

WILL OBSERVE 50TH ANNIVERSARY JUBILEE

FATALLY INJURED WHEN HIT BY BREAD TRUCK

JOHN S. JEWELL DIES FROM INJURIES AFTER BEING STRUCK BY TRUCK LAST FRIDAY NIGHT.

FUNERAL SERVICES WERE HELD FROM THE SCHRADER BROS. FUNERAL HOME LAST MONDAY AFTERNOON.

While returning from his work last Friday evening about 5:30 o'clock John S. Jewell was accidentally struck by a truck owned by the Continental Baking company of Detroit at the intersection of Starkweather avenue and Mill street, and was fatally injured.

The truck was coming from Northville and was driven by James R. Wilson, with Frank Elliott, a supervisor for the baking company, accompanying him.

Mr. Jewell and Basil Carney, who was with him, had just reached the intersection of Mill and Starkweather when the truck, turning into Mill street, struck Mr. Jewell, who evidently became confused and stepped in front of the truck. In his efforts to avoid the accident the driver ran his car over the embankment and it was badly demolished.

Harry C. Robinson was passing the scene of the accident a few minutes after it happened and brought the unfortunate man to Dr. R. E. Cooper's office, where he was given first aid and shortly after taken to St. Joseph's hospital, Ann Arbor, but he died just before reaching that city. His left leg was broken twice above the ankle and several ribs were broken, death being caused from the shock.

Mr. Jewell had resided in Plymouth and vicinity his entire lifetime, and had a host of friends who were sincerely sorry to learn of the regrettable accident which had befallen him. The family have the sympathy of the community in their sorrow.

John Stockwell Jewell was born in Plymouth township July 2, 1855. He spent his boyhood here and attended the public schools. On December 24, 1879, he was married to Eda Gates, who survives him. Five children were born to this union, four of whom are living: Steven E., Lee C., Homer L., Glen M. Henry L. passed away 34 years ago. He is also survived by three grandchildren. He was a loving father and a faithful husband.

Funeral services were held from the Schrader Bros. Funeral Home Monday afternoon at 2 o'clock. Rev. Oscar J. F. Seltz, rector of St. John's Episcopal church, officiating. The floral offerings were many and beautiful. The interment was made in Riverside cemetery.

Corles & John, of Detroit, will have an opening of the new dancing pavilion at Nankin Mills Saturday evening, Feb. 9. Music by Prof. J. C. Rudy, of radio and recording fame. Dances will be given every Tuesday, Thursday and Saturday evenings. Good food of all kinds will be furnished any time, with soft drinks and ice cream. The proprietors insist that only the best of order will be maintained, catering only to the best class of patrons. See their advertisement elsewhere.

IDENTIFY MEN WHO ROBBED HABERDASHERY

Larry Redmond and Mike Jergovich, of Ferndale, who have been held in the county jail at Flint, charged with having held up the Mt. Morris bank January 28th, and who pleaded guilty in the Genesee county circuit court at Flint Monday, were sentenced to life imprisonment.

Last Friday morning Paul Hayward, Chief of Police Springer, and Ralph Lorenz, Jr., went to Flint, where Mr. Hayward and young Lorenz identified the pair as the ones who held up the Hayward store on December 27, late in the afternoon. Mr. Hayward and Lorenz picked Redmond out of a group of 40 prisoners, and a few minutes later Jergovich was recognized in a group of 35.

In the holdup of the Hayward store the thugs took \$160 before escaping in an automobile.

It was the pictures of the two bank robbers which appeared in the papers after the bank holdup and the strong resemblance of the men who held up the Hayward store that led the Plymouth men to go to Flint and look them over.

Rotarians Hear About Astronomy

The members of the Plymouth Rotary club had the pleasure of hearing a most interesting talk by Prof. Carl Rufus, head of the astronomy department of the University of Michigan, at their noon luncheon last Friday. Prof. Rufus used a stereopticon to illustrate his talk, which made it doubly interesting. He told the Rotarians many things about astronomy that were very enlightening.

Prof. Rufus was introduced by Rotarian Cass Hough.

The date of the Methodist ladies' bazaar is Thursday, Feb. 21. Chicken supper will be served.

First District of Michigan W. C. T. U. Was Organized in Local Methodist Church 50 Years Ago.

Over 300 Members of 24 Unions Will Attend Anniversary Event Here Wednesday, February 13.

Plymouth Methodist church will entertain the First District of the W. C. T. U. at an all day meeting, Wednesday, February 13, when the district will celebrate its fiftieth anniversary having been organized in the old Methodist church which was burned and later rebuilt on the same ground. According to the secretary's book Miss Frances Willard, Chicago, national corresponding secretary, gave an address the first evening and Miss Fannie McCartney, Chicago, was the speaker the second meeting. At the time of the organization there were four unions located in Detroit, Wayne, Plymouth and Northville. Today there are twenty-four unions with a membership of 1400.

A committee on constitution was appointed but the constitution was not adopted until the fall meeting of 1879. Three other committees were appointed: organization on convention; juvenile work and perpetuity of work. These branches have been carried on and today there are over 6000 boys and girls enrolled in the Loyal Temperance Legion.

At that first meeting several papers were read and were followed by discussions. Mrs. B. B. Hinson, state president, read a paper on "Perpetuity of Work."

The following officers were elected: President, Mrs. Isabella Stewart, Detroit; Corresponding secretary, Mrs. Scott, Northville; Recording secretary, Mrs. Clara Frisbie, Plymouth; Treasurer, Mrs. E. L. Beals, Plymouth; Vice Presidents: Mrs. Cushing, Detroit, Mrs. Jennie Voorhies, Plymouth, and Mrs. Collier, Wayne, Mrs.

are looking forward to a most interesting meeting on the 50th anniversary event. The ladies of the Methodist church will serve a luncheon at the noon hour in the church dining room and a banquet will be served at 6:30 o'clock. The following program has been arranged:

PROGRAM.
10:30—Praise Service—Led by Mrs. Jennie Spencer.
Introduction of local Presidents with a brief history of their Unions.
Noontide Prayer.
Luncheon.

Wednesday Afternoon.
1:30—Devotional—Led by Mrs. Emeline Turney.
Greetings from State President, Mrs. Stella B. Roben, Big Rapids, Mich., and other State Officers.
Solo—Mrs. Pansy Taylor, Dearborn.
Introduction of Pastors of Local churches.
History of the First District W. C. T. U.—Mrs. Phoebe L. Patterson.
Introduction of Past District Presidents—Mrs. Annie L. Andrus, Mrs. Jennie Spencer, Mrs. Mattie Jones, Mrs. Phoebe L. Patterson and Mrs. Lydia McNabb.
Solo—Robert Champe.
Address—Past Legislative Work—Mrs. E. L. Calkins, Honorary State President, Ypsilanti.
Selection—High School Girl's Quartette, under the direction of Miss Gladys Schrader.
Address—"Give Prohibition its Chance"—Mrs. Florence D. Richard, President Ohio State W. C. T. U.
Music—High School Orchestra, Leader Miss Gladys Schrader.
Adjournment.

Wednesday evening.
6:30—Banquet.
Invocation—Rev. Walter Nichol.
Solo—Mrs. Robert McClure.
Introduction—A. J. Koenig, Village Manager; D. E. Lendrum, Methodist Episcopal Church; George A. Smith, Superintendent of Schools; and Paul W. Voorhies.
Introduction of members of district of fifty years ago.
"Our Conflict"—Original Poem—Nottie H. Pelham.
Welcome from Plymouth W. C. T. U.
Solo—Mrs. C. C. Rogers.
Address—Dr. Savage, Pontiac, Mich. Quartette—Dearborn Ladies.
Address—"The Lignor Traffic Had Its Day"—Mrs. Florence D. Richards, Ohio.
Benediction—Rev. Donald W. Riley.

WOMAN'S CLUB WILL MEET.
A regular meeting of the Woman's club will be held Friday, Feb. 8, at 2:15, in the Hotel Mayflower.
All members should make a special effort to be present, for at this meeting the program for next year's study is to be voted upon.
Mrs. H. A. Shattuck, leader of Division IX, promises a very interesting meeting, for Miss Edna Allen will give a book review of "Giants in the Earth," by O. B. Rohysag.

The late Mrs. Ellen Beals who served the District thirty-five years as Treasurer.

Voorhies was later elected president of the district and served in that capacity longer than any other incumbent. Mrs. Phoebe Patterson inter served for two years as president and for the past 25 years as recording secretary, giving up this office last November when she was elected vice-president at large and her daughter, Mrs. Clara P. Todd was elected her successor. The other officers who are now serving are: President, Mrs. Ava Downer, Detroit, who has held this office for nine years; first vice-president, Mrs. Agnes B. Clark, Detroit; corresponding secretary, Mrs. Gladys Downer, Detroit; and Treasurer, Mrs. Annie L. Winchester, Detroit.

The local union have charge of the arrangements here and the members

COMMISSION TRANSFERS TOURIST CAMP TO WAYNE COUNTY PARK TRUSTEES

Plymouth Girl Elected On Debate Team

Kalamazoo, Feb. 8.—Miss Josephine Schmidt, Plymouth, enrolled in the sophomore class at Western State Teachers College this winter, has just been selected as a member of the W. S. T. C. women's debate team which met the Canadian men's team here last Monday evening, February 4th, when they discussed the question, "Resolved, that it is highly desirable that installment buying be drastically curtailed."

The contest was the first in which coeds from Western State have engaged a men's team from other institutions.

The Canadian team consisted of E. Gurney Evans, University of Manitoba; Albert E. Smith, McMaster University, Toronto; and G. Fred McRae

University of Western Ontario. Other members of the Western team are Miss Jeanette Johnson, Kalamazoo; Miss Margaret Clark, Paw Paw; and Miss Idah White, Scotts. This was the second international debate in which Western State Teachers College women have engaged this season, the first being with a British coed team in a discussion of a psychological question.

DEATH OF LITTLE GIRL

Corabelle Lash, eight-year-old daughter of Mr. and Mrs. John Lash, of this village, died at the University hospital, Ann Arbor, last Friday evening from diphtheria. Besides the father and mother she is survived by four sisters and two brothers. A short service was conducted at the grave Saturday morning at 11 o'clock by Rev. Walter Nichol, of the First Presbyterian church. The family have the sympathy of the community in their great sorrow.

At a special meeting of the village commission held Wednesday evening, Jan. 30, the final step in the transfer of the Plymouth Tourist Camp property to the Wayne County Board of County Park Trustees for development, improvement and maintenance as a county park was taken, when the commission voted approval of a 99-year lease upon the property in favor of the park board. Authority was given the president and clerk to

(Continued on last page, first sect.)

League of Women Voters Postpone Detroit Meeting

Because of the Wayne County League of Women Voters meeting and luncheon to be held at the Masonic temple in Detroit Tuesday, Feb. 12, the Plymouth League of Women Voters will not hold a meeting next day as planned. Mrs. Adams, secretary of the Wayne county league, notes the members of the Plymouth league to attend this important county meeting in Detroit.

Ed. Edward G. Huber and wife, of Fort Sam Houston, San Antonio, Texas, are visiting at the home of Dr. Luther Peck and family.

VILLAGE PRIMARY ELECTION MONDAY, FEBRUARY 11

There will be a primary election to nominate six candidates for the office of village commissioner, three to be elected at the annual village election to be held Monday, March 11th. The primary election is held for the purpose of reducing the number of candidates to be voted for at the regular election to a number equal to twice the number of offices to be filled by such election, as provided for by the village charter.

The election will be held at the usual polling place at the Village Hall. The polls will be open from 8:00 o'clock A. M. until 7:00 o'clock P. M., Eastern Standard Time.

There are nine candidates whose names will appear upon the ballot. They are all well known citizens and well qualified to fill the offices of Village Commissioner. Their names follow:

- William J. Sturgis
- John W. Henderson
- Louis Reber
- Floyd A. Kehrl
- Henry J. Fisher
- Paul J. Wiedman
- William J. Towle
- George H. Robinson
- Paul A. Nash

It is the duty of every citizen to go to the polls and vote. The business of the village is one in which the taxpayer should take a keen interest, and you can at least express your preference of whom you wish to transact your business by casting your ballot.

Vote Monday, Feb. 11th.

ANNUAL FATHER AND SON BANQUET TO BE HELD

The Big Event Will Be Held in the High School Auditorium Tuesday Evening, February 12.

Phillip Lovejoy, Assistant Superintendent of the Hamtramck Schools, Will Be Speaker of the Evening.

The annual Father and Son banquet sponsored by the Senior H-Y, Torch Club and Boy Scouts will be held in the High School auditorium, Tuesday evening, February twelfth at six-thirty P. M.

Favorable reports are continuously coming in from the different committees. Leroy Simmons, who is General Chairman, submits the following report:

We have been fortunate in securing a man who has a large acquaintance with boys all over the state, Mr. Phillip Lovejoy, of Hamtramck, and assistant superintendent of schools of that city. Mr. Lovejoy was one of the speakers at the State Older Boys' Conference at Flint this year. Many of our boys who went to the conference heard him speak and liked him very

well. We are sure you will agree when you hear him, that he is a wonderful speaker. There will also be special music and group singing; there is nothing better than group singing to create fellowship among fathers and sons.

The Episcopal Ladies' Guild have been given the contract to serve a chicken dinner and they guarantee you as much as you want to eat. The dinner will be served by the Girl Reserves of the High School.

If you have not as yet purchased your ticket you may get them from either Senior H-Y or Torch Club members, or from Troup leaders of Boy Scouts.

If you have no son find some one with two or three and borrow one, or if you know a boy without a father, be his father for the evening and come and have a good time with a fine group of fellows.

PLYMOUTH HOCKEY TEAM WINS FAST GAME FROM GRAHAM-PAIGE

LOCAL BOYS LOSE A GAME SUNDAY TO HALEY A. C. TEAM.

Last Thursday evening the Plymouth hockey team battled the Graham-Paige squad at the Elmwood avenue rink, Detroit, winning 1-0. Neither team was able to score in the three 15-minute periods. After a brief rest the teams resumed the tussle, knowing that the first goal ended the game. The Plymouth team went into the

overtime period determined to get the winning goal. They worried their opponents for three minutes and when the puck was chased into one corner of Graham-Paige territory Block followed it in, snatched it from his opponents, made a neat pass to Garlett, who was in excellent position to receive same, and "Chuck" didn't lose any time in shooting the disc past Lampi for the winning goal. It was a great game from start to finish. See (Continued on last page, first sec.)

PENNIMAN ALLEN THEATRE

Sunday and Monday
February 10-11

ON THE SCREEN
Farrell McDonald and Louise Fazenda

—IN—
"Riley, the Cop"

A happy-go-lucky cop gets to a happy-go-lucky country, then the fun begins.

ON THE STAGE

IZETTA AND HER RYTHM BOYS

Izetta, the queen of the accordion, does very difficult tricks on this instrument and sings with own accompaniment, while the boys sing harmony and double on many instruments. This is called the ace act of the musical world.

THAT NEW CALENDAR.

At first we thought it must be a new joke, but now it looks as if the American people are taking it seriously—that proposition to so change the calendar that we will have 13 months in a year, with an even number of days in each month. Much ado is being made over the proposed change by those advocating it, and we feel sure Plymouth residents will soon be joining in the discussion and "talking sides" for and against its adoption. The proposed change would standardize the months and each month would be like this:

M	T	W	T	F	S	S
1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28

This, however, would leave an extra day at the end of the year—the 365th day. It is planned to take care of the outlay day by giving it a special name and celebrating it as a new holiday. The dispute over the change resolves itself into a question of whether the advantages would make up for the disadvantages.

It's a question with two sides to it, however. But since it now appears that it is actually going to be put to congress for consideration it isn't too early for our readers to study over it and figure out for themselves whether or not they can see an advantage in the change.

WHAT IS A GROUNDHOG?

Now that the groundhog has staged his show and Plymouth citizens will be watching to see if he is as good a weather van as has long been claimed for him, we can't help wondering how many of the younger generation know what a groundhog really is. We've studied his history a little, and we've found that he has a lot of peculiarities that most of our older residents probably know nothing about.

For instance, many species of the groundhog do not hibernate at all. There are some which burrow into the soft earth along streams and store their food for the winter months, and these are seldom or never seen during winter. They are real hibernators. Other species make their homes in caves and sinkholes in which they store their winter food, but they like a change in diet. For that reason they are seen most any time during the winter when the weather is fair and not too cold.

According to one authority, the groundhog along rivers often makes his winter home in places later covered by water for days at a time. He builds sealed tunnels and air-chambers for protection, and though the water may be running over his home, he is quite comfortable with the food supplies laid in in anticipation of just such an event. So it is that there are groundhogs and groundhogs, some of which hibernate and never come up to see their shadows, and others which see their shadows most any time during cold weather. They are provident, wise and thrifty. For that reason it might be well for the human race to quit studying them as forecasters of the weather and profit by the good example they set in always being prepared for whatever kind of weather may come.

UNCLE SAM'S FISHING

Whether he gets a chance to do much of it or not, every Plymouth citizen loves to fish. That means he also loves to read about fishing. So we are passing on a few figures just made public by the government to show that Uncle Sam is himself a

great fisherman. More than 118,000 men are now engaged in commercial fishing in the United States and they catch annually two and one-quarter billion pounds, with a money value of \$103,000,000. Of the total yearly catch, \$1,000,000 pounds are canned, and we eat \$12,000,000 of the smoked and dried variety. Along with the figures comes a warning, however, to the effect that the fishing industry is facing serious days ahead, through polluted streams, "fish hogs" and the strict vigilance on the part of power projects. Conservation alone, everyone, the report says, can save this great industry.

