PLYMOUTH SCHOOLS TO BE READY FOR LARGER FALL ENROLLMENT

Extensive Alterations at High School Will Provide Seven New Classrooms.

It is customary for the people of Plymouth to think of July and August as being vacation months when the schoolhouses are closed up and quiet, but during the present season, at any rate, those who have had reason to enter one of the buildings have found that a few workmen have been very busy getting the buildings ready for the ever-increasing numbers of school children of our district.

The greatest activity has been in the high school building where the crowded conditions of last year made it vitally necessary to arrange for a larger number of classrooms, and a larger study hall. Since the transfer of the lower grades to the other two buildings, the cloakrooms which were essential at that time have represented just so much waste space. During July the partitions which cut these off from their respective rooms have been removed, with an increase of nearly twenty per cent in available floor space.

However, the rooms thus enlarged were not, of course, of the most efficient size for classrooms, and furthermore, this change did not permit for any increase in number of classes. In order, therefore, to meet this need, partitions have been placed in the center of the large rooms, and the two classrooms thus formed from each are roomy enough to accommodate easily the classes of thirty or thirty-two, the limit set by the University Inspector.

Two new rooms have thus been obtained on the first floor, so that this fall the students will find the space between the kindergarten and manual training rooms occupied by four newly finished classrooms; while on the second floor even greater changes will meet the eye. The former Seventh and Eighth Grade study halls, rooms ten and fourteen as they were numbered, has also room thirteen at the head of the front stairway, and new doorways have been cut into the corridor to accommodate these.

In the rooms formerly numbered eleven and twelve, not only the cloak room partitions, but the main partition also has been removed, so that a new study hall is thus available, well-lighted, convenient to the library, and with a seating capacity, if necessary, of about one hundred and fifty.

On the third floor the rooms, at the northwest and southeast corners, known as twenty-five and thirty, have been divided as below, and new doorways cut into the corridor for the new rooms. The former Commercial room has a new partition across it, so the beginning and advanced Typewriting classes can be separated, and so that speed-reads and other individual help can be provided, away from the steady click of the class machines. The bookkeeping classes will be removed to another room, probably the former room eighteen.

This work has all been carried forward as rapidly as possible and the old partitions have been removed, the new ones placed, the necessary plastering done, and most of the woodwork fitted. Much, of course, remains to be done, as the seats must be placed, the woodwork varnished, the electrical fixtures installed, and the walls decorated. The removal of the plaster from partitions has resulted in a quantity of lime dust throughout the building, so that the usual pre-school cleaning will of necessity be much more tedious and difficult than usual.

After the improvements noted above have been made, there remains the work of oiling the floors, washing the windows, and cleaning of seats, to be completed by September 1. In the grade building on the Central grounds, this has already been completed as far as possible, and the seats and desks have received a new coat of varnish. Starkweather School has been undergoing similar cleaning, and will likewise be fresh and clean for the opening of the school year.

In connection with this, it should be noted that by far the most valuable improvement at Starkweather has been the growth of the shrubbery planted last spring, largely through the efforts of the High School Horticulture club, in connection with their work in Landscape Gardening, and

under the direction of the Agriculture teacher, B. J. Holcomb. As the weather has been particularly favorable to plant growth, these shrubs have all taken on a fine appearance, and with the development of a good lawn Starkweather School will stand out in distinctive beauty, unsurpassed by any public building of this vicinity.

At the Central school grounds by far the most popular improvement of the year has been the construction of the tennis courts, which even before completion were besieged by would-be players; and now that they are finished, they are found to be in use frequently in the mornings, and almost constantly in the afternoons and evenings. The playing surface proper is of concrete, surrounded by cinders as far as the backstop, which are of galvanized woven wire, supported by galvanized iron pipe set in concrete. The courts, obviously of sound and permanent construction, have one obvious advantage over clay courts, that they can not be injured by play while wet, nor by the use of leather-soled shoes. They were constructed under contract with Blunk & Smith.

While the courts are upon school property, and built with funds voted at the annual school meeting last year, they are open to everyone, at least until the opening of school. It is hoped, however, that those who play will observe closely the traditional courtesies of tennis, and in the interests of good sportsmanship attention is called particularly to the following:

Courts in use for singles should be surrendered for doubles play at the end of the current game, upon the arrival of newcomers.

If others are waiting for a court, doubles play should not be continued beyond a set score of six games for the winners.

If less than four are waiting for the use of a court, as many of these split up it at the close of a set, as are necessary to make up that number, should be chosen to complete it. Those thus forced out may claim priority at the close of the next set. Careful attention to these courtesies will avoid most, if not all, the unpleasantnesses which are apt to occur on unsupervised courts.

Library Notes

NEW BOOKS FOR BOYS AND GIRLS AT THE PLYMOUTH PUBLIC LIBRARY.

Stories of Early Times in the Great West—Bass.
City of Discontent—Plays—Benton
Children's Theatres and Plays—Mackey
Michael of Ireland—Casserty

Enchanted Road—Howe.
Tales Worth Telling—Finger
Youngest Rider—Hatek.
Raggedy Children—Hayard.
Jinx Ship—Pense.
Maggie Lane—Turner.
Pioneer Twins—Perkins.
Story Lives of Master Writers—Raymond.
Winged Horse—Auslander.

William Ward Passes Away

William Ward was born in Devonshire, England, May 21, 1844, the son of John and Anne Ward. He came to Michigan in 1888. He never married, but had made his home with the Hix families for the past 31 years. He leaves no known relatives but a host of friends, who will miss his cheery smile and congenial ways. He passed away at the home of Cady Hix August 5, having attained the age of 84 years, two months and 10 days.
Funeral services were held from the Cady Hix home on Tuesday afternoon, August 7, Rev. Nichol officiating, with burial at Glenwood cemetery, Wayne.

Wayne Home-Coming August 10 to 11

DETAILS FOR EVENT ARE COMPLETE—PROGRAM A BIG ONE.

Wayne's home-coming is to be one of the largest and most attractive that has ever been held in this village, according to Edgar Brandow, chairman of the committee of the local chapter of the I. O. O. F., who have been granted special permission by the village commission to conduct the fête.

For two days—Friday and Saturday, August 10 and 11—the village park will be the scene of a gay time that will include a band concert by the Northville high school band; an elaborate automobile show, with all of the various makes of cars sold by the dealers of Wayne on display; many fine attractions of vaudeville, dancing and a number of interesting concessions, such as a merry-go-round, a Ferris wheel and others.

Many prizes will be awarded, the major one being a Graham-Paige car to the person holding the lucky number. Awards will be made to the oldest couple, the largest family and the couple counting the longest distance.

According to plans made by Norman Sherwood, a large parade will start Friday evening at 7 o'clock in the village park and will consist of floats and special attractions representing the business establishments of Wayne.

To the firms having the best floats or features in the parade three prizes are to be given. A list of the merchants who have signified their intentions of entering the parade include the following names:

George E. Moller, C. C. Smith, Walker & Adams, Smith & Smith, Thom Electric Shop, Weed & Welsby, W. Meyers, Carl D. Mack, Goodman & Stecker, Wayne Uph. Co., Lewis Mott, Ben Wolford, Fisher Cleaners, Snyder's Store, Sam Singer, F. Haines, Betty Style Shop, Wayne Tire Shop, Wayne Savings Bank, Smith Brothers, Peter Gardinski, Ben Miller, A. B. Kleiber, Harold Dietrich, Charles Proctor, Hilliard & Reiser.
Mr. Sherwood stated that all who wish to enter the parade are welcome, and in fact, it is urged that as many business houses as possible be represented.

Decorations and lighting effects have all been planned, and will transform the civic center into a veritable pleasure spot. On both Friday and Saturday attractions of all kinds will be going continuously that will bring thousands to Wayne from the surrounding country.—Wayne Dispatch

Rotarians Hear Fine Program

The members of the Plymouth Rotary club had the pleasure of hearing a most interesting talk by Carl Lindgren, instructor of vocal music at the Ypsilanti State Normal School, at their luncheon hour last Friday. Mr. Lindgren gave a biography of the life of Franz Schubert, the great composer. Miss Margaret Bennett, of Ypsilanti, daughter of Mr. and Mrs. E. F. Bennett, rendered a vocal selection in a most artistic manner. Mr. Lindgren also favored the Rotarians with several vocal numbers of Schubert's compositions that were splendidly rendered. Miss Hanna Strassen accompanied, led both vocalists at the piano. Dr. B. E. Change was in charge of the program.

Randall-England

Miss Edith England, daughter of Mr. and Mrs. George England, of this village, was united in marriage to Alfred Randall, son of Mr. and Mrs. Alfred Randall, of North Farmington, Mich., on July 27, 1928, at the Baptist parsonage in Toledo, Ohio. They were attended by the bride's brother, Robert England, as groomsmen, and his wife, Mrs. Grace White-England, as matron of honor.

The bride is a graduate of Plymouth High school and is the first member of the 1928 class to be married. She was a member of the High school girls' basket ball team until that sport was discontinued, and played with the M. E. church team during the past season.

The groom is equally popular among the young people of the vicinity of Farmington, and their many friends join in wishing the best of happiness to both.

The young people have returned from their honeymoon and are already making their home on the Randall farm, north of Farmington.

Plymouth Residents on the Huronic

Plymouth residents of the Detroit papers who noticed the account of the grounding of the Canadian passenger steamer, Huronic, last Monday morning, no doubt would have been more interested had they known that the passenger list included Mr. and Mrs. C. C. Ryder and Mr. and Mrs. Don Ryder, of this vicinity, who returned home Wednesday afternoon.

In relating incidents of the accident, Mrs. C. C. Ryder said:

"About 300 passengers had made the trip up to Duluth, which was very uneventful, and everything possible was done for our accommodation and pleasure.

"On the return trip, however, there were only about 100 of us, as the rest had not planned for a round trip, or had planned to join us at Port Arthur.

"The fog was so dense from the time we left Duluth that it was impossible to see further than five yards from the ship, and the fog-horn was blowing constantly.

"About 3 a. m. we felt a terrific jar and scraping motion of the boat, and immediately after the boys came knocking at every cabin door, calling us to come at once to the upper deck with life-belts, as the boat was sinking. While the captain followed soon after, saying there was no immediate danger, the boat had listed so far over that it was difficult to stand upright, and the most of us hastened to the upper deck only partially dressed beneath our heavy coats and life-belts.

"About 6 o'clock, as it had grown light and we could feel no immediate danger, we returned to our cabins and dressed. The ship's officers had breakfast served us in spite of the severe listing of the boat, and at noon lunch was served before we were taken aboard the Lake Champlain, which had come to our rescue.

"When we got a side view of the Huronic we had a better idea of how close a call we had had, since we could see that the ship had driven up on a nearly submerged rock until it was aground from bow to center, and a man could stand up very easily under the stern of the vessel. The water was said to be 75 feet deep beside the rock, and had the ship been 15 further over on either side we would surely have crashed directly into the perpendicular rock of the mainland.

"After taking off the passengers the Champlain and two other tugs tried in vain to pull the Huronic back into the water, but at 6 o'clock gave up and returned with us to Port Arthur.

"There the steamship line gave us every attention and provided a special train for us to Toronto and Detroit, a trip of about 1,100 miles, over 700 of it through swamps and wilderness, where we did not see even a crossroad. We arrived in Detroit about the same time as we should have on the Huronic, very thankful to have escaped so lightly from our danger."

Plymouth Boy Has Unusual Experience.

