What I Think and  
Have A Right to Say  
By ELTON R. EATON

VOTE MONDAY—ITS YOUR RIGHT AND YOUR DUTY.

Maybe Monday's election doesn't seem so important to you—not important because we are not electing a president or a governor.

But it is IMPORTANT—any election is important. We have a number of city commissioners to elect in Plymouth. Then, too, there are a number of important state officials to be elected, as well as two members of the Michigan supreme court.

So you see it IS IMPORTANT. We are all vitally concerned about affairs in Plymouth. We are vitally concerned about Michigan educational affairs—about our great University. We are vitally concerned about keeping high type judges on our supreme court.

Michigan, fortunately, has been blessed over the years because it has had and now has some of the ablest men in the state as members of the supreme court.

Judge Emerson Boyles and Judge Neil Reid possess that "pro public" attitude which is so highly important in these trying days. They have made outstanding records and are entitled to the vote of EVERY citizen of Michigan.

So you see Monday's election IS IMPORTANT. Let's show the rest of the state that the citizens of Plymouth and the surrounding townships are not only good citizens, but that they believe in exercising their right to vote. Let's make the totals look just as big as they do at elections when we elect a governor and president.

YES—IT WOULD BE A GOOD THING.

There has been some discussion since the recent television of the crime hearings in New York, Washington and elsewhere that it might be a good thing if sessions of congress, of the legislatures throughout the country and even criminal trials in the courts, could be televised.

We are very much in favor of the proposal. We think it would be an excellent thing as it would permit the public to not only hear but SEE what fools some of our so-called "public servants" make of themselves.

The public has had a real opportunity to see the type of people who have been dictating to politicians in New York city and elsewhere. While we've read about the political tie-ups of these crooks and high up officials in the past, there was something about the television of the looks, the conduct, the sound of their voices, their defiance, their evasive answers, that was so sickening that we wonder why the public will permit a single one of these officials to remain in office for a single minute.

Yes—we are very much in favor of televising the meetings of all highly important legislative groups — and court trials, too.

It seems that there have been MANY of our "holier-than-thou" judges who have been revealed as having pretty dirty hands. Maybe if some of these judges thought the public was looking in on their ways of conducting court sessions—they, too, might be jolted into serving the public interest instead of bending over backwards to find some technicality upon which to turn loose notorious crooks.

HIGH TYPE CANDIDATES.

Fortunately for the good of Michigan, the Republicans at their recent state convention nominated and re-nominated a group of exceptionally high type candidates. Among those named is Lee M. Thurston, who has served so well as superintendent of public instruction. Mr. Thurston, as well as some of the other candidates, is well known in Plymouth. Not so long ago he gave one of the most interesting discussions on present day educational problems, before a local luncheon club, that was ever heard in this city. Like any other country-wide famed educator, he is a tireless worker. No selfish pressure groups had any part in the nomination of these candidates and Plymouth will be doing well by giving them an overwhelming vote.

RIGHT WHERE HE BELONGS.

Alger Hiss is now behind prison bars—thank fortune and the repentance of Whittaker Chambers for that. Hiss can thank his lucky stars that he wasn't hanged by the neck for what he did.

In this connection we note that "they" are throwing a lot of bouquets at Larry Parks, a movie actor, for confessing that he, too, was a member of the Communist party for some five or six years.

We can't quite agree that he is entitled to these kind words, because he didn't make his "confession" until he was smoked out.

In the case of Whittaker Chambers, he went voluntarily to the authorities, who not only laid every stone in his way that they could, but berated and condemned him as no other person had ever been condemned before. But Chambers did not relent in his efforts to expose Hiss and all of his fellow conspirators — with the result that Hiss is now in prison.

We think maybe the praise, if any is to be bestowed, should be upon Chambers rather than Larry Parks.

IT IS COMMON WASHINGTON PRACTICE.

The good old Free Press the other morning said it was an insult for our Washington administration to permit "Ambassador" O'Dwyer to continue as the representative of this government to our friendly republic to the south.

We quite agree with the Free Press — but by this time the Free Press should know that insults out of Washington these days are quite the common thing. So why expect anything different?

WHAT GOES ON HERE?

Members of the American Legion organization of Plymouth and elsewhere are doing a pretty good job in emphasizing the necessity of keeping an eye on the activities of Communists and other left-wingers in these trying days.

These patriotic American citizens have requested The Mail to publish the following guest editorial, which pretty well points out what is going on in this fair country of ours. It follows:

While Communists in Korea were mounting their big offensive which meant death to hundreds of American boys, Communists in America were holding a national convention in New York City.

This convention was supposed to be secret, but the newspapers and radio told about it, reporting plans made to sabotage the re-armament effort and conduct underground fifth column activities.

There is a law, enacted by the last session of Congress after years of American Legion urging, requiring all members of the Communist Party to register with the Department of Justice. Not one Communist has registered, so every delegate attending that convention was in open and flagrant violation of the law.

No arrests were made. No one seemed to care that these Communists were meeting to get their orders from Russia on how best to stab America in the back—planning for the day when they can strike from within while their Russian comrades strike from without.

