

## Old Newsboys Organize As Goodfellows

### Parade To Start Sale Of Papers Saturday, Dec. 17

With old newsboys as a nucleus, a group of about 20 Plymouth citizens formed a permanent Christmas organization Tuesday night to sell papers in the city to raise funds for Christmas donations to the poor.

The organization will be known as the Plymouth Goodfellows association. Harry Robinson, moving force in the plan to form such a group, was elected president. George Howell was selected as secretary and Harry Brown as treasurer.

The membership announced that the sale of goodfellow editions of newspapers would start with a fanfare at 10:30 a. m. Saturday, December 17, with a parade of the goodfellows, led by the Plymouth high school band.

Sales of goodfellow editions of The Plymouth Mail and all Detroit newspapers will begin immediately after the parade and will continue until 9:00 p. m.

Mr. Robinson appointed a steering committee composed of John Jacobs and Harry Mumby to organize plans for the sale of the papers and other details of the project.

The organization will hold a meeting beginning at 7:30 p. m. Thursday, December 8, at the city hall to hear the proposals of the steering committee and to complete charter registrations for the organization. Everyone will be welcome.

Although old newsboys are the guiding spirits of the movement, members stressed the fact that any man or woman in Plymouth who is interested in the welfare of the poor will be welcomed as a member. There are no membership fees or dues.

Charter memberships will be received any day at the city hall until December 10. In the meantime the members urge all organizations in the city, bridge clubs, patriotic and fraternal orders and others, to take part in presale activities. The clubs are urged to collect donations of both money and commodities at their meetings.

Canned goods, fruits and vegetables and other goods will be as welcome as cash, the goodfellows said.

Tentative plans also include a friendly competition between the Kiwanis and Rotary clubs and between the American Legion Post and the Ex-Service Men's club to determine which in each of the two groups can sell the greater number of goodfellow newspaper editions. The plan calls for the losers to provide the winners with a dinner.

## Women Pledge More Dresses

New pledges were announced this week by Plymouth women's organizations for the dress campaign of the clothing subcommittee of the city Christmas committee.

The following women conveyed the promises of their organizations to assist in the campaign to make little girls in the Plymouth area happy with a new dress for Christmas:

Mrs. George Hunter, Rebekah lodge, six dresses; Mrs. Hunter, the Fast Noble Grand club, six dresses in memory of Mrs. Lucetta Sherman; Mrs. Miller Ross, the Methodist Ladies' Aid, 60 dresses; Mrs. William Martin, the Lutheran Ladies' Aid, 25 dresses.

In addition, Miss Ruth Hadley, representing the Girls' club of the Federated Youth Movement, which is sponsored by the Plymouth Woman's club, pledged four children's dresses besides the cotton slips which the girls have promised to provide.

The club also is busy providing the committee with dresses for dolls, stuffed toy animals and scrapbooks.

Mrs. C. H. Bennett, president of the Plymouth chapter of the American Red Cross, is co-operating with the project by providing materials for making up dresses and underwear.

Several other women's organizations in addition to those above and the list which was printed in The Mail two weeks ago were expected to notify the committee of their pledges to provide dresses.

Mrs. Lawrence Kiernan said that the Daughters of America had pledged six dresses for the campaign.

## Salvation Army Holding Revivals

Special revival meetings sponsored by the Salvation Army are under way this week at the organization's hall and will continue through Sunday, Capt. Elwin Alder announced.

The nonsectarian meetings are in charge of Adj. Arthur Rowe, retired, of Alma, a pioneer in Salvation Army work with 50 years of experience in the field. The meetings started Sunday, and Friday night a special program is planned at which Adj. Rowe will discuss his experiences in the early days of the organization when the Salvation Army was just getting a foothold in the social work of the world.

## Over 250 Attend Eastern Star Installation

### Mrs. Ann Carley Is The New Worthy Matron

The popularity of the retiring and incoming officers of Plymouth Chapter, No. 115 O. E. S., was shown Tuesday evening when 250 members and friends gathered to witness the public installation of the newly elected officers.

Mrs. Evelyn Brocklehurst and Robert Chappell were the retiring Matron and Patron and Mrs. Ann Carley and A. K. Brocklehurst the newly installed Matron and Patron.

The chapter room was beautifully decorated with flowers and ferns and made a lovely background for the impressive ceremony.

Plymouth Chapter was pleasantly surprised to have Brother Harry Lott, Worthy Grand Patron of Michigan present. He assisted Sister Carley in her duties as Grand Matron of Michigan in the installation.

Edwin Campbell, soloist, accompanied by Miss Hanna Strassen rendered several very appropriate numbers and Doris and Joseph Schichan, accompanied by Dorothy McCoolough provided a pleasing musical trio.

The retiring Matron, Evelyn Brocklehurst arranged one of the most beautiful and impressive ceremonies for the corps of officers that has been presented in the local chapter.

The evening closed with a reception followed by refreshments.

## Gladioli Fancier To Hold Meeting

Plymouth gladioli fanciers will be welcomed at the winter meeting of the Michigan Gladioli Society at the Michigan college campus of Michigan State college, it was announced this week.

Chairman of the meeting will be O. P. Stancor, of Plymouth, who is president of the Michigan State Gladioli society. The meeting will start at 9:00 a. m. Saturday, December 3.

Many experts will be on the program. Professor Ray Nelson, of the Michigan State college faculty, will speak on gladioli diseases and their prevention. Professor Paul Krone, also of the Michigan State faculty, will present pictures in color of Michigan gladioli and later varieties.

In addition, George Wentworth, who is a commercial grower of gladioli on a large scale, will present an illustrated talk on new varieties.

## Miss Helen Litwiler And Aiden Plank Wed In Indiana

The Warren Street church in Middlebury, Indiana, Saturday was the scene of the wedding which united Miss Helen Litwiler, daughter of Mr. and Mrs. S. J. Litwiler, of Middlebury, and Aiden J. Plank, of Plymouth, son of Mrs. J. G. Plank, of Topeka, Indiana. The ceremony was performed by candlelight in the presence of 125 guests.

The bride was gowned in ivory satin and wore an ivory tulle veil which fell from a satin halo. Her train was of white tulle. Her bridesmaid, Mrs. N. E. Yoder, sister of the bride, wore rose satin with dubonnet trimmings. She carried pink snapdragons and white pompons and the bride's bouquet was of yellow and white mums.

Clifford Lantz of Indianapolis attended the groom, and the usher were J. Ernest Litwiler, brother of the bride, of South Bend, and Elsworth Peterson, of Ligonier, Indiana.

A reception for 25 guests at the home of the bride's parents followed the ceremony.

Mr. Plank, who attended Bluffton college, Ohio, has been employed by The Plymouth Mail for the last two and a half years. Mrs. Plank, who has been employed in Plymouth and Wayne for the past year, attended Bluffton college and the University of Michigan. The couple are residing in Plymouth.

## Woman Hurt In Head-On Crash Of Automobiles

### Reckless Driver Fined; Agrees To Pay Damage

Fines were assessed against a Detroit motorist and he was released on promise to pay for damages to another car and for medical treatment for a young woman who was injured when his machine crashed head-on into the other car at the intersection of Dear street and Ann Arbor Trail Thanksgiving night, Police Capt. Charles Thumme reported.

The injured woman is Helen Norgrove, 7470 Byron avenue, Detroit, who was riding with Paul Shepard, 18 years old, of Plymouth.

When the cars collided, Miss Norgrove was hurled against the windshield, then thrown against the door which flew open and she fell out of the car onto the pavement. She was cut and bruised badly but was released to return to her home after hospital treatment.

Police Officer Lee R. Sackett arrested Vern Cox, 49, of 5009 Maybury Grand, Detroit, after the accident on charges of reckless driving. Officer Sackett said that Cox was driving on the wrong side of the road when the accident happened.

Cox was fined \$15 and assessed costs of \$2.50 after he promised that he would pay Miss Norgrove's hospitalization costs and expenses incidental to repairing Shepard's car.

## Ex-Service Men Will Elect Officers Dec. 12

### 11 Are Seeking Five Posts In Organization

Election of officers will be the order of the day at the Monday, December 12, meeting of the Plymouth Ex-Service Men's club. In all but one of the five contests for officers there are only two candidates, chosen at a recent meeting. In the race for vice commander, however, there are four candidates in the field for the office now held by Harry Brown, who is a candidate for the commander's post.

Candidates for offices other than vice commander all include incumbents. Commander Howard Eckles is opposing Brown for reelection. In the vice commander race are Charles Thumme, John Jacobs, Melvin Algume and Tom Gardner.

Algume also is a candidate for the secretaryship, running against the veteran Arno Thompson, who has held the post for six years and is the oldest office-holder in point of continuous service in the organization.

For treasurer, Carl Blaich, incumbent, is opposed by Harry Mumby. Harry Hunter is seeking the office of the day post now held by William Renner.

Another piece of important business also will be before the club, when members decide whether to change the present club location from the Jewell-Blaich hall to some other meeting place. The issue, in addition to the election, is expected to attract a large number of members to the meeting.

Announcement also was made that a recent party held by the club for the purpose of raising funds had been highly successful.

## Dr. Harold Brisbois Heads Men's Club

Dr. Harold Brisbois was elected last Monday night as president of the Catholic Men's club at Our Lady of Good Counsel church. Dr. Brisbois will succeed Jack Gilles, who has been president of the club during the past year. Dr. Grey was elected secretary and treasurer.

The first activity of the club under the new officers will be a leather party to be held for the public on the Monday before Christmas. Full details will be announced at a later date.

## WOMEN VOTERS TO MEET

The Plymouth League of Women Voters will hold a discussion on Municipal Affairs at a meeting to be held at 2:00 p. m. Friday, December 9, at the home of Mrs. Bruce Woodbury on Sheridan avenue.

You can have your old shades cleaned, or purchase New Blinds, Shades, Venetian Blinds, Drapery Rods, and Linoeum at the National Shade Company! Phone 530 for Estimates. The Christmas issue of the War Cry is now on sale.

## Friends Honor Aged Couple On 60th Wedding Anniversary

### MR. AND MRS. WILLIAM FELT

"We're just going to invite some of our old friends and neighbors to call, that's all we are going to do on our sixtieth wedding anniversary," said William Felt the other day.

But the "informal reception" these respected, elderly people of Plymouth planned on their wedding anniversary turned out to be a day filled with surprise and honors for them.

Not only did the reception take place, but there was a flood of telephone greetings, cards and messages of good will and congratulations from everywhere. Then there were numerous gifts and flowers that came to the home at 580 Fairground avenue on November 28.

The climax came in the evening when they were honored at a dinner and reception given by members of the I.O.O.F. and Rebekah lodges.

A 6:30 dinner was served attended by 85 guests. The table was set in horseshoe shape, beautifully decorated with yellow mums and yellow candles.

