

## MAY 28 WILL BE POPPY DAY HERE

### Legion To Raise Funds For Veterans Confined To Hospitals

Saturday, May 28, will be "Poppy Day" in Plymouth. On that day every person in the city will be asked to wear a bright red poppy in honor of the men who gave their lives in the World War. The poppies will be sold throughout the city by members of American Legion Post, the Ex-Servicemen's Club and their Auxiliaries, and the entire proceeds will go to the relief and rehabilitation funds of the Clubs.

The local poppy sale will be part of a nation-wide observance of "Poppy Day." On May 28, the poppies will be sold throughout the city by members of American Legion Post, the Ex-Servicemen's Club and their Auxiliaries, and the entire proceeds will go to the relief and rehabilitation funds of the Clubs.

"Poppy Day" will have a two-fold message to the people of Plymouth. First, it will call to them to wear a poppy as a personal tribute to the memory of those gallant young men who gave their lives for America in the World War, and second, it will appeal to them to help lighten the burden for those who are paying the price of America's victory in suffering and hardship, the disabled veterans, their families and the families of the dead. Every penny which the people of the city contribute for their poppies will go to the relief of the living victims of the war, the bulk of the money remaining right here in Plymouth to finance the relief activities among newly veterans and their families.

Poppies will bloom throughout Plymouth Saturday with the same profusion that they bloomed among the shell holes, barbed wire and wooden crosses along the battle front in France. Preparations for the annual poppy sale, during which the workers hope to place a memorial poppy on the grave of every man, woman and child in the city, are now complete.

The large corps of workers who have volunteered to distribute the poppies on the streets Saturday has been divided into teams and each team assigned to a specific location in the city. The poppies, each bearing a distinctive label showing it to be the veterans' fund product, have been received from United States Veterans' Hospital, No. 100 at Battle Creek, where they were made by needy disabled veterans. The little red flowers are being arranged in baskets ready for the workers to take out Saturday morning and the cardboard boxes which the penny purchasers will drop their contributions for the welfare of the disabled and dependents are being made ready.

There is a tradition in France, that on the battle fields where the men fell most thickly the poppies bloom in greatest profusion. A symbolic connection is seen between the blood-red bloom of the poppy and the blood of the heroic dead. Here in America we believe that where true patriots dwell most thickly the memorial poppies are worn in greatest numbers on Poppy Day, and we hope that nowhere in the country this year will these bright symbols of remembrance be seen in greater profusion than in Plymouth.

## School Musicale Is Best Ever Given; 250 Take Part

The annual High School Musicale, consisting of vocal and instrumental music by the different organizations in the high school was presented Friday, April 29. More than 250 high school boys and girls participated in making the program an outstanding success. The quality of music rendered by the orchestra, band, glee clubs, quartets, soloists, etc., was such that only those who heard the concert will really appreciate the training represented on the part of the boys and girls. Miss Henry and Mr. Evans directed the several groups in the way that made it hard to believe that the program was a sampling of the actual work done in our music department.

The finale, "Father of the Land We Love," consisting of the high school orchestra, an ensemble of all the choruses, glee clubs, and quartets and presented in a table. "The Spirit of '76" and the display of the portray of Washington was as thrilling as it was massive.

The Spring Musicale in our Plymouth High School is unique in that (while most schools use ten to twenty-five in presenting an operetta) our high school presents a varied program consisting of samplings from the work of each and every department, having all who have taken music during the year, either vocal or instrumental, participate in the Musicale.

## Mrs. Charles Ball is New President of Local Woman's Club

On Friday, April 29, the Woman's Club held a potluck luncheon in the dining room of the Presbyterian Church.

The program consisted of tea and folk dances by the following pupils of Miss Irene Humphries: Martha Shaw, Doris Bazzard, Ruth Kirkpatrick and Beth Ann Hobels. The accompaniment was played by Miss Margaret Beyer.

Mrs. A. J. Parker gave two readings, "An Unfinished Story" by Richard Davis and "So Glad for Spring" by P. A. Daly.

Miss Irene Heiser, a Missionary from Japan and a guest of Mrs. Moon gave a very interesting talk on the customs of the Japanese people and the etiquette of visiting in Japan. She also told of the Manchurian situation.

Following the program the election of officers took place. The newly elected officers are: president, Mrs. Chas. Ball; first vice president, Mrs. Arlo Emery; and vice president, Mrs. Wm. Baker; recording secretary, Mrs. Robt. Shaw; corresponding sec., Mrs. R. L. Hillis; treas., Mrs. Berg Moore; executive board, Mrs. Otto Beyer; Mrs. Julius Wilks, and Mrs. C. H. Hathburn.

## Mayor Mimmack to Pitch First Ball

Next Tuesday evening marks the beginning of the baseball season for the Playground League. The city president, Bob Mimmack, will pitch the first ball to the city manager, Mr. Cookingham.

The opposing teams for the first game will be the K. of P. and Norgy.

## Mother and Daughter Banquet on May 10th To Be Unusual Event

When in the course of human events there comes the time that the Girl Reserves and Camp Fire Girls get together and throw a big party, it is the annual Mother and Daughter Banquet. We always like to tell everyone about it. Well, here is the date, "fresh out." The big night is May 10th at 6:30. We have taken into consideration the depression effect on both the mothers and daughters and reduced the price to sixty cents. Somehow or other, the spring always seems to bring back fond memories and we have a you to haul out those little unremembered things we have saved from past significant events, so the title of the banquet is Souvenirs and the program is as follows: Meditation by Mary Urban; Treasure Chest, by Mrs. E. Joffe; The Lost Treasure, Party Dress, a dance by Vera Woods and Irene Humphries; Mother's Letters, a toast to the mother, by Zephora Blunk; Baby Shoes, the mother's response, by Mrs. Russell Roe; Family Album, something a little different, by Junior and Senior Girl Reserves; Harry Everett, by Mrs. Helen Hoegge, psychiatrist, from Highland Park High School and Favorite Melodies, a duet, by Dorothy Hubert and Anabelle Wilby.

Mothers, come and bring your daughters and daughters, surprise mother by asking her to come with you. But above all this, there's the big inducement that the H-Y boys will be serving, and you know the rest!

## CHECKING WORK OF LEGISLATURE

### As Session Nears End, Many Ask of Benefits Accomplished

Lansing, Mich., May 5—Official Lansing has been spending the present week checking over the work of the special session of the legislature in an effort to find out how much good has been accomplished for the taxpayers of the state so far as a result of the activities of the law making branch of the government.

It is certain that the highway bill, held for days in the house committee, is not going to do all the things many had anticipated. Highway Commissioner Grover Dillman has pointed out emphatically that a very substantial portion of the financial resources of the department cannot be diverted to other uses and the department continue to build roads and maintain them.

How to prevent additional unemployment and at the same time bring relief to some of the counties and municipalities of the state is the main question that members of the legislature have been considering. It is known that the transfer of the weight tax receipts and a portion of the gas tax moneys from the highway department to other purposes will immediately cause a large number of highway department employees and road workers to be thrown out of employment. Highway department officials have not given an estimate of the number that will be deprived of work, but the number will not be small. This is about the only department of the state government that provides a substantial amount of common labor with employment. Members of the house of representatives have been considering how to save as much high way work as possible and at the same time use as beneficially as possible the proposed diverted highway funds for the benefit of property owners.

It is the highway bill which has been in the house committee for days that has been responsible for the time marking of the lower branch of the legislature.

In the senate, the budget bill which has for its purpose a reduction of expenses of various state departments and institutions has been under consideration for nearly two weeks. The senate members have the same purpose as many members of the house, to force a greater reduction of higher-up salaries than a uniform fifteen per cent reduction for all grades. The senate has had completed a complete salary list of all state departments and institutions and this list, consisting of many closely typewritten pages, has been on the desk of each senate member for nearly two weeks.

If the highway bill can secure immediate action in the house and senate where it must be returned because of amendments that the house contemplates making, and the senate will act speedily upon the budget bill, there remains nothing more for the legislature to do but adjourn and return home, something that members have been anxious to do for the past two weeks.

## DeMolay Will Hold Banquet For Mothers

The Second Annual Mother's Banquet, given by Fellowship Chapter of DeMolay, will be Thursday, May 12, at 6:30 o'clock in the Masonic Temple. The Eastern Star ladies will serve the banquet.

The speaker will be H. C. Jackson, popular Detroit News columnist, whose speech will be as interesting as his column. Mr. Jackson will speak on "Present Day Mother and Son Relations." The program will also include music by the High School Boys Quartette and nation solos by Richard Shipley of Nashville.

Reservations may be made with LeRoy Sengitz, Ernest Heary or Bill Kirkpatrick.

RUSSELL ROBINSON  
MARRIES FLORIDA GIBB

Word was received last week by Mr. and Mrs. George Robinson of the marriage of their son Russell to Dorothy Downs of West Palm Beach on Monday April 18th. Miss Downs was the daughter of Mr. and Mrs. C. C. Russell of Lake Worth, Florida, and she is a graduate of the Convent at Tampa.

Russell is a graduate of Plymouth high school and the Commercial Art School in Detroit. The young couple will make their home in Lake Worth, Florida where Mr. Robinson is employed in the Kenwood Hotel.

## Rosedale Men's Club Meets Every Monday Evening in Future

The Community Men's club of Rosedale Gardens, formerly or better known as the "Buttermilk Club," decided at their last meeting on Monday evening, to hold regular meetings every Monday evening hereafter.

Several years ago, when this growing community was in the making, the pioneers of the community got together at odd times to foster the spirit of fellowship and neighborly good will. Later it developed into a get together in the Community Church Hall during the long cold winter evenings, and a nominating committee of half a hundred members, all in duty bound to foster good-will and fellowship within the neighborhood.

With half the men of Rosedale Gardens as "members," and the goal of the other half set to make it 100% strong within the month, a membership drive is under way, a committee of organization working and a nominating committee appointed to report on Monday evening, May 23rd. It is fast on the way to a lasting and a permanent organization with real aims and purposes.

At meeting nights several card games, checkers, base-ball, shuffle board, ping pong, quots, chess are always on, and community problems are discussed, political, social and social problems make everything interesting in the program "something for every one."

A buffet lunch is always on the table, where each member makes his own sandwich, and a big pot of coffee on the stove, a can of buttermilk within reach, so that one may lunch, pipe smoke or what he is watching various games in progress.

Now that the weather is becoming warmer and evenings longer outdoor games are being planned, and a Sunday morning Bible Study class has also been organized, where one can come in old clothes and go to work in Garden before or after.

