ICE PLANT NOW PRODUCING 10 TONS EACH DAY

Demand for Plymouth-Made Ice Keeps Plant on 24-Hour Schedule.

Ten tons of ice each day, ice as clear and as sparkling as the water from which it is made, is just now being produced at the plant of the Plymouth Artificial Ice Company, to take care of the demand in Plymouth. Already the plant has gone on the full regular summer schedule of 24 hours per day.

In order to fill all the orders for Plymouth-made ice, it is absolutely essential that the plant be kept producing its capacity output from late April to October.

The plant, owned by three well known Plymouth business men, John McLaren, Edward Gayde and William Pettigill, has as complete an equipment as can be found in any plant of similar size in the state.

Located on West Ann Arbor St., just off Main street, the plant draws its entire water supply from village mains, thereby giving it Plymouth ice makers as pure and as clean ice as can be manufactured. But before the water goes into the big ice-making machines, it is thoroughly aerated on the roof of the plant. The mixture of the water with the air produces a chemical action that makes the ice of better quality than though it was frozen without the aeration process.

The plant, an excellent night and day will be kept at capacity production until about November first.

The present owners have operated the plant since 1918, shortly after it was started. It has always been a busy place, but with the growth of Plymouth in recent years, it has been necessary to produce every pound of ice that the plant could turn out to take care of the local demand.

While no plans are at present under consideration for expansion during the present year, if the growth of Plymouth during the next four or five years will be as great as has been in the past, the owners believe that it will be necessary to add considerably to the plant in the next two or three years.

The ice plant is one of the largest users of village water. Not only is the company an excellent customer of the village, but the plant is entirely electrical driven, making the company also one of the Detroit Edison Company's excellent customers.

Did You Know That

The Esther Shoppe is equipped to satisfy your graduation needs in dresses, hose, jewelry, underthings, Campus Coats, and personal stationery.

During June, July and August, the Penniman Allen Theatre will be open only on Sunday, Monday, Thursday and Saturday with no matinees on Saturday. Sunday shows will start at 3:00, 7:00 and 9:30 P. M.

The Auxiliary of the Presbyterian church will be entertained at Northville June 3rd, at 3 o'clock. Rev. John Adams of the West Point Park church will be the speaker. A splendid musical program has been arranged and a good attendance is desired.

The regular meeting of the American Legion and Auxiliary will be held Friday evening May 29th, at 7:30 at Jewel-Blanch Hall, following the regular business meetings there will be refreshments and the entertainment committee has planned an evening of fun for every one. Plan to be in attendance and bring with you as your guest any one who is eligible for membership in these organizations.

Patton Jewell and Mark Chaffee have returned from a two day fishing trip up on the Little Manistee near Luther. They report fishing as excellent, with built reports each day.

Chief of Police Vaughn Smith will be at the village hall, Wednesday evenings from 7 to 9 o'clock to help Plymouth residents make out their applications for driver's licenses.

William T. Pettigill, Rantabury's Service Market and Stever's Meat Market will close their stores at noon on Decoration Day.

Deputy Sheriff George Springer has been given Northville township by Sheriff Belmont for the examination of applicants for new driver's licenses. He has already been assigned to Florida township. Any resident of either of these two townships can make arrangements through Deputy Springer for their new licenses.

Mr. and Mrs. A. Brocklehurst and family, Mrs. Geo. West and Mrs. Miss Mary White spent the week-end at Alpena.

Ralph Lorenz, David Bolton and Elmer Hendrickson left Wednesday morning to attend the Memorial Day races in Indianapolis.

Miss Carrie Gorton was home from the U. of M. over the week-end and had as her guests, Miss Frances Foster of Bowling Green, Kentucky and Miss Annette Henton of Chicago, Illinois.

Masons Are Back From Grand Lodge

Six members of the local Masonic lodge have returned from Battle Creek, where they attended the annual Grand Lodge sessions of Michigan Masonic lodges. Those present from here were Oscar E. Alsbra, A. K. Brocklehurst, Roswell Tanager Merritt Crumble, Harold Brand and Jack Taylor. They had the pleasure of meeting Governor Wilber Brucker, and hearing his address at the annual banquet of the Grand Lodge.

Miss Helen Knapp and friend, Miss Olive Wilson, of Detroit, spent Sunday at the home of the former's parents, Mr. and Mrs. George Knapp on North Harvey St.

Passing Of Old Stars Recalled By Ad In Mail Back In 1923

Three headlines at the Penniman Allen theatre for one week! Alma Rubens in the "Valley of Silen Men," Rudolph Valentino in "The Young Rajah," Wallace Reid in "The Ghost Breakers."

Manager Harry Lush, in looking back through some old copies of the Plymouth Mail a day or so ago, discovered the above three pictures he advertised for the Penniman-Alton theatre on January 19, 1923. All of the pictures were for the ensuing week.

"Strange, isn't it—but every one of the stars in these pictures is dead," commented Mr. Lush, as he looked through the advertisement.

During the height of their careers, the three above named movie stars were among the best in the business.

Alma Rubens was shown in Plymouth on the evening of January 20, Rudolph Valentino on January 21 and 22, and Wallace Reid on January 24, 1923.

INSTALLS NEW WALL DRINKING FOUNTAIN

An automatic wall drinking fountain has been installed in the family room of the Schrader Bros. funeral home on North Main street. The fountain is an exceedingly attractive one and there is no question but what it will prove a convenience to visitors at the funeral home. It has been most conveniently located and is of the type that can be used as an automatic fountain or if occasion requires, as a faucet.

PAY BILLS PROMPTLY IS BENEFIT, PUBLIC IS NOW REALIZING

Advice received from St. Louis by Mrs. Marie Johnson, manager of the Plymouth Merchants' Service Bureau shows that the American public is quick to respond to newspaper advertising which points out the value of paying bills promptly as an important means of speeding up business and bringing back prosperity. Test campaigns with "Pay Promptly" as the theme have successfully been run under the direction of the National Retail Credit Association in a number of cities including Minneapolis, Memphis, Oklahoma City, Kansas City and Nashville, with the result that preliminary plans are under way to extend the effort in numerous other cities.

"Back of the advertising tests, and the consequent decision to enlarge the educational work, is the fact that American retail merchants are in the banking business to the extent of twenty-eight billion dollars worth of open credits and installment sales annually," wrote Manager-Treasurer David J. Woodcock of the national organization in a letter to local credit men.

"Approximately fifteen billion dollars or more than half of it is not paid when due. As a result of the public's failure to pay bills when they should be paid, billions of dollars of merchants' capital is tied up in frozen assets. We find that consistent advertising in test cities has speeded up collections effectively and thereby helped to increase the dollar turnover in retail trade."

ANNUAL GUEST NIGHT IS PLEASANT AFFAIR

The annual guest night meeting of the Business and Professional Women's Club was held on Tuesday evening, May 26th, in the Crystal dining room of Hotel Mayflower, each member being privileged to invite a guest. A most satisfactory dinner was served, followed by an enjoyable program.

Caroline Penney and Marguerite Wood opened the program with two piano numbers. Katherine Toomy, former state president, in her witty and delightful manner spoke on various subjects of interest to club members, and, in closing, urged attendance at the national convention to be held in Richmond, in July. Norma Cassidy, Irene Brown, Hildur Carlson and Cora Ball sang several selections most pleasingly, and have thereby established themselves as official club quartet. Julia Wilcox, who will next month receive her master's degree in psychology, from the University of Michigan, gave a very interesting talk on that subject and its relation to vocational guidance. Marie Johnson, manager of the Merchants' Service Bureau, interestingly explained the benefits of that organization, and Ruth Adelski entertained with a clever juggling act and reminiscences of several years spent in East Africa.

The annual picnic to be held on June 9th, and "Pat Night" on June 23rd, conclude the year's program.

Memorial Day

Accident Injuries Are Cause of Death

The funeral of Vincent A. LaMarre, 25 years of age, who died at the University of Michigan hospital as a result of injuries received two weeks ago in an automobile accident, will be held Friday morning at 9:00 o'clock, from the residence on the North Territorial road. Following his death in the hospital, Tuesday, the body was brought to the Schrader funeral home in Plymouth. He was the son of Mr. and Mrs. Otto Bolling, making his home with them. Interment will take place in Holy Sepulchre cemetery, the Rev. Holliday of Salem, officiating.

VILLAGE MANAGER IS MEMORIAL SPEAKER

Members of the local Kiwanis club enjoyed a fine Memorial Day program Wednesday noon, under the direction of Harry Heck, chairman of the meeting. Mr. Heck presented Village Manager Cookingham to the club as the speaker of the day.

In keeping with the event, Mr. Cookingham selected for a topic some of the interesting things that happened to him while in France during the world war, with the American army. The speaker vividly outlined various campaigns that he was in while in Europe, and expounded many interesting events that occurred to him during his service over seas.

Several members of the club attended a meeting of the Dearborn Kiwanis club Thursday noon.

Next Meeting of Grange on June 11

The June Grange meeting will be held on the evening of June 11th. It will be children's and young folks' night, and they will furnish the program. We also anticipate having Miss Ford's Senior Drama Club in attendance. The play the club furnished at our May meeting was very much enjoyed by those present. Ice cream and cake will be served, the ladies will furnish the cake.

Gets Sixty Days At Prison Farm

G. W. Gottard of Stark is going to spend the next sixty days vacationing out with Capt. Edward Denniston at the Plymouth prison farm. Justice Ford Brooks, after hearing the complaint of Mrs. Gottard that her husband was more or less inclined to practice stone age theories in the operation of his household, thought two months at the farm might change his ideas a bit about assault and battery.

Ball Game May 30 Brings Fast Team To Burroughs Park

Behind the effective pitching of Frank Hozegeman, who allowed the Ann Arbor nine only six hits, Plymouth-Hazegerty triumphed over Ann Arbor at West Park (Ann Arbor) last Sunday afternoon, 4 to 1.

Plymouth-Hazegerty collected nine well-bunched hits off "Red" Hughes offering that accounted for three earned runs. Ann Arbor took a one-run lead in the first inning only to have the visitors take the lead in the third, by scoring two runs. In the seventh Plymouth started a rally that ended with two more runs to their final score. Ann Arbor filled the bases in the sixth and seventh innings but with no results.

Detroit Prison Will Be Closed July 1st

By the first of July the entire Detroit House of Correction will be located at the Plymouth prison farm, Capt. Edward Denniston, warden stating yesterday that by that time all of the prisoners will have been moved to the new Plymouth prison. Most of them are now already there, remaining something like 114 more to be brought out from Detroit.

NATION'S HEROES TO BE HONORED ON SATURDAY

Plymouth Plans Services in Memory of Departed Flag Defenders.