The dinner was followed by an entertainment, including solos, readings, tap dance and last of all a mock marriage.

They were presented with a large bouquet of yellow mums and a sum of money.

On the Sunday previous to the day of the wedding anniversary a surprise was also given Mr. and Mrs. Felt at their home by their children, including Mr. and Mrs. E. W. Wright, Mrs. Maebelle Calkins and daughter of Flint; Lauren Felt of Dexter; Mr. and Mrs. Roy Felt; the grandchildren; Mr. and Mrs. William Smith and daughter Ruth Mae of Plymouth, Clyde Felt of Detroit; Kenneth Felt of Plymouth, and a sister, Mrs. Edna Murray of this place. Other relatives were: Mr. and Mrs. Carl Stringer, Ferndale; Mr. and Mrs. Loren J. Proctor and daughter of Flint; Mrs. Flora Proctor, Flint; Mr. and Mrs. George M. Blum of Detroit; Mr. and Mrs. Merle Murray and children Joyce Ann and Jack of Detroit; Mr. and Mrs. John Kahl of Plymouth; Mr. and Mrs. C. R. Sayre of Detroit; Mr. and Mrs. Orlo Proctor and children of Wayne; Mr. and Mrs. E. L. Wright, Mr. and Mrs. C. H. Rathburn. Friends presents were Mrs. Daisy Bryant and F. M. Pearce of Flint; Mr. and Mrs. Felt were presented with a purse by their children and also received many useful gifts.

## Junior Class Play Dec. 8 - 9

"Our Children," by Louis K. Anspacher, which was chosen for the annual junior play, will be presented in the high school auditorium Thursday and Friday evenings, December 8 and 9, at 8:00 o'clock under the direction of Miss Winnifred Ford.

The plot concerns an old German father confronted with the problems of his son, whom he worships, and his daughter whom he turns out of his house because she loves the foreman in his factory.

The cast is as follows: Willibald Engel, the old fashioned German father, Martin Horvath; Theodore Engel, his naive, selfish son, James Stevens; Hertha Engel, his daughter, a young woman in her late twenties; Margaret Erdelyi, Thursday; and Dorothy Bohl, Friday; Sophy, their middle-aged German maid, Ruth Ash, Thursday, and Jane Springer, Friday; Anastasius Scheibie, an energetic middle-aged German, Eugene Bakewell; Rosie, his young niece, Betty Barlow, Thursday; and Patricia Arnold, Friday; Spencer Hutton, a reserved New England banker, Richard Strong; Harriet Hutton, his daughter, a very self-contained young woman, Jean Anderson, Thursday; and Patricia Braidie, Friday; Vaughan LeLand, a man of the world, Ivan Packard; Richard Helman, a very independent young man, Roger McClain; Carter, Willibald Engel's confidential man, Warren Perkins.

Tickets may be purchased at the door or from any member of the cast, or Ruth Priest, Gladys Salow, June Gardner, Veneta Hank or Marceline Ouellette.

The regular meeting of the Eastern Star chapter will take place Tuesday evening. There will be balloting on candidates. A rehearsal will take place Monday evening at 7:30.

## Rosedale Church To Celebrate Tenth Year

### Presbyterians Plan Extensive Rites On Sunday

Members of the congregation of the Rosedale Gardens Presbyterian church will celebrate the tenth anniversary of the construction of the church building with an extensive religious and social program Sunday.

The anniversary will be the theme of the morning worship services and three former pastors of the church will be the principal speakers at the tenth anniversary services which will begin at 7:30 p. m. The Rev. John B. Forsyth is the present pastor.

Following the evening services, the Women's Auxiliary will entertain members of the congregation and visiting guests with a social hour to be held in the church basement. Mrs. G. J. Butt, chairman of the auxiliary hospitality committee, is in charge of all arrangements.

Former pastors who will take part in the evening services are the Rev. John H. Snook, of Detroit; the Rev. J. J. Miller, of Saline, and the Rev. William W. Townsend, of Detroit, pastor of Grace Presbyterian church and moderator of the Detroit Presbytery.

Mr. Snook will discuss "Beginnings of the Rosedale Church and Recollections of the First Pastor." "Trials and Triumphs of the Church's Youth" will be Mr. Miller's topic. Mr. Townsend has

## Christmas Group Plans Meeting

Members of the executive city Christmas committee and chairmen of subcommittees will hold a special meeting at 7:30 p. m. Tuesday, December 6, at the city hall for the purpose of co-ordinating the work to be done on the project and the presentation of reports of progress by the subcommittee chairmen. A. R. Thompson, general chairman, announced this week.

At the same time plans of the newly-formed Old Newsboys Organization, which will provide funds for the work of the committee, will be announced. (The plans, formulated at a meeting Tuesday, are discussed in detail elsewhere in this issue.)

Collection and repairing of toys to be distributed in Christmas baskets is going forward under the leadership of Plymouth, Mr. Boy Scouts and Girl Scouts, Mr. Thompson said.

Members of the executive committee which will meet Tuesday night at 7:30 p. m. at the home of R. Eaton, Mrs. George Strasen, Mrs. O. F. Beyer, Floyd Eckles, Henry Fisher and Capt. Elwin Alder.

Subcommittee chairmen, who will make reports at the meeting, are Mrs. Hann Henderson, food buy; Harry Strasen, cards; Mrs. William Pettigill, clothing and packing; Mrs. Stuart Dubee, toys; Mrs. John McLaren, aged people; Chauncey Rauch, finance, and Mrs. Strasen, fling.

## Violation Tickets Old Stuff Here

After years of court and street-corner squabbling over the question, Detroit finally has developed an ordinance for ticketing automobiles that was strong enough to stand a legal test, but the matter doesn't interest Plymouth residents very much because this city has been operating for years under a ticketing plan which never has drawn a complaint since it was instituted.

The reason is, Police Capt. Charles Thumme said, that Plymouth residents can see the necessity for such a law and don't spend time quibbling over how it is to be worded.

Under the Plymouth system, which operates in connection with a traffic violations bureau, one of the foremost small city bureaus in the state, tickets can be left on cars which are parked in violation of law even though the owner or driver is not present.

The ticket stipulates that the receiver of the ticket must appear at the traffic violations bureau within 48 hours after issuance of the ticket. Failure to appear means that a warrant will be issued for the owner to compel his appearance, and, in addition, the secretary of state may revoke the owner's driver's license.

And the phrase "traffic fixing" is obsolete in Plymouth. City commissioners and other city officials adhere strictly to their promise not to ask officers to fix tickets, Capt. Thumme says.

Tax statements for county and school taxes were issued from the city hall this week. The payments are due January 10.

### REV. JOHN B. FORSYTH

## New Facilities Announced For Golf Club

### Young Business Grows Swiftly In Four Years

Four years ago this month Casey Partridge, newly married and casting an eye about for a business to enter but without too much business experience, went golfing.

Not that playing a game of golf was anything unusual for him, as he played considerably, but this time it gave him an idea. He thought, and why not link business with pleasure.

He discovered that the Plymouth Hills golf course could be leased, and he took over the option. He had no more experience with maintaining a golf course than it takes to play the game. Entering the business, he admitted, was a gamble, but it looked like a worthwhile one, even though the course was run down and in generally poor condition.

That was four years ago. This week, Partridge, owner of a successful, trail-blazing golf course, decided that there was such a change between the course as it is today and as it appeared when he first took it over, that it had to be renamed.

The new name will be the Hilltop Country club. But changing the name does not mean that there will be a change in the policy that led to the development of the course to the point where it compares favorably with public golf courses in metropolitan Detroit.

As evidence that the policy will continue to stress presentation of an inexpensive pastime with a maximum of facilities, Partridge announced this week that construction has begun on a project with roomy, comfortable locker rooms and showers, rest rooms and lounges.

Next spring these new facilities will be available to the growing number of golfers who are patronizing the course, which has developed swiftly during the four years because of the diligent work and growing abilities of its proprietor.

Always anxious to remedy any situation about which his patrons might complain, Partridge, a member of the Metropolitan Golf association for the last three years, says that "improvement" will continue to be his slogan.

## Neighbors Asked To Help Campaign

An appeal was addressed to neighbors of impoverished families by Capt. Elwin Alder of the Salvation Army this week to let the Army know of such cases wherever they may be in rural or urban areas so that the organization may help to make Christmas happier for the unfortunate.

"There are many families, especially in the country, who need help but who refuse to ask for it and whose needs thus never come to our attention, much as we desire to help them," he said. "In many cases neighbors know of these situations but do nothing about it for fear of hurting the pride of those concerned."

"We respect their attitude but we know that they would like to see these neighbors have a happy Christmas season as much as we would. We assure such more fortunate neighbors that any such confidences will be treated discreetly and that needy families will be helped to have a joyous Christmas without any embarrassment."

## Tree Removal Work Marked By Safety

A large number of trees have been and are being removed throughout the city because they formed a hazard, but although the work has been going on two weeks there has been no damage to property, to other trees not marked for destruction or to persons working on the project or walking or driving by.

The man responsible for direction of this work with such satisfactory safety results is Harry Minthorn, veteran landscape gardener, who has been directing similar city forestry, landscaping and flower culture in Plymouth for some time.

## \$20,480 Allotted For Improvements To High School

### WPA Project Will Provide Jobs For 20

The federal government this week approved an allotment for a WPA project to remodel the former Woodmen home on Main street to serve as an addition and part of the present Plymouth high school plant.

The project will total \$20,480. Work to be done includes provisions for six class rooms in the building, a tunnel for heat, leveling of the grounds, construction of a fence, building of a passageway from the house to the high school and other details.

George A. Smith, superintendent of schools, estimated that the project would require the services of from 20 to 30 workers, who would be on the payroll for the duration of the project construction.

He said that work would be started about December 10. It is hoped, he added, that the first floor of the building, which was purchased by the board of education this year will be available for use in February, when the second school term begins.

As the project will provide three class rooms on each floor, occupancy of the first floor alone in February will make available three class rooms which will help to relieve the present congestion of the school which was caused by an influx of an additional 100 students this fall, he said.

The addition to the work already completed on the school this year which has made the educational plant of considerable more value to the school and the community.

Recently parents and other interested residents made an inspection of the work at the annual open house night at the school.

The improvements this year include the machine and tool shop, shower and locker rooms for boys and girls and other construction work in addition to work on the existing building and grounds.

## Plymouth Center Of Man Hunt

Plymouth enjoyed some of the aspects of a large-scale man hunt Monday when main roads leading into and out of the city were blocked by state police and sheriff's deputies in an effort to trap Benny Dickson and his blond woman companion, who were sought for questioning in connection with a South Dakota bank robbery and numerous other offenses.

The well-armed bandit pair had been pursued through several states before officers believed that they were likely to be trapped in the Detroit metropolitan area. The desperate pair, both known to be wounded, eluded capture early in the week however, despite numerous traps which were set for them.

