

America Stands at the Crossroads as Result of Conflicts Now Raging Between Nations of Europe

School Executive Tells of Danger Confronting America

(By George A. Smith)

There are three distinct avenues which America may choose from. Two of the avenues are positive and definite, while the third is simply a detour sufficient to camouflage the true nature of the situation.

When Congress meets this week it will either vote:

1. To maintain our present neutrality law, which forbids the selling of arms and ammunition to belligerents.
2. Enter the world war as an ally of one of the two contending European combatants.
3. Modify the Neutrality Act so that America (American munition makers) may sell to the belligerents on a cash and carry basis.

It is the third avenue, rather, detour which the American people should examine very closely because it is a detour in to war through camouflage and deception.

In the first place, none of the combatant countries can buy materials in America for cash because they haven't the cash. The only way that England, France, or any other European country can buy American munitions is to be allowed to sell its bonds to those people in America having surplus funds, and then use this American money which it obtains in the bonds to pay the munition makers for the munitions which it would buy.

This process is equivalent to taking from those with cash surplus in America the surplus which they possess without giving them anything in return, because defaulted European bonds are being sold here for a few cents on the dollar. It is silly to assume that the countries who did borrow from America (by selling their bonds here) would pay their loan this time any more than they paid it before.

America would be worse off at the close of the war if she sold the surplus called "cash carry" basis, because the material things (munitions) would have been taken from this country in return for nothing but worthless bonds.

The New Deal (the present national administration) would be able to continue a glorified spendthrift in America, the result of selling bonds, only in this case it would be European bonds which would be sold and never repaid, instead of United States bonds which the taxpayers of America would have to, in the future, pay.

If it is necessary to take the cash surplus from those who have it in America in order to furnish jobs for those who have not, it would be much cheaper to continue our present welfare setup and sell American bonds, rather than to take the cash surplus from those who have it by letting them buy European bonds and then using the returns from those European bonds to start our factories running and eventually detour ourselves into this world war, just as we did in the last World War.

America, in my estimation, should have just two choices instead of three—either one of the combatants in Europe, or stay neutral.

It is unfair to those in the United States having surplus wealth to sell them worthless bonds in order to finance the sale of munitions and then later sacrifice our young men in battle because of the detour which later would arise over the collection of these bonds. We might better let our depression press on than to make our situation worse than it is at the present time by detouring ourselves into the world war.

Has Unique Plan to Raise Funds

John Straub, Pere Marquette employee, believes in starting out early in order to help raise funds for the Christmas fund of the Plymouth Old Newsboys' association.

Recently he started collecting tinfoil from cigarette packages. He now has nearly two pounds of this metal, which will sell for something like 75 cents to a dollar a pound. Associates on the railroad are assisting him in collecting the packages from which he removes the tinfoil.

His collection up to the present time can be seen for the next few days in the display windows of The Plymouth Mail office.

Supervisors Attend Meeting

Four Plymouth residents, Ruth Huston Whipple, George Robinson, Henry Hondorp and Arthur Blunk, are attending the annual meeting of the Wayne county board of supervisors in the county building, Detroit.

The main issue at this session is the presentation and approval of the county budget. An important addition to the regular business session is the election of one member to the Wayne county welfare commission. This group is limited to three members, one chosen by the board of auditors, a second by the state welfare commission and the third by the board of supervisors.

The board of supervisors must set a salary for the members of the welfare board in addition to making an appropriation of money to carry out relief for the ensuing year.

Heretofore this welfare work has been carried out by the cities with state aid. Now the work is done by the county and state. The appropriation will be to run relief in Wayne county outside of the city of Detroit after November 1.

The board of supervisors received a petition on which there were 50,000 names of persons formerly receiving mothers' pension and sympathizers who want the pension restored. The action taken by the board, July 27, 1939, abolished the pensions.

Bicycle Club to Be Organized in Plymouth

Plans are under way for the organization of a bicycle club in Plymouth. The purpose of such a club will be to promote safety and teach persons who commute by bicycle the rules of the road.

Police Chief W. R. Smith is present at the city commission meeting Monday night at the request of City Manager Clarence Elliott and discussed the bicycle problem with the commissioners. He suggested that the city set up a club much the same and patterned after those of larger cities.

The commission was very much in favor of such a club and expressed a willingness to back the program financially. The organization will have its own officers, who will be under the direction of the Plymouth police department, it was stated.

It is expected that the club will license bicycles belonging to members of the club. The club itself will be set up much like a police department in teaching its members rules of the road and safety. Members will be constantly under the eyes of supervisors in the organization which will act as police officers.

Violators may also lose their license at which time they will not be permitted the use of their bicycle.

The rules of the club apply only to club members. Chief Smith says that it would be the advantage of every bicycle owner in Plymouth if he or she joins the club when it is organized.

"The first thing that is necessary in order to become a good auto driver is to know thoroughly the rules of the road," the chief said, and that is exactly what this bicycle club will do for present and future drivers of automobiles on public highways.

According to the plan discussed the bicycles will carry a license similar to that used on automobiles. The licenses will be distributed free to club members and will identify members of the club and serve as a mark of identification in case the bicycle is lost or stolen.

Plans are being made so that the club may be started in a month or six weeks.

Elliott Member of State Committee

City Manager Clarence Elliott was a member of the resolutions committee at the meeting of The Michigan Municipal League at Kalamazoo last week. The purpose of this committee was to form and write resolutions to be presented to the convention.

Reelected

COMMISSIONER WHIPPLE

Again Elected Trustee of Municipal League

Mrs. Ruth Whipple Wins Post for Another Year

Mrs. Ruth Huston Whipple was reelected to the board of trustees of the Michigan Municipal League at its annual business meeting at Kalamazoo, Thursday, September 14.

One year ago Mrs. Whipple was elected to the board, marking the first time any woman had been given such an honor. She is the only woman member again this year.

Mrs. Whipple is a member of the city commission, having served in that capacity for seven continuous years. She is slated to speak before the women of the International City Managers' association which convenes at Detroit, October 9-12.

Commissioner Whipple has also many speaking engagements to fulfill this fall before members of the League of Women Voters in different parts of the state.

The Michigan Municipal League is the fifth oldest of its kind in the United States. Members elected to the board at the Kalamazoo session are as follows: President, Richard L. Cook, mayor of Grand Haven; first vice president, W. W. Richards, Muskegon; second vice president, Ray Burrell, Ypsilanti; mayor; third vice president, Vining Burk, Ishpeming; mayor and George Sandenburg, Ann Arbor; Mrs. Ruth Whipple, Plymouth; Sydney Q. Ennis, Rochester; Kenneth J. McCaren, Detroit; Frank McAllister, Kalamazoo; John Symons, Jr., Saginaw; and H. G. Crow, St. Joseph, trustees.

The organization went on record in favor of home rule for municipalities and more equitable distribution of gas and weight taxes to cities and reaffirmed the stand taken by the league last year against Federal taxation of municipal bonds.

Take Two Games of City Series

The first two games of a three-game city series were won by Schrader-Haggerty at Riverside park Sunday when they played a double header with the Plymouth Allen team. The scores were 18-4 and 21-3.

In both games the Schrader-Haggerty team took the lead by scoring in the first inning. The Plymouth Allen team threatened their lead at no time.

Mr. Ruehr said, "It certainly is a relief to know definitely that my wife and boys are safe. I was plenty worried for a time, especially when I knew that they had sailed and then to hear that the war had started. I know they are in New York now, and soon I shall see them again."

Bassett, pitching for the winners, pitched only 11 scattered hits in the second game. He had not pitched previously for some time due to an arm ailment, and his victory Sunday re-establishes him as a good moundman. Five strikeouts were accredited to Bassett.

Molnar, in the first game, allowed six hits and struck out four batters. Big guns with the bat were J. Williams who got five hits out of five times to the plate. Schryer slugged the apple for a home run and three singles out of five attempts.

In the second game H. Williams got three doubles and two singles in seven trips. Hardesty got four singles and a double in six attempts and J. Horvath clouted out two triples and three singles in six trips to the batters' box. The heavy hitting and practically errorless ball played by the Schrader-Haggerty team accounts for its winning both games. Sunday the same two teams will meet at the Riverside diamond for the third and final game of the series.

Mrs. Bert Krumin of this city and Miss Emma Dumka of Redford were joint hostesses, Wednesday last week, at a dinner party in the former's home on Ann street, having as their guests, Mrs. Williams Gates, Mrs. Irving Ray, Mrs. David Dwyer and Mrs. Charles Gow.

City Signs Sewage Disposal Agreement

Service to Begin the First Part of October

As the result of an agreement entered into between the city of Plymouth and Wayne county, Monday evening, the use by the city of the newly constructed county trunk line sewer system, the foul smelling sewage disposal plant owned by the city and situated near Riverside cemetery will be abandoned in October.

In carrying out the present Plymouth sewerage line into the county sewer, no construction work whatsoever will have to be done in order to make the connection. The county main practically crosses the city line which goes to the present disposal plant. Plymouth residents will not pay directly for the service. A rate will be determined by the amount of water that flows through meters going into homes and the service will be paid for out of the water tax money. In reality this will mean a reduction in water rates. Plymouth residents will be paying the same amount in water taxes when the sewage disposal service is started as they are now, plus receiving a double service.

As it is now planned, the county disposal plant will be used by Wyandotte, Lincoln Park, River Rouge, Garden City, Ecorse, Northville, Flat Rock, Rockwood, Trenton, Belleville, Wayne and Plymouth.

The Wayne county sewage disposal system is being designed and constructed to facilitate and improve the disposal of the sanitary sewage of the city and the other communities and areas within Wayne county in order to promote the health and safety of the people of the city and county.

Plymouth Visitors to Germany Arrive in U. S.

Mrs. Reinhold Ruehr and Sons Sail Via Dutch Steamer

Mrs. Reinhold Ruehr and her two sons, who have been in Germany for the summer months and who fled to Holland when the present European war broke out, sailed from Rotterdam, Holland, last week and arrived in New York harbor on the Dutch steamer, Volvendam, Thursday. They are expected in Plymouth Saturday or Sunday.

Mr. Ruehr, who is the grower at the Heide greenhouses said that his wife and sons, Otto and Norman, went to Germany for a summer vacation and to attend to some business. They fully intended to return to the United States by the time school opened, but were detained when war broke out. The German boat on which they booked passage was recalled to port after it had been out two days from Hamburg, Germany.

When they had to obtain passports from the American consulate in order to go to Holland and be safely out of the war zone. The Volvendam is the first steamer on which they could get reservations since hostilities started.

Mrs. Ruehr and sons sailed for Germany on the S. New York, July 5. During the summer they have visited relatives in the vicinity of the Thuringian mountains in the central part of Germany and the Black Forest in the southwestern part.

Mr. Ruehr said, "It certainly is a relief to know definitely that my wife and boys are safe. I was plenty worried for a time, especially when I knew that they had sailed and then to hear that the war had started. I know they are in New York now, and soon I shall see them again."

The Odd Fellow lodge of Plymouth will have a meeting Tuesday night at 7:30 o'clock in its chapter rooms. A first degree which is to be given will be explained by the Nankin lodge.

The Rev. Charles C. Strasen family has moved from Blunk avenue to 194 Rose street. The new telephone number is 609-56.

William Bailey and son, Thomas, of Detroit, were dinner guests, Sunday, of Mr. and Mrs. J. W. Passag, and all of them called on Charles Brower at Romulus.

Discuss Plans for Fall Activity

Plans were discussed for the fall activity of the Junior Chamber of Commerce at the meeting Monday night at the Mayflower hotel. President Robert O. Wesley appointed committees to investigate certain civic affairs in which the club may take part.

