Ringel, 320 South Mill; Robert Edgar Moore, 2003 Northville road; John Robert Conner, 371 Blunk; Harvey E. Cooper, 11314 Hubbard, Rosedale Gardens; Gordon A. Moe, 304 Liberty; Lionel J. Coffin, 638 South Harvey; Emerson C. Robinson, 810 Forest; Joe D. Merritt, 1910 Lilley road and Winfield L. Soper, 163 Union street.

Others from Northville, Livonia and Redford townships include Frank S. Ragsdale of Northville; Robert Osen, Detroit and Melvin J. Kintu of Redford township, all volunteers. The selectees from outlying districts include Howard H. Biegert, Clarence T. Uitz, Alvin E. Mine, Robert Huddleston, Raymond F. Parmenter, Edward S. Horton, Norman Niles, Lyle M. Dillenbeck, Robert D. Gatto, Andrew J. Fisher, James M. Van Valkenburgh, Howard Niles, Lawrence A. Schlosser, Weldon R. Anderson and Patrick J. Mitchell, all of Northville; Ralph B. Frank, William J. Weisler, John P. Lesman, Carl Brandt, Robert M. Hunter, Eugene P. McKelvey, Samuel J. Turk, Elwood G. Teeples and Eugene V. Sanker, of Farmington; Carl F. Schmidt, Jr., Jayne W. Larkin and Lyle J. Macklem, of Redford township; Robert J. Anderson, Walter W. Jaiko, Eugene Lee Reed, Ward Phelps, Haines, Jr., Stanley F. Majchrycz, Eugene B. Mills, Charles G. Hyde, Earl T. Oliphant, Arthur H. Harrison, Russell D. Webb, of Detroit, and Maunu Junttila, Hancock, Michigan.

## C. of C. Conducts Community Clinic

Committee chairmen were appointed this week by President Earl Russell of the Plymouth Chamber of Commerce to organize and conduct a group of "Community Clinic" meetings. The purpose of the clinics is to discuss civic and business problems and to outline a program of action for the Chamber of Commerce. The clinic chairmen to assist Mr. Russell include Jack Taylor, C. H. Rauch, R. G. Lorenz, Harold Curtis, F. D. Schraeder, Paul Wiedman, Frank Terry, Otto Beyer, William Rose and George A. Smith.

## Fire Destroys M. E. Bird Home

Fire destroyed the home of Mrs. M. E. Bird on Powell road, half a mile west of Ridge road, in Plymouth township Wednesday evening, and a strong wind swept sparks toward the next-door house owned by August Yuchas. The second blaze was soon extinguished. The Plymouth fire department answered the call at 6:30 and fought the flames until 9 o'clock.

Although the Bird house was a total loss, local firemen were able to save most of the furniture from the downstairs floor. It is believed, according to Fire Chief Fred Wagenschutz, that sparks from the chimney started the fire. Damage was estimated at \$3500.

## Guest Speaker

REV. P. RAY NORTON

Rev. P. Ray Norton, former pastor of the Plymouth Methodist church and now at the Preston Methodist church in Detroit, will be the guest speaker at special services commemorating the burning of the church mortgage at the First Methodist church Sunday morning at 11 o'clock. All former pastors and friends of the church have been invited to attend the ceremony. Carroll Adams, formerly of Plymouth, and Miss Florence Norton, daughter of Reverend Norton and a recent graduate of the music school of Albion college, will each appear as guest soloists at the Sunday morning service.

## W. N. Isbell to Address Alumni

W. N. Isbell, former superintendent of Plymouth high school from 1905 to 1918, will be the guest speaker at the fifty-ninth reunion to be held at the high school next Friday, June 20 at 8 o'clock.

"I shall look forward to meeting with those students of later years for though now in retirement, I shall always be interested in educational work. It will be a great pleasure to meet some of my former students and friends of old Plymouth high," Mr. Isbell wrote in accepting the invitation to speak here.

The 162 graduates of 1941 will be guests of the alumni association at the reunion gathering. After a short program, there will be dancing with Don Mielbeck's orchestra. All alumni and friends are cordially invited.

## Classes of '13 to '18 Plan Reunion Breakfast

The alumni of Plymouth high school classes from the years of 1913 through 1918 will hold a reunion breakfast at 9:30 o'clock on Sunday morning, June 22 in Riverside park. Everyone is requested to bring his own breakfast and watch for signs to designate the place of meeting.

## America Renews Allegiance to Ideals of Democracy on Flag Day, June 14

Flag Day, June 14, takes on renewed significance in this year of 1941 as Americans pause to reflect the full meaning of the red, white and blue, which is the emblem of a way of life and the symbol of the soul of America.

The American flag, third oldest of National standards of the world, was first authorized by Congress on June 14, 1777, and that date is now observed as Flag Day throughout America and its far-flung possessions.

The flag, which has grown from the first 13 stars, white in a field of blue, to 48 stars for each of the 48 states, represents the great American story of expansion and progress through the years. Further, it represents a symbol of all we have and all we hope to be.

## Commencement Week Activities Begin Sunday

Rev. S.S. Closson Gives  
Baccalaureate Sermon;  
Graduation on June 19

Commencement week activities for the largest graduating class in the history of Plymouth high school will begin with baccalaureate services on Sunday evening, June 15, at 8 o'clock in the high school auditorium. The students' Class Night program will be presented on Tuesday evening, June 17 and seniors will receive their diplomas at commencement exercises next Thursday evening, June 19.

The Rev. S. S. Closson will deliver the baccalaureate address on "Successful Living" Sunday evening. Miss Ruth Drews will play the processionals as the 162 seniors of the class of 1941, attired in caps and gowns, file into the auditorium and take their places. Following a prayer by the Rev. G. H. Enss, the adult choir of the First Methodist church will sing an anthem, "Sanctus," from the St. Cecilia Mass by Gounod, under the direction of Mrs. M. J. O'Conner.

Mrs. James Sessions will sing a solo and the Rev. Walter Nichol will read the scripture after which Rev. Closson will address the students. Miss Drews will play the recessional to close the program.

On Tuesday evening, students will present their Class Night program. This year's offering is entitled "Life Goes to School," with the program theme based on Life magazine. The art department has designed a backdrop for the stage in the fashion of a Life magazine cover. Four sets of scenes with narrators will picture reviews of each of the class years including regular school work and extra-curricular activities. Bill McAninch is general chairman of the program, assisted by Arvel Curtner, Orlyn Lewis and James Zuckerman.

Graduating exercises, marking the close of the seniors' school careers, will be held next Thursday evening at 8 o'clock in the auditorium of the high school. Professor Preston W. Slosson, well-known lecturer and instructor of history at the University of Michigan, will deliver the commencement address.

Following the processionals, to be played by Miss Ruth Drews, the Rev. Walter Nichol will deliver the invocation to open the program. Miss Ardith Rowland will deliver the salutatory address, after which the triple trio will sing "Calm As The Night," and Miss Virginia Rock will deliver the valedictory address. Professor Slosson will then deliver the commencement speech.

## Women Voters' League Wages Picnic Date

The annual picnic of the Plymouth League of Women Voters has been postponed two weeks until Friday, June 27. The members will be guests of Mrs. Maurice Woodworth at her cottage on Lake for the day. The committee assisting Mrs. Woodworth includes Miss Anne Donnelly, Mrs. A. L. Pittinger, Mrs. Rolfe Smith, Mrs. Bruce Woodbury and Mrs. John J. Scheel.

## Ex-Service Men Give Flag to City

In conjunction with Flag week observance and the organization's Americanism program, the Ex-Service Men's club will present an American flag to the city at the meeting of the city committee next Monday evening at 8 o'clock.

Commander George Gottschalk, William Johnson, officer of the day, and John Jacobs, of the committee on presentation, will dedicate the flag in behalf of the club. All Ex-Service men are to attend the flag presentation ceremony. The new flag, with a staff and standard, will be displayed in the city commission chambers.

At its meeting on Tuesday evening, the Ex-Service Men's club voted to "adopt" one child in Plymouth, England in cooperation with the program of the Namesake Town committee. This brings the number of British children "adopted" by organizations and citizens of this city to a total of 12.

The stars arranged in a field of blue to represent "a new constellation" bespeak America as a haven and sanctuary for people the world over. Each star tells the story of a great and sovereign state which has entered the Union, and the 13 stripes tell the story of this country's struggle for independence and the survival of the Union. The lesson of the flag, "In Union There Is Strength," will be never more important than today.

## Delegate

JOHN BLYTON

## Blyton Attends Kiwanis Conclave

John Blyton, president of the Plymouth Kiwanis club, and Mrs. Blyton will leave for Atlanta, Georgia today (Friday) to attend the twenty-fifth annual convention of Kiwanis International next week.

"Vitalize Democracy Through Service" is the theme of the convention which will open on Sunday and continue through Thursday. The entertainment highlight of the convention will be "The Cavalcade of Dixie," a musical extravaganza featuring over 250 artists. The pageant will depict the Southland's colorful history with authentic scenes of the Old South, plantation days, mountain music and a Georgia camp meeting. Other items on the program include a symposium discussion of "How National Defense Affects Us" with participants representing capital, labor, management, consumers and the government; addresses by the nation's Kiwanis leaders and social receptions and sight-seeing tours.

## Burglars Loot Bus Co. Garage

The Dearborn Coach company's garage at South Main street and Ann Arbor road was broken into last week for the third time within a year. A driver reporting for work at about 5 o'clock on Saturday morning discovered a window broken on the west side of the garage and the office ransacked, according to police.

