

City Commission Acts on Central Parking Area

On a motion by city commissioner Ernest Henry and supported by commissioner Floyd Tibbits the city commission unanimously tentatively approved the purchase of the Bronson property adjoining the Central parking lot for additional parking purposes at their regular meeting last Monday night.

The action was brought about by the presentation of the following letter submitted by the members of the Plymouth Chamber of Commerce parking committee who were all present at the meeting.

June 16, 1952
City Commission:
As requested by the City Commission in a special meeting held June 6, 1952, the Plymouth Cham-

ber of Commerce parking committee wishes to report and recommend the following:
1. That the City of Plymouth purchase the Bronson property under the terms outlined in the option drawn June 2, 1952.
2. That the City of Plymouth immediately develop the above property and also carry out the plan of the alley as indicated in the master plan on the Central Parking lot area.
3. That the City of Plymouth accept as a fair contribution from interested merchants, \$15,000.00 to be used for the development of the above improvements, the money to be held in escrow by the Plymouth Chamber of Commerce Parking Committee until such time as progress on the

parking lot develops and funds are required.
4. That the City of Plymouth meter the Central Parking lot upon completion of the improvements.
Plymouth Chamber of Commerce
Nat A. Sibbold,
Secretary,
The fund mentioned in the above letter was subscribed by local business firms who agreed to participate in the development of more parking area if the money was to be used to develop the lot at once, after purchase by the city in a like manner to the present area now used for parking. The committee further recommended that the entire lot when improved be immediately metered so that the funds received therefrom could be used for further parking development.
The following resolution was offered by Comm. Henry and supported by Comm. Tibbits:
RESOLVED that this Commission tentatively approve the purchase by the City of Plymouth of the land known as the Bronson property on which an option to purchase has been obtained by the parking committee of the Chamber of Commerce dated June 2, 1952.
RESOLVED further that the donation by the business establishments of \$15,000 towards improvement of this property be accepted with an expression of thanks for the co-operation indicated.
RESOLVED further that a

special meeting of the Commission of the City of Plymouth be held at 7:30 p.m. Wednesday the 18th day of June 1952 for further discussion and consideration of the matter.
Carried unanimously
Comment by Mayor—Not part of resolution
Any conditions or stipulations regarding the donation for purchase which the parking committee desire to impose on the City must be submitted in writing prior to 5:00 p.m. June 17, 1952.
A verbal discussion between Mayor Russell Daane and parking chairman Ralph Lorenz brought forth the fact that there seemed to be difference of opinion on actual use of the money hence

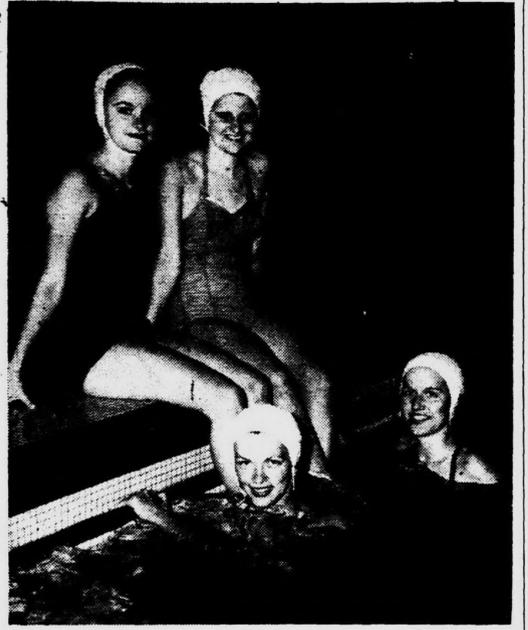

the Mayor's request that if there were specific stipulations on the usage of the money, they should be presented to the commission on Tuesday.

In immediate session after the commission meeting the parking committee drafted the following letter which was presented to city officials on Tuesday afternoon;
June 17, 1952
City Commission
City of Plymouth
Plymouth, Mich.
Dear Madam & Gentlemen:
In order to have a complete understanding of the use of the money pledged through the efforts of the Chamber of Commerce for the purpose of improving the so-called Bronson property, we wish to advise that money in the total amount of \$15,000.00 will be available immediately after the City has purchased the Bronson property,

providing the City proceeds forthwith to improve the Bronson property for parking purposes in the same manner as the adjoining property now owned by the City.

Respectfully submitted,
Plymouth Chamber of Commerce
Nat Sibbold,
Secretary
The above letter was one which had the unanimous approval of all members of the Chamber of Commerce committee and representatives of the Atlas Finance Company and the S. S. Kresge Company who represented the largest amount of the funds subscribed.
Since consideration and official approval of the program was called for at a special commission meeting on Wednesday evening, too late for publication this week, the official outcome of the entire negotiation cannot be published until the next issue of The

Plymouth Mail.
Later at the same city commission meeting representatives of the Masonic Temple Association opened discussion on the property directly in the rear of the Masonic Temple which was proposed for an alley way to the east central parking area. It developed at the meeting that the Masonic lodge thought they owned only 21 feet on the north side of their building and they were reluctant to part with that much of their property. City officials pointed out however that city engineers recorded the fact that the Masons owned 34 feet in this area. A discussion of the value of the property developed and the matter was finally adjourned until such time as accurate property lines could be established and the approval of the purchase price could be submitted to the entire membership of the lodge for their consideration.

"GET THE DENTS OUT OF YOUR FENDERS" luncheon at the Statler Hotel, recently brought together experts in auto body and fender repair. Plymouth was represented at this unique affair by the Selle Body Shop, 936 Ann Arbor Road. Pictured, from right to left, is John Selle and his son, Jack, shown examining the latest in hydraulic fender and body straighteners. "Get the dents out of your fenders" is a national safety campaign that was touched off early this June in an effort aimed at safer motoring. Mr. Selle was honored at the luncheon for being one of the oldest in the business to repair "za dents in ze fenders," that in any language makes a new car look old, an old car look broken down.

COLLAPSIBLE TABLES are the keynote of a modernization program of Plymouth High School auditorium being converted into a combined study hall and lunchroom. The above picture, taken of an Illinois school so converted, is an example of a like in-wall table installation to be made in the Plymouth school by a Detroit firm, sometime this summer. Costing more than \$8,000, the 16 tables being installed will provide additional lunchroom space for 250 students. During school hours, the tables, that will be equipped with chairs, not benches as shown, will be used for five periods as a study hall, easing already crowded high school classrooms.

Suggests Alley Authority as Solution to Problem

A few "standout" merchants and acquisition of land by the city are two major stumbling blocks seen as a prelude to realizing completion of a proposed Forest ave. alley project.
This project carefully laid out by the City Commission, would provide a midblock alley thoroughfare from Wing St. to Ann Arbor trail.
One reason this project has not been completed is because of the pro-rata clause of the Commission sponsored contract that does not equalize assessment levies against the owners of either side of the proposed alley.
Stressing close co-operation on this city-sponsored improvement, City Clerk Lamont C. BeGole sees a solution to the current deadlock in a combined Main street and Forest avenue merchant Alley Commission that would work jointly with the city in providing the alley thoroughfare.
The estimated cost of the project, which includes (1) buying the land, (2) installing storm sewers, (3) and black-topping the alley, is \$25,500.
The S. Main St. merchants still holding out against the improvement, say city officials, are those whose property is either changing hands, is bounded on both sides of the proposed alley (this calls for double assessments) or those whose property is landlocked with no alley outlet.
The majority of the businessmen, whose property is bounded on the east and west by Main St. and Forest Ave., have agreed to the alley thoroughfare.
The alley project explained by Mr. BeGole, has multiple benefits, he declares.
"Of major importance to these businessmen, after the proposed alley is installed," he says, "would be increased property values."
He indicated this would come as a result of providing a thorough alley to the rear of individual stores, permitting rapid loading and unloading that would also save money for additional man-hours saved carrying goods from the streetside.
It would also do away with "no parking" loading areas, he claims, and permit additional parking facilities.
Another benefit, states Mr. BeGole, is the installation of storm sewers that would do away with stagnant water and possible water damage due to seepage in store basements.
The assessment levied against the merchants would be retired through property tax payments during a several year period, providing a special downward assessment for those having corner lots.

Start Work on Hardware

Work will start early next week on a new building for the S & W Hardware to be located just east of Gorman's market, across from the Berry and Atchinson Pontiac agency on Ann Arbor road.
The store will be erected and operated by Warren Smith of 794 South Main street, Plymouth and Frank Wambold of Dearborn, both executives of the Industrial Wire Cloth Company of Wayne.
The \$25,000 structure will embody the latest in modern design, and will be built of cinder block and Roman brick with the front featuring illuminated structural glass. The building will be 30 x 94 feet and will stock a complete line of all hardware products in addition to a complete line of industrial hardware supplies.

Beitner Brothers Buy Simmons Jewelry Store

Fred J. and William Beitner who reside on So. Harvey street have purchased the Simmons Jewelry store on Main street. This store will be known as Beitner Jewelry Inc.
Fred was employed by the late Deane Herrick for 11 years. He is a life long resident of Plymouth and a graduate of Plymouth high school.
His brother William is also a life long resident of the city and a graduate of the local high school. He has been employed by Simmons jewelry for the past seven years.
They will specialize in watch repairing and diamond mounting. The store will carry a complete line of costume jewelry as well as name brand watches.
"We have been planning something like this for a number of years now," stated Fred, "and we feel that our combined experience covers the entire jewelry field."
The store is now open for business. A grand opening is scheduled for some time in the near future.

Township Gets New Fire Truck

Plymouth township fire department will soon put into service a new 500 gallon "pumper" type fire truck.
The frame and chassis for this latest piece of firefighting apparatus was made nearly two weeks ago.
Being installed at Kenosha, Wisconsin, is the fire-truck body designed and equipped by a firm who specializes in such installations.
The partially equipped truck was driven to Kenosha by township firefighter Paul Albright.

City to Install Taps

The city commission authorized the spending of \$978.25 to install the sewer and water taps in the new press box in the football stadium.
The city is donating this to the board of education as its contribution to the building.

