

PLYMOUTH, MICHIGAN, FRIDAY, MAY 9, 1930

W. F. MARKHAM, PLYMOUTH AIR RIFLE FOUNDER, DIES IN WEST

FORMER PLYMOUTH MANUFACTURER: FOUNDED AIR GUN INDUSTRY HERE.

W. F. Markham, founder of the Markham Air Rifle Co. of Plymouth, died Wednesday, May 7, in a Glendale, Calif., hospital following an operation, according to word received here.

W. F. MARKHAM Founder of the Air Gun Industry in Plymouth.

Mr. Markham established the Markham Manufacturing Company in 1880, and converted his factory for the manufacture of wooden tanks into an air rifle plant in 1886.

In 1915 Mr. Markham sold his interests in the company, and moved to California, where he engaged in the real estate business and where he acquired much valuable property.

During the time Mr. Markham resided in Plymouth, he served the village as president and took an active part in public affairs.

WILSON LOSES ANOTHER BARN

CAUSE OF 5TH FIRE A MYSTERY; HOUSE ALSO DESTROYED; LOSS IS \$15,000.

A house and barn on a farm at Middle Belt road and the Pere Marquette railroad, owned by Sheriff Wilson, caught fire at 1:00 a. m. last Friday, and burned to the ground.

W. C. Sinclair, the farm caretaker, was alone in the house when the fire was discovered by Patrolmen Albert Southard and Harry Kessell, of the Coolidge Station, who saw the flames from the Detroit city limits, and drove to awaken Sinclair.

Since the farm is not in the city limits, the Detroit fire department could not respond to the blaze, but the two patrolmen aided Sinclair in his efforts to save the house.

One of the other barns, which caught fire on September 9, was on this same farm, while the other three were on Wilson's farm near Howell, burning on Sept. 5, with a loss of \$35,000.

A Comrade's Club, A Comrade's Duty

Next Monday evening, a meeting of the Ex-Service Men's Club of Plymouth will be held at Jewell & Blain hall.

All members are urged to make it a point of attending, as this is a final date for organizing the poppy sales force.

And don't forget, unless you do your part some kiddies out at Otter Lake or at Eaton Rapids, some buddy's kiddie, man, may be wishing for a doll to fill her empty arms, or a toy gun so he can drill just like his daddy used to do.

And, goodness, how those little shoes wear out, and stockings, too, won't last forever.

Course they're rough on clothes. Who among us expects a former serviceman's kiddie to be otherwise if he or she is healthy or reeducated. And thank Heaven, most of 'em are reeducated now. Most of 'em are reeducated, but, oh man, if you could only see those poor kiddies who are not. You would not hold your time and purse-strings so tight, we betcha. Man to man, would you, now? You couldn't, mister, if you could see those tiny tots coming in undernourished and anemic.

That's our duty, boys, to do our best, to help build up those tiny bodies, give them sunshine in their bodies and sunshine in their hearts.

Bigger dividends could not be secured from any other form in investment.

Ex-Service Men, it is up to us to sell that truth to Plymouth.

LEAGUE OF WOMEN VOTERS TO ATTEND DETROIT MEETING

Instead of holding the May meeting in Plymouth, the Plymouth League of Women Voters has accepted an invitation to join the Detroit Northwestern League of Women Voters at a meeting to be held at the Fisher, W. C. A. on the corner of West Grand Boulevard and Dexter Boulevard, Detroit, Monday, May 12th at 2 p. m.

This promises to be an exceptionally interesting meeting as the women from Detroit who attended the National Convention in Louisville, Ky., last week will be guests of honor and talks on different angles of the Convention will be given by Mrs. John T. Langerhausen, President of the Michigan State League; Mrs. D. A. Bentley, President of the Wayne County League; Mrs. Beth Fay Adams, Executive Secretary of the State and Wayne County Leagues; Mrs. L. Wadlington, recently elected member of the Wayne County Board; and Mrs. Henry Steffens, Jr., secretary of the National League.

Information To Plymouth Shriners

A recent visitor to Toronto, Ontario, from Plymouth, was able to secure considerable information about the big Shriner's Convention in that city in June of this year.

There are parades every day. The biggest one will take at least five hours to pass a given point.

Buildings in the exhibition grounds are to be equipped with cots. All available boats on Lake Ontario have been engaged to house the visitors on the lake front.

It has been said that ten solid trains will leave Chicago only, carrying Shriners and their families from that city.

CATHOLIC HOLY NAME SOCIETY TO HOLD RALLY HERE SUNDAY

DELEGATIONS FROM SEVERAL NEIGHBORING PARISHES WILL GATHER IN PLYMOUTH MAY 11.

The Spring rally of the Wyandotte District Holy Name Society will take place Sunday, May 11th, at 9:00 o'clock in Our Lady of Good Counsel parish hall, Plymouth.

Rev. Fr. F. C. Lefevre will extend a message of greeting to the visiting delegations and the Hon. Lester S. Ming, Wayne County circuit court judge, will be the speaker of the afternoon.

Delegations are to be in attendance from the parishes of Dearborn, Ecorse, Grosse Ile, Lincoln Park, Melvindale, New Boston, Northville, Plymouth, River Rouge, Trenton, Warrendale, Wayne, Wyandotte and Ypsilanti.

May Festival Is Well Attended

The May Festival given in the park at the Starkweather school Tuesday evening at 6:30 o'clock, was very well attended. There were fourteen numbers given in which every grade was represented.

The festival was given under the direction of Miss Gladys Schrader.

LADIES' AID MET

The Ladies' Aid of the Lutheran church met Wednesday, in the church basement. After a splendid talk by the pastor, luncheon was served by the hostesses, Mrs. Ernest Westfall, Mrs. Anna Zarn and Mrs. Dora Witt.

Thirty-seven members and friends of the Kiwanis Club were guests of the Detroit Edison Co. at their Trenton Channel plant Tuesday noon.

ARE EDISON GUESTS

The mail man who went walking on his day off has nothing on George J. Herwig, night watchman at the St. Louis airport for seven years, who takes his wife, eleven children and one grandchild aloft each Sunday in a Universal plane of American Airways, Inc. Robert Revis, Universal operations manager, is seen collecting their tickets.

STARKWEATHER P. T. A. INSTALL OFFICERS

The Starkweather P. T. A. met last Wednesday evening to install the following officers: Mrs. Roy Ebers, president; Mrs. Harold Compton, vice-president; Mrs. Melvin Moles, secretary; Mrs. Ralph West, treasurer.

Held Twenty-Fifth Anniversary

Last Thursday, May 1, the Past Noble Grand Association of Wayne County, held their twenty-fifth anniversary at the G. A. R. hall in Detroit.

A splendid program was very much appreciated. The main speaker and organizer of the evening was Mrs. Adelle Smith of Grosse Ile, who is treasurer of the Rehearsal assembly.

Mr. Stafford, in presenting the picture before an audience that filled the commission chamber and overflowed into the court room, recalled that he first met Mr. Whipple 20 years ago, when he came here and invested in considerable real estate, later opening the Stafford addition in the eastern part of the city, and building the Stafford block here.

He declared that in presenting the painting, he was trying to express his admiration and appreciation of Mr. Whipple as a man, and his gratitude to the city for the years of kindly intercourse with Owosso people.

As to Mr. Whipple, the man, said Mr. Stafford, "there is little need of eulogy from me, among you who have had contact daily with him for a lifetime. It is now 20 years since I had the great privilege of making the acquaintance of this remarkable man."

It is generally believed that this will be the biggest convention that has ever been held of any description. Our advice is to get your reservations in now and apply for your seats, otherwise, you might remain in your automobile most of the time.

Program for Annual Achievement Day

Final plans have been completed for the Rural Women's Annual Achievement in Wayne County Wednesday, May 14, at the Methodist Church in Wayne.

Following is the program for the day: 9:00—Registration—Miss Genevieve Clark; 10:00—Community Singing—Margaret Eckhardt; 10:15—Response—Mrs. Albert Ebersole; 10:30—Roll Call—Chairman; 10:30—County Home Demonstration Program—Emma DuBord; 11:00—Address, "Problems of Parent Education"—Dr. Caroline Hedger; 12:00—Luncheon; Music—Wayne High School Band; Director: Nicholas Falsoni; University School of Music, Ann Arbor.

1:00—Inspection of Exhibits; 2:00—"Community Singing"—Margaret Eckhardt; 2:10—Address, "The Problem of the Adolescent"—Dr. Caroline Hedger; 3:10—Playlet—Cherry Hill Group; 3:20—Correlation of Agriculture to the Home—Mr. Ralph Carr; County Agricultural Agent.

Again we wish to extend an invitation to members of the Parent-Teacher Associations, members of the Women's Clubs and other interested organizations throughout the county.

Luncheon will be served at noon in the basement of the church for sixty cents. Reservations must be made, by outside organizations, with the office of the Home Demonstration Agent (telephone—Dearborn 0299) not any later than May 12.

EMMA DUBORD County Home Demonstration Agent 303 Dearborn Bldg.

Honor Memory of Former Citizen

We take the following from an Owosso paper, regarding a splendid tribute paid to the late Asa D. Whipple of that city, and at one time a resident of Plymouth:

Tender and loving tribute was paid to the memory of the late Asa D. Whipple, banker, churchman, and fraternalist, last night, when a beautiful oil painting of him was presented to the City of Owosso by L. H. Stafford of Chicago, as a lasting memorial to his friend.

The picture which was painted by Mr. Stafford's daughter, Miss Mary Stafford, of Providence, R. I., who has had unusual success in bringing out the character and outstanding traits of those of whom she paints.

Mr. Stafford, in presenting the picture before an audience that filled the commission chamber and overflowed into the court room, recalled that he first met Mr. Whipple 20 years ago, when he came here and invested in considerable real estate, later opening the Stafford addition in the eastern part of the city, and building the Stafford block here.

He declared that in presenting the painting, he was trying to express his admiration and appreciation of Mr. Whipple as a man, and his gratitude to the city for the years of kindly intercourse with Owosso people.

As to Mr. Whipple, the man, said Mr. Stafford, "there is little need of eulogy from me, among you who have had contact daily with him for a lifetime. It is now 20 years since I had the great privilege of making the acquaintance of this remarkable man."

It is generally believed that this will be the biggest convention that has ever been held of any description. Our advice is to get your reservations in now and apply for your seats, otherwise, you might remain in your automobile most of the time.

He was not your greatest business man, nor financier, nor statesman, but he was all of these to a substantial degree. He had still greater qualities of heart and mind which made him pre-eminently a noble citizen.

At one time I began to think that he had taken a great liking to myself. How could I otherwise explain the glad hand of welcome that I always received and the many services rendered me without a thought of remuneration? But when I mentioned his name in your homes or places of business, no matter how humble or how great, I found the same feeling of personal possession existed, and I began to feel as though I might as well lay personal claim to the warmth of the sun. I then realized that he was more than a friend, he was every man's friend.

Inspiration for Future Generations "In presenting this picture," continued Mr. Stafford, "I ask that whenever, perchance, you are looking at it in the future, with your son or grandson, that you explain to him what this man really stood for and impress on him that to live such a life is really worth while in order that the future generation may emulate the qualities which he possessed to such a great degree."

"I feel that my words have but meagerly expressed my regard for this citizen of Owosso, who so nobly lived that his memory will not alone rest on some tablet of stone but will live in our hearts and the hearts of your children and your children's children."

The gift was accepted in behalf of the city by Mayor W. A. Segmiller, who characterized it as "a man's gift to man" and declared that Mr. Whipple had lived Lincoln's creed. He was rich and a statesman in the true meaning of the words, the Mayor declared.

The Rev. Kerwood Alexander, pastor of Christ Episcopal Church in which Mr. Whipple was active for many years, was the final speaker. He declared that while every man has some fault, and Mr. Whipple must have had one, he never could discover what it was. He was the nearest approach to the perfect man that he had ever come in contact with, Mr. Alexander said.

Enriched by Suffering "Nobody, not even Mr. Whipple, ever told me that he had suffered," said Mr. Alexander, "but I knew that he had suffered in the past, and I knew also that he had been enriched by his suffering, not embittered. He was a philosopher and he had come to the conclusion that the entire universe was friendly and that was one reason why men liked A. D. Whipple. He

(Continued on page 12, column 3)

CENTRAL P. T. A. MEETING THURSDAY

The Central P. T. A. will hold a short business meeting on Thursday evening, May 15, at 7:00 p. m. After the meeting, the grade rooms in the Central school will be open for the annual exhibit of the boys' and girls' work from the kindergarten through the sixth grade.

Mrs. J. W. Beckett Passes Away

Mrs. John W. Beckett passed away at her home in the Robinson subdivision, last Thursday evening, following an illness of four weeks. She had returned Wednesday from the St. Joseph's hospital at Ann Arbor, where she had been taken two weeks previous.

In addition to her husband, four children, Orville of Tontown, New York; Mrs. Bort Coleman of New York City, N. Y.; Mrs. Russell Burden of Detroit, and Mrs. Edmund Gooding of Ann Arbor, three brothers and four sisters.

Funeral services were held from Schrader Bros. Funeral Home, Sunday, at three o'clock, with Rev. F. A. Lendrum officiating. Mrs. Wm. Bako sang, with Mrs. Carl Shear as accompanist. Interment was made in Riverside cemetery.

