## Merchants Plan MacArthur Day Next Wednesday

### Citizens Purchase \$1,441 In War Stamps And Bonds At Stores

Wednesday, July 22 will be MacArthur Day in Plymouth. Every citizen is urged to buy war savings stamps and bonds at retail stores in tribute to General MacArthur to help spur the Retailers for Victory campaign and put Plymouth "over the top" for its July quota of \$83,700.

Plymouth Boy Scouts will distribute circulars to every home in the community early Wednesday morning to remind everyone of MacArthur Day and the stamp and bond sale in every local store, it was declared by John Blyton, chairman of the retail stamp and bond committee.

The "Commandos of Main Street" sell war stamps in all denominations to shoppers in local stores and receive applications for war bonds. Since the retail sales campaign opened two weeks ago, Plymouth has sent more than 150,000 bullets to our fighting forces on the war front through their purchase of \$2,200 worth of stamps and bonds in local stores. The cooperation of every person is urged to make MacArthur Day a success. Let's make an extra effort next Wednesday to send help to the great Commandos of the war, General Douglas MacArthur, and his fighting men. Plymouth has many sons in the battle fronts of Australia and other far outposts. They need the guns and materials to win the war and your dollars will buy guns and ammunition, tanks and planes.

Plymouth retail stores sold a total of \$1,441.20 worth of war savings stamps and bonds during the past week. Of this week's total sales, \$237.50 was purchased in bonds and \$1,203.70 in stamps, representing about 70,000 bullets. Last week's sale fell slightly short of the first week's record of \$1,758, but it is hoped that patriotic citizens will set a new record for Plymouth next Wednesday.

## School Districts Hold Elections

### Re-Elect Incumbents In Livonia Township

Incumbents were re-elected in each of the school district's annual elections in Livonia township Monday. The Rosedale-Elm school district recorded the largest vote since the registration system was started two years ago. William J. Trepagnier and Victor H. Smale were winners in the Rosedale-Elm school board contest.

The Rosedale-Elm district voted for a nine-month school term next year and announced the addition of one new teacher to the staff which will provide a teacher for each grade room in the Rosedale Gardens and Elm schools.

M. H. Blankenhagen was re-elected for his third term as treasurer of the Livonia Center school board. The district voted to transfer \$5,000 from the operating fund into the building and site fund. A project for the construction of a building addition to the Livonia Center school has been certified and the district is awaiting a government release of funds. Charles E. Brake, deputy superintendent of Wayne county schools, attended the annual school meeting in Livonia.

Carson Baldwin was re-elected and Robert Parrish was elected as a new member of the board in Pierson district, both for three-year terms. Electors of Pierson district voted to operate on a 10-month school year with half-day sessions in some grades because of overcrowded conditions in the school. The district also voted to provide free textbooks for the first time.

Thomas Beach was re-elected for a one-year term following his appointment two months ago to fill a vacancy, and Mrs. Beatrice Bowen was elected for a three-year term as a new member of the Wilcox school board. Clifford E. Noble, who has served for the past nine years, declined the nomination for a fourth term.

In Cooper school district, Earl Burt was re-elected unanimously as director for a three-year term and Ralph Mossman was elected as a new member for a two-year term. The Cooper district voted to pay tuition not to exceed \$11 a year for students attending Plymouth high school. Salary increases were approved for members of the Cooper board. Each member of the school board is to receive \$200 a year. John Campbell was re-elected as director of the Stark school board for a three-year term.

## PROCLAMATION MACARTHUR DAY

To the Citizens of Plymouth: WHEREAS, the people of Plymouth must give special attention to the sale of war bonds and stamps, if we are to meet our July quota of \$83,000.00.

WHEREAS, Mr. Blyton, chairman of the Merchants' committee, has requested that Wednesday, July 22, be observed as General MacArthur Day in Plymouth.

WHEREAS, it is hoped that every citizen will acknowledge their debt to General MacArthur by buying a war bond or war stamps on that day.

Let us set aside Wednesday, July 22, as General MacArthur Day in Plymouth, let us observe it by flying the American flag from every home and place of business, and let every citizen, adult and child resolve to purchase war stamps on that day.

Signed, RUTH HUSTON WHIPPLE, Mayor of Plymouth.

## School Board Approves Annual Financial Report

### District's Tax Rate Will Be Set By County Board Of Allocation

Plymouth school district's annual financial report was approved at a meeting of the new board of education Monday evening. The tax rate for operation expenditures will be determined by the Wayne County allocation board now in session.

Michael J. Huber, board secretary, appeared before the board on Monday with the district's request for allotment. The board requested an allotment of \$6.75 per thousand, the same rate as in previous years. The general school tax rate for the next year will be announced following the allocation board's sessions within the next three weeks.

The school district's financial report at the end of the current fiscal year shows a balance of \$44,205.99 in the three main operating funds which represents an increase of \$8,921.06 over the balance on hand at the close of the last school year. The district's total budget expenditures for the year were \$126,669.77. Included among the total receipts for the year of \$221,600.48 was a \$2,976.24 appropriation from the federal government for the program of defense training conducted at the high school.

## Victory Notes

Seventeen women received certificates for completing the course in motor mechanics which ended in June. Lorene Aquino, Nancy Baker, Fannie J. Bange, Marion the next three weeks. Margaret Carley, Doris Curtis, Lois Dicks, Beth Hoheisel, Grace E. Jarvis, Ruth Johnston, Louise Peck, Doris Pfeiffer, Esther Powell, Mary Rafferty, Janet Strachan and Florence Tibbetts are the women who received the certificates. The course was given at the Paul Wideman garage through the courtesy of the Ford Motor company and the Red Cross.

Only 14 people have signed as blood donors, according to Mrs. H. H. Penhale, Red Cross chairman of the Blood Donor work. There must be at least 112 registrations if the Red Cross Mobile Blood Donor unit is to come to Plymouth in August as scheduled. If you are capable of being a blood donor, please sign today at the city hall, at Beyer's Pharmacy, at the Red Cross room, or with Mrs. H. R. Penhale, 659 Burdoughs street.

The Red Cross room in the postoffice building will be open from 1 to 4 on Tuesday, Wednesday and Thursday afternoons for the remainder of the summer for knitting only, according to the Red Cross chairman, Mrs. John Bickenstaff.

Ten people have signed for the autumn course in motor mechanics, according to Mrs. Winston Cooper, Red Cross educational chairman. At least 30 people must register before the course can be offered in September.

Wednesday evening, Plymouth Club Scouts, Pack 620, and the Boy Scouts, distributed salvage circulars.

**School Majorettes To Sell War Stamps**  
Seventeen members of Major Foster's Girl Majorettes of Plymouth high school have volunteered their assistance in the retail campaign for the sale of war stamps and bonds. A girl majorette in uniform will sell savings stamps on the sidewalks in the Main street business district every afternoon beginning Friday (today) and continuing through Saturday, August 1. Patronize a majorette and show your patriotism!

## School Board Plans Repairs And Alterations

### Approves Change In Age Requirements For Kindergarten

Members of Plymouth's board of education met Monday evening and approved plans for proposed repairs and alterations to the high school building, changed the age requirements for kindergarten enrollment and announced two additions to the school staff.

The remodeling program for the high school building will include installation of fluorescent lighting in about 15 classrooms on the first, second and third floors. Improved lighting facilities were recommended for several classrooms which particularly require good lighting. Fluorescent light fixtures will also be installed in the offices of the school principal and superintendent.

Following a tour of the school building Saturday by several members of the school board, recommendations were submitted and approved for the renovation of restrooms and locker rooms with the installation of new fixtures if materials are available. The board has instructed Thomas Moss, architect, to conduct a survey of the proposed repairs. If materials can be obtained, it is planned to complete the alterations and modernization ready for the opening of school in the fall. The board authorized the addition of another janitor to assist in general maintenance and the painting and cleaning program during the summer.

The school board approved a plan to admit children to kindergarten at the age of four years and six months in accordance with a new state law. Applicants for kindergarten enrollment must furnish birth certificates to meet the new age requirement at the beginning of the school term. To accommodate the anticipated increase in kindergarten enrollment this fall, an additional room will be provided for kindergarten use and a new teacher will be added to the staff.

## Open China Relief Campaign Today

### "Chain Letters" Will Solicit Donations

Plymouth's campaign to raise funds for United China Relief opens Friday (today) and will continue through August 1. This city's quota has been set at \$750.

The local committee plans a "chain letter" solicitation for contributions. A committee comprised of Miss Lorraine Corbett and Miss Margaret Dunning will mail 100 "chain letters" Friday which are to be mailed to six friends by each recipient. The "chain letter," it is explained is an appeal for cooperation and no money is to be sent through the mails. All contributions for China Relief should be sent directly to the treasurer's committee, of which Russell Daane and Margaret Dunning are co-chairmen, or to any member of the general committee.

Organizations will not be solicited as a group but if any wish to contribute, it is suggested that they participate in the "chain letter" program or give donations to members of the central committee. The "chain letter" device has worked successfully in the East according to Mrs. Cass Hough and the United China Relief committee.

