WE BELIEVE IT A MISTAKE

There is some talk among the Democrats of Michigan of initiating a recall election of Governor Comstock. Doubtless there is plenty of ground for the consideration of some such election, but we wonder if these Democrats who have become so hostile to their government, realize that little good can come from it? We wonder too if they have taken into consideration the tremendous expense involved in such an undertaking? The two elections necessary would cost the taxpayers something like half a million dollars, that is providing the governor should be recalled. It would take at least three or four months to get the petitions signed and to hold the elections. There isn't much doubt about the ability of these desiring to circulate the petitions to get them filled out, as seemingly nearly everyone has expressed a desire to sign a recall petition. But that is only a part of the story. Suppose Governor Comstock should be recalled? The new governor, Republican or Democrat, would find that all of the appropriations have been made for the year, that much of the money has already been spent and that it would take another session of the same legislature as we have now to try and undo much of the damage that has been done. If there was a new legislature to deal with some of these problems that the governor has created, if a different set of officers were to fill state positions, we might be inclined to think some good would come out of a recall election. But as matters stand our recommendation to these Democrats who are so heavily disappointed in the man they have elected governor is to wait a year or so until the regular election time and then correct the mistake they have made. Most of the damage has been done. It is now a matter of enduring it.

AIN'T IT THE TRUTH

Over the hill trailed a man behind a mule drawing a plow. Said the man to the mule:
 "Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet here we work hitched up together year in and year out. I often wonder if you work for me or if I work for you. Verily, I think it a partnership between a mule and a fool, for surely I work as hard as you, if not harder. Plowing or cultivating we cover the same distance, but you do it on four legs and I on two. I, therefore, do twice as much work per leg as you do.
 "Soon, we'll be preparing for a corn crop. When the crop is harvested I give one-third to the landlord for being so kind as to let me use this small speck of God's universe. One-third goes to you and the balance is mine. You consume all of your portion with the exception of the cobs, while I divide mine among seven children, six hens, two ducks and a banker. If we both need shoes you get 'em. Bill, you are getting the best of me, and I ask you, is it fair for a mule, the son of a jackass, to swindle a man—the Lord of Creation—out of his substance?
 "Why, you only help to plow and cultivate the ground, and I alone must cut, shock and husk the corn while you look over the pasture fence and hew-haw at me.
 "All fall and most of the winter the whole family, from Granny to the Baby, picks cotton to help raise money to pay taxes and buy a new harness and pay the interest on the mortgage on you. And what do you care about the mortgage? Not a damn! You ornery cuss. I even have to do the worrying about the mortgage on your tough, ungrateful hide.
 "About the only time I am better is on election day.

Rambling Around With Michigan Editors

THE MAIZE AND BLUE
 It really looks as though the market value of a University of Michigan diploma in civil engineering is going up. During the spring election we heard (and could not believe it) that if Van Wagener were elected highway commissioner of Michigan State graduates would get the run-around to make way for graduates of the University of Michigan.
 We laughed when we heard the statement which was reported to

Steinbaugh, road engineer; L. W. Millard, acting bridge engineer; Louis H. Schimmel, director of finance; and John W. Kushing, research and testing engineer. The Purdue man is James H. Cissel, engineer of bridge design. We are not laughing so heartily over the rumor as we did four months ago.—V. J. Brown in The Ingham County News.

O'BRIEN BLEATETH AGAIN
 With all the wisdom of a Solomon, a Socrates, and three or four Platos thrown in for good measure, Michigan's Patrick H. O'Brien, at the general election, told the audience the other night that "the world is heading toward another

great war." Bleateth he: "We can never expect that the destinies of nations and peoples can be decided by the hands of a few politicians." What encouragement to a world that is already ravaged and bankrupt from war! Has Mr. O'Brien ever admitted that our world generally does what its leaders plead, pray for, and expect? Can he, his own little part by doing his own official duty efficiently—which is NOT exactly what he has done since January 1, in his opinion.—George Averill in The Birmingham Eclectic.

OBEYING THE LAW

Nearly every one tries to obey the law. That is, the average individual, wants to comply with all legal requirements. But how can he? The legislature that just adjourned added 283 new laws to Michigan's statute books. In 1931 there were 336 new laws passed. How can any man know all the provisions of all the thousands of laws that the legislature has passed for people to obey? Maybe some day the fond hope of the vast majority of people that we elect a legislature that will unmake laws instead of making new ones, will come true. But surrounded as we are with thousands of laws, it is doubtful if any individual goes through the day without in some way breaking some of the regulations imposed by the state.

WE WONDER

During recent weeks the name of former President Hoover has been mentioned frequently in connection with the closing of the two big banks in Detroit during the last few days of his administration. His appointments in the treasury department issued the order that brought financial ruin to Detroit and the entire state.

The mention of Mr. Hoover's name in connection with Detroit's plight takes us back to the night that President Hoover visited Detroit during his last campaign. From the minute he emerged from the train and until he reached the Coliseum, visitors in Detroit will recall that he was booed and jeered constantly. It was humnily impossible for him not to have heard the roar of disapproval of the crowd even before he got off the train. Detroit's reception to the President was declared to be the most unpleasant and disturbing of his entire trip.

We wonder if this might not have had something to do with what happened to Detroit's banking institutions during the final days of Mr. Hoover's administration?

ZONING ORDINANCES

Plymouth has for some time been interested in a zoning ordinance. In view of this fact it might be interesting to know that forty-one cities in the United States adopted zoning regulations during 1932, bringing the total to 1,236.
 The Department of Commerce said recently the municipalities ranged in size from villages of less than 100 persons to the largest cities.
 The majority of the cities of more than 25,000 population having zoning regulations. All cities that have adopted this system have a combined population of 48,400,000.

FOOLS THERE BE

Mason county, which is the home of that delightful city of Ludington, last fall elected a fellow named Clines to the legislature. Just how they happened to do it, no one knows, but of all the misfits that ever walked into the legislative halls of Lansing, he is without question the prize one. People sometimes get foolish over their voting and in an effort to wallopp somebody or do something, they go to the extreme and in this they sometimes do themselves a real injury. The legislative record of the misfit from Mason county, is a prize one. Freely he announced that he would vote for or against some bill just to be "off." And he did just what he said he would do—often changing his vote to accomplish the object of being different. Mason county has reason to hang its head in shame over the record of the ass it sent to Lansing.

OUTRAGEOUS DECISION
 A decision has come out of Lansing relative to the sales tax to be levied on the effect that the merchant may not pay on actual cash sales, but must pay on all sales. Hence if you sell an article it makes no difference whether or not you ever get paid for it, you must pay the tax—that's not a sales tax that is a tax on your bank getting credit and on your losses. It is in the opinion of those half baked legislative decisions which have been prevalent during the last session. While this last statement is outstandingly true, we lay but little of the blame at the feet of the legislators. If they had had one month to study the program, it would have been different, but the governor was in the middle of the sea unable to sight land in any direction.—Frank Bryce in The Grand Ledge Independent.