HOW TO TEACH THRIFT.

It is all right for the Plymouth parents to teach their children to sacrifice pleasures and luxuries for the purpose of saving money, but such teachings will do more harm than good if they create the impression in the child's mind that thrift means the total surrender of all the joys of life. Children should not be given to understand that thrift and saving deprives them of "a good time." There is real joy in thrift, and there is a vast difference between thrift and penny-pinching. The worst thing that can happen to a child is to brow-beat it into saving money until it becomes discouraged and disgusted. Children must be taught the value of a dollar and the good that can be accomplished through its expenditure in the proper manner. We want to see every boy and girl in the community grow up thrifty and prosperous. But we don't want any misers around to make all of us miserable. And that is what we will have if we don't teach thrift in the right way.

NO "OLD FOSSILS"

It is good to note that the old and cruel custom of ostracizing the aged has passed. No longer is the older generation referred to as "old fossils." Today men of advanced age mingle with youth and the world is better by reason of it. No matter what complaint may be lodged against the new generation, it is more considerate of age than the generation before it. Age isn't dreaded now as it used to be because today there are various forms of employment that one never gets too old to work at. Today older heads are needed for counsel, younger ones for activity, and the two make a fine combination. Look at the old people in the world today who continue to work—scores of men like Thomas A. Edison. It's a young man's world, all right. But the young man has found he can get along better if he has an older man advising and helping him. That's why we no longer hear so much about "old fossils" as we used to hear.

Graham-Paige To Increase Output

Following the success attending the first showing of the new Graham-Paige line of automobiles at the New York show, and the recent Detroit automobile show, officials of the company's body plant at Wayne made known this week the program of manufacture as outlined by the Graham Brothers, owners of the Graham-Paige plants in Wayne, Detroit and Evansville for this year. According to J. A. Merchant, head of the Wayne body plant, necessary measures are being taken to raise the production schedule to fill the demand for the new Graham-Paige cars. As a result, work in all departments of the plant, which has been turning out well over two hundred and fifty bodies per day, has been speeded up in anticipation of a daily production of three hundred bodies per day. Production had been steadily increasing throughout the month of January, and with the coming of February Mr. Merchant states that the number of bodies per day will be increased to three hundred. Fourteen hundred men are now being employed by the local plant and with the increase of production

planned for the near future, it is estimated that one hundred more men will be needed.

According to Mr. Merchant, business looks good for this year and may necessitate the running of a night shift in some departments.

The Graham-Paige company introduced a line of five new chassis models at the New York show and already have exceeded the total production and shipping records for the whole of January, last year.—Wayne Dispatch.

DEPARTMENT STORE

SALEM

The annual fish supper given by the men of the Congregational church takes place Friday, Feb. 15, in Salem Inn. Supper begins at 5:30 p. m., program afterwards. A delicious menu is being prepared by the men, who are eager to show their ability as hosts to their many friends. Keep time and place in mind. Herman Schroeder is chairman, ably assisted by several committees.

The Ladies' Aid society of the Federated church will give their annual fish dinner at the church Thursday evening, Feb. 21, the menu having charge of this event. A fine musical program is being prepared, and Walter E. Hastings, official photographer of the state conservation department, will give one of his interesting entertainments, illustrated with pictures. A special invitation is extended to everyone.

Mr. and Mrs. G. C. Burnham and Shirley were in Detroit Saturday.

Rev. J. J. Halliday left Monday for Delaware, Ohio, where he will spend the week with his family, returning Friday or Saturday.

Mr. and Mrs. Harry Atchinson entertained a company of friends Friday evening.

The Misses Irene and Eleanor Bennett were Sunday guests of Miss Frances Anderson at the G. D. Robert home.

Clayton Duke was a Monday visitor at the Mrs. Mary Duke and G. C. Foreman homes.

Mr. and Mrs. Clifford Crockett, of Howell, and Mr. and Mrs. James Rudio, of Kalamazoo, were Sunday guests of Mr. and Mrs. Henry Whittaker.

Sunday guests of Mr. and Mrs. G. Foreman were Mr. and Mrs. Merrell Renwick and son, of South Lyon, and Miss Ruth Foreman and friend from Detroit.

Mrs. Addie Zolman, of Lapeer, is spending this week at the home of her sister, Mrs. H. Whittaker.

Mrs. Howard Whipple and Mrs. James Dickie, of South Lyon, were recent supper guests of the latter's parents.

Hugh Foreman is spending this week in South Lyon at the M. Renwick and J. Dickie homes.

Mr. and Mrs. Green and family, of Northville, were Sunday visitors of Mr. and Mrs. George Bennett.

Mr. and Mrs. Henry Whittaker and her sister, Mrs. Addie Zolman, spent Wednesday at Howell with Mr. and Mrs. C. Crockett.

Mr. and Mrs. Harmon Gale and family and Mrs. Jennie Smith were Sunday guests of Mrs. Nellie Bird.

Mrs. Sarah Smith left Sunday for Pontiac to remain a few weeks at the home of her brother, John Taylor, and wife.

Mrs. Merrell Renwick and Meredith spent Wednesday with her parents, Mr. and Mrs. G. Foreman.

Miss Elizabeth Halliday and James Tait were last week Sunday guests of Mr. and Mrs. F. Ryder.

MUNICIPAL NOTES
BY THE MANAGER

Vote at the primary election next Monday. At the spring election to be held March 11 three positions upon the village commission are to be filled by election. Next Monday at the primary election the list of nine candidates duly nominated for membership upon the commission is to be reduced to six, two for each position to be filled. Obviously the preference of the people at large can be determined only if a good representative vote is secured. Let us, therefore, all perform our civic duty by voting next Monday.

Many dog licenses are being issued under the village ordinance recently put into effect. In the very near future a drive will be launched against all unlicensed and stray dogs with a view to destroying those not claimed, and thus eliminating the stray dog nuisance in the village.

The continued cold weather has caused a number of water services in the village to freeze up during the past week or so. The best precaution against such freezing is the continued use of water throughout the day, which avoids the standing of water in the service line for periods of time long enough to allow freezing.

Auction Sale

HARRY C. ROBINSON, Auctioneer
Phone 7, Plymouth, Mich.

On Buena Vista farm, half mile west of Plymouth, on

Wednesday, Feb. 13th

The tragic end of Forbidden Love

Was it an accident... or a jealous wife's revenge?

ASHERTON sank back into the cab. At last he had eluded his wife. Now he and Marie Norton could enjoy their forbidden rendezvous...

Ahead of him the glare of headlights from Marie's roadster cut into the darkness. Suddenly, his cab followed. Soon they would be together at the roadhouse.

Suddenly the glare of the road brightened as another car, with its siren shrieking, shot around the bend behind them. "Some drunken fool," Asherton thought. Then his blood froze with horror. The big car headed straight for the roadster. In another instant they had crashed!

Asherton leaped from his cab, and fought to release Marie's unconscious body from the wreckage.

Then glancing toward the other car, he saw, coming toward him—his wife!

Only two persons know the actual story; and one of them tells it with startling honesty in the March issue of True Story Magazine. It's a dating revelation—don't miss it!

Tune in on the True Story Hour broadcast every Friday night over WOR and the Columbia Chain, Comedy Your Paper for Exact Time.

Candidate for Judge

George Bernard Murphy, Republican candidate for nomination for circuit judge of Wayne county in the primary March 4, is eminently fitted for the office and most deserving of the support of the electorate. Mr. Murphy completed his education in the arts, sciences and law with high honors, graduating from Harvard university with the degree A. B., and from Boston university Law school with the degree LL. B. As a member of the bar for 20 years, 15 of which were spent in Detroit, he has earned an enviable reputation for ability and integrity. His success in many important cases has gained for him a commanding position at the bar as an able trial lawyer. In addition to Mr. Murphy's superior training, his fund of learning and experience has qualified him for the honor he seeks by a depth of understanding of the true human side, so necessary to a true balancing of the scales of justice. He has touched elbows with good, hard, real work while fitting himself for the high profession he has entered and honored, and is recommended to the voters of Wayne county who are watchful of their judiciary, as in every way qualified for their endorsement.

LOCAL NEWS

Mrs. Gertrude Rutish, of Bay City, spent the week with Miss Helen Beyer.

Mrs. A. Kehrl, of Starkweather avenue, is visiting her son and wife, Rev. and Mrs. Kehrl, of Detroit.

Mrs. Walter Ehr, of Chicago Heights, Ill., is visiting relatives at the home of Mr. and Mrs. Julius Tait.

Miss Marian Beyer spent a few days this week with her parents, returning to Ann Arbor Friday night to attend the J-Hop.

Harry C. Robinson will hold an auction sale March 21 at 9 o'clock on the Ford farm, corner Evergreen and Ford roads. Three hundred pieces of farm machinery will be sold.

E. Hofstetter, who recently took over the management of the Penniman Pastry Shop, has a new ad in today's Mail. The new manager is making every effort to produce quality goods and render prompt service.

Fred Micol was in Justice Phoebe Patterson's court last Tuesday, charged with having an unregistered pistol in his home. He pleaded guilty to the charge and was placed upon probation for two years.

While operating a buzz saw last Saturday George Bunn, of Salem, had the misfortune to lose the little finger of his right hand and had the third and fourth fingers severely lacerated. Dr. Brisbols rendered the necessary surgical attention.

Owing to the fact that a number of tickets have been returned unsold for the W. C. T. U. banquet to be held at the Methodist church next Wednesday evening, Feb. 13, at 6:30 o'clock, they will be available at the church or by calling phone 75. Price of tickets, \$1.00.

D. A. Joffe, of 354 North Main street, who has been seriously ill with pneumonia, is better at this writing. Mr. Joffe's many friends will be glad to learn through the items of the Mail of his improvement. Mr. Joffe is one of Plymouth's oldest merchants.

Mrs. Luther Peck and daughter, Miss Thelma Vivian, of 711 West Ann Arbor street, entertained a few friends at a bridge luncheon Wednesday afternoon at the Hotel Mayflower, honoring as their house guest Mrs. Edward G. Huber, of San Antonio, Texas, and Mrs. Nettie Dibble, who calls next week on a Mediterranean voyage, and Mrs. J. C. Schlacks, of Detroit, who leaves in a few days for an extensive visit with relatives in Newark, New Jersey, and other eastern cities.

INSTALLS NEW MACHINE

Henry E. Steinhurst has installed a cement machine in his shoe repair shop on Main street. This machine cements soles on shoes just the same as when first bought, and makes a most satisfactory job. Henry believes in having the latest in shoe repair machinery and his shop is now well equipped.

PAVEMENTS VERY ICY.

The icy condition of the walks and streets of Plymouth still makes traffic very dangerous and treacherous. There has been no let-up in the cold spell and practically no thawing of the ice on the walks and roads has taken place. Many grades in and about Plymouth have been sprinkled with sand to aid pedestrians and motorists but still the wise and thoughtful are careful of their predicament.

IN MEMORIAM.

In loving memory of our dear mother, Mrs. Wm. H. Minchhart, who passed away 8 years ago today, Feb. 9, 1921.

The blow was hard, the shock severe. God alone knows how we miss you here. And only those who have lost can tell. The pain of parting was no far-ward. Days of sadness still come over us. For memory keeps you ever near us. The' you died eight year ago.

IN MEMORIAM.

In loving memory of our dear husband and father, John Oldenburg, who passed away February 15, 1928.

In loving memory of our dear mother, Rose Burrows, who passed away Feb. 12, 1928.

In loving memory of our dear mother, Rose Burrows, who passed away Feb. 12, 1928.

A CARD—We wish to thank our friends and neighbors for their many acts of kindness and sympathy for the beautiful flowers and especially do we wish to thank the Plymouth Lodge, No. 47 E. & A. M. and Mr. Schuler and the singer and Rev. Holliday for his consoling words during the death of our dear husband, father and grandfather.

Mrs. Carrie Cook, Mr. and Mrs. W. T. Smith, Mr. and Mrs. A. A. Cook, Mr. and Mrs. W. J. Clay, Ernest Smith, Mr. and Mrs. O. B. Cook, Gladys Cook.

A CARD—I wish to express my thanks to the Ex-Service men and their families for their flowers and gifts during my wife's recent illness. Vito Simonetti.

A CARD—We wish to express our sincere thanks and appreciation to the neighbors and friends for their many acts of kindness extended to us during our recent bereavement, especially do we wish to thank those who sent beautiful flowers, also Rev. Nichol for his comforting words.

Mr. and Mrs. Jesse Hackenbury, and daughter Mr. and Mrs. O. Hackenbury Mr. and Mrs. A. J. Helmer.

A CARD—We desire to express our sincere thanks and appreciation for the many acts of kindness extended to us during our recent bereavement; especially do we wish to thank those who sent flowers and furnished automobiles.

Mrs. Eda Jewell and Family.

A CARD—We wish to express our deep and sincere thanks to our many relatives, neighbors and friends for the sympathy and kindness shown us during our recent bereavement; also to those who sent beautiful flowers and furnished cars. We especially wish to thank Rev. Walter Nichol for his kind and consoling words.

Mrs. Louis Kruger and Family.

"The only thing as hard as getting a salary raised to meet a family's needs," asserts Dad Plymouth, "is getting the family's needs cut down to meet the salary."

Today's Reflections

Dad Plymouth says the most successful method of farm relief in some sections is driving to town in the evening to a picture show.

"I see," observes Dad Plymouth, "where Henry Ford says men of 50 run the world. He seems to have overlooked the women of 30."

It's getting about as common to resort to divorce to cure headache as it is to take aspirin to cure the headache.

When you see heel-prints on the dining table and tobacco spilled all over the floor you can know that a man is less of that house.

If you want to be sure the average Plymouth woman will read a letter addressed to her husband just put "Personal" on it.

The trouble with painting the town red is that you have to use your nose as the brush and you can't remove paint from the brush.

Lots of us have found that it's pretty hard for a man to look on the bright side when he's got a pain in the middle.

On thing Plymouth radio fans can be thankful for is that the broadcasters haven't started putting congressional sessions on the air.

The eastern doctor who warns against kissing during flu epidemics has only opened the way for another kind of bottlegging.

Phone your want ad to the Mail Office. Phone number 6.

LISTEN, FOLKS!

YOU MAY BE SHOE CRITICS

BUT I KNOW THAT I CAN RESOLE YOUR SHOES TO YOUR COMPLETE SATISFACTION.

I have installed a cement machine that cements soles on the same as the day they were made. Not one nail, and the most observing person cannot detect that they've been resoled.

Bring in a Pair Today

or just step in and ask to see a pair I've resoled the new way. I am sure you will be pleased with this method and will have your shoes resoled now if you never have before.

We also dye and shine all makes of shoes.

Boy Scout Anniversary Week.

Today is the nineteenth birthday of the Boy Scouts of America. All over the country Scouts are holding special meetings and doing special things. Tonight at the High school, between the two basketball games, the three Plymouth troops will parade on the gym floor and there will dedicate themselves to the Scout oath as nearly a million boys are doing throughout the United States.

Sunday morning at 10 o'clock, at the invitation of the Rev. Oscar J. F. Seitz, the three Plymouth troops and the Rosedale Gardens troop will attend the annual Scout church service at St. John's church.

Tuesday night the Scouts will help sponsor the annual father and son supper at the High school. For several years the Hi-Y, the Torch club and the Scouts have united for this event.

There will be Scout posters in many windows downtown, and the Troop I boys will have a display in Paul Hayward's window, through his courtesy.

With nearly a hundred Plymouth boys now members of this great organization, the local troop would welcome and do really need a more widespread interest in their doing.

The boys are ready to do many sorts of good turns within the limits set by the national chiefs and could be of much more service than they are if Plymouth people would only remember that the Scouts "are prepared."

This is the second year that the boys have handled traffic for the village and school during the noon hours, and no injury has been inflicted during that time upon any child under the direction of the Scouts.

Scouting in Plymouth is now more than six years old. Who can measure the good that this training has done for local boys?

BOY SCOUT NOTES GARDEN CITY

The week of February 8-16 marks the nineteenth anniversary of the organization of the Boy Scouts of the United States.

In keeping with this celebration, Garden City Boy Scouts Troop I, under the leadership of E. J. Miles, scoutmaster, have planned several interesting events for the week.

Friday evening, Feb. 8, the Scouts are to be guests at a scout birthday party in the Garden City Presbyterian church. During the evening there will be a radio broadcast of national scout interest. This will be followed by the cutting of the nineteenth birthday cake and refreshments.

The next Scout event of importance will be Sunday evening, Feb. 10, at the Presbyterian church, when the investiture ceremony will take place. The Scouts of Troop I who have passed the "tenderfoot test" will be given their tenderfoot badges. Demonstrations of Scout work will be given by Troop I, Wayne Boy Scouts, under the direction of Scoutmaster Frank Gaines. Mr. Heavener, of the Detroit Council of Boy Scouts, will have charge of the investiture ceremonies. Parents and friends of the Scouts are invited to attend.

Anniversary week will be brought to a fitting close Saturday evening, Feb. 16, with a father and son banquet in the church basement, for which elaborate plans are being made and an interesting program is promised.

The Garden City Presbyterian church is located on Middle Belt road, just south of Ford road.

OBITUARY.

