

NO TIME TO WASTE.

It was with much pleasure that we noted the unusual interest in the comment made last week pertaining to the necessity of a hospital for this part of Wayne county.

There is no question but what our citizens are keenly alert as to the necessity of the quick construction of a hospital for this rapidly growing city and part of Wayne county.

Officials of the Plymouth Chamber of Commerce have made it clear that they will do everything within their power to bring about favorable action, that the organization realize full well the necessity for action as quickly as possible.

The coming of new industries which will bring thousands of new workers to this area makes necessary immediate action.

Every one within the city has come to a full realization of the tremendous growth we are experiencing and that we will continue to experience for some years to come.

It is up to us as a community to provide the proper public necessities for these newcomers—and one of the very first of these necessities is a fully equipped hospital of sufficient size to care for a goodly number of patients.

Let's not delay—let's do something—and do it NOW!

IT'S SOMETHING DIFFERENT, ANYWAY.

If we ever survive this era in our national history, there will be many unusual things for historians to record. One will be the incident in which a five-star Missouri political polecat rose to a position in our public life which made it possible for him to fire a famed five-star army general.

"WE THE PEOPLE" ARE RESPONSIBLE.

Everybody seemingly wants to blame our piano-playing, Pendergast trained Harry S. Truman for the mess our country finds itself in. We should not do that.

We should place the responsibility where it lies—directly with "WE THE PEOPLE." We fell for the bunk at that time. We permitted the Reuthers, the Phil Murrys, the Costellos, the Pendergasts, the welfare "clients" and the loafers and all the others of their kind to lead us up to the voting booths and behind the sacred doors of our polling places, where WE THE PEOPLE elected just what we have got in the white house.

We knew better at the time. We knew what he had been and we had every reason to know what he would do in the future if elected—but still we voted for him.

Don't kick Truman for firing MacArthur, for the high prices, for shortages, for high taxes and for all the grafting going on in Washington—just blame WE THE PEOPLE. We did it with our eyes open—and now let's take our medicine like the teeny, weeny little folks that we are politically.

"THE BACK YARD."

In the mail the other day came a reprint of a brief article written by Paul Talbot, a prominent eastern business man. It was entitled "The Back Yard". It points out so correctly public responsibility for what is happening in Washington that The Mail believes its readers will be interested in reading what Mr. Talbot says. It follows:

"At the risk of being criticized for 'spreading political propaganda', I am going to comment on some of the remarks made last week by Senator Fulbright (D-Ark.).

"As you of course know, he has served as Chairman of the Senate Committee which has been investigating the affairs of the Reconstruction Finance Corp., and which has turned up what it considers to be rather damning evidence of favoritism, influence peddling, and get-rich-quick tactics involving Government money and property.

"The Senator does not shout from the housetops that he has discovered something entirely new in political affairs—he knows better. But he does say that he is shocked and amazed at the 'moral blindness or callousness which allows those in responsible positions to accept (and thus condone) such practices as the facts reveal.' He adds that he does 'not think that kind of conduct by members of the White House staff should be tolerated', and continues with the comment that, 'What America needs is a prompt return to simple honesty and the principles of the founding fathers.'

"To me, at least, all this points only too clearly to the need for a change of political administration in Washington. To go a step further, it points to the need for always changing party administrations more frequently than has been our practice during the past two decades.

"Unfortunately, little has happened in these enlightened days of the twentieth century which tends to disprove the age old maxim that, 'Too much power, over too long a time, produces moral decay in any type of government.'

"After all—we are the voters, and the power to condone or disapprove lies in our hands, come election time.

A JUDGE WAKES UP.

It was good to read in the newspapers the other day that a federal United States judge has his eyes open to the Communist threat within our country. He did HIS AMERICAN DUTY when he sentenced to death two spies who had betrayed a country that has been the haven of the oppressed for centuries.

But what a deplorable thing it is to think that Alger Hiss, who was just as guilty as these two spies were, can only serve a portion of a five year sentence for his wrong-doing.

In a couple of years he will again be a free citizen and will enjoy the freedom of the American way of life—that he tried so desperately to deprive all of the rest of us from possessing.

REJOICE AND BE GLAD.

ITS happened in Plymouth—kind reader. ITS really happened!

We've gone through a municipal election without a daub of mud, a rotten egg, a single falsehood, a half-truth, hand-bills, or other brands of political dirt being hurled at any one or about anything.

Good citizens ran for local offices and their names or members of their families were not besmirched. No Holier-Than-Thou alleged leader of any self-named purity squad spit tobacco juice, venom or other poison barbs at any one.

It was a good election, clean as it could be—the kind of an election that Plymouth can well be proud of. Let's keep it clean from now on. And if we do, we will find many more of our good citizens willing to become candidates for local offices.

Appeal For White Salvage

An appeal for white salvage for cancer pad material has been made by Mrs. Walter Nichol, chairman of the cancer pad committee.

Anyone having white sheets, pillow cases, white shirts, or other suitable material to donate are asked to contact Mrs. Nichol at 1055.

Date Change...

Due to a misunderstanding in reservations for the Veterans' building, the Navy Mothers' relinquished their date of April 19 to the Extension group who were given the same date.

However, the Navy Mothers will have their party on May 3. The public is cordially invited. You may secure tickets at the door or from any member.

Dr. Barber Points Out Need of City Hospital

City Health Officer, Dr. Ray R. Barber highly commends the effort to create an interest in the construction of a hospital in or near Plymouth.

Dr. Barber stressed the fact that since the population of Plymouth has increased and will increase greatly in the future, the need and urgency for a hospital is great.

Dr. Barber pointed out that the location of new industries will no doubt bring thousands of new residents into the area, and that the need for a hospital is imperative.

"The objective of every local organization and individual in the area should be the establishment of a hospital. Action should be taken immediately," said Dr. Barber.

As it was pointed out in the Mail, if a resident is seriously injured, the only hospital where he may be taken is 20 miles away.

A resident must be driven to Detroit or Ann Arbor, and then he must face the possibility, in fact a reality, that there won't be room for the patient.

Dr. Barber said it was unfortunate that nothing has been done about building a modern hospital in Plymouth. Although it has been discussed for more than a dozen years, no concrete action has been taken yet.

The issue of building a hospital is one that has a direct bearing on every citizen, said Dr. Barber.

No one can ever tell when a tragedy might result because a person could not reach a hospital in sufficient time, or because the injured individual could not be taken care of in the already crowded Detroit and Ann Arbor hospitals.

Now that the need for a hospital has been pointed out by Dr. Barber and the Mail, the Plymouth Health Officer stated that it was up to everyone to do something about it before it's too late.

The advantages and conveniences of having a modern, well-equipped and fully staffed hospital are many, said Dr. Barber. Every citizen in Plymouth would benefit from it.

First of all the hospital would be conveniently located for all residents, who would not doubt take advantage of having a hospital close by and thus take care of badly needed medical help.

The health of children would improve if they were taken more frequently for health check-ups.

Residents would also be more apt to watch their health more carefully, if a hospital were located in this area.

At present, Plymouthites who suffer some injury in an accident must travel a distance to receive hospital care, and the time and trouble that are involved sometimes causes individuals to let the injury alone.

Thus as Plymouth's Health Officer indicated, the need is imperative.

Dr. Barber urged all citizens and organizations to write and contact the hospital committee of the Chamber of Commerce to do something about the need for a hospital.

Rotarians Elect David Mather President of the Organization

David W. Mather, vice president and general manager of the Plymouth Lumber & Coal company and one of Plymouth's most energetic younger business men, has been elected president of the Plymouth Rotary club.

He will assume his new duties on July 1, succeeding Robert Willoughby, who holds the distinction of possessing one of the best attendance records of any member of the club. Like Mr. Willoughby, the newly elected president has been especially interested in crippled children and Salvation Army work.

It appears, too, that "youth" has been given full sway in the administration of Plymouth Rotary club affairs. Elected as vice president was Frank Arlen, another one of the younger members of the club.

Captain William Roberts of the Salvation Army was elected treasurer and Everett Golliffe was re-elected as secretary.

Citizens Warned That Country Faces Calamity Unless They Act

Walter Fuller, fraternal editor of the Detroit News and one of the best known newspaper men in this metropolitan area, gave Plymouth Rotarians something to think about in a most timely talk last Friday noon before that organization.

In fact his talk dealing entirely with the alarming public situation as it exists today, was one of the best heard in a long time by the local club.

His talk was directed to the millions of "slipshod" Americans he blamed for the deplorable plight in which the country finds itself.

"We are slovenly and exceedingly careless with our citizenship responsibilities. We all know that there is nothing wrong with the United States that cannot be corrected if we make up our mind to do it and put our hearts into the job to be done. In spite of the fact that our government faces the greatest crisis in history, we find America at its lowest ebb," he declared.

"Groups just like this one are more responsible than any one else for this situation. It is because of our inactivity that we find minority groups dominating our public life.

"As sure as we sit in this room we are going down the road to statism or whatever you might call it unless we go out and rescue to our people the fact that this is the greatest country in all the world, possessed of more blessings than any other nation ever enjoyed. If we don't do it we will wake up and find ourselves going

David W. Mather

Combat Badges Are Awarded to Five Plymouthites

The Combat Infantryman's Badge has been awarded to five soldiers from the Plymouth, Michigan area while serving as Infantrymen with the First Cavalry Division in Korea.

Two Plymouth soldiers, both members of the 5th Cavalry Regiment, were awarded this decoration: Private First Class Herman E. Parmenter, son of Mrs. Viola G. Parmenter, 674 Maple street, and Sergeant Himie Hucklebee, husband of Mrs. Beverly M. Hucklebee, 11655 Francis street.

Two 7th Cavalry Regiment soldiers, Private First Class Paul D. Myers, son of Mrs. Fern E. Myers, 11801 Newburg road, and Pfc Franklin R. Garrison, son of Mrs. Pearl M. Garrison, 537 N. Mill street, Plymouth, were also awarded this decoration.

Private First Class Ronald E. Duff, son of Mrs. Violet T. Duff, of Plymouth, was awarded this Combat Infantryman's Badge while a member of the 8th Cavalry Regiment.

This badge, which is awarded only to frontline combat infantrymen, distinguishes the actual fighting man from the rear area and service troops in a combat zone. A soldier must be a member of an infantry regiment to be eligible to receive it.

The badge itself consists of a miniature replica of a revolutionary flint lock rifle on a rectangular blue background superimposed over a wreath. It is worn by the soldier over his left breast pocket above his campaign ribbons.

Hotel Takes Over Food Management From Bert Lofy

Announcement was made Saturday by Norbert Lofy, food catering manager of the Hotel Mayflower, that his services were ended at that institution on Sunday April 16. Management of the food department will be continued under the direction of the hotel's manager Ralph G. Lorenz.

Mr. Lofy came to the hotel in 1947 where he had charge of the food department for that organization for 12 years. During his stay in Plymouth he made many friends and they will be interested to learn that after a month's vacation in California with Mrs. Lofy he intends to return to the city and may enter into the food and catering business in this area.

Hilltop Camp Not to Open This Year

Mr. and Mrs. Everett Golliffe who have conducted the Hilltop Farm Camp for children on Beck road for the past 17 years have announced that the camp will not be opened this summer. It had been the hope of the owners that Hilltop could be turned over to younger people to operate but suitable arrangements have not been made for the present year.

Over the years, Hilltop has become not only a very desirable place but a most happy one for thousands of little boys and girls who have been cared for at the camp during summer months. The Golliffes have both expressed their regrets that the place is not to be continued.

In addition to the most suitable buildings, there is a swimming pool, playground equipment and nearly 50 acres of rolling land, woods, and a stream. Within the next two months the Golliffes expect to move to their house in Plymouth, located at 1192 West Ann Arbor trail.

Choir, Glee Club Enter Festival

Tonight the Plymouth High school choir and glee club will take part in the Choir and Glee Club Festival at Royal Oak High school. The eliminations will be made for the state festival.

The 50-voice choir will sing "Oh Jesus Grant Me Hope and Comfort" by Frank and "Go To Dark Gethsemane" by Noble.

Selections offered by the 35-voice glee club will be Debussy's "Peaceful Evening" and "Child Asleep" by Korngold.

The choir and the glee club must receive two top ratings of superior and excellent to enter the state contest.

Director Fred Nelson of the music groups states that the choir and the glee club have worked hard for several months to enter the district contest which is an annual affair.

Sister City Invites Gun Club to Compete

The Plymouth Gun club has been invited to take part in a pistol match by the gun club in Plymouth, England. Details will be arranged later.

Commission Elects Tibbitts Mayor, Hough Suggests Four Point Program

Plymouth's new mayor is Floyd Tibbitts, who was elected in a unanimous vote by the City Commission at their meeting last Monday evening Mr. Tibbitts, City Commissioner, was mayor pro-tem during the last term of the City Commission.

Ernest L. Henry, a newly elected Commissioner, was designated mayor pro-tem also in a unanimous vote by the City Commission.

In a farewell message to the City Commission, Mayor Cass S. Hough thanked members for their cooperation in the past year and suggested a four point program to the new commission of measures that should be undertaken this year.

"As we all know, much work needs to be done on our streets, sidewalks, and sewers," he said. The last bond issue was defeated because a large portion of the

money was marked for widening and re-surfacing of Main street, and voters felt that other streets were excluded which needed care, the Mayor explained.

"It is my opinion that a program of improvements should be laid out and proper priority given to each item on the program. These priorities should be made the subject of public hearings so that all citizens may have a voice in helping to set up the program," Mayor Hough suggested.

In regard to financing the capital improvements program, Mayor Hough told the Commission

The third measure which should be carried out by the new Commission, said Mayor Hough, is the addition of more space to the cemetery. The city possesses the necessary land, but it must be developed in the future, pointed out Mayor Hough.

The last measure cited by Mayor Hough is the formation of the new charter. "It is vital you understand it, and particularly vital, that you have a hand in shaping some of the new provisions which the Charter Commission is now drafting," stated Mayor Hough.

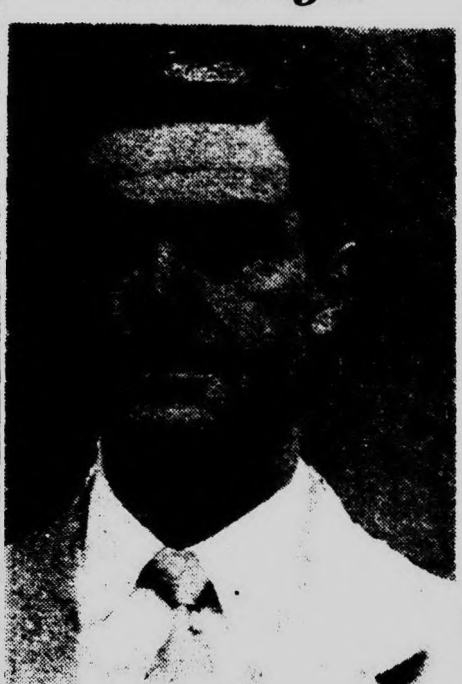

The Mayor stressed to the Commissioners, that they consult with the Charter Commission on the administrative procedures, number and terms of office of the City Commission, financing of capital improvements, and assessment of improvements.

Before the new city Commissioners took office last Monday evening, the old City Commission conducted their last meeting. Reports of the city departments were heard and two resolutions were formed.

The establishment of a permanent library building fund was resolved by the City Commission for the future needs of Dunning library. The fund now totals

(Continued on page 2)

Greetings!

Mayor Floyd Tibbitts

Members of the city commission Monday evening elected City Commissioner Floyd Tibbitts to be the city's next mayor, succeeding Cass S. Hough, who retires as the city's chief executive.

Members of the City Commission were making changes in the charter which would make it easier for the Commission to plan and execute the program.

"I recommend that each of the Commissioners meet with the Charter Commission and help them in their deliberations along these lines particularly," continued the Mayor.

"Plymouth is growing fast—we must keep abreast of the times, and make sure that our city is ready for present and future growth."

Mayor Hough pointed out to the Commission that annexation was still a major problem. He stated that Plymouth was running out of land to build homes and factories.

Adjoining territories have indicated a desire to become a part of the city, so that residents may receive benefits, Mayor Hough said. The city must undertake a program of capital expansion in the form of sewers, water, streets to induce nearby territories to join Plymouth, declared the mayor.

Plan Dog Clinic to Vaccinate Canines in Area

To guard your pet pooch from a case of the measles, chicken pox, mumps, scarlet fever, or any other disease that might befall a dog, vaccinations will be given to Plymouth dogs at a dog clinic which will be held on May 10, 11, and 12 at the Fire Hall, 167 S. Main street.

The second dog clinic which was held last year was very successful, said City Manager Glassford. The annual clinic provides the opportunity for owners of dogs to license and vaccinate their dogs for the new year.

After the dog clinic has been held, a house-to-house canvass will be undertaken by the Police Department. Owners of dogs who have not purchased licenses for their dogs will receive tickets and can be fined.

The penalty for not licensing a dog runs up to \$50, said City Manager Glassford.

The licenses for dogs will expire on May 20.

Owners of dogs are cautioned now by the Police Department that all dogs must be tied up during June, July, August, and September.

After the house-to-house canvass is completed, the results of the census of dogs will be announced. The dog population last year totaled to 390 dogs in Plymouth, that is, at least 390 dogs had licenses.

But by observing the many pooches who run loose about the town, the Police Department is sure that there are more than 390 dogs in the city. City Manager Glassford estimated that the dog population of Plymouth was probably closer to 1000 canines.

Dr. Ted Cavell will be in charge of the dog clinic. All owners of dogs are urged to use this convenient way to vaccinate their pets and buy their licenses during the three day clinic.

Red Cross Urges City Residents To Enroll in Training Classes

The Plymouth division of the American Red Cross is ready to launch its program of Civil Defense Training. Consisting of four hours of training divided into 2-hour sessions, the program will begin on Monday, April 30, at 7:30 p.m. at the Plymouth City Hall.

Monday, April 23 marks the end of the training period for the group now taking the American Red Cross standard First Aid Course. This group will make an approximate total of 65 people in Plymouth who have taken the course this year.

Members of Plymouth's Police and Fire departments who have taken recent courses constitute about half of the above mentioned total. In times of emergency a disaster it is not reasonable to expect these few trained people to take care of the needs of the community. The Police and Fire departments will have their own duties to perform and the few remaining persons will not be able to spread their services very far.

