Drives Car Into Speeding Train Worker Killed

Railway Employe Apparently Misunderstood Warning Of Switchman

Eugene Aquino Crashed Into Sportsman On Ridge Highway As He Starts For Town

In spite of the frantic efforts of a Pere Marquette switchman to wave him down, Eugene Nick Aquino, aged 21 years, was killed by the railroad as a section hand, drove his automobile between a freight train that had been cut in two to permit a mobile traffic to pass on the Ridge road last Thursday night and was struck squarely by the Sportsman crack Pere Marquette passenger train.

Aquino was killed instantly and his car was completely demolished as it was ground under the train with Aquino's body.

Those who investigated the accident could make no explanation of it, except that possibly the youthful driver of the car regarded the warning sign of the switchman as a friendly hand wave to him. He did not lessen the speed of his machine as he drove in between the standing cars and directly into the path of the speeding passenger. As his car reached the middle of the track it was hit with terrific force by the train and instead of being thrown entirely to one side of the track it was crushed under the train. The body was frightfully mangled.

The driver of the car resided at 405 Mill road and was driving over Ridge road towards Plymouth.

Ford Employes Are Delighted Over Pay Raise

Hundreds of Ford workers in and around Plymouth were delighted Wednesday when newspapers carried to them the information that Henry Ford has decided on a general wage increase of not less than \$5 per day to any Ford employe. Not only did he grant a raise of practically a dollar a day to the most workers about here but he made the raise start with the payroll makeup from Tuesday morning.

In addition to granting this pay raise, Mr. Ford has been adding men to the payrolls almost daily in many of his factories. At the present time there are more men employed now in Ford factories in this locality than in any time since 1929.

Of 70,000 men employed in production in the Detroit area and at Ford Motor branches, 47,000 benefit by the increase. In the Detroit area 32,681 are affected, their wages being advanced from \$4 and \$4.40 a day to \$5.

Mr. Ford, who has been considering the use of the blanket raise since his return from Florida late last week, made known his decision at a luncheon meeting of executives Tuesday noon and directed that the raise should be retroactive to starting time Tuesday morning.

"No one loses anything by raising wages as soon as he is able," Mr. Ford said, especially in meeting. "It has always paid us. Low wages are the most costly any employer can pay. It's like using low-grade materials as the waste makes them very expensive in the end."

Clothing Is Badly Needed Say Members Of Needlework Guild

The Needlework Guild's stock of clothing is very low and there is a great need, especially for men's garments and shoes. Will you go over your family wardrobe carefully and donate anything serviceable that you can spare for the use of someone less fortunate? Please send clothing to the Starkweather School, Principal's Office, or phone 633 or 469 and they will be promptly called for.

The Guild room at the Starkweather school is open for distribution of garments to those in need.

Mrs. Minnie Wilbur of Farmington, Mich., who is spending the winter with her cousin, Miss Ursula Harbison of 233 Union street and who has been quite ill with pneumonia is much improved.

New Store Will Open Saturday

Successful Merchants To Operate "Junior Dept. Store"

WINFIELD LINE

Today's Plymouth Mail carries the announcement of a new store for Plymouth. The organization behind this store has built in the last five years five great merchandising houses and today it presents to the people of Plymouth its crowning event in the development of retail, 5 cent to dollar stores.

The new Line store will eventually be the largest and finest store that the parent organization boasts of. Merchandise has been secured from all parts of the country to fill the shelves and counters of the store. Every effort has been put forth on the part of the owners to make for Plymouth as metropolitan an organization as is possible.

The owners of the new store, Mr. and Mrs. Winfield Line, have been residents of Howell, Michigan for many years. Mr. Line spent many years in the variety business in Howell with his father in law and the store which has been open for 24 years. During the last ten years Mr. Line has travelled extensively bringing ideas for his stores from the far corners of the world. Six years ago he married Mrs. Line, a native of Korea. She and Mr. Line are both graduates of the University of Michigan and Mrs. Line holds an M.D. degree and a Doctor of Public Health degree from the University. Both are well known throughout the state for the interesting lectures they have given on their travels around the world.

Mr. Line stated last week that William Brown of Cochoctan, Mich., will have complete charge of the new store. Mr. Brown, long experienced in this line of business will within the next few weeks move his family to Plymouth.

The formal opening of the store tomorrow is bound to attract more than ordinary interest. The big building formerly occupied by the Schrader furniture store has been entirely remodeled and one of the most beautiful store fronts in this part of the state has been installed. It permits a wonderful display of goods.

"Kingdom Come" Delights Crowd

Miss Florence Stader Wrote And Produced Fine Musical Event

An audience that packed the high school gymnasium to its doors Sunday night was delighted by the presentation of a semi-sacred musical presentation entitled "Thy Kingdom Come." All those appearing on the program were residents of Plymouth.

But probably more interesting than anything else to the hundreds that were so highly pleased by the play is the fact that "Thy Kingdom Come" was written and prepared in every detail by Miss Florence Stader, teacher of the second grade at the Starkweather school. Not only did Miss Stader write the pageant but she planned the costumes and the scenery and directed its production.

St. Michael's Host To Over 800 At St. Patrick Banquet

Nearly 800 dinners were served last Sunday evening by the ladies of the St. Michael's Church at the Rosedale church. The assembly to take part in a St. Patrick's banquet sponsored by the church. The crowd was the largest ever assembled in Rosedale Gardens and it set a new record for entertainments of this kind given by the parish.

The program arranged by Fr. John E. Conway and general banquet chairman, Dr. Harold Brisbois of Plymouth, proved a world of diversity for the guests. Several radio entertainers, including among the number, the Hass sisters, the three M's, Mildred, Margaret and Marie Schaefer and Mr. and Mrs. Joe Schader and the Borden's Milk Man soloist, Carl Wiggle. Other entertainers on the program were Edward Kelly, Mrs. M. J. O'Connell, James P. Long, Kathleen and Eleanor Michael and Lona Belle Rohde and Wesley Hoffman.

Rev. Nichol Points Out Benefit Of Aiding Young People

Members of the Plymouth Kiwanis Club were fortunate in having their guest speaker last Tuesday evening, Rev. Walter Nichol pastor of the Presbyterian Church of Plymouth.

The program under the direction of the club was planned to be one of the finest of the club has had this year and the speaker did much to prove that local talent was as acceptable if not more so to club members as guests that speak from larger cities.

Taking as his subject the Kiwanis motto, "We Build," Rev. Nichol told an interesting story of the achievements that could be obtained if an organization of this kind would pull together. He stated that to create something great it was first necessary to build a solid foundation. From the foundation build upward and apply this method to any of our daily programs.

Communication

Plymouth Mail

CWA has meant the construction of 6 sewers in Plymouth in the past four months, three storm sewers, two sanitary sewers and one creek enclosure. There are no more CWA sewer projects, why Sunset avenue sewer was not finished to Blanche street, why other parts of town have not gained CWA sewerage, what the sewerage why Sunset avenue sewer was not carried to Junction avenue, and how much property owned by Plymouth City Commissioners that is not CWA or what are all questions which have been asked by Plymouth citizens and taxpayers. It is the purpose of this article to answer these questions for the good of CWA or what follows after April 1.

