FIRST PERIOD OFFER ENDS WEEK FROM SATURDAY

C. OF C. PROGRAM COMMITTEE PASS UPON TWO PROJECTS

Chamber of Commerce to Center Their Efforts Upon A Hospital and Better Transportation Facilities.

Out of the many projects that were up for discussion at the meeting of the program committee of the Chamber of Commerce last week Thursday evening, the projects of a hospital and better transportation facilities were passed upon as the most practical for the Chamber of Commerce to center their efforts upon at the present time.

The committee on hospital is composed of F. D. Schrader chairman, J. B. Hubert and Allan Horton.

The committee on transportation is R. R. Parrott, chairman, A. J. Koenig and Roy Crowe.

The need for a hospital in Plymouth has been felt for some time, and there is every reason to believe that this project will receive the hearty support of our citizens. There are very few towns of the size of Plymouth that does not have either a municipal or private hospital, and such an institution here would prove of inestimable convenience and could be operated upon a paying basis. At the present time no place is available here for the caring of emergency cases, and these must be taken to Ann Arbor or Detroit, which in the loss of time alone means much in cases of this kind.

The matter of better transportation facilities for Plymouth is also a very important one. For some time there has been much talk of a commuters service to Detroit over the Pere Marquette R. R. Such a service would induce many Detroiters to locate in Plymouth. A through bus service to the city is also very desirable and would prove a great convenience for those who ride the buses to and from the city daily.

The committees who have these matters in charge should be given every encouragement in their efforts to bring about the successful culmination of these two projects which would mean so much to Plymouth.

HENRY FORD IS A PLYMOUTH VISITOR

SECURES TWO OLD ENGINES AND ANCIENT STREET LAMPS FOR HIS MUSEUM.

Henry Ford was a caller at the office of the Daisy Mfg. Co. last Tuesday morning. Mr. Ford came over to look at the engine that furnished the power to turn the wheels of the machinery in the Daisy plant over a period of twenty-five years. After looking the old engine over, Mr. Ford expressed a desire to E. C. Hough that he would like to have it for the museum he is constructing at Dearborn. Mr. Hough informed Mr. Ford that the engine was his, and it will soon be removed to Dearborn where it will be set up, and will bear a card with the name of the donors.

Mr. Hough also showed Mr. Ford an engine that at one time furnished the power for the village lighting plant, and this, too, will be removed to Dearborn, and placed in the museum.

Stored in the old electric light building, now owned by the Daisy Mfg. Co., were about thirty of the old kerosene street lamps, that at one time graced the streets of the village. These proved of considerable interest to Mr. Ford, and he was delighted to get them, and they will once more be brought into service in the great museum at Dearborn.

Breaks Leg In Fall From Ladder

Carl Blach, of the firm of Jewell & Blach, of this place, had the misfortune to fall from a ladder which plucking grapes at his farm west of Plymouth last Sunday morning and sustained a fracture of his left leg just above the ankle. He was brought to Plymouth where he received surgical attention and on Tuesday evening was taken to the hospital at Northville.

KIWANIANS HEAR VILLAGE MANAGER

STRESSES IMPORTANCE OF VILLAGE ADMINISTRATION ORGANIZED AS A MUNICIPALITY.

Municipal Improvement and Development formed the topic on which Village Manager Adolph J. Koenig addressed members of the local Kiwanis Club at their weekly luncheon last Tuesday noon at the Hotel Mayflower.

In introducing Mr. Koenig, Dr. Freeman B. Hoyer, General Program Chairman, stated that his connection with the village affairs as it's manager for the past year or more, recommended him as a speaker on municipal problems.

Mr. Koenig urged Kiwanians to recognize the fact that Plymouth is growing and is a better community in all respects to a few years ago. "We cannot develop as individuals, but we can through organization. A carefully worked out plan must be made in order to secure proper improvements and developments. With this aim in view two well defined group plans have been worked out for the good of Plymouth, aiming at all times to provide for specific benefits, such as has accrued in the development of our streets, the greatly increased fire protection and exceptionally fine police service."

The expansion of our water system and the increased installation of sewers were brought out by Mr. Koenig as not only requiring the individual but the whole village collectively. Specific improvements are best made on a special assessment basis. Take for instance our paving problem. This is more speedily accomplished by receiving petitions from property owners who desire street paving.

To one who was privileged to hear Mr. Koenig the thought was brought forth, that the Village Offices are laboratories for the people of Plymouth to bring their problems and municipal improvements and development will be forthcoming.

The club voiced its appreciation to Kiwanian Mark Chaffee who arranged the program and persuaded Mr. Koenig to speak on "Municipal Improvement and Development."

Rotarians Hear Ford Representative

The members of the Plymouth Rotary Club heard a most entertaining talk by James W. Bishop, special representative of Henry Ford, at the weekly luncheon of the club last week Friday noon. Mr. Bishop is engaged in purchasing every kind of electrical apparatus through which electricity has flowed for Mr. Ford's museum at Dearborn. His description of some of the electrical antiques that have been secured proved most interesting indeed.

John Osborne of Donna, Texas, gave a short talk on the ravages caused by the fruit beetle in Texas.

REPRESENTATIVE MICHEMER HAS RETURNED TO WASHINGTON.

Earl C. Michemer, representative in congress from this district, who has been spending the summer vacation at his home in Adrian, has returned to Washington D. C. The House of Representatives formerly convenes on September 23rd.

Mr. Michemer expects to be in the capital city constantly until the end of the long session next June.

To Inaugurate New Course At Wayne Co. Training School

Percy Angrove, assistant superintendent in charge of education at the Wayne County Training School, has arranged for a course known as Psychology 102, Mental Measurement, to be offered at the Wayne County Training School this fall by Dr. E. B. Green, of the University of Michigan. The first class will meet on Wednesday afternoon, September 25, at four o'clock. Each class is two hours in length and the course will continue for seventeen weeks. The enrollment fee is ten dollars. Two hours credit, upon the completion of the course, is granted.

This course is to acquaint local teachers with the methods of constructing and applying mental measuring scales, including a critical analysis of tests in use at present.

Mr. Angrove extends a cordial invitation to anyone desirous of taking this course.

AWARD SEVEN SCHOLARSHIPS

UNIVERSITY HIGH OFFICIALS NAME FOUR ANN ARBOR AND THREE RURAL PUPILS.

We take the following from the Ann Arbor Times-News. Evelyn Wolf, one of the winners of the scholarships, is a former Briggs school pupil, and resided near Plymouth:

"Four scholarships, each amounting to \$60 have been awarded to Ann Arbor district elementary school pupils by the scholarship committee of University High School, while three others have been accorded county pupils entering the school from eighth grades outside the district. Three more scholarships will be awarded.

"The announcement made includes the names of Elwyn Rasom, 1203 Henry St., an Eberbach school pupil; Margaret Gelenius, 320 Madison St., a Perry school pupil; William Carman, 712 West Washington St., from Bach school; and Richard Brown, 405 Forest Ave., from Angell school.

"From the county, Helen Schmid of Dixboro school, Paul Bradbury from the Parker, Lima township school, and Evelyn Wolf from the Knight school will enter University High this month under scholarship.

The awards which have been made possible through the gift of an anonymous patron of the school, were awarded on the basis of the record attained by the applicant in citizenship and scholarship in the elementary school.

"The task of the committee was rendered difficult by the fact that the number of applications by pupils with splendid records far exceed the number of scholarships available," the statement of the school authorities says.

"Six of the ten scholarships included in the gift of the patron are intended for pupils who have completed the work of the sixth grade within the district and have made application to enter University High school this month. The remaining four are assigned to county pupils entering the school from the eighth grade.

"Of the \$60, a share amounting to

(Continued on page Four; Column Four)

Met With Auto Mishap

While returning from Detroit early last Sunday morning, Gordon Smith and Glenn McLeod met with an accident when they ran into a tree with their automobile on the Plymouth road, four miles east of this village. McLeod suffered a fractured left limb, while Smith sustained a compound fracture of the left leg. They were brought to Plymouth where they received surgical attention, and later taken to the University hospital in Ann Arbor.

Subscriptions Turned In Before That Time Earn Big Votes, Long Term Subscriptions Count Greatest In Vote Value.

Candidates Should Put Forth Greatest Efforts Now

Standing of our Candidates

Here is the list of our candidates showing the comparative standing of each candidate. It is still anybody's race.

Mrs. Nellie Beyer	Rosedale Gardens	619,000
Miss Helen Beyer	City	467,200
Kenneth Cool	Rt. 4 City	214,000
Mrs. Goodwin Crumble	City	749,200
Mrs. W. L. Freyman	City	427,800
Mrs. Esther Hillman	City	643,600
Mrs. Alice Perkins	City	10,000
John Quartel	City	768,000
Mrs. Kenneth Stevens	City	508,400
Mrs. Clara Todd	City	726,000
Mrs. Ida Thomas	Newburg	529,900

418,000 votes given on the first four one-year subscriptions

One week more of the high vote period which ends Saturday night, September 28th. This date will register the end of the big high vote period that offers the candidate the last chance to acquire the prize of his choice via the big first period vote offer. This is the best subscription offer to be made during the entire campaign and will not be extended or repeated. One ten year subscription turned in during the first vote period will earn 100,000 votes while a like subscription turned in after that time will earn only 75,000 votes. The big race is just now starting, and those candidates who have been hesitating about getting busy should lose no time from this time on as the big race is now in earnest, and to the winners belong the spoils. There are some of our candidates who are not putting forth the effort these handsome prizes deserve. Now let us take a fresh start today and finish the race in a manner befitting the prize we have set our heart on owning.

Comments of the Campaign Manager.

The big campaign is just getting under way, and the candidates who are in the race to win themselves a fine prize are gradually stepping away from the slower candidates. All active candidates are deserving of your support. Select your favorite candidate in the race and give them your support and enlist the support of your friends in their behalf and help them win BIG.

Mrs. Nellie Beyer of Rosedale Gardens is a live hustling candidate, and on the way to win herself a handsome prize on October 19th.

Miss Helen Beyer on Liberty street, stepped into the race with a determination to win and the results of her efforts are most gratifying to her many friends. A real worker.

Kenneth Cool has entered his name as a candidate, and is getting the support of his many friends. Kenneth says he was a little

Given Shower And Reception

A miscellaneous shower was given for Mrs. Joseph Finnegan, formerly Miss Marion Williams, at the home of Mrs. Harry Holcomb, 654 Holbrook avenue, with Mrs. Ray Covell as assistant hostess, last week Thursday evening. A delicious luncheon was served and the bride was the recipient of many beautiful and useful gifts. On Friday evening, Mr. and Mrs.

late starting but he knows where subscriptions grow and will make a fine showing on the big day. Well, why not? Everybody wins, Kenneth. Let's make Saturday "BOOSTER DAY" for the big drive. Let every candidate turn at least FOUR subscriptions Saturday. If you cannot get four, then get as many as you can and get started with a whoopee.

Mrs. Goodwin Crumble is one of our most active candidates, and her host of friends are helping her place her score where the BIG prizes grow. Mrs. Crumble says that handsome coach for her. Mrs. Crumble will be among the big prize winners on October 19th.

Mrs. Floyd Hillman is one of our most active candidates, and is calling on her friends and well wishers to come to her support. Mrs. Hillman is making a fine record and is in to win and win BIG.

Mrs. Alice Perkins of the telephone company has yet to enter with those big first four subscriptions but never too late to win.

John Quartel, with the aid of his hustling wife, is making a record for the big day. Brother John has friends by the score, and they are all interested in his success.

Mrs. Kenneth Stevens is another of our active candidates, and getting results as she goes. Watch this score, folks. Results talk, and Mrs. Stevens is getting results.

Mrs. Clara Todd will surely have to be reckoned with when the big day rolls around. Mrs. Todd is a tireless worker and the support of her many friends are most gratifying to us all. Mrs. Ida Thomas of Newburg, the campaign manager has been most agreeably surprised with her showing. Mrs. Thomas deserves the full support of her many friends in this race. We are watching Mrs. Thomas' score with much interest.

Finnegan were given a reception at the home of Mrs. Henry Bolson on the Ann Arbor road with Mrs. C. A. Finnegan, Mrs. Colburn Dennis and Mrs. H. Bolson as hostesses. About one hundred friends were present. Ice cream and cake were served and the young couple were the recipients of many splendid gifts.

CANTON CENTER WINS.

The Canton Center baseball team trimmed the Gottfredson Truck Company team of Detroit, last Sunday by a score of 13 to 3.

TO OUR SUBSCRIBERS!

Owing to the great number of new subscriptions being turned in by our subscription campaign candidates, we are unable to get all new subscribers' names on our mailing list in time for this issue. We ask your kind indulgence in this matter and assure you we will endeavor to place all new names on our mailing list at the earliest possible date. If, however, you do not receive your paper within two weeks from date of your subscription, please notify the Mail office at once. Thank you.

The Penniman Allen Theatre Has Been Newly Decorated and the Latest Sound and Talking Equipment Installed.

An Exceptionally Fine Program of the Latest Feature Pictures Will Be Presented for the Opening Day and Week.

ADVERTISERS WILL APPRECIATE THIS

When the subscription campaign which the Mail now has in progress, ends on October 19th, there will be scarcely a family in Plymouth and surrounding community who will not be on our subscription list as a bonafide subscriber. This will mean a great deal to the advertisers in reaching the people with their advertisements each week through the medium of this newspaper.

D. A. R. MEET

FIRST MEETING OF THE YEAR HELD AT THE HOME OF MRS. BRANT WARNER.

The Sarah Ann Cochrane chapter of the D. A. R. met at the home of Mrs. Brant Warner, Monday afternoon, September 16. There were nineteen members and several guests present.

After the business meeting, the chapter was turned over to the program committee with Mrs. McKinnon, chairman. Two interesting articles on World Peace were read by Mrs. Hubert and Mrs. Lendrum, after which Mrs. S. D. Strong gave a very interesting paper on "Patriotic Education." In this paper the idea was particularly stressed of what the D. A. R. is doing to promote patriotic education in many, many places, and what our own chapter could do here in this city. The main suggestion conveyed to this chapter from this instructive paper were: 1, Ways of getting a representative vote from the people of each election; 2, sending old garments to the schools in the mountains supported by the D. A. R.; 3, attending the debates given by the high school regularly; 4, establishing a good citizenship campaign in the local schools.

The Sarah Ann Cochrane chapter, in as many ways as possible, will endeavor to carry out these helpful suggestions the following year, in accordance with their policy of helpfulness and patriotism.

August Schultz Dies

August Schultz died at his home on Middle Belt and Warren avenue roads last Saturday evening. The deceased was 80 years of age. He is survived by his widow. Funeral services were held Tuesday afternoon at 2:00 o'clock. Rev. Purdy of Perrinville, officiating.

Patterson-Bingham

A lovely informal wedding took place at the home of Mr. and Mrs. Charles Bingham in Pontiac, when their daughter, Mable, was united in marriage to Donal Patterson, son of Mr. and Mrs. J. H. Patterson of this place, at eight o'clock last Thursday evening. Rev. Weldon Crossland officiated. The bride's sister, Miss Sylvia Bingham, served as maid of honor, and her brother, Charles E. Bingham, Jr., as best man.

Immediately following the reception held at Northwood Inn, the couple left to make a short tour of Canada. The groom is a graduate of the Plymouth High School with the class of '23. He is the junior member of the firm of J. H. Patterson & Son, contractors and builders. Don's many Plymouth friends extend congratulations and best wishes.