Davis & Lent To Occupy New Location

Announcement of the proposed change of location of Plymouth's oldest men's apparel store was made this week by Wendell J. Lent, owner of Davis & Lent. Now located at 811 Penniman avenue, Davis & Lent will soon move to 336 South Main street, former location of Taylor & Blynton department store.
Members of the William A. Blunk estate, owners of the Main street store, and Lent stated that the negotiation will not be completed until the lease is drawn and approved. Plans call for Davis & Lent to begin remodeling July 1, while actual occupancy will not take place until September 1. Meanwhile Davis & Lent will continue in its present location. In its eighteenth year of business in Plymouth, the change will mark the first move for Davis & Lent.
In making the change, Lent said that he had been prompted by the need of more floor and display space. "The comparative small amount of space we now have does not allow us to display our goods as we would like."
The Amateurs show, which has formed a popular local touch to previous Fourth of July celebrations in Plymouth, will again feature the program this year. A few entries in each division have already been registered, but many more are expected before the deadline next Monday, June 23. All entries must be registered with the Chamber of Commerce. Before then—call 497, or stop in at the office on N. Main street, next to the public library.
Auditions will be held in the Presbyterian church next Monday evening at eight o'clock, and anyone who has any talent, or knows of someone who has talent is urged to contact the Chamber of Commerce before the audition.
Fred Kendall, who will be master of ceremonies, says there will be two divisions—one for youngsters up to 10 years of age, and another for children from 10 through 18 years of age. Three lovely prizes will go to the first three winners in each division.
The Amateur Show will be presented to the public, free of charge, at seven o'clock on the evening of July 4, in front of the bleachers on the baseball diamond in back of the high school.
Any amateurs who wish to compete for these grand prizes must register before next Monday—call 497 right away.

Good Counsel School Graduates First Class

Solemn Benediction with the Blessed Sacrament on June 11 marked the conclusion of the first graduation exercises and a period of social activities for Our Lady of Good Counsel Parochial School. Father William P. Mooney, Pastor of Our Lady of Good Counsel Catholic church, was assisted by Fathers Thomas M. Masterson and William Davidson, of Saint Henry's Catholic church, of Lincoln Park.
The prizes for excellence in scholarship were awarded to Clare Colette Bollinger and Lawrence Green; the prizes for honor student rank for the entire term were given to Ruth Blaharski, Clare Colette Bollinger, Patricia Degenhardt and Virginia Larkin. The most faithful altar boy award went to Gordon Kisabeth and awards for outstanding service as safety patrol boys were presented to Captain Joseph V. Bailey, Lieutenant Dennis A. Bonnette, Gordon Kisabeth and Lawrence Green.

Education Cost Per Student at New High

Plagued by rising operating costs, school officials will tell you education in Plymouth's public schools is costing plenty high.
Those liberal doses of English, science, the arts and recreation cost you—the taxpayer—about \$250 per student for the fiscal 1951-1952 school year.
This represents a \$30 increase over the 1950-1951 total student per capita cost of \$220.87.
Compared with Detroit's \$214 per capita costs, the \$250 figure is nearly \$36 dollars higher.
Superintendent of Schools Russell Isbister justified this discrepancy between Detroit's and Plymouth's per capita costs.
"Teachers salaries," he declared, "were increased considerably this last school year. Too," he

Citizens Request Action on Holbrook Traffic Problem

A delegation of approximately 11 men headed by Richard Lee appeared before the city commission Monday evening to request that something be done about the traffic conditions on Holbrook.
These men, all residents of the area stated that the drivers cut down Holbrook to avoid the light at Mill street. This results in a steady flow of traffic at the noon hour and again from about 3:30 p.m. until 5 p.m. Not only is there a steady stream, they insisted, but it moves at a speed which is dangerous to the children playing in the area. Semi-trucks and other heavy trucks as well as passenger cars go down the street.
The citizens suggested that the street be made a one way street, that trucks be prohibited, or that the speed of the cars be reduced.
The city commission referred the matter to the police chief for further study. This study is necessary before a street can be made a one way street. In the meantime, the speed of the traffic will be watched and all speeders duly ticketed in conjunction with the policy of the police department. If it appears that a one way street may be the solution, a traffic expert will be called in.
Trucks can not be prohibited on an unsurfaced road, A. F. Glassford, city manager pointed out.
Mr. Lee said that the residents were pleased that oil had been put on the street. This, he continued, helps the dust problem.
Mr. Glassford said that some of the dust was due to the disturbing of the road when the sewers were laid recently. He remarked that he hoped the citizens in the area would continue to be as progressive as they had been in the past.

Band Presents First Concert

Friday evening from 7 p.m. until 8 p.m. the Plymouth Civic band under the direction of Lawrence Livingston will present the first of a series of concerts in Kellogg park.
Included on this week's program are the "Wheel of Fortune," "Blue Tango," and "Anytime." Also played will be "Cruising Down the River," "In the Good Old Summertime," "Linger Awhile," "Alice Blue Gown," "My Blue Heaven," "In a Little Spanish Town," and "I'll See You in My Dreams."
Rehearsals are held in the new band room of the high school every Monday evening from 8 p.m. until 10 p.m. All local musicians are invited to attend. The civic band is sponsored by the Department of Parks and Recreation for the citizens of Plymouth.

Everything is Ready For Big Fourth Celebration

The big Fourth of July celebration planned for Plymouth by the Chamber of Commerce is drawing near—two more weeks and this city will be transformed into a carnival atmosphere of an old-time 4th of July during which a carnival, rodeo, circus, rides, amateur show, parades, merchants display tents, drawings, will be topped off by a giant fireworks display on Friday and Saturday evening.
Marshall Kirkpatrick, advertising chairman, has eight giant street banners ready for placing across Main street next week. Boy Scouts will deliver window cards. Bumper cards for cars of Chamber of Commerce members will be seen on the streets in a few days.
Mr. Kirkpatrick states that Governor Williams and Lt. Governor Vandenberg may be here in person. He is also contacting the Detroit Baseball club in the hope of getting a couple Tigers to be on hand to umpire a ball game, and to present prizes to winners. Also the up-and-coming boxer, Chuck Davey, may be present one of the days.
Wendell Lent, in charge of tickets for the pony and four Daisy air rifles to be given away in the drawing on Kiddies Day, July 5, says tickets are available today in the stores of all participating merchants, who are working with the Chamber of Commerce to help defray expenses of this vast undertaking.
These tickets are free with each purchase at a Chamber of Commerce membership store. The pony, including saddle and bridle, and the four air rifles will be given away to the lucky holders of winning tickets at three o'clock, Saturday, July 5, on the athletic field. This will follow the Kiddies parade and special childrens' events being arranged by Herbert Woolweaver and Jennie Donnelly.
Local merchants will have an opportunity to display their merchandise to thousands of people who visit the festivities during the four-day celebration. Robert Beyer, display chairman, has secured a huge tent under which space may be sold to merchants. Outdoor space will also be available for larger commodities. All will be thoroughly policed, day and night, by private policemen.
Leo Kowalcik, in charge of the grounds, and Bill Campbell, in charge of the sound equipment, are busy preparing for the big event.
Officials say this will be a memorable occasion for all who witness it, and many former residents are expected to return to renew acquaintances with former friends, and many homecomings and family gatherings are being planned for the long holiday weekend. Many inquiries from other cities in the state have already been received by the Chamber of Commerce as to the huge program being planned here.
It is expected to attract more than 10,000 spectators.

Plymouth Folks Sweater in Heat-Crops Damaged

Hot—did you say?
If the thermometer on the front of the Schrader Funeral home on South Main street registers correctly—it was hotter than hot about 4 o'clock Monday afternoon.
Detroit papers said it was 96 up at the weather station in that city.
It was 98 on the Schrader thermometer at 4 o'clock Monday afternoon—and once it looked as though it was going to hit the 100 degree mark. That was in the shade, too.
Believe it or not, a weary reporter for The Plymouth Mail who was assigned to get a weather story, said if it was 98 in the shade in front of the Schrader's Funeral home, then it must have been a 110 in the sun at the corner of Main and Penniman avenue where he stood for a while trying to get across the streets between auto drivers who see how close they can whiz by pedestrians and not hit them.
There isn't much question but what Monday, June 16, was the hottest June 16 in Plymouth any one ever experienced. Many old timers said they had never before experienced such a hot day in this part of Michigan.
It has not only been hot, but it has been dry. Vegetable growers and farmers are beginning to worry about crops. They say a good soaking rain is badly needed.
Strawberry growers say they are only going to get about half a crop, due to the hot, dry weather. This will be one of the shortest strawberry seasons in years, say growers, as plants are already beginning to dry up.
Farmers do think, however, that corn will be knee high by the Fourth of July if we get a good sprinkle a couple of times in the next two weeks.

Seyfried Jewelers Buy 2 Stores Of Herrick Chain

Seyfried Jewelry Co., an Ann Arbor firm, has come to Plymouth and Northville to operate two stores of the Herrick Jewelry Co. chain after buying them for an undisclosed sum.
This announcement was made last week by Ralph Seyfried, one of three Seyfried sons, who with their father, Fred Seyfried, Sr., up to this latest purchase, owned and operated two stores in Ann Arbor and Ypsilanti.
The Plymouth store is under the management of Ralph Seyfried, the last of the three sons to be appointed manager of the family owned jewelry chain, with the Northville store being shared in a four-way family partnership.
Mr. Seyfried says the Plymouth store will undergo a complete facelift with the store being doubled in size. A complete line of jewelry, china, glassware and gift items will be featured.
This change in ownership came two weeks after the death of Deane Herrick, owner of the Herrick chain.

Every dog has his day . . . and it looks as though even the lowly spud has hit the jackpot. If you'd mentioned a potato shortage a year ago the lads in the white suits would have been around to measure you for a cozy strait-jacket. The U.S. had more potatoes than places to put them. We were tucking them back into the ground in truckloads, or tinting them like Easter eggs and feeding them to livestock. Crops and prices were put under controls . . . and the controls were so good that now potatoes have become a delicacy, like humming bird tongues under glass. Anyway, it ought to make Army K.P.'s happy.

**Three Men Share
 Sniper's Bullet**

Three members of Company F 223rd Infantry Regiment with the 40th Infantry division in Korea shared the same enemy bullet on May 27.

One of the men was Sergeant James A. Bookout of 44064 Gordon road. The others were master Sergeant Robert Nelson of Columbia Falls, Montana and Corporal Clifton T. Speicher, Gray, Pennsylvania.

The trio was building a bunker when a Communist sniper's bullet hit a rock nearby. The bullet split in two, one piece lodging in Sergeant Bookout's boot, the other in Sergeant Nelson's shirt. The rock flew up and hit Speicher in the back.