Tomorrow, under the leadership of those who bore, with unselfish devotion and sacrifice, the brunt of the last great conflict, the citizens of this fair village shall, with the rest of the villages, hamlets and cities of this great nation remember and memorialize its soldier and sailor dead.

The army of Grant and the army of Lee are, almost every one, now heroic dust, slumbering in nature's arms, embraced by the soil they fought and in this generation when the old cumbles are forgotten, differences are healed and only valor and sacrifice are remembered.

The army and navy of Bliss and of Dewey, of Funston and Hobson, who sprang to arms at our martyred McKinley's call, even before the stricken Maine had settled in Havana's mud, are now aging. Their ranks, too, are thinning year by year, and the men who fell on Cuba's soil, their life's blood a re-quickening stimulant to the drooping flower of a smaller nation's freedom, and those who, enduring the hell of tropical swamps in Cuba and the Islands, came home to the interrupted pursuits of their daily life and have since died, are deserving of our utmost homage and in reverence to their hallowed dust and the sacred moments that encompass them.

Fifty-seven years ago another call came to the youth and flower of America. A war-torn Europe, its soil drenched for three long years, with the blood of countless men and youths, found itself staggering, its institutions disintegrating, its civilization tottering. Communism, Bolshevism and Anarchism threatened complete annihilation of representative government and Anglo-American principles. Some of the constraints could have won, or winning, stem the tide of disillusioned peoples filled with hatred, disgust and contempt for established systems of government callous to individual misery, selfish in their traditional aspirations and indifferent to the ordinary rights of mankind. Democracy and world freedom were at stake. In the emergency four million American men came under arms. Under Pershing more than a million youths of our country fired like the Crusaders of old with the ardor of a great cause and a sublime purpose, journeyed into foreign lands, enduring hardships, misery and death to the end that civilization might live, democracy endure and freedom once more flourish.

It is fitting, therefore, that the remaining members in Plymouth of the last great wars of our country, banded together in the Ex-Service Men's Club and the living buddies of the Great War typified in the American Legion, should lead our citizens in honoring and remembering our hero dead.

Tomorrow morning a flowering plant will grace each soldier's and sailor's grave in seven cemeteries of Plymouth, the heartfelt expression of the love of the folk who gave her pennies for a poppy, the historic man who gave his dollars to the Ex-Service Men's Club.

The joint Memorial Day committee urges each citizen who possibly can to participate in the Memorial Day services which will begin at 10:00 a. m., at the Penniman Allen Theatre. Below is the complete program.

Plymouth High School Band, 9:30 to 10:00 a. m., at Main St. and Penniman Ave.

Services in Penniman Allen Theatre at 10:00 a. m., as follows:
Invocation—Rev. Richard Neale
Assembly—Singing, "America"
P. H. S. Girls' Double Quartette—"Keep the Home Fires Burning"
P. H. S. Boys' Quartette—"Tenting on the Old Camp Ground"
Plymouth Boy Scouts Picked Patrol—"The Pledge to the Flag"
Boys' and Girls' Quartette—"We'll Never Let the Old Flag Fall"
Harold Stevens—Reading, "The New Patriotism"
Irene Humphries—Reading, "Memorial Day"
Rev. Richard Neale—Speaker of the Day
Oliver Goldsmith—Master of Ceremonies
Lewis Evans—Director of P. H. S. Band
Clayton Schrader—Director of Quartettes
Floyd Wilson, John Straub—Marshals

11:00 a. m.—Line of march to Riverside Cemetery (tentative, subject to change by marshals); Plymouth High School Band, Grand Army of the Republic (automobiles), Grand Army of the Republic Widows (automobiles), Gold Star Mothers (automobiles), Daughters of the American Revolution (Sarah Ann Cochrane Chapter), Ex-Service Men's Club and Myron H. Heals Post, American Legion, Ex-Service Men's Club Ladies' Auxiliary and American Legion Ladies' Auxiliary, Masonic Order, Odd Fellows Order, Canton No. 17 Patriarchs Militant, C. O. F., Plymouth Fire Dept., Detroit House of Correction Officers' Drill Corps, Plymouth Boy Scouts, Troop P-1, P-1-I and P-1-II, Rosedale Gardens Troop Boy Scouts, Newburg Troop Boy Scouts, Improved Order of Redmen.

The public is requested by the joint committee to exercise care at the cemetery so that no graves are walked over.

BENEFITS OF CITY ZONING POINTED OUT

Communities Are Greatly Aided by Proper Regulation of Business.

As announced in last Friday's issue of the Plymouth Mail, the Board of Directors of the Plymouth Chamber of Commerce, as a result of a satisfactory response from the membership at large, have included a study and promotion of public interest in city planning and zoning as part of the Chamber's program of work.

The following men have consented to serve on a Citizens Planning and Zoning Committee to assist the board of directors and staff in making this study: J. L. Johnson, C. H. Bennett, Roy Barrett and Otto Boyer. Additional members may be added later. All statements and articles directed to the attention of the public will have their approval.

In last Friday's issue it was stated that this committee would attempt to answer the objections most likely to be raised as to the advisability of undertaking a planning and zoning program and which are apt to be voiced before there is any widespread interest or knowledge in just what is a city plan and zoning ordinance and just what are the practical benefits to be derived therefrom. These objections expressed in general terms were listed last week as follows:

1. "No additional expense of any magnitude should be thrust upon the taxpayers at the present time."
2. "There is no urgent need for city planning and zoning."
3. "A city plan and zoning ordinance cannot be made iron-clad and therefore would not be effective," which might be added, "and would be obsolete in five years' time."
4. "Plymouth will never grow to where planning and zoning would be of practical value."

The committee replies to these objections as follows:
"During these days of almost universal agitation for tax relief, we would not lend our support to any program however important, which would necessitate an immediate heavy outlay of public money. As far as our local financial condition is concerned, we are in hearty sympathy with the efforts being made by the village commission to reduce taxes, and to arrive at a fair and equal basis of valuation for assessment purposes. We feel that the board of directors of our Chamber should and doubtlessly do take a similar stand. We take this position not only in the interest of local taxpayers, but in the interest of the community. Evidence of comparatively low taxes, equitable assessment, and a generally healthy financial condition as a community is one of the most important, if not the most important, factor given consideration by industrial executives and prospective home owners."

"We are nevertheless in favor of beginning a preliminary program of public planning and zoning."

GET DOG LICENSES AT VILLAGE HALL

The 1931 dog license fee in the Village of Plymouth is due June 1st, and new tags are now available at the Village Hall. It is unlawful to permit any dog to run at large in Plymouth unless a license has been obtained from the Village Clerk, and such license must be attached to a collar worn by the dog.

During the months of June, July, August and September of each year, no dog is permitted, under the terms of the ordinance, to run at large without being provided with a "good and sufficient muzzler rendering it impossible for such dog to bite or snap."

It is the duty of every member of the police force to seize and impound all dogs that may be found running at large without a proper license or muzzle, as required. After a dog has been impounded, a fee of one dollar for each day and two dollars for females is charged before being released. In case a license has not been previously procured, the license fee will also have to be paid before releasing the dog. Dogs not claimed at the pound within 48 hours, will be disposed of by the Police Dept.

The license fee for unvaccinated dogs is four times the amount charged for dogs which have been vaccinated. A certificate of vaccination must be presented when making application for license.

All 1930 licenses expire on May 30, after which date new licenses are required.

FIRST ANNUAL ARMY HORSE SHOW, JUNE 5-6

The first annual Army Horse Show under the auspices of the Cavalry Club of Michigan will take place Friday and Saturday, June 5 and 6, on the Six Mile road just west of the Inkster road. These are the grounds that the club has used since its organization.

Visitors at the horse show will see some of the finest riding witnessed on the side of the professional ring. In fact some who have been down to the club's riding grounds and witnessed some of the riding that has been taking place during recent weeks, have been amazed at the horsemanship shown.

Tickets for the event can be secured in Plymouth from M. G. O'Neil at the Mich. State Highway offices on North Main street, Paul Hayward at the Hayward store, or at the Dodge drug store.

HOW TO DO IT

There has been much talk about ways and means to reduce the operating costs of the Michigan state government. Most of the high officials say there is no way that it can be done, that the taxpayers have got to pay more and more and more each year.

The Mail KNOWS there is a way that the costs of running the various departments in Lansing could be reduced and without in the least effecting the administration of the state's business.

Start with the governor's office and go right on down the line through nearly all of the administrative departments and give at least one-half of the number of people now employed a permanent vacation without pay. That's the way to do it.

Not one out of the many hundreds who would go under such a plan would be missed and the removal of half of the employees now cluttering the payroll of the state wouldn't, we are quite sure, in any way effect the operation of the state government's business.

Every changing administration finds that there are some people scattered through the various state departments who must be retained because of their general knowledge of how things go. But the new ones have their friends and their friends' friends to take care of. The result has been that during the past five or six years there has been a "pyramiding" of employees in many of the departments to such an extent that one finds employees dodging behind posts, pictures and other fixtures in the capitol to keep out of sight when they can't find some loose papers on their desks to mess around in. Action of this kind would cut a couple of millions from the tax rolls of the state and put a lot of able bodied folks to work at some useful occupation.

MR. FORD'S IDEA

Last week the Dearborn Press issued a special Progress Edition devoted to the development of the community. It was an especially worthy publication. Mr. Henry Ford was asked to prepare a special article for the Press pertaining to Dearborn. His idea of what a community should be and offer to its residents is clearly set forth, and contains a world of worth-while advice in three short paragraphs. It follows:

"As it stands, the City of Dearborn is a product of the Pioneers and the Builders. The first foundations of the town were laid by farmers laboring on the land. Its later foundations were laid in industrial enterprise. Thus Dearborn has reflected the principal trends of progress during the past century and still remains a young city, unencumbered by outworn traditions, and ready to meet all that the future may require.

"The city is justly proud of its public institutions, its churches, schools and libraries, its homes and industries, all of which are guarantees of a future built after the best patterns of refined and comfortable life. Another source of pride is its growing number of children. It would be difficult to find a better conducted community of young people than that afforded by Dearborn. Undoubtedly the instruction in deportment given at dancing classes in the schools has much to do with the high type of juvenile behavior which may be observed here.

"The dangers which at any time may threaten Dearborn are common to all successful enterprises and communities. As long as citizens cooperate to maintain high standards of health and security, as long as they see to it that good wages may always be translated into true values of living and education, the progress of Dearborn will be protected by that most potent force, namely, the moral vigilance of public opinion."

HEADED RIGHT

Oakland county has for a number of years been in a pretty bad way in the conduct of much of its public business. Now that the grand jury has indicted a number of the county's former "leading" citizens and circuit court juries have found them guilty of various charges, business ought to pick up over there a bit in favor of the other fellow. Sometimes it takes an aroused public conscience to bring about an equitable administration of affairs.