Louis Ribar, recent graduate of the Plymouth High School, and who is now in attendance at the Citizens' Military Training Camp at Camp Custer, had an unusual experience there last week, Thursday, August 2nd, the camp was in the midst of a severe electrical storm. While strengthening the guy ropes to his tent during the storm a peculiar bolt of lightning whizzed by his ear and through one wrist. Although the injury was painful and required medical attention it has not proved serious. Louis now bears a round red spot as evidence of this trick of the lightning.

He says the place becomes painful when wet but is as usual at other times. Two other members of the camp were thrown to the ground unconscious. There were no fatalities.

OBITUARY

Charles A. Ashcroft was born in Montpelier, Vermont, November 7, 1841. His parents were Cyrus Lawrence Ashcroft and Martha Sedwick Jenness, whose ancestors were among the first settlers of Massachusetts and Connecticut. In May, 1850, the family emigrated to Michigan, locating on the farm in Redford now known as the New Detroit subdivision. Here Mr. Ashcroft resided for more than fifty years. May 16, 1899 he was married to Mary Jane Prindle of Redford, who passed away in 1895. Four children were born to this union, two of whom died in infancy.

For the past twenty-four years Mr. Ashcroft has resided in Plymouth with his daughter, Mrs. Flora Rattenbury, 1622 Penniman Avenue, at whose home his death occurred Thursday, August 2nd.

Interment was in Bell Branch Cemetery, near Redford.

Livonia Home-Coming in Fall Swing

The big Wayne county and Livonia home-coming at the Old Dutch Mill on the Five Mile road, which began Wednesday and continues through tomorrow evening, is in full swing today, designated as Wayne County day. Two baseball games are scheduled for this afternoon, the first at 1 o'clock, when the House of Correction team, winners of the Wednesday game, plays the winners of yesterday's game between the Plymouth Merchants and Nethem. At 3 o'clock the West Point team engages the Hurd Lumber company, and the winners of the two games will meet tomorrow afternoon at 3 o'clock.

A parachute drop from an airplane is scheduled at 5 o'clock this afternoon. After we have satisfied the inner man, and get around to the evening's activities, we are to have the opportunity of listening to a program of speeches by the officials of Wayne county cities and towns, who will be present.

Another feature of the evening's entertainment is to be an old-time dance, with music by an old-time orchestra; and following this, modern dancing and an old-time fiddlers' contest, all under the direction of Harry C. Robinson as master of ceremonies.

Tomorrow is Aviation day, and besides the ball game already noted there will be parachute drops and other air thrillers, as well as passenger flights, with dancing again in the evening.

Wednesday, the first day of the home-coming, was featured by an easy victory by the De-Ho-Co team over that of Risdon Creamery, which was trimmed by a score of 11-4. Henric pitched a beautiful game, with Paneratz as his battery mate, allowing but seven hits, while the team made but two errors behind him.

The Risdon battery, Saworsky and Okrie, was taken for twelve hits and three errors, and De-Ho-Co's five runs in the third would alone have been enough to win.

DR. RAMSDELL TO BE HERE SUNDAY.

The Sunday morning services at the Methodist church will be in charge of Rev. Dr. D. H. Ramsdell, of Ann Arbor.

Dr. Ramsdell is not new to Plymouth, as he was district superintendent of the Ann Arbor district, including the local church, during the ministries of Rev. Joseph Dutton and Frank Field, and during the time when the old church burned and the present building was completed he gave much help and encouragement to the men upon whose shoulders the burden fell directly.

Plymouth is glad to welcome Dr. Ramsdell again to our midst.

STONEBURNER-JAMES.

A very pretty home wedding occurred last Saturday afternoon when Miss Genevieve James, of Detroit, was united in marriage to Harvey J. Stoneburner at the home of his mother, Mrs. Ida Grainger, 125 Liberty street.

Miss James was accompanied by Miss Florence Sherck, of Tiffin, Ohio, as bridesmaid, and Miss Thelma Chalkraft, of Cleveland, Ohio, as matron of honor, while William K. Ebel, of Cleveland, acted as best man. Dr. F. A. Lundrum, of the Methodist Episcopal church, read the marriage service.

The bride was exquisitely gowned in white chiffon and carried a bridal bouquet of roses and lilies of the valley, while Miss Sherck was beautiful in blue chiffon and Miss Chalkraft in a pale green dress of the same material.

The house was tastefully decorated with palms, ferns and flowers, and also with some of the decorations used at the golden wedding anniversary of the groom's grandparents, Mr. and Mrs. Seymour Congdon, of South Lyon.

Guests were present to the number of forty, and besides Plymouth friends and relatives, included visitors from Cleveland, Toledo, Detroit and South Lyon.

After all had partaken of the delightful luncheon which awaited them, the bride and groom departed on their honeymoon, which will include a motor trip through eastern Canada, including Montreal and Quebec, returning by August 15 to make their home at 158 Liberty street.

Mrs. Stoneburner, who has been in California for the last three years, returned recently to her home in Detroit.

The groom, who is a graduate of the local high school, is employed as a draftsman with the Ford Motor company at Dearborn.

Plymouth is glad to welcome Mr. and Mrs. Stoneburner to the constantly enlarging circle of young married couples of the village.

TOURIST CAMP TRANSFER PROPOSAL DISCUSSED AT MASS MEETING

County Park Board Makes Generous Offer to the Village.

Better Water Service for Plymouth

VILLAGE WATER PRESSURE NOW AUTOMATICALLY CONTROLLED.

The village commission recently authorized installation of equipment at the pumping station on North Mill street which automatically controls operation of the pump so as to keep water pressure in the village mains up to a satisfactory level at all times. Operation of the pump is controlled by the pressure in the water mains. When the pressure drops to a predetermined point, due to the use of water, the pump is automatically started, to be shut off in similar fashion when satisfactory pressure has again been restored. Adjustments are made so that the pump continues to operate until the elevated tank is nearly filled, when it is automatically shut off; to start again when the water level in the tank is low.

Since installation of the equipment a week ago, records at the village hall have indicated an almost uniform pressure of about 40 pounds per square inch throughout the twenty-four hours of each day instead of the widely varying pressure heretofore experienced when village employees had to hasten over to the pumping station several times daily to start or stop pumps as recording instruments at the village hall indicated lowering or rising pressures. In the past, calls to report low water pressure during times of high demand were of practically daily occurrence; since installation of the system of automatic control it is reported that not a single call has been made to the village hall reporting low water pressure.

The advantages of the new arrangement are readily apparent. Not only are water consumers supplied with almost constant water pressures during normal conditions, but the village is incidentally given better fire protection as a result of the improved pressure. Then, too, the time of busy village employees is saved through elimination of the frequent trips to the pumping station heretofore necessary to start and stop pumps. On the whole the commission has rendered the citizens of the community a distinct service in providing facilities for improving the water pressure in the village.

Upon motion by George Richwine, Mr. Henderson requested a rising vote to determine the sentiment of those present relative to the proposal. The result was a nearly unanimous vote in favor of the transfer of the property to County control.

Probate Judge Gives Fine Address

Through the efforts of Kiwanian Paul J. Nutting, program chairman, Judge George M. Read, of the Wayne County Probate Court, spoke to the local Kiwanian Club at their regular luncheon meeting Tuesday noon, on the problem of state care of crippled children. Judge Read's work brings him into close contact with this problem and his twenty years' experience in the work has given him a background which enables him to discuss these problems in a most interesting way. "The cost of caring for the physical and mental incompetents in the State of Michigan greatly exceeds the total amount of public funds spent in the state's educational institutions," said Judge Read. "The economic value of every defective child saved for normal life is at least \$10,000, so that money spent in this channel always comes back to the public treasury with high interest."

Opening of Rosebud Flower Shoppe

PUBLIC IS INVITED TO OPENING IN NEW LOCATION IN CONNER BUILDING, ON SOUTH MAIN STREET, SATURDAY, AUGUST 11.

The Rosebud Flower Shoppe is now newly located in their new quarters in the Conner building at 281 South Main street. New plate glass display windows in the front and a new display window on the north side of the building gives them ample space for the display of flowers and plants. The interior of the room has been newly redecorated and the store presents a very nice appearance. A large work room at the rear has been fitted up with every convenience for the assembling of floral designs.

Mr. Baughn, the proprietor, announces the formal opening of the store in the new quarters on Saturday, August 11, afternoon and evening, and he extends a most cordial invitation to the public to call and see the store in its new location. Souvenirs will be given to those who call. Mr. Baughn will have a special display of artificial funeral and wedding designs and basket displays. Be sure and attend the opening.

Dr. Carl F. January left Sunday for Kirksville, Missouri, to attend the National Osteopathic Convention, and Clinics at the Kirksville College of Osteopathy. He will return August 27th.

A mass meeting of approximately fifty interested citizens was held in the auditorium of the High School Monday evening for discussion of the proposal to place control of the Village tourist camp property with the Wayne County Board of Park Trustees for improvement, development and maintenance as a public park. The meeting was presided over by President J. W. Henderson, who briefly outlined the proposal as made to the Village Commission by the County Park Board and the improvements contemplated by the board if and when they are given control of the property.

Considerable discussion followed the outlining of the proposal by Mr. Henderson. A well prepared address was delivered by Karl Starkweather stressing the advantages to be gained by the Village through acceptance of the proposal and urging the Village Commission to avail itself of the opportunity presented while it is being offered. Constructive suggestions were offered by E. C. Hough, C. H. Bennett, Fred Lefevre and others, and many questions were raised asking information relative to the various angles of the proposal.

It was pointed out during the discussion that the County Board proposes to make very extensive improvements in the property if they assume control, including the installation of electric lights, a modern comfort station, an improved drive through the property, a well planned athletic field, caretakers in charge at all times and particular care of trees, shrubbery, etc., the aim being to develop the property as a natural beauty spot that will be a credit to the community. If a tourist camp is maintained there it will be subject to rigid regulation at all times. It was emphasized that the village can make any reasonable reservations that it wishes in transferring the property to the jurisdiction of the County Board.

Mr. Henderson requested a rising vote to determine the sentiment of those present relative to the proposal. The result was a nearly unanimous vote in favor of the transfer of the property to County control.

Probate Judge Gives Fine Address

Through the efforts of Kiwanian Paul J. Nutting, program chairman, Judge George M. Read, of the Wayne County Probate Court, spoke to the local Kiwanian Club at their regular luncheon meeting Tuesday noon, on the problem of state care of crippled children. Judge Read's work brings him into close contact with this problem and his twenty years' experience in the work has given him a background which enables him to discuss these problems in a most interesting way. "The cost of caring for the physical and mental incompetents in the State of Michigan greatly exceeds the total amount of public funds spent in the state's educational institutions," said Judge Read. "The economic value of every defective child saved for normal life is at least \$10,000, so that money spent in this channel always comes back to the public treasury with high interest."

Judge Read was recently appointed to the Probate bench by Governor Green to fill the vacancy caused by the death of the late Judge Edgar O. Durfee. His very evident sincerity of purpose marks him in the minds of those who heard him as a man eminently fitted for his high office.

MERCHANTS' SERVICE BUREAU ELECTS OFFICERS.

The new directors of the Merchants' Service Bureau of Plymouth and Northville met last Friday afternoon and elected the following officers for the ensuing year: Paul J. Wiedman, president; Walter Seyfang, Northville, first vice-president; Paul Hayward, second vice-president; Miss Marie Johnson, secretary and treasurer; Arthur Blunk and Edward Gayde, directors.

The directors will meet again in the near future for the appointment of the various committees of the bureau.

