IN THE THEATRE

"THE GREAT WHITE NORTH"

That the public is ready for striking novelties in motion pictures has been demonstrated by the success of the run of "The Great White North," which will come to the Penniman Allen theatre Sunday and Monday, March 10 and 11. With no love story, but with an amazing succession of startling shots of bird and animal and sea life and magnificent scenic backgrounds, this production has shown that the public craves stark drama in places where life and death are traveling companions.

Even without the world wide interest in the Arctic caused by the privations of General Noble and his men and the mystery surrounding the fates of those still missing, the manager is convinced this picture would have been warmly received.

No film before has ever combined the thrills of a hunt in a school of whales, a struggle for the capture of polar bears, battles with walrus, the sweeping panorama of thousands of reindeer and the solemn discovery of the remains of men of the Stefansson expedition who had lost in the struggle against Nature's odds.

"THE GARDEN OF EDEN."

Since the essence of a good picture is facile intermingling of drama and comedy, geared to sympathetic characters, Corinne Griffith's first United Artists Picture, "The Garden of Eden," which will appear at the Penniman Allen theatre, Wednesday and Thursday, March 13 and 14, might well be called a Tincture of Entertainment. It is a saturated solution of laughter and novel emotional climaxes, and it is just about what the doctor ordered!

Any scene which holds powerful dramatic appeal, elicits appreciation of the audience, and then is crowned by comedy, approaches greatness. And there are several such situations in "The Garden of Eden"—notably the wedding. Miss Griffith deserves, charmingly but unconventionally garbed, it happens to be her own wedding, and the star plays the role beautifully, with a full understanding of its amusing as well as its emotional qualities. An unusual love story is hard to find, but Miss Griffith has discovered it in this picture; and to make it complete the yarn is fraught with fun.

"The Garden of Eden" takes its name from the gardens of the Hotel Eden, near Monte Carlo, not from the original playground of Biblical fame. But there is a clever parallel to the original Garden of Eden which hobbles up during the unfolding of the tale—even to the apples and the snake. The snake, in this instance, is one flour Glessing, admirably played by Lowell Sherman. Charles Ray has the difficult part of Richard Spangl, opposite the star, and he plays it in a manner which should add to his host of admirers. Louise Dresser is effective in the part of the indigent but good-hearted Baroness, while the rest of the supporting cast is up to the high standard set by the principals. Miss Griffith herself has rarely given so superb a performance. It is a role eminently suited to her talents.

"BLOCKADE."

No more graphic and vivid revelation of the undercover methods of the rum-runners along the coast of Florida has been given the public than is in "Blockade." F B O's mighty sea thriller which will be shown here, Saturday, March 16th, at the Penniman Allen theatre.

Ann Q. Nilsson is seen in the stellar role and had the story of "Blockade," been written especially to fit her engaging winsomeness and artistry in its quieter and more intimate scenes and her amazing energy in its dynamic incidents of strife and battle, it could scarce have proved a happier choice.

Portraying a dashing young woman of mystery and riches, owner and commander of a speedy yacht, who injects herself and her ship's crew into the rumrunning and "hi-jacking" game of the Florida coast, Miss Nilsson gives a sparkling performance that is excellently matched by the supporting cast. Wallace MacDonald capably handles a sympathetic role in the male lead and the other outstanding players are Walter McGrath and James Bradbury, Sr.

"Blockade," which presents many breath-taking scenes made at sea, with battling crews on ships side by side and machine-guns and one-pounders firing upon them from government vessels, bring new laurels to Director George B. Seitz, who has already won fame in the making of sea pictures, notably "Blood Ship." Its direction is careful, artistic and powerful in its development of the story's most gripping incidents.

Lovers of realism and absorbing action upon the screen should by no means miss seeing this splendid picture, which was made from an original story by Louis Sarecky and John Twist, the continuity being the work of Harvey Thew.

Use Mall liners, the cost is little—the results are big.

Picked Up About Town

Dad Plymouth says that maybe after all the nations are disarmed something can be done toward getting the girls to quit vamping.

Ever notice that the man who spends money for hair tonic is still bald and the woman who buys reduction dope is still fat?

Dad Plymouth declares he can remember the time when the corn was in the shock. Instead of the shock being in the corn.

"We're never satisfied," says Dad Plymouth. "If we're poor we stew over our debts and if we've got money we lose sleep for fear somebody will steal it."

Dad Plymouth asserts that the only medium he has any use for is a circulating medium.

Chicago estimates her population at over 3,000,000, but think what it would have been but for the gunmen.

Hearing that the next war will be with insects, Dad Plymouth wants to know if they'll be any worse than the cooties were in the last one.

"Another fine thing about this community," declares Dad Plymouth, "is that there is more talk about the price of milk than there is argument over the cost of corn liquor."

MAN SO NERVOUS GETS SORE WHEN SPOKEN TO

"It actually irritated me to have anyone talk to me. I was so nervous. Vinol ended this and I feel wonderful now."—Wm. Eddy
Vinol is a compound of iron, phosphates, and liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc. give new life and pep. Vinol tastes delicious. Dodge's Drug Store.

NOTICE OF REGULAR ELECTION.

Notice is hereby given that a regular election will be held Monday, March 11, 1929, for the purpose of electing three candidates to membership upon the Village Commission of the Village of Plymouth, and to vote upon the following propositions:

1. Shall the village issue \$20,000.00 of bonds to meet the cost of replacing iron water services with lead pipe, the past summer, on streets being paved, the bonds to be paid from the receipts of the water department as they mature?
 2. Shall the Charter be amended to provide that Village Commissioners shall receive five dollars (\$5.00) per meeting for each meeting attended, with a maximum of one hundred fifty dollars (\$150.00) in any one year? (Two dollars per meeting and a maximum of sixty dollars per year allowed at present.)
 3. Shall the Charter be amended to provide that inspectors of elections receive five dollars per day and gatekeepers at elections three dollars per day for their service at elections. (Four dollars for inspectors and two dollars for gatekeepers now allowed.)
- The election will be held at the usual polling place at the Village Hall. Polls will be open upon the day of the election from 8:00 a. m. to 7:00 p. m., Eastern Standard Time.
A. J. KOENIG,
Village Clerk.

REGISTRATION NOTICE.

Notice is hereby given that all qualified voters of the Village of Plymouth, who are not at present duly registered with the village clerk and who wish to complete such registration for the regular election to be held in said village March 11, 1929, will be given the opportunity to register at the office of the village clerk during the usual office hours of every business day up to and including Saturday, March 9, 1929. The Board of Registration will be in session from 9:00 a. m. to 8:30 p. m., March 9, 1929, to register those who have not up to that time been registered.
A. J. KOENIG,
Village Clerk.

JUNIOR GIRL RESERVES

Last Friday the ceremonial for the
initiation of the new members, Kathryn
Pennel, Mable Van Bonn, and
Olive Bowers into the Junior Girl
Reserve Club was held.

Preparations are being made for
the annual Girl Reserve Banquet
which is to be held in Detroit, March
9th.

February the thirteenth a Valentine
supper was held at the home of Mary
McKinnon. The girls dressed in Girl
Reserve uniform and afterward went
to the basket ball game in a body.

SENIOR ASSEMBLY.

The chairman of the Assembly this
week was Rhea Peck. The following
announcements were made: Elizabeth
Burrows of the Plythean staff
requested that all people who are
planning to hand in pictures to her
to hand in the finished picture and
not the negative. Irene Krauter of
the Girl Reserves spoke about her
trip to Grand Rapids for the Girl
Reserves Mid-Winter Conference. On
the trip Irene was accompanied by
Ruth Louise Hamilton, another Senior
Girl Reserve, and Mrs. Goodwin
Crumie, their advisor. A special
assembly for girls was held on Friday,
when a more detailed review of
the trip was given. LeRoy Simmons
read the semester financial report of
the Student Council. This was read
for the benefit of people who have
been wondering what the Student
Council did with the money they re-

CENTRAL GRADE NOTES

Mrs. R. E. Giles, Mrs. James John-
son and Mrs. A. Brocklehurst were
recent visitors in Mrs. Root's room.
In the individual reading work in
group one, Alice Plachta is ahead and
is now reading in the Child Library
Primer. Lynton Ball is second and
is about half way through the Elson
Primer.
In group work these children are
having mood and phonetic drills on
the story, "The White Dove."
Group two has finished the Elson
Chart and is now reading in the
Primer.
Group three is having the silent
reading action lesson.
Miss Cooper, the art teacher, is
helping the children make covers for
"Nature Study" books. They are to
paste two large pictures of birds and
also of flowers in the book for their
spring nature study. They are now
talking about the picture of the
robin which is the first one to be
placed in the book.
Marie Angone, Elburna Shraeder,
and Sammy Birgo of this room were
either absent or tardy during the
past semester.
The second graders are studying
the three essentials of man which
are food, clothing and shelter. Un-
der food they are studying the baker,
farmer, milkman and grocer. They
are learning the articles each provides
with and what their importance
is to the public.
The children have a new health
chart and are trying hard to live up
to it.
A "Good Writer's Club" has been
organized in this room. The club
has eleven members at present.
Jean Woodworth is ill with mumps.
Mrs. Daly visited Mrs. Weather-
head's room last week.
Virginia Hood of this room has
been absent because of illness.
In Miss Farrand's room, Marion
Gorton and David Baker have had
their names added to the perfect
teeth chart.
Edward Kerovace is a new mem-
ber of this room.
In art class the children are mak-
ing nature study booklets.
Patsy McKinnon gave a very in-
teresting report on alfalfa in reading
class last week.
One section of the A fourth grade
has finished reading "Arla."
The children in Mrs. Halliday's A-
fifth grade are making Longfellow
booklets.
They have made flour and salt
maps of South America.
In geography they are studying
China.
In Miss Fenner's room the fifth
graders have been making posture
posters. Four prizes will be award-

year is covered.

CAMP FIRE.

On Friday, March 1, the Camp Fire
Girls read their patriotic themes.
They were as follows:
Elaine Hamilton—Life of Lincoln.
Christine Nichol—Life of Lincoln.
Carrie Gorton—History of Flag.
Madelon Blunk—Life of Lincoln. Life
of Washington.
Jean Strong—History of Flag.
Zerepha Blunk—Life of Lincoln.
Vera Woods—Life of Hoover.
The judges were Miss Wells, Mrs.
Weiler and Mr. Dykehouse.
There was a patriotic honor award-
ed for the best theme, and a local
honor for all entering the contest.
The decisions were Jean Strong,
History of Flag; Christine Nichol,
Life of Lincoln; and Madelon Blunk,
Life of Washington.
Irene Humphries, Sec'y.

INVADERS UNABLE TO HOLD OFF
RUGGED ATTACK OF HEAVY
PLYMOUTH FIVE.

Roosevelt High school dropped the
final game of its basket ball season
to Plymouth, 23-14, at Plymouth last
Friday night. Roosevelt leading, 11-8,
at half time.
Led by Elton Knapp and Edward
De Porter, the Rocks piled up eight
field goals and seven free throws for
a total of 23 points. Roosevelt hit the
basket three times for goals from the
field, most of them coming on long
shots, and came through with eight
markers for the gift line.
This game finished up Plymouth
Suburban league schedule, and Fri-
day, March 8, at 8:00 p. m., the local
team will meet Central High school of
Ypsilanti in the district tournament,
which is being held at Central's
gymnasium, March 7, 8 and 9.

Table with 2 columns: Plymouth, Roosevelt. Rows list players and scores for baskets, free throws, and total points.

"B" TEAM VICTOR

The Plymouth High school "B"
team romped away with a 20 to 8
victory over Roosevelt's "B" team on
Plymouth's court last Friday night.
Because the half ended with a score
of 14 to 0, the final results of the
game were in view. Plymouth led
during the entire contest, but when
substitutes were put in for the regu-

TREES ARE PLANTED FOR STATE FORESTS

WHITE SPRUCE FOR FUTURE PULPWOOD IS A POPULAR SPECIES IN MICHIGAN.

Although the citizens of Michigan are ordering a million trees from the Michigan State College nurseries this spring for forest planting, in addition to stock from other sources, it will be many years before all the state land which should be producing forests will be replanted, according to the statement of members of the college forestry department.

Many white spruce will be planted to develop into timber for pulpwood. The paper mills are already interested in insuring a future supply of pulp, and one of the Michigan mills is cooperating in the effort to have farmers plant the white spruce for future use.

Other species sold by the college stations are red pine, white pine, Norway spruce, Scotch pine, Jack pine, Austrian pine, and some hardwoods. No trees are sold for ornamental plantings.

Forest plantings in which the trees are spaced about six by seven feet will require 1,000 trees to the acre. The cost of establishing a forest of white spruce is small, and the trees will be ready for harvest as pulpwood in 30 years.

In addition to the trees planted by individuals who get them at cost from the college, the state and federal governments are making forest plantings upon state and national forests.

Old Idea Wrong

The old tradition that the royal road to efficiency is for everyone to come in at the bottom is now a delusion. The brain which is capable of being trained for highly skilled work is not usefully employed in the hewing of wood and drawing of water.—London Daily Telegram.

NEWBURG SCHOOL NOTES

Za Te Or Launches New Program.

The March meeting of the Alpha chapter of Za Te Or will be held at the Texas school March 12. At the February meeting, which was held at the Newburg school, a new plan of procedure was demonstrated. The organization has been divided into four committees, namely: Parliamentary, professional, social and refreshment.

At the last meeting P. H. Couver, chairman of the parliamentary division, gave a short talk on "Parliamentary Drill."

Mrs. P. H. Couver, acting on the professional committee, gave a very interesting talk, her subject being "Speech Correction."

Miss Maude Harrison, on the social committee, entertained the members by directing folk dances in which all participated.

Following this unique entertainment a very delicious repast was served by Miss Viola Hargrave.

This plan of procedure was a decided success and was unanimously adopted by the organization.

The chairmen to serve on the various committees at the March meeting will be as follows: Parliamentary drill, Mrs. P. H. Couver; professional, Meryl Babel; entertainment, Cora Hicks; refreshment, Ruth Eldon.

All meetings have been well attended, but with this interesting program launched every member will feel amply repaid for the effort when they have attended the meeting at Texas.

At the annual carnival held in the school house March 1 a large and merry-making crowd gathered to witness the initial broadcasting program of Station NUTTY—"Newburg Understands Training The Youths."

The reception was fine and several "telegrams" were received during the evening's performance, as ample proof that the entertainment was going over big.

All booths attracted considerable patronage and the sketch, "The Tale of a Mule's Tail," was well rendered. In all it was a most enjoyable and profitable evening, the Newburg P. T. A. stepping out with over seventy dollars to the good.