After gaining admittance through the broken window in the garage, the thieves broke into the office and smashed a padlock on the desk drawer, stealing approximately \$38 from the office. Local police notified the Wayne County sheriff's office and fingerprints were taken.

On August 17, 1940, the bus garage was broken into and \$117 was stolen. Again on October 28, 1940, burglars stole about \$46.

## Ex-Service Men Give Flag to City

In conjunction with Flag week observance and the organization's Americanism program, the Ex-Service Men's club will present an American flag to the city at the meeting of the city committee next Monday evening at 8 o'clock.

Commander George Gottschalk, William Johnson, officer of the day, and John Jacobs, of the committee on presentation, will dedicate the flag in behalf of the club. All Ex-Service men are to attend the flag presentation ceremony. The new flag, with a staff and standard, will be displayed in the city commission chambers.

At its meeting on Tuesday evening, the Ex-Service Men's club voted to "adopt" one child in Plymouth, England in cooperation with the program of the Namesake Town committee. This brings the number of British children "adopted" by organizations and citizens of this city to a total of 12.

## Miss Penney Plans Another Recital

Miss Czarina Penney, bachelorette of music, will present another group of her pupils in a piano recital Monday evening, at 8 o'clock, at the Mayflower hotel. She will be assisted by Miss Winifred Hix, vocalist.

The pupils to appear in this recital include Cynthia and Betty Baker, Frederick Cassidy, Helen and Richard Moore, Norma Nelson, Janet and Audrey Swain, Ellen Schultz, Shirley Schokow, Marie Thun, Edson Whipple and Ann Watkins. Miss Dorothy Blunk will recite "Valse Arabesque" with Miss Penney (two pianos). The public is invited.

## Machine Gun Plant Soon Ready for Operation

Over 300 Are Now  
Employed at  
the Kelsey-Hayes

Although the big factory whistle at the new Kelsey-Hayes machine gun plant just east of Plymouth is blowing three times each day, signifying that there are three eight-hour shifts working at the plant, it has been learned that the big munitions factory is not yet in production and that it will probably be a number of weeks before there will be capacity operation.

While there are several hundred workers busy at the plant placing machines and training workers to operate them, it is understood that no production has been started.

There are some 350 workers now employed, but it is expected that over 2,000 will be employed as soon as the plant can be placed in full production.

Never before in this part of the state has there ever been erected a plant so thoroughly protected night and day as is this munitions factory. High wire fences completely surround it and some 50 or more police officials provide night and day protection. At night time big flood lights light the grounds around the plant for hundreds of feet beyond the fence line.

Additional employees are being added each day to the payroll. But like all munition and arms factories, just the minute the emergency is over, all of the employees will be out of jobs.

## Construction Under Way for New Theatre

Manager Harry Lush  
Expects Building to  
Open Early in Fall

Construction is well under way on Plymouth's new theatre on Penniman avenue across from Kellogg park after repeated delays because of strikes in the trucking and builders' supplies industries. The cinder block walls have been completed and installation of the steel work has been started. Workmen are also drilling a well at the rear of the property for the theatre's cooling system.

Harry Lush, owner and manager of the new theatre, expects the building will be completed and ready for opening early in the fall. Sub-contractors have been let to S. L. Corbett for electrical work; Burger-Dobbs-Farwell, mason work; Sterling Steel company, steel supplies and the National Theatre Supply company, theatre equipment.

The new theatre, which will be 128x56 feet, will have a seating capacity of 750 with two balconies, dividing the rows of seats running 90 feet from the front to the rear. The seats, 20 inches wide, will be set 33 inches apart from back to back allowing patrons ample room to pass. In addition to a large projection booth, there will be two general offices on the second story at the front of the building.

The front of the building will be tan marble with a granite base and an overhead marquee sign. Building plans, drawn by Wright and Rogovy, architects, call for a rear exit for which a 7-foot set-back from the side lot line has been allowed. Manager Lush, who plans to manage both theatres here, announces that the same policy of first-run pictures will prevail as at the Penniman-Allen theatre.

## Plan Vacation Trip to Guatemala

Dr. and Mrs. Lyman Judson have returned to Kalamazoo after a short visit with the former's mother, Mrs. H. S. Doerr, South Harvey street. Dr. Judson is professor of the English and dramatics department at Kalamazoo college.

On June 18, Dr. and Mrs. Judson are sailing from New Orleans for a trip to Guatemala, where they will enjoy a few weeks' vacation and, incidentally, obtain many moving pictures of the country. Recently Dr. Judson showed colored movies of scenes he has taken in Mexico and Wisconsin before the Archives in Washington, D.C.

## Plymouth Masons Plan Dinner Meeting Friday

Following a successful season of activities, Plymouth Masons and their friends will enjoy a festive dinner Friday (tonight) at 6:30, to be served by the Ladies of the Eastern Star, after which the Master Masons' degree will be conferred by the officers and members. There will be several presentations made to life members for their faithful service to the lodge. Tickets or reservations may be secured from the Master or any officer.

## School Finance Report Shows Fine Condition

Reveals Total Balance  
of \$53,000 In General,  
Building and Debt Fund

School financial conditions are the best they have been in a good many years, according to a report made last Monday night at the annual school meeting. The report was for accounts as of May 31, representing 11 months of the year, and showing an increase of \$22,828.75 over the balance on hand at the same time last year.

Three funds constitute the total balance which this year stands at \$53,000.59 as compared with \$30,221.84 of a year ago. It is pointed out, however, that the \$22,828.75 is not an actual gain in receipts for, although there remains less outstanding to be received during the last month of this school year than there was last year, there will be more expenditures to be paid out during the last month of the current year.

The general fund shows a balance of \$37,217.20; building and site fund, \$11,744.65; and the debt service fund, \$14,038.74.

The amount of money set aside for debt service to pay bonds and interest held by the school district shows an increase of more than \$2,000 over last year.

Receipts in the general fund including those from both taxes and state aid, in addition to tuition locally collected and trust funds (Continued on page 6)

## Woman Prepares for Motor Service

Mrs. Floyd Burgett, who volunteered sometime ago as a member of the Woman's Club of Plymouth, to take a ten-weeks' motor mechanic and first aid course through the aid of the Red Cross, has this week completed them. Mrs. Burgett says she enjoyed the work immensely and that on Wednesday evening of this week she began an advanced course in first aid at Cooley high school in Detroit.

The motor mechanic course was given in the Ford Highland Park plant and the first aid in Redford high school. Mrs. Burgett would like to know of ten women in Plymouth who would volunteer as she did to take an eight-weeks' course in motor mechanic, giving two hours one afternoon a week and a first aid course, giving two hours one evening a week. Anyone interested, please get in touch with Mrs. Burgett on Holbrook avenue, Plymouth, immediately.

## Bazaar to Aid British War Relief

An old-fashioned ice cream social and bazaar will be sponsored by the Namesake Town committee in its new project to raise funds for war relief to civilians of Plymouth, England. The affair will be held July 10 in Kellogg park.

In the fashion of the gay '90's, the social will feature outdoor booths for the sale of ice cream, cake, soft drinks and novelties, as well as a band concert.

Mrs. Austin Whipple is general chairman of the social and bazaar; Mrs. Otto Beyer, refreshments; Robert Jolliffe, concession booths; Mrs. T. Moss, bazaar sales; and James Gallimore, band concert.

The local namesake committee plans to order pins with the Plymouth coat of arms for sale at the bazaar. The national organization of Namesake Towns Committee, Inc. has informed the local group that monthly reports on all money raised and spent by each of the local chapters is included in the national report to the state department.

Mr. and Mrs. Arthur Blunk and Mr. and Mrs. Harry Mumby attended the funeral of Bert Austin in Argentine, Sunday. Mrs. Austin will be remembered by many in Plymouth as Mrs. Murna Burnett, formerly a resident here.

## Voters Elect Huber To Board of Education

### Proclamation

To the Citizens of Plymouth:  
Whereas, several Plymouth organizations have requested that this proclamation be made;

"Whereas, we are in a period of national emergency when our flag is a special symbol of liberty and security;

"Whereas, it was June 14, 1777, when Congress resolved, that 'the flag of the United States be 13 stripes, alternate red and white; that the Union be 13 stars, white in a blue field, representing a new constellation';

"Whereas, June 14 has been set aside as Flag Day by state and national proclamation;

"As mayor of Plymouth, I request our citizens to honor the flag on Saturday, June 14, by displaying it correctly on all of our homes and places of business.

Let us show our patriotism by recognizing Saturday, June 14, as Flag Day.

Signed:  
RUTH HUSTON WHIPPLE,  
Mayor of Plymouth.

## Dave Nichol Leaves Berlin for Switzerland

Broadcaster Says  
He Has Closed  
Chicago News Office

Dave Nichol, son of Rev. and Mrs. Walter Nichol, who was sent to Berlin as correspondent of the Chicago Daily News last fall, has been ordered by The News to close the Berlin office of the News and go to Switzerland.

It was an interesting experience the Nichol family had Wednesday morning, Rev. Nichol had returned to his home from the office of The Plymouth Mail where he had advised The Mail that it had been sometime since the family had heard from their son in Berlin.

When he reached the home, Mrs. Nichol had just had a telephone call from a friend in Detroit who inquired if she had heard the radio broadcast from Berlin a few minutes before which stated that Dave Nichol was closing the office of The Chicago News in Germany, and that the correspondent of another important American newspaper was also closing his office to leave for another country.