"LET WELL ENOUGH ALONE"

There is an old saying that ought to be looked into closely. It is the following: "Let Well Enough Alone." It seems to us that this adage is not particularly wise, for almost everyone in the world who has done things worth doing has done them through a desire to improve things that might have been considered "well enough." Lindbergh did not leave "well enough" alone, nor Lincoln, nor Galileo. All the worth-while achievements have been accomplished by men who wanted to make "well enough" better. So do not be one of those who let the sentiment in a four-word sentence stand in their way.

THE ROAD HOG

There have always been individuals who took no pleasure in living up to the definition of a gentleman. Every community has one or more of these individuals who never pause to think of the comfort, ease or happiness of others, but who are wholly wrapped up in getting the best of everything for themselves. The road-hog is that type. He hugs the road as he hugs the best of everything he sees. Just at this season they are more numerous, or at least we see their greediness more plainly, than at any other time. They are not confined to one community; they are everywhere, and the territory around Plymouth has its share of them. No known cure for "road hogging" has been devised. Sometimes they cure themselves by hitting off more than they can conveniently chew—an expensive wreck has cured many a road-hog. Like the chigger and the flea, they will probably always be with us. But if anyone around here does find a method for putting the road-hog out of business we will be glad to publish the method for the benefit of a long-suffering motoring public.

CROSS CROSSINGS CAUTIOUSLY.

"Cross crossings cautiously" is the advice of the railroads to those who use automobiles on the highways. "Cross crossings cautiously" is another way of putting the same idea across.

We've been told often enough that many highway accidents are caused by lack of courtesy. Hogging the center of the road, taking the right of way when it belongs to the other fellow, and cutting in and out of orderly traffic are all examples of bad traffic manners that keep the hospitals busy.

Isn't the locomotive engineer entitled to consideration and courtesy just as much as a fellow motorist?

Have you ever had your heart almost hit the roof of your mouth when some fellow cut across at an intersection when you had the right of way? If you have, you will realize how the engineer feels when the pilot of the locomotive just misses the tail feathers of some reckless bird.

The train has the right of way and can back its claim. Of course, the engineer doesn't want to hit anyone, but the best he can do when approaching a grade crossing is to foot the whistle and hope that any motorist approaching the crossing will use discretion.

The laws and customs of our country are planned for the convenience of the majority. The engineer can't keep monkeying with the brakes like a motorist or even a street car motor-man. It costs several dollars to stop a train under normal conditions; it will cost many times as much if the train is stopped quickly enough to damage the rolling stock and shake up the passengers.

Showing a little courtesy at grade crossings will not only lessen the wear and tear on the engineer but will also ensure you and your car getting across undamaged.—National Safety Council.

A COMMUNITY ASSET

Scattered pretty generously over the United States today are summer camps for boys and girls of the farms and smaller towns that did not exist a few years ago. Most of these are along lakes and rivers, and young people are taught to swim and live in the outdoors. It is a vast improvement over the past generation. Older Plymouth residents recall that in their youth most boys learned to swim but it was very unusual to find a girl who could do so. Today every girl has the same opportunity as her brother, and is taking advantage of it. This is one of the many things that are better than in "the good old days." Knowing how to swim is apt to prove of untold value at any moment, and boys and girls everywhere should be able to do so. The inauguration of these summer camps is a step in that direction.

HOW IT STARTED

How many Plymouth people know how the word "farm" originated? We feel sure there are many in the neighborhood who do not, and since the farmer is much in the nation's conversation, especially during a presidential year, we're going to enlighten them.

We think of a farm as a place where vegetables are grown, cows are milked and hens lay eggs. Yet to "farm out" anything means to rent or lease something for a certain period at a fixed price. According to an article now going the rounds of the press, the present meaning of the word began to appear when a "farm" was a district of country or section of land leased or farmed out for the collection of government revenues. Then, logically following from this, a farm was any piece of land leased for purposes of cultivation. Today it is possible for a farmer to own his farm, of course, and still call it a farm. It now means any piece of land used for agricultural purposes.

Back in the old days the southern farm was known as a plantation; the western farm was about the same as a range. But today the word covers all of these. In addition to specialty production tracts which we call "chicken farms" and "fox farms" and so on. At any rate, we owe a great deal to the farm, no matter where it is located or by what name it is called. Learning a little something about them isn't going to hurt us any and may be worth something to the politician, whose sole ambition, to hear him tell it, is to "do something for the farmer."

MONEY AND MUD

It's a costly proposition to be stuck in the mud. It's far better to pay a little more in taxes and have good roads than to waste untold sums in lost time and repairs from encountering mud ruts out of season. Getting stuck in the mud means extra gas and oil, used in trying to work out. When the trip is over the car has to be washed and clothes cleaned, and there are possibly bent or broken parts to be replaced. Valuable time, too, has been lost.

When conditions are right a dirt road is a delight. But when dirt or gravel roads are not in good condition—that's a far different story, as any Plymouth motorist can tell you. It means that if you have a 50-mile trip over dirt, and gas is 25 cents a gallon, you will probably spend \$1.20 for gas. If the trip is on gravel, charge up 80 cents for gas. If it's on concrete, charge up 54 cents. So in the long run it is just as cheap to have hard-surfaced roads as dirt roads, for in addition to the saving in gas, hard-surfaced roads can be traveled 12 months in the year, while dirt roads, as general rule, cannot be traveled in rainy weather or when thawing out in the spring.

There is no county with better road than it needs, or than it can have if it is willing to invest in them. Let us keep this in mind and not overlook the fact that when it comes to actual dollars and cents the mud road is far more costly than the hard-surfaced

road. Mud is worse than taxes, any way you figure it. So let's keep that in mind the next time we have occasion to pass upon a road proposition.

Nethem Pockets A Close Score

Nethem, 4; East Side Cleaners, 2.
A real ball game was played on the Nethem ball field last Sunday against the East Side Cleaners; in fact, it was the star game of the season.

The East Side Cleaners, from all appearances, looked ragged and unfinished, but not so in baseball. These boys were brought up with all the equipment of baseball, and demonstrated their ability in actual play; but our boys were all set for a stiff tussle, and were just as stubborn to yield runs as their opponents. Both the in and outfield played gilt-edge ball, leaving nothing go through except the after breezes, whilst the battery, Remus and Schomberger, out-guessed the batters and held them in close control. Coy and Hough featured in the infield, with pretty stops, catches and throws, whilst Hank took the honors in the outfield. The boys are going good now and are just about all keyed up to play the rest of the season with victory on their side. Many hard games are still to be played, so the fans are assured of some real sport before the snow flies. The crowds are getting bigger each Sunday, and the boys appreciate this very much. Come out next Sunday and watch them play at Nethem vs. Flashies P. O.

\$27.66 MORE PROFIT
From Every Acre of Winter Wheat
—Average yield 53¼ bu. per acre

BUY your fertilizer on the basis of facts, not claims—facts like these, from wheat growers in your own locality. Perhaps you know Mr. Harry J. Freeman, of Owosso, Shiawassee Co., Mich. Here is what he says about fertilizers:

Results at threshing time are what count. Last season I used 200 pounds of "AA QUALITY" Fertilizer per acre. From 4 acres I threshed 213 bushels of Red Cross Wheat of fine quality, testing 60 pounds per bushel. This average yield, 53¼ bu. per acre, is 18 to 20 bu. better than anything ever heard of in this section. (Signed) HARRY J. FREEMAN
Sept. 6, 1927

Mr. Freeman sold his crop for seed at \$1.25 a bushel, an 8-cent premium. He says, "AA QUALITY" Fertilizer showed me an added profit of \$27.66 per acre."

Farmers who want real profits cannot ignore these facts. Here is proof of the vast difference in the crop-producing power of fertilizers of the same chemical analysis. Read the letters in the next column. These facts prove that "AA QUALITY" Fertilizers pay you a larger profit for every dollar you invest in plant food.

"AA QUALITY" goods are made with the utmost care from the choicest plant-food materials. These materials are selected for crop-producing power, not just for chemical analysis. Nothing is left to chance—nothing is taken for granted. These plant-food materials must meet rigid "AA QUALITY" standards, else they are rejected. "Good enough" does not suffice in making "AA QUALITY" goods. Perfect

Facts for Wheat Farmers

From Mr. F. L. Stevenson, Crosswell, Sanitar Co., Mich.

I used 200 lbs. of "AA QUALITY" Fertilizer to the acre of wheat and got 37 bushels per acre, which is about 12 bushels more than I have obtained when using other brands. I recommend "AA QUALITY" goods for bigger crops and larger profits. Sept. 21, 1927.

From Mr. S. H. Busby, Noblesville, IND 3, Ind.

My 1927 yield of wheat on one ten-acre field was 35 bushels per acre sown with "AA QUALITY" Fertilizer. The yield on my neighbors' fields sown with other fertilizer did not exceed 25 bushels per acre. Nov. 7, 1927.

From Mr. Lee Long, Denver, Miami Co., Ind.

I have used many other makes of fertilizer in past years. "AA QUALITY" sows more evenly and produces better than others. My yield averaged 19 bu. per acre when the best I got with other brands was 28 bu. October 29, 1927.

mechanical condition, always. Every pound of plant food is thoroughly remilled and screened before it is shipped to you.

That is why "AA QUALITY" Fertilizers produce bigger yields, better quality—and larger profits. That is why "AA QUALITY" goods are by all odds the cheapest fertilizer you can buy.

It will pay you to use "AA QUALITY" Fertilizer on your next wheat crop. See the nearest "AA QUALITY" dealer to-day. If you do not know where he is located, write to us.

"AA QUALITY" FERTILIZERS

Look for this seal on the back of every bag. It is the guarantee of the world's largest fertilizer manufacturer—quantity of ingredients and quality of manufacture.

These famous old brands are "AA QUALITY" Fertilizers; a dealer near you sells one of these brands:

HOMESTEAD "AA" HORSESHOE
PACKERS BOARSHEAD AGRICO

Manufactured only by

The American Agricultural Chemical Co.
Sales Office and Works P. O. Box 814, Detroit

Write us for names of nearest dealer. Send for free copy of book, "Fertilizing Wheat"

Dr. Frank Crane Says

THE SPRING

I do not know that I ever heard of a heathen people worshipping a spring. Why, I do not know. I have read of nymphs and such things haunting springs, but I do not recall any case where a spring was worshipped.

Just why I cannot tell. It seems to me that if I were a heathen man and hunting for something to worship, I should consider a spring very favorably as a good candidate.

To be sure, there is the sun, which is the source of all power, and the mountain, which stands for great strength, and other objects of nature that are apparently symbols of the divine, to say nothing of an egg, which perhaps is the most wonderful of all nature, as it contains the secret of growth.

But the spring is so manifestly otherworldly. It just comes out of the ground where it has no business and everything about it comes to life.

You see a spring on the hillside gush forth from a fissure in the rock. Weeds and lilies grow in the rivulet that is formed, and even trees spring

up about it. Men and animals come to refresh themselves of its waters, it is so manifestly a source of life.

Some folks are like springs. When they enter the circle everybody picks up. They are life-bringers, conversation makers and thought producers. They stimulate all our nerve ganglia. Why, I do not know. They may not be particularly pretty or shapely or intellectual. They just have something about them that sets people going.

Most of us are dead ones lying around like old slabs of dead earth. One of these spring people comes along and grass and flowers immediately appear, and the desert blooms like a rose.

What is it? I suppose these people are endowed with a surplus of life.

What we all want is life. It may take a thousand forms and ways of expression, but, substantially, it is all the same.

"Gnaw my withers, rack my bones. Life, more life, for all atones."

