

DR. LENDRUM RETURNS TO LOCAL PASTORATE

LOCAL METHODIST PASTOR RETAINED IN PLYMOUTH FOR SIXTH YEAR.

The seventy-fifth annual conference of the Methodist church which has been in session at Flint for the past week has returned Dr. F. A. Lendrum to the pastorate of the First Methodist church of Plymouth for his sixth year. Under Dr. Lendrum's pastorate the local church has flourished in every department, and his return here for another year is very gratifying to the members of the church and congregation. Dr. Lendrum and his estimable wife have made a large place for themselves not only in the church which he serves but the social life of

Surprised The Doctor

The Ambassador Bridge Club had a most enjoyable affair Thursday, when its members entertained their luncheon with a delicious 0.30 dinner, the dining room being the beautiful Riverside Park, with fall flowers on the tables and sentiment the keynote.

Mrs. W. G. Jennings, pleading a headache, asked her husband to take her home early, knowing the others were to follow and make merry with them on their 25th anniversary. Dr. Jennings was, of course, surprised, and provided roses, bonbons and cigars.

Six tables of five hundred were in evidence, and first honors were taken by Mrs. I. N. Lums and J. H. Stevens, second honors by Mrs. R. O. Charney and Wm. Kaiser, while Robert Mimmack and Mrs. W. R. Freyman were closed.

Mrs. Willard Geer on behalf of the club, presented the host and hostess with a gay desk lamp to light their path on many more anniversaries such as September 18, 1930.

WOMAN'S CLUB WILL HOLD FIRST MEETING

The Woman's Club will hold its first meeting of the year Friday, October 3rd, at the Hotel Mayflower. A luncheon will be served at 1:15 o'clock in the coffee shop. At 2:15 o'clock the ladies will adjourn to the crystal dining room where an interesting program will be given. Mrs. James Edwin Hancock, president of the Detroit Federation of Women's Clubs, will be the speaker. Mrs. Roger Vaughn and Mrs. C. E. Walbridge will furnish the music.

This is to be an open meeting, and Mrs. Charles Rathbun, the new president, is desirous of a large attendance.

COUNTY SALARY RAISES DENIED

SUPERVISORS APPROVE BUDGET AND HEAR PLEA FOR PARK ON GROSSE ILE.

Hopes which any Wayne county employees might have had for salary increases faded Monday.

The ways and means committee of the Wayne county board of supervisors endorsed the position of the board of auditors that there should be no salary increases or new positions approved during 1931, and then approved the county budget so far as salary and personnel is concerned.

There is an increasing need for a park on Grosse Ile, and the natural advantages offered there are of sufficient importance to warrant consideration of proposals for the purchase of land there, the board of county park trustees reported to the supervisors. The report was referred to the ways and means committee.

Jennie Beattie was reappointed a member of the administration board of the Wayne County Training school at Northville through adoption of a resolution by the supervisors. The resolution, offered by Supervisor W. P. Bradley, provides for a four-year term starting December 1.

Draws 10-Day Term

Hamilton Carling, 32 years old, of Plymouth, was sentenced to serve 10 days in the house of correction by Judge John J. Mather in traffic court last week Thursday on a charge of reckless driving.

Witnesses to an accident in which Carling's car was involved at Selden and Fourth avenues Wednesday testified that he was driving more than 40 miles an hour immediately prior to the mishap.

Carling's machine collided with another driven by Ben Sampson, 3741 Highland avenue. Miss Winifred Marsh, 621 West Alexandria avenue, who was riding with Carling, and William Heesclberger, 920 Townsend avenue, a passenger in Sampson's car, suffered minor injuries.—Detroit Free Press.

Assist With Services

An exceptionally fine group of young musicians assisted with the services at the First Presbyterian Church, Plymouth, last Sunday morning. Mrs. Emma Cook-Arrow Smith, well known to the Presbyterian congregation, is leader of the "Songsters," this Detroit double quartette of well-trained voices. The numbers sung were:

Hark, Hark, My Soul _____ Schellay
Double Quartette
Thou Lamb of God _____ Berwald
Duet by Carroll Connor, Collaout
—soprano, Bernard Blanke, baritone
—tenor, The Moon Breaks
—bass, The _____ Schellay

The personnel of the quartette is as follows: Emma Cook-Arrow Smith, director and manager; Carol Connor, Collaout, second soprano; Alice Molsene, first alto; Gladys Owen, second alto; Carl Tinsman, first tenor; Richard Yates, second tenor; Bernard Blanke, baritone; Harry Burdick, bass.

This group broadcasts over station WMBE every Sunday at 1:30 p. m.

Another Tillson met with a painful accident Monday, at the Wayne County Airport, while driving a tractor for the county. In catching his jacket in one of the wheels, he was thrown from the tractor and suffered a broken ankle and collar bone, and a badly bruised hip. He was taken to Harper hospital.

The Junior Bridge Club met with Miss Regina Polley, Thursday evening.

HOUSING SURVEY IS PROGRESSING

Kiwanians Hear E. E. Ferguson

Chairman Robert O. Mimmack introduced E. E. Ferguson of the United States Chamber of Commerce at the Kiwanis luncheon at the Mayflower, last Tuesday. Mr. Ferguson gave a very able address on "Business Conditions" which was closely followed by all present. He said the time had come for concerted thought on the situation so that concerted action might be taken to bring about a constructive solution to relieve conditions. Nothing would be gained by shutting our eyes to the fact that conditions universally are far from good and he read extracts from several letters received recently by his country from different sections of the country giving the situation in their homes.

Reference was made to an article published in the September American Magazine entitled "When do we come out of it?" Mr. Ferguson did not agree with some of the statements in this article but recommended that it be read. He said we could help if we had some work around our homes that we could arrange to do in the spring. If we could arrange to have it done now without spending ourselves. Also if we wanted something that could be bought or done but could pay for it conveniently to do so, as everything done to make more work and sell more goods would contribute toward a quickening of business.

He spoke of the modern tendency to pay more attention to the furnishing of the home and the demand thus created for things that at one time were considered luxuries. He said that this started immediately after the enactment of a certain piece of legislation in 1917. This demand had a great deal to do with the expansion of factories to produce these articles, and when this demand was lessened, adverse conditions it brought about a great deal of unemployment.

Club Celebrates 2nd Anniversary

A happy group of women gathered in the crystal dining room of the Hotel Mayflower, Tuesday evening, to celebrate the second birthday anniversary of the Business and Professional Women's Club. Guests were present from Wayne, Rochester, Ann Arbor and Plymouth. Miss Jones is a successful farmer and has brought her ancestral acres to a point where they are on a satisfactory paying basis through the dairy and poultry business. Previous to taking up her present work she has traveled quite extensively and talked in a very interesting manner of her various experiences in foreign lands and especially her impressions during the great earthquake in Japan several years ago, which she and a number of friends witnessed, as they were in Tokyo at the time.

Miss Ellen McMurtry, president of the Wayne Club, spoke briefly on the organization of the Wayne Club and also extended an invitation to Plymouth to attend a community fair to be held in Wayne, October 10 to 13, with an special request to inquire for The Country Store, which will be conducted by the Wayne Club.

Miss Boyce of Rochester told of the new club rooms that are being fitted up by the Rochester Club, an organization of about the same size and age as the Plymouth Club, something to think about.

Norma Cassidy and Irene Brown in costume and in song, demonstrated how "It Happened in Monterey" and a quartette of club members rendered "Lassie O'Mine," by Wall, thereby establishing a reputation which will bring them constant engagements to sing at club meetings.

The musical program was in charge of Czarina Penny, who is chairman of the music committee. Through her organization and cooperation of the musical talent in the club, we are promised much pleasure through the coming year and at least one entirely musical program.

Former Plymouth Lady Dies

Gertrude Mary Smith was born July 27, 1891, at Manistee, Michigan, the daughter of Frazer and Grace Alexander Smith. They moved to Plymouth when she was four years old, and the greater part of her life has been spent in this vicinity, and was a member of the graduating class of Plymouth High School of 1910. She was united in marriage to Edwin Lee Hutchins of Redford, Michigan in 1911, he passing away in 1917. To this union one son, Charles Frazer Hutchins, was born June 30, 1913.

She was a person of good sterling character, and a devoted daughter and faithful mother; a charter member of Plymouth Temple No. 84, Pythian Sisters, and a member of Plymouth Hive No. 156, Ladies of the Maccabees, for eighteen years, also a member of the Waterford Club.

