Moore Predicts Much Building Activities Here

Chamber of Commerce Official Sees Much In Housing Act

"The big push" on the part of the federal housing administration in the state of Michigan is just beginning, was the opinion expressed Monday of this week by Berg D. Moore, secretary of the Plymouth Chamber of Commerce and secretary of the Plymouth FHA executive committee.

The Plymouth campaign was inaugurated this week by a general distribution of FHA pamphlets, thanks to the cooperation of local postal carriers," Mr. Moore continued.

"The next major event in our local program will be a mass meeting of women living in Plymouth and vicinity as soon as our largest and most active women's civic organization can decide upon a suitable date. Every member of the Plymouth FHA committee is most anxious for a capacity turnout at this meeting because we all know that in an overwhelming number of cases, the wife and mother in the family would cast the deciding vote if the question arose to remodel an existing dwelling or to build a new home."

Last week I spent an entire morning talking to Mr. Rogers, assistant housing director, and to John Hubert, former president of the First National Bank of Plymouth, who now holds a responsible position with the FHA. According to these men, reports from all over the state are very encouraging and they predict that the campaign will rapidly gain momentum. I told them of our plans for a mass meeting of women and received their assurance that given sufficient notice, they would be present in large numbers.

Woman's Club To Meet in Evening

The Woman's Club of Plymouth is departing from its usual routine and holding the meeting this evening, March 15th, at 8 o'clock at the Hotel Mayflower.

The club will at this time entertain the members of the Business and Professional club and the teachers of the Plymouth public schools and their husbands and wives. The husbands of the club members are also invited to be their guests for the evening.

The entertainment will be furnished by a group of young Detroit musicians who under the direction of Miss Harriet Petry of Detroit will present their vocal and instrumental compositions.

Mrs. James Sessions is chairman of the committee for the evening and her committee will be assisted by the committees of Mrs. H. P. Adams, Mrs. George Cramer, and Mrs. Cass Hough.

Refreshments will be served and a most happy evening is anticipated.

There will be a short but important business meeting for the members at 7:45 at which all are urged to be present.

On Friday, March 29th, the Arche club of Wayne will entertain the members of the Woman's Club at the Congregational church parlors in Wayne.

Local Grangers Add 12 Members

Thursday evening, March 7th, the Plymouth Grange was host to about 30 Washtenaw County Pomona Grangers, whose degree team conferred the third and fourth degrees upon twelve new members for the local Grange. The work was very beautifully and impressively presented and proved a great inspiration to the old members as well as to the new members.

Proceeding the meeting a bountiful supper was served by the members of the local Grange to about 85 Grangers.

After the conferring of the degrees several of the Washtenaw County Grangers responded with brief talks of interest to all present.

The Plymouth Grange owes much to our neighbor Grangers for their efforts, in spite of bad roads and long distances over which many of them traveled to favor the Plymouth Grange.

Attend the Stag party at the American Legion Hall next Tuesday night.

Levandowski In Three Eye League

Clarence, the son of Mr. and Mrs. T. J. Levandowski, of Newburg, has been in Hot Springs, Arkansas since the week of February 11th attending Ray Doan's Baseball School.

He reports that over 200 boys are down there, and about 40 are out for second base, and the position that he is trying to land. At this school major league stars act as instructors.

About fifteen days ago he developed a sore arm, which has hampered his play at second base, and they transferred him to the outfield.

Last Friday Burleigh Grimes signed Clarence to a contract to play the outfield for the Springfield, Mo. baseball club. Clarence says in his letter that "I am no longer the property of the Plymouth Buicks." He expects to be home the first part of April before reporting to Springfield. His many friends wish him success in the baseball world.

Rathbun Named For Supervisor By Republicans

Democrats Put Up No Ticket. Canton Cau- ces Are Held

Voters of Plymouth township have made it quite evident again that they are perfectly satisfied with the services of Supervisor Charles Rathbun and the rest of the Republican ticket. The Democrats, or no other party, have nominated candidates against the Republican slate that was nominated last Saturday afternoon at the annual spring caucus.

Mr. Rathbun was re-nominated for supervisor for the ninth term.

Norman Miller was given the nomination for township clerk. Sam Spicer was nominated for township treasurer. Melvin Partridge was retained on the ticket for highway commissioner and Floyd Miller was made overseer. George G. Gault was nominated for justice of the peace.

The following were nominated for constables: Harry Keyes, Verne Wilson, John C. Calhoun and Charles Davis.

The Democrats of Canton township last Saturday again nominated Phil Dingley for supervisor, Grover Frank, highway commissioner, Charles Beckman, justice of the peace, Robert Waldecker, constables, Bert Walling, Phil Dingley and Percy Gotts.

The Republicans nominated Frank Truesdell for supervisor, Jake West for clerk, George Simmons for treasurer, Clyde Truesdell for highway commissioner and John Hauk for justice.

Women Voters Hear Dr. Fisher

Talk of Legislative Work And of Attempted Recount Steal

Those who attended the meeting of the League of Women Voters held Monday, March 11th at the city hall, learned much from the five reports of the Committee chairman who attended round table discussions in Detroit Wednesday, Feb. 13th and from their talk given by Dr. Edward Fisher of Dearborn.

Mrs. Warren Worth, chairman of Government and Child Welfare prepared an interesting report which was given by Mrs. Alvin Spicer. Mrs. Worth's absence Monday.

The report disclosed that the hope of the Child Labor Backers for Ratification was small as twenty-five legislatures in session shows four ratifications and eight rejections and twelve states are still necessary to make this Amendment a part of the Constitution.

Among other important points in this report was that in the United States there are seven million children on relief and three million illegitimate children.

Mrs. Maude Bennett gave a brief report on the Wayne county and state Republican convention which she attended as a delegate. Mrs. Bennett reported a very orderly gathering supporting Gov. Fitzgerald and Mr. Balfour, and highly of Mr. Keyworth, Supt. of Hamtramck schools who is the republican choice as a candidate for state superintendent of schools.

His opponent on the Democratic ticket is Dr. Voelker the present incumbent who is highly praised by his friends.

Chas. H. Bennett Will Direct Big Stamp Campaign

Rotarians To Raise Funds For Use of Crippled Children

Charles H. Bennett, former president of the Plymouth Rotary club, has been selected by the Michigan Society for Crippled Children to conduct the largest charitable stamp sale ever attempted in this community. All funds raised from the sale of these stamps goes directly to the use of crippled children. The Plymouth Rotary club made an excellent record last year in the sale of these stamps but Mr. Bennett and his associates hopes to make the 1935 record far exceed that of a year ago.

Following are some of the uses these stamp funds are put to:

1. Makes possible the discovery of crippled children through means of cooperation between the State Society, local affiliated agencies and other state agencies.
2. Arouses interest in and provides the means for the conduct of diagnostic clinics.
3. Provides transportation to hospitals.
4. Makes possible contact between the child and the home during period of hospitalization.
5. Provides braces, wheel chairs and crutches.
6. Provides for follow-up and after care.
7. Provides transportation to and from school.
8. Provides special seating arrangements, hot lunches, etc.
9. Provides vocational training and suitable employment, when operating with the State Department of Rehabilitation on individual case programs.
10. Helps to maintain close contact and cooperation with the Michigan Crippled Children Commission.
11. Makes it possible to publicize the work of the Michigan Crippled Children Commission.
12. Aids in all types of services not provided for by law, supplementing the funds of organized governmental agencies, who are suffering because of insufficient appropriations.
13. Makes it possible for crippled children to attend summer camps.
14. Makes possible necessary research covering the entire problem of the crippled child, especially stressing at this time a study of something like 700 permanent custodial-care crippled children for whom there is no provision in the State of Michigan.

Rosedale Lad Goes On Radio

Howard Walbridge, 13 year old son of Mr. and Mrs. E. Walbridge of Rosedale Gardens, was awarded a radio contract over a popular Detroit Radio station last week as a result of winning the weekly amateur contest sponsored by WJR.

Out of seventy-five contestants who entered the contest, young Walbridge was declared the winner with the selections he played on the piano. Along with the radio contracts that was awarded at first prize he also was booked for a week's appearance on the stage of the Fox theatre in Detroit.

Plymouth people will be interested in knowing that he will broadcast his next program from radio station WJR at 10 p.m. tonight. The contest was staged at the Fox theatre last week.

Miss Margaret Woods Weds Elwin Blunk

Announcement of the marriage of Margaret Vera Woods to Elwin F. Casuso on March 1st came as a complete surprise to the many friends of the popular Plymouth young lady. The couple were married by Father Frank Lefevre at the Our Lady of Good Counsel Church, attended only by close friends and relatives.

Mrs. Casuso is a graduate of Plymouth high school and later attended Clear Business College in Ypsilanti. Mr. Casuso is a resident of Toledo. Miss Vera Vaun Newbrough of Ann Arbor attended the bride and Alfonso Gavrilovic acted as best man.

The young couple have not yet announced their plans for the future.

Clothing Group Will Meet Monday, March 18

The Home Economics Extension group, Clothing II, will hold their regular meeting on Monday, March 18, at 1:30 p.m. sharp at the home of Mrs. Max Trucks, 437 Blunk avenue.

Miss Emma DuBois, Wayne county home demonstration agent will be with us that day and will discuss the subject, "Good Grooming." Each member is requested to bring a manure set which should consist of scissors, nail file, etc.