THINKING OUT LOUD

Three days after his marriage a New Yorker was sentenced to six months in jail. Perhaps he is consoled by the thought that it might be for the best, after all!

Almost every prominent man has already appeared in a talking movie—except, of course, Calvin Coolidge.

Why is it that many a girl who goes to court without a leg to stand on wins her case because of her pretty limbs?

The heroes of ancient tales used to go forth to battle dragons that breathed fire and had seven heads, and every time a hero managed to dispose of one of the heads two grew in its place. Modern heroes imbued with the same spirit become prohibition officers and slash at the speak-easies.

Tom Hickey lost to Gene Tunney and made no alibi. That's what we call breaking all traditions.

Hickey, it is rumored, hopes to marry an American girl. His fight with Tunney has evidently whet his appetite for punishment!

A woman, suing her husband for divorce, says he threw a cooked chicken at her. Well, the price of poultry being what it is, she certainly can't dispute his generosity.

Some politicians are greatly pleased with the heat because it makes it hard for people to think!

The American Bar Association says crime is caused by present prohibition conditions. Why wouldn't the American "Bar" Association say that?

Picked Up About Town

"One of the dangers of trying to be your brother's keeper," says Dad Plymouth "is that he might mistake you for a piece of raw meat."

Thrill is the thing that keeps a nation from going to war because you can't afford it. Who ever heard of Scotland going to war?

Dad Plymouth declares that one reason why we have so much trouble is because too many women would rather have a diamond necklace in this world than a golden crown in the next.

According to Dad Plymouth when a husband can prevent his wife from having her way the victory doesn't usually add much to his happiness but it adds quite a little to the strain on his ears.

Wonder what starch is used for now that there are so few petticoats and other things worn?

When a woman is worrying over her weight," says Dad Plymouth "it is safe to bet she isn't giving much thought to the buttons that are off of her husband's shirt."

Every 64th person in the world now has an auto. That gives each motorist 67 pedestrians to shoot at.

DE-HO-CO DEFEATS WEST POINT IN UNSCHEDULED GAME.

The wet grounds, which caused postponement of the De-Ho-Co-Scifridge Fliers game which was scheduled at Scifridge field, coupled with the fact that Orion, who was billed to meet West Point, dropped out of the Inter-county league, permitted an unscheduled meeting between De-Ho-Co and West Point at West Point park Sunday, August 5.

In spite of the fact that this was not a regular league game and therefore did not count in the league standing, the Farmers were anxious to revenge the defeat they suffered at the hands of West Point the last time they met. How well they accomplished their purpose is shown by the final score of 9 to 4.

While there were few outstanding plays, yet the game was very interesting and was a hard-fought contest throughout and the margin which separated the two teams was accounted for mostly by the errors, which were to be expected on a slippery field. De-Ho-Co got the breaks on these errors, scoring two runs on two hits and an error in the second and two runs on a base on balls and two errors in the eighth. Two of the three errors charged to De-Ho-Co did not figure in the scoring, but one of the runs West Point scored in the sixth was counted when Paneratz dropped a throw to the plate.

Both James, who pitched for West Point, and Smyski, who did the hurling for De-Ho-Co, turned in good games, but Smyski had a little better control and only walked one man, while James passed four.

German, with one out of one, and Jaska, Denniston and Smyski, each with two hits out of five times up, accounted for most of De-Ho-Co's hits, while Wolfe and R. Wolfson collected two hits each for West Point.

An unfortunate accident occurred in the fifth, when H. Catherman, who had pinch-batted for Johnson, tried to beat a double play by sliding into first and turned his ankle. He was badly hurt and had to be carried from the field.

Sunday, August 12, the strong Municipal club will come to De-Ho-Co park and an exceptionally hard-fought game is in prospect. Municipal is determined to climb up in the league standing at anyone's expense, and De-Ho-Co, who is now just a half game out of first place, is just as determined to win the top berth by downing Municipal.

Following is the box score of the West Point-De-Ho-Co game:

City of Detroit
COMMON COUNCIL

July 19th, 1928.

Mr. George L. McBeth,
15555 Wisconsin Avenue,
Detroit, Michigan.

Friend McBeth:

As a result of my resignation to your candidacy for the office of State Senator, of the 19th District, I regret to say that I am pleased to give you my hearty endorsement, and I hope you will be elected, as one of your training and ideals are needed in the State Senate.

The Commission has given to while I was Sheriff of Wayne County, as a volunteer deputy, should be that you are better headed, and also that you are the trustee of the people of the State.

I am pleased to learn the fact that, although a busy man, you have a family of two children, and that you are enjoying your own home.

With best wishes for your success,
Yours very truly,
George Walters

TO RENT—West half of house at 75 West Ann Arbor street; garage in connection. Inquire at house, or phone 228-W, Northville. 381p

Today's Reflections

Our idea of a miracle would be for a Plymouth woman to learn to love her husband's relatives as much as she loves her own.

The naked and hungry in China are different. They are not trying to keep in style and they are not trying to resist.

About the only girl now who is careful about the way she sits down is the one who took her first horse-back riding lesson the day before.

Hell hath no fury like a stout woman who has been taking a reducing treatment and then gets on the scales to find she has gained five pounds in a week.

Now it is claimed that the next war will be fought with insects. The last one was almost won by beetles.

Most any Plymouth man can remember when supper never had to be delayed because Mother was at the barber shop getting her neck shaved.

Another fellow to be pitied is the driver of a car who has to keep his eyes on the street when he longs to turn them on the loveliness passing along the sidewalk.

We read that a Boston woman calls her son "Umbrella" because he can be found most any place else but in his own home.

The average Plymouth woman is usually absent for appearance. But the day when the vaccination mark above the knee could be seen as plainly as if it had been on the face.

We are not expected to live to see the day when the vaccination mark above the knee could be seen as plainly as if it had been on the face.

Another Plymouth man we feel sorry for is the one whose wife thinks he can hang paper or paint the kitchen as well as the fellow who gets paid for it.

After many delays, due to frequent and heavy rains, the village succeeded in distributing calcium chloride upon gravel streets for dust-laying purposes again last Saturday and Monday.

Numerous complaints are being received to the effect that certain motorists are exceeding the legal speed limit upon some of the paved streets of the village, notably South Main, West Ann Arbor and Penniman avenue pavements. Speeds exceeding 30 miles per hour are being reported. Unless the practice is discontinued it will become necessary to install traffic lights at certain intersections to rigidly control traffic upon these thoroughfares.

Excavation has been completed upon streets to be paved with sheet asphalt, and the concrete base is again being laid after the delay caused by heavy rains. Curb and gutter is being laid upon streets already excavated.

It is reported that in some parts of the village worms and insect pests are rapidly destroying trees and shrubs upon private property, with no apparent attention being given to the matter by owners. Now would be the time for property owners to destroy these pests, so that their trees may be saved and the pests prevented from extending their destruction to other areas.

Many persons desiring to register for the general election this fall apply at the village hall for this purpose. Registration for the general election is taken care of by Miss Lina Durfee, township clerk, rather than by the village clerk. See registration notice in the Plymouth Mail.

WHITBECK'S CORNERS

Mr. and Mrs. Harvey Kalnitz and family, of Minneapolis, Minn., and the former's mother, of Detroit, called on Mr. and Mrs. Otto Kaiser, of Golden road, Thursday evening.

Mrs. Parrish spent several days with her son, Frank, and family and her grandson, Emory Hix, and family in Ferrisville last week.

The Helphax Band society held a picnic in the Benton park last Wednesday and their monthly business meeting also. They adjourned to meet with Mrs. John Shultz the first Wednesday in October in Northville for dinner.

Mr. and Mrs. Green and daughter, of Flint, were weekend guests of Mr. and Mrs. Arthur Procknow.

Mr. and Mrs. Wm. Bengert are still on their vacation in the northern part of the state, near the Soo.

Mr. and Mrs. Emory Hix and Emery, Jr., called on their grandmother, Mrs. Parrish, in Robinson subdivision Monday evening. Mrs. George Miller was also a caller there.

Mrs. Fred Schaefer, Mrs. Albert Reddeman, Mrs. Walter Schaefer and Mrs. Parrish attended the funeral of Wm. Ward at the home of Cady Hix, south of Plymouth, Tuesday afternoon.

In loving memory of our dear husband and father, who departed this life three years ago, August 8, 1925—His Loving Wife and Family, Mrs. A. Parrish and Children.

A WORD OF WARNING

News dispatches tell of a recent fire in Washington state in which wheat on more than 25,000 acres of land was burned over in a few hours, the result of a match dropped carelessly by an auto tourist. This is only one instance—others of like nature are being reported almost daily from other sections of the country. Can't motorists and campers learn that this is the dry season of the year, when everything out of doors is highly inflammable and when fire will spread more rapidly than at any other time of year? The rural districts are at the mercy of those who are careless because fire-fighting protection is not always available, as it is in cities and towns. That alone should be sufficient reason for using extreme care in handling matches or campfires. Use your head, Mr. Motorist. Don't become a menace by traveling through the country carelessly tossing matches where they are apt to start a conflagration.

John L. Crandell, Attorney-at-Law, Plymouth, Michigan.

CHANCERY NOTICE

No. 159,058
STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE
IN CHANCERY
Myra E. Butler, Plaintiff,
vs.
James H. Parme, John C. Schwarz, Ernest P. Hastings, Abraham Wilsey, and Thomas J. Dean, Defendants.

ORDER FOR PUBLICATION
AT A SESSION OF SAID COURT, held at the Court Room thereof, in the City of Detroit, Michigan, and State of Michigan, this 4th day of June, A. D. 1928.
PRESENT: HONORABLE ALFRED J. MURPHY, Judge.
ON READING AND FILING THE Bill of Complaint in this cause, from which it satisfactorily appears to the Court that the titles, interests, claims, liens or possible rights to the premises described in said Bill, and hereinafter described, which titles, interests, claims, liens or possible rights of said defendants, and each of them, if they ever had any validity, said plaintiff claims to be barred by the quiet, peaceful, open, notorious, adverse, hostile, actual, undisturbed, visible, exclusive and continuous possession of said lands, under claim of title, of plaintiff and her grantors for more than fifteen (15) years last past, and for more than fifteen (15) years since the several apparent rights to possession thereof accrued in said respective defendants, which said possession has been, during all of said time, and still is, adverse and hostile to the titles, interests, claims, liens or possible rights of said defendants, and upon reading the affidavits of Myrtle Wilson, agent of said plaintiff, that it is not known and could not be ascertained after diligent search and inquiry whether their titles, interests, claims, liens or possible rights have been disposed of by will, and that it cannot be ascertained in what state or country said defendants, or any of them, reside.
ON MOTION OF JOHN L. CRANDELL, Attorney for said plaintiff,
IT IS ORDERED That James H. Parme, John Schwarz, and Catherine Schwarz, his wife, Ernest P. Hastings, Abraham Wilsey, and Thomas J. Dean, or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are or may be entitled to claim under them, or any of them, cause their several appearances to be entered herein in the manner provided by law, on or before three (3) months from the date hereof, and that this order be published or served, as required by law.

ALFRED J. MURPHY,
Attorney for said plaintiff.

