HATS OFF TO NORTHVILLE.
We have always liked Northville, our up-and-at-'em little neighbor to the north. We like it for worlds of reasons and one of those reasons was aptly demonstrated last Friday night.

Northville, last week dedicated to public use one of the most complete athletic fields in Michigan, a lighted field, that turns night into day.

And how did Northville get that field?
That's easily answered.

A group of citizens decided that the community should have an athletic field, where the school children of the community could play their games, meet their opponents in friendly contests and conduct various athletic events.

They didn't have a location but they knew that Henry Ford owned a piece of ground near his Northville plant that would make an excellent athletic field. They knew, too, that Mr. Ford had always had a very friendly feeling in his heart for Northville. It was the home of his first experiment with a factory in a rural area, where workers "could have one foot on the soil and another in industry."

It proved a great success in Northville. Then, too, Mr. Ford knew lots of the old timers in Northville. Back in the days when he was more active than at present, he would frequently stroll down to the Northville fairgrounds to spend a few minutes visiting with John Tinham, who loved a race horse more dearly than anything else in life. He would sit on a bale of straw and talk for many minutes with this old time fiddler, who spent most of his waking hours caring for some race horse.

He knew "T.G.", as he called T. G. Richardson, pioneer and successful Northville merchant and business man, who always said that Henry Ford would be one of the country's most successful men. His dealings with the Yerkes family, who owned the old mill and water power where the present Ford factory stands, were always of a most satisfactory nature.

So, why not, in view of the longtime friendly relations between the Fords and Northville, ask the Fords for the use of some of their ground for an athletic field, with the first right to purchase?

Yes, came back the immediate answer.
The Northville Exchange club was back of the project and President Sid Frid saw to it that the club donated \$500 to the venture. Business men around town pulled out their checkbooks. George Locke became the general chairman of the project. Village President Forrest Doren saw to it that the village commission did its bit.

Editor William Cansfield, president of the Northville school board, worked in fullest cooperation with the committee. The Northville Downs saw a way to help a worthy community project and made a liberal cash donation, as did the Northville Driving Club, owners of the Northville fairgrounds. Soon Gerald Taft had his trucks and bulldozers rolling. It was but a few days before the field was as flat as a pancake. It was seeded in September, but few thought that grass would cover the field in time for a football game this fall. But even grass seemed to grow in a magic way for Northville, and before the end of the football season, the field was ready for use.

Northville extended to Plymouth high school the courtesy of having a part in the opening of this beautiful, lighted athletic field. Mayor Robert and Mrs. Lidgard, school officials and others of Plymouth were invited to take part in the dedication.

The high school bands of Northville and Plymouth did themselves proud in their parts in the program. The game marked the restoration of friendly athletic relations between Northville and Plymouth.

There now prevails on the part of students of both schools, a mighty fine sportsmanship spirit. That old "bully" spirit, due chiefly to the fact that Plymouth is the larger school of the two, is dead. Congratulations to those associated with the Plymouth high school who have brought about the true spirit that should prevail in student bodies.

It was a most gracious act upon the part of Northville to extend the honor to Plymouth of being the first outside contestant to play on the first lighted athletic field in this part of the state. We appreciate it and we shall respect this courtesy.

Again congratulations to the group of public spirited citizens of Northville for their accomplishment of something worthwhile.

IT'S A REPUBLIC—NOT A DEMOCRACY.

Many Republicans still persist in referring to our form of government as a "democracy," when as a matter of fact it is a republic. It was always referred to as a republic until Woodrow Wilson and some smart leaders in his own party saw a political advantage in calling this country a democracy. The idea has spread and since New Deal days, it has been overworked to the limit by the Roosevelts, Hannegans and other slick politicians.

But we find even some Republicans falling for the slick political use of this word. This is a good time to forget all about "democracy," its strikes, corruption, racial hates, fakes and chiseling.

Voters on November 5, decided to restore the Republic—and a Republic it is from now on.

WHERE WILL IT END?

There is a terrific surge throughout the country against so-called organized labor. No one will deny the fact that much of this hostility was invited by those who are supposed to be trusted leaders.

Where the thing will end, no one knows, but it is evident that the day of reckoning is going to be a tough one for those who have brought the purge upon themselves.

The United States News in a recent issue, made the following comment:

A campaign to outlaw the closed shop and otherwise control the activities of unions is gaining headway in the States. Voters of three States last election registered large majorities in favor of bans on labor contracts that require union membership as a condition of employment, or that give union members preference in hiring. A fourth State already had a similar law. In still a fifth State, the voters approved a proposal requiring unions to register and to publish financial statements.

This campaign is of importance to more than 8,000,000 workers who now are employed under union-security contracts, ranging from the closed shop to preferential hiring of union members. It is the sort of campaign that is likely to spread to other States.

Court tests of all the measures can be expected. In Florida, test of the constitutionality of a State law prohibiting the closed shop already is under way. The unions promise to carry it to the U. S. Supreme Court, if necessary. Joseph Padway, general counsel of the AFL, is planning to contest other such legislation as it arises.

The closed-shop and several other forms of agreement are involved in the constitutional amendments just approved by voters of three States.

Nebraska voters approved a constitutional amendment that goes into effect without further action by the legislature. This

Marvin Criger, Pacific Air Hero To Leave Army

Captain Marvin J. Criger, 648 Dodge street, was released from Fairfield-Suisun Army Air Base, California this week for the purpose of discharge after five years of active duty with the United States Army Air Forces. Son of Mrs. Adella R. Criger of 648 Dodge st., a resident of Plymouth, Michigan, Capt. Criger enlisted in the Flying Cadets early at the outset of the war, and was commissioned a navigator after attending the Hondo Navigation School, Texas in April, 1943.

For participating in combat theatres from Tarawa through to the invasion of Iwo Jima, Capt. Criger was awarded the Distinguished Flying Cross with one oak leaf cluster. He was later recommended for a second cluster for an act of distinction over Iwo, prior to the invasion.

