trust Company, 4 3/4% per annum; premium \$237.00.

Bank of Detroit, 4 1/2% per annum; premium \$26.40.

Bank of Detroit, 4 3/4% per annum; premium \$241.56.

Prudden & Co., Toledo, Ohio, 4 1/2% per annum; premium \$19.80.

Prudden & Co., Toledo, Ohio, 4 3/4% per annum; premium \$308.00.

Whittlesey, McLean & Co., 4 1/2% per annum; premium \$98.00.

Whittlesey, McLean & Co., 4 3/4% per annum; premium \$233.50.

First National Bank, 4 1/2% per annum; premium \$117.50.

First National Bank, 5% per annum; premium \$283.00.

Security Trust Co., Detroit, 4 1/2% per annum; premium \$103.50.

Security Trust Co., Detroit, 4 3/4% per annum; premium \$311.00.

Security Trust Co., Detroit, 5% per annum; premium \$311.00.

The Commission then unanimously decided to reject all bids on 4 1/2% and 5% bonds.

It was then moved by Commissioner Henderson, supported by Commissioner Pierce to accept the bid of the Security Trust Co. on 4 1/2% bonds at par plus a premium of \$103.50.

Ayes: Commissioners Henderson, Pierce, Hondorp, Learned and President Fisher.

Nays: None.

Carried.

The Commission then agreed to pay Mr. Powell 37 1/2c per cu. yard of gravel delivered and spread on our streets. This gravel is to be taken from the Tiche property at the corner of Starkweather avenue and Main street. Mr. Tighe to pay 37 1/2c per cu. yard to Mr. Powell for the gravel and also pay for the hauling of the concrete and stumps.

Mr. Tighe was asked to give a bond to guarantee the replacing of walk, steps and concrete curb and gutter which he will take out in building his gas station on the corner of Starkweather avenue and Main street.

The Treasurer was ordered to pay the interest due on water bonds at the Peoples State Bank, Detroit.

A petition was received for lights at the corner of Virginia avenue and Fair street, Virginia avenue and Joy street, and at the corner of Virginia avenue and Maple avenue. This was granted.

The petition for walks on Virginia avenue was granted by the Commission if it met with the approval of the President and Manager.

The Commission unanimously decided that Mr. Greney should not use the Village dump except on Saturday.

The Commission adjourned.

Henry J. Fisher, President.

Wm. Weltner, Clerk.

Plymouth, Mich., May 28, 1927.

A special meeting of the Commission held in the Commission Room of the Village Hall Saturday afternoon, May 28, 1927, at 3:30 p. m., called to discuss certain dumping privileges at the Village dump.

Present: Commissioners Hondorp, Pierce, Learned and President Fisher. Absent: Commissioner Henderson.

It was unanimously decided by the Commission that anyone wanting to dump at the Village dump any other day than Saturday would have to deposit a certified check or certificate of deposit of twenty-five dollars with the Manager.

The Commission then ordered a walk built on the east side of Elizabeth street from the south end of the present walk to Ann Arbor street.

The Commission adjourned.

Henry J. Fisher, President.

### LOCAL DEALER SHOWS NEW DODGE SIX

**MOTOR DESIGNED FOR LONG LIFE, BUT HAS SPEED FEATURE.**

Today marks one of the most important events in Dodge Brothers' history—the introduction of the first model of the company's new line of fine six-cylinder motor cars. The car put on display today by Earl S. Mastick, local Dodge Brothers dealer, is a four-door sedan, an impressive looking vehicle, which is said to possess a truly remarkable motor.

Within a few weeks two additional body types, a four-passenger coupe and a new type of cabriolet roadster, will be added to the new line of "sixes."

Elaborate preparations for the advent of the six-cylinder cars have been made by Dodge Brothers. Last fall construction work was begun on one of the largest factory buildings in the world and throughout the winter and spring was rushed to completion.

Actual production of the six-cylinder line was started early in May. The initial production rate was about 50 cars a day. This has been rapidly stepped up from week to week and daily output is now running approximately 200. By the end of June, when the two additional body types will be in production, it will run fully 300 cars a day.

The new line of "sixes" has been named Dodge Brothers' senior line to distinguish it from Dodge Brothers' standard line of four-cylinder cars, with which the company has built up its world-wide reputation.

