

Newly Formed Zoning Commission Takes First Step To Bring About Better City Development

J. Merle Bennett Made Chairman; C. E. Elliott, Sec'y

With the election of J. Merle Bennett, Plymouth resident, who is director of the park division of the Wayne county road commission, as its chairman, members of the recently appointed zoning commission Monday night took first steps to bring about an orderly and systematic future development of the city.

City Manager Clarence Elliott was elected secretary of the organization, this being deemed essential in view of the fact that the work of the zoning committee and the city commission will be closely linked together.

Nearly all of the members of the commission as well as many interested citizens were present at the meeting held in the city hall.

Prof. H. O. Whittemore, associate professor of landscape design, director of the Nichols Arboretum in Ann Arbor and chairman of the Department of Landscape Design at the University of Michigan, was present to outline to the commission a general program he thought it should follow.

He declared that Plymouth had many more advantages than most all cities of this size and that the work of the zoning committee would chiefly be to see to it that future rapid growth which is bound to come to this community, should be in keeping with the high type development a place of this kind should maintain.

Pointing out that from his own observation the biggest problem of the committee would be in working out an improvement along the railroads that operate through the city, he said he believed that this was one of the first major problems to consider.

"Do not misunderstand me—you are, indeed, fortunate in being a railway center. In some places you find opposition to railroads, but when they are gone, only then does a community realize what it has lost. Railroads are most important to any growing city. They are essential, and it is not a difficult matter to work out a plan so that a house built down next to a railroad track is in as attractive a location as a home built in a restricted district of the city. It has been done and can be done," he stated.

He declared that the auto wrecking yards were the greatest threat to community attractiveness and recommended that no time be lost in checking the development of anything of that nature in or around Plymouth. It was made clear that it lies within the power of a community to prevent the development of any unsightly spot which will detract from the general appearance of a neighborhood or district.

Street development, subdivisions, types of housing to be recommended, parks, encouragement of private gardens, public playgrounds, city parks, cemeteries, civic buildings, even a public hunting ground, were among the dozens of suggestions he said the zoning commission might consider.

The newly organized group, if it carries out its job to completion, not only has a tremendous big task to perform, but one that is far more important than many regard.

Churches Unite For Services

Clarence H. Booth, president of the Motor Bankers corporation of Detroit, president of the boards of the Woodward avenue Baptist church of Detroit and a vestryman and trustee of Cranbrook church, has been selected as the second speaker of the series of Fellowship services of the Presbyterian, Methodist and Baptist churches of Plymouth.

He will appear before the united congregation of these churches Sunday evening at the First Baptist church. The services will begin at 7:30 o'clock and the pastors unite in extending an invitation to everyone to attend. The subject of his address will be "The Changeless Purpose of God." Mr. Booth is one of Detroit's most prominent church laymen and his visit to Plymouth Sunday evening will doubtless attract a record attendance.

Engagement Of Miss Hoyton Announced

Mrs. Allen A. Horton entertained about 25 guests, Saturday evening, at an announcement party and bridge in her home on North Territorial road, the occasion honoring her daughter, Barbara and her fiance, Dr. Robert S. Ballmer, of Ann Arbor. The news of the engagement was cleverly revealed on the tallies which had for a tassel a boy and a girl holding hands made of yarn with a satchel in between on which their names were written. The home was decorated throughout with lavender chrysanthemums. The wedding will take place in early January. Guests were present from Ann Arbor, Detroit and Plymouth.

Business Men Fete Industrial Leaders Of City

City Expresses Appreciation To Payroll Builders

Plymouth manufacturers who bend every energy at their command to keep the factory wheels going round and round so that there can be a steady flow of outside dollars into Plymouth to be used in the upbuilding of an ideal city, were guests of an appreciation banquet given by Plymouth business men Wednesday night at the Mayflower hotel.

It was pointed out that the city of Plymouth absorbs practically none of the products of its factories, but the existence of the entire community is dependent almost solely upon the sale of its manufactured products to the outside world.

The outside business of the local factories results in monthly payrolls amounting to hundreds of thousands of dollars, and upon this "imported" money, the merchants of Plymouth and the city as a whole exist.

Then, too, President Stewart Dodge and other officers of the Plymouth Chamber of Commerce thought it a good idea for all of the business men and manufacturers, as well as the local representatives of the various utilities who serve this locality so well, to become better acquainted with each other. The plan worked out far better than had been anticipated.

The affair was as informal as it could be made. Following the serving of a splendid menu, a brief program took place. President Dodge lost little time in getting rid of details and Andrew Dunn of the Dunn Steel Products company was called upon to introduce to those present the manufacturers of the city of Plymouth. Then came the introduction of the various department heads and managers of the utilities that operate in this district. The splendid service of these groups has had much to do with the city's growth and development.

The one speaker of the evening was Judge Joseph Moynihan of Detroit, a strong pleader for industrial peace and friendly, cooperative activities in bringing about a better condition for all the people of America.

"This is still the land of opportunity, the greatest there is in the world. Where else do you suppose the son of immigrant parents can rise to high places, except in our own free America?" he asked.

"In any other country of the world you are born into a cast or class and there you stay as long as you live. Here any worthy son or daughter is held by no bounds. And there are more opportunities today than ever before. Everywhere the door is open," he declared.

Passes State Board Examination

MISS RUTH MEURIN

Notice has been received by Miss Ruth Olson Meurin, daughter of Mrs. Carolyn Dayton, that she has successfully passed the examination of the Michigan Board of Registration of Nurses and Trained Attendants, with ratings that reflect the highest of credit upon the former Plymouth high school graduate who has been a student at the University of Michigan since 1934.

She is now on the staff of the University of Michigan hospital but plans soon to return to the university for additional work in order to secure her degree. Miss Meurin graduated from the Plymouth high school with the class of 1934. Her many local friends will be pleased to know of the success she is meeting in her chosen vocation.

Ward Jones New Lions Executive

Plymouth residents will be interested and pleased to know that Ward M. Jones, who recently purchased the residence at 1312 Penniman avenue, has just been elected president of the Metropolitan Council of Lions clubs in the Detroit district. He is a former president of the Uptown Lions club of Detroit and has been most active in the work of this organization.

The Lions organization, representative of the same type as Rotary and Kiwanis, while without an organization in Plymouth, has a large number of clubs not only in the metropolitan district of Detroit, but throughout the country. This organization is especially active in Pacific coast states. Mr. Jones has served the Detroit organization in nearly every official capacity and because of his leadership he has quickly attained this outstanding luncheon club honor.

Mr. Jones owns and manages the Ward Manufacturing company in Detroit, which produces electric fans, hydro-fuses and similar products.

The family purchased a home here and moved to Plymouth a few weeks ago and their daughter has already entered the public schools of this city.

Auto Hits Train, Switchman Hurt

George Turner, 964 Stark-weather avenue, a switchman employed by the Pere Marquette railway and well known in Plymouth, will be confined to Grace hospital many weeks as the result of an accident Sunday night when an automobile hit a train and fractured both of his legs.

Mr. Turner was standing on the steps of a car being switched across Farmer street when an automobile driven by Walter Beckwith ran into the train, intense darkness and a heavy rain at the time preventing him from seeing the freight cars as they were moving across the street.

Graduates Of 1937 Class Find Places In World

Larger Percent Go To College Than In Class Of 1936

To find out what the graduates of Plymouth high school in the class of 1937 are doing, a survey under the direction of Carvel Bentley, a member of the high school staff has just been completed. Most interesting facts are revealed as a result of the study.

Of the group of 101 graduates 36 have entered the halls of higher learning. Of this group three have entered the University at Ann Arbor, eight have entered Michigan Normal at Ypsilanti, seven have entered Michigan State college at East Lansing, three have entered Albion college, one has entered Pennsylvania State Teachers' College, nine have entered business colleges, two have entered Diesel Engineering schools, one a girls' school in the East, one has entered Kalamazoo college and one has entered Wayne University at Detroit.

Several of these young men and women graduates have already entered the world of business and it was found that 10 of the group working in various offices, 14 are clerking in stores in and around Plymouth, two are working in garages and gas stations, nine are working in dairies, in greenhouses and on farms; 16 are working in factories, hospitals, etc.; nine are staying at home doing various odd jobs and home work; four of the "faler sex" are married and making homes of their own; one girl is in a sanatorium regarding her health; and it was impossible to get in touch with two of the graduates to find out what she are doing.

The following table shows these findings as percentages:

	1937	1936
Attending universities and colleges	29%	16%
Attending business colleges	5%	4%
All other higher institutions of learning	2%	3%
Working in offices	10%	17%
Factories, hospitals, etc.	12%	16%
Store clerks	14%	10%
Staying at home	8%	16%
Garages and gas stations	2%	2%
Greenhouses, farms and dairies	9%	8%
Miscellaneous (odd jobs)	2%	10%
Married	4%	5%

Comparing the class of 1937 with that of 1936, this study shows a considerably larger percentage of graduates attending higher institutions of learning and a larger percentage of graduates employed on steadier jobs than in the class of 1936.