ANNOUNCE ANNUAL SALE OF SLEEPY HOLLOW BLANKETS

Blunk Bros. announce the annual sale of Sleepy Hollow Blankets, which commenced Thursday, and will continue today, Friday, and Saturday, September 28, 27 and 28. They have a wonderful showing of these well known blankets to select from. See large ad in section two of the Mail today.

The Penniman Allen theatre which has been closed for the past several months while being redecorated and sound and talking equipment has been installed, will have a grand opening on Sunday, September 22nd.

The improvements which have been made are going to be a delightful surprise to the patrons of this popular playhouse. The decorative scheme which is in green and gold, presents a most wonderful effect and greatly enhances the beauty of the theatre. Another pleasing improvement is the carpeting of the aisles and the foyer. The back of the reserved seat section has been glossed in, and this will prove more comfortable to those sitting in this section and will do away with the annoyance of more or less noise by those standing in the foyer. Some changes have also been made in the lighting effects which are most attractive.

A handsome green silk taffeta curtain has also been put in place.

The RCA photophone system for showing sound and talking pictures has been installed, and this is considered far superior to any sound equipment on the market. The RCA photophone system for showing sound and talking pictures is the product of the combined research facilities of the world's leading engineering organizations—the Radio Corporation of America, General Electric Company, and the Westinghouse Electric and Manufacturing Company, representing more than ten years of continuous experimentation and research on the part of the leading scientists in these laboratories.

With this wonderful equipment the Penniman Allen theatre will be able to present sound and talking pictures with perfect reproduction.

Beginning next Sunday, the theatre will be open seven nights a week. Sunday, Monday and Tuesday, September 22, 23 and 24, the opening attraction will be Eddie Dowling in the "Rainbow Man." Then there will be short subjects in sound and the funniest all talking comedy you ever saw or heard.

The show Sunday will start at 3:00 p. m., and will be continuous until 11:00 o'clock. The last show starts at 9:00 o'clock.

Wednesday and Thursday, September 25 and 26, the attraction will be Buddy Rogers and Mary Brian in "River of Romance." The comedy will be "The Old Barn," and a scenic, entitled "Hodge Podge," and a novelty one-act, "Two Little Chinese Maids."

On Friday and Saturday, September 27 and 28, the feature picture is Jack Oakie and Skeets Gallagher in "Fast Company." The comedy is "Shipmates," with Paramount News in addition.

Your attention is called to the full page ad in today's Mail for further particulars.

There is not another town of this size in the state, that can boast of a finer theatre and one with better equipment than the Penniman Allen, and everybody is proud of it.

Kiwanians Preparing For Rummage Sale

October 16th, 17th, and 18th, are the days set for the big Kiwanis Rummage sale. Watch for more particulars in future editions of this newspaper. Location of sale will be announced later.

O. E. S. WILL HOLD A MEETING NEXT TUESDAY, SEPT. 24TH.

The first special work of the O. E. S. for the coming season will be put on next Tuesday evening. A fine dinner will be served promptly at 6:30, to which members and friends are cordially invited. Members and all visiting members are urged to witness the initiatory work which begins at eight o'clock.

The fire department answered an alarm Wednesday afternoon at 4:00 o'clock, when the roof on the home of Mrs. William Gates at 578 Hamilton street was discovered on fire. It is supposed to have originated from sparks from the chimney. Not much damage was done.

PENNIMAN ALLEN THEATRE

SUNDAY, MONDAY and TUESDAY

A SENSIBLE CAMPAIGN

We don't hear as much of the Izaak Walton League as it seems we are due to hear from now on, and as we should have been hearing for a long time, for it has long been an organization of great benefit to America. The League's latest campaign hasn't anything to do with preserving forests or protecting fish and game. It is a campaign for the beautification of rural school houses and school yards, and it promises to extend into every state in the Union. Already the League has been instrumental in getting hundreds of school houses made more comfortable and healthful, and children better satisfied to attend by reason thereof. It promises not to let up until every rural school can boast of surroundings equal to those in the larger cities. No finer work has even been attempted by any national organization. We hope it not only extends into our own state, but that it won't be long before the campaign actually reaches some of the school houses around Plymouth.

OLD BONES—NEW RATTLING

The Senate is in session again, and the tariff battle is on. You read that word tariff and yawn and turn to other things. For 25 years American editors have tried to escape ever using that sleep-producing word. The tariff has been jawped to death. The old phrases and the old cries have lost their force. Protection, free trade, revenue only, infant industries, full dinner pails, the flesh creeps and the mind rebels at thoughts of them. Say tariff, and you empty the page—or the auditorium. At best the tariff is now little more than a poker game, and with little more pretense about it. The tariff seekers all play the best hand they can get, and the stake is the contents of the pockets of the American consumers. It is no dull, argumentative thing, the tariff as it is now being framed at Washington; it's a hard-hitting scramble for the cash with every interest in America taking a hand in it. As such it is just as interesting as Wall Street. Any way it is fixed the consumer will be on the short end, so why not grin and bear it? After all it furnishes a pretty good show, even if those of us who have to pay the admission fee are forced to admit that it might be better when the price of a ticket is considered.

RADIO AND PAPERS

There was a lot of talk a couple of years ago about the probable ill effect of radio on rural churches and weekly papers. We look on radio as a perfected instrument now, and we've had it long enough to see whether or not it is going to injure the church and the press.

Radio has not and cannot hurt the weekly newspaper because radio doesn't provide that which residents of every small town insist upon—the personal news of themselves and their neighbors. Radio provides entertainment in the form of music and lectures; the community newspaper never pretended to offer anything of that kind, and its subscribers do not pay for such

things in the paper. The community newspaper holds a place that cannot be usurped by either the radio or the telephone, a fact too apparent to permit of argument.

Whether or not radio has decreased rural church attendance we are hardly in position to say. We do not believe it has. Insofar as Plymouth is concerned, our houses of worship appear to be as strongly fortified as ever, and without any noticeable drop in attendance. The auto has served to reduce city church attendance, but at the same time it has been the means of increasing attendance at rural churches. We do not believe radio has affected the church any more than it has weekly papers. In fact, we're living in a mighty big country, one capable of taking to new blessings as fast as they come along. The community newspaper, the auto and the radio are all blessings in their respective way. Good things like them will never want for supporters.

BIG MERGERS

Twenty-five years ago the average Plymouth resident would have stood up and howled at the announced merger of the Standard Oil of Indiana and the Pan-American Petroleum Corporation. Today the story is different. It appears the public is satisfied with a merger of giant institutions so long as public good is not imperiled and so long as the government stands by with a big stick ready to safeguard the public interests. In fact, the public not only accepts the merger as entirely all right and in line with the times, but rather welcomes them. It would not have been so a quarter of a century ago, when people were talking of the big "trusts." But, really, haven't the operations of big business changed, and isn't big business now operated on a fairer and squarer basis than a good many of the smaller concerns were in days gone by?

HENS AND AUTOS

Hens have become sophisticated. Instead of ducking across the road at the honk of an auto horn, they now dodge farther to the side on which there is the greatest safety. As a result, fewer of them are being killed despite the fact that autos are far more numerous now than ever before.

Not only is this true of hens but of other farm animals as well. All are faring better at the hands of motorists. The average Plymouth driver will tell you that there is a new spirit being displayed today—motorists do not deliberately attempt to strike a chicken, pig, dog or cat with front wheels or bumpers. There is more of a spirit of fair play shown than in days when the auto was a novelty and drivers thought it "smart" to run down anything that tried to cross their path. Outdoor manners seem to have greatly improved in recent years, and as a result the farmer doesn't lose as heavily as he once did.

This speaks well for the operators of the nation's autos, and also makes for a firmer friendship between rural residents and those who drive out from town or city to pass their homes. Nowhere do good manners show up to finer advantage than back of a steering wheel; nowhere has a fellow a finer opportunity to display his consideration for others and of the property of others. A thoughtful driver is always a safe driver, and especially if he is thoughtful of the things that belong to others.

A New Era in Fire Prevention

HABITUAL carefulness and better building construction is helping to bring about a new era in fire prevention.

But greater effort is yet needed to save thousands of lives and billions of dollars from loss by fire.

Do your part to stop fire! Make your home and business safe. Help to make this nation a better, safer place in which to live and work and prosper.

Our idea of an average husband is the Plymouth man who thinks to empty the ash tray just before it starts to run over.

After a Plymouth man has partaken of a meal that his wife had prepared for a lot of women folks he is as hungry as when he started in.

Maybe the reason that gin rhymes with tin is because a gin wedding never lasts until the tin anniversary.

Just phone 6 when you want a West Ad. They bring RESULTS.

A Letter From Japan

Yokohama, Japan. By John Wm. Robinson, U. S. S. Destroyer Borie.

We arrived in Yokohama, Japan, after thirteen days at sea enroute from Honolulu. As soon as we dropped anchor, we were granted liberty, so I put on my dress whites and called a sampan alongside the ship. When I got to the beach I went to a bank and had by money changed into Japanese yen. The exchange was over double our money, so I had quite a tidy sum. I hired a rikisha and told the coolie driver to show me the town. I was quite surprised to find it practically the same as I have read in books. The majority of people wear silk kimonos and odd looking shoes. They are made of grass and wood.

We leave here soon for Chefoo, China, where we stay for one month. From there we will go to Asia and then across the equator.

Wishing the people and the Mail good luck, I remain, J. W. Robinson.

Pauline Deal of Alma, a former Plymouth girl, is visiting friends here a few days this week.

WATERFORD

Mrs. Ida Hughes returned home Thursday, after spending the past four weeks in Ionia and Owosso.

Mr. and Mrs. S. Chatfield of Birmingham, were guests at the Miller home, Tuesday.

Mrs. Ida Hughes, Mr. and Mrs. Charles Waterman and family were dinner guests Sunday, of Mr. and Mrs. Frank Magraw in Plymouth.

Mr. and Mrs. Charles Gill of Lincoln Park, were Sunday guests at the home of Mr. and Mrs. Claud Finney.

Mrs. Amelia Reigler and Mrs. Murrel spent Saturday with Mrs. Ernest Layton.

Mr. and Mrs. Frank Vanatta and son, Frank, Mr. and Mrs. E. J. Ling of South Lyon; Mr. and Mrs. M. Ling and Mr. and Mrs. James Wilson of Detroit, surprised Mrs. Perkins with a party Sunday, the occasion being her birthday.

Mr. and Mrs. L. L. Brown of Detroit, were Sunday callers at the McKerregan home.

Bobby and Mary Gotts spent the weekend at their uncle's in Ypsilanti.

Miss Eleanor Gendron, who has been visiting in Fort Dodge, Iowa, returned home Sunday.

Miss Margaret Purdy of Albion, spent last week with her parents, Mr. and Mrs. Purdy and family.

Joy McNabb entertained Miss Donna Barnes over the weekend. Miss Barnes teaches in Ferndale.

Marion Taylor returned home Sunday after spending a week with Ruth Chorah in Jackson.

Melvin Clement has purchased the Horton home and will move there soon.

WATERFORD SCHOOL NOTES When we returned to school September 3, we found that the school was painted and some new seats had been installed. We took the curtains home and washed them.

Our enrollment is now 42 pupils. We held our first citizenship meeting September 6th. The meeting was called to order by Mr. Rowland. Plossie Rowland was elected president. Eleanor Gendron secretary-treasurer, and Harriet Gibson, vice-president.

This week Monday we had our health test.

"Bonkura Treatment Brought Amazingly Quick Relief To My Stomach Troubles."

BURTON MAN HAD GIVEN UP HOPE. STOMACH FINE NOW.

TRIED OTHER MEDICINES BUT ALL FAILED.

MR. CHARLES VOSBURG

"For many years I was the victim of constipation, stomach, kidney and liver trouble," said Mr. Charles Vosburg, P. O. Box 13, Burton, Mich. Gas pains and a stuffy crowded feeling were features of my indignation. After eating peaches and certain kinds of fruit, I would spit up a hot liquid and particles of undigested food. I was troubled with dizzy spells from a disarranged liver and have been subject to backaches and pains across my kidneys.

"Bonkura Treatment proved to be just the medicine I needed, because it went right to the spot. The first treatment cleaned out my system and corrected my stomach disorders. In a week's time I felt myself again, could eat anything, had no more dizzy spells and my kidney trouble disappeared. I can not praise this marvelous treatment highly enough and gladly recommend it to any one."

Bonkura is sold by Beyer's Pharmacy.

Municipal Notes

BY THE MANAGER

Construction is in progress upon a seventy-foot section of reinforcement concrete culvert under South Harvey street at its intersection with the south branch of Tonguish Creek. Completion of the culvert will be followed by the opening of South Harvey St. southward to Golden Road, an improvement which will be much appreciated by residents in that part of the village.

Removal of the old hand stand at Kellogg Park this week eliminates a structure which of late years has met with little use and detracted considerably from the otherwise attractive appearance of our uptown park. It is planned to seed the area occupied by the stand to lawn rather than erect another structure in its place.

Graveling of village streets recently graded is being planned, to follow completion of public improvements now under construction. It is hoped to have all unpaved streets in good condition before the arrival of winter.

Award Seven Scholarships

(Continued from page One) slightly more than half will be used to pay the pupil's tuition and activities fee for the year, and the remaining sum will be paid to the pupil this month to be used for incidental expenses, including books, bus fare and the like.

"Such qualities and character training achievements as co-operation, courtesy, honesty, responsibility and sportsmanship are included in the traits upon which a student is judged."

It Pays To Patronize Your Home Institutions

Our attention has been called to the fact that some parties have been in town recently taking portrait photographs at the homes, that have proved far from satisfactory to at least some of the purchasers. A representative of the Mail saw one of these portraits and it certainly was a poor piece of work that would not have been a credit to an amateur.

The matter was called to the attention of Chief of Police Springer, and he is investigating the case. He informs the Mail that he would be glad to have anyone who has had pictures taken that were not satisfactory to bring them to his office at the Village Hall.

People should be careful about placing orders of this kind or for anything else for that matter with strangers whom they know nothing about. Plymouth has a first-class portrait photographer in L. L. Ball, where they can get their work done even at a less cost than outside concerns, and know that they are going to get just what they pay for. Patronize your home institutions first.

ROSEDALE GARDENS

The Boy Scout group of Rosedale Gardens, is giving a father and son party Wednesday evening, at the church at 7:30. All fathers and sons that are interested in Scout work are invited.

The Ladies' Auxiliary met Wednesday afternoon, Sept. 18, to plan work for the coming year.

H. Royer and family moved to Ohio, where they will make their home.

NEWBURG

Mr. and Mrs. Frank Magraw spent last week Thursday in Owosso.

Mrs. A. Barson is visiting relatives at Lansing. Flint and Cadillac.

John Lang and son, Harry, spent last week-end with relatives in Alpena.

Mr. and Mrs. A. C. Groth and family spent last week-end at Round Lake.

Mrs. Mary Hillmer is a guest at the home of her daughter in Wayne, for a week.

Mr. and Mrs. A. Kahrl of Redford, visited the former's mother last Wednesday.

Mr. and Mrs. H. H. Behler and family spent last Sunday with relatives in Pontiac.

Miss Helen Fish was a guest over the week-end, of Miss A. Reynolds at Crosswell.

Miss Vivian Groth is leaving this week to attend the Ypsilanti State Normal College.

Mr. and Mrs. Ray Hungerford and sons of Detroit, spent Sunday with the Misses Drake.

Mr. and Mrs. Wm. Baker of Detroit, were guests last week of Mr. and Mrs. George Miller.

Mr. and Mrs. Charles Radford of Grand Rapids, spent Sunday with Mr. and Mrs. John A. Miller.

Mr. and Mrs. M. McGraw entertained the former's mother of Saginaw, for a few days last week.

