## Start Survey For Giant Sewer Project

### Local Sewage Disposal Plant Will Soon Be Abolished

Engineers for the Wayne county road commission are making a survey through the Rouge parkway system preparatory to the inauguration of construction work on the trunk line sewer that will be constructed during the next year to serve the William H. Maybury Sanatorium, the Wayne County Training school, the Detroit House of Correction, the city of Plymouth, Northville and Rosedale Gardens, as well as other communities in this part of Wayne county.

Officials state they hope to have the entire sewer line finished and ready for use within a year. Actual construction will be started within the next few weeks, it is stated.

The sewer will be five feet in diameter in this district and will become a part of the big sewage disposal system being constructed by Wayne county.

Upon its completion, the sewage disposal plants of Plymouth and Northville will be abolished. Thousands of patrons of Plymouth-Riverside park will be glad of this news.

In this connection, it will be interesting for readers of The Plymouth Mail to recall that the news published in this proposed improvement first months ago appeared first in The Plymouth Mail.

## Mrs. Perley Deal Dies In Indiana

Plymouth friends of Mrs. Perley Deal, a former resident of this city, were surprised to learn of her death Monday at Elwood, Indiana, where the family moved after leaving Plymouth. The funeral was held Wednesday afternoon in South Haven, birthplace and girlhood home of Mrs. Deal. Mr. Deal and five children survive.

During their residence here Mr. Deal was manager of the old Federated Utilities, former owners of the local gas company. He was active in Kiwanis club affairs, having served as its president as well as in other capacities in the club. He is now manager of the gas properties in Elwood, Indiana.

## Hunting Dogs Being Stolen

Watch your hunting dogs. Numerous reports have come to the office of The Plymouth Mail of the theft of hunting dogs in this locality.

Several owners have, during the past week or so, reported their dogs as missing.

From inquiry they have made, in practically every case they have come to the conclusion that the dogs have been stolen.

Chief of Police Vaughan Smith states that owners of good hunting dogs should take extra precautions in guarding them at this time.

## Plan Training Course For Scout Leaders

A training course in the elements of troop leadership will be held every Wednesday evening beginning October 27 at the Washington school in Royal Oak. The eight week course is for Scout leaders of Plymouth, Ferndale, Northville, Royal Oak, Birmingham, St. Clair Shores and other communities in southern Oakland county and southern part of Macomb county. Charles B. Warner, field executive of the Detroit area council, Boy Scouts of America, will be in charge of the course.

## Heavy Wind And Rain Storm Do No Damage

Plymouth and vicinity received its first touch of winter early Tuesday morning when the heavy rain and wind of Tuesday night was followed by a sudden drop in the temperature. The heavy rain did no damage about here and the wind only blew off a few dead branches of trees. Automobile drivers kept filling stations busy in preparation for cold weather.

## D. A. R. Members Visit Greenfield Village

The regular meeting of the Sarah Ann Cochrane chapter of the Daughters of the American Revolution, scheduled for October 19 was a visit to Edison Institute and Greenfield village. In spite of rainy weather, 11 members from Northville and Plymouth, enjoyed the trip, which was made both comfortable and instructive by the courtesy of the Ford Motor company and the officials of the village. The institute and the village, both reflecting the ideals of their founder, Henry Ford, are a source of inspiration and education which should be greatly valued by communities near by—privileges fully appreciated by travelers from distant lands.

## Say Laundry Bill Charges Are Incorrect

### Dehoco Officials Ready To Answer Auditor Engel

It just seems that city officials of Detroit will not permit the Detroit House of Correction to rest in peace. Every now and then just when the inmates are busy pulling weeds, picking up potatoes or doing something else worth-while, there comes some disturbing news from the city hall down in Detroit.

This time it's over bed sheets, pillow cases and then laundry bills.

Next Wednesday Detroit House of Correction officials and the House of Correction commission will have an answer ready for the common council to the charges of George Engel, city auditor, that they have been stepping high, wide and handsome in the use of laundry and linen supplies at the institution.

Engel's report on the institution was received a day or so ago by Miss Caroline Parker, president of the House of Corrections board, prior to the usual weekly meeting. It was not taken up at the meeting. In fact, none of the members actually read the report, but Miss Parker said the charges would be looked into and a report would be ready for the council in a week.

Supt. Edward Denniston and Deputy Supt. A. Blake Gillies, both charged in Engel's report with using linens and laundry supplies with a lavish hand and no regard to economy, were present at the meeting.

Denniston said undoubtedly Engel had erred in his charges of extravagance and pointed out that while the Engel report charged the superintendent received 40 dozen pairs of curtains and six dozen bed pads during a 30-month period, he had actually received two pairs of curtains and only six bed pads.

Denniston's August laundry list, done at the prison laundry, totaled 1,136 pieces, weighing 487 pounds, Engel's report charges.

"During August my wife was very ill and we had three nurses in attendance all that month," Denniston said. "The linen on the sick bed was frequently changed three or four times a day and naturally the nurses' bed linen was changed daily. This undoubtedly accounts for the large laundry list."

The superintendent said he had not received a copy of Engel's report but that his answer would be forthcoming next week. The reason why the institution has on hand 15,000 feet of maple lumber, an excessive amount according to Engel's charges, was explained by Gillies. "An inventory today will show that the lumber is worth much more than when we bought it," Gillies said. "We had a shortage of seasoned lumber for use in making furniture and we bought the green lumber and have it on hand seasonally. We are actually several thousand dollars behind on our furniture orders just because we have not had sufficient seasoned lumber in the past."

Jim Rollin is entertaining 20 guests Saturday afternoon, October 23 at a Halloween birthday party in honor of his seventh birthday. Guests include Jim and Janet Rollin, Wilma Latture, Joanne Gillis, Beth Ann Sutherland, Virginia and Dick Stanley, Jane Hank, Alice Redman, Sally and Frank Hokinson, Harry Swan, Lief Johnson, Borge Anderson, Melvin Wikstrom, Betty Crane, Raymond Michael, Arthur Reddewitz, Don Keller and Carl Dean Bobbich of Detroit.

## Mayor Presents Flag To Boy Scout Troop

### Ex-Service Men Sponsor Benefit Party For Scouts

Under the direction of William Vanderveen, Charles Thumme and William Hobson, Boy Scouts of Troop No. 2 were treated to a real benefit party last Monday night in Jewell & Blain hall. The affair, held under the direction of the troop sponsors, The Ex-Service Men's club, turned out to be one of the most pleasing Scout events of the year.

Mayor and Mrs. Henry Hondorp provided the real surprise of the evening when they presented the scouts with a beautiful flag that had been in their possession for a great number of years. The flag had been given to Mr. Hondorp in his youth and he valued it greatly and stated to those in attendance that he could think of no more appropriate place for it today than in the Boy Scout troop that was sponsored by the Ex-Service Men's club and that he hoped it would serve as a memorial to Archie Collins, their commander, who recently died.

The program for the evening was in charge of Commander Howard Eckles and the big hall was packed with friends who had come to pay the Scouts their respects. The committee in charge of the event expressed gratitude to all who attended and thanked those who had helped to make the evening a success.

## Becomes Acting Asst. Postmaster

Announcement has been made that Mrs. Beatrice M. Schultz, for over nine years associated with the Plymouth postoffice force, has been named appointee for the position of assistant postmaster. Miss Rose Hawthorne, who has held the position for many years, has resigned, her resignation being effective October 30.

## Needlework Guild To Give Aid

The Needlework Guild of Plymouth is a charity organization that helps all worthy causes.

Last year the local branch, with the co-operation of the school nurse and the police department, provided clothing, shoes, rubbers, and galoshes to many children of needy families in the city. This year the local guild hopes to do even better. Every one, who is not a member, is asked to join.

The annual contribution of two new articles of wearing apparel or a donation of money, constitutes a membership. If one wishes to join, call 24 or bring your contribution to the Hotel Mayflower November 5 and 6.

## Invited To Attend State Convention

Drs. Myron W. Hughes and Carl F. January, both of Plymouth, have been invited to attend the 38th annual convention of the Michigan Osteopathic association which will be held at the Paulton hotel in Grand Rapids, October 28 to 29. The invitation came from Dr. Walter P. Bruer, Detroit, president of the association, who predicts an attendance of over 400 at the convocate. The program has been arranged by Dr. Russell M. Wright, Detroit, to cover practically every phase of osteopathic practice, so that each doctor in attendance, whether engaged in general practice or in some specialty, may receive something of benefit to his practice.

## Mrs. Jack Taylor Is Reported Improved

Reports from St. Joseph hospital in Ann Arbor late Thursday indicated that Mrs. Jack Taylor who has been critically ill in the hospital since Monday, is showing improvement and physicians now believe that she is on the road to recovery. It will probably be a few days before it will be possible to transfer her to her home in this city.

## SOMETHING DIFFERENT IN NEWSPAPER MAKE-UP

New ways, new ideas—these are essential in these fast moving, changing times if one is to keep step with the procession. The Plymouth Mail has not only tried to keep step with the times, but an effort has constantly been made to always be a few paces ahead.

That is why an experiment is being tried in this week's issue that is a complete change from the usual make-up of newspapers. This newspaper not only desires to be a better newspaper but a different one than the usual run of publications.

Advertising is being placed at the top of pages, instead of at the bottom. Usual practice has been to build a newspaper page from the right hand corner up, but The Mail is now "building" its inside pages from the upper right hand corner "down".

It is being done for two purposes, one to give the advertiser what may prove to be a benefit over the present style of make-up because it places advertising display ahead of news display, and the other purpose is to provide something new and something different in newspaper make-up. It is just an experiment and The Mail has not decided to make it a permanent style. However, if it should work out satisfactorily to both advertiser and reader, then the new style of page make-up will become a regular feature.

The Mail will be interested in your views on the change that has been made in this week's issue.

## First Baptist Fellowship Is October 25th

The first meeting of the Baptist Men's Fellowship club will be held at the church on Monday evening, October 25. Rev. Loy Sutherland announces that these will be a fine program for the opening meeting and that Dr. H. L. Turner, head of the teacher training department of the Ypsilanti Normal school will be the speaker.

The Washtenaw county brotherhood will be the guest of the local Fellowship club and a large attendance is expected for the evening. Judge Pray of Ann Arbor will be toastmaster for the event and a good time is promised all who attend.

## House Damaged By Fire Sunday

The fire department was called Sunday to the residence on Sheridan avenue occupied by Murray Rowland to extinguish a blaze that was discovered in the attic. The Rowland family had packed their household goods and had expected to move to a place near Adrian last Saturday, but plans were changed and they decided to move Monday. This delay resulted in some damage to their goods, but not extensive, as the department arrived quickly and soon had the blaze out. The house is owned by Howard Last, who resides out on Territorial road. The roof was badly damaged by the flames.

## To Make Radio Talk In Chicago

Mr. and Mrs. Burton Giles will go to Chicago today with Ira Wilmoth, president of the Michigan Farmers Union, to be present Saturday noon at a broadcast of the Chicago radio stations. Mr. Wilmoth will make from one of the Chicago radio stations. Mr. Wilmoth has been given the time assigned to farm problems each Saturday. He will discuss the program of the Michigan Farm Union and what it hopes to accomplish. Mr. Wilmoth recently won an outstanding victory over radical elements within the Michigan organization and was elected president for another year.

The Get-Together club met at Marjorie Klineschmidt's. The afternoon was spent playing bingo. The next meeting will be October 28. They will have a Halloween party. Prizes are to be given to the funniest dressed man, woman and child.

## Russell Daane Made Member Of National Bank Assn. Committee

### Outstanding Honor Comes To Plymouth Banker

Outstanding honors came to Russell Daane, vice-president and cashier of the Plymouth United Savings bank of Plymouth at Boston last week when he was elected as one of the three new members of the executive committee of the savings division of the American Bankers' association.

He has been in attendance during the past week at the annual convention of this organization. News reports state that Mr. Daane is one of the youngest bankers in the country to attain a place on this important division of the organization. Practically all of the other members are from cities with not less than 200,000 population.

"The general sentiment among the delegates present seemed that there is bound to be improved business conditions within the next year, even though the present outlook might not be as promising as some would like to have it," he said.

"It was generally regarded that the one big problem for every banker is to endeavor to instill more confidence in people. It was generally regarded that the country is on the upturn and that it is our job to keep it headed that way," he said.

## Meat Lower Than Ten Years Ago

It is surprising what one finds out by looking backward a few years.

The other day Dave Galin of the Plymouth Purity market came to The Plymouth Mail office and asked to see the files of the paper ten years ago, when he opened up his place of business in Plymouth.

"I want to check over the special prices I offered Plymouth residents at that time," he said. As the pages were turned over and the half page advertisement was reached, he declared, "Well, it is just as I thought it was, meat prices are lower now than they were ten years ago."

Mr. Galin copied the prices from his advertisement of ten years ago and in his ad in this issue of The Plymouth Mail he is making a comparison so patrons of his market can see just how much cheaper meat is now than it was when he first opened up his market in Plymouth.

Some few months ago he purchased a new location on Penniman avenue and this week he has nearly completed the installation of a new boiler and heating plant. He is also having plans prepared for an addition to the back end of his building, but no decision has yet been reached as to whether the addition will be put on this fall or next spring.

During Mr. Galin's 10 years in the meat and grocery business in Plymouth there has never been an issue of The Plymouth Mail without a Plymouth Purity Market advertisement in it. He attributes his financial success during these years to handling quality meats, excellent service and consistent Plymouth Mail advertising.

## Enrollment For Red Cross Is Satisfactory

### Officials Hope To Be Able To Maintain Lead

Plymouth's annual Red Cross roll call this week is proving to be just as successful as in past years. While the work of enrolling old and new members has not been completed, those who have had charge of the booths in the two banks say they have met with excellent success.

They will be at the banks today and tomorrow until the banks close Saturday afternoon. If you have not yet enrolled, it will save the Plymouth branch of the American Red Cross considerable work if an effort will be made to go to one of the banks and enroll immediately.

The committee plans to make a house to house canvass for the convenience of those who have not been able to renew their memberships next week.

Plymouth has always maintained one of the highest Red Cross memberships of any city of its size in the country and officials of the local branch hope to be able to keep this honored place.

## Finish Widening Plymouth Road

Workers have completed the widening of the paving on Plymouth road from the city limits to Haggerty highway, just east of the new Burroughs plant. The thoroughfare is now 40 feet wide, all the way to Grand River, except for a distance of about a mile between Haggerty highway and the "Y" just east of Newburg road.

The Burroughs company has also constructed a concrete driveway to its plant from Plymouth road, leading to the west side of the new building.

While country road officials have made no announcement of future plans, it is understood that the widening of Plymouth road from Haggerty highway to the east would probably be completed next summer.