For the Central Pacific, Gilbert and Marshall Campaign, Eastern Mandates, the Western Pacific, and the Air Offensive against Japan, he is the wearer of the Air Medal with 6 Oak Leaf Clusters, the Purple Heart and Battle Participation Stars.

Upon his return from a second tour of foreign combat duty in March of 1945, Criger was reassigned to the Air Transport Command in a Navigator's capacity. In January of this year, Brigadier General Strother, Statistical Control Officer for the West Coast Wing, selected Capt. Criger for duty as a member of his Special Staff.

Capt. Criger at one time during his high school career worked with The "Plymouth Mail" and prior to his entry into the service was with the Prudential Insurance Company. He was also active in Boy's work in the Plymouth area.

Capt. Criger, his wife the former Marie Panatoni and his daughter are returning to Plymouth where they intend to make their home. He will shortly enter business in the Plymouth area, in an entirely new field which will be concerned with services to small business.

Over \$7,577,000 Bet During Races At Northville

The Northville Downs season of night harness racing which came to a close last Saturday night was the biggest operation the sport has ever known in Michigan.

In 57 nights of racing, a total of 203,431 spectators wagered \$7,577,917 on the trotters and pacers to set an all-time state pari-mutuel betting on the sport.

Out of that operation, the competing horsemen and the village of Northville shared in the greatest revenues they have ever drawn from the sport here. Purses, prizes and bonuses to horsemen, drivers and grooms totaled \$274,045.

The village of Northville received \$30,000 from Northville Downs, the amount being equal to approximately one-half of the village's total budget. Northville is earmarking the Downs's payments for new community building.

In addition to the community's share, a group of some 250 villagers received \$67,233.73 as rent for the Northville Driving Club grounds on which Northville Downs operates. The payment is by far the largest ever received by the group in the three years the track has operated.

It is also estimated that Northville residents who worked at the track, sold supplies and operated parking lots made more than \$300,000.

The growth of the track as both a local institution and an important factor in the sport nationally is clearly demonstrated by the records of attendance and mutual handle since General Manager Sam Weidrick launched the operation in the fall of 1944.

When Weidrick opened the Downs, night harness racing with pari-mutuels was completely new to the metropolitan Detroit area. The first night saw fewer than 1,000 spectators on hand, and the mutual handle was just \$9,200.

Twenty-six months later, under Weidrick's guidance along a steady path of improving the quality of racing, increasing purses and expanding the plant's facilities, Northville was able to record its all-time one-night high of \$268,377 wagered by the crowd in attendance at the \$5,000 Michigan Pacing Derby on Friday, Nov. 15.

It was from crowds and mutual play such as this, that Northville Downs was able to make such extensive payments to the village and the villagers this year. The track's mutual average of \$132,946 for this year is second only to New York's Roosevelt Raceway.

EARLY COPY!

Its early copy, please! Very Early!
Members of The Plymouth Mail force desire to eat their Thanksgiving turkey dinner next week the same time you do, so in order to help them do this, it is necessary for The Plymouth Mail to go to press on Tuesday noon and be in the mail that night so you will get your paper bright and early Wednesday morning.

That means that we must have your news, notices, want ads and advertising copy not later than 5 o'clock Monday.

You have always been fine about cooperating in the past, and you may be sure that we will appreciate it if you help out this time, remember, too, that you are giving a lift to both the city and rural mail carriers. They want to eat their Thanksgiving turkey without worrying about what's going to happen the day after.

Deer Hunting Trip Lasts Just Ten Minutes

A deer hunting trip which started in Plymouth last Saturday afternoon at ten minutes before 2 o'clock, ended 10 minutes later at the corner of Sheldon and Six Mile road with a wrecked automobile and painful injuries for Lewis H. Goddard and slight bruises for Russell Daane of the Plymouth United Savings bank.

Three occupants of a car being driven by youthful Detroit residents hurrying to a football game at Ann Arbor, were also injured, one requiring hospitalization.

Both cars were badly wrecked. Mr. Goddard was driving his car a Ford coupe, north on the Sheldon road. As they were passing over the intersection at Six Mile road, the driver of the car coming from the east failed to heed the stop sign at the corner and crashed directly into the side of the Goddard car, knocking it into the yard of the home on the northwest corner.

The driver of the speeding car from Detroit said he failed to see the stop sign until the Goddard car started over the intersection.

The two deer hunters and their car were returned to Plymouth, where Mr. Goddard was given medical attention and the car taken to an automobile repair shop.

While the Goddard and Daane food lockers will contain no venison, there's plenty to eat in the two homes for the present, as the extra grocery supply purchased for the deer hunting trip was not damaged in the accident.

The Goddard crash is the third reported from the same corner in less than a week. There are an accident on the corner Saturday and another Monday, the one Monday ending in serious injury for two persons and almost complete wreckage of the cars.

For those who drive Sheldon road to a considerable extent, the corner at Six Mile road has long been regarded as one of the most dangerous in this part of Wayne county. The stop signs on Six Mile road are seldom observed.

Union Services Planned For Thanksgiving

The annual union Thanksgiving for the Protestant churches of Plymouth, Newburg, and Rose-Care Gardens will be held this year on Thanksgiving Day morning, November 28, at 9:30 o'clock, in the First Presbyterian church of Plymouth.

The Rev. Woodrow Wooley, minister of the Rosedale Gardens Presbyterian church will preach the sermon. The anthem and music for the service will be sung by the combined youth choirs of the participating churches.

The early hour of the service is to make possible attendance at the service for those who plan to go away later in the day, or who must be busy with dinners later in the morning. All people of the community are welcome to this interdenominational worship service.