There may be reasons, of course, why the F. B. I. did not close in on the Communist convention. Perhaps the real leaders of Communism in America weren't there, just expendable small fry. Perhaps it was smarter just to watch and leave the convention unmolested, but to an ordinary citizen it (Continued on page 3)

Orchestra Goes Into Last Rehearsal

Voters Go To Polls Monday

Director Paul Wagner, left, and soloist, Josef Lazaroff, right, and members of the Symphony Orchestra are shown putting the final touches to the concert program. The Orchestra will perform the last concert of its fifth season this Sunday afternoon.

Season Closes  
For Orchestra  
In Last Concert

The last concert of its season will be presented by the Plymouth Symphony Orchestra Sunday, April 1 at 4 p.m. in the high school auditorium. This is the fifth season of the Symphony Orchestra.

The Orchestra, under the direction of Paul T. Wagner, and Josef Lazaroff, soloist, is making extensive plans so that this final concert will be most delightful and intriguing to the concert-goers.

Included in the program will be the Violin Concerto in E Minor by Felix Mendelssohn, Beethoven's Fourth Symphony and the Cello "Suite for Strims." As a final encore, the Orchestra will play the popular waltzes from Eugene Onegin by Tchaikovsky.

Concert master of the orchestra, Josef Lazaroff, is well known to Plymouth concert-goers.

Plymouth can be proud of its cultural progress in the past year and equally proud of its fine orchestra and the people who make possible such a program of fine orchestral music. There are few communities the size of Plymouth that can boast of having its own symphony orchestra.

The concert is free to the public and all are cordially invited to attend.

After the concert, a tea will be given for the concert-goers at the Veterans' Memorial Center. Dr. Andrew Vargha is tea chairman.

Celebrate Unusual  
Birthday Anniversary

A once-in-a-lifetime birthday was celebrated by Mrs. William Y. Clark, 693 Burroughs street, on March 25. The day was Easter Sunday and according to the Dunning Library, Easter will not fall on that date again until after the year 2000. The last year in which the days coincided was 1894.

Salvation Army Leader Declares  
Kefauver Not First to Warn of Sin

Senator Estes Kefauver is not the first good citizen of this troubled world to go about pointing out the sins of those in high places.

"Our Saviour did the same thing during the time he was on this earth," asserted Captain William Roberts of the Plymouth Salvation Army in his Good Friday message to members of the Plymouth Rotary club last Friday noon.

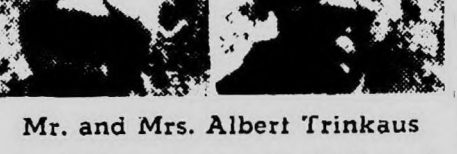

"It was not afraid to do his duty as he saw it—and at the same time to sow seeds of good will, help the afflicted and preach the message of hope for all mankind," said Captain Roberts.

Plymouth knows the Salvation Army Captain and his faithful band of followers chiefly for their work in giving bread and other food to the hungry, clothing to those in need, ministering to the sick, and bidding God speed to Plymouthers who are being called into the military services of our country.

Captain Roberts pointed out to the Rotarians that in addition to all of these charitable duties carried on by the Salvation Army in Plymouth that its members, too, go about preaching the doctrine of the Lord who said there was hope and a better life for all of those who believe "and our Easter message to you is a message of hope and cheer," he added.

Captain Roberts was introduced by President Robert Willoughby of the club after the President's youthful son, Robert Jr., had led the club in its usual musical program.

Couple Wed Steel Beam Comes  
For 70 Years a Long, Long Way

Mr. and Mrs. Albert Trinkaus

Last Thursday was the 70th wedding anniversary of Mr. and Mrs. Albert Trinkaus, who reside on 1032 N. Holbrook avenue.

Mr. Trinkaus was 95 years old on January 24, and Mrs. Trinkaus was 92 on last November 9.

The elderly couple will not celebrate their anniversary, because Mr. Trinkaus is confined to his home with an attack of flu.

Mr. Trinkaus possesses the honor of being the oldest Odd-fellow in Michigan.

The couple have three living children, who are Earl Trinkaus of Northville, Mrs. Robert Danham of Pontiac, and Mrs. Robert S. Todd of Plymouth. They also have four grand-children and five great grand-children.

Mr. and Mrs. Trinkaus have been living at their present address for 52 years.

John Patterson  
Dies Wednesday

John Patterson, for years one of the best known building contractors in Plymouth, a pioneer resident and in more recent years owner of the Idle Wild Golf course on Five Mile road, died yesterday, Wednesday afternoon after a long illness.

He was 85 years old and had been active in the management of the golf course until illness forced his retirement a year ago or so ago. The former Patterson home was located where the present post office now stands.

Plymouth Postmaster  
Recovering From Fall

Plymouth Postmaster, Dr. George Timpona, is recovering from a 30 foot fall from the roof of his house several weeks ago. Dr. Timpona fell while working on a television antenna and is now able to get around with the aid of a cane.

