

State's Economy Program Sends Hordes of Job Seekers Back to old Haunts—Lean Days Ahead

Financial Plight Grows More Serious as Murphy's Deficit Grows by Leaps and Bounds

(By ELTON R. EATON)

Hungry days are ahead for all the political boys and girls who had expected to grow sleek and fat at the state's dining table during the next two years. Seeing nothing but lean days before them, with nary a thing to hope for, most of the self-seekers, who have been camping in Lansing since January first, have packed their night shirts and shaving kits and started homeward.

The state payroll is not only going to be cut, it is going to be dissected and reduced to such an extent that even Mr. Taxpayer, who is the paymaster, will barely recognize it.

The process is going to be painful, but the new Governor and the legislature have decided that it is necessary and when they decide a thing, those who know the inside of things know it is going to be done.

The new auditor general, Vern Brown, isn't any too kind to the greedy job holders. Think of it! He's held up a big batch of expense accounts and he is asking these boys, who spend most of their time gadding about the country, the Lord only knows what for, how come it costs so much for them to go hither and yonder.

If the badly bent taxpayer could only know how his hard earned tax dollars had been squandered during the last couple of years, he'd just turn over and croak. The shock would be so great he couldn't stand it.

Automobiles and limited trains haven't been fast enough for these helter-skelter boys and girls. They've been so speedy that they have had to burn up tax dollars by flying through the air, way up in the clouds. That's where most of them have been anyway during these New Deal days in Michigan.

While poor old Mr. and Mrs. — who are over 80 years old were being cut off the old age pension list because the state was short of funds, records show that there was something so urgent about building that new bridge across the Straits up at Mackinac that one Lansing job holder had to go flying here, there and everywhere to get something done about it. Some day after the pressure of legislative work has eased up a bit, the writer will prepare a special article on the expense accounts of some of the state employees, showing detailed data about the way tax dollars have been thrown to the winds.

For the third time in recent years an effort to "pack" the conservation commission has been killed by the legislature. The bill that would have provided nine members instead of seven has been referred back to committee upon the request of one of its introducers, where it will probably remain in peace and happiness during the remainder of the session. The conservation commission was created under the administration of Governor Alex J. Groesbeck. It has always been a body of men who were not only uninterested in the nearest it ever came to being wrecked was at the time Wilbur Brucker was governor. Then a bill was passed by the house providing for two more members, but the proposal was killed in the senate.

The state's financial situation is the big headache up around Lansing. The legislature finds itself confronted with a condition whereby the income of the state is not sufficient to meet the operating expenses and on top of that situation there is a deficit from the Murphy administration that will exceed \$26,000,000 that must be paid in some way.

There has been some suggestion made about raising new taxes, but the legislature knows full well that this cannot be done. There has been some consideration given to the possibility of raising the corporation tax to a large number of dollars, but there is no decision reached on this point.

Governor Dickinson and members of the legislature are in agreement on one point, and that is that until the Murphy debt is paid there must be a very rigid curtailment of all state activities. Not only is there going to be a consistent reduction in state payrolls, but there is also going to be a consistent reduction in the number of workers, but there is a possibility that some departments may even be eliminated. It is difficult for the average person to understand how "big and important" one of these departments become after it has once found its way into the pockets of the taxpayers.

But one should not blame entirely the political job holders for the financial plight of the state. Certain professional groups have been pretty greedy as well. Just a little studying of the way that the appropriation for caring for afflicted children has been spent would be an eye-opener to many. But the legislature hopes to be able to plug up this leak in state funds.

From the role of a hard-working country editor who "touches not the cup" that might be overflowing with red wine, to the position of state liquor czar, the transition that Editor Muri DeFoe of the Charlotte Republican-Tribune has just gone through.

Well, kind reader, there is this about it, as long as Doc DeFoe is in control of the state's liquor business, you will never read in your newspaper anything about state liquor being peddled about among state employees to provide holiday cheer as was done back in the days under Frank Murphy.

No. You have guessed it right—nothing was ever done about that "leak" distribution of several truck loads of state owned booze among the "higher up" members of the Murphy official family. Of course everybody had a good time.

While talking about booze, you will also be interested in knowing that that semi-bar room which flourished in the basement of the capitol hasn't been functioning since the New Dealers have been moving out of the old stone building to bigger and better jobs that provide pay checks from Uncle Sam's rapidly diminishing pocket-book.

Catholics Plan to Build Church in Near Future

To Hold Several Benefits to Raise Money This Year

Father V. J. Renaud, of Our Lady of Good Counsel church, announced today that definite plans for the completion of the catholic church building are now under way.

The new building will be erected over the basement which has served as a church since the former building burned December 23, 1933. At the time that the original building at the corner of Dodge and Union streets was destroyed, Father Frank LeFevre hoped to re-build, but circumstances have prevented the work from being undertaken. The style previously planned is Spanish architecture and this will undoubtedly be used.

Plans for the super-structure of the church were made at a recent meeting of the men's and women's organizations. Dr. H. J. Brisbois, president of the Catholic Young Men's club, said that members of the parish will raise money for the work by a series of fund-raising advertisements elsewhere in this issue of The Mail. The departments of the church have been relocated and enlarged to give better service to Plymouth customers and new merchandise will be offered throughout the store. Almost the entire second floor will be occupied by a modern dress shop. Here local shoppers will be pleased to find trade names found in metropolitan stores; modestly priced June Arden frocks and others by well-known manufacturers will be among these. In the lingerie section Formfit and American Lady garments will be sold, and graduate co-sartiers will be in charge to fit customers.

Catering to the needs of the small child, the baby department will be supplied with well-known brands of clothes, toys, and accessories. As an opening day low-priced feature, this department is offering to all residents the opportunity to have their child's first shoes cast in bronze and mounted as book-ends.

Crown-prints "Talk of the Town" are featured in the dry-goods department. Hosiery, gloves, artificial flowers, handbags, gift jewelry and neckwear are some of the other articles which will be offered to residents of Plymouth in greater sections of colors, styles and prices than ever before in this store.

In part of the additional 2000 feet of space left by the removal of the furniture to Blunk & That-cher's new store, a modern currier and draperies department comparable in city stores has been installed.

The store aims to satisfy the long felt need for a complete dry-goods and ready-to-wear establishment in Plymouth.

Monday is Election Day in Michigan

Plymouth to Elect Three to City Commission

Monday is election day—and contrary to usual expectations, it is believed that the vote this spring will be a fairly good sized one.

The city of Plymouth will elect three city commissioners, the townships will elect new officers, and the state will elect a number of important officials, including regents for the University of Michigan, state school superintendent, members of the state board of agriculture, and two justices to the supreme court.

In addition to these officials there are two special questions on the ballot to be voted upon. There are six candidates for the three places to be filled on the city commission. Fortunately for Plymouth, all of the candidates are worthy of the places to which they aspire and their election will depend largely upon which ones get out the greatest number of their friends.

Jack Cowan, county auditor, will have a walk-away in this part of Wayne county. What the result will be in Detroit, no one knows, but he should win reelection to his post, say enough.