ANNIVERSARY OF PATRICK HENRY'S BIRTH

"Caesar had his Brutus, Charles the First his Cromwell, and George the Third—may profit by their example. If this is treason, make the most of it."

What school boy is not familiar with these immortal words. Who has not read them and visualized the fiery and eloquent Patrick Henry making this irresistible appeal to his countrymen to resist the oppressive measures of the British ministry? The undying fame that came to the young Virginia lawyer because of this speech was well deserved as his later life proved, for no one in all the American colonies was a stauncher patriot or more ardent advocate of liberty.

Patrick Henry was born in Hanover County, Virginia, May 26, 1736, and the Division of Information and Publication of the United States George Washington Bicentennial Commission has issued a statement commemorating the 195th anniversary of his birth. This birthday is marked by the Bicentennial Commission as one of the dates to be observed in connection with the nation-wide celebration next year of the Two Hundredth Anniversary of the Birth of George Washington which will begin on February 22 and continue until the following Thanksgiving Day.

Henry was one of the leaders of the patriot cause during the Revolutionary War. In fact, he was perhaps responsible, more than any other one man, except George Washington, for directing the sentiment of Virginia in favor of the complete separation of the colonies from the mother country.

Henry was always an admirer and personal friend of George Washington although the two men differed widely in their political beliefs. Washington favored a strong central government while Henry was decidedly averse to any serious encroachments on the authority of the States. While Washington advocated the adoption of the Federal Constitution, Henry vigorously opposed its ratification in Virginia. He had served several terms as Governor of the Old Dominion, and his influence in that state was so great that he was able to prevent the election of James Madison to the United States Senate. He opposed Madison because of his part in framing the Constitution.

Despite the political differences between them, Washington always entertained the highest regard for Patrick Henry. In fact, Washington frequently expressed himself as feeling greatly indebted to his fellow Virginian because of the personal friendliness he displayed during the Revolutionary War. When Washington was at Valley Forge with the Conway Cabal at its most threatening stage, Henry forwarded to the General letters he had received from some of the conspirators. It was a friendly act by which he hoped to put Washington on his guard.

Because of his devotion to the welfare of his country during the most trying period of her early existence, Patrick Henry rightly occupies a place of prominence on her roll of honor. He ardently desired the independence of the United States and to this end his whole-hearted efforts were fearlessly engaged. The esteem in which he was held by his associates in Virginia is attested by the many terms he was called to serve as Governor of that State. When he died on June 6, 1799, he had just been elected to the Virginia House of Delegates.

Virginia's regard for the great orator is today shared by the entire nation. In the hearts of his countrymen will always burn his immortal statement: "Give me liberty or give me death!"

THREE KINDS

Not long ago a prominent educator was reported as saying that there are just three kinds of people in the world: the few who make things happen; the slightly larger group who observe them happening; and the great majority, who never even know they are happening.

This grouping is very apparent in community work. Every city has a small number of men who make things happen. They erect buildings, or cause them to be erected; they establish industries, or cause them to be established; they plan and execute. About such men is a larger group, who watch them work, who find out what is going on, and who may even profit materially by their observation. Surrounding them all is the great mass of people who go about their own affairs oblivious to what is transpiring—oblivious at least to the causes of what is happening. They see a fine new building being erected. They may comment on its size and shape, but seldom do they realize that one man, or maybe two or three men, have made that building happen.

In community work, again, a few men make things happen. These few are the "clique" of whom strangers hear—the "clique that runs the town." Members see a new factory, or sit in a new park, or ride over a new road, or attend a celebration, that these go-getters sponsored. Most of them accept such things as species of civic phenomena—things which, like Topsy, have just "grewed" in the community. They seldom realize that somebody made them happen.

No matter what his particular field of endeavor, it would be profitable if every man would take stock occasionally and determine in which of these three groups he belongs.

SIGNS OF BETTER TIMES

When you pick up a newspaper and read on the first page a series of headings like the following, there is every indication that times are getting better and crime tougher: "Bank Robbers Flee in Plane But Are Caught," "Jury Finds Brewer Robbed War Orphans," "200 Aliens Deported From Detroit," "Former School Board President Gets 15 Years for Embezzlement," etc. etc.

GETTING RESULTS

Did you ever stop to think that hard times mean nothing to a hen? She just keeps on digging worms and laying eggs, regardless of what is said about conditions. If the ground is hard, she scratches harder. If it is dry, she digs deeper. If she strikes a rock she digs around it. But always she digs up worms and turns them into hard-shelled profits, as well as tender broilers. Did you ever see a pessimistic hen? Did you ever know of one starving to death waiting for worms to dig themselves to the surface? Did you ever hear one cackle because times were hard? Not on your life. She saves her breath for digging and her cackles for eggs.

SAVING A FAIR

Eaton county has finally awakened to the fact that unless unusual measures are taken the Eaton county fair, in existence for three-quarters of a century, will have to be abandoned. Financial returns in recent years have not been sufficient to make the fair self supporting and numerous debts have accumulated, which will have to be paid if the fair is to continue. Special committees have been appointed in each township to solicit funds and early returns indicate that enough will be raised in that manner to warrant staging the affair again this year. While it is true that enterprises of this nature have not been self-supporting for several years, yet they are of such vital interest in continuing the link between city and country, that it is highly probable a subsidy of some sort will be found each year to make up the deficiency.—Fred Keister in The Tonla County News.

TO BRING PROSPERITY

Twenty seven nations are going to work at Geneva on the proposition of bringing back our lost prosperity. It will be interesting to see what they will find and what means they will adopt. With Europe anxious to federalize so as to combat the United States, and with our federal breaking down of the home prosperity system by means of protection, it looks as if there were a great opportunity for the United States to "save Europe" again. While our National Board of Commerce and other organizations are engrossed in the matter of our foreign exports, it would seem to us that the focus on our home markets has been largely lost. We now have great plants which would be busy right at this vital time when we need them so badly, were it not for our abandonment of the "protective" idea.—Frank Bryce in The Grand Ledger Independent.

Mrs. Henry Sage very delightfully entertained twelve guests, Friday afternoon, at bridge at her home on Starkweather avenue, in honor of her friend, Mrs. Charles Brink of St. Charles. The house was attractively decorated throughout with iris, tulips, lilacs and snapdragons. Late in the afternoon a dainty lunch was served by the hostess. Mrs. Brink remained until Sunday.

Mrs. James Stevens entertained the Ambassador bridge club at a one o'clock luncheon last Thursday, at her home on Burroughs avenue, Maplecroft. The house was most beautifully decorated with a profusion of lilacs, tulips, narcissus and lilies of the valley. Mrs. Arthur Blunk was the one who received highest score, and Mrs. Fred Ballou the guest prize. The guests voted Mrs. Stevens a most elegant hostess.

Mr. and Mrs. Karl Starkweather entertained eight little girls at dinner, Friday evening, at their home on Starkweather avenue, in honor of their daughter, Doris' ninth birthday. Games and music were enjoyed, and Miss Doris was presented with a number of lovely gifts in remembrance of the occasion. The guests were Lillian Fisher, Evelyn Parker, Beatrice Elmer, Norma Crife, Lily Wickstrom, Helen June Spitzer and Lila May Whitmore.

The third and last surprise party of the season for the Junior bridge club occurred last week Thursday evening, when Mrs. Charles Garlett, Mrs. Ralph West, Mrs. Carl January, Mrs. John Blakely and Mrs. John Myers were hostesses, taking their guests to the Y. W. C. A. at Highland Park, where a wonderful dinner was served at a table attractively decorated in lavender and white, with dainty bouquets of violets, lilacs and spirea at each place as favors. From there the guests were taken to the Fisher theatre, Detroit, where a most enjoyable evening was passed.

Last Saturday evening, Mrs. William Arson and Mrs. George Gortou entertained very delightfully at a miscellaneous shower and "500" party at the home of the latter on Forest avenue, in honor of their sister, Miss Sara White, who will become a bride Friday, June 5. The house was very prettily decorated for the occasion with narcissus and iris, while each table had candles in yellow holders and other decorations in the same color. Following several games of cards, a most pleasing two-course luncheon was served to the twenty-guests present, after which the guest of honor was showered with many lovely gifts which she will always prize.

Mr. and Mrs. John Sorenson of Penniman avenue, were hosts to a large party of friends, Friday evening. The diversion of the evening was "500," at which time Mrs. Glenn Jewell and William Milkey won first honors, Mrs. Arlo Soth and Floyd LeSeur won second, while Mrs. Alfred Smith and Jack Jamison were consoled. A delicious two-course luncheon was served by the hostess to which everyone did full justice. The guests included Mr. and Mrs. Hershey Limes, Mr. and Mrs. Jack Jamison and Mr. and Mrs. Floyd LeSeur of Wayne; Mr. and Mrs. Theodore Graham and Mr. and Mrs. William Milkey of Dearborn; and Mr. and Mrs. Alfred Smith, Mr. and Mrs. Arlo Soth and Mrs. Glenn Jewell of this place.

Once more several girls of the Senior class of the high school had a "get-together." This was made possible through the invitation of Miss Jewell Rengert at her home on Russell St., Robinson subdivision, Monday evening. The evening was most enjoyably passed playing bridge, at which time Miss Doris Williams received high honors, Miss Evelyn Starkweather, second, and Miss Marian Tefft the house prize. The table decorations for this most happy occasion were in yellow and white, there being candles in yellow rose cases with ribbons reaching from them to each guest's place card, also nut baskets with a yellow flower. The dainty lunch served was most delicious. The guests included Doris Williams, Arlatus Williams, Marian Gust, Marian Dreyer, Maurine Dunn, Kathryn Hitt, Evelyn Starkweather, Irene Livingston, June Jewell, Marlon Toft, Doris Holloway, Norma Savory, Marjorie Atkinson and Louise Doherty.

Rosedale Gardens

By J. W. WALKER

School Picnic

ended the school year. We had a wonderful time in spite of cloudy skies and May winter.

Elm and Rosedale were not the only schools represented for the opening day at Plymouth-Riverside Park, though they had double the number of teachers, mothers and children present.

Tables for luncheon were placed end to end to about 200 feet long, all spread with good things to eat, gallons of milk and hot coffee from the charcoal fire.

Swings, slides and playground equipment was utilized to make all hungry in the forenoon.

After lunch, the baseball game was the main feature, mothers, teachers and daughters versus fathers and sons. The girls won by a score of 33 runs, 57 hits, 92 errors, against 33 runs, 56 hits, 91 errors for the boys. No home runs, no three baggers, but two two-baggers by Mrs. Roy Mason and Clarence Hoffman who was held to a two-base hit by Mrs. H. but Clarence picked up the second baseman and stole third with her in his arms, otherwise it would have been a home run.