Jack Kinsey To Start In Big Game

Several backfield adjustments are in order before Michigan continues its football schedule with Pennsylvania at Philadelphia Saturday, according to Coach Harry G. Kipke.

The principal change may see John H. Kinsey, a sophomore from Plymouth, at the starting fullback post. Ed Stanton, a junior letterman, has filled the bill at that post since the opening game but has not shown the same blocking proficiency in recent games which earned him the starting berth earlier.

Kinsey, 194-pound six-footer, was graduated from the junior varsity two weeks ago but has seen no action with the first team. His promotion was actuated by an injury to Norm Nickerson, Stanton's understudy, but repeated exhibitions of vicious blocking in practice, together with his established reputation as one of the squad's finest punters, have brought him to the varsity this week.

Another change will concern the squad's three outstanding left halfbacks, Fred Trosko, Norm Purucker and Stark Ritchie. While Trosko will remain a left halfback with Ritchie his probable understudy, Purucker has been shifted to a wingback post. Purucker's kicking was a major factor in keeping Michigan in the game with Chicago last week while it was Ritchie who accounted for the two Michigan scores which won the ball game in the last four minutes of play.

Century Old Church Organization Soon To Open Beautiful New Edifice

REV. WALTER NICHOL

Energetic Pastor of Plymouth's First Presbyterian Church

Activities Of Woman's Club

The meeting of the Woman's Club of Plymouth held Friday afternoon in the Mayflower hotel was one of great interest to all present. Following the business meeting the guest speaker, Miss Clara W. Wolbers, superintendent of the Williams House, Inc., of Detroit, told the ladies about the girls in this home, how they are chosen and how cared for. She cited several cases of varied experience, which she had had the opportunity of knowing about, some girls being happily married from the home, others finding the place where they could do the most good outside of the home.

A committee, with Mrs. Paul Nutting as chairman, served tea from a table of beautiful appointments, centered with yellow and white chrysanthemums.

On Friday evening, November 19, the members of the club will entertain their husbands at a 6:30 dinner in the Hotel Mayflower. The guest speaker will be Thurman Miller, of Wilmington, Ohio, better known as "Dusty" Miller. He was very well received by the Rotarians last year and it is hoped that every member will make a special effort to attend. Reservations must be made by Tuesday, November 16, and all having no telephone are asked to contact some member of the committee, Mrs. Russel Deane, chairman; Mrs. Lew Price, Mrs. Clifford Cline, Mrs. Elton R. Eaton, Mrs. James Gallimore, Mrs. John T. Neale, Jr., Mrs. W. Miller Henderson.

D. A. R. To Meet With Mrs. I. Blunk

The Sarah Ann Cochran chapter, D. A. R. will hold its regular monthly meeting at the home of Mrs. Irving Blunk on Williams street at 7:30 next Monday evening, November 15. Members please note mistake of date in year book and that this is to be an evening meeting.

Mrs. John B. Hubert and Mrs. Henry Baker will assist Mrs. Blunk as hostess and Mrs. A. W. Seiden, regent of General Richardson chapter of Pontiac, will be the guest speaker. Mrs. Seiden's subject will be "Old Glass."

Mrs. John Root will give a talk on "General Defense." The evening meeting is arranged to make possible the attendance of some of the members who find it impossible to be present at the afternoon meetings.

Names Committee To Direct Census Of Unemployment In Plymouth—Frank J. Burrows Made Chairman

Many Building Ventures Carried On By Presbyterians

The opening of a new house of worship by the First Presbyterian church of Plymouth, Sunday, November 21 marks but one of a series of building enterprises carried out by this body during its 105 years of organized life. It was on February 23, 1833 that a little group of Presbyterians met in the home of one Ira Bronson and brought into existence the first church organization this pioneer community had ever known. Their first meeting place was the public school house. But the young church was vital and aggressive and in 1835 a fine property was purchased where the present church building stands. The deed to this property dated July, 1835 is now in possession of the trustees of the church.

In autumn of that year the same Ira Bronson was instructed to build a meeting house. The record of that distant day runs: "The Presbyterians have built a church on an eminence north east of Plymouth Corners." That building was of wood. But as evidence that solid material and fine workmanship went into it, the Baptist church later purchased the building and used it for years, then sold it to the Lutheran church. After another period of years it became a blacksmith and wood working shop and today part of it is used as a garage on a farm west of Plymouth.

As the congregation grew a larger building was needed. Accordingly, in 1848, the wood structure was sold and a brick church erected on the same site. This building was remodeled several times. In 1878 extensive improvements and changes were made. And again in 1904 the spire was removed and a fine tower erected. The interior of the building was renovated and many changes made, including the building of a small extension for kitchen and social purposes.

Then in 1916 a fine new church house was added providing for parlors, kitchen, dining room, furnace and class rooms. The next year a pipe organ was purchased. And so there was completed the fine structure which Plymouth people remember as a beautiful old landmark. It stood until that memorable Thursday evening, January 9, 1936 when fire broke out and the building was left a ruin.

But the church people set their faces toward the task of building again as their fathers had done that the work and worship of this group might go on and that future needs might be prepared for. They were in possession of a site of unusual beauty and advantage. They sought to build a church beautiful, useful, churchly. Thomas W. Moss was chosen as architect. November 14, 1936, construction work, under John R. Bickford, began and now at the end of a year the new church is almost ready for use. The new pulpits, organ and much of the furnishings and equipment have been installed. On Sunday, November 21, the congregation will assemble at 10:00 a.m. at the Masonic Temple and march up to their new church home. "I was glad when they said unto me let us go into the house of the Lord."

Long Illness Ends In Death Of Albert Curry

Prominent Plymouth Manufacturer Dies At His Home

Albert Curry, president of the Plymouth Stamping company, passed away at his home on Penniman avenue early Saturday morning after a long illness.

Mr. Curry was taken ill nearly a year ago and had improved to the extent of considering leaving for Florida after Thanksgiving when he suddenly suffered a relapse and died unexpectedly.

He was 84 years old, having been born in Oldham, England on August 31, 1873. At the age of five his parents moved to Philadelphia where his father established a tin shop which grew into a very prosperous establishment.

About 10 years later the family moved to Providence, Rhode Island where at the age of 15 he was entered as an apprentice in the Brown and Sharpe Engineer and Manufacturing company. After serving four years with this firm he entered the Rhode Island Technology and Design Engineering school where he graduated. Following his school work he entered the employment of the Goram Silver company as superintendent.

In 1897 he married and had two children, Chester and Mildred. Mrs. Curry died in 1911. At that time Mr. Curry was general manager of the F. H. Noble Jewellery company of Chicago. In 1914 he became general superintendent of the Whitehead and Hoag Novelty company of Newark, New Jersey. That year he wed Miss Nellie T. Taylor. Shortly after this he came to Detroit where he was factory manager and engineer for 16 years of the Harry Brothers Manufacturing company.

Mr. Curry's next business venture brought him to Plymouth with Clarence E. Moore and the two of them organized and established The Plymouth Stamping company. During Mr. Curry's long illness the company has been directly under the direction of Mr. Moore, who will continue the operation of the same.

Funeral services were held at the residence Tuesday afternoon with H. J. Hawkins of the Christian Science church conducting. Interment was made in the mausoleum at Riverside cemetery. Besides his widow and hundreds of friends Mr. Curry leaves one daughter, Mrs. William Scott of South Lyons to mourn his passing.

American Legion To Hold Thanksgiving Dinner And Program

The regular joint meeting of the Myron H. Beals Post and Auxiliary will be held in the Temple hall on Friday evening, November 19. A fine Thanksgiving dinner will be served, and a good program is being arranged by the program chairman, Melvin C. Guthrie. All Legion members and their families are urged to attend. If those who are planning to attend will kindly call Mrs. Melvin Guthrie or the secretary, Mrs. William Keeler, the committee in charge of the dinner will appreciate it.

Careful Check To Be Made

Government Is Anxious To Secure Correct Data

Members of the Plymouth National Unemployment Census committee appointed by Mayor Henry Hedorp elected Frank J. Burrows their chairman at an organization meeting last Friday night. The object of the group as appointed at the request of John D. Biggers is to publicize and help in the national census. Biggers is national administrator of the census appointed by President Roosevelt.

Although the actual work of the census is to be undertaken by employes of the Plymouth postoffice the local committee will help in an effort to see that no one who should register is missed. Those persons who should fill out application cards are:

a. All persons who are totally unemployed, able to work, and want work. Included in this group are the following:

(1) Persons who have worked for pay, who are able to work, and still want work.

(2) Persons who formerly had their own business, farm, or professional practice, and no longer work at it, who are able to work, and want work.

(3) Persons now looking for their first jobs.

b. All persons who are partly employed, able to do more work, and want more work. Included in this group are the following:

(1) Persons working part-time at regular jobs, who are able to do more work, and want more work.