Mr. and Mrs. B. E. Rynd and Gladys and Charles of Clinton, were Sunday guests of Mr. and Mrs. E. J. Brown.

Mr. and Mrs. John Jordan and daughter, Ellen, were guests of Mr. and Mrs. Ed. Schwab at Flat Rock, last week Wednesday.

Mrs. Wm. Michaels was given a pleasant surprise on the occasion of her birthday last Monday evening, when about twenty-eight friends gave her a party at the home of her brother, Lawrence Burgett. A pot-luck dinner was served, and the guests departed at a late hour wishing Mrs. Michaels many happy returns of the day.

The old barn in the rear of the Tighe block on Penniman avenue has been condemned as a fire hazard by a representative from the office of the State Fire Marshal, and ordered torn down within thirty days. This barn was built by the late Dr. Coleman many years ago, and its destruction will remove one of the landmarks in this section of the village.

Divisional Manager Harry K. Wrench of the Michigan Federated Utilities, and Assistant Manager Carl W. Hauser of the local office of the company, attended a meeting of the managers of the several properties of the company held at the Crystal Downs Golf Club near Frankfort, Mich., the latter part of last week. Mr. Wrench was in charge of the meeting.

Odd Cargo for Warship
One of the strangest cargoes ever carried by a navy ship was that of eight jackasses, four jennets and four jackass colts. It so happened that when Commodore Elliott sailed from the Mediterranean in the frigate Constitution (Old Ironsides), in 1835, he placed these animals on board to bring back to the United States for breeding purposes.

Have Ghostly Tenants
Some well-known buildings in England that are reputed to be haunted are the Tower, Windsor castle, Cambridge university and Oxford university, Hampton court, St. James' palace, Bisham abbey, Corby castle, Rainham, Hilton castle, Lambton castle, Lowther hall, Newstead abbey, Peele castle, Dolling hall and Ince hall.

Magnet's Long Life
The life of a permanent magnet, magnetized in any manner whatever, has never been determined. A magnet made of the best quality of steel, properly heat-treated and aged, and used under the best conditions of service would probably deteriorate only a negligible amount in the lifetime of a single observer.

Waterproofing Wall Papers
A coat of shellac or varnish may be spread on any wall paper without injuring it, and it will then be waterproof.

A woman's first duty is to her home, then to her hair—and then she can mix up in most anything that suits her.

And another thing, some folks expect too much interest on the treasures they lay up in heaven.

Although a Plymouth boy may be hungry as a wolf, he will cheerfully go without his dinner if there is enough going on.

According to Dad Plymouth it takes a pretty smart man to set a trap for the wolf at the door.

Hard and Soft Rubber

Soft rubber contains about 2 to 4 per cent sulphur, hard rubber about 80 per cent. A relatively longer period is required for vulcanizing hard rubber.

You have probably noticed that most of the flyers who stay in the air for a long time are married.

Ever stop to think that men now go down to the sea, over the sea and under the sea in ships?

MAKES HIS HOME IN DRY SUBMARINE

French Writer Has Built Wierd Structure.

Paris.—France's literary lion of the moment, Maurice Dekobra, makes his home in a submarine.

"You've got to do things like this if you want to get real color for your books," Dekobra declares. "Just now I'm working on a novel in which the big thrill occurs under the sea, wherefore my submarine."

Being original in all things, Dekobra has not troubled to go down to the sea to live in his submarine; he built one in his own home in Paris, thus creating the most novel residence in a city, wherein many seek the unusual and bizarre.

Dekobra's home is one of the grand mansions just off the boulevards. Outwardly it is one of those rare old relics sheltered themselves from the moon behind high gates and weather-beaten gray walls, but once you enter the massive doors you find yourself in an atmosphere unrivaled, either in the past or present.

Traversing an echoing hall and descending broad stone stairs, you pass through a secret passage into the submarine. Jules Verne himself might have conceived and elaborated the astonishing chamber.

Expert Naval Construction.

A button pressed on the outside steel paneled door causes the submarine to revolve, leaving it cut off from the outside world.

The author has had expert naval advice in the construction of his curious home. Everything in the submarine is an exact replica of a regular sea-going undersea craft in the French navy—periscopes, imitation engines, depth and range finders, steam gauges, starboard and port lights, torpedo tubes and steering devices. Open portholes reveal what appears to be ocean fishes, marine plants and the varied panoramas of the sea deeps, all painted on canvas and illuminated by changing lights.

Most ingenious of all, by a cunning arrangement of the steering wheel Dekobra is able to turn out a cocktail for his guests each time he turns the wheel.

By another manipulation the canvas with its simulation of the ocean underworld slides gently past, giving the impression of a moving submarine.

Other Bizarre Rooms.

Often the author spends weeks in his submarine, sleeping, eating there and he rarely permits visitors, considering intruders are liable to disturb the even tenor of his literary thoughts. Sometimes, however, he seeks repose in one of the other marvelous chambers of his exciting home, in which he has similarly reconstructed scenes of many of his celebrated novels.

Thus he has a reproduction of a pullman car, which represents his best-seller "LaMadonne des Sleepings," which means "The Madonna of the Sleeping Car." There is every detail representing a European pullman compartment.

He has another wonderfully arranged room to represent his book "The Phantom Gondola," which caused an international sensation a year or so ago because of the daring situations.

Dekobra is now having another surprising addition made to his wonder home—an Indian temple in which the decorations will consist principally of the trophies he has brought back from his recent tour of India on which he has written a book now on sale on the Paris bookstalls.

Engine "Knock" Was a Scared Mechanic

Chatham, Mass.—Police Chief Everett Eldredge visited a local automobile salesman as a prospective customer.

"Take that car out for a spin and try it," suggested the salesman, pointing to a machine which was parked in a motor running in the yard.

Shortly he hopped in and drive away. Shortly afterward he reappeared.

"I wouldn't own a car that knocked the way this one does," he complained.

At this point, Leo Deane, a grimy faced mechanic, crawled from beneath the automobile. It developed that he had been working under the car and during the trial run, had saved himself from injury by holding himself suspended between the trip pan and an axle.

The "knocking" resulted when he rapped with a hammer in a frantic effort to warn the driver of his plight.

Dog's Life Is Saved by Blood Transfusion

Los Angeles.—Pal o' Mine, a wire-haired fox terrier, is on the road to recovery after a blood transfusion, but hereafter he will have as much Feringese as fox terrier blood.

Sassy, a snub nose pet of Dr. John F. McKenna, of a dog and cat hospital here, furnished the blood that saved the life of Pal o' Mine.

Pal o' Mine's need for such treatment came as a result of his vanity. He thought the coping around the roof of an apartment house was a fence and that he could leap it. He could, but found out it wasn't a fence when he landed four stories down on a concrete driveway.

No bones were broken, but internal injuries necessitated the blood transfusion.

Get Your Shoes Fixed The Right Way!

Expert Craftsmanship is essential to good shoe repairing. Without expert craftsmanship your shoes are as poor after being fixed as they were before.

No job is too difficult for us to tackle—just bring in your old shoes and see how we fix 'em up.

Mr. and Mrs. A. Brocklehurst, Mrs. C. Ferguson and Mrs. Jennie Stay-Smith attended the dahlia show at Lansing, Saturday.

Mr. and Mrs. William Gayde and daughters, Sarah and Helen, have returned from a week's visit with relatives at Gaylord, Mich.

SALEM

Mr. and Mrs. G. C. Burnham and daughter, Shirley Jean were in Detroit and Rochester, Sunday.

Mr. and Mrs. George Bennett and family were Sunday callers at the Paul Fisher home in Plymouth.

An ice cream social will be given by the young people of the Federated church Friday evening, September 27, at the home of Mr. and Mrs. George Bennett. Everybody is cordially invited to attend. Ladies please bring cake.

SALEM SCHOOL NOTES

The primary room has an enrollment of 29, and the upper room 23.

Mrs. Geraghty visited school Monday afternoon. We welcome visitors any time.

Mr. Lord visited last Friday, and brought reading tests for second and third graders. The last two years tests have been given only from the fourth to eighth grades.

No school Friday, so the children may take in the Northville Fair.

CANTON CENTER

Mrs. Louis Widyka and Miss Lillian Kaiser were Detroit visitors, Monday. Many from this vicinity are attending the Northville Fair this week.

Recent visitors at L. E. Kaiser's were Sam Eganoff of Plymouth, and Mr. and Mrs. Fred Arley and daughters, Mildred and Dorothy, of Belleville.

Mr. and Mrs. Leith Swegles of Marshall, Michigan, are spending a few days at the home of the former's parents of this place.

The Misses Lillian and Lottie Kaiser, and Amy Ewers spent Saturday evening at the home of Miss Alice Collins in Detroit. Miss Collins and Elizabeth Benton accompanied them to Patterson Lake, Sunday.

Mr. and Mrs. J. M. Swegles spent Wednesday in Detroit, where Mr. Swegles attended a meeting of the State Fair Committee of Milk Producers.

High school declared a half holiday on Thursday, so that the pupils could attend Plymouth Day at the Northville Fair.

Several light frosts have been experienced in the vicinity.

LONE WHITE WOLF Baffles Hunters

Killer at Large Despite Big Bounty Offered.

Stanford, Mont.—Swift as lightning, cunning as a fox, a bold killer white wolf has become the terror of the Little Belt mountains. Ranchers fear him, and assisted by federal hunters, have constantly sought to remove this big white beast that decreases their herds. But the \$700 bounty offered by the Stockmen's association for the white wolf's hide remains unclaimed.

The killer wolf has been seen by many. Scores of shots have been fired at him. None has found its mark.

The wolf is never close enough for a sure shot when he enters the vision of an armed rancher or hunter. But he often appears at close range to unarmed ranchers, as though haunting his cunning.

Most of his depredations occur during the winter months, when snow makes sight of him difficult. Many hunters have remarked that the killer darts for snow patches when he encounters humans, the snow forming a white background that effectively conceals him.

The wolf has ranged at will for several years, killing cattle, colts and sheep with the ease and skill of a much larger animal. He always travels alone, and his tracks are distinguishable by their size. He is the biggest wolf in the mountains, and the only desperate killer who has managed to elude pursuers and continue his depredations over a long period.

Colts, calves and sheep are not his only prey. He kills full grown cattle with ease. His method of attack consists of swift slashing onslaughts. He hamstringing cattle until they are unable to fight or run. Then the killing is made comparatively simple.

The total loss in stock killed in the Little Belt by White Wolf is estimated to be \$3,000.

Children Like Brunettes
Dolls with dark hair are preferred by children, four times as many of this type being sold as the light-haired doll.

The Way Home
Children in Moscow are to be supplied with "passports" so policemen may return them promptly when the rota stray afield.

Facts About the Telephone

Telephone service has been opened between Hungary and Rumania.

Telephone service has been established between Madrid and Copenhagen.

A telephone connection between France and Finland was inaugurated recently.

Approximately 100 telephone calls are made every second in the city of New York.

In 39 years the number of telephones in the Milwaukee exchange has grown from 2,300 to 150,000.

A submarine telephone cable is soon to be laid between Libau in Latvia, and Konigsberg, Germany.

Telephone calls in the State of Connecticut increased by about 40,000 a day during 1928 over the record made in the preceding year.

The Smiths lead the Johnsons, and the Johnsons lead the Browns, while all three lead the Joneses in the new Kansas City (Mo.) telephone directory.

Radio-telephone service between London and Buenos Aires was inaugurated on July 19, 1928. At the present time service is restricted to the period between 5:30 to 9 p. m.

NEW LONG DISTANCE TELEPHONE CIRCUITS

Link Canadian Northwest With Telephones in United States at Helena, Montana

New Long Distance telephone circuits have been constructed between the State of Montana and the Province of Alberta, Canada.

Not only do these new circuits form an important connecting link between Canada and the United States, but they will enable the citizens of the vast Canadian plains, or the vacationists in the heart of the famous Canadian Rockies, to lift the receiver from the telephone and talk not only to any part of the United States, but to Mexico, Cuba and the most of Europe.

At Calgary and Lethbridge, Alberta, important Canadian toll switching centers, the new circuits are connected with the lines of the Alberta government system and other Canadian telephone systems. Among the Canadian cities that can be reached by these lines are Calgary, Edmonton, Lethbridge, Medicine Hat, Swift Current, Moose Jaw, Regina and Saskatoon. The southern terminus of the new lines is at Helena, Montana, which is the most important toll switching center on the Northern Transcontinental rail route between Minneapolis and Seattle. Here the new lines may be connected to any part of the United States, and, in fact, connection can now be made with 85 per cent of the entire telephones in the world. Thus Alberta and the surrounding country to the east and west in Canada can now be reached via the Northern Transcontinental telephone line through the United States.

President's Presents
The President accumulates a great deal of material in the way of presents which cannot well be refused or declined. Change are frequent gifts. The favorite gifts of elderly women to the President are knitted socks and knitted house slippers. Men give him canes and pipes.

Local News

Everybody in Plymouth is taking in the Northville fair this week.

Village employes demolished the band stand in Kellogg Park the first of this week.

Mrs. Elizabeth Criswell of Detroit, is visiting Mr. and Mrs. B. E. Giles this week.

Mrs. Mary Cannon of Garrettsville, Ohio, is visiting her niece, Mrs. J. H. Stevens.

Mr. and Mrs. A. W. Gates of Detroit visited the former's sister, Mrs. J. H. Stevens, last Sunday.

The Livonia L. Y. P. S. will hold their next meeting at the home of Dorothy Gerge on September 24.

Mr. and Mrs. Byron Wilkin and family spent Sunday with Mr. and Mrs. Francis Wilkin at Onsted, Mich.

Mr. and Mrs. James Housley of the Housley Beauty Shop, spent the early part of last week at the Statler Hotel, Detroit, visiting Mrs. J. A. McCann and daughter of Ft. Smith, Ark., and attending the National Hairdressers' Convention.

Miss Marie Johnson of the Merchants Credit Bureau, attended the Associated Credit Bureau convention at the Pantland Hotel, Grand Rapids, last week Monday and Tuesday. Approximately sixty-five managers and secretaries from all parts of Michigan attended.

Dr. Frank Horner Miller and family of Highland Park, Mich., who are spending the summer at the old Miller farm one mile west of Belleville, invited the doctor's sister and husband, Mr. and Mrs. M. S. Stringer of Plymouth, for dinner Sunday, September 15. Supt. R. B. Miller and wife of Rockwood, and Mr. and Mrs. H. F. Miller of Belleville, drove up in the afternoon. Then four of the six living Helen Miller children spent a very happy time roaming about and indulging in reminiscences of childhood days.

Elizabeth Burrows is attending Marygrove College in Detroit.

Ulysses Hackenburg of Detroit, spent Sunday at the O. W. Showers' home.

Glenn Matevia of Detroit, called on his mother, Mrs. Frank Westfall, Monday afternoon.

Mrs. Edith Blake, who has been visiting relatives here the past two weeks, has returned to her home in Saginaw.

The Mission Study Class will meet at the Presbyterian church for their usual pot-luck supper, Tuesday, the 24th.

Mr. and Mrs. G. Hagenburg of Elkhart, Indiana, are visiting at the home of the former's sister, Mrs. O. W. Showers.

Mr. and Mrs. George Chidsey of Highland Park, were Sunday guests of Mr. and Mrs. George Miller of East Plymouth.

Prof. H. B. Steinbach, a teacher in Brown College at Providence, Rhode Island, recently made a short visit at Jay Burr's.

George White has completed the moving of a large brick house for Richard Karrick, corner of Beech and Schoolcraft roads.