Louis Krueger, son of Caroline and Carl Krueger, was born in Mecklenburg, Germany, January 4th, 1858. He was christened and confirmed a member of the Lutheran church.

In 1873, when he was fifteen years of age, he came with his parents to the United States, settling in Nankin township where he had lived since that time.

On February 12th, 1891, Mr. Krueger was married to Emma Mary Pfeifer. To this union four children were born, Rudolph, William, Rose E., and Walter, all of whom with Mrs. Krueger, are left to mourn their loss.

The funeral, attended by many friends and neighbors, took place from Schrader Bros. Funeral Home on Saturday, February 2nd at 2 p. m. o'clock, Rev. W. Nichol officiating. Burial was in Riverside cemetery.

EATS BIG STEAK AND FRIED ONIONS—NO GAS

"Every time I ate I had terrible stomach gas. Now, thanks to Adlerka, I eat steak and fried onions and feel fine."—Mrs. J. Julian.

Just ONE spoonful Adlerka relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter from nerves thought was there. No matter what you have tried for your stomach and bowels, Adlerka will surprise you. Beyer Pharmacy and Dodge Drug Company.

SLAYER WHO FEARED KISS IS GIVEN LIFE

Youth Is Sent to Prison for Killing Girl.

New York.—The seventeen-year-old murderer, who was afraid of a kiss, has been sentenced to prison for life. He is Vincent T. Rice, a Staten Island boy, and he slew his fifteen-year-old sweetheart, Alice Joost, when she asked him for a kiss.

Having heard two alienists express their opinion that the boy's act was committed under the influence of an impulsive terror of intimacy with girls—probably the effect of a too intensive religious training on a backward mind and an undeveloped sexual instinct—Justice Selah B. Strong allowed the boy to change his plea from not guilty to guilty of murder in the second degree.

The opinion of these two mental experts corroborated the statement Rice had made in his signed confession, that the murder was unpremeditated, an act born of his exaggerated horror of a kiss which he said Alice Joost offered to give him.

Breaks Down and Weeps.
Rice, a pale, good-looking boy neatly dressed in a brown suit and maroon tie, who had sat stolidly chewing gum and leaning on his hand during the taking of testimony, showed his first sign of emotion when, after the courtroom had been cleared, he suddenly began to weep on his brother's arm.

After Medical Examiner George Mord had described the condition in which he found the body of Miss Joost the night of November 2, Mrs. Lucille Joost, mother of the dead girl, a white-haired woman all in black, exclaimed how, when she returned to her home that evening, she found her daughter's body across the bed in her room, with a gash on her forehead and a piece of electric light wire tightly twisted around her throat.

Then Rice's confession, signed the day after the murder, was read. In it Rice told of his afternoon with Alice in the Joost home, how they sang and played the piano, how, at dusk, Alice tried to kiss him, and asked him to "be a good sport"; how her actions and words filled him with unaccountable anger, how he struck her down and then, overcome with fear, strangled her with wire.

Afraid of Kiss.

Then came the scientific description of Rice as a young man deeply repressed sexually, afraid of girls, afraid that to kiss them might cause him serious physical harm, who reacted with terrible violence when a girl offered him a caress.

Dr. George H. Kirby, an alienist of 1111 Park avenue, engaged by the boy's family, was called to the stand. He had examined Rice in jail, he said, and found him constitutionally inferior.

"Do you think," asked the district attorney, "that this murder was premeditated?"

"No, in my opinion, it was not," Doctor Kirby testified. "I look upon his whole act as impulsive and unpremeditated."

Q.—How did the defendant explain his act to you? A.—He said he had struck the deceased in order to protect his honor and preserve his health.

Q.—How would you describe the defendant's life? A.—It was one of intense repression. I attribute this to his religious training and the home influence.

Doctor Kirby went on to explain that Rice had had epileptic fits from the age of one to four, and that these had undoubtedly resulted in his being mentally and sexually retarded. Somewhere, he said, the boy had acquired a real fear of intimacy with girls, which would explain his abhorrence, when, if his confession was truthful, the girl attempted to kiss him.

Michigan Can Grow Fine Crop of Corn

YIELD OF 112 BUSHELS PER ACRE MAKES SALINE FARMER STATE CHAMPION.

Arthur J. Lutz, Saline, is the 1928 champion corn grower of Michigan by

FOR—

Better Printing

PHONE 6

virtue of producing a crop which yielded 112 bushels of shelled corn to the acre in the 5-acre corn growing contest conducted by the farm crops department of Michigan State College, in which the winners were announced Farmers Week.

Six other Michigan farmers grow crops which were in the covered 100-bushel class. The state is divided into three regions in this contest so that the competitors in each area have similar climatic conditions to contend with. Leaders in each region receive medals from the College and those who make the highest profit per acre get prizes given by commercial companies.

In addition to securing the greatest yield, Mr. Lutz made the most money per acre from his crop. His profits were \$71.37 per acre. This profit is based on the price of corn December 1. The average cost of production for the 42 growers who were in the contest was \$12.65.

Only three of the contestants did not use commercial fertilizer or barnyard manure in the production of their crops. Most of them planted the corn on an alfalfa or sweet clover sod.

The best profit for each region were secured by Arthur Lutz, Saline; Riscoe Master, Waldron; Leland Bush, Britton; Rhea Welling, Waldron, for region 1. George Kohn, Fenwick; P. A. Smith, Milliken and Milton Shear, Flushing; and Lee Perden, Chesaning, region 2. B. W. Chandall, Beulah; George Rae, Bay City; C. E. Garner, Six Lakes, and Henry Henriksen, Shelly, region 3.

GRANGE NOTES

The Lily club will be held at the Grange hall on Tuesday evening, Feb. 12. A large attendance is desired.

PERRINSVILLE

Mr. and Mrs. L. Hanchett spent Sunday afternoon with Mr. and Mrs. George Bachr.

Miss Margaret Bassett is working at the Wayne Review office.

The older folks of Nankin Mill have taken up the amusement of sliding down hill with the young folks.

Mr. and Mrs. George Bachr spent

Tuesday afternoon with Mrs. Hjerpe of Detroit, who is improving.

Mrs. Effie Baird is spending a time with Mrs. Hildred Hjerpe.

Miss Margaret Kubie has taken a position at Kroger's store in North Wayne.

Mr. and Mrs. Holland are staying at Mr. Holland's brother's at Highland Park, who suffered a stroke a few weeks ago. Mr. Holland has secured a job at Ford's at Highland Park.

The Ladies' Aid will meet at Mrs. Mildred Wilson's Wednesday, Feb. 13, at Wayne.

Perrinsville School Notes.
The Perrinsville School Handicraft club teacher came on Wednesday afternoon and brought the lumber for

Walter Love and Grey Smith to work on.

There is to be a Citizenship club meeting at the Perrinsville school Feb. 1.

Nearly everyone at the Perrinsville school is going to the P. T. A. box social and dance at John Snyder's home Feb. 2, Saturday.

Madge Smith has been out of school for three days on account of sickness. Everyone is enjoying their nature study work on animals.

The children of the Perrinsville school find that the new system they tried in the Hot Lunch club is working fine.

The boys and girls of the Perrinsville school went sleigh riding nearly every noon and found it great fun.

NEWBURG

There were 67 in Sunday school last Sunday. There is talk of a contest in the near future.

Arrangements are being made for a father and son banquet to be held at the L. A. S. hall the 20th of this month.

The young people enjoyed a sleigh ride party Saturday night.

Mr. and Mrs. Philip Shepards, of Detroit, were week-end visitors of Mr. and Mrs. Henry Grinn, Jr.

Misses Hilda and Viola Guldorf, of Detroit, were guests of Mr. and Mrs. Henry Grinn, Sr., Sunday.

Mr. and Mrs. Harmon Kingsley and son, Gerald, of Wayne; Mr. and Mrs. Shields, of Highland Park, and Merrill Lemm, of Detroit, called on C. E. Ryder Sunday afternoon.

Mr. and Mrs. I. Gonsolly returned from their California trip last Sunday night, coming the southern route.

Mr. and Mrs. James McNabb entertained for Sunday dinner in honor of Mrs. McNabb's mother, Mrs. Vina Joy, it being her 77th birthday. The guests were Mr. and Mrs. James Joy and family, of New Hudson; Mr. and Mrs. Mark Joy and daughter, Lydia, and Mr. and Mrs. Dale Liscum and family, of Detroit.

School Notes.

Irene Zielasko, Grammar Room. We are through with the examination for the first half of the school year, and will continue to work hard, so as to pass the final examination at the end of the year.

Irene Schmidt is still out of school, but will be back some time this month, which we are glad to hear.

We will have a Valentine party Feb. 11. Misses Alma, Geraldine Schmidt and Irene Zielasko have been appointed to make further plans for the party.

We are selling jello so as to get some money to buy a picture and other things we need.

Intermediate Room.

We are glad Melvin Koester is with us again.

Jack Thompson is ill this week.

The children of the primary room are working hard with phonics and reading. Miss Jameson will visit us Thursday.

Mr. Paddock gave us a pretty trellis. We are sure our plant will look better and grow straight with this help.

Frances Scheffer brought us some pussy willows this morning. They are partly in bloom.

Our chief sport is coasting this week.

Plans are now under way to make this year's carnival the best ever. There will be a little comical play, for which Newburg's star performers have signed their contract. It will be a wow! Sold old-time songs will bring memories of by-gone days are also on the program, together with a little acting on the side to make more vivid. Newburg's rag-time orchestra will render music during the evening's entertainment.

Whitbeck's Corners

Mr. and Mrs. George Evans and two children and Mrs. Irving were Sunday guests of Mr. and Mrs. Walter Dethloff.

Mrs. A. C. Prochnow is entertaining her aunt from Fordson this week.

Miss Jewell Rongert is on the sick list at this writing.

The Helping Hand society met this month at the home of Miss Minnie Proctor on South Main street, Plymouth.

Mrs. A. C. Prochnow and Mrs. Parrish were calling on Mrs. Stewart, of Grandale. Mrs. Stewart was formerly of this place.

Frank Parrish, of Garden City, calling on his mother recently.

The infant son of Mr. and Mrs. Richard Harding is sick with pneumonia.

C. A. Parrish, of Ypsilanti, was calling on his mother recently.

It has been stated that we are to have a store here again in the Robinson subdivision, which will be very handy and convenient.

We wish to thank all the friends who assisted us in any way at the time of our sad bereavement; the Rev. Mr. Johnson for his comforting words; for those who sent the flowers and furnished cars, and all who assisted in any way.—Mr. and Mrs. Frank Parrish and Family.

FRAIN'S LAKE

Mrs. Bessie Geer was a caller Friday at the home of Mr. and Mrs. Milton Geer, Ypsilanti.

Austin Whalen, Ypsilanti, visited at the home of Frain's Lake friends the early part of the week.

Mr. and Mrs. Gust Eschels and children spent Saturday evening in Detroit with friends.

The Frain's Lake P. T. A. will give a dance at the Dixboro hall Feb. 8. Mr. and Mrs. Louis Kaiser, of Plymouth, visited at the Charles Kaiser home Thursday evening.

The Superior Home Makers' class

in extension work met with Mrs. Charles Freeman Tuesday morning. After luncheon was served the lesson on selection of upholstery material was presented. Samples and pictures were shown by the local leaders, Mrs. Mabel Fishbeck and Mrs. Bessie Geer. The next meeting will be held March 5 with Mrs. Hazel Fishbeck.

Mrs. Thomas Gardner and Mrs. Gust Eschels and daughter, Beverly Mae, visited Geer school Friday afternoon.

The cost of living declined two per cent last year. Fifty more years like that and we'll be sitting pretty.

We are not here to dispute the statement that the old-timers lived cheaper—if they called it living.

Reading that a Vermont woman shot at her husband three times at a distance of ten feet and missed all three shots, Dédé Plymouth says it's too bad that every man can't have a wife like that.

Subscribe for the Mail.

Waterford

Mrs. William Richard was pleasantly surprised on her birthday Tuesday evening, Jan. 29, by her children, Mr. and Mrs. Glen King, Mr. and Mrs. John Schmidt and son and John Schmidt, Sr., of Royal Oak. Supper was served and a pleasant evening was enjoyed by all.

Mrs. Joseph Denton and daughter, Pearl, spent Friday afternoon with Mrs. W. H. McKeeroghan.

Mr. and Mrs. Fred Scott and Mr. and Mrs. Joseph Boyer, of Lansing, were Sunday visitors at the home of Mrs. Scott's sister, Mrs. Jacob Warren.

Mr. and Mrs. Milo Walker, of Northville, were Sunday guests of Mr. and Mrs. Jacob Warren.

Mr. and Mrs. Herbert Moe entertained Saturday afternoon with an oyster supper, the occasion being the birthday of their daughter, Mrs. Nettie Kuhn, also of Mrs. Earl Woodmause and Dodge Matts. The guests were Mr. and Mrs. Earl Woodmause and daughter, Ruth; Mr. and Mrs. Fred Kuhn and son, Dick, and Mrs. L. W. Benjamin and three sons, of Detroit; Mr. and Mrs. Ray Ottmar and family, of Pontiac; Mr. and Mrs. Jack Balrd and family, of Flint; Mr. and Mrs. Fred Woodmause, of Northville, and Mr. and Mrs. Elmer Matts and family.

Mr. and Mrs. Peyton Draper and family, of Ypsilanti, were guests of Mr. and Mrs. Arthur Gotts Sunday afternoon and evening.

Mr. and Mrs. G. W. King motored to Royal Oak Thursday and spent the afternoon and evening.

Charles Steinhel, Jr., spent Saturday with his cousins, David and James Nafra, in Plymouth.

Geraldine Lash, of Plymouth, who was born in Northville eight years ago, died at an Ann Arbor hospital last Friday night of black diphtheria. She was a sister of Mrs. Archie Wells.

Garden City

There was a good turnout at church Sunday at both services, morning and evening.

The Sunday school is going fine. There were 55 present Sunday morning.

Mr. and Mrs. Arthur Hanchett visited the latter's son, Clarence Hix, and wife, who have been sick with the flu the past week and under the care of Dr. Cooper. They are getting better at this writing.

The young people's choir had a good turnout at the home of Miss Clarissa Hix Wednesday evening.

Frank Parrish called on his mother, Mrs. C. Parrish, of East Plymouth.

John Karlo, of Plymouth, was the guest of his school mate, Arnold Hix, Sunday for dinner.

BRIGGS SCHOOL NOTES.

Mrs. Ruttenbar and daughter, Mrs. E. F. Fendt, were the first callers at the school this term.

We have received new library books for the school.

We have a very interesting seat work for the primary grades. The sixth grade are making health booklets.

Our health chart is so interesting that Miss Reid asked us to take it to the Detroit health poster exhibit for February.

Miss Reid came to weigh us Jan. 10, 1929. Our weights have gone up from 44 to 58 per cent.

There are many reasons for the ease of steering the new Ford

THE new Ford is exceptionally easy to steer because of the well-proportioned weight of the car, the steel-spoke wheels, the co-ordinated design of springs and shock absorbers, the size and design of the steering wheel, and the simple mechanical construction of the steering gear.

The Ford steering gear is of the worm and sector type used on high-priced cars and is three-quarter irreversible.

In simple, non-technical language, this means that the car responds easily and quickly to the steering wheel, yet there is no danger of the wheel being jerked from the hands of the driver by ruts or humps in the road. A light touch guides the car, yet you always have that necessary feel-of-the-road so essential to good driving.

Strength of materials and careful workmanship give unusual stability to the Ford steering gear and housing.

The steering worm, for instance, is splined to the steering worm shaft and is stronger, of course, than if a single key were used to hold

the shaft and worm together. The steering worm sector is forged and machined in the same piece with its shaft.

The housing of the steering gear mechanism is made of three steel forgings, electrically welded together. This housing is then electrically welded to the steering column. Such a one-piece steel unit is naturally much sturdier than if several parts were used and bolted or riveted together.

Throughout, the new Ford steering mechanism is so simple in design and so carefully made that it requires practically no attention.

The only thing for you to do is to have the front steering spindles, spindle connecting rods, and drag link lubricated every 500 miles and the steering gear lubricated every 2000 miles.

For this work, you will find it best to consult the Ford dealer. He has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

The Baptist Ladies' Aid will hold their annual meeting at the home of Mrs. Hugh Daly, on Holbrook avenue, Wednesday afternoon, Feb. 13. A full attendance is desired.

The Netem girls will give a Valentine party at the O. L. G. O. auditorium, Union and Dodge streets, Tuesday evening, Feb. 12. Shaffer's orchestra will furnish the music.

There will be a Valentine social and dance at the home of Elmer Hobbins, corner of Whitbeck and Perrinsville roads, on Friday night, February 15. Everybody welcome. Ladies bring refreshments.

Work has progressed rapidly on the Penniman avenue garage, owned by Walter Bronson. It is being erected on the site at the rear of the Penniman Allen theatre. Goodwin B. Crumble, builder, has the contract.

Two of the older generation are receiving felicitations on their birthdays, H. A. Spicer having reached his 83rd milestone last week, and W. J. Stewart his 85th this week. We wish them both many happy returns of the occasion.

Miss Ida Thayer, of Saskatoon, Saskatchewan, Canada, and Mrs. Wilfred, of Windsor, Ont., were guests of honor at a 12:30 bridge luncheon given by Mrs. J. T. Chapman at her home on West Ann Arbor street last Monday. Twelve ladies were present. Miss Thayer remained as Mrs. Chapman's guest for the week.

