

PROGRAM FOR MEMORIAL DAY IS COMPLETE

Patriotic Organizations Unite With Citizens in Observance

Plans for the observance of Memorial Day in Plymouth have been completed and the exercises this year will be conducted under the direction of a joint committee from the Ex-Service Men's Club and the Myron H. Beals American Legion post.

Did You Know That

Why pay high prices for your ice cream when we can give you a higher superior quality with more flavor, texture and pure fresh sweet cream, something that will make you eat more, and the more you eat the more you want.

A slip in type last week caused the Mail to say that Leonard Wild had purchased instead of leased the 916 greenhouse he is now operating from Walter Postiff, Jr.

Miss Marion Beyer was a guest at the Delta Alpha house at Ann Arbor, over the week-end, where she visited former friends and classmates.

Mrs. Dickerson has three special in Mrs. Katherine Schell, Middle quality Indiana, for two weeks. Her daughter, Mrs. Beatrice M. Schell and children will motor to Indianapolis, Memorial Day. Mrs. Ridge returning home with them.

The Esther Shopp is clearing spring coats at special prices, sizes 14 1/2 to 18, also dress specials at \$1.95 and \$2.95.

Mrs. Vera Gross-Steiner of Three Rivers, visited her mother, Mrs. Carl Heide, over the week-end.

A trap shoot will be held Saturday afternoon at one o'clock, June 23, at the Northville Gun Club grounds, lack of the depot. Everybody welcome.

Mrs. Earl Stevens of Detroit, visited Mr. and Mrs. Charles Olds over the week-end.

Tonight (Friday) the Detroit Police Department detective team will exemplify the third degree at the Masonic Temple. This team is known for its extraordinary work, and an interesting evening is promised. It is expected that Judge Homer F. Ferguson of Circuit court, will give a short talk. Dinner served at 6:30.

Do you like basket ball? Stop at the Palace of Sweets and see the new amusement game.

Oscar Alsbro visited at Alma on Saturday, May 16th, and attended the dedication of the new masonic home for the aged. The economy was presided over by Grand Master George B. Holliver and Gov. William M. Brucker gave the principal address.

Fix June 5 as Date For Honor Banquet

On June 5 the peak of the School year will be reached in the Honor Banquet. This is an annual affair at which students who are proficient in various fields are honored. They are chosen for scholarship, athletics, dramatics, music and forensic activities.

The speaker for the banquet is chosen and paid for by the Board of Education, while the honored students are taken care of by the Student Council. More information as to the names of the guests and the price of the dinner will be given in the next issue.

Musical Concert to Be Given Wednesday Eve by 'The Songsters'

The evening of Wednesday, May 27, will be an interesting one at the First Presbyterian Church of Plymouth. The Sunday School of the Women's Auxiliary, "The Songsters," a well known group of Detroit vocalists with Mrs. Emma Crook-Arrowsmith, as director, will appear in a radio concert.

The program will begin at 8:15 and will be given in the same manner as the Songsters perform each Sunday at 5:30 p. m. over station WJLB.

Those who heard the Songsters in their sacred program last September will not want to miss them in fun and laughter. The latter part of their radio concert is conducted as "Ann Dorry Children Hour" with the principles dressed as "kiddies." Their gang songs and juvenile songs will bring a bit of mirth to every listener.

The Songsters, in composition of the following artists: Emma Crook-Arrowsmith, director and soprano soloist; Nan Findlay, contralto; Ronald McMaster, first tenor; George Hoke, second tenor; Bernard Blanke, baritone; Harry Burdick, bass.

ROTARIANS HEAR ECONOMIC PROBLEMS

At the May 8th meeting of the Plymouth Rotary Club, James Dickson, branch manager of the Buick Motor Car Co., addressed the club on "Present Trends in Business" and advanced several totally new ideas concerning the rehabilitation of business. His talk was a timely one, and showed a real insight into the economic situation confronting the country.

Last Friday, W. C. "Bill" Carpenter, director of the Welfare Department of the state of Michigan, outlined for the club the many ramifications of the depression, and showed how, through bettering the hands of visitors, the entire welfare system of the state is handled through his department. The club was fortunate to be able to hear Mr. Carpenter, and to get first hand information on the way in which the state's institutions are handled.

May Festival To Be Held Wednesday Eve.

Next Wednesday evening, May 27, at 8:30 o'clock, the May Festival of the Plymouth Central school will take place. Tickets for the event can be secured from any member of the P. T. A. and used in the event. The band will play from 6:30 o'clock until the time for the festival program to start.

KIWANIS CLUB HEARS EDISON CO. SPEAKER

Last Tuesday noon, Chairman Norman F. Deane introduced as his speaker, E. L. Beach of the Detroit Edison Co., who gave a very interesting talk on the Production of Electric Current. He stated they could make it and meter of measure it, but they could not tell what it was or where it came from. He explained how it was measured, conveyed, transformed and delivered to your home to be a willing servant through the use of a large number of home electrical devices as well as lamps. More current is generated and used in the United States than all the rest of the world, and the consumption is continually increasing.

The Detroit Edison Co. serves a territory of 5,000 square miles with both steam plants and the hydro-electric plants on the Huron River. In this territory the same kind of standard is furnished everyone, but he stated if you lived in the city of London, England, you could find a different kind of district and find a different kind of power current in each district. After the talk Mr. Beach answered a number of questions including one as to the amount of current consumed by the average all-electric radio. He stated you could run the average set ten hours for two and one-half cents.

STORE HOURS

For the benefit of shoppers, most Plymouth merchants have decided to keep their stores open next Friday evening, the day before Memorial Day. All groceries and meat markets will be open until ten o'clock Saturday morning.

DAISY BEACON IS GUIDE TO AIR RIFLE CENTER

Great Water Tank, 100 feet High, Used to Advertise Plymouth

Plymouth has now an additional attraction, not only to strangers and travelers who may be on the road by day or night, but to Plymouthites. The huge steel water tank of the Daisy Manufacturing Company, that holds a reserve supply of some 35,000 gallons of water for the automatic sprinkler system, protecting their plant from the grim monster fire, and stand high over one hundred feet above the ground, has just been seraped and painted inside and out, and put in first class condition.

The tank is painted with aluminum instead of the customary black graphite paint with two signs, fourteen feet square, reading DAISSY AIR RIFLES, painted on the sides and brilliantly lighted up at night with seven hundred-watt lamps.

For several miles out of Plymouth in the country, this tank is visible, its aluminum body shining in the sun by day, and its seven hundred watts illumination at night, both guiding travelers, extending warm welcomes to travelers and strangers and to Plymouthites returning home to their beautiful town of Plymouth.

Already, in such a short time, the Daisy beacon has earned many titles, some of which are "The Plymouth Light House," "The Silver Tower of Plymouth," "The Daisy Beacon" and others, all beckoning a warm welcome to Plymouth, Michigan, the cradle and home of the Air Rifles known to all parts of the world.

David Nichol Wins Place on U. of M. Daily During Senior Year

David M. Nichol, son of Rev. and Mrs. Walter Nichol of Plymouth, was this week elected news editor of the Michigan Daily, the official news publication of the University of Michigan, for next year. The young man will be a senior next year. His selection to this position, a highly coveted one among University students, is an indication of his standing at the school. He is taking a literary course. David graduated from the Plymouth high school with the class of 1928. His father, Rev. Nichol, was recently elected president of the Plymouth Rotary club for next year.

MOTHERS HONORED AT BANQUET BY DEMOLAY

A good-sized crowd attended the first annual mother's banquet given by Fellowship Chapter, Order of Demolay, at the Masonic Temple last Tuesday, May 12. A very fine menu was prepared and everyone enjoyed the meal.

The speaker of the evening, Ted Little, gave an extremely interesting and appropriate talk. Mention must also be made of Winfield Banzhaf's toast to the mothers, and Mrs. B. H. Daly's response. The Demolay boys are very grateful for the number of people who attended and tender them their sincerest thanks.

A group of eight boys from Plymouth went to the Masonic Temple on Temple avenue, Detroit, to see the degree of Legion of Honor conferred on the Demolays, Monday, May 11th. The work was very fine, and very interesting, and represented the highest grade in Demolay work.

The boys of the local chapter attended the First Baptist Church of Northville in a body, Sunday, May 17, and heard a very good sermon by Rev. Barbour.

Don't forget the roller skating party at Walled Lake this Friday evening (tonight). Everyone should come as we are going to have a bang-up time.

LEAGUE PRESIDENTS PLAN CONVENTION

On Tuesday, May 12th, Mrs. John T. Lumberhansen, president of the Michigan League of Women Voters, entertained at a luncheon and conference at the Woman's City Club, her guests being presidents of local leagues in Michigan. Among those attending were Mrs. D. H. Lox of Jackson, Mrs. L. O. Haukinson of Ypsilanti, Miss Jennie Buell of Ann Arbor, Mrs. Robert Serber of Battle Creek, Mrs. S. B. Moffet of Flint, Mrs. D. A. Bentley of Detroit, Mrs. Hugh Neale of Mr. Clemens, Mrs. Grace Leadley of Lansing, Mrs. L. D. Averill of Grand Rapids, and Mrs. Charles O. Ball of Plymouth.

Organization problems of local leagues were discussed. Programs, with cooperative aid from field workers were planned, and suggestions made for the 1931 state convention to be held in Jackson, November 17, 18, 19.

It was one of the most practical meetings the state league has ever held.

JAMES H. HEALEY

James H. Healey, age 26 years, died Sunday night, May 17th, 1931, at his home, 3115 School St., Wayne, Mich. He leaves a widow and one child. Funeral services were held Wednesday afternoon, May 20th, 1931, from the above residence at 2:00 p. m. Interment in Riverside cemetery, Plymouth.

Passes Worthless Checks, Goes to Work Farm for Sixty Days

Plymouth police officers this week were successful in locating and arresting a. R. Chaillez, 45 years of age, who floated a number of bad checks in town. When arraigned before Justice Officer Brooks, he entered a plea of guilty to the charge and was sentenced to the Detroit House of Correction prison farm for sixty days.

One check was drawn on Peter Essick for \$27.50. Mr. Essick has a small store out in Canton township. Another check for \$2 that proved to be no good was given to H. A. Sage. Mrs. Chaillez's whereabouts were discovered. Chief of Police Frank Smith had Officer Charles Thumme go to Detroit after him. He was living at a rooming house on Maromb street.

CITY ZONING PLAN WILL BE CONSIDERED

Chamber of Commerce to Present Information to Citizens on Subject

What appears to be the beginning of a carefully prepared program to bring the advantages of city planning and zoning to the attention of the people of Plymouth is announced this week by the Chamber of Commerce. At their regular April meeting, the board of directors gave their approval to the suggestion that action should not be indefinitely deferred in at least making an investigation and study of the amount of work involved, the practical advantages to be gained, and the necessary preliminary steps to be taken. In their report to the membership at large under date of April 25th, the board had the following comments to make regarding planning and zoning:

VILLAGE PLANNING AND ZONING—"This is not a new topic for local thought. It has been up before the Village Commissions, and mention of it will be found in the minutes of past C. of C. board meetings. We feel that it is important and that action should not be deferred until actual damage has been done, because we recognize that it is a major undertaking requiring months of careful study and could not be hurried with the best results. A good time to do the groundwork for a Zoning Ordinance would be during a period of comparative quiet in readiness for the next period of increased activity. The actual administrative program, if adopted, would of course be under the direction of the Village Commission. The chief function of the Chamber of Commerce would be to act as a promotional and fact finding agency in arousing public interest and in cooperating with the Village Commission. Please give us your honest opinion as to whether or not you think that the first steps should be taken."

This report brought a substantial number of replies from interested members the majority being in favor of taking the necessary initial steps without further delay. Here are a few typical comments: "I believe in the necessity of taking steps toward a planning and zoning ordinance. An investigation of the cost of completing such a plan and ordinance would be illuminating. If cost is excessive, perhaps it can be divided up into sections and worked out within a reasonable number of years, but it is imperative that a start be made."

"As it is a known fact that older and larger cities than Plymouth have found it expedient to make zoning one of their primary propositions, and as we all know that as any city or town grows and certain locations, especially for manufacture, are once located and built up, the zoning problem becomes very much more complicated and tremendously more expensive than it would had it been taken earlier in the life or history of the cities that are making these desired changes. With this knowledge in my possession, it seems to me that there is only one answer to the zoning problem and that is to get it at before Plymouth grows any larger, because it will have to be done sometime, or I believe will be done, and when that time comes the expense will be enormous as compared with what changes are required at the present time to give us a proper zoning system."

These replies and the general subject of planning and zoning were taken up again at the regular May meeting of the board of directors held Thursday, May 14th. It was decided at this meeting to take the first logical step namely that of appointing a Citizen's Planning and Zoning Committee to supervise the study and publicity incidental to bringing the subject to the attention of the people.

The Plymouth Mail has consented to furnish space for a series of articles to be prepared by this committee dealing with various phases of this suggested project. The first of these articles will appear in next week's issue at which time the personnel of the committee will be announced.

This article will attempt to answer the objections most likely to be raised as to the advisability of undertaking a planning and zoning program. These objections generally expressed will probably be as follows:

1. "No additional expense of any magnitude should be thrust upon the taxpayers at the present time."

2. "There is no urgent need for city planning and zoning."

3. "A city plan and zoning ordinance cannot be made ironclad and therefore would not be effective."

4. "Plymouth will never grow to where planning and zoning would be of practical value."

D. A. R. ELECTS OFFICERS FOR ENSUING YEAR

Mrs. D. T. Randall Named Regent—Next Meeting in Northville

The annual meeting of the Sarah Ann Cochran Chapter, Daughters of the American Revolution, was held at the home of Mrs. John F. Root, Monday, May 18th. Following the business meeting and the annual reports of the officers and committee chairmen, the following officers were elected for the year 1931-32:

Regent—Mrs. Dwight T. Randall
Vice-Regent—Mrs. Hattie Baker
Chapterlain—Mrs. Donald P. Yerkes
Rec. Sec.—Mrs. Walter Nichol
Corr. Sec.—Mrs. George Vaughn
Treasurer—Mrs. Roger Wilcox
Registrar—Mrs. Carl B. Bryan
Historian—Miss Bertha Warner
Director—Mrs. E. C. Gosper, Mrs. Carmen Root and Mrs. Frederick Lundrum.

Also delegates were elected to attend the state conference in Detroit next September.

