IS IT ANARCHY?

What sort of a government are we of Michigan living under when we find our state police force being used to prevent the lawful operation of manufacturing plants? Does it border on anarchy? Certainly it is not government by law, and it is not a blessing of freedom that is pledged us under the constitution of the state of Michigan or of the United States. There is not much question but what we have in less than three months gone back some 5,000 years or more to the age when brute force was the ruling spirit of the world. Law and order no longer prevails in this state. We quite agree with the Detroit Free Press when it says there is no revolution in Michigan. We are beyond that stage. It is with humiliation that one must admit that brute force is the ruling spirit of the day in this commonwealth, with no protection for the property owner or the man who wants to work and make an honest living for himself and family. The law of today in Michigan is the same law that prevailed in the stone age—the man with the biggest blackjack and who can wield it the quickest—is the law of the land!

INSURRECTION.

On January 29, The Plymouth Mail published the following editorial under the above heading:

The constitution of Michigan, in fixing the duties and responsibilities of the Governor, says: "The governor shall take care that the laws be faithfully executed." He shall be commander-in-chief of the military and naval forces, and may call out such forces to execute the laws and to suppress insurrection and to repel invasion.

Insurrection under the law means "an act or action of rising against civil or political authority."

Michigan, in recent weeks, has witnessed and is today witnessing an insurrection within its boundaries. Property has been seized and is controlled by people it does not belong to. Duly constituted law enforcing officers have been assaulted and their authority defied. Laws of the state have been openly flouted. Thousands and thousands of men who are willing and anxious to work have been deprived of their means of providing a livelihood for themselves and families—all of which constitutes, under the law, an insurrection against the people of the state of Michigan.

What is the Governor of Michigan, who is commander-in-chief of Michigan's military forces, going to do about an insurrection that has been going on for nearly a month within the state of which he is the Governor?

What would you do if some one walked into your home and told you that you could not come into your own house, that you must stay on the outside while he remained within, enjoying the heat and using the other necessities you had provided for yourself?

You would immediately call the officials you pay to protect your property and you would demand a restoration of your property to your own control.

What would you do if the officer failed to help you have your rightfully owned property restored to your possession?

There can be and there should be an orderly way of settling every dispute and argument, but the commitment of acts of insurrection against the people of the state and defiance of law and order is not the way to gain a peaceful ending of any disagreement. The time has arrived for the duly constituted officers of Michigan to assume the responsibilities of their office and stop running to the back door of some law-defying, high salaried agitator in Washington and asking him what to do about it.

This editorial printed nearly two months ago is re-published at this time because of the similarity of sentiment expressed last Saturday in a telegram sent to Vice President John Garner by the president of Harvard University and six other residents of the city of

Stewart Dodge Elected President Of Chamber of Commerce — Glenn Jewell Named Vice President

Carl Caplin Becomes Treasurer And Leonard T. Murphy Continued As Active Secretary By Directors

Stewart Dodge, long active in Plymouth Chamber of Commerce work, was Monday noon elected president to succeed Elton R. Eaton, who has served in that capacity for the past two years.

Glenn Jewell, another energetic worker in the organization for the improvement and development of Plymouth, was elected vice president, and Carl Caplin was elected treasurer.

Leonard T. Murphy was continued as active secretary of the organization.

The new officials immediately took under consideration plans for an intensive membership campaign with the hopes in view of having every person in Plymouth interested in the betterment and growth of the community a member of the organization. During the next two weeks a membership drive will be worked out, with Mr. Murphy perfecting the details for this important work.

It is essential that the membership of the organization be increased in view of the fact that the newly elected secretary of state has taken the branch office of the automobile division away from the chamber of commerce in this city. The plan, however, is no different in Plymouth than in other cities in the state where there has been a combination between the license offices and the various chambers of commerce. All such combinations have been discontinued and the secretary of state's branch offices given to party supporters.

This change in Plymouth had cut the income of the Chamber of Commerce in two and it will be necessary for additional funds to be raised from local sources.

The chamber of commerce is renting to the secretary of state its office equipment, for a small sum.

The new officers will immediately assume their duties and there is no question but what much good for the city will be accomplished during the next year by this organization which has worked so diligently for the good of Plymouth and its residents.

Fluelling Starts Building On Main Street

Harold Coolman Has Long Term Lease Of New Garage

Ground was broken Wednesday for the construction of a super service station and automobile sales and service on the old D.U.R. property on Main street by the present owner, Earl Fluelling. The building will be of the most modern construction and will contain sales offices, a show room, a complete garage, service station, wash rack, etc. Hi-Speed products will be handled exclusively in the gas station and new computing pumps will be installed in front of the building.

Harold Coolman has taken a long term lease on the property and will use the same for his headquarters as Oldsmobile, Cadillac and La Salle representative in Plymouth as well as operating a complete garage service.

Mr. Coolman announced yesterday that he has also leased the property at 203 South Main street, directly across from the library building, to be used as a temporary office and a permanent used car lot. "The lot will be developed along the lines of those advocated by the Cadillac Motor Car company and will be one of the finest in this section," he stated. When he moves into his new building next to The Plymouth Mail, he will maintain both places of business.

Nearly fifty members of the House and Senate club of Lansing, a club consisting of wives of Michigan legislators had luncheon at the Mayflower hotel Thursday noon, on their way to Detroit to be the guests of The Detroit News on a tour of the building and radio station WWJ.

SMALL POX CITY HEALTH OFFICER PECK ADVISES ALL TO BE VACCINATED.

Due to the increasing number of Small Pox cases that are existing in this part of the state; and particularly in our neighboring village of Dundee, Dr. Peck is urging all Plymouth to be vaccinated. All Plymouth high school students who recently attended the basketball tournament in Jackson on March 18, have been exposed to Small Pox; as it has been called to my attention that two high school students from Dundee who attended this tournament were in the prodromal stage of Small Pox. Every adult in Plymouth and every child in Plymouth who have not been vaccinated within the past five years should be vaccinated NOW. It may save you or your parents a month's quarantine. So go to your family doctor at once—BE VACCINATED—and prevent "old man Small Pox" from quarantining you.

The item in last week's issue of The Plymouth Mail informing the public of an epidemic of Scarlet Fever in Plymouth was an error on the part of some correspondent. Health Officer Peck says that item should have been relegated to the column captioned: "Happenings in Plymouth Twenty-five years ago. There is only one case of Scarlet Fever in the city of Plymouth at this writing."

LUTHER PECK, M. D.,
Health Officer

Police Officers Quickly Clear Up Robberies

Good Work Results In Arrest of Two For Burglary

As good a piece of police work as ever done anywhere has just resulted in the arrest by the three Plymouth police officers of two youthful sneak thieves who have been breaking and entering houses in the city during the past month.

Not only have they been captured by the officers, but much of the stolen loot has been recovered. Do not think that big city officers are the only ones who use the foot-print cast as one of the means of identifying criminals.

Acting Chief Charles Thumme and the other two officers used the casts most successfully in the first house breaking cases Plymouth has had in years. The two boys, who were arrested, both juvenile offenders from Detroit, who have been on probation, have been working on a farm out West Territorial road.

When the home of Mr. and Mrs. Leo Crane, 1494 Penniman avenue was broken into last Friday evening while the family was away for a brief time, the two offenders left some good foot prints near the porch they climbed, in order to reach a second floor window they pried open. Officers were able the next morning to secure two excellent casts of these footprints, as well as finger prints left on the windows.

From this place the thieves secured some cash, a valuable diamond ring, pearls and other jewelry. Apparently, the next morning they went to Detroit, pawned the ring and purchased a used automobile.

Saturday night Officer Sackett gave two youths a ticket for two traffic violations and when checking the case with Acting Chief Thumme and Officer Greenlee, the officers became partly convinced that the two youths might be involved in the thefts.