We want to start our meeting promptly, so please each one be on time. Visitors are welcome.

Taxpayers Face Long Litigation Over Paving Tax

Plan to Start Suits Was Revealed At Meeting Monday Evening

It was revealed Monday night at a meeting of taxpayers held in the basement of the Methodist church that the city is threatened with legal action that involves the payment of several hundreds of thousands of dollars in special assessment paving taxes. Taxpayers who reside in the localities where these special assessments were levied have been asked to foot the bill for the legal proceedings against the rest of the taxpayers of the city from all that can be learned of the meeting.

The following notice, it has been learned, was sent by Attorney John L. Crandell to taxpayers who are on special assessment rolls:

TAXPAYERS MEETING
The tax-payers on special assessment paving rolls will meet in the basement of the Methodist church on Monday evening, March 11, at 8:30 o'clock to determine what shall be done to set aside the tax. It is hoped that you will be there and bring your special paving tax receipts.

Yours very truly,
J. L. Crandell.

Mr. Crandell attended the meeting and presided as its chairman. He made it clear that attorneys are not supposed to go out and drum up business and that he was not doing so.

The invitation brought forth some 100 taxpayers. Inquiry reveals that city officials were not notified of the meeting and no one representing the city was present.

Mr. Crandell stated that he was working with Attorney Paul Voorhes who was also interested in having some paving assessments set aside and that it was planned that Mr. Voorhes would work with him in the effort to set aside these paving assessments. He explained that Mr. Voorhes could not be present at the meeting but that he had sent one of his assistants, Mr. Grill, to represent him at the meeting.

From those present at the meeting it was learned that Mr. Crandell stated that the special paving assessments on Mill, Linn, Blunk, Church and Harvey street were illegal because they were excessive. (Continued on page five)

Leader of First Girl Scout troop organized in Plymouth. Miss Wisely is one of the teachers in the public schools.

Girl Scout Work Is Demonstrated

Rotarians See Activities Of Troop They Sponsor

Travelling down "through the woods" in the Mayflower hotel last Friday noon Belva Barnes slipped, fell and injured her right arm. When the accident happened she had become lost in the "woods" and was marking a trail so that her associates might be able to locate her.

Soon Miss Phyllis Barrows, proficient in the ways of outdoor life, discovered the trail and came upon the prostrate form of the injured girl.

Using a white scarf that all girl scouts wear, Miss Barrows, bandaged the injured arm just as good as any physician could hope to do, and assisted the injured miss back to camp.

It was all a part of a most interesting demonstration given before the Rotary club by the first organized troop of girl scouts in this part of the state and under the able direction of Miss Dorothy Wisely, a teacher in the public schools who is the leader of the troop.

The program was in charge of Walter Harms, Rotarian, who is in charge of Scout activities of the club and who brought under the sponsorship of the Plymouth Rotary club this troop of Plymouth girl scouts.

Mr. Harms thought it would be an excellent idea if members of the club knew something of the fine activities of the girl scout troop that the club has become responsible for.

Besides the leader, the four members of the troop who assisted in carrying the demonstration were Betty Mastick, Barbara Olsaver, Belva Barnes and Phyllis Barrows.

Miss Wisely told briefly of the founding of the girl scout troop and of its growth throughout the country. Instruction is largely through games—games that teach girls fire prevention, cooking, sewing, camping, giving aid to the sick and injured and in assisting one and the other.

It is to express it but mildly to state that members of the Rotary club were amazed and delighted at the excellent work the troop is doing. Few of them had any idea as to the progress the troop has made under the excellent direction of Miss Wisely.

The members of the Girl Scout troop are Belva Barnes, Phyllis Barrows, Carol Campbell, Jean Hamill, Astri Hegge, Betty Kern, Betty Mastick, Mary Moon, Rose Niedespal, Barbara Olsaver, Lois Schevete, Jacquelyn Schoof, Marion Klemschmidt, Virginia Stringer, Ingrid Ericsson and Janet Hood.

"Car 99" Is Here For This Week End

It is tonight and tomorrow night that the famous picture, "Car 99" that deals with the operation of the Michigan state police, is shown at the Peninman-Allice theatre. Due to an error in reading dates, it was stated in the last issue of The Mail that the picture would be here last Friday and Saturday. Many came to the theatre to see this picture, which is not billed until tonight and tomorrow night, Friday and Saturday. However, those that remained were not disappointed in seeing good pictures as the shows booked for those two night were excellent.

Did You Know That

There will be a Boy Scout Court of Honor Thursday evening at 7:30, March 21st at the Wayne County Training School.

There will be a Music Dance at the temple in Plymouth Friday, March 15th. Everyone is welcome to come and join in the fun. Good music.

Monsignor Will Tell Of Life of Theresa Neuman

Public Invited to Hear Talk on Sainly Girl Of Germany

The public are invited to attend a special message to be given by the Rt. Rev. Msgr. H. Kaufman, chaplain of St. Mary's Hospital, Detroit, at Our Lady of Good Counsel Church, Tuesday night at 8 o'clock, March 19.

Msgr. H. Kaufman has made several trips to Europe during the past years and upon each trip has visited the town of Konnersuth, Germany, where dwells the saintly girl known as Theresa Neuman.

The history of this young lady has baffled all known medical science as she has lived for the past 12 years or so, without taking any food at all, nor has she taken anything to drink for the past six years. Each Friday it is her privilege to suffer the Passion of Our Lord, bleeding from the hands, feet, side and brow of the head. Thousands of tourists have visited the home of the Neuman and witnessed this scene for themselves, each returning with the expression, it is marvellous.

Msgr. H. Kaufman is personally acquainted with the young lady and has witnessed these strange phenomena several times. His message should be of vital interest to all—therefore a public invitation is extended to all. Come and hear this message of Theresa Neuman, by one who has been an eye witness to all that takes place in this little town of Konnersuth, Germany. This message will prove interesting to protestant as well as catholic.

Tuesday, March 19, 8 p.m. at the catholic church, Union and Dodge streets. Every catholic of this parish considers it an honor to have their protestant neighbors come and share with them a knowledge of the twenty century marvel, Theresa Neuman of Konnersuth, Germany.

Each Tuesday night at 8 o'clock a special message is given the people during Lent. These services are held in preparation for the feast of Easter, all are invited to attend, a little spring training for the soul may prove very beneficial for the strenuous game of life.

Coming Hear For Army Services

The Salvation Army will have a special guest during the coming week from Chicago in the person of Brigadier John C. Habkirk.

The Brigadier has charge of the Salvation Army work in the prisons throughout the eleven central states and has an open door to any of these institutions both federal and state. He has recently completed a two weeks revival campaign at the Jackson prison and is coming here to conduct a campaign in the woman's division of the Detroit House of Correction from March 19th to the 24th and will also be present for the services at the Army hall on Peninman avenue Wednesday, Thursday and Saturday evening at 7:30 and the morning and evening services on Sunday the 24th.

Brigadier Habkirk is not only an interesting speaker but is a musician of unusual ability and the public is cordially invited to the meetings at the Army hall.

Starkweather P. T. A. Will Meet

The Starkweather P.T.A. will hold their regular meeting in the school auditorium on Monday evening, March 18th at 7:30 p.m. The speaker for the evening will be Dr. Albert J. Phillips of Lansing, Mich., director of Research and Replacement Bureau for the Michigan Education Association.

Dr. Phillips has been an educator in the schools of Michigan for a number of years. After completing some extensive work in the U. of M. he was called a few years ago to head the department of research created by the M.E.A. His topic for the evening will be "Michigan Schools—Their Financial Situation and Pending Legislation," which will bring to us up-to-the-minute news on the school situation in Michigan.

The program will also include two numbers by the Kindergarten Band and a one-act comedy by the Senior Drama Club of Plymouth high school under the direction of Miss Winifred Ford. The committee with Miss Margaret Staley, chairman, extends a most cordial invitation to all parents, friends and our neighboring P.T.A.'s to be our guests and enjoy the evening with us.

All men are invited to attend a Stag Party sponsored by the Myron H. Beals Post of the American Legion at their Newburg hall, next Thursday night.

When an automobile driven at high speed left the highway last Saturday afternoon and crashed into the side of the house owned and occupied by Wilbur C. Mault and his family on Ann Arbor road just a short distance east from the Mastick garage on the north side of the highway, injuring seven people and wrecking the house, it remained for Miss Mildred Mault to become the real heroine of the calamity.

When she saw her youthful brothers and sisters hurled about the room and her aunt, Mrs. Frank Gayfield of Port Huron thrown with such terrific force to the floor that it broke one of her arms, it was Mildred who ran to her assistance and carried her to a bed. Letta Mault, a younger daughter, who apparently was sitting on a davenport next to the wall where the machine struck the floor and in spite of painful bruises she had received as the automobile threw furniture about the room, Mildred hurried to her assistance. It was Mildred who also administered what little aid she could to the frightened smaller sisters and brothers.

Her mother had been taken to the University hospital at Ann Arbor a few days previous because of illness and her father was away from the house when the crash took place, and Mildred lost no time in taking on the responsibilities of her parents. Letta, who was carried to the hospital, was taken to the injured and frightened occupants of the house and gave them what little first aid was possible.

