GOVERNOR SLEEPER

News dispatches from Bad Axe brought forth the information to the state that after a long illness former Governor Albert E. Sleeper had died last Sunday afternoon at his home—died in that rich garden spot of Michigan, known as the "Thumb" that he had devoted his life time to developing.

The Governor from the Thumb entered upon his duties as chief executive of Michigan just as America was preparing to enter the world war. A very great portion of the time he served as Governor of Michigan was devoted to the welfare of the great portions, in fact Mr. Sleeper paid little attention to anything else than the problems brought to the state by the brutal and needless war that the nation was dragged into—and as a result of his efforts Michigan troops were among the best provided for that entered any army training camp in the land.

While state historians will write little else about his administration as Governor, it will be enough honor for Mr. Sleeper to say that no other man that ever filled the executive's chair did so much or worked so diligently for the citizens of the state under arms than did Mr. Sleeper.

But what a tragedy that one who worked so hard, one who gained wealth by square dealing and whose efforts should have been enough to deprive E. Sleeper was a victim of the depression. As he lay helpless in his home he saw the vast fortune he had made fade away. And in an effort to stem the tide that was sweeping his property to the sea, others close to him poured their fortune into the seemingly bottomless sea only to see it go with that of the man who had helped them and that they were now trying to help. Pathetic in the extreme is the fact that one who had served his home district so well, a governor who poured forth his fortune and efforts to see to it that Michigan's troops were the best cared for of any that took part in the world war, should in the last few years and months of well spent life be left practically penniless through no fault of his own.

LESSON OF MEMORIAL DAY
Memorial day is one of the most impressive, most touching and most typically American of the days we set apart. From earliest childhood one remembers the gathering of the old veterans, the march under the warm spring sun and the graveyard where gay flowers and the bright Stars and Stripes are placed at the headstones of the dead.

TO BE EXPECTED
There was more than ordinary interest displayed in Plymouth a few days ago in the news that Governor Comstock had pardoned the son of rich and powerful Samuel Metzger of Greenville after he had been convicted of an assault upon an elderly man. Metzger, a close political associate of the

governor, and one of his first appointments, declared that his son would never see the inside of a jail for the cowardly assault he was convicted of. Following the imposition of the sentence there was no time lost by Governor Comstock in seeing to it that his politically powerful friend's son was freed and he issued his pardon before the young fellow had had time to begin serving his sentence.

THE NEWS OF WHAT THE GOVERNOR DID WAS NOT at all surprising to any one who is at all familiar with the Governor's total disregard for law and decency. The Governor has personally openly flouted the laws of the state and he has brought his office into disrepute by posing over the executive desk with a big beer mug over his face, the flag of the nation and of the state serving as a background for the degrading picture, and because of the total lack of respect he seems to have for the high position he was elected to by people who voted for him to help bring them out of the distress they were in, Michigan should rid itself of its chief executive as quickly as possible and then blot from its records any reference to the time he occupied the governorship of the commonwealth.

FORTY-EIGHT STATES IN THE FEDERAL BREAD LINE
The strangest, most shameful feature of the great depression, is the spectacle of forty-eight sovereign American states in the Washington bread line.

Forty-eight states, each rich enough to feed, clothe, and shelter its jobless, each able if it will to take over temporarily, some of their supporting, useful employment, all lining up, tin cups in hand, for federal handouts.

Forty-eight state governments allowing the federal government to assert and exercise extrajudicial control over intrastate business in every kind of way, all saying "Welcome it, in return for federal charity!"

Not one of the forty-eight, has had the pride and the grit and the leadership to declare its ability to care for its own, and to do it, as it easily could have done. The state of the old South, in defense of their sovereignty, are now as shameless as all of the rest in surrendering that sovereignty for seats in the federal soup kitchen.

THE WEIGHT OF TAXATION
It may be assumed that the whole question of taxation, local, state and national, will be thoroughly reviewed during the coming state and congressional campaigns. The vast sums of money being expended in various governmental activities must be taken eventually from the pocket of the taxpayer. It is not unlikely that he will become more and more interested in the process.

It was said long ago that the power to tax is the power to destroy and a good many authorities have warned that we are approaching the point where taxation will become confiscation. Present public expenditures give weight to the prediction.

It is estimated at the present time that the motorists of the state are paying a per capita of more than \$10 per year for every man, woman and child of the state in gasoline taxes which go into road building. What the per capita cost of all taxes is, it is impossible to estimate.

It therefore becomes evident that a great deal of interest in the coming campaigns will center in what the candidates propose to do about it. The single taxers will, as a matter of course, be on hand with a solution. It is understood that the old single tax, in a new dress, will appear on the November ballot. It is, however, not a question of how to raise more taxes but how to avoid raising more taxes that will interest the taxpayers. Those candidates with economy programs are going to have a respectful hearing this year.—Daily News, Orange, Cal.

HANDBILL ORDINANCE NEEDED
Beginning April 30 and lasting until May 15, the city of Dearborn will observe "Paint-Up and Clean-Up" days. The whole metropolitan area will likewise observe these days in a campaign to paint-up and clean-up their city. It is a worthy campaign and all should co-operate with the city in making their property as presentable and clean as possible.

Our attention has been called to the nuisance of the door to door handbill distributors. Now that the spring weather is here, the nuisance becomes a real evil in that thousands of pieces of literature are literally dumped upon the doorsteps of the homes in this city.

SAFETY, NO LAUGHING MATTER

Wars, and rumors of wars, always arouse the public to intense excitement, but peace-time casualty lists are, it seems scanned hastily and passed over with indifference. The people's efforts of newspapers, continually preaching safety, accidents continue to pile up a staggering total of killed and injured.

Bare facts, and not fancy phrases, are most striking in the automobile accidents that are killed every day, and one accident happens every two minutes on the highways of this State of ours.

Give thought to that, and to the fact that in the last six years there have been two hundred and fifty thousand accidents in which eleven thousand three hundred people were killed and two hundred and twenty-six thousand injured by automobiles.

WHY A COMMUNITY NEWSPAPER?
Contest Sponsored by Adrian Van Koeveing of Zeeland, Michigan

By MRS. ANNA BECKWITH, Beiding, Mich. (Favorable Mention)
When we are children our parents send us to school for an education. Perhaps we go through college, but when we have finished school, does not mean that we have finished our education, for in truth it is just nicely begun.

Employment until the past few years, like our community newspaper, and local banks, were all taken too much for granted. We took them all as matter of course. We thought we would always have them.

Rambling Around With Michigan Editors
A WASTE OF MONEY
During the past 14 years two millions of dollars have been expended in the building of the Michigan Bell Telephone Co. building at the request of Michigan's Public Utilities Commission.

asked to pass an ordinance that will eliminate this evil. It was pointed out this week when the matter was under discussion, that local merchants were least offenders in the handling of handbills.

FORD'S SOY BEANS
Michigan agriculturalists, seeking increased farm incomes, will study with interest the possibilities of soy beans as a new Michigan crop.

What is the use of running when you are not on the right road?
MAY 21—Amelia Earhart flies across the Atlantic, 1933.
22—George Washington refuses American throne, 1782.
23—Steerage rates from European prices at \$10, 1904.
24—English hang Capt. Kidd, famous pirate, 1701.
25—Lake Erie rises four feet in ten hours, 1840.
26—Al. Jolson born, calls loudly for Mamma, 1886.
27—Charles Lindbergh marries Anne Morrow, 1929.

plan, these we follow as a guide, we lay the foundation, build the frame and roof, and all other parts of the best material available. In order that our building stand the test of time and the elements, it is necessary that we constantly keep the same in repair. In the same manner we must constantly educating our minds through our community newspaper.

Even though we have a radio, perhaps a telephone, and the modern speed of airplanes and autos, we could not conveniently get along without our community newspaper. It covers more subjects of interest than any other sort of communication. To be without it would be almost barbaric. We don't want to wake up and find ourselves as Rip Van Winkle; but keep the cobwebs from our minds by keeping in touch with the times.

THE GREATEST STEAL
The most gigantic steal in a generation in Michigan is being perpetrated by a gang of political chiselers. It is the proposition to build a thirty million dollar bridge, purportedly across the Straits of Mackinac.

ADVERTISING AND SELLING BY PERCENTAGE
The law of percentage is what encourages all who solicit for the sale of goods.

markets. Oil from soy beans has more diversified uses than any other vegetable oil, save linseed. Machinery has been perfected for extracting oil from the beans, an industry now just getting under way.