Late Saturday night it was discovered by the police that the home of Mrs. Marjorie Hoyer at 1077 Roosevelt, who has been spending the winter in Arizona had been broken into. Plymouth police, when advised, watch the

Damages Are Awarded To Crippled Youth

Jury Returns Judgment Of Nearly \$6000 For Loss of a Leg

It pays not only to obey the state laws, but city ordinances as well.

The fact that a truck carrying automobiles and which belonged to the Auto Haulway Company, Inc. of Dearborn, had parked at a place on South Main street back in September, 1935, in such a way that it was in violation of village parking ordinances, had much to do with the returning of a judgment a few days ago in circuit court in Detroit in favor of Norman Wilson, nine-year-old son of Mr. and Mrs. Kenneth Wilson, who lost his right leg in an accident when he started to run across the street.

As the boy stepped from in front of the truck carrying automobiles, he was brushed by the fender of a gravel truck driven by William Schepp. No blame was ever attached by the police or prosecutor's office to Mr. Schepp.

He rolled under the truck and his right leg was so badly crushed that doctors found it necessary to take the leg off.

Suit was started in circuit court and after hearing evidence for a number of days, the jury returned a verdict of \$5,000 plus \$650 for a hospital bill. The portion of the verdict left after the payment of the lawyers, will be set up in a trust fund for the lad, who is now a student in the Plymouth schools.

New Comfort Station Near Tennis Courts

Park Officials Let Contracts For Building — Finished July 4

The thousands of visitors to Plymouth-Riverside park will be interested in knowing that contracts have been let for the construction of a new comfort station to be located just north of the field and between the baseball field and tennis courts in the park. The location is some 400 or 500 feet west of the Haggerty highway.

The nearest comfort station to this section of the park which is thickly congested during the entire summer and fall seasons is at present located on the bank of Newburg lake some half a mile to the east. The other comfort station is located in the older section of the park and near the new wading pool built last summer, near the Plymouth entrance to the park.

County park officials state that the new station will be similar in design to the others that have been constructed in past years and that it will be completed, and ready for use by July 4.

Contracts have also been let for a new comfort station in the parkway along the lower branch of the Rouge about a quarter of a mile north of Michigan avenue and just off Inkster road. This station will be completed at the same time.

Ernest Allison Heads Shrine

Shrine club members and their wives enjoyed one of the finest parties ever held by that organization last Thursday night when another successful season was brought to a close and Ernest J. Allison was installed as president of the club for the ensuing months.

A particularly interesting program was provided for the guests by the retiring president, Fred D. Schrader. Principal speaker for the evening was Heinrich Pickert, commissioner of the Detroit Police department who gave those in attendance an outstanding address.

The program was varied and included community singing, accordion selections by Mrs. Anna Brill, instructor in the Peoples' Outfitting Music school, a series of mystifying tricks by the well known magician, Harry Cecil, presentation of the Divan from Detroit by President Schrader and was followed by dancing and bridge.

Smith Motor Sales Buys Super Service Station

Talk Over Dworman Gas Station On April First

Thursday morning, April 1, The Plymouth Super Service station passed from the ownership of Herman Dworman to the Smith Motor Sales company and it is now being operated by Clyde Smith and his brother, Beryl Smith, who have the Plymouth agency for Hudsons and Terraplane automobiles.

It is their plan to make many important improvements at once, entirely redecorating the station, making some needed alterations and installing such new equipment as may be necessary in order to make it one of the finest complete automobile service stations in Plymouth.

Mr. Dworman, who has operated the station for over eleven years, plans to return to Detroit. His many Plymouth friends wish for him success in his future connections and regret to see him leave here.

The service station is one of the largest in Plymouth, with a big display room for automobile accessories and tires and a car service and wash room that will enable the newcomers to take care of a large number of cars at one time.

Additional hours will be maintained for gas and oil service, for customers, the station opening at 6 o'clock each morning and remaining open until 10 o'clock at nights, and seven days a week.

While the Smith Motor Sales, which will be the name of the station in the future, will handle the local agency of Hudsons and Terraplane cars, they will service all makes of cars at the station. Their host of friends wish them well in their new location. Clyde Smith has been in the auto business here for over ten years and his brother since graduating from the Plymouth high school.

A Major Bowers program will be given Tuesday, evening April 6 at 8 o'clock, sponsored by the parent teachers' association. Students who have particular talents will appear on the program which will take place in the auditorium.

Tax Grabbing Legislator Hits Education

Law Maker Boasts Of Being Fed By Welfare, Assails Elliott

(By Elton R. Eaton)

LANSING. — There went out from the postoffice of this city the other day a news letter to all the newspapers of the state. The news item came from the "press service" of one of the numerous political committees functioning in Lansing at the present time.

It was a bitter attack by State Representative Philip J. Rahol of Iron Mountain upon Dr. Eugene B. Elliott, superintendent of public instruction.

The attack upon the head of the educational department of the state, coming from the source that it did, was not a surprise to those who have come to know Representative Rahol. But a few days ago he assailed the work of the extension department of the Michigan State college as well as the college in general.

By this public condemnation of a high state official sent to the newspapers of the state, Mr. Rahol has opened the gate for a discussion of himself, his record and his political views. He not only opened the gate, but he left it wide open.

Then, who is Mr. Rahol, the man who has been none too friendly to the educational institutions of Michigan, especially the "poor man's" college at East Lansing? And who has seen fit to make a newspaper attack upon the head of the state department of education?

He has set himself up as the

Margaret Rauch Passes Away

Mrs. Margaret R. Rauch passed away at her home on Penniman avenue, early Wednesday afternoon, three hours before her son, Chauncey reached her bedside where he was called from Boston.

Mrs. Rauch was 86 years old, born September 24, 1850 at Adrian, Michigan. The family moved shortly, to Wixom where she lived until she married J. R. Rauch of the same place in November of 1873. At that time Mr. Rauch was with the Pere Marquette railroad and it was this company that brought the couple to Plymouth.

A few years after coming to Plymouth they opened a grocery store and soon this business grew into one of the finest in Plymouth. Throughout the store years Mrs. Rauch devoted much of her time to the business. With all of her family and business duties she found time to devote to her church and the Eastern Star lodge and gave freely of her services to each.

Monday Is Election Day — Interest In State And City Contests Grows As The Campaign Ends

The Candidates

These are the six candidates for election to the city commission at the annual city election to be held Monday, April 5, the terms of three commissioners expiring this spring:

Arthur Blunk
Ford Brooks
Carlton Lewis
George Robinson
L. E. Wilson
Warren Worth
Commissioners Blunk, Robinson and Wilson are present members. Ford Brooks, Carlton Lewis and Warren Worth are the three new candidates in the field.

C.A.R. To Visit Ship In Detroit River April 3

The Plymouth Corners society will be the guests of the state board of C. A. R. Saturday, April 3, at 10:00 a.m. There will be a conducted trip through the "J. T. Wing", one of the few existing sailing-vessels. After the trip through the ship, the state board will plant a tree on Belle Isle. The members of the society are also invited to be present at this ceremony, to commemorate Arbor day.

The ship is in the Detroit river, docked near the Belle Isle bridge. All members will meet before 10:00 a.m. at Memorial Gate, entrance to Waterworks park, Jefferson avenue, Detroit.

Knights of Pythias Hold Get-Together

All present and former members of the Knights of Pythias lodge are urged to attend a party to be held tonight in the K. of P. hall. The occasion will be a get-together of old timers and the Ypsilanti degree team, one of the best in Michigan will put on degree of "Lesson of Friendship".

The affair will start at 8 p.m. and the work will be followed by a dance. All are urged to attend.