In the first place, it is only fair to say that only three of the six sewers benefited property that is owned by members of the city commission.

In the second place, the original request as made by the Plymouth City Commission on November 20, 1933, called for \$23,140.00 for the sewerage in Wayne county CWA commission out this by \$7,500.00 leaving a total allotment of \$15,640.00 as follows: Sunset avenue storm sewer, \$7,500.00; Frank avenue storm sewer, \$1,049.00; Spring street storm sewer, \$826.00; Blanche-Theodore sanitary sewer, \$2,045.00; Enclosure of Township Creek (joining Maple Ave.) \$3,286.00. Total \$15,640.00.

Local Teachers Aid Prisoners

Later \$2,091.05 was added to the Elizabeth-Roe sewer making a total of \$3,392.05 for that project.

On November 21 the Wayne county CWA commission also approved \$4,718.00 for Plymouth school projects making a total original allotment of \$21,055.55 for the whole community of Plymouth. Part of this school money was obtainable, because carried on this work. Some of the classes taught at the present time are: Beginning reading and writing, Miss Dorothy Sly, Business Arithmetic, Miss Vivian Smith, Creative Writing, Miss Elizabeth Debele, Shorthand, Miss Alma Graff, Foods, Miss Christine Grey, Sociology and Dramatics, Miss Neva Lovell.

Local Teachers Aid Prisoners

Miss Lovell is the director of the school.

There is a wide range of educational experiences from the group that can neither read nor write to the college graduate. This refusal is justified by the facts that Sunset sewer had already secured almost one-half of the original city allotment of \$15,640.00; that it had secured \$7,500.00 in the section that combined city and school allotment of \$21,055.55; that this high percentage meant that one-third of Plymouth's total original allotment was spent in a section that contained only twelve houses; that other sections of town needed sewers even more; that much work done by the city in the past had improved drainage conditions; that one of the blocks between Blanche and Junction is in effect a vacant lot without even a road through it; that there are only two houses on Sunset; these seven reasons ought to show that the people in the neighborhood of Sunset sewer have no justifiable complaint and that the citizens of Plymouth who whole heartedly stand rather than condemn the Wayne county commissioners for their stand.

In the fifth place, Plymouth is not having any more CWA sewers for an equally justifiable reason. CWA money has been federal money. It is supposed to be spent on projects that will give the greatest benefit to the greatest number of people in the community. Hence it is supposed to be spent on projects which under ordinary conditions are paid for out of "general taxation," sewers are not in this class. They are special assessment projects paid for by special assessments. Several

Plymouth Suffers Disastrous Blaze Wednesday Evening—Many Men Temporarily Are Thrown Out Of Work

From out of the ruins of the big foundry building of the Lee Foundry & Machine Company destroyed by fire early Wednesday evening, there will be constructed a newer and more modern building for the business that has over a long period of years provided steady employment for a large number of Plymouth residents.

Smoke was still rising from the crumbled walls Thursday morning when Paul J. Nutting, president and general manager of the company ordered the men thrown out of their regular employment by the fire to start clearing away the smoldering debris for the new structure that will probably be under construction early next week.

Problems Confronting Nation Are Discussed At Last Meeting

The Plymouth Branch of the League of Women Voters held their March meeting Monday at 8 o'clock in the home of Mrs. Vera Rowley on Wing street under the leadership of Mrs. Ruth E. Huston-Whipple.

After roll call and the reading of the minutes of the Feb. 12th meeting, reports of the various committees were read.

Mrs. Louise Mulford and Miss Vera Rowley gave fine reports on the Wayne County Board meeting held in Detroit Wednesday, March 7th.

The speakers were Angus D. McLaughlin, sales manager for the Detroit Edison and Councilman John P. Smith. Their subject was "Public Utilities," and as usual proved very interesting.

Mrs. McLaughlin quoted an increase of 30 percent above prewar prices on food and many other commodities with the exception of rent. He said the Detroit Edison's rate to the consumer was 35 percent below pre-war time and how the large consumer had a very reasonable rate. Giving an example of a large consumer, he quoted "The J. L. Hudson Company as using as much electricity as a city of 80,000 people."

Each committee chairman had such interesting topics in their reports that the entire group was ready with questions and surely gained a condensed but clear understanding in many national, state and county affairs. Action was requested on the St. Lawrence Waterway, Arms Embargo Bill and The World Court Protocol.

The State Bond issue as well as Reorganization of County Government were given reasonable discussion.

PRISON RIOTS

Captain Edward Denniston in the last issue of the breezy and interesting "DeHoCo News," discusses prison riots. The brief editorial in the little prison paper is especially timely because of the recent report of The Osborne Association which berated the deterioration of the Michigan prison system in the last few years, although the report went out of its way to laud the Detroit House of Correction over which Captain Denniston rules. It is said that this was the only penal institution in Michigan that was conducted as it should be.

The DeHoCo News editorial on prison riots follows:
"The Marquette prison paper states that 'poor food' is the main reason for causing prison riots. We grant them that poor food is one of the causes, but we put first 'inmate committees' and 'prison stool pigeons,' both of which are strictly prohibited in this prison.

"The business of having 'inmate committees' run the inmate body of a prison has proved itself a very bad venture and in all cases a flat failure. These 'committees' hand-pick the inmates in order to get their own clerk in power. The rest of the inmate body never get a chance to do anything much except to tighten their jaws a little harder and take it.

"The 'stool pigeon' practice outrages every sense of human decency in the first place, and every aim is for early clemency—a pardon or parole—special favors from the management or what have you. In many, and we believe the majority of cases, these human skunks lie—deliberately lie to get a fellow prisoner in trouble with the prison officials, and at the same time figure they are putting a feather in their own hat.

"The 'stool pigeon' practice starts the grumbling, causes unrest and discontentment, and puts hatred for the officials in the hearts of men who are actually afraid that the 'stool pigeon' will lie on them, making them lose the thing nearest their heart—GOOD TIME—and in many cases, many more years of their sentence to serve. What's the result of this unrest, grumbling, discontentment and hatred? You all know the answer in the riots you have read about in the newspapers.

"The official heads of any prison who will encourage and believe in this 'stool pigeon' business—business that has caused many men to commit murder and suicide—are unfit to handle men or manage any public institution, and can never be classed as a good prison man if it ever came to an investigation in the prisons where this nasty back-handed business was upheld by the officials. These same 'stool pigeons' who told and lied on

their fellow prisoners, would turn against the officials in just the same manner.
"To conclusion let us say to the heads of these institutions who allow the 'stool pigeon' practices to run wild—give your officers a break and allow them to apprehend the inmates breaking rules and regulations of the prison, and you will find them more efficient than ever before, for they too are seriously afraid of the 'stool pigeon' practice—fearing they will be lied on and fired from their positions. Put the lid down—then clamp it shut on the stool pigeon practices and the 'prison committee's' and it will go a long, long way in abolishing prison riots."