The fact that Wayne county has four names on the Republican state ticket ought to help a bit.

The four are Henry M. Butzel, for justice of the supreme court; Kake for regent; Mary E. Farnsworth, president of the Detroit Teachers association, for member of the state board of education. (Continued on Page 2)

New Department Store Will Open on Saturday

Taylor-Blyton Have Enlarged and Remodeled

Taylor and Blyton Inc., successors to Blunk Brothers, will open their dry goods and department store for business Saturday morning at 9:00, according to a full page advertisement elsewhere in this issue of The Mail.

The departments of the store have been relocated and enlarged to give better service to Plymouth customers and new merchandise will be offered throughout the store. Almost the entire second floor will be occupied by a modern dress shop.

Maben Resigns as Manager of Hotel Mayflower

Board Appoints Ralph G. Lorenz to Fill Vacancy

Fred D. Schrader, president of the Plymouth Community Hotel company, announced today that the board of directors had accepted the resignation of F. Clair Maben as manager of the Mayflower hotel. Mr. Schrader stated that it was with the greatest reluctance that the board received the notice that Mr. Maben would no longer be available as manager. He has served in that capacity at the Mayflower for the last nine years, coming here from Iowa where he served in a similar capacity for a long period of time.

President Schrader also announced the appointment of Ralph G. Lorenz, known locally as "Gobby," as the new manager to succeed Mr. Maben. Mr. Lorenz came to Plymouth in 1921 and has made his home here since. He is a graduate of the Plymouth high school and the Ypsilanti Normal college. For eight years he was employed in the Paul Hayward store and for four years he was associated with the large cafeteria in Charles McKim's hall at Ypsilanti. Two years ago he became a partner in the Hillside Barbecue and remained there until the last few weeks.

In 1937 he married Mabel Dana, of Caledonia, Ohio, whom he met while attending the Ypsilanti Normal of which she, too, is a graduate. He has made his residence on South Harvey street during the last two years but will move into the hotel the latter part of this week.

300 Teachers Attend Meet

Over 300 teachers, attending the teachers' institute held here Monday, agreed that the program arranged under the direction of local officials was one of the best ever held for them.

Instructors from Belleville, Wayne, Northville, Flat Rock, Redford Union, New Boston and Romulus participated in the discussions held during the afternoon at the high school.

The session ended with a banquet in the high school gymnasium where George A. Smith, superintendent of Plymouth schools presided as chairman. Invocation by Rev. G. H. Ess of Plymouth opened the affair. Wayne County Superintendent of Schools Fred C. Fischer introduced many of the guests present to the teachers.

Following a violin solo by Miss Doris Hamill an address "In Spite of the Depression I am Still Rich" was given by C. W. Otto, secretary of the Chamber of Commerce of Lansing.

The speaker impressed those in attendance with the thought that regardless of one's handicaps he perhaps has more to live for than his fellow men and gave several examples of people today who are rendering a great physical service under great physical strains.

Teachers were told by the speaker that they had wealth if they had friends, freedom, sense of humor, a smile and the ability to take it. His talk was a most interesting one and all agreed that he had left them a most inspirational message.

Ticket Sales are Limited Because of Big Demand

Sellout is Assured for April 6th Entertainment

The interest and appreciation of the citizens of Plymouth in the Ex-Service Men's club presentation of talent for the benefit of the Plymouth high school uniform fund, has made it necessary to limit and in many cases cancel the allotment of tickets requested by out-of-town groups, according to Harry Barnes, general chairman of the sponsoring committee. The ticket committee is now limiting sales to Plymouth and can only furnish one adult and one child's ticket to each. The list of contributing talent on the program, all of which has been offered without charge to the Ex-Service men and the band uniform committee, had created such widespread and popular approval that a sell-out was indicated before the tickets went on sale.

The program consists of the Ford Trade school band made up of 35 accomplished musicians under the direction of Bandmaster T. C. Pettovello, Sr. Pettovello said, in reply to the Ex-Service men's request for his band's services, "We consider it an honor and privilege to contribute our services in behalf of such a worthy cause. Anything that will lead to a possible development in the field of music is heartily endorsed by our band members."

Rate Slash Made by Phone Co. on Zone Calls

Plymouth Benefits from Reductions Just Made

Plymouth telephone users who have occasion to make calls to Detroit will benefit from the zoning plan which the Michigan Bell Telephone company will make effective April 1 and which is expected to save telephone users within a 45-mile circle of downtown Detroit a quarter of a million dollars yearly. Announcement of the effective date was made today by J. R. MacLachlan, manager in this area for the company.

The plan, which was authorized under order of the Michigan Public Utilities commission January 10 of this year after months of study and negotiations with the Michigan Bell company, creates a new "Detroit District Exchange" that includes Detroit and the 30 or more suburbs served by the exchanges of Birmingham, Center Line, Farmington, Livonia, Roseville, Royal Oak, Trenton, Wayne and Wyandotte exchanges. Considerable savings are made possible for many users of telephone service between those points.

In addition to the savings to the public resulting from the establishment of the new district exchange, substantial reductions are being made in toll rates between the present Detroit exchange and points within approximately 45 miles of downtown Detroit, but outside the district exchange. These points are: Alameda, Almont, Ann Arbor, Armada, Belleville, Britton, Big Beaver, Brighton, Clarkston, Dexter, Carleton, Dryden, Dundee, Erie, Fenton, Flat Rock, Goodrich, Hadley, Holly, Howell, Ida, Leonard, Linden, Macon, Maybee, Memphis, Metamora, Milford, Marine City, Milan, Monroe, Mt. The Men's club of the First Baptist church will hold a supper at 8:30 Monday evening, April 3, in the basement of the church. All men of the community are welcome. There will be no charge, only a collection to help defray expenses.

Reverend Alvin Morris of the Bethel Presbyterian church of Detroit will be the speaker for the evening. Music will be provided by the men's quartet.

On proposition No. 1 on your ballot Monday. It provides that the future nomination and election of judges shall be non-partisan.

Vote NO

On proposition No. 2 on your ballot Monday. That is a question which has been submitted for your decision by the legislature. It would give circuit court commissioners additional authority now held by justices of the peace. It is of no benefit except to those holding offices and should be defeated.

D. A. R. Meeting Now at Saginaw

Four representatives of the Sarah Ann Cochrane chapter of the D. A. R. are attending the state conference in Saginaw today and tomorrow.

Mrs. Sidney D. Strong, regent of the chapter, Mrs. Dwight Randall, state registrar, Mrs. Robert Leary, senior president of the Plymouth Corners society of the C. A. R., and Mrs. Merle Bennett, went to Saginaw as delegates. The conference is being held in the Hotel Bancroft and the state regent, Mrs. Bessie H. Geagley is the presiding officer.

Mrs. Strong said that the series of meetings will be closed on Friday evening with a formal banquet. Grove Patterson will be guest speaker at this affair and has chosen for his subject, "American Education For What?"

Wildlife Club Sets Monday for Annual Meet

To Elect Officers, Plan New Program and Legislation

The first annual meeting of the Western Wayne County Conservation association will be held at the Mayflower hotel next Monday evening at 8:00 p.m. Election of officers for the coming year and a discussion of plans for the year's activities will be held.