The city of Plymouth has applied for membership in the organization and it has been accepted. City officials are heartily in accord with anything the club does in a constructive way for the city.

Elton R. Eaton, state representative was present at the meeting and gave a brief talk concerning the United States' place in the present European war.

He explained the action that would be taken should this country be drawn into the conflict and also analyzed the present neutrality law. In bringing the facts down to members of the meeting to whom he was talking he said, "Our one job is to try and keep our country out of war. It is Europe's war—let Europe keep it."

Plymouth High Again Rated as Class A School

Second Time It Is Given This Highest Rating

For the second time in its history, Plymouth high school is being rated as class A by The Michigan High School Interscholastic association. It first became a member of the highest class the final semester of last year.

In order to be a class A school, there must be over 699 students in the upper four grades. Plymouth has 712. At this time last year there were 683 students in the ninth, tenth, eleventh and twelfth grades. When the second semester began in February, the total number of students went over 699 for the first time since the schools have been established, according to Superintendent George A. Smith.

"The significant thing concerning the school's advancement in class is that representatives of Plymouth high school will be competing with students from the larger schools in their state contests this year," he said.

State contests in which Plymouth high school will compete this year are those in music, forensic and athletic.

Jack Sessions to Go on Lecture Tour

Jack Sessions, a graduate of the Plymouth high school who has been a student at the University of Michigan, has accepted a position for the present year with the Youth Committee on Peace and as a result will postpone the completion of his university work until next year.

The organization he has been engaged by as a lecturer is said to be a non-sectarian and non-political organization, with headquarters in Chicago. Jack will give lectures among students attending colleges throughout the Middle West.

Complimentary Benefit for the Plymouth Silver Cornet Band

Yes Sir, It Took Place Nearly Forty Years Ago

Tonight! Grand Opening Overture! By Entire Company, With Full Orchestra Accompaniment.

Special musical numbers! Charles H. Bennett, singing, "I'm de Luckiest Coon in Town." Harry C. Robinson soloing, "My Hannah Lady." Edward C. Hough, in a feature song number, "I'll Make Dat Black Gal Lub Me."

But, kind reader, that's just a part of the program of the complimentary benefit for PLYMOUTH'S SILVER CORNET BAND given in Plymouth on the evenings of April 19 and 20 just 40 years ago next spring.

The other day while rummaging through his desk for some old papers, Mr. Bennett uncovered one of the 40 year old souvenir programs of this outstanding musical event that filled to overflowing the old Plymouth opera house.

But these were not the only outstanding numbers on the program. Mrs. Kate Allen, as Susan B. Anthony was featured in a dramatic play, "Woman's Rights—And Wrongs." The old Plymouth village male quartette composed of F. F. Bennett, E. C. Hough, Chauncey Rauch and Bert E. Bennett, did its part to fill the opera house with musical harmony.

Ford Assails Plan To Aid Warring Nations

D. A. R. Holds First Meeting of Year

The Sarah Ann Cochrane chapter of the D. A. R. held its first meeting of the season at the hill-top home of Mrs. Myron Gunsell on Monday afternoon.

Mrs. E. J. Cutler, chaplain, opened the meeting with a short talk concluding with an original poem prayer, "God, Keep My Thinking Clear." A short memorial service was held for Mrs. Charles Dubuar, a former member, who passed away this summer.

Mrs. J. Merle Bennett, regent, conducted the business meeting. It was decided to hold a benefit bridge Wednesday, October 11, at the home of Mrs. Del Holmes.

At the conclusion of the business meeting, Mrs. Allen Buckley, program chairman, presided. Mrs. Kenneth Kitchen led in the singing of "The Star Spangled Banner" and "God Bless America."

The atmosphere of school prevailed as Mrs. Robert Coolman refreshed our memories of dates and interesting events, long since forgotten, in the framing of the constitution. The Bill of Rights was read and we were again reminded how simple and democratic our government strove to be in its earliest beginnings.

After a motion for adjournment was passed, Mrs. Gunsell, assisted by Mrs. Del Hahn and Mrs. Litsbenberger served refreshments.

Shell Team Given Trophy

Members of the Plymouth Hardware and the Schrader softball teams were guests of their sponsors last Wednesday evening at a steak roast at the Schrader buffalo ranch. After the roast, Buffalo Burley and Walter Ash were presented with trophies for their team, the Super Shell, in honor of winning the league championship this season.

The trophy was given by William Rose of the Plymouth Hardware and must be won two consecutive years in order to become the permanent property of any one team. The trophy has been placed on display in the window of the Plymouth United Savings bank.

Townsend Club to Meet Monday Evening

A large number of interested persons is expected to be on hand next Monday night, September 25 at 8:00 p.m. in the Grange hall to hear Clinton C. DeWitt, a prominent Detroit attorney in a thoroughly illustrated lecture on the principles of the Townsend National Recovery Plan and how the entire country and its people would be benefited regardless of age by accepting this important proposal of Dr. Townsend into the law of the land. The public is invited.

Schraders Buy Cadillac Hearse

The Superior Hearse company of Lima, Ohio, made delivery in Plymouth early this week of one of its newest and most modern cars to the Schrader Funeral home. The specially built hearse is constructed on a Cadillac chassis and is one of the finest ever delivered by the Ohio company.

The main feature of the hearse is the three-way service made available by doors opening on both sides and the back. It is heated by a newly developed heating plant that circulates throughout the body of the car. The car was immediately put in service by the Schraders and it now gives them a complete Cadillac fleet of cars to use in their business.

To Hold Dance at City Hall Saturday Night

There will be a dance this Saturday night in the city hall from 8:00 to 10:00 o'clock. Music will be provided by Mike and His Rhythm Kings. Starting next week there will be one dance a week on Friday nights unless there is some school function. The dance will then be on Saturday.

Of special interest to the little folks will be the story hours which are now being held each Saturday afternoon from 2:00 until 4:00 o'clock. This week Freeman Hoover, Jerry Strong, Mildred Schlender and Richard Moore will present several marionette shows. These shows are original and the children find them very entertaining.

The stories told during the story hour appeal to the children of all ages. All children between five and 10 years old are invited.

Let Neutrality Act Alone, He Says

Only Purpose Would Be to Aid Munition Makers

Outspoken declarations by Henry Ford for world peace and no tampering with the neutrality law by congress, hit a popular note in Plymouth this week. He seemed to reflect the opinion of practically every person in this city when he declared that "any tampering with the Neutrality Act," and that "only the makers of war munitions profit financially from the human misery entailed in warfare."

"The present Neutrality Act," Ford said, "was written by men who know what war means. It is fool-proof; if we change it one iota we take the first step toward getting this country into war—a war that will bring untold misery to millions of people and set us back thousands of years."

He expressed some doubt as to the extent of the present warfare in Europe. "This war—if there is one," he said, "is none of our business. However, I agree with what Senator William E. Borah said the other day regarding the situation on Europe's western front.

"The sole purpose of amending the Neutrality Act is to enable munition makers to profit financially through what is nothing less than mass murder. The only persons who want war are those who profit financially from it."

"And if we have to have a war to create and maintain a workable financial system there is something tragically wrong with our financial system. It is time then to turn back to Congress control of that system."

Ford said that in his belief "one way to stop the present war in a hurry is to leave the present Neutrality Act alone."

Ford has accepted an invitation to attend the Chicago convention of the American Legion this week-end.

"These men who fought in the last war don't want another," Ford said. "They have it within their power to disarm the world. I don't advocate that."

"This is a matter of simple reasoning. If there were no profit in war and no urge for power to dictate there would be no war." Of the peace ship he sent abroad a quarter-century ago in an effort to "get the boys out of the trenches by Christmas," he said today:

"I wouldn't take a million dollars for what I learned on that expedition. It cost about half a million dollars, but it was worth it to me."

"At that time there were relatively few people in the world educated and what war really meant. Now the world is filled with people who know all of war's horrors and its utter futility. There is no sense in warfare; it is futile and unnecessary and will profit nobody but those individuals who make and sell munitions."

Benefit Fair for TB Patients

Sunday, October 1, will take place the third annual Maybury Sanatorium fair to be given for the benefit of the unfortunate patients in that institution. The fair, which will begin at 3 o'clock in the afternoon, will be featured by an entertainment that is bound to please the visitors. Articles representing various arts and crafts of the patients will be on display and will be offered for sale. All of the proceeds to be used for the assistance of tubercular patients.

The fair will take place in the Seven Mile road, two miles west of Northville. A large attendance is requested. Tickets may be secured at The Plymouth Mail office.

Andrew Rudnicki, one of the publishers of The Fowlerville Review, is president of the Fowlerville Commercial club this year. He's just a bit Democratic politically but very much democratic when it comes to every day affairs. Fowlerville is not a large place, but it has an excellent community paper, for which the residents of Fowlerville can thank Mr. Rudnicki and his associate, Mr. Harmon. There is nothing that can be of so much assistance to a community as a live, wide-awake local news paper. The writer remembers "Dad" Adams very well. He was editor and publisher of The Review over a long period of years. His funeral, some eight or ten years ago, was attended by nearly every weekly newspaper editor of southern Michigan.

60 Teams Enter Parkview Leagues

Sixty bowling teams from Plymouth and vicinity have entered various leagues which are to start play September 25. It has been announced by Robert Todd, manager of the Parkview Recreation alleys.

There are 16 teams in each of the red and blue divisions of the house league and eight teams in the recreation league. With an average of five-man teams, this implies that 200 men from Plymouth this fall and winter. It is planned that eight teams of women will play in the Parkview ladies' league.

Aside from teams from Plymouth, Waterford, Plymouth Gar-

dens and Rosedale Gardens will send leagues of four teams each to play at the Parkview Recreation alleys.

The red division will play its games on Monday nights from 7:00 o'clock until 11:00. The following teams are entered: Purty Market, Plymouth Lumber and Coal, Dunn Steel, Blunk and Thatcher, City of Plymouth, First National Bank, Adders No. 1, Super Shell No. 2, Cloverdale Creamery, Jewell Cleaners, William's Service, Adlers No. 1, Consumers Power, Sanitary Bakery, Post Office and Standard Oil.

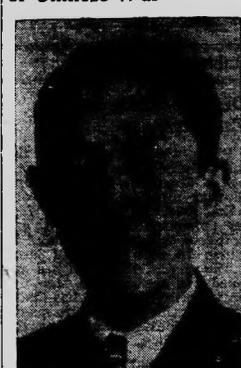

Teams in the blue division are: Plymouth Mail, New York Life Insurance, Dr. Ross Optometrist, Super Shell No. 1, Hiltop Country Club, Conner Hardware, Plymouth Hardware, Walter A. Harms Insurance, Halsted Fruits, Taylor and Blyton, Plymouth Country Club, Bert's Place, Corbett Electric, Fleeting, Mayflower hotel and Ken and Ork. These teams will play Thursday nights.

On Tuesday nights the Parkview Recreation league teams will bowl from 8:00 to 10:00 o'clock. Rosedale Gardens, at 7:00 o'clock, and Waterford, at 9:00 o'clock, will play Wednesday nights. The women's league will play from 9:00 to 11:00 o'clock Wednesday nights.

Teams from Plymouth Gardens will play Friday nights at 9:00 o'clock.

Schedules are being made up and will be available next week.

To Show Pictures of Chinese War

ROLAND LAWLER

In the interest of China's war orphans, Roland Y. S. Lawler, a native Chinese, will show picture story of the undeclared war that is being waged in the Orient, Thursday evening, September 28, at 7:45 at the Berea Gospel Chapel at Mill street and Ann Arbor Trail.

The film will show the bombing of Shanghai and Nanking, the close-hand fighting at the battle of Pagoda Hill and the attack and sinking of U. S. S. Panay.