#### Senior Line is Impressive.

While the senior line embodies nothing freakish, either in construction or performance, it is presented by Dodge Brothers as the last word in comfort and performance for cars in or near this price class. Beauty of design, exceptional performance, style and comfort of interior appointments, and ease and economy of operation are major attributes.

#### Crankshaft Heavier Than in Similar Motors.

One of the most impressive features of the motor is the extremely heavy crankshaft and unusually large bearing area. The crankshaft is machined all over and weighs 69 pounds. Heavier than is used in any other engine of similar capacity, it is supported by seven extra large bearings. This fact, combined with exceeding rigidity, results in a smoothness of operation that is said to be exceeded by no car, regardless of price.

The motor is of the L-head type, chosen by Dodge Brothers engineers because of the simplicity of the valve mechanism and relatively infrequent need of adjustment. The bore is 3 3/4 inches and the stroke 4 1/2 inches, with 223.98 cubic inches displacement. Its taxable horse power is 25.35, N. A. C. C. rating.

The crankshaft bearings and connecting rod bearings have greater areas than are found in other motors of this capacity.

The pistons are of an advanced type, designed to give rapid pickup, greater power, smooth performance, exceptionally low expansion and long life.

The exhaust valves are made of steel, alloyed with silicon and chromium, materials which give maximum durability and resist heat and wear.

#### Efficient Carburetion System.

The carburetion system used is the latest type, designed to secure maximum efficiency in combustion and power. The fuel intake manifold is cleanly designed and has no sharp curves or bends to retard the flow of fuel from the carburetor to the combustion chamber. The center of the intake manifold is within a section of the exhaust manifold, giving an extra large "hot spot" section. The fuel charge, passing from the carburetor to the cylinder heads, hits this "hot spot" and is raised to the proper temperature for effective vaporization before it enters the combustion chamber. The short distance which the fuel has to travel reduces the tendency for it to lag or condense as it passes to the cylinders.

#### Single Plate of Clutch Used.

A single plate type of clutch is used. Its design is similar to that used on many of the highest priced cars such as Hispano Suiza, Pierce Arrow, Marmon, McFarlan, Locomobile, Peugeot, Sunbeam, Daimler, Duesenberg and the British Rolls-Royce. It is exceptionally easy and quiet to operate. The pedal action is said to be lighter and softer than any other type, and gives a smooth, gentle application of power with no chattering of parts when it is released.

#### Selective Sliding Gear Transmission.

The transmission is of the selective sliding gear type and the shift is the standard system with three forward and one reverse speeds. Two radial ball bearings and three roller bearings are used in the transmission to insure quiet, smooth operation and long service without attention.

The motor is lubricated by a high pressure, force-feed system which is simple, positive and dependable. It insures an ample supply of clean, filtered oil to every part at all times.

#### Four-Wheel Hydraulic Brakes.

All cars in the senior line are equipped with the most advanced design of Lockheed four-wheel, internal

expanding, hydraulically operated brakes. The hydraulic system is automatically replenished and requires attention only at long intervals, possibly every seven or eight thousand miles.

The springs are of chrome vanadium steel and are semi-elliptic in type. The front spring length is 37 inches and the rear 55 1/2 inches. The rear springs are underslung.

Dodge Brothers dealers everywhere report an enormous advance interest in the new six and as a result it is expected that the local show rooms will be well crowded for some time to come.

### Today's Reflections

Some powder goes off with a bang, but most of it goes on with a puff.

To an average Plymouth mother a door is something the baby messes up with his fingers, the older children always forget to close and father bangs to show he has lost an argument.

Present day style hints have ceased to be style hints—they are exposures.

It has about reached the point in Plymouth where the female ankle gets about as much attention as the groom's father at a wedding.

"Shoot to kill" is the new order given Chicago policemen. We suppose that before it must have been "Aim to please."

We don't know of anything less popular than smallpox unless it is a Plymouth grownup who has to be hauled all the time.

The only time the public is surprised at these trans-Atlantic flights is when the aviator happens to get there.

There ought to be plenty of money in Florida. Look at the number of people who left some down there.

Why is it that a Plymouth man can be the soul of honor during the entire year and then have to do a little lying about the size fish he caught just as soon as they start biting.