It is the aim of the American Red Cross to have a trained "First Aider" in each home. America must be able not only to defend herself but to get up and fight back. The Red Cross hopes the local defense program will expand greatly in the near future.

The first law in defense is self preservation. If you or one of your family became a casualty

Old Clothing Appeal Made to Aid Koreans

Used, clean, and worn clothing which will be given to needy women, and children of Korea, are requested by the Methodist Women's Society. A truck from the Brethren Service Center of Nappanee, Indiana, will be at church on May 1 to pick up the clothing.

Residents who have clothing to give are asked to bring them to the church from 9 a.m. through-out the day and the janitor will take care of them. Almost any kind of clothing will be accepted, except high heeled shoes.

Housewives who would like to contribute used furs, and need containers, may call Mrs. Willis Hunting at 1332-M and containers will be supplied.

Fund Drive Begun by Cancer Society

The Plymouth chapter of the American Cancer Society has begun a drive for funds which will extend throughout April. Chairman of the drive, which will include Plymouth and Plymouth township, is Mrs. Austin Stecker. Mrs. H. W. Finley is co-chairman.

Within the next few days residents of the area will begin to receive requests for donations to the drive. Letters will accompany the requests which will explain the importance of the drive.

Twenty-two million people are destined to become cancer victims but with the national program of research, education, and service, there are grounds for reasonable hope of effecting a cure. Donors to the American Cancer Society will have the privilege of knowing they have done their share to bring about this triumph.

Cancer victims in the Plymouth area can receive many items on a loan basis from the American Cancer Society by contacting Mrs. Stecker. These items include hospital beds, Stryker beds, bedside tables, wheelchairs, bed pans, rubber sheets, Afghans, back rests, rubbing alcohol, vaseline, soap, adhesive tape, absorbent cotton, hypodermic needles, bed jackets, hospital gowns, and Zinc Stearate powder.

Symphony Board Elects Officers

An election of officers was held at a meeting of the Plymouth Symphony Society Board last Tuesday evening. Mrs. Lila Humphries was elected president, Dr. Henry J. Welch, vice president; Mrs. Cass Kershaw, recording secretary; Mrs. Eleanor Balfour, corresponding secretary; Carl Wall, treasurer.

The following heads of committees were also elected: Elvin Taylor, scholarship committee; Mrs. Harold Curtis, membership committee; Joseph Lazoff, orchestra personnel; Mrs. Eleanor Balfour, general activities; Mrs. Andrew Vargha, social committee; Mrs. Charles Garrett, program publicity; Dr. Welch, publicity; Mrs. Max Moon, student group; and Frank Henderson, historian.

Discussed at the meeting were the program for the season and the coming membership campaign which will be held in May.

Issue Permits For 11 Homes

Building permits for \$97,779 worth of construction and alterations have been issued by the city of Plymouth for the first three months of the year.

Eleven new homes, valued at \$76,900 of the total, while the new medical clinic building is estimated at \$15,000.

The rest of the permits are for smaller buildings, alterations and repairs to houses.

No City Entries in Spelling Bee

Feeling that too much time might be wasted participating in the recent Detroit News spelling bee, Plymouth schools did not enter children in the contest.

According to school authorities, it was felt by the administration and faculty that it would be best if pupils did not spend too much of their energies on spelling, other subjects might be neglected.

An Unknown Vandal Breaks Hotel Window

One of the front windows of the dining room at the Hotel Mayflower was smashed sometime last Wednesday, April 11, in the late evening. Police discovered the broken window at approximately 2 a.m. Thursday morning.

Although it is not known how the window was broken, Police Chief Greenlee said the smashed window looked as if someone had pushed it in.

Correction Please

It was erroneously printed in the Plymouth Mail on Thursday, April 5, that a Mrs. Lottie Jackson appeared at the presentation of a United Nations flag to Plymouth High. It was Mrs. Fred Jackson who was shown in the picture of the presentation.

Short in Wiring Causes Car to Catch on Fire

The Fire Department dampened the flames of a car that caught on fire because of a short in the wiring Wednesday morning. The damage was very slight. The car is owned by Clayton Kops of 180 Hamilton street.

Commission Elects Tibbitts Mayor, Hough Suggests 4-Point Program

(Continued from page 1)

\$11,606.60 and can not be used for other purposes except for library needs.

An addition to Dunning library is being planned since the library needs far more space to house books.

The resolution to provide fire protection from Plymouth's fire department for the Nellie Bird school was passed by Mayor Hough, Commissioners Tibbitts and Hammond. Commissioner Fisher opposed the resolution, saying that the Plymouth Township fire department should consent to the providing of fire protection by Plymouth's fire department.

The Board of Education of the Nellie Bird school, which is located in Plymouth Township, requested the Plymouth Fire department to give them protection so that the school could receive lower fire insurance rates.

The Commission of the past year adjourned at 8:45 p.m. and the new commissioners took their seats.

The new commissioners Mr. Fisher, Mr. Henry, and Mr. Bauer were sworn in by City Manager Glassford.

Mayor Tibbitts reappointed Harry Deyo as City Attorney and J. R. Cutler as Assistant City Attorney. Mr. Bauer and Mr. Fisher were appointed to the Auditing Committee, and Warren Smith, H. Penhale, and S. Corbett were reappointed to the Board of Assessment and Review. Mr. Munby will serve another term on the Cemetery board, and Ernest Henry was appointed to the Recreation Commission.

Small Chimney Blaze Squelched by Firemen

The Plymouth fire department snuffed out a small chimney fire Saturday noon at the home of Mr. and Mrs. B. Booth at 1325 Sheridan avenue. There was no damage, reported the fire department.

Armour's BIG CROP FERTILIZERS

PHONES 262 — 423

New Manager at Boyer Store

New manager at Boyer's Haunted Shack, automotive supply store on Main street, is Jerry H. Emrick, 24, of Detroit. Now living at 2021 Eason in Detroit, Mr. Emrick hopes to move to Plymouth in the next two or three months.

He has been manager of a Boyer's store in Detroit for the past year and has been in the automotive supply business for over five years. A veteran of three years in the Army, he served as a sergeant in the 38th Division in the Philippines during the last war.

During his service under General MacArthur, Mr. Emrick developed a great respect for the general. He thinks MacArthur's dismissal by President Truman is a tragic mistake.

"No one else understands the mental mind like MacArthur," he says, "and no one else commands such respect from the Asian people."

Mr. Emrick is a native of Columbia City, Indiana and graduated from high school in Chicago. Following his discharge from the Army he managed a golf course in the Philippines for a year. He has also taught archery, which with hunting and fishing are his favorite hobbies.

"I'm a small town boy," he says, "and I'm glad to have a chance to live in Plymouth. The people here are wonderful."

Mr. Emrick took the place of William Thomas as manager of the store. Thomas, who has been with the store since 1940, took a new job in a defense plant.

Citizens Warned That Country Faces Calamity Unless They Act

(Continued from page 1)

thinking. Time after time the people have gone off half-cocked because they didn't think a problem through and permitted hysteria to influence their judgement rather than to take the time to dig out the facts and think things through for themselves.

"People vote chiefly these days with the thought in their minds as to how much good will that vote do for me personally instead of how much good will my vote do for the country."

The fourth and most important lost art is that of prayer.

"We do not open the sessions of the United Nations with prayer because Russia objects to it," he said.

"Why under the sun don't we tell the Russians to sit outside in the hall if they do not want to hear our prayers, and then come in afterwards? No, we don't do that. We let Russia tell us that we can't pray to our God, and we do as Russia tells us to do."

"God has been on our side all during our history and it is about time that we get back on the bandwagon and do something for Him," declared Mr. Fuller.

Red Cross Urges City Residents to Enroll in Training Classes

(Continued from page 1)

ed with serious injuries which will constitute only fifteen percent of the total casualties. The remaining eighty-five percent will be minor injuries which will have to be treated by first aid.

Injuries will be screened at field stations and only the most serious will get to hospitals and doctors. It is estimated that there will be a need of about 500,000 trained first aiders in Civil Defense in Wayne and surrounding counties. Over 6000 Reserve Police and 17,000 Reserve Fire Fighters are being trained.

Four out of five air raid injuries would be burns. What do you know about atomic burns? Can you stop severe bleeding? Can you splint a fracture? Can you revive breathing? Can you prevent infection in wounds? Can you treat poisons?

If you do not have the above skills it is your duty as an American citizen to take advantage of the American Red Cross training classes which are available free of charge.

All Plymouth residents are invited to attend classes on April 23 at 7:30 p.m. at the city hall to see demonstrations of First Aid practice and all are invited to enroll for future classes.

Goodale Moves Grocery May 1

The Loren Goodale Grocery will move to larger, more spacious surroundings shortly before May 1. Located now at 844 Penniman avenue, the grocery will move across the street to 843 Penniman.

Proprietor Goodale said the grocery will be able to offer more different lines and he will also install a larger and better meat market.

A few of the new lines, the grocery will carry are baked goods from Peppridge farms and an enlarged supply of dietetic foods.

Ready to serve customers are Mr. and Mrs. Goodale, and William Kaiser who has been a butcher since 1901 in Plymouth.

The Loren Goodale Grocery has been located at its present address for seven years.

Need Permit for Burning Rubbish

Plymouth residents are asked by the Fire Department to notify them if they are going to burn a field, rubbish, or leaves. The Fire Department will then issue a burning permit to residents.

Fire Chief McAllister stated that the Fire Department would like to know where a fire will take place, so that they will not answer a call from a distressed resident who lives two blocks away and sees smoke. Thus the Fire Department will not answer needless calls.

The fire chief stressed that Plymouth residents not burn material on streets. This is against a city ordinance, said Chief McAllister, and offenders will be fined.

he chief explained that resulting heat causes the pavement to split and considerable damage results to the streets.

Ask Citizens to Voice Suggestions on Budget

A hearing on the new budget for 1951 will be held on Monday, April 23, at 7:30 p.m. in the City Commission chambers. Citizens who have suggestions, opinions, and ideas concerning the budget are invited to attend this special meeting.

Hold Final Rites For Mrs. Bennett

Funeral services were held Wednesday, April 18 at ten a.m. from the Schrader Funeral home for Mrs. Minnie El Dora Bennett who passed away Sunday, April 15 at the age of 76 years.

Mrs. Bennett has been a resident of Plymouth since 1931. She made her home with her daughter, Mrs. Raymond Lowry at 163 Amelia street. She was a member of the First Baptist church.

Her husband, Cornelius Bennett preceded her in death. Surviving are three sons and two daughters, Wellington Bradley of Sturgis, Mrs. Raymond Lowry of Plymouth, Lester Burk of San Jose, California, Mrs. George DuBois of Joseph, Oregon and Clarence Burk of Detroit; also surviving are 14 grandchildren and 15 great grandchildren. Her brother, Adam Dingman preceded her in death.

Rev. Henry J. Walsh, D.D. officiated. Hymns were rendered by Mrs. Frank Dicks, accompanied by the organ by Mrs. Edna O'Connor. The active pallbearers were John Carson, Harold Wehrle, Walter McMinn, Vern Karhl, Anthony Signorelli, and Lester Daly. Interment was made in Riverside cemetery.

Rare Food Items And Delicacies Available Here

You don't have to go to Detroit or Chicago to sample the food goods with rare and unusual delicacies. The wine shop of the Mayflower hotel has the most complete line of delicacies in the city, even written the public's gourmet.

Specializing in foods not carried by the ordinary grocery store, the Mayflower hotel has a store which carries a complete line of delicacies which run from the Mexican pumpkin seeds to the pineapple hearts.

Customers from miles around come in to buy the aged cheese, young cheese, and the shop has the only store in the area that sells this quality bulk cheese, that sell over 300 pounds a week.

An amazing variety of imported wines and champagne is available, and for the true gourmet there is a non-alcoholic sparkling juice which sparkles like champagne and is bottled to look like it.

If you like that charcoal-broiled taste in your steaks, but don't have proper facilities to prepare it, the shop can sell you a can of powder which, sifted over your steak in the oven broiler or frying pan, will give it that delicious charcoal flavor.

If you like real German pickles, the shop has them in a jar, remember with a side of the old time cracklings, the shop has them under the name of Pickle Bacon Rinds, if you can't go to live, canned pheasant or duck, smoked Norwegian herring, pure maple syrup, the shop has it all for you; if you can't find a real vinegar, they'll make it for you, or imported olive oil, the shop has it all.

The food luxuries of the world are available at the Mayflower wine shop.

Krogers' Give Scholarships To 86 Students

Eighty-six outstanding high school graduates will receive next fall under the Kroger Company scholarship plan, Joseph B. Hall, Kroger president, announced today. The program, which offers \$200 one-year scholarships to the last eight students of 17 midwestern and southern states, was announced this year to cover two additional states, Alabama and North Carolina.

"We hope these scholarships will encourage worthy young men and women to enter college who might not otherwise have the opportunity to do so," Mr. Hall said. The award is made to the student who has the highest grade point average in the senior class of the high school. The scholarship is awarded to the student who has the highest grade point average in the senior class of the high school. The scholarship is awarded to the student who has the highest grade point average in the senior class of the high school.

Graduates of the 17 states are eligible. Applications for Kroger scholarships and information on the program may be obtained from the Kroger Company, 121 University of Illinois, 600 North Dearborn, Chicago, 10, or from Kroger agents, home department stores, or vocational agencies in the area.

Colleges participating in the plan and the number of scholarships to be awarded are: Ohio State University, 12; University of Illinois, 6; Purdue University, 2; Michigan State College, 6; University of Missouri, 4; Alabama Polytechnic Institute, 4; University of Arkansas, 4; Kansas State College, 4; University of Georgia, 4; University of Kentucky, 4; Mississippi State College, 4; Washington State College, 4; Virginia State College, 4; University of Tennessee, 4; Virginia Polytechnic Institute, 4; West Virginia University, 4; University of Wisconsin, 4; and West Virginia State College, 2.

STOMACH RIGHTED... Timmy Kile, Woodbridge, Va., who had an upside down tummy, had the condition corrected in a Washington, D. C. hospital, Nurse Orpha Dodge held him.

Coal hydrogenation plants for producing gasoline will also aid in supplying the nation with such aromatic chemicals as benzene and phenol.

If you have a social item or any other local news, phone 1755.

Seventy-Five Years Ago-City Streets Were Top Problem of Village Council

Streets were as much of a problem to Plymouth residents in 1875 as they are to the City Commission today, it was discovered by looking in the faded pages of the Village Council minutes of 1875.

The highway program was not on as large a scale as it is today. For example, the street fund of 1875 totaled \$275.20. In 1950, the expenditures for the highway program added up to \$2,065,000.

Bills were presented at the March 7, 1875 meeting of the Village Council to fix Lock Street, which added up to the street fund of \$3.62. A street committee was formed on March 15 and they were instructed by the council to select a suitable man for street commissioner.

The committee appointed J. F. Chilson to serve as street commissioner.

The salaries were not too high 75 years ago, but then the dollar in those days meant a lot more than it does today. The street commissioner received \$2 per day and for eight days of work, he presented a bill for \$16.

How much did it cost to construct a street in those days? Well on July 21, 1875 a petition was presented by the D.L. & L.M. railroad and 50 residents, who requested that \$100 more or less be set aside to build a street near the railroad depot.

The petitioners stated that the highway was greatly needed by the public and that the road be made passable for teams and carriers.

The exact location of the strip of land "four rods in width" extended West from the passenger depot. The village Council referred the petition to the street committee.

The business of the Village Council consisted mostly of approving public expenditures, and taking care of the business of the village of Plymouth.

A political problem did crop up after the annual election on March 8. It seems that a non-resident of the village was elected as treasurer.

At the next meeting, the treasurer, N. P. Chandler, was requested to resign because of feeling existing that only residents of the village should hold public office.

Mr. Chandler resigned and in April James Voorhies was elected with 14 votes.

In the March election, M. Conner was elected president of the Village Council with 137 votes. The recorder, M. A. Vrooman, received 113 votes.

Out of eight candidates for trustee posts, the following five were elected: Byron Pool, Alfred W. Moon, Washington Bennett, Oscar A. Frazer, and James Miller.

The assessors of the Plymouth government were Andrew Reynolds and G. H. Starkweather.

The village did have an occasional disturbance in town. For the records show that on April 28, the marshal was instructed to pick up stray dogs which were "howling" in the streets. He was also ordered to keep the park clear of canines.

Farmers Selling Last Year Wheat

One would naturally think that by some eight or nine months after the harvesting of the 1950 wheat crop, all of it would be in the great grain elevators around the country or that it would have been made into flour and other grain products by this time.

But that is not so according to Joseph Wickens of the Specialty Feed Company, whose big grain storage plant is located along the Pere Marquette tracks just west of the Haggerty highway.

"We are right now buying thousands of bushels of wheat that the farmers have held in their own grain bins over the winter. In the past week or so we have taken several lots of wheat from growers that have run up to the thousand bushels or more," said Mr. Wickens yesterday.

"It is surprising to know the number of wheat growers who

hold much of their crop until spring. Sometimes by holding it for six or eight months they do get a little better price, but most of them hold it so they will be able to deliver it at a time of the year when they are not too busy with other work. Then, too, they want to get their bins cleaned out and ready for this year's crop," he added.

That's the answer to the question of why so many loads of wheat are being delivered at this time of the year to Plymouth's only grain buying concern.

Surface—or strip—mines produced almost a quarter of the 1950 bituminous coal output.

Mechanical loading of coal in underground mines increased nearly 100 per cent in the decade ending in 1950.

It's time we got *working* mad!

As we read about the latest tricks of Moscow and her Communist puppets, we're likely to get fighting mad.

Instead, we'd better use our heads and get *working* mad. For there's still a good chance that we can lick the Communists with more *work* instead of more blood. Here's why:

It is clear by now that Stalin and his gang respect just one thing—strength. Behind the Iron Curtain they've been building a huge fighting machine while we were reducing ours.

Now we are in grave danger. We must rebuild our defenses—*fast*.

As things stand today, there seems to be only one way to prevent World War III. That is to rearm—to become strong—and to stay that way!

This calls for better productivity all along the line. Not just in making guns, tanks and planes, but in turning out civilian goods, too.

Arms must come first. But we must also produce all the essential civilian goods we can at the same time. That is the challenge—because a needless shortage of civilian goods will boost prices and make our dollars worth less.

We can do this double job if we all work together to turn out more for every hour we work—if we use our ingenuity to step up productivity—to find the short cuts. America can do it!

