

CONSIDERING PLAN TO MAKE A NEW COUNTY

Supervisors Would Create County Outside City Of Detroit

Frank Learned, member of the city commission who has been appointed as one of a committee of supervisors to look into the advisability of creating a new county outside the city of Detroit, stated yesterday that up to the present time he has formed no conclusion as to whether the proposal might be of benefit to that portion of Wayne county, outside the city.

A number of supervisors from the township called the meeting a few days ago, the session being attended by over 50. Those present from Plymouth were Mayor John Henderson, Commissioners George Robinson, W. J. Harrows and Mr. Learned.

It is understood that all of the supervisors take the same position as does Mr. Learned at present. They state that if it is shown that there will be any benefit by such action, it will not be opposed, but that if it is apparent that there is no benefit from the plan, they will not favor it.

The business and legal aspects of such a political divorce are under discussion by a committee of which Mayor John Clements, of Wyandotte, is chairman, and which includes, besides the mayor, Mayor Clyde F. Ford, of Dearborn; Raymond Peters, city clerk of River Rouge; Frank Learned, supervisor of Plymouth, and William Krolberg, supervisor of Dearborn Township.

The committee was appointed at a meeting of the Association of Township and Out-County City Supervisors at the Albert E. Smith School in Riverview.

W. F. Vogt, supervisor of Montclair Township, presided at the meeting, which was attended by 30 supervisors and 20 other persons. Vogt presented the proposal, which received an immediate favorable response, not one speaking against it.

Mayor Clements said his committee would hold an early meeting to consider the plan and report back at the next regular meeting of the association in Dearborn, Feb. 1. With the present movement for consolidation of various governmental units in the interest of economy under way throughout the state, the time is favorable for the proposed creation of a new county, he said.

There has been considerable dissatisfaction for many years over the domination of the Wayne County expenditures by the city of Detroit. It is felt, however, that there must be some definite program launched to separate the rest of the county from Detroit.

"When any city has attained a population of 100,000 inhabitants, the legislature may organize it into a separate county without reference to geographical extent. If a majority of the electors of such city and of the remainder of the county in which such city may be situated, voting on the question shall each determine in favor of organizing said city into a separate county."

Plymouth Hospital News Briefs

Mrs. Clarence Stowe entered the hospital Wednesday for medical treatment and observation.

David Wilson, who has been confined to the hospital with a fractured leg, was removed to his home Tuesday.

Mrs. Emma Grieshaber, who has been in the hospital the past three weeks is improving nicely.

Ronald Bayless, who sustained serious injuries a couple of weeks ago when he fell from a thirty-five foot pole, continues to improve.

Mrs. Charles Birch was removed to her home Monday after being seriously ill with pneumonia the past few weeks.

Mrs. W. R. Shaw entered the hospital Wednesday for medical treatment.

JERSEYS BELIEVED STOLEN FOUND 24 MILES AWAY

The "theft" of 19 Jersey cows from the farm of Burrell Downing, R. F. D. 2, Ann Arbor, reported to officers there Monday, was provided a strange item for the records of the sheriff's department but they were found by officers yesterday 24 miles from their pasture. They had strayed away.

The cows, all between five months and one and one-half years of age, were thought removed from a pasture located a half mile west of the Salem road.

Virginia deer were probably the first big game hunted by the early settlers in this country.

Pythian Officials Assume New Duties

The Knights of Pythias held their annual installation service at their regular meeting last Thursday evening. The officers chosen to head the organization for the coming year form a veteran staff, as most of them are Past Chancellors. Those who have not received the Past Chancellor's degree have had considerable experience in the working of the lodge so that the members of the order should feel assured of a steady and healthy administration. Under the direction of Past Chancellor Davis, the following officers were installed: C. C. James, Gatch; C. C. Loren, Goodale; M. W. Russell, Dingley; P. J. Earnest, Housman; M. A. Jesse, Hake; K. of R. S. C. Thorne; M. of E. Ernest, Bossov; M. of E. Geo. Gehlbard; T. G. Lyman, Ball; O. G. Glenn, Davis.

MRS. JOY TO BE AT D. A. R. MEET

Annual Luncheon Monday In Northville Presbyterian Church

The annual luncheon of the Sarah Ann Cochran chapter, Daughters of the American Revolution, is scheduled for Monday, January 16th at the Presbyterian Hotel in Northville at one o'clock. The luncheon will be served by the Nellie Verkes Auxiliary of the Presbyterian church and festivities are in charge of Mrs. Carl Bryan of the program committee and Miss Barbara Horton of the social committee. Members are privileged to bring guests. Details of the luncheon may be obtained from the social committee. Members who expect to drive, please telephone the space available in their cars to Mrs. William Roe or to Mrs. Walter Nichol.

Mrs. Henry B. Joy of Detroit will be the principal speaker of the occasion and there will be other distinguished guests, among them will be Miss Grace Krinn of the Burton Historical Library, a personal friend of Sarah Ann Cochran for whom her chapter is named, and visiting guests from Detroit and neighboring chapters.

Reviews of Some Of New Library Books

Patrons of the Plymouth public library will be interested in the following brief review of some of the new books that have been placed in circulation here:

"Call Home the Heart," by Mrs. Olive Burgham. "Not since the 'Good Earth' has this reviewer read a novel that affected him as powerfully as has this one. The first part of the book, depicting the growth of Islam on her mountain farm below the Lanes that rises on the North Carolina hills, is by far the most powerful description of such a community that all the others drop from the mind. And the second part of the book, criticized though it has been in many quarters, for its introduction of a 'thesis' into a work of art, is equally moving."

"Road To Wildcat," by Mrs. Eleanor Rieley. "The author and her husband, accompanied by their dog, with their small equipment in a marvelous homemade car named Sisyphus, spent several months tramping and camping in the southern mountains of the United States. These sketches are concerned with their experiences, both grave and gay, during the trip."

"Fortnight In September," by Robert C. Sherriff. "There is more simple human goodness and understanding in this book than in anything I have read for years. It is so beautiful, and the sympathy with which each character is seen is so perfect, that even its pettiest details can bring a lump into one's throat. There is a welcome for this book in thousands of homes; it expresses the feeling of a people. Once more, the author of Journey's End has enriched our lives." Spectator.

"The Fountain," by Charles Morgan. "We can think of nothing else modern with which to compare The Fountain except the best work of Will Cather and that of Elizabeth Madox Roberts. Radically as these authors differ in subject-matter, in approach, in literary style, yet they are alike in this—in its fineness of texture their work so hovers between prose and poetry that the reader experiences simultaneously a sense of a peaceful and emotional exaltation. The Fountain is exceptional as fiction; it is tending today, in its reevaluation of life it is of unusual importance." New York Times.

Although the average life of an automobile is placed at seven years, it is estimated that one out of every ten cars in operation in the United States is eight or more years old.

STATE'S FUTURE IN HANDS OF FEW

Legislature Faces Greatest Responsibility Since Statehood

LANSING, MICHIGAN — The destinies of a great state, the fate of over five millions of people, and the future of the school boys and girls of Michigan today lie almost entirely in the hands of less than one hundred and fifty men who are gathered in the state capitol to consider problems growing out of a world-wide depression and years of after-war extravagant living.

These men comprise the members of the state legislature and the state officials named that have come to Lansing as representatives or senators from your farms, your village stores and offices. At no time since statehood was granted to Michigan has a legislature had thrust upon it such far-reaching responsibilities and problems as this one.

One of the early questions they must consider is the one concerning the advisability of asking the people of Michigan to call a constitutional convention. Governor William C. Cushman in his first message to the legislature recommended that the legislature place this question before the people at the April election. No one in the legislature has yet had time to go over the merits of the proposal but the suggestion is one bound to provide plenty of debate. Governor Cushman did not enumerate the changes he believed should be made in the constitution with the exception of a general suggestion that because of conditions brought about by the depression, there is need of a complete re-vamping of the state governmental system. It is to be assumed that some of these changes include the abolishment of the township form of government, the possible consolidation of counties, the elimination of several county and state offices as well as a new system of taxation.

With the house and senate organizations completed, the governor's message in and all preliminary work finished, the legislature this week is down to serious business. Before it at the present time are a large number of bills that were introduced by the legislative commission appointed during the last session of the old legislature to recommend ways that state government expenses could be cut and reorganized to give better service to the people.