When the races were run—the ladies were to have a fat and skinny ladies' race, but finally decided a mixed race would be the proper thing, so it was won by Miss Ethel M. Belden, first; Mrs. Al Rohde, second; Mrs. A. Cromer Burton, tenth, but not last, with Mrs. Loftus and Mrs. Price the for body.

The children ran by grades and sex, results as follows:

Kindergarten—Doris Buell, Jackie Reidell; first, Louis Hoffman, Billy

Conlam; second, Shirley Proctor, Harold Wilson; third, Marion James, Dick Dnnlop; fourth, Loua Belle Rohde, Wesley Hoffman; fifth, Betty Schroeder, Dick O'Dea; sixth, Alice Davis, Chuck Snell; seventh and eighth, Dorothy Metzger, Don Johnson.

Appropriate prizes were distributed to winners. Then the ice cream arrived and everyone had plenty (3). Then all went home, and by dark everyone was in bed, dead tired by the strenuous day, full of ice cream and gladness.

In Hospital

is Robert Q. King, Berwick Ave. for an operation, which now being over, his family and all are anxious to have him home this week.

Gone

are the E. G. Browns, Berwick Ave. Hussels and Vasolds of Blackburn Ave. Sorry to see them go, maybe they will be sorry and like to return. However, we wish them good luck.

Bricks

are now veneered in the Wm. Hudson, Jr. home on Melrose Avenue, nice new ones; then the bricklayers, under Cousin Watson, are moving over to the Gray home on Berwick, the latter is also receiving attention in kitchen and bath by Cousin Klokis and Tony the Tiler.

Santa Claus

sent us some beautiful fir spruce and pine trees to adorn the gateways, and as more than a few remarked, also sent "Santa Claus weather" to go with them for awhile, after they have been so thoroughly at home, we have the word of a patent medicine catalog that we are to have a number of warm, hot

and sunny days this summer so that flowers and trees will grow.

Fence

of a pretty pattern now encloses seventy-five feet rear of lots by the Smith home on Arden, and eighty feet rear of the Buell home and garden on Blackburn, the latter all metal and of particularly fine weave, also note new rock garden and many new shrubs there and elsewhere.

Spiraea

and dandelions are all white and in season, the yellow rose on Berwick parkways are in all the glory that Solomon's lily had, with tulips almost gone, iris is about due to burst forth in joy, gladness and various color, and apparently more beautiful than ever, owing to delayed flowering—blame the weather.

Completed

and well done, are the shrubbery and re-planting by neighbor Odgen Doan and his mrs.-society. If we ever see these folks again (tho' we hope we will), we will have something for years and years to remember them by. If it don't cause too many accidents on U.S. 12 it will at least have the effect of slowing down traffic, which average speed has already dropped from 40 to 30 M.P.H.

Grandfolk

here on visit from way up Dakotaway, namely the Amos, visiting son, Frank Amos and family at their home on Melrose Avenue. Grandpa Amos was with us last year, so is no stranger. Also Grandma Legg visiting the Hurons, from Indiana way.

Kittens

more or less Persian, are offered for adoption by Mrs. Arthur J. Boyd on York Avenue and Miss Mildred Male Walker on Berwick Ave. The kittens will be ready for delivery to their future homes in a 10-day or 2-week period. Now what is home without a kitten. Ans.: Like a cheese sandwich without cheese. So come and get a nice new kitty. First come—first served.

Accepted For Life Ins. After Taking Sargon

—My real condition was brought home to me when I made application for insurance and was turned down. I was so nervous and had such dizzy attacks it wasn't safe for me to inspect a building under construction. I also suffered from stomach trouble and constipation. This wonderful new Sargon medicine, along with the Sargon Pills, put me back on my feet in a well man. I've gained 20 pounds and the other day passed another examination for insurance as in perfect health.—Hans Heinrich, well known building contractor, 14102 Houston St., Detroit.

TEN months ago Studebaker pioneered Free Wheeling... and today it seems the world of motor cars is planning to vindicate the pioneer... proposing to make Free Wheeling as universal as the electric starter.

With Free Wheeling, Studebaker is inaugurating new principles of propulsion without which any modern car is already old... principles that save 15% to 20% in gasoline and oil... reduce clutch-pushing and ease gear-shifting... provide new measures of safety already approved by traffic officials from coast to coast!

But deeds speak louder than details!... the speed and stamina of Studebaker cars are established by official stock car records... and their thrift with Free Wheeling is certified by Studebaker's recent capture of the national economy championship from 39 cars of 19 makes.

These four Free Wheeling Studebakers are years ahead of their time! Whoever buys a car bearing the Studebaker name and the impress of Studebaker workmanship, is protected by Studebaker's 79-year policy of progress with permanence.

Nethem Team Wins By Lop-Sided Score

The last Nethem team Sunday swamped the Gross Pointe Independents by a score of 16 to 5. Gale got eleven strikes and allowed but eight hits as Nethem won their third game of the season. For the first time in the history of the club, every player got at least one hit and scored at least one run. Each outfielder for Nethem got one put-out during the game, thus showing the high class of pitching served up by Gale, who was the complete master of the opposing batsmen's clubs. Joe Schomberger and T. Levandowski were the hitting stars of the game, each getting three in five trips to the plate. The boys are hitting the ball hard this season, having scored fifty-four runs in six games, or nine runs per game. Don't forget to come out and see the slugging team knock the old ball over the lot next Saturday. Decoration Day will find Northville at Rousseau Park in Newburg trying to stop Nethem. Next Sunday, Nethem visits Wayne, who hasn't lost a game this season, and who shut out Nethem 7 to 0 earlier in the season. This game will be played at Wayne.

Rocks Trimmed By the Templars

Faulty playing in the first inning of Monday night's game between the Rocks and Templars brought about the second straight defeat for the Rocks. Five runs were scored before three men could be retired and the Rocks once again had to start an up-hill battle.

CUT SCHOOL TAX IN FORD'S DISTRICT TO \$75,000 THIS YEAR

The amount to be spread over the school tax roll for the Henry Ford school district is \$25,000 less than it was in 1930, a report made on Tuesday evening by the board of education revealed. The total amount to be raised is \$75,000 while last year \$90,000 was spread on the tax roll. The tax rate will be a little more than \$6 per thousand valuation.

According to the report a savings has been incurred in operating costs while no cut has been made in teachers' salaries. A surplus of \$18,000 together with \$3,000 received for back taxes was also given as one of the main reasons for the slash. The collection of taxes, which is done at the same time as regular city taxes, will start in July.

The annual election of the school district is to take place on July 12. The term of all but one board member, Thomas Evans, secretary, expires this year. Nominating petitions, which must be filed 15 days preceding the election, can now be obtained from the secretary. Other members of the board are Clarence Doyle, president; Henry Jahr, treasurer; Michael Korte and William Johnson, trustees.—Dearborn Press.

Members are urged to be present. Mrs. Evelyn Brocklehurst was delightfully surprised Monday evening, by a number of friends at the home of Mrs. Russell Thompson in Brightmoor, the occasion being her birthday. Cards were enjoyed, after which a lovely lunch was served.

The Personal Element

In a work as sacred and intimate as ours, the personal element must always be of paramount importance. The greatest advances in technical skill, the greatest elaboration of service and equipment, only emphasize the need for human sympathy and thoughtfulness. The growth of our organization and the improvement of our facilities have not effected the close personal relation we maintain with all we serve.

LOCAL GAS PLANT IS NOW PART OF ONE OF COUNTRY'S LARGEST

CENTRAL PUBLIC SERVICE ADDS MANY PROPERTIES TO ITS HOLDINGS.

Central Public Service Corporation, owner of the Plymouth, Northville and Wayne gas plants, has become one of the larger public utility groups of the country, nation-wide in scope. It is declared by Albert E. Peirce, president, in the annual report made public this week. Figures accompanying the report reveal that total assets of the Central Public Service Corporation were increased by well over 81 per cent in the last year, and have grown more than 390 per cent in three years. There was substantial growth in every phase of the system's operations last year—earnings, properties, customers and communities served, and the number of stockholders and employees. As of Dec. 31, 1930 total assets amounted to \$364,127,426 against \$208,340,889 the year previous, \$94,783,425 at the end of 1928 and \$84,047,225 at the close of 1927. Two important additions were made to the properties last year, Pacific Northwest Public Service Company in March and Southern Cities Public Utility Company in November. There was naturally a substantial accompanying growth in earning power, gross earnings and other income for 1930, of the properties owned at the end of the year, amounted to \$43,238,364, compared with \$24,988,606 in 1929. On the same basis the net earnings for 1930 were \$18,111,432 as compared with \$10,088,841 for 1929. The net earnings from operation for 1930 were derived from the following sources: Electric light and power, 50 per cent; gas, 39 per cent; transportation, water, heating and ice, 11 per cent.

During 1930 the number of stockholders increased from 38,865 to 65,593; the number of consumers served from 380,765 to 635,352; the number of communities served from 386 to 684; and the estimated population served, from 2,823,675 to 5,016,128. The number of employees of the System increased from 4,877 to 9,666. Pointing out that there are many factors to be considered in reviewing the results of operations of the corporation last year, Mr. Peirce, in his letter to stockholders, states that the electric and gas industries were among those least affected by the business depression. "The basic soundness of these industries is in the fact they are furnishing to homes two of the most essential services required by present standards of living at such low cost as to make them available to all," he continues. "It was the steadily increasing demand of the domestic consumer that enabled the companies owned by the Central Public Service Corporation at Dec. 31, 1930, irrespective of dates of acquisition, to show an increase of 2 per cent in revenue from sale of electric current in 1930 as compared with 1929, notwithstanding the fact that there was a decrease of 6-10 of one per cent in the kilowatt hour sale of electric current in 1930 as compared with 1929. This was due to the increase rate received per kilowatt hour sold for domestic use." Another important factor is emphasized in the president's statement: "In

NEW BOOKS AT THE PLYMOUTH LIBRARY

The following new books have been received at the Plymouth Library: GOOD EARTH, by Buck. "At last we read in the pages of a novel, of the real people of China. They seem to spring from their roots, to develop and mature even as their own rice springs from a fade green seed bed and comes to its golden harvest. The China of fantasy so often exploited is absent from its pages."—Saturday Review of Literature.

TUMULT IN THE NORTH, by Tredwell. "The story opens at a time when the obviously fast-approaching death of Queen Anne made the question of the succession a matter of immediate importance. Many of the great Catholic nobles and gentry of the North of England were loyal to the Stuarts and eager to proclaim the Third James. The account of the rising, the divided councils of the rash, hot-headed, undrilled but brave and chivalrous Jacobites, the lack of efficient arms or organization or leadership which led inevitably to the disaster at Preston, is well done."—New York Times.

TRAGEDY OF THE CHINESE MINE, by Gregg. His mystery flows deepest when he is telling of events in the Far East, where a rich tin deposit causes trouble.