Stock Exchange Expert To Talk At Kiwanis

Jason Westerfield Will Explain Exchange Procedures

Jason Westerfield, special representative of the New York Stock Exchange, will speak before the Kiwanis Club of Plymouth on April 6. Mr. Westerfield has been associated with the New York Stock Exchange for the past 20 years and his intimate contacts with all departments of the Exchange qualify him to speak with authority about its operations and functions and the position the Stock Exchange occupies in the economic life of the nation.

Mr. Westerfield is a graduate engineer, and for many years was identified with the automotive and aviation industries. Long experience in both industry and finance especially qualify him to show the relationship between the two and to demonstrate the interdependence which exists between the production and distribution of goods, and the functioning of the machinery of finance.

Before the real Wall Street and the way in which it ministers to the industrial needs of the country can be understood, it is necessary to get rid of the many prejudices against the capitalist system implanted by professional agitators. Mr. Westerfield does this by exposing the fallacies underlying much of the criticism of the New York Stock Exchange.

The topic of his talk will be "The Stock Exchange with Within".

It will be ladies night with a supper at 6:30. Dancing and cards will follow the program.

World Traveler At Methodist Church

Rev. Frederick A. Cowan, world traveler and adventurer and nationally known for his Scotch humor will be the speaker at a public supper to be held April 7, at the Methodist church. Every one is invited to attend and hear the interesting address that Rev. Cowan will give. The male quartette will furnish the music.

Local Officials Expecting Good Sized Vote In This City

Monday is election day in Plymouth, and the election is regarded just as important as the one held last fall.

In addition to the election of a number of state officials, and a county auditor, the voters of Plymouth will elect three members of the city commission, a constable and pass upon three proposed charter amendments.

Township officers will also be elected at the Monday election.

It is believed that the vote in this locality will be an especially large one Monday, as there has been displayed considerable more interest in the forthcoming spring election than is generally indicated.

While local Republicans have manifested little campaign activity in behalf of their ticket, some of the local leaders say that there is going to be recorded a big straight Republican party ticket.

The local Democratic party has been confined almost entirely to the energetic work being done by state highway department employees and others who have positions with the state. They, too, say that there will be a big Democratic vote Monday.

The city commission has placed three charter amendments before the voters. There is no opposition to any one of them and it is believed they will all pass. Two of them are of especial benefit to the taxpayers of the city and one of them gives the city commission a right to sell some land that the city will not need in the future.

The three city commissioners whose terms of office have expired are George Robinson, Arthur Blunk and L. E. Wilson. All three are candidates for another term.

They are opposed by Ford P. Brooks, Carlton Lewis and Warren Worth. The three who get the highest number of votes are elected to the commission. So far, there has been little interest manifested in the city election, although it is believed there will be a big vote out.

George Springer is unopposed for re-election as constable. There is a contest on for municipal justice, Perry Richwine having been urged to oppose Judge John W. Dayton, who is the present incumbent. Both have a large number of friends who are showing considerable activity in behalf of their favorite candidates.

The state officers to be elected are two supreme judges, a superintendent of public instruction, a highway commissioner, two members of the state board of agriculture, and a regent of the University of Michigan.

City officials urge local voters to get out early Monday morning and vote early in the day.

Tube Company Announces Raise

D. C. Van Pelt, president of the Plymouth Tube company announced Thursday that a general 10 percent increase in all wages of employees on an hourly rate at the Plymouth Tube company would take effect on this week's payroll.

Mr. Van Pelt, in announcing the raise, stated that because of the friendly attitude shown to the company by the employees at the time of the arbitration held between the officials and themselves some weeks ago, which resulted in a 15 percent increase to the men at that time, he was inclined to do anything within his power for them during the coming months.

The raise came as a complete surprise to all the employees at the plant when they received their weekly pay checks this morning. Over 40 men benefited by the raise.

STRANGE SUPERSTITIONS

THE CUSTOM OF TOLLING A BELL UPON THE DEATH OF ONE IS BELIEVED TO HAVE COME DOWN TO US FROM OLDEN TIMES. WHEN A BELIEF EXISTED THAT THE SOUND OF A BELL FRIGHTENED AWAY THE EVIL SPIRITS WHO STOOD AT THE BEDSIDE WAITING TO SEIZE OR MOLEST A DEPARTING SOUL.

AN OLD BUT IN SOME QUARTERS STILL ACTIVE SUPERSTITION AMONG SAILORS IS THAT WHEN A SHARK FOLLOWS A VESSEL SOMEONE ABOARD IS GOING TO DIE FOR THE SHARK IS BELIEVED TO HAVE THE FACULTY OF "SENSING DEATH."

RAMBLING with Editors AROUND of Michigan

HIKING UP THE PRICE OF EVERYTHING.

Prices are soaring. By that we mean there are daily advances being announced in hundreds of commodities. We have repeatedly said in this column during the past three years that it was a good time to buy. That was true. Present day prices compared with those of three years or even three months ago, prove it.

It is our opinion that people who are going to need clothing, materials, machinery, or supplies—anything in which labor enters—would do well to anticipate their needs. Uncertain labor conditions all over the country are not only causing price advances but are actually jeopardizing deliveries.

Even in so common a commodity as paper—something indispensable in the printing industry—prices have been sent out by manufacturers saying they could guarantee no delivery date nor would they even estimate what prices might be.

Prices are soaring. How high they go and what conditions are ahead regarding the supply as compared with demand can only be conjectured—Schuyler Marshall in The Clinton County Republican-News.

WHAT'S THIS?

How the devil must laugh when a church with a sixty thousand dollar debt on its hands attempts to start a religious revival when the book of inspiration in plain English reads "pride goeth before destruction." Church debt nine times out of ten is nothing better than a libel on the Almighty.—J. E. McMullen in The Linden Leader.

GOVERNMENT BY PROPAGANDA

European governments are founded and remain in office on propaganda. Stalin and Hitler force the people to read government newspapers and to listen to government radio broadcasts. In Italy newspapers are censored. We still have the freedom of the press in the United States although there are those high in government circles who oppose it. A bill has been introduced in congress in recent weeks which, if adopted, would force newspaper publishers to print statements of representatives and senators and would restrict editorial comment.

Almost every department of state government has a publicity agent on the payroll. In the past few years propaganda machines have been geared higher and every mail brings to newspaper desks thick letters of self-adulation. Republican or democratic, the machines operate in the same manner and propaganda fills many wastebaskets and a few columns.

The state government is following the example of the federal government. The state has to pay postage, though, while Washington propaganda is sent through the mails without charge. This morning, for instance, a long article was received from Senator McKellar of Tennessee. He writes long and loud for the president's plan to pack the supreme court. Men close to the president have disclosed that another propaganda step to be taken within a few weeks is to send crews of workers through farm sections coaxing and even coercing farmers to write Washington favoring the packing of the court.

No matter what the cause may be, whether it be considered right or wrong, state and federal governments should not be allowed to spend public money in attempts to influence public opinion. Government should be our servant—not our master.—Vernon J. Brown in The Ingham County News.

SLIP, SLAP, SLOP.

John P. Espie and Nicholas Murphy have introduced a bill in the house at Lansing which is intended to take the slip, slap and slop out of the welfare management in the state and put it back on a businesslike basis. The commissioner will be made responsible for all disbursements and must make an accounting for same. Mr. Espie thinks it will be enacted into law.—Frank Bryce in The Grand Ledge Independent.

While I Have Youth

Swiftly the years of a lifetime go fleeting
Into the shadows of infinite night,
Often a man's golden purpose defeating—
Striking him down in the midst of the fight.
Day after day, precious moments desert us,
Silently stealing beyond our recall—
Moments whose actions have helped us or hurt us,
Aiding our progress or speeding our fall.

Brief is the morning of childhood's enjoyment,
Briefer the noontime of youth's eager play;
Quickly the period of manhood's employment
Fades into age, like the closing of day.
Always the finger of Time is recording
Triumph or failure, achievement or loss;
Fate views the page, and is ever awarding
Honors of gold or demerits of dross.