On February 15, 1930, she was united in marriage to B. Oliver Fratcher, with her first husband, Schradler, she resided at the time of her death, Friday, September 19, 1930.

She is survived by her husband, father and son, and many distant relatives, and a host of friends.

Funeral services, conducted by Rev. Walter Nichol of the Presbyterian church, were held from Schradler Bros. Funeral Home, Monday, September 22nd, and interment was in Union cemetery, Livonia.

CLEAR UNDERSTANDING OF PURPOSE NECESSARY; SURVEY SHOULD BE KEPT UP TO DATE.

The Chamber of Commerce Housing Survey announced in last week's issue, is progressing in a satisfactory way, but to avoid misunderstanding on the part of realtors, property owners and the general public, a few points should be made clear.

C. of C. a Non-Profit Seeking Organization.

The board of directors of our chamber of commerce want it distinctly understood that the chamber is not entering the real estate business. The very purpose of the organization and its by-laws would prohibit that activity, and furthermore, the paid staff of the organization would not have time to repeatedly consider around town in search of places to live. It is a legitimate activity of our local realtors.

The chamber of commerce housing survey is nothing more or less than an attempt to arrive at the facts in the case. As mentioned in last week's Mail, many take the viewpoint that there is a decided shortage of vacant and desirable places to live. Others are of the opinion that there are plenty of desirable homes vacant. Obviously, as long as this difference of opinion exists, our chamber of commerce is placed at a decided disadvantage in trying to cooperate in an intelligent way with outsiders seeking places to live in Plymouth. This is especially true when the chamber of commerce is dealing with a group of families, such as is now the case with Detroit House of Correction employees.

This same condition would present itself in case an industry should locate in Plymouth and want to bring along all or part of their old employees and families. It is so important as to be almost essential, therefore, that accurate information pertaining to housing facilities be on record at all times at some central location, and our chamber of commerce organized to benefit the community at large is the logical place and organization to handle this work.

There is another point regarding the chamber of commerce feels the need of proper understanding and confidence on the part of the public. We need not anticipate an immediate demand, a sudden rush for places to live in Plymouth as a result of this housing survey. It should be plain to the most skeptical that a community cannot absorb a large number of newcomers overnight at least with the greatest possible degree of satisfaction to all parties concerned. We must be prepared in advance, and this housing survey, if done properly will require considerable time.

There are two distinct steps in compiling this information, and they both take time. The first is the job now well under way of listing all vacant property. The survey, if it is to be effective, does not stop here.

People coming out from a large city such as Detroit, are apt to be exacting in their requirements because they have become accustomed to modern conveniences and up-to-date home and apartment construction. Our chamber of commerce, therefore, suggests that property owners cooperate with members of the survey committee in determining what steps are necessary, if any, to put every vacant property in Plymouth in shape to appeal to prospective renters or buyers.

A few inquiries have been received at the Chamber of Commerce office from people living in their own homes and desiring to sell. This information might be valuable later, but the immediate concern is confined to vacant property, although as pointed out in last week's article on this subject, people with vacant properties wishing to either rent or sell can list their requirements. The survey committee wants their list as complete as possible and if you know of a vacant and desirable home or apartment not already listed, please call or drop in at the chamber of commerce office with your information.

Saturday Reception Honors Newlyweds

Following the marriage of Clemens E. Huff and Mary E. Harris on September 13th, invitations were sent to nearly one hundred friends for a reception to be held at the home of Mr. and Mrs. Frank Huff of Normal Ave., Ypsilanti. The reception was held on Saturday evening, September 20. Mrs. Frank Huff of Salina, greeted the friends at the door, and they were received by the host and hostess and their son and his bride. The home was artistically decorated with portulaca and bouquets of autumn flowers featuring rose-ink asters and snapdragons.

An informal program proved to be very entertaining. Miss Jean Strong of Plymouth, delighted her audience with a piano solo, and also accompanied Miss Kathryn Pennell, who sang "I Love You Truly" and "My Garden of Dreams." By request, Mrs. Huff read a poem, "I Love You, Dear," which Mr. Huff sent to her in a letter nearly thirty years ago. Rev. Shaw of Ypsilanti, gave a very interesting talk with humorous stories interspersed with sage bits of advice for the newly married couple. Mrs. Littenfeld of Ypsilanti, gave two very delightful vocal solos. Ray L. Pennell of Salem, read "The Usurper," by Eugene Field.

Little hand painted cards which had been cut in two in various ingenious shapes, were passed to the guests, and by matching these, partners were secured for a march through the room. This proved to be a good "mixer" and was appreciated by the guests, many of whom were not acquainted, as they came from Plymouth, Salem, Jackson, Adrian, Manitou Beach, as well as from Ypsilanti.

The hostess then served pink and white cakes and fruit cake and orange punch. The spirit of the entire evening was one of informality and friendliness, and was greatly enjoyed.

PLANE SERVICE FOR HUNTERS

A special hunters' airplane service will be available to Southern Michigan hunters who wish to extend their stays in northern camps by two days.

Regular scheduled trips to the hunting districts is planned this fall and winter by National Airways, of Plymouth.

By sharing the cost, a hunting party of three or four men can make the trip by airplane at the expense of a similar motor trip, according to the Plymouth company's prospects.

NATIONAL AFFAIRS COMMITTEE FORMED

REFERENDUM ON COMMODITY EXCHANGE TRADING BEFORE LOCAL CHAMBER.

When John N. Van Der Vries, district manager of the United States Chamber of Commerce, with offices in Chicago, addressed a group of local chamber of commerce members some weeks ago, he stressed the importance of local chambers keeping posted on matters of national interest which at some point or other have a bearing on all businesses. He recommended that the local chamber form a National Affairs Committee, and urged that the local chamber register a vote with the United States Chamber on the referendum occasionally submitted.

This referendum method of voting submitted by the United States Chamber to member organizations is the only way they have of arriving at a nation wide cross section of business sentiment on current issues and matters of business legislation. The present referendum No. 56 up for a vote is on the report of the special committee on Commodity Exchanges. The subject of this referendum is of very timely interest. There is great interest in agricultural matters at the present time, and there has also been much interest during the past few years in the activities and methods of both the stock and the grain markets. Both of these facts should assist materially in getting out a vote on the present referendum.

The United States Chamber in submitting a referendum takes an important viewpoint. Their board of directors in authorizing submission of a report to referendum neither approves or disapproves the subject. It is only to inform the members as fully as practicable on the subject submitted to referendum, a carefully selected committee is appointed to analyze each question and report its conclusions. The purpose of the referendum is to ascertain the opinion of the commercial organizations of the country, not to secure the approval of the recommendations voiced in the report. Only the vote of the member organizations can commit the Chamber of Commerce of the United States for or against any of the recommendations submitted by the committee, and such vote is taken the report rests solely upon the authority of those who have signed it.

The following local men have consented to serve on the National Affairs Committee of the Plymouth Chamber of Commerce: E. C. Hough, chairman and national councillor, A. C. Dunn, John Bayton, C. A. Fisher, John Hunt, Fred Schuber, Sam Spiker, Fred Hodges, Paul Nutting, George Smith and William Pettigall. Their names will be placed on the mailing lists of the United States Chamber in Washington to be kept posted periodically as to the status of business legislation. Twenty-five copies of the present referendum have been furnished members of this committee and other business men. This will enable Secretary Moore to report a representative vote to the United States Chamber.

Blunk Brothers Remodeling Store

OLD FINITRES WILL BE REPLACED WITH MODERN EQUIPMENT; BIG SALE STARTS SATURDAY.

Blunk Bros. have taken a half page ad in today's Mail to announce a remodeling sale which starts Saturday, September 27th, and ends Thursday, October 2nd. This sale is being made at this time on account of the remodeling of the entire first floor. All the old fixtures will be taken out and replaced with the very latest Grand Rapids store equipment, which will make the Blunk Bros. store equal to any city store.

The boys' suit department is going to be closed out, and they are offering some real bargains in boys' clothing. They are also closing out their line of shoes and rubbers. Other departments in the store will be changed around and when all is completed it will make a splendid improvement.

M. R. Keyworth Addresses Rotary

M. R. Keyworth, superintendent of schools for the city of Hamtramck, Michigan, was the speaker at the meeting of the Rotary Club of Plymouth Friday of last week. The program was in charge of the committee on community service, with Dr. B. E. Champe chairman.

The speaker outlined the growth of the democratic spirit in government, and in life generally. He gave a fine thoughtful presentation of the principles on which a real democracy is based, and instanced ways in which these principles are endangered and often evaded in our modern society. "We value a democracy only to the extent that we see our obligations and meet our responsibilities," said Mr. Keyworth.

