

## Asks County For East Ann Arbor Railway Subway

### City Also Requests Road Widening And Side- walk To Cemetery

### Sidewalk To Phoenix And A Grandstand At Park Among The Re- commendations

City Manager Perry Cookingham at the suggestion of the city commission, a few days ago requested the Wayne county commission to give consideration to a number of projects of especial importance to Plymouth but which cannot be classified as strictly local projects under the CWA program.

This letter clearly covers the four recommendations made. It follows:

In considering items to be included in the next CWA allotment, the City Commission of Plymouth has suggested some work in this vicinity which appears to be outside of your department. The City Commission has instructed me to respectfully request you to give some consideration to the following items:

1. Widening pavement on Plymouth Road from Lily Road to the top of the hill east of Riverside Park also the construction of sidewalk on the north side of Plymouth Road from Lily Road to Riverside Park and on the south side of Plymouth Road from Riverside Park to the City Cemetery.

This work is suggested in order to improve the appearance to the entrance to the City of Plymouth and to provide better facilities for the exceptionally large amounts of traffic in and around the entrance to Riverside Park.

2. Construction of sidewalk on Northville Road from the intersection of the Five Mile Road to the right-of-way or at such other location as you may determine. There are fifty-three school children attending school in Plymouth who live in the district along Northville road and who are forced to walk to school on the pavement.

As a safety measure it seems that the construction of the sidewalk at this location would be highly desirable.

3. Grandstand at Riverside Athletic Field.  
Because of the fact that this athletic field is used for a number of teams but also teams from all over Wayne County, it seems that the construction of seating facilities for the athletic field would be desirable and that the same would qualify as a CWA project.

4. Grade Separation at Ann Arbor Street and F.M.R.R.  
A request has been filed with the State Highway Commissioner for a grade separation at this location to be financed out of funds obtained from the Federal grant from the Federal Government as provided for in the public Works Section of the National Industrial Recovery Act.

It does not appear that favorable action will be given on this grade separation because of the fact that Ann Arbor Street is not a Federal Aid highway and because there are so many other similar projects on Federal Aid highways. The City Commission realizes that this road will be paved in the next few years and appreciate the necessity of a grade separation at this point, although it may be a considerable length of time before the road can be financed out of local funds. You are urgently requested to give this last item serious consideration.

Your co-operation in the matter of the above mentioned communication will be greatly appreciated by the officials and citizens of the City of Plymouth.

## Father Conty Is Honored By Friends At Rosedale Gardens

Hundreds of friends of Father John A. Conty Wednesday night helped him celebrate the anniversary of his ordination into the priesthood at an old time dancing party and box social held at the church at Rosedale Gardens. A large number were present from both Plymouth and Detroit.

It was on February 7, 1926 when Father Conty became a priest and since that time he has been one of the most active workers in the Catholic church in Michigan. He has had wonderful success in building up St. Michael's church at Rosedale Gardens, having been placed in charge of its affairs even before the building of the church.

High Mass of Thanksgiving took place at 9 o'clock. The affair was one of the most delightful ever held in the new church at Rosedale Gardens.

## New Village Wants Copy Plymouth Laws

Parchment is a little village just north of Kalamazoo that has been built around a great industrial plant, the Kalamazoo Vegetable Parchment Paper company. Its residents are practically all employees of the company. There are several hundred families residing in the place. They have their own school, stores and everything else that goes to make up an active little community. Sometime ago the place was incorporated as a village and it was given a postoffice of its own.

Now Parchment wants to take on the ways of a real city and its officials have written to Plymouth to secure copies of its charter, ordinances, its building code and other local regulations. The village officials at a Monday night meeting of the city commission.

## Several CWA Men Get Other Jobs

### Give Up Work On Public Projects To Take Factory Work

Plymouth officials have been advised that a number of CWA workers in this city have in the past few days secured other jobs and have resigned from their public works positions to accept regular work.

"We have had a number turn in resignations recently and they all say that they have secured work in Ford plants, for the gas company or for some other concern. That all helps. Of course, there are a large number that will have to be provided work for by the end of the month," stated City Manager Perry Cookingham yesterday.

"The government has decided to continue CWA projects until May 1 and that will help. By that time the greatest number of the men will have secured regular work or their position will be such that they will not need the subsidy provided by the government."

## Debaters Clash February 15th

### First Elimination Will Take Place Soon At Starkweather

Having received second place in the Towns Valley Association contest, Plymouth debaters will meet McKenzie high school of Detroit in Starkweather school auditorium at Plymouth, Thursday, February 15th, at 7:30 p. m. The first elimination debate of the season.

Plymouth will be represented by a negative team consisting of Edith Sweet, Fernande, Michigan College students, and Evelyn Rorabacher, and debating the question, "Resolved, that all broadcasting in the United States should be through stations owned and controlled by the federal government." The contest will be held in the Starkweather school auditorium, due to the high school auditorium being decorated for the Lenten season.

If Plymouth debaters are successful in the approaching contest they will continue to debate until defeated, because, in the second elimination debate which will be held at Plymouth on Tuesday, a school drops from the contest after a single defeat. After the four elimination debates, the two successful schools will meet in Hill auditorium, Ann Arbor, to contest for the state championship.

## Miss Marion Tefft To Play Leading Role In Ypsilanti Church Play

Marion Tefft of Plymouth and Ethel Sweet of Ferndale, Michigan, will take the leading women's roles in the all-church Biblical Drama to be presented at the First Methodist Church in Ypsilanti Sunday afternoon, Feb. 11th and 12th. Other Normal college students will appear in this drama which will be directed by Prof. Louisa Edson an associate professor of speech at the college.

The drama this year is "Barter," the winning Biblical play of the Longmans-Green contest of 1928 and is judged by the committee to be the best in the Drama League series. The drama is written by Brother Urban Nagle of the Dominican Order of Washington, D. C. and concerns the theme of the betrayal and crucifixion of Jesus. It is an appropriate drama for the opening of the Lenten season.

The play is a full four act drama and will be presented on Sunday night at seven o'clock. It will be repeated, especially for the benefit of other churches and the community on Monday night at 8 o'clock. There is no admission charge but an offering will be received to defray production expenses.

Five of the eleven members of this year's cast played in "Esther" the Biblical drama that was presented under the direction of Miss Edson last year to four capacity congregations.

## Business Better In Middle West Declares Rauch

### Daisy Mfg. Co. Representative Returns With Good News

### Tells Of General Belief In West That The Dep- ression Is Now A Thing Of The Past

"There has been a tremendous change in business throughout the Middle West. Cities that I visited a few months ago and which then seemed to be universal complaint of poor business are now enjoying an excellent business. Everywhere I went during the past three weeks on my first trip into that part of the country in some time, I was told about better business conditions and it was easy to note the more optimistic feeling that prevails. The fact that there have been no declared Chauncey H. Rauch of the Daisy Manufacturing company who has just returned to Plymouth.

Mr. Rauch left in the early part of January to call upon customers of the Daisy company in Wisconsin, Minnesota, Iowa, Nebraska and Kansas and other middle western states.

"I was nothing more than amazed at the fine spirit I found prevailing. It was most encouraging to have customers say we are all out of this, send me some immediately." Others would say "double our order over last year." Many predicted that it would be necessary for repeat orders shortly.

"The best part of it is that all seemed to think that better times are here to stay. They are ordering accordingly and are conducting their business just as though good times are here to stay. I have returned home fully convinced that business has now turned in the right direction and that we are in for better times," stated Mr. Rauch.