SOMETHING TO THIS

Senator Leon Case, editor and publisher of The Waterliet Record, has the following timely editorial in a recent issue of his excellent newspaper:
"This is the age of propaganda in many forms. It is the purpose of this editorial to bring to public attention one form of propaganda which is being used to undermine business in the small towns. We refer to the sly slurs and adroit inferences directed against the country newspapers.
The right of existence of the weekly and small daily newspapers, needs no defense—unless the right of existence of the small town needs defense. There is an important place in the life of every small town which cannot be filled except by a live, progressive newspaper, and the powerful influences which seek to extend the trade of large centers to include that which rightfully belongs to the small town merchants, would rejoice to nullify its effectiveness. With the medium of advertising and defender of the interests of the small town out of the way the large city merchants would be rewarded with a much larger flow of trade from the small towns.
No community can stand the strain of its payrolls being constantly spent where the money never returns for future payrolls, foodstuffs, taxes, improvements, schools, churches, bank deposits, real estate, etc. The newspaper is a principal factor in building a strong community spirit in a town, a defender of its rights and a medium of service for its business interests.
A community which hopes to progress should not only defend its newspaper against the slurs of those who seek to destroy the identity of the small town, but should rally to the support of that newspaper, that it may more ably serve its community.
The merchants of the small towns should advertise regularly in their home-town paper. Their advertising would be the means of keeping a lot of trade home that goes to the larger cities that are close by.

WHAT A MESS

Legislative observers cannot recall a time in Michigan history when affairs have been in a worse mess at Lansing than at present. Seeing that there is no way out for the legislature or the state and the quicker the disgraceful proceedings are brought to an end, the better everybody will be satisfied. But the voters have no right to complain. Didn't they dash headlong to the polls a year or so ago and vote for a lot of nonentities for county and state officials without making the slightest effort to find out a thing about their qualifications or ability to give public service? There is only one redeeming feature, the months roll around pretty fast and it will not be long before we will have the opportunity to correct some of the errors we have made. But unfortunately meanwhile the damage rolls along.

administration ends Sunday and what a year it has been for the people—new ideas in government, new this and new that, billions appearing out of the sky, for welfare aid, farmers told to cut down planting and getting real dough for it, Russia recognized, the dollar worth this and that, off and on the gold standard, a government by college professors who came in one door and some of them out the next—the government in just about every business there is, banks closed and many of them reopened, sounder, much more so, than they were—the AAA and the CWA and the PWA, and hardly enough letters of the alphabet to go around to designate all the new bureaus and government functions. Hard liquor and beer in—government costs cut one minute and up the next—congress first playing with the President and then ignoring him—a constantly changing picture that has blinded the eyes of many—so fast is it moving.—Chester Howell in The Chesaning Argus.

SLIDING OUT

In a recent speech by the secretary of agriculture he is quoted as saying that the beet sugar industry will have to "slide out" because sugar produced from beets costs too much. The bill now in congress would practically put Michigan out of the picture so far as the beet industry is concerned, thus forever destroying investments in its 22 refining plants and throwing into other crops the thousands of acres of land devoted to beet culture. In addition to this thousands of beet workers would be added to the lists of the unemployed.

Of course no country editor would dare criticize an official at Washington. Even Mr. Lindbergh found this a dangerous experiment. But somehow we cannot quite justify a government which spends \$20,000,000 of PWA money to reclaim 66,000 acres of Wyoming land, (the cost per acre is \$300) and Russia recognized, and being suited only for beet culture, and at the same time designing legislation which will forever ban beet culture on American soil. Michigan's democratic delegation in the lower house appears unable to make any headway against the administration odds there but Senator Vandenberg appears to be making a definite in the upper house which may save the day for Michigan and Colorado beet producers and manufacturers. Michigan voters should watch carefully this legislation and mark well those who fail to protect so important an industry as the beet crop.—Vernon J. Brown in The Ingham County News.

A CODE, TOO?

The depression has forced Holly bootleggers to form a credit association.—Joe Haas in The Holly Herald.

LINDY IN THE ELLORY

First it was claimed in Washington that Col. Lindbergh's offense was his release to the press of his telegram of protest against the summary cancellation of all air mail contracts before it had reached the president. That sounded rather thin in view of the fact that only a year ago President Roosevelt himself had released an important telegram to resident Hoover toward the end of the latter's administration before it had reached Mr. Hoover.

It sounds thinner since it was unofficially announced that the colonel was to be called before the air mail investigating committee of the senate to be questioned on his personal interests in air mail contracts, his holdings in aviation stocks, his profits, income, etc. etc. Lindy has fore stalled that inquisition so far by issuing a statement explaining that his total profits in three aviation companies, exclusive of reinvestments have been less than \$200,000. A rather modest "It would be safe for one who has done enough dangerous and useful flying to have become known as the world pathfinder of the air and a national hero.
The sensational as the castigation of Lindy is the record of the movement of aviation stocks just prior to Mr. Farley's sudden cancellation of all air mail contracts. The New York stock exchange is investigating the heavy trading in seven of these aviation issues at that time. One of them, for instance, was quoted at 37 on Feb. 1 and thereafter began to slip. Cancellation came on Feb. 9, and that stock is now down to 17. Anybody who knew in advance what was going to happen could have made a very profitable bet on this issue. Did anybody know?—Harry Nimmo in The Detroit Saturday Night.

Born to Mr. and Mrs. W. F. Hoops a girl Tuesday morning. Robert Holmes will move soon into the Schryer house on Depot street.

We certainly are having some regular March weather, rain, snow, sunshine, cold and warm. Barney Tuck of Livonia has purchased the meat market of W. F. Hoops and took possession Monday. He will occupy the house made vacant by Homer Jewell. His cutter, Louis Van Pelt, will move here soon from Northville.

Homer Williams and Greta Willett were married in Detroit last Monday.
L. L. Lewis has started his saw-mill for the season and he says his saw will saw more good lumber out of a saw log than you ever saw a saw saw.

Sewell L. Bennett has purchased the house of E. R. Daggett on Oak street formerly owned by C. C. Allen. Mr. Bennett will move into the house soon. Mr. Daggett plans to move to the farm.

The Finch club winds up the season this evening with a sumptuous banquet at the Plymouth house.

Carl Heide was given a surprise last week Thursday evening by a number of the German ladies at his greenhouse. They brought lots of good things to eat, also a big boiler of coffee. The ladies took this way to pay Mr. Heide for the many times he has taken them to the country with his team free of charge.

Plymouth W.C.T.U. To Meet On March 22nd

The March meeting of the Plymouth Women's Christian Temperance Union will occur Thursday, the 22nd, at 2:30 p. m. at the home of Mrs. Kehrl, 45 Starkweather avenue.

A program will be arranged and it is hoped to have a speaker for the occasion. Members are asked to make special effort to be present, and to remember to bring current events.

"Philadelphia Revokes 100 Beer Licenses." What happened? A much beloved police officer was wantonly shot down in a beer parlor and that resulted in a wholesale investigation of places selling beer and so many illegal conditions were revealed that 100 licenses were revoked. Should anyone be surprised to find that the liquor business is up to its old tricks of violating the law? Why should anyone have been so glib as to believe that the leopard had changed its spots or the rattlesnake lost its rattles?—From the Michigan Union of March.

"No, Thanks... I'll Keep My Modern GAS RANGE!"