SAID SUIT involves and is brought to quiet title to lands and premises described in said Bill of Complaint as follows:
Commencing at an iron pipe monument on the North line of said Section three (3), which monument lies two thousand twenty-nine and five-tenths (2,229.5) feet, East of the northeast corner of said Section three (3); thence East along said North line of said Section (3), two hundred eighty-eight (288) feet to an iron pipe monument; thence South, thirty-six minutes, thirty seconds (36°-30''), East, two thousand seven hundred four and three-tenths (2,704.3) feet, to an iron pipe monument in the center of the Ann Arbor Trail; thence North, eighty-nine degrees, fifty-four minutes, forty-five seconds (89°-54'-45''), West, along the center of said Ann Arbor Trail, three hundred eighty-seven (387) feet, to an iron pipe monument; thence North, two degrees, twenty-nine minutes, thirty seconds (2°-29'-30''), East, six hundred ninety-eight (698) feet, to an iron pipe monument; thence South, eighty-eight degrees, twenty-three minutes, thirty seconds (88°-23'-30''), East, eighty-two and five-tenths (82.5) feet, to an iron pipe monument; thence North, twenty-eight minutes, thirty seconds (28°-30''), West, two thousand five hundred eight and two-tenths (2,508.2) feet, to the place of the beginning, containing eighteen and four hundred seventy-seven thousandths (18.477A) acres of land.

JOHN L. CRANDELL,
Attorney for Plaintiff.

AT THE THEATRE

GAY FARCE TAKES FIRST PUN HONOR.

Once again is Florence Vidor blossoming out as a comeliest of first water. Her latest Paramount starring vehicle, "The Magnificent Flirt," comes to the Pomman Allen theatre Thursday, August 16.

"The Magnificent Flirt" presents a fascinating star as an out-and-out flirt, a resident of Paris, a lover of the gaudies and frivolities that mark high life in the French capital.

She becomes interested in a count, whose nephew is, by the way, in love with her daughter. The count gets a false impression of Miss Vidor, and then things start to happen. He accuses her of infidelity and reckless loving, hoping to build the story up to a dramatic climax, a climax which turns out to be a hearty laugh.

Beautiful settings mark "The Magnificent Flirt." The French modernistic type of architecture and interior design has been used throughout and, undoubtedly, when this production runs is over, many homes in the United States will have adopted this treatment.

Miss Vidor's gowns are more striking than any shown in her previous vehicles, and her acting exceeds that of "Honeycomb Hate," "Donnaslut," or others of her pictures of the past.

DRESSED FOR THE WIDE OPEN SPACES.

Lloyd Hughes once more appears in western costume in "Three Ring Marriage," in which he is featured with Mary Astor.

The clips and guns and sombrero he wears in this picture, which is coming to the Pomman Allen theatre Saturday, August 18, are for a circus cowboy role, something quite different from that of a real "cow chaparran" of the wide open spaces. Miss Astor has the feminine replica of the outfit, and they both enact parts of circus track riders.

The story, adapted by First National Pictures from Dixie Willson's "Help Yourself to Hay," is a magazine romance of life under the "big top," deals with circus atmosphere throughout. Performers, sideshow freaks and harkers make up an important part of the cast. Regular circus patrons are the "extras," but in addition to these, Lawford Davidson, Allee White and Yola d'Avril have supporting roles.

Hughes, some screen fans will recall, played western roles in some of his earliest pictures. He was born in Arizona, so a horse was a fairly well known quantity to him when he "broke into films" via the extra route, and gradually won recognition. He abandoned the cowboy roles, however, after playing a lead opposite Mary Pickford, and shortly thereafter became a featured player.

BODIL ROSING GETS BIG SCREEN ROLE IN "WHEEL OF CHANCE."

One of the most important screen roles of the year is played by Bodil Rosing in "The Wheel of Chance," First National's current Richard Barthelmess starring vehicle to be shown at the Pomman Allen theatre Sunday and Monday, August 12 and 13.

Miss Rosing enacts the part of Sara Turkelrah, the wonderful mother of the twin sons, Nikolai and Schumukka, both parts played by Barthelmess. She is a noted Danish actress and is well known in Copenhagen and other leading European cities. Miss Rosing has also appeared with great success on the New York stage.

Bodil Rosing made her stage debut at the age of 18 in Copenhagen, where her father, Michael, was dean of music at the university and her mother was an internationally known pianist. She comes from a long line of theatrical people on both sides of her family. Her brother today is dean of international law courts in Constantinople.

She is married to an American doctor and has a daughter, Tove Jansson, who is herself an actress and married to Monte Blue, the American motion picture actor. Miss Rosing has appeared with marked success in several films, including "Pretty Ladies," "The Return of Peter Grimm," "Sarah in the City" and recently in "Sunrise" and "The Big Noise," the latter a First National picture.

In addition to Miss Rosing, Richard Barthelmess is supported by an unusually brilliant cast, including Leni Bergman, in the feminine lead; Warner Oland, Ann Schaeffer, Jacob Abrams, Margaret Livingston and the little twin boys, Roy and Ray Bernadzen. "The Wheel of Chance" is an Alfred Santell production.

HOYT REINION.

Albion Mich. Aug. 6, 1928.

All aboard for East Lansing College Campus, Aug. 22, 10 a. m. to 4 p. m. to the Hoyt reunion. Bring picnic lunch and we'll all eat together.

Interesting program expected but greatest stress will be laid on First finding out who's who and how each one is hooked up with our earliest American ancestors, Simon and John, and with each other, and second, on deciding as to proposed national meeting and completion of genealogy.

Bring all data possible in form of books and written or printed records, giving only the names of all over 28, when and where born and died, when and by whom married, and all places and data of residence, paternal ancestors as far back as possible, giving names, places and dates of residence as above.

Cordially, B. C. Hoyt, President, Mrs. Edith Hoyt Shoemaker, Secretary.

NEWBURG

There will be services at the church Sunday as usual.

Mr. and Mrs. Frank Hake and N. Dean were callers at the Mackinler home last week.

Mr. and Mrs. Ricker, of Plymouth, spent an evening with Mr. and Mrs. Robert Holmes this week.

Mr. and Mrs. V. J. Mackinley and children, Harold and Verma, of Grand Rapids, are spending their vacation at their parents' home, Mr. and Mrs. C. Mackinler.

Mrs. A. E. Cataline and Miss H. J. Corlino, of Port Huron, and daughter, Mr. Graves, are spending the week with Mrs. Carney, her sister.

Mr. and Mrs. F. E. Todd, of Crossville, Mr. and Mrs. R. S. Todd, of Sandusky, and son, Bobby, were callers at Mr. and Mrs. Carney's.

Mr. McNabb is at the sanitarium at Ann Arbor, taking treatments. Friends are wishing him a speedy recovery.

Miss Lydia MacNabb and daughter, Joy, and Mrs. Bertha Joy and daughter, Lydia, are spending the week at Island Lake.

Mr. and Mrs. Lea Carney spent Sunday at Highland Lake.

Mr. and Mrs. Burt Allen, of Jackson, were callers at C. Mackinler's last Sunday.

Rev. W. Johnson and family are home from their vacation. They stayed at Glen Lake and motored home through Manistee, Ludington and Saginaw.

The Judges Josh

Dear God, I need You awful bad; I don't know what to do. My papa's cross, my mama's sick, I got no frien' but You. I am keeplless angels went and brung 'Stid of the boy I ast. A wenchy, teenchy baby girl; I don't see how they dast! And God, I wish't you'd take her back.

She's just as good as new; Won't no one know she's second-hand. But 'cep'th' me and You, An' pick a boy, dear God, Yourself. The nicest in Your fold. But please don't choose him quite so young; I'd like him five years old.

Tom (passionately): "The more I look at you, dear, the more beautiful you seem."

Anastasia (expectantly): "Yes?"

Tom (brutally): "I ought to look at you, oftener."

Mike, who was advancing rapidly in his work, was stopped one day by the foreman, who said:

"Mike, you are doing fine. I am going to raise your wages."

Mike, all excited, said: "No, no, no, bejabbers, no, I lose enough now when I'm off a day."

—O—

Elevator Man: "Billy, your face is dirty."

Billy: "Wat's it to yur? You're not my pa."

E. M.: "No, but I'm bringing you up."

—O—

New Assistant: "Gentlemen asks if this flannel shirt will shrink?"

Proprietor: "Does it fit him?"

"No, it's too large."

"Yes, of course it shrinks."

—O—

"What does your father do?"

"Nothing."

"And you?"

"I take after my father."

Times are growing better. We notice fewer Plymouth families keep photograph albums or buy crayon enlargements of Ma the year the folks moved to this state and before Pa lost his front hair.

Announcing the **New Utility Truck**
-another Sensational Chevrolet Value
4 Speeds Forward • 4 Wheel Brakes

Typical of the progressive design embodied in the new Chevrolet Utility Truck is a four-speed transmission with an extra-low gear, providing tremendous pulling power for heavy roads, deep sand and steep hills—and reducing to the very minimum the starting strain on motor, clutch and rear axle—

—powerful, non-locking 4-wheel brakes, with a rugged emergency brake that operates entirely independent of the foot brake system—

—and a new ball bearing worm-and-

gear steering mechanism, which even includes ball bearings at the front axle knuckles!

And in addition, there are all those basic features which have been so largely instrumental in Chevrolet's success as the world's largest builder of trucks!

Come in and get a demonstration of this remarkable new truck. You'll find that it offers every feature needed for dependable low-cost transportation—and we can provide a body type to meet your individual requirements.

Gifts for the gift tree will be gratefully received at each service on Sunday.

Annual Sunday school picnic will be held at Island Lake park on Thursday, August 16. Scholars and friends to assemble at the church at 9 a. m.
Mid-week service in the church every Wednesday evening at 8 o'clock.

PRESBYTERIAN NOTES.

The singing of Dick Valentine added much to the service last Sunday.

Mr. Nichol has returned from his vacation and will occupy the pulpit Sunday morning. His subject will be "Degrees of Spiritual Perception".
Members of Mrs. Shaw's class spent a happy Wednesday afternoon and evening as the guests of Mr. and Mrs. Alfred Bakewell at Silver Lake.

The annual picnic will be held, in union with the Methodist church, at Island Lake Wednesday, August 29. Remember the date.

CATHOLIC NOTES

Sunday is Holy Communion Sunday for the men of the church.

Next Wednesday is a holy day of obligation, the Feast of the Assumption of Blessed Virgin Mary. Masses are at 8 and 7:30 a. m. Tuesday is the vigil—a fast and abstinence day.

The Rev. C. Flynn, C. S. C., of Notre Dame, will conduct the mission services from September 2-9. A cordial invitation is extended to all. We are fortunate in obtaining the services of this noted speaker and educator.

Word has been received of the death of the Rev. A. Burke, former pastor at Little Creek, and at one time a resident of Northville. The funeral services were held from Annunciation church, in Detroit.

Notre baseball team played a very interesting and close game of last Sunday at Newburg against the East Side Cleaners, defeating them by the score of 4 to 2. Next Sunday they will cross bats with the Flashies P. O. team of Detroit at Newburg. This ought to be a good game as our boys defeated this aggregation two weeks ago, and now the Flashies seek revenge.

FORGER, TRAPPED BY COMMA, TO BE FREED

Tiny Mark Proves Will to Be a Fraud.

Albany, N. Y.—Sent to Sing Sing two years ago, George Starbuck Cowles, gray-haired Yonkers architect, who forgot to clip the tail of a comma from the letterhead on which he forged a will naming himself the largest beneficiary of the estate of his uncle, is soon to receive a conditional pardon. Supreme Court Justice Tompkins of Nyack, who sentenced Cowles to serve eight to sixteen years, recommended that the sentence be commuted. District Attorney Arthur Rowland of Westchester and Special District Attorney Sydney A. Syme of Mount Vernon, who prosecuted Cowles, have concurred in the recommendation.