The Daisy Manufacturing company, which has been in operation since 1912, has had steady work reflects the results of the activities of the officials of the company.

## Boy Scouts Will Hear President

### Troops Will Meet At High School At Noon Saturday

Plymouth boy scouts will Saturday noon at 11:30 o'clock muster at the high school where they will listen to the address of President Franklin D. Roosevelt who will at 12 o'clock tell the Scouts of America what the "good turn" is that he wants them to do during 1934.

The president has given no indication of what he has in mind to ask the Boy Scouts to do, but will be revealed in his radio broadcast on Sunday.

Sidney Strong, leading Scout worker of Plymouth, states that the fathers and the mothers of the Scouts are invited to go with the boys to the high school.

This will be the first time that a president has ever been broadcasted to the Scouts of America and the President's address is awaited with intense interest.

## Gas Company Manager Has Finger Crushed

L. W. Price, manager of the Plymouth, Northville and Wayne division of the Michigan Federated Utilities, is suffering from a badly crushed finger injured Monday night at the Keweenaw club bowling alley. He started to pick up one ball as another rolled against it, the third finger of his right hand being caught between the heavy balls. Besides being broken in three places, it was split open almost its entire length. It was immediately cared for by doctors who happened to be present, but Mr. Price will for sometime be unable to use his hand.

## Sidewalk Plan Goes To County

### City Plans Real Entrance From East - May Widen Paving

The suggestion made some weeks ago by Glenn Smith that a sidewalk be built on East Main street to the Plymouth-Riverside park, has during the past few days grown into a real CWA project.

Mr. Smith when he first brought forth the idea, had in mind the construction of a sidewalk of several feet in width with proper grading and floral ornamentation along the sides so that visitors to the park could have a way to get there without riding in automobiles or walking on the paving if they desired.

Now the city is recommending to the county that a sidewalk be constructed on each side of the road that is located as far as the cemetery on the south side of the street, that the paving be widened from the corner of Main and Mill streets as far as the corner of the cemetery on the paving if they desired.

When the resignation of Mr. Hamill was read Mayor Freeman Ever stated that he would like to recommend to the commission the appointment of some one who is not a candidate for the position.

"I think we should be as fair in the matter as we can and if we appoint one of the three candidates some might think we are trying to give one the advantage over the others. I know it is the desire of the commission to be just as fair as possible in the selection and it is for that reason that I would like to see some one who is not a candidate selected to fill out the unexpired term," stated the mayor.

Mr. Richwine consented to carry on the work up until the new municipal election to be held on April 2 assumes the position. He is thoroughly qualified for the place and knows court procedure like a book.

## Make NRA Help Little Fellow

### Charles Boyd Talks To Members Of Local Rotary Club

Members of the Plymouth Rotary club last Friday noon heard Charles Boyd of the Detroit Chamber of Commerce declare that one of the bad features of the NRA had been its effect upon the smaller business men of the nation.

But we know that that condition being remedied. We know that the government detected this condition sometime ago and is putting forth every effort to see to it that small business concerns have the same protection and the same opportunity under the NRA as big concerns," he said.

"There is no need in denying the fact that the little fellow who employs one to three or four people is not being given much attention or help. Codes are largely worked out in the interests of the large scale operator."

"However it is the intention of the President to give the small man his day in court. The government is working to help the little fellow, but meanwhile he is expected to comply with the plans of the government."

Friday's meeting was another one hundred per cent session; a number having been held recently under the leadership of President Cass Hough.

## It Is Judge Perry Richwine From Now On

Attorney Perry W. Richwine of Good morning, Judge! It is Judge Perry W. Richwine from now on, if you please.

Without a dissenting vote the city commission Monday night appointed Attorney Richwine to fill out the unexpired term of Herald Hamill who resigned the position because of the CWA work he has been called upon to do under the government's reemployment program.

When the resignation of Mr. Hamill was read Mayor Freeman Ever stated that he would like to recommend to the commission the appointment of some one who is not a candidate for the position.

"I think we should be as fair in the matter as we can and if we appoint one of the three candidates some might think we are trying to give one the advantage over the others. I know it is the desire of the commission to be just as fair as possible in the selection and it is for that reason that I would like to see some one who is not a candidate selected to fill out the unexpired term," stated the mayor.

Mr. Richwine consented to carry on the work up until the new municipal election to be held on April 2 assumes the position. He is thoroughly qualified for the place and knows court procedure like a book.

## Aids In Rescue Of Three From Lake

### Fishermen Drive Car On Ice - Jack Taylor Sees It Sink

While fishing through the ice Sunday at Woodland Lake, just this side of Brighton, Jack Taylor, cashier of the First National bank in company with Harold Bloom and Ward Masters of Northville, aided in the rescue of three school children and a woman who had been trapped when they drove their machine out onto the lake. Fortunately two of the men were on the outside of the car when it crashed through.

The third member of the party in the machine was carried to the bottom of the lake in 20 feet of water. It was with the greatest of difficulty that he opened the door.

"I saw the machine as it was driven on the lake. Then I heard the ice crack and I saw the automobile sinking under the water. We ran over to where it had gone down. Soon two heads bobbed above the water. Then the third man came up," stated Mr. Taylor.

"They got into my automobile and we drove to a farm house nearby where they were cared for. The machine, a Ford coupe, was later taken to the garage unless removed in the last day or so."

## Would Run Water To The Cemetery

### Proposal Made To Pro- vide Water For Use In Summer

Recommendation has been made to city officials that before the expiration of CWA work in this locality water mains be placed in Riverside cemetery so that the lawns and flowers can be cared for during the summer months.

The proposal would not have the water mains laid at a very great depth, thereby eliminating much of the expense such an improvement would require. The water would be carried to the mains only during the summer and fall months and then drained.

It is known that if the expense of the improvement can be made to comply with all CWA requirements as to material and labor given more than ordinary consideration.

Never give up the good things you have while hoping for better ones to come along.

## FIREMEN BATTLE PRISON BLAZE

### Officials Study Projects To Be Built In Spring

### Hope To Have All Plans Ready For Submission Late Next Week

### Fear No Paving Or Side- walk Work Can Be Done Before Expiration of CWA Funds

Not until after City Engineer Herald Hamill has completed plans and specifications for various projects under consideration for the next request Plymouth is to make for CWA funds will it be definitely known just what kind of work Plymouth hopes to carry on during the next few weeks that government money will be available for local work.

It is known that at two or three special meetings the commission has been considering to a number of additional sewer projects, badly needed alterations and improvements at the city hall, the paving of Church street, with the possible closing of the useless and traffic hazard section along the north side of the park, swinging the paving to the south side of the park, the covering of the open sewer generally known as Tonquish creek, the building of an auditorium and kindergarten room at the school house and scores of other proposals.

In addition to the alterations which are essential at the city hall, one other building project, the building of a new fire station, is being given careful consideration. That is the recommendation of Supt. George Smith for the kindergarten and auditorium. It is understood that the building in which the fire was discovered is generally known at the prison as the Commissary building. In the basement of the structure is stored a large amount of canned goods. Not until the refuse has been cleared away will Captain Denniston be able to determine just the amount of the loss and whether or not it exceeded \$10,000 altogether.

Prisoners were busy today clearing away the refuse and putting the building in condition for immediate repair.