"After all, GAS gives me every feature I want in cooking equipment, many of them in a greater degree than any other method and some that NO OTHER METHOD PROVIDES. Take SPEED for instance. We like steaks, and I can't be convinced that a glowing wire provides the searing heat necessary to properly prepare a good steak. It just isn't logical! Then again, I have to watch my budget—I've got to cook as cheaply as I can, and I can't afford to first heat a lot of porcelain, before the heat actually starts its work on the food I am cooking.

"So, for SPEED and ECONOMY there really isn't any comparison between gas and a glowing wire and the modern gas range is equally as clean and cool as any cooking method available."

"Yes, Sir! The wise, the thrifty, the intelligent housewife, will in my opinion, stick with gas."

Army Day Will Be Observed April 6th Throughout The State

Army Day, Friday, April 6, will be observed nationally and throughout Michigan for the purpose of commemorating the services of the United States Armies in both peace and war, according to announcement today by C. W. Hungerford of Detroit, general chairman of the committee of arrangements for the celebration in this state. Preliminary plans to note the day in every city and community in the state were made at a meeting of the Michigan general committee in Detroit Monday, March 5. Appointment of a chairman for this city will be announced during the coming week. Mr. Hungerford states:

Veterans' organizations, patriotic societies, clubs and other bodies, as well as public officials and citizens in general, will be urged to participate in the observance here, plans for which will be made at a meeting to be called by the local chairman immediately upon his appointment. Mayor Freeman Howe will be requested by the local committee to issue a proclamation with regard to the celebration.

Particular honor will be paid on Army Day this year to the memory of Rt. Rev. Msgr. Patrick R. Dunigan, Field Marshal of the 32nd (Red Arrow) division during the late war, and Col. Frederick M. Alger of Detroit, outstanding Michigan patriots and soldiers who have died recently. The committee in charge of the arrangements for observance of the day here to be made up of leading citizens, and is expected to arrange a public program or service of commemoration, during which tribute also will be paid to the memory of local soldiers and veterans who have died during the past year.

Luncheon clubs, patriotic organizations and societies will be requested to book local speakers to discuss the services and traditions of the American Armies in war and peace, and questions pertinent to the times.

General display of the American flag, the holding of patriotic and memorial exercises in the public and local schools, patriot-

ic programs before clubs and societies, and a public program, will be requested throughout the state. Public drills by the Michigan National Guard and R.O.T.C. also are suggested, and merchants will be asked to add a patriotic flavor to their window display and newspaper advertising. Showing of patriotic films in the theatres and featuring in the libraries of books dealing with the history of the Armies of the United States, are anticipated.

Rocks Trowned Howell Five 35-12

Plymouth Wins First Game In Regional Tournament

After having lost a number of games during the year, the Rocks entered the Regional Tournament and defeated the Howell team in the first game by a score of 35 to 12, last Friday afternoon at Ypsilanti. The Plymouth team looked especially good during the entire game. They had a very good percentage in the number of foul shots made, making thirteen fouls out of about eighteen attempts. The winning of this game put the Rocks in the Regional finals against Ypsilanti Central Kinsey was high point man in the Howell game with ten points.

First Quarter
 Kinsey made a field goal on the very first tip-off play of the game. He again made a basket on a following in shot, and Levandowski sunk a basket. Champe made two foul shots and Levandowski followed with one also. Fohey made a point and was then taken out, and McKinley went in the game. Bringham made a long shot while Elliott and Stevens made foul shots. Kinsey made a field goal as did Bringham.

Second Quarter
 Fulkerson was put in for Braton and Reiner for Ladouceur. McKinley made a free shot. Champe made a basket and a free shot. Williams was put in for Champe at forward. Reiner made a free shot and Kinsey followed with a basket. Wagenschutz was sent in for Levandowski at center. McLellan for Elliott. Side a free shot for Reiner. Williams made a shot from the corner and Kinsey made a free shot as the half ended. The Rocks leading 21 to 7.

Third Quarter
 The same fellows started this quarter as came out at the half for both teams. Williams made a field goal and Kinsey followed with a free shot. McLellan made a free shot. Braton made a free shot and Kinsey followed with a basket. Wagenschutz made a field goal and Williams and Bringham made free shots. Elliott went in for Kinsey and Braton went in for Fulkerson and Ladouceur went back in for Reiner.

Fourth Quarter
 Wagenschutz made a field goal and Levandowski followed with a free shot. Braton made a basket and a free shot. Elliott made a field goal and Levandowski followed with two free baskets. Final score, Plymouth 35, Howell 12. All players on both teams so waction in this quarter.

High Point Men In Class Basketball

Several students ran up high individual scores in class basketball. Of these Harold Burley had the highest by a wide margin. In the junior league Egloff was the highest by a narrow margin. Below are listed the five high point men in each league and the points they made.

Burley, 115; Gillis, 84; Ray, 80; Gates, 68; Lee, 63.

Junior League, Egloff, 65; Moe, 62; VanAmburg, 51; Sackett, 41; Marcoe, 41.

Starkweather School Notes

The boys in Miss Cavanaugh's room are making toy airplanes and orange crates. The front two wheels for the plane were made by the Manual Training department. They have a new lamp in the playhouse with a black base painted by Heinz Hoenecke and a plated wallpaper shade. The girls are making aprons to wear in school and piping blocks for a doll quilt. The children are bringing oatmeal boxes to school from which drums and cradles will be made.

Charles Wagenschutz, who was a member of the first grade, is dismissed from school because of a dismial they flew their kites high in the air.

Last Friday the pupils in Miss Steider's room received 100% in spelling. The No. 1 class in A have completed their book "Peter and Polly." Charles Aquino is back in school after being absent on account of illness.

Dorothy Drews and Janet Armstrong won the spelling down last week in the fourth grade. The children have composed some original spring poems. In nature work they are studying birds.

Lilly Wickstrom won the spelling bee in the sixth grade from Dorothy McCullough the runner-up by correctly spelling the word "cremely." Both Lilly and Charles will receive a dictionary. The 6 B's are making a bird calendar.

Class Basketball Final Standings

Class basketball ended March 7 with Ellwood Gates' team in the lead. Three teams, one sophomore, one junior and one senior team were tied for second place. In the junior high league the eighth grade took the first three places. Below is a final standing for the year.

Ad. Lib.

Robert Pansy, Lilley, Dillie, Hill, Hinkness, Friend of Little Children, Friend of Whoopee! Sieloff better known to his admirers as "Whimpy" or "Whimpy" is distinguished as a great humorist. On the occasion of his camping at Island Lake with his friends last year it was found that he had arisen early and had eaten all the breakfast food, a large box of corn flakes. His friends went without breakfast that morning. Also last year he was said to have consumed the greater share of one pound of salted peanuts. He was absent the next day.

"Whimpy" plans to become a collumey writer and is at present practicing very hard in this field. His spelling and penmanship is so good that we think he will succeed.

"Whimpy" Sieloff, known as "Al Capone" is a great boxer and at present is black and blue in several places where Editor Cline hit him.

Frank (just another of the names by which he answers. It is derived from the Latin word Frankenstein, meaning "Whimpy"). If he doesn't make good in the collymest field, plans to become either a detective or a personal valet for Mickie Mouse.

Class Notes

Dorothy O'Leary was awarded the dictionary for winning the eighth grade short story contest. On March 30 the winning students of the fifth, sixth, seventh, and eighth grades will compete for the school championship.