Another part will picture China's culture and the Christian mission work which Lawler represents. Admission is free and a cordial invitation is extended to Plymouth residents to attend.

Society

The members of the Tuesday bridge club will start the season with a bridge luncheon as the guests of their president, Mrs. Harold Stevens, at her home on Church street next Tuesday. Besides Mrs. Stevens, the club members include: Mrs. Albert Stevens, Mrs. Wladimir Bartlett, Mrs. C. G. Draper, Mrs. Myron Hughes, Mrs. Paul Nutting, Mrs. Ray Hills, Mrs. Perry Richwine, Mrs. C. J. Dykhouse, Mrs. George Chute, Mrs. George Smith and Mrs. S. N. Thams.

Wednesday, September 20, the members of the Plymouth branch of the National Farm and Garden association went to East Lansing where they visited the gardens of Michigan State college. At luncheon, Mrs. V. R. Garber, of Lansing, who is educational chairman of the Michigan Farm and Garden association, gave a talk on her work, at the request of the Plymouth president, Mrs. Paul Wiedman. Mrs. J. Merle Bennett was chairman of the trip.

Mr. and Mrs. Paul Wiedman and their daughter, Pauline, will attend the wedding of their niece, Caroline O. Wiedman, of Manchester and Francis Hutzel, of Ann Arbor. The wedding will take place Sunday evening in the Emanuel Lutheran church in Manchester and will be followed by a reception in the parish hall.

Mr. and Mrs. John McLaren and daughter, Nancy, are spending this week-end with relatives in Saginaw. Miss Nell McLaren, of California, will return from Saginaw with them to be a guest in their home on Ann Arbor Trail for two weeks.

that reason that its commercial club is so large and so active. It meets once a month for the purpose of discussing local and state problems. Fowlerville's business men, clerks, farmers, ministers and educators are members. The club provides the community with the outlet that most luncheon clubs provide communities where they flourish.

William Peet, editor of The Linden Leader, and former Fowlerville resident, was present at the meeting. Way back 40 years or more ago, Editor Peet was a printer on The Plymouth Mail. He worked in Plymouth before the days of Editor Samsen, and that is a long, long while ago. His "boss" was George Steers, founder of The Mail and father of Mrs. Edward Hines. Mr. Hines, who died recently, was one of the three first members of the Wayne County road commission that built the first piece of concrete highway ever constructed. When the commission built the cement thoroughfare, little did they realize that in less than 25 years, there would be hundreds of thousands of miles of concrete highways constructed throughout the world. It was an experiment with the old road commission—but an experiment that revolutionized the road building of the world and probably has had more to do with the expansion of the automobile industry than any one other thing. Editor Peet was on "The Mail" during the days when its "boss" was the late William "Fuss" Ardus with the road business. He recently purchased the Linden Leader and is getting out an excellent newspaper.

Mr. and Mrs. William Grammel have had as their recent guests, Mrs. Rose Beveridge and Robert Lawrence of Culver city, California, and Mrs. Beatrice Mercer, of Jonesville, Wisconsin.

Mrs. Willard Geer, Mrs. Jessie Gifford and Mrs. Roy Leemon were guests of Mrs. Charles Root at the recent Eastern Star dessert luncheon.

Miss Ardus Dunson has recently returned from a visit to the New York World's Fair.

Heave ho! The Fred Van Dykes went nautical Saturday—sailing from Crescent Yacht club into Lake St. Clair as guests of Mr. and Mrs. Robert McLeod, of Dearborn.

Forty-nine members of Mrs. Charles J. Rongert's family held their first annual reunion at her home, Sunday. The oldest member present was 79 years old and the youngest seven months old.

Following the election of officers a happy time was enjoyed by all. Mr. and Mrs. Tom Gardner and daughter, June, spent an enjoyable week-end on Lake Huron at the Meadows cottage.

Mr. and Mrs. John C. Root entertained the following callers at their home on Sunday: Mr. and Mrs. Harold Hargrave and Judd Lead, of Wayne; Mr. and Mrs. William Ward and Mr. and Mrs. Alfred Ward, of Detroit; and Mrs. Lavina Cole, of Plymouth.

If you were descended upon by a gay crowd of young-bloods last Saturday night, they were the members of a scavenger hunt, originating at a Bad Taste party in the home of the Harlow Ingalls on Joy road. With the host and hostess, Dave and Martha, were June Gardner, Betty Grammel, Betty Van Klaveren, Cecil and Bill Hogan, Bill and Guy Mudge, Juanita Montoro, Arlene Hesse, Beverly Eschels, Glenna Clark, Ermine and Lada Sherman, Gordon Hogan, Don Smith, Ben Wilson and Gladys Sallow.

Geer School News
The teacher, Mrs. Melvin Stacey, reports an enrollment of 22 pupils.

A splendid display of art and seat work was exhibited at the Washtenaw county fair this season and received many first awards. Both teacher and pupils worked hard to make this a success.

The following 1939 Geer graduates are attending Plymouth high school: Betty Grammel, Beverly Eschels, Juanita Montoro, Bill Mudge and Ted Sherman.

Locals

Mr. and Mrs. George A. Smith are spending part of this week-end in Traverse City where they are attending the convention of school superintendents.

Miss Eleanor Parmalee entertained a group of Detroit friends at a supper in the garden of her home on Sheridan avenue last Sunday.

Donald Van Atta has enrolled in the Lawrence Institute of Technology in Detroit, where he will study mechanical engineering.

Mr. and Mrs. Pat Gallagher, of Vero Beach, Florida, who are visiting Mrs. Gallagher's mother, Mrs. Nettie Dibble, spent last week-end visiting relatives in Kalamazoo.

Mr. and Mrs. Arthur Tillotson and James Carpenter visited at the home of Mr. and Mrs. Tillotson's daughter and family, Mr. and Mrs. T. E. Egeland in Detroit Sunday.

Mr. and Mrs. Fred Killingworth, of Union street, announce the birth of a daughter, Connie Kay, at the University of Michigan hospital in Ann Arbor, September 17.

Mr. and Mrs. Warren Worth and children, Nancy and Tony, leave today for a trip to New York and Connecticut where they will visit Mrs. Worth's parents.

Mr. and Mrs. Ralph Beeman announce the marriage of their daughter, Iona, to Kenneth Kelley, son of Mr. and Mrs. Glenn Kelley of this city, on Saturday at Napoleon, Ohio.

Mr. and Mrs. William Kirkpatrick were hosts at a buffet supper last Sunday evening in their new home on Evergreen avenue. The guests included Mrs. Brown, her daughter and son-in-law, Mr. and Mrs. Russell Kirkpatrick and children, Mr. and Mrs. Arthur Blunk and son, Douglas, and Mrs. Myrtle Murton, all of whom celebrated the birthdays of Mrs. Kirkpatrick and Mrs. Blunk, the mothers of the host and hostess.

The Lydia Bible class of the Calvary Baptist church met at Riverside park last week for its regular monthly class meeting. The families and friends of the class were guests. A potluck supper was enjoyed, after which the business meeting was held, closing with a service of praise and prayer. This is the last of the meetings in the park. All other meetings will be held in the homes of members of the class. The next meeting will be held at the home of Mrs. Walter Beckwith, Ann street.

League Announces Annual Meeting
All members and friends of the League of Women Voters can well take notice of the convention to be held September 25, 26 and 27 for its program has been planned to include business meetings, departmental conferences and outside speakers.

This year vice-presidents are to be elected, a proposed revision of the state by-laws is to be voted on and final plans are to be made concerning the expansion campaign.

The departmental conferences will offer inspiration for local chairmen and each chairman should, at least, plan to attend that section in which she is particularly interested.

A national league board member, Mrs. Cheek, will be heard on Tuesday.

Ruth Huston Whipple will speak on Wednesday about "The Municipalities' Share in the Gas and Weight Tax."

Other well known speakers include Russell Barnes, Dr. John Lapp and Ellsworth C. Alvard, tax attorney of Washington, D.C.; also Professors Robert Kelso and Remer of the University of Michigan.

Improvement along any line is not a matter of mass action so much as it is of individual initiative. If each of us would do all the things we know we should do, and do them in the best possible manner, the change for the better would soon be astounding.—Grit.

New Books at Local Library

Following are some of the new books that can now be secured at the Plymouth library:

"Morally We Roll Along," by Gay MacLaren. The heyday and decline of the Chautauqua movement amusingly described by one who traveled the circuits.

"Grandma Called it Carnal," by Bertha Damsen. The bold, severe and unique plan of Grandma's life, lived after the fashion of Henry Thoreau, is revealed in mirth-provoking episodes, by a granddaughter.

"Dithers and Jitters," by Cornelia Skinner. Sixteen sketches, with the author making herself engagingly ludicrous in a variety of situations which call forth both her violent actions and reactions.

"We Married An Englishman," by Ruth and Helen Hoffman. Entertaining account of an attempt to make a livable home in Iraq.

"My Sister Eileen," by Ruth McKenney. Humorous sketches describing the adventures of the author and her sister from childhood experiences at the movies to their grown up trials with suitors.

"Quo Vadimus? Or The Case of The Bicycle." Do you want gaiety? Do you want good prose and higher good sense? Do you want an American humorist who is an American philosopher? I give you E. B. White.—Irwin Edman.

"Journey of Yopiola," by Robert Nathan. Charming fantasy in which a timid Yorkshire terrier, bent on proving he is a hero, sets forth on a journey with a icanyan and an old gray rat.

Mrs. William Grammel has been named P. T. A. president for the year and Mrs. Tom Gardner and Mrs. Frank Hesse were re-elected treasurer and secretary.

Cherry Hill

The senior ladies' aid society met Thursday afternoon with Mrs. Jennie Houk. They voted to serve the dinner at the bazaar sponsored by the junior ladies' aid, the latter part of October. All officers were re-elected for another year.

Mrs. Mearl McKinn was hostess to her club Wednesday afternoon. Pinochle was played, after which lunch was served by the hostess.

Mr. and Mrs. Victor May entertained a number of young people, Thursday, in honor of their son, William's nineteenth birthday. The evening was spent playing cards. High scores were won by Nelson May and Mrs. Stanley Atwell. Low score was won by Margaret Lathy.

The Progressive class of the Sunday school had a social meeting, Friday evening, with Mrs. Duane Bastian. Sweet roll.

The pupils of the rural schools of the northern zone of Wayne county had their installation of officers of their Junior Citizens club at the Plymouth high school, Tuesday evening.

Mrs. Stanley Atwell entertained her cousins, Mrs. Jane Hennessey and Mrs. Leonard Hylia and daughter of Pontiac at luncheon, Thursday.

Samuel Williams attended a Zetecor club picnic at Inkster park, Tuesday evening.

Miss Mary Jameson visited the school last Tuesday morning.

Mr. and Mrs. Stanley Atwell spent Friday in Jackson.

Mrs. Blanche Atwell is spending her vacation with Mr. and Mrs. Stanley Atwell.

Mr. and Mrs. George Gill attended the funeral services of Mrs. Jennie Millspaugh at Belleville.

The son of Mr. and Mrs. Walford Brown was buried in Cherry Hill cemetery, Wednesday afternoon.

Mr. and Mrs. James Burrell visited Mrs. Amy Northrup at Howell Sunday.