In recognition of Constitution Week the attention of the meeting was directed to this great instrument of government. The constitution gives to each of us the opportunity to play his part as he should; after that it rests with the individual. "All there is to community service is for each to do his part voluntarily, and not to dodge his responsibility."

LARGE ATTENDANCE AT C. OF C. DINNER

Kiwanis Sends Band To Jackson

The Plymouth High School Band left Plymouth Wednesday morning in a specially chartered bus furnished by the Kiwanis Club. They were on the program to furnish music the first day of the District Kiwanis Convention held in that city on September 24th and 25th. The high school band was sponsored by the local Kiwanis Club, and their appearance on the program was not only a boost for the local club but a great advertisement for the Village of Plymouth as well.

Lt. Gov. Robert J. Joliffe, Pres. P. A. Lendrum, Trustee Luther Peck, Dr. F. B. Hoyer, S. E. Wall, Stewart Judge, Paul J. Nutting, Roy E. Crowe, John M. Larkins, E. O. Hinton, Henry Ray, John B. Huber, Dr. Carl Johnson and Robert Mimmack of the local club attended the convention. A number of those attending took their wives, as a fine program was provided for the ladies.

Youths Sentenced For Many Thefts

Three youths received sentences by Judge George W. Sample last Saturday afternoon in circuit court at Ann Arbor for a series of robberies of farm houses, all stations, resort cottages and business places.

Lawrence Cluckey, 18, of South Lyon, who confessed to the long series of robberies, was given a sentence of four to fifteen years in the Michigan Reformatory at Ionia, with the recommendation of the minimum time, and was assessed \$25 costs.

August McKay, 17, South Lyon, who admitted participation in several of the robberies confessed to by Cluckey, was given from one to fifteen years in the Michigan Reformatory at Ionia, with the recommendation of a year, and assessed costs of \$25.

Arthur Maine, 19, Salem township, who confessed to accompanying Cluckey and McKay on one of the robberies, was placed on five years probation and ordered to pay costs of \$50.

The arrest of the three has cleared up a large number of robberies that has occurred in the vicinity of Ann Arbor during the past three months.

Local Boys Develop New Midget Radio

Two Plymouth young men, Fraser Carmichael and Robert Tefti have developed a medium priced midget radio that bids fair to become one of the most popular radios of its class on the market. It will retail for \$59.50 with tubes and speaker and without a doubt is one of the best toned radios on the market. The M. N. J. Radio Co. of Ypsilanti, will manufacture the new radio and production is already under way. The firm already has a tentative order for 1000 radios with releases to come every month. The Mail wishes the new firm an abundance of success in their new venture.

Ladies Auxiliary Meet Next Monday

The Ladies Auxiliary of the American Legion has started its active season of work, and the first meeting was held with Mrs. Harold Joliffe as hostess. The goodly number in attendance and the sincere interest shown in the undertakings of this Auxiliary is indeed gratifying to the President, Mrs. Miriam E. Reals, Gold Star mother, and her corps of officers. After the business had been disposed of, a social hour was enjoyed.

A special meeting of the Auxiliary is called for next Monday evening, Sept. 29, for the purpose of election of officers, and each member is especially urged to be present and bring with her an eligible guest. This meeting will be held at the home of Mrs. John Straub, 713 Ann street.

Death of Fred Ash

Fred W. Ash, aged 52 years, died at St. Joseph's hospital, Ann Arbor, Wednesday afternoon, as the result of injuries received in an automobile accident several weeks ago on the Plymouth road. Mr. Ash was employed at the Daisy Mfg. Co., and resided at 455 Mill street.

Funeral services will be held from St. Peter's Evangelical Lutheran church Saturday afternoon at 3:00 o'clock, with interment in Riverside cemetery.

James Johnson, Jr., son of Mr. and Mrs. J. L. Johnson, was taken to Dr. Cowley's private hospital, Ann Arbor, Wednesday. He has been seriously ill, but at this writing is a little better.

GUESTS AND LOCAL PEOPLE ABOUT EQUAL IN NUMBER.

About one hundred and twenty people attended the dinner given by our chamber of commerce last Monday evening, September 22nd, in honor of Detroit House of Correction employees. Between sixty and seventy, headed by J. P. O'Hara, president of the Board of Commissioners of the Detroit House of Correction; Walter Toppel, vice-president of the Fort Shelby Garage, and another member of the Board of Commissioners, and Captain Donaldson, head of the institution, made up the visiting delegation.

Secretary Moore in his opening remarks stated that the whole affair had been planned along the lines of an informal, friendly get-together, and that to follow out this idea the program would be very brief, long elaborate speeches being decidedly out of order. He asked the visitors from Detroit to carry away a picture of Plymouth as a happy, progressive community with fine schools, and churches under excellent leadership; fine homes and parks, a place free from traffic congestion and convenient to the future location of the House of Correction Farm, and a place where men and women can take an active part in church work, lodge work, and civic activities without being lost sight of among 1,000,000 souls.

Mr. Moore, after introducing Mr. O'Hara, Mr. Toppel and Captain Donaldson, called on Arthur Blunk, president of the Plymouth Chamber of Commerce, for a few words of welcome. In greeting the visitors, Art pointed out that the same fine work some would always be awaiting them in Plymouth. After telling them something about Plymouth, Art concluded his remarks by making a few local introductions.

Mr. O'Hara, replying in behalf of the Detroit House of Correction, gave a fine instructive talk. He stressed the fact that while other institutions had copied their program to a certain extent, the Detroit House of Correction stood out as unique in character throughout the United States. He stated that the progressive attitude of past and present Boards of Commissioners had made this new building program and high type institution possible.

Mr. O'Hara pointed out that many people in thinking of a prison have a wrong impression of the employes. They feel that they must be "hard bodied" to hold their jobs. He illustrated how incorrect this impression is by stating that high caliber employes are necessary in order to properly train prisoners so that they can be decent, self-respecting citizens when discharged back to society. He paid Detroit House of Correction employes a fine compliment by asserting that Plymouth was fortunate in being in a position to acquire such high class citizens.

He concluded his remarks by stating that the board of Commissioners and employes of the Detroit House of Correction were decidedly pleased by the spontaneous reception given them by the membership of the Plymouth Chamber of Commerce. He also praised Plymouth as a fine progressive community.

In dismissing the meeting, Secretary Moore said that it could be all summed up in his own words, "We have enjoyed having you, we hope that you enjoyed yourselves, and we want you to make your future home in Plymouth."

ODD JOBS WILL HELP RELIEVE UNEMPLOYED

COUPON ENABLES CITIZENS TO HIRE DESERVING PERSONS IN PRESENT WIDE SPREAD CRISIS.

Unemployment is still with us. The long promised and predicted relief has not come, and while we have every reason to believe that it will come soon, it is important that, in the meantime, some steps be taken to remedy the situation in this vicinity by cooperating with the Mail and the Salvation Army in their campaign to place such work at the disposal of needy men and women who have families to support.

There are many of such persons around us who have tried in every way to find some kind of employment to care for themselves and families during this crisis, who have failed to find work.

If you are contemplating making any kind of improvements, now is a most opportune time to do it and thus give someone a job.

The coupon below is for the convenience of those who are able to employ one or more persons for an hour, a week, or what ever period is necessary. Fill out according to directions and mail it in, and it will immediately call forth a willing worker to perform the task it mentions.

ONTARIO PUTS ITS THUMB UPON MOTOR ACCIDENTS

At the beginning of September, the Province of Ontario put into effect an act which should give pause to careless motoring by those unable to pay up promptly for all damages caused by reckless acts upon the highways. "It is the intention," declares the act, "to secure the financial responsibility of motor vehicle owners and drivers for any injury caused by operation of any motor vehicle for which they may be legally liable."

Since automobiles began to crowd the highways and accidents became frequent, various proposals requiring all motorists to carry public liability insurance have been made and several states have experimented with such legislation. The Ontario act, however, differs in one important particular: It distinctly states that it "is in no sense a compensation law under which persons injured by motor vehicles shall receive sums as compensation for their injuries. The injured person must still prove that the motor vehicle driver or owner was at fault and the evidence of financial responsibility is simply to assure the payment of judgment for damages."