The broadcaster stated that the departure of Dave Nichol and the other correspondent would leave but two or three American newspaper men in Berlin.

On Monday The Detroit Free Press published a number of photographs of American newspaper men who had been taken on a trip to Poland by the Nazi officials to show them what had been done in that country that day.

Group picture clearly showed Dave Nichol standing in the back row of the group of correspondents. Other pictures showed views of children being moved by the Nazis from Lithuania to Nazi Poland.

Rev. and Mrs. Nichol have no information as to the future location of their son. He has not advised them whether he will be stationed permanently in Europe for the duration of the war or whether he will be sent to some other point of activity.

It is apparent that American newspapers regard the world situation so serious that they do not care to risk the lives of their correspondents who have been stationed in Berlin, and are having them leave for other destinations.

The series of articles that have appeared in The Chicago News written by Mr. Nichol have been of exceptional interest.

## High School Band to Give Concert

Plymouth high school's 50-piece band, marking the conclusion of an outstanding year, will present a public concert on Monday evening, June 16, at 7:45 o'clock in Kellogg park.

The concert will mark the last appearance with the band of Evelyn Lewis, Paul Harsha, Phyllis Campbell, Valbert Groth, Jack Butz, Lloyd Clark and James Pennell, who are members of the June graduating class.

Under the direction of Lewis Evans, the band will play a program of semi-classical and popular music. Harry Wooster will play a trombone solo; Donald Vanderveen and William Stanton will play a cornet duet and Phyllis Campbell, Jack Butz and Marvin Kleinschmidt will play a saxophone trio.

Superintendent G. A. Smith was presented with \$75 by the high school band at a school honor assembly last week, as the last payment on uniforms purchased two years ago.

## Electors Approve Sale of Lots and Reject Added Tax

Only 174 Votes Cast  
in Plymouth's Annual  
School Election

Michael J. Huber was elected for a three-year term on the Plymouth school board at the annual school district election Monday, replacing Russell A. Kirkpatrick, incumbent and former president of the board. Mr. Huber received 98 votes and Mr. Kirkpatrick received 75 votes in an election characterized by light voting. This is the first time Mr. Huber has ever been a candidate for a school district office.

Only 174 votes were cast representing less than 20 per cent of the district's qualified electorates. The voters approved proposal No. 1 authorizing the sale of four lots, located at the corner of Forest and Sutherland avenues, which were purchased a number of years ago and are no longer needed for school purposes, and rejected proposal No. 2 which proposed a one-mill assessment upon the taxpayers of the district for the building and site fund. A total of 170 votes were cast upon proposal No. 1, including 118 in favor and 52 opposed, and a total of 161 votes on Proposal No. 2 including 56 in favor and 105 opposed.

The new member of the board of education of Plymouth school district is a civil engineer and construction superintendent for the Wayne County Road commission. Mr. Huber has lived in Plymouth school district for the last 10 years and resides at 1580 South Main street. He will assume office at the next meeting of the board on Tuesday evening, June 17.

## Tom Brock Wins Highest Honors

Tom Brock, son of Mr. and Mrs. Harry Irwin of Canton Center road, was graduated from Albion college Monday with high honors. Senator Arthur Vandenberg was the guest speaker at the commencement exercises held at the First Methodist church of Albion.

At an honors convocation held in the college chapel Saturday evening, young Brock received first prize in the senior Horn oratorical contest, the Baldwin class oratorical trophy, a prize for excellence in debate and first prize in the William C. S. Pollock peace essay contest. Miss Evelyn Frye and Miss Irene Waldorf, Plymouth high school teachers, also attended the Saturday night honors meeting.

Tom, who has maintained a brilliant scholastic record throughout his school years, plans to enter the University of Michigan next fall to study economics and political science for his Master's degree. He has received a summer scholarship from U. of M. to do research and field work in labor relations.

## Bakery Installs New Equipment

Frank Terry, owner of the Sanitary Bakery at 824 Penniman avenue, announces the purchase of a new Century bread and cake mixer in the bakery kitchens. This new automatic mixer makes 150 loaves of bread at a time. The increased demand for the new equipment for bread and other Sanitary Bakery goods has necessitated the installation of this new equipment. Mr. Terry invites the public to inspect the Sanitary Bakery kitchens and equipment.

## Did You Know That

George Gullen will speak at the Townsend pot-luck supper in Grange Hall tonight, Friday, June 13, starting at 6:30, and that the public as well as all members is invited. Members are asked to bring sandwiches, one hot dish, also dishes and silverware.

Mr. and Mrs. Myron Mawhorter, who have been spending the past few weeks at their summer cottage near Baldwin, have been home for a few days this week. Mr. and Mrs. Mawhorter went north soon after their return from Oklahoma where they spent the winter. They will return to Baldwin this week-end, where they expect to remain for the duration of the summer.

Mrs. C. E. Johnston of Philadelphia was the guest for a week of Mrs. George H. Wilcox, leaving on Tuesday for a visit in Chicago.

## Babson Says War-Time Restrictions Need Not Hinder Regular Business

Present Opportunities Unlimited; Industry Must Use Imagination

(By Roger W. Babson)

Babson Park, Mass., June 13.—Letters are coming to me from manufacturers, merchants, salesmen, and others asking as to how the war will affect their businesses—such questions as, "Will I be able to sell electric refrigerators?" "Will installment buying be allowed?" "Will more oil burners be manufactured?" etc. These people see so much in the papers about priorities, control of raw materials, manufacturers' restrictions, and the like that they are thoroughly scared. They wonder whether they will have the goods to sell and whether people will be in a buying mood if they do have the goods to sell.

### Can't Kill Industries

The first thing to remember is that human nature cannot be changed by legislation. I learned this during World War I when I was National Director of Information and Education at Washington. We shut down on Sunday motoring, but the money went into silk shirts instead of into gasoline. In England, they first shut off the sale of cosmetics to English working girls in the factories. The authorities soon found, however, that unless the girls could buy what they wanted the production of munitions fell off. Then, the government went to the other extreme and installed in all factories silk machines for the sale of cosmetics.

I repeat: No government restrictions can change human nature. This means that industries can't be killed. People will change their habits of riding from a stagecoach to a railroad train and from a railroad train to a bus or aeroplane; but the transportation industry is fundamental. Men will change their mode of fighting from bows and arrows to pistols and guns and then to tanks and bombing planes, but warfare is fundamental. We change our method of heating from wood pile to coal stove and then to the oil burner; but the heating industry still remains fundamental. Those who stick to the industry but are willing to change their methods are, in the long run, successful.

### Finding New Uses

Our great grandparents did their reading by candlelight; our grandparents read with a kerosene lamp; our parents lit the house with gas; while we use the incandescent lamp. The mode of lighting changed, but those who stuck to the lighting industry and were willing to change the method of lighting came through with flying colors. The easily frightened and the "die-hards" were wiped out. Certainly, there is a lesson in this for all of us today. Do not give up the business or line of work for which you are trained because Harold Ickes says "Boo" to you and tries to scare you.

There is something more in this connection, however, which we should now remember. It is this: Notwithstanding the changes from candles to kerosene, from gas and electricity, this astounding fact is true: More candles are sold today, more kerosene is sold today, and more gas is sold today than ever before in history. This means that even some of those who remained in these "vanishing" businesses are making millions today. They are making these millions because they developed new uses for their products. They taught people to use candles for decorative purposes; to use kerosene to operate the kitchen stove; and to use gas to heat the house, operate the ice-box, and a score of other things never dreamed of before.

### Use Your Brains

A famous magazine publisher interested in developing national advertising once gave me the job of discovering some industry in which no one was then making a fortune. I spent a year on the quest, traveling thousands of miles and making all kinds of inquiries. I was absolutely unable to find a single industry from cradles to coffins in which someone, somewhere, was not making millions. Certainly, this proves that it is the man rather than the industry which determines success or failure.

If you lack courage and imagi-

ination, better get a job with the government or enlist in the army as soon as possible. These are two fields where you need to do only what you are told and you will get your pay check just the same at the end of every month. If, however, you have courage and imagination and are willing to use your brains and your shoe leather, you need not fear how the war will affect your business. Remember that you have in your head the most wonderful and profitable machine which God or man ever created. For heaven's sake use it for something besides supporting a hat!

### Remember Plastics

The priority regulations chiefly affect metals. These regulations would have been a severe handicap to manufacturers of refrigerators, vacuum cleaners, radios, etc., during World War I, if these things had been in general use 25 years ago. Since then, however, the use of plastics has been discovered, and most things now sold for household use, plastics can today take the place of metals. Think this over before getting frightened! Also remember that plastics are only one of a score of other important substitutes which have been developed since World War I. Make priorities and other war restrictions steppingstones to better business, more profits, and real prosperity, instead of getting frightened and running for cover.

"We are interested only in your ideas," declares President Russell. "Business action is needed now at the Chamber of Commerce is the one organization through which we may all work to speed our own progress. The Chamber of Commerce has an unbroken record, going back 20 years and its very survival through the depression years testifies to its value."

"Thought Survey" records will be distributed to those attending the meetings and will also be mailed to residents of the city. The cooperation of everyone is urged to help draft a program for the Chamber of Commerce. All suggestions will be considered confidential and no names will be published.

