PLYMOUTH TAKES SECOND PLACE IN LEAGUE FIELD MEET

Dearborn Wins Suburban Field Meet On Normal College Field at Ypsilanti Last Saturday.

Plymouth High athletes, accompanied by a goodly number of the student body and citizens, went to Ypsilanti last Saturday for the annual Suburban High School field meet, which was held on the Normal college athletic field. The unfavorable weather kept many at home who had planned on attending the event. While the local boys did not win the meet, they did mighty well in scoring 49.5-6 points against Dearborn's 85-1.3 points, the winners of the meet. Dearborn were winners of the class B contests in the state meet, held recently. Northville was third with a total of 16.5-6 points. Roosevelt High of Ypsilanti, Wayne and Farmington were unable to place in the meet.

Summary:

100-yard dash—Won by Shaw, Dearborn; second, Packard, Plymouth; third, Simmons, Plymouth; fourth, Levenworth, Northville. Time, 10.2 seconds.

220-yard dash—Won by Jackson, Dearborn; second, Packard, Plymouth; third, Simmons, Plymouth; fourth, Levenworth, Northville. Time, 23.2 seconds.

FUNERAL SERVICES FOR WILLIAM MELOW.

William Melow was born in Germany on January 29, 1893, and died at the home of his son, May 30, 1928, at the age of 35 years, 4 months, 1 day. At the age of 17 he came to this country and settled in Livonia township. In the autumn of 1899 he was united in marriage to Matilda Keryl of Livonia, and to this union six children were born: Charles, Elma, Almena, Adolph, Bertha and Samuel. Later, with his family he moved to Plymouth township. In October 1909 his wife passed away and shortly after he moved to Plymouth village. He leaves to mourn, their son, six children, twenty grandchildren, one great-grandchild, one sister, Mrs. Christian Lindqvist and a host of other relatives and friends.

The funeral services were held from the Schrader Bros. Funeral Home, Saturday afternoon at 2 o'clock. Rev. Walter Nichol officiating. Burial in Livonia cemetery.

Decathlon Meet Next Tuesday Afternoon

THE SECOND ANNUAL MEET SPONSORED BY THE LOCAL ROTARY CLUB AT ATHLETIC FIELD

The second annual Decathlon meet for the boys in Plymouth High School will be conducted by the Rotarians next Tuesday afternoon, June 12th, at 3:45 o'clock at the High School athletic field.

Medals for the same are on display at the High School and much interest is being exhibited among eligible contestants. It's a wonderful achievement for any boy to demonstrate that he is physically developed and fit to the extent of being able to win a bronze, silver or gold medal. Every contestant will compete in eleven events, ten of which will be used in determining his achievement. The eleven events during the meet will be in charge of committees of Rotarians appointed for the same by the President of the Club.

There will be no charge for admission to this meet and the Physical Director at the High School and others interested in the physical development of our boys will be especially pleased to have the parents of the boys view them in action.

League Women Voters to Meet

Monday, June 11, is the June meeting of the Plymouth League of Women Voters. It will be held at 2:30 in the Crystal Room of the Hotel Mayflower. An interesting program has been planned for this, the last meeting until fall.

Mr. A. J. Koenig, Plymouth's new city manager, will speak on the subject of "Present Activities and Future Plans for Plymouth." This is a splendid opportunity for Plymouth women to acquaint themselves with the business of the town and to learn to know our city manager.

In addition to Mr. Koenig's talk the League will have an opportunity to view lantern slides of the work of the National League of Women Voters. These slides have been especially prepared and mailed to our state by the National League in Washington, D. C.

Monday, June 11, reserve for the League of Women Voters.

CHILDREN'S DAY AT TRAINING SCHOOL NEXT SUNDAY

Children's Day exercises will be held in the auditorium of the Wayne County Training School, Sunday afternoon, June 10th at two o'clock. An interesting program has been prepared for the occasion. Following the program, the teachers will receive in their class rooms, the parents and friends, and the cottages and all other departments will be open for general visitation.

"THE DAISY IDEA"

The Daisy Mfg. Co. are publishing a little pamphlet in the interest of the employees of the Daisy Company. The name of the publication is "The Daisy Idea," and it is issued every month. Arthur J. E. Torre is editor-in-chief and Mildred Barnes is society editor. The Daisy Idea is published with the idea of stimulating interest, suggestions and ideas for the common good of the entire Daisy family. It is very interesting and peppy and is meeting with popular favor with every employee.

THE ANNUAL SCHOOL MEETING NEXT MONDAY

CHANGE IN SCHOOL LAW BRINGS MEETING EARLIER—TWO BOARD MEMBERS TO BE ELECTED.

Attention is called to the citizens of Plymouth of the change in the time for the annual school meeting, as prescribed by a new state educational law. Heretofore, the meeting has been held in July, but the new law provides that it shall be held the second Monday in June, which is next Monday, June 11th. The meeting is called at 7:30 o'clock in the evening at the High School auditorium.

The present school board consists of J. W. Henderson, president; Mrs. Ada Murray, secretary; F. J. Pierce, treasurer; C. H. Bennett and William Sutherland, trustees. The members of the board whose terms of office expire are J. W. Henderson and F. J. Pierce.

Our citizens are urged to attend this meeting. It is one of the most important public meetings of the year and there should be a large representation present next Monday evening.

New Auto Agency Here

Charles McLaren and George Atkinson have taken the local agency for the Willys-Knight and Whippet motor cars for Plymouth and vicinity, and announce the formal opening of their new salesrooms at 875 West Wing street Saturday, June 16th. They will show the latest models of these popular cars. Messrs. McLaren and Atkinson have had considerable experience in the selling of automobiles and there is no doubt but that they will meet with success in their new undertaking. Watch for their announcement next week.

A PLEASANT EVENT

A very pleasant party was given in honor of Miss Ruth Forsythe by Mrs. Harold E. Stevens and Mrs. Claude Dykehouse at the home of the former, last Saturday afternoon.

After an interesting afternoon of bridge a treasure chest was presented the guest of honor. Upon opening she found many very attractive gifts. Mrs. P. L. Shawley received high bridge honors and Miss Eunice Penner low prize. A two course luncheon was served by the hostess. The guests were the Junior and Senior High School teachers and Miss Forsythe's sisters from Milan and Detroit.

Mrs. Paul Whelan was called to Detroit last week on account of the serious illness of her mother, Mrs. Schuler, who passed away Wednesday, May 30th. Mrs. Whelan has the sympathy of her many friends in the loss of her mother.

New Manager for Auto Club

D. M. MORRIS TAKES OVER MANAGEMENT OF LOCAL BRANCH OFFICE.

D. M. Morris, of Detroit, has been appointed local manager of the Plymouth branch of the Detroit Automobile Club. In place of Raymond Bachelder, who recently resigned the management. Mr. Morris has been a special representative for the club and is well qualified by experience in all branches of the work.

The local office of the club is located in the same room with the Chamber of Commerce and the Merchants Service Bureau in the Hotel Mayflower building with the entrance on Ann Arbor Street West.

Mr. Morris will be pleased to furnish the members of the club who are contemplating automobile trips during the coming summer, with road maps and all other information of this kind at his command. The membership of the local branch has been steadily growing and Mr. Morris hopes to increase the membership still more. The Mail is glad to welcome Mr. Morris to Plymouth.

The Coming Alumni

Edwin L. Crosby, who graduated from the Plymouth High School in the class of 1897, and who is to be toast master at the Alumni Banquet on June 22nd, is one of Detroit's leading manufacturers in his line. Mr. Crosby is president and general manager of the Detroit Electric Furnace Co., which manufactures furnaces for the refining of all kinds of metal. This is the largest factory of its kind in the world and these furnaces, which are recognized as the most revolutionary development in metal melting during the last century, are the result of fifteen years of experiment and personal research work by Mr. Crosby.

Our principle speaker on the program will be another distinguished product of the P. H. S., Mrs. Eva B. Adams MacMillan, who has been Registrar of Pekin (China) Union Medical College for the past ten years, and who has just returned to her home in Detroit.

You will not want to miss hearing these speakers, so plan now to come to the annual Alumni meeting.

A detailed program will be given next week.

E. R. PARROTT IS SECRETARY TREASURER OF HOME BUILDING ASSOCIATION.

A special meeting of the board of directors of the Plymouth Home Building Association was held last Wednesday evening and E. R. Parrott was elected secretary and treasurer to fill the vacancy in the office caused by the death of W. R. Shaw. The office will remain where it has been and there will be no change in the address of the association and the business will be conducted as heretofore.

PROMINENT CITIZEN FATALLY INJURED

WILLIAM R. SHAW DIES FROM INJURIES RECEIVED IN AUTO ACCIDENT LAST FRIDAY.

FUNERAL SERVICES HELD MONDAY AFTERNOON FROM FIRST PRESBYTERIAN CHURCH.

Late last week Friday afternoon an automobile accident which resulted fatally for William R. Shaw, one of Plymouth's most prominent citizens, occurred at the intersection of the Golden and Ann Arbor roads, about two miles west of the village. Mr. Shaw, accompanied by Mrs. Shaw, was driving home from Ann Arbor when the accident happened. A heavy rain storm had made the pavement very wet and slippery, and in coming down the hill at this point, Mr. Shaw applied the brakes, and the car skidded and turned completely around and side-swiped into a tree at the roadside, crashing in the top of the car. Passing motorists rendered assistance, and Schrader Brothers' ambulance rushed Mr. and Mrs. Shaw to the Henry Ford hospital in Detroit, where it was found Mr. Shaw had suffered a fractured skull, and he passed away a short time after arriving at the hospital. Mrs. Shaw was found to have sustained no broken bones but suffered greatly from bruises and shock. At the time of our going to press she was still at the hospital and slowly improving.

In the death of Mr. Shaw Plymouth loses one of her best citizens, and deep sorrow pervaded the entire community over his untimely death. He was a man highly regarded by all who knew him, a man who always stood for those things which were for the best interests of the community in which he lived and one who took a keen interest in civic and business affairs of the village. He was a member of the First Presbyterian church, serving as an elder, clerk of the session, superintendent of the Sunday school and was faithful to every duty imposed upon him.

For the past several years Mr. Shaw has been secretary and treasurer of the Plymouth Home Building Association. He was also a director of the Plymouth United Savings bank. In all these activities in the life of the village, he will be greatly missed, but it is in his home life that he will be missed more; for there he was a devoted husband and father, always mindful for the comfort and happiness of those he loved best.

Mr. Shaw was born in Livonia township and was 65 years of age. He came to Plymouth from Ovid, Mich., where he resided for 28 years, in 1916. Besides his widow he leaves three children: John C. Shaw, of Detroit; Miss Carolyn Shaw, of Bowling Green, Ohio, and Robert D. Shaw, of Alma.

The funeral services were held from the Presbyterian church Monday afternoon at 3 o'clock. Rev. Walter Nichol, assisted by Rev. J. Conger

PLYMOUTH'S VALUATIONS INCREASE OVER \$300,000

The Increase in Real Estate and Personal Valuations Shows That Village is Growing.

Hathaway, of Ypsilanti, officiating. Mrs. William Baker, with Mrs. B. E. Champagne as accompanist at the organ, sang a beautiful solo. There was a profusion of floral offerings, attesting the esteem and affection of relatives and friends. The active bearers were J. W. Henderson, C. H. Bennett, E. K. Bennett, Arthur J. E. Torre, H. R. Parrott and L. B. Sansen, while the honorary bearers were E. C. Hough, C. A. Fisher, P. W. Voorhies, C. M. Mather, E. O. Huston and Edward Gayde. The interment took place in the family lot in Riverside cemetery.

Among those from out of town who were here to attend the funeral services were: Mrs. Edward Hauss and daughter, Ethel Louise, of Century, Fla.; Mrs. John T. Shaw and son, Horace, of Bloomfield Hills; Mrs. Ann Christianson, Edward M. Plunkett, Mr. and Mrs. Owen Johnson, Mrs. Earl Kay, Mrs. Lena B. High, Mr. and Mrs. W. W. Robson, Mr. and Mrs. C. E. Partridge, Mr. and Mrs. Walter B. McLaughlin, George Willard, of Detroit; Mrs. Emma Campbell, Washington, D. C.; Mr. and Mrs. F. W. Redfern, Lansing; Frank Den Houton, Thomas Hyslop, Harold Beardslee, Wm. Montague and Charles Misner, of Ovid.

Village Assessor Arthur V. Jones has completed his tabulation of the real estate and personal property assessment valuations in the village, and the total amount shows an increase of \$309,302 over that of 1927. This shows that Plymouth is steadily growing in spite of the fact that there has been a general let up in building operations everywhere.

The increase in valuations is due to new buildings having been erected during the year and the completion of other buildings which were under construction when the assessment was made a year ago. We don't believe there are very many other towns of this size that show a much larger increase in new valuations than can Plymouth, and our citizens have reason to feel proud of the progress that our village has made during the past year as disclosed by the assessor's figures.

At the meeting of the village commission Monday evening the commission fixed the tax rate at 15 mills for this year. This is the same rate as that of last year.