During Wildlife Week, which ended on March 25, members of the local organization were reminded of the accomplishments of their club since its inception one year ago. The local conservation group now includes 276 members from western Wayne county. During this first year of an organized conservation group in this locality, 12 business meetings were held and entertainment provided. Members enjoyed an outdoor picnic and three special banquets, adopted and purchased an official pin, joined the Michigan United Conservation club, assisted in conservation legislation, provided feed for birds throughout the winter and placed approximately 2000 acres of hunting land under regulation by posting in conjunction with the department.

President B. E. Champe indicated that an even more extensive program has been planned for next year. The officers want to sponsor more outdoor events; picnics, bait and fly-casting contests, crow shoots, trap shoots, fishing contests and field trials. The club also wishes to get more hunting ground protected and regulated by posting.

Officers who guided the association through its first year were Dr. B. E. Champe, president; W. E. Forney, of Northville, vice president; Lisle H. Alexander, secretary; and Jack Taylor, treasurer. Members of the executive board included Harold Bloom, Dr. Paul B. Goss, C. Ross, G. M. Jewell, R. D. Merriman, Mark Chaffee, Jack Van Coevering, William Rambo, E. R. Widmyer and Eddie Wood.

It was an interesting fact that George A. Smith, first president of the club, was elected to the position of chairman of the organization a new American flag.

Present also at this important occasion was District Governor Roy Plumb of Detroit. Mr. Plumb briefly extended his congratulations to the club and presented upon its outstanding growth and the good work it has accomplished during its 15 years of existence.

The Rotary club was organized in March 1924, and the charter was presented to Governor Paul H. King, district governor in 1924-1925. The club was sponsored by the Rotary club of Wayne, and one of its members, Dr. Edward Lee, was appointed the governor's representative, in the formation of the club.

The first club held its weekly meetings in the basement of the Pennington-Allen building, and then followed a period of trying to find a permanent home. It met in the old Masonic dining room (over Schrader's store on Pennington avenue), the new Masonic temple dining room, the auditorium of the high school, and then to the Lutheran church. The club continued to meet in this latter place until the Mayflower hotel was completed in 1927.

The officers and charter members of the club when organized were as follows: President, George A. Smith; vice president, Edward C. Hough; secretary, William Wood; treasurer, Sidney D. Strong; sergeant-at-arms, Frank Rambo; Fred D. Schrader, Edgar K. Bennett; Fred A. Dibble; Charles M. Mather; Otto Bayer, Jesse Hake, Carl Shear, Harry S. Lee, Calvin Whipple, Dr. R. Edward Cooper, Roy R. Farrot, Dr. George Champe, Frank B. Samsen, Paul J. Wiedman, Harry R. Lush, John S. Daydon, Harry C. Robinson and William T. Pettigill. * Deceased.

Rotary Club Celebrates 15th Anniversary

Last Friday Evening's Event Outstanding Affair

Plymouth Rotarians last Friday evening celebrated the 15th anniversary of the organization of the club in this city by holding one of the largest and most successful banquets the club has ever held. The Rotarians made it a night for the ladies as well, and the Rotarian women seemed to enjoy the occasion just as much as did the most enthusiastic Rotarians present.

Because of the fact that it was the Wayne Rotary club which sponsored the organization of the Plymouth club, members of the Wayne club were invited and a large delegation from that city attended.

President Andrew Dunn and the various members of the committee that had the event in charge, saw to it that there wasn't a single thing overlooked that would in any way help make the event a success. The Mayflower hotel served one of its usually good banquet menus and the program was one of the best the club has ever had.

William Otto, secretary of the Lansing Chamber of Commerce and former district governor of the Rotary clubs in western Michigan, was the chief speaker of the evening. Mr. Otto, registrar of the establishment of eminent speakers in Michigan, for over thirty minutes held the close attention of every one present.

He told briefly of Rotary and its aims, of its founding by men such as go to make up Rotary clubs everywhere.

"One of the chief aims of Rotary is to create friendships. It led to the establishment of the first Rotary club, hunger for the fellowship that every man enjoys," said Mr. Otto.

"If every man in the world were a Rotarian, there would never be another war," he declared as he briefly referred to world-war affairs.

Invocation was delivered by the Rev. Walter Nichol, pastor of the First Presbyterian church. Group singing was led by Glenn Jewell. Special musical numbers were provided by Leland Olmstead, a member of the Hamtramck Rotary club and director of the musical department of the public schools of that city. Mr. Olmstead is one of the outstanding school musical directors of the Middlewest. Through his efforts the school of Hamtramck's public school musical department has won first rank position among the schools of the state. He was accompanied by Neil Green from the same city.

It was an interesting fact that George A. Smith, first president of the club, was elected to the position of chairman of the organization a new American flag.

Present also at this important occasion was District Governor Roy Plumb of Detroit. Mr. Plumb briefly extended his congratulations to the club and presented upon its outstanding growth and the good work it has accomplished during its 15 years of existence.

efforts have been rewarded a thousand fold through the hundreds of boys and girls he has helped to develop their talent in music, art and recreation.

William Burton, of Highland Park, will entertain with hillbilly and folk songs of the mountain dwellers. Mr. Burton is also an accompanied interpreter of the sacred and spirituals of the South, but the program time limit will restrict him to only the one phase.

The Ypsilanti high school Girls' Drum and Bugle Corps, consists of a group of girls from the Ypsilanti high school who will be presented through the courtesy of Norris G. Wiltsie, principal. Information reaching the committee, prior to engaging this group credits them with being the best drum and bugle corps of girls in the state in talent, and one of the finest uniformed groups in the nation.

The Ford mountaineers are too well known in this community to need description. Their photographs are probably on more father and son banquet programs of Boy Scouts and younger boys of Plymouth than any other quartet of entertainers ever presented in this city.

Lois Hoffman, of Rosedale Gardens, a student of Plymouth high school, will entertain with

novelty tap dances. Miss Hoffman's talented routine of dances is recognized by hundreds of appreciative lovers of dancing in this section of the state and the fine performance expected on this program will enhance her popularity.

Last, but not least, on the program, comes the Hi-Steppers, Plymouth's own favorite orchestra. This orchestra is composed of present and former students of Plymouth high school and their fine performances are securing them recognition in musical circles of this section of the county.

The date is Thursday evening, April 6 at 8:00 p.m.; the place is Plymouth high school auditorium; and the benefit, Plymouth high school band uniform fund.

Detroit, because of its size, is divided into several areas for suburban toll billing purposes. Toll rates between those points outside the district exchange but within the 45-mile circle, and Detroit, will be based on the distance to the center of the particular area in Detroit to or from which the call is made. As a result, the toll rates between Plymouth, for example, and the nearer portions of Detroit, will be reduced. For instance, the present rate from Plymouth to any telephone in the Detroit exchange area is 20 cents. Under the new zoning plan, the rate from Plymouth to the closest portion of Detroit will be only 10 cents, plus any overtime charges that may apply and the rate for a call to down-town Detroit will be 20 cents.