Mrs. Hazel Bassett, general chairman, wishes to express her thanks to all committees for their earnest efforts and also Roy Crowe for the loan of the telephone over which the telegrams were received from the telegraph office in T. J. Levandowski's store.

Hazardous Jobs

The three most hazardous occupations in this country, rated according to the number of accidents, are the jobs of the steel worker, railroad yard worker and miner.

Early Toast

Wassail, a liquor consisting of ale with roasted apples, sugar, nutmeg and toast, received its name from the Anglo-Saxon phrase meaning "May you be in health," which was used in drinking a toast in the liquor.

Made For Beautiful Women

Beauties who guard their complexions use MELLO-GLO Face Powder only. Famous for purity—its coloring matter is approved by the Government. The skin never looks pasty or flaky. It spreads more smoothly and produces a youthful bloom. Made by a new French process, MELLO-GLO Face Powder stays on longer. Community Pharmacy, "We Serve You Right."

SALEM

Seven little school mates and Miss Anderson, teacher, came to Master Elmer Bennett's home Saturday afternoon to help him celebrate his seventh birthday. The little folks were very happily entertained by playing with toys and games. After a late hour a three-course dinner was served. The dining table was very prettily decorated in blue and white and a little cake with seven candles burning at one end of the table, and a saw-dust house with favors for each little one at the other end added much pleasure to the event. Little Elmer also received many pretty gifts, and after dinner all departed, saying they had had a fine time and wishing Elmer many more birthdays.

Rev. J. J. Halliday preached at the Methodist church at Walled Lake Sunday evening.

Mr. and Mrs. B. E. Stanbro and Rev. J. J. Halliday were Sunday evening dinner guests of Mr. and Mrs. J. A. Devereaux, of Walled Lake.

Mrs. Glenn Lyke and son, Merlyn, were Saturday visitors of her mother, Mrs. Mertie Murray, of Plymouth.

Lewis Haab, who has been spending a few days with Mr. and Mrs. J. A. Devereaux, of Walled Lake, returned home Sunday night and was a guest of Mr. and Mrs. B. Stanbro.

Mrs. Mabel Sherwood, who recently underwent an operation at Dr. Atchinson's hospital, Northville, was able to leave Friday and she is at the home of her brother, Glenn Lyke, and family.

Mr. and Mrs. George Shoebridge entertained their family Sunday for dinner.

C. E. Kincaid, wife and son, Eddie, of Plymouth, and Judson Green, wife and sons and Miss Irene Bennett, of Northville, were Sunday visitors at Mr. and Mrs. George Bennett's.

The Home Furnishing class will meet at the home of Mrs. Harry Atchinson Wednesday, March 13, for dinner.

Hugh Foreman, of South Lyon, spent the week-end with his parents.

Sunday guests at the G. Foreman home were Mr. and Mrs. Fred Foreman and Mr. and Mrs. Merrell Renwick and Meredith, of South Lyon.

Mrs. A. W. Kehrl, daughter, Helen, and friend Mr. and Mrs. Roy Haynes, of Pontiac, were Sunday callers of Mr. and Mrs. R. Kehrl.

Jno. Harary and wife, of Detroit, and Mr. and Mrs. A. G. Kehrl, of Plymouth, were Sunday supper guests at the R. Kehrl home.

Rev. Lucia Stroh, Mrs. Wittick and Miss Elsie Wittick spent Monday with Mr. and Mrs. R. Kehrl.

There will be two township tickets in the field at Salem this year, namely, the Republican and Citizens ticket. Caucus in town hall March 11, 1929, at 2:00 p. m. and 4:00 p. m. The committee of the Citizens ticket believes in two tickets in all township elections, whereby the wishes of the people may be compiled with, giving them a wider range to select their choice to fill the various township offices.

HAPPY LADY FREE OF RHEUMATISM AFTER 15 YEARS.

Former Sufferer Gratefully Pays Glowing Tribute To Merits Of Famous Konjola.

MRS. ADLAIDE WRIGHT

"How happy I am to be able to endorse this master medicine Konjola," said Mrs. Adelaide Wright, 25 Spencer street, Battle Creek, Michigan. "What joy has been given me, what wonder health can never be described in mere words. For the last fifteen years I suffered from stomach trouble and rheumatism. I was not able to eat a meal without suffering intensely afterward. Gas bloating was prevalent. But the rheumatic pains were worst of all. They settled in my arms, limbs and shoulders. Often I thought I would not be able to endure the suffering any longer. It was a very discouraging situation.

"But Konjola then came into my life, and certainly made a most remarkable change. This modern medicine went right to work on my ailing organs, and before I hardly knew what was happening I was feeling much better. The stomach symptoms grew less severe, and then vanished altogether. Now the rheumatism has ended and I haven't the slightest pain in my whole body. To think that a single medicine could do all this! It sounds almost unbelievable, but every word is the truth. Konjola is, indeed, the master medicine of them all."

Konjola is sold in Plymouth, Mich., at Community Pharmacy drug store and by all the best druggists in all towns throughout this entire section.

POLARINE is made in different grades—there is one made specially for YOUR car. If you use Polarine and drain the crankcase every 500 miles you are assured your engine is thoroughly and adequately protected.

Trust Your Engine to Polarine!

It's the best lubrication money can buy. Polarine is made by the Standard Oil Company [Indiana]—is one of its major products in fact—has helped to build its reputation!

In manufacturing Polarine the latest and most advanced refining practices are employed.

The result is a wonderful lubricant that cushions every moving surface with oil—keeps your car running smoothly—protects the motor from wear and tear and adds miles and miles to its life.

Only because of the large volume produced is it possible to put Polarine on the market at anything like the low price you pay for it.

And only because Polarine gives such satisfactory service is such a large volume demanded. Hundreds of thousands of motorists in the Middle West demand Polarine because it gives them the best lubrication for the least money.

Try this money-saving, car-saving motor oil today! Ask any agent of the

For Economical Transportation

now Six Cylinder Trucks with the economy of the four!

CROWDED traffic conditions today demand six-cylinder performance—with its greater flexibility, greater reserve power, higher speed and swifter acceleration. And now—for the first time in commercial car history—this desirable six-cylinder performance has been made available with the economy of the four. For the new six-cylinder Chevrolet trucks are not only offered in the price range of the four—but they are as economical to operate as their famous four-cylinder predecessors! Both the Light Delivery and the 1½ Ton Utility Chassis are available with an unusually wide selection of body types—and among them is one exactly suited to your requirements. Come in today. We'll gladly arrange a trial load demonstration—load the truck as you would load it, and drive it over the roads your truck must travel in a regular day's work.

Sedan Delivery, \$595; Light Delivery Chassis, \$400; 1½ Ton Chassis, \$545; 1½ Ton Chassis with Cab, \$650. All prices f. o. b. factory, Flint, Mich.

Right in your home

---some or all of these 10 things

Check over the following list of valuables. And you will have the answer to this question: "Ought I to have the protection of a safe deposit box?"

The man or woman who keeps any of the following valuable things at home is courting serious inconvenience or loss:

Stock certificates, bonds, insurance policies, contracts, deeds, abstracts of title, bank books, a will, jewelry, heirlooms that could not be replaced.

It is safe to venture that, right now in your own home, some or all of the items in this list will be found. But perhaps you say: "Oh, yes, but the total does not warrant the expense of a safe deposit box." Here are the figures:

For half of 1% on \$300 you can have the absolute protection of our safe deposit vaults, in your own private box. Day and night, without care or worry on your part.

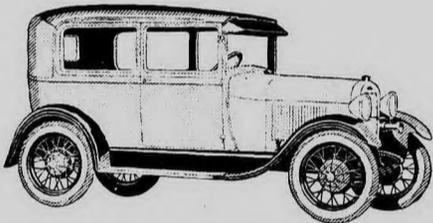

It is a sound business investment—a bargain purchase of peace of mind. Come in and see us about it—examine our vaults. Do it today.

STATE LEADER NAMES 4-H CLUB CHAMPIONS

MICHIGAN BOYS AND GIRLS MAKE GOOD IN MANY KINDS OF FARM ACTIVITIES.

All sections of Michigan are represented by the 36 state club champions whose names have been announced by the state club leader, A. G. Kettunen.

Each of the champions is awarded a scholarship at Michigan State College by the State Board of Agriculture. Many kinds of work, from making clothes to the management of a herd of dairy cattle, were successfully performed by the champions.

The clothing champions are: first year, Florence Kohler, Conklin; second year, Anna Michaud, Wells; third year, Lillian Begoman, Flat Rock; fourth year, Marguerite Knapp, Rudyard; and fifth year, Isabella McKellar, Freeland.

John Studebaker, Jones; Arnold Neuchterlein, Frankemuth; Alvin Lewis, Harris; Clinton Corwin, Coldwater; Will Black, Prescott; and Laurel Painter, McMillan, won handicraft championships. The winners in the dairy projects are: One Nixon, Grand Marais; Max Ross, Ypsilanti; Victor Weller, Rockford; and Harold Strange, Grand Lodge.

Championships in livestock production went to: Arno Weiss, Port Hope; George Wellington, Springport; Lonie C. Webb, Nashville; Victor A. Sanborn, Morenci; Dean Gordon, Saline; and Hollis Carr, Saline.

Thomas Detwiler, Chesaning; Tyne Sato, Ironwood; and Clayton H. Blackmer, Chesaning, were the best poultrymen. Championship awards in crop production were given to: Josephine Fowler, Mayville; William Tuflock, Onor; Peter Radak, Milan; Chas. Loyd, St. Charles; and Francis Schell, Battle Creek.

Lavinia Altman, Rudyard; Alice Roberts, Ypsilanti; Ruth Gingsell, Johnsbury; Elberta Holmden, Harvard; and Catherine Dakes, Alton, won championships in canning. The winners in food study were: Isabella McKellar, Freeland; and Margaret Cannon, Hillman.

W. C. T. U.

The Woman's Christian Temperance Union held a very enjoyable meeting Thursday, February 28th at the home of Mrs. Anna Stevens of Adams street. The program was very interesting. The roll call was answered with quotations from Frances Willard. Mrs. Clara Todd read an article entitled, "Prohibition—America's Amazing Experiment." "Traffic, Safety and Alcohol" was read by Mrs. John Rattenbury. Other readings, "When is a Man Drunk," "The Man at the Wheel," and "You Have to Believe," were given by Mrs. Jessie Vealey, Mrs. Ernest Burden, and Miss Nettie Pelham.

Partial arrangements were made for the annual meeting which will occur March 28th. The time and place will be announced later, and other particulars will also be given.

Mrs. Clara Patterson Todd, Mrs. E. C. Vealey, and Mrs. John Rattenbury, were appointed by the President to prepare the program for the coming year.

A fine pot-luck supper was served by the committee after the business meeting and a social hour enjoyed by all.

Diamond Drill Cuts Expenses in Oil Hunt

Wichita, Kan.—Gone are the days when oil companies spent millions of dollars drilling wells simply on indications of surface geology.

Now prospective oil areas are examined by miniature drilling operations, known to the industry as "core drilling."

The core drill, three inches in diameter, has a diamond-edged bit. It bores into the shale and rock far beneath the surface, bringing up in a small receptacle samples of the formations at various depths for examination by trained geologists.

In Kansas, oil companies have core drilled from Wichita west to the Colorado line, a territory where more than 100 "wild cat" tests are under way. The recently discovered oil pools in the state are mainly in core-drilled fields.

Chevrolet Makes Production Record

Assurance that Chevrolet's position as "world's largest builder of automobiles" will be sustained again this year, is contained in official production figures which give 106,914 passenger car and truck units as output for the first 45 days production on the new sixes. This figure not only eclipses all previous records of manufacturers of six cylinder cars, but actually exceeds the entire year's output of any other manufacturer during the first year.

The figures, as revealed by W. S. Knudsen, president of the company, date from December 15 to February 1. January production was 86,178, meaning that 20,736 units were produced the last two weeks of December.

A highlight of this remarkable 45-day production record was the manufacture, January 31, of 6,720 cars. This was peak for any day during the period and can be regarded as an indication that February would find all Chevrolet's mammoth productive facilities geared to meet maximum quotas. Chevrolet's peak day as a producer of sixes does not compare unfavorably with the company's all time record for a single day, which occurred May 28, 1928, when 7,075 four cylinder units were produced.

Further comparison with last year shows that production this January is only 5,406 units less than January 1928, despite numerous handicaps incident to a changeover as huge as Chevrolet effected successfully last fall. And it is 12,502 in excess of January, 1927, when 73,676 four cylinder units were turned out. Last fall's turnover involved 20 widely scattered plants and called for an entirely new set of machine tools, patterns and dies. Replacements began while the company still was engaged intensively in volume production of last year's four cylinder car—an achievement, which for speed and efficiency, has never been surpassed in the industry.

Some interesting statistics relative to the turnover were recalled last week by Mr. Knudsen, who declared that the Flint Motor plant manufactured 12,000 motors, an average of better than 1,000 per working day, between November 15, when the six cylinder announcement was made, and December 1. During December he fabricated 60,000 motors were produced, an average of better than 2,000 a day.

All of which would seem to indicate that Chevrolet was well fortified when it made and kept its promise of deliveries January 1, six weeks from the time the new car was announced.

Production this year calls tentatively for 1,250,000 units. Several important expansions, completed during the past 12 months, have increased the company's annual capacity by 250,000. Last year Chevrolet outlined a production program calling for 1,000,000 cars, and actually surpassed this quota by 200,000 in a little more than 10 months' time.

POSING AS MAN, GIRL WEDS TWO

Female Barber of Los Angeles Is Jailed.

Los Angeles, Calif.—A suave, trouser-clad, white aproned barber who discussed sports, politics, and business with customers in a straightforward masculine voice has revealed to the police that "he" is twenty-five-year-old Catherine Wing, male impersonator de luxe.

Detained in jail in that city, Miss Wing explained how she came to pose as Kenneth Lisombe and for months played the role of an industrious husband in her lifelong chum, Stella Harper, nineteen. Catherine and Stella were reared in range country around Tintic, Utah. They rode the hills together in masculine attire astride cow ponies.

Catherine became a woman barber in Utah but later decided to pose as a man and begin life anew. She purchased an assortment of men's clothing and went to Los Angeles.

There Catherine met a girl named Eileen Garnet. For several months Catherine courted Eileen just as a man would. Then when Catherine found Eileen had fallen in love with her, she explained that she was a girl. Eileen went and told Catherine she had broken her heart. Eileen threatened to commit suicide, explaining she had planned to get away from relatives by marriage.

So Catherine married Eileen. Then the latter's mother discovered her daughter's "husband" was a girl. A family row ended the strange marriage. Later Stella Harper joined Catherine in Los Angeles and Stella agreed to replace Miss Garnet in the role of wife. Miss Wing opened a barber shop of her own, still enjoying the ruse of playing the part of a husband.