All the blockades at Plymouth were interrupted, however, as the city limits. Officers kept the motors of their cars running so that they could be in readiness for pursuit should the fugitives attempt to flee through the trap.

Many Plymouth residents passed by the blockades without being stopped, however, as the officers were watching for persons answering the descriptions of those wanted and of the cars they were known to have taken.

## Woman's Club To Hear Safety Talk

The Woman's Club of Plymouth will meet this afternoon at 2:15 as usual in the Hotel Mayflower. The guest speaker will be Officer Henry Hall of the traffic department of Detroit. His subject will be "Public Safety." Mrs. S. S. Closson will be the chairman for the afternoon and will be assisted by Mrs. R. O. Chappell, Mrs. Frank Burrows, Mrs. Richard Olin, Mrs. R. R. Parrott, Mrs. W. S. McAllister, Mrs. Melburn Partridge, Miss Nellie Riddle and Mrs. Loya Sutherland. Business meeting precedes the talk at which all members are urged to be present and are also reminded that December is the final month for dues.

## Political Banner Of The '40's Waves Again

### Relic of Harrison Campaign Found In Plymouth

Startled residents paused a moment this week as they passed by The Plymouth Mail office to see what was said on a large, somewhat time worn banner which was hung up in the front office window.

Those who stopped to read the old lettering were even more surprised. The banner, topped with a semicircle of large stars, read:

"The Whigs of PLYMOUTH will support the HERO, PATRIOT and STATESMAN WILLIAM HENRY HARRISON, the FARMER of NORTH BEND. As long as the leaders of the Roman armies were taken from the plough to the plough they are willing to return—HARRISON, NO SUBTREASURY—NO EXECUTIVE DICTATION—NO STANDING ARMY."

The banner, supported by two sturdy, handwoven oak-poles, was found on the attic of a wide, old bank building across the street from the Mayflower hotel Wednesday as workmen were cleaning it out. It was saved by The Plymouth Mail from a rubbish heap where it had been thrown.

It was in use during the hot fight to elect Harrison president of the United States just 98 years ago this month, in the November campaign of 1840. The banner is in remarkably good condition.

Harrison campaigned in a bitter fight on the platform of divorcing the treasury from bureaucracy, of making the presidency a position of leadership but not of dictatorship (that issue isn't altogether old-fashioned either) and of placing the soldiers of America's standing army back in the fields and farms from which they came.

The campaign was successful. Harrison, a native of Virginia and a third son of Benjamin Harrison, who was a signer of the Declaration of Independence, was elected triumphantly following defeat four years previously.

But his triumph was brief. Only a month after inauguration he died of pneumonia. His brief career as president climaxed a long public service in which he had been a fighter for his country both on the battlefield and in Washington. He was the leader of troops which defeated the British in Canada in 1813.

He was the ninth president of the United States and was 68 years old at the time of his death.

## Kiwanis To Hear Talk By Lines

Winfield Line, for many years owner of the Line store on Penniman avenue and a widely known Howell business man, and his wife, Mrs. Grace Song Line, will address the Kiwanis club Tuesday evening at 8:00 p. m. on the subject of their recent visit to Korea and Japan.

They will be introduced by Claude J. Dykhouse, a personal friend for many years and Plymouth high school principal, and both of the guests of the club for the evening.

Both Mr. and Mrs. Line are widely known in Michigan for the many talks they have given on this subject and have been particularly interesting in their many talks in Plymouth, according to the large number of business and professional men and club women who have heard the talks.

A highly interesting article which Mr. and Mrs. Line wrote for the Livingston County Press some time ago was printed in full in The Plymouth Mail for November 4.

Following the talks, Kiwanians present will be welcome to ask questions and talk personally with the guests so as to get a better insight into the problems they will discuss in the talks.

## Legion To Hold Open House

Open house, with everyone invited, will be held Friday, December 2, by the Myron H. Heals Post No. 52 of the American Legion hall on Newburg road.

Games, music, entertainment and refreshments are promised by those in charge of the affair, which will be in the form of a good will party to provide a stock of gifts to be presented to unfortunate children in the Plymouth area at Christmas.

The only price of admission, officials say, will be a toy or anything the party-goers wish to donate to make some poor child's Christmas more enjoyable.

Anyone who wishes to attend will be welcome. A good dance orchestra will be present to provide music for those who wish to dance. Others will find entertainment at the shuffleboard courts, the table tennis nets or at the card tables.

# What's the Answer?

BECAUSE in old-time Germany, newly married couples always drank during the first month or "moon" after marriage, a wine which was made from honey and during this month they would keep apart from other people, making it a time of adjustments. Soon the idea of a voyage away from all things familiar took the public fancy and that voyage acquired the name "honeymoon" which it carries to this day long after the custom which originated it is forgotten.

### Louis Holloway Is Now 86 Years Old

The other day Louis Holloway, 216 North Harvey street, celebrated his 86th birthday. Among those who came to his home to greet him was his little one-year-old great grandson, Bobbie Holloway from Ann Arbor.

"We haven't quit yet and we expect to keep right on doing things for many more years," said Mr. Holloway to his many old friends on his birthday.

**Upper Grades**  
We have a new picture in our room. It has a yellow bowl of red poppies and blue delphinium. It was chosen by the president of our Citizenship club, Shirley Jacobson. She also bought a red flower pot with white standard. The money was a commission from the photo studio.

We had a Book Week program last week Wednesday afternoon. We presented several scenes from "Rip Van Winkle" by Washington Irving. Phyllis Thompson told about our "Book Hours." Mitzie Jacobson and Jean Livernois gave a tap dance number.

We were happy to have our mothers as guests. These mothers came: Mrs. Bovee, Mrs. Bird, Mrs. Jacobson, Mrs. Livernois, Mrs. Bartel, Mrs. Gibbs, Mrs. Gibson, Mrs. Kidston, Mrs. Simons, Mrs. Chappell, Mrs. Pace, Mrs. Schultz, Mrs. Bryan, and Mrs. Hart. Rose Todocsiuk was also a guest.

We are working hard to sell 2,000 Red Cross seals this week. Dr. Thams of Plymouth gave our school a dental examination on Tuesday morning. The following are added to our honor roll: Doris Bennett, Doris Eck, and William Wood.

—Joan Thompson, Secretary, Junior Citizens' club.  
The December meeting of our P.T.A. will be on Thursday evening of this week.

**Middle Grades**  
We invited our mothers to our assembly program last Wednesday afternoon. We had the following program:

Piano solo, Juanita Norris; guitar solo, June Hobbins; piano solo, Robert Bartel; poem, "Flowers," Allen Christensen; book parade, by the 4th and 5th grades; poem, "Books," Robert Clement; song, "The Music Box," by the 3rd grade; piano solo, Alan Kidston; piano solo, Roy Bennett.

Barbara Pace was in charge of the program.  
We are saving our "Book Parade Frieze" for Miss Hetherington, our Wayne county school librarian.

Mary Ann Cylkowski visited relatives in Wisconsin on Thanksgiving day.

Donald Hunt was to Mt. Clemens Saturday.  
Allen Christensen went to a birthday party for his grandmother in Detroit on Saturday evening.

**Lower Grade Room**  
We had an assembly last Wednesday. We sang "The Pumpkin and the Turkey." The boys told about the Thanksgiving dinner. Mary Jean Gibson said "Jack-be-Nimble." Robert Eck recited "Come Little Leaves." The following stories were illustrated and told by third graders:

"The Candy Shop Cotton-tails," Joanne Bovee; "The Little Red Hen," Joseph Green; "Wait for William," Richard Simmons; "Life-saving Dogs," Bruce Kidston; "Ninnamon Bun," Gene Rutenbar; "Thanksgiving Day," Doris Ryder.

Miss Reid and the dentist came Tuesday. They examined our teeth. There were 11 children whose teeth were all right.

### Canton Center-Cherry Hill Euchre Club Starts New Season

The Canton Center-Cherry Hill Euchre club formerly the Plymouth-Canton Center Euchre club has started its present winter series of games, with a number of new members in the organization.

The club was formed in 1933 by West J. Wagonchutz and Jack Courtade of Plymouth, who won the championship of the club that year. The following year John Shotka and Fred Korte were winners. R. Waftecker and Frank Waldecker and Mr. Theisen were winners last year.

The club played the first game of this year's contest last week at Cherry Hill, with "Dutch" West and his brother swamping the Gotts and Blackmore team by eleven to two points. Waldecker and his partner, H. Wagonchutz had an easy time in taking Buchner and Freedie into camp.

Following are present standings:

### Cheese Excellent For Supper Dish

Its Food Value Compares Favorably With Meat

By EDITH M. BARBER

The business woman housekeeper whose time is limited often spends a larger proportion of the food budget for meat than does the housekeeper who is able to spend more time in the preparation of her meals. For this reason, steaks, chops, ham and other meats which demand short cooking are often chosen, although they are expensive, especially at the present time.

There are, however, certain supper dishes which may occasionally take their place with satisfaction to the family. Among these we find cheese as a leader. The food value compares well with that of meat and the distinctive flavor is an asset. Perhaps the quickest cooked dish of this sort is the Welsh rarebit, for which there are innumerable recipes. The combination of beer, tomato soup or milk and eggs with cheese will produce very different results, although each one may be called a rarebit.

One of my favorite cheese dishes is an old family favorite and is known as toasted cheese, although it is actually baked. It takes so few utensils to prepare it for the oven that it has an appeal when time is an object.

**Welsh Rarebit With Beer.**

1 tablespoon butter  
1/4 pound soft, mild cheese, flaked  
1/4 teaspoon salt  
1/4 teaspoon mustard  
Cayenne  
1/2 cup beer (or more)

Melt the butter, add cheese and seasonings. Add the beer very slowly as the cheese melts, stirring constantly. Serve on toast.

**Toasted Cheese.**

1/4 pound fresh cheese  
1 teaspoon salt  
1/4 teaspoon mustard  
Paprika  
1 egg  
1/2 cup milk

Cut the cheese in small pieces. Place in a greased oven-proof pie plate. Sprinkle with mixed seasonings. Break the egg over the cheese and beat in slightly, add enough milk to cover the cheese. Bake in a moderate oven, 375 degrees Fahrenheit in the plate in a pan of hot water, about 30 minutes or until brown and set.

**Cheese Cake.**

1 package zwieback or 4 cups corn flakes  
2 tablespoons butter  
2 tablespoons sugar  
1 cup sugar  
2 tablespoons flour  
1/4 teaspoon salt  
5/4 cakes cream cheese  
1 teaspoon vanilla  
4 eggs  
1 cup cream

Roll zwieback or corn flakes into crumbs, add butter and two table spoons sugar and cream together, blend thoroughly and put into nine inch spring form mold and press down evenly on the bottom.