P. T. A. May Festival To Be Held Soon

Every child in the Central school will take part in the P. T. A. May Festival to be held in Central Park, Monday, May 30, promptly at 6:30. Each grade will sing songs as a group, the first and second grades will dance the shoemakers' dance, the third and fourth will dance the Polka dance, and the fifth and sixth the May Pole dance.

The program was planned and directed by Miss Gladys Schrader and Miss Luella Kees. There are about five hundred participants and we expect it to be very beautiful and spectacular. There will be music before and after the program played by the Plymouth High School band under the direction of Claude Dyckhouse.

ROAD DIRECTION SIGNS TO BE ERECTED IN PLYMOUTH SOON

C. M. T. C. Camps Offer Boys Splendid Training

A feature of every camp this summer will be a band of between fifty and sixty pieces, composed of C. M. T. C. students. They will receive instruction in military discipline and drill, citizenship and musical duties.

Central High School Band of Flint, Michigan, has been selected for Camp Custer. A composite band from the high schools of the upper peninsula has been selected for Fort Brady. Other qualified candidates may be accepted at large for enrollment in these bands.

A number of educational institutions of Michigan have presented scholarships for one year tuition, to be awarded to boys who are outstanding in their work at camp. Michigan College of Mining and Technology, Kalamazoo College, Detroit Institute of Technology, Western State Teachers' College and Olivet College are some of the institutions doing so.

The presidents of these colleges enthusiastically endorse the camps and have presented these scholarships as a mark for ambitious boys to shoot at.

There will be more than 200 prizes awarded at Camp Custer to students who excel in basketball, baseball, indoor soccer, basketball, handball, indoor basketball, volleyball, ball, boxing, sprinting, shot-put, discus throwing, pole vault, jumping, swimming, diving, tennis, marksmanship, and other athletic events. Civic and patriotic societies from various parts of the state will augment the number of prizes, so as to make it interesting and worth while for boys who participate in these athletic events.

An expert athletic director will have supervision of athletic activities in both Camp Custer and Fort Brady. This feature of the camps should prove both interesting and healthful to all who attend.

The above are only a small portion of the interesting events that will take place in the camps during the coming summer. For further information, see me at 932 Pennington Ave., or call 83. LIETT, ALAN K. HARRISON

Mrs. Roy Fisher entertained her mother, Mrs. F. M. Kutz, and Mrs. Mrs. F. F. Parrish of Potosky, Tuesday.

TRANSPORTATION PROBLEM STILL UNSETTLED IN DETROIT

"Ma" Sheppard Here Sunday

On Sunday, May 11th, in the Presbyterian church, Plymouth, the Salvation Army are going to hold a special service. The principal speaker will be Lt. Colonel Mary Sheppard, who has charge of the Salvation Army hospital, also the children's home at Detroit. Accompanying Col. Sheppard will be the Detroit band instrumental sextette, who will render several special musical numbers.

The Colonel was known to the boys who saw service in the great war as Ma Sheppard, and no doubt quite a few of her boys around here have met or heard of Ma Sheppard while in the service. A cordial invitation is given to all the Legionnaires to attend this service.

Ma Sheppard is to lecture on the Salvation Army work in general, having been in practically every department of the work. Mrs. Sheppard can give an insight of what the Army is really doing behind the scenes.

She will also touch upon some of her experiences while in the war work, which will certainly be of special interest to some of us here in Plymouth. The time of the service is 3 p. m. All are given a cordial invitation.

Visitors at the home of Mr. and Mrs. A. M. Willden, Sunday, were Dr. L. A. Willden, wife and sons of Mason, and Mr. and Mrs. C. M. Malby, son, daughter and friend of Detroit.

At the regular meeting of the Village Commission Monday evening, the erection of attractive road information signs at or near the two forks was approved by the commission. The design selected by architect Messrs. made a favorable impression. Action to erect similar signs at Northville, Canton Center and Pennington entrances to the village was postponed and may be abandoned here because it is felt that the same need does not exist at these locations.

Motorists reaching the village limits on these roads have to pass through the village, whereas many motorists passing east and west on U. S. 12 do not know that our attractive village lies just north of their route and many others do not know that they can drive through Plymouth without getting off their route or going out of their way.

WAYNE COUNTY ROAD COMMISSION WILL COOPERATE

At the regular meeting of the Village Commission Monday evening, the erection of attractive road information signs at or near the two forks was approved by the commission. The design selected by architect Messrs. made a favorable impression.

Action to erect similar signs at Northville, Canton Center and Pennington entrances to the village was postponed and may be abandoned here because it is felt that the same need does not exist at these locations.

Motorists reaching the village limits on these roads have to pass through the village, whereas many motorists passing east and west on U. S. 12 do not know that our attractive village lies just north of their route and many others do not know that they can drive through Plymouth without getting off their route or going out of their way.

Mr. Stekete, maintenance engineer for the Wayne County Road Commission following a letter from Secretary Moore, came to Plymouth Tuesday to confer with him and Village Manager Koehnig. When the endless confusion caused by the improper road directions in Plymouth was pointed out to him he promised that immediate steps would be taken to have the standard on the southeast corner of Ann Arbor and Main taken away and a new and more attractive standard with new signs would be erected on the northeast corner of Ann Arbor and Main, where it will be seen by everyone.

The Wayne County sign at Starkweather and North Main will be brought nearer to the curb and turned around so that the sign pointing to Detroit can be seen by the motorists approaching Starkweather from the south. Both of these standards will be wired and the signs will be lighted at night.

Mr. Stekete assured Messrs. Moore and Koehnig that it would be permissible to erect the village sign at the two forks right along beside the pavement instead of having to set them some distance away from the road on private property.

This is a fine piece of work on the part of our Chamber of Commerce.

ANNUAL MEETING OF THE WOMAN'S CLUB OF PLYMOUTH

A dainty three-course luncheon was served the members of the Woman's Club of Plymouth at the annual meeting held at the Methodist Church of Plymouth, Friday, April 25th at one o'clock by a committee from the Methodist church, with Mrs. H. S. Doerr as chairman and Mrs. F. A. Lendrum as hostess. The luncheon was served at tables beautifully decorated in pastel colors with tall lighted tapers and bouquets of ferns, sweet peas and other spring flowers as centerpieces.

Before leaving the luncheon tables Mrs. H. S. Shattuck, in a gracious manner, with a few well chosen words, presented the retiring president, Mrs. B. R. Gilbert and the retiring vice-president, Mrs. Frank Burrows, each with a lovely spring bouquet of flowers that expressed the appreciation of the club members for the efforts these officers have expended in carrying on the standard of the club during the past club year.

MANY CONTROVERSIES BETWEEN D. S. R. AND MOTOR BUS COMPANY

The most recent controversy has to do with the petition of some 39,000 residents of Detroit's east side to restore service by the Detroit Motor Bus Co. on Jefferson avenue. It has been recommended by Mayor Bowles, and the street railway commission that the bus company be permitted to continue to operate for thirty days.

Possibility of Purchase Del A. Smith, general manager of the D. S. R., has informed the council that a plan will be proposed by the motor bus company during thirty-day period which will provide for absorption of the company by the city.

These facts have been known to Secretary Moore and members of the C. of C. transportation committee for some time. Mr. Moore reports that all of the prominent leaders with big holdings in this direction are aware of the possibility of this development between the D. S. R. and the bus company, and that when approached for cooperation they recommended that all parties interested sit tight until a definite decision has been reached by Detroit transportation officials.

Mr. Moore wants to inform the people of Plymouth that the local Chamber of Commerce is on the job in this respect and will keep closely in touch with developments until the time is more propitious to take action.

Plymouth Students At Ann Arbor Last Week

It was not the rainy, cloudy morning which greeted the participants of the All-State Chorus and Orchestra that discouraged the students so much as the dreary rumors which we heard on our arrival at Hill auditorium, Ann Arbor, Thursday, May 1. Some very cheerful person informed us that the members of the chorus would have individual try-outs as well as the orchestra members. However, this proved false for the chorus members when we were asked to come to the first rehearsal after we had had time to lunch and find our lodgings for the night.

Dora Gallimore, Catherine Nichol and Hazel Barthman were housed at the Chi Omega home, while Maurine Dunn and Jean Strong found places at the Alpha Omicron Pi house. Milton Moe, Raymond Larkins, Ted Baughn and Arthur Moe stayed at the Lam Chi Alpha fraternity. All day Thursday, the same evening and Friday morning, both the orchestra and chorus rehearsed. The orchestra was under the supervision of the following conductors: Joseph E. Maddy, Orvis Lawrence and Philip Wolf, while the chorus was directed by Harper C. Maybee and Juva Hildebe. Under this splendid direction, two concerts were given at the Hill auditorium at 4:00 p. m. and 7:45 p. m., Friday, May 2.

Program 1. Finlandia, Symphonic Poem Sibelius 2. Salutation Chorus Gaines 3. Symphony in B Minor "Un-Bred" Schubert 4. Marche apollinaire, Op. 20, No. 1, Antheil com. Antheil 5. (a) River, River, (Women's voices) Chilson Folk Song (b) The Drum (Men's voices) Gibson 6. Song of the Volga Boatman Chorus and Orchestra Arr. by Stoessel 7. Ozarka Suite Busch 8. A Morning Pastoral At Sunset The Hill Billies Dance 9. (a) Beautiful Savior (capella) Arr. by Christenson (b) Were You There (capella) Arr. by Burleigh 10. (a) Cripple Creek From "South-eastern Mountain Suite" Stringed Soloists (b) March of The Little Leaden Soldiers Bierne 11. Montezuma Comes Loomis Chorus and Orchestra

The students who entered the chorus and orchestra agree with a statement which Director Maybee made during a rehearsal, that the concerts were made possible by the fine instruction that the participants had received at home from their local teachers. We are proud to say that Miss Schrader is to be complimented for her excellent musical work at Plymouth High School.

RETURN FROM MEDITERRANEAN CRUISE

Miss Athalie Hough of Plymouth, with Mrs. Clement Gill of Ann Arbor, who first on a Mediterranean cruise early in February, have been in Paris, after spending two weeks in Spain, and called May 3 on the S. S. Lapland. They will arrive in New York, May 10.

Taking the Family Out for a Sunday Drive

The mail man who went walking on his day off has nothing on George J. Herwig, night watchman at the St. Louis airport for seven years, who takes his wife, eleven children and one grandchild aloft each Sunday in a Universal plane of American Airways, Inc. Robert Revis, Universal operations manager, is seen collecting their tickets.

## A WONDERFUL WORLD

A little more praise and a little less blame,  
A little more virtue, a little less shame,  
A little more thought for the other man's rights,  
A little less self in our chase for delights,  
A little more loving, a little less hate,  
Are all that is needed to make the world great.

### MOTHER

Men come and go and are forgotten. Fires, floods and disasters of various kinds claim their toll of death and destruction, but time heals and soon the scars have disappeared. But one thing above all others has never perished—the impressions left by mother-love.

Once each year Plymouth residents are called on to join with their fellowmen in paying tribute to Mother—the sweetest name of all. On the second Sunday of the always beautiful month of May millions of hearts swell with the happiness that comes at the mention of that name. Whether she is alive or dead, thoughts of her are paramount in every mind, and all America joins in making the holiday set aside in tribute to her the most important holiday of all.

Only in the eyes of Mother are any of us perfect. Only in her heart have our imperfections been overlooked. Men pass judgment on us, and not always is it to our credit. But to Mother there has never been but one verdict—in her heart her boy and girl are as near perfection as human flesh can attain. This is the mother-love that has made the world and saved the world, and that will always continue to keep it safe. And poorer than all others in the world is the man or woman who cannot find a softening of the heart when this annual Mother's Day brings a thought of the one who gave them life. Let us join again in our tribute to her—to your mother, to our mother, to all mothers—for she must always be the hope of the world and all things in the world worth striving for.

### WHAT'S THE HURRY?

Railroad men are convinced that the use of the "Stop, Look and Listen" signs and signal bells at railroad crossings by the motoring public would prevent practically all grade-crossing accidents. They claim there would never be an accident if motorists obeyed the warning as it should be obeyed. But the trouble is that thousands do not do so; they take too much for granted.

From now on through the summer months motorists around Plymouth will be more than at any other time of year, driving into new and strange territory. It might help them to avoid a fatal accident if each and every one will get it firmly fixed in his mind before starting out that every railroad track is dangerous whether there is a train in sight or not. It should be remembered that if the bell does not stop ringing and if the light continues to flash it may be a warning of still another train approaching. And never, where there is more than one track, is it safe to proceed until the train has passed to a point where an uninterrupted view can again be had. Another train from the opposite direction may be bearing down upon you. Thirteen percent of all deaths on an eastern road last year resulted in this way.

No matter how good your judgment of distance may be, you can make a mistake. But at a railroad crossing you never have to make but one. Bear that in mind every time you start out in your car from now on, and the other fellow will take care of himself. Only in that way are we sure that no homes in this community will be saddened by grade-crossing fatalities that could have been avoided.

### THEY SWARM IN SPRINGTIME

From many communities come complaints of the peddler evil. Swarms of these so-called salesmen are pouring out of the cities at the present time invading the smaller cities and villages. They are selling everything from sharpeners to broadcloth smuggled in on some foreign battleship. Rarely ever does the householder get a square deal.

If the person who calls at your door happens to be a resident of this community, is known to you, then that is a different matter entirely. In that case you will without doubt get your money's worth.