Briefly, the act provides any person convicted of reckless driving, racing, speeding (if injury to person or property results), failing to remain at scene of an accident, driving without a license, committing any criminal offense involving the use of a motor vehicle, or committing any offense against public safety on the highway, shall be deprived of his driver's license. And no driver's license shall be issued to such person until he shall have given proof of his ability to respond thereafter in damages arising from injuries to persons or property to the extent of at least \$5,000 for injury to or death of any one person, and subject to that limit for each person to the extent of at least \$10,000 for injury to or death of two or more persons in any one accident, and at least \$1,000 for damage to property of others resulting from any one accident.

The law also requires that a registry shall be kept classifying the persons who have been convicted of violations of any statute relating to the operation of motor vehicles. These are to be known as Class A, Class B and Class C. Class A applicants are charged 10 per cent in excess of standard premium rates for liability insurance; Class B, 25 per cent, and Class C, 50 per cent in excess of such rates.

The provisions of this act apply to American tourists visiting Canada and require that liability insurance carried shall be issued by companies licensed to do business in the Province of Ontario.—Detroit News.

WHY FAIRS FAIL

Along about this time every year editors in some of our larger cities take occasion to fill up space with articles on "the decline of the county fair," or something like that. They all harp on the same string, to the effect that the rural life of the nation is losing its old-time neighborly air and community interest.

It is true that the auto has enabled rural residents to enjoy amusements in neighboring cities to which they did not have access before. This has served in a small way to hurt some county fairs. In most instances, however, the suspension of fairs has been due to the growing expense of maintaining them, since it became necessary to engage high-priced attractions to back up the home exhibits. This year the nation-wide drought has been responsible for the calling off of a good many of them. But it was not from a lack of public interest or a decreasing air of community pride. It was because crops were failures in many sections and agricultural products—the very life of a county fair—were not up to standard. It was because many rural residents, hard hit by a crop shortage, felt it unwise to spend a single dollar for anything except necessities. And county fairs have never laid claim to being necessities.

Fair or no fair, rural community life is not showing a slump. It is just as strong around Plymouth today as it has been at any time in the past, and this community does not differ from others in this and other states. Big city editors are certainly hard put for something to fill up an editorial column with when they have to resort to such misrepresentation as to declare that "rural life is losing in interest as shown by the suspension of county fairs."

THE BEST HOUSEWIVES

Housewives around Plymouth will be interested in a statement recently issued from Washington City to the effect that investigations have shown them to be the most efficient in the world. It is declared that they spend from 20 to 47 percent less time in doing household work than do European women. That isn't because the European woman is neglectful, but because she isn't as efficient.

The American housewife plans better; she has more labor-saving machinery and follows, as a rule, a strict routine that makes housework more of a profession than a job. They are home-makers in every sense of the word, devoting their lives to the task of making the home as attractive and appealing to all members of the family as possible. And as a general rule they love their work.

Electricity is the magic servant that performs most of the drudgery. With it a number of tasks can be performed at the same time. Not every country is blessed with such an abundance of it as this one. It is here more than anywhere else that drudgery is, to a large extent, taken from housework. Each year sees it becoming less and less a back-breaking job, for each year sees new inventions for lightening the housewife's labors. We notice that right here in our own community, and especially apparent is it when we compare housework as it is done today with the labors of housewives of earlier years. It is not hard to understand why the American housewife is the most efficient in the world.

A GOOD LAW

A federal court has just upheld a new law in Ohio which limits the length of motor vehicles on public highways. It is a good law, and there must be times in the life of every Plymouth motorist when he wishes a similar one was in force closer home. The object of the law is to prevent excessive obstruction of the highways on curves and at road intersections. Autos with trailer attachments on which four or five new cars are transported were largely in mind when the law was passed. Passenger buses, too, are getting longer and becoming a greater menace to safety. Unless restrictions are set somebody is always certain to hog more than a rightful share of the public property, and some buses are now taking up practically all of the road. They not only make it uncomfortable for others but extremely dangerous. "In limiting the length of buses and trucks Ohio has passed a good law. It should serve as an example to states that have not yet shown such foresight."

BOOSTING THE APPLE

It appears now that the apple men of the country are waking up. They have seen the orange and melon growers of the country organize for mutual benefit, and they have seen them market their production every year at a good profit. They have learned that it has been chiefly due to cooperation and advertising. Now they are going to try it. An association or orchardists in the United States and Canada has recently been formed and its officers are out with a statement that they are raising a fund of \$1,000,000 to be spent in advertising. This advertising will make known the virtues of the apple for canning and preserving, and as a promoter of health. They propose, in a word, to make the American people eat more apples and use them in more varied ways. They may not be able to make everybody believe that "an apple a day keeps the doctor away," but they are going to make more money for themselves and build up a permanent market for their products. If \$1,000,000 to be spent in advertising won't do it, nothing else on earth will.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, excreting bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Beyer Pharmacy.

Rosedale Gardens

By J. W. WALKER

Birthday parties have always been a source of wonderment to us. Guess we must be Quakerlike or something, as we thought it only an excuse to have a party. But the young folks (under 21) are the only ones ever truthful and honest about this day of days, so now we are always glad to see the young folks have a good time. Now comes the word that little "Kally," i. e. Master Herbert Kalmbach, 11027 Cranston, had a birthday party last week, 17th. It being his second, (second anniversary of long pants age), and as the "younger set" were present to help Herbert celebrate—Billie Hodson, Betty Snell, Frances Cooper and many, many more. Mother Kalmbach had quite a feast for the "youth" present.

The D. McConnells have left for the big city to pass the winter.

Sunday-school at 9:45—come! Mrs. William Hodson, Jr., Master Billie, and Miss Betty, and Master Charles Snell are vacationing for a short time way over to South Aron with Mrs. Hodson's folks, the J. L. Newberys.

Mr. and Mrs. William Chapman and son Billie are visiting the grandparents of Billie in Lansing.

Now that the sun has passed the "line" days growing shorter and evenings longer, the Buttermilkers are starting to talk up their club meetings again. The latest news is from Buck Huron. It is said a number favor organizing a minstrel troupe. Now for further discussion along these lines. Kindly call on Buck any eve and talk it over. One thing seems certain, though, and that is a member or two, or three or so are waiting for frost, for the frost is the only cure-all for this obnoxious hay-rag-weed sniffles.

The grasscutters are stilling the last growth of the ragweeds, which seem to grow in spite of all the dryness, as is also a few million dandelions.

Arthur J. Boyd returned home the other evening, with a nice little doggie-dog. Very kind and gentle like, and the pride of Jimmie boy and the neighbor kiddies, but not Mrs. B. He weighs about 80 and is still growing. The kiddies in the vicinity of 11315 York, are looking daily for tomorrow, the twenty-seventh instant, as on that day it is promised the resident population thereabouts will be increased by the arrival from Ford hospital of Lawrence Eric and his mother, Mrs. Robt. W. Mason.

How about our new white tile station? Don't you think its the celluloid fire tongs (meaning the last word in building of such a place)?

Signs of fall: Falling leaves, corn stacks behind the barn, supper and digestors; grapes (all kinds); chocolate candies at our local sodas department; Hoff cleaning late cabbage and cauliflower for Satdee trade; seedling flowers, kiddies wearing sweaters to morning school, etc., etc.

We had a scare last Sundee post meridian, when huge columns of smoke arose south of the woodlands south of our church. Supt. Al Honke was on the job, and before a good grass fire could make much headway, it was

out—almost just like that (snap!). As our own woodlands are clear of all brush, stubble and weeds, it is not likely we will have any fire there. Though to the north of US-12 it might blow up any minute. Wish they'd cut them that weeds.

Now we have congratulations in order for the parents of Master Arthur G. Scott, Jr. The baby boy arrived at their home, 11407 York avenue last Monday, the 15th instant.

That's two boys on York avenue in four days. Now the boy buddies have the majority over the girls so far this season.

Zone B Teachers Party at Rosedale Gardens School

Last Thursday evening, the 18th instant, the teachers had a party, and everyone was there but yours truly. And it was this way, so it has been said on reliable authority, as our teachers are so modest that one just has to tease it out of them by threatening not to write any more school news. Well, it was, as we started out to say, some party! The amiable Miss Mary Jameson and lovable Miss Georgiana Reed, officially our supervising teacher and county nurse respectively—were "hostesses" (guess that is the word), and the time and place—at (afterwards) and the Rosedale School.

(The evening was spent for passed) playing games and singing songs. The principal game of the eve was not "spin the plate," or we would have been there sure, but it happened to be "Lindy"—we-up-in-the-air, sorta, and the best lookers won the first prizes. (By the way what were the prizes?) Well, however, notwithstanding, the first prizes were Miss Marjorie Peck and Mister E. Watson.