Mix the cup of sugar with flour and salt and cream well with cheese and mix again. Add vanilla and beaten egg yolks and cream and whip again. Fold in beaten egg whites and bake in a moderate oven, 325 degrees Fahrenheit, for about an hour or until center is set.

**Jellied Cheese Ring.**

2 tablespoons gelatin  
1/2 cup cold water  
3 cups scalded milk  
3 egg yolks  
1/4 teaspoon salt  
1/4 teaspoon mustard  
1/4 teaspoon paprika  
2 cups grated cheese  
Sliced stuffed olives

Soak gelatin in cold water a few minutes. Scald milk and beat egg yolks with seasonings. Stir a little of the milk into egg mixture and then stir this into the rest of the milk. Stir over hot water until the mixture begins to thicken. Stir in cheese and when melted remove from fire and stir in softened gelatin. Chill in refrigerator until mixture begins to thicken. Pour into a ring mold (quarter size) and chill until set. Unmold onto chop plate and garnish with sliced olives. Fill center with mixed vegetable salad.

**Stuffed Tomato Salad.**

6 medium-sized tomatoes.  
1 cake cream cheese  
Seasoning  
1 small cucumber  
1 teaspoon onion juice  
Mayonnaise

Peel the tomatoes, remove thin slices from the top, and take out the pulp. Cut the cucumber into small cubes, mix with the cream cheese and enough tomato pulp to moisten the mixture well. Season with the onion juice, salt, pepper and paprika.

**Crabmeat Tomato Salad.**

6 medium sized tomatoes  
Salt  
1 small can crabmeat  
1/2 cup diced celery  
1/2 cup mayonnaise  
Lettuce

Wash firm, ripe tomatoes. Peel, if desired, and scoop out centers. Sprinkle inside lightly with salt, invert and chill in refrigerator. Flake crabmeat, mix with tomato pulp, celery and mayonnaise. Stuff tomatoes with this mixture, and serve on crisp lettuce.

## How To Ride Bicycles Safely

Boys and girls attending the Starkweather school Monday heard Ernest P. Davis, safety engineer of the Michigan Automobile club, advise them how to ride their bicycles safely on the highways.

"If you ride at night time, always have a red light on the rear end of the bicycle. When you come to intersections, be sure and give automobiles the

right of way. It is best always to stop first or slow down at street or road intersections," he said.

"The third important thing to keep in mind is the rule which says that you should ride on the right side of the roadway. It is both the law and the safe thing," he declared.

The greatest number of bicycle accidents in which children are killed or crippled, said Mr. Davis, takes place at street intersections.

According to legend, Alexander the Great had a statue made to show Persian women how to dress.

### Rosedale Church To Celebrate

(Continued From Page One)  
for the title of his address "Looking Forward—What Should be Expected of a Church?"

The Rev. Walter Nichol, of Plymouth, also will take part in the program. The choir, under the direction of Mrs. Lloyd Nelson, will sing at both morning and evening services.

Sunday school and other services were started in the Rosedale Gardens school building March 4, 1928, under auspices of the Presbytery of Detroit, with Mr. Snook assigned to the field. The following committee was then appointed to organize a Sunday school:

D. F. Wood, chairman; F. C. Weinert, C. L. Metzger, Mrs. R. S. Loftus, Mrs. J. W. Hamill, J. R. Dunfee and Mrs. Carl Zander.

The first officers of the new Sunday school were:

Mr. Dunfee, superintendent; Mr. Metzger, assistant; H. W. Senkel, secretary; Mr. Wood, treasurer; Miss Doris Haines, organist; E. G. Reindel, secretary of supplies and Mrs. Loftus, chorister. The Sunday school has been in continuous existence since that time, and this season is enjoying the largest enrollment and attendance in its history. About 30 officers and teachers are on the staff.

The corner stone for the present church building was laid September 9, 1928, and on December 11 the church was organized under the board of church extension of the Presbytery. The first elders were Mr. Metzger, Mr. Wood, L. W. Snell, W. R. Kenly and G. L. Dunfee. On the first board of trustees were E. C. McFee, J. Schroeder, Mr. Senkel, C. W. Hoffman and Mr. Goodling.

The building was dedicated December 16, 1928, and has been in constant use since its completion. Mr. Snook preached for the Rosedale congregation until July 1, 1929, when he asked to be released. That summer the church was served by Mr. Townsend, then taking theological work in Chicago.

In the fall of 1929, the Rev. R. A. N. Wilson, now in Missouri, came to the church as pastor. In the summer of 1930, Mr. Townsend again served. That fall the Rev. M. L. Bennett began his pastorate in the church, and continued in service until May 1, 1933. He was succeeded by Mr. Miller, who served until he was called to the Presbyterian church at Saline in November, 1938. In the interim between the pastorate of Mr. Miller, and the coming of the present minister in May 1937, the Rev. John A. Mundell of Detroit served the church.

Mr. Forsyth, the present minister, is the first of the church's leaders to serve the Rosedale Gardens church exclusively, all former pastors having divided their time with other fields. Mr. Forsyth came to the Presbytery of Detroit from northern New York, where he served four years in the Adirondack area after completing seminary training in New York City.

Present members of the session are Lester H. Taylor, clerk; Tony Mepnyans, J. A. Van Coevering, H. Paul Harsha, and William H. Curbertson. The board of trustees is composed of E. O. Whittington, chairman; Wallace Chalcraft, secretary; Ralph Kinner, S. A. Francis and J. B. Folsom.

The Women's Auxiliary was organized in April 1928, with Mrs. Loftus as president; Mrs. C. L. Metzger, vice president; Mrs. Zander, secretary; and Mrs. Ramon Dixon, treasurer. The auxiliary has been active through out the 10 years of the church's existence. Its present officers are Mrs. F. B. Waters, president; Mrs. E. O. Whittington, vice president; Mrs. Frank Merizon, secretary; and Mrs. H. R. MacGregor, treasurer.

### The Television

By James Lewis Hays

Now Jennie had a pretty voice  
With that "come hither" tone  
Her cleverest act  
As a matter of fact  
Was to coo in the telephone.  
She had a phone in the bathroom  
So she could soak and call  
And then a blamed invention  
Came along and spoiled it all!

The boy friends got to phoning  
Till she couldn't take her bath  
They rang and rang  
Till she said "Oh, dang!"  
(Or similar words of wrath)  
She asked her pal about it  
And Sue said "Oh, my DEAR!  
I should think you WOULD feel  
QUEER!

It's simply this TELEVISION thing,  
Now DOESN'T that make it CLEAR!

### Plenty Of Winter Feed, For Game Birds Say Conservation Officers

The larder is well filled for Michigan's game birds for this winter, due to an unusually wet summer followed by an unusually dry autumn.

Winter bird feed conditions are very favorable at this point, according to game division workers of the department of conservation. The abundant rainfall during the summer contributed to an unusual growth of weeds, a heavy corn yield and a lush production of crops in general, all of which are sources of feed for the birds as well as for many other species of small game.

The dry, warm autumn helped to preserve the stock of feed, game workers point out, especially in the effect on corn, the most important game bird food. Where a year ago the corn was comparatively small with little left in the fields, this year the crop was exceptionally large and the dryness of the ground prevented farmers from doing as much plowing as they ordinarily would do. Many farmers also were compelled by weather conditions to pick their corn on the stalk. As a result, more fields than usual have been left with the stalks in them, making highly fertile feeding grounds for the birds.

The game investigators point out, however, that an unusually

Mr. and Mrs. Fred Palmer entertained Mr. and Mrs. William Knowles and son and daughter, Mr. and Mrs. Elmer Keller of Eaton, New York; Allie and William Newton of Denton, also their children, Thanksgiving at a turkey dinner. Mrs. Palmer's brother and family and the Kellers left Sunday morning for New York.

Mr. and Mrs. C. V. Chambers attended a birthday dinner Sunday in the home of their daughter and husband, Mr. and Mrs. Emory Holmes, in Detroit, in honor of the 14th birthday of their granddaughter, Barbara Jean. One of the gifts she received was a lovely three layer chocolate cake, decorated with pink roses and green leaves.

Citizens Honor Departing Priest

Several hundred Plymouth residents last Friday evening gathered in the high school auditorium to pay final honors to Father Frank Lefevre who has been transferred from this city to a much larger church in the city of Detroit. The meeting, which followed closely on a holiday that took many people away, must have been most pleasing to Father Lefevre, as it displayed publicly the high regard in which he is held in the community that he served for over 18 years.

Not only were the speakers most generous in their praises of his good work in behalf of his church and the city at large, but his friends made him a very substantial cash gift.

Probably the most pleasing thing, however, to Father Lefevre, was the presentation of a large basket of flowers by little Miss Harriet Mitchell, who represented the children of his parish.

Sterling Eaton introduced M. J. Murphy of Northville who presided over the meeting. The following speakers paid brief tributes to the pastor who has just retired from the community: City Manager Clarence Elliott, Rev. Walter Nichol, Fred D. Schrader, E. R. Eaton, and J. C. Gilles, who had the honor of presenting the purse to Father Lefevre.

The speakers were as warm in their welcome to the new pastor, Rev. V. Renaud, as they were in their praise of the retiring priest. In behalf of the children of the church little Miss Rosemary Miller also presented Father Renaud with a basket of flowers. Musical and specialty numbers were given by Mrs. O'Conner, Romaine Lee, Jean Ann Livornois and Mitzie Jacobs.

Pattersons Leave For The Southlands

Mr. and Mrs. Don Patterson, son, Donald, and John Patterson, left Monday for Fort Lauderdale, Florida, where they will spend the forthcoming winter.

'There's one of the best golf courses in the South right near Fort Lauderdale and that is where I expect to spend most of my time,' declared both John and Don last Saturday when packing up getting ready for the departure.

Naturally, owning and operating the Idyl Wild golf club just east of this city, their interests in southern golfing might be suspected.

'SALES MEAN JOBS'

New car sales show an increase for the first ten days of November of 43% over the same period in October according to R. L. Polk & Co.

We've put our shoulder to the wheel to encourage this upswing on the part of car sales and want to do our part to help the automobile industry lead the way.

We're doing our part by offering the LOWEST rates obtainable for the financing of that new or used automobile.

YOUR OIL FREE (UP TO THE FULL MARK) - IF I FORGET TO CHECK IT

It's MIGHTY IMPORTANT that you always have enough oil in your engine. If you don't, you're headed for trouble. To save you grief, all of us Shell dealers listed below make you this proposition: Drive into one of our stations. If we don't check your oil—AUTOMATICALLY—we'll bring your oil level right up to the full mark FREE OF CHARGE.

We will put in our Golden Shell Oil, too... the oil that's been refined especially for today's stop-and-go driving. Maybe you never knew that stop and go calls for a certain kind of motor oil. Well, it does—and here's the reason why... You average ten cold starts a day. If your oil is sluggish and slow-flowing, one start can cause as much wear as fifty miles of steady running. Golden Shell changes all this. It's fast-flowing. The second you step on your starter, Golden Shell coats each engine part with a tough oil film that does not break down... even under the heat of your steady running. In fact—

There's no finer oil at any price than Golden Shell.