The rate reductions on calls between Detroit and points outside the district exchange, but within the 45-mile circle, will vary from 5 cents to 15 cents, whereas the few increases that result on calls to or from the "far" side of Detroit will in no case be more than 5 cents. There are relatively few of the latter type of calls.

TOWNSHIP CLUB ORGANIZED IN LIVONIA
The Township debate which was held Tuesday, March 28 on the question, "Resolved, That the Towns Plan should be adopted" was both interesting and educational and was well received by the audience. Miss Jewel Starkweather took the affirmative and Busel Kirk the negative with Mrs. Ruth Huston Whipple presiding.

Last Saturday evening several cars with officers and members of the local Township club drove to Livonia Center where a new club was organized with 47 charter members.

The next regular meeting of the local club will be April 3 at the Grange hall. The public is cordially invited.

New Detroit District Telephone Exchange

UNDER THIS PLAN, effective April 1, Detroit and nearby suburbs are grouped in a zone arrangement and Detroit is further divided into seven areas, as indicated, with adjustments in many rates for interzone telephone calls that will result in annual savings of approximately a quarter of a million dollars to telephone users. Included in the plan, also, are adjustments downward in many rates between the various areas of Detroit and the points outside the new district exchange but within 45 miles of downtown Detroit.

and Forest H. Akers, vice president of Chrysler corporation, for member of the state board of agriculture, controlling Michigan State college.

The other Republican candidates are Justice Howard Wiest, dean of the Michigan bench, now in his fortieth year of judicial service, for re-election to the supreme court; Dr. Eugene B. Elliott for re-election as superintendent of public instruction; J. Joseph Herbert, Manistique lawyer and leader in alumni and Legion affairs, for the university re-election; and Melville M. McPherson for the board of agriculture.

Democrats have honored two Detroiters, former Circuit Judge Thomas J. Murphy, for the supreme court, and Charles L. Lockwood, a lawyer active in the National Lawyers Guild, a labor leader and leader in the fight for a state milk price control statute, for the regency.

Teamed with Murphy for the supreme court is Clarence J. McDwyer, of Crystal Falls, representing the upper peninsula. Benjamin H. Halstead, of Petoskey, is asking re-election to the agriculture board, teamed with Albert LaLonde, of Genesee, active in the Farm Union movement.

Mrs. Corinne Wilson, of Saginaw, seeks re-election to the state board of education, with Dr. Meyers, Lockwood's running mate for the regency.

T. Thomas Thatcher, of Ravenna, Muskegon county, former state representative and clerk of the House, is matching strides with Elliott. He is one of the co-authors of the Thatcher-Sias school-aid bill.

Plymouth is especially interested in the candidacy of Dr. Eugene Elliott for superintendent of public instruction. He is a brother of City Manager Clarence Elliott and has frequently visited in this community. Because of this fact the vote in Plymouth will, without much doubt, be somewhat larger than it ordinarily would, as there are many here who are anxious to see Mr. Elliott continued in office for another term.

The board for the election on Monday will be: Precinct One: Helen Goodman, chairman; Mrs. Elizabeth Willis, inspector; Miss Verne Rowley, inspector; Miss Mabel Spier, clerk; Lester Daly, clerk and Charles Burch, gate-keeper. Precinct Two: Frank Toncray, chairman; Mrs. Ed Reber, inspector; Minna Brems, inspector; Mrs. Grant Stimpson, clerk; Mrs. Karl Starkweather, clerk and Marshall Gleason, gate-keeper. Precinct Three: William Petz, chairman; Rose Havershaw, inspector; Mrs. Fred Thomas, inspector; Mrs. Gayle Donnelly, clerk; Mrs. Sidney Strong, clerk and Frank Durham, gate-keeper. Precinct Four: Arno B. Thompson, chairman; Josephine M. Fick, inspector; Mrs. Alvin Collins, inspector; R. A. Zimmerman, clerk; Mrs. Hazel Withey, clerk; and Ernest Houseman, gate-keeper.

Many interesting points were brought out in regard to closets and storage spaces, especially how to make all storage space in the home more convenient. Miss Margaret Cole, home extension leader for Wayne county, was guest of the group at the meeting.

Clifton Hoffman, of the Newburg Methodist church preaches on "My God, My God! Why Hast Thou Forsaken Me?" A cornet solo "Neath the Old Olive Trees," by Kenneth McMullen will open the fifth period of prayer from 1:45-2:10. The sermon "I Thirst" will be given by the Rev. Robert North of the Nazarene church on "The Word of Need."

An organ interlude and silent prayer opens the sixth part of the program which will last from 2:10-2:35. "Ave Maria" will be played by Miss Doris Hamill as a violin solo and the Rev. Nichol will preach on this topic. Mrs. W. S. McAllister and Mrs. M. J. Moon will sing a duet. After the group singing of a hymn, benediction will be said before the crowd disperses.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00.

"Unreality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 2. The Golden Text (Proverbs 30:8) is: "Remove far from me vanity and lies; give me neither poverty nor riches; feed me with food convenient for me." Among the Bible citations is this passage (Psalms 27:14): "Wait on the Lord; be of good courage, and he shall strengthen thine heart; wait, I say, on the Lord." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 254): "When we wait patiently on God and seek Truth righteously, He directs our path."

SALEM FEDERATED CHURCH. Let us all make a very special effort to be present at the morning service on Sunday, April 2 at 10:30 o'clock. "The Cross" is to be the theme. Bible school, 11:45 a.m.; "Saul Becomes a New Man," Acts 9: 9-19. Memory verse: "If any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new." Corinthians 5: 17. Evening hymn-sing, 7:30 o'clock on Sunday. The ladies of the Aid society plan to have a hard-time social in the church basement, Friday evening, March 31. There will be games, some short plays and the boys' orchestra. Bring your family, as it is the kind of good time the children will enjoy, too.

NAZARENE CHURCH. Robert A. North, pastor. Holbrook and Pearl streets. Bible school, 10:00; morning worship, 11:15; junior society, 6:00; young people, 8:30; evening service, 7:30; prayer and praise, Wednesday, 7:30. A fine increase in attendance was recorded last Sunday in our Bible school. Much of this was due to the good weather, but we cannot place all the credit here. There has been much time, interest and good instruction given to the children of our primary and junior departments by our fine staff of teachers, which should not be overlooked. Also much credit goes to the young people and Mrs. North in sponsoring the children's meetings on Wednesday afternoons and Sunday evenings. There has all contributed to the increase in attendance shown lately. In Mark 12: 41, 44 we have an account of Jesus watching the people cast their offerings into the treasury of the temple. And calling his disciples he held them how the widow had cast in her two mites. This poor widow, Jesus declared, had cast in more than all the rest of the givers. She had sacrificed to give two mites, the rest had given of their abundance and surplus. This is the test of giving. How much of real sacrifice does our giving unto God represent? This poor widow was saved down and including her pocketbook. I wonder what would happen on the mission fields and in the home church if all of God's people were saved that far down.