## Churches Plan Vacation School

A vacation church-school will be sponsored jointly by the Presbyterian and Methodist churches of Plymouth from June 23 to July 3. All sessions will be held in the Presbyterian church from 9 to 11:15 o'clock each morning for the two-week period. Rev. Walter Nichol will direct the program for four departments, including the beginners, junior and intermediate, ranging in age groups from 3 to 14 years.

## Virginia Price and Eber Lester Jr. Wed

Of interest to many Plymouth residents is the wedding of Virginia Price, daughter of Mr. and Mrs. George Price, of Northville, and Eber Ward Lester, Jr., son of Mr. and Mrs. Eber Ward Lester, of Northville. Dr. Harold Fredsell read the service at 7 o'clock, Friday evening, June 6, in the first Presbyterian church in Northville. Mrs. Jesse Bowers sang "O Promise Me" accompanied by Mrs. Gerald V. Harrison.

White marquisette with rows of lace for trim on skirt formed the bridal gown with which she wore a fingertip veil. Her all-white arm-bouquet was of roses, small peonies, larkspur and daisies.

The bride chose her sisters for her attendants having Lucille as maid-of-honor, Dorothy and Shirley as bridesmaids, and Peggy Ann as flower girl.

The maid of honor was gown in pink marquisette and carried pink larkspur, roses and delphinium. The bridesmaids wore blue marquisette and carried pink larkspur and roses. Peggy Ann was daintily dressed in a floor length gown of pink lace.

The bridegroom was attended by Soragus Lester, a brother, and the ushers were Lawrence Parmenter and Arthur Mitchell of Northville.

Mrs. Price chose a black and gold gown for her daughter's wedding while Mrs. Lester wore a navy blue redingote with white accessories. Both wore a gardenia corsage.

Fifty relatives and friends were present at the reception held in the bride's home following the ceremony.

Mr. and Mrs. Lester left that evening for a short wedding trip in northern Michigan and are now at home at 461 Jener Place, in Plymouth. For traveling Mrs. Lester chose a beige suit with white accessories and wore a gardenia corsage.

Alumni of the Superior Town-line school will attend a reunion at the school on Sunday, June 15. A potluck dinner will be served at noon.

## Reunion of Belle Covert Pupils June 21

The annual gathering of the Belle Covert Pupils association will take place on Saturday, June 21, in Cass Benton park, Northville. Roy Sackett and Nellie Thomas Barker of Detroit are in charge of the program for the day. A basket lunch will be enjoyed at 12 o'clock sharp, with coffee being served by the committee.

It is hoped that there will be a large attendance as this is the one time of the year that Mrs. Belle Covert-Adams looks forward to and enjoys so much. Those who, for one reason or another, are not able to be present are asked to at least send a word of greeting to be read on that day.

## School Finance Report Good

funds equalled \$181,757.08. The total expenditure for the 11-month period including administration, instruction, plant operation, maintenance and capital outlay costs, is \$144,539.88, leaving a balance in the general fund of \$37,217.20.

In the building and site fund, the balance on hand July 1, 1940 was \$3,897.44. Delinquent taxes paid to the fund this year amounted to \$177.21 which made the total \$4,074.65. The only expenditure was for the purchase of a central southeast site and two lots amounting to \$2,300 leaving a balance of \$1,774.65. The balance in the building and site fund is \$2,110.03 less than last year.

Tax receipts for 1940 in the debt service fund were \$18,983.22 and delinquent taxes were received to the amount of \$3,710.47, making a total of \$30,693.69. The balance on hand from last year, the school board made payments amounting to \$16,025 on bonds and interest. The May 31, 1941 balance in that fund is \$14,058.74.

There were 20 citizens present at the annual meeting at which Mrs. Sidney D. Strong presided very efficiently in the absence of the president of the board. The next regular meeting and the first of the new school board will be held next Tuesday evening, June 17.

## Name Committees for Sports Club

Committee appointments for the ensuing year were announced by President Bill Rambo at the last meeting of the Western Wayne County Conservation club. E. E. Champe, retiring president, was presented with a casting rod for his services to the club during the past three years as president. It was also announced that the club's skeet field is to be moved from its present location to the gun club site on Ann Arbor road.

The following committees were appointed: Bob Merriam and George Hess, co-chairmen of the skeet committee; Jack Weed, chairman, entertainment; Warren Harris, chairman, Garnett Evans and Jack Taylor, Williamston hunt plan; John Cranford, legislative; Lyle Alexander, Milton Fisher, Brick Champe and Garnett Evans, membership committee.

The next meeting of the club will be held Monday evening, July 7, with Russell Powell in charge of the program.

Mrs. A. L. Pittinger, Sr., of New York City is spending the month of June with her son, A. L. Pittinger and family on Ann Arbor Trail. Mrs. Pittinger was honored at a tea last Friday given by her daughter-in-law. The guests were Mrs. Murray O'Neil, Mrs. C. Hamilton, Mrs. Wallace Osgood and Miss Mabel Spicer.

## Nine Working Days

FEW PEOPLE REALIZE how much time and effort are required to conduct a funeral service perfectly. For instance, the equivalent of the time of one person for nine days is required on every funeral we conduct. Included in this estimate are the actual hours spent by our staff in making advance arrangements, serving clients and directing the service.

Yet, despite this, we are able to provide services at prices as low as those charged by any funeral director in the community. And in every funeral the full facilities of our mortuary and personnel are available, regardless of the amount paid.

## Urge Farmers to Grow More Beans

If Michigan farmers follow the government's suggestions for a 35 per cent increase in white pea or navy bean production, the job can be done far easier than possible in 1937.

Better bean growers are the answer, says H. C. Rather, head of the Michigan State college farm crops department.

"The 35 per cent increase would call for a total production of 5,817,000 bags of 100 pounds each. At present that could be produced with normal weather on 727,000 acres, although in 1937 it would have taken 970,000 acres.

"Equipment is essentially the same as it was a quarter century ago. Two other factors are involved," explains Rather.

The use of sweet clover as a green manure preceding the bean crop is one change in practice that has occurred to increase yields. Years ago the sweet clover was unimportant except as a type of wild pasture.

Another factor credited by Rather is the use of new varieties. The Robust variety was introduced from Michigan State college in 1918 but was not given a major increase out in the state until 1922. Roughly it has increased production 15 to 20 per cent over other varieties it has supplanted.

There is a still better chance for crop efficiency with the newer Michelite variety, also a Michigan State college plant breeding product, released in 1937. The yield from the Michelite is slightly better than Robust and is more uniform in size and quality.

So, if it's beans for Britain, for the army or for domestic consumption, Michigan growers can fill the bill, and the bags.

### A GIRL'S PRAYER

(By Gloria Jones)  
Dear God, why must we part?  
Why must you separate me from my sweetheart?  
I know he's no better than I, any mother's son,  
Or any other girl's sweetheart, but it's so very very hard to part.

We had such beautiful plans for our future,  
Everything was going to be just like a song,  
But he's gone now and it seems so very, very long.

Watch over him dear Lord, and tell him I love him each day,  
Tell him not to worry,  
It will all end and he shall come back to me some day.

This world of ours has so much to learn,  
All we can do is keep praying for our sweethearts' return.

So give us courage to smile and be brave,  
Let us keep our chins up and realize,  
That through all this sorrow,  
There must be peace in the heavenly skies.

May all this hatred and sorrow come to an end,  
Let every man be one another's friend,  
I shall wait and pray until I feel the touch of his hand,  
All I ask, dear Lord, is  
GOD BLESS OUR LAND.

Now that half the people are taking pictures, those of us who have to look at them should put a price of at least a dollar an hour on our time.

## Friday the 13th; —It's Here Again!

FRIDAY the 13th—America's No. 1 jinx day—has arrived. And, while people walk around, avoid spilling salt, tighten their hold on rabbit foot charms, and keep an alert eye "peeled" for coal-complexioned cats, conversations take on an air of uneasiness.

"Me sleep on the 13th floor? No, sah!" ...  
"We can't be married then—it's Friday!" ...  
"Listen, Gus, we ain't pullin' no job tonight—it's the 13th, see!" ...  
"Why, these superstitions? Well, it's an old, old story."

The number 13 was blackballed by the ancient Babylonians, and in the Christian era has been associated with the 13 who partook of the

Autolycus. The unpopular of Friday is analogous to the primitive conviction that Friday was taboo—it was spoiled by bad magical conditions.

And so, despite the advance of science and free-for-all education, people cling to these myths. Friday the 13th annually costs this country

a large sum of time and money. People postpone trips, business men defer decisions. If all street patronizers "forget" the stock exchange; race track enthusiasts place small bets, or none at all; and society folk leave the 13th guest uninvited!

And, ironically enough, we continue to laugh at voodooism!

## Postal Worker Wins High Praise

Special commendation has been received by Acting Postmaster Harry Irwin from Walter Myers, fourth assistant postmaster general in Washington, pertaining to the excellent condition of the postoffice building and the grounds surrounding them. The work is in charge of August Ebert, who takes a special delight in seeing to it that everything about the postoffice is kept in perfect condition. Mr. Ebert has just completed the installation of some brass handrails on each side of the granite steps, which the public greatly appreciates. The letter from the high postal official states that in checking the reports of inspectors, he notes that on the last three consecutive inspections, no irregularities of any kind were found. Both Postmaster Irwin and Mr. Ebert are highly pleased with the letter of commendation.

Mrs. Harry Lee is visiting friends in Dayton, Ohio.