## Big Attendance At Townsend Meeting

There were over 100 present, Monday evening, at the monthly potluck supper given by the Townsend clubs of this district with the local club members as hosts. Following the bountiful repast a splendid program of songs and speeches were enjoyed, the latter being given by Rev. O. P. Schleicher, of Pontiac, Rev. George Gullen, of Detroit, Earl Nash, of Ferndale, Frank Price, of Royal Oak and Clarence Pan-kow, president of the Plymouth club. The next regular meeting of the local club will be held in the Orange hall on Monday evening, November 1.

Mr. and Mrs. Francis Wilkin and children of Onsted, Michigan, Mr. and Mrs. Columbus Wilkin and children and Mr. and Mrs. Marcel Duthoo and daughter of Plymouth spent Sunday with Mr. and Mrs. Byron Wilkin and family. Other callers during the day were Russell Palmer and William Clark.

## Mayor Asks Citizens To Attend Meeting To Discuss Grade Separation Problem On North Side

### Robert Van Meter On College Committee

Robert Van Meter has been appointed to serve on the committee in charge of the Men's Lounge at Cleary college, Ypsilanti, Michigan. The Lounge is under the supervision of the Men's Union, an organization to which all men on the campus belong.

## Halloween Party To Be Huge One

### All Plymouth Kiddies Invited As Guests of City

Definite plans have been formulated and committees already at work, assure Plymouth kiddies and their parents a full evening of entertainment on Saturday, October 30. A suggestion made by Rev. Walter A. Nichol at a recent Rotary club meeting that residents of the city join hands and entertain the children on Halloween eve seems to have been well received and under the capable direction of C. L. Bowdler, a full evening's program is being arranged.

The object of the party is to relieve residents of the annoyance of children calling at their doors for gifts and perhaps making nuisances of themselves in other ways. The safety of younger children is also being considered and it is thought that by this centralized activity the possibility of accidents will be minimized.

The community party will start at 7:00 p.m. at the corner of Liberty and Starkweather streets. Automotive traffic will be routed away from this section so that the streets will be clear for the forming of a parade which will proceed down Main street through the center of the city and then back to the huge Daisy Manufacturing company parking lot where the program will be given. Motion pictures will be shown, entertainers will be on hand and the evening will be topped off with generous refreshments furnished free through the courtesy of local people. In this connection the committees in charge ask all local residents who have made a practice in the past of furnishing children with "hand outs" on Halloween to give some small sum to the committee so that they may in turn purchase the necessary articles to pass out to all those who attend.

One of the features of the night will be the awarding of numerous prizes to children who wear costumes in the parade. Judges will view the parade as it passes down the Main street and awards will be made at the parking lot. There are no particular restrictions as to the types of costumes. All children are eligible and they will be grouped as to age and prizes awarded accordingly.

Coin boxes will be placed in local stores, the banks and the Plymouth Mail office for donations and any donations will be appreciated. More definite details will be given in the next issue of The Plymouth Mail.

Chairmen of committees for the affair are as follows: Music—Mr. Dykhouse. Safety—Police department. Publicity—Eaton Eaton. Parade—Harold Anderson. Judges—Mrs. Merle Bennett. Prizes—Carl Shear. Food—Mrs. Otto Beyer. Scouts—Sidney Strong. Films—Harry Lush. Construction—E. C. Hough and Charles H. Bennett. Finance—Arno Thompson. Shelter (or change in program)—George A. Smith.

Those who participated in the organization meeting and the clubs and societies they represent are:

Ernest Henry, Cubs, B.S.A.; Charles J. Thumme, Police department; Harvey E. Thomas, Salvation Army; Ruth E. Huston Whipple, city commission; Mrs. Vaughan Smith, Needle Work Guild; Mrs. J. Marie Bennett. (Continued on Page Eight)

## Survey Data Has Been Received

### County Road Officials Discuss Only Two Possibilities, Main And Blanche Streets

Mayor Henry Hondorp, yesterday, received from the Wayne county road commission its report relative to possible grade separations in Plymouth.

So that the residents of the city can discuss the matter with city officials, he has called a special meeting of the city commission for Tuesday evening, October 26 and strongly urges that all interested residents and tax payers attend the session.

The road officials do not make any definite recommendation as to the best place to construct a grade separation, if one should be built to take care of the heavy north and east bound traffic now carried by North Main street.

It does give to the city its findings as to costs and conditions pertaining to two locations, one on North Main street at the Pere Marquette crossing and the other on Blanche street, a thoroughfare running west from Starkweather to Sheldon road.

Apparently the road commission did not consider Ann Arbor Trail or Farmer avenue as it has confined its report entirely to conditions confronting the possibility of a grade separation on North Main street or Blanche street.

Mayor Hondorp urges every one interested in the question to attend Tuesday evening's session. They will be requested to express their views as to the advisability of what to do in the matter and asked if there should be any consideration given to the question of building the separation.

## Church Street Work Rushed

Excellent progress is being made on the street improvement the city is making between the new Presbyterian church and Main street. It is expected that within possibly the next two weeks the curbing will be completed, most of the grading finished and the thoroughfare ready for both east and west traffic. As soon as it is finished, old Church street will be closed from the entrance to the Methodist church to Main street, taking all traffic away from in front of the high school building. There is a parkway between the two traffic lanes that will become a part of the new thoroughfare along the south side of the park in front of the school house. A new concrete walk is also being laid from Main street west to the new Presbyterian church location.

## Hunting Poor, Say Nimrods

Plymouth hunters are complaining of unfavorable hunting conditions in this locality. Their results, all of them say, have been no where near as good as last year. There are not as many pheasants and rabbits also seem to be scarce, say local nimrods.

Hunters who have been up to Saginaw bay and over near Monroe after ducks report similar unfavorable results. Partridge hunting in the northern part of the state is also reported as not so good as last year. Because of invasions of Detroit hunters, destruction of fences and killing of poultry, a very large number of farmers in this locality have posted their farms, so the hunting area has also been reduced.

Born to Mr. and Mrs. Joseph Sammons, North Territorial road on Tuesday, October 13 at University hospital, Ann Arbor, a baby daughter, named Mrs. Margaret.

### Directs A Palm Springs Hotel Co.

There has been received at The Plymouth Mail office from California a copy of the Palm Springs Pictorial, a beautiful magazine picturing the Palm Springs community and country.

Older Plymouth residents will be interested in an article in the publication devoted to one of the most popular hotels in Palm Springs, La Quinta hotel, because of the fact that it contained the interesting news that B. J. Bradner, a former resident of this place, is the executive vice-president of the hotel company.

Mr. Bradner is a prominent Los Angeles attorney with offices at 1036 Security building. He left Plymouth some 25 or 30 years ago and during the time he has been in the metropolis of the West, he has built up one of the biggest law practices on the coast.

The hotel and bungalows are located in an 800-acre tract and possess a swimming pool and other recreational facilities.

### Boston College Next For U. of D.

According to all the experts, the University of Detroit Titans are going up against their stiffest opposition of the season on Saturday, when they play Boston college on the Eagles' grounds. Boston has been picked as one of the five strongest teams in the East. A scoreless tie with Temple on Columbus Day, October 12, perhaps lost Gil Doble's team a chance to figure as a Rose Bowl contender, but it didn't take much prestige away from the Eagles, because Warner's outfit is one that would bother anybody in the country.

Coach Gus Dorais of Detroit scouted the Boston-Temple game and was much impressed by the power of the Eagles. Their line was absolutely adamant against the hammering of the excellent set of backs presented by Temple. The kicking was good and the team showed flashes of great offensive strength, once getting a first-down on the second play only to be stopped a yard short of the goal. An ill-advised forward pass cost a down at this critical juncture. Otherwise the Eagles probably would have scored, because they had been plowing through for substantial gains and apparently had the Temple line demoralized.

Doble did not use his star triple-threat back, Pella Gintoff, in this game and thus was short of a considerable part of the offensive strength. Gintoff is said to be a superior passer, which is more than could be claimed for anybody else in the line-up against Temple. He will be ready for service against Detroit and he is the man more than any other that the Titans must watch.

Dorais sees little hope of gaining ground through the Temple line or around the ends, which means that he will have to rely on passes. Temple did not have enough of a passing game to indicate the Eagles' defensive strength overhead. The defense that Boston used against Temple was the "tightest" Dorais has seen in many years, but he expects that it will be considerably modified when opposing a strong passing team. A re-arrangement of the secondary to stop passing obviously would loosen up the defense against ground plays and maybe the Titans can spread the Bostonians out enough to give Andy Farkas a chance to do some ball-carrying.

Boston is a much bigger team than Detroit. Seven of the men who started against Temple weigh better than 185 pounds and the smallest man on the field for the Eagles was a 175-pounder. The line charges very fast and the backs start rapidly and hit hard. The kicking against Temple was generally very good and at times graded excellent. Blocking and tackling were first-class, except for failure to clean out the secondary. If this latter department had been up to standard, Boston might have gone to town as on several occasions a back was through the line on their feet only to be stopped by the safety men or other deep backs. The Eagles have a reasonably

### BOWLING LEAGUE

deceptive running attack, with plenty of reverses and an occasional lateral behind the line. Their power plays did not look any better, however, than some that Detroit has stopped in the past and if Dorais' regulars can just stay on the job, they ought to handle anything sent at them on the ground. It is doubtful, though whether they can move the Boston linemen out of the way consistently on offense. Temple played a very wide six-man line, with the tackles outside of the Boston ends and this worked well except for a few plays late in the game when the Eagles really were finding some holes.

Detroit will be at one disadvantage over the Eagles in that it played a hard game last Friday night against Catholic university, while Boston has not faced any competition since October 12, the Saturday date being left open apparently to enable them to get their players in the best possible form for the Titans. This extra rest, coupled with the fact that Boston is carrying a squad of 46 men against about 28 or 29 Titans that will make the trip East, may prove important. Doble has so many reserves and such good ones that he can keep shooting fresh men into the line-up if he elects to do so, though against Temple he seemed disinclined to make substitutions unless a man was really incapacitated.

When filling jars and bottles with preserves, jams, etc., use a gray boat and the task will be made easier.

To prevent pancakes from sticking to the iron, try rubbing the gridiron with a little bag of salt. This will also prevent smoke. The same treatment is also recommended for the waffle iron.

### Stark School News

The box social had a nice turnout of parents, although the fathers were more on the scarce side. The program was delightful. The girls' chorus sang several popular songs and guitar solo by Donald Wade and Alfred Woodard and Marcellus Oulette of Plymouth high school. Piano solo by Mary McClamon and a comedy skit by Shirley Waach, Jack Barge, Velma Stokes, Carolyn Luerck, Melvin Savage, Jack Henry, Marjorie Stokely, Richard Webb. There was also an accordion solo by Shirley Bernard and more songs by the school chorus.

An item in The Detroit News states: "The Stark school district, Livonia district No. 7 will be remodeled and enlarged from two to four rooms at the cost of \$22,000." According to this statement we are really getting action from our board and county officials.

Sweet potatoes and apples will not turn black if placed in salt water immediately after peeling.

Fresh green beet tops may be used as salad greens. If the leaves of radish tops are tender and fresh, they also may be used as salad greens, in combination with lettuce or alone.

Fish holds its shape when removed from the water, and is sweeter and more tender, if cooked in salted, acidulated water. To each quart of water for boiling fish add one tablespoon salt, three tablespoons vinegar, or lemon juice as preferred.

### University of Detroit Football Stars

Farkas, Larson, Shada, Kondraki, and... These five men are expected to play an important part in the Titans' gridiron program. All are seniors. Andy Farkas, right halfback, was one of the country's leading scorers last fall and is one of the hardest running backs in the country. Captain Joe Cicalak ranks with the best tacklers the Red and White has had in recent years. Kondraki and Shada, guards, have been impregnable for the last two years. Ray Larson, left-end is a strong defensive player and a good snatcher of passes.

In Plymouth and Vicinity—Interesting News of Days Gone By Taken From The Plymouth Mail Files

Ed Bolton had had his house wired for electric lights.

Mrs. Munn and Mrs. Skelton of South Lyon visited at Mrs. L. C. Hough's this week.

William Pettigill and W. P. Weckerle left Detroit yesterday morning for Saginaw, where they will roam the wilds on their annual deer hunt.

Mr. and Mrs. Elmer Toncray received a telegram Sunday announcing the birth of a girl to Mr. and Mrs. Bert Toncray at San Francisco, California, Saturday, October 12.

Misses Hazel and Ethel Smitherman, Bertha Beals and Lillian Jesson attended the operetta, "The Enchantress" at the Detroit Opera house this week. Two of the ladies in the cast are cousins of the Misses Smitherman.

A freight crew on the Toledo division of the P.M.R.R. was arrested by Marshal Springer last Friday for holding the Main street crossing for a longer period than is allowed by law. This makes a total of 14 crews that have been apprehended by Marshal Springer during the past year for holding crossings.

The losing side in the contest that has been on for some time between the Pythian Sisters, banqueted the winners in the K.P. hall last Friday evening. About 40 ladies were present. The contest netted the Pythian Sisters nearly \$60.00.

Born, Wednesday, October 16, to Mr. and Mrs. Roy Dunham, a girl.

A miscellaneous shower was given by Miss Faye Palmer, by Mrs. I. N. Dickerson and Miss Verne Rowley last Monday evening. There were 14 guests present and they alternated between

the homes of the two ladies. Miss Palmer was the recipient of several useful and pretty gifts.

On Monday of this week Oscar Stevens of Canton sold to George Jackson of Plymouth a veal calf that was two days under six weeks old, and weighed 230 pounds live weight, at nine cents per pound, bringing \$20.70. Mr. Jackson says it was a record breaker in his experience, being the largest calf of that age he ever bought and for which he paid the most money per pound.

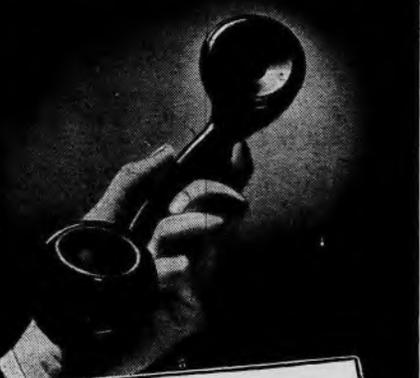

Mr. and Mrs. Robert Pickel of Northville visited the latter's parents, Mr. and Mrs. Gust Kaiser last Sunday.

About 20 of the Lady Macca-bees were very pleasantly entertained at the home of Mrs. Frank

Dicks last Thursday afternoon. Pedro was indulged in.