Mrs. John Tinkham Found Dead In Bed

Plymouth residents who knew Mrs. John Tinkham, 41-year-old resident of Northville, Michigan, will regret to learn of her sudden death in the nearby village early in the present week. Mrs. Tinkham, who was 77 years of age, was found dead in bed by her husband, she had played for an old time dance at West Point Park on Saturday evening and appeared to be in good health. The next morning her husband found her dead in bed.

Mr. and Mrs. Tinkham often played for some of the dances that Mr. Ford gave in his home at Northville. They were old friends and frequent visitors to Northville.

Her father was A. R. Randolph, one of the first settlers of Northville. The street that Mr. and Mrs. Tinkham lived on was named in honor of her father. The funeral, held Wednesday from the home was largely attended. Burial took place in Rural Hill cemetery.

New Officers In Charge of Meeting

The Ex-Service Men's club and Ladies Auxiliary held their regular potluck dinner and meeting Monday evening, January 9, in Jewell-Bleich hall with a good attendance. Both meetings were conducted by the new officers which were as follows:

Ex-Service Men's club, commander, Harry Mumby; vice-commander, John Jacobs; secretary, George Wignmore; treasurer, Carl Balch; officer of the day, Howard Eckles; Ladies Auxiliary: president, Vanita Alginer; vice-president, Marjory Miller; secretary, Alice Fishlock; treasurer, Esther Jacobs; flag bearer, Evelyn Brocklehurst.

On Wednesday, January 25, the Ladies Auxiliary will be entertained at Mary Sackett's for a potluck dinner at twelve-thirty, noon, followed by a sewing party.

GIRL BANDIT ROBS LOCAL GAS STATION

Local police were called to investigate a hold-up at the Larkins service station on South Main street Wednesday night. A beautiful young girl, approximately 20 years of age, entered the station at about 8:45 o'clock and covering the attendant, Lee Sowie, with a small caliber automatic demanded that he hand over his cash. Sowie, not realizing that she was in earnest and not kidding the gas asked her what she meant. Her answer, thrusting the gun toward him was that he should enter her car and lay on the floor.

She was accompanied by a well dressed man who drove the car down the Ann Arbor trail past the residence of Mrs. Rathburn, P. T. A. he stopped and took \$45.00 in cash away from Sowie. They then ordered him from the car and drove toward Detroit.

City Contract With Township Executed

The contract between the city and township of Plymouth in the settlement of the affairs of the two governmental units, after the incorporation of the city has been signed by both the city and township officers.

Under the terms of the contract, the township is to pay over to the city immediately \$4,582.52 which is the city's share of the cash assets of the township. The township highway truck has also been turned over to the city as a part of the settlement. The township will keep its road grading and election equipment, and will assign its interest in the Plymouth branch of the Wayne County Library, consisting of shelving, furniture, etc., to the city. The city will receive its share of the accounts receivable of the township, this total was used in amounting to \$1,513.30. In addition, the city will receive immediately its share of the June and September quarterly returns from the county treasurer, amounting to approximately \$1,000.00. This city will receive its portion of all delinquent taxes for years prior to 1932. The city's share of delinquent taxes, exclusive of interest, will amount to approximately \$8,370.56.

The basis of the settlement is obtained by the percentage of assessed valuation of the property inside to old village limits and that portion outside of the village as shown by the 1931 township assessment roll. By mutual agreement the percentage is 73 per cent to the city and 27 per cent to the township. This ratio was used in computing all items in the settlement.

Only two items remain unsettled, these being the at-large debt of the township and the return of the Highway Improvement tax assessed inside the village in 1928 and the tax for road assessed in 1929. The contract entered into by the City and Township leaves these items open to further discussion and it is believed that the entire matter will be settled between the two legislative bodies within the next few weeks.

Mr. and Mrs. Joseph Beaudette will celebrate their sixtieth wedding anniversary today at the residence of Mr. and Mrs. Edgar L. Smith who will entertain a group of friends at dinner in their honor. Mrs. Beaudette is 57 years of age and Mr. Beaudette is 86 years of age. Both are enjoying excellent health and have the best wishes of their many friends in Plymouth and other places.

Plymouth High School Debating Teams Remain Undefeated in State Debating Contests

Back row, left to right—Odene Hill, Ernest Archer, Frieda Kilgore, Kenneth Greer. Front row, left to right Irene Humphries, Mr. Latture, Evelyn Korabacher.

In years past it has been the custom of Plymouth high school to win, in the preliminary debates, the right to enter the state championship debates, and this year is no exception as the two debate teams have won every debate, thus qualifying to enter the elimination series. Ordinarily, Plymouth has had but one debate team, but since it joined the Twin Valley Activity Association, it became necessary to select two teams because the last debate in the league series was to be a dual debate.

PLAN BENEFIT FOR MUSICIANS School Band And Orchestra Need Your Help—Concert Wed. Eve

A program for the benefit of the Junior band and high school orchestra sponsored by the Central P. T. A. will be presented Wednesday evening, January 18, at 8 o'clock in the high school auditorium.

Music will be furnished by the high school band under the direction of Mr. Evans. The orchestra under the direction of Miss Henry will present several selections.

A vocal solo will be rendered by Mrs. James Sessions. A play by the Senior Drama club which is directed by Miss Ford will conclude the program.

C. J. Henderson Is Honored In Far West

Donations To Welfare Store Increase Stock

The city welfare store went into operation on Wednesday, January 4th at the city hall. The first week the store was open two days and 65 families received grocery orders. It was originally planned to open the store two days per week, but it is now felt that one day each week will be sufficient except for the furnishing of bread.

Grocery orders, in the future, will be given out only on Saturday morning and bread will be furnished each Wednesday. It is the plan of the city to operate the store with as little interference as possible with other work of the city department. The welfare recipients have stated that they will be able to arrange their orders so that one day each week will be sufficient.

CHAS. A. SINK GUEST SPEAKER AT CLUB MEET

Musical Program Held At Hotel Is One of Best

On Friday, January 6th, the Crystal Room of the Hotel May flower was the scene of the most unusual and brilliant meeting of the year for the members of the Woman's Club of Plymouth, and the guests. The small tables for this occasion were attractively ornamented with graceful plants of the gay Japanese cherry, while the speakers table at the front of the room was further embellished by tall lighted tapers.

Two particularly distinguished guests at this luncheon occasion, which is an annual affair, looked forward to with anticipation by those privileged to attend were Mrs. Patrick H. O'Brien of Detroit, wife of Michigan's new attorney general and Dr. Charles A. Sink, of Ann Arbor, president of the University School of Music.

OLIVER LOOMIS DIES SUDDENLY

Well Known Resident Is Taken By Death After Few Hours Illness

An excellent health Saturday morning, Oliver H. Loomis, for years a well known resident of this city who had served over a long period as justice of the peace, died suddenly during the day. He had been around town as usual during the week and had made no complaint of not feeling well. In fact when he arose Saturday morning, he was apparently in the best of health. His death follows that of his wife by a few months.

Oliver H. Loomis, son of Albert S. and Sarah H. Loomis was born in Superior Township near the city of Ypsilanti November 1, 1854. He spent his childhood and young manhood in the vicinity of Ypsilanti, December 21, 1883 he was married to Margaret A. Weyland, daughter of Mr. and Mrs. L. H. Warren. By this union two children were born, Charles W. who died December 5th, 1929 and Joseph A. who died in infancy. Mrs. Loomis died May 6th, 1931.

On March 7th, 1888, Mr. Loomis was married to Margaret A. Weyland, daughter of Mr. and Mrs. L. H. Warren. By this union two children were born, Charles W. who died December 5th, 1929 and Joseph A. who died in infancy. Mrs. Loomis died May 6th, 1931.

Mr. Loomis took an active interest in the life of the community. He served on the township board and also several terms as justice of the peace. He was a faithful and devoted member of the First Presbyterian church of Plymouth, for many years and at the time of his death was an active member of the session of that church.

Former Resident Dies In Florida

ORLANDO, FLA. — The late Melvin G. 65, died yesterday morning at his home 646 Ridge road, after a short illness. Funeral services will be held Wednesday morning at 10:30 a. m. from Ebenezer Brothers funeral home with Dr. G. H. Ferris officiating. Burial will be in Greenwood cemetery.