"I feel that the ends of justice have been served in the Cowles case," Justice Tompkins explained.
Plotted for Years.
For 25 years, according to the plea for clemency made by Cowles' lawyer when his client was sentenced, the Yonkers architect plotted to steal the fortune of his uncle, Edwin A. Oliver, part owner of the Yonkers Statesman, and writer of a humorous column. The birth of the idea, the attorney said, came when Cowles discovered that his grandfather, John W. Oliver, instead of leaving him \$250,000, named Edwin A. Oliver, his son, as chief beneficiary.

At that time Cowles was engaged to marry Nellie Drummond, daughter of a Yonkers business man. The wedding was postponed while Cowles brooded over devices to gain the money he felt was rightfully his. Then the younger Oliver died and Cowles discovered that only a small part of the fortune had been left to him.

Studied Long at Library.
He studied days and nights at the New York public library and finally submitted a will which, he said, was Oliver's last testament. The genuine will also was filed.

In preparing the fraudulent will, Cowles cut off the name of the printer of the legal sheet, but inadvertently left the tail of a comma. Further investigation showed that the blank on which the fake will was drawn had been printed in October, 1924, while the will was dated a month earlier.

Cowles' accomplice, Miss Drummond, at whose home he had been living for years, and William Weeks, Oliver's chauffeur, confessed they had witnessed the fraudulent will and Cowles pleaded guilty of forgery. Weeks and Miss Drummond were freed.

After he had been in prison several months, the real Oliver will was produced and revealed bequests of only \$40,000 instead of the \$250,000 Cowles had expected would be his. To Cowles was left \$3,867, but he never received a cent because of his legal expenses in contesting the real will.

Huge Helium Discovery Makes Gas Plentiful

Dexter, Kan.—The discovery of new natural gas fields which have a high helium content, together with improvements in the method of extraction, has placed this gas on the open market for the first time.

Helium, used chiefly for floating balloons from the penny toys to American dirigibles like the Los Angeles, has until now been under government control. Besides the field at Fort Worth, Texas, which has been supplying the government with 500,000 cubic feet of helium a month, a new one is now being opened at Amarillo, Texas. This new field will provide practically an unlimited supply, certainly enough for the needs of the War and Navy departments, according to officials of the bureau of mines.

This gas, besides floating balloons, lessens considerably the danger of explosion work by shortening the recompression time and reducing the number of cases of "chokes" and also makes it possible for deeper divers to work safely at much greater depths. Since it is available commercially it is being used in metallurgy and for filling radio tubes and glow lamps. Other uses are developing as the supply becomes generally available.

Just Italian Football: Reads Like Real War

Rome.—"In the name of Italy, in the name of August Rome, by command of the dice, strong in a faith which wavers not, conjoined as it is with a faith in the destiny of the new Italy, our magnificent lads fought a stern battle won a hard, a longed for and a glorious victory. The great heart of Rome kept them erect, a heart that beat with agony, but never with despair even in the darkest moments when a gloomy shadow of defeat hung over them."

This quotation from one of the Roman papers is extracted from a description of a football match between Italy and Hungary, and it means that Italy beat Hungary by four goals to three after Hungary had led at half time.

Another Metal Is Born of Factory Waste Heaps

London—Out of waste heaps where worthless ore had been previously dumped a new metal, called beryllium, has been extracted. This new metal is about a third lighter than aluminum, much harder, and has about four times its elasticity. Salt water does not corrode it, nor will liquids or fumes. Its light gray color takes a polish like steel.

A German paper predicts that wood will some day be used as food. We think of that sometimes when we are eating canteloupe.

Health Queries Answered

Question—"Under your methods, when should a patient start improving?"
Answer—Usually after the first Adjustment.

Question—"Why is it that one method of adjusting is not as efficient as another method?"
Answer—Regular adjustments, and no drugs while taking Adjustments.

Question—"Do you get quick results in children's ailments?"
Answer—We do. They respond more quickly than do adults.

Question—"What is it that causes so much distress in the small of my back?"
Answer—Probably pressure on lower dorsal or upper lumbar nerves. Shinal Analysis will determine the true cause.

Question—"Is Chiropractic good for headaches peculiar to women?"
Answer—These are several kinds of headaches peculiar to women, and we have never adjusted a case that did not respond to our methods.

Question—"Will one Adjustment stop a headache?"
Answer—As a rule, yes.

Question—"Are your Adjustments hard to take?"
Answer—No. On the contrary they are quite easy.

Question—"Under your methods, what do you require on the part of the patient?"
Answer—Regular adjustments, and no drugs while taking Adjustments.

Question—"Why is it that one method of adjusting is not as efficient as another method?"
Answer—Regular adjustments, and no drugs while taking Adjustments.

Question—"Do you get quick results in children's ailments?"

Local News

Clay Hoyt, of Lansing, was in town on business a few days this week. Mrs. R. G. Hanson, of Willoughby, Ohio, was a Plymouth visitor this week. Miss Lorna Terry, deaconess, of Pittsburgh, Pa., is spending the month of August with her parents here. Mrs. Peter Vincent passed away at her home on Michigan avenue August 7th. Mr. and Mrs. Maurice Fullerton and son are visiting friends in North Adams this week. Mr. and Mrs. Allen Wemp visited relatives in Canada last Saturday and Sunday. Frederick Reiman and Louis Hilbar were home from Camp Custer last Sunday. Nels Nelson, of Chicago, is visiting at the home of his sister, Mrs. Ernest Wickstrom. Mrs. Nagle, wife of Rev. D. D. Nagle, and daughter, Phyllis Jean, of Detroit, have been the guests of Mr. and Mrs. Frank Dicks this week. Mr. and Mrs. Albert Groth returned this week from Cleveland, where they were called by the serious illness of Mrs. Groth's sister. Mrs. G. W. Furness, of Florenca Park, Los Angeles, Calif., is visiting this week at the home of Mr. and Mrs. W. H. Scott on North Main street. Elias Summerville and Cady Hix motored to the northern part of Michigan last Sunday to visit Mr. Summerville's parents. They returned Tuesday morning. Miss Nellie Beatrice Huger leaves tomorrow for Winona Lake, Indiana, to attend the Summer School of Sacred Music. She will return to Plymouth the last of the month before going to her new work in New York city. Rev. and Mrs. Charles Harvey and family, of Sun City, Kansas; Mr. and Mrs. R. J. Horton and son Bobbie, and Robert Gibbs MacIntyre and mother, of Detroit, have visited at the home of George Huger, Sr., this past week. Valbert Groth, the four-year-old son of Mr. and Mrs. Albert Groth, of 311 North Harvey street, had the misfortune to break his right arm above the elbow last Monday when he fell from the bumper of a neighbor's car, where he had been playing. The Wayne County Pomona Grange will hold their annual picnic at Woodland Beach, on Lake Erie, on Wednesday, August 15. Grangers from this section will meet at the Methodist church in Flat Rock at 10:30 sharp. A potluck picnic dinner will be served.

RAY-GROTH. A quiet wedding occurred yesterday afternoon at the Presbyterian manse in Ypsilanti, when Miss Minnie Groth and Irving Ray, of this village, were united in marriage by Rev. S. Conger Hathaway, former pastor here. The newly married couple, who were attended by the bride's brother, Albert C. Groth, and his wife, left at once for a short trip through Indiana. They will return in a few days to this village and will reside in their new home on Fairground avenue. Both Mr. and Mrs. Ray are well known in Plymouth, where Mr. Ray is employed at the Ford Motor plant, and they will be the recipients of the best wishes of all their acquaintances.

Roger J. Vaughn, Attorney, STATE OF MICHIGAN, IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE, IN SENATE CHAMBER, No. 161156. Miriam E. Beals, Plaintiff, vs. Luther Lincoln, Jr., Luther Lincoln, William Bradner, Jeremiah Scott, George W. Dunn, Peter Henrich, and their unknown heirs, devisees, legatees and assigns, Defendants. At a session of said Court held in the courtroom in the City of Detroit, in said County, on the 8th day of August, A. D. 1928. Present: The Honorable DeWitt H. Merriam, Circuit Judge.

IT IS ORDERED that the defendants, Luther Lincoln, Jr., Luther Lincoln, William Bradner, Jeremiah Scott, George W. Dunn, Peter Henrich, and their unknown heirs, devisees, legatees and assigns, and each of them, cause their appearance or appearances to be entered in this cause within three (3) months after the date hereof, and on or before the date of the hearing on the Bill of Complaint heretofore filed in this cause. If any of the defendants or any of them shall fail to appear or appear and fail to answer the Bill of Complaint as required by the Bill of Complaint, the same shall be taken as confessed by such defendants as shall not have caused their appearance to be entered, and.

Growers are Urged To Spray Potatoes

WEATHER CONDITIONS ARE ESPECIALLY FAVORABLE FOR DEVELOPMENT OF POTATO BLIGHT. East Lansing.—Weather conditions during the past few weeks have been extremely favorable for the development of potato blight and Michigan producers are advised by the farm crops department of Michigan State college to protect potatoes by proper spraying methods. Several of the important insect pests which work on potatoes can be controlled by the same spray that is used for the blight. Bordeaux mixture is well recognized as the most effective spray for blight, but it is not effective against the Colorado potato beetle. The spray solution can be made at low cost, it does not burn the potato, and when properly made, remains on the vines fairly well. A good way to prepare the spray material is to mix 50 pounds of copper sulphate crystals just beneath the surface of the water in a wooden barrel. In another barrel mix 50 pounds of slaked lime. The two should be stirred constantly to insure a smooth mixture. When the lime is thoroughly slaked add water enough to make 50 gallons. Chemical hydrated lime may be used in place of slaked lime. Eight gallons of the copper sulphate solution and the same amount of the lime solution should be added to water to make up 100 gallons of spray material. The solution should be added to the water separately, and the lime solution put in first. A high pressure sprayer is necessary to properly protect potatoes.

WATERFORD

The Misses Louise and Mildred Belle Deek are spending the week at the home of their sister, Mrs. Ada Watson. Miss Ruth Farr, of Grass Lake, spent Sunday with Miss Kathryn Waterman. The Waterford Friends Sunday school will be held at 2 p. m. in the tent at 102 Novi avenue in Northville until the tent meeting closes, instead of at Don Miller's in Waterford. Mr. and Mrs. Charles Gill and son, of Detroit, visited at the home of the former's sister, Mrs. Claude Finney. Edward Watson and Miss Edith Deek attended the convention at Ypsilanti Normal last week Thursday, when Miss Marjorie Deek received her bachelorette certificate. Mr. and Mrs. W. D. McKeechorn motored to Ypsilanti Tuesday and took dinner with their daughter and husband, Mr. and Mrs. Arthur Johnson, after which they all went to Ann Arbor. W. A. Amos, of Grass Lake, visited Sunday with his mother, Mrs. Mary Lord. Arthur Finney returned home from his vacation Sunday. Bolidge Deek is sick with the grippe. Mr. and Mrs. Ed Hills, of Coventry, Mich. are visiting at the home of their parents, Mr. and Mrs. Hiram E. Ely. Margaret Finney who has been ill with tonsil trouble, is able to be out again. HAVE NEW DAUGHTER Mr. and Mrs. Alfred White, of North Holbrook Avenue, are the proud parents of a baby girl born Monday, August 6th. Both mother and daughter are doing nicely.

PATCHIN SCHOOL REUNION.