A simple but pretty home wedding occurred last Wednesday afternoon, October 16, at 3:00 o'clock when Miss Blanche Faye Palmer of this place was united in marriage to William T. Downs of Detroit at the bride's home on East Ann Arbor street, in the presence of about 30 relatives and friends. Rev. B. F. Farber officiated. The bride is one of our most estimable young ladies and has the best wishes of a host of friends for a happy wedded life.

**GET UP NIGHTS?**

Flush Kidneys With Juniper oil, buchu leaves, etc. Make this simple test if passage is scanty, irregular, smart or burns, have frequent desire, get up nights or if kidneys are sluggish causing backache. Use juniper oil, buchu leaves, etc., made into little green tablets called Bukets to flush the kidneys, just as you would use castor oil to flush the bowels. Help nature eliminate troublesome waste and excess acids. Ask any druggist for the test box of Bukets. Locally at Beyer Pharmacy.—Adv. Oct. 29

## MANNERS OF THE MOMENT

By JEAN  
© By The Associated Amusement

**YOUNG** wives are always telling us that they can't drag their Bens and Bills out of the house of an evening. They are sure that they have married drifs, after all.

If we are in a romantic mood when one of these confidences comes along, we are always horrified. Don't the poor girls know how lucky they are to have husbands who love their hearths? Don't they realize that they are envied the length and breadth of Maple

avenue? Don't they remember that two people sitting under the same lamp was always their picture of marital bliss before they were married?

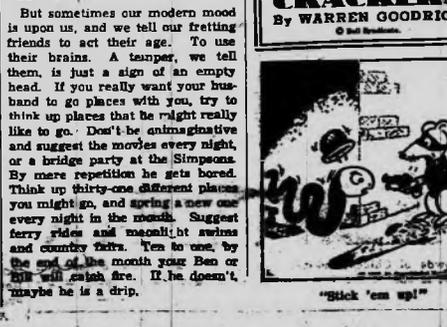

But sometimes our modern mood is upon us, and we tell our fretting friends to act their age. To use their brains. A temper, we tell them, is just a sign of an empty head. If you really want your husband to go places with you, try to think up places that the right really like to go. Don't be antagonistic and suggest the movies every night, or a bridge party at the Simpsons.

By mere repetition he gets bored. Think up thirty-two different places you might go, and spring a new one every night in the month. Suggest ferry rides and moonlight swims and country drives. Yes to one, by the end of the month your Ben or Bill will catch fire. If he doesn't, maybe he is a drip.

When Your Husband Refuses to Go Places, Use Your Head and Not Your Temper.

“A good memory is something to be proud of,” says sagacious Goe, “but there come times in one's life where he wishes to forget.”

### Badly Hurt When Hit By Auto

Two automobile accidents, one resulting in serious injuries for Martin Moe, aged 63, a resident of 304 West Liberty street, were reported to the Plymouth police Sunday night. In neither of the accidents were the drivers of the cars held responsible by the police.

Mr. Moe, who has been employed by the Jewell Cleaners in its tailoring department, suffered serious fractures of one arm and a leg. He apparently had started across Starkweather avenue near the Pere Marquette tracks as Wellman Fillmore approached the crossing in his automobile. A west bound train was approaching and Fillmore started to slow down his machine just as Mr. Moe, apparently not seeing nor hearing the car because of the approaching train, walked directly into its path.

He was hurried to Plymouth hospital and because of the seriousness of his injuries was later removed to the University hospital at Ann Arbor for treatment.

Mrs. John Wagner and little daughter, while walking Sunday night on Farmer avenue, were hit by an automobile driven by Frank Sanders. The heavy rain and fog prevented one from seeing any great distance. The two escaped serious bruises because of the fact that the car was being driven at a very slow speed at the time of the accident.

The whippet is said to be the fastest thing on legs. This dog can travel 200 yards in from 10 to 12 seconds, or half the time a man would require.

While motoring in the vicinity of a fire house in Glastonburg, Conn., Mary and Gertrude Moore discovered that their automobile was ablaze, so they drove into the station, where the flames were extinguished.

## Loans to Farmers!

At this time of the year after most of the crops have been harvested, farmers always find it necessary to do some repairing of barns and sheds for the winter. Not only is there repairing to be done, but a hundred and one other little things that require money not often available until all crops and stock are sold.

### The First National Bank Of Plymouth

Will be glad to make reasonable loans to farmers who may right now need some extra funds to do the repair work. Maybe you desire to make a small loan with crops or stock as security. We will be pleased to have you call at the bank and discuss the matter.

## Church News

**FIRST BAPTIST CHURCH**—Lova Sutherland, pastor. Sermon subject, Sunday morning at 10:00 o'clock. "The Altar and The Temple". Where do you start from? What is your ruling passion? Do you long to build a fortune or a name? We better begin recognizing God. Bible school at 11:15. Meeting of our young people at 6:00 o'clock. Better be on hand and look for something different. At 7:00 o'clock we shall again have another of the old time Sunday evening stings. A chance to sing together your favorite hymns. An opportunity to give your testimony for Christ. As many as 90 have attended these hymn sings, so come and sing with us this Sunday evening. Monday evening, October 25, at 6:30 we hold the first meeting and supper of the Men's Fellowship. It will be a great night. The speaker is Dr. H. L. Turner, head of the teacher training department of the Michigan State Normal at Ypsilanti. His subject, "Such As We Have". Dr. Turner is a great educator and a great Christian. The Washtenaw county Brotherhood will be our guests that night. Judge Pray of Ann Arbor will be toastmaster. A crowd of them are coming. They are leading business and professional men from over in that county. You will need to get your bid in for a place at the tables. November 14 is to be an outstanding day for this church and its friends. It is harvest homecoming day. Beginning at 10:00 o'clock with a sermon by a former minister, a church family dinner at noon, an informal program in the afternoon and then the big union service at night. You are asked to make gifts of fruits, jellies, jams, vegetables, etc., for the Baptist Children's home. Once again and for a final date the night of the annual turkey supper is changed. This was necessary so as not to conflict with other suppers. November 11 is the night. Be sure and get your ticket from some one of the Aid members.

**THE SALVATION ARMY**—Captain and Mrs. Carl J. Lindstrom. Services at the Salvation Army are as follows: Sunday, 10:00 a.m. Sunday school; 11:00 a.m., Holiness service; 6:15 p.m., young people's lesson; 7:45 p.m., Salvation service. Wednesday, 7:45 p.m., mid-week prayer meeting. Thursday, 1:30 p.m., the Women's Home League (at office quarters); 4:00 p.m., junior singing company rehearsal; 7:00 p.m., Corps Cadet class (at office quarters). You will find a real welcome at the Salvation Army and if you have no regular place of worship why not come and join in worship with us. We believe in the old time religion. This week's thought: "Why grumble that the house of your soul is in bad repair if you refuse to let the landlord in?"

**METHODIST EPISCOPAL**. Stanford S. Closson, minister. Sunday services: 10:00 a.m., Divine worship. Sermon: "Tenants Of The Soul". Also a story for the children. 11:30 Sunday school. 6:00 p.m., Epworth league. Please note this extra early hour and be sure to be present for there is a special treat in store. Doris Buzzard will be the leader of the devotional service. 7:30 p.m., the fourth Sunday night of each month we will have an evening service. The service Sunday night will be a candlelight communion service, for the official board and officers and all organizations. Rev. W. J. Betz of Detroit will give the commission address. This is a public service and everyone is invited. Mid-week service will be held on Wednesday night at 7:45. Choir practice and Boy Scouts meet on Thursday, at 7:30 p.m. Coming event: Tuesday, November 9, annual dollar banquet with Rev. Fred Fisher as the speaker. Dr. Fisher is a former bishop of the Methodist church and is a renowned author, lecturer and world traveler.

**CATHOLIC CHURCH**—Rev. F. C. Lefevre. Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society. Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

**SALEM FEDERATED CHURCH**.—C. M. Pennell, pastor. Sunday morning, October 24, 10:30 o'clock, "A Christian's Shield". Bible school, 11:45 a.m., "The New Life in Christ". Titus 3: 1-11. Memory verse: "For the grace of God that bringeth salvation hath appeared to all men." Titus 2: 11. Come and enjoy the happy song service at 7:30 o'clock on Sunday evening. Curtis Hamilton, speaker. The Ladies' Aid meeting is to be held in the home of Mr. and Mrs. Frank Biers on Thursday, October 28. Dinner will be served for 15 cents. The ladies on the autumn festival committee wish to thank all who helped to make the occasion such an outstanding success.

**ST. PETER'S EV. LUTHERAN** church.—Edgar Hoenecke, pastor. Sunday services, 10:30 a.m. Sunday school, 9:30 a.m. Ladies Aid, first Wednesday, 2:30 p.m. Mission society, third Wednesday, 7:00 p.m. Men's club, third Wednesday, 8:00 p.m.

## LEARN TO DANCE

Terrace Garden Studio Branch now open at Mayflower Hotel in the Crystal Ballroom. Enroll Saturday, October 23 from 11:00 to 5:00 p.m. in all types of dancing for beginners, intermediate and advanced. Classes or private. Ballroom, toe, tap, ballet, acrobatic, etc., for children and adults. Special attention for children. Our main studio, Ann Arbor, ph. 9695

**FIRST PRESBYTERIAN** church.—Walter Nichol, pastor. Meeting at Masonic Temple, 10:00 a.m. worship; 11:30 a.m., Sunday school; 6:30 p.m., young people. The reports of the delegates to the summer conference at Alma made a very interesting program for the young people last Sunday evening. This group will meet at the Masonic Temple at 6:30 p.m. this Sunday. The work of finishing the new church building has progressed to such a point that plans for beginning congregational meetings and services there are now definitely under way. Nine women attended the Presbyterian group meeting at Dearborn on Tuesday of this week. The Mission Study class will meet on Tuesday, October 26 at the home of Mrs. Paul Wiedman, 348 Blunk avenue. The committee in charge of the meeting will prepare a 25-cent supper to which the class will be invited to sit at 6:30 p.m. The women of the church are in the midst of a rummage sale, at the Masonic Temple. It began Thursday morning and will continue until Saturday evening. The doors are open from 8:30 a.m. until 8:30 p.m. On Saturday there will also be a sale of home baked goods. Circle No. 4 of the Women's Auxiliary will conduct an amateur night at the Masonic Temple on Thursday evening, October 28. Here is an opportunity for budding talent to declare itself. The Presbytery of Detroit is presenting a great pageant which, in seven episodes, represents the development of christian missions and the share the board of foreign missions of the Presbyterian church in the U.S.A. has had in that development during the 100 years of its life. Three hundred and fifty persons will take part in the pageant. A choir of 200 voices, gathered from Presbyterian church choirs will sing. A group of Plymouth people will attend.

**ST. JOHN'S EPISCOPAL** church.—Harvey and Maple streets. 22nd Sunday after Trinity. Morning prayer and sermon, 10 a.m.; church school, 11:15 a.m.; regular meeting of the Ladies' Guild will be held at the home of Mrs. Alfred Innis, 344 East Ann Arbor Trail on Thursday, October 28, at 2:00 o'clock. Holy Rites of Confirmation on Sunday, October 31 at 4:00 o'clock. Annual bazaar and supper by the Ladies' Guild on Tuesday, November 9.

**FIRST CHURCH OF CHRIST** Scientist—Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years. Wednesday evening testimony service, 8:00.

**SEVENTH-DAY ADVENTIST** Services Saturday afternoon at Jewell-Blanch hall. Sabbath school 3 p.m. Bible school following. Prayer service, Tuesday evening, 8:00 p.m. at Jewell-Blanch hall. Testimony study every Friday evening at various homes.

**CHURCH OF GOD**—788 Pennin avenue. Sunday, Bible school 10 a.m. Morning worship, 11 a.m. Young People's meeting, 6:30 p.m. Evangelical service, 7:45 p.m. Mid-week prayer meeting, Thursday, 7:45 p.m. A hearty welcome awaits you at the Church of God. Pastor, Rev. E. L. Harris, 38005 Ford road, (Not Pentecostal).

**SALEM CONGREGATIONAL** church.—Lucial M. Stroh, minister. At last Sunday's service there was a most wonderful response in attendance to the invitations sent out for "Rally Day"—Many old and new faces were seen in the audience and there were present many visitors from Ontario, Canada; Toledo, Ohio; Ann Arbor, Pontiac, Plymouth, South Lyon and Newburg. There is a new interest manifested in the services and we trust that all our friends and members will be present next Sunday. Prayer meeting, Thursday evening, 7:45. Home of Mr. and Mrs. Charles Payne, Salem. Divine worship, 10:30 a.m.; Sunday school, 11:45 a.m. All are cordially invited to these services. A most wonderful Ladies' Auxiliary society meeting was held in the home of Mr. and Mrs. Duncan, Six Mile road last Thursday. A real southern delicious dinner of baked ham, sweet potatoes and hot raised biscuits with all kinds of good home-made pies, cakes, jello, etc. were served. Then a very splendid meeting was held and much important business was transacted. A very fine spirited willingness on the part of all present was manifested to make the coming bazaar a great success.

**BEEBE GOSPEL CHAPEL**—Assemblies of God. John Walasky, pastor. Meetings in I.O.O.F. hall above Kruger store on Main street. Sunday school at 10:45 a.m.; Sunday services at 7:30 p.m., Thursday evening prayer and Bible study, 7:30 p.m. at 638 Dodge. Everybody welcome to come and worship with us.

### P.T.A. District One To Meet October 29

The Parent-Teachers' section, arranged annually as part of the Michigan Education association convention in district one, which includes all of this locality, will be held Friday morning, October 29, at 9:30 a.m. in the large banquet room of the Statler hotel.

The program is especially fine with Dean W. W. Whitehouse, of Albion college, speaking on the subject, "Must History Repeat Itself". Dr. C. A. Fisher of Ann Arbor, second vice-president of the Michigan Congress of Parents and Teachers, will also speak. Music will be furnished by the Northern high school orchestra, conducted by Orvis Lawrence.

All officers, historian and patrons are urged to attend this meeting. Come let us break all previous records of attendance, urge the officials.

### Dondero Speaks To Kiwanis

Congressman George Dondero of Royal Oak was the speaker at the weekly meeting of the Kiwanis club held Tuesday evening at the Mayflower hotel. The meeting was in charge of Bob Joffile, who introduced the speaker.

The representative talked interestingly of governmental routine, and of the Boy Scout convention held in Washington last summer.

The effort of the club officials to increase attendance is bearing fruit as Tuesday night's session was practically a 100 percent meeting.

### Coming To The P & A Theatre

Rhythm, sweet, trembly and lowdown; heavenly song hits by Gordon and Revel; scrumptious girls; a parade of personalities headed by Alice Faye, the Ritz Brothers, Don Ameche; flying fiddles, hot trumpets and honey crooners; dancing feet like rain on the roof; and the insistent antics ever from the Ritzmaniacs, includes everything for a smash hit in "You Can't Have Everything," singational new musical show opening, Sunday, October 24, at the Penniman-Allyn theatre here.