Home Nursing Course Is Offered By The Red Cross

Red Cross is offering a course in Home Nursing to be given in the evening by a registered nurse, Mrs. George Strasen. If anyone is interested please call Mrs. Charles Brake, phone 758 and further information will be given. The Red Cross will also welcome any one who will do sewing in the Red Cross rooms in the post-office basement any Tuesday or Thursday afternoon from 1 p.m. to 4 p.m. There is a great amount of sewing still undone, please volunteer if at all possible. Call Mrs. Claude Burrows for more information on sewing needs.

JayCees Take Over Christmas Celebration

Big Christmas season plans are being made for Plymouth residents by members of the Junior Chamber of Commerce who will work in conjunction with the city commission in giving this city one of its most gala holidays in more than a decade.

At Monday night's commission meeting, the city fathers gave wholehearted support to the Jaycees for their plans, which were presented by Max Todd, general chairman of the event.

"We want to give the city a holiday season decoration contest to stimulate interest in giving Plymouth stores an outward appearance of the holiday spirit; and a Christmas Treasure Hunt, the last of which was held here more than 10 years ago.

Committees appointed from members of the Junior Chamber of Commerce to make arrangements are, community Christmas tree and program, George Todd; civic and home decorations, Marvin Partridge, Robert McAllister and a Christmas Treasure Hunt, Marvin Terry and Ray Danol; and publicity, John Gaffield and Henry Lorenz.

Jaycees are particularly interested at this time that Plymouthites begin planning their home and store decorations.

"We're going to put Plymouth on the map this year as far as civic holiday beauty is concerned," Chairman Todd declared. "We want every resident to be proud of his city, and we don't want to be second to any of our neighboring communities as far as being decked out in holiday motif is concerned."

What is the coal strike going to do in Plymouth?
Here's a tip. If you use soft coal to heat your home or business place, you had better begin conserving right now.

Plymouth coal dealers have mighty little coal on hand, enough to last possibly two or three weeks or a little longer. But hundreds of people in Plymouth have never been able to get a full winter's supply delivered because of the coal strike last spring.

Neither have Plymouth industries a surplus of coal. The Daisy can get along for possibly three or four weeks. Other local industries can keep going for a week or ten days.

The Plymouth public schools now have no worries about coal strikes when the new boilers were installed last fall change was made from coal to oil heating units.

All in all it looks very much as though everybody is going to suffer because some obnoxious labor boss thinks he is more important than is the government of this country and its citizens.

Coal Strike To Hit Plymouth Hard, Quickly

Anything can happen in Plymouth, it seems.

Some folks can pick ripe raspberries in November, others can dig potatoes in June.

But not many can boast of raising Oriental poppies that blossom out-of-doors during the deer season.

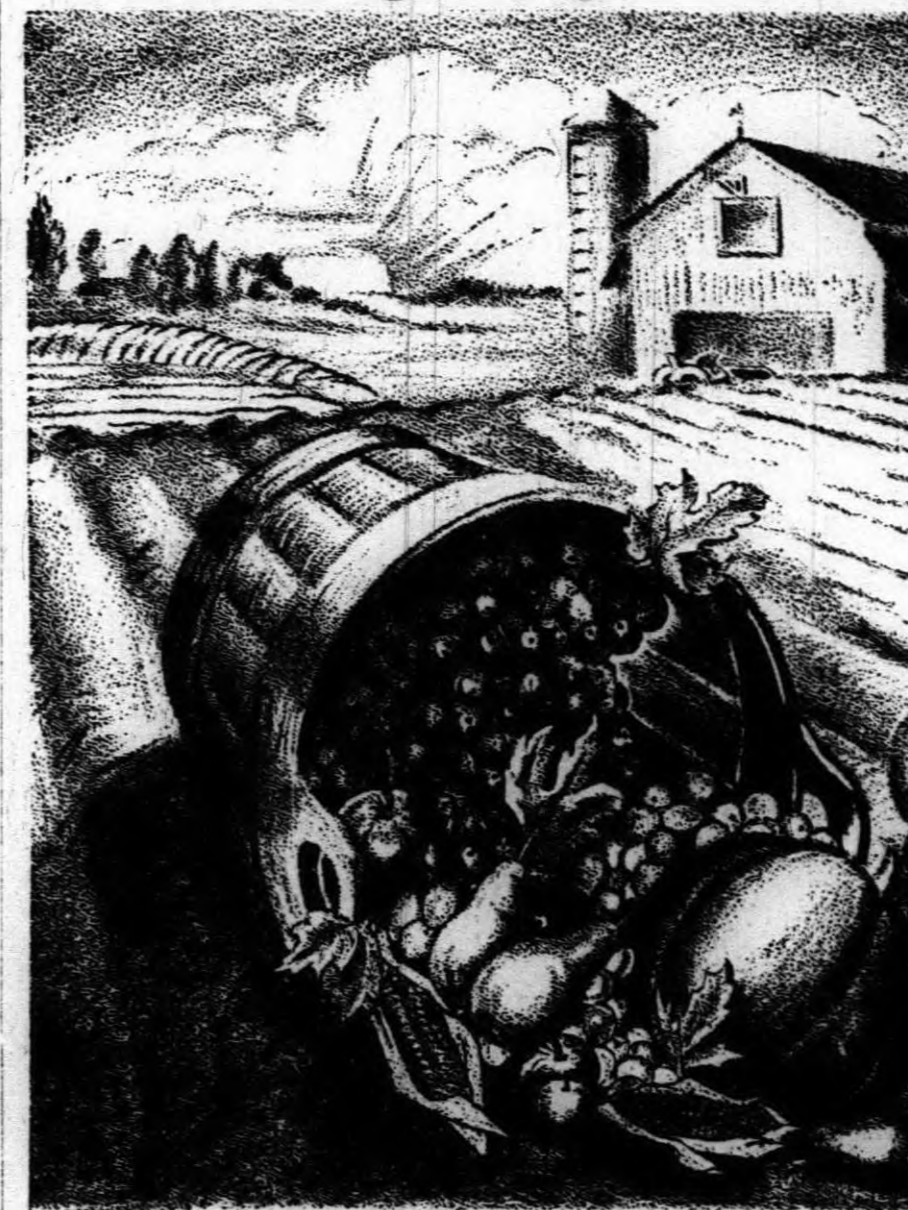

In Mrs. William Squires's flower garden at 492 North Harvey street, she has an Oriental poppy that has been in blossom for more than a week. And on another plant there is a bud that may pop open at anytime, providing it doesn't get too cold.