### Scientists Hold Thanks Service

#### Many Present To Hear Message

A Thanksgiving day service was held by First Church of Christ, Scientist, of Plymouth, in the church edifice, Main and Dodge streets, at 10:30 o'clock on the morning of Thanksgiving day.

The service opened with the congregation singing the hymn, "This is the Day the Lord Hath Made," No. 342 in the Christian Science hymnal.

The Thanksgiving proclamation by the president of the United States was then read by Alfred L. Barr, the First Reader.

The scriptural selection was from Psalms and was read by the First Reader. After the scriptural selection the congregation united in silent prayer which was followed by the audible repetition of the Lord's prayer with its spiritual interpretation from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Hymn No. 374, "We Thank Thee and We Bless Thee," was then sung by the congregation.

The lesson-sermon for Thanksgiving given in the Christian Science quarterly and read in all Christian Science churches in the United States and many other parts of the world followed the second hymn. The subject of this lesson-sermon was "Thanksgiving" and had for the Golden Text: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50: 14).

After the responsive reading of Bible passages, Mrs. Forrest Smith the Second Reader, read the citations chosen from the Bible, while Mr. Barr, the First Reader, read the correlative passages from Science and Health.

Among the scriptural verses was included: "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." (Mal. 3: 10).

And among the citations from Science and Health was: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good." (p. 518).

A solo "Grateful, O, Lord Am I" by Gardner was sung by Lowell Rodeheaver, the soloist, after the lesson-sermon had been concluded.

Testimonies appropriate to the occasion were then given by Christian Scientists in the congregation. This period was completely filled by expressions of gratitude for healings and other help received during the past year.

The closing hymn was No. 3, "A Grateful Heart," and was followed by the scientific statement of being from the Christian Science textbook, and the correlative passage from I John 3: 1-3, read by the First Reader.

The meeting was concluded with the benediction: "Grace to you, and peace, from God our Father and the Lord Jesus Christ."

**Muskkrat And Coon Season Opens Dec. 1st**

Muskkrats and raccoons are now legal prize for trappers in the southern half of the lower peninsula, the season opening December 1.

For muskrats, the season extends through December 31 and for raccoons through December 15.

The hunting season on raccoons has been open since November 1. The closing date for hunting raccoons is the same as the closing date for trapping them.

Rabbit hunters still have through December 31 in the lower peninsula and through January 31 in the upper peninsula.

The season on opossums and badgers also extends through January 31 in both the upper and lower peninsulas.

### California Death Chamber Gets First Test

Two of five convicts convicted of murdering Warden Clarence Larkin in the Folsom prison riot of September, 1937, are scheduled to go to their deaths Friday, December 2 in the new lethal gas chamber in California's San Quentin prison. The other three convicts will be executed on successive Fridays. Left view shows the chamber's interior, while at the right San Quentin's Warden Court Smith inspects the new device.

### New Ford Milford Plant Operating

The new Ford plant at Milford, latest addition to the little industries now an important part of the giant Ford organization, is in production, with the first car-buretors taken off the assembly line on Monday, says The Milford Times. Employed at present is an initial force of about 135 men, of these about 80 were transferred from the carburetor department at the Rouge plant, and 55 are new hands. Nearly all are men from this area, those transferred being men from this section who have driven daily to the Rouge.

The first day's output was 660 carburetors, with double that amount sought for the second day. By Wednesday the plant will be in "full production," for the number of men and machines employed, with an expected out-

### put of 1200 units. Rouge workmen were ordered to report at Milford last Monday, and new men taken from a long list of applicants were notified by mail to report for work.

Carburetor assembly was out at the Rouge plant last week Friday night, and immediately the work of transferring the equipment to Milford began. This was carried out over Friday night and Saturday so that production could be started at Milford on Monday. From henceforth all carburetors for Ford automobiles will be products of the Milford plant.

As yet, operations here are confined to assembly, the various parts being brought in from the Rouge. As soon as machinery and equipment can be installed and made ready, the program calls for the manufacture of the complete carburetor unit at Milford. This will considerably increase employment, with a maximum employment capacity considered to be about 200 men.

The factory building proper was pronounced finished on Friday, as far as the work of the contractor was concerned. There remain, however, a few outside details which will require a small number of men for several days yet.

Much work remains to be done inside the building in the way of installing machinery and equipment to bring the plant up to its full production capacity, and this work is in charge of a Ford crew from the Rouge. About 100 men are thus engaged.

The plant has an engine room, boiler room, foundry, casting room, main assembly room, receiving and shipping station, storage, lunch rooms, wash room, first aid room and small offices. In charge of the plant is Harry Barkley, who was superintendent of the carburetor department at the Rouge. More machinery will be brought from the Rouge plant from day to day, as the Milford plant is ready to receive it.

Favored by good weather, the job of laying the huge steel flume from Moore's lake to the lower mill pond is moving along swiftly. This Tuesday morning first excavation was started to drive the pipe beneath the railroad right-of-way. Pipe-laying activity has been centered the past week in the area north of Summit street, and several concrete "saddles" are being built to support the pipe through a marshy area. Pipe has been laid, welded and covered for several hundred feet north of Summit street.

For initial operations, the plant is operated from Edison current, but when developments are finished, the two Milford water-powers will be harnessed to produce electricity for the plant. In addition, the factory will have facilities for steam generating for auxiliary power, as well as Edison for stand-by source.

### Official Proceedings Of The Commission

Plymouth, Michigan November 21, 1938

A regular meeting of the City Commission held in the City Hall on Monday, November 21, 1938 at 7:30 p.m.

Mayor Protem Whipple presided.

Present: Commissioners Robinson, Blunk, Whipple and Wilson. Absent: Mayor Hondorp.

The minutes of the regular meeting of Nov. 7 and of the special meeting of Nov. 14 were approved as read.

Mr. Burden was present and objected to the cleaning of the alley east of Adams and south of Blanche St.

It was moved by Comm. Wilson and supported by Comm. Blunk that action on the Adams St. alley be postponed until the next regular meeting. Carried.

Mayor Hondorp arrived at this time.

Mr. A. T. Carlile requested that the City Commission permit him to open a skating rink on Sunday afternoons.

After considerable discussion, it was moved by Mayor Hondorp and supported by Comm. Wilson that the matter be laid on the table until the next meeting of the City Commission. Carried.

This was the night set for a public hearing on the storm sewer on Carol St. between Harvey St. and the end of Carol St.

A petition was presented,

signed by three citizens, requesting that the project be carried. It was moved by Comm. Wilson and supported by Mayor Hondorp that the matter be laid on the table until more names could be obtained on the petition. Carried.

The City Manager recommended that no light be placed at the end of Kellogg St. at this time due to the fact that other streets nearer the creek should have lights at the same time and further, that there are not sufficient funds in the budget to pay for the light this fiscal year.

It was moved by Mayor Hondorp and supported by Comm. Robinson that the recommendation of the City Manager be approved.

Mr. Shekell again appeared before the Commission and requested that the City Commission approve his application for a beer license. It was moved by Mayor Hondorp and supported by Comm. Wilson that the City Manager be authorized to write to the Liquor Control Commission including a marked copy of a letter received by him dated May 25, 1938 and also a copy of part of the Commission proceedings of Nov. 7 concerning Mr. Shekell's request. Carried.

It was moved by Mayor Hondorp and supported by Comm. Wilson that bills in the amount of \$6102.95 be approved.

Current Bills \$2,920.45  
Bonds and Int. \$3,182.50

\$6,102.95

Ayes: Mayor Hondorp, Commissioners Blunk, Robinson,

Whipple and Wilson.

Nays: None.

Mayor Hondorp asked to be excused at this time.

The City Attorney reported on the progress of the various cases brought before him.

It was moved by Comm. Wilson and supported by Comm. Robinson that the meeting be adjourned. Time of adjournment, 9:30 p.m. Carried.

HENRY HONDORP, Mayor.

### To Discuss Future Of Public Health

Dr. Thomas Parran, surgeon general of the United States Public Health Service, will speak on "Looking Forward in Public Health" Wednesday morning, December 7, at 11 o'clock, when he makes a special trip from Washington to speak before the Detroit Town Hall audience in the Fisher theatre.

In his lecture Dr. Parran will tell of the recent scientific advances which now make it possible to fight great health scourges as never before. He will explain how modern health knowledge can reduce tuberculosis markedly in a decade, and can bring it to the present negligible significance of typhoid fever within a generation. How pneumonia deaths can be cut in half, maternal deaths can be cut two-thirds and deaths of babies one half, how 40,000 people yearly can be saved from death by cancer, the huge number of those mentally sick immeasurably reduced, and how syphilis can be brought down to a small fraction of its present prevalence in a decade and can be wiped out in a generation.

Dr. Parran will be introduced by Dr. Henry F. Vaughan, Detroit health commissioner.

With the first basketball game of this season to be played with Redford Union in Redford on December 7, those fans who follow Plymouth's fortunes in the basketball spotlight may wish to know the who, what and where-fores of the approaching season. A large number of boys have reported for practice which will be in the high school gym, November 2. Among these hopefuls, four boys must qualify to fill the shoes of Egloff, Gillis, Moe, and Sackett lost, by graduation while George Houghton, also on the team, has been transferred to Northville. Jack Ross, Doug Prough, Bud Krumm, Bob Hitt and Bill McAllister stand ready to bear the brunt of this season's basket hooping after proving their abilities last year. Several men are also expected to step up from the last year's reserves to first team status; predominant among these are Bob and Bill Norman, Joe Scarpulla, and Leroy Westfall.

The Plymouth Rocks' quintet will open its basketball season against Redford Union here on Wednesday, December 7, at 7:00 p.m.

Although he was not on the last year's team, Bill Darnell stands a good chance to take the position of center.

If the forthcoming team can equal the auspicious record established by last year's basketball team, they can consider the season successful. After gaining the district championship, last year's quintet set a trail of wins all the way to the state quarter-finals where they were set back within sight of highest honors by the Marshall High team.

Beginning conventionally with Redford Union, the majority of Plymouth's games will offer the stiffest of competition. Although one game is yet to be arranged to make this season's basketball program complete, the schedule is shown below:

- Dec. 7—Redford Union, there.
- Dec. 16—Dearborn, here.
- Dec. 23—Dearborn, here.
- Jan. 6—Wayne, there.
- Jan. 13—Ypsilanti, there.
- Jan. 17—Northville, here.
- Jan. 20—River Rouge, there.
- Jan. 24—Redford Union, there.
- Feb. 3—Dearborn, here.
- Feb. 10—Wayne, here.
- Feb. 16—Ypsilanti, here.
- Feb. 22—River Rouge, there.
- Feb. 24—Birmingham, there.

