Lovewell Clan Of Auctioneers Is Ended by Death

L. W. Lovewell, Long Prominent South Lyon Citizen, Buried Monday

Never again will the farmers of southern Oakland, Washtenaw and Wayne counties hear the mighty voice of one of the Lovewell clan of South Lyon calling for bids at an auction. The last auctioneer of the family passed into eternity a few days ago when death terminated the activities of Lloyd W. Lovewell of South

For more than one hundred years the Lovewell family provided the wool buyers and the auctioneers for that substantial farming section of Michigan.

Lloyd was a lad of barely 16 summers when he became a wool buyer and started to help his father, Lucian Dewey Lovewell, in conducting auction sales. The famed Admiral Dewey of the U.S. navy was a cousin of his

He wasn't 21 years of age when he became a full fledged auctioneer. For the subsequent

And never was there a celebration of any kind in South Lyon that he did not preside over as master of ceremonies. Frequently his brother, Scott Lovewell of Northville, who died several years ago, cried auctions with his brother.

Declares Auto Slash Order Will Ruin Action on Comfort Many Thousands of Small Dealers

"What do I think of the proposed 50 per cent reduction in the number of automobiles to be made during next year? Well, I will tell you frankly—it is about as crazy a proposal as has come out of crazy Washington in recent years," stated Carl G. Shear, veteran automobile dealer of this city, yesterday.

"But it seems that for nearly eight years they have been out to ruin the little fellow in business and apparently they

have now hit upon a plan to comfort station to provide clear- put most of the small automobile dealers of the country out in the cold-walking the trict by the city commission at streets and forcing us to beg a public hearing held Monday a hand-out from some impudent political job holder. This A group of 40 persons attend-ed the public hearings called for fellows in the least, but it will consideration of the comfort sta- wipe the little fellows right off the map," said Mr. Shear.

"We are perfectly willing to do our part to help our country. Maybe there should not be so many automobiles made, but why under the sun should they take half of our business away from us at one crack? It is about time for some consideration to be given to the hundreds of thousands of citizens who have helped to keep this country on a ways willing to help our nation and we will go the limit, but what can we do when political job holders are out to ruin our business?"

Sentiments expressed by Mr. Shear are shared by other dealers in this vicinity. They are as incensed as are most of the farmers over the wheat penalties now being inflicted upon them. All of them are hoping the order will not be enforced.

Rotarians Decide To Aid Defense **Bond Campaign**

Club Out to Have Every Member an Uncle Sam Investor

Plymouth Rotarians have been requested to follow the example that local Kiwanians hope to set by having every member an owner of one or more defense savings bonds.

At the meeting last Friday noon at the Mayflower hotel, William Wood, chairman of the service club committee of the Plymouth U. S. Defense bond organization, urged Rotarians to do the "easy" thing in helping the defense program of the nation by becoming holders of defense bonds.

He pointed out that through these purchases, it would not only be an easy way to save money, but the investment in these bonds would be doing the nation a service at a time when Uncle Sam needs every dollar he can get.

"Our boys are being sent to training camps. They are doing their bit—and it is only right that we who are not pressed into active service should do the things that we are able to do. Right now that is the purchase of defense bonds," stated Mr. Wood to the club.

President Russell Daane declared that he knew every member of the club would be glad to do his part in purchasing these

We, too, like the Kiwanians, hope to have our organization a club with every member a de-fense bond owner," said Mr. Upon the suggestion of Elton R. Eaton, executive chairman

Machine Aids in Big Hay Harvest

There is something new every day—but the newest thing around here is a hay baler that does its Taylor and Jeanette Stamann of own hay baling. Not only does it do its own baling, but it "pitches" the hay from the field directly into the elevator that carries it into the baling part of the machine, where it is packed, tied with twine and kicked out on the ground—a perfect bale of hay ready to be loaded on a truck and stored away in the

> The Wayne County Training school, one of the largest growers of hay in this part of Michigan, has one of the new machine in appearance on its farms chines in operation on its farms.

The school grows so much hay All entries for the annual became a real problem in recent years. So this year one of the latest developments in farming equipment was purchased to be used in taking care of the crop.

Clarence Elliott, school farm supervisor, spent some time in securing information on proper equipment. After careful inquiry he requested the school board to order an "Automaton," a pick-A summary of the first four up baling-press that is driven weeks' attendance at the city around a hay field, picks up the playgrounds, including partici- down hay, and bales it all in one

Central League Teams Compete for Places

Play-offs will start . in the to start the following week, Manager Asa Roe announces.

Allen Industries gained an-Davis won from Wall Wire No. 2 counties may be closed to fox conditions were almost ideal. The by 14-13; Studebaker defeated squirrel hunting again if Concent of normal, 11 points better than a year ago and 8 points

The only games in the Stark-weather circuit next week are two scheduled for next Monday and Tuesday evenings, both between Davis and Heide's.

Perfection appears to have the lead cinched in the Central league with nine wins and one loss for the season. The fifth and sixth place teams, Plymouth Hardware and Plymouth Plating, are still contenders for places in the playoffs. Plymouth Plating defeated Wall Wire No. 1 by a score of 13-10; Plymouth Hardware won from the Super-Shell team, 7-2; Perfection trounced Plymouth Stamping, 15 to 2 and Daisy won a shut-out from Plymouth Stamping. Daisy won a shut-out from Plym-

outh Stamping, 8-0 last week. Starkweather Standings

Gallup Poll on Old Age Pension Question

Clarence Pankow, publicity di-rector of the Plymouth Townsend club, has been advised that the next survey to be conducted by the Gallup poll will be based largely upon questions that have been suggested by Dr. Francis Townsend, founder of the Townsend plan.