Mr. Melvin was a civil engineer and worked for the government for many years. He with his wife came to Orlando in 1922 and have made their permanent home here since 1924. He was an honorable and upright man and was always doing something to help his neighbors and many friends. He was a member of the Park Lake Presbyterian church.

Mr. Melvin was a former resident of Plymouth. He came here when a young man and had been living with the interests of the village. He joined the First Presbyterian church and was married to Miss Frances Cramer. They lived on the Cramer farm until after Mrs. Cramer's death, when he went west where he was always engaged in some business. He was married to Mrs. Frankie C. Hall who survives. Later they went to Orlando Florida to make their home.

Henry Fisher is very ill at his home on North Main street.

A Communication

As I listened this Monday morning, January 9th, 1933, to the radio broadcast from 8:15 to 8:30 of devotional services from New York City sponsored by the Federal Council of Churches of Christ in America, and heard Rev. Benjamin F. Farber of the 4th Presbyterian church conducting, I was pleased to hear him. I wondered how many other old Plymouth residents heard his voice. It was so familiar. Although not of his own church I have known that while he was pastor years ago of the Presbyterian church here in Plymouth Rev. Farber endeared himself not only to his fellow church members but to many other Christians of like faith though of different practices and church affiliations. This prayer that came in over the air Monday attested to his nearness with God's Word and the fellowship he enjoyed with the Master.

The Starkweather P. T. A. will hold their monthly meeting on Monday, January 17 instead of Monday, January 16, in the Community Hall. Parents and friends are invited.

What A Gift

Had we power to give the average city or town one gift, this New Year's season, we would give it freedom from gossip. That gift would mean more for human happiness in homes and community than a million-dollar factory or a bumper wheat crop on a dollar market.

Gossip, plain devil-tongued talking about other people is an outstanding social curse of our day. More homes are broken, more happiness is ruined, more careers are downcast, more banks are closed by the careless repetition of guesses, rumors, scandals, half-truths, and untruths than by any other one cause.

Any community which substitutes true neighborliness for gossip, sincere helpfulness and friendship for scandal-mongering is on a good, smooth road to happiness and success.—From an editorial in the Rotarian magazine.

"Swing To The Right"

The panic is passing. The hard times are practically worn out. The depression is fading away. Light is breaking through the clouds. Scraps of the silver lining are clearly in sight. Proof of radical improvement in business, in industry, comes in from every side. It is in the air; it is in the consciousness of men everywhere. The worst is over and prosperity is coming back.

Psychology is a wonderful thing,—a tremendous force. When everybody gets into the way of thinking that certain things are to happen, they will happen and that is all there is to it. Just now everybody is making up his mind that the business depression is over, that there is to be a radical change. When that state of mind becomes fixed, prosperity will be back.

Already business men are pecking up; timid souls have quit shivering; wage earners are going back on the payrolls; smokestacks are beginning to belch; wheels are beginning to turn; money is coming out from under the rubbish; hope and courage and determination are reviving.

All that is needed now is for everybody to swing to the right. When the way is dark, the road uncertain, the careful, experienced driver will swing to the right. It is a good rule. It has prevented many a crash. And if it is a good rule in driving, it is a

good rule in every other activity in life. If every body will swing to the right and keep moving, the road will be kept open; there will be no jam, no crash. The natural current of business, industry, commerce, will find its natural channel. The panic will be over, normal prosperity will be an established fact.
Depression is very largely a state of mind. Cut it out and all will be well.—Times, Halley, Idaho.

Let's Whoop Again

If the people of this town would show as much interest in building up the local community as they do in the election of candidates to public office we would be in vastly better condition than we are today.

We would have more money floating in from the surrounding territory, more people would be employed, local business firms would be doing better business, there would be fewer vacant buildings, local institutions would be in better condition, and money would be more plentiful in every home.

We get out and whoop our heads off for some candidate who doesn't even remember that we are in existence after the votes are counted. We spend our time and money urging everybody and his wife's Aunt Sally to vote for "our man." We consider it a duty to "aid the party" in every way. And we do it without expectation of any reward.

We are just exercising our rights as American citizens for the good of all of the people.

But why not expend at least a portion of that energy and brain power for the benefit of our town and our community and our own people? Why not work and talk just as zealously in an effort to encourage the business interests of this town? Why not take as much interest in our own personal incomes as we do in the salaries of the officials we elect to public office?

Coolidge's Last Words To American People

Calvin Coolidge's last message to the American people was an economic appeal which he wrote for New Year's Day. It said:

"For the year 1933 it seems to me that we need cooperation and charity. The resources of our country are sufficient to meet our requirements if we use them to help each other. We should cooperate to promote all kinds of business activity. We should do what we can in the way of charity. If all that is implied in these two words could be put into operation not only would our economic condition begin steadily to improve, but our destitute would secure ample relief. I can think of no better resolution for the New Year than to work in these directions."

No Compliment Intended

When Governor Comstock said in his inaugural talk that the accomplishment of the retiring administration were not to be upset by the Democrats, he spoke wisely. He knew there was none to upset.

Rambling Around With Michigan Editors

NOT SO BAD, AFTER ALL

By the way, we are getting so we do not laugh at the old days so much as a couple of years ago. Even the horse and buggy is appreciated by some, and we may even get back to the game of hock-schotch and the lace instead of golf. Worse misfortune could befall us than to go back to the "good old days" of the Saturday night shoe shine, family prayer and good old griddle cakes or oatmeal for breakfast.—Robert Gifford in The Eaton Rapids Journal.

APPLAUDED BY ALL

Almost unanimous endorsement has been given by the press to the report of the Commission of Inquiry into State Government Expenses, the substance of which points to a savings of five million dollars annually. Gov. Comstock also points to it as a measure to be followed by the State Legislature. Some parts of the report have been discussed with a question of doubt, of course and as expected, but the statement of general endorsement still holds good. Time will tell the story as to how many of the recommendations will be carried out. There is the choice of two methods. The first will be to fight the interests that will bob up to keep appropriations from being cut, and the unsophisticated Legislature will find such interest a mighty power. The second will be to pursue the course of least resistance and pass some kind of law that will not make the first proposition necessary except as a minimum. We're making no predictions. The

facts are that the new administration, and that goes for the legislature, is welcome to its job.—Harry Izor in The Durand Express.

A SORRY SPECTACLE

Detroit presented a sorry picture of mismanagement as its representatives came before the special session of the legislature for assistance. The spectacle undoubtedly impressed thousands of thoughtful citizens throughout Michigan with the fact that it will be absolutely essential to resist all efforts of Detroit politicians to expand their influence in the state government until the Michigan metropolis gives some evidence of ability to manage its own affairs properly.—Wm. Cook in The Hastings Banner.

HANDWRITING FOR TAX MAKERS

When the Post Office Department admits that three cents first-class letter postage has failed to yield an increase in revenue, and has actually caused a decrease, it submits to the law of diminishing returns. You can't make a taxpayer write letters and you can't make him use a three-cent stamp when he can use a one-cent postpaid. Congress should hear these experiences in mind when it prepares its next tax bill. It will have to make its basis of tax on so broad and spread it so thinly over a variety of articles, that it will scarcely be felt. Otherwise, taxes will decline because an over-taxed people will do for themselves exorbitantly taxed products.—Wm. Cansfield in The Howell Republican.

Truth In A Nutshell

A great many men succeed by making the most of other men's opportunities.

Meaningless Terms

We have recently heard much about "human rights," "personal liberty," "equal opportunity," and so on. These terms are meaningless as they have been used.

Human right to life, liberty and pursuit of happiness is not license to have them at the expense of other persons or of society as a whole.

Personal liberty ends when it infringes upon the privileges of others or injures the well-being of the community.

Equal opportunity may exist but does not necessarily qualify each and every man to make the most of it.

Men are not created free and equal when it comes to heredity.

conditions of mind and body; they are free and equal only under the law.

Use of these terms in the meaningless manner in which they have been employed in political speeches is an imposition on intelligence and an affront to common sense.

A REVIEW OF Wilkie Improvements IN SERVICE TO PLYMOUTH

This is the time of year when it is fitting to review our past year's accomplishments—and to plan for the future.

Upon establishing our business here in Plymouth, we determined to provide strictly up-to-date funeral service facilities. Our personnel, our funeral home, and our motor equipment were modern and efficient in every respect.