Several contributions have already been received by the central committee which includes Mayor Ruth Whipple, Mrs. John Boden, Reverend Walter Nichol, Mrs. Clifton Tillotson, Miss Lorraine Corbett, Miss Patricia Cassidy, Edward Bolton and the Reverend George Rothery. "We Need China; China Needs Us" is the motto of the relief drive. Everyone is urged to contribute generously to the aid of our war-torn Allies.

## Attend Sessions At Fire College

### Local Firemen Enroll In Training Course

Several members of Plymouth's volunteer fire department have attended sessions this week of the fourteenth annual Fire College, sponsored by the Michigan State Fire Chiefs' and Michigan State Firemen's associations, at the University of Michigan, Ann Arbor.

Louis Westfall is attending all sessions as the local department's official representative at the Fire College from July 14 through July 17. On Wednesday evening, Chief Fred Wagenschutz, Roy Jewell, Gus Myers and Ernest Wilson attended a meeting which featured movies of incendiary bomb fires in England and automobile fires.

## Aids Red Cross Blood Drive

High on the Red Cross Honor Roll is Harold M. Page of West Chicago boulevard, Rosedale Honor Roll, assistant national director of service for the Chevrolet division of General Motors Corporation, who has been personally responsible for bringing 219 donors to the blood bank at Red Cross headquarters in Detroit. He is shown with Don O'Toole, buyer in the Chevrolet purchasing department, his 219th donor.

"When I read that some 3,000 lives were saved at Pearl Harbor as a direct result of availability of plasma through the Red Cross Blood Bank," Page said, "I resolved not only to donate my blood but to persuade 250 others to do so." With the Chevrolet executives are a Red Cross motor service driver and a blood bank nurse in front of an ambulance produced by Chevrolet for Uncle Sam.

Mr. Page, who has donated blood three times, is also director of military service for all vehicles produced for the armed forces at home and overseas. He served overseas in World War I driving an ammunition truck in France for the duration of the war. Mrs. Page is chairman of defense education for the Red Cross chapter in Livonia township. Readers may follow Mr. Page's example by donating a pint of blood on August 11 when the Red Cross mobile unit will visit Stark school.

## District Conference Of Rotary Will Be Held In Plymouth On July 23

Plymouth will, on July 23, be host to all of the officers of the Rotary clubs of the 153rd district according to an announcement just made by District Governor Alex Moore of Wayne.

Governor Moore states that he has designated Plymouth as the meeting place for the 1942 district conference because of its easy accessibility from all points in eastern Michigan and western Canada. This is one of the largest Rotary districts on the continent. It is expected that there will be nearly 200 presidents, secretaries and vice-presidents of various Rotary clubs at the conference.

The meetings will take place in the Masonic temple, but the Mayflower hotel will be the headquarters for the one-day session. In past years these sessions have generally been two day affairs, but Governor Moore announces that because of war conditions he is cutting the session to one day only.

"Nearly all of the Rotarians are engaged in some form of war activity both in Canada and the United States and it is for that reason we are going to try and do in one day in Plymouth the work that it generally takes two days to accomplish," stated Mr. Moore yesterday.

A committee from the Plymouth club will meet the Canadian delegation at the Detroit-Windsor tunnel Thursday morning. Carl Shear and Paul Wiedman are co-chairmen of the transportation committee. Registrations will begin at 9 o'clock at the Masonic temple with conference meetings on each of the four objects of Rotary club following. The conference sessions will concern community, club, vocational and international services of Rotary. Luncheon will be served in the Crystal room of the Hotel Mayflower at noon. Following afternoon conferences, delegates will be guests of President A. Blake Gillies on a tour of the Detroit House of Correction.

Guest speaker at the dinner at the Hotel Mayflower will be Dr. Merton E. Rice of the Metropolitan Methodist church of Detroit. A. Blake Gillies is general chairman of the district convention, and Russell Daane is in charge of conference arrangements, assisted by Floyd Eckles, John MacLachlan, Rolfe Smith, Sterling Eaton, Harold Curtis, A. S. Matulis and William Wood. Fred Schrader, chairman of the Rotary fellowship committee, will have charge of the welcoming committee and William Wood will direct registrations. The Plymouth Chamber of Commerce will distribute welcome signs to all local merchants for display in their stores. This meeting will be the first district conference in Plymouth and one of the city's largest conventions.

## Rubber Drive Exceeds Quota

### Gas Stations Collect 35 Tons For Salvage

The government drive for the collection of reclaimable scrap rubber, conducted by the local salvage committee in cooperation with local oil companies and gas stations, has exceeded its quota in Plymouth through the wholehearted support of the community.

Local gas stations have collected 35 tons of reclaimable rubber during the two weeks' campaign. John R. MacLachlan, chairman of Plymouth's salvage committee, and James Hawk, director of the rubber collection drive, expressed their appreciation of the excellent response of local citizens. According to Plymouth's population, the city's collection of 35 tons represents 10 pounds of scrap rubber contributed by every citizen in the community. President Roosevelt appealed for a contribution of five pounds per person when the drive opened.

Gas stations in Plymouth and vicinity will continue to receive scrap rubber, but no provision has been made for payment after the close of the recent campaign. Oil company trucks are now collecting rubber for delivery to bulk plants. The rubber will be shipped from bulk plants to rubber plants for re-processing.

## FARMERS... Make every market-day BOND DAY!

For our fighting men, for our country's future and for freedom we must meet and beat our enemy War Bond quota and keep on doing it.

Pick up your War Bonds and Stamps on your second stop in town... right after you've sold your eggs, milk, poultry, stock or grain. No investment is too small and no investment is too large... the important thing is to buy every time you sell!

## Husband Reported Missing In Action

Word has been received from Mrs. Oswald Gaynier of Colorado, California, saying that she was notified from Washington that her husband, Ensign Oswald Gaynier, has been missing since June 4. It is believed that he was in battle at Midway Island. Mrs. Gaynier is the former Ireta McLeod of Plymouth.

Mrs. George Farwell and sons, Dick and Bill, of Adams street, are visiting her mother, Mrs. Mary Martha Harnden, in Brown City, this week.

## Chairmen Map Plans For USO Drive July 25-31

### Women To Canvass Every Home In City And Township Area

District chairmen for the United Service Organization fund drive in Plymouth and Plymouth township from Saturday, July 25 to July 31 were appointed this week by Mrs. Cass Hough, USO chairman for the Plymouth area. Each of the chairmen will select her own committees of volunteer workers to canvass every home in the community for USO contributions.

The chairmen are Mrs. Irving Blunk, Mrs. Richard Cutler, Mrs. Wayne Smith, Mrs. John Oleaver, Mrs. Earl Kenyon, Mrs. Sterling Eaton and Mrs. Edwin Schrader. A general meeting of the chairmen and committee workers to complete plans for the fund campaign will be held Friday evening, July 24 at 7:30 o'clock at the Plymouth city hall. Material including receipts, window stickers and lapel pins will be distributed at that time and every member of the Plymouth USO committee is urged to attend.

"You help someone you know when you give to the USO" is the slogan of the fund-raising campaign in this area. Soldiers and sailors are being provided USO services in 403 clubs and 182 other units. The USO provides services to troops on messengers also because local communities cannot care for the needs of such large concentrations. Free entertainment is being given men in 225 camps and bases.

Clubrooms have been established

## Service Man Lauds USO

"The boys in our outfit depend on the USO for their entertainment and diversion. They plan weeks ahead for the USO dances at our camp," declared Private Marvin J. Crieger of Plymouth, who is home on furlough from an Army air training camp in California.

"The USO center at Ontario, California, provides writing rooms, stationery supplies, free lunches, ping-pong, table dances and entertainments," reports young Crieger. Shows presented under the auspices of the USO at the camp theatre recently have included such stars as Eddie Cantor, Jack Benny, Bob Hope, Duke Ellington and George Raft's boxing show.

lished in railway and bus terminals of large key cities to provide lounges, coffee and snacks, writing rooms and showers for individual service men on leave and for troop detachments. Through 34 mobile units, USO brings comfort to isolated troops doing guard duty at 665 places a week along both coasts. USO has established and is now operating 28 clubs, mobile units and other services for the armed forces in offshore bases and overseas posts.

USO came into existence last year to serve our soldiers, sailors and marines. The mothers and fathers and wives and sweethearts of men in service demanded that the spiritual, recreational, welfare and social needs of the men in service be met. Six national agencies, representing the three principal religious faiths of the nation which gave similar services during World War I, have united to make possible the USO program. These agencies are the Young Men's Christian associations, the National Catholic Community service, The Salvation Army, the Young Women's Christian associations, the Jewish Welfare board, and the National Travelers' Aid association. The USO and its member agencies are all non-profit organizations and funds are used solely for the USO defense and war emergency program.

Plymouth's goal for the USO nation-wide fund campaign is \$1500 and the USO program merits the attention and support of every citizen of the community. Plymouth has many boys and men in the armed services. Give generously to the USO fund campaign and help your son and your neighbor's sons.

