What I Think and
Have a Right to Say
By *Eaton R. Eaton*

LUXURIES FOR EVERYBODY.

We heard a big shot labor leader—one of those kind of "leaders" who never toiled or spinned at any trade—say the other day over at Ann Arbor that one of the aims of the organization he is directing is to provide the good things of life for everybody. We've long been for that. But as we see the picture, there is some "educating" needed outside of the political world. How is everybody going to have everything everybody wants when those who are paid to produce the things that people want, just refuse to produce the things that people want?

We know of a factory where the production of a certain badly needed war essential amounted to over 100 per day, when the plant had less than 5,000 employees. In some three years with over 8000 workers now on the payroll, that production has DECREASED to less than 50 per day.

As we see it, if that same policy is pursued in the years that will follow the war, there will eventually be nothing for anybody to enjoy. It's time for some of these "leaders" to wake up!

WASHINGTON AND THANKSGIVING.

In the darkest hour of the American Revolution, at Valley Forge, Gen. George Washington made December 17, 1777, Thanksgiving day by general order. That spirit eventually broke the American power of the British crown. In the Presidency, Washington proclaimed the celebration, though his example was followed only occasionally by other Presidents and the states had no uniform rule of observance. It was a growth. Notable and significant of the meaning is the fact that in 1864, with the nation yet engulfed in the Civil war, exhausted, bankrupt, President Lincoln issued the Thanksgiving proclamation which since has been repeated year after year by succeeding Presidents. The South long repulsed the feast as a Puritanical, even, therefore, a Satanical invention; yet for half a century the South, too, has known the spirit and has joined to make the day one of national participation.

THANKSGIVING THANKS!

For all the hands that wrought for us,
For all the minds that thought for us,
For all the men who looked ahead
And saw us living in their stead;
For kindly hands that sow for us
And shining fields that grow for us,
For all the thoughtfulness of toil
And all the benisons of soil,
We thank Thee, God—and may we live
To dream and hope, to work and give,
With eyes beyond and hearts to bless
A world now distressed.

GO TO THE BOTTOM.

According to newspaper dispatches in Detroit papers, the grand jury inquiry in Lansing has not been lagging. It appears that it was only crowded off the first pages by the national elections.

We are glad that its work has not been terminated. So far it has produced results, and the public hopes that it will continue to get results.

About the most miserable type of a public official is the one who will sell his soul out for a few paucity dollars.

We have never thought that a jail sentence provided the proper type of punishment for a public grafter. Coupled with it should be not only the confinement, but a restoration of the old Puritan system whereby the guilty could be placed for a portion of each day in stocks, so passersby might behold and see what type of scoundrels we have who are willing to sell all that is worthwhile in life for a mere mess of pottage.

If the appropriation which has been made by the legislature is not sufficient to provide Prosecutor Sigler and Judge Carr with sufficient funds to carry on their work until the slate has been cleaned, we are very much in favor of adding to it all of the money they may need. It is high time that Lansing be given a good house-cleaning, and it appears we have the proper officials to do the job.

LEGISLATIVE SESSIONS.

We note where some of the hold-over members of the legislature are not too enthusiastic about the split session of the legislature inaugurated two years ago by Governor Kelly. They say they can't see where it proved of any benefit to anybody.

As we pointed out two years ago, the only thing a short session of the legislature does is to give to the executive office almost complete control over all legislation. At a short regular session, about the only matters that can be taken care of are the appropriation bills and such measures as the Governor might present to the legislature. At the second session, only such measures as the Governor cares to submit to the legislature, can be acted upon.

In other words, a "split" session of the state legislature benefits no one. It does enable a Governor to control nearly all legislation.

The forth coming legislature should end this divided session business as soon as it meets.

SOLVING THE HELP PROBLEM.

(Exchange.)

If you have been having any trouble getting sufficient help for your plant or office the chances are two to one that a "Help Wanted" ad like this one slipped into the next edition of your local paper will solve all your problems (and even find us standing in line ready to sign up).

If you are between the ages of 3 and 69, have seen a school, can count up to 5, or thereabouts, are either male or female, we have a position for you.

Name your own salary, hours, days off and the length of vacation you'd like.

Ice cream, cake and sandwiches are served every hour, on the hour. After six consecutive days with us, you automatically become eligible for the retirement pension plan—a program wherein you receive each month, your full salary plus 17% accrued interest for the rest of your life. Every employee is, of course, insured to the amount of \$50,000.00.

Accident, hospital, medical, dental orthopedic and other personal bills are taken care of by us, and for your convenience a swimming pool, shower baths, steam room, and gymnasium are maintained. Call us for an appointment at your leisure and we will take a cab to your home.

A SENATOR SPEAKS UP.

"Legislative action dividing the ballot, produced precisely opposite the result intended. . . Dewey suffered thereby. Obviously this was not intended by the sponsors of the TRICKY legislation. The coming legislature should restore, and early, the old style—Political TRICKS, as such and so intended, never pay." That is what State Senator Muri H. DeFoe in a recent issue of his Charlotte Republican-Tribune said. He knows what he is talking about.

The writer of this column long before the election, declared that the enactment of the bill dividing the state and national tickets was a miserable piece of legislation. We are glad to note the statement of Senator DeFoe. The measure is just what he said it is, TRICKY legislation.

Plymouth Soldier Being Honored Over In England Because His Squadron Of Fighting Men Leads In War Bond Drive—To Buy Own Bomber

Do you think that you are doing a whole lot for your country when you buy a \$25 war bond?

Do you think you are doing a whole lot when you buy a \$100 war bond?

Sometimes one feels that it is a sacrifice to dig up now and then the \$18.75 necessary to buy a \$25 bond.

A sacrifice to buy a war bond, did some one say?

Wait a minute! Do you know that Plymouth boys—and boys from other towns, cities and the farms, are not only bleeding, suffering and dying for our country—but that they are spending most of their meager army pay for war bond purchases?

Read the following news article recently sent to The Plymouth Mail from England about a Plymouth boy with an Eighth Air Force Bomber Squadron—read what he is doing in a United States war bond drive over there where these young men are living only from day to day, hour to hour.

It follows:
With the Victory Bond Thermometer registering \$75,000 pledged by the personnel at this Eighth Air Force bomber base and his men far in the lead, First Sergeant Gordon A. Moe, (left) 24, of Plymouth, Michigan, is shown watching as his squadron commander, Major Samuel Hale (center) 26, of Santa Monica, California, is congratulated by his group commander, Lieutenant Colonel Elbert Helton, of San Antonio, Texas. Sgt. Moe's squadron contributed over fifty percent of the funds that pushed the mercury on the Victory Thermometer to its present high level.

Not content with flying B-24 Liberators that have been blasting Hitler's armies and supply lines in occupied Europe, Sgt. Moe's squadron has outdistanced its rival squadrons in the group's bond drive to buy more Liberators. Ultimately the Eighth Air Force will buy a "victory squadron" consisting of all types of aircraft being flown in combat in the European Theater of Operations.

Sgt. Moe is the son of Mr. and Mrs. Martin Moe, of 299 Elizabeth Street, Plymouth.

Before entering the AAF in June 1941, he worked for the plant department of the Bell Telephone company in Plymouth. He is a 1938 graduate of Plymouth High School, where he played football, basketball, and tennis. He also attended Ypsilanti Teachers College.

Yes, OUR BOYS are bleeding, suffering, dying for our country—and they are buying war bonds, too. Did you buy yours today?

Christmas TB Seals Go On Sale Here This Week

Determined to exceed last year's record high in the sale of Christmas seals for the benefit of tuberculosis patients, Plymouth Women's club this week distributed among school children 160,000 seals.

Mrs. Katherine Hendersor, president of the club appointed a committee composed of Mrs. James Keyes and Mrs. Miller Ross, to see to it that seals were distributed to all of the schools within the city and the vicinity surrounding Plymouth.

Last year's sale reached the surprising total of \$1365. Mrs. Hendersor hopes that it will exceed \$1600, the Plymouth quota fixed for this year's drive.

Every penny raised through the sale of these Christmas TB seals goes into the fight for the control of tuberculosis, "the white man's plague."

Lieut. Col. Cass Hough Is Home

Lieut. Colonel Cass S. Hough, in America on a special mission for the 8th Army Air Force in England, arrived at his home in Plymouth Saturday for a brief stay. He was out of the city during the early part of the week but hoped to be back in Plymouth in time for Thanksgiving dinner. Unless his plans are changed, he hopes to be able to remain at his home here a good portion of next week.

Wins Commission In Uncle Sam's Air Forces

Mr. and Mrs. Sidney Strong and son, Edward, returned to Plymouth early this week after attending the graduating exercises of their son, Richard at Chanute Field last week end. Aviation Meteorological Cadet Strong was graduated in the class of 44-2 at Chanute and had the highest honors in his class. After the graduation exercises he was commissioned a second lieutenant in the United States Air Forces and will report back to Chanute after his visit here with his family to become an instructor and continue his research work.

Mr. and Mrs. Walter Benko will have, as their Thanksgiving week-end guests, the latter's sister, Mrs. W. K. Truitt, and young son, Philip, of Battle Creek. Mrs. Truitt and Philip are residing in Battle Creek for the duration, while Lieut. Truitt is serving overseas.

Enlarge Plant Here Of Allen Industries

Construction was started this week on a new 60x100 foot addition to the Plymouth plant of the Allen Industries. Builders hope to have the work finished before severe weather sets in.

The addition is on the northeast corner of the present structure and will provide a considerable new loading space as well as room for additional equipment.

The Allen Industries have been flooded with various war orders and the new room is badly needed to facilitate in the production of war materials.

The company up to the present time has taken no steps to prepare for after-the-war production, but as there is very little changing of equipment needed in order to go from war production to production of goods for civilian use, Manager Elmer Zuckerman is not anticipating any delay or lay-offs when "this time comes."

"As a matter of fact, we can make what changes are necessary almost over night," he stated yesterday.

The new addition is of brick and steel construction and complies with all city building requirements.

Purple Heart To Lawrence Pierce

From the American army headquarters in the European theatre of war came good news to Mrs. Walter White this week.

The first message said her son, Pfc. Lawrence I. Pierce, who was badly wounded by shrapnel on September 25 during the early days of the invasion in Germany, was making an excellent recovery.

The second message brought her the news that her son had been awarded the purple heart, and then the medal came to her in the mail.

Mrs. White, who resides on La-Salle road, just off Five Mile, says her son has been in the armed forces for more than three and a half years.

He apparently went into Europe on D-Day and has seen plenty of action. While it is not known, it is believed that he is now in a hospital somewhere in England.

STORES CLOSED THURSDAY

There will be a general observance of Thanksgiving in Plymouth Thursday of this week. Not only will the banks be closed but all of the stores plan to remain closed during the entire day. The drug stores will remain open for a brief time during the early forenoon, but it is expected that they will also be closed during the most part of the afternoon and evening.

'Stick With Me To The Finish!'

Plymouth Begins Its Sixth War Loan Drive This Week

As grim and as serious as American fighting lads who are crowding fanatic Nazi armies slowly and surely into final defeat, Plymouth's forces of Gallant women and school children this week took up the tremendously important task of disposing of \$490,000 worth of war bonds in this locality.

They are going to win their objective, just as surely as our fighting lads are going to crush both Germany and Japan.

But neither task is going to be easy.

"The 6th war loan drive is going to be the hardest," said State Chairman Frank Isbey the other day.

The crushing blow to be delivered against the Nazis is going to be the hardest, say reports from the battlefronts.

But Plymouth women under the leadership of general chairman Mrs. Walter Kelloff Sumner, are not at all daunted by the task they started out to accomplish this week.

Sure they are busy preparing for Thanksgiving—but what sort of a Thanksgiving would it be, ask these Gallant women, if this country couldn't provide the funds to buy the food, the ammunition, the medical supplies and the clothing to keep Plymouth boys fighting at the front?

For the canvas of the business district, a special retail committee has been set up. This drive will take place on Wednesday, November 29.

The postoffice and both banks are prepared to help in every way possible. Floyd Kehrl of the First National has hired an extra clerk to take care of the issuance of war bonds.

Supt. George A. Smith of the public schools states that the boys and girls have fully organized and already are selling bonds.