Luncheon of coffee, cookies and icecream (all good), during which these visitors were introduced: Fred Eischer, County School Commissioner; Miss Olive Quinn, social worker; Miss Du-Bord, county club worker; Mrs. Lynde, child psychologist. Then all sed good nite to all.

Christian Science Notes

"Matter" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, September 21.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For, behold, I create new heavens and a new earth; and the former shall not be remembered, nor come into mind" (Isa. 65:17).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we fully understand our relation to the Divine, we have no other Mind but His—no other Love, wisdom or Truth, no other sense of Life, and no consciousness of the existence of matter or error" (p. 205).

The Lesson-Sermon for Sunday, September 28—"Reality."

The chief interest this week in Presbyterian circles is in the Rally Day Service to be held in the church next Sunday at 11:30 a. m. The program is to be different from former ones and will be very impressive. The Sunday-school workers are busy with the necessary preparations.

The Missions Study Class will meet at the home of Mrs. Perry Campbell, Canton Center road, on Tuesday, September 30th, at 6:30 p. m. There will be cooperative supper followed by the program and social hour.

The sacrament of the Lord's Supper will be observed at the morning service October 5th.

CATHOLIC NOTES
The forty hours devotion held in our church last week was well attended and the parishioners are to be congratulated for the efforts that each put forth in making this devotion a success. The priests in attendance for the closing were Fathers Kelly, McQuillan, Gruber, Schuler, Gaffney, Dowdle, Victor, Erdman and George. Our neighboring parish, Northville, opens its forty hours devotion Friday morning and closes Sunday night.

Rev. Mgr. J. J. Hunt has been appointed pastor of Grosse Ile parish. Fr. Lefevre attended the district Holy Name meeting at Wyandotte last Tuesday evening. The next meeting of the district officers will be held at Melvindale, October 15.

Instruction for the children begins October 4, the first Saturday of October. Sunday is the last Sunday of September. Do not forget your M. C. envelope. A great number have missed the past few months.

Mr. and Mrs. William Lorenz are receiving congratulations upon the arrival of a baby girl.

Salvation Army Notes.
The Plymouth Corps of the Salvation Army will be holding their Annual Harvest Festival services this week-end, September 27-29.

Special services all day Sunday, Monday evening, commencing at 7:00 o'clock, a sale of goods will be held. There will be baked goods, fancy articles, garden produce of all kinds, also other articles of value which the merchants of Plymouth have so kindly donated. This sale will be held in our hall, 796 Penniman Ave., so come well prepared to get your supplies, and in so doing help the work of the Army along in your vicinity.

EPISCOPAL NOTES
The sacrament of baptism will be administered immediately after the morning service this Sunday.

Another of those ever popular fish suppers will be served by the Women's Guild, tonight, Friday, September 26. Don't miss it. You will get a splendid meal at reasonable cost, and incidentally you will be helping this faithful group of workers in their support of the church. Be sure to tell your friends.

We still missed a number of our members who should have been in church last Sunday. There was a very good congregation. Were you there?

The service this Sunday will be Morning Prayer at 10:00 a. m., and the sermon topic is "Friend or Foe?" Come and worship.

METHODIST NOTES
"And we know that all things work together for good to them that love God." (Romans 8:28).

We are happy to know that we are to have Dr. and Mrs. Lendrum with us for another year, and we are hoping and praying it may be the very best year we have had together. Let us remember that the spiritual and financial success will be the result of what each one of us as individual church members does. Any preacher is only the leader, he cannot lift the burden alone; each one must do his or her share. It will take faith, prayer, effort and money.

Especially will it take faith and prayer; they are the power that move mountains. Now all together for a good year. Each one from the youngest to the oldest member must remember to keep his vows to give of his time, talent, substance and last but not least, of his presence at all services. If we would see the year crowned with success.

May God help us to do our part and we can safely leave the result to Him who doeth all things well.

Sunday, September 28, morning service at 10:00 o'clock, church-school at 11:30; evening service at 7:15. You are cordially invited to each one of these services.

The Junior Missionary girls will meet at Mrs. H. S. Doerr's, 447 South Harvey street, Saturday afternoon, September 27, at 2:00 o'clock, to start their work for the year. The meeting for the boys will be announced later.

Wednesday, October 1, the L. A. S. will meet in their room. The general subject for the day will be "Our Church." There will be papers by Miss Spicer, Mrs. Seldengridge and Mrs. George Burr. The hostesses will be Mrs. Manna Blunk, Mrs. E. H. Partidge and Mrs. Alton Richwine. The Northville Auxiliary will be our guests and will contribute to the program. All together! It will be a meeting that no woman in the church will want to miss, and all are urged to be present at 2:30. Plans will be completed for the rummage and bake sale to be held in the vacant building next to Stever's Market on Penniman Ave. on Friday, October 2, October 3 and 4. Anyone having articles to contrib-

ute call Mrs. Soth, phone 308W, of Mrs. Harry Brown, phone 293W.
Wednesday evening mid-week prayer and praise service, 7:15 to 8:00 o'clock. This is one of the most beneficial services of the church, and should be largely attended. You need the inspiration.

AROUND ABOUT US

ANN ARBOR'S summer pavilion construction cost is \$114,323.48. Fifteen streets were paved. The total debt of Oakland county amounts of \$66,446,270.00, or \$316 for every man, woman and child in Oakland county.

Two thousand, six hundred and eighty-six meals were served to prisoners in Washtenaw county jail during August. The meals cost 493 cents each. Three hundred seventy-two loaves of bread were consumed.

The Bob-O-Link Miniature Golf Company has leased the Granger Academy in Ann Arbor to construct an inside miniature golf course. Work is now under way and it is expected that the course will be open by Oct. 1.

The 44th annual Fervent Fair will open Wednesday evening, October 1, with four nights and three day programs. The new grandstand, which seats 2,000, will be in use. A public wedding is announced for Saturday evening.

One of the few cranberry marshes in this vicinity is on the farm of Mr. and Mrs. S. Nowomil in Milford. The bushes are scattered over an area of 25 or 30 acres. The yield this year is around 1,400 quarts, and picking is still in progress.

Nathaniel DeBarr, 92, of Ann Arbor, Civil War veteran and charter member of the Washtenaw Tribune Three-Quarters Century Club, passed away at his home last Thursday. His death breaks a marriage union of 72 years, and he is survived by his wife, who is 80 years old.

Over 15,000 locks are in use at the University of Michigan. A key clerk is necessary to keep a record of the gist of keys. All keys are cut and stamped with the college seal and commercial locksmiths have an agreement never to cut duplicates from a seal stamped key.

The 1930-31 program of the University of Michigan Oratorical association will have six speakers of international reputation with Admiral Richard E. Byrd as the opening attraction, on Monday evening, November 10. His lecture will be illustrated by motion pictures.

A fire at the Norman Cannis farm in Denton last Sunday night, burned 500 chickens, a cow, barn, garage, brooder house and grain. It was feared for a time, that the house would also burn, and furnishings were moved to safety. The fire was believed to have been started by a tramp.

What was once a marsh of 200 acres is being transformed by George C. Osterhus and his associates into one of the outstanding real estate developments being done at Gibraltar, near Trenton, at a cost of \$150,000, for the year 1930. Homes will face upon artificial canals that will face Lake Erie.

The new St. Alorshus church, on Washington boulevard, Detroit, is now nearing completion and will be dedicated at noon Sunday, October 12, with Bishop Michael J. Gallagher officiating at the ceremony. Including the land, the church will represent a value close to \$1,000,000 and will be the finest church edifice west of New York. It will seat 1,000.

What threatened to be a typhoid epidemic in Northville, was quickly checked by the cooperation of all the physicians. Howard Bolette, who lives near Salem, was the first case reported. Milk which was being applied to some Northville residents from this farm was immediately cut off. Other cases are reported to be recovering from the disease.

Hundreds of University freshmen may be forced to abandon plans for an education this year, with student loans being reduced 50 to 65 per cent and ten applicants for every available position. There are twice the number of applicants for loans with only half the money available, less than \$60,000 being on hand. Loans have already been restricted to seniors and graduate students.

A step in the way of practical economy was suggested by Supervisor Paddison of Oxford last Monday when he introduced a resolution to cut the daily pay of supervisors while in session from \$7 to \$5, plus the usual ten cents a mile for one way travel. If the 45 supervisors are in session 42 days each year, which is regarded as a minimum, the saving to the county would be \$3,780.