At one session of the commission last week there was considerable discussion about the construction of a paving on Church street. While members of the commission thought it would be a good idea, there were others present at the meeting who recommended the closing of Church street from the west end west side of the high school building, to Main street. This would eliminate one of the most serious traffic hazards in Plymouth for school children and would join directly the school grounds and the park. The recommendation was made that Church street be re-located to the south side of the park and taking traffic away from directly in front of the school door.

The commission took no action on the suggestion and in view of the fact that probably no paving can be done before the next allotment of funds expires, it is probable that Church street will remain right where it is full of the chock holes (thidies) and it is notorious for the past decade.

Even the dozens of sidewalks that have been recommended for construction in various parts of the city probably will not be completed under the next allotment of funds as practically no cement work can be done before the middle or last of next year, and at that time the CWA program will have expired.

There will be another meeting of the commission sometime next week when the projects will be given further discussion.

## Miss Edna Allen Will Give A Book Review Friday, February 16

On February 16th, the members of the Woman's Club of Plymouth have a distinct treat in store, as on that date Miss Edna Allen will give a review of "H. A. Overstreet's book 'We Move In New Directions'."

One who has ever heard one of Miss Allen's reviews will not need to be urged to be present for to hear her will be a privilege none will wish to miss.

Special music will be furnished and a tea will be served. Mrs. Wm. T. Pettengill is chairman of the committee which has ordered John E. Stack, auditor general to accept separate installment payments of school taxes. Installments on other kinds of taxes payable at the same time do not have to accompany the school tax payment.

A test case was brought before the high court by H. L. Fahney and others property owners of Oakland County who have attempted to make their first installment tax payment apply on the school tax only. John E. Stack, auditor general, refused to accept such payment, saying that such procedure was not contemplated by the provisions of the emergency act. He also claimed that the amount of accounting required under such an arrangement would make the plan unfeasible.

The supreme court ruled that the act gave the taxpayer the right to pay the whole or any part of his taxes at any time. It

## Local Firemen Overcome Fighting Fire At Prison Farm

Chief Fred Wagonschutz of the Plymouth fire department, Louis Westfall of the department, Harry Suter, another member of the Plymouth department who is also employed at the Detroit House of Correction, Hiram Long of the prison fire department, and several other employees of the prison and a number of inmates are today recovering from near suffocation they faced while battling a stubborn blaze at the prison farm, Wednesday afternoon.

Chief Wagonschutz and several of the men were hurried to the prison hospital where they were given immediate attention. Hunter was brought to his home in Plymouth. Physicians report all as making satisfactory progress and they will leave their work in the Plymouth department who is also employed at the Detroit House of Correction, Hiram Long of the prison fire department, and several other employees of the prison and a number of inmates are today recovering from near suffocation they faced while battling a stubborn blaze at the prison farm, Wednesday afternoon.

Due to the effect of Captain Denniston when he constructed the prison to erect each unit of the prison building separate from all others and to make each building practically a fireproof, the damage to the structure is not great, the loss being almost entirely confined to the supplies stored in the building.

Captain Denniston is exceedingly grateful to members of the Plymouth fire department, as well as those from Northville, for the energetic way they fought the fire. It was due to their work, combined with the prison's own fire department, that the loss was not many thousands of dollars more than it was.

No gas pipe broke or exploded, as had been reported. The gas that formed was chiefly from the burning wood, the fumes being confined to the big storage plant. The building in which the fire was discovered is generally known at the prison as the Commissary building. In the basement of the structure is stored a large amount of canned goods. Not until the refuse has been cleared away will Captain Denniston be able to determine just the amount of the loss and whether or not it exceeded \$10,000 altogether.

## Democrats Will Combine Groups

### Meeting To Be Held Monday Evening At The Mayflower

A meeting will be held at the Mayflower hotel in Plymouth, Monday, February 12th, at 8:00 p. m. for the purpose of combining the Democratic voters of Plymouth, Northville, Livonia and Canton into a full basis of a permanent organization to represent the Northwestern section of Wayne county.

It is the belief of the committee in charge that the organization, headed by E. H. Scully of Plymouth, that only through unified support of the Democratic party can the full basis of a permanent organization to represent the Northwestern section of Wayne county be achieved.

Messrs. Roscoe Huston, Andrew Baird and Rual Rice of the Wayne County Democratic committee, will be present to assist in this organization.

The committee extends a cordial invitation to every voter to be present and enlist himself under the Democratic party as represented by the New Deal.

## Officials Can Now Accept School Tax On Installment Plan

Plymouth city officials as well as township officials have been advised that in one of the first of its interpretations of the 1933 emergency ten year installment tax payment law, directing that the first installment of taxes due for 1931 and prior years must be paid before September 1, 1933, the state supreme court has ordered John E. Stack, auditor general to accept separate installment payments of school taxes. Installments on other kinds of taxes payable at the same time do not have to accompany the school tax payment.

## Pay Raise Given To CWA Workers In Wayne County

### Food Allowance Also Given Where Pay Does Not Provide Enough

### Commission Also Sets Up Rules For Lay-Off When It Is Found Nec- essary To Cut Forces

At its regular meeting February 6th the Wayne county CWA commission with two of its three members, Fr. A. Siedenbier and Mrs. Ruth Huston-Whipple present, adopted several policies of interest to Plymouth CWA workers and their families. The commission raised the minimum wage rate for unskilled labor from 50c to 55c per hour for all CWA workers in Wayne county. This was done to bring the wage differential in Detroit to be in line with Cleveland and some other large cities, and to help offset the hardship of the federal order which reduced hours from 38 to 24 per week. The rate of 55c per hour applies to women as well as men workers in the county.

The Wayne county commission also adopted a policy on the distribution of federal food stuffs. This work is done in Wayne county under the supervision of Harry Zarn, acting as the agent for the federal government. The general impression has been that all CWA workers are to receive the surplus butter, eggs, pork and beans which the Federal Reserve Administration is shipping to Michigan each week. This is not true. The policy for Wayne county is that surplus food stuffs are to be distributed to a 28,000 families still on welfare rolls in Wayne county and to those of the 47,000 CWA workers who were formerly on the welfare or relief rolls.

A third important ruling of the Wayne county commission is the laying off of CWA workers when the quota must be reduced. The same preference applies in laying off putting the building in condition for immediate repair.

The first to be hired and the last to be discharged are skilled labor veterans with dependents who were organized in labor; the second choice are unskilled labor veterans with dependents; the third choice are unskilled labor veterans with dependents; the fourth choice are unskilled labor veterans with dependents; the fifth choice those with dependents regardless of their veteran or labor affiliation. This line of choice was set out in an order from the War Relocation Authority, not by the county commission. The county commission did rule, however, that this line of choice is to apply to the distribution of federal food stuffs in Wayne county as much as to their liking.

Any CWA worker who feels that these lines of choice were not followed in his dismissal in Detroit, or that his name may present his case and request for reinstatement to the CWA adjustment board at 1400 Scotten avenue in Detroit. This board is appointed by the Wayne county commission to hear, investigate and adjudicate the complaints of workers under CWA, and it is doing a large amount of work.

The Wayne county welfare commission also adopted a medical, dental, pharmaceutical, osteopathic and nursing program for Wayne county welfare cases. The cost of \$34,020.00 for the month of February. A preliminary program was tried out in January.

The county commission also approved a project with the understanding that the out-county and nursing sections of the plan be definitely and immediately put into effect to make the medical relief worthwhile, and to meet the problems of out-county doctors and nurses.

A Lansing dispatch Thursday stated that the wage increase for men in Wayne county outside of Detroit had been temporarily held up on orders from the Lansing state welfare director.