Strangers should be given short shrift. You have no guarantee that any statement made by them regarding their wares is true. Invariably if you listen to their blandishments you are the loser. In no case does it pay to take a chance.

Don't encourage them—don't let them take up your time. Your home town merchant will serve you in a much more satisfactory manner.

### WHEAT BELT JOBS

Following the wheat harvest used to be, and still is to a considerable extent, one of the favorite outdoor sports of hundreds of thousands of workers. They are a motley crew, traveling from all sections of the country to the wheat belt that stretches from Texas to the northern boundary and reaching into Canada. For weeks this army threshes the golden grain and gets it ready for the market. But from all indications it is not going to be a good year for those who follow the harvest. Great grain farms and large individual farmers now have their "combines"—huge machines that carry out all the operations of threshing with a minimum of human help. With these machines increasing in number so rapidly, it is obvious that many who go to the wheat belt for summer jobs will be disappointed. If there are any young men around Plymouth getting ready to travel into other sections in search of this form of labor, we would suggest that they make sure they can get it before they start out. Otherwise they are apt to find the going a little rough.

### HORDES OF "GYPS"

There is now in almost every large city organizations known as Better Business Bureaus. They are maintained by home merchants to protect their patrons against fly-by-night and fake salesmen, canvassers and promotion men. Word was recently passed among these bureaus to be on the lookout for a new type of "gyp," and we feel sure we are doing motorists around Plymouth a good turn by passing on the warning. The latest scheme is worked by salesmen who offer a concoction for "pepping up" batteries and giving, they claim, more power to the car. An analysis of one of the concoctions showed it consisted of nothing more than a few cents worth of epsom salts, for which the salesman collected one dollar from each one of his victims. And this is but one of a long string of such fakes that are being daily worked on the public in various parts of the country. There seems to be but one answer to all of them. That is to buy advertised goods and from a dealer you know personally or by reputation.

### FISH AND BEES

It is a singular and interesting fact that comb honey is sold for the same price as charged 40 years ago—25c a pound, on the average. We know this price has not varied 5c in either direction, and so does everyone in the country. And we wonder why there has never been an advance in honey prices in all these years. It is of just as much interest to note in this connection that the bees of the country make over 200,000,000 pounds of honey a year, at a retail value of \$50,000,000. Now note the contrast between honey and fish. Like the bees, fish work for nothing and feed themselves. Yet the price of some kinds of fish has increased five-fold in the past 40 years; fish that could once be had for 8c and 10c a pound now bring as much as 30c and 40c a pound. There are many things in this world we can't understand, and this is one of them. Why have fish prices soared in 40 years while honey prices haven't advanced a cent?

## Wayne Road News

Mr. and Mrs. Ross are redecorating their home on Wayne road.  
Mr. and Mrs. Wm. McMahon and two sons, William, Jr. and Robert, and Mr. and Mrs. Griffin called on Mr. and Mrs. Robert Schmittling, Sunday.

Miss Marjorie Shorka spent last Sunday afternoon with Mrs. Theresa Bluege.

Mrs. Henry Grimm, Jr., is getting along nicely from her illness.

Little Miss Renal was the weekend guest of Mr. and Mrs. George Mecklenburg and son, George, Jr.

Let us all remember Mother's Day is this Sunday.

## A New Model Speed Truck

A new 3-ton speed truck, Model A-5, recently announced by International Harvester and now on display at the company's branches in Detroit and Pontiac, is built in four wheelbases, 156" for dump and semi-trailer service, 170, 190 and 210 inch for general hauling of all kinds. The longer wheelbases provide for maximum body lengths (back of cab) as follows: 170, 190 and 210 inch wheelbases, 13, 15 and 17 1/2' respectively. Two and one-half yard dump bodies of 9' or 9'6" may be mounted on the 156" wheelbase chassis. Among the features of the new model are the new 6-cylinder engine with its seven bearing crank shaft, seven bearing cam shaft and removable cylinders; single plate clutch with built-in vibration damper; a new transmission with five speeds forward and one reverse; new spiral bevel gear drive axle; mechanical four-wheel brakes, and pressed steel channel tapered frames. Force feed lubrication is employed. The gear type oil pump driven from the cam shaft, supplies oil under pressure to all main, connecting rod, cam shaft and rocker arm bearings. All lubricant passes through an oil filter. The drilled cam shaft acts as an oil distribution manifold.

Transmission reductions follow: First, 7.35 to 1; second, 5 to 1; third, 3.13 to 1; fourth, 1.75 to 1; fifth, direct or 1 to 1; and reverse 9.04 to 1. This feature permits high speed for cross-country hauling, while the four low speed reductions provide enormously increased pulling ability for hill climbing, and negotiating sand, mud or soft roads. Axle reductions of 7.16 to 1 and 6.43 to 1 are provided. Service brakes are of the mechanical, internal expanding, self-energizing, two shoe type operating on all four wheels.

## OFFICER TELLS WHAT KONJOLA DID FOR HIM

He Found in New and Different Medicine Just What Was Needed To Restore His Health.

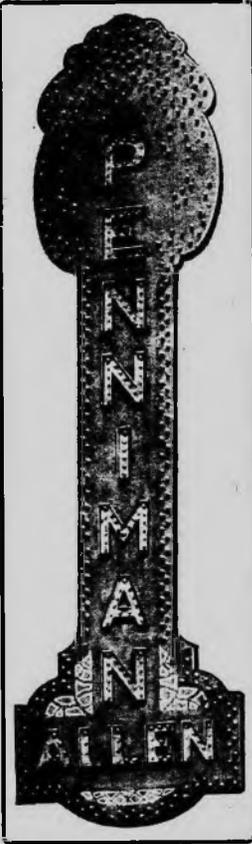

MR. DAVID E. SUMNER

"Konjola made me feel like a man remade and when I started taking this medicine I was about as sick and miserable as a man can be and keep going," said Mr. David E. Sumner, 1051 Boston street, Grand Rapids. "My stomach was completely out of order; my kidneys were weak, my back ached so badly I thought I could not stand it another minute. Every night I had to get up numerous times and the loss of sleep put me all out of condition for the day's work. My appetite was poor and I lost in weight and strength.

"To make matters worse, not a medicine I tried did the least bit of good. But what an experience I had when I started taking Konjola! I had not finished the first bottle before I began to feel better—and as the days passed, the improvement became more noticeable. In all, I took five bottles and they restored my health completely. I am eating like a wood-chopper, sleeping fine and that terrible backache is no more. I'll tell the world Konjola is the medicine for me, and I highly recommend it to other sufferers."

Many express amazement at the speed with which Konjola works. It does, but a course of from six to eight bottles is strongly recommended.

Konjola is sold in Plymouth at the Community Pharmacy, and by all the best druggists in all towns throughout this entire section.

# DOINGS IN THE FIELD OF SPORTS

## FARMERS WIN FROM STRONG ROMULUS NINE BY 4-5 SCORE

### House of Correction Nine Chalks Up Its Second Consecutive Victory of the Season.

### TWO HOMERS MADE BY JASKA AND HAMMOND FEATURE GAME

BEFORE a crowd of 400 fans and under ideal baseball conditions, the De-Ho-Co baseball team defeated the strong Romulus club by a score of 5-4. Hartner and Koester hooked up in a pitchers' duel and while Hartner allowed nine hits, Koester was more unsteady, passing four and hitting one but giving the local boys but six hits, two of which however were home runs.

Romulus punched three hits including a triple in the first, scoring two runs. Destefano in the second half of the first drove a single through second while Denniston was hit by a pitched ball. Jaska grounded to F. Hoppe, German sent a long triple to deep left scoring Destefano and Denniston and scored on a wild pitch by Koester for three runs. From that time on it was a royal battle. Romulus tied it up in

a fielders chance when Ellis grounded to Destefano. Ellis was held on second when Mullred singled. Hartner threw out F. Hoppe, passed Collins and Koester flew out to Smith. This ended Romulus' chance to win and Hammond the first man up in the ninth drove a home run down the left field winning the game.

Next Sunday, May 11, the De-Ho-Co club will meet the strong team from Gaines, Michigan, at the De-Ho-Co Park at 3 p. m.

### NETHEM LOSES FIRST GAME OF SEASON

Clifford Strikes Out Fourteen to Defeat Nethem 6 to 2.

LAST Sunday the LaSalle Bull Dogs from Ontario came out to Plymouth and swamped the Nethem team 6-2 on their home diamond. The Bull Dogs were out-hit eleven to nine but Nethem couldn't hit in the pluches. The winning run was scored in the eighth inning after one man had been retired.

Nethem has won one game from Haggerty A. C., 5-3 and lost one game. Next Sunday is an open date and on May 18th the Detroit Police will be the local attraction, so do not forget the date.

The box score is as follows:

LA SALLE BULL DOGS		NETHEM	
AB	R	AB	R
Ellis, 3b	4	1	0

### Sports Calendar

Sunday, May 11—Detroit Liberty A. C. vs. Haggerty A. C. at Canton Park.  
 Sunday, May 11—De-Ho-Co vs. Gaines, Michigan at De-Ho-Co Park.  
 Sunday, May 11—Plymouth vs. Cedar Island at Cedar Island Lake.  
 Sunday, May 11—West Point Park vs. Pennsylvania R. R. at West Point Park.  
 Sunday, May 18—Nethem vs. Detroit Police at Newburg diamond.

### Notice To All Sportsmen!

Last week the Mail started a page to be used exclusively for sports and it brought some favorable comments from the sport fans of Plymouth. This will page will be continued every week.

We earnestly desire all the material we can get to make this page a feature page every week in the interest of sportsmen in and around Plymouth. To do this we need a little help from the managers of baseball teams, tennis teams, etc. Any team who will write up an account of their game and send or mail it to this office before Tuesday noon will be assured of a write-up on this page.

Also any individual who hangs up a record at something in sports—even the fisherman list—may contribute.

Be sure to get your copy in this office before Tuesday noon.

### Lincoln Park Nine Wins From Plymouth Rocks

Last Friday the Plymouth Rocks journeyed to Lincoln Park and met the Lincoln Park High School team, falling before them to the tune of 15 to 25. The Rocks got a late start, getting their first run in the fourth inning. In the meantime the Lincoln Park boys pounded in sixteen runs. A full account of the game will be found in the columns on the school page.

William Stribling, American heavy-weight, is matched to box Phil Scott, English champion, in London, England, June 10.

### Plymouth High Golfers Defeat Northville Team

Plymouth High School's Golf Team won last Thursday from Northville. This game put them in a tie for first place in the Suburban league. Plymouth has won 2 and lost none.

The schedule:  
 May 13—Dearborn, here.  
 May 15—Ann Arbor, there.  
 May 20—Fordson, here.  
 May 22—Northville, there.  
 May 27—Wayne, there.  
 May 29—Dearborn, there.  
 May 31—Regional.  
 June 3—Farmington, here.  
 June 6—State.

### HAGGERTY A. C. WINS FIRST GAME OF SEASON FROM YPSI

Good Pitching and Fielding Decides Contest; To Play Liberty A. C. Sunday, May 11.

WITH excellent pitching backed by good fielding, the Haggerty A. C. set Ypsilanti down with a score of 8 to 1, at Canton Park (corner Golden and Canton Center roads) last Sunday.

For two innings the Haggerty sluggers were unable to solve the delivery of "Dolly" Service, who pitched the complete game. In the third the home boys broke loose and chalked up three runs followed by two in the fourth. Ypsilanti when they pushed their only tally across the plate.

Previous to last Sunday's game the Haggerty club lost two exhibition games, one to each Plymouth and Nethem. They are now looking forward to later in the season when they can match their baseball ability with Plymouth and gain revenge.

The Haggerty A. C. is a new club composed of the very best rookies in and around Plymouth. They are a Class A team and will meet other Class A teams from all over the state. All of the games will be played at Canton Park, corner of Golden and Canton Center roads, throughout the season. Drive out to Canton Park and watch the Haggerty A. C. perform in their new white and blue uniforms.

Sunday, May 11, at 2:30 p. m. the Detroit Liberty A. C. will oppose the Haggerty A. C. at Canton Park. The Detroiters are one of the fastest semi-pro teams outside of the Federation League. Come out to Canton Park and see a good game of baseball and then have plenty of time for an early dinner.

AWAY FROM HOME  
 May 9, 10, 11, 12—Detroit at New York.  
 May 13, 14, 15—Detroit at Boston.

### Golf Maxims

Even a man of considerable means Cannot afford many three putt greens.

A mangle shot hit up in the shank Is worse than overdriving your bank.

The remedy may be a trifle stiff, But you must look or slice when you swing.

### World's Two Fastest Runners

Here are the two fastest men in college today, both of them world record holders and both from Ohio state university. Richard Rockaway, left, is the world's champion in the 220-yard hurdles with a record of 22.8 seconds. George S. Simpson, at right, holds the world's record of 9.4 seconds in the 100-yard dash. Both are seniors, and are in their last year of collegiate competition.

### PLYMOUTH WINS 12-6 OVER BOHN ALUMINUM NINE

### Will Open Season With Pennsylvania Railroad

THE West Point Park baseball team will open their season with Pennsylvania Railroad Sunday, May 11, at West Point Park, near the corner of Seven Mile and Farmington roads. This is the opening league team for the Down River league. West Point was the champion of two leagues last year. The Inter County and the Down River league.

We expect a little celebration and a real good time.

Vincent Fields, old St. Louis Cardinal pitcher, will pitch for West Point and Hammersmith and Jayska will catch.