The marriage of Miss Doris Marie Loeffler, daughter of Mr. and Mrs. Walter Loeffler of Ypsilanti and Charles O. Trowbridge, son of Mr. and Mrs. Russell Trowbridge took place Saturday afternoon at 4 o'clock at the Denton Methodist parsonage. Rev. George T. Nevins officiated at the rites. The bride wore a gown of teal blue crepe with brown accessories, and her shoulder corsage was pink roses. Mrs. Earl Buchner, sister of the bridegroom, wore grape wine crepe with black accessories. Her shoulder corsage was yellow tea roses. Curtis Loeffler was best man. Rose boutonnierees were worn by the bridegroom and best man. The bride's mother wore grape wine crepe and black accessories and her corsage was white asters and roses. The bridegroom's mother wore rust brown crepe with black accessories and a corsage of white asters and roses. A reception was held at the home of the bride's parents. Sixty guests were present. Mrs. Loeffler was assisted by Mrs. Delos Lamkin, Mrs. Alfred Huston and Mrs. Curtis Loeffler. A buffet luncheon was served with a four-tiered wedding cake. In leaving for their wedding trip, Mrs. Trowbridge wore a wine suit with brown accessories. Upon their return in two weeks, they will reside at 14322 Coral avenue, Gairbairt, Michigan. Mrs. Trowbridge attended Roosevelt and Ypsilanti high schools and the bridegroom was graduated from the Ypsilanti high school. He is a mail carrier of Dearborn. The couple received some very nice wedding gifts.

Mrs. Earl Buchner gave a miscellaneous stuffer for Mrs. Trowbridge a week ago Friday evening.

The Cherry Hill Book club met Wednesday with Miss Emma Duhon of Dearborn.

Vehicles run by centrifugally ejected air on water have been invented by an engineer at Nantes, France. He has constructed a three-wheeled vehicle with one seat, equipped with a nine-horsepower gasoline-driven engine, and claims to have attained 50 miles an hour with the machine. He declares that centrifugal ejection is 50 per cent more efficient than propulsion by propeller. At a recent exhibition at Nantes, it was demonstrated that an automobile can be operated by a rocket discharge at the rear.

Thummes Return From Trip to Pacific Coast

Officer Tells of Interesting Places in West

"It is just like stepping into another world," said Captain Charles J. Thumme of the Plymouth police department in his comment about Jaurez, Mexico, which he, his wife and son, Kenneth, visited on their recent trip through the western part of the United States.

"Everything is different in this Mexican town," he added. "The people even live differently from the way Americans do." The captain said that the town is typically one of Mexico, even

though it is only a few miles across the border.

The first places of interest the Thummes visited after leaving Plymouth, the first part of September, were the Painted Desert, Petrified forest and Grand Canyon of the Colorado river in Arizona.

"It looks as though some artist painted it," Mr. Thumme said in reference to the Painted desert. "I could understand easily how the desert got its name." They also enjoyed seeing the Petrified forest and its host of age-old trees preserved in a rock formation.

"When we reached the Grand Canyon, I looked at it and the sight fairly took me off my feet. It is much more than just a canyon carved in rock by the waters of a river. It is colored beautifully with all the colors of the rainbow and some more, too," Kenneth took an all-day trip down into Bright Angel Canyon by muleback.

From Arizona the Thummes went to California. Their first

stop in the west coast state was in San Diego. They also saw the chards of citrus fruits. They met Charles St. Clair, who is a cousin of Mrs. Albert Groh and Mrs. Tracy of Plymouth. Mr. St. Clair showed the Plymouth visitors that part of the Golden Gate state. While there they visited with Lester and Helen Vandecar and the Giegler family, who were all formerly of Plymouth.

Dr. Ralph Hix of Pasadena took the Thummes to the Rose Bowl, widely known football gridiron where the famous New Year's Day games are played. On their way back to Tulsa, Oklahoma, where Captain Thumme attended the International association for Identification convention, they stopped at Phoenix, Arizona, where they visited Mr. and Mrs. Charles Mundy and Earl Vandecar. Mrs. Mundy, who was graduated from Plymouth high school, is Mrs. Thumme's sister.

In New Mexico, the Thumme family stopped at the Carlsbad cavern. "It was a beautiful sight to behold," the captain said. "One room alone was 4,000 feet long, 400 feet wide and 300 feet high, so you can imagine the hugeness of the place. Beautiful crystal formations were everywhere in the cavern. Huge formations hung from the ceilings and stuck up from the floor."

"They had an unusual experience while in the cavern. They were taken down into the ground for 700 feet. The group who were being taken through all sorts of rocks while all lights were turned off and a choir sang the hymn, 'Rock of Ages.'" Mr. Thumme said. "I've been in some dark places, but it was absolutely black down there."

After leaving the cavern, the Thummes went to Tulsa for the four-day convention and then home to Plymouth. "It was the most interesting vacation of our lives," the Thumme family said.

Obituary

CARL A. PETERSON
Carl A. Peterson was born in Sweden, September 14, 1886. He was baptized in his infancy in the Lutheran church and at the age of 15 years was confirmed. He came to the United States in 1910 at the age of 24 years and has lived in Michigan since that time except for a couple of years in Chicago. For the last 12 years he has been employed with the Wayne County Road commission. Carl had always enjoyed good health. Last Thursday because of the extreme heat and overtime work he became overheated. He was taken that night to the Ann Arbor hospital. Due to the weakened condition of his heart he was unable to rally and passed away at 4:00 a.m. Friday, September 15, at the age of 53 years. Those surviving him are his brother, Beirholm, of Webberville; three brothers and four sisters in Sweden; a number of cousins, nieces and nephews. Funeral services were held Monday, September 18, at the Sharpe Funeral home with Rev. Floyd Yokers, of the Lutheran church officiating. Interment was made in Greenwood cemetery, Fowlerville.

What to Do

A FRIEND of mine has just returned from the hospital, but her recuperation will be a lengthy one and instead of sending her flowers I would like to give her something that will add to her comfort during the time she will be spending hours each day in bed. This you.

Answer—If your friend must look forward to hours each day spent in bed, aside from the always-welcome flowers a gift that will be doubly appreciated is one of the comfortable bed rests or six-way pillows, which support the body when she is sitting up in bed to read or sew. A special talcum powder made with olive oil which is softer and more clinging than the usual bath powders is also a nice thought. An attractive bottle of smelling salts, nicely scented, is almost indispensable in a sickroom. The patient is sure to get a lift with every sniff. And there's always a currently popular book, but be sure its theme is cheerful and not morbid.

Curb and Gutter to Be Built on Maple Street

A public hearing was held Monday night at the commission meeting to determine whether or not the residents on Maple street between Main and Pine streets wish a curb and gutter to be constructed in front of their property.

The hearing was called after more than fifty percent of the residents had requested the city commission to construct such a curb and gutter on Maple street.

A few days ago a counter petition was filed on which 26 of the property owners requested that no curb and gutter be built. The reason was stated to be that some felt the cost would be too great.

Curbs and gutters are placed at a cost of from 35 to 40 cents a lineal foot to the property owners.

On discussing the matter the commission agreed to spread the payments over a period of five years if necessary. The property owners present who formerly were opposed to the construction withdrew their objections.

The commission authorized City Manager C. H. Elliott to have the work started as soon as possible.

There were no objections to the construction of a sidewalk on South Mill street, between Amelia and Ann Arbor trails when it was put before the citizens and commissioners at the meeting. Work on this construction will begin as soon as possible although the city manager expressed his doubts as to whether it would be finished this fall.

Upon the recommendation of the city manager a public hearing will be held at the next regular meeting of the city commission, October 2, for the construction of a curb and gutter on Blunk avenue between Farmer and Junction streets. Because of the grade, during a rain storm, sand is washed into the storm sewer at the Farmer street intersection.

France honors its gastronomic heroes and heroines. In a village near Grasse is a monument to the inventor of Peach Melba; the discoverer of Camembert has a statue at Vinoutiers; while Madame Poulard, the famous omelette maker, is enshrined at Mont. St. Michel.

City Orders New Road Grader

The city of Plymouth has ordered a new road grader from the Galion Iron Works at Galion, Ohio. Commissioners agreed on the Galion grader after bids were received and prices compared. It is planned that the Rome and Fordson graders which the city now have will be applied on the Galion account.

The grader will be used for 30 days on free trial. If at the end of that time it proves satisfactory, the city will purchase it. It is reported that the Galion may be used for snow removal and grading street shoulders in addition to being heavy enough for use in blacktopping streets.

To the Highway Commissioner of the Township of Livonia, Wayne County, Michigan.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting held at the City of Livonia, Michigan, on September 15, 1939, decide and determine that the certain sections of road described in the minutes of said Board should be County Roads under the jurisdiction of said Board of County Road Commissioners. The minutes of said meeting fully describing said sections of road are hereby made a part of this notice, and are as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the City of Livonia, Michigan, on September 15, 1939, at 10:00 a.m. . . . Present: Commissioners Breining and Wilson."

"It was moved by Commissioner Wilson that the Board assume jurisdiction over the following sections of road in the Township of Livonia:

"The easterly 55 feet of the westerly 700 feet of the west 1/4 of the northwest 1/4 of Section 23, Town 10 South, Range 9 East, Livonia Township, Wayne County, Michigan, excepting so much of the above described parcel as lies within the existing limits of Five Mile Road, said parcel being known as Bainbridge and being 0.5 miles in length."

"Also, the southerly 43 feet of the west 1/4 of the northwest 1/4 of Section 23, Town 10 South, Range 9 East, Livonia Township, Wayne County, Michigan, excepting so much of the above described parcel as lies within the existing limits of Merriman road, said parcel being known as Lyndon and being 0.25 miles in length, making a total of 0.75 miles of road."

"The motion was supported by Commissioner Breining and carried by the following vote: Yeas, Commissioners Breining and Wilson; Nays, None. Whereupon it was ordered that the above described streets in the Township of Livonia be hereafter county roads under the jurisdiction of the Board of County Road Commissioners of the County of Wayne."

"THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED. Given under our hands this 15th day of September, A. D. 1939."

Playtex Make-up Cape Now Handled by Taylor and Blyton's

Something to make you pretty while you primp... is news in the beauty world and an item for your gift list, because if you like it (and you will!) so will your friends.

It's a dainty make-up cape to keep you well-groomed. You'll slip it over your shoulders a dozen times a day to protect your dress while powdering, combing, shampooing. This sheer and feminine accessory is made of that amazing material, satiny liquid latex, with a perky swing pocket to hold your puff, tissue, lipstick, hairpins, gardenia white, shell pink, heavenly blue.

This cosmetic necessity fills a long-felt need and once you've used it, you begin to appreciate what a time saver it is and how it will pay for itself in saving you cleaning bills, many times over. You'll slip it over your frock when you put the finishing touches on your make-up, for no longer will you be taking chances with spilled powder or strewn hair on your dress. Reach for this cape when you set your hair; it will keep water and wave lotion from marring your frock.

Use it when you shampoo your hair and keep it on until your hair is dry... it's good dress-insurance!

In the office, it will keep trim dresses from becoming streaked and untidy when you comb your hair or powder your nose. There is no longer any reason for untidy grooming... you can now emerge fresh and unmussed after you've done your primping, thanks to this grand little invention. Finally, you'll be pleased to know that this dressing table necessity is magnificently gift-packaged. It's ideal for bridge prizes, birthday presents and for all giving occasions. The Playtex make-up cape is sold at Taylor and Blyton's on South Main street, Plymouth.

AN IMPORTANT STATEMENT FROM A. & P. ABOUT

WAR DAYS FOOD PRICES

A & P's policy will remain unchanged—that policy is simply this: A & P will provide good food at the lowest prices possible. As always, we will operate our stores and markets with the interest of our customers constantly in mind. We know the hardships that increased food prices can bring to countless families. Therefore, our prices will be adjusted only to the extent that it is absolutely necessary. If owing to the laws of supply and demand the prices for food we purchase move upward, obviously, we will have to pay the higher cost and change retail prices accordingly. You have our assurance, however, that A & P's margin of profit will continue to be very small and normal in every respect. Thus—we pledge to our six million loyal customers the best efforts of our wide-spread organization to keep our prices as low as sound business judgment will permit. We repeat—A & P's policy will be unchanged... Good Foods at the Lowest Prices Possible!