Next Sunday our offering goes to the Building Fund, so let us take a lesson from this poor widow that Jesus took notice of.—M. P. Clark, Sunday school superintendent.

CHURCH OF CHRIST—Now meeting in hall above Beyer's drug store. Bible study starting at 10:30 a.m. Classes for all ages. Everyone is welcome.

SEREA GOSPEL CHAPEL—Pent. Assemblies of God. John Walaskay, pastor. Sunday school, 10:00 a.m.; morning worship, 11:00 a.m.; young people, C.A., 6:30 p.m.; evening service, 7:30 p.m.; mid-week prayer and study at 160 Union street Thursday evening, 7:45 p.m. Ladies' cottage prayer meeting on Wednesday afternoon, 2:00 p.m. All Sunday services held in I.O.O.F. hall on Main street. The Lord is blessing in a mighty way if you haven't been getting your share of blessing, come out and worship with us where the full gospel is given to you. Parents, if you are not attending church on Sunday, bring your children to Sunday school this Sunday. God tells us in Prov. 20: 11, "Even a child is known by his doings, whether his work be pure and whether it be right. Also Prov. 28: 6, "Train up a child in the way he should go; and when he is old, he will not depart from it."

At this time several adults will be received into the membership of the church, some of whom are applicants for the sacrament of baptism. The annual meeting of First Presbyterian church, Plymouth, Michigan, will be held in the hall of the church on Wednesday, April 5, for the receiving of reports of the last year, the election of officers and the transaction of any other business, which may properly come before the meeting. The women of the church are planning a potluck supper in which all interested and especially all members are invited to share. Bring food and dishes and come to the dining room of the church at 6:00 p.m. next Wednesday. After the supper the business meeting will follow. Come with your questions, your criticisms and if you have any word of encouragement bring that along too. The people of the Presbyterian church are urged to support by their attendance the annual community Good Friday service which is to be held in the Methodist church Friday, April 7 from 12:00 to 3:00 p.m. You will find fuller announcement elsewhere in this paper. The Easter service is being carefully planned. Two choirs are preparing special music for that day. Children will be dedicated in baptism at the service.

The Easter service is at 10:30 a.m. There will be a short program given by the younger Sunday school scholars, then baptism, reception of new members, the Easter sermon by the pastor, special music and the Sacrament of the Holy Communion. In the evening a service at 7:30.

CALVARY BAPTIST CHURCH. Holbrook and Harding, Lynn B. Stout, pastor. 615 North Mill street. Sawdust and corn meal look very much alike, but there is much difference in their food value. All sermons have certain similarities, but only those which come directly from the "grist mill" of God's word, not from the "saw mill" of man's philosophy have any food value for the soul. Beware of sawdust. Sunday services: Preaching, 10:00 a.m.; Bible school, 11:15 a.m.; B.Y.P.U., 6:30 p.m.; preaching, 7:30 p.m. Bulls' Eye No. 30. Church members' eyes that are accustomed to the "silver screen" are eyes that never weep over the souls of sinners.

Extension Telephone saves Four Lives

BECAUSE Robert Wochholz had an extension telephone on the second floor of his home in Albion, his family is alive today! Here are excerpts from his tribute to the protection an extension telephone affords, published with his permission.

"In addition to the extension telephone having saved us many, many trips downstairs, it proved the best investment I ever made when, on the night of January 23, 1939, our house caught fire, trapping my wife, our two children, and a maid on the second floor.

"After calling the fire department over the extension telephone... they crawled onto the porch roof and were taken down by the firemen.

"... If it had not been for our extension telephone upstairs, it would have been virtually impossible for my wife to summon the fire department."

The low cost of an extension telephone... 2 to 3 cents a day... places its protection and convenience within reach of every family. A small connection charge applies. For complete information, call the Telephone Business Office.

Five More Wins to Cinch Title

The Canton Center-Cherry Hill Euchre club has played number 18 session now with two more sessions to go. Wagenschultz-R. Waldecker need only five more games to cinch first place. They may not break the record of 162 wins out of 260 but they will set a new record of winning the championship by being out in front by the most number of games. They lost to C. Finnigan-E. Thiesen last Wednesday night by 7-6. P. Hix-J. Cash defeated F. Walkerker-W. Thiesen for the third time, seven games to six. Friedle-Buckner swamped the West boys 10-3, while Gotts-Blackmore were finally beaten 8-5 by Ziegler-Johnson. With 26 more games left to go it's a nice race for fourth place.

Detroit Quartette on Program

"Sharing," a musical sketch, by the Evangelical singers of Detroit, was presented Sunday evening in the Methodist church. Its presentation marked the opening of the Easter mission of the Methodist church.

The skit, written by Earl Keim, organist of the Fourteenth Avenue Methodist church of Detroit, was given by a male quartette from that church made up of Mr. Keim, Phil Strickler, Fay Putnam and Milford Dinner. Action in the skit was supposed to take place in the bachelor quarters of the four men gathered there for choir practice. They talked between songs of the example of Christ's life and Mr. Keim recited "The Vision of Sir Launfal" to clarify his point that sharing with others is better than giving from a sense of duty.

The quartette sang "Master, the Tempest is Raging," "Savior, Thy Dying Love" and "Out of the Storm." Two Negro spirituals "I'm A'gonna Walk on the Streets O' Glory" and "Somebody's Knocking at Your Door" were next presented. "Sunrise Tomorrow" and "At the End of the Day" closed the program for the evening.

Every night for the rest of the week the preaching mission is presenting evening services by Detroit laymen, to be concluded Sunday evening, April 2.

Dogs Menace Local Citizens

"Within the past ten days," said Police Chief Vaughan Smith, "several local people have been victims of dog bites."

Veterinarians informed police that early spring months were the most dangerous for rabies contagion and they urged that dogs be confined. Police were more emphatic. They warned dog owners that unless their pets were confined they would be impounded and shot.

In their radio reports, state police say that rabies are especially prevalent in this county and ask that local police act with state officers to eliminate danger from dog bites.

Plymouth police have previously warned owners of pets to keep them on leash or on their own property; they are now serving notice that all dogs running at large will be seized.

Movies of College Life Coming Here

Moving pictures of Western College in Oxford, Ohio, will be shown in the high school auditorium next Tuesday afternoon at 4:00 p.m.

This college is a woman's school of high national reputation established in 1853. A representative of this institution will be present when the picture is shown to answer the questions of the audience. Girls who are thinking of attending college within the next few years, parents of these girls and other interested parties are invited to attend the movies next week.

Parents Start New Organization

To organize a Band Parents club, 25 mothers whose children are in the high school band met Tuesday in the Central grade school auditorium and made Mrs. Bruce Woodbury chairman pro tem. Mrs. Woodbury was instructed to choose a nominating committee and present a list of candidates for executive positions in the new organization at the next meeting which will be held Monday afternoon in the grade school auditorium.

Director Lewis Evans is responsible for arousing interest in the parents to form such a club. In a recent letter to parents he said, "A group of persons in this city is actively engaged in a campaign to raise the necessary money to give the band a uniform which it will be proud to wear and one which will be a credit to the community. One group which should be vitally interested in this project are the mothers and fathers of the members of the band. Acting as a group, they can do a great deal towards making it a success."