These contests are sponsored by the "Twin Valley Activity Association."

Classroom Work

The girls in the advanced sewing class are working on cotton dresses now.

The commercial home economics class is studying the "Family Relations" which includes the part the mother and daughter should take in the home.

The advanced foods class is making yeast breads and pastries such as buttered toast, clover leaf, and parker house rolls.

Drama Club Directs Plays

The members of the Senior Drama Club are taking up the study of a new phase of dramatic art—that of directing plays. We sometimes forget what a large part of our dramatic plays in successful dramatic presentations. Miss Ford explained to the club that there are two ways of directing plays: first, for the director to tell the actor the type of part he is to play and then to let the actor figure out the exact method to use; and second, for the director to show the actor exactly how he should say each line. For centuries dramatic critics has disagreed as to which method is preferable. The late David Belasco was a firm supporter of the latter system. After Miss Ford had explained these two methods of play direction she chose Miriam Brown and Catherine Dunn to do some practical work in directing. Each selected actors from the club and practiced directing a page of a play to show the club what complicated and difficult problems face the play director.

The Art Column

"The Oath of Knighthood," is one of the many fine copies of the world's great masterpieces which Plymouth high school possesses. This picture hangs in the hall on the third floor opposite the door to Miss Waldorf's room. The artist, Edward Burnish, was born in Philadelphia in 1852 and died in 1911. He attended the Pennsylvania Academy of Fine Arts for several years and at the age of nineteen he left the Academy to accept a position in the art department of Harper and Bros., New York City. His first success came when his illustrations for their publication won him national acclaim. Harpers sent Mr. Abbey to England after several years to collect material to illustrate a book of poems which they wished to publish. When he returned from England Mr. Abbey was asked to decorate the walls of the delivery room of the Boston Public Library. He chose as his subject "The Oath of Knighthood," which included fifteen paintings extending from the floor to the ceiling of this great room. We have copies of three of these paintings including the "Oath of Knighthood." This picture portrays Sir Galahad in the chapel of the convent after the night of vigil. He wears a red surcoat which is shown in all of this series of pictures. The kneeling figures clad in armor behind Sir Galahad are Sir Launcelot, and Sir Bors who have usually been trying to kill him. Jack is here, but I hear that he skips to Northville quite often to see Doris S. Besides giving his picture to the school, he usually has a line this young lad plans to go to Florida, this summer; when he returns he expects to attend the Ferris Institute to study pharmacy. We wish you luck, Jack!

Competition

Ye old "Competition Collyumey" arises again to combat the sinister influences of the "Ad. Lib." The Collyumey was originated by the late Margaret Bushash, who graduated to the editorship of the "Ad. Lib." Someone must carry on the tradition, so I am dedicating myself to that task.

Girls! It would have made your heart water to see such staid personages as Herb Kalmback and Marvin Partridge doing dishes after the Junior Prom and Banquet. They were a scream for someone to help them. After they had proceeded to lick not only their faces but their dishes they again looked for aid. About the only help they received was from Jack Wilcox, who managed to dry a pitcher.

I was wandering around the hall trying to borrow a penny to buy a pen point. I met Roy McLellan. After explaining the situation he gave me a few cents. Roy fumbled around in his pockets and at last pulled out a nickel. I was numbing my hands and promising to return the change, when Roy said he didn't want to break it. That was a hot one. Well, Roy, at least you had a nickel.

Social News

Bill Ray was the guest of his cousin in Ann Arbor over the week-end.

Elizabeth Hegge spent Friday night with Patsy McKinnon.

Several girls went hiking Saturday. After eating their lunches at Riverside Park they returned to the making of the theatre.

Madeline Sallow entertained about twenty of her friends at her home Saturday evening. Keno and bunco supplied the evening's entertainment after which refreshments were served.

Catherine Dunn spent the week-end at the home of Charles Dreywour in Detroit.

A pot-luck dinner was held at the home of Evelyn Rorabacher Saturday evening honoring the birthday of Margaret Bushash. Those present were Miriam Jolliffe, Rosemary West, Deltie Taylor, Ruth McConnell, and Coraline Rathburn.

Miss Cary's brother and his wife, Mrs. and Mr. Cary of Battle Creek, visited her Sunday.

Classroom Work

All persons should attend the Senior Play if just to see Catherine Dunn smack Oscar Luttermoezer (with the hand). All reports are due. That's going to be a good play.

If anyone has a complaint to make against the "Ad. Lib." send it to the "Competition Collyumey." This Collyumey will act on all complaints for a minor fee, say twenty-five cents.

Plymouth Drops Regional Final To Ypsi 28-20

Although the Rocks defeated Howell in the first round of the Regional Tournament on Friday night they were unable to conquer the Ypsilanti five Saturday night and therefore were defeated by the score of 28 to 20 in the final round of the Regionals. The Rocks got off to a bad start making only two points in the first quarter while Ypsi scored nine. At the end of the first half Plymouth's score was more than doubled, the score being 18 to 7. At the end of the third quarter Ypsilanti was leading by a score of 24 to 9. In the last quarter with three reserves in the game the Plymouth team scored eleven points, holding the Ypsi team to only four points. The high point man for Ypsilanti was Zeigler with twelve points and for Plymouth it was Levandowski with six points.

English Ten

The following is a theme written for English 10A. The purpose of the assignment was to explain clearly a hobby, the influence of the newspaper, qualities of a leader, or some similar subject.

MY HOBBY
 By JOY MERRITT
 My hobby is philately or the methodical and systematic collecting of postage stamps.

The article needed by the philatelist are stamps, hinges or bits of cellophane covered with a pebbled mullage, perforation gauge, or the card with which you measure the number of points on the edge of a stamp within a specified distance, and a water-mark detector, a small black receptacle in which the water-mark fluid is placed. After placing the stamp face down you are able to see any secret marks that the stamp may have.

There are many results of a careful and diligent study of philately. Chief among these is a broadened mind. You are made more tolerant of foreign people and besides learning a great deal about them you have an all-consuming desire to know more. You learn of the nitrate of Chile, the coffee of Brazil, Guatemala and Ecuador, of the cereals and cocoa of Ecuador. You see the beautiful buildings and architectural feats of Europe, the animals and birds of Nyasa, Borneo, Liberia, and the Congo. These and many more bits of information are shown on stamps.

Extemporaneous Speaker Chosen

In order to select a student to represent Plymouth high school at the school banquet in the sub-district contest on extemporaneous speaking, an elimination judged by Miss Perkins, Mr. Smith and Mr. Latture was held Thursday, March 15. The chairman was Jeannette Brown, while Thomas Brock and Jewell Starkweather acted as time-keepers. The contestants, including Katherine Schultz, Marvin Creeger, Jack Sessions, and Harry Fischer, chose one of four topics dealing with either President Roosevelt or the National Recovery Act, and spoke on their subject after more than an hour of preparation. To Harry Fischer was awarded the victory.

The first to speak was Katherine Schultz on the topic, "The Course of the Blue Eagle." She praised the actions of the NRA in abolishing child labor, fixing working hours and wages, and controlling prices—aided by the NRA.

Marvin Creeger, with his subject "Saving the Home Owners," explained the aid of the federal government to owners of mortgaged homes through the Home Loan Corporation—a part of the "New Deal."