Mr. and Mrs. George Groner and granddaughter, Marion Lords of Northville, called on Mrs. Sarah Schoch last Thursday evening.

Mr. and Mrs. John Grant and son, John, Jr., of Detroit, were Sunday guests of Mr. and Mrs. J. T. Chapman on Ann Arbor road.

Miss Alma Corndorfer of New Boston; Fred Wahrman of Romulus, and Tom Poet of New Boston, spent Sunday with Miss Ruth Wilkin.

Mr. and Mrs. Frank Broegman and daughter, Marguerite, and Mrs. Sarah Schoch visited Mr. and Mrs. John Cool, Sr., at Gaines, Mich., last Sunday.

Mr. and Mrs. Joseph Korell and Mr. and Mrs. John Harray of Detroit, were dinner guests at the home of Mr. and Mrs. A. G. Kehr! last Sunday.

Mr. and Mrs. Lloyd Fillmore and son, Wellman, were week-end guests of Mr. and Mrs. Russell Thompson in Detroit, and all spent Sunday in Canada.

Mr. and Mrs. Samuel Frutcher and daughter, Dorothy, of Heloit, Wis., spent last Thursday night with the former's cousin, Mrs. Sarah Schoch and family.

Mr. and Mrs. C. V. Chambers and son, Stanley, spent last week-end at Bay City, and visited Port Austin and Point Aux Barques in the Thumb District over Sunday.

Mrs. Olivia Williams of New Castle, Pa., is spending several weeks with her parents, Mr. and Mrs. Ed. Bolton. Mr. Williams is attending the pharmacy school in Indianapolis.

Mr. and Mrs. Homer Teft and children spent last Saturday with the former's brother and wife in Lansing, and were also Sunday guests of Mr. and Mrs. F. E. Davis at Fowlerville.

Robert Walker, Albert Gates and B. E. Giles accompanied by Ray Clark of Northville, attended the Rural Letter Carriers' Association meeting at Hudson, Mich., last week Thursday evening.

David Corkins is taking a two weeks' vacation from his duties as night policeman, and is visiting friends at Belleville, Port Huron and other places. While he is absent, Paul Groth is taking his place as patrolman.

Mr. and Mrs. Albert Werden of Mt. Clemens; Mr. and Mrs. Kenneth Ammerman of Dearborn, and Mrs. W. E. Preston, Miss Ethel Preston, Miss Dalm and Mrs. Johnson of Highland Park, were Sunday visitors at E. J. Burr's, on Golden road.

Mr. and Mrs. Ed. Bolton, Mrs. Edith Blake, Mr. and Mrs. Charles Holmes, Mrs. Louise Errington, Mr. and Mrs. George White and daughter, Sarah, Andrew Ellnush and Earl Ryder spent Sunday in Tecumseh, with Mrs. Alice Miller and daughter. A pot-luck dinner was served at Evans Lake in the Irish Hills.

On Friday evening, September 13, about fifteen Pythian Sisters from Plymouth Temple No. 84, went to Northville and visited Mystic Temple No. 156. Grand Junior Sadie Price of Detroit, also several other Sisters from various Temples in Detroit were present. Mystic Temple was instituted on August 2nd, and are starting on their new work with much enthusiasm. An exceedingly friendly spirit exists between the two Temples and an enjoyable social season is anticipated.

Rev. F. C. Lefever is visiting friends in Milwaukee, this week.

Fred Grissel is visiting his daughter who resides near Ypsilanti.

Oliver H. Loomis is ill at his home on West Ann Arbor street.

Miss Helen Carruthers is attending Michigan State College at Lansing.

George Evans is driving a new delivery wagon for John Rattenbury.

Mr. and Mrs. John Rattenbury spent last Sunday with relatives in Wixom.

Mr. and Mrs. A. M. Wileden and daughters visited in South Lyon, Sunday.

C. A. Fisher and sister, Mrs. Minnie Hanman are visiting friends at Walloon Lake this week.

Mrs. H. A. Potts who has been seriously ill at her home on Mill street, is recovering rapidly.

Mr. and Mrs. A. C. Prucknow spent Sunday evening with Mr. and Mrs. Eldridge Bell and family in Ecorse.

Fred Winters of Mass., and Mrs. Nellie Converse of Pontiac, spent Tuesday with Mr. and Mrs. T. Lampman.

Mrs. Katherine Seldomridge is leaving the middle of next week, to spend the winter at her home in Pasadena, Calif.

Mr. and Mrs. John Burke of Detroit, spent Friday evening with the latter's parents, Mr. and Mrs. John Rattenbury.

Mr. and Mrs. Charles Sperry and son, Charles, Jr., of Wayne, took dinner last Sunday, with the former's grandparents, Mr. and Mrs. John Rattenbury.

Casler Stevens and Billy Kirkpatrick enjoyed a show in Detroit, Tuesday evening, through the courtesy of Glenn Smith as his appreciation of their work as Detroit News carrier boys.

CHAMBER of COMMERCE NOTES

Better Transportation Facilities For Plymouth.

It is too well known and generally accepted to need stressing that the future growth of Plymouth to a large extent depends upon better transportation facilities to and from Detroit. Two major factors enter into this question, faster bus service, and the possibility of rapid transit commuter service some day on the Pere Marquette.

At a meeting of the program committee held Thursday evening, September 12th, a transportation committee was formed to tackle this question from both angles. It was decided at that time, however, that it would be more practical from the standpoint of any chance of immediate action to get after better and faster bus service first.

Our immediate objective is to ask for one fast bus to Detroit in the morning and one fast bus to Plymouth in the evening, neither bus to pick up or discharge city passengers.

Even this comparatively simple program will mean a lot of work. Two members of this committee spent Tuesday morning going over the proposition with realtors representing the leading subdivision projects along the Plymouth road as far in as the Telegraph road. We are assured of their interest and cooperation.

BEFORE THIS COMMITTEE MEETS WITH OFFICIALS OF THE DETROIT MOTOR BUS COMPANY, HOWEVER, WE MUST BE PREPARED TO ANSWER THE STRONG COUNTER ARGUMENTS WE ARE SURE TO FACE WITH STRONG ARGUMENTS OF OUR OWN. WE MUST HAVE THE FACTS IN OUR POSSESSION.

We must have a fairly accurate idea how many passengers would patronize a limited bus in order to convince the bus officials that faster service in the morning and evening would not be a losing proposition for them for an indefinite period. How many residents of Plymouth use the morning and evening buses now and how many more would be glad to avail themselves of this service, if it did not take so long to reach down town Detroit, especially with cold weather coming on?

Anyone reading this article who uses the bus to Detroit regularly at the present time, can help us by giving us an estimate as to how many people would be directly interested and directly benefited by improved service. Communicate either with the Chamber of Commerce office in the Hotel Mayflower building, telephone 497, or with Roy Parrott, Chairman of the committee, 215 N. Main, telephone

389V.

A Hospital For Plymouth

At the same meeting of the program committee, a strong committee was formed to make a thorough investigation as to the need, the public sentiment for and against the practicability, and the best way to plan for a hospital for Plymouth.

THIS IS A MAJOR PROJECT AND PROGRESS WILL OF NECESSITY BE SLOW. Much time and thought and study will be consumed before the idea can grow into positive action. At the present time a dozen letters are in the mail asking for information on the subject from other communities comparable in size to Plymouth, from the U. S. Chamber of Commerce, and from hospital research bureaus. As this information comes in, it will be turned over to the committee for them to digest.

An exhaustive study will be made before a decision is reached to which would be the most practical, a municipal hospital, a private hospital, a hospital supported partially by public funds, and partially by private funds, or a hospital erected and maintained entirely as a denominational institution.

THIS MUCH IS CERTAIN, IN ATTEMPTING TO SELL PLYMOUTH TO THE OUTSIDE WORLD AS AN IDEAL INDUSTRIAL AND RESIDENTIAL LOCATION, THE POSSESSION OF A WELL-EQUIPPED HOSPITAL WOULD BE A DECIDED ASSET. A TREMENDOUSLY STRONG TALKING POINT, TO SAY NOTHING OF WHAT IT WOULD MEAN TO THE PRESENT CITIZENS OF PLYMOUTH TO HAVE A HOSPITAL IN THEIR MIDST EQUIPPED TO HANDLE EMERGENCY CASES.

Wednesday, September 25

AN EXCLUSIVE SHOWING AND DISPLAY

OF

LADIES' APPAREL

COATS, DRESSES and HATS

FROM THE

Paul Proud Shop

YPSILANTI

WILL BE AT THE

HOTEL MAYFLOWER

PRIVATE DINING ROOM-SECOND FLOOR

FARMERS DEFEAT AUTO OWNERS 6-1 IN EXCITING GAME

De-Ho-Co strengthened their claim of being one of the fastest semi-pro clubs in this district...

The game was played in one hour and forty minutes, and was a fair exhibition of the national pastime.

Rowland and Lloyd pitched strong games, but the latter's support failed him in the pinches...

De-Ho-Co nipped Lloyd for nine hits and six runs, one coming in the first, two in the second, and three in the eighth.

Planck's pick-up of Rowland's drive in the eighth was the highlight of the game.

There will be no game at De-Ho-Co Park next Sunday, the team playing at Pleasant Lake.

Scoreboard for De-Ho-Co vs Auto Owners. Includes batting averages and team statistics.

FOOTBALL SEASON COMMENCES AT "BIG TEN" UNIVERSITIES

Football, the monarch of intercollegiate sports, made its 1929 debut Monday when formal practice was started at all major universities and colleges.

As a rule however, the big teams do not settle down to hard work until the middle of September.

Harry Kipke, one of the greatest backs in Michigan's football history, will direct the Maize and Blue eleven.

Kipke knows football. Since his playing days, he has coached at several schools, and last year was in charge of the Michigan State eleven.

start of another season. With the opening double header set for September 28th, only one week distant, Kipke and his assistants faced a gigantic task in whipping the Wolverines into shape to oppose Albion and Mt. Union Colleges.

However, with more good backfield material than has been present in several seasons, Michigan supporters are looking forward to a more successful season than in 1928, when the Wolverines won three, tied one and dropped four games.

There is every reason to believe that Michigan's defense will be as strong as last season despite the loss of an All-American tackle in the graduation of Otto Pommerening.

Such veteran backfield men as "Ducky" Simral, Alvan Dahlem, Joe Gemlis, Harvey Straub, Jack Wheeler and Danny Holmes, face a real fight in retaining their prestige as regulars.

coach opened up in earnest and gave the candidates a real run for their money. Setting-up exercises were in vogue for a few minutes and afterwards the punting athletes were split up into four groups where they remained getting the fundamentals and charging, blocking, tackling and passing the pigskin.

As classes do not start until after the opening doubleheader has been played, Coach Kipke will have one week in which to drill his men twice daily in an effort to make his first season at Michigan a successful one.

Nethem Suffers Defeat Sunday

Nethem suffered a defeat last Sunday, upon their grounds at Newburg, when the Florist aggregation, of Detroit trounced them to a score of 10-2.

STATE VARSITY TO PLAY FRESH

FULL TIME GAME SCHEDULED FOR NEXT SATURDAY.

The second week of training of the Michigan State College football squad of more than fifty candidates has ended. Tomorrow (Saturday) the "Crowley-built" team plays its first game, meeting the freshmen team at the stadium in East Lansing.

U. of Detroit Grid Schedule

September 27—De Paul. October 4—Dayton. October 11—Tulsa. October 28—Loyalo of New Orleans. November 2—Marquette.

SALEM AMATEURS LOSE TWO GAMES

Merchants Play Here Sunday

The Plymouth Merchants will play the C. F. Smith team at Burroughs Field, Sunday, September 22, at 3:00 o'clock.

Crowley Won't Use The Huddle System

Coach Jim Crowley, of Michigan State College, will not use the "huddle system," which has come to be employed by many mid-west colleges.

What You Can Hunt and When You Can Hunt

STATE TO OPEN 30-DAY SEASON ON COONS—ALL HUNTERS PAY LICENSE.

September Is The Month of Plenty For Wild Ducks

September is the month of plenty for the wild ducks and water fowl. The wild rice becomes ripe and yellow and the tender grains are shaken into the water by wind and frost.

Supply Never Meets Demand

Aldo Leopold, director of the National Game Survey, says: "Wild game is one of the few farm crops for which the demand far exceeds the supply. It is one crop of which there is no possible over-production in sight."

Football Old Stuff For Chinese Women

A fifteenth century ink painting discovered by a Field Museum expedition in China, dispenses of the idea that football is a modern game for males.

Albion Prepares For U. of M. Game

Facing one of the stiffest schedules in years, a green Methodist grid squad has been going through two work-outs daily last week under Coaches Daugherty and Erwin in preparation for the opening tilt with Coach Kipke's Michigan eleven at Ann Arbor, one week away.

Tigers' Schedule At Home

Sept. 22, 24, 25 with St. Louis. Sept. 28, 29 with Chicago.

In the third and final game of the series, Salem was held to one lone run while Walled Lake gathered eight, at the Walled Lake Home-Coming last Saturday.

Scoreboard for Salem vs Walled Lake. Includes batting averages and team statistics.

Scoreboard for Salem vs Walled Lake. Includes batting averages and team statistics.

Struck out by Watts 1, by N. Atchinson 3, Gunter 9. Earned runs—Walled Lake 3. Left on bases—Salem 6, Walled Lake 4.

For the second time in two days Salem was beaten by the St. Cecilia team of Detroit, by a score of 9 to 2, at Atkinson Park.

"KONJOLA PUT AN END TO ALL OF MY AILMENTS"

"MY ONE REGRET ABOUT NEW MEDICINE IS THAT I DID NOT TAKE IT SOONER."

MR. JAMES IVALIS

"I tried a score or more of medicines in a vain effort to escape from the clutches of indigestion, constipation and weak kidneys," said Mr. James Ivalis, 207 North Second St., Niles, Mich. "I had no appetite and what I did eat caused gas and bloating. Constipation saturated my system with poisons and impurities, and in this the kidneys helped."

"I heard and read so much about Konjola that I felt it must have merit and worthy of a fair trial. How glad I am now. In three weeks the constipation was relieved and the kidneys strengthened and the poisons were eliminated. My appetite and digestion improved rapidly. Konjola put an end to all of my ailments, and that is why I take pleasure in recommending it to others. My one regret about this new medicine is that I did not take it sooner."

Konjola is sold in Plymouth, Mich., at the Community Pharmacy and by all the best druggists in all towns throughout this entire section.

A Plymouth girl cannot ask for a greater compliment than to have her mother brag on her, unless it is to have her father brag on her.

Copies of The Plymouth Mail are on sale at the following places: The Plymouth Mail office, Pennington avenue; Community Pharmacy and Dodge's Drug Store on South Main street; The Beyer Pharmacy, Liberty street. Get your copy.

COMMISSIONER'S NOTICE

NO. 151840

LIGHTS of NEW YORK

Vox Populi
Not long ago a newspaper polled its readers on the question whether New York should have Sunday theatrical performances. As it stands now, Sunday theaters are barred by law, but the movie stage presentations and vaudeville shows get by under the guise of sacred concerts. They prove they are sacred concerts and not commercial enterprises by not distributing programs. As I was saying, this newspaper printed ballots on which the readers could mark an X, for yes or an X for no. There was a deluge of replies—but scores of supposedly intelligent New Yorkers were wide of the mark. They did not realize what the ballot was for, and they didn't seem to know that Sunday shows have always been banned in their own city.