In addition, we deemed it our duty to supply accident and invalid care facilities which were needed in Plymouth. Our first aid room, a resuscitator and efficient, economical ambulance service were the result.

Our first aid room was completely equipped to care for emergency cases.

Our resuscitator provides the latest type of life-saving equipment.

Our exclusive ambulance is modern in every respect and is manned by thoroughly trained attendants who provide every proper care for sick and injured.

No future obligation attaches to the use of these invalid care facilities as the very nominal charge we make covers their cost of operation.

During the coming year, we pledge ourselves to work for further improvements and savings in the cost of service to the people of Plymouth.

Watch this paper for funeral facts that everyone should know.

Senior Biographies

Doris Ellen Cole

petite, lovable and sweet, is a native born citizen of Salem. She entered Plymouth High School as a freshman. Doris belonged to the Commercial club for three years. Drama club for two years, and is at present, a member of the Plymouth Staff. In case you are looking for a good cook, here is one as Doris is "Queen of the Culinary Department." That is, she is treasurer of the lunch rooms. It looks as if this senior class would have its full quota of nurses for Doris wants to be a nurse also.

Dorothy Lee Coel

the little girl with the big brown eyes, was born just two miles west of Plymouth. She obtained her first eight years of education in a rural school and then entered Plymouth High. For two years she belonged to the Travel club and has been a member of the Girl Reserves attending her high school life. Her ambition, she says, is to become a nurse. Well, we wish you luck Dorothy, but at the rate Plymouth girls are going out for nursing it is afraid there will be some pretty stiff competition.

Margaret Etlic Gline

has graced the city of Plymouth with her fair presence all of her life. Margaret belongs to the Glee club and is on the Plymouth staff. She is one of those lucky girls blessed with a good natured temperament and is helping right. But alas, here is another who has hopes of becoming a nurse. The number of nurses will increase so rapidly, I am afraid, that doctors had better start looking for more new diseases that people may imagine they have.

Clifford Charles Cook

the tall urban haired boy, whom the girls seem to be so fond of was born in Howell, Michigan. It seems that contrary to tradition, Cliff was born with an electric light bulb in his hand which accounts perhaps for his genius as an electrician and also for the sudden illumination he seems to suddenly experience once in a while during history class. This lad belongs to Drama club and was given a part in both the Junior and Senior plays. He has ambitions to enter Michigan State College, but what we wonder is what he'll do when he gets out.

Central Grade School Notes

The kindergarten children have started to read their pre-primers. The morning class had perfect attendance last week.

Miss Frantz's room had an unusual visitor last week for Tommy Chaffee brought his dog to school with him. Evelyn Barry has been transferred to Starkweather school. The second grade dramatized the story "Little Mouse Sees the World." The first grade has learned to write the numbers one to one hundred. The second grade has chosen teams for a spelling contest and are very interested in it.

Dawn O'Leary of Miss Sly's room has returned to school after an absence of six weeks.

Marion Goodman has entered Miss Weatherhead's room. Mrs. Charles Brown visited last Wednesday afternoon. They are studying Eskimo life in nature.

In Miss Field's room Ruth Wellman had the highest score on the arithmetic test. There are several absent because of colds.

Mrs. Holliday's pupils took the achievement test last week.

There was a perfect attendance in Miss Erlebeus's room last Thursday.

This Is How It's Done

A record is kept of the number of inches each student of the Prints staff writes.

This class meets on Monday fifth hour and at that time the paper is passed around and each student signs the article he or she has written. The totals for the first two marking periods are as follows: Ernest Archer 169 1/2, Jesmette Bauman 11, Margaret Buzzard 20 1/2, Darold Cline 11 1/2, Catherine Dougan 27, Miriam Joliffe 40, Russell Kirk 16 1/2, Jack Sessions 24 1/2, Wilma Scheppe 46 1/2, Beulah Sorenson 25 1/2, Goldie Toncray 19 1/2, Jane Whittle 7 1/2, Jack Wilcox 8 1/2, Irene Zielasko 5 1/2, and Robert Shaw 7 1/2.

PLYMOUTH DEBATERS WIN AT RIVER ROUGE

Two very evenly matched debate teams, one representing Plymouth High School and the other representing River Rouge High School, met at the River Rouge High School auditorium last Thursday evening for a seven-thirty clock to contest a league championship honors, the winning team being Plymouth's negative team consisting of Kenneth Greer, Ernest Archer, and Gene Hitt, the guests of River Rouge's affirmative debate team composed of Miss Beulah Sorenson, Robert Delzine, and Robert Rose, professor James Pollock of the Political Science Department in the University of Michigan was selected as judge for the debate. James Livingston of Plymouth and Marshall Johnson of River Rouge acted as time keepers. Constructive speeches were eight minutes long and rebuttal speeches four minutes long. Miss Shellenberger, chairman for the evening courteously welcomed Plymouth's team and expressed her genuine delight in being able to debate with Plymouth on a question of importance now confronting the people of Michigan: "Resolved That Michigan Should Adopt An Income Tax."

River Rouge Defeated Here

River Rouge's negative team was defeated here last Friday by Plymouth's affirmative team. River Rouge was represented by Evelyn Naffale, Emma Goldman, and Catherine Kidner, and Plymouth by Irene Humphries, Freida Kilgore and Evelyn Rorabacher. Mrs. Wipple acted as chairman, briefly outlining the question and introducing the judge, Professor Preston Scott of Detroit City College.

Irene Humphries opened the debate. She outlined the need for an income tax, emphasizing the large tax burden on property and the need for relieving this burden. She pointed out that the affirmative advocated the income tax in this state not as a large revenue producer, but as a fair method of taxation.

Evelyn Naffale of River Rouge admitted that the income tax had succeeded in the federal tax system, but that it has not in the states. Among the reasons why it had not she included multiple taxation, easy evasion, and difficulty of applying this tax. She employed a large number of statistics, tenth, eleventh and twelfth.

The managers and captains of the Junior league are as follows: Marvin Sackett is manager of the seventh and Robert Gilles, Gordon Moe, and Marcoe are captains of teams nine, ten and eleven. William Landick is manager of the eighth grade. Kenneth Kleinschmidt, Robert Egge and Don Blessing are captains of team twelve, thirteen and fourteen.

The managers and captains for the Senior league are as follows: Jack McAllister is manager of the ninth and Jack Gordon and Don Shilfe are captains of teams one and two. Norman Wagner is manager of the tenth, Arnold Ash and Ellwood Gates are captains of teams three and four. Marvin Partridge is manager of the eleventh grade while Jack McAllister and Wilbur Kincaid are captains of teams five and six. For the twelfth grade James Williams is manager and Carroll Lee and Russell Stevens are captains of teams seven and eight.

The standings are as follows:

Team	W	L	Pct.
7	2	0	1.000
8	2	0	1.000
9	1	0	1.000
10	1	0	1.000
11	1	1	.500
12	0	2	.000

Emma Goldman stated that a federal administered tax could be adjusted to conditions in every state. She admitted that the income tax in the states was fair and economical, but that the plan of her team was more so.

Freida Kilgore pointed out that the negative team had admitted the income tax itself to be good, and yet had not successfully proved the plan for state administration poor.

Catherine Kidner admitted that an income tax is the solution to the present situation, but that certain inherent evils exist in the state income tax which do not exist in the federal. She summarized the negative case.

Evelyn Rorabacher compared the cases of the affirmative and negative. She stated that an unjust burden would be placed on some states by the plan of the negative.

Immediately after the conclusion of the debate Professor Scott announced his decision. He remarked that the plan of the affirmative had been stronger and so gave the decision to Plymouth.

River Rouge Here Tonight

River Rouge will be here tonight to play basketball. All we have heard about River Rouge is that they beat Ypsilanti. So far this year the people and students have given the team fairly good support but to win from River Rouge it will have to be better. We should like to have a full house. Come on Plymouth! Let's go!

Editorial

TAKE HEED, YOU WHO ARE IDEALS!

Whether one realizes it or not, every high school boy who plays on an athletic team, regardless of the position he plays, usually has several admirers in the lower grades who are constantly watching him and who look up to him as a deified hero whose actions have a greater influence upon his admirers than is realized. To be like him and to win his respect is often their ambition. They dream of the time when they will be old enough to take their ideal's place. Some of the youthful admirers even copy their ideal's walk and other characteristics.