The trouble with a lot of us is we have too many irons in the fire and not enough of it in our systems.

Maybe the dollar really does go farther now than it did a few years ago. It seems to take it longer to make a round-trip.

There is probably music in heaven but we can't bring ourselves to believe that it includes the song of the mosquito.

Today's Reflections

The most dangerous thing on the roads around Plymouth these days is a six-cylinder car run by a one-cylinder brain.

The trouble with a lot of us is we have too many irons in the fire and not enough of it in our systems.

Maybe the dollar really does go farther now than it did a few years ago. It seems to take it longer to make a round-trip.

There is probably music in heaven but we can't bring ourselves to believe that it includes the song of the mosquito.

DRAMA CLUBS WORKING HARD

"The world is but a stage, where every man must play a part..." In the high school Drama Clubs, students are learning how they may best portray the less commonplace incidents of life more clearly. Already being born actors, they are simply developing their art.

The Junior Drama Club is working on Booth Tarkington's comedy, "Ghost Story." This promises to be very entertaining. At their weekly Tuesday meeting of September 16, Miss Ford, the instructor, passed out slips of paper on which was written the description of a character the student was to represent. At the next meeting the students brought suggestions for the making of various noises on the stage such as running water or an automobile in the distance. This time scenes were assigned to several groups of members to be acted out after a short preparation. Some very clear acts were accomplished.

The Senior Drama Club has been doing practically the same things as the Junior Drama Club. They are working on a world war play, "Nerves." It is very much like the recent screen production "All Quiet On the Western Front."

Travel Club Sees Window Shades Made

Starting early to "go places and see things," the Travel Club visited the Mohas Window Shade factory in Plymouth last Thursday. Only two men were working at the time of the visit, a great surprise to all of the club, and no machinery is used. The visit was a very interesting one.

All of the new members will be initiated at Jewell Bengert's home, Friday evening, September 26th.

What Does This One Do?

The Basketweaving Club, under the supervision of Miss Trout, has started with the membership of seventeen Junior high school students. As the name suggests, the object of this club is to weave baskets, but just now the object is to weave especially flower baskets of many different shapes and sizes. Each member pays a fee for the use of the reed, and those who work rapidly will soon be seen carrying home the baskets they have woven. At the end of the school year they will show their work at the general exhibition.

Girls Make Pocketbooks

The girls in the Needlework Club, sponsored by Mrs. Dykhouse, opened the year's activities by making brightly colored yarn purses. The twenty Junior and senior high members have started making very attractive bath mats of gaily tinted appliqued pieces and quilted padding.

What The New Class Is Doing

The hygienic qualities of underwear was the subject studied by the Commercial Home Economics class this week. The study of the different kinds of contagious diseases will be their next topic. They will be glad to hear Mrs. Strasen, the school nurse, give a talk next Thursday on the prevention and simple remedies of common sickness.

Only Twelve In This

Although the members of the Historical Characters Club are only twelve in number, they had an interesting program last week consisting of a talk on Christopher Columbus by Joe Hoffman, and afterwards the reading of a play called "The Blue and the Grey" by Miss Adcock, the club sponsor. The following officers were elected: President—Kenneth Thumme, Vice-President—Margaret Brande, Secretary—Katherine Shultz, Treasurer—Roland Rhead, Arthur Butler will give a talk on Napoleon Bonaparte for next week's meeting.

Rocks Tackle Walled Lake In Grid Game Tonight

Bringing a strong team, Walled Lake High will invade Plymouth tonight. This game will open the season with a bang for the Blue and White team and will be their first test of last year.

Though handicapped by injuries so as not to have full playing strength, the home team line-up will be as strong as possible. It will probably consist of the following: Ends, DePorter, Rodman, Towle or Bassett; tackles, Ball and Bauserman; guards, Burley, Myers, Amrhein or Wagner; center, Ferguson or L. Bassett; quarterback, Lanier or Horton; halfbacks, Curtis, Randall or Williams; fullback, Dudek. As Coach Matheson says: "It takes twelve men to win a game. Eleven players and the crowd makes up the twelfth." Follow this and help the team start the season off right.

Latin Class Overflows

Apparently the usual dread of Latin as a hard subject slid gently past this year's freshmen, for fifty-six crowded into Miss Nye's first year Latin class, at the beginning of the year. Or else, judging by this overflow, a greater proportion of ninth graders than usual has set college as a goal. After great turmoil and confusion, the oversize class was divided into two classes, the one third hour and the other the eighth. This change forces Miss Nye to have her third year Latin class fifth hour; thus necessitating that she and her advanced pupils drop all their clubs and other activities that come on fifth hour.

Freshmen Reception Brought Out The Nuts

A fine crop of nuts, both green and seasoned, was gathered together at the "Convention of the Nuts" last Friday, September 19, in the high school auditorium. Or in other words, a large crowd of freshmen and seniors attended the annual reception given by the twelfth graders to welcome the ninth. Several teachers honored the convention with their presence, but what sort of nuts they were could not be decided.

As everyone entered the gym, slips designating their special type of nuts were handed out, while signs placed over groups of chairs lined up along the sides of the room indicated their respective places. There were many exclamations and laughs as each would proclaim himself a pignut-toe, mixed nut or whatever he drew.

Quite naturally, since all the boys came in one door and all the girls the other, there was one solid row of boys representing a certain contingent of nuts and another unrelieved line of girls representing another. But, finally, by a swapping of slips, forced in some cases, the sheep were mixed a little more thoroughly with the goats.

When all this was settled, everyone had time to observe and admire the decorations on the stage. Strings of leaves pendant from a drop formed an illusory curtain for the musicians' nook. Shocks of corn and piles of leaves accentuated the autumn note. In big orange letters at the top of the curtain fairly scintillated the words "Convention of the Nuts."

Each group was in charge of a senator who directed the games. As most were strangers to each other, "Biff! Bang!!" the get acquainted game, was the first one played. Many casualties resulted before the players became accustomed to the strange names. When this game was finished, John Landall, the senior class president welcomed the freshmen by a short speech to which Bobby Champe, the ninth grade president, gave a response.

A dressing race was the next game the contestants being representatives, one boy and one girl picked from each bunch of nuts. The object was to open a suitcase, get dressed, rush to the other end of the gym, get undressed, re-pack the clothes, and rush back again in the least possible time. Several hilarious minutes resulted for the onlookers. Each girl running merrily across the floor frantically clutching an old wool skirt that persisted in sliding off in one hand, and a suitcase in the other; an old round hat with an ostrich feather flapping dejectedly over her eyes, was a sight to make even a soured old grouch laugh, which the nuts present most certainly were not.

The trousers the boys had to wear seemed possessed of an imp, for they were so big they swallowed up the little boys, and yet, so small the larger boys could not get them on without a struggle. Incidentally, in spite of the boys' greater running abilities and

U. of M. Again Treats High School Students

For the past three years it has been a custom of the University of Michigan to invite high school students from all over the state to attend the opening game free of charge. The game this year is to be a double-header, Dennison University and Michigan State Normal College versus University of Michigan.

The total number expected to attend is between fifty and sixty thousand. From this enormous total Plymouth has been sent 250 tickets. Those who receive the consent of their parents and have a means of transportation, may get these tickets.

The games will be played in the stadium at Ann Arbor; the first will probably start at about 1:30 o'clock.

A persistent habit of sliding into base, the girls won.

Three Deep was the last game which all played together instead of in groups. Then slips, on which was written one of coupled words, were handed out. It was necessary for every nut to find his partner by joining the separated words. In all the commotion, many never were joined; poor Juliet never found her Romeo, and the ice had lost its cream. However, they were all joined up in some manner, and after a grand march, were served with doughnuts and cider. From then on until ten o'clock, dancing was the order of the evening, the music being furnished by the senior orchestra accompanied by Miss Ford at the piano.

Girl Reserves Held General Song Meeting

All groups of Girl Reserves gathered together in the auditorium for a general song meeting last Friday, September 19. Doris Holloway, of the Senior Girl Reserves since the graduation of Hazel Rathburn, is the principal song leader, and is assisted by Dorothy Hubert. As usual in a general meeting, the leaders asked girls, representatives of the other groups to help them out; these assistants were Helen Ribar and June Fredericks. Viola Luteromser is the new pianist in place of Elizabeth Strong, a last year's graduate.

As so many of the new girls were unfamiliar with the Girl Reserve songs, not as much music or sound was made as last year, but the new members will probably pick up the songs rapidly with the aid of the new sheets that were compiled for the Mother and Daughter banquet last year.