It is understood that Dr. Gallup has already conducted an ex-haustive series of field tests to determine, in his opinion, what determine, in his opinion, what is the fairest series of questions on the old age penion question.

At the next meeting of the Plymouth Townsend club to be held Monday night July 28, at 8 o'clock in Grange hall, it is probable that there will be additional data presented on this question. A social evening will follow the business session, to which the public is invited.

Human hope and faith should join in nature's grand harmony, and, if on minor key, make music in the heart.—Mary Baker Eddy.

Lands Big 13-Pound Trout at Northport

When Warren Lombard goes flishing, he doesn't fool. He gets what he goes after, and there is no fishing story about it, either. Last week Mr. and Mrs. Lombard spent a portion of their va-cation up at Northport. His prize catch for his fishing effort was a 13-pound Mackinaw trout, taken from Traverse bay. That was the biggest fish caught in

the bay the day he fished. It was last year that he spent his vacation in the Upper Peninsula on a fishing trip. He had exceptionally good luck in landing several big northern pike.
No, sir, Mr. Lombard never comes back with any "alibies" about his fishing trips. He always

No Changes in **Hunting Season**

Department Sets **Up Fall Regulations**

Hunters will comb woods and fields for grouse, pheasants, raboits, squirrels and raccoons, and trappers will take muskrats and mink this fall in seasons virtually identical with seasons in 1940 as the conservation commission, acting on game division reports of good game crops, has continued most existing regulaions in effect.

Waterfowl shooting regulations have yet to be fixed in detail, pending announcement of federal regulations, but the commission has indicated it would protect woodducks whether federal rules do or not. The 2 p.m. closing hour for waterfowl shooting was renewed on Houghton lake, but allowed to expire on

continues as before, except that making other practical adjusthunting for deer of both sexes ments wherever possible. will be allowed under proper re-

The ban on black squirrel each month since early spring. shooting in any part of Michigan With an unusual amount of ing, and Emmet and Cheboygan from the Allen nine Friday by master finds such action warranted.

The commission took no action to restrict statutory seasons or bag limits for cottontail rabbits or snowshoe hares. Effective date of the new law will determine whether the three-a-day or fivea-day bag limit on cottontails will prevail.

The commission directed Hoffmaster to consult the Attorney General to determine the commission's authority over otter seasons, with the view to regulating otter trapping as it has been regulated in the last two seasons, if there is authority for this action.

With shootable populations of Hungarian partridge still lacking the commission continued the closed season on these game birds another three years.

The present is never our object; the past and the present we use as means; the future only is our end. Thus, we never live, we only hope to live.—Pas-

Crop Average Best in 10 Years

Michigan Report Indicates Many Record Yields

Crop prospects in Michigan on July 1 were above average and about the same as a year ago. With the exception of alfalfa hay, cherries and grapes, the reported condition of the principal crops on July 1 was equal to or exceeded the 10-year average for that date. The composite condi-tion of the 11 principal field crops was 79.2 percent of normal or 3.5 points above average and 1.5 points below a year ago. The reduction from a year ago was due to the lower prospects for small grains and hay crops. The composite condition of five fruit crops was 64.7 percent of normal or 5.2 points above average and 7.5 points above the previous July. Although crop prospects were above average on July 1, weather conditions during the remainder of the growing season

will have an important bearing

on the final yields of cultivated

crops such as corn, beans, beets, potatoes, etc. The early spring and unusually high mean temperatures during the last half of June resulted in merging crop cultivation with hay and grain harvesting to an extent that makes it difficult for farmers to keep abreast of the season's work. Labor for hire is extremely scarce, and much of it consists of elderly men and boys of high school age who cannot obtain work in factories and who are not subject to Selective Service. Farmers are endeavoring to meet the situation by working longer hours, utilizing family labor to the fullest extent, buylabor-saving machinery, shifting to crops requiring a The area open to deer hunting minimum of hand labor, and

Rainfall during June averaged strictions in parts of Allegan about 40 percent less than norcounty when the new law authorizing this hunting becomes quite variable. Most of the couneffective. The indicated yield at this early date is placed at 38 bushels per acre. If such a yield is reached at the end of the season, it will be close to the highest on record. The acreage is about 3 percent smaller than that of last year.

A total of 150 non edible articles are now made from corn.

Kills Big Blue Racer Near City

Snakes! There are still snakes in this hickly populated section of Wayne county.

If you don't believe 'it, ask William Reddeman, who is superintendent of Plymouth's water

system. There are not only snakes about here, but there are big

blue racers still crawling around in Wayne county.
The other morning Mr. Reddeman went out to the city reservoir on the Plymouth-Northville

He keeps some of his equip-ment in a big box a short dis-tance away from the reservoir. As he opened it up he saw curled up under a mouse nest, a big

Before it could crawl away he grabbed a stick and killed it. The blue racer measured over four feet in length. Apparently the mouse nest was the thing which had attracted it within the box.

We've crossed carrot juice off our diet list.