ON THE EDGE, by Della Mare. "It is not a book of important stories, but it constantly reveals a unique and charming personality. His humor can make one laugh as well as smile. It has a decided range being suitable as often as fantastic."—New York Times.

IMPERIAL PALACE, by Bennett. "It is a long panoramic novel of behind-the-scenes in a great hotel. It is a huge, exciting conception."

SALETTE TO CYRANO, by Faval. Frankly and fantastically improbable, Paul Faval's new romance carries on his version of the history of d'Arzignan and of Cyrano de Bergerac from the point at which it was left by "Comrades at Arms."

The Sophisticates—Atherton. Tragedy on the Line—Rhode. Rivers To the Sea—Chamberlain. Dr. Thuridye's Cases—Freeman

taking over the management of properties of such size and importance as were acquired in 1930 it is necessary to proceed slowly in reorganizing the operations and policies to conform to those of the corporation. Consequently the earnings of these new properties for 1930 reflect very little benefit from the economies and improvements effected or to be effected under the direction of the Central Public Service management.

"The fact that 1930 was not a normal year directed the attention of the public utilities—as it did the attention of all other industries—to the necessity of increasing net earnings through more efficient and economical operation. During the last four months of 1930 and the first few months of 1931, Central Public Service properties effected economies which are expected to reduce operating expenses by approximately \$2,000,000 per annum. "Substantial progress was made during the year in coordinating the operations of the various properties. The corporation is now in position to benefit greatly from the economies which are being brought about under the direction of its management organization."

GOING TO FIND OUT WHERE FISHERMEN CAN'T AND CAN FISH

Plymouth fisherman will be glad to know that untangling the snarl of conflicting statutes, customs and misunderstandings which surround the respective rights of fishermen and farmers is a task being undertaken just now by the Conservation Department and members of the legal and scientific faculties of the University of Michigan. Final legislation which will clear up matters is awaited with interest by sportsman and landowner.

Conflict of opinion arises over statutes based on old common law practices unsuited to modern conditions, varying theories of what constitutes "public domain," "navigable waters," the right of citizen to pursue game fish planted by the state in its own waters, and lack of similarity in codes of adjoining states. Michigan's current practice dates back to the days when lumbering was the important feature of the state—when it was ruled that any stream capable of "bearing valuable floatage" was considered navigable. Hence almost any rivulet could be declared "navigable."

The right of the fisherman to have access to such streams to catch fish planted by the state itself seems logical. Here, however, he finds himself barred by the "Barton Act." Designed to protect the farmer against the thoughtless or deliberate destructive hunter, the act works as stringently against the fisherman. A trout fisherman who climbs a fence to cross a field or a stream is criminally liable if he has not secured permission.

Most trout streams pass through waste land, up and down which any number of fishermen could tramp without doing any damage. Once in a stream the sportsman may follow it through any distance of wooded land, but to get to it he must climb a fence and so commit what the law regards as a criminal act.

Aside from the interference with the usually harmless fisherman, a rigid application of this law of trespass would mean the virtual killing of the popular sport of trout fishing. Sportsmen would cease to come to these portions of the state and loss of thousands of dollars to the regions would indirectly result through losses of restaurants, hotels, filling stations, garages and other places patronized by visitors. Closing of streams and leasing of fishing rights would make the sport the privilege of the wealthy only, a situation which the Conservation Department is anxious to avoid. Immediate solution is not in sight, but when a law reconciling rights of sportsman and land owner is finally formulated it will be widely welcomed.

VOICE OF DRAMA

An astounding fact was brought to light in the Senior Drama Club last Thursday afternoon. It has been proven that some of the members have really learned some principles of the drama during their sojourn in the club. Some quotations were put on the board and gestures were indicated beneath them. The object was for the student to tell on which word the gesture should be placed. When the work was completed, it was discovered that about seven or eight people had absolutely perfect papers.

The members of the club are now going about it to improve their voices. Each person will be given a passage to read while the other members of the club classify his voice as to quality, intensity (natural and the amount he can produce if necessary), expression, enunciation, pronunciation, and range. Then everyone will be told what his voice is rated and given exercises to improve his deficiencies.

CENTRAL GRADE SCHOOL NOTES

In the three word tests that have been given the boys and girls in Mrs. Root's room, all passed with ninety per cent or over with the exception of two children. These tests are given to form correct habits in attacking words. They are still learning how to write their own names. Next Friday each child who has learned will receive a gold star. The naturals are growing tall in their little flower pots and will probably blossom before school closes next month. All of the children miss Billy Forshew who has moved to a farm near Northville.

The boys and girls have made a lovely health poster in Miss Mitchell's room. They are learning the poem "The Friendly Cow" in language class. Miss Mitchell told them the story of "Lacy Jack" last week.

In Miss Holt's room the children are learning the poem "A Bunch of Golden Keys". The fourth grade arithmetic class has started on fractions.

Margerie Van Norman has entered Mrs. Holliday's room.

Mrs. Wilson Reader visited Mrs. Atkinson's room one afternoon last week. This room of boys and girls has finished geography, history and hygiene, and is now reviewing. They won the thrift banner again with everyone banking. In the class problem set in arithmetic, they had a rating of nine which is very good.

NEWS FROM STARKWEATHER

The children in Miss Stakey's room made some very pretty butterflies. The second grade children are reading in the silent reading books.

All of the first grade children but five have completed their Elmer readers, and are doing supplementary work.

Miss Parnalee has conducted another garden contest. Lilly Wickstrom won the prize.

The children in the 4-B class are learning to do long division. They find it is only an old friend in a new suit. The 3-A children have finished their arithmetic work and are ready for review. They have also finished their geography readers, "The Houses We Live In," and will start "Ourselves and Our City."

The 6-A children have started review in hygiene, and the 5-A children are reviewing in geography. Gladys Leigh has been absent for three weeks. The 6-A children are getting ready for the seventh grade.

BEST BIRD HOMES ARE CHOSEN

The winners of the bird house contest sponsored by the Kiwanis Club for the seventh and eighth grade annual training classes, were chosen last week. In the seventh grade, first place went to Norman Kiwanis; second to Donald Schille, and third to Harry Fisher. In the eighth grade Elwood Elliot won first place; Jack Sells, second, and Harold Cline, third. The prizes were three, two and one dollars for first, second and third place respectively.

WILD FLOWERS A CLASS PROJECT

As a class project, Miss Ford's biology class went on Friday and gathered flowers which will be pressed and mounted in note books with their scientific names and other data.

SENIOR DRAMA CLUB PRESENTS "THE DEAR DEPARTED"

Following the announcement of the baseball game with Wayne, here, Friday, Mr. Dykhouse said that if the golf team, which has won four matches, won the fifth, it would win the championship cup. In tennis, the team has won from the two other teams in the league, but because of the few in the league there is no cup this year. He announced that all girls interested in earning one-fourth of a credit working on a summer project during vacation, should see Mrs. Dykhouse as soon as possible, after which he gave the dates of the senior exams which will be taken during the regular class periods on Thursday and Friday, June 4 and 5. The list of those who are entitled to go to the Honor Banquet because of their scholarship was read. Steve Dudek asked that all Juniors and Seniors who were planning to attend the Junior-Senior Banquet, hand in their names to Mrs. Dykhouse and also the name of whom ever they wished to sit by.

Gene Hitt gave an introduction to the play, "The Dear Departed," given by the Senior Drama Club. Zephora Blunk, Janet Bickenstaff, Lester Daley, James Holloway, Kenneth Greer and Katherine Schultz took part in this play in which two families, thinking the grandfather, who lives at first one house and then the other, was dead, begin squabbling over the division of the old man's property. The grand-

father, who was not dead at all, wakes up and stops the fighting by saying he is going to change his will and is going to get married.

After the assembly, report cards were given out in the group meetings.

SENIOR BIOGRAPHIES

CYRIL RODMAN, Cyril, Squirrel, Thurman, Phillip, Sap Baldwin Rodman came into existence in that wonderful town of Cherry Hill, Cyril, including the rest of his names, belongs to the Boys' Glee Club, Varsity Club, and H. Y. His ambition is to become a physical-educator but he thinks his ambition is in vain. How could it be anything else for Marion will make him a model husband and she usually gets her way. Anyway, Cyril's ambition for the time being, "Sap" has participated in football, tennis, and second team basketball.

LAWRENCE RIDICK is a tall, dark complexioned boy who was born in Detroit. Does he like the girls? Not at all; they are the least of his troubles as he devotes most of his time to school work. Whenever you see him he is studying hard. Lawrence is a member of the Boys' Glee Club.

HELENE SACKETT was born at an early age in Plymouth. She has always attended Plymouth schools. Her desire is to become a librarian, even to wearing glasses and being sure that the children visiting the library study. Eleanor would like to start a book reading contest so that she could enter it. She was formerly a Campfire girl.

NORMA SAVERY is the girl who would like to attend a typing contest in Detroit without getting lost; she should have had Johnnie with her. Now, if she gets lost in a small city how can she help getting lost in that large town of Salem where she was born? Even though she did get lost trying to find the contest, she has won three certificates and four pins in typing. Norma has been awarded a letter and a star in girls' athletics. Her activities are Leaders' Club, Plymouth Staff, Girl Reserves, and the president of the Commercial Club. She took part in the Senior play, Norma would like to be a private secretary if she could only stop teasing Johnnie.

HARVEY SEGNIETZ will some day run in competition with Rockfellow, only his hobby will be saving nickels, "Crackers," as he is sometimes called, was born in Michigan City, Indiana. When you say "Hoosier Sheehart" to Harvey, he will always reply "Chris-tine." He is the manager of the baseball and basketball teams. Harvey belongs to the Boys' Glee Club and Track team. His ambition is to take up typing from the ground up.

EVELYN STARKWEATHER is the girl who takes the part of Jasper in the lunch room as she is the cashier. She was born in Detroit. Her activities are Girl Reserves, Band and Orchestra. She has earned a pin in typing and a ring in Girl Reserves. Evelyn went to camp and didn't forget to take her flashlight along. She would like to become a Personnel Manager of a Department store until the right boy comes along and pops her the question.

HAROLD STEVENS—that's the boy who wants to be a criminal lawyer because he has earned five medals in Public Speaking, Debate, or not, but he was born in Saginaw, Michigan. His activities are H. Y., Forensic League, Orchestra and Drama Club. Harold's past was Shontz, his present is McKinnon, and his future is Northville. He bet that he serenaded his past, present, and future with his banjo, which he plays in the orchestra, or in other words, he takes the part of Harold in the story under his past, present and future's windows and played his banjo and sang songs to them, and if their fathers chased him away? No, I don't think they would for he can play his banjo like nobody's business. Harold has devoted two years to debating, one year to declamation, and two years to oratory and also belongs to the track team.