Florists in this vicinity say that's something new for the books. None of them have ever heard of Orientals blossoming at this time of the year.

Last Friday afternoon at 2 p.m. at the Methodist parsonage, Mrs. Merlia Critcher and Byron Wilkin were married by the Rev. Clifford E. Doty. They are residents of Ford road.

Thanksgiving—1946

THE first Thanksgiving Day was celebrated by the New England colonists after their first harvest in 1621. "Let us come before His presence with thanksgiving and make a joyful noise unto Him with Psalms." This was the theme of our first Thanksgiving, just as it rules as the text for Thanksgiving, 1946.

We have much to be thankful for: A nation that not only is producing enough food for its own, but also to furnish to the starving of other nations. The end of a war and the return of many loved ones. A nation at peace with a world seriously trying to develop a lasting peace formula.

Nearly \$80,000 Mailed to Plymouth Members of Banks' Christmas Clubs

Fortunate Savers Now Have Extra Money to Spend for Christmas

Nearly \$80,000 in Christmas club checks were this week mailed to the members by both Plymouth banks, the total exceeding that of last year by a considerable amount.

Much of this money will find its way into Plymouth stores in immediate purchases of Christmas gifts. Some will be spent for family necessities, and a considerable amount will be used for the purchase of government savings bonds.

While Plymouth Christmas club members went above their average savings in this city, the state as a whole took a drop, standing in last place among the east north central states. Ohio led this group, with a total of \$28,000,000 compared to Michigan's \$8,000,000. Indiana, Wisconsin and Illinois exceeded Michigan's total by many millions.

Six hundred and thirty-five million dollars will be distributed to about eight million three hundred and sixty thousand CHRISTMAS CLUB members by approximately five thousand banking and savings institutions and other organizations during National Prosperity Week, (this week), according to an estimate given out by Herbert F. Rawls, founder and President of CHRISTMAS CLUB, a corporation, in New York City.

The total distribution is 15.7 percent ahead of last year and represents an all-time high for the thirty-six-years-of club operation. The average per-member distribution is about \$100.00 in large metropolitan areas and \$76. for the entire country, as against \$72.00 last year. The total number of individual members participating in this year shows an increase of 766,000 over a year ago.

A recent cross section survey indicates the estimated funds of \$635,000,000 will be used by the recipients approximately as follows:

Permanent Savings	\$203,200,000
Insurance Premiums	76,100,000
Debt Retirement	44,500,000
Year-end Bills	44,500,000
Taxes	63,500,000
Christmas Purchases	203,200,000

In the distribution of Christmas club funds this year, New York state leads the other states with about \$176,000,000, the estimates for Pennsylvania are \$78,000,000, for Massachusetts, \$63,000,000, for New Jersey \$49,000,000. New York's Metropolitan area will receive about \$10,000,000. The Bank of America N. T. & S. A. has about \$12,500,000, for 125,000 members in California. The Bank of the Manhattan Company has \$6,200,000 for 65,000 members enrolled in 49 offices in Greater New York. The Seamen's Bank for Savings in New York City has an approximate total of \$5,550,000. The Dime Savings Bank of Brooklyn \$3,280,000; the Howard Savings Institution of Newark, N. J. \$2,800,000; in Hudson County, N. J. the Trust Company of New Jersey and the Hudson County National Bank each have about \$2,250,000.

Plymouth Has New Policeman, City Assessor

Plymouth has a new policeman. He is Raymond D. Rogers, 23, of 43065 Joy road, an honorably discharged Marine and former military policeman. He began duty on the night shift this week, according to Chief Lee R. Sackett.

Chief Sackett said his new officer was well qualified to join the department and was a welcome addition. Invaluable experience was gained by Rogers while serving as a military policeman. Since being discharged he has been employed as a guard at the House of Correction, said Chief Sackett.

Coincident with that announcement was another by City Manager Harold R. Cheek that he has reappointed Arno Thompson, former night police switchboard operator, as city assessor and deputy city clerk. Mr. Thompson began his new duties this week also.

His appointment was made possible, City Manager Cheek pointed out, by the Plymouth voters' acceptance of the proposed changes in the city charter at the election two weeks ago. One of the seven charter amendments which the voters accepted provided for the appointment of a city assessor and deputy clerk, Mr. Cheek said.

Mr. Cheek also reported that in keeping with the charter changes he also had formally appointed the present city treasurer to that office.

Plymouth Police Baffled by Band Of Bold Burglars

Since last week Tuesday night, Plymouth has been the scene of a series of breaking and enterings which have the police baffled.

The recent wave of violations borders more on vandalism than crime, although in some cases considerable money has been stolen.

All robberies have taken place at night, Chief Lee R. Sackett, of the Plymouth police, said no clues had been discovered at any of the establishments which have been entered.

His men, Chief Sackett said, were working on the cases but seemed unable to get any idea who might be responsible. He said there were no suspects.

The burglars began Nov. 12 when Hines & Owens Shell Station and Kaiser-Frazier Auto Agency were entered between 2:30 and 5 a.m. and \$100 taken from the cash register. Entrance was gained by smashing a window.

Two nights later, on Nov. 14, the Starkweather school was entered through the rear door. Some change was taken from various desks and several doors jimmied in an effort to enter rooms. Those responsible broke two windows in a vain attempt to get in the building. They finally knocked the glass from the rear door and unlocked it from the inside. No other damage was done nor was anything missing.