All the uproar, the swing, the brilliance, and the freshness expected from the entertainment-makers who produced "Sing, Baby, Sing," "Thanks A Million," "On The Avenue," "One In A Million," and "Wake Up And Live" is topped by a galaxy of featured talent, which also includes Charles Winninger, Louise Hovick, Rubinoff and his violin, Tony Martin, Arthur Treacher, Phyllis Brooks, Tip, Tap and Toe, Louis Prima and his band, and Tyler Brooke.

A perfect example of his concept, proved at the box-offices again and again, that entertainment in its strictest form is the most successful, "You Can't Have Everything" is a swiftly-paced show in Darryl F. Zanuck's best manner. Every entertainment element finds its ideal niche in the gay screen by Harry Tugend, Jack Yellen and Karl Tunberg, adapted from an original story by Gregory Ratoff.

Rubinoff's facile violin starts the story off on a mad, musical career by serving to introduce Alice Faye, a hopeful young playwright penniless in New York, to Don Ameche, successful author of bright and fragile musical comedies. Currently appearing in Ameche's latest show are the Ritz Brothers and Louise Hovick, the latter an exciting new personality making her first screen appearance.

To further his romantic aims, Ameche has Charles Winninger, his producer, buy Miss Faye's tragedy, which the Ritz Brothers proceed to adapt, with considerable blue-penciling, into a rowdy farce.

A steady round of singing, dancing and comedy intersperses the light action to produce a well-rounded gem of fun and amusement. Norman Taurog directed, with Laurence Schwab as associate producer.

One of the strongest casts ever assembled for a motion picture makes its appearance in "Make Way For Tomorrow," a screen play of the great American family in action by Vina Delmar which opens on Wednesday at the local Penniman-Allyn theatre.

Headed by Beulah Bondi and Victor Moore who play the roles of grandparents in the film, the cast includes Thomas Mitchell, Elizabeth Risdon, Minna Gombel and Ray Mayer as the scrappy middle-aged children; Fay Bainter and Porter Hall as a pair of in-laws with notions of their own as to what's to be done with aged in-laws; and Barbara Read, a granddaughter, whose conception of a good time brings her into conflict with the generations represented by her parents and grandparents.

The supporting cast includes Louise Beavers, the screen's leading Negro actress who achieved outstanding success in her portrayal of the housekeeper to Sir Guy Standing in "Annapolis Farewell," and who plays another maid role in "Make Way For Tomorrow." Maurice Moscovitch,

### WINS A TRACTOR

THIS 16-year old Indiana 4-H boy kept a Purdue farm account book for a year and this is what he has to show for it—an experience which will help him all through life, a \$625.00 tractor, and his father's gratitude for showing how to make more money on the 200-acre farm he rents near Lapel, in Madison county. Ward Love, the boy, was presented his prize at the recent State Fair in recognition of having kept the best record of thousands of Clubsters competing in a national contest which offered prizes given by the International Harvester Company. Ward also won the \$100 state and \$250 sectional prizes, which the rules required him to yield to the alternate, Glee O. Smith of Whiteland, Ind., and Marton V. Suttar of Fountain City, Wis. Although ineligible to win again, Ward is keeping a record in the current year's contest.

one of the outstanding names on the legitimate stage in America and Europe for 40 years; Ralph Remley, George Offerman, Jr., Tommy Bupp, Perike Boros, and over a score of others.

"Make Way For Tomorrow" is a story by Josephine Lawrence adapted for the screen by Vina Delmar, author of the best-sellers "Bad Girl," "The Marriage Racket" and other romances. The picture was directed by Leo McCarey, who directed "Ruggles of Red Gap" and "The Milky Way."

Robert Taylor, one of the screen's most handsome male stars, has a burning ambition to play the Lon Chaney type of character role, under heavy makeup. This variation on the Clown-who-wants-to-play-Hamlet theme came out during the filming of "This Is My Affair," the film showing Friday at the local Penniman-Allyn theatre, in which he appears with Barbara Stanwyck and Victor McLaglen.

Taylor wanted to employ a special facial makeup for a prison scene in this dramatic production of the early 1900's, but director William Seltzer insisted that he play it as he really is.

"It's just my Lon Chaney complex coming out," admitted Taylor, who, in the three years he has been in pictures, has soared to film fame as a screen sensation and matinee idol. "I wanted to put some heavy circles under my eyes and give a haggard expression to my face."

In "This Is My Affair," Taylor plays the role of a young naval officer and confidant of President William McKinley, in a dramatic episode in the nation's history at the turn of the century.

On Friday evening, 30 guests gave a most delightful surprise party to their pastor, Rev. Lucia M. Stroh, Mr. and Mrs. Andrew Fahrner of Ann Arbor and Mr. and Mrs. Mortimer Osborne were the committee and acted as hosts and hostesses for the evening, assisted by many present. Mrs. Lewis led the hymn sing. Many good wishes and fine sentiments were extended to Mrs. Stroh and all expressed a desire that their pastor might be with them for another 15 years.

Rev. C. W. Lewis was the speaker of the evening and in a most acceptable speech spoke of the appreciation felt by all the congregation for the faithful service their pastor had rendered them in the 15 years of her pastorate at the Salem Congregational church.

He then presented Mrs. Stroh with an envelope containing \$40, a gift given her by her devoted members. She, in turn, thanked them and prayed that God's blessing might be upon them in the continuation of her ministry here. A delicious luncheon and coffee was served.

**Plymouth Odd Fellows Know The New Lodge Grand Master Well**

Rev. Karl Keefer Installed At Pontiac Ceremonies

Rev. Karl Henry Keefer, the first minister of the gospel ever to be Grand Master of Michigan Odd Fellowship, was installed as Grand Master of the Michigan jurisdiction, I. O. O. F., at a public installation held shortly after 1:30 p.m., Wednesday in Pontiac, during the closing hours of the 93rd annual session of the Michigan I. O. O. F. organization, with Past Grand Sire Herbert A. Thompson, of Detroit, the presiding officer in charge of installation ceremonies, in the presence of a record crowd to witness such a ceremony. The Grand Master is well known to many members of the Plymouth lodge, who have a very high regard for him.

REV. KARL KEEFER New Grand Master of Michigan Odd Fellows

At the same time Mrs. Pearl Liverance, of Fowlerville, was installed president of the Michigan Rebekah Assembly at the Central Methodist Episcopal church. Grand Master Keefer was born at Dutton, a few miles from Grand Rapids in 1889. He graduated from Byron Centre high school in 1905, then entering Alma college, later attending Garrett Biblical Institute at Evanston, Illinois. He joined the Byron Centre Odd Fellow lodge No. 224 in 1910, as soon as he attained the required age of 21 years at that time. His first appointment as a minister of the gospel was to Lakeside Methodist Episcopal church at Muskegon in 1915. He served as treasurer of the Michigan Methodist Episcopal conference for five years, and is now the pastor of the Methodist Episcopal church at Gladwin. He is a Past Grand of Muskegon I. O. O. F. lodge No. 92, and is now a member of the Hastings Odd Fellow lodge No. 58, from which lodge he entered the Grand Lodge family. He is a member of the Vicksburg Encampment and the Benton Harbor Canton. Rev. Keefer has been for years

an ardent worker in the Boy Scout movement. He is an Eagle Scout, and holds the distinction of being Scout Master of the largest Boy Scout troop in the history of that organization, a troop of 96 boys at Hastings some years back. He is now chairman of the troop committee of Boy Scouts at Gladwin.

Grand Master Keefer announces as a portion of his program as head of the Michigan I. O. O. F. organization to be as follows: A more complete educational program in Odd Fellowship; an Educational Fund for children of Odd Fellows, preferable for orphans of former members of this Order; a boys' camp at Lake Louise, near Boyne Falls, of 200 boys to be recommended by Odd Fellow lodges of Michigan; special emphasis for community service by Odd Fellows, which has been in progress, and on an enlarged program for the betterment of mankind, and a carrying on of the promotional program, besides many more important phases of Odd Fellowship.

**JUST SUPPOSE.**

What would Washington politicians think if all the folks in the country who sign the pay checks should decide to go on a strike?

**ONE HUNDRED PERCENT.**

This is the period of the fall when Plymouth citizens are being asked to renew their memberships in the American Red Cross. This little city has for years had the distinction of having more Red Cross memberships than any other city of its size in the United States. Of course such a distinction comes through two things, the activities of those who are willing to give their time and efforts to the work and secondly, because of a general belief in the good work of the organization. Plymouth has, indeed, been fortunate to have the interests of both Mr. and Mrs. Charles H. Bennett in Red Cross work. Year after year they have seen to it that the good work of the Red Cross is brought to the attention of the people of Plymouth. We are fortunate, too, in having a population that believes wholeheartedly in such work as is carried on by the Red Cross. Let us keep up our good work and retain the leading place we have held over such a long period of time in connection with one of the world's greatest charities.

**GOOD LUCK TO YOU.**

Recently in an automobile trip across the country to the Pacific coast, the editor of The Mail heard numerous radio news broadcasters, sometimes three or four different ones in the same day. Frequently, the thought came to mind that C. C. Bradner of The Detroit News would be doing the radio listeners of the country an everlasting favor if he would conduct a school for radio reporters in the ways of proper and good news broadcasting. After several weeks of hearing others report news of the day over the air, there was but one conclusion reached, that C. C. Bradner, without question, is the peer of all American radio news reporters. The first night after reaching home, the dial was turned to "Brad's place" and his voice was not there. It was with the keenest of regret to learn Monday night of his illness as reported by himself over WWJ. The editor of The Plymouth Mail is one of the hundreds of thousands who has listened to his radio reports daily and who wishes for him a speedy recovery and return to his radio reporting. He has found a real place in the hearts of Michigan radio news listeners, because he is so fair, because of the clearness and completeness of his reports, even though boiled down to such brevity as his limited time on the air compels. Good luck to you and may your recovery be rapid and complete, Mr. Bradner.

**DISGUST AND CONTEMPT.**

"If you listened to the political harangue of Governor Frank Murphy delivered at Muskegon Saturday night or if you read the brief extracts of what he said in the daily newspapers, what was your opinion of it?" was the question asked by the writer of several local residents met casually on the streets of this city during the early part of the week.

What was the general answer?

There was not one single favorable comment—some declared that they had read the headlines and passed the immediate judgment that it was more "bunk" from the Governor.

Another who said he had voted for him last fall declared, "I am afraid I will never live long enough to regret my action. He has turned out to be the poorest governor Michigan ever had."

But what about the rambling talk, why did it cause so much adverse criticism?

A brief analysis will quickly answer that question. In the first place he set up as enemies of decent things in government everybody who was opposed to his political clique.

Again he made an absolutely false promise out of the Flint strike situation.

He declared there was "a hysterical demand from the unreasoning for a blood purge".

Governor Murphy KNOWS as well as any person in Michigan that there was NO SUCH DEMAND. No one wanted

have defied an executive request for compliance with any reasonable suggestion he might have made at that time which would have placed the sit-in strikers in a position of complying with the laws of the state, he insults the working men of Michigan.

It is true, of course, in all groups that there are some who do not respect laws—but these groups are NOT made up of HONEST working men of this state, as Governor Murphy suggested in his Muskegon harangue. The governor knows that most law-defying groups are made up of cheap politicians.

Governor Murphy was TOLD at the time that the strikers would do JUST as he suggested.

But NO, he left them in the unfavorable position of being in defiance of the law! In fact, it was his squirming, his dilatory action, which caused much of the unfavorable comment at the time against the strikers. The Governor, and no one else is to blame for all the unfavorable sentiment created as a result of the strikes.

He talked of an economical government. How could any one believe any such a statement, especially in view of what is taking place in Lansing these days?

On top of it he had the audacity to give the Democratic legislature credit for passing the civil service bill.

The bill was first DEFEATED by the Democratic house. It was The Detroit News and The Detroit Free Press, as well as the Detroit Citizens' League which FORCED the passage of the badly amended civil service bill by the unwilling Democratic house of representatives.

It would seem as though some of the "political" friends of the Governor would give him some idea as to what the public thinks about these things. But, of course, telling him the unpleasant truths is not a job anyone courts.

Meanwhile, he has again left the state for his seventh vacation in the nine months he has been chief executive. This time it is for another "rest cure".

**Under the new beauty of Buick, modern engineering makes history, co-starring the DYNAFLASH ENGINE and TORQUE-FREE SPRINGING**

**WHAT HAPPENS** inside the 1938 Buick engine happens nowhere else in the world.

That is not advertising language, it is cold-steel engineering fact.

*Speeding through the raceways of the intake manifold, the fuel mixture vapor hurries into the cylinders at speeds around 250 miles an hour.*

*As it sweeps past streamline valve contours, a scientifically designed Turbulator, built into the piston face, flings it into airswirls of terrific turbulence.*

The spark that leaps through this compact storm-center sets off a flashing cyclone of power, exploding with tornadic force!

Rear tires no longer scuff half their life away through power-wasting wheel-slip.

Through winter and summer, without need of grease and without "seize" from rust, dirt, water or ice, springs keep their gentle, even cushioning for the life of the car.

YES, IT IS a great story, the story of these twin engineering triumphs in the 1938 Buick.

So great a story that it obscures half a score of other advances, themselves enough to make any car a wonderful buy.

We invite you to learn more about them this week at any Buick showroom.

Sitting in the driver's seat you become aware of power that is livelier and more brilliant because gasoline is giving up more performance than it ever gave up to motorists before!

TO MATCH this incomparable stride, Buick engineers now give you a kind of springing you will likewise find on no other car in the world.

Poised on jarless coils of easy-flexing steel, Buick floats free of bobble, jar, chatter, jounce.

The car will not over-steer or under-steer—skidding, even on icy highways, is blessedly reduced.

**THE FOLLY OF DUPLICATING PUBLIC UTILITIES.**

St. Johns and Clinton county people do not have to let their memories run back far into the past to recall when we had two telephone companies in this community. Business places had to install and pay for two telephones—and the cost went into the cost of doing business. The public subscribed to one or the other, and whichever they had, they could not call the subscribers of the other. One was unprofitable and it cost the stockholders thousands of dollars in losses.

Just now the federal government and the state public utilities commission are trying to "chisel in" on existing utility systems. They are trying to prevent the utilities from building farm power lines where needed and applied for in order to get federal REA lines into the same territory. This is a part of the federal government's campaign of harassing public utilities being promoted and carried out with taxpayers' money.