The twenty-second annual reunion of the Patchin school (District No. 3 of Nankin) will be held on Saturday, August 18, half mile north of the Ford road on the Newburg road. A potluck dinner has been planned. Plans are under way to place a permanent memorial in the school building to the soldiers of the Civil war and of the late war who were residents of this school district. All who are interested please come, especially former teachers and pupils. The Bell Branch Community church, on Telegraph at Five Mile roads, will give an entertainment Thursday, August 16, at 8 o'clock sharp, at the Bell Branch Community church. An excellent program is promised, select talent coming from Redford, Brighton, Ferguson and Detroit. Hanafora family string orchestra, consisting of Walter Hanafora, Mrs. Walter Hanafora, formerly Lillie Wright, of Bell Branch; three sons and one daughter, Mrs. Ed Merrill, formerly Adeline Marston, of Bell Branch, soprano soloist; Northwestern male quartet, Walter Hanafora, Claude Hanafora, James Ingvor, Harold Parkins, John Brown, violinist; duet by Miss Madeline Benson and Miss Irene Batty, reading by Mrs. L. Irkatz are some of the numbers to be given. Everybody is welcome. Rev. D. D. Nagle, formerly pastor of the M. E. church here, is attending the summer session of the University of Michigan.

NORTHVILLE MAN IN CAR SMASH.

Fred Hicks, of 236 Horton avenue, Northville, had a narrow escape from death Tuesday afternoon while driving on Golden road near the junction with Plymouth, near Newburg. In some manner, for which Mr. Hicks could give no coherent explanation, the car which he was driving left the road and turned completely over. Mr. Hicks suffered two severe wounds on the head and a badly cut left wrist, one artery being completely severed. The machine was badly damaged. Mr. Hicks was picked up by passers, by and brought to Dr. Brisbois' office by Mr. Taylor, of Newburg. Here his injuries were attended to. He was afterwards returned to his home in Northville, where he is reported as resting more easily. Get your job printing at the Mail office. Subscribe for the Mail.

This Week

By Arthur Brisbane
AMERICAN BUSINESS GROWS LABOR SAYS 50-50 OVER THE SAHARA SAND WHAT MAN CAN DO

If you know HOW, you can do business anywhere. Sears-Roebuck, under its new president, General Wood, plans stores all over this country and in foreign countries, with constant expansion.

The Woolworth stores, growing amazingly, now have eighteen stores in Germany, called 25 and 50 penny stores, the equivalent of 5 and 10 cents.

American business understands its business. And when it deals in foreign countries it buys its goods in the foreign countries, thus keeping everybody happy while making profits.

On Saturday the executive committee of the American Federation of Labor will meet at Atlantic City and decide, probably, not to take sides in the national campaign.

Both national candidates are all right, says Labor.

That is sensible. Labor, race and religion should be kept out of politics. Besides, organized labor cannot deliver its men, and does not help itself by a declaration with no result. Mr. Green, head of the federation, is a wise American.

Miss Katherine Lockb of Youngstown, Ohio, traveled miles and miles over the sand of Sahara thinking the sun would bring back her voice that she lost. IT DID.

She visited the Ghoul of Marakesh, if you know who he is, in a dwelling 3,000 years old in the Atlas Mountains. The Ghoul probably knows as little about us as we know about him.

More interesting to many Americans, Miss Locke saw at Timbuktu, pens where American slavers once bought slaves from native chiefs.

Young men, playing jazz music in night clubs now, would be amazed to see these pens where their ancestors once stopped on the way to America. They would bless the slave traders that brought the ancestors here. We never know what is for our good.

John Henry Mears and Charles R. D. Collyer have beaten the "Around the World Record" by several days.

They finished their journey, at Miller Field, Staten Island, in twenty-three days.

When Jules Verne wrote his "Around the World in Eighty Days," men said it was an interesting story, but could never be done. Now it is done, in twenty-three days. And, in years to come, it will be done in twenty-four hours.

Man is a very able creature, a real credit to his Maker. What he can imagine, he can DO.

Ellen Terry after eighty years of happy, successful life, told her friends they must not put on mourning, but wear gay colors, and rejoice in her long life, with rest at the end.

She was a sensible woman, but mourning is more than honor paid to the dead. It affords relief to those survive. The Widow of India, if permitted, would be burned alive with her husband's body.

Savage widows cut and otherwise mutilate themselves to express grief. To many civilized women, a long black veil makes sorrow easier to bear.

Mr. Hoover, kindly, but firmly, says "I shall kiss no baby for publication." That is wise, and kind to the babies.

No intelligent mother allows ANYBODY to kiss her baby. All adults carry in their mouths disease germs, harmless to the carriers, but dangerous to an infant in whom the protecting white corpuscles are undeveloped.

Mr. Hoover did, however, hold the baby while its older brother took a photograph. He likes babies.

HOT STUFF!

Pittsburg—Edward Elsher was fined \$50 for tossing hot pennies among two score youngsters who were serenading a wedding couple. His act resulted in slight burns to several boys and girls.

Hints for the Home

by Nancy Hart

In almost every home there is an old treasure or two, but proud as we are of these possessions, they do not always have a place of honor in the home.

Bookshelves always welcome bits of colorful old glass or pottery among the books. On the sideboard or console a piece of old silver gives a suggestion of luxury that is subtly convincing. Old prints either side of the secretary; old powder plates for the mantel shelf; such well-chosen ornaments often give more atmosphere and individuality to a room than many dollars spent on new furnishings.

FRESH PEACH MOUSSE

Two cups whipping cream, 1 cup puree of fresh peaches, 1 tablespoon gelatin dissolved in 2 tablespoons cold water, 2 tablespoons lemon juice, 1 cup sugar (sift or sift), Add dissolved gelatin to hot fruit juice and when cool and about to set, fold in stiffly whipped cream. Pack in mold cover with ice and salt for three hours or more.

TWO GOOD VEGETARIAN MENUS

Cream of lima bean soup, corn fritters, scalloped tomatoes, cream slaw, baked peach dumplings, non-stimulating drink. Cream of potato soup, vegetable patty, egg salad, banana shortcake, non-stimulating drink.

REMEMBER THIS WHEN PRESERVING.

In choosing fruit for preserving, remember that slightly under-ripe fruit is usually best because it contains more pectin or jellying substance than fully ripe fruit. If modern short-process preserving rules are followed, however, this point can be disregarded, as these recipes secure uniform jelly texture through the use of liquid pectin.

TO IRON SOFT COLLARS.

Iron men's soft collars on a Turkish towel folded four times and the collar will be smoother and shine like new when finished.

Most Nurses Use New Face Powder

MELLO-GLO, the new wonderful French Process Face Powder, is preferred by nurses because of its purity, and they say it does not make the skin dry and drawn. Stays on longer, keeps shine away, and is very beneficial to the complexion. You will love MELLO-GLO when you use it.

COMMUNITY PHARMACY
"We Serve You Right"

Those dingy draperies can be given back that royal look of dignity if we dry clean them. We can dry clean your tapestries perfectly.

Dainty Dorothy says that "it can refreshen and clean every fabric used in the home and ward."

She says that the men who patronize us say it saves them money and pleases their good-dressing sense.

Oddities

From HERE and THERE

TAXI DRIVER RETURNS \$25,000 JEWELRY.

Chicago—Carl Tronsted, taxi driver, found a case on the running board of his car which contained a glittering display of jewels.

After making the discovery, he sat up all night long with a pistol guarding the lower case.

In the morning he took it to the police. An inquiry, and it was found that the loss had been reported by Commander William Heard, U. S. N., en route to Panama with his wife. The gems were worth \$25,000.

The most unusual part of this story, some say, is that it happened in Chicago.

SOME APPETITE!

Lexington, Ky.—One and one-fourth pounds of canned salmon, two and one-half pounds of pork and beans, one and one-fourth pound of onions, one-half pound of apples, one-fourth pound of oranges, one-half pound of crackers, three hot dogs, and three glasses of water.

The dinner and three-quarter pound supper was eaten at a restaurant by Charles Bell, seven, who suffered no ill effects.

CAT SPURNS FISH AND MILK, LIVES ON DIET.

New York—There's a modern feline for you!

Last fall an immaculate kitten came from the confectionery store of Harry Goodman.

The kitten refused fish, meat, milk and all other delicacies that usually tempt the feline appetite. Ever since she has subsisted entirely on a diet of crackers and water and has lived!

The cat eats 150 crackers and drinks a quart of water each day.

Today's Reflections

All this gum shoe politician has to do is get in the hot-water bottle before he—dry outside and wet inside.

The best reducing exercise consists in moving the head from left to right when asked to have some more.

Some Plymouth men are born kickers while others seem to kick on the theory that the wheel that does the most splashing gets the most grease.

Graham-Paige Ships 9010 Cars In July

FIRE

LIFE

ALL SALES RECORDS BROKEN BY NEW LINE: TOTAL NOW 4,575.

New records in production, shipping, and retail sales are reported by Graham-Paige for July, the fifth month in succession to exceed any previous month in the 18 years' history of the factory. Shipments exceeded 9000 for the first time, with a total of 9010 while production totaled 8829.

July retail sales, says the company's announcement, exceeded all previous months, and the last week in July was the largest in the company's history.

These gains, company officials point out, are the more remarkable because they were made when a seasonal decrease in buying is general throughout the industry.

Graham-Paige total production for the first seven months of 1928 is 47,574, nearly four times the total of 12,133 for the same period last year, and more than double the production during the entire twelve months of 1927.

WE HAVE OUR DOUBTS ABOUT THIS.

Iowa City—While fishing in a river, Francis Speed landed two fish in one cast. He hooked a three-quarter pound catfish.

As he pulled it in a ten and a quarter pounder attempted to swallow the little one!

HOUGH PARK SUBDIVISION

Truly the Homeplace of Your Dreams

We believe you will find it pleasant and worthwhile to drive over our winding drives, see the beautiful Hough Park, landscaped with shrubbery and trees, where both children and adults may romp in sunshine, free from traffic perils and dangers.

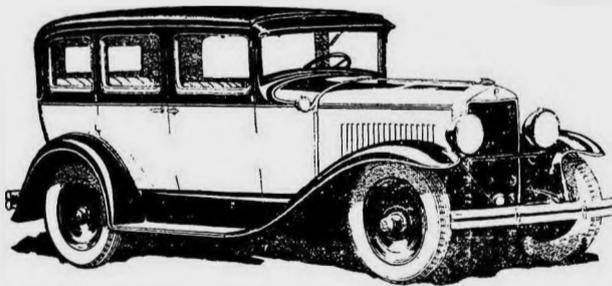

Home ownership in Hough Park Subdivision means security, contentment and satisfaction to the individual. It means freedom, stability and a better social environment. It means better living and better lives. To the family it brings unity and economy, together with the happiness that can only come from home. There will exist in Hough Park a friendly and wholesome atmosphere that can only be found in a community of home owners.

Local News

Many Plymouth people are attending the Milford fair this week.

James McKinney, of Canada, spent the weekend with Mr. and Mrs. Richard Vealey.

Mrs. Maxine Riley, of Chicago, was a Plymouth visitor last week Thursday.

Mr. and Mrs. E. C. Vealey visited relatives at Jackson and Leslie Sunday.

Mr. and Mrs. Charles Honeywell and Miss Johnson and Mrs. Robertson spent last Saturday afternoon at Exton Beach on Lake Erie.

Mr. and Mrs. F. L. Showers and son, Paul, of Grand Rapids, were last weekend guests of the O. W. Showers family.

Mr. and Mrs. Lloyd Fillmore and son, Wellman, and Mr. and Mrs. Douglas Tracy spent Sunday afternoon at Whitmore Lake.