(2) Persons employed part time on irregular work (including casual workers) who are able to do more work, and want more work.

c. All persons working full time or part time on projects of WPA, NYA, CCC, or other emergency work projects which are supported by public funds. Included in this group are the following:

(1) Persons working on Works Progress Administration projects or on emergency projects of other federal agencies under the Works program.

(2) Enrollees working in CCC camps.

(3) Persons employed on NYA work projects.

(4) Persons receiving NYA student aid.

(5) Persons working on emergency work projects conducted by state or local governments as part of a work relief program.

Various churches, and other organizations, are to be contacted by the local committee so that all may be informed as to the purpose of the census and so that members of these groups may assist in getting every one registered. Contacts designated for committee members to undertake are: Newspaper publicity, Sterling Eaton; schools, George A. Smith; war veterans, Harold Anderson; P.T.A., Mrs. Austin Whipple; Service club, Carl Shear; manufacturers, Floyd Eckles; women voters, Mrs. Johns; Chamber of Commerce and theatre, Perry Richwine; and Frank Burrows, churches.

A COMMUNITY LOSS.

News of the death of Albert Curry, president and general manager of the Plymouth Stamping company at his home on Penniman avenue last Saturday, carried general regret throughout this city. Mr. Curry came to Plymouth not so many years ago and established an industry which has flourished and prospered. His plant has provided steady employment for a goodly number of men. He was a good citizen, quiet, unassuming, progressive and alert to the needs of the times, and admired by every one who knew him. His death is a distinct community loss.

FATHER COUGHLIN.

We are quite in sympathy with the demand being made by many thousands of people for the return of Father Coughlin to the discussion, by radio, of present day problems. While not in agreement with Father Coughlin on all of the ideas that he has advanced, there is no question but what he has created an interest in some of the real problems confronting the country. He knows well what our troubles are and it is not at all surprising in his discussions that he stepped on the toes of some. This is a free country, devoted to the free discussion of ALL problems. Under all conditions, it is rather difficult to understand the censorship order that silenced the crusading pastor. No harm, except to some quaking politicians, can come from his discussion of public questions.

IT COMES TO THE SURFACE.

It has been apparent to those who watch state affairs closely at Lansing that Governor Frank Murphy has for months been intensely jealous of Highway Commissioner Murray D. Van Wagoner. There is no longer any need to speculate about it. Governor Murphy was a speaker last week before the members of the University of Michigan Press club. In his talk about the "great reforms" he says he is bringing about, he discussed the civil service measure that was sponsored by former Governor Fitzgerald for enactment at the last regular session of the state legislature.

Newspaper readers will recall that the highway commissioner has for a year or more pointed with more or less pride to a civil service system that he inaugurated in his own department to secure competent help. In fact, little has ever been said about any other state departments having ever done anything towards the inauguration of civil service in their departments, except the one of which Mr. Van Wagoner is in charge.

In his talk over at the University last week, the Governor mentioned several departments of state government that he said had tried to improve the standard of their personnel through civil service, but not one word did he say about Commissioner Van Wagoner's civil service system for his department.

His omission of any comment about the one state department that has apparently tried to improve its personnel by a civil service method was generally noticed.

There is one sure sign of incompetency in office, and that is jealousy.

The Governor has provided additional public proof of his unfitness for the office he has seen less of than any other man that ever served the state of Michigan as its chief executive, by his apparent studied slap at the administration and popularity of one of the members of his own official family.

THE PUBLIC GOOD.

No matter what the dispute, there is one thing that the contending factions should always take into first consideration, and that is the public good. There are no differences between groups of greater importance than the welfare of all the people—men, women and children, who are in no way involved in the dispute. Their interests rank first, that is one important factor never to be overlooked.

RAMBLING with Editors AROUND of Michigan

WHERE THE DIFFERENCE LIES.

It was President Grover Cleveland who declared, "Though the people support the government, the government should not support the people." Cleveland it was who also went through a great depression and the country emerged better off than will the present government when the end of the prolonged depression is reached in safety. The difference between the present democratic administration and the democratic administration of that day is that there was no army of federal jobholders to muster out. To do so in this day and age would create a political havoc which might have very serious re-election effects on the party in power—if it did not cause a civic upheaval.—J. John Pope in The Grandville Star.

ARE THEY WORBLERS?

We see by the papers, as Dooley used to say, that the backbone of the liquor commission is suffering another attack of lumbago or some other weakening influence. Having switched pro and con on the subject of gambling machines in beer taverns the commission finally declared against them, and then last week softened the blow by permitting card games and keno in places where intoxicants are sold.—William Berkey in The Cassopolis Vigilant.

HELP WANTED!

In the heat of a political campaign, after the self-starters have started and while the ins are trying to keep out the outs, the people of Michigan have very little time to think of the qualifications a man should have to be the Governor of Michigan. By the time the campaign is on, the candidates have been selected, or have selected themselves, and then there is nothing for the voters to do but to choose between two men, neither one of whom may have the proper qualifications for the job he is seeking.

Did you ever stop to think of what you would want your Governor to be like, if you could have your choice?

Undoubtedly you would demand the following things:
That he have executive ability—
That he be a man of sincere convictions—
That he be fair to all classes of citizens—
That he devote his entire time to the job—
That he should so guide the business of the state that less money is spent than is taken in.

Wouldn't that kind of a man make a pretty good Governor? Executive ability could be measured by whether or not the candidate had been successful in his private life, either in business, a profession or labor.

A man of sincere convictions would not allow himself to be run by anyone, those who had helped to elect him or by someone who could profit through a connection of any kind with the Governor.

A man fair to all classes of citizens would see that the laws were strictly enforced. He would not take sides with business, with labor, nor with any class of citizens.

There have been governors of Michigan who have spent much time away from the job, and you would not like this. Surely, the

state's business is important enough to demand, and get, the governor's whole time.

Spending less than is taken in would seem to be so elementary that it should not need argument, and any man smart enough to be governor should realize that if it were not done, the state would eventually go bankrupt.

There are those who will say that it is impossible to find such a man. We do not think so. It may be impossible to find him in the ranks of the present politicians, but there is little doubt but that such a man could be found somewhere in Michigan.

He would be an outstanding man, it is true, but given such a man, with a sincere desire to do a good job, who didn't care whether he had more than one term in office or not, and he could do a wonderful job for the state.

And here is the peculiar thing, and one which few politicians realize: this man, if he did a good job for all the people, would have but little trouble in getting a second term.

He might not have the liking of the politicians on whose toes he stepped, but he would have something much greater—the respect of the citizens.

Help will be wanted to find such a man. We can't blame him, but you might well study over the proposed list of qualifications above, and if such a candidate should, by some miracle, appear, he would make SOME Governor!—James Gallery in The Tuscola County Advertiser.

PROTECT THE MIRACLE OF YOUR SIGHT Living is mostly a matter of seeing. Over eighty per cent of all impressions that reach your mind are received through your eyes. Keep these treasures at the peak of their efficiency. Place them under the professional care of a competent eye authority—a "Keeper of the Light." OVERBRIGHTNESS is one of the most trying of present-day conditions. It thrusts at your eyes, all day long, from innumerable reflecting surfaces. If this unwanted light annoys you, see a competent optometrist or oculist. Perhaps you need the protection of light-absorptive lenses. A simple, scientific test will tell. Soft-Lite Lenses are the finest quality of optical lenses, made by the great optical house of Bausch & Lomb in Rochester, N. Y. Special ingredients in the glass give them a unique capacity for absorbing excess light. Looking at them they have a delicate flesh-like hue, but looking through them no tint is perceptible. Color values remain unchanged. Vision is clear. Images are sharp. Soft-Lite Lenses, endorsed by leading eye authorities for over 29 years, are obtainable on prescription from oculists, optometrists and opticians. SOFT-LITE LENSES FOR GREATER COMFORT AND BETTER APPEARANCE Available only through LICENSEES Published in the interest of competent eye authorities—"KEEPERS OF THE LIGHT"—by the Soft-Lite Lens Company, Inc., 745 Fifth Avenue, New York; Toronto; London. Dr. John A. Ross OPTOMETRIST Thursdays and Saturdays from 3 until 10 p.m. Every evening from 7 until 10 p.m. Formerly associated with New York and Chicago Eye Clinics.

FIRST BAPTIST CHURCH.—Lora Sutherland, pastor. This Sunday is Harvest Homecoming Sunday. It is the thought of the committee in charge of the services to make it a great day of joy and inspiration for all. As many former members have been

invited as we knew how to reach. You will come and renew old friendships, and talk over those other days. At 10:00 o'clock our regular worship service with Dr. H. J. Huey of Ann Arbor as preacher. Sunday school at 11:15. Then the church family dinner will be served. Children will be asked to be accompanied by a parent. Following the dinner an informal program will be heard. A most interesting event will be the singing of one of the early choirs. Letters will be read from some who cannot come here for the day. Special music will be no small part of the day's enjoyment. Miss Doris Hamill will be our violin soloist. Rev. Don Riley will speak. At 7:30 we conclude

FIRST CHURCH OF CHRIST Scientist.—Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years. Wednesday evening testimony service, 8:00.