Early reports made to Mrs. Sumner from some of the workers are most encouraging, but it is going to be one of those campaigns where every one must be contacted, every one given an opportunity to buy an extra war bond.

The official workers—the Gallants of Plymouth, who are going to tramp the streets, ring the doorbells, invade the factories and button-hole every prospective war bond buyer have already started this drive. It's hard work, so give them every assistance you can when they call to see you.

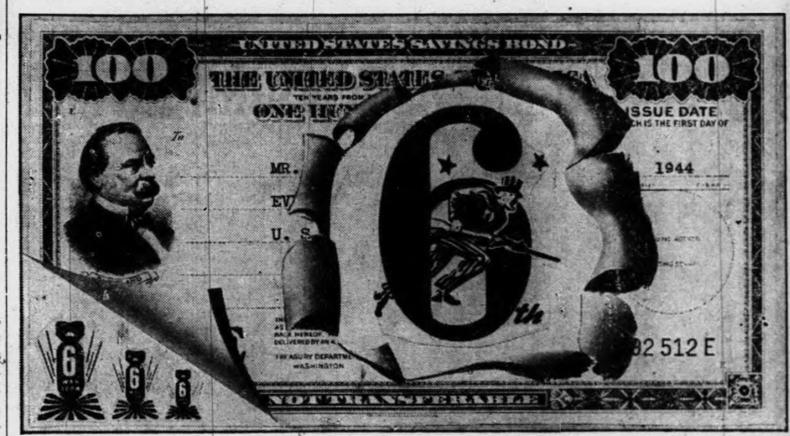

Here is the completed list of the specially organized Women Gallants of Plymouth who are determined to make the 6th war loan drive a tremendous success:

Precinct 1—Mrs. Murray G. O'Neil chairman; Mrs. Margy Hover, Mrs. C. C. Wiltse, Mrs. Dunbar Davis, Mrs. Wayne Roe, Mrs. Dewey Smith, Mrs. Ray Bachelder, Mrs. John Kordon, Mrs. Robert Archer, Mrs. William A. Bake, Jr., Miss Evelyn Schrader, Mrs. Harold Schryer, Mrs. Harold Williams, Mrs. Howard Marburger, Mrs. L. H. Reimann, Mrs. Fred Fearer, Mrs. J. Kenneth Greer.

Precinct 2—Mrs. Harold Jolliffe, chairman; Mrs. Fay Brown, Mrs. L. P. McGuire, Mrs. Roy Vershure, Mrs. Iva Bentley, Mrs. Dorothy Stimpson, Mrs. Walter Ebert, Mrs. Mary Polley, Mrs. Richard Moore, Mrs. Maud Bennett, Mrs. Ruth West.

Precinct 3—Mrs. Jack Tavel, chairman; Mrs. David S. Cell, Mrs. Howard Poppen, Mrs. R. A. Kirkpatrick, Mrs. Harvey Springer, Mrs. Harold Jousma, Mrs. Archie G. Shuffelt, Mrs. Harold Finlan, Mrs. Richard Olin, Mrs. Donald Munroe, Mrs. Vaughn Smith, Mrs. Eugene Benson, Mrs. Paul Groth, Mrs. Byron Champion, Mrs. Albert Groth, Mrs. Harold Curtis, Mrs. Ed-

Church Group First Buyer Of War Bonds In Plymouth's 6th Big Drive

To members of the League of St. John's Episcopal church goes the honor and distinction of being the first purchasers of war bonds in the present 6th war loan drive. The League has for some time been accumulating money for expenditures to be made after the war has been won. At a meeting late in November it was decided that it would be far better to buy war bonds with the money than to leave it lying idle in a bank. That's why the League is now the possessor of the first bonds sold in Plymouth in the 6th war loan drive.

Precinct 4—Mrs. Carlton Lewis, chairman; Mrs. George M. Chute, Mrs. Herbert G. Culver, Mrs. Milton Diedrick, Mrs. J. S. Donovan, Mrs. Olive Finton, Mrs. Kenneth Gust, Mrs. Jas. A. Keyes, Mrs. Clarence Lidgard, Mrs. Ralph J. Lorenz, Mrs. Bessie Lounsberry, Mrs. Lee Sackett.

Business Canvass—Date November 29th. Mrs. Bert Swadling, Mrs. Helen Farwell, C. B. Messmore, Mrs. James B. Robinson, Mrs. Roy S. Rogers, Mrs. E. D. Bolton, Mrs. Louis Truesdell, Mrs. John M. Henderson, Mrs. Russell Powell, Mrs. Myron Hughes, Mrs. Austin Stecker, Miss Marion Taylor, Mrs. Wm. V. Clarke.

Township District Number 1—Mrs. William A. Rose, Mrs. Albert Pint, Mrs. Art Blunk, Mrs. Ray Dodge, Mrs. W. Lickfeldt, Mrs. Margaret Wellbaum, Mrs. Jerry Jarvis, Mrs. Harry Hirzel.

Township District Number 2—Mrs. Wallace Laury, Mrs. L. Tebo, Mrs. Matthew Krump, Mrs. George Fisher, Mrs. James Norman, Mrs. Kreeger, Mrs. Fern Burgett.

Township District Number 3—Mrs. Robert D. Willoughby, Mrs. Carl Caplin, Mrs. Ross Gates, Mrs. Heon Ziegler.

Organizations—Navy Mothers and Professional and Business Women's club, Miss Elizabeth Sutherland, Miss Sarah Gayde.

American Legion Auxiliary, Myron Beals Post No. 32—Ruby Terry, Edna Lawson, Thelma Cushman, Gladys Ryder.

League of Women Voters—Mrs. Clarence Elliott.

Woman's Club—Mrs. John Henderson, Mrs. O. M. Valliquette, Mrs. Albert Pint, Mrs. Horace Thatcher.

Woman's National Home and Garden Association—Mrs. Earl Russell, Mrs. Earl Reh, Mrs. Wm. C. Hartman.

Daughters American Revolution—Mrs. H. W. Blomberg, Order Eastern Star—Mrs. Alfred L. Innis, Miss Bonnie Barger, Mrs. Milton Diedrick, Mrs. G. W. Baker, Mrs. Norman Petterson, Mrs. Mildred Smith, Mrs. Flora Rathburn, Mrs. Barbara Karnatz.

"Stick With Me to The Finish" ask the boys fighting in Europe and the far western Pacific. Plymouth can be counted upon to go the limit, there is no question about that.

School Concert December 21

The Christmas music concert which is to be held December 21 in the Plymouth high school auditorium is to be presented by the band, mixed chorus and double quartet under the direction of Clarence A. Luchtman, it has just been announced.

The chairmen and assistants in charge are as follows: general chairman, Robert Chute; stage design, Frank Hadley with the assistance of Dick Stisko, Sid Davison and Avery Penny; stage set up, Winnifred Bixler with the assistance of Freeman Hover, Lois Blankenhagen and Pauline Wilson; invitations, Jo Ann Renwick and Doris Dawson; publicity, Lois Bryan and Shirley Hush; ushers, Jean Matthews and Pauline Weidman; programs, Beatrice Hartman and Ann Hopkins; band set up, Bill Bateman, chairman; faculty advisor for chorus and band, Charlotte Eggleston.

Good Will Pays Big Dividends Asserts Mayor Corbett; P. M. Depot Example

"It pays to cooperate and show a little good will," stated Mayor Stanley Corbett the other day as he looked over the fine improvements being made by the Pere Marquette railway in this city.

"We have been trying to get this work done for years—and now the Pere Marquette comes to Plymouth and does much more than we had ever asked or expected. Possibly we can give Mr. Buzzard, our city attorney who is also one of the attorneys for the Pere Marquette, some of the thanks for all the work that is being done," he added.

"When it is all finished, Plymouth will have one of the finest and most modern depots for a city of this size in the state. The street improvement for automobile and pedestrian traffic is going to be of vast benefit, not only to those who use the railway facilities, but for residents in that part of the city. It surely pays to show a little good will and cooperation," asserted Mayor Corbett.

Prisoners Going To Eat Steer They Helped To Fatten For Thanksgiving

Nice, rich, brown braised beef, right off the quarters of a big steer raised and fattened on the alfalfa and corn on the farms of the Detroit House of Correction, will be the chief dish on Thanksgiving Day of several hundreds inmates at the nearby prison.

Not only will the transgressing men and women be given a great big piece of nice beef, but there will be mashed potatoes and brown gravy, with wax beans pickled and canned by inmates of the women's division, and cherry cobbler, too.

Of course there will be big slices of "home made" bread right out of the prison's ovens, and coffee, as well. Assistant Warden Conklin, who is acting as a sort of master of ceremonies for this Thanksgiving Day at the prison while Supt. Blake Gillis is in a hospital at Grand Rapids recovering from an operation, says the cherries were also canned at the prison.

In fact, says Mr. Conklin, there isn't a thing that is going to be served Thursday at the prison, except the coffee, that wasn't produced right on the prison farms.

Plymouth Growing By Leaps, Bounds Says City Mgr.; Water Demand Proof

Is Plymouth growing? There is no better way to get proof of the growth and development of a city than through the records of demands made upon its water supply.

City Manager Clarence Elliott stated yesterday that the city's income from its water department for the period covering the month of September was \$5,126.57. For the same month last year the income for this period was \$4,617.06.

"There has been a constant increase every month, almost without exception for the past two years. From the way things look, I am sure that the demand on the city's water supply is going to keep growing. It is fortunate that we have a new well of unlimited supply," said Mr. Elliott, yesterday.

Parents Hope Falling Parachute Carried Their Son Safely To Earth

Mr. and Mrs. Andrew Tonkovich of 39101 Amrheim road, and a brother, Peter, of York street, are hoping that one of the three parachutes sent to fall from a badly damaged B-17 that was damaged by German flak over Blechhammer, Germany, carried Lieut. George Tonkovich to safety somewhere in Germany.

The young Plymouth officer was reported missing in action some weeks ago. A few days ago his parents received a letter from his commanding officer in which he stated that American flyers in other planes saw three parachutes drop from the B-17 of which Lieut. Tonkovich was in charge. The fate of the big bomber is not known.

In addition to advising his parents that there is a possibility that Lieut. Tonkovich might have been saved, the commander told of air medals that had been awarded to the Plymouth officer for heroic services in various raids over enemy territory.

Mrs. Bert Swadling Makes Quota Of War Bond Sales In Few Hours 1st Day

It didn't take Mrs. Bert Swadling long to sell her \$1,000 quota of war bonds that she set out to do in the 6th war bond campaign. Before noon Monday she called General Chairman Mrs. Walter Sumner and advised Mrs. Sumner that she had sold her quota of war bonds before 12 o'clock.

Having made her quota, she is now out to see if she cannot sell another \$1,000 worth of war bonds before the present week is over. Maybe before the campaign is over, she will sell many thousands of dollars worth of war bonds. In the Third war bond drive, Mrs. Swadling was presented with a special treasury department award for her outstanding work in that drive.

But she has more reasons than ever now to put forth a special effort to sell war bonds. Bill, the only son of the Swadlings, has been missing in action in France for a number of weeks.

Weddings

Valrance - Lumsden.

Jean Lorraine Lumsden, daughter of Mr. and Mrs. Alexander Lumsden, of Pleasant Ridge, became the bride of James Richard Valrance, son of Mr. and Mrs. H. T. Valrance, of Rosedale Gardens, at 8 o'clock Saturday evening in First Presbyterian church of Pleasant Ridge. Rev. Robert S. Steen performed the ceremony. The bride, given in marriage by her father, wore a gown of simple elegance fashioned from gleaming white chrysanthemum-patterned brocade. The pointed bodice featured a rounded yoke of chiffon outlined with a border of the brocade and tight-fitting pointed sleeves. A long, circular train finished the very full skirt which was worn over a hooped petticoat. Her illusion veil fell

from a queen's coronet of crystal beads and she carried a shower bouquet of white roses and stephanitis.

The bride's sister, Nessa, served as maid of honor and wore pale green brocade. She wore matching ostrich tips tied with velvet ribbon in her hair and carried a muff of contrasting chrysanthemums.