The polls will be open for Plymouth voters Monday, April 2, from 7 a.m. to 8 p.m.

Precinct one is located at the City Hall, precinct 2 at Starkweather school, precinct three at Plymouth High, and precinct four at Forest Motor Sales.

Plymouth voters will elect three City Commissioners, a representative to the Board of Supervisors, and a city constable.

Running for the City Commission are incumbent Henry Fisher, George Bauer, Eugene Bacon, Ernest Henry, Howard Sharpley, and Clifford Tillotson.

Mrs. Eleanor Hammond will run unopposed for the post on the Wayne County Board of Supervisors.

For the post of city constable, Fred Hadley has announced that he will be a write-in candidate.

Also in the Spring election, Plymouth voters will help to elect state officers and to vote on three proposed constitutional amendments.

In the first proposed constitutional change, voters will indicate whether they want the state legislature to meet in an annual regular session, instead of the semi-annual sessions now in practice.

Voters will decide in the second proposed amendment if survivors of servicemen killed between June 27, 1950 and the termination of the national emergency will receive a \$500 bonus.

The last amendment deals with a proposed increase in salary for Supreme Court judges. If passed, judges would receive a salary increase after an election or appointment, so that all justices serving concurrently may receive the same salaries.

At present judges may not have their salaries increased while they are in office.

State offices that are being voted upon in April 2 election include two justices for the Supreme Court, two regents of the University of Michigan, a superintendent of public instruction, member of state Board of Education, and two members of the state Board of Agriculture.

Out of the following candidates for justice of the Supreme Court, two will be selected: incumbent, Emerson R. Boyles; Morton A. Eden, James H. Lee, Neil E. Heid, Theodore P. Ryan, and C. LeBron Simmons.

Beyer to Open  
New Drug Store

An ultra-modern drug store will be opened soon by Bob Beyer at 505 Forest street. Presently working overtime to fill hundreds of shelves, Mr. Beyer wants to open as soon as possible.

With the exception of a soda fountain, the new store will be complete in every detail. A modern pharmacy department, ice cream to take out, cosmetics, baby supplies, toilet articles, and many supplies for the home will be offered in Beyer's store.

Also the owner of Beyer's Pharmacy, 165 Liberty street, Mr. Beyer, adds another store to the rapidly growing business district on Forest street. He will continue to operate the Liberty street store also.

Plymouth Has Special Interest  
In University Regent Election

Leland I. Doan

Because of the fact that so many young people of this city and vicinity have at some time been students of the University of Michigan and because, too, that the world famous institution is located so near to Plymouth, voters of this part of Michigan have more than ordinary interest in Monday's election.

There are two members of the board of regents to be elected. Fortunately for the University as well as the entire state of Michigan, there are two outstanding candidates for these positions on the Republican ticket.

Roscoe O. Bonisteel, of Ann Arbor, well known in Plymouth is at present a Regent of the University of Michigan, serving as chairman of the Finance and Property Committee of the Board of Regents, and is a strong Republican candidate for re-election to this office because of his educational experience and knowledge of Ann Arbor as well as University affairs. A graduate of the U. of M. Law School, Regent Bonisteel has established a reputation as an able and distinguished member of the State bar, has been active in the interest of public school education in Michigan and is familiar with the problems facing school teachers, administrators and governing boards.

In Leland I. Doan, president of the Dow Chemical Company, Midland, the other Republican candidate has a record of proven administrative ability and experience particularly suited for the post of Regent. Since his college days at Michigan (1913-16), Mr. Doan has worked his way up through Dow's sales organization to the presidency of one of the nation's largest chemical firms. His background on various government munitions and chemical boards during World War II should be of particular value to the University of Michigan's Phoenix Project, the multi-million dollar research program for development of peacetime uses of atomic energy.

Two regents of the University of Michigan will be elected out of the following candidates: Republicans Roscoe O. Bonisteel and Leland I. Doan; Democrats Wheaton L. Simon and Murray D. Van Wagoner; Prohibition, Orville L. Heltzel and Arthur L. Leach; Progressive, Louis J. Cleage, and Richard Fox; Socialist Labor, Theos A. Grove and James Sim.

Vying for the Superintendent of Public Instruction post are: Republican Lee M. Thurston, Democrat Edgar W. Waugh, Prohibition, Marvin Folkert, Progressive, Wayne Piazza, Socialist, Ralph W. Muncy; Socialist Labor, Genora Dollinger.

The candidates for position on the state Board of Education are: Republican Charles G. Burns, Democrat Louis J. McGinness, Prohibition, LeRoy M. Lowell, Progressive, Ruth St. Aubin; Socialist Labor, James C. Horvath; and Socialist Worker, Alice Pollock.

Two members for the State Board of Agriculture will be elected from the following candidates: Republicans Forest H. Akers and Frederick H. Mueller; Democrats Hiram A. Sackett and Mrs. Raymond W. Starr; Prohibition, William J. Parsons and Glenn Root; Progressive, Jesus Gonzales, Jr., and Robert Travis; Socialist Labor, Albert Mills and Charles Schwartz.