Germany can produce goods at a lower cost than we can because its inhabitants are lower in Germany. Secretary Wallace's ideas when translated into understandable terms is that American labor must take the rap—must lower its wage demands and industry so that the slack season for both basic industries might be eliminated and steady employment given the worker throughout the year.

NEED A PLACE TO LIVE? See the WANT ADS
That Miss Louise Dewey of Chicago has been designated sponsor for the U. S. Dewey destroyer No. 349, named in honor of the late George Dewey, Admiral of the Navy. The Dewey will be launched in May.

nations whose labor wage rate and living standards are below ours to equalize the difference and keep America going. That's the difference between a Republican and a Democrat of the present school. Which do you prefer, Mr. John Citizen; to preserve what business there is for the American laborer at living wage or put him into competition with lower paid labor from other countries?

When we are children our parents send us to school for an education. Perhaps we go through college, but when we have finished school, does not mean that we have finished our education, for in truth it is just nicely begun.

Employment until the past few years, like our community newspaper, and local banks, were all taken too much for granted. We took them all as matter of course. We thought we would always have them.

Our Churches

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man." was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 13.

Among the Bible citations was this passage (Gen. 2:6, 7): "But there went up a mist from the earth, and watered the whole face of the ground. And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 91): "Absorbed in material selfhood, we discern and reflect but faintly the substance of Life or Mind. The denial of material self-

hood aids the discernment of man's spiritual and eternal individuality, and destroys the erroneous knowledge gained from matter or through what are termed the material senses."

BEECH M. E. CHURCH

Masses: Sundays 8:00 and 9:00 a. m. Holy Days 7:30 and 9:00 a. m. Week days 8:00 a. m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

THE CHURCH OF THE OPEN DOOR

Independent Baptist

"Dr. Joseph Parker, on one occasion, referred to the Unitarian conception of Jesus Christ as a great example only, and then went on to say: 'We have been to hear Paderewski play. It was wonderful, superb, magnificent. Then we went home and looked at the piano. We would have sold it to the first man who would have been fool enough to buy it. That is the effect of your great examples upon us. I want not only a great example but a great Saviour. One who can deliver me from my weakness and my sins.'"

"To follow a good example in the future will not blot out the black record of the past; we need the blood of Christ's atoning sacrifice to accomplish that. To hear a Paderewski play will not make us like a Paderewski. Could a Paderewski incarnate himself within one, he could play like himself."

"So the Christian life is not Christ and I, but Christ in me. We need the Christ within to live the Christ without."

Dear reader if you do not know Christ as your Saviour you can never expect to have Him live through you. Won't you let Him in?"

Preaching services, Sunday at 10 a. m. and 7:30 p. m.; Sunday School, 11:30 a. m.; Young People's Meeting, Monday evening at 7:30. Mid-week Prayer and Praise service, Wednesday at 7:30 p. m.

CATHOLIC CHURCH

Sundays - Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass.

Week-days - Mass at 7:30. This hour makes it convenient for the children to attend on their way to school. All should begin the day with God.

Societies - The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society.

Children of Mary - Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 8:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

FIRST CHURCH OF CHRIST SCIENTIST

Sunday morning service at 10:30 a. m. subject - "Adam and Fallen Man."

Wednesday evening testimony service, 7:30. Reading room in rear of church open daily from 2 to 4 p. m., except Sundays and

holidays. Everyone welcome. A lending library of Christian Science literature is maintained.

ST. MICHAEL'S CHURCH

Masses: Sundays 8:00 and 9:00 a. m. Holy Days 7:30 and 9:00 a. m. Week days 8:00 a. m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

BEECH M. E. CHURCH

Morning worship, 9:30 a. m. 10:30 Sunday school.

THE CHURCH OF THE OPEN DOOR

Preaching services, Sunday at 10 a. m. and 7:30 p. m.; Sunday School, 11:30 a. m.; Young People's Meeting, Monday evening at 7:30. Mid-week Prayer and Praise service, Wednesday at 7:30 p. m.

ST. PAUL'S EV. LUTHERAN CHURCH

O. J. Peters, Pastor

Services in English, May 20, at 2:30. Welcome.

A special offering for the extension of Christ's kingdom will be lifted in this service.

ST. PETER'S EV. LUTHERAN CHURCH

Edgar Hoenecke, Pastor

Pentecost, May 20th, 9:30 a. m. The 12 children of this year's Confirmation class will be received into communicant membership with the church by the rite of Confirmation. The service will begin at 9:30 and not at 10:30 a. m.

May 27th, 10:30 a. m. Service of Thanksgiving for 5 years of God's Grace and Blessing on our congregation. The congregation

has every reason under heaven to be assembled without exception on this day. The ship of the church has during the five years, just past, safely weathered many a storm under the protection of the Lord. Finally, on this day, the congregation today is in splendid condition; church attendance has improved; we ought to be thankful in Prayer and In Deed. It is a bitter reproach to any people, let us not become guilty of it again, as we did in the days before the depression. Holy Communion will be celebrated on this Sunday; the children of the class receiving their first Communion.

June 3rd, Sunday after Memorial Day, we will celebrate Memorial Day in our Church for our Christian Dead. "Blessed are the dead in the Lord from henceforth," said our God.

FIRST BAPTIST CHURCH

Loyla Sutherland, Minister

10:00 a. m. Morning subject - "Perpetuating Pentecost." When we are challenged to examine closed the doors of a handful of people in Jerusalem in the year A. D. 30 and then to seek the repeating and the perpetuating of that experience in our own time, it is a most interesting thing to ask if our age will permit the perpetuating of Pentecost. Can it be done and how?

11:15 a. m. Church School.

High School Dramatic Club will present a religious drama entitled, "The Finger of God." A special program of music will also be given in connection with the drama. You are invited especially to hear these young people from our own high school.

Mid-week service of prayer and study on Wednesday evening at 7:30.

This week Friday night our Junior choir will present a program of vocal and instrumental music at the First Baptist Church at Ypsilanti. This is the first appearance of this choir in one of the larger churches and any who may be interested in hearing them away from home are urged to go with them on this Friday night.

Watch for announcement of special musical service on the last Sunday night of the month. Another Bethany service will be held, probably the last one of this season.

FIRST PRESBYTERIAN CHURCH

Walter Nicol, Pastor

10 a. m. worship, 11:30 a. m. Sunday school.

Memorial Day service Sunday, May 27th.

Walter Nicol, Pastor

Services in English, May 20, at 2:30. Welcome.

A special offering for the extension of Christ's kingdom will be lifted in this service.

NAZARENE CHURCH

Robert A. North, Pastor

Bible school, 10:00 a. m. Morning worship, 11:15 a. m. Evangelistic Hour, 7:30 p. m. Prayer and Praise, Wed., 7:30 p. m.

"Thou wilt keep him in perfect peace whose mind is stayed on thee, because he trusteth in thee." (Isa. 26:3).

METHODIST CHURCH

10:00 a. m. Morning worship. 10:00 a. m. Children's church, 11:30 a. m. Church school, 6:30 p. m. Epworth League, 7:30 p. m. Evening worship.

Dr. Walter Fruit will be guest preacher at the morning service. Dr. Fruit was for several years pastor of Court Street church at Flint, and is now Superintendent of the Detroit District. He will assist in taking pledges to apply on the oneness of the Methodist church.

On Monday night at seven-thirty an interesting talk on health and natural foods will be given to the men and women by Louis J. Schaefer, A. B. No admission will be charged. A light luncheon will be served free.

Friday night, May 18, the Booster class will have its regular potluck supper.

Boys and girls should enroll now for the summer camp. The money need not be paid until later, but we need the names as soon as possible so that plans may be made.

A week from next Sunday evening or May 27, Captain Demaroff who is head of the traffic department of the Flint police will speak on safety. He will tell also his experience with the regular laws Captain Demaroff is the Uncle Bob and Uncle Neal of the radio.

ST. JOHN'S EPIS. CHURCH

Paul Randall, Lay Reader

Morning Prayer and Sermon, 10:00 a. m. Church school, 11:15 a. m.

SALEM CONGREGATIONAL CHURCH

Rev. Lucia M. Strich, Minister

Service next Sunday, 10:30 a. m. Sunday school, following at 11:45 a. m. Ward Clark, Supt.

Next Sunday evening the pastor with a fine group of young people are going to unite in the service with Rev. Arnold Kehr! in the Beulah Baptist church, Detroit, who will baptize a splendid class of this church his own church. Come and unite with us at this service. All are welcome.

Prayer meeting next week in the church.

The Children's Day Service will be observed Sunday, June 10th in the morning. Mrs. Ivan Speers, chairman.