The bridesmaids were Mrs. J. H. Doyle, of Florida, and Mrs. J. J. Richardson, of Detroit, sisters of the bride; and Mrs. R. O. Straight and Mrs. R. D. Carrier. They were gowned alike in chrysanthemum patterned brocade, following the motif of the bride's gown. Mrs. Doyle and Mrs. Richardson were in silver green and Mrs. Straight and Mrs. Carrier in pale gold. They wore matching ostrich tips tied with velvet ribbon in their hair and also carried muffs of contrasting chrysanthemums.

George Valrance served as his brother's best man, with James Richardson, Jack Doyle, Richard Straight and Lieut. Robert Carrier seating the guests. Mrs. Lumsden chose for her daughter's wedding a blue-grey crepe with a matching hat and corsage of orchids. Mrs. Valrance wore purple crepe and fuchsia and a matching hat and orchids. A reception followed the ceremony in the home of the bride's parents. The newlyweds will live in Royal Oak. The bride is a graduate of Michigan State College and a member of Kappa Alpha Theta sorority. Mr. Val-

rance attended Michigan State College and Navy V-12 at Alma and is a member of Sigma Nu fraternity.

Reads Of Old Friends For First Time Since Last War Ended

Interesting, sometimes, what the mere publication of an ordinary news item will reveal. W. C. Roberts of the Roberts Coal company last week read a brief account in The Plymouth Mail of the election of new officers by the University Press club of Michigan at its recent meeting in Ann Arbor.

"It was a great surprise to me to read about Conrad Church, the new vice president of the organization," said Mr. Roberts. "That was the first time I had heard anything about him since we were discharged from the army. We served together in the last world war," said Mr. Roberts. "Church was captured by the Germans, when he got out in no-man's land. When German officers questioned him, they said they couldn't understand why Americans put such intelligent men in the army as just ordinary buck privates. Church was held in a German prison camp until the end of the war, and I didn't see him after that. The news item in The Plymouth Mail about his election as first vice president of the University Press Club of Michigan is the first I have heard about him since the

war ended," said Mr. Roberts yesterday.

Mr. Church has for a number of years been editor of The Pontiac Press.

"Home Sweet Home" . . . even back in the days when the kitchen pump was the symbol of domestic progress, home meant just as much then as it does in 1944.

But what a difference there is in today's modern home!

Today's modern home is heated automatically with dependable, clean, economical GAS HEAT. Gone is the drudgery of tending fires, shoveling fuel or handling ashes. There's no smoke, smudge or dirt.

Tasty, healthful meals are cooked in a modern cool, clean, fast automatic GAS RANGE. And hot water too provides more healthful living and less work. On tap 24 hours a day this service is provided by a dependable automatic GAS WATER HEATER.

True, your "Home Sweet Home" of today may not be any happier than the American home of fifty years ago, but it's a lot more comfortable, sanitary and convenient—thanks to modern GAS SERVICE. And when peace comes, new and improved GAS appliances will be available to make good living better.

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 26.

The Golden Text (Ecclesiastes 5:7) is: "In the multitude of dreams and many words, but fear thou God." Among the Bible citations in this passage (Romans 13:12): "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armor of light." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (306): "The parent of all human discord was the Adam-dream, the deep sleep, in which originated the delusion that life and intelligence proceeded from and passed into matter."

ST. JOHN'S EPISCOPAL CHURCH. Maple and S. Harvey Sts. Sunday morning services at church school, 9:45 a.m. Morning prayer with sermon, 11 a.m. The women of St. John's church will hold a bazaar on December 6th from 2 p.m. to 9 p.m. The Altar Guild will conduct a siltea. Rev. Francis Tetu, Rector.

P. Buraker of Detroit. Editor and publisher of the "Fundamental Fellowship." Beginning Thanksgiving Day, Nov. 23rd and continuing for 32 days through Christmas, the people of America and their boys and girls in

the armed forces in many parts of the world will be bound together by a spiritual link—as they daily read the same passages from the Bible—under a great program developed and directed by the American Bible Society and two national sponsoring groups—a committee of laymen and one of denominational presiding officers. For the next week the readings are Nov. 23, Psalm 105; Nov. 24th John 14; Nov. 25th Psalm 23; Nov. 26th Psalm 1; Nov. 27th Matt. 5; Nov. 28th Romans 8; Nov. 29th I Cor. 13. "Is it too much to hope that this period of Bible reading may help to increase general interest in His word and teachings?" asks the editor of the Michigan Farmer. Are you praying that it will?

A PRAYER

Across the world the sound of shells has ceased . . .
And quiet shrouds the battle-rubbed West . . .
The enemy has laid away his arms, and Death and Pain
are done in France.
But I go on . . . for I must fight and kill . . .
And work and sweat . . . and hide and run . . .
For here the enemy is very much alive . . .

His bullets still are made of lead . . .
Their angry whispers still foretell of sudden death
For me and others crouched in slime and mud . . .
The end for us is yet to come . . .
And so we pray to God to give us strength
To fight and win . . . without the waste of Time . . .
And with His Will . . . to see our home again.

The Sixth War Loan Drive is on. That means it's every American's job to buy at least an extra \$100 War Bond. Buy yours today.

They were taken in her European travels which includes some of the Holy Land. A rehearsal will also take place at this time after which dainty refreshments will be served.

Husband's Night Well Attended

The members and husbands of the Rosedale Gardens Women's club enjoyed a delightful program, Thursday evening when Arthur Sinclair, chalk artist entertained them with his clever drawings and amusing anecdotes. He brought the audience into the entertainment by personalizing his chalk sketches and then presenting them to the subject. With a few sweeps of the chalk the picture had assumed shape and individuality and there remained only the outlining of the figure to make the finished picture. From "Maizy Doats 'n' Dozey Doats 'n' Little Lamzy Divey" to "Gen" Valance enroute to the Masquerade Halloween night, the pictures received enthusiastic approval.

Preceding the entertainment a short business meeting was held to decide whether or not the Christmas musical program could be advanced to December 14th, the week following the book review instead of on December 21st, since Mr. Lauckner had a conflicting engagement on the latter date. It was decided by popular vote to advance the date to the 14th.

The next meeting of the Women's club will be on December 7th and will be a book review by Miss Neva Lovewell of Plymouth on the book "Roughly Speaking," by Louise Pierson.

Church To Show Sound Pictures

The new sound motion picture, "The Book for the World of Tomorrow," is to be shown at the Rosedale Gardens Presbyterian Church this evening, as part of the church's traditional Thanksgiving Eve service at 8 o'clock.

The picture, produced by the American Bible Society, represents a new departure in the making of educational and religious films. It was made with the cooperation of Warner Brothers, Metro-Goldwyn-Mayer, the Radio Corporation of America, and the Westinghouse Electric and Manufacturing company.

The film illustrates the importance of the Bible in our land and in many others, the devoted labors of many men by which the Book has come to us, and the thrilling story of the present-day spread of the world's best-seller.

To Install New Officers

The Wilcox Parent Teacher Association will hold their meeting at the Wilcox School on Grove road near Six Mile and Middlebelt on Monday, November 27th at 8 p.m. There will be installation of officers, and the dedication of the Honor Roll by Arthur Gregg, Junior Vice Commander, Dept. of Michigan and Past State Grand Commander Vandenburg of the Veterans of Foreign Wars.

A special invitation is extended to the parents of the boys in service from this district.

Consultant Visits Livonia Schools

Miss Ruth Ann Smith, reading consultant, spent two days working with the teachers of the Livonia Schools. During this time she taught primary and intermediate reading classes at the elementary schools of the township.

It is a help and inspiration for teachers to observe a specialist teach. Then, too, it is a satisfaction to observe objectively that current practices which teachers are using in regular class work are those used and approved by specialists in the field of reading. Discussions followed the teaching of each lesson.

To Celebrate 65th Anniversary

Sixty-five years of worshipping in its present church building will be celebrated during the Thanksgiving season by St. Paul's Evangelical Lutheran church at Livonia Center.

Prior to the building and dedication of their new church building in 1879 the little group of Lutherans who had founded the congregation seven years before had made use of every available facility in which to conduct their services. Although early records pertaining to the history of the congregation are missing, those whose memory goes back that far tell of the first Sunday school services being held in an old log cabin on Merriman road. Later on, services were conducted for a number of years in a school building across the road from the present site of the church as well as in the township hall which also was close by.

Since these arrangements obviously were not the most desirable ones, plans were made to erect a new church. Work on the new building evidently was begun some time after the 6th of June, 1879, for it was on that date that a lease was given by Mr. Harvey Millard to the trustees of the congregation for the piece of ground on which the church still stands. Though the exact date of the completion is not recorded, early records tell of the church being finished and dedicated in the same year in which it was begun.

While the original building still forms the main part of the present structure, it has undergone a considerable change in appearance during the past sixty-five years. In 1912 the building was enlarged with the addition of the altar niche, instruction room and sacristy. In 1923 the basement and the tower were added.

Three special services will mark the celebration of the anniversary. A Thanksgiving service will be held on Thanksgiving Day at 10:30 a.m. The Rev. Theodore Sauer, pastor of the congregation will preach the sermon.

On Sunday, November 26th, the anniversary will be observed in a special service at 10:30 a.m. in which Pastor K. Krauss, president of the Michigan District of the synod with which the congregation is affiliated will preach the sermon. The afternoon service will be dedicated to the cause of Christian Education. Pastor B. Westendorf of Flint will preach the sermon in this service which begins at 2:30 o'clock. Appropriate selections will be sung by the children's choir from St. John's Lutheran School in Wayne.

The congregation extends a cordial invitation to all of its friends to join it in the celebration of its anniversary.

Benefits Of Apprenticeship Course Many

Data just compiled by Supt. George A. Smith of the Plymouth public schools reveals the interesting information that students who are taking the apprenticeship program that was established some seven years ago, have earned by their part-time work \$161,197.02.

All of this outside work is done in connection with the regular school work carried on by the students.

Pay rates have ranged from 37 and a half cents an hour to \$1.50 per hour in a few cases. Up to the present time the students have worked a total of 463,203 hours.

Supt. Smith says the school's program reflects the desire of the school board members to develop the abilities of students in trades that they might be interested in. "We have the entire community as a laboratory for their use. We know, too, that when they are employed that they are busy, and busy hands do not get into trouble. They are doing something worthwhile. Idleness leads to temptation and if a student is busy doing something, he is removed from the temptations that idle hands and minds face. We regard this training as a very valuable part of our school work, stated Supt. Smith yesterday.

Sends Collection Of Japanese Stamps To His Home Here

From somewhere over on the other side of the Pacific, Lieut. (j. g.) Kenneth Gust has made a collection of Japanese stamps which he mailed to his home in this city last week.

The collection indicates that some of the stamps were removed from envelopes after they had been placed on letters or packages by Japanese. All of the stamps are engraved with images of a rising sun. One stamp has a picture of Hirohito and another of the aged Japanese emperor. Two of the stamps depict mountain views and others show views of the curved archways that adorn most Japanese gardens.

While some Plymouth boys serving in the Pacific have sent home various amounts of Japanese paper money, this is the first collection of Japanese stamps that has come to the attention of The Mail.

Bicycle Rider Hurt In Accident

Remember these are foggy mornings! Remember, too, that the side windows of your automobile steam over just like your windshield, and you can't see very good!

Fog and steam covered windows were responsible for two minor automobile accidents in Plymouth during the present week, states Chief of Police Lee Sackett.

He suggests that auto drivers be a little bit more on the alert these days when both fog and steam make automobile driving more hazardous.

The police chief also urges pedestrians to be a bit more on the alert, because they sometimes get hurt—and the fault isn't always with the automobile driver.

In the two accidents reported to the Plymouth police department during the past few days, Lucian Woodward of South Harvey street, who was riding a bicycle, was slightly injured when he collided with a car that was making a left handed turn.

Soon there will be ice and snow on the streets. The days of carefree automobile driving are over until next spring, so be careful, urges the police chief.

THEY CARRIED A GUN WE BUY BONDS

That little band of Pilgrims fought with guns on this very soil to found our country. Today our soldiers fight to preserve it—but not on our soil! We are asked only to buy Bonds to back them. For this alone we should be grateful. Let us augment our prayers this Thanksgiving Day by the purchase of another \$100 Bond—today!

