

## Old Newsboys To Organize Plymouth Club

### Will Sell Papers To Get Funds For Christmas Aid

Old newsboys of Plymouth will be organized into an association under the sponsorship of the Civic Committee within the next few weeks to stimulate sales of newspapers for Christmas charity, backers of the plan announced this week.

The organization will be known as the Old Newsboys Association of Plymouth and will be organized along the lines of the Detroit Old Newsboys.

Plans for the work at present are in charge of Harry C. Robinson, who is a charter member of the Detroit Old Newsboys. Mr. Robinson invites anyone who ever has sold a newspaper to join the group for the purpose of participating in the interests of providing a happy Christmas for the city's unfortunate.

In order to make way for the new group, the American Legion and the Ex-Service Men's club have agreed to relinquish their annual custom of selling newspapers at Christmas time.

All those who wish to enroll as charter members of the new organization may do so at the city hall during regular office hours. Enrollments will be taken until November 29.

An organization meeting will be held in the city hall at 7:30 p.m. Tuesday, November 29. About 25 leading residents of the community have indicated an interest in the organization and have promised to enroll. Interest in the plan has been mounting steadily since it first was broached, according to members of the Civic Committee.

The proceeds from the sale of newspapers by the Old Newsboys will finance the program of a group of residents, headed by Arno Thompson and sponsored by the Civic Committee, who will work to provide food, clothing and toys for everyone in the Plymouth district who otherwise would be like to spend an impoverished and unhappy Christmas.

The sale is expected to take care of all needs of the Christmas committee.

## 30 Old Friends Pay Surprise Call

For 10 years a group of Michigan Kiwanians who attended the Seattle convention 10 years ago have met annually to continue the friendships they formed at the meeting.

Among the group were Dr. and Mrs. Luther Peck, of Plymouth, who have not appeared at recent sessions. So when the group last met they decided to hold the annual reunion in Plymouth and pay a surprise visit to the home of Mrs. Peck.

Cards were distributed to all the members of the Seattle Goodwill Tourists Reunion informing them of the plan to meet at the Mayflower hotel and move on to the Peck home en masse at 3:00 p.m. Sunday.

So Dr. and Mrs. Peck suddenly found themselves playing hosts Sunday to 30 old friends, whom they had not seen for some time. Several others, who knew of the plans, but who were unable to be in Plymouth at the time sent messages of friendship and expressed regret that they could not join the others from all over the state in visiting the Pecks.

Among those who sent letters were William F. Johnston, of Paw Paw, who explained that he had to be in the north of the state and "not hunting" and added the hope that "you all may have a very fine and friendly call."

Clarence H. Dusenberry, in charge of special activities of the Michigan State fair, said that he was "most pleased" to hear of the plans but that he would be unable to attend.

For those who did make the surprise visit, Mrs. Peck, assisted by Mrs. Robert Joffe, served refreshments.

An organization of the former Seattle travelers is headed by Mrs. Edith N. Case, of Jackson, and Lynn A. Wright, also of Jackson, is secretary.

Renaud, pastor of St. Mary's Catholic church at Anchorville for three years, has been transferred to the church of Our Lady of Good Counsel at Plymouth, and will be replaced by Father Frank A. ## Plymouth Girl To Direct College "Stag"

The girls of Cleary college, Ypsilanti are out to prove they can "stag" it just as well as the men. The men of the college recently attended en masse the professional football game between the Detroit Lions and Cleveland Rams in Detroit without a single date, and now the girls are going the male members one better in sponsoring a party to Detroit to attend a professional hockey game.

Although a definite date will not be set until after Thanksgiving, the girls have already made plans to charter a special train to carry them from Ypsilanti to Detroit and return.

It is expected that more than 100 girls will attend the "stag" celebration, Miss Dorothy Gates, Plymouth, is general chairman for the affair.

## Girl Scouts Start Drive To Clothe Poor

### Will Renovate Old Garments, Toys And Dolls

Girl Scouts of Plymouth Troop 2 are undertaking a program to provide clothing for needy families in the community by asking residents to donate cast-off garments, which will be renovated by the girls as a project in their Scout work and presented to those who need it most, Miss Hazel Lickfield, troop captain, announced this week.

Families which are in need of the clothing will be selected by the school nurse, she said. Almost any type of clothing, regardless of its state of repair, will be welcomed by the Girl Scouts, who ask only that the donors provide articles which are clean, as the girls have no facilities for cleaning or ironing their clothing.

The program of the project is Patsy Hudson. "The need for clothing came to our attention," she said, "at the Halloween party given for the children of Plymouth at the Daisy Manufacturing company parking lot. There were many children there who did not have sufficient clothing and were suffering from cold."

"We wondered then what they would do when real honest-to-godness winter came."

All clothing which residents wish to give to the Girl Scouts for repair and distribution may be left at the police department in the city hall, Miss Hudson said.

The Girl Scouts also will welcome donations of old games and toys. They will undertake to place the toys and games in a state of repair so that they may be presented to underprivileged children as Christmas gifts.

Dolls, even if they have no clothing, are sought by the Girl Scouts, who will provide them with dresses and make other little girls happy with the gifts this Christmas.

The Girl Scouts also will hold a bake sale beginning at 10:00 a.m. Saturday, November 19, at the Bartlett and Kaiser store. Anyone who has donations of clothing or games, toys and dolls may leave them at the bake sale if they wish, the Girl Scouts said.

## Past Masters Night Observed By Masons

### Former Prison Warden Gives Interesting Address

Plymouth Rock lodge, under the direction of Worshipful Master Edwin D. Schrader and lodge officers, celebrated its annual Past Masters' night last Friday evening with a banquet, an interesting speaker in the person of Harry L. Hulbert, former warden of Jackson prison, and the conferring of degrees on two new members.

Mr. Hulbert is not unknown in Plymouth, having appeared before Plymouth audiences several times in the past. As usual, his remarks were packed with interest. He spoke mainly of his experiences while warden of the state prison, and showed how men who have been branded as unfit for society will respond to humane treatment. He told of how these men had in many instances become good citizens when turned back into society, and he read letters received from the state prison and showed how men who had been branded as unfit for society will respond to humane treatment. ## Plymouth Thief Gets Sentence

Vincent Miner, 17 years old, of Flint, who was arrested in Plymouth last week on a charge of stealing 15 cents from the Catholic church candle collection box, was sentenced in Cheboygan Saturday to serve two to five years on a breaking and entering charge.