All of us must now make sacrifices for the common good. But we're working for the biggest reward of all—*peace with freedom!*

FREE This important booklet tells you how our American System Grew Great

How Americans developed better machines, power and skills to build a great nation... Why we have been able to produce constantly more per hour... How this has given us the world's highest living standard.

How we can meet today's challenge—Why we must expand our productive capacity... supply arms and essential civilian needs, too. Read how this dynamic process works in free booklet "The Miracle of America," endorsed by representatives of management and labor. Send for your free copy today!

Services Held For Mrs. Carmody

Mrs. Aida D. Carmody passed away suddenly Thursday, April 12 at University hospital, Ann Arbor following an operation. Mrs. Carmody has resided at 41895 Wilcox road in Plymouth township for the past three years. She was a former resident of Lansing and Detroit. Mrs. Carmody was a member of Our Lady of Good Counsel church of Plymouth, and member of Gemma Guild in Detroit.
Surviving are her husband, Donald M. Carmody; her daughter, Miss Jean A. Carmody, and her three sons, Thomas N. Donald M. and Patrick J. Carmody, all of Plymouth; also surviving are four brothers, and four sisters, John W. French of Dayton, Ohio, Joseph French of Detroit, Matthew French of Lansing, George French of Detroit, Mrs. Abbie Pritchard of Toronto, Canada, Mrs. M. R. Westover of Detroit, Mrs. John Bergeon of Mason and Mrs. B. N. Guedry of Grand Rapids.
Rosary was recited Sunday evening, April 15 at 8 p.m. at the Schrader Funeral home. Funeral services were held Monday, April 16 at 10 a.m. from Our Lady of Good Counsel church with Solemn Requiem High Mass, Father William P. Mooney officiating.
The active pallbearers were the following, all nephews of the deceased: Dr. Ransom Westover, Jack Westover, Richard French, John Paul Harris, James Guedry and Joseph French, Jr. Interment was made at Holy Sepulchre cemetery. 27-1tp

Services Held For Mr. Tessman

Funeral services were held Wednesday, April 18 at 2 p.m. from the Schrader Funeral home for Joseph Henry Tessman, Sr. who passed away Monday, April 16 at the age of 79 years. Mr. Tessman resided at 228 N. Harvey street. He was a life time resident of Plymouth. He was for a long period of years an employee of the Daisy company.
His wife, Mary preceded him in death. Surviving is his son, Joseph of Plymouth, other relatives and a host of friends.
Rev. Henry J. Walsh, D.D. officiated. Hymns were rendered on the organ. The active pallbearers were Roswell Tanager, Walter Smith, Ernest Robinson, David Taylor, Charles Wilske and Harry Mumby. Interment was made in Riverside cemetery. 28-1tp

Public Takes to Factual Books

Patrons of the Dunning library have decided tastes in their reading, according to Mrs. Ada Murray, librarian. Non-fiction is as popular as fiction, with books on psychology and sociology leading the way.
Also high on the list of popular books are those dealing with history and travel and practical arts. Mrs. Murray tells of a couple who built their home from plans found in a book.
In the fiction department, the popular books are Thor Heyerdahl's "Kon Tiki," Budd Schulberg's "The Disenchanted," Henry M. Robinson's "The Cardinal," and Francis P. Keyes' "Joy Street."
During the school season children's circulation approaches that of adults. As the gardening season draws on, books on that subject are growing more popular.
New books are bought in every other Tuesday and in addition new books are given by many local clubs who donate a book in memoriam for deceased members. 28-27-tfc

Hold Services For John England

Funeral services were held Tuesday, April 17 at 2 p.m. from the Schrader Funeral home for John Bernard England who passed away Saturday, April 14 at the age of 62 years. Mr. England resided at 9456 Oakview street in Plymouth Township for the past three years.
Surviving are his widow, Mrs. Jessie England, and son, Lloyd of Plymouth; also surviving are two brothers, Fred and Fretcheff England and his sister, Mrs. Mamie Munson, all of Ontario, Canada.
Mr. England was employed at the Wall Wire Products company. He was a member of the Oddfellows Lodge No. 438 at Hamburg, Michigan.
Rev. Melbourne I. Johnson officiated. Hymns were rendered on the organ. The active pallbearers were Harold Weeks, Wilbur Wild, John Bonser, Albert Koenig, William Sowers and E. A. Stone. Entombment was made in Riverside Mausoleum.
If you have a social item or any other local news, phone 1755. 28-27-tfc

Ten Pupils Get Top Grades In Music Contest

Ten out of sixteen music students from Plymouth High, who entered the District Festival of Soloists and Small Ensembles last Saturday at Lincoln High school in Ferndale, received top ratings and will go to the state contest.
Shirley Plant, soprano, received a superior grade. She sang "Pace Pace by Verdi."
The other students who were judged excellent were Marjory Thomas, Keith Avery, Betty Salmon, and members of the Sextet Girls, Mary Lou Hartwick, Carole Jean Henry, Shirley Plant, Ellen Doust, Dorothy Curtis, and Pat Krump. The sextet was accompanied by Erna Kienbaum.
Participating in the contest were soloists Ellen Doust, Sally Canning, piano soloist: Terry Carney, Girl's Trio, Marian Donahue, Carolyn Hill and Karyle Kienbaum.
The 10 students will go to the State Festival in E. Lansing, which is slated for April 28.

Meet to Discuss Social Security

Local farmers will be able to obtain information on social security coverage for farm workers at a meeting Wednesday, April 25, at 7:30 p.m. at Plymouth Township Hall, 42350 Ann Arbor road.
Representatives of the Social Security Board will be on hand to answer any inquiries that farmers may have concerning the new Social Security law and how to fill out blanks and forms of their farm employees to the Internal Revenue department.
Another meeting will be held at the Romulus Township Hall, on Thursday, April 26, at 7:30 p.m. These meetings have been arranged, said John R. Vloch, farm labor specialist from this area, as a result of questions and inquiries from farmers.

Police Issue Warning After Dog Bites Child

The Police Department has issued a warning to parents in this area to caution their children to watch out for stray dogs.
A child was bitten last week in Green Meadows and has been taking treatment for rabies. Police were unable to find the dog. The child, John Sells, 9640 Brookline, is recovering nicely.
Peace is the outcome of confidence, not of conferences and agreements. Confidence is not in things, in weapons or defenses, but in the hearts of the people.—Editorial in the Province, Vancouver.

Rebekah News

We are glad to welcome Sister B. Chinawith to our lodge by transfer from Victory Rebekah Lodge, Gillespie, Illinois.

Representatives of the Social Security Board will be on hand to answer any inquiries that farmers may have concerning the new Social Security law and how to fill out blanks and forms of their farm employees to the Internal Revenue department.
Another meeting will be held at the Romulus Township Hall, on Thursday, April 26, at 7:30 p.m. These meetings have been arranged, said John R. Vloch, farm labor specialist from this area, as a result of questions and inquiries from farmers.

Police Issue Warning After Dog Bites Child

The Police Department has issued a warning to parents in this area to caution their children to watch out for stray dogs.
A child was bitten last week in Green Meadows and has been taking treatment for rabies. Police were unable to find the dog. The child, John Sells, 9640 Brookline, is recovering nicely.
Peace is the outcome of confidence, not of conferences and agreements. Confidence is not in things, in weapons or defenses, but in the hearts of the people.—Editorial in the Province, Vancouver.

Rebekah News

We are glad to welcome Sister B. Chinawith to our lodge by transfer from Victory Rebekah Lodge, Gillespie, Illinois.
The date for our annual Mother and Daughter Banquet will be Wednesday, May 2. The dinner will be served family style. Tickets can be obtained from Sister Mable Mott, at 347-J.
To those who have been ill we wish a speedy recovery.
Brighton Lodge held visitation on Thursday, April 12. Those attending from Plymouth Lodge were: Mr. and Mrs. W. Roach, Mr. and Mrs. E. Gray, Mrs. H. Hunter, Mrs. G. Mott, Mrs. D. Dews, Mrs. K. Dews, Mrs. Lydia Dews, Mrs. C. Robertson, Mr. L. Hackworth, and Mrs. M. McKenna.
There will be a pot luck supper at our regular meeting Friday, April 27, with a white elephant auction following the meeting. All members are urged to attend.

U of M Club Views Problems of UN

"Problems facing the United Nations" will be the subject discussed at the meeting of the University of Michigan club on Thursday, April 19 at 8 p.m. in the home of Mr. and Mrs. Charles Brake of 299 Ann street.
Professor Edward Worth of Michigan State Normal college in Ypsilanti will be the guest speaker.
The chairman of refreshments is Miss Gertrude Engel, and for reservations call Mrs. Charles Brake at 758 or Mrs. Nellie Ford at 299-M. All persons interested are invited to attend.

News From Green Meadows

by Mrs. Austin — Phone 1859-J

Their Friends and Neighbors

Mr. and Mrs. Roy Van Buran and son of Marlowe street and Mrs. Clifford Pasley of Vincennes, Indiana were Sunday dinner guests of Mr. and Mrs. Arnold McDurmon of Northville.
Mr. William Campbell and son Lloyd, and Emily Davis of Oakview street attended a birthday dinner in honor of Mr. Campbell Tuesday evening April 10 at the home of his daughter, Mrs. Dorothy Ann Ridley in Detroit.
Mrs. Clifford Pasley of Vincennes, Indiana is visiting her daughter Mrs. Roy Van Buran of Marlowe street.

Lloyd Campbell returned to California on Wednesday evening after spending several days at the home of his father on Oakview street.
Pvt. Kenneth Schaefel of Camp McCoy, Wisconsin spent several days with his parents, Mr. and Mrs. Schaefel of Joy road.
Mr. and Mrs. Arthur Nordhagen and children Timmy and Judy of Joy road were Sunday dinner guests of Mr. and Mrs. Thomas Roberts of Elmhurst street.
Mr. and Mrs. Charles Austin and family of Brookline street were Sunday dinner guests of Mr. and Mrs. Thomas Barlow of Royal Oak.

Services Held For Mrs. Carmody

Mrs. Aida D. Carmody passed away suddenly Thursday, April 12 at University hospital, Ann Arbor following an operation. Mrs. Carmody has resided at 41895 Wilcox road in Plymouth township for the past three years. She was a former resident of Lansing and Detroit. Mrs. Carmody was a member of Our Lady of Good Counsel church of Plymouth, and member of Gemma Guild in Detroit.
Surviving are her husband, Donald M. Carmody; her daughter, Miss Jean A. Carmody, and her three sons, Thomas N. Donald M. and Patrick J. Carmody, all of Plymouth; also surviving are four brothers, and four sisters, John W. French of Dayton, Ohio, Joseph French of Detroit, Matthew French of Lansing, George French of Detroit, Mrs. Abbie Pritchard of Toronto, Canada, Mrs. M. R. Westover of Detroit, Mrs. John Bergeon of Mason and Mrs. B. N. Guedry of Grand Rapids.
Rosary was recited Sunday evening, April 15 at 8 p.m. at the Schrader Funeral home. Funeral services were held Monday, April 16 at 10 a.m. from Our Lady of Good Counsel church with Solemn Requiem High Mass, Father William P. Mooney officiating.
The active pallbearers were the following, all nephews of the deceased: Dr. Ransom Westover, Jack Westover, Richard French, John Paul Harris,

THANK
YOU!

We, at BEYER REXALL, sincerely thank all those who attended our Grand Opening last week. The response was more than gratifying.

We, also, wish to thank all our many friends and customers who sent those many beautiful floral pieces, gifts and congratulatory messages. We would like to take this opportunity to introduce our two new druggists who bring a wealth of drug and prescription experience with them to our patrons.

WILLIAM "Bill" HILL hails originally from Windsor, Canada—served with the American forces during World War II. For the past three years Bill represented Parke Davis & Co. in Akron, Ohio, doing contact work with doctors, hospitals and druggists.

EVERETT A. JONES—no stranger to these parts "Ev" operated the Jones Drug Store in South Lyons for the past 11 years. We are indeed fortunate and happy to have Ev on the Beyer Rexall staff.

In passing, we point out that although we do lack orchids for our 1c SALE we feel that our customers will find more than "orchids" in the bargains and values offered during this gigantic sale.

signed,
BOB BEYER

Official Proceedings of Your City Commission

Tuesday, April 3, 1951

A regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Tuesday, April 3, 1951 at 7:30 p.m.

Present: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

Absent: Commissioner Richwine.

The minutes of the regular meeting held March 19th and the special meeting held March 27, 1951 were read by the Clerk and approved.

This was the time set for the hearing of objections to the installation of curb and gutter on Sunset Avenue between Penniman Avenue and Blanche Street. Opportunity was given to those citizens present to be heard.

The following resolution was offered by Comm. Fisher supported by Comm. Hammond:

WHEREAS, the City Commission has determined to construct curb and gutter on Sunset Street from Penniman to Blanche Street, and

WHEREAS, a public hearing has been held to hear any objections to make the said improvements, and

WHEREAS, no valid objections have been received by the City Commission, and

WHEREAS, the Plan, Profile and Estimate of cost covering the proposed improvement is now on file in the office of the City Engineer and is hereby accepted,

THEREFORE BE IT RESOLVED that the City proceed with said improvement.

BE IT FURTHER RESOLVED that the benefiting property owners whose property cannot be assessed in an amount to cover said improvement shall sign a waiver specifically waiving provisions of the charter, relative to the limitation of the amount that may be assessed for the improvement, before the improvement shall begin.

BE IT FURTHER RESOLVED that the City finance that necessary portion of the property owners assessment and the City at large portion for intersections out of surplus funds at the end of the year 1949-50.

BE IT FURTHER RESOLVED that the City Assessor be directed to prepare an Assessment Roll to cover the entire cost of the improvement and the overhead against the abutting property owners according to benefits received and against the City at large.

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

The matter of blacktopping Sunset Avenue between Penniman Avenue and Blanche Street was removed from the table and discussed. After careful consideration it was determined that funds would be available to go on with this project as petitioned.

Moved by Comm. Hammond supported by Comm. Tibbitts that May 7, 1951 at 7:30 P.M. be set as a time of hearing any objections to the blacktopping of Sunset Avenue between Penniman Avenue and Blanche Street. Carried.

Moved by Comm. Tibbitts supported by Comm. Fisher that the City Manager be authorized to take bids for the paving and construction of curb and gutter on Arthur Street between Blanche Street and Junction Avenue, and the construction of curb and gutter on Sunset Avenue between Penniman and Blanche Street.

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

The report of returns on the City election held April 2, 1951 was given by the City Clerk as follows:

City Commission

Dear Madam and Gentlemen:

The following is my tabulation of the election returns taken from the statement books and poll books of the several precincts for the Biennial Spring Election held April 2, 1951 in the City of Plymouth, Michigan.

	Prec. No. 1	Prec. No. 2	Prec. No. 3	Prec. No. 4	Total
Whole number of ballots cast	193	162	361	300	1016
Whole number of ballots in excess of number of electors voting	0	0	0	0	0
Whole number of ballots cast	193	162	361	300	1016
Statement of votes cast for the office of Representative on Wayne County Board of Supervisors

Oscar Huston				1	1
A. O. Globerman				1	1
Charles Root, Jr.				1	1

The following resolution was offered by Comm. Tibbitts and supported by Comm. Fisher:

WHEREAS, this Commission has canvassed the return of the Biennial Spring Election held in the City of Plymouth on April 2, 1951, has reviewed the poll books statement books prepared and certified to by the Election Board of the several precincts, and has found the results to be the same as reported by the City Clerk;

THEREFORE, BE IT RESOLVED, that this Commission hereby approves and confirms the report of said Election Board and determines from such canvass the results as follows:

That Eleanor M. Hammond was duly elected to the office of Representative on the Board of Supervisors of Wayne County;

That Ernest L. Henry, Henry J. Fisher and George T. Bauer were duly elected to the office of City Commissioner;

That Fred Hadley was duly elected to the office of Constable for the term expiring June 30, 1953.

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

Moved by Comm. Hammond supported by Comm. Fisher that a public hearing be held April 16, 1951, on the advisability of setting up a library fund. Carried.

Mayor Hough presented the matter of purchasing a bookkeeping machine for discussion and asked the City Manager to read a report on his recommendation in this matter.

Moved by Comm. Fisher supported by Comm. Tibbitts that the City Manager be authorized to take bids for a bookkeeping machine. Carried.

Moved by Comm. Hammond supported by Comm. Fisher that the City Clerk be instructed to advertise a public hearing on the proposed 1951-52 budget to be held April 23, 1951 at 7:30 P.M. Carried.

Mayor Hough brought up the matter of investing cemetery perpetual care funds in a manner which would, without risk, increase the annual earnings from this fund. The City Attorney was instructed to prepare a resolution authorizing the Detroit Trust Company to invest up to 35% of the funds held in Trust by them in Grade A Common stocks.

April 16, 1951 at 5:30 P.M. was the time set for an executive session to consider the 1951-52 budget with new members of the Commission.

A communication was read by the Clerk from the Wayne County Board of Supervisors pertaining to the purchase of voting machines. No purchase will be made by the county.

A report of the bids for curb and gutter on Harding Street was given by the City Manager. Moved by Comm. Hammond supported by Comm. Tibbitts that the City Manager be authorized to accept the low bid of W. J. Kloote in the amount of \$1,657.50 for the construction of curb and gutter.

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

The Clerk reported on the bids received for the construction of sidewalk on Forest Avenue, also the repair of faulty sidewalks and root removal.

Moved by Comm. Hammond supported by Comm. Tibbitts that the low bid of Herman Perlongo be accepted for the construction of sidewalk on Forest Avenue and the repair of faulty sidewalks with root removal as follows:

2100 Sq. Ft. 5" Sidewalk at .50 per Sq. Ft. \$1050.00

800 Sq. Ft. 6" Sidewalk at .60 per Sq. Ft. 480.00

4000 Sq. Ft. Sidewalk Removal .10 per Sq. Ft. 400.00

4000 Sq. Ft. 4" Sidewalk construction at .42 per Sq. Ft. 1680.00

50 Hrs. labor on Root Removal at 2.10 per hr. 105.00

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

The City Manager reported on the bids received for the asphaltic compound treatment on all streets and recommended the bid of Wells Paving Company of Dearborn be accepted.

Moved by Comm. Tibbitts supported by Comm. Fisher that the low bid of the Wells Paving Company of Dearborn be accepted in the amount of \$7,962.24 for the asphaltic compound treatment of streets in Plymouth.

Yes: Commissioners Fisher, Hammond, Tibbitts, and Mayor Hough.