## Gives Flag To Local Draft Board

The gift of an American flag and pole to Local Board No. 61 of Plymouth is acknowledged in this month's issue of the official Selective Service publication from Washington, D.C. The flag was presented to the local board by E. C. Hough, chairman of the draft board for this area in 1917-18. The flag is displayed over the front entrance to the board office in the old Markham factory building on North Main street.

## Did You Know That

On account of better business and no help I will do no more ladies' hair cutting and will close the shop every Wednesday until further notice.—Charles McConnell, 292 Main street.

## Legion Commander

WILLIAM ROSE

William Rose, one of Plymouth's leading merchants, was recently elected new commander of the Myron H. Beals post, No. 32, American Legion, in Plymouth. He has been a member of the local post for the past four years.

Other new members of the Legion post are James Sexton, vice-commander; Roy Lawson, adjutant; Charles Cushman, junior vice-commander; George Ridley, sergeant-at-arms; and Harold Anderson and Floyd Eckles, members of the advisory board. The installation of new officers will be held in August.

## Farmers To Enter War Bond Contest

### Allis-Chalmers Sponsors Plan

With Uncle Sam's flying fortresses darkening the sky, Hitler's mark and the Japanese yen are wavering on the stock markets of the world. American farmers, in contrast, are about to let go a smashing broadside of dollars in the purchase of war bonds, stated Don Horton, local dealer for Allis-Chalmers farm implements, yesterday.

A "Win-the-War Bond Contest," sponsored by Allis-Chalmers in cooperation with the United States Treasury department, spotlights the power of the farm dollar in putting weapons of victory into the capable hands of American soldiers. The contest offers 125 prizes for winning letters of 100 words or less on the subject, "Why Farmers Should Buy War Bonds."

First prize is a \$1,000 war bond, plus a tour with all expenses paid for the winner and a member of his family to the Allis-Chalmers factory at Milwaukee to see weapons of victory in the making. The tour will include a trip to the Great Lakes Naval Training station, and, war conditions permitting, a cruise on a U. S. navy boat. Second prize is a \$1,000 war bond; third is \$500 in war stamps and 125 other prizes range from \$400 down to \$10 in bonds and stamps. Anyone living on a farm in this vicinity can enter the contest by listing with his letter the serial number of a war bond registered in his name. Each bond denomination of \$25 permits one entry. Rules and entry blanks may be obtained from Don Horton's agency on West Ann Arbor road.

"The forecast of farm income for 1942 is 14 billion dollars. If only one and a half billion dollars of this total were invested in war bonds, it would be enough to finance 30,000 fighter planes," declares Dealer Horton.

## Army Examines Draftees July 21

### Inductees To Receive 14-Day Furlough

Local board No. 61 in Plymouth will send a group of men to the Detroit induction station for physical examinations on Tuesday, July 21. According to a new selective service policy, registrants found acceptable for military service by the Army examining board will be transferred to the Enlisted Reserve Corps and will be granted a 14-day furlough before called for active service.

The names of inductees will be announced at the time of departure for the camp reception center. Men who pass physical examinations next week and are accepted for service will be under the jurisdiction of the Army during their 14-day furlough. At the end of the furlough period, they will assemble and leave in a group from the local draft office.

Local board officials announce that the first call for Class 1B registrants, assigned to limited military duty, will be in August, and will approximate five percent of the total August call. Induction of 1B men will release Class 1A service men from clerical and other non-combatant duties.

## 13-Year-Old Carol Fisher Drowns Monday

### Girl In Wading, Sinks In 20 Feet Of Water At Powell's Lake

Carol Jean Fisher, 13-year-old daughter of Mr. and Mrs. Paul Fisher of 4184 East Ann Arbor Trail, Plymouth, drowned in Powell's Lake on North Territorial road Monday afternoon. The body was recovered half an hour after the tragedy but rescuers were unsuccessful in attempts to revive the child.

The girl and her playmates, children of Mr. and Mrs. Edward Cook of Oakview avenue near Plymouth, spent Monday morning wading in the privately-owned lake on the Russell Powell property. Following a picnic lunch at Riverside park, the children returned to go wading in the afternoon. Carol Jean, dressed in her play clothes, waded only a few feet from the shore when she dropped into a 20-foot depth of water, according to witnesses. Artificial respiration was administered for 45 minutes by Max Frame of the Detroit police department, John Van Aken and Police Chief Charles J. Thumme.

The child, born in Plymouth on May 12, 1928, was a student in junior high school. Survivors include her parents; a brother, Robert and two sisters, Doris and Margaret.

Funeral services were conducted by the Rev. Walter Nichol Wednesday afternoon from the Schrader Funeral home and burial was at Mt. Bethel, Pennsylvania, Thursday.

## Board Announces Sugar Bonus

### Issue Ration Rules For Adult Bicycles

A bonus of an extra allotment of two pounds of sugar has been announced by officials of local ration board No. 82-19 which serves the Plymouth area. "Stamp No. 7 of the war rationing book may be exchanged for two pounds of sugar from the present date through August 22," announces William Wood, local board chairman. "This does not affect the value of stamps No. 5 and 6. It is permissible, however, to use stamp No. 7 before stamp 6, and stamp 6 should not be removed from the ration book until July 25. This is an extra ration of sugar and is not an indication that future rationing quotas will be raised."

The local ration board has also received rules and regulations for the rationing of adult bicycles. In order to establish need for a bicycle, an applicant must prove any of the following in connection with his business, occupation or work:

"He must travel quickly or frequently in delivering merchandise or messages, or in performing his business, occupation or work, and he would be better able to do so by bicycle than by walking or by using public transportation facilities; or

"Without a bicycle and using the most convenient public transportation, he would have to walk a total of at least three miles to and from his business; or

"He would have to spend a total of at least one and a half hours, by the use of public transportation, which time could be reduced at least 30 minutes through the use of a bicycle; or

"Available public transportation facilities are overcrowded."

## Fire Chief Urges Care Of Autos

### Prevent Fire Loss To Conserve On Cars

Fire Chief Fred Wagenschutz today urged greater precautions by owners and operators of private cars to protect them from fire.

"The tire shortage, the difficulty of replacing existing cars, and in some sections, new transportation problems arising out of the necessary use of cars by workers going to and from defense plants, make it imperative to conserve the cars we have against destruction or damage by fire," he declared.

In normal times, more than 11 percent of all legitimate fire alarms in this country are for car fires. With fewer cars on the road, perhaps this figure will be reduced. But that will not make the problem less serious for the individual car owner.

"We know by experience that the older cars are more frequently involved in fires. But with a few simple precautions, any car can be made safe."

Chief Wagenschutz made the (Continued on page 5)

### What to Do

BY PHYLLIS BELMONT

When may guests at church weddings leave the church? What are the duties of the guests if the bride party forms a receiving line in the rear of the church?

Answer—Guests at a church wedding always must remain in their places until the end of the recessional, and until the bride's mother and the groom's mother have left their pews.

It is very rude to break into the march to congratulate the happy couple, but if the wedding party forms a receiving line in the rear of the church, then the guests, as they leave the church, will get into the line and offer their best wishes.

You will congratulate the bridegroom and wish the bride every happiness. Never congratulate a bride on having found a husband.

**MISS ELZORA E. HARMON**  
Funeral services were held Saturday, July 11, from the Schrader Funeral home at 2 p.m. for Miss Elzora E. Harmon who passed away at her home on Warren road, Canton township, Thursday morning, July 9 at the age of 90 years. Miss Harmon was the daughter of John and Arline Harmon, born on July 9, 1852 in the same vicinity where death occurred. Rev. Walter Nichol officiated. Two beautiful hymns were rendered by Mrs. J. T. Chapman, accompanied at the organ by Mrs. M. J. O'Conner. The active pallbearers were Messrs. Paul Voorhies, Arthur White, Anthony and Theodore Fleiger. Interment was made on the family lot in Riverside cemetery.

The Twin Cities, St. Paul and Minneapolis, are going picnicking instead of joy-riding, this summer. Applications for picnics in parks which can be reached by street car have jumped 20 per cent.

Don't waste anything, for that help your state meet its quota.

### "Little Stories for Bedtime" by Thornton W. Burgess

### GRANDFATHER FROG HURRIES AWAY

WHEN Striped Chipmunk cut the string that bound the long legs of Grandfather Frog together, Grandfather Frog was so relieved that he hardly knew what to do. Of course he thanked Striped Chipmunk over and over again. Striped Chipmunk said that it was nothing, just nothing at all, and that he was very glad, indeed, to help Grandfather Frog.

"We folks who live out in the Great World have to help one another," said Striped Chipmunk, "because we never know when we may need help ourselves. Now, you take my advice, Grandfather Frog, and go back to the Smiling Pool as fast as you can. The Great World is no place for an old fellow like you, because you don't know how to take care of yourself."

Now when he said that Striped Chipmunk made a great mistake. Old people never like to be told that they are old or that they do not "know all there is to know. Grand-

father Frog straightened up and tried to look very dignified.

"Chugarum!" said he, "I'd have you to know, Striped Chipmunk, that people were coming to me for advice before you were born. It was just an accident that Farmer Brown's Boy caught me, and I'd like to see him do it again. Yes, sir, I'd like to see him do it again!"