There was a splendid response given both by men and their labors and their money for special repairs on the church and church property to an appeal given two weeks ago by interested men of the church. We are very grateful for these kind expressions of lov-

ing service and consecrated money for God's House!

The ninety - second annual meeting of the Michigan Congregational and Christian Conference will be held in First Church, Saginaw, Michigan, May 21-23, 1934.

WEST PLYMOUTH

Mr. and Mrs. Frank Pitman and little daughter Joyce of Ann Arbor were entertained Saturday night at the home of H. C. Root.

Mother's Day was the occasion of many pleasant reunions in this vicinity. Mr. and Mrs. Harry Grandsen with their three children came from Sanford to spend the week end with Mrs. Grandsen's parents, Mr. and Mrs. W. M. Spangler, Mr. and Mrs. Fay Williams with their two children from Williamston spent the day with Mrs. Williams' parents Mr. and Mrs. Lewis Root. Mr. and Mrs. C. T. Aldrich with their four children from Clayton to spend the week-end with Mrs. Aldrich's parents, Mr. and Mrs. J. F. Root.

Little Betsy Ross celebrated her fourth birthday, May 8. Three little friends, Kathleen Blossom, Betty Jane Richwine, and Beth Ann Sutherland spent the late

afternoon with her and had dinner with her, a birthday cake and gum drop animal favors added the pleasure. Other invited guests from Ann Arbor and Detroit were unable to come. This is also Mrs. W. J. Asman's birthday. Betsy's grandmother, She and Mr. Asman of Ann Arbor were also present.

Mr. and Mrs. George Richwine had a complete family reunion Mother's Day all of their children and grandchildren being with them. Seventeen were served at dinner.

Mr. and Mrs. H. C. Root spent Mother's Day with Mrs. Root's parents, Mr. and Mrs. Frank Truesdell.

On board the British frigate "Macedonia" was a brave American seaman, Jack Cand. of Woolwich, Maine, who had been impressed into the British Navy. Forced to serve against his countrymen Cand was killed in action against the "United States."

Early frigate victories in the War of 1812 demonstrated the superiority of American crews over British as well as American ship handling over British.

That the Navy Department, on April 11, changed the addresses of most of the Naval vessels to care of the Postmaster, New York City, N. Y.

commander of the U. S. S. Maccon, sister ship of the ill-fated Akron.

That Lieut. Commander Herbert V. Wiley, only officer surviving the Akron crash, is named

That the work done by our Navy for humanity during past years would justify its existence, even though it never fires another shot in war.

Junior Honor Assembly Held

The junior assembly last week proved a rather unique entertainment which consisted of entertainment by members of the student body and the presentation of awards in various activities. First the Junior high school sextette, which is composed of Madelyn Weller, Jewel Stankiewicz, Patricia Cassidy, Norma Jean Roe, Jeanette Brown, and Florence Norton, sang three numbers. Mr. Latture then gave a short talk which he described as the forensic activities of the year. He presented two fresh-man debaters, Jewel Stankiewicz and Tommy Brock with bronze medals from the Detroit Free Press. Mr. Latture stated that he had never before known a freshman who made their school terms and participated in interscholastic activities. He then presented Miss Evans played a trombone duet accompanied by Miss Ford at the piano. Miss Perkins then presented the penmanship contest. The following students received Palmer Method Improvement certificates: Daniel Burton, Maybelle Giff, Robert W. Williams, Edward Tennant, Murray Roland, Warren Ossensheimer, Niels Pedersen, Edith Mettetal, Richard Gilles, Gladys Gardner, Rosemary Lueke, Robert Lorenz, Viola M. Egan, Karl Marvin Hauk, Douglas Eckies, Sidney Pethoff, Sarah K. Denman, Patricia Bur-ton, Donald Bessing.

Central Grades School Notes

The kindergarteners exhibit was a very interesting one and showed a great deal of effort and progress. A few of their displays were showing washing, tooth chery trees, and hats and clovers for St. Patrick's Day. They also had exhibits portraying special occasions such as Christmas and Easter and Hallowe'en. They had several doll houses and furniture. At one side of the room the children had set up a table with real dishes and food made of modeling clay.

Senior Biographies

GEORGE WILSON
 Brown-haired and blue-eyed George Wilson was born in Detroit on August 9, 1916. He moved to a point near Plymouth ten years ago. George has no hobby but his spare time seems to be pretty well occupied with Jane. His ambition is to become a tool-maker.

MERNA VAN TASSEL
 Merna Van Tassel was born on June 1, 1916, in Detroit, Michigan and moved to Starkweather in four years old. She is taking a college preparatory course and plans to attend the Michigan State College at East Lansing this fall to take up home economics. Merna has been a member of the Leader's Club in '33 and '34, and of the Glee Club for the past four years. Besides participating in all class sports she has been on the basketball team, tries to keep "Double Twaddles" out of mischief but she herself usually gets into it. Her pastime used to be Russell but now is Gene and Rupert.

ROSEMARY WEST
 Rosemary West, the c'm up and see m' sometime gal, was born with blue eyes and straight brown hair in Peninsula, Indiana on November 28, 1916. Rosie or Pody, as she is sometimes called, came to live in Plymouth ten years ago. While in high school she has taken part in many various activities, such as being a member of Girl Reserves, of which she is the treasurer, of Leaders' Club, of Drama Club. Rosemary is manager of senior girls' sports and has earned two school letters. She is likewise to be remembered for her excellent portrayals of Mrs. Newland in the senior play "She Wouldn't Tell Us What Her Favorite Hobby is" but said that her second choice is sports. About a month after school is out, Rosie is going to pack her things and start for Cleary Business School in Ypsilanti. Better than anybody else Rosemary likes her good looking, blue-eyed, blonde friend, Merna Van Tassel. They make a grand pair, these two, either as Mae and Harpo (remember Stunt Night) or as Kate and Rosie.

ISABELLE WINKLER
 In Detroit on June 5, 1916 was born this happy miss, Isabelle or Isidelle, as her intimate friend, Merna calls her. Isabelle is one of the best of friends and do almost everything alike. Isabelle says her favorite pastime is reading. Merna says she expects to attend art school, but very different from art, her ambition is to become a brain specialist. You're certain to find Isabelle in one, Issie! There's a scotch boy in Detroit and another one in South Lyons, one of whom is her special interest, Isabelle is a member of Leaders, and Glee Clubs.

AMALIA ZIELASKO
 Wayne is the birthplace of this young lady whom her friends call Mollie, and February 7, 1916 is the birthday. She has lived on the farm where she now resides ever since she was just a few months old, and before coming here in the ninth grade she attended school at Newburg, Dur- ing her first year in high school she has been a member of Drama and Commercial clubs, Junior chorus, Pilgrim Prints, and has taken part in many night musicals and all class sports. In her freshman year, Mollie was the winner of the class declamation contest, in her sophomore year she was the school declaimer, and in her Junior and Senior years she was class treasurer. Her favorite hobbies are tennis, typing, dancing, and trying to win. Next year Amalia intends to become a secretary to someone but who that someone is we do not know, because she has not yet chosen her friend is she replied: "As for the boys, all I will say is that it isn't anyone in school and who it is, well, just try and find out."

Anti-Heckling
 Well friends with the usual greetings of roses we bring to this week's tidings. That timid Wilcox boy again starts things off, but this time chiding on "Leroy." Yes, said it is but "Pussyfoot" was seen riding Myrilla Savery home on his bicycle.

Anti-Heckler
 A bit more of chiseling but this time it's "Froggie" Johnson, the life of the party, who is away from the good brother, Dean Herrick, who had to get another date.

Dr. Joseph A. Vance, pastor of the First Presbyterian Church in Detroit, will deliver the Commencement address June 7, in the high school auditorium.

 June 8 — Alumni Banquet.

ROCKS PLACE FOURTH IN LEAGUE MEET

The Rock's track team placed fourth in the Twin Valley Athletic Association meet held at Ypsilanti last Saturday morning. Wagenschutz took first place in the broad jump with a record leap of twenty-one feet. He also placed third in the high jump. Champe took second in the pole vault going eleven feet, the highest he has ever vaulted. Champe also took fourth in the high hurdles. Jack Williams tied for fourth place in the pole vault. Kinsey took third in the shot put being bested only by second place by two inches. These were the only Plymouth men who placed. Many records were broken by Ecorse. Dearborn and River Rouge men won the meet with 60 1/2 points. Ecorse was second with 29 points, Rouge placed third with 23 points, Plymouth fourth with 13 1/2 points. The first five with 5 points and Wayne was last with 1/4 point.