The assessor's figures are as follows:

Real estate, 1928	\$6,105,500
Real estate, 1927	5,809,760
Increase	\$ 295,750
Personal, 1928	\$ 912,175
Personal, 1927	896,623
Increase	\$ 15,552
Total increase in real estate and personal property, 1928-1927	\$309,302

A Very Pretty Christening Service

A unique christening service took place Sunday afternoon, June 3rd, at the First Presbyterian church, when Shirley Mae, daughter of Mr. and Mrs. Roy Bower, of Plymouth, and Melva Louise and Doris Elizabeth daughters of Mr. and Mrs. Edward Bower, of Fordson, were dedicated to God in holy baptism. The altar was most beautifully decorated with a profusion of spruce, white lilies and valley lilies. The baptism was adorned with a large cross of white lilies. A white dove hovered over the baptismal waters, flanked by burning tapers at either side. Harry Green was responsible for the decorations. The Rev. S. Conger Hathaway, of Ypsilanti, assisted by Rev. Walter Nichol, administered the sacrament. Miss Olive Merz, organist of Grace Reformed church, Detroit, presided at the organ and rendered two very beautiful numbers. Miss Eliza Kidd, of Detroit, cousin of the babies, sang two very pleasing solos.

After the benediction the guests repaired to the dining room, where a delicious pot-luck dinner was served.

The babies received many beautiful gifts.

Those present were Rev. and Mrs. Walter Nichol, Rev. and Mrs. S. Conger Hathaway and S. Conger, Jr., Dr. and Mrs. H. J. Briscoe, Mrs. Josephine Fish, Mr. and Mrs. Harry J. Green, Mr. and Mrs. Jesse Tyler, Helen and Bettie Tyler, Mr. and Mrs. Charles Merz, Miss Olive Merz, Mrs. Ed. Cook, Harlow Williams, Miss Beatrice Bergner, Miss Mae Hallahan, Mr. and Mrs. C. G. Draper, of Plymouth; Mr. and Mrs. Oren Merrill and Maynard Merrill, Mrs. Henrietta Merrill, great-aunt of Shirley Mae, who acted as godmother; Miss Ida Lemon, Mrs. Elizabeth McDonald, Miss Eliza Kidd, of Detroit; Mr. and Mrs. Ben Tyler, of Saline; Mr. and Mrs. Ernest Kohler and Leo Kohler, of Northville; Mrs. Elizabeth Bower, grandmother of the babies; Mr. and Mrs. Edward Bower, Harold Bower, Omer Armstrong, of Fordson; Mr. and Mrs. Fred Wilson and family, of Wayne.

The Lily club will meet at the Grange hall Tuesday evening, June 12th.

Dr. Luther Peck gave an address before the Kiwanis Club of Wyandotte at the club luncheon hour last Tuesday.

Plymouth Super-Service and the Plymouth Motor Sales Co. have a half page announcement of a great tire sale in today's Mail. Read it.

Warren B. Lombard, purchasing agent for the Daisy Manufacturing Company, has been elected treasurer of the Purchasing Agents' Association of Detroit. This is a distinct honor for Mr. Lombard and the Mail extends congratulations.

Held Boy Scout Court of Honor

Tuesday evening at the Rosedale Gardens school a Boy Scout Court of Honor was held at which members of the Rosedale and Plymouth troops were given certificates and badges for advancement in the scout ranks. The exercises were in charge of Area Executive Loomis, of Detroit.

JUNE BRIDES

This is the merry month of marriages. June has come to be the favorite time for weddings. We have no doubt that during this month several charming daughters of this town will be led to the altar. We want to wish them happiness.

June is a very appropriate month for marriages. In this month all Nature is gay. The plants are bursting forth with blossoms, the trees have taken on their summer dress, the sun beams kindness upon the world.

Let wedding bells ring, then, in tune with Nature. Despite the mocking of cynics and the proclamations of professional philosophers, marriage is still the most holy, most beautiful and most desirable institution in society.

Therefore as June appears on the calendar one cannot help feeling a little contented, satisfied with the world, and hopeful for the future. June is the month of marriages—and marriages, for the most part, mean happiness. Kingdoms topple and fall; political changes bring new conditions; powerful men descend from their rich estates; change is eternal—but marriage still seems to hold its own!

STARTLING FIGURES.

Uncle Sam says that of the 20,000,000 dwelling houses in the land 70 per cent of them are in need of repairs. That means 14,000,000 home owners ought to be getting busy right now with saw and hammer and paint brush. A little repair work here, or a remodeling job there, will save more expensive bills later on and will also lengthen the time until a complete new house will be necessary. Money spent in making the home more comfortable and substantial is money well spent. There is no better time of year to do it, or have it done, than through the summer months. There are too many other things to look after as winter approaches and shorter days in which to look after them. We believe Uncle Sam's figures will hold good right here in Plymouth. So if you belong to the 70 per cent whose houses are in need of repairs you are not wise if you don't attend to it without waiting until they will cost you more.

KEEPING FRUIT.

One of our subscribers, anxious to be helpful when possible, sends in some good advice about keeping fruit. It sounds reasonable and may prove of much value to housewives around Plymouth who are always interested in such things. "It is very common," she writes, "for farmers to keep vegetables in sand over winter, but few realize that fruits can be kept fresh for a long time the same way. Oranges, apples, lemons and sweet potatoes can be kept for months. The rinds being porous, the dry sand absorbs the liquid in the fruit that would otherwise cause decomposition. The fruit must not be wrapped in paper, but let the bare rind come in contact with the sand. I put a layer of sand about six inches deep, then the fruit, then sand to cover them well, and so on. But when buying fruit for packing be careful not to get any that is over-ripe or spoiled. Try it in a small way at first and see if it doesn't work out to your surprise and satisfaction."

GOOD-BYE, WAR HORSE.

Alas, the war horse is to be no more. You remember the terrible creature described by Job, his neck clothed in thunder? "He paweth in the valley and rejoiceth in his strength. He mocketh at fear. He saith among the trumpets he he; and he saitheth

the battle afar off, the thunder of the captains and the shouting." If the motorizing plans of the war department are replaced by armored cars, tanks, trucks, motorcycles and airplanes. There will be no rough-riding Roosevelt in future wars, no mules to cause profanity. Instead the battlefield will reek with gasoline fumes. Perhaps it is inevitable, but it is too bad. Not only will another product of the farm be replaced by the factory, but a lot of romance will be taken out of armed conflict. No doubt the horse will be glad. A battlefield is not a pleasant place for him in these modern days.

THE MOON AND CROPS.

There's one thing we've heard a lot of argument about, yet one thing no one has been able to explain to our satisfaction and that is what effect, if any, the moon really has on farm crops and garden vegetables. A lot of successful gardeners would no more plant cucumbers or peas when the "signs" are wrong than they'd chase a polecat in their Sunday suit. Yet agricultural college experts argue it is all bunk or superstition. They say the moon doesn't affect plant life.

Yet there are a lot of people around Plymouth who are not willing to agree that these scientific gentlemen are right. They say that if the moon can jerk the ocean around and cause tides to ebb and flow, it can cut some figure in vegetable growth. They've seen cucumbers run to vine and potatoes refuse to sprout, or to bear decent size potatoes if they did sprout, because they were not planted according to the signs provided by the moon.

It is an old question, but it has never been explained. Science and the farmer work fairly well together in a lot of things, but when it comes to this thing of the moon figuring in plant life, they simply can't agree. That is why it is still, as it has always been, an interesting subject and one you can stir up an argument with as easily as you can by talking politics. Try it on the next fellow you meet and see for yourself.

PHONE CALL TIME EXTENDED FOR OVERSEAS CALL.

Hours during which telephone calls can be made from Plymouth to points overseas are extended one hour, effective Monday, June 4. It is announced by Roy E. Crowe, manager of this area for the Michigan Bell Telephone Company. This means that the daily service will close at 9:00 p. m., Eastern Standard time, instead of 8:00 p. m., Eastern Standard time, as formerly, making the talking period fifteen and one-half hours each day. The service opens at 5:30 a. m., Eastern Standard time. Use of the transatlantic telephone service is increasing steadily, Mr. Crowe says. Residents of Plymouth now can telephone to all parts of the United States and to nine foreign countries, three on the American continent and six in Europe. They are Canada, Mexico, Cuba, Great Britain, France, Belgium, Holland, Germany and Sweden.

A CARD—The family of the late Mrs. Rachel Mott acknowledge with grateful appreciation the kind expressions of sympathy.

A CARD—I wish to thank my many friends for cards and letters and the beautiful plants and flowers sent me while in the hospital. They were very much enjoyed. Mrs. C. W. Honeywell.

Nethem Wins and Loses, 16-5 and 5-15

On Decoration day Nethem swamped the Michigan A. C. colored team, 16-5, before the largest crowd of the season at home, which was about 180. Holmes continued scoring three runs per game, which he has done the last three games. Lefevre and Pitcher F. Remus shared the hitting honors of the day for Nethem, each getting three. Nethem pulled another double play. Remus to Schomberger to Lefevre, bringing their total to 11 for the season.

If you were not at the game you missed something that only happens once in a lifetime. Holmes went into left center for Boyd Manning's liner, but it hit his glove, and as the ball was falling to the ground, R. Levandowski grabbed it and received credit for the putout.

Sunday, June 3rd, Nethem suffered its worst defeat of the season by the Hudson Motor Car Co., 15-5.

Hudson broke the record for most hits per game, but failed to break the record for most runs per game. L. Arnold and Ruppert scored four runs each, the latter getting four hits also.

Nethem's winning streak was broken, which had attained three straight games, also their double plays were stopped.

L. Holmes' run scoring came to an end also, which was three runs per game for the last three games.

Next Sunday Liberty A. C. of Detroit comes out for their second engagement with Nethem. Liberty A. C. won the first game, 8-4, but our boys will even up the matter by winning the second game. Don't forget we play at home.

Family Suicide

There is much less danger for the future of the race in overpopulation than in our present system of birth control for the fit and unlimited procreation for the unfit. There is practically no danger of race suicide, but there is great danger of family suicide. The human race will go on far beyond the year, but it is certain that some of our finest and best families will leave no descendants and have no part in the future of America.

CHelsea HAS PRODUCTIVE ASPARAGUS GARDENS STARTED.

G. C. Ravlier, of Wayside Gardens,
on U. S. 12 just outside of the village,
has about completed his asparagus
harvest for this season and he has two
very thrifty looking fields which will
be right for cutting next year. He
has the celebrated Washington variety
of asparagus and it is very tender and
grows a long, thrifty stalk.

Before coming to this section Mr.
Ravlier had extensively engaged in
tomato culture at Plymouth, one sea-
son having 80 acres of vines. He also
conducted a canning establishment
there and it is more than likely he
will have one here in a year or so.
He believes that this section is
especially suited to the successful
growing of asparagus and tomatoes
and that the soil hereabouts will pro-
duce immense crops of both.

If his asparagus gardens produce as
they have given every evidence of
doing, he may be compelled to estab-
lish a cannery for his own use. In
that case others will doubtless be-
come interested in the growing of this
appetizing vegetable. The
springing season could easily be
followed in the fall with tomatoes.

A representative of the Standard
called at Wayside Gardens on Friday
afternoon and spent an enjoyable hour
looking over the place. Mr. Ravlier
is a very agreeable gentleman and
Chelsea is fortunate when men of his
ability locate here.—Chelsea Standard.

LOCAL NEWS

Mrs. Louis Charigar and children
are spending the week at Goderich,
Ont.

Miss Ella Jackson of West Ann
Arbor Street, spent last Friday at the
home of L. H. Root.

Mr. and Mrs. William Pezz, Mrs.
Fred Raden, Mrs. O. F. Beyer attend-
ed the funeral of Mrs. Paul Wied-
man's mother in Detroit Saturday.

Mrs. Fay Williams and son Russell,
of Lansing, returned to their home
Monday, after spending several days
with her parents, Mr. and Mrs. L. H.
Root.

Mr. and Mrs. Roland Thomas, who
were married in Detroit, Saturday,
June 2, are spending their wedding
trip with their Aunt, Mrs. Sarah
Fulker.

Twenty-five ladies attended the
ladies party given by the Lutheran
Ladies Aid at the home of Mrs. Wal-
decker, Wednesday afternoon. After
a social hour, refreshments were
served.

The case of Richard White, who
was bound over from justice court
here on a charge of aiding and assist-
ing a prisoner to escape from the
custody of officers, to the circuit court,
was brought on trial before Judge
Kichter in that court June 5th. After
the people had put in their case the
defendant's attorneys, John S. Dayton
and Harry S. Toy, moved for a
directed verdict of not guilty, which
was so directed.

The village commission, acting upon
a verbal petition received from
property owners requesting the com-
mission to require all entrances to
driveways to be paved from the gutter
to the sidewalk line on all streets in-
cluded in the 1928 paving program,
was acted upon favorably at the meet-
ing of the commission May 21st. This
is done so that dirt will not be
washed down into the gutters and
obstruct the flow of water in the
street. These entrances may be
paved with brick or concrete and the
work can be done by anyone the
owner desires to have do it.