No: None.

Moved by Comm. Tibbitts and supported by Comm. Hammond that the matter of fire protection for the Plymouth Public Schools be tabled until the next meeting. Carried.

Moved by Comm. Tibbitts supported by Comm. Fisher that the meeting adjourn. Carried.

Time of adjournment 9:50 P.M.

Cass S. Hough, Mayor
Albert Glassford, City Clerk

About 92 per cent of the bituminous coal produced in U. S. underground mines is mechanically cut.

A coal shortage is hobbling industrial production plans in all Russian satellite nations of Eastern Europe.

America's bituminous mines will produce an estimated 560 million tons of coal in 1951, a 9 per cent increase over 1950.

Approximately 70 per cent of America's underground bituminous coal production is mechanically loaded.

Lack of Disturbances in City Due to Fine Residents States Judge

While other municipal courts in nearby communities are jammed up every Monday morning with drunk and disorderly driving cases, the municipal court of Plymouth is practically free of that type of case, said Judge Perlongo.

In contrast to the extremely heavy and crowded dockets of the city courts in Ann Arbor and other communities, Plymouth's court handles a few drunk and disorderly cases a year, stated the Judge.

Usually the guilty culprits convicted of drunk driving are not Plymouth residents, the Judge added.

Plymouth is very fortunate, said Judge Perlongo in having a population which consists of a high type of people, who do not engage in such conduct.

Plymouth's recent growth has brought a great influx of people into the community and has added fine, community-spirited citizens to the city. The new in-

dustries which have come to the outskirts of Plymouth employ a great many of the new Plymouthites.

Many communities which find themselves invaded by all types of people from all parts of the country have encountered all kinds of trouble, which can be discovered by just reading the daily newspaper.

Just a few of the difficulties which various communities find themselves with, include drunk and disorderly conduct, firebugs, dope peddling, vandalism, robberies, and killings.

However, Plymouth, on the other hand, said Municipal Court Judge Perlongo, is not troubled by such activities. As yet there have been few disturbances of the peace of these types.

The tempo of life in Plymouth is peaceful and relaxing, newcomers have said frequently. Plymouth citizens need not fear walking down the city streets late at night, which can not be said of many communities.

Local Automobile Association Plans Vacation Trips for Members

Vacations "a la mode," served on a silver platter, are available for almost 3500 Plymouth members of the Automobile Association of America.

Complete vacation trips are planned and arranged free of charge. A member leaving on a trip is supplied with sets of maps, covering every state he will pass through with the route marked in red. He is also given a city-to-city direction folder which tells him where and when to turn and what detours to avoid.

In addition he is supplied with complete information on the best places to eat and sleep, and what to see and do in each city and area. All he needs to do is drive his car and follow directions.

During the winter months, most vacationing localities journey to the tropical climate of Florida. Beginning in October and continuing into early summer, the local AAA office plans dozens of trips to the land of sunny beaches and palm trees. Throughout the winter an average of one trip a day is planned to the sunshine state.

Telephone Company Attempts to Increase Priority System

The Michigan Bell Telephone company today announced it is seeking to broaden the "priority system" under which service is provided to applicants when facilities are not immediately available to all on the waiting list.

In an application filed with the Michigan Public Service Commission, the company requests permission to give Group I, rather than Group 4 or Group 7, priority to telephone services associated with preparations for the national defense.

Michigan Bell has used the priority plan to care for service requests on an equitable basis since the War Production Board ordered it in 1943. A peacetime modification was approved by the Commission in 1946 under the company's tariff.

Group I priority would apply to services for:

A- concerns furnishing material, equipment, or facilities to the Armed Forces or their suppliers.

B- United Nations units.

C- executive officers, direct administrative officers, and other employees when their duties are essential to a customer who qualifies for business service under a Group I priority.

D- Civilian Defense units.

E- labor unions which have collective bargaining agreements with customers who qualify for Group I priority.

F- business concerns which maintain or service equipment

for business customers who qualify for Group I priority.

G- offices of new housing developments, offices of the producers, processors, and distributors of food, food storage concerns, etc.

Other changes in the plan relate to the provision of service when essential to the protection of life, and in cases where serious illness or physical disability exist. Under the present order, Michigan Bell is able to offer only "temporary" service in such cases.

The company also seeks permission to continue to furnish a lower grade of service than requested by the applicant, if necessary, until such time as the desired service can be made available.

"This," the company stated, "is in the interest of an equitable utilization of available facilities to the greatest advantage consistent with national security and the public safety, health, and welfare."

Local News in Brief

Mr. and Mrs. Hugh Gardner of Pearl street had as their lunchtime guest Wednesday Mrs. Joe Schreiber of Port Huron. Mrs. Gardner and Mrs. Schreiber spent Wednesday in Detroit.

Mr. and Mrs. Perry Hix spent Sunday evening with Mr. and Mrs. Wm. Horn in Ypsilanti.

Mrs. James Allor has the Hough Extension Group Thursday afternoon.

Mrs. Robert Soth attended a Membership Orientation Meeting of the League of Women Voters of Dearborn Tuesday at the home of Mrs. Don Kehl in Dearborn.

Mr. and Mrs. Robert Hull entertained Sunday after the christening of their son Mark Robert.

Mr. and Mrs. John Albertson entertained Mr. and Mrs. Robert Soth Thursday evening.

Mr. and Mrs. John Albertson entertained Mr. and Mrs. James Allor and daughter, Vicky on Friday evening.

Mr. and Mrs. O. M. Valiquette have returned to their home on Lakeland Court after a vacation of several weeks in Florida. They also enjoyed several days in Cuba.

The American coal industry spends more than 80 million dollars a year for safety devices, supplies, and training.

American's bituminous coal industry in 1950 established a new all-time safety record for the third straight year.

Altogether, 31 states and Alaska have deposits of commercially mineable bituminous coal.

musical variety program that promises to be unique is being planned for the special "family rally" service at Calvary Baptist church, of Plymouth, on Sunday, April 22, with Frederick H. Lindblad, former tenor and music arranger with the "Haven of Rest" radio quartet in Hollywood, California, in charge. The noted young tenor soloist and radio artist will appear at 11 a.m. Mr. Lindblad, a graduate of Pasadena college in California, has had several years of experience in radio broadcasting and travels extensively in "family rallies" sponsored by the Christian Home League across the country. He tours the nations major cities constantly and maintains his own schedule of "Your Quiet Hour" broadcasts in several states. A dynamic speaker and exceptional pianist and tenor soloist, Mr. Lindblad is in demand for particularly for his inimitable studio-style radiocasts in which he sings and plays in the style of his regular broadcasts. Rev. P. J. Clifford, pastor of the Calvary Baptist church, has arranged for Mr. Lindblad's appearance in the Plymouth area at this time and invites the entire community to share the unusual program.

FIRST CHURCH OF CHRIST, SCIENTIST. Sunday Services at 10:30 a.m. Sunday School, 10:30 a.m. for pupils up to 20 years. The place of Christ Jesus in the redemption of man is explained in the Lesson-Sermon of April 22 when the subject in all Christian Science churches will be "Doctrine of Atonement." The Golden Text is from I Timothy (2:5, 6): "There is one God, and one mediator between God and men, the man Christ Jesus, who gave himself a ransom for all, to be testified in due time." Among the Bible citations is this passage, (Ps. 40:5): "Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us-ward." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 38): "Jesus experienced few of the pleasures of the physical senses, but his sufferings were the fruits of other people's sins, not of his own."

REORGANIZED CHURCH OF JESUS CHRIST of Latter Day Saints. Services in Masonic Temple, Union St. at Penniman. NEWBURG METHODIST CHURCH. 9614 Newburg road. Phone 761-J. G. MacDonald Jones, pastor.

by Carl Peterson

It seems long ago now but May 1, 1898, saw the battle of Manila Bay. That's when Commodore Dewey gave his famous order. "You may fire when ready, Gridley," and Gridley was not only ready, but also as accurate as Einstein adding two and two. When the smoke cleared, the entire Spanish fleet was war surplus and shore positions were hanging out the white laundry. Dewey was a hero, and there was even some talk of running him for President. George ad-libbed, "I am convinced that the office of the President is not such a very difficult one." Fortunately, he never had to prove it. This community should have a new, modern, well equipped hospital. Action should be taken to build one as soon as possible. Let's get going! Connecticut has a law requiring windshield wipers on every car... and now they're considering a law requiring windshields. Sounds like a good idea. It's a good idea to start shopping now for graduation gifts. We just want to remind you that we have a complete line of fine cosmetics, all reasonably priced and in good taste. Do your shopping the convenient way at PETERSON DRUG, 840 W. Ann Arbor Trail. Phone: 2080.

CALVARY BAPTIST CHURCH. Ann Arbor Trail at Elizabeth. Patrick J. Clifford, Pastor. Bible school, 10 a.m. Classes for every member of the family. Worship service, 11 a.m. Frederick H. Lindblad of the Christian Home League will sing and speak. Other musical numbers will be provided by the Fisher's of Men Quartette. Youth Fellowship, 6:30 p.m. Gospel service, 7:30 p.m. Fisher's of Men Quartette of Grand Rapids, Michigan in charge. Hymn sing 9:15 with several churches of this area co-operating. Wednesday, Ladies prayer band, 10 a.m. Joy club, 3:45 p.m. Prayer and Praise service, 7:30 p.m. Thursday, Boy's club, 4 p.m. at home of Mrs. Charles Groth, 844 Ross St. Boy's Brigade, 7 p.m. at the church. Choir practice, 7 p.m. Church Board meeting 7:30 p.m. Lydia Missionary Society will meet at 7:30 p.m. at the home of Mrs. Ralph Boutwell, Rosedale Gardens. All Are Always At Calvary.

SALEM CONGREGATIONAL CHURCH. Lucia M. Stroh, minister. Harry Richards, Supt. Divine Worship, 10:30 a.m. Sunday School at 11:45 a.m. All are cordially invited to these services. Come and enjoy the fine Sunday School session.

GOSPEL TABERNACLE. at 990 Sutherland and South Harvey Sts. Rev. Philip A. Pingelley, pastor. Sunday Services, 1:30 and 7:30 p.m. Evening Services on Tuesday.

Plymouth Thin Clads Enter in Annual River Rouge Track Meet

With Yost Field House as the site and approximately 1000 boys as participants, the Twelfth Annual River Rouge Track Meet, which decides the unofficial indoor track champion, was held in Ann Arbor, Saturday, April 14. The only points taken by Plymouth were won by John Balogh in the mile, Balogh, a sophomore, came in third with a time of slightly less than five minutes, which was good for four points and a medal to John.

As the official results are not available at this time, it is only possible to give a small resume of the meet along with the preliminaries. Plymouth entered Al Williams, Howard Pernie, and Arlen Ottensmeyer in the shot put, high jump, and pole vault, respectively.

In the shot Williams placed ninth with a toss of 33' 10", but this was only a good try as it was just the first seven who were awarded points.

Pernie was knocked out at 5' 10" 5/8". A coincidence here was that Dave Heinzen, one time as participant, the Twelfth Annual River Rouge Track Meet, which decides the unofficial indoor track champion, was held in Ann Arbor, Saturday, April 14. The only points taken by Plymouth were won by John Balogh in the mile, Balogh, a sophomore, came in third with a time of slightly less than five minutes, which was good for four points and a medal to John.

Rocks Nine Open Season April 27

Plymouth opens the door to the current season, April 27, when the Rocks play host to the Rocks at 4:00 p.m. Plymouth high school will compete against six teams, putting each club twice in a home series. This comprises a total of 12 games that the Rocks will play during the six week season.

Since about the first of April, the Rocks have been working on the field, and the weather is now just what the Rocks need. Back of the Rocks is a new baseball manager, Gary Gargano, who took over the post formerly held by the Sarmann.

Back from last year's ball club are five returners, who will act as backbone of this year's nine. They are outfielders Phil Jacobson and Dave Travis, infielder Jerry Finney and Gary Sack and pitcher, Wally Dumas. The Rocks battery beats of 10 pitchers and four catchers, who hope to see action this season.

The 1950 team split even during that season, ending the year with a six win-six loss record. With the addition of several players from the previous season, who can up a fine 6-2 landing, the current club will possibly better the '50 team's record.

Bowling Champs Please Notice

The Plymouth Mail will be pleased to run pictures of all league winning teams in The Plymouth Mail if teams will notify our office as to what time all team members will be available in their uniforms in the bowling alley in which they bowl. To avoid a complicated series of champions pictures being taken throughout this area we must limit our photographers time to the bowling alley in which the team bowls. Time must be set by the team and all must be on hand in their uniform if they desire to have their picture in the paper.

If you desire your picture taken phone The Plymouth Mail state the time your team will be ready to be photographed and at which bowling alley the team will be. Mail photographers will do the rest.

Recreation Dept. Classes

Thursday, April 19: Women's Bowling, 1:30 p.m.; Dancing class, 6:30 p.m.; Shorthand, 7:00 p.m.; Square Dance Club, 8:30 p.m.

Friday, April 20: Boys Meeting, 3:30 p.m.

Saturday, April 21: Teen Age Dance, 9:00 p.m.

Monday, April 23: Boys Softball Meeting, 3:30 p.m.; Badminton, 5:30 p.m.

Tuesday, April 24: Junior Club, 3:30 p.m.; Typing Class, 4:00 p.m.

Wednesday, April 25: Dancing Class, 4:30 p.m.; Girls' Chorus, 4:35 p.m.; Women's Swimming, 6:00 p.m.

TYPING CLASS

Twelve people are taking advantage of the fine teaching of Miss Freda Olsen in the adult typing class every Tuesday night from 7:00 to 9:00 in the high school.

WOMEN'S GOLF CLASSES

The golf class for women, which will be taught Thursday mornings from 10:00 to 11:00, still has a few vacancies. If you are interested in this class, the first of which will be held May 3, phone the Recreation Office, 2075.

TENNIS CLASS

If you are interested in playing tennis this summer, why not take a few lessons in the Tuesday evening class, which will begin May 15 at 7:00 p.m. and will be instructed by Mrs. Alex Miller. For further information call the Recreation Office at 2075.

WOMEN'S SWIMMING CLASS

Swim and relax in the beautiful swimming pool at the Wayne County Training school in one of our evening classes, at 8:30 or 9:30, starting May 2. Again phone the Recreation Office.

WOMEN'S BOWLING CLASS

Ten women have been enjoying the pastime of bowling every Thursday afternoon, from 1:30 to 3:00 in the Plymouth Recreation Bowling Alley. Everyone is welcome.

Soloist of Area Sings in Concert

The Madrigal Club of Detroit will present its 36th spring concert Tuesday, April 24, at 8:30 p.m. at Music Hall, under the direction of August Mackelberghe, Detroit organist, conductor, and composer. Proceeds will be used for the club's student fund.

Mrs. L. Nelson of 9918 Hubbard, Plymouth will sing with the 36-voice chorus.

The Club's eighteen numbers ranging from selections by Bach to moderns and American folk songs will be accompanied by the Detroit Chamber Music Ensemble consisting of Emily Mutter Adams, Rebecca Frohman, John Crispin, Meyer Shapiro, Jacob Becker, and director Gaston Brohan.

A-Bomb Movie Available Here

The film, You Can Beat The A-Bomb is now available from the Wayne County Library for loan to civilian defense and other public groups for free public showing. To date several thousands have seen this most informative film.

"The film," according to Ada Murray, branch librarian of the Dunning Library, "describes methods to be used in preparing the home against possible atomic attack. The film is not of a hysterical nature, but lends assurance that if certain practical preventive measures are taken by the householder, some of the dangers of an atomic explosion can be minimized. The film shows the actions taken by a typical family as it goes about preparing for an attack according to procedures previously learned. Mrs. Murray stated that if anyone had any questions concerning the reservation and distribution of the film to call at the library."

The film, You Can Beat The A-Bomb is now available from the Wayne County Library for loan to civilian defense and other public groups for free public showing. To date several thousands have seen this most informative film.

America's Most Beautiful!

Best buy for beauty! Best buy for performance!

The exciting new 1951 Kaiser is America's most beautiful car! More important...the Kaiser is America's soundest value, as well! Your nearest Kaiser-Frazer dealer will be glad to prove this to you—feature by feature, point by point! See him today!

1951 Kaiser Sedan Wins World's Highest Honor, Grand Prix d'Honneur, Cannes, France

America's Best Buy!

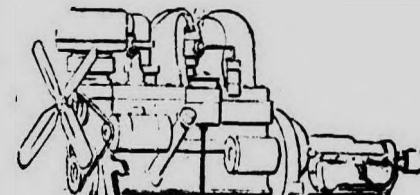

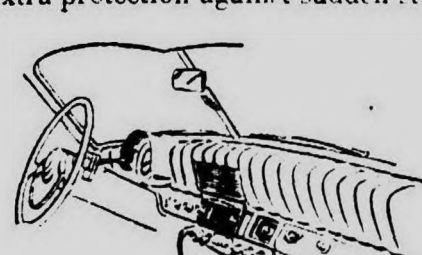

Best buy for comfort!

Kaiser's High-Bridge Doors, curving up into the roof line, let you walk in and out without stooping. Elbow-height windows let you rest your arm comfortably while driving...and front seat adjusts up to 7 inches for tall or short drivers!

Best buy for safety!

Kaiser's Safety-Cushion Padded Instrument Panel not only enhances the luxury of America's most beautiful car—it also gives children and grownups extra protection against sudden stops!

Best buy for performance.

Kaiser's high-torque Supersonic Engine delivers perfect performance on regular gasoline...gives you lightning pick-up when you need it...saves you money over the mile you drive!

Best buy for visibility!

Kaiser gives you the largest windshield in any car (1096 sq. in.) with the slimmest slant-back corner posts...no "blind spots"! That's Control-Tower Vision!

Best buy for convenience!

Kaiser gives you extra luggage space—an and clear. The only car in which the spare tire rides in a Tuck-Away Tire Well under the luggage compartment, not in it!

Outdoor Girl

You can pay more but you can't make a better buy in a convertible! You get the quiet, get-going power of a V-8 engine... the type of engine now powering the top models of America's top cars. It's fuel-saving power, too, with Ford's Automatic Mileage Maker squeezing the last ounce of power out of every drop of gas. And you get a ride that's the equal in comfort of far costlier cars, with Ford's Automatic Ride Control self-adjusting the ride to the road.

They're built for the years ahead!