One may readily see what would happen should these boys, used as ideals, unknowingly take a false step. Only time could heal the scar of the bitter disappointment left in the hearts of the young worshippers.

As a young boy progresses through school, he invariably keeps his first ideal in mind and sees how near he came to being like him. When he makes a team it is then that he watches and follows a professional player.

In high school, it is not only athletes who are used as ideals, but musicians, debaters, actors and leaders in almost every phase of school life.

Perhaps you are not aware of the fact that you have admirers who take a great interest in you and your actions, but you have. Are you going to disappoint them and tear down their dreams in you by some act of dishonesty, poor sportsmanship, or snobbery? It is up to you. It was you who first attracted their attention and the least you can do is to live up to their expectations to the best of your ability.

Boy's Interclass Basketball

Class basketball has been started for about two or three weeks. The Junior league is composed of three teams from the seventh grade and three from the eighth, while the Senior league is composed of two teams from each of the upper four grades, ninth, tenth, eleventh and twelfth.

The managers and captains of the Junior league are as follows: Marvin Sackett is manager of the seventh and Robert Gilles, Gordon Moe, and Marcoe are captains of teams nine, ten and eleven. William Landick is manager of the eighth grade. Kenneth Kleinschmidt, Robert Egge and Don Blessing are captains of team twelve, thirteen and fourteen.

Look Forward

With the dawn of a new year those who collect stamps wonder what additions 1933 will bring to their stamp collections. The past year has made a good many additions, both in United States and foreign stamps. The most probable issue now before the postal authorities is a stamp in honor of the bicentennial anniversary of the founding of Georgia. It was in 1733 that James Oglethorpe landed in what is now the State of Georgia. He tried to establish a home in America for the poor English debtors. If issued, the stamp will have a portrait of Oglethorpe, according to the present plan.

This year California is celebrating the planting of the first naval orange tree in 1873, just sixty years ago, and they have asked the Postal Department to issue a special stamp for this important event.

The one hundredth anniversary of the "Old National Roads" existence in Indiana. The 1933 World's Fair at Chicago, and the one-hundredth anniversary of the building of the National Memorial at Rushmore. S. D. have been considered worthy to have stamps issued in their honor.

Another anniversary which may be honored by a commemorative stamp this year is the two hundred and fiftieth anniversary of the founding of Bordentown, Pennsylvania.

If the Postal Bureau heeds all of those pleas, collectors will be kept as busy as they were in the previous year.

Are They Busy?

Are the Juniors working hard to raise money in order to give the much wanted annual J-Hop. That question is answered in various ways, but the answer is "Yes."

Many of the teachers think this class is not working as do most of the students (except the Juniors) but when I say that they had \$35.65 the first day of the year and now have \$238.08 in the treasury which means they have made over \$190 more. Are there many other classes that are able to say they can make that much in 5 months?

Practice Debate With McKinney

For the third time, Plymouth's negative debate team composed of Kenneth Greer, Ernest Archer, and Gene Hitt had to try their opponents for a practice debate held in study hall three at eight o'clock last Wednesday evening. McKinney High School's affirmative debate team represented by John Pierce, Oliver Carson, and Howard Denyes. Although these two teams had met three times, the debate was interesting because the affirmative team had changed their case, considerably and consequently the negative team had to build up new arguments to overthrow those of the opposition.

Christmas Seal Report

Last year \$163.61 worth of seals were sold and this year about \$105.00 were sold, this is including the grade school and high school.

There were 10,000 seals distributed in the high school as follows: 1,000 to each of the 10th, 11th, 12th grades; 2,500 to the eighth grade;

Starkweather School Notes

The kindergarten in Miss Caravanaugh's room discussed Christmas and had toy day Wednesday, when each child brought one Christmas toy. Mrs. Downing visited us Thursday.

The first-A in Miss Stader's room have completed their Elson Reader. They will review their 250 words before beginning the Child Library Supplementary Book. The second B have their last lesson in spelling for the term. Next week will begin their review work. Every one has completed their picture study booklets. They have a new little girl in section B, Evelyn Barry from the Central school, making them a total of forty in their room.

PLYMOUTH CAGERS TRIM YPSILANTI 32-24

The Rocks won their second league basketball game out of three last Friday by defeating Ypsilanti 32 to 24. Until Plymouth met and defeated Ypsilanti they both had won and lost the same number of games, Plymouth having lost to Wayne and won from Dearborn while Ypsilanti had defeated Ecorse and lost to River Rouge. The following is a complete summary of the game:

Honor Court For Seekers

The girls who are working for honors in the Seekers group held a meeting Friday in which they straightened out their honor books. Those who were not eligible for honors worked on hobbies of which collecting movie stars pictures and sewing were favorite groups. The girls who have won honors and will go to Detroit January 14 for a ceremonial and presentation of these are: Jeanette Brown, Patricia Cassidy, Jewel Starkweather, Elizabeth Hezge, Patricia McKinlon.

A discussion of the code and examples of the code were discussed. The Junior girls also served meeting. Discussing the code is a program which always is interesting because your interpretation of it may be just the opposite of your neighbor's, yet you may both be right. This meeting was always held at least once in each group so that the girls are constantly aware of the thought behind all Girl Reserve activities.

Coraline Rathburn led the discussion in Senior Girl Reserves on the 4 C's campaign. This meeting was used for talk about the campaign because the faculty want members of the character clubs to lead similar discussions in group meetings before exams. Until this year the 4 C's campaign has always terminated in a general assembly but this year there are to be group discussions. The girls are anxious to help and since there are to be several meetings of volunteers from character clubs, they will surely be well prepared to answer any questions which may arise.

Examination Schedule

Notice! Final examinations will begin Wednesday afternoon, January 25, 1933. It might be advisable to post a copy of this schedule in some convenient place to help prevent lapse of memory.

Fifth hour examinations will be given some time previous to Wednesday.

January 25, Wednesday, 12-45 First Hour Classes.

January 26, Thursday, 8-10:30 Second Hour Classes.

January 27, Friday, 8-10:30 Seventh Hour Classes.

January 28, Saturday, 10-12:00 Eighth Hour Classes.

Correct Your Pronunciation

CKOOK has announced the broadcast of the "Correct Your Pronunciation of Common Words" to be conducted by G. E. Densmore, Professor at the University of Michigan. This will be given at one o'clock on the following Sunday afternoons: January 8, 15, 22, 29, Feb. 5, 12, 19, March 5 and 12. This would be a very good chance for the students to learn the correct pronunciation of common everyday words.

Washington News Flashes

Calvin Coolidge, thirtieth president of the United States, died at his home in Northampton, Massachusetts, January 5, 1933. The Nation was shocked to hear of the sudden death of its former President. On the day of Mr. Coolidge's death, Congress and many of the State Legislatures, including our own, adjourned as a mark of respect for the man who had served the country for so many years. Throughout the entire country flags were lowered to half-mast to remain so for thirty days.

As Governor of Massachusetts, Mr. Coolidge made the following statement during the Boston police strike in 1918, when labor leaders appealed to the governor for a compromise: "There is nothing to compromise. There is no right to strike against the public safety by anybody, anywhere, at any time."

Since his death many fine tributes have been paid Mr. Coolidge. Below are a few of the expressions of gratitude and sympathy: President Hoover: "His entire lifetime has been one of a single devotion to our country and his has been a high contribution to the welfare of mankind."

President-Elect Roosevelt: "I am inexpressibly shocked at the news of Mr. Coolidge's death. The nation suffers a great loss in his sudden and untimely passing."

Gen. John J. Pershing: "He stood for all the fine things in American life. His faith in America was sublime. His high-mindedness, his sound judgment, and his fairness were outstanding qualities of his character that endeared him to the hearts of the American people. His wise counsel will surely be missed by his countrymen."

Catherine Schultz.