Visiting Firemen

I wonder what was the origin of the phrase, visiting firemen—meaning hit-and-run tourists who must have the aid of permanent residents to see the town right. I first heard of visiting firemen in Paris, and many's the v. f. that I entertained there. They ask you to do the strangest things. But to a friend of mine has fallen the opportunity of doing what I consider the strangest of all tours with an outlander. This girl, who works in a publishing house and is a successful short story writer, was called upon to entertain a woman who might very well have been the little old lady from Dubuque. This little old lady comes from an illustrious family whose name has been prominent in New York ever since the days of the big rum deal for Manhattan Island. And what must she do but choose the hottest day of the summer to visit, with her friend's help, the graves of all her ancestors! She has a book of the family history, and the tour began at the old Trinity churchyard and ended, hours later, in the far reaches of the Bronx.

Our Sea Lion

The sea lion in the Central park zoo is a clever member of the fair sex, and I enjoy watching her outwit the crowds. She has, of course, much less privacy than a goldfish, for, being a happy creature with a sense of humor, she draws great throngs to the fence around her bath. Much of the time she disports herself for their benefit, swimming, sporting and yapping for joy. But occasionally she yearns for peace and quiet, and when she does, she lies on the cement bank of her pool for a sun bath. Her body catches all the healthful sun's rays; but she sticks her head, ostrich fashion, into the water, covering eyes and ears. That deadens the sound of the chatter about her.

Big Girls Wanted

Girls are simply out of luck here if they are not tall. Show girls, Florenz Ziegfeld informs me, are going to be bigger and taller than ever. Only he puts it this way: American girls are growing bigger and taller, so there is nothing else to do but use them in the show business. But even in business stature is a deciding factor. A restaurant chain advertises for "Hostesses, age 20-30. Tall, attractive young women. Permanent, worth-while positions for those who qualify." Nothing is said about mental requirements. Be tall, and let those who will be intelligent. Clothes models get their jobs by their stature, rather than by beauty of face or experience.

School for Bums

Across the way from Cooper Union, Dan O'Brien, self-named king of hoboes, is conducting a school for teaching "the art of depending upon oneself when not supported by our economic system." King Dan stands ready to teach all he knows about being a weary Willie to scissorbills, working stiffs, shovel stiffs, scenery tramps and even hitch-hikers. The curriculum includes methods of traveling on freight and passenger trains, hitch-hiking, finding the most likely place to sleep, cooking mulligan and finding the ingredients, hobo language and the art of staying out of jail.
(©. 1929. Bell Syndicate.)

Faces Odd Charge

Milwaukee.—Driving a steam roller while intoxicated was the charge preferred against Robert Pette, after his seven-ton steam roller had left its path of new asphalt, climbed a curbing and rolled relentlessly over sidewalks, flower beds and lawns.

Grizzly Grows Scarce in Pacific Forests

Olympia, Wash.—There are about five adult grizzly bears left for as many lucky hunters in this state, according to a recent census of forest rangers, and probably four or five more in other Pacific coast states. In the West, where the grizzlies once ruled the mountain forests, civilization has all but exterminated the creatures.
There is material in the life story of the dwindling species upon which to base an epic or to keep a writer of animal fiction supplied for years. Efforts are being made to interest congress in legislation to protect the few remaining specimens.

Some men are so stubborn that they probably wouldn't care to smoke if they thought the habit was beneficial.

About all a man gets out of becoming acquainted with some people is to hear all the disagreeable things which are said about him.

The age of discretion is the age at which your opinion of a rumble seat changes.

In The Theatre

"THE RAINBOW MAN"

Eddie Dowling, 'Broadway's Favorite Son,' who is credited by his friends with never having been associated with a "dop" production on the stage, seems to have carried this personal tradition to the silver-sheet, for his first all-talking venture at the Pennington Allen theatre will be shown Sunday, Monday and Tuesday, Sept. 22, 23 and 24.

"The Rainbow Man," his initial attempt in the movies, is the kind of amiable-screen material that the public likes. It has romance, pathos, comedy, action; and sparkling catchy melodies which are intelligently played and sung as part of the plot.

Dowling wrote the story which forms the basis for the plot, wrote the lyrics for James Hanley's melodies, and performed the leading role. The film therefore, is not only all-talking, but it is nearly all all-Dowling.

The plot has to do with a small-time minstrel man who meets a little girl in a Southern town and falls in love with her. He loses his job through a misunderstanding, and goes to New York, penniless, to hunt for work. After many heart-breaks he

finds a job, returns to the Southern town with his minstrel troupe again, and one day sees the girl he had deserted in the audience. He steps in the middle of the song and pleads for the girl's love while the audience thinks it is part of the act. The ending is a happy one.

Marian Nixon as the girl and Frankie Darro as the little orphan whom he adopts, are Dowling's main supports in the film. Sam Hardy and Lloyd Ingraham contribute some intelligent acting in their minor roles.

"RIVER OF ROMANCE"

Delightful entertainment is provided at the Pennington Allen theatre in "River of Romance," Charles (Buddy) Rogers' starring vehicle which will be shown Wednesday and Thursday, September 25 and 26.

"River of Romance," based upon the famous Booth Tarkington play, "Magnolia," has everything that is desirable in a talking picture. It has a gripping plot, actors who can talk and wear period costumes, local atmosphere and a romantic theme that rolls softly through the colorful scenes of Southern life in the 1840's like the languid "Father of Waters" itself.

It is a new kind of role for Buddy Rogers. He appears as a soft-mannered youth who returns to his paternal home in a Mississippi plantation to be

confronted with the brusque and bewildering code of duels and feuds and "honor, suh." Refusing to fight a duel he is branded a coward. He comes back, though, in a startling fashion, eventually winning the girl who had loved him through it all. Mary Brian is bewitching as the demure Southern girl who loves Buddy, and June Collyer, as the coquette, is effective. Excellent character work is furnished by Wallace Beery, Fred Kohler, Mrs. George Fawcett, Henry B. Walthall and Natalie Kingston.

Rogers' voice has a happy quality of youthful freshness and vigor and Miss Brian intones her lines with engaging intelligence. The sound background of the river life and plantation days was pleasingly injected into the play by Richard Wallace, the capable director. It is a picture that young and old will enjoy.

"FAST COMPANY"

"Fast Company" comes to the Pennington Allen theatre, Friday and Saturday, September 27 and 28. It is real amusement of the highest order with comedy of the best rib-tickling kind. Jack Oakie is the main reason for the laughter. He is a very clever comedian.

The plot is based upon a story of baseball players written by the great American humorist, Ring Lardner.

The hero, played by Jack Oakie, is a boastful but lovable slanger who wise-cracks and home-run-hits his way to the foreground, helping his team, the Yankees, to win the league pennant. He falls into the fast company of smart city-bred folks, including a show-girl and some crafty gamblers, and he almost ruins his own and his team's chances for victory on the day of the final game of the World's series when something happens to change the whole aspect of the plot.

Oakie is a new type of comedian on the screen and he will add thousands of admirers to his string with his swaggering "big league" comedy capers in this one. Evelyn Brent, as the girl who spurns him but later warms to his native charm, does a great job, as always. Richard "Skeets" Gallagher, another young actor who has risen rapidly in comedy roles, gives a remarkable performance as the slang-talk manager of Oakie. Gwen Lee adds a full quota of feminine charm and Sam Hardy as the manager of the Yankees, is, as ever, equal to the demand upon his powers as a gifted actor.

In a word the thrills, the laughs, the exciting suspense of baseball are here—plenty and there is an abundance overflow of clever acting. See it.

Let Mail Want Ads do the work.

Picked Up About Town

Dad Plymouth says maybe they paint some cars black in memory of dead batteries and missing spark plugs.

Old men are afraid of young men because they are fattiers, and old men know it doesn't pay to talk too much.

"If a woman has a large family and does her own housework," says Dad Plymouth, "it's like waving a red flag in front of a bull to ask her what she is doing in the way of fancy work."

Times are getting so bad in this country that you can almost hire a man now on Saturday afternoon.

Dad Plymouth says if you want to hear real talk you want to hear a bunch of women when they get going about some other woman who is trying to break into society.

When some Plymouth women get to heaven we suppose the first thing they'll do will be to spit on the robes to see if they are all linen.

AN OUTSTANDING EVENT OF OUR BUSINESS YEAR
THE ANNUAL SALE OF THE FAMOUS

Sleepy Hollow Blankets

Thursday, Friday and Saturday

September 26th, 27th and 28th

Outstanding because it is an annual event that affords hundreds of women of this community a once-a-year opportunity to save a substantial sum on a winter necessity. When king winter whistles his chilly tune under the eaves and things snap at the sting of his breath, Sleepy Hollow Blankets will prove their worth as warm, comfortable and serviceable coverings. Sleepy Hollow Blankets are health protectors for the whole family, and at the same time a genuine economy. An economy at no risk of reduced quality, for Sleepy Hollow Blankets represent quality unexcelled. Just as you prepare for winter, we have faithfully prepared for this event, amassing a collection of the finest blankets possible and offering them to you

AT THE LOWEST PRICES IN YEARS.

SLEEPY HOLLOW COTTON BLANKETS

These two numbers are manufactured from high-grade American cotton with extra strong warps and special napping.

SINGLE PLAID BLANKET **98c** EACH

A serviceable block plaid single blanket in double bed size, with shell stitched ends to match color of blanket. Comes in six colors—Rose, Blue, Gold, Helio, Buff, and Grey. An ideal extra covering for chilly nights of early fall.

LARGE SIZE BLOCK PLAID BLANKET **\$2.88** PAIR

A beautiful four-inch block plaid made of long staple American cotton in a good range of colors. These are rapidly replacing the plain colored blankets for sheet purposes. Colors are Rose, Blue, Gold, Helio, Grey, and Buff. An extra value in a full double bed size. Has shell stitched ends to match border.

SLEEPY HOLLOW PAIR IN ONE BLANKETS PART WOOL

These novelty singles are two thicknesses woven together as a single blanket. A perfect blend of Cortez cotton and wool. They have the heat retaining qualities of a double blanket without the cumbersome length so difficult to handle in the laundry. Four handsome color combinations in plaids with Jacquard borders to harmonize. The designs are new and distinctive—the colors are fast. These are ideally suited for top throws or extra covering.

FULL DOUBLE BED SIZE FAST COLORS **\$4.48** EACH

SLEEPY HOLLOW PART WOOL PLAIDS

These beautiful plaids are made of long staple cotton and pure virgin wool mixed. This gives them splendid wearing qualities. They have the appearance of all wool and are just as warm. The colors are fast.

PART WOOL PERFECTION PLAIDS **\$3.88** PAIR

For a low priced blanket of real merit this number is in a class by itself. It has the style and feel of all wool costing much more. Four-inch satine binding to match predominating blanket colorings. Colors—Rose, Blue, Gold, Helio, Grey and Buff. Double bed size.

PART WOOL EXCLUSIVE PLAIDS **\$4.38** PAIR

An extra large blanket for big beds. China cotton with a liberal percentage of virgin wool in the filling makes this one a better buy than most of the cheap wool blankets on the market. A beautiful four-inch block plaid in all the popular colors to harmonize with your room. Rose, Blue, Gold, Helio, Green, and Grey on creamy white grounds. Wide satine binding.

Thrifty Home Makers Approve These Values in Quality Blankets

The keen shopper invariably studies with great care the opportunities presented in our annual Blanket Sale. Sleepy Hollow Blankets offer a superiority in appearance, in warmth and in wear—they make permanent friends of those who use them.

New Fall and Winter Goods

We invite you to visit our store during this Blanket Sale and inspect our fine stock of fall and winter merchandise. Blankets of every description, as well as other autumn and winter necessities, will be shown at prices which carry a strong appeal to your sense of economy.

Make Your Selections Early While Our Stock is Complete.

SCHOOL PAGE FEATURE SECTION

Plymouth, Michigan, Friday, September 20, 1929

EDITED BY THE STUDENTS

NUMBER I

BIG TENNIS TOURNAMENT TONIGHT

PLYMOUTH HIGH SCHOOL ENROLLMENT TEN YEARS AGO

Has Plymouth High School grown in the last ten years? Here is the answer:

	1919-1920	and 1920-1929
7th Grade	58	101
8th Grade	53	86
9th Grade	75	126
10th Grade	30	101
11th Grade	29	80
12th Grade	23	66

Just ten years ago 268 pupils enrolled in the upper six grades, and 157 in the upper four. This year 560 enrolled in the upper six grades, and 373 in the upper four.

The class of 1929 had 63 graduates; the class of 1930 hopes to have 66; that number of seniors are enrolled.

NOT MANY CLICKS HERE

"What! Only four members? Impossible to accomplish anything with so few!" so spoke Mr. Bentley the first day of the Camera Club as we sat discursively on our high stools and eyed rather ruefully the three other members. But true to our hopes, three more drifted in before the end of the hour, and there was something to begin with. Nothing was done that day, but we sat on our high stools, looked wise and tried to plan future doings.

The next meeting began with the election of officers: Marlan Gust, president; Steven Horvath, vice-president; and a deadlock for secretary and treasurer between Jean Strong and Edna Proctor, but maybe the next meeting will decide that.

Part of the time was spent in looking over snapshots in the last five years of Plytheans. Mr. Bentley then decided that it would be a good idea to get pictures of the football squad but as only one person even knows who they are, it rather looks as if that job devolves on her. However, it was decided to get as many snaps as possible of members of the different classes. So juniors, seniors, sophomores and freshmen, if you hear a soft little click nearby, you will know that your snap has gone to join many others in a little black box.

JUNIOR DRAMA CLUB

This year the Junior Drama Club is so large that it has been made into two groups. One meets on Tuesday, fifth hour, and the other Friday, fifth hour. The club is starting on a play called "No Girls Admitted," which is to be given later in assembly. At present the members are having exercises in posture, voice and facial expression. Probably in time we shall not even be able to recognize our own friends.

Starkweather School Notes

Miss Sundberg has been helping the children to become accustomed to the ways of school. There are thirty-one enrolled in the kindergarten. There has been discussions every day about autumn, the ripening of fruits and flowers, the leaves turning and nuts falling. Fruit and vegetable posters have been made also.

CAMP FIRE GIRLS

The first meeting of the Camp Fire girls was held Friday at 12:45. The guardian for this year will be Mrs. Stevens. There were nine girls who reported for Camp Fire: Zephora Blunk, Elaine Hamilton, Margaret Haskell, Janet Blickenstaff, Jean Strong, Carrie Gorton, Madelyn Blunk, Christine and Elizabeth Nichol.

The officers for the following year are: Zephora Blunk, president; Elaine Hamilton, treasurer; Margaret Haskell, secretary; and Janet Blickenstaff, reporter.

We have decided to wear orange and brown ribbons this week. We will have an outdoor ceremonial at Madelyn Blunk's first of October.

Janet Blickenstaff.

Junior Gym Club

The Junior Girls Gym Club meets every Tuesday fifth hour with Miss Kees as advisor. The junior club is an entertainment club. They do much folk dancing and tumbling.

TRAVEL CLUB

The Travel Club this year, under the supervision of Miss Fiegel, has elected Helen Bridge, president; Evelyn Ash, vice-president; and Carl Denton, secretary-treasurer. Plans were made for an initiation party on September 23, although the place has not as yet been decided upon.

Great flights of imagination may be expected this year, as each one is to set the amount he or she would like to spend on a journey and the places he would care to go to. During the year each one must give the adventures, accidents and good times encountered on his imaginary travels; therefore if great imagination does not come to the front in this intriguing project, something is wrong somewhere.

HISTORICAL CHARACTER CLUB

Miss Berg has charge of the Historical Character Club. Elison Drayton was elected president.

TORCH NOTES

Now that school has begun, the Torch Club once again takes up its good work to create, maintain and extend throughout the school and community, high standards of Christian character.