Judging by the interest already shown, by the variety of basketball material and by the past guidance of Coach Milton Jacobi, Plymouth's basketball perspective for the approaching year is very promising; a real summary, however, can be made only after the season is concluded.

### EXPLANATION OF A CHARGE FOR THE ASSEMBLIES

"Why do we have to pay a nickel for movie assemblies when the projector was a gift to the school?" asks a student. The total cost of this sound projector, called the Ampro, which includes the sound and victrola attachment, was \$380. The senior class of 1938 paid \$100 towards this. The class of 1937 had funds enough to pay \$60 toward the total. Together this was not half the cost; so Student Council has the responsibility of paying the remaining \$200 this year. The students benefit from the machine by the three noon dances held every Wednesday from 11:50 to 12:20. It is always a wise plan to have a machine pay for itself. Student Council is employing this plan in the five-cent assemblies where various entertaining films are shown. Films for the future will include various reels of history, travel, science, music, and some Walt Disney cartoons. The reels are rented for \$1.50 from either of two companies of Detroit—the Metropolitan Moving Picture company or the Cosmopolitan Moving Picture company.

### SECOND OF MONTHLY ASSEMBLY SERIES

The second monthly moving picture assembly will be held on Monday, December 5. Mr. Evans has sent to the city a picture corporation, Chicago, Illinois, for the following five reels: "Highway Mania," a two-reel picture featuring Lowell Thomas. It shows the ever-increasing problem of reckless driving and the steps New Jersey has taken to overcome it. "Radio Magic" is shown in his home, with his orchestra, broadcasting, and illustrating how sounds appear on film. The record of the National Geographic expedition in Alaska is shown as "Arctic Exploration." The last reel will be an Aesop fable cartoon entitled "Radio Racket." It is hoped that the students will not forget their nickels during the week-end rush.

### IN A NEARBY HIGH SCHOOL

Bill and Jean were engaged in a conversation. It was a couple of days before the annual "Leap Year" party. Jean asked, "Bill, will you go to the Leap Year party with me?" Bill thought a moment and replied, "Yes, I can go."

Now, folks, nobody is crazy, so just listen. At a certain high school, not far from here, it is an annual custom to have what is called "Sponge Week." During this week, the girls ask the boys for dates. All the boys are obliged to furnish transportation. The girls pay for admission, food, and whatever expenses there are. Sometime during this week a party is held in the high school gymnasium. The students dance and play games. Girls must also ask boys to dance—but the boys are allowed to lead.

### "MR. X" IS SILENT ON NIGHT IN JUNG

A certain manly member of the Class of 1940 wears an habitually sheepish look as he goes about his daily duties this week. Those who know about the sad mishap that brought him a night behind the bars smile tolerantly when they see him, and he blushes furiously. Since he has sworn to annihilate anyone revealing his plight, we will refer to him here as Mr. X, cross our fingers, and plunge into the story.

It was early last week that the incident occurred. Mr. X has noble aspirations as a hunter and trapper, and consequently he has used for, and often carries, an innocent little gun. Despite his ambitions as a nimrod, Mr. X has a deathly inordinate fear of dogs. It was this dread that caused all the trouble.

Our hero was returning from a fruitless chase as dusk fell on this particular day, when a huge and vicious canine sprinted from a neighboring farm-house and bared its teeth in a dismal howl. Mr. X was stricken with terror and pulled forth his weapon from where he had slung it over his shoulder. The housewife emerged to call off her dog just in time to see Mr. X produce the gun and then take to his heels. A hold-up took place in the neighborhood later in the evening, and the housewife immediately phoned in to the police what she had seen. Before he knew what was happening, our friend was popped into a dismal little jail cell. There he spent the night.

That was all very well, but the most sleepless night in Mr. X's history. He was tormented by visions of himself pounding rocks in a striped suit and haunted by tales of men who had been convicted for circumstantial evidence. He pictured himself as a hardened criminal sneering at the judge who sentenced him to "99 years at hard labor," and wondered how plain bread-and-water tasted. But alas, his painful reverie was broken when the dawn arrived. The law had appeared in the evening, and Mr. X was released to go his way in peace.

### INVITATION DEADLINE DECEMBER 5

Since all those who are out of school or are not attending with a high school student must present an invitation to be admitted to the Senior Prom at the high school, they are urged to send in their names as either Hazel Rathburn or Miss Doris Buzzard by Monday, December 5. Names must reach the school by the date mentioned if persons want invitations. If anyone is unable to send his name to either of the above-mentioned persons will be please call the high school—telephone 62.

Lands used for grazing can be made suitable nesting cover and range for game animals if precautions are taken to maintain the permanency of the pasture.

Do your Christmas card shopping early, and have really individual cards to win your friends' admiration.

### THE MONROE DOCTRINE Will It Be the Means of Security for the United States?—EDITORIAL

One hundred fifteen years ago today, President Monroe formally declared the Monroe Doctrine a part of our foreign policy. A few weeks ago when President Roosevelt issued the statement that "we will defend South America in a policy of continental solidarity" the newspapers seemed to regard this as a departure from our policy. As one paper put it, "This statement marks the most important departure in the American foreign policy since the World War." However, if one remembers, the purpose of the Monroe Doctrine was to keep the Western Hemisphere free from future colonization of the European powers. The president's statement seems to be the furtherance of this policy. Back of his statement were the recent events in Germany and the fact that Hitler is believed to be eyeing South America for economic and political penetration. If this is true, the President's statement not only aids South America but also the United States, because if Hitler succeeds in gaining control in South America, his next probable step will be North America. Therefore, if the president makes definite commitments now, we will be much better prepared in the future. The confidence in South America, that is to bring the two continents closer together, if successful, will do much towards the end of making the United States and South America feel more secure. Thus, when we regard the Monroe Doctrine, issued 115 years ago, in direct opposition to a popular belief, "what is old is outgrown," we see that although it is old, it is not outgrown.

### CHRISTMAS WREATHS, TAFFY SOLD BY GIRL RESERVES

The Senior Girl Reserves of the high school are again selling the Christmas holly wreaths and salt water taffy as they did last year. These two products have proved very popular among the people of this community in former years and the girls hope for a record.

The attractive wreaths are sold for 25 cents each and are delivered between a week and two weeks before Christmas. The taffy is well liked, especially by children and sells for 25 cents a pound box. A box of taffy would be a welcome Christmas gift to any friend. Orders for either of these may be taken by any member of the Senior Girl Reserves, of which there are 46. The money earned is used to promote the activities of the club.

The Junior Girl Reserves furnished the meat for the two Thanksgiving baskets which the

### CHAMPION SPELLERS CRAMPION SPELLERS IN HIGH SCHOOL

A recent survey taken in Plymouth high school concerning winners in the Detroit News Metropolitan spelling bee shows the following results:

Dictionary and other award winners in Plymouth high school total 67.

The seniors lead the school with 24 winners in their class and the freshmen follow a close second with 23.

Some students have a total of three or four dictionaries to their credit; others have medals, atlases, and certificates, and still others, three in number, have reached the final contest for the state of Michigan. Dorothy O'Leary, winner of three dictionaries, reached the final contest twice, Ellis Brandt, was the fourth up in the final and Doris Shinn, winner of four dictionaries, worked her way into the finals three times. One year she was the runner-up, the next the champion with a trip to Washington and many, many gifts as her reward.

Students in the eighth grade who won awards were Bernard Jarsky, Jean Crandall, Iris Dene Hitt—medal, and Sam McGarry—two dictionaries. Ninth grade winners are Fred Schmidt, Myrl Whitesell, Billooden Blackford, Gerald King—two dictionaries; William Widmaier—four dictionaries; Betty Buttermore, Charles Bonham, Doris Snyder, Harold DeWitt, Edwin Farrar, Dorothy Ritchie—two dictionaries; Albert Ringle, Dorothy Drews—two dictionaries; Robert Kirkpatrick—two dictionaries; Virginia Schonck—two dictionaries; Betty Jewell—three dictionaries; Phyllis Perkins and Annabelle Becker—two dictionaries.

Tenth grade winners are Bernice Kinahan, Olive Mae Bakewell—four dictionaries; Ardith Rowland, Paul Harsha, three dictionaries; Phyllis Hawkins, Hazel Reeder, Dorothy Ebersole, Edward King, Mildred Brose, Johanna McGraw, Victor Buttermore, Betty Scheppelle, James Mulholland, and Lillian Fisher.

Eleventh grade spelling champions are Jean Anderson, Bertha Skogland, Edna Hobbins—two dictionaries; Doris Schultz, Kenneth McMullen, Venita Hauk—two dictionaries; Lilly Wickstrom, Dorothy Bohl—three dictionaries; Marie Koric—two dictionaries; Barbara Meizinger—three dictionaries; Eugene Bakewell—three dictionaries; Dorothy Richards, and Louis Lolin.

The senior award winners are Robert Kenyon—medal; Virginia

### FUTURE ENGINEERS TO MEET IN DETROIT

The Engineering Society of Detroit will hold its fourth annual Guidance meeting, Friday, December 9 for high school seniors who are interested in engineering or any other science. The meeting will be at the Durfee Intermediate school in Detroit at 7:30 p.m. The seniors of Plymouth who are interested are invited to attend. The speaker will be Ovid W. Eshback, director of personnel, American Telegraph and Telephone company. Afterward the boys will break up into groups and will be able to hold an individual discussion with an engineer in his field. The work is sponsored by the Engineers' Council for professional development.

Plymouth will be represented by three boys: Robert Brown, John Brooks and Lewis Gilbert.

### OFFICIALS PRAISE ELEVEN HIGHLY

Coach Jacobi was talking to some football officials the other day. These "men who know" had presided at gridiron tilts all over the state during the season.

One of them remarked that Plymouth had possessed the best-drilled team in the state, barring none. The others agreed heartily.

This is lavish praise coming from non-partisans who make it a practice never to give credit where it is not due, and is a great honor for the Rocks and their coaching staff.

### CLASS NOTES

The American history classes are studying the presidential terms of the early presidents.

Home Economics I food classes are studying foods suitable for luncheons and dinners.

The Home Economics club met at the home of Mary Gotts on Tuesday, November 22 from seven o'clock until nine. The girls sewed on their Christmas gifts for the gift shop and later Mary served a luncheon.

Miss Tyler's seventh and eighth grade English classes have been giving reports on articles from the "Reader's Digest."

**PREPARED... for any emergency**

RAGING FIRES... swirling floods... blinding blizzards... icy sleet storms... many are the means at Nature's command for destroying telephone lines.

This company and its 9000 skilled employees stand ever ready to cope with emergencies, armed with the best equipment and material reserves. Backed, too, by other Bell System companies which, because Bell equipment and methods are standardized, can lend immediate aid.

When the recent blizzard swept northern Michigan, telephone circuits were demolished... towns cut off. Yet this company's repair crews quickly restored service.