Torch Club Holds Home Meeting

Melvin Blunk, the new Torch Club president, entertained the old Torch members at a home meeting held in his home last Wednesday evening. A short discussion was held about the aims of the new club. The club appreciated Melvin's getting the old club together, for it was the last home meeting.

Refreshments were served, and the Torch Club enjoyed the fine hospitality that Mr. and Mrs. Blunk showed.

Students Must Earn Penmanship Credit

In order to graduate from Plymouth High School, one must earn either a final or an improvement certificate in penmanship. The final certificate gives the owner one credit toward graduation, and the improvement gives two-fifths of a credit. In the junior high school, there are 120 people taking penmanship under Miss Prekins, while Mr. Day has charge of 80 members of the senior high.

Musical Specialties Perform Throughout Week

With their new members, the high school orchestra and girls double quartette made their first appearances, entertaining for a citizenship meeting at the high school on last Tuesday evening. The following Wednesday in junior high school assembly, Milton Moe and Bob Champe were on the program, the former playing two numbers on the violin, the latter singing two pieces. On Friday, Joe Ribar and Russell Egloff gave a very clever performance called the "Two-Man Orchestra" at the Rotary Club luncheon.

Starkweather Notes

The children of the first grade brought surprise packages to school for language. Each child guessed what the other had in his package. After they had all had a turn, the owner opened his package and told something about what was in it. The class has a reading table and the child who cares to go there, may, if he has all of his work done neatly, Miss Stader's first and second grade children are taking a great interest in penmanship. Several pupils do a work drill every day. Margaret McLaren, Lessie Jean Elbert and Lloyd Smith are the best penmen.

The first grade pupils are learning to spell. Jean Engleson and Lessie Jean Elbert are ahead on the spelling club contest.

Ralphie Wilder has been absent because of a cut on her foot. Roger Vanderveen is back in school after being absent several days with tonsillitis.

The second grade children like their new number books. The children in Mrs. Moles' room are publishing a newspaper. The first edition is about the Northville Fair.

Miss Hunt's 4As and 5Bs have made some very attractive poem books. Poems for each month will be kept in them.

Central Grade School Notes

In Mrs. Root's 1B room, the children are making health posters with pictures of fruits on them. In Nature Study they are collecting seed pods and learning about them.

Miss Mitchell's first graders are making a month menu and are all trying to live on top of it. In order to dramatize the stories they read, the children are making a very unique pasteboard radio over which they will "broadcast" programs. They are learning the poem "A Good Play" by Robert Louis Stevenson.

There are eleven 1As and twenty-four 2Bs in Mrs. Alban's room. Nearly every child has had his dental work done. The children are making health books and Indian posters in Art class. Strange to say, in gymnastics, the girls are ahead of the boys. Arthur Vernon and Betty Jane Brown are the leaders.

In Miss Weatherhead's room the 2As have finished their readers and are beginning new ones. These boys and girls have made pictures of cosmos and baskets of fruit in Art class. The girls are winning in the recess honor chart.

Mrs. Wilcox has thirty-five pupils in her 2A and 2B room, twenty-four of them are on the honor roll for good conduct. The children have started animal books in nature study.

In Miss Dixon's room the children made pictures of cosmos in Art class. Ruth Olson is in the University hospital.

Miss Fields' 4B boys and girls have been comparing life of the people in warm and cold countries. For a project they have made a very lovely desert sand table and an eskimo land. They have also made little booklets telling of these people's lives. A book a week club has been organized by these boys and girls.

Miss Holt's 4As and 4Bs are having

Campfire Plans For Year Discussed

With Zephania Blunk presiding, the meeting was called to order and the secretary's and treasurer's reports were read. Most of the national dues were paid, earned by the girls themselves. They are also earning their weekly dues. The girls have arranged to sell Christmas cards and gift wrappings to get help in filling the treasury. They also decided to collect clothing to distribute to the poor at Christmas and other times. The meeting was closed with the credo.

The girls are working on special honors. A number of these will be carried out during the weekly meetings.

MOTION PICTURE PROGRAMS

"LAWFUL LARCENY"

"LAWFUL LARCENY," Radio Pictures' all-talking drama, to appear at the Penniman Allen Theatre, Friday and Saturday, September 26 and 27, is a faithful adaptation of the original New York stage success, and is just as entertaining.

Bob Daniels, the star, scores in an entirely new role, that of a wife who sets out to recover her husband from another woman. Her performance is intensely human and convincing. She is supported by a cast of former stage favorites, including Olive Toll, Lowell Sherman, Purnell Pratt and Kenneth Thomson.

There is not a dull moment in the picture which tells an entertaining story of a cycle of victims. The husband is victimized by a siren; the siren is victimized by a clever lovable but unscrupulous man, admirably portrayed by Lowell Sherman.

How he and the siren are finally out-manuevered by Miss Daniels, as the wife, makes a climax unusual as it is worth seeing a splendid thread of ironic humor runs throughout the performance, both in situations and in dialogue.

"OKLAHOMA CYCLONE"

SUDDENLY, and out of a clear sky, Hollywood has gone Western again. Western, but not the same kind of thriller that we used to see in the silent films. Most of the new

productions had little or no fast action in them, and except for the locale of the action, the whole thing might have taken place in a big city. At last we have seen a Western that is as thrilling as the old-timer with all the thrills, and had men that your heart desires.

"Oklahoma Cyclone" a Tiffany release, starring Bob Steele, and written and directed by J. P. McCarthy, and produced by Trem Carr, will be shown at the Penniman Allen Theatre, Wednesday and Thursday, October 1 and 2, and there is plenty of riding, fighting, and excitement to last anyone for several days.

The pace set in "Oklahoma Cyclone" is fast and there isn't one dull moment in the picture. The love interest is incidental to the real story and consequently the action is not slowed up for a minute while the hero and heroine go into ecstasies about the moon or some such romantic subject. The love making is done in whirlwind cowboy fashion, with a dash of laundry thrown in for added zest. The story concerns "Oklahoma Cyclone" who gets mixed up with a dangerous bandit, McKin, falls in love with McKin's girl and gets into no end of trouble.

This is surely one picture that you don't want to miss even if you have to get little Willie to help mother do the dishes. And take the kids, they'll love the excitement and if you want to see bad men bad, and heroic men heroes, and brave sonarists, brave, then "Oklahoma Cyclone" is the picture for you—don't miss it.

Rosedale Gardens School Notes

Kindergarten and First Grade
Miss E. M. Belden

We have eight children in the kindergarten, and fourteen in the first grade.

The kindergarten children have quite enjoyed dramatizing the story of the "Three Billy Goats Gruff." The first graders have finished reading the story of "The Gingerbread Boy" from their new chart. We have organized our Citizens Junior Club with the following officers elected:

President—Jack Rondel
Vice-President—William Kinsley
Sec. Treas.—Jean Mary Vasold
Girls Health Officer—Lois Hoffman
Boys Health Officer—Jerome Seaman
Second and Third Grades
Miss Doris Smith

We are enjoying the study of the early covenant, right now.

We have learned how they fought, and lived. The children has attempted to make clubs such as these early men used. They are intending to dramatize their story later.

Douglas Kalmbach presented our room with a beautiful sphinx moth, which the children have enjoyed studying about, this and the monarch butterfly.

The third grade geography pupils are making traveling bags prior to an imaginary trip to the south to find out about the cotton plant. They plan to collect things made of cotton as they go.

Fourth and Fifth Grades
Miss Peck's Room

We have thirty-two pupils in our room. We have three new boys and one new girl.

We are interested in color. We have made color wheels and color harmony charts. Some of our charts look very attractive. We are studying about leaves. We are able to tell several kinds of maple leaves now.

We have health booklets. Many girls and boys score 100% in doing their health chores. Our chores deal with cleanliness this month.

Upper Grades—4th Work
Miss Margaret Rowe

The first 4th club meeting for the year was held today (Friday). Our leader, Mrs. Loftis, together with the 4th committee consisting of Mrs. Struble, Mrs. Hiron and Mrs. Metzger, were present. Mrs. Dunlop is also on the committee.

The following officers were chosen for the clothing club:

President—Jean Loftis
Vice-President—Lois Loftis
Secretary—Eleanor Strachle
Treasurer—Dorothy Metzger

The following officers were chosen for the holiday club:

President—Charles Hanchett
Vice-President—Donald Hiron
Secretary—Robert Jones
Treasurer—Frank Davis

We are all going to try to be finishers, and we are planning some fine times for the year.