Glamour Girl

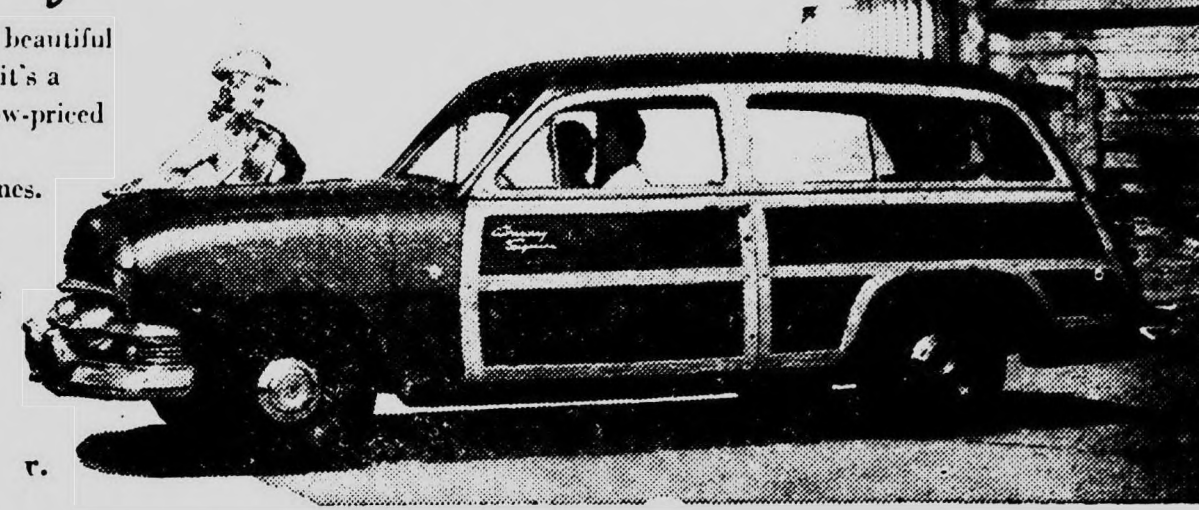

If you want to enjoy the wide-openness of a convertible and still have a steel-topped car, you can't buy better than Ford's new Victoria! It offers you your choice of 5 beautiful solid colors or 1 smart two-tone combinations (with color harmonized interiors). And for automatic driving at its finest, it offers Fordomatic*, the newest, most advanced of all automatic drives!

When you buy for
the future—buy

FORD

All around Girl

One moment, Ford's "Country Squire" is a beautiful eight-passenger station wagon... the next, it's a rugged hauler of half-ton loads. No other low-priced station wagon offers you so much one-level floor space or your choice of V-8 or Six engines. And only Ford, in its field, offers you your pick of three great transmissions: Conventional, Overdrive* and Fordomatic.*

you can pay more

Customers' Corner

A few years ago we had quite a few complaints about the delay at our checkout stands.

We worked hard to solve this problem by increasing and improving the stands and training our checkers to do a more efficient job.

Has this effort paid off in your A&P?

Is there a minimum of delay at the checkout stand?

Our checkers strive constantly to be courteous, efficient and accurate.

If you have any suggestions that will help them improve our checkout service, please let us know. Please write:

Trout Fishing Season Opens on Saturday, 28th...

Fishing licenses are going like "hot cakes" these days in Plymouth according to Norman & Bailey. The William Rose Plymouth Hardware Store, Beyer's Hardware Shop and the Liberty Street Hardware where licenses can be secured. The trout fishing season opens on Saturday, April 28.

Plymouth trout fishermen will help make up the deficit of some 100,000 that the conservation department predicts will be on the trout stream on opening day.

A favorable start would be a sharp contrast to the 1950 season opener. Fred Westerman, state fisheries chief, reminds the few who may have forgotten. Below average fishing conditions were noted the last time the exception last year. Trout stamp sales topped out at about 170,000 or one a 12th of that in 1949.

The department advises there are no general fishing regulations changes on taking brook brown or rainbow trout. Daily catch or possession limit in any combination of the three species remains at 15 (five from trout lakes) but not more than 10 in ponds and one trout. Minimum size limit is seven inches.

The department points out there are a few sections of experimentally-classified trout water

where fishing is mostly by permit and special rules apply. These stretches are plainly marked and signs indicate nearby permit stations. Trout ponds subject to special rules are posted. Ponds and designated trout lakes are identified in the fish law digest. A copy of the digest can be secured when the trout stamp is purchased from the license agent.

With insecticide treatment crews may be able to release as many as 250,000 legal-size trout before opening day. Approximately 200,000 "keepers" have been planted annually the last several years prior to the season opener.

The resident trout fishermen still will pay \$1.50 for his regular fishing license and \$1 for the necessary trout stamp. Nonresident fees: annual license \$3, temporary \$2 and trout stamp \$1. Stamp must be pasted on the license in the allotted space. License must be carried at all times when fishing.

There are over 100 public fishing sites which permit access on northern trout streams. Field crews plan to have them cleaned up and ready for trout fishermen of the season.

There are a number of forest, park, and public fishing sites where the fisherman can pitch a

camp by or close to trout waters. The department again will have experimental weir operations on the East Branch of the Au Gres near Rose City. Weir was installed last year to test possibility of having more spawning rainbows before they migrate back to Lake Huron. Sea lampreys accumulated below the weir will be destroyed.

Paulist Fathers Conduct Dialogs

The Paulist Fathers will open a series of "Pulpit Dialogs" in Our Lady of Good Counsel Catholic church on Sunday, April 22. The service will begin at 7:30 p.m. and will consist of explanatory discussion on the principal doctrines of the Catholic church.

The method of presentation will be that of a Dialog. Two of the missionaries will engage in the discussion. One will explain briefly the chief tenets of the Catholic church on various subjects of interest. After he has finished, the other missionary will offer "current objections and popular difficulties" on the doctrine.

The first missionary will answer these objections as they are made. The particular attraction of these Dialogs is a lively and interesting discussion on topics of vital interest to every layman.

The subjects to be treated include: Who is Christ? Which is Christ's church? Why confess to a Priest? Where is Christ? After Death—What? and Why no divorce?

The Reverend William P. Mooney, pastor of the church, has invited the Paulists to conduct this series because they were founded for the express purpose of presenting the Catholic church to their fellow Americans. Both Catholics and non-Catholics are invited to attend these discussions. They will open on Sunday and will continue each evening through Friday, April 27, at Our Lady of Good Counsel Catholic church, located at the corner of Arthur and William avenues.

Band Parents Schedule Meeting and Movies

The next regular meeting of the Band Parents Association will be held Wednesday, April 25, at 8:00 p.m. in the Central Grade school gym. New movies from the music camp at Interlochen and Band Day at the Michigan-Indiana football game will be shown. Interested visitors will be welcomed.

Graveside Services Held for Baby Boy

Graveside services were held Monday, April 16 at Holy Sepulchre cemetery for the infant son of Mr. and Mrs. John E. Pint, who passed away Sunday, April 15. Mr. and Mrs. Pint reside at 11456 Eastside Drive.

RECEIVES HAWAIIAN LEI given to the 500th visitor at the new Beyer Rexall stores' grand opening last Friday. It was awarded to Mrs. R. C. Lostutter, 11917 Camden road. Shown left to right are Mr. Beyer, Mrs. Lostutter and Mrs. Beyer.

Mrs. Lostutter, who says that she does all her shopping in Plymouth, remarked that it was the first lei she had ever seen, let alone received.

Commenting on the new drug store, Mrs. Lostutter said that it is certainly a lovely store. With Mrs. Lostutter was her daughter-in-law, Mrs. Shirley Lostutter.

Orchids were given to the ladies and other gifts were given to visitors who stopped in to see the new Beyer store, located on Forest avenue.

Stamp Collectors Active in City

The hobby of stamp collecting brings in many dollars of revenue to the post office department. In Plymouth last year collectors purchased almost 100,000 commemorative stamps according to Beatrice Schultz, Plymouth assistant postmaster since 1938.

Ten special commemorative issues came out last year: the Boy Scouts issue, California Statehood, Indiana Territory, Mid-West Gateway, Railroad Engineers, Samuel Gompers, a Freedom issue, and three special issues honoring the three branches of the national government: the judiciary, legislative and executive. About 10,000 of each of these issues were sold in Plymouth.

Most collectors buy their stamps in blocks of 100 and many are very tussy that the perforations are perfect and that they are centered right. Some stamps increase in value very rapidly, especially if they are issued in small numbers or a mistake is made in the printing. A New York Commemorative stamp some years ago quadrupled in value due to its scarcity and the upside-down airplane stamp of some years ago is today a rare collector's item.

Hal Hauchat, 40, of Clarksville, Tennessee, demonstrated his profession before Judge Paul E. Krause in Recorder's Court, but he didn't make a very good impression. When the former tobacco auctioneer went into his chair, the judge told him to entertain the boys at the House of Correction for 30 days. The auctioneer was up before the judge for defrauding a hotel of \$216.

Buildings in which livestock and poultry are housed should be cleaned and disinfected to kill disease germs and parasites, say Michigan State college agricultural authorities.

Reports Given at DAR Meeting

At a meeting of the Sarah Ann Cochran chapter of the Daughters of the American Revolution last Monday, which was held at the home of Mrs. Kenneth Corey at 47635 Ann Arbor road, a few reports were given and dessert was served.

Mrs. E. J. Cutler, regent, asked that two reports be prepared by chairman and officers for the next meeting.

May 21 will be the date of the next meeting which is Guest Night. It will be held at the home of Mr. and Mrs. Sherman Hill.

Smith School PTA Hears Address

An address by Dr. Robert F. Fox, associate professor of education at the University of Michigan and principal of the University of Michigan Elementary school will be given at a meeting of the Smith School PTA on Tuesday, April 24 at 7:30 p.m. in the Smith school.

He will speak on the attitudes of children towards home, parents, and the school.

After the short business meeting, the program will also feature a Mother Goose skit, which will be put on by Mrs. Mathews' room and a movie will be shown. The flicker "Joe Turner, Assassin" won second place in a contest for promoting community safety sponsored by the National Association of Manufacturers. A short social hour will follow.

Table settings are one of the most interesting means of self-expression and in one of the most unlimited in variety. They may be inexpensive and still be unique and dignified. MSC home economists believe.

Thousands See Opening of Two New Local Stores

Plymouth citizens have a most kindly way of extending the glad-hand to newcomers in our business circles. But they made it quite evident over the last weekend that when sons and daughters of prominent, substantial and highly respected Plymouth citizens decide to expand their business activities, they are just as anxious to extend congratulations and offer expressions of good will as they are to our new comers.

Even though it rained nearly all day last Friday as well as during the evening, not hundreds, but thousands visited Margaret Dunning's new dress shop on Forest street and Beyer's new Forest street drug store, almost directly across the street from the Dunning store.

Miss Dunning is the daughter of Mrs. Bessie Dunning, one of the best known of the older pioneer residents in this part of Wayne county and the donor of the Dunning library to the city of Plymouth.

Robert Beyer is a son of Mrs. Otto Beyer and the late Mr. Beyer, who was one of the pioneer drug store owners of Plymouth. The Beyer drug store on Liberty street, operated so many years by the senior Mr. Beyer, will be continued even though the son has drug store on Liberty street, operated so many years by the senior Mr. Beyer, will be continued even though the son has opened another drug store down on Forest street.

From the minute the new stores opened last Friday morning until they closed late in the evening there were both old and new friends crowding the aisles to see the newest of merchandise and to offer expressions of good will.

The crowds came Saturday, too. Every one seemed elated. The opening seemed more like old-time gatherings of old-time friends than just the mere formal openings of new stores.

Both stores were filled with many floral displays, the contributions of friends.

Grange Gleanings

On April 19 we shall have a program of music.

May 3 is our usual potluck supper, for our program we are to have with us Mrs. Dorothy Dugan who was sent to Denmark, Holland and other countries last year as the representative of the A.C.W.W., and she will tell us about her trip. She is a good speaker and her talk will be very interesting so do let us have a fine attendance.

Don't forget that the photographer is coming again to finish taking pictures of the members for the group picture for the Grange.

"Scare" buying increases demand and brings about higher prices for food and household needs, Michigan State college home economists advise.

Local Students Join Workshop

Two Plymouth high school students, Norman Van Dyke and Donald L. Lafferty, are part of a group of eight students which is spending the week on the Union college campus in a "Workshop for Youth."

The workshop is being spent in thorough individual and group testing and conferences in the leadership of Dr. Ernest M. Linton, director of the Union college Character Research Project, and Mr. William J. Gold, research associate of the C.R.P.

The student participating in the Workshop are from churches that are members of the Character Research Project. Norman and Donald are from the First Methodist church of Plymouth.

Daughters of America Plan Pillowcase Party

A pillow case party will be held by the Daughters of America at the Grand Hotel on Friday, April 20, at 8 p.m. The public is invited to attend.

Pastor Shows Film to Starkweather PTA

At a meeting of the Starkweather PTA tonight at 8 p.m. in the church, the Reverend John H. Starkweather will show a film "The Road to Nowhere" by W. A. Avey.

The program also includes an exhibit of some of the Starkweather family's collection of fifth grade pupils. Refreshments will be served by Mrs. Evelyn Angelo, Mrs. Ruth B. B. and Mrs. M. J. B. B.

Admission will be collected at the meeting.

Schedule Square Dance for Scholarship Fund

A square dance, sponsored by the International Relations club, will be held Friday evening, April 20, at 11:30 p.m. at the Plymouth and Hubbard road.

Refreshments from the dance will be used for the scholarship fund. Tickets are \$1.00 and \$2.00.

If you have any local news, items, club news or any social news, call 1755.

With Our Boys in The Armed Forces

Brief items of interest about your sons and husbands in the service are welcomed in this column providing the information does not conflict with press security policies.

Corporal Jack England of the U.S. Air Force stationed in Okinawa said that he received two copies of the Plymouth Mail and reports that he read every single word. In a letter to his mother Mrs. Eva England of Brainerd road, Jack told of his first experience in a typhoon.

Navy wings of gold now adorn the uniform of Second Lieutenant Fred W. Gunnesch, Jr., of the United States Marine Corps. Having successfully completed his flight training, he was designated a Naval Aviator and was awarded his commission today by Rear Admiral F. M. Hughes, USN, Chief of Naval Air Basic Training, during ceremonies at the Naval Air Station, Pensacola, Florida.

Lieutenant Gunnesch, son of Mr. and Mrs. Fred W. Gunnesch, Sr., of 45560 Ann Arbor trail, entered the Marine Corps in 1942. Upon discharge, he entered the Naval Aviation Cadet Program.

He began his active flight training in July of 1949 when he reported to the U. S. Naval School, Pre-Flight, at NAS Pensacola, where he completed a strenuous schedule in military, academic, and physical training.

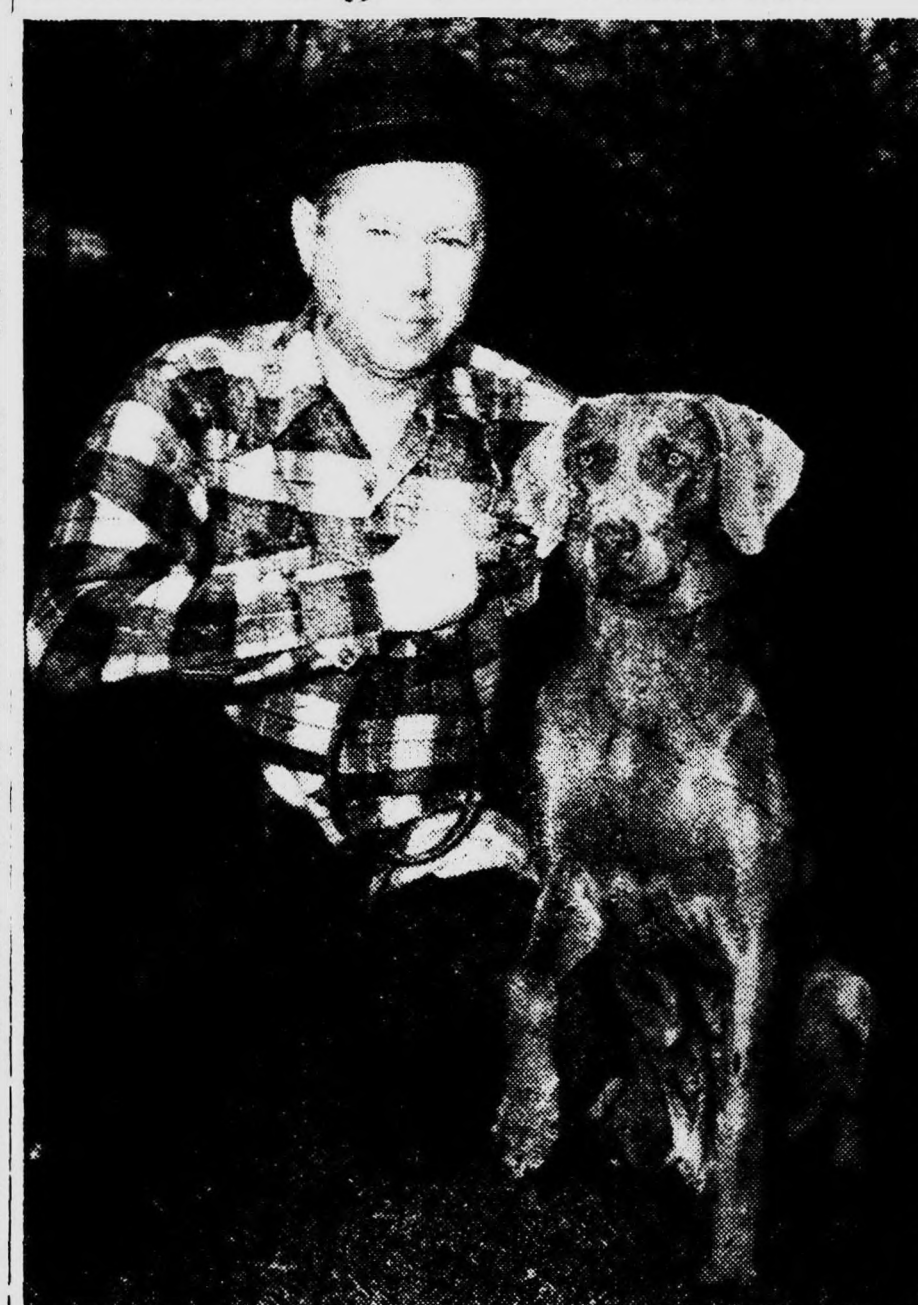

From Pre-Flight, he was advanced to basic training which consisted of primary, aerobatics, instruments, gunnery, and tactics and was climaxed by six take-offs and landings in his SNJ "Texan" trainer aboard the aircraft carrier USS WRIGHT.