The very next night, Nov. 15, the Kasco Feed Store was broken into and \$50 taken from the cash drawer. Police said the job was done while the proprietor was attending the Plymouth Northville game at Northville. Entrance was gained by knocking the glass from the front door and unlocking it from the inside.

Police believe the party or parties were scared away as an envelope in the cash drawer which contained silver money was overlooked. The owner discovered the burglary following his return from the game.

Two nights after that, on Nov. 17, or last Sunday night, the Liberty Street Hardware Store was entered, but the burglars only got into the basement. Nothing was taken.

Some windows were broken but locked doors from the basement into the store thwarted their attempts to burglarize the place, police said.

Chief Sackett pointed out that the store owners could aid his men by being sure their places of business were properly locked. During October, 28 stores were found unlocked by patrolling policemen.

D.A.R. Aids Many Worthy Causes

The Sarah Ann Cochran chapter of the Daughters of the American Revolution met with Mrs. Blanche Daniels Monday afternoon. An original and timely poem, entitled "A Thanksgiving Prayer" by the Chaplain, Mrs. E. J. Cutler, was read.

Mrs. Earl Mastick, regent of the organization, announced the offer of cash awards to pupils of the Northville and Plymouth high schools for excellence in American history and the flag essay contest.

Mrs. Harry Deyo reported that the bridge parties given by the members in both Northville and Plymouth netted over \$150. This amount will be given to The Leader Dog League.

Mrs. Carl Bryan of Northville gave a fascinating review of the book, "The Delta Wedding" by Eudora Welte. It is a southern story intimately portraying the charm of family life in Virginia.

Many cancer pads were completed by the ladies during the afternoon. A sizeable donation was also contributed for the mountain schools of the south, which are being aided through efforts of the D.A.R.

City Water Tank Gets Inside Job

Plymouth's municipal water tower has had its insides scraped clean painted. A small amount of exterior repair also was done but the major portion of that will not be started until next spring.

The interior cleaning and painting operations on the tank were completed last week Tuesday. The tank is once again in operation.

City workmen explained that the flood of plumbing ills sweeping Plymouth home owners could be traced to the high pressure of the water. This was due to the tank being out of commission during the cleaning job which made it necessary for the water to be pumped directly into the lines. The city is sorry for any inconvenience suffered by home owners and promises that it won't happen again, ever.

WHAT I THINK

(Continued from page 1)

amendment prohibits "the denial of employment to any person because of membership or nonmembership in a labor organization." It also prohibits unions and employers from making oral or written agreements to exclude someone from employment because of membership or non-membership in a union.

Arizona adopted an amendment along the same lines, except that action by the legislature is required.

South Dakota, which already had a law on its books to prohibit the closed shop, reinforced the law with a constitutional amendment guaranteeing the right to work regardless of membership or nonmembership in a union.

At least four types of union contract seemed to be covered by these amendments. The closed shop requires that only union members be hired. The union shop forces all employees to join the union within a specified period after being hired. The maintenance-of-membership clause, invoked frequently by the War Labor Board, requires that employees who remain in the union after an "escape period" continue to pay union dues as a condition of employment. A preferential-hiring clause pledges the employer to hire union members if the union can supply them.

Another form of restrictive legislation aimed at unions was approved by a two-to-one margin by Massachusetts voters. Unions conducted a vigorous campaign to keep it off the books. The law includes these provisions:

To operate as a union, an organization must file a list of its officers, a statement of its aims, the scale of dues, initiation fees, fines and assessments for members, and the salaries which are to be paid to its officers.

Annual reports must be filed with the State on the money collected and spent by the union. An itemized list of expenditures, including the names and addresses of persons receiving payments and the amount paid to each, is required. These reports are to be open to the public.

Subpoena power is given to the State commissioner of labor and industries to require the presence of union officials and the production of books, papers and documents.

Violations of the law or the filing of a false statement may be punished by fines of from \$50 to \$500.

This law has the implied blessing of the State Supreme Court. On the eve of the election, the Court refused to enjoin the vote on this measure, as requested by unions. The Court held that the "mild regulations" contained in the bill would be amply justified in the constitutional sense by the great power wielded by a labor union, and its capacity for harm if that power should rest in irresponsible hands and be exercised without public scrutiny.

WEDDINGS

Windsor Girl Becomes The Bride of George R. Williams

The evening of Saturday, November 16, marked the wedding of Dorothy Bain, daughter of Mr. and Mrs. John Bain, of Windsor, Ontario and George Russell Williams, son of Mrs. Arthur Williams of Plymouth, and the late Mr. Williams, which took place in the home of the bride's sister, Mrs. A. Glenn Wilson, in Pontiac.

The Rev. Ralph Claggett of the Congregational church of Pontiac, presided at the nuptials. A street length gold wool crepe dress with nailhead trimming, brown accessories and corsage of Talisman roses completed the bride's costume.

Ysobel A. Carter, of Windsor, a niece of the bridegroom, was the bridesmaid. She wore a pink wool crepe dress with navy accessories and corsage of pink roses.

The bridegroom was attended by his nephew, John A. Carter, of Windsor.

Mrs. Bain wore a gray wool dress with touches of red and a red rose corsage. Mrs. Williams chose a blue crepe with a yellow rose corsage.

A four-tiered wedding cake graced the lace covered table and mums and leaves in the autumn shades were used in decorating for the reception following the ceremony.

Mr. and Mrs. Williams left that evening on a short motor trip, after which they will reside on Gyde road, Plymouth.

Announce Engagement Of Garden City Couple

Mr. and Mrs. Ollie C. Schultheiss, of 33626 Donnelly, Garden City, are announcing the engagement and approaching marriage of their only daughter, Edna Louise, to Burton R. Higgins, son of Mr. and Mrs. Alfred Higgins, of 9000 Louise, Garden City.

Miss Schultheiss, a lifelong resident of Garden City, graduated from Fordson High school in 1943. She is now employed as an IBM operator for the Ford Motor Co., at their main office.