No one was hurt.

"It certainly was a Communist bullet," Sergeant Nelson said. "Share and share alike."

When you select a wringer-type washing machine, be sure to check for the convenience of the safety release. Everyone has absent-minded moments and for protection the release should be easy to reach and to operate.

**Area Men Attend
 ROTC Camping**

Two local college men are scheduled to report at Camp Gordon, Georgia June 20-21 to attend the Signal Corps Reserve Officers Training corps summer encampment.

They are Jack J. Gage, 42501 Clemons and James D. Wagenschutz, 35900 Five Mile road.

Their attendance at the six week long camp will be a major step toward qualifying them for commissions as second lieutenants in the U. S. Army Signal Corps Reserve.

The local men are part of a group of more than 1,000 ROTC students from almost 70 colleges and universities throughout the country who will receive intensive training in military subjects and the operation of Signal Corps communications equipment.

Chamax of the encampment will come during its final week, when the cadets will participate in a field problem under simulated combat conditions.

Camp Gordon is a sprawling 35,000 acre military reservation located near the historic city of Augusta, in eastern Georgia. The encampment will last until August 1, at which time the local cadets will return to their homes.

The 1953 U. S. Federal budget of \$53.1 billion is greater than all the incomes of all the people west of the Mississippi river.

PLYMOUTH KIWANIANS Byron Becker and M. J. Huber, (l. to r.), discuss the success of the Girl Scouts' Cabin Open House held recently. Becker and Huber are seated in the center section of the main building of the cabin. Building of the cabin was sponsored by the Plymouth Kiwanis club.

**Leader Dog That Saved Its Blind
 Master, Was Once Exhibited Here**

Members of the Plymouth Lions club and several hundreds of residents of this city who last February witnessed a demonstration of a leader dog trained to care for a blind person that took place at a wrestling bout staged by the club for the benefit of the blind, were more than interested in a recent article in The Detroit Free Press which told of the death of a leader dog as it saved its master from death.

It was this dog and its blind owner, Kris Winters, that put on the demonstration for the members of the Plymouth Lions club.

A truck that suddenly swirled around a corner without yielding to pedestrians the right of way, hit the dog, badly injuring it. Despite its injury, the dog led its owner back safely to the curb, then it fell over dead from a broken back it received when hit by the truck.

Plymouth residents will also be

interested in knowing that The Free Press article about the accident was written by Robert De Wolfe, who for a number of years served as a part-time reporter for The Plymouth Mail.

**Former City Manager
 Cookingham Honored
 by Western School**

Mr. and Mrs. Andrew Dunn have returned from Parkville, Missouri where they went recently to attend the presentation of an honorary degree of law to City Manager Cookingham of Kansas City by Parkville University.

The presentation was made to Mr. Cookingham in recognition of his outstanding work in municipal administration. It will be recalled that Mr. Cookingham was for a number of years city manager of Plymouth. He later became city manager of Saginaw, going from Saginaw to Kansas City, where he has been located for many years.

Mr. Cookingham requested Mr. and Mrs. Dunn to extend his greetings to his many former Plymouth friends.

**Name Six Local
 WMC Graduates**

Six Plymouth students at Western Michigan college received their degrees at commencement exercises held Saturday, June 14, in Waldo Stadium. They were a part of a class of 504 four-year students who completed their academic work.

Speaker for this occasion was Dr. Raymond Walters, president of the University of Cincinnati for the last 22 years. Diplomas were presented to the graduates by Dr. Paul V. Sangren, WMC president.

Those from Plymouth, with the degrees they received, were: Ewanowski, Norbert, B.S., son of Mr. and Mrs. John Boyanowski, 1108 Lotz.

Brannan, Nancy, A.B., daughter of Mrs. Beatrice Brannan, 42639 Five Mile.

Cadot, Elizabeth Ann, B.S., daughter of Mrs. Felix Cadot Bourbon, 829 Forest.

Dobbs, Jack, B.S., son of Mr. and Mrs. Edward Dobbs, 321 Adams.

Richwine, Mary, B.S. and St. Sec. Prov., daughter of Mr. and Mrs. Pery Richwine, 790 Burroughs.

St. Clair, Sylvia, St. Limited, daughter of Mr. and Mrs. Victoria Lancaster, 35950 Joy street.

Graduated with the honor of Summa Cum Laude was Nancy Brannan.

**Cigarette Smoker
 Causes Blaze**

A \$100 early morning fire was snuffed out by Plymouth township firefighters last Monday.

Ten volunteer firemen and Fire Chief Clayton Koch responded to the 4:05 a.m. fire that took them to 15111 Northville road.

The resident of the dwelling, Robert Crackel, fell asleep while smoking a lighted cigarette.

In Washington, D.C., Judge Richmond B. Keech ruled that William Tendrich was entitled to a divorce because his wife allegedly sprinkled Paris green over the dinner table. "The defendant has shown . . . that she has no affection or respect for the plaintiff."

GI's Given Break by Zoning Change Just Announced

GI veterans, building or buying their homes in Plymouth, have been given a break by the City Planning Commission. In their latest meeting, June 12, commissioners unanimously agreed to reduce the square footage previously required for ground-floor structures from 720 to 672 square feet. This latest move permits the building of smaller houses and facilitates approval of GI loans with lower payments. It is thought by the commission this change in the size of dwellings will attract income groups who have been kept from building by prohibitive building costs. Other action taken at this same meeting hit at irregularities in house-building. The commissioners agreed "that good reasons must be shown for building violations." Provision was made to permit appeals for "irregular" building permits through the regular commission sponsored appeals board. To be announced in the near future is a completely revised city zoning ordinance appealing closely to the growth of the City and its closely correlated economic life. This is the substance of a statement released by the 10 commissioners, who have been meeting weekly for several months. Sparking this "overworked and non-paid" commission is Commissioner S. D. Strong and Engineering Consultant W. C. Johnson, who have led the group in a complete zoning ordinance overhaul. Along with these and the other eight commissioners, "Plymouth is fortunate in having such skilled persons, who in the interests of the city, have made long-range planning possible," states City Clerk Lamont C. BeGole. "Their time and efforts have been contributed in the interests of a planned community."

Students---Swim, Cool Off in New Swimming Pool

Swimmers! Remember this date—June 23. It's the opening day of Plymouth's new junior high school swimming pool. John McFall, Plymouth High School swimming coach, is heading this latest move to provide teenagers and other students with clean, safe, adequate swimming facilities during the hot summer months. Swimming hours will be from 9 a.m. to 9 p.m. The swimming pool, which is one of the most modern in the state, is equipped with underwater lights and observation window. The water is preheated to a comfortable 74 degrees. Other action taken at this same meeting hit at irregularities in house-building.

Water Supply OK Says Engineer

The life blood of every city is water. And during these summer days Plymouth residents are using plenty of it—upwards to 1,500,000 gallons a day. City Engineer Stanford L. Besse says this figure more than doubles water used on "ordinary days". The really good news about Plymouth's water supply, he states is that it is unlimited—with no water shortages likely. Plymouth's water supply comes from a natural well basin some four miles from Plymouth. The floor of the well, Mr. Besse explains, is higher than the valley in which the city is located. This affords a natural downhill pressure. Even if the pumps were inoperative the downhill created pressure would still push water out of the kitchen tap. Plymouth has a small but efficient pumping station, equipped with five pumps, two of them generally held in reserve. This new pumping station, in operation since 1946, is backed up with a reserve well and pumps not currently being used. Future growth of Plymouth will not endanger present water supply levels, the engineer said. "We'll just have to increase the size of the motors—delivering added horsepower—to turn the pumps over faster," he stated.

Commencement Talk Highlights 4-Point Goal

There are four areas of human conduct and social relations that must be practiced by high school graduates of today, to steal themselves against the "cynicism and superficial sophistication" from those already working in this fast-paced world. Highlighting this in four-point program in a commencement address before Plymouth High School graduates, June 12, Dr. William E. Stirton, assistant to the president of Wayne University, called for a personal appraisal of each graduating student's assets. Paving the way, Dr. Stirton declared that this evaluation should consider graduating students as: (1) educated persons, (2) as educated members of the family and community group, (3) as producers and consumers, (4) and as persons equipped with social justice, and understanding and critical judgment. It is these that help correct the disparities of inter-action between persons and acts to correct unsatisfactory conditions found in everyday living, he asserted. Further it is the educated person, Dr. Stirton continued, who seeks to understand social structures and processes that gives "the educated citizen his defense against propaganda" and a genuine respect for honest differences of opinion. Dr. Stirton warned the graduates and their attending parents that "the matter of being an educated person completely adjusted to the world of work is a full-time job which is always with you." "The responsibilities confronting you (the graduate) are increasingly numerous and complex. But, that's where the zest for life originates," he concluded. "Being an educated American citizen in its best sense is a man-size job," with enduring satisfaction coming in such an accomplishment.

Navy Mothers

Regular meeting of the Plymouth Navy Mothers club will be Wednesday evening, June 25. The meeting was originally scheduled for June 18. Mae West and Alma Bridge left Sunday to attend the 20th annual convention of Navy Mothers. Erma McLean, Elma Renwick, Thelma Phalen, Ann Dudley and Leilia Huebler will go to Toledo Tuesday evening for the Memorial services.

Auto Accident Nets \$50 Fine For Ohio Driver

Four persons, two of them Plymouth area youths, were treated and released from Wayne County General Hospital for injuries received in a two-car collision that netted a reckless driving charge and a \$50 fine for an Ohio driver. The injured: Basil Barrett, 20, 10075 Territorial road, hip and jaw injuries and lacerations of the face; Kenneth M. Rich, 18, 9500 Brookville road, head injuries and possible concussion; Albert T. and Mrs. Deters both from Glandorf, Ohio, lacerations of the head and face. The collision occurred when the Deter car driven by Edwin Roof, 30, Glandorf, Ohio, failed to give the right of way to the Barrett car. Roof was going south on Sheldon when he rammed the Barrett car, driven by Rich. Roof was released from police custody after posting a \$2,000 bond, pending the outcome of Municipal court action. Monday, after a stern lecture, Municipal Court Judge N. Perlongo levied a \$50 fine against Roof, who returned to Plymouth from Glandorf to hear this fine. Police said the Penniman-Sheldon intersection stop sign is partially obscured by a utility pole, stating that action is being taken to correct this "hard to see" stop sign.