It looks as though we've fixed it so Niagara will have to get a permit from our state department next time she wants to stage a revolution.

Lindbergh proved that you don't have to depend on the installment plan to get what you want.

There's this much to be said for the Plymouth man who keeps steadily at work—he has the least chance of going to jail.

Wonder who'll be the first red-headed woman with six children to swim the English channel this year?

We used to have to go to a show and pay to see short skirts that you can now see on the streets for nothing.

Every man in Plymouth can remember a licking he got that he didn't deserve when he was a kid, but he forgets all about those that he didn't get that he did deserve.

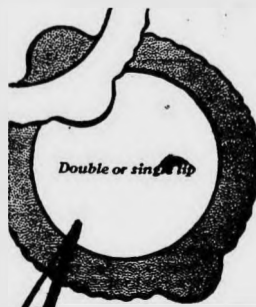

#### No Bargain.

First Boss—That new clerk of yours seems a pretty steady fellow.

Second Ditto—Yes, and if he were any steadler he'd be motionless.

#### Hurrah for Jenkins.

"By cracky! Here I be ninety-nine years old today and never have used glasses," proudly boasted old Mr. Jenkins. "Yes, sir, I've always preferred to drink from a bottle," added the aged gentleman.

## No surcharge on Indian Gas

"No premium on Indian Gas," says our man, handing you back more change than you expected.

Indian, because of its high aromatic content, is a true "anti-knock" fuel. Anti-knock means power. And yet Indian Gas sells at the regular price. Try it today. Then why pay more? Try Indian.

If you own a car you should know this

Apologies flowed freely when refiners first made cracked gasoline. Yet severe testing has shown it to be a greater power producer than straight run gas. Its natural qualities? Just the reverse of straight run gasoline. The lower the gravity the better. A high percentage of the aromatic gases gives it anti-knock qualities. These features in Indian Gas make it a POWER fuel.

## Dr. Frank Crane Says

YOU CAN SEE IDEALS OF PEOPLE

The other evening I ran across this human paragraph in a volume otherwise largely technical:

"A man, as he walks in the crowd, feels himself to be an ordinary individual. But in the back of his mind is a more than half-formed fantasy: 'I seem to be an ordinary man, but I am really a man of great importance. People take me for just one of themselves; dressed like anyone else, they don't realize what an extraordinary man they have in their midst. But let an emergency arise—a crisis, an accident to the king—a spring to the rescue and everyone exclaims, 'Who is this? A prince, incognito! A genius in rags!' At last I come into my own!"

This is as true to human nature as scratching a mosquito bite.

Everyone has enacted such beguiling little dramas of the mind in which he plays the hero and "comes into his own."

Every crowd of people is a stage whereon meek homeward bound clerks are enacting in their minds just what they would do if a burly rowdy should insult a beautiful girl, or an

insane man run amuck with a razor.

"They strike the villain down, 'come into their own.'"

On all sides we catch glimpses and flashes of what people imagine "their own" to be like.

"I've played golf for thirty years and have never been on my game yet," a man is quoted as saying. His idea of what "his game" was like was something superlative and unattainable. The actual game he played was merely a failure to come up to "his own."

When a woman says "I have had dozens of photographs taken and have never had a good picture yet," it indicates that her conception of "her own" includes an idea of personal pulchritude which her features, struggle as they will, can't live up to.

It is a truism that, in this world, sooner or later we get about what we deserve. We really "come into our own."

The reason we so rarely realize that what we get is "our own" is that our conception of what it is like is based on our desires instead of our deserts.

## VIGILANTES ORGANIZE IN NEARBY COUNTIES

OVER FIFTEEN HUNDRED MEN HAVE BEEN ORGANIZED IN STATE TO COMBAT BANK ROBBERS.

More vigilantes than would form a battalion and a half of infantry have already been enlisted in thirty-seven of the eighty-three counties of the state to combat bank robbers, according to the statement of Paul J. Ullrich, Mr. Clemens, chairman of the bankers' state protective committee.

Over fifteen hundred men, especially selected for their fitness, have been divided into units of three men each and distributed over the counties at strategic points.