Already utilities are strictly regulated by the state. They are allowed to earn but a nominal return on their invested capital. Further, their capital is largely money furnished by private individuals who have bought their bonds. The banks' funds again are depositors' money.

If there were large benefits coming to farmers from the REA, it might be a different story. Instead, the present Michigan farm power line regulations are the most favorable in the whole country—more favorable, we believe, than any that REA can or will offer. In the first seven months of 1937 the Consumers Power company built nearly 1,950 miles of farm power line to serve 10,500 rural customers. That indicates, we believe, that they are not laying down on the job and that duplicating service in this or any other community they serve cannot accomplish anything but confusion and unnecessary expense.—Schuyler Marshall in The Clinton County Republican-News.

**IT TAKES NERVE.**

One is startled when he reads in the press that Henry Ford will spend forty million dollars in the coming year to expand his Detroit auto plant. Forty million dollars once was an awful lot of money before we began to hear of billion dollar projects undertaken by the federal government, but nevertheless forty million dollars is a lot of money for one to invest when that investment is threatened by an ambitious element set about to rule or ruin, and Henry Ford and his stupendous industry being the main target these disturbing agencies seek to control. That kind of nerve in the face of battle is truly American in its every detail, and it strengthens one's belief that there yet remains enough of that kind of American spirit which leans to the principal that man is most truly helpful to his fellows and to himself when he sticks to an honest day's work and is paid an honest wage as Mr. Ford has always paid his men.—Al Weber in The Cheboygan Observer.

### Ford Starts Work On Milford Plant

Construction of the new Ford plant at Milford is now under way, according to an article appearing in the last issue of The Milford Times. In part, it follows:

"Initial work on construction of the new Ford Motor company's carburetor plant in Milford was begun in earnest last Saturday morning, following the arrival Friday of various equipment belonging to the Charles Rogers company, sub-contractors, who will do more grading, excavating for the basement, and extensive preliminary work.

"The Charles Albrecht company are the builders, and superintendent of construction will be Karl Sanford, of Dearborn. He has been here this week getting the job started, and this Thursday the location of the factory had been staked out on the site.

"The building will be of one story construction to contain one large room for manufacturing purposes, with several smaller rooms. A mezzanine will run across the north end with offices, lunch room and toilet rooms. Material will be face brick and steel with large windows. There is a possibility, however, that glass block may be used in lieu of windows.

"Since Saturday a steam shovel has been industriously eating away the eastern border of Prospect Hill, levelling a strip approximately 20 feet along the western boundary of the Ford property, to accommodate a roadway which will give access to a future parking lot to the north and west of the new building.

"The shovel will also be utilized to dig a full basement, about 10 feet deep, to be used mainly for storage.

"The large boiler room and steam power plant is to be built on the south end of the main building. It will be of a two-story construction, and a model of Ford's hobbies, it is said, is a distinctive engine room, in a prominent spot, where moving machinery is symbolic of energy and industry. Two steam boilers are to be installed, to augment water power."

### Society News

Mr. and Mrs. Harold Young were given a surprise house-warming, Sunday evening, in their new home on West Ann Arbor Trail, by 24 friends and associates. Games were played and a delicious buffet-supper enjoyed, the guests being seated at one long table. Later music presided, Mrs. Horace Thatcher sang two solos and the others joined in singing songs. John Blyton, then, in a few well chosen words, presented Mr. and Mrs. Young with a beautiful luncheon cloth. Those present were: Mr. and Mrs. Irving Blunk, Mr. and Mrs. B. W. Blunk and daughters, Madelyn and Jean, Mr. and Mrs. John Blyton, and son, George, Mr. and Mrs. Horace Thatcher and daughter, Velma, Mr. and Mrs. Carlton Lewis and son, Orlyn, Mr. and Mrs. Oscar Preheit, Mrs. Mary Tibbitts, Sarah Gayde, Marguerite Melow, Esther Farmer and Donald Potter.

Girl Scouts of troop No. 3 enjoyed a scavenger hunt, Wednesday evening, after meeting at the high school. During their absence the members of the troop committee, Mrs. Strong, Mrs. Lewis, Mrs. Kirkpatrick, and Mrs. Springer, gathered to welcome two new sponsors of the troop, Miss Sappho and Dawn Jacobs. The troop is looking forward to a pleasant year under the able leadership of Wilhelmina Rocker, assisted by Miss Sappho and Miss Jacobs. When the girls returned all joined in a social time following which doughnuts and cider were served.

Mr. and Mrs. Harold Jolliffe were hosts to the members of the Northville and Plymouth quartet and their wives, Tuesday evening, following the Parent Teachers association in the Starkweather school.

### Son of Pioneer Family Killed

Pierre M. West, 63 years old, outstanding in Michigan fraternal, insurance and sportsman circles, and a son of one of the first families to settle in Plymouth, was killed a few days ago near West Branch while on the way north on a hunting trip. His car collided with a truck.

Mr. West was a nephew of M. L. Kenyon, 240 North Mill street, of this city, one of the oldest living residents of Plymouth. Mr. Kenyon and several others from Plymouth attended the funeral Monday, which was held from the William Hamilton chapel in Detroit, burial taking place in the family lot in Riverside cemetery in Plymouth.

His mother, Mrs. Edith West, survives. She now resides at 138 Elmhurst avenue, Highland Park. The family moved into Detroit when Mr. West was a youngster, but he retained many of his old friendships and acquaintances in this city during his entire life.

**RELATIVE HUMIDITY**

WITH the coming in of air conditioning, and the use of humidifiers, the term "relative humidity" is used to indicate the percentage of moisture in the air. This term is explained as showing the quantity of moisture in the air compared to the limit that the air can hold. For a comparison, a sponge picks up moisture and continues to pick it up until it is saturated; beyond that, any more water causes a drip.

The amount of water vapor that air can take up depends on temperature. The warmer the air, the more vapor it can hold; the greater will be the quantity of water vapor needed to saturate it.

Relative humidity is the amount of water vapor actually in the air, compared to the amount of water vapor that would be needed for saturation. Air that is fully saturated, and that can take up no more vapor without forming a drip or a mist, is said to be 100 per cent humidified.

The relative humidity of a body of air depends on the temperature of the air. Consider a room in which the air at a temperature of 40 degrees contains a certain quantity of water vapor. If the temperature of the air is then raised to, say, 60 or 70 degrees, with no more water vapor added, the relative humidity will be less, for at the higher temperature, the air has a greater capacity for absorbing water.

Now suppose that the air in a room is at 70 degrees, and contains a quantity of water vapor, but not enough for saturation. Coming in contact with cold window glass, the air will be chilled and will lose its capacity to hold water vapor. The excess above the relative humidity of 100 per cent, which is saturation, will be squeezed out, so to speak, and will appear as drops on the glass. The effect is condensation.

**A Scarecrow in a Tree**  
By Lawrence Hawthorne

Because I sit here in a tree,  
And seldom move or say a word,  
You think I never hear or see  
What's going on, but that's absurd!  
Why, every night and every day  
I learn some interesting things  
About the folks who pass my way:  
But I just sit and flap my wings.  
So they don't know that what they do  
Is not so secret, after all.  
Some things are awful funny, too—  
I laugh so hard I almost fall!

I have a host of little friends  
Who wave at me when they go by,  
And when my clumsy arm extends  
To answer them, and when I cry,  
"Hello," they think it's just a breeze  
That's blowing harder through my tree;  
They'll never know how much they please  
The heart that beats inside of me.  
Some older people often stop  
To look at me, and when they smile  
I give my sleeves a friendly flop  
And hope they'll hang around awhile.

Yes, life is full of joy for me,  
Surprising as that seems to you;  
It's fun to sit up here and see  
The many things that people do.  
You might think I get stiff, and moan  
With pain, like most inactive men,  
But you should see me all alone—  
I do my daily dozen then!  
I take out all the aches and kinks  
And limber up with shouts of glee;  
I'm sorry for the bird that thinks  
I'm just a scarecrow in a tree!

**PETER HAS HARD WORK TO BELIEVE HIS EYES**

THE very morning that Jimmy Skunk had decided to go see for himself the stranger of whom Sammy Jay and Blacky the Crow and Uncle Billy Possum told such strange stories Peter Rabbit had made up his mind that he just had to see for himself what was going on. He had not been into the deepest part of the Green Forest since the time when he had found the strange tracks in the snow. The truth is Peter had been afraid to go. But now his curiosity had been aroused so by what Sammy Jay and Blacky the Crow had said that he couldn't keep away any longer. First he looked for his cousin, Jumper the Hare. Jumper had not been afraid when Peter had told him about those strange tracks, and he felt sure that Jumper would not be afraid now. But Jumper was nowhere to be found. In fact, Peter had not seen him for some time, not since Sammy Jay had first come screaming out of the Green Forest with his story of the big stranger with the terrible claws.

So Peter started off by himself. His heart went pit-a-pat, pit-a-pat, and he sat up to look and listen as often that it took him longer than ever to reach the pond of Paddy the Beaver deep in the Green Forest. Not once had Peter seen or heard anything to make him afraid, and by the time he reached Paddy's pond he had begun to feel very brave and bold. In fact he had almost begun to doubt if there was any such stranger as Sammy had described.

Then all of a sudden, right on the shore of Paddy's pond, Peter saw a sight that made him quite gasp for breath. Yes, sir, it quite took Peter's breath away. What was it? Why, it was the meeting between Jimmy Skunk and the big stranger Sammy Jay had told about. He was very big, quite as big as Farmer Brown's boy, was the stranger and he wore a black fur coat just as Sammy had said. And there were

the great big claws, the terrible claws, the most awful claws that Peter had ever dreamed of. As soon as he saw them Peter knew for sure that this stranger was the one who had made the big, strange tracks he had found in the snow in the deepest part of the Green Forest at the very last of winter. And now here was the great stranger with the terrible claws walking straight toward Jimmy Skunk and Jimmy didn't seem to know it. In fact Jimmy was resting and he looked very much as if he were going to take a nap. Peter wanted to shout and warn Jimmy. Then he thought of thumping. But he didn't do either. The fact is Peter didn't quite dare to.

But there was no need, for just then the stranger stepped on a stick and it broke with a snap. Jimmy Skunk turned about. Of course Peter expected to see Jimmy run as fast as ever he could. "Jimmy seldom hurries, but he will this time," thought Peter.

But Peter was wrong. Jimmy did nothing of the kind. For a minute he just stared and stared. The big black stranger kept right on coming. Then, instead of running, Jimmy went forward to meet him. Yes, sir, Jimmy Skunk just marched straight toward the stranger with his head and tail held high. The big black stranger stopped and eyed Jimmy a bit doubtfully. Then he stood up on his hind legs and he was as tall as Farmer Brown's boy. This made Jimmy stop for a minute. Never had he seen any one but Farmer Brown's boy himself who could stand like that. But it wouldn't do to let this stranger think that just because he was big and had cruel looking claws he could scare everybody, and so Jimmy once more marched forward. You know he really has a great deal of confidence in that little bag of scent he always carries with him. The stranger growled. Jimmy kept right on. Then what do you think happened? Why that great, big stranger began to back away! Peter Rabbit could hardly believe his own eyes.

**Westminster Abbey Returns to Normal**

Reopened to the public recently, for the first time since the coronation of King George VI and Queen Elizabeth, Westminster Abbey showed the results of some resuming and restoration work. For the first time in centuries, parts of the abbey were cleared of the partitions of 19th century. View shows the choir and the crossing. Many of the stained glass windows have been freed of the heavy coating of dirt which had obscured them for generations.

WE HAVE a dreadful time, every once in a while, trying to remember all the first names of all the children in families where we visit only about once a year. It infuriates the parents when we call little Dicky, Bill or little Marjorie, Helen. They seem to think we aren't impressed with the offspring, which is far from the case. We are usually terribly impressed and somewhat terrified.

For a while we wrote down all the names of these children—once-remembered.

You Are Supposed to Remember All the Names of All Your Friends' and Cousins' Children.

moved in a note book. But then we lost the note book. So now we have discovered a new system. When confronted with the child we smile pleasantly and start right in with our conversation. "So you're in school now, aren't you?" we say. And then, "I bet you haven't learned to spell your own name, have you?" And nine times out of ten we get the answer that saves us.

The only trouble is that it doesn't work with children that are too old or too young. With them we just have to stay mum until we hear their mother ordering them about.

## Plymouth Battles Ypsilanti to 0-0 Score

Although the boys in blue and white did not win over Ypsilanti Friday last, their tie and Wayne's 12-13 win over Dearborn allowed the locals to stay in the fight for the league championship. A win from Wayne would put Plymouth in a tie for first place provided of course that Plymouth beats Ecorse and Wayne wins their next game.

Friday's game was pretty much a nip-and-tuck contest, with Plymouth getting a little bit of the edge. The only scoring threat came in the middle of the last quarter when Plymouth had forced Ypsilanti back to their own seven-yard line. On the first play Sackett broke through the line and tackled the Ypsilanti back behind his own goal line. Joy reigned in the hearts of the Plymouth lads and Ypsilanti was very much disheartened, but Plymouth's joy was short-lived. The players had thought it was a safety which would mean two points for Plymouth, but the officials ruled the Ypsilanti had had been back of the goal line when he caught the ball and therefore it was merely a touchback and the ball was brought back to the 20-yard line.

There were no long or spectacular runs in the game, though Jack Ross did do some nice running. The most spectacular plays were two passes to Gordon Moe, who made some very nice catches. Throughout the entire game Plymouth threw a total of 15 passes—completing five of them for a total of 45 yards, while Ypsilanti threw 10 and completed three for a total of 15 yards. The greater part of Ypsilanti's passes came in the last quarter.

Plymouth won the toss and chose to receive. Ross received the ball and ran it back to the 40-yard line. On the next play Frough was knocked out but he stayed in the game. In this quarter Plymouth made only two first downs, one on a six-yard end run by Evans, who was taken from the line to the backfield and a seven-yard line plunge by Jack Ross. The other was a very nice pass play, Leach to Jolliffe.

In the second quarter Ypsilanti had a good chance to score. Leach was attempting a pass but instead of going to a Plymouth player it went right into the arms of an Ypsilanti man, but it jumped right out again. Had it caught it, he might have gone a long way for he was moving toward the ball and away from all the Plymouth men. The home lads got one first down in this quarter on a short pass Leach to Ross. But this was soon lost on two set-backs of four and eight yards on Leach. Almost at the opening of the second half Frough intercepted a

pass but he was tackled in his tracks by two Ypsilanti men. In this quarter Moe made two thrilling catches. One looked almost impossible but he leaped with his back to the ball and caught it on the tips of his fingers. Both were for first downs. Immediately after the last one was completed Ypsilanti intercepted a pass on the 10-yard line. A six-yard end run by Leach and a nine-yard end run by Frough brought another first down.