The unusual accident happened last Saturday afternoon shortly after 1 o'clock when an auto-

mobile driven by John Steele, a ten year old son of Walter A. Steele, was driving in the country near Ypsilanti, left the slipper highway at terrific speed. The lad unable to control the car, hit the house, the impact tearing the entire east wall of the house out and sending the structure slightly from its foundation. The house was partially wrecked and much of the furniture ruined.

All of the occupants of the car, including the father and son who were in the front seat, were injured. Others in the car were Henry Marshall and Logan Engenauer of Detroit.

The injured were brought to Plymouth hospital in Schrader's ambulance but because of the crowded condition of the hospital, those in the automobile were removed to the University hospital in Detroit where their serious injuries were treated. The car was almost totally wrecked. The youthful driver, unable to talk with all of his teeth knocked out and his face frightfully cut, found moving the car slightly about before picked up and hurried to the hospital.

Steele told Chief of Police Vaughn Smith that he was a brother-in-law of Father Bennett of Dearborn but later Mr. Bennett emphatically denied this. It is the intention of Chief Smith to take Steele to Detroit for questioning by the prosecutor as soon as he is able to leave the University hospital at Ann Arbor.

Mrs. Gayfield and Letta Mault who have been at Plymouth hospital are making an excellent recovery. Mr. Mault's loss is partly covered by insurance.

Banquet To Be One of Biggest Of Entire Year

Father and Son Affair Next Wednesday Eve At High School

What promises to be one of the largest banquets held in Plymouth this year will be the father and son celebration to be held next Wednesday evening, March 20, at the high school auditorium under the auspices of the Executive Men's Club.

Supt. Robert Marsh of the Boys Vocational school of Lansing and Charles Dillinger in charge of the classification work of the school will be on the program. The main address of the evening will be made by Mr. Dillinger who has for many years been active in affairs pertaining to boys and their welfare. He is regarded as one of the outstanding speakers in Michigan on the subject of boy problems. Supt. Marsh will accompany Mr. Dillinger to the banquet and will probably make a few remarks. Mr. Marsh has won a high place for himself in Michigan affairs by his successful management of the Boys Vocational school.

Former Mayor Freeman Hoover will be co-master of the banquet. Father F. A. Lefevre will deliver the invocation and Edwin A. Schrader will pay a brief tribute to the fathers.

At a meeting of the committee in charge of the banquet Wednesday night, members of the club stated that the ticket sale had been exceptionally large and an attendance of probably early three hundred or more will be at the banquet.

The committee feels that it has been exceptionally fortunate in securing the speakers it has for the evening.

The banquet will begin at 6:30 o'clock and an excellent menu has been arranged. Music will be provided during the serving of the meal.

Theatre Guild Play March 22

"The Torch Bearer" will be presented in the high school auditorium Friday evening at 8 o'clock, March 22 by the Civic Theatre Guild under the auspices of the Woman's Auxiliaries of the First Presbyterian Church.

It was one of those torrid and terrible nights of August when a group of New York's critics was told off to Fort-Smuth street theatre for the premiere of "The Torch Bearer."

The cold, historical is that at about 9:15 o'clock on the evening of August 29th, 1922 five or six hundred average New Yorkers, two or three hundred friends of the management, and about fifty sophisticated first-nighters were in grave danger of rolling off their seats in hysteria because of "The Torch Bearer."

The play is a satire on the little theatre. A play within a play

KICK THEM OUT

The University of Michigan is a tax supported institution. The payment of its instructors and the support of the students comes from the pockets of every person in Michigan who pays a tax in any form. The school costs many millions of dollars each year to operate—but its support has in the past been regarded generally as a pleasant responsibility upon the part of a people who find it rather difficult these days to pay taxes.

Recent press reports have told of the activities of a group of "radical" students at the University—students interested in matters that have to do with disloyalty to their own government and with a desire to overthrow the system which is enabling them to gain an education that is paid for by the government they would overthrow. In fact, it has been broadly hinted in some of the larger papers of the state that there are some instructors in the University who are somewhat tainted with these same traitorous ideas.

Loyal Americans detest thoroughly the half-baked cranks who because of their mental complex, hate, and would destroy anything that resembles organized government, and there is a growing fear that there is in our University a considerable number of this class.

Secretary Shirley Smith is to be commended for cancelling an arrangement that provided for the use of University property by an eastern radical who sought to spread more of this doctrine of hate and destruction among the students. In fact it was his action in this matter which has again focused public attention to some of these radical activities in the University.

The Michigan legislature is now in session. The state constitution has wisely provided that the legislature shall have the power to say how much of the people's tax money shall go to the University or other institutions of learning. Reports from Lansing also state that the legislature is not going to be hurried in its work, that the members are going to do the wise thing and thoroughly consider all of the problems that are before them.

This decision will give the legislature opportunity to summon before the proper committees, officials of the University and find out—before any more of the people's money is appropriated to that institution—just what is being done to curb the activities of a group of radicals who are brazen enough to accept the support of the state of Michigan and, at the same time preach a doctrine that would destroy the very people who are now feeding their distorted brains.

In fact we are not hesitant to recommend to the legislature that ALL funds be withheld from the University until every radical student has been kicked out of the institution—and if there are instructors in the school tainted with the same spirit of hate for the kind of government that has enabled the University of Michigan to flourish for over a century and became one of the great schools of the nation, their pay checks that come from the pockets of the loyal citizens of the state, should be stopped immediately. Radicals support nothing, they give nothing, in addition to being destructionists, they are leeches, preying upon the tolerance of Michigan for their education and support.

The legislature controls the purse-strings of the University, therefore it is in a position to control this problem.

UNDERSTANDING WORLD AFFAIRS

At almost any cost men must keep open the channels of understanding and preserve unclouded, lucid and serene their receptiveness of truth.—Walter Lippmann

General Johnson's Speech

By WALTER LIPPMANN

GENERAL JOHNSON has made a bold, a witty, and an eloquent speech. The effects will be felt longer than his words are remembered. For he has not merely delivered a speech. He has produced an event which will affect the course of American politics. Others have challenged the arguments of Senator Long and Father Coughlin. Others have denounced their appeal to primitive passions. What General Johnson has done is, with unerring accuracy, to pick the precise moment to state the real issue on which the politicians have to stand up and be counted.

Only incidentally is this speech an attack on Senator Long and Father Coughlin. Its great importance is that it is a challenge to the leaders of both political parties. To the Democratic General Johnson has said: Does Huey Long belong to your party or not? To the Republicans he has said: Are you going to use Long to fight the Democrats in the hope that he will give you a victory in 1937?

These two questions go to the heart of Huey Long's political importance. The failure to meet them and answer them straightforwardly is the reason why, since the opening of this session of Congress, he has become the most powerful figure in Congress. The publicity he receives, the influence he wields, are derived from the general belief in Washington that Huey Long may decide the fate of the Roosevelt Administration and the results of the 1938 election. It is not the power he exercises in Louisiana and the adjoining states. It is not the size of his popular following—which is not really very large—it is not the sensational entertainment he provides, that account for his present influence. It is the fact that he has maneuvered himself into a position where politicians and newspaper men think that he might hold the balance of power between the two parties.

This what he says and does is news of national importance, and his power grows because so many politicians fear it and so many politicians are hoping to profit by it.

The Democrats have seen in him the leader of a faction who might

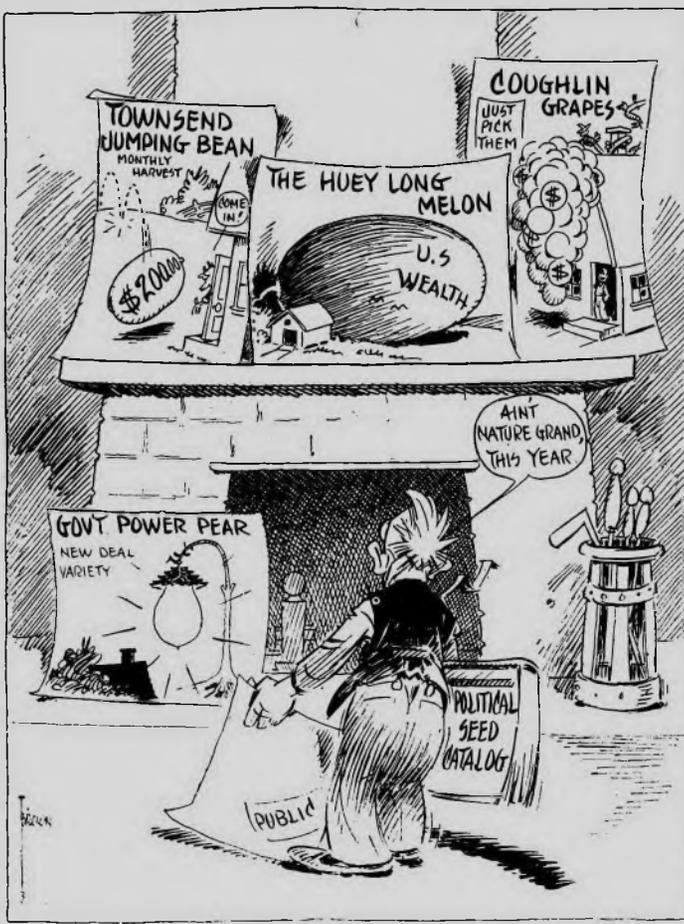

split their party. They have not known whether to placate him, to fight him, or to pretend to ignore him. As a result they have allowed him to paralyze them and to dominate them. When they have tried to placate him by outbidding him they have lost the support of their own moderates without making the slightest impression on Huey Long. When they have fought him, they have fought him feebly and have strengthened him with easy victories. When they have tried to ignore him, they have demoralized their supporters by seeming to be afraid of him. The thing could not go on. The time had to come when, for their own self-respect and for their own safety, the Democratic leaders had to say openly and resolutely that they prefer Huey Long as an open enemy outside the party breakwaters. General Johnson's speech has forced them to make that decision.