Steffes, the new man at third, seems to have solved one of the club's defensive problems. He played a good defensive game and also came through with 2 clean hits out of 4 times at bat, one of which brought in two runs at a time when runs were needed. So far he has proven the right man for the hot corner.

Ostrander, Plymouth's manager, is getting the team rounded into shape more and more and after one or two more games will have a real team together.

Six Sunday the team travels to Cedar Island Lake, 7 miles north of Walled Lake Village, to cross bats with a team composed of M. L. A. players.

May 18th, Plymouth returns for a long string of home games starting with Tau Beta Y. M. C. of Detroit.

### Wayne Wins Fourth In Fordson Meet

Wayne high school won fourth place in the Fordson Meet last Saturday at the Fordson Stadium, with 18 1/2 points. Monroe high won first with 22 points, with Ann Arbor and Dearborn second and third.

The meet was exceptionally fast and well-contested, eight records tumbling before the assaults of the runners, jumpers and weight men.

Allen, the long-legged Wayne boy, and Carl Hansen of Dearborn, the only remaining stalwart of that school's powerful 1929 squad, waged a great battle for individual supremacy. Allen finally pulling up with a half-point margin, scoring a 10 1/2 point total. Allen won the high hurdles, was second in the running broad, and tied for second in the high jump. Hinchman, of Northville, was third in individual points with six, was also second in the discus and the shot.

Enor, of Wayne, started the record breaking in the first event, the 200-yard low hurdles. The Wayne team won the first of the three relay events, the medley, and cut more than two seconds off the old mark, while the fast Monroe half mile quartet knocked nearly four seconds off the record for that event.

The shuttle relay, a new event on the program was won by Birmingham.

Both Griffith of Rochester and Allen of Wayne leaped well over the old record for the running broad.

With the 25 teams entered, more than 200 boys competing in the various events, the meet was the biggest ever held on the Fordson Field.

## Rosedale Gardens

By J. W. WALKER

DANDELIONS are in season, and so are the fruit trees, baby iris, tulips and other dainty varieties—what a lovely climate! (when real spring weather is here).

The frog and toad conventions have been holding forth real merrily for several evenings past, but now the sun has dried up most of the lakes hereabouts, and these little insects have gone their ways. The next convention is to be "horse-dy" and then the "cricket." Of the latter we expect to gather delegates from the neighboring townships.

Mr. and Mrs. C. B. Kronlund have leased the Ole Soderstrom's home, 9618 Inkram Ave. The Soderstroms are summering down the Lake Erie shore beyond Toledo.

"Saw you walk thru 'R' grocers' emporium several times the other post meridian, is that the way you pick up Ephemeralises?" asked P-y. "Ephemeralises and simple cookies or something. Our parson preached at us one Sunday not to boast—but we have to once a week. In this connection let us state that we read in a city newspaper where the Mayor Shields of Highland Park said to the Mayor Bowles of the village, 'We are behind hand—Rosedale had clean-up week last month; let us do it this month.' Which they may do, but not so nice as we—boast! And they had their pictures in the paper telling each other files and signing their names to the protocol. So Gardenites, possibly we can change the parson's admonishing 'Don't boast', to 'Do Boost'—Rosedale! after we have set so good an example.

No; having a sufficient amount of space this week, we do not print a complete mailing list of the gardenite census, but do say that each and every one have been taking sniffs and temping and love and everything out on the stubble and are putting lawns and gardens in shape, hauling "black dirt" and swapping perennials. Then after dark swap ideas and tell each other things that never have or will happen.

Auto accidents are now in season along U.S. 12, so strict to the gardens behind or about the homestead of evenings or Sundays.

Spring is really here now, as the local barometers, the elm trees, are out in leaf, next come the oaks "down in the woods by our church." "I know my chatechism better'n you," heard a little folk say to another L. F. Seeing us looking, the child turned to us—"If you, too, you don't know your catechism either." We did once, so leave it go at that. Well, to make a short story longer, there will be several children hereabouts who will receive their first communion this month. Guess we better start taking census for to put it in the paper.

The Lawn Tennis bounds are out behind the school house with all available tools from sod cutters, saws, shovels and even the snow plow. Which makes us believe that we may at that have a Bobby Jones or Helen Wills within our midst. In this same category of a little white ball, a number of the Gardenites have donned plus fours for to cut sod and haul back dirt.

Mr. and Mrs. Arthur G. Scott have purchased the MacDonald home at 11047 York Ave.

Flitters at the village femme shoppe.

dash Harry Reser and his Cleopatra Club Eskimos to add zest to spring with a group of the horrid fox trots which they will broadcast over WWJ at eight.

The "Big Bass Viol," a novelty song by T. Bohannon as sung by the quartet will feature the Armstrong Quakers' broadcast over WJR at 9 o'clock.

### "Ladies and Gentlemen" We Present Today—

Friday, May 9

DEAN GLEASON L. ARCHER will picture the Massachusetts Bay Colony and the founding of Boston in his talk, "Wilderness Aristocracy and Democracy," over WWJ at 10:45 a. m.

James Melton will be soloist of the Raleigh Revue, Friday, at 9 p. m., over WWJ, singing Mora's "Song of Songs." The orchestra will play a number George Gershwin wrote as part of the score for "Lady Be Good"—"You Don't Know the Half of It Blues."

"Robin Hood" will be heard during Bradford Browne's "Nit Wit Hour" over WGHP at 8 p. m.

"Down in Old Havana Town" will be played by Rosario Bourdon and his orchestra during the Cities Service Concert over WGHP at 7 o'clock.

Martial music old and new, will comprise the program by the U. S. Army Band over WGHP at 7:30 p. m. The program will emanate from the Army War College.

Out of the thawing northland will

in whispering measurements to the saleslady, often H-p T. K. or O. K.—meaning the fitted is either "touch-me" or "out-need" as the case may be—and never mind how we found out. Mrs. Harry Eggleston, 11410 Melrose Ave., was given a "shower" last Friday afternoon by her many friends. This was a surprise secret, or rather was, so we did not put the news in the paper last week, and are therefore one week behind time, owing to the fact that this here newspaper is usually delivered Friday morning and the shower came up about two past noon.

There is a nice lady (Gardenites) who lives in a nice home on Cranston Avenue, who wants to know where all these Ephemerals come from. "Something out of nothing," replies we, "even as a grain of mustard seed."

She being of our Sunday School teacher staff, knows whereof we speak when we parable, as it were. Selah! So she went on her way rejoicing to buy her Sunday groceries at "R" food sanitarium. Gee, that's an K. O.—"food sanitarium" where one gets better all the time—"R" grocers for thoughts and succor for the perishing aradio to the tune of a lively fox trot or the baseball game (when the Tigers are winning).

Mr. and Mrs. E. J. Lucas have leased the Roy T. Mitchell home, 9810 Blackburn Ave.

A little lady on our street told us the best story of the week—and it wasn't about a Derby either, even if it is a little (her daddy) Kinnahan's, said she, "Do you know what the froggies sing every nite?" Not wishing to appear so dumb before a child as we appear to those other critics, we just smiled and said, "You do, don't you, Bernice?" "Yes, they just sing 'rose-dale! rose-dale! ROSE DALE!'"—real quiet on first, but big and loud on the third, just like my teacher, Miss Beldor, teaches us. And we nearly passed out from drowsy apoplexy.

Mr. and Mrs. Marks have leased the Charles Miller home, 9623 Berwick Ave.

Last week they built a monument to "R" grocer. That is not what you would infer as a mausoleum, tombstone, but a monument of beans—four different kinds, six cans for ninety cents and one extra thrown in for a good luck. So "R" grocers are much alive—and the monument of beans fast diminished, so to prove it. And is your name on "R" mailing list: if not Y not, better have it on, so then you will get the latest bargains at "R" stores, the way, or buy the beans, the monument was just 10,921 beans high—we counted them!

The Unalgi Group, Camp Fire Girls of Rosedale fame, sold one thousand seven hundred and forty doughnuts, alias fried cakes, last Saturday. Which all goes to prove that the cakes were good or the girls were good sales-ladies or both, let us say for sake of peace—no kiddin'—they were both good! The young Gardenites are also planning a "mother and daughter tea," and we suppose that they will invite the daddies, and how? The girls collected about a ton of old newspapers and it looks as if they would all go to camp after all. Wake up, R. G. Troop 1, Boy Scouts!

Mr. and Mrs. John W. Cyrus have leased the W. R. Kenly's home, 10023 Blackburn Ave.

dash Harry Reser and his Cleopatra Club Eskimos to add zest to spring with a group of the horrid fox trots which they will broadcast over WWJ at eight.

The "Big Bass Viol," a novelty song by T. Bohannon as sung by the quartet will feature the Armstrong Quakers' broadcast over WJR at 9 o'clock.

The Ladies' Aid Society met with Mrs. George Gill, Thursday afternoon. The young people's class held their meeting at the home of Mrs. Jennie Houk, Tuesday evening.

A shower for Mr. and Mrs. James Burrell was given at the church house, Friday evening. A spelling bee and singing were the entertainment. Many pretty and useful gifts were received.

A shower for Mr. and Mrs. Louis Witt was given at West's hall Wednesday evening. Dancing was the order of the evening, and a large crowd attended. The couple are at home to their friends, at Cherry Hill.

Mrs. Wesley Elliott is suffering with a severe attack of jaundice. She is not improving very rapidly.

Mr. and Mrs. Bert Cook and daughter, Patsy, of Detroit, visited Mr. and Mrs. Wm. West, Sunday.

Mr. and Mrs. Louis Thomas of Highland Park, spent Sunday with Mr. and Mrs. A. Dunstan.

Mr. and Mrs. James Burrell entertained relatives and friends, Sunday.

## Newburg School Notes

The early elementary room is very cheerful these May days because of the lovely spring flowers the children have brought.

Miss Jameson gave spring tests to the first and second grades last Thursday.

At our May Day party Tuesday afternoon, Miss Reed will award the health badges to the boys and girls who have earned them.

Freddie Schmidt, who has been ill with measles, is able to be up now. We will be glad when he is able to be in school again.

Third, Fourth and Fifth Grades Mrs. Edgar Stevens visited our room Friday afternoon. The boys and girls in the intermediate room made a "Health House." They called it "The House That Built Jack." The house was stuccoed with oat meal; the roof was made of graham crackers, the windows were outlined with raisins, the front porch and garden were sand-cast with Wheatena; the walks were built with Lima and Navy beans; the first three chimneys were made of red kidney beans.

We are all working hard for the Health Exhibit.

The Upper Grade Room The Newburg boys played ball with Wayne Junior High School Friday evening. The score was 17 to 21, in favor of Wayne.

P. T. A. will be held this Friday night. This is the last meeting this year, and we hope as many parents as possible will come.

The seventh and eighth graders are studying hard for state examinations to be held May 15 and 16.

## Ready Now!

## A 3-Ton 6-cylinder Speed Truck

Here is the new 3-ton 6-cylinder International Speed Truck—Model A-5—now ready for your inspection.

Sponsored by twenty-six years of automotive achievement, this latest member of the International line of trucks is definitely designed to provide the widest range of modern hauling service ever embodied in one truck.

The chassis itself, ready alike for high-speed transport and for the severe punishment of dump truck service, is being hailed as an outstanding advancement in automotive engineering. Read the specifications given at the left. And Model A-5 is as attractive in appearance as it is powerful in performance.

Come in and look this new truck over in detail and ask for a demonstration of its many fine qualities.

### Brief Specifications of Model A-5

- Wheelbase: 156, 170, 190 or 210 inches.
- Engine: International design and manufacture; 6-cylinder, valve-in-head, 7-bearing crankshaft, 7-bearing camshaft, removable cylinders; 3-point mounting with rubber-cushioned rear supports; pressure lubrication.
- Clutch: Single plate, with built-in vibration damper.
- Transmission: 5 speeds forward, 1 reverse, direct in high; one control lever.
- Final Drive: Spiral bevel gear type.
- Frame: Pressed-steel channel type, with deep middle section.
- Springs: Semi-elliptic, front and rear. Auxiliary springs, quarter-elliptic.
- Tires: 34 x 7 front, 34 x 7 dual rear, pneumatic, mounted on all-steel spoke-type wheels.
- Brakes: Service, 4-wheel mechanical, internal expanding. Emergency, internal expanding on rear.

## Westchester Golf Course Opens Saturday, May 17

THE east nine holes of Westchester Golf Course, located one mile south of Ypsilanti on South Huron road, will be opened to the public on May 17. Westchester is an 18-hole course which was completed in 1928, but until this year players have only been permitted to use the west 9 holes.

The layout of Westchester course qualifies it as a championship one by reason of its lengths and the various tests of golf which were incorporated during its construction. The course has many unusual features such as extra large creeping bent greens, wide fairways, very large tees and numerous water hazards.

The course was designed by Wilfred Reid, professional at Indianwood, and William Connellan was construction engineer on the job. The number 6 hole is perhaps the longest in the district with a length of 825 yards and a par of 5. The number 8 hole is very unusual with a par of 3 and calls for a brassie shot from tee to green with a water hazard about 30 yards in front of the green. The number 11 hole is 125 yards and calls for a perfect iron shot with the hazard of falling to reach the green magnified by two creeks and sand traps.

Westchester is far enough removed from the main road to insure absence of dust and undisturbed play. It is easily accessible over Michigan avenue, Ecorse road or Ford road and is located just a mile from Ypsilanti. No expense has been spared to make it one of the finest public courses in the country.