OUR FIRST ANNIVERSARY IN THE MODERN FOOD LOCKER BUSINESS! Yes sir, time does roll around pretty fast and it is hard to

realize that it was just one year ago next week when we gave to Plymouth its first and exclusive REFRIGERATED FOOD LOCKER SERVICE In that brief time over 100 families have become regular users of this modern and right up-to-the-minute system of avail-

wholesale lots of meats, vegetables and fruits and saving them for the time when prices are high and supplies are low. As an example of how it works out-just this week we processed for our food locker customers two freshly dressed hogs, one calf and four fronts of beef. We reduced them to useable sizes, put them in their food lockers and now they will come and get what they want at any time they may

ing themselves of their own food supplies or purchase at

And who knows what the prices will be next winter? We have stored away for our customers large amounts of berries, fruits and vegetables. Next winter they will be strictly fresh—think of it, FRESH STRAWBERRIES FOR CHRIST-MAS if they desire to have them.

Come in and we will tell you more about our wonderful refrigerated food locker service.

It's All Ballyhoo, Says Babson

No Big Jump in Cost of Living

(By Roger W. Babson) Babson Park, Mass., July 25-We hear much talk about the increased cost of living. Thus far this is largely propaganda issued by labor leaders and men in Washington anxious to get more authority and create more government jobs. As Al Smith used to say: "Let's look at the record." Here are the official figures. The U.S. Index is based on the 1935-39 average as equal to 100.

Official Figures Canada 121.8 119.9 120.5 U.S.A. (July, 1941 living costs are still 10 per cent below June, 1929 costs while wages are 10 per cent higher.) Aug.. '39

April, '41 102.2 108.6 July 15, '41 105.0 Est. 111.0 Est. This table shows that although there has been an increase in Candian prices of about 10 percent since the war began, there has been an increase in U. S. prices of only about five per cent. This increase has been almost wholly in foodstuffs and that largely in cities. Agricultural communities, in which 60 per cent of our people live, have seen no average increase. In fact, the only portions really suffering are the Defense Areas and their increases have been more than offset by wage increases.

A study of the Canadian figures also shows that in Canada there has recently been a decided slowing down in the rate of increase. It is very probable that the rise in U.S. prices will, likewise, slow down after the present excitement is over and farm prices reach parity.

The cost of building has gone up nine per cent over a year ago; but 70 per cent of this increase went to labor and taxes, not to material costs. This reach parity. But these increases means that-with the excep- are not due to the War. nor to

ion. Prices will go up, but this for the mass of German workers. Frank Hermann. Potatoes were "priced" 50 million marks per bushel, yet every farmer was glad to give a bushel to any husky man for a good city people who had their money in banks and bonds-rather than farms and good common tocks-who suffered.

However, look for real growing pains in the defense effort. Controls will soon begin to grip. Expect virtual elimination of civilian uses for many non-essentials. Supplies of luxuries will shorten, merchants will be unable to re-stock. Rail priorities be enforced, when necessary, by the ICC. Electric power and gasoline will be rationed in some areas. There will be further demands for simplification and standardization of consumer tems. Baruch was planning in 1918 to require that styles be eliminated, but even this need Detroit and Mrs. Connie Bealiving which is very different

from the habits of living. Population of the Upper Peninsula for 1940 is given as 320,965. This is an increase of less than one per cent over the 318,676 inhabitants in the district in 1930.

Pokagon, Michigan, on M-40 south of Dowagiac, was named for a famous Indian chief of the same name and still is the home bead work, baskets and sweet grass articles.

grain, and fruit growers are not entitled to more than they have been getting; — but let us not blame the War or Inflation for of Auditors has been deciment. The circle are not blame the war or Inflation for of Auditors has been deciment. Bellow a property of Auditors has been deciment. Bellow a property of Auditors has been deciment. of Auditors, has been designated Pelham entered the University for inclusion in the W.P.A. pro- of Michigan at the age of 20.

This project provides for the improvement of grounds, buildings and facilities at the Wayne The honest answer to this en-tire cost of living question is Northville. The work will inthis:-If we insist upon having clude excavating; constructing a then our cost of living will go up walls, basements and partitions; considerably. If, however, we installing and renewing plumbstitutes which are nearly as good facilities, and storm and saniand perhaps healthier and will tary sewers; plastering; painting; cut out waste, we have nothing underpinning present foundation this I assume our politicians lines; waterproofing; grading; the interests and talents were shared with her sister. Miss Cora specific politicians specifies seeding; sodding; landscaping; will not foolishly start to print seeding; sodding; landscaping; fake money. I also assume in- and performing carpentry, steel. stallment buying is to be curbed. tile, brick, masonry, glazing, and March 26, 1933. Together the two

Obituaries

MRS. WINIFRED E. NORRIS Winifred Elizabeth Bradt was born to Mr. and Mrs. Vedder Bradt on March 21st, 1903, at Schenectady, New York. She spent part of her childhood days in the state of New York. At the age of ten years the family moved to Michigan. On June 16th, 1923 she was united in marriage to Edwin C. Norris of Detroit, later moving to Newburg where they resided at 9317 Newburg road. Mrs. Norris passed away Wednesday afternoon, July 23rd, after a short illness at the age of thirty-eight years. She is survived by her husband, Edwin C. Norris, two sons and two daughters, Clark M., Laurel R., Juanita N. and Bertram V. Norris, her parents, Mr. and Mrs. Vedder Bradt of Detroit, one brother, Bertram Bradt of Ferndale. Mrs. Norris was a member of the East Grand Church of Petroit, and later a member of the Newburg Methodist church. She and daughter, Nancy, motored to trained at the Bronson Methodist Hospital of Kalamazoo. She was newly elected president of the Newburg P. T. A. and was active taken to the Newburg Methodist pital, Northville. church where funeral services will be held at 2 pm. Interment will be made in Riverside cem-