Plymouth residents will also vote for township officers. Running on the Republican ticket are Charles H. Rathbun, supervisor; clerk, Norman C. Miller; treasurer, Samuel W. Spicer; justice of the peace, Arthur Blunk and Henry Root; board of review, Walter Scott and Roy Lindsey; highway commissioner, Robert Holmes; and four constables, Harry Miller, Edward Howard, Raymond Coon, and Allen Owen.

To Build  
Big Plant  
At Once

Plymouth Mail Given Definite Announcement of Ford Tank Factory

The building of a huge tank plant on the Ryder and Grimm farms, as announced in the March 8th issue of The Plymouth Mail, was confirmed today by Ford Company Vice President John Dykstra.

Buildings covering an area of 1,500,000 square feet will soon be spread over the fertile lands of these two well known farms located just west of Wayne road on the north side of Plymouth road, extending on the north to the railroad and on the west to Levan road.

According to Mr. Dykstra a purchase agreement has been given by the company for 157 acres which will be used for a two story administration building and one story manufacturing structures to be designed by the Albert H. Kahn company of architectural and designing engineers.

The company will manufacture medium tanks for the United States Army in conformance with a \$195,000,000 order they recently received. When at full capacity the plant will employ 3,000 people.

Plans are already on drawing boards and work will start on the property immediately.

Air Force Veteran  
Speaks at Church

"The Catholic Worker and Modern Catholic Action" will be the theme of James R. Hunt when he addresses the Holy Name Society of Our Lady of Good Counsel Catholic church at its meeting in the church hall on April 4, according to an announcement by Robert Lorenz, president.

Hunt, a veteran with long service in the Air Force behind him, and a senior at the University of Detroit, moved into the St. Francis House of Hospitality in Detroit in 1948. While working in the workshop and library, he has earned a full-time schedule at the University and will graduate in June.

A gifted speaker, with a brilliant mind and a dynamic personality, Hunt is in great demand as a lecturer.

From the day in the thirteenth century when St. Francis of Assisi, the son of a wealthy merchant, voluntarily embraced poverty and dedicated his life to the poor, sick, and the outcast, men in every age have given up security and independence in order to seek the justice and charity of Christ.

Red Cross Drive  
Shows Progress

The Red Cross Fund Drive has shown "encouraging" results, according to Ernest Henry, chairman of the drive. Any person who has not yet donated, can still do so by sending his donation to Mr. Henry or any of the chairmen.

The chairmen are: Mrs. Philip Tiedbold, Mrs. H. G. Culver, and Mrs. Norma Duffley, who have the Plymouth residential section; Mrs. A. L. Lantz and Mrs. Ruth Van Wagoner who have the Business District; Mrs. Wallace Laurry who has the area East of Plymouth; Mrs. Walter Roberts who has the area North of Plymouth; Mrs. John Sugden and Mrs. Michael Huber who have the area South of Plymouth; and Mrs. Albert Hubbs has the area West of Plymouth. Wendell Lent is co-chairman of the drive with Mr. Henry.

In addition to the workers listed last week, the following have assisted in the drive: Mrs. Robert Beyer, Mrs. Otto Bufo, Mrs. Jack Smith, Mrs. Richard Straub, Mrs. R. J. Cullen, Beatrice M. Schultz, Carl Sanders, and Miss Edith Milward.

Severe Winter  
Spares Roads,  
Expenses Rise

Plymouth roads and streets have come through the winter with far less difficulty than last winter according to city manager Al Glassford. City sewers took adequate care of surface water, and the problem of mud was held to a minimum.

In the first seven months of this fiscal year, the city has spent about \$23,000 dollars on its streets, of which \$11,000 was taken from surplus funds to finance the work on Forest street.

Another \$10,000 is expected to be used this spring in an intensive dust laying program. The churning process is to be dropped in favor of an asphaltic treatment, which while costing more, will give longer and more satisfactory service. It is not, however, a permanent substitute for paving.

## Wayne Youth Weds Livonia Girl Exchange Vows In Redford Church

Wedding bells were sounded at 7:30 p.m. March 18 for Eugene Richardson and Edna Noreen Gardner, who took their vows in Redford.

The bride, daughter of Mr. and Mrs. Clarence Gardner of Meridian road, Livonia, wore a fitted bodice fashioned of imported tulle over slipper satin trimmed with three rows of ruffled chantilly lace. Tiny satin-covered buttons down the front, a Peter Pan collar, and long sleeves completed the gown.

The groom, son of Mr. and Mrs. Boyd Richardson of Wilmett, Wayne, chose his brother, David, for best man, with Danny Green of Wayne, James Tomlinson of Plymouth and Earl LaFonde of Sault Ste. Marie, a cousin of the bride, acted as ushers. The ceremony was conducted by the Reverend John Nudinger against a background of white gladiolus, yellow snapdragons, green palms and candelabra.

The flower girl was Phyllis, daughter of the Reverend Nudinger, who wore a powder blue

taffeta dress with matching bonnet. She carried a basket of rose petals which she dropped for the bride to walk on as she proceeded down the aisle.