The club will also give members of the band the incentive they need to do their best work. Mr. Evans said that this kind of organization has been instrumental in giving better musical units to many other Michigan cities. Encouraging the introduction of better instruments, new instruments and more serious practice for the band will be the aims of the new club.

High school students who are taking the responsibility of raising one-third of the total amount of money needed for uniforms are preparing to give a public concert on Friday, April 21.

New Officers for Parents and Teachers

The Wayne County Council of Parents and Teachers met at the Wayne County Training school on March 14, for its regular monthly meeting. The annual election of officers was held and the following were elected for the ensuing year: President, Tracy Mackay of Combs school; first vice president, Arthur Walstrom of Truesdell school; second vice president, Mrs. Walter Scott of New Boston school; recording secretary, Mrs. Ada Watson, of Newburg school; corresponding secretary, John MacPherson of Fletcher school; and treasurer, Mrs. Russell Fisher of Gibraltar school.

After the business meeting, an enjoyable dinner was served to about 250 guests by the Training school. The evening program which was planned by the Misses Jameson, Wellever, and Griffith, who are supervising teachers in Wayne county, consisted of several members of the Northville high school chorus directed by Leslie Lee; and the showing of the two movies "The Flow that Broke the Plains," and "The River."

The next meeting will be held at New Boston on April 11, when the program will be under the direction of the Wayne county agricultural agents.

Track Practice Already Under Way

With the call for track practice last Tuesday, March 21, the group of track candidates began the limbering-up process in preparation for the first meet of the year with Ypsilanti to be held April 19 on the Plymouth track.

Jumping ropes and easy exercises, long associated with the warming-up process, were put into use and the preliminary signing-up for events was done.

Captained by Keith Jolliffe, the team can boast quite a number of letter men, who, Coach Ingram thinks, will be the mainstays for this season. Paul Kelley, Keith Jolliffe, Joe Scarpulla, Charles Bulson, Ivan Packard, Don Mielbeck and Kenny McMullen comprise the returning veterans.

Almost half of the enthusiasts, however, are tryouts with only a faint knowledge of track technique. The season is yet too young to make any definite forecast as to their ability. Every one of these hopefuls appears to have an innate conviction that he will star in the sprints. As a result, practice for this group has been concentrated mainly on starting.

Although no important records were tied or broken last year, the early warm weather and consequent longer time for practice should enable the team to at least come up to snuff. The season is not yet too late for new recruits to go out for track and any supplement to the team will be welcomed as the old axiom of "the more the merrier" holds true.

Track Schedule
April 19 Ypsilanti at Plymouth
April 21 Plymouth at Wayne
April 25 Ecorse at Plymouth
April 28 River Rouge at Plymouth
May 5 Plymouth at Dearborn

HITLER'S BLOODLESS TRIUMPHS—HOW LONG WILL THEY CONTINUE—EDITORIAL

Hitler has been represented as another Napoleon. Elba, the scene of Napoleon's final exile and death, has been portrayed as a possibility that might exist in the life of Hitler. Hitler has gained much territory just as Napoleon had, but with one main difference—he has needed no wars to accomplish his ends. Yes, his acquisitions are bloodless triumphs, oft credited to his sense of timing. He took Austria; not a word was said. He demanded the Sudetenland; he got it at Munich with only a mild protest; he sponsored Slovakia's break from the Czech republic, helping himself to what was left of Czecho-Slovakia; he sanctioned (willingly or otherwise) Hungary's seizing of Ruthenia, mainly because he has Hungary almost completely under his domination; he has established a far-reaching trade pact with Rumania giving him many raw materials that he now lacks; and he has "brought back Memel to the Fatherland." What actions have the other nations of the world taken to stop Hitler? Prior to the time of the final carving of Czecho-Slovakia, absolutely no action was taken. True, a few mild notes and editorial condemnations were issued at that time but many never reached the notice of Hitler and those that did increased his egotistical sense of importance. After (remember not before) he had completed all action in regard to the final dismemberment of the Czech republic, nations began to send to him very strong protests and refusals to recognize this conquest. These protests were merely small annoyances to Hitler and did not greatly worry him. However, it remained for the United States to take the first real step in "stop Hitler" movement. We imposed a 25 percent increase of duty on German exports which authorities calculate will hurt Germany greatly because she needs our materials and the increase on duty will reduce her trade to such

an extent that she will no longer be able to get the necessary materials from us. Then Great Britain, France, Poland and Soviet Russia, whom they finally induced to join, decided upon an anti-aggression pact directed against Hitler. But Hitler, since the decision, has completed two more acts—his trade pact with Rumania and his returning of Memel to Germany. Neither of these were of such great significance as to demand any action that might lead to war, but they serve to illustrate that Hitler is still in operation. Remember, Napoleon was finally defeated because Great Britain, Russia, Austria and Prussia united against him. Will this bloc against Hitler prove to be his Waterloo?

NEW FALL SYSTEM WARRANTS ADOPTION—EDITORIAL

A new fall-policing system was installed two weeks ago by the senior class in an effort to partially do away with confusion and noise resulting after the passing of every class. The new plan enlisted the pupils' cooperation in making a minimum of noise and keeping to the right when in a crowded hall.

At the end of the first week, teachers and students were enthusiastic over the new plan. Several commented that the bedlam was cut in half. Everyone agreed that the plan of keeping to the right was both a faster and safer way to traverse the halls. Faster in that everyone in the line was moving in the same direction, and safer in that no muscular athletes or like impediments to progress were to be suddenly come upon when rounding a corner. The plan has proved to the student that by looking out for his neighbor and respecting his rate of speed, he can accomplish his own end without emerging like a squashed tomato.

The vigilant student officers have, however, been obliged to give out quite a number of tickets to students who thought the senior stunt was just fun and who received unpleasant retribution last Tuesday (unless they could prove themselves innocent).

To all appearances the two weeks' trial has been a genuine success. The halls are quieter. Traffic moves more surely with no constant bustle, hubbub, and culprits who are not public minded receive their just rewards every Tuesday night in a fair trial.

Students have, apparently, recognized the need for system and the senior plan has shown, to date, that they are ready and willing to cooperate.

Featherless chicks, that cannot fly and therefore are easier to handle, will be exhibited at the New York State Fair this September.

SOPHOMORES' "SWING COURT" FEATURES TOP HONORS

The eleventh annual stunt night of Plymouth high school was held Friday, March 24, and participated in by members of the eighth, ninth, tenth and eleventh grades. By use of ballots the audience voted on the separate stunts and selected the "Swing Court" presented by the Sophomores as the best. The ninth grade ranked as a close second with their sketch entitled "World's Fair Midway," the eighth grade followed in third place with "Variety Show," and the eleventh graders ranked fourth with "Donny Presents."

The net profit for the evening was \$160.00 of which 70 per cent went to the student council, and from the remaining \$48.00, 30 per cent to the sophomores for first place; 15 per cent to the freshmen for second place; and five per cent to the eighth graders for third place.