In the last quarter after Ypsilanti took possession of the ball when Plymouth made the touchback, they began throwing passes. They threw seven, completing four of them in one desperate attempt to score but the whistle blew to end the game at 0-0.

Next week Plymouth faces Ecorse there and it is necessary that they win this next game to stay in the race.

### DEBATE TEAM NOT READY AS T.V.A.A. SCHEDULE IMPENDS

With the opening date of the debate season set at Wednesday, October 27, with Dearborn here, Mr. Lathure reports that the debate squad is neither working as hard nor doing as well as it should. The group has acquired three or four new members since debating was made a subject with credit. Two teams, an affirmative and a negative, are to be chosen. Final choice of these has not been made as yet.

Here is the schedule for the rest of this year:  
Wednesday, October 27—Dearborn, here.  
Thursday, November 11—Ypsilanti, there.  
Thursday, November 18—Ecorse, there.  
Thursday, December 2—River Rouge, here.  
Thursday, December 16—Wayne, there.

has given us the story of the "Three Titans" — Michelangelo, Rembrandt and Beethoven. The creative genius has given each of these men fame. One strove for power, one for luxury, one for love, but none of them fully achieved his ambition. For them, life was more than earning a living. The gods who endowed them with vision threw down the challenge. Did these men back away from it? Just step up to the library desk and ask for Ludwig's "Three Titans".

For those students who are enrolled in the chemistry classes and also in English, there are two books in the library that will serve a two-fold purpose. One is William Foster's "The Romance of Chemistry"; the other Harry N. Holmes' "Out of the Test Tube". The main purpose of the former, with the exception of much of the romantic history of this subject is to introduce the lay reader to both the marvelous structure and workings of our physical world and to the various contributions to the wealth, comfort, and health of mankind. Although the chemical theory is explained, this book chiefly emphasizes the practical applications and illustrates how new discoveries are being constantly applied to agriculture, household, medicine, and all branches of industry. The latter, "Out of the Test Tube" tells the dramatic story of chemistry's far-reaching influence on modern life—on our food, our health, our habits, our jobs, our environment and our future.

## DELEGATES ATTEND FLINT CONVENTION

Mary Jane Parmalee and Betty Knowles spent last week-end at Flint, where they attended the state annual Home Economic student club meeting. These meetings are held twice a year at different cities in Michigan. A delegate and a representative are sent from each school which is affiliated with the Home Economic association in Michigan. The purpose of this meeting is to exchange ideas for the club's yearly programs.

Special buses were arranged to take half of the girls to Lapeer state hospital and the other half to the Buick plant and dairy. There was a large banquet held in the evening at the St. Johns church in Flint. After dinner was served they were entertained by several speakers and they spent the rest of the evening dancing. Saturday morning, Miss Lundin, the home economics teacher, Veneta Hank, Maria Korte, Kate Spitz, and Ruth Fulton drove from Plymouth to Flint to attend the Saturday morning program. There was a general meeting of all college club students, high school students and advisers. Later there was a high school section meeting where all high school delegates exchanged ideas for their yearly programs.

## GOINGS ON AROUND P.E.S.

They meet again! Only this time the meeting place has changed. Thursday evening Arline Soth, Betty Knowles, Dorothy Roe, Betty Mastick, Annabell Brown, Betty Korb, and Norma Coffin met at Shirley's home for another of their club gatherings. So far the club has no name. Instead of playing "Meet the Missus", every one played hunko. Arline Soth and Betty Mastick changed places as far as prizes were concerned for this time Betty won first and Arline the booby prize. The refreshments were ice cream on shortcake covered by chocolate sauce plus candy served earlier in the evening.

## WHO IS THE GUILTY ONE?

Pat Braidel had two overnight guests. Betty Barlow spent Monday night with her and Margaret Erdyl was her guest on Wednesday night. Bertha Skogland was the guest of Marie Stitt Wednesday night and Althea Shoemaker spent Wednesday night with Barbara Phillips of Northville. Saturday was a perfect day for football. Among those who attended the Minnesota-Michigan football game in Ann Arbor were Betty Korb, Veronica Marti, Barbara Olsvaver, Mary Jane Olsvaver, and Kye Moon. Helen Jane Springer saw the Detroit Lions defeat Brooklyn at the U. of D. stadium Sunday afternoon in Detroit. Shine her coming to Plymouth high school Ethel Pierson's week-ends have been pretty full. Last Friday night she saw Ina Ray Hinton and "High, Wide and

Handsome" at the Michigan theatre in Detroit. A tiny field mouse spent last week in Ruth Roediger's locker. However, as these visits were of rather parasitic nature (for she does bring her lunch to school) Ruth resented these visits. So, having a few pennies left from her allowance she took herself toward and bought a guaranteed mousetrap. This baited with a hunk of cheese was cleverly hidden in the bottom of her locker. Ruth brings her lunch to school and finds it whole at noon-time. All is quiet on the locker front.

## GOING'S ON AROUND P. E. S.

Ethel Pierson spent the week-end in Detroit. Clara Northrop visited her mother in Howell, Sunday. Don Mielbeck, Doris Buzzard, Ariene Soth, Ham Newman, Shirley Sorenson, Jean Hamill, Tom Campion, and Jack Ross roasted "Kabobs" in Riverside Park Friday night. For your benefit "Kabobs" are made of cheese wrapped in bacon. When they're roasted over a fire very few things can surpass them in taste, especially on a picnic. After the roast the picnic party went to the theatre in Wayne. Betty Knowles spent Thursday night with Mary Lou Wright. Marilyn Holton had Betty Barnes as her guest Friday night. Marion Nickel of Detroit visited Lois Schaufele Saturday afternoon. Kye Moon spent Friday night with Mary Jane Olsvaver.

NEW RULES IN FOOTBALL

This year three new rules have been introduced to high school football. Perhaps an explanation of these rules would clear up some plays which puzzle people.

The first rule is merely a change in the old one although it is a decided change and gives the defensive team an advantage they never had before. Last year when anyone on the defensive team touched a pass receiver, it was called interference and the pass was complete. This year anyone, as long as he makes an honest attempt at catching the ball, may hit whoever he happens to without a penalty being called.

Another change in rules is on the kick-off. Last year when the ball went out of bounds it was taken back and kicked over again or left at the point where it went out of bounds. This year when on the kick-off, it is put on the 35-yard line.

The other new rule allows a substitute to talk when he goes in. Last year it was a penalty of five yards to talk before the first play was started.

On some rules there is a different interpretation from last year but these three are the principal changes.

STARKWEATHER NOTES

Miss Lyon's kindergarten pupils are planning a carrot party this week. Last week the whole group learned Halloween songs.

It seems Miss Thompson's pupils are going in for carpentry work with much joy. They have made a cupboard in which they are planning to keep their stove and pan used for cooking. They have some boxes and sandpaper to make a bench and chairs. They made a picture on the blackboard of a big red house and put Mother, Father, Dick, and Jane beside it. This picture is to illustrate the story of Dick and Jane.

Miss Stader's pupils have been studying about the falling leaves. In connection with this they have memorized the poem "Come Little Leaves." They are also making a blackboard border of autumn leaves. They had a perfect attendance and no tardiness for three days last week. Mrs. Eugene Akerling visited last week in the interest of her son, Neal.

The pupils in Miss Farnale's room have been interested for the past week in their construction of a merry-go-round.

The three B's and A's have been making bowls with flowers on them, out of paper last week. They also have been making Halloween decorations. Every one is excited about the new ink wells, received last week. They are very sorry that their spelling captain, Bobbie Wood, has left school. The three A's learned their 2's and 3's in multiplication last week. The whole group is planning a Halloween party to take place this month.

Madeline Gern's team again won the spelling star for the five B last week, while Lloyd Johnson's team won in the four A. In art the pupils have finished some lovely travel posters. They are planning to organize the room so they can learn citizenship cooperation, and assuming responsibility.

The sixth graders of Miss Farrand's room studied Magellan last week, and made booklets about him. They also enjoyed lantern slides on Australia and New Zealand. The fifth graders studied the New England states in geography. The whole class is enjoying their new music books.

In Miss Sparling's group the pupils told stories about carelessness as the causes of fires, safety on the playground, avoiding accidents, and the care of one's eyes in reading. In geography the six A's have been studying Spain, and Wednesday they had a test over the subject. The sixth grade girls have been enjoying a new game called Newcomb, while the boys have been making maps of Canada and Newfoundland.

Some of the Starkweather teachers went to Wayne county library in Wayne to look over books to get ideas of new books for the Starkweather library. The Starkweather teachers also had a dinner last week at the school at which Miss Thompson, the new first grade teacher, and Miss Hazel Rathburn were guests.

CLASS NOTES

The 7B clothing girls have a new text book this semester. It is called "A First Book in Home Economics." They have started the unit on care of clothing. Most of the girls have made clothes bags for the protection of garments when stored.

The Junior high food classes were pleased with the new arrangement of the laboratory which allows them to work in family groups.

COUNCIL TO SPONSOR MAGAZINE SALE

The student council, at the last meeting, decided to conduct a magazine sale again this year. E. C. Malone, representative of the Crowell Publishing company, will be here in one or two weeks to talk to the council on plans for this year's sale.

Last year the students sold subscriptions in the manner of a contest between home-rooms, and a treat of choco-pops was given the winning home-room.

CENTRAL GRADE SCHOOL NOTES

The first graders are getting ready for Halloween by making jack o'lanterns. The list of helpers for this week are Bruce Besse, David Henry, Alice Deniski, Irene Powers, John Bachelder, and Mariko Wilson.

Mrs. Disrow's first graders are constructing their doll house. The pupils have been collecting all the different sorts of nuts they could find. The 1B pupils are beginning to read their primers.

The second grade in Miss Inge's room has been composing original poems concerning the forthcoming Halloween. They have been studying about flowers and have been making some flower booklets.

Mary Louise Richwine brought some caterpillars to the second grade in Miss Weatherhead's room. One of them started spinning its cocoon and the pupils have been watching it with interest. The second A's are making word books, in connection with their reading, Charles Arnold is absent on account of illness.

The third grad's in Miss Jewell's room have finished their butterfly collection. They have made flower collection booklets and are going to write stories about the flowers. For Columbus Day under the direction of Miss Fry they made boats and wrote stories of Columbus on the books.

Miss Robinson's fourth grade made pictures of boats on Columbus Day and have put them on their wall. They have been drawing Halloween scenes of black cats, witches, and pumpkins. Several of them were hung on the wall. The room has two new plants and some new pictures.

The fifth grade group of Miss Carr's have chosen two spelling teams. The captain of the first is Mary Shomberger, in geography the second is Mrs. Crumble. Miss Hearn, and Miss Tyler will be judges; prizes are to be given for the most original costumes. Girls from each class put on a stunt and a prize is also awarded for the best stunt.

Since the Senior Girl Reserves give the party, Astrid Hegge, chairman of the social committee of this club, is in charge of all plans.

CLASS NOTES

In the second-hour class of Mr. Bentley's apprentice training course the 19 boys now enrolled are discussing banking and money. The boys are studying such things as the results of savings, the importance of savings accounts, and checking accounts; also, Mr. Bentley is leading discussions concerning bank loans, travelers' checks, and the many services a bank renders.

Concerning money, the pupils have been learning about the value and type of it, annuities and insurances, such as life and fire insurance. Then, too, the boys are discussing pensions and the advantages and disadvantages of social security. In the first-hour class the boys are studying their various trades under Mr. Bentley's supervision.

In Mrs. Crumble's seventh and eighth arithmetic classes the boys have been competing against the girls in contests, the purpose of which was to gain more speed and accuracy in drills. In both classes the boys were defeated. The 7A pupils are beginning notebooks on graphs.

SHOEBRIDGE HEADS GIRLS' ATHLETICS

Girls' athletics are almost entirely organized and run by the girls themselves; this year they are headed by Marion Shoebridge, who is general sports manager. There is also a manager for each class—Lillian Fisher manages the freshmen; Barbara Zietseh the sophomores; Norma Coffin the juniors; Betty Barnes, senior. The soccer tournament is now in full swing with the freshmen leading and the seniors second; in all there are five soccer teams. The leaders' club girls, who officiate at games, held their initiation Thursday evening, October 14, in the high school, the old girls entertaining the new girls with games and refreshments.

ROCKS DOWNED BY HURONS 24-35

With a score of 20 for Ypsilanti and 35 for Plymouth the Hurons won home victorious last Friday from the cross country meet held at the park. Kenneth McMullen of Plymouth came in first, his time being 11:19, improving the time from the Dearborn meet 23 seconds. Borsuch, of Ypsilanti, came in second with 11:22 as his time; Robert Marshall of Plymouth came in in 11:45; Campbell, from Ypsilanti came in fourth with his time as 12:6; Diamond of Ypsilanti was fifth; Aokus, sixth; Blanchard, seventh; Lewis Gilbert of Plymouth came in eighth; Laber, Ypsilanti's last man came in ninth; Jennings and Henke came in tenth for Plymouth. The greatest disappointment was that Robert Marshall was cut out because he was not of age; also, Parker took his place putting Parker in fourth instead of fifth according to rules and regulations. Since Plymouth had no complete team Dearborn granted Plymouth ninth, tenth, and eleventh places making a total score of Dearborn 20, Plymouth 43.

MR. BENTLEY DESCRIBES APPRENTICE COURSE

At a joint meeting of the Hi-Y and Torch clubs last Thursday, Mr. Bentley briefly described the apprentice course which was inaugurated into the curriculum of Plymouth high school this year. Quoting from a talk, "Dad Looks at Youth", by Dr. C. A. Fisher, director of the extension service of the University of Michigan, he said that the world of the high school student is a "dream" world compared to the world of reality. Mr. Bentley said that the apprentice course would help to bridge the gap between these two worlds by teaching the boy a fundamental skill and permitting him to earn and manage his own money; that with an apprentice certificate he will be better able to "sell" himself to his employer than he has been heretofore.

ROCKS SECOND "11" DEFEATED BY YPSI 6-0

The visiting Ypsilanti second team won over Plymouth's second team by a score of 6-0. The opponents weighed slightly more than the home team but the home team was so greatly outplayed that their weight was a small matter. The Rocks were slow and their plays did not click because of this.

In the first half the home team seconds were pushed back and were very lucky they were not scored upon. The Ypsilanti seconds greatly outplayed and outwitted the home team by good blocking and a good series of plays. The last half began with the Plymouth team being pushed back again. Then when they gained possession of the ball they threw one pass to Robinson which he missed because his helmet, which was so big that it wouldn't stay on, fell over his eyes and he could not see. Then later after he had changed helmets they threw another long pass which he caught and the Rocks gained ground by the yard. The opponents' territory, Ypsilanti then began a drive, after the ball was thrown to them on downs, which put them over for a touchdown. The kick was blocked.