POLITICIANS VS. BOYS AND GIRLS

Few people realize the crisis in Education in Michigan. So far, school boards and teachers, through a fine spirit of cooperation, have kept the schools open even though teachers have not been paid, debts increased, many necessary activities curtailed. Those who have studied this question honestly and scientifically say that only one tenth of the schools of Michigan can operate a full school year—one tenth can operate one month. If the Legislature has half the schools of Michigan will be closed. While this is serious to teachers, adding to the unemployment, it is tragic to our boys and girls. It is a responsibility primarily of parents, voters and taxpayers. What is needed first is wise leadership on the part of the Board of Education. Then let all friends of education rally around a program that Michigan shall not fail in this great duty and obligation. All public schools must remain open a full school year.—Searth Inglis in The Galesburg Argus.

REPRESENTATIVES OF WHOM?

Michigan doors are now opened as a dumping ground for cheap prison products from all sections of the country, thanks to a veto by Governor Comstock and twenty-six representatives who betray Michigan labor and industry to sustain it. Herewith is the list of dishonorable Speaker Martin R. Bradley of Menominee.

George J. Green of Saginaw.
 William M. Donnelly of Detroit.
 Chester B. Fitzgerald of Detroit.
 Michael J. Grajewski, Jr., of Hamtramck.
 William B. Hackett of Saginaw.
 T. Henry Howlett of Gregory.
 Paul A. Hupert of Mt. Clemens.
 Ephraim Judson of Dnrsand.
 Bert S. Kennedy of Detroit.
 Herman Kramer of Detroit.
 John R. McInerney of Wyandotte.
 Francis D. Morley of New Troy.
 John B. Murphy of Detroit.
 Charles M. Myers of Dowagiac.
 Ernest G. Nagel of Detroit.
 Lawrence O'Neill of Paris.
 Charles D. Parker of Otisville.
 John G. Rutison of Lansing.
 Louis J. Schneider of Detroit.
 George H. Schoenhals of St. Johns.
 George A. Schroeder of Detroit.
 Tracy W. Southworth of Monroe.
 Myrtle Stout of Ionia.
 John B. Strange of Grand Ledge.
 Edward J. Walsh of Detroit.
 Barry county people should not confuse the Charles D. Parker of Otisville with their own representative, Charles F. Parker of Milledgeville who DID NOT vote to sustain the governor's veto. The Barry county representative also voted to override the governor's veto of the chain store tax bill and the bill to reduce interest rates of small loan banks.—Dick Cook in The Hastings Banner.

25 YEARS AGO

Interesting bits of news taken from Plymouth Mail

The new D. U. R. waiting room and freight depot will be open to the public Monday morning. Mr. Partridge will have charge.
 Mrs. William McClumpha stood on top of her cook stove last week hacking the stovepipe when she slipped and fell to the floor, breaking her right arm.
 Mrs. Durfee and her two daughters, Miss Durfee and Mrs. Armstrong, have sold their home in Grand Rapids and will build a house on the lot east of Charles Armstrong's on Sutton street.
 Work on the Main street paving seems to progress very slowly and the "spectators" say that at the present rate it may not be finished this year. Maybe the council can hurry the contractors along.
 R. T. Walker, of this village was Wednesday re-elected president of the Rural Carriers Association of Michigan at the meeting held in Jackson.
 Dr. J. B. Bradley of Eaton Rapids, present auditor general of Michigan, who is seeking the Republican nomination for governor, was in Plymouth this week. The wonderful growth of Bradley sentiment about here has surprised everybody.
 The Plymouth market—wheat 85 cents; oats, 35 cents; rye 65 cents; beans \$2.00; butter 21 cents; eggs 16 cents.

BUSINESS MEN GIVE SUPPORT TO NEW CODE

(Continued from page one)

In any city of over 500,000 population, or in the immediate trade area of such city; nor less than \$14.50 per week in any city of between 250,000 and 500,000 population, or in the immediate trade area of such city; nor less than \$13 per week in any city of between 25,000 and 250,000 population, or in the immediate trade area of such city; and in towns of less than 2,500 population to increase all wages by not less than 20 per cent, provided that this shall not require wages in excess of \$12 per week.

6. Not to pay any employee of the class mentioned in paragraph (3) less than 40 cents per hour unless the hourly rate for the same class of work on July 15, 1929, was less than 40 cents per hour, in which latter case not to pay less than the hourly rate on July 15, 1929, and in no event less than 30 cents per hour. It is agreed that this paragraph establishes a guaranteed minimum rate of pay regardless of whether the employee is compensated on the basis of a time rate or on a piecework performance.

7. Not to reduce the compensation for employment now in excess of the minimum wage hereby agreed to (notwithstanding that the hours worked in such employment may be hereby reduced) and to increase the pay for such employment by an equitable readjustment of all pay schedules.

8. Not to use any subterfuge to frustrate the spirit and intent of this agreement which is, among other things, to increase employment by a universal covenant, to remove obstructions to commerce, and to shorten hours and raise wages for the shorter week to a living basis.

9. Not to increase the price of merchandise sold after the date hereof over the price of July 1, 1933, by more than is made necessary by actual increases in production, replacement, or invoice costs of merchandise since July 1, 1933, or by taxes or other costs resulting from action taken pursuant to the agricultural adjustment acts and, in setting such price increases, to give full weight to probable increases in sales volume and to refrain from making profiteering advantage of the consuming public.

10. To support and patronize establishments which also have signed this agreement and are listed as members of N. R. A. (National Recovery Administration.)

11. To cooperate to the fullest extent in having a code of fair competition submitted by this industry at the earliest possible date and in any event before Sept. 1, 1933.

12. Where, before June 16, 1933, the undersigned had contracted to purchase goods at a fixed price for

delivery during the period of this agreement, the undersigned will make an appropriate adjustment of said fixed price to meet any increase in cost caused by the seller having signed this President's re-employment agreement or having become bound by any code of fair competition approved by the President.

13. This agreement shall cease upon approval by the President of a code to which the undersigned is subject; or, if the N. R. A. so elects, upon submission of a code to which the undersigned is subject and substitution of any of its provisions for any of the terms of this agreement.

14. It is agreed that any person who wishes to do his part in the President's re-employment drive by signing this agreement but who asserts that some particular provision hereof, because of peculiar circumstances, will create great and unavoidable hardship, may obtain the benefits hereof by signing this agreement and putting it into effect and then, in a petition approved by a representative trade association of his industry, or other rep-

resentative organization designed by N. R. A. may apply for a stay of such provision pending a summary investigation by N. R. A. If he agrees in such application to abide in the decision of such investigation. This agreement is entered into pursuant to Section 4 (A) of the National Industrial Recovery Act and subject to all the terms and conditions required by Sections 7 (A) and 10 (B) of that act.

ANNOUNCEMENT!

It is with pleasure that the directors announce at this time the payment of a five per cent liquidating dividend on the moratorium certificates issued at the time of the reorganization of the bank.

The issuance of this dividend will be in the form of Liquidating Certificates, which may be used for the purchase of merchandise in Plymouth or in the payment of any obligation due to this bank and will be redeemed in cash on or before Jan. 1st, 1934. These certificates are issued in denominations of \$1, \$5, \$10 and \$20. The original moratorium certificate must be presented for reissue.

This action will be of benefit to Plymouth and vicinity, placing as it does, a large sum into immediate circulation. It is the desire and intention of the directors to make these payments as rapidly as conditions justify.

May we at this time express our appreciation to all of those who have been so willing in cooperating with the bank to work out a successful future.