In the ticket sale, the freshmen were first, selling \$42.50 worth of tickets for which they received 30 per cent of the above mentioned \$48.00; the sophomores were second, selling \$27.25 worth of tickets receiving 15 per cent of the \$48.00; and the eighth grade received five per cent for the \$17.40 worth of tickets which they sold.

HARD-TIME PARTY SATURDAY NIGHT

The depression is not over to the young people of Plymouth, for they are planning a hard-time party this Saturday night in the city hall. Only depression-struck young people wearing the badge of the depression, their old clothes, may dance. So come on, laugh with us and at us at the dance. The hours are 7:30 till 10:00 and Jack and His Melody Lads will provide the music.

Girls get out your old gray frocks!
Get out your oldest shawl
In a gingham gown just truck on down
To the dance in the city hall.

The fellows will come in overalls
Bluish shirts and ties so bright
Jack and His Melody Lads will play
At the dance this Saturday night.

Roller skating will be resumed this Tuesday night at the Methodist church and the hours will be the same: 7:30 until 9:30. Of course the younger ones come in the afternoon from 3:30-5:30.

Now that spring is actually here and the weather promises to be good, why not send the children each Saturday morning to the story hours in the city hall? They will enjoy the games, songs, and stories planned for them and will want to come each week. The hours are 9:00 o'clock for children eight to 10 years and 10:00 o'clock for children five to seven years old. All children are cordially invited.

A new girls' club, the Junior American Citizens' club is being formed in the Starkweather school. This is for all girls from eight to 12 years old and is sponsored by the D.A.R. There is one very active group in the Central school now. The Cardinal club, also a very active girls' club, had a hike and picnic Thursday in Riverside park and at 7:00 o'clock they all returned to the city hall where refreshments were served in honor of Caroline Goodale's birthday by her parents.

MR. BLYTON EXPLAINS PRINTING OF COTTON AND NEW RAYON HOSE

The first and fourth home economics classes visited Blunk's basement, March 20 and 21, and heard an explanation of textiles by Mr. Blyton, who is affiliated with Blunk Brothers.

Beginning with the simplest form of cotton material, which is unbleached muslin, Mr. Blyton told about the various grades of cotton and rayon, the substitute for silk.

"Cotton can be bought in a variety of thread counts," stated Mr. Blyton. "Thread counts" may seem to be a mystifying term, but in reality it is very simple. The number of threads per square inch determines the thread count, which may be eighty by eighty. That means there are eighty lengthwise and eighty crosswise threads per square inch of fabric.

This particular grade of cotton with an eighty by eighty thread count is a fine grade of percale and can be bought in a variety of colors and patterns.

When cotton is printed, the process is similar to the process used in printing newspapers, in a multi-colored fabric, the cloth must go through the press once for every color printed. When a material is finished it may have gone through the press one or a dozen times, depending on the number of colors in the fabric. Whether or not the dye goes through the wrong side of the cloth does not determine whether the material will fade.

Mr. Blyton said that in buying rayon, it is wisest to buy that which is given the label, "Crown Tested." This is not made by one manufacturer but can be applied to any rayon meeting the requirements which make it the strongest, most beautiful and longest wearing of any rayon.

when people boycott Japan by wearing cotton hose, they are in reality boycotting American silk manufacturers. The American companies bought and paid for enough silk two years ago to last them for two or three years. Since then they have bought no more silk and their present supply will probably not be depleted until late this fall. Then the public can expect to buy rayon hose for about the same price it now pays for silk hose.

Rayon stockings are in appearance identical with silk, but differ slightly in wearing quality. Although they snag more easily than silk, they do not get runners quite so quickly.

Manufacturers will not begin to produce such stockings until their present supply of silk is completely exhausted, and therefore there will be no competition between the rayon hosiery and silk hosiery businesses.

GIRL RESERVES LEARN ABOUT WORK OF A BEAUTICIAN FROM MRS. WOODS

Mrs. Emerson Woods was the speaker at the regular Girl Reserve meeting on Wednesday, March 22. She talked on the work of a beautician and "How to give a good finger-wave." Mrs. Woods has operated a successful beauty shop for many years and is therefore experienced in that line.

Girls wishing to become beauty operators should, Mrs. Woods said, attend a school that gives at least a nine months' course. Regardless of what school one attends, none is too good. In order to obtain a permit to operate a beauty shop, a girl must take at least three major subjects during school, such as marcelling, permanent waving, facials and manicuring. After becoming an operator, or in any other line of work, one should be so interested that she would not have time to sit down and watch the clock. Mrs. Woods would not advise any girl with a weak back, fallen arches or a grouchy disposition to undertake beauty work, because it calls for long tiresome hours and one must have a pleasing personality to keep customers. One of the main and most important factors in this work is cleanliness. Sterilization of combs and brushes is the point she stressed especially. Fancy colored celluloid combs are pretty and nice for public show but hard rubber combs are much more practical and, after all, one should not comb hair in public. Brushes with the bristles set in a steel plate are much better than those with fancy dresser sets and they will last for many years, even if sterilized regularly. Every girl should brush her hair at least fifty strokes every night.

Concerning cosmetics, girls should not use their faces as an experimental laboratory but should find some standard brand, not always the most advertised

kind, but a kind of cream, powder, etc. that will agree with their skins. Make-up should be applied before going out and then forgotten. Never wear anything that makes one feel conspicuous and that needs regular attention throughout an evening or day. One of Mrs. Woods' teachers once said that good clean powder was better for the pores than soot and dirt with which one comes in contact during the day if it is always completely washed off before applying new make-up.

Mrs. Woods gave Annabelle Brown and Norma Coffin finger waves (and a delightful lunch, we understand) on Tuesday afternoon, and then showed the girls how to comb them out. Always start combing from the bottom, and if one wishes to put water on the hair, it should be applied with a damp wash cloth and not by dipping the comb in water.

HE DESERVES THE HONOR.

Within the near future, Mayor Henry Hondorp will complete another term as mayor. Under the present commission form of government it is not often that the honor is passed on from one year to another to the same individual, but that has been so in the case of Mayor Hondorp.

The Plymouth Mail does not know whether Mayor Hondorp or some one else will be mayor during the next year. But The Mail does at this time desire to express to the Mayor in behalf of the entire community its appreciation for the sane, careful and common sense administration he has given the city.

There has been no fanfare about it. It has been orderly, economical and most satisfactory to the citizens of Plymouth. He has done a mighty good job, sometimes under rather discouraging conditions. The Plymouth Mail wants the Mayor as well as the entire city to know its sentiments—and let another word be added, it is more than a pleasure to write an editorial of this kind.

HE'S LANDED.

Newspaper reports say that the youngest brother of Former Governor Frank Murphy has been appointed clerk to the new federal judge who will serve in Detroit. That about completes the list. As far as any man knows there isn't another relative of Frank Murphy in Michigan who hasn't got his feet in the public paycheck trough.

WHY NOT?

Lansing newspaper dispatches have quoted Acting Director George Granger as saying that there is quite a bit of suffering in the state among welfare "clients" because the proposed \$4,000,000 deficiency bill has not been hurried through the legislature.