It is expected that at least 100 will be at the meeting next Monday evening when more interesting things will be in order.

## Several Candidates File Petitions

The last day for filing petitions for officers of the new City of Plymouth was Wednesday, May 4th. The Charter Commission met on that evening to determine the sufficiency of the petitions and to approve the ballot.

## LEGION WILL SEEK MEMBERS

### Acting Commander Says He Plans To Conduct Drive Soon

According to Irving J. Ulrich, acting commander of the Myron H. Reals American Legion post of Plymouth, local officers of the organization expect to put on a membership drive in the immediate future. Mr. Ulrich, through whose efforts the local post was organized, in commenting about the Legion states:

"Every World War veteran eligible to membership in the Legion should belong regardless of how he feels. He cannot escape it. Either he is for the Legion, he is against it, or he is a drifter. If he is for it, he should get in and lend his support to the program because it is only through an organization such as the Legion has provided that big programs can be accomplished. That is not an idle remark. It is a fact. The Legion is the only all-inclusive veterans' organization in existence. Therefore, it has the viewpoint of a true cross-section of our veterans as well as a representative of the entire veteran cause of that, it is the one organization that truly speaks for the World War veterans of the United States. That means when it speaks officially it is heard. Can any eligible veteran afford not to have a voice in its affairs?"

"If he is not a member because he is opposed to the Legion's program, or part of it, or because he is displeased over something in the Legion, that the Legion did, he is making a serious mistake. He is unfair both to himself and to the Legion. He probably thinks the proper way to oppose a certain activity, or a certain program, is to leave the Legion alone. He puts his frown upon the whole Legion. He condemns it all in order to cast his light upon one part of it. A recent syndicated article that was meant to condemn a particular activity, made the following comment on that point: 'The Legion contains so many persons of varying views and attributes that it would be silly to draw an indictment against its entire membership.'

"Let us admit that the Legion has done much good, in the minds of some of us, and that it has taken, that article could have said truthfully that what may appear as a mistake of the past, when viewed under changed conditions and in the light of further experience and study, may have prevented a greater mistake, and therefore perhaps was not a mistake at that time. It is not a mistake to say truthfully that the American Legion is the one organization that speaks for the World War veterans of varying views and attributes. When a majority of these veterans determine upon a program, that program is truly representative of the viewpoint of a majority of all veterans. There is no other reasonable way of looking at it. That is the way the American people consider the Legion's program. If there are two sides of a question, the side the Legion chooses is sure to be the right one. It is not a matter of personal belief. Mr. Great War Service Man, then you should get into the Legion and use your influence to change it, if you can."

"Honestly I believe one million Americans can't be wrong. Raise your voice in a Legion meeting. Make there will be a majority convinced your side is right. Certainly, until you do that, your viewpoint is not being given a fair trial and you are not just to yourself. Certainly the American Legion has your best interests at heart. It has the interests of the whole American people at heart."

## Clean-up Campaign Endorsed By Civic Leaders and Groups

"We feel that the Annual Spring Clean-up Fix-up, Repair, and Home Modernization Program being sponsored by our Chamber of Commerce should have the backing of the entire community. We give it our endorsement as a worthy effort to create jobs for our deserving unemployed fellow-citizens. We shall do everything in our power to give this program the moral support of every church and civic organization in Plymouth."

## Boy Scouts, Fathers Plan Week-End Hike

Boy Scouts, their fathers, troop committeemen and friends leave tomorrow afternoon for an overnight "hike" to Camp Brady. The Plymouth District has been given the exclusive use of the Camp Saturday night and Sunday.

A special feature of the overnight "hike" will be the Mother's Day dinner at the camp for the mothers of Boy Scouts.

This is the occasion when the Scouts will enjoy the opportunity which they have looked toward since the camp last fall. As a matter of fact, the Boy Scouts probably have not looked forward to this occasion much more than have the fathers and Troop Committeemen.

If the weather is good, probably between one-hundred fifty to two hundred will spend the week-end at Camp Brady.

Plymouth District consists of troops from Northville, Plymouth, Newburg, Wayne County Training School, and Rosedale Gardens.

## EDITORIAL

The Plymouth Chamber of Commerce is sponsoring what promises to be the biggest and most effective clean-up and fix-up campaign ever conducted in this community. There are two reasons for the activity of the Chamber of Commerce in this matter, the first being the hope that the campaign will produce work for many Plymouth men who are now idle. The second reason for the activity of the business men's organization is the fact that any clean-up and paint-up campaign is a benefit to any community, no matter how little might be accomplished as the result of the effort. Every house painted, every building given a new coat of paint, every structure that is repaired and placed in order, every vacant piece of ground that is cleared of rubbish and refuse, adds to the general attractive appearance of a community. For these two excellent and worthy reasons an unusual effort is being put forth to have every one in Plymouth go out of their way to find some painting job, some repair work or clean-up work that can be done within the immediate future. It will help some one out of work, it will help local business men, it will help you personally and it will help all of Plymouth. Let us unite with the Plymouth Chamber of Commerce and make this paint-up and clean-up campaign the most successful ever conducted.

## OFFICIALS TO ANNOUNCE CLEAN-UP

### Next Week Set Aside As Time For Disposal Of Refuse

The date for the annual Spring Clean-up conducted by the City Forces has been set for the week of May 9th. The same policy as has been followed in previous years will prevail during the present campaign.

Residents are requested to set the rubbish outside of the sidewalk in containers which can be loaded onto the pick-up trucks. Any containers which are of any value will be left by the pick-up crews. Under the present plan the work of gathering the rubbish will commence on Wednesday, May 11th, and continue throughout the balance of the week. Residents are urged to put all the rubbish out not later than Wednesday morning in order that the trucks will not have to cover the same territory more than once.

Every one is urged to conduct a thorough clean up campaign on their own premises as well as on adjoining vacant property. The Village will dispose of any material which is left outside of the sidewalk. It will not be possible to dispose of any old automobile bodies because of the requirements of the owners of the dump used by the Village. Therefore, anyone having automobile bodies to dispose of will have to make private arrangements for the disposition of same.

It is suggested that the Clean-up campaign tie in with the Home Beautification and Unemployment campaign being conducted by the Chamber of Commerce and other civic organizations. Anyone requiring additional help around the premises for cleaning up or beautifying the home and grounds will be supplied with a list of unemployed men by calling the Village Hall. A number of these men have requested work from the Village and their names are on file and will be available to anyone requiring help.

The cooperation of all the citizens in this campaign will be a means of beautifying the Village and will make possible the efficient handling of the materials to be disposed of. Any further information regarding the Clean-up campaign can be obtained from the Village offices.

## PLYMOUTH WINS SPELLING BEE

### Miss Dorothy O'Leary Will Represent District at Detroit

Plymouth schools won the district spelling contest held at Northville, Friday afternoon, April 30. Plymouth was represented by Marie Fisher from the Starkweather School, Dorothy O'Leary of the Central Grade School and Jeanette Bauman of the Junior High School. Promptly at two o'clock under the direction of Superintendent Knapp, chairman of the district, the winners from schools surrounding Northville began to spell. The accuracy with which the contestants spelled difficult words was most impressive.

Fifteen minutes before the champion of the district was declared Jeanette Bauman and Dorothy O'Leary both representing Plymouth schools, were the only two remaining in competition. Fifteen minutes later the word "small" was missed and then spelled by Dorothy O'Leary to become champion of the Plymouth-Northville district in the Metropolitan area. Dorothy O'Leary, the winner is a pupil in six "B" of the Central Grade School with Miss Fenner as teacher.

The winning of the district championship carries with it the right to represent the district in the Metropolitan Spelling Bee, held in the Coliseum at the Michigan State Fair Grounds, Friday May 13. The winning also gives the winner a medal in recognition of her accomplishment. The spelling contests sponsored by the Detroit News throughout the Metropolitan Area is an inspiration to the boys and girls in grades from five to eight. The thrill of competition and the joy of making a correct spelling, especially using a box and girls learn to spell words correctly that they otherwise would not have attempted.

## Use Disease To Cure Disease, Declares Insanity Authority

Members of the Plymouth Kiwanis club were told Tuesday noon by Dr. George F. Inch, superintendent of the Ypsilanti State hospital for the insane, that medical science in recent years had been successful in curing insanity by using at times a patient, become ill with a high fever. He declared that malaria fever had been successfully used in combating a diseased mind. In fact there has been produced in recent years a machine that is now successfully used in producing a high fever in patients.

## A Communication

The communication in last week's Plymouth Mail relative to women teachers contained 8 points. Although some of them were overlapping I wish to answer them in order for the sake of clearness.

1. "College girls can not get positions." This is often true but not primarily because of married teachers, but rather because our normal schools have been turning out too many graduates. Our 4 state-supported normals and the Detroit Teacher's College have been over-crowding the market ever since teachers' salaries went up 13 years ago. Detroit Teacher's College alone was graduating 2,000 teachers a year like so many Ford cars and the culture of the teaching profession showed the effect of mass production in the field of pedagogy. In order to increase their own institutions, in order to draw more money out of us Michigan taxpayers the Normal colleges have flooded Michigan with teachers for the past 10 years. Naturally one so normal showed the effect of mass production in the field of pedagogy. ## IDLENESS

To prepare for the time, which many believe is not far in the future, when the regular working day will be only six or four hours and every individual will have a large share of his life to live in leisure, an increased emphasis in schools of all levels to teach every student to participate in games or other physical activity as a means of aiding the national health and making sure that leisure will be spent in useful rather than harmful activity is recommended by Jackson R. Sharman, professor of physical education, in an editorial in the University of Michigan School of Education Bulletin.

While the present unemployment is temporary, the future years may find us with just as much leisure time, not because of abnormal unemployment, but because regular working hours will be cut to six or four, as in the past they have been cut from ten or twelve to eight through increased efficiency in production, Professor Sharman believes. This large amount of leisure holds great possibilities for good or evil, both to the individual and to society as a whole. It may mean increased mental and physical well being and training, or it may mean misguided activity and drifting into crime or other unsocial behaviour.

Training for play, as former generations were trained exclusively for work, should become a recognized duty of the schools, declares Professor Sharman. Because physical recreation is one activity which every normal person can understand and enjoy, no matter what his degree of intelligence or other interests, and because it fosters social relations and co-operation, every school boy and girl should become interested and skilled in some game or sport which may be carried on in adult life.