The Chapter voted to accept the invitation of the Ex-Service Men's Club and the American Legion to take a part in the Memorial Day exercises. Miss Adelaide Hough, who acted as page at Washington during the Continental Congress, gave a very interesting account of her duties and experiences while there, especially the White House reception and the Pages' Ball at the Hotel Willard.

The June 18th meeting will be held at the home of Mrs. Donald P. Yerkes in Northville. This, the last meeting of the year, will be a social meeting. Mrs. Carmen Root extended another invitation to the Chapter to have a picnic at her Walled Lake home some time this coming summer. This has become an annual event and is always accompanied with much pleasure as Mrs. Root's gracious hospitality is well known.

Legion Auxiliary Treasury Is Aided By Card Party Series

On Friday evening, Mrs. Floyd Eckles, assisted by Mrs. Bertram Covard and Mrs. Harry Barnes, entertained about forty guests for the benefit of the American Legion Auxiliary. After a very delightful evening of cards, refreshments were served by the hostesses.

Mrs. Paul Wiedman was hostess at her home at two delightful afternoons of bridge for the benefit of the Auxiliary. These affairs and the bake sale held recently have netted a very nice sum for the treasury. Other plans are under way for raising funds for this organization.

Members are requested to keep an open date for the evening of May 29th, and attend the regular meeting of the American Legion and Ladies' Auxiliary at Jewell-Block Hall at 7:30 p. m. The entertainment committee, under the chairmanship of Evelyn Brookelhurst, are planning an evening of interesting amusement, and refreshments for both organizations. Members are asked to invite any eligible persons to come and see just what is being undertaken.

WELL KNOWN CITIZEN IS CLAIMED BY DEATH

J. F. Brown passed away at his home 376 W. Ann Arbor St., Wednesday morning, May 20th after a brief illness.

Jesse Frank Brown, son of Chauncey G. and Alvira B. Brown, was born in Dearborn township, Wayne County, July 9, 1875. On May 8, 1880 he was united in marriage with Miss Lillie Melstrom, who survives him. To this union four children were born, three daughters, Mrs. Fred Breslin, Mrs. Chas. Thumme of Plymouth, Mrs. C. S. Mundy of Phoenix, Arizona and one son, Elton C. Brown of Lansing, Mich.

An unusual feature of his life, to which he always referred with pride was the fact that over fifty years of his life, his home had been on the Ann Arbor road, having been born, lived and for the last fifteen years had lived at 376 W. Ann Arbor St., Plymouth.

He had spent his whole life in Wayne County, with the exception of two winters spent with his daughter, in Phoenix, Arizona.

Among his treasured possessions, were copies of two old newspapers, one a copy of the Detroit Free Press, over 100 years old, dated May 5, 1831, No. 1, and the other is the New York Herald of April 15, 1845 and contains a picture of the assassination of President Lincoln.

Mr. Brown was a kind and loving husband, father and brother, and by his many kindly traits, had endeared himself to many outside his own family. He leaves to mourn their loss, beside his wife and children, five grand-children, two brothers, W. C. Brown of Milford, Mich. and E. W. Brown of Farwell, Mich. and one sister, Mrs. Lena Looze of Plymouth, also many relatives, and a large circle of friends who will greatly miss a kind neighbor and friend.

Funeral services will be held (this) Friday afternoon at 3 o'clock from the home, the Rev. Ervin King of Detroit, officiating.

Two Hold-up Thugs Enter Guilty Pleas

Confronted by Ford Brooks, Plymouth justice of the peace, Night Officer Charles Thumme, their captors, and a dozen other witnesses, Donald Hewson and Albert Lesnew, Tuesday pleaded guilty in circuit court to the charge of robbing Matthew Powell on the night of April 30, while he was on his way home to Plymouth from Detroit.

The two stick-up men had planned to fight the charge in circuit court, but as the time for the trial arrived and all the witnesses including the two Plymouth men who chased them down and arrested them, were present and ready to testify, their attorney announced that their clients were ready to plead guilty.

The pleas were accepted by Judge Marcher who decided that he would not immediately impose sentence. These are the two stick-up men that for a number of nights created considerable alarm by holding up people just on the outskirts of Detroit, using a sawed-off shot gun in the hold-ups. Their capture was the result of quick and daring work on the part of Justice Brooks and officer Thumme.

Pioneer Families Highly Prize First Issues of Free Press

The article in last week's issue of the Plymouth Mail pertaining to the old copy of the Democratic Free Press, now the Detroit Free Press, owned by James Roe, has brought forth the fact that within the vicinity of Plymouth are two of the first issues of the Detroit Free Press.

One is owned by Mrs. Samuel Spicer and the other is owned by Mrs. Fred Geney. Mrs. Spicer's old Free Press came down to her from her grandfather, A. Y. Murray, who was a representative from this district in the old territorial legislature that sat in Detroit at that time, then the seat of government in Michigan. She also has another old Free Press published on April 13, 1836. The first Free Press was published on May 5, 1831.

The Spicers also have in their possession the original deeds to their property that was granted to the family by Andrew Jackson at the time he was president. They also have another land grant that was signed by John Quincy Adams. The eighty acre farm that was deeded to Mrs. Spicer's grandfather in the northwest corner of Canton township, has been their home for a great many years.

Mrs. Geney's first Free Press came to her from her grandparents who were among the first settlers in the Newburg locality. Mr. and Mrs. A. J. Norris, the Norris family was for a great many years one of the well known pioneer families of this locality. Needless to say both families highly prize the copies of the Free Press that are now over a century old.

Miss Wagenschutz Weds Chester Dix

A very pretty wedding took place in Detroit, Saturday, May 16 at 2:30, when Miss Dorothy Wagenschutz, daughter of Mr. and Mrs. Frank Wagenschutz, and Chester Dix, son of Mr. and Mrs. Oliver Dix, of Selma, were united in marriage by Rev. B. J. Holcomb, formerly a teacher in the Plymouth high school. They were accompanied by Miss Grace Smith and Milan Frank.

The bride was attractive in a gown of ivory satin with shippers and hat to match and carried a bouquet of tea roses and sweet peas. The bridesmaid wore a gown of white, yellow and blue. Following the ceremony, a wedding supper was served at the home of the bride's sister, Mrs. W. E. Huber on the Plymouth road.

Mr. and Mrs. Dix will make their home for the present with the bride's parents at 795 Forest avenue. Their many friends wish them a long and happy wedded life.

WEST POINT PARKERS LEAD IN A.A.A. LEAGUE

West Point Park is still leading in the A. A. A. League, having defeated Royal Plunkin Co., 8-3, Sunday. They have played three games and won all of them.

Hartner, West Point Park's pitcher, held Regals down to eight hits, not allowing Bobby Veach, formerly of the Tigers, to get a hit; he hit into two double plays and hit to short stop once, and was thrown out at first.

ROCKS GET THE FIRST TRIMMING OF YEAR

The Todd's All Stars took the undefeated Rocks down for their first defeat of the season Tuesday night, by the score of 7 to 2.

NO EXTRAS TO BE CHARGED BY LOCAL POLICE

Local Automobile Drivers Will Be Pleased Over This Bit of Good News.

Here is good news for the motorists of Plymouth! When you go down to the village hall and make application for the new driver's license that you will have to get in accordance with the new state law that has been signed by the governor, you will not be assessed an extra 25 cents by Chief of Police Vaughn Smith or any other employee of the village for the notary fee that is required.

All you have to pay is the \$1.00 required under the state law and the five cent mailing charge that is required to mail the application back to Lansing. The plank is a large one and the village officials and police chief feel that applicants should pay for their own stamps.

The village will receive back from the state a certain portion of the dollar sent to Lansing with every application, the new law requiring that 15 cents of each dollar be returned to the village or city from which it is sent.

In many places the cities and villages are charging an additional 25 cents for the notary fee, making applicants for driver's licenses pay \$1.25, plus the mailing charges.

Secretary of State Frank Fitzgerald when advised of this action on the part of many communities, immediately sent out a statement to the effect that this additional charge was not intended by the state and that it was the request of Lansing officials that only the \$1.00 charge provided in the new law be made.

Chief Smith has already sent to Lansing a fairly large number of applications.

Operators' licenses issued prior to Jan. 1, 1925, will expire in October, this year; those issued between Jan. 1, 1925 and Jan. 1, 1928, expire in one year, and those issued subsequent to Jan. 1, 1928, in 18 months.

Persons now holding operators' licenses will be re-registered without examination unless it appears on the face of the application, or from the statement physical or mental condition of the applicant, that the person applying is incapable of driving a motor vehicle in such a manner as not to jeopardize the safety of persons or property.

Applicants who have no license must be examined, the bill provides. Sheriffs, chiefs of police, their deputies and other authorized representatives will be the examining officers, acting for the commissioner of public safety.

No license will be issued to any person under 14 years old or to any chauffeur under 18 years old.

If there is any doubt about your driver's license, it is the request of Chief Smith that you consult with him about it.

PLYMOUTH LEAGUE OF WOMEN VOTERS LEAD

One of the most interesting and enjoyable meetings, the Wayne County League of Women Voters has ever planned, was held at Dearborn, Friday, May 15.

In the morning 150 women gathered at the Episcopal Church House where Mrs. D. A. Bentley, Wayne County president, received them with a warm welcome. An instructive talk by Miss Harrison, secretary of the National League of Women Voters, opened the program. Miss Harrison told of the aims and the program as planned by the National League and the manner in which each local league may cooperate.

A delightful skin on the World Court presented by Monarch C. Courtwright, chairman, and the committee on international cooperation to prevent war, bringing forth many arguments in favor of the World Court, was well received.

A delicious luncheon was served at 12:30. Following this the women drove to Greenfield Village, where they were divided into small groups and conducted through the interesting buildings there. From the time the women were shown through the first building until the conclusion of the lecture on Thomas Edison and his achievements, by Frances Jehl, in the Thomas Edison laboratory, they were filled with admiration and wonder at the work accomplished there. Mr. Jehl in his concluding remarks, said: "You are seeing only the beginning of the work planned in Greenfield Village."

The Plymouth League won first honors for attendance at this meeting, having the largest representation of any league in the County. Those who attended were Mrs. Mary Hillmer, Mrs. Hattie Baker, Mrs. Henry Baker, Mrs. Paul Wholman, Mrs. George Gramer, Mrs. Wm. Peitz, Mrs. Frank Miller, Mrs. Paul Nash, Mrs. Robert Hill, Miss Con. DeWitt, Mrs. Sara Pelham, Miss Lina Durfee, Mrs. Sara Armstrong, Mrs. Evelyn Lath, Mrs. L. House, Mrs. LeRoy Naylor, Mrs. Henry Wright, Miss Bertha Warner, Mrs. Warner, Mrs. W. R. Freeman, Mrs. Van Polpin, Mrs. Mary J. Shearer, Mrs. Norris Hunt and Mrs. Charles O. Ball.

WILL IT PAY?

As a general rule American people are exceedingly charitable. In times of distress it is amazing the way the public opens its pocketbook to give towards the relief of sufferers. Not only have the unfortunate of our own country been cared for in times of need, but the countries in all parts of the world have at some time or other felt the benefit of America's great charitable spirit.

But we wonder if this willingness to give on the part of thrifty Americans is not going to lead to the creation of a group in America that will think it entirely proper and right for them to eke out an existence from the alms of the thrifty?

This idea is almost daily strengthened by the discovery of authorities in Detroit and elsewhere of people who are being cared for through charitable agencies that are not entitled to public aid—in fact it has been found in many cases that charity funds have been used for illegal purposes. The public is providing food, clothing and shelter for many unworthy of the aid given. The police in numerous cases have discovered where these recipients of charity funds spend money in ways that the average person of thrift would not think of doing in "close times."

Will not a continuation of this liberal aid on the part of the public lead to the permanent aid of many who, if forced to provide for themselves, would probably do so? And we wonder, too, if there are not thousands of people throughout the country who are not taking advantage of America's charitable spirit?

ADVERTISE IN NEWSPAPERS

At a meeting of Michigan Retail Dry Goods Association held in Detroit recently, G. R. Schaeffer, publicity director of Marshall Field and company, Chicago, told the delegates that newspaper advertising has proved the most effective publicity for his company. "You are familiar with Ralph Waldo Emerson's, 'If a man makes a better mouse trap, the world will beat a path through the woods to his door,'" he said. "The trouble is that the world has not sufficient time to find that path. Advertising is the logical short cut. The newspapers have succeeded in building and retaining the keen interest in practically every one of the 30,000,000 families in the United States," he said. "They reach the public on such a scale of magnitude that they can afford to distribute the merchant's publicity at a lower cost than through any other medium."

WHAT A SHAME

Jerry Buckley was long regarded as one of Detroit's most popular radio announcers. His popularity was due to a very great extent to his apparent interest in good government and charitable enterprises. Then he was killed by "racketeers." For a time everyone thought him the victim of those he had apparently opposed because of the law-breaking business they were in. Information that has been revealed during recent months has proven a sting to the dead man's admirers—and what a shame.

QUITE SO! QUITE SO!

The other day a nice old lady brought a lot of magazines to a veterans' hospital and passed them around. One poor cripple got The Saturday Evening Post, but it didn't do him any good. He couldn't lift it high enough to read it.

A sufferer in the next bed got a copy of the Dial, but he couldn't read it. The pages had never been cut.

A sergeant was handed the Atlantic Monthly. Pretty soon he had to ask for a dictionary to interpret it.

A little way off a happy-go-lucky bum got the American Mercury. Before supper he had complained about the food, the service, the heat, the bed, and the divinity that shapes our ends.

Then someone got Physical Culture. He fell out of bed and broke his arm trying to do flexing exercises.

The poor bird who got the Love Story magazine spent the afternoon ringing for the nurse and trying to hold her hand.

One unfortunate got hold of The Nation. When he found out that practically nothing is right in the world, he sobbed himself to sleep.—The Kalends.

HE IS RIGHT

Editor Hiram Johnson in a recent issue of his Saranac Advertiser discusses crime conditions in Michigan and declares that some steps should be taken to remedy prison conditions. In part he says:

"Michigan will classify its prisoners and give the first offenders an opportunity to reform and cut out the luxuries and palaces for the hardened criminals and make them understand that they are being punished because of the crimes they have committed, we would have a big reduction in the population of our prisons. We do not mean by this, an inhuman punishment should be inflicted, but that our prisons be made less inviting as a good place to live and enjoy the fruits of their law-defying lives."