He was then sent to advanced training at Corpus Christi, Texas, for a four month syllabus in combat type aircraft. After this, he returned to Pensacola to qualify aboard the USS MONTEREY in his combat type aircraft before receiving his wings.

Lieutenant Gunnesch has been ordered to report to the Naval School of All Weather Flight at Corpus Christi, Texas where he will further his training in aviation. After this, he will be assigned to the Marine Corps Air Station at El Toro, California.

Plymouth children—that is Plymouth, England—do not have to give up seats in buses to adults, the Plymouth city council ruled. The city's transport authority asked the council to crack down on the children's manners by requiring them to stand until all adults were seated. The council decided that courtesy could not be enforced legally.

World's Rare Breed Owned By Joe Merritt

Would you like to own one of the rarest and smartest dogs in the world, a dog which will point, pheasant and quail, retrieve ducks, and hunt fox and hound, which has been successfully as a watch dog, and is a good looking dog, and family pet?

The dog is the famous Weimaraner, until twelve years ago owned only by the German nobility. Joe Merritt, local insurance man, owns eleven of these dogs, and of them pups which he will soon offer for sale. Although the dogs cost more than average breeds, Mr. Merritt anticipates little trouble in selling them.

Sleek, powerful and shaggy in color, the dogs have acquired the American nickname of "The Grey Ghost" because of their ability to slip through the thickest underbrush without sound. As hunters they are without peers.

Natives of the German duchy of Weimar, the dogs are a comparatively new breed, only 150 years old. Although their exact ancestry is a secret, it is known that the blood of the Blue Dan and the Court Royal Blood runs in their veins.

They were first brought to America in 1870 by a German master of German blood, and it is said that they are the only breed that has remained pure since they were first brought to America.

Originally bred to hunt such big game as wild boar, deer, and wolves, the Weimaraner is now used for a wide variety of purposes, including hunting, guard dog, and family pet.

To insure the purity of the breed, the American Weimaraner Club, Inc., was organized in 1928. The club is now the largest and most active of its kind in the world, and it is the only one that has been recognized by the American Quarter Horse Association and the American Quarter Horse Club.

Joe Merritt, who is a member of the club, says that he has been breeding Weimaraners for over 20 years, and that he has a large number of pups available for sale.

Legal Notices

STATE OF MICHIGAN, COUNTY OF WAYNE.

IN SENATE, April 18, 1951.

Present: Mr. J. H. SEXTON, Judge of Probate.

On reading of the petition of Joseph F. Wisniewski, deceased, for appointment of an executor, the court is of the opinion that the petition should be granted.

It is ordered that the Twenty-second day of May, 1951, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further ordered that a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

JAMES H. SEXTON, Judge of Probate.

(A true copy) Joseph S. Wurtz, Deputy Probate Register.

Central Grade PTA Dads State Father's Night

A Father's Night will be held by the fathers in Central Grade PTA on Tuesday, April 24 at 8 p.m. in the high school auditorium. Kenneth Hulsing is in charge of arrangements.

The entertainment will feature the Four Horsemen comedy singing team from Michigan State Normal college and coach Hilton Porter's Tumblers.

Ebert Roadman is in charge of refreshments and Elmore Carney heads the reception committee. All are invited to attend.

House hunting? Read the classified ad section for where to find a house or apartment.

Madonna Gains Accreditation....

The Michigan Commission on College Accreditation voted to accredit Madonna college at their last meeting held on March 20 in Lansing.

The accreditation came as the result of a visit to the college on March 12 by a five-member committee representing Michigan universities and colleges. Committee members included: Sister Ann Jochim, Siena Heights college; Dean David M. Tout, Central Michigan college; Dr. Lawrence G. Knowlton, Western Michigan college; Dean Don S. Miller, Wayne University, chairman of the committee, and Ira Smith, Registrar, University of Michigan.

Endorsement by the accrediting association implies competence of faculty, adequacy of curriculum, integrity of administration, standards of student performance, and financial stability. Taken together they are the foundation of college excellence.

Madonna College is a private, non-sectarian, co-educational institution. It is located in the heart of the city of Detroit. The college has a long and distinguished history, and it is proud to have gained this accreditation.

WEIMARANERS

(The Grey Ghost Hunting Dog of Weimar, Germany)

The first litter of Weimaraner puppies born in this area will soon be ready to go to the homes of qualified buyers.

The Dam is my personal hunting dog, Laura of Langland, daughter of the famed Rocky, "Cover-Boy" on the September 1949 True Magazine. The Sire is Champion Klarbert's Alarick, U.D., one of the most versatile stud dogs in America; a dog equally at home retrieving ducks or pointing upland birds.

These two dogs bring together in this litter the most famous blood lines of the breed from Germany and America. Reservations will now be accepted from qualified purchasers who will join the Weimaraner Club of America and accept its principles.

Washington, D. C. Scene of Loveless-Bowden Wedding

The Church of the Annunciation in Washington, D. C. was the setting on Saturday April 7, for the marriage of Miss Helen Grace Bowden to William Eldridge Loveless of Washington, D. C. Miss Bowden is the daughter of Mr. and Mrs. Howard W. Bowden of Ann street, Plymouth. Mr. Loveless' parents are Mr. and Mrs. J. Eldridge Loveless, also of Washington, D. C.

Preceding the two o'clock rite, a friend of the bridegroom sang "Ave Maria," "The Lord's Prayer," and "Oh Perfect Love." The Reverend Russell A. Phelan officiated before an altar adorned in tall vases of white flowers and palms.

The bride, who was given in marriage by her uncle, F. C. Cowen was gown in a white broadened suit dress, street length and complimented by a shoulder length veil of illusion. Her bouquet was of white roses tied with

satin streamers. For her maid of honor, Helen asked her sister, Lois Bowden, to assist her. She wore a suit dress of blue brocade in street length with matching hat and carried an arm bouquet of yellow and white daisies, pink sweetpeas, blue delphinium and tied with yellow tulle and satin.

The bridesmaids, Betty Bowden and Joanne Harshfield, sister of the bridegroom, wore white broadened suit dresses with matching hats. Their bouquets were like that of the maid of honor.

Assisting the bridegroom as best man was Warren Loveless. Ushers were Dick Harshfield and Edward Dwyer. For her daughter's wedding, Mrs. Bowden wore a dress of rose crepe with a pink flowered hat. Mrs. Loveless wore a lavender colored dress with matching hat. Both mothers had orchid corsages.

Following the rites, a reception was held in the home of the bride's aunt and uncle, Mr. and Mrs. F. S. Cowen in Bethesda, Maryland. About 40 guests were present from Pennsylvania, Michigan, Maryland, and Washington, D. C. The bride's table was centered with three-tier wedding cake and flanked by tall lighted candles.

For her going away the new Mrs. Loveless wore an orchid colored suit with white and navy accessories and a white rose corsage. The young couple are honeymooning in Philadelphia, New York City, and Buffalo before returning to 4707 So. 29th street, Fairlington, Virginia, where they will be at home after April 14.

The bride is a graduate of Plymouth High school and Albion college while the bridegroom attended Columbia Technical Institute in Washington, D.C. and is a navy veteran of World War II.

Charles Arnold Wed In Iowa

Mr. Charles Arnold, son of Mr. and Mrs. Dale Arnold of Burroughs avenue was united in marriage to Miss Marilyn Knouse of Harlan, Iowa at a double wedding on Tuesday April 10 in the Congregational church in Harlan. Marilyn is the daughter of Mr. and Mrs. E. D. Knouse of Harlan.

At the same service, Glenn Arnold, a cousin of Charles, and Miss Darlene Hubert, both of Harlan were united in marriage. The Reverend E. J. Arnold officiated at the impressive double ring ceremonies at 2 o'clock. Lighted tapers formed a background for the rites.

For her wedding the bride wore a suit of navy blue with yellow and navy accessories and a yellow rose corsage. Her maid of honor, Mrs. Donald Arnold, of Harlan, also wore a navy suit. Her accessories were of white and navy and she wore a pink corsage. Donald Arnold served as best man. Mr. and Mrs. Arnold assisted both young couples.

For her son's wedding Mrs. Arnold wore a dress of rose crepe with navy and grey accessories and Marilyn's mother was dressed in navy. Her accessories were navy and rose. Both mothers wore rose corsages.

Following the ceremony a reception for about 50 guests was held in the Congregational church parlor. Following a wedding trip to Oklahoma and Old Mexico Mr. and Mrs. Arnold will return to Plymouth to make their home.

The bride is a graduate of Harlan high school and Mr. Arnold graduated from Plymouth high school.

Social items can be phoned to 1755.

Rose Ann Ewer Bride of Victor Brayshaw

Rose Ann Ewer, daughter of Mr. and Mrs. Cyril K. Ewer of Hamilton street repeated her nuptial vows to Victor Stanley Brayshaw, Saturday evening, April 14 in the First Presbyterian church. Victor is the son of Mr. and Mrs. James Williams of Detroit.

Candleabra, palms, and baskets of white gladioli and stock formed a setting for the eight o'clock rite at which the Reverend Henry Walch, D.D. officiated. Nat Sibold sang "With This Ring I Thee Wed" and "The Lord's Prayer" preceding the ceremony.

The bride, given in marriage by her father, selected a gown of white bridal satin with capulets and neckline inserts of lace. Her sleeves were long and pointed over the wrists and were of satin. The waist line and peplum were also satin and the skirt was of double net over satin. She had a long cathedral train of satin edged in lace. Her flowers were crested shaped and of white camellias and hyacinths and roses.

Muriel Blunden, a sister of the bridegroom, of Allen Park as maid of honor was gown in blue marquisette floor length with tucked bodice and peter pan collar. She wore a picture hat of lace. Her flowers were hoops of lace with white hyacinths and yellow iris and tied with blue bows.

For her bridesmaids Ruth Ann Mr. and Mrs. Innes Tell of Daughter's Betrothal

Mr. and Mrs. A. W. Innes of Tower road announce the engagement of their daughter, Jeanne Ann to Walter V. Hawkins, son of Mr. and Mrs. William Hawkins of Garden City, formerly of Joy road, Plymouth. A June wedding is being planned.

Announce Troth of Barbara Ann Brooks

Mr. and Mrs. E. H. Brooks of 8815 Marlowe avenue announce the engagement of their daughter, Barbara Ann to Edwin Dale Campbell, son of William Campbell of Oakview avenue. No definite date has been set for the wedding.

BIRTHS

Mr. and Mrs. Eugene Bronson of 43694 Ford road are receiving congratulations on the birth of a daughter weighing six pounds two ounces, born in Beyer hospital Ypsilanti on Tuesday, April 10.

Mr. and Mrs. Walter Prince of 11034 Fairfield avenue announce the arrival of a son born in Beyer hospital, Ypsilanti on Tuesday, April 10. He weighed seven pounds, one ounce at birth.

MOMS NEWS

Remember April 23, Social Meeting and Pot luck dinner at 6:30 p.m.

Handkerchiefs for Veterans at Dearborn for Mother's day. We can still use yarn for afghans. Any color, any length. Prefer four strand yarn. Have placed two crocheted afghans in the Dearborn hospital. But can use more.

O.E.S. NEWS

The annual spring luncheon and card party will be held Tuesday, April 24. Luncheon will be served at 12:30. For tickets and reservations contact Lucille Smith, Liv. 3106. To donate to the fancy work booth call Vera Clair, 2154-R-11, and Kathryn Simons, 837-22, is in charge of the bake sale and candy booth.

Members in the O. E. S. will model in a fashion show put on by Taylor and Blyton's department store.

Those from out of town attending the funeral of Mrs. William Campbell were her brothers Jack and Ira McLellan, Mr. and Mrs. Glen McLellan, of Hicksville, Ohio; Mr. and Mrs. Jesse McLellan and family of Mansfield, Ohio; her nephew, Burdette Kisabeth and family of Lansing; and Mr. and Mrs. Forest Hall and Mr. and Mrs. Arthur Blackledge of Marion, Michigan; and Mr. and Mrs. Henry Albert of Holt, Michigan. Mrs. Campbell was the daughter of Leander and Ann Hart McLellan.

Social items can be phoned to 1755.

Toastwiches
are Tasty Treat

A list of hot and tasty sandwiches is the homemaker's helper on many an occasion. To add to her repertoire, here are French Toastwiches—a serving designed to draw the undivided attention of the family at lunch or supper.

For quick work of French Toastwiches use a can of ready-to-serve meat. Combine the meat and ready-to-serve meat with minced onion, pickle and moisten with Worcestershire.

Place the sandwich spread between two slices of bread, then dip the sandwich in an egg-milk mixture the same as for French toast. Pan-fry on both sides in lard or fat.

If there's leftover cooked meat in your refrigerator, use it! Cooked beef, veal, pork, lamb or ham may all be appropriately used in these hot sandwiches.

To the ground meat add thin slices of onion or ripe olive, a bit of minced carrot or pimiento. Serve the sandwiches straight from the griddle with assorted relishes.

African Lobster Preferred

The fish are always bigger in a far away pond. So though Apicius, the Roman gourmet, who made long

journeys in search of the large and succulent African lobster.

Lobster Comes to You

With freshness frozen in, African lobster tails have now become an American favorite from coast to coast.

Cook by the Clock

Be a clock watcher—lobster toughens and shrinks if it is overcooked! Place lobster tails in boiling salted water—allowing two tablespoons salt to one quart

water. The lobster may be dropped into the boiling water while still frozen. Cover the saucepan and allow five minutes cooking time after the water begins to simmer. Drain. Using scissors, slit the shell lengthwise on the under side. Pull the meat from the shell and remove the black sand vein as you do with shrimp that has not been de-veined.

Lobster Thermidor

4 cooked lobster tails
1 cup butter
1 cup sliced mushrooms
1 teaspoon paprika
1 teaspoon dry mustard
1 tablespoon minced parsley
1 tablespoon lemon juice
1½ cups medium white sauce
2 tablespoons grated cheese

Cut lobster into pieces. Sauté mushrooms in butter, add lobster and cook 3 minutes. Add seasonings, lemon juice and white sauce. Place in baking dish; sprinkle with cheese. Bake in hot oven (400° F.) 10 minutes or until cheese melts and browns lightly.

Yield: 4 or 5 servings.
Simple accompaniments such as warm garlic French bread and head lettuce salad with French dressing are best with this rich seafood dish.

Michigan Smelt Used by Wayne U.
Coeds to Prepare Swedish Dishes

Preparing the chafing-dish delicacy known as "stromming lada" in the Wayne home-economics laboratories is a Wayne University coed. Elaine Ingeborg Pearson, who wears a costume brought to Michigan years ago by her Swedish forebears.

"Smorgasbord" is a word readily associated with Swedish cookery, and this famous buffet-supper-better-dinner carries with it visions of varied delicacies to please eye and taste.

A fish often appearing with the Smorgasbord array and also as a main dish on Swedish tables is "stromming," which resembles Michigan's well-known smelt. The delightful variety in which the silvery little fish are prepared has been demonstrated in Wayne University home-economics laboratories, Detroit, by students of Swedish descent.

"Stromming Lada," (translated as "Michigan smelt in a chafing dish") is prepared by cutting off smelts' heads and tails, cleaning and rinsing the fish, flattening them out, and adding salt and pepper. The fish are then "rolled up like a rug," starting from the head end. Finally, the rolls are fitted tightly in a baking pan containing a layer of bread crumbs and butter.

Onto the rolls, anchovies diced into small bits are sprinkled, followed by more bread crumbs and butter. A little milk is added, and the concoction is baked in a moderate oven to golden brown. The hot dish itself goes to the table.

The rolled fillets may also be prepared as hors d'oeuvres, by tying with string, and putting them in salt water and dill. In this liquid, the rolls are boiled until soft, then taken out to cool. They are marinated in vinegar, dill, and pepper pods for 24 hours, and served cold.

Many of Michigan's Swedish-descended citizens enjoy delicacies prepared as in their homeland, where fish is a favorite food. The smelt with which Michigan is so bountifully supplied is a welcome fish staple.

Love for the water and for fishing were factors which helped to bring many Swedish settlers to communities like Muskegon, Grand Rapids, Ludington, Escanaba, Menominee, Ironwood, Ishpeming, and Marquette.

The British government has chartered 100 ships with a view to importing more than a million tons of coal from the U. S.

Pork is still news at the meat counter with thrifty prices and meat of excellent quality. Have you baked stuffed pork chops recently, or barbecued spareribs, or served broiled ham steak with a pineapple sauce? These are good pork dishes now available with the thriftiest meat tags in the market.

Salad magic you will make welcome in salads for youngsters and oldsters is wrought with bananas and peanut butter. Peel fully ripe banana, yellow peel flecked with brown. Cut banana lengthwise into halves. Spread cut side of one half with peanut butter. Top with other half, sandwich style. Cut crosswise into slices.

These gay slices can be arranged overlapping in a circle around fruit, cottage cheese and greens, to make a most attractive and nourishing salad. Bananas have a well rounded supply of vitamins, essential minerals and quick food energy.

Polka dot frosting is chic trimming for cakes; and so easy to do. Use any favorite frosting and some morsels of semi-sweet chocolate, the kind sold in cellophane packages.

Frost cake, then take the little peaked semi-sweet chocolate morsels and set them in the frosting at casual intervals peak side down. The polka dot effect is achieved that easily, and the remainder of the package of morsels may be used for other delicious chocolate desserts.

Pimiento red is pretty to enhance pale foods, and it is as easy to add that entrancing color as opening a little can of pimiento, which is ready prepared for brightening pale dishes.

Pimiento flavor is also attractive, adding a mild pepper fillip to contrast not too strongly with other foods. To be festive, cut star shapes from canned pimiento and use them to garnish salads.

The N & W Railway, one of the nation's most profitable roads, uses coal-burning locomotives exclusively.

You Can Even Choose It for Economy!

Standard equipment, accessories and trim illustrated are subject to change without notice

It is true, of course, that when men and women move up to Cadillac, their motivating thought is not economy. Their hearts are set on owning the "Standard of the World."

But if they needed another impulse to move them to Cadillac, it could certainly be found in the car's remarkable record for practicality.