Sure Enough

Foolish questions sometimes provoke
foolish replies. One Sunday forenoon
the primary teacher was not present
at Sunday school. A substitute, not
trained to primary methods, agreed
reluctantly to teach the class. Many
of his questions, of course, were too
complex for his youthful audience.

"What is life?" he asked the one
interested child in the class.

"I don't know what it is," replied
Bobby. "But what you haven't got
no share of it yet're done."

be held Friday, June 8th.

NEWBURG

Several from Newburg attended the
Memorial day exercises in Plymouth
last week Wednesday.

The Children's day program was
especially fine Sunday. The little
folks and older ones all took their
parts very good. Mrs. Thomas and
Mrs. Guthrie deserve great credit for
giving us such an enjoyable program.
They also had the church decorated
in a very artistic manner. One child,
Floyd Eugene Harwood, was baptised
at this service.

Mr. and Mrs. Ira Carney spent last
week visiting relatives and friends in
Crowsfoot, Sandusky, Deckerville and
Port Huron.

Mr. and Mrs. C. E. Ryder are spend-
ing two weeks at the Olympia hotel in
Mt. Clemens, taking the mineral
baths.

Mr. and Mrs. Will Smith and Mr.
and Mrs. Donald Ryder called on Mrs.
R. Barnes at South Lyon Sunday
afternoon.

Mr. and Mrs. James Norris and Mrs.
Norris spent Decoration day in

Mr. and Mrs. T. Green and children,
of Detroit, spent several days last
week with Mr. and Mrs. Guthrie.

Rev. Johnson is attending the sum-
mer school in Allion this week. Next
Sunday Rev. Johnson, of the Lincoln
Park church, will preach.

Mrs. Edgar Stevens has been on the
sick list for several weeks.

Mrs. E. E. Smith, son, Herbert, and
daughter, Helen, of Toledo, took din-
ner with Mr. and Mrs. William Smith
Tuesday. Mrs. Smith remained for a
visit with her sister.

Little Jackie Thompson is still on
the sick list.

Mr. and Mrs. Fred Gency enter-
tained company from Detroit Sunday.

Mr. and Mrs. Burt Allen, of Jackson,
visited Mr. and Mrs. C. Mackinder
Sunday afternoon.

Mr. and Mrs. James Joy spent
Wednesday with Mr. and Mrs. Mark
Joy.

ANNUAL MEETING OF METHODIST LADIES' AID SOCIETY.

The annual picnic of the L. A. S.
was held on Wednesday, and owing to
the weather, was necessarily an in-
door affair. Between forty and fifty
women enjoyed a bounteous and de-
licious dinner at 1:00 o'clock. At a
short business meeting following it
was decided they would serve the
P. H. S. Alumni banquet on June
22nd.

The treasurer, Mrs. Soth, reported
over \$2,000 earned during the year,
and they voted unanimously to pay
\$1,000 on the building debt.

In her pleasing manner Mrs.
Londrum then presented the out-
going president, Mrs. Fred Lee, with
a beautiful basket of flowers and told
of her faithful service to the society
for the past two years. Mrs. George
Richwine, who has been chosen to
succeed Mrs. Lee, will take over the
office in September.

The social committee, Mrs. Wilcox,
Mrs. Sutherland and Mrs. Wm. C.
Smith, then conducted some in-
tellectual games, ending with an old-
fashioned "spell-down." Then they
adjourned until the first Wednesday in
September.

WHITBECK'S CORNERS

Mr. and Mrs. A. C. Prochnow and
daughter, Miss Blanche Freeman,
spent Decoration day in Flint, guests
of Mrs. Prochnow's parents, Mr. and
Mrs. Noble.

Mr. and Mrs. John Quartel were
entertained at the home of Mr. and
Mrs. Wm. Remert Monday evening.

Mrs. Agnes Parrish and daughter,
Mrs. Otto Kaiser, were calling on the
former's brother and family, Mr.
and Mrs. George Smith, of Sheldon,
recently.

Mr. and Mrs. Walter Schiffler and
family and Mr. and Mrs. Gerald Hix
were Tuesday evening guests of their
grandmother, Mrs. Agnes Parrish, of
Robinson subdivision.

Mrs. Prochnow's sister and hus-
band, also their daughter from
Flint, spent the week-end with them
here.

The Helping Hand society met this
month at the home of Mrs. Fred
Reiman on East Ann Arbor street.

Mrs. Agnes Parrish spent Sunday
at the home of her sister and husband,
Mr. and Mrs. John Mott, in Canton.

Mrs. Parrish spent Decoration day
at the home of her son, Charles, and
family in Ypsilanti.

Mrs. Wm. Remert spent two days
last week at the home of her parents,
Mr. and Mrs. Justin Gale, in Ypsi-
lanti.

Mr. and Mrs. Walter Dethloff and
two sons were Sunday visitors at the
parental home at Perrinsville.

to 4:30 a.m.

A Station-to-Station call is one that is made to a certain tele-
phone rather than to some person in particular.

If you do not know the number of the distant telephone, give the
operator the name and address and specify that you will talk
with "anyone" who answers at the called telephone.

A Person-to-Person call, because more work is involved, costs
more than a Station-to-Station call. The rate on a Person-
to-Person call is the same at all hours.

ALFRED J. MASSARELLA, Prop.

Plymouth, June 7, 1928,

Dear Friends:

I know a sweet girl graduate who is going to receive a very beautiful wrist watch as a commencement gift. And I know a boy graduate who will be made happy with a fine pocket watch.

These young people will never have to say "I'm late because my watch isn't running." They're starting out in life equipped for punctuality.

Mr. Draper wants me to mention the fact, too, that graduation diamonds are quite the thing. If you love diamonds you should see the assortment they have here at the store. If they are not just what you are looking for he will be pleased to get them for you.

CENTRAL SCHOOL P. T. A.

Central School Parent-Teachers Association met Monday afternoon, June 4th. The meeting was called to order by the president, Mrs. C. H. Buzzard and immediately turned over to Mrs. Paul Nash, chairman of the program. Miss Gladys Schrader led the community singing and accompanied Maynard Larkins in two violin numbers. A group of little folks from Mrs. Blossom's 2 A grade presented an instructive health play and a number of little songs. Two pleasing piano solos by Miss June Nash concluded the entertainment and the business of the day, namely suggestions and plans for next year's activities and program, was taken up. Mrs. Nash distributed pencils and papers, with which the members wrote their suggestions; a number were discussed and all were kept, to be at hand when the program is framed.

Mrs. Strasen, being well informed on conditions in this community suggested a number of worthy projects. Mrs. Root, the first grade teacher, suggested that a community chest be maintained for outgrown clothing. Another idea to carry interest over the vacation period and to raise funds for further work was giving entertainments during the summer. These must necessarily be left to the executive committee to organize, but it is hoped each member will feel her responsibility in putting them across; telephone any suggestions you have, to one of that committee.

Supervised play grounds during summer vacation were discussed and plans for necessary equipment made. Every adult giving thought to the benefits of guidance in leisure time to the health and character of children will endorse this project, but the time to take action for this vacation is so limited, there is just one way of getting it done. Attend the school meeting, Monday evening, June 11th, at the High School.

Mrs. Bird, principal of the grade schools, will send slips, as reminders, to each parent, Monday. Here's an invitation to a good time planned for your girl or boy. Stunts, stories and handwork. Don't let them miss out. All you have to do is to show by your presence Monday evening that you're in favor.

At the close of the business session, the members and guests were invited to the domestic science room where Miss Dixon and Miss Wilmore served punch and wafers.

The Waterford Community club will meet Thursday, June 14, with Mrs. Oliver Herlick.

Mr. and Mrs. Jacob Warren attended a birthday surprise party Sunday for Milla Walker at Northville.

Three Dogs Had Rabies

Chief of Police Springer informs the Mail that the three heads of dogs which he recently sent to the Pasteur Institute for examination all had rabies. The chief says that dogs are being killed every day by the police department which are running at large and whose owners have not complied with the law regarding the care and quarantine of dogs. The chief says the local enforcement of the law is going to be rigidly adhered to and dog owners should govern themselves accordingly. Chief Springer has received the following from the State Board of Health:

IN CASE OF DOG BITES

What to do with the dog:

1. Don't kill the dog unless it is necessary to effect capture.
2. Secure the dog with a light chain or wire.
3. Keep the dog in a comfortable place.
4. Treat the dog kindly, he is probably sick.
5. Give the dog plenty of food and drink.
6. Make sure that the dog does not escape.
7. Keep children and inquisitives away.

If the dog is alive after ten days he was not rabid.

If the dog dies within ten days:

1. Cut off the whole head.
2. Put it in a tin pail with a cover.
3. Pack this pail in the middle of a wooden candy pail or box of similar size with 3-4 sawdust and 1-4 ice.
4. Ship at once by express to Pasteur Institute, Ann Arbor, Michigan, with letter giving full details.
5. The Pasteur Institute will give the further directions.

If the dog must be killed to effect a capture:

1. Do not damage the head in any way.
2. Cut off head, pack and ship it as described, at once.

What to do with the person bitten:

1. Take the person to a physician at once to have the wounds cauterized. Fuming nitric acid or full strength formaldehyde are the only effective means of cauterizing these wounds. (This is of special importance if the wounds are on the face or hands.)

General Considerations:

1. When you have a dog under observation for a ten day period, it is essential that you know that the dog you have is the dog that did the biting.
2. In case of any dog bite where it cannot be proved that the biting animal was not rabid, it is advisable to start Pasteur Treatment at once.

PERRINSVILLE

Mr. and Mrs. Peter Kubie entertained a large company of friends and relatives Sunday.

Doris and Marie Bridge and Madeline Weller, of Plymouth, were week-end guests of their grandparents, Mr. and Mrs. George Baehr.

Mr. and Mrs. Charles Priebe had the misfortune to have an auto accident. Mr. Priebe received some bruises and cuts, while Mrs. Priebe had one of her arms hurt and was bruised and cut.

Carl Hjerpe is home from Receiving hospital, improving as well as can be expected.

The Children's day exercises at Newburg were well attended and the children did their parts very nicely. The church was decorated with flowers and flags.

Mr. and Mrs. C. Noll, of Detroit, spent Sunday at George Baehr's.

PRESBYTERIAN NOTES

The congregation has suffered a great loss in the sudden death of W. R. Shaw. He was one of our most active and most efficient church workers. At the time of his death he was serving as clerk of session, as treasurer of the congregation and as teacher in the Sunday school. Mr. Shaw was a real leader, Christian in heart and mind, whose place it will be difficult to fill. The sympathy of the congregation turns to Mrs. Shaw and the bereaved family.

The visit of Rev. S. C. Hathaway, of Ypsilanti, last Sunday evening recalled the associations of other days. His services were greatly enjoyed.

Next Sunday, June 10th, is Children's day. The morning service will be in charge of the Sunday school. Calvin Whipple, the superintendent, supported by his able assistants, is preparing a program which will represent the different departments of the school. An offering will be taken for the support of mission Sunday schools in our own country.

The men's class will look after getting the flowers to be used in the church Sunday, and H. J. Green will arrange them with his fine artistic skill.

The June division of the Women's Auxiliary, under the leadership of Mrs. Roy Jewell and Mrs. I. Innis, will serve a dinner in the church on Tuesday evening, June 12th, at 6:30 p. m. A limited number of tickets are to be sold and the early application gets the ticket. Have you secured yours?

The Women's Auxiliary will meet at the church in Plymouth on Wednesday, June 13th, at 1:45 p. m. sharp. This will be the last business meeting before the summer vacation and is being held at the above hour in order to permit the women to deliver to Northville for the joint meeting there at 2:30 p. m. It is important that the women attend this business meeting.

At the Northville meeting the program will be in charge of the Plymouth women and will be quite up to their high standard. A short play will be presented, supplemented by music and appropriate readings. Every member of the Plymouth Auxiliary should endeavor to attend. The meeting is at the Northville Presbyterian church at 2:30 p. m. The Rainbow class of the Sunday school, under the leadership of Mrs. Charles O. Ball, will hold a sale of home-baked goods at Steyer's market on Saturday, June 9th, beginning at 11:00 o'clock a. m.

METHODIST NOTES

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

Next Wednesday, June 13, the annual meeting of the Missionary society will be held at the home of Mrs. Clemens. Commemorative dinner at 12:30 followed by the election of officers and yearly reports.

On Wednesday evening, 7:15 to 8:00 o'clock, you are invited to attend the mid-week service for prayer and praise. This means anyone who feels the need of spiritual help during the week, and who does not?

Next Sunday at the morning service, Dr. Lendrum will be pleased to baptize all infants and children brought for that service. Please notify the parsonage of your intention.

EPISCOPAL NOTES

We are very glad to welcome the members of the fire department to St. John's church for their annual memorial service. The public is cordially invited and urged to join with us in this service in memory of men who at one time so faithfully served this community.