Ends: Wilkie, Packard, Robinson, Aluia, and Birchall; tackles: Reader, Branch, Erdelyi and Felton; guards: Fisher, Thomas, Virgo, and Bennett; centers: Dunham and Dahmer; backs: Hitt, Matts, Herter, Boots, Crumm, Gettleston, Norman, Baker, Wilson and Bupler.

Dorothy Adams—Birth: Plymouth, Michigan on February 19, 1919. Residence: Newburg, De- scription: Dorothy is quite slenderly built, being not much over five feet in height. Her hair is blond, her eyes, twinkling blue, her complexion fresh and fair, and her smile pleasant. Usually she is seen with her best friend, Petrel Keller. School attended: From the first to the eighth grade, Dorothy gleaned her education at Stark school, Livonia township. She entered Plymouth as a freshman and, on account of unexpected circumstances when in grade 9A, she quit for two years. Activities: Junior Girl Reserves, Glee Club, and Junior Chorus. Favorite study: Shorthand. Favorite amusement: Dancing. Favorite author: Gene Stratton Porter. Something done fairly well: Dancing. Most interesting experience: Swimming in Lake Michigan. Plans after leaving school: To secure a position as stenographer or attend a business college.

JUNIORS SECURE PATTERSON'S ORCHESTRA

The first class dance of the season is to be given by the Juniors Friday, October 22 at 8:00 o'clock in the high school auditorium. Music will be furnished by Don Patterson's orchestra. Tickets may be purchased from any member of the ticket committee or upon arrival at the door.

Noctiluca, microscopic animals that live in the sea would live forever if they could avoid in- jury, it is said.

PIONEERS DEFEAT ROCKS IN CROSS COUNTRY

Plymouth Rocks lost the cross country meet with Dearborn Pioneers 20-43 Friday, October 8. Plymouth had four men while Dearborn had 12. The 16 men raced for two miles over hills, ruts, mud puddles, and creeks. At exactly 11:42 the first man Kenneth McMullen came between the Plymouth goal posts. The second was Parker from Dearborn with 11:45 as his time; Brewer, also a Dearborn man, came in third with 11:57; Robert Marshall of Plymouth was fourth with 12:21; Parker of Dearborn came in fifth; Lewis Gilbert was seventh; and Robert Jennings last. The greatest disappointment was that Robert Marshall was cut out because he was not of age; also, Parker took his place putting Parker in fourth instead of fifth according to rules and regulations. Since Plymouth had no complete team Dearborn granted Plymouth ninth, tenth, and eleventh places making a total score of Dearborn 20, Plymouth 43.

## YOUR EYES EARN YOUR LIVING

Do you ever wonder what would  
happen to you if something sud-  
denly or gradually impaired your  
eyesight? Do not take your eyes  
for granted—make certain of  
their condition.

Modern optical science can  
definitely discover if your eyes  
need help. And modern optical

## Plymouth Battles Ypsilanti to 0-0 Score

Although the boys in blue and white did not win over Ypsilanti Friday last, their tie and Wayne's 12-13 win over Dearborn allowed the locals to stay in the fight for the league championship. A win from Wayne would put Plymouth in a tie for first place provided of course that Plymouth beats Ecorse and Wayne wins their next game.

Friday's game was pretty much a nip-and-tuck contest, with Plymouth getting a little bit of the edge. The only scoring threat came in the middle of the last quarter when Plymouth had forced Ypsilanti back to their own seven-yard line. On the first play Sackett broke through the line and tackled the Ypsilanti back behind his own goal line. Joy reigned in the hearts of the Plymouth lads and Ypsilanti was very much disheartened, but Plymouth's joy was short-lived. The players had thought it was a safety which would mean two points for Plymouth, but the officials ruled the Ypsilanti had had been back of the goal line when he caught the ball and therefore it was merely a touchback and the ball was brought back to the 20-yard line.

There were no long or spectacular runs in the game, though Jack Ross did do some nice running. The most spectacular plays were two passes to Gordon Moe, who made some very nice catches.

Throughout the entire game Plymouth threw a total of 15 passes—completing five of them for a total of 45 yards, while Ypsilanti threw 10 and completed three for a total of 15 yards. The greater part of Ypsilanti's passes came in the last quarter.

Plymouth won the toss and chose to receive. Ross received the ball and ran it back to the 40-yard line. On the next play Frough was knocked out but he stayed in the game. In this quarter Plymouth made only two first downs, one on a six-yard end run by Evans, who was taken from the line to the backfield and a seven-yard line plunge by Jack Ross. The other was a very nice pass play, Leach to Jolliffe.

In the second quarter Ypsilanti had a good chance to score. Leach was attempting a pass but instead of going to a Plymouth player it went right into the arms of an Ypsilanti man, but it jumped right out again. Had he caught it, he might have gone a long way for he was moving toward the ball and away from all the Plymouth men. The home lads got one first pass Leach to Ross. But this was soon lost on two set-backs of four and eight yards on Leach.

Almost at the opening of the second half Frough intercepted a

pass but he was tackled in his tracks by two Ypsilanti men. In this quarter Moe made two thrilling catches. One looked almost impossible but he leaped with his back to the ball and caught it on the tips of his fingers. Both were for first downs. Immediately after the last one was completed Ypsilanti intercepted a pass on the 10-yard line. A six-yard end run by Leach and a nine-yard end run by Frough brought another first down.

In the last quarter after Ypsilanti took possession of the ball when Plymouth made the touchback, they began throwing passes. They threw seven, completing four of them in one desperate attempt to score but the whistle blew to end the game at 0-0.

Next week Plymouth faces Ecorse there and it is necessary that they win this next game to stay in the race.

### DEBATE TEAM NOT READY AS T.V.A.A. SCHEDULE IMPEDS

With the opening date of the debate season set at Wednesday, October 27, with Dearborn here, Mr. Latture reports that the debate squad is neither working as hard nor doing as well as it should. The group has acquired three or four new members since debating was made a subject with credit. Two teams, an affirmative and a negative, are to be chosen. Final choice of these has not been made as yet.

Here is the schedule for the rest of this year:

Wednesday, October 27—Dearborn, here.
Thursday, November 11—Ypsilanti, there
Thursday, November 18—Ecorse, there.
Thursday, December 2—River Rouge, here.
Thursday, December 16—Wayne, there.

## WANT A BOOK FOR BOOK REPORT?

There are several non-fiction books in the library which will make excellent book reports. How many of you are interested in the theater? Are you a "fan" of George Arliss? "Up the Years from Bloomsbury" is a vigorous autobiography by this noted actor. You will enjoy this story of his life fully as much as you have enjoyed his portrayals on the screen. J. Rankin Towse of the Saturday Review of Literature says about this masterpiece of literature: "This must be accounted among the best of recent additions to the great mass of theatrical autobiographies, not only because it is entertaining from first to last, but because it is cleverly written and has the somewhat uncommon characteristics of modesty, sanity, shrewdness, and an informing spirit of kindly humor." F. Fraser Bond of The New York Times Review writes: "Each chapter bears the stamp of authenticity; each paragraph proclaims that pleasant blend of urbanity and humor. The author-actor succeeds in giving to this chronicle of busy days and busier nights the quality—individual and intimate—that one finds chiefly in conversation at its best."

has given us the story of the "Three Titans"—Michelangelo, Rembrandt, and Beethoven. The creative genius has given each of these men fame. One strove for power, one for luxury, one for love, but none of them fully achieved his ambition. For them, life was more than earning a living. The gods who endowed them with vision threw down the challenge. Did these men back away from it? Just step up to the library desk and ask for Ludwig's "Three Titans".

For those students who are enrolled in the chemistry classes and also in English, there are two books in the library that will serve a two-fold purpose. One is William Foster's "The Romance of Chemistry"; the other Harry N. Holmes' "Out of the Test Tube". The main purpose of the former, with the exception of much of the romantic history of this subject is to introduce the lay reader to both the marvelous structure and workings of our physical world and to the various contributions to the wealth, comfort, and health of mankind. Although the chemical theory is explained, this book chiefly emphasizes the practical applications and illustrates how new discoveries are being constantly applied to agriculture, household medicine, and all branches of industry. The latter, "Out of the Test Tube" tells the dramatic story of chemistry's far-reaching influence on modern life—on our food, our health, our habits, our jobs, our environment and our future.

## DELEGATES ATTEND FLINT CONVENTION

Mary Jane Parmalee and Betty Knowles spent last week-end at Flint, where they attended the state annual Home Economic student club meeting. These meetings are held twice a year at different cities in Michigan. A delegate and a representative are sent from each school which is affiliated with the Home Economic association in Michigan. The purpose of this meeting is to exchange ideas for the club's yearly programs.

Special buses were arranged to take half of the girls to Lapeer state hospital and the other half to the Bulk plant and dairy. There was a large banquet held in the evening at the St. Johns church in Flint. After dinner was served they were entertained by several speakers and they spent the rest of the evening dancing. Saturday morning, Miss Lundin, the home economics teacher, Veneta Hauk, Maria Korte, Kate Spitz, and Ruth Fulton drove from Plymouth to Flint to attend the Saturday morning program. There was a general meeting of all college club students, high school students and advisers. Later there was a high school section meeting where all high school delegates exchanged ideas for their yearly programs.

## GOINGS ON AROUND P.H.S.

They meet again! Only this time the meeting place has changed. Thursday evening Arline Soth, Betty Knowles, Dorothy Roe, Betty Mastick, Annabell Brown, Betty Korb, and Norma Coffin met at Shirley Sorenson's home for another of their club gatherings. So far the club has no name. Instead of playing "Meet the Missus", every one played buncos. Arline Soth and Betty Mastick changed places as far as prizes were concerned for this time Betty won first and Arline the booby prize. The refreshments were ice cream on shortcake covered by chocolate sauce plus candy served earlier in the evening.

## WHO IS THE GUILTY ONE?

Pat Braidel had two overnight guests. Betty Barlow spent Monday night with her and Margaret Erdyl was her guest on Wednesday night.

Bertha Skogland was the guest of Marie Stitt Wednesday night and Althea Shemmaker spent Wednesday night with Barbara Phillips of Northville.

Saturday was a perfect day for football. Among those who attended the Minnesota-Michigan football game in Ann Arbor were Betty Korb, Veronica Martl, Barbara Olsaver, Mary Jane Olsaver, and Kye Moon.

Helen Jane Springer saw the Detroit Lions defeat Brooklyn at the U. of D. stadium Sunday afternoon in Detroit.

Slide her coming to Plymouth high school Ethel Pierson's week-ends have been pretty full. Last Friday night she saw Ina Ray Hutton and "High, Wide and

A tiny field mouse spent last week in Ruth Roediger's locker. However, as these visits were of rather parasitic nature (for she does bring her lunch to school) Ruth resented these visits. So, having a few pennies left from her allowance she took herself toward and bought a guaranteed mousetrap. This baited with a hunk of cheese was cleverly hidden in the bottom of her locker. Ruth brings her lunch to school and finds it whole at noon-time. All is quiet on the locker front.

## GOING'S ON AROUND F. H. S.

Ethel Pierson spent the week-end in Detroit.

Claire Northrop visited her mother in Howell, Sunday.

Don Mielbeck, Doris Buzzard, Ariene Soth, Ham Newman, Shirley Sorenson, Jean Hamill, Tom Campton, and Jack Ross roasted "Kabobs" in Riverside Park Friday night. For your benefit "Kabobs" are made of cheese wrapped in bacon, when they're roasted over a fire very few things can surpass them in taste, especially on a picnic. After the roast the picnic party went to the theatre in Wayne.

Betty Knowles spent Thursday night with Mary Lou Wright.

Marilyn Holton had Betty Barnes as her guest Friday night.

Marion Nickel of Detroit visited Lois Schaufele Saturday afternoon.

Kye Moon spent Friday night with Mary Jane Olsaver.

## NEW RULES IN FOOTBALL

This year three new rules have been introduced to high school football. Perhaps an explanation of these rules would clear up some plays which puzzle people.

The first rule is merely a change in the old one although it is a decided change and gives the defensive team an advantage they never had before. Last year when anyone on the defensive team touched a pass receiver, it was called interference and the pass was complete. This year anyone, as long as he makes an honest attempt at catching the ball, may hit whoever he happens to without a penalty being called.

Another change in rules is on the kick-off. Last year when the ball went out of bounds it was taken back and kicked over again or left at the point where it went out of bounds. This year when the ball goes out of bounds on the kick-off, it is put on the 35-yard line.

The other new rule allows a substitute to talk when he goes in. Last year it was a penalty of five yards to talk before the first play was started.

On some rules there is a different interpretation from last year but these three are the principal changes.

## STARKWEATHER NOTES

Miss Lyon's kindergarten pupils are planning a carrot party this week. Last week the whole group learned Halloween songs.

It seems Miss Thompson's pupils are going in for carpentry work with much joy. They have made a cupboard in which they are planning to keep their stove and pan used for cooking. They have some boxes and sandpaper to make a bench and chairs. They made a picture on the blackboard of a big red house and put Mother, Father, Dick, and Jane beside it. This picture is to illustrate the story of Dick and Jane.

Miss Stader's pupils have been studying about the falling leaves. In connection with this they have memorized the poem, "Come Little Leaves". They are also making a blackboard border of autumn leaves. They had a perfect attendance and no tardiness for three days last week. Mrs. Eugene Akerling visited last week in the interest of her son, Neal.

The pupils in Miss Parmelee's room have been interested for the past week in their construction of a merry-go-round.

The three B's and A's have been making bowls with flowers on them, out of paper last week. They also have been making Halloween decorations. Every one is excited about the new ink wells received last week. They are very sorry that their spelling captain, Bobbie Wood, has left school. The three A's learned their 2's and 3's in multiplication last week. The whole group is planning a Halloween party to take place this month.

Madeline Gern's team again won the spelling star for the five B last week, while Lloyd Johnson's team won in the four A. In art the pupils have finished some lovely travel posters. They are planning to organize the room so they can learn citizenship, cooperation, and assuming responsibility.

The sixth graders of Miss Farrand's room studied Magellan last week, and each pupil made about him. They also enjoyed lantern slides on Australia and New Zealand. The fifth graders studied the New England states in geography. The whole class is enjoying their new music books.

In Miss Spurling's group the pupils told stories about carelessness as the causes of fires, safety on the playground, avoiding accidents, and the care of one's eyes in reading. In geography the six A's have been studying Spain, and Wednesday they had a test over the subject. The sixth grade girls have been enjoying a new game called Newcomb, while the boys have been making maps of Canada and Newfoundland.