Plymouth United Savings Bank

Henry Ford
 Dearborn, Mich.

IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality,—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:
 On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.
 That should answer a lot of questions.

Governor Pingree's Old Desk Now Used In Plymouth Court

When Hasan S. Pingree left the governor's office over in Lansing back in 1901 he probably never dreamed that the desk he used to perform many of his official duties on would some day find its way to the lot of the city commission to provide him with a desk and other essential furnishings for a court of justice.

Bill's Market 584 Starkweather Ave. WEEK-END SPECIALS Sugar cured Bacon 10c Squares lb. Lean Pork Roast 8c Picnic style lb. "SERVE WITH BILL" "Service With a Smile"

with Mr. Robinson and the desk was removed from the city hall. Mr. Robinson purchased it a few weeks ago from a storage house in Detroit. When the old Pingree homestead was wrecked in Detroit two or three years ago, the storage house purchased much of the furnishings of the house, among them being the desk that now graces the municipal justice court of Plymouth.

Plymouth Wins From Huron Club By a Score of 15-9

Swamping the Huron County club with six runs in the eighth inning, the pace setting Plymouth nine galloped on to an easy victory last Sunday, 15 to 9, at Plymouth-Riverside Park. The triumph brought Plymouth's winning percentage to .794.

This contest was a wide open slugfest, Plymouth collecting sixteen hits, and Huron County fourteen. Three Huron County pitchers saw mound duty, while the Kreeger brothers worked seven innings for Plymouth. Harold Pankow and Orson Atchinson relieved them. Gerald Simmons, Alex Melne and William Hornbacher connected for circuit drives.

Newburg

The Daily Vacation Bible school closed its session by presenting a program at the morning service at the Newburg M. E. church, which included a display of the handwork, posters, etc. made during the two weeks the school was in progress. The church presented a very attractive appearance with its array of artistic posters, and the tables of flowers, bowls, colorful notebooks, as well as the display of bird houses and other carpentry work that the boys had made.

In a twilight game last Thursday, Plymouth lost a close contest to West Point Park, members of the Michigan-Ontario league, 6 to 4. The game was played on the Plymouth-Riverside Park diamond. The Pointers also outfit Plymouth 7 to 6. Harold Pankow was opposed on the mound by Jack Rowland, with Orson Atchinson doing the receiving for Plymouth, and Tatro for West Point.

Air Races at Wayne County Airport Will Run for Three Days

The buzz and whir of racing planes over the crowds, air turtles, dog fights, spectacular stunts at 300 miles an hour, attacks on world speed records a race for the Baby Ruth Trophy on a five mile rectangular course, delayed parachute jumping, balloon bursting, have all been thrown into the kaleidoscope of the Detroit Air Races to be held at the Wayne County Airport, Goddard and Middle Belt Roads, July 28, 29 and 30. Sixteen acrobatic and racing events each day staged by world famous stunt and speed fliers are commencing in interest of the entire state and aviation development.

LOCAL NEWS

Mrs. Ernest Thrall has been in Chicago, Illinois, this week. Mrs. Agnes Parrish has returned to her home in the Robinson subdivision. Mr. and Mrs. James Stevens and family spent the week-end with her sister and family at Saginaw.

Ford Sales Jump All Over Country

Sales of Ford 8-cylinder cars and trucks in the United States for the month of June, just ended, exceeded those of June a year ago by 19.4 per cent. It was the biggest month in 8-cylinder sales since the Ford Motor Company began producing them over a year ago. Another evidence of the growing popularity of the eight-cylinder car is reflected in the sales of Ford cars for the month of June in Wayne County, Michigan. County registrations show that 2,555 Ford V-8's were delivered to customers during the month. This is an increase of 25 per cent over the May sale. It is more than the combined month's sales in the county of the two nearest other makes.

Lengthen Season of Rainbow Fishing

Rainbow trout fishing in numerous lakes and streams in several counties for three additional months in the fall is permitted under a law adopted by the 1933 session of the legislature. The waters from which rainbow trout may now be taken in September, October and November are in addition to those designated in past years. The new fall rainbow trout fishing waters are: Benzie county: Round, Platte, Bronson, Lake Ann, Lower Herring and Betsele lakes.

Society News

The Cline family reunion was held Sunday in Riverside Park with an attendance of about thirty. Mr. and Mrs. Ralph Lorenz and family attended a birthday dinner in Detroit Friday evening given in honor of her sister, Mrs. Clarence Olson. Mr. and Mrs. Harold Burley entertained a group of friends Saturday evening at a cooperative picnic supper on their lawn on Holbrook avenue.

Miss Thelma Lunsford, who is visiting relatives in St. Augustine Florida this summer, is being complimented by social affairs in her honor at that city. Among these was a breakfast party given Saturday morning at eight o'clock by Mrs. Reddin Britt, an aunt of Miss Lunsford, at Lighthouse Beach for members of the younger set. The young people enjoyed surf bathing, after which they cooked a tempting out-door breakfast. Among those invited to enjoy the affair with Miss Lunsford were Miss Clarinda Jackson, Miss Jean Rodenbaugh, Miss Marie Foley, Miss Jean Parker, Miss Virginia Ponce, Miss Ora Lillian Poland, Miss Anna Comes, Miss Edith Manford, Miss Jane Green, Bob Williams, Jack Beale, Putnam Calhoun and Billy LaMont.

Charles Ball, Jr., and Joe Grey competed in the annual state amateur golf tournament held at the Jackson County club last Friday. Mr. and Mrs. William Schoof and Mr. and Mrs. William Downing and families are spending the week at the Jacob Strong cottage at Base Lake, Sunday Mr. and Mrs. M. M. Willett, son, Chase, and Marvin Partridge were their guests. The marriage of Miss Bertha De Bols of New Boston to Foster Klabeth, son of Mr. and Mrs. Earl Klabeth, of this city was quietly performed Saturday afternoon at five o'clock by the Reverend Father F. C. Lefevre in the local catholic church. Mr. and Mrs. Klabeth left immediately on a trip to Washington, D. C. Mr. and Mrs. Klabeth have many friends who wish them every happiness.

During the past two weeks we have had the privilege of hearing Edward Vander Jagt and his family of Grand Rapids in presenting the Gospel of Jesus Christ in message and music.

Religion is not salvation; neither is salvation, religion. Christianity is not merely a religion. Religion is formal. God doesn't look at the label. He looks at the contents.

"In Exodus 14 we get a picture of salvation. The children of Israel were saved from the Red sea, from the wild beasts and brought safely into Canaan. The salvation of God is so wonderful that he uses three words to describe it.

"Firstly: Justification. As soon as a man receives salvation he is born again. From then on God looks at his soul just as if he had never sinned. God's record of this man's sin is blotted in the sea of forgetfulness.

"The unsaved try to blot out their past by turning over a new leaf. That will never do for God has a record of every unsaved one. There is only one way to blot out the blood of Jesus Christ on Calvary. The blood of Jesus Christ will present you spotless before God.

"All our sins were atoned for, present, past and future, for behold all our sins were future when Christ died for you and had forgotten our sin we would have to go to hell.