A musical background was offered by Mrs. Earl Linderholm and daughter, Barbara, of St. Clair, Michigan, who sang two selections.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Edwin Erdmann, of Garden City. Two hundred guests attended.

### "I REMEMBER" BY THE OLD TIMERS

From Nellie R. McCann, Tujunga, Calif.: Yes, I certainly do remember the wooden Indian in front of barber shops, also sawdust on all butcher shop floors, the old lamplighter, bustles, and trailing skirts. I remember the loom my aunt used to weave the carpets on, the survey with the fringe on top, torch light parades at election time. I loved to watch canal boats come through the locks at Akron, Ohio. I recall the two and three cent pieces, two cents as large as a quarter and three cents as large as a dime.

From Christina Witschger, Cincinnati, Ohio: I remember when my mother would send me to a country store with a half-gallon tin bucket to get 10 cents worth of molasses, and it was very good. Molasses came in barrels in those days. I also remember the drays as we bought our flour by the barrel, and the drayman delivered it to us. What has become of the good stick candy the grocer would give us if we bought a few groceries? Good old days are gone forever.

### Male Cagers Lose in Tourney, But Gals Win

The result of the M.R.A. Inter-city basketball tourney were not too bright as both Plymouth representatives were downed in their first game. On March 19, the Red Birds, "D" league champs of Plymouth, were trounced by Hamtramck 47-27. On March 20, the second place Men's league team, First National, met a similar fate as they were defeated 44-37 by the Ypsi Booster.

The Girl's Inter-city tourney was more successful as Twin Pines downed the Ypsi Merchants, 26-23, to win the Championship and the right to represent the league in the State M.R.A. tourney at Hackett Field House on March 30.

### Local Composer's Work Played by Orchestra

Harold Grimoldby of 9245 Marlowe street had his composition "Supreme Commander," a march written in honor of General Douglas MacArthur premiered by the Ann Arbor Civic Symphony Orchestra at a concert given in Slawson Junior High school auditorium last Sunday, March 18.

Another march, composed by Mr. Grimoldby, entitled "The Empire Builder," written in honor of Henry Ford, was featured at last year's Spring concert in Ann Arbor.

"Low Pressure Oil Burner"

**MATCH THIS OIL BILL ... IF YOU CAN !!**

**SAVED \$89.10 IN ONE YEAR**

**Buy WINKLER**

AUTOMATIC OIL HEAT

Mr. Glen Truesdell states:—"From February 2, 1950 to February 7, 1951, we used 1333 gallons of oil as against our previous high pressure burner average of 2000 gallons per year. Last fall was much colder yet our Winkler low pressure burner saved us 667 gallons which means \$89.10 we saved in oil in one year.

At this rate our fuel oil savings will pay for the Winkler burner in less than 4 years.

Besides saving money, our home is more comfortable with even temperatures, and there is no odor of oil. Our Winkler Burner should take care of any possible fuel oil restrictions and give us full heating comfort for years to come.

signed: Glen Truesdell Haggerty Road Wayne, Michigan

THANK YOU, MR. TRUESDELL, FOR YOUR WELCOME LETTER ON HOW YOUR FAMILY ACTUALLY SAVED \$89.10 ON ONE YEAR'S FUEL OIL COSTS. WATCH THIS SPACE NEXT WEEK FOR ANOTHER WINKLER STORY.

## Cold Wind Does Local Damage

The "big wind" that swept this part of the country last Friday night and Saturday did much damage in Detroit, some in Plymouth. Among one of the victims of the storm was The Plymouth Mail building, where one of the big steel doors opening into the stock room was caught by the breeze and twisted so badly it could not be used.

Some trees were blown down and a few telephone wires were also snapped off by falling limbs.

The exceptionally cold weather prevailed over the weekend. Last Friday morning some thermometer registered down to 12 above zero. A little snow fell in this section.

But up around Traverse City highway traffic was blocked by drifting snow. It was one of the severest early spring wind and snow storms the state has experienced in a number of years.

## Air Force Veteran Speaks at Church

(Continued from page one)

The present significant activity, known as the Catholic Worker, began in 1933 under the direction of Dorothy Day, a convert, and Peter Maurin. Their original capital was one dollar, donated by a nun, and a superb confidence in God.

The work in Detroit was started in 1937 by Louis J. Murphy, who, with his wife, still heads the movement, which is distinctly a lay activity.

From the most humble beginning it has grown to include the St. Francis House, the St. Martha House, the St. John Vianney House, the Nazareth Workshop and Lay Apostolate Library, the St. Benedict Farm, the St. Thomas Aquinas Reading Room, and the St. Francis Cabrini Clinic—all dedicated to corporal and spiritual works of mercy for any and all men, housing, feeding and clothing the poor, visiting the sick and imprisoned, burying the dead, admonishing the sinner, instructing the ignorant and counseling the doubtful.

## Hold Conference on Safety in May

Information of the Michigan Safety Conference which will be held in Grand Rapids in May can be obtained from H. L. Blake of Whitman and Barnes company.