A neighbor's suspicion led to the exposure. Catherine and Stella were taken to jail. There they revealed their stories. Authorities do not expect to take action against the girls but will investigate Catherine's "marriage" to Miss Garnet before releasing her.

Temple of Warriors

Rebuilt in Jungle

Washington.—The task of rebuilding the great ruin of the Temple of the Warriors in the city of Chichen Itza has at last been completed, as far as modern science can make the fallen stones stand again in their rightful places. This is the message which Earl Morris, in charge of the excavations at Chichen Itza for the Carnegie Institution of Washington, has brought to the institution on his return from Yucatan.

The Temple of the Warriors, reclaimed from the tropical jungle, stands again on its pyramid of four receding stone terraces. The stone altar, once used for human sacrifice, has been restored.

The project of restoring the temple became extremely complicated when Mr. Morris discovered traces of another, older temple beneath the ruins. The Warriors temple is believed to date from about 1200 A. D.

Paintings found during the last season are a valuable addition to old American art.

Vegetable Sales Loss

Laid to Boyish Figure

Chicago.—The publicized theory of theatrical producers that the ideal feminine figure should have a boyish slenderness has done "almost irreparable harm" to certain branches of the vegetable industry, E. S. Briggs, manager of the American Fruit and Vegetable Shippers' association, declared at the annual convention.

Since the "boyish figure" idea has been picked up from professional exploiters of feminine palehrude, "the potato and rice market has been hurt, due to the fact that every one avoided starchy foods in the interests of slenderness," Briggs said.

Shy on Bathubs

Washington.—One-third of homes surveyed by the General Federation of Women's Clubs had no bathubs; one-fifth had no kitchen sinks. The federation's deduction is that the home is lagging far behind the progress in every other field of American life.

New Yorkers' Baby Born as Citizen of Turkey

Constantinople.—The first American to be born a Turk is Rudolf Riefstahl, Jr., whose parents are from New York. The baby was born in the American hospital here and was claimed by the Turkish government as a Turkish citizen under a new law.

That law provides that the children of foreigners born in Turkey shall be Turkish citizens although on reaching their majority they may elect the nationality of their parents. In that case, however, they must quit Turkey forever.

Prof. Rudolf Riefstahl is professor of Moslem art in New York university. He is a visiting professor in the American college here. Mrs. Riefstahl teaches art in the American College for Women in Constantinople.

White House Bachelors

Two Presidents of the United States were bachelors when elected—James Buchanan and Grover Cleveland. During his first term, however, the latter was married to Frances Folsom, daughter of his former law partner at Buffalo. Therefore Buchanan, the only President who was never married, is known as the Bachelor President. He was the fifteenth President and was Lincoln's predecessor in the White House.—Pathfinder Magazine.

EARL WON'T GIVE UP CABIN FOR CASTLE

Happier in Environment of Canadian Northwest.

Winnipeg.—"I will not," said Frederick Joseph Trevelyn Percival, when asked whether he would exchange the doubtful comfort of a bachelor's shack on a ranch in the Peabody district of the Canadian Northwest for an earldom, a fortune estimated at £1,000,000, about \$4,750,000 in American money, a country estate rated as one of the finest in all England and a seat in the house of lords.

A death in England a few days ago changed Fred Percival, pioneer rancher in the Canadian Northwest province of Alberta to the tenth earl of Egmont, fourteenth baronet and master of Avon castle, Ringwood Hunts, England. As if by magic wave of a fairy wand the modest Canadian rancher was transported to an earldom when his cousin, the ninth earl of Egmont, died at his ancestral home, Avon castle.

While other members of the British peerage sought news of the old earl's successor, the tenth earl of Egmont was toiling away in the hills south of the city of Calgary, clearing brush from his ranch. Swinging an ax side by side with his father, was the Hon. Frederick George Moore Percival, fourteen, son and heir of the new earl.

Prefers Ranch Life.

The new earl was in an old well worn sweater and overalls working away at his woodpile. Nearby his husky young son and heir, clad in chaps, windbreaker, top boots and Stetson hat, as worn by all the cowboys in the district, was saddling a pony preparatory to taking the cattle out to their grazing place just over the hills.

"Well," the earl was accosted, "I suppose you'll soon be packing up and heading for England to claim your estates?"

"I will not," said the tenth earl of Egmont with a smile. "I have lived in western Canada 23 years, and my father was here before me. We have farmed and ranched and raised cattle and horses, and I love the life. There is no reason why I should not stay here until I die for I love my ranch, my cattle and my horses, and I am not going to leave it all unless it is absolutely necessary."

"If I do leave it, it will only be because I want to see my son obtain the benefits which will come automatically with the title and the estates."

The son is also happy in his ranch life, and there is little likelihood the new earl will return to England except for a visit and to take care of business pertaining to his new for time.

"Avon castle, the Egmont family seat, is in Ringwood, Hampshire," the earl continued. "It comprises 1,200 acres of land and as recently as 1901 approximately \$200,000 was spent on it in improvements. We also own land in several parts of England and Ireland, and the estate investments include shares in at least forty different companies, including a huge sum in war loans."

"Probably people will say we are queer when I say that I do not want to leave my Alberta ranch for all the wealth and comfort I could enjoy in England, but I repeat that if I do go back it will be only for the boy. We have lived the simple life out here for more than half my lifetime and we have been happy. The neighbors call me 'Fred,' and I call them 'Bill' and 'Jack' and 'Harry' and that suits me fine."

Home Only Two Rooms.

The new earl of Egmont is about fifty-five, 5 feet 6 inches in height, grizzled and lean from years of hard work and deeply tanned. His ranch-house is a two-room affair built of logs and although sparsely furnished, memories of old England in the way of pictures adorn the walls. He is independently wealthy in his own right but explains his simple surroundings by saying that before the death of his wife he promised her their son would be brought up in the clean hard life of the Canadian Northwest.

"My change of position is not a surprise," the earl said in conclusion. "I've known for years that I would succeed to the title. I've been in steady communication with my solicitors in London and from time to time they have mailed me reports of the condition of the estate. These reports indicate I am a very rich man indeed."

Canadians Move Whole Town 5 Miles to R. R.

Winnipeg.—The entire town of Waterhole, Alta., was moved five miles to a new location in less than two months. When the new railway was extended in that area the citizens of Waterhole found they were five miles from the steel. The town council had a conference and decided that if the railway would not come to them they would go to the railway, and in consequence the whole town, including two hotels, stores, etc., was moved to a point on the railroad and the town renamed Fairview.

They Eat Animal Crackers

Barcelona, Spain.—The Ark of Noah is a new social club. One requirement for membership is that the applicant shall be named after an animal.

A Noble Sacrifice

... who was right?

STANDING in the shadows, Marvin Smith saw Jack's young wife come swiftly, silently into the moonlight.

How tired she looked—how ragged her clothes. His pulse quickened. She was getting tired of the struggle. Soon, she would come to him...

"Bobbie," he whispered. She stifled a cry. "What are you doing here?"

They were close to each other now, his body a flame, his arms aching to hold her.

"Let me help you, Bobbie! I love you—I want to help you..."

"But my husband..."

"He'll never know. You ought to do it for his sake, Bobbie—he needs care and medical attention."

"For his sake!" She thought wildly. She had come to these desolate hills a young bride—eager for the love-nest Jack had promised. Love-nest! There were no comforts, not even the bare necessities. Now Jack lay injured... penniless... in pain...

And here was Marvin Smith, offering her money, comfort, luxury! His handsome face was bent close to hers.

"It would be sin," she whispered. "It would be a noble sacrifice," he said. Who was right?

Read "Can Love Win This Battle?" in April True Story. Courageously this young wife tells how she solved the bitter problem life placed before her.

FROM YE EDITOR'S SHEARS

BEHEADED STATUE OF KING MUCH ABUSED

Shaft Attacked by Irishmen Since 1701.

Dublin.—When a party of men recently cut the head from the equestrian statue of William III that stands near the Bank of Ireland in this city they accomplished the wish of at least one of their predecessors in the destruction of a monument which has been the object of attacks ever since it was erected first on the Dublin college green in 1701. "To chronicle all of the mishaps of this statue," says the Historian Chambers in recounting some of them, "would require a volume." He sets down the story of Watty Cox and some of Cox's forerunners and successors who have directed their attacks toward the likeness of the "hook nosed Nussau."

Cox was an eccentric. For many years the editor of the Irish Magazine, he was a man of varied talents. Before becoming an editor he had been a gunsmith and was expert in the use of tools. He was annoyed by the statue of the English king who had secured the "predominance of the Protestant religion in Ireland," and one dark night tried to tip the monarch's head.

Perhaps he knew that under the coating of lead the statue was of iron; perhaps he did not. At any rate the iron "foiled" his attempt; and the head was left on the statue for other Irishmen better equipped to take off—just 130 years after Cox's failure.

Attempts to destroy or to dismember the statue began soon after it was set up. Many people took, it seems, an instant dislike for it—not only Catholics, but Protestants. The college boys in particular had toward it a feeling of hostility, because, it was said, "it turned its tail upon the university." We are told that "despite all magisterial denunciations notwithstanding," incessant maltreatment and indignities were put upon it. On June 27, 1710, "it was found to have been feloniously robbed of its regal sword and martial hatron."

This robbery was too gross an offense to be overlooked by the authorities, who offered a reward of £100 for the discovery of the culprits. Money brought them to book; and three students of Trinity college were consecutively accused, tried and condemned to suffer six months imprisonment, to pay a fine of £100 each and to be carried to College green, there to stand before the statue for half an hour with this inscription on their breasts: "I stand here for defacing the statue of our glorious deliverer, the late King William."

On account of their loss of prospects by expulsion from the college, however, and loss of health by imprisonment in a dungeon, the latter part of their sentence was remitted and the fine reduced to five shillings.

In 1804 the king's birthday fell on Sunday. On the Saturday night preceding, the watchman on the College green was accosted by a man, "seemingly a painter," Chambers relates, who stated that he had been sent by the city authorities to decorate the statue for the approaching festivities, "adding that the apprehended violence of the disaffected portion of the populace rendered it advisable to have the work done by night."

Watchman Aids Painter.

"The unsuspecting watchman assisted the painter in mounting the statue, and the latter piled his brush most industriously for some time. Then, descending, he coolly requested the watchman to keep an eye to his painting utensils while he went to his master's house for more colors. The night passed away without the return of the painter, and at daybreak on Sunday morning the statue was found to be completely covered with an unctuous black pigment composed of grease and tar; while the bucket that had contained the mixture was suspended by a halter fixed around the insulted monarch's neck."

But the crowning catastrophe came to the statue in 1836. "One midnight in April of that year the statue blew up with a terrific explosion, smashing and extinguishing the lamps near by. The body was blown in one direction, the broken arms and legs in another, and the wretched horse, that had suffered so many previous injuries, was shattered to pieces." Again a reward was offered for the perpetrators, but it failed to bring them to light.

The statue was repaired and placed in its old position.

Better Farmer Than King

The sobriquet "Farmer George" was given to George III. in allusion to his bucolic tastes.

Do you want to buy a good farm or a good house? See today's Classified Section on Page 4.

Addition of a roller coaster from Tulsa, Okla., has been made to Walled Lake's amusement equipment.

Richard Lutze of Cass City, has presented Henry Ford with a Bible 137 years old. The book, printed in 1792, is known as a "Brown's Bible." It was presented to Mr. Lutze by his grandfather.

All dogs in Oakland country are now under quarantine which will continue in effect until May 15. In Birmingham all dogs must be leashed, muzzled or confined, and vaccinated dogs will not be permitted to run at large.

Ben East, a former teacher in the South Lyon vicinity, accompanied by five other men, recently visited the 40-foot falls of the Taquamegon river in the upper peninsula. The trip from the Soo was made by train, sled and snowshoes. Over 50 miles were made by the latter method, taking three days. Nights were spent in deserted cabins.—Brighton Argus.

Petitions are being circulated in Royal Oak, Ferndale and Hazel Park asking that the question of uniting the three places into one city be placed before the Board of Supervisors and later decided in an election. The proponents figure that a saving of 25 per cent in municipal and school taxes would result. The move is admittedly the first step toward uniting all of Royal Oak township in one municipality.

Last rites for Mrs. A. C. Bird, formerly of Highland, who died Jan. 4 in Algiers, were held in People's Church, East Lansing, a few days ago. The coffin in which the body came from Algeria was of solid oak sealed with heavy lead. It was narrow at the foot, somewhat wider at the shoulders and narrow at the head. The sides were paneled and the inside was lined with lead about one-eighth of an inch thick. The body could be shown only by the removal of the whole top of the coffin. Bolts at the head and foot of the coffin were sealed with wax and had the imprint of the Algerian government stamp.

Purchase of large sites near Monroe for the erection of huge steel plants and the purchase of a 155-acre site on the river front in Ecorse for the construction of the plant for the Michigan Steel Corporation, is taken as a forerunner of the down-river section being the steel center of America. That Trenton will benefit immeasurably if present plans do not miscarry is indicated by the number of inquiries for sites near the village. Henry Roehrig, wealthy Wyandotte land holder, says that two Pittsburgh corporations have approached him relative to the purchase of 350 acres he owns near Trenton. Another forerunner of the boom to come down river is indicated by the fact that the Pennsylvania railroad has gained a right-of-way, adjoining the D. T. & I. tracks, through Ecorse and into the marsh. As a result of the development of the automobile industry, Detroit uses more sheet steel than any other city in the world. The location of steel mills in the down-river district is a logical step in the concentrating of the industry. At present the ore is shipped from the upper peninsula by boat to Cleveland and transferred to rail for shipping to Pittsburgh. The construction of mills here would effect a stupendous saving in expense and time.—Trenton Times.

Double-Barreled Story

"Fifteen minutes after putting on a pair of your socks I made a hole in one," wrote an enthusiastic golfer to the sock manufacturer, as the Detroit News tells it.

To Get Rid of Mice

To banish mice put camphor into the places they frequent. Holes should be stopped with putty in which mustard has been mixed.

Today's Reflections

Things could be a lot worse in this country. They might start holding beauty contests for men.

A thoughtful mother is the Plymouth woman who teaches her boy to use a can opener so he won't have to go hungry when he marries.

A Buffalo man tried to commit suicide by jumping in front of an auto. He might have had better success if he had stood still.

"A real idiot cannot read," says a New York specialist. Then there do some of the magazines get their circulation?

The cost of living was much lower

back in the days when a Plymouth couple went to housekeeping with a cow and a dozen hens instead of a flyover and a radio.

The idea of bigger and better cars is all right but it isn't helping to solve the parking problem.

Russia is trying to borrow five billion dollars. It must be painful to have to make a touch for that much.