City Refuses Permission to Erect Sign

The city commission refused to permit the chamber of commerce to erect a sign in the southwest corner of Kellogg Park. This action was taken at the commission meeting held Monday evening.

The commission refused to grant the privilege, stating that permission had already been granted for the chamber to install an overhead banner. Commissioners said the park should not be used for advertising purposes.

City to Advertise For Bids on Library

The city commission authorized the City Manager A. F. Glassford to advertise for bids on the addition of the Dunning library. This move was made at the commission meeting held Monday.

Specifications for the addition will be available in the city managers office, July 1. Bids will be due July 17, and the contract will be let at the regular meeting of the city commission of July 21.

The addition will begin behind the present building on Main street. Eventually the entire building will be rebuilt to allow for the added growth of the library during the past few years.

Hearing to be July 21

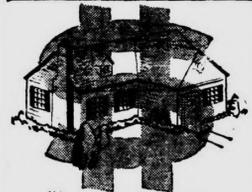

July 21 is the date set for the hearing of interested persons on the request of the Daisy Manufacturing company that the city vacate the stub end of Church street.

The city commission discussed this problem at its meeting Monday evening.

If the city vacates the property, it will revert to the abutting property owner which in this case is Daisy.

also marked a question brought up by School Board Member Donald Sutherland to supply free textbooks to Plymouth high school students. He asked that a committee be set up to discuss this problem.

Free text books are now being supplied to all students up through the eighth grade.

Mr. Isbister said that before free textbooks could be supplied to high school students, approval must be reported in by the Board of Education and the issue placed on the election ballot in a future general election.

In a concluding action, the school board voted and approved its salary for the 1951-1952 school year. It set aside \$1,000 to be divided at the discretion of board members.

Society Installs New Officers

Thirty-five members of the Plymouth Historical Society heard H. G. Culver, well known piano tuner, read a paper which he had written on The Evolution of Musical Instruments. The society met at the Arthur Todd home on June 12.

Mr. Culver stated that wind instruments mentioned in early Bible times were the trumpet (Hecocera) and the Ram's Horn or (Shofar).

In the stringed instruments the lute, the most important of the stringed instruments, was introduced into Europe by the Saracens, the very name showing its kinship to the Arabic-Persian Al'ud.

Mr. Culver also traced the history of many other instruments, including the guitar, psaltery, square and upright pianos.

Incoming officers of the society were installed by Mrs. Arthur Todd in an impressive service.

Following the business meeting, refreshments were served by the hostess assisted by Mrs. Kenneth Wilske.

The Society will meet again September 12.

Swimmers Note Pool Regulations

Children under 48 inches tall will not be permitted to swim in the new pool, stated John McFall, director of summer activities in the pool. The water is 43 inches deep at its lowest point and children any shorter than 48 inches would be in above their depth.

Other regulations include the fact that each swimmer must bring a clean towel and that women must wear bathing caps. No wool suits are permitted in the pool.

Many persons have asked when one enrolls for a swimming class, said Mr. McFall. The time of enrollment is the time when one reports for his scheduled period.

A schedule of times the pool is open for the various groups appeared in last week's issue of The Plymouth Mail.

Social items can be phoned to 1600.

Services Held For Edith E. Snushall

Funeral services were held Monday at 2 p.m. for Mrs. Edith E. Snushall of South Lyon who passed away suddenly Friday at the home of her daughter, Mrs. Richard Straub of Ann street.

Mrs. Snushall was born December 6, 1879, the daughter of Sarah and Ernest Hastings. She married William Snushall in 1904.

Surviving are three daughters, Mrs. Straub, Mrs. William G. Miller of South Lyon and Mrs. Jack Farmer of Ann Arbor; two brothers, Ralph of Tuscon and Walter E. Hastings of Apache Junction, Arizona, 2 sisters, Mrs. W. R. Foote of Traverse City and Mrs. Earle E. Jedele of Ann Arbor; and three grand children.

Services were from the Phillips Funeral home, South Lyon, with the Reverend Orville Roth officiating. Interment was in the South Lyon cemetery.

Sees New Wheat On Price Skid

There are indications that wheat, the so called "staff of life", is going to take a downward price spiral, boosting the consumers' pocketbooks with the extra change.

This is the conclusion of Joe Wickens, owner of Specialty Feed Co., Inc., Haggerty highway.

Mr. Wickens sees this economic "wheat-dive" as due to a bumper wheat crop being received at varying points throughout the nation.

It is reported at Enid, Oklahoma, Wichita, Kansas and Fort Worth, Texas, he says, that 3,707 carloads of new wheat have been delivered to these receiving areas.

This is 3,484 carloads more than received at this same time last year, he says, recalling that just 323 carloads were delivered at that time.

Mrs. A. K. Brocklehurst of Wing street will be hostess today, Thursday to the members of her Birthday club. The guest of honor will be Mrs. Gus Lundquist.

SWIMMERS AND SPLASHERS alike had a good time at the June 14 "splash party" held exclusively for graduating seniors of Plymouth High School shown, perhaps, waving "good-bye" to school days. The picture shows the east-west sides of the pool, opened to vacationing students and townspeople June 23, for swimming and instruction, from 9 a.m. to 9 p.m. The 75 by 35 foot pool is equipped with underwater lights and underwater observation ports. The water is preheated and maintained at a "comfortable" 74 degrees in the 118,000 gallon pool.

Tap and Ballet Recital to be Held

Marcia Woodworth, teacher of tap and ballet, will present her second annual recital Friday, June 20, at 8 p.m., in the high school auditorium.

Taking part in the recital will be 35 of her pupils from Plymouth and Northville. Jon Brake will accompany the dancers.

Guest artists will be Judy Hall from Ann Arbor and Mary Lou Hartwick of Plymouth. Miss Hartwick will sing "Dance Ballerina, Dance" and "Donkey Serenade".

Miss Woodworth, daughter of Mr. and Mrs. Maurice Woodworth of Church street, is a pupil of Sylvia Hames of the Sylvia studio dance in Ann Arbor.

The recital is free and open to the public.

"Biggest change in the new location will be a second floor department devoted exclusively to boys' wear," said Lent. In addition, Lent stated that a modernization program including the three floors and store front would be undertaken.

The Junior High School Maintenance and Custodian staff and the High school cooks honored Miss Dora Gruebner last week at a surprise bridal shower. The party was held in the Junior High School Auditorium. Miss Gruebner was presented with a lovely french fryer by the group.

Picnic Luncheon Concludes Festivities

The concluding meeting of the Sarah Ann Cochran Chapter of the Daughters of the American Revolution was held Monday, June 15 at the home of Mrs. E. J. Cutler.

A picnic lunch supplied most of the entertainment, after which an informal meeting was conducted by first vice regent, Mrs. Ralph Taylor. Plans were discussed for next year.

The first meeting of next year will be held on September 15 at the home of Mrs. Sherwin Hill.

Mr. and Mrs. Austin Whipple were hosts last Friday evening at a co-operative dinner in the garden of their home on Penniman avenue honoring Mr. and Mrs. Lester VanDeCar of Burbank, California. Other guests included Mr. and Mrs. Harold Joliffe, Mr. and Mrs. Henry E. Baker and Mrs. Madeline Wood.

V.F.W. News

A card party was held June 11 in the Memorial building, Ann Smith and Jean Olsen wish to thank everyone who attended and also the members who worked and donated refreshments. It was through these combined efforts that the party was a success.

The most recent hospital trip was June 15. The members participating were Virginia Bartell, Jean Olsen, Alba Van Meter, Beatrice Kopinski, Barbara Nash, Pat Chedaine and Mr. and Mrs. Eugene Armstrong. Scuffies were taken to the patients. Also taken were candy and cigarettes. The auxiliary members have been working on the scuffies for months and it was well worth the time spent as they were greatly appreciated by the veterans.

The auxiliary members wish to extend thanks to Marshall Kirkpatrick of the Kresge company for his donation of the cellophane bags for the scuffies.

The Coathic picnic to be held by the conservation club will be July 20.

M. I. Johnson Attends Dante Lecture, Friday

Reverend Melbourne I. Johnson, minister of the First Methodist church, attended the lecture on "The Philosophy of Dante," delivered before the Detroit Philosophical Society on June 13 by Doctor Evangeline G. Bollinger, of Plymouth, the first woman ever honored with an invitation to address the 51 year old cultural organization. Dr. Bollinger is the daughter of Mr. and Mrs. Paul T. Bollinger of Irvin street.

Reverend Johnson, deeply interested in philosophy in which he majored in his scholastic days, commented on the occasion as follows: "It was an intellectual treat and a spiritually stimulating experience to follow Doctor Bollinger in her careful review of the teaching objectives of Dante's several characters in his immortal 'Divine Comedy'." Dr. Bollinger proved herself to be the complete master of her subject, answering keenly discriminating questions with a readiness and facility that often drew applause. She held her audience in rapt attention to the close—at times creating a sense of humor with her clever contrasts, while again, by the power of her utterances, subduing the mind to a sense of deep pathos.

In the course of her discussion, Dr. Bollinger observed: "There are many reasons for our current interest in Dante. His poem witnesses in a unique manner to the creativity of the human spirit. It forces poignantly upon our consciousness the glory to which we may aspire if we are not afraid of hard things and, on the other hand, the degeneracy to which we may condemn ourselves and lead others through misdirection of authority, strength, talent, passion.

"In our time, when we hear constantly of the urgent need of integration, it is rewarding to note as we follow the progress of Dante, the wayfarer, through the three realms of the 'Divine Comedy' that Dante, the poet, is not concerned exclusively with man as philosopher, as artist, as soldier, as statesman but with man in all of these and many other roles, each of which has its proper significance in the City of Man, each of which can lead man to the City of God."

Other Plymouth guests at the lecture were: Father William P. Mooney, pastor of Our Lady of Good Counsel Catholic church, Miss Joan Karner, and Miss Elizabeth McDonald.

Choralaires to be at Calvary Baptist Church, Sunday June 22

The Choralaires, a selected group of singers from the Moody Choral of Moody Bible Institute, Chicago, will present special arrangements of hymns, gospel songs and other sacred music at the Calvary Baptist church, Ann Arbor trail at Elizabeth, Sunday, June 22, at 11 a.m.