Miner, who was taken into custody here by Officer Carl Greenlee only five minutes after the theft was reported, confessed to the crime. Capt. Charles Thumme said that he had committed a burglary in Cheboygan October 30.

He was released by Plymouth to state police to face the more serious charge in Cheboygan. He pleaded guilty there to charges of breaking into the rectory of St. Charles' church and taking food, cigars and cigarettes from the Rev. George Gougeon. He was sentenced to Ionia Reformatory.

He also admitted to Plymouth police that he had escaped from the Boys' Vocational school at Lansing in July, 1937, but he could not be returned there as he had assumed the maximum age of inmates, according to Police Chief Vaughan Smith, who said that no charges were pending on the escape.

## Special Sale For Thanksgiving

In appreciation of the generous patronage of the Plymouth A & P store, the local manager and clerks are putting on the pre-Thanksgiving food sales the store has ever conducted. Prices have been reduced on more than 100 different brands of standard popular lines of groceries.

It is announced that these prices will prevail right up to 8:00 o'clock on the night before Thanksgiving. In addition to the many values that are advertised this week, there will also be extra low prices on fresh dressed turkeys, poultry, fruits and vegetables, as well as all the rest of the trimmings of the biggest pre-Thanksgiving food sales the store has ever conducted. Prices have been reduced on more than 100 different brands of standard popular lines of groceries.

## Attempted Escape Halted By Guards

An attempted break for freedom by two prisoners at the Detroit House of Correction Saturday was quelled abruptly when guards shot one of them in the neck and knocked the other unconscious with a blow of the fist.

The two are George Balan, 29 years old, and John Robinson, both of Detroit. They said that they planned the break only a few hours before they were being taken to the mess hall with about 80 other prisoners.

As the line neared the building, Balan and Robinson ran to the guard house and grappled with him for possession of his sawed-off shotgun. Unsuccessful, they turned and ran around the corner of the building.

The guards opened fire and one shot struck Balan in the neck, but he continued running. After one of the guards, Leon Stefanik, emptied his gun at the fleeing pair, they turned and fought with him.

Another guard, William Stinson, caught up with them and knocked Robinson unconscious with a blow to the nose. Balan was captured a moment later. Both prisoners were sent to Receiving hospital for treatment.

Other prisoners in the line remained in position and made no attempt to take advantage of the situation, the guards reported. Both of the attempted escapees are parole violators from Jackson prison.

## Yule Decorating Of Homes Asked

Decorate your homes as well as your Christmas trees, was the plea this week of the Chamber of Commerce as plans went forward for decorating the city in colorful yuletide array.

The program, which is under the direction of Carl Caplin, calls for awarding of prizes for the most lighted home decorations in addition to the trophy awarded annually to the best store display.

The judging probably will be held a few days before Christmas, he said.

In addition, both Plymouth parks will be festooned with colored lights and a lighted star will form the central decoration. It is possible that the lights may be left up in order to prevent the costly damage to light bulbs that always results when the lights are removed after the holidays, he added.

The Chamber of Commerce and merchants generally will share the cost of installing the lights and labor for the project will be provided through the co-operation of city officials.

The central electrical color displays in the park are expected to be complemented by the wide variety of lights and other decorations which will ornament homes and business places in the city if residents and merchants co-operate with the program.

## Building Standard Change Is Made

The city commission Monday night authorized the city manager to issue building permits in the existing fire limits where fire-resisting materials are used in the construction.

Restrictions in the building code previously have permitted issuance of building permits in the fire zone only where brick veneer was to be used, but types of construction materials have so changed since the code was written that the terms do not altogether apply in certain cases where the use of fire-resisting materials other than brick veneer can be used, Clarence H. Elliott, city manager, explained.

The fire limits are specifically listed in city building maps and may be described roughly as comprising the business areas of the city.

Mrs. Al Stelzer and son, Reynold, have returned to their home in Lake Geneva, Wisconsin after spending a week at the home of Mrs. Stelzer's sister, and her husband, Mr. and Mrs. Harry DeBar.

## 425 Attend Open House To Set Record

### Parents See Classes Conducted At Schools

Parents and others interested took advantage of the board of education's open night to show them how classes were conducted and also improvements to the school in wholesale numbers Wednesday night, November 9.

A total of 425 persons attended the school open house night, Claude Dykhouse, high school principal said. He stated that it was the largest number ever to attend the annual open house program.

Of principal interest to the visitors was the new machine shop and its equipment. In addition, they inspected the addition to the grade school, the small auditorium and gymnasium and the locker rooms for boys and girls.

Regular classes also were held to show the visitors the procedure of everyday instruction courses.

Among the visitors was Max E. Barton, head of the Works Progress administration in Wayne county, who attended as the guest of George Smith, superintendent of schools, and inspected work done as a project under the sponsorship of the WPA and the school.

## Chess Players To Form Club

With the increasing popularity of chess as an indoor sport, Plymouth fans have begun a series of games which bid fair to set a new record for a city chess club. No set meetings as a group will occur, as it has been agreed that the welfare of the group will be served by the paired contestants meeting for competitive play at such time as is convenient for a single game in the elimination series to be completed.

Players will, therefore, arrange their own dates so as to complete the schedule of games before February 27.

Paired contestants are Dr. H. C. Rufus vs. Elmer Zuckerman; Henry Baker vs. Dr. W. W. Hammond; Dr. H. J. Beribos vs. Murray C. O'Neil; and Sterling Eaton vs. Cass Hough. From the original pairings as listed above the winners of each match will be paired through to the finals and the losers of each match in the original pairings will compete for consolation honors.

While this sport of kings and generals has enjoyed a considerable vogue in Plymouth for several years among those who prefer the game, there has been no organized effort to place the players on a competitive basis. It is believed that recent developments in chess circles around the state and in Michigan are influencing local enthusiasts towards a genuine attitude of competitive play with the pawns and rooks.