"At the same time our courts and juries should be made to understand that they have a plain duty to perform and that they will be held strictly to account for official acts. This is the only way we will ever check the crime wave and restore to the courts the confidence they should have."

A NEVER-ENDING JOB

Village officials and the Chamber of Commerce that backed the clean-up campaign started a couple of weeks ago are to be commended for the interest they displayed in such a worthy project. Many loads of refuse were disposed of and a number of unsightly spots made more attractive. But a clean-up campaign should not end at a stated time, and the suggestion of the village manager and secretary of the Chamber of Commerce that it be continued during the entire summer is an excellent one. Plymouth is one of Michigan's most beautiful little cities and it can be made more attractive

as time goes on. A constant "clean-up" is one of the ways to bring out that something which makes a community so attractive to the outsider.

SAVE THE MONEY

Governor Wilbur Brucker has stated that he proposes to call the legislature back late in the summer or early fall to pass legislation providing for increased revenues for the state. He believes that possibly at a special session devoted entirely to a discussion of the tax problem something can be done for the benefit of the state. We agree with the governor—providing some tax reduction program can be framed in advance. It is useless to call the legislature back and let the members discuss a hundred or more different ideas as to what should and should not be done. The Governor should place before the legislature some definite tax reduction program if he calls it back into an extra session.

FOR WANT OF A NAIL

"For want of a nail the shoe was lost;
For want of a shoe the horse was lost;
For want of a horse the rider was lost;
For want of a rider the battle was lost."

These lines were written long ago, but the moral of the missing nail is just as true in these days of business depression, when only the very fittest will survive the struggle for existence.

Any business is essentially a matter of taking care of many details. If we do not "put all the mails in all the shoes" we are licked before we get started.

Whatever we do, and all that we do, let us do right, and do not let us forget that the main road to success is in the Land of Self.

INKSTER HAS TOUGH JOB

The precarious position of Inkster's finances has at last come to light. But, alas, darkness had to be made to impress upon the people and their government that they must take steps to cut their operating expenses to the bone. The Detroit Edison company has shut off their lights until the village is able to pay \$8,000, seven months' light bill.

Perhaps the Inkster residents have not been taking their conditions seriously and perhaps they have been trying to smile in the face of adversity. But regardless of the front which they have been attempting they must now get down to "brass tacks" and prepare to put their village on a firm financial basis.

Public improvements and the raising of the standard of living in a community is fine but to do this and sacrifice financial firmness is folly. Inkster, if it is to remain as an incorporated village, must slash operating expenses at every turn. It must demonstrate to neighboring communities and the state that it can conduct its affairs to the betterment of its corporate entity. William Klamsor in The Dearborn Press.

FOLKS ARE STILL LIKE SHEEP

Some two thousand years ago the Master of Galilee in speaking of His contemporaries, addressed them in language they could understand. He often referred to people as a flock of sheep and their spiritual leaders as shepherds. It was a time and place where flocks of real sheep were common and shepherds about as numerous as chauffeurs today.

We can, in a different sense, speak of folks as sheep today, when we discuss economies. The business of life has become so intricate, so enmeshed in world conditions, so confused by human desires and manufacturing manipulation, that the populace can be likened to flocks of sheep. And their leaders have proven themselves incapable. The economic shepherds have led their flocks astray. And like little Boy Blue, they are searching for their flocks, for the little lambs of prosperity and do not know where to find them.

This is all written chiefly in the aim of establishing the fact which all are gradually coming to appreciate—our business leadership must be better. With so many flocks sheared of their wool, it behooves the sheep to employ the brains with which they were endowed in an effort to determine upon the kind of shepherds they shall follow in the future.—F. W. McGriff in The Redford Record.

RISE OF A BARMAID

Some years ago Rachele Agostini was a comely barmaid in a modest Italian tavern. She had also been a worker in the fields, a shepherdess and a household servant.

While a barmaid, her employer warned her against her attachment for his son, saying: "Do not let yourself think of him. It would be better that you should die. Married to him you would have no happiness."

But Rachele had a will of her own and despite the warning of her prospective father-in-law she married his son. It has turned out that she might have done worse.

Although she has seldom been in the limelight, she is credited with having a hand in shaping her country's affairs.

Once she secured the pardon of 300 anti-Fascist exiles through her influence with the dictator, Benito Mussolini. And how did this former barmaid obtain such sway over the master of all Italy?

One explanation is that she has tact and good judgment. Another is that she is his wife.—Fred Keister in The Julia County News.

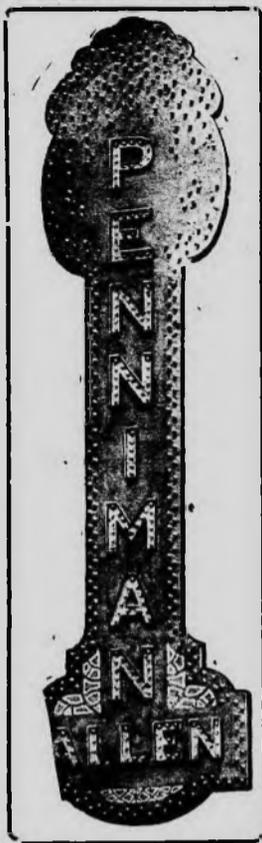

CHASE THEM OUT!

Newberry folks could have entertained a couple of communist propagandists in an open air public meeting in that village on May day had the village council not got hard and refused them permission to use the park for their meeting. It is time all the towns and cities of the upper peninsula of state evidence the same kind of hardness showed by the Newberry city dads and refuse to further tolerate that class of people in their midst. For many years the upper peninsula was overrun and harmed by members of the I. W. W. drawn there by lumbering and the mills and the mines. Now we don't hear of another dangerous enemy lurking in our midst, the Communists. Better send them back from whence they came to lock them up and keep them locked up.—Al Webster in The Cheboygan Observer.

Have you a lot or house to sell or exchange? Why not let the people of Plymouth and surrounding territory know about it—advertise it in the Want Ad Columns of the Mail—the cost is little, the results are big. Just bring the ad in or telephone number 6 and ask for want ad taker.

You aren't yet a real success unless crooks offer you something free for the privilege of using your name as bait.

Baby Girl
Again we have the pleasure of announcing the congratulations of all this time to Mr. and Mrs. Harvey Coniam, 9018 Pembroke Road, upon the safe arrival of a baby girl, 8 pounds 4 ounces, on the seventh of May, at 12:50 p. m. They have given the name Margaret Helen, a pretty name for a beautiful baby girl. The Coniam boys gave a great reception to mother and sister upon their arrival home last Sunday.

Nurseryscaping
Supt. Alfred Honke and the Land Company's Landscapers have been busy as a one-armed man with the seven-year itch digging holes and hauling peat, black dirt and hauling away sods and red dirt for Neighbor Doug Ogden, Esq., and his nurseryscapists from Rome, to plant this largest planting ever attempted in these parts. The gate fronts have been nicely set in with a varied assortment. The new 115x10-ft. beds to the south of the gates have also been set in artistic fashion.

Yacht Wayne! (W Y I)
Prior to the last Boy Scout meet of the Plymouth district, the Wayne boys issued a challenge to the ultimate winner, which happened to be Rosedale, as everyone had expected. So then it remained for the RY-1 to do their very best to win, but as it now stands WY-1 is champion of the two districts by actual count.

Last Friday, the 15th instant, troops from Wayne County Training school, Northville, Plymouth, Belleville and

Rosedale Gardens, all met in the auditorium of R church, and before huge delegations from all over, crowding the hall to capacity, the teams of Wayne, Rosedale Gardens and Belleville proceeded to do their stuff. Naturally being so closely contested, the judges had to get hold of a Phila, lawyer and a certified acct. to count the score. However, after much delay and deliberation and scratching of heads and noses, the venerable Mister Hobener announced the final score to be Wayne, 37.5 points; Rosedale, 32.5 points; Belleville, 25.0 points.

The W. C. T. U. led in Yacht for each event, and everyone joined them in cheers for Wayne—a good clean bunch of boys that well their city may be proud of. Our boys are planning revenge, so look out everybody.

Put-In-Bay
is the objective of 3100 Boy Scouts from this area on June 13, 1931. Several of Rosedale boys are going. There will be events going and coming, with prizes and ceremonies when they get there.

District Commissioner William Hodson, Jr., has the available tickets, so if you have neglected to obtain yours, better do so at once, as only 3100 are permitted on the steamer. One boat, one trip, and ONE BIG TIME!

Fire
did considerable damage to the Bond's home, 9815 Ingram Ave., at 4:00 ante meridian last Friday. Of unknown origin, the conflagration probably started in the basement, it cut its way to the living room before smoke waking

Mrs. Bond, who turned in an alarm, then the Land Company's Fire Brigade soon had the blaze out, but not until considerable damage to furniture, rugs and fixtures had taken place.
Now the painters have another job after the carpenters are through exchanging some new wood for old.

Burned
One Thomas Jefferson (Jack) Hayden is now a game sufferer from severe burns about face and hands, as the result of fly test gasoline mixing with flame whilst Jack was in the act of refueling his oil stove. Now T. J. H. is recuperating in Wayne hospital, and brother Joe has had to hire another hobber, by name Charles (Chuck) Norton.

Everything is growing nicely now, and even hair, as Joe says, with warmer weather the lawn isn't the only thing to get a trimming.

Dancing Dolls
under supervision of their instructor, Miss Ethel M. Bolden were at it again last Saturday in the kindergarten room of R school. A large audience saw the kiddies all dressed in appropriate costumes for the baller.

ROSEDALE SCHOOL NOTES
Fifteen people from the second and third grades received badges for being safeguarded against smallpox and diphtheria.

There were also fourteen who received badges for being on the dental hour roll.

When Hoffman has been neither absent nor tardy during the past school year, James Cantwell and Shirley Proctor deserve honorable mention.

Sixteen were promoted from the second grade to the third.

Seven were promoted from the third to the fourth grade.

Fourteen children who had attended kindergarten the past year, were promoted to the first grade.

Thirteen were promoted from the first to the second grade.

Numerous badges for health, teeth, posture and safety were given out at Rouse Park on May Day.

The pupils in the fourth and fifth grades are pleased with their health record for the year 1930-31. Sixty-three per cent of the pupils who had the health examination had No. 2 markings, and carried flags in the Health Parade on May Day. 98% of the pupils received badges for weight, 93% for posture, 93% were safeguarded against diphtheria, 97% against smallpox, and 87% had the Schick test. Nineteen pupils received dental badges, and five received cassettes for tooth and vision corrections.

Sixth, Seventh, Eighth Grades
Many happy events have happened this month. Our May Day was one of them. All the schools of Zone B met at River Rouge park on May 13, where a very splendid program was given.

Many of the pupils have earned badges for posture, dental and safety. On examination day, Thursday, May 14, all the seventh and eighth graders of Wayne County rural schools took examinations to complete their seventh and eighth grade work.

The children are busy making posters to be on an exhibit at Elizabeth park.

The only way to play life safe in any sphere of life is to work hard. Good fortune is comparative and on the darkest day you can find satisfaction in the report of worse weather, somewhere else.

NEWBURG

The Gospel Crusaders, Miss Helen Riggs, evangelist, and Miss Margaret Cochran, song leader, had charge of both services last Sunday. The young people's choir in the evening is a great help to the services. People were there from Beech, Perrinsville and Plymouth in the evening. Afternoon meetings were held at 2:00 p. m. for the children. An all day meeting will be held this Friday. Services every evening, commencing at 7:30, excepting Saturday evening. Continuing all next week until the 31st of May. Everyone urged to attend.

Mr. and Mrs. Leo Douglas spent Saturday afternoon and evening at the home of Mr. and Mrs. James McNabb.

Mr. and Mrs. Jesse Thomas entertained Mr. and Mrs. Ed Brown of Ypsilanti, over the week-end.

John Blair, after spending the winter in Texas returned home last week. Rev. and Mrs. Wm. Johnson were Monday morning callers at the Ryder home.

Mrs. Thomas and daughter, Mrs. Robert Schmittling called on Mrs. Thomas' sister, Mrs. Dan Defour, in Northville, Monday.

Leigh Ryder and mother called on Mr. and Mrs. Frank Ryder at Salem, Friday evening.

Mr. and Mrs. Edgar Stevens spent Sunday at the home of the latter's parents in Chelsea.

Clark Mackinder returned home with his daughter, Mrs. Norris at Strathmore to stay for a while.

Meslames Ryder, Clemens, Thomas and Lydia Joy attended the missionary tea at the M. E. Church in Plymouth, Wednesday afternoon.

Last Thursday evening the P. T. A. held their last meeting and pot-luck supper. Mr. Schofield, teacher in the Fisher school, led in recreation games.

A last day of school picnic was celebrated Saturday, by a ball game between Fisher school and Newburg. They also had races to determine who would take part at Elizabeth Park in June. Ice cream and cake was served.

Miss Margaret Clemens is spending the week with her aunt, Miss Elizabeth Mattheson in Detroit.

Mr. and Mrs. Wm. Smith visited their cousin, Mrs. Kate Eldrid in Detroit, last week Wednesday.

Mr. and Mrs. Horton and son of Detroit, called on Mr. Horton's parents, Sunday afternoon.

PERRINSVILLE

Mrs. Peter Kubie and Margaret were Detroit shoppers, Monday.

Mrs. Bertha Roddenberg called on her brother and family, Mr. and Mrs. Fred Theil, of Garden City, Friday.

Callers at the Kubie home during the week were: Mr. and Mrs. John Kubie, son, Frank, Mr. and Mrs. Robert Avery and family of Wayne; Rev. George Mackels of Detroit; Mr. and Mrs. Henry Kubie and family of Merriman road, and Mr. and Mrs. Fred Macklenberg of Wayne Road.

William Beyer was a Plymouth and Wayne caller, Monday.

Mrs. Peter Kubie and Margaret attended a Mother and Daughter banquet at the Second German Baptist Church, Detroit, Tuesday.

Lavrouse Champagne of Saline, spent Sunday with his aunt and uncle, Mr. and Mrs. Paul Ossemacher.

Mr. and Mrs. Edward Sell, Mrs. Ella Adams and family called on the Kubics, Sunday.

Ralph Napier of Novi, spent Sunday afternoon and evening with his friend, Henry Sell.