Businesses, industries, farms and schools will have the opportunity to learn all phases of the latest accident prevention methods by sending representatives to the conference. Discussions will be led by nationally known leaders.

Safety education in the following fields will be discussed: industrial, automotive, maintenance, judges and prosecutors, public utilities and officers, rural, schools and colleges, traffic engineering, traffic law enforcement, transportation, and the women's division.

A city that has found that accident prevention does pay, is Grand Rapids.

For example, the city possesses more automobiles per capita than any other city in the world, but it has the lowest auto insurance rates of any city with a similar population.

The conference will take place on May 22-24 at Grand Rapids Civic Auditorium.

## Cry in the Night Belongs to a Mink

How would you like to find a pastel mink in your backyard? Although this may seem impossible, it happened to a Plymouth resident last Thursday evening.

About midnight Mrs. Fannie Stenhus of 884 Wing street heard a scream, which she thought was the cry of a rabbit. After she switched on the porch light, she saw that the scream belonged to a small dark furred animal.

Standing guard over the frightened animal were Mrs. Stenhus' two cats, Peedie and Teddy, who possess the courage of a watch dog.

The cats finally chased the visitor into the garage and in the early morning light it was discovered that the animal was a mink. The animal will never know how narrowly it escaped death, for Officer Sackett had been called to come over and kill it.

An owner from a nearby mink farm said that he believed the animal had escaped from another mink farm. The supposedly "tame" mink bit the men who tried to place it in a cage.

The sharpness of a mink's teeth can be discerned in the fact that the animal bit right through one of the men's thick leather gloves.

The mink is now residing at a mink farm in the vicinity.

A former soldier in Louisville, Kentucky, discovered that absence doesn't make the heart grow fonder. In a divorce suit, he testified that he took an overseas assignment hoping that his wife would be glad to see him. It didn't seem to work out that way, he told the judge.

## WHAT I THINK AND HAVE A RIGHT TO SAY

(Continued from page 1)

seems nothing but national stupidity to let Communists run around loose in this country when we are in a life and death struggle with Communism.

Danger of sabotage in our armament industry is very real. Defense plants are taking elaborate security measures, knowing the fanatical zeal of Communists and their willingness to die to carry out the orders of Moscow. The basic security measure would seem to be to take all Communists out of circulation, just as we did the Japs.

In case of atomic attack on our cities, groups of well organized and iron disciplined Communists could do tremendous damage—spread rumors, false reports, seize radio stations, create panic, disrupt civil defense and spread defeatist propaganda. We are setting up a civil defense program to protect our cities from air attack from overseas, yet we are taking no visible action against the enemy fifth column already here in America and ready to strike at the heart of our centers of population and industrial production.

Communist newspapers are openly published and circulated. Communist leaders, long since convicted, have the freedom of the country on appeal bonds. Communist meetings and rallies are held. Communist funds are in our banks. Communist agents come in from Russia to direct operations. Communists laugh at our laws, and in the rare cases where they have been prosecuted, make propaganda sounding-boards of our courts.

What goes on here, anyway? Why are we coddling Communists here at home while they are killing us in open war in Korea? A Communist running loose here in America is ten times as dangerous as a Communist in China or Russia.

## Rev. A. Miller Addresses BPW

Speaker at the monthly meeting of the Plymouth Business and Professional Women's club, Monday, March 26, at St. John's Episcopal church hall, was the Reverend Alexander Miller, pastor of the church.

The subject of Rev. Miller's talk was "Normal People Have Problems, Too." He brought out the four major problems of all normal people: conscience, pursuit of happiness, friends and the problems of loneliness, and religion.

The Armed Services have a saying that when in trouble you should take your troubles to a chaplain. This, said Rev. Miller, is the right thing to do. No one's troubles are unique, he said, and whatever your problem you can rest assured that you are not alone in it.

The club's next meeting will be a tea held April 15, from 4:00 to 6:00 p.m., at the Plymouth Veteran's Memorial building. All business and professional women of Plymouth, whether members or not, are cordially invited to attend.

The Northville Business and Professional Women's club and all other clubs in this district have been invited.

If you have any local news items, club news or any social news, call 1755.

The mothers of the Wayne boys served the luncheon.

DeMolay boys from Plymouth who attended included George Merchant, Art Karnatz, Dick Rose, Al Williams, Peter Leemon, Chuck Hanlon, Mickey Wood, Everett Smith, Mel Guthrie, Bill Moore, Rod Willard, and Jerry Gerst.

Recently hungry thieves in Hazel Park took time out for lunch when they robbed a supermarket. The bandits lunched on bread, lunch meat, milk, orange juice, and candy, and in addition, took 403 cartons of cigarettes and 40 canned hams.

## Doctor Back From Army After Five Months Service

Doctor Ensign Clyde, who was recalled to active duty with the Army last October, was returned to an inactive status last week-end, and has resumed practice at 982 W. Ann Arbor trail.

Doctor Clyde, who served three years in the last war, including service in France, was called last year to help fill in the gap caused by a severe shortage of Army doctors.