MISS NETTIE PELHAM Miss Nettie Pelham, who pass-

ed away at her home on Thursday, July 17, was born in Galesburg, Michigan on December 20. 1860. She was the daughter of Dr. Abram and Mrs. Margaret Pelham. With the exception of a Rep. George A. Dondero has very few years, Miss Pelham has been informed by the Works been a resident of Plymouth, liv-Projects Administration, Federal ing in her present home for 71 Since 1884, she had written poems for the Detroit Commercial Advertiser, the Detroit Journal and the Chicago Union-Signal under the nom de plume of Edith Earle. Though not generally known, Miss Pelham wrote several plays for children and others which have received publication. Two of her poems, "The New Paul Revere" and "E'en as the Snow," are published in "Poets of America." Miss Pelham took an active interest in community affairs. Years ago, she assisted in the direction of a dramatic company. Pelham, appurtenant and incidental work. sisters trained children in dra-matics and staged many home According to W.P.A. routine, talent entertainments here. She this project is now eligible for was greatly interested in the operation at the discretion of the work of the Women's Christian Michigan office of the W.P.A. Temperance Union and was the served as recording secretary and publicity chairman for several years. Miss Pelham was a devoted member of the First Presbyterian church. In recent years, she was closely confined to her home because of failing health. A niece, Mrs. Patrick Lannon of Palos Park, Illinois, is the only

Blunk & Thatcher's Fifteen Day SALE

Opens August 1st. and Closes the 15th.

It breathes through an extra "Nose" for action

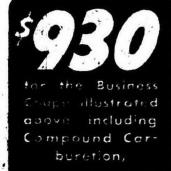

IN one important way this stunning 1 straight-eight pictured here is like no other in the world.

It has two "noses" to breathe through.

One of them is the forward carburetor of Buick's Compound Carburetion † - a thrifty, smaller-size gas-and-air mixer that handles all your normal driving with the greatest of

The other is a second carburetor

ease and the maximum of thrift.

delivered at Flint, Mich. State tax, optional equipment and accessories extra. Prices and specifications subject to change without notice.

with a very special mission. It waits, un-

used, until you

want action.

Then-The extra

"nose" opens. Your engine you're away in an extra burst of reserve power no other car in the world can provide.

breathes deeper. And z-i-i-p!-

Sounds good? Naturally - but that's only part of it.

Facts are, your engine is more efficient with Compound Carburetion's extra "nose" for action. Ownerexperience shows that you actually go as much as 10% to 15% farther per gallon than you did in previous Buicks.

So better go try it. Try out Buick's bigger size, greater room, extra comfort at the same time.

Then ask delivered prices. Instead of being higher you'll find them actually lower than you'll pay anywhere else for anything like equal value: †Available on Buick Special models at slight extra cost, standard on all

You've a date with a dune! Like ramparts along Michigan shores, these breeze-swept mountains of sand rise in places to a height of nearly 500 feet.

SEE MICHIGAN FIRST!

THERE are many things worth going far to see in this great country of ours. But no Michigan citizen has really "seen America" unless he knows the natural beauty of his own state.

Take your vacation in Michigan this year. Go where your mood and the smooth highway lead you - to sapphire lakes hidden deep in the forest - to waveswept straits and bays and beaches — to rolling farm-land, or the grandeur and solitude of the high dunes.

When you travel in Michigan you will find good roads, comfort, courtesy and hospitality. And day or night you can depend on prompt, efficient telephone service to make your trip even easier and more pleasant. A three-minute call ahead will settle the matter of reservations, save you hurry and worry, let you appreciate the scenery around you; a call home will leave you with an untroubled mind.

This pretty cottage is a Tourist Informa tion Lodge, operated by the Michigan State Highway Department for the convenience of vacationing motorists.

SLEEP LIKE A PRINCE

in a house cooled for 5c a night!

If you have ever tossed and turned in a hot, stuffy bedroom until four o'clock in the morning, trying in vain to sleep, you will be thankful for a discovery that brings the cool outdoors right into your room . . . making it refreshingly comfortable. You will be doubly thankful when you find that this method of cooling your entire house costs only about 1/2c an hour!

So effective is this type of cooling-lowering the temperature as much as 7 to 14 degrees in the evening, depending on the coutdoor temperature—that it is hard to be-Neve you can accomplish it with nothing more than a giant fan in the attic. Do not confuse this fan with an ordinary fan, however. It is a special type of fan-very large -and its quiet, powerful blades are capable of producing a complete change of air in your house every few minutes. Prices vary from \$50 up (installation extra).

The principle on which it operates is simple. The attic fan draws the warm air in your rooms upward to the attic and discharges It out-of-doors. At the same time, a flood of cool night air is pulled in through the windows and gently circulated through the house-making the rooms delightfully comfortable and assuring long hours of restful sleep.

Department stores, electrical dealers, and fan dealers will gladly give you full information about this low-cost method of house cooling. Telephone today. The Detroit Edison Company. (We do not sell or install this equipment.)