"Inflation and the Rubber Dollar" was the subject chosen by Harry Fischer. He stated that the President's action in controlling the content of the dollar to remedy the fluctuation of commodity prices he dealt with Roosevelt's monetary policy.

Jack Sessions, discussing "The Agricultural Adjustment Act," attacked President Roosevelt's policies designed to aid the farmer. He stated that while a slight raise in the former's purchasing power has resulted, a much greater rise in commodity prices has occurred.

At the conclusion of the contest the decision in favor of Harry Fischer was announced. This sophomore student will represent Plymouth as an extemporaneous speaker in the forthcoming foreign contests to be held at River Rouge.

Assembly Hours Speech Contests

The local contests in oratory and declamation were held in Senior Assembly Wednesday, March 7. Miss Vera Woods was the orator. The three orators sat on one side of the stage and the three declaimers on the other. The first declamation, entitled "Universal Peace," was given by Jewel Starkweather, the second, "A Plea For Cuba," was delivered by Jeannette Brown, the third, "U. S. Number 9533," by Mary Jane Gamble. The first declamation, "Thought," a plea for education was given by Roland Rhead. The second, "Our Problem," condemning the leniency of our courts, was given by Katherine Schultz, the third, "Youth to the Fore," a plea in behalf of the allied youth movement, was presented by Ruth Hadley. The judges of the contest were Miss Allen, Mr. Dykhouse, and Mr. Smith. The first place in declamation to Mary Jane Gamble and first in oratory to Katherine Schultz.

First Annual Basketball Festival

The University high school of Ann Arbor sponsored its first basketball festival Saturday, February 3, in the intramural building at Ann Arbor. The purpose was to engage in a sociable occasion and to try to determine the possibilities of a classification basis for competition, especially for those boys not taking part in interschool athletics. Each of the seven schools taking part chose teams in standard classes determined by multiplying twenty times a player's age plus six, times his height plus his weight. In this way every one was playing in a class of fellows of his own size. There were thirty teams competing and the schedule was arranged so that each school had a team playing every hour. At the end of the games the schools were allowed swimming periods at the pool. The whole affair was a success from several standpoints: (1) Boys of equal or nearly equal ability were competing together. (2) All boys taking part were non-varsity players. (3) No championship was awarded. (4) The boys exhibited very fine sportsmanship. (5) Many friendships were formed. (6) The practicability of using a similar method for intramural athletics was proved. (7) The purpose and value set up were fulfilled. The winning teams were given five points. Plymouth with an entry of five teams won the meet with a total of twenty points.

Central Grade School Notes

Last Friday was Rose Marie Ericsson's birthday, she brought a box of candy to school and the children had a party. Frankie Taft has been ill since Christmas but is now back in school. The children have made a border of ducks for the black board. The girls have learned to cut out letter cradles which they made of oatmeal boxes. Last week the nurse weighed all the kindergartners. They made kites which they took home.

The children in Miss Crannell's room are studying the wind in nature class. They have learned a poem "White Horses" in language class. In music they have learned a song about the wind. The children have decorated their room with paper sail boats.

The children in Miss DeWaele's room are learning to cut out letters for posters illustrating words such as bird, cat and boy. They have already planned their Easter books and have made a border of daffodils and bunnies for the blackboard.

Miss Weatherhead's pupils have made booklets about the wind. Last week in a spell down Clara Erenberg spelled the room down. In general she and the children are studying Holland. They are learning to tell time and to recognize Roman numerals in arithmetic class. Mr. Smith visited class last Thursday.

Mrs. Humphries visited Miss Sily's class last Wednesday. There were twenty perfect papers in spelling last week. The nature study pupils have made a booklet about winter birds. There is a new student in this room. Arthur Gillis of Erie, Michigan.

Miss Erenberg's 5A geography students have been giving reports on China.

Miss Holt's class had perfect attendance last Wednesday. Steve Eddy earned the highest score on the spelling test.

Mrs. Bird's class has a new student, Lois Lyon, from Kalamazoo. Mr. Smith visited this class last Thursday.

The grade school has its own library now. The juvenile books have been transferred from the high school library over to Mrs. Bird's office.

The Detroit News Metropolitan Spelling Contest were held Friday morning, Dorothy Richards won the sixth grade spelling contest. The runner-up was the runner-up. The other students who will spell in the school bee are: Louis Dell, Phoebe McCandlish, Betty Barlow, Linton Ball, Anna Kubie, Iva Chambers, Robert Daniel, Virginia Brocklehurst. The word on which Dorothy won the contest was "develop."

The winner of the fifth grade contest was Betty Scheppele. The runner-up was Johanna McGraw. The other fifth grade students who will spell in the school bee are: Ruget Oulmet, Marie Coward, Jeanne Dettling, Phyllis Campbell, Dawn O'Leary, Harriet Penover, Rosemary Schomberger, Kathryn Nicol.

The 6A arithmetic students in Miss Fine's room have been making graphs. In history class they made maps of the Louisiana Purchase. Linton Ball received the highest score on the spelling test. Miss Penover has chosen the children who are to be librarians in the new library. Earl Wilson and Richard Strong are still out of school due to illness. Edward Malt's spelling team is eight points ahead.

The Doldrums is a narrow belt lying between the northeast and southeast trade winds. It is a region characterized by sultry air or calm or light and baffling breezes, interrupted by frequent rains, thunder storms and squalls.

Maryland Is Honored by Stamp

A stamp commemorating the three hundredth anniversary of the founding of the state of Maryland is to be issued on March 25. The stamp was not authorized until after February 17 and therefore little information has been received as to a description of the stamp.

First day covers will be canceled at St. Mary's Post Office. St. Mary's is the place where the early colonists first landed. This town has but a fourth class post office and it will be necessary to increase the postal staff to supply the demand for covers.

Bake Sale Result Could Be Better

Half of the girls in the Senior Girl Reserve contributed to the Bake Sale held last Saturday afternoon in the Bartlett and Junior grocery store. Ruth McConnell and Coraline Rathburn, the chairmen of this sale, feel that more girls could have helped out and those who did not are expected to pay their share as soon as possible. Over four dollars was made which is very good considering the baked goods that were brought in, but after all of the girls had paid their share, it was expected that about eight dollars would have been about eight dollars. They also wish to thank Mr. Bartlett and Mr. Kaiser for the use of the front of their store, Saturday.

Heckling Around

What Ho! fellow students, a brand new collyme guaranteed to heckle that pansy Wilcox and resolving to put somebody besides Junior in print. What's Ruth McCandlish and Rose Petal are you getting paid by the inch.

And now my dear fans, here's the news of the week. It has been rumored that Earth took Wes out again last week. This tall handsome lad certainly has turned into a gallant Romeo this year. And say that romantic he-man from Newburg, you guessed it, it's Levi, has a new cut of iron. Myrilla's pretty tired of giving finger waves. Well, enuff said this week, but be careful Jack's old dear. I've got your number.

Well a rip-tip-tippy studes. Signed,
 The Heckler.