Mr. Higgins was recently honorably discharged after serving 41 months in the Marines. He was discharged as a corporal. Most of his military service was overseas, particularly in China.

No date has been set for the wedding but friends hint that it will be during the coming holiday season.

James Heller Weds Delaware Girl

Mrs. Leila Heller of Brush st. announces the marriage of her son Sgt. James Heller of Ft. Miles, Delaware to Miss Mildred Baker, daughter of Mr. and Mrs. Gardner of Dagsboro, Delaware. The ceremony was read by Rev. Ross Friday, November 1 at 2 o'clock in Bethel Methodist church at Dagsboro.

Before the service was pronounced Mrs. Dolores Evans sang "Because." She was accompanied by Mrs. McCoy Jones.

The bride wore an aqua blue dress with black accessories. Her sister, Mrs. Hilda Tingle, acted as matron-of-honor and wore a gray dress. John Knowles of Ft. Miles was best man.

After a reception which was held at the home of Mrs. Tingle, the young couple left on a wed-

ding trip to Baltimore, Maryland and Washington, D. C.

Sgt. Heller attended Plymouth high school and for a time was employed at Ken and Orks. He will be released from the service in February and will bring his bride to Plymouth to visit his mother at that time.

Berdina Ballen Becomes Bride of Harland Thorne of Ypsilanti

At a candlelight service in St. Peter's Lutheran church, Saturday, November 16, Berdina Marie Ballen, daughter of Mr. and Mrs. Eli Ballen of Newburg road, became the bride of Harland E. Thorne, son of Mr. and Mrs. Ernest Thorne of Ypsilanti. Rev. Edgar Hoenecke performed the double ring ceremony.

The bride, who was given in marriage by her father, wore a cinnamon brown gabardine suit with a matched felt hat. Her flowers were gardenias and white button mums. Her sister, Olena Mae, was her only attendant, and she wore a red gabardine suit with black accessories and a gardenia corsage.

The bridegroom chose his brother-in-law, Ralph Maxley, of Ypsilanti as best man.

For her daughter's wedding Mrs. Ballen chose a black crepe dress and wore an orchid corsage while Mrs. Thorne wore a royal blue with an orchid.

Following the service, a dinner was served to forty guests at Black's White House at Novi, after which the young couple left on a motor trip to New Orleans and St. Petersburg, Florida.

Fool me once, shame on you. Fool me twice, shame on me.

The Gospel

The word "Gospel" is defined in the Bible in I Corinthians 15:1-4. Paul says that "Christ died for our sins according to the Scriptures; and that He was buried, and that He rose again the third day according to the Scriptures." The Gospel then is the death and resurrection of Christ.

His death was actual. He did not swoon on the cross and revive in the coolness of the tomb as some believe. Moreover, His death was not for Himself, it was substitutionary, since it was "for our sins." His death was foretold, for long before He came to Bethlehem's manger, the Old Testament prophets prophesied of His sufferings. Unlike others who come into this world to live, He came to die.

He "was delivered for our offenses and raised again for our justification." (Romans 4: 25) "Believe on the Lord Jesus Christ and thou shalt be saved." (Acts 16:31).

Can You Answer Pastor's Query?

Rev. R. E. Prince of the Elm Baptist church in a communication to The Plymouth Mail, asks a question that maybe the reader can answer better than The Plymouth Mail. His letter follows:

Dear Editor:
I am not aware whether you print letters from the people or not, but I do wish that you would print this one.

I think that some attitude should be taken by those who still cherish the ideals on which our nation was founded. The matter to which I refer is, the High Schools sending their bands to Briggs Stadium on a Sunday afternoon to furnish entertainment for the Detroit Lions football game.

As a pastor, I know that this involves more than just ignoring God's will in keeping of a day of "Rest and Worship." Our young people, who are in the band, usually are absent from the worship services of that day. Also, it is helping to build into the minds of young people, the idea that the Lord's Day is a time for a holiday spirit instead of a Holy Day spirit. Our nation was built on the recognition of a "Day of Rest and Worship." Again, what right do the Detroit Lions have to use our public schools to further a purely commercial enterprise?

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

In Memoriam

In loving memory of our son P. F. C. Donald Fredrick Hunter who gave his life for his country November 22, 1943 at Tarawa. Three years have passed since you have gone. Time does not heal the pain, what we would give if you were back. Oh God! Is this in vain? Some day we hope to meet you. Some day we know not when, to clasp your hand in the better land, never to part again. Sadly missed by his parents, Mr. and Mrs. Harry Hunter.

Car Is Wrecked, But He Gets Deer

William Morgan, 659 Ann street, was fortunate last week Thursday night when driving to his deer camp near Wolverine to escape serious injuries when the car he was driving overturned and was completely wrecked. How he escaped injury he is unable to figure out. He was alone when the accident took place, but was able to crawl out of the car which had rolled over on the side of the paving.

Passersby picked him up and took him to the camp, located only three miles from where the accident happened. Arrangements were made to have the car towed back to Plymouth, where repairmen say that it is a complete wreck and cannot be repaired.

Mr. Morgan remained in the camp hunting for two or three days and came home to Plymouth early this week with a deer.

Father of Mrs. John Straub Dead

Mr. and Mrs. John Straub have returned to their home in Plymouth after attending the funeral of Mrs. Straub's aged father, William Boyce, who died recently in Indianapolis, Indiana at the age of 94 years.

Indianapolis papers published much interesting information about the trials of the Boyce family after it had moved from Milwaukee, Wisconsin to Booneville, Missouri.

The father of Mr. Boyce in 1881 had voted for Abraham Lincoln down in Missouri. Because he had favored the election of the anti-slave candidate, for president the Boyce family was driven from Booneville and was forced to leave their new home during the night. They piled what few possessions they had into a wagon, hitched a mule to it, and drove to St. Louis.

Later the family moved to Indianapolis, where it has since resided. The father was for years employed in the glass bottle manufacturing industry.