Ad. Lib.

I hereby apologise to Tom Brock and Jim Livingston for thinking that they wrote the C. C. C. ("Crazy Comment Colly-")

Jack Sessions was born on a farm at an early age. He soon became very fond of the animals. The animals soon became very fond of him. He has a larger animal call him brother. One fateful day in September he started school (we haven't had any peace since then). He was interested in the study of zoology. Mr. Bentley. He became so engrossed in that subject that, as often happens in such a case, his mind began to wander from the more serious side of life. He became involved in Pilgrim Prints work. Wandering from one subject to another he began to take interest in the secretary's assignments in making days chains. ("Just a fugitive from a chain gang," he says, in an exclusive interview) that he intends to attend Salem University to study the life habits of muggumps, also the care and feeding of snipe. (If he can catch one.)

Watch for Ad. Lib. Anti-Heckling, Heckling, Incorporated.

Looking through old issues of the Pilgrim Prints last week we came upon the "Ad. Lib." as edited by Eugene J. Van Tassel. We found the question "Why is a cow?" appearing several times. Well, when you come right down to it, "Why is a cow?"

Catch your friends on this one: How do you pronounce POLK? How do you pronounce POLK? How do you pronounce POLK? (Most people will say yolk when what they really mean is the white). Miss Wells said that it was a good yolk.

Girl Reserves Have May Breakfast

The annual May breakfast of the Senior Girl Reserves was held last Friday morning at 7 o'clock in Riverside park. While breakfast was being prepared the girls sang "America," the "Beautiful" after which they had a group prayer led by Evelyn Rorabacher. The code was repeated by the following girls: Coraline Rathburn, Ruth Schmidt, Gertrude Miller, Marguerite Ritchie, Jane Whipple, Vivian Towle, Yvonne Year, Joan Cassidy, Eleanor Strale, and Marian Squires. The girls then sang in the ninth grade she attended school at Newburg, during her first year in high school she has been a member of Drama and Commercial clubs, Junior chorus, Pilgrim Prints, and has taken part in many night musicals and all class sports. In her freshman year, Mollie was the winner of the class declamation contest, in her sophomore year she was the school declaimer, and in her Junior and Senior years she was class treasurer. Her favorite hobbies are tennis, typing, dancing, and trying to win. Next year Amalia intends to become a secretary to someone but who that someone is we do not know, because she has not yet chosen her friend is she replied: "As for the boys, all I will say is that it isn't anyone in school and who it is, well, just try and find out."

Girl Reserves Elect Officers

An election was held last Friday afternoon by the Senior Girl Reserves to elect the following officers for next year: president, Joan Cassidy; vice president, Yvonne Hearne; secretary, Gwendolyn Dunlop; treasurer, Abbie Melow; interclub counselor, Miriam Brown and Student Council Representative, Jean Joliffe.

Starkweather School Notes

The girls of the first grade are making aprons and the boys are making toys out of wooden boxes. Marvin Wilson has been absent last week on account of illness. Among the things that were brought to school on Relic Day was a book one hundred and sixty years old. The interesting story was told about it by one of the children. Many parents and friends visited the school last week to see the exhibit. The fourth graders gave flowers and poems to their mothers for Mothers' Day. The 6A class have made a history of the school and are studying one in hygiene. In geography the 6A class are studying Michigan.

River Rouge Netmen Lose To Plymouth

Plymouth showed their stuff Thursday May 10, when they took down River Rouge 5-0 in a tennis match. Each set was won by a good margin. Champs-Reid; Champe won, 12-14, 6-1, 6-3. Levandowski-N. Safford; Levandowski won, 6-4, 6-2, 2-6. Burden-Safford; Burden won, 6-4, 6-4. Doubles: Luttermoser and McLean, Cooper and Cunningham, were the terms and McLean won, 6-3, 6-3. Moe and Elliott - Rose and Ryals; Moe and Elliott won, 6-1, 6-0.

Mother-Daughter Banquet, Success

The Mother and Daughter banquet sponsored by the Girl Reserves turned out to be a real success. After all of the girls had gathered in the gym around the prettily decorated tables Joan Cassidy, general chairman for the occasion, introduced Evelyn Rorabacher, president of the club, who acted as toastmistress. Evelyn introduced the occasion of the evening after which everyone sang Grace. During the dinner, which was very well served by a group of Hi-Y boys, every one joined in singing several songs led by Catherine Dunn, Mary Mettetal, Miriam Joliffe, Florence Norton, Madelyn Weller, Virginia Cline, Jeannette Brown and Helen Ribar, pianist. The very lovely dinner prepared by the ladies of the Methodist church, Evelyn Rorabacher introduced the program which was followed out by the word quartet, "The Minstrel Song," the program was "Melodies" with Catherine Dunn, Mary Mettetal, Madelyn Weller, Jewell Starkweather, Florence Norton, Jeannette Brown, Jean Joliffe and Miriam Joliffe. "Our Eulogies" followed this with Jean Murray, Madelyn Schlenderers, Marian Norton, Patricia Mithroff, Elizabeth Braddell, and Jane Burr who spoke little poems of Mother. Jane Whipple then gave a toast, to the Mothers followed by the Mothers' Daughters by Mrs. Roderick Cassidy, "Hep-lad" came next with Dorothy Hearne, Edith Mettetal, Florence Norton, Patricia Mithroff, Jewell Starkweather, Elizabeth Hegg and Patsy McKinnon doing a very clever clog dance. Mrs. Belle Farley Murray, extension teacher, Florence Norton, Jeannette Brown, Jean Joliffe and Miriam Joliffe. "Our Eulogies" followed this with Jean Murray, Madelyn Schlenderers, Marian Norton, Patricia Mithroff, Elizabeth Braddell, and Jane Burr who spoke little poems of Mother. Jane Whipple then gave a toast, to the Mothers followed by the Mothers' Daughters by Mrs. Roderick Cassidy, "Hep-lad" came next with Dorothy Hearne, Edith Mettetal, Florence Norton, Patricia Mithroff, Jewell Starkweather, Elizabeth Hegg and Patsy McKinnon doing a very clever clog dance. Mrs. Belle Farley Murray, extension teacher, Florence Norton, Jeannette Brown, Jean Joliffe and Miriam Joliffe.

Heckling Around

At last the Oscar-Mary-Art trials have broken up. Art has given up. Oscar was too strong competitor. However I know that Oscar had Mary all day in Lansing but Art was on hand to take home what rivalry wouldn't be surprised if the boys had a tussle before long. Brother Dean certainly is becoming popular. At the dance, Friday he danced with all the girls and said they were terrible. (Confidentially, ask some of the girls how Dean's footwork was).

Howell Defeated By P.H.S. Golfers

Playing at the Plymouth Country Club the golf team last Thursday defeated Howell. The team ably coached by Mr. Evans will enter the regional tournament. Plymouth: Burley 94; Michaels, 90; Williams, 89; Kinsey, 91. Total, 358. Howell: Van Winkle, 78; Scullery, 102; Van Winkle, 89; Ross, 97. Total, 366.

Holy Name Bows To Rocks Nine

The P. H. S. ball team defeated Holy Name Tuesday afternoon by a score of 17 to 8. This is the second time that the Rocks have played Holy Name this season and also their second victory. Schille started pitching the game for Plymouth and after allowing two runs and two hits he was relieved. Al Gothard pitched the fourth. After the sixth inning Basset went in for the locals. Jacobits pitched almost all the game for Holy Name. Dryden pitched in the seventh. Taylor of Holy Name, Levandowski and Roginski of Plymouth all

G. R. Officers Installed

A recognition service and a meeting of installation of officers was held Monday evening in Room 14 by the Girl Reserves. The following girls were recognized into the club: Jean Roderiger, Gwendolyn Dunlop, Ethel Ribbits, Myrilla Savery, Helen George, Margaret Horvath, Ann Kingsley, Iola Curtis, Marguerite Dougherty, Esther Bichy, Ann Donnelly, Elizabeth Whipple, and Thelma Lunsford.

Whitman's Home

Dr. Marcus Whitman lived in this home at Wai-lai-pu for many years after the original expedition of 1836 to the territory which is now Washington. Thoughtful purpose and knowledge in our professional duties and a sincere wish to assist each ceremony where we serve.