Dear me, dear me! Grandfather Frog was boasting. If he had been safe at home in the Smiling Pool there might have been some excuse for boasting, but way over here in the Long Lane, not even knowing the way back to the Smiling Pool, it

### What You Buy With WAR BONDS

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75-mm gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day. U. S. ### Local Merchants' Lead League

### Plymouth Defeats Northville By 13-3

The Plymouth Merchants' team is still tied for second place in the white division of the Inter-County league. The Plymouth team defeated the Northville Merchants by a score of 13 to 3. Plymouth scored 11 hits and Northville, 13 hits.

The battery for Plymouth was a father-son combination. Tom Debozy caught the pitches of Ken Debozy. Tom is batting .333 and his dad has an average of .400.

The leading hitter of the Plymouth team is the player-manager Warren Basset who is hitting an average of .485. He is followed by Clarence Levandowski with .409 and Ken Debozy with .400. The Plymouth team will play the Livonia Merchants next Sunday.

A Milwaukee pastor who was an active pacifist until the U.S. was attacked now has an assembly line job in a war plant in addition to his pulpit duties.

Michigan is the highest ranking state in the production of beans.

Michigan exceeds 43 other states in farms operated by full owners.

Michigan cherries constitute more than 50 per cent of the national pack.

One thing is positively certain and that is that tomorrow won't be like yesterday.

Michigan's 1941 peach crop was more than 50 per cent in excess of the ten-year average.

Diced apples, especially with the red skins left on, are excellent in many kinds of fruit salads. The apples give the crisp texture often needed, particularly with canned fruits.

If the average family of four saves its tin cans for two weeks, it will have 18, or enough to supply tin for a portable flame thrower for four weeks, enough to make the bushings of three .30 caliber machine guns.

To be at their best, apples are cooked with as little water as possible and not too long; they are seasoned sparingly with spices like cinnamon or nutmeg, so as not to cover up the delicate flavor of the apple itself. And the good cook adds a few grains of salt to bring out all the sweetness stored within the fruit.

Less than one per cent of 773 duck hunters interviewed on Saginaw bay marshes last season used retrievers.

Though 29 different species of fish are caught in non-trout waters, conservation department random creel census records for 1941, as compiled by the institute for fisheries research, indicate that nine species make up 94.7 per cent of the catch. Among 27,352 anglers interviewed by conservation officers on patrol the composition of the catch was in these proportions: Bluegills, 43.4 per cent; perch, 24.6 per cent; pumpkinseed, 5.6 per cent; rock bass, 5.4 per cent; black crappie, 5.1 per cent; northern pike, 2.8 per cent; smallmouth bass, 2.7 per cent; walleyes, 2.6 per cent; and largemouth bass, 2.5 per cent.

When you throw away three cans you are throwing away enough tin for one hand grenade.

**What to Do**

BY PHYLLIS BELMONT

Employers would find they could get a lot more work from their employees if they would remember to treat them gently. These people who work for a living are human too, and the employer who realizes this is rewarded by the amount of work his employees are willing to do when they are treated well.

The employer who never shouts or raises his voice to the people who work for him is the one who is appreciated the most by his staff. Some men seem to take out all their personal grievances on their office help. If they've had a quarrel at home they carry the peeve into the office and grouse around all day. This only makes all the people he comes in contact with feel equally cranky.

So bosses, cheer up, and remember you once were working for someone—and treat your employees accordingly. Ledger Syndicate—WNU Features.

following suggestions for car owners to follow: Keep your car in good mechanical condition; have the ignition and lighting wiring and connections checked by your garage man; make sure that fuel lines and connections are tight and that there is no leak in the gasoline tank; keep the motor clean;

If you smoke while driving, put out cigarette and cigar stubs in the ash receiver, not on the floor of the car. Do not throw lighted stubs out of the window, and carry a fire extinguisher in your car and know how to use it. Most commercial vehicles are required by law to have such equipment. The small vaporizing liquid extinguisher is suitable because it can be used on burning gasoline or oil, as well as on fires involving the ignition or wiring, and it can be exposed to freezing temperatures.

**What You Buy With WAR BONDS**

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

We need many of these powerful, fast little boats to cope with the treacherous submarine type of naval warfare fostered by our enemies. Everybody can help pay for more Sub Chasers by putting at least ten percent of his income into War Bonds. Buy Bonds or Stamps every pay day. Buy them from your bank, your post office, or from your office or factory through the Payroll Savings Plan.

Unnecessary spending in war times is sabotage—whether conscious or not. Your dollars are needed for war production. Help your state meet its War Bond quota.

The war materials saved by halting manufacture of almost all musical instruments could be used in making 11,500 6-ton army trucks, 83 medium tanks, 49,000,000 rounds of .30 caliber cartridges and 40,000 aircraft flares.

The oldest bridge in Minneapolis—a 70-year-old landmark, is going to war. The city has given it to the United States for its salvage value and its 450 tons of wrought iron will be processed into steel for military equipment.

### Playfields Hold Tournaments

Dick Farwell and Billy Stout, Winners

As a part of the summer playground recreation program, Central and Starkweather schools sponsored a shuffle board tournament with the following as winners: Dick Farwell, champion at Central playground with Jack Dobbs, runner-up; and Billy Stout, winner of the finals at Starkweather with Jack Elliott as runner-up.

The two winners will play the last of this week to decide the city championship. A doubles shuffle board tournament will also be played this week, according to Asa Rowe, recreation director. Both Dick Farwell and Jack Dobbs are willing to play with any challengers.

The tennis and shuffleboard courts are open for adult players until 9:30 on Monday, Tuesday and Wednesday evenings and until 8:30 on Thursday evenings. Mr. Rowe will issue shuffle board equipment upon request.

About 70 girls and boys went to the Rouge swimming pool Tuesday. The bus leaves Central grade school at one o'clock every Tuesday and Thursday afternoon, picking up children at Starkweather school enroute.

Mr. and Mrs. Albert Pint and Geraldine Duffy visited Mrs. James Schmidt of Toledo, Ohio, Sunday. Mrs. Smith's son, Joseph, was one of the nine flying cadets killed at the flying field in North Carolina the latter part of last week. His funeral took place Tuesday afternoon in Toledo.

Mrs. John Schroder and son, Jack, and Miss Harriett Schroder left Wednesday morning, for Wilmette, Illinois, to visit the latter's sister, Mrs. Raymond Latta, and family. Mrs. Schroder will go on to Milwaukee Saturday to visit her niece, Miss Mary Ethel Bachelor, but Miss Schroder will remain for two weeks.

Mr. and Mrs. Fred Kidman of this city and her sister, Mrs. Fred Palmer, of Detroit, were called to Decatur Friday by the very serious illness of their sister, Mrs. Amos Vanderhoof, who died on Saturday. The funeral was held on Monday. Mr. and Mrs. Merton McCormick, of Northville, were also present at the funeral.

A whiff of flower fragrance on a cool breeze is a pretty sweet idea on a warm evening. And a clever perfumer tells us what to do about it. Spray a few drops of perfume or eau de cologne on the blades of your electric fan. Now start the fan. There's your scented breeze.

Your county has a war bond quota to meet this month. Is your own household budget apportioned so that you will put 10 percent into war bonds?

Wood is challenging the metals for a place in the war picture. Wood has been substituted for aluminum and other materials in making pontoon boats, and bodies of army cargo trucks, formerly made of iron and steel, now are made of hardwood.

Velma Stokes, daughter of Mr. and Mrs. Horace Stokes, of Pine Tree road, and Archie C. Howell, son of Mr. and Mrs. Frank Howell, of Garden City, were united in marriage at 8 o'clock, Saturday evening, in the First Presbyterian church of Plymouth, the Rev. Walter Nichol performing the ceremony.

Violin music played by Miss Doris Hamill with Mrs. Maurice Woodworth as accompanist at the organ, preceded the wedding ceremony.

The bride was gowned in white satin made with close fitting bodice, flare skirt of net over satin, and button trimmed down back from neckline to waist.

Her full length veil of net was held by a coronet of orange blossoms. She carried white carnations, roses and forget-me-nots.

Margie Stokes attended her sister as maid-of-honor, wearing blue satin with skirt of light blue net over satin. The bridesmaids were Irah Cazier of Ypsilanti, who wore pink net and Mrs. Arthur Straub, of Remont, who was gowned in blue net. They carried pink and white carnations and roses.

Earl Burke, of Garden City, was best man and the ushers were Arthur Straub and George Weitzel.

A reception followed at the bride's home. Mrs. Howell chose a white sharkskin suit with white accessories for traveling. They will reside for the present on Pine Tree road.

The St. Peter's Evangelical Lutheran church, of Plymouth, was the scene, Saturday evening, July 11, of the wedding of Adeline Ida Plant, daughter of Mr. and Mrs. Frank Plant, of this city, and James Ellis Wilson, son of Mr. and Mrs. J. F. Wilson, of Lewistown, Missouri. The ceremony was performed at six o'clock by the Rev. Edgar Hoenecke in the presence of a large number of relatives and friends.