CATHOLIC NOTES

Sunday is general communion Sunday for the men of the parish.

Work has been started on the new sidewalks around the church, and when completed will make a decided improvement on the grounds.

Arrangements are under way for the Dedication Day, July 1st, at 10 o'clock. Invitations will be sent out next week to the clergy of the diocese asking them if possible, to be with us on July 1st, and assist the Bishop in blessing our church.

June 24 is the day set aside for First Holy Communion Sunday, at the 8 o'clock Mass. The little boys and girls, together with the converts will make their first solemn Holy Communion.

June 24 and July 1 should be two great days in the history of the parish. Confirmation will be administered on July 1st.

More definite plans about the dedication will be given in the near future.

The Nethem baseball team lost last Sunday to the Hudson Motor Car A. A. The boys played a listless game and one tried to outdo the other in wild throwing—real heaving. Next Sunday they play the strong Liberty A. C. of Detroit at Newburg. All are welcome and a good game is assured.

Do not forget the talk given last Sunday, about the "vider and quotient"—a large supply of monthly collection envelopes can be had at the church, they are always on hand, waiting for a customer.

The report read last Sunday was good, but not up to the standard, so let all bring the same up to where it belongs. A few names were accidentally missed last Sunday, but will be read next Sunday. A pure oversight.

We were greatly shocked to learn of the accidental death of William Shaw, a church neighbor, and also of the injuring of Mrs. Shaw. Our sympathy is hereby expressed to those left to mourn the death, and also our wishes for a speedy recovery, is extended to Mrs. Shaw.

Men, do not forget next Sunday.

"Unpardonable Sin"

Theologians differ as to the exact nature of the unpardonable sin, which is the sin against the Holy Spirit, in Matthew 12:31, 32. Jesus says: "Wherefore I say unto you, All manner of sin and blasphemy shall be forgiven unto men but the blasphemy against the Holy Ghost shall not be forgiven unto men. And whosoever speaketh a word against the Son of man, it shall be forgiven him; but whosoever speaketh against the Holy Ghost, it shall not be forgiven him, neither in this world, nor in the world to come." The context indicates that the unpardonable sin consists of denying out of pure malice the divine character of words manifestly divine. —Fathinder Magazine.

Canal Built in Midair

The reclamation authorities resorted to a novel expedient in the building of a canal along the side of a mountain at Yakima, Wash.

Down in the valley below there was plenty of water, sand and gravel, all the essentials in fact, needed for concrete. Up the mountain side, 500 feet higher, none of these essentials was available. Accordingly the engineers decided to mold the concrete sections for the canal lining in the valley and hoist them into position. A trolley was rigged from the valley up the mountainside and by this means the concrete sections of canal lining, molded down below, were hoisted in place.

"I've found that fenced into small fields my farm will make more money"

WE hear more and more of our farmer friends making that statement every year. Farmers in this community who shift over to a diversified program of farming must find it profitable because they never switch back to the old system.

More and better fences are the key to this new profitable farming program. Good fences depend on good fencing materials—the only kind we handle.

The Michigan Federated Utilities have installed a new coal unloading equipment at the local plant that will greatly facilitate labor. The new outfit will unload a car of coal in an hour's time. A new compressor has also been installed at the plant.

MUNICIPAL NOTES

BY THE MANAGER

The commission at its meeting this week confirmed the 1928 assessment roll of the village, as approved by the board of review and presented by Arthur V. Jones, assessor. The roll, as confirmed, shows a total valuation of \$7,017,675, consisting of \$6,105,500 real and \$912,175 personal. This represents a total increase of \$309,302 over the 1927 roll.

The village tax rate for the year was set at \$15 per \$1,000 by the village commission. This is the same rate which prevailed in 1927. Upon the basis of our valuation, \$7,017,675, our 1928 tax roll will total \$105,263.13, which represents the total of the budget approved by the Commission Monday evening.

Plans and specifications for paving upon Arthur, Blank, Ann, Harvey, Adams, East Penniman, William, Church and Ann Arbor street were presented by Mr. Shoecraft, our consulting engineer, and approved by the commission Monday evening. Bids will be advertised for, to be opened Monday, June 25th, at 7:30 p. m.

Persons living upon any of the streets to be paved will have until June 18th, the date of the next regular commission meeting to file petitions indicating preference as between sheet asphalt and concrete type of pavement.

Materials are being received for the storm sewers to be built in the village under the contract awarded a week ago. Weather permitting, the contractor expects to start work upon Arbor street within the next few days.

NOTICE!

Central and Starkweather Parent-Teachers' association join in urging all parents or persons interested in supervised playgrounds during summer vacation to attend the annual school meeting Monday evening, June 11.

Chiropractic and Nature

Nothing equals Nature in making us well and keeping us well. Chiropractic and Nature are in accord.

Chiropractic is scientifically and normally right and in a few years will be legally right in every state in the Union.

Chiropractic has no need of medicine, surgery or osteopathy, hence Chiropractic is not any of these.

An invitation to try Chiropractic is an opportunity to try something worth while.

The fact that many find immediate relief from Chiropractic adjustments proves that pressure on nerves is the cause of disease.

The science of Chiropractic is more than twenty-five years old. But for the fact that it has achieved wonderful results, it could not have progressed in the way it has.

Your intention may be to try Chiropractic adjustments later. Delay means only putting off the help you most certainly would receive from adjustments.

If your case is chronic, make up your mind to stick to adjustments a whole year, if necessary. **HEALTH WILL COME, IF YOU STICK.**

Chiropractic is a science. Science is organized knowledge founded on fact.

We claim your favor only because we are in position to help you. Chiropractic adjustments mean health and happiness for those in need of them.

Dumb brutes have the power of adjusting the mechanism of their bodies when it becomes deranged. Man is a machine, and a perfectly aligned mechanism of the body will insure perfect health. Misaligned vertebrae pinch nerves and cause people to be ill.

DE-HO-CO WINS THREE GAMES

Determined to wipe out the sting of their only defeat this season, which happened Sunday, May 27th, De-Ho-Co annexed three games in a row during the week ending June 3rd.

Decoration day West Point Park became the victims of a slugfest put on by the Farmers at De-Ho-Co park for the entertainment of the largest crowd of fans the park has had this season.

Stamen and Gurst, for West Point, tried in vain to hold De-Ho-Co boys' slugging, but both weakened in crucial moments.

Constineau and Smyski, for De-Ho-Co, were never in danger, but had to pitch consistently to hold the total.

Circuit clouts were fished by Hammond, Martin and Constineau, and a three-base hit by Jaska enticed the proceedings.

Saturday, June 2nd, the De-Ho-Co outfit journeyed to Ionia and played an exhibition game with Michigan State Reformatory for the benefit of the Ionia County Welfare committee, and defeated the Ionians 11 to 4. Harry German, the veteran pitcher, hurling for De-Ho-Co, held Ionia to five hits through the game, and with perfect support back of him, held them at his mercy.

Sunday, June 3rd, at De-Ho-Co park, De-Ho-Co defeated Lake Orion in a scheduled inter-county league game, 3 to 0.

Trombley, pitching for De-Ho-Co, allowed seven scattered hits, but with almost perfect support held Lake Orion scoreless. Gunter, Lake Orion's ace, was touched for nine hits by the De-Ho-Co bunch.

Next Sunday, June 10th, De-Ho-Co will play Pontiac at Pontiac, no game being scheduled at the local park.

MERCHANTS WIN AT GROSSE POINTE

The Plymouth Merchants Base Ball team won from the Grosse Pointe Park team last Sunday at Grosse Pointe Park. Rowland, who pitched for Plymouth, and Newcomb for the Pointe team, each allowed eight hits, but Rowland kept his well scattered while the Merchants were able to bunch their hits off Newcomb. It was a rather loosely played game, both teams playing good ball at times and a rather ragged game at others. Plymouth, however, managed to tighten up when it was necessary, and holding the Pointe boys when they became threatening. H. Clement, who played first base for Plymouth, collected two three base hits and a double of the eight hits the local boys received. Clement, who is a new addition to the Merchants, played good at first, besides furnishing the punch to put Plymouth's runs across. (Tiny) Strassen the Merchants' shock absorber, also played a good game behind the bat and whaled one of Newcomb's choice offerings out for three bases. Perhaps some of the boys of less proportions could have gone twice around the bags, but (Tiny) has considerable trouble getting under motion. It was worth the price of admission to see Mart slide home and with the help of the Pointe catcher, do an Annette Kellerman toward the players' bench. Ritchie, the Merchants left fielder, made the feature play of the game, going out somewhere near Lake St. Clair for Crandall's long foul.

Next Sunday the Merchants play the Eagles Booster club from Detroit, who promise to furnish the locals plenty of opposition. Come out and give the boys some support at Burroughs Field at 3 o'clock.

Prevailing Belt Styles for Men

Men today are paying greater attention than ever before to the important question of correct color harmony and proper ensemble for the occasion, and they are using the most infinite care in selecting accessories. It is particularly noticeable nowadays that when a man purchases a belt, a tie or pair of socks, he first makes certain that it will harmonize with the rest of his attire.

This is the interesting information brought to light as the result of an extensive survey just made in the important centers by leading fashion writers.

The growing trend toward style consciousness is particularly noticeable in belts and buckles, and the enormous growth in their popularity is reflected in the current effort of the Hickok Manufacturing Company to bring home to every well-dressed man the thought that his wardrobe should include four belt sets. Of the four, two should be for business, one for sports wear, and the fourth for formal wear.

Style bulletins issued by the Hickok Company, largest manufacturers of men's and boy's belts and buckles, indicate that a tan, brown or cocoa belt is proper only when worn with a tan, brown, or brown mixture suit. Likewise, it is equally important that a gray or black belt be worn only with a gray, black or blue suit. It is decidedly wrong to reverse the order.

The popularity of sports with present-day business men is continually on the increase. Modern business conditions demand that a man devote a large portion of his time to relaxation, and here again the correctness of one's clothes is a very important factor. Particularly is this true when on the golf links, at the country club, etc. Quite aside from the correctness of having a belt exclusively for sports wear there is a decided objection—after having played a round of golf—to one's removing from his knickers a belt moist with perspiration and putting it on a semi-formal suit of clothes.

For evening wear, it is proper to don a black belt made of the more aristocratic leathers, such as pin seal. A sterling silver buckle should be worn with it.

Years of Service in Model T Fords

Expenditure of few dollars may enable you to get thousands of miles from your old car

THE Model T Ford is still a great car. It led the motor industry for twenty years and it is used today by more people than any other automobile. More than eight million Model T Fords are in active service in city, town and country, and many of them can be driven for two, three and five years and even longer at very small up-keep expense.

The cost of Model T parts and of necessary labor is unusually low because of established Ford policies.

New fenders, for instance, cost from \$3.50 to \$5 each, with a labor charge of \$1 to \$2.50. Tuning up the motor and replacing commutator case, brush and vibrator points costs only \$1, with a small charge for material. Brake shoes can be installed and emergency brakes equalized for a labor charge of only \$1.25. A labor charge of \$4 to \$5 will cover the overhauling of the front axle, rebushing springs and spring perches, and straightening, aligning and adjusting wheels.

The labor charge for overhauling the average rear axle runs from \$5.75 to \$7. Grinding valves and cleaning carbon can be done for \$3 to \$4.

A set of four new pistons costs only \$7. For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. Parts are extra.

All of these prices are approximate, of course, because the cost of materials needed will depend on the condition of each car. They show, however, the low cost of putting the Model T Ford in shape for thousands of miles of additional service.

See the nearest Ford dealer, therefore, and have him estimate on the cost of re-conditioning your Model T Ford. He will tell you, in advance, exactly how much the complete job will cost.

AT THE THEATRE

"LITTLE SHEPHERD OF KINGDOM COME"

When John Fox, Jr., penned his immortal romance of the Kentucky Mountains in Civil War days, "The Little Shepherd of Kingdom Come," he gave to posterity one of the finest historical novels ever written.

This favorite story has now been brought to the screen by First National Pictures, retaining all the wealth of color and romance of the original story, and adding the beautiful pictorial effects, marvelous drama and splendid acting of Richard Barthelmess and a cast of stellar players. The picture comes to the Penniman Allen Theatre next Sunday and Monday, June 10th and 11th.

"The Little Shepherd of Kingdom Come" is the absorbing tale of a homeless mountain boy, and of the amazing and unexpected adventures which befell him. It is a fast-moving and thrilling picture that grips the audience from the start to finish, and it provides Barthelmess, one of the screen's finest actors, with perhaps his best role.

Playing opposite Barthelmess is Molly O'Day, the charming young actress who was also with this star in "The Patent Leather Kid." As the mountain girl, Miss O'Day gives a remarkable characterization.

The remainder of the cast is composed of skilled players, including Gardner James, Doris Dawson, Claude Gillingwater, David Torrence, Gustav von Seyffertitz, Nelson McDowell, Martha Mattox, Eudale Jensen, Victor Ford, Mark Hamilton, William Bertram, Walter Lewis, Ralph Yearsley, Robert Blusch, Walter Rogers and many others. The picture is an Alfred Santell production.