There wasn't anything said in the dispatches about any of the payroll attaches going without their paychecks so that the hungry people could have the food and other necessities they might need.

Taxpayers would feel a whole lot better about some of these things if the professional welfare workers would once in a while show a little inclination to do a bit of sacrificing themselves in order to keep people from going hungry. The taxpayers have been doing it for a long time.

COMMON SENSE.

Any number of people in and around Plymouth are known to be laying aside pennies and dimes now for their summer vacation tour. That's the thing most folks have to do these days if they have any desire to enjoy a vacation, they must scrimp to the limit in order to get enough ahead to pay their expenses. That's why so many folks right now

JUST THINKIN'

by Charles S. Kinnison

To That First Robin

Listen here, now, Mr. Robin,
In your coat of reddish brown,
With your busy head a-bobbin'
And a-peckin' up and down—
Is it true that winter's over,
That the blizzard days are gone?
Are we soon to roll in clover,
And is Spring about to dawn?

You have fooled us, plenty, plenty—
Yes, indeed, as well you know.
Every year since nineteen twenty,
You have PLASTERED us with
So my faith in you's diminished, [snow]
I believe you're just a bluff—
As a prophet you are finished,
For you do not know your stuff!

But despite the way you kid us,
We are glad when you appear,
For your cheerful antics bid us
To rejoice and be of cheer!
And you set us all to hummin'
Tho the skies are drab and gray,
For we know that Spring's a-comin'
And that Summer's on the way!

are eliminating some of the little luxuries they enjoy. When that vacation fund gets big enough, hundreds of Plymouth people as well as thousands and thousands from other parts of the country, will be off on their trips.

A lot of good advice was contained for these summer tourists in a recent article that appeared in the Rotarian Magazine. A portion of it follows:

Eat lightly while on a tour. Heavy eating causes drowsiness.

Stop now and then for a rest. Play catch or hang by your hands from a tree limb.

Take an emergency can of gasoline. One and a half million motorists ran out of gas last year.

Avoid excessive fatigue. If you must drive when fagged out, reduce speed and use extra caution.

Take along duplicate car keys, but let someone besides the driver carry them.

Carry a tire gauge. When driving on a hot day, check tire pressures.

Have a block of wood suitable for use under your jack on soft ground.

VOTE MONDAY.

Monday is election day. There is generally not much interest in spring elections, but there is no reason why there should not be. The election of any public official at any time is an important public responsibility. No matter what the office might be, if it is a public office, it is an important office.

We will elect city, township, county and state officials—all important positions.

Vote, no matter how inconvenient it might seem to you. These people will spend your money, they will tend to your public affairs, so vote—and get your friends to vote. It is IMPORTANT!

THE IRONY OF IT!

The very backbone of Americanism is the inalienable right of self-expression of the individual—the citizen's right to free speech. Under other "isms" there is no such right. In fact, in foreign lands where Communism, Fascism or Nazisms have replaced other forms of government, free speech has been the first right taken from the citizen.

It is ironical, then, that in America's largest city recently, members of an organization advocating Nazism for the United States should exercise this right of free speech to agitate an overthrow of the Constitutional right that makes that speech free and uncensored. And to see to it that this organization was not molested in its exercise of that right, 1,500 policemen guarded the meeting against any interference.

That is the American way. Picture a meeting in one of the dictator countries (if your imagination will stretch that far) with speakers extolling the virtues and benefits of Americanism! No doubt the 1,500 policemen would appear—but for a different purpose. The best that the participants could expect would be imprisonment, and the leaders would indeed be fortunate to escape a firing squad.

That is the un-American way.—Schuyler Marshall in The Clinton County Republican-News.

TAXES GOING UP

It will take more than political promises to bring taxes down. They are going up and up with no ceiling in sight. Although it doesn't seem as though taxes could go much higher.

news from Washington is that middle bracket income tax rates will be tilted after the next election; in fact, the disquieting news is that federal taxes all along the line will have to be raised to balance the budget.

Congress wants to stop spending, so it says, but it hasn't the courage. Until our congressmen, our legislators, our supervisors, our aldermen, our school board members and all members of other taxing bodies are more fearful of the threats of taxpayers than they are of the special groups of taxpayers, our taxes will grow bigger year by year until we are totally consumed by them. We, the taxpayers, must stand and fight or be lost. We must bring home to our representatives in legislative halls and board rooms that a halt on spending is necessary.—Nelson Brown in The Ingham County News.

OTHER KINDS OF PROBLEMS

A radio interference ordinance has been in effect in Wakefield for several months. As far as we have been able to learn, there has been no earnest effort made to clear up the disturbances which makes clear radio reception impossible in some sections of the city. What is the use of adopting ordinances unless there is some attempt made to enforce them?—Harry Tregise in The Wakefield News.

IT'S A SOLUTION, ALRIGHT

Here's a suggestion to some Michigan legislator with enough intestinal fortitude to tackle the job: Michigan needs a law which will prohibit any member of the House of Representatives or the State Senate from having any member of his family, son daughter, wife, son-in-law or daughter-in-law, father, mother, uncle or aunt from holding a job in any state department. The reason for this is that the state departments are nearly always interested in some phase of legislation, and when legislators are under obligations to department heads for jobs for members of their family it cannot help but influence their vote. We know there would be a lot of opposition to a law to prohibit this family job business, but it ought to happen just the same. Now let some legislator step out with such a bill and be a martyr for the good of his state.—William Berkey in The Cassopolis Vigilant.

WARS

In spite of wars and threats of wars, dictators and threats of dictators, taxes and unemployment, spring is nearly here. It will do you good to get out in the open and see how insignificant are the vanities of men and politicians who are powerless to check the turn of the seasons, create the food that the world must eat, control the coming of the new leaves, the grass, the calves, the lambs and the pigs. How much more important is the work of a good farmer than all the bombast of the mightiest dictators or the mouthings of the noisiest politicians.—Herbert Gillette in The Livingston County Press.

Why Squint?

Squint lines indicate the excessive strain of eyes, the abnormal loss of nervous energy which the mind needs for constructive work.

Crows-feet in the forehead are often taken for signs of heavy mental work; they should be recognized for what they are—DANGER SIGNS that the eyes are robbing the brain.

No matter what you do—you can do it MORE PROFITABLY if you do it with a mind that is free from strain. Our fine Bausch and Lomb Green's Refractor helps us to fit glasses to a finer degree than ever before.

Steps going down accurately describes your residence electric rate—and liberal use of the thrifty third step is wise economy. As your use of electricity goes UP, your average cost goes DOWN... so that you can enjoy unstinted use of lighting and household appliances without adding much to your bill.

Consider how much ONE CENT accomplishes at the low third step in your rate: 1c will run your electric clock a whole week... or heat 120 egg whites, 4 at a time... or tune-in your favorite radio program for the whole evening... or chill your electric refrigerator for more than 10 hours... or burn a hall light all night long.

Labor-saving and time-saving electric appliances repay many times over the small amount they add to your bill. Prove this to yourself by using all the electricity you need. *Electricity is cheap!*