## Ted Rheiner Injured in Crash

Ted Rheiner suffered minor injuries when a truck owned by the Raimi Brothers radio and washer company of Detroit crashed into Rheiner's electrical service repair truck at the intersection of Haggerty highway and Ann Arbor road last Friday afternoon.

The Detroit truck, driving south on Haggerty, failed to stop at the intersection, according to witnesses. Rheiner's truck was overturned and thrown against a tree. He received a severe blow on the head and cuts and bruises for which he was given first aid treatment.

## More Boys Drown Than Do Girls

If there's a school boy in your family, he will run nine times the risk of drowning this summer than his sister will, according to figures reported by the Michigan Department of Health.

"Last year's records show very definitely that nine times out of ten it's the boy who is the victim of a drowning accident," says Dr. H. Allen Moyer, State Health Commissioner.

"With the summer months at hand, when two-thirds of all drownings occur, parents will want to know what the chief hazards in swimming are, and these are two. Usually the boy who drowns can't swim at all, or he can't swim well and attempts something beyond his ability.

"What's needed, as lifeguards often say, is more swimming lessons and then more sense in the water. The old rules are good: Don't swim alone, don't show off in the water, don't swim in swift water or where there are unexpected deep holes."

Last year, 36 boys but only four girls of high school age drowned in Michigan. The same nine to one proportion also applied to drownings as a whole. Out of 247 persons who drowned in the state last year, 222 were males and 25 were females. Half of all persons drowned were below age 22.

At all age groups, more boys and men drown than do girls and women. The 1940 figures for certain age groups are:

	M	F	Total
Under five	15	3	18
5 to 9	19	7	26
10 to 14	24	5	29
15 to 19	36	4	40
20 to 24	22	0	22
25 and over	106	6	112

Two-thirds of Michigan drownings occur in the three summer months. Last year's figures were: June 45, July 71, August 50, or 166 of the year's total of 247.

Cheapening of the cost of cellulose acetate may result in the manufacture of a film at so reasonable a cost that it can be used to protect truck gardens and orchards.

## Mrs. Fehlig Entertains Past Matrons' Club of Belleville O. E. S.

Mrs. Ara Fehlig entertained the Past Matrons' association of Belleville Chapter of the Order of Eastern Star at her home on South Main street last Thursday. Luncheon was served at 1 o'clock with Sister Emma Moore of Romulus, president, presiding. She escorted the honored guests, Sister Kate Henderson, matron of Plymouth chapter, and Sister Ida Klagas of Romulus, matron of Belleville chapter, to the table which was very appropriately decorated in the colors of the Star with tiny corsages at each place.

There were 25 guests present from Belleville, New Boston, Inkster, Wayne, Walled Lake, Romulus and Los Angeles, California. The guests responded to the roll call with poems. The occasion marked the twenty-fifth anniversary of the Past Matrons' club and its history was read in review.

Other honor guests included Mrs. Sarah K. Potter who organized the club together with eight of the original members, the first candidate to be initiated in the chapter 50 years ago and three gold star mothers.

## Police Chief Warns Against Fireworks

Vaughan R. Smith, chief of police, issued a stern warning this week to stores illegally selling fireworks and to children using them in violation of the state law.

"It has recently been reported to me that cap pistols, caps and other types of torpedoes or fireworks and other devices containing explosives and inflammable materials are being sold and the police intend to investigate these reports and penalize offenders," stated Chief Smith.

The state law provides that "any person who shall give, furnish, use, explode or cause to explode, any blank cartridge, toy pistol, toy cannon, toy cane or toy gun in which explosives are used; firecrackers, torpedoes, sky-rockets, Roman candles or any inflammable compound shall be guilty of a misdemeanor."

"It is not only important that children refrain from using fireworks to prevent accidents but that store owners be made to respect the law. The violation of this law entices and induces children to become accustomed to seeing the law violated, if not themselves participating in the violation," said the police chief.

## It Was 'Solar Halo' You Saw Tuesday

That big colorful circle you saw around the sun Tuesday forenoon, Mr. and Mrs. Reader, was nothing more than a "solar halo" caused by refraction of the sun's rays through ice-crystal clouds. The clouds, say weather experts, were in the upper strata of the atmosphere. Officials estimated that the clouds were probably more than ten miles above the surface of the earth. While not often seen, weather bureau officials told inquirers that these solar halos around the sun are frequent during the summer. They further explained that the interesting solar sight was an indication of rain.

R. W. Bond of South Lyon was a guest at the home of Mr. and Mrs. A. M. Wieden Thursday.

The Golden Text (Deuteronomy 33: 27) is: "The eternal God is thy refuge, and underneath are the everlasting arms." Among the Bible citations is this passage (Ps. 91: 1, 2, 4): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. I will say of the Lord, He is my refuge and my fortress; my God; in him will I trust. He shall cover thee with his feathers, and under his wings shalt thou trust; his truth shall be thy shield and buckler." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 151): "The divine Mind that made man maintains His own image and likeness. . . . All that really exists is the divine Mind and its idea, and in this Mind the entire being is found harmonious and eternal."

## Newburg News

Mrs. Donald Bovee and children attended a gathering of her Hook and Needle club, Thursday, enjoying a picnic luncheon in Riverside park.

Mr. and Mrs. Frank Currier, of Detroit, and Mr. and Mrs. James Smart, of Dearborn were callers Sunday afternoon in the home of Mr. and Mrs. Calvin Currier.

Mr. and Mrs. John Neckel of Detroit were callers, Sunday, in the home of Mr. and Mrs. Henry Grimm, Sr.

Two hundred guests were present at the banquet on Monday evening, June 2, held in the church hall when Dr. Merton Rice of Detroit, was the main speaker and Howard Coffin, the toastmaster. Former residents attended and enjoyed the good fellowship.

The Fidelis class enjoyed a potluck supper in Riverside park Thursday evening, followed by a business meeting in the hall.

Mrs. Carrie Campbell, of Detroit, spent Sunday with Mr. and Mrs. James McNabb.

The many friends of Mrs. William Smith will be glad to know that she continues to improve steadily.

Mrs. Edwin Norris was in Detroit, Friday evening, to attend a shower honoring Mrs. Bert Bruner.

Children's Day will be observed Sunday in the Methodist church with services beginning at 10:30 o'clock. This will be a combined service.

Miss Martha Britton visited her cousins, Mr. and Mrs. Francis Jesse, in Stockbridge, over the week-end.

Rev. Robert Treney spent a few days last week with his mother in Wisconsin.

Mrs. Elizabeth Lewis of West Palm Beach, Florida and Mrs. N. S. Henkel of Howard City, were callers, Thursday evening, in the home of Mrs. Emma Ryder.

There were 16 ladies present at the tea and demonstration of brushes, Friday afternoon, in the home of Mrs. Robert McClain, which was sponsored by the Fidelis class. A neat sum was added to the treasury.

Mrs. Vera Brinkman of North Hollywood, California, and Mrs. Louis Cuny, of Detroit, were afternoon and dinner guests, last week Thursday, of Mr. and Mrs. James McNabb.

There is not the least flower but seems to hold up its head and to look pleasantly, in the secret sense of the goodness of its heavenly Maker.—South.

Every rose is an autograph from the hand of God on His world about us. He has inscribed His thoughts in these marvellous hieroglyphics which sense and science have, these many thousand years, been seeking to understand.—Theodore Parker.

## Rosedale Gardens

Robert Bruce is recovering from an operation performed Saturday in Grace hospital, Detroit.

Mrs. Ernest Bentley and two sons left Friday for a week's visit with her mother in Cleveland, Ohio. Mr. Bentley will join them there and all will enjoy a two weeks' vacation, visiting other cities.

The Rosedale branch of the Woman's National Farm and Garden association met, Tuesday afternoon, in the club house with Mrs. Yeager as guest speaker. Her subject was "Flower Arrangement." The annual garden tour of the local gardens has been planned for Saturday, June 21. Tea will be served in one of the gardens.

Mr. and Mrs. John Perkins were hosts at cocktails, Saturday evening, to 20 guests preceding the Sports dance in the club house. Mr. and Mrs. Earl Stanbury were also hosts at a similar party in their home before the dance.

Mrs. John C. Calhoun presented her piano pupils Thursday afternoon in a recital in her home.

There were 27 boys and girls graduated Friday evening from the eighth grade in the Rosedale Gardens schools.

The following ladies joined Mrs. Edward Murphy, Wednesday, at a potluck luncheon at her summer home at Strawberry lake: Mrs. Charles J. Smith, Mrs. Hector Coutu, Mrs. Fred Zinn, Mrs. Jack Murray, Mrs. Boutwell, Mrs. Palmer Fry and Mrs. F. W. Angers. Later they enjoyed bridge.

The following piano pupils of Mrs. Ralph E. Baker gave a recital, Wednesday evening, June 4, in the club house: Georgiana and Jacqueline Hamilton, Marilyn Nelson, Valerie Perkins, Victoria and Dorothy Petschulat, Dick and Nancy Groth, Jack Huebler and Jimmy Lester. There were also 11 pupils from Detroit who took part.

Forty-six couples attended the Sports dance, Saturday evening, when Mr. and Mrs. Von D. Polhemus, Mr. and Mrs. T. J. Lyndon and Mr. and Mrs. Rex Albright were the hosts. The club house was planned to represent a ship with gang plank at the entrance and all other decorations in keeping with the idea. Everyone present said it was the most original and the most cleverly carried out of all the parties held by the association. Marion Luttermoser was the soloist with the orchestra and delighted the guests with several numbers. Breakfast was served at the completion of the dance.