"Secondly: Sanctification. In the Old Testament times the vessels of the temple were sanctified, set apart, made holy. The Christians in this country are not citizens of the world. They are citizens of Heaven. The minute we are saved we are set apart to be a holy vessel for God. A Christian's body is the temple of the Holy Spirit.

"Thirdly: Glorification. Our glorified bodies will be ours when Christ returns for His own. This was all included in the redemption of Calvary.

"Salvation is a wonderful word. The devil would have us believe a lie. He would rather we would trust to religion. But salvation is a gift of God; religion is false security. Unless saved through Christ, there is no salvation at all. There is salvation for everyone, this side of hell. Not by joining some church, or being baptized, but by simply believing.

"Not only can God save us but He keeps to the day of his coming."

Tomorrow night (Saturday) at 7:30 we will hold a meeting at which we hope to get a special speaker. The public is invited to attend this or any of services in the tent at West Ann Arbor and Elizabeth St.

CATHOLIC CHURCH

Fv. LeClerc, 218 Union St. Phone 116

Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass.

Week-days—Mass at 7:30. This hour makes it convenient for the children to attend on their way to school. All should bring the day with God.

Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to be long to this society.

Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

Direct Grants For Improvements To Be Spread Over All

The following from a Detroit paper answers many questions as to the repayment of money Plymouth might ask for local improvements, including the Tonquish creek open drain sewer.

Nothing in the National Industrial Recovery Act restricts the amount that may be allotted to any state or municipality. The purpose of the act is to create jobs through useful and to as large an extent as possible self liquidating public works.

First come will be first served. Repayment of monies, used in direct grants or on projects that fail to liquidate themselves, will be spread over all of the people of this country. It doesn't matter whether Michigan receives a dollar of public works money, she will be one of the heaviest contributing states. Being a heavy contributor any way and having an unusually large number of unemployed, she should press for every project that will create a large number of jobs, and that has reasonable assurance of being self liquidating. On this latter point Washington and not Michigan has the responsibility for decision.

All projects that Washington approves should be submitted to the local electorates for final determination as to which shall be put into execution. In other words, we should not limit ourselves in recommending useful projects, having a reasonable assurance of being self liquidating. We should recommend all such projects leaving it to Washington first and to our electorates second to do the limiting.

We must remember that if San Francisco's \$75,000,000 bridge should be a failure as a self liquidating project that San Francisco will not be harmed thereby because she will have enjoyed the employment and the government cannot afford to remove the bridge. It will remain for all time as a part of the transportation facilities of San Francisco, and Michigan will pay her share of the direct grant as well as of the unliquidate investment.

Michigan should press among other things for the Detroit subway project because it means 25,000 jobs directly and indirectly over a four-year period, because it can be financed upon its own 10c fare independent of the Department of Street Railways. It will not require any pledge by the taxpayers of the faith and credit of the city, because the Department of Street Railways has been losing riding habit ever since it was acquired by Detroit and this project will put new life into our public transportation facilities, and lastly but by no means least, because the City can acquire this subway system from the Government whenever the system has proven its ability to liquidate the loan out of its own revenues.

Newburg-Dairy Wins Five Straight Games

After eleven straight victories Newburg Dairy defeated Wilson A. C. of Detroit 15 to 7 for their first defeat of the season. The victory was five straight games for the Newburg Dairy team and for W. Bassett, who relieved C. Ferguson in the pitching with the score seven to four. W. Bassett gave up but four hits in five and two-thirds innings.

Be Careful What You Throw Into Water

The safest thing for a camper to do to avoid polluting waters in the vicinity of his camp and to avoid difficulty with the local officers is to throw nothing in the water, the Conservation Department is advising summer cottagers and campers and all others who make use of Michigan waters.

While the amount of polluting refuse a single camp might cause, would seem negligible, if all campers were unregulated as to what might be thrown into a lake or stream it might mean the loss of many fish. The Department said Michigan law has been as inclusive as possible in determining what might not be thrown into public waters. Putrid brine, putrid fish, oil, blood, sand, coal, cinders, ashes, log slabs, decayed wood, bark, sawdust or filth of any description that would tend to injure or kill any fish are legally banned from Michigan waters and offenders are subject to a severe penalty the Conservation Department points out.

Harry Gebhardt To Face Trial In Canada For Auto Accident

Harry A. Gebhardt, banker of Plymouth, Mich., appeared Monday morning before County Magistrate Smith and was sent up for trial at the Supreme Court in September on a charge of criminal negligence arising from a traffic crash at Arner on August 6th.

1932 in which Mr. and Mrs. Arthur W. Marsh, of Amherstburg, received serious injuries. The witnesses besides Mr. Marsh were J. James, of Leamington; South Constable Oliver, of the Provincial Highway Police; Clark, Provincial Highway Police. Gebhardt was remanded to the county jail pending a hearing for bail. F. A. Hough, K. C., counsel for Mr. Marsh, served Gebhardt with a writ claiming \$25,000 damages. A rather unusual development was revealed to the court when it became known that Gebhardt put up as bail in Magistrate Harry-ban's court the night of the accident a cashier's draft on the First National Bank for \$2,000, when the American exchange was 20 per cent. This draft was left in a safe at Sandwich and never cashed. It is now worth about a quarter of this amount.—The Amherstburg (Ontario) Echo.

Plenty of Food and Fun for Men Who Are in Forest Army

Delbert Cummings, Plymouth veteran who has joined the forestry army, was home July 16 from Camp Custer for his final visit before going to the woods. Upon his return to Camp Custer he wrote the following letter to The Plymouth Mail:

Well, I was in luck getting back from Plymouth Saturday from my two days leave of absence. I left Plymouth at 2:00 p. m. caught two rides and got into camp around 7:00 p. m. Not bad, only walked about two and a half miles.

We are scheduled to leave for Hank, near Metz, July 28th, but by the looks, we will leave sooner. Tents are being taken down all around us and moving out.

This is what we had for breakfast July 16: cereal, half pint milk, fried ham, scrambled eggs, fried potatoes, bread, butter and coffee. For dinner roast pork, sweet potatoes, creamed carrots and peas, combination salad, southern gravy, apple pie a la mode, bread and butter and iced tea.

Services for today: 7:00 a. m. to 8:15 a. m. Catholic services, Father Jaupier, pastor; Protestant services, 9:00 a. m. by camp chaplain, Paul B. Rupp.

Recreation for the week: Tuesday, July 18, 8:00 p. m. movies; Wednesday, July 19th, 7:30 p. m. band concert; Thursday, July 20th, 8:00 p. m. movies; Friday, July 21st, 7:30 p. m. band concert; Sunday, July 23rd, 4:00 p. m. band concert; 8:00 p. m. movies.

Wheat Crop Going To Help Farmers

A major prize of \$3,385,000 and minor awards consisting of 20 per cent less work on their wheat crop, 20 per cent less total cost of growing wheat, and a form of crop insurance which brings the farmers a small annual payment even if their crop is a total failure are a part of the inducements offered to Michigan wheat growers for cutting their acreage, according to R. J. Baldwin, director of extension work.

The money is the benefit payment made to farmers who will sign a three-year contract to cut their acreage of wheat not more than 20 per cent. It will be divided into three payments, the first in September, 1933, and the other two in the next two years, 1934-1935. Payments will be made from the

Many Ford Garages To Be Turned Into Small Factory Units

In keeping with his policy to provide as much work as possible in the smaller communities throughout the country, Henry Ford has just begun the inauguration of a garage-factory plan of producing certain automobile parts that will give, if successful, employment to thousands of men.