Other interested chess players are urged to get in touch with any one of the players listed above.

## Commission Passes Dance Ordinance

The city commission has given formal approval to the new dance ordinance after making a few minor changes in the ordinance, mainly for the purpose of clarifying details of the legislation.

The only change in the ordinance of any effect is that specifying that the time limit of 1:00 a.m., already set for week nights, also pertains to Saturday nights and that there shall be no dances on Sunday nights.

The debate was held in the central grade school auditorium, was judged by Dr. Rupert Cortright, of the Wayne University department of speech.

The Plymouth team is composed of Doris Buzzard, Leo Schmitz and Marvin Hauk, and coached by James Lature, high school faculty member.

Miss Buzzard and Marvin Hauk have participated in eight of the Plymouth victories.

Dr. Cortright commended the Plymouth debaters on their delivery, adaptation to opponents' cases and directness.

The debate placed Plymouth in first place in the league and erased Wayne's hopes for a championship. Besides Wayne, Plymouth has defeated River Rouge and Ecorse. The next contest will be held at Ypsilanti on December 1. On December 6, Dearborn will come to Plymouth.

There will be a debate tournament among the league members on December 10 which will be featured by the requirement that each team must take the opposite side of the controversy throughout the country. At the last social event given by the club there was a large attendance. Members are especially grateful to Maxwell Moon and members of the committee on arrangements for the excellent meeting.

County School Commissioner to attend Wilcox school district ceremonies.

## Old School, 105, Gives Way To New

It's off with the old and on with the new for students and teachers of the Wilcox school next week.

And the old is very, very old. It's the Wilcox schoolhouse, which was constructed 105 years ago and, except for repairs, stands as it was the day it was built. The old building has been filled with children every term for its long period of existence.

The original school bell, that tolled many a lagging pupil to classes, and the same old roof remained in use until this year.

The Wilcox Parent-Teachers association will dedicate a new school, only two blocks from the old one, on Grove avenue between Five Mile and Six Mile roads, at 8:00 p.m. Monday, November 21.

The new school will be in the hands of four teachers, as two new instructors have been added. There are 150 pupils.

The program Monday night will open with Willis Wood, chairman of the school board, introducing the Rev. George Lomis, who will present the invocation. Clifford Noble, school board member, will relate the history of the school. The third school board member is William Foster.

Short talks will be presented also by Fred Fisher, school commissioner, and members of his staff. The concluding address will be made by Mrs. Florence Gibson, director of Wayne County Council, No. 1, who will be introduced by Mrs. Bertha V. Laing, president of the Wilcox Parent-Teachers association.

## Debaters Win Against Wayne

Undefeated in Twin Valley Activity association competition for four consecutive years, the Plymouth high school debating team added a significant triumph to its long list of victories Tuesday when it defeated the champion high school team. It was the first defeat of the season for the strong Wayne team.

The victory brought the total string of consecutive triumphs for Plymouth teams to 29. In the last seven years of league competition, Plymouth teams have won 45 of 48 contests.

Tuesday night the Plymouth team upheld the negative of the league question: "Resolved: That the United States should form an alliance with Great Britain." The debate was held in the central grade school auditorium, was judged by Dr. Rupert Cortright, of the Wayne University department of speech.

Unless otherwise pledged, as mentioned above, the organizations plan to provide 10 or more dresses. The list is not yet complete, as several other groups have been invited to join in the campaign but have not yet signified their approval of the work. The organizations will be included in the list as soon as they notify Mrs. Witwer of their intention to co-operate.

In addition to the dress campaign, work is progressing rapidly in other directions toward fulfillment of the Christmas committee's aims.

Mrs. George Strasen has taken charge of the work for filing records of needs in the community, so that there will be no slip-ups in the program, no one missed and none duplicated in the distribution of Christmas presents from the community.

The records will list everyone who should be reached by the committee, including their names, ages and the types of gifts desired, such as food and clothing in sizes to fit young and old, and toys for the children.

The first group of records was expected to be completed this week for forwarding to the various subcommittees in charge of different gifts.

The records are the first task, upon which the rest of the program will depend for progress.

## Old Committee To Conduct Party

President Andrew Dunn of the Rotary club has announced the appointment of Harry Robinson, Charles H. Bennett and Carl Shear as the committee to have charge of the annual Thanksgiving leather party of the club which will be held at the Mayflower hotel. ## New Plan Set On Assessment For Tonquish

### Expense Spread To Lift Burden On Zone Area

George A. Dingman, county drain commissioner, co-operation with Plymouth city officials and a group of interested taxpayers has worked out a new very acceptable program of assessment for the expenses of covering Tonquish creek.

The new plan provides for a spread of expense to cover the benefited area in particular, city taxpayers in general, Plymouth township and the Wayne County Road commission.

Under the former plan the expense was spread over the benefited area according to zones which were laid out according to degrees of benefit which the areas in the vicinity of the creek were expected to derive.

Mr. Dingman worked out the new assessment plan, which has won general approval and satisfaction, after he received a petition of protest against the zoning system of assessment.

The petition was signed by about 200 Plymouth taxpayers and was presented to Mr. Dingman on Monday, November 7. The afternoon which was to have been marked with ground breaking ceremonies for the opening of construction on the Tonquish drain project.

Appearance of the petition, combined with a heavy rain, postponed indefinitely the ground breaking rites at which Mr. Dingman, Herald Hamill, engineer on the project, city officials and interested residents were to have appeared.

The petitioners, who asked that an assessment for covering Tonquish creek be levied partially on property directly benefited by the improvement and the remainder spread at large throughout the city, on the township and the Wayne County Road commission, found Mr. Dingman in hearty accord with the proposal.

Mr. Dingman also was requested to be present at the city commission meeting to be held that night in the city hall. He announced the new assessment plan at the meeting.