Oh, let me learn the great lessons of living
While I have youth! Let me not fail to see
That, every moment of life, God is giving
Something of priceless importance to me!
If I will meet each new day with decision
Always to do what I know to be right,
Then shall I go with assurance of vision
Into the deepening shadows of night.

Orchardists At Meeting Here

The supper for orchardmen, held at the Mayflower hotel, Plymouth, was well attended. Don Hootman, extension special-

ist in horticulture, Michigan State college, discussed the orchard problems that the men said they were most interested in. These were, the thin-wood pruning, diseases and insects, and the new spray materials that have been developed. M. G. Farleman, entomologist, spoke briefly about the evidences of insects he has observed in his

orchard visits. Oyster shell and San Jose scales, leaf roller, European Red Mite, and clover mite have been found and orchard men should plan control measures for them. The new spray calendar for 1937 has not been released yet. It will be mailed to interested persons as soon as a supply is received.

J. M. Moore, poultry specialist, Michigan State college, was in the county for two meetings March 26. Meetings were held at the New Boston State bank and at Foster's Poultry farm at Middle Belt and Six Mile road.

Sanitary measures, feeding and disease control were discussed. Although feed and poultry prices are out of line now it is expected that by fall poultry prices will be more favorable.

County Agent E. I. Besemer, has received the following information from the Ford Motor company in regard to soy bean seed for the 1937 planting season.

"Soy bean seed for planting during the 1937 season will be advanced to farmers by the Ford Motor company. The crop is to be sold to the Ford Motor company after the quantity of seed advanced has been deducted. The balance of the crop is to be sold before March 1, 1938, the sale price to be the Toledo market price at the time of delivery at our mill. Those interested may obtain contract and seed at the Ford mill at Saline, Michigan, from April 15 to 30. Bring your own sacks for seed."

Michigan Scenery

If the recently completed photographic contest of the East Michigan Tourist Association is to be used as an indicator, the Lumbermen's Monument in Isco County, Oqueoc Falls, in Presque Isle County, and Broken Rocks, in Huron County, are the three most widely photographed spots in Eastern Michigan. Nearly one-fifth of the 500 photographs received in the contest were taken in those spots. The monument, which cost \$50,000, is by the noted sculptor, Robert Aiken, of New York, and is a memorial to the early lumbermen of Michigan. It is located in the Huron National Forest. Oqueoc Falls is a popular camping spot located 12 miles west of Rogers City on scenic Oqueoc River. Broken Rocks, located at the tip of the Thumb, offer one of the most spectacular scenic views of its kind in the middle west. (E. M. T. A. service.)

W.C.T.U. Notes

Despite the fact that Thursday, March 25 was extremely cold and the walks very slippery, members of the Woman's Christian Temperance Union held a very enjoyable meeting at the home of Mrs. I. N. Dickerson of Fairground avenue.

Clippings and current events were read by members and plans made for raising Plymouth's quota of the centenary fund.

The time and place of next meeting will be announced later.

From the Union Signal: "The automobile (plus liquor) is becoming as terrible a disaster as the great war. It has often been stated that man with the things which his cleverness can invent can easily reach the place where he can destroy himself. It looks as though some such possibility were not far away. What with armaments and liquor, and all the rest, man has built for himself a material, world which is just ready at all times to blow up and wipe him from the earth."—The Presbyterian.

Tax Grabbing Legislator Hits Education

(Continued from Page One)

defender of the poor man and of the worker.

Is he?
— And what is back of his attack upon one of the educational leaders of Michigan?

Representative Rahol has stated frequently on the floor of the house of representatives as well as in private conversation that when he was elected to the legislature he was on the welfare in Ikon Mountain, that his father was on the welfare and his four brothers were on the welfare.

Therefore, when Mr. Rahol came to Lansing a little over two years ago, he says he was without funds and he says so with a degree of pride evident in his remarks. In fact, he says he is not ashamed to let the people know it.

He is a young man of some 35 or 36 years, and strong enough to do the hardest kind of work. It is not often you hear a young, able bodied man openly boast of being a recipient of welfare aid from the public coffers, and this, therefore, is one of those exceptional cases.

Well, what has happened in the brief time this youthful giant has been serving the "interests" of the poor man in the halls of the state legislature?

Upon the salary of \$3.00 per day paid to members of the Michigan state legislature by the people of Michigan, he has been thrifty enough to purchase a big Packard sedan, a car larger and more expensive to maintain than is owned by most people who have only ordinary means.

He knows the rules of thrift so well that he is not only able to maintain and operate the big sedan, but to support his family, and dress as well as any other

man in the house, possibly better than some.

But is this legislator who lent himself to a newspaper attack upon the state superintendent of public instruction so deeply concerned about the "welfare" of the poor man as he professes to be?

Not as far as anyone can see.

While the constitution of the state of Michigan fixes his salary at \$3 per day, he was one of the most energetic advocates and supporters of a proposal, a few weeks ago, to take from the pockets of the taxpayers of the state over \$100,000 a year and put a share of it in his own pockets as well as other legislators' "expense accounts".

He not only supported and advocated the \$10 a day expense account plus his salary for himself, but he did everything within his power to have this illegal expenditure made so that he—Mr. Rahol—could fatten his own pocketbook with the money that comes from the taxes paid by poor people upon the bread they eat and the clothing they are forced to buy to keep their bodies warm.

After the \$10 a day expense account scheme had been defeated, he then introduced a measure to submit to the voters a constitutional provision which would, if approved, enable members of the house to get a big pay increase for themselves. He was able to have the committee report it out to the floor of the house, where it was defeated after Mr. Rahol and some of his associates had made every effort to have it passed. And don't forget that Mr. Rahol gets that \$3 per day for every day in the year he is a member of the legislature. That's over \$2000 he pockets in the two year term.

Yes, it is "good politics" to set yourself up as a defender of the poor, providing the voters back home do not learn too much about the things you do away from home to enrich yourself at the expense of the poor you would have believe you are befriending.

One of the members of the Democratic delegation from the

city of Detroit in the legislature, has introduced a bill to increase the sales tax from three to four percent. He figures this amount is necessary in order to take care of the building program that various state institutions so badly need.

In an effort to find out what portion of the millions of dollars paid into the state treasury by taxpayers for the support of those on the welfare, goes in the payment of salaries, expense, accounts and automobile mileage fees, the writer introduced a resolution in the house of representatives the other day calling upon the state welfare department and the state emergency relief commission for a detailed report of all their expenditures during the year 1936 and the first two months of the present year. Have you any idea that this information the people of Michigan are entitled to have as to the ways their money is being spent, will be forthcoming? If you have, just forget it. You, or no one else except those getting the dough from the state will ever know anything about it. The writer, when the resolution was introduced, had a faint idea that the information might be forthcoming, but within 24 hours from its introduction, it was discovered that the resolution wasn't worth the paper it was written on as far as producing any results. The welfare boys and girls are asking for \$14,000,000 more of your cash for them to play with during the next fiscal year. Not so many years ago, \$14,000,000 was all that the state needed to run its entire government. Now the welfare "administrators" want that much for themselves to spend, CHIEFLY for their own salaries and expenses, and giving what might be left to those in need. But try and find out anything about how your dollars are spent!

Hillside Opening Is Well Attended

Plymouthites packed the Hillside Barbecue to such an extent last Saturday night that it was necessary for many of them to return to their homes without being able to gain entrance to the remodeled and enlarged tavern. An orchestra played throughout the evening enabling guests to dance as they dined in the beautiful new dining room added on the west side of the building. Everyone who could gain entrance spoke highly of the excellent service and the attractive decorations that have been added throughout the building.