Although the standard equipment of these vigilantes, Mr. Ullrich stated, consists of a Krag rifle, .45 calibre revolver and plenty of ammunition, many counties are supplementing this equipment with shot guns and riot guns.

"Unless we concede at the start," Chairman Ullrich said, "that a literal state of warfare at present exists between the bandit and the banker, we will not get very far in our plans."

"For this reason we are putting the vigilantes on a war footing as rapidly as possible. Rifle and pistol practice will be the rule within a very short time; former army officers are being selected to head up the county vigilante committees and an accurate survey of the country around each banking community has been made."

"We have already organized a belt of vigilantes clear across the state and have surrounded all the larger cities with a network of armed men who will frustrate any effort of the bandits to seek refuge in the metropolis."

"In Grand Rapids and Hastings we have stationed two aeroplanes manned by experienced pilots who will be able to fly at a moment's notice to any part of the state where a robbery is reported. These planes are equipped with machine guns, and the pilots, flying low, will be able to halt any fleeing bandits as well as survey the obscure places where they might hide."

At the present time over forty thousand dollars in rewards have been posted over the state, according to Joseph Rylands, director of organization for the bankers.

The counties organized so far are offering these rewards to anyone who will tip off the vigilantes that a raid is to be made by bandits as well as to those who aid in capturing or killing them. Rylands said, "By offering the rewards for advance information about contemplated bank robberies, we will be able to form ambushes and veritable death traps to meet these yeggs when they arrive," Rylands stated.

## DE-HO-COS ARE STILL UNDEFEATED

PRISON FARM TEAM DEFEAT BELLEVILLE BY CLOSE SCORE, LAST SUNDAY.

THEY TRUNCED THE DETROIT POLICEMEN LAST SATURDAY, 28 TO 10.

De-Ho-Co and Wayne still are tied for first place in the fast Inter-County League. De-Ho-Co defeating Belleville on the Detroit House of Correction Farm diamond on Sunday, and Wayne taking Redford into camp, the score of the latter contest being 7 to 1. De-Ho-Co went eleven innings to defeat Belleville, 11 to 10.

The feature of the De-Ho-Co victory was the game itself, which was as fast and exciting a baseball contest as anybody would ask to see. Belleville gave Hope, its star hurler, a lead of five runs with which to go into the ninth, but Hoppe had pitched a 17-inning game on Monday, and his blowing up in the last of the ninth probably was due to that fact. The hitting power of De-Ho-Co began to tell here, and Hoppe's support weakened a bit. The result was a tie at the end of the ninth, and extra innings.

Neither side scored in the tenth, but Belleville put a man across in the eleventh, and again it was up to De-Ho-Co to do things, which De-Ho-Co proceeded to do. Three men had reached as many sacks and only one man was out, when Jaska came to bat in the last of the eleventh. What appeared to be a foul ball as it left Jaska's bat was carried by the wind into fair territory in left, and hit just inside the foul line, by which time the winning runs were over, and Belleville's left fielder was talking to himself scandalously.

Belleville has a fast baseball team, and won't finish in its present position at the bottom of this league by any means, while De-Ho-Co, with its fighting spirit and its slugging ability proves that Wayne will have to go some to maintain its tied position for first place with the farmers.

In Sunday's other contests in the Inter-County League, Grosse Pointe took the measure of Wyandotte, 5 to 4. Detroit Firemen and Detroit Municipal Employees game was postponed.

De-Ho-Co defeated Detroit Policemen in the Saturday game, 28 to 10. Sunday's Inter-County game on the Detroit House of Correction Farm grounds will be between De-Ho-Co and Redford. The usual Saturday exhibition game will be between De-Ho-Co and Detroit Inc. of Detroit.

### "BROADWAY"

"BROADWAY" BEGINS THIRD MONTH AT THE GARRICK THEATRE, DETROIT.

The third month of J. M. Harris' production of "Broadway," the drama of New York night clubs by Philip Dunne and George Abbott, begins at the Garrick theatre, Detroit, Sunday night. It has proved to be as big a sensational hit in Detroit as it is in New York and London where it is still playing. The company appearing at the Garrick is destined to become the Chicago company later in the season.