Unfortunately Plymouth is not one of the early places listed as one of the centers where the garage-factory work is to be started, but equipment is already being placed in the Ford service station at Northville and it is understood that equipment will soon be placed in the Ford garage at Farmington.

The Northville Record in telling of the plan for the garage there said: "A new factory located in the Metz Motor Sales garage employing from ten to twenty men will shortly begin production on 3,000 Ford car pieces daily."

"The factory will be in charge of Arthur Marx, proprietor of the Ford sales and service in Northville. "Negotiations which have been under way for the past two weeks have been completed, according to Mr. Marx, and machinery for manufacturing the parts is expected to arrive within the next two weeks."

"The sales and service part of the company will continue to operate in conjunction with the factory. "The placing of small factories throughout the small towns of the country is a part of the new Ford industrial program which is now

Plan Reduction of State's Wheat Crop

All county agricultural agents of the State have been called to a conference at Michigan State College today for instruction by R. J. Baldwin, director of agricultural extension work at the college, in immediate organization of Michigan farming communities under the new Federal wheat-allotment program.

Organization for the Government's regulation of the wheat crop in Michigan will begin at once, it was announced Thursday. At a district conference at Columbus, Ohio, M. J. Wilson, of the United States Department of Agriculture in charge of the Government's wheat-allotment plan, outlined the Federal program to representatives of Middle Western states. Mr. Baldwin was appointed administrator of educational work for the Michigan wheat allotment.

County agricultural agents will be directly in charge of township and community organization in the State, which will compile figures of wheat production on which the allotment will be based. Township and community meetings will be called without delay and a director will be elected for each community to serve with a committee of three farmers in each township. Counties will elect their own chairman and executive committees. Wheat growers in each com-

getting under way. Small factories in nearby towns are also being planned, it was learned. "It is possible that another small factory will be established in Northville on a site which is equipped for manufacturing and negotiations for this have not yet reached the stage where this proposition can be regarded as certain.

Raw materials for manufacture at the Marx factory will be provided by the Ford Motor company. Mr. Marx, two pickups and three deliveries weekly being the schedule planned."

"The parts of the Ford car to be made are the waterpump housing, impeller, and pulley. "Capacity production will not be reached immediately, says Mr. Marx. Probably manufacture of one or two of the parts, he explains, will put ten men to work at the outset, and as fast as the machinery arrives new men will be employed. Mr. Marx believes that he will be able to employ 20 men at least with the equipment planned."

"Edward Gayde, veteran Plymouth merchant, has been studying the blanks that the government has provided him, and he finds that August 7 is the last day that any grain products can be sold in any form without an additional tax. If a merchant purchased an excess amount of flour at a low price, hoping to hold it and sell it later at a high price, he is simply out of luck. The government has ordered that all surplus must be disposed of before that date. If not sold, then it will be taxed.

Can Pay All Taxes Without Penalty Until November 1st

Seldom in the state's history has any legislature, at its final adjournment session, enacted new legislation. Yet this was done by the legislature in adopting a law providing that all delinquent 1932 taxes could be paid without penalty, interest or collection fees until Nov. 1, 1933. The bill adopted by the legislature is identical in purpose with a resolution passed by the 1933 State Administrative Board three weeks ago. The bill, which now awaits the governor's signature or veto, also provides that registers of deeds may accept for recording mortgages from the auditor general or county treasurers, showing that 1932 or prior taxes are delinquent.

Effective Jan. 1, 1934, motorists in Pennsylvania whose licenses have been suspended or revoked must show proof of their financial responsibility before their licenses are renewed. They must have sufficient cash or a proper insurance policy which will permit them to pay \$1,000 for property damage, \$5,000 for death or injury of one person, and \$10,000 for death or injury of more than one person.

A few chips of white soap put in to the water before placing flowers in it will keep the flowers fresh longer.

Community will be asked to sign three-year contracts to reduce their wheat acreage not more than 20 per cent under the Government's bonus agreement. Cooperation of the wheat farmers is not compulsory, but local committees will call on farmers who do not attend the community meetings and explain the acreage reduction program.

Every county in Michigan grows wheat with the exception of Crawford, according to Mr. Baldwin's survey. Eaton County over a five-year average had the highest yield of 820,475 bushels per year.

Merchants Become Tax Collectors For Government

Prepare yourself, Mr. and Mrs. Plymouth. Prepare for a very substantial raise in the price of foodstuffs after August 7.

Plymouth grocers on and after that date must pay an additional tax to jobbers for all wheat and grain products. Necessarily this additional cost will have to go into the purchase price of the goods you buy.

Edward Gayde, veteran Plymouth merchant, has been studying the blanks that the government has provided him, and he finds that August 7 is the last day that any grain products can be sold in any form without an additional tax. If a merchant purchased an excess amount of flour at a low price, hoping to hold it and sell it later at a high price, he is simply out of luck. The government has ordered that all surplus must be disposed of before that date. If not sold, then it will be taxed.

New Bug Pest Has Invaded This County

Wayne county is suffering from a severe infestation, especially in the southern part. These insects are small, about one-eighth inch long with a triangular white patch on the back. They develop in grain or hay fields and when grain is cut they migrate rapidly to other fields. This movement can be stopped by plowing or otherwise working a dust furrow between the infested field and the one toward which the insects are going. If they have already migrated when found, a furrow can be laid out inside the new field.

The dust furrow stops migration temporarily because the insects travel by crawling and cannot get through the dust easily. A log or weight should be hauled through the furrow about once an hour to stir up the dust and destroy the insects; the infestation only lasts a few days. If a hard floor can be made in the trench, it is sometimes strung along in the bottom.

A good rain does damage to the insects because they are washed

during the past two or three weeks being able to undersell others. So that one can get an idea of some of the items that the federal government process tax covers, the list that Mr. Gayde has, shows the per cent he will have to pay on all grades of flour, prepared flour, doughnut flour, biscuit flour, pancake flour and pie crust preparations.

All cereals, such as oatmeal, bran flakes and other breakfast foods of a similar kind, come under the new tax. Bread, rye bread, rolls, crackers, pretzels — everything made from grain comes under the new regulation.

Each merchant must file with the government an inventory showing just how much of this material he has on hand. From this is figured the tax he must pay. Please do not be confused. This tax has nothing to do with the sales tax that the state of Michigan is now collecting from you on each purchase you make. This is another and altogether different tax.

STEEL ALONE IS NOT ENOUGH!

- neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test — and every experiment — and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The same kind of construction used on practically all the highest-priced cars in America.

Chevrolet well knows that steel alone has one distinct advantage: it's cheaper. Steel also is strong — up to a certain point. BUT — beyond that point, steel alone will bend and crumple under severe stress or shock. It takes the strength and supporting solidity of a hardwood reinforcement to give you the full protection and full satisfaction you want in a motor car body today.

If you're thinking of buying a new low-priced car, better watch this matter of bodies, and watch it carefully. Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six; with Fisher Ventilation; Cushion-Balanced Power; a Starterator. That car is Chevrolet — America's most economical automobile.