Do not get the idea Democrats are alone in their squandering of taxpayers' dollars. There are some Republicans in the house of representatives who seem to think it is a very proper thing to take all the cash they can out of the pockets of the people of the state, and get as much of it as possible for themselves. The other day both Republican and Democrats

Boston. The telegram as published in The Detroit News, follows:

"Armed insurrection—defiance of law, order and duly elected authority—is spreading like wildfire.

"If armed groups can seize premises illegally, hold indefinitely, refuse admittance to owners and managers, resist by violence and threatened bloodshed all attempts to dislodge them, intimidate properly constituted authority to the point of impotence, then freedom and liberty are at an end, government becomes a mockery, superseded by anarchy, mob rule and ruthless dictatorship.

"What determined action by the Governor of Michigan several weeks ago, or a few words of counsel by the President, would have ended summarily now challenges the supremacy of government itself."

Let us turn to another Michigan weekly newspaper and get the sentiment of that publication. The following is taken from the editorial columns of The Ingham County News:

In 1933, Michigan was the first to close all its banks. This astonishing piece of financial wizardry set in motion a series of bank closings which stretched from California to Maine, leading soon to a nation-wide bank holiday by presidential decree.

Is Michigan now on the way to achieve new honors in leadership?

It stands today as the first state to give official sanction to mob rule, the first to see its governor back up and permit the dignity of the courts and the majesty of the law to be set aside. It has been the hotbed for sit-down strikes. It today holds front position in the center of industrial warfare. Are we to see the nation follow suit as in 1933?

We are told that in Washington circles, Michigan's present plight brings little sympathy. The reason for this, of course, is the resentment of official Washington against the independence of Michigan industrial and financial leaders who stood out against federal regimentation. Naturally these high officials resent the fact that Michigan led all other states in business recovery. Certainly Michigan is in no sense indebted to Washington for help in its present crisis. If denial is made that federal authorities have actually encouraged and sanctioned lawlessness in Michigan, certainly it cannot be asserted that stern disapproval of such lawlessness has been shown.

Has Michigan been selected as the proving grounds for a new experiment, an experiment in riot, insurrection, anarchy, rebellion, revolution and chaos?

First to order the doors of banks closed. First in industrial revolution. First to scrap its courts and send its constituted forces of authority to the political junk heap.

What a record!

The American Mercury, well known national magazine, in a recent article, assailed Michigan newspapers for not revealing to the people of this state the fact that the labor disturbances in the automobile industry are due directly to Communist agitation and inception and that they are the forerunners of a revolution that Communists have been endeavoring to start in this country.

Following is the pedigree of these agitators as revealed by The Mercury:

JOHN BROPHY, the executive director of the CIO, a leader in the campaign to unionize the Steel industry, and the man accused inferentially by Mr. Lewis in 1928 of being a paid agent of the Soviet Government. In that same year, Mr. Brophy and Powers Hapgood united with the Communists in a "Save-the-Union" movement. Later, both were identified as officers of the National Miners Union, affiliated with the Communist Trade Union Unity League.

POWERS HAPGOOD, an organizer for the CIO, veteran rabble-rouser, and member of the national executive committee of the Socialist Party.

ADOLPH GERMER, member of the advisory board of the CIO and former national secretary of the Socialist Party. He was found guilty under the Espionage Act in 1918 and sentenced to twenty years in Leavenworth, a verdict later upset on appeal.

SIDNEY HILLMAN, a director of the CIO and president of the Amalgamated Clothing Workers. An outstanding pro-Soviet, Socialist worker, and a former director of the Communist-supporting Garland Fund.

HOMER S. MARTIN, president of the United Automobile Workers and a Left-wing orator. A former Baptist pastor, Dr. Martin served in Midwestern pulpits until he found that his economic views clashed with those of the members of his church.

MAURICE SUGAR, Radical lawyer and Communist-endorsed candidate in the 1936 election for the office of Recorder Judge in Detroit. Also author of the "Soup Son" the Comrades' newest swing tune.

LEE PRESSMAN, lawyer for Communist and other Radical organizations.

LAWRENCE S. DAVIDOW, Radical lawyer and Socialist lecturer. He has been Detroit correspondent for the "New Leader" an official Socialist trade publication.

WALTER VICTOR, and **ROY REUTHER**. These three brothers are CIO organizers and active workers in various Socialist causes. Victor and Walter are alumni of the distinguished Brookwood Labor college at Katonah, N. Y., a Socialist school for training Negro and white agitators.

ROGER N. BALDWIN, national director of the American Civil Liberties Union, the so-called "liberal" organization which is the legal bulwark of the Communist Party in America.

ROBERT MORSS LOVETT, Radical educator and speaker, professor at the University of Chicago, and one of the most articulate exponents of Communism in the United States.

LEO KRZYCKI, member of the advisory board of the CIO, vice-president of the Amalgamated Clothing Workers, and a member of the national executive committee of the Socialist Party.

FRANK X. MARTEL, president of the A. F. of L. for Wayne County, Michigan, and a supporter of Left-wing trade movements.

WILLIAM WEINSTONE, general secretary for the Communist Party in the State of Michigan.

JOHN W. ANDERSON, an organizer for the CIO. In 1934, he was the candidate of the Communist Party for the governorship of Michigan.

MERLIN BISHOP, organizer for the CIO and a Socialist Party member.

MARY HEATON VORSE, revolutionary writer and competitor for the title of the Republic's No. 1 Lady Comrade.

ROSE PESOTTA, another Lady Comrade who currently represents the downtrodden garment workers of Manhattan. Once an intimate of Emma Goldman, she was formerly prominent in New York Anarchist circles.

JOSEPHINE HERBST, Communist writer and traveling reporter for the "New Masses."

GENORAH JOHNSON, leader of the Militant Women's Brigade at Flint and a member of the Socialist Party.

the advisory board of the CIO and former national secretary of the Socialist Party. He was found guilty under the Espionage Act in 1918 and sentenced to twenty years in Leavenworth, a verdict later upset on appeal.

Carman Root Celebrates 90 Year

Receiving the congratulations of his many friends, Carman Root spent his ninetieth birthday, March 31, quietly in his home, reading the Free Press in the morning and The News in the evening, as is his daily habit, ready to comment with keen intelligence on editorials and special feature writers, as well as on general news.

Until last year, when he sprained his ankle, Mr. Root walked all over his farm and to his neighbors. Although not in rugged health, and handicapped by deafness, he does not look his ninety years, and strangers are always amazed to learn his true age.

Mr. Root was born on his present farm, which is a portion of the 400 acres, which his grandfather, Rowell Root, pioneer, took up from the government in 1825, and has always lived there. March 31 was also the birthday of Rowell Root, who died in his ninety-fourth year in 1873.

Business is never so healthy as when, like a chicken, it must do a certain amount of scratching for what it gets.—Henry Ford.

"Eleven out of every hundred women are knock-kneed," says an observer. Which makes us wonder how one gets a job like that.

The way Congress is being besieged by letters on the court problem it would seem that we still have some American citizens left.

Someone says: "When a young unmarried couple holds hands it's a case of love. When a married couple holds hands it's usually a matter of self-defense."

STATE OF MICHIGAN
County of Wayne
PLYMOUTH TOWNSHIP
The Township Board of Health of Plymouth Township, Wayne County, Michigan, in regular session, March 26, 1937, by unan-

animous vote after mature consideration in the interest of and to protect Public Health and Safety in said Township adopted the following By-Laws and regulations, respecting nuisances and sources of filth and to regulate and control the transportation along, over and upon the highways of this Township and the disposition thereof within said Township of all garbage, offal, refuse, and debris, whether animal, vegetable or mineral, and all refuse, tin cans, bottles, or waste material of any kind from any home, restaurant, store, manufacturing establishment, or place of business:

1. The words "garbage" and "refuse" as used in these rules and By-Laws shall be held to include every refuse accumulation of animal, fruit, or vegetable matter, liquid or otherwise, that attends the preparation, use, cooking, dealing in or storing of meat, fish, fowl, fruit, or vegetables, and all refuse, tin cans, bottles, or waste material of any kind from any home, restaurant, store, manufacturing establishment, or place of business.