The group regularly provides the music for "Moody Alumni," a half hour broadcast aired each Friday afternoon at 2:30 over radio stations WMBI and WMBI-FM.

Director of the Moody Choral-

aires is Earle F. Hulin, who holds associate and licentiate diplomas from Trinity college, London, England.

Mr. Hulin recently joined the Moody Institute's music faculty to teach piano, music appreciation, and to direct a women's glee club and other vocal ensembles. For 12 years Mr. Hulin was head of the piano department of Providence Bible Institute, Providence, Rhode Island. He was also director of the Caroller Choir at Providence, well-known throughout the East for its presentation of "The Gospel in World and Song."

Local Church Elects Officers

Members of the local Church of the Nazarene expressed by ballot their desire to have Reverend William O. Welton remain at the church as minister.

Reverend Welton has been at the church for the past seven years. In this time the membership has increased 35 per cent and the Sunday school average attendance has increased 56 per cent.

A total of \$16,389 was spent during the past year.

The church owns a 3-acre plot of land on West Ann Arbor trail. Church members hope that in the near future a church will be erected on this site.

Officers elected at the annual meeting were Blake Fisher, Sunday school superintendent; Dean Hamlin, youth group president; and Mrs. William Welton, missionary president.

Members of the church school board are Edward Smurlo, Kenneth Swain, M. P. Clark, Mr. Fisher and Reverend Welton. Charles Wilson, M. P. Clark, Guy Dunn, Kenneth Swain and Mr. Smurlo were named trustees.

Elected as stewards were Marie Swain, Annabelle Hamlin, Frank Oekert, Virgil Moore, Merle Hamlin, Ray Williams and Gilbert Day.

Delegates to represent the local church at the annual district assembly in Pontiac July 2, 3, and 4 will be Mr. Fisher, Mrs. F. Hamlin, and all department leaders of the local church.

FIRST CHURCH OF CHRIST SCIENTIST, Sunday Morning Services, 10:30 a.m. Sunday Evening Services, 7:30 p.m., every fourth Sunday of the month. Sunday School 10:30 a.m., for pupils up to twenty years of age. In this day of atomic energy it is helpful to consider what Christian Science teaches about the true creation. This is discussed in the Lesson-Sermon entitled "Is the Universe, Including Man, Evolved by Atomic Force?" which will be read in all Christian Science churches on Sunday, June 22. The Golden Text is from Amos (4:13): "Lo, he that formeth the wind, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth. The Lord, The God of hosts, is his name." Among the Bible citations is this passage. (Gen. 1:31): "And God saw every thing that he had made, and, behold, it was very good." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The creative Principle—Life, Truth, and Love is God." (p. 502)

Illegal Absentees Costing School, City Money

Illegal absentees from school classrooms are costing Plymouth taxpayers plenty of money. This is the substance of a statement by Superintendent of Schools Russell Isbister who states that it costs the Board of Education about \$1.25 for every student absent from school one day. Our facilities are here waiting to appeal to such absentees and our expenses go on just the same, indicates the school superintendent. In the last analysis, it is not only the illegal absentee who suffers, but the community that cannot realize the full value of its education dollar, he declares. More than 1740 were absent during the 1951-1952 school year. This figure includes those who were absent for sickness. Peas, beans and lentils fall short of meat in the quality of protein they possess, but if they are served with eggs, milk or cheese, they can take the place of meat in the meal, say Michigan State College nutritionists.

Official Proceedings of The Board of Education

The Annual Meeting of the Plymouth Township School District was called to order in the Plymouth High School Auditorium at 8:10 p.m., on June 9, 1952, by President Gallimore. Present: The following Board of Education Members: Mr. Gallimore, Mr. Laury, Mr. Smith and Mrs. Willoughby and other qualified school electors. The minutes of the Annual Meeting of June 11 were read by Wallace Laury, acting as Secretary Pro Tem. It was moved by Carvel Bentley, seconded by Charles Brake, that the minutes be approved as read. Carried. The Treasurer's report showed the following balances:

GENERAL FUND			
Balance July 1, 1951	Receipts	Expenditures	Balance May 31, 1952
\$ 73,658.29	\$632,184.01	\$650,101.84	\$ 57,740.46
61,066.48	599.17	15,610.00	46,055.65
203,348.18	143,168.67	128,435.58	218,081.27
	30,499.81	19,941.85	10,557.96

It was moved by Harry Reeves, seconded by Carvel Bentley, that the treasurer's report be accepted. Carried. It was moved by Donald Sutherland, seconded by Leo Kowalcik, that the depositories for school funds be left to the discretion of the Board of Education. Carried. It was moved by Charles Brake, seconded by Harry Reeves, that the school year for 1952-1953 be set at ten months. Carried. It was moved by Carvel Bentley, seconded by Harry Reeves, that the salaries of the Board of Education, for the year 1952-1953, be \$1,000 to be divided at the discretion of the Board of Education. Carried. Russell Isbister reported on the high school textbook situation. It was moved by Donald Sutherland, seconded by Charles Brake, that the Board of Education study the problem of free textbooks for high school students and, if, after this study, the Board deems it advisable the question will be presented to the electorate at the next annual election. Carried. Russell Isbister gave a progress report on the building program. It was moved by Charles Brake, seconded by Harry Reeves, that the Board of Education, Superintendent and staff be commended for the successful program carried on through this past year. Carried. It was moved by Carvel Bentley, seconded by Harry Reeves, that the meeting adjourn. Respectfully submitted, Wallace Laury, Secretary Pro Tem.

The regular meeting of the Board of Education of the Plymouth Township School District was held on June 9, 1952 in the high school building. President Gallimore called the meeting to order at 9:45 p.m. Present: Mr. Gallimore, Mr. Laury, Mr. Smith and Mrs. Willoughby. Absent: Mr. Hulsing. The minutes of the regular meeting of May 12 and the special meeting of May 28 were read and approved. Mr. Wallace Laury acted as Secretary-Pro Tem. It was moved by Mr. Laury, seconded by Mr. Smith, that the paid bills of Election Board Salaries - \$160.00, Payroll for May 16, \$24,756.55 and Payroll for May 29, \$24,717.66 and unpaid bills of \$9,972.10 be approved. Ayes: Mr. Gallimore, Mr. Laury, Mr. Smith and Mrs. Willoughby. Nays: None. It was moved by Mr. Laury, seconded by Mrs. Willoughby, that the Maintenance and Custodial Staff be provided, for one year on a trial basis, uniforms consisting of trousers and a shirt with half of the cost to be borne by the Board of Education and half by the individual. Ayes: Mr. Gallimore, Mr. Laury, Mr. Smith and Mrs. Willoughby. Nays: None. Fuel oil bids were presented from the following distributors: Aurora Gasoline Company Fuel Oil Corporation Gulf Refining Company Peerless Distributing Company Socony-Vacuum Oil Company Since the prevailing prices were so nearly equal, the matter of determination of the award will be left to the recommendation of the heating engineer. Meeting adjourned at 10:58 p.m. Respectfully submitted, Wallace W. Laury, Secretary Pro Tem.

Rebekah News

At the last regular meeting Margurita McKenna was elected representative to the Rebekah assembly to be held in Grand Rapids. Mable Hunter was named alternate. Winifred Brooks transferred from Grandale Rebekah number 510 to our lodge. Minnie Meddaugh is confined to her home following a fall. Mildred Collins was installed as recording secretary to fill out the term. Lodge will be called at 7 p.m. June 27. Oddfellows and Rebekah will have a pillow case party at the hall, 344 Elizabeth street, for the benefit of the sprinkler system at the Oddfellow home at Jackson. This is a very worthy project, so let's all turn out and do our bit and not let our old members down. The party will be held June 27 at 8 p.m. Lodge will have a vacation again this year during July and August. Phone news items to 1609

A call traced—a life saved. Chief Operator Margaret M. Halligan (left) and Operator Frances Malkiewicz, of Detroit. One Monday morning recently, Telephone Operator Frances Malkiewicz of Detroit saw a flashing green signal caused by partial dialing. She plugged in and asked the customer for the number being called. But all she heard were moans from the other end of the line. Frances quickly rang for the Chief Operator, Margaret M. Halligan, veteran of 38 years of telephone service. Margaret asked the customer for her address, but, finding her unable to talk, had the call traced. Within a short time, police arrived at the customer's house, found that Mrs. David C. Fearn had been stricken ill. A physician was called immediately. Later, the doctor paid tribute to the alertness of Chief Operator Margaret Halligan and Operator Frances Malkiewicz in helping to save Mrs. Fearn's life. Twin Pine Girls Defeat Ypsilanti Boosterettes 13-9

The older Girls' Hardball team took action last week when the Plymouth Twin Pines defeated the Ypsilanti Boosterettes 13 to 9 at the Daisy field last Thursday evening.

Merchants Win; Play Here Sunday

Scoring 5 big runs in the eighth inning enabled the Plymouth Merchants to gain their third victory in the Inter-County league last Sunday at the expense of Teamsters Local of Detroit. The score was 9 to 7. Teamsters had beaten Plymouth earlier in the season. This victory leaves the Merchants with a three win and four lost record.

Pete Collura started on the mound for the locals, but departed after three innings with the score of 4 to 3 against him. Hook, just out of South Lyon High School, came in and stopped the opposing batters cold for 4 innings until they scored their last three runs in the eighth inning. He struck out 7 batters.

DeWulf had three hits for Plymouth with the others being evenly distributed. Maharley and Krause each socked a triple. Plymouth tied it up at 4 all in the seventh inning with a single run, and then went ahead with the big 5 run outburst in the eighth.

This coming Sunday, the Merchants play Grandale at Riverside park at 3 p.m.

North Dakota's congressional representatives have been urged to take steps to end the large scale, duty free dumping of Russian furs on the U. S. market.

High School Boys Win 60 Percent of All Contests

The high school athletic teams of this year won the bigger percentage of all sports contests played, and more than any teams in the past few years.

According to Athletic Director John Sandmann, the local lads won 61 contests out of a total of 107 played. This represents about 60 percent wins. Two contests ended in ties.

All teams had a winning edge as the varsity won 35 and lost 31 with one tie. The junior varsity, who only competed in basketball, won 13 and lost one basketball tilt. The frosh won 13 and lost 12 with one tie.