Even on the basis of its initial cost, a Cadillac represents a surprisingly sound automotive investment. Indeed, some half million American motorists are driving other makes of cars which actually cost them more than they would have had to invest if they had purchased new Cadillacs!

And the surprise is no less when you look to the everyday aspects of Cadillac's economy. Few could ask for greater mileage from a gallon of gasoline. And the car's freedom from the needs of service—beyond the routine—has long been traditional.

And finally, of course, is Cadillac's tremendous capacity to serve—the years and years and years of wonderful utility designed and built into it.

Yes—when you want a Cadillac, you want it for what it is, and does, and represents. But what an added satisfaction it is to reflect that it is also so eminently practical!

We deeply regret that we are unable to deliver new Cadillac cars without some delay. But the demand for the car is unprecedented—and much of the company's energies and materials are now being devoted to the needs of national security. Once the car is delivered into your hands, however, we know you'll agree that—patience never brought a richer reward.

Plymouth High School News**School Slates
Election Friday**

Dorothy Curtis, chairman of the all school election, and her committee members are making final preparations for the election Friday, April 20. As in previous years, the voting booths will be placed on the stage with the polls open from 8:15 to 4 o'clock.

Serving on the election board are: Ron Davis, Kay Dobbs, Anne Preston, Anne Vincent, Erna Kienbaum, Beverly Ross, Iva Lou Kahrl, Norma Van Dyke, Ellen Daane, and Jackie Langmaid.

The tentative slates of the candidates were completed at the caucus Monday, April 16. Students will vote for class officers and for members of the student council.

More than 20 per cent of America's bituminous coal supply comes from surface mines.

Graduate, Institute of Musical Art, Detroit**Tenth Graders Hold
Superstitions Swing**

The Tenth graders were chosen as general chairman for the tenth grade superstitions swing which was held on Friday 13.

The following people were appointed: chairman, chaperones, and committees: publicity, Dick Hunsicker, refreshments, Ronald Klump, decorations, Barbara A. Nelson, chairman, Marilyn Rood, and food, and a silent auction to the dance. Gifts were also given at the dance.

**Golfers Get Set
For Initial Meet**

"Best old man Par" is the thought on the Plymouth High school golf squad as they move into another season of competitive high school golf. Nine boys turned out for the team, which will again be coached by Hilton Papp.

Following from last year's team and the main braces on the team are Bob Keeney, Ralph K. Johnson, Kline, and David K. Johnson. These players will receive help from beginners Ed Brown, James Denny, Wally K. Johnson, George Evans, and Dick Papp.

In a new ruling made May 15, 1950 at a meeting of the principals of the 6-12 tennis schools, all golf contests will be decided in nine holes instead of 18 as was the custom in other years.

A second starting of 18-2 was ruled up by last year's golfing, but this year's contest will be expected to show a new cause of the continuation of the previous team's starters.

The first of thirteen meets, in which the Rock Golfers will compete, will be played at Wall Lake, April 25.

Los Angeles County has reduced by 17 per cent the 34 tons of pollution that in 1948 were contributed daily to the atmosphere by home incinerators.

101 NORTH MAIN, PLYMOUTH, MICH.**Students Vote to
Keep Honor Roll**

Recently the Plymouth High school student council conducted a poll in which the pupils were given a chance to voice their opinions concerning the present honor roll system. Each student was requested to vote for the suggestion he thought was best.

The following are the results of the poll: 477 ballots were cast for suggestion number one, "Students marks should be averaged and those found to have a 'B' or better average should be entered on the honor roll." 170 for suggestion two, "A student should take at least three subjects to be eligible for the honor roll, with the number of the subjects listed after the student's name," and 101 were cast for the last suggestion, "The honor roll system should be abolished."

A few suggested combining numbers one and two, while a few others thought it should be left as it is.

**Exhibit Works of
Art Departments**

The Industrial Arts Exhibit, an annual attraction, will be held Monday, April 30 in the high school gymnasium.

The exhibit will include projects and drawings which have been completed by the students during the year in the Art, Machine Shop, Drawing and Industrial Arts departments.

Included in the art display will be commercial, life, and advanced art with water color, oil painting, charcoal, block printing, clay work, and fashion drawings. The work of the Scholastic Art Award winners will also be shown.

The display may be seen by students from 12:30-3:30. Study hall groups and elementary grades are urged to attend. Adults may view the exhibit from 3:30-5:00 and from 7:00-9:00.

Kentucky has enough recoverable coal to last for 850 years at present rate of mining.

Paper Promenade**

The junior class will sponsor a dance titled "Paper Promenade" Friday, April 20 in the high school auditorium. An unusual twist to the occasion will be the price of admission which is a pile of paper measuring one foot and a half, or the usual admission price.

General chairman of the event is Bob Keeney who has chosen the following to head the various committees: Iva Kahrl, chaperones; Carolyn Smith, refreshments; Phyllis Wilkins, tickets; Donna Renwick, decorations; and Shirley Pine, entertainment. Evelyn Woods' orchestra, "Tone Poets," will provide the music.

Coal and oil shale must be used "promptly" as sources of synthetic liquid fuels, Secretary of the Interior Oscar L. Chapman has told Congress.

UNSURPASSED in the 1/2- to 2-ton truck field!

TALK about power! These great new GMC's are unsurpassed in horsepower in the 1/2- to 2-ton field—power to keep hauling years longer! But new engines are only part of the story.

From the rims up, these GMC's are truck-engineered to stay young throughout the uncertain years ahead. You get proof in feature after feature from individual models—things like wider Twin-Action hydraulic brakes, heavier axles and longer "pillow-action" springs.

Yet extra quality is standard GMC equipment. You pay no "extras" for such things as easy-turn steering with recirculating ball-bearing action, the Ventipane-controlled ventilation of the Weathersealed "Six-Footer" Cab—Turbo-Top pistons that develop higher power without "knock" even when using standard-grade gasolines!

So come in. Select from the widest range of engine-body-chassis combinations, 9 smart new colors. Drive out in a rugged '51 GMC! You'll know it will take you farther, cost less to run—because it's built to last like the big ones!

Get a real truck!

BERRY & ATCHINSON
Your Pontiac Dealer Plymouth 874 W. Ann Arbor Rd.
You'll do better on a used truck with your GMC dealer.

FAIR IN THE LIGHT OF MEMORY SHINES

MICHIGAN
My MICHIGAN
ELTON R. EATON

Dr. Brick Champe, who retired recently as president of the Western Wayne County Conservation Association, a few days ago made a trip up to his deer cabin in the woods near Mio to look over his place and see what the winter had done to the deer herd and his property.

His cabin was "all there" but Michigan hunters will have many thousands less deer to hunt this year than usual. The winter kill in the vicinity of his cabin was terrific, says Dr. Champe. The long winter, coupled with the deep snow made it impossible for deer to secure sufficient food.

Reports from the state conservation department confirm Dr. Champe's report. The department reports that while organized searches for dead deer are only partially finished, game men anticipate a starvation loss comparable to that of 1947, or one of the largest ever experienced in Michigan. The 1947 loss was estimated at 35-50,000 animals.

Department field men report deer are scattering over the entire summer range in the northern lower peninsula as well as in southern portions of the upper peninsula. The white covering is quickly disappearing in the upper peninsula heavy snow belt.

A few starved deer have been found above the Straits but no

large areas have been searched as yet. However, in the northern lower peninsula, carcasses of over 650 animals already have been found. Over 550 deer have been tallied in the most critical six-county Mio district.

Searches will run about three weeks. Deer, mostly fawns, are expected to die of starvation for at least two more weeks.

Clifford H. Ketcham, one of the top-flight men in Michigan's Conservation department and generally regarded as an outstanding authority on Conservation problems, according to an announcement just made in Lansing is the new assistant chief of the state conservation department's education division.

With the department since 1957, except for two years with the state department of health during the war, Ketcham will continue to edit its bimonthly magazine.

Ketcham, who worked for several Michigan newspapers before joining the department, is secretary of the Michigan Outdoor Writers Association which will be host when the Outdoor Writers Association of America meets in Escanaba June 30-July 7.

Cottage owners along the Great Lakes who have been worried about the lowering of the water levels of the lakes during the past few years, will be interested in knowing that late fall rains and the exceptionally heavy snowfalls during the winter have raised the water levels of all the Great Lakes.

Lake St. Clair showed the largest gain, 73 of a foot, and Lake Superior the smallest increase, .07 of a foot. The other increases were: Erie, .66 of a foot; Ontario, .64 of a foot; and Michigan-Huron, .2 of a foot.

March mean levels above sea level were Superior, 602.57 feet; Michigan-Huron, 579.79 feet; St. Clair, 573.75 feet; Erie, 573.19 feet; and Ontario, 247.33 feet.

Glad to note that the Wildlife Management Institute saw fit recently to give Michigan's conservation department's Game Chief Harry Ruhl proper credit for what he has done and is doing to keep Michigan's pheasant population up to a high point. The comment pertained chiefly to the dispute between groups that favored restocking as against those who favored the Wildlife Institute report.

"By a five-to-one vote, the Michigan Conservation Commission voted to push a state-wide habitat restoration program in place of large-scale restocking. This year a total of \$133,000 will be devoted to an expansion of the state habitat improvement program already under way. A substantial portion of these funds will be derived from the savings effected by reducing game-farm production from 20,000 to 5,000 birds. The birds retained in the state flock will be used to produce eggs for private sportsmen's group which persist in maintaining their own restocking programs and to serve as insurance against severe loss of wild birds in any one area through severe weather or other catastrophe. Eliminated entirely is the state egg distribution program in which sportsmen and 4-H Club members have participated for years.

"Strongly behind Ruhl in his battle was Michigan's influential United Conservation Clubs. In a recently conducted poll, only two or three of the numerous member

clubs favored an extension of the artificial propagation of pheasants for release. Also behind him were the findings of pheasant research workers whose studies from Massachusetts to California show clearly that dumping pen-reared birds into cover already occupied by a wild population is a waste of the sportsman's money.

"With this backing, Ruhl stuck to his guns in spite of the heated opposition of one of his own commissioners who took every opportunity to denounce and attack him publicly for his stand. At times this personal attack became so strong that many observers feared that Ruhl would be forced to resign. His calm perseverance under this difficulty led to the strong vote of confidence by a majority of the commissioners.

"On the basis of the views of the foremost pheasant experts of the nation, his victory will mean better hunting for the Michigan sportsmen if they will only give the program time to work."

V.F.W. News

Recently, Chaplain Grace Burley, rehabilitation and service chairman Marion Dickie, home fund chairman Bernice Kopenski, hospital chairman Ann Thompson, and Americanism chairman Alice Fisher met with Secretary Gertrude Danol and former president Eleanor Gust to evaluate the year's work. We wish to congratulate President Gust for the achievements and progress made under her administration.

President Katharyn Coolman called a meeting of her officers and chairmen to plan this year's work. Many ideas were presented which should provide a most interesting and profitable year.

The auxiliary's essay contest ended Monday, April 16. Results will be announced as soon as our judges have made their decisions. The judges are Rev. Patrick Clifford, and Mr. Russell Duane. The essay winning first prize will be sent to compete for state awards with essays from all over Michigan.

On February 14, a commendation award was presented to Elcano Roosevelt by Past National President Helen Murphy in recognition of her outstanding radio program and her many efforts in the field of community service.

We want to remind all our members, old and new, who may be hesitating in attending meetings that without our Civilian Defense, Americanism, Community Service, Hospital and National Home programs cannot be properly carried out.

CASH AND CARRY SAVES THE DIFFERENCE

What About Florida-Its Climate, Speed Traps and Living Costs

(By Elton R. Eaton)

Maybe it is because of the long, severe winter that Michigan experienced, plus the unusually cold, disagreeable spring weather that has prevailed during the last few weeks—or maybe it is because of other reasons—but never before have so many people asked the writer about Florida as they have in the past few weeks.

They not only want to know about the winter weather, but they have asked about the Florida speed-traps concerning which so many papers have in recent months commented—and they want to know about living costs and other conditions, too.

First—if you like winter weather, with plenty of snow, ice fishing, tobogganing, skating, the tingle of zero weather, the sound of creaking snow as you walk along the streets when the mercury stands well below the freezing point, don't think about Florida. You will have none of it down

there. The Florida "cold spells" that you sometimes read about and folks write home about, provide, to me at least, one of the delights of a winter visit to Florida. They are not "cold spells." If one arises early in the morning, say shortly after 6 o'clock to go fishing, one might experience for a few brief hours cool weather such as we sometimes have late in September and which we enjoy so much.

It is nothing less than amazing to think that one can easily drive within three or four days from a part of the country where sub-zero weather prevails to another section of the country where the sun shines brightly and light-weight clothing becomes essential, where flowers are in bloom and one can see vegetables growing in gardens and fields—where oranges hang ripe on the trees.

Yes, Florida does have a "cool spell" now and then, but it is not uncomfortable—providing you are housed where there is a way to provide some heat during some of the early mornings and evenings.

Theatres, churches and other public places have no heating facilities and one finds it a little "cool" to sit through an evening in any of these places.

But this condition is being remedied in all new construction—and while some heat should be available for the few cool days that Florida experiences during the winter, don't get the idea that a Florida cold spell is anything like those that we experience at home.

The winter climate of Florida, on the whole, is about as delightful and as pleasant as one could hope to find any place in this troubled old world.

Speed traps? That's one of the shames of Florida. No, we did not happen to get picked up by one of these legalized pick-pockets, but hundreds, yes, thousands of others did. The methods used by some of these sneaking, money-grabbing cops and justices, would embarrass even the Al Capones. Why some of them haven't been tarred and feathered we do not know—but there has been plenty of justification for it. These rackets do not prevail in the larger cities and communities of Florida. Under the Florida constitution, it is easy for the residents of some four corners to proclaim themselves a village or city, get a charter and then elect a justice, hire a speed cop and begin the collection of the cheap form of legalized graft ever devised. They operate not to help traffic, but to take all the cheap dollars these money grabbers can get their hands on.

In South Miami, the racket went so far that the village council authorized its legalized money-grabbers operating as speed cops, to assess and collect fines direct from the victims. In the city of Miami proper, traffic officers bend over backwards to help tourist travel—but not so in the back towns.

In Lake Worth the city officials installed traffic lights at every corner along U. S. 1, then hid speed cops behind out-houses and other blinds along the highway so they could easily prey upon visiting tourists. To give you an idea of how the average winter visitor feels about this racket, the writer was invited one day to take a brief trip with a Fort Lauderdale resident.

"Maybe we'd better stop here for lunch and get some gas," he said. As he looked for some eat- ing place, he discovered that he was in Lake Worth.

"No stop here—this is one of those places that operates a speed trap," he said—then drove on up to West Palm Beach for gas and lunch.

In an effort to keep visitors from being gyped by these speed-trap rackets, the AAA office in Miami routes visitors over a highway known as the "inland route" where few speed-traps are operated.

It was in Lake Wales, a beautiful inland city, where the writer encountered the ideal type of

traffic officer, the kind that EVERY city and four-corners in Florida or any other state should develop.

It was after dark when the writer pulled up to the curbing to get some traffic directions. A police officer noted apparently the fact that the writer was looking for information.

He came up to the car, gave us the information we desired—then volunteered the information that there were several excellent eating places still open at that late hour in Lake Wales. He named some of them, told how easily they could be reached, where to park near some of them.

"You know our city officials here in Lake Wales are pleased to have tourists stop here. We want to help them all we can. You'll find Lake Wales one of the finest places in all Florida to stay awhile—everybody is friendly here," he said.

It was such a contrast from the many stories that we had been told about other places in Florida. Later inquiry revealed that the name of this officer was "Judd" Roberts. He had been an officer in Lake Wales for 17 years or more—typically the kind of an officer who helps to create a most friendly feeling towards all of Florida.

It has been many years since we have been out to Arizona or California, but we have noted in the last year or so that many of our old friends have been "going west" instead of to Florida. Maybe it is because of the speed traps that have sprung up down in Florida. In fact some say so.

They say one can travel from this city to the Pacific coast and meet only the kindest of assistance from traffic officers in both big and little cities. State highway traffic officers instead of trying to chisel as many dollars out of tourists as they dare, seek opportunities to be of aid and assistance to the driver of an out-state car.

But unless one goes way to the Pacific coast, there's not much fishing for any one west of the Mississippi in winter time. That's where Florida shines—and why so many people go there in spite of the motor-cop "pickpockets" as some term the numerous speed-cops one encounters every mile or so along U. S. No. 1 south of Daytona.

Had occasion once or twice to "see the doctor" while down in Florida last winter. Asked some one in the neighborhood the name of some "good doctor" in the locality. Was referred to a Dr. Howard K. Edwards. Discovered that he was chief of the medical staff of the Eastern Airlines, one of the country's most famous airline transportation systems.

What about him? Even though the writer was a "tourist" he gave me as much attention as though I had been one of his patients for a generation or more. If there is any better doctor anywhere in the country, he'd be hard to find. Fees? About the same as they are here. House calls which so many doctors frown upon these days are quickly and pleasantly made by Dr. Edwards and his staff.

To my way of thinking such medical services as are given by Dr. Edwards and probably other members of the medical profession of Miami do as much if not more beneficial advertising for Miami than all the ballyhoo any Chamber of Commerce can put out. He is the type who not only makes friends for the medical profession, but the city in which he practices as well.

What about prices? From our observation one can make a winter visit to Florida cost as little or as much as he desires. If one takes the time, good accommodations can be found at most reasonable rates. If one is careful, the cost of meals, if taken out, can be held to a much lesser cost than one can find in this metropolitan area of Detroit. It is as easy to get into the wrong places in Florida as it is in any other part of the country where one might not be acquainted. But if one is careful and desires to keep costs down, he can do so and at the same time enjoy a most delightful visit in Florida. Costs are entirely up to you.

Had occasion the other day to drive over to the east side of Detroit. Not on a long and coming over streets carrying thousands of automobiles, did the writer hear a single auto horn toot, or see a taxi cab driver cut in or out of traffic. Detroit is a city of about four million people.

Plain wallpapers often have an unavoidable slight difference in shading toward the edge. Therefore, when hanging any plain wallpaper, always reverse every other strip, putting two light and two dark edges together, rather than a dark and light.

Local News in Brief

Mrs. John Dalton was hostess to members of her bridge club last Wednesday evening in her home on Blunk street.