You can always tell. When a Plymouth girl ceases to giggle love has become a serious matter with her.

A Washington city judge has ruled that pedestrians have the right-of-way, so now they can go ahead and run over the autos.

The end of the world will be in

sight when it takes nations as long to declare war as it now takes them to accept peace.

There's this much to say in favor of the Plymouth boy of today—when he does go out to sow his wild oats he doesn't insist on trying to sing "Sweet Adeline."

When the sky is full of planes it probably won't make much difference to the pedestrian whether something falls on his head or hits him from behind.

We all have our ups and downs, but it's easier to trace our descent than our ascent.

What does it profit a Plymouth boy to be one of the best dancers in town and then have to go to the poor-

house in old age?

The best way to be assured of courtesy on the road these days is to be the driver of a two-ton truck.

Since it costs \$12,000,000 to elect a president, once every four years is often enough.

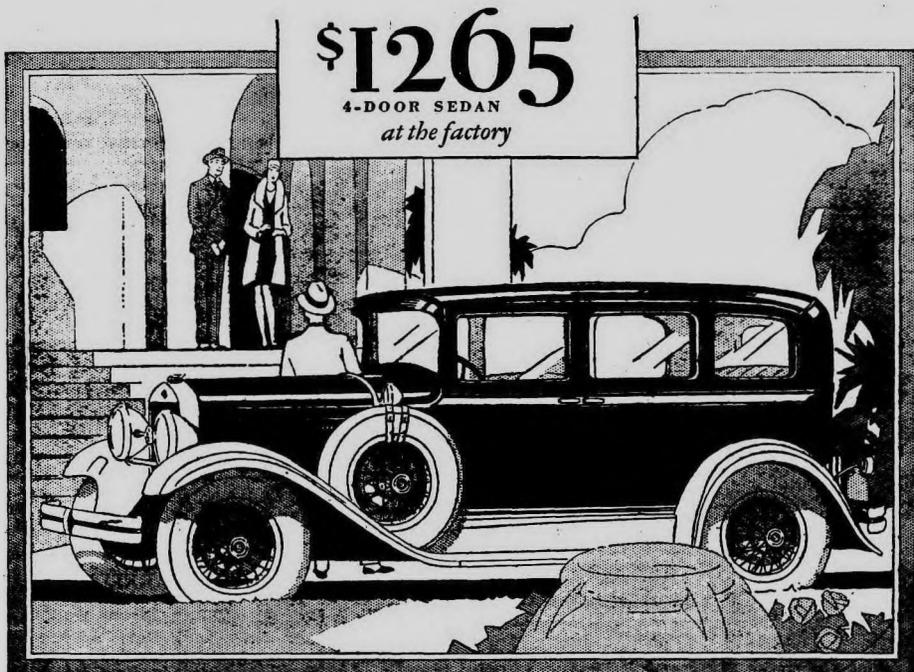

Our advice to Plymouth girls is simply this—if you are getting three meals a day here at home just forget about Hollywood.

One Way to Stop War

There will one day spring from the brain of science a machine or force so terrible in its potentialities, so absolutely terrifying, that even man, the fighter, who will dare torture and death in order to inflict it, will be appalled, and so will abandon war forever.—Thomas A. Edison

Studebaker's DICTATOR

...champion in comfort as in performance

THE DICTATOR ROYAL SEDAN—Six wire wheels and trunk rack standard equipment, \$1395. THE DICTATOR REGULAR SEDAN, \$1265. Prices at the factory. Bumpers and spare tires extra.

STUDEBAKER'S Dictator, by its remarkable stock-car record of 5000 miles in 4751 minutes, has certified the fleetness and staying power you may confidently expect from this great Six. Its 28 records for speed and endurance are not matched by any car at its One-Profit price.

The Dictator provides too, that matchless comfort-assurance pioneered by Studebaker—ball bearing spring shackles. These, with the Dictator's new hydraulic shock absorbers, long, pliant springs and deep-sprung cushions, achieve travel ease unknown before Studebaker pioneered it.

The low-slung grace characteristic of the new Studebakers expresses beautifully The Dictator's champion performance. You sense at a glance the swiftness, the dauntless spirit of the car. You know it is fast, and sure, and capable, for it looks the part. And the world knows it too—just as it knows the 77-year-old name of Studebaker that stands four-square to back your judgment.

STUDEBAKER MODELS AND PRICES

The President Eight	\$1785 to \$2575
The Commander Six or Eight	1350 to 1675
The Dictator	1265 to 1395
The Erskine Six	860 to 1045

Salvation Army Hall, 292 Main St. Sunday evening, March the 10th.

BAPTIST NOTES

The Baptist Ladies' Aid society will meet at the home of Mrs. Edison Wednesday afternoon, March 13.

The annual Easter bazaar will be held Thursday evening, March 21. Other announcements will appear later.

The Northville and Novi Baptist churches are co-operating in special meetings. Last week they met each evening at the Novi church; this week they are meeting at Northville. Several members of the Plymouth Baptist church have attended the meetings.

PRESBYTERIAN NOTES.

Monday, March 4th was a great day, not only for the country in general but for the First Presbyterian church of Plymouth, in particular. At 4 P. M. the Woman's Auxiliary held the annual meeting of that organization. The reports of the year were very satisfactory and the large attendance at the meeting indicated an increasing interest in the work. The receipts for the year were \$1241.11 and the cash balance is \$409.87.

The election of officers for the next year resulted as follows: President, Mrs. F. D. Schrader; First Vice President, Mrs. Geo. Smith; Second Vice President, Mrs. B. E. Champe; Third Vice President, Mrs. Arthur Todd; Secretary, Mrs. Wm. Rattenbury; Treasurer, Mrs. John Henderson; Secretary of Literature, Mrs. F. H. Stauffer; Missions, Mrs. Geo. Holtsein.

The Auxiliary will hold a special meeting on Wednesday, March 13th at 2:30 P. M. in the church parlors when

Short Talk by a THOUGHTFUL Mother

An Indiana mother tells this: "We find nothing to compare with Foley's Honey and Tar Compound for coughs and colds. My little lad had trouble with his bronchial tubes from his third year, but since we started giving him Foley's Honey and Tar Compound we have been able to control it. We know there is nothing to compare with Foley's Honey and Tar Compound." The very name tells a story. Good also for croup (spasmodic) and troublesome night coughs. Ask for it. Sold everywhere in Plymouth.

plan for the work of the year will be discussed. The officers elect will serve refreshments and a large attendance of the women of the congregation is anticipated.

At 6:30 P. M. Monday, the congregation, in numbers which filled the dining room, sat down to an excellent supper prepared by the united efforts of the women. When full justice had been done to the good things the people prepared to the auditorium where the annual meeting of the church was held.

Reports covering the finances, the life and work of the congregation and its different organizations were presented. These indicated that the church has had a good year and a note of optimism was evident at every turn.

E. M. Stewart and Raphael Mettold were elected to the session and C. H. Bennett, John Henderson, Wm. Wood and Melburn Partridge to the Board of Trustees, all for a period of three years. John Henderson was elected as treasurer of the congregation to take the place of Chas. S. Bichy, who asked to be relieved of this office which he has very helpfully filled for some time. Gilbert Brown was re-elected secretary of the congregation and to fill the place made vacant by the resignation of Calvin Whipple. Melburn Partridge was chosen superintendent of the Sunday school with Alfred Bakewell as assistant.

It was a fine meeting and the congregation begins a new church year with confidence and determination.

The Busy Women's class will meet on Tuesday of next week, March 12th at the home of Mrs. E. C. Leach, Main street. There will be the usual business and social hour following.

METHODIST NOTES

"Whoever shall confess me before men, I will confess him before the angels of God."

It was a splendid sight Sunday morning to see the members of the Men's Bible class, and of Mr. Emmens, and Perry Rielow's Sunday school classes at church. It is to be hoped that all the teachers will follow their example and have their pupils attend church in a body. It was an inspiration to Dr. Lendrum to have them all every Sunday.

Mrs. Schmitt's program was enjoyed by all at Sunday school last Sunday morning, and we are sure the Missionary fund must have been very appreciably augmented by the number who put their birthday money in the box. What was their combined ages?

Mrs. Honey's Circle L. A. S. cordially invites the public to come and enjoy the fish supper they are giving Thursday, March 14th, beginning at 5:30 o'clock.

All the members of the congregation are cordially invited to join with us on Family night (Wednesday) at 6:30 o'clock for the cooperative supper and for the classes at 7:00 o'clock.

Next Wednesday, March 13th, the Missionary Society will have their annual Birthday meeting, starting with luncheon at 12:30 and followed by a program in charge of Mrs. Leonard and Mrs. Tall. Mrs. Whitney will be our hostess and all the Missionary women of the church are invited. Mrs. John Martin, of Ann Arbor, is to be our special guest and the speaker of the day.

We had fifty-five children at our Junior Missionary birthday party last Wednesday afternoon. The leaders, Mrs. Carl and Mrs. Doerr served them pineapple sherbet and cake. The boys and girls had more than five dollars in their birthday coin cards.

CATHOLIC NOTES

Sunday is Holy Communion Sunday for the men of the parish.

Preparations are well under way for the St. Patrick's dance to be given in the Auditorium Monday night, March 18th. Keep this night open for the party.

Lenten services are held each Tuesday and Friday night at 8 o'clock. We are now going into the second half of the season of Lent.

The infant daughter of Joseph Campbell and wife was baptised Sunday, Loretta Cecilia.

Don not forget to send your children to the religious instructions each Saturday morning.

Each mass last Sunday was well attended. This is encouraging and we welcome all new-comers.

Plymouth can stand a growth and we heartily endorse the steady and normal growth of our community.

EPISCOPAL NOTES

Another of the Lenten Teas will be given on Monday, March 11, at 2 P. M. The speaker of this occasion will be Mrs. Robert Page, of Christ Church, Detroit, who will tell of the social work which is being done among the Foreign-born in the church's neighborhood house. All women of the parish are urged to come and bring their friends to this tea; a former tea held two weeks ago was well attended and apparently enjoyed by all.

This Sunday is Mid-Lent. One half the opportunity of the Lenten season is past. The two services on Sunday at 10 o'clock in the morning and at 7:30 in the evening, offer a time for everyone in the family to attend church. Surely it is possible for all to be present at one of these two services. The out-of-town speakers are proving very interesting.

LIGHT

A Double-Edged Tool for Merchants

This much is certain: That proper window lighting will attract passers-by into your store; that effective interior lighting influences increased sales of merchandise. These two results have been proven time and again in tests by successful merchants.

Example: A small department store alternated the intensity of its illumination during a period of six weeks: one day 5-foot candles, the next day 15-foot candles, and so on. Results with 15-foot candles: (1) 12 per cent more buyers and (2) 29 per cent increase in dollar-volume of goods sold.

Without charge, our illuminating engineers will gladly measure your lighting, inspect your equipment, and make suitable recommendations.

ANNUAL VILLAGE ELECTION NEXT MONDAY

Three Commissioners Are to Be Elected as Members of the Village Commission By the Voters Monday, March 11.

Two Amendments to the Village Charter and One Water Bond Issue to Also Come Before the Voters for Consideration Monday.

The annual village election will take place next Monday, March 11, and judging from the amount of interest being manifested by the citizens of the village on the coming annual event, there will be a large vote cast.

The candidates whose names will appear upon the ballot are as follows:

- Paul J. Wiedman.
- Floyd A. Kehrl.
- John W. Henderson.
- William G. Towle.
- William J. Sturgis.
- George H. Robinson.

As there are only three commissioners to be elected, the voter can vote for only three of the above candidates, one for each of the positions to be filled.

The members of the commission whose terms of office expire at this time are Henry J. Fisher, Frank J. Pierce and J. W. Henderson.

There will also come before the voters at this time two amendments to the village charter and a proposal for a water bond issue. The proposed amendments and bond issue proposal are as follows:

A proposed amendment to the village charter to provide for increasing the compensation of inspectors of elections from four to five dollars per day and of gatekeepers at elections from two to three dollars per day.

A proposed amendment to the village charter to provide for increasing the compensation of village commissioners from five dollars per meeting and a maximum of sixty dollars per year to five dollars per meeting attended and a maximum of one hundred fifty dollars per year.

A proposal to issue water bonds of the village to the amount of \$9,000.00 to defray the cost of installing new lead pipe water service, to replace iron pipe on streets paved the past summer. Bonds are to be paid from receipts of the water department.

It is the duty of every voter to go to the polls next Monday and cast their ballot. The polls of the election are open from 8:00 a. m. to 7:00 p. m., Eastern Standard time.

POSTOFFICE FOR PLYMOUTH UP TO CONGRESS THIS YEAR

Pretty Wedding.

Muriel Edith Clark became the bride of Delbert Avery, Jr., of South Lyon, on Saturday, March 2nd. The marriage was solemnized at the home of Mr. and Mrs. Jay Clark, the bride's parents. While Mrs. Ralph Wilson played the wedding march from Lohengrin, the members of the bridal party took their places under an archway of pink streamers. The attendants were Mr. and Mrs. George Evans of Plymouth, Rev. Cora Pennell had charge of the ceremony. The young bride was very attractive in her rose silk crepe gown with its deep bertha of ecru lace. She carried a shower bouquet of rose carnations, sweet peas and butterfly roses. Mrs. Evans was in blue and carried an arm bouquet of rose carnations.

Following the service an elaborate six o'clock dinner was served to the wedding party. Mr. and Mrs. Jay Clark, Mr. and Mrs. Delbert Avery, Sr., Wilson and Ward Clark, brothers of the bride, Mr. and Mrs. Frank Vandecar and little daughter of Wayne, little Miss Velma Evans, Mr. and Mrs. Harry Clark and Mr. and Mrs. Harry Balmon, Mesdames Sherman Hartman and Ralph Wilson had charge of the dining room and were assisted by Mrs. Wilbur Waterman. The flowers used in the dining room were rose snap dragons in a blue basket. Place cards and favors were in pink.

Several social affairs are being planned for Mr. and Mrs. Delbert Avery, Jr., and we wish for their future as rosy as their charming wedding.

KIWANIAN ATTORNEY VAUGHN ADDRESSES ANN ARBOR CLUB

PLYMOUTH KIWANIS CLUB ARE GUESTS OF ANN ARBOR KIWANIS CLUB.

Last Monday noon, a large delegation of Plymouth's Kiwanis club journeyed to Ann Arbor and took charge of the entire program at the Ann Arbor Kiwanis weekly noon day luncheon.

After President Luther Peck of the local club had responded to the hearty welcome from President Clifford of the Ann Arbor club, President Peck was asked to give the initiation speech introducing four new members into the Ann Arbor Kiwanis club.