The Mail cannot agree entirely with this sentiment. We hope the day will never come when at least half of our time will be spent in idleness. Just as surely as the day is long if America ever reaches the point where we will labor but two, three or four days a week, this country will have turned its face from the sun and will be on its way to oblivion. Some people can find happiness in idleness, but the vast majority are in misery when not busy. We will always believe that idleness is more responsible for crime than any one other thing. Let us hope that the writer in the U. of M. Education Bulletin is wrong in what he predicts. God help us if he is right.

## THE NEW CHARTER

Plymouth's new city charter was published in the Mail last week. Voters will pass judgment upon it at the election to be held May 16. The charter commission spent much time in making such changes as necessary to conform to the state laws pertaining to the operation of a city form of government. Because of the excellence of Plymouth's village charter an effort was made to retain as far as possible all of its provisions which have been found so satisfactory. There is but little doubt that the new charter will be given the approval of the voters and it is the sincere wish of the Plymouth Mail that the future government of this community will be as satisfactory as it has been under past administrations. After all the success of any government, village, city, state or nation, depends almost entirely upon the kind of men elected to conduct that government. The charter of a city or the constitution of a state is but the machinery providing the method of operation. How well it is operated is in the hands of those we engage to run it.

## GAG RULE

Former Governor Green demonstrated at the Republican state convention the other day in Lansing that he is not in favor of any gag rule plan for the party to which he belongs. When the committee or permanent organization and order of business brought in its report, there was concealed within its clauses one little paragraph which would have prevented any change in the resolutions outside of the committee room. The former governor was quick to discover the scheme and he overwhelmingly defeated it. Just where the foolish notion came from or who sponsored it no one cares enough about it to learn definitely, but the Republican delegates were quick to kill anything which seemed of a gag within their convention. It was a decisive action and a deserved action.

## WAYNE COUNTY ROADS

Much has been said about roads and the cost of these highways in recent years. Wayne county, the father of the concrete road system, has long been noted for its excellent paved highways system. Because of the general interest in our highways Mail readers will be glad to know what an outside view point might be. The following is taken from the official bulletin of the Citizens League of Cleveland, Ohio:

# A Famous Surgeon

says that 61% of the cases coming to his clinic, come as a result of mouth infection.

Most of these areas of infection and disease in the mouth, are located below the gum-line. To find these areas requires the use of the X-ray. Have YOUR mouth X-rayed to locate areas you may think you do not have. Lack of pain does not necessarily mean that you are free from diseased areas.

X-Rays 50c per film or \$5.00 for a full mouth.

It will pay you to see me about your dental work. No charge for examinations

## The Little Man Didn't Sit Down and Moan

"Cost of all hard-surfaced roads built by the county engineers of Cuyahoga County during the 10-year period of 1921 to 1930 was \$6.11 per square yard, while the average cost in Wayne County during the same period was \$3.65. The difference is 67 per cent more here.

"During the decade Cuyahoga County spent \$8,255,056 for maintenance of approximately 600 miles of county roads. Wayne County paid \$3,764,670 for upkeep of 560 miles. For every \$1 spent by Wayne County taxpayers the taxpayers of Cuyahoga County spent \$2.19.

"If all Cuyahoga County's roads in the last 10 years had been built at the Wayne County cost of \$3.65 per square yard, the total cost would be \$16,880,502 less than they did cost."

The bulletin concludes by pointing out that rural legislators oppose the constitutional change necessary to eliminate spoils and politics from road building.

## A CONGRESSIONAL INDICTMENT

Congressman Wright in speaking before members of the house of representatives in Washington the other day made the following assertion:

"I have never seen any farm organization that existed very long into which did not enter a lot of broken-down politicians and men with smooth tongues, but who were business failures and who would exploit the farmers, and finally bring failure to the organization."

Congressman Wright comes from a state that is far away from Michigan and our wonder is how does he happen to know so much about some of the farm organizations of this state.

**Content**  
 Content makes poor men rich; Discontent makes rich men poor. Benjamin Franklin.

**How to Stop Growing**  
 Advertising is to trade what ambition, initiative and enterprise are to a human being. It is what speeds up business. Every live and growing concern advertises in some way or another. To stop advertising would be to stop growing.

**On the Dear old River**  
 There's a dear old river where we used to row,  
 In the summer's soft gleaming long ago,  
 We sang the songs by lovers liked best,  
 As the sun sank low in the golden west.

**Wild Stock Unsatisfactory**  
 From time to time landowners have tried, on a small scale, to plant trees for forest growth and for their planting stock. Such plantings have, in the great majority of cases, resulted in failure. Wild tree-seeding stock is unsatisfactory for forest planting, unless it has had an opportunity to grow in an open field with full sunlight and in light, moist soil. Such sources of wild stock are rarely found. Under any other condition of growth, the wild seedlings will be found to have a scattered, tender root system and generally a deformed crown or leaf system, with the result that losses are heavy when young trees are transported to open fields.

**Nursery-grown stock**, because of its compact root system and hardy, straight stem and crown, is much better able to withstand the shock of transplanting, with the result that survival percentages are uniformly higher. In addition, the cost of digging wild stock is often greater than the purchase price of nursery stock.

**A Prayer**  
 Heavenly Father, in the name of Thine only begotten Son we wait in Thy presence. In Him we have the one perfect example and rule of conduct. When our faith falters and we drift, when our vigilance ceases and we stumble, when temptation is high and we face an emergency, in Him we have a refuge. We thank Thee that He belongs to human necessity and to all mankind. He endured the awful night that we might become the children of the day. Sublime was His sorrow that we might have joy unspeakable and full of glory and unparted alliances: cast up the way that we shall be able to withstand the rage of malice, the spleen of social hate, and the tyranny of lawlessness. O God, our Father, save the Nation's lost child. Through Christ our Savior.

## Rambling Around with Michigan Editors

**TRADE AT HOME**  
 The Grand Lodge Independent tells of a couple from that burg being in Detroit on a buying trip and having \$250 worth of merchandise stolen from their car while it was parked down town in broad daylight. There might be a moral to this, "trade at home," not being sure, perhaps the couple were buying at wholesale for retailing in Grand Lodge. Day-light thieving in Detroit, however, is nothing new. The wonder is that the thieves left the car as a souvenir. — Harry Izor in The Durand Express.

**COMPLETE THE PICTURE**  
 It looks as if we were going to have an opportunity to vote on the liquor question again. It appears to us as if a legalized liquor traffic with plenty of saloons and their accompanying dives would complete the picture already well bedaubed with stickups, murders, kid nappings and the like. We went to war to make the world "safe for democracy!" We'll soon have it so well organized by the hoodlums that it will be safe for nobody! — Frank Bryce in The Grand Lodge Independent.

**YOUR DUTY**  
 Linden merchants trusted you when times were different, and now when you have a bit of cash show them you are on the square by giving them as much of your patronage as possible. — E. McMillen in The Linden Leader.

**ECONOMY IN OFFICE**  
 We are going to hear a lot about "economy in office," "an economical administration," and other pet political phrases during the next six months. Whether a man is a candidate for dog warden or the highest office in the nation he seems to believe that "an economical administration" looks well on his campaign card.

As long as it is not libelous, a candidate has the right to place anything he wishes upon his campaign card. But the voter also has the right to demand just what the candidate intends to do about the phrase. For the past 15 years we have seen those same old campaign slogans and nothing much has come of them. In many cases the office for which "an economical administration" is promised has nothing whatever to do with decreasing expenses.

This year it might be well to ask just what a candidate means by "economy in office." — Vernon J. Brown in The Ingham County News.

## Peck's Bad Boy is Now Sedate Citizen of Lake Forest, Ill.

The boy who is said to have been a "boly terror" in his youth is now the most decorous person in Chicago's north shore suburb—Lake Forest. He is George Washington Peck, only son of the author of "Peck's Bad Boy," read by millions all over the world.

A dignified man, with trim white mustache, pince-nez glasses, and gray spats, he would rather tell you about his grandchildren than of his storied youthful folly.

Mr. Peck's father was George W. Peck, newspaperman of Milwaukee and one-time governor of Wisconsin. Some time before 1883 the first of the "bad boy's" adventures was published in Peck's Sun. Their success was instantaneous.

Within a year the circulation of the newspaper had doubled, and the little boy whose diabolical deeds were his father's invention had to go on being a "bad 'un" whether he wanted to or not.

Mr. Peck is the father of David Peck and Mrs. Albert Pattou, of Lake Forest, Ill., and Gerald Patton, of Libertyville, Ill.

Since retiring from public utilities he devotes much time to the scientific demolishing of clay pigeons, for he is an ardent trap-shooter. Sunny Peck Patton and his brothers, Bruce and Gerald, think it's mighty slick of their grand-father to bring down 195 out of 200 "pigeons."

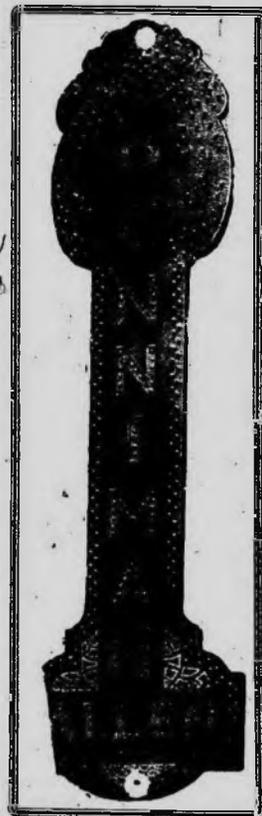

Rather than return to the scenes of his boyish fame in Milwaukee, Mr. Peck would like to go to Bermuda or the Bahamas.

Even there it is possible somebody would bob up and say: "Mr. Peck, tell me, really, did you put ice in your father's bed, grease the steps with soft soap when the deacons came to call, put furniture polish in the liniment bottle, hang up the old gray cat among the butcher's rabbits, and tie the grocer's ball of twine to the dog's tail?"

"With me it has never been a case of living up to a reputation," says Mr. Peck. "All I've had to do was to try to live it down."

And with this bit of philosophy George Washington Peck goes about his daily tasks in Lake Forest.

## REWARD

By DOUGLAS MALLOCH

WHEN we lie sleeping  
In our little plot,  
That other hands are keeping  
Green or not,  
What shall we care for,  
If we care at all,  
Be hoping, waiting, there for,  
Spring and fall?

It won't be roses,  
Roses once a year,  
Nor not, as man supposes,  
Be a tear,  
In your tomorrow  
After our today,  
We would not have you sorrow,  
But be gay.

May man or woman,  
Some one passing by,  
Seek out the little tomb in  
Which we lie,  
And say, "He lifted  
Lands he never knew  
And, even when I drifted,  
Brought me through?"