2. No garbage, and/or refuse as described in paragraph number 1 hereof shall be transported over, along, and upon the highways of this Township by any firm, person, or corporation unless they, he, or it be licensed so to do by the Health Officer of this Township.

3. No person, firm, or corporation shall transport any garbage or refuse described in paragraph No. 1 hereof over, along, and upon any of the highways of this Township on any Saturday or Sunday or any legal holiday or on any other day except after the hour of Nine A. M. and before the hour of Four P. M.

4. No garbage or offal, refuse, tin cans, bottles, or waste material of any kind from any home, restaurant, store, or manufacturing establishment or place of business shall be transported over, along and upon the public highways of this Township or dumped or deposited anywhere within such Township until the person in charge and in physical possession thereof shall have secured from and have in his personal possession a certificate of a regular licensed practicing physician which certificate shall give the name and address of the person in charge of such garbage, offal, refuse, tin cans, bottles, or waste material, and the address of the home, residence, store, manufacturing establishment or place of business from which the garbage, offal, refuse, tin cans, bottles or waste material being transported had been taken, and that said physician within ten days prior to such transportation or dumpage had examined said home, residence, store, or manufacturing establishment, or place of business and all the residents, occupants, or employees thereof, and that none of the residents, occupants, or employees therein were on the date of certification infected with or suffering from any infectious or communicable disease.

5. Any person in charge, control, or possession of any garbage, offal, refuse, tin cans, bottles, or waste material of any kind being transported over, along and upon the public highways of this Township from any home, restaurant, store, manufacturing establishment or place of business

shall at the time have in his possession the physician's certificate described in the preceding paragraph and shall upon demand either by the health officer of this Township or any peace officer thereof exhibit and present to such health officer or peace officer of this Township such physician's certificate for Examination.

6. Garbage and/or refuse described in paragraph No. 1 hereof shall be disposed of in this Township in the following manner and in no other manner or way, to-wit: an excavation shall be made in the soil of not less nor more than twelve inches, in which excavation, garbage or refuse of not more than six inches in depth may be placed. All dirt from the excavation shall be evenly distributed over the garbage and/or refuse placed in said excavation and tamped down. No excavation shall be made over any, or within two feet of the place where any excavation has within six days last past been made for reception of garbage or refuse.

7. No garbage and/or refuse from any vehicle or container shall be deposited on top of the soil or unloaded or dumped in any other place than an excavation in the soil as above defined.

8. All garbage and/or refuse when deposited in excavations shall be completely covered with top soil as above described within thirty minutes after any garbage has been deposited therein.

9. All garbage and/or refuse shall be stored in water tight, completely and tightly covered, all metal containers.

10. All garbage and/or refuse on the property of any person, firm, or corporation, and out-of-doors at the time of the adoption of these rules and By-Laws, shall be buried and all completely covered by six inches of topsoil by the owner or occupant of such property within ten days from the date of mailing or delivering to him or them of a copy of these rules and By-Laws.

11. Should any such owner or

occupant fall within such ten-day period to comply with these rules and By-Laws, then the Health Officer of this Township is authorized and directed to dispose of such garbage and/or refuse in accordance herewith, the costs and expenses of so doing to be assessed against the property upon which said garbage and/or refuse may be found unless the proprietor thereof shall on demand and within 48 hours thereafter fully reimburse the Township Board of Health therefor.

Penalty for violation: 90 days in jail or \$100 fine, or both. A True Copy.

Justice NORTH has had 31 years' experience on the bench—Justice Fead, 24 years. Both have outstanding records in Circuit and Supreme Courts in their combined 55 years of service.
Because the State has no provision, like that of Detroit, for non-partisan election of judges, names of all candidates must appear Monday on the State Ballot on party tickets. Justices Fead and North are named in the Republican column.
In Wayne County, many Democrats and Republicans have united in a Non-partisan Campaign to re-elect Justices Fead and North on their records. Your support is urged in Monday's election.

Church News

FIRST PRESBYTERIAN church—Walter Nichol, pastor. Services at Masonic temple. 10:00 a.m., worship. 11:30 a.m., Sunday school. 8:30 p.m., Young people. The Sacrament of the Lord's Supper will be administered at next Sunday's service. Members will be received. The annual meeting of First Presbyterian church of Plymouth will be held at the Masonic temple on Wednesday, April 7 at 7:30 p.m. Reports of the work of the past year will be presented. The financial statements from the church treasurer, the treasurer of benev-

olences, the building committee, the Woman's Auxiliary and the Sunday school will be made. Officers for the ensuing year will be elected, including elders, trustees, church treasurer and Sunday school superintendents. There will be no meeting of the Busy Women's class next week. The annual meeting of Detroit Presbyterian will be held in the Presbyterian church at Monroe, on Tuesday and Wednesday, April 6 and 7.

FIRST BAPTIST CHURCH—Loyd Sutherland, minister. 10:00 o'clock we observe the Sacrament of the Lord's Supper. It has been some little time because of special services since we have gathered for communion. Will our new members please give special attention to this announcement? 11:15. Bible school. 6:00, meeting of the B. Y. P. U. 7:00. Because of a crowded program last Sunday evening and also because of the illness of the director and some others taking part in the Pageant, it will be given this Sunday evening. You will not want to miss seeing this presentation of "The Symbol of the Cross". Our hymns will be sung from the screen. We mean that the Easter spirit shall be carried on through the coming year, and you will help us by being in attendance this Sunday evening. Great credit is due our choirs for the music which was brought to us throughout Easter Sunday, and also we give thanks for all who in any way helped to make the day the success that it was. Don't forget the mid-week service on Wednesday evenings in which we continue our studies in the Book of Ephesians.

ST. JOHN'S EPISCOPAL church—Morning prayer and sermon, 10 a.m. Church school, 11:15. Ladies' Guild will meet at the home of Mrs. William Stetzel, 1428 Sheridan, Thursday, April 8, at 2:00 p.m.

FIRST CHURCH OF CHRIST Scientist—Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years. Wednesday evening testimony service, 8:00.

"Unreality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 4. Among the Bible citations is this passage (Ps. 37: 7): "Rest in the Lord, and wait patiently for him: fret not thyself because of him who prospereth in his way, because of the man who bringeth wicked devices to pass". Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy, include the following (p. 454): "Love inspires, illumines, designates, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action."

SEVENTH-DAY ADVENTIST Services Saturday afternoon at Jewell-Blanch hall. Sabbath school 2 p.m. Bible school following Prayer service, Tuesday evening, 8:00 p.m. at Jewell-Blanch hall. Testimony study every Friday evening at various homes.

METHODIST EPISCOPAL church—P. Ray Norton, pastor. 10:00 a.m., morning worship. 11:30 a.m., Sunday school. 7:00 p.m., Epworth league. The morning worship will be the communion service. Epworth league will again begin at 7 o'clock after the Lenten change of hour. A new Junior choir is being formed which will practice at the church Sunday night at 8 o'clock. All boys and girls of Junior high school age are invited; also the high school age. The Sunday school will hold its annual county fair April 9 and 10 in the gymnasium of the church. Both evenings a short order supper will be served in the basement by the ladies' aid society from 5:00 o'clock until all are served. As last year there will be a free program of entertainment besides the usual side attractions. A feature this year will be the free advertising displays by various merchants. Wednesday night, April 7, the Men's club will have a public supper in the church.