Prayer meeting to be held at the home of Mrs. F. Cole, 464 Roe street, you are cordially invited to come and pray with us. Why do men fall, I believe that ninety-nine per cent of the failures in the Christian life can be traced to a neglect of a setting apart of the early hour for prayer and fasting. The Word of God desires to meet with you and speak to you through His precious word. His complaint against Israel was: "Oh that my people had hearkened in my ways! I should soon have subdued their enemies. He should have fed them also with the finest of wheat; and with honey out of the rock should I have satisfied them." See Psalm 81: 10-16. You may be a nobody, like the writer of these lines, and so could never get acquainted with any of the great of earth; but God be praised, you can have a daily audience with the Maker and Upholder of the universe. O what a consolation that He should delight to have fellowship with such worms of the dust as we are. What a privilege is ours to be able to meet with Him in the blessed communion.

FIRST BAPTIST CHURCH

If the Church Should Fall Then What? We are all "Facing Calvary," and wondering even now, what will Easter mean to you? Shall our churches all rise to a newness of life? Will hearts now hungry and sin sick find their Risen Lord because we have been faithful to the trust committed to us? The pastor will lead a service of prayer and message since coming to this pulpit.
 Come with us if you are not affiliated elsewhere, at this ten o'clock service must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.
 7:00—Another group of colored Jubilee singers will be with us coming from the Negro Christian Center at Detroit. It will be a great night as we hear them sing. Listen to the message, and then go down to the lecture room of the church for another Seth Parker sing. Pa and Ma will be there, the lamps and candles will be there and we hope you will be there. Don't forget!
 The Aid society meets next Wednesday afternoon at the

home of Mrs. Chris DePorter, corner of Liberty and York streets. Lunch will be served. Mid-week Prayer service, Wednesday evening at seven thirty. A joint meeting of the deacons and trustees will follow.
 This church will hold special services each night during Holy Week. Wayside prayer services will be held mornings in the homes. Full announcement later.

CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 11. Among the Bible citations was the story of the boy who remembered now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh when thou shalt say, I have no pleasure in the days of my youth. Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included the following (p. 248): "Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than three score years and ten and still maintain his vigor, freshness, and promise. Man, governed by immortal Mind is always beautiful and grand. Each succeeding year unfolds wisdom, beauty and holiness."

SALEM FEDERATED CHURCH

Worship service, 10:30 a. m. Bible school, 11:45 a. m. Hymn sing, 7:30 p. m.
 Let us read once more the fifteenth chapter of First Corinthians. The message on March 18 was the second in a series of Easter messages taken from that chapter.
 The Bible school lesson is on faith illustrated with an event in the life of Jesus. Matthew 15: 21-31.
 Memory text: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you." Matthew 7: 7.
 "I will meet you at the evening hymn-sing."
 The last noon-dinner Aid of the season will be held at the home of Mr. and Mrs. Peter Falot on March 22.
 On Saturday afternoon there will be a rehearsal for the Easter program.

NEWBURG M. E. CHURCH

F. Merle Townsend, Pastor
 SUNDAY, MARCH 18, 1934
 10:30 a. m. Morning Worship.
 Sermon by the pastor: "Barabbas or Christ?" Special music by the Ladies Quartet.
 11:30 a. m. church school. 4:00 p. m. Junior League. 7:00 p. m. Epworth League.
 8:00 p. m. Evening worship in charge of the men of the congregation. This will be a "Lighted Cross Service," with a men's choir leading the singing of the fine old hymns of the cross. The first part of the service will be built around the theme of "Christ and the Cross," and the second part will consider "Ourselves and the Cross of Christ." There will be special musical numbers by the men. The pastor will preach an evangelistic message on "The Meaning of the Cross." This will be a worthwhile service. Everyone is invited.
 Next Sunday, March 25, the Epworth League will conduct the evening service and will present a little dramatization of "The Challenge of the Cross."

 Revival services still going on every night at 7:30 except Saturday. Our evangelist will also preach at both services on Sunday, at 11:15 a. m. and 7:30 p. m. Good musical specials, and singing every night. We have been enjoying a real indoor camp meeting this week. If you enjoy the old-fashioned revival type of preaching, come out to our services, you will receive a hearty welcome.
 Beginning Monday afternoon at 4 o'clock Miss Louise Blakeslee will conduct a childrens revival.

THE CHURCH OF THE OPEN DOOR

Independent Baptist
 Pearl fishing in the Ceylon Islands has seen a new day. It is more found necessary to open all the oysters in the gathering of pearls. The X-Ray is now in use in this great industry. Batches of oysters numbering about a hundred are placed upon a moving platform. As the platform moves on these oysters pass in succession under the rays and they are above an especially prepared paper used in direct radiography. When the paper has been developed it can be noted whether or not the oyster contains a pearl. If not, it is discarded. However, should the presence of a pearl be seen, and it is yet small, it is replaced in its natural home and is re-examined from time to time until the pearl is of commercial size.
 Does this not remind us of that scripture found in I Samuel 16:7—"Man looketh on the outward appearance, but the Lord looketh on the heart." God does see within your heart and mine. What does he see??? Does he find it of no use to Him? Is there so little for Him that He would let you slide for lack of fruit? Maybe you are not saved and all He sees is a heart of sin and wickedness? Whatever it might be in your heart, remember, GOD DOES SEE!
 This last Monday found the young people in Detroit at a Young Peoples rally, but this coming Monday we shall again gather at the church and resume the study of the book of Acts. This study has proven a blessing and we know it shall continue to do so.
 The Sunday morning service begins at 10:00 a. m. and the evening service at 7:30 p. m. Bro. Weiskopf will at the evening service consider the question "Where Art Thou?"
 The prayer meeting will again be held at the church on Wednesday evening. Everyone is expected to attend and join in this marvelous ministry of intercession.
 Last, but not least, we wish to remind all of the Friday night Bible Class—THE COMMUNITY BIBLE CLASS.
 Mrs. B. L. Coverdill is recovering after a month's illness.

SALEM

Mrs. Sarah Stanbro, who is spending the winter in South Lyon was a guest of Mr. and Mrs. George Roberts of Salem last week-end. The young people of the Federated church had planned to have a tea after the evening hymn-sing, and when they knew that Mrs. Stanbro was celebrating her eighty-sixth birthday on Sunday, they made her their honor guest. Miss Mabel Cline-Smith made the attractive birthday cake which was placed before Mrs. Stanbro, and as a special tribute to her birthday guest, Carl Haray, violinist, played "Zigeunerweisen" by Pablo De Sarasate. Mrs. Stanbro's replies to the honors given her were seasoned with the inimitable humor that is so much a part of her. Another guest old in years, but young in heart was heard to remark at the close of the evening: "One does not mind growing old when she sees such capable young people in active training for carrying on Christian work among us."

Mr. and Mrs. Harry Brown and daughters were guests Sunday of the former's sister, Mrs. E. E. Harrison, and family in Detroit.

Mr. and Mrs. Ronald Nash of Detroit were Sunday visitors at the home of their uncle and aunt, Mr. and Mrs. James Stevens on Blunk avenue.

even POTATOES taste better BAKED ELECTRICALLY

try them for yourself in the oven of one of these new TRIAL ELECTRIC RANGES!