Ralph E. Baker and son, Jimmy, spent a week in Washington returning home on Thursday of last week.

Mr. and Mrs. Charles L. Cook were in Flint Sunday to attend a gathering of their birthday club which was held in the home of Mr. and Mrs. William Dover.

Mr. and Mrs. Fred C. Wehert visited her parents, Mr. and Mrs. R. H. Palmer, on Tuesday, who

have just returned from a several months' stay in St. Petersburg, Florida.

Mrs. E. O. Whittington entertained her bridge club at dessert, Thursday afternoon, followed by bridge.

Mrs. Cline's auxiliary group was her guest Friday afternoon, for a business meeting and tea. The next meeting will be held in September.

Although the spirit be not master of that which it creates through music, yet it is blessed in this creation, which, like every creation of art, is mightier than the artist.—Beethoven.

## Fathers' Day to Honor Legion of "Forgotten Men" Sunday, June 15

Sunday, June 15, is a day to right an old wrong, to even things up, to remember the "forgotten man" in your home. Sunday is Father's Day!

Nations go to war over an unfavorable "balance of trade" and unequal distribution of the world's goods, but Dads go on day after day "shelling out" for everybody in the family and are just taken for granted.

Remember Dad?

He's the fellow that you borrow the car from on Saturday nights. At Christmas, the children borrow ten dollars from him, buy him a present for four and keep the other six.

Father's Day is one opportunity to express appreciation for his untiring efforts and patience with an appropriate gift. Give him something that he's been going without in order to pay your tuition. If the gift is a carton of cigarettes, make it a different brand from yours so he'll have one pack left for himself.

A gift for his comfort doesn't

mean a pair of slippers and a fire-side. Good "old" Dad doesn't want to be reminded of that fact. He will probably be embarrassed and won't know what to say, but whether it's something for his pet hobby or his wardrobe, he will be very pleased just to be remembered.

## Methodists Meet for Conference

Rev. and Mrs. S. S. Closson will attend the six-day session of the Detroit annual conference of the Methodist church, to be held at the Boulevard Temple Methodist church in Detroit, next week. The pastor of the local Methodist church is a member of the ministerial qualifications' committee which will convene next Tuesday, June 17.

Ministerial appointments will be announced Monday morning, June 23 following the close of the annual conference. Highlights of the conference program include daily lectures by Dr. Roy L. Smith, editor of The Christian Advocate; sermons by the Very Rev. Kirk B. O'Ferrall, dean of St. Paul's Cathedral in Detroit; Dr. Edgar DeWitt Jones of the Central Woodward Christian church; Dr. Henry Hitt Crane of the Central Methodist church and Bishop Raymond J. Wade, presiding chairman, and a lecture, "The Skylark of Methodism," the story of the life of Bishop A. Quayle, by Dr. Merton S. Rice.

A special program will be held Friday evening, June 20, honoring Dr. Rice upon the completion of his twenty-eighth year in the Detroit conference as pastor of Metropolitan church and his forty-seventh year in the ministerial service. Discussions will be held on religious education, mission work and church business.

## Harriet Schroder Receives Degree

Harriet Schroder, of 15940 Newburg road, Plymouth, who received the degree of master of science in education, was among approximately 1600 men and women receiving degrees from the University of Southern California in the fifty-eighth annual commencement day exercises held in the Los Angeles Coliseum last Saturday, June 7.

The graduating class included students from 42 states, in addition to Hawaii, Alaska, District of Columbia, Panama, Honduras, Puerto Rico, New Zealand, Canada, Ecuador, Japan, Philippine Islands, Thailand, Chile and Mexico.

In colorful ceremonies, the cap-and-gown graduates received their degrees from President Rufus B. von Klein Smid as a climax to the week-long celebration of Senior Week on the S. C. campus, opening with the baccalaureate services in the Coliseum Sunday, June 1, with Dr. Daniel L. Marsh, president of Boston University, as the principal speaker.

Events of the week, participated in by Trojan candidates for degrees, their parents and alumni, included reunion banquets, dinners and teas for alumni and graduates of the 24 schools and colleges of the university.

## Youths to Attend Boys' State

Seven Plymouth boys will represent this city at the fourth annual Wolverine Boys' State which will be held June 19 to 27 on the Michigan State college campus in East Lansing. The delegates are being sponsored by the American Legion and Legion auxiliary of Plymouth and the Rotary club of Plymouth is sponsoring one boy.

Boys selected to attend Boys' State are Bob Bachelder, Dick Neale, George Chute, Bill McAninch, Paul Harsha, Victor Ribbett and Jim Sexton.

Boys' State is sponsored by the state department of the American Legion. Service groups and patriotic organizations throughout the state cooperate in the program each summer. When they assemble in East Lansing, more than 900 boys from every county in the state will be assigned into groups representing cities and counties and the entire group will comprise Wolverine Boys' State. For eight days they will conduct affairs of the mythical forty-ninth state, electing their own governor and state officers as well as county and city officials. The delegates will establish and carry out the duties of officers of the courts, law enforcement agencies and legislative bodies of a state government. Boys' State "officials" will conduct government duties of the junior commonwealth with a free hand with staff counselors acting in an advisory capacity.

Besides the training in citizenship and government, the program includes tours of the Michigan State college campus, Lansing industrial plants and the state capital.

The Mission society of the Lutheran church will meet with Mrs. Mary Smagill on Blunk avenue, Wednesday, June 18, at 2 o'clock. Mrs. Charles Vickers and Mrs. Bertha Holmes will be assistant hostesses.

—WITHOUT A CLUTCH TO PRESS!

## 100,000 OWNERS HAVE DRIVEN THEIR HYDRA-MATIC\* OLDSMOBILES 300,000,000 MILES without ever pushing a clutch!

Left! Left! Left! Left! That's the chant of men on the march — and the lament of drivers with clutches to push. But not so with the army of owners of Hydra-Matic Oldsmobiles. Their left feet are left with no work at all to do. And their right hands are right where they belong — on the steering wheel — with no gear-shift levers to manipulate.

No wonder 100,000 Olds Hydra-Matic owners are so highly enthusiastic! In three hundred million miles on the road, they have found new freedom in driving.

Why not join the ranks of "freed" Hydra-Matic drivers? Hydra-Matic, remember, is the only drive in the world that eliminates the clutch pedal completely — the only one that provides fully automatic shifting. You enjoy the world's simplest, easiest method of driving. You thrill to new performance. You get new savings in gas.

No doubt about it, Hydra-Matic's the coming way to drive — come in and try it!

## Annual Meeting of The First Church of Christ, Scientist, Boston, Mass., June 2

Some 6,000 Christian Scientists from many parts of the world gathered in annual meeting June 2 in Boston were called upon by The Christian Science Board of Directors to consecrate themselves to the defense of the democratic system of government as the best human instrument for preserving the basic rights of mankind to "life, liberty and the pursuit of happiness."

In thus definitely allying this world-wide religious movement with the defenders of democracy everywhere, the Directors stated that it was their conviction that if social and political freedom is to be preserved "democratic forms of government must be maintained."

The occasion for the stirring message of the Directors was the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Directors stated: "We are moved not by a desire to voice our own views, but to let the world know that we share with our Leader, Mary Baker Eddy, her confidence in the immortality of the sentiment expressed in the Declaration of Independence that 'man is endowed with certain inalienable rights, among which are life, liberty and the pursuit of happiness.'"

Continuing the Directors said: "The preservation and incorporation of these fundamental elements of true democracy in the

JOHN RANDALL DUNN

basic law of every nation is a cause to which all Christians are morally committed, and which we as Christian Scientists are determined to defend.

"This cause, it must be understood, is primarily religious in character and involves something more, much more, than a mere political question. It is, in fact, nothing less than the sacred cause of religious freedom and individual salvation to which

the Master himself committed all believers in the Christian faith almost two thousand years ago. In the fulfillment of that obligation we must not and we will not falter."

Referring to the aggressive forces in action today throughout the world, the Directors pointed out that "history plainly teaches that when a nation chooses to ignore God and to make matter the foundation stone of its government, such nation commits its cause to failure, and at the same time provides the means for its ultimate defeat and undoing."

The Directors also announced the election of John Randall Dunn of Boston and Centerville, Mass., as President of The Mother Church for the ensuing year. The chief duty of the President is to preside at the annual meeting.

The new president is the son of James Randall Dunn, long identified with the United States Immigration Service. He is a native of Massillon, Ohio, receiving his schooling there and in San Francisco and from private tutors. For a few years he was in the service of the government, but gave up his work for the healing ministry of Christian Science. He has served this movement many years in a large variety of positions including First Reader of The Mother Church and as a Christian Science lecturer, during which he carried the message of Christian Science into all parts of the world.

The Incoming President accentuated the theme of spiritual progress with the reassuring statement that "the present mighty world upheaval does not portend the breaking up of Christian civilization or the plunging of humanity into chaotic darkness."

He viewed the present conflict in the light of a world housecleaning, during which individual and national sin, tyranny, greed, self-will, and lust for power are being brought to the surface of world thinking, ripe for destruction. And these ills, rather than world civilization, are the things that will be destroyed.

What does the Discoverer and Founder of Christian Science "tell us of the problems which confront us at this troublous hour?" And he answered: "Fifty years ago, with marvelous prophetic vision she wrote: 'This material world is even now becoming the arena for conflicting forces. On one side there will be discord and dismay; on the other side there will be Science and peace. The breaking up of material beliefs may seem to be famine and pestilence, want and woe, sin, sickness, and death, which assume new phases until their nothingness appears' (Science and Health with Key to the Scriptures, p. 96)."