The Democratic paralysis has had its counterpart in the shame-faceted, futile hope of many Republican politicians that they could stand on the sidelines and later profit by Huey Long's raid. This is the most dangerous political maneuver imaginable, and one of the most desperate and disreputable.

Almost certainly it could not succeed. For unless one looks all American in the political sanity of the belief in Louisiana and the adjoining states. It is not the size of his popular following—which is not really very large—it is not the sensational entertainment he provides, that account for his present influence. It is the fact that he has maneuvered himself into a position where politicians and newspaper men think that he might hold the balance of power between the two parties.

General Johnson has succeeded in exposing this strategy, and has issued

A challenge to those who resort to it to evolve in the future. The issue is the real issue, greater than the fate of either party. It is not the issue of what kind of social order is to be established in the future. The issue is whether primitive passion and untamed ruthlessness and appetite for title and barbarism are to dominate American politics, and on that issue there can be no compromise by civilized men.

Problems for the President

By MARK SULLIVAN

THE observation is general by all except strong partisans that the second anniversary of Mr. Roosevelt's occupancy of the White House finds him in some difficulty and the country in some anxiety. One main reason has been pointed out frequently, and more often by Mr. Roosevelt's friends than by his opponents and critics. It lies in the President's decision, made in the beginning, to make recovery second to reform.

"Reform" is too mild a word to describe the changes in American institutions and ways of life that were proposed by some of the radicals around Mr. Roosevelt, and were adopted and attempted by him. It is clear now that some of these innovations have gone badly, and that the sum of them, when pressed down on the familiar American pattern of society, causes the whole to be something which is not a workable form of society and government, in America or anywhere else. If the United States is to recover and be kept a going concern in its present form of society and government, some of the changes must be abandoned.

To do this should cause no great wound to Mr. Roosevelt's pride. In the beginning he described them as experiments, and it has been a surprising side of Mr. Roosevelt's temperament that he should seem reluctant to take advantage of the easy excuse inherent in his own word, "experiment," and announce the abandonment of those that plainly call for abandonment.

It would not be accurate to say that N. R. A. is universally regarded as a mistake or a failure. But it is regarded by so large a number of Democrats, and by so many of the President's most sincere well-wishers, as to create a reason for the President to review his attitude about it. In a few respects N. R. A. has, in a vague way, justified a few of its promises. But anything good in N. R. A. can be as well achieved and preserved in other ways.

It may be impracticable to renege N. R. A. in such a way as to save the good in it and drop the rest. Those affected by N. R. A. who rather gratefully cling to it, do so because of special advantages to themselves. Each group that sees self-interest in N. R. A. clings to the hope that they can save their particular self-interest without paying the price which some other part of N. R. A. demands.

Several of the vices of N. R. A. are duplicated in A. A. A. It was of A. A. A. that Mr. Roosevelt said when he sent the bill creating it to Congress that it was an experimental step, taken in an untried field and, after a fair trial, it did not work well he would be the first to say so. At this moment A. A. A. has more friends than N. R. A. Yet most of Mr. Roosevelt's more discriminating well-wishers believe that A. A. A. must be changed.

A. A. A. is proving that natural law of change which says that the first step compels a second and the second a third. In order to make A. A. A. "stick" Congress is now asked to give to the administrators of A. A. A. even a greater authority over mills, processors and other processors of farm crops than the administrators of N. R. A. have over business generally. The self-expanding quality of A. A. A. has been abundantly proved. In the beginning it was expected that the processing tax and the accompanying restrictions of A. A. A. would not be put upon more than four crops at most. Some of the early promoters of A. A. A. believed it would not be necessary to put the processing tax on more than two crops, cotton and wheat. Today fifteen crops have been brought under A. A. A. and potatoes are being added to the list.

Both N. R. A. and A. A. A. and several of the other New Deal experiments are of a nature such that they cannot exist within the framework of the American Constitution, the American form of society and the American habit of mind. They are only possible in, and consistent with, those new conceptions of society now being attempted in Europe, in which many of the details of the New Deal have inspiration, or precedent, or parallel. The present state of public feeling shows that America does not want the new conception of society and government, nor an limitation of it. What America wants and longs for is the opportunity to recover, freedom to recover the achievement of recovery by letting loose the energies and ambitions and resourcefulness and initiative of a hundred and twenty million of free people.

It can give to the state an outstanding service if it will NOW and FOREVER stamp out of the University and all other institutions the radical element that has for its only object the overthrow of our government.

We again recommend that not another cent of the taxpayers money be sent to the University until every student and every instructor tainted with the spirit of the Radical is expelled. This is a duty on the part of the University that the taxpayers of Michigan have a right to ask.

AGAIN ROCKING THE BOAT

A year ago the Senate defeated a number of proposed amendments to the Agricultural Adjustment Act (better known as AAA) on the ground that they gave the Secretary of Agriculture dictatorial powers in all matters pertaining to agriculture. They affected not only the farmers but all who handled agricultural commodities.

Today the same group is hammering at the legislative doors demanding even greater power for the Department of Agriculture. The proposed amendments would give the Secretary wider latitude in his interpretation of the intent of the AAA as well as added

authority in enforcement of its provisions. The first amendment would allow the Secretary to suspend commodity payments for the present cash payments to farmers in the settlement for crop reduction contracts. Farmers who reduce their cotton acreage could be paid with corn or wheat, or with whatever agricultural commodity the Secretary decided preferable.

The second amendment extends the licensing power of the Secretary to include not only processors but everyone in any way engaged in the handling of any agricultural commodity or product thereof. It is carefully worded to get them all.

The Secretary would have full power to determine conditions under which processors may buy from the farmer, to fix the price to be paid, and the quantity to be purchased. If he decides that "practical means" of restricting production of any commodity is by refusing to allow the licensee to buy from farmers who have refused to sign Federal allocations or contracts, he would be within his authority under the proposed amendments.

No one has as yet been able to fully picture the far reaching effects of this astounding proposed

OBEYING THE LAW

There has been some little protest against the activities of the police department in its efforts to secure general observance to traffic regulations. Officers are human and, like every one else, now and then make mistakes, but we cannot help but commend Chief Vaughn Smith for what he is trying to do. The many Plymouth residents who saw the frightful accident and its results last Saturday afternoon which happened as a direct violation of the traffic regulations of the city, have some knowledge as to just why the Plymouth police officers are endeavoring to secure as far as possible a uniform observance of traffic regulations. We might as well make up our minds that the days of the horse and buggy are over and with an increasing number of automobiles on the highways each year, additional and more rigid traffic regulations are bound to come.

THE MIGHTY GEORGE DRIVEN TO POETRY

In youth we rub our eyes and gaze Upon our length of mystic days. Bewildered, each our race we run From day to day from sun to sun. We know not much of what's in store; We've never been on earth before. We seek to find a love for man So that the gulf of hate we can Bridge strong with timbers that will hold Something besides the weight of gold. We learn through human senses, how To wield an axe or turn a plow; Some trade, profession, business we Take up to earn the needed fee To pay the passage for our trip Upon Life's sea on man-made ship. We often seek to find our God To ease the way we all must plod. We strive and struggle, toil and sweat To gain new views—old ones forgot— We travel far, where'er we roam As for the future, we are dumb. Alas! too often on Life's road, Our dream-home is a mere abode. It seems to me, then, that one's goal Should be to take the stuff of soul And with the tools of kindly deeds, Shape from life's timber what one needs. To build a shelter strong and stout To keep the cold of hatred out; A place wherein each soul shall rise Into the stature of a wise And gracious person—oh, what bliss, If every human could do.—George R. Averill.

WARNED TOO LATE

The state of New York is spending at the rate of about \$300,000,000 a year for the support of its indigent and unemployed. Of this amount approximately \$200,000,000 is being spent in New York City alone. Mayor LaGuardia reports \$19,885,943 spent on 1,457,811 individuals in 331,872 families during the month of February just closed and estimates the cost for March at an amount exceeding \$20,000,000. The federal government paid \$152,345,220 for relief in New York in 1934. After two full years of National Recovery hysteria there appears to be no immediate hope for improved conditions. Mr. Hopkins called attention to an imminent danger while in Chicago last

week. He said the people are getting the habit of expecting public support. Well who handed out this kind of a pacifier in the beginning? An army of township supervisors could have told Mr. Hopkins in the beginning what was certain to follow but Mr. Hopkins and his army of socially trained aids would not listen. And so here we are. Where to now, Mr. Hopkins?—Hon. Vernon J. Brown in The Ingham County News.

AN EDITOR SREAMS!