Mr. and Mrs. Edson O. Huston entertained a small number of friends at dinner at the Hotel Mayflower Sunday.

Mr. and Mrs. Irving Ulrich entertained a company of Plymouth and Northville friends at a co-operative dinner at their home near Northville last week Thursday.

Herman Johnson, Jesse Zeigler, Joe Grace and Harry Wolf from left for Rio Grand Valley, Texas, by automobile last Thursday. They expect to be gone about three weeks.

Mr. and Mrs. Edson O. Huston, Mr. and Mrs. Austin Whipple and Oscar Huston attended the dinner given at the Masonic auditorium in Detroit Thursday evening by the Michigan Hardware Retailers' association.

Mrs. Harry Shattuck pleasantly entertained twenty-four friends at a bridge dinner at her home on Penniman avenue Monday evening in honor of Mrs. Nettie Dibble, who is to leave soon for a Mediterranean cruise.

The Northwestern High school debating team won its fourth debate last Friday, thus winning a total of 16 points in the city series and being with Cass for the city championship. The Northwestern team is coached by Mrs. Ruth E. Huston-Whipple.

Bowling Scores

Two-man League.

	W.	L.	Pct.
Schlaff-Pankow	21	9	.700
Zandlers-Wheeler	23	16	.589
Burley-Walker	12	9	.571
Schultz-Powell	19	17	.527
Lorenz-Klinsky	17	16	.515
Streng-Burley	19	20	.487
Kirk-Wagenschutz	12	18	.400
Hayward-Williams	12	24	.333

High scores—C. Burley, 194-205; Schlaff, 203; Lorenz, 192; Williams, 186-204; H. Burley, 185-210; Powell, 288; Klinsky, 268; Wheeler, 268. Winners of January prizes. Streng, 255; Lush, 239, February high to date.

Several match games were bowled this week. Kirk and Powell defeated Streng and Walker and H. Burley and C. Burley in fivegame matches. Lush and Williams defeated Lorenz and Pankow by 175 pins in a 20-game match. The winners have been challenged by Powell and Wheeler, which should be a good match, as all four are veteran bowlers.

COMMISSION TRANSFERES TOURIST CAMP TO WAYNE COUNTY PARK SUPERVISORS

(Continued from page One.)

execute the lease on behalf of the Village of Plymouth. The lease, as drawn up and presented by the village attorney, grants to the county the control of the park property, including the entrances to Ann Arbor street and to Mill street. The village, however, included the following reservations in the lease: That the park is to be known as "Plymouth Riverside Park." That an athletic field be provided in conjunction with the park, and that the local school district be given free use of same for all interscholastic athletic contests.

That the property be developed as a public park or a tourist camp.

That whatever portion of the area may in the future be required by the village for the extension of its sewage disposal facilities, may be so taken when needed.

That if at any time the slope of the bank from the cemetery may be needed for burial purposes it may be so used.

That an improved drive be constructed and maintained through the park.

It is altogether probable that the Wayne County Park Commission will start the preliminary work of getting the park grounds in shape the coming spring, and eventually when the work is all completed it will prove a most wonderful asset to Plymouth. It will give Plymouth citizens a place of recreation that will be a heavy spot, and a park such as they could never hope to have in many years, if the village had to bear the expense, yet we will have the same advantages and privileges that we would have if it were owned by the village. It is going to be a park that our citizens can point to with pride and one that will attract the attention of every visitor who passes through Plymouth.

PLYMOUTH HOCKEY TEAM WINS FAST GAME FROM GRAHAM PAIGE

(Continued from Page One.)

Local Plymouth fans witnessed the affair.

Plymouth—	Graham-Paige—
Drew	G. Lampi
Pidgeon	R. D. Nakkula
Rutherford	L. D. E. Bachmer
Robertson	C. Kennedy
Garlett	R. W. Stinson
Page	L. W. Nisula
Dobbs	Sub. Fryer
Block	Sub. J. Kennedy
Douglas	Sub. Melocke
	Sub. H. Boehmer

Goals—First period, no score; second period, no score; third period, no score. Overtime, Garlett, 3-00. Penalties: Page, Nakkula, Stinson. Referee, Morrison.

Sunday afternoon Plymouth played the Haley A. C. team at Dexter and Davison avenue rink, taking a trimming 4-0.

The Plymouth boys couldn't seem to get going in the first period and before they knew what happened Haley had three scores checked up. They secured another in the second, while the third period was scoreless.

The ice was in very poor condition, which was discouraging for the boys to begin with. The local team would like to meet this outfit on Olympia ice.

Plymouth—	Haley A. C.—
Drew	G. MacLachlan
Rutherford	L. D. Decker
Pidgeon	R. D. Sbatuck
Robertson	C. A. Bingham
Block	L. W. E. Bingham
Garlett	R. W. Harris

CENTRAL P. T. A.

The teachers and parents of the Central School P. T. A. were very pleasantly entertained Monday afternoon, Feb. 4, with the following program:

1. A drill, "Polly Orders Lunch," by Mrs. Holliday's fourth grade.
2. Two songs, "The Sandman" and "Bashful Valentine."

Mrs. Root, chairman of the program committee, then took charge and different members were asked to respond to the roll call by telling something about what other P. T. A.s are doing.

Mrs. Buzzard, the president, presided at the business meeting following the entertainment. At this time it was decided to hold the regular P. T. A. meetings on the second Wednesday of the month in the evening, beginning in April.

Mrs. Root, Mrs. Hamill and Mrs. Vargo were appointed as a nominating committee for the annual election, which comes in March.

PERE MARQUETTE 1929 BUDGET LISTS PROGRAM COSTING \$10,000,000

NEW STEAMSHIPS, AUGMENTED ROLLING STOCK FOR AUTO TRAFFIC, ADDITIONAL LOCOMOTIVES PLANNED FOR RAILROAD.

The Pere Marquette railway budget for 1929, approved by President Frank H. Alfred, aggregates an amount that bears no doubt of the management's complete confidence in the business outlook for the particular territory served by this company. The major items include two new steamers for the Lake Michigan traffic to operate between the Wisconsin points of Milwaukee, Manitowish and Kewaupee and Ludington, Michigan, involving an expenditure of \$2,500,000; 10 new switch engines, \$550,000; 1,000 automobile box cars, 40-ton capacity, \$2,450,000; 400 composite gondolas, 50-ton capacity, \$84,000; 100 all-steel hopper ballast cars, \$240,000; five 2-8-2 Mikado freight engines, rail and ballast and other items that will make the aggregate outlays run well over \$10,000,000.

Incidental to the construction of the two new car ferries, which are to be turbine-electric propulsion, with a speed of 18 miles per hour, a new

slip dock and improvements to the existing slips is projected. With the new trackage that will be provided the approximate cost for this particular work will run upwards of \$400,000.

New Ferries Projected.
Each of the new boats will have a draft of about 16 feet and will be designed to carry 28 42-foot railroad cars. These boats will be twin-screw design. Two turbine generators on each boat will be capable of furnishing propulsion and auxiliary power sufficient to operate all the electric equipment on the ship, including propulsion motors, auxiliary devices and lighting. Each propeller will be driven by a 3,600 horse power, 120 revolutions per minute, 2,300 volt, slip ring induction motor. These will be the first lake car ferries of this type and will make up a Lake Michigan fleet for the Pere Marquette of nine car ferries.

The motive power department will be expanded by the acquisition of 10 eight-wheel switchers, similar to the 20 which were purchased in 1923, these involving an outlay of about \$550,000. Incidentally, five new Mikado freight engines will also be added to the equipment.

Rolling Stock Increased.
The principal rolling stock items include 1,000 automobile box cars, 40-

tons capacity, single sheathed, similar to the last ones purchased by this company, with the exception that these will have 12-foot automobile doors, 10 feet inside height instead of 9 feet 2 inches. In addition, the budget provided for 400 gondolas, 50-ton capacity similar to the 17,000 series, purchased a few years ago, with the exception here that these will have no bottom doors.

One hundred new hopper ballast cars, for track ballasting, and coal service are also to be added to the rolling stock. These three last items involve an expenditure of \$3,530,000. The rail-laying program will be about as extensive as in 1928, comprising about 30 miles of 110-pound rail which is to be allotted to the various divisions of the Michigan lines and three miles of 85-pound rail which is to be put down near West Lorne, Ontario. The ballasting program will comprise about 15 miles in all, on all divisions.

Centralized train control, similar to that between Hoyt and McGraw will be installed on the Chicago division between St. Joseph and New Buffalo, a distance of 27 miles. This installation, with the extension of passing tracks on this section, will involve a total outlay of \$265,000. By these devices the potential of a single track railroad is raised considerably and it does away with much duplication of tracks.

Grade Work in Detroit.
Grade work, including the carry-over from 1928, at Fort street, De-

troit, Chase and Warren avenue, Detroit, and M-10 on the Flint Belt railway, at Flint, will, according to the estimates, cost the company about \$300,000 for its share of these works.

Second tracks and signals will be laid down between Holland and Waverly and a new bridge across the Black river is planned at a \$40,000 outlay.

A new bridge over the Michigan Central railroad and Southern avenue, Detroit, provided for four tracks, is estimated to cost \$200,000, and the construction of a third and fourth main track between Oakman boulevard and Rougemere, Detroit, inclusive of the interlocking plants and signals, will cost another \$200,000.

Track seats and tracks at the Hersey and Green Oak gravel pits as well as at Saginaw and Sarnia, Ontario, are included at a cost of about \$20,000 each.

Additional yard and parallel tracks in Detroit will involve \$100,000.

The yard to serve the new Chrysler plant at Walkerville, Ontario, will run upward to \$18,000, when completed.

Yard Improvements Planned.
Extensions and improvements to the Wyoming yards amounting to \$300,000 are proposed and similar extensions to those at Ludington will be made at an aggregate outlay of \$50,000. At New Richmond, the main line will be relocated and the passing tracks will be extended at a cost of \$60,000, and a new second track between East Saugatuck and Boyd will

The Bell Homestead a Mecca For Thousands of Visitors

The Family Home of Dr. Bell's Parents at Brantford, Ontario

DURING the past summer, travelers from almost every state of the Union, east, west, north and south, visited the Canadian home of Alexander Graham Bell, inventor of the telephone, at Brantford, Ontario. The Bell Homestead at Brantford has become the Mecca for thousands and thousands of people all over the world who desire to pay homage to the man whose great invention has done so much towards breaking down the barriers of time and distance and whose invention now seems to be entering upon a new era in international relations which may lead to a better understanding between the peoples of this earth.

Alexander Graham Bell was a resident of the United States when he accomplished the invention of the telephone in Boston, but he used to spend his summers at the old Bell Homestead in Canada and there he thought out and studied some of the problems which made the great invention possible. Thus while the telephone is essentially an American invention, Canadians also feel proud of it and the fact

that Bell made his summer home there and worked on his problems at that time entitle the Dominion to a certain share in the glory.

Accordingly, the Bell Homestead at Brantford has been made a sort of shrine where many tourists go every year, attracted not only by the beauty of the Homestead, but also because of its historical interest. Many famous people have visited the Bell Homestead, among them the Prince of Wales, the Duke of Connaught, who is the uncle of the present monarch, and the Duke of Devonshire, former Governor General of Canada. Tourists this past summer came not only from various points throughout the United States and Canada, but among the addresses listed in the visitors' register for the past summer are Vladivostok, Siberia; Petrograd, Soviet Russia; Paisley, Scotland; Dublin, Ireland; Birmingham, England; Auckland, New Zealand; Mexico City; Tokyo, Japan; the Canal Zone, Stockholm, Sweden; Queenstand, Australia; Copenhagen; Paris; Melbourne, Australia; County Down, Ireland, and Sukkot, India.

involve a \$50,000 outlay. Additional yard tracks at Chatham, Ontario, at a cost of \$30,000, a new coal and water station at Lake Station to cost \$50,000, and a cooling station at St. Thomas, involving \$10,000 are other significant works that are planned.

The cold storage plant, which the company is erecting at Grand Rapids will have cost \$300,000 when completed.

Six interlocking plants are to be

put in during the current year, according to the proposed program, as well as some additional rail and ballast work on the New Buffalo-La Crosse branch.

All of these works will be carried out under the supervision of Chief Engineer H. A. Cassell; while the purchase of the new equipment comes under the purview of R. J. Williams, superintendent of motive power. Detroit Free Press.

HEALTH
The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

AGE NO BARRIER; 70-YEAR-OLD MAN PRAISES KONJOLA.

Two Bottles of This Master Medicine Enabled Him to Start Work Again.

MR. JOHN FLASHER.

The records of Konjola, the super-medicine, fairly overflow with splendid experiences. Success is possible because Konjola goes to the very source of the ailment. Konjola aims first to root the cause, not the effect.

Take, for instance, the case of Mr. John Flasher, 502 Jackson street, Big Rapids, Michigan, who sent in the following endorsement:

"For the past few years I have suffered intense agony from rheumatism. As I am 70 years old I little thought I would ever get any relief from my pains. My legs and arms were always swollen and it seemed that my entire body was a solid mass of aches and pains. Because of this I was unable to work.

"I heard about Konjola and decided to give it a trial. Two bottles put me back to work and after completing the third bottle all my aches and pains had disappeared. I was once feeble, but now I am as strong as ever. To all who suffer as I did I say: Take Konjola."

Konjola is sold in Plymouth, Mich., at Community Pharmacy drug store and by all the best druggists throughout this entire section.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., Jan. 21, 1929.
A regular meeting of the Village Commission held in the commission chamber of the village hall January 21, 1929, at 7:30 p. m.

Present: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Absent: None.

The minutes of the regular meeting held January 7, 1929, were read and approved.
The following resolution was offered by Comm. Fisher and supported by Comm. Pierce:

WHEREAS, a resolution was heretofore passed by the Village Commission of Plymouth, Michigan, declaring Blanche avenue as it appears in the plat of the William A. Blank addition, recorded in Liber 27 of Plats on page 59, Wayne County Records, closed, vacated, discontinued and abolished, on certain conditions precedent, therein stated, except that said vacation was not to affect streets and alleys intersecting said Blanche avenue;
AND WHEREAS, all requirements and conditions set forth in said resolution have been met and fulfilled,
NOW THEREFORE BE IT RESOLVED, that fulfillment of the requirements and conditions set forth in said resolution be and hereby is acknowledged, and that Blanche avenue as it appears in the plat of the William A. Blank addition, recorded in Liber 27 of Plats, on page 59, Wayne County Records, except where intersected by streets and alleys, be and hereby is declared closed, vacated, discontinued and abolished.

Resolution approved by the following vote:
Ayes: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Nays: None.

A recommendation was offered by the manager that a report of all village activities for the year 1928 be authorized, same to be published in convenient pamphlet form for public distribution. It was moved by Comm. Nutting, supported by Comm. Pierce, that the manager be directed to prepare such a report and that he arrange for the printing of 500 copies thereof. Carried unanimously.

The clerk reported the filing of nominating petitions for each of the following persons as candidates for membership upon the Village Commission:

- William J. Sturgis.
- John W. Henderson.
- Louis Reber.
- Floyd A. Kehrl.
- Paul A. Nash.
- Henry J. Fisher.
- George H. Robinson.
- Paul J. Wiedman.
- Byron P. Willett.
- William G. Towle.

All of the above petitions are reported as being sufficient in every particular and as having been properly filed within the time limit prescribed by the charter. It was moved by Comm. Shear and seconded by Comm. Pierce that the nominating petitions as filed be approved. Carried.

It was moved by Comm. Fisher and supported by Comm. Pierce that the village treasurer and the deputy village clerk, together with the village clerk, be appointed a board of registration to receive the registration of voters in anticipation of the primary and regular village elections as provided by the charter. Carried unanimously.

It was moved by Comm. Pierce, supported by Comm. Nutting, that a primary election be called for Monday, February 11, 1929, as provided by Section 6, Chapter 2, of the Village Charter. Carried.

It was moved by Comm. Shear, supported by Comm. Fisher, that the clerk be directed to arrange for the appointment of a board of election inspectors, and to report the proposed personnel of such board for confirmation at the next regular meeting. Carried.

It was moved by Comm. Pierce, supported by Comm. Shear, that plans and estimates be ordered prepared covering the proposed straightening of the east line of South Main

street from East Penniman avenue to Ann Arbor street. Carried.
It was moved by Comm. Pierce, supported by Comm. Shear, that a proposal to amend Section 6, Chapter 4, of the Village Charter be presented to the voters for approval at the regular village election to be held March 11, 1929, said amendment to read as follows:

"The Commission shall receive such compensation for their services as shall be fixed by ordinance, a sum of not less than five dollars for each meeting of the Commission by them respectively attended during their term of office, but not to exceed one hundred fifty dollars in any one year, such payment to be made out of the general fund in the village treasury."

"Said officers shall receive no other compensation for services performed for and on behalf of said village during their term of office, provided that in no case shall such commissioners receive compensation for any meetings not actually attended."
"All other officers except where other provision is made herein or by law regulating fees for services shall receive such compensation as the Commission shall prescribe by ordinance."

Approved by the following vote:
Ayes: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Nays: None.