"I'm glad to be back," says the doctor.

In planning a new farm home, be sure to locate the kitchen so you can see the other farm buildings and the drive from the window.

**Here's How A&P's "Low-Price, Low-Profit" Policy Works to your Advantage:**

- A&P'S LOW PROFIT OF ONLY 1c ON YOUR DOLLAR makes your money go further.
- A&P'S STOREWIDE LOW PRICES ON HUNDREDS OF ITEMS EVERY DAY (instead of just a few "week-end specials") makes it easy to save on your total food bill any day you shop.
- A&P'S GUARANTEE OF A FULL WEEK OF ADVERTISED PRICES FOR A FULL WEEK protects you against increases in the market prices of items which are not subject to price ceilings.
- A&P'S SYSTEM OF MARKING PRICES ON ALL ITEMS... as well as on the shelves... and giving you an itemized cash register slip helps you see what you're spending as you shop and check your purchases at home.
- A&P'S MONEY-BACK GUARANTEE OF SATISFACTION enables you to buy with complete confidence that your money will be cheerfully refunded should any purchase fail to please you.

**ONLY 1c FORTY ON A DOLLAR**

**All prices shown here (including those of items not subject to price ceilings) are guaranteed—Wed., March 28th through Tues., April 3rd.**

**Here's Why It's to Your Advantage to Buy A&P's "Super-Right" Pork Loins!**

A&P's method of cutting pork loins into three equal parts gives you a fair share of the choice center meat with each rib and loin end roast you buy. And A&P's policy of removing excess waste before weighing gives you more meat for your money. What delicious meat it is, too! That's because A&P selects only young, light-to-medium weight porkers... sweeter, leaner, finer grained and more tender than old, over-fat ones. Yet, to help you cut your meat bill, these value-giving "Super-Right" pork loins are marked with a price that's as low as market costs permit.

Travel-Sports  
Show Big Event

When the tenth annual Sports and Travel show opens Saturday of this week, there is going to be many Plymouth residents present at the State Fair grounds in Detroit to greet Mayor Cobo of Detroit who will officially open the big event.

The show will run from Saturday, March 31 to April 8.

One of the new features of the show this year is the trout pond, 70' by 20', stocked with over a thousand brown, rainbow and brook trout, especially raised during the past year for this show. These trout range in size from 9 to 18 inches and for a small fee the angler is given the best fishing equipment, takes home the catch.

The entertainment program, direct from New York and Chicago Sports shows, will feature Sharky, Jr., the trained seal and Olan Benson with his retrieving dogs. Ten other acts will fill out the rest of the program.

Housed in three connected buildings, the exhibits will be of great interest to the outdoorsman, sportsman, and traveler. Exhibits from Cuba, the Southern States, Pacific Northwest and other parts of the country will be on display. The newest in sporting goods equipment will be housed in the Coliseum.

The Sports Show, again this year, will be sponsored by the Detroit Sportsmen's Congress, the Travel Show is sponsored by the Detroit News and the combined shows are under the direction of Campbell-Fairbanks, Inc.

One admission covers the combined show and 6500 free seats are available. A parking space for 500 cars solves the transportation problem.

Get That Permit  
to Burn Weeds!

So you are going to burn up that brush pile, are you? Or maybe its just that patch of weeds in that field down by the creek?

Better not do it! Better not—unless you have a permit from the fire department of your township or the supervisor.

Charles Voss, state conservation officer for this area, called at The Plymouth Mail office a few days ago and requested that residents in the rural area be advised of this state law.

Said Officer Voss: "You must have an open fire, except when the ground is snow-covered, or for domestic purposes and that you must have some competent person constantly in charge of your fire to prevent its spreading. Permits to burn can be obtained from your local township fire department."

"If you do burn, after getting your permit, observe the following precaution: Burn late in the afternoon. Have help, tools, and water available. Burn on calm days only. Take any other precautions to prevent your fire from burning more than you intend."

"Obeying the law and observing these precautions will lessen the number of grass fires on which our fire departments make runs every year. These runs cost a considerable amount of money to you, taxpayers. Most of these fires are caused by carelessness in not taking adequate precautions to prevent them from spreading beyond their intended bounds. Let's be careful."

Whiteman, A.M.C. USN, of Miramar, California, son of Mr. and Mrs. Fred Whiteman of Omaha, Nebraska.

The rites were performed at 8 o'clock on Friday evening March 23, by the Reverend Lambert Hancock. The candlelight service was a double wedding. Here is proof positive that the Nash Rambler is the most economical full-size car on the road . . . official proof that you can go farther on every gallon of gas in a Rambler.

For in America's blue-ribbon stock car event—the 1951 Mobilgas Economy Run from Los Angeles to the Grand Canyon—the Rambler smashed all previous records for the Run . . . did the 840.05 miles averaging 31.05 miles per gallon! That's the thrifty performance you've been looking for.