What has been done for the middle class? Well, those who were one step down the ladder were taken care of entirely, those who were one step up the ladder were protected in whatever undertaking they chose to the point that they were given monopolistic advantages. Money has been squandered as if there were an unlimited supply and as free as water. Who will pay for this outrage? Certainly those on the lower rung of the ladder will not. Will those on the higher rungs? Have they in the past? No! It will be the great middle class who will dig up the unparalleled taxes to meet this spendthrift program. They can scrimp and go without necessities while those who live off them can enjoy the luxuries, etc. It will be a happy day when the middle class gets organized so that they have a real voice in governmental affairs. For the rectitude in all matters of life pertain principally to that class. A "New Deal" Yes, a new deal for the middle class is sorely needed. May we live to the day when they get a "square deal"—Frank Bryce in The Grand Lodge Independent.

Moore Predicts Much Building

(Continued from page one)

FHA I can do no better than to enumerate the major purposes of this legislation as explained by Mr. Rogers in the first place over 3,000,000 men, heads of families, are normally employed in the building industry, and if these skilled workmen can again find normal employment, everyone will benefit. In the second place, the building industry under normal conditions is our second largest industry, the first being farming. Nothing will speed complete economic recovery more quickly and permanently than the restoration of this industry giant to its former high place. In the third place, any substantial volume of repairing, modernization and new construction will release millions of idle dollars, and place them back to work under sound credit requirements. And fourth but not least in importance, long needed repairs and improvements to existing property will arrest deterioration which steadily decreases the value of improved real estate.

"In my opinion, it is in this connection that we need state legislation similar to that enacted in other sections of the country.

Plymouth city officials have stated unofficially that they would look with disfavor upon any increase in assessed valuation in cases where improvements are contemplated under the terms of the FHA, but that they are powerless to control the situation without concurrent action being taken by county and state authorities.

The fear of an increase in assessed valuation based upon past experience may well prove to be a real stumbling block.

This is a point that I intend to introduce at a meeting of local FHA committee chairmen and members to be held in Detroit Monday, March 25th. I hope that most of the Plymouth committee will make a note of the date and plan to attend.

"Local material dealers and members of the allied trades will be interested in knowing that sales clinics will be staged throughout Michigan in March and April, during which material dealers, manufacturers, brokers, contractors, sales managers, and field salesmen will receive the advantage of information on the methods of making sales and money through the National Housing Act. Plymouth probably will be included in the Ann Arbor zone.

"Information contained in bulletins issued from state headquarters in the first National Bank Building, in which materials are the advantages inherent in this legislation to borrower and lender alike are being driven home from every conceivable source. I cannot imagine a complete failure. I hope for a complete success."

Mrs. Crane, chairman of Government and Education committee gave a fine report on the condition of the schools and explained that the school bill now before the committee would be introduced in the Legislature in Lansing providing for a sum of \$25,000,000 for aid in support of the public schools of the state will pass.

Dr. Fisher of Dearborn who is serving his fourth term as Republican Representative from this district was introduced by Mrs. Ruth E. Huston Whipple, president of the local league.

Dr. Fisher's topic was "What the Legislature has done so far this session."

In eleven weeks there has been six bills passed and the seventh is ready for the Governor's signature.

Three hundred bills have been introduced in the House and 250 bills introduced in the Senate. All Gov. Fitzgerald's administration bills have been introduced.

The House Bill 185 and Senate Bill 210 classified as School Bills are uppermost in the minds of the men in Lansing and Dr. Fisher promised to introduce legislation sufficient to produce certain adequate primary education for all Michigan children.

Dr. Fisher was the only Republican on the recent reunion committee held in Detroit and gave a very detailed explanation of methods used, also displayed balloons showing how they were marked.

The proposed amendment to section 16 of the constitution with reference to the determination of the votes and contested elections by the board of state canvassers will be voted on April 1st and if passed will eliminate the possibility of recount such as has taken place since the November election.

Dr. Fisher gave his opinion on numerous bills and those present had a much clearer picture of what some of the bills meant or will do to the local communities. His explanatory answers and pleasant, friendly personality makes him a welcome guest at any meeting and the League is anticipating his return in the near future.

The education of our crippled children in rural communities represents a serious problem. Our present law prohibits educational opportunities.

16. Makes possible a study of existing facilities for care, cure and education, to determine whether or not there should be established in each county or series of counties a trained physiotherapist, clinical and hospitalization facilities.

17. Wages a war of prevention against all crippling conditions, stressing preventive and remedial measures.

18. Makes possible the organizing, managing and distribution of "Michigan's Crippled Children," the Society's official publication.

19. Safeguards present legislation affecting crippled children, pending its support through appropriations and establishing better facilities for crippled children either by amending the present laws or creating new ones.

20. Makes it possible to carry on individual case work by means of special investigations, recommendations and actual participation in the program for each child.

21. Makes possible further study by the following named committees of the Michigan Society: Educational Survey; Convalescent Schools; Legislative; Physiotherapists; Teachers; Publicity and Development; Medical Research and others.

22. Develops plans for and establishes programs in the various counties, furnishing them with a list of crippled children on record in each county and community, and informs each local committee as to the possibilities for care, cure and education for each case and the procedure to be followed.

23. Assists in the matter of national legislation in the United States on behalf of crippled children.

24. Provides recreational activities during period of convalescence.

25. Disseminates scientific knowledge from research laboratories in campaigns of prevention by means of the written word, the radio and public addresses.

26. Makes it possible for the Society's office to continue, to serve as a clearinghouse and bureau of information affording professional counsel and advice on all matters pertaining to the problem of the crippled child.

27. Promotes safety education in the schools.

28. Promotes special orthopedic classes in sufficiently large communities.

All of the above calls for the closest cooperation of all agencies interested in or organized to serve crippled children.

Camp Nee-carnis Girls Hold Annual Re-union

Summer scenes were reenacted despite King Winter's procrastination last Sunday when girls from all parts of the metropolitan area who attended Camp Nee-carnis on Big Star Lake last summer held their annual reunion at the Women's City Club.

Parents, counselors, and friends of the young outdoor enthusiasts joined them in recalling last summer's good times when Miss Edith Politt Holt, Camp Director, displayed moving pictures of the camp activities taken last year. This year's reunion took the form of a tea held from 3:00 to 5:00 o'clock.

Seven of the youngest set from Grosse Pointe who attended the affair were Mary Louise Martin, Helen Jane and Patsy Talbot, Frances Marie, Gail Wilcox, Elizabeth and Margaret Marshall.

The Birmingham contingent included the Misses Barbara Norton, Betty Few, Patricia and Elsie Partlan, and Phyllis and Ellis May, Virginia Spency, Mary Jane Gump and Mary Jane Cloon of Pontiac were there to greet their friends of vacation days and Elsie Ann Ward came up from Grosse Isle for the occasion.

Young Detroiters who were on hand were Agnes and Justine Frawn, Dorothy Denler, Margery and Peggy Wood, Jean Elizabeth Knight, Helen Jane Post, Josephine Wilcox, Sallie Welton, Rowena Prehse, Helen Haw and Barbara Weeks.

Established in 1921 Camp Nee-carnis has proved a magnet for girls from homes in Eastern states as well as Michigan, Ohio and Illinois. Only fifty girls are accepted each season that each of the ten counselors may give her

A Communication

To the People of Plymouth: Quoting from a letter recently received from former governor Wilbur M. Brucker and in reference to the program to be staged by the Plymouth Division, Michigan Centennial Celebration, he states: "I know that you will appoint your committees and bend your efforts toward making the celebration big enough to be worthy of the event which it commemorates." In the same letter Mr. Brucker promised to hold July 4th open for Plymouth—pending later arrangements between himself and the local chairman.

Whether or not Plymouth puts on a "celebration big enough to be worthy of the event which it commemorates" remains to be seen. To insure greatest success the people must enter into the spirit of the local program without much coaxing or persuasion. Funds will be needed. The celebration budget for Plymouth has been tentatively fixed at \$2,500.00. This amount is by no means excessive. More could be used.

Various events and features have been suggested—from a Grand Kite Flying Tournament slated for May 11th to a Mammoth Old Time Fiddlers' Contest on November 1st. The chairman of the Finance Committee and other officers have been appointed. Whether or not Plymouth is to perform her full part in this state-wide centennial will depend upon how responsive local business and professional men, and all income earning citizens will be toward the appeal for funds.

The Michigan Historical Commission at Lansing has fixed the celebration to run through 1935 and 1936. These dates, and the fact that there are to be two years of celebration, has caused some confusion and misunderstanding on the part of a portion of the people. Most Michigan residents who attended school in Michigan, were taught to believe that Michigan Territory entered the Union and became the State of Michigan in 1837. This of course, is true. On January 26, 1837, Michigan was formally admitted as the twenty-sixth state of the Union. Yet Michigan had more than a century of population, had its constitution, a legislature, governor, state officers, and was doing everything a state could do in 1835. The action of formal admittance was delayed due to the controversy caused by Ohio protesting against a large strip of land which included Toledo, being recognized as a part of the state of Michigan. Michigan finally lost the claim to this strip but retained the Upper Peninsula instead.

To satisfy the controversies of the technical historians and others, therefore—as to whether Michigan became a state at the time it received its constitution, or when it was formally admitted into the Union—a two year state-wide celebration was proclaimed. The celebration officially began on January 26, 1935, and will officially end on January 26, 1937. Thousands of new citizens are expected to see Michigan for the first time during this year and next. Lansing wishes that Plymouth complete its program as early as possible, but before this can be accomplished the amount of available funds to be on hand must be known.