Coming Attractions At Penniman Allen "SMILES THROUGH" Norma Shearer in "Smiles Through" directed by Metropolitan-Mayer by Sidney Franklin with a supporting cast headed by Freddie March, Leslie Howard, O. P. Duggie and Ralph Forbes, will appear at the Penniman Allen Theatre Sunday and Monday, January 15 and 16. In this lavish production Norma Shearer plays a dual role. In this she duplicates the feat of Jane Cowl, who starred in the original New York stage production. Miss Shearer portrays both the fragile Margaret in the hopelessly Victorian setting, and the modern woman in the modern setting. The happy romance of the tale centers. "BREACH OF PROMISE" Chester Morris and Mae Clarke head the roster of players in "Breach of Promise" at the Penniman Allen Theatre, Wednesday and Thursday, January 18 and 19. In this latest feature, Morris is seen as a popular sentimental character whose changes are dashed to bits by the cold, hard, practicalism of a country drudge who sets upon the romance of Morris in the community to further her own schemes for freedom, romance and retribution come to her and she fights for the man whom she has wronged in an effort to clear her conscience. Theodora Van Eltz, Lucille La Verne, Charles Middleton and Elizabeth Patterson are others in this successful screen play. Now that winter is here a warning against monoxide poisoning is in order. Politicians Start Planning For The Spring Election Plymouth voters who have just gotten over one election are finding it difficult to get interested in the forthcoming spring election at which the state highway commissioner, superintendent of public instruction and other officials will be elected. The spring conventions of both major parties will be held late in February, according to Alfred Deba, chairman of the Democratic State Central Committee, and Howard C. Lawrence, chairman of the Republican State Central Committee. In these conventions candidates for the offices will be selected. The date and place of the conventions will be fixed by the State Central Committees, meeting in Lansing late this month. Lawrence and Deba are expected to issue calls for these meetings. Unless Democratic enthusiasm for holding public office has undergone a recent and radical change there will be no lack of candidates for the positions open but so far few contenders have presented themselves. Dr. Paul Voelker, president of Barth Creek College, is mentioned as a Democratic candidate for Superintendent of public instruction. Those most frequently mentioned for the two places on the State Supreme Court to be filled are George E. Bushnell, of Detroit, candidate for prosecutor in the Nov. 8 election; Edward C. Shields, of Lansing; and Edward J. Sharpe, of Bay City. It is probable that all of the Republican incumbents will be candidates to succeed themselves. The offices to be filled and the incumbents are: Superintendent of Public Instruction, Webster H. Penno; Highway Commissioner — G. C. Blinn.

Woman Lost 20 Pounds In 4 Weeks Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment." Eat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tons of thousands of men and women know. For your health's sake ask for and get Kruschen at Mayflower Drug Co. or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Tributes From Prominent Men Throughout the World To A Great Man 1872 - CALVIN COOLIDGE - 1933

President Herbert Hoover: "It becomes my sad duty to announce officially the death of Calvin Coolidge, which occurred at his home in the city of Northampton, Mass., on the fifth day of January, 1933, at 12:25 o'clock in the afternoon."

"Mr. Coolidge had devoted his entire life to the public service, and his steady progress from councilman to mayor of Northampton and thence upward as member of the state Senate of Massachusetts, lieutenant governor and governor of Massachusetts, to vice president and President of the United States, stands as a conspicuous memorial to his private and public virtues, his outstanding ability, and his devotion to the public welfare."

"His name had become in his own lifetime a synonym for sagacity and wisdom; and his temperateness in speech and his orderly deliberation in action bespoke the profound sense of responsibility which guided his conduct of the public business."

"From the American people he evoked an extraordinary warmth of affectionate response to his salient and characteristic personality. He earned and enjoyed their confidence in the highest degree. To millions of our people his death will come as a personal sorrow as well as a public loss."

"As an expression of the public sorrow, it is ordered that the flags on the White House and of the several department buildings be displayed at half-staff for a period of 30 days, and that suitable military and naval honors under orders of the secretary of war and the secretary of the Navy may be rendered on the day of the funeral."

Alex J. Groesbeck, former governor: "A great American and a typical American has passed. It was fortunate for us all that Calvin Coolidge happened to be President when the policies he had advocated all his life were urgently required to bring about a change in our government."

"I think Calvin Coolidge was the most unpretentious President we have had in many years. His greatest asset was that he commanded the confidence and respect of the public to an uncommonly large degree. The people of the country had faith in his ultimate judgment."

Former Gov. Chase S. Osborn: "The death of Calvin Coolidge is a real loss to the nation and the world. He was something of the Adams type. New England stolidly modified his traits and added action. Beneath it all he had a tender heart and a rich humanity. There has been no one like him in public life for a long time. There may never be another Coolidge."

Gov. William A. Comstock: "It is too bad that we have to lose the services of an ex-President who always had both feet on the ground. More than any other of our Presidents, Calvin Coolidge typified the good sound beliefs and methods we associate with New England."

"Every citizen will feel a sense of loss. Calvin Coolidge was a good American and a good President. I know I speak for the people of Michigan when I say he was a man the nation could ill afford to lose."

Mayor Frank Murphy of Detroit: "Calvin Coolidge rose to eminence through his stand for economy. The country can ill afford to lose a leader with such great devotion to frugality and economy in government. Coolidge represented integrity and honesty in government. He adhered to the old New England idea that public office is public trust. The country has suffered an irreparable loss."

John W. Davis: "It is an unexpected shock to learn of the sudden death of ex-President Coolidge. His passing is a great loss to the country."

Charles M. Schwab: "It is with great regret that I learn of the untimely death of Calvin Coolidge. The nation has lost an outstanding citizen."

General James G. Harbord: "The death of Calvin Coolidge, under existing circumstances, is a national tragedy. There is no one left who can be to our people exactly what he was."

Walter S. Gifford: "In the death of Calvin Coolidge we have lost a great citizen, devoted to the welfare of our country."

Charles E. Mitchell, chairman of the National City Bank of New York: "Leaving to the record the laudable accomplishments of his years of public service, Calvin Coolidge as a private citizen has been to the nation a storm anchor in the troublesome seas of the depression through which we are now passing."

Felix M. Warburg: "The death of Mr. Coolidge is a tremendous shock to all of us, and his sudden passing removes from our midst a man whose courage, nobility of impulse and keen logic have commanded the respect and admiration of all Americans. History will undoubtedly record him as one of our greatest Presidents."

Will H. Hays: "The passing of Calvin Coolidge removes a towering human landmark from the nation he served so well. He was a great, unique figure in our public life."

Elihu Root: "I am shocked and grieved by the death of Mr. Coolidge. The public loss is irreparable."

Matthew Wolf: "While labor has not agreed at all times with Calvin Coolidge in matters of public concern and especially with decisions affecting industrial relations, nevertheless it has ever been mindful of the honesty, integrity and sincerity of purpose to render the best possible public service as the light was given to him."

James W. Gerard, ex-ambassador to Germany: "The passing of ex-President Coolidge is a real loss to this country. He represented a sturdy type of Americanism, always growing rarer day by day."

Col. E. M. House: "I am terribly shocked by the news of former President Coolidge's death. He was one of the most remarkable men America ever produced."

Bainbridge Colby: "More even than the sense of shock at his sudden passing is the feeling that the country has lost a man it can ill spare at so critical a juncture in the life of the nation."

Former Gov. Wilbur M. Brucker: "Calvin Coolidge was a great American. He was a man who knew government, knew it by climbing the ladder, rung by rung. He was a legislator, a lieutenant governor, and during the trying war years governor of Massachusetts. In his bosom lay the love of America and a great idealism. He was a leader in the movement for economy in a period when economy in government had not occurred to others."

James S. McDonald, chief justice of the Michigan Supreme Court: "In the fields of politics and statesmanship, Calvin Coolidge occupied a unique and distinguished position. Perhaps to no other American in modern times have the people given so lavishly of their confidence and respect. They saw in him a sterling citizen, an able President and a great American. We all mourn his passing."

Senator Arthur H. Vandenberg: "He typified the finest traditions of the republic. He possessed the complete confidence of the American people and of the world. A tower of strength has fallen."

Fred W. Green, former governor of Michigan: "It is particularly sad at this critical time to lose Calvin Coolidge. Never in the history of our republic has there been a citizen in whom the people placed a greater measure of confidence. Friend and foe recognized in him a man of super-common sense who, while most unassuming, held the respect of all because of his rugged honesty and stability. The loss to our country and to the world by his passing is beyond my power of expression."

Paris Petit Journal: "He deserved his prestige and was an ideal president."

Echo De Paris (by "Pertinax"): "Andre Gerard, the foreign editor of the Echo de Paris, said he hoped to cover France, his ignorance and hostility unfortunately were fairly evident."

Paris Ere Nouvelle (organ of former Premier Edouard Herriot): "Coolidge really was the author of that policy which clashes with our taste for order and logic."