"Mortals and Immortals" will be the subject of the lesson-lesson at Christian Science churches throughout the world on Sunday, November 14. The Golden Text, from Galatians, 4: 6, 7, is: "Because ye are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ." Among the Bible citations is this passage (Psalm 81: 1): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 246): "The measurement of life by solar year robs youth and gives ugliness to age. The radiant sun of virtue and truth co-exists with being. Manhood is its eternal noon, undimmed by a declining sun."

NEWBURG M. E. CHURCH.—Clifton G. Hoffman, pastor. 10:00 a.m., morning worship. Sermon topic: "Commandment Nine." 11:00, Sunday school, J. M. McCullough, superintendent. 8:00 p.m., community meeting. City Invited To Attend Debate
Plymouth residents, states James Latture, debating coach of the Plymouth high school, have a special invitation to attend the international debate which will take place Thursday evening, November 18, at the Peace auditorium in Ypsilanti, at 8:00 o'clock. The debating teams, one representing the British and the other, American schools, will debate the question, "Should The Supreme Court's Power Be Curbed?"
One of the English debaters is from Cambridge university and the other from Oxford university. Members of the American team are from the Michigan State Normal college. The admission is free.

Cut Phone Rates For Turkey Day
Reduced rates for long distance telephone calls will be made effective for Thanksgiving day this year, according to an announcement by John MacLachlan, manager in this area for the Michigan Bell Telephone company.
The reduction will be made effective by the application throughout the day, as well as Thanksgiving eve and night, of the long distance rates regularly in effect after 7:00 o'clock every night and all day every Sunday. This will be the first time especially reduced rates have been offered for Thanksgiving day, the telephone company official states. They will apply between points within the United States, and, in general, will reduce the cost of calls where the regular day station-to-station rate is 40 cents or more.
The announcement was made following the filing of the reduced rates by the Michigan Bell company and their approval by the Michigan Public Utilities commission at Lansing.
A schedule of similar reduced long distance rates also was filed and approved for the coming Christmas and New Years days.

Society
On Thursday evening of last week Mr. and Mrs. Roy Fisher, Mr. and Mrs. Fletcher Campbell, Mr. and Mrs. James Honey and family, Mr. and Mrs. Delos Goebel and family, Mr. and Mrs. H. H. Behler and family of Plymouth and Mr. and Mrs. Guy Honey and family, of Detroit, gave their mother, Mrs. Henry J. Fisher, a complete surprise in honor of her birthday. A delicious lunch was served later in the evening and the guests presented Mrs. Fisher with several beautiful and useful gifts.
The engagement of Emily Potosky and Ruben Swanson, of Detroit, was recently announced at a dinner party given by Flossie Rowland at the home of her sister and brother-in-law, Mr. and Mrs. Norman McCleod, on Adams street. The guests were, besides Miss Potosky and Mr. Swanson, Mr. and Mrs. Carl Stringer, of Ferndale, Mildred Maul, James Sutherland and Harold Brown.
On Thursday afternoon Mrs. J. R. Witwer entertained several friends at a tea complimenting Mrs. Ronald Fox, of East Lansing. The guests were Mrs. J. L. Olsaver, Mrs. George M. Chute, Mrs. Paul W. Butz, Mrs. J. Merie Bennett, Mrs. Ray Johns, Mrs. Russell Daane and Mrs. Donald Lege.
Mr. and Mrs. Thurber Becker of Three Oaks, Michigan, are the parents of twin boys born Saturday, November 8. They have been named Franklin Jerome and Thurber Julian, and their weights were seven and one-quarter and seven and one-half pounds. They are reported as doing well.
Louis Buehler, Paul Prieskorn of this city, John Foley of Wayne, Walter Buehler, Detroit and Fred Hubbert of Romulus left Wednesday afternoon for a deer hunting trip in the upper peninsula where they have gone for the past few years. They expect to return for Thanksgiving.
Dr. and Mrs. Carl January will entertain at a dinner-bridge, Saturday for 20 guests, in their home on Sheridan avenue.
Mrs. Henry J. Fisher, Mrs. Delos Goebel, Mrs. Roy Fisher and Mrs. Fletcher Campbell were luncheon guests, Monday, of Mrs. Vina Wingard in Wayne.

The How and Why of the National Unemployment Census
A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt.
Here, in question-and-answer form, is the information you need to know about this plan.

- 1. WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS?**
To get an accurate count of the unemployed and partly unemployed.
- 2. TO WHOM WILL CARDS BE SENT?**
To every family in the United States.
- 3. UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN?**
Congress has decreed, and the President has directed, that it be taken.
- 4. IS THE CENSUS COMPULSORY?**
No. But every unemployed or partly unemployed person is urgently requested to cooperate.
- 5. HOW WILL THE CENSUS BE CONDUCTED?**
Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
- 6. WHEN WILL THE CENSUS BE TAKEN?**
Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
- 7. WHO SHOULD FILL AND RETURN CARDS?**
Every person who is unemployed or partly unemployed who is able to work and wants work.
- 8. WHAT AGE LIMITS APPLY?**
There are no age limits except existing State regulations concerning workers' ages.
- 9. SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD?**
Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
- 10. WHERE MAY ADDITIONAL CARDS BE OBTAINED?**
At any post office or from your postman.
- 11. WHERE CAN INFORMATION BE SECURED IN FILLING OUT CARDS?**
At your post office or from your postman.
- 12. IS THIS CENSUS CONFINED TO AMERICAN CITIZENS?**
No. All permanent residents of the United States are included.
- 13. IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL?**
Yes. This information will be used for unemployment statistics only.
- 14. SHOULD EVERY QUESTION OF THE CENSUS CARD BE ANSWERED?**
Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
- 15. WHO IS AN "UNEMPLOYED" PERSON?**
A person of either sex or any color who is not working and is able to work and seeking work.
- 16. WHO IS A "PARTLY UNEMPLOYED" PERSON?**
A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
- 17. ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED?**
Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES
The White House Washington
TO EVERY WORKER:
If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.
The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.
FRANKLIN D. ROOSEVELT

The Ambassador bridge club met Thursday with Mrs. I. N. Innis, for a dessert-bridge and farewell party for Mrs. James Stevens, who with Mr. Stevens plan to move next week to Valparaiso, Indiana. The ladies presented Mrs. Stevens with a very lovely gift.
Mrs. John W. Blickenstaff, Mrs. John L. Olsaver and Mrs. Edith Hurd are entertaining 30 guests at a dessert-bridge, in the home of Mrs. Blickenstaff on Penniman avenue, this afternoon, the first of a series being planned by them.
Mr. and Mrs. I. W. Gates and family and Mrs. Leota Gates, of Detroit, will be dinner guests of Mr. and Mrs. James Stevens this evening on Sunday Mr. and Mrs. N. W. Simpson of Saginaw will be dinner guests in the Stevens home.
Mr. and Mrs. Henry T. Barnes left Thursday for their annual stay in Lakeland, Florida.

The mission society of the Lutheran church will meet on Wednesday afternoon, November 17, at the home of Mrs. William Last on South Harvey street. Meeting will begin promptly at 2:00 o'clock. Mrs. Henry J. Fisher, Mrs. Theodore Slesoff, Mrs. Gus Freund and Mrs. Edward Bolton will assist Mrs. Last during the social hour.

Mrs. Ethel Arnold Weds F. S. Sterling

Of interest to many people in Plymouth will be the announcement of the marriage of Mrs. Ethel Arnold to Fred S. Sterling of Gull Lake, Michigan. The marriage ceremony was performed by Rev. Walter Nichol at the Presbyterian manse here on Tuesday, November 9. The couple were attended by Melissa and Russell Roe, brother and sister of the bride. They left shortly after the ceremony for Arizona and California where they will spend the winter, returning in the spring to Gull Lake where they will make their home. Mrs. Sterling has spent several summers here with relatives and is well known to a large circle of Plymouth residents.

Over 250 Attend M. E. Banquet

Over 250 members and friends of the Methodist church were guests at the annual fellowship banquet Tuesday night. While illness prevented Dr. Frederick Fisher of Detroit from coming to deliver the scheduled address of the evening, the guests were not disappointed in view of the fact that Dr. E. Shurley Johnson, an assistant to Dr. Fisher, delivered a most interesting talk. He had spent six years in India with Dr. Fisher and is one of the few Americans to ever visit the country of Tibet, located high in the mountains between India and China. He told much of these people who refuse to have anything to do with the rest of the world because of the fact that they "do not desire to become contaminated with races that kill each other". Proceeds from the banquet go into the building fund of the church.