ST. MICHAEL'S CHURCH—Rosedale Gardens. Masses: Sundays 8:00 and 11:00 a.m. Holy Days 7:30 and 8:00 a.m. Week day, 8:00 a.m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

CATHOLIC CHURCH—Rev. F. C. Lefevre. Sundays — Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society. Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

CHURCH OF GOD—188 Penniman avenue. Sunday Bible school 10 a.m. Morning worship, 11 a.m. Young People's meeting, 6:30 p.m. Evangelistic service 7:45 p.m. Mid-week prayer meeting, Thursday, 7:45 p.m. A hearty welcome awaits you at the Church of God. Pastor, Rev. E. L. Harris, 38005 Ford road. (Not Pentecostal).

SALEM CONGREGATIONAL church—Lucia M. Stroh, minister. The Holy Thursday eve, Good Friday and Easter services were most singularly blessed of the Lord. At each service the church was crowded with thoughtful worshippers. The beautiful Lenten and Easter messages, together with the very splendid music and recitations were most inspiring. Four children were baptized at the Easter morning service. Divine worship, Sunday, 10:30 a.m. Sermon subject, "The Ascension and Exaltation of Jesus". Sunday school, 11:45 a.m. Lesson: "God The Creator". Genesis 1: 1-5, 26-31. Golden Text: In the beginning God created the heaven and the earth. Gen 1: 1. Mrs. Wilson Clark of Waterford will entertain the Ladies' Auxiliary society Thursday, April 8 for supper. Meeting begins at 2:30 p.m. On Thursday, April 15, the ladies of the church will serve a delicious "penny supper" in the town hall beginning at 6 p.m. All our friends in the community are most cordially invited.

ST. PAUL'S EV. LUTHERAN church—Livonia Center. O. J. Peters, pastor. Services in English April 4. Holy communion will be celebrated in this service. Sunday school at 1:45 p.m.

ST. PETER'S EV. LUTHERAN church—Edgar Hoenecke, pastor. Homecoming service Sunday morning, 10:30. Ladies' Aid meeting, Wednesday, 2:30 p.m.

CALVARY BAPTIST CHURCH. 455 South Main street. "And when they were come to the place, which is called Calvary, there they crucified Him." (Luke

23: 33) A bit later in his account of the crucifixion, Luke speaks of the people standing and beholding with an air of indifference; the rulers, who wished religion, but without the divine Son of God dying for their sins, reviled and mocked; the conscious sinner prayed; others with a covetous heart sat at the foot of the cross and gambled for the clothing of the Lord. This is a true photograph of what the world is today. The Lord Jesus Christ was born a king. However, for a throne He received a cross. In place of a golden crown, one of cruel thorns was placed upon His brow. For a sceptre He felt sharp nails driven by Roman soldiers. And yet—they were not wholly responsible. The sins of every man, woman and child, who lived or ever shall live, drove those nails into divine hands and feet. Of Himself, He spoke, "the Son of Man is come to seek and to save that which was lost." (Luke 19: 10). Though a loving God, He could not be a just God and wink at sin. A price must be paid; and it was paid in your stead by the eternal Son of God. "Without shedding of blood is no forgiveness." (Hebrews 9: 22). God has done His part; have you done your part? "What must I do to be saved? Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house." (Acts 16: 30, 31). Order of services: Sunday, morning worship, 10 o'clock; Bible school, 11:30 a.m.; evening evangelistic message, 7:30; Wednesday, prayer and praise meeting, 7:30; Friday evening, Young Peoples' Fellowship, 7:30. Come to Calvary! We preach Christ crucified, risen, and coming again. (A.E.B.)

City Manager Clarence Elliott was the chief speaker at the last meeting held of the Plymouth Improvement association. This organization was formerly the North Side Improvement association, but President Rose thought it would be better to change the name so that it would include all of Plymouth. President Rose states that there was a good attendance, many being present from all parts of the city. The city manager spoke of the work of the city government and some of the problems of the city at the present time. There were also present a number of other city officials.

Soil Erosion Damages Farms

Soil erosion is menacing the best land in Michigan. Many farmers consider soil depletion a problem for residents of other states but have failed to notice it in their home localities.

Now is the time for each farmer to check up on erosion on his own farm, says R. L. Cook of the soils section of Michigan State college. During the early spring months, as at no other time of the year, it is possible to conclude just how serious this problem is in various sections of the state. On hilly fields an examination of fall plowed areas shows that considerable soil washing has taken place during the winter. This is especially noticeable where the furrows run up and down the slopes. Even if time is scarce it is better to delay plowing on slopes until spring than to have the top soil all removed by washing.

Attention is also drawn to fields which have gone through the winter in a bare condition, as after corn, sugar beets or beans. The erosion which takes place on the slopes in such fields is often sufficient to remove as much as one inch of the top soil during a single season. Most of this occurs during the late fall, winter and early spring months. The use of a cover crop, such as rye,

would prevent much of this destruction.

Serious washing may also occur in a winter wheat field where the drill rows run up and down the slopes. Wheat should never be planted on the steepest land, and on the lesser slopes the drilling should be across rather than up and down the slopes.

Any day now there may be sit-down strikes for shorter recitation periods and higher grades.

Our idea of something not to worry about is the report that blight has destroyed the carrot crop in California.

Van Wagoner Reviews His Activities

Department Has Favored Plymouth In Its Program

A program totalling in excess of fifty million dollars has been carried out by State Highway Commissioner Murray D. Van Wagoner during the past four years. The district office at Plymouth has had supervision over all construction projects under this program in the 10 counties in the southeastern corner of Michigan. Wayne county alone was the scene of more than \$5,600,000 worth of highway improvement under Commissioner Van Wagoner's administration.

Van Wagoner, in his campaign for reelection, calls attention to the improvement made on Woodward avenue in Detroit, the grade separation program which brought 13 of these structures alone, widening on US-12 between Ann Arbor and Jackson, and improvements on US-16 between Lansing and Detroit, as outstanding examples of his construction policy.

"Naturally, a large part of our highway improvement has been centered in the metropolitan areas," the commissioner said. "It is in these sections that traffic is heaviest and the need for improved highways is greatest. Wayne county is no longer one of the forgotten areas of Michigan in highway construction."

Closely affecting Plymouth traffic is the work done on US-12 between Ann Arbor and Jackson, the new grade separation on US-12 just south of the city, and the work on US-16 (Grand River).

During Van Wagoner's administration approximately 30 miles of new concrete pavement has been constructed on US-12 west of Ann Arbor. The new road is a minimum of three-lanes wide and has been routed over a new location to provide greater safety

and to reduce traveling distance. Only a small section near Chelsea remains to be completed. Improvement between Ann Arbor and Jackson. This road is traveled by heavy Detroit-to-Jackson traffic.

With the help of Federal grants designated for the elimination of railroad grade crossings the state highway department has been able to construct 49 grade separations throughout the state. One of these is located just south of Plymouth on US-12. This project was completed at a total cost of \$159,150.00 including approaches. The grade separation program is considered by the commissioner to be one of the greatest single contributions to public safety on the highway. Plymouth motorists wishing to drive to Lansing find US-16 a minimum three-lane pavement over practically its entire length when projects now under way are completed. It has been one of the main objectives of Commissioner Van Wagoner's program to complete the widening of this main artery between Lansing and Detroit.

"As an incumbent seeking reelection, I am running strictly on my record," the commissioner said. "That record includes benefits for every section of the state. I hope motorists of Michigan will become acquainted with that record and approve it. I like my job and I want to keep it."

Legion To Hold District Meet Here

The 17th District of the American Legion, which is headed by Comrade Rinke of Royal Oak, and Mrs. Thelma Bally of Birmingham and which is composed of the following Posts and Units: Birmingham, Clawson, Clarkston, Farmington, Ferndale, Hazel Park, Holly, Northville, Orion, Oxford, Pontiac, Rochester, Royal Oak and Plymouth, will hold its meeting in the Legion hall at Newburg this Friday evening, April 2. Dinner will be served at 6:30. During the dinner hour the Ford Dixie 8 will entertain with music and singing, and Commander Harold Anderson states there has been a good program arranged.