The next thing on the "keep warm" program, as the fire was burning low, was a follow the leader game made difficult and strenuous by Katherine Hitt. She led the group a happy chase up hill and down daily, across streams, forded by rolling logs and stones that surely never collect moss, past a cow that might have been a bull, and such exclamations of horror—past a moulton horse's jawbone hanging in a tree; from the progress were lost: one powder puff, one belt and many hairs stranded here and there in a smush forest; and found: several homopats, many brushes and scratches, and the once mentioned powder puff. And all this fun and play led right back to the starting point.

Since that starting and stopping point was Wilcox park, with the Wilcox branch of the Ford Motor Company right across the way, nothing would satisfy the girls but a slight-seeing tour through the factory. Away they hurried around to the back door and walked right in. Incredible but true, instead of being kicked out one after the other, they were very politely taken through the plant and shown how and why the wheels went around.

Time was growing short and the sixth hour was coming too close for comfort, so off the group started on the double quick trot attempting to sing with what little breath was left. Many a car had to slide carefully past the line of hikers occupying the middle of the street and some cars that soon whined and left Miss Wells behind gasping for air. But Mrs. Crumble, though she was weakly demanding a medal at the end of the march, kept up bravely, and gave an official tone to the hilarious, disheveled mob that flocked in the school just in time to shower Miss Allen with white pom-poms before the sixth hour began.

GIRL RESERVES COMBINE HIKE AND ELECTION

Friday, for all its cold, cloudy weather, seemed to inspire many with the urge for the great outdoors as the Junior Girl Reserves were also bitten by that bug that drives one to carry a lunch to a beautiful, open air spot. The destination of their hike was Riverside park to which they laboriously carried a pot-luck dinner. They may have carried it laboriously, but how light those same food containers were on the trip back.

These girls believed in combining business with pleasure, for on that same outing they held an election for next year's officers. Those elected are as follows: Evelyn Rohrbacher, president; Margaret Buzzard, vice-president; Mary Metcalf, secretary, and Marie Bridg, treasurer.

CAMPFIRE ANNUAL MEETING HELD

The annual meeting of the Campfire girls, held Friday, was opened with a report by the secretary, Elizabeth Nichol, covering the projects, work and national honors earned by the girls this year. The treasurer's report was given, and it was decided to put the five dollars won in the ticket-selling contest and all extra money left at the end of the year into a savings account. Jean Strong gave a report on the number of beads earned by each girl during the year. The Plymouth bill was presented and it was decided to pay it immediately. A final council fire was planned for the first of June in order that Jane Whipple might be awarded the Woodgater's rank. The girls decided to send for material for their mats to be woven and used at ceremonial meetings. The question was brought up about the continuance of the camp next year, and all the girls were in favor. The Plymouth bill was presented and it was decided to pay it immediately. GIRLS SERVE CLASS DINNER

In finishing the year's work, the girls in the second year foods class served dinner to the entire class and two guests. The menu was as follows: escalloped potatoes, baked pork chops, warm rolls, fruit salad, ice cream and cake. In preparing this meal the girls practiced what they had learned in table setting and proper ways of serving. They have been making various frozen desserts such as vanilla mousse and ice cream.

During the year the 8-B foods classes have been working on the breakfast unit. To complete this unit the girls served breakfast to the members of the class. Since then they have been studying the luncheon unit, and are learning to prepare soups and hot breads. In the last cooking lesson they were allowed to choose what they would like to make—what did they take as their choice? Candy, of course. They made fudge, sea foam and dainties.

THE DOINGS OF THE CLASSES

As the British Isles has been the topic studied by the commercial geography classes this week, the members of this class have made various maps showing the iron and coal reserves and the rainfall of these islands. The seventh grade geography pupils are now giving reports and showing pictures on the different products of the South Atlantic States. Because the World War has been the study of the modern history classes, the students have given talks on some of the first important battles including those of the Marne, Verdun and Somme. In order to show the battle lines more clearly, they have made maps pointing out the countries at war and the important battles.

GIRL RESERVES HAVE GAY TIME

To a squeaky tune ground out by the band of an enormous kettle, the Senior Girl Reserves marched gaily, despite a nippy wind and lowering sky, down

Main Street last Friday, May 22. Each girl cherished a large bundle that she carried with the most delicate care. And why not? Such weather works up not only shivers but also exuberant spirits and monstrous appetites.

By winding ways and side streets, the hikers finally reached Wilcox park and the dining place. Now the huge kettle proved its usefulness as an adequate holder of quart of lomonade. If only it had been coffee as many lamented; so that at least one part of their body might have been warmed up. However, Mr. Gallimore, deeply touched by the shivering group, kind heartedly had a handy Ford worker start a barrel fire. Such bliss as that was.

The only official business of the day was finished when Amy Blackmore, the president, announced that Helen Rebitzke, Jewel Renzert and Maegan Dreyour would receive bracelets.

The next thing on the "keep warm" program, as the fire was burning low, was a follow the leader game made difficult and strenuous by Katherine Hitt. She led the group a happy chase up hill and down daily, across streams, forded by rolling logs and stones that surely never collect moss, past a cow that might have been a bull, and such exclamations of horror—past a moulton horse's jawbone hanging in a tree; from the progress were lost: one powder puff, one belt and many hairs stranded here and there in a smush forest; and found: several homopats, many brushes and scratches, and the once mentioned powder puff. C. A. is located very near the school and is therefore quite beneficial to the boys at the business college, but the W. V. C. A. is located too far away to be of much assistance to the girls, although they are given a chance to join.

An attempt to have the same hours for school that one would have if he were an employee in some business office is made. The school sessions open at nine o'clock and close at twelve. One hour is allowed for lunch, and then they work from one o'clock until four-thirty. Mr. Stevens recommends that students study four nights a week. They may also work before school mornings from seven-thirty to nine. On Saturday mornings from eight to twelve the students may go in and study. It is fairly hard work that they must do to become expert in their various fields of business.

The personal qualities that a secretary should have, according to Mr. Stevens, are a good personality, good moral character, courage, courtesy, kindness, cheerfulness, punctuality, adaptability, besides the ability to do high-quality work.

Places for girls to work so that they may earn their board and room are guaranteed by the university. It is harder to find places for boys to stay, but usually they can do it. They do not, however, guarantee positions to graduates, but do try to place them in jobs. Due to present business conditions, it is rather hard to place the students, but before the depression they had more positions than they had people to fill them.

The Commercial Club members were very much interested in Mr. Stevens' talk and appreciated his suggestions very much.

ROCKS GET ONE POINT AT STATE

Last Friday, Marvin Bannerman and "Bud" Curtis started for Lansing for the state tennis championship. This was the second year in which Bannerman participated. His tennis shoes were not as good as those at the regional, and the best he could get was a tie for third in shot-put, with a height of 43 ft. 2 in. Curtis jumped better than he did at the regional, but his 19 ft. 8 1/2 in. was good only for sixth place, Charles Ball, the only other Plymouth fellow to place at the regional, did not go as he had a tennis and golf match. The Suburban meet will be held tomorrow on the West Normal field. Plymouth will have several entries in this meet.

GOLFERS NEAR CHAMPIONSHIP

By winning their fifth consecutive league match, the Blue and White golfers are well on the road for their first state championship. The Rocks met Dearborn for the second time, and won this match 10-5-1/2. This shows vast improvement, because the Rocks barely nosed Dearborn out in the first match by 6-5-1/2. Last Thursday the Plymouth fellows met Dearborn and came out victorious by a score of 9-3. DePorter playing against Priskorn lost three points, but Ball, Horvath and Williams easily won their matches. Last year Wayne held the championship by tying their score with Plymouth. Last Tuesday the Rocks met Farmington. This match will undoubtedly decide Suburban League championship. If Plymouth wins, it will be their championship, but if they lose it will mean a tie between Plymouth and Farmington. The reports of golf game were too late to be in this issue. Last Saturday the Blue and White went to the Lock Annual Golf Course at Ann Arbor, for the regional meet, and finished fifth, needing only four points to qualify in the state meet. The total medal score was 379. Eleven teams qualified at the regional.

Total scores, man by man, for Plymouth:

Dearborn (there) Ball, 2 1/2; Williams, 2; DePorter, 1; Horvath, 2.

Dearborn (there) Ball, 1 1/2; Williams, 3; DePorter, 3; Horvath, 1 1/2.

Farmington—Ball, 0; Williams, 3; DePorter, 3; Horvath, 3.

Northville—Ball, 0; Williams, 3; DePorter, 2; Horvath, 3.

Wayne—Ball, 3; Williams, 3; DePorter, 0; Horvath, 3.

Totals—Ball, 7; Williams, 14; DePorter, 9; Horvath, 11.

Plymouth, 4; opponents, 19.

ROCK'S NETTERS TRIUMPH OVER WAYNE PLAYERS

The Rocks tennis team for the second time beat Wayne, this time at Wayne. On account of there being only one court there, only one set was played in each match. But 1 of Plymouth took the first singles match from Lucas (6-4). Champe, also of Plymouth easily obtained a win from Clark (6-1). The first game of doubles was won by Fritz and Rodman of Plymouth, against Leston and Shook, (6-2), and Champe and Knapp of the Rocks' team, took the last match from Len and Lucas (6-3).

First match—Moe vs. Lucas (6-4), Plymouth.

Second match—Champe vs. Clark (6-1), Plymouth.

Third match—Fritz and Rodman vs. Leston and Shook, (6-2), Plymouth.

Fourth match—Champe and Knapp vs. Len and Lucas (6-3), Plymouth.

Plymouth, 4; Wayne, 0.

ROCKS TAKE CLOSE STRUGGLE FROM WAYNE, 3 TO 2

The Plymouth "nine," last Friday, took their first league game from Wayne, by a very close 3-2 score. Besides being the first Plymouth league victory, it was Postiff's first win. He went the route for the Rocks and Carmichael was the losing hurler for the "Zebras."

Priskorn and Gates tied for batting honors with each one getting two hits in three trips to the plate. Both socked triples past the center fielders. Gates hit the ball on a line while Priskorn lifted a very high fly out of the leader's reach.

Postiff struck out five, walked one, and hit two with pitched balls. He had very good support behind him and only two errors were made. Car-

CLOSE RACE IN CLASS BASEBALL

Competition is keener than ever in inter-class baseball. Both leagues have exciting teams. The sophomores are still in the lead in the Senior League, while the seventh graders took the lead among the Juniors. Last Monday, the Juniors and seniors played a tie game. The Juniors were leading by a score of 4-0, but a costly error brought in two runs unearned in the fifth, and the ball raged before the Juniors got another chance at bat. Every game is watched by a large number of fellows interested in baseball, good material for future teams is being uncovered daily. It seems that every game brings out a larger group of fellows to play. The managers have very little difficulty in obtaining material for their teams. Without doubt, diamond ball has gained greatly in popularity in Plymouth.