Breaking it down into sports, the varsity football team won 2 and lost 4 with one ending in a tie. They finished 4th in the 6-B league standings in football. The frosh won 1 and lost 4 with one being a tie game.

In cross-country, the harriers won 3 and lost 2 dual meets, and finished second in the league meet. In the state meet, Plymouth came in 9th.

In basketball, the varsity won 8 and lost 9 games, finished 3rd in the league, and won the district tournament by winning two one-point decisions from Farmington and Bentley. Utica beat them by 10 points in the Regional at Pontiac. The junior varsity won 13 and dropped one, that one loss being by one point.

The frosh won 6 and lost 3. Baseball found the Rocks battling it out for the league championship right up to the last week, only to lose the last game and settle for second place in the league standings. They won 7 and lost 5 in overall competition.

The frosh won 5 and lost 3 contests. In track, the Rocks won 3 and lost 2 dual meets, but won the league track crown, and finished fifth in the state regionals. The frosh won one and lost two meets.

In tennis, the varsity had a 7 win and 5 lost record, and finished second in the league, and 3rd in the regionals. The Rocks won 5 golf matches and lost 4, to finish second in the league and fifth in the regionals. All in all, Coaches Sandmann, Kettner, Gorgue, Moiso, Baughman, Ingran and Owens had a fairly successful 1951-52 season and are looking forward to a much better season next year as many young promising athletes were competing for the first time this year, and with a little experience should be much better next season.

Bass Season to Open Saturday

Tomorrow night at twelve o'clock the bass fishing season will open in Michigan. This opening date is three days ahead of previous opening dates, which for years has been June 25. General liberalization of fishing regulations account for the early opening this year.

Many bass fishermen from Plymouth, have indicated their intentions of being near good bass lakes and streams Saturday. They report that many of the best fishing spots have shifted due to the excessive amount of water this year which has made record high water levels. Many small bays along the Lake Erie, St. Clair, and Huron shoreline which harbored bass before are now deep water. Bass are usually found close to shore in shallow water. High water conditions will not affect the inland lakes, where most of the fishermen from this area go.

Local sources say the best spots are on lakes in Oakland county—such lakes as Walled Lake, Pontiac, Elizabeth, Union, Pine, Orion and Oakland lakes. There is no change in creel limits despite the earlier opening. The limit on bass, walleyes and pike in inland lakes remains five. That means that a fisherman may catch five bass, but no walleyes or pike on the same string. If he gets one pike, he is allowed only 4 bass. They must be 10 inches long.

Sports Glances

by "Professor" Edgar Brown

The Tigers made that big trade with Boston, but they are still wallowing in last place by a comfortable margin. At last count they were 7 games behind the seventh place St. Louis Browns.

If they don't begin to click soon, I wouldn't be surprised to see a change in managers before the season is over.

The first of the year, the pitching was good with a weak-hitting attack. Now the hitting has picked up, but the pitchers have turned sour. If the two get together they may end up around fifth place where I picked them to finish before the season began.

From now on I'm just going to be writing sports for the paper, and I hope to find more time to give a better sports coverage of all local sporting events. If you know of any sporting news, any good golfing scores, or extra size fish catches, let me know and an article will be written. Call 151-J any time during the day or evening; and give me the facts. I'll appreciate all items called to my attention.

You had better make plans to stay in Plymouth over the Fourth of July weekend. Nat Sibbold says the Chamber of Commerce is planning a lot of high-class entertainment for all ages, and this small town will have one of the biggest celebrations of any town its size in the country. Four big days of entertainment is planned, including a real rodeo, a small circus, an amateur show, big fireworks display, parades, and many other things. It will be the best you have seen around these parts for generations.

The local high school athletic teams fared well in the tough 6-B league play, as the varsity ended up in fourth place in football, third in basketball, second in cross-country, golf, tennis and baseball, and capped first place in track. One first place, four seconds, one third and one fourth is not bad in this six-team league.

When you read this column I'll be vacationing in the Central Michigan, Traverse City and Mackinac Island regions. I hope I can find a cool spot to just relax, rest and enjoy myself with the family. It is certainly wonderful up north in the summer.

Freda Killingworth to be Fall Bride

Freda Killingworth

Mr. and Mrs. Fred Killingworth announce the engagement of their daughter, Freda to Reg. A. Bailey, son of Mr. and Mrs. R. H. Bailey of Lakeland, Michigan. The announcement was made at a graduation-engagement party on June 12 at which 30 guests were present including friends and relatives from Ypsilanti, Lakeland, Detroit, Flint, Belleville and Plymouth. A fall wedding is being planned.

Mrs. Carl Hartwick and daughter, Mary Lou, Jon Brake, William Bohl, Maurice Woodworth and son, Allyn and Mrs. Roy Woodworth attended the recital given by the Sylvia School of Dance in Senior High School in Ann Arbor on Saturday evening. Marcia Woodworth appeared in several group dances as well as three solo numbers.

Shirlee Foster Recent Bride

Mr. and Mrs. Elden Clair Brieschke greeted 300 guests at a reception in the First Presbyterian church parlors following their marriage on Saturday evening, June 14 at 8 o'clock. Officiating at the double ring rites before a candelit altar was Reverend Henry Walsh.

The bride is the former Shirlee Mae Foster, daughter of Mr. and Mrs. Harry Mees Foster of Plymouth and her husband's parents are Mr. and Mrs. Frederick Brieschke of Blissfield.

Otto Brown of Ferndale sang "Because" prior to the ceremony and "The Lord's Prayer" during the services. He was accompanied by the organist, Fred Nelson of Plymouth.

Escorted down the aisle by her father, Shirlee was attired in a picture gown of white embroidered organza distinguished by a tiny bolero designed with a rolled, off the shoulder portrait collar and half sleeves all edged in embroidered scallops. Identical trim followed through on the strapless bodice with a nipped waistline and a farthingale skirt of five tiers. Her three quarter length veil fell from a gathered French illusion halo bonnet. She carried a crescent shaped bouquet of Snow White roses centered with a corsage.

Miss Carolyn Ingham of Ferndale served as maid-of-honor with Mrs. William Donovan Gallentine of Royal Oak, Miss Tina Musolino of Detroit, Mrs. James Murdock of Aurora, Illinois, sister of the bridegroom and Mrs. Cynthia Gay Potter of Ann Arbor, a cousin of the bride, as bridesmaids. Miss Mary Elizabeth Foster, sister of the bride, was the junior bridesmaid.

All attendants were gowned in

Mrs. E. C. Brieschke

frocks of all-white embroidered organza with Peter Pan collars, cap sleeves, taffeta bustle sashes and gauntlets. They wore white halo bonnets of starched netting and carried crescent bouquets of Hibbard roses.

Edward Crots of Blissfield performed the duties as his brother-in-law's best man. Seating the guests were Vernon Reuther, Clyde Losey, Donald Herzog, all of Monroe and Cpl. Lee Foster of Fayetteville, North Carolina, brother of the bride.

For her daughter's marriage, Mrs. Foster wore a floor length gown of powder blue silk chiffon. A floor length gown of rose silk taffeta with white accessories was the costume choice of the bridegroom's mother. Her corsage was of Johanna Hill roses.

Assisting at the reception were Mrs. Warren Hoffman of Plymouth, Mrs. Hazel Dower of Ferndale, Miss Shirley Euker of Pleasant Ridge, Mrs. William Toburen of Monroe and Mrs. Vernon Lancaster of Ferndale. Mrs. E. J. Delbridge of Detroit, the bride's grandmother and Miss Dorothy Caswell, the bridegroom's aunt, served as the hostesses.

Shirlee is a graduate of Lincoln High School in Ferndale. Her husband is a graduate of Blissfield High School and attended Cleary and Oklahoma City colleges. He is a former Lieutenant in the Air Corps serving as a Bomber pilot during the war. Both young people are now employed with the Ford Motor Company in Monroe.

The bride wore a dress of navy and white with navy and white accessories and a white coat for their tour of the Eastern coast. Upon returning, they will reside in Monroe at 831 Hurd road.

Mr. and Mrs. Richard Dast and family have returned to their home in Pigeon after spending several days with her parents, Mr. and Mrs. Walter Kleinschmidt of Northville, road.

Mr. and Mrs. Clarence E. Elliott have returned to their home on Irvin street after visiting Williamsburg, Virginia; Washington, D.C.; and many other historical spots in the South.

Hints for Plymouth Homemakers

It's Easy to Stay Beautiful in Spite of the Summer Sun

Chances are the women of the family will agree that the joy of cutting far from the kitchen stove is worth all the trouble of packing up the food supplies. And if they're beauty-wise, they'll make sure they stay as good to look at in the teasing breezes of the great outdoors as they do inside. That's why a home permanent is recommended before the picnic season starts while your hair is still in prime condition. It's easier than ever now to get the wave you want because a new trio of custom-made waving lotions has just been announced, each formulated to let you choose the exact lotion for your special type of hair.

Your most important job is to choose the kit that's made for your hair. Start the process by reading the directions through from beginning to end. Have a generous supply of spin curlers on hand and set aside a time for your wave when you won't be tempted to rush.

Pamper your permanent after you have it by keeping your hair shining clean with a mild creme or lotion-type shampoo. Follow directions, use just the right amount of shampoo, and let its gentle sudsing action remove perspiration and summer dust whenever your hair feels dirty.

Remember that sun-bleaching is just as hard on the hair as chemical bleaching and each

shampoo should be followed by a creme rinse to protect the hair against the sun's strong rays. Brunettes, especially, take note! Your hair may be badly bleached without showing it because the sun will not change its color.

Besides these basic requirements, here are a few do's and don'ts for these days of summer glamour:

Do invest in a gay scarf or becoming sun hat for beach wear. Don't let too much sun make your hair dry and brittle and streaked with bleached strands.

Do rinse your hair well with clear water after a dip in salt or chlorinated water. If those minerals are "sun-baked" into your hair, they will leave it lustreless and gummy.

The best care in the world you can give your hair, for both health and beauty, is daily brushing and regular shampooing. But a "dry-cleaning" between shampoos will remove excess oils and surface dirt, too. Saturate a piece of cotton in your favorite cologne, separate small strands of hair and wipe them carefully from the scalp to the ends.

Take glamour along to the beach or swimming pool, even though you do need pin curls to set your hair while it's drying. Anchor daisies or another summer flower to bobby pins with a bit of florist wire or strong thread. After your swim, roll your curls and secure them with your flower pins.