In setting this all-time record, the Rambler carried 4 passengers with driver . . . averaging over 41 miles an hour . . . over deserts, mountains, in city and highway driving . . . with snow, rain and head winds. Yet never before had any car in this event gone so far on so little gasoline.

# MERCURY WINS AGAIN IN MOBILGAS ECONOMY RUN!

**1951 MERCURY  
WITH OVERDRIVE  
IS DECLARED  
"ECONOMY CAR  
OF ITS CLASS"**

THIS year it's the 1951 Mercury with Touch-O-Matic Overdrive\* that won first prize in Class "C" in the Mobilgas Economy Run!

Proving its pound-for-pound gasoline economy, this stock Mercury scored amazing 59.868 ton-mile performance over a grueling 840-mile course staked out by the AAA. Virtually every kind of weather and road condition—7,000-foot ice-ridden mountain passes . . . sweltering, sand-swept roads of Death Valley—put the car to the test. But still, the new 1951 Mercury delivered the best ton-mile gasoline economy of any car in its class.

That's something to think about when you go to buy a 1951 car. It's good to know that the new 1951 Mercury can save you money for years to come—no matter where you drive it!

As if this amazing economy weren't enough, Mercury also offers new styling that's more than just skin deep. New riding comfort that's designed to give you a smoother ride longer. New value that can't be surpassed by any car.

Once again the facts have proved it—the new, 1951 Mercury is "the buy of your life!" So drop in at our showroom and get the complete story.

\*For "the drive of your life," Mercury offers you a triple choice in transmissions. Merc-O-Matic Drive, the new, simpler, smoother, more efficient automatic transmission—or Touch-O-Matic Overdrive are optional at extra cost. There's also silent-case synchronized standard transmission.

Don't miss the big television hit, "TOAST OF THE TOWN," with Ed Sullivan. Sunday evening, 8 to 9 p.m. Station WSBK-TV channel 2.

## Roger Babson Says --

### Babson Discusses Russian Dangers

Babson Park, Fla., March 29. Despite the heartbreaking casualties of the ill-fated Korean campaign, I have not been worried about the temporary successes achieved by the Russians. I am confident that the Chinese tide will turn permanently in our favor if President Truman avoids war with China.

#### Soviet Imperialism

I have been in the forefront of those who for some years have recognized that our country would one day face a Communist danger. I do not, however, believe that this Chinese threat is by any means the greatest danger facing the nation. Korea has aroused us, rudely to be sure. It has exposed in all its ugly nakedness Russian duplicity, and its threat to our future and to the peace of the world. At last, even the most stupid of our politicians can see that Russian victory could mean world slavery.

We may never succeed entirely in making the world "safe for democracy," but our American system is far superior to Russia's.

We'll give it a thorough going over. If repairs are necessary, we'll give you an estimate. There's no charge or obligation for this service.

In every respect. The Reds may make us dance to their tune for a time; but, knowing them for what they are, I don't believe the American people will fall for either the intrigue or violence by which the Kremlin strives to reach its goals. We are too smart to be taken in by their harsh and false doctrines. So I do not fear America going Communist or being conquered by Moscow's hordes, if we will invest in the soil and forget paper profits.

#### Enemies Within the U.S.

What very seriously disturbs me is our extremely smug assurance that the Government of the United States is so strong that it can resist every type of inward corrosion. I was a little heartened by the results of the November congressional elections. They indicate that Americans are not so completely sold on the bureaucratic trend in government.

I like to think that, in addition to laying bare the evils of the Soviet system, the Korean campaign has also focused some attention on "the enemy within" our government structure. But, I am not so sure even now that we recognize fully this enemy which is eating our substance through loose fiscal policies, make-believe money, unfair tax structures, excessive government spending for non-essential purposes and various inflationary subsidies.

#### Keeping Our Economic Freedom

As I see it, the final answer to the Russian challenge is a better faith and a fuller way of life. Despite its organization and the huge sums of money spent by its supporters, the Communist Party has been unable to gain any substantial foothold in our nation. Why? Because here we have a better faith than Communism, and a fuller way of life than prevails in Moscow or any of her satellite countries.

So long as we can preserve the religious faith which has helped so mightily to make us the great nation that we are, we need not fear either the ideology or the arms of Russia. So long as we keep government controls at a minimum and maintain intact freedom to work, to save, to invest, even to risk, in worthy ventures, we shall be safe from Russian imperialism. I believe we will do this and, hence, I am an optimist.

#### Why the Growth of the U.S.A.?

Our country has achieved the status of a great power more quickly than any other nation in the whole history of the world. I believe that we have progressed so quickly because, for the most part, we have been true to the ideas of our forefathers. We surely should pay more attention to those ideals now and develop good old-fashioned character and common-sense in our children. Then we will be better able to discern and root out the evils which have been creeping into our government and national life and undermining character and values. Communism, as Russia practices it today, is no revolutionary idea. Actually, it is just plain imperialism based upon a system of slavery which is as old as the human race. We must not long sit quietly by without preaching more convincingly, and practicing more faithfully, the basic principles of our own American Revolution. One of these is that every family should, for insurance, have some land to till somewhere.