"CHICAGO"

Convinced that no role in "Chicago" is so small it doesn't deserve a talented player to portray it, Director Frank Urson gathered a supporting cast for this great De Mille studio production that probably never has been exceeded in ability.

The leading roles are well taken care of, with bewitching Phyllis Haver playing "Roxie Hart" and Victor Varconi, Robert Edison, T. Roy Barnes, May Robson, Julia Faye and Virginia Bradford in other featured characterizations. But Urson did not stop there. A dozen smaller roles were filled, and in each case a player of deserving reputation was secured.

One of the most conspicuous of the smaller roles is that of "Machine Gun Rosie," a vindictive, swaggering girl of the slums, who appears briefly but prominently in the screen version of "Chicago," which comes to the Penniman Allen theatre on Thursday, June 14. Viola Lonic, whose portrayal in "The King of Kings" of the "Woman Who Sinned," was widely commended upon, was selected for this role.

The judge in the dramatic court room scenes of "Chicago" is portrayed by William Humphrey, a veteran of stage and screen, regarded as one of the outstanding character actors in pictures. Jane Keckley follows in an admirable performance in "The Country Doctor" with equally convincing work in "Chicago," while Maurice Ryan, recently featured with William Boyd in "Dress Parade," plays a small but difficult part as a jurymen.

The cast of "The King of Kings" is well represented in "Chicago." James Farley, the Excenterion in the dramatic climax of "The King of Kings," is seen in "Chicago" as a detective, and Robert St. Angelo, captain of the Roman guardsmen in the biblical epic also appears in "Chicago." Robert Ellisworth, Clayton Packard, Hector Sarno and Jack Effe are others in the supporting cast of "Chicago" who played prominent parts in "The King of Kings."

Lenore J. Coffey prepared the adaptation and continuity of "Chicago" from Maurine Watkins' play, which was a tremendous success on the stage.

"UNDER THE TONTO RIM"

The current production of Zane Grey's "Under The Tonto Rim," said to be one of his finest efforts is typical of the many Zane Grey successes brought to the screen by Paramount. The latest picturization of the famous author's works will appear at the Penniman Allen Theatre on Saturday, June 16.

One of the outstanding highlights of Paramount's previous productions of a Zane Grey story is the background or scenery it provides. Patrons are accustomed to viewing wondrous "shots" of Western scenery in these pictures, and "Under The Tonto Rim" is no exception along these lines.

The location of the picture is the Tonto Basin in Arizona, and Paramount, having already set its standard, ordered a large company of screen players and technical staff under the charge of Herman Raymaker, the director, and his assistants to establish headquarters at the exact location that is called for in the story.

A considerable sum was expended by the company in providing headquarters for such a large miles from Hollywood. A arose "neath" the mountains, which was pro- "Tonto Town." This tents, a r b The period of the s

those years before Arizona was admitted into the Union, and during the time the rush for gold was on for those parts. This last forms the theme of the story, while some spectacular thrills are provided by the Vigilantes in their efforts to wipe out the lawless.

Playing the leading roles in the picture are Mary Brian and Richard Arlen, two very promising players. They are surrounded by an excellent cast.

Your Flower Garden

By Romaine B. Ware

Flowers for Poor Soil.

If you are confronted with poor soil in the place you wish to grow flowers you will have select those varieties that will succeed in spite of the soil they find themselves in. At one time I had a spot in a garden I was building that was nothing but an ash pile covered with an inch of soil on top. I did not wish to take the time to replace the soil so I planted Nasturtiums and they grew and bloomed to perfection. If you plant Nasturtiums in rich soil they will all go to foliage and be a total loss.

I will mention just a few annuals that may be depended upon to give you bloom in most any soil that may be worked at all. They are all of the easiest culture and may be seeded right where you want them to bloom and with a little care to see that they get water enough they will bloom very nicely. Here is the list: Portulaca, Verbena, Leo Plant, Sweet Alyssum, Cockscorn, Kuchla, Nasturtium and Bachelor Buttons.

If your soil is poor the thing to do is to make it better. Most any soil may be improved by adding plenty of leaf mould or compost, and if neither of these is available you may add a liberal supply of pulverized peat moss. Too, you will find that constant cultivation will help your soil. If you are able to obtain some well-rotted barnyard manure it will help the soil wonderfully.

If you have a lot of any size and the soil is poor you may in a period of two years improve it so that you would hardly know it. This may be done with green manuring. Have it plowed early in the spring and plant it with cow peas or soy beans; when these are fifteen to eighteen inches high plow them under and plant another crop. Do this constantly for two whole seasons and you will hardly know the soil. You can improve your soil if you really want to.

"Did it take you long to get home tonight?"

"Nonsense, I went home like lightning."

"I know, like zig-zag lightning."

A host at the beginning of the meal to his wife—"We are short one now."

"What, already?"

Mamie and Beenie Tests

By AD SCHUSTER

(Copyright.)

"WHAT! I know, Gladys, about a beanie test?" Mamie rubbed a cloth vigorously over the restaurant counter while she talked, sending her efforts to the vicinity of Gladys, busy polishing glasses.

"It's a trick, one of them lists of questions to see what you've got in your head. If you're fancy you say beanie but it all comes from the same thing, bean. Anyhow, what's it got to do with the price of butter?"

"That fellow," Mamie tried to speak carefully, "that fellow who eats car-cup on his fried eggs told me he stood highest in a beanie test given to a class of a hundred and fifty, said his record was the best the doc, or the professor, ever saw. I yessed him, of course, but it all flew over my shingle. What's it mean?"

"It means he's smart, terribly smart, or else a liar. These beanie tests take the measure of your brains. Somebody shoots a lot of questions at you and you are supposed to answer quick without getting fussed. They are full of catches and gags. After it is over they add up the totals and tell you if you are a moron, which means dumbbell or one of them submarines. My brother, who was in the army, says they don't amount to much and that, with a little practice, he could have passed easy."

Mamie gave the subject thought. "Here he comes now," she said. "Much obliged. I wanted to know what he's talkin' about if he starts again."

"And what will you have this morning?" There was respect in her tone. For if there was anything that Mamie appreciated, she told herself, it was a brilliant man. Now Bill, friend for years, was what they call thick in the thutch. He could never pass one of these tests.

"My, it must be wonderful to be smart."

Clement Patty smiled easily. "Oh, I don't know. Can't always be helped. If a fellow is born with a good brain and has the chance to go to school where does the credit come in?"

"All the same," Mamie gave him her widest gaze, "I envy them, those, who have brains."

"And what do you say," Clement suggested, "to going to a movie to-night?"

Back at the butter stand Mamie beamed on Gladys. "The smarter they are the harder they fall," she said. "It all goes to show that if you find out what a man's proudest of you can lead him without a halter."

That was the beginning of the friendship. The "movie" parties gave way to boat rides on the lake, with Clement talking grandly and Mamie listening in admiration. A full moon shone, and there were just enough ripples to make music on the bow of the boat. Clement let the oars drift and Mamie looked her prettiest. It was a time for romance and Clement talked about himself.

"What do you think," she asked innocently, "of the saying that two can live as cheap as one?"

A pause followed. Mamie leaned forward, bringing to bear the battery of her eyes.

"The theory," Clement spoke deliberately, "is economically unsound. I can easily prove its fallacy granting, however, that there are many advantages to offset the added expense. What do you think?"

"Me? Oh, yes," said Mamie. "You're right." So that is what a beanie test does for a man. Well, she would try him again.

"What kind of a house do you think you would like to live in, if suppose, you were to get married?" There, a self-respecting girl couldn't say anything more without being accused of hinting! What would he say to that?

"I'd leave my construction problems," said Clement, "to a qualified architect. It's the only way."

"Mercy," Mamie's voice was weak.

"but you are smart!"

"You know that fellow what eats catsup on his fried eggs?" Mamie asked Gladys next morning. "Well, beanie tests don't mean a thing. I stumped him last night on a couple of questions that I'll bet Bill could answer in a jiffy, even if he is one of them—what do you call 'em—maroons?"

Old Deed Registered

A warranty deed, one hundred fourteen years old, and a quit claim deed an even one hundred were registered for the first time at the Knox county (Maine) registry of deeds recently. The deeds had been lost for a great many years and were found in a piece of antique furniture sold by a Rockland dealer. Property in Camden conveyed by Ephraim Gay to Daniel Packard was described in the aged manuscripts, which were in fine condition. At the time of the transaction Camden was in Lincoln county in the state of Massachusetts.

His Only Refuge

"I'm glad to see you come to church so often with your wife," said the minister.

"Better not give me too much credit, parson," was the reply; "it's the one place where my wife keeps her mouth closed and lets some one else do the talking."

Relax—"So you spent your vacation at a fashionable resort?"

Reflex—"Yes, they even put on riding breeches to play horsehoes."

"How do you know it was a stork and not an angel that brought your little brother?"

"Well, I heard daddy complaining about the size of the bill, and angels don't have bills."

Hints for the Home

by Nancy Hart

Each year as the home service bureaus of newspapers and magazines expand, we are furnishing with better and better information about how to prepare commonplace foods in appetizing ways.

And added to this service we may have the educational booklets of manufacturers who maintain staffs of chefs to invent new ways of using staple foods prepared by them.

Do we make full use of these helps, I wonder? Do we send quickly for the food bulletins offered by home publications—or do we put it off until another day? Do we clip coupons from the leading magazines and add the free recipe books to our meager store?

Let us not neglect these opportunities to enlarge our cooking program. For the price of a stamp or two we may fill the kitchen files with home-making helps and recipes that will be invaluable help in menu planning and preparing meals. And how the family will rejoice! Variety is just as spicy as it ever was, you know.

CHICKEN MOUSSE

This is a splendid recipe to use as the main dish for Sunday night tea—when guests are expected:

Dissolve $\frac{1}{2}$ package of lemon-flavored gelatin in a cup of boiling chicken broth. When cold, beat with rotary egg beater until consistency of whipped cream. Mix with it a cup diced chicken, a cup diced celery, 1 chopped pimiento, a tablespoon vinegar, $\frac{1}{2}$ teaspoon salt, a shake of cayenne. Fold in a half cup whipped cream. Mold and chill until firm. Garnish with lettuce and olives.

STRAWBERRY SUN PRESERVES

Wash berries before hulling and drain thoroughly. Use equal parts of berries and sugar (beet or cane). Heat slowly to boiling point and boil two minutes. Remove, put in pans or crocks and set in sun until as thick as desired.

DATE AND NUT SPREAD

For luncheon or tea, use this spread on slices of buttered white or graham bread. With these open sandwiches, serve others of pimiento cheese (this may be bought in jars). And cut your bread in fancy shapes, without crusts.

1-4 cup dates, chopped; 1-4 cup chopped nuts, 4 tablespoons sweetened condensed milk, 2 teaspoons lemon juice. Beat milk and lemon juice together with a fork until thick. Add dates and nuts and mix well.

DON'T SLIP!

When floors are waxed after house-cleaning, it's a good thing to remember that invisible rug abhors make rugs stay put and prevent many an accident. The anchor is in reality nothing more than a narrow strip of composition material, cut a trifle shorter than the width of the rug, and attached to either end by a piece of strong webbing stitched to the rug place.

SEALING JELLIES AND JAMS

Paraffining is the easiest and best method of protecting jellies and jams. Apply a thin coating of melted wax as soon as jelly is poured; next day add a heavier coat, rolling the glass so that the hot wax runs around edges and makes a perfect seal.

MAKES TENDER CRUSTS

If the family doesn't like hard crusts, try setting a pan of water in the oven when baking rolls and bread. The steam from the water will keep the crusts deliciously smooth and tender.

WHEN FURNITURE IS BRUISED

Wet the bruised spot with water, double brown paper six times, soak it and lay on the spot. Apply hot irons until moisture evaporates.

TONIC FOR ASPARAGUS BEDS

Salt strewn generously over asparagus beds will kill the weeds and serve as a fertilizer.

EASY WAY TO PRESERVE CHERRIES

Fill glass jars with sound, clean cherries; cover with syrup made of one pound sugar (beet or cane) and one quart water. Close jars; immerse in boiling water, allowing one inch of water over tops. Simmer slowly 15 minutes. Remove, let stand 15 minutes, and set in cool place.

DO YOUR OMELETS FALL?

One way to be certain of success with omelets is to add a tiny bit of baking powder to the eggs when whipping them.

MEASURING FLOUR FOR CAKES

In baking cakes, it makes a difference whether flour is measured before or after sifting. So always examine recipes carefully, noting directions in this respect. Newer recipes invariably specify the use of prepared cake flour sifted once before measuring, then sifted as many additional times as the recipe directs. This makes lighter, fluffier cakes.

PREVENTS MILK FROM SOURING

You add a tiny pinch of salt to the milk when fresh it will keep much longer.

The "Mistress"—"I will pay \$30 month; do you like children?"
The "Maid"—"Yes, ma'am—for \$5 extra."