The bride wore a lovely wedding gown of white slipper satin made with fitted bodice, long sleeves with points over the hands, sweetheart neckline and long skirt with train. Her full length veil was held in place by a coronet of orange blossoms. Tea roses formed her bouquet.

Mrs. Milcred Zube, of Northville, attended the bride, wearing a gown of pink marquisette with a shoulder length veil of pink marquisette with a shoulder length veil of pink net caught to a ribbon band. Her arm bouquet was talisman roses.

### Weddings

**STANABACK-WAGNER**  
The garden of Mr. and Mrs. Oral Rathbun, on Kellogg street, was the scene Thursday evening, July 9, of the wedding of Mrs. Bessie B. Stanaback, of Oakwood, and Albert C. Wagner, of Davisburg, uncle of Mrs. Rathbun and Mrs. Harry Mumby, with Rev. Walter Nichol of the First Presbyterian church, of Plymouth, performing the ceremony.

A dinner was served preceding the service with Mr. and Mrs. Harry Mumby and Mr. and Mrs. Rathbun as hosts. Others present were their children, George and Corinne Rathbun and Lila Mumby, also Donna Becker, of this city.

**STOCKINGER-RADKE**  
The wedding ceremony uniting Miss Nellie Stockinger, daughter of Manchester, and Max Radke, of this city, was performed Saturday morning, July 11 at ten-thirty o'clock in the Bethlehem Evangelical parsonage in Ann Arbor. The Rev. T. B. Schmale read the service. Miss Lois Braden, of Jackson, and Myron Stockinger, brother of the bride, attended the couple.

The bride was becomingly dressed in a navy blue dress with white accessories. Her mother wore a light blue lace costume.

After the wedding breakfast which was served the bridal party at Prekates Sugar Bowl, Ann Arbor, Mr. and Mrs. Radke left for a short honeymoon into the northern part of the state. They expect to make their home in Plymouth.

Mr. Radke has been a valued employe of The Plymouth Mail's printing department for nearly ten years. He is serving in the capacity of make-up compositor at the present time. Previous to coming to Plymouth he was employed in Ann Arbor printing establishments.

**STOKES-HOWELL**  
Velma Stokes, daughter of Mr. and Mrs. Horace Stokes, of Pine Tree road, and Archie C. Howell, son of Mr. and Mrs. Frank Howell, of Garden City, were united in marriage at 8 o'clock, Saturday evening, in the First Presbyterian church of Plymouth, the Rev. Walter Nichol performing the ceremony.

pink net over silk. She carried a basket of rose petals which were strewn in the path of the bride.

Orland VanSickle attended the bridegroom.

Mrs. Plant, mother of the bride, chose an aqua flowered crepe gown with white accessories and Mrs. Wilson a dark blue silk with blue accessories. Both wore a red rose corsage.

A reception followed for 125 guests at 428 Plymouth avenue, in Northville. Later Mr. and Mrs. Wilson left on a honeymoon trip to the Tahquamenon Falls in the Upper Peninsula. For traveling Mrs. Wilson wore a white jersey with red flower design and white accessories.

They will be at home at 3756 Grand avenue, Detroit, after July 21.

**DELY-ALTENBERG**  
The wedding of Miss Ann I. Dely, daughter of Mr. and Mrs. Frank Dely, of Mill street, and Nelson L. Altenbernt, son of Mr. and Mrs. Fred Altenbernt, of Whitmore Lake, took place Saturday, June 27, at 5 o'clock at the home of the bride's parents, Rev. Robert North performed the ceremony.

The bride wore a gown of white tulle with a sweetheart neckline. Her veil, trimmed in lace, was of fingertip length. She carried an arm bouquet of white carnations and Madonna lilies. The maid of honor was her

sister, Helen, who wore a gown of blue and carried a bouquet of pink carnations and Madonna lilies.

Noble Altenbernt, brother of the bridegroom, was best man.

For her daughter's wedding, Mrs. Dely wore an aqua crepe dress and a corsage of pink roses and white carnations.

Mrs. Altenbernt, mother of the bridegroom, wore a dress of rose crepe and a similar corsage.

Later in the evening, a reception for about 60 guests was held at the home of the bride's mother on Mill street. Guests came from Plymouth, Detroit, Wixom, Ann Arbor, Ypsilanti and Whitmore Lake.

Immediately following the reception, the young couple left for a brief honeymoon.

Mr. and Mrs. Jeff Hines were in Traverse City last week-end, called there by the sudden death of his brother, Ralph E. Hines on Friday. The funeral was held Tuesday, Mr. Hines, who has visited in Plymouth frequently, is known by many in this city. He had been fishing on Cedar Lake near Grand Traverse Bay and had landed a 40-pound fish. It is believed he died from exhaustion and excitement although he had reached home before death came.

### Doctors Attend State Meeting

#### Chiropractors Hold Convention This Week

Drs. Edwin A. and Alta A. Rice of Plymouth attended the annual post-graduate convention of the Michigan State Chiropractic society at Grand Rapids which was held from Tuesday to Friday this week.

Dr. Steve Burich of Indianapolis lectured on "Endocrine Glands and Their Control by Chiropractic Treatments." Dr. Janse of Chicago discussed and demonstrated advanced chiropractic techniques. Dr. Lenzi of Detroit lectured on diagnosis and comparative treatment of gastric and intestinal diseases. The outstanding speaker of the convention program was Dr. Emmett Murphy of Washington. Dr. Murphy has represented the chiropractic profession for some years in legislative matters with considerable success.

## With Plymouth Boys Defending The Flag

Marvin J. Criger, 22-year-old son of Mrs. Adela Criger of Dodge street, was home on leave this week from an Army air training camp at Ontario, California where he has been stationed for the past two months. Young Criger, who entered the service in February, plans to transfer from pilot training to navigation. His most interesting experience in his training period occurred about three months ago when he was at the army air base at Santa Ana, California. He was serving guard duty when unidentified planes flew over Los Angeles and the order was given for a complete blackout of the air base for three-hours' duration. Criger remained on guard duty and other trainees performed their assigned tasks carrying ammunition and loading guns for emergency need.

Dawn O'Leary, 18-year-old son of the late Mrs. Lettie O'Leary, reported for active duty at the U. S. Naval Training station at Great Lakes, Illinois, last week. The new recruit is now undergoing training after which he will either be sent for duty aboard a Navy "Man-O-War," or given additional specialized instruction at one of the Navy's many service schools.

Private Walter Jendrycka, former employe of The Plymouth Mail, writes from Seattle, Washington that he is in the best of health. He explains in his letter to Mr. and Mrs. Orr Passage of Plymouth that he is not allowed to write anything about the weather due to censorship restrictions.

Private Roger McClain who is stationed at the Marine Corps base at San Diego, California, sends thanks for The Plymouth Mail. "It helps to keep us in line with what goes on at home. When you are 2,800 miles from home, you get a little lonesome, but to read about home is consoling. We have seen four other boys from Plymouth who are stationed here on the base. They are Earl Wilson, Keith Lawson, Finch Roberts and Art Russell.

The life here isn't so tough as it used to be, but nevertheless, you have to be trained in the ways of a good Marine. We have long hours to put in every day and we work hard. While here in Boot Camp we are not allowed out of our tent area so we haven't seen much of the base. I am enclosing a poem that I copied out of our weekly paper, "The Cheyeron," which I thought would be appreciated by mothers of Marines." writes young McClain. The poem follows:

"A Marine's Mother"  
There's a soldier and a sailor,  
And an aviator keen,  
As fine a bunch of fighting men  
as one has ever seen.  
But for me, I've a soft spot for  
the ways in forest green.  
The dashing, gallant leathernecks  
The United States Marines.

I will never be First Lady or  
grace a magazine,  
I'll never be world famous, nor  
even be a queen.  
But I wouldn't change my lot for  
any that I've seen.  
For I'm the mother of a  
United States Marine.

I'd like to shield this boy of mine,  
From all that's wrong and mean,  
I'd gladly sacrifice my life,  
But he needs no go-between.  
For God has given to my son  
The gift of life supreme.  
The red, white and blue blood  
Of the United States Marine.

### Nankin Mills' Ford Team Wins Game 11-10

The Nankin Mills' Ford baseball team defeated an all-Negro team from Detroit last Saturday at Riverside park. After a seesaw slug fest in which neither starting pitcher finished, the Ford team won by a score of 11 to 10. O'Conner was the starting pitcher for Ford and was relieved by R. Hitt in the seventh inning. Robinson of the Ford team led the hitters for the day by collecting three hits in four trips to the plate. Ford's will play Dearborn Western Electric on Saturday, July 18 at Riverside park, at 3 o'clock.

### All-Star Teams To Play July 22

#### Industrial League Plans Annual Game

The annual All-Star softball game selected from teams in the summer recreation Industrial league will be held next Wednesday evening, July 22 at the playground at the rear of Plymouth high school. Ray Gilder is captain of Team No. 1 and Matt McLellan will be captain of the opposing team of all-stars.