Thursday evening dinner guests of Mr. and Mrs. Howard Salisbury in their home on Sunset avenue were Mr. and Mrs. Ernest Eberlin of Wayne, Mr. and Mrs. Kenneth Thorpe and Mr. and Mrs. George Wilson of Plymouth. The occasion honored Mr. and Mrs. Thorpe on their birthdays.

Mrs. Roy Wheeler and her mother, Mrs. A. H. Griffin were hosts at a breakfast last Wednesday morning in the Wheeler residence on West Ann Arbor trail. Their guests included Mrs. David Thompson, Mrs. Fedus, Mrs. Hounan, Mrs. Kue, Mrs. Carnes, Mrs. Bassett, Mrs. Felt, Mrs. Roberts, Mrs. Zander, Mrs. Thumme, Mrs. Rakowski, and Miss Heller.

Mr. and Mrs. Doc Clinker and daughter of Tucson, Arizona spent the weekend in Phoenix, Arizona, where they visited with several Plymouth boys stationed at Luke Field. The boys they visited were Phil Larrabee, Elton McAllister, and Mr. and Mrs. Herman Trick and daughter, Carolyn.

Mr. and Mrs. Robert Beyer were hosts on Monday evening to 14 employees of their Rexall stores when Mr. Fritz Aurenz, district representative of Rexall, presented colored movies. Refreshments were served by the host following a social evening.

William Bateman, son of Mr. and Mrs. T. P. Bateman of West Ann Arbor trail, spent last week as a representative to the United Nations from Adrian college and from the Detroit Conference of Methodist churches at a Peace Seminar.

Mr. and Mrs. A. M. Wileon of Pine street and Mrs. Wileon's sister, Mrs. Georgia Harlow of Lansing, spent last weekend visiting the Wileon's daughter and husband, Mr. and Mrs. John Fry in Naperville, Illinois.

Peach growers profit from new, hardy, early-ripening variety

Peach growers who long have wanted an early-ripening fruit that would ship well are profiting from the new Fairhaven peach. This variety is the fourth peach developed at the South Haven substation of the Agricultural Experiment Station of Michigan State College. It is designed for the market period after Redhaven but before Halehaven, Kalhaven and South Haven. The new Fairhaven features a hardy bud that is resistant to cold and fog, and a fruit that is firm and ships exceptionally well. When ripe, it is freestone. Growers interested in a sturdy, early-ripening peach can get further information by calling, writing or visiting their County Agricultural Agent.

Plow Speeds Farm Telephone Service

A specially designed plow is used to bury wire along roadsides for telephone service in rural areas where this type of construction is less expensive than building lines on poles. The plow leaves no trench... buries the wire in a single operation. This is another example of telephone efficiency working for you... speeding construction of more rural telephone facilities, and helping to keep cost of service low. It's one of the reasons why the proportion of farmers with telephones in Michigan is among the highest in the nation.

MICHIGAN BELL TELEPHONE COMPANY

These Events Were News

25 Years Ago

The special school meeting called for Thursday evening, April 8, at the high school auditorium for the purpose of voting upon the proposition of purchasing property for school purposes brought out a total of 438 voters.

The following new members have been added to the Chamber of Commerce membership roll: Chris M. Mather, G. H. Whitmore, Stanley Chambers, D. M. Berman, D. A. Holloway, Albert Steyer, W. R. Shaw, Angus Heer, F. K. Learned, Bert Giddings, Dr. B. E. Champe, Ben R. Gilbert, H. C. Segnitz, Alexander Vateck, Andrew Sambrone, Benjamin Sprowl, John S. Dayton, John J. McLaren, and Walter W. Smith.

Announcement has just been made of the marriage of Maurice A. Woodworth and Miss Alta Hamill, daughter of Mr. and Mrs. F. W. Hamill, which occurred on Sunday, February 21, at Monroe, Michigan.

A very pretty wedding took place at the Baptist parsonage, last Saturday evening when Floyd E. Graham and Miss Mary Shetka were united in marriage. The Plymouth Fire Department will give a dancing party at the new Odd Fellows temple, Friday evening, April 16. Music will be furnished by Livingston's orchestra.

Theodore Rheiner of the Rheiner Electric has leased the middle store in the new Woodworth block on Main street, and has moved his electrical store from the rooms of the second floor of the Penniman block to the new location.

The champions of the Canton Center school for the spelling contest were: Della Mauk, eighth grade; Mary Mauk, seventh grade; Robert Clixby, Edmund Krueger, Howard Shock, Levern Shock. The above are to receive their dictionaries from the Detroit News.

Mrs. F. A. Dibble and daughter, Dorothy, returned home last week Thursday, from their winter's sojourn in Florida.

Mr. and Mrs. Alfred Bakewell and family were dinner guests Tuesday night of Mr. and Mrs. Arthur Tillotson.

Miss Alta Fisher visited friends in Ionia, last weekend.

The Junior Bridge club met at the home of Mrs. Mildred Barnes, on Thursday, April 11.

Mr. and Mrs. James Stevens of Detroit, were Saturday and Sunday guests of Mr. and Mrs. William Kaiser.

Mr. and Mrs. E. O. Huston returned last Friday from their nine weeks' trip to California, Portland, and Denver.

10 Years Ago

Thomas Brock, son of Mrs. H. Irwin, 2000 Canton Center road, was listed on the Albion college Dean's list for the first semester, which was issued this week by Dean Emil Leffler. The list is a recognition of superior scholarship. Brock is a senior at Albion this year.

The Plymouth board of education met Monday evening with various architects to consider the development of plans for the building of a proposed grade school on Haggerty highway, south of Ann Arbor trail for children in the Robinson subdivision district, as soon as funds are available.

announces an opening at its new location at 348 Penniman avenue, the former C. F. Smith store next to the postoffice, on Monday, April 21. The new location will afford more room to enlarge upon the store's complete stock of merchandise of all types of automobile accessories and supplies and provide more convenience to the store's customers in and around Plymouth, states Orla Pooker, proprietor.

A general membership meeting and election of officers for the bicycle club will be held next Friday afternoon, April 25, at 3:30 p.m. at the city hall council chambers. The present officers include: Bill Menard, president; Marion Kirkpatrick, vice president; and Jay Hamann, secretary-treasurer. Last year there were 253 members registered in the bicycle club and an even larger number is expected this year.

Mr. and Mrs. Earl Mastick left Monday for a week's visit to Williamsburg, Virginia, and Washington, D. C.

The following committees have been appointed for the University of Michigan club's first annual spring banquet on Thursday, May 1. Mrs. Whipple is general chairman and will also serve as toastmistress; Mrs. G. H. Ess as program chairman will be assisted by Miss Gertrude Fiegel and Elton R. Eaton; Mrs. George Burr, assisted by Mrs. J. M. Todd and Mrs. Floyd Eckles, is in charge of the banquet arrangements; and Mrs. J. D. McLaren

Why not give your Bride a break?

FIREBALL POWERED

LET'S see what it means to own a ROADMASTER.

It means, first of all, that you're a shrewd judge of fine manufacture. Nowhere will you find a mechanism more skilfully fitted part to part with scrupulous precision—engineered to stricter standards of fine-car quality—than the deep-framed and durable ROADMASTER chassis.

It means, also, that you possess keen appreciation of everything that makes for unsurpassed performance.

For there's more to this dazzling beauty than its thrilling take-off. There's the surplus of power that you need to make you the master of busy traffic or open road—plus the velvet magic of Dynaflo Drive (at no extra cost, mind you).

There's the level-going luxury of ample road, eight buoyantly balanced on coil springs on every wheel—and the security of brakes specifically engineered for firm control of this great-powered beauty.

But there's still another distinction to being a ROADMASTER owner.

It marks you as one who buys wisely and well. Size for size, pound for pound, feature for feature, few cars can even approach what your dollars will buy in this finest of Buicks.

There's much more to be discovered by a visit to any Buick dealer's showroom. There's the sumptuous softness of cushions, the custom excellence of fabrics and interior trim, the grace and charm of every line and contour.

So if you've dreamed of sometime owning a car superbly fine, there's no time like the present—and no car like ROADMASTER for making dreams come true.

Equipment, color, trim and models are subject to change without notice.

There's much more to be discovered by a visit to any Buick dealer's showroom.

Cub Scouts Will Exhibit Arts, Hobbies April 21

Spring is in the air! Cub Scouts are readying their big Cubbing Achievements Exhibit for its public showing at the Plymouth High school auditorium on Saturday evening, 7 p.m. to 9:30 p.m., April 21.

This exhibit of the arts, crafts, and hobbies of the Cub age youngsters and their leaders is bound to be one of the stellar attractions of the Cubbing year and will be attended by hundreds of adults and younger children who may be busy members of this pre-Scout-age group in the near future.

This is a opportunity for parents and friends of the Scouting world to see for themselves just what does occupy the many hours of Cubbing time which their sons delight in employing to the benefit of their idle hours away from school, otherwise unsupervised.

This exhibit will also further your opportunity of meeting and talking to a great number of Scout leaders. If your boy is of Cubbing age, 8 to 11, and it is your desire that he become affiliated with this movement for boys, it is suggested that you avail yourselves of this grand opportunity of previewing his potential field of effort in Cubbing and to become better acquainted with the Scout leaders.

There are no changes for this affair. Parents are sincerely urged to pay a visit to the Exhibit. All former affairs of this nature have been well received and attended by the many friends of Cubbing and Scouting from the Sunset District.

While Cubbing usurps the headlines for this particular time, Scouting is still a hot spot on the district calendar. A meeting of the Camping and Activities committee called for April 11, was basically concerned with Sum-

mer Camps and the Spring Camporee to be held in June. This district committee essays to coordinate all phases of activity which lie within the Scouting family of Cubs, Scouts, and Explorers groups.

As the activities of the program are held to be the key to individual and unit advancement it is easy to see that the committee has a big job ahead of it. With the Cubbing Exhibit hot on the fire, the C and A Boys are now looking forward to a long range program lasting well into the Summer.

While speaking of advancement this column would like to mention that a closer union of Unit and District advancement programs is needed if we are to go along together in a solid bloc which will definitely tie the activities of the unit and the district to a tangible goal.

Mr. Don Wallace, District Advancement chairman, is highly desirous of offering the full support of his district committee to the Unit advancement chairman so that their problems be resolved to lesser degrees of effort.

It is suggested that unit advancement men contact Mr. Wallace at Wayne 1967-M regarding their positions in their units and to discuss any advancement problems which may arise from time to time.

Leadership training has been going along well under the chairmanship of Mr. Ken Hulsing. The district's average of trained unit leaders is steadily climbing and speaks well for future activities. Several courses have been completed and others are in the offing. Take advantage of them for your own sake and the cause of better Scouting leadership.

Cherryhill News

Mr. and Mrs. Robert De Karske and Miss Dorothy Gottis spent Saturday in Detroit.

Mr. Norris Burrell of Detroit was a week end guest of Mr. and Mrs. James Burrell.

Mr. and Mrs. Spencer Grammel Jr. attended the wedding and reception of their niece in Utica, Saturday evening.

Mr. and Mrs. A. J. West and Mr. and Mrs. Lawrence Lockwood visited friends in Jackson Saturday evening.

Mr. and Mrs. Donald Daly and family flew here Saturday to attend the funeral of Mr. Daly's father in Dearborn. They stayed with her mother, Mrs. E. W. Kessler until Wednesday when they returned to their home in South Dakota.

Mrs. Allen Bordine entertained Mr. and Mrs. John Bordine, Mr. and Mrs. Lloyd Bordine, and Duane Sunday in honor of Mr. Bordine's birthday.

Mrs. Anne Dunstan and son George spent Sunday with Mr. and Mrs. Claud Leland.

Unit II of W.S.C.S. met at the church house Thursday afternoon.

Unit I and II of W.S.C.S. met with Mrs. James Burrell Tuesday afternoon and served on cancer pads.

A meeting of the Good Fellows association of Canton Township will be held at Canton Township Fire Hall April 18 at 8 p.m.

Mrs. Charlotte Gray II and Mr. David Lobb, Jr. were Wednesday evening guests of Mr. and Mrs. James Burrell.

Spring is clean-up time — time to clean out the hazards around the farmstead which might cause injury, loss of time, or even disaster.

Believes City Will Have 12,000 Residents by '60

Plymouth is growing so fast that its got to punch some more holes in its belt or get a bigger one," declares Allan M. Giles, better known to his many friends in Plymouth as "Bud" Giles.

He should know because he is associated with his father, Burton A. Giles, in the real estate business where dozens of inquiries are received every day about property for sale for development purposes and also from people desiring to buy or build homes.

"It is difficult for one to believe that there is so little property in Plymouth for sale and that we have so few areas for new home construction," he said.

"I recall that it was a couple of years ago when The Plymouth Mail predicted that Plymouth within the next ten years should become a city of not less than 10,000 population. I'll make a prediction that the figure given by The Mail at that time will prove an understatement. If nothing happens to check our growth we should have at least 12,000 residents by 1960," predicted Mr. Giles.

He is not the only one who makes this prediction, as nearly every one in a position to know of the city's rapid development holds the same idea.

Provide suitable receptacles for knives and other sharp kitchen tools, advise Michigan State college home economists.

Roger Babson Says --

Babson Discusses “Permanent Prosperity”

Babson Park, Mass., April 19. I continue to believe in the Cycle Theory. This means that we will have Peace Scars, War Scars and Labor Scars. But none of us may live to see another 1929-32.

The Armament Industry

Heretofore the preparation for war has been a haphazard affair. We have frantically prepared for war when we saw it coming. After the war was over, we demobilized and our war preparations were stopped. Hence, each generation saw a sudden radical change from producing peace goods to producing military supplies. Then they later saw an abrupt change back again to

peace goods. It may be that this “on-again off-again” process is over. The war industries business may become stable and constant like most other business. Let me illustrate.

We could have a constant flow of new tanks, jeeps, airplanes, bombs, etc. each year, whether or not war is expected. Tanks, for instance, have a five year “life,” due to obsolescence. Then each year all the tanks over five years old would be ground up for scrap, or else sold to foreign countries in exchange for much needed materials. This would always give us a supply of the latest modern tanks, the same as we now have improved automobiles, washing machines and radios each year.

Effect Upon Business and Employment

This program could be a great stabilizer for business, employment and investments. It would provide an incentive to colleges to train personnel to run war industries. It would assure permanent jobs for those now in such war industries. The entire present picture would change. Instead of the war industry being wastefully prosperous at one time, and then dead at other times, it would always be normally prosperous. Each year we would use new blue prints and old war materials to make a new stock of tanks, guns, jeeps, planes, bombs, etc. Then, at the end of five years, we would break these up for scrap; after which new ones would be built according to new models. After five more years these models would become obsolete and be reconverted into raw materials, and so on indefinitely.

This probable program is something for every investor to consider. Instead of the steel industry being a feast or famine business, this program could make it fairly stable. It could stabilize railroad stocks, which otherwise will have a big slump when peace comes again. Under this Cycle Theory a railroad, operating between Detroit and Pittsburgh, would have constant loads—hauling the steel to Detroit; then hauling the scrap back to Pittsburgh, and—after it is made into steel—hauling the steel again to Detroit—and so on forever!

Investors and Labor

I am fearful what labor leaders will do when next depression comes. Putting the armament business on a permanent basis, however, could postpone a severe labor conflict for many years.

The program would keep money flowing into the stores to buy consumer goods and thus help both merchandising and manufacturing stocks and the rails. In fact, such a new industry could prevent a stock market collapse for many years. Earnings could be stabilized and fair dividends assured.

Labor's real gripe is that the Government wants to put a “floor” on profits, the same as union labor and the farmers have a floor on wages, a ceiling on profits would be feasible. But to do so would mean socialism. A far better system would be to insist on the compulsory reconversion of all obsolete machinery into raw materials, according to a prearranged depreciation charge.

Law of Action and Reaction

Such a long era of prosperity would not upset Sir Isaac Newton's Law of Action and Reaction, upon which the famous Babson-chart is based. This great Law simply means that for an area of abnormal prosperity, there must be a corresponding area of abnormal depression. If all obsolete machinery when fully depreciated is “ground up” for reconversion, there need be neither abnormal panics, except from accident or speculation. This is one reason why I advise careers in Accounting.

Experts Aid Area Social Security Residents Here

A representative from the Social Security Administration office will be at the Plymouth Post Office the 2nd and 4th Thursday of each month at 11:00 to assist residents of this area in claiming their social security benefits.

A substantial number of individuals age 65 and over are neglecting to claim their monthly social security benefits, apparently because they are not aware of their eligibility. This statement was made today by C. A. Mattson, manager of the Northwest Detroit field office of the Social Security Administration.

The Federal Bureau of Old-Age and Survivors Insurance estimate that many more claims for benefits should have been filed by this time because of the 1950 amendments to the Social Security Act.

Many retired individuals who were not eligible prior to September, 1950 are not aware that anyone now 65 or over can qualify for monthly benefits with just 12 years employment under social security. Furthermore, this credit may have been acquired at any time since social security started January, 1937.

All persons over 65 who worked for at least a year-and-a-half under social security and who are not now working in employment under social security for more than \$50.00 a month are urged to call at or write to the Social Security field office, 12065 Wyoming avenue, Detroit 4, Michigan.

In Jackson, four men, who attended services at St. Paul's Episcopal church, reported that their hats were stolen.

Tennis Team Vies Trenton Trojans

Plymouth High's tennis squad, coached by John Sandmann, will journey to Trenton this afternoon, April 19, to meet the Trenton Trojans in the first net encounter of the present season.

Most of the team will be made of returning players from last year's squad. These boys are Jim Stevens, Bob Bowen, John Wahn, John Sumner, Bob Simmons, Dale Behler, and Bill Gayde.

This year's racket-wielders will battle opponents throughout a twelve game schedule, which covers slightly more than a month. Because the squad has a year of experience, the previous year's pace of 5 wins and 5 losses will likely be passed.

The young men on Guagua Island in the Philippines are angry at Esmeraldo Tanningco, a 73-year-old fisherman who knows his way around the seas, matrimonial and otherwise. The fisherman married the island beauty, Rosita Canlas, who is 18-years-old.

“Charge The Battery and The Gas Too, Bud!”

You don't have to “pack a gat” to get fast, cheerful, efficient service from our friendly station attendants. The customer is always the boss here (with or without a gun). Every man on our payroll takes genuine pride and pleasure in his job, which is to keep your car rolling right... whether all you need is a gallon of gas, or whether it's a complete overhaul. We're not magicians... but we do know how to turn customers into friends.

Let us service your car while you shop