Annual Report and Financial Report

School District No. 6, Livonia Township Wayne County, Michigan

July 14, 1941

MINUTES OF THE ANNUAL MEETING

Minutes of the meeting of July 8, 1941 were read and approved The Secretary's oral report on the development of the school district over the past 12-month period was read and approved as

The Treasurer's report was read and unanimously approved. The matter of board members' salaries was discussed, and upon motion of Mrs. Flannigan, seconded by Mrs. Miller, it was unanimously agreed to fix the Board's combined salaries at \$550 for a 12-

Mr. L. Taylor moved, Mr. A. Rhode, seconded, that the school term for the current year be fixed at nine months. Unanimously

Mr. Apps moved, Mrs. Taylor seconded a motion to name the National Bank of Detroit as depository for the School District's funds. Approved unanimously.

Following discussion of payment of tuition for High School students, it was moved by Mr. Harsha, seconded by Mr. Taylor that the District pay the balance of tuition between state funds and Plymouth High School costs for each High School student. All Ayes. President Weinert announced that an unofficial count of the votes cast at the Annual Election showed a return of votes as follows: Dudley W. Apps, 47; Fred C. Weinert, 9; spoiled, 1.

Board Trustee Randall then paid tribute to retiring President

Weinert, pointing out that he had devoted 13 years of sincere loyalty to the school district during which time most of the present progress in the district have been enjoyed. He then asked for a rising vote of thanks and appreciation of all present.

There being no further business, the Secretary then read the minutes of the current meeting, and upon motion of Mr. Harsha, conded by Mrs. Taylor, the minutes were approved as read. Upon motion of Mr. Rhode, seconded by Mrs. Miller, the meetng was adjourned upon unanimous vote.

Big Elm, Tree on Penniman Felled

Old-Timers Recall Historic Landmarks

The large old: telm tree on Penniman avenue in front of the new theatre site was felled Tuesday. The removal of this historic old landmark was not without notice either for a score of Plymouth's old-timers — Charlie Burch, Silas Sly, Charles Greenlaw. Ernest Roe and others-sat on benches across the street in Kellogg park watching the mighty branches fall and reminiscing about another day.

Men from the overhead lines son company sawed the tree branches, roped all of the limbs to break the fall and then felled the upper sections of the tree. The old elm, more than 75 feet in height and three feet in diameter at its base, was over 100 years old. The tree will be uprooted and removed by the city to clear the entrance to the new

Voornies homestead which was razed two years ago to make way for the new theatre building now under construction. Paul Voorhies, former attorney general and prosecutor, was born on that homesite. The former home of the Ira Wards stands next to the theatre building and a black-smith shop used to stand on the corn r which is now the location of the Masonic Temple.

Aside from the poriticians, who are the people that attend civic

Farmer Beck of Lawrence, Kan., had his two daughters pick potatoes just long enough to have their picture taken. Then regular pickers took over the back-breaking job. Spuds on this farm are averaging 200 bushels to the acre, are of excellent size and quality.

Provides Real Aid For Red Cross

Plymouth Chapter Goes 'Way Over Top

The following interesting report is given by Miss Pauline Peck, head of the Plymouth unit of the Red Cross, of the many articles made by the ladies of Plymouth for Red Cross distribution so far this year:

Sixty-one hostess shirts; 13 convalescent robes; 24 women's skirts; 12 ladies' dresses; 85 children's dresses; 24 boys' shorts; 60 boys' shirts; 28 baby blankets; 20 pieced baby quilts; six baby buntings; 68 baby dresses; 56 baby nightgowns; 80 baby bonnets; 56 pair baby booties; 63 baby jackets; 76 diapers. In the knitted articles are the

following: 308 children's sweaters; 65 men's sweaters; 28 ladies' weaters; 24 pair socks; one shawl; one afghan; and one knit-

Two of the most ardent knitters are Mrs. Anson Hearn and daughter, Miss Alita Hearn, who have made 60 and 98 sweaters. respectively, for the Red Cross and British Relief. Miss Peck reports that every

article made has been beautifully done and when handed into headquarters, in Detroit, those in charge congratulated her the very fine work

This wreck was caused by windstorm April 19, 1941. Total loss was about \$5,000 which was promptly paid by this old insurance company. The property was located on section 5, Marion township. Livingston county, and belonged to F. O. VanGilder and Grace Hanson.

WINDSTORM LOSS WITHOUT WINDSTORM INSURANCE IS TRAGEDY

Ouite a few people neglect having their property adequately insured against windstorm damage and then when a windstorm comes they lose. Don't be one of those. Be wise. Our service is within your reach and will cost you very little.

This company had about 29,000 claims from the big storm of November, 1940, and all claims are paid in full without borrowing money or making an extra assessment. The splendid financial position of this company and its 56 years of experience give to its policyholders full assurance of sure protection.

If these 29,000 claimants had been without windstorm insurance, they would have lost about \$1,200,000.00. CONSULT US ABOUT YOUR WINDSTORM INSURANCE PROBLEMS.

ELTON R. EATON Editor and Publisher STERLING EATON Business Manager

AN INDEPENDENT NEWSPAPER • Entered as Second Class Matter in the U. S. Postoffice at Plymouth, Michigan

Member National Editorial Association, The Michigan Press Association, University of Michigan Press Club and The Metropolitan Group of Newspapers.

Odd, Isn't It?

A few evenings ago the writer took quite a trip up and down the roads of Wayne county to see some of the amazing home building development taking place in this part of Michigan Not dozens, but hundreds of new homes are going up on fields that just a few months ago were wide, open spaces in the country.

But that is not the point of this editorial. During the trip we drove by many beer gardens. Around each one was parked scores of

People have a perfect right to visit beer gardens and they have a perfect right to drink beer. That's their right and that's their business. It's none of ours.