The Marquis De Chambrun, member of the French debt commission to the United States, said he knew Mr. Coolidge before he was President and that he often showed sympathy for France, especially "by maintaining a liaison with Herriot at the Paris embassy."

Former Premier Laval said he

Mexico City—Foreign Minister Jose Manuel Puig Casarano: "I had the honor of knowing the late President Coolidge and had the greatest respect for him."

London—Lord Howard of Pentrich, formerly Sir Esme Howard, British ambassador to Washington during the Coolidge regime: "It was impossible not to respect President Coolidge's outstanding sincerity and desire to be of service to his country and the world. He was one of the most absolutely reliable of public men."

British newspapers paid tribute with expressions of deep affection. The London Times said: "It is declared the obscurity in which retired presidents of the United States are wrapped never had obliterated Coolidge."

The London Times said: "This showed him was not of today, but he had the fine qualities of the best type of American plain citizen of the past."

Berlin—Foreign Minister Von Neurath: "The death of this eminent statesman represents a grave loss to the American people."

Lyon, France—Former Premier Edouard Herriot: "I esteemed Coolidge's friendship highly. I met him in Washington before I became prime minister and when I became minister of foreign affairs I was most happy to renew relations with him. He was a cordial friend and a great figure in history."

The News Chronicle of London said: "It is impossible the people on this side of the Atlantic underestimated the real shrewdness which underlay his habitual taciturnity. An entire mediocrity does not make the impression Coolidge did on his countrymen. It is a certain, however, that they overestimated his qualities."

The London Daily Mail said: "Never faced with the necessity of making heroic decisions, his task was to keep the ship of state on an even keel and admirably he accomplished it. History will credit him with all the sterling virtues of a good New Englander."

The London Daily Express said: "He was not a great president but brought to the administration a rigid Puritanism and an unexceptional honesty. His reward for services to his countrymen is a too early death."

Premier Ramsay MacDonald, at Lonsmeath, said he was "deeply shocked" when informed of the former President's death. Sir Josiah Stamp, British ambassador to the United States; George Lansbury, Labor party leader; Sir John Simon, foreign secretary; and Sir Harry E. Britain, Pilgrims' Club president and vice president of the English Speaking Union, expressed sympathy.

Recalling a Pilgrims' anniversary celebration, the latter said he found Mr. Coolidge "most charming, humorous and cultured" and not the "reputed silent" man.

Paris Petit Journal: "He deserved his prestige and was an ideal president."

Echo De Paris (by "Pertinax"): "Andre Gerard, the foreign editor of the Echo de Paris, said he hoped to cover France, his ignorance and hostility unfortunately were fairly evident."

More Weather News; Winter Nearly Over

Worry no more—for this is not going to be a cold winter. No matter what the animals in the Detroit zoo said last fall, no matter what all the other signs indicated, this is going to be a mild winter. There is no less an authority for this statement than F. L. Becker—and he is judging his statement entirely upon years and years of observation of the caterpillar. Saturday while out in his backyard he saw one slowly making its way towards the south pole. He watched it closely, but did not disturb it. The next day he went out to see what had become of this little weather worm. There it was, all curled up on a piece of wood, just preparing to start out on another day's journey. Mr. Becker declared that it is unusual to see a caterpillar traveling around in the winter time, but knowing well the old saying about the stripes of the worm, he investigated. Sure enough, the black circle around the head was a short one. That meant a little winter early in the season. We've had that. Then came a long dark brown circle. This long dark brown circle indicated a long warm spell. The longer the brown circle, the longer the warm weather. Near the tail was another short black circle. That meant a little more cold weather late in the winter. "Now you see if the black circle around the head had extended quite a ways back on the body, that would have meant a lot of cold weather. The brown circle had been a short one, that meant only a few days of warm winter weather. The caterpillar is about the best weather prophet there is and you see if my prediction does not come true," stated Mr. Becker.

Amateur Fisherman Rout's Champion

Dr. Paul Butz who has the reputation of bringing back more and bigger fish than other fishermen in Plymouth is just now bowing to a new fishing champion. In company with Frank Coward and Charles Garlett, the three spent a day recently fishing perch up on Saginaw bay. It was just naturally expected that Dr. Butz would catch the most fish and the biggest fish, but when the three of them checked in at night time, what do you suppose? It was that amateur fisherman, Charles Garlett, who thinks you are talking about shoe sizes or insurance policy ratings when discussing fish hook numbers and line weights, who brought in the biggest fish of the day. And what a perch it was! Generally these three fishermen take with them a yard stick to measure their catch, but not expecting any one to land such a big one, no measuring stick was taken along and all that you know about the perch is that no other man in Plymouth or vicinity ever brought in a perch anywhere near the size of the one that Mr. Garlett landed.

Residents of Corvo, in Azores, Should Be Happy

For several centuries the natives of the Azores were benighted by reason of the remote location of the islands in mid-Atlantic. In more recent times this location has been a means of bringing the islands in touch with the other countries of the world. Vessels and airplanes now visit the islands somewhat frequently. The celebration of the five hundredth anniversary of the discovery of the Azores brought to their shores naval representatives of several of the countries of Europe. An ancient Arabic map gave some indication of the presence of the islands, and Goncalo Velho Cabral was sent out to endeavor to locate them, which he did, but after locating the southernmost island it took him two years to locate the other eight of the group. Corvo, the most remote of the group, has a single village of 600 souls dwelling at the base of an extinct volcano, which is perhaps the most arid community in the western world. And happily so, for, ruled by a council of elders and with a priest as the only physician, Corvo knows no contagion, crime, poverty or vice. Nor is there a look on any door.

Old Prices Show New Prices Old Prices

J. W. Walker, Rosedale Gardens correspondent of the Plymouth Mail and general land agent for the Sheldon Land company, the other day came across a copy of the Daily Republican of Springfield, Mass., the paper being published in October of 1912. "The thing that impressed me about it was the fact that the prices in the advertisements were about what they are today, or somewhat lower. Men's suits were advertised for prices what you can see today. The same way with furniture, rugs, and other things," said Mr. Walker.

Europeans Not Likely to Visit Lhasa Twice

EXTRAORDINARY, so far as Europeans are concerned, is Lhasa, capital of Tibet. In the year 1901 an expedition from India reached Lhasa for the purpose of arranging a commercial treaty, but up to that date only one European had ever stood in its streets. Yet the number of pilgrims to Lhasa is enormous. It is the Mecca of Lamaists, a form of Buddhism, which draws students and devotees from all parts of Mongolia, Manchuria, and Tibet. The streets and hills surrounding the town are thick with the roofs of the visitors, and on the Ling Koo, the sacred road surrounding Lhasa, the pilgrims move in slow procession, often crawling on hands and knees. The town stands nearly 12,000 feet above sea level, and is hidden only in winter—a horrible smoggy place. The streets are deep in filth and littered by hundreds of filthy dogs and pigs; there is no drainage to speak of, and the stench is insupportable.

Simple Hospitality

There are, indeed, many kinds of hospitality, yet how rare are all good things, how rare is the true simple hospitality. Simple hospitality you know it and feel it instinctively whenever its presence is near. It pervades the whole atmosphere, for it breathes in all the hundred and one little things which thoughtful and loving hearts have arranged for your comfort. Artificiality cannot live in its presence; thus you are not forever pretending to be somebody else. You know you are welcome for yourself alone. Simple hospitality sets you at your ease and makes you feel at home. You thus think naturally, act naturally. Therefore you are happy.—Chambers' Journal.

There are, indeed, many kinds of hospitality, yet how rare are all good things, how rare is the true simple hospitality. Simple hospitality you know it and feel it instinctively whenever its presence is near. It pervades the whole atmosphere, for it breathes in all the hundred and one little things which thoughtful and loving hearts have arranged for your comfort. Artificiality cannot live in its presence; thus you are not forever pretending to be somebody else. You know you are welcome for yourself alone. Simple hospitality sets you at your ease and makes you feel at home. You thus think naturally, act naturally. Therefore you are happy.—Chambers' Journal.