## 44 Cars Enter 500-Mile Race

LIST OF STARTERS FOR CLASSIC AT INDIANAPOLIS MAY 30 IS CLOSED.

Forty-four cars, three of them to be piloted by foreign track stars, have been entered in the 1930 Indianapolis 500-mile Motor Speedway race to be held May 30.

For the first time in 10 years the race this year will feature two-man (mechanic and driver) cars. Previously the one-man machine had been used. Another change in the 1930 race is the number of cars that will be allowed to start. The number was increased to 40, while previously it was 33. Cars are required to attain a speed of 85 miles an hour over a 10-mile course in order to qualify.

The list of drivers who entered their machines included such well-known racers as William Cantlon, Lou Moore, Peter De Paolo, Harry Hartz, Louis Schneider, Tony Calotta, Wilbur Shaw, Russell Snowberger and Zeke Meyer. The three foreign stars entered are Baron Borzacchini, Letterio P. Cudnotta and Jean Gaudino.

Both Jack Dempsey and Jim Jeffries were unimpressive in their first New York bouts.

## Sport Notes

George Beauchamp, veteran Roosevelt high school catcher, has probably played his last high school baseball, at least behind the plate, as the result of a badly torn finger on his right hand which he suffered during practice last week.

George Cook, Australian heavy-weight champion, has arrived in New York to fight Primo Carnera in Cleveland May 19. So far as we know, the only reflection on George's ability is that he has been picked for Carnera.

Michigan colleges and universities featured the seventh renewal of the Ohio State relays at Columbus Saturday capturing 13 places, including five firsts out of a possible 10, five seconds and three thirds, besides establishing meet records in three events. University of Michigan led the invaders from the Wolverine state with victories in the 440 and mile university relays, the discus and hammer throw. It was third in the half-mile relay, while its star sprinter, Eddie Tolan placed second in the 100-yard dash in which George Simpson, Ohio State's star, tracked the recognized world's record (using blocks) of 9.35 seconds, with a 9.5, while Brooks took a second in the triathlon.

Detroit will be well represented at the running of the fifty-seventh Kentucky Derby at Louisville, Ky., Saturday, May 11, as two special hotel trains will be operated out of the city by the Kirby Travel bureau.

The American Legion of Detroit is putting new life in sandlot baseball by footing all the bills.

Frank Corser, Livingston County, Michigan, killed a whistling swan on Bass Lake. He called it a "widgeon." Corser was arrested by Allen Wilkinson, district conservation officer, and Conservation Officer Clarence Dorrance. He was convicted and paid a fine of \$50 and costs of \$15.10. The swan had a wing spread of six feet nine inches. It was sent to the University Museum, Ann Arbor, for mounting.

Dempsey would be taking a big chance in entering the ring with Primo Carnera. Just supposing, for example, that Jack socked Primo in the body and that Carnera fell forward before Dempsey could get out of the way. Such an accident would, to be sure, get Jack into literary circles. He could be used for a bookmark.

## Detroit To Have 100-Mile Race

Entry blanks for the championship 100-mile A. A. auto race on the State Fair track in Detroit, Sunday, June 8, were mailed to every driver entered in the Indianapolis 500-mile event. It will be a matter of several weeks before the full extent of the Detroit entry is known, but enough is known of the possible field at this time to conjecture as to some of the starters.

It seems quite sure that Detroit will have more local interest in the title event than it has had any of the last two years when similar events have been held. This year, Wilbur Shaw, known as the biggest money winner on the dirt last year; William (Shorty) Cantlon, Paul Bost and Burt Karnatz, all Detroit boys, are almost sure, at this time, to be in the Detroit field. Cantlon's car, owned by Bill White of Hollywood, California, was the first of the new jobs entered for Indianapolis. Cantlon was winner of the Michigan A. A. title last year and during the winter he drove White's cars on the coast. He hung up a new world's four-cylinder record on the Muroc (Dry Lake) beach in Utah several months ago, eclipsing Tommy Milton's mark by three miles an hour. Karnatz and Bost are well known throughout the State and in Detroit and have been headliners for years. Shaw drives for Floyd Smith of Ann Arbor.

## At M. S. N. C.

Following a contest with Hillsdale on the Ypsi diamond last week, Coach Harry Ockerman will lead his partisans out on the road for the first time this season Friday when they will invade Chicago for a return tilt with Armour Tech. Coach Ray Stites will take his freshman nine Saturday to East Lansing for the first of a home-and-home series with Michigan State yearlings. Detroit City College will furnish the opposition for the Huron trackmen in a dual meet at Detroit on Saturday. The City College freshmen will appear on the Ypsi grounds Saturday for a dual meet with Marquette's first year squad. The Bearcat netmen are scheduled to appear Saturday.

## Michigan Normal Team Scores Track Victory

Winning 11 of the 15 events, Michigan Normal's freshman track squad swamped Notre Dame University yearlings in a dual meet last Saturday at Ypsi by a score of 85 to 46. Normal scored slams in four events and won the relay easily. Eugene Beatty, Detroit negro star, did outstanding work with victories in both hurdle events and the broad jump in addition to anchoring the winning relay team. James McKinley of Belleville and Bill Fenner of Rochester also won with two victories each.

## Yachts Race to Tahiti

A 4,000 mile yacht race between San Francisco and Tahiti in June will have six entrants. In 1925 a similar race was won by L. A. Norris with his craft, Mariner, in 21 days, 11½ hours.

## Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called **Resall Ordinex** has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Order a **Resall Ordinex** at the nearest drug store. Get 24 for 25¢ today at the nearest **Resall Drug Store**. Beyer Pharmacy.

## 100 Mile Auto Race At Toledo Sunday, May 25

Having received a sanction from the American Automobile Association Council Board to run a triple A auto race at Ft. Miami mile track, Toledo, on Sunday, May 25, B. Ward Beam, who has handled the track for the past nine years, announces that the event will be 100 miles.

Beam has for some time had under consideration the advisability of running shorter sprint events, having had a number of fans make such request, but he now feels that the response from those opposed to the sprint variety justifies the continuance of the century grinds that have become so popular in the nine years they have been run.

Entry blanks have gone into the mail and the manager assures the race fans that the greatest array of talent ever to enter the spring classic will be on hand. Many of the Indianapolis Speedway Stars are expected to enter and there will be no increase in prices.

## Word To Wise Is Sufficient

With the trout season in full swing, it is the duty of every angler to take up the work where the hunter left off last fall and exert extra precaution in being sure that the last ember is out before tossing away a smoked cigar, cigarette, knocking out the ashes of a pipe, and campfire, so that the coverage of our wildlife will not suffer so great in the dreaded yearly loss in forest fires.

By all reports from the land of the north, the snow in many sections has disappeared. There was the period of raw rain, a week of warmth, and now the underbrush, leaves and grasses have dried to crispness along and beyond the stream banks.

A careless angler in tossing away smoldering tobacco in this area would quite likely start a fire, and in one hour, only a charred blackness would remain of what took many years to grow.

## 15 TROUT IS LIMIT

May 1st marked the opening of the trout season. Open season also began on perch or wall-eyed pike, pickerel, muskellunge.

Here are the facts for trout fishermen.

Length of trout—All brook, brown or rainbow trout must be at least seven inches in length.

Limit—15 trout of the combined species can be caught in one day.

Possession—Only 15 trout can be had in possession at any one time. This number was reduced from 25 to 15 at the last meeting of the legislature.

License—Each trout fisherman must have a license. A resident license costs \$1 and non-resident \$3. Licenses can be procured at the county clerk's office.

Fines—For violation of the fisherman's code a fine of not less than \$5 and not more than \$100, costs and imprisonment, may be assessed.

## Lost One Job

Mike McNally, manager of the Wilkes-Barre club, lost his side job as commissioner of sandlot baseball in Scranton, which paid \$2,600 a year.

## NOTICE REGARDING DUMPING

Many requests are being received as to where dumping is being permitted within the village. Rubbish of all kinds can now be dumped at the foot of Burroughs St., east of South Main St., as indicated by signs on the property. Garbage and auto bodies not permitted however.

A. J. KOENIG, Village Manager.

# Her day for FLOWERS

ON MOTHER'S DAY of course you will wear a flower in her honor. But wouldn't it be a charming idea to send her a big, bright bouquet? Just think how surprised she will be—and how pleased! You know how she loves flowers. And when they come from you, on this occasion you'll make Mother's Day the happiest in all the year!

Let us suggest—Sweet Peas, Snap Dragons, Roses, Carnations or Daisies.

A Wonderful Assortment of Potted Plants

**WANTED**—Married man wants a position on a farm; capable of taking full charge. Phone 7108-F-3. Call for Mr. Johnson. 1c

**WANTED**—Window cleaning, rug beating, lawn mowing and other odd jobs. 376 N. Harvey St., phone 362J, Clifton Howe. 1c

**WANTED**—Young man to learn store management; real opportunity. Also meat cutter helper, full time. A&P Tea Co., Plymouth. 1p

**WANTED**—Two riders to the River Rouge plant. Call 406-W. 1c

**WANTED**—Young lady wants work, housework or taking care of children. Call and ask for Mrs. Cleo Burden, 169 Adams St. 1c

**WANTED**—Trucking. Will move anything, at any time to any place that a 2 1/2-ton truck can haul. L. C. Harger, Farmington, Mich., Box 174; telephone 273. 24fc

### LOST AND FOUND

**REWARD**—For return of police dog, Black with tan markings on legs. Answers to name "Pal." Harry L. Richards, phone 7135-F-3. 24fc

### IN MEMORIAM

In loving memory of Beulah L. Jewell, who died two years ago, May 11, 1928:  
Sincere and true.  
Loving and kind:  
What a beautiful memory  
She left behind.  
Sadly missed by her mother, daughter, father, sisters and brother. 1p

### IN MEMORIAM

In loving memory of our dear mother, Bertha Schmidt Reinholz, who passed away five years ago, May 8, 1925:  
She bore her pain, she bore it well;  
Oh, what she suffered none can tell.  
Peacefully sleeping, resting at last,  
Life's weary trials and suffering past.  
She did not fail to do her best,  
Her heart was true and tender;  
She did her work hard for those she left.  
That's something to remember.  
Some may think we are not lonely  
When at times they see us smile;  
Little do they know the heartache  
That we suffer all the while.  
Sadly missed by all her children. 1p

### IN MEMORIAM

A **GRAND** wish to express our heartfelt thanks to all who so kindly assisted and for the words of sympathy and beautiful floral tributes extended at the death of our beloved wife and mother.  
John W. Beckett and Family.

## Representative For General Motors Radio

The new General Motors Radio will be represented in this section by Plymouth Buick Sales Co. at Plymouth, according to announcement just received from the main offices of the General Motors Radio Corp. at Dayton, O.

Mr. Shear will have an active voice in the policies and plans of the General Motors Radio Corp. as a member of a "Nationally Organized Business Bureau," meeting at Dayton with the company's officers and executives. Each month a different group is brought together. Complete reports of the sessions are forwarded to all other dealers.

Quick service, through strategically located major service stations, is a feature of the new General Motors merchandising plan. These stations are so situated that dealers in any part of the United States are able to obtain quick service at all times.

In entering the field of radio, General Motors is extending financing arrangements for time payments on a plan similar to that used in the buying of automobiles; it was announced from Dayton. This is done through the General Motors Acceptance Corporation.

The new General Motors radio is an 8-tube set, comprising four tuned radio frequency stages and employing three screen grid tubes in the radio frequency circuit. Prices range from \$136 to \$270 without tubes. Five models are offered, two of them equipped for electrical reproduction of phonographic records.

An exclusive feature of the set is a "Tone Selector" which permits a phasid of either the bass or treble tones. Ball bearings insure an unusually smooth and easy operation of all controls.

"Radio," said Mr. Shear, "has reached the stage where quality is the essential demand. While the user insists upon getting the best, he is equally insistent upon getting quality of tone with distance. In the new General Motors Radio, particular pains have been taken to combine tonal qualities with selectivity. Through use of the "Tone Selector," the owner may be his own orchestra conductor, emphasizing the full rich bass tones or the high sweet notes, merely by turning a knob."

"Radio," said Mr. Shear, "has reached the stage where quality is the essential demand. ## Today's Reflections

It is now the theory that the man whom the Good Samaritan befriended was the victim of a hit-and-run auto driver.

Woman is a pig in lots of ways, but she hasn't become masculine enough yet to feel more comfortable in old clothes than she does in brand new ones.

The wonder is not that a souvenir hunter would pick up a half-smoked cigar tossed away by Mr. Coolidge, but that Mr. Coolidge would toss away a half-smoked cigar.

New York has under way a campaign to improve the appearance of the ash cans. Next they'll probably start one for beautiful rubbish.

The good old days were those when a Plymouth girl didn't wonder what was the matter with her if a newly-made male acquaintance didn't try to kiss her fifteen minutes after he had met her.

Spanning a canyon a half-mile wide the largest electric cableway in the world transports lumber from a loading point on one side of the mill to the other.

It used to be Plymouth girls could always remember the last man who kissed them, but now they have a hard time remembering which one kissed them last.

ELECTROCHEF

DISPLAYED, INSTALLED, RECOMMENDED

BY

Corbett Electric Co.

ELECTRIC COOKING —as great an improvement as ELECTRIC LIGHTING!