Postoffice Adopts Bank System On Savings Accounts

Postal Savings depositors, who desire to withdraw their savings and collect the specified interest, must henceforth give 60 days' notice or forfeit the interest, according to Postmaster Bert Giles.

Changes in the postal savings law on withdrawals provide for withdrawal up to any amount upon demand, without interest payments. Sixty days notice are required to obtain interest.

Paragraph 1, section 1041, Postal Laws and Regulations, is hereby amended to read as follows:

1041. (a) "Any depositor may withdraw the whole or any part of the funds deposited to his or her credit with the account interest only on notice given 60 days in advance and under such regulations as the Postmaster General may prescribe; but withdrawal of any part of such funds may be made upon demand, but no interest shall be paid on any funds so withdrawn except interest accrued to the date of enactment of the Banking Act of 1933, Act of June 16, 1933, Public No. 66."

(b) "It is hereby ordered, effective July 1, 1933, that each and every deposit heretofore made in any depository office of the Postal Savings System shall be treated as a time deposit for periods of three calendar months counting from the interest-bearing dates of the respective certificates. If not withdrawn during said period, or at the expiration thereof, then the principal of such deposit shall be considered as having been deposited for another period of three calendar months and to continue to be so re-deposited at the expiration of each period of three calendar months until withdrawn. Accordingly, upon presentation of any certificates—such certificates being, in effect, time certificates evidencing the passing of any maturity date or dates—the postmaster shall pay the amount represented by such certificates, together with all accrued interest, embracing fully completed quarters. Certificates hereafter issued will likewise be treated as time deposits in the same manner as the outstanding certificates as above mentioned."

American Peony Gets First Prize

OFFICIALS of the World's fair in Chicago announced that in the final competition for the peony award the first prize went to an American variety, Hansena Brand, originating in Faribault, Minn., on the farm of A. M. Brand. This peony won the Farr gold medal as the best in the show, defeating French originations that have won for several years. Marguerite Franz is shown above with the winning peony.

WATCH POSITION OF BALL IN CHIP SHOT

MANY errors in chip shot play come from the wrong position of the ball at address. Played off the right foot the shot appears much easier to play and gauge. It is a simpler matter to judge the exact place where the ball should hit. Furthermore the ball can be kept low and better controlled in its flight. Played further forward there is danger of topping or as often happens slashing into the turf underneath the ball. Accuracy is needed in the chip and for this reason a relaxed stance is a distinct aid with the hands and wrists doing a major share of the stroke. The hands move back only slightly in the back-swing, the bend of the wrists affording the force of the stroke. Bobby Jones, above, stands with feet close together in this shot, a factor which aids his relaxation and enables the arms to swing freely with no sign of a body check. Bobby swings back slow and keeps the head down.

Chambers spent Sunday afternoon with Mr. and Mrs. H. F. Vosburgh in Fenton. William Streng visited at the homes of his sister, Mrs. Kate Fisher and family, also Roy Kleber and family and Harold Fisher and family in Detroit Friday. Mr. and Mrs. Charles Root left for Chicago on Monday. Mr. Root being called there on business, and while there they will visit the Century of Progress Exposition. Mr. and Mrs. Howard Shipley and son, Eugene, Mr. and Mrs. Fred T. Schaefele, daughter, Lois, and Miss Marian Nickel of Detroit spent Sunday at Portage Lake. Mrs. Hattie Hollaway spent last week in Detroit with her son, Fred Hollaway and family, her daughter, Bessie Smith and granddaughter, Mrs. Marion Knapp. Mrs. Geo. Evanich who has been convalescing for the past month at the home of her parents, Mr. and Mrs. Lee Sackett, has returned to her home in Detroit. Carl Sage left Saturday for a ten day's trip to the home of his brother, Harold Sage, at Fort Worth, Texas. Mrs. Sage, who is also visiting there will return home with him. Mr. and Mrs. Ralph Lorenz and sons, Robert and Douglas, were guests Saturday night and Sunday of Mr. and Mrs. Fred Ballen at their cottage at Walled Lake.

The Eastern Star regular meeting will be held Tuesday, August 1. Mrs. Eva Freeman is visiting relatives in Ypsilanti and Tecumseh for a couple of weeks. Mr. and Mrs. Fred Sabom of Birmingham were visitors Sunday at the home of Mr. and Mrs. R. H. Reck on Pennington avenue. Miss Jaunetta Fahrner and Miss Bessie Munn of West Branch were visitors at the Oscar Alstro home a few days last week. Mrs. Florence Ewing and daughter, Lois spent the first of the week with George Ewing and family at Jonesville. Mrs. Charles Ball and son, Charles, Jr. visited friends and relatives at Benton Harbor and Columbia over the week-end. Guests of Mr. and Mrs. Frank Dick Sunday afternoon were Mr. and Mrs. William Simpson and Mrs. Eva Wignard of Romeo and Mrs. Celia Graner of Grayling. Mr. and Mrs. M. J. Chaffee and son, Thomas, spent Saturday and Sunday with Mrs. Chaffee's mother, Mrs. Jason Woodman, at Paw Paw. Thomas remained for a two week's visit. J. Anderson of Chicago, Illinois was a guest over the week-end of Dr. and Mrs. A. E. Patterson on Main street. On Sunday the Pattersons' had also as their guests, Mr. and Mrs. Cecil Pond and son, Stuart of Detroit and Miss Mary McKay of Kingsville, Ontario. Mr. and Mrs. L. L. Ball attended a meeting of the Detroit Photographers Association at the Hotel Statler in Detroit Monday evening. This meeting was presided over by Henry Baker and J. B. Hubert. Mrs. Fields and daughter, Margaret, who had been visiting here the past week, returned home with them that evening. Mrs. E. O. Place, Mrs. Charles Wilson, Mrs. Frank Westfall, Mrs. Mary Todd of Akron, Ohio, Mrs. Owen Schrader and daughter, Myrtle spent last week Wednesday at the home of Mr. and Mrs. Grover Place of Whitmore Lake. Mr. and Mrs. Carl Pinnaw, Jr. are the proud parents of an eight pound baby girl, Beatrice Marie, born Friday, July 21st. Mrs. Eliza is the daughter of Mr. and Mrs. Charles Thumme. Both mother and daughter are doing nicely. Mr. and Mrs. G. W. Bridger of Los Angeles, California, Mr. and Mrs. Howard Pullen and daughter of Ann Arbor and Mrs. J. Hammer and son of Detroit, spent last Sunday with Mr. and Mrs. John Buren; Mr. and Mrs. Bridger will return to Los Angeles on August 3rd. Mr. and Mrs. Arlo Soth, son, Bob, and daughter, Arlene, returned Saturday evening from a two week's motor trip to Chicago, Illinois, Clear Lake and Center Point, Iowa. They enjoyed two days at the Century of Progress and from their visited her parents at Center Point and his brother and sister at Clear Lake. The ladies of the First Baptist church met in the church parlors for a mother and daughter banquet Tuesday evening. Forty-eight participated in a friendship supper, after which a short program was given. All had an enjoyable time. They will meet again the last Tuesday night in August in the church parlors. The Junior choir with several mothers and friends were the guests last Thursday of Mrs. George Collins at their cottage at Base Lake. A most enjoyable day was given the boys and girls by their hostess. No doubt there are many residents in Plymouth who remember the Reverend N. Norton Clark, former pastor of the Methodist church of this city, who will be pleased to learn that he will celebrate his ninety-second birthday by preaching in the Methodist church at Holland, Ohio, his boyhood home, on Sunday, July 30. Mr. Clark entered the Detroit conference in 1872 and was active for thirty-eight years, retiring in 1910. For several years he has been secretary of the conference historical society and in that capacity has gathered data about virtually every church in the conference. The only other member of the conference now living in Michigan who exceeds him in years is the "Grand Old Man," the Reverend Mr. Timothy Edwards of Washington, who will celebrate his one hundredth birthday on April 1. Reverend Norton now resides in Petersburg and will preach there on Sunday, August 6.