Evidence of this spiritual growth was found in the establishment of 37 new branches of The Mother Church, seven of them in England, one in Switzerland, one in Africa and one each in British Guiana and the West Indies. Twenty Societies were reported to have taken the title of Church and five new university organizations were formed and qualified for official approval. In the report of the trustees under the will of Mary Baker Eddy, it was announced that since the Trust was established in 1913, more than \$6,000,000 has been expended by it towards Christian Science church activities throughout the world.

The report of the treasurer for the fiscal year ending April 30, 1941, showed that the finances of The Mother Church were in sound condition. There was no indebtedness to report.

The Board of Lectureship reported that continental Europe and the Far East alone were deprived of their usual Christian Science lectures. Elsewhere the lectures proceeded without interruption excepting in Great Britain and Ireland.

Under incredibly difficult conditions many notable lectures were delivered in the United Kingdom, the report stated. The Orient, Latin America, Australia, New Zealand and South Africa were among those regions fully served during the troublous period 1939-1940.

Reporting on the war relief work, Mr. Palmer said that the War Relief committee in Boston began its work on September 19, 1940. Today over one thousand committees serving as a recognized activity of the branch churches are shipping war relief material to Boston or to one of the other three depots now functioning in New York, Portland, Oregon, and Los Angeles.

Reports were heard from various parts of the world indicating to those at the meeting that spiritual progress is being accelerated, rather than diminished, by the rampant forces of material conquest.

## Commission Holds Public Hearing

Only three citizens appeared at the public hearing at which the city commission considered the parking problem on North Main street Monday evening. Business places in that locality report that the parking problem has become more acute with the increased traffic to the local craft board office. The commission is now trying to make arrangements for developing an off-street parking lot in the immediate area, as parking is not now permitted in the street.

The commission also approved the recommendation of City Manager C. H. Elliott on the care and disposal of unlicensed and unclaimed dogs. Unlicensed dogs running at large are impounded for 48 hours and if not claimed by their owners, Dr. E. B. Cavell, Jr., of Plymouth will administer injections to dispose of the dogs.

Among the instrumentalities of love and peace, surely there can be no sweeter, softer, more effective voice than that of gentle peace-breathing music. — Elihu Burritt.

## Receives Degree From Kalamazoo

Miss Jewel Starkweather, daughter of Mr. and Mrs. Karl H. Starkweather, Starkweather avenue, was graduated from Kalamazoo college on June 9 with the degree of bachelor of arts. She has taken her major work in the department of sociology.

Miss Starkweather has been named in "Who's Who in American Colleges," and is at present president of Eurodelphian Gamma, women's society, a member of the Women's League Council, and president of the college chapter of Pi Kappa Delta, national fraternity in forensics. Last year she was a member of the student senate as manager of forensics. She is also a member of Phi Kappa Alpha, college honorary scholastic society.

Commencement exercises were held Monday, June 9, in Stetson Chapel on the college campus. Dr. William J. Cameron of the Ford Motor company delivered the principal address.

## Dewey Smith Obtains Rare Turkish Gun for His Collection

Dewey Smith of the Plymouth Mill Supply company this week added another prize to his collection of more than 125 guns. The latest acquisition is a Turkish gun, four feet in length and the most ornate of the group.

Mr. Smith, whose hobby is gathering rare "antique guns" states that the Turks put a fortune into their artillery and the money would sooner part with their wives than their guns. Entirely

hand-made, the Turkish firearm is decorated with inlaid silver and gold trimmings and bands and bears a gold gun sight. An identification nameplate in gold says that it is "The Work of Islam" and the owner is Mustafa. Mr. Smith's latest prize bears the date, 1290, which he has learned is different from our calendar. The Turkish calendar dates from the birth of Mohammed. According to our calendar, the gun was made during the 1700's.

If women were as helpless as children, there'd be some justification for the laws protecting them.

# Come on! Drive a Car with "Second Wind"!

YOU say a racehorse has "heart" when he can turn on the drive coming into the stretch and bring the crowd to its feet with an all-out finish.

Okeh—come try a car that can turn on extra wallop like water from a tap—and see what you would say about Compound Carburetion!

For this stunning Buick straight-eight swings you along sweetly on only half-carburetion as long as you're taking it easy in everyday sort of travel.

Only one of its two thrift-size carburetors works then, because that's all that's needed.

But step down on the gas treadle—and things happen.

A second carburetor opens up. Air supply as well as gas supply is increased. Power rises instantly. You get your "stretch drive" any time you give the word.

**"Best Buick Yet"**  
EXEMPLAR OF GENERAL MOTORS VALUE

But—this isn't only for thrill.

This engine's actually more efficient because it has this "second wind."

It gives you a car that has the life and lift you like—and still delivers (on owners' say-so) as much as 10% to 15% more miles per gallon than previous Buicks did.

So in Buick you get a car not only bigger, roomier, smarter and more comfortable, but one that is basically more able.

That would be important any time; it's all the more important now—at the low delivered prices your Buick dealer is asking.

## Elmer Myers Now Employed by Daveys

Elmer E. Myers, Jr., local boy, is now employed by the Davey Tree Expert company of Kent, Ohio. Having finished a short training period at the Davey tree school in Kent, Myers was sent to Pimlico, Maryland. He expects to see a great part of the eastern half of the United States before cold weather sets in. It is probable that during the winter he will be sent into the southern states where the Davey company has an extensive business.

Oldest and largest organization of its kind in the world, the Davey company is on the lookout for young men like Elmer who wish to take up tree surgery. The greatly expanded business assures immediate openings and permanent employment.

The assumption of public transportation companies seems to be that everybody is feeble and incompetent, in which assumption they are not far wrong.

## FOOD FOR FIGHTERS

Forty bushels to the acre in this field of Michelite beans! Michelite is an improved variety of disease-resistant, heavy-bearing white navy bean developed by the Michigan State College Agricultural Experiment Station.

Army and Navy menus have undergone changes since 1918. But good old nourishing beans are still a staple item in the American service diet. The farms of this State produce about 450,000,000 pounds of field beans a year—nearly a third of the nation's entire crop. Both in acreage and total yield, Michigan leads all other states in bean production by a wide margin.

Big terminal elevators get daily market quotations on beans by telephone. Those prices are immediately telephoned to the country elevators, which reply with information about the previous day's purchases. Farmers call up their local elevators to get prices and arrange for the sale of their crops. Wouldn't some delicious, syrupy-brown baked beans taste good for supper? Well, the grocer is no farther away than your own telephone!

Beans represent cash on Michigan farms. Field beans account for some \$11,000,000 of the State's annual farm income.

AN INDEPENDENT NEWSPAPER

SATURDAY, JUNE 14, FLAG DAY.

Then conquer we must, when our cause it is just  
And this be our motto: "In God is our trust."  
And the Star Spangled Banner in triumph shall wave  
O'er the land of the free and the home of the brave.

On Saturday, June 14, the American Flag in its present form will be 164 years old. It has been unfurled on the battlefields of six great conflicts and more than forty different Indian wars. With two exceptions, it is the oldest flag of unchanged design and color in the world.

The history of the Flag is as varied and as full of romance as the history of the country for which it stands. In the embryonic days of the republic when the three original states were still feeble British colonies boarding the western shore of the Atlantic, there were almost as many varieties of banners borne by the Revolutionary forces as there are today races fused into one liberty-loving American people.

General Washington had purchased and fitted out two ships for the then beginning navy of the 13 United colonies. Early in the days of the Revolution these few ships manned by patriots as gallant as they were colorful, had many minor battles with the British men-of-war. One of the colonial ships, the Lady Washington, was captured by H. M. S. Povey, and her colors, still in the Admiralty Office in London, are described as bearing a pale-green pine tree on a field of white bunting with the motto, "An Appeal to Heaven." This first recorded ensign of the United States Navy was suggested by Washington's military secretary, Colonel Joseph Reed, who wrote on October 20, 1775, that he wished to "fix upon some particular color for a flag and a signal by which our vessels may know one another."

John Paul Jones, the father of the United States Navy, raised the first American Flag over the waters. This flag, first hoisted aloft on the Alfred, was the Colonial standard until superseded by the Stars and Stripes, in 1777.

The American Flag was first floated over foreign territory on March 3, 1776. It was run up over Providence; in the Bahama Islands by Commodore Hopkins of what was then called the Congress Fleet.

The first salute ever fired in honor of any American Flag was an 11-gun volley given by the Fort of Orange, on the Island of St. Eustatius, Dutch West Indies, on November 16, 1776.

The Stars and Stripes were born almost one year after the representatives of the United States had pledged their lives, their fortunes, and their sacred honor, for the support of the Declaration of Independence. The crosses of St. George and St. Andrew, which had formed the union of the Continental Union flag, were discarded and replaced by a union composed of white stars in a blue field. The actual birth of Old Glory was June 14, 1777, when its creation was proclaimed in a resolution of the Continental Congress.

Many theories have been advanced as to the genesis of the present form of the American Flag. Many hold to the view that the new flag borrowed the stripes from the ensign raised by John Paul Jones on the Alfred, December 2, 1775, and the stars from the colonial banner of Rhode Island. Some maintain that the idea for the flag came from the Netherlands, offering in support of their claims the fact that Benjamin Franklin and John Adams went to that country to borrow funds with which to fight for the cause of the Colonies.