HANDBOOK FOR FRESHMEN

"A Plymouth High School Freshman Handbook" has recently been written by the Vocational Club, typed by the club members, and mimeographed on the high school machine under the direction of Mr. Cobb. Its purpose is to aid the freshmen in determining the course they wish to follow, and for what they are best suited; also additional information concerning school rules and customs that freshmen have before had to learn by experience. The book contains information about the following: absences, assemblies, athletics, the awkward squad, the book store, bus tickets, clubs, the college preparatory course and its requirements, the commercial course, the counseling and guidance departments, the courses for study, credits, the departmental system, elective courses, general courses, the glee clubs, group meetings, the health

At 7:30 p. m., the young people who attend the Pastor's Round Table for Bible Study every Tuesday night, will take charge of the service. Their message is based on Second Kings, chapter 5, the "Healing of Naaman, the Loper."

The ladies' tea which was scheduled for May 29th, has been postponed until further notice.

Saturday, the pastor will speak at the annual Decoration Day service.

Tuesday, June 2, at 3:45 p. m., the Christian Friendship Club for children, will meet. There will be songs, pictures and a good time. All children are invited to attend.

An important covenant meeting will be held Wednesday night. Every member is urged to be present.

Many people benefited by Rev. and Mrs. Neale in an enjoyable half hour of gospel songs over the radio last Tuesday morning. They will appear next Tuesday at 12:00 noon, over station WJRK.

CATHOLIC NOTES
 First Communion Sunday is June 7, at 8:00 o'clock. Instructions Saturday morning at 9:30 o'clock. All the children please be present.

Next Sunday is Trinity Sunday, the last Sunday in which to fulfill one's Easter duties.

Sunday is the last Sunday in May. Do not forget your M. C. envelope.

Northem baseball team will play at Newburg, Saturday afternoon, at 3:30 o'clock, against Northville, and Sunday at 3:00 p. m., at Wayne against Wayne.

Father Lefevre's condition is improving slowly although still in bed.

EPISCOPAL NOTES
 Falling as it does on the day after Memorial Day, Sunday will be kept by many in remembering before God the souls of departed loved ones. Every Sunday we profess in the Apostles' Creed our faith in "The Communion of Saints." This means nothing less than

the spiritual fellowship of those on earth with those who have been called home, a belief that we are united in Christ!

Go to church on Sunday! The church exists for the purpose of creating Christian fellowship. Nothing is more needed in the world today!

In response to the call of our Bishop, a special offering will be taken on Sunday morning for the "Michigan Dormitory" to be built at Voorhees School for Netross, at Denmark, S. C., where our church is doing a very notable work in building Christian character and teaching useful occupations to the colored youth of the south. Contributions of any amount will be helpful.

Junior Brotherhood: Meeting, Saturday, at 7:00 p. m. Bible reading assignment for next week: Matthew 14. It is important that there be a full attendance at this meeting. To many absent last week!

Choir practice will be at 8 o'clock this week.

Christian Science Notes
 "Soul and Body" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, May 24. Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O God, thou art my God; early will I seek thee; my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is." (Ps. 63:1).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Become conscious for a single moment that Life and Intelligence are purely spiritual,—not in nor of matter, and the body will then utter no complaints. If suffering from a belief of sickness, you will find yourself suddenly well" (p.14).

PRESBYTERIAN NOTES
 Rev. Walter Nichol is in Pittsburg, Pa., attending the General Assembly of the Presbyterian Church in the U. S. A.

Rev. Robert C. Aukerman, D. D., of Detroit, will preach in the Plymouth church on Sunday next. The morning service and Sunday-school are as usual. There will be no evening service.

The Children's Day service will be held on Sunday, June 14, at 10:30 a. m. An excellent program is being prepared.

Wednesday, June 24th, has been decided upon as the date for the annual Sunday-school picnic. It will be held at Riverside Park.

The Mission Study class met on Tuesday evening at the home of Mr. and Mrs. G. A. Bakewell, Plymouth road. There was a good attendance and a fine time.

On Wednesday, June 3rd, the Plymouth Women's Auxiliary will visit the Northville Presbyterian Union. The meeting will be at the First Presbyterian Church, Northville, at 2:30 p. m. The Plymouth women will provide the program. A large attendance is expected.

NEWBURG
 Several from Detroit, Wayne and Plymouth attended the all-day service at the church last week Friday. Sunday-school at 11:00 a. m. Church service, 12:00; Epworth League, 7:30 p. m. Everyone welcome.

The L. A. S. will hold their regular meeting at the home of Mrs. Myrtle Guitarie, Wednesday afternoon, June 3. Pot-luck supper will be served. You are most cordially invited to attend.

Mrs. Mark Joy, daughters Lydia and Betty Jane, attended a mother and daughter banquet at Kayne. Mrs. Joy's mother, Mrs. Hattie Ostrander, had the honor of being the oldest mother present, receiving a beautiful bouquet of roses.

Mrs. Edgan Evans attended the mother and son banquet at the high school auditorium in Plymouth last week Friday evening.

Mr. and Mrs. John Thompson helped the former's mother celebrate her 81st birthday, at her home on Ann Arbor St., Plymouth, last Sunday.

Mrs. Louisa Bennett of Plymouth is arranging to live with her son, Arthur, at Newburg. Her old friends are glad to have her in the community once more.

Miss Edna Marton is under the doctor's care.

ZONING ORDINANCE FOR DEARBORN IS UP FOR PUBLIC HEARING

ARTICLE FROM DEARBORN PAPER WILL BE OF INTEREST IN PLYMOUTH.

During recent months there has been some discussion in Plymouth relative to a "zoning" ordinance. Because of this fact there might be some interest in the following article taken from a recent issue of the Dearborn Press, which has some information about what is being done in that place.

The first of five public hearings before the Dearborn City Plan Commission, held for the purpose of explaining the proposed zoning ordinance of this city, was held in the Dearborn city hall Thursday night. Four other meetings will be held within the next 27 days.

Other public hearings are at the city hall on May 21 and May 28. Dearborn High School auditorium on June 4 and 11, it was officially stated this week by Myron A. Stevens, city clerk.

It is expected that the plans of the commission, after the public hearings, will be placed on the ballot for approval of the voters sometime in June or July.

The zoning plan of the commission sets up nine different classes of property within the city. The use of property in each class is restricted to certain types of activity. Four of the districts are residential in character and are called residence A, B, C and D districts. Three are business districts and two are industrial districts.

The action of the zoning plan is similar in many ways to that of private restrictions, permitting certain activities in each district and excluding others which do not harmonize with them. Zoning does not, however,

Mrs. John Thompson and father, Mr. Hanson, and Mrs. C. E. Ryder called on Mrs. George Henry at South Lyon, Tuesday afternoon.

place or break private restrictions. It is merely more complete and is enforced by the city instead of by individuals through private law suits.

In each district, according to the zoning plan, certain specified activities are listed as being generally permitted. Others are allowed only as accessories to the first. As an example, the zoning committee explains, beauty shops and retail stores are allowed in an apartment building in a residence "D" district, but are not permitted as separate business buildings.

"Still other buildings and activities are allowed only if approved by a special Board of Appeals which can judge a particular case on its merits. As an example, it is explained that the keeping of poultry on a commercial basis in a residential district requires such special approval, since its objectionableness depends on the size of the lots and the proximity of neighboring houses in each case.

"The state law giving cities the power to zone includes many provisions safeguarding the enactment of the plan into law.

CHATHAM NEWSPAPER TELLS OF PLYMOUTH KIWANIS CLUB VISIT

CANADIAN PUBLICATION SPEAKS HIGHLY OF PROGRAM LOCAL CLUB GAVE.

The Chatham Daily News has the following excellent write-up of the joint meeting held by the Chatham and Plymouth Kiwanis clubs on May 22:

"Additional links to the chain of good fellowship which hold Canada and the United States together were forged in the William Pitt Hotel last night when the Chatham Kiwanis Club were hosts to Kiwanians of Plymouth at an inter-club meeting of the branches of this service organization.

Thirty strong, the Michigan men, many of them of Canadian birth, met at the Maple City and were greeted by a one hundred per cent attendance of the local body which president A. A. Hicks characterized as a red letter event in his history.

Merriment and enthusiasm prevailed through the enjoyable function, but the predominating note, which had a responsive echo in the hearts of the club men assembled, was that of the importance of firmly establishing an international relationship that will become more binding as the years roll by.

Many thoughts on international relationship were expressed by Claude Rork, governor of the Kiwanis district of Michigan, and Rev. Walter Nichol, pastor of the Presbyterian church of Plymouth, who were the special speakers of the evening.

Fine Banquet
President A. A. Hicks occupied the chair at the outset of the banquet, and following the excellent report served by Harry Scriben, maître d'hotel, he extended a warm welcome to the visitors. Ernest J. Allison, president of the Plymouth club, expressed pleasure on behalf of his fellow Kiwanians over the Chatham visit before turning the program over to Bob Joffille, chairman of the inter-club relations committee.

The latter interspersed the program with amusing stories, which was made most enjoyable by the peppy singing under the leadership of Paul P. Nicholson, with M. R. Burtart at the piano. A feature of the musical part of the evening were the accordion and mouth organ selections of Joe Ribar, a member of Plymouth High School Band, an organization of 40 boys brought into being through the offices of the Plymouth Kiwanis Club.

The inter-club meet was voted a great success, and Chatham Kiwanians expressed the hope that it will not be long before the visit is returned.

Welcomes Visitors
In welcoming the Plymouth men to Chatham, President Hicks stated that one of the functions of Kiwanis is to get men acquainted, and he knew of no better way than such inter-club meetings as had been arranged by the committees of the respective clubs.

"The best way to find out what other clubs are doing is to have such meetings as this," he said. "I am sure that this will be a red letter event for our young club, and hope that our visitors will retain pleasant memories of their visit to Chatham."

Ernest J. Allison, president of Plymouth organization, and a former Hohenheim man, spoke of the members of the club who were born in Canada. "When we think of hospitality at any time, we think of Canada," he said. "The pleasure is all ours tonight."

Claude Dock, governor of the dis-

trict of Michigan, voiced cordial greetings from the 3,000 Kiwanians in the state where the service movement had its birth.

"We not only look upon you in Canada as neighbors, but as our friends," he said. "I am sure that the recent convention of Kiwanis International in Miami, spoke on various matters that were dealt with at that important gathering. He declared that the past year had been a most successful one for Kiwanis International, and predicted even greater success during the new year."

Passed Through Crisis
"We have passed through this crisis of international depression with very little loss of membership, and all clubs are functioning satisfactorily," he said. "The Kiwanis organization last year spent double the amount on the care of the underprivileged children."