RAPIST CHURCH NOTES. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." II Timothy 2:15. The Prayer meeting and Bible Study, which is held on Friday night at 7:30 p. m., will meet at the Beckwith home, 1529 Pennington Ave. this week. The third chapter of I Thessalonians will be considered at that time. Every one is welcome. We have had fine groups attending those meetings and received a blessing from them. God willing, Mr. Neale will preach at both morning and evening services. Sunday school meets at 11:15, following the morning church services. At 6:30 on Sunday evening, the young people gather for their B. Y. P. U. The 13th chapter of Mark will be the topic for that time. All young people are invited. On Tuesday evening the young people meet again for further Bible Study. We are studying the book Exodus; chapter 18 for next week. As usual on Wednesday evening at 7:30 we meet for Praise and Prayer in the church parlors. Where there is prayer, there is power for: "Satan trembles when he sees the weakest saint upon his knees." Last week Thursday evening 10 ladies of Mrs. Beckwith's class gathered at the home of Mrs. Mat Hinson for a supper-meeting. A very worth while time was enjoyed at that meeting.

CHRISTIAN SCIENCE CHURCH. "Sacrament" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 8. Among the Bible citations was this passage: (Mark 22:17, 18) "And he took the cup, and gave thanks, and said, Take this, and divide it among yourselves: For I say unto you, I will not drink of the fruit of the vine, until the kingdom of God shall come." Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 34): "If all who ever partook of the sacrament had really commemorated the sufferings of Jesus and drunk of his cup, they would have revolutionized the world. If all who seek life commemoration through material symbols will take up the cross, heal the sick, cast out evils, and preach Christ, or Truth, to the poor, the respective thought, they will bring in the millennium."

Euchre Contest Is Creating Interest

After showing signs of getting somewhere in this tournament, Korte and Shaska fell easy victims of the last place contenders, Ed Gotts and Ed Theisen, by the lopsided score of 11 games to 3. It now seems quite certain that they will not get out of the second division. Ed Theisen "subbed" for Chas. Blackmore who was ill, and played well. Conrad and Wagenschultz advanced from seventh to fifth place when they defeated Matt Everett and Elmer Birch, 8 games to 6. Mr. Birch subbed for John Mulvey, Graham and Parly lost their first session in the club when Jack Waldecker and Wm. Theisen beat them, 8 games to 6. H. Waldecker and Wm. Theisen teamed up at 9:30 and began with a 4-0 victory. Their consecutive defeat, 10 games to 4, this victory put H. Waldecker in second place. In a special session played at Funk's store in Canton Center, last Tuesday night, Conrad and Wagenschultz, walloped Pineson and Shaska, 11 games to 6. The standing: W. L. Pet 74 30 643. J. Walker-W. Theisen 47 37 590. R. Walker-W. Theisen 45 39 536. Graham-Parly 44 40 524. M. Walker-C. Pineson 40 44 476. Conrad-Wagenschultz 40 44 476. Korte-Shaska 36 48 429. Blackmore-Gotts 30 54 357.

SCHOOL NOTES

Seniors Prepare For New Semester. The Senior Class met in Study 3 last week, Wednesday, January 4, for the purpose of classifying for the second semester of this school year and their last semester of year and their last semester of year and their last semester of year. An estimation of their credits to make sure they had at least the sixteen required credits. Many were pleased, some were satisfied, and others were rather doubtful. To those doubtful students we hope for the best.

Sixth Radio Lecture Heard

According to the sixth radio lecture, "Adjustments of Plants To Each Other and to Their Environment" by H. T. Darlington, and sponsored by the Michigan State College over station WKAR on January 9, environment is the influence to which a plant is subjected. Not only do both plants and animals perform similar vital functions, but in general they require certain similar conditions or surroundings. Living things, whether plant or animal, require air, food and moisture. Light is essential in most cases and a rather definite range of temperature must be provided, if life is to continue. Often there are more particular factors which must be present if a certain plant or animal is to survive. The word "environment" is used to include all the conditions that surround any organism. Plants are fitted by nature to their environ-

ment and may be unable to exist in different surroundings. There are three general types of environment that plants or animal parts may have; namely: soil, air, and aquatic. One of the most common plants whose general environment is soil is the grass plant. Soil plants may be classified into the three following divisions: those with fibrous roots, such as grass; those with tap roots, such as the dandelion, burdock, and many more of our worst weeds; and those with fleshy roots such as the carrot, turnip, and beet. Some tropical orchids which live attached to trees and never reach the earth at all develop aerial roots. They have a very thick, spongy cortex, which absorbs water from the moist air of the forests. Aquatic plants are those found in or few floating ponds such as the duck-weed and water lily.

Aquatic plants differ from land plants in the following ways: leaves in aquatic plants are softer than in land plants and the tissues in the aquatic plants are more tender than those in land plants. There is a constant rivalry between plants and an illustration of this is the oak and the aspen. The mistletoe usually grows upon the oak penetrating into the tissue of the oak and absorbing the food. There is also a constant rivalry between dandelions and grass. Numerous examples of rivalry for life could be given. Parasitic plants are those that live upon another living plant such as fungus. These radio lectures are made a part of the class work in Mr. Bentley's biology classes.

STATES FUTURE

Continued from page one.

The appointment of this commission was the direct result of a series of articles prepared and published in Michigan weekly newspapers by Representative Vernon J. Brown, the pioneer crusader for a reduction in the costs of the state government. Alone and single-handed the Ingham County newspaper publisher set out to show to the people of Michigan just where and how his money was being spent and how it could be saved. Former Speaker Fred Ming of the house saw to it that Mr. Brown was a member of the commission that his articles made necessary to appoint. In cooperation with the other members of the commission, over six months of diligent study was given to every state department and every state institution. One of the big Detroit newspapers catching the spirit of what Representative Brown had accomplished, started a follow-up series of

articles on governmental waste, following exactly along the line that Mr. Brown had pursued. In his series presented to the weekly press months before. Before the legislature for their immediate consideration are the scores of bills that Mr. Brown and his committee prepared, which provide a reduction of something like \$10,000,000 in the operating costs of the state per year. Just whether these bills fit into the legislative program that Governor Constock has in mind, has not yet made itself manifest. The governor has indicated that he is in sympathy with most of the recommendations made by Representative Brown's committee.

Both Governor Constock and Lieutenant Governor Stebbins have indicated to the legislature that they do not favor a mass of bills covering all kinds of legislation and that it is their wish to follow a certain line of directed economy legislation. Never before at a change in the administrative government of Michigan has there been such a demand for public jobs as at present. Not dozens, but hundreds of Democrats from all over Michigan are tramping through the hallways of the capitol and state office building looking for jobs. Not only are Democrats looking for work, but Republicans who have served years and years in the various departments, are hoping that they will not be asked to join the army of the unemployed. Up to the present time there has been nothing to indicate that the most of them will not be out before long.

Representative Brown of Mason did stop one onslaught of house Democrats last week when he held up the appointment of a new postmaster for the house. He suggested that he thought it would be good economy to have but one postmaster for both the house and

senate. It has always been customary to have a postmaster for each branch of the legislature. Claude Aldrich of East Lansing was the Democratic candidate for the house postoffice job. From what can be heard around legislative halls it is quite apparent that there is a possibility that there will be legislative consideration of the appointment of Edward Freudenthal of Hudson as director of prison industries at \$12,000 per year. The big salary is the thing that has caused the talk. Mr. Freudenthal was at one time warden of Jackson prison. No one associated with the prisons has ever before been paid a salary of such a vast size, but Mr. Freudenthal states that he can in return save the state over a million dollars per year in the operation of prison industries.

Democrats have let it be known that they are not at all satisfied with the selection of two or three office holders under Republican administrations to retain their positions. Budget Director Thompson, who has drawn a salary ranging from \$6,000 to \$7,500 under the last two Republican administrations, has been kept on the job by the new governor. Besides the appointment is but a temporary one, say some, and will later be filled by a Democrat. When created, this job paid \$5,000 per year.

Many prominent Democratic physicians of the state are said to be helplessly looking for the appointment as state health officer. This position, a few years ago, a \$6,000 job, has been paying \$10,000 a year during the past few years, plus an automobile for the health officer and an expense account. Governor Constock has not yet indicated who will be named for this position. Former Sheriff Fred Collins of Berrien County is the new sergeant

at arms of the house. The ex-sheriff was a popular officer when he served in the highest executive office of his county and he has already made friends around the house. Speaker Bradley who hails from the Upper Peninsula, has let it be known that he is opposed to all legislative junkies to various state institutions. Predictions are freely made that this legislative session will be one of the longest in the history of the state. This statement is based upon the immense amount of work that confronts the new legislature.