The introduction by Dr. Peck, of the individual members of his club followed after which he introduced with appropriate legal phraseology, the speaker of the day, Attorney Roger J. Vaughn. The significance of Inauguration Day and throughout his address he held the close attention of his listeners.

Attorney Vaughn's address was in keeping with the date, as Monday ushered in the inaugural ceremonies at Washington which all the more made his address most interesting.

The Plymouth Kiwanis club puts on seven outside Kiwanis programs during the year, starting with its known as the "Flying Squadron visits" to the seven clubs in their district, which comprises Ann Arbor, Chelsea, Ypsilanti, Wayne, Wyandotte, Ecorse and Dearborn.

FEDERAL BUILDING COMMITTEE APPROVES PROGRAM. ALSO ADDITIONAL BUILDINGS.

Last week Thursday, Detroit newspapers carried a dispatch from Washington that the inter-department federal building committee have recommended to Congress a federal building for Plymouth.

The committee have allocated \$4,925,000 for federal buildings and post offices to cities of Michigan as follows:

- Detroit postoffice and court house, \$1,715,000; Battle Creek, \$230,000; Bay City, \$200,000; Flint, \$500,000; Jackson, \$340,000; Pontiac, \$200,000; Benton Harbor, \$120,000; Ironwood, \$185,000; Alma, \$95,000; Iron Mountain, \$110,000; Ludington, \$95,000; Marshall, \$185,000; St. Joseph, \$185,000; Sturgis, \$120,000; Calumet, \$85,000.

From Benton Harbor to Calumet, inclusive, the buildings are to be for postoffice purposes only.

The committee points out that it is up to congress to appropriate the money for the additional projects if they are to be undertaken. This supplementary list is headed by Dearborn and includes, Saginaw, west side; East Lansing, Hancock, Howell, Gladstone, Greenville, Iron River, Leeper, Plymouth, Rockwood, St. Johns and Bayne City.

TO HOLD C. OF C. BOOSTER LUNCHEON TUESDAY

HERBERT CLARK HOOVER—
Thirty-first President of the United States of America

PLYMOUTH HIGH GAGERS MEET YPSILANTI TONIGHT

The Plymouth High school basketball team will meet Ypsilanti Central High school in the District Tournament at the Central High gymnasium in that city Friday evening, March 8th. The Kiwanis club will take the High school band and the Rotary club the first and second basketball teams to the scene of the contest. There will be a large delegation of "rooters" who will go to Ypsilanti for the game to help cheer the local boys on to a victory. If Plymouth wins this game they will be eligible to play in the Regional contest a week later. The game will be called at 8:00 o'clock. Let's go!

Central P. T. A. Held Meeting

The parents and teachers of the Central school were very pleasantly entertained Monday afternoon, March 4, with a program given by a group of Miss Farrand's fourth grade.

The meeting was opened by everyone in singing "America," after which Patsy McKinnon announced the following numbers:

1. A song, "Till Starlight Dies," by Dawn Jacobs, Barbara Hubble, Doris Reinholz and Ellen Mulry.
2. A piano solo, "Little Fairy Waltz," by Dawn Jacobs.
3. A play, "The Coming of Spring," by a group of Miss Farrand's fourth grade.
4. A song, "Dreams," by Dawn Jacobs, Doris Reinholz and Ellen Mulry.

Miss Schrader assisted at the piano. Following the program the annual election took place. Due to the illness of the president, Mrs. Buzzard, the meeting was conducted by Mrs. Bird. The following officers were elected: Mrs. Bruce Woodbury, vice-president; Mrs. Wm. Braddell, first vice-president; Karl Ehlinger, second vice-president; Miss Eunice Fenner, third vice-president; Mrs. A. J. Koenig, secretary; Mrs. Nellie Holliday, treasurer.

John Schiller, son-in-law of J. M. Swegles, who resides on the Swegles farm, met with a very serious accident last Friday evening when a carbide gas tank which furnishes light for the home exploded. The lights in the house went out and Mr. Schiller had put more carbide in the tanks and closed them. He went back to charge them again and the gas was ignited from a lantern which was too close. Mr. Schiller was badly burned and is still unconscious in Beyer Hospital, Ypsilanti, but seems to be gaining.

Rotary Club Hear Representative Fisher

The members of the Rotary club had the pleasure of hearing a talk by Dr. Edward Fisher, of Dearborn, representative in the legislature from this district, at the luncheon hour of the club last Friday. Dr. Fisher explained some of the now pending bills which are claiming the attention of the legislature. Rotarian Fred Salom, of the National Window Shade Co., made a few remarks and extended an invitation to the club to visit the new factory, which is now under production, and he would be pleased to explain the various stages of the manufacture of window shade cloth to the members. The club will visit the factory today.

Rotarian Floyd Kehrl in a few well chosen words presented the club members with a handsome calendar bearing the Rotary emblem and a splendid likeness of President Hoover. It was very thoughtful on Floyd's part and much appreciated by the club members.

Plymouth Loses To Barton Plumbers

HOCKEY TEAM PLAYS LAST GAME OF SEASON—DEFEATED BY BARTON PLUMBERS, 3 TO 0.

In the second round of the play-off schedule of the Municipal Hockey league last Friday night at the Olympia the Plymouth hockey squad dropped a fast game to the Barton Plumbers, champions of last season, the final score being 3-0. This puts the local team out of the running for the championship. However Plymouth might well be proud of the showing the hockey team has made the first year in the Detroit league. Ten teams entered the league and the local boys finished the regular schedule in a tie for third place.

The game Tuesday night was a fine exhibition of amateur hockey. Neither team lost any time swinging into action and playing during the early stages was fast and furious, the first period ending scoreless.

Opening the second frame, Bartons put on full steam and after eight minutes of battling Hunt spread the meshes for the first counter on a pass from Wright. Four and one-half minutes later Sabarin drilled one past Drew for the second goal.

In the last minute of play Hunt chalked up another, assisted by MacDonald. The local boys never let up, trying to break through the Bartons' defense, and when they did get through the goalie stood the gate.

Since the Detroit News gave Page (Continued on page 4; col. 2)

Detroit Creamery Co. Closes Local Plant

The Detroit Creamery Co. closed down their receiving station in this village on March 1, after a continuous operation for 21 years. A shortage of milk is the reason the company was obliged to discontinue the local plant. The history of the plant dates back to its establishment in 1902 as a co-operative company, owned and operated by local capital. J. W. Henderson was manager and treasurer during the seven years it was operated by the local organization. After it was sold to the Detroit Creamery Co. Mr. Henderson has continued as local manager for the Detroit concern during the 21 years they operated it. Mr. Henderson is undecided as to what he will do in the future.

Women Voters Held Annual Meeting

The annual meeting of the Plymouth League of Women Voters will be held at the Hotel Mayflower next Monday, March 11th at 2:30 P. M. Reports for the past year will be given, followed by the election of officers for the coming year.

An interesting board meeting of the league was held at the home of the president, Mrs. Phoebe Patterson last Saturday afternoon when plans for the annual meeting were discussed.

The Plymouth league is entitled to six voting delegates to the Wayne County League of Women Voters' annual meeting to be held at the Hotel Statler March 27th. These delegates will be selected at next Monday's meeting.

THE EVENT WILL BE HELD IN THE CRYSTAL DINING ROOM OF THE HOTEL MAYFLOWER TUESDAY EVENING, MARCH 12.

The board of directors of the Plymouth Chamber of Commerce held a special meeting Monday evening, at which time there were present Messrs. George Stelwagen, Clyde Maben, Harley Smith, Thomas Jameson and Edward Smith, of Wayne. These gentlemen, who are all active leaders in the Greater Wayne association, in our neighboring village of Wayne, had been invited to meet with the board of directors of the local Chamber of Commerce to tell them something about the Wayne organization and the wonderful work they have been doing that has certainly put Wayne on the map in the past two years. They have secured industrial enterprises to locate there, brought about civic improvements and have extended the area of village boundary limits, that has nearly doubled the population of the village.

The talks given by the Wayne gentlemen were very interesting and helpful to the members of the board of directors of the local organization.

Before the meeting closed it was decided to hold a Chamber of Commerce luncheon meeting on Tuesday evening, March 12, at 6:30 o'clock in the Crystal dining room of the Hotel Mayflower. The tickets for the luncheon will be \$1.00. The program will not be a long one, but one that will be of interest to every citizen of Plymouth, as the same gentleman from the Wayne association as above mentioned have kindly consented to come over for this booster meeting and tell what the Board of Commerce has done for their town and how they did it.

The Rotary and Kiwanis clubs are expected to take an active interest in making the luncheon a success, and a member from each club will solicit every member for the purchase of a ticket. Also a committee will solicit the sale of tickets among the business men.

Every citizen who is interested in the progress and growth of Plymouth is urged to attend this luncheon. There will be no solicitation for money or memberships. Be a booster and attend the luncheon.

REPUBLICAN CAUCUS CALLED.

A Republican caucus will be held in the high school auditorium Saturday, March 9, at 2:00 o'clock p. m., for the purpose of nominating candidates for the various township offices. For a number of years past there has been one ticket in the field in this township, and it looks now as if there would only be one in the field this spring.

WOLGAST-GARRET.

George Wolgast, of this place, and Mrs. Mildred Garrett, of Farmington, were married at the Congregational parsonage at Salem, Tuesday evening, February 26th, by Rev. Lucia Stroh. Mr. and Mrs. Wolgast will make their home at Waterford. They have the best wishes of many friends for a happy and prosperous wedded life.

PRIMARY ELECTION VOTE LIGHT IN PLYMOUTH

WILL OBSERVE NATIONAL BUSINESS WOMEN'S WEEK

LOCAL ORGANIZATION WILL CO-OPERATE WITH 1000 OTHER CLUBS IN THIS EVENT.

The local organization of the Business and Professional Women's club will co-operate with the National Federation of Business and Professional Women's clubs in the observance of National Business Women's Week, which was observed for the first time in 1928, and to be observed this year from March 10th to 16th.

This is a week set apart to call attention to the increasing numbers of American business women and increasing importance of the part they play in community life.

The National Federation of Business and Professional Women's clubs, who sponsors the observance of the National Business Women's Week, is the largest organization of business women in America, having nearly 100 local clubs and 52,000 members. The projects emphasized during National Business Women's Week are: Third, with the slogan, "Every business woman a saver." Education with slogan, "At least a high school education for every business girl." Community Relations, with a study of what the business woman can contribute to community welfare.

National Business Women's Week is regarded as a project of such worth that it has been endorsed by the following governors: Harry Byrd of Virginia, R. C. Dillon of New Mexico, H. C. Baldrige of Idaho, Henry S. Johnston of Oklahoma, George H. Dern of Utah, Frank G. Allen of Massachusetts and William Tudor Gardner of Maine. Miss Mary Anderson of the Woman's Bureau, U. S. Department of Labor, says of it: "This second Business Women's Week finds women further advanced in business and in the professions. There is scarcely a week that we do not hear of some women being appointed to a responsible position or of a woman entering into the business life of the country. This year finds eight women in Congress instead of four, as last session. The names of 140 women will be carried this year on the rosters of 38 State Legislatures, which is a gain of 17 over the record established in 1927 and 1928, when 129 women served. This is surely a record that is gratifying to women, coupled with that is the record of achievement of these women in responsible positions, achievements of which other women may well be proud. Women as a rule bring higher ideals into their work, which is a great force in building a better society. May they continue to do so! I have faith that they will!"

On a double page ad in today's Mail, Blunk Bros. announce the opening of their new basement store. To properly celebrate this important event in the history of the store, the Blunk Bros. have inaugurated a big annual clearance sale in all departments of their big store. The sale opens on Saturday, March 9th and will continue for ten days. Some extraordinary bargains are offered and no doubt this big sale will prove a popular buying event as have other similar sales conducted by the Blunk Bros.

For several weeks past the basement of the store has been undergoing a complete remodeling until today it is a splendid store room with every convenience for the display of merchandise. A wide easy stairway leads from the main floor, near the front entrance, to the basement store. The room has been neatly decorated and presents a very pleasing appearance.

BLUNK BROTHERS TO OPEN BASEMENT STORE

THE EVENT IS TO BE MARKED WITH A FINAL CLEARANCE SALE WHICH STARTS SATURDAY MARCH 9TH.

CABBAGE ANN COMPLEXION.

Never too old to learn is an adage that keeps hobnobbing right along, proving its truthfulness in some form or another every little while. Not long ago the fad of eating liver swept the country when a famous doctor endorsed it for those suffering with a low blood supply. Then they told us to eat grapefruit and oranges to ward off the flu. And here comes still another one.

Eat plenty of cabbage and drink sauerkraut juice if you want a smooth, clear, attractive skin, advises a St. Louis beauty specialist. He says it is cheaper than running to a beauty doctor, or filling the system with drugs. In addition, he says two other garden products can be eaten along with cabbage with equal results—carrots and spinach. "Eat cabbage, carrots and spinach; get plenty of sleep; walk often in the open air and you will have a beautiful skin," says the expert.

We know the average Plymouth man isn't doing much worrying about the kind of complexion he has or could have. Give him the cabbage, carrots and spinach for his stomach's sake and he'll let beauty take care of itself. But the hint ought to be of value to our women folks. And since it costs far less than beauty doctors charge for their treatments—and we're not asking a cent for printing it—we think we are entitled to the thanks of every woman in this community.

A SENSIBLE BILL.

Show us a Plymouth citizen who doesn't love birds and we'll show you a man who has lost a lot of his life. Everyone enjoys having them around, even though some species are classed as nuisances; but birds are like people in that there are good ones and bad ones, and since there are more good ones than bad ones, we can't help liking them as a whole.

This being true, the news that congress has passed a bill providing for a bird sanctuary in each one of the 48 states is of special interest. It is said that ducks, geese and many varieties of birds are fast disappearing from this country, and that unless we take immediate steps to set aside reservations on which they can propagate, and be protected, we will soon have with us only the varieties that are of the least value.

It is a timely measure. The orchards, farms, gardens and forests of North America need the services of millions of insect-eating birds more now than ever before since alien insect enemies are multiplying every year. Almost everything grown now has to be sprayed or treated against insect pests. As increased number of birds—natural enemies of many of these—will save millions of dollars annually in this country. Incidentally, it insures all bird lovers that the things they treasure and love will not perish as did the carrier pigeons which once blackened the skies with their vast numbers. It is a sensible bill and congress has earned the thanks of the entire nation by passing it.

USING MORE CARE.

Quite a few of us around Plymouth who are observant have noticed that motorists use far greater care while driving in bad weather, when the roads are treacherous, than they do in fair weather when roads are dry. As a result, we have fewer accidents in bad weather than we do when weather conditions are favorable. One would think that just the opposite would be true but it isn't, either in this section or in any other section of the United States. It proves one thing, and that is that when motorists are doing the most

watching to guard against mishaps, mishaps are fewest. There is a lesson in it, too, that every autoist should seize upon and profit by. That is that if extra care and watchfulness will prevent accidents when the highways are in bad condition for driving the same kind of tactics will cut down the number of mishaps when driving conditions are fine.