4-H Clubs Elect Plymouth Boys

The 4-H Club Council, composed of adult members from the several parts of Wayne county met with older 4-H Club members at the Wayne Park Recreation Center on Thursday evening, November 16th.

The purpose of the meeting was to acquaint the older 4-H club members with the requirements necessary for organizing a 4-H County Service Club. Those 4-H members present were boys and girls who were at least 14 years of age and had completed at least three years of club work besides meeting several other requirements.

The 4-Hers voted unanimously to organize a Service Club and elected officers.

Charles Salow of Newburg road, Plymouth was elected president, William Masterson of Hannan road, Wayne, 1st vice-president, Gordon Vetal of Sheldon road, Plymouth second vice-president, Iola Firtz of Romulus, secretary, and Sally Spence of Dearborn, treasurer. They are planning a meeting for the near future and having an invitation of members by the Livingston County Service Club group.

Plymouth Has 16 At Mich. State

Included in the enrollment of 3,794 students at Michigan State College this fall quarter are 16 students from Plymouth, according to R. S. Linton, registrar.

They are Patricia Benson, freshman; Kenneth Brinks, freshman; Carolyn Kirk, sophomore; Jane Lehman, junior; Wesley Lickfeldt, freshman; Margery Livingstone, freshman; Shirley Luttermoser, freshman; Marleeta Martin, freshman; Margery Merriman, junior; Marie Miller, junior; Virginia Moss, sophomore; Edith Nolte, freshman; Dorothea Petschulat, freshman; Rosemary Ray sophomore; Barbara Stover, freshman; Carolyn Troche, freshman.

Michigan residents constitute the bulk of the student body with 3,305 enrolled, New York leading out-of-state enrollees with 122. County leaders are Wayne with 746, Ingham with 601 and Oakland with 300.

Including 27 foreign students, total enrollment represents 79 Michigan counties, 36 states and 10 foreign countries.

Home Economics Group Plans Demonstrations For Home Makers

Lamp shades can add or detract from the efficiency as well as the appearance of a lamp. A soiled lining in a lamp shade reflects only 50% of the light while a clean white lining reflects 89% of the light. It isn't always easy to find a good looking shade to fit a certain lamp.

Lamp shades can be made at home using materials that are on hand. Curtain, drapery and dress materials may be used for cloth covered shades. Wall paper, wrapping paper, parchment paper and tag board may be used for paper shades.

A demonstration on How to Recover Lamp Shades will be presented to Ladies of the Home Economic Extension Groups of Wayne on the following days and places:

Thursday, Nov. 30, 10:00-4:00 Newburg Methodist Church Hall.

Friday, Dec. 1, 10:00-4:00, Taylor Center Church Hall.

Wednesday, Dec. 6, 10:00-4:00, Gratiot Twp., Beacon School.

Friday, Dec. 8, 10:00-4:00, Flat Rock Methodist Church Hall.

The first two meetings will be in charge of Miss Jessie Marion, Extension Specialist in Home Furnishing from Michigan State College. The last two will be in charge of Miss Emma DuBord, County Home Demonstration Agent.

In 1925, deer hunter success in Michigan was 21.9 per cent; in 1943, 24.2 per cent of the hunters went home with their deer licenses filled.

Planning For Big State Exhibit

At least 250 Michigan 4-H Club boys and girls are grooming sheep and beef cattle for the 15th annual 1944 Detroit Junior Livestock Show, sponsored by the Detroit Junior Livestock Society Inc., and the 4-H Club department of Michigan State College. Dates of the show, to be held in Detroit, are December 12 to 14.

Wayne County will be represented at the show by a number of exhibitors, according to 4-H Club agent, Ada Watson. Those planning to enter animals include: Floyd Pankow, Kenneth Pankow.

As in the past awards are being offered for championship placings in several breed classes of both lambs and steers, as well as attractive prices for all animals entered in the show.

Although no grand champion winner can compete twice in the same classification, last year's grand champion lamb exhibitor, Willard Schulbats, of Coldwater, will enter a pen of lambs; Bernice Prowse, of North Branch, who carried away 1941 steer grand champion honors, will also show a pen of lambs this year.

"Thankful for Small Blessings..."

She is thankful—for a snug place to live, for the bounty of the land which feeds her well, for all the years behind her in which she had her share of youth and romance, of crises survived, of children born and reared. She is thankful—for the degree of good health she still enjoys—for the capacity for laughter which she was endowed—for the clear mind with which she sees the present struggle and which helps her calmly bear the fact that her first-born faces death on the battlefield even as she prays for his safety. She is thankful—asking only that she be spared to share in the Victory: to welcome home her son to her thin, old, tender mother-arms: to live her remaining years in peace and security. She is thankful . . . as was the first American mother who observed the first American Thanksgiving humble in her pride in a son who'd pioneered to make this the "land of the free . . . home of the brave . . ."

Many From Here Hunt In U. P.

Somewhere between 50 and 100 deer hunters from Plymouth and vicinity were among the thousands who crossed the Straits to hunt in the Upper Peninsula, according to local sportsmen in the "know" as to what is going on in the world of hunting and fishing.

Late reports from Lansing state that deer hunters were moved across the Straits of Mackinac in record time this year, even though traffic was greater than a year ago. Highway Commissioner Charles M. Ziegler reports that the longest wait in line during the northbound hunter traffic last week was four hours during the peak rush on Sunday, November 19, when 3,270 vehicles were carried by the Highway Department ferries; the highest day's business, November 13, 1941, when 3,740 cars were carried. In other recent years hunters have had to wait from 12 to 16 hours a time before getting their cars on the ferries. Commissioner Ziegler said 3,211 northbound cars were carried by the ferries for the six days ending at midnight November 14, compared to 2,923 northbound cars in the same period in 1943, 9,421 in 1942 and 10,937 in 1941, the last peacetime year.

Ford First To Devise Robot

The story behind the story of the Ford-built jet-propulsion engine, which is powering reproductions of the German V-1 robot bomb for test purposes in Army Air Force operations, was revealed today.

The story of the engine which was turned out in record time through close cooperation between Ford engineers and the Air Technical Service Command at Wright Field, dates back to 1918 when General H. H. Arnold, then Captain and now Chief of the AAF, viewed a Ford-built robot bomb designed with Henry Ford at Dearborn.

The World War I model looked promising but the war ended before it could be tested for use. It was turned over to the Edison Institute at Greenfield Village for safe keeping.

Ford interest in robot bomb engines was renewed August 5 this year when Col. D. J. Keirn, chief of the power plant laboratory at Wright Field, telephoned Ray R. Rausch, Ford general superintendent and asked: "Would you people be interested in building a robot bomb?" to which Rausch replied that Ford would not be interested in building the whole bomb but would like to work out the jet-propulsion engine.

Ford engineers went to Wright Field the same day. There Army

officials told them that in view of Ford's World War I experience, it was felt that the company's personnel and resources would be invaluable in rushing through the reconstruction design and production engineering as well as subsequent production of jet-propulsion engines.

They were advised, moreover, that no specifications were available on the engine to be built—only a five-page Allied Command report describing the apparent construction details of unexploded Nazi robot engines. The only photograph Ford engineers had to go by was one clipped from a popular picture magazine showing the robot bomb in flight over England.

Ford was asked to undertake the job of getting these engines into production as quickly as possible.

Meanwhile, Colonel Keirn telephoned Ford that a bomber carrying various parts of a German robot bomb propulsion engine had arrived from England.

More Ford engineers were sent to Dayton.

The German engine parts—all badly mutilated by their 400-mile-an-hour contact with the earth—were studied closely, their metals analyzed. Drawings were made on the spot and rushed to the plant. Strictest secrecy was observed. Trusted production men worked day and night in widely scattered parts of the Ford plants to complete the scores of precision parts needed for the powerful revolutionary propulsion unit.

But the pledge was kept with the Air Force officials and three

weeks after Mr. Rausch received the phone call from Colonel Keirn, the first Ford-built robot bomb propulsion engine was successfully operated.

Michigan forged into first place in production of iron ore in 1889, holding that position until 1901 when Mesabi range production gave Minnesota the lead, which it still holds.

OUR PART HAS BEEN EASY...

Let's **PROVE** Our Thanksgiving!

This is a BIG farm year—
Now Buy **BIGGER** Bonds!

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1,000 in the big 6th War Loan. War Bonds give you

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

You've had bigger profits—NOW BUY BIGGER BONDS

FARMERS have much to be thankful for this year. Before you sit down to that big turkey dinner, ask yourself if you've done the best you could. Lending money is the easiest part of the war effort—but it is as essential as fighting. We don't need to ask if they're fighting enough. Are you lending enough?

It's been a mighty good year for farmers. So far it's been an easy war in general for us in the United States. But it isn't over yet. Not by a long shot. The

biggest part of the job is still ahead. The war against Japan will probably be history's costliest. One average Navy task force costs 2 billion dollars—and we need many of them. Even one torpedo costs \$12,000! And one Superfortress to bomb Tokyo, \$600,000.

Your dollars are urgently needed—now more than ever—to speed victory and insure America's future. Prove your Thanksgiving. Buy the biggest War Bonds you can—NOW!

Warm—but not fair!

JOE's got the house too hot by careless firing of the furnace, so he's trying to heat all outdoors by opening the windows. Through wasteful practices, he isn't being fair to his own family—or to other families using coal. He isn't helping America.

This winter it's vital to conserve coal as never before. This isn't because less coal is being produced. Actually, millions more tons are being mined this year than last—by fewer men. Quite a tribute to mine owners and miners alike!

There are adequate facilities for hauling coal to your city. But certain grades and sizes of coal are needed for war production. And, in addition, your local coal dealer is handicapped by a shortage of manpower, trucks and tires. So be patient with him. Order before you're down to your last shovelful.

And conserve the coal he is able to deliver to you through firing carefully, closing off unused rooms, pulling down shades at night and through other simple precautions. For other suggestions see your coal dealer.

One of the biggest jobs of the C&O Lines is hauling coal from the mines along its routes, so we're in a position to understand the problem, and to know how essential coal is these days.

Chinese Aviatrix To Be Town Hall Speaker November 29

China's "First Lady of the Air" Miss Lee Ya-Ching will speak on "Chinese Youth and Aviation" at Detroit Town Hall in the Fisher Theatre, Wednesday morning, November 29, at 11 o'clock.

As charming as she is beautiful, the distinguished aviatrix is rated one of China's foremost patriots. She has worked actively in behalf of her suffering countrymen, and has done much to promote better international understanding.

Miss Lee was the first woman in China to become a licensed pilot. This enabled her to fly throughout the country to inspire youth in aviation. She was appointed instructor at the Shanghai Municipal Air School, later serving as co-pilot of China's

southwestern Airlines. On resumption of hostilities with Japan, the flier did hospital and emergency relief work in Shanghai and Canton. Later in America, she was the first and only woman to graduate from the Boeing Advanced Training School of Aeronautics in California.

In her world travels, Miss Lee Ya-Ching has received honors seldom accorded feminine celebrities. Among these was the distinction of being the first woman to address the Canadian Parliament. She has recently returned from a tour of Central and South America where she made many appearances speaking for and about China. After the war, the progressive aviatrix plans to start a School of Aviation for the Chinese boys and girls.

Advance reservations for the lecture are available at Grinnell's Ra. 1124.

Gets His Buck Within 30 Minutes After Deer Season Opens

A. E. Larsen, better known to his many friends as Al, has returned from the north with a nice nine point buck he shot just 30 minutes after the deer season opened. He was back in camp with his prize before 9 o'clock in the morning. The other three members of the party were not so fortunate. Mr. Larsen is a county employee, working at the Romulus air base.

Kelsey-Hayes Worker Joins Wacs—Husband Now in Belgium

Mrs. Flora Curtis, sister of Mrs. Floss Nipper of East Ann Arbor trail, has left for Des Moines, Iowa, where she will begin her training course for service in the Woman's Army Corps. Mrs. Curtis, before joining the Wacs, was employed at Kelsey-Hayes in the time office.

Her husband is with the U. S. Army transport service, at present in Belgium.

Mrs. Nipper also has two sons in service.

Makes Telephone Call From Hawaii

Mrs. James Moran, a teacher in the Plymouth public schools, received a real surprise a few days ago when the telephone rang in her home and the operator advised that a call to her was being made from Pearl Harbor, out in the Hawaiian Islands. Her husband, Lieut. James Moran, who has been stationed in that place for more than a year, made the call. He wanted to extend Thanksgiving greetings personally.