Plan Mothers', Girls' Meeting

BERTHA ASHBY-HESS

Mrs. Bertha Ashby-Hess, MS PE, formerly assistant to director, in charge of teacher placement, bureau of occupational information, will talk to all mothers of girls at a meeting Friday, November 19, at 1:30 o'clock in the high school auditorium. In the morning during third and fourth hours she will talk to high school girls, and at a joint meeting of mothers and daughters after the mothers' meeting in the afternoon. Mrs. Hess spoke in Plymouth last spring at the mother and daughter banquet. She is coming for an all-girls' day, sponsored by the Girl Reserves.

For six years Mrs. Ashby-Hess was on the state board of directors for the Oklahoma Congress of Parents and Teachers as state chairman of social hygiene, as well as director of health education and social hygiene and girl counselor for the Oklahoma University Extension division. In 1935-36 she was assistant state director for the National Youth administration for Oklahoma and was appointed assistant to Dr. Pardon in 1936-37. She served on President Hoover's White House conference, following which she helped to organize in Oklahoma the Oklahoma Council of Child Development and Parent Education. She has appeared on several national programs.

This is an especially important meeting for both girls and mothers and it is hoped there will be a large attendance.

Chicken Thieves Landed in Jail

Two confessed chicken thieves are in the custody of Livingston county officers, and it is believed that their arrest breaks up a ring which has been bothering farmers in Oakland, Wayne and Livingston counties for a long time. The men are Frank DeLovale, 33 years old, of 15478 Centralia, Detroit, and Ernest Farmer, 49, of 15340 West Parkway, Detroit. They were employed at the Stine meat market, Five Mile and Decosta roads. It is understood that a warrant is out for the third man.

Deputy Harger of Oakland county interviewed the men in jail at Howell last Wednesday, and although they refused to talk he is satisfied that they are the ones who have been responsible for much of the poultry thievery around Milford. He says that they confessed to Howell officers of four thefts, and are credited with the statement that they had taken so much poultry in the past year that it was impossible to account for the places visited. They sold the birds at 11 cents a pound, they said.

overthrow American institutions and American ideals. "Do not be fooled. These enemies of ours are here now. They are working to destroy whatever you have. They try to create trouble and unrest. They seek only ruin and disaster. All you have to do to see the results they hope to accomplish is to look towards Russia, Germany, Italy and Spain. We have freedom and we have opportunity. Let us keep it," he urged.

Applause lasting minutes at the close of Judge Moynihan's address indicated the strong approval of what he said. Then came the "compensation" of the judge for his willingness to come to Plymouth to talk to a get-together meeting of those working diligently to build up a good community.

Fred D. Schrader was called upon for this part of the program. Following appropriate remarks, he presented Judge Moynihan with a gallon of maple syrup, a "luxury" that Judge Moynihan is known to be exceedingly fond of. The visiting judge let it be known that he was most appreciative of the gift. Then followed nearly an hour of good-will and "get acquainted" visits among those present. The affair was one of the most successful ever staged by the Chamber of Commerce.

New Books At The Local Library

There has been added to the Plymouth library during the past few days the following books for local circulation:

"The Silver Fleece"—"The autobiography of an Irish doctor still in his thirties. It is simply told, without pose of style or arrogance of mind. It is a completely fine book. To find this book and to read it is to thrill to the discovery of a born storyteller, and to meet in it, a civilized man: kind, patient, courageous, understanding, full of life and laughter. It is a book which will make you laugh out loud, partially from the discovery of amusing anecdotes perfectly told; partially from the thrill of running into yourself in its simple exposition of universal experiences." New York Herald Tribune.

"Integrity: The Life of George W. Norris"—"The book covers an extraordinary period in the history of these United States, and the subject of the biography is a man well worth writing about." Boston Transcript.

"Dorothea Dix", by Helen E. Marshall. She was active in improving prison conditions, especially for women.

"Before I Forget", by Burton Rascoe. "The book sparkles; not with an affected literary surface carefully contrived, but with the sheer vitality and the mental candor of a man of good will. The book seems to me to reveal Mr. Rascoe as a lively art in his own right." New York Herald Tribune.

"Let Me Live", by Angelo Herndon. Written by a young Negro who has just won his fight for freedom through the supreme court decision.

"As I Remember", by Arnold Geyne. It has 112 beautiful photographs. It shows a man conventional and yet Bohemian, of one kindly and sympathetic, of an observer never bored, and of a true servant of beauty!" Saturday Review of Literature.

Rocks Massacre Ancient Rivals 33-0

The game last Friday with Northville while quite fast, was not very exciting. The play in the first and fourth quarters was carried to the visitors by the home guard while it was the reverse in the second and third quarters, Northville carrying the play to the Rocks. The most outstanding features of the game were the line playing of three Plymouth men in the center of the line, the passing by a second team member, Bob Hitt, for the Rocks, and the ball carrying of Balbens for the visitors. One other feature was the steady, relentless push put on by the Blue and White in the first quarter. While the Northville team braced in the second quarter they did so after one goal had been scored against them. All during the game there were many fumbles which worked against both teams. Sackett kicked off but the play

was called back because one of Plymouth's players was off-sides. The next kick-off was good but after four plays the visitors lost the ball and then gained it again on a fumble by Gilles. Northville began immediately to throw passes but to no avail. Plymouth received the ball on downs and began a march goalward. When on the 15-yard stripe Ross received the ball and on a quarterback sneak put it over the goal with not a hand being laid on him. Sackett place-kicked for the extra point. The captain of the visitors then complained to the referee that the ball was too soft but after deliberating the ball was kept in play. After the kick-off and when Plymouth received the ball the Rocks began another push which resulted in Leach going through the line for another touchdown for the Rocks. Sackett again kicked the extra

CENTRAL GRADE SCHOOL NOTES

Charles Arnold has moved to Starkweather school and so Miss Weatherhead has lost a fine pupil. The village which the children are making for a community project is progressing rapidly. Kenneth Hood is absent from school because of illness.

Miss Inge's second grade has been making drawings of Pilgrims. They have converted their grocery store into a postoffice. They are going to write letters and conduct it as a social studies project. They have an aquarium now with three small fish and a turtle but expect to get more fish later. The class as a whole has compiled a general scrapbook and in it have put several original poems by members of the room and the pictures of the flowers they have studied and stories about them. One of the girls made the cover with an attractive picture of a house on it.

Education Week they are going to dramatize "The Simpleton" and "The Tar Baby"

Miss Widmeyer's pupils this week gained a new member, Carol Smith of Detroit. The four B geography class is visiting San Francisco and the four A class is visiting Switzerland. Letty O'Leary's spelling team is once more victorious over Henry Johnson's team. Jean Scheppie's spelling team has defeated Halton Hood's team.

Miss Carr's pupils are going to present a play called "Parade of Inventors" for Education Week. It is to be given at the Parent-Teachers' association next Wednesday evening. Dora Gruebner is the Spirit of Progress and the inventors are Edward Strong, Melvin Vikstrom, Graham Laible, Russell Downing, Ronald Micol, Jack Colter, Edwin Good, Kenneth Kohler, Harold Schultz, George Weberlein, Stanford Besse, Margaret Brown, Wesley McCartney, and Arnold Phillips.

Mr. Berridge's fifth grade safety patrol boys are Robert Rienas, Ralph Bachelder, and Harold Shettler. The soccer race is close between the Minute Men and the Speed Kings. They expect to play a three game series with the Starkweather school after Thanksgiving. The class is making a moral representing life as it is found in the United States. Since the next week is Education Week many of the parents are expected to visit the school.

The 6 B's have made posters and book covers to interest people in reading books to celebrate Book Week. In geography the classes have begun a study of Australia and its queer plants and animals. The instrument the

point. The quarter ended with the home guard leading 14-0. After the rest the Rocks pushed across another touchdown by a blocked kick recovered by Prough. The pass back from center to Gilles, who was kneeling to hold the ball for the placement, was bad and there was no chance for a kick. Instead Gilles captured the bouncing pigskin and slid around end for the extra point. Then the quarter settled down and both teams held with the ball in midfield. At the half Plymouth was leading 21-0.

After the band had marched off the field the game was resumed. The visiting orange and black then began to push the Rocks back but the breaks were against them and they did not get close enough for any score. The final period began and the home guard ran their triple reverse, which had worked so well on other teams this year, for gains of two and one yards. Then the game settled down and Krumm had to be replaced by Smith because of a sore ankle. The period, which was beginning to look like the third, was about half over when Smith passed to Prough who ran for a touchdown. The extra point was not made, leaving the score 27-0. Two plays after the kick-off, Coach Jacobl replaced Ross and sent in Hitt at quarterback. On the first play with the ball on the 50-yard line Hitt tossed a long pass to Moe who went over for another six points making the score 33-0. The extra point was missed. Coach Jacobl then sent in "Red" Herter, a second team member, so he would receive some experience. After a few plays Hitt threw a pass to Prough who went over the goal but the play was called back and the Rocks were given a five-yard penalty. Immediately, as though the penalty was given to make it harder, Hitt passed to Moe who ran away and when about

to be tackled, latered to Gilles, who scored.