Official Proceedings Of The Commission

Plymouth, Michigan September 20, 1939

A regular meeting of the City Commission held in the City Hall on Monday, September 18, 1939, at 7:30 p.m.

Present: Mayor Wilson, Commissioners Hondorp, Robinson, Whipple and Worth.

Absent: None.

The minutes of the regular meeting of September 5 and the special meeting of September 11, 1939 were approved as read.

This was the night set for the public hearing for the construction of the curb and gutter on Maple Street between South Main and Pine streets. Several citizens were present—a few of whom requested that the project be stopped. A petition was presented, signed by eleven property owners representing seven pieces of property, a percentage of 26 per cent of the affected property. It was apparent that more than a majority of the property owners wanted the improvement.

The following resolution was offered by Comm. Whipple and supported by Comm. Worth:

WHEREAS, the plan, profile and estimate covering the proposed improvement for curb and gutter on Maple Street between South Main and Pine streets have been accepted and are now on file in the office of the City Engineer, and

WHEREAS, a public hearing has been held covering the proposed improvement, at which objections were received but overruled;

THEREFORE BE IT RESOLVED that this Commission approve of and declare its intentions to proceed with the construction of the curb and gutter

with the cooperation of the W. P. A.

BE IT FURTHER RESOLVED that the Assessor be directed to prepare an assessment roll covering the total cost of the frontage of each owner abutting the said improvement over a five year basis.

Ayes: Mayor Wilson, Commissioners Hondorp, Robinson, Whipple and Worth.

Scouts Take Supper Hike

Boy Scouts of Plymouth troop 1 went on a supper hike late Thursday afternoon, September 14.

Twenty-four boys and their scoutmaster, J. Rusling Cutler, followed a marked trail which two of the group went ahead and laid earlier in the afternoon. The trail was not blazed as some may think, but instead certain directional signs were made by combinations of rocks, sticks and bent grass to keep the Scouts on the trail.

In the course of their hike they passed through the peach orchards of E. D. Kenyon where they were treated with all the peaches they could eat.

The trail led them to Tramp's hollow, a point about one-half mile from Plymouth, but in reality the boys walked nearly three miles in following the trail which had been laid for them.

When arriving at the hollow each boy cooked his own supper. Most of them had some kind of

meat to be fried or broiled, and potatoes.

After supper the boys sat around the campfire to sing and tell stories. Eight Scouts were initiated into the ancient and honorable group composing The Royal Order of Siam. It was necessary to give three of them the third degree before they were accepted by their brethren.

Tomorrow (Saturday) Boy Scouts of Plymouth district will go to the Howell reservation at Brighton for an overnight camp.

A dual program has been planned by Sidney Strong, district Scout commissioner, so that there will be activity no matter what the weather.

The Howell reservation is a wooded 450-acre plot of land on which there are cabins, campsites, lakes and streams. Plymouth Scouts will stay in a cabin. They will prepare and cook all their own meals, plus doing the work that has to be done around camp and participating in the day's program.

Scouts from Northville, Elm, Rosedale Gardens, Newburg, Stark, Wayne County Training school and Plymouth are in the Plymouth district.

New Traffic Law Regulations Soon Effective in Michigan

Following is the first of a series of articles pertaining to new traffic regulations in Michigan that has been prepared by Chief of Police Vaughan Smith:

Article 1
Bicycles and Motorcycles

Because of the increased number of accidents involving bicycles, a section of the state's new traffic law provides specific regulations for all two-wheeled vehicles.

Under this act, a second person shall not be carried on a motorcycle or bicycle unless upon a firmly attached seat. In other words, persons shall not hereafter be carried on the handlebars or seated on a luggage carrier or rack in front of or to the rear of the operator.

Two-wheeled vehicles shall be ridden not more than two abreast. Although not required by law, it would be better if such motorcycles or bicycles would be driven in single file. They should be ridden on the right side of the street and well to the edge of the roadway.

Packages cannot be carried which prevent the rider from keeping both hands on the handlebars.

At night, bicycles and motorcycles must be safely lighted. Hitching onto other vehicles by those on bicycles, motorcycles, sleds, roller skates, coasters or toy vehicles is unlawful. Michigan State Police accident records show many accidents result from this practice.

No person shall ride a bicycle unless it is equipped with a bell or other device capable of giving a signal audible for a distance of at least 100 feet, except that no bicycle shall be equipped with nor shall any person use upon a bicycle any siren or whistle.

Clarence Levandowski Weds Superior, Wisconsin Girl

The many Plymouth friends of Clarence J. Levandowski will be interested in reading the following account of his wedding to Miss Florence Fisher that appeared in a recent edition of The News-Tribune of Superior, Wisconsin, where the wedding took place.

Before an altar banked with baskets of gladioli and lighted tapers in candelabra in the Cathedral of Christ the King, marriage vows were exchanged between Miss Florence Fisher, daughter of Mr. and Mrs. Benjamin Fisher, 718 North Twenty-second street, and Clarence J. Levandowski, son of Mr. and Mrs. T. J. Levandowski of Plymouth, Michigan.

The wedding was solemnized at 8:30 a.m. Saturday by the Rev. Father Joseph Annabring. Mrs. Mary Chapman played a nuptial program of organ music during the ceremony.

White silk net over taffeta was worn by the bride, who was given in marriage by her father. The gown was fashioned with full, puffed sleeves, a heart-shaped neckline and an embroidered, fitted bodice above mini full skirt. Her finger tip length tulle veil was held at the head with a tiara of seed pearls and she carried a white prayerbook covered with satin ribbon streamers holding swansons.

Miss Doris Fisher was her sister's maid of honor. Her gown was of cornflower blue net with which she wore a fitted lace jacket marked with tiny buttons from the heart-shaped neckline to the waist. She wore a matching short tulle veil held with cut flowers in her hair and carried a bouquet of rainbow sweet peas tied with contrasting ribbon.

Similar gowns were worn by the bridesmaids, Miss Anita Fisher and Miss Lorraine Mawdsley. Miss Fisher wore mini full skirt and Miss Mawdsley chose dusty rose. They wore chapel veils and carried bouquets of rainbow sweet peas tied with contrasting ribbon.

Edmund Zielasko, a cousin of the bridegroom, was the best man. Ushers were John Tkach of Zion, Illinois, and William Meyers of Superior.

Mrs. Fisher, mother of the bride, wore deep blue lace with steel gray accessories. Her corsage was of tallisman roses.

A wedding breakfast for the bridal party was held in the Colonial tea rooms and from 2:00 until 4:00 p.m. the couple received their friends in the home of the bride. Garden flowers in pastel shades were used around the rooms. Assisting at the reception was Mrs. Joseph Girouard, Mrs. Phil Devine and Miss Lucille Mawdsley.

Out-of-town guests at the wedding were Edmund Zielasko, Amalia Zielasko and Mildred

Zielasko, all of Plymouth; John Tkach, Zion, Illinois; Mr. and Mrs. Albin Olson, Solon Springs, and Mr. and Mrs. John Berg, Duluth.

The bride attended Superior State Teachers' college where she was affiliated with Tau Alpha Chi sorority.

The couple has left on a motor trip. For traveling the bride chose a moss green ensemble with a fitted black coat and black accessories.

If you want to see sabots—the wooden shoe of peasants—in the making, do not ask your way to a sabot factory, but go into the forest, such as one as the ancient forest at Fougères in Brittany, where in lone woodcutters' cottages you will see sabots made by hand.

Breaks Neck in Auto Crash

Donald Speier, 23, 12611 Sorrento, Detroit, suffered a broken neck as a result of an automobile accident on U.S.-12 about one mile southeast of Plymouth early last Wednesday morning.

Speier was traveling west and was about 200 feet east of the Pere Marquette railroad viaduct at about 3:30 a.m. when, apparently, he fell asleep. His car left the paving and rolled over.

Brought to the Plymouth hospital, Speier was found to be in very serious condition and was immediately sent to Henry Ford hospital at Detroit.

Announce Marriage of Phyllis Dickerson and Roland Rhead

Mr. and Mrs. C. O. Dickerson, formerly of this city, announce the marriage of their daughter, Phyllis Mary to Roland Rhead, son of Mr. and Mrs. Fred Rhead, 509 North Harvey street.

The young couple has just returned from a two weeks' motor trip through the East and will be at home after September 25 at 432 Hamilton Place, Ann Arbor, where Mr. Rhead will resume his studies at the University.

No Indications of War in China, States Plymouth Traveller

Helen Roe Tells of Recent Trip Through Orient

is no mode of travel for tourists. Everything is mined. Only soldiers and army officials are allowed to ride the trains.

Two hundred yen, equal to about \$50 to \$60, all that army officials allow tourists to take from China. One may bring as much into the country as he wants to, but taking it back to the United States is another story.

A visa which compares with a passport is needed to travel from city to city in China. It must be issued from the American consulate. In peace time one is needed only to go to another country.

Miss Roe was alone on her summer's tour. She sailed from Seattle, Washington, to a red China, Japan and Manchukuo, and returned by way of Hawaii to San Francisco. She is a librarian at the Moore public school in Detroit and left Plymouth for the opening of her school Monday morning after spending a few days with her parents here.

LaVern Wagenschutz Marries Detroit Girl

A very pretty wedding was solemnized Saturday evening, September 16, when LaVern Wagenschutz, son of Mr. and Mrs. Frank Wagenschutz, was married to Miss Daisy McKenna, of Detroit. The bride was dressed in a gown of blue net over taffeta and wore a shoulder corsage of tea roses and baby chrysanthemums. She was attended by Mrs. Dorothy Huber, who was dressed in a gown of rose taffeta and wore a corsage of tea roses. Robert Huber acted as best man. A reception was held after the ceremony in the home of Mr. and Mrs. William Huber on Carol avenue. The happy couple have the best wishes of their many friends. They will make their home for the present with the groom's parents on Carol avenue while their new home is being completed on Beech street.

Buy one of these teakettles and you'll WISH YOU HAD TWO!

This clever new teakettle is a real time-saver: It will prove such a help around the house that you'll wish you had two of them—one for the laundry, one for the kitchen. A dozen times a day you'll appreciate this quick, easy source of hot water—for washing dishes, for shaving, bathing, shampooing, for sterilizing bottles, for cooking, making tea and coffee; and countless other tasks. Made of highly polished aluminum, spotlessly clean, the kettle can be used anywhere in the house. Simply connect to the nearest electric outlet. A pop-out plug guards against damaging the element if negligence allows the kettle to boil dry. The connection plug pops out automatically and shuts off the electricity.

The Ladies' Auxiliary meeting last Wednesday was quite well attended. There were six tables of cards and bunco. Mrs. Dayhoff urged every wife and mother of our community to send a postal card to Senator Vandenberg of Washington, D. C., saying "Keep America out of the European war. Let us remain neutral." It is a very good suggestion and every one should follow it.

The seventh and eighth grades elected C. J. C. officers: President, Shirley Luttmoser; vice-president, Stella Phillips; secretary and treasurer, Avis McKinney; health officers, Clifford Waack, Audrey Morris.

The upper grades have started a Girls' Safety squad and Boys' patrol. Captains are Clifford Waack and Carolyn Leurck. This year books are furnished by the district.

Wednesday the girls and boys soft ball teams played the Newburg boys and girls. The Stark girls won 54-13. Carolyn Leurck was winning pitcher; Wilma Burdick and Carolyn Leurck each hit four home runs and Audrey Morris hit three. The Stark boys won 4-2 with Clifford Waack hitting the only home run. The teams also played Patchin school. The Stark girls won 30-5 with Carolyn Leurck the winning pitcher. Wilma Burdick hit the only home run for the girls. The boys lost 17-8.