Hesco Committee Heads Chosen

Hesco will hold a silver tea sometime in the future it was decided at a short business meeting Wednesday, November 15. Committee heads also chosen are Doris Sawtelle, service; Melba Makepeace and Lois Thomas, publicity; Kay Fisher, social; Rosa Marie Miller, program; Pat Keyhoe, membership; Phyllis La Vergne, music; Gertrude Mulry, art.

Teachers Work For Higher Degrees

Mr. Ingram and Mr. Campbell are taking a course here from Mr. A. A. Vezani, a professor from the University of Michigan. When this course is completed Mr. Campbell will have attained a higher rating in the Smith Hughes program. Mr. Ingram will receive his Smith Hughes rating.

Mrs. Moran has taken a Vocational Home Economics course at Wayne University. During the summer she studied Philosophy of Education and Physical Growth of the Child. She is now studying Fundamentals of Public Health every Thursday night at the Rackham Building in Detroit. Mrs. Moran is working for her master's degree.

Mrs. Blunk studied Public Health and two courses of Guidance during the summer at Ann Arbor. She is now studying Fundamentals of Public Health in night school at the Rackham Building to help toward her master's degree.

Miss Lickly and Miss McDonald are studying social work at the Rackham Building and also Physical Growth and Development of the Child, a course taught by Dr. Isen and Dr. Hughes on Saturday at the Rackham Building. When these are completed, they will receive their masters degree.

Miss Gravelle studied Mental

Hygiene of Childhood and Adolescence Principles of Guidance, and Psychology of Child Growth during the summer at the University of Michigan and is now taking Techniques of Guidance in night school at the Rackham Building in Detroit to get more credit for her master's degree.

Miss Olmsted has also taken work in Education and several

courses in sociology and physical education at Ann Arbor during the summer sessions. She is taking also social work at the Rackham Building in Detroit every Thursday from Dr. Sundwall of the University of Michigan which offers extension work in Detroit.

DON'T TELL PRIVATE JONES THE JAPS ARE EASY

THE JOB IN THE PACIFIC IS STILL TERRIFIC!

THERE ARE STILL MILLIONS OF TOUGH, BRUTAL JAPS TO LICK. EVERY JAP WE KILL MAKES MY CHANCES OF GETTING HOME BETTER, AND IT COSTS PLENTY TO KILL A JAP

The fight in the Pacific calls for a highly specialized type of equipment. B-29 bombers that cost \$600,000 in War Bonds; M-4 tanks with bulldozer blades that cost \$67,417; "alligators" that cost \$30,000; millions upon millions of gallons of gasoline. We need more and costlier equipment than any war has ever called for. And that's the big reason for the 6th War Loan Drive. Just as long as a single Japanese aims a gun at our men—we must continue to buy War Bonds.

Do your full share now!

Once again you are asked to buy at least one extra \$100 War Bond. Buy more if you possibly can. Not only is it for the final Victory—it's for your future. Postoffice To Be Open All Day On Saturdays

Beginning Saturday of this week, the Plymouth postoffice will be open every Saturday until 6 o'clock between now and Christmas for mailing parcels and stamp sales. The money order windows will not be open Saturday afternoons, announced Postmaster Harry Irwin yesterday.

"This will enable many to do their mailing earlier than usual," stated Postmaster Irwin.

He also requested that packages to be sent to zone 8, (the Pacific coast states) should be mailed not later than Friday of this week to insure delivery previous to Christmas.

Packages to zone 7, the Rocky Mountain states and parts of New England states, should be mailed on or before November 27.

November 30 is the final date for mailing to zone 6, December 2 for zone 5, December 4 for zone 4, December 6 for zone 3 and December 8 for zones 1 and 2.

It will be noted that all Christmas mailing should be done at least before December 3 in order to have your packages delivered before Christmas.

Postmaster Irwin has also requested the publication of the following statement by Postmaster General Frank C. Walker pertaining to early Christmas mailing.

It follows: "Extraordinary wartime conditions face us," Mr. Walker said. "Unless more people buy and mail right now the Postal Service cannot do its job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans cooperate magnificently."

"Unprecedented shortages of man power and transportation facilities growing out of the war compel early mailing. The Postal Service has given 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence."

"In a great number of our 43,000 post offices the man power situation is critical. The 200,000 extra workers who we normally recruited to handle the swollen Christmas volume of mail were able to work long hours of overtime and to do heavy work. This cannot be expected from the women and high school boys and girls to whom in large part we must look this year to meet the situation."

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the Postal Service to do its work."

"We urge everyone to buy now, mail in November and mark gifts 'Do Not Open Until Christmas!'"

Memorial Fund Being Raised

When Plymouth and surrounding communities erect its proposed new hospital, the Navy Mothers Club of Plymouth hopes to have a sufficient amount in its memorial fund to completely furnish and equip a room in honor of Plymouth boys who have died in the services of their country while fighting in the United States navy.

The Memorial fund, created in honor of Harold Leach, the first Plymouth boy in the navy, to die for his country, will be in honor

of all Plymouth boys serving in the navy. Officials of the Navy Club say that the funds are being raised only by private donations and a silver collection taken at their meetings.

The fund, which has just been started, already amounts to more than \$35. Enthusiastic members of the club hope to have several hundred dollars in the memorial fund by the time it can be used for the purposes for which it is being raised.

There is only one excuse for telling Helen Conner's story

"MY FATHER was born in Russia but he came to America years ago. With my brothers Al and Mike, I was brought up as a good American."

"When I was in my teens I met a handsome young Navy man at a Shriners' convention in San Francisco. His name was Bryan Conner. It was love at first sight—and you know the reputation of the Navy for action. Bryan proposed that night. He didn't know when we could marry because he had to get right back to his destroyer. But we weren't going to wait."

"I rented a motor boat, went out to the destroyer and talked to the captain. In five minutes Bryan was on his way back to shore and we were married."

"As time passed we had a fine baby boy. We named him William. By the time Bill was growing into young manhood my husband was assigned to recruiting service in Atlanta. He and Bill had great times hunting and fishing together. We were a happy family. My two brothers visited us often and we'd have the jolliest parties and picnics."

"Then the war started in Europe. Our son came to us one night and explained how he felt about it. He wanted to be prepared so he enlisted."

"Like any mother I hated him to leave home—but I couldn't stand in his way. Bill joined up."

"Pearl Harbor was more than my husband could take. He had lots of friends on the Arizona, the Utah, and other ships. He was 48 years old but he asked for active duty and he got it—on a PT boat in the South Pacific."

"My brothers got in too—Al in the Army, Mike in the Seabees. There they were—all four of them in it, my husband and brother Mike in the Pacific; my son and brother Al in Africa."

"I had to do something. So I went to welding school. After I finished school I taught welding. My thoughts were always with my husband, my son, and my brothers. I was working for them. I was living for their return. On June 30th of last year I opened this telegram:

The Secretary of War desires that I tender his deepest sympathy to you in the loss of your son. Report received states that he was killed in action on June 28th in the North African Theatre of War.

"Four days later, on the 4th of July, I got another message:

Deeply regret to inform you that your brother, Michael Zadorkin, was killed in action in performance of his duty and in the service of his country in the South Pacific on July 2, 1943.

"On July 8th I read: The Secretary of War desires that I tender his deepest sympathy to you in the loss of your brother, Allan Zadorkin. Report received states he was killed in action on July 6th, 1943.

"Some time later I saw my husband. He was as shocked as I was about the death of our only son and my two brothers. But he was all the more determined to fight on."

"I remember seeing him off. It was at a submarine base in Florida. At two in the morning, there was a light mist over the harbor. I kissed my husband and he went aboard his PT boat. I watched him as long as I could see him waving good-bye."

"It wasn't many weeks later that I opened a final message:

Deeply regret to inform you your husband, William Jennings Bryan Conner was killed in action in performance of his duty and in the service of his country."

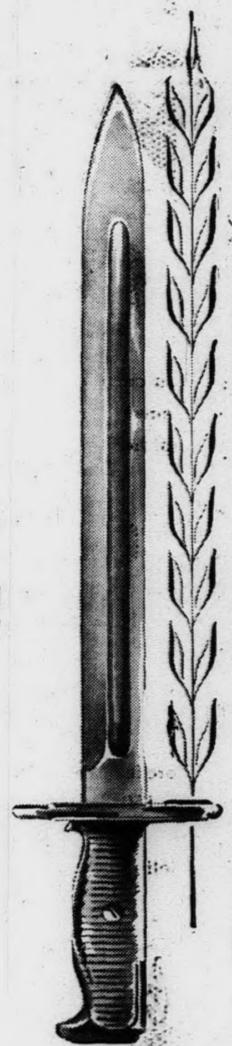

"I am not asking for pity. Not even sympathy. My men died the way they would have liked to die—fighting. We must carry on their fight."

"I won't be meeting my boy or my husband or my brothers again, but I want to see to it that other women get their men back."

"The last thing my husband wrote me was: 'Keep up the good work at the bomber plant.' That's what I am doing . . . welding and riveting. And I'm going to keep on doing it as long as I can stand on my two feet. I am going to stay at my job. I am going to buy War Bonds. I'm not licked and I never will be. I'm going to live to see that day—that great day—when our enemies are made to pay in full for the lives they have taken away from all of us."

That is Helen Conner's story. Her tragedy is made public here only because it makes this fact crystal-clear: a war can be won only by sacrifice.

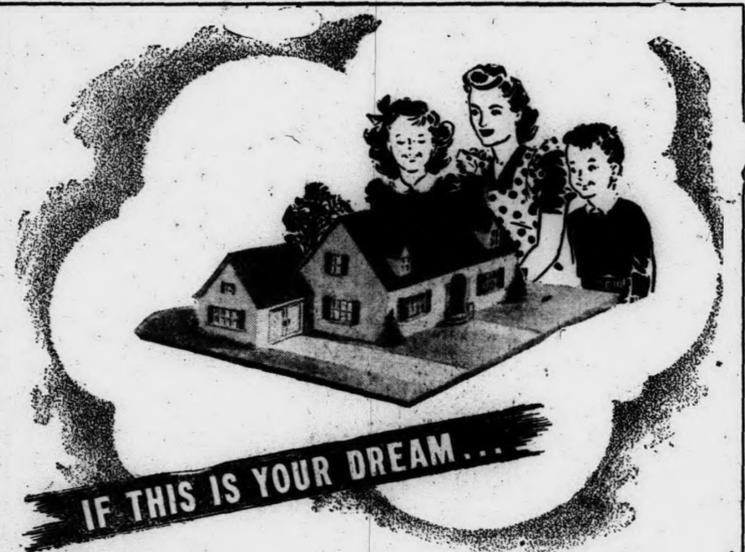

Buying War Bonds may call for sacrifice on our part. But when our sacrifice is compared to that of Helen Conner or her men, doesn't it make you feel that putting every last cent into War Bonds is really little enough to do? See if you can't buy another Bond—today.

THEY still die—will YOU buy?

THE BIGGEST JOB IS STILL AHEAD
BUY BIGGER BONDS!

It's a BIG farm year—Buy BIGGER Bonds!

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1,000—in the big 6th War Loan. War Bonds give you:

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

WILL you loan dollars, while they give lives? The conquest of Japan will probably be the costliest war in history. Distances are enormous. The enemy is tough and fanatical. We have no reserves of supply within thousands of miles—everything must be transported. And war in the Pacific requires special equipment, not used elsewhere.

Loaning money is the easiest part of the war effort; but it is no less important than fighting. One B-29 Superfortress to bomb Tokyo costs \$600,000. To train the pilot costs \$27,000. Each torpedo costs \$12,000. Because of the vast distances, it takes four to six ships, constantly in motion, to deliver one shipload per month.