The probable line-up of the Gilder team includes Ray Gilder, Don Panow and Thomas Gurofski, pitchers; R. McGarry and Levi Sockow, catchers; Warren Hoffman, first base; J. Thompson, second base; H. Jesswick, third base; Al Crane, short stop; David Ramsey, left field; E. Turkett, center field; M. Morrison, right field and Walter Patrick, short-field with George Bowers and Vern Stevenson, utility men.

Line-up for the McLellan team includes Don Leichtweis, J. Olick and H. Ronayne, pitchers; Don Blessing and Robert Kearney, catchers; Alex Konezeski, first base; William Aluia, second base; John Wilkie, third base; Matt McLellan, short stop; J. Gurofski, left field; Elton Williams, center field; R. Wilson, right field; Gordon Robinson, short field and Robert Wilkie and Howard Schryer, utility men. The probable umpires will be Lester Herter at the plate, Harry Hunter for first and second bases, A. Jenkins at third and Orlan Egloff as extra.

From Port Huron to Wyandotte, 84 liveries having more than 1,300 boats available to sport fishermen line the shores of the St. Clair and Detroit rivers and Lake St. Clair.

James Garwood of Montague postponed contributing two old tires used as dock bumpers to the scrap rubber campaign when he found an adult bullhead and brood of little ones in each. Uncle Sam will get them later, when the young fish no longer need the shelter.

### Mothers To Form Service Club

#### Program To Aid Men In Armed Forces

The Mothers-of-Men-in-Service organization is forming units of interested mothers and it is planned to organize a unit in Plymouth. The program of activities includes cooperation with the civilian defense activities, establishment of information centers for lists of homes where those in uniform may find free lodging and meals, evacuation programs in rural communities, operation of community canteens in cities near service bases and correspondence to men in service who have no families.

Mothers of men in service who are interested in forming a local unit are asked to call Mrs. Charles Hewer, 527-J, or Mrs. Robert Archer, 437. A notice of an organization meeting will be announced later. Both of these mothers have sons in the service. Richard Hewer is in radio school at Scott Field, Illinois; Loren (Bud) W. morning, according to John R. MacLachlan, manager for the company.

This is the second time in less than two years the company has been required to expand or rearrange its central office facilities to keep pace with the growth of the community. Only the fact that the work was increased and well underway before the war placed restrictions on materials and equipment made it possible for the company to go ahead on this particular project, it was stated.

The number of telephones in service in the exchange has doubled during that period. In November, 1940, there were 410 telephones in service in Livonia. Today, there are about 820, including an increase of more than 160 since the first of this year.

In view of the rearrangement of the system, some telephone number changes will be required, MacLachlan said. Present numbers that do not begin with the digit "2" will be affected. Accordingly, a new directory will be issued.

Party-line users will dial "7" to obtain the numbers of other parties on their particular lines. MacLachlan added, pointing out that information with respect to the party-line numbering system is contained in the new directory.

### LITTLE STORIES FOR BEDTIME

by Thornton W. Burgess

### THE MERRY LITTLE BREEZES WORK HARD

THE Merry Little Breezes almost shouted aloud with delight when they saw Farmer Brown's Boy drop Grandfather Frog to feel for his handkerchief and wipe out the dust which they had thrown in his eyes. Then he had to climb the fence and chase his hat through the garden. They would let him almost get his hands on it and then just as he thought that he surely had it they would snatch it away. It was great fun for the Merry Little Breezes. But they were not doing it for fun. No, indeed, they were not doing it

he had once set Blacky the Crow free from a snare. A fifth remembered what sharp teeth Happy Jack Squirrel has and hurried over to the Green Forest to look for him. A sixth started straight for the Smiling Pool to tell Jerry Muskrat. And every one of them raced as fast as he could.

All this time Grandfather Frog was without hope. Yes, sir, poor old Grandfather Frog was wholly in despair. You see, he didn't know what the Merry Little Breezes were trying to do and he was so frightened and confused that he couldn't think. When Farmer Brown's Boy dropped him he lay for a few minutes right where he fell. Then right close at hand he saw an old board, and without really thinking he tried to get to it, for there looked as if there might be room for him to hide under it. It was hard work, for you know his long hind legs, which he uses for jumping, were tied together. The best he could do was to crawl and wriggle and pull himself along. Just as Farmer Brown's Boy started to climb the fence back into the Long Lane, his hat in his hand, Grandfather Frog reached the old board and crawled under it.

Now when the Merry Little Breezes had thrown the dust in Farmer Brown's Boy's face and snatched his hat he had dropped Grandfather Frog in such a hurry that he didn't notice just where he did drop him, so now he didn't know the exact place to look for him. But he knew pretty near, and he hadn't the least doubt but that he would find him. He had just started to look when the dinner horn sounded. Farmer Brown's Boy hesitated. He was hungry. If he was late he might lose his dinner. He could come back later to look for Grandfather Frog, for with his legs tied Grandfather Frog couldn't get very far. So with a last look to make sure of the place Farmer Brown's Boy started for the house.

If the Merry Little Breezes had known this they would have felt ever so much better. But they didn't. So they hurried as fast as ever they could to find Grandfather Frog's friends, and worked until they were almost too tired to move, for it seemed as if every single one of Grandfather Frog's friends had taken that particular day to go away from home. So while Farmer Brown's Boy ate his dinner, and Grandfather Frog lay hiding under the old board in the Long Lane, the Merry Little Breezes did their best to find help for him.

### Books At Library On War Problems

#### Offer Analysis Of Military Strategy

The Plymouth library has received several new books which offer readers a better understanding of the war problem. Mrs. Ada Murray, librarian, will obtain these books upon request. The list includes "Action on

All Fronts," by Ralph Ingersoll, editor of the Marshall Field paper, P.M. in New York. The book includes interesting chapters on airplanes and tank warfare. "Defense Will Not Win the War," by W. F. Kernan, presents arguments that sea power is no longer decisive without land power to back it, defensive land power is doomed and that we must take the offensive somewhere in Europe, preferably in Italy.

"The Soviets Expected It," by Anna Louise Strong, is a popularly written resume of Russia's in-

ternational and domestic policies during the years just preceding Hitler's attack in June, 1941. "Victory in the Pacific," by Alexander Kirally, presents an analysis of the underlying reasons for Japan's yet unbroken chain of conquests and is termed "one of the most exhaustive and convincing books that has yet appeared."

Other books dealing with the war include "Sea Power in Conflict," by Paul Schubert, an interpretation of the new sea power; "Destiny of Sea Power," by J. P. Cranwell; "How Japan Plans to Win," by Kinooki Matsuo, a translation of the propaganda book published in Japan for the purpose of arousing Japanese sentiment against the United States, and "Russia and Japan," by M. G. Hindus, who believes that Russia and Japan will be at war either before or after the present conflict is over.

**FIRST CHURCH OF CHRIST Scientist**, Sunday morning service, 10:30. Sunday school at 11:30. Pupils recruited up to the age of 20 years. Wednesday evening testimony service 8:00.

"Life" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, July 19. The Golden Text (John 5:26) is: "As the Father hath life in himself; so hath he given to the Son to have life in himself." Among the Bible citations in this passage (I John 1:15): "This then is the message which we have heard of him, and declare unto you, that God is light, and in him is no darkness at all." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 289): "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I AM, the Being who was and is and shall be, whom nothing can erase."

**METHODIST AND PRESBYTERIAN churches**.—Another of the united worship services will be held in the Methodist church next Sunday at 11 a.m. The pastor and choir of the Presbyterian church will lead in this service. 10:30 Pupils recruited up to the age of 20 years. There will be the usual cooperative dinner and a picnic program. Members and friends of these churches are asked to give sympathetic support to Plymouth's drive for China Relief.

**CALVARY BAPTIST CHURCH**, Holbrook and Hardinberg, Lynn B. Stout, pastor. You are invited to worship at Calvary church next Lord's Day. ## ANNUAL REPORT of School District No. 1 Fr. Plymouth and Northville Townships

Annual meeting of School District No. 1 Fractional, Townships of Plymouth and Northville, Wayne County, Michigan, held on the 8th day of June, 1942.

The meeting was called to order at 8:00 P.M. by President Fischer.

The minutes of the Annual Meeting of June 9, 1941, were read and approved and ordered placed on file.

A financial statement was submitted to the meeting, consisting of a statement of receipts and expenditures of the School District for the period July 1, 1941 to May 31, 1942, inclusive, and a statement of fund balances and bank balances as of May 31, 1942. This statement was discussed at length, after which it was moved by Mr. Strong, seconded by Mr. Huber, and carried unanimously, that said statement be accepted and placed in the minutes.

The next matter considered was the matter of salaries for members of the School Board.

Mr. Glen Davis moved as follows:

I move that the Plymouth School District pay an annual salary of \$75.00 to each member of the Board of Education, and that the Secretary of the Board of Education be paid an additional \$50.00 each year. Said salaries are to be paid at the end of each fiscal year. Also that the Board of Education receive two (2) tickets to the various School Banquets and School Plays, the cost of these tickets to be deducted from the salaries of the School Board Members. Full salary is to be paid to each Board Member for 75 percent attendance to all regular and special School Board Meetings. Otherwise, \$4.00 shall be deducted for each absence from a regular or special School Board Meeting, which absence is over the minimum.