Hair care may be more trouble in the summer time but it's more fun, too. Let flowers and ribbon, veiling and saucy sun hats give a delightful new charm to your most valuable beauty asset—your hair.

Sometimes one pays most for the things one gets for nothing.

SUMMER SUPPER
You can relax under the shade tree in the yard while this easy summer supper cooks all in one pan.

Skillet Pork Chop Meal
1/2 cup uncooked rice
1 cup water
4 pork chops
4 whole carrots
1 teaspoon salt
10 1/2 ounce can condensed tomato soup

Soak rice in water while chops are being browned in small amount of fat. Cover chops with rice and water. Add carrots, salt and tomato soup. Cover, cook slowly 30 to 45 minutes on top of the stove.

Yield: 4 servings.
Have the pork chops cut about one inch thick so that each chop is a man-sized serving.

Salad and Dessert
SOURCE: LEMMON
Lettuce with oil and vinegar dressing adds a crisp green touch to the meal. Watermelon is a refreshing dessert. Try it with a wedge of lemon squeezed over it.

Iced Tea Helps
Clear, cool iced tea is a perfect beverage to serve with this supper.

To Make Iced Tea
1. Use one tea bag for one tall glass.

2. Place tea bag in tea pot. Pour boiling hot water over tea bag. Cover.

3. Steep at least five minutes or until desired strength is reached (about twice as strong as desired for hot tea). Remove tea bag as soon as right strength is reached.

4. Fill glasses with cubed or chipped ice. Pour hot tea over ice. Serve with lemon or sugar.

Gelatin Solution Revives Cottons
You can revive sagging cottons with a gelatin solution bath—and avoid white starch spots at the same time.

Textiles and clothing specialists recommend dissolving a tablespoon of plain gelatin in a little cold water and then adding a gallon of hot water to make the solution. A stiffer finish for heavier materials can be achieved by adding less water, of course.

The gelatin finish will make fabrics—exceptionally light voiles, batistes and organdies—more wrinkle resistant and you will have a new-looking garment.

The specialists advise using a gelatin bath for washable rayons, too.

Grapefruit Juice Makes Slimming Salad Dressing

These spring days are just the time to indulge in sensible tonics as part of your meals—tonics such as salads made with juicy Florida citrus fruits right now at their best. They help cut calories and fit into diets perfectly. For the final finishing touch, still in the diet direction, add a dressing made of Florida grapefruit juice. The salad shown here is grapefruit sections and cottage cheese on a bed of crisp greens. The dressing is so good you'll keep the jar handy for use on mixed greens, vegetables, and all types of fruit salads. And because so little oil is used, 1 tablespoon of this dressing will cost you only 25 calories as compared to the 80 or 100 found in a serving of the average French dressing!

Florida Low-Calorie French Dressing
1 cup Florida grapefruit juice
2 teaspoons cornstarch
2 tablespoons salad oil
3/4 teaspoon salt
1 teaspoon sugar

1/2 teaspoon paprika
1/2 teaspoon dry mustard
3/4 teaspoon Tabasco
3/4 cup catchup
1 peeled clove garlic (optional)

Blend 1/2 cup of the grapefruit juice and cornstarch. Cook over low heat stirring constantly, until thickened and clear. Remove from heat; add remaining 1/2 cup grapefruit juice. Measure into small mixing bowl remaining ingredients; add cornstarch mixture and beat with rotary beater until smooth. Store covered in refrigerator. Shake before using. **YIELD:** 1 1/4 cups.

Chow Mein Made with Liver Unusual Dish

Liver appears in a surprising way of serving this nutritious variety meat that's sure to meet with family approval. If desired the meat mixture may be served over rice for chop suey.

Liver Chow Mein
1 1/2 pounds sliced liver
2 tablespoons lard or drippings
1 cup diced celery
1/2 cup chopped green pepper
1 No. 2 1/2 can tomatoes
1 No. 2 can Chinese vegetables
6 tablespoons cornstarch
3 tablespoons brown sauce
2 tablespoons soy sauce
1/2 teaspoon salt
1/8 teaspoon pepper
Chinese Noodles

Dice liver and brown in lard or drippings. Add celery, green pepper and tomatoes, and allow to simmer about 20 minutes. Add drained Chinese vegetables. When heated through, thicken with cornstarch blended with brown and soy sauce and enough water to make pouring consistency. Season to taste. Serve on Chinese noodles. 8 servings.

Plenty of Food First Thought For Any Picnic

Picnic season is here and again it's time to pack baskets of food and be off to the woods. It's an event the whole family is sure to enjoy and long remember.

There's something about eating out-of-doors that peeps up appetites, so plenty of food is a must. Franks and hamburgers are frequently the meat you plan for a picnic. However there are many other excellent choices. Barbecued ground beef is one. Prepare this barbecued beef at home ahead of time, then place the mixture in a thermos or a jar with a tight cover wrapped in several thicknesses of paper. If your trip is not too far the beef may be served from the jar on split buns. If you think it will need reheating, take your picnic frying-pan along.

Canned luncheon loaves carried right to the picnic are another simple choice. For instance, you may cut the loaf into stripes an inch in a barbecue sauce as was suggested for ground beef. Or for a complete change, cut the loaf into cubes and place them on skewers alternately with tiny onions, olives, pickles or tomato wedges. Heat the kabobs over an open fire and serve in frankfurter buns.

Bread Stuffings Stretch Budget

Budget-stretching has become a fine art these days and tasty bread stuffings, used to extend the servings of meats, poultry, and fish, help homemakers to cut expenses. Bread stuffing increases appetite appeal as it catches and holds the succulent juices released during the cooking period, and gives the entrée a hearty, satisfying quality.

Leftover bread stuffing makes a delicious main dish and can be served in a variety of ways. Shape it into finger rolls, wrap in bacon or ham slices; fill a frankfurter that has been partially split open and spread with prepared mustard and brown under a preheated broiler (400° F.) for about six minutes; or combine the stuffing with leftover meat, poultry, or canned tomatoes for inexpensive, appetizing casseroles.

Fact No. 1 Model for model—costs less
Stack up a Chevrolet truck against any other truck with comparable specifications, capable of handling the same payloads. You'll find the Chevrolet truck lists for less and brings you great features.

Fact No. 2 Mile after mile at rock bottom cost
Truck users everywhere have proved that Chevrolet costs the least of all to own and maintain. Valve-in-Head economy, in the Loadmaster or Thriftmaster engines, saves on gas.

Fact No. 3 Right truck for the job saves money
Chevrolet trucks are factory-matched to your payload requirements. You don't waste money by buying "too much truck"—you don't risk work interruption by buying "too little truck."

Fact No. 4 Lower, slower depreciation
Records show that Chevrolet trucks traditionally bring more at resale than any other make which costs about the same new. The market value of Chevrolet trucks stays up because the value stays in.

WHEN YOU BUY A WATER HEATER

Cleaner utensils keep bacteria count low and milk sales high.

Lloyd Morrison, near Peck, owns one of the most efficient milk houses in Sanilac County. And of course, his water heater is electric. Without work or worry, fuel or flame, he has a full tank of piping hot water every day to speed up dairy chores and to keep his equipment in spotless condition. Economy is another big reason for going electric. Edison's special water heating rates are low. And the cost per gallon is even less when (like Mr. Morrison) you have two electric water heaters: one in your milk house and another in your home. Better see your plumber, appliance dealer or Edison Farm Service Advisor tomorrow.

What's the big idea of DYNAFLOW DRIVE?

6-passenger Super Convertible.

THERE are all sorts of "drives" and "shifts" on the market. Some still operate entirely by hand. Some depend on shifting gears, but do this automatically. Some feed the power through oil, but use a lock-out device at cruising speeds. But we still think that Dynaflow* is the best of all for this simple reason: The big idea of Dynaflow Drive is to make life easy for the driver. In traffic, you can start and stop, slow down, accelerate with complete and infinite smoothness—because no gears have to shift, ever, in Dynaflow Drive. So there's no lurch, buck or bobble. Dynaflow always feeds power with a steady, willing swoop—at 3 miles an

hour or 30—or as high as it's legal to go. On hills, you get the same sure, steady, unfaltering power-feed for the same reason. No gears ever shift. On a long day's drive, you can ride with wonderful freedom from tension—your foot relaxed on the throttle—because you always drive through oil. And at any speed you get a smoother ride, in part because Dynaflow Drive provides such a smooth and gentle linkage between that mighty Fireball 8 Engine and the rest of the chassis. But this is not all. Our service records show that Dynaflow also makes life easier for your bank account. It saves wear and strain on the engine, banishes the cost of clutch repairs, saves strain on the transmission and even on the rear tires.

There are a lot of other good reasons for buying a Buick—its style, its room, its ride, its power, its thrift, its durability—and its price. When you can get all this—plus Dynaflow Drive—why be a holdout? Come in and give Dynaflow a try today. Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Varied Honors Bestowed Upon Local Students

The University of Michigan held its 108th Commencement on Saturday, June 14 with 3,210 candidates for degrees. The exercises were held in the huge Michigan Stadium.

The speaker was Oliver C. Carmichael, president of The Carnegie Endowment for the Advancement of Teaching, whose topic was "The University Today."

The impressive parade across the stadium turf by the candidates for degrees and the honor section made up of faculty, deans, administrative officers and special guests started at 4:30 p.m. Among those from Plymouth who took part in the parade were: Roderick Kaye Daane, 530 Garfield, Bachelor of Arts; John Julian Guettler, 1182 Dewey, Bachelor of Arts; Raymond E. Kurtz, 15510 Surrey road, Bachelor of Business Administration; Doris Carol Noblit, 391 Joy street, Bachelor of Music; Mrs. Carol Ann Miller Stinton, 287 Arthur, Bachelor of Arts in Education; and Bruce Carleton Walborn, 11000 Hubbell, Bachelor of Business Administration.

CAPT. ROLAND TIEBORS SEAL ACT is one of the best trained seal acts in show business today. The seals seem to possess human intelligence and the desire to please the audience. Tiebors seals are musically inclined too, being proficient of the trumpets and adept at vocal numbers. Don't fail to see this act on July 4th at the big Plymouth celebration.

H. Woolweaver Installed as New Optimist President

A Plymouth fraternal organization whose "Operation anti-crime" has gained it local recognition for combating youth delinquency, adjourned for the summer in the flurry of a fiscal year-end dinner, June 17, by installing new officers.