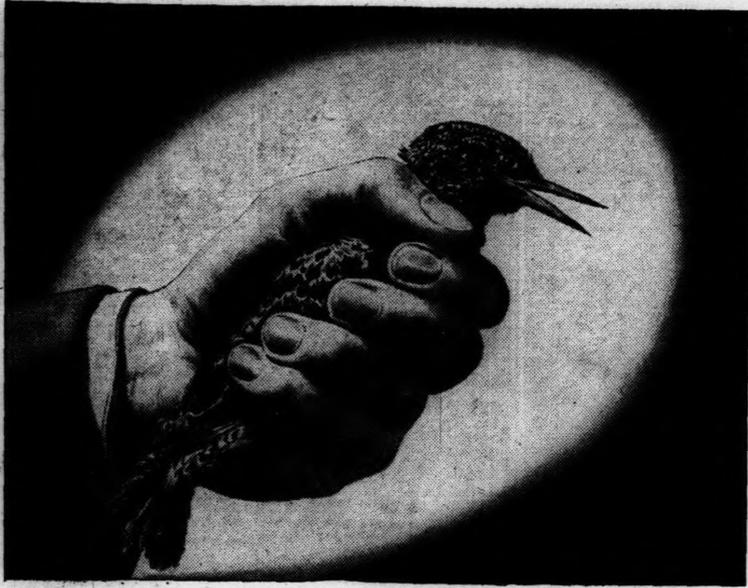

The Japs think our home-front is soft. They think we'll get tired of the war and quit. Well—it's up to you. Our fighting men aren't quitters; the Japs know that. It's you they are counting on.

Let's give them the answer—in the 6th War Loan! Let's show Tokyo we can "take it," too! Buy BIGGER Bonds, and we'll finish the big job faster.

It won't be worth two in the bush if you cash it in—that War Bond, we mean.

It won't buy your boy, or your neighbor's boy, enough extra ammunition maybe to save his life... if you cash it in.

It won't help bring that final victory nearer... if you cash it in.

It won't pay you \$4 for every \$3 you invested... if you cash it in.

So, please—besides buying all the extra Bonds you can scrape the pennies together for—hold onto the War Bonds you've already bought!

How Rotary Was Killed By Hitler

In the adoption of Rotary club ideals lies one of the hopes of a future peaceful world, Rudolph R. Herman, at present a resident of Detroit, and one time district governor in Czechoslovakia of the Rotary clubs of that country, told members of the Plymouth Rotary club last Friday.

Not only did Mr. Herman serve as a high Rotary official in a country that has been ruined by Hitler's war machine, but he was later a member of a Japanese Rotary Club in Manchukuo.

"I was sent to Japan as a counsel by my own government. When I reached the city to which I had been assigned in Manchukuo, I read in an English newspaper published by the Japanese that I had been elected a member of the Rotary club of that place. I attended its meetings, but I never knew what took place, as all of its affairs were conducted in the Japanese language and nothing was interpreted," he said.

"Rotary in Japan was run by the military, like everything else. I now have two sons who are prisoners in Japanese prisons somewhere," he stated.

Previous to going to Japan, he stated that Hitler ordered the dissolution of all Rotary clubs

in Germany and when Germany invaded Czechoslovakia, he quickly ended the existence of Rotary clubs in that country.

"When Hitler first came to power he ordered that no German could belong to a Rotary club. Then he stated that no member of the Nazi party could be a Rotarian. Members became afraid and no longer dared to attend and Rotary disbanded.

"From Japan I was sent to Manila and was there when my country was invaded and I became a man without a country. I left for the United States in 1941 and was here when Japan started its war.

"I have crossed Russia many times, and there are no Rotary clubs in that country. But Russia is swinging to the right and is fast becoming a Democratic country and I believe it will not be long before there will be Rotary clubs in Russia.

"Rotarians must stick together and do all within their power to bring about a world where justice prevails," he declared.

THE PRICE OF FREEDOM

*In Normandy, my son was killed
In battle. On the ground was spilled
The blood of many more like he
Who died to save our liberty.*

*Throughout the world, both far and wide,
Men, brave and strong, have fought and
died.*

*They too loved life—not blood and gore,
But they loved freedom even more.*

*For us who live—our task is plain
To see their deaths were not in vain
We must, to match their sacrifice,
Win Victory at any price.*

*No price can be too high to pay
For freedom. So—with faith we pray.
Forgetting self, with all our might
We work, we serve, we give, we fight.*

WALTER K. WILSON,
Major General U. S. A.

We give thanks this year for the brave who defend us at home and on foreign shores. We pray for their speedy return and their safety. To those of you at home on this Thanksgiving we especially urge that you celebrate this day in the warmth of the knowledge that you have given your all to provide for those who fight for us.

An extra war bond is your share.

DAVIS & LENT

"Where Your Money's Well Spent"

The Lutheran Church and School That War Bonds Will Erect On Penniman Avenue

There is little room for a light-hearted observance of the Day of Thanksgiving in our country this year. True, the elections are over and a larger number of our people than heretofore have discharged their duty and prerogative as citizens and have, by majority ballot, decreed that our president is to return to the responsibilities of his office for a fourth term. However, there is certainly no cause for complacency and ease in the aspect of the world situation today.

The war is not over, but is raging more furiously and exacting a heavier and deadlier toll than ever. Ask the careworn mother who faces another Thanksgiving with anxiety in her heart; or the worried wife who greets the day with dread lest some evil news reach her concerning the father of the little brood she has been left alone to watch over and to rear, because the war is not over and needs more men. The long roll of our glorious soldier dead is growing steadily and saddeningly longer, as one day passes the War on to the next.

And yet there seems to be an attitude of complacency in our country. Evidences of it are surely apparent in the unusually heavy bond withdrawals of recent weeks, in the repeated strikes and layoffs, and in the general, carefree and selfish existence of so many who give never a thought but to their own profit and pleasure.

There is no use to gloss it over. Facts are stubborn things. As was stated recently in the columns of The Plymouth Mail, we are the only nation on earth that has grown rich through this war. It is a sad commentary on our civilian home morale that the miracles of our war production were not achieved, as in communistic Russia, because of civilian loyalty and sacrifice, but because of the profit motive. The exception of the self-denying devotion of the few stands out the more brilliantly because of the self-assertion and self-aggrandisement of the many.

In fact, instead of being submerged in a surge of loyalty during these days of stress, the spirit of materialistic selfishness has waxed

Thanksgiving And Spirituality—By Rev. Edgar Hoenecke, Pastor Of The Lutheran Church

more bold. The old Caesars used to feed the populace "bread and the Circus," money and pleasure, to bend them to their will. Shall we who are freemen by heritage, know only this slavish formula to bring us to labor for the welfare of our country? Have we not accustomed ourselves to living under this formula already? To measure the merit of everything in its terms? To be satisfied, if "bread and the Circus" were ours, little regarding the price we sometimes paid for their passing possession?

Problems of such staggering significance and far-reaching gravity face us today, as by the grace of God and through the genius and devotion of our men-at-arms we achieve history's greatest victory, that it is an understatement, when we assert that, if we enter upon the solution of these post-war problems with no better preparation and attitude than that of materialism and opportunism, we shall utterly fail to reap the fruits of a lasting peace, even though we win the war three over.

We need more, infinitely more in this country than a materialistic philosophy, to lead the world, and it is looking to us once again for leadership, or even to enter the immortal company and fraternity of those who are seriously concerned to lay the foundations of a more enduring and more equitable world order, once this madness is over.

The spiritual qualities of those who face this herculean task cannot be over-emphasized. It will take men of vision and understanding, of courage and abounding faith. It will require the inspiration and foresight of the fathers who drafted our own glorious Constitution.

To the end that we may grow in these spiritual qualities, through the very sacrifices and griefs of this war, let us assemble on the home front as a man on this Day of Thanksgiving to dedicate ourselves before God to the task confronting us in our generation. In deep humility and gratitude let us bow as a nation before Him who again blessed our arms on land and sea and in the air, our shops and our farms to accord us this great victory which we are about to reap. Let us plead with Him for our Savior's sake to remit our past, heedless offenses and to make us more worthy to receive an ever greater measure of His great gifts so that we might dedicate them to the service and happiness and freedom of others.

BUT BONDS WILL HELP YOUR BOYS DO IT!

Your fighting men are paying back the Japs for Pearl Harbor, that "deed that will live in infamy." But it's a long way yet to Tokyo—where the final installment will be collected.

We, at home, can't fight shoulder to shoulder with our boys. Yet we can help today by getting behind the 6th War Loan Drive with every dollar we can scrape together. This is every American's war. Buy an extra \$100 Bond—and don't wait till you're asked. For we've a tough job ahead.

Your Bonds prove that you

haven't forgotten Pearl Harbor, Bataan and the thousands of other crimes against humanity by the Jap hordes. Your Bond is an installment on what it's going to cost us to crush the Japs in the long sea lanes of the Pacific—it's going to take more superfortresses at \$500,000 each, more P-47 Thunderbolts at \$50,000 each—more of every type of materiel.

And remember, when you buy Bonds you are saving for your future and the future of your country. Don't put it off—buy that extra Bond today.

Last week I nearly went A.W.O.L.

LAST PAYDAY I planned to be Absent Without Official Leave—from the place where I usually buy my War Bonds. I was going to blow myself to some swell new clothes.

While I was checking to see if my nose was shiny, my mirror barked at me like a top sergeant. "Hey you! Don't you know a soldier can be shot for going A.W.O.L.?"

"Now look," I said to me, "I'm not a soldier, and besides, a gal can't go around naked, can she? Anyway, I'm entitled to some fun, war or no war."

My mirror came right back at me. "You know darn well," it said, "that we're all soldiers—and 'till the fighting stops, and men are no longer getting killed, don't you stop buying War Bonds! As for fun, sure you're entitled to some—if you earn it."

"That means extra sacrifices—going without things, and I don't mean War Bonds!" "OK, Sarge," I said, "you win. I can just make it to that War Bond place. I'll get those clothes later."

The way my mirror made me look, you'd think I was wearing a mink coat!

FINDS COPY OF PLYMOUTH MAIL RIGHT UP IN FRONT LINES.

From somewhere over in the European front line trenches, a letter came to The Plymouth Mail the other day from Captain Louis F. Jennings.

He says many things worthwhile. In part, his letter follows: "Would you please send The Mail to my new A.P.O. address? I received copies quite regularly while I was still back in the States, but not over here. I stumbled upon an old copy of The Mail some Plymouth boy left behind in a bivouac area we just moved into on our way up front. It gave me quite a start and I read it from the front to the last page. I was not able to determine whose it was, but now I know someone from home is near me. "I am the Veterinary Officer in a Signal company and am curious to know the whereabouts of some of the fellows I went to school with. My folks send me clippings from The Detroit News, but as I remember, you used to give the New Deal hell every once in a while—and it was quite refreshing.

"Things are rough as a cob over here and I only wish some of the people back home who are too damn lazy to vote and exercise their rights as an American and appreciate their value could be over here and see what happens to a nation when they become complacent and take their inalienable rights for granted."

ANOTHER PROMOTION COMES TO PAULINE DUNDAS IN ITALY.

Mighty close to the top is Technical Sergeant Pauline R. Dundas, daughter of Mr. and Mrs. W. H. Dundas, 1073 Penniman Avenue, Plymouth, now in Italy. Recently she turned in her staff sergeant chevrons for the higher stripes of a technical sergeant.

Supply has long been the interest of Sergeant Dundas who acted as supply sergeant for a WAC company in Algiers, North Africa. Then she had just one company to worry about. With the concentration of a large number of Wacs in one area in Italy and the subsequent organization of a battalion to facilitate the administration and supply of a large group, Sergeant Dundas added the problems of four other companies. Now she must be sure that the entire battalion has the proper clothing, food and the million and one items that soldiers need to work happily and well.

The three-Wac supply department, comprised of the supply officer, Lt. Alice B. Bradford, Auburn, Maine, T Sgt. Dundas and Corporal Benny U. Sellers, Rule, Texas, is doing a bang up job in supplying the Wacs.

Keenly interested in athletics, T/Sgt. Dundas was a member of the Women's International Bowling League in civilian life. She finds her interest in bowling transferred to other sports in the Womens Army Corps and stars on her company's softball team and is now going out for her company's basketball team.

JAMES BUTLER AT NAVAL RADIO SCHOOL.

James I. Butler, 47707 Penniman avenue, is now a student at the Radio Naval training school located on the campus of the University of Wisconsin at Madison. The course of study includes the operation, function and maintenance of radio transmitting and receiving equipment.