Some of the Starkweather teachers went to Wayne county library in Wayne to look over books to get ideas of new books for the Starkweather library. The Starkweather teachers also had a dinner last week at the school at which Miss Thompson, the new first grade teacher, and Miss Hazel Rathburn were guests.

## CLASS NOTES

The 7B clothing girls have a new text book this semester. It is called "A First Book in Home Economics". They have started the unit on care of clothing. Most of the girls have made clothes bags for the protection of garments when stored.

The Junior high food classes were pleased with the new arrangement of the laboratory which allows them to work in family groups.

## COUNCIL TO SPONSOR MAGAZINE SALE

The student council, at the last meeting, decided to conduct a magazine sale again this year. E. C. Malone, representative of the Crowell Publishing company, will be here in one or two weeks to talk to the council on plans for this year's sale.

Last year the students sold subscriptions in the manner of a contest between home-rooms, and treat of choco-pops was given the winning home-room.

## CENTRAL GRADE SCHOOL NOTES

The first graders are getting ready for Halloween by making Jack o'lanterns. The list of helpers for this week are Bruce Besse, David Henry, Alice Deniski, Rene Powers, John Bachelder, and Mariko Wilson.

Mrs. Disbrow's first graders are constructing their doll house. The pupils have been collecting all the different sorts of nuts they could find. The 1B pupils are beginning to read their primers.

The second grade in Miss Inge's room has been composing original poems concerning the forthcoming Halloween. They have been studying about flowers and have been making some flower booklets.

Mary Louise Richwine brought some caterpillars to the second grade in Miss Weatherhead's room. One of them started spinning its cocoon and the pupils have been watching it with interest. The second A's are making word books, in connection with their reading. Charles Arnold is absent on account of illness.

The third grade in Miss Jewell's room have finished their butterfly collection. They have made flower collection booklets and are going to write stories about the flowers. For Columbus Day under the direction of Miss Fry they made boats and wrote stories of Columbus on the boats.

Miss Robinson's fourth grade made pictures of boats on Columbus Day and have put them on their wall. They have been drawing Halloween scenes of black cats, witches, and pumpkins. Several of them were hung on the wall. The room has two new plants and some new pictures. Mary Jones' spelling team was the winning team last week.

The fifth grade group of Miss Carr's have chosen two spelling teams. The captain of the first is Maxine Minthorn. In geography the 5B drew maps of airplane trips around the United States. They have studied the South Atlantic states. In reading the 5A's are reading a story about Daniel Boone and the Indian fights, also about the houses of America.

The 5B's are reading about the late Martin Johnson and his wife. The 5B's are making flower booklets. In the study of the English grammar the 5A's are learning business letter writing.

## CLASS NOTES

In the second-hour class of Mr. Bentley's apprentice training course the 19 boys now enrolled are discussing banking and money. The boys are studying such things as the results of savings, the importance of savings accounts and checking accounts; also, Mr. Bentley is leading discussions concerning bank loans, travelers' checks and the many services a bank renders.

Concerning money, the pupils have been learning about the value and types of it, annuities and insurances, such as life and fire insurances. Then too, the boys are discussing pensions and the advantages and disadvantages of social security. In the first-hour class the boys are studying their various trades under Mr. Bentley's supervision. In Mrs. Crumbe's seventh and eighth arithmetic classes the boys have been competing against the girls in contests, the purpose of which was to gain more speed and accuracy in drills. In both classes the boys were defeated. The 7A pupils are beginning notebooks on graphs.

## SHOEBRIDGE HEADS GIRLS' ATHLETICS

Girls' athletics are almost entirely organized and run by the girls themselves; this year they are headed by Marlon Shoebridge, who is general sports manager. There is also a manager for each class—Lillian Fisher manages the freshmen; Barbara Zietlich the sophomores; Norma Coffin the Juniors; Betty Barnes, senior. The soccer tournament is now in full swing with the freshmen leading and the seniors second; in all there are five soccer teams, there being two sophomore teams.

The leaders' club girls, who officiate at games, held their initiation Thursday evening, October 14, in the high school, the old girls entertaining the new girls with games and refreshments.

## ROCKS DOWNED BY HURONS 20-35

With a score of 20 for Ypsilanti and 35 for Plymouth the Hurons went home victorious last Friday from the cross country meet held at the park. Kenneth McMullen of Plymouth came in first, his time being 11:19, improving the time from the Dearborn meet 23 seconds. Forson, of Ypsilanti, came in second with 11:22 as his time; Robert Marshall of Plymouth came in 11:45; Campbell from Ypsilanti came in fourth with his time as 12:6; Diamond of Ypsilanti was fifth; Aklus, sixth; Blanchard, seventh; Lewis Gilbert of Plymouth came in eighth; Laber, Ypsilanti's last man came in ninth; Jennings and Henke came in tenth for Plymouth. The locals lost the meet again because only two men, McMullen and Gilbert, were eligible. The cross country team could use six more good men. Although Marshall is a very good runner and has come in to the top at each meet, he is not of age; therefore he is always out. Mr. Wallace would like to see any boys who are interested in this sport.

## ALL GIRLS' PARTY PLANS MADE

All girls in senior high school are invited to attend the annual All Girls' party to be held on Monday, October 25, at 7:30 in the auditorium. As it is a costume party, Mrs. Crumbe, Miss Hearn, and Miss Tyler will be judges; prizes are to be given for the prettiest and for the most original costumes. Girls from each class put on a stunt and a prize is also awarded for the best stunt. Since the Senior Girl Reserves give the party, Astrid Hegge, chairman of the social committee of this club, is in charge of all plans.

## ROCKS SECOND "11" DEFEATED BY YPSI 6-0

The visiting Ypsilanti second team won over Plymouth's second team by a score of 6-0. The opponents weighed slightly more than the home team but the home team was so greatly outplayed that the weight was a small matter. The Rocks were slow and their plays did not click because of this.

In the first half the home team seconds were pushed back and were very lucky they were not scored upon. The Ypsilanti seconds greatly outplayed and out-blocked the home team by good blocking and a good series of plays. The last half began with the Plymouth team being pushed back again. Then when they gained possession of the ball they threw one pass to Robinson which he missed because his helmet, which was so big that it wouldn't stay on, fell over his eyes and he could not see. Then later after he had changed helmets they threw another long pass which he caught and the Rocks gained ground so they were in the opponents' territory. Ypsilanti then began a drive, after the ball was given to them on downs, which put them over for a touchdown. The kick was blocked.

Ends: Wilkie, Packard, Robinson, Alula, and Birchall; tackles: Bender, Branch, Erdelyi and Felder; guards: Fisher, Thomas, Virgo, and Bennett; centers: Dunham and Dahmer; backs: Hitt, Matts, Herter, Boots, Crumbe, Gettleson, Norman, Baker, Wilson and Butler.

## SENIOR BIOGRAPHS

Dorothy Adams—Birth: Plymouth, Michigan on February 19, 1919. Residence: Newburg. Description: Dorothy is quite slender, five feet in height. Her hair is blond, her eyes, twinkling blue, her complexion fresh and fair, and her smile pleasant. Usually she is seen with her best friend, Petrol Keller. School attended: From the first to the eighth grade, Dorothy finished her education at Stark school, Livonia township. She entered Plymouth as a freshman and, on account of unexpected circumstances when in 9A, she quit for two years. Activities: Junior Girl Reserves, Glee Club, and Junior Chorus. Favorite study: Shorthand. Favorite amusement: Dancing. Favorite author: Gene Stratton Porter. Something done fairly well: Dancing. Most interesting experience: Swimming in Lake Michigan. Plans after leaving school: To secure a position as stenographer or attend a business college.

## JUNIORS SECURE PATTERSON'S ORCHESTRA

The first class dance of the season is to be given by the Juniors Friday, October 22 at 8:00 o'clock in the high school auditorium. Music will be furnished by Don Patterson's orchestra. Tickets may be purchased from any member of the ticket committee or upon arrival at the door.

Nocturnal, microscopic animals that live in the sea would live forever if they could avoid injury, it is said.

## PIONEERS DEFEAT ROCKS IN CROSS COUNTRY

Plymouth Rocks lost the cross country meet with Dearborn Pioneers 20-43 Friday, October 8. Plymouth had four men while Dearborn had 12. The 16 men raced for two miles over hills, mud puddles, and creeks. At exactly 11:42 the first man Kenneth McMullen came between the Plymouth goal posts. The second was Parker from Dearborn with 11:45 as his time; Brewer, also a Dearborn man, came in third with 11:57; Robert Marshall of Plymouth was fourth with 12:21; Parker of Dearborn came in fifth; Lewis Gilbert was seventh; and Robert Jennings last. The greatest disappointment was that Robert Marshall was cut out because he was not of age; and so Parker took his place putting Parker in fourth instead of fifth according to rules and regulations. Since Plymouth had no complete team Dearborn granted Plymouth ninth, tenth, and eleventh places making a total score of Dearborn 20, Plymouth 43.

## MR. BENTLEY DESCRIBES APPRENTICE COURSE

At a joint meeting of the Hi-Y and Torch clubs last Thursday, Mr. Bentley briefly described the apprentice course which was inaugurated into the curriculum of Plymouth high school this year. Quoting from a talk, "Dad Looks at Youth" by Dr. C. A. Fisher, director of the extension service of the University of Michigan and authority on problems of youth, that the world of the high school student is a "dream" world compared to the world of reality. Mr. Bentley said that the apprentice course would help to bridge the gap between these two worlds by teaching the boy a fundamental skill and permitting him to earn and manage his own money; that with an apprentice certificate he will be better able to "sell" himself to his employer than he has been heretofore.

## Wear Wedding Gowns Of The Long Ago At Farmers' Club Meeting

### Salem Residents Live Again Early Michigan Days

(The following report was received too late for publication last week.)

The October meeting of Salem Farmers' club at the home of Mr. and Mrs. Burt Nelson, Wednesday night, was attended by 75 persons who greatly enjoyed the Michigan Centennial program.

It opened by the singing of "Michigan My Michigan" by the club.

The procession of those wearing wedding costumes passed through the rooms while Mrs. Harmon Gale played the march. The first was Clara Henning wearing the wedding gown of Mrs. Stryker (mother-in-law of Dr. Jones, a one-time resident of South Lyon). Merrell Renwick wore the wedding suit his grandfather wore at his wedding 75 years ago. Mrs. Merrell Renwick was dressed in an ancient costume of Grandma Renwick's, with a bonnet. Clarence Dean was next in line with his suit of over 40 years ago. Mrs. George Henning, wearing the dress of Mrs. Dewey Farley, came next. Mrs. Foster Smith wore her dress of 25 years ago, and her daughter, Miss Dorothy Smith, finished the line by wearing the dress her mother wore at her graduation from school 23 years ago.

A number of ancient pieces of a baby's wardrobe and also of grandmother's lingerie was furnished for observation by Mrs. Foster Smith. All these, together with available wedding pictures of members of the club, added to the entertainment.

A vocal solo by Grant Currie, with M. E. Atchison joining in the chorus, fitted into the program admirably. Mrs. Atchison was accompanist.

The group listened to a splendid paper, "Michigan 100 Years Ago and Now" by Mrs. Foster Smith, who also furnished many interesting items about Salem—100 years ago and down through the years. She was well able to do this, having had ancestors living in the locality during that time.

All enjoyed the solo "Silver Threads Among the Gold" sung by Mrs. Dewey Farley, who wore a gray wig and was dressed in an ancient costume, with bonnet, shawl and cane. Mrs. George Henning accompanied her and also joined with her in a duet on the chorus.

From an ancient ledger and scrap book, Curtis Hamilton furnished some interesting items and thoughts of those times. At one time it was considered an acceptance of marriage to kiss a man, so it was only proper for young girls to kiss married men, and young men to kiss married women.

C. W. Lewis being unable to attend the meeting, the reading he was to give was substituted with a duet by Messrs. Currie and Atchison, "Have You Read What Father Said".

The program was brought to close by the club singing "America, the Beautiful".

#### ACCOMPLISHED

"De dorg up dere flew at me neck."  
"G'wan, a corg can't fly."  
"Dis one could, he was a bird forg."

Our ancestors reckoned time by nights and winters, hence "fort-night" a contraction of 14 night.

## But It's True ----- !

**HANK KELLEY** OF THE BOSTON RED SOXES, PLAYED EVERY POSITION ON THE TEAM IN A GAME AGAINST THE NEWARK BEARS ON SEPT. 6, 1917. HE WAS A THIRD BASEMAN PRIMARILY.

**MILTON YOUNG** OF CHICAGO, ILLINOIS, HAS BEEN AN AUTO TAXI DRIVER FOR 35 YEARS. HE WAS THE FIRST THE CITY EVER HAD AND HE IS STILL WORKING.

**HELEN FORTUNA** OF MEXICO CITY, MEXICO, PLAYS TENNIS DAILY ALTHOUGH SHE IS UNABLE TO WALK. SHE PLAYS SITTING IN A WHEEL CHAIR WHICH SHE PROPES HERSELF.

**JAMES SWEENEY** OF PLYMOUTH, ENGLAND, REPRESENTS THE 14th GENERATION OF HIS FAMILY IN THE BLACK-SMITH TRADE — THE FAMILY HAS CONDUCTED A SHOP IN THE TRADE PLACE FOR 280 YEARS.

Kelley moved about so much because three men were injured and four were ejected from the game for fighting with the umpire. Young was the only taxi conductor in his city for the first three years. Curiously, he himself still elects to use a horse-drawn carriage when he wants to go places on his days off. Miss Fortuna sits at the back baseline, always asks her opponents not to take it easy. She has become so adept at handling the wheelchair that she is able to move about the court virtually as rapidly as a normal player.

## Things That Men Wish Women Wouldn't Do....

### A Startling Two-Page Feature in the New Pictorial Rotogravure Magazine in Sunday's News!

Every husband has his pet peeves where his wife is concerned whether it's dishes in the sink, baby talk or thrice-told tales. Sunday, the new big News Pictorial Rotogravure offers a two-page photo-feature depicting some of the petty irritations which sometimes lead to the divorce court. Supplementing the pictures, Rex G. White submits an interview with Dr. Ira Altschuler, who gives the psychiatric background behind these annoyances. Be sure to see this highly interesting and amusing feature.

### Get These Pictures and Features Too:

Here are a few more of the unusual and fascinating features in the new Pictorial Rotogravure: "You Aren't Safe at Home," "Uncle Sam Shows His Teeth," "Michigan's Master Marksman," "The Hermit of Kennebec Lake," "Yankee Volunteers in Spain," "Niles—Michigan's Typical Midwestern Town," "Partners on the Radio Waves," and "Tortoise Hunting in the South Seas."