When the terrific September hurricane tore through New England at a cost of 500 lives, millions of dollars worth of telephone apparatus was destroyed. This and other Bell companies rushed men, operators, material and equipment into the stricken area. The tremendous task of restoring a half million telephones to service was accomplished in record time.

It is comforting to know that, however great the emergency, this company, with such Bell System backing, is prepared to keep Michigan's vital telephone service alive.

This spoolless town of the tropics had just been completed when the World was started. In 1918 the German forces surrendered Dar-es-Salaam and Tanganyika to the Brit-

ish, and the country was made by the treaty of Versailles into a British mandate. The British have retained the attractive German-built capital.

Economically, Dar-es-Salaam has not lived up to expectations. Considerable trade continues to run in old channels, using ports that are mere roadsteads north and south of the capital. Dar-es-Salaam has a great asset, however, in its railway across Tanganyika territory to Lake Tanganyika.

Because Tanganyika contains some of the best grazing ground on the continent, several tribes of the territory have built their civilizations almost entirely on cattle-raising. The Masai tribe, whose chief interests are wars and cows, owns the richest pastures and the finest herds. They take little milk from their cows; consequently the calves thrive.

Land-Locked Lake Lake Tanganyika is the world's longest fresh water lake. It has many unusual features. Approximately 450 miles long and from 30 to 45 miles wide, it lies in a rift with high banks on both sides. Some sheer cliffs are 2,000 feet and more high. In other places mountains near the coast reach altitudes of 8,000 and 10,000 feet. The surface of the lake is about 2,500 feet above sea level, and its greatest depths are approximately 4,700 feet. Thus its floor is well in excess of 2,000 feet below the ocean level. Only Lake Baikal, Siberia, among fresh water lakes, has a greater depth.

Although Tanganyika is classed as a fresh lake, its waters are sometimes slightly brackish. It teems with fish; more than 200 varieties have been identified. Along parts of the shore are numerous crocodiles and herds of hippopotami.

Sudden tropical storms are a danger to navigation on the lake. The wind whips up through a canyon in the southern end and lashes the lake into a raging sea. Enormous breakers roll up and crash on the shores, often uprooting trees and demolishing native huts.

Lake Tanganyika lies roughly in the middle of the chain of great lakes which stretches north and south through east central Africa for approximately 1,200 miles. The northern end of the lake lies about 200 miles south of the equator. Nearly the entire western shore belongs to Belgian Congo. The northern part of the east shore is in territory of the Belgian mandate of Ruanda-Urundi, while all the remainder of the east coast is part of Great Britain's mandate of Tanganyika. Northern Rhodesia, another British territory, borders the lake for 85 miles at its southern end.

Tanganyika was first visited by Europeans in 1858 when Burton and Speke reached Ujiji on the eastern shore. Ujiji is the memorable spot where Stanley found Livingstone on October 12, 1871. A stone commemorating that meeting still stands in the town, although now about 40 yards from the shore because of the receding of the water since then.

There are less than 10,000 Europeans in the territory, most of whom are residents of coast towns. There also are about 32,000 Asians. They also live largely in the coastal region and are employed in industry and trade.

One of the first moves of Germany after laying claim to Tanganyika in 1884 was toward the abolition of slavery. The government declared that every native born after 1905 was to be free. The wilderness of the region and lack of communications, however, made the enforcement of the decree almost impossible, particularly in isolated regions. In 1922, the British, recognizing the tendency of many tribes north to abide by the decree, made a new attempt to destroy slavery by legislation, and today there is little evidence of the old custom.

Forests covering thousands of square miles of the territory are the basis of a profitable lumber industry. There then are extensive open areas used as farm lands, where sisal, cotton, coffee, ground nuts, and grain are grown for domestic needs, and for export. Other open country supports 5,000,000 cattle, 2,300,000 sheep, and 3,300,000 goats. These and wild game are the basis of a large trade.

Germany's Colonial Demands Bring Tanganyika Into News

This tablet at Ujiji, on the shores of Lake Tanganyika, marks the spot Stanley met Livingstone.

Reich Seeks Restoration Of Land Livingstone Made Famous

Germany's demand that the mandate settlement in regard to Tanganyika following the World war be rescinded, and that the territory be returned to Germany, brings that vast East African region again into the news.

Tanganyika was the bulk of the German East African empire before the World war. The remainder of pre-war Germany's domain, made up of two comparatively small areas, was turned over to the Belgian Congo and Portugal's colony, Mozambique, for administration.

Extending from the shore of the Indian ocean nearly halfway across Africa, Tanganyika covers an area about 4 1/2 times that of England and Scotland combined. Twenty thousand square miles is under water. Boundary lines bisect Lake Victoria on the north and Lake Tanganyika and Lake Nyasa on the west.

If the mandate were relinquished, Great Britain would not only break her continuous chain of possessions from Egypt to the tip of the Cape of Good Hope, but her census enumerators would have to deduct more than 5,000,000 people from the British census. Most Tanganyikans are tribes of mixed Bantu races in various degrees of civilization. Some tribes in remote areas show little, if any, effect of contact with Europeans, while others through the establishment of schools, and missions, have improved their methods of farming.

Of the former German possessions in Africa (shown in black) France holds mandates to Togoland (1) and the Cameroons (2), with a minor interest allowed to Great Britain in both. South Africa (5) holds a mandate for Southwest Africa (3) and Britain a mandate for Tanganyika (4). Angola (6) is held by Portugal.

Lake Tanganyika is the world's longest fresh water lake. It has many unusual features. Approximately 450 miles long and from 30 to 45 miles wide, it lies in a rift with high banks on both sides. Some sheer cliffs are 2,000 feet and more high. In other places mountains near the coast reach altitudes of 8,000 and 10,000 feet. The surface of the lake is about 2,500 feet above sea level, and its greatest depths are approximately 4,700 feet. Thus its floor is well in excess of 2,000 feet below the ocean level. Only Lake Baikal, Siberia, among fresh water lakes, has a greater depth.

Although Tanganyika is classed as a fresh lake, its waters are sometimes slightly brackish. It teems with fish; more than 200 varieties have been identified. Along parts of the shore are numerous crocodiles and herds of hippopotami.

Sudden tropical storms are a danger to navigation on the lake. The wind whips up through a canyon in the southern end and lashes the lake into a raging sea. Enormous breakers roll up and crash on the shores, often uprooting trees and demolishing native huts.

Lake Tanganyika lies roughly in the middle of the chain of great lakes which stretches north and south through east central Africa for approximately 1,200 miles. The northern end of the lake lies about 200 miles south of the equator. Nearly the entire western shore belongs to Belgian Congo. The northern part of the east shore is in territory of the Belgian mandate of Ruanda-Urundi, while all the remainder of the east coast is part of Great Britain's mandate of Tanganyika. Northern Rhodesia, another British territory, borders the lake for 85 miles at its southern end.

Tanganyika was first visited by Europeans in 1858 when Burton and Speke reached Ujiji on the eastern shore. Ujiji is the memorable spot where Stanley found Livingstone on October 12, 1871. A stone commemorating that meeting still stands in the town, although now about 40 yards from the shore because of the receding of the water since then.

There are less than 10,000 Europeans in the territory, most of whom are residents of coast towns. There also are about 32,000 Asians. They also live largely in the coastal region and are employed in industry and trade.

One of the first moves of Germany after laying claim to Tanganyika in 1884 was toward the abolition of slavery. The government declared that every native born after 1905 was to be free. The wilderness of the region and lack of communications, however, made the enforcement of the decree almost impossible, particularly in isolated regions. In 1922, the British, recognizing the tendency of many tribes north to abide by the decree, made a new attempt to destroy slavery by legislation, and today there is little evidence of the old custom.

My Flag!

Flag in a Room A flag unfurled and hung in a room in which officers or enlisted men of the army are present will be saluted by them the first time they may have occasion to pass it, but not thereafter. This rule should apply with all organizations who use a uniform.

When Color Guards Salute The proper procedure for color guards with reference to the Pledge of Allegiance, when passing another United States flag, or on other occasions is as follows: The Scouts actually handling the flag do not salute because their hands are occupied with the flag but the other members of color guard salute; if the flag is in a stand so that no one is actually handling it, then all members of the color guard salute.

Laws Protecting the Flag Numerous laws provide penalties for the desecration, mutilation and improper use of the flag of the United States. The department of justice has issued a warning against desecration of the flag of the United States by aliens in the following words: "Any alien enemy tearing down, mutilating, abusing or desecrating the United States flag in any way will be regarded as a danger to the public peace or safety within the meaning of regulation 12 of the proclamations of the president issued April 6, 1917, and will be subject to summary arrest and punishment."

A federal law provides that trademarks cannot be registered if any use, "the flag, coat of arms or other insignia of the United States, or any simulation thereof."

It has been further determined that this applies to advertising of any kind. The postal department does not object to the use of envelopes bearing pictures of the flag if placed on the back so that cancellations of the stamp will not desecrate the flag.

What To Do With Worn-out Flags "Old or worn-out flags should not be used as banners or any secondary purpose. When a flag is in such condition that it is no longer a fitting emblem for display, it should not be cast aside or used in any way that might be viewed as disrespectful to the national colors, but should be destroyed as a whole private-

Your Michigan--And Mine

NO TICKETS FIXED HERE. UOIG--This is one town where even the mayor can't get a traffic ticket fixed. He received ticket number one, too, but it wasn't an honor. While parked "temporarily" in a "no parking" zone, Mayor E. W. Havel's car was ticketed by an officer of the newly formed violations bureau. It cost him a dollar.

BLACK, WHITE--BOTH FREAKS. Munising--A pair of freak deer, one black and one white, have been sighted here this fall. The first was a large albino buck, sighted on Skeels Lake. Black deer, which are not truly black but dark moose color, have also been seen.

U. P. MICE ARE WILD. Newbury--Snakes eating mice is common, but when a mouse eats a snake, the situation is a bit out of order. A wood mouse and a garter snake were left in the same cage over a week-end at the high school laboratory here. By Monday only part of the snake was left.

SHOT HIS BIRD ON THE RUN. Mt. Morris--Arthur Cole didn't need a gun to get a pheasant. When he saw one crossing his yard, he ran after it, caught it, and carried it home alive. The boy offers his father's written statement as witness.

DAISY TRIPLET. Kalkaska--More freaks of nature have turned up in Michigan. T. W. Sherman of Rowley brought a potato which closely resembles a duck to the local newspaper office, and Mrs. Angus Griffith contributed a daisy flower from which three more blossoms had originated.

IS THIS A RECORD? Reed City--Has Miss Ellen Briggs, 16, established a potato picking record? Following three men digging for eight and one-half days, she picked up 1,550 bushels. In one day alone she filled 220 crates.

Muskegon Heights--A 15-year-old high school student saw his father for the first time here recently. He journeyed here from his native Czechoslovakia, leaving Europe before the recent crisis there.