PLYMOUTH WHIPS FORDSON NINE 6-5

After losing their first game of the season to Fordson by a score of 5 to 4 the Rock's baseball team took revenge last Friday afternoon and defeated Fordson in a very interesting game which ended 6 to 5. Both teams scored a run in the second inning and until the fifth neither team scored a run. With bases loaded Straud, of Fordson, smacked out a home run putting them four runs ahead of Plymouth. In the sixth inning Levandowski started the rally with a home run and after this the local score was three more runs tying the score. In the last half of the seventh Levandowski hit a Texas Leaguer and after Trimble had fied out to be the second and when the catcher threw over the second baseman's head he took third, he then stole home with the winning run. Levandowski also had a walk and a hit with three hits out of four times at bat.

Basset struck out seven men while Siepierski of Fordson struck out ten. Basset issued two walks and Siepierski three.

Seniors Enjoy Trip Skip Day

Dressed in their Sunday best seniors left on two special chartered busses for Lansing last Wednesday afternoon to attend a rainy day, however before they left it had stopped raining. The students enjoyed the ride very much but it is hard to say what Tommy and the other seniors crawling over the seats without their shoes on and of the other minor accidents that occurred such as the broken window episode, the cutting of Mr. Straub's tooth, the cut fingers, and torn signs.

Senior Drama Tryouts Held

Eighteen graders who are members of the Junior Drama Club tried out for membership next year in the Senior Drama Club before the members of that club last Thursday. They presented two short plays in which each applicant was given a chance to display his acting ability. The following tried out:

Weitha Selie, Gene Theke, Betty Parker, Barbara Nyring, Irene Beckwith, Jessica Goebel, Hal Horton, Irving Prough.

All were accepted by the Senior Drama Club. At the conclusion of the tryouts Miss Ford gave a poster a drill on acting gestures to words. The full schedule which the Drama Club has maintained this year will continue almost to the dismissal of school. Two plays were presented at the Gear School on May 11 and two others in Detroit May 17. One play will be given at the Plymouth Country Club May 20 and another at the Presbyterian Church on June 5.

Torch Club Plays In Park

One of the most stupendous baseball games in sporting history was played between the freshmen and sophomore members of Torch Club, last Friday. Starting as a peaceful baseball game the contest soon developed into a combination of baseball, football, prize fighting, and wrestling.

Student Council Uses Musicals Receipts

The musicale given Friday, May 4 in the high school auditorium by the music-department brought in approximately sixty dollars. This money went to the Student Council and just how it is to be used has not been decided.

The train of time and opportunity has no rear entrance: you have to enter by the front door if you care to ride.

ELECTRICAL?
 Yes it should be and if you need new wall plugs, additional wiring or anything in the electrical line
 PHONE 228
S. T. Corbett
 Estimates on electrical contracting given freely.

Dr. Vance To Give Address
 Dr. Joseph A. Vance, pastor of the First Presbyterian Church in Detroit, will deliver the Commencement address June 7, in the high school auditorium.

EDITORIAL Why Go To College?

Whether or not a person should attend college has been one of the most debatable subjects in the United States. It is strongly believed that one should attend if it is at all possible in the first place it helps one develop his power of concentration, for with-out this faculty it is nearly impossible to attempt to learn. Also if a student really wishes to go through college to get the very most out of it, his will power is strengthened. This command of one's self is of great use in this material world.

Then too there are the subjects of which one can make practical use. The fine arts, those cultural mediums of expression are the things which lift individuals from the hum-drum existence, and they can be had in the fullest detail in college. Some of them are literary, some are dramatic, some are of the realm of thought and give untold pleasure; pictures that beautify the home; drawing, modeling, sculpture, which give vent to the creative within; a music that helps people to be cheerful and gay. These arts enable one to express originality and character traits that are often hidden. A University learning imparts a broader outlook, self-reliance, and above all social contacts with students. It is here that some of the most valuable of life-long friendships are formed.

Girls Attend Home Economics Conference

At the Home Economics conference which took place in Lansing last Friday and Saturday, Patricia Burton and Jean Joliffe represented Plymouth. After their arrival with Miss Lundin Friday afternoon the girls were welcomed in the Little Theatre in the Home Economics building and at the same time were told of the contest which they entered that afternoon. At last night's session a contest on "Clothing Selection" while Patricia went on a tour around the campus visiting a nursery school, Mary Mayo Hall, and home management houses. At 6 o'clock Patricia entered a contest on "Food Selection" while Jean made the same tour.

School Exhibit A Success

The Annual School Exhibition, which was held last Thursday and Friday was a success. All the outstanding things made by the students during the year were displayed. Modernistic stages were cleverly made by some of the members of the Drama Club, while booklets, posters, maps, themes, graphs, and book reports were displayed by the various classes. A few skulls (one of which was that of a human) were displayed by the Science Department. An attractive desk was made from an old log by a boy from the Ypsilanti Department. Tables, metal lamps, ash tray stands, a desk set, bird houses, artificial flowers, made of tin cans, a radio bench, the members of the Home Economics club exhibited play shorts made of striped percales, seersucker, and gingham. One of the girls had an individual display of the kinds of clothing a high school girl should wear. The senior high girls displayed dresses, pajamas, and under garments. The Foods class displayed a collection of breads. The four corner dinner notebooks, a home project, and correct and incorrect cooking equipment. The cafeteria was opened for inspection every day after noon. An demonstration of baked caramel custard was given.

Howell Defeated By P.H.S. Golfers

Playing at the Plymouth Country Club the golf team last Thursday defeated Howell. The team ably coached by Mr. Evans will enter the regional tournament. Plymouth: Burley 94; Michaels, 90; Williams, 89; Kinsey, 91. Total, 358. Howell: Van Winkle, 78; Scullery, 102; Van Winkle, 89; Ross, 97. Total, 366.

Holy Name Bows To Rocks Nine

The P. H. S. ball team defeated Holy Name Tuesday afternoon by a score of 17 to 8. This is the second time that the Rocks have played Holy Name this season and also their second victory. Schille started pitching the game for Plymouth and after allowing two runs and two hits he was relieved. Al Gothard pitched the fourth. After the sixth inning Basset went in for the locals. Jacobits pitched almost all the game for Holy Name. Dryden pitched in the seventh. Taylor of Holy Name, Levandowski and Roginski of Plymouth all

PROVED-

by millions of miles of testing by engineers

PROVED-

in the hands of hundreds of thousands of owners

Now we ask you to

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

CHEVROLET

FULLY-ENCLOSED KNEE-ACTION WHEELS

80 HORSE-POWER 80 MILES PER HOUR

CABLE-CONTROLLED BRAKES

BODIES BY FISHER

SHOCK-PROOF STEERING

WHY do you suppose Chevrolet keeps repeating, in all of its advertising, "Drive it only 5 miles"? Here's the reason: Chevrolet engineers have tried out all the various makes of cars in today's low-price field. And they have proved, to their complete satisfaction, the same things that hundreds of thousands of Chevrolet owners are proving in their daily driving: How much more smoothly a car travels with genuine, fully-enclosed Knee-Action. How much more comfortably it handles, with shock-proof steering. How much more restfully you ride, in a Fisher Body car. How much more safely you drive, with cable-controlled brakes. And how much finer performance and better economy are secured from an overhead-valve Six! In other words, Chevrolet engineers know for sure that the Chevrolet ride simply can't be matched by any other in the low-price field. They know it—thousands of owners know it—and now we want you to know it too, before you make your final choice of a low-priced car. CHEVROLET MOTOR CO., DETROIT, MICH.

Society News

On Monday evening Mrs. Arthur McGory complimented Mrs. Harry Mills (Jeanette Shoemaker) with a "miscellaneous" show at her home on Adams street. The guests enjoyed various games during the evening which was followed with the serving of delicious refreshments at tables daintily decorated in colors green and white, having tiny green satchels as favors. Mrs. Mills was the happy recipient of several lovely gifts from the guests present and also from some who were unable to be present. Those present were Mrs. Mills, the honoree, Mrs. Harry Shoemaker, Mrs. Arthur Mills, Mrs. Laura McGory, Mrs. Frank Sanders, Mrs. Roscoe Gramb, Mrs. Howard Smith, Miss Doris Cole and Miss Dorothy Sanders.

Mrs. Harold Coolman entertained Monday evening at her home on South Harvey street in honor of Mrs. Foster Cross of Ann Arbor. Bridge was enjoyed for a time after which a delicious lunch was served. Mrs. Cross received many lovely gifts at this time. The guests included "Mrs. Cross, the honoree, Mrs. Larry Cross and Mrs. Walter Schlicht of Ann Arbor, Miss Rosalyn Green and Mrs. John McArthur of Detroit. Mrs. Fred Gotts of Northville, Mrs. Kleskamp, Mrs. Lena Schmidt and Mrs. Gorton of Ypsilanti, Mrs. Earl Gray and Mrs. William Curtis of Plymouth.