**QUIDNUCS**  
(By O. F. Beyer of Beyer Drugs)  
Although we do not hear very much about quidnucs, at least not under that name, they are ever present in the form of inquisitive and advice-giving people. Let someone indicate by word or appearance that his, or her, health is impaired and some well-meaning quidnuc often appears with questions, then suggestions as to what the ailing person should take to bring about a complete recovery. Why is it that some people are so willing to place sick folk in greater jeopardy by presuming to possess sufficient knowledge of anatomy and medicine—with-out the necessary education—to prescribe a medical cure? When sick do not take chances by following such advice. Call or visit a medical doctor at once. He has the knowledge and training to scientifically diagnose your trouble and prescribe the necessary remedy—and he can and will tell you where prescriptions are accurately compounded. # Recalls Barber Shop History Of Plymouth

Charles McConnell knows his Plymouth history when it comes to the barber shops in town. Some two or three weeks ago there appeared in the 25-year-old column of The Mail an item that told about the removal of the George Vandecar barber shop from the Berdan house on Main street to the Lauffer building. It also mentioned the fact that Ernie Passage had opened a barber shop in the same location that Vandecar had left. "That's wrong," said Charlie, as he read over the paper. "You see it was 30 years ago when I started in the barber business here and at that time Vandecar was up on the corner, so it must have been 50 years ago when he moved from the old hotel to the Lauffer building."

The files of The Plymouth Mail were again checked—and Mr. McConnell was found to be right. It was a 50-year-old item that by error had gotten into the 25-year-old column. Thanks for this bit of historical correction.

# Shettleroe Wins Amateur Hour Prize

Youth recreation dances, held in the city hall, are attracting many Plymouth young people. A special feature is presented at each dance. An amateur hour was presented last Saturday night by Mike Kleinschmidt and John McClain. Jimmie Shettleroe was the hit of the evening with his nimble feet. He tapped first with Donna Williams and then a solo and he was awarded the first prize.

Other winners were the Stevens sisters, two clever tap dancers, and John and Mike, who, much against their will, were awarded second prize for their act.

**STANLEY A. DEERING**—Stanley A. Deering, who resided at 538 Haggerty road, passed away suddenly early Sunday morning, November 13 at the age of 50 years. He is survived by his widow, Delia. The remains were brought to the Schrader Funeral home, and later sent to the home of Mrs. John Head at 4608 Maffit avenue, St. Louis, Missouri, from which place funeral services were held Wednesday, November 16 at 2:00 p.m. Interment was made on the family lot in St. Louis, Missouri.

**MRS. FRANK J. VAN ATTA**—Death, which came Tuesday noon, November 8, to Mrs. Frank J. Van Atta, Sr., of South Lyon, who was injured in an automobile accident, on September 1, must have been a welcome relief to her. Mrs. Van Atta died in the Drake Sisters home, 218 South Harvey street, Plymouth, where she had been cared for for nearly six weeks. She was taken there from Mellus hospital, Brighton where she was confined for four weeks—since the accident, in which Mr. Van Atta received injuries that caused his death on September 6.

Mrs. Van Atta had been conscious only occasionally since the accident, and then not fully. Although she at times recognized her son, Floyd J. Wooster of South Lyon, she never realized she had been in an automobile

accident, nor spoke the name of her husband, nor any member of the family, or friends. She was 67 years old.

The funeral services were held at Phillips Funeral Home in South Lyon, November 10 at 2:00 o'clock. Rev. H. B. Wimberly of the First Presbyterian church in charge. Burial was in South Lyon cemetery.

Celia Abbott, one of four children of John and Sarah Croft Abbott, was born on what is now the Hintz farm on Nine-Mile road, Green Oak, Livingston county. In fact, she lived her entire life in that vicinity and in South Lyon.

In 1887 she married Adelbert J. Wooster of Northfield township.

Mr. Wooster died in 1913. He died from a gun-shot wound, received while deer-hunting in the north woods. Had Mrs. Van Atta lived three more days—(if November 11—she would have passed away the same day as did Mr. Wooster.

Following the death of Mr. Wooster she moved to South Lyon, where she had since resided.

Sixteen years ago, in November, 1922, she married Frank J. Van Atta of South Lyon. They were married by Rev. W. G. Evans, at the Presbyterian manse.

Mrs. Van Atta was for many years a member of the First Presbyterian church of South Lyon, and as long as health permitted, worked faithfully in its behalf. She was esteemed and respected by all.

Besides her son, she is survived by one grandson, A. J. Wooster, and one brother, William Abbott of South Lyon, and other relatives and many friends.

**FRED HAMILTON**—Fred Hamilton, who resided at Colorado Springs, Colorado, passed away Tuesday evening, November 15. Mr. Hamilton was the brother-in-law of John H. Patterson of Plymouth. The remains were taken to the Schrader Funeral home and interment will take place at Redford cemetery, Redford, Saturday morning at 10:00 a.m. Rev. Stanford S. Closson officiating.

**MRS. MINNIE D. BOHLING**—Mrs. Minnie D. Bohling, who resided at 7310 North Territorial road, Salem township, passed away at House of Providence, Detroit, Wednesday morning, November 16 at the age of 66 years. She is survived by her husband, Otto Bohling, three daughters, Mrs. Vivian Benoit, Mrs. Marie Jacques and Miss Lucille La Mare, all of Detroit; two sons, Clyde Bohling of Cleveland, Ohio, and Ludwig Bohling, of Detroit; also survived by four grandchildren, one brother, Edward Kiehoff, of Detroit, one sister-in-law, Mrs. Henry Kiehoff, of Detroit, and several nieces and nephews. The body was brought to the Schrader Funeral home, from which place funeral services will be held Saturday at 2:00 p.m. Interment will be made in Grand Lawn cemetery, Detroit, with Rev. Cora Pennell of Salem officiating.

**Record Yield of Crops In State**

The 1938 crop season ended more favorably than usual. Abnormally warm and dry weather throughout October enabled farmers of Michigan to complete the harvest rapidly and with a minimum of weather losses. The Michigan Co-operative Crop Reporting service states that very little change in production estimates from those issued a month earlier were made necessary.

The corn crop yielded better than average in all sections of the state, was well matured, and should rate good in feeding value. The production is estimated at 57,240,000 bushels from the total harvested acreage. The average percentage of the total acreage husked and utilized for grain during the past ten years is 63 per cent, but the percentage for the current season is not yet available. The production is three percent greater than in 1937 and 40 percent above the 10-year average.