When freed the spirit,  
When our work is done,  
It will be sweet to hear it,  
Every one—  
To know forever,  
After work and pain,  
Not all of our endeavor  
Was in vain.

## YOUR HOME and YOU

By BETSY CALLISTER

## THE HOME PAINTER

THE decorators had finished their job of painting walls and woodwork in two of the bedrooms and had left behind them a gallon can nearly full of wall paint and almost as much cream white paint for wood, all of which had no doubt been charged for on the bill. It seemed too bad to let it go to waste, so the housewife looked about to find some useful way to use it, bought a brush, donned an old smock and spent a day or two using up the paint in ways that were well worth while. So pleased was she with the result that she bought more paint to finish the good work.

The landing at the top of the cellar stairs never looked very clean, no matter how often it was swept and washed, so some of the wall paint was used, to give two coats to the plastered walls and ceiling there and the cellar stairs and the floor of the passageway were also painted.

Closets in the bedrooms next were improved with wall paint over the plain white plaster and the cream-colored paint left from the woodwork was used for the shelves and baseboards.

An excellent place to use enamel furniture paint is on the back of the bureaus which are usually left unfinished and which are less likely to harbor dust when painted. Old bureau drawers may also be greatly improved in this way.

Another good place to use paint is on the cement floor of your cellar. You may have seen cement paint used in public garages. You will find that any cement surface if finished with paint will shed less dust and will be easier to clean than a cement floor left bare.

Radiator paint is not hard to apply, and radiators become discolored very easily. If there has been a leakage of steam, then the chances are that there are marks of rust where the moisture has collected.

PLYMOUTH KIWANIS ARE THE GUESTS OF ONTARIO CLUB AT AN INTERNATIONAL MEETING IN CHATHAM—HEAR OF TREATY

Members of the Plymouth Kiwanis club had the pleasure of being guests at the "International" meeting arranged by the Chatham, Ontario Kiwanians and held in that city last week Wednesday evening. Nearly every member of the local club attended. The following report of the event appeared in the Chatham Daily News: The Rush-Bagot treaty, the scrap of paper setting down the terms of a gentlemen's agreement between Great Britain and the United States respecting the limitation of armaments on vessels in the Great Lakes, out of which has resulted 114 years of peace between the Republic and the Dominion, was held as the most unique in the world by speakers at a Kiwanis banquet in the William Pitt hotel last night which signalled "United States-Canada" week.

The occasion was a visit to Chatham of Kiwanians belonging to clubs in Plymouth and Chelsea in Michigan, and it served to demonstrate the friendly relations which exist between the people of the neighboring great nations. Claude Dock, of Detroit, past president of the Kiwanis district of Michigan, spoke on behalf of the visitors, while P. P. Dawson of Sarnia, lieutenant governor of this Kiwanis district, spoke on behalf of the Canadian members of the international service organization. The Canadian representative, during the course of his address, appealed for limitation of armaments on the part of the nations, emulating Great Britain and the United States in the observance of the Rush-Bagot treaty. There is no reason, he declared, why this enlightened age should not have an international police force to protect the interests of nations while endeavoring to conform to the principles of peace.

Twenty seven Kiwanians from the Chelsea and Plymouth clubs were guests of the local organization, and after the enjoyable banquet, left for their homes deeply appreciative of Canadian hospitality. Gordon Oldershaw, president of the Kiwanis Club of Chatham, presided over the early part of the function, with Kiwanian Frank Stums of Chelsea, officiating as chairman during the balance of the evening. Jerry Niehus of Chelsea was master for the occasion, and led in the singing of many popular songs, and with Kiwanian Harry Henencker, contributed enjoyable solos. George Johnson, chairman of the local Kiwanis inter-club relations committee, was booster of the meeting, and furnished a prize which was won by Mac McGaffee of Chelsea.

The addresses of the speakers were broadcast over station CFCO, and, at the close of the function, they were tendered a hearty vote of thanks by Vice President M. R. Bogart. President Gordon Oldershaw extended a warm welcome to the clubs from Chelsea and Plymouth. He explained that in all part of the American continent, Canada-United States week is being observed by Kiwanians. "The purpose of this meeting," he said "is to foster friendship between men of the two countries, a friendship that has

existed for more than 100 years. There is no better way of promoting such friendship as in inter-club meetings." Past president Dr. A. A. Hicks, also added a welcome to the visitors. "I can assure you that we appreciate your company and will welcome you at any time," he said. Kiwanian Storoz, of Chelsea, in taking charge of the program, expressed appreciation of the hospitality extended to the visitors by the Chatham organization.

Claude Dock, of Detroit, past president of the Kiwanis district of Michigan, at the outset of his address said he considered it an honor to speak to Chatham Kiwanians. Mr. Dock spoke of the Rush-Bagot treaty formed in 1817, and which he said has much to do with the relationship between Canada and the United States. He questioned whether there is a treaty in existence in the world which is so brief, simple or more enduring, and which has achieved so much for the people of two great countries. "It is one that has stood the acid test for 114 years," he declared. "Without discord, the friendship has produced continued goodwill. It is one which should be protected."

The treaty has been referred to as a "gentleman's agreement," the speaker continued. Simply it provided for a reduction of armament on vessels on the great lakes. With it followed the reduction of arms on land. The treaty is one which can be terminated by either Canada or the United States by the simple procedure of a six months' notice. "Let me say to this gathering, God forbid that an occasion should arise that either one of these great countries should call for a cancellation of the Rush-Bagot treaty."

The speaker lauded the work of George Ross, who was president of the International in 1921. He quoted this Kiwanis leader as saying that friendships die when affection and understanding cease. There is such an interchange of ideas, intermarriage and relations, that anything other than the present congenial relationship is unthinkable of the people of Canada and the United States, he said. Speaking of the International convention which is to be held in Detroit in June, Mr. Dock said the Kiwanis clubs of Michigan are making elaborate preparation. More than 8,000 Kiwanians from all parts of the zone are expected. He announced that for the occasion Canadian money will be accepted at par in the hotels, restaurants and stores. "I am proud there is a Rush-Bagot treaty," he said in conclusion. "I am proud there is a fraternity in the world such as Kiwanis and which reaches across boundaries to promote and foster peaceful relations."

P. P. Dawson, of Sarnia, lieutenant-governor of this Kiwanis district, extended greetings to the visitors from the United States on behalf of the Canadian branches of the organization which he represents. The lieutenant-governor also alluded to the Rush-Bagot treaty and stated that it prophesied a way to escape from the monstrous and

Coming Attractions At Penniman-Allen "COHENS AND KELLYS IN HOLLYWOOD"

"Cohens and Kellys in Hollywood." Universal's limerick of laughs that mirrors the mad caricatures of George Sidney and Charlie Murray in the capital Theatre, Sunday and Monday, May 8 and 9. Having weathered the storms of Paris, Scotland, Atlantic City and the wilds of Africa in the previous pictures of the "Cohens and Kellys" series, capitulating audiences with their hilarious adventures, Sidney and Murray now put their mirth-provoking abilities to the task of out-Hollywooding Hollywood. Advance reports testify to their success in reaching heights of humor that surpass even their funniest escapades in former pictures.

The principal characters are supported by June Clyde and Norman Foster, Emma Dunn, Emma Dunn, "KATAGINTADIN," Esther Howard, Dorothy Christie, Edwin Maxwell, Eileen Percy, John Roche, Luis Alberni and Robert Craig and other screen celebrities. "DARING DANGER" "Daring Danger," Tim McCoy's new western is an attraction at the Penniman Allen Theatre Wednesday and Thursday, May 11 and 12.

Tim, as usual, plays a fast-riding, hard-fighting, two-gun role in a story about a dangerous gang of cattle rustlers. When Tim McCoy learns that the man he has to settle an account with is a member of the gang that is rustling the cattle from his sweetheart's ranch, he dares anything and everything to get them. He throws himself pell-mell into one daring situation after the other and eventually secures the proof he is after. Wallace MacDonald, Alberta Vaughn, Murdock MacQuarrie, Ed Le Saint, Vernon Dent, Robert Ellis and Richard Alexander are others involved in this outdoor drama.

"LOVE AFFAIR" "Love Affair," sensational College Humor story by Ursula Parrott, has been transferred to the screen by Columbia Pictures, and is coming to the Penniman Allen Theatre Wednesday and Thursday, May 11 and 12. Jo Swerling did the screen adaptation and Dorcas Stockell and Humphrey Bogart play the leads. "Love Affair," Miss Parrott's first short story, was selected immediately upon publication as one of the works to be included in the Anthology of the World's Best Short Stories. It tells a highly dramatic story of a girl who tried to play the love game the man's way and lost.

SMELT FOUND TO BE RUNNING IN MANY NEW PLACES Annual spring smelt runs, until now an exclusive source of fish supply for residents along the Lake Michigan shore of the lower peninsula have extended north of the Straits and into northern Lake Michigan. Upper Peninsula people and those living in the Thunder Bay region on Lake Huron this spring have had their first opportunity to dip net for this species. The first run to be observed in the upper peninsula started in the Ogontz River east of Gladstone and attracted people from throughout Delta County. For the past three years smelt have been observed in the waters of Lake Michigan in the vicinity of Escanaba and Menominee. Until this spring the streams in which they made their spring "runs" had not been discovered. It is expected that within a few years smelt will be running up the Davs, Teocosh, Whitefish and other rivers emptying into Lake Michigan in the vicinity.

Smelt runs in several of the rivers emptying into Lake Huron were reported to the Conservation Commission. Dip netting was carried on in numerous rivers where it was said that the smelt were plentiful. Smelt have been known to exist for the past two or three years in Lake Huron near Cheboygan but this spring was the first time that "runs" had been observed. While it has frequently been rumored that smelt have migrated into Lake Superior, the Department of Conservation has been unable to verify this claim.

Rosedale Gardens The annual Mother and Daughter banquet will be held Thursday evening, May 12th at 6:30 p. m. at the Rosedale Gardens Presbyterian church. Tickets are procurable through Mrs. Price of Melrose avenue, chairman of the ticket committee. There will be an entertainment following the banquet. Mrs. Fred Winkler of Pembroke avenue is convalescing from her recent illness, and her aunt from Chicago is visiting. The Arts and Letters Club met Tuesday evening, May 3rd at the home of Mrs. Paul Harsha. A paper on Norwegian music was read, also the book, "Kristin Lavandatter" was reviewed.