The local postoffice force enjoyed a picnic at Cass Benton park last Thursday evening. A delightful time is reported.

The Wayne county and Livonia home-coming is in full swing and is attracting large crowds. The event continues today and tomorrow.

Miss Ida V. Lendrum and Miss Virginia Lendrum returned last week Friday to their home in Wilkes-Barre, Pa. They had motored to Plymouth with Dr. and Mrs. Lendrum on their return from their recent eastern trip, and had spent a week at the parsonage.

Supt. George A. Smith, who has been teaching Algebra in the summer school of Michigan State Normal College at Ypsilanti, completed his work there last week Friday and with his wife, has been spending this week at Wampler's Lake. They are expected to return tomorrow or Monday.

Mr. and Mrs. Burton Tillotson are the proud parents of a baby boy, Howard Burton, born July 24.

Mrs. Wm. Horn, of Ypsilanti, visited her sister, Mrs. George Robinson, last Monday.

Mr. and Mrs. Oliver C. Anderson visited friends in Grand Lodge the first of the week.

Mr. and Mrs. Harry Mundy left Sunday on a two weeks' motor trip through the west.

Members of Central School P. T. A. are being solicited for a bake sale. Watch next week's issue of the Mail for their advertisement.

Mr. and Mrs. Olin C. Anderson, of Chicago, Ill., are visiting his mother, Mrs. D. C. Anderson, and other relatives here.

Rev. R. F. Farber, of New York city, has been visiting Mr. and Mrs. C. H. Rutch and other friends here this week.

Mrs. Ella Wright, of Howell, has been a guest this week of Mrs. Minnie Ray, on Hamilton street, and other friends here.

Mr. and Mrs. Howard Palmer and three children, of Los Angeles, Calif., were Sunday guests of Mr. and Mrs. E. J. Brown.

Mr. and Mrs. George Hesse, of East Ann Arbor street, have had as their guests during the past week Mr. and Mrs. Frank E. Clizbe, of Detroit.

Born, July 26, to Mr. and Mrs. Richard Kimbrough, a little son, Robert John. Mrs. Kimbrough will be remembered as Miss Doris Shackleton.

Miss Vera Stoneburner is assisting in the office of the Eekles Coal and Supply company while Miss Erma Eekles is taking her vacation.

Mr. and Mrs. Judson Jenkins and son, Charles, of Tujunga, Calif., are visiting at the home of Mr. and Mrs. George Robinson, on Maple avenue.

Mrs. Arthur Johnson entertained with bridge Friday afternoon in honor of her guest, Mrs. Eugene Vance, of Lyons.

Mr. and Mrs. Ralph Smith and daughter, Helen, of Ionia, spent the weekend with Mr. and Mrs. Arthur Johnson and family.

Miss Marie Johnson motored to Lyons Monday to spend her vacation with her grandmother, Mrs. Alice Johnson.

Ruth Reynolds Campbell, infant daughter of Mr. and Mrs. Fletcher Campbell, was baptized at the Lutheran church last Sunday. Mr. and Mrs. Roy Fisher acted as sponsors.

Mr. and Mrs. Francis E. Karker are receiving congratulations on the birth of a son, Francis Edward, Jr., born Friday, August 3. Mrs. Karker was formerly Miss Fern Wollgast.

Mr. and Mrs. Blake Fisher, who have been spending the summer at their cottage at Sandusky County Park, on Lake Huron, returned home Sunday.

Mrs. Claudia Housley, of the Housley Beauty Shop, will leave Sunday, August 12, to attend the American Hair Dressers' convention in Chicago. Mrs. Housley, while in Chicago, will take a post-graduate course at the Marinello school, specializing in facials, scalp treatments and finger waving.

Mrs. Kohyon Olds and Mrs. George Hesse, of East Ann Arbor street, entertained at their home on Friday afternoon at a thimble party for the benefit of the new Methodist Children's home which is being built at Redford. Mrs. Frank Clizbe, who is a member of the special committee for the home, was present and explained the plan of the new home, and also showed pictures of the Children's Village as it will appear when completed.

The eighth annual Stone school reunion will be held at the old school grounds, five miles east of South Lyon, Friday, August 17. All those formerly interested in the district as residents, teachers and pupils are cordially invited to attend. A pot-luck dinner will be served at noon. Please bring fork and cup as plate and spoon will be furnished by local committee. There will be an interesting program after dinner and prizes will be given to the oldest teacher present, the oldest pupil, the teacher with the most pupils present, and the pupil with the largest number of teachers present. Come and win or help your favorite to win.

Miss Deware, matron at the house of correction, spent Sunday with Mr. and Mrs. Richard Vealey.

Mr. and Mrs. Orley Wood and two friends spent Sunday with Mr. and Mrs. Harry Wiseman.

Mr. and Mrs. Frank Westfall called on Mrs. Viola Westfall, of East Plymouth, and Mrs. John Banyea, of Canton, last Sunday.

Miss Dorothy Dixon, of Windsor, Ont., is the guest for two weeks of Miss Carol Birch at the home of her mother, Mrs. Nellie Birch.

Frank Farnsworth, of New York city, advertising representative of the Dalsey Manufacturing company, was a Plymouth visitor several days this week.

Mr. and Mrs. R. H. Sprague, and their two daughters Maxine and Jennette, of Monroe, were weekend visitors at the home of Dr. and Mrs. F. H. Lendrum.

The Corbett Electric company of this place was awarded the electrical work and Jewell & Blitch the plumbing and heating contracts for the new Edison building at Northville.

Cass Hough, of the King Manufacturing company, left last Saturday for a two weeks' vacation trip through Canada. He will join his wife, who preceded him, at Godard, Ontario.

Mr. and Mrs. George Miller, of East Plymouth, and Mr. and Mrs. C. V. Chambers, of this place, spent Sunday afternoon at Waterloo and Sugar Loaf Lake, and also called on Mr. and Mrs. Ransom Lewis at Chelson.

IF YOU WANT A REAL SUGGESTION ORDER COAL NOW BEFORE THE WINTER CONGESTION.

Delay now will only get you into the usual winter congestion when the first cold spell brings in a flood of orders.

We have the kind you need—Egg, pea, stove, buckwheat, no—and coke as well.

You can get better service and a better price if you order now.

LOCAL NEWS

Henry E. Baker was in Cleveland last week-end on a business trip.

Mr. and Mrs. Fred Stauble and daughter Evelyn, spent Sunday at Orr Lake.

Miss Fannie Grainger spent a few days this week with her sister, Miss Gertrude Grainger.

Dr. John Olsaver is enjoying a two weeks' vacation with his family at Base Lake.

The Misses Verne Rowley and Ella Jackson motored to Holland, Michigan, last week-end.

Mrs. Kenneth Wilcox is enjoying a two weeks vacation at her home on Penniman Avenue.

Mrs. Ella Delker, who has been ill for the past blue weeks, is slightly improved at this writing.

Mr. and Mrs. Clyde Matevick, of Northville, spent Tuesday evening with Mr. and Mrs. Frank Westfall.

Harry Lush, in company with Dr. Claude Burgess, of Detroit, is enjoying a stay at Bigwin Inn in Ontario.

Mrs. Henry E. Baker and son William spent last week-end with Mrs. Baker's parents at Stockbridge, Michigan.

William D. McCullough and brother-in-law, John Herrick, of Salco, left the first of the week for a camping trip in Northern Michigan.

Mrs. Jesse Hake came home last Wednesday from Harper Hospital where she underwent an operation for appendicitis.

Mr. and Mrs. Austin Whipple entertained a small company of friends at dinner Thursday evening at their home on Penniman Avenue.

Miss Camilla Ashton is spending this week as a guest of her sister, Mrs. A. Bakewell and family at Silver Lake.

The members of the Handicap Bridge club enjoyed another swimming party and steak roast at Whitmore Lake, Monday evening.

Mrs. T. P. Sherman and niece, Miss Gladys Kincaide, were entertained by friends last Sunday at a dinner at the Twin Bunches Country club.

Miss Ruth Shattuck left last Friday morning for a trip to Chicago and to northern Michigan where she will visit her friend and recent house guest, Miss Hope Dubois.

Miss Vera King returned from Canton, Ohio, with her grand-parents, Mr. and Mrs. Leon Huston, and was their guest at their home on Main street last week.

Through the efforts of Perley Deal, about sixty members of the Michigan Federated Utilities gathered at Rush Lake Sunday where they spent an enjoyable day, swimming, boat riding and fishing.

Mr. and Mrs. Blake Fisher and daughter, Dorothy, attended the Methodist camp meeting at Simpson Park last Sunday. The large tabernacle, holding about 2,000 people, was nicely filled in the afternoon.

Mr. and Mrs. Charles Merz, daughter Olive May, and Miss Louise Bichy have returned from a very pleasant trip, visiting at Niagara Falls and Buffalo, New York, and also Avonon Beach.

Mr. and Mrs. P. E. Taten, of Fort Myers, Florida, have been in Plymouth on business during the past week. While here they called upon Mr. and Mrs. Roy Parrott, who are friends of several years' standing.

A number of the Plymouth relatives of Asa Whipple attended his funeral in Owosso Thursday. Among those who went were: Mrs. Ida Stevens, and family; Mr. and Mrs. Elmore Whipple; Mrs. Sarah Armstrong; Miss Lina Durfee; Mr. and Mrs. Albert Stevens; L. Stevens; and Mrs. Char Penney.

MICHIGAN—The Ideal Vacation Land

MICHIGAN BELL TELEPHONE CO.

SOUTHWESTERN MICHIGAN

Thriving in commerce, wealthy in agricultural lands, popular as a summer resort section and noted for its educational institutions, Southwestern Michigan holds a variety of attractions for the visitor.

A shore-line lapped by Lake Michigan's sparkling waters, and shores of inland lakes nestled amongst hills and woods, offer a variety of many beaches, reached by rail and boat line and fine roads. Paved highways lead to busy manufacturing towns and through a beautiful agricultural landscape and fruit raising section.

An evidence of its commercial activity, one need but mention the leading industries of a few of the cities of the section. Grand Rapids, furniture center of the world; Kalamazoo, home of paper and stove manufacturing; Muskegon, builder of gas engines; Battle Creek serving the world's breakfast cereal; Jackson, producer of automobile accessories; Belding, silk manufacturer.

One of the largest universities in the country is located in prairie Ann Arbor. Lansing, maker of automobiles, is the capital city of Michigan.

Michigan Normal College, Michigan State College and many other educational institutions dot the section.

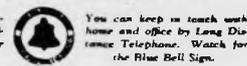

Millions of dollars have been expended to provide a highly efficient communication system, and the telephone offers the visitor opportunity to keep in touch with home, easily and inexpensively. Long Distance Rates Are Surprisingly Low!

Note the following Day Station-to-Station rates for a three minute conversation, between 4:30 a. m. and 7:00 p. m., to representative points in southwestern Michigan:

From	Day Station-to-Station Rate	From	Day Station-to-Station Rate
Plymouth To:—		Plymouth To:—	
Adrian, Mich.	\$.40	Hilldale	\$.55
Albion	.50	Holland	.65
Ann Arbor	.15*	Holly	.30
Battle Creek	.70	Ionia	.70
Benton Harbor	1.00	Jackson	.45
Chelsea	.25*	Kalamazoo	.80
Coldwater	.65	Lansing	.55
Easton Rapids	.50	Muskegon	1.00
Grand Haven	.85	St. Joseph	1.00
Grand Rapids	.95	South Haven	.95
Grand Lake	.35	Ypsilanti	.19*
Hastings	.70