Those who favor old-fashioned buckwheat cakes for breakfast are assured of an ample supply of buckwheat flour for the purpose. The Michigan buckwheat crop filled well, matured before frosts arrived, and gave a production of 200,000 bushels. While such a volume is small in comparison with that harvested several decades ago, it is undoubtedly ample for current seasonal requirements.

The estimated production of beans was 1,738,000 bags, the same as reported on October 1. The yield per acre was exceptionally good in all sections except the northern portion of the state where it fell much below last year's yield. For the state as a whole, the crop averaged 940 pounds per acre and equalled the all-time record set last year. Weather damage to the beans was less than usual and the quality of a large portion of the crop is excellent. The November estimate for the total crop of the United States was 14,859,000 bags, an increase of about 600,000 bags over the October estimate but nearly 1,000,000 bags less than the bumper 1937 crop. The current crop is 23 percent larger than the 10-year (1927-36) average.

Michigan growers harvested a crop of 32,040,000 bushels of potatoes this year according to the October and November estimates. However, the general opinion is that about one-fourth of the total is below U. S. No. 1 grade. A large percentage of those are being graded out because of hollow-heart, growth cracks, or ill-shape. The percentage being removed for scab or small size is less than usual.

Father LeFevre performing the ceremony. The bride was lovely in a wedding gown of ecru satin with long train and veil of net, which was fastened to a coronet of the same material. Her arm bouquet was of gardenias and lilies of the valley.

Christabelle and Dorothy Wnuk, sisters of the bride, and Sophia Koter, attended the bride and Sylvester Graye attended his brother, the bridegroom. The bridesmaids wore dark blue velvet gowns with satin trim. They carried tallismans roses and bronze chrysanthemums.

A breakfast was served in the bride's home on Lilien road, following the wedding, 100 guests attending. A reception was held in the Toms hall in Dearborn at 3:00 p.m. with 300 present. Guests were present from Chicago, Ohio, Detroit, Dearborn and Plymouth.

### Praises Good Work Of Father F. Lefevere

Rotarians Cheer Plaudits To Departing Member

"He has been an outstanding citizen, a good man and he has given to his community and church over a long period of years a wonderful and beneficial service," declared Rev. Walter Nichol, pastor of the Presbyterian church last Friday noon at the meeting of the Rotary club when in behalf of the organization he paid tribute to Father

Frank A. Lefevere who has just been notified of his transfer to the city of Detroit.

Father Lefevere has been a member of the club since its beginning. He is a former president of the organization who has been intensely interested in Rotary work, accepting it as a community enterprise worthy of his loyal support.

"His interests have been in all things that were for the good of Plymouth and his church. His life expresses the very spirit of Rotary, of good will and of sociability. His entire career in Plymouth has been one of service. We regret to see him leave the city that he has called home so many years but we are pleased that he is going to a larger field of opportunity. We of Plymouth wish for him the greatest of success in his continued service to humanity," said Rev. Nichol.

Father Joseph Schuler of Northville who was present at the meeting and who is also being transferred to Detroit, shared in the high praise that Rev. Nichol gave to Father Lefevere.

"What I have said about our good Plymouth Rotarian applies as well to our neighbor, Father Schuler of Northville, who has been as diligent in his efforts to build up our neighboring community as has Father Lefevere, of Plymouth. I may enjoy the same success in his new field as he has had in Northville," said Rev. Nichol. The two will assume their new pastorates during the present week.

The skunk is one of the few animals that is known to eat the Colorado potato beetle.

The "Grizzly Giant" tree in Yosemite park has a girth of 94.2 feet.

As in past seasons, the conservation department is prepared for the fever of activity which deer hunt always entails, by the transfer of Detroit, Michigan, conservation officers from the southern part of the state for special patrol in northern sections. Checking stations have been established at different points in the deer country and moved from the section where the hunt.

Although last year's number of licensed deer hunters, 157,000, is expected to be exceeded this year and although there are believed to be more deer in Michigan now than ever before, game investigators and conservation officers are not ready to predict a larger kill of bucks than in 1937. Such factors as weather conditions and the proficiency of the hunters play a large part in the season regardless of the amount of game. Last year's kill of bucks totaled about 40,000. Warm weather and a late start of snow at the start of the season handicap the hunters seriously.

Michigan's deer herd is estimated at more than a million animals. The area favorable to deer in the summer includes about 34,500 square miles. The winter range is only about 1,985 square miles. The deer hunting season ends November 30.

#### GOLDEN WEDDING ANNIVERSARY

Golden and white chrysanthemums made the home of Mr. and Mrs. Earl D. Kenyon, on West Ann Arbor Trail, a delightful place Sunday, when they entertained 15 guests at dinner in honor of the golden wedding anniversary of the latter's parents, Mr. and Mrs. Nelson Harriman, who make their home with them. In the afternoon "open house" was held with about 50 old friends and relatives joining them, bringing good wishes and gifts of flowers, etc. Guests were present from Detroit, Corunna, Durand, Lansing, Northville and Plymouth; also Mrs. John L. Hunt, of Thomasville, North Carolina, a sister of the "bridegroom," who remained for the week. This occasion was most pleasing to Mr. and Mrs. Harriman, who will live the day over many times in the years to come.

### No Food Comes For The Aged

Election Over, So Why Worry?

"The surplus commodities truck will be in Plymouth November 11, between the hours of 8:00 and 1:00 o'clock at 354 Main street," was in brief the announcement on a postcard sent to all old age pensioners in this locality three or four days before November 11.

It will be recalled that after the old age pensions had been cut, the state announced that it was going to make up the difference with grocery supplies.

November 11 was the date fixed for the delivery of the first load to old age pensioners in Plymouth, Northville and Canton.

That morning several hundred of the elderly people stood about for hours waiting for the truck to come with their food.

Hours after hour passed. The noon came and still standing out in the cold were scores and scores of these very old people waiting for the food they had been promised.

The day passed on. Some waited until darkness. Then night came—and no truck loaded with groceries arrived in Plymouth.