The extra point was missed. Only a few plays later the game ended with the score 33-0 against the ancient rivals.

The game from the standpoint of the coaches was a poor one because of the many penalties each side had called on them. This is illustrated by the fact that the visiting team at the half were a negative five yards gained because of the penalties while the Rocks were not much better even if they had gained more than twice as much ground. The game was rather slow until the coach of the Rocks sent in some second string material.

The line-ups were:

Plymouth	Northville
Prough RE	Dugan
Evans RT	Alden
Olson RG	Defino
Sackett C	Bray
De Laurier LT	Lester
Moe LE	Mines
Ross Q	Balbens
Gilles LH	Punkee
Leach RH	Hinchmen
Krumm E	Mitchell

The substitutes were:
 Jolliffe for Prough; Klof for Evans; Rutherford for Olson; Curtiss for Sackett; Lorenz for De Laurier; Cooper for Archer; Hitt for Ross; Smith for Krumm; Herter for Scarpulla; Scarpulla for Krumm; Reeder for Olson.

CLASS NOTES

The fifth hour biology class has been studying the structure of the grasshopper for the past week. They made drawings of the principal parts and studied them in specimens brought by Doris Buzzard. They had a test over the principal life processes of the grasshopper. The week before they studied the crayfish and its life processes. Mr. Wallace of the biology and science department supplied the class with a large jar of fiddler crabs, a species of the same class of arthropods as the crayfish. The next class of arthropods to be studied is the lepidoptera or that group to which the moths and butterflies belong.

The third and fourth year combined Latin class has completed the first book of Virgil's Aeneid. This dealt with Aeneas' landing in Africa and of he and his companions travels to the queen and the beginning of the love story of Aeneas to be taken up in more detail in the second book. The college requirements are to complete six books in the year and if the class continues as it is at the present time it will have sufficient time to finish the requirements.

In the soccer tournaments the freshmen won, juniors were runners up, the seniors and sophomores tied for third place. The champions received 50 points towards their school letters, the runners up received 35 points, and all who participated in the games received 10 points.

The chemistry classes, under the direction of Mr. Evans, have finished atomic weights and will now take up the study of chlorine.

Mr. Evans' physics classes have completed a study of the structure and general characteristics of matter, and are beginning an observation of fundamental laws of the subject.

Biology Borer.—When a pupil in Mr. Wallace's biology class was asked the definition of a terminal bud he answered thus: "A terminal bud is a bud that lasts one term."

The Three R's AND TELEPHONE TAXES

Approximately \$29,000,000 of the money which the people of Michigan have paid for telephone service over the past ten years has come back to them in the form of primary school education for the boys and girls of the state.

That is because taxes assessed by the state against certain utilities, including the Michigan Bell Telephone Company, are paid into the primary school fund. From there the money is distributed among the 83 counties of the state, and helps support the elementary, grammar and high schools.

Money alone could not account for Michigan's high standards of public education. Our state has been fortunate in the men and women entrusted with this work—the superintendents of public instruction, state, county, city; the local school boards, Parent-Teacher associations, and the individual teachers.

This Company makes the largest individual payment into the primary school fund. During the past ten years the Company has paid into the fund \$28,978,000, this year's payment alone amounting to \$2,624,092.47. This is an important contribution to a school system to which is entrusted the education and character-molding of 960,000 boys and girls—Michigan's school children today, her citizens of tomorrow. These taxes are in addition to the Company's Federal and miscellaneous taxes.

Meaning—the Most Modern Automobile in the World is the new 1938 Buick—with DYNAFLASH ENGINE and TORQUE-FREE SPRINGING

IF YOU'VE put a sparkling 1938 Buick through its thrilling paces— And tried to say in words what this standout car's got— And found to your surprise you couldn't begin to do it justice— Listen, don't think you're the only one!

"It's gotta lotta ummph!" say trier-outers vainly trying to express all the marvelous things they've felt. "Ummph!" meaning zip—flash—power. "Ummph!" meaning all you ever expected to find in a car—and a great deal also in addition!

Fact is—demonstration, not conversation, is the thing to describe this new Buick.

To say it's quick—nimble—agile is to do only fractional justice to its DYNAFLASH engine and what it does every time you touch off its thrifty power.

To call its TORQUE-FREE SPRINGING ride velvety is only to participate its ride. Use the words jarless, level, floating, serene—and you come a little closer.

But still you neglect the directability this car gets from its new rear springing, the reduced risk of skidding, the simpler maintenance, and longer rear tire wear that go with it.

No, you can't cramp a new Buick into words—only its action can tell its story.

A SAFETY CUSHION ON EACH WHEEL! Buick replaces the usual type spring with this special spring of steel coiled steel and big direct-acting Torque Tube shock absorbers. Rigidly aligned by the Torque Tube, rear axle and wheels cannot twist or distort, cannot affect steering, greatly reducing danger from skids. No shockers, no loose points, no chains, no pressure rear tire wear.

Plymouth Employees of Telephone Co. Have Long Years of Service

No "40 Year Rule" Has Ever Applied Phone Workers

Contradicting a somewhat popular belief to the effect that "people over 40 are shelved", 1023 present employees of the Michigan Bell Telephone company throughout the state, whose average age is well over 40 years and most of whom anticipate several years more in the business, are receiving gold service emblems indicating their long service. They are part of 6,585 employees with two or more years' service, each to whom a new service emblem is being distributed. One hundred and seven retired employees also receive the buttons. The presentations are being made at employee social functions.

The 1023 employees with 20 years or more service include workers in all the telephone crafts, such as clerks, cable splicers, installers, operators, line-

men, accountants and so on, as well as several in high supervisory positions. In the aggregate their employment totals 27,500 years.

The Michigan Bell company at present has in its employ 9,315 men and women, the latter being in the majority. The average length of service of all employees is 10 years, that of the 4,074 men being 12 years and that of the 5,241 women being more than eight. A total of 6,189 have served more than five years each, the company's records show. Employees in every exchange of the company are included in the latter group.

The 25-year emblems will go to 293 men and women, 30-year buttons to 156, 35-year buttons to 62, eighteen will get 40-year buttons, seven the 45, and two will receive buttons indicating a half century or more of service. Both of the latter have retired.

The new service emblem is of gold and was designed by a committee of telephone employees and approved by the management of the company. It is shaped like a small bell, and bears the name, "Michigan," in raised letters, with raised stars denoting each five year service period. The buttons for the men and pins for the women who have been in service 25 years or longer also bear small diamonds.

The following employees of the Plymouth office have been with the company the number of years after their names:

- Clara Valentine, 20; Katherine Kahl, 19; Sophia Goretzki, 17; Mrs. Fern Henderson, 17; Marvel Boyd, Mrs. Alice Perkins, 14; Mrs. Beatrice Williams, 16; Fannie Luksche, 19; Anna M. Kolody, 8; Marguerite Kolody, 8; Mrs. Edna Reding, 7; Mrs. Daisy M. Schwab, 17; Margaret E. Gossett, 9; Mrs. Sadie E. Schroder, 15; Emma Richards, 9; Mrs. Frances M. Henderson, 8; William Robinette, 9; Mrs. Vivian E. Leach, 6; Gertrude Bailey, 9; Frances Webster, 11; Mrs. Esther Shattuck, 8; John MacLachlan, 9; F. Butler, 27; H. Mumby, 15; E. Paulsen, 16; K. Schlandler,

14; H. Wood, 13; L. Gates, 13; A. Gates, 12; B. Schmitz, 8; T. Mangen, 8; and B. Schwartz, 8.

The two retired employees who receive the 50-year emblems are George F. Holland, 1608 Holden avenue, Detroit, and Charles E. Wilde, 603 Parkwood, N.E., Grand Rapids. Mr. Holland had served 54 years upon his retirement in 1933 and Mr. Wilde had been in the service 50 years and two months when he entered in 1935. Mr. Holland had retired as secretary of a messenger and was secretary of the Employees' Benefit fund when he left. Mr. Wilde, for many years district manager and later business representative of the Michigan Bell company in Grand Rapids, began his service as an operator, and has been manager at Battle Creek, Muskegon, Alpena and Kalamazoo; spent two years in Marquette; in charge of the company's Northern Peninsula business, and a year in Detroit as commercial superintendent.

George J. Brett, present general auditor of the Michigan Bell company, who went into telephone work 47 years and two months ago as a messenger and office boy, will receive a 45-year button.

Science Lecture Heard By Many

Dr. Wallon Hubbard, of Los Angeles, California, a member of the board of lecturers of The Mother Church, The First Church of Christ, Scientist, Boston, was the interesting speaker Sunday night before a large audience in the church in Plymouth. In part he said:

Were it possible to call upon the students of Christian Science who form a large portion of this audience to explain the reason for their presence here and their allegiance to Christian Science. It would be found that most of them had been healed by Christian Science of sicknesses which had defied other methods of treatment. And the range of these sicknesses which had been healed would be found to be so wide and so varied as to indicate with certainty that the law of God as taught and applied in Christian Science heals in all manner of sickness and sin.