SOCIETY AFFAIRS

A dinner party consisting of Dr. and Mrs. A. E. Patterson and their house guests, Mrs. E. B. Sutherland and Miss Betty Sutherland of Chicago, Illinois and Miss Winifred Williams of Los Angeles, California, who is spending the summer here and her sister, Miss Lottie Williams of Plymouth was entertained at the home of Mr. and Mrs. John Henderson on Main street Thursday evening. Fifteen children and eight adults enjoyed the occasion of Billy Hoover's ninth birthday Saturday when his mother, Mrs. John E. Hoover of Church street invited them to spend the afternoon and evening in celebration of the event. Games formed the amusement of the afternoon and in the evening a beautiful supper was served to the guests. Mrs. Cora Weltaker of Anderson, Indiana, cousin of Mrs. M. M. M. spent the week-end at the home of the latter on Holbrook avenue. Mrs. Whitaker is now visiting her sister, Mrs. Roy Warner at Salem. Other guests at the Willott home last week were Mr. and Mrs. Gilbert Bronson of Detroit and Mrs. John Dougherty of Elkhart, Indiana. Mrs. Gardiner Tilton of Concord, New Hampshire, is expected the fore part of next week for a visit with her father, William Connor and sister, Mrs. Maxwell Moon. Mr. and Mrs. Earl Barnes of Jackson and Mr. and Mrs. William Hengert of this place spent the week-end at the home of Mr. and Mrs. Gerald Gale at Owosso. Mr. and Mrs. William Gayde entertained July 16 at a family dinner at their home on Mill street, including their son, Peter Gayde, and family who arrived from Waukegan, Illinois July 15. The Gaydes will spend about a month in Plymouth visiting Mrs. Gayde's parents, Mr. and Mrs. Fred Cline on Burroughs avenue, Maplecroft also before going on to Santiago, California, their future home. William Streng is spending a few days with his cousin, John Streng, who is ill at his home in Flint. Mr. and Mrs. Lee Van Wagoner of Oxford announce the birth of a daughter on July 12. Mrs. Van Wagoner was formerly Alice Cadaret, a teacher in the Plymouth schools. The Junior bridge club will have another of their enjoyable picnic suppers on Wednesday evening, August 2, in the Forest Park. The executive board of the Woman's Auxiliary of the Presbyterian church are to be the guests of Mrs. Maxwell Moon today at her cottage at Walled Lake. A cooperative dinner will be served at noon.

Many Are Anxious To Aid Plan To Cut Small Loan Rates

Numerous residents of Plymouth have expressed a willingness to circulate petitions calling for an amendment to the constitution of the state which will limit interest rates on short term loans. According to Secretary of State Frank D. Fitzgerald the department of the state has been asked to pass on the form of a proposed constitutional amendment which would set the legal rate of interest on loans of \$300 or less at 10 per cent per year. Backers of the amendment announced that they will attempt to secure sufficient signatures to petitions to place the proposed amendment on the ballot in November, 1934. At the present time the legal interest rate on loans of \$300 or less is three and one-half per cent per month.

FOR SALE
 FOR SALE—The property on South Center street in Northville which has been occupied by the Scott antique and second hand furniture shop is for sale at a most reasonable price. The building has for years been used as a second hand furniture and antique store. One purchasing the property could continue such a business in the place and without a doubt make a fairly good income from it. The building is also suitable for an automobile repair shop, wholesale beer warehouse, feed store or storage place. If this property can be disposed of within the near future, it will be offered at a most attractive cash price. There is a large amount of storage space around the building. The lot has something like a 50 foot frontage and runs back nearly 100 feet. No other piece of real estate in the downtown section of Northville can be purchased at such a low price. E. R. Eaton, Northville phone 18, or inquire at The Plymouth Mail office. tf

FOR SALE OR EXCHANGE—Pair of good work mares. Inquire 1635 Plymouth road. D. W. Tryon. 35tf

Rosedale Gardens

Mr. and Mrs. Fred Chavey of Cranston avenue are entertaining Mrs. Chavey's sister and brother, Miss Margaret Johnson and Edward Johnson of Glenora, Manitoba. They are to be there a fortnight or more.

Mrs. George Clarke of Dundee, N. Y., the sister of Mrs. P. A. Brown, of Blackburn avenue, has been visiting in Rosedale Gardens.

Mrs. C. Kelly of Blackburn avenue entertained at a bridge dinner Saturday evening in honor of her aunt, Miss Nellie Wynne of Alma. The guest list included Mrs. Gestler, Mrs. W. Hill, Mrs. McNeil, Mrs. Rock and Mrs. Day.

Mr. and Mrs. C. Johnson of York avenue have as their house guests, Mrs. Johnson's sister and family from North Bay, Ontario, Canada.

Mrs. Walter Hill of York avenue entertained Mrs. Alice Sargent of Detroit for several days this week.

The committee in charge of the apron booth of the fall bazaar of the Presbyterian church have a garden party in the garden of Mrs. C. Burton of Ingram avenue, Thursday, July 30. It was a pleasant day and was well attended. Mrs. Butts is chairman of the booth with Mrs. Shoesmith and Mrs. Burton assisting. The door prizes were given to Mrs. Cee, Sr., Mrs. Johnson, Mrs. Marti, Mrs. Cee, Jr. and Mrs. Chavey.

Mrs. Chambers opened her home on Ingram avenue for dessert bridge Wednesday, July 26 for the benefit of the miscellaneous booth committee of the bazaar, namely Mrs. Holson, Mrs. Harsha and Mrs. Mason. The bridge prizes were given to Mrs. Butts, Mrs. Stewart and Mrs. Schoon, and the luncheon prizes to Mrs. Marti and Mrs. McKinney.

Special Musical Features Planned By Detroit Symphony

The fifth week of concerts by the Detroit Symphony orchestra and Westwood Symphony Gardens will bring a number of special features. The concert on Tuesday will again be devoted to the performance of an entire symphony, Mr. Kolar has selected the "Scotch Symphony" by Mendelssohn for this evening. Among other numbers in this concert will be "Uncle Romus" by MacDowell, orchestrated by Val. P. Coffey, and "Crepuscule" by Massenet in the orchestration of Victor Kolar.

The Wednesday program will have the assistance of two choral societies, the "Harmonie" under Eduard Ossko and the "Concordia" under Richard Fritsch. Both choirs will sing a chorus, such as "Capella" and will unite for the performance of the March from "Tannhauser," "Entrance of the Guests," with accompaniment of the orchestra. Arthur Luck will conduct this number and also his March, "Harmonie," which is dedicated to the "Harmonie Society."