## Phoebie Patterson W.C. T.U. To Meet Feb. 13

The Phoebe Patterson W.C.T.U. will meet on Tuesday, February 13th, at the Mayflower Hostess House, 119 N. Main St. A potluck luncheon is scheduled for one o'clock and all members are urged to be prompt so that the business meeting may open on time.

The Department of Citizenship has an aim to becoming better informed about governmental changes such as law, taxes and their relationship to state and national government will be studied. Members are privileged to bring a guest.

also held that the Legislature alone had the sole power to change such a law. Taxpayers may pay certain items of their taxes and defer payments on the others. In the contested case, the taxpayers desired to pay their school tax to relieve the financial distress of their school district.

# Business On Way Up To A New High

## Kiwanis Club Hears A Most Optimistic View Of Conditions

Business is going to be from 20 to 26 percent above normal during the year 1934 declared Clifford Jackson, Plymouth high school graduate and now president of the American Refunding company of New York in an address Tuesday evening before members of the Plymouth Kiwanis club. He made the prediction that business would continue to improve during all of 1934 and 1935, with the peak in 1934 below normal. This peak, of 1929, has been equaled, or surpassed fifteen times in our history, but never has the business low point been equalled or exceeded. The low point of 51 per cent in 1933, he said.

"In 1921, business was 21 per cent below normal. In 1933, it was 51 per cent below normal, and in 1934 a minus 20 percent. The best economic decade of our history was the period of 1905 to 1915. In that decade we had three peaks, and the average activities were 23 percent above normal.

"Strange, as it may seem, the upturn of the present depression was first begun on June second, 1932."

Mr. Jackson is well known to many of the old Plymouth residents. He is a graduate of the Plymouth high school, class of 1907, he has been assistant manager of the John Wannamaker Co., New York, director and vice president of Broadway Association, and now is president of the American Refunding Corporation, of New York.

Mr. Jackson has just completed an air tour from coast to coast of this country. During this trip he has been in close contact with the country editors and financial and industrial leaders of the nation. Returning from this tour, he is convinced that the country is "headed up" economically and that by 1936, barring a catastrophe, business will be from 20 to 26 percent above normal.

He cited local examples in Detroit, of improvement, that employment in that city, as in others, was nearly normal, and that further recovery of business, depended on the initiative of the leaders of this community and of every other city, and their ability to vision broadly and not to limit their horizon, but to "get out of the ruts for the ability to cope with trouble, gives us the right to enjoy success."

The Plymouth Kiwanis Club had the largest attendance at this meeting, than at any other time in its history. The banquet manager of the Mayflower hotel served a delicious steak dinner. After the meal Captain Ben Stewart, well known Plymouth baritone, led the group singing in which the Kiwanians sang themselves hoarse.

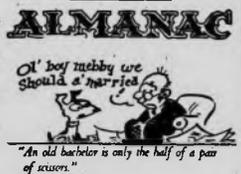

### Perrinsville Methodist Ladies Sponsor Benefit

The ladies of the Perrinsville Methodist Church sponsored a benefit entertainment last Friday evening in the Gleason Hall at Perrinsville.

The program, directed by Mrs. Elmer Lumley of Detroit consisted of the presentation of the one act play, "Wrong Side of Eighteen," a recitation by Mary Jane Johnson, four year old entertainer of Detroit and a piano offering by Miss Jean Roffey and a vocal solo by Joseph Sturman.

The evenings entertainment was a highly successful one for the ladies of the Church and all those that were delighted at the fine program presented.

Although he has served 19 years as a cooperative observer for the United States Weather Bureau, Richard C. Brigham, of Fall River, Mass., has received no pay nor has any hopes of getting any. He is one of the 4,500 throughout the country who serve in this capacity yet receive no pay. The government furnishes some of the equipment, but Brigham estimates he has expended \$1,200 of his own funds.

# Many Plymouth Sunshine Lovers Now In The Southlands For The Winter Enjoying Balmey Breezes From Off The Gulf—More Plan To Go

## Oakes Appointed To Federal Post

St. Petersburg, Fla.—Michigan-ers who have become travel minded for the first time in four years are south-bound to the Sunshine City where the Wolverines enjoy the winter weather the largest since 1929-1930. The same is true of the Michigan State Tourist Society, one of the largest organizations of its kind here with a membership of 1600, meeting every week at the Tourist Center, where entertainments, dances, and picnic luncheons are a part of the program.

W. S. Wilson of Flint, is the new president of the Michigan Society, and L. V. Putney of Kalamazoo, is vice president. Mrs. W. L. Kenney of Detroit is secretary and Henry W. Smith, of Rockford, is treasurer.

Bathing beaches are thronged with sea and sun bathers from every section of Michigan.

Mr. and Mrs. Frank Dledrick, Brainerd Road, Plymouth, have returned to their winter home at 1401 Seventh Ave., North, where they are spending their 14th season.

Motoring from their home in Plymouth are: Mr. and Mrs. J. M. Larkins, Mrs. Phyllis Miller and Athal Louise Miller, 1375 West Ann Arbor St., who have taken a lovely jaunt to Ft. Myers, Fla., South for the winter season.

Mrs. W. D. Parmenter, 801 Starkweather, Plymouth, is making her home with friends at 4801 Second Ave., North.

### Collector Trying To Collect A Bill From Another Collector

He came to town to tell local business men that his collection agency was the best in the world and that if they had any accounts they wanted collected, give them to him and he'd see to it that he would do a real job of it.

"We believe in honesty, we believe in people paying their bills and if they don't pay, we go after them and get it," he said.

When he left town he took with him hundreds of accounts to be collected, yes hundreds of them.

Days rolled on, weeks passed. Finally Manager Clair Mahen of the Mayflower hotel got to worrying about the payment of the fellow's hotel bill. He wrote letters that got him no where.

Then he decided to turn over to a local collection agency conducted by Mrs. Caroline Dayton the uncollectable account of the world-getting debt collector from the downy among the corn fields of Illinois.

Mrs. Dayton in one of her diplomatic letters wrote the collection agency about their own account, but they were in Plymouth and she wanted to know why a collection agency representative shouldn't pay his bills just like he wanted other folks to pay their bills.

At any rate to make a long story short, the bill collector has a lot of Plymouth accounts to collect and a very good Plymouth collector is trying to collect his own hotel bill.

Plymouth has two acceptable and worthy collection agencies, the one conducted by Mrs. Dayton and the other by the Merchants Credit Bureau of which Miss Marie Johnson is in charge.

# Farmers Urged To Secure Loans

## Uncle Sam Willing To Assist In Lifting Mortgage Off Land

C. H. Wright of the field staff of the Federal Land Bank of St. Paul was in Plymouth last Saturday relative to loans being made by the government to farmers in this part of Michigan. Mr. Wright urges that farmers who desire to secure government assistance, straightening up their mortgages and other obligations get in touch with County Agent Ralph Carr at Dearborn immediately. If those readers of the Plymouth Mail living in Washtenaw county will make application to the agent in their county, they can secure immediate consideration of their request.

Mr. Wright declares that up to the present time over \$2,000,000 have been loaned by the government in Lenawee county, a million and a half in Monroe county, almost a similar amount in Oakland county and over a million in Macomb county. This is what an extent the government is doing in Michigan.

In cases where the government has a mortgage on the farm and the mortgage holder is paid off in full the government assuming the mortgages on the farm and the taxes paid. The farmer has a Mr. Oakes who is the man to know that he has been appointed to such an excellent position with the government.