WAC ANNA EVANS WINS GOOD CONDUCT MEDAL.

Out at Camp Carson in Colorado, Pfc. Anna Evans, formerly Anna Shoner of 45455 Ann Arbor road, was recently awarded the Good Conduct ribbon for exemplary behavior, efficiency and fidelity. She is now a member of the WAC headquarters detachment.

ROBERT EVERSON PROMOTED TO FIRST LIEUTENANT.

With the Fourth Armored Division in France—Second Lieutenant Robert F. Everson, 24, husband of Mrs. R. F. Everson, 1233 Penniman Avenue, Plymouth, now in France with the Fourth Armored Division, was recently promoted to First Lieutenant.

He is a platoon officer with an Armored Infantry Battalion. A surveyor in civilian life, he attended Clinton High School, Iowa, for three years, and was commissioned a Second Lieutenant on June 19, 1943.

First Lieutenant Everson has been awarded the Bronze Star Medal for meritorious achievement in actual combat on July 18, 1944, and the Combat Infantryman Badge. He is the husband of the former Beverly Smith.

HERBERT C. BURLEY WINS PROMOTION.

Headquarters Air Service Command in Europe have just announced the promotion of Herbert C. Burley from sergeant to staff sergeant. Previous to entering the service he was employed at the Waterford plant of the Ford Motor company. His wife is at present residing in Royal Oak.

JOHN McCLAIN SAYS EVERYBODY READS HIS NEWSPAPER.

No matter where the Plymouth boys go in this old world, the hometown paper goes, too. In a letter from John McClain, written from somewhere out in the Pacific, the most of which was cut out by the censor, he says:

"At last, a long delayed letter is in the making. I want to thank you for sending The Plymouth Mail to me. It is the news of home that is greatly appreciated not only by me, but several other fellows. It is passed around and then used for various other purposes. . . I am feeling well and have had the opportunity of seeing several Plymouth boys that I used to know. . . The paper doesn't come too regular, but the ones received are put to very good use.

"Being afloat, the censors are strict so there isn't much I can say so I will cut this short this time, saying hello to every one."

SEVEN PLYMOUTH BOYS HAVE REUNION OUT IN PACIFIC.

In a letter from Howard Hunt, now serving with the United States navy in the Pacific came a letter the other day to his parents, Mr. and Mrs. Howard Hunt, Sr., 104 Holbrook avenue, in which he told of the meeting of seven Plymouth boys somewhere out in the Pacific. There is announced the name of Howard is with, his name being George Brown, wrote Howard to his parents. The names of the seven boys are not known, except that two of them were Charles Minthorn and John McClain.

HARRY MORGAN NOW AIRPLANE MECHANIC OVER IN ENGLAND.

Private Harry S. Morgan whose wife is Mrs. Barbara M. Morgan, 38190 Warren Avenue, Plymouth is an airplane mechanic with an VIII Air Force Service Command sub-depot in England which maintains and repairs B-17 Flying Fortresses that are stationed at this base. He is the son of Mr. and Mrs. Thomas H. Morgan.

Private Morgan was graduated from Plymouth High School in 1941 and prior to his entry into the army May 26, 1943 at Fort Custer, Mich., he was an inspection leadman for the Ford Bomber Plant at Willow Run. He has been stationed in the European Theater of Operations nine months. His brother, Harold, is a lieutenant in the navy.

FINDS BRITISH ISLES JUST AS HE HAD EXPECTED TO SEE 'EM.

Private Albert H. Horvath, in a brief note to "Our Boys" page, advised that he is now stationed in England and that he is really enjoying himself.

"I had a very nice trip over and am not a bit disappointed. Everything here is exactly like I had expected to see it. The country is very beautiful and the people treat the American soldiers swell. I have been over a lot of country and each place holds a new adventure as well as a lot of interesting history.

"Am patiently waiting to receive my Plymouth Mail. I suppose it will be coming along soon. "The weather here is damp and misty, but we manage to get along O. K. I will take good old Michigan weather at any time. Best wishes to all the folks in and around Plymouth," wrote Albert.

MONTE HINES IS AWARDED PURPLE HEART FOR PACIFIC ACTION.

Three Michigan Marines were among 45 who received Purple Hearts for wounds suffered during the Marianas Islands campaign last summer.

The medals were presented to Major General Thomas E. Watson, Second Marine Division commander. The Michigan Marines had served with an amphibious battalion attached to the Second Division during the conquest of Saipan and Tinian.

They are Private First Class Leroy C. Melms, J., of 19985 McCormick Street, Detroit; Private First Class Robert J. Wiersum, of Route 3, East Mount Drive, Grand Rapids, and Private First Class Monte G. Hines, Northville Road. His parents are Mr. and Mrs. Jake Hines.

HOME TOWN PAPER HELPS TO KEEP UP MORALE OF SOLDIERS.

When the first contingent of Plymouth boys left some three years ago for training camps throughout the country, The Plymouth Mail decided that each boy from this vicinity would get a copy of the paper. It's been a big job, and it has become quite a "chore" with some 700 copies going to all parts of the world.

Letters like the following, however, provide just compensation or the effort.
 Raymond G. Johnson, a youngster who has started his training at the Great Lakes, wrote in part: "I just wanted to tell you how much The Plymouth Mail has helped me these past few weeks and I'd like to express my everlasting gratitude.

"Many times, when I felt low I'd pick up a copy of The Mail and read about the people I used to see and people I know, and all—

PEOPLE IN FRANCE CLEANER AND MORE FRIENDLY THAN ITALIANS.

Pic. Steve Armbruster in a brief note from southern France advising of a change of address, says: "I am sorry I haven't written sooner. I have really been enjoying The Mail for quite some time now. But I have been rather busy fighting in Italy, and France since I jumped in the invasion of Southern France.

"The country around the Riviera is very nice. I also find the people of France are much cleaner and much more friendly than the people of Italy. As a whole, though, I find I don't care much for Europe. Am also sending a change of address as I don't want to miss an issue of The Mail."

TAKES A TRIP ON OCEAN MINE SWEEPER.

Richard Behler, now with the U. S. Navy and at the training station at Asbury Park, New Jersey, writes in part as follows:

"I wish to give you my new address, and to thank you very much for the copies of the Plymouth Mail you have been sending me.

"I arrived here at Asbury Park last Tuesday, and so haven't done much, although I'm to take a training cruise on a mine sweeper next week. The purpose of the station here is to prepare us for midshipman's school where we will be going in the near future. I hope, well, thank you again for The Mail."

SGT. HIRSCHLIEB WINS SECOND OAK LEAF CLUSTER IN ITALY.

Sgt. Charles W. Hirschlieb, 438 North Main street, husband of the former Betty Moe Wilske, is one of seven Michigan men, all members of the same squadron, who has been authorized to wear a second oak leaf cluster on the First Fighter Group's Presidential citation. He is best known to his friends in Plymouth as "Ken" Hirschlieb.

The original citation was for a strafing attack on airdromes at Foggia, Italy, before the Salerno landing. The group's fighter pilots destroyed 36 enemy planes and damaged 52 others in the first such long-range, low-level strafing attack in strength.

An Oak Leaf Cluster was added for an escort mission over enemy rail yards at Aversa, Italy, where the P38 pilots beat off an enemy attacking force estimated at 75 planes, enabling a 15th AAF heavy bomber formation to reach the target.

The second cluster was for a withdrawal cover mission in support of a heavy bomber attack on the Romana Americano oil refineries at Ploesti, Rumania, where the fighter pilots engaged and drove away 80 enemy planes attacking the bombers at a loss of only one P38. Ten enemy planes were shot down in the battle.

The group, oldest in the AAF, was organized in France during World War I. It was the first

American fighter group to arrive overseas in this war. It is commanded by Col. R. B. Richard, of Cisalia, California.

Sgt. and Mrs. Hirschlieb have a little daughter, Judy Kay, who is 22 months old.

EDWARD HICKEY HONOR GRADUATE.

Ensign Edward Peter Hickey was named honor graduate in a class at the Navy's School for Primary Flight Instructors at New Orleans, Louisiana, recently.

Besides receiving high honors, Ensign Hickey was awarded his Navy wings and certificate as a qualified flight instructor. In making the award, Commander Frederick M. Reeder, commanding officer, gave him high praise, stating "He has set an enviable record while here—a record all could emulate. He is the type of man that the Navy sorely needs in training our future combat pilots. I'm sure he will fulfill every expectation."

Ensign Hickey is the son of Mr. Max A. Hickey of 11406 Ingram Ave., Plymouth. He is a graduate of Plymouth high school. Prior to his entry in the Navy, he was employed by the Ford Motor Co., Willow Run. He will assume his new post at Flight Instructor of Naval cadets at the Naval Air Station, Bunker Hill, Indiana.

JOE BRISBOIS WRITES THAT HE LIKES WORK HE IS DOING.

How to hunt out booby-traps and disarm a mine is all just a part of army routine, but to Joe Brisbois, son of Dr. and Mrs. Harold Brisbois, its a job he says he likes to do. The youthful soldier is now located at Camp Roberts in California. He states that it has the largest parade ground in the world. The weather has not been bad, but all the young soldiers in the camp are participating on the rainy season that California always "enjoys" in the winter.

SGT. ROBERT HOUGHTON HELPS SMASH NAZI COUNTER ATTACKS.

Sgt. Robert E. Houghton, 571 Mill street, a radio operator with General Mark Clark's Howitzer Battalion in North Italy recently helped to break severe German counterattacks on Battle Mountain in Italy and supported infantry capturing Mount Cappello. Part of the 88th "Blue Devil" Division, the 913th usually employs its 105-millimeter howitzers in support of the 351st Infantry Regiment.

In a little more than six months in combat the outfit destroyed 18 tanks, 37 field guns, many pill-boxes and a large quantity of motor transport.

Its howitzers have been called upon to shell enemy installations within 50 yards of American in-

IT TAKES PLENTY OF WAR BONDS TO BUILD B-29s

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs \$600,000 in War Bonds. And this is just one of the many

extra costly implements of war needed to achieve final victory in the Pacific. That's why the 6th War Loan Drive is so important. That's why you must back it as generously as you have every other war loan drive. Invest in the next raid on Japan...

Thanksgiving

Most thankful indeed will be the mothers and fathers of the sons who will be able to join them in the intimacy of the family circle on Thanksgiving Day this year. But there will be many homes in which service flags hang, where vacant chairs will be mute evidence of the fact that sacrifices must continue—sacrifices that are making it possible for us to give thanks now that our cities have not been bombed, that our people have suffered no starvation, that our children are safe. Yes, there is much for which we can give thanks, this year, and especially to those who have given their lives that we may continue free.

fantrymen. Evidence of this devastating fire, one captured enemy document refers to these weapons as 155-millimeter heavy artillery pieces.

The 913th quickly broke a German counterattack at Laiteico on July 11 and 12, knocked out three self-propelled guns and forced the enemy to abandon others. The outfit supported attacks against San Romano, Buchi and Castel-franco.

The 105s started pounding the Gothic Line defenses September 20 near Il Gingo Pass, leveled Firenze, crossed the Santerno River under fire and turned back a counterattack near Castel Del Rio.

JUNGLE FIGHTER GLENN JOHNSON WINS AMERICAN UNIT PROMOTION.

With the Americal Infantry Division in the Southwest Pacific—Glenn S. Johnson, son of Mrs. Glen Johnson, 15039 Fairfield St., Plymouth, has been promoted from the rank of private first class to corporal.

Cpl. Johnson is a member of a veteran jungle-fighting division.

The Plymouth soldier has been overseas for 12 months and has seen service in New Caledonia, Fil Islands and Bougainville. Before entering the service he

was a student at the Plymouth High School where he took an active part in athletics.

The Americal Division is the only division in combat to be designated by name rather than number and was the first American Army unit to engage the Japanese in offensive operations.

ATTENDING SCHOOL FOR MESS SERGEANTS.

Private John W. Jackson, husband of Mrs. Marian Jackson, 7352 Newburg Road, Plymouth, is attending the school for Mess Sergeants being held at Camp Reynolds, Pa. Private Jackson was inducted into the Army in January, 1944. The camp is located near Greenville, Pa.

DON LEICHSWEISS NOW IN SOUTHERN FRANCE.