This motion was seconded by Mr. Huber.

It was then moved by Mrs. Lucille Bennett, seconded by Mrs. Marguerite Olsaver, and carried unanimously, that the voting on this motion be by ballot.

It was then moved by Mrs. Ruth Whipple, seconded by Mr. Robert Jolliffe, and carried, that the motion be divided into three parts, as follows:

Part 1. That the Plymouth School District pay an annual salary of \$75.00 to each member of the Board of Education, and that the Secretary of the Board of Education be paid an additional \$50.00 each year. Said salaries are to be paid at the end of each fiscal year.

Part 2. That the Board of Education receive two (2) tickets to the various School Banquets and School Plays, the cost of these tickets to be deducted from the salaries of the School Board Members.

Part 3. Full salary is to be paid to each Board Member for 75 percent attendance to all regular and special School Board Meetings. Otherwise, \$4.00 shall be deducted for each absence from a regular or special School Board Meeting, which absence is over the minimum.

It was then moved by Mrs. Ruth Whipple, seconded by Mr. R. R. Pursell, that the following motion be substituted for Part 1 of the Davis motion:

That each member of the Board of Education be paid \$5.00 for each meeting attended, with a maximum of 15 meetings per school year.

The vote on this motion was by ballot, and the motion carried, the vote being 19 for the motion and 9 against.

A vote was then taken by ballot on part 2 of the Davis motion, and the motion was defeated, the vote being 26 against the motion and 3 for the motion.

A vote was then taken by ballot on part 3 of the Davis motion, and the motion was defeated, 26 votes being cast against the motion and none for the motion.

It was then moved by Mr. Huber and seconded by Mr. Lature, that the Secretary of the Board of Education receive an additional \$50.00 per school year.

It was moved by Mr. Pursell, seconded by Mrs. Strong, that the vote on this motion be by ballot.

A ballot was taken, and the motion carried, there being 27 votes cast in favor of the motion, and 1 vote cast against the motion.

It was then moved by Mr. Huber, seconded by Mrs. Strong, and carried unanimously, that the salary of the present Secretary of the Board be continued from January 1, 1942, to June 30, 1942, inclusive.

The Secretary, at the direction of the President, then announced the result of the school election held on this date, said result being as follows:

Vote for School Trustees, 3-year period ending June 30, 1945, two Trustees to be elected:

Total Votes Cast ..... 234  
George S. Burr received ..... 127 votes  
Harold J. Brisbois received ..... 171 votes  
Howard Stark received ..... 143 votes

Vote on transfer of real estate to City of Plymouth for alley widening purposes:

In favor of the proposal ..... 191  
Against the proposal ..... 17

It was then moved by Mr. Huber, seconded by Mrs. Burr, and carried, that the meeting be adjourned.

Mrs. R. C. Hinds, of Jonesboro, Arkansas, who is visiting her granddaughter, Mrs. Carl Groth, and family, was honored with a dinner at Rotunda Inn, Thursday of last week, in celebration of her 80th birthday anniversary.

### THOUGHT FOR FOOD

TO 1942 BRIDES TRADITIONALLY, burning the biscuits is the first step toward learning to cook, but brides of to-day must be more practical. Why bake biscuits the first day anyway? They know that there's no excuse for badly cooked food, especially now that it's downright unhygienic to waste even so much as a lettuce leaf, and even in the tiny alcoves landlords so flatteringly refer to as kitchens, it is possible to cook simple, well balanced meals that would rate A-1 even with the National Nutrition Program.

So, even if your particular Johnny has already gone marching off, he'll be coming home with a big Army appetite, and you'd better look to your cooking, or he'll wish he'd married the mess sergeant.

### Take It From Us

Plan menus BEFORE you shop, then shop carefully; have a definite reason for purchasing each item.

Be sure you have cooking instructions that explain how to do everything but turn on the heat.

Follow recipes faithfully. Assemble ingredients before you start mixing.

If you have trouble getting all the meat finished at one time, make a schedule. Better set the table early.

Cook a few simple foods well, rather than attempting a complicated banquet.

**BUTTERSCOTCH-FILLED CAKE**  
1 package butterscotch pudding  
1 pint milk, fresh or diluted evaporated  
1 angel food cake  
1/2 pint cream, whipped  
2 ounces Brazil nuts, if desired, sliced crosswise

Make pudding according to directions on package. Cool. Cut angel cake in half crosswise, making two layers. Spread pudding on lower layer. Replace top. Spread top and sides with whipped cream. Sprinkle with nuts. Yield: 12 servings.

### WE'RE SORRY

Plymouth always regrets to have any of its good citizens move away from this progressive little city. That's why we are sorry to read the announcement of the removal of Stuart Dubee of the State Highway department from this city to Lansing. During the time that Mr. and Mrs. Dubee have resided in Plymouth, both have been active in community affairs and both have won for themselves many warm friends. Mr. Dubee has served as president of the Plymouth University of Michigan club and has been active in numerous Rotary club affairs, especially in its charitable activities. To his everlasting credit it can be stated that he has kept strictly out of politics. In fact, no one ever associated with the Plymouth office of the department has ever seen fit to violate in the slightest degree the civil service regulations pertaining to politics. The Plymouth Mail regrets their departure but wishes them well in their new location. The country is at war and we must expect many more dislocations of this type—many, many more.

### BRUSHING ASIDE THE LAW

The efforts of a group of "constitutional" attorneys to create the impression that a circuit judge of Michigan has a right to become a candidate for the United States Senate because the position happens to be a federal public office, is entirely beside the point at issue.

The constitution of Michigan says a circuit judge shall NOT become a candidate for any other than a judicial office while serving as circuit judge, or for one year thereafter.

The same constitution requires a circuit judge to take an oath of office that he will SUPPORT not only the constitution of the United States, but the constitution of the state of Michigan.

In other words, when a circuit judge takes the oath of office, he enters into a contract with the people of Michigan NOT to become a candidate for ANY political office, other than that of the judiciary. When a circuit judge becomes a candidate for any office, there is no question but what he violates the contract he has made with the people of the state.

The recital of decisions in other states about the election of judges to other offices has absolutely no bearing upon the Michigan situation. Here we require our circuit judges to give an oath that they will seek no other office while on the bench. They are the ONLY officials in the Michigan government who are required to declare that they will seek no other office while serving in a public position.

The American Bar Association, an organization composed of practicing attorneys and judges of the United States, which creates and endeavors to maintain ethical standards and practices among the attorneys of Michigan and the nation, defines its rules pertaining to the conduct of circuit judges in Canon 30 of Judicial Ethics in the following language:

"While holding a judicial position, he (the judge) shall not become an active candidate either in a party primary or a general election for any other office than a judicial office. If a judge should decide to become a candidate he should resign in order that IT CANNOT BE SAID HE IS USING THE POWER AND PRESTIGE of his judicial position to promote his own candidacy or the success of his party."

The following Detroit circuit judges are members of the American Bar Association: Sherman D. Callender, Theodore Richter, Joseph A. Moynihan, Clyde I. Webster, Harry B. Keiden, Ira W. Jayne, Arthur Webster, DeWitt H. Merriam, Homer Ferguson, Robert M. Toms, and Lester S. Moll.

The fact that only one circuit judge in the entire history of Michigan saw fit to brush aside the constitutional ban on judges running for political office, does not constitute a good reason why some other judge should violate his oath of office as well as his pledge of ethics to the American Bar Association.

### RAMBLING AROUND

With Prominent Michigan Editors  
Their Views About Public Problems and Issues

#### IT'S ANTI-AMERICA!

Inasmuch as there was a threat of a strike of the auto ferry and dock laborers of the State Highway Department at St. Ignace and Mackinaw City to tie up traffic at the Straits on the Fourth of July, at a time most embarrassing to the Highway Department and harmful to that part of Michigan from which those dockmen and boatmen are gathered, a strike for more money for workmen that are already receiving more money than they ever received before for the kind of an easy job they are now engaged in, brings to one's mind the thought that there is an irritant and a bold scheme on the part of some agency to emphasize and encourage the importance of strikes as a means of tying up state and governmental affairs generally. We don't believe this ferry strike idea originated in the minds of the men favored with those jobs, an outside agency is back of it all, and maybe the F.B.I. should be turned loose on that problem to ascertain its origin and punish the authors. Cheboygan and vicinity boasts a lot of men in the employ of the state highway department in the operation of those ferries. Those men do not treat those jobs lightly, and we would be ashamed to learn any of them had any part whatever in this threat. We don't believe they would turn to bite the hand that feeds them.—Al Weber in The Cheboygan Observer.