Mrs. S. N. Thams, J. P. Morrow, Robert Willoughby and P. R. Hohesl were hosts at a luncheon-bridge Tuesday at the home of the latter on Blunk avenue to the members of their Pan Hellenic bridge club of Detroit which includes Mrs. Lattin, Mrs. Messer, Mrs. Hester, Mrs. Bem, Mrs. Collett, Mrs. Phillips, Mrs. Holmes and Mrs. McCosh.

Rev. and Mrs. Edgar Hoenecke and son and her mother, Mrs. Josephine Fish, were dinner guests Sunday of Mrs. Van Wier in Detroit.

The Ladies' Auxiliary of the Ex-Service Men's club will have a co-operative luncheon on Wednesday May 23, at the home of Mrs. Melvin Alguire on the Canton Center Road.

Mr. and Mrs. Edwin Campbell and son and her mother, Mrs. Josephine Fish, were dinner guests Sunday of Mrs. Van Wier in Detroit.

What is "Keening"?

In America, most Irish people call it. "An Irish Cry. It's really one form of mourning, the cry of the dead. In a way, it resembles the Southern Negro Jump-ups. A phrase is half spoken, half sung, picked up by someone else, added to and repeated in a low, wailing chant.

Today, we prefer the dignified solemnity and respectful peace of a Funeral Home. Our beautiful Funeral Home is available at no additional charge.

Hubert of Toledo, Ohio, Mr. and Mrs. Arthur Stewart of Flint, Mr. and Mrs. Will Crawford of Milford, Miss Roberta Crawford of Pontiac, Mrs. Clara Smith and Mrs. Vennoy Carpenter and Mr. and Mrs. Fred Wilson and Mrs. Walter Wilson and Mr. Frank Hubert all of Elm. Mr. and Mrs. Irving Stoneburner of Northville.

Luxury for Crew of Soviet Ship

WHEN the motorship freighter Kiba, first Soviet vessel to come to New York, arrived there, visitors expressed surprise at the luxurious quarters of the crew. Several of the sailors and two stewardesses are here seen enjoying themselves in their recreation room.

Student's Essay Wins Place In Final Contest

(Continued from page one)

"I am dying by inches of T.B. and am unable to get anywhere. If not helped pretty soon, perhaps it will be too late."

"Ten days later this man died. Why? Because of lack of room in the sanatorium where he could get well."

"There are thousands of other equally pathetic cases perhaps even worse off than Mr. Kincaid, feeble, asking for admission to the already crowded sanatorium. They plead to you for aid. We must do something for them. In order to adequately take care of the afflicted we must give public support and procure from 10,000 to 25,000 more beds for the sanatoria of the United States."

In addition to costing federal, state and local agencies in lives and time, the tubercle germ costs these agencies over one billion dollars for relief for the suffering. Think of this vast sum! How many useful and constructive agencies could we build with all this money?

"But just what is tuberculosis? The disease is caused by a germ called the tubercle bacillus. It is infectious and is spread by coughing, spitting and sneezing. It can first be noticed by unusual tiredness and a steady cough. Until recently it was considered as a comparatively modern disease but this has been disproved by the archaeologists who discovered the germ in ancient mummies."

"A great discovery in the control of tuberculosis was that of the X-ray by Wilhelm Roentgen. This is one of the best known methods of fighting the germ. Mr. Roentgen found that certain light rays could be used to diagnose symptomless diseases. This is helpful in finding the germ in boys and girls, thus keeping it from flourishing and growing."

"Another scientific method is to rub a liquid, which has been filtered, boiled and evaporated, on the skin, and from three to five days later have the doctor make a thorough examination. He can then tell if the germ is present. This is called the tuberculin test."

"An ounce of prevention is worth a pound of cure. How true this is! And the best ways to carry this in effect are three in number. First, educate the people, second, improve working conditions and third, improve living quarters. To do this one thing is essential—stir up public interest!"

"We must organize associations and make a united stand against tuberculosis. Already there are thousands of these in existence, in cities and in villages. The first was established in 1892, and the first educational pamphlet on tuberculosis was printed in 1887. Now there are millions of printed matter being circulated throughout the country."

"Another big step forward was the founding of the Christmas Seal by Einar Holboell. Today millions of stamps are sold and the brunt of the fight against tuberculosis rests upon this little seal. It is the answer to our problem. Support it! Much progress has been made in fields of science and public interest. The tuberculosis associations have progressed and this year inaugurated their campaign with a fine slogan, "Tuberculosis robs you, public health protects you. No worthier slogan could have been adopted."

"We must keep up the good work and progress so that in future years our definition of tuberculosis will read, "Tuberculosis, an outlawed and extinct form of disease."

OBITUARIES

MRS. MATILDA BURDEN
Miss Matilda C. Safford was born August 24, 1857 in Livonia Township. On January 1, 1869, she was united in marriage to John Burden, a native of New York state, at Northville, the Rev. Mr. James DeBar performing the ceremony.

Mr. and Mrs. Burden moved to Plymouth in 1885, where they have lived ever since.

Mrs. Burden was a member of the Methodist Episcopal church for 47 years.

The Lord called our mother home, Thursday, May 10th.

She leaves to mourn, nine children: Mrs. Effie Thomas, Northville; Mrs. Jennie Ashton, Detroit; Arthur Burden, and Ernest Burden, both of Plymouth; Mrs. Cora DeGrouf, Mrs. Myrtle Shipley, Pontiac; Mrs. Leona Ringie, Salem; Ollie and Harvey Burden of Plymouth.

Besides the children, there are twenty grandchildren, and twenty-four great-grandchildren.

SELA B. STONEBURNER
Sela B. Stoneburner was born August 1, 1849 at Hilton, N. Y., and passed away on May 10th at the home of his son on Palmer avenue.

Mr. Stoneburner was married at Hilton, N. Y., in 1874 to Miss Ella Stoneman and soon after their marriage they came to Michigan and about 1878 settled on the pierces of this part of the country on a place on Ann Arbor trail just east of Plymouth and near Newburg. Here they literally made a home out of the wilderness and there reared their family. Here both Mr. and Mrs. Stoneburner were very active in all the life of the community, giving earnest attention to the church life of that early day.

It is to these stalwart settlers that we owe much today and some few of his early friends and neighbors still remain to tell of their splendid associations.

Mrs. Stoneburner preceded her husband in death thirty-four years ago, also one son Basil Stoneburner, four years ago.

There remain of his family one son, Chas. Stoneburner, with whom he has made his home for twenty years and a daughter, Mrs. Libby Walsh, also six grandchildren and one great grand child.

SALEM FEDERATED CHURCH

We welcome you to worship with us. In the morning service at 10:30 o'clock on May 20, the subject of the message will be, "The Nation God Condemns."

Bible school at 11:45 a. m. "The Future of the Kingdom," Matthew 25: 1-13. Memory text: "The kingdoms of this world are become the kingdom of our Lord, and of His Christ, and He shall reign forever and ever." Revelation 11: 15.

There will be no evening service on May 20, as we plan to meet with the Washenaw County Brotherhood at the West Side Methodist church in Ann Arbor. The Brotherhood meetings will be held at 4:00 p. m. and 7:30 p. m. and a lunch will be served between the services.

The May meeting of the Aid Society will be held in the home of Mr. and Mrs. Harry Atchison, on Thursday afternoon, May 24, with supper at 5:00 o'clock.

Trout Fishermen Try Out Luck Along The Au Sable—Small Catch

Dr. Paul Butz, William Pettigill, Frank Coward and Walter Smith, four enthusiastic fishermen of Plymouth have been spending the past few days seeking speckled beauties in the Au Sable. Another fishing party, consisting of Glenn Jewell, Mark Chaffee and Dr. Champe spent the week-end on a stream west of Mio. They returned and reported poor luck declaring that none of the fishing parties they encountered had had any luck along any of the northern streams they fished.

League Hears Of Ford Republic

(Continued from page one)

failed on probation. Their aim is to teach the distinction between right and wrong and to help these boys readjust themselves to society.

One of the important functions is the self government of the boys. They elect their own president, yard commissioners, etc., and meet twice a month to make rules and regulations most suited to their work.

They also have a "Boy Court" with a judge and necessary officers elected from their own group. This court meets every evening and they pass out sentences to those who may have done wrong during the day. This method works to much better advantage than if some of the staff prescribed the punishment.