A brief note from Don Liechweiss giving a change of address, states that he is somewhere in southern France, but he does not know how long he'll be there or when he will leave for some other place.

"Say hello to all my friends back in Plymouth, and my old sidekicks in The Plymouth Mail office. Tell the folks in Plymouth to keep up their good job in helping the war effort," wrote Don.

WRITES SON IN ITALY IN VERSE.

Roy Clark, retired mail carrier, now and then expresses himself in verse. He recently wrote

an interesting letter to his son, Lloyd, now serving with the fighting forces of Uncle Sam in Italy. It follows:

To My Boy

Hello Lloyd, my son so far away, I long to see you every day. To think that you on mud do sleep, While I can't even make a peep. Here's hoping you will soon withdraw

To the heights above where there is no thaw. Guard well your life for that future day.

When you'll be returning for home to stay. Where peace and happiness shall reign,

When the boys all come back home again. We've had summer and rain, winter and snow

Since you left home so long ago. Our hearts are lighter and we feel much better

When the mail man brings that long looked for letter. The packages we've sent are filled with joy

For the one to receive them is our only boy.

They are packed full of love for you.

For the one who soon will be twenty-two.

The golf season is over and I've had a swell time.

Now what am I to do to improve my waistline? I don't want to hunt and I don't want to fish,

So, what can I do in a case like this?

When you read this you may think I'm crazy,

But you know darn well, I ain't a bit lazy.

All I can do is to sit and yawn. Now don't get the idea I do nothing at all,

For I still drive the taxi when ever they call.

Our forty-two Ford is looking just fine.

I only hope our tires last for yet sometime.

Now that the Holiday Season is near,

I wish you a Merry Christmas and A Happy New Year.

THOUSANDS OF AMERICANS ARE STILL IN JAP PRISONS

What Will **YOU** Do About it?

REMEMBER CORREGIDOR? Remember the pictures of grinning Japanese soldiers guarding American prisoners? We're out to wipe the grins off their faces. We're out to liberate thousands of American soldiers and civilians still in Jap prisons. That day can come only with final victory.

We're out to finish the job the Japs started. The 6th War Loan Drive is part

of the great national effort to win quick victory in the Pacific. The cost of victory comes high. It costs billions of dollars a month to fight Japan! But we know you'll do your full share, as you have in all the other war loan drives. Your full share is at least one extra \$100 War Bond. Buy more if you possibly can. War Bonds are your best insurance of a safe, independent future.

"You got a nice little 4-piece orchestra of Jap mortars, Zeros, machine guns, and your best friend screaming in the next foxhole."

"Come any time, pal. The show goes on all night. For a long time. There's never a cover charge. Not even for the flag they put over you when they carry you out."

We're all human.

We all like to go dancing or see a show or buy an extra suit or dress occasionally.

But this war still has a long way to go. There are still 75 million Japs who don't believe in surrendering.

So during this 6th War Loan, how about putting all that luxury money into something a little more permanent—an extra \$100 War Bond at least—to help get this thing really over and bring those boys of ours home?

It'll hurt. But not as much as the Jap bayonet in your neighbor's stomach. You get something back—in ten years—\$4 for every \$3 invested. He doesn't.

BACK THE 6TH WAR LOAN

... Help Defeat Japan!

REMEMBER the gaping holds of ships sunk without warning at Pearl Harbor? Remember, too, the men killed during the infamous sneak attack? This is the fight that Japan started... the fight that we're out to finish!

Don't fool yourself—the Japs are tough. It will take long, bitter, costly fighting to blast them out. It will take new and specialized equipment. B-29 Superfortresses... amphibious tanks... airplane carriers... P-47 Thunderbolts and new secret weapons. And a veritable Niagara of oil and gasoline!

Your War Bonds helped train and feed and equip the American armies that smashed through at St. Lo... Nancy... Sedan. Yes... your War Bonds are helping to win the Battle of Europe. But now how about the Battle of Japan?

The job is big—so dig!

It costs billions of dollars a month to fight the Battle of Japan. The money must come from every patriotic American. It's an investment in America—your future. That's why you are asked once again—in this great battle for final Victory—to buy your extra \$100 Bond today.

And here are 6 more reasons for buying at least an extra \$100 WAR BOND in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you.
5. War Bonds help keep down the cost-of-living.
6. War Bonds will help win the Peace by increasing postwar purchasing power.

Thanksgiving

Three hundred and twenty-four years ago a brave band of pioneers came to America to find freedom for themselves and their children—freedom of worship, freedom of speech, freedom of the press, and the freedom of a man to gain security and success through his own ingenuity, ambition, and work. On this Thanksgiving, we, the descendants of these and other pilgrims, are back in their native lands fighting to secure the same blessings of liberty, not only for themselves but for all mankind. These freedoms mentioned above were first set down in the Bill of Rights amended to the Constitution and have been the main thread running through all America's history. Now our President has declared the Four Freedoms—freedom of speech, freedom of worship, freedom from want, and freedom from fear—to be the goal for the world. We, as Americans, are thankful for our right to express our thoughts fearlessly about the government; that we have enough food for all; that we have jobs for nearly everyone; that our public educational system is the best in the world; that our country is still the land of opportunity where the oppressed may find refuge and security; that we are asked to lend our money to the government, not just to be robbed of it; that we have the right to vote for our leaders; that our homeland has not been a battlefield of war; that America is still "the land of the free, and the home of the brave."

Veterans of Foreign Wars Commander Desha Brunner urges a 10-year ban on all immigration to protect American labor from "the hungry hordes of Europe."

The great and the little have need of one another.—Thomas Fuller.

Intramural Program Includes 150 Boys

Plymouth's intramural basketball program includes about one hundred fifty boys in the eighth, ninth, and tenth grades. Twelve teams have been organized, each of which will play at least once a week. Four games are played each Tuesday night, and one during the noon hour every day. This affords entertainment for students as well as participation in the sports program.

Mr. Tomshack supervises the intramural program, which is handled through the athletic office. Vincent Simonetti is intramural manager and does all scheduling as well as coaching.

Senior Sketches

Roller skating and dancing are the hobbies of Robert Elliot, of 42632 Cherry Hill Road. He is taking a college preparatory course, and plans to enter college if the war is over. If not, he will join the army. He is also an apprentice at the Ford garage. His pet peeve is women drivers.

Erdeleyi, son of Mr. and Mrs. William B. Erdeleyi of 751 Forest avenue, is taking an art-prestige course. Sports are his hobby, and he played basketball for one year. He is undecided about what to do until after the war. Girls who smoke are his pet peeve.

Lyle Davis plans to be a commercial air-pilot or a navigator after he finishes school. His hobbies are hunting, fishing, and dancing. Pet peeves are girls who smoke and act snobbish. Lyle lives with his parents. Mr. and Mrs. Stephen Lyle Davis on 936 West Ann Arbor Trail.

Fads in Speech And Garb

Bangs, bangs, bangs—Mickey Schuster started it and now it's all over school. Poor Hairless Joe, he now has rivals. Not only has he rivals, his name is also attached to anything from a barrette to a telephone booth. "I'll call her from the 'Joe' uptown." Even more, his costume is being imitated. Girls, as they paint industriously on Prom decorations, sport slightly battle-scarred blue jeans topped by T shirts or baggy sweaters (from Davis and Lent or Bonds or Richman Brothers).

"She clanks down the hall with the greatest of ease," and we wonder how she carries all those bracelets covering her arm. She keeps her feet warm by wearing skating socks instead of the long red woolies her mother hated.

"Are they twins?" Oh, no, they are going steady. They wear the identical sweaters to pledge their devotion to one another.

"Get on the beam," she groans, "you're sharp as a marble." At least we don't hear any more moron stories.

Here and There

The Lams Service Club attended "Marriage Is a Private Affair" at the Penn Theatre on November 22.

Beverly Files and Audrey Neale left Tuesday for the Files' cabin near Standish for six days of deer hunting with Beverly's parents. They will entertain Bob Zielasko, Dick Moffet and Chuck McMath on Thanksgiving Day.

Miss Wrisley's 10-B English classes have been organized into clubs. Each class has a president, vice-president, secretary and treasurer. Business meetings are held three times a week in order to learn how to carry on these things.

U. S. Treasurer W. A. Julian bid \$130,000 for 167,555 acres in Dare County, N. C., half of the county, up for mortgage sale.—Pathfinder Magazine.

Even in hard times, the quickest way to find a job is to go out looking and asking, not among friends but among employers.

Camera Club Develops Pictures

One group in the Camera Club will develop the picture they took with the pin-hole camera on November 20. Alan Kidston, Bill Moon, and Freeman Hover are the only ones who know how to do so. Since the dark room is so small, only a few can be instructed at one time. One group of students will take a picture with the pin-hole camera and another will do some printing.

Gremlin Gossip

Ellen McAninch has been making like Cinderella with Miss Walldorf as Prince Charming to return her shoe.

You might know Mr. Latture would give all the girls a treat. Note to "Bangs" McDonald: Was it a show dance for Carry or preparation for a bull fight that had you twirling your babushka like that?

Nancy Pettibone, how's the Brewster boy?

Us Gremlins can't see why singing "Happy Birthday" should make Pauline Wiedman cry.

Why? Helen Blumh, where did you pick up that shiner?

Parsons Relaxes; Neal Opens Boxes

"Providing relaxation for the minds of the cast is the reason I take part in plays," states Merle Parsons who plays the role of Harry, Judy's father in the Junior play. Merle says he likes best the scene in which he argues with Freeman Hover who plays J. B., his boss. He believes that he finds his cues hardest to remember.

Libby Neal gives as her reason for taking part in plays the fact that she intends to make acting her career. The Christmas scene where she opens a lot of pretty Christmas gifts is Libby's favorite. She finds she has no trouble with any part of the play because of her former years in the Drama Club. Libby plays Judy, the lead, in the Junior play Junior Miss to be given December 14 and 15.

Senior Sketches

Getting up in the morning is the pet peeve of Phyllis Burger, daughter of William and Kathryn Burger of 31670 Schoolcraft. Now taking a general course she plans to work in an office after graduation. Phyllis enjoys embroidery as a hobby.

Donna Davy, daughter of Gilbert and Jennie Day of 11401 Ingram in Rosedale Gardens, is taking an apprentice course. Although she signed up for various activities, she was unable to take part in them because she works afternoons at the Perfection laundry.

Carol Hubbell, daughter of Leolda and John Hubbell, 42435 Parkhurst Road near Phoenix, is combining college preparatory and commercial courses but plans to attend business college when she graduates. Her hobby is knitting and her pet peeve is showing off. She is a member of Lams, Girl Reserves, Junior Red Cross, and Library Club and committees for the senior annual, the Junior-Senior play, Senior Prom, and Freshman Reception. She has been a member of Student Council and is treasurer of her class.

CHRISTMAS CARD SUPPLIES ARE LIMITED

To insure your delivery of cards, order them today from the exclusive line of Sidney J. Burgoyne cards at the

PLYMOUTH MAIL

There's a line YOU can join, too.

IT FORMS at the War Bond window of your Bank, Post Office, local department store, or neighborhood movie.

While you're standing on that line, no Japanese snipers will get you in the back. No Nazi hand grenades will come hurtling your way.

You'll be off your line in time for a good meal. And you'll be richer, too. Richer by the

generous interest your War Bond will earn. And richer in spirit for having done your simple duty by the boys on that other line—at the time when they need it most.

The supreme military effort must be backed by a supreme financial effort—now.

Buy that extra War Bond... now.

WAR BONDS—to Have and to Hold

LIDGARD BROS.

This is an official U. S. Treasury advertisement—prepared under the auspices of Treasury Department and War Advertising Council.

A bargain hunter's reasons for buying War Bonds

to help him now

to help us later

I THINK Bob's the bravest man in the world. But I know that he, and the millions like him, can't win this war without money. My money—War Bond money. When I buy Bonds, I feel I'm helping to bring him back sooner. But there's another reason. When Bob comes back, we'll need

money too, a lot of it. Money to tide us over till Bob gets back into the swing of being a civilian. Money to build that house we both dream about. And money to raise a family to fill it. So every bond I buy will give me double value. It will do two jobs—one now and one later. And as an old bargain hunter, I just can't resist a deal like that!