### Miss Ruth Melow and Charles Van Vleck Wed

Miss Ruth Melow, daughter of Mr. and Mrs. John Melow of Northville, and Charles D. Van Vleck of Ionia, were quietly wed in a double ring ceremony at the home of Mrs. Addie M. Ely, the bride's grandmother, on Wednesday, February 7, at seven o'clock. Miss Helv Sanders and Arthur McGorey of Plymouth were in attendance. The ceremony was performed by Mrs. Cora M. Pennypacker of the Federated church of Salem. Miss June Johnson, a cousin of bride, sang "O Promise Me."

The bride's wedding gown was of royal blue trimmed in silver brocade and she wore a corsage of sweet peas and narcissus. The bridesmaid wore a midnight blue with a corsage of sweet peas.

The guests included Mrs. Leo Van Vleck of Ionia, mother of the bride, Mrs. M. J. Melow, parents of the bride, Mrs. Jessie Lee, Mr. and Mrs. Harrison Johnson and daughter, June, Mr. and Mrs. Clarence Bicking and daughter, and Mr. and Mrs. Charles Bloom, Mr. and Mrs. Carl Ely and son, Ivan, Mr. and Mrs. Harold Bloom, Mr. and Mrs. Charles Ely and Mildred Graves of Northville, Ray Pennell of Salem.

Mr. and Mrs. Van Vleck will be at home to their friends at 2545 Taylor avenue, Ionia. Congratulations are extended to the happy couple by their many Plymouth friends.

### State To Force Ice Fishermen To Secure Licenses For 1934

Plymouth fishermen who are spending their idle time fishing through the ice and have not yet secured their licenses had better watch out.

Large numbers of ice fishermen, according to conservation officers are still without their 1934 fishing licenses, on the assumption that one is not necessary until the reopening of the general fishing season next spring.

While the Department of Conservation has announced that it is permitting some leniency in such instances, due to probable ignorance of the laws, it requires that every person over 18 years of age must be provided with a 50c general rod license when fishing in any manner for any species of fish. The licenses are good for the calendar year.

The 1934 general rod licenses are now in the hands of about 1,800 license dealers in practically every city and village in Michigan. The licenses are accompanied by 1934-35 digests of Michigan fishing regulations.

### Government To Aid Country Sanitation Through CWA Funds

Through the efforts of the State Department of Health and the United States Public Health Service, Harry Hopkins, CWA Administrator, has approved a plan whereby rural districts which have not the advantages of sewage disposal systems, can obtain the labor and supervisory part free of charge.

This program is designated as Community Sanitation and the purpose is to improve the toilets in the rural areas. The type of plant advocated is a fly tight sanitary privy, vented so as to provide a continuous escape of odor through a screened vent pipe.

This is a good opportunity for citizens in rural communities to equip their homes with a toilet which is designed for sanitation, substantial in construction, and low in cost.

Old buildings may be repaired to conform to the type advocated. The privy may be divided into two parts and materials obtained only for those parts necessary to be repaired. The approximate cost of the privy is \$15.00. The separate parts can be constructed as follows: Pit, \$2.50; Floor, \$1.00; Riser, \$4.00; Building, \$8.00; Roof, \$2.50.

Old lumber from the existing privy will be utilized wherever possible. This is a good opportunity for

# Benefit Bridge Party Tonight At Mayflower For The Woman's Club

This evening, February 9, is the date for the benefit Bridge and Eve Supper party which the Woman's Club of Plymouth is giving at the Hotel Mayflower.

The members of the committee, with Miss Marion Beyer as chairman and the members of the social and civic committees and the Executive Board working with her, are planning an evening that will be very worth while to all who attend.

Three fine prizes will be given first prizes for bridge and "500" and a door prize and a lunch will be served.

All who play either bridge or "500" are invited to attend. Play will begin at 8 p. m. and an admission of 25 cents per person will be charged.

### The Forgotten Man The American Taxpayer

(The Detroit Times.)

The administration is making an unfortunate and regrettable record on the great subject of taxation.

It is showing an insensibility to the nation's taxpayers which is more important than intelligence or sound policy. The only pretense of excuse is the pressure of other problems, but no problems are more important—perhaps none equally important.

In no other field of the great area covered by the government's activities are the consequences of negligence and bad judgment so grave.

The taxpayer, let it never be forgotten, is the mainstay of the government. He is as a rule the man of steady industry and frugality, who labors early and late for the support of his family and supporting. He is not a charge on relief agencies, public or private.

No social liability is he—no dependent upon philanthropy nor upon government charity.

He is society's prop and reliance. Without him and the contribution from his diligence and thrift, recovery is an idle dream and the great projects of government are foredoomed to failure.

And yet the taxpayer of the nation has become a sort of whipping boy for the theorists, the new dealers and the abundant liars—both in Congress and out.

No one defends him. No one thinks of him. Apparently no one cares about him.

Soak him! Multiply and pile the burdens on him!

Never mind the injustice, never mind the indirect consequences of such folly shown—PARTICULARLY WITH REGARD TO THE INCOME TAX—its diminished revenue and the contraction of the whole field of business activities.

The government whose ultimate chief reliance is the taxpayer, faces him with a veritable war front and treats him with an hostility that is usually reserved for a public enemy.

CONGRATULATE HIM! IT MUST NOT CONTINUE!

The income tax, particularly, is a grave indictment against the government, against its intelligence and its good faith!

It is an outrage also upon the people of the United States, very like in character and degree to the repudiated prohibition law.

The list of its shortcomings, the record of its failure, is long and proved.

It builds bureaucracy to oppress and outrage the citizen. It encourages evasion, legitimate and criminal, of unjust and re-sented tax extortion.

It breeds contempt for government as a hatred of the law. It makes the government a racketeer, and a most offensive one, doing its best to rob the citizen and practically confiscate his property.

And it makes the citizen to a degree a hijacker, doing his best to rob the racketeer.

It diminishes the purchasing power of the community obviously.

Interesting bits of news Taken from Plymouth Mail

The annual meeting of the Plymouth Creamery company was held last Monday afternoon. The report of Secretary Paul Voorhes showed the institution to be in a very satisfactory financial condition.

A sleigh ride will take place next Friday evening out to William Harmon's. Sleighs will leave Gayde's at 6:30 and at the post-office at 7 o'clock.

C. W. Honeywell has some White Wyandotte hens that are layers of prodigious eggs. Within a week he obtained three eggs that together weighed three quarters of a pound.

Fred Slaw has sold his place to Mr. Stanley of Salem who expects to move in soon.

The whist club took a sleigh ride to Ed Cook's last Monday evening where they had an enjoyable time.

G. W. Bailey who succeeds Mr. McDugal's roundhouse foreman here has moved into the Purdy house on Oak street.

A horse belonging to DeWitt Packard became frightened at a passing coal wagon while standing in front of Fisher's blacksmith shop last Wednesday and ran away. Coming up town it struck a pole at Gale's corner and fell upon the sidewalk. No serious damage was done.

Some eight inches of snow fell last Friday and Saturday night and since that time sleighing has been fine, although weather indications at this time are that it will not last long.

The council at its meeting Monday night reduced the pay of the village treasurer from two percent to one percent on taxes collected. The Marshall's salary should also have been cut. We know of no village in the state that pays more than 75 or 100 per year. Plymouth pays \$200. His work is but little more than that of the village hall janitor and the pay is excessive. The pay of the village clerk should be increased.

**To Discuss Corn Hog Plan Today**

Farmers Can Sign Up At Plymouth School Before 4 p. m.