Mrs. Henry Kubie of Merriman road attended the funeral of Mrs. Hannab Corkery, a former resident of this place, at Wayne, Friday. Mrs. Corkery died suddenly at Palo Alto, California.

HANFORD CORNERS

The children of the Hanford school attended the "Health Parade" at Northville, Monday.

Mr. and Mrs. John Losey and son, Luther, spent Tuesday evening with Mr. and Mrs. Milo Corwin and family.

Mrs. Bert Shuart visited her mother, Mrs. Ed Shuart, Saturday.

Mr. and Mrs. James Heurl and family of Ypsilanti, visited the former's

aunt, Mrs. Norman Hawker and family Sunday.

Mr. and Mrs. Chancey Shoebright and two daughters of Northville, were Sunday dinner guests at the Orwin home.

Miss Viola Corwin, a student at the Roosevelt High School, won second prize on a poster contest for the sale of poppies.

Mrs. Clare Dufree and son, Ray, of Detroit, visited Charles Blackmore, Sunday of last week.

Mr. and Mrs. Robert Banks called on Mr. and Mrs. Harley Jensen at Ypsilanti, Sunday.

Mr. and Mrs. Norman Hawker and family were Sunday dinner guests at the home of Mr. and Mrs. Martin Heurl at Whitaker, last Sunday.

It must make a foot feel especially downcast, while having the shot picked out, to realize that it looked like a rabbit.

NOTICE TO TAXPAYERS BUDGET HEARING

Notice is hereby given that a public hearing will be held on the general budget for the Village of Plymouth for the fiscal year beginning April 1, 1931 and ending April 1, 1932. Said public hearing will be held in the Commission Chamber at the Village Hall from one o'clock until five o'clock in the afternoon of Monday, June 1, 1931. Any citizen interested in the budget may appear at this meeting where ample opportunity will be given to participate in such hearing.

L. P. COOKINGHAM, Village Clerk.

The tumult and the shouting die; the heroes and the crowds depart. Still stands the big game's sacrifice—a crippled back and leg and heart.

The Uptown Flower Shoppe

Flowers For Decoration Day

MAY 30th

Come in and look over our large assortment of cut flowers, Potted Plants, Bedding Plants and our large assortment of wreaths. We also fill urns, hanging baskets, and porch boxes. CATHOLIC NOTES
Instructions Saturday morning at 9:30 a. m. All the children please be present, especially First Communicants.
Sunday is Communion Sunday for the children.
Next Wednesday, Friday and Saturday are Ember Days. By special dispensation Saturday being Decoration Day, meat may be eaten at all meals.
The boys play baseball next Sunday afternoon at three o'clock, at Newburg. Father Lefevre is slowly improving from his illness.

EPISCOPAL NOTES
Whitsunday
Sunday is the Feast of Pentecost, commonly called Whitsunday. It is the birthday of the Christian church, the beginning of its power through the presence of the Holy Spirit. Surely a great day, of tremendous significance! For spiritual power is not a thing of the past, but an eternal reality wherever Christ is found. And if there is anything which men and women need today it is this—strength and stability of character and peace of soul. Such are the gifts of the Spirit. Each may rediscover them for himself.
The Holy Communion will be celebrated at eight o'clock and again at ten o'clock on Sunday morning, providing ample opportunity for everyone to make his communion. Christ bids you "Come!"
The Bible reading assignment for the members of the Junior Brotherhood is in chapter thirteen of the Gospel according to Matthew. Write in your own words the story and meaning of the parable of the sower, or the parable of the tares. Remember your personal work.
Owing to the shortage of transportation facilities the trip to the cathedral was given up last Sunday, so our church school was unable to send representatives to the children's service. A little more cooperation on the part of parents is needed if such activities are to be made possible for the children.

ROSEDALE PRESBYTERIAN
The sacrament of the Lord's Supper will be observed the first Sunday in June.
Children's Day will be celebrated in June and an opportunity given for the baptism of children.
The Mother and Daughter banquet was a huge success. The crowd was

big; the food, fine; the program well planned. Yes, the fathers were there, too, and enjoyed the food from the kitchen to the tables without a single casualty.

BAPTIST NOTES
Sunday, May 24th, Pastor Neale's messages will be as follows: 10:00 a. m., "A Rich Poor Man," a study of Matthew chapter 19; 7:30 p. m., "Great News," a sermon based on the first chapter of Colossians. There will be several baptisms during the evening service.

Mrs. Field's class and Mrs. Columbus' class will hold a bake sale at 576 Starkweather Ave., next to Plymouth Purdy Market, this Saturday, May 23. Young People's meeting is growing in life and service. All young folks are invited to attend this important meeting at 6:30 Sunday night.

PRESBYTERIAN NOTES.
The Ready Service class had a very happy meeting at the manse on Tuesday of this week. Dinner was excellent as usual. After dinner, Mrs. Draper, the president, called the meeting to order and the reports were presented and business transacted. The meeting was then turned over to Mrs. C. D. Weaver and Mrs. Karl Starkweather, the program committee and a very interesting program followed.

Mr. Nichol leaves Monday, May 25th, for Pittsburgh, Pa., where he will attend the Pre-Assembly Conference on Evangelism and the General Assembly of the Presbyterian Church in the United States of America, which meets from May 28th to June 3rd.
The Mission Study class will meet on Tuesday of next week, May 26th, at the home of Mrs. G. A. Bukewell, Plymouth Road. Supper of the usual cooperative kind will be served at 6:30 p. m. This will be followed by the business and program meeting of the class.

Christian Science Notes
"Mortals and Immortals" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, May 17.
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For as many as are led by the Spirit of God, they are the sons of God" (Rom. 8:14).
The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. Immortal man is not and never was material, but always spiritual and eternal" (p. 336).

Home is a place where you can dine on scraps for supper and know it.
Efforts to slash the 1931 budget, \$20,000, have been nearly accomplished although the special budget meeting has not been held.
Delinquent taxpayers, who have not been able to pay the levies, are now making an even greater effort to make the payment in order that this money may be turned back to the village by the county for prison use. The more than two-third delinquency in Inkster is sufficient proof that the village has been one of the hardest hit in the metropolitan area.

First Presbyterian Church
WALTER NICHOL, M. A., PASTOR

10:00 a. m. "My Times".

7:30 p. m. "Service in the Spirit".

11:30 a. m. Sunday School.

"HOW WE GOT THAT WAY"
By Wyatt Stated

THE FIRST FIRE HOSE — WAS THE INVENTION OF AN EARLY EXPLORER, WHO GOT THE IDEA WATCHING A TRAINED ELEPHANT PUTTING OUT A FIRE IN A NATIVE'S GRASS SKIRT.

MUD IN YOUR EYE — WHEN THE HORSEMEN USED A DRINKING-HORN, THE TIP WOULD OFTEN SCRAPE MUD OFF THE SOD ROOF WITH RESULTS AS PER THIS SAYING.

AN APPLE A DAY — KEEPS THE DOCTOR AWAY — ORIGINATED WHEN A QUACK DR. WAS ASKED TO LEAVE TOWN AND EVERYONE CONTRIBUTED ONE OVERRIPE APPLE.

You might easily have difficulty in believing the above, but you'll have no difficulty in believing our claims for both dependability and service in fertilizers and building supplies. We have been serving Plymouth folks satisfactorily for the past 8 years.

Inkster Folks in "Economy" Drive

Although lanterns and flashlights can be discerned flickering in the night's darkness of lightless Inkster village, residents of the little town whose government finances are not just what one would desire, are bearing up nobly under the adverse condition and are co-operating with village officials in urging strict economy. The Detroit Edison company has turned off the lights because of inability to pay the bills.

Francis Fellrath, president of the village, in a recent statement, said that in no instance would he approve any expenditure of funds that was not absolutely necessary, and by "necessary" he meant that which must be spent for actual maintenance of the village.

Those who held police badges have handed them in, in compliance with the order issued by President Fellrath, and cost of policing the village has been decreased to the salary of one man, James Savage, who is employed as night watchman.

Chopier quarters to house the village offices are now being sought, and cuts in other departments are under way. The cost of maintaining streets is being reduced to a minimum without sacrificing adequate surface and the work which already has been done.

Efforts to slash the 1931 budget, \$20,000, have been nearly accomplished although the special budget meeting has not been held.

Delinquent taxpayers, who have not been able to pay the levies, are now making an even greater effort to make the payment in order that this money may be turned back to the village by the county for prison use. The more than two-third delinquency in Inkster is sufficient proof that the village has been one of the hardest hit in the metropolitan area.

Pay Teachers On Borrowed Cash

Farmington School District No. 3 will feel severely the "pinch" of non-payment of the 1929 school tax by Farmington Township for the first time this month, when it will be necessary for the Board of Education to borrow money to pay teachers' salaries. Money will undoubtedly have to be borrowed for each salary payment due the teachers the remainder of the year. However, enough funds are on hand to pay all current bills.

The Board, meeting last Wednesday evening, voted to authorize President Ross and Secretary Mrs. Lee to borrow the necessary money. The Farmington Board has passed a resolution to join the suit of nine other districts for money due from Township. Over \$10,000 is due District 3.

The meeting Wednesday evening was the last regular meeting of the Board for this school year, inasmuch as the annual meeting of the school district will be held the second Monday in June, on June 8.

POOR SLEEP DUE TO GAS IN UPPER BOWEL

Poor sleep is caused by gas pressing heart and other organs. You can't get rid of this by just doctoring the stomach because most of the gas is in the UPPER bowel.

The simple German remedy, Adlerika, reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect. You will say the day you read this was sure a lucky day for you. Boyer Pharmacy and Dodge Drug Co.

BUSINESS IS ON THE UPGRADE IN STATE SAY MANUFACTURERS

CONSIDERABLE IMPROVEMENT IS SHOWN IN ALL LOCALITIES IN PAST WEEKS.

Plymouth is the only place in Michigan that is able to report an improved business condition over a year ago. In the last issue of the Michigan Manufacturer and Financial Record is a general review of conditions about the state which provides considerable favorable information.

Reports during the first two weeks of May indicate that the month may set a new high mark for 1931 in earnings, employment and production for several of the state's industrial enterprises.

Employment in Michigan showed slight but continued improvement for the period ending April 15 compared with the month previous, the report of the state department of labor and industry reveals. The more than 10 per cent increase in pay rolls reported a month ago was sustained.

Thirty-one automobile manufacturers showed substantial increases for the April period. They employed 184,111 men in April compared with 181,352 the month before; had an aggregate weekly pay roll of \$5,503,333 compared with \$5,277,324; and paid an average weekly individual income of \$29.88 compared with \$28.85.

Pure Marmite handled 50,550 revenue freight cars in April, compared with 46,645 in March and 61,37 in April, 1930.

Federal building construction remaining to be done in Michigan amounts to \$11,230,000, included in which are postoffices at Detroit, \$5,650,000; Jackson, \$515,000; Lansing, \$870,000; Grand Rapids, \$300,000; Bay City, \$475,000; Battle Creek, \$230,000; Flint, \$165,000, and a variety of other similar projects.

Plant expansion that will make the foundry of the Saginaw Malleable Iron Division of the General Motors Corporation the largest malleable iron foundry in the world was announced this week by David O. Thomas, general manager.

Contractors were to be let and construction started at once on a new building and kiln that will increase the plant's capacity by about 50 per cent. The new construction will bring its kiln capacity up to that already attained by its furnaces and thus permit operation of the entire plant at full capacity.

At present the plant has a capacity of 50,000 tons of castings a year, while with the new kiln in operation it will be able to produce 75,000 tons a year, Mr. Thomas said. Since last September it has been running at its full present capacity and indications are that it will continue to do so, he said.

In April the plant shipped the largest tonnage of castings in its history and it is expected that its May shipments will equal if not surpass that mark.

Some increase in the number of men employed will result from the expansion, and there also will be an increase in the working hours of some of the plant's force of about 1,000 men, Mr. Thomas said.

Timken at New Peak
Marked activity in the automobile and motor truck industry is reflected in the announcement of P. W. Wood, vice-president, that May schedules of the Timken-Detroit Axle Company are the largest in volume since May, 1930.

Our business is showing an encouraging upward turn since April 1, Mr. Wood said. This is largely due to developments in the motor truck field, which is rapidly expanding its scope of freight transportation operations.

We also have received an order for 1,000 six-wheel through-drive, worm gear units for export shipment, one-half to be delivered this month, and the balance in September. This is the largest order for six-wheel units on record.

The Challenge Stamping and Porcelain Company, an outgrowth of the old porcelain and enamel department of the former Challenge Refrigerator Company at Grand Haven, has grown in three years from an experiment employing five men to an industry which has fifty on its pay roll, working night and day. It manufactures all kinds of porcelain on steel products and at present is filling large orders for the Alaska Refrigerator Company of Muskegon Heights.

The firm was started by Adrian Ringelberg, who had been with Challenge Refrigerator for 24 years before it closed. James W. Orr is one of the executives of the company. The field for porcelain on steel has greatly expanded due to the use of this material both inside and out in modern houses and hotels, refrigerators and also in the manufacture of various articles of kitchen furniture.

Luce Adding Workers
The Luce Manufacturing Company, Lansing, which equipped and organized the superior production of the old body plant of the Hugh Lyons Company, has business looked that will keep its present force of men busy for the next 60 days. More business is in sight, however, which promises to keep the plant operating at present capacity the remainder of the season.

The company manufactures special bodies, truck cabs, and truck platforms and was organized for the manufacture of truck bodies and equipment. Four large contracts were recently closed by the sales department. Eighty men are now employed in the plant, according to Homer D. Luce, general manager. The daily output is limited to about 60 per cent of capacity. The company recently called back a number of its old employees.

Divco-Detroit Corporation, manufacturer of milk delivery trucks, set a new sales record in April, exceeding its previous high sales month April, 1930, by 17 per cent, states John Nicol, president and general manager.

The Plymouth Piston Ring Company, Muskegon, has since the first of the year more than doubled its sales each month. This is partially due to the natural seasonal growth encountered at this time of the year and also partially due to the introduction of a new oil ring of the Panhard type to take care of 1931 requirements, according to C. G. Bigge, sales manager.

are not transmitted to the steering wheel and body. It is understood that the Reo Motor Car Company will soon announce two new 'Flying Clouds,' an eight and a six at the lowest price at which Reo Flying Clouds have ever been offered. It is said that the new models will feature sharp Vee-pointed radiators, one-piece fenders patterned after those developed in the aerodynamic laboratory for the Reo Royale, attractive body lines and performance.