WOULD THIS HELP? Perry--The editor of the Shiawassee County Journal thinks he has found a way to help Hank Greenberg make 60 home runs next year. He is the recipient of a gourd that is the exact shape of a baseball bat. It is three feet, three inches long and weighs 12 pounds.

ELEPHANT VANISHES. Iron River--The elephant was the symbol for the boys in a CCC camp near Kenton, and was placed on all their trucks and other equipment. This was all right until a national radio artist spoke of it over the air, commenting upon an elephant as an emblem during a Democratic administration. The elephant vanished immediately thereafter.

### OF COURSE SANTA DOES!

"Does Santa Claus go wherever Jesus goes?" asked a little girl a year or so ago when destiny struck a hard blow in her home.

"Of course Santa goes wherever Jesus does," she was told.

"Then Santa will see that my little sister up with Jesus gets some toys and playthings, too," she responded.

In the hearts of little children all thoughts are kindly and unselfish.

Would not this old world be just a Heaven on earth if every person thought the same as little children—if every person thought of the comfort and happiness of others?

Of course there is but one answer—it would be HEAVEN.

### IT IS NOT THE INDIVIDUAL, IT IS THE "SYSTEM."

Harry Toy, in making his campaign for the Republican nomination for governor last summer, for some reason, known only to himself, based his issue upon a personality. Up and down the state he went hitting high, wide and handsome at what most people believed to be the mythical doings of just one person.

Every one who knows anything about the way the public does its thinking knew that this method of campaigning was a fatal mistake. The public is not much interested in an individual who is not a candidate. But the public is intensely interested in the "system" that enables certain questionable political elements to thrive.

Then, too, the public erroneously believed that Candidate Toy was merely a "campaign convert" to the "anti-ism" that he preached so loudly and forcefully. He had never before made much of a ripple about the "issue" he pounded so hard for several months, they said.

It is not the desire or intent to have our readers gain the impression that we are criticizing Mr. Toy or the thing he did. He is a high type of citizen. We are simply pointing out the campaign error in order to continue our discussion of the editorial recently published by Editor DeFoe of the Charlotte Republican-Tribune.

Editor DeFoe would have the readers of his paper believe that the primary vote in Detroit where Mr. Toy was defeated might indicate that the people of Detroit and Wayne county favor the "system" of gang politics represented by a certain handful of gutter politicians.

Such a belief is as far from the truth as the sun is from the moon. Does Editor DeFoe for one minute think that the thousands and thousands of people in Wayne county who voted for Mr. Fitzgerald are followers of or believe in the gutter-type of politics represented by those who practice it in Detroit? If he does, he is terribly mistaken.

In fact, even such a suggestion as he makes is a reflection

upon the good names of a vast number who voted in the primary for Governor Fitzgerald.

These political barnacles attached themselves to the Republican candidate for governor and made it appear to some that they were the personal representatives of the candidate in Detroit. A few, unfortunately, believed it.

What does it mean, Editor DeFoe, when a goodly portion of an audience assembled in the Cass-Tech school in Detroit to hear Senator Vandenberg speak during the campaign, will get up and walk out in disgust when they see the leader of these political barnacles crowd himself on the platform and take a seat in front of the candidates?

Does such a public rebuke indicate that the good voters of Wayne county approve of the type of politics that he represents?

Certainly not! Does Editor DeFoe for one minute think that the good Republicans of Wayne county favor a "barnacle" leadership that will take a political dagger and stab in the back some of the best Republican candidates for county offices the party has nominated in years?

Of course he does not!

These gutter-barnacles cost the Republicans plenty of votes in Detroit and Wayne county, possibly elsewhere.

The fact that the county candidates they opposed ran ahead of the remainder of the county ticket indicates clearly that the "barnacle" political power is just pure buncomb.

These political snipers even went so far as to try and influence the recent election in this legislative district.

"We're putting in a wad of money out there and we'll show him a few things," was the word sent to the Republican candidate.

The election returns show that the voters of the district had something to say about it.

These barnacles are not Republicans, Editor DeFoe. They are just a wet, sticky fungus that thrives wherever the "feed" looks best.

Their type is of no benefit to any party or candidate. In fact, the Republicans might just as well have won by a quarter of a million votes in the last election as by 90,000. That's about what the "barnacle" influence cost the Republican party.

There's a new day ahead for clean, progressive Michigan Republicanism, Editor DeFoe. Knowing that you have represented a go-ahead Republicanism over a long period of years, the good people of Michigan are counting upon you to help clean the barnacles off the bottom of the party and thereby enable it to double its speed forward to a better and more prosperous future for every one.

There are so many problems about us, so much to do and work for, that we shouldn't be bothered for one minute with a mess within our own house. Old people are being deprived of proper assistance, thousands and thousands are still jobless, young men and young women are seeking every nook and corner for an opportunity to do something useful in this busy old world, so let's scrub off the barnacles and make a record in behalf of humanity that will forever be a credit to the administration that will assume control of the state government within a few short weeks!

### GUILTY OF LARCENY.

Recently, The Plymouth Mail published on the first page a group picture of the newly elected state officials. The picture was borrowed by The Mail from The Ingham County News. It was published without due credit to the excellent paper from which it was secured. This failure makes The Mail sort of morally guilty of larceny, guilty of "purloining" something that belonged to The Ingham County News. If the energetic, youthful Mr. Nelson Brown will extend clemency at this time, The Mail will not only return the cut so it can be used in The News when the new officials assume their duties, but it will make a solemn pledge never to again violate the sacred rule of newspaperdom in giving credit where credit is due.

### ALL PULL TOGETHER

A political campaign is a time when people feel their differences and disagreements. When the campaign ends, then is the time for people to think of their points of agreement, and try to work together and co-operate for the general good. The people with whom you differ on politics think about the same as you do on a great many things. They all want good times, the end of unemployment, the prosperity of the masses, the same as you do. They all love their country. After the battles of the campaign have been fought out, it is time for the opposing hosts to get together and ask what they can accomplish for the general good.

So our people had better shake hands across the wordy chasm of politics, and see if through unity of action, they can't induce the sun of prosperity to shine in brighter skies of blue and horizons of hope.—George Neal in The Orion Review.

### REAL DOLLARS FOR THE NORTHLANDS.

What does the deer hunter bring into northern Michigan? Well, it is something to think about. Even though he buys his clothing and license, hunting equipment, etc., before starting north, he will spend an average of \$3.00 a day while in the field. With 100,000 of them in northern Michigan, it means approximately a third of a million dollars a day, and the average hunter will spend from 3 to 10 days in the woods. In other words hunters mean in dollars and cents about \$2,000,000 each fall to this section. This would give two thousand families, or more than the population of Otsego county, an income of \$1,000 a year. So, from a dollars and cents viewpoint, hunting is a valuable industry, just as is resorting in the summer, and worth some consideration and protection, which should make us all conservation minded.—Paul McDonald in The Otsego County Times-Herald.

of free speech and a free press even though it permits the Republicans to say such nasty things about the Democratic office holders, and the Democrats to say the same things about the Republicans when they are in office. It's just politics.—H. J. Richardson in The Augusta Beacon.

### MICHIGAN'S WELFARE SET-UP STILL NEEDS REORGANIZATION

The fact that proposition No. 4 on the amendment ballot was defeated at the November 8 election, does not obviate the need of a change in our state welfare set-up. Instead, it indicates that the people of Michigan were unwilling to accept what the existing law provided. It is likely that the incoming legislature will give this matter early attention.

Many thoughtful students of government recognize in this law a worthwhile attempt to bring order out of chaos and confusion. . . . At the same time, they believe that the law went too far in centralizing power in a single bureau, or board, in the state and that the tie-up with the federal government was undesirable. Probably that one feature, more than any other, was responsible for its defeat by a small margin.

With \$30-every-Thursdays' suggestions coming along with other equally fantastic and unsound vote-catching suggestions, it remains that there is an increasing number of people in the government who have become obsessed with the idea that the government owes them a living without their having other qualifications than old age or unemployment. This fact is growing. It is being encouraged. If we are to escape some disastrous form of relief of the Utopia brand, we must get our welfare and relief machinery in order. Today it is a hodge-podge or conflicting and over-lapping agencies which at one and the same time duplicate and neglect.

We voted against the No. 4 proposition. Our reasons were those stated above. It was not, however, without mental hesitancy and reservations. It was, perhaps, like some other election considerations—the lesser of the two evils. We hope that the incoming legislature will correct the faults of the law just discarded and put Michigan's relief on a just and businesslike basis.—Schuyler Marshall in The Clinton County Republican-News.

**BETHLEHEM**  
I am back in sacred Bethlehem,  
The little town endeared,  
Where shepherds watched their flocks by night  
Until the Star appeared.  
  
I'm here tonight in Bethlehem  
Where angel hosts did sing.  
Of "peace on earth, good will to men"  
To greet a new born King.

I glimpse the roads of Bethlehem  
Where stately Magi trod,  
And bore their fragrant costly gifts  
To humbly worship God.  
  
O, sacred, favored Bethlehem,  
(O, starry night sublime!)  
How oft I longed to tread thy streets  
In far off ancient time.

To see thee as the prophets old  
Had known thee, then, unsung:  
A hamlet waiting dreamily,  
A Savior yet to come.

And fain would I have followed Him  
And touched His robes Divine,  
And seen Him bless the little ones  
Who, on His knees would climb.

O, Bethlehem, O, Star of Hope,  
Speed fast the longed-for day,  
When Love shall conquer every heart  
And Peace shall reign for aye.

### Lovely To Look At--But No Fun To Know

Have you ever seen a person like that? I remember, one time when I was on a trip, sitting in a brother optometrist's office and watching (I supposed) a patient of his. She was beautiful to look at—and you can't say that of everybody. Pretty soon the doctor came out and she rose. "I just came in to tell you I have decided I just won't wear any glasses," she said—and she meant it!

He tried to convince her that she needed help for her near work, but she "didn't wish to care for any" and that was that. To demonstrate that she needed no help, she picked up a magazine and started reading out loud to the doctor. I wish you could have seen that beautiful forehead. It was all wrinkled up from the effort she was making to read. The lines above her nose that I had not observed when her face was in repose stood out like ridges and the tiny wrinkles at the corners of her eyes were now in evidence.

After she had left, my optometric friend confided to me that she had terrible headaches and a sarcastic tongue that was known and feared all over town. "And to think I could abolish those headaches and sweeten her disposition," he lamented while I added to myself, "Yes, and do a lot more to prevent those wrinkles and crows feet than all the creams and lotions she can put on."

Why do women get the notion that glasses do something to their charm? Charm lies deeper than looks, and a sorry disposition will make even the most beautiful face shunned. As a matter of fact, with the materials available today, actually I can add to the attractiveness of almost any person. That's what I try for—a better appearance as well as improved seeing efficiency.