For the beer they drink they pay 15 cents per bottle without a whimper. A bottle of beer contains some 12 ounces of "drink."

The price of milk recently went up to 12 cents per quart. Now there is talk that it may have to go higher if the farmer is going to get anything for his work in producing milk.

A quart milk bottle contains something like 35 or 36 ounces of "drink," almost three times as much as does a bottle of beer, and the buyer pays only 12 cents per bottle to have it delivered fresh every morning right to his very door. If a person wants beer it is necessary that he or she go to a beer garden or buy a "case" for home delivery-but in most cases it is necessary for him to do his own beer delivering.

No one ever kicks about the price of beer. People will sit in a beer garden and buy bottle after bottle of beer and never utter one word in protest as to the price. Frequently they will pay additional sums for it, if we add in the tips that go to the waitresses.

The protest that went up a while back when milk purchasers had to pay 12 cents for a bottle of milk instead of 11 cents could have been heard almost around the world.

The highway of existence over which the farmer travels is not a rosy one by any means. How unfortunate it is that the public is so little interested in one of the tremendously important economic problems of the day.

It Is Squarely Up to Congress

President Roosevelt told Washington newspaper men a few days ago that the question of whether men who had been called into military training for one year should be retained in service for a longer period is a question for congress to decide.

The President is absolutely right in his position. While he feels that it would be nothing less than a calamity to break up the military organization that has been started by the nation, he says the question of serving longer than a year is a matter for congress-

The program that congress now faces in this respect is a problem that was sidestepped by both political parties a year ago.

They did not face the issue squarely at that time because it was a campaign year-a year when votes counted more than anything else.

It takes courage to face serious issues, issues that might cause the loss of a vote here and there-it takes courage to sometimes stand up alone and do the thing that one knows to be right, even though the beliefs might run contrary to temporary prevailing public sentiment.

But these are the days when courage on the part of public officials is needed, courage to dare to do that which one knows means the preservation of all that we cherish so dearly, even though it might be the unpopular thing

The President is right—it is up to congress to DECIDE this issue and it should not be long in reaching its decision.

Setting Up A "Push-Over"

William Markland, able Democratic propagandist of the powerful Detroit News, in one of his recent political "build-ups" hints to the Republicans of Michigan that they should nominate Secretary of State Harry Kelly for Governor. Of course Mr. Markland's interest in any such a procedure is for the purpose of providing a perfect "push-over" for the very alert Governor Murray D. Van Wagoner in the next campaign.

Mr. Markland knows that Harry Kelly from the minute he entered politics in Michigan has wallowed around in the political gutter with Frank McKay, and Bill McKeighan of Flint. He knows that Mr. Kelly-under cover-is still as loyal a henchman of the McKay-Mc-Keighan crowd as he was the first minute he went on their political payroll in Wayne county some half dozen years back. He knows that there isn't a prospective candidate in Michigan who would be an easier victim for Mr. Van Wagoner than the present Republican secretary of state. He knows that the "shake-downs" in the secretary of state's office under the previous Democratic administration were amateurish, indeed, as compared to what has taken place in the last two or three years.

We are not defending any Democratic official or any Democratic administration, but did Mr. Markland ever hear of any Michigan Democratic official having his personal taxes paid from an office "political fund"? Mr. Markland knows much about all that happened in the previous Democratic administration in the that has been going on since that time.

Look Who's Getting Stung

News must know, too, that Michigan has never had a public official who spends so little time in his office at Lansing as the present secre-

Wouldn't the income of The Detroit News grow by leaps and bounds Mr. Markland, if The News could do as Boss McKay has been able to do-set up a circulation office for his newspaper in one of the Secretary of State's branch offices with the taxpayers paying the rent and then have some one on the public payroll and paid out of the public's tax dollars. act as subscription agent for his political sheet?

And wouldn't you howl, Mr. Markland, if your boss came to you and suggested that it would be well for you and your job if you bought some bricks at a dollar a brick for some church being built by a denomination to which your boss belonged and you didn't? The more bricks you bought at a dollar a brick, the higher up on the bulletin board in the inner office of the boss went your name. Your position, Mr. Markland, on the bulletin board, indicated how "efficient" you were in doing your "public" work and how "loyal" you were to the "boss,"—in buying bricks.

Of course you know, Mr. Markland, that the elimination of the secretary of state's tax collecting units from the newly created state revenue department was for no other purpose than to permit these very same tax collecting units to be manipulated for the political ad-

vantage of the secretary of state. You know about it, because you wrote about it at the time the legislature, over the protest of Senator McCallum and others, voted to continue this tax-collecting unit in pol-

Mr. Markland has never recognized the fact that there are Republicans, large numbers, who hold in utter contempt the rottenness that has characterized much of the Republican party's political maneuvering in recent years. who believe in upright, clean and above-board policies. Yes, Mr. Markland, there are large numbers of Republicans who still believe that a public office is a public trust and not a public grab-bag, maintained for the purpose of fattening some one's pocketbook and satisfying some one's ambition for political advantage. There are vast numbers of Republicans who hold in utter contempt things that have been done in the name of Republicanism in recent years, Republicans who are progressive, who have a sincere interest in the tremendously important social problems of the day, who place above everything the welfare and safety of the people of our country.

It is but natural that this group resents the promotion of any one directly or indirectly associated with the political mob that has kept the Republican party within the dog-house most of the time in the last decade.