Besides Mrs. Straub of this city, three sons and three other daughters survive. Most of the members of the family live in Indianapolis.

Patrick Is First Plymouthite To Bring Buck Home

William Patrick, of 432 West Ann Arbor trail, was the first Plymouthite to return home with his buck this year and report the fact to The Mail.

Maybe there was someone else who got back before "Bill", if so they failed to call. So Bill has the number one spot on our official list of returning nimrods who bagged a buck. Canadian deer do not count.

He returned to Plymouth last Sunday morning. His buck is a beautiful six-pointer, weighing 180 pounds. It was shot at 7:30 a.m. Saturday, the second day of the season, near Alpena.

Bill said the buck was running when he sighted it. His first shot missed but the second at about 100 yards dropped the buck in his tracks and he never moved again, the hunter said.

The party of which he was a member included his father, Eugene, and another, Walter. They left Plymouth the day before the season opened. He was the only successful hunter in this party.

Monday morning Bill Rambo pulled into town with four deer adorning his car. They had been shot near Lewiston by members of the Rambo party.

But is his face "red." "Big Bill" didn't get a deer, although his wife did.

Mrs. Rambo got her deer Saturday, as did Russell Powell. Estel Rowland bagged his early Friday morning and Don Lightfoot got his Friday afternoon.

Mr. Rambo and Dutch Schuette were the only members of the party who did not get a buck. They saw some but none that offered a good shot.

Letters from Glenn Smith, who has been spending the fall at his cottage near Baldwin, advise that he got his deer on the opening day of the season.

It is known he has been feeding a big buck in his backyard all fall, but he went hunting some eight or ten miles from his cabin and shot the six pointer right in the same spot where his son "Tip" has shot a buck each year for the last half dozen years.

Mr. and Mrs. Clifford Smith are leaving Saturday for Baldwin where they will spend next week deer hunting.

Told that members of the supreme Court were scheduled to pay their annual visit, in long coats and striped pants, President Truman rushed from the executive offices to the White House, and made a "fireman's change" in order to greet the dignitaries in the same kind of attire. The 9 jurists arrived in business suits.

No Monopoly For One Taxi Service

The Plymouth City Commission last Monday night granted Elmer Austin permission to use the taxi stand on Penniman avenue adjacent to the Plymouth United Savings Bank.

They specified that his company, the Austin Taxicab Service, could use the stand on a day-to-day basis only. Permanent use of the stand was not granted because there is a possibility that two veterans will place taxis in service on local streets in competition with Mr. Austin's firm.

If they do, the use of the stand would have to be for all taxis on an impartial basis, the commission decided. City Manager Harold R. Cheek reported to the commission that he has issued taxi permits to two Plymouth veterans who will each go into the taxi business for themselves if they can obtain the proper equipment.

All taxi permits now in effect will have to be renewed at the first of the year, City Manager Cheek said. They are granted only for a year at a time and expire every Dec. 31. There is no ordinance in Plymouth regulating the number of taxis.

Librarian Named to Important Committee

Katherine Ashley, head of the extension department of the Wayne County Public Library, has been appointed to serve on the subscription books committee of the American Library Association. This committee evaluates and compares encyclopedias, dictionaries, and other reference books issued during the year, to determine accuracy and usability both for library use and for home purchase.

Their findings are published in a pamphlet, "Subscription Books Bulletin," which is available in public libraries throughout the country. Many people in Wayne County, confronted with the problem of purchasing a home encyclopedia, have secured reliable information from the Wayne County Public Library through this publication, according to Walter H. Kaiser, county librarian, who says, "The library is pleased to give this service to all who wish it."

THE NEW CP GAS RANGES CERTAINLY MAKE COOKING EASY

1 Cooks without a look! Modern automatic cooking reaches a new peak of ease and convenience on a new automatic Gas range built to "CP" standards. An ingenious Clock Control turns the Gas on...cooks a delicious oven meal...turns Gas off...all while you're miles away!

2 Bakes like a dream! Cakes come out light and luscious...roasts shrink less, are wonderfully tender. For a new Gas oven is automatic! It stays at the exact temperature you set it for. And being Gas, it's ventilated...so that it browns evenly on any level...bakes perfectly in every corner.

3 Clicks to simmer in a second! Top-of-stove cooking is the fastest ever! Just flip the valves and these Gas burners instantly light to high-heat...another flip and they're automatically set on slow simmer. Yes, and there's no wasteful afterheat, long after you turn them off. Non-clog—so they're cleaner, too!

4 Flame-broils for flavor! A smokeless Gas broiler really broils! Whether it's golden rich chicken or luscious, crusty steak...the flexible flame does it up brown! So remember! For superb cooking performance plus every available automatic feature—a new Gas range with the "CP" seal is tops. How about choosing yours, today?

★ Only Gas Ranges Built to the Highest Standards of the Association of Gas Appliance & Equipment Manufacturers bear a "CP" Seal in addition to their own brand name.

Ann Arbor Choir Festival Sunday

The sixth annual choir festival to be presented by churches in the Ann Arbor District of the Methodist church, will be held in the First Methodist church of Ann Arbor at 7:30 p.m. on Sunday, November 24.

Twenty-one from as many churches, representing a total of more than four hundred and seventy-five singers, will assemble from Ann Arbor, Belleville, Dearborn (Van Born), Denton, Dixboro, Dundee, Flat Rock, Franklin Village, Garden City, Howell, Hudson, Manchester, Milan, Monroe, Northville, Plymouth, Trenton, Wayne, Wyandotte, and Ypsilanti.

Nine choirs, those from Ann Arbor First Methodist church, Belleville, Franklin Village, Howell, St. Paul's church of Monroe, Plymouth, Trenton, Wayne, and First Methodist church of Wyandotte, will present individual numbers, and the choirs of all of the participating churches will unite in singing a group of anthems.