Among the other features which have been suggested for Plymouth is to have an entire colony of full blooded northern Michigan Indians come down here for July 4, 5 & 6. If they come they will have with them

Supt. Smith Talks To Bartlett P. T. A.

An interesting part of the program given at the last meeting of the Bartlett school P.T.A. meeting was the address by Supt. George A. Smith of the Plymouth public schools. Mr. Smith discussed crime conditions throughout the country and the tremendous cost it was to the people as compared to the cost of education. He said that a study of prisoners at Jackson had revealed the fact that the vast majority of the inmates were boys and young men of high school and college age, but who had quit school in their early years. He gave the large number present much information about the subject that they had never heard before.

The First Tuesday bridge club will study contract on March 20 with Mrs. E. M. Moles on the Northville Road.

On Wednesday afternoon about thirty guests were present at the home of Mrs. Dickerson and a most pleasant afternoon ensued. A Japanese program had been planned and that with the luncheon table decoration of cherry blossoms, gave it a real Japanese atmosphere. The table at which Miss Terry, the guest of honor, was seated was centered with a beautiful all white cake artistically decorated and a lovely bride and groom placed on top. The table was flanked by lighted tapers. At each place a favor of cherry blossoms was placed. In the course of the afternoon Miss Terry was made most happy when little Patty Burton, daughter of Mr. and Mrs. Homer Burton, daintily dressed in pink, came in the room drawing a float of pink and white filled with lovely gifts for the bride-to-be. Those present were especially pleased with the two vocal numbers rendered by two vocal groups, the "Singing Stars" and Beatrice Huger, who all were glad to have them again.

The wedding of Miss Lorena Terry to G. Irwin Friday of Lewistown, Nebraska, which is to take place in the very near future, has been preceded by two lovely misalliances. The bride, who has been given by the members of the Methodist Missionary society, Mrs. Terry was assisted by Mrs. Wilbur Gould and Miss Ada Dargatzis. On Friday evening the guests played games and later enjoyed a dainty lunch. The guest of honor was presented with a number of lovely and useful gifts. Those present were Miss Terry, Mrs. Jesse Terry, her mother, Mrs. Leon Terry, Mrs. Harry Terry of Redford, Mrs. Gladys Baker, Mrs. Robert Archer, Mrs. Fred Thomas, Mrs. Wilbur Hill, Mrs. Willard Wilson, Mrs. Earl Wellman, Mrs. L. Walter Loomis of Omaha, Nebraska, a nephew of Mr. and Mrs. John Henderson, has been in Plymouth visiting with them for a few days. He left a few days ago for Ohio where he will spend a few days on business. Just previous to coming to Plymouth he had returned to his home in Omaha from California where he had spent the winter.

On Tuesday afternoon one of the most successful parties ever given by the Eastern Stars was held at the home of Mrs. William Downing on Blunk avenue. This was a dessert-bridge and "500" with the St. Patrick color and white being very attractively carried out in the table decorations. There were about seventy ladies present to enjoy this most pleasing affair. The chairman, Mrs. E. M. Moles, and her committee, Mrs. J. L. Olaver, Mrs. J. W. Blickenstaff, Mrs. G. A. Smith and Mrs. Anzina Howe appreciate the co-operation shown which will allow them to add generously to the treasury.

Mr. and Mrs. M. W. Wieden were completely surprised by a company of friends who came to help celebrate their twentieth wedding anniversary Saturday evening by the invitation of the former's two daughters. They were presented with the lovely remembrance from the guests.

Mr. and Mrs. E. J. Drewry of Howland joined her sister and husband, Mr. and Mrs. Henry Stenmetz, at dinner Thursday evening celebrating the birthday anniversary of Mrs. Steinmetz.

Legion Members Are Royal Hosts

Plymouth's own and incomparable Bobby Hitt, who certainly would be National Junior Champion if that title was recognized in horseshoe pitching circles, and four of the first ranking table tennis players from the Detroit Metropolitan Area furnished the networks in a scintillating program of indoor sports at the American Legion Hall in Newburg Tuesday evening.

It would be difficult to rank one performance above the other. Bobby Hitt, with his horseshoes which brought gasps or astonishment from the large audience, and the four leading exponents of table tennis, ping-pong, the old name is (table) in both singles and doubles, made drives, chops, lobs, saves, and gets many of them from a distance of ten to fifteen feet back of the table right off their shoe strings, that made local players stare with envy. The four players from Detroit were Ed Wells, Ed Danges, John Cash, and Howard Chinn. Danges, a sensation among Detroit high school players, was runner-up in the last Detroit City championship, and Cash, another junior player was champion finalist in the last State tournament. Wells and Chinn are also players of exceptional ability.

The winter season stag parties staged by the Myron H. Beal's Post of the American Legion have been enjoyed by Legionnaires and guests alike. Sven Eklund, chairman of the committee in charge of the next stag party scheduled for 8 o'clock next Tuesday evening at the American Legion Hall in Newburg promises the best party yet, but caggy Sven and his able assistants, Harry Barnes and Chauncey Evans do not reveal the nature of the program. Legions Eklund claims that the entertainment planned will send the visitors away talking to themselves, but when pressed for details, said, "Come and be surprised."

Commander Guthrie has issued a stirring challenge to all loyal members of the Post to "turn on the heat" in the membership drive which ends this month. He states, "For weeks our Post led the membership campaign in the 3rd Michigan district. In last Saturday's issue of the State American Legion Weekly I discovered that we have been tied by a Flint Post. The prize of a Chevrolet to each of the winning posts in the five Michigan districts, while deserving of being coveted, is in my opinion overshadowed by the honor of being rated as one of the outstanding live-wire Legion posts in the State.

We cannot and must not fall with the goal in sight. I and our loyal team captains have been practically driving that Chevrolet for the last two months. I hereby make a personal appeal to every member of our Post to help us gain momentum for a 'down the stretch' drive that will carry our Post over the wire out in

Local Business Women Observe Anniversary

In celebration of Better Business Woman's Week the local Business and Professional Woman's club had a dinner at the Garden Court Tea rooms on Ann Arbor Trail Tuesday evening followed by a most interesting program. The chairman for this pleasing occasion was Mrs. Lillian Terry and she was ably assisted by Mrs. Mildred Barnes and Miss Rose Hawthorne. Covers were laid for twenty-one at tables decorated in keeping with St. Patrick. The program consisted of three selections by the girls double quartette of the Plymouth high school directed by Miss Margaret Henry, a short talk by Miss Hawthorne explaining the object of Better Business Woman's Week, two readings in Negro dialect by Miss Waldorf and a book review by Miss Edna Allen of the book entitled "Boy and Girl Tramps of America" by

Thomas Minehan, which deals with one of the problems America is facing today, namely how to care for the youthful vagabonds who are roaming the country. The club was glad to welcome some of their new members at this dinner.

Mrs. Claude Dykhouse returned Thursday from Bronson, Mich., where she was called by the death of her mother, Mrs. Mertie Shaffmaster, aged 57. The latter had been ailing for over two years and passed away a week ago Thursday. Funeral services were held and interment was made in Bronson.

Mrs. Ray John, president of the local Woman's Club, and Mrs. George Burr plan to attend the luncheon given by the Woman's

Advertising Club of Detroit honoring President's Day, Saturday in the crystal ballroom of the Book-Cadillac hotel. The speaker will be, Anna Steese Richardson, director of the good citizenship bureau of the Woman's Home Companion.

Mrs. Earl Steigler, Mrs. A. J. Allen and Mrs. Paul Healy of Detroit were luncheon guests Tuesday of their sister Mrs. C. G. Draper on Church street.

Miss Zerepha Blunk will be the guest of William Kirkpatrick this evening at a formal dinner-dance given by the Hesperian society at the Hotel Old in Lansing.

Plymouth's Famous Chain Store Operator Not Worrying Over Decision About Tax Payment He Is Only One In Michigan To Have Complied

I told the big boys what to do, but they just wouldn't listen to me," commented Glenn Smith the other day after reading of the state supreme court decision in which the constitutionality of the chain store law was upheld. "I paid my chain store tax when it was due. I didn't hire any lawyers. I didn't go to court. I just knew that we fellows who are in the big business would have to pay the shot. Now my associates in the chain store business have got to pay their tax. Besides, they have had to pay a lot of lawyers and court fees and all that. When the state says pay, I generally find it is the thing to do," he continued. You see it is not a very long story—the story about the chain store operations of Mr. Glenn Smith, operator of a lunch counter six feet wide and 20 feet long almost directly across the street from The Plymouth Mail building. Mr. Smith became a chain store operator a year ago when he opened up a pop corn stand for sixty days out in Plymouth-Riverside park and another in Cass Benton park. He sold some pop and a few sticky suckers to the sweaty kids that run and play on hot Sundays among the trees and park benches. Along came the big state of