A Communication

(Continued from page 1)

2. "It is not fair when the majority of married women have husbands to support them comfortably." In the first place, the husbands of many of the married women teachers are out of work at present thru no fault of their own, so they can't support themselves, let alone their families. In the second place, the adverb comfortably is an elastic word. In many cases the husband's salary is starvation low. In others, it covers only the least necessities with no margin for savings. In the third place, many wives must teach if their family is ever to own its home. In the fourth place, hundreds of married women teachers are supporting fathers, mothers, and other relatives who would be on the welfare if the bread-winning daughter were deprived of her salary. In the fifth place, hundreds of married women are teaching to enable a brother, son, or daughter to go to college. I know of dozens of examples of each of the above classes of married women teachers among friends and acquaintances who are teaching in Detroit schools. So many married women must teach in order to live comfortably themselves and in order to help their dependents to live decently.

3. "The school board can not make any distinction in employment which would be right." That is very true, and exactly why the Board of Education has no moral or economic right to bar married women teachers. The board can not make distinctions without a detailed study of every teacher's expenditures, without discharging all single men because they have no families to support, without discharging every man and woman, married or single, who has wealthy parents or an independent income. Such distinctions would require a study of every teacher's private affairs, would cause much injustice and would completely ignore what ought to be the determining factor in hiring a teacher, namely her ability to teach. Such distinctions are impossible as the author of last week's communication intimated, but they are no more ridiculous than the board's attempt to hire teachers on the basis of married or unmarried.

4. "If a wife is not satisfied to live on her husband's salary, she should think twice before marrying." That is exactly what modern economic conditions are forcing our finest young people to do, to think not twice but dozens of times to wait to postpone marriage far beyond the natural marriage period, around 25 years of age. The state of affairs is leading to very undesirable social conditions. Recently one of the most eminent doctors in Detroit told me that he had seen an enormous increase in undesirable sex conditions due to the excessive postponement of marriage which he attributed to the pressure of the living in a common law.

5. "There other districts who still hire them." Unfortunately, if the writer means Michigan, this statement is false. There are no districts in Michigan which hire married women teachers. Many have become as drastic as Plymouth and discharged their married teachers of years' standing. A few towns discharge their teachers when they marry during employment. But practically all of Michigan, including Detroit, refuse to hire married women. What other states practice is of little value in this case, because the expense of changing certificates, of moving, of selling one's home in these times make migrating to another state prohibitory for most teachers. So our married Plymouth teachers can not "teach everywhere."

6. "Graduates of to-day are more capable than those of 12 or 15 years ago." They are not more capable in experience because they haven't had it. They are not more capable in training, because Michigan teachers are the best summer school patrons in the country. They keep up-to-date in their teaching. Last month I heard a certain Plymouth father state that there was only one teacher in our grade school who taught reading so his children could progress in it; that teacher is a married woman who uses the most up-to-date methods in teaching. Of course, that is only one father's testimony. It is typical. In 13 years of teaching I have known dozens of teachers, and from observation of their work am convinced that the average teacher of 15 years experience is far more capable than the average teacher just out of college. There is no comparison!

7. "Married women should take their loss in time of depression." This is a very arbitrary statement without being discharged. Married women like most other teachers are willing to take a fair cut in wages in times like these. "Taking a loss" and being discharged are quite different.

8. "Married women should not keep the position from a single girl just out of college." Obviously the reasoning back of this statement is that all people who have positions are keeping them from some one else, and that all people who have positions should give them up to the young people just

out of college. Some people believe the first theory, but I never heard anybody supporting the second theory very extensively. In the first place, the married woman should keep her position if she is qualified, because she has earned that position by strenuous training, by much waiting, often by much hunting, and by years of experience. In the second place, the college girl gets her chance ultimately, because neither married women nor any other kind teach forever. In the third place, security of position for the married woman teacher means security of position for the college graduate 5 years hence if she wishes to marry. She must look ahead.

In conclusion, I should like to remind the reader again that the foregoing statements about married women teachers only touch the surface of the question. There has been no attempt on the part of the writer to present the 3 great reasons why married women should teach, first, the fundamental right to work; second, the complicated economic phases of the question, and third, that the basis for hiring all teachers should be the ability to teach. These three important reasons have not been presented because the one purpose of this letter was to answer the communication in the Mail of April 29.

Furthermore, it seems highly inconsistent for all married women who have worked or are working in stores, homes, factories or offices to protest against married women teaching. The married woman worker is an important part of our present economic structure, a structure that will never be built up thru creating employment for some by making unemployment for others. A taxpayer, a mother, a teacher for 15 years.

Mrs. Ruth E. Hinton-Whipple 839 Penniman Avenue.

"Sixth Colfer's Sense"

ISSUE WARNING TO AUTO DRIVERS

A special request has been made to drivers of cars entering the field at the high school where the ball games are played that they con-

IT'S AN ELECTROCHEF . . .

"Since I've had my new Electrocchef electric range, my kitchen seems entirely made over. It's hard to believe that anything could change it so completely. The room is brighter and pleasanter, and actually appears new with my modern, snow-white range standing in the sunlight by the window. I suppose it's the sheer cleanliness of this new cooking method that appeals to me most. Imagine a stove that supplies only PURE HEAT from a glowing wire!—without smoke or

soot to blacken utensils or soil my kitchen walls and curtains. Then too, the smooth white porcelain and sparkling chromeplate finish of my Electrocchef make it so much easier to have a really clean stove. Simply wiping with a damp cloth restores the original luster. I'd never again be satisfied with any other stove!"

Capitol Wives Found Handy Adjuncts To Business Heads

LANSING EDITOR KEEPS WIFE ON PAYROLL. CORRESPONDENTS, TOO, THRIVE ON STATE.

Writer Tells How Bureaus Are Created, How They Are Manned, How They Thrive—And How They Cost—And Why Legislators Dislike To Interfere.

One of the finest examples of state commissions, how they are created, how they function, how they grow and how their cost is thrust upon lesser units of government came to light during the past month.

The demand for these reports had come and that official calmly pointed to a joker tucked carefully away in the text of the law making him the dictator who is forced, under the act, to put into effect a system of uniform accounting for townships, villages and cities.

Helps Auditors This bill became Act 315 and the next hour of it by legislators when local clerks began growling at a lot of work asked of them and inquiring as to who was to pay for it.

At the last session of the Ingham county board of supervisors two auditors from a Detroit firm appeared. They explained that for a very nominal charge the auditors could set up a set of books for each township.

Members of the legislature began to hear from their constituents also. They were greatly surprised. They knew of the passing of no such bill. They went to the state treasurer from whose department

Intricate Accounting Every arithmetician dreams of the day when he may create a great cathedral. Every engineer desires to some day draw designs for a monumental bridge.

More Traveling Expense Not even this is not all. To make the uniform accounting of townships of any account there must be traveling auditors to check the books and records. It cost the state \$70,000 a year to audit county books.

Where did this idea spring from? Early in 1931 Governor Brucker appointed a special advisory group to aid him in steering the ship of state.

came about by similar means. Much of it is of similar value. Pay Check Question The question of one pay check to a family has received much attention.

One such came up from Indiana to teach economists at the state college. He soon found a better job as tax expert and lobbyist for the state farm bureau interests.

Other departments show equally as flagrant violations of the rule to live and let live. There is a married woman secretary in the department of agriculture whose husband holds a responsible position in one of Lansing's leading industries.

The state board of health payroll discloses a husband employed at \$2000 while his wife receives \$12,000 annually for one family.

Bandit Scare Father eve had us upset for a half hour. Constable Hirsch was abruptly jarred loose from home, supper and friends by some ladies who had spotted a "bandit" car.

Editor's Wife Has Job Then, too, there is the matter of proper and favorable publicity. One Lansing newspaper has fought hard and vigorously against any cut in state pay.

As one rambles through these state payrolls, he is struck with familiar names. Inquiry leads him to the discovery that a number of news correspondents assigned to cover state house officers for metropolitan dailies and the several press groups find it convenient to have their wives on the state payroll.

ern around capitol corridors urging the passage of the bills. Always their eyes are on the jobs for themselves or their friends or both.

Spelling Champion of our District is now preparing for the State Spelling Bee and let's hope the National Bee. Our own little Miss Gwendolyn Dunlop, Blackburn avenue is the latest of Gardente Kiddies to bring home the "championships" title to our midst.

Improvements noted the past week have been the new vestibule, garage and complete renovation of the Cantwell home; the re-brick veneer and driveway in one of Lansing's leading industries.

Rosedale Gardens Father eve had us upset for a half hour. Constable Hirsch was abruptly jarred loose from home, supper and friends by some ladies who had spotted a "bandit" car.

Fourth of July is on a Monday, but far from being a Washday in Rosedale this year, as Rev. John E. Contway, St. Michael's Pastor, and all his parishioners are planning a grand all day celebration out side and inside the Parish Hall.

Asa Joy is building a new house on Bowers street. A. W. Chaffee has sold his automobile to T. G. Richardson of Northville.

Ed. Andrews was blacking a stove last Saturday with some mixture which contained gasoline. It exploded and badly burned both of his hands.

Wool Blankets Must Be Marked After December The homemaker will soon be able to purchase wool blankets with a degree of confidence because blanket manufacturers and distributors at a meeting, held under the auspices of the national bureau of standards, agreed that this merchandise in the future will be distinctly labeled as to the percentage of wool contained.

Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass.  
Week-days—Mass at 7:30. This hour makes it convenient for the children to attend on their way to school. All should begin the day with God.  
Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar: Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society.  
Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

Sunday, May 8th, has been selected as "Mother's Day." May is the proper month to pay tribute to mother, as this month is dedicated in a special way to the Mother of mothers, Mary. Great tribute will be paid to that grand title of motherhood. Much will be said and

written concerning her, but sayings and writings are quickly forgotten. A lasting token should be given her, a token that reaches heaven, prayer, a grace of blessing that will ever keep her name holy, pure and unsullied. It is therefore becoming that all should go to church on this day and offer up a prayer to God that our mothers may ever set a standard to home and family, that reflects the happiness of that model of families—Mary, Joseph, and the child Jesus.

The parishioners are urged to receive Holy Communion on this day in honor of Mother. The high mass, Sunday will be at 8 instead of 10 o'clock.  
Men of the parish are hereby reminded that it is the second Sunday of the month, their communion Sunday.

The Wyandotte district of the Holy Name society will hold its spring Rally at Lincoln Park in St. Henry's Hall at 3 o'clock. An invitation is extended to all the men. Martin John Schomberger and Mary Jane Spitz were baptized last Sunday, the former being the son of Mr. and Mrs. M. Schomberger, the latter the daughter of Mr. and Mrs. P. Spitz.  
Parishioners are reminded to be generous in their offerings toward the church; prayer united with sacrifice will bring God's blessings upon man.