It was moved by Comm. Fisher, supported by Comm. Nutting, that a proposal to amend Section 18, Chapter 2, of the Village Charter be presented for the approval of voters at the regular village election to be held March 11, 1929. Said amendment to provide for increasing the compensation of inspectors of elections from four dollars to five dollars per day, and of gatekeepers at elections from two dollars to three dollars per day, said section as amended, to read as follows:

"It shall be the duty of the Commission, at least twenty-one days before any election held under the provisions of this charter to appoint a board of election inspectors for each voting district in the village, consisting of five members for each district, each of whom shall be a duly qualified elector, and if at the opening of the polls at any election any of the inspectors so appointed shall not be present, or perform the duties of such inspector, the electors present at any such voting place may choose, viva voce, such number of electors, as with the inspector or inspectors present, shall constitute a board equal to the number fixed by the Commission, and such electors so chosen shall be inspectors at that election during the continuance thereof. Each inspector of the election shall receive five dollars as full compensation. Two gatekeepers shall be chosen, viva voce, at each voting place to serve during such election. Each gatekeeper shall receive three dollars as full compensation."

Carried by the following vote:
Ayes: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Nays: None.

The following bills were approved by the auditing committee:

Total	\$1,069.08

Upon motion of Comm. Pierce, supported by Comm. Shear, bills and checks were passed as approved by the auditing committee.
Upon motion by Comm. Pierce, sup-

ported by Comm. Nutting, the Commission adjourned.
J. W. Henderson, President.
A. J. Koenig, Clerk.

Plymouth, Mich., Jan. 30, 1929.
A special meeting of the Village Commission held in the commission chamber at the village hall Wednesday, January 30, 1929, at 7:00 p. m.

Present: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Absent: None.

The village attorney presented for approval a form of lease covering the transfer of the so-called Plymouth Tourist Camp property to the jurisdiction of the Wayne County Board of County Park Trustees for improvement, development and maintenance as a public park, for a period of 99 years. It was moved by Comm. Shear, supported by Comm. Pierce, that the said lease be approved and confirmed as presented, and that the president and clerk be authorized and directed to execute same on behalf of this Commission. Carried by the following vote:

Ayes: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Nays: None.

The following resolution was offered by Comm. Fisher and supported by Comm. Pierce:

WHEREAS, the Village of Plymouth has, by its Village Commission, approved the transfer, by long term lease, of the so-called Village Tourist Camp property, to the jurisdiction of the Wayne County Board of County Park Trustees for improvement, development and maintenance as a public park; and
WHEREAS, entrance to the aforesaid park property from the west is provided only through the use of the public street known as Park avenue, which leads from South Mill street to the west line of said park site, and which is defined in the plat duly recorded as Park Subdivision No. 1, and

WHEREAS, said Wayne County Board of County Park Trustees desires that the control of said Park avenue be transferred to the jurisdiction of the Board of County Road Commissioners of Wayne county, for improvement and maintenance as a county road; therefore be it

RESOLVED, that this Commission of the Village of Plymouth, Wayne county, Michigan, does hereby extend to the said Board of County Road Commissioners of Wayne county, Michigan, jurisdiction over said Park avenue from the east line of Mill street to the west line of said park site, for the improvement and maintenance of same.
Ayes: President Henderson, Commissioners Fisher, Nutting, Shear and Pierce.
Nays: None.

Carried.
Upon motion by Comm. Pierce, supported by Comm. Nutting, the Commission adjourned.

J. W. Henderson, President.
A. J. Koenig, Clerk.

NEW TELEPHONE EXCHANGE ON SIX MILE ROAD, DETROIT

With three new telephone central office buildings under construction in Detroit, plans are being formulated for the immediate erection of a fourth to be known as Elmhurst, located at the intersection of Six-Mile road and Steeple avenue in the recently developed University of Detroit district.

Estimated cost of the real estate, building and apparatus will approximate close to \$1,185,000. According to plans prepared by Smith, Hinchman & Grylls, architects, the building will be two stories, with full basement. Construction will be such that further floors can be added. The structure will be built of reinforced concrete with stone sidewalks and tile roof, following a Spanish type of architecture. It will be fireproof.

Detroit Edison Has Big Growth

More than \$20,000,000 was expended by the Detroit Edison Company during 1928 for additions and improvements in the interests of service, while a \$30,000,000 program of construction, necessitated by the steady growth of Detroit, is planned for next year.

The sum spent during the last year was used in the reconstruction of new power houses, transmission lines, substations, office building, warehouses, and other equipment. Approximately 37,000 new customers were added by the company, while the peak load of electricity furnished by the company in any 24 hours increased during the year from 443,000 kilowatts to 507,000 kilowatts.

The growth of population in and around Detroit and the continuously greater usefulness of electric service will make advisable the investment of a large sum of money during the year to come. A new power house is under construction in Delray, which will place two 50,000 kilowatt turbines in service in the early fall of 1929. A \$300,000 outdoor switching station is under construction at Marysville to protect Port Huron against being without lights. With the new systems, in case of any trouble at the Marysville power house, Port Huron could be fed from the 120,000-volt transmission system. The company has 167 electric substations on its lines, of all types and sizes, from small outdoor stations to large city substations. Three new major substations will be built during 1929.

The company expects to add 35,000 to its list of customers during 1929, which will necessitate the purchase of \$800,000 worth of line transformers. About \$5,000,000 will be expended on improvements in the network of cables and underground conduit construction. An important item in this system is the installation of cables and conduits for the transmission of the output of power from the new power station in Delray. Many additions to the underground net work of conduit will be made while some 50,000 poles will be set as part of the \$2,000,000 program to revamp and extend overhead lines—Michigan Investor.

Color and Sound.
It is said that at least 2 per cent of human beings associate a particular color with each sound they hear and sometimes this extends to the names of days of the week.

VIENNESE RENTS LOW, BUT NO ROOMS ARE AVAILABLE

Peculiar Rent Laws Which Have Prevailed in Austria Since the War Are Responsible.

Vienna.—An ordinary moving van is the only home which Johan Bac, a coachman, has for himself, a wife and six children. Bac recently was ejected from his former home. There being no other accommodations available, he transformed his few belongings into the discarded body of a moving van.

Bac's situation is attributed by many Viennese to the peculiar rent laws which have prevailed in Austria since the war. When the Socialists succeeded in overthrowing the Hapsburgs and establishing a republic, they simultaneously inaugurated an almost pure Marxian regime based on the old thesis that all property is theft.

Claiming that landlords had suffered less than the rest of the population in the deflation of the national currency and the prewar state loans, the Socialists passed laws which deprived the landlords of their rents.

Viennese who were fortunate enough to have an apartment at the end of the war are today in the peculiarly fortunate position of living almost rent free. A conservative government has long since replaced the Socialists in the national parliament, but so strong is the "pay no rent" idea at present that the regime could not be re-elected on a platform which advocated even half honest rents. The landlords are a minority, and the tenant vote is the important thing politically.

Austrian landlords receive approximately 10 cents per room per month. They can collect nothing else except the cost of cleaning and repairs. Tenants pay a slightly higher sum, but this extra money goes to the city for its municipal house building program.

During the last five years Vienna, a Socialist city, has built 30,000 apartments. Unless one is an organized worker and a faithful supporter of the Socialist party, however, it is practically impossible to obtain one of these new dwellings.

During the same time Vienna has lost almost 5 per cent of its population. With more houses and less inhabitants, one would expect that there would be a superfluity of empty rooms, but the exact opposite is the case.

Since they pay no rent for the empty house, every Viennese who has a room to let holds it for months on end in the hope that some rich foreigner will arrive and pay well for it. Hundreds, possibly thousands, of apartments in Vienna are occupied by one or two people each. Other hundreds belong to people who have moved to other cities and are held simply because it is cheaper for the tenant to pay the rent for a whole year than to pay a week's hotel bill when visiting the city.

Persons who have no dwelling must pay some one who has such several thousand dollars for the privilege of moving in and obtaining the right to use the landlord's rent.

STATE FARMERS HAVE HIGH POTATO YIELDS

PRODUCTION COSTS PER BUSHEL OF CLUB MEMBERS LESS THAN STATE AVERAGE.

The list of Michigan men and women who became eligible for membership in the Michigan 300 bushel club for 1928 was announced by C. M. McCrary, farm crops specialist, during Farmers Week at Michigan State College.

While the counties which are generally accepted as the premier potato growing sections of the state have the greater number of names on the honor roll, the membership is located all the way from Kalamazoo to Manistiquette.

The three practices which were used universally by these growers were planting certified seed, application of fertilizer, and spraying with a machine which operated at 250 pounds pressure. These growers used an average of 800 pounds of fertilizer to the acre, but their costs for producing a bushel of potatoes was less than that of the average grower.

More growers produced crops which made them eligible for membership in the club than in any previous year. The best yield was secured by Alphonse Verschure, Manistiquette, with 490 bushels of Russet Burbank per acre.

Governmental Ideals.
To preserve, to inform and to perpetuate the sources and direct in their most effective channels the streams which contribute to the public weal is the purpose for which government was instituted.—John Quincy Adams.

His Greatness Was A Triumph Over Failures

Lincoln's life was one of failures—failures that he made stepping stones to the White House. And it was reserve force that enabled him to do the stepping. Whether called upon to endure the hardships of frontier life or to wrestle with the problems of a government in the throes of war, Lincoln always had at his command a reserve force, built up during the years of his boyhood struggles, that lifted him over seemingly unsurmountable barriers.

What about your resources? Have you a reserve force, a substantial balance, to help you meet emergencies or to grasp opportunities? If not, open an account here and keep it growing by regular deposits.

LARGE GAIN IN ELECTRIC POWER

Electric power production by Michigan public utilities went far beyond figures made public by the Michigan Public Utility Information Bureau. The grand total was approximately 4,381,842,000 kilowatt hours, as compared to 3,773,928,000 kilowatt hours in 1927, the highest previous output. The new total marks the doubling of Michigan's electric power resources in the seven year period since 1922, when the entire output of the state's electric utilities was 2,179,044,000 kilowatt hours. In Michigan, where more than half the electric power output is used in industry, power demand may be considered as a barometer of industrial, economic, and even social conditions. This barometer has been rising steadily in Michigan as a whole during the past year, particularly during the past six months. Indications for 1929 are highly favorable. The utilities are making budget plans to provide greatly increased electric power resources for the state in 1929. These plans call for record expenditures of between \$45,000,000 and \$50,000,000 in additional generating facilities and improvements. Adding facilities will permit the companies to take care of 68,000 more customers as well as to serve efficiently the expanding needs of present customers, who number close to 1,631,000. Michigan relies upon coal rather than water power for the bulk of its electric power supply. In 1928, of the approximate total of 4,381,842,000 kilowatt hours, 3,218,040,000 kilowatt hours, or 73.8 per cent was produced by fuels, while 1,143,807,000 kilowatt hours, or 26.2 per cent was produced by water power. Michigan Investor.

Germany Plans Super Plane to Carry Fifty

Washington. — A supermonoplane driven by motors capable of developing 2,000-horse power, having a wing spread of 120 feet, and designed to carry 50 persons, is now under construction by the Junkers Airplane company of Germany, the Department of Commerce announced.

Transatlantic service at a height of between 20,000 and 30,000 feet is envisaged by the German company, should present plans for preserving normal atmospheric pressures at such altitudes prove practical.

Living quarters will be in the wings, which will be 120 feet long and six feet thick, the Department of Commerce is advised. Four 500-horsepower motors will drive the new motor. It will be equipped with an adequate kitchen and a superradio set.

65-Foot Tree Moved 6 Miles and Replanted

Cold Spring, N. Y.—An elm tree, 65 feet in height and with a spread a third as much, was replanted on the country place of G. V. Perkins.

The tree was taken from the Fen-ton Smith homestead on Carmel road, the work of uprooting being directed by tree experts from the West. A dozen workmen with hoisting and hauling machinery brought the tree six miles from the homestead of the Perkins estate.

Calf Has Three Tails
Whitebird, Idaho.—A three-tailed calf was born recently on the George Wyckoff ranch, near here. Two tails are on the right shoulder and the other where a tail should be. Otherwise, the animal is normal.

Today's Reflections

Napoleon said an army travels on its stomach. But today we have an army of fellows traveling around on their mail.

Another reason why everyone in Plymouth should go to church is because nobody notices your presence if you're there and everybody notices your absence if you're not there.

The truest thing we know about a woman is that she'll make a fool of herself over a man she could easily make a fool of.

A scientist says man does his best work at 60, and we'll bet that about ten years ago he was declaring they do their best work at 50.

The reason some Plymouth people carry a grudge around all the time is because it costs nothing and requires no effort to obtain.

An absent-minded man is in the same fix as the rest of us. He can't forget the things he'd like to forget.

Stop That Cough Quick!

FAMOUS PRESCRIPTION HAS A DOUBLE ACTION.

The phenomenal success of a famous doctor's prescription called Thoxine is due to its double action. It immediately soothes the irritation and goes direct to the internal cause not reached by patent medicines and cough syrups. The very first swallow usually relieves even the most obstinate cough.

Thoxine contains no chloroform, dope or other dangerous drugs. Safe and pleasant for the whole family. Also excellent for sore throat. Quick relief or your money back. 35c., 60c., and \$1.00. Sold by Dodge's and all other good drug stores.

OBERRAMMERGAU PLANS NEXT PASSION PLAY

Autos and Planes to Bring Visitors in 1930.

Oberammergau, Bavaria.—Roaring airplane motors and the whirr of propellers will be heard above the flappling of angels' wings at the next Passion play in Oberammergau in 1930. The Luftwansa, German Civil Aviation company, is now surveying real estate near the famed Oberammergau theater with a view to building an air drome and landing field. Visitors to the coming Passion play will hop to the biblical Oberammergau scenes in the latest models of German planes.

This is, however, merely one evidence of the modernizing of the little Bavarian town where, for 300 years the local citizens have performed their drama of the Passion of the Savior. A structure of ultramodern technology is being imposed on the quaint primitive character of Oberammergau.

Prepare for Next Play.

Although the next Passion play will not be staged until May 15, 1930 (there will be three performances) the Oberammergauers are busily starting preparations. The historic theater itself has been enlarged so as to seat 5,000 instead of 4,200 spectators. The property room has been moved from the wings and placed underneath the stage. Electric elevators will speedily carry all stage requisites to the Jerusalem scene. The stage floor has been mounted on rollers, so that the story of Judas, the disciples, and Martha will be enacted with the up-to-date facilities of a Max Reinhardt or Belasco theater. A glass roof will cover the whole stage and improve the lighting. There are now 13 exits, so that the theater can be completely emptied in four minutes.

Hitherto tourists attending the Passion play have been obliged to reside, for the most part, at medieval inns; by 1930 these hostilities will have acquired running hot water and other conveniences.

Spectators formerly traveled to Oberammergau by train. Besides the airplane, the automobile will bring many visitors to the next Passion play. The state of Bavaria and the municipality of Oberammergau are collaborating in improving the roads for motor cars. Roads from Munich, Ertal and Tussen, leading to Oberammergau, are being bettered and provided with asphalt. Three parking places, each with a capacity of several hundred automobiles, are being built near the scene of the Passion play. Streets in Oberammergau itself are being asphalted and equipped with new street lamps.

Special luxurious trains will also be running before each performance bringing guests to the religious spectacle in snug comfort.

Changes in Cast.

Players have not yet been chosen for the main roles, Christ, Mary and John, but it is certain that there will be many changes from the last cast. Georg Lang, wood carver, has been selected as director and stage manager, and the musical accompaniment will be contributed by the head school master, Sattler.

Strangers visiting Oberammergau during coming weeks, on walking through the tranquil village streets of an evening, will already hear actors rehearsing their parts in almost every house. The visitors will also be struck by the bearded eldages of the local inhabitants. For at least a year before the play begins every actor must forewear razor and shears and let hair and beard grow in full abundance. In fact, there are many inhabitants, from birth destined to assume roles in the Passion play whose hair is allowed to grow unshorn from childhood.

Nothing will betray the romantic origin of the Passion play, which dates back to 1634 when the hamlet of Oberammergau was swept by a deadly pestilence. The inhabitants then made a vow that, if the grim harvest of the plague were checked they would each decade present a play describing the Passion of Christ. The pestilence was halted, and thus began the religious spectacle now known throughout the world.

Forgotten Mine Adit Located by Workers

Pottsville, Pa.—A passageway in Pine Hill forest, built in the underground workings of the mines 75 years ago, was found accidentally by engineers surveying recently.

Many curious discoveries of tools were made. Among these was a piece of sheet iron engraved with the name of Archie McDonald, a prominent official. This engraving was done in the early days of the past century, as the Pine Forest was one of the pioneer anthracite workings. The passageway had been covered over and forgotten many years ago.

Reds Bar Worship

Moscow.—All persons who take an active part in the conduct of religious services, especially those connected with the Baptists and Methodists, are to be expelled from the Soviet trade unions.

No Beggars There

Sofia.—Bulgaria is the only country in Europe without beggars. The house of representatives enacted a law declaring mendicancy illegal, and the police arrested 10,000 beggars within a week.

CATHOLIC NOTES

Sunday is Holy Name Sunday. Let all the men be in the front line ranks.

Monday night at 7 o'clock the Nethem boys are sponsoring a father and son banquet, to which all the fathers and sons of the parish are invited. A good time will be enjoyed by all.

The Nethem boys entered a hearty welcome to all the young men of the parish to join their ranks. A very fine pool table has been purchased, and now graces the mahogany room.

Tuesday night the Nethem Girls are sponsoring a Valentine dance, with the Schafer orchestra furnishing the music. A cordial invitation is extended to the public to participate in the pre-Lenten party.

The Nethem girls meet every Monday night, while the boys gather on Tuesday nights.