Outgoing Optimist Pres. Ed Houghtaling handed over the reins of his office to Herb Woolweaver, Director of Recreation and Adult Education, Board of Education.

Officiating Optimist Lt. Gov. Karl Stasne, from Monroe, was in charge of installing the president and other new officers of the club that held a Mayflower Hotel dinner sparked with stand-out performers from the Detroit Boys' club.

These youths, sponsored by Detroit optimists, displayed their skilled musician talents. Organ music sponsored by Grinnell employee Dick King, of Ypsilanti, concluded the program.

Local optimists have actively supported numerous youth recreational programs designed for their education and to "keep them off the street and out of trouble."

Other new officers listed with their optimist duties are: Floyd Brandon, first vice president; Warren Hoffman, second vice president; Matthew Fortney, secretary; Carl Watkins, treasurer; Sam Dibble and Bob Minock, sergeants at arms; Lloyd Clark, Dr. J. M. Robison, Kenyon Olds, Bob Hudson, board directors.

Evans Entertains Traffic Group

Twenty-five industrial traffic managers and materials handling men from the Detroit area Monday night were shown a graphic demonstration of the kind of modern railroad car loading equipment that is revolutionizing rail shipping.

The group, members of the Col. E. S. Evans Seminar in Scientific Loading, Wayne University, Detroit, visited the Evans Products Company in Plymouth, where they inspected seven types of freight cars equipped with modern car loading devices. Those cars were: an Evans Autoloader Car; an Acme steel strapping export car; an Acme-equipped unit load car; a standard Evans DF Loader-equipped car; another special Evans DF Loader car; an Evans Utility Loader car; and a PD perforated lined car.

At the Evans plant in Plymouth, the group was greeted by E. S. Evans, Jr., President of the Company and son of the founder, the late Col. E. S. Evans. In his remarks to the group, Mr. Evans pointed out that the Company's history has been tied closely with the history of scientific loading. (The Evans Products Company made the first grant, of \$5,000, toward the support of the Wayne University Materials Management Center of which the seminar is a part.)

Look Mom... No Garbage!
when you have an **ELECTRIC INCINERATOR or DISPOSER**

Get rid of burnable trash and food waste before it becomes garbage. An electric incinerator does the trick safely, economically. No work—no worry—no watching. All that's left is handfuls of mineral-rich ash—an ideal plant food. It's the modern way to say good-bye to a distasteful job... no garbage to carry... no can to empty.

A sink disposer is a glutton for food scraps. Instantly they're shredded and flushed right down the drain of your sink. The disposer washes itself clean as it's used. Your kitchen is always spick-and-span... forever free from messy sinks. And you're forever free from those countless, tiresome trips to the garbage can.

Two new answers to an age-old problem—two modern electric appliances that put an end to garbage, flies and odors. They are both easy to install... economical to own and operate. Whichever you pick—you pick a winner.

Look! No garbage!

Loot Northville Theater of \$87

In a night-time entry, thieves broke into the Northville Theater, opened a safe and stole more than \$87.

Entry into the theater building was gained after the looters forced a second-story hallway window early Sunday, June 8.

The thieves then looted the business office safe after breaking in a projection room window looking out over the hallway.

Margaret Wilson, business office clerk, said the money taken represents a small portion of the day's receipts.

"I imagine the thieves were disappointed," she recounted. "We hold over just a small amount of cash. The rest is banked in a night depository before the theater closes."

State police have joined local law enforcement officers in tracking down the looters.

Milk Quality Needs Extra Safeguards During Hot Weather

Producing high quality milk and cream is a year-round program for every dairyman.

Warm summer months coming up can mean trouble if there is any weakness in production practices. A check of several potential "danger spots" will help to insure high quality milk and cream.

Clean equipment is the first thing to check. Make sure that surfaces are bright and shiny, rather than clouded by milk stone. If milk stone is present, purchase some acid milk stone remover and use according to directions. Soaking utensils in a solution of one part vinegar to four parts water will soften the deposit so that utensils can be washed clean.

Another trouble spot is the rubber inflations of the milking machine. Dairyman should make sure they are in good condition and clean. Keep fat removed from the rubber by boiling in a lye solution.

When all equipment is clean for handling milk or cream, make sure that lids fit tightly on the cans containing the milk or cream to protect from sediment.

Milk and cream should be cooled promptly to below 60 degrees Fahrenheit and maintained at this temperature until delivered to the dairy plant.

It is easy to do a good job of producing high quality milk and cream, once facilities are available and a routine adopted that will give good results.

Ad Sells Dress in North Carolina

Mrs. W. A. Groover of Waynesville, North Carolina recently purchased a dress from Minerva's after reading an ad in The Plymouth Mail.

Mr. and Mrs. Herbert Chaiken were very surprised to receive the letter requesting the dress. Mrs. Groover asked for a dress in cornflower blue like the one she saw in the Mail. "We were temporarily out of blue," states Mrs. Chaiken, "so we sent a different color. She must have liked it because we have heard no more from her."

Mail subscription files show that Mrs. Groover has been a long time subscriber of the paper and that it has followed her as she moved about the country.

Roger Babson Says---

Babson Discusses Some Advantages of High Taxes
Basbon Park, Mass., June 19. Now that the first half of the year 1952 is nearly over, income tax reckoning still leaves in its wake a raft of questions. For instance, if someone should ask about the effect of income taxes on profits, the answer would seem to be obvious. Taxes bite into profits and apparently bring about slimmer margins between sales and costs. Business tries, however, to make up for this shrinkage in profits by expanding the volume of sales.

Taxes May Help Business Temporarily
There are also other "silver linings" to the cloud. I hate high taxes as much as any reader does, but we should realize that indirectly such taxes may have certain advantages: (1) High taxes make us all work harder. (2) As high taxes are hardest on retired people living on a fixed income, these higher taxes are forcing many of them to again become producers. (3) High taxes should make us all more interested in electing a better government. (4) High taxes may result in increased gifts to churches, hospitals and charities.

Even "excess profits" taxes have certain compensations. For example, at maximum rates, 77 cents of every dollar of excess profits may go to the Government in taxes. But if the corporation decides to spend what would go into its excess profits for research, advertising, or employing more salesmen, it could do so advantageously. Every dollar of such outlay would then cost the corporation only 23 cents. Companies in a position to make use of these "thrifty" dollars might better maintain buildings and expand sales efforts.

Taxes and The Stock Market
Now, with some degree of certainty of earnings at the level where excess profits begin, there might even be a reflection there of in higher prices for the company's shares. What would be the position of the stockholder in such a case? The higher stock prices might bring about long-term capital gains if more of the earnings are later converted into dividends.

By spending money that otherwise would go to taxes, the competitive position of the company should be improved. It should have an advantage over competitors who do not have excess profits for expansion of business out of tax money. Excess profits may well increase the advertising in newspapers and magazines.

Government Must Permit Profits to Continue
Corporate profits provide over one-third of the income of the Federal Government. It is a paradox that the tax program, which eventually might be a drag on incentive, may, for a time, itself provide an incentive to expand. In addition, the Government needs the success of every business it taxes to continue its defense program.

Some firms, which may otherwise barely break even, may then remain in the field, due to the high level of economic activity. So the tax program, which threatens to take away with one hand, also gives advantages with the other. There is opportunity to expand and freedom to look forward to profits.

Businessmen Should Not Get Discouraged by Bad News From Abroad

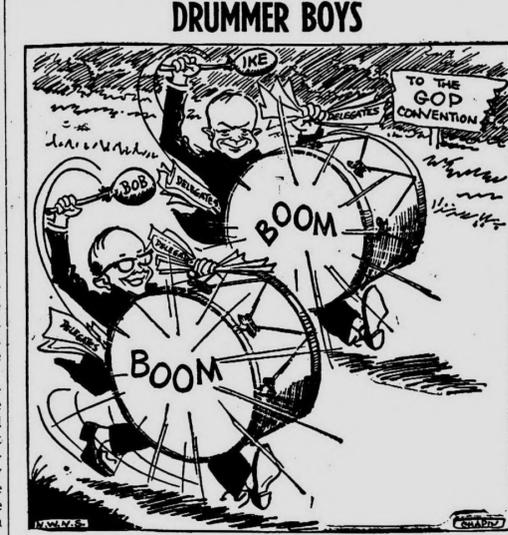

Stockholders can be sure there is no stock market behind the Iron Curtain! A stock market depends upon free enterprise by those companies whose shares are traded. Buying and selling then depends on available money and the existence of confidence in the future.

But taxation is not lacking behind the Iron Curtain! Taxes are collected in Russia so as to retard enterprise and activity. To meet the challenge of those governments, however, we must show by our actions and faith that the fuller life offered by the free world, pays. We must maintain not only freedom to work, save, and invest, but we must work and save and invest.

NORTH POLE VISITOR . . . Lt. Col. Joseph Fletcher, Oklahoma City, was co-pilot of ski-equipped C-47 that was first plane to land at North Pole.

—Abraham Lincoln

New Spray Good Says Nurseryman

A new combination insecticide-fungicide especially formulated for use on vegetables is announced by the Plymouth Nurseries. This new vegetable dust can be used on all vegetables, including tomatoes, without danger of residual taste or toxicity, says Peter Christensen, owner of the nursery.

The active ingredients, methoxychlor, rotenone, and Zineb, kill most insect pests that attack garden vegetables, and give control of many vegetable diseases. In addition to protecting vegetables, the new vegetable dust controls most other pests and fungi that attack general garden growth, eliminating the need for other controls in the garden.

The new vegetable dust is packed in a handy, self-contained puffer-duster applicator. The manufacturer recommends that vegetable dust, or any dust, be applied to foliage in early morning or late evening when the temperature is low, the air still, and dew is on the plants or the plants are freshly sprinkled.

Did you know you can get rid of fish odor by rubbing your hands and the dishes with moistened salt and then rinsing with hot water before washing with soap.

RARE SURVIVAL . . . Nurse Kathleen Shaffer holds premature baby, Elizabeth Dillon, Chicago, after infant survived operation for perforated small intestine, recovery from which is rare.

In Jonesboro, Arkansas, Theater Manager Earl Young got an anonymous letter: "Enclosed you will find \$5. When I was a little girl . . . I bought balcony tickets and sat downstairs."