STEAK ROASTS AND RAIN

Rain doesn't usually fit in with the plans of high school organizations and especially at the end of the school year when steak roasts are in abundance. The meat markets of Plymouth should be thriving as nearly all high school parties are being turned into steak roasts at Cass Benton. This park is not only popular with our own students but other towns are discovering this delightful place. The Commercial club decided that it might as well have a nice "farewell party" so the members voted to have a picnic. Although the teachers have already set two dates for their "roast," rain has played too large a part to be over-balanced by their wishes. The civics classes, the history classes, all of these are planning for "roasts" which will eventually take place when the rain has finished wetting the earth.

THE AGGIE CLUB

When speaking of good times, one thinks of one that took place last Saturday evening when the Aggie Club members were the guests of Mr. and Mrs. Holcomb at a pot luck supper and marshmallow roast. The early part of the evening was spent in playing baseball. After it became dark we went back to the orchard and had our "feast" around a large log fire built in a spacious pit. Much discussion, joking, and fun took place although we realize keenly that this was the last party that we, as the Aggie Club, would ever have. Owing to the fact that Plymouth High School will not have an Agricultural department next year, the Aggie Club will be dissolved as no one will be eligible for membership for only those who were taking agricultural subjects or lived in a rural district were permitted to join. The club purpose was to further an interest in agriculture. The boys of the group have been working toward it by sponsoring club work in the rural districts. With the help of the Kiwanians, they have started boys in the potato club. The girls have organized a Canning Club and intend to do some hard work this summer in carrying out their undertaking. As a start the state club leader will be here at the school, Friday, June 8, to give a demonstration in canning.

For seven years the Aggie Club has been in existence and all during this time has been sponsored by R. J. Holcomb, Agricultural instructor. He has given us much appreciated advice and cooperation for which we feel indebted to him.

Now in 1928 we close the last chapter in our history.

FORENSIC LEAGUE INCREASES MEMBERSHIP

By taking in five new members the Plymouth chapter of the National Forensic League has nearly doubled its membership. The new members, Elizabeth Spicer, Ted Baughin, Ruth Hetzler, Ruth Root and Margaret Dunning, were formally taken into the League Thursday, May 31. This, after they had occupied themselves as juniors of the high school corridors and rooms for one afternoon. Five out of six of the former members are in this year's graduating class and so it will be up to the new members to carry on.

THE GRADE TATLER STARKWEATHER SCHOOL.

Miss Lynch, the health nurse visited the Starkweather School last week one day. She gave buttons to those who had four stars in health work. Mrs. Lee's room received the highest score for 26 were given buttons. They were Vera Bajorek, Archie England, Fred Hetzler, William Kinade, Doris Lackwood, Jeannette Loh, Catherine Compton, Ruth Michelin, Mary Price, Ralph Roy, Helen Rilar, Edwin Wingard, Rosemary West, Edna Slater, Wendell Martin, Joan Cassidy, Ruth Edson, Alvin Edelman, Mary Kinade, Gertrude Miller, Harriet Mattinson, Ralph Minchart, Ione Packard, Howard Streblin, Francis Spencer, and Billy Swadling.

In the G A Helen Rilar received first place for her geography product chart, and Wilbur Kinade second. Harriet Mattinson received first place in the G B with Ruth Edson as second.

The G A are learning the poem Barbara Frietchie—the story of the brave woman during the Civil War.

Mrs. Lee's room also have a winter feast planned for sometime in the near future and they are hoping that it doesn't continue to rain.

Mrs. Moles A are making posters showing the different kinds of transportation. The story on the posters tell of the different methods of transportation in different parts of the world.

Her B A class are reviewing fractions and they are interested in finding the least common denominator. William Laughlin of Miss Balfour's room has moved to Flint.

Miss Stader's pupils have a Perfection Club. There are thirty members already and more are joining each day. They may belong to the club if they are quiet and orderly in conduct.

The 2 A were given a test in comprehension and nearly all received a high standing.

In the health scrapbook contest the prize Miss Stader's pupils received was "Feeding the Birds" by Jean Francois Millet.

Phyllis Dahlman entered Miss Lapo's room making the attendance 45. Miss Lynch brought the first grand Health Crusade caps and pins when she came last week.

Both Miss Lapo's and Miss Sundberg's pupils are decorating their rooms with things seen at a circus—tents, elephants, clowns and acrobats are transforming the two rooms for this is the month of circuses. Miss Lapo's pupils are also making circus booklets.

CENTRAL SCHOOL

June Nash had the highest grade in the arithmetic test last week in Miss Finner's room. Also that room is to study the State of Michigan the last two weeks.

Eleven Archer is ahead in the spelling contest which is being waged in Miss Hallahan's room. She has had 78 perfect lessons.

Levi Sockow and Eleven Archer have neither been absent nor tardy this semester. Levi also has had a perfect record in attendance for three years.

Miss Sever's pupils are studying the group of states so familiar to us in Pilgrim stories—the New England States. Her pupils are also writing letters in language work.

In Miss Weatherhead's room the pupils watched a cocoon until one day last week a moth came out of it. They also are watching several pollywogs develop into frogs.

In silent reading the pupils have followed the printed instructions and have made Indian wigwams of cloth and sticks.

Ruth Reddeman of that room had been absent on account of measles. This is the first time she has been absent this year.

Mrs. Blossom and Miss Farrand were both absent a few days this past week.

The pupils of Mrs. Root are bringing in many flowers from their own gardens and the woods. They are learning their names and talking about the form and color of each. The pupils also like to take care of the window boxes which are filled with geraniums. One day they counted 33 blossoms and 25 buds. Many people going by speak of how pretty they look.

In the advance class of the B first Duke Ford is reading in the Child Library Primer and most of the little folks are reading in different primers.

In the A first the children are working hard to finish the Elson Reader Book One before the end of the year and Carl Campbell has already did so and is reading in the Child Library First Reader.

Throughout both schools many children seem to be out with measles, which make it bad right at the end of the year when reviewing is underway.

DEARBORN WINS SUBURBAN

Dearborn, with her Class B champion track team, easily defeated Plymouth and won the Suburban League Track Meet. Only four teams were entered this year. Dearborn, Plymouth, Northville, and Ypsilanti Roosevelt. Dearborn took all the firsts but two. E. Foster of Plymouth won the 880 yard run and Thompson of Northville won the pole vault. Shaw of Dearborn won the 100 yard dash with Packard of Plymouth a close second, and Shaw won the 220 low hurdles with Beegle of Plymouth taking second. Dearborn's entry in the mile run was a sort of a dark horse, defeating Rattenbury of Plymouth and setting a new League record for the event. G. Simmons of Plymouth led the field in the 440 until the last curve where Caulder, one of Dearborn's stars passed him and won the race by a large margin. Dearborn has a wonderful track team and only lose three men in this year's graduating class and great things are expected for them next year. Their team is large and they entered their full quota in nearly all the events. Plymouth, with only thirteen men on their team fought gamely to the end, taking second in the relay with Dearborn first. All told, Plymouth's points tallied around 50 while Dearborn scored around 80. Last Saturday, the day of the meet, was a terrible day for anything like a track meet. The air was damp and cold and since track suits do not afford a great deal of protection against cold weather, muscles were stiff and sore and records were not smashed or even equaled in most cases.

This has been a fairly good year for Plymouth, as far as track goes. They won all the dual meets with other schools and six Plymouth men placed at the Regional, thus qualifying for the State meet at Lansing. At Lansing, E. Foster placed second in the half mile and Carmichael tied for second in the pole vault, but took a third with a turn of a coin. Lawrence Rattenbury has acquitted himself very creditably as captain of the team and altogether Plymouth has made a fair record for the track team of '28.

When a man doesn't advertise and business is poor, why is it he always blames it on "hard times?"

Judging from the divorce news in daily papers the worst thing a man can put on a love letter these days is a postage stamp.

Jim Hickson was a family man,
With wife and children four;
Each morn he shoveled ashes,
And each night he shoveled more.

At last he tired of the job,
And told himself with joy:
"I've got a son that's big and strong;
I'll wish it on the boy."

This boy was wise—he used his head—
And soon he reached his goal;
He cut the ashes down one-half—
He burned old "Blue Bird" coal.

This coal is sold in Plymouth only by the Plymouth Elevator Company.

We have a special price on our Solvay Special Coke. The price is \$9.25 per ton.

Our price on Solvay Egg and Nut Coke is \$10.00 ton. Solvay is a wonderful coke.

Hard Coal is \$15.50 per ton.

Blue Bird Coal is \$8.50 a ton.

Orders booked now will be delivered promptly as possible.

We have everything in the way of Lumber. If you are going to do any building let us give you an estimate on your job.

Dr. Frank Crane Says

A NEW COLUMBUS.

that he might have lived in that year 1492, when Columbus crossed the watery wastes and discovered a new continent.

But to live in the year of our Lord 1928 and to pick up the morning paper and see that young Lindbergh had completed a trip of 9,000 miles throughout the South American republics and back to St. Louis, or that he has successfully crossed the Atlantic ocean and landed in Paris is really to live in the age of a new Columbus.

He has done what has never been done before. His stock in trade was merely a skilled hand and a clear brain. There was no great capital behind him, no organization that prompted him. He just did it himself.

And as far as I have been able to see, I have found no line in any paper anywhere criticizing or condemning him. With one voice the people of all countries have united in exalting Lindbergh. And with all he has carried off his victory so modestly and so humbly as to raise no resentment. For after all there is only one thing

we resent in a man, he is great or small, and that is undue egotism.

Nobody voted for him and he was not elected to anything, but he ranks along with Abraham Lincoln and General Grant as one who does things and does them with simplicity and punctuality.

Along with the other millions of the United States I am glad to shy my hat into the ring and to hurrah for Lindbergh! If I were to have another son I think I would call him Lindbergh, for there is no man whose example I would want him to imitate more than Lindbergh's, an example of adventurous youth combined with those sterling qualities of simplicity and modesty which ought to characterize a great man.

After all he does not seem to want anything. He does not ask for our money or our votes. He only wants a chance to go to work at that work which he understands best, which is flying. I hope he will stick to this and show us an example of a man who takes delight in doing that which he can do.

We read where a Detroit woman married a man on a bet. We suppose by this time she has come to the conclusion that she lost.

Nearly everybody knows the saxophone was invented by Adolph Sax, but nobody seems to know why.

Any Plymouth man who wants to tackle something hard might try

settling an argument between two neighbors and leaving both of them satisfied.

The U. S. revenue department is classifying castor oil as a beverage, but you couldn't get the average Plymouth boy to accept it as such.

Today's Reflections

Times change, but you can still learn more about a girl by being married to her ten minutes than you can by courting her ten years.

Most people believe in the golden rule, even though they do find it harder in practice than it is in theory.

We want to advise Plymouth girls who are seeking model husbands to first be sure that they are working models.

Candidates are said to be so thick in some sections they wear badges to keep from soliciting each other's influence.

Unfortunately, every town has a citizen or two who has never done anything more than add to the population.

From the crowds that gather to watch a dog fight in Plymouth you'd think there's a law against such things.

Why is it that a man will pay no attention to 90 bills that he owes and then yell his head off if he comes across one he doesn't owe?

It doesn't do a fat girl much good to get a broken heart. She can't pin away as gracefully as a thin girl.

Most any Plymouth man would loan you \$10 to tide you over if he had any assurance that you'd come in with the tide.

By Arthur Brisbane

NOGUCHI BRAVE MAN.
LAND OF OPPORTUNITY.
THE AUTOMATIC MACHINE.
SHE WEIGHED 240 POUNDS.

The death of Dr. Noguchi, a courageous Japanese scientist, is a great loss to the world.

Backed by the Rockefeller Institute, Noguchi was a leader in the war against disease and poverty and misery born of disease.

Yellow fever killed him at last, as he sought for more knowledge in the African yellow fever regions.

Some bronze bandit on horseback should give his high place to Noguchi whose memory really deserves honor.

America is the country of opportunity, and Milwaukee is one of the best American cities. All over America are opportunities, visible to the majority when it is too late to seize them. What everybody knows is not so valuable.

For instance, consider the baby carriage business that C. J. Smith managed in Milwaukee up to 1887.

Fifty thousand dollars would have bought it. A. O. Smith inherited it and made bicycle parts.

In 1904, the A. O. Smith Corporation was formed and L. R. Smith, grandson of C. J., took charge. His father put \$85,000 and others put \$95,000 more into the corporation.

L. R. Smith did new things, making frames for automobiles, keeping up with the times, and ahead of them.

Time passed, and in 1923 J. E. Uihlein advised this writer and other friends, "buy stock in the A. O. Smith Corporation. A very able man, with new ideas, is running it."

The stock sold then at \$13 a share. A little later it sold at \$25 a share, and five shares were given for one.

The baby carriage business that you could have bought in 1887 for \$50,000, or in 1923 for \$1,300,000, now sells on the Stock Exchange at \$40,000,000.

The ablest American manufacturers could learn about mass production and labor saving in L. R. Smith's plant.