Never at any time in the history of America has our country needed so badly an alert, fighting, HONEST, intelligent and CLEAN second party as today. But how can we have it, how can we maintain it when powerful journals go out of their way to keep constantly building up the elements within the party that represent the viewpoints and policies of the

obnoxious political machine within that party? Maybe it is pure hara-kiri for a lowly country editor to continuously challenge the motives of a powerful political machine as well as such an outstanding political writer and observer as Mr. Markland, especially one who has access to the vast circulation of a great metropolitan newspaper like The Detroit News. Nevertheless, when we see Mr. Markland or any one else "building up" some one with the political pedigree possessed by the Republican secretary of state, we are going to challenge the attempt, irrespective of the political propriety of the challenge. In this connection we recall, too, that it was the same Mr. Markland who wrote from the Philadelphia Republican convention that McKay could now be regarded as a great political leader instead of a political boss!

Maybe it is "good politics" to build up a "push-over" for a sure knock-out, but we certainly do not see it that way - especially in these troublesome days. We resent, too, the secretary of state's office I here is not the fact that certain Democratic influences are inslightest reason why he should not know all terested in the making of a Republican ticket. We do not know, but there is a possibility that The able Lansing correspondent of The Michigan might need another Governor two

years from now. We are not critical, at this time, of any effort to retain Governor Van-Wagoner for another term in his present position. His administration is yet to go through the testing fire. Naturally any citizen interested in the good of Michigan hopes that his administration will be a success, one that will reflect credit upon Mr. Van Wagoner as well as the state he serves, but we cannot understand the necessity for this early build-up of a "push-over" candidate against him for the next campaign. Maybe Mr. Markland can ex-

Again We Disagree

The Plymouth Mail is in violent disagreement with the views of Democratic Senator Wheeler of Montana, but that does not mean that we believe he should be prohibited from expressing his unpatriotic sentiments. The decision of the officials of the city of Atlanta in denying him a right to speak in that city, is not good Americanism. Hitler strangled and shot off all of those in Germany who spoke against his administration. Stalin in Russia buried them alive or starved them to death, not wasting the gun powder to kill off those who disagreed with his political views. While it might be true that Senator Wheeler's remarks run pretty close to the border line as to the propriety of things these days, still it is not our idea that he should be deprived of a right to express his views publicly.

The Right Spirit

Recent news dispatches tell of the purchase by the Masonic Grand Lodge of Michigan of \$37,000 worth of U. S. Defense bonds. The announcement was made by Dewey H. Hesse, Grand Master of the lodge in Michigan.

That's what we call BIG NEWS-it is big news because it reflects the right sort of patriotic citizenship that is going to carry our country through the trying emergencies that lie ahead.

We in Plymouth are getting away to a mighty good start in our Defense bond campaign. We are out to "top" every city of its size in America in the ownership of U.S. Defense bonds. Our objective can be attained if we follow the example of the Masonic Grand Lodge of Michigan, the Knights of Columbus of Detroit and the thousands of school children who are spending their pennies for de-

It is the will to do—the will to GO PLACES -that will carry Plymouth over the top in its great Defense bond campaign effort.

RAMBLING AROUND

With Prominent Michigan Editors

Their Views About Public Problems and Issues

CRIME PREVENTION.

After recognizing the fact, as one must recognize it, that crime is not only the cause of great economic loss, but is a burden upon every taxpayer, the thought must occur to the reader that it would be very profitable to check crime, and that money spent to check crime would be a much more profitable investment than money spent to punish the criminals.-William Berkey in The Cassopolis Vigilant.

OTHERS WONDER, TOO!

We have often wondered just why the govrnment did not put some of the subversive lement into concentration camps instead of allowing them to run at large and do all the harm possible. Confined in a camp would be a good place for some of these guys who are obstructing the defense work, but they are allowed to go their way and do their worst. But wait a minute, the government has just announced that 102 conscientious Michigan objectors will be placed in a concentration camp in northern Michigan, and made to work at hard labor. Now ain't that just

Now here are 102 fellows who really believe it wrong to fight in any war, or take part in it. They have committed a great crime against the country by refusing to register for the draft. At least that seems to be the way the government looks at it. Yet, they have not stopped any defense operations like the shipbuilders, the tank makers, the airplane factory workers, or tied up important and vital work, which might mean the loss of thousands of American boys due to not getting prepared in time. Yet these men all go free. No

concentration camp for them. Oh, no, that would

be just terrible. What a laugh! One hundred two innocent boys refused to register and they are sent to camp. Sure, they should be punished. They should not defy the government, regardless of whether or not they are really honest in their objections or just scared to death. But, they have committed no terrible crime and should be given at least as much consideration as the striker who throws patriotism to the wind and tells the government to go lay an egg. What a laugh. Let Harry Bridges go free, let the others get away with their dirty work, but the objectors must walk the plank. Really, wouldn't that make you sick?—Robert Gifford in The Eaton Rapids Journal.

ENGLAND MUST WIN.

Lindbergh and Wheeler to the contrary, a British victory is absolutely essential to the future security of the U.S.A. Britain cannot win without defeating Hitler. Hitler and Russia are now at war, therefore, whether they like it or not, Russia and England are now allies.

Because of the fact that so much of our future hinges on British success, we ourselves are put in a position of supporting Russia.—Richard Cook in The Hastings Banner.