A new ruling from the United States Department of Agriculture received by Ralph Carr, County Agricultural Agent, from Dr. A. G. Black, Chief of the Corn-Hog Section, states that "Regardless of the size of their past hog production average, all hog producers may now qualify for hog reduction payments by reducing their hog litter average, and production of hogs for market not less than 25 per cent."

In cases where the litter average is less than four, this will mean that the contracting producer will reduce by one litter even though this will constitute more than a 25 per cent reduction from the litter base. In cases where the contracting producer's corn acreage is less than the minimum requirement of 10 acres, he will reduce hog production only and will receive hog reduction payments, but must agree not to increase his corn acreage over his average and he is not eligible to receive corn reduction payments.

Application for contract blanks may be obtained at the County Agricultural Agent's office, Dearborn, and those who wish to sign contracts can meet him at any of the following places and also at the Dearborn office. Help will be given in filling out the necessary forms. Those who wish to sign contracts are urged to do so before March 1st.

Corn Hog dates for signing contracts, 10:00-4:00 each day.

**TRIAL RANGES**

YOU don't have to buy an electric range until you have actually tried it in your kitchen. We know that only an electric range brings you truly MODERN cooking. We know that electric cooking gives you eight modern features that cooking with fuel does not give you. We want you to find this out for yourself. We want you to discover for yourself the cleanliness, uniform results, waterless cooking, time-saving and other modern features of the electric "glowing wire" method of cooking.

Under our new trial plan, we will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. This permits you to try electric cooking in your own home without making any investment. During the trial period, you pay for the service as registered by your meter, plus a month-

ly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

#### CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, February 4. Among the Bible citations was this passage (Dan. 6:22): "My God hath sent his angel, and hath shut the lion's mouths, that they have not devoured me, because as before him my innocence was found in me, and also before thee, O King, have I done no hurt."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 243): "The divine Love, which made harmless the poisonous viper which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death. It crowned the demonstration of Jesus with unsurpassed power and love."

#### CHURCH OF THE OPEN DOOR (Independent Baptist)

Some years ago two trains sped into the night, one bound east, the other west. Through some mistake one flier got on the wrong track and they crashed in an awful head-on collision. It was gruesome to hear the groans of the injured and dying. The last words of the mistaken engineer were given in agonizing tones to one of the rescue party. Holding out an arm and saying, "He said 'This paper will show you that I was given the wrong orders'."

Many are traveling through life under the wrong orders. They think they are safe, whereas according to God's Word they are doomed. Many are uncertain about their soul's salvation, others think they can get to heaven their own way. To such a man Jesus said, "I am the way, the truth, and the life: no man cometh to the father but by me." John 14:6.

"Neither is there salvation in any other (except Christ); for there no other name under heaven given among men, whereby we must be saved." Acts 4:12.

If you are at a crossroads in life, and you want to know the truth about Christ and the Bible, visit any of our services. The Lord is able to meet your need.

Tonight (Friday) the Community Bible Class meets at 7:30. Those who desire may enroll and receive certificates when the courses are completed. "Personal Evangelism" and "The Book of Revelation" are the present courses offered each Friday night.  
This Sunday at 10 a. m. and 7:30 p. m. our pastor, Richard Neale, will be in his pulpit, after having preached for W. S. Hotte, a well known author and Bible teacher.

A meeting for all young people Monday evening at 7:30.

Regular services Sunday at 10:30 a. m.

#### FIRST LENTEN SERVICE

Ash Wednesday Eve. February 14th, 7:30 p. m. together with a celebration of Holy Communion. Announcements are to be made previously with the pastor. "Thou shalt sanctify the Day" says God's Commandment. Which quite plainly means that we should fear and love God that we may not despise preaching and His Word, but hold it sacred, gladly hear and learn it. May we mark this word during the coming sacred season and never fail to heed the call to the Word and to prayer. The sermon topic will be "Our King's Cause"—Isaiah 43:24, 25. The offerings of all Lenten services are designated for Missions and Benevolences.

We call ourselves Christians and we want others to consider us Christians; yet we seldom, if ever go to church to hear the Word of Christ, our professed Master and Lord, and we give little, if anything, of our money, time and interest to His Service. Lord gives as the sure criterion of a man's Christianity the following word: "He that is of God heareth God's Words; ye therefore hear them not, because ye are not of God." John 8:47.

In spite of ourselves, that Word digs into our conscience, we are compelled by its simple force to memorize it. LET YOUR CONSCIENCE BE YOUR GUIDE, and no matter what you may have done up to now, BEGIN this LENT, and GO TO CHURCH. "Ye therefore hear them not, because ye are not of God." Come, we await you, we welcome you in the name of the Savior.

#### LINCOLN DAY

Sunday, Feb. 11, 1934.  
A special Lincoln Day service of worship will be used at both churches and the pastor will preach on the subject, "Breaking Racial Barriers," text—Galatians 3:28-29. An offering will be taken for our Methodist schools and colleges for the Negroes. These are part of the great missionary program of the church, which is known as World Service.

An especially interesting part of the service will be the awarding of Credit Certificates to those who have completed courses in the Community Leadership Training School. Five churches (three Methodist and two Presbyterian churches) have been co-operating in this school for the last five weeks, and about twenty-five persons have earned credits from the International Council of Religious Education. The faculty has been composed of the pastors of the co-operating churches: P. Merle Townsend, Roy Miller, Benjamin J. Holcomb, and William W. Townsend.

#### BEREA CHAPEL

James A. Davis, Pastor  
Sunday school, 10:00 a. m. Morning worship, 11:00 a. m. Evening service, 7:45 p. m. Wednesday evening, 7:45 p. m. Cottage prayer meeting, Friday, 7:30 p. m.  
Prayer meeting to be held at the home of Mrs. John Mastic, 638 Dove St. God has been blessing in these meetings and we are trusting God for greater times of blessing. If you enjoy a good old fashioned hymn sing come out Friday night. We sing requested

hymns and then for a season of real prayer. Crying and traveling before God is a lost blessing in the lives of many Christians today, so come out to these meetings and be revived. Sunday, Pastor Davis will speak to the children in a special message from John 3:16. Train up a child in the way he should go; and when he is old, he will not depart from it. Have you taught your child the way of the world and of sin or the way of the cross? Mother and Dad, have you made your peace with God so that you may be able to tell little Junior or little Mary the way of the cross? Blessed is the person who is twice born. Launch out into the ocean of God's great love.

Rock's Takedown

By Dearborn 22-13
The Rock's basketball team can not seem to get away from their losing streak. They lost their third consecutive league game Wednesday night by the score of 22-13. The Plymouth team played good basketball in the first quarter but in the other three periods the orange and black team proved to be too good for the blue and white's quintet.

Champe made two free shots and Roth followed with a field goal. Levandowski made a shot from the corner of the floor and before the whistle blew ending the period Champe made another free shot.

Smith went in for Wilkinson. Smith made a long shot the first thing. Roth and Koppitsch made field goals and Albertson made a basket. In this quarter Williams went in for McLellan and Wilkinson came back in for Smith.

Stevens made a field goal and Sautter followed with a free shot. Champe made a nice shot and then Elliott made a free shot. As the whistle blew Albertson made a basket. In this quarter Williams went in for McLellan and Wilkinson came back in for Smith.

Sautter made two free shots and Harold Williams made one also. Wagenschutz went in the game for Williams. Albertson and Koppitsch made field goals and then Levandowski sunk a basket. Trimble went in for Levandowski. Kinsey for Champe and Williams for Stevens. Koppitsch, Sautter and Albertson made free throws and the game ending with Plymouth trailing 22-13.