## SEASON'S SCHEDULE FOR SOFT BALL LEAGUE

At the meeting held last Wednesday evening eight teams were entered in the playground baseball league. They are Norge, Knights of Pythias, Masons, Chamber of Commerce, Rocks, Daisly, DeMolay and Towle & Roe.

Several new rulings were made for this year. All games this year will be called at 6:45 o'clock. A player of one team will not be allowed to play with any other team. When a team is short of players a player must be picked from the crowd whom does not play with any other team. All teams with an average of .500 or better will be eligible for the play offs at the end of the season. Earl Gray was elected as Chief Umpire.

## Hall Family Appear at Salem May 12th

Famous artists are to appear at Congregational church, of Salem, May 12th, at 8 p. m.  
In the musical world the Hull family consisting of Capt. and Mrs. R. H. Hull and their daughters, Alice and Benita are famous for their entertainments. Artists of long and varied experience, Capt. and Mrs. Hull began the musical training of their children early in life. Alice began her career at the age of three and Benita at the age of three and a half.

All four of this interesting group family are conservatory teachers. Capt. Hull for years was the director of the instrumental department of the Atlanta Conservatory of Music, with Mrs. Hull and the two daughters on the teaching staff. Each member of the family plays from four to eight instruments.  
Solos, duets, trios, quartets, ensembles will be played by the Hull family, on the xylophone, violin, cornet, clarinet, saxophone, piano, as well as singing and whistling numbers. This group is the oldest

## STATE LIMITS CAMP TIME IN PARKS IN THIS PART OF STATE

Congestion in several of southern Michigan's state parks has forced the Parks Division of the Department of Conservation to limit campers to seven day visits; and to establish a rule which does not permit renewal of camping privileges in the same parks.

Only seven day camping permits will be permitted in the state parks in Oakland, Livingston, Macomb, St. Clair, Ottawa and Bay Counties. In parks in these counties campers are now so numerous and space so limited that the time limit must be shortened to give everyone a chance, it was stated.

The camping time limit in all other parks will be 15 days. In former years campers were permitted to renew their permits at the end of this time so long as their camps were moved to another part of the park. This was done to prevent campers from occupying choice sites for extended periods. Under the new rules, campers must move from the park when the time limit expires. Fifteen day permits may be obtained in other parks.

In adopting the State Park Rules and Regulations for 1932, at its April meeting, the Conservation Commission made no changes.

Emphasis will be given during the coming summer season to the enforcement of the rules relative to the injury or destruction of trees, shrubs and wild flowers. This rule forbids anyone from "injuring or destroying any sign, guide post, peeling of bark, carving and chopping trees, cutting branches, driving nails, digging ground from roots and the removing of trees, shrubs, and plants."

Other state park rules effective in all of the state parks include: Firearms may not be possessed in a state park.  
Throwing of tin cans, papers, bottles, junk or refuse of any kind on the ground or in a lake or stream, or the misuse and abuse of seats, tables and other park equipment is prohibited.  
The speed limit for motor vehicles on park roads is 20 miles per hour. In instances when roads approach bathing beaches and other places where crowds gather, the speed limit is lower.

Permits are permitted to sell eggs, milk, cream, butter, fruits and vegetables in the parks. All other vending or peddling is prohibited.  
Open fires may be built only where proper provisions have been made. Leaving fires while burning is prohibited.  
Boys under 17 years of age and girls under 19 years of age may not camp unless properly chaperoned.

All park officers have police authority and are charged with enforcing the park rules.  
Under an act by the state legislature in 1931, violation of any of the state park rules is considered as a misdemeanor and may result in a fine of not more than one hundred dollars and costs of prosecution, or imprisonment in the county jail for not more than ninety days or both fine and imprisonment.

REPAIRS PROTECT HOME INVESTMENT  
Buying on margin is a precarious "investment," as all business men know; and yet the majority of home owners are living on margin. When men build or buy their own homes they are making what is perhaps the greatest investment of their lives, but they do little to protect that investment or to secure it in such a fashion that they can readily turn to it for a business security. Until recently the idea has been to own a home on the speculation principle, which means that the home owner is constantly threatened with the demand to "cover" his order; in this case, his house. There are, however, a number of home owners who have begun to treat their homes as they would an investment which brings in cash returns.

Instead of allowing their homes to deteriorate into mere shells of "speculation," they are constantly on watch against waste and obsolescence. Systematically checking the conditions of their homes, they judiciously spend a few dollars once or twice a year on minor repairs or on installations, and thereby keep their houses at the point of highest efficiency. Not only do they get the maximum returns on comfort, but they also have the assurance that the principal is secured and that their home is a gold-hoard security in their business life.

What these men do to apply the "life extension" plan to their houses, conserving the parts to insure the endurance of the whole. Once or twice a year they have their homes serviced, just as automobiles are serviced at regular intervals to check the efficiency of the battery, the motor, and the brakes.

By protecting their principal in this fashion and by improving their property according to the modernization idea of preserving the best and discarding the useless, these householders demonstrate the practicality of applying sound business methods to home ownership.

## The TIRE That Taught THRIFT To MILLIONS!

**FIRESTONE** tires appeal to the thrifty. They give Extra Values at the lowest prices ever known.

Firestone do not manufacture tires under special brand names for mail order houses and others to distribute. Special brand tires are made without the manufacturer's name. They are sold without his guarantee or responsibility for service.

You take no chances on Firestone tires. They are silent, safe, long-wearing — and each tire bears the Firestone name, which is a guarantee of satisfactory service.

Firestone's greater economies in buying, manufacturing, and distributing make possible these greater values and lower prices.

Stop at our store today. See sections cut from Firestone tires — special brand mail order tires and others. Take these sections in your own hands — compare Quality and Construction. Then you, too, will know why — "Firestone is the tire that taught thrift to millions!"

**Extra Values GUM-DIPPED CORDS**  
The Firestone patented Gum-Dipping process transforms the cotton cords into a strong, tough, silken unit. Liquid rubber penetrates every cord and coats every fibre, guarding against lateral friction and heat, greatly increasing the strength of the cord body, and giving longer tire life.

**TWO EXTRA CORD PLYS UNDER THE TREAD**  
This is a patented construction, and the two extra cord plies are so placed that you get 56% stronger bond between tread and cord body, and tests show 16% increase in safety against punctures and blowouts. It sets a new standard for tire performance on high speed cars.

**NON-SKID TREAD**  
Tough, live rubber specially compounded for long, slow wear. Scientifically designed non-skid gives greater traction and safe, quiet performance.

## Society Affairs

Miss Ruth Hamilton, whose marriage to Murray G. O'Neil will take place on Friday, June 3, will be honored tomorrow with a desert-bridge and miscellaneous shower at the home of Miss Margaret Humming with Miss Virginia Giles as joint hostess. The tables at which about thirty guests will be seated will be lovely with bowls of spring flowers and covers in pastel shades. The guest list includes the guest of honor, her mother, Mrs. Coello J. Hamilton, the Misses Charles, Elaine and Mary Jane Hamilton, Miss Barbara Horton, Miss Elizabeth Dargrove, Miss Barbara Duke, Miss Evelyn Schrader, Miss Margaret Haskell, Miss Mary McKinnon, Miss Julia Wilcox, Miss Katherine Wilcox, Miss Ruth Allison, Miss Winifred Draper, Miss Hazel Rayner, Miss Florence Schmidt, Miss Pauline Deal of Greensburg, Indiana, Mrs. S. P. McKinney of Nashville, Mrs. Floyd Burgess, Mrs. John S. Michener of Ann Arbor, Miss Dorothy Bentley, Miss Alice Gilbert, Miss Louise Allen, Miss Katherine Davis, Miss Genevieve Davis and Miss Annette Rudolph of Ann Arbor and Miss Velma Potz of Detroit.

A very beautiful party and "kitchen shower" were given Saturday afternoon in honor of Miss Ruth Hamilton, June bride-elect, by the Misses Genevieve Davis, Katherine Davis, Louise Allen and Annette Rudolph, in the Cave House of the Michigan League building in Ann Arbor. Covers were laid for fifteen and they were seated at a table made lovely with lighted candles for decoration. Those attending were Miss Ruth Hamilton, the guest of honor, her mother, Mrs. C. P. Hamilton, her sisters, the Misses Charles, Elaine and Mary Jane Hamilton, Miss Alice Gilbert of Plymouth, Miss Helen Knight, Miss Marion Barrow, Miss Olive Chadwick, Miss Kathryn Gustie, Miss Lillian Brazil and the four hostesses of Ann Arbor.

Saturday evening sixteen friends gathered at the home of Mr. and Mrs. Lynn Felton on Sheridan avenue at the invitation of Mrs. Felton to surprise him, it being his birthday, and to enjoy their generous hospitality. Several games of bridge were played after which the guests served a delicious luncheon, guests were present from Detroit and Plymouth.

Mr. and Mrs. William Rengert of Robinson subdivision were hosts Saturday evening to the Laugh-a-Lot club at their co-operative dinner. Following the beautiful dinner several games of "500" were played with the first honors being won by Mr. and Mrs. Edward Bolton, second by Mr. and Mrs. Roy Sallow and third by Mr. and Mrs. George Gorton.

Eight friends pleasantly surprised Mrs. Ray Lowry Monday afternoon at her home in Phoenix Park in honor of her birthday. The afternoon was delightfully passed playing bridge after which dainty refreshments were served which included a lovely cake in honor of the hostess.

Mrs. Jennie Chaffee entertained for luncheon Tuesday at her home on Penniman avenue. Mrs. Dwight T. Randall, Mrs. Ernest Thrall and Mrs. Brant Warner.

Mr. and Mrs. J. Merle Bennett delightfully entertained a few tables of bridge Saturday evening at their home on Sheridan avenue, Elm Heights.

Dr. and Mrs. John Olsvaver were hosts Thursday evening to the members of the Dinner bridge club at their home on Maple avenue.

Mrs. C. T. Sullivan was hostess to the Tuesday evening Contract Study Club at her home on Arthur street.

Mr. and Mrs. George M. Chute attended a dinner party Wednesday evening at the home of Mr. and Mrs. R. O. Sharpe in Detroit.

The Friday evening bridge club enjoyed the hospitality of Dr. and Mrs. William G. Jennings at their home on the Ann Arbor Road.

Miss Rose Hawthorne will entertain her Contract bridge club this evening at her home on the Bradner Road.