Wednesday of next week begins the season of Lent. Ash Wednesday services will be held at 8 o'clock p. m. and ashes distributed. Friday at 8 p. m. there will be way of the cross.

The services thenceforth during Lent will be on Tuesday and Friday nights at 8 o'clock. The sermons on Tuesday nights will be delivered by the Rev. L. Gaffney, of Redford. It is sincerely hoped that all will avail themselves of this season and attend the services faithfully. A cordial invitation is extended to all Catholics and Protestants alike. Christ died for all mankind. This note should be the predominate note in our life, and in return reply what am I doing to save my soul for Christ's kingdom.

You have heard the financial report of 1928 last Sunday. Did you help to make this elegant showing? Allow me, your pastor, to thank all for their generosity and trust 1929 will exceed all past records.

Messrs. J. Rousseau, J. Van Bonn, A. Heener, J. Kling and T. Levandowski have been appointed by the bishop to act as trustees for the year 1929.

J. Wobn, W. Strenich and R. Burch have been added to the ushers' list.

Mrs. N. B. McLelland has returned home from Bad Axe, much improved from her operation.
Do not forget Lent and its meaning.

PRESBYTERIAN NOTES.

Sickness, ice and cold weather interfered somewhat with the attendance at the meeting of the Busy Women's class at Mrs. Warner's home on Tuesday. However, the reports were encouraging and those present enjoyed the program for the day. It was decided to place in the church next Mothers' day flowers in memory of the deceased members of the class.

The church year closes Feb. 28. The treasurer is hopeful that all contributors will bear this in mind and help him to get his books closed in order. The different organizations of the congregation should prepare reports to be submitted to the annual congregational meeting.

CAN'T TALK TO WIFE, TOO CROSS AND NERVOUS

"Even my husband couldn't talk to me. I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall.

Vinol is a compound of iron, phosphates and liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Dodge's Drug Store.

NEWBURG CIRCUIT NOTES.

Every day and his lad, young or old, will want to enjoy with us the "Father and Son" week activities. No father or son can afford to miss the banquet on Feb. 20 at 6:00 p. m. Wallace Watt, with a state reputation among the Boy Scouts, who is at the present time scout commissioner of Washtenaw county, will be the main speaker of the evening. The rest of the program, in the hands of our efficient local men, will not lack anything in the way of entertainment.

Father and son services of worship will be held on the following Sunday, Feb. 24, at the usual hour of morning worship.

The regular meeting of the official board and the Sunday school board will be held on Tuesday, Feb. 12, at 7:30 p. m., at the parsonage.

The Ladies' Aid of the Perrinsville church meet for a public dinner at the home of Mrs. Floyd Wilson on Woodward avenue, in Wayne, next Wednesday, Feb. 13.

Some people stray away from the church for fear they might hear something which they might believe. Do you?

METHODIST NOTES

"Seek ye first the kingdom of God and His righteousness: and all these things shall be added unto you."

Have you joined the Church Loyalty League yet? If you have not it is not too late. Let us all be faithful to the vows we took when we became church members, and see how we will be blessed. God, who never fails us, has promised "to pour you out a blessing, that there shall not be room enough to receive it."

On account of the District W. C. T. U. convention to be held at the church next Wednesday, Feb. 13, the missionary meeting will be postponed, as will also the mid-week prayer and praise service.

Be sure to mark Feb. 21 on your calendar and reserve that day for the annual L. A. S. bazaar and chicken supper.

Mrs. Guy Fisher and Mrs. Blake Fisher will be hostesses to the missionary society at their regular monthly meeting to be held at the home of the former, at 412 Starkweather avenue next Friday, Feb. 15. Co-operative luncheon at 12:30 o'clock, to be followed by the meeting at 2:00 o'clock. Be sure to note the change in days and to come. Mrs. Lendrum will have charge of the program, which is "The World's Day of Prayer."

Perry Richwine's class of boys enjoyed a sleigh ride last Wednesday night, after which they went to his home, where Mrs. Richwine served them refreshments. There was a 125 per cent attendance.

Mrs. Borek's class of girls also enjoyed a sleigh ride Monday night, going to the Old Southern Inn for lunch. Mrs. Borek also reports over 100 per cent attendance.

EPISCOPAL NOTES

A special Father and Son Service will be held on Sunday morning at ten o'clock. This is the Boy Scouts Anniversary Sunday, the nineteenth "birthday" of the Boy Scouts of America. The three troops of Scouts in Plymouth and members of the Rosedale Gardens troop plan to attend this service. We very cordially welcome them, their parents, and friends. All boys and men of the parish are urged to be present. We trust that every boy in Sunday School will bring his "Dad."

Wednesday, February 13, is Ash Wednesday, the first day of Lent. There will be a Young People's Service at 4 p. m., immediately after school, for all children of the parish above the age of nine. The group will be divided into two classes for instruction. Parents are urged to cooperate in seeing that children make use of this opportunity.

At 7:30 p. m., Ash Wednesday, the Litany will be read, followed by a short address. On the Sunday evenings during Lent, there will be special evening service, with guest speakers.

A bake sale will be held at Stever's Market, on Saturday, February 9, for the benefit of the Altar Guild, who are planning to make some new altar hangings and linens. The support of all is earnestly requested.

MORTGAGE SALE.

Default, having been made in the conditions of a certain mortgage made by HARLEY BOND and LILLIAN BOND, husband and wife, to GUSTAVE MANSKA and NELLIE A. MANSKA, his wife, of the City of Detroit, Michigan, dated the 23rd day of September A. D. 1926, and recorded in the office of the Register of Deeds for the county of Wayne and State of Michigan, on the 24th day of September A. D. 1926 in Liber 1814 of mortgages, on page 89, on which mortgage there claimed to be due at the date of this notice, for principal and interest the sum of Three Thousand Three Hundred Twenty One and 50/100 (\$3,321.50) Dollars, and an attorney's fee of Fifteen and no/100 dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Wednesday, the 8th day of May, A. D. 1929, at 2 o'clock in the afternoon, the undersigned will, at the West entrance on the steps of the County Building in the City of Detroit, that being the place where the Circuit Court for the county of Wayne is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest, and all legal costs, together with said attorney's fee, to wit:

Lot Number Twenty (20) Harvey subdivision of Lots Thirty-two (32) Thirty-three and south half of lot Thirty-one (31) of Sec. 16 subdivision of the west half of fractional section Two (2) Town Two (2) Range Eleven (11) East of Detroit, Michigan, and known as 5669 Woodrow avenue, Detroit, Michigan.

GUSTAVE MANSKA, NELLIE MANSKA, Mortgagees.

LIGHT IT IS MAGNETIC

Of the several means which the storekeeper may use to attract the attention of passers-by, good window lighting is one of the most magnetic. Moreover, proper interior illumination of the store has a favorable influence on the customer who comes in to buy. Well-lighted and well-displayed merchandise is attractive to the buyer.

Your store lighting may be a helpful factor in your business—if it is adequately done. But it's a job for measuring instruments and illumination experts.

Our illuminating engineers are part of your store's staff—be it large or small. There is no charge for this service.

NORTHVILLE TEAM MET DEFEAT LAST FRIDAY NIGHT

Plymouth high school's basketball squad gained a two-point victory over the Northville quintet in a hard game last Friday night at Northville.

The Northville boys put up a hard fight all the way, but were trailing on throughout the entire game and were in the finish beaten by a score of 15 to 13.

Up until last Friday night, Northville was leading in the suburban league when the Bucks sent them into a tie with Farmington. Some of the best team work Plymouth has ever shown was displayed before their opponents and the entire crowd of fans.

At the end of the first half our neighboring boys knew which team was the stronger, and in all, they felt it during the last few minutes of play.

Plymouth (15) Northville (13)
Knapp L. F. McCordle
Gust R. F. Watts
Sackow C. LeFevre
Beegle L. G. Huff
DePorter R. G. Leavenworth

Score first half—Northville, 7; Plymouth, 11. Final score—Plymouth 15; Northville, 13. Field goals—Northville: Watts, McCordle, 2; LeFevre, 2; Plymouth: Gust, 2; Sackow, 2. Free throws—Plymouth: Gust, Knapp, 2; Sackow, DePorter. Northville: Huff, LeFevre, Leavenworth. Substitutes—Northville: Johnson, Referee—James.

B TEAM LOSES TO NORTHVILLE

After leading for the full last three periods, the Northville B team almost stumbled in the last stretch last Friday night and defeated the Plymouth B team by a score of 13 to 11, in a very fast basketball game.

The contest was one of the fastest played by Plymouth's B team this season. At the end of the first half Northville was leading by a score of 12 to 2, but in the last half the local team held their opponents to one point while they scored nine.

Plymouth (11) Northville (13)
Randall L. F. Fredenburg
Hondorp R. F. Rifenburg
Straub C. Ely
Pankow L. G. Gynlee
Metevla R. G. Cavel

Score first half—Plymouth, 2; Northville, 12. Final score—Northville, 13; Plymouth, 11. Field goals—Randall, Straub, 2; Pankow, 2; Ely, Greenlee, 2; Fredenburg, 2. Points after fouls—Randall, Fredenburg, 2; Greenlee. Substitutes—Northville: Beach, Kerr, Libble; Plymouth: Ferguson, Cline. Referee—James.

SUBURBAN LEAGUE STANDINGS.

Team	Won.	Lost.	Pct.
Northville	4	0	1000
Farmington	4	1	800
Dearborn	3	2	600
Wayne	2	3	400
Plymouth	1	4	200
Roosevelt	0	5	000

"VIERRA'S HAWAIIANS."

An opportunity to enjoy genuine Hawaiian music, with its rhythmic, tuneful plaintiveness was afforded those hearing "Vierra's Hawaiians," who appeared here, Tuesday evening, February 5th, on the local Entertainment Course, in "An Evening in Hawaii."

Five instrumentalists and soloists presented a program of native Hawaiian numbers as well as popular and classical selections.

Mr. Vierra, manager, was one of the first to bring Hawaiian music to America, where its indefinable beauty and enchantment have made it tremendously popular everywhere.

The audience seemed to feel the enchanting spell of the island as it was reflected in the music so artistically rendered by these artists.

"WE ARE SEVEN."

The first forty-five minutes at the beginning of each Friday afternoon finds six girls busily engaged in doing their favorite needlework. Since finishing our silhouettes we have been working on various things. One of the girls chose to make a luncheon set, while another thought embroidering some quilt blocks would suit her better. One person in the club evidently means to be comfortable, for I do believe that altogether she has made four or five pillows. Miss Wells offered to show us how to do some Italian hemstitching if we cared to work on that. Most of the girls preferred to wait until after Christmas before they decided that they needed any hankies.

Sewing is not the only art engaged in at our weekly meetings. The art of conversation is not neglected. Needlework does not require so much concentration that talking is impossible, as in the case of some of our modern pastimes. For instance, while a person is playing bridge there is usually absolute silence. The better a player is the less he talks. This is quite a deplorable situation, as it tends to make a person narrow-minded, for the topics of the day go undiscussed. Perhaps the sewing circles and quilting bees, though old-fashioned, have their good points after all.

We had a visitor from the masculine gender at the last meeting. He came in with the intention of receiving some help in geometry from Miss Wells, but he must have thought the relating of the girls' experiences and adventures so intriguing that he wanted to remain. We enjoy Howard's company very much, and he has promised to visit us again some time.

HI-Y AND TORCH CLUB.

A father and son banquet is to be given by the Hi-Y and Torch club Tuesday, Feb. 12. Philip Lovejoy, assistant superintendent of schools, Hamtramck, will be the speaker. Mr. Lovejoy is noted for his work with boys' and girls' clubs.

The officers for the banquet are: Leroy Simmons, general chairman; program committee, William Bake, chairman; Ervin Foster, Norman Atchison; refreshment committee, Beryl Smith, chairman; Charles Beegle, Alvin Van Bonn, Kenneth Groth; ticket committee, Cecil Packard, chairman; Gerald Simmons, Charles Ball.

The Methodist ladies will serve the dinner. Tickets, 75 cents each.

HI-Y CLUB.

Friday, Feb. 1, the Hi-Y club elected new officers as follows: Alvin Van Bonn, president; Norman Atchison, vice-president; Kenneth Gust, treasurer; Cecil Packard, secretary.

LOS GITANOS

The Travel Club is working on a new poster depicting the activities of parts distant from our home town.

At the meeting January 10, the members discussed plans for the ensuing semester. Many things of interest are booked for the enjoyment as well as the education of the club. One of these items is a group of slides wherein South Sea Islanders and the life of the dwellers on these bits of land are shown.

Slides on the Glacier National Park from the University of Michigan have been shown and were very interesting. A new vice president of the club had to be elected because that member dropped the club. Evelyn Ash is the one who now fills the place.

The first meeting during the second semester was held last Thursday. Five new members were brought in—Russell Wendt, Lawrence Hanchett, Carl Denton, Fred Rich, Elizabeth Hayball and Amy Blackmore, making our number nearly twenty-five.

A trip through the Lincoln plant, Free Press building and other places of interest in Detroit was planned for February 9, but it had to be postponed until a later date. Also plans for a Valentine Party at which the new members are to be initiated, were discussed. The initiation part has caused much comment and worry on the part of those to be brought in. The party will be held at Lorraine Corbett's Monday evening, February 11, with a supper first and entertainment afterwards.

The club is a boon to those who like to take the magic carpet route to far away lands where one can wander for a few minutes without a care or worry concerning the dull routine of the average school program.

HONOR ROLL

The following is the honor roll for the fourth marking period. Next week will be published the honor roll for the whole first semester:

Seventh Grade.
 Buzzard, Margaret—3 As and 5 Bs.
 Champ, Robert—5 As and 3 Bs.
 Ford, Kathleen—4 As and 4 Bs.
 Haulley, Ruth—2 As and 6 Bs.
 Hourin, Ruth—5 As and 4 Bs.
 Rathburn, Coraline—6 As and 2 Bs.
 Taylor, Belle—5 As and 3 Bs.
 West, Rosemary—3 As and 6 Bs.

Eighth Grade.
 Clay, Marjorie—7 As and 1 B.
 Gordon, Richard—4 As and 4 Bs.
 Groer, Kenneth—6 As and 2 Bs.
 Humphries, Irene—5 As and 4 Bs.
 Kreeger, Andrea—5 As and 3 Bs.
 Nichol, Elizabeth—3 As and 5 Bs.
 Nichol, Christine—6 As and 2 Bs.
 Schantz, Claire—4 As and 5 Bs.
 Urban, Mary—7 As and 1 B.

Ninth Grade.
 Ash, Edwin—4 As.
 Bennett, Mary—4 As and 1 B.
 Coats, Mary Nell—4 As and 1 B.
 Currie, Elizabeth—3 As and 2 Bs.
 Davis, Ethel—2 As and 2 Bs.
 Dudek, Steve—4 As and 1 B.
 Gilbert, Mildred—3 As and 2 Bs.
 Gust, Marlan—5 As.
 Herter, Vincent—1 A and 3 Bs.
 Hubert, Dorothy—1 A and 1 B.
 Kirkpatrick, Billy—3 As and 2 Bs.
 Miller, Bruce—2 As and 3 Bs.
 Perkins, Avis—2 As and 3 Bs.
 Todd, Maxwell—4 Bs.
 Wagness, Leulah—4 As.
 Withey, Hazel—3 As and 1 B.

Tenth Grade.
 Daly, H. Lester—3 As and 2 Bs.
 Fogarty, Bernice—3 As and 2 Bs.
 Haines, Doris—4 As and 3 Bs.
 Jewell, June—2 As and 3 Bs.
 Luttermoser, Viola—4 As and 1 B.
 Pennell, Kathryn—2 As and 3 Bs.
 Randall, John—2 As and 2 Bs.
 Rudick, Lawrence—4 As.
 Savery, Norma—2 As and 3 Bs.
 Winkler, Henrietta—3 As and 1 B.

Eleventh Grade.
 Ash, Evelyn—4 As.
 Gallimore, Dona—1 A and 3 Bs.
 Golden, Anna—2 As and 2 Bs.
 Gust, Kenneth—3 As and 1 B.
 Hamilton, Clarice—4 As and 1 B.
 Kenyon, Gale—4 Bs.
 Rathburn, Hazel—2 As and 3 Bs.
 Schultz, Martha—4 As and 1 B.
 Strong, Elizabeth—3 As and 2 Bs.

Twelfth Grade.
 Bentley, Dorothy—2 As and 2 Bs.
 Beyer, Hazel—4 As and 1 B.
 Dunning, Margaret—1 A and 3 Bs.
 Gilbert, Alice—3 As and 2 Bs.
 Hamilton, Ruth—5 As and 1 B.
 Hayball, Elizabeth—3 As and 1 B.
 Helke, Rosalind—2 As and 3 Bs.
 Krauter, Irene—4 As.
 Livingston, Lawrence—1 A and 5 Bs.
 Root, Ruth—2 As and 3 Bs.
 Schmidt, Florence—1 A and 3 Bs.
 Smith, Beryl—4 As and 1 B.
 Travis, Heloise—2 As and 3 Bs.

A CHANGE IN TEACHERS ANNOUNCED

WHAT IS HARMONY?

Tonight the band will play for the basketball game with Wayne as they have for all our home games so far this year. It is under the direction of Mr. Dykehouse with Max Todd as drum major. The members wear full uniform and are placed on the stage where they can be seen and heard to the best advantage and yet are out of the way.