Michigan one day and said to Mr. Smith, "you are a chain store operator. You have got a chain business and the legislature has decided to make all chain stores pay an additional tax." Following some little doubt in his own mind as to his sudden elevation in the world of finance and big business to that of a chain store operator, Mr. Smith one day concluded that maybe the state needed the money pretty badly having hired Ed. Scully to run the sales tax business in this part of the world and doing a lot of other things of that kind. So he sent his check to Lansing—and forthwith became a chain store operator. "Of course I do feel that it is something to have folks look upon you as a big shot in the financial world, but when it comes to classifying a couple of pop corn stands open five or six weeks during the summer out in the parks as chain stores, that's going some," he added. As far as any one has been able to find out, Mr. Smith is the only person in Michigan to have paid the chain store tax. The big chains are considering an appeal to the supreme court of the United States in an effort to escape the tax that Mr. Smith paid. "Well if they beat the case up there, they have fought it with their money, not mine. Maybe if they do win, I'll get my cash back—but I guess the compliment is worth all that I paid for it," commented Plymouth's "chainer" as he flopped over a sizzling hot dog for Judge John Dayton.

sive and not uniform. He declared that no legal assessment can be more than five percent of the valuation of the property. He stated that it was his intention as well as that of Mr. Voorhies to go ahead and have these special assessments set aside and property holders along these streets are expected to pay the costs of the suit for the refunding of assessments already paid. It developed that even though the suit should be successful those who have already paid their assessments would not be entitled to the repayment of the tax unless city officials voted to refund the money. Mr. Grill, who stated that he was here representing Mr. Voorhies, said that the attorneys had two objectives, first, to recover from the city of Plymouth the money that has already been paid in on the paving and second to serve an injunction against the city to stop the collection of future assessments on these streets. No one, except those signing the petition for the suit, stated Mr. Grill, would benefit by the suit, if it should be successful. A number of taxpayers present, after the meeting stated that they did not favor involving the city in litigation of this kind, and that they would favor resisting the suit to the finish. The assessments in question were made by the village council in 1928 and inquiry made at the city hall since the meeting reveals that they have always been regarded as legal, that they were passed upon by the attorney for the village at that time and by the attorneys of the bond companies that purchased the bonds. From what can be learned it looks as though Plymouth is in for a gala day in the courts of the state, with the local taxpayers paying both sides of the litigation in both the circuit and supreme courts. The taxpayers on the streets where special assessments have been made, if they decide to back the suits that Mr. Crandall says he and Mr. Voorhies propose to start, will pay these attorneys as well as paying their share of the city expense in battling the proposed suits. If they win they will also be required to pay the additional taxes that will fall upon all of the city to pay off any judgments that might be secured. Mr. Crandall asked that each person assessed pay him \$10 for funds to start the necessary suits and to sign an agreement with him for the payment of 15 per cent of any amount they might win from the city, providing their contention should be sustained in both circuit and the supreme court.

Mrs. John C. Root who has been ill for the past week is somewhat improved. Her mother and sister have been caring for her.

Did You Know That

OVER the theater star's dressing table there is a magic circle of light that mercifully reveals every flaw in make-up. The amount of light used is eloquent testimony to the need of plenty of light for a critical seeing task such as this. Your vanity table, too, requires a definite amount of light—just as there is a definite amount needed for reading, writing, sewing and other visual tasks. You can apply four simple rules to your home lighting that will assure good general quality of illumination throughout the house: (1) Use SHADES on all lamp bulbs to prevent GLARE. (2) Use shades with light-colored linings to get the most light. Wide shades, open at the top, are best. (3) Use correct-size lamp bulbs—"WATTS". In table and floor lamps with 3 sockets, use 40 watts in each socket; two sockets, 60 watts; one socket, 100 watts. (4) Have at least one-tenth as much light in the rest of the room as you have on your book, newspaper, sewing, etc.

Child Is Bitten By Startled Dog

Sitting down on the floor to play with the family dog, a little two years old Paul Shoebottom, son of Mr. and Mrs. George Dees of 215 Phoenix avenue, out north of the city, accidentally let his forenoon. The dog, apparently suddenly startled from its sleep, turned upon the child and severely bit it about the face. One gash, considerably over an inch long was cut on its lower lip.

The child was rushed to the University of Michigan hospital where it was given emergency treatment. It is not believed that the dog was suffering from rabies, but special treatment has been given the child to prevent possible infection.

Spring Arrives Here Next Thursday, March 21—Get Prepared Now!

Maybe the winds will blow big drifts of snow over the highways—icy pavings will make traveling as unsafe as it has been most of the time during the winter—but

that makes little difference, spring is on the way. It will be here officially next Thursday, March 21. The winter has been so long and so bad, even though there have not been many zero weather periods, that everyone is anxious to have more pleasant weather prevail. Frequently some of the severest snow storms of the year come after March 21, but not often. Old weather prophets say that the trees, the sun and the moon

all indicate that this is going to be a very delightful spring, like all other springs that Michigan is famed for. A dark, dank, cobwebby basement can often be converted into a bright, charming recreation room, in which to entertain at bridge, with a modernization loan insured by the Federal Housing Administration.

THE BORROWER'S Best Credential It used to be a common practice by many borrowers to renew their loans over and over again. They paid the interest but, as they were "good for it," did not seem to think it was necessary to be in a hurry to pay the principal. Today this practice is recognized as unsound and contrary to safe banking principles. Banks are no longer permitted to extend loans indefinitely. A "clean slate"—all old obligations wiped off—is a borrower's best credential when seeking further credit. The most welcome borrower today is the man who not only can pay, but does pay his loans at regular intervals. Plymouth United Savings Bank PLYMOUTH, MICHIGAN Established 1890

The Story of the Bible Told in Pictures

Cast Out of Paradise.—When Adam and Eve, disregarding God's commands, had eaten of the fruit of the tree of knowledge their eyes were opened, and they knew that they were naked. When they heard the voice of the Lord they hid from His sight. And when God questioned them Adam told how Eve had given him the fruit, and Eve in turn blamed the serpent who had beguiled her. God cursed the serpent, condemning it to travel on its belly all the days of its life. He cast man and woman out of the Garden of Eden, condemning the man to the tilling of the ground whence he came and the woman to the bearing of children. One of a series of Bible pictures by Merian, Seventeenth century engraver.

"Substance will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 17.

Among the Bible citations is this passage (Isa. 35: 5, 6): "Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped. Then shall the lame man leap as an hart, and the tongue of the dumb sing, for in the wilderness shall waters break out, and streams in the desert."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 197): "The less that is said of physical structure and laws, and the more that is thought and said about moral and spiritual law, the higher will be the standard of living and the farther mortals will be removed from imbecility or disease."

CALVARY BAPTIST CHURCH
Richard W. Neale, Pastor

You are warmly welcomed to meet with us at any of our services. Why not pay us a visit this week? We aim to be a friendly, Bible church where Christ is preached.

Sunday at 10 a.m. our pastor plans to speak on "Six Great Words of Scripture." This climaxes our series of messages entitled "The Sermon on the Mount." Bring your Bible, and invite your friends.

Sunday evening at 7:30 Mr. Neale, our pastor, will speak on that great question, "Who Is On The Lord's Side?"

Travelers in distant lands tell us that the heathen are not ashamed of their religion, but strangely many professed followers of Christ are ashamed to confess him openly. Why is this? Are Satanic forces responsible? Can a man be saved without confessing the Lord Jesus Christ? These questions will loom up in the foreground as we study the Bible book of Romans 10:9, 10, and Matthew 10:32,33.

The Young Peoples Fellowship meets this Friday at 7:30 with Arvid Burden as the speaker. His topic is "God Needs You!" This is the best occupation for any young person on Friday nights; ages fifteen and over are eligible. Others are welcomed to visit too. Mrs. Ella Kalin is the leader.

The Young People also plan to have a jolly social this Saturday evening at 7 o'clock at the Post-office residence on Lolley Road.

"Knee action" is not limited to new cars. A real Christian must have it to succeed. Come to prayer-meeting at 7:00 p.m. Wednesday. Realize what consecrated "knee action" can mean to you! A happy singing crowd. Come to Calvary!

Third Sermon in the series "Our Lord's Prayer" will be delivered Sunday at 10:30 a.m. on the topic: "Thy Will Be Done."

The topic for the Mid-week Lenten Service, Wednesday at 7:30 p.m. will be "The Teaching Christ."

The Ladies Mission Society will meet Wednesday, March 20th, at 2:30 p.m.

The Men's Club will meet on Friday evening, March 22nd, at 7:30 p.m. A program of moving pictures of the Great Outdoors and other matters of educational value will be featured. All men are invited.

The Young People's Bible Class will gather for their monthly social meeting on Tuesday, March 26th, at 7:30 to 9:30 p.m.

Anyone interested may come to the church basement on Thursday evening, March 21st, 8 o'clock for a preview of the film for the Men's Club.

Remember: The Adult Catechumens will be confirmed on Palm Sunday, April 14th, 10:00 a.m.

The Easter Sunrise Service begins at 6:00 a.m.

The Homecoming Day is April 28th, service at 10:30 a.m.

Our church services for the past two months have been exceptionally well attended; still we miss you, who ought to come, and do not come. Do you not know that this life is your ONLY opportunity to prepare for eternity? Are you actually willing to ignore the ONLY means by which the Lord God reveals His plan for YOUR Salvation to you? Are you foolish enough to think that you can outsmart the Almighty God on the Day of Judgment? Do you know that Christ still means YOU, when He said: "Come unto Me, all ye that labour and are heavy laden; and I will give you Rest. Come, and we will welcome you!"

There are three more weeks yet in the Sunday school contest. The highest attendance so far was 96 and we hope to reach the 100 mark before March 31st.