They have an Economic System by which each boy is taught the value of money. They are paid from 15 to 22 cents per hour and each boy carries his own time card. At the end of the week \$3.00 is deducted for their board and room and the rest they may spend as they desire, for clothes which they must buy a show which they have once a week or for candy, etc., or they may bank it and receive credit which may be used for clothing even after a boy leaves the institution.

They may build kites, model airplanes, have a stamp collection or any activity which will create a desire to occupy their leisure time so that after their release they will have a desire to work at something for recreation.

The institution has a visiting teacher who spends two days each week visiting the homes of these boys trying to assist the parents to adjust their economic conditions and help re-educate the home.

They employ two counselors in Detroit who perform a follow up service for the boys after they are discharged. They render this service for from six months to two years in some cases, trying to see that each boy follows the ideas and standards he learned while a charge at Ford Republic.

Mr. Reed was a most interesting young man and the members and the guests felt a personal interest in the work after hearing his description of the boys life during the time they spend there.

Legislation cannot make progress.

Tomato Plants Killed By Frost

Thousands Destroyed By Freeze Following Dust Storm

Thousands of tomato plants that had been set out early last week were frozen and fruit growers say that the heavy frost that came last Friday night removed all hope of a good fruit crop this year as far as this part of the state is concerned.

The frost, one of the hardest late ones that this vicinity has suffered in a number of years followed the two day dust storm that swept this part of the country. Old timers say they can never recall such a dust storm as came out of the west and prevailed here for more than 24 hours.

The dust clouds swept out of the west where one of the worst droughts that part of the country has ever had, is reported. Not only did this section of Michigan suffer from it, but reports say the dust swept as far east as the Atlantic coast.

As the wind died down colder weather prevailed, followed by the killing frost that destroyed thousands and thousands of tomato plants already set out.

One good thing came out of the freakish weather that had prevailed and that was the rain that swept the state Sunday. It ended a long and damaging dry spell.

On Sunday evening, April 29, Mr. and Mrs. Harry Pelkey of 253 Roe street of this city announced the engagement of their daughter Helen to George Lloyd, son of Mr. and Mrs. Loyd of 9230 Freeland Ave. Detroit, Michigan.

Mr. and Mrs. Clyde Matevia of east Plymouth were Sunday dinner guests of Mr. and Mrs. Frank Westfall.

Dondero Petitions In Circulation—To Seek Second Term

Petitions are being circulated by friends and supporters of Congressman George A. Dondero in all parts of the 17th Congressional District asking his re-nomination to succeed himself as United States Representative in Congress for a second term.

Completed petitions have already been received at his office at Royal Oak, bearing the signatures of hundreds of voters throughout that portion of Wayne county, the city of Detroit and Oakland county, which comprise the 17th district.

Congressman Dondero, in his first term, has been serving in the House of Representatives in one of the most critical periods in the nation's history since the Civil War. During the two eventful sessions of the 73rd Congress he has endeavored to represent the will of the majority of the people of his district, when that will has been definitely expressed, believing that the office should be truly representative of the people's wishes.

Besides taking an active part in many important legislative matters, Congressman Dondero serves on the Committee on Rivers and Harbors, one of the major committees of the House and of particular importance to the state of Michigan because of its many problems of navigation and commerce. His other committee assignments include the Committee on Invalid Pensions and the Committee on Election of President, Vice President and Representative in Congress.

Chemistry Classes Visit Gas Plant

Last week the chemistry classes visited the local gas plant. This "annual event" proved quite interesting to the students as they have recently completed a study of the processes by which coal gas is manufactured. The gas is made by the destructive distillation of bituminous coal in iron retorts from which the air is excluded. At present the local plant is utilizing about eighteen of these retorts which are nine feet long. Five hundred fifty pounds of coal are put into each retort. When the coal is taken from the retort at the end of three hours it has been reduced to coke. From the retorts the gas goes through the hydraulic main to the condensers, where it is cooled and the bulk of the tar and ammonia removed. An ex-hauster is used to keep the gas moving in the right direction. The gas then goes to large cylindrical containers, called scrubbers, where traces of tar are removed mechanically, and the gas is thoroughly washed by a spray of water. After leaving the scrubbers the gas goes to the purifiers where iron oxide is used to remove such impurities as carbon dioxide, sulfur compounds, and cyanogen. From a ton of coal it is possible to obtain from ten to twelve thousand cubic feet of gas, twelve to fourteen hundred pounds of coke, one hundred twenty pounds of coal tar, and twenty gallons of ammonia. When this gas leaves the purifiers it passes to the storage tanks where it is combined with enriched water gas which is made in another part of the plant. In the manufacture of water gas a blast of hot air is forced through a layer of coke until it is heated white hot. Then steam is forced through this white hot coke. The blasts of steam and air are used alternately. The water gas then meets sprays of oil which raise its heat

Man's First Flight Under His Own Power

FOR the first time in history a man has succeeded in flying under his own power. Erich Koecher of Berlin is here seen performing the feat, followed by excited friends. He blew into the box-like arrangement, causing to revolve the two rotors which also served as wings. On his feet was a ski landing gear and attached to his hips was a "tail skid."

Haber Speaker At Ann Arbor Meeting

Prof. Wm. Haber of Lansing, who is Michigan's New Emergency Relief Administrator spoke at the district welfare meeting which was held at the Michigan Union in Ann Arbor last Saturday. The program was provided for the seven counties which are under the supervision of Miss Marie Comstock, state welfare director. Representatives from the Wayne county welfare administration were John F. Ballenger, county administrator, and V. C. Brance, director of markets, both of whom spoke on the morning program, and Mrs. Ruth E. Huston-Whipple, county welfare commissioner.

In a very compelling address, Prof. Haber pointed out some facts about our Michigan relief program which are of importance to every citizen of the state. First, its size. We are entering upon our fourth summer of unemployment with 169,000 families in Michigan on relief, 120,000 on direct relief and 49,000 on work relief. Some counties have as high as 65 percent of their population on relief rolls. 15 counties in the Upper Peninsula have 35,000 on relief. One of these counties with a population of 4,000 has 3,200 on relief.

Second, Michigan, relief program means a huge cost in content. These oils are strongly heated and their molecules are cracked into simpler molecules which are gaseous at ordinary temperatures.

money. During May, 1934, we are spending \$4,600,000.00 for relief and the total for the year will be \$60,000,000.00. That is more than any other department of the state government spends. Wayne county's share of the state expenditure for May is \$1,615,000.00 plus an unexpended April balance of \$245,000.00.

Third, relief becoming a permanent, not an emergency problem. Permanent unemployment on a large scale is causing permanent welfare cases on a large scale. Kent county in which Grand Rapids is the largest city made a survey of its 7,000 welfare families. 2,100 of the 7,000 families are chronic relief cases because they are too old to care for themselves, because they are physically unable to support themselves, because they are mentally and emotionally incapable of self-support. The remaining 4,700 families need some relief during the winter months. need employment found for them and need assistance in recovering their stability and confidence.

As to the future relief program, Prof. Haber has some very definite ideas. Our local units of government, the townships, counties, villages, and cities, must bear a larger share of the cost than they have been doing. The state will continue to give welfare \$1,000,000.00 per month from the sales tax. The United States will continue to give some aid, but it is through playing Santa Claus with millions every four weeks. Out of the 30 largest cities in Michigan, only 18 have contributed the one-third per month that they should. One of the

largest has been giving as low as 3 per cent for its expenditures.

Prof. Haber emphasized the fact that CWP (Civil Works Division) which we have now is not employment program like CWA, but strictly a relief program set up on a bridgatory basis according to the needs and size of the worker's family. He pointed out that Michigan has 30,000 farmers' families on relief rolls. At least 18,000 of these are real farmers who can be removed from relief rolls through the new works program being planned for them. Prof. Haber indicated that the 83 counties of Michigan were to have more uniformity in their administrative costs, in their case loads, and in their local contributions to relief costs. He maintained that it is unfair for one county to hog all the state funds by paying \$130.00 a month for work which is done in another county for \$35.00. He urged county commissions to be careful to choose workers who have the qualifications of knowledge, sympathy and business judgment.

That by treaty of November 18, 1903, the Republic of Panama gave the United States the perpetual right of "use, occupation and control" of and over the 10-mile wide strip of land now known as the Panama Canal zone.

That International salutes of 21 guns originated with the British and was adopted by the United States in 1875. Common sense in an uncommon degree is what the world calls wisdom.