Fifth and sixth grades C. J. C. officers are: president, Donna J. Campbell; vice president, Samuel McKinney; secretary and treasurer, Marion Lawson. Health officers are Paul Leurck and Irene Neuman. The third and fourth grade C. J. C. officers are: president, Jerry Hepler; vice president, Marvin Opland; secretary and treasurer, Geraldine Thatcher; health officers, Mary Ann Westphal and Gordon Stokes. Second and part of third grade C. J. C. officers are: president, Diores Sark; vice president, Shirley Johnson; secretary and treasurer, Betty Van Tubergen; health officers, Arthur Trost and Marilyn Bargert.

There are 32 children registered in the first grade. We are making a booklet about "Our Family." There are 19 children in the kindergarten.

Mrs. William Newstead will be the new sewing teacher, having a class of 28 pupils. They are to be placed in four groups according to their sewing knowledge. Classes are to be held at Stark school afternoons from 2:45 to 5:00 p.m. every Tuesday through Friday.

New Regulations for Bird Hunters

Few changes in regulations covering the taking of waterfowl and migratory upland game birds during the approaching season are announced by the Michigan department of conservation.

Federal seasons, shooting hours and means by which waterfowl and upland game birds may be taken are practically identical with the 1938 regulations except that bow and arrow may be used this year.

Only changes of importance are the raising of the possession limit on woodcock from four to eight and the lowering of the daily bag and possession limits on geese. This season the daily bag will be four and the possession limit eight. A daily bag of five geese, with 10 in possession, was allowed in 1938.

Daily bag limit on rails, gallinules and snipe has been increased from 10 to 15 with 15 in possession. Daily allowed bag of woodcock is four. Daily bag limit on coots has been increased from 10 to 25 per day on advice of the United States biological survey. An enormous increase in the species is reported.

The woodcock season has been adjusted to coincide as nearly as possible with the upland game bird season in both the upper and

University Graduates Plan High Honors for Dr. Ruthven

Arrange Testimonial Dinner for October 27

DR. ALEXANDER G. RUTHVEN

Ann Arbor, September 16—Twenty-six hundred persons from every part of the United States will gather here on the evening of Friday, October 27, for a testimonial dinner marking the completion of the first ten years of the administration of Dr. Alexander G. Ruthven as president of the University of Michigan.

Plans for the huge dinner, the largest ever held in the University city, were announced today by an alumni committee sponsoring the testimonial. While alumni and friends of the University from every part of the United States will be present, according to the committee's announcement, it is expected that the largest representation will be from the state of Michigan.

The dinner was originally scheduled to be held in the University's Intramural Sports building where 1,750 persons were served at the dinner opening the celebration of the one hundredth anniversary of the University's location in Ann Arbor in June, 1837. The demand for reservations for the dinner has been so great, however, that even the huge Intramural Building will not be able to take care

of all those who wish to be present.

Present plans call for the transformation of the even larger Yost field house into a banquet hall where 2,600 persons can all be seated at tables on the vast ground floor. The entire dirt floor will be covered with new canvas and two stages will be erected, one for the speakers' table and the other for the entertainment program.

No places at the tables will be available unless reserved in advance, the alumni committee has announced. Alumni organizations are already ordering bloc reservations.

The entertainment will include contributions by the University Glee club, the University band, University Play production, and other groups. Michigan persons prominent in the national scene, whose names will be announced later, have accepted invitations to speak on the program which will follow the dinner and entertainment.

The dinner coincides with a full week-end on the University's fall schedule. It will be the annual Alumni Homecoming, and the Michigan-Yale football game will be played on the following day, October 28. Newspaper editors and their wives from all over Michigan will be present for the annual convention of the University Press club of Michigan. Members of the Press club and delegates to the Michigan Land Utilization conference, which will also be held here on this date, will be present at the dinner. The event will take the place of the annual Press club banquet.

Reservations for the dinner may be had by writing to Earl H. Cress, chairman of the ticket committee and president of the University of Michigan club of Ann Arbor, Ann Arbor Trust company, Ann Arbor.

Teachers to File Allegiance Oath

All persons holding Michigan teachers' certificates must file an oath of allegiance in the office of the superintendent of public instruction at Lansing between the dates of September 29 and December 27, 1939, according to Act 54 of the Public Acts of 1939.

It is estimated there are over 25,000 persons in the state holding certificates but not employed as teachers, who are anxious to protect the validity of their certificates. Teachers employed by this school district can easily contact Superintendent George A. Smith and secure the oath forms. Holders of the certificates who are not at this time employed may also secure the forms from the Superintendent.

The act applies to teachers in public and parochial schools and also to persons who hold certificates but are not now in the teaching profession.

After the oath is filed, Dr. Elliott will send the certificate holder a card certifying the fact that the oath has been filed.

Women Told of Project Work

The Home Demonstration groups met last Wednesday at the Wayne Methodist church to organize the program for the year. Approximately 200 women from all the rural sections of Wayne county attended the meeting. Instructions were given to the officers in the morning by Miss Margaret Harris, assistant state home demonstration leader from Michigan State college. Luncheon was served by the Ladies Aid and Mrs. Walter Wilkie of Cherry Hill, delegate to the Associated Country Women of the World conference held in London last May, was the speaker for the afternoon program.

Mrs. Wilkie said the mission of the conference was three-fold. First, to learn from other homemakers; secondly, to learn how to help in civic problems; and lastly, to advocate peace. The grasp of the handshakes expressed the depth of friendships exchanged by those women representing 34 different countries. Mrs. Walter Wilkie reported that 247 women from the United States sailed on the Queen Mary to attend the conference.

Another feature of the afternoon program was the moving picture demonstration on re-seating chairs by the "rush method." The movie was made at one of the home demonstration meetings in Wayne county. Mrs. H. J. Schradt of Flat Rock is the demonstrator in the movie.

The project work for the year was outlined by Miss Emma DuBord, county home demonstration agent for Wayne county.

Tag Day in Plymouth Saturday, October 7

City commissioners granted permission to Floyd Starr of the Starr Commonwealth for Boys of Albion to sell tags on the streets of Plymouth, Tag Day, Saturday, October 7.

The vote for permission was unanimous by the commissioners as they felt that the Albion institution is doing a great service for the state of Michigan.

Proceeds from the tags will go to help pay for the upkeep and running of the school.

"Shoot" Main Street for Motion Picture

Because of more activity on the streets and a rather congested traffic condition at times, Plymouth's Main street and business district was "shot" Tuesday afternoon by the Wilding Picture Productions company of Detroit and Chicago for use in the International Harvester picture, "The Wilsons Go To Town."

The setting of the picture is in Pinckney, Michigan, and all activity takes place there except for the 30 feet of film which were taken here. As it is planned, Plymouth's business district will be shown, as typical of a small city, and then the action will immediately shift to persons on the streets of Pinckney.

Pinckney is a town a few miles southwest of Brighton with a population of about 500 persons.

May Broadcast Her Speech

Prospects are that City Commissioner Ruth Huston Whipple's address to the ladies of the International City Managers' association, "Interesting People and Places in Michigan," will be broadcast over station WWJ, Detroit, when she appears at the convention, Monday morning, October 9.

City Manager Clarence Elliott is a member of a committee to make arrangements to have the address given by the main speaker at the convention, Dr. Luther Gulick, broadcast over stations of the Mutual network from station CKLW, Detroit. Dr. Gulick, director of instruction for public administration, is a resident of New York City. He is the author of many books concerning democracy, finance and school administration.

Dahlia Grows to Immense Size

When it comes to growing dahlias of immense size as well as beauty, Mrs. Thomas Gray of 1027 Dewey, knows how to do it.

Last week, Mrs. Gray brought to the office of The Plymouth Mail a lemon yellow colored dahlia that measured over 12 inches across. Last year she had in her garden dahlias that were practically of the same size as the giant one she displayed last week. Not only that, but there was another dahlia in the garden this year that was so ambitious

to bloom that there were two blossoms, one on each side of the stem.

All children that have not completed their 8th grade are obliged to attend these religious instructions.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Reality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, September 24. The Golden Text (Isaiah 64: 4) is: "Since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him." Among the Bible citations is this passage (Eccl. 4: 14): "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it: and God doeth it, that men should fear before him." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "The Scriptures imply that God is All-in-all. From that it follows that nothing possesses reality nor existence except the divine Mind and His ideas."

ROSEDALE GARDENS PRESBYTERIAN church, John B. Forsyth, minister. Sunday, September 24, is Rally Day at the church, with the Sunday school meeting by departments for the opening of its winter term. Primary children of the kindergarten and first three grades in public school will meet in the church basement at 9:45 under the direction of Mrs. Tony Meppany; the junior department for children of the fourth, fifth and sixth grades will resume its sessions in the club house under the leadership of Mrs. Watt Graham, while the intermediates, seniors and the adult group will meet in the church auditorium, with Frank A. Merizon in charge. At 11:00 o'clock, the new department for nursery children and beginners of three and four years will open the club house with Mrs. E. O. Whittington as superintendent. Mrs. V. R. Kingsley will again be in charge of the nursery group, which this year is sponsored by the Sunday school instead of the session and Women's Auxiliary. At the 11 o'clock service, public recognition will be given to all officers and teachers of the Sunday school. The choir, under the direction of Mrs. Lloyd F. Nelson, will open its season at this service. Sunday evening the Christian Youth league, high school society in the church, will open its program by participating in the Sunset service of the Detroit Christian Youth council at the Greek amphitheatre at Cranbrook. Cars will leave the church at 5 o'clock in the afternoon. Members of the Sunday school staff will have their regular meeting Wednesday evening, September 27, beginning with a potluck supper at 6:30. General discussion and departmental conferences will occupy

the evening. Purchase of a stoker for the church building was authorized by the congregation at a special meeting held after the church services September 17. The stoker to be purchased by the trustees as soon as funds are available to make a substantial first payment. The board of trustees has announced a special fund will be set up at once for this purpose, to hasten the acquiring of the desired equipment. About 45 women of the congregation attended the get-together dinner of the Women's Auxiliary Wednesday evening, September 13, in the church basement. A film, "Beneath the Arctic Circle," illustrating missions in Alaska against a background of mountain scenery and Alaskan local color, were shown as a feature of the program under the direction of Mrs. H. Paul Harsha. Irving Benson, who was at the projector for the recent motion picture programs for the Sunday school, also showed this film.

ST. JOHN'S EPISCOPAL church—Harvey and Maple streets. Holy communion and sermon, 10:09 a.m.; church school, 11:15 a.m. First Guild meeting of the fall and winter will be held at the home of Mrs. Ernest Henry at 298 East Ann Arbor Trail on Thursday, September 14 at 2:00 o'clock with Mrs. Harold Micol the assisting hostess. Confirmation rites on Sunday, October 8—class now forming.

S. A. L. E. M. CONGREGATIONAL church, Lucia M. Stroh, minister. Divine worship, 10:30 a.m. The pastor is well pleased with the fine attendance at the services and the splendid response of gifts and pledges made to help pay the debt of the decorating of the church and the water system project at the parsonage. Com to church Sunday. An entirely new interest is also being taken in the Sunday school under the able

leadership of Brother Richards and we expect a large growth in the Sunday school. Come and bring the children at 11:45 a.m. Mrs. Searloss is the efficient chorister and if God has blessed you with a voice to sing she would like to see you next Wednesday evening at 7:30 in the church. The prayer meeting service is a great source of blessing and comfort to all who attend every Thursday evening in the church. Come with your burdens and go back home happy and relieved because God answers prayer and carries all our burdens for us. Forget not my law—but let thine heart keep my commandments, for length of days and long life and peace shall they add to thee. Prov. 3: 1-2.