The birthday supper was well attended and enjoyed.

The young married peoples class are giving a fish supper at the L.A.S. hall Wednesday evening, March 20, at 6 o'clock to which everyone is invited. The men of the class are to furnish the entertainment.

The fourth quarterly conference will be held at the church Monday evening, March 18.

The ladies of the young married peoples class will care for young children of those mothers who would like to attend church, but cannot do so because of the children. Bring the children and they will be cared for in the basement room of the church.

Miss Lydia Joy and Miss Grace Toncray spent the week-end with friends at visited friends in Ann Arbor.

Miss Joy McNabb of Concord was home Saturday and Sunday. Oscar Luttermoser of the U. of M. spent the week-end with his parents.

Mrs. Edgar Stevens, Mrs. Marline Simmons and Mrs. James McNabb, attended the funeral of a friend, Edward Reid, at Whitmore Lake Monday afternoon.

On Wednesday evening of last week the county leaders of 4-H work gave a banquet at the Newburg school for the Newburg Livonia Center, Allen and Waterford 4-H club members. There were 87 present and George A. Smith, of Plymouth, gave a very interesting talk. Wm. Bartel furnished the beautiful plants with which the tables were decorated.

Former Residents Of Plymouth Meet Out In Sunny California

The following interesting article has been sent to The Plymouth Mail by Mrs. O. M. Southworth, formerly Mrs. E. L. Riggs of Plymouth now a resident of Venice, California, which will be of interest to resident of this community.

On Sunday, March 3rd Mrs. Lester Black formerly Irma Armstrong entertained in honor of her father, Charles H. Armstrong's 75th birthday. The afternoon was spent in visiting and talking over old times in Plymouth, as most all there were former Plymouth people, and plan on attending the Michigan picnic to be held in Sycamore Grove, Los Angeles on Saturday, March

16th. Music was enjoyed as Miss VanDeCar, youngest daughter of Lester VanDeCar of Glendale, played her piano accordion. She is a wonderful player and all enjoyed it very much. Later in the afternoon ice cream and cake was served and all departed expecting to meet again in El Monte on November 25th, when Mr. and Mrs. Charles H. Armstrong celebrate their golden wedding.

Those attending were Mr. and Mrs. C. H. Armstrong of El Monte, California, Mr. and Mrs. Lester Black and four sons of Compton, Mr. and Mrs. Charles Shattuck, Mrs. and Mrs. E. Krifer and daughters Mildred and Dorothy Dell and son Billy. Mr. and Mrs. Lester VanDeCar and two daughters, and Mr. and Mrs. Geisler of Glendale, Mr. and Mrs. Kellerber and daughter, and Mr. and Mrs. George VanDeCar.

SIR MALCOLM CAMPBELL PROVES PERFORMANCE AND RUGGEDNESS IN STOCK MODEL SEDAN

Again Hudson gives you proof of power, performance, ruggedness—instead of claims.
Speed—nearly a mile and a half a minute! Acceleration—and lightning fast shifting with the Electric Hand—a mile at 68.18 m.p.h. from a standing start! Ruggedness—a record in second gear at more than 70 m.p.h.—"most savage punishment I ever gave a car," said the driver.
Remember, a stock Hudson sedan set these records—a car picked at random from a dealer's showroom by A.A.A. officials. Come in and see its duplicate. And, by all means, drive it before you decide on any car.

THE ELECTRIC HAND... Easier, safer driving... faster, smoother shifting, with both hands always on the wheel. An exclusive feature, standard on Hudson Custom Eights; optional (for small amount extra) on all other 1935 Hudsons.

PILGRIM PRINTS STAFF

Table listing staff members: Editor-in-Chief (Jack Wilcox, Darold Cline, John Moore), Social Editor (Douglas Miller, James McClain), etc.

SENIOR BIOGRAPHIES

Arnold (Lewis can you imagine?) Ash, age seventeen, was born on a farm on December 9. He was a Torch Club member for two years holding the offices of vice-president and treasurer.

Archer, Eileen—better known as "Arch" was born in Wise Township, Michigan, on December 18, 1916. Eileen has red hair and blue-gray eyes.

Lola Mae Barlow—a very pretty dark-haired, dark-eyed young lady was born in Rose Center, Michigan, June 18, 1916. She has been a member of the Leadership Club, Girl Reserve, etc.

Lillian Olive Blake was born in the city of Detroit, January 10, 1919. This young lady entered the Plymouth high school in the fifth grade of school and has done all she could in activity and scholastic work.

Norvall Charles Bovee, who recently acquired the nickname of "Slush" prefers the school yard to the city. He was born just outside of town and is one of the few who started in the kindergarten to continue through the twelve grades with the same class.

Margaret Brande was born in Plymouth on July 14, 1917, and she lived here ever since. This suburban haired, blue-eyed girl is a nature study of all kinds and even a certain amount of hunting and fishing.

she has a very interesting collection of World War stories. Aside from books of this kind Margaret's favorite author is Gene Stratton Porter, all of whose books she has read.

Donna Bridger was born in Ann Arbor, on March 27, 1917. When Donna was two years old, the family moved to Detroit and when she was five they went to live in the country.

Miriam Ada Brown (better known as Buster) was born in the city of Detroit, October 5, 1917. When she was two months old she moved to our fair city of Plymouth where she resided ever since.

Although most Americans express a disdainful contempt for Senator Huey Long and his methods, she has always been a fan of the senator.

He reasons that incomes should be leveled off, and most people agree. But he also reasons that in so doing he will raise the standard of living of our people.

While it may be admitted that income should be leveled down, it is plain that some more drastic measure must be taken to help individuals who are not among that two per cent.

HONOR ROLL

Table listing honor roll students by grade: 7th Grade (Ash, Ruth, Bradell, Patricia, etc.), 8th Grade (Barnes, Belva, Buzzard, Doris, etc.), 9th Grade (Bordine, Gerald, Curtis, Hazel, etc.), 10th Grade (Adams, Dorothy, Brock, Tom, etc.), 11th Grade (Ash, Arnold, Ash, Arthur, etc.), 12th Grade (Ash, Arthur, Ash, Arthur, etc.).

STARKWEATHER NOTES

Joyce Karker a kindergartener, entertained all the girls and Miss Cavanaugh at a very lovely birthday party at her home Tuesday.

Miss Cavanaugh's first B class has been practicing as a rhythm band for the next P.T.A. meeting.

Mrs. Frank Keel was a visitor in the second grade last week. In art work they have been making color booklets.

The fourth grade pupils have been doing soap carving. The class has combined nature study stories and their language work.

The fifth grade spell-down was won by Dorothy Drews. Evelyn Phillips was runner-up. The fifth A class has finished its booklets on India.

Seven pupils went down on the word "pursue." The six A's are painting pictures on wood.

WHO WILL WIN THE SPELLING BEE

In each of the grades, seventh, eighth, about thirty pupils competed in the spelling bee to eliminate for a grade team of ten pupils. The last one remaining of the team has the grade championship.

"AD LIB"

Folks laughed when Frogg-ave Johnston tried to keep time with the music in assembly last week.

Two good juniors have been spending quite a bit of time scrubbing the paint off the floors which J. Hopper painters splashed on them.

The slowest motion on record was performed by K. Jewell when he left class to get a drink.

Among the mid-stagins is good old Wilbur Waldon gashing senior who has been missing for several weeks.

NICODEMUS

Did you ever have a pet turtle about one and one-half inches in diameter? If so, did he have such a name as Nicodemus?

I found my Nicodemus while I was fishing, and I grabbed him in one hand while he tried to waddle away.

"Nic" was the cutest little mud turtle, with a pink undershell and an orange and red and black back.

My brother thought he was just wonderful and wished he had one like him. My sister wasn't interested, and all Dad said was "Where did you get him, and what are you going to do with him?"

He was as fast a turtle as I ever saw. He could go scuttling across the floor with his feet going scritch, scritch, scritch and his tail keeping time with a vigorous flip-flip.

So the next day I took him back to the creek and let him go. He went into the water "kerplunk" and just bobbed up to say goodbye, or something going under water out of sight.

Howard Ebersole, 9th Grade.

HOME ECONOMICS

Consumer Buying is a most important phase of Home Making. The depression, which has just passed us around the corner, is a great need of Consumer Education.

Geraldine Vealey—"You can obtain information on this subject in Consumers Guide, daily papers, Good Housekeeping and other magazines."

Charlotte Williams—"You should read labels to get best quality for the right amount of money to suit your income."

Lorraine Renaud—"Study labels. If labels do not give information needed, ask clerks. If enough information is given, manufacturers will give desired information on labels."

Ernestine Hartung—"Understanding advertising is an important part of Consumer Education."

June Frederick—"To be a wise consumer it is well to study weekly page of the newspaper."

Dorothy Hobbins—"They must read the labels and find out just what kind of material they are buying."

Evelyn McMullen—"I should say that very little has been said about this subject and that every child especially in high school should be educated to be a wise buyer."

The High School Scholastic Magazine of February 9, 1935 devoted the week's number to Consumer Education.

Choosing carefully what we want is first economy in spending. When we buy a dress, a pair of shoes, a box of face powder, a can of peaches, or any of countless other articles we as consumers buy, we should ask ourselves: Are we getting the best for the purpose?

Labels, advertisements, salespersons, tests, standards are some guides that consumers are depending on.