General Motors Sales Up
Domestic and foreign sales of the General Motors Corporation to dealers during April aggregated 154,252 automobiles, compared with 150,661 in April, 1930. The total sales for March were 149,195 cars. Dealers in the United States during April sold 135,683 cars to consumers, an increase of 32 per cent over deliveries during March, which totaled 101,359. In April last year the dealers sold 142,004 cars to consumers, an increase of 15 per cent over the March, 1930, total of 123,781 cars.

Chrysler is turning out 7,800 units weekly, 2,800 being Dodge cars, 2,500 Chryslers, 1,300 Plymouth and 1,200 DeSoto. Hudson is turning out 2,500 Hudson and Essex cars weekly, and is making money on this volume, earnings for April being unofficially reported at \$500,000. Buick is turning out 3,100 a week, Graham 700, Olds 1,775, Packard 400, Reo 250.

Hupp's April shipments of 3,139 cars compare with 2,361 in March and 3,248 in April, 1930. Its May output will probably show a further gain. Oakland-Pontiac has scheduled 12,000 units for May, unchanged from April. Other operating rates, practically unchanged for a fortnight ago, are: Studebaker, 300 a day, five days; Willys-Overland, 600 a day, five days; Cadillac-LaSalle, 130 a day, five days; DeVaux-Hall, 4,600 scheduled for May; Auburn, 1,750 weekly.

Introduction of a four-cylinder car said to be devoid of engine vibrations will be made in June. It is rumored. The manner in which the vibration is eliminated is rather unique. It is understood that the motor has a floating suspension so that the vibrations

Don't wait until a headlight bulb goes out before you change it. Like other incandescent lamps, it blackens and grows dim before it ceases to function entirely.

Let's have a SHOWDOWN on this matter of TIRE Comparisons. WITH all the conflicting claims published about tires, it is obvious that misleading statements are being made. The only conclusion that you as a tire buyer can draw is that either we, as Firestone Dealers, are misrepresenting Firestone products, or that a certain mail order house is not telling the truth about theirs. Both can't be right—one or the other is misleading the public by their comparisons.

Firestone, in their advertising, only make comparisons that can be easily verified by the customer before buying tires. To attempt to substantiate the comparisons made by this mail order house, it would be necessary to go into a laboratory and employ experts.

The very reason that the comparisons made in Firestone advertising enable you to get the facts yourself, makes it unnecessary for Mr. Firestone to make affidavit on the truth of his statements or to file any complaint with the Federal Trade Commission, and then advertise it, in an attempt to lead the public to believe his statements were true.

Mr. Firestone doesn't ask you to accept comparisons about Firestone Tires and special brand mail order tires until you see the facts yourself. Neither do we. All we ask is that you make your own comparison.

We have cross-sections cut from special brand mail order tires purchased from stocks of mail order house and from Firestone Tires—no "tricky" or misleading comparisons—come in today and make your own comparisons for Quality, Construction, and Prices. YOU and YOU ALONE be the judge!

COMPARE CONSTRUCTION table with columns for Firestone Gives You and 4-50-21 TIRE. Rows include More Rubber Volume, More Weight, More Width, More Plies at Tread, Same Thickness, Same Price.

COMPARE PRICES table with columns for Oldfield Type and Anchor Type Super Heavy Duty. Rows include 4-40-21, 4-50-21, 4-75-19, 5-00-20, 5-25-18, 5-25-21, 6-00-20 10, H. D. TRUCK TIRES.

COURIER TYPE table with columns for size, Our Cash Price, Our Special Mail Order Price, Our Cash Price Per Pair.

Firestone BATTERIES. We sell and service the complete line of Firestone Batteries. We will make you an allowance for your old battery. Drive in and see the Extra Value.

Double Guarantee—Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and ours. You are doubly protected.

*A "Special Brand" Tire is made by a manufacturer for distribution such as mail order houses, all companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "first line" tires under his own name, Firestone puts his name on every tire he makes.

All we ask is—Come in and Compare!

RESOLUTION

Resolutions of Improved Order of Redmen, No. 7, Plymouth, Mich. Whereas, the Divine Ruler has called from our midst, our beloved Brother Floyd Cole, leaving to mourn their loss, a mother, father and sister, also wife, stepson and friends. Resolved: That we as a council extend to the family and friends our sympathy in this, their hour of bereavement and extend to them that consolation which warm hands can give, who feel that their loss is our loss and above all would we commend them to Him who doeth all things well. Therefore, be it resolved that the charter be draped in mourning for a period of thirty days; a copy of these resolutions be sent to the bereaved family and that same be placed on the minutes of our council, also that they be printed in the Plymouth Mail. Sleep that no pain shall wake. Night that no moon shall break. Till joy shall overtake Lies perfect calm.

COMMISSIONER'S NOTICE NO. 167340. In the Matter of the Estate of MARY E. FOOTE, deceased. I, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the Office of Brooks & Colquhoun, Plymouth, Mich., in said County, on Monday the 20 day of July, A. D. 1931, and on Friday the 18 day of September, A. D. 1931, at 10 o'clock A. M. of each of said days for the purpose of examining and allowing said claims, and that four months from the 1st day of May, A. D. 1931, were allowed by said Court for creditors to present their claims to me for examination and allowance. Dated 15 May, 1931. WILIAM A. ELY, Northville, Commissioner.

ADA DICKERSON BROWN

Ada A. Dickerson, eldest daughter of Mr. and Mrs. Wm. Dickerson, was born in Perrinsville, September 22, 1856. She received her education at local schools, and later at the Wayne County Normal School for several years in the vicinity of Wayne and Plymouth, and on August 22, 1878, was married to Ammon Brown at Perrinsville. To this union five children were born, all of whom survive. Two years after marriage, Mr. and Mrs. Brown moved to the farm a few miles west of Plymouth, where they made their home for more than thirty children were born, and where they years.

Fifteen years ago, they moved to Plymouth, where Mr. Brown died five years ago. Since that time, Mrs. Brown and her sister have made their home in the Schrader Apartments, spending much of the time with Mrs. Brown's children.

On April 18, after an illness of many months, Mrs. Brown passed away at the home of her daughter, Mrs. Harry A. Miller, of Williamston, Michigan, where she had been moved five weeks previously.

During her long residence in and near Plymouth, Mrs. Brown had made many close friends and had a wide acquaintance throughout the county. Her passing, though not unexpected, was deeply regretted for her warm friendliness, sincerity and never failing cheerfulness were a source of inspiration.

Send him a Fountain Pen as a hint to write oftener Fountain Pens of Standard Makes

and cheer to many, and she was a never-falling friend in need. She is survived by her five children who feel her passing keenly. They are Raymond A., of Greenville, Michigan; Mrs. Lela D. Miller of Williamston, Michigan; Howard W., of Detroit; D. Gilbert of Plymouth, and Olive Jane of Maupied, Ohio. She is also survived by 13 grandchildren, a brother, Day L. Dickerson of Farmington, and a sister, Mrs. Nettie Monahan, who for the past nineteen years has made her home with her. Mrs. Brown was for many years a member of the Presbyterian Church of Plymouth and so long as health would permit active in the church and in the Sunday school. Her funeral was held in the church on Tuesday afternoon, April 21, and she was laid to rest in Riverside Cemetery beside the husband whose life she had shared for nearly forty-eight years. Her inspiring life as guide, counsel-

OPEN EVENINGS

Goodwin Crumie has the contract for repainting the Wilson property on Deer street, which was recently damaged by fire.

Mrs. Amy McLaren has been spending a few days with her son and wife, Mr. and Mrs. George McLaren, in Detroit.

Mr. and Mrs. A. W. Nelson and daughters, Ethel and Dorothy of Pittsburg, were guests of Mr. and Mrs. L. D. Tallman, Sunday, at their home on Kellogg street.

Miss Luella Meyers, Miss Ruth Meyers, Miss Winifred Draper and Miss Gladys Hake were hostesses to the Thursday evening bridge club at the home of the latter's uncle, George Hake, on Plymouth road, last week.

On Tuesday evening, Mrs. Charles G. Draper invited friends from Detroit and Plymouth to the number of ten to dinner, in honor of Mr. Draper's birthday anniversary. Bridge was the diversion of the evening.

Mrs. James McKeever was the guest of her daughter, Mrs. George McLaren, in Detroit, a few days the latter part of last week, returning to her home on Ann Arbor street, Sunday.

Charles F. Hutchins and Miss Beulah G. Zizzo of Yale, were visiting friends in Plymouth, Sunday. Mr. Hutchins, who was formerly a resident of Plymouth, is assistant to E. S. Bankert, funeral director, at Yale.

Mr. and Mrs. George M. Hunter and three children of Port Huron; Miss Edna Tallman and John Tallman of Adrian, and Mr. and Mrs. H. B. Tallman of Tecumseh, will be dinner guests of Mr. and Mrs. L. D. Tallman on Kellogg street, Sunday. Mr. Hunter is managing editor of the Port Huron Times.

Mrs. Harry Barnes, Mrs. B. L. Correll and Mrs. Floyd Eckles entertained very delightfully ten tables of bridge and 500 last Friday evening at the home of the latter on Ball street, for the benefit of the American Legion. A delicious luncheon was served following the games.

The bridge dinner and personal shower, given by Mrs. William Wood last Friday evening at the Meadowbrook Country Club in honor of Miss Gladys Schrader, was a decided success. Places were laid for thirty guests at one long table which was made very attractive with lighted tapers in crystal holders, black and white dishes and black vases containing pink and white apple blossoms. Following several games of bridge, the bridge-deck was made most happy with a large number of lovely gifts.

Miss Olive Mae Merz delightfully entertained the Nu Phi Epsilon Sorority of Detroit, at her home on Plymouth road, at a six o'clock dinner. The color scheme of the decorations throughout the house on the tables was lavender and white. The sixty guests enjoyed a musicale in the evening, at which the following played: two numbers, on the harp by Miss Blanche Beausieun, two songs by Miss Rose Knight, two violin selections by Miss Zahra, two piano numbers by Miss Green and two pipe organ numbers by Miss Olive Merz.

The dessert-bridge given by Mrs. Robert Willoughby and Mrs. Harry Beck last week Tuesday at the home of the latter on Blunk avenue, was a most pleasing affair. The long table at which the guests were seated was very attractive, decorated in pink and white throughout, there being in the center a tall silver urn filled with pink and white flowers flanked by tall burning pink tapers and two small silver dishes filled with pink and white sweet peas. Those present were Mrs. Wynne Bartlett, Mrs. Paul Nutting, Mrs. George Chute, Mrs. Norman Petersen, Mrs. S. N. Thams, Mrs. Raymond L. Hills, Mrs. Chas. G. Draper, Mrs. M. W. Hughes, Mrs. Ray Johns and Mrs. Albert Steyer. Mrs. Bartlett received first honors and Mrs. Petersen second.

It won't do for a concern to merge. If there's no competition, who will pay the radio's adoid tenor?

PHIL GRENNAN ADDS FAMOUS BULL TO HIS LOCAL JERSEY HERD

DAIRY FARM OUT ON SIX MILE ROAD HAS SOME OF BEST JERSEYS IN COUNTRY.

The following article taken from a recent issue of The Jersey Bulletin, official publication of the National Jersey Cattle Association, tells of the sale of "Blonde Jester" by its Pennsylvania owner to P. H. Grennan, whose big Jersey cattle farm on the Six Mile road just north of Plymouth, is one of the most famous in the country.

The article follows: "Mr. L. B. Carter relinquished a defective plant in his own operations when the young bull 'Blonde Jester' passed into possession of P. H. Grennan. It was a peculiarly nice, blonde blood combination qualified him at birth for a place in the Oakwood Farm breeding scheme. His early development of a rare type and finish clinched the proposition. He was to follow the other blonde bulls in service.

"Mr. Carter has indeed bred a few cows to him. But appreciating the advantage to the blondes of playing so desirable a bull in Mr. Grennan's well-known herd, he allowed 'Blonde Jester' to go. It was very much of a consolation that he would be well cared for and his get tested, all of which reflects credit on the family he represents, which has been sponsored by Mr. Carter for ten years. The price was equitable.

"Blonde Jester goes into fast company, but we are assured he will measure up to the high standard at Farm Crest. Mr. Grennan sought a show bull, strongly fixed in production. 'Blonde Jester' individually is a picture, a really beautiful animal. The average record of the two blonde cows from which he derives a controlling blood influence is 736.00 pounds of fat, 235 days, averaging past twelve years of age.

"The Farm Crest herd owned by Mr. Grennan, numbers sixty-five head, practically all Island blood. Daughters of Oxford Sultan of Oaklands, Jersey Volunteer, Oxford Sultan's Imperator and Highland Lassie's Forward predominate. Register of Merit testing and showing keep the herd in the public eye and enable the management to correct faults, breed up, and otherwise make an ambitious progress. The record made here by Volunteer's Goldlocks placed her at the top of You'll Do's Volunteer's list in volume production of butterfat. Other cows of heavy production and the type represent some of the most prominent sires.

"Blonde Jester follows Highland Lassie's Forward in service and will be mated with a score of his daughters. Highland Lassie's Forward is a first-prize son of the Gold Medal bull Forward; his dam is a first-prize imported cow, and in her Register of Merit test made the uncommon average of 600 per cent butterfat. Compare this with Blonde Jester's double inheritance of the re-bubbling blonde influence, and it would be strange indeed were his daughters not to maintain an extraordinary fat percentage.

"Blonde Jester is 14 months old, was bred on the Island and imported in his dam. A youngster with wonderful head and top-line, solid color, and filling highest specifications as to

How To Make The Garden Flourish

"If you want the home vegetable garden to be more than a source of recreation," say leading plant physiologists, "Feed your vegetables."

Silicosis is surer the sooner we realize that plants are living, breathing organisms which grow and reproduce, and for full, vigorous development, they need a balanced plantfood. Unfortunately, most soils in cities and towns lack essential plantfood elements. The way to make up for these deficiencies, specialists say, is by systematic feeding with a complete plantfood.

The first application should be made before planting, at the rate of four pounds per hundred square feet. This should be followed up by additional lighter feedings of two pounds to every fifty feet of row, at four to six week intervals.