Industry is now using 50 percent, by weight, of all the diamonds sold each year. The remaining half of the stones sold probably go to decorate the person, to delight the eye, to form a convenient concentration of wealth and make business for the money lenders.

Students Speak About War

America's future soldiers from Plymouth high school have declared themselves to be opposed to war, but a poll of student opinion indicates that they are resigned to the belief that the United States cannot avoid going to war.

Plymouth students were asked four questions, the results of which were very interesting. A tabulation of the poll among the boys of the seventh, eighth, ninth and tenth grades revealed that they agreed unanimously that the United States should keep out of the present war as conditions existed then (September 15). When asked if they believed America could stay out of the war, only three out of five believed we could. It was also their belief that the war would last about three and a half years.

This same group declared unanimously that if the United States were to enter the war, they would volunteer their services to the army.

The junior and senior boys, the doughboys of next year and the year after, agreed with their younger brothers that we should stay out of the war. Although 93 per cent were of the opinion we should remain neutral, only 21 per cent thought it would be possible for the United States to retain the status quo. It was their belief that the conflict would last three years more. Of this same group 60 per cent were against becoming volunteers.

An identical poll of the girls indicated that they are more hopeful. While all the girls interviewed agreed America should remain neutral, 79 per cent believed the United States could stay out, as compared with the 21 per cent registered by the older boys. The girls went on record as stating the war would last two and one-fourth years, as against the boys' estimate of three years.

It has often been stated that students have the same opinions to their parents. The teachers were questioned to determine if their students agree with them. Asked if the United States should refrain from entering the war, they agreed we should. Nevertheless, 83 per cent registered the opinion that America could not stay out. The teachers also stated the war would last from two years to "not short" duration. The men were divided upon the issue of volunteering. Thus, the teachers were in relatively close agreement with their students.

There were several qualified answers which because of their arbitrary status were not counted in calculating the percentages. In regard to whether the United States should stay out of the war, it was stated that Great Britain must not lose also that when American interests were endangered that the United States should not remain neutral. Furthermore, it was stated that if the arms embargo were lifted, the United States might as well declare war. Another person expressed the belief that in case of war on foreign soil, he would wait until the enemy played had volunteered before volunteering himself. If, on the other hand, there were no unemployed or if America were invaded, he would be among the first to volunteer.

Thus it may be concluded that Plymouth's high school students believe this government should make an effort to keep out of war, but that they feel America will be involved in a war in which they would not care to fight as volunteers. "No matter what happens," it was the opinion of four juniors, "the war will last too long."

Members of dramatics class are busily at work preparing sketches to give before the group in pantomime and with dialogue. In groups of three or four they supply their own ideas and develop them into presentable sketches.

Miss Ford, who directs the class, has announced that a number of plays are wanted by various organizations. The persons who do the best in the sketches will be chosen for the plays.

The class totals approximately twenty-five and of this number twelve are new this year. The rest of the class is composed of students taking dramatics again. There is a decided lack of boys in the class as the exact number of them is three.

ROCKS SUBDUED FARMINGTON IN PRACTICE GAME

In a practice game, which took place at Farmington on Friday, September 15, the Plymouth 11 emerged on the long end of a 12-6 score.

Although only a practice game it helped to show Coach Anthony Matulis that he would have a fairly good team this year.

The Plymouth Rocks, as well as the Farmington players, were divided into two teams. The varsities would scrimmage for a while and then would be replaced by the second teams.

The only Farmington touchdown occurred when one of its players intercepted a pass meant for Doug Prough and galloped for a touchdown. The Plymouth touchdowns both occurred in the last few minutes of play. One was made by a pass to Prough and the other by a series of line bucks.

The Farmington team gained only one first down which was gained against the Rocks' second team.

Eddie Maxey showed up well for the second team in carrying the ball and stands a good chance of making the varsity.

Bob Carlson, formerly of Plymouth high school, is a regular left tackle of the Farmington team.

The lineup of Plymouth's team is as follows: J. Birchall, l. e. r. Sessions, l. t.; S. Dunham, l. g.; N. Curtis, c.; J. Kloff, r. g.; B. Erdelyi, r. t.; D. Prough, r. e. The backfield players were R. Norman, q. b.; J. Baker, l. b.; J. Gettleton, p. g.; and J. Scarpulla, l. h.

ATHLETIC DIRECTORS SUPERVISE SURVEY ON ATHLETE'S FOOT

In the high school during the last week, the nurse and the athletic directors have been examining the feet of all students engaged in athletics to determine the presence of athlete's foot, one of the most dreaded diseases among the athletes.

A disease of the foot caused by a fungus which is most often caught in gymnasiums and locker rooms by contact with some object that has actually touched the affected foot. In the survey 97 out of 385 boys were affected while 21 out of 415 girls had athlete's foot in sand form.

The boys and girls affected are taking treatments consisting of a solution of Onox to attempt to ward off the disease, and are forbidden to use the showers until cured. In the locker rooms there have been placed beds saturated with an Onox solution to prevent catching the disease.

Mr. Matulis, Plymouth's new coach, is formerly from Davison. There he spent four years coaching and teaching mathematics. As a result of proper training, he had only one injury on his team at Davison. Mr. Matulis received an A.E. degree from Western State Teachers' college and a Master of Arts degree at the University of Michigan in 1928. He is very pleased with the friendly and cooperative attitude of students and townspeople.

Mr. Blunk succeeds Mrs. Crumby, who taught seventh and eighth grade mathematics. He was born here in Plymouth and was graduated from Plymouth high school in 1933. He was graduated from Michigan State Normal college at Ypsilanti. He formerly taught in Decatur.

Mr. Jensen is beginning his first year as a teacher. He was born in Detroit and attended school in Ypsilanti. During his schooling he coached the baseball and basketball teams. Mr. Jensen is married and has a little girl, two years old.

We hope these new teachers will have a long and pleasant stay with us in Plymouth.

FRESHMAN RECEPTION AN AFTERNOON EVENT

An exceptionally fine freshman reception was given by the seniors in the high school gymnasium Friday, September 15. The activity began by the passing out of colored tickets as one entered. This aroused everyone's interest. Later it was satisfied by the beginning of the game. The tickets were for dividing people into teams. The game consisted of five teams, enough paper sacks to go around, and five waste paper baskets. The prizes were won by breaking the sacks, by blowing them up and breaking them with the hand and then putting it in the basket and signaling the next man. The prizes were some nice blue ribbons with a big safety pin so they wouldn't be lost. After this there was a speech by Dick Dunlop, the senior vice-president, since Joe Scarpulla, the president, was playing football. Following Dick's speech the freshman president, Jim McAllister, gave an equally good speech. Following this were some school yells and the school song led by Ed Muller and Bill Thomas. Following this was a march around the gymnasium. Chocolate coated ice cream sticks were served as refreshments. The reception ended with dancing to the music of the school's public address system.

NEW TEACHERS BEGIN

Plymouth high school has four new teachers beginning the year. Miss Hamill, Mr. Matulis, Mr. Blunk and Mr. Jensen. Miss Hamill came from the Detroit Conservatory. She received her Master's degree in history from the University of Michigan. One incident which occurred her first day here is very amusing. Two girls came to her to satisfy their curiosity as to whether Miss Hamill could teach them to yodel and sing the blues, as this was their life's ambition.

ADVICE TO ADOLESCENTS

At last a reason has come to light concerning the mysterious tendency of the freshman class in the past two years to have an increasingly shorter and smaller masculine representation.

Thought on the subject has revealed an accompanying clue to this physical phenomenon. In the past few years each successive freshman class has set records for highest enrollment. This year's aggregate reached more than two hundred. As before stated, the height of fresh boys has yearly decreased perceptibly.

Coupling these truths with a faint knowledge of physics and applying some brain power it becomes apparent that formula can be derived. "The height of freshman boys varies inversely with their quantity in the class."

The teacher who provides a pencil sharpener in his classroom which lives up to its name is regarded as a benefactor of mankind. In so doing, however, the helpful pedagogue has set the stone rolling toward a nervous breakdown. Each pupil shops around until he finds a satisfactory sharpener and saves up his dull or broken pencils until that class comes around. The pencil sharpener has a noise all of its own even when tapped briefly, but when the machine is moving constantly it constitutes a genuine nerve wracker. The result can be foreseen. Authentic pencil sharpeners are possessed by the very un-nerved, the untried or the injured teachers.

RESULTS OF STUDENT GOVERNMENT MEETING

With Patricia Arnold acting as chairman, the meeting of those students who volunteered to help in forming a student government got under way by the appointment to certain committees last week. Those on the various committees were the assembly committee, Dick Dunlop, chairman; J. Schultz, Ruth Ash, James Zuckerman and Gloriette Galloway; constitution committee, Gloriette Galloway, chairman; Virginia Rock, Dorothy Bohi, Eugene Bakewell, Dick Dunlop and Wesley Hoffman; appointment committee, Ruth Ash, chairman; William Aluia, Dick Dunlop, Paul Keller, Jack Crisp and Robert Lawson; regulation committee, Wesley Hoffman, chairman; Allen Owens, Jean Schoof, Patricia Braidel and Dorothy Waters; typing committee, Ruth Priest, chairman; Margaret Erdelyi and Jean Schoof.

SENIORS HOLD THEIR LAST ELECTION

For the sixth time the class of '40' has elected Joe Scarpulla as its president at the senior election held September 13. The senior executive board, which aids in planning the senior-freshman reception, the senior play, the senior prom and the graduation exercises, will have Richard Dunlop as its vice president, Ruth Kirkpatrick as its secretary and Margaret Erdelyi as its treasurer. Bill Aluia will represent the class in the Student Council. These senior officers were nominated by representatives from each home room. This committee nominated four seniors for each office from which one was chosen by the class in a secret ballot election.

G.R.'S SET 50 AS NEW LIMIT FOR MEMBERSHIP

With the membership of the Senior Girl Reserves increasing gradually over the general limit of 35, it was found necessary to set a new limit of 50. This limit will be reached at the conclusion of the recognition service for the new girls to be held Monday, September 25. In order for a girl to become a member of the Girl Reserves, she must learn the code, slogan, purpose, several G. R. songs, and a brief history of the Girl Reserves. She must also have a C average on her credit slip. It is interesting to note that the membership of the two clubs in school, the Junior and Senior Girl Reserves, combined almost as many girls as the three clubs combined that were formerly in existence.

HERE AND THERE

Wallace James '38, Jewel Starkweather '36, and Belva Barnes '39 were callers at school this week.

Who is the student in first year French class who calls masculine and feminine, male and female?

What wasteful junior was seen writing out three ballots?

What teacher was seen playing ball in the hall after school the other night?

What teacher made a slight error in pronunciation thus making a Scotch student into a Russian?

Local Loans Come First

An important function of commercial banks like ours is to make loans. We prefer to make local loans because (a) we know the borrowers, (b) we know how the money will be used, (c) we will be helping our own community. Of course we first insist that borrowers meet our requirements of sound banking. But if you can satisfy these requirements, you can get credit here.

We will welcome your loan application.

ELEVEN PLAYS AT REDFORD UNION FRIDAY

Plymouth's undried eleven will break the bottle of speculation on the prow of their initial voyage at Redford Union Friday.

Although the initial gridiron clash will occur on foreign ground, five of the eight Plymouth football games will be played at Riverside park.