One of his mills, making 35,000 automobile frames a week for Chevrolet, using marvelous automatic machinery, does with 200 men work that requires 2,000 men in other plants.

One automatic machine, changing steel sheets into steel frames, is 350 feet long. In one place machinery and thirty-four men handle 14,000 side bars and 30,000 crossbars and drive 1,000,000 rivets per day.

Machines do the work, men look on. From the floor below, heavy steel rivets are blown up through thin pipes by air power, placed in the frames and fixed there, no hand touching anything.

There you see solved the problem raised by inadequate immigration.

You wonder that marvelously efficient long lasting automobiles can be sold at present prices, but remember for one item, that painting an automobile frame, baking it so that it comes out with a beautiful coat of brilliant black enamel, costs, for human labor, one and a half cents, and the labor is highly paid, if any pay can be called high for labor producing such results.

Mr. Smith's institution, revolutionizing important branches of American industry, is one of the many such plants throughout the nation. Our manufacturers, using their brains, relying on new methods, not on low wages, can undersell Europe and Asia. The thinking brain and the automatic machine are the real wealth producers.

Weight has its advantage. Falstaff to the contrary notwithstanding. Mrs. Myra Huddleston, of Mattoon, Ill., has broken the world's record for long swimming. She swam fifty hours, beating any other woman's record by an entire day, and beating the best masculine record by four hours.

Mrs. Huddleston weighed 240 pounds when she started, 20 pounds less when she finished. Skinny girls and women, you need not weigh 240, but you should be ashamed to cut down your vitality for the sake of an ugly, bony figure.

"Deacon White," said Parson Jackson softly, "will you lead us in prayer?"

There was no answer. "Deacon White," this time a little louder, "will you lead?" Still no response. Evidently the deacon was slumbering. Parson Jackson made a third appeal and raised his voice to a high pitch that succeeded in arousing the drowsy man. "Deacon White, will you lead?"

The deacon in bewilderment rubbed his heavy eyes and blurted: "Lead yourself, I just dealt."

Wayne County League of Women Voters

The Annual Grosse Ile Summer School held by the League of Women Voters presents a unique program this year, combining a study program and a practical demonstration trip. "Electric Power," a subject of especial interest to women in its close relation to their daily tasks, and of vital current interest because of the recent discussions in Congress on Muscle Shoals and electric power, will be the subject of the program. Every possible angle of this subject will be presented.

On Friday, June 8th, the morning session of the School opens at 10 A. M. and Mrs. Douglas D. Martin will talk on "Why I am interested in the question of Electric Power." Professor H. J. Gallagher, of Michigan State College, Lansing, is conducting an unusual experiment in electric power which he will describe in his talk, "Electricity in Rural Communities." Miss Katherine Doran, President of the Women Lawyer's Association, and a member of the Board of Directors of the Wayne County League will have as her subject, "Muscle Shoals—a War Legacy." The morning session will be heard out-of-doors on the lawn of Mrs. F. R. Anderson at Grosse Ile and is to begin at 10 A. M.

Luncheon will be at the Grosse Ile Country Club at 12:45. A special feature has been planned for the afternoon, to give a practical, first-hand glimpse of the electric power question, as those attending the school will enjoy an especially conducted tour through the Detroit Edison plant at Trenton, Michigan. League members and guests will be driven to the plant and shown the concrete development of electric power, as seen in the modern electrical plant.

Details of transportation can be secured at the League Headquarters, 209 Women's City Club, Cadillac 9680. For those who are driving, blue arrows will show the way to Mrs. Anderson's home.

Women from the entire County who are interested are invited to attend, and may make reservations at the League office immediately.

RATHER UNUSUAL

A fire in New Jersey recently halted a lecture. Wonder if this bit of news hasn't set some college students thinking?

Michio, Ito, Japanese dancer, plans a gigantic \$3,000,000 dance temple to be built in New York. It seems to us he'll have to do some real stepping to get that amount of money.

A junior of the University of Wisconsin defined "subnormal" as "pertaining to the power of eating." Some hard-boiled skeptics, unquestionably, will believe that he was not so wrong after all!

The horned toad found sealed in a cornerstone, and still alive after 31 years' imprisonment, was taken to New York. It probably would feel quite at home in some of our modern apartments!

No doubt many presidential hopefuls are now doomed to be either also-rans or running mates!

A London professor claims to have taught a flea to answer questions by tapping on its head with its legs. Isn't tapping on the head generally indicative of "Nobody Home?"

A man convicted of arson received a lenient sentence when it was shown that he was good to his mother-in-law. Some people thought he merited a suspended sentence!

Mrs. Charles Read Banks of Plainfield, N. J., advocates that men do knitting as a means of keeping out of trouble. Well, it doesn't seem to us that the remedy has worked so well among our feminine population!

"1927 Worstest Year Since 1872 in England," said a headline recently, and many were disappointed when they found the item referred to the rainfall.

An exhaustive search throughout Angora failed to reveal a single Angora Cat. That seems strange, except to the people who have tried looking for the chicken in a restaurant chicken salad!

SOMETHING NEW! A TALKING FLEA!

London—Professor Vittorio Pirelli promises to present in the forthcoming flea circus a talking flea, that communicates with whom it may be by tapping out signals in a sort of simple Morse code against its head with its powerful legs. The flea used two taps for "no" and three for "yes." The flea is said to try vainly, and with apparent anger, to communicate with other fleas that do not seem to get the idea.

FUNERAL SERVICE HELD FOR PIONEER OF COUNTY

Funeral services for Mrs. Phoebe L. Kipp, one of the oldest pioneers of Wayne County, were held Wednesday, May 20th at the Shrader Bros. Funeral Home. Mrs. Kipp had been a resident of the county for 90 years. She was 95 years old at her death.

Mrs. Kipp was born in Bath, N. Y., May 2, 1833, and came to Redford with her parents, John and Margaret Axtell, at the age of 2 years. Her parents settled on a farm in Nankin Township, where Mrs. Kipp resided until her death.

Mrs. Kipp was an active member of the Baptist Church of Redford Center. She is survived by four daughters, Mrs. S. R. Birdard, of Bay City; Mrs. Ernest Lehman, of Detroit; Mrs. James Harlock, of Huntville, Ont., and Mrs. C. E. Kingsley, of Nankin Township.

Burial was in the Newburg cemetery. Six grandchildren of Mrs. Kipp were pall bearers.

THE KING OF MECHANICS.

Sofia, Bulgaria—Two Americans motoring near here were in a dilemma when their engine broke down.

Another auto passed, the driver of which asked in Bulgarian: "Can I help you?"

The Americans expressed doubt that the car could be put into shape, but the Bulgarian managed to fix it for them.

As he left, one of the two Americans suddenly remarked:

"We didn't give that poor fellow a cent for his trouble."

Ten miles later up they were surprised to see the whole countryside saluting and bowing to the man who had helped them.

He was King Boris of Bulgaria.

Telling It to the Marines

By H. IRVING KING

"THE silver trumpets blew across the dome," quoted George. They were seated on the deck of a steamer which had just dropped anchor off Port au Prince. The silver trumpets George referred to were the bugles of the marines on shore, sounding taps. And the dome was the dark, vast dome of the tropic night.

Across the dark waters shone the lights of the city. High up, black against the black sky, loomed the giant mountains, and from those dark shores seemed to steal out a sense of mystery, the romances and the tragedies of blood which, since Columbus first sighted the island, have made Haiti their own.

But the tragedy of Haiti was not of any special interest to George Gordon and Miriam Crawford just then, for George and Miriam were considering the question of getting married. The marines were taking care of Haiti anyway, George had proposed two days before and Miriam had asked a week in which to consider her answer.

Miriam was accompanied by her aunt, an austere person with a will of her own and a desire that her niece should marry the wealthy George Gordon. Miriam had known him for years and rather liked him, though there had been somebody, once, whom she had liked much better.

When they parted she had promised to wait two years for him and the two years had been up a month before she had sailed on this Caribbean cruise—and no word had come from Arthur Leighton. When Arthur's father had died leaving instead of the great fortune he was supposed to possess nothing, or next to it, Aunt Martha accused the young man of being a fortune hunter and of desiring to marry her niece only for her money.

And being young and impulsive and high spirited he retorted that he would not, under the circumstances, ask Miriam to fulfill her promise of marriage until he was in a position which would render it impossible for any one to repeat the accusations of Aunt Martha. Miriam, of course, said that she was ready to share Arthur's poverty—she would divest herself of all her wealth and become poor like him.

"What nonsense you talk, child," cried Aunt Martha. "You can't divest yourself of your money—your fortune is in the hands of trustees until you become thirty-five years old."

Even the lovers saw that Aunt Martha was talking common sense. So they had parted, Miriam promising to wait two years and Arthur promising to return at the end of that period "with the goods."

Miriam thought of all this as she sat on the deck with George by her side. She had waited the two years promised, but only a few weeks more. She had been upset in allowing her aunt to persuade her into taking this trip. Suppose Arthur should even now be in New York and seeking her in vain! Miriam was not really weak, but she had been all her life under the masterful, dominating spirit of her aunt and had never learned to assert herself. And Aunt Martha had drilled it into her that the affair between her and Arthur Leighton was only a boy and girl romance, until Miriam had almost come to believe it herself.

But now as the bugle calls died away on shore there arose in Miriam's heart a great outcry against fate. "I can't, I can't! Oh, Arthur, Arthur, why did you not come back to me?"

The next day they went ashore to see the curious sights of the Haitian capital. As they walked along the principal street, Aunt Martha and Miriam escorted by George, Miriam suddenly stopped, gave a gasp and cried out, "Oh! A young man in uniform was coming toward them a lieutenant of marines."

"It's Arthur!" stammered Miriam. It was. He greeted the party unconcernedly, as if their meeting down there in the tropics was the most natural thing in the world, placed himself and the whole marine outfit on the island at their disposal during their stay and was about to pass on. But he had not gone six steps when Miriam turned and ran after him calling out, "Arthur, stop a minute." He stopped. "Why did you not come back at the end of the two years?" she demanded.

"Because," replied Arthur, I could not come back as I had promised to do—with wealth sufficient to prevent your aunt from again accusing me of being a fortune-hunter. I have managed in the past two years to achieve a commission in the marines—but I have nothing but my pay."

"You have your commission and that's enough," replied Miriam. "An officer and a gentleman need never fear being accused of fortune hunting. I am tired of all this about money. I have lived under Aunt Martha's thumb all my life. Now I am going to assert myself. Do you still want to marry me?"

"Miriam," said Arthur softly, and the look in his eyes and the tone of his voice gave her the answer.

"Well, then, I am ready," said Miriam and turning to the astounded Aunt Martha and the no less astounded George she said, "Auntie, you and George walk on ahead, Arthur and I will follow you. I want to talk to him."

CREDIT BODY PUTS BRAKE ON CROOKS

208 Convicted of Business Frauds in Year.

New York.—Convictions of 208 commercial criminals throughout the United States and indictments against 419 persons with business fraud were secured by the National Association of Credit Men in the last 12 months, according to the annual report of Samuel Ardron, Jr., comptroller of the association, for the fiscal year.

The report says that since the national credit protection fund of \$1,400,000 was raised by the association three years ago, 444 commercial criminals have been convicted on the strength of evidence secured by the credit organization, and indictments have been returned against 1,142 persons, of whom 530 are awaiting trial.

It says further that during the last 12 months 640 requests for investigations of bankruptcies were received by the association from business houses and that in the preceding yearly period the number of requests was 789.

"The decrease in the number of cases investigated is significant for two reasons," the report says. "First, a great many fake failure artists are being sent to prison, and, second, other dishonest business men are being discouraged from perpetrating fraud by fear of this new force in business."

"Although the number of cases handled has diminished, the number of convictions secured has grown from 148 in the 1926-27 period to 208 in the last year. Indictments have increased from 405 in the former period to 419 in the 12 months just closed."

"It is difficult to estimate accurately the sum saved for business concerns by the forced retirement of several hundred bankruptcy crooks, but it is reasonable to believe, in view of the lessening number of fraudulent failures, that vigorous prosecution efforts have prevented the loss of many millions of dollars."

Mr. Ardron points out that the cost of carrying on the work of the association's credit protection department has been less than the sum recovered from bankrupt estates in the form of hidden assets. He says that in the past three years the association's investigators have recovered and turned back to estates \$920,000 in concealed assets.

"Recovering assets is incidental to the chief objective of credit protection activities, which is to punish commercial criminals by sending them to prison," he asserts.

Some Fail to Prosecute. "One of the principal difficulties met in the work is the unwillingness of a certain type of creditor to assist in prosecuting a crooked bankrupt who may have defecated him of thousands of dollars."

"In a recent fake failure case only one of the 117 interested creditors wanted to prosecute. The others hoped to recover a small part of the money owed them by allowing the crook to go free."

"This practice of accepting compromise settlements from dishonest bankrupts leaves the crook free to continue his operations at the expense of his original victims and others after he has re-established his business under a new disguise."