Last year the following officers were elected: Billy Kirkpatrick, president; Edwin Ash, vice-president; Casler Stevens, treasurer; and Frank Allison, secretary. The old members have assembled to make the program for the following year and elect new members so that they, too, may fit themselves to carry on the work. We hope that the Torch Club for the following year may help build up and keep that name that has been given to the club for its good work.

Mr. Cobb is the faculty advisor again this year.

CHOICE MORSALS ABOUT THE SENIORS AND FRESHIES

We "jolly juniors" of last year are just awakening to the realization that we are at the top notch of our high school career, and must assume the part of "grand old seniors." It all seemed to be a bit queer and unreal at first to be thrust at once, after a summer of fun, into so responsible a position, but, as the old adage goes, "a heavy frost is generally followed by fine, clear weather," so perhaps all will clarify itself and we will be, in slang expression, "sitting pretty."

It is indeed a responsible feeling that one entertains in this position, and yet a cause for honorable pride—our attainment of this goal.

The sober rites of filling out classification cards, learning our hourly whereabouts, buying our material, making and renewing friendships having been completed, we subsided to a series of class meetings. First came the selection of officers. Our choice was: President—Russell Wallace; vice-president—Gale Kenyon; secretary—Helen Bridge; treasurer—Edward Baughn. To these people we extend the heartiest of good wishes and an offer of good will—also to our class advisors who will share both the fun and the labor. They are Miss Fiegel, Miss Cary and Mr. Cobb.

Another thing—the "freshies' reception," when, at 7:30 o'clock this Friday evening, we, the seniors, accept in good fellowship, our schoolmates. We began reminiscences at remembrances of when we too were freshies, forced to submit to the jolly good initiation pranks which were so graciously bestowed.

They, too, have a right to be proud of their officers, who are: President—Melvin Blunk; vice-president, Adene Hill; secretary-treasurer—Irene Humphries. This class has for its advisors, Miss Berg, Miss Smith, Mrs. Stevens and Miss Ford, to whom we extend good wishes.

Debate And The Moral Problems

Probably every parent feels that his child is a moral problem with the possibility ever of choosing one or the other of two roads: the road to up-building values or the road to down-tearing values. Whatever else may be the cause of the unmoral life of the child who has fallen, one cause may very well be that the child has a great supply of time and is being held responsible for it by no one. "Satan finds some evil still for idle hands to do. In the school there is need for education that is "interesting wholesome activity." Interesting, wholesome activities are of value because of the values they represent to the boy and girl who take part in them.

Strength of character is the outgrowth of interesting, wholesome, whole-hearted activities. If your child is taking part in such an activity he is traveling the road of up-building values, and the moral problem ceases. Debating in high school is an interesting, wholesome, whole-hearted activity with great immediate and future advantages in developing the character of your child. Suggest debate to your boy or girl. Support debate.

In this same column, it is planned to run a series of articles each week that are not news but thought material concerned with certain aspects of high school life.

Senior Gym Club

The Senior Girls' Gym Club had their first meeting electing Doris Holaway president; Marion Toft vice-president; Elaine Shingleton secretary-treasurer and Doris Williams recorder of points. This club meets every Monday fifth hour with Miss Kees as advisor.

GENERAL ASSEMBLY

A general assembly was held Wednesday, September 11. The pupils were surprised to see quite a few of ex-seniors there. Dorothy Bentley, Lawrence Livingston and Alvin Collins played two selections. Of course, everyone knows this trio! Following this, Mr. Emens made several announcements including the one concerning the first football game of the season with Walled Lake on Friday, September 27.

To complete the program, Rhea Peck gave an interesting account of her trip to Europe. The countries which she visited are Great Britain, Germany, France, Italy and Switzerland.

YOUNG ORATORS

The Reading Club, under the direction of Miss Cadaret, has been changed to the Extempore Club. Next week their first program of extemporaneous speeches on various important subjects will be given. This will be remarkably good training to those who are thinking of taking up debate and oratory; moreover, it will keep its members alert to the news and important affairs of today. With such excellent training as this club will give much may be expected of its members in the future.

SENIOR GIRL RESERVES

Last June we elected our officers for this year. They are: Mary Haskell, President; Helen Bridge, vice-president; Dora Gallimore, secretary, and Marlon Gust, treasurer.

Friday, the thirteenth, the Junior and Senior Girl Reserves met in the auditorium for a song meeting, while Miss Stille from Detroit, talked to our new advisors, Miss Nye, Miss Ford and Miss Berg, about plans for the coming year.

We are also glad to know that our functions to be held in Detroit, will be in the new "Y" building.

CROWDED STUDY THREE

Our crowded study halls have been quite a problem the past week. Some of us had to go down to Study Two with some of the new Freshies. Of course, our seats have been changed, and those who chose back seats at first have nice front seats now and back seats for those good ones who yield not to temptation.

HI-Y

The Hi-Y started the year with the following officers: President, Gale Kenyon; vice-president, Frederick Shear; secretary, Basil Cline; treasurer, Charles Root. The president appointed the following committee chairmen: Program committee—R. Smith; service committee—L. Straub; Bible study committee—T. Baughn; membership committee—F. Clemens; publicity committee—K. Gust; finance committee—C. Root.

Mr. Emens is club advisor again this year.

At the first meeting of the year the club heard Richard Smith give a remarkably interesting report of the time he spent at Camp Hayowenta. The camp is located on Torch lake not far from Traverse City. Every fellow who has been to Hayowenta returns with a desire to have others share the opportunity.

The second meeting of the year was held to vote on new members. The following juniors were elected to membership: E. DePorter, M. Potter, M. Bannerman, I. Fritz, M. Partridge, H. Segnitz, S. Horvath, C. Rodman, C. Ball, K. Groth, J. Randall, C. Ferguson, M. Moe, L. Daly, B. Curtiss, H. Stevens, A. Hix and E. Towle.

The club sent the following delegates to the Annual Setting-Up Conference for all Affiliated Hi-Ys in the Detroit area: Gale Kenyon, Charles Root, Louis Straub, Claude Rucker, Ted Baughn, Richard Smith and Charles Ball. Mr. Emens accompanied the boys. They drove to Camp Obispo, which is situated on the shore of Fish Lake near Clyde, Michigan, on the afternoon of Friday, September 13. Arriving at about 5:30 o'clock, they were assigned cabins.

After supper a meeting was held in which different groups met and discussed the various problems of each club. On Saturday morning, a dip was first on the program. Having eaten breakfast, the fellows attended song service, and then a discussion led by Roy Sorenson of Chicago, Regional Office of the National Council. The camp was then divided into discussion groups according to the officers held by the boys in their clubs. The presidents and vice-presidents, secretaries and treasurers, service committee

Central School Notes

In the morning session of kindergarten, Miss Wilmore helped the children to make scrapbooks for Louise Rutherford who is in the hospital in Ann Arbor. There are twenty-four enrolled in the singing class, and thirty-four in section B. Both classes are making fruit-posters.

Mrs. Root has First-B again this year. Her children have been weighed by the Red Cross nurse and a chart has been placed on the wall. The Brownies, wearing caps, are the correct weight, those wearing blue are over weight, and the ones with red caps should drink more milk. When a white cap is earned, the wearer takes a trip to Fairyland with the tender Brownie. In nature study the names and colors of autumn flowers are being learned.

"Three Billygoats Gruff" was dramatized last week by the members of Miss Richards' First-A class. They have also been weighed and have a chart for posture. A study of caterpillars is under way, and there are several of them in glass bottles at the front of the room. On the bulletin are pictures which show nature's preparations for winter. There is an enrollment of thirty-six.

Hygiene classes are conducted in Miss Wineman's second grade. There is a seat-row contest for good behavior. A library has been started also a posture chart and a collection of autumn and winter pictures. Poems were learned last week. The enrollment is at present forty.

Geraldine Phaelta, Doris Buzzard and Frances Meighan spelled down the other thirty-one pupils in the second A and B grade. There is an arithmetic contest, and at present the two sides, Bickel and Fords, are tied.

Miss Field is launching her third and fourth grade pupils on their first penmanship ink. In the sixth grade under Miss Haldean's supervision, stories are being written from out-lines. Jane Dodge and Jack Kinsey are captains of the two spelling teams which have been organized. Miss Farrant has taught her 4-B class the poem "September," and 4-A the poem "Goldenrod." There are thirty-six pupils in the combined classes.

Polly Anna Wright and Russell Magraw have been chosen captains of the spelling teams in Miss Fenner's room. The scores will be printed.

Miss Cooper is preparing the older grade children for their entries at the fair in Northville. At present they are studying color and crayon technique. The younger children are making pretiness of balloon men and placing them in the proper surroundings.

SENIOR DRAMA CLUB

The Senior Drama Club has been reading "The Drums of Oude," as a possibility for production. With Miss Johnson for an instructor, it will no doubt be a big success if produced.

THE PLYMOUTH HIGH SCHOOL BUILDING where a total of 1224 pupils enrolled for the school year 1929-1930.

Wives who tend furnaces

need

Timken Oil Heat

In winter, the wife of a man who has to travel must often do a lot of furnace tending. Timken Oil Heat is a real blessing in such a home. Eliminating all furnace tending, it automatically provides delightful, uniform warmth, yet the cost for oil averages no more than for coal. Simple and sturdy in design, Timken Oil Burners are quiet and dependable in operation. Low in purchase price, a moderate down payment installs one. Then you pay the balance in small monthly amounts. Easily attached to your present heating plant. Electric or gas ignition. Come in. Or a telephone call will bring full information.

AUCTION SALE

HARRY C. ROBINSON, Auctioneer
Phone 7, Plymouth, Mich.

Thursday, Sept. 26
AT 12:30 SHARP

Owing to an accident to Mr. Griggs rendering him unable to milk, we will sell the following described property of the farm known as the George Dingledey farm, situated 1/2 mile east of Canton Center road on Cherry Hill road, or 5 miles south of Plymouth.

CATTLE

17 choice young Dairy Cows, all milking heavy. Each cow will be represented on day of sale. All T. B. tested.

1 Yearling Bull, pure bred

HORSES

2 Horses, weight about 3,000 lbs.

HOGS

2 Brood Sows, pigs by side

POULTRY

30 Accona Hens
7 Plymouth Rock Chickens
10 White Leghorn Yearling Hens
25 Pure Bred Pekin Ducks

HAY AND GRAIN

Quantity of Corn in shock
About 30 tons Timothy Hay

FARM TOOLS

1 Chevrolet Truck, 1927 model
1 Hay Loader, new
1 Side Delivery Rake 1 Hay Tedder
1 McCormick-Deering Mower, 6-ft. cut, almost new
1 Deering Binder, in good condition
Hay Fork and 160 ft. 1-inch rope, almost new
1 Grain Drill, good condition
1 Set Lever Harrows
1 Fordson Tractor, 1926 model, first class condition
1 Tractor Disc, good as new
1 Set Horse-drawn Disc, with tongue truck
1 Single Bottom Tractor Plow, 16", good shape
1 Johnston Corn Binder, first class shape
1 Deering Husker and Shredder in good working order
1 Feed Grinder, Fairbanks-Morse, in good condition
2 Wagons—1 steel wheel, 1 wide-tire
1 Set Bobbleighs
1 Two-Horse Corn Cultivator
16 Ten-gallon Milk Cans
1 Combination Strainer
1 Grindstone in Frame 1 Bag Truck
1 Grass Scythe 1 Steel Wheelbarrow
1 110-gal. Gas Tank
1 15-gal. Steel Drum
1 30-gal. Steel Drum
And other articles

Rural School Notes

NEWBURG SCHOOL NOTES

Sept. 14, 1929 Grammar Room
By Nettie Olson

Our new teacher's name is Mrs. Dugan. There are no new people in the grammar room this year.

The school house has been newly decorated.

The first P. T. A. meeting was held Friday, September 13, 1929.

There are seventeen children enrolled in the early elementary room this year. New pupils are Freddie Schmidt, Russell Bakewell, Lucile Bennett, Robert Jennings, Marine, Robert and Harold Gallant.

We were all happy to come back to school and find that our rooms had been redecorated.

We have two new pupils in our room this year. They are Leslie Huger from the Plymouth school, and Louis Jennings from Detroit. We are very glad that they will be with us this year.

The third graders are preparing a little play called "The People of Good Habit Land." We are sure that we will all form some very good habit.

The fourth and fifth graders are working very hard on their reading this month.

HOUGH SCHOOL NOTES

Hough school opened September 3, 1929. We have a new teacher this year; her name is Miss Peck. Miss Jameson was here Thursday for a little while.

We had our Citizenship Club meeting Tuesday morning. Our president is Wilbur Carr; vice-president, Marie Miskerick; secretary, Amy Ewers; treasurer, Mary Mettetal; girls' health officer, Marian Hix; boys' health officer, John Wydoka. We voted our dues as five cents a month. We are to bring our money the second week of every month.

We have an honor roll this year, and the pupils that are not fairly or absent will have their names on it, as well as the ones with high class records.

The Parent-Teacher meeting was held Monday night, September 9. We are sure we will have an interesting and helpful year ahead of us.

Varying Quality of Fur

It is not definitely known why some badgers when caught have a predominance of hair and others a predominance of fur. The proportion of the different type of pelage varies in different parts of the year, likewise with the habits of certain animals under which conditions the hair or fur may be rubbed or broken off.

BRIGGS SCHOOL NOTES

By Sec. Treas., Nellie Vorbeck

School began September 3, with Mrs. Mafine B. Wolfe as teacher. We have an enrollment of thirty-six (36) pupils.

The Briggs school organized its C. J. C. meeting September 4. The following officers were elected: President, Rose Steingasser; vice-president, Abbie Melow; Sec. Treas., Nellie Vorbeck; Girls' Health Officer, Katherine Steingasser; Boys' Health Officer, Joe Ramer.

The first school guest this term was Miss Evelyn Rutenbar of this community, who graduated from the eighth grade last June. We have four new pupils this year.

We are going to have Thursday, September 19th, off for the Northville Fair.

Miss Ried is coming Friday, the 20th, to weigh, measure and test our posture.

The seventh graders have new geography note book.

STARK SCHOOL NOTES

Parents don't forget the monthly P. T. A. meeting, September 25th, Wednesday. All members and friends are urged to come. There will be a speaker for the evening, and later refreshments will be served.

During the first week of school, the upper grades organized their Citizenship and Health Clubs.

The following playground equipment has been added to the school: Teeter-totters, complete baseball outfit for upper grades, and indoor ball and bat for lower grades.

We received our file cabinets, and are beginning to file material which will be helpful for our lessons.

There are fifty pupils enrolled. The following pupils are new in school: Doris Mae Koranda, Luther Jordan, Mary Cleaveland, Robert Adams, Neva May, Florence Perry, Jean Koranda, Andrew Aquino, Edward Pomroy, Norman Koranda.

Not Matter for Pride

Jud Tunkins there's not much satisfaction in a friendship that is due to the fact that somebody thinks he can use you in his business.—Washington Star.

ROSEDALE SCHOOL NOTES

We Rosedale pupils were so taken up in our studies Monday afternoon, that the escape of our pet garter snake was unnoticed. When one of the boys broke the news we were indeed excited. We even looked in such incredible places as our desks, thinking that perhaps some mischievous person had put it there.

Our tomato sphinx have hidden themselves in the dirt in their little bottle, and the turtle is trying its hardest to get away.

Evidently our pets don't realize what fine company they're in.

By Betty Small

This Dog Has Full Paid Gratitude Debt

Chippewa Falls, Wis.—A collie dog nursed back to health five years ago by Mr. and Mrs. Harry Cole, who had found him dying in the road, for the second time paid off his debt.