Boys' Manual Training Class

VOL. I September 26, 1930 NO. II

Edited by BOB AND ELMER

There is quality merchandise and cheap merchandise. We are convinced you get just about what you pay for.

We don't care what kind of a furnace you have. It may be all in, for all we know. But we do know you'll get the most heat satisfaction out of it when you burn Cavalier coal. There's a difference.

"I'm boss at my house," commented one of our friends the other day. And later we learned that his wife was away from home.

We know three families who are planning to build their own homes very soon. They're beginning to plan now. Why can't you?

South built the ark when everybody told him it wouldn't rain. Buy your coal now, and have the laugh on the other fellow when cold weather comes.

Some people are gone but not forgotten. And then there are some that are forgotten but not yet gone.

Gen. Curtis is remodeling his home on Irwin street. Gen. Zietseh is the contractor—of course the Plymouth Lumber & Coal Co. furnished the material to build the course. So you see no matter what you want to build, we have the material for you.

If you were buying a diamond, you'd hardly buy it from a stranger. Same way with homes.

You can tell pretty well how fast you have been driving by the number of insects plastered on your windshield.

Buy it in Plymouth. It pays!

Cards and Memoriams

IN MEMORIAM

In memory of our dear mother, Agusta Mielbeck, who died one year ago, September 25th, 1929.
"Peaceful be the rest, dear mother, it is sweet to breathe thy name, in life we loved you dearly, in death we do the same."
Sadly missed by her children. 1p

IN MEMORIAM

In loving memory of our dear son and brother, Davis Wilson, who died six years ago today, September 27, 1924.
Just a thought of our dear Davis.
Just a memory kind and true,
Just a token of love, Davis,
That our hearts still ache for you.
Mr. and Mrs. Ira Wilson and family. 1c

A CARD—I wish to thank the many friends who sent me cards on my birthday; especially do I wish to thank Mrs. Mary Polley, who served a lovely dinner.
Mrs. J. R. Rauch. 1c

Picked Up About Town

"It may be true that the dollar of today goes farther than it used to," says Dad Plymouth. "All I get to see is the start!"

Dad Plymouth says the honeymoon is over when he commences to get on her nerves when he is eating corn on the cob.

What women really need are wrist watches that will run and history that will not.

Dad Plymouth says he can remember when they poisoned a man by handing him a dose of strychnine instead of inviting him down in the cellar.

"One thing to be said of this summer," declares Dad Plymouth, "is that there never was another one when so few picnics were called off on account of rain."

If auto reductions keep on it won't be long before they'll be throwing one in with the purchase of a tube of shaving cream.

Dad Plymouth says he is busy these days trying to figure out whether a what-you-may-call-it is more like a doodad than a thingumbob is like a gad-get.

We know of but one fellow who is always willing to meet you more than halfway. That's the roadhog.

According to Dad Plymouth, the modern girl would make a wonderful cook if she could find a kitchen that is run by a steering wheel.

A woman may sweep around or dust around every now and then, but she never misses it unless she has a rag tied around her head.

Operations have been resumed by the Ohio knitting company. That's what the country needs—getting back to its knitting.

FIVE SUSPECTS IN 3 HOLD-UPS ARE RELEASED

OFFICERS WORK ON NEW CLEWS MRS. O'ROURKE SAYS SHE SAW BANDITS AT HOSPITAL.

The five suspects held in connection with the shooting of Patrolman Peter O'Rourke, Long Island, New York, who is in a precarious condition at the University hospital with his eyesight destroyed, were released Monday night after officers satisfied themselves the quintette had no part in the trio of hold-ups on the Plymouth road last Wednesday night. Officers are now working on new clues.

The youths released are Sterling Seyfried, 24 Kimberly Hills; Raymond Carpenter, 18, 1007 Willow St.; Roy Weiss, 27, 1908 North 5th St.; John Barco, 19, 215 North Ashley St.; Cary Baker, 22, 814 Brooks St.

If never daisies grew
If no old-fashioned fancies
Draw in the morning dew

And speak these words of treason
"That all our toil is vain."

GOOD THINGS WE LIKE

Everybody likes lemon pie, unless there is something the matter with their indigestion or taste. Here is a nice thick one:

Deep Lemon Pie.—Mix three tablespoonfuls of cornstarch, one and one-half cupfuls sugar, add gradually two cupfuls of boiling water and boil five minutes.

Add the grated rind and juice of two lemons, cool slightly, then add the well beaten yolks of four eggs. Cut and fold in the whites of four eggs beaten stiff and dry. Line a deep pan with rich pastry and lay an inch wide strip around the edge of the rim, turn in the mixture and bake twenty-five minutes. Serve chilled. If wished, a meringue may be added to the top, using three eggs, making a most fluffy pie. However the pie is good without the meringue, and many prefer it so.

Napoleon Torte.—Cream one-half cupful of butter and the same of sugar until very light; add four well beaten yolks, stir well, then add one-half cupful of flour, sifted with a bit of salt, one-fourth teaspoonful each of cinnamon and cloves. Add one teaspoonful each of grated lemon peel and orange peel, two teaspoonfuls of grated chocolate or cocoa, ten almonds grated. Mix thoroughly and fold in the stiffly beaten whites of the eggs. Pour into three buttered layers and spread evenly—the layers should be very thin. Bake fifteen to twenty minutes. When cool put the layers together with marmalade. Cover the top with marmalade and then cover with a chocolate icing if desired.

Cider Frappe.—Heat sweet cider to the boiling point. Skim, strain through cheese cloth. Chill and freeze to a mush. Serve in stemmed glasses with pieces of ginger for a garnish. Use either the crystallized or the preserved ginger.

Tarts.—Bake small pies using the patty pans inverted. Fill the shells with raspberry jam and top with whipped cream sprinkled with pistachio nuts.

One of the things to be thankful for this year is that your business is not dealing in raincoats.

A dentist is one man who can always make a good living in a hand-to-mouth manner.

A real philosopher is a fellow who can find consolation in the thought that the summer's drought saved a lot of wear and tear on lawn mowers.

The bigger the bank roll the tighter the rubber band—and the tighter the man who owns it.

Municipal Notes

BY THE MANAGER

The drought conditions which were prevalent in the vicinity up to a very few days ago, constituted a fire hazard which might readily have led to a much greater fire loss than was actually incurred. Last Friday afternoon the fire department was called to the Frank Millard place on Northville road, where a rubbish fire entangled buildings upon the property. The fire was extinguished without loss. On Sunday afternoon a call was received to extinguish a bad grass fire on the Albert Minehart farm, on Moreland road. The fire had gained considerable headway and was being rapidly driven by the wind toward the farm buildings. The fire was brought under control before any serious loss was incurred.

FRAIN'S LAKE NEWBURG

Glenn Freeman, who had his tonsils removed, Wednesday, at Beyer Hospital, Ypsilanti, returned to his home Friday.

Mr. and Mrs. Albert Staebler and daughter, Miss Helen, were in Ypsilanti, Friday, and arranged to have Miss Staebler enter Cleary College this week. She graduated from Ypsilanti High School in June.

Miss Frances Ingall has accepted a position at the University hospital, Ann Arbor.

Misses Jennie Barnes, Helen Lötke, and Eleanor Freeman, Murray Fishbeck, George Staebler and Donald LeForge are attending school at Ypsilanti High School.

Mr. and Mrs. Albert Springborn, Mr. and Mrs. Arthur Johnson and Mr. and Mrs. Swartz were Sunday callers at the Gust Eschel home.

The Frain's Lake P. T. A. met Friday evening, at the school house, with a nice crowd attending. This was the first meeting held this year.

A nice crowd attended the dance Thursday evening at the Frain's Lake Swedish House, and a good time was had by all. Another dance will be held Saturday evening, September 27, to which the public is invited. Music will be furnished by an orchestra from Plymouth. These dances will be held every Saturday night hereafter. Come and enjoy yourself.

Mr. and Mrs. Morrison of Detroit, called on Mr. and Mrs. Melvin Shumaker, Sunday.

Today's Reflections.

Middle-age is that period in a Plymouth man's life when he can no longer go up a stairway two steps at a time.

The oyster may be dumb in some ways, but it has sense enough to demand and get a four-months vacation every year.

The Plymouth married man who complains that he "can't get a word in edgewise" ought to learn how to talk in his sleep.

It's terrible the way some men around Plymouth will blow up their wives for a little thing like a couple of buttons off of a shirt or a messy bill from the grocery.