The Get Together club met at the home of Mr. and Mrs. Arch Herrick, Friday evening, April 29. Forty-four persons were present. A miscellaneous shower was given in honor of Mr. and Mrs. Albert Ebersole whose home was recently destroyed by fire. Progressive polo furnished the entertainment for the evening. Howard Ebersole substituted and received the ladies' first prize while Silas Sly won high honors for the men. Mrs. Ivan Dickinson and Fraser Smith were cosseted. The next meeting will be at the home of Mrs. Rosa Richter on Arthur street, Friday evening, May 13.

Mr. and Mrs. Ed Smith entertained at dinner last Tuesday evening at their home on the North Territorial Road in honor of their son, Clyde's birthday. Mr. and Mrs. Clyde Smith, Miss Jewell Rengert, Silas Sly and Howard Sly, all of Plymouth. In the evening Mr. and Mrs. William Rengert and Mr. and Mrs. George Gorton also of Plymouth joined them for an evening of pleasure.

The members of the Monday evening bridge club motored to Detroit Monday evening where they were guests at dinner of Mrs. Harold Finlan, Mrs. Theodore Carr and Mrs. Clifford Talt at the "Cozy Inn." Following the dinner they returned to the home of Mrs. Finlan on Arthur street for bridge.

The Tuesday afternoon bridge club will be entertained next Tuesday, May 10, at a dessert bridge by Mrs. Frederick Cassidy and Mrs. Henry Baker at the home of the latter on Sheridan avenue. This will be the final meeting for this season.

Mrs. M. W. Hughes will entertain the Tuesday afternoon bridge club next week.

BASSETT WINS PITCHER'S DUEL

Table with columns: Name, AB, R, IB, SB, SH. Rows include Lucas, Schmoekel, Havenslton, Petersen, Smith, Simms, Aldrich, Laird, Williams, Levanowski, Wagner, Gates, Bassett, Stevens, Lee, Schroeder, Bassett.

By winning the pitcher's duel from Dearborn the Rocks have continued their winning streak to five games. Both teams played exceptionally good baseball showing superb fielding and team work in tight places.

First inning, Dearborn. Starch hit a grounder to third and was out, Wagner to L. Bassett. Lucas struck out and Maples hit to second being put out Levanowski to L. Bassett.

Williams struck out, but Levanowski got an error at third base. Wagner hit a high fly to shortstop and Gates hit a streaming bonnder to short stop to be put out at first.

Second inning, Schmoekel made first on an error to short stop. Havenslton got out Levanowski to L. Bassett. Petersen and Simms struck out.

L. Bassett was hit by the pitcher, Stevens and Lee struck out and Schroeder was hit by the ball, then W. Bassett struck out.

Third inning, Aldrich struck out and Laird hit a foul tip to Stevens. Starch singled but did not advance as Lucas struck out.

Levanowski hit a long single to center field and advanced to second as Wagner was put out at first. Gates and Levanowski made home. L. Bassett and Stevens struck out to finish the inning.

Fourth inning, Maples got an and advanced to second as Schmoekel went out, Wagner to Bassett. Havenslton struck out and Petersen got a base on balls. Simms lost the scoring chance when Gates threw him out at first.

Lee hit a fast bonnder to pitcher and was out at first. Schroeder hit to first and was put out and W. Bassett went out pitcher to first.

Fifth inning, Aldrich hit to L. Bassett and was put out at first. Laird and Starch hit high fouls which Stevens caught.

WAYNE DOWNS ROCK TRACKSTERS
By winning all but three of the events last Saturday, the Wayne tracksters gained a 70-33 victory over Plymouth. Captain Horton starred again for Plymouth by winning the 100 and 220 yard dashes. Blunk tied for first in the pole vault by going over at 8 feet 8 inches. Horton set a new 100 yard record on the home track by running it in 10.07. The half mile record was broken by Mienzer but it does not go down in records as only the home fellow records are taken. Blunk won second place in 120 yard hurdles and third in the high hurdles. Miller ran second in the 220 and also placed second in the shot put. Carr won a second place in the 440 while Gale jumped 19 feet to win a second in the broad jump. March ran a close race to win third in the half mile. Dan Carmichael ran a fast 100 yards to win a third place.

Results of meet:
100 yd dash—Horton, P. 10.07.
200 yd dash—Horton, P. 24.06.

CENTRAL GRADE SCHOOL NOTES

In the kindergarten under Mrs. Carpenter, Herbert Stuart has a gold star on the perfect teeth chart. Richard Daniels, Kenneth Kohler, Marie Pelkey, Elmer Shoemaker, Betty Jean Watkins and Bobby Hanson are now eager to try. This room won the Thrift Banner, Tuesday, April twenty-first.

The following boys and girls in Mrs. Root's room are on the "Honor Roll" for having all A's and B's on their report cards for the last marking period: Billy Baker, Delphine Bogenschütz, Jean Crandall, Velma Evans, Josephine Armstrong, Carl Hale, Signe Hegge, Elizabeth Horvath, Barbara Martin, Lela Mumby and Velda Rorschach. The children are happy practicing for the May Festival which will be held soon. For if they are learning some pretty songs taught them by their music teacher, Mrs. Bogenschütz and are also learning charming little dance "Thorn Rose" under the direction of their physical training teacher, Miss Kees. In silent reading seat work the children are having tests in recognition of words or phrases by association, also to develop power to find the central idea in a short reading matter, and also to learn to select a meaningful word from a group of words similar in form. In handwriting they made a pretty border pattern of six little children dancing around a May pole and also made May baskets for their mothers. They are working Towle, Vivian.

Miss Mitchell's second graders read the story "Grandmother's Churn" which told all about making butter. As a correlated activity, they made butter using in place of the churn, a dish and an egg beater. Every child had a sample of the butter on their faces. All the second grade pupils started on the spelling chart for last week. This room decorated the hall bulletin board with some of their best spelling papers, seatwork, arithmetic papers and handwork.

In Miss Weatherhead's room, forty-eight penmanship papers have been sent in to the Palmer Method Company. Charles Pelkey from this room has moved to Indiana. Wilbur Mault is absent as he was hit by an automobile last week. Harold Stevens and Betty Scheppele brought some lovely flowers to school one day last week.

Mrs. Peterson called in Miss Dixon's room last Friday. Bruce Anderson entered this room from Ludington last week. During the last marking period there were twelve pupils in Miss Holt's room who had a perfect attendance. The fourth grade in this room has been studying the two pictures "Red-Winged Blackbird" and "Meadow Lark." The fifth graders have been studying "The Flicker." The fourth graders in this room have been making booklets in geography class.

Virginia Russell from Livonia township entered Mrs. Atkinson's room Monday April twenty-fifth. In current event class Wednesday the room voted on the best ones given and Ruth Pennell and Margaret Heintz received the most votes. Wesley Rathburn brought a very nice bird house which he made to school.

Everyone was present and on time in Miss Stader's room Thursday. Mrs. Norma Cassady and son, Harold, visited the second grade Wednesday, and Mrs. Virgil Stader of Detroit visited Friday. Group one in the second-A is reading in Stone's Silent Reader. Miss Stader's room still has the Thrift Banner.

The sixth grade is making posters in history class. The six-B's are illustrating early American history, and the six-A's are conversing with later American history. The six A's have finished Africa and are now studying Australia. The six B's are studying Europe in geography class.

SIXTH GRADER WINS DISTRICT SPELLING BEE
Dorothy O'Leary, a sixth grader from Plymouth Central school defeated all contestants from ten other schools in the Plymouth-Northville District in the spelling bee on Friday, April 29.

For fifty-five minutes, Superintendent Knapp of the Northville Public School presided as the hopeful spellers. For fifteen of the fifty five minutes Dorothy and Jeanette Bauman an eighth grader from the Plymouth Junior High school battled. Dorothy conquered Jeanette on the word "squall." Jeanette spelling it with only one "l."

A medal will be presented to Dorothy on May 13 at the Metropolitan Bazaar.

The schools in the Plymouth-Northville District which took part in the bee were Northville Public School, Decker, Hinman, Thayer, Waterford, Central Grade School at Plymouth, Plymouth Starkweather Grade school, Plymouth Junior High School, Allen, Cooper's Corner's and Kinyon.

Now that size does not count and lack of weight is not a handicap, the Plymouth teams are bringing victories back home steadily. Last week was one of the most successful athletic weeks ever experienced. We won two tennis matches, two baseball games, a golf match, and a track meet from Northville. In football the Rocks were one of the most feared teams in the Suburban League, but the small size of the fellows resulted in many injuries that kept us from the top; we had to be satisfied with second place. In basketball the same thing was true; Plymouth would have until the size of the other teams overcame us, but then we lost few games and gained third place in the league. Now in the spring sports skill and brains substitute for brown and Plymouth is winning.

CRIME TALK HEARD HERE
Mr. Sullivan of the Michigan Police Department spoke last week to the members of the ninth, tenth, eleventh and twelfth grades in assembly on the subject of crime in America. Mr. Sullivan was certainly interesting and was thoroughly enjoyed by all of the students, who eagerly wondered what cartoons he would draw for most of them remembered him from last year.

Crime is our greatest vice. We were the most law-abiding nation in the world; now we are the least. The attitude of the American people toward the crime situation is one of indifference. Newspapers, magazines, and motion pictures all help to shape public opinion. The newspapers very often print pictures of the criminal, the life story of the criminal, and then try to work up a feeling of sympathy toward the person who has done wrong.

The police are the men who are trying to stop the crime wave of the country. They have their troubles. If there were cooperation between the people and the police, they would be doing a better job. We should realize our duties as a citizen are to do right all the time. The police, who see the criminal very much, cannot realize how the American public can idolize him and can make a hero out of him in books, magazines and moving pictures. We should realize that the criminal, his home, and his surroundings for us. Then he tore off the last cartoon and exhibited a copy of Stuart's "George Washington," the true American, whom we should all try to be like in our endeavors toward citizenship and statesmanship.

PLYMOUTH ENTERS BAND CONCERT
The entering of our school band and brass quartet in the State and National contests at Ypsilanti, Friday, May 6 will close a busy week. Plymouth High School's Music Department, Plymouth being rated as class B will compete with Adrian in both band playing and brass quartet playing while the latter will compete also with East Lansing.

Last Friday the school musicale was presented. The program was of beautiful and was evidently enjoyed by all those present. We all realize that a great deal of time and work was spent in preparation for the event and we take our hats off to Miss Henry, Mr. Evans, and the whole Music Department, for the results of their efforts.

Wednesday, May 4, was another "musical" day. The Girls' Double Quartet, the "Boys' Quartet" and the Brass Quartet were asked for the second time to entertain at the House of Correction.