RIDING ON AIR.

The year 1928 was a bad one for the railroads of this country as concerns passenger traffic. Railroad Age, a publication devoted to the industry, has just completed its statistics for the year. These show that 788,000,000 passengers were carried by all of our railroads in 1928, the smallest for any year since 1905. And the number of passenger miles covered was the smallest for any year since 1909. The number of miles traveled by the average train traveler was 264, the lowest since 1880. Railroad Age doesn't seem to think it necessary to give the cause for this decrease, and neither do we. Any one around Plymouth who has observed the fast-growing popularity of the auto bus knows without being told what is happening to the railroads. Just what the ultimate result will be is hard to forecast. We only hope, however, that freight business picks up enough to cover the losses in passenger fares, for no matter how much we value the auto, we can't get along without our railroads.

PAPER BOTTLES.

The good old glass milk bottle seems to be making its last stand. One of the leading New York dairy companies has begun the delivery of milk to its 50,000 customers in wedge-shaped wax paper containers and plans to extend the service to every part of the nation are under way. According to press reports, the paper bottle is a success. It can be used once and discarded, thus eliminating the washing of bottles. It costs less than a glass bottle; it weighs less so more can be hauled at a time, and it does away with breakage. The latter is a big feature since it is estimated that \$15,000,000 worth of milk bottles are broken and disappear every year. It looks like America's newest and greatest economy and an invention that will also serve to protect life by safeguarding it. Chalk up the paper milk bottle as the first big accomplishment of 1929.

Working Rings

A New York magistrate rules that an engagement ring belongs to the donor until after the wedding. This will be good news for economical swains who wish to make one ring serve for several engagements.—Boston Transcript.

Seems to Be Misnamed

Why is a man called noble? His natural inclination is to break the laws of nature and nation, says the Atchison Globe.

Speedy Relief for Sore Throat

SAFE PRESCRIPTION REQUIRES NO GARGLING.

No longer is it necessary to gargle or to choke with nasty tasting patent medicines or gargles to relieve sore throat. Now you can get almost instant relief with one swallow of a famous doctor's prescription called Thoxine. It has a double action, relieves the soreness and goes direct to the internal cause not reached by gargles, salves, and patent medicines. Thoxine does not contain iron, chloroform or dope. Is pleasant-tasting, harmless and safe for the whole family. Also excellent for coughs; stops them almost instantly. Quick relief guaranteed or your money back. 35c., 60c., and \$1.00. Sold by Dodge's and all other good drug stores.

CARRIES UMBRELLA ON WORLD JOURNEYS

Congressman Keeps Same Rain Stick 45 Years.

Washington.—Over the flats of Singapore and across the sands of the Sahara, up the valley of the Ganges and over the peaks about St. Moritz, by boat down the River of Doubt and by sleigh through the waist-deep snows of the Siberian steppes—almost anywhere, in fact, except the Polar regions, a faithful umbrella has traveled with its owner. It has been mended and repaired, of course, but it still has the same staunch sticks and the same heavy silk covering, though it has been around the globe more than a score of times and has gone into nearly every country.

Congressman Ernest R. Ackerman of New Jersey, the Republican roll-call bellwether of the lower branch of congress, is the owner of the umbrella. No matter where you see Mr. Ackerman, if he has his hat on, you see the umbrella. And when it is not with him it is in a specially built rack in his office or his home, with his hat always upon it, so the one cannot be remembered without the other.

Purchased 45 Years ago. Forty-five years ago the umbrella came into Mr. Ackerman's possession by purchase. Mr. Ackerman, who is one of the cement millionaires of the country, bought the umbrella at Bond's, in Piccadilly, London. A close friend was with him at the time and thought one like it. Immediately afterward the friend bet Mr. Ackerman he would have his umbrella longer. He lost his two weeks afterward. Mr. Ackerman has carried his ever since, and last year it made its fiftieth trip abroad.

Scores of trips to Europe, Asia, Africa and South America—a different place each year—have added to the umbrella mileage. The umbrella was still good and strong enough to make a visit with the Ackermans this year to Italy and the Adriatic.

The handle has been carved by the Ackerman hand, with notations as to where and when the umbrella has been when important world events have occurred under the Ackerman eye. There are little silver plates, too, noting the dates of special trips the umbrella has made.

Has Another Fad.

The umbrella fad is not the only one in which Mr. Ackerman engages. He is a postage stamp collector, one of the most assiduous in the world. Of course, one hears that King George of England and King Victor Emmanuel of Italy are the greatest, but Mr. Ackerman will tell you this is not so, as they interest themselves in the stamps of their own realms only. The New Jersey congressman makes his collections general.

Recently Mr. Ackerman has added to his collection, at much expense, a complete set of the pre-revolutionary stamps. These stamps are very rare.

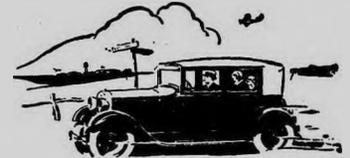

Stamp collecting has long been a fancy of famous men, but Mr. Ackerman has made his efforts a sort of co-operative venture, which has led him into many associations. He thinks nothing when in London or Rome of acquainting the palaces and their occupants of his presence. There has been much swapping of stamps with King George and King Victor as a result. Only recently Mr. Ackerman traded a rare British African stamp with King George in return for another British empire stamp of which the king had duplicates.

Mr. Ackerman has another hobby, too. One of his relatives who died several years ago left him a set of letters, including one by each of the Presidents of the United States. Mr. Ackerman had the set handsomely bound and then decided to do a little collecting of letters himself. His efforts have been fruitful and his assortment of autographs and documents is highly prized.

COMMISSIONER'S NOTICE.

146504
In the Matter of the Estate of MARY A. BRIGGS, Deceased.
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Plymouth United Savings Bank, Plymouth, Michigan, in said County, on Saturday the 30th day of March A. D. 1929, and on Wednesday the 27th day of May A. D. 1929, at 2 o'clock P. M. of each said days, for the purpose of examining and allowing said claims, and that four months from the 30th day of January A. D. 1929, were allowed by said Court for creditors to present their claim to us for examination and allowance. Dated January 20, 1929.
EDGAR F. BENNETT,
ROY A. FISHER, Commissioners.

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the sidewalls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

NEWBURG

NEWBURG SCHOOL NOTES.

By Eldora Balleg.

Ruth Schmidt returned Monday after a two months' absence due to pneumonia.

Dr. Brisbois, of Plymouth, and Miss Reid, our nurse, finished the health examination in our school last week. Many parents showed their interest by being present at the examination. We are very anxious to have as many corrections made as possible before May, when the healthiest boys and girls from Wayne county schools will be chosen in the general health contest. We feel free to bring in examining when many other schools have to be denied the privilege each year.

The carnival Friday night was a great success.

The boys are already practicing baseball. Our team is hoping to make a good showing as formerly, if not better.

There will be a regular monthly meeting of the Parent-Teachers' association Friday evening, March 8. Plans for entertaining the zone teachers will be considered.

Newburg will serve dinner and entertain the teachers of Zone A a week from Saturday, March 16. Everyone is cordially invited to attend.

Jundor Ryder and Kenneth McStiffen are absent from school this week on account of illness.

Water-Lily Seed as Food

Water-lily seeds were an important food in Egypt 4,000 years ago, and even today they are eaten by natives on the west coast of Africa.

U. S. Locomotives Find Foreign Resting Spots

New York.—What happens to good locomotives when they die? The subject, says the Baltimore Sun, has been brought up for discussion by the Baldwin Locomotive works, which cites the case of No. 4287, built by Baldwin in 1878 and which once provided motive power for the old Camden & Atlantic Railway company. Very recently No. 4287 was found on the banks of Dutch Gulch, covered with the forest growth just as it had been abandoned long ago.

Many years ago, it seems, an adventurous and named Bradley staked a gold mining claim 60 miles up the Maroni river, in French Guiana. A short railroad line was built through the jungle and No. 4287 apparently purchased in this country to furnish the motive power. An explorer recently going through the jungle was startled when he came upon the relic quite by accident. New Yorkers can also recall the "babies" which formerly hauled the trains for the Manhattan Elevated lines in New York. When the railroad was electrified in 1902 the steam engines were sold to Chinese interests. At last reports these locomotives were still doing duty in the Orient.

AN ORDINANCE.

An ordinance to regulate hawking, peddling and street vending and to prohibit the sale of goods, wares, merchandise, fruits, vegetables and foodstuffs without a license.

THE VILLAGE OF PLYMOUTH ORDINANCES.

Section 1. No person shall engage or assist as a helper, in the business of hawking, peddling or vending any goods, wares, merchandise, fruits, vegetables or foodstuffs from door to door or from or upon the streets, alleys and public places, or from any hotel or rooming house within the Village of Plymouth, either by sample or by taking orders, or otherwise for delivery then or in the future, without first obtaining a license from the village clerk.

Section 2. The village clerk is hereby authorized to issue a license to any person of good character to engage in the business of hawking, peddling or vending as aforesaid upon the payment of fees as hereinafter set forth. No license thus issued shall be transferred or assigned.

Before, however, any license shall be issued, such applicant shall furnish to the village clerk a true photograph of himself, his address, signature and physical description, and shall obtain and present a health certificate from a competent medical physician residing within the Village of Plymouth, who shall first have made a complete and thorough physical examination of said applicant to determine whether the applicant is affected with any contagious or infectious disease, which said health certificate shall bear a date not earlier than one year of the date of rendition of the license being applied for. If the applicant proposes to sell fruits, vegetables or foodstuffs, he must, before offering same for sale, bring them to the village hall for inspection, and must obtain a certificate from the village clerk showing that said fruits, vegetables or foodstuffs are fit for human consumption, and that the means of conveying and delivering are sanitary and safe, so as to protect the health of the public.

The clerk shall also have the power and authority to require such other and further information as in his judgment may seem proper in order to determine whether the applicant is a fit and proper person to be given a license, having in mind the safety and welfare of the public.

The fees for the above licenses shall be as follows, to wit:

Daily	5.00
Three months	35.00
Six months	50.00
Twelve months	75.00

The fees for each helper and assistant shall be as follows, to wit:

Daily	1.00
Three months	10.00
Six months	15.00
Twelve months	25.00

No license issued hereunder shall extend beyond May 31st of each year following the date of issuance.

Section 3. The license granted hereunder shall be in such form as to contain a true photograph of the licensee, his address, signature and his physical description. All licensees shall carry with them, while peddling, the license above described. No license shall change, remove or obliterate any entry made upon such license. In addition thereto every such licensee, while engaging in the business, shall wear conspicuously on his outer clothing a badge or emblem, to be furnished by the village clerk, same to be stamped with the date of issue of the licensee's license, and the term for which same has been issued. Failure to conspicuously and constantly exhibit said badge or emblem while engaged in said business in the village shall be sufficient cause for the suspension or revocation of such license by the village clerk.

Section 4. Licensees under this ordinance shall comply with all traffic rules and regulations in effect in the village, and shall not remain standing at one place on any of the streets, alleys or public places for a longer period than five minutes while engaged in said business.

Section 5. It shall be unlawful for any such licensee to stand or be on any public street, alley or public place, or in any building or place of business abutting on any street, alley or public place, and to cry out or make any noise of any kind whatsoever so as to attract persons or induce persons to congregate on any public sidewalk, street, alley or public place so as to tend to obstruct traffic, whether pedestrian or vehicular. It shall also be unlawful to call out or make any noise of any kind whatsoever with a view of attracting persons to buy the goods which said licensee has for sale.

Section 6. It shall be the duty of every such licensee to exhibit the said license and badge or emblem to any policeman or other authorized person when requested to do so; and failure to show same upon request shall be deemed a violation of this ordinance.

Section 7. It is not the intent of this ordinance to prohibit the sale by mechanics and artisans of products of their own manufacture; nor the sale by farmers of their own products, either produced by themselves or by their regular farm employees; nor any person who is soliciting for goods, wares, merchandise and foodstuffs who has first obtained a license pursuant to Act 359 of Public Acts of 1921; but all such persons must furnish satisfactory proof to the village clerk that they are the one and same persons that they represent themselves to be, and they must agree to comply with all terms and conditions of this ordinance, and upon so doing the village clerk shall furnish a license free of charge.

This ordinance is not intended to affect any person who is soliciting orders for goods, wares, merchandise and foodstuffs from retail or wholesale dealers, nor to persons selling or offering for sale books, papers or

magazines; nor to any person engaged in interstate commerce. Neither is it intended to apply to any vendor of wares, merchandise or foodstuffs who is regularly established in the business of selling the same wares, merchandise and foodstuffs at a definite business location in the village.

Section 8. Any license granted under this ordinance shall be accepted upon the express condition that it may be suspended without notice by the village manager whenever in his judgment it is for the best interests of the community so to do, having in mind the public safety and health of the community; and same may be revoked by the village manager after giving the licensee reasonable notice and opportunity to be heard.

Section 9. It shall be unlawful for any licensee to sell or deliver any goods, wares, merchandise and foodstuffs which are ordinarily sold by weight or measure, by the use of any other than standard weight or measure.

Section 10. Any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not to exceed FIFTY DOLLARS, or imprisonment in the Detroit House of Correction not to exceed ninety days, or both such fine and imprisonment in the discretion of the court.

Section 11. All ordinances and parts of ordinances inconsistent herewith are hereby repealed; especially all provisions of an ordinance providing for the licensing of hawkers and peddlers, made and passed by the Council of the Village of Plymouth the 18th day of August, 1906, entitled "An ordinance to regulate the sale of goods, wares and merchandise by street peddlers and others of like character in the Village of Plymouth, Michigan, and to establish a schedule of license fees therefor."

Section 12. This ordinance shall take effect on the 20th day of March, A. D. 1929.

Made and passed by the Commission of the Village of Plymouth, Michigan, this eighteenth day of February, A. D. 1929.

J. W. Henderson, President.
A. J. Koenig, Clerk.

Sees Test-Tube Era

Moscow, Idaho.—The lumberman of tomorrow will swing a test tube as well as an ax, says W. D. Humiston, Idaho lumber expert.

"The era," Humiston declares, "is approaching, with science producing countless substitutes for lumber, when a vastly different and intensely more valuable by-product will be precipitated from timber through the chemist's laboratory."

Commercial companies, he says, have found 1,200 uses for cellulose, one by-product obtained from trees and plants, Tamarack, or larch, which is too heavy to be shipped with profit. It is now exploited through the test tube as a valuable derivative carbohydrate galactan can be extracted from the tree and the wood chips can be converted into synthetic lumber.