Whatever and however their origin, however, there is no persuasive evidence that would lead to the conclusion that the Stars and Stripes were in use before June 14, 1777. It is true, though, that the paintings of Trumbull and Peale do point to its earlier use. In fact, Peale's picture of Washington crossing the Delaware actually shows the Stars and Stripes. Some say this was nothing more than a case of "artist's license."

One of the most picturesque legends which has grown up around the origin of the Flag is that of Betsy Ross. It is a theory to which few unsentimental historians subscribe, although there was a Mrs. Ross, who was a flagmaker by trade, living in Philadelphia at the time of the Flag's adoption. The story has never been definitely proven right or wrong.

## IF IT IS TRUE.

The hundred thousand dollar legal force employed by Frank D. McKay et al to keep prison doors from closing upon their heels is making an effort to show that Former Governor Frank Murphy had much to do in bringing about the investigation which resulted in the arrest of McKay and some of his political henchmen.

If this contention is true, Michigan owes to Frank Murphy an everlasting debt of gratitude.

Readers of The Plymouth Mail know well of our hostility to Frank Murphy as a public official. His loudly proclaimed interest in "humanitarianism," we discovered very early in his administration as chief executive of this state, was just purely political "humanitarianism" for Frank Murphy and no one else.

When President Roosevelt appointed Mr. Murphy to high responsibilities in Washington, the writer was the only member of the Michigan legislature who voted against a resolution commending favorable action by the United States senate upon the appointment. Mr. Murphy's subsequent

public record in Washington has confirmed the correctness of our views about his public worth and substantiated the soundness of our vote of protest against the confirmation of his appointment.

Whether inspired by revenge, as Mr. McKay's hundred thousand dollar more or less legal army contends, or for other reasons, if it were Mr. Murphy who finally instigated the investigation which brought McKay and his political mob before the bar of justice, The Plymouth Mail is willing to concede that selfish, tax-evading, egotistical, dishonest Frank Murphy is entitled to all the various salaries he has extracted from the public during his long life on public payrolls.

What the verdict of the jury will be, no one has a right to speculate, but there has been sufficient evidence already produced to show that McKay and his mob have been political parasites for years—that the Republican party has been used—the writer has long contended—as a means for personal gain by McKay and his mob. The mob has possessed tremendous political power within the Republican party at times, even now being in absolute control of the Republican party "machinery" within the state. The writer knows considerable about the power these political parasites possess.

But the day of reckoning has arrived. No matter what the verdict of the jury might be, the people of Michigan have learned enough from the evidence so far presented at the trial to prejudice for themselves the viciousness of the type of political manipulations conducted by the McKay crowd.

The corruption of Michigan politics started the day that McKay began to ascend to political power within the state—and to the everlasting shame of a great commonwealth, the electorate could not be aroused sufficiently to a point of overthrowing the shackles of this money-mad political machine.

Now that the public has learned from sworn testimony much about the methods used by McKay and his crowd, it is to be hoped that McKay and all of the political weaklings who trailed along with him, seeking the crumbs that fell to the floor from their master's overloaded feast board, will forever be eliminated from Michigan political life.

## KICK THEM OUT.

Wives, uncles, cousins, aunts and second cousins of public officials who have jobs with the state liquor commission and are now striking against their own government should be immediately dismissed from public service.

When these people took the jobs with the state they turned heaven and earth to get the appointments. When appointed they were given preference over hundreds, yes, thousands of other applicants who would have gladly accepted the pay and working conditions offered by a state job. They were fortunate in their appointments in most cases because they happened to be in some way related or associated with some one possessing a political or public position, and the essential "pull" that goes with it.

Now they have rebelled against our own government—they have indicated that the interests of the PEOPLE OF MICHIGAN are of a secondary importance when it comes to their own greedy, selfish welfare.

In our estimation a disloyal public employee is about the most despicable form of an individual in existence. If the state administration returns to employment a single one of the liquor store strikers, the public has a right to hold it in the same contempt as it does the ungrateful, disloyal liquor store strikers.

### STILL A PROBLEM AT HOME

The financial condition of the American farmer has not improved since 1933. If there has been any material change, it has been for the worse. Our producers are just as essentially in need of help and assistance now as they were then. They need the protection of "buy American first" so long as they are able to fulfill the demands.

The present international emergency has not reduced the emergency at home. On the contrary, it has increased it. I do not believe it is wise for this Government to become so absorbed in international affairs as to forget the emergencies which exist at home. As long as American producers can supply our needs they should be given the preference. —George Neal in The Orion Review.

### LEGISLATORS' INABILITY

Publicity in the public press of Michigan had a lot to do with the downfall of the Republican boss-controlled machine and with bringing about the arrest and trial of some of the men who were in the background, "pulling the strings."

Down in South Carolina politicians senators are urging certain daily newspaper editors to "clean up" their editorial policy in creating public opinion. Still another S. C. senator comes to the front with the suggestion that it is some of the senators and representatives themselves who need to do some house cleaning. While nothing of a criminal or questionable nature can be charged against the present Michigan legislature which adjourned recently, plenty can be said for what it did not do. Perhaps no legislature in a decade or two has done as little to promote legislation in Michigan as have our present representatives in both branches of the state legislature. Perhaps this is well as with the calibre of some of the representatives and senators the less legislation the better for Michigan citizenry.

Perhaps the present legislature owes the people an apology for the type of and lack of legislation they have been trying to pass.

But, on the other hand, is it not the electors of this district and Michigan as a whole who are to blame? What were the electors doing last fall when they elected the present house of representatives and senate? Did they vote on a friendship or "good fellow" basis or did they first consider the merits and ability of a given candidate? Apparently the former thought was uppermost in the minds of the voters.

As in local school and city affairs is it not time that the electorate "took time out" to investigate the various candidates' ability for state and public office? How can we blame an inactive school board or the make-up of a legislature when we give little, if any, attention to the mental capacity of those who seek public office, but in no way are drafted for their high capability?

Perhaps, as in the case of self-seeking politicians, the Evening News may be accused of being "destructive" in its criticisms and of offering nothing constructive. But if this mere mention of an ineffective session of the legislature can but get the electors of the Cadillac District to thinking during the months that intervene between the next election—well perhaps in the long run these few sentences may even yet be classed as constructive instead of the politician's expression of "destructive." —T. O. Huckle in The Cadillac Evening News.

The cast of the play includes Clyde Bentley, George Burr, Robert Jolliffe, Harvey Springer, Milton Wisely, Ralph Brown, Harold Daggett, Glenn Wisely, Eleanor Kensler, Louise Wilcox, Nellie Rooke and Ada Safford.

The Plymouth high school annual, "The Plymouth" has some unusual features this year, and because of the enterprise of the students in getting it out in spite of handicaps, it deserves the support of all, especially the old students. It is dedicated to the old building and contains cuts of the building and rooms that will make it valuable as a souvenir.

Several small burglaries were committed in the vicinity of Plymouth last Sunday night. The homes of A. M. Eckles, Harmon Ash and Mrs. Waite Whipple were entered. At each place they gained entrance through the rear of the house. Mr. Eckles was the heaviest loser, for after the burglar helped himself to a lunch, he took a purse containing between \$35 and \$40.

It was decided to submit the proposition for the purchase of the municipal electric light plant by the Edison company to the voters at an election on Monday, June 19, at the meeting of the village council Monday evening.

Mr. and Mrs. Bert Kahrl have moved into Mrs. Krumm's house on Depot street.

Mrs. Edgar Jolliffe and Miss Carrie Riddle entertained a few friends at a luncheon at the Tulier hotel last Saturday in honor of Miss Celia Brown, Mrs. Lawrence Johnson of this place attended.

Born, a son to Mr. and Mrs. Russel Wingard, Friday, June 2.

Mrs. C. F. Reeds has completed taking the school census of this school district and finds there are 593 children of school age within the district.

Mrs. O. F. Bever entertained 55 ladies at a thimble party for the benefit of the Lutheran Ladies' Aid society in Beyer hall last Wednesday afternoon.

One of the largest crowds ever seen in Plymouth was on our streets last Saturday evening to witness the opening entertainment given by the business men. The pictures were distinct and entertaining and the band rendered an excellent program of music. These entertainments will continue during the summer and judging from the crowd Saturday evening gave prom-

ise of being a greater drawing card than ever before.

Mr. and Mrs. A. B. Van Aiken of Detroit were over Sunday guests with Mr. and Mrs. Charles Riggs.

The burning of the Methodist church on the morning of March 29 was a heavy blow to that organization, but the official board decided at once that in justice to the congregation and in behalf of the 150 or 200 boys and girls of the Sunday school, who are just at the age when Sunday school work is most effective in their lives, Plymouth should have a new M.E. church. A number of persons, including non-members of the church, have come voluntarily and offered to contribute toward the rebuilding of the church; in fact, one of the very first names on the list of contributors is that of a gentleman who telephoned before the fire was hardly over to have his name put down for \$100. The plans are now being considered for building a moderate priced but substantial unit of a church that could be added to by future generations, should circumstances warrant.

The hail storm last Sunday afternoon did a good deal of damage. Henry Grimm lost 5,000 tomato plants. Floyd Bassett also lost his plants. Consequently tomato and cabbage plants are in great demand.

A host of friends and callers have visited the newly-arrived young lady in the Rathbun home the last two weeks.