YEARS AGO

And 50 years ago news taken from the files of The Plymouth Mail

The various committees of the Plymouth Fire department under whose auspices the gala day celebration will be held are busy making arrangements for the big day, Thursday, August 10. The committees are composed of Bert Crumbie, William Arthur and Robert Walker, printing; Frank Dix, concessions; Ed Bolton, August Myers and William Wehler, balloon; Stephen Jewell and Harry Brown, dance; Charles Steinable and Fred Drews, sports; Albert Gates, music and Robert Todd and Floyd Sherman, auto parade.

A strange dog got into the deer park at the home of Mr. and Mrs. George Wilcox on Penniman avenue last Friday noon and killed the two tame deer confined there. As yet the dog has not been found.

The press room men from the Daisy Manufacturing company with a part of the band had a picnic last Saturday afternoon down at Fred Kohnitz "Sunny Side Farm." The first event was tug-of-war in which Magraw's side defeated Ladd's side. A bell game between Groth's All-Stars and Stever's Orioles resulted in a score of 6 to in favor of the latter. The commissary department put on a self-serve luncheon which was followed by a mock trial before "Judge" Cable In the racing events, Sallow won the fat man's race; Comstalk was the winner in the thin man's race and the medium man's race went to Jack

Mrs. August Miller entertained her sisters and children at a picnic dinner at her home northeast of town last Wednesday, the occasion being her birthday. The following were present: Mrs. Archie Herrick and daughters of Northville; Mrs. W. A Eckles and daughters and Mrs. M. M. Willett and children of this place.

Mrs. H. Williams and daughter, Charlotte, expect to leave the latter part of this week for Weston. West Virginia, where they will visit the former's daughter, Mrs. James Tierney. Irving Blunk, who recently purchased the milk

route of Sly Bros. has just completed a new and up-to-date building for handling the milk on his lot on Blunk avenue. The building is built of cement blocks and will be equipped with every facility for the proper and sanitary method of handling milk.

The following were the guests of Mr. and Mrs. Roy Wheeler at Shackelton cottage, Walled lake, last Sunday: Edward Gray, Mrs. Ed Rotnour, Miss Ruth Howe, Miss Bernice Smith, Mrs. William Ray and son, Sterling, June Keggeries, Glen Penney, Thelma Wheeler, Mrs. John Gale, and Mr. and Mrs. Roy Riker, all of Plymouth. F. W. Hillman will build a fine new home on

Caster avenue. Mr. and Mrs. Albert Gayde and Mr. and Mrs. William Gayde motored to Howell Sunday where

they visited relatives. Mrs. Bisbee and two sons of Reed City have been guests of her sister, Mrs. Evered Jolliffe, the

past week.
Mrs. Nellie Rhode and son Gilford were guests of Mrs. T. P. Sherman last week Thursday. Miss Verne Rowley is taking a few weeks' vaca-

tion from her duties in the office of C. J. Hamil-The Misses Hazel Connor and Ethel Smitherman had their tonsils removed last Sunday. Both are doing fine.

Mrs. A. J. McArthur and son Russell and William Wood of Beamsville, Ont., have been guests the past week at Dr. A. E. Patterson's and F. D.

Schrader's Henry Baker has gone to Bogardus Engineering Camp near Cheboygan for a two months stay. Miss Kate Hubbard, who has been teaching at Lead, South Dakota for the last two years, is vis-

The young people's society of the Lutheran church held its monthly meeting at the home of Miss Sarah Gayde last week Thursday evening. John S. Haggerty, president of the Michigan State Fair, is a firm believer in good roads and he has indorsed the action of G. W. Dickinson, general manager of the fair, who has mapped out a good road building program which is to be carried out during the summer months. Mr. Haggerty is a member of the Wayne County road commission and many miles of macadam highway have been

iting her mother here.

constructed under his supervision. Irene and Harold Chilson are spending their vacation with their grandparents, Mr. and Mrs Palmer Chilson.

Henry Pankow and Jesse Hake are the owners new Fords. Mrs. Paul Lee entertained the O.H.S. club at

her home Monday afternoon. Miss Myrta Eckles was awarded the first prize in the bean-carrying contest and Mrs. William Maynard was consoled Mr. and Mrs. A. Hayball entertained friends from Inkster and Detroit Sunday. The first Sunday of the three months' contest

between Plymouth and Dearborn Methodist Sunday-schools found Plymouth on the losing end Dearborn's attendance was 139 while Plymouth's Mr. Quail of Detroit, recently from Nottingham.

England, is spending some weeks with William Bakewell, hoping country air will restore his Mrs. Calvin Whipple and children visited Mrs.

Norman Miller Sunday. Word was received that Mr. and Mrs. Vern Mackender are the proud parents of an eight and a half pound baby boy, born Saturday morning. July 15. We extend congratulations.

Call Brothers have the frame up for Mr. Mac-

"er's house and will soon have it completed. Jay Britten of Chattanooga, Tenn., spent Wednesday at the Ryder homestead. Leigh Ryder has purchased a new Ford touring car and trailer.

50 Years ago

On Thursday Carlton Gage of Novi had a run-away, in which he was thrown from his vehicle and the horse suitered a broken leg. It had to be shot afterwards.

C. S. Gates has opened a new phonograph shop in the Punches block. The Markham Rifle company gave a ball for its employes at the Amity hall last evening.

Birmingham has three public fountains. If you want a sewing machine, call at the Mail office and see the editor. (The editor was J. H. Steere, father-in-law of the late Edward Hines, first road commissioner of Wayne county and originator of the parkway system.)

Extra special . . . offered because so many of the people on my route have asked for them.