If you choose a complete plantfood made by a reputable manufacturer and follow the complete directions which come with each package, there's little need for you to worry about your carrots being all tops or your parsley all roots.

breeding and quality. The naturally clean lines about his throat, head and rump had not been spoiled by early over-feeding. He was not grown too fast. It is a practice at the Oakwood Farm to develop calves gradually, encouraging muscle, bone and vigor rather than fat. At maturity they are more satisfactory, a fact demonstrated in years of observation.

"Mr. Grennan and his superintendent, Mr. Denton, are well pleased with 'Blonde Jester.' He had considered half-a-dozen other bulls, none of which seemed to meet his requirements as to pedigree and production until he encountered 'Blonde Jester.' This fine-bred blonde bull fitted into the ideal to which Mr. Grennan is working. 'Blonde Jester' is sired by Royal Jester, he by Design's Fern Oxford, son of Brampton Oxford Blonde, who in volume butterfat production leads the daughters of Blonde's Golden Oxford per a Gold Medal sire. The dam of 'Blonde Jester' is Blonde's Algoma, seventh in the list of 'Old Blonde's' daughters in volume of butterfat—one of the finest cows ever owned by The Oakwood Farm.

"A quite complete sketch of the breeding of 'Blonde Jester' was published in The Jersey Bulletin of Jan. 7, 1931, with the accomplishments of his dam and other ancestors. Farm Crest has secured a sire with potentialities for exceptional performance. But there is disappointment among Mr. Carter's herdsmen, who share his feeling that oakwood gave up a valuable asset in the transaction."

Even Michigan Carp Go Good in The East

The lowly carp, refused by many on the grounds that it is unsavory, is now ranked among the foremost six important species of commercial fish in Michigan.

During 1930, according to figures compiled by the Fish Division of the Conservation Department, commercial fishermen in this state took 1,501,000 pounds of carp in the four Great Lakes bordering Michigan.

The catch of carp has been growing for the past three years after a slump in 1928. In that year 800,000 pounds were reported as taken in Michigan waters. The following year the catch had increased to 962,000 pounds. The amount of carp taken in pounds for earlier years was: 1924, 1,328,576; 1925, 1,629,569; 1926, 1,571,410; 1927, 2,304,909.

The only commercial species exceeding carp in the size of catches now are whitefish, lake trout, herring, suckers and chubs.

The carp is finding an increasing market in certain eastern states, particularly New York, and practically all of the Michigan catches are shipped there. Varying greatly with market conditions, commercial fishermen receive from four to eighteen cents a pound for Great Lakes carp. During certain seasons of the year, carp are shipped in the same manner as other species of commercial fish. However, during the summer months the catches from the nets are held in retarding pens until they are shipped alive by tank cars to New York. Such fish have a high commercial value.

The carp was introduced into Michigan water about 50 years ago. A few were planted as early as 1879. In 1881, 1,003 carp were distributed by the Michigan Fish Commission from the Pokagon Hatchery. Apparently the propagation of carp ceased that year when the hatchery was abandoned.

The fish is now found in large numbers in all of the Great Lakes and in many of the State's inland lakes. Lake Huron, with Saginaw Bay produced the largest volume last year, yielding 894,285 pounds. Lake Erie ranks second with a catch of 594,339 pounds; Lake Michigan fourth with 10,263, and Lake Superior with 2,043 pounds.

An American actress slapped an English critic "in the name of American womanhood." "Watch us dogs swim," said the flea.

A parachute is like a famous guy's publicity agent. It delays matters, but it doesn't keep you from coming down.

CENTRAL GRADE SCHOOL NOTES

The Daughters of the American Revolution, the Parent-Teachers Association and the Board of Education have given each room in the Central Grade School a lovely big American flag.

The children in Mrs. Root's room have finished their bird and flower books with two birds and two flowers. Group one has finished reading in the Elson Primer and has begun to read the Child Library Book. All of the children are trying to learn to write their own names.

In Miss Holmes' room the blue's side in spelling is about the reds. The blues had a perfect record last week. They have finished their nature study booklets. In reading they are reading "The Way to Travel."

Each person in Mrs. Atkinson's room will receive a button for banking one hundred per cent last Tuesday. The whole room had a perfect record in spelling for the whole of last week. The following will receive final certificates in remembrance: Emma Bridge, Marjorie Gordon, Marilyn Martin, Barbara Hubble, Dawn Jacobs, Eileen Tinkle, Ellen Mully, Patsy McKinnon, Arthur Strull and William Iudick. During the Thursday evening exhibition last week one hundred and thirty-nine people visited this room.

STUDENTS' WORK ON DISPLAY AT YEARLY EXHIBIT

An even larger and better display of the students' work during the past year greeted visitors in the auditorium and in the art and domestic art rooms during the annual school exhibition held May 14 and 15. All the different classes and some of the clubs had arranged clever displays in the auditorium. The Needlecraft club had a table full of new embroidery. The Girl Reserves and Camp Fire girls each had an attractive display. The hygiene table showed neatly made first-aid kits, while the English, civics, history, algebra, geometry, physics, commercial geography and commercial classes all had interesting and instructive layouts. In the center table was the clever general science and aircraft club display. The drama clubs had a table devoted to their work, and in addition, a miniature stage perfect in all details even to footlights displayed against black curtains in the gymnasium equipment room.

The entire stage side of the auditorium was occupied by the handicraft of the manual training classes. Almost all types were represented from a beautiful desk to a full-sized outboard motor boat. In the center of this display were the tables covered with the bird houses entered in the bird house contest.

On the second floor were the displays of the home economics and art students. In the sewing room all the

BOHEMIAN GLASS BLOWERS ENTERTAIN ASSEMBLY

The assembly was opened with an announcement of the school exhibit to be open Thursday afternoon and evening and Friday afternoon. Mr. Dykhouse said that the final school examinations would be given Thursday and Friday in Study 3. After an announcement of the baseball game Friday at Northville, Bobby Champe announced the freshman dance to be given Friday evening with the Blue Screamers furnishing the music.

Mr. Dykhouse then introduced Mr. Hamell, Bohemian glassblower, who gave a demonstration here six years ago. Mr. Hamell, aided by his wife, first formed a glass crane using no tools at all. He made a vase and a pitcher that was a copy of one found in a tomb at Pompeii. He told some things of the history of glass-blowing. He said that vases have been found that were made two thousand years before the birth of Christ, and are only improved with age. He made a tumbler about ten feet long, and said that with luck they can be blown twenty feet long. He spun glass and said it was so fine and soft that dresses and stockings can be made of it. After the assembly, rainbow-colored pens were given out.

House plans of ideal homes with selected furniture were shown in which the following art principles were considered: color, balance, proportion, repetition and rhythm.

SMALL CROWD ATTEND LAST SCHOOL DANCE

Because of the warm weather and the opening of the amusement parks, an unusually small crowd attended the last school dance given by the freshmen last Friday evening in the high school auditorium. Art Moer's six-piece orchestra, formerly known as the Blue Screamers, furnished the music. It was thought that the seniors would have a large representation as this was their last chance to attend an informal party; however, they had the smallest crowd of the four upper classes. The chaperons for the evening were Mr. and Mrs. Pierce, Mr. and Mrs. Buzzard and Mrs. and Mrs. Carmichael. The class did lose money, yet it can not be said that the dance was a financial success.

PITCHING HORSE SHOES NEW FAD IN PLYMOUTH HI

For the first time in the history of Plymouth High, horse shoes will take a part in class athletics. Two sets of shoes were bought by the Student Council, and as a result several boys are pitching shoes every noon. They are practicing for the horse shoe tournament that is to take place soon. There will be two tournaments for individual honors: one for a high school champion, and the other for a doubles championship as in tennis. Mr. Matheson is also working on a plan in which there will be competition between the different classes. Many boys are interested in this new sport, and it is expected that many good players will be developed in this way. The pitching will be carried out by the following rules:

- 1. A regulation game shall consist of 21 points.
- 2. A game is divided into innings, and each inning constitutes the pitching of two contestants.
- 3. A shoe must be within six inches of the stake to score.
- 4. Closest shoe to stake scores 1 point.
- 5. Two closer shoes than opponents scores 2 points.
- 6. One ringer scores 3 points.
- 7. One ringer and closest shoe of same player scores 4 points.
- 8. Two ringers score 6 points.
- 9. Party having two ringers against one of opponent scores 3 points.
- 10. All equals count as ties and no points are scored.
- 11. In case each contestant has a ringer the next closest shoe if within six inches of stake, scores 1 point.
- 12. In case of tie such as four ringers, or contestants' shoes are equal distance from the stake causing no score for either, party pitching last in the inning will start the next inning.
- 13. A leaning shoe has no value over one touching the stake.
- 14. The points shall be scored according to the position of the shoe at the inning's end, that is, after the contestants have each thrown two shoes.
- 15. Ringer credit shall be given on the same basis.
- 16. The winner of point shall call the result. In case of a tie, the party pitching last shall call.
- 17. DEFINITION OF A RINGER: A ringer is declared when a shoe encloses the stake far enough to allow the touching of both heel calks simultaneously with a straight edge and permit a clearance of the stake.

SENIOR BIOGRAPHIES

MILTON MOE, Plymouth's famous violinist, tennis player, and ardent lover, was born in Jamestown, New York. His clubs have been the Hi-Y, the Glee Club and the High School Orchestra. Milton played in tennis, and is a member of the golf team. He has high ideals; that is, he is air-minded, for he desires to become an aeronautical engineer; and Dorothy adores airplanes.

MILTON PARTRIDGE. Two Miltons in the class and neither writes nor is particularly fond of poetry. "Casey" was born near Plymouth out on the Penman Road. Perhaps his beginning on a farm accounts for his fresh and much admired complexion. His clubs have been Hi-Y, Commercial and Glee Clubs. He is a member of the band, the tennis team and the golf team. Plymouth's a very pretty town but "Casey" must prefer Northville, or else he would try to spend his leisure time in Plymouth. His ambition is to become an electrical engineer.

KATHRYN PENNELL, or "Kay," was born in Traverse City, Michigan. Kathryn is a busy girl by nature and not one to stand around the halls and

GIRL RESERVES ELECT OFFICERS

Each year the same problem faces the Senior Girl Reserves, that of leadership during the next year. Who is capable of taking the reins and safely guiding the affairs of the club? As the time is growing shorter for many members of the senior group, this question of next year's officers was settled at the meeting on Friday, May 15.

The girls elected to the various positions are as follows: Mary Urian, president; Ethel Wendt, vice-president; Doris Bridge, secretary; Helen Rozbizek, treasurer; and Christine Nichol, inter-club council representative. All but one of these girls, Helen Rozbizek, are now in the junior group, but will enter the senior club next year.

GIRLS EXHIBIT YEAR'S WORK

Those interested in what some of the girls are doing viewed the work of the 7-A and 7-B sewing classes, the first and second year clothing classes, and the home economics classes displayed in the sewing room Thursday night and Friday afternoon. The first year clothing class had on display the articles they had made during the year including summer dresses of calico, rayon, and gingham, pajamas with coats to match of gayly figured materials trimmed with plain material, and various dainty undergarments. The second year clothing class displayed their cabbage leaf pajama bags, while the seventh grade sewing classes showed their bright colored handkerchief bags which, upon being hung up, look like Japanese lanterns. Nightgowns, bloomers and slits completed the seventh grade display.

The home economics classes exhibited the proper clothing and various articles such as gloves, shoes, and jewelry the business girl should have for office, street and formal wear.

House plans of ideal homes with selected furniture were shown in which the following art principles were considered: color, balance, proportion, repetition and rhythm.

PITCHING HORSE SHOES NEW FAD IN PLYMOUTH HI

For the first time in the history of Plymouth High, horse shoes will take a part in class athletics. Two sets of shoes were bought by the Student Council, and as a result several boys are pitching shoes every noon. They are practicing for the horse shoe tournament that is to take place soon. Many boys are interested in this new sport, and it is expected that many good players will be developed in this way. The pitching will be carried out by the following rules:

NEWS FROM STARKWEATHER

In Miss Stuker's room the children made lamp shades and rugs for their home. Their doll, who is mistress of the house, has a new dress.

Andrew Aquino has returned to Miss Stader's room from Stark school. The children have finished their Tommy home and have called it Bunnyville. They have finished posters of the different Mother Goose rhymes illustrated by mouthed figures. The children have a new flag and are very pleased with it.

The children in Mrs. Moles' room wrote stories about the flag and made covers for them. The covers are decorated with waving flags. They have learned to say the pledge of allegiance to our flag and are glad to have the new flag to say it to.

NEW RECORD SET BY BANNERMAN

Going to the regional with eight track fellows, Coach Matheson came back with fourteen points plus. Bannerman proved very new in his capacity as captain of the track team by starting in both the shot-put and discus. He set a new record in shot-put for the Class B regional teams by heaving it out 44 feet and 7 1/2 inches. He also won the discus throw by hurling it out 112 feet. "Bud" Curtis, recent track recruit, jumped 19 feet 7 inches to gain second place and bring back a silver medal. Curtis had scored by winning fourth in the broad jump in the morning preliminaries. Curtis had first and Ball second. The Plymouth relay team was just nosed out for a place to go to the state.

Wagenschutz tried hard in his sprinting efforts, but each time he was beaten by a close margin. The three fellows that won places at the regional will compete at Lansing for the state meet. All of them are working hard to win there.

Some people are so slow they can't even get out of their own way.

CLINTON POSTIFF was born in Greenfield, Michigan. His activities have been Varsity Club, basketball, baseball, (he is the tall pitcher), class volley ball and basketball. Clinton's ambition lies somewhere between the study of agriculture and landscape gardening. Someday he may have a very artistic garden, that would be a compromise between his ambitions in the chemical fields and agriculture.

MASON POTTER, or "Mac," came into being in Merrill, Michigan. His clubs have been Hi-Y, Varsity and the football team. His greatest present ambition is to earn an A in history, but his future one is to be a chemical engineer. We wonder if Mr. Evans has anything to do with these ambitions in the chemical fields.

JOHN RANDALL, or "Johnnie," came into existence in Highland Park, Michigan. John Randall and Clyde Ferguson are contemplating their high school courses in nine semesters which excludes them from this semester's sports, but Johnnie has the honor to be the president of this year's graduating class and he will discuss no ambition; perhaps one could ask Norma, he might have confided in her!

JEWELL RENGERT was born in Plymouth, Michigan. Jewell's clubs have been Girls' Glee Club and Travel Club. Her ambition is to become a stenographer; oh! so Beryl's to be a big business man.