Some days later they discovered that the truck had whizzed in and out of Plymouth on the day previous, without a single person having been informed of the change of time of its arrival. The old people are still waiting for the groceries they had been promised on the 11th.

But election is over and the great "humanitarian" leader is out looking for a new pipe line into the public treasury which he can tap. The votes of the old folks are not needed, so why worry about them knowing anything about when or where the truck with food that will help keep body and soul together arrives in Plymouth?

### Women Voters Hear Reports

The November meeting of the Plymouth League of Women Voters was held the afternoon of Armistice day at the home of Mrs. John Dalton Representative Elton Eaton was to have spoken but was unable to do so, because he was detained in Lansing. The president, Mrs. Bruce Woodbury, reported on the state league meeting at Lansing, after which seven committee chairmen gave their reports.

Mrs. Ada Murray, chairman of Government and the Legal Status of Women reported about the Equal Rights amendment and the league's study of common law marriage.

Mrs. Walter Hammond, Jr., chairman of Government and Its Operation, gave a most interesting report on the constitution of the United States with special reference to amendments.

Mrs. Maurice Woodworth, chairman of Government and International Relations, gave her usual well organized resume of foreign affairs with special reference to the wars in Japan and Spain.

Mrs. S. S. Closson, chairman of Government and Education, reported on new chances for graduate work and the legal requirements for teaching in Michigan.

Mrs. James Sessions, chairman of Government and Economic Welfare, reviewed briefly three new studies in the labor field and consumer's material.

Mrs. Ruth Huston-Whipple, chairman of Government and Municipal Affairs, reported on nine matters of interest to the citizens of Plymouth.

Mrs. Clarence Elliott, vice-president of the league, had charge of the program.

The next meeting of the league will be Friday, December 9, at the home of Mrs. Clara Patterson Todd on Ann Arbor Trail from 2:00 to 4:00 o'clock.

### Sidewalk Project Wins Approval

The city commission has authorized the city manager to proceed with construction of sidewalks on Garfield street and also ordered included in the project construction of a section of sidewalk on Penniman avenue.

Sidewalks will be constructed on the west side of Garfield street between Tonquish Creek and Penniman avenue and on the east side between Sheridan street and Penniman avenue.

Sidewalks will be laid on the south side of Penniman avenue from the point where the sidewalk now ends to Garfield street.

It's got looks—and so have you!

Eye Opener! With all its extra value, this Buick sedan lists at \$51 less than last year!

IT makes the eye glad and grateful—you spot that the instant your gaze takes in this sparkling Buick for 1939.

It's sleek and swift and businesslike, lean and clean in every line, the trim bonnet low-set, the graceful upper-structure light-and-airy looking, neat and fine.

Will you step in, please, and look it over? Why, it's almost like being in an open car, with the outlook you've got here!

The long nose tapers quickly out of eye-way, the pillars modestly retire to the background, overhead stop lights drop into easy vision—ahead, to right, to left, you can see!

The ruler will tell you there are as much as 413 added square inches of safety plate glass in this Buick, and these inches are placed where they count.

It has a lot to do with making Buick beautiful, this grand expanse of openness!

And like "catwalk-cooling": radiators low where air pressure is greatest—and the lines of the bonnet: broad, clean, aerodynamically better—Buick's stepped-up visibility both sets a pattern and fills a function.

So take a good look into its bigger, better, broader outlook. It's one thing among many that Buick's got that you'll want in your next automobile.

**Upper Grade Room**  
We have made book boxes for Book Week. We have in them the poem "A Book's a Friend," and we are writing descriptions of our "Book Friends" of whom we are reading and putting them in the house.

Some of the children are making large illustrations from Washington Irving's "Rip Van Winkle" and "The Legend of Sleepy Hollow" and from Nathaniel Hawthorne's "Pegasus."

Clark Norris attended the Ford Sunday Evening Hour with the Epworth League.

Our Book Week program will be given at assembly on next week Wednesday afternoon. We hope that our parents may attend.

**Middle Grades**  
The fourth and fifth grades are studying and making a collection of Robert Louis Stevenson's poems for Book Week.

Our Girls' Service Squad leader for the month of November is Lillian Popovich.

We have \$1.50 to spend. We decided to buy a new picture for our room. Our citizenship club president appointed June Hobbs, Lois Bryan and Robert Wood on a committee to buy the picture. They have reported on two pictures that would be suitable.

Several children in our room have ordered harmonicas. Mrs. Cylkowski is going to teach us how to play them.

We are clipping our room's school news out of The Plymouth Mail.

We are pasting the news in our Citizenship secretary book.

## AN ORDINANCE

An Ordinance regulating dances and dance schools in the City of Plymouth.

The City of Plymouth ordains: Section 1. The term public dance as used in this ordinance shall be any dance at which the public or any part of the general public may gain admission. The term dance schools shall mean any place where instructions are given for dancing for which the recipient must pay a consideration.

Section 2. It shall be unlawful to conduct any public dance in the City of Plymouth until a permit has been issued by the City Clerk. It shall also be unlawful to conduct a dance school without first obtaining a license from the City Clerk.

Section 3. The permit fee for all public dances as defined in Section 1 of this Ordinance shall be \$ 50 for each dance. The license for each dance school shall be \$200 per year or any fraction thereof.

Section 4. The applicant shall apply to the City Clerk for the above license or permit and in all cases the license or permit shall expire the first Monday in June following the issuance thereof unless otherwise limited or revoked.

Section 5. No permit for a public dance shall be issued by the City Clerk until it shall be found that the place in which the dance is to be held complies with and conforms to all laws, ordinances, health and fire regulations applicable thereto and is properly ventilated and supplied with sufficient private conveniences so that there shall be at least one women's toilet and at least one men's toilet in good sanitary condition and that one emergency exit besides the main exit shall exist and shall be marked by a red light lettered "EXIT".

The hall, stairs, and exit shall be free at all times from rubbish and inflammable material so as to provide free and unobstructed means of exit. Every sponsor to whom a license or permit is issued shall post the same in a conspicuous place in the room in which the dance or instruction is given. Sanitary and health regulations must be approved by the Health Officer and fire standards shall be observed by the Chief of the Fire department before the City Clerk has the authority to issue a permit or license.