Now to drift to the more practical part of Mr. Dykehouse's work—his Physics class. They have taken two of the six seat-belt tests in connection with their work in sound. They are using Victrola records and test-est such things as pitch, harmony, time and so forth. The chords given in the harmony quiz seemed to be the hardest because the two sounds were so much alike—one sounded as bad as the other. Miss Schrader may later use these tests in her music classes.

SHADES OF BRYAN!

The time has rolled around again when every would-be Webster, Burke or Clay tries his hand at charming a crowd. In other words, the annual Declaration, Oratorical and Extemporaneous Speaking contests are at hand. The Declaration contest is open to the 9th and 10th grades, the Oratorical contest to the 10th and 11th and 12th grades, and the Extemporaneous Speaking contest to the 9th, 10th, 11th and 12th grades. The Declaration contest consists of giving a memorized speech composed by some outstanding orator. In the Oratorical contest the contestants write and memorize their own speeches. In the Extemporaneous Speaking contest the contestants have only one hour in which to prepare their speeches. The subjects for this contest are chosen from January, February, March and April numbers of the Literary Digest and Review of Reviews.

The local contest will be held not later than March 1 and the suburban district contest April 12.

The purpose of these contests is to promote an interest in Forensic activities in the public high schools, and we hope and expect a large number of high school students to participate.

GENERAL ASSEMBLY.

The high school band, under the direction of Mr. Dykehouse, played for us at the last assembly. The Saxophone quartette of the band played "Sweethearts on Parade" and "Paradise Waltz."

On Friday evening we played Northville there. The score was thirteen to fifteen in favor of Plymouth. After school, at three forty-five, the freshman girls played the juniors, the latter winning the game.

Every year the school conducts an oratorical and declamation contest. The ninth and tenth grades are eligible for the declamation contest and the eleventh and twelfth for the oratorical. Ruth Hetsler asked that all pupils interested see Miss Cadaret that day.

The debate with Visitation high school, of Detroit, was decided unanimously in our favor. This decision makes the debating team eligible to participate in the elimination contest.

The Student Council asked all pupils to purchase their activity tickets as soon as possible; these are only fifty cents and permit the student admission to all school activities.

The annual Senior Prom will be held on Friday the fifteenth in the school auditorium. The class promises some very novel decorations and favors. Ted Barton and his Oklahomaans will provide the music. All high school students have the privilege of inviting one outside guest if they desire, but otherwise the prom is invitational.

Mr. Smith gave a short talk in which he commended the students who were successful in their studies during the preceding semester and encouraged the students who failed. The number of students who passed the semester tests was very high and Mr. Smith warned the successful students against over confidence. He asked the students who failed to work hard, as a success after a failure is always to be commended.

The main factors to success as outlined by Mr. Smith were first: Discovery or recognition of the talents within ourselves; second: development of these talents; third: the using of these talents; and the fourth: loyalty to the institution giving one the chance. With the end of this speech our first assembly of the new semester was brought to a close by the singing of the light song.

In the local high school gymnasium Friday, February 8 (tonight) at 7:30 P. M., the Plymouth high school basketball team will oppose the strong squad from Wayne in their second encounter of the season.

Wayne won the first game by a two point margin on their own floor. With a good crowd of fans, Plymouth will put up a hard fight to retain their winning streak. There are two games, the first starting at 7:30 P. M.

MODERNISTIC ARITHMETIC

So far we have not had anything about our art and Junior arithmetic classes in the Pilgrim Prints. It seems that there cannot be much because, as both teachers heartily exclaim, "Why we aren't doing anything out of the ordinary—work goes along as usual." However, the "ordinary" and "usual" thing in a teacher's life is often interesting and amusing to an outsider.

Miss Birkenbauer says she has a new group of seventh graders who are doing very well in arithmetic. That is unusual—most seventh graders do not do well in arithmetic. She also has an eighth grade class which is learning whether it is better to own or to rent your own home. That is interesting. When they agree it will be such that in years to come people will either not be able to sell their houses or to rent them. I don't know which is not—the eighth graders have not decided, however, either way a person will have to live forever in the house he was born in.

The grammar classes have finished some valentine problems under the direction of Miss Cooper while the seventh and eighth grade art students are working on border designs under Momyard. Momyard makes me think of leopard but I do not suppose they are related. The high school scholars have just finished some posters, advertising gifts—brass, bronze, imports, kiddies (cups and brass) and are now working on modernistic designs with animals or birds as motives which are being planned in show card paints. They smell horribly.

That is all there is to tell about these departments but we will have more, come next month.

"Modernistic" stands for the designs in Miss Cooper's art classes and "Arithmetic" stands for Miss Birkenbauer's classes.

SCHOOL

School, the land of books and teachers Of pencils, pens and History preschers, Where fun and thought go hand in hand, And all are one big happy band.

Some think Geography quite a joke, And others, French devour, For others Greek will choke, With English show their power.

In Mathematics some are bright, And some in English shine, For others there's no gleaming light, Except in type which is their line.

So pack your brains all in a row, And take those subjects there, Which may be hard, but schedules show, Are the next step on the stair.

Then step by step you trudge afar, And vagaries you shun, Then hitch your wagon to a star, Your life is but begun.

STARKWEATHER NOTES.

Because of the changing in classes due to promotion there was but very little news of interest in the Starkweather school during the past week.

Four boys in Mrs. Mole's room were neither absent nor tardy during the first semester. They were Richard Miller, Jack Stevens, Lester Upton and Harold Wilcox.

Formerly Miss Balfour had both third and fourth grade pupils, but this semester they are all of the third grade, and are thirty-nine in number.

Thirty-nine students of the 1A and 2B grades are enrolled in Miss Stader's room.

Miss Spiegleberg has twenty-seven pupils this semester.

Stella Dudek is the only one who was neither absent nor tardy during the first half of the school year.

No matter how honest or honorable a man is, he is never quite a good friend or the best citizen if he persists in unkind criticism of others. Worthy deeds cannot make up for unkindness.—Exchange.

P H S

SCHOOL CALENDAR.

Feb. 11, Monday—
 Feb. 12, Tuesday—Hi-Y father and son banquet.
 Feb. 13, Wednesday—Basket ball game with Dearborn, here.
 Feb. 14, Thursday—General assembly, with Rollin Pease as speaker. It is only recently that Mr. Pease has been available to the schools and colleges of the School Assembly association. He is a bass baritone soloist of the Washington National opera and took the part of Lothario in "Mignon," "Ko Ko in "Mikado," King in "Aida" and Elijah in "Elijah."
 Feb. 15, Friday—Senior prom. Debate at 2 p. m., Trenton, there. Plymouth has the negative.
 Feb. 18, Monday—
 Feb. 19, Tuesday—
 Feb. 20, Wednesday—Junior high assembly.
 Feb. 21, Thursday—
 Feb. 22, Friday—Basket ball game with Farmington, there.

NOTICE OF MEETING OF BOARD OF REVIEW.

Notice is hereby given that a meeting of the Board of Review of the Village of Plymouth, Michigan, will be held in the office of the Village Clerk at the Village Hall on Saturday, February 2, 1929, from 2:00 to 5:00 o'clock P. M. at which special assessment rolls and a rebate roll as indicated below will be reviewed.

- The following special assessment rolls, covering districts which have been heretofore particularly described and defined, will be reviewed:
1. S. Harvey St. Storm Sewer Roll No. 19.
 2. Golden Road Water Main Roll No. 20.
 3. Kellogg St. Water Main Roll No. 21.
 4. Sunset Ave. Water Main Roll No. 22.

The following special assessment rolls, and rebate roll, covering districts herein described and defined will be reviewed:

1. Pacific Ave. Water Main Roll Number 23, covering all lots and parcels of land abutting upon Pacific Ave. from Farmer St. to Junction Ave.
2. Harvey St. Storm Sewer Supplementary Roll Number 24, covering the following described district: All lots and parcels of land abutting upon both sides of Ann St. from the south lines of lots 56 and 67, Plymouth Heights Add. to William St.; upon both sides of Harvey St. from Penniman Ave. to Junction Ave. except lot 10. Assessors Plat Number 1 of the Village of Plymouth; upon both sides of Adams St. from Church St. to Junction Ave.; Lots 9 to 14 inclusive, Kate E. Allen's Add. to Park Place; Lots 6 to 9 inclusive, Assessor's Plat Number 1; and all lots and parcels of land abutting upon both sides of Church St. from Harvey St. to the west line of the First Methodist Episcopal church property upon the north side, and the east line of the Presbyterian church property upon the south side.
3. North Harvey St. Storm Sewer Rebate Roll Number 25, covering all lots and parcels of land abutting upon both sides of North Harvey St. from Farmer St. to Junction Ave.

All parties desiring themselves aggrieved relative to the above special assessments and rebates, will be given an opportunity to be heard relative thereto.

A. J. KOENIG, Village Clerk.

NOTICE OF PRIMARY ELECTION.

Notice is hereby given that due to the filing of nominating petitions for candidates for membership upon the Village Commission of the Village of Plymouth in a number greater than twice the number of offices to be filled, a primary election will be held Monday, February 11, 1929 for the purpose of reducing the number of candidates to be voted for at the regular election; to a number equal to twice the number of offices to be filled by such election pursuant to the provisions of Section 6, Chapter 2 of the Charter of the Village.

The election will be held at the usual polling place at the Village Hall. Polls will be open upon the day of the election from 8:30 o'clock A. M. to 7:00 o'clock P. M. Eastern Standard Time. Opportunity will be given all qualified voters of the Village to register for said Primary Election at the office of the Village Clerk during the usual office hours of every business day. The Board of Registration will be in session from 9:00 A. M. to 3:30 P. M., February 9, 1929 to register those who have not up to that time been registered.

A. J. KOENIG, Village Clerk.

NOTICE TO DOG OWNERS.

Ordinance No. 84, recently passed by the Village Commission, which requires the licensing of all dogs owned and kept within the village, becomes effective February 1. License tags are now available and may be procured at the village hall. License fees are \$1.00 for males and unsexed females, and \$2.00 for females not unsexed, if the animal has been vaccinated for rabies. Fees for unvaccinated dogs are four times the above.

A. J. KOENIG, Village Clerk.

NOTICE TO THE PUBLIC.

Persons living upon streets which they desire to have paved during the 1929 season are urged to circulate the necessary petitions and file them for the consideration of the Commission at its next regular meeting to be held February 4, that proper steps may be taken to present a bonding proposal at the spring election. Petitions for circulation will be prepared by clerks in the village office upon request.

A. J. KOENIG, Village Clerk.

Trappers and Hunters

We are in the market for your Raw Furs same as ever and will pay the highest prices obtainable anywhere in Michigan. Three-fourths of our furs are bought from dealers all over Michigan. You can get our liberal sort and dealer's price for yours. Call mornings or Sundays. Large lots, small lots, any time.

GHOSTLY BANDS PUT SOUNDS IN MOVIES

At an election held Wednesday evening in the Wayne high school, the board of education was authorized by a 51 affirmative against 2 negatives to borrow ten thousand dollars to complete the school building on the Dewey avenue site in Wayne.

Dearborn is to have a new Catholic church to be known as the Sacred Heart church, which will cost approximately \$250,000. The building will have a seating capacity of 900 persons and will be one of the finest types of architecture in the country.

As the results of the two recent disastrous fires in Howell, the people of that city are considering the need of trained fire fighters.

Announcement has been made of the resignation of Rev. Frank P. Knowles as pastor of the First Presbyterian church of Northville. The resignation was made known last Sunday and action was taken upon it at the meeting of the church board Thursday night. Rev. Knowles came to Northville from Monroe about five years ago and in the time he has been here he has made many friends. His plans for the future have not yet been announced. He will not get the pulpit of the church Sunday. Rev. Benjamin Heidman, of Detroit, will occupy the pulpit Sunday morning and there will be no evening services.—Northville Record.

When Milfordites went to the post-office Monday morning they were distinctly aware that something had happened to the interior since closing time Saturday night. That something was the installation of the 190 new lock boxes, replacing the old mail boxes, and the moving of the partition ten feet nearer the front. This diminishes considerably the size of the lobby, but gives the postoffice force needed working space at the back.—Milford Times.

TEACHER WEDS AT PLYMOUTH.

A pretty wedding was solemnized at the Catholic church in Plymouth last Saturday morning, Jan. 26, at 8 o'clock, when Miss Josephine Papineau, teacher in the Wood school, and William J. Shotka, of Plymouth, were married by the Rev. Fr. Lefevre. They were attended by the bride's sister, Mrs. Cora Waterbury, of Clarkston, and Frank Kurzava, of Ferndale. The ceremony was witnessed by the immediate families and a few friends.

Mrs. Shotka is completing her third year as teacher in the Wood school, where she is very popular.

Soon after the wedding the bride's mother and sister and family, of Clarkston, left by motor for Florida, where they will remain the balance of the winter.

Mr. and Mrs. William Oakley tendered the newlyweds a dinner at their home Wednesday night, following which neighbors and patrons of the school joined in a surprise kitchen shower. It was a merry occasion.

Mr. and Mrs. Shotka have the good wishes of a host of friends.—South Lyon Herald.

PETITION ASKS FOR ABANDONMENT OF INKSTER VILLAGE.

A petition signed by more than 500 persons has been filed with the village clerk of the Village of Inkster asking that the proposal to vacate the incorporation of the village be submitted to the voters of the village at a regular or special election. The petition was received by the council on Jan. 18 and the date for the special election has been set for March 14.

It is understood that the petition bore 535 names and that 255 were found to be qualified electors. This is sufficient, it is understood, to bring the matter to a vote of the people.

The charter of the village requires a two-thirds majority vote to dissolve the incorporation. According to advices received by the Press the proposal was sponsored by residents of the eastern portion of the village. That portion of the village is in Dearborn township and the residents hope that this will open the way for annexation to the Greater City of Dearborn.

The regular primary election of the village will be held March 4, and candidates must file their petitions with the clerk on or before Feb. 15.—Dearborn Press.

FERNDALE'S STEEL MILL READY BY EARLY MARCH

Steel & Tubes, Inc., has practically completed its first factory unit at Ferndale and machinery is being installed. The building is located at Wanda avenue and the Grand Trunk railroad and is 210 by 537 feet, steel and concrete. The plant will start operations early in March, employing 300 to 400 men.

Plymouth motorists tell us the shatter-proof windshield is here. Now if we can get rubber telephone poles the worst will be over.

GHOSTLY BANDS PUT SOUNDS IN MOVIES

Snores and Snorts Linked to Pictures at Night.

Hollywood, Calif.—It is the darkest middle of the night and the great studio sprawls like a town of fantastic shadows between the dry river bed and the barren hills.

The supposes there is a night watchman somewhere on the lot, but apparently he does not see the dim figures slinking one by one toward a lank structure, each carrying something, and each disappearing through the same small door in the building.

Heading away from the studio, they might have been taken for burglars (escaping with their loot, but under the circumstances it is more reasonable to guess they are conspirators of another sort.

The interior of the building is dimly lit, but by mingling casually with the crowd one can see very clearly what they carried in—two saxophones, a galvanized-iron washtub full of tin cans, a cornet, a tuba, a clothes wringer, three phonographs, a school bell, several cowbells, a hand-operated alarm gong, three sizes of electric bells, innumerable tin brass and wood whistles, many assorted pieces of wood and metal, half a dozen panes of window glass and a metal cylinder of compressed air.

Jolly Looking Conspirators.

Obviously these are not the phernalia of arsonists or dynamiters, and, besides, even in the dim light, the conspirators have a jolly look.

It begins to look more like preparations for an old-fashioned charivari. Before one can ask who was married, however, the head conspirator explains everything:

"Our job tonight," says he, "is to synchronize Oswald the Rabbit."

Oswald, one learns, is the pen-and-ink hero of an animated cartoon which, in keeping with the modern craze for screen sound, must be embellished with music and noise-effects.

Six musicians, skilled in leaping nimbly from tune to tune in harmony with the action on the screen, take their places under one microphone. Another microphone hangs near the table where all the bells and whistles are spread. A large man in overalls sits near the tubful of tin cans with a wooden paddle in his hands, as if waiting for the cauldron to boil; the other conspirators stand here and there between the microphones, ready to make the right noises at the right times.

Rehearse at Showing.

They rehearse with the picture running on the screen in front of them. As the main title of the comedy appears on the screen the orchestra leaps into an overture, while the other sound-smiths stand tensely waiting for their cues.

When the opening scene discloses Oswald sleeping in his bed, the orchestra dodges quickly into a cradle song while a lad within whispering distance of a microphone snores rhythmically and another specialist imitates the squeaking of the bed by running sole leather through the clothes wringer.

After each rehearsal the recording engineer in the sound-mixing booth, who hears all this as it will sound to an audience, suggests improvements.

And again and again the mixed symphony of harmonies and discords is rehearsed; then, "This is the picture, boys," and they go through it once more, with the sound-recording apparatus registering everything on celluloid.

Along about sunrise the sound smiths call it a night and go home, tired and hungry, but with a little glow of pride at the thought that their artistry has made it possible for the world to hear as well as see Oswald the Rabbit.

1660 Sunflower Chest Is Bought for \$4,500

Middletown, Conn.—A sunflower chest that had escaped the ownership of a museum was sold here for \$4,500. The chest was made just above Hartford about 1660 as a dowry chest. American oak formed the chest proper while the lid was of pine. Three panels, each adorned with the carving of a sunflower, decorate the lid and give the chest its name.