ROCKS TRIUMPH OVER RIVALS, 8-4

Playing good steady golf, the Plymouth team easily defeated the Northville greenskeepers on the Plymouth Golf Course. Campbell's 78 proved to be the only obstacle that hindered Plymouth from almost taking a complete sweep. Ball played against Campbell, but his 84 proved to be no avail. DePorter lost one point to his man, but Williams and Horvath came through by winning all their points. The scoring in general was somewhat lower than in previous games. This is a good sign for Plymouth because the Rocks have already won all three of their matches. Plymouth has yet to meet Wayne in two matches while one game apiece remains with Dearborn, Farmington and Northville. In the match last Thursday against Ann Arbor High, Plymouth lost all twelve points to that crack team. They averaged 76 apiece and about eight or ten strokes better than Plymouth. This defeat is no disgrace because with hardy a doubt that team is the best in the state. Plymouth has entered the regional which is to be played on the Lock Alpine Golf course tomorrow morning. The Rocks expect to finish among the leaders in that match.

TRAVEL NOTES

The members of the Travel Club visited the museum at Ann Arbor last Saturday, May 16, and were very kindly shown through by Mr. Williams as guide.

First we saw bones and skeletons of prehistoric animals, such as mastodons and dinosaurs. The familiar monkey, squirrel, wolf, fox, rabbit, wild cat and skunk were all there, looking very much alive behind the glass cages. We were taken into a room which would not have been opened to us if we had not had a guide, and there we saw many stuffed birds. The loon, humming birds, gold-finch, song sparrows and the peacock, whose gloriously colored tail brought forth many "ohs" and "ahs" from the local students, were all shown to us. Also on exhibition to everyone were some owls, grubs, lousies and several others, exhibited with their young in the nests.

We next were taken to the room of a University professor which was entirely Indian in furnishings. On the wall were several rugs, mats, two Indian baby carriages, and several examples of Indian bead-work.

Another room was a sculptor's, and there we saw how the plaster casts are made and also several statues.

In another room, we saw some Eskimo clothing and foods, mostly dried, which were shown in a glass case. Two or three shields which would not give the writer a very secure feeling from the spears by their sides were hanging on the walls.

The Chinese room was the last one and here two girls tried on several Chinese garments, some of them two hundred years old, and all very rare and worth a great deal. There were many examples of chinaware and there were several other ornaments to be seen. The hats that the Chinese wear did not impress us as being either exceedingly comfortable or attractive, and we looked decidedly queer when we tried them on.

The whole trip was very thoroughly enjoyed.

SOPHOMORES LEAD FOR BASEBALL HONORS

For the past three weeks the junior and senior leagues have participated in many snappy and exciting games of baseball. The race is very close in both leagues, and almost all the participants are watching daily to gain an advantage in a game. No games are "set ups" this year because the teams are almost equally balanced. The sophomores are the leaders now, but they were threatened seriously by the juniors. They scored seven runs in the fourth inning to win 9-7. The freshmen upset the seniors in a close battle but they were beaten by both the sophomores and juniors. In the Junior League the race is especially close and the different captains are scolding around daily to obtain better material. So far the class diamond ball has proven to be very successful and prospects look good for an exciting race for championship in both leagues.

SENIOR LEAGUE

Sophomores	2	0	1400
Seniors	1	1	500
Freshmen	1	2	333
Juniors	1	2	333

JUNIOR LEAGUE

Seventh Grade	1	1	500
Eighth Grade	1	1	500
Ninth Grade	1	1	500

Schedule for this week:
May 18—Eighth vs. Eighth
May 19—Sophomores vs. Seniors
May 20—Seventh vs. Eighth
May 21—Freshmen vs. Sophomores
May 22—Seventh vs. Seventh

ANCIENT RIVALS BEAT PLYMOUTH

On May 15, the Rocks journeyed to Northville and after seven grueling innings of baseball lost by a close score, 4-5. For a while the Rocks seemed like a team superior to their opponents, for they piled up four runs in their half of the second to take an 4-1 lead. However, the Orange and Black nine scored four more precious runs partly due to the Rocks' errors for they left the field thinking they were three out when only two men had been put out. Lemon scored all the way from first to give the home team a lead to be kept all the rest of the contest.

Both Postiff and Johnson went the route for their teams, the former allowing six hits, walking one, and striking out four. Johnson was touched for four hits and two walks. He fanned five players.

"SEEKERS" HIKE TO PHOENIX PARK

With spring comes that overwhelming urge to go someplace and do things. Especially to go to that someplace on foot and do devastating things to the eatables lugged along. The "Seekers," the Intermediate Girl Reserves, responded to this perennial urge last Friday, May 15, by traumping to Phoenix Park, carrying the usual lunch of hot dogs, marshmallows and other necessities.

After their arrival, of course, the first thing done was to fill that aching void that such exercise always brings. Sad things might be said of the contrary habits of fires, but since it is all over now that can be dispensed with. Following the meals they sang songs. How melodiously one wonders? Somewhere there is an old warden that speaks disparagingly of the singing that is produced on a full stomach, but since the girls must try out all the playthings in the park—wonder if Miss Berg received the highest—perhaps their full stomachs did not remain full long. Anyhow, they all trotted back very well satisfied with this break in the monotony of school and fervently wishing for another such soon.

Adam was yellow enough to blame Eve, but he didn't take gas when his soft snap ended.

The most tiresome thing is a heart that thinks it is broken.

A noted psychologist announces the discovery that men are sillier after dark, but doesn't tell which night club he visited.

REVOLUTIONARY WAR CENTER OF CLASS PROJECTS

One of the exhibits displayed by Miss Berg's 7-A American history class was a large scrapbook to which all pupils contributed original drawings, cartoons and articles. As the subject of this book was the revolutionary war, the stamp act was again brought to a bitter life, and tar and feathers were dug up as fitting treatment in many cartoons for the stamp-act.

However, many other things were mentioned and shown from scenes of Washington's home to an excellent drawing of a minute man. Illustrated maps dotted the book now and then to show the progress of the revolution, while different scenes from the war were shown. As a grand finale was an illustration of the footsteps of the patriot, leading from the founding of the colonies, through the French and Indian wars, the stamp act, the Revolution and finally to independence. Far off in the distance was the patriot impressing new footsteps in the sands of time.

Americanism! Buying books we don't read, attending operas we can't appreciate, paying for a room with bath and not taking the bath.

The most tiresome thing is a heart that thinks it is broken.

Ladders?
Yes, sir, we have anything you want in ladders—steps, straight and extension, from 4 ft. to 26 ft. long, and priced right.

102
"What are you hunting, son?"
"I don't know," answered the boy with the gun. "I ain't seen it yet."

102
Goodwin Cranble has the contract to shingle a house for the Plymouth United Savings Bank, and we are furnishing the material.

A Northville lady went calling the other day. It rained, and the hostess loaned her an umbrella. The umbrella had the caller's name on it!

102
Just ask the lady of the house how she'd like to have a sun parlor. They really aren't hard to build, or a porch can easily be converted into one. Talk it over with us.

102
A Plymouth lady says her husband snores so loudly that he rattles the windows.

Plymouth Lumber & Coal Company
Everything To Build Anything
Phone 102
308 N. Main

We are furnishing the material for Joe Zielasko, Hicks road, for a new and modern milk house.

102
We laughed at this one: "Buss, Ah went so fast around that corner, mah rest pockets scooped sand."

102
How about your hen house? Well housed hens lay a lot more eggs during the winter months than hens that need all their energy to keep warm. Good houses aren't expensive. Ask us about it.

102
A friend of ours says they have five clocks at his house and not one of them will keep time.

MICHIGAN BELL TELEPHONE CO.

A Great State to Live in
and
A Great State to Visit

Michigan is great in extent and in scenic beauty . . . great in its natural resources and its industries . . . great in its history, its traditions, and the character and spirit of its citizens.

Consider its mines and forests, its fertile fields and its productive orchards and vineyards. Think of its beautiful lakes and streams, its diversified industries and its splendid educational institutions.

Michigan is a good place to live. Here Nature is kind. We are not visited with flood, drought or other disasters to any degree. Nowhere else can people work more profitably or under better conditions than in Michigan.

And no state has more to offer the tourist, whether from outside or within the state.

Michigan is a great state to live in and a great state to visit!

Vacation in Michigan

Coming Attractions At Penniman-Allen

"STRANGERS MAY KISS"

Sparkling with spicy dialogue and moving swiftly with a daring modern romance, Norma Shearer's new Metro-Goldwyn-Mayer starring vehicle, "Strangers May Kiss," will appear at the Penniman Allen Theatre, Sunday and Monday, May 24 and 25.

More striking in theme than "The Divorcee," also penned by Ursula Parrott, the new Shearer vehicle closely adheres to the story of the new best-seller, presenting a moving and intimate picture of the modern young woman who defies convention to elope with a globe-trotting adventurer, not only without benefit of clergy, but also without benefit of the divorce court.

Miss Shearer never appeared to better advantage in her career and easily eclipses her own triumphs of last season when she won the Academy of Motion Picture Arts and Sciences award for the outstanding performance. George Fitzmaurice directed the feature from John Meehan's adaptation of the book and may be credited with a masterful piece of work.

Robert Montgomery and Nell Hamilton share leading man honors and the cast includes Marjorie Rambeau, Hale Hamilton, Irene Rich, Conchita Montenegro, Jed Prouty and Albert Conti.

"MAN OF THE WORLD"

No other actor on the screen today can smash across a climax, hold the interest in such a white-hot pitch, fill his part with such a sense of drama as William Powell. We have believed this since we first took particular note of this suave, restrained star in "Street of Chance."

True "Man of the World" which will be shown at the Penniman Allen Theatre, Wednesday and Thursday, May 27 and 28, presents Powell with the opportunity to do great things; gives him a supporting cast of unusual strength; a story of a thrilling power. Yet it is Powell who welds all the elements together and holds the attention, first as the pitiless blackmailer who preys on the weaknesses of millionaire Americans in Paris. Then as the lover awakened to new desires which he realizes are beyond his reach. Lastly as the man whom love has made big enough to renounce the only thing he wants for the sake of the girl he loves.

Carole Lombard, who has been stopping right along in movie picture circles for several months, has her best role so far as the lovely American girl who captures Powell's heart. She handles the part with great skill for a tolling effect. Her rival, the many-sided Miss Wynne Gibson, is splendid in a character role that requires the ultimate in careful handling. The men in the cast, Guy Kibbee, a recent new-comer to the screen, but well-known on the Broadway stage, and young Lawrence Gray are well cast and capable.

Altogether, "Man of the World" is grand entertainment, moving in the glittering world of tourist-Paris, with a remotely sinister note underlying its always charming action. In bold relief, the terrific drama of Powell's dilemma stands out with splendid force. It is a picture of nicely contrasted lights and shadows, of surprising changes in mood, of finely drawn characters.

"THE RIDIN' FOOL"

"The Ridin' Fool" will be the attraction at the Penniman Allen Theatre, Friday and Saturday, May 29 and 30. Bob Steele stars in this grand old-fashioned western that has all the punch, pep, and action that is always associated with the glories and glimmers of the old west. J. P. McCarthy, a writer of note who devotes his time to writing and directing western features, has surely turned out a sure-fire hit in this picture. The kids will love it and their parents and their parents' parent won't be sorry they came out to see it. In fact it is a picture for the whole family. Bob Steele and Ted Adams have the leading male roles. They are rivals in love and pals in distress. Both portray their parts splendidly, and although Ted Adams is a new comer to us we can always depend on the usual exhilarating show from Bob Steele who might be known as the versatile rough rider.

Lupe Velez's sister, Josephine Velez, does a very fine part as the half-breed, who lavishes her affection on the man with the largest bankroll. Josephine has the same strength and ingratiating appeal that has made her sister famous and we predict great things for Josephine. Others in the very able supporting cast include Frances Morris, Bob Steele's new leading lady; Florence Turner, remembered by all you older movie fans; Eddie Fetherston, Al Bridges, Fern Emmert, Gordon DeMain, Jack Henderson and others. Trem Carr produced the picture for Tiffany and the famous and widely read J. P. McCarthy is responsible for the splendid direction of Wally Pfister. This is an action western for air and you're not wasting time when you take this one in.

HOW TEAMS STAND IN PLAYGROUND LEAGUE

The Plymouth Playground Baseball League games last week attracted more than ordinary interest and a number of fast games were played. Following is the result of last week's contests and the standing of the league at present:

Dunn Steel, 13; Todd's, 12; Batteries—Schloff and Horvath; Williams, Flinn and Todd.

Rocks, 15; Recreation, 10; Batteries—Matheson and Meyers; Partridge and Curtis.

K. of P., 6; Baptist, 5; Batteries—Bingler and Cline; Beckwith and Daley.

Templars, 8; Coffee Cup, 5; 11 Innings, Batteries—Baker and Johnson; Eskloff and Dobbs.

TEAM	W	L	Pct.
Templars	2	0	1.000
Rocks	2	0	1.000
Todd's	1	1	.500
Dunn Steel	1	1	.500
K. of P.	1	1	.500
Coffee Cup	1	1	.500
Recreation	0	2	.000
Baptist	0	2	.000

Promoters Work Other Towns, Too

Plymouth is not the only place that is just now being over-run with outside advertising promoters, and the Mail is not the only paper that has found it advisable to issue a general warning to its patrons. The following appeared in a recent issue of the Milford Times:

The Times wishes it understood by our business people that the advertising solicitors who appear on the scene every now and then with an "advertising service" to sell, do so on their own responsibility, and have no connection with this newspaper. They usually come to the office and buy a paper—as many strangers do—and sometimes they will casually inquire the advertising rate. Usually they ask a fancy price for the "service," and we have heard instances of where they have heard quoted on their own authority an advertising rate that no self-respecting newspaper could consider, in trying to make a sale.

This is a good time to remind local advertisers that the Times has one of the best cut and copy services to be had, and that they are perfectly welcome to use it in preparing advertising copy without extra cost.

NEW SHATTER PROOF GLASS SAFETY AID

The use of shatter-proof glass in automobile windshields is one of the most important steps toward greater safety on the highway that has been taken in recent years, according to Paul Wiedman, local Ford dealer. It has resulted, he said, in the saving of many lives and in the prevention of serious injury to countless motorists.