Pianist's Beads Cause Static on the Radio

San Francisco.—The mysterious reverberation in the KGO radio studio here which caused no end of trouble to the station staff has at last been found.

After an expert piano tuner tried for hours to remedy the trouble, all of the station's pianists were summoned to appear and Eva Garcia was found guilty.

Miss Garcia was "ordered" to leave her beads at home when she played at the studio. Sensitive microphones picked up a note in pitch with the beads and sent the vibrations over the air.

Chinese Used Natural Gas

Natural gas was known and utilized by the Chinese before 1000 A. D. Reed pipes, it appears, were used to transport it.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Michigan, Feb. 18, 1929.

A regular meeting of the Village Commission held in the commission chamber at the village hall February 18, 1929, at 7:00 p. m.

Present: President Henderson, Commissioners Fisher, Nutting, Pierce and Shear.

Absent: None.

The minutes of the regular meeting held February 4th and of the special meeting held February 12th were read and approved.

Upon motion by Comm. Fisher, supported by Comm. Pierce, action upon the petition for the paving of Church street from Main street to Harvey street, which was presented at the last regular meeting, was deferred until the first regular meeting in April.

Plans and estimates were presented by Strong & Hamill, engineers, for the straightening of the east line of South Main street from Penniman avenue to Ann Arbor street, and for the extension of pavement to the new curb line. It was moved by Comm. Nutting, supported by Comm. Pierce, that plans and estimates as presented be accepted and placed on file; that funds sufficient to meet the cost of this improvement be included in the 1929 budget, and that the manager be directed to proceed with the work when funds are available. Carried unanimously.

The manager called the attention of the Commission to the fact that fire insurance at present carried upon the village hall building was inadequate in amount; and he recommended that steps be taken to secure adequate insurance. It was moved by Comm. Fisher, supported by Comm. Pierce, that the manager be authorized to increase the fire insurance upon the village hall to at least \$20,000. Carried.

Upon motion by Comm. Fisher, supported by Comm. Shear, the following ordinance was presented for final reading and adoption by the Commission:

GUSTAVE MANSKA, NELLIE MANSKA, Mortgages.

Charles F. Burham Attorney at Law
Office: 400-402 Griswold, Mich.

MUNICIPAL NOTES
BY THE MANAGER

Attention of voters is called to the fact that polls at the regular election next Monday evening will be open until 7:00 p. m. This will afford those who cannot conveniently cast their ballots during the day an opportunity to vote in the early evening.

An ordinance which was recently passed by the commission, and which becomes effective March 20, aims to restrict and control the activities of door-to-door peddlers in the village. A license fee of \$5.00 per day is required of each peddler. Restrictions strictly regulating their selling activities are included in the ordinance with a view of removing the objections commonly raised to the manner in which some peddlers conduct their business. It is expected that the peddler nuisance will be pretty well controlled through the operation of this ordinance.

Three commissioners are to be elected next Monday. Don't neglect to vote.

PLYMOUTH LOSES TO BARTON PLUMBERS

(Continued from page One)

and Pidgeon the writeup, and showed photographs in the Sunday paper Feb. 24, under the heading, "A Star Scoring Combination." Mike and Page have been watched closer than usual, with the result that their combinations have been broken up repeatedly.

The Lineup.

Plymouth	Bartons
Drew	Goal
Quirk	R. D. Flozdale
Pidgeon	L. D. Wright
Block	C. Sabornin
Garlett	R. W. Hunt
Page	L. W. MacDonald
Robertson	Sub. Clarke
Rutherford	Sub. LaFave
Douglas	Sub. Scration
Dobb	Sub. Morrison
Barton Plumbers	0 2 1-3
Plymouth	0 0 0-0

Penalties—Garlett, Pidgeon, Referee—Morrison.

The hockey team has given Plymouth a good deal of advertising during the season and the local people should appreciate this. A rink in Plymouth would be a paying proposition, and it is hoped arrangements can be made for one before another season. Teams from Battle Creek, Flint, Monroe and other cities were anxious to come to Plymouth for games the past season, also independent teams from Detroit, but games couldn't be arranged on account of not having the rink.

Waterford

The Waterford Community club has changed its name to the Get-together club. Mrs. Grace Hunt, of Northville, had the honor of being the originator of it, this name being voted best out of many others.

Mr. and Mrs. Edward Watson are driving a new Essex coupe.

Willour Ebersole and Miss Edith Peck spent Sunday with Mr. and Mrs. L. D. Peck at Washington, Mich. Mrs. Ralph Gotts, of Ypsilanti, spent Monday with Mrs. Arthur Gotts.

Mr. and Mrs. Jacob Warren moved to Northville last Friday.

Mr. and Mrs. Charles Shipley have moved to Gregory.

Mr. and Mrs. George Wolgast have moved into one of W. H. McKerreghan's houses.

Mr. and Mrs. A. J. Gotts and family attended a birthday party at Ypsilanti Feb. 26, the occasion being Mrs. Ralph Gotts' birthday.

Mr. and Mrs. Brown have moved into Robert Bechtel's house.

LOCAL NEWS

About twenty-four neighbors and friends surprised Mr. and Mrs. B. D. Himes at 139 Amelia street last Saturday evening at a farewell party given in their honor. Many useful gifts were received and an enjoyable time was had by all, cards being the amusement of the evening. Mr. and Mrs. Himes and family are moving to Wixom.

Rev. Otto Turk, Detroit city missionary and of all the penal and other institutions of Wayne county, preached to an audience of 35 adults and five little ones Sunday morning at the village hall. Miss Esther Lattimeter sang a beautiful solo.

The Handicap Bridge club was entertained at a bridge-dinner by Mr. and Mrs. William Wood at their home on Main street Monday evening.

Mr. and Mrs. Roger Vaughn were guests of friends in Detroit last Saturday evening.

Mrs. L. Ritter, of Detroit, was the guest of her daughter, Mrs. William Sturgis, the first of this week.

Mr. and Mrs. Edson O. Huston and Oscar Huston write from Asheville, North Carolina, that it is warm and dry there and that they did not find the floods through Ohio as serious as the newspapers reported them to be.

Mrs. Adams, executive secretary of the Wayne County League of Women Voters, will give a short address at the meeting of the local club next Monday afternoon at 2:30.

A community dinner will be given at the Rosebale Gardens church Thursday, March 14, from 6:30 to 8:00 o'clock. Family style dinner, with program.

Lafayette's Idea

Marquis de Lafayette brought about the adoption of the tricolor as the flag of France, in 1793.

Mt. Whitney, Highest Peak, Is Shrinking

Visalia, Calif.—Good news for mountain climbers!

The task of scaling Mount Whitney, highest peak in the United States, will be less arduous now, for the famous mountain isn't as high as it used to be, according to the coast and geodetic survey.

When last measured in 1905 it towered 14,509,737 feet into the clouds.

But figures of the latest survey, just completed, place the elevation of the peak at a mere 14,496,811, a shrinkage of nearly 14 feet.

Even with this reduction, however, Mount Whitney remains the highest mountain in the country by a safe margin.

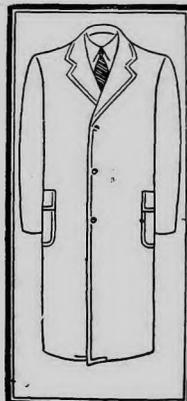

The Cambridge

A model that vies with the "Collegian" for popularity among young men. A two-button college style that is appropriate for fall wear.

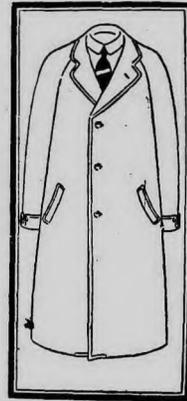

The Commodore

A smart, young man's model in three-button double-breasted style. Athletic shoulders, narrow at the hips. A little formal touch for street wear.

The Topper

A pleasingly fashioned, single-breasted topcoat for young men. Collapsible length, box back and high lapel add height to the wearer.

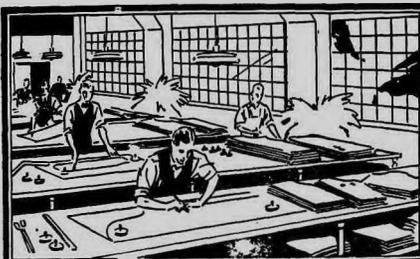

The Wallingford

A ruglan topcoat which has become increasingly popular with men and young men (especially those who drive cars) who like its roomy comfort and easy, "swagger" style.

Style centers of the country are searched for new touches of clothing design. These ideas are carefully studied and worked out in this beautiful sunlit designing room in the home of Clothcraft. It is in this room that the style of Clothcraft Tailored Clothes is created.

It is in this pattern-room that the ideas created by the master designer of Clothcraft Tailored Clothes begin to take form. From these patterns skilled workers fashion the final models.

Rigid inspection is ever present in the building of Clothcraft Tailored Clothes. Experimental models are tried out on men of all statures—a practice that assures correct fit as well as correct designing.

Style

Works of the famous masters have their copies. So have the creations of the present-day stylists.

When you buy a suit, topcoat or overcoat you are entitled to authentic style and not an imitation. Authentic style can be fashioned into well-tailored, popular-priced clothes. It is this sort of "Style" that we demand from the makers of Clothcraft Tailored Clothes this season. The group of beautifully proportioned models shown at the left is their answer.

We are proud to say that we are now showing one of the most beautiful lines of clothing that we have had the pleasure of offering for many a season. When you select a Clothcraft suit you may do so with the assurance that you will buy a stylish garment... "Style" that is built in... "Style" that is authentic at a reasonable price.

Designing

Watch the design of the clothes that are shown you when you make your selection this season. Be sure that the garment you buy is designed for you. Note the shoulders and the collar—they should fit your figure with an ease that is quickly recognized in correctly designed clothes. Be sure that the cut of the coat, the line of the lapel and the button placement is becoming and in keeping with your idea of correctness.

We naturally keep close watch of the ever-changing touches of design in men's styles and are careful to buy only those that offer the newest in every detail. After a careful survey of many lines we are proud to offer Clothcraft Tailored Clothes to you. These smartly designed garments possess all the finer points of skillful designing found in clothes that are priced at a high figure, yet we can sell them to you at prices popular with every pocketbook.

Tailoring

Fine fabrics, correct designing and distinctive style go for naught if the garment in which they are found is not well tailored.

Pressing machines make many a garment look well tailored, but it takes the skill of a craftsman to add the hidden touches of tailoring that will make a garment hold its original smart style.

Clothcraft Tailored Clothes are well tailored. Hand tailoring is used in those parts where it will add to the appearance and improve the fit of the garment.

Sewing machines are brought into play in the construction of parts where sturdiness and long wear must be assured. This combination of tailoring makes it possible for us to offer clothes that are smartly styled and well tailored at prices that will win your approval.

Fabric Values

There's one question that is always asked about a fabric when men buy clothes. That is the question regarding wear. When we show you a Clothcraft suit or topcoat we know that the fabric will wear because it has gone through a rigid inspection before being made up into the garment.

Fabric value is an important factor and when combined with good designing and smart style you may rest assured that you are buying clothes that you will be proud to wear. We are offering this type of clothing—a line that is backed by a guarantee of satisfaction.

CLOTHCRAFT Tailored Clothes

PENNIMAN-ALLEN BLDG.

PHONE 218

Clothcraft Tailored Clothes are comfortable around the collar because it is put on by hand. It costs more to tailor garments this way but it assures perfection of fit.

The hidden parts of Clothcraft coat fronts are modeled to fit the figure. Linen canvas helps them hold their shape and Rollo cloth lapels assure a soft effect.

Clothcraft coat facings are carefully basted in by skilled tailors. Only hand work on this operation makes a smooth finish possible and assures proper roll of the lapels.

Fifteen hours' exposure under the powerful arc of this machine is equivalent to thirty days of Florida sunshine. A swatch of all Clothcraft fabrics must withstand this test without fading before the cloth is used.

Eagle eyes, long trained in watching for imperfections, inspect every inch of cloth for variations of shading and imperfections of weave. Inspections like this make the Clothcraft guarantee possible.

Hundreds of yards of liven canvas used in Clothcraft coat fronts go through this mammoth shrinking machine. This pre-shrinking assures you that your Clothcraft suit will not lose its shape or become unsightly even though it may receive a thorough drenching.

Whitbeck's Corners

Mrs. A. C. Prochnow, Mrs. Georgia McCracken and Mrs. Parrish spent one day last week at the home of the latter's daughter and family, Mr. and Mrs. Otto Kaiser, on Golden road.

Mrs. LaGron is on the sick list this week and under the care of Dr. Brishols, of Plymouth.

Mr. and Mrs. A. C. Prochnow were Detroit visitors last Sunday.

Mrs. Parrish received word last week that her son, Charles, who is a salesman for the Grinnell Bros. music house in Ypsilanti, had been transferred to Ann Arbor.

Mrs. Georgia McCracken, who spent the past ten days at the home of Mrs. Parrish, returned home on Wednesday.

Mr. and Mrs. Walter Schiffler and family went to help celebrate the birthday anniversary of Mrs. Schiffler's brother, Gerald Hix, at his home near Perrinsville. They report a good time.

Mr. and Mrs. Walter Bethloff and two sons, Linwood and Elwood, were last Sunday guests of her parents, Mr. and Mrs. Henry Klatt.

A Mr. Sherman has moved into the Trambly store in the subdivision here, but as yet there are no signs of his keeping a store.

Frank Parrish, of Garden City, and sons called on his mother, Mrs. Agnes Parrish, Sunday.

The Helping Hand society met in Detroit this month at the home of Mr. and Mrs. Fullerton.

PERRINSVILLE

The roads are getting pretty bad in places, but spring will soon be here, for the robins have come.

Miss Mildred Lawrence entertained her cousin and two girl friends from Toledo Sunday.

The young people took in the dance at Plymouth Friday evening.

Malcolm Cutler, of Tiffin, Ohio, spent Sunday at home.

Mr. and Mrs. Holland spent a short time at their home Sunday afternoon. Gordon Prebe spent Sunday with Clinton Baehr.

Mr. and Mrs. L. Hanchett called at George Baehr's Monday morning.

Mildred Wilson, Mrs. M. Steinhane and Mrs. Guy White, of Garden City, spent Friday with Mrs. Mildred Hjerpe.

The Ladies' Aid will meet with Mrs. Guy White Wednesday, March 13, for dinner.

PERRINSVILLE SCHOOL NOTES.

The Junior Citizenship club meeting was held right after noon today, Friday, March 1, and the Hot Lunch club meeting was held immediately afterwards.

Miss Jameson is expected to visit this school next Wednesday, March 13, and the children decided to give a flag program. They are working very hard for their gold stars.