Storage Building For School

A storage building is being constructed by the CWA for the storage of school equipment. This building, located behind the Central Grade School, is to be of use to the school for a number of years. The bricklayers are given their job so well that it looks as if it were made of metal. Two brick masons and their helpers are employed on the project. The total cost, including labor and material, is \$484.

This building will house athletic equipment such as hurdles, goal posts, high jump and pole vault standards, shotput and other equipment. Playground equipment and the school car will be stored there. The erection of this storage building will make more room in the high school because one room is used for the storage of this equipment alone at present.

Classroom Work

The American history classes are studying the "Expansion and Sectionalism." Expansion reports are being given on the important points of the unit. The 8B foods class has been studying the breakfast unit. It has likewise been learning the various measurements.

The advanced foods class is planning a party for children of pre-school age in connection with the study of food for children.

The advanced clothing class is studying the preliminary construction processes. The girls are making some simple cotton garments before attempting to make cotton dresses.

The commercial home economics class is studying the unit "Appearing to Advantage." Special reports are being given and pictures shown to illustrate this unit.

Miss Tyler's eighth grade English class are studying the use of the comma and doing the drills in their pad relating to this. The seventh graders have just finished "Grandfather's Chair" by Hawthorne.

MEMORIES OF THE PAST

This theme was written by a pupil in Miss Lovewell's 8 grade English Class. Each day as the sun was setting an old man would pass by in the old dusty road going towards the distant hill to look down upon the old house where he had once lived happily with his wife and his son for so many years. After his sudden death his wife had moved to the home of his son and each day he trudged slowly down the road to look at his home from the hilltop. As he looked down upon the old farm his past would return to his mind he could remember the days when he sat by the fireside with his son on his knee. As he stood on the hill he gave no thought to the present time, he only wished he could be down there plowing the fertile fields and tending to the cattle which he had loved so well. Each night I saw the old man trudging down the dusty road toward the distant hill to look at his pleasant old home. As I watched him I began to realize how proudly an old person treasures his past. The old man trudging down a dusty road is a thought to us that we should treasure our present lives worthy enough to be treasured by us in our old age.

As to the change in P. M. hours, all we can say is that we are now late at noon too. Last week article about Selle's black eye should have been accompanied by a writing about Bill Thomases mustdash. He and Don Potter were computing the growth in one second if it grew an eighth of one inch in a month. If there are thirty days in the month and he doesn't use hair grower.

The Importance of High School Manners

There are two kinds of respect in high school respect for school property and respect for other people. It is true that people judge you by what you say and by the way you act.

School property, such as the books and magazines in the library, desks, and walls, is often destroyed by students who have a habit of tearing paper and writing on everything they can. These students, or at least most of them, have not been taught to respect other people's property.

When a person is walking down one of the halls at school, he does not like to be almost thrown off his feet by someone who thinks he must get somewhere at a certain time regardless of what may happen to other people.

A person who is always running to some one, laughing at someone's mistakes, or making fun of someone is probably a person who has had very little if any training in manners and respect for other people's property in his home, or a person who is trying to show off.

Manners should be taught in the home and when the child is young, because if he forms a habit of not respecting other people or their property, it is very hard for him to break the habit when he is older.

A good motto to follow in helping to gain more respect might be "Do unto others as you would that they should do unto you." Harriet Martineau

Central Grade School Notes

Miss DeWaele was absent last week because of illness. Mrs. Mrs. Crumie substituted for her. In Miss Field's room an attendance contest between the boys and the girls is in progress. So far the boys are ahead. Bruce McAllister and Shirley Reamer have been appointed health officers for the semester.

Miss Weatherhead's room has 43 new 3A pupils. In music class they are learning songs for Washington's Birthday and Valentine's Day. Last Thursday they colored pictures of Little Red Riding Hood.

In Mrs. Bird's class the spelling teams for the semester have been organized. Edward Green and Barbara Martin are the captains. Miss Holt has twenty-four 4A students and eighteen 5B's. Ruth Keeler and Richard Howard have been chosen captains of the spelling teams. At the close of the semester the winning team will split the winners. The 5B language pupils have been practicing story telling. Ruth Drew and Virginia Garrison had one hundred on the 4 A Artistic test.

Seventeen 5B students and twenty-one 5A students are enrolled in Miss Exlieber's room. Mrs. Holliday has fifteen 6B pupils and twenty-four 5A's. The spelling teams have been chosen; the captains are Betty Brown and Jack Butz.

The students in Miss Fenner's room have started their spelling contest. The captains are Margaret Erdelyi and Edward Mulry. The geography students have been giving reports on the animals of Asia.

Plymouth's B Team Defeated 20-9

The second team was also defeated last week by Dearborn by the score of 20-9. All of the scores for Dearborn were field goals, not one point being made through free shots. The Dearborn team had the advantage over the locals as they were much taller. Elstrom and Aldrich made most of the points for the Orange and Black team, each making eight tallies. Gordon of Plymouth was high with four points.

Junior Class Announces J-Hop

The junior class of Plymouth high school will give its first party, the J-Hop, on Saturday night. The juniors hope the party will be the best of its type ever given and are doing their best to make it so. An outside scene in New York City with sky-scrapers on every side, a sky full of stars, a park, and a beautifully decorated Broadway in general.

The class has chosen Buss Wilson and his Ambassadors as the music furnishers for the evening. The Ambassadors who have been playing all summer at the Glee and Country Club Lakeside Ballroom, and other well known ballrooms in Port Huron are now playing for the better sororities and fraternities in Ann Arbor and occasional parties such as the "President's Ball" at the Armory in Ypsilanti. Buss Wilson offers something new to the usual party in Plymouth, in the way of a public address system.

RUTH BAYES—Ruth a quiet and attractive miss was born in Livonia Center, where she still resides. She is taking a secret commercial course, and belongs to the Glee Club and has been a Girl Reserve for three years. As Ruth is a very quiet girl, information was taken to obtain from her. She wouldn't say who the "he" was but we know there is one because we heard that she plans to marry him.

MADRYN BLUNK—Madryn Blunk that buxom, brown haired, hazel eyed lassie was born in Plymouth, January 3, 1917. She attended school in Plymouth around town and says she has no ambition for herself but maybe a certain Bob has one all planned and is keeping it a secret. She enjoys spending her time at sports and making scrap books. (probably her memory book.) Ever since the ninth grade Madryn has always been very active in class sports as clubs such as Camp Fire Girls, Girl Reserves, Leaders' Club and Pheasant Staff.

DOYLL CAROL BOYD was born in Alden, Michigan, July 15, 1917. He entered Plymouth high school in 1932, as a sophomore. Don, who has blue eyes and flaxen hair, wants to enter college and become an accomplished engineer. This bashful lad doesn't hang around the girls, but several of the senior items to draw, he is kind of cute. Donald has been a member of the Glee Club and Commercial for the last two years.

MARIE BRIDGE (On November 29, 1915 a shy, quiet, brown-eyed girl named Marie stopped to pay a visit at the Bridge home in Plymouth. Marie has always attended school here, where for the last four years she has taken a commercial course. Her one ambition is to be someone's private secretary and we are pretty sure that she will succeed. Much to her regret she has no hobbies, but she is reading and not eating peanuts as we would have expected. Marie has been a member of the Travel Club and Girl Reserve and has been quite active in class sports.