Several of the leading manufacturers of most of them makers of the more expensive automobiles, use safety glass, Mr. Wiedman said. "I think the time will come when practically all automobiles will have shatterless glass of one kind or another in their windshields. The Ford Motor Company was one of the pioneers. Every Ford windshield is made of Triplex shatter-proof plate glass which will not shatter even when struck a blow severe enough to break it."

No matter how careful a driver you may be, you can never tell when something may hit your windshield. Of course, this does not happen so often when one considers the number of cars in operation, but when it does happen it is extremely important that the occupants of the car be protected.

A number of reports of accidents in which Ford windshields were credited with saving the occupants of the cars have reached me. Among them is the case of a woman driver whose windshield was struck by a horse-shoe. The iron shoe lodged in the glass right in front of her and she continued to her destination unharmed. Another was that of a man whose windshield was broken by a stone thrown by a boy. Another man, driving about 60 miles an hour, hit a hawk with such force that it broke his windshield, but the glass remained in the frame.

Just the other day a man was driving a sedan with his wife in the front seat beside him. At an intersection he had to turn sharply to avoid another car that ran through a red light. The woman was thrown forward and her elbow struck the windshield hard enough to crack the glass. If it had not been for that shatterproof glass, she might have severed an artery.

The price for cures for this new

CHERRY HILL

Anniversary of Church House

The second anniversary of the Cherry Hill Church House, will be held Saturday evening, May 23. Supper will be served at 7:00 o'clock; adults 40c, children 25c (under twelve years). Following the supper a fine program, in charge of Rev. Ainsworth, will be rendered. The anniversary services will continue on Sunday. You have heard the call, come one and all!

About forty members of the Parish

gave \$15 additional, and \$20 for set-ans.

Car production in the smaller lines in the first three months of this year has been enormous. The following table gives some idea of the production in the United States:

	Total	Ford	Pet.	Cher	Pet.
Jan.	170,347	31,9	38.7		
Feb.	220,768	37.1	23.2		
March	280,883	35.2	27.7		

The 20,000,000th Ford car produced a few weeks ago, is now on a tour of the country.

Plymouth Bridge Fans! Do You Realize Hazards of the Game? Then Just Read all About 'Em

"Say, Max," said Meyer Goldman to his friend, Max Rosenheim, "supposing you and Rachel come over to our house one night this week and we play some of this bridge; I don't know nothing about the game and my wife she knows less, but everybody seems to be playin' it and we won't learn any younger."

"Well, Meyer, as one friend to another, I understand, while we would like to come over, I can't do it, as I have to take bridge seriously, at every party they should have a couple of lawyers and a policeman or two. And I positively would not go to a bridge party unless all firearms are checked at the door. Even with such precautions I would want it that my insurance papers are in order and my will made."

"It is a friendly party I'm askin' you to, not a riot," said Meyer innocently. "Do you think such old friends as we are would start any rough house already?"

"You never can tell these days, Meyer, when the best of friends shirk from the hip or lounce cocktail shakers off each other's heads. It seems like everybody gambles these days, either on the stock market, horse races or cards, but never before did gambling carry such hazards. It used to be that the only thing you could lose in gambling was your money, but now you stand to lose melbe your life, especially in this here bridge pastime. It ain't nothing like the old days in the West. A fellow might lose his roll, but he done it in a good-natured manner, pushin, the winnin' across the table to the fellow who held the best hand. He wasn't in any personal danger unless he was caught dealin' seconds, or slippin' a third ace off the bottom. In that case his indignation opponent objected with a forty-five slug and they dragged him away to make room for another player."

"But, Max, I am askin' you to play bridge and not to a Wild West poker party. You are talkin' foolish when you make such comparisons."

"Read the papers, Meyer, and see what this bridge craze is a doin' for the farmers, manufacturers and the undertakers. Of course now poker is different, bein' a individual game what is decided on the relative value of the hands, and there ain't any occasion for a dispute to arise. But this here bridge is such a complicated thing that a few fellows make a lot of money a writin' how to play it; also you have a partner in the game, and the two of you have different ideas on the bid value of hands, not having read the same book. As long as you win, there ain't any trouble, but let one of the parties get set a couple of times, and trimmed for a few dollars, then the fireworks start."

"I see where a couple in Kansas City who loved each other devotedly, he bein' a travellin' man and away from home most of the time, and a good bank account for the wife to use. Well, they go out to a bridge party just as good friends as ever. They was a playin' for a tenth of a cent a point, which might set 'em back some dollars in an evening, even if they have the rarest kind of luck, and they had plenty of money anyway. Well, one hand the husband he bid one spade, and the other ladies' husband he bid two diamonds, and the first bid's partner she made it four spades, so the spades got it by a wide margin, and when they played the hand out it seemed they didn't get enough tricks, and lost as much as thirty cents. She called him a bum bridge player, which is no way for a lady to speak to her husband in company, even if it is the truth. One word led on to a dozen others, and the words kep' a gettin' bigger and more numerous till finally the husband he reached across in a playful manner and poked her snarlin' in the jaw, which is no way to treat a wife when you are visitin' another person's house, no matter what the provocation. The lady could not be expected to stand such treatment from a man who was a comparative stranger, you might say, seein' he was away from home so much, so she jumps up and runs in another room, they passed to powder her nose, but she rushes out with a automatic and when she gets through shootin' he has gained three counts in deal weight but he don't know nothin' about it. As they say in bridge, 'he had passed.'"

"It don't seem possible, Max, that people would do such things." "Oh, if that was in the case, Meyer, it wouldn't waste anything in particular, but it has got to be such a common thing that the newspapers is givin' it a separate department under the head of 'Bridge Fatalities of the Week.' A while back some women were playin' bridge in Detroit, and one of the winnin' she played the wrong card three times. Her partner instead of laughin' it off as a good joke which only cost them eleven cents, she said to her partner, 'Mary, once is a accident, melbe; twice is a coincidence; but three times is a habit, and your bum habits ain't a goin' to cost me any more money,' so she draws her husband's revolver which she happened to have in her pocket, and she shoots the woman dead."

"And there was a case in Chicago which didn't end fatally, but was expensive. A woman in a bridge game failed to take her husband out of one double, which seems a small thing to get sore about, when there is so much bum cookin', gin drinkin', cigarette smokin' and other modern ills, but he rated like it was his last dime, and he lifted her face with a right uppercut. The judge gave her a divorce, \$10,000 alimony and custody of the child, and the husband now plays solitaire, and probly gives himself a black eye every time he makes a misplay."

"In North Carolina a fellow playin' bridge said that he would shoot the next guy that poked him a nose, but his opponents knew him as a man of his word so shuffled the cards mighty careful. When it came his deal he dealt himself a hand without a face card and broke up the game by shootin' himself, much to the relief of the other players."

"A woman in Painesville, Ohio, went with her husband to a bridge party and they come home loser eighty-seven cents. In a tactful way the husband explained that with ordinary run-of-mine luck, seein' the hands he held, they should have quit at least a dollar ninety to the good, only she was a nitwit, a dumbbell, and needed at least six ounces more brains to be classed as even an idiot. The wife answered him not, and he puffed up with the

W. C. T. U.

The Woman's Christian Temperance Union will meet next Thursday, May 28, at 2:30 p. m., with Mrs. L. B. Stark of 647 Maple avenue.

The program for the day will be in charge of Mrs. E. R. Daggott. It is hoped that there will be a good attendance of members. Guests are always welcome at the meetings of the W. C. T. U.

seems that she takes it as a hint that she doesn't know how to play the game and needs to read up on it and she is insulted, as only a bridge player can be insulted when somebody infers that she ain't as bright at the game as she might be. Speakin' of bridge divorcees I hear a joke about one. It seems they have a dispute about the game and they go to court to get a divorce already. The judge he says, "So you can't agree about bridge. What kind of bridge do you want?" he says to the husband, and the feller says "Can't never," and the judge says he could."

"Yes," said Meyer, "and what happened then?" "Nothin'," said Max gravely. "I see you don't know anything about any kind of bridge."

"Max," said Meyer earnestly, "since all this stuff is happenin' to bridge players like divorcees and killin's, I think I tell Mrs. Goldman that before after we stick to penicillin, with melbe penicillin or enquire for a change."

"A Chicago lady 'pulled the wrong card' and was so exasperated that she chased her millionaire husband eight blocks with a heavy mission chair in each hand. He escaped with a few scalp wounds and a broken arm. But life was never the same with them after that so she got a divorce and lives in Hollywood. The method of operation is to find cars parked in secluded places, stick in a piece of lawn hose, start it siphoning gas into a five gallon can, the thief lingering at a safe distance until the can is full. Then he puts on the gas tank cap and carts away his swag. One of the more fruitful places for the thieves to operate has been social gatherings, where a guard is stationed to watch parked automobiles."

USE LOTS OF GAS? MAYBE THIS IS WHY

Tapping gas tanks of parked automobiles is the latest trick of petty thieves in Hollywood. The method of operation is to find cars parked in secluded places, stick in a piece of lawn hose, start it siphoning gas into a five gallon can, the thief lingering at a safe distance until the can is full. Then he puts on the gas tank cap and carts away his swag. One of the more fruitful places for the thieves to operate has been social gatherings, where a guard is stationed to watch parked automobiles.

LEGAL NOTICES

COMMISSIONER'S NOTICE

PO. 169170 In the Matter of the Estate of BENJAMIN (BENJ.) F. DUNHAM, Deceased. To the Memory of America's Heroes. AS THE NATION pauses again in tribute to those who in our country's wars fought for the cause they considered right, we catch a glimpse, in the light of memory, of their high standards of justice, of security, of liberty. On this new Memorial Day, the example and the sacrifices of our warriors—both the living and the dead—inspire us to new ideals which will make the United States even greater. In observance of Memorial Day this institution will not be open Saturday, May 30 Plymouth United Savings Bank MAIN BANK 330 MAIN STREET Branch Office, Cor. Starkweather Ave. and Liberty St.

The "completely balanced" Electric Refrigerator Read this... before you decide that an electric refrigerator is too expensive. A WESTINGHOUSE Refrigerator is positively an ECONOMY. Let no one change your mind on that. Whether you buy the "small-family" size at \$180 (f. o. b. factory) or one of the five larger models—you can actually save from \$50 to \$150 yearly with it—as compared to less modern equipment. Think of the health safety—the convenience—the ice cubes and frozen dainties. And only 10% down is required. Balanced may be spread over 12, 18 or 24 months if desired. See the WESTINGHOUSE. Get proof of these claims before you buy any refrigerator, electrical or otherwise. Westinghouse REFRIGERATOR Huston & Co., Hardware Phone 52 819 Penniman

STRAW HAT TIME IS HERE

The Yeddo

It's cool, light and comfortable. It is a sailor type and weighs only 2 1/2 ounces.

The Panama

The outstanding hat for the better dressed man this season. The optimum shape with a narrow plain black band.

Priced at \$6.00

Toyo Panamas \$2.95

Leghorns \$5.00

**PLYMOUTH HAGGERTY
TEAM WINS FAST ONE**

**TRIM CROWLEY-MILNER CO. BY
SCORE OF 5 TO 2—GAME
WAS REAL ONE.**

The Plymouth-Haggerty baseball nine chalked up its third consecutive victory Sunday, winning a loosely played game from Crowley-Milner Co. of Detroit, 5-2, at Burroughs Park.

The Detroit team virtually handed the contest to the locals, fielding blinders and allowing only six hits on the entire route. Marino, pitching for the Detroiters, was effective until the sixth when he was driven from the mound to be replaced by Daly.

Plymouth-Haggerty will play at West Park in Ann Arbor, Sunday, May 24th, at 3:00 o'clock. Ann Arbor will be their opponents. Ann Arbor has a newly organized team this year, and is looking for games with the best teams in the state. The locals expect this game to be their first real test of the season. Plymouth-Haggerty would like to see their fans out at Ann Arbor, Sunday.

Correct this sentence: "I think the old way of raising children was better," said he, "and I'm not intimating that my excellence proves the point."

Lives of rich men oft remind us, wealth can make us seem sublime, and keep press men right behind us to report each given dime.

New Yorkers who can't select the worst of twenty-six city nooses must live in apartments where nobody is earning the fiddle.

**IS OVERJOYED AT
SARGON RESULTS**

"I was awfully rundown, mainly on account of an insective fever that kept me constipated and full of toxic poisons. Nervousness kept me from getting any restful sleep and I had a tired, worn-out feeling continually. I'm simply overjoyed at the results I've gotten from this marvelous Sargon! The liquid, taken along with the Sargon Pills, cleared my system of poisons and rid me of constipation and liver trouble entirely. I sleep like a child since my nerves settled and I always feel well and energetic."—Mrs. Russell Vallean, 410 15th St., Detroit. Sold by Community Pharmacy.

Memorial Day

Is the day everyone who drives an automobile should consider a new set of tires. While thinking of the Race at Indianapolis remember each driver in the event takes added precaution with his car and life by putting a new set of tires on before he starts.

If you value your safety check the tires on your car and see us for price quotations.

Let's have a SHOWDOWN on this matter of TIRE COMPARISONS

WITH all the conflicting claims published about tires, it is obvious that misleading statements are being made. The only conclusion that you as a tire buyer can draw is that either we, as Firestone Dealers, are misrepresenting Firestone products, or that a certain mail order house is not telling the truth about theirs. Both can't be right—one or the other is misleading the public by their comparisons.

get the facts yourself, makes it unnecessary for Mr. Firestone to make affidavit on the truth of his statements or to file any complaint with the Federal Trade Commission, and then advertise it, in an attempt to lead the public to believe his statements were true.

Mr. Firestone doesn't ask you to accept comparisons about Firestone Tires and special brand mail order tires until you see the facts yourself. Neither do we. All we ask is that you make your own comparison.

Firestone, in their advertising, only make comparisons that can be easily verified by the customer before buying tires. To attempt to substantiate the comparisons made by this mail order house, it would be necessary to go into a laboratory and employ experts.

The very reason that the comparisons made in Firestone advertising enable you to

and special brand mail order tires until you see the facts yourself. Neither do we. All we ask is that you make your own comparison. We have cross sections cut from special brand mail order tires purchased from stocks of mail order house and from Firestone Tires—no "tricky" or misleading comparisons—come in today and make your own comparisons for Quality, Construction, and Prices. YOU and YOU ALONE be the judge!

Double Guarantee—Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and ours. You are doubly protected.

*A "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "first line" tires under his own name. Firestone puts his name on every tire he makes.