It is my intention not only to discuss the teachings of Christian Science, but to tell you something of my own observations in connection with my problem of growing out of the practice of medicine and into the practice of Christian Science. Perhaps these observations may be helpful to some of you.

A discussion of Christian Science may quite properly begin with its discoverer and founder, Mary Baker Eddy. Whatever I may say of her in the limited time at our disposal must of necessity be brief. I would earnestly recommend a study of her life. Several biographies are available at Christian Science reading rooms, and she has written something of herself in her book "Retrospection and Introspection." To understand how Christian Science unfolded in her consciousness will make it easier for it to unfold in yours.

The usual reason for people turning to spiritual means for healing is that the use of material means for the alleviation of their sicknesses have been so disappointing. The history of medicine over the past hundreds of years has been one of constant change. New remedies and new measures are constantly brought forth and marvelous things are claimed for them, only to be discarded later on for newer remedies or newer measures, in which, for the moment, there is greater faith. They are effective only to the degree in which they are believed.

Christian Science declares itself to be the law of God. It further declares that this law is demonstrably true; that we may understand it, that we may apply it, and that the results will prove its truth.

The various healings which Jesus, the master Christian, brought about are of especial interest to those who are endeavoring to follow his command to heal the sick, for he instructed his disciples to go into all the world and teach all nations to do whatsoever he had commanded them to do, and he certainly commanded his disciples to heal the sick.

Jesus said a great many things about healing and the requisites for healing. He insisted that to see the kingdom of God it is necessary to be born of the Spirit, and our experience in Christian Science demonstrates that to perceive the power of Truth, it is necessary for one's consciousness to be spiritualized. Jesus described the human qualities which we must be rid of, and the spiritual qualities which must be cultivated. He declared that by following his teaching we would demonstrate an abundance of every good thing, and would be able to withstand storms of error. He taught that prayer must be deep and heartfelt communion with God. Read the chapter on Prayer in the Christian Science textbook and compare it with Jesus' teaching on this subject in his Sermon on the Mount.

So to each one who studies Christian Science, there comes some consciousness of the Christ. This divine anointing results in healing now as inevitably as it did in Jesus' time, and it brings a definite reward in peace, and healing, and blessing.

Except for a few who should be locked up, we have concluded that other people are just as moral as we are.

Youthful Musician Plays At Wyandotte

Howard Walbridge, son of Mr. and Mrs. C. E. Walbridge, Rosedale Gardens, gave a piano program on Friday, November 5, before the Roosevelt high school in Wyandotte. He has appeared on the Michigan Education association program in Detroit where he received much favorable comment on his ability. Other public recitals by the youthful musician have delighted his audiences.

Start Plans For Sewage System

In view of the fact that Plymouth's sewage disposal problem will within another year or so become a part of the out-county Wayne system, the following article taken from the Wayne Dispatch as to what that city is doing, will be of interest to Plymouth residents:

John K. Norton and LeRoy Smith of the Wayne county road commission were present at the village commission meeting Tuesday night and announced that the Wayne county sewage collection and treatment project which is to provide sewage disposal service for that part of Wayne county lying south and west of the limits of Detroit, Dearborn, Melvindale and River Rouge has been approved for construction.

The plans were explained to the commission who decided to enter into a contract with the county of Wayne.

The construction, maintenance and operation of the project have been delegated to the board of county road commissioners by the board of supervisors.

Unit No. 3 of the proposed plan, which is the Wayne interceptor, will be the first section constructed. It is planned to construct a 36-inch sewer extending from the existing brick sewer which ends at the Inkster-Eloise line to the sewerage system of the village of Wayne, connecting to this system at Sims avenue. Sewage from the village of Wayne would thus be delivered to the existing Dearborn sewage disposal plant for treatment.

For the purpose of construction, this is a Public Works Administration project financed in part by the government and in part by funds allocated by the board of supervisors for the county of Wayne. Although the Wayne interceptor is designed to intercept at the outlet of the village of Wayne, the village will not be required to do any work nor incur any expense relative to construction.

Revenues, however, will have to be obtained to cover maintenance and operation costs, and such revenues could be obtained on a basis of water consumption. A rate of two and six-tenths cents per thousand gallons of water consumed is considered a fair and adequate charge and this charge is to be added to the water bills. The village will not be obligated to pay for the service, but is to act merely as a collection agency in obtaining the revenues from water consumers.

Deer Hunters Start North

Hundreds of hunters, including many from Plymouth and vicinity, have been moving into Michigan's northern counties this week enthused by prospects of the best big game season in this state in several years, beginning Monday, November 15 and extending through November 30.

Deer, which with bear are the two species of big game found in Michigan which will be hunted, the other two—elk and moose—being protected at all times, are believed more numerous this fall than in the last three or four years. The deer herd suffered less last winter than in several because of the comparative mildness of the weather and absence of heavy, long staying snow in most sections of the state. Counts taken during the summer indicated increases in the number of deer in more sections than showed decreases.

Although bear are not numerous in Michigan, their numbers are also believed to have increased since the 1936 hunting season.

Anticipating the influx of an army of hunters which may number as many as 150,000 the state department of conservation has completed arrangements for the transfer of approximately 25 conservation officers from the southern part of the state to the northern deer areas, and the assignment of a large number of fire wardens to special deer patrol duty.

Hunters will not have to worry about any changes in the deer area by next season, the same counties being open this fall as in 1936.

One slight addition was made in the regulations pertaining to the wearing of license tag numbers on the back, the word "legible" having been inserted as a requirement of the identification. Last year a few hunters were found to be wearing their tags upside down. Some instances also were found where the tags were so dirt-smudged that their numbers could not be read.

A last minute repetition of a familiar but still important warning came from conservation officers to the effect: Be sure it's a deer and then be sure it has horns, before you shoot.

Early examples of veneered furniture can be traced back to ancient Egypt, when it was made for kings.

Society News

The members of the Laugh-a-Lot club were guests Saturday evening of Mr. and Mrs. Beryl Smith at a co-operative dinner and evening of cards. The affair was a complete surprise to Mr. and Mrs. William Rengert, who were to celebrate their 25th wedding anniversary on Sunday, also at the home of their daughter and son-in-law, Mr. and Mrs. Beryl Smith. In honor of the "newly-weds" the club presented them with a "money tree". On Sunday the guests were relatives from Dearborn, Wayne, Ypsilanti, Owosso and Plymouth who joined the Rengerts for a reception in the evening. At this time they were given a chest of silver. Needless to say the guests of honor will long remember their 25th wedding anniversary celebrations planned so thoughtfully by Mr. and Mrs. Smith.

On Wednesday evening of last week Mrs. Carl Januarty entertained at dinner Miss Marie Berhens, of Washington, D. C. and Mrs. Sanford Shattuck, of this city.

John Bachelder, son of Mr. and Mrs. Raymond Bachelder, will celebrate his sixth birthday, Saturday afternoon, entertaining about 20 friends and schoolmates at games.

Plymouth Garden News

William Conn is now occupying his home on Stark road. Ed Sturgeon has taken a position in Chicago so he can be with his family.

Mr. and Mrs. Ray Bowser visited his father in Detroit on Sunday evening.

Mr. and Mrs. Block attended the funeral of his aunt on Monday.

Alvin Robertson went to the hospital to have his tonsils removed. He has now returned to school fully recovered.

The ladies of Pine Tree road and Rutland road are giving a shower in honor of Mrs. Morris on Pine Tree road.

The sewing girls, who completed last year's work and several new members accompanied by their leaders, went on the trip to Lansing, sponsored by the 4-H sewing and handicraft clubs. We entrained at Wayne depot at 9:00 a.m. and reached our destination about 11:00 a.m. After marching from the depot up Main street to the capitol steps we were then admitted and visited the chamber of the house of representatives and senate where we met Norman Hill, Governor Murphy's private secretary, also, Lieutenant Governor Nowicki, who addressed us and signed many autographs. We then visited the basement museum and from there we boarded the buses which took us to the banquet hall where we were served cocoa. After singing songs we again boarded buses and made a trip around the campus grounds which were immense and would take days to visit and explore. Those who went from this community were: Velma Stokes, Marjorie Stokes, Marie DeBates, Virginia Robertson, Avis McKinney, Carolyn Luerck, Florence Davis, Jacqueline Malenson, Audrey Morris and Gordon Stokes; and Leaders Mrs. Stokes and Miss Wise. We all had a wonderful time.

Mr. and Mrs. Snyder, who have been in the country, helping an uncle build a milk house, have returned home.

Mary Madeline spent Sunday evening at the home of Shirley Bernard.

On Saturday evening Mr. and Mrs. J. R. McLeod, Mr. and Mrs. Fred Storken, Mr. and Mrs. Frank Dunn, Mr. and Mrs. James Dunn, of Plymouth, and Mr. and Mrs. Charles Brower of Romulus, joined Mr. and Mrs. Orr Passage in celebration of Mr. Passage's birthday. Games were played and luncheon served. The guest of honor received several lovely gifts.