Section 6. If any person or organization licensed under this ordinance shall violate any provision of this ordinance or of any other applicable law, ordinance or regulation, the City Commission, upon determining the fact of such violation may by resolution, prohibit the issuance of any further permits to such licensee, provided however, that any such person or organization, feeling himself or itself aggrieved by such action, may upon written application to be filed with the City Clerk, be entitled to a hearing and a new determination of the fact of such violation.

Section 7. At any public dance it shall be unlawful for any patron or customer thereof to smoke while dancing. Any member of the police department or authorized inspector of dance halls shall have the power and duty to cause any dance hall to be vacated whenever any provision of this ordinance has been violated, or whenever any indecent act has been committed.

Section 8. All public dances shall be discontinued and the dance halls closed on or before the hour of 1:00 a.m. and remained closed until 7:00 a.m. There shall be no dancing on Sunday after 1:00 a.m.

Section 9. It shall be unlawful for any proprietor, lessee, operator, or manager of any dance hall or academy or any other place of public assemblage or any other person, firm or corporation for gain or profit to permit mar-

athon and/or endurance dancing, running, walking or any other endurance contest, in any public dance hall or academy or any other place of public assemblage in the City of Plymouth.

Section 10. If any section of this ordinance is declared unconstitutional, it shall not affect the remaining portion of the same.

Section 11. Any person who shall violate any of the provision of this ordinance shall upon conviction thereof, be punished by fine not to exceed One Hundred Dollars (\$100.00) or by imprisonment not to exceed 90 days, or both such fine and imprisonment in the discretion of the Court.

Section 12. This ordinance shall take effect 21 days from and after the date of its passage by the city commission of the City of Plymouth.

Made and passed by the commission of the City of Plymouth, Michigan this seventh day of November A.D.: 1938.

HENRY HONDORP, Mayor  
C. H. ELLIOTT, City Clerk.

WAKING UP AFTER A LONG NAP.

Newspaper dispatches a few days ago reported that the Michigan State Farm Bureau at its annual meeting held in East Lansing, had passed resolutions condemning the legislative action taken at the last regular session which delegated to the Governor a right to cut state appropriations for school aid.

The Bureau was advised that some districts were endeavoring to raise funds in order to take the matter to court and try and have the act declared unconstitutional.

It is not at all surprising that those in a position to know something about the public school problem in Michigan should be up in arms against this particular piece of legislation.

The writer of this editorial, at the time the measure was under consideration, was the only member of the house of representatives who made a determined effort to defeat its enactment. During the consideration of the bill not one of the groups that are now so up in arms against it, lifted a finger in an effort to stop it from becoming a law.

The writer, at that time, pointed out as strongly as he could the threat to school aid that was hidden in the measure. But the protest was without avail. Lack of the public interest that has now been aroused and a subservient legislature speeded it on its way to the Governor's office. The law should be killed as soon as the legislature meets.

IT WAS THE KISS OF DEATH.

When the Communist party smacked Governor Murphy on the cheek last summer with its endorsement, little did the "smackers" realize that they had placed upon their favored candidate the kiss of death. Not only did the smack kill the "smacked" but the "smackers" have brought annihilation to themselves. Michigan has emphatically decided that Communistic poison is too deadly to meddle with. In fact, it is so deadly that the Governor's last minute frantic efforts to purge his system of it were not quick enough to save himself from its ravages. It was on July 22 when The Plymouth Mail declared editorially that the Communist endorsement of Governor Murphy was the final nail to be driven in his political coffin. Nothing more was necessary to bring about his defeat. The people of Michigan have certified as to the correctness of the prediction.

"YOU LIGHTED THE WAY."

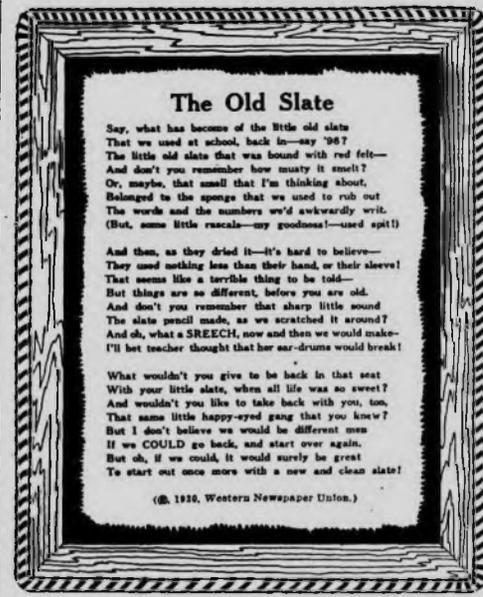

A well known Plymouth doctor a day or so after election presented to the editor of The Plymouth Mail an electric lantern. "Keep this little gift as a memento of the election. You lighted the way for the voters of Michigan," he said. "It was through the series of articles you published in The Plymouth Mail during the last year and a half that provided us with the right kind of information about state affairs and enabled us to vote as we should."

Those are kind words, indeed, but not fully merited. The Plymouth Mail regarded it as its duty to give to its readers actual facts as to the conduct of state affairs, as well as its recommendations. The voters, once they are rightly informed, can be trusted to do the right thing.

GOVERNOR GOES JOB HUNTING.

Newspaper writers say that Talkative Frank Murphy spent several hours in Washington the other day. Job hunting was apparently his real mission, but he told reporters afterwards that he had talked with the President about the "progressive movement." The only "progressive movement" Talkative Frank knows anything about is the one which turns the flow of tax dollars from legitimate use into his own

Just Thinkin' by Charles S. Kinnison

pockets. The retiring governor is probably worth anywhere between a quarter and half million dollars, all collected from the public. To this date he has never been able to produce a tax receipt of any kind for any tax he ever paid in his lifetime, as The Mail challenged him to do over a year ago. But why talk more about lame, quacking ducks?