Gardeners Told How To Benefit Their Business

(Continued from page one)

profit markets and from a sample of a few bushels of tomatoes buy 5000 bushels. (Since grading is one of the suggestions offered by the Association to local farmers, we were glad to hear him place so much emphasis upon it).

Then he told how an association of twenty-two growers in Berrien County received as high as \$1.75 a package for their fancy asparagus and averaged \$1.28 while the Benton Harbor market averaged 65c.

California ships a lot of produce, but it can only afford to ship the best. It leaves the culls at home.

A few bad tomatoes in a bushel set the price for the whole bushel.

In 1932, 10 percent of the produce sold on the Detroit market was fancy, 65 percent number one and 25 percent number two produce.

The buyers bought as follows: hucksters, who bought 42 1/2 percent of the produce, 20 percent of the fancy, 20 percent No. 1 and 20 percent of the No. 2 offered for sale.

The independent grocer buying 30 percent of the fancy offered and 25 percent of the No. 1. The retail customer buying 11 percent, took none of the fancy 10 percent offered and bought about 1/2 percent of the No. 1 produce, and 1/2 of No. 2.

The wholesale house buying 8 percent, took 2 percent of the fancy, 5 percent of the No. 1. The chain store, selling 60 percent of all produce sold, bought 3.8 percent of the market, no fancy at all, but all No. 1.

The hotel and restaurant buying 3.9 percent took 1-3 fancy and 2-3 No. 1. Then Mr. Mahoney turned again to speaking on the pack. One Berrien grower has only ten acres, but off from that ten acres he makes a very good living, going to Florida each year. He puts 40 ton of manure to the acre and 1200 lbs fertilizers. He has 5 acres irrigated and 87 percent of the tomatoes grown on the irrigated 5 acres goes into his fancy package while only 14 percent of the non irrigated is fancy.

He spoke of one greenhouse tomato grower who made eleven grades of his tomatoes from fancy at \$1.75 a basket down to 25c a basket for the poorest stock.

Customers must be made to recognize the different grades and

the consequent different prices. He also made the statement, that tomatoes have no business being put in bushel baskets. They should be sold in lugs so that the customer can see what he is buying.

Root crops should be attractively displayed. A bushel of parsnips for which the farmer could not get 35c a bushel, when washed and repacked brought 65c.

On the Detroit market last year the average price for No. 2 tomatoes was 27c per bushel. No. 1 brought 49c per bushel and fancy brought 98c a bushel.

Melons brought an average price of 57c. No. 2, a \$1.01 for

No. 1, and \$1.22 for fancy. It is the repeat sales that bring on the money.

Then there was a short period of discussion and questions, after which a representative of the Oozo Hose for irrigation spoke.

Then our president spoke of the unsanitary conditions on the new market, next to the Western market, with dust blowing all over our produce and the city doing nothing, while yet they were proposing to building a \$45,000 house for the monkey, Joe Mendi.

After a general discussion the meeting was adjourned. R. B. Allenbaugh, Sec.

Here's real Economy!

This owner says: "17 MILES TO THE GALLON!"

Having driven my 1934 Pontiac 516 miles, I want to inform you how well-satisfied I am with it. It has speed, power, comfort, acceleration, smoothness, roadability, and ease of handling. From an economy standpoint it may interest you to know I enjoy about seventeen miles to the gallon. I drive fast most all the time and the car is still too new to tell what the final gas mileage consumption will be. You will recall that I was going to buy a Six but am glad I didn't, for I can see that this car will be just as economical to drive."

W. C. Marsh, Erie, Pa.

NEW PONTIAC \$715

Check Your Motor Car Judgment Get This Book

What do you want in the motor car you buy? What have you a right to expect? The Pontiac "Check and Double Check" book will tell you. It's brimful of inside information about low-priced cars. It enables you to check and double check motor car values point by point. For your own satisfaction and protection, get and use this book before you buy any car. Come in and get yours today—it's FREE—or write direct to Pontiac Motor Company, Pontiac, Mich.

and up, list price at Pontiac, Mich. Illustrated, the 2-Door Sedan, list price at Pontiac, Mich., \$745. With bumpers, extra tire, mud flaps, tire cover, tire lock and spring covers, \$33.00 additional. Pontiac is a General Motors Make with Fisher Bodies and Fisher No. Draft Ventilation.

SEE IT... DRIVE IT... before you buy any car!

PLYMOUTH BUICK SALES
640 Starkweather Ave., Plymouth, Mich.

INSTANT HOT WATER

electrically and at new low cost!

A new low rate is being offered for electric water heating. This is a flat annual rate for year 'round service. You can enjoy automatic electric hot water service for as little as \$2.34 a month. You may buy or rent an electric water heater, whichever you choose. Rental rates are low, and if you prefer to buy the heater, convenient monthly terms may be arranged.

You can end all this annoyance and inconvenience by installing an automatic ELECTRIC hot water heater. With an automatic electric heater, you are assured an abundant and constant supply of water, steaming hot, at a turn of the faucet. Day and night, summer and winter, you have hot water instantly when you need it—for bath and for shower, for shaving, for washing dishes, for the laundry, for housecleaning. There is no waiting, no inconvenience. And you do not need to depend on a furnace coil for hot water, which—contrary to general belief—is an expensive method of heating water, due to the coal burned in the process.

How often have you wanted hot water in a hurry, and found only lukewarm water in the pipes? How often have you gone up and down the cellar stairs to light a manually-operated tank, and then waited for the water to heat? How often have you been obliged to heat water on a stove?

THE DETROIT EDISON CO.

Do You Know—

That the Rafflesia, a flower that grows in Sumatra, is the largest flower in the world. When fully grown it weighs 15 pounds and measures 3 feet across. Its petals are as large as dinner plates and its cup-like center holds a gallon of liquid.

The constant and consistent advertiser is still doing business.

LOCAL NEWS

Mr. and Mrs. G. A. Smith had as their guest over the week-end his sister Mrs. Mary Start of Burr Oak.

There were twenty-five ladies present at the Mission society of the Lutheran church held Wednesday afternoon at the home of Mrs. William Blunk on Williams street. An interesting business meeting was followed by a social hour at which time Mrs. Blunk and her assistants Mrs. Jake Steng, Mrs. Fred Schmidt and Mrs. Phil Whitmore served dainty refreshments.

The many friends of Fred Phillips will be sorry to hear that their farm home at Superior burned down last Tuesday. They will rebuild immediately.

Band Festival To Be Held Saturday Eve.

Plymouth Team To Play Sunday

Will Open Season At Riverside Park With Mayor In The Box

Plymouth Buick Sales opens their 1934 season at Riverside park May 20th at 1:10 p. m. Mayor George Robinson will pitch the first ball and Carl Shear will catch.

The local team will have Ray Levandowski as their manager. He has had considerable experience as a manager and Sunday will mark the opening of his eighth season at the head of a club. During the seven years he has never managed a losing team. The teams that Ray has headed are Newburg Tigers, Ne-then and Newburg Dairy.

The opening line up against the strong Detroit Nationals will be: T. Levandowski, ss; Joe Schomberger, c; Tomkovich, rf; Lester Basset, lb; John Schomberger, 3b; Ray Urbanak, cf; Jack Gilles, lf; Jim Williams, 2b; Ferruson or Postiff, p.

In the reserves the Buick team has Clement, Bowman and Mgr. Levandowski.

A man's worst enemy is often right under his own hat.

Mrs. Emory Holmes and children, Kathryn and Barbara Jean of Detroit, and Mr. and Mrs. C. V. Chambers spent Sunday afternoon with Mr. and Mrs. H. F. Vosburgh in Fenton.
Mr. and Mrs. C. V. Chambers were last week Friday supper guests of their daughter and husband, Mr. and Mrs. Emory Holmes.
Homer Singer, 810 S. Main St., was taken to the University Hospital at Ann Arbor last Tuesday where he is seriously ill.

BONERS

When the book says that Sir Phillip Stubby was an aristocrat it meant that he did stunts in a circus.

BONERS are actual humorous tid-bits found in examination papers, essays, etc., by teachers.

Spontaneous combustion is a term applied to a bad case of measles or smallpox.

A hotbent is a sausage sandwich with mustard on it.

Minnehaba is the feminine form of horse-leugh according to modern slang.

When Bassanio said "As I live, I am upon the rack," he meant, "Wherever I hang my hat is my home."

Vitamin is a kind of coal mined in Iowa.

The prehistoric Egyptians dressed in skin.

No business man can succeed who uses a pair of shoes for a paper weight.

Home is where you scatter the Sunday newspapers all over the premises.