Following the dinner and program, the Posts and Units hold their business meetings. It is hoped a good many members of the Plymouth Post who have never attended a district meeting will avail themselves of this opportunity to really see and know just how the district conducts its meetings and to hear all about what the Legion stands for and the work they are doing.

Plymouth Girl On Daily Staff

Miss Kay Schultz Is Named To Place On University Paper

Miss Kay Schultz, daughter of Mrs. Beatrice M. Schultz of Blunk avenue, who is now a student in the law department of the University of Michigan, has recently been appointed as a member of the staff of The Michigan Daily, the newspaper conducted by the department of journalism of the school.

The many high school friends and other Plymouth acquaintances of Miss Schultz will be interested in one of her first articles published in The Daily. It follows: "The men don't mind us—in fact, I think we afford them an interesting topic of conversation at the dinner table."

Thus one of the feminine students in the law school describes the attitude of the men toward the women. One of the male law students expresses the general opinion of the men in these words: "Most of the girls are very capable and would be a credit to any law office." So apparently the men in the law school do not resent the presence of the fairer sex in their sacred realm.

Nevertheless, another adds, "We men think the girls do too much apple-polishing and get away with it." And there are still a few men who think that "woman's place is in the home" and that the embryonic "lawyeresses" are definitely "out of their element."

Fifteen women are now enrolled in the law school. Four of them are seniors, three are juniors, seven are freshmen, and one is a special student. The majority of them are preparing for a general practice. Three women were graduated from the law school in last year. Since 1914, 51 women have received JD or LLB degrees from Michigan.

One senior woman lawyer says, "Well, law school is all right but you're pretty anxious to get out by the end of the third year. We're chaffing at the bit—we want to try our wings in the big, wide world." These women admit that they are following a very difficult course, but they enjoy it and they hope to "stick." One says with fear and trembling, "We just live from day to day in hopeful anticipation." However, taken as a group, the women now enrolled in the law school are making the best scholastic average women have made in several years. Two senior women are now serving on the staff of the Michigan Law Review, and three juniors are tryouts.

Both men and women express the belief that there is more comradeship between the sexes in law school than in the literary school. The girls say "The men are very friendly." Perhaps that is why they think "Law school is much more interesting than lit school."

Golfers Polish Shooting Sticks

With spring officially here, golfers are starting to get their clubs out of the attic and are ready to try them on the golf course. In fact, owing to the unusually mild winter a goodly number of Detroit and Plymouth golfers have enjoyed the weekends at Plymouth Country club, out Penniman. This season promises to be a big golf year in the Detroit district according to Bill Fishlock, Plymouth Country club pro, as the national open will be held at Oakland Hills Country club in Birmingham, June 10 to 12, where the stars of the country will try to wrest the open crown now held by Tony Maers.

The season promises to be a big one at Plymouth Country club, a tournament schedule will be arranged for the summer and changes in the locker room facilities are being contemplated. The Detroit News has announced a conference will be held shortly to talk over plans for a series of free lessons such as were given last year at M. G. A. courses of which Plymouth is a member.

Tommy Lacy of this city was a major winner last year showing the best form of any novice junior in the Detroit district.

Lee Jewell has purchased a new set of clubs and announced he is going to be "tough" this year. Not to be outdone, Bill Choffin (one of Jewell's regular opponents) also ordered a new set, so these two boys will soon be ready for action.

See you at the first tee.

Officers Clear Up Robberies

(Continued from Page One)

homes of local residents who are out of the city, and this practice led to the discovery of the robbery within two or three hours after it had taken place. Here also, Acting Chief Thumme secured some good footprints.

In the house was also discovered some oat straw which had apparently been tracked in by the thieves. Sunday morning the officers found the same kind of straw in the automobile owned by the young boys who had been given a traffic ticket Saturday evening.

They went to the farm home where the boys worked and found a Kiwanis pin that had been presented to the late Dr. Hover as well as some clothing belonging to Mrs. Hover and her children.

The boys were arrested and it was found that the casts made of their footprints were exactly the same as made by the shoes they wore when arrested. They denied their guilt, however, until Monday when they confessed to the robbery of these two homes and the attempted robbery of other places in Plymouth.

The officers also found that both of the boys had been arrested on many previous occasions in Detroit. They were turned over to sheriff's deputies who are holding them on felony charges.

Local officers discovered a watch in the possession of one of the boys and checked the engraving on the back of it with Charles Draper, local jeweler, to find that it was owned by Edson Huston. Investigation of the Huston residence on Main street showed that the boys had also ransacked that house, the watch being the only item missing, apparently.

The boys, Oliver Thifault, age 15 and Irving McCann, age 16, are held on warrants, sworn by Acting Chief Charles Thumme. Excellent work and cooperation between officers, Robert Moore, finger print expert of the sheriff's office, Chief Detective Roy Skates, Officers McDermott and Scott, also of the sheriff's office brought about the quick solution to the series of robberies in Plymouth. Acting Chief Charles Thumme and his officers should receive much credit for the unusually fine detective work that they used on this case.

Scouts Will Give Show Wednesday

On Wednesday evening, April 7, in the Plymouth high school auditorium, the Boy Scouts of this district will present a new type of program for their friends. Each of the nine troops will contribute some phase of the Scouting instruction to make up an evening's entertainment, built in the form of a troop meeting.

"The show is going to be different tonight," as Ed Wynn used to say to Graham MacNamee. The stunts will not be competitive. Some of them will be new to the audience and some will vary from the ways they have been shown before. But it is hoped that all of them will be interesting as showing forth some of the things Scouts are taught.

Even the program is in strange form, as follows:

Opening ceremonies.
Dotty Dashes P-3
The first aid program has had W. C. T. S. Troops
Open season for game N-1
A Ropy Mixture, P-1, P-4, et al.
Under Two Flags RG-1
Seventh Inning Stretch N-1
Something P-2
A Fiery Circle (we hope), Several Tales of the Future.
Closing ceremonies.

Don't you think this looks as if you would enjoy being there? Well, the Scouts would like to have you there, too. Just remember the time—Wednesday, April 7, at 7:30 p.m.—the place, the Plymouth high school—and the girl, to bring her along.

Incidentally, why not come down to the Plymouth city hall tonight (Friday) and see the handicraft exhibits our younger brothers in Scouting—the Cubs—have prepared. You'll be surprised at what these youngsters can do. This is a public Pack meeting and all the mothers and fathers and friends are invited.

Because the first of April is the beginning of the Scout year for the Troops in this district, it is "birthday" time for the boys. Troop N-1 of Northville is 20 years old, Troop RG-1 of Rosedale Gardens is 10 years old and P-4 of Plymouth is five years old. Congratulations to these boys, their leaders and the sponsors for these fine records.

Bill Winkler of Rosedale Gardens, an Eagle Scout and A. S. M. of RG-1, who is a senior Red Cross life saver will have charge of the swimming pool at the

Training school on our swimming nights.

P-2 Notes

The Quarterly Patrol competition cup for the first quarter of 1937 was awarded to the Flying Eagle Patrol Wednesday night by Scoutmaster "Gill" Williams.

This cup was won on a competitive point system adopted by Troop P-2, last fall and captured by the Beaver Patrol on December 30, 1936. Each quarter the patrol with the highest average receives the cup for the next quarter, etc. It peps up the patrols and puts the scouts of P-2 on their toes. The points at the end of this quarter were as follows:

Flying Eagle	525
Pine Tree	459
Beaver	365
Flaming Arrow	271

As in courtship, so in domestic fighting—the real excitement occurs in the early stages.