Mrs. Cole, working in the field, ran for the house when the dog rushed up, barking frantically and tugging at her skirts. She found the kitchen in flames and rescued her son, Robert, three.

Not long ago Robert crawled out on the highway. A motorist stopped his machine to see the dog lug the baby out of danger.

Woman's Trained Goose Foils Poultry Robbery

Chippewa Falls, Wis.—Mrs. Jennette Wensell of Cadott is convinced that a pet goose can be useful as well as entertaining. She has such a pet and has trained it to come to her when she calls it by name. Recently a number of chickens, ducks and geese were stolen from the Wensell flock.

Mrs. Wensell suspected a neighbor, Charles Anderson. Accompanied by the sheriff, she went to the Anderson farm. She called out a name. A goose waddled to Mrs. Wensell's automobile, climbed in and sat down beside her.

Tattoo No Longer Popular

Tattooing is a relic of the past, in so far as the navy is concerned. It is discarded and discredited, with no place on the body and mind of the present-day seafarer. The tattooing "parlor," which once thrived in every navy yard and water front, has gone and in its place a new form of the art has appeared, that of tattoo removers.

Steeplechase Obstacles

The highest jumps in the British Grand National F. C. are thorn fences 5 feet high and 2 feet thick. One of the fences is 4 feet 10 inches high and has a ditch on the take-off side 6 feet wide and 4 feet deep. Becher's brook is a thorn fence 4 feet 10 inches high with a brook on the far side 4 feet wide and 4 feet deep.

Man Can't Sleep, Gets Nervous Hates People

"I could not sleep and get so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worried people are surprised how QUICK Vinol gives new life and pep! Trusts Bellions, Dodge Drug Co. (G-3)

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., Sept. 3, 1929

A regular meeting of the Village Commission held in the Commission Chamber at the Village Hall September 3, 1929 at 7:00 P. M.

Present: President Robinson, Commissioners: Kehrl, Nutting, Shear and Wiedman.

Absent: None.

The minutes of the regular meeting held August 19th, were read and approved.

The report of the Board of Review under date of August 31, 1929, and approving special assessment roll No. 32 was presented to the Commission. The following resolution was offered by Comm. Nutting and supported by Comm. Shear:

WHEREAS, special assessment roll No. 32 covering the construction of water main in Auburn Ave. from Blanche St. to Junction Ave. has been duly approved by the Board of Review, therefore be it

RESOLVED, that said special assessment roll No. 32 as approved by the Board of Review on August 31, 1929, be, and the same is hereby confirmed; and be it further

RESOLVED, that the assessments shown on said roll be divided into five equal annual installments, payable on September 15th of each year from 1929 to 1933 inclusive and that the Village Clerk transmit said roll to the Village Treasurer with warrant for collection accordingly. Adopted by the following vote:

Ayes: President Robinson, Commissioners: Kehrl, Nutting, Shear and Wiedman.

Nays: None.

It was moved by Comm. Nutting, supported by Comm. Wiedman that the President be authorized and directed to execute warrant to the Village Treasurer covering the collection of special assessment roll No. 32. Carried unanimously.

The Manager presented an ordinance covering the care and maintenance of public alleys within the Village as requested by the Commission at a recent meeting. It was moved by Comm. Wiedman and supported by Comm. Kehrl, that the ordinance as read be advanced to first and second readings and that it be then filed for further consideration. Carried.

The report of Judge Oliver Loomis for the month of August was presented by the Manager. Upon motion by Comm. Nutting supported by Comm. Kehrl, the report was accepted and placed on file.

The following bills were approved by the auditing committee:

Fire pay roll	\$ 66.00
Police pay roll	9.00
Geo. W. Richwine, treas.	57.14
P. A. Nash	8.00
Plymouth Motor Sales Co.	25.55
Fred Thomas	5.00
American LaFrance, Inc.	87
Herald Hamill	450.00
Sidney D. Strong	72.00
Keneth Anderson Co.	65.25
Crane Co.	114.22
Miller, Bailey & Co.	510.10
Bernard Schmidt	.66

Total \$1,389.79

The following checks written since the last meeting were also approved:

Administrative pay roll	\$512.58
Police pay roll	370.00
Labor pay roll	199.00
Labor Pay roll	690.03
Cemetery pay roll	147.00
Fire pay roll	125.00
Total	\$2,043.61

Upon motion by Comm. Kehrl supported by Comm. Wiedman, bills and checks were passed as approved by the auditing committee.

Upon motion by Comm. Nutting supported by Comm. Kehrl, the Commission adjourned.

GEO. H. ROBINSON, President.
A. J. KOENIG, Clerk.

From 600 B. C. to Thomas A. Edison

ABOUT 600 B. C., Thales, a Greek philosopher, recorded a curious phenomenon. He observed that a piece of amber, if rubbed against his woolen chiton, or gown, first attracted and then repelled light objects. Through its suggestion of sunlight, the Greeks named the golden amber "electron". Experimenting with lodestone—magnetic iron ore which he found near the city of Magnesia—Aristotle, some time later, was prompted to remark: "The stone has a soul since it can move iron".

"Let There Be Light"

FOR nearly 2000 years these discoveries lay dormant. Then a physician to Queen Elizabeth of England, Dr. William Gilbert, took up the thread of experimentation, publishing his observations in a book entitled "De Magnete".

Fifty years later, a burgo-master of Magdeburg, Otto von Guericke, discovered that electrical charges could be "conducted". Working with a crude machine of his own creation—consisting of a large ball of sulphur revolving on a shaft and rubbed by friction—he succeeded in passing electric current along a linen thread; and here, in his primitive laboratory, the first step was taken towards the transmission of electrical energy.

Benjamin Franklin's immortal experiment with kite and key, in 1752, definitely demonstrated the identical nature of lightning and the electric spark. In the lightning rod, Franklin made the first practical application of electrical knowledge.

ALL through the eighteenth century, the lack of a simple and easy means of producing electricity was a handicap to further experimentation. Hence, the voltaic pile or electric battery, invented by Alessandro Volta in 1799, was one of the most important inventions made up to that time—because it was the first generator of a continuous electric current.

In 1809, Sir Humphrey Davy, using the "voltaic pile", publicly demonstrated for the first time,

Menlo Park Laboratory, Birthplace of the Edison Lamp

This is the first of a series of historical mementoes published by The Detroit Edison Company in honor of

THOMAS ALVA EDISON

reviewing his influence on the development of the Electric Light and Power Industry. The second will appear in this paper next week

at the Royal Institution in London, a brilliant arc light established between two sticks of carbon.

Andre Marie Ampere, about this time, discovered that a spiral coil of wire produced all the effects of a magnet when connected to a battery, and Sturgeon placed an iron bar within the spiral

coil and produced the first electro-magnet, which has the advantage of permanent magnets of both power and control.

SOON Michael Faraday produced the first electric dynamo, or generator, consisting of a copper disk which could be rotated between the opposite poles of a strong permanent magnet. Two brushes or "collectors" carried off the current generated as a result of the disk rotating through the lines of magnetic force. Working along similar lines other inventors made dynamos of larger size and power.

The dynamo was a step of tremendous importance. Electricity could now be generated much more cheaply than by the electric battery and in such quantity that it was possible to make commercial applications of laboratory experiments. Among the first of these was public use of the arc light, which soon found limited use for street and store lighting and for illuminating large areas. It was evidently not suitable for residences or small interiors.

IMMEDIATELY following the Civil War, many inventors throughout the world attacked the problem, which had come to be known as "the subdivision of the electric light". Several of the leading scientists had proved it mathematically unattainable. How Thomas Alva Edison found the solution in his Menlo Park laboratory, and how, in the invention of his filament lamp, he took the first step in designing a complete system for the generation, distribution and utilization of electric energy to brighten the world and "lift an untold burden of toil from the backs of men and women", will be told in the next of this series.

What You Can Hunt and When You Can Hunt

(Continued from Sport Page)

Inaw Bay, December 1 to December 15, inclusive.

May be killed at any time—Coyote, wolf, lynx, wildcat, fox, weasels, skunk, mink, woodchuck, owls, crows and starling.

Season is closed on the following: Moose, elk, caribou, mourning dove, wood-duck, black bellied and golden plover, yellowlegs, swan, eider duck and Hungarian partridge.

Appended to the season schedule is a note to hunters. The note says:

"Know your game laws, both state and federal. Read them carefully. Know what you are doing before you do it. Ignorance is no excuse in the eyes of the law. No sportsman will willfully break a game law. There is no excuse for him to do so unknowingly."

No changes have been made in the costs or obligations of various small game licenses, excepting that only citizens of the United States are eligible.

Small game licenses remain at \$1.25; deer, \$2.50; and muskrat trapping, \$1.00 for 20 traps for residents; and small game licenses, \$10 and deer, \$50 for non-residents. Resident citizens and their children and employees are exempt from purchase of small game licenses or muskrat trapping fees while hunting or trapping on their own enclosed lands upon which they are regularly domiciled.

The digest of game laws to be issued in about a month will contain a revised list of sections of the state in which special game laws will prevail.

Transatlantic Telephone Service

Transatlantic telephone service was put on a 24-hour basis beginning September 10. This was done to meet the requirements of a constantly increasing demand. For the past year the daily service period has been from 6:30 a. m. to 10:00 p. m., New York time.

This enlargement of the service has been facilitated by the recent opening of the short wave radio transmitting center of the American Telephone & Telegraph company at Lawrenceville, N. J. Two short wave transmitters are now in operation there, providing, with the original long wave circuit, a total of three radio telephone channels across the Atlantic.

Hitherto, due to the difference in time between points linked to the overseas telephone, a maximum of six hours between Michigan and middle Europe and nine hours between California and the same old world territory, the service has not been available everywhere throughout the business day. The 24-hour service will remove that drawback. It is expected, also, that it will make the use of the service more convenient, although it cannot eliminate the handicap imposed by the rotation of the earth, in consequence of which the businessmen in San Francisco are reading their morning mail long after those in Vienna have gone home to supper.

Part of Tree 60,000,000 Years Old Found in U. S.

Trenton, N. J.—Examination of a piece of American chestnut tree found by a well driller at Bradevelt, Monmouth county, several feet below the surface, showed evidence that the chestnut tree grew in New Jersey 60,000,000 years ago, the state department of conservation and development announced recently.

Meredith T. Johnson, assistant state geologist, identified the piece as of the late Cretaceous age, a geologic period which is said to have ended 60,000,000 years ago. Unlike most fossil wood found in these formations, the piece was said to be well preserved and its texture fiber plainly visible. Prof. S. J. Record of the Yale forestry school agreed with Johnson. The piece was placed in the State museum.

The wood was found in the formation known to geologists as English-ton sand.

Meerschaum
The chief known deposits of meerschaum in the United States are in Grant county, New Mexico. Meerschaum taken from these deposits, says the Geological survey, is very similar in appearance to that obtained from the famous deposits in Asia Minor as it appears on the market ready for carving. The Asia Minor product, however, is somewhat lighter and more spongy.

Danger in Bouquet
Care must be taken in smelling flowers that one does not inhale too vigorously, because they insects that live on the flower may thus enter the nasal passages and cause considerable inflammation.

Beautiful Women Simply Love It

MELLO-GLO Face Powder is preferred by beautiful women because it leaves no trace of pastiness, flakiness or irritation! Stays on longer—no shiny noses! Made by a new French process—prevents large pores. Spreads more smoothly—gives a youthful bloom. Very pure. Use MELLO-GLO Face Powder. It's wonderful. **Community Pharmacy.** "We Serve You Right"

W. C. T. U.

The September meeting of the Woman's Christian Temperance Union will occur Thursday, the 26th, at 2:30 p. m., at the home of the Misses Corn and Nettie Pelham. There will be a program for the day, and delegates will be chosen for the state convention at Holland, October 22-25.

The September Pictorial Review contains an article by Henry Ford entitled "Let Prohibition Begin at Home." In this article, Mr. Ford says: "For myself, if booze ever comes back to the United States, I am through with manufacturing. I would not be bothered with the problem of handling over two hundred thousand men and trying to pay them wages which the saloon would take away from them. I wouldn't be interested in putting automobiles into the hands of a generation soggy with drink."

ORCHARD HINTS

The soil should be well prepared before trees are planted in a new orchard. Plow it deep with a turning plow; then harrow till there are no clods. Even after doing this it pays to blast holes for the trees.

Experiments have shown that trees in blasted holes grow much faster and bear sooner than trees set where there is hard subsoil for the roots to penetrate.

If blasting is not done it will be advisable to throw out the plowed soil with a shovel at the spot where a tree is to stand and dig deep with a pick, and one should never fail to have the ground loosened deep for pear trees, as their roots grow downward more than any other kinds of trees and often die because of shallow holes.

When the trees are planted their tops should be cut off about one-third the way down. This helps the roots to take hold in the soil, shuts off much of the demand of the tree for elements from the soil and goes far toward insuring the life and the healthfulness of the tree. And this topping ought to be done each year till about the third year.

Anyway, Eve never picked up the Eden Daily News on Monday morning and read about Adam being injured in an auto wreck while out joy-riding with another woman.

The most popular man with the ladies of the younger set is the one who can talk all day about nothing.

Dad Plymouth asserts that with some people life is just one long round of wanting to do what they can't do and hating to do what they have to do.

Famous Red Families United by Marriage

Washington.—Two direct descendants of Chief Powhatan and the Indian Princess Pocahontas left their homes in Virginia, came to the city of the Great White Father and while here sought out Judge Robert E. Mattingly to marry them. They left immediately after the ceremony for the groom's home in Sweet Hall, Va., where they will reside.

William Custalow, aged twenty-seven, a tall, straight, well built man with the real red skin of the Indian, was the groom, and Elsie Nelson, rather pale, but referred to by Judge Mattingly as "very pretty," was the bride. She is from Indian Neck, Va.

The father of the groom is Chief George F. Custalow, of the Mattaponi, who are living on land granted them by the general assembly in 1653. The Mattaponi are tribal Indians and they neither pay taxes nor vote.

The bride's father, also living, is Chief Otto Nelson, of the Rappahannock tribe of Citizen Indians. These Indians pay taxes and are entitled to vote. They live on a reservation of 125 acres in King and Queen county, Virginia. Members of both families are direct descendants of Powhatan and Pocahontas, a cousin declared.

Courtship of the two who were married here was conducted over a 10-mile stretch between the two reservations with many visits by the young Indian man into the home of another tribe to win his bride.

EXCHANGE RESTAURANT

POOL ROOM and FOUNTAIN

on best business corner in thriving town, thirty minutes from Pontiac; seven rooms and bath up. Price includes stock and equipment. Doing good business. Sickness cause of selling. Will take 5 or 6 room house. See "Word" Curtis with Frank V. Hammond, Realtor

Drive a Chevrolet Six!

—so Delightful to Drive! The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

—so Economical to Own! Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

—so Durable and Dependable! The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

\$10 A Month Modernizes Your Home

No Down Payment Necessary

NOW you can repair, build additions, make needed alterations to your home and pay for the work in small monthly installments—oftentimes as small as \$10

Convert your attic or basement into livable rooms, add an extra bathroom or a new porch, repair that leaky roof, and spread the cost over a year's time

We will gladly have one of our representatives call and make suggestions, outline plans and give you complete costs. "Certified Material"—Bonded and Guaranteed, will be used in this work to assure you of an A Number 1 job that will stand the test of time. A \$1,000 Bond stands behind each item of our merchandise.