The affair is sponsored by Rev. Luther Butt of Ypsilanti, District Superintendent of the Ann Arbor District of the Methodist church, and is under the general direction of Hardin Van Deursen, of the University of Michigan, Director of music in the First Methodist church of Ann Arbor, and Dean of the Bay View Summer College of Music.

Sister Kenny Fund Drive OK'd

Permission has been granted the Sister Elizabeth Kenny Foundation, Inc. to solicit funds in Plymouth for the remainder of this month and up to and including Dec. 7. The City Commission voted unanimously last Monday night to allow such a campaign.

Just how it is to be conducted

is yet unknown to City Manager Harold R. Cheek. It may be through a house-to-house canvass or canisters in stores and at theaters, but is not certain just what method is to be used.

The Sister Kenny Foundation is for the relief and research of infantile paralysis and is similar to the Warm Springs Foundation created by the late president.

The Plymouth Mail Want Ads Bring Results

They're making "tracks"

for more telephones in PLYMOUTH

A good many folks are still waiting for telephones here, simply because we haven't the wire and cable we need to connect their homes with the central office.

We've ordered enough to give service to everyone who is waiting. But, continuing material shortages have seriously slowed production. It may be some time before we receive it. And—then—we'll need time to install and connect it into the system.

In an all-out effort to install telephones for as many waiting applicants as we can, we have loaded our present facilities to the hilt. If you are waiting for a telephone, you can be sure your order will be filled in its proper turn as soon as equipment is available.

Meanwhile, our facilities are serving more telephones and handling more calls than ever before, which means that service for everyone may not always be as good as we want it to be. We're sorry when that condition occurs, but you can be sure that we are doing our best to get additional equipment as soon as possible.

How to Roast That Big Turkey

About roasting that Thanksgiving turkey next week! Old Dad Plymouth has got a word or two to say.

No, he's not a cook, but he surely knows his ABCs about roasting turkey. Why wouldn't any person who lives in a town named Plymouth, know all about it? Didn't the turkey roasting business on Thanksgiving originate in Plymouth?

Be that as it may, here's Dad Plymouth's tips about what to do and what not to do when roasting that turkey next Thursday.

Crisp and brown on the outside, tender and juicy on the inside—is that the way you want your Thanksgiving turkey?

Select a young, plump, well-fattened bird for roasting says Dad Plymouth. Buy one which will allow ¾ to 1 pound for each person. This amount is based on the dressed weight, not the drawn weight. A 15-pound dressed turkey makes about 20 generous servings.

Roast young birds on a rack in a shallow pan without water and without a cover. You can avoid over-cooking the breast by starting the bird with the back up and breast down.

To cook the whole turkey evenly, turn and baste every half hour. Turn from one side of the breast to the other, then breast up, and repeat. If the bird is large, 12 to 20 pounds, turn every hour. To turn the bird, lift it by the head and feet with a cloth or paper towel. If you use a fork, it will break the skin.

How long you will cook the

Skating Party Planned by Band

The Plymouth High school band, which played last Sunday at the professional football game in Detroit at Briggs Stadium, plans to sponsor a roller skating party next Monday night at the Riverside Arena.

The skating begins at 7 p.m. and lasts for two and one-half hours. Members of the high school faculty will chaperone the party. All high school age youths are invited to attend and help the band.

The United States Navy added 70,000,000 horsepower to its fleet during World War II, equal to the total horsepower of the entire United States light and power industry.

Look ahead to Something Great

Put to you straight, the story's this:
 No car made today is coming to you fast as its makers would like.

It stands to reason that the car most wanted is not going to be the easiest to get.

But that car will have what you're aiming for.

Style that's no mere one-year wonder—but smart and clean and right in a way that lasts.

Power—plenty of it—a big bonnetful of Fireball straight-eight power, smooth as cream pouring from a pitcher.

Size and roadability and easy-handling—this car will be a travel-wise honey that hugs the road as though it loved it!

There will be smoothness and steadiness you haven't known before—and putting it all together for you a hard-driving production outfit that's staging a notably successful battle against shortages and slow-downs.

If it takes longer to get a Buick than anyone thought a few months back, it has also proved itself as a whale of a lot more automobile than folks expected!

So skip today—give a thought to tomorrow—and plan ahead for something good.

Get your money down on a Buick, available for future delivery—with or without a car to trade.

When better automobiles are built
BUICK
 will build them

What Other Car Has So Much That Clicks For Forty-Six!

SMARTNESS—that sets the style pattern with car-length Airfall fenders and bolt-on rear wheel shields.

POWER—from a Buick Fireball valve-in-head straight-eight engine.

OIL SAVINGS—from non-scuffing Accurite cylinder bores.

FLASHING ACTION of Filte-weight pistons.

STEADINESS—from full-length torque-tube drive in a sealed chassis.

GLIDING RIDE—from Panthergait all-coil springing.

COMFORT—of soft Foamex® cushions in roomy Body by Fisher.

SURE FOOTING—of Broadrim wheels.

CONTROL—through Permi-firm steering.

CONVENIENCE—of high-leverage Step-On parking brake.

PROTECTION—of Buick-orig-nated fender-shielding front and rear bumpers.

THE PICTURE IN STEEL
 1939 vs. THIRD QUARTER 1946

PRODUCTION UP 55%

WEEKLY WAGES UP 63%

STEEL PRICES UP 18%
 OR LESS THAN HALF A CENT PER POUND

STEEL MILLS are working day and night. Steel production is setting peace-time records. This is good news for you.

In one way or another steel helps make almost everything you use—cars, washing machines, refrigerators and countless other things.

By pushing its production to record-breaking volume, the steel industry is helping hundreds of other industries get going.

However, the mills are not yet able to supply the full demand for steel. This is largely due to the loss of 12,000,000 tons of steel production this year from strikes in steel, coal and other industries.

The mills are trying hard to make up the lost output. If the present production pace can be continued, there should be enough steel for normal needs before many months are past.