Joseph Covell of Portland owned the chest and sold it to John Tynan of Middletown, a private collector of early American furniture. All other known examples are in public museums.

The First Lottery.

The earliest known lottery was drawn at Eruges on February 24, 1440. The late state lottery in England was drawn on October 18, 1829, at Coopers hall, London, in Basinghall street.

PROBATE NOTICE

STATE OF MICHIGAN,
County of Wayne, ss.
147841

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-fifth day of January in the year one thousand nine hundred and twenty nine.

Present EDWARD COMMAND, Judge of Probate.

In the Matter of the Estate of CHRISTIAN LONG, Deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.

It is ordered, That the sixth day of March, next at ten o'clock in the forenoon, at said Court Room be appointed for proving said instrument.

And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail a newspaper printed and circulating in said County of Wayne.

EDWARD COMMAND,
Judge of Probate.

(A true copy)
Theodore J. Brown,
Deputy Probate Register.

PRIMER OF ALPHABET TURK'S BEST SELLER

Population Going to School All Over Again.

New York.—Dictatorship is accomplishing in China, Turkey, and Italy in a few years what heretofore has required centuries—the building up and enforcement of new languages. Turkey, in particular, is going to school all over again and everywhere, on the streets, in the stores, in the street cars and trains Turks are poring over the primer decreed by President Mustapha Kemal Pasha, who believes that adherence to the ancient Arabic script and type has had a retarding influence upon the country.

Everywhere the new primers are being sold by newsboys, news dealers, and in book stores. The Latin alphabet with the equivalent of each letter in the Arabic script, also is being displayed and sold for a few pennies on almost every street corner. Signs on the stores and shops are being changed to Latin characters, while the newspapers gradually are printing the news in the new type.

Newspapers Help.

"Schools have sprung up in every village," says Miss Adelaide McNamara, director of exhibits in the New York city department of health, who recently returned from touring Europe, "and I was amazed to note the progress being made in Turkey. Not many years ago when I was there less than 10 per cent of the population was literate, but now every one you meet is reading, and the majority of them reading the new primer.

"Every day the newspapers print the picture of some familiar object with the name beneath in the old Arabic and the new Latin characters. In this way the entire population is gradually being taught the new alphabet. One of the most striking things I noticed was that the traveler on the railroads for the first time can read the names of the stations he passes.

"Mustapha Kemal seems to have won the whole country over to his point of view, and, at any rate, he is forcing the country to enlighten itself, for if the present desire for education continues every man, woman, and child in Turkey will be able to read and write, something many countries cannot boast."

The new Latin alphabet is not only to come into current use but the Constantinople dialect is to become the criterion for Turkish pronunciation, according to Miss Elizabeth MacCullum, who is in charge of the Near East division of the Foreign Policy association. Miss MacCullum thinks the average Turk is sure to feel a relief at seeing the exact phonetic value as pictured by the new Latinized alphabet.

"The Turkish primer, or alphabet, which President Kemal has sought to enforce upon the Turkish nation," says Miss MacCullum, "in place of the Arabic characters, imposes a number of characters whose phonetic values are borrowed mainly from the French and Hungarian alphabets, together with a few conventional characters adopted from the system in use among international orientalist.

Turks, Mongolians.

"A striking feature of the Turkish language, when transcribed into Latin characters, is the new phonetic values which lie hidden behind the garb of Arabic letters. It should be borne in mind that whereas the Turks are a Turanian people and belong to the Mongolian race, the Arabs are Semites. When the Turks came in contact with the Arabs and absorbed their culture, customs, and political heritage they adopted their religion and wrote their own language in Arabic characters. But the two languages, Turkish being Turanian and Arabic Semitic, are incompatible linguistically. Hence a marked difficulty arose.

"This difficulty lay mainly in that the Arabic language quite infrequently fails to produce the exact sounds of the Turkish vowels. So that a number of Arabic letters have had to acquire a new pronunciation. For instance, the word 'Turk' itself may be transcribed into English thus: T, as in English; U, as in duke; R, as in English; K, as in English. According to Arabic phonology, it should be pronounced 'Turk'. But the Turks pronounce it 'Turk', the U as the French pronounce it, thus creating a new sound to the Arabic U, or Waw, as the letter is called."

New Aluminum Soldering Process Has Big Value

Stockholm.—A new method for tinning and soldering aluminum has just been evolved by two Swedish inventors, G. M. Eklund and Harry Johanson. Through this process it is possible at a very moderate cost to solder aluminum effectively and to plate aluminum with tin, a coating sufficient to resist corrosion in ordinary household use. The invention will be of great practical value and has already attracted considerable attention among metal experts in foreign countries.

Cuba Prohibits Music of Old Spanish Days

Havana.—The Cuban government has forbidden the playing of airs reminiscent of colonial days in Havana. It was pointed out that many of the tunes were closely associated with the execution of Cuban patriots. The two considered most objectionable were La Marcha de Cadiz and El Tambor de Granaderos.

Uncle Eben.

"De science folks say dar is bigger suns out in space dan de one we does business wit," said Uncle Eben. "After dat hot summer all I asks is dat dey keeps deir distance."—Washington Star.

They used to take a drink of whiskey for a cold. Now some of them take a drink and stay cold for ages.

"ALLEY" KID TURNS OUT TO BE GENIUS

Amazes Art Critics With His Paintings.

Chicago.—The conversion of a "worthless alley kid" into a budding genius amazed art critics as they surveyed the paintings of eleven-year-old Dominic Randazzo.

Dominic is a prodigy of Hull house, Jane Addams' famous social welfare center on the edge of the Chicago ghetto. Twelve months ago he was classed by his teachers as "subnormal," a year behind in school, lazy, sulky and wizen.

Today Dominic has sold four paintings and his eldest brother, formerly his severest critic, says he "always knew the kid was the only one in the family with brains."

Formerly the brother had considered Dominic to be just a good-for-nothing little boy who was destined to grow up to be a worthless citizen. His mother was dead and he lived with his father, two brothers, a sister, and a sister-in-law in two rooms of a dark tenement building on the West side.

One day he wandered into the art school at Hull house and watched a group of boys and girls no older than himself painting white ships on blue water. The sight entranced him and he asked if he could "play with the paints like the other kids."

Hull house instructors soon discovered Dominic's aptitude with colors and clay. His laziness and sulkiness disappeared. His wizen face brightened up. Dominic was on the way to finding himself.

When he took the profits home after a lady from the gold coast had bought one of his first paintings, Dominic's father accused him of stealing the money.

Critics predict now that Dominic, "the worthless alley kid," will make much more money. They see in his early work the beginnings of a real artist.

Cleveland Fire Chief, 81, Still Quite Active

Cleveland.—George A. Wallace, Cleveland's eighty-one-year-old fire chief, keeps young answering alarms and putting out fires.

That's about the only explanation one can offer as they view the veteran of hundreds of conflagrations direct- ing dozens of companies under conditions which would appeal to few persons.

There are surely not many whose jobs agree so well with them.

Wallace, tall and straight, walked into his office the other day chewing and puffing a black cigar. It was 11 a. m.

"Yeah," he said, referring to a \$75,000 fire in which two rooming houses were partly destroyed, "it was a tough fire. Very smoky. And a smoky fire is worse than one full of flames. My men can see nothing. It is very disagreeable work for them."

Wallace didn't say how disagreeable it was to him. He spoke only of "his men."

Speaking of the effects of a fire on firemen, Wallace said:

"Smoke is bound to get into their bronchial tubes. Some come to me and complain.

"Here's my remedy," he said. "I tell them to hunt up a bootlegger the next day and they'll be all right. Of course, when they ask me to tell where to find one, I couldn't do that.

"I couldn't tell them if their lives depended on it."

Wallace is the only surviving member of the original 73 who formed Cleveland's first fire department in 1809.

Wife Drives Fire Truck, Husband Handles Hose

Coleman, Texas.—Although she is often compelled to leave the family's meals cooking on the stove, Mrs. Leonard Lee, wife of this town's only paid fireman, thoroughly enjoys driving a speeding truck to a fire.

Necessity made her a "fire woman." The Lees have a home on the second floor of the fire station and her husband usually is the only fireman on duty. So when both the chemical truck and the hose and ladder wagon are needed to battle a blaze she takes the steering wheel of the truck.

An expert driver, she usually reaches the scene of a fire before her husband and volunteer firemen arrive.

Bullfight Looing

Lima, Peru.—The people of Lima are losing interest in the bullfight which came here with the Spanish conquest. A few hundred went to the bull ring a recent Sunday while 12,000 persons packed the national stadium to watch Lima and Callao play a 2-2 tie soccer game.

Ancient French Church Yields Strange Relic

Talmont, France.—Excavations under an eleventh century church here have brought to light a curious crypt in the shape of a ship measuring 27 feet by 12. The originality of this shape is augmented in interest by the fact that it is based on a rock 36 feet long, and that of its ten sides four are within only 2 feet of the sea.

IN THE THEATRE

"RILEY THE COP"

John Ford's Fox Films production, "Riley the Cop," which will be shown at the Penniman Allen Theatre Sunday and Monday, February 10 and 11, is not only one of the best comedy-dramas shown here in recent months, but it brings Farrell Macdonald before his public in his first starring role. In the cast with Macdonald is the inimitable Louise Fazenda, Nancy Drexel and David Rollins have the leading romantic roles.

As in all Ford productions, "Riley the Cop," by James Grun and Fred Stanley, is conspicuous for deft touches. It is a smooth-running picture, with innumerable comedy flashes between Macdonald and Miss Fazenda, particularly in Parish and Munich, where much of the action centers.

Macdonald, rated the best-natured "cop" in New York, seldom makes a "blotch." He is known as the station-house philosopher. He squells minor difficulties with a wave of his hand and a bland smile.

When he is sent abroad to bring back a prisoner, however, Macdonald, as Riley, breaks his pledge of ten years. He gets hilariously "loaded" when he meets the fair Lena, otherwise Miss Fazenda, in a Munich beer garden. It is then that young Rollins, the prisoner, finds his own job cut out for him. He must escort the "copper" back to America! From this unique situation arises some of the most engaging comedy seen here in years.

Macdonald, in this picture, more than justifies the faith in Fox executives in billing him as starring material. His work, always consistent, seems to improve with every production in which he appears—and he has many splendid parts. "Riley the Cop" is his best picture. Louise Fazenda's work is excellent. Photography, by Charles Clarke, is exquisite.

In the cast with Macdonald are Henry Schultz, Russel Powell, Mildred Boyd, Del Henderson, Ferdinand Schumann-Heink, Tom Wilson, Mike Donlin, Otto H. Fries, Billy Bevan and others.

On the stage—Lizetta and Her Rhythm Boys.

"SUNRISE"

"Sunrise," the first picture which F. W. Murnau made for William Fox after coming to this country, is scheduled to play at the Penniman Allen Theatre Wednesday and Thursday, February 13 and 14.

This picture commanded high attention in New York where it played a long Broadway engagement. It is a William Fox production.

On this Plymouth patrons will welcome particularly is that it will bring back to the city in a starring role, Janet Gaynor, the magnetic young star who had the role of Diane in "Seventh Heaven." The other star is George O'Brien who has steadily risen in the esteem of theatre patrons throughout the country. Other favorites of the screen world who will be seen in important roles are Margaret Livingston, Ralph Sipperly, Farrell Macdonald, Jane Winton and Arthur Housman. The director is F. W. Murnau, who accomplished a distinct triumph in his staging of "The Last Laugh."

The story of "Sunrise" concerns a husband and wife who are happy in their humble surroundings until a young woman from a neighboring city comes to the fishing village. Her cupidly is aroused by the modest property that the man has accumulated and she deliberately sets about to ensnare him, planning to get him to sell his property, leave his wife and go back to the city with her. She has no regard for the wife nor for the man himself. She intends to drop him as soon as she has obtained the money. When she can think of no better way to get rid of the wife she asks the husband to take her out into the middle of the bay and have the boat seem accidentally to tip over so that the wife will be drowned.

The audience will find the picture possessed of that indefinable something which marks all plays or films that are considered great. No producer can be sure that his play will have this quality until it is screened. No director can promise it even though the script may be alluring.

"VAMPING VENUS"

"Vamping Venus," the First National comedy which comes to the Penniman Allen Theatre, Saturday, February 16 opens in New York of today and jumps back to ancient Greece taking the characters in the modern sequences and showing them as mortals and immortals of the olden days.

Charlie Murray, who plays a New York politician, becomes the political dictator of Greece.

Louise Fazenda, who plays his nagging wife, is Circe, the enchantress, in the Grecian scenes.

Thelma Todd is a cabaret dancer in New York and becomes Venus.

Russ Powell, the cabaret proprietor, becomes Bacchus. Joe Bonomo, the strong man in the cabaret, is Hercules. Spec O'Donnell, a messenger boy, becomes Mercury, and other characters take like parts.

The comedy situation in such a story are unlimited, and the fun riots merrily through the picture. It is a "natural" spot for Murray and Miss Fazenda, famed as fun makers for the screen, and both take advantage of every situation that gives cause for

TRACE RACES TO SOUTHEAST ASIA

Indians, Eskimos and Polynesians Said to Be Kin.

Honolulu.—That the North American Indians, the Eskimos and the Polynesians were related and all sprang from root stocks of southeastern Asia was announced by Dr. Herbert Ernest Gregory, director of the Bishop Polynesian museum here, as established after eight years' investigation by the museum staff.

Doctor Gregory, a geologist of note, who also has been a member of the faculty of Yale university since 1904 gave the following other conclusions of the scientists of the Bishop museum, after compiling evidence throughout Polynesia:

The Polynesian race originated in southeastern Asia, including India and Indo-China.

Several racial elements constitute the Polynesian type, the predominant ones being Caucasian and Mongoloid.

There is no connection between the Polynesians and the African negroids.

The Chinese and Japanese unquestionably sprang from the same racial roots as the Polynesians to whom they probably were related in the distant past.

The Polynesians did not originate in Central or South America. The Hawaiian branch of the Polynesian race came from the southeastern Asiatic coast by way of Raitea in the Society Islands, first settling in Hawaii between 1100 and 1300 A. D.

Findings of the scientists characterized the migration of the Polynesian race as "very late" from the scientific standpoint, and concluded that there is no people today who are pure blooded descendants of the first Polynesians.

Gregory said that while evidence obtained was sufficient to permit the formation of definite conclusions and theories, the investigations still were incomplete.

Education by Radio

Success in England

London.—Conclusive evidence has been obtained by the British Broadcasting company that its attempts to educate adults by means of broadcast lectures are proving a success.

A million pamphlets, to be used in conjunction with educational talks, have been sold in the last twelve months. These pamphlets, costing 1 penny each, were forwarded in response to application by letter.

Since educational bodies enlisted the aid of radio their membership has increased. One hundred and forty groups of listeners meet to hear the broadcast lectures and afterward discuss and debate them.

An official of the company who undertook a tour of the country districts to obtain first-hand evidence of the interest in educational broadcasts learned that farm workers in the agricultural county of Sussex read and enjoyed Plato's "Republic" after hearing a broadcast talk on philosophy.

Mother Earth Is So

Active She May Blow Up

Washington.—Despite the fact there is at least a trillion years of the earth's life of which man knows something, the world is not getting old—in fact, it is so active as to arouse the speculation of some scientists that rather than becoming crippled or stiff in action it may be going to ward the catastrophe of a "nova."

In other words, it may be getting so full of energy as to blow up!

In an article prepared for the Smithsonian Institution year book Josef Felix Pompeckl, a German astronomer, contends the earth is not growing old and may be headed for the fatal "nova."

France Cannot Keep

Them Down on Farm

Paris.—The crisis from which French agriculture is suffering is attributed in great part to the lack of farm laborers, despite the fact that 300,000 foreigners have been imported for farm work since 1914.

Farm laborers of both sexes are now coming from Poland, under contract, at the rate of 60,000 a year. A movement was started to encourage the migration of boys from the town to the country to offset the opposite drift.

Running Close

Washington.—The governments of the forty-eight states collected \$1,758,381,000 in 1927 and spent \$1,726,989,016.

Friends Arm Missouri

Constable for Job

Excelsior Springs.—Jack Sims, recently elected constable of Fishing River township is all equipped for his new job. A group of friends presented Sims with one double barreled pistol, two feet long, and another pistol a foot long; a holster large enough to carry both pistols and several in addition; a pair of handcuffs made from a leg chain, a star about the size of a dinner plate; a club as large as a ball bat, and a bullet proof vest, a steel helmet and a pair of cast iron gloves.

mirth.

"Vamping Venus" was directed by Eddie Cline. It is from an original story by Bernard McConville, and was adapted for the screen by Howard J. Green.

While humor predominates, the picture boasts an artistic background seldom seen in a comedy. There are magnificent sets, hundreds of players and a story that holds interest from start to finish.

"Vamping Venus" has been termed the comedy hit of the year.

A Fortunate Purchase of New Spring Dresses!

Manufacturers operating with us in the opening of our basement store at Wayne gave us liberal concessions and we are passing these savings to the ladies of Plymouth.

While They Last

Dresses in Flat Crepes, Georgettes and Cantons—14 new spring shades. Sizes 16 to 40. Regular \$7.95 values.

Dresses in Flat Crepes, Georgettes, Cantons and Fancies. Every spring shade. Sizes 14-46. Regular \$10.00 values.

\$4.95

\$7.85

2 for \$9.50

2 for \$15.00

If you cannot use a dress, bring a friend, sister or mother.