Remodel, Repair
Pay for the Work in Small Monthly Installments
New Roofs, Hardwood Floors, New Garages
Built-in Features
NO DOWN PAYMENT NEEDED

Now there is no reason for putting off modernizing your home another day.

Under our Modernizing Plan you may have your own home reconditioned at small cost—and pay for the work in monthly installments, sometimes as low as \$10.00.

A new roof, a coat of stucco—shingles over old siding, new fences, built-in breakfast room or an extra room in the attic—all can be yours—no down payment necessary.

CERTIFIED MATERIAL, bonded and guaranteed, will be furnished. This means that you will get high grade material on your job and that it will be put in by competent workmen.

Call us today and let us explain how little it costs to make alterations or to build that new garage.

Come in and see us today or call us on the phone for an appointment

Safe at 30 miles an hour but at 40—what?

Accelerating from 30 to only 40 miles per hour intensifies the strain on motor oil out of all proportion to the increased speed.

Heat rises 75° to 100°. Oil consumption practically doubles. And at 60 or 70 miles per hour, the strain on motor oil is terrific.

Shell engineers have taken all this into account. In developing Shell Motor Oil, they have produced a lubricant with a margin of safety that no ordinary oil provides.

Shell Motor Oil has ideal body at all operating temperatures. It won't break down. And one of its amazing qualities is its vitality. Shell has a habit of finishing 500 miles fresh and fit for further service.

Shell Motor Oil is today's outstanding development in

the science of automobile lubrication. Prepared only from Nature's richest lubricating crude by the new Shell-developed, low-temperature refining process. And tested 259 times to check and certify the rich, unvarying quality of every quart.

Shell quality has been winning increasing thousands of motorists because it provides every essential of correct lubrication: Ideal Body at All Operating Temperatures, Low Pour Point, Low Carbon Content, and Non-Footing Carbon.

STOP AT THE SIGN OF THE SHELL

—And let the Shell Lubrication Chart be your guide. Courteous salesmen await you at the familiar yellow and red service stations. Convenient everywhere.

FREE—Road Maps

Ask the nearest Shell Service Station or Dealer for 1929 Shell Road Maps. Accurate. Up-to-the-minute. Complete. Show type of road, mileage between towns, markers and all details. Fold to a convenient pocket size. Get them before you start your motor trip or at Shell Stations as you travel.

JAMES AUSTIN OIL CO., PLYMOUTH, MICH.

THE NEW 1929 POTATO CROP

With the harvest season of the late potato crop at hand, both growers and consumers are interested in the production and price outlook. From an acreage 12 per cent smaller than last year, the farmers of the United States on July 1 looked for a crop of 379 million bushels. Since that time drought conditions have developed in nearly all of the late-producing states east of the Rocky Mountains except Maine. On September 1, reports from the thousands of government crop reporters indicated that a loss of 30 million bushels had been sustained since July 1, which reduced the estimate to 349,000,000 bushels. The decline during August alone was 24 millions of which Michigan suffered to the extent of five and one-half millions; Wisconsin, one and one-half millions; New York, three millions; Pennsylvania, three and one-half millions; and Minnesota, two and one-half millions. The only state with an appreciable gain was Maine, the estimate being increased by two and one-half millions.

Commenting upon this situation, Verne H. Church, agricultural statistician of the Michigan Co-operative Crop Reporting Service says that quite general rains have occurred in some of these states since September 1, and the late crop should show some increase when the final estimates for these areas are made. In other districts, which include portions of Michigan and other states, there has not been sufficient rain to break the droughty conditions to date and it is doubtful if any improvement in the crop can be expected.

If the final estimate should not change materially from that of September 1, the crop will compare closely with that of 1926 in volume and be around 115 million bushels smaller than the 1928 crop which was the largest production on record. This indicates far better prices than have prevailed in either of the last two years and, unless the outlook changes materially before the end of the season, the crop will be somewhat below the normal requirements which should be favorable for prices above the average paid to growers during the last ten years.

However, it is too early to draw definite conclusions as to either the size of the crop or the prices that will prevail. If the opening markets should be considerably higher than in the last two years, as may be expected, farmers should not market faster than in other years. Orderly marketing will tend to stabilize the price, give dealers a better opportunity for systematically distributing the crop, and aid in maintaining a satisfactory price throughout the season. Such a course on the part of growers should result in a gradually rising market through the winter and spring months, with an advance sufficient at least to cover carrying charges. With crops in excess of 400 millions, such as those of 1927 and 1928, spring marketing has usually meant a loss to the grower, whereas crops of less than 300 millions, which the 1929 may or may not be, have usually brought a profit to those who stored their holdings until spring.

Wheel of Old Olympia One of Academy "Sights"

Annapolis, Md. — When Admiral Dewey's flagship, the U. S. S. Olympia, ordered sold recently by a navy board of survey, is junked or turned over to a historical society, one part of it will be missing. The wheel of the ship is now one of the first sights which greet prebes entering the United States Naval academy here.

It was removed from the Olympia 30 years ago and is now just inside one of the entrances to the receiving ship of the academy, the Reina Mercedes, a Spanish ship captured during the Spanish-American war and anchored here.

Zero

Dr. Rufus Jones, in a plea for a better and more practical system of education, summed up his idea of the prevailing situation by saying: "The scientist knows more about less, the philosopher less about more and in the end, we know nothing about everything."

Bravery and Love

All men brave love; for he only is brave who has affections to fight for, whether in the daily battle of life or in physical contests.—Hawthorne.

Has Things Twisted

Each one thinks his lot is worst, but he is mistaken. If he thought himself the worst of the lot, he might be right.—Spurgeon.

HUNT FOR FORTUNE IN A PICKLE JAR

Texans Think Slayer Hid His \$10,000.

Austin, Texas.—Hunt for \$10,000 reputed to be buried in a pickle jar has begun in various parts of Texas and the northern part of Mexico.

The \$10,000 is said to have been buried by Harry J. Leahy, who was electrocuted August 2 as the murderer of Dr. J. A. Ramsey of Mathis.

Ranger Captain Frank Hamer probably is the only man who knows whether there is such a buried treasure, and, if so, where it is. A few hours before the execution Leahy sent for Hamer. They had a long talk. "It was confidential" is Hamer's only answer to questions about what Leahy told him.

How the belief that Leahy buried \$10,000 originated is as much a mystery as the buried treasure's location.

Widow Pressing Search.

Leahy was a ranchman, at one time wealthy. What became of all the money he received has not been known. Some believe he buried part of it. Mrs. J. A. Ramsey of Mathis, widow of the man Leahy was convicted of killing, is urging the search for the buried pickle jar—not because of the reported \$10,000 but because she believes that there may also have been buried personal jewelry which Doctor Ramsey was wearing when he left his home in May, 1926.

Ramsey then was called by a Mexican woman who was said to be seriously ill. His body later was found buried in a shallow grave on a lonely ranch in Live Oak county. His jewelry was gone.

How Suspicion Was Aroused.

Suspicion first attached to Leahy when Mrs. Ramsey offered a reward for her husband, whom she believed to have been kidnaped. Leahy offered to conduct a search but insisted the reward be for his body dead or alive. A motive was found in anger because Doctor Ramsey had come into possession of the Leahy ranch during a period of ill fortune for the family.

Leahy visited Laredo, on the Mexican border, between the time Doctor Ramsey disappeared and his arrest. This has led to belief that he may have concealed something across the Rio Grande.

Hamer, a noted figure in law enforcement along the border, had long been a friend of Leahy who frequently assisted the officers in the days of pitched battles with cattle raiders and marauders.

Tailoring Terms

"Bushel" is an old term used by tailors. It means to repair garments. A man who does this kind of work is called a bushelman, and a woman who does it is a bushelwoman.

Ant Ravages Serious

Termites are the most destructive insects in the Panama Canal Zone region and replacement after their ravages is the largest item of expense. Foundations of buildings have to be laid in concrete and the legs of chairs and tables set in creosote-filled pans to keep them from being devoured.

The church at Wayne will celebrate its annual mission festival and all our members at Livonia and their friends are cordially invited to attend services at Wayne. The ladies at Wayne will serve chicken dinner to all worshippers present. Come and spend the day.

SALEM CONGREGATIONAL CHURCH.
Rev. Lucia M. Stron, Pastor.
Rev. Cora M. Pennell, Ass't. Pastor.
Morning Worship, 10:30 A. M. Bible School, 11:45 A. M.

ST. PETER'S LUTHERAN CHURCH NOTICE

In a regular meeting of the congregation of Wednesday evening, September 18th, the congregation heard the first reading of its new constitution, submitted by the Committee on Revision of the Constitution, consisting of William Petz, Oliver Goldsmith, Walter Schultz and the pastor. The work of the committee was favorably commented upon and accepted at its first and preliminary reading with but brief discussion by the assembled congregation of voting members. After the next official reading in the October meeting of the congregation the constitution will be ready for adoption and the signatures of all the voting members of the congregation in support of it.

The congregation has seized a favorable opportunity to change from its present obsolete church and hymn books to the new books published by the Wisconsin Synod, with a view toward improving the liturgy and congregational singing.
Five new members were again added to the membership list of St. Peter's congregation:
Fred Fischer.
Herman Weberlein.
Fred Geitz.
Albert Rohde.
Christ Schiesewitz.
Miss Anna Harer was admitted as communicant member.
An invitation of the Committee on the Quadrivennial Catechism Celebration of the Lutheran Churches of Greater Detroit on Sunday, October 13th at State's Fair Park was accepted by the congregation. In accord therewith the services at St. Peter's on Spring street will be dropped on the 13th of October, and the members are expected to attend the monster meeting at the State Fair grounds at 10:30 a. m. and at 2:30 p. m. A special permit has been obtained from the Detroit Traffic Department to hold a procession up Woodard Avenue before the morning service, consisting of decorative floats and cars commemorating the day. The small Catechism of Dr. Martin Luther is to be recited by 5,000 children, mass choirs of children's voices and adult voices will sing selections, and two sermons, one English, the other German, will be delivered in the services.

The St. Peter's Men's Club held their first meeting of the season Wednesday evening, the 11th of September. The program for this year has been adapted especially with a view toward promoting the interest of members in their church. For that purpose, the pastor has been asked to lead the men in a discussion of the great confessional writing of the Lutheran church, the Unaltered Augsburg Confession, which was read and presented to Charles V at Augsburg on June 25th, 1530, by the Lutheran Theologians and nobles of that day as a clear and concise declaration of their conception of the doctrines of the Bible. Since that memorable day the Unaltered Augsburg Confession has been professed and adhered to as the specifically characteristic confession of faith of the Evangelical Lutheran church. The public is invited to attend these discussions. After the discussion, lunch will be served by a special committee. The remaining time will be devoted to amusement and recreation. Otto Beyer held forth with anecdotes, amusing tales and humorous sketches of all sorts at the last meeting, adding thereby that priceless ingredient to such a delicious lunch as was served by the lunch committee—the hearty laugh, so necessary in life for digestion of food and worries and sorrows.

Come to our next meeting—October 9th, at 8 p. m.
The annual Mission Festival of the congregation will be celebrated on Sunday, September 29th in the following services:
1. Morning Service—10:30 in the English language. Director O. Hoenecke, of the Michigan Lutheran Seminary at Saginaw, delivering the sermon.
2. Afternoon service—3:00 in the German language. Rev. John Gauss, of Jenera, Ohio, president of the Michigan District of the Wisconsin Synod.
3. Evening Service—8:00 in the English language. Rev. Gilbert Otte, of Detroit, preaching.

The special collection will flow into the Mission Treasury of the Synod. The ladies will prepare a pot-luck dinner and supper.
The congregation hereby invites all neighboring congregations to participate in the celebration, and extends a hearty welcome to the public.

Christian Science Notes
"Substance" was the subject of the lesson-sermon in all Christian Science churches on Sunday, September 15.
Among the citations which comprised the lesson-sermon was the following from the Bible: "And as they thus spake, Jesus himself stood in the midst of them, and saith unto them, Peace be unto you" (Luke 24:36).
The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To show that the substance of himself was Spirit and the body no more perfect because of death and no less material until the ascension (his further spiritual exaltation), Jesus waited until the mortal or fleshly sense had relinquished the belief of substance-matter and spiritual sense had quenched all earthly yearnings" (p. 313).
"Matter" will be the lesson-sermon for Sunday, September 22.

EPISCOPAL NOTES
The first of the public suppers to be served by the Women's Guild this season, will be next Wednesday night, September 25, at 6 p. m. This will be reasonably priced. Come and bring the family. You will meet your friends here.
The rector is attending the fall clergy conference called by Bishop Page at Pine Lake, this week.

CATHOLIC NOTES

The Forty Hours Devotion was largely attended, and closed in a very solemn manner Sunday night, in the presence of a large congregation and eighteen of the neighboring clergy. We can be justly proud of this high honor. The pastor wishes, through this column, to publicly thank everyone for their noble efforts, the people the choir, the servers, the ushers, the janitor and the sacristan, and those who gave flowers.

Nethem suffered a defeat last Sunday, upon their grounds, 10 to 2, against Florist aggregation of Detroit. The pastor is visiting some of his classmates in Milwaukee, this week. Mrs. Alice Voss, the daughter of Mr. and Mrs. A. Yuchasz, underwent an operation last Monday, at Harper hospital.
Marlon Smith is on the gain; so, too, is little Louise Rutherford.
The Passionist Congregation have located in our neighborhood, and will build in the near future at the Schoolcraft and Telegraph roads.

BAPTIST NOTES
Last Sunday morning our church service was held for the first time in our new church basement. The room, after being completely remodeled, proved to be a very delightful place for worship. We will continue the use of the room for our regular services while the auditorium is being completed.
A very attractive service is being planned for Sunday evening. The young people from the Novi Baptist Church will have charge of the B. Y. P. U. service. A large delegation is planning on coming, and will remain through our evening service. The Novi church has many talented young people and their program for the young people's service is a promising one. This meeting is being planned and looked forward to with much interest, a capacity attendance is expected.

METHODIST NOTES
"Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed." Psalmus 37-3.
Dr. Lendrum plans to have a former pastor or some other speaker in the pulpit Sunday morning. We will all want to be present.
Next Wednesday, directly after school the Junior Missionary boys and girls will get together for the first meeting since the summer vacation. We hope as many as can will come and so far as possible pay their dues of twenty-five cents for the year.
Wednesday evening, the mid-week prayer and praise service 7:15 to 8:00 o'clock. Something of interest for everyone, and everyone is cordially invited to come.
The Booster class will have their regular monthly cooperative supper at the church Friday at 6:30 p. m. Every member is urged to come. The committee plans to have a special meeting with an outside speaker, so don't miss it.
Our new Sunday School Superintendent, Donald Sutherland, will have charge next Sunday. Let's have every member of the Sunday School present just to show Donald how many there are. Now, all together, let's boost for a bigger and better Sunday School. Plans are under way for Italy Day.

PRESBYTERIAN NOTES.
Italy Day will be observed Sunday, September 29th. A special service is being prepared by the Sunday-school which promises to be of unusual interest.
The Woman's Auxiliary began the year with a fine September meeting. The attendance was large, the program, a missionary play, "Two Masters," very interesting, the refreshments dainty and the spirit of the gathering fine. The organization is looking forward to a fine year's work.
The Ready Service Class reports an excellent meeting at the church Tuesday of this week. These meetings provide a fine opportunity for social intercourse and new members are always welcome.
Next Tuesday at 6:30 p. m., the Mission Study Class will meet at the church where a cooperative supper will be enjoyed. The program will include a review of the book "Our Asiatic Christ," by Oscar McMullan Buck. The review will be given by Mrs. Nichol.

Methodist Episcopal Church