THE day of the kerosene lamp and gas mantle for home lighting has long passed. Electric lighting is now a convenience that no one would be without.

Electric cooking is as great an improvement as electric lighting. A million housewives in the United States are already enjoying its sheer cleanliness, its convenience, its coolness, and the delicious flavor it retains in foods.

ELECTROCHEF, a new and remarkable kitchen stove, meets the modern demand for SPEED — as fast as you want to cook; for ECONOMY — costing but a fraction more, with ordinary care in the control of heat, than cooking with the cheapest fuels.

ELECTROCHEF'S performance is a revelation: It will broil a 1 1/2-inch steak perfectly in 12 minutes; the oven comes up to 400 degrees in less than six minutes.

Cooking with ELECTROCHEF is cool, clean, pleasant.

Its COOLNESS is an advantage every woman appreciates, especially in summer: No longer is a hot, suffocating kitchen necessary. CLEANLINESS is a feature that delights all women: Electric heat is clean as sunlight, and the range itself is as easily cleaned as a piece of china.

It is EASY TO OWN an ELECTROCHEF! \$10 DOWN PAYMENT puts an ELECTROCHEF in your kitchen—installed, ready to cook. This includes all necessary wiring. Balance \$6 per month. Cash price installed, \$105.

ELECTROCHEF'S light, fine-grained cakes and flaky pastries will delight you: An accurate oven-temperature control, from 250 to 600 degrees, makes consistent baking easy. ELECTROCHEF is cooking simplified—ELECTROCHEF is the inevitable cooking method. Snap the switch and start to cook! See this remarkable stove today at any Detroit Edison office.

THE DETROIT EDISON CO.

As clean as sunlight—ELECTRIC HEAT FOR COOKING

ARCHAIC STREETS HECKLE DRIVERS

Many Towns and Villages Have Pavements Designed for Horse.

(By E. E. DUFFY.) Street and road progress has been rapid within the last few years, so rapid that numberless communities are still building pavements that are not at all suited for the heavy influx of automobiles.

Towns and cities the country over are largely equipped with pavements that were designed for the leisurely horse, who reigned when loads and vehicles were light and when bumps and rough spots didn't matter.

Highway authorities are in accord on the thought that every community should modernize street designs and have a rehabilitation program underway with the purposeful replacement of antique highway surfaces by pavements that are both smooth and long wearing.

Aside from the wear and tear that poor pavements inflict on the motorist's car and pocketbook, they also account in a large measure for traffic congestion. Even small towns find that the bulk of the traffic is confined to a few through streets which have been well paved and that countless other streets carry little traffic because of holes, jagged bumpy surfaces.

Spring is in the offing and the havoc of winter is becoming more and more apparent. Chuck holes in inferior street surfaces are as much harbingers of spring as a game of marbles on the corner lot.

Year in and year out the coming of spring means the coming of the street repair gang and the going of taxpayers' money. Most street repairs come out of a community's general funds, and the taxpayer doesn't worry much because he isn't levied directly for this repair. But he foots the bill just the same. If street repairs were paid for by direct levies, taxpayers would insist on better pavements.

Modern traffic demands smooth hard surfaces, and where they are not supplied, pavement upkeep is out of line, and satisfaction is conspicuous by its non-presence. In the words of one prominent city official, "Keep repair gangs off the streets by building the repairs into the pavement when the pavement is laid."

A North Carolina lawyer has invented a photograph printing machine which he says will produce 1,000 prints an hour.

A new kind of plywood, which is said to be as hard as stone, has been patented in Sweden.

Nearly 24,000 bags of cement are being manufactured daily from oyster shells in San Francisco bay.

The largest man-eating animals in the world are the Kodiak bears of Alaska.

Cars Financed in 1929 Four hundred and eleven automobile financing organizations have reported to the Department of Commerce that \$441,620 cars were financed during 1929, with an advance of \$1,589,819,550.

Now that the motoring season has opened a lot of our unemployed ought to find jobs painting detour signs.

Services: Village Hall  
Chas. Strassen, Pastor.  
Regular services at the Village Hall at 10:30. John 16:16-23. "The Comfort Which Christ's Disciples Have." Sunday school at 11:30.

**Christian Science Notes**  
"Everlasting Punishment" was the subject of the Lesson-Sermon in all Christian Science churches on Sunday, May 4.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The Lord redeemeth the soul of his servants; and none of them that trust in him shall be desolate" (Ps. 34:33).  
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The good man finally can overcome his fear of sin. This is sin's necessity,—to destroy itself. Immortal man demonstrates the government of God, good, in which is no power to sin (p. 405)."  
The Lesson-Sermon for May 11—"Adam and Fallen Man."

**BAPTIST NOTES**  
The Ladies' Aid Society meets at the home of Mrs. Estep, Wednesday afternoon, May 14. Every member is urged to be present.

The Young Men's Bible class met Monday evening in Cass Benton Park. The evening was spent in playing ball and after dark they roasted weiners and toasted marshmallows.  
Sunday will be a red letter day in the history of the Plymouth B. Y. P. U. It will mark the beginning of the attendance contest with the young people of Farmington. A very interesting program is being planned, the subject of which is "Mother's Day." Besides the regular topics the special features will include a vocal trio and a piano solo. We are hoping to have at least fifty present. On Tuesday evening, a social will be held in Cass Benton Park, to which all of our young people are invited.

**CATHOLIC NOTES**  
Sunday will be a red letter day for the parish, and for Plymouth, as the Holy Name Rally will be held here at the parish auditorium. It will be our pleasure to be host to the men of River Rouge, Ecorse, Wyandotte, Trenton, Grosse Ile, Lincoln Park, Melvindale, Dearborn, Wayne, Ypsilanti, Northville; and it will be our pleasure to listen to the message of the Hon. Lester S. Moll of the circuit court. A very elaborate program has been prepared, and it is hoped that the men of the parish will all be here next Sunday at 3:00 o'clock sharp, to act as a committee in charge of affairs. The pastor will extend a welcome greeting to the men and priests in attendance. After the program, solemn benediction will be given by the visiting priests. Next Sunday, men, is your day, so begin it with the Holy Name spirit—Holy Communion.

**EPISCOPAL NOTES**  
The annual service for the presentation of the children's lesson offering will be held at St. Paul's Cathedral, Detroit, a week from this coming Sunday, May 18, instead of this Sunday as announced by the church school last week.

It is hoped that a large representation of the children from our church-school will plan to attend this service. We shall meet at the church at 2:15 p. m., Sunday, May 18, in order to arrive at the cathedral in time for the service at 3:30.

**PRESBYTERIAN NOTES.**  
The Busy Women's class held a very successful meeting on Tuesday, at the home of Mr. and Mrs. Oliver H. Louisa. The week-end luncheon was large, the dinner excellent and the program varied and interesting.

The Woman's Auxiliary will meet in the church parlors on Wednesday, May 14th. A committee with Mrs. Dwyer and Mrs. Stever as leaders, will serve refreshments, and the program promises to be of unusual interest. Miss Zephora Blank will give "A Plea for Cuba," while the music will be in charge of Mrs. Maxwell Moon. The meeting is at 2:30 p. m.  
Mrs. E. J. Burrows, Miss Bertha Warner and Mrs. Walter Nichol attended the meeting of Auxiliary officers and workers held in Trumbull Ave. church, Detroit, on Wednesday of this week.  
The Sunday-school is planning for the observance of Children's Day early in June.  
The Board of Trustees is arranging to have the church building painted.

**METHODIST NOTES**  
"As one whom his mother comforteth, so will I comfort you" (Isaiah 66:13).  
"The Christian church may be likened to a loving mother. From cradle to grave the ministrations of the church follow us. Through her teaching we come to the knowledge of God and His guiding word. Her task is the building of character. Her influence constantly goes forth against evil and wrong-doing. In weakness and sorrow she strengthens and comforts us. For the neglected and untaught she builds schools; for the sick, hospitals; for the destitute and forsaken, orphanages and asylums. These are the footprints of the church as she follows her Lord."  
Let us not forget this great mother to whom we owe our spiritual life and well-being. Let us supply her needs at all times generously and lovingly, counting it an honor.

**REAL ESTATE**  
**PALMER & PALMER, Inc.**  
Residence Phone 384  
Plymouth, Mich.

Next Sunday being Mother's Day, let us also remember our physical mothers. A fitting way to honor her would be, if possible, to go to church with her; that not being possible we should visit her or write to her, or in some way indicate to her our love and appreciation of all she has done for us.  
Wednesday, May 14th, the Missionary Societies will meet at the home of Mrs. Fred Lee, at the corner of West Ann Arbor and South Harter streets. Every member should be present as we are to have a group of out-of-town speakers with us. Those invited are: Mrs. Vandersall, our district president; Mrs. Gee, district treasurer, and Mrs. Dickson, district secretary of Detroit; all of the W. F. M. S., Those of the W. H. M. S. are Mrs. Handerson, district treasurer, and Mrs. Deban, district corresponding secretary. This is a splendid group, and we are anticipating a very interesting and profitable meeting. The cooperative luncheon which will be served at 12:30 will be in charge of Mrs. W. J. Stewart and Mrs. Elmer Gray. Mrs. Lendrum will have the devotions, and Mrs. Lombard is providing our program.  
Wednesday evening, 7:15 to 8:00 o'clock, our mid-week prayer and praise service, with a continuation of the most interesting review of the book "Basic Beliefs" by our pastor. All are cordially invited to spend this evening hour with us, and share the spiritual refreshing that carries one through the rest of the week.

**W C T U**  
The Mulligan Luncheon given for the W. C. T. U. Tuesday, May 6, by the president, Mrs. E. C. Vealey, and Mrs. Clara Patterson Todd at the pleasant home of the former, was a great success. Twenty-five ladies were present, a number of whom were from Detroit. The tables were prettily decorated with flowers, and the constant flow of conversation during the luncheon showed that the guests were having a most delightful time. After the luncheon, interesting and encouraging talks were given by Mrs. Ava Downer, district president, and Mrs. Barbee, both of Detroit, and the state treasurer, Mrs. Marie Jones of Dearborn.  
The president, Mrs. Vealey, refused to make a speech, but gave one of the most amusing readings ever heard; it was about "Willie and His Ma," and created much merriment and won hearty applause.  
The Mulligan Luncheon was a most enjoyable affair and will long be remembered by all who attended.

**Picked Up About Town**  
Dad Plymouth says an ideal husband is one who is so attentive to his wife that a stranger would think he was cavorting around with some other fellow's wife.

The truth would spoil many a good story—and on the other hand it would make many a racy one.

According to Dad Plymouth, courage is what a fellow has when he invites somebody home to dinner while his wife is house-cleaning.

What is now called a panic would have been considered good times back about 1833, 1907 and 1920.

The town of Yellville, Kans., has elected all women officials. Dad Plymouth says that having women run it will make the town just like home to the men.

Dad Plymouth asserts that most women are shy about their age. He says they are usually shy about 10 years.

Another good rule to follow is to think twice before you speak—and then talk to yourself.

Some nice thing about a radio sermon," says Dad Plymouth, "is that people don't turn around and stare at you when the preacher denounces your pet sin."

Dad Plymouth declares this would be a far happier world if a man would brag about his wife like he brags about his automobile.

Old Dobbin had his faults, but a few scratches on his outside didn't cause the family to clamor for a new one.

Crocus leaves are rather a nuisance in the lawn at this season, but there is no quicker way of exterminating these little harbingers of spring than to start the lawnmower early, before the leaves have matured.

Asparagus fresh from the garden is greatly superior to the general run of store stock. Sugar is lost very rapidly after cutting and fibers become woody, resulting in a rather tasteless product. With asparagus in the kitchen garden the story is quite different.

The ashes from twigs and general cleanup fires should not be left in piles. Scatter over the lawn where they will be of real benefit.  
Flower seeds should be planted a depth equal to about four times the size of the seed. Sow fairly thick and thin to the desired distance as they grow. There is always a bare spot in the garden waiting for the left-over seedlings.  
Vines growing against a house should be fertilized with bone meal. Scratch in a good amount and water well.  
Send in your sport items to the Mail office.  
We do job printing.

Authorized Kelvinator Dealers

With Ice-O-Thermic Tubes . . . Introducing Amazing New Advantages in Balanced Electric Refrigeration

Kelvinators on display at  
**WM. PETTINGILL'S and GAYDE BROS. STORES**

Kelvinator today presents a new type of electric refrigeration, more trouble-free, more convenient, more economical, and 100% AUTOMATIC IN OPERATION.

There is nothing to regulate—whether you want speedy freezing of ice cubes and desserts or delicate foods kept at their palatable best for hours and days at a time.

A new Kelvinator discovery—Ice-O-Thermic Tubes—gives far faster freezing of ice cubes. Ice is ready in a remarkably short time. Desserts in a correspondingly brief period. Yet food compartments remain always at the same safe temperature—between 40 and 50 degrees.

Each new Kelvinator—and they are priced as low as \$185, f. o. b. Detroit—is of rugged metal construction, porcelain-lined throughout to permit easy cleaning. Massive chromium-plated hardware in dull finish adds both to the attractive appearance and durability of these models. Larger models are equipped with separate cold storage chambers and are electrically lighted.

Learn how easily you may enjoy Kelvinator's many new conveniences immediately under the Kelvinator ReDisCo monthly budget plan.