The report says that more than 90,000 creditor concerns in all parts of the United States have been financially interested in bankruptcies investigated by the National Association of Credit Men. It is further stated that of the 208 convictions secured in the 1927-28 period, 113 were in the East, 82 in the Middle West and 13 on the Pacific coast.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

May 21, 1928

Plymouth, Michigan

Regular meeting of the Village Commission in the Commission Chamber at the Village Hall, May 21, 1928 at 7:00 P. M.

Present: President Henderson, Commissioners Fisher, Nutting, Pierce and Shear.

Absent: None.

Minutes of the regular meeting of May 7th and the adjourned regular meeting of May 15th read and approved.

The Village Manager presented the annual Village Budget for the year 1928 on behalf of the Board of Estimates. Motion by Comm. Fisher, seconded by Comm. Nutting, that budget as presented be accepted for consideration and that the date of the hearing upon same be set at June 4, 1928 at 7:30 P. M., and that the Clerk be directed to give regular notice of said hearing as required by the Charter. Carried.

Verbal petition received from property owners requesting the Commission to require entrances to drive ways to be paved from the gutter to the sidewalks on streets being paved this season. Motion by Comm. Nutting, seconded by Comm. Shear, that driveway entrances be required to be paved from the gutter to the sidewalk line on all streets included in the 1928 paving program. Carried.

Petition received from property owners located upon Ann Arbor St. from the intersection with Grand Ave. to Hamilton St. requesting that paving on said portion of Ann Arbor St. be laid to a minimum width of 36 feet.

Motion made by Comm. Nutting, seconded by Comm. Pierce, that said petition be accepted and signed and that the width of pavement for this street be set at 36 feet. Carried.

Petition received from property owners living in the vicinity of South Harvey St. and Hamilton Ave. requesting that the Village order the construction of certain crosswalks at this intersection. Commission approved the motion by Comm. Fisher, seconded by Comm. Nutting, that said petition be tabled for investigation by the Manager.

Communication received from Mr. Herald Hamill calling the attention of the Commission to the need for certain sanitary sewers in Virginia Park subdivision and requesting that the Village undertake the laying of mains in the subdivision as soon as possible.

Upon motion of Comm. Shear, seconded by Comm. Fisher, the Commission approved the tabling of this petition for investigation.

Motion by Comm. Shear, seconded by Comm. Fisher, that the Commission adopt the policy of requiring Subdivision owners to advance money to cover the costs of sewers and drains requested for their subdivisions until such time as the Village can reimburse them for the Village share of such improvement, whenever the request is made to extend these facilities into subdivisions which are undeveloped or practically so. Carried.

Upon motion of Comm. Fisher, seconded by Comm. Nutting, the Commission approved the asking for alternate bids on all paving work included in this year's paving program: said bids to cover paving of sheet asphalt on concrete and regular concrete construction.

Motion by Comm. Nutting, seconded by Comm. Shear, that recommendations relative to the petition filed by Mr. Fred Kaiser at the last regular meeting be approved and that the Manager be directed to write Mr. Kaiser relative to the decision of the Commission. Carried.

Petition received from property owners residing on Church St. requesting that said street be paved from the west line of Harvey St. to the east line of Pennington Ave. said pavement to follow as nearly as possible the present course and boundary lines of said street as used for highway and street purposes at the present time. Motion by Comm. Nutting, seconded by Comm. Shear, that said petition be granted provided sufficient funds are available from the proceeds of bonds recently authorized, to finance the Village share of this improvement. Carried.

Upon Motion of Comm. Pierce, seconded by Comm. Shear, the Commission voted to allow bills as approved by the Auditing Committee, also checks issued since the last meeting of the Commission.

J. W. HENDERSON, President.
A. J. KOEING, Clerk.

Plymouth, Michigan
May 28, 1928

Adjourned regular meeting of the Village Commission in the Commission Chamber at the Village Hall, May 28, 1928 at 7:00 P. M.

Present: President Henderson, Commissioners Fisher, Nutting, Pierce and Shear.

Absent: None.

Minutes of the regular meeting of May 21st and the adjourned regular meeting of May 28th read and approved.

Petition received from property owners located upon Ann Arbor St. from the intersection with Grand Ave. to Hamilton St. requesting that paving on said portion of Ann Arbor St. be laid to a minimum width of 36 feet. Motion by Comm. Nutting, seconded by Comm. Shear, that said petition be accepted and signed and that the width of pavement for this street be set at 36 feet. Carried.

Village be opened and read by the Clerk. Carried.

Motion made by Comm. Fisher, seconded by Comm. Nutting, that bids received for the construction of storm sewers be referred to the Engineer for tabulation and for his recommendation. Carried.

The Engineer thereupon retired to tabulate the bids received.

Motion made by Comm. Pierce, seconded by Comm. Fisher, that the proposals received for the purchase of \$40,000 of general obligation sewer and paving bonds of the Village be opened and read by the Clerk. Carried.

The following proposals were received and read:

Stranahan, Harris & Outis—Toledo, 4 1/2 % plus Premium \$264.00.

Hanchett Bond Co.—Chicago, 4 1/2 % plus Premium \$513.00.

Union Trust Co.—Detroit, 4 1/2 % plus Premium \$311.00.

Bank of Detroit—Detroit, 4 1/2 % plus Premium \$461.00.

Guardian Detroit Co.—Detroit, 4 1/2 % plus Premium \$322.00.

First National Co.—Detroit, 4 1/2 % plus Premium \$57.00.

Grissold First State Co.—Detroit, 4 1/2 % plus Premium \$308.00.

Security Trust Co.—Detroit, 4 1/2 % plus Premium \$405.00.

Motion was made by Comm. Fisher, seconded by Comm. Pierce, that the proposal of the Hanchett Bond Company of Chicago, as given above, be accepted. They to have bonds printed and to pay Attorney's fees incidental to the securing of an opinion as to the legality of the bonds; and that they be awarded the issue. Carried unanimously.

The Engineer submitted the following tabulation of bids received for the construction of storm sewers in the Village, with his recommendation that Frank Eady of Ypsilanti be awarded the contract on the basis of his Alternate A bid of \$24,421.23. Bids under Alternate A are for the use of double strength vitrified sewer pipe for sizes where such can be used; under Alternate B for the use of cement concrete sewer pipe for these sizes:

Ypsilanti	\$24,421.23	\$23,847.36
H. J. Larnet, Birmingham	28,530.10	28,423.65
Bloom & Dickinson, Muskegon	118,244.10	
Oscar C. Larson, Plymouth	27,226.97	20,801.17
United Construction Co., Grand Rapids	28,447.35	28,307.00

Further, that the President and Clerk be authorized to sign the contract for this work upon the contractors presentation of the proper bond. Carried unanimously.

Motion by Comm. Pierce, seconded by Comm. Fisher, that the certified checks of the unsuccessful bidders be returned upon their signing a receipt for same. Carried.

Motion by Comm. Pierce, seconded by Comm. Fisher, that the certified checks of the two low bidders be retained until the successful bidder has executed his contract and filed a satisfactory bond. Carried.

Motion was made by Comm. Shear, seconded by Comm. Nutting, that the proposal of Mr. Shoecraft of the firm of Hoad, Decker, Shoecraft & Drury to relieve the Village from its working agreement with said firm as regards supervision of construction of paving on streets to be paved during 1928, be accepted. Further, that the firm of Hoad, Decker, Shoecraft & Drury shall supervise the construction of all storm sewers included in the contract awarded this evening; and that they are also to prepare plans and specifications for all new paving to be authorized for construction during 1928. Further, that the compensation of the Engineer for the preparation of plans and specifications and his assistance in the lettering of contracts shall be upon the basis of 3% of the cost of construction as recorded in the last proposal. Carried unanimously.

Motion presented by Comm. Nutting, seconded by Comm. Pierce, that Messrs. Sidney D. Strong and Herald Hamill be given complete supervision of the construction of the paving work on all streets included in the 1928 paving program following the awarding of contracts to relieve the Village from its working agreement with the firm of Hoad, Decker, Shoecraft & Drury, now under construction. Further, that the compensation to be given said Engineers shall be on the basis of 2 1/2 % of the cost of construction. Carried unanimously.

Motion by Comm. Fisher, seconded by Comm. Nutting, that the Commission adjourn. Carried.

J. W. HENDERSON, President.
A. J. KOEING, Clerk.

America's Great Debt to Pioneer Mothers

Pioneer mothers played a great part in American annals. Following the ones they loved they made homes spring up in the wilderness. From helping to build the cabin, raising the little crops, weaving the clothes, down the long range of ceaseless toil which frontier life holds, they were co-workers with the men who gave America 48 states instead of 13. Leah A. Kazmark writes, in the National Republic.

Around the wide-mouthed fireplaces at night in the isolated cabins these mothers of American yesterdays laid the foundation stones of Twentieth-century progress. Here they taught lessons before the coming of the schoolmaster; here they taught religion from the precious family Bible long before the steeples of white churches dotted the landscape. All the seeds of civilization they planted on each new frontier, as the men planted the wheat in the newly turned soil, drained the swamps and felled the forests. Teacher, mother, teacher, preacher—all these in one was a typical pioneer woman who furthered the cause of America.

Incorrect Belief as to Growth of Trees

A marked oak tree began growing on April 17, and grew regularly until May 23. Then it began a rest period of 32 days. On June 24 it started to grow again and continued until July 13.

At the beginning of the season it grew for 36 days, then rested for 32 days, and thereafter grew again for 20 days. During the first growth period it grew ten inches, an average of about one-third of an inch a day.

This proves that the belief that trees grow from early spring, when the leaves begin to come out, until the first frost, when they start to show their autumn color, is not correct. For instance, in the latitude of southern Pennsylvania the native forest trees make 90 per cent of their height growth in 40 days of spring and early summer. Trees are fighting for their lives all the time.

Women Geographers

The Society of Woman Geographers is a society organized in 1925 by a group who felt that there should be some medium of contact between women distinguished in geographical work and its allied sciences—ethnology, archeology, botany, natural history, sociology, folklore, arts and crafts, etc. For active membership in this society only those women are eligible who have done distinctive work whereby they have added to the world's store of knowledge concerning the countries in which they have traveled. Corresponding members are those who fulfill the requirements for active membership, but who reside outside the United States of America and Canada. The associate membership admits widely traveled women who are interested in furthering all forms of geographical exploration and research.

Distinctive Brigade

The name "Orphan Brigade" was given to a body of troops because they had to leave their own state to join the Confederacy. "Different accounts have been given as to how the command acquired the designation of Orphan brigade. Its attitude towards its native state—expatriated by reason of identification with a cause which Kentucky had not formally approved; its complete isolation from its people; its having been time and again deprived of its commander by transfer to other service, or death in battle—these, all and singular, may have suggested the name which soon fixed itself in the popular mind, and has come to be the real one by which it will be known in history."

Stone With a Legend

There is only one stone to be found in all Lithuania, where even the paving cobble for the town streets have to be imported from abroad. This solitary stone, a relic of the Ice Age, lies in a forest, and being unique has a name of its own: "Puntukas."

The country people say that the devil picked up the stone—one can still see the marks of his claws—to destroy Anyksiai church. He hurled it, says the Washington Star, at the church, but missed, and only broke off the tops of the two steeples. And two truncated steeples—the only ones in all Lithuania—are there to this day to prove it.

Earliest Newspapers

An authority is inclined to give the credit for the earliest European newspaper to The Netherlands. A News Zeitung, or News Newspaper, was found dated in 1528 and telling of the great battle with the Turks. But back in the days of old Rome there were the Acta Diurna, or Daily Events, which regularly chronicled battles, elections, games, religious rites, etc. That daily paper, or bulletin, lasted to the fall of the western empire.

The young married couple were having lunch at a modest eating-house. The woman was grumbling because they were unable to afford the luxurious restaurant which had been a feature of their honeymoon.

"You can't have a brass band everywhere you go," said the man, crossly.

"Oh, yes, I can," snapped his wife.

I've got it on my finger."

To Dearborn will come the distinction of having the first complete super-highway crossing in the State of Michigan with the completion of the work now in progress at Michigan avenue and Southfield (Emerson) road. An idea of the magnitude of the work being performed by the Wayne County Road Commissioners just east of the Dearborn city limits can be gained from the fact that it will take at least a year to complete all of the structures planned with construction proceeding at a maximum rate at all times. Approximately \$1,000,000 will be spent by the county in a comparatively small area. A few years ago this amount of money represented a large budget for road work in the entire county.

Radium in All Springs

Not only is there radium in spring water, but all spring water is radioactive to some degree, reports W. D. Collins of the United States geological survey. After three days, however, the water loses half of its radio-active "kick," and in thirty days practically none remains. At all times, the quantity of radium in the water is so small that only the most delicate tests enable chemists to detect its presence. In order to have any effect on the human body it would be necessary to drink at least 400 quarts a day.—Popular Science Monthly.

She hurried into the room where they were playing and found Jack and Billy astride a trunk and Bobbie standing beside him, wailing dismally.

"Why, Billy," she exclaimed, "why don't you let Bobbie on the trunk, too?"

"Oh," returned Billy, "he's the infantry."