The concert on Thursday will have as a soloist Thomas C. Evans, tenor, who is well known to Detroit audiences through his singing in Handel's "Messiah," Verdi's "Requiem" with the Detroit Symphony Orchestra under Mr. Gabrieliwitsch. Mr. Evans will sing two arias: "M'Appariti Amor" from "Martha" by Flotow and "Celeste Aida" from Verdi's "Aida."

Among other compositions on the week's programs are: Overtures: "Roman Carnival" by Berlioz, "The Flying Dutchman" by Wagner, Overture-Fantasy "Romeo and Juliet" by Tchaikovsky, "Carnival" by Rimsky-Korsnikoff, "The Snow Maiden" by Rimsky-Korsnikoff, "Scenes Napoleoniens" by Massenet, works by Kreisler, MacDowell, Rameau, Granados, Tschaiakowsky, Slinkaglia and others. As usual many numbers of light character will complete the program.

Complete Paving of Another Section of Parking Project

Workmen Wednesday completed laying the section of paving between the Plymouth-Northville road and the Ford Phoenix plant through the new Rouge valley parkway system. The section laid last week was between the Ford Phoenix plant and the Ford truck plant. It was probably not yet open for traffic for two or three weeks. But when Plymouth residents and others are permitted to drive over the new paving, they will have a vision of one of the most beautiful natural parks in America. Hills, covered with trees that tower fifty and sixty feet into the air, deep ravines that rival in beauty some mountainous sections, besides numerous shaded spots along the river bank, have been hidden from view since the completion of the parkway because of the previous inaccessibility of the place.

Workmen have now started the construction of the paving just north of Phoenix lake. For the moment it is the plan of the county park commission to use the grade crossing at this point for the parkway road. The parkway joins the main Northville-Plymouth highway just north of Phoenix dam and will again have a span of 200 feet north of the Pure Marquette crossing. It is at this point where a large number of men are now employed.

Mother's Cook Book

GOOD SALADS

SALADS are always in order, and one never tires of new combinations and different ways of serving them.

With the tender new carrots on the market, a most tasty salad may be made with fresh grated carrots, a little finely minced onion and celery, stirred into a lemon gelatin and allowed to mold. Serve on lettuce with a smappy mayonnaise dressing. Chicken salad the way Hawaiians serve it is made as usual with chicken and celery with the addition of as much finely-cut pineapple as chicken. Garnish with asparagus tips marinated in french dressing.

Melon Cocktail.
 This is a most delightful beginning for a meal. Scoop out balls of honey dew or watermelon—both, if you can have them. To one cupful of sugar and one and one-half cupfuls of water boiled together add one tablespoonful of mint and the grated peel and juice of half a lemon. Cool the sirup and pour over the melon balls. Strain the mint from the sirup and garnish with a fresh sprig of mint when serving.

Potato Salad a la Russe.
 Take one quart of cooked potato balls, one teaspoonful of onion juice, one cupful of cooked peas, six sardines, salt, paprika and one cupful of mayonnaise, two or three cooked beets and three hard-cooked eggs. Mix all the ingredients and garnish with the beets and hard-cooked eggs. Arrange the salad on lettuce and place the sliced eggs in overlapping rings around the base of the salad.

THROUGH A Woman's Eyes

By JEAN NEWTON

SHALL WE FIGHT FOR OUR 'RIGHTS'?

"DEAR JEAN NEWTON: What do you think of fighting for a constitutional amendment to insure women equal rights? Right now in Washington the National Women's Trade Union league is opposing it. Here are some of the arguments of the women who think they need to amend the Constitution to get their rights in this country—I think they ought to live for a while in China; then they'd realize how lucky they are without fighting for any more rights."

This is what our reader has clipped from a newspaper in support of compelling the legislators to vote into the Constitution our equality with men:

"Today the civil rights of woman can be extended or restricted at the caprice of any state legislative authority, so that a woman's right to earn her living in the trades or professions or in the uses of the powers of her mind or body, can be defined, permitted or denied by state legislative authority."

We don't have to go to China to realize how well off the American women are. There is no place on the face of the earth where women enjoy more legal protection and more actual consideration from men—and very few where their position can be compared with ours. In my opinion, women in this country enjoy not only equal rights with men, but they also enjoy special privileges. Sit in any court room of the country for just one day if you need to be convinced of that. There is the one exception—that women do not receive as high salaries as men in corresponding positions.

No, unless there exist in some states legal discrimination against or abuse of women which I know nothing about, I can see no point in fighting to have women's rights written into the Constitution. It seems to me people must dearly love to fight to waste time and energy to fight for something they already have.

SWEETENING

By DOUGLAS MALLOW

WE NEED a recipe for living. We need another cookbook giving the rules successfully to make a life as well as mix a cake. We have our rules for dough and batter.

But living is another matter. Yet there is not another thing that needs so much of sweetening. Ah, yes, with living, as with cooking.

We need a little forward looking. Let's study living for awhile. And with our labor mix a smile. When life is rather tasteless, it'll be wise to sweeten it a little. There's really not another thing Life needs as much as sweetening.

We have our customs culinary. Yet more than that is necessary. We need another recipe: To sweeten life with sympathy. To comfort hearts, to brighten faces. And sweeten home and other places. In life, like any other thing, Put in a little sweetening.

OBITUARIES

ROSA A. SMITH
 Rosa A. Smith passed from this life on July 19, 1933 at the home of her son, Floyd in Ann Arbor. She was born on April 20, 1852, in Northfield Township, the daughter of Aaron Van Atta. She received her education at the district school adjacent to her home and continued her studies in the Ann Arbor high school.

On December 20, 1871, she was united in marriage to Duella of Aaron Van Atta. She thereafter resided in Salem until 1925 when she moved to Ann Arbor. Duella Smith was called to the higher life on May 10, 1930.

Rosa Smith's gracious presence in the community of Salem and her willingness to engage in every endeavor for its betterment, made her greatly beloved by young and old. In 1886 she united with the Salem Baptist church and sang in the choir there for twenty-five years. She was prominent in temperance work and wore the "white ribbon" many years.

Her memory will long be cherished by her son, Floyd W. Smith and his wife, Fannie, and the grandsons, Clara M. Pennell had charge of the memorial services in the son's home on Saturday afternoon, July 22. B. E. and Sarah Stanbro, sang two numbers. Interment was made in Salem-Walker cemetery.

All who took part in the service, including the escort of former neighbors, had been chosen by Mrs. Smith and were appreciative of the honor thus accorded them.

ATHLETE'S FOOT QUICKLY AIDED

Constant itching between the toes and other parts of the feet—cracking and peeling of the skin! All these are symptoms of Ringworm of the Feet ("Athlete's Foot"), which is increasing rapidly according to leading authorities. There is no need for you to suffer this misery!

Get a tube of Fungi-Rex today and start getting relief at once. On the more delicate skin between the toes apply Fungi-Rex one night. Then follow with application of Rex Salvarsal for three nights. For infection in the thick skin at the bottom of the feet apply Fungi-Rex for three nights and follow with Rex-Salvarsal for three nights. Note how quickly you get relief! Fungi-Rex is sold only at Rexall Drug Stores. Try a tube today!