This school has been entered in the spelling bee which is given by the Detroit News.

The teacher's son, who has been ill with pneumonia, is slowly recovering.

The eighth grade girls are going to give a hard-time party next Friday evening, March 8, at 7:30 o'clock. There will be no admission fee, but anyone that comes dressed in other than "hard-times" clothes will be charged 25 cents. The party will be given at the Perrinsville school. Be sure to come.

FATHER AND SON TRAVERSE NORTH

Expedition Goes on Foot to Hudson Bay.

New York.—A small expedition in which two generations are represented recently left Hudson, Manitoba, to travel northward by snowshoes across the unexplored lands of northern Ontario and Manitoba to Hudson bay.

Arthur W. North, his son, Robert, now fourteen years old, and already an author; an Indian and a five-dog team will compose the party.

They will cross territory uninhabited except by wolves and a few Indians, making the trip in winter because the mosquitoes and swamps make travel in this region impossible at other seasons.

The party will have a distinct collegiate atmosphere. Mr. North, who was captain of the University of California track team some years ago, will carry a banner of his alma mater recently presented to him at a dinner in New York given in his honor by his college mates.

Robert, who is on leave of absence from the Phillips-Andover academy, will also carry a banner presented to him by his school.

From Hudson, a station on the Canadian National railroad just east of Winnipeg, the expedition is making a 200-mile dash northeast to Cat Lake. From here father and son will head for Big Trout lake, at the head of the Severn river, a distance of 15 days of Indian travel, crossing the Height of Land, or watershed, on the way. The Indians in this section are primitive nomads.

From Big Trout lake they will travel north to the Hayes river, following it down to its junction with the Nelson river at York Factory, a leading post of the Hudson's Bay company, situated on the west coast of Hudson bay.

After a short stay at York Factory the party will travel west to connect with the Hudson Bay railway, now in the course of construction, which will connect the Pas, Manitoba, with Hudson bay. They will study the lives and customs of the Ojibway and Swampy Cree Indians who inhabit this region, and will also visit the scenes of the recent gold rushes between Red lake and Fort Hope. Mr. North will take pictures of Indian scenes.

Coat Living to Go Higher for Chinese

Shanghai, China.—Adoption of China's new tariff schedule has been seen by both Chinese and foreigners in China as the signal for the beginning of an era of sharply increased general living costs. Although there has not yet been time to determine accurately the result, increased levies are generally expected upon virtually every commodity.

Individual consumption is sharply affected because of the wide range of products included in the new schedule. The principal ones are clothing, piece goods, leather, foodstuffs, metals, drugs, lumber, tobacco and motor cars.

Happiness Recipe
Be what your friends think you are; avoid being what your enemies say you are; go right forward and be happy.—Marcus Mills Pomeroy.

Freemasonry
The term "Freemason" grew out of the fact that only craftsmen not under control of the guilds were eligible. As the election was required to be unanimous, the members denoted themselves Free and Accepted Masons.

GRANGE NOTES

The Lily club will be held at the hall Tuesday evening, March 12. A large attendance is desired.

Integrity Always First
"You will, if you are wise, embrace intellectual integrity as the very basis of your character. It is not material what career you contemplate, for the paramount importance of honest thinking is common to all."—Lord Birkenhead

Earliest Peace Pact
The first alliance or league of peace and friendship of which we have any record was confirmed by mutual oath by Abraham and Abimelech (king of Gerar) at a well dug by Abraham—which had been seized by Abimelech's herdsmen, hence the name of the well, Beersheba, "well of the oath."

AUCTION!

INSTALLS NINETEEN NEW RADIO BEACONS

U. S. Makes Progress in Air Navigation.

Washington.—Marked progress has been made during the last year in the establishment by the bureau of lighthouses of additional radio beacons. Nineteen new radio beacons have been placed and installation was begun on twelve more.

The radio beacon marks the greatest advance in aids to navigation since the invention of the mariners' compass. Although the term beacon is used, the radio beacon is in no sense a light. Rather it is a signal transmitted by radio.

For centuries there have been light-houses, the first famous one having been the Pharos at the harbor of Alexandria in Egypt. But their beams were useful only under favorable weather conditions. A fog would obscure them to such an extent that a ship might plunge on the rocks almost at the foot of the lighthouse. Later foghorns were invented and bells employed. But here again weather conditions limited their usefulness. Not yet has science satisfactorily solved some of the riddles connected with the transmission of sound from these warning agents.

Nullified by Wind.
A strong wind will carry the sound of horn or bell a long distance down the wind, but only a very short distance against it. A more curious circumstance arises from what are called air pockets. Even in calm weather the wall of the siren will be plainly heard for a certain distance. Beyond that there will be a complete blank. Ships in that blank space will not hear a sound. And then, perhaps a mile farther on, the sound will be clearly heard again. Investigations have been made and theories propounded, but the matter remains a mystery.

It is certain that the sound continues to travel or otherwise it would not be again heard beyond the blank space. But what becomes of it in the meantime? It certainly does not cease. There is a theory that because of some unanalyzed atmospheric condition it rises to a great height, perhaps many thousands of feet, and then, due to some new pressure, descends again to the level of the water. Another theory is that the sound dives under the water and travels along the bottom of the sea for a mile or so and then emerges into the air. It is a well-established physical fact that water is a better conductor of sound than air.

Has Code Signal.

The radio beacon does away with this uncertainty. The signals sent out penetrate wind and fog and are practically the same under all weather conditions. The radio beacon consists of a radio transmitter. Most of the 55 now in use are operated only in foggy weather, but a few operate continuously. No labor is required. The keeper of the light merely turns on the instrument and it automatically sends out its signal until turned off again. Of course, batteries have to be replaced from time to time. Each lighthouse or lightship equipped with a radio beacon has its separate, distinctive code signal. This is steadily repeated over and over again.

The radius of these beacons is obviously far greater than light, bell or horn could possibly be under any conditions. The signals carry for hundreds of miles. No message is sent, but only the code signal. From his knowledge of the coast he is skirting or from his code book, the master of a ship at sea which is equipped with radio can identify a signal heard as that of a particular lighthouse or lightship. Also he can calculate by radio his distance from the transmitting station. This not only warns him off a dangerous shoal or shore but gives him his position.

The first radio beacons were installed outside New York harbor in 1921. They proved successful and were extended to the very foggy waters off the Massachusetts and Rhode Island coasts, where ship traffic is especially heavy. Now there are 55 and installations are constantly going on.

Storm-Lashed Island Crumbles Slowly Away

Helgoland.—This little German island, English North sea outpost until 1890, has lost 13,000 square meters, swallowed up by mountainous waves when recent fierce gales caused havoc along the west European coasts as far as Norway.

The damage done here and to the neighboring East Frisian island chain has led the Prussian survey department to appoint a commission to make a scientific study of the whole coast line to ascertain if there is any dangerous acceleration in the gradual subsidence of the German North sea shores. It is known that the whole coast is sinking, but only at the rate of about ten inches in the last 100 years. Ongoing investigations are expected to show whether the sinking process calls for extra precautions.

They Got the Vacation

Glen Ridge, N. J.—Having kissed successfully, four high school girls are under quarantine. Another girl thought she had the grip. The four thought they could get a vacation by exposing themselves to the disease through oceanation. They got the vacation. Their friend had scarlet fever.

Good Story Unverified

The British war office has been unable to find any evidence supporting the legend that the original Thomas Atkins was a private soldier whose name became familiar because he fell dead of wounds while in the act of delivering a message to the duke of Wellington during the Waterloo campaign.

Loss of 700 Reindeer Blow to Lapland Tribe

Oslu.—A certain tribe of nomadic Lapps engaged in raising reindeer was hard hit by misfortune this winter. During the summer the Lapps' large herd grazed on pastures on an Arctic island half a mile off the Norwegian mainland, and when cold weather came on the deer were led to swim across the strait. When they were half way over a passing steamer caused a panic among the animals and 150 drowned. Once ashore with the remainder, the Lapps embarked on the arduous trek through the Finmarken region to make their winter quarters at Kautokaino. Gales and snows and various mishaps dealt ravaging blows to the herd, and when finally at Kautokaino the Lapps counted a total loss of 700 reindeer.

foreign-born population. All women
of the parish and any friends they
may care to bring are cordially wel-
come.

Mr. Phillips, one of the instructors at
the Business Institute was ill last
week and Raymond Levandowski, a
Plymouth lad, took his place as in-
structor of bookkeeping during his
illness. Raymond also worked for the
Detroit News election night, recording
the returns from the country and city
election, which made his third election
night in succession that he has worked
for the Detroit News.

The officers of Ypsilanti chapter No.
119, Order of the Eastern Star, were
the guests of Plymouth chapter on
Tuesday evening, Feb. 26, at a deli-
cious 6:30 dinner, and later
initiated Anna Richard, Carol Birch
and Florence Stader. The work was
exemplified in a very charming manner
and was witnessed by a great number
of members of this chapter and
visitors from neighboring chapters.

REPUBLICAN CAUCUS.

A Republican caucus for the Town-
ship of Plymouth will be held in the
High School Auditorium Saturday,
March 8, 1929, at 2 o'clock p. m., for
the purpose of nominating candidates
for the various township offices and
the transaction of any other business
that may lawfully come before it.

By Order Township Committee.

IN MEMORIAM.

In cherished memory of our dear mother, Bertha Groth, who passed away one year ago, March 9, 1928: While the midnight stars are shining On a cold and lonesome grave; Beneath it sleeps my dear mother, Whom I loved but could not save. And in my heart a vacancy which no one else can fill. I think of you, dear mother, in silence, Though they may not see me weep, But many a silent tear I shed While others are asleep. Friends may think I have forgotten you When at times they see me smile, But little do they know the bitter heartaches That smile is hiding all the while. And in my saddest moments And happy thoughts hold away; I will meet you there, dear mother, And be happy some sweet day. Greatly missed by your only daughter and sons.

FOR RENT—Room in new, modern home; board if desired. 304 Hoe street. Phone 153. 1p

Richmond to Restore Historic Bell Tower

Richmond, Va.—The old gray brick bell tower on the capitol grounds here is to be restored and a mild-toned bell is to end a silence unbroken since 1865.

Erected in 1824 the structure now standing was built to replace an old wooden building constructed many years previous to house Virginia's public guard. These soldiers policed public property and maintained order on Capitol Hill.

The bell in the old tower pealed forth on all festive occasions, and tolled for the funerals of the great of that day, summoned the legislators to their duty and rallied regular and volunteer soldiers to the defense of the commonwealth.

One of the notable occasions upon which the bell called Virginians to their posts was in June, 1813, when rumors reached Richmond that the British had attacked Craney island, at the mouth of Norfolk harbor, and would come on to Richmond. The bell gave the news when Virginia seceded from the Union. It cracked in 1865 and was removed from the tower.

The restoration work is under the auspices of the Daughters of the American Revolution.

Philosophy Popular Among Danish Coeds

Copenhagen.—Danish coeds are a serious lot. One-third of the 1,000 women undergraduates at Copenhagen university are specializing in philosophy. There are a thousand coeds in the student body of 5,000.

Danish women cannot hold church positions, but six girls are specializing in theology, 163 are going to be doctors, 59 lawyers, 22 political scientists and 97 specialists in English. Mathematics appeals to 87 coeds, but more than 250 girls are unable to decide on which branch of science to specialize.

COMMISSIONER'S NOTICE

In the matter of the estate of Alma Minshart, deceased. The undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at 269 Adams street, Plymouth, Michigan, on said county, on Friday, the 26th day of April, A. D. 1929, at 11 o'clock a. m. of each said day, for the purpose of examining and allowing said claims, and that four months from the 26th day of February, A. D. 1929, were allowed by said Court for creditors to present their claims to me for examination and allowance. Dated February 28, 1929. JOHN QUARTL, Commissioner.

LOCAL NEWS

Forty-five ladies attended the thimble party at the home of Mrs. O. F. Beyer Wednesday afternoon. Seven new members were taken into the Ladies' Aid. After the business meeting a social hour was had and lunch was served.

Mrs. Albert Gayde and Mrs. Henry Sage attended a luncheon and theatre party given by Mrs. Harold Sage in Detroit Wednesday.

EXPOSES PRIVATE LIFE OF OYSTER

Washington.—Since more oysters than human beings attend the dinners of the great, it has occurred to at least one scientist that the private life of these gentle creatures may be a matter of some public concern.

In a somewhat formal expose of "The Private Life of the American Oyster," Dr. P. S. Galtsoff of the bureau of fisheries credits the oyster with a sense of taste more refined in certain respects than that of its human admirers.

"It has been found," he says, "that the oyster reacts to the application of quinine and detects this substance in a concentration four times weaker than the minimum which can be noticed as applied to the human tongue."

"Apparently a well-developed sensitivity is a compensation which the oyster obtains for its loss of power of locomotion and absence of special organs of vision and hearing."

Its ability to protect itself from poison, he explains, has been measured by putting different quantities of potassium salts and other chemicals in water where it was feeding.

Efficient though they are, however, the oyster's organs of sense are few, being confined to a double row of tentacles or feelers on the edge of each mantle, the soft layer of membrane which can be seen covering the creature when it makes its appearance on the half shell.

When the shell is open and the oyster is feeding, Doctor Galtsoff relates, the tentacles expand and stick out into the water, ready to contract at the first warning of danger through any mechanical disturbance or change in the intensity of illumination of chemical conditions.

As the tentacles draw in the mantle contracts, the big muscle which holds the shells together closes them and the oyster may—if oysters can—revel in the sense of security which man enjoys when shut up in a warm, cheerful room on a stormy winter night.

The oyster's nervous system is a possession which might be envied by many a jumpy dinner guest. It is so simple that no matter what distressing occurrence is forced upon the oyster's attention, it always acts in the same way, shutting out trouble by closing up the shell and letting the rest of the world go by.

REDUCE

A New York physician specializing on diet for obesity (overweight) has succeeded in discovering a perfect diet system which enables you to SAFELY reduce 3 to 5 pounds weekly. State your weight, enclosing one dollar money order today for a copy of this famous diet system. E. DAY, Box 1382, Detroit, Mich.

Capt. John Smith's Signature on Paper

Richmond, Va.—James Taylor Adams of Wise owns what may prove to be the only signature of Capt. John Smith in America. Adams, who is engaged in geological research work, recently received a collection of old documents from England, among which was a contract on which appears what is asserted to be the name of Captain Smith as a witness.

The document is written on parchment and is faded so that much of it cannot be read, but the signature is well preserved.

The date of the instrument, which corresponds to the time of Smith's sojourn in England for treatment of his burns, is "Mar. 1r. James 1st—1617," meaning March 16, 1617, in the fifth year of reign of King James I of England.