**KELVINATORS are priced as low as \$185 (F. O. B. Detroit)**

Years Ahead in Modern Refrigeration—

- 1 Iso-Thermic Tubes—Giving new fast freezing of ice cubes and desserts. Fully automatic—no regulation needed.
- 2 Balanced Refrigeration—Separate temperatures for food preservation, cold storage and ice freezing.
- 3 Cold-Keeper—Holds cold over longer periods—thus reducing operating periods of mechanical unit.
- 4 Abundant Ice Supply—Capacities up to 35 pounds of ice at a single freezing. New flexible rubber ice tray.
- 5 New Metal Cabinets, Porcelain-Lined—Will last a lifetime without deterioration. Larger models electrically lighted.
- 6 Generously Powered—Each Super-Automatic Kelvinator shows 100% over-load capacity under test in room with 100 degrees temperature.

## Notice to Taxpayers

The Village Assessment Roll for 1930 is now completed and ready for inspection. Taxpayers are invited to inspect the Assessment Roll at any time during office hours at the office of the Village Assessor in the Village Hall.

## Meeting of Board of Review

The Board of Review for the Village of Plymouth will meet at the Village Hall in the Village of Plymouth, Thursday, Friday and Saturday, May 8, 9 and 10, 1930 for the purpose of reviewing the Assessment Roll for the year 1930. Any taxpayers deeming themselves aggrieved by the assessment will have an opportunity to be heard. Any person dissatisfied with the decision of the Board of Review may appeal to the Commission at the next regular meeting of the Commission after the completion of such review by the Board.

**George W. Richwine,**  
Village Assessor.

## MOTION PICTURE PROGRAMS

### "The Battle of Paris"

GERTRUDE LAWRENCE, after successfully conquering two continents with her singing and funmaking on the stage, now broadens her fan following with an all-talking and singing picture, "The Battle of Paris," the feature attraction at the Pennington Allen Theatre, Friday and Saturday, May 9 and 10.

"The Battle of Paris" will be remembered with fond delight by all members of the A. E. F., whose happy moments spent there will always be cherished.

The story is that of a street waif who becomes an artist's model and falls in love with him, only to have her lover taken away by the war. She stays behind and does her best to add to the gay spirit of "The Battle of Paris" with her carefree singing and dancing. When her lover returns she has yet another battle, that of winning back his love for he is enraptured with a dazzling entertainer in one of the American restaurants.

Many of the popular melodies of the war and a number of new songs are presented by Miss Lawrence in her own singable style, sung as only she can sing them.

### "The Case of Sergt. Grischa"

HERBERT BRENNON, daring adventurer of the films, has tossed precedent to the winds again and delivered another dramatic creation to thrill and startle the world's playgoers.

Brennon's new achievement is Radio Pictures' "The Case of Sergt. Grischa," an almost literal translation into film of Arnold Swig's devastating novel of war. It will be presented for the first time here at the Pennington Allen Theatre, Sunday, Monday and Tuesday, May 11, 12 and 13.

With Chester Morris in the title role, Brennon builds his drama around this central figure of a common man caught in the relentless machinery of war. It is a story which moves swiftly, brings down its points with terrific effect yet never loses the human qualities which must motivate all great drama.

Kritzed closely into the story of Grischa's clash with the war machine is his romance with the girl outlaw leader, Babka, played by Betty Compson. Jean Hersholt plays the radical officer, Posenanski; Alec B. Francis, the kindly general, Von Lychow; Gustav Von Seyffertitz, the iron-handed

commandant of Eastern forces, Schiefenzahn.

Daring innovations in theme, treatment and mechanical technique are introduced by Brennon in the production, upsetting many of the oldest and most substantial prejudices of the screen. It is, viewed from any angle, a drama without single precedent.

### "Puttin' on the Ritz"

ENTERTAINMENT, plus! That sums up "Puttin' on the Ritz," the singing, talking, dancing production from United Artists which will appear at the Pennington Allen Theatre Wednesday and Thursday, May 14 and 15.

Songs by Irving Berlin, and sung by Harry Richman, Broadway musical comedy star and "best seller" on photograph records—a dozen gorgeous dance numbers with two hundred dancers, involved—dazzling scenes in night clubs and Broadway revues—a story sparkling with clever dialogue and played by a cast filled with screen favorites.

That's what United Artists offer in "Puttin' on the Ritz." Richman makes his bow to the screen with this picture and establishes himself not only as a singer, but as an actor of ability and a distinct personality as well.

His performance is the rule of a light-hearted and likeable, yet somewhat conceited, vaudeville star is a particularly deft one, and even without his golden voice in the tuneful Berlin melodies, his presence on the screen is more than justified.

Jean Bennett, in the feminine lead, wins new laurels for herself and adds another sterling performance to the already imposing list of talking pictures in which she has appeared during her brief career on the screen.

The inimitable James Gleason, in a comedy role, demonstrates again just why he is one of Broadway's favorite comedians. With Lilyan Tashman as his running mate, Gleason sparkles in his characterization of a small time trouper.

Allen Pringle and Richard Tucker, Eddie Kane, Percell Pratt and others admit themselves splendidly in important roles.

"Puttin' on the Ritz" was directed by Edward Solomon, who handled expertly the difficult task of combining all the elements of music, dance and song into a human and dramatic story of backstage life. John W. Considine, Jr., wrote the original story on which the picture was based, and William K. Wells is credited with the dialogue.

## AROUND ABOUT US

WAYNE will have a graduation class of 46 this year.

The new state hospital at Ypsilanti, which will be built at a cost of \$7,500,000, will be known as the Ypsilanti State Hospital for Insane, and will accommodate 3,000 patients.

South Lyon lost a life-long resident, Friday, April 25th, when Mrs. May Carpenter passed away at her home at the age of 74 years.

Masons of Howell expect to build a temple in the future, on their lot on

Grand River opposite the Presbyterian church.

A seven-day test of milk production revealed the fact that a four-year-old Holstein cow at the Wayne County Training School produced an average of 101 pounds of milk each day, which is equivalent to 13 gallons.

Many compliments have been received on Farmington's fine water, but none quite so high as that of William Thomas, who had Farmington water shipped to him for six years until his death a couple of weeks ago. Fred L. Cook made the shipments once a month in five-gallon cans to Fremont, Ohio, a distance of 100 miles.

A new bath house, 85x25 feet, which will contain about 650 steel lockers, has been erected at Island Lake. New water slides, flood lights, a water system which will extend over the entire park, and the planting of 1000 trees are some of the improvements.

An ancient press was recently purchased from H. W. Kramlinger of High Point, North Carolina, by Henry Ford, and has been moved to the museum at Greenwich Village. It was the second to be brought to the United States from England.

James Gilbert of Frankfort, is the new owner of the Fowlerville Review.

Commerce township's population has nearly doubled in the last ten years, having a population of 1,773, now as compared with 914 ten years ago.

The main hangar of the new Wayne county airport, Goddard and Middle Belt roads, will be completed May 10, at an estimated cost of \$340,000. It will hold 32 average-sized airplanes.

The field will be ready for use about June 15, but construction work will not be completed until late summer.

Brighton will have a tourist camp, the only one in that vicinity other than the state camp grounds at Island Lake.

1284 is the population of Brighton, as compared with 800 ten years ago.

Genesee County is to have a new six-story stone jail which will cost \$450,000, and be completed in every way and which is declared by contractors to be one of the nation's finest.

According to the Conservation department, 159 people were convicted in Washtenaw County on charges of violating the game laws of Michigan during March. Sentences of 280 days, and fines and costs of \$3,791.12 have been charged.

A Stinson airplane with a Packard-Diesel motor, consumed 54 gallons of fuel oil at a cost of \$4.60 in a six hour hop of 640 miles, made recently.

A New York printer, still a young man, has amassed a fortune of \$20,001,000. He effected this remarkable achievement by carefully attending to a modest and growing job-printing business and by recently falling heir to \$20,000,000.

### PROBATE NOTICE

STATE OF MICHIGAN, County of Wayne, ss.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the nineteenth day of April in the year one thousand nine hundred thirty.

Present, Ervin R. Palmer, Judge of Probate.

In the Matter of the Estate of AUGUSTA MARY MIEHLBECK, deceased.

On reading and filing the petition, duly verified, of Floyd A. Schell, executor under the last will and testament of said deceased praying that he be licensed to sell certain real estate of said deceased for the purpose of paying the debts and expenses of said estate.

It is Ordered, That the nineteenth day of May, next at ten o'clock in the forenoon, at said Court Room be appointed for hearing said petition and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said executor to sell real estate as prayed for in said petition. And it is further ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

ERVIN R. PALMER,  
Theodore J. Brown, Judge of Probate,  
Deputy Probate Registrar.

### MAY 16 IS EDGEWATER PARK'S GRAND OPENING DATE

Despite cold and rainy week-ends, the pre-season opening of Edgewater Park for Saturdays and Sundays, has met with such response that the park has designated May 16th for the grand opening date. This pleasure resort on Seven Mile road between Telegraph and Lahser Roads, near Grand River, has spent more than \$100,000 since last season in installing the newest riding devices and in beautifying the surroundings.

The park will open with a fraternal

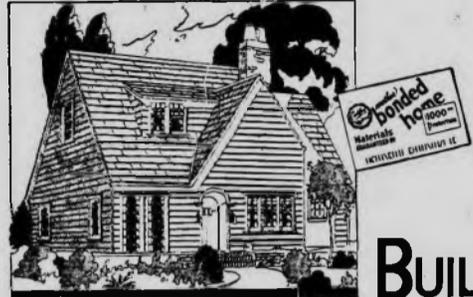

dance, to which the public is invited, and the following night, Jean Goldkette will install his orchestra and take over the open air ballroom for the summer season.

The ballroom overhangs the big lawn, on the River Rouge, and is said to be one of the most beautifully decorated of the open-air ballrooms in the Detroit area.

Beginning May 16th, the park and ballroom will be open each night and Sunday afternoons, there being no admission charge to the park which has provided free parking space for 4,000 automobiles.

### "Invaluable" Say Society Women

MELLO-GLO Face Powder is preferred by beautiful women because it leaves no trace of flakiness, pastiness or irritation. Stays on longer—no shiny noses! Made by a new French process—prevents large pores. Spreads more smoothly—gives a youthful bloom. Very pure. Use MELLO-GLO Face Powder. It's wonderful. Community Pharmacy. "We Serve You Right."

## BUILD YOUR HOME WITH Certified Material

BUILDING with Certified Material costs no more . . . perhaps less . . . yet the wonderful protection it affords will mean hundreds of dollars to you some day—for buildings constructed of Certified Material are easier to sell at a profit . . . easier to obtain loans upon.

For every home . . . every building constructed of Certified Material there is issued a Certificate of Quality so that it can be readily proved that these

—it will save you hundreds of dollars some day!

structures were built of good materials. This Certificate carries weight with bankers who loan—prospective buyers—for it lists, item by item, the building materials used . . . their grades, specie and quality.

Before you build or buy a home you will want to carefully investigate the protection offered by Certified Material. Ask your builder or your architect about the importance of being able to prove hidden structural value . . . then have us estimate the cost of building your home with Certified Material throughout.

## This Sturdy Chevrolet Six 1 1/2 Ton Truck \$520

- 1 Six-cylinder engine—58-horsepower combines remarkable smoothness, flexibility, power and economy.
- 2 Ball bearing steering offers a short turning radius of 23 1/2 feet and assures easy handling in restricted places.
- 3 4-speed transmission gives ample power for every condition of road or load.
- 4 Channel steel frame, 6 inches deep, 1 1/2 inch long, takes over-size bodies without excessive overhang. Chevrolet offers unusually low loading height.
- 5 The rear axle is bigger, stronger and has spiral bevel gears—in easily accessible for inspection or adjustment, due to a detachable cover plate.
- 6 Four long semi-elliptic springs, mounted parallel to the frame, carry peak loads with safety, and provide better load distribution.
- 7 Rear fenders, splash aprons and full-length mud flaps are standard equipment on the Chevrolet truck and are included in the list price.

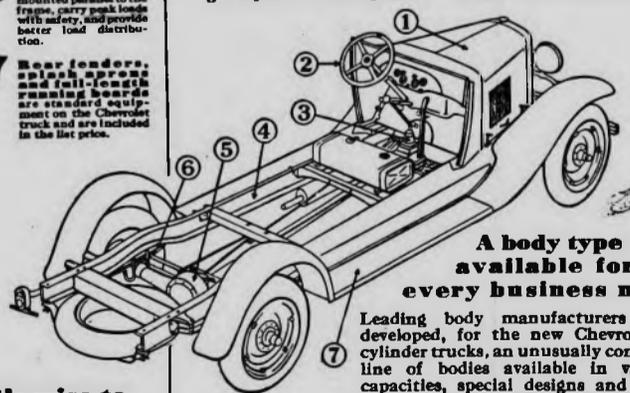

No matter what your business may be, bear in mind when you buy a truck that it's wise to choose a Six!

A six-cylinder engine runs smoothly—saving both the chassis and body from the harmful effects of vibration. It is more flexible in traffic. It requires less gear-shifting. And it maintains high speeds more easily.

The Chevrolet Utility Truck gives you all the superior

ities of six-cylinder performance—for it is powered by a great 58-horsepower six-cylinder valve-in-head engine. And, in addition, it brings you all the advantages of modern design listed at the left.

Come in today and see this sturdy six-cylinder 1 1/2 Ton Truck. You can see for yourself why truck users are finding it's wise to choose a Chevrolet Six!