CLASS BASEBALL TO START SOON
Now that the volleyball tournament is over, the boys are looking forward to the class soft ball league. Mr. Matheson is working on a schedule which will start the two leagues in full swing Monday. The baseball rules will be the same as those of last year. Any member that is on the varsity squad is not eligible to play on a class team. The scholastic standards are the same as for the varsity. Each class may put in one team. The ninth, tenth, eleventh and twelfth grades will compose the senior league while the seventh and eighth grades will constitute the junior league. There is a lot of talk that the juniors will win the championship and the sophomore also expect to put up a grand fight for the title. The seniors have been serious contenders in the past years and they also expect to win laurels so the race should be close.

ROCKS TRIUMPHANT
The finest baseball teams Plymouth has ever had. The demonstration against Dearborn last Friday proves that we have one of the fastest track men that has ever run on the Plymouth track, the golf team has been successful, the tennis team has won. We have everything that is necessary for good school spirit and in the coming athletic events the student body should show it by turning out and supporting them.

LAST CLASS DANCE, TODAY
The last class dance of the year will be tonight at the High School auditorium. It has been carefully planned and will certainly be a good dance. The Ypsilanti Collegians will furnish the music and the freshmen promise you a good slippery floor. Mr. M. R. Rose, representing the School Board, Mr. and Mrs. F. Cline, Mr. and Mrs. E. V. Joffite, and Mr. and Mrs. Lonsford will be the chaperones. The freshmen are expecting a large crowd because the admission is only 25 cents.

AD. LIB.

If it isn't one thing it's something else. First, it was skull caps; then we progressed and everybody wore "blazers" and hats (and sat thru school with 'em, too); last week it was polo shirts, (with or without sleeves); and this year, it was a fad, well—we hardly have to tell you. Now get this straight, all of ye: it isn't the Georgia Chain gang broke loose, nor a newly-painted park bench (you won't find them newly painted in Plymouth) it's all merely the result of a new idea some wise guy thought of to have everybody spend their money and help the depression. I don't know who thought of the idea, nor how long it took him (or her), but they certainly hit a work. By the way, who was the first to have one of these zebra hides in Plymouth? Probably "Goby" Lorenz, he undoubtedly saw 'em first and pounced on the best one. It's sure funny the way a thing gets started. With only a week gone, some five or six dozen, so he been told, have been sold. What will it be next?

And speaking of old fads (were we?) remember when we were the berries, if we had the thickest-soled, square-toed, most out-of-date and fancy shoe you could think of, and to top off the whole catastrophe, we spent a couple of dollars on a pair of red and white, soft strings, with pretty fuzzy tassels on the end. If you didn't like the red and white combination, they could give you green and white, red and black, yellow and white (they got dirty quick) or brown and white. Did they have a blue and white number?

Those were the good old days, when we had nothing else to do with our kale but blow 'er on our footweir. We used to doll the old gun-boats up right smart, and they sailed pretty good in the bath tub. This is if the heel-plates weren't too heavy; if you had a pair of three inch kind they were a sight heavy in the stern, and had a slight list to starboard on a wet day.

There really ought to be an explanation of what happened to the lights during Doris Hamill's solo number in the Muscicle last Friday. (This is a "true confession," Mr. McAdams says, and there was an extension running from the floor plug to the light on the piano. Somebody let the Girls' Double Quartet loose ahead of time) and they were prancing around backstage like a bunch of army mules in a box car, and in the midst of this, somebody kicked the cord out, and as a result, Miss Ford was at a loss to read the piano music in the dark, and the act was crashed.

JUNIOR G. R.'S ATTEND MAY BREAKFAST AT "Y"
A very dainty May breakfast was held at the Detroit Y. W. C. A. for Junior Girl Reserves in the Detroit district last Saturday morning. Miss Fiegel, the J. G. R. advisor, and ten girls from Plymouth attended this interesting meeting. After breakfast Margaret Buzzard of Plymouth introduced the honored guests at the party. At the close of introductions, each girl carrying a candle marched to the chapel where a World Fellowship ceremonial was presented. One girl from each club explained what they were doing to promote World Fellowship.

The Intermediate Girl Reserves held an arm band service last Friday at which time Patricia Cassady and Winnifred Smith received arm bands.

Kathleen Grey was recognized as Senior Girl Reserve, and Eileen Tickle, Beatrice Michelin, and June Grey were received into the Intermediate club.

ROCKS DEFEAT DEARBORN HERE
The Plymouth track team needs Dearborn tomorrow, in a scheduled league meet. It will be held on the field in the rear of the school. According to advance "dope" it will probably be a close meet. This is the last meet until the Twin Valley Association Meet to be held in Ypsil on May 14.

SENIOR BIOGRAPHIES

Margaret Ann Roediger, who came to Plymouth from Farmington High, has pretty brown hair and is very good looking. Margaret wants to be a teacher in some rural school some day. We'd like to be in her room—it would be fun. She belongs to the Girl Reserves and Vocational club.

Cassie Sophia Rowland, one of our curly-headed, dark haired twins, was born in West Branch, which is somewhere in the northern part of Michigan. Norm thinks she's pretty nice, and he is likely to spoil that ambition of hers to be somebody's stenog. Cassie belongs to Girl Reserves and Commercial Club.

Coria Elizabeth Rowland, the other curly-headed twin, was also born in West Branch. (You aren't really surprised are you?) Her ambition is to be somebody's stenog unless C. B. changes her mind. Cora belongs to Girl Reserves and Commercial Club.

Wesley H. Schroeder, who resides near Salem, was born in South Lyon. "Lewie" wants to be a carpenter after he's through school, but before he graduates it is his chief ambition to become a baseball player. He is one of our librarians and took part in class athletics.

Henry Bengert, that little fellow who plays in the band, the orchestra, and sines in the Glee Club, desires to become another Rudy Valle. (That's just a guess. We hope we don't get crowned for making it.)

Clifford Smith, that little manager of our baseball team, is planning to go to Michigan State next fall. "Tippy" is president of the H.I.Y. and a member of the Math Club.

ROCKS SWAMP UNIVERSITY HIGH
Although at times the snow almost hid the players last Tuesday, the Rocks came out on the best of a 9-2 score against the University High nine. Plymouth's team work and batting power enabled them to win easily. The most exciting play of the game occurred in the seventh inning. Tenings was with two men down, and the snow was falling quite heavily. He hit a hard ball through Gates that kept on going past the outfielder into the river. Schroeder went in after it, threw it to Wagner, who in turn relayed it to Stevens who got the runner a foot off the base to prevent a home run. This showed the rapid reaction and good team work. Stevens was the leading hitter getting three out of five times at bat.

GIRLS PLAN SUMMER WORK
Because, after all the main objective of home economics education is to prepare the girls to be better home distributors, more and better homemakers in the future, the people in the home economics classes find that desired results in carryback over classwork into the home are being obtained by home project work. Home projects are receiving emphasis throughout the year classes. In Michigan, this summer, there will be over fifty home economics departments conducting home projects. Summer projects are particular features of the program of Plymouth since our local department qualifies for state and federal aid.

GIRLS MAY EARN ONE-FOURTH CREDIT FOR HOME PROJECTS CONDUCTED THIS SUMMER. The girls may select any phase of home economics such as child care, home furnishing, meals for the family, clothing selection, home nursing, and canning. As with a greater variety of work there is less time for developing skill, the home project undertaken by the girls with the cooperation of mother and teacher, provides opportunity for practice and develops skill in the natural laboratory of the home.

MOTHER'S DAY

The thoughts of a special "Mother's Day" in Sunday schools and churches originated with Miss Anna Jarves, of Philadelphia, to whom the idea came when she was asked by the superintendent of the Sunday school in the Virginia town in which her deceased mother had long been the moving spirit, to arrange a memorial service.

On May 8, 1914, Congress, by a joint resolution designated the second Sunday in May as "Mother's Day." In honor of this day which comes on May 8, this year, the seventh grade sewing classes are making needle books for their mothers as gifts.

BLUE AND WHITE GOLFERS TRIM YPSI CENTRAL
Playing through a part time snow storm and running from shot to shot, the Blue and White golfers defeated Ypsi Central 8 1/2 to 3 1/2. The match was closer than the previous one against River Rouge. Captain Williams was low man again with an 83. At the end of the first nine the score was even square apples. Williams and Horvath on their poles, Williams and man and Dudek lost a point apiece. Grant sank a long approach shot to beat Dudek one up on the ninth, but Dudek won the second nine to win back two points. Krizan also came back and completely outplayed his man but lacked two holes to win his pole. Williams had no difficulty with his man and Horvath tied the second nine to lose one-half a point.

BUT THIS ONE DOESN'T SNORE
What? Sleeping in class? One member of Mr. Bentley's general science class does not nap nearly as many minutes at the end of the class period, but he actually sleeps the whole hour without being the least ashamed of himself. In fact if one wants to catch Mr. Schroeder, one must creep in at the end of the day when he starts blinking his eyes. The owl was brought into Mr. Bentley's room by one of the students for the class to watch their development.

The class is also interested in water chestnuts, water hyacinths, and crawfish eggs hatch. One of the people in the science class brought in some land snails to watch their growth.

Plymouth Tennis Team Triumphs Over Ypsi 3 to 1
The Plymouth tennis team defeated the Ypsi Central team, Monday night, April 25, by the score 3 to 1.

Baker of Ypsi defeated McLaren in the first game of singles 7-5 and 6-4. In the second game, McLaren was victorious over his opponent, Dickerson, beating him by 6-2 in the first set and 8-6 in the second. In the doubles Blunk and Champe defeated Baker and McEllott 6-1 and 6-1. In the second game of doubles Tuck and Whitaker defeated Leonard and Dickerson 6-2 and 7-5.

Ypsi, Central, Baker 1; Dickerson 0; McEllott 0; Leonard 0.
Total—Plymouth 3; Ypsi 1.

Soap sculpturing is being done by all the art students now. Some of the models will be on exhibit on May 12 and 13 in Room 20, and although they are just begun now, we prophesize that the results will be extremely well-done. The students have been doing soap sculpture works in magazines and books and are now making copies of them in soap. They hope you will come to see the results when the school exhibit is on next Thursday and Friday.

ROCKS DEFEAT UNIVERSITY HIGH OF ANN ARBOR 4 TO 1
After defeating Ypsilanti Monday night the Rocks were again victorious Wednesday April 27, when they beat the University High School of Ann Arbor 4 to 1.

McLaren, first man for Plymouth lost his game to Haas, 4-0, 6-2 and 6-2. Champe defeated Schurz in the second game of singles 6-4, 6-1.