MARGARET BUZZARD of the famous team "Buzz and Bill" first opened her pretty blue eyes in the City of Detroit. She came to Plymouth from Detroit, remember how cute she was? She likes to spend her leisure time walking, reading, and acting and was in a play dramatic at college. Although she isn't sure what she wants to be we all know that she would be a great success in Hollywood, just as Mrs. - you know Margaret has been very active for the past few years in dramatics and had a leading part in the Junior play at great applause. She is president of the club last semester. She has also played an active part in Girl Reserves. Oh, yes—I forgot to mention that she just loves to play basketball especially at night when everyone is in the gymnasium watching the players.

G. R. Club Represented At Conference

At the annual mid-winter Senior high school state Girl Reserve conference held this year at Jackson, Michigan were Miriam Brown and Evalyn Rorabacher, representing the Plymouth club. The girls left Friday afternoon at 5:30 from Plymouth for Detroit where they met the rest of the girls going from the Metropolitan area. It was here that all of the girls took the trip for the city which was the center of conversation at that time.

Upon arriving at Jackson they went first to the Y.W.C.A. where they had their dinner. The first gathering was held at 7:30 that evening in the recreation room of the Jackson First Methodist church. The main speaker of the evening was Miss Louise Gates from Toledo, Ohio who introduced and explained the theme of the occasion "We Move In New Directions." There were three group singing before the girls departed for their various homes: Miriam and Evalyn were very fortunate in having a lovely hostess, Mrs. Casadeo in Essex Heights, and also having lovely hosts, Saturday morning after breakfast the girls returned to the church to attend the interesting talk by Miss Gates. "Our Clubs Move To New Directions." At 10:30 the girls departed once more for various discussion groups such as Music and Creative Dramatics which Miriam and Evalyn attended. "Creative Service Projects," "Fitting Our Program To Our Times," and "Setting Up a Club Program." These meetings lasted until 12:30 at which time was the luncheon of which the Flint club was in charge. The main speaker of the evening was Dr. Edith Hale Swift who spoke on "Equipping Myself To Move In New Directions." At this time a skit was also presented by the Jackson City Reserve girls. "A Century of Stitches." After the

Music Groups Entertain Maybury

Once a year the music department of Plymouth high school journeys over to the Maybury Sanitarium for the purpose of entertaining the patients there and also the attendants. This year the music department went over last Wednesday and presented the following program: March orchestra. In a Chinese Temple Garden. Ketelly, orchestra and boys quartet.

The Cradles, Faure in a Luxemburg style. Mannerg, girls double quartet. Hungarian Dances, Brahms. Selections from Gilbert and Sullivan orchestra. I Got Shoes, Spiritual, boys quartet. Solos, Robert Champe. Chanson Frisite, Tschaiokowsky, instrumental quartet. Intermzzo, Mascagni. Cornet Solo, Gerald Hartling. Carmen, Betz orchestra. March orchestra.

At a special feature of the National Stamp Exposition to be held February 10 in New York City, the Post Office Department has ordered a special commemorative issue in the form of an ungunned Byrd stamps to be sold in sheets of six. These stamps will be printed on the floor of the Exposition, a sign that the government realizes the importance of this event, which is of great importance to all collections of stamps. The Byrd issue will be the first commemorative of 1933.

## Proceedings of the City Commission

The Queen Esther circle met Tuesday evening at the home of Mrs. James McNabb.

Plymouth, Michigan  
January 31, 1934  
A special meeting of the City Commission called by the Mayor for legal opinion as to how additional projects for CWA after February 15th was held in the City Hall on Wednesday afternoon, January 31, 1934 at 3:00 p. m.

Present: Mayor Hoyer, Commissioners Blunk, Goldsmith, Henderson, and Robinson.  
Absent: None

The Manager presented a communication from the Kletts Nebel Company relative to the installation of water main on Ann Arbor Rd. and Mill St. and storm on Ann Arbor Rd. to serve an industrial plant under a consideration by the above Company. It was moved by Comm. Henderson seconded by Comm. Blunk that the communication be accepted and placed on file. Carried.

A communication from the Detroit Trust Company relative to the exchange of the mortgage of Frank and Anna Kloka for a two-family frame flat at 7031-33 Farnsworth Ave. Detroit, which mortgage is held by the Cemetery Trust fund was read to the Commission. It was moved by Comm. Robinson seconded by Comm. Goldsmith that this Commission recommend to the Cemetery Board that the proposition be accepted provided that an even exchange cannot be arranged. Carried.

It was moved by Comm. Goldsmith that a transfer of \$100.00 from the contingent fund to the sewer fund be authorized to take care of miscellaneous expenditures on CWA projects. Carried.

Upon motion by Comm. Robinson seconded by Comm. Goldsmith in the amount of \$1975.05 were passed as approved by the Auditing Committee.

Upon motion by Comm. Robinson seconded by Comm. Henderson the Commission adjourned.

The youngest Civil War veteran alive is Dr. Robert Tyler, 79, of Joplin, Mo. The physician, strong and vigorous in spite of his age, enlisted in the federal navy in 1863 at the age of ten. He was called a "powder shooter" and saw active service in the firing line. He vividly remembers the bombardment of Fort Sumter. The doctor was recently elected commander of the Missouri G. A. R.

**House on Dodge Street Is Damaged By Fire**

The house at 848 Dodge street owned by Charles Lundy and occupied by Mr. and Mrs. William Lasky was partly destroyed by fire Thursday noon. About half of the furnishings of the house were also destroyed by fire and water. The fire started near the chimney on the roof and had made good headway before discovered. The fire department answered quickly and checked the flames after the roof had been burned off.

Sued for \$42 back rent. Howard Payne told the judge in small claims court in Los Angeles that the bill piled up while he was out of work. A few weeks after the youngest of his six children was born, he added, he and his family were dispossessed. He said he could pay a dollar a month. William Jackson the landlord, demanded \$5 a month. "Pay is 50 cents a month," Judge A. A. Scott ruled, giving Payne a seven-year plan for his payments.

**Extension Class In Need Of Additional Members To Continue**

"An adventure among books, plays and paintings," is the way Professor John L. Brumm describe the University of Michigan extension course being offered in Plymouth on Monday evenings.

"Everyone want to develop an intelligent, critical attitude toward books and plays. The ability to recognize what is good in books, plays and pictures is a mark of culture," said Dr. Brumm.

Several good novels will be read and discussed. Different types of plays, probably one of Ibsen's, one or two German plays, and several English plays will be considered. The class session will consist of informal lectures and discussions, with some written reviews for those desiring credit. Some time will be devoted to learning how to recognize and appreciate good paintings.

Professor Brumm is a stimulating personality under whose guidance the course promises to be a refreshing venture into good literature. The class will be quite informal, it may be taken for undergraduate or graduate credit or simply for the joy of its mental stimulation.

Several more people are needed to assure the course for Plymouth. The first regular session of the Class will occur next Monday evening from seven to nine in the music room of the high school.

Some men I know are so mean and ornery I wouldn't be surprised they'd peep through a keyhole to see the salad dressing.

**Mercury Drops To Ten Below Zero Early Thursday Morning**

Ten below at 6 o'clock!  
Six below at 8 o'clock!

That is what the thermometers in Plymouth registered Thursday morning in Plymouth and vicinity.

Only once before this winter has the mercury dropped to such a low point, and then only one or two thermometers registered more than eight below.

The weather report was for warmer weather today.

Some women are so curious that they will listen to advice just to find out what it's like.