A body type available for every business need

Leading body manufacturers have developed, for the new Chevrolet 6-cylinder trucks, an unusually complete line of bodies available in various capacities, special designs and types to fit the needs of every business.

It's wise to choose a SIX

- Roadster Delivery . . . \$440 (Pick-up box extra)

—Elbert Hubbard.

## Cooking Classes Serve Meals

The girls of the eleventh and twelfth grades planned and served two spring dinners. This class was divided into two groups. Frances Ingall, Ruth Hetsler, Caroline Cutler and Irene Anderson served a dinner consisting of fruit cocktail and wafers, Swiss steak, mashed potatoes, devilled egg salad, and pineapple delight. It cost twenty-eight cents a person to serve this meal. Helen Beyer, Elva Hill, Marian Tefft and Mildred Towle served a dinner for the other girls, which was made up of baked pork chops, scalloped potatoes, tomato salad, rolls and strawberry shortcake and whipped cream. The cost was twenty-one cents per person.

## School Citizenship

The term "school citizenship" may not mean so much to you, but I will try to explain it as it is one of the most essential qualities any pupil must have in order to be popular among his fellow classmates and teachers.

## Penmanship Awards

So far this year one hundred and five pupils of the Junior and Senior high schools have tried out for Palmer Method Improvement or Final Certificates in penmanship and on the whole a large percentage received them.

## Physics Class Visits Telephone Co.

Tuesday, April 29, being a nice summer day, the senior physics class under the direction of Mr. Dykhouse, visited the local branch of the Michigan Bell Telephone Co. Upon arrival at the office, the class was split into two groups. The first group started in the main control room, while the second went upstairs into the exchange proper.

## Students Will Hold Annual Exhibit

The annual school exhibit will be held May 15 and 16. The art department and the home economics departments will have displays in their own rooms, and the manual training exhibit will be held in the auditorium. The grade displays consisting of good spelling papers, well drawn pictures of animals, and good themes that have been done during the year will be on exhibit in the grade schools in each of the rooms.

## Stunt Night Is Success

Our second annual stunt night is ended, with the freshmen coming out ahead. In the selling of tickets, the freshmen were first, juniors second, sophomores, third, and seniors fourth. In the stunts, sophomores received first, freshmen, second, juniors third, and seniors fourth.

## Commercial Students Place In Contest

The tenth annual district high school shorthand and typewriting contest was held at Wyandotte, Saturday, May 3. Plymouth, entered in four events, was able to win places in two of them—Herbert Saylor winning third place in amateur class typewriting (Class A), and Elizabeth Currie winning fifth place in the novice class.

## Golf Team Looks Good

By winning their match with Northville Thursday night, the high school golf team went into a tie for first place with a record of one win and two losses. Previous to this match, they had defeated Fordson 12-0, and thus the chances of the golf team this year look very good. It has a good chance for the championship of the Suburban League and the trophy that goes with it.

## Supposedly Happy Days

Vacation meant sleep and more sleep. The Friday evening previous school broke up with a hilarious gaily slightly different from the usual prosaic manner. That next Monday sleep until ten o'clock. How wonderful when the alarm went off as usual at 6:30, to start it off with a derisive smile and to snuggle back under the covers. But since every cup of sweetness has to have its bitter drop, those few hours of extra sleep resulted in an extremely stuffy headache, but what mattered that when there was not anything to think about?

## Central School

The children in Miss Weinman's room were very sorry to have Warren Perkins and Clare Corbett move away. There are only twenty-nine in the room now. Laura Ewing is absent with the measles, but they hope to see her back at school soon.

## Many Attended Stunt Night

The second annual stunt night was held in the high school auditorium on May 2, at 8:00 o'clock. The freshmen presented a "Minstrel Show."

## Tennis Team Takes Two, Loses One

Defeating Fordson and Grosse Pointe, and losing to University High School of Ann Arbor, the tennis team looks as if it were going to have a good season. Plymouth defeated Fordson by a score of 6-0; Grosse Pointe by 6-0; and lost to University High, 3-2. The results by matches:

## Track Team Loses To Ypsi

Plymouth's track team traveled over to Ypsi last Saturday with high hopes of winning the last dual meet of the season from Ypsi Central. But the breakers were against them and they lost by the close score of 64 to 58.

**Tires**  
by **FISK**  
**NEW** In Principle  
In Performance  
In Price

Fisk's New Air-Flight Principle Tires are now in our salesroom. This line of tires, which has revolutionized the industry, will change for all time your conception of Riding Comfort.

New in Principle, they offer you the swift freedom of airplane flight—the smooth, frictionless sensation of Riding on Air. Their All-Cord construction and flexible air chamber puts "wings on your car" and lets you ride the highways as you ride "the air"—always smoothly forward, with a buoyance that banishes for all time, the sudden jolting which you now receive from even the best of all other tires.

Here are the 7 Points of SUPERIORITY that the AIR-FLIGHT Principle Tires by FISK alone can offer you.

- 1 Larger Air Chamber
- 2 All-Cord Process
- 3 Multiple Cable Bead
- 4 Increased Flex Area
- 5 Sream Line Tread
- 6 Greater Road Contact
- 7 Air-Flight Balance

**THE FISK GUARANTEE**  
Fisk Tires carry a guarantee for service which is unlimited as to time and mileage. Should you as a purchaser fail to receive the mileage from a Fisk Tire that you should reasonably expect, we will replace or repair it, charging only for the proportionate mileage it has delivered.

**Fluelling's Service Station**

### 63 Plymouthites Visit Florida During Winter

Plymouth had its largest representation of residents passing the winter months in the Sunshine City, registration records at the St. Petersburg, Florida, Chamber of Commerce show, with 63 names being written upon the books during that time of the year when ice and snow covers the north-land.

Railroad, City and Chamber of Commerce officials estimate that 245,000 tourists visited here during the season now coming to a close with the advent of summer-like weather in the north. Sixty percent of the tourists came here by automobile; thirty-six percent by rail, and the remainder by air and water. A total of 48,563 registered their names and addresses with the Chamber of Commerce information bureau.

During their stay in St. Petersburg, the sojourners devoted their time to bathing, hunting, fishing, to the playing of tourist games such as shuffle board, tennis, golf, rowing, lawn bowling, trap shooting, archery, horseshoe riding, bridge, 500, chess, checkers, dominoes and quads.

Most of the Plymouth tourists who visited here during the winter have returned home, but not before most of them have made reservations and other arrangements for their return here in the fall. In many instances, the visitors are planning to bring their children in the autumn to attend private and public open air schools in the Sunshine City.

Included among the Plymouth winter visitors here during the season, were: Misses Zella and Marvel Boyd, 730 South Harvey St.; W. T. Conner, Mr. and Mrs. William Cranson, Plymouth road; Mrs. F. A. Dibble, 905 Penniman Ave.; Mr. and Mrs. Frank Diederick, Alvin Diederick, R. F. D. 3; Mr. and Mrs. August Drumm, West Ann Arbor St.; Mrs. Louise Springton, 775 Kellogg St.; Mr. and Mrs. C. L. Finlan, 197 Arthur St.; Miss Myrtle C. Fisher, R. F. D. 3.

Mrs. A. Hayball, 207 Arthur St.; Mr. and Mrs. William F. Hayball, 1000 Williams St.; Mr. and Mrs. Archie Herick, 325 Arthur St.; Mrs. C. Hirschlieb, Gerald Ingall, 1090 Williams St.; Mr. and Mrs. John G. Lang, 503 South Main St.; Mr. and Mrs. Frank R. Loomis; Mr. and Mrs. R. O. Mimmack, 974 Penniman Ave.; Mr. and Mrs. LeRoy P. Naylor, 278 Blunk Ave.; Mr. and Mrs. W. D. Parmenter, 801 Starkweather Ave.; Mr. and Mrs. Preston Parrshall, 1388 Ann Arbor St.

Mr. and Mrs. George H. Robinson, Russell G. Robinson, 619 Maple Ave.; Mrs. Colin Schaefer, R. F. D. 4; Mr. and Mrs. George Schmidt, Marvin and Donald Schmidt, Dorothy Schmidt, R. F. D. 2; Miss Helen Schmidt, R. F. D. 2; Mrs. F. Schroder, C. W. and J. H. Schroder, 533 Starkweather Ave.; Mr. and Mrs. H. S. Shattuck, 968 Penniman Ave.; Mr. and Mrs. W. C. Schoof, 157 South Mill St.

Mrs. Mary T. Shearer, West Ann Arbor St.; Mr. and Mrs. A. J. Smith, 143 North Main St.; Albert Stevens, 301 Adams St.; Mr. and Mrs. Frank Westfall, 783 South Main St.; P. B. Whitebeck, R. F. ## CLOTHES CLOSETS NEED THOUGHT

Clothes closets are vital for the happiness of the home manager. Their importance often is forgotten in the rush of home building. Their necessity is quite apparent when the new owners move in.

Every concrete block we sell is carefully selected for perfection in every detail. We endeavor to serve the builder in every way. We manufacture only the best.

# Municipal Notes

BY THE MANAGER

The annual report of the Village of Plymouth, outlining the departmental activities and financial phases of our village administration for the year 1929, is now off the press and is available to taxpayers and interested citizens, without cost, at the village offices. Be sure to call for your copy. Distribution of calcium chloride for dust laying purposes upon our gravel streets, has commenced for the current season. A partial supply left over from last year has been applied, and a new supply has been ordered for

delivery within a few days. It is expected that the close of the coming week will find all gravel streets in the village treated.

The Commission at its regular meeting held last Monday evening, authorized the purchase of a power driven lawn mower for use in the cemetery and village parks. For the volume of lawn to be covered a power mower will, in the long run, prove much more economical than the use of hand mowers.

## GRANGE NOTES

At the last meeting of Plymouth Grange, Miss Emma DuBord, Wayne County Home Demonstration Agent and Ralph Carr, County Agricultural agent, were on the program. Miss DuBord had an exhibition of several new pieces of approved small equipment for the kitchen, which created much interest. Miss Youngs was present and explained the plans of the Michigan Music association.

The next meeting which will be June 5, will be children's night, when the children will furnish the program. Mr. and Mrs. James Gates, Mr. and Mrs. J. M. Swagles, Mr. and Mrs. S. W. Spicer and Mrs. Louise Hutton attended a tri-county Pomona Grange rally at Raisinville Grange Hall, Tuesday.

Through the efforts of the Michigan State Grange lecturer, Mrs. Dora Stockman, one of the Michigan State College degree teams consisting of 22 young people were excused from classes for the day to come down to Monroe county to present the fifth degree, which they did in a very impressive manner. Following this work, Mrs. Stockman gave a very interesting talk on legislation and a brief history of the M. C. C. Grange, since its organization three years ago. At the close of the afternoon session, Miss Betty Spicer, being a member of the M. S. C. team, brought the twenty-one other members to her home for a dinner party, after which they all left for East Lansing.

## HONOR MEMORY OF FORMER CITIZEN

(Continued from page One)

was trustworthy, dependable and honest, and if there were more men in all walks of life like A. D. Whipple things in this world would be vastly different.

Mr. Alexander also pointed out the simplicity of character of Mr. Whipple and his optimism, and asserted that it is the qualities of character such as Mr. Whipple possessed which gave the public faith in the banks. The speaker also referred to the reverence of Mr. Whipple for others, and added that this reverence is a distinguishing mark of religion.

"Anyone who has this reverence for others will have respect for himself," Mr. Alexander said. "If you leave reverence for others out of religion, religion doesn't amount to anything." Postmaster O. L. Sprague presided at the occasion and extended to Mr. Stafford his personal appreciation of the gift. Afterwards many who had attended the presentation, extended their thanks to Mr. Stafford.

The portrait bears the following inscription on a brass plate: "Portrait of Asa D. Whipple presented to the City of Owosso in memory of a noble citizen."

## Today's Reflections.

Our idea of a real wife is the Plymouth woman who told the census taker that her husband is the head of the house.

It's funny nature couldn't have been as wise as the motor car manufacturer and provided spare parts for the human machine, too.

They used to judge a town's population by the number of filling stations, but now they go by the number of beauty shops.

The early bird doesn't always get the worm these days. Sometimes an early Plymouth fisherman beats the bird to it.

The right skirt length is half-way between where a man wants his own wife to wear 'em and where he wants other women to wear 'em.

It's a modern baby if it first learns to say "radio" and "car" and later on learns to say "Mamma" and "Papa."

Eve is the only woman who could believe her man when he told her that she was the only girl in the world for him.

Another thing Job didn't have to do was to get a clinker out of a base-burner with a straight poker.

A veteran married man is any Plymouth married man who can fry a couple of eggs without getting some of the shell mixed in.

Since there are as many undertakers in the country as ever we take it that the "Stop, Look and Listen" signs don't mean anything to a lot of people.

A married man thinks a girl's nose gets powdered when it doesn't need it as often as he gets called down when he doesn't need it.

We don't know how you feel about it, but we'd rather be an ordinary dub in Plymouth than a gangster in a \$6000 coffin in Chicago.

A scientist says only a portion of the brain is used by the average person. Some auto drivers seem to get along with less than that.

Still another trouble is that too many Plymouth motorists believe that the right-of-way belongs to the one who gets there first.

## SPIRITUALIST MEETING

Rev. Jarvis HINY will hold a spiritualist meeting at John Rattenbury's, May 15th, afternoon and evening. 1c