DOG DAYS

"Whew! Is it hot!" This was the salutation used by practically everyone Thursday and Friday. Both teachers and students were seen mopping their brows laboriously. In case one happened to be in library any hour, he would have heard numerous sighs of heat and boredom, boredom because it was too hot to do any work. In spite of the heat the teachers didn't seem to let up on work. Some of the male members of the faculty were seen teaching in their coats. We students felt terrible in just street clothes. What must those poor things have felt like? Mr. Latture told his debate class it was too warm to argue and took them to the grade school auditorium. In most of the classrooms it was between 84 and 86 degrees. Outside the school it was at least 3 or 4 degrees higher, so we're lucky we weren't working outside.

THE ROCKETTES WRITE:

All students who write short stories, book reviews, essays, poetry, etc., please communicate with your English teacher, Miss Allen, or Virginia Rock. The following short story was written by a freshman.

Dear Mams: Ever since I can remember I always did what you wanted me to do. I was a smart boy in school and I helped papa with his sermons.

Remember when some money was stolen from one of papa's friends and you thought I was mixed up in it? You never let me explain. I guess you knew that I told you a lie about it. I used to hide money in the woodshed so you wouldn't find it. It must have been a hard blow to a preacher's wife when you saw my picture in the paper with the story that I was wanted. Then the "big shots" from the city looked me up. I told them to meet me out of town so you wouldn't know it. I made up my mind last night that I would go along with the fellows from Detroit. Yes, Mams, they're coming for me tomorrow. I have gone too far to turn back now! If either you or Papa wish to write to me after tomorrow address your letter in care of the Detroit Tigers, Detroit, Michigan. Your loving son, Elmer.

KEEP OUT OF IT!

President Roosevelt has summoned members of congress back to Washington to consider revision of the neutrality act. Maybe it needs revising and maybe it does not—but there is one thing sure that Americans do not want, and that is any kind of action on the part of congress which will throw this country into conflict with European nations!

Our ancestors came to America for the purpose of getting away from conditions that they did not like in Europe.

But for six years the present administration has been weaving into our governmental system any number of questionable and doubtful European schemes that if not checked will make this another Europe.

Now comes along a war threat and we find ourselves on the brink of a conflict that every human being on the American continent desires to stay out of, except the foreign agitators who should be shipped back, and a very few who would profit by the flow of American blood.

We do not want any entangling alliances and we do not want any one on the other side of the ocean dabbling in our affairs. We can prevent this by keeping out of the present war—and shipping back to the old country EVERY person who is not satisfied with our form of government.

In fact if Mr. Roosevelt is so anxious to have congress pass some sort of a war bill, why not a measure that will provide for the deportation of EVERY person in the United States who is in the slightest degree anti-American? We've got a lot of them here, and most of them are from foreign lands.

Well, send them back and let them fight the wars of their countries and their governments!

We do not want them here—and we do not have any desire to get into the European conflict.

Members of congress will please the citizens of America if they will keep their heads and NOT declare a war or perform other warlike acts that might embroil America in the conflict!

Keep out of it!

WHY?

The New York Times in its last Sunday edition carried a special dispatch from its Washington correspondent in which it stated that "an attempt was made through friends of Colonel Lindbergh in the War department to dissuade him from making the speech (in which he asked America to remain out of the European war) but that the effort had failed. High government officials were much concerned yesterday as to what Mr. Lindbergh might say, but were relieved somewhat when they learned that he did not take a stand specifically against repealing the embargo provisions of the Neutrality act. There was no concealment, however, that he had questioned by inference at least, the Administration's purpose."

Will President Roosevelt and his assistants tell America WHY they should be disturbed because Colonel Lindbergh urged America to remain out of Europe's war of destruction?

Will they tell the nation why any citizen has not the right to make an appeal for peace? Yes, tell the nation WHY!

OF WASHINGTON, D. C.

Last Saturday evening when there was being staged a political radio skit under the sponsorship of Mrs. Thomas McAllister, of Washington, D. C., it was recalled that the McAllister family at one time lived in Michigan.

Mrs. McAllister, some two or three years ago, was given a pretty good political job down in Washington. About the same time she landed this job, her husband was elected a supreme judge in Michigan.

Then the family went to Washington. Judge McAllister continues to draw \$12,000 per year as supreme judge of Michigan, although he LIVES in Washington, D. C. and commutes back and forth to Michigan four or five times a year when the supreme court is in session.

The conduct of Judge McAllister is certainly not in keeping with the dignity or responsibilities of his office. It is unfair to the people of Michigan. While it is not essential that a supreme judge live in Lansing, still his duties are there and he should at least remain within the boundaries of the state that pays him his salary.

While attorneys are guarded in their comments about the action of Judge McAllister because of fear in offending him, it is known that they do not like the fact that he spends practically all of his time in Washington when he should be in Lansing attending to the business of the court.

His residence outside the state has at times seriously interfered with the proper work of the court. The legislature last winter saw fit to try and remedy the situation. While a bill was passed by the house of representatives requiring a supreme court judge to be available in Michigan for his duties as judge, the lawyer members of the senate judiciary committee, like most other lawyers, did not care to place themselves in a position as offending any one on the supreme court, and permitted the bill to die in committee.

But Judge McAllister, if he has the slightest regard for the citizens of his state, should immediately terminate his residence in Washington and return to Michigan.

BEYOND BELIEF.

Both newspapers and radio reports tell of the execution in Germany of a youth named Paul Mueller of Halle, Germany, because of his religious objection to military service. The report was released by Berlin censors, therefore, it must be correct. Some time ago there were mass executions in Russia because many of the older people still held to their religious beliefs.

Can it be possible that this war that is now pouring human blood over the countries of Europe is a fight of the Pagan rulers against all Christianity?

If so, and there is reason to believe that it is true, there is no doubt as to how it will end—Paganism will never rule ALL the nations of the world! And in spite of Pagan dictators and their wars, Christianity will FOREVER prevail!

LONG DYNASTY TOPPLES

Almost four years have passed since an assassin's bullet put an end to the incredible career of Huey Long, whose audacity and ruthlessness had made him the first real dictator that any American state has known. Unlike most dictators, Long built an organization which was able to function for a while after his own death.

But slowly and inevitably Louisiana has experienced the traditional sequel to a dictator's death. The smaller fellows around the dictator couldn't work together in a permanent partnership; and none was strong enough to make a dictator of himself.

So Huey's faithful "boys" finally fell out; and when they fell out they began telling tales out of school about one another. As a result, Louisiana now has one of the largest and juiciest political scandals which any state has had in years. The latest development is indictment of the recently resigned Governor Richard Leche on a charge of profiting by illegal "hot oil" operations. More significant than indictment of Leche, perhaps, is the fact that Seymour Weiss, financial right-hand man to the late Dictator Huey, was indicted with him.

As the Huey Long dynasty topples, Huey's brother, Earl, sits in the governor's chair and dreams of a new Long dynasty. Ironically, Earl was on the outs with his brother Huey during the lush days for the Long men now undergoing tribulations in the courts. Maybe this means the end of a chapter in Louisiana history and the turning to a better and clearer page. Maybe again, it just means rewriting the old chapter with a new cast of characters.—Philip T. Rich in The Midland Daily News.

HELP TO LAZY EDITORS

It's getting mighty easy and care free to run a newspaper now days. The government's different spending agencies, the free publicity agencies of industrial lines, the institutions of learning and hundreds of other things that seek publicity but will pay anybody but the publisher for that publicity clutter up a newspaper man's mail with mats, story and pictures enough to fill a 100 page paper every week. There seems to be enough newspaper fellows accepting this easy means to find filler to encourage those publicity plans to increase instead of die out.—Al Weber in The Cheboygan Observer.

WHAT WILL CURE GRAFT IN OUR GOVERNMENT?

After a good many years observing the operations of federal, state, county and local units of government, I am convinced that the government nearest home is always the best operated; certainly so far as downright honesty is concerned. This applies especially to small communities from a population of fifteen or twenty thousand or less. There is little question but what large cities, states and the nation each lose huge amounts of the taxpayers' money in inefficiency, incompetence and out-and-out graft; some of this latter is within the law, much of it isn't. The fault doesn't lie with methods of selfish, greedy men. Public officials are recruited from the ranks of private, citizenry; if the average citizen is not able and honest, when he gets into government he doesn't become a Saint. He knows that between him and the public is a easy gulf, a gulf that makes his ineptitude or his dishonesty easy to apply; he knows that the public suffers long, and few be the grand jury investigations that send people to prison. There is no cure for these situations

in merely subsisting other forms of executive or statutory regulation; laws don't change the spots of leopards. What is needed today, as always has been and probably always will be the need, is the making of honest, decent, responsible boys and girls who will become the same kind of men and women when they grow up. From such citizens, then, public offices will be filled by better people, and better people will demand from their public officials honesty, decency, responsibility. That is the basis of and the perpetual substance of true democracy. No other method will work—no, never, never, never!—George Averill in The Birmingham Eccentric.

THE SOLUTION

A couple weeks ago Murl H. DeFoe, Michigan liquor control commissioner, made a statement over a state-wide radio hook-up which interested us a lot.

He predicted the state had an even chance of seeing the return of prohibition within a span of the next five years. And he may be right, even though this perhaps seems a little far-fetched at the present time to those of us who are not acquainted with the facts in the case. But just as sure as the third drink is at least two too many, that is what's going to happen unless drastic steps are taken immediately.

The liquor interests are as greedy now as they ever were and they hammer their salesmen and representatives every day in the week for more and bigger orders. They are spending millions advertising in the most pernicious ways imaginable to lead the public to buy their products. One prize manner is the association of their product with a famous portrait, or lovely flowers, or an attractive scene, so that if we like the flowers, the picture or the scene it automatically follows we should naturally like the whiskey advertised.

We are not willing now to agree wholeheartedly with Commissioner DeFoe because men like him will discover an answer to this problem before it reaches the stage of absolute prohibition again. We all know what that was like and we do not want it back. But men of the calibre of Murl H. DeFoe, if kept in offices of the nature he now holds, will solve this question before it reaches that point.—Fred Keister in The Ionia County News.

POLLUTING A NATION'S READING

Smut is polluting the nation's reading at an increasing and alarming rate, according to students of that subject.

There are 400 magazines published in the United States, three-fourths of which have been established since 1930, which either portray crime and cast criminals in hero roles, or devote their contents to sex stories, carry pictures that border on the indecent, print articles on illicit love, or carry disreputable advertising.

Canada and Australia protect themselves from this American contamination by prohibiting the circulation of more than 100 of these magazines in those countries. But more than 15,000,000 copies of this erotic filth are printed in the United States every month, and according to accepted estimates are read by some sixty million people.

Among those readers are hundreds of thousands of boys and girls of teen age, while a majority of readers of this type of magazine are under 40 years of age.

How much has this monthly flood of smutty reading to do with the much deplored increase in crime and decadence of public morals? How culpable is it in implanting lewd notions in youthful minds, to supplant the clean ideals inculcated by the home, the church and the school?

How much has it to do with sex crimes? In New York City alone some individual is arrested every six hours for some sex crime of revolting type. Figures for other cities and even rural communities might be equally startling, if available.

There is no surer road to national degeneracy than to pollute the minds of the nation's youth with lurid tales of crime, of sex laxity and of dissolute living. Writers of such tales throw a deceptive glamour around their plots that make an especial appeal to the underprivileged, and it is from this group that our prisons are drawing their recruits most rapidly.

When such lurid reading material is multiplied four times in nine years, the trend of national thinking must be toward depravity.

Sensing that danger, the Detroit Catholic League is engaged in a campaign to drive all smutty "literature" from the newsstands of the country. In its pursuit of that objective the league deserves the support of good citizens generally, irrespective of race, or political or religious beliefs.—Don Cochrane in The Hartford (Mich.) Day Spring.