The terrific success of "Broadway" is not a freakish accident, as is sometimes met with in the theatre. Technicians of the drama are willing to concede it to be almost perfect in its writing, direction and casting, and without it is not "high-brow" and can be enjoyed by both sexes and all classes. It is a play that has the unusual distinction of never having received an adverse criticism and while it is vitally American, its appeal can well be judged by the fact that the American company playing it in London is, as in America, playing to capacity at every performance.

In trying to account for and corner the crime wave, New York penologists recently investigated the night clubs, "Broadway," without striving to do so, had focused attention on these semi-hideaways, as the resorting place of tuxedoed gunmen and bootleggers who indulged with the better classes "out for an evening's fun." The curfew law recently enacted was an acknowledgment of the contention. True, the curfew is generally ignored and just as truly, the situation helped "Broadway" to become the greatest comedy dramatic hit of a generation.

The company offering the play at the Garrick includes Wallace Ford, Grace Huff, Joseph King, Harriet E. MacGibbon, Jack Warner, Ann Winslow, Gustave Rolland, Joseph Granby, Catherine Collins, Allen Jenkins, Edward Clanel and Maurine Mayo.

### AROUND ABOUT US

The business men of Romulus have organized a luncheon club.

Dearborn is making elaborate plans for the centennial celebration, which takes place there June 17th.

Impressive ceremonies, attended by officials prominent in Michigan Odd-fellowship, will mark the dedicatory services of the new \$10,000 Clarenceville temple, Sunday, June 12. The dedication proper will be preceded by a special memorial service and drill sponsored by the Lady Rebekahs.

Incorporation of an area of approximately six square miles in the north-east section of Nankin township into the village of Garden City carried at a special election held Tuesday by a small margin. The total number of votes cast was 230 of which 127 were recorded for the incorporation proposal and 103 in opposition.

One of the last parcels of acreage in Redford township went on the market recently when Godfrey Larsen sold 25 acres to Jerry M. Marks. The land is located on the Base Line road, just west of Burg road. William S. McNair represented the Larsens and Rudolph Schmittlieb, the Marks. While the sale price was not revealed it is believed to have been in keeping with the present high land values prevailing in this area.—Redford Record.

Clarence Aldrich, proprietor of Aldrich Nurseries, Grand River avenue and Switzer road, has purchased an 80-acre farm near Clyde on the Flint-Ann Arbor road and will take possession of this newly acquired property October first. This new purchase makes the Aldrich Nurseries total 207 acres providing for a considerable expansion of growing acreage. The Clyde farm has exceptional track facilities and is well adapted to the growing of nursery stock.—Redford Record.

Redford Exchange is contributing rather freely to a fund which will be expended in paying the expenses of the Redford quarter to the national convention of Exchange Clubs at San Francisco in September. At this convention the Redford singers will enter a contest in which quartets from other clubs of the nation will participate. The sum subscribed to date toward this fund is \$600. Roy H. Burgess heads the Redford organization, the other members of which are Joe McBobble, Wm. Cotton, P. A. Venus, Ted Grace and Mrs. Joseph Adcock. Together with their wives and two or three other Redford couples the party plans to leave Detroit in a Pullman about September 7th. Other Exchange Clubs in Eastern Michigan are also

planning to contribute to the Frises fund which it is hoped will aggregate \$3,000.—Redford Record.

### EXPECT BORER MOTHS TO MAKE "HOP" SOON

### APPEAL MADE TO FARMERS FOR THOROUGH CLEAN-UP OF CORN FIELDS BEFORE JUNE 15.

With the flight of the corn borer moths expected to commence about June 15 in the state, according to the entomologists, a final appeal is made by the authorities to farmers in the borer infested area to complete the clean-up of their corn fields.

The entire surface of the quarantined area must be free of all corn refuse before this date if a 100 per cent control job is to be accomplished. The need of thoroughness is apparent when it is realized that the borers which are transformed into female moths are capable of laying 400 eggs. These eggs in turn hatch out into borers.

A corn borer moth is able to fly at least 20 miles, entomologists have observed, and by laying eggs at intervals is able to infest a wide territory. It is evident that every borer which escapes destruction constitutes a menace to control work.

To protect the interests of those farmers who have cleaned up their premises in a satisfactory manner, it is essential that those who have not completed their clean-up operations should do so without further delay. Only through the cooperation of every farmer in the area will the borer be controlled, authorities say.