Mr. Dock spoke at length on internal matters, telling of the rapid growth of Kiwanis since its organization in Detroit, and particularly of its expansion in Canada following the organization of the first club in Hamilton. He also told of the friendly competition which was staged at Miami for the next annual convention, and which, much to his satisfaction, resulted in favor of Detroit. He expressed the hope that members of the Chatham Kiwanis Club would arrange to attend that convention, and also the district convention which is to be held at Windsor.

Concluding his address, Mr. Dock spoke of the billions invested in projects in which Canada and the United States are jointly interested.

"Let us not think in terms of money but in the terms of 130 millions of people of the United States and Canada who live peacefully and harmoniously,"

Mayor Mimmack
Reminiscences of his early days in Chatham and district, and particularly Thessville, where he was born, were given by Kiwanian Robert O. Mimmack, who is the mayor of Plymouth. He spoke of playing cricket in Tecumseh Park. He mentioned the names of several former Chathamites, including the late Dr. Bray. "These were the happiest days of my life," he said, alluding to his cricket games in Chatham.

"I am proud to be here tonight," said Mayor Mimmack. "I want to say I have enjoyed this meeting very much. I appreciate your wonderful hospitality. I hope when you come to Plymouth that we will be able to give as good a welcome and show you the same good fellowship."

Rev. Nichol
The importance of emphasizing the relations existing between Canada and the United States was stressed by the Rev. Walter Nichol, during the course of an eloquent and stirring address. The speaker, who is an active Kiwanian in Plymouth, is a native of Canada, and, at the outset of his address, he expressed pleasure at meeting an old class mate of his Toronto University days in the person of W. N. Sexsmith, principal of the Chatham Collegiate.

"It is right," he said, "that we should put special emphasis at times on the relations existing between Canada and the United States. We should get to know each other better. It is such gatherings as these which help to more closely bind the ties between these two great countries."

The speaker stated that as a Presbyterian minister he had always got along well with leaders in other religious denominations, but it remained for the Rotary club, of which he was a member, to establish a lasting friendship between himself and a priest of the Roman Catholic Church.

Real Service
"If luncheon clubs can bring together

a Presbyterian minister and a Roman Catholic priest, and make them leap over barriers of denominationalism and religion put in their way, then I want to say that the luncheon club is one medium of doing a real service in the community in which it is located. The point I want to make is let us get acquainted. In knowing each other we get along more pleasantly."

Rev. Nichol illustrated the manner in which boys "rough-house" each other. One lad may "rough" another until it hurts. The boys will laugh about it because they don't mean to inflict injury, he said. It is just an expression of boyish energy.

"We should show this spirit in our international relationships," he declared. "Sometimes we will rough-house each other in our traiffs and in other ways, but if it does not affect our dispositions, we will have established a tremendous basis on which to build up our international friendships. This is not something to wait for. It is something to strive for. It can be done if the people of the two countries hold a kindly attitude towards each other. It can be done if we resolve to do it."

Vision Needed

The speaker stated, however, that there is need for clear and far thinking, for, after all, international relationships are not always secure because of strong prejudices. By way of illustration, he referred to an article published in a Canadian paper many years ago, and which quoted Henry Ford as visualizing River Rouge as the scene of his major operations, with a widened stream permitting his own lake boats to bring coal from the mines, and his railways to bring the iron ore to his foundries.

"It is the matter of international relationship we must think clearly and see into the future," he said. "We must keep our eyes on the far horizons. Ships take their course by the stars, not the waves beating against their bows. Let us not be turned from our objective by unpleasant things. Let us arrive for that international relationship that will outgrow all tests." At the close of the interesting program, R. Levers and Harry Stephenson sponsored the vote of thanks to the Plymouth Kiwanians, which was carried with applause.

Members of the Chatham Kiwanis Club were ably introduced to the Plymouth men by H. Groesch in a witty manner, while the visitors were made acquainted with the local Kiwanians by president Allison.

Members of the Plymouth Kiwanis club included the following: Albert Gayde, Ernest S. Roe, R. W. McWhisen, W. R. Smith, S. E. Wolf, Joseph Rebert, E. O. Huston, James E. Sessions, T. M. Holmes, W. B. Lombard, N. L. Denne, Harry Reck, Ray Fisher, Rev. Fred Kendrick, Fred H. Lee, R. J. Joffille, Robert O. Mimmack, A. J. Burrows, E. J. Allison, William Sturgis, Myron Hughes, H. J. Fisher, C. P. Nelms and S. J. Leonard.

To the Memory of America's Heroes

AS THE NATION pauses again in tribute to those who in our country's wars fought for the cause they considered right, we catch a glimpse, in the light of memory, of their high standards of justice, of security, of liberty.

On this new Memorial Day, the example and the sacrifices of our warriors—both the living and the dead—inspire us to new ideals which will make the United States even greater.

In observance of Memorial Day this institution will not be open Saturday, May 30

McNamee To Report Auto Classic

Indianapolis Speedway—McNamee at the "mike." Billy Arnold and mechanic.

GRAHAM McNAMEE, radio's ace reporter of sporting events, has again been chosen as the nation's eye-witness for the 500-mile auto race classic at Indianapolis on May 30. The Firestone Tire and Rubber Company will sponsor the last and most exciting hour of the race. Perched high in the glass-enclosed pergola near the finish line, McNamee will describe the shouting thousands in the stands, the milling hordes afoot inside the track, and the gruelling tussle of 40 of the world's most famous racers in their grim race with death. McNamee says the Indianapolis races surpass all sporting events for excitement. He will take the air at 2:15 p. m. Central Standard time and will tell his story over a network of 55 stations in the United States and Canada, including WEAF and the NBC red chain. Four former winners are entered. A win is worth about \$50,000. It is said that all former records will be broken. (Broadcasting Time: 3:15 Eastern, 2:15 Central, 1:15 Mountain, 12:15 Coast. Daylight Saving one hour earlier.)

BENEFITS OF CITY

education because, in the first place, we believe that many months of patient investigation and study will be required before any need would be felt for the employment of expert advice, and in the second place, because we have an idea that the expense attached to establishing a city plan and zoning ordinance is exaggerated in the popular mind. In looking ahead to the future, it will be part of our study to obtain facts and figures pertaining to necessary expenditures, especially in connection with any part of the work which could not be handled by men and facilities at our disposal.

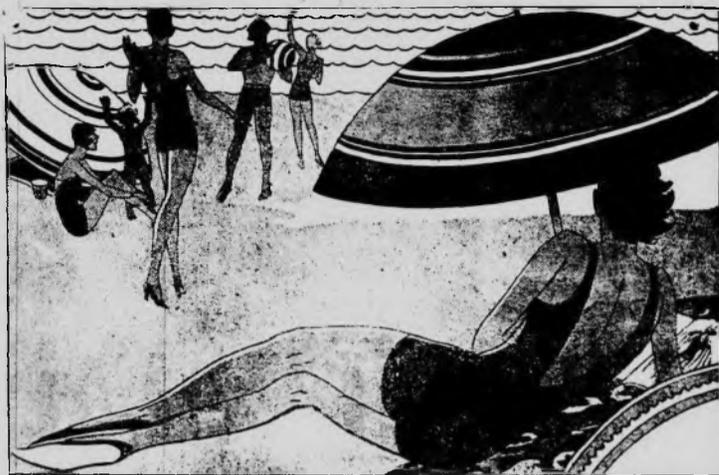

2. "Statements similar to this objection are" in all probability the reason why many local citizens have talked about planning and zoning for several years without deciding on a definite method of procedure. We do not contend that it will make a decided difference to the Plymouth of six months or possibly a year hence if this subject is again dropped, but we do contend that actual damage to the public interest will undoubtedly occur if this undertaking is indefinitely deferred, and we can do no better than repeat the statement made in last Friday's Mail that the logical time to lay the groundwork for a city plan and zoning ordinance is during a period of comparative quiet in order to be prepared for the next period of increased activity. It is probable that no community ever felt an urgent need for a city plan and zoning ordinance until actual and preventable damage had occurred. We urge the wisdom of being prepared, and every movement for civic betterment must have a start."

3. "In partial answer to this objection, we are quoting the following from a report entitled 'City Planning and Zoning Accomplishments,' compiled by the Civic Development Department of the Chamber of Commerce of the United States of America. The quotation follows: 'Because of the broad scope of zoning in regulating the use, height, and area of all property, unusual conditions may arise which would produce unnecessary hardships upon certain individuals, if the exact wording of the ordinance was adhered to. The "Standard Zoning Enabling Act," therefore, provides for a Board of Appeals to which matters of this kind may be referred, such board being generally appointed by the mayor. The following are the powers which it exercises:

1. To hear and decide appeals where it is alleged there is an error in any order of the administrative official of the zoning ordinance.
2. To hear and decide special exceptions to the terms of the ordinance.
3. To authorize in specific cases where a literal enforcement of the ordinance would cause unnecessary hardship, such variance from the terms of the ordinance as will not be contrary to the public interests.

"If therefore appears that to be of practical application a zoning ordinance should have some degree of flexibility, and looking ahead, if the natural growth of our community would render a city plan and zoning ordinance obsolete in five years' time, whatever work and expense would be incidental to revising said plan and ordinance would be far preferable to drifting along another five years without these measures of community protection."

4. "The question of the ultimate size and destiny of Plymouth is a matter of opinion. We believe that Plymouth cannot help but grow in size and usefulness. Our problem is whether or not this inevitable growth is to be haphazard in character, or controlled and orderly with the best features of our present residential, commercial and industrial sections preserved with some degree of foresighted wisdom. "Many students of urban growth are of the opinion that the day of the big rush and vast congregation in cities is past. Be that as it may, these same students of municipal affairs point to a decided tendency on the part of industry and population to shift from the center of large metropolitan areas to the smaller communities which fringe their borders. Give careful thought to Plymouth's position with reference to the D toemrttorlop q'n

Jantzen...

the preferred swimming suit

Many, indeed, are the reasons for Jantzen world-wide popularity. The appeal of its permanent fit is universal. There's never a wrinkle, wet or dry. Tightly knitted from pure long-fibred wool, by the famous Jantzen-stitch process, it retains its shape always. Its remarkable elasticity gives you perfect freedom in the water.

Simply sparkling with style! You'll find Jantzen suits the latest, the most authentic beach modes. Smart simplicity is the keynote of Jantzen style... lithe, slenderizing lines a distinguishing characteristic.

And the Jantzen colors... so rich and alluring! Vivid hues or pastels, to suit every type, to suit every taste. The colors of today and tomorrow... correct, color-fast. But see the new models and colors, they're here now!

As an instance of Jantzen style leadership, witness the Jantzen Shouldaire... the suit designed for smart sun bathers. An ingenious tie holds the front in place while the shoulder straps are dropped for an even coat of shoulder tan... a suit entirely new in style inspiration