#### PROMISES EVERYTHING.

You can usually guess how badly a man wants an office by the things he will promise in order to get votes. One man who wants to be a United States Senator has pledged himself to stand for tires for everybody, \$100 per month for every man in the armed service, to fight for labor, a square deal for the Townsend plan, save the little business man, protect the tourist industry, and a farm program based on the

ther. Under the German and Russian systems everyone is expected to spy upon everyone else. Thousands have faced firing squads because brother has denounced brother. This is not Nazi Germany nor Communist Russia. We still have officers under oath to enforce the laws. We still have courts where persons who consider themselves hurt may seek legal redress. It has not yet been shown that there is any considerable percentage of merchants who are not doing their level best to live up to the ceiling price law, according to the various interpretations made by government officials. Certainly in America today there are things to do that are of far greater importance than running around the country trying to find some infraction of a vague law so that some hapless retailer can be held up as a criminal. Our fighting talents should be used against our enemies, not used up between business men and their customers here at home. Sniping and tattling and spreading of rumors and gossip are certain to break down morale.—Nelson Brown in The Ingham County News.

## 25 Years Ago

In Plymouth and Vicinity—Interesting News of Days Gone By Taken From The Plymouth Mail Files

There was a large attendance at the lawn social Tuesday evening, given for the Plymouth Presbyterian church, at the home of Mrs. Charles Barnes on Plymouth road. In spite of the inclement weather, fully two hundred people were present, many attending from Plymouth.

A quiet wedding was solemnized last Saturday evening at the home of Mrs. C. J. Hamilton on Depot street, when her niece, Miss Bessie Hood, of this place, was united in marriage to Dr. Henry S. Davis of Cincinnati, Ohio. Rev. Karl P. Miller, pastor of the First Presbyterian church, performed the ceremony in the presence of only the immediate families. The bride was becomingly gowned in a dark blue tulle traveling suit and was unattended. She was given in marriage by her brother, Arthur Hood. After the ceremony, dainty refreshments were served and later the happy couple left for Detroit enroute for a two weeks' northern trip to Mackinac and Petoskey. Mrs. Davis is one of Plymouth's well known and popular young ladies and is a musician of ability. The bridegroom is a practicing young dentist in Cincinnati and is also assistant professor of prosthetic dentistry at the Ohio college of Dental Surgery. They have the best wishes of their Plymouth friends for a happy married life.

Friday, July 6, the members of the class of 1914 of the Plymouth high school motored to Walled Lake where they held their class reunion. Besides the usual picnic dinner, they enjoyed roasting weenies and marshmallows. Miss Mildred Butler was chosen secretary of the class for another year.

About 50 ladies attended the thimble party given by the Lutheran Ladies' Aid society at the home of Mrs. Henry Fisher on Holbrook avenue last Wednesday afternoon. Ice cream and cake were served.

A "Hillmer reunion" was held on Louis Hillmer's lawn Wednesday, July 4. A potluck picnic was spread at noon. The following 22 were present: Mrs. Richard Benton, son and daughter, George and Virginia of Los Angeles, California; Mr. and Mrs. Godfrey Hillmer and Mr. and Mrs. George Hillmer of Detroit; Mrs. Karl S. Hillmer and son and daughter of North Detroit; Mr. and Mrs. Karl W. Hillmer, A. N. Brown, William Hillmer, Mr. and Mrs. Charles Olds and daughter, Hilda Smye, Mr. and Mrs. Louis Hillmer, sons Max and Davis and daughter, Gertrude.

John Patterson has purchased four houses of the Daisy Manufacturing company and is moving them onto the lots purchased from William Waterman on Depot street.

Mr. and Mrs. Ben Blunk and little daughter, Madeline; Mr. and Mrs. Merle Rorabacher, Miss Mabel and Master Byron Becker, Mr. and Mrs. Leroy Jewell; Paul Becker and Miss Elizabeth Olm motored to Fenton Sunday, visiting at Mr. and Mrs. Fred Hix's and Miss Theda Hix's and calling upon Mr. and Mrs. Voyte Becker.

What changes do I notice here from year to year? The chief one—and this applies likewise to thousands of other cities—is the lack of enterprise. In fact, this was evident before the present war. The truth is that the money which was formerly risked in developing new industries has, for the past ten years, been needed to pay new taxes. This is a very sad fact which must be corrected if cities like Gloucester are to thrive again.

Increased taxes have not cut living expenses but have come wholly out of money which heretofore went into new buildings, new factories, new ships, and other investments. This is the real reason for the unemployment which preceded the War

The way chain stores have supplanted the local merchants is very noticeable. Moreover, the successful independent stores are mostly owned by Hebrews, Greeks, and Italians. This is no criticism of these races—in fact, it is to their credit. They have been willing to work harder and save money while the native people could not stand the gaff. These new races, moreover, are rightly having large families while the descendants of the old stock seem content with only one child or even none.

"What has all this to do with business after the war?" you ask. Let me tell you. We can lick the Germans and Japanese during the war—but can we after the war? We can even disarm them; but this will not prevent them from working harder and longer than we do. This latter is what will count most after the war. We certainly will lose in the end unless we again encourage enterprise by reducing taxes, curbing labor unions, and teaching our children to do what they don't want to do when they don't want to do it.

The various New Deal programs of price-fixing, rationing, bonuses, pensions, short hours, double-time wages, leaf raking, free entertainment, food stamps, and raising taxes instead of babies might be okay if we were the only nation; but we are not. Every American and Canadian citizen must—after the war—sell its labor and its products in new world markets.

Some day we shall have tremendous competition from the people of Europe, Asia, and Africa. To these people, President Roosevelt has promised "freedom from fear and want." No tariff can then be high enough to keep out the products of our Allies,—the English, Dutch, Russians, and Chinese—let alone the products of Germany, France, Italy and Japan. For a few years after the War, while Europe is reorganizing, business should be good; but only a return to real religion, hard work, longer hours, and free enterprise will prevent a later depression of tremendous magnitude.

Halting the use of tin in the production of bottle caps saved enough material to make 1,000,000 food cans; the same amount of tin would solder the electrical connections, bushings and bearings of 90,910 medium tanks; or it would do likewise for 300,000 heavy bombers.

### Legion Group Will Meet Friday Evening

Delegates from the Boy's and Girl's State meetings will be guests at a joint supper meeting of the Myron H. Beals post and auxiliary of the American Legion Friday evening, July 17 at 6:30 o'clock in the Legion hall at Newburg. Meat, potatoes and refreshments will be served and the balance of the service will be potluck. Mrs. William Keefer and Mrs. Douglas Elliott are co-chairmen.

### U. S. Seeks Attorneys, Naval Architects

To secure additional naval architects and marine engineers for positions in the Navy Department and Maritime Commission, the U. S. Civil Service commission has announced modified requirements, and the commission's board of legal examiners also announces its first attorney examination.

Written examinations will be given for the attorney positions which pay \$2,000 to \$3,200 a year and are open to members of the bar who file applications at the local postoffice before August 21. Salaries for naval architects and marine engineers range from \$2,600 to \$5,600 a year and no written tests will be given. Applicants will be judged on the basis of their educational qualifications and experience. Full information for these positions may be obtained from Warren S. Perkins, secretary of the Civil Service examining board at the Plymouth postoffice.

### Like the cloud with the silver lining—

## WHITE LINING!

Like a thirsty sponge soaking up water, a dark lamp shade absorbs light. The light from the bulb is "hidden under a bushel" instead of being thrown into the room where it can do some good. One way to correct this fault—and still make use of the offending shade—is to fit the shade with a white lining. This reflects more light into the room and may increase the efficiency of your lamp as much as 50 per cent.

Another way to get all the light you pay for is to clean your bulbs and shades and fixtures frequently. Dust is insidious: It collects under shades, on reflector bowls, even inside enclosed glass fixtures, and cuts down the amount of light 10, 20, 30 per cent or more. Wipe off lamp bulbs, reflectors, etc., with a damp cloth, and dust your lamp shades inside and out.

Use the right size bulbs in your lamps and fixtures. Don't expect a small bulb to do a good lighting job when a larger bulb is needed. The light will be inadequate. Don't squeeze too big a bulb into a small lamp, either. . . the glaring light and harsh shadows are equally harmful. Try moving your lamps closer to the point of use, so that they shed their light more directly on your work.

White linings for shades are only one type of "light adaptor" equipment that makes it possible to modernize your lamps and fixtures easily and at low cost. There are many others in a variety of styles, all moderately priced . . . available at department stores, lighting fixture stores, and electrical dealers. (We do not sell this equipment.) ## Roger Babson Says . . .

New Deal Ideas Are America's Greatest Threat

Gloucester, Mass., July 17.—For the past two weeks I have been visiting here in the city where I was brought up. In fact, I am writing this column in the house in which I was born and on the lot of land upon which the first Babson squatted. She was Isabel Babson who landed here in 1637. Let me add that one of my ancestors who lived in this twelve-room house had 21 children. He had a real hedge against both inflation and depression!

What changes do I notice here from year to year? The chief one—and this applies likewise to thousands of other cities—is the lack of enterprise. In fact, this was evident before the present war. The truth is that the money which was formerly risked in developing new industries has, for the past ten years, been needed to pay new taxes. This is a very sad fact which must be corrected if cities like Gloucester are to thrive again.

Increased taxes have not cut living expenses but have come wholly out of money which heretofore went into new buildings, new factories, new ships, and other investments. This is the real reason for the unemployment which preceded the War

and which is bound to come again, some time after the War, unless the taxes are greatly reduced.