OPEN one of these baked potatoes and really make you hungry—sniff the aroma of its steaming hot, fluffy tender interior. Add a lump of butter, garnish with a sprig of parsley . . . then enjoy this flavorful and nourishing treat. In an electric oven the gentle electric heat penetrates the potato thoroughly and evenly. That is one of the reasons why electric baking is probably the most healthful method of preparation.

install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Since this trial plan was begun a short time ago, over 1500 of our customers have taken advantage of the offer. Send in your application for a trial range today!

★ We want you to try electric baking in your own kitchen. We want you to enjoy electric cooking without making any investment or being under any obligation. So we have arranged a special trial offer. We will

Government Asks For More Reduction In Wheat Acreage

Michigan wheat growers who have regretted that they did not sign reduction contracts when they were offered last year can now quality to reduce their acreage and will receive all benefit payments except the one made last fall, according to R. J. Baldwin, administrator for the plan in Michigan.

Opening the field for additional contracts was made necessary by agreements between the United States and other nations to reduce wheat in this country and in the others by a certain percentage of the average acreage planted.

Some Michigan farmers who were not certain that their contracts would be approved and who therefore planted the usual amount of wheat can meet contract agreements by disposing of the excess above the contracted acreage. The excess wheat can be removed by pasturing or by cutting it for hay.

All farms under wheat contracts will be inspected by local men to determine if the contract agreements have been met. These inspectors will be instructed in their duties at meetings to be held within the counties. The inspectors must certify that a proper reduction has been made in the wheat acreage before final payments will be made under the contract.

The inspection work will start as soon as crops have made growth enough to make the work practicable. The second payments on the first year's crop will be made starting in July, provided that the inspection service has been completed.

Wheat growers can get all details about the new rulings on wheat contracts from the county committee or the county agricultural agents.

Farms Of Future Will Be Smaller

Prediction Also Made That Farmers Will Live In Villages

The average size of American farms in the future is going to grow smaller. Dr. Carl C. Taylor, sociologist in the United States department of interior, predicted in a Farmers week address at Ames, Iowa, seat of Iowa University.

He explained the size of farms is destined to contract because there is going to be more farms and more persons farming. He predicted a larger proportion of the nation's population is going to reside in the country.

Dr. Taylor said it is also possible that more farmers will reside in villages and travel to their work in the country in automobiles. In visioning a village-dwelling farm he predicted a more stable rural population and a higher standard of living in the country. A large percentage of farmers in some European countries live in town, he explained.

No increase in acreage planted to crops will be warranted for at least a decade in the opinion of Dr. C. E. Baker, department of agriculture economist. "It is virtually certain," he said, "that between now and Jan. 1, 1940, the increase of population will be 3,000,000 to 5,000,000, and between 1940 and 1950 it may increase by as much as 10,000,000 to 15,000,000. More acres of crops would be needed by 1940 and 15,000,000 to 30,000,000 acres by 1950 that are required for our present population, other factors remaining equal.

The present situation, however, is much less than the acreage now in cultivation. Hence, no net increase in acreage devoted to crops may be necessary.

Without a shift from animal products toward more cereals or sugar, or should exports of farm products decline further, less land would be needed than otherwise would be required. However, per capita consumption of farm products, considered as a whole, has changed very little during the last 35 years.

Science may make farms of the future twice as productive as now, but this will not conflict with efforts to end agricultural overproduction, in the opinion of Secretary of Agriculture Henry A. Wallace.

Continuing scientific research to make human labor more productive and increase yield of the best land is the only sound course to pursue, for any other will lead to "barbarism and chaos," the secretary said. "Should the government smaller fields," he is his answer to the question of how the government with one hand can encourage scientists to keep on seeking new aids to the production of large crops per acre and with the other can carry out a program of crop reduction, restriction of acreage and the taking of marginal lands out of production.

Methodists Prepare Special Music For Easter Morn Service

Members of the Methodist church and others who expect to attend the Methodist Easter morning service are urged to be on hand and in their seats by 9:30 Sunday morning, April 1. Only by making this little effort can the dignity and beauty of the service being prepared be appreciated, says those sponsoring it. Extra effort is being made by the choir to assist the congregation in a fitting celebration of the ending of Lent.

Miss Ruth Pfahl, instructor in the University School of Music at Ann Arbor, has generously consented to open the service with a harp recital. Those who heard Miss Pfahl in the Methodist church last June will surely want to be on hand for this opening part of the service. Miss Pfahl is an accomplished artist.

The entire program will be announced in next week's Plymouth Mail but it can be announced now that those who expect to hear Handel's Hallelujah chorus on Easter will not be disappointed.

This and other special announcements as well as solos are on the program.

Chick Sellers Must Conduct Business Straight Under Code

Michigan buyers of baby chicks will benefit from the national hatchery code under which sellers of day-old poultry are required to meet certain conditions which are to the buyers' advantage, according to J. A. Hannah, now national administrator for the code and formerly poultry specialist at Michigan State College.

Chicks, pullets or ducklings bought from sellers operating under the code must have good quality and must be delivered as agreed. Any disagreements between buyer and seller about excessive losses of birds can be reviewed by the code administrator. Failure of hatcheries to meet the various protective features of the code are classed as unfair trade practices.

Prudent or deceptive advertisement or the substitution of chicks for those advertised, having special qualities as practices which also are classed as unfair.

Eggs used for hatching by code members must weigh at least 23 ounces to the dozen and each individual egg is permitted to fall below one and five-sixths ounces. The use of large eggs for hatching is expected to improve the quality of the chicks hatched. It also tends to pass along to pullets raised from these eggs the characteristic of producing good-sized.

Mr. Hannah says the main purposes of the code are to improve the quality of all chicks in the country and to reduce the surplus supply. Farmers who produce quality eggs for sale at hatcheries will benefit as the code presumes these eggs will be sold at a fair premium above the open market price.

Mr. Hannah's office is located at Kansas City, Mo.

Child Training Will Be Discussed At A Series of Meetings

Does your child always do as you wish? Mrs. Lynde, Extension Specialist in Child Training for Michigan State College quotes this as one of the greatest worries of parents today. In the past children were taught to obey but modern children are inclined to ask why and then use their own judgment. Modern life is so different that we can hardly expect to rear our children as we were reared. Parents must get abreast and atune with the times.

At the request of parents in the county our Home Demonstration Agent, Miss Emma Durbord, has arranged to have Mrs. Lynde give a series of discussions at Livonia Center school and New Boston school. Mrs. Lynde

will come to each place three times to help solve the many little problems of every day life. These meetings are planned for all the parents in the county, for teachers, nurses, and all persons interested in children. There is no fee involved since this course is a part of the regular extension program from the college. Mrs. Lydia Ann Lynde, who meets with each group, is especially trained in the field of Child Development and Parental Education. She has a wide and varied experience with children and in homemaking, and is a mother herself. She has a very comprehensive and sympathetic view of parent-child relationships.

MICHIGAN BELL TELEPHONE CO. FOR SAFETY EVERY HOME SHOULD HAVE A TELEPHONE. Because, in case of sickness, fire, accident or other emergency, aid can be summoned at once by telephone. In emergencies, minutes are precious, and just one such call may be worth the cost of telephone service for a lifetime. Considering the constant protection... the day in and day out convenience and comfort... the actual savings in time, steps and money it affords, a telephone more than pays its way. Orders for telephone service may be placed at the Telephone Business Office.