On Tuesday evening Mr. and Mrs. William Wood were dinner bridge hosts to Mr. and Mrs. Harold Simms, of Ypsilanti, Mr. and Mrs. Adstin Whipple, Mr. and Mrs. F. E. Hohsel, Mr. and Mrs. Carvel Benkey, Mr. and Mrs. William Morgan, Mr. and Mrs. Henry E. Baker and Mr. and Mrs. Louis Truesdell.

Mrs. Arthur White entertained the members of the Birthday club at a dinner bridge Monday evening honoring the anniversary of Mrs. Raymond Bachelder. On Monday evening of next week Mrs. John A. Miller will entertain the same group at dinner for Mrs. Josephine Fish.

Dr. and Mrs. Merrell Draper of Ann Arbor were dinner guests Sunday of the former's parents, Mr. and Mrs. C. G. Draper. On Saturday they attended the Chicago-University of Michigan game in Ann Arbor.

Stark School News

Isaac Grove, the upper grade teacher, is boarding in Newburg at the home of Marlin Simmons.

Mrs. Bohl, last year's music teacher, has assumed the work of music instructor in the two higher rooms.

The girls that were in last year's sewing class had an opportunity to go to Lansing and back on the train for a total cost of \$1.00 each. Nine girls took the trip. They went on a train chartered especially for Wayne county rural pupils that had finished their preceding year's 4-H club work. There was a train load of about 500 in all. The children visited the capitol, and the college at East Lansing.

Stark's sewing girls have three instructors now. They are: Mrs. Stokes, Miss Wise and Miss Beaufort. For tables the girls have two nice veneer boards, eight feet long, each. These are laid on top of the desks for sewing, then are stood on end, out of the way between classes.

Rosedale Gardens

The Civic association will hold its monthly meeting at 8:30 p.m. Friday, November 12.

Mr. and Mrs. G. Curtis Butt and family spent the week-end with her mother in Hastings.

Mr. and Mrs. Charles L. Cook were dinner guests Wednesday of last week of Mr. and Mrs. Carson Peters in Detroit.

Mrs. Ralph Kinner of Berwick avenue will entertain at luncheon today (Friday) Mrs. Stanley L. Coon, Mrs. Charles Martin, Mrs. Lillian Watters and Mrs. James Lynch, complimenting Mrs. Coon.

The Women's auxiliary of the Presbyterian church held the regular business meeting Wednesday evening in the church. Mrs. Tone Meyers was chairman of the program.

Mr. and Mrs. William Wilkie of Detroit, were visitors Sunday at the home of Mr. and Mrs. August Honke.

Mr. and Mrs. William Morris attended a masquerade dancing party Saturday evening given by John Gardner in his summer home on Anchor Bay near Anchorville. On Sunday the Morrises were dinner guests of Mr. and Mrs. Albert Ferland at St. Clair.

Mrs. Milton Stover entertained a group of friends at a "tea" Wednesday of last week in honor of Mrs. Anna Chollet, of Waterloo, Iowa, who is spending several weeks with her daughter, Mrs. John C. Calhoun.

Mrs. Maud Yoder, of Sturgis, is visiting her daughter, Mrs. V. H. Petschulat, planning to remain part of the winter months.

William Taylor, who was operated upon for mastoid several weeks ago, is now at the home of his brother in Detroit.

Plymouth Vicinity

There were about 30 in attendance at the open house given by the Civic association in the club house, Saturday evening. Every one present had a most enjoyable evening dancing and playing various games planned by the following committee: Mr. and Mrs. Lawrence Ford, chairman, Mr. and Mrs. Ora McClellan, Mr. and Mrs. P. S. McNeil and Mr. and Mrs. H. M. Collins.

Milton Stover left Monday evening on a business trip to New York City and plans to return home Saturday.

The many friends of Mrs. Henry P. Adams, who moved from Rosedale Gardens, will be pleased to learn that she has so far recovered from her recent operation for appendicitis that she was able to be removed to her home in Detroit, Saturday.

Mr. and Mrs. V. E. Petschulat were dinner guests, Saturday, of Dr. and Mrs. F. S. Roberts in their home on Artesian avenue, Detroit.

Mr. and Mrs. William J. Trepagnier returned home Friday from New York City, where they attended the automobile show. They traveled by plane.

Mr. and Mrs. Frank Breault, of Alliance, Ohio, were guests of Mr. and Mrs. G. Harold Wiegand the fore part of the week, making a short visit.

Mrs. William Schutte, of Chicago, Illinois, is visiting at the home of her sister, Mrs. F. H. Winkler, coming for the personal shower which was given, Friday evening in Detroit, by Mrs. Edward Cavanaugh, in honor of Irah Kotts, of Ann Arbor, who will become the bride of William Winkler, of Rosedale Gardens, on Thanksgiving day. Mrs. Schutte will remain until after the wedding.

Mrs. Harold H. Shierk entertained at a tea party on Wednesday of last week inviting several guests. Mrs. John Bailey Forsyth was the guest of honor. Vases of chrysanthemums in yellow and orchid were used in the decorations.

Announce Books For Book Week

This year Book Week comes from November 14 to 20. Schools as well as libraries celebrate this children's festival, and by exhibits, plays and contests all are given a chance to find out more about the outstanding books. During the week this year books of imagination are being stressed, and among others at the Plymouth library, these are well worth reading:

"Albanian Wonder Tales", by Post Wheeler. These wonder tales present many strange creatures.

"Tales From a Finnish Tupa", by James C. Bowman. Folk tales and fables from Finland.

"Wagons Westward", by Armstrong Sperry. Over the Santa Fe trail in 1846.

"Afke's Ten", by Ninke van Hichtum. The life and adventures of ten happy Frisian children.

"Codfish Musket", by Agnes Hewes. The adventures of Dan Boit, a young New Englander, are interesting to high school readers.

"Sajo and the Beaver People", by Grey Owl. An appealing story of two beaver kittens who are rescued by an Indian hunter and become the pets of his children.

"Ship's Parrot", by Mrs. Honore Morrow. Tales of the ship where David was cabin boy.

"Roller Skates", by Ruth Sawyer. When Lucinda's family went to Europe for a whole year she could roller skate to her heart's content.

Plymouth Vicinity

Sunday, Mr. and Mrs. Donald Sutherland were host and hostess to Mr. and Mrs. Miller Ross, Mrs. Sarah Ross, Betsy and Beverly at a Sunday dinner served in the park. Afterward they all drove to Cranbrook to enjoy the Sunday afternoon chapel service, and listen to a carillon recital.

Margaret Jean Nichol returned home from Sunday school with Winnifred Cutler and spent the remainder of the day in the Cutler home.

The W. J. Asmans of Ann Arbor were Monday night supper guests in the Miller Ross home.

Rev. Richard Neale, of Mrs. Neale, left Friday afternoon last for Buffalo, New York, where they expect to be engaged in evangelistic services for two weeks. The Misses Alice and Mildred Postiff will care for their home and their little daughter, Priscilla, during their absence.

Supper guests Sunday evening in the Roy N. Leemon home on Ann Arbor road were Mr. and Mrs. Kenneth Garlock of Lansing, and Mr. and Mrs. Norman Somerville, and Mr. and Mrs. J. L. Gifford of Toledo.

The Rosses, the H. C. Roots and the J. F. Roots were entertained most pleasantly last Friday evening in the E. J. Cutler home, viewing their interesting moving pictures of their trip East, and pictures of Greenfield Village, and the Cutler family. The hostess served dainty refreshments at the evening's close.

So many Texas residents tried to obtain small-numbered automobile licenses—because the governor has license No. 1, they thought small numbers lent an air of importance—the highway commission abolished all tags below 500.

 We have clothes for every occasion and climate in our new Hollywood line of made-to-measure garments. Our coats, capes, suits and dresses with hats to match, make it possible to plan an exclusive ensemble. These clothes are so different in fabric, style, and color that you will enjoy seeing them even though you are not in the market for a garment at once. Norma Cassidy, 834 Penniman avenue. 11-c

CARD OF THANKS
 We wish to express our heartfelt thanks to all our kind friends and neighbors who extended sympathy and help in our recent bereavement, especially are we grateful to Rev. Nichol for his comforting words and Mr. Schrader for his kind assistance. Joseph Neuman and family

MOTHERS PIES and Cakes Were Always Good--
 But for mother it meant hours of hard work in the kitchen — Today we do mother's baking for her.

TRY PLYMOUTH MADE BREAD—SERVE IT ONCE AND THE FAMILY WILL WANT IT AGAIN.

SANITARY BAKERY
 Plan now to let us roast your Thanksgiving fowl.

Our ovens bake fresh baked goods daily for hundreds of Plymouth mothers. Variety has become a necessity in planning present day menus and it is in this respect that we can especially fill the bill—