REPUBLICAN OPPORTUNITY

There is little doubt, that the days of "rubber stamp" legislation are past. It is likely that a sounder fiscal policy will follow. In states electing Republican tickets (including Michigan) there comes an opportunity to demonstrate the real meaning of sound government. The next two years will determine the fate of the Republican party, both in Michigan and the nation. Failure to accomplish the rightful and necessary functions of government along with economy will spell the end of the party—Schuyler Marshall in The Clinton County Republican-Tribune.

TOO MUCH CRITICISM

Many of those who have held high office in government in the past had been stupid nincompoops. Those who had gained advancement in business and industry were ruthless pirates. There was an intimation that the only ones who had never made any mistakes were a few chosen government officials and their advisors. More often than not these people tried to do the right thing. But they fell into the error into which unrestrained power always inevitably leads. They wanted to knock down everything that got in the way of their march toward the more abundant life. It just happens that Americans do not do things that way. They want a chance to consider and discuss. It looks as though they are more and more insistent on that. If that situation can continue, there is no reason why we should not have more rapid reform than we have ever had before in this country. But it will be backed by an intelligent, understanding citizenry—not one that goes nuts over screwy radio programs. Floyd Miller in The Royal Oak Tribune.

TO BE LUCKY. BE GOOD

Nothing else comes out of this recent election more plainly than that the republican party has been introduced to a test of its sense and its integrity. If there were, in the past, lucky days for the republican party, those days are over. What is now offered is a chance to work for a living and to work in honesty and good deeds and a sincere sense of public responsibility. These things are easy to talk about, in politics, and easy to

WORTH REPEATING! SAFE SAVINGS for 45 YEARS STANDARD SAVINGS PLAN LOAN 455N MR. ALAN K. HARRISON

that seemed already filled, by professionals at politics, at the last convocation of the republican party in Michigan.

It's good to have political opposition in the country. It makes for honesty and merit. In the long run it will be good for the democratic party to have some one to compete with. Maybe, what has allied the republican party has not so much been degeneration or dissolution but the paralysis of grief that could arise out of sharp and sudden loss, and a sense of futility. Maybe the opening of a new hope may set the physical and mental functions in motion again.

If so, the soundest advice available can be taken from the slogan—Watch Your Step. The future payoffs are going to be on merit and not on luck. The recent healing touch can turn swiftly into another slap—and one or two more slaps like what happened not so long since will be Ample Sufficient.—A. S. Miller in The Battle Creek Enquirer.

SIMPLY PUT

In our community the idea prevails that folks are just as smart as they ever were and that, relieved of federal regulations and the tomfoolery of restrictions, would quickly adjust themselves to conditions and be happy in working their way out without the "guidance" of a surplus of half-baked political appointees.—James Gallery in The Tuscola County Advertiser.

The Plymouth Mail office received a postal card last Friday from H. A. Spicer, dated Boston, Mass., Nov. 7, 1888, and containing the following: "Victory! Hurrah for Harrison and Morton."

One of the funniest incidents of the campaign just over were three bets made by Ed Bennett with Harry McClumpha, Bert Bennett with Fred Dibble, and Ed Hough with Bert Roe, that if Cleveland won, (in the presidential campaign) McClumpha, Dibble and Roe were to wheel the other three around the park and vice versa. As Cleveland failed to win, the two Bennetts and Hough made known their willingness to pay the bet and the time was set for 3:00 o'clock Saturday afternoon. Quite a crowd assembled to witness the affair, but it was about 3:15 before they made their appearance.

The boys wore long linen dusters and white plug hats trimmed with crepe. The wheelbarrows were profusely decorated with flags. Bert Bennett led the procession, Dibble sitting on the barrow with his feet over the front and carrying a banner with

Hough and Roe came next, the former with a large handkerchief thrown over his shoulders. The procession was followed by a large number of boys, some of them carrying tin horns with which they kept up a continuous blast. The affair created considerable sport.

Your Michigan—And Mine

HARD-WORKING THIEVES

Caro—Recently a theft was reported here which must have been committed by strong-backed and hardworking burglars, for seven tons of cheese were stolen from the warehouse of a local factory. This included 135 cheeses, each weighing 75 to 100 pounds each.

SHADES OF THE PAST

Bad Axe—Although wildcats may be rather common in some sections of the country, they are a rarity here, most of them having disappeared along with the tall timber. Thus, it is to be expected that a wildcat shot by Roy Hicks while he was hunting near here recently will be stuffed and placed on exhibition.

JUST A LITTLE BUMP

Dearborn—Two stories up is quite a distance for any person to fall from, but that's what happened to two-year-old Doris Stalsburg. The outcome was more pleasant than usual in such cases, for when she was taken to the hospital for observation, doctors could find nothing more serious than a bump on her head.

HOT POTATOES AT BELDING

Belding—Some potato vines got hot and started an unusual fire here a short time ago. While a rural mail carrier was driving over a field, some potato vines wound around the drive shaft of his car. He was back in town again before the vines became hot enough, from the friction, to burst into flames and set the car on fire.

PIGUS BEES AT EVART

Evart—Bees which made honey in the cornices of the Baptist church here must have been picnic insects. Recently workmen removed 400 pounds of fine quality honey from the cornices, the result of several years' efforts by the bees.

EARLY MICHIGAN MAP

Buchanan—Both valuable and interesting was the 106-year-old map of Michigan found here by Walter Squier. It was published in Philadelphia in 1832. Population for the entire state at that time was listed on the map as 31,262.

GOLDEN RULE IN ACTION

Belleville—A working example of the golden rule was enacted here when 48 local men went to the home of Mrs. Glen Wing, bereaved widow, to help with fall work on the farm. Crops were taken in, winter wheat sown, and tools stored. Meat for the dinner, which was served by 10 neighbor women, was furnished by business men of the village.

OLD WAY STILL WORKS

Three Oaks—Using equipment that belonged to his grandfather, John Keefe is making more of his widely-known sorghum molasses. A horse at the end of a long pole, which goes around and around in a circle, grinds the sap from the cane.

OWL BECOMES A MOUSE TRAP

Three Oaks—When an owl perched on the window of a factory here, Mrs. Thomas Peters thought she would put him to good use. He is now serving as a henhouse guard, catching mice and rats.
