

WINNERS IN THE CHAMPIONSHIP flight of the Chamber of Commerce-sponsored Plymouth City Golf Tournament watch Professional Midge Cova of the Bob 'O Link golf course as he points to Tom Lock's winning score of 155. Lock's 36-hole total edged-out Ralph Lorenz by one stroke. Shown above are: (l. to r.) Bill Benjamin

(160). Defending Champion Harper Stephens (161), Cova, Lock holding The Plymouth Mail trophy, Lorenz and Jim McAllister (163) Bill McAllister, who carded a 162 total, was not present when the picture was taken. For full details of the rain-soaked tourney see page 7 of section 3.

# Commissioners Schedule Traffic, Zoning Meetings

City commissioners scheduled two special sessions for next week when they met Monday night—one for Monday night devoted to study of the AAA traffic report, and the other meeting on Tuesday night to hear opinions from landowners who live in two sections of the city where there is still controversy over the proposed zoning map.

Tuesday's meeting will undoubtedly prove more lively. Letters will be sent to landowners in the two areas inviting them to attend the meeting so that the city commission can get their sentiment on zoning in their neighborhoods.

Residents asking for a change to C-2, but a check Monday night failed to show that this petition contained the majority of landowners.

need mending. One of the patches being applied, it was revealed by Mayor Russell Daane, is a tentative decision by the planning commission to put a 21-day time maximum on deciding building applications.

# Dunlap Opens Rehearsals With Record 75 Musicians

A record number of 75 musicians attended the first fall rehearsal of the Plymouth Symphony orchestra Monday night. The turn-out was heralded by Director of Music Wayne Dunlap as an indication of the over-all interest aroused in the symphony this year.

The complete program for the season's concerts follows: FIRST CONCERT, October 25, 1953. Adagio and Allegro by Robert Ward, Shylock Suite by Faure, La Donna Mobile from "Rigoletto" by Verdi, Old American Songs with Fred Kendall, tenor, by Copland, and Symphony No. 5 in E Minor by Tchaikowsky.

Strauss, American Dance, for Bassoon and Orchestra by Phillips, Winter's Past, for Oboe and Orchestra by Barlow, Soliloquy, for Flute and Orchestra by Rogers, Concertino for Clarinet and Orchestra by Weber, Wedding March and Scherzo from the "Incidental to the Midsummer Night's Dream" by Mendelssohn, Peter and the Wolf by Prokofiev, and Clear the Track Galop by Eduard Strauss.

Commissioners gave an indication of approval of a zoning change under the present zoning ordinance at Monday night's meeting. It concerned two lots at Pearl and Holbrook streets on which the Church of the Nazarene is located.

# Study Plan For YMCA

The possibility of organizing a Y.M.C.A. in Plymouth was the topic of discussion for about a dozen local civic leaders gathered at the request of the Chamber of Commerce Wednesday night.

# Next Week's Edition of The Mail to Feature "Pick-the-Winners" Football Contest

Football is flying and with each grid season comes the weekly forecasts of prognosticators, both amateur and professional. This year Plymouth football fans will have an opportunity to try their hand at "picking the winner" and, in addition, receive cash awards for their efforts!

# Cornerstone Laid At Church of the Nazarene Edifice

With a prayer that if the cornerstone should ever be removed in years to come that the standards and spiritual life of the church remain the same, the cornerstone of the Church of the Nazarene was laid into place last Sunday afternoon.

# 6-B League Schedules Plymouth For Annual Music Festival in April

High School Principal Carvel Bentley and 14 members of the Plymouth teaching staff traveled to Trenton Monday night where representatives of the 6-B League planned for the year's inter-school activities.

# Doctors Save Eye Of Plymouth Boy

Parents of 13-year-old John Swan of Plymouth rushed their son to University hospital in Ann Arbor last weekend in time to save the sight in one of his eyes.

# Plymouthite On TV In New York

Plymouth viewers of the Twenty Questions show on television over the weekend had the opportunity of seeing two Plymouthites in action.

# Kiwanians See Vacation Films

A trip to the great Southwest of the United States was shown on color slides to members of the Plymouth Kiwanis club by Dr. E. A. Rice Tuesday evening at a regular meeting of the club.

# Hart Schaffner & Marx Now at Davis & Lent

The climax of several years' efforts will be reached for Wendell Lent of Davis & Lent's men's wear store in Plymouth. It is the announcement that the well-known Hart Schaffner & Marx line of men's clothing has been acquired and is now in stock at his store.

# Prosecutor Is Rotary Speaker

In observance of Constitution Day, Edward F. DeVine, prosecuting attorney of Washtenaw county, spoke to Plymouth Rotarians last Friday about the Constitution and its kinship to Washington's Farewell Address.

Index table with categories: Building, Churches, Classified, Editorial, Chips, Babson, Mich. Mirror, Homemaker, Residence Series, Sports, Theaters, Women's. Each with page and section numbers.

Local Kroger Store Announces New Hours. Kroger Store Manager Roland Widmayer announced last week that the Plymouth store will observe new hours of opening effective immediately.

# Family Night Starts at Stop & Shop Market

A new innovation for grocery shoppers was introduced last week in Plymouth by Stop & Shop super market. The event is a family night, which will be held from 6 p.m. until 9 p.m. each Thursday.

# Mayor Names Study Group for Off-Street Parking Problems

A five-member committee to study the city's off-street parking problems and the off-street parking provisions in the newly-proposed zoning ordinance was appointed by Mayor Russell Daane at Monday night's city commission meeting.

# Get Special Permit Before Burning Leaves Within City

Autumn's arrival this week brought a reminder from Fire Chief Robert McAllister about the billions of leaves which will descend upon the city during the next month.

# Allen School Opens Doors

Allen Elementary school's kindergarten will begin sessions next Monday, a week after children in other grades trekked to the new school on Haggerty road.

# Car Rolls Over On Sheldon Road

Mrs. Richard Keen, 221 North Rogers, Northville, escaped injury last Friday night when the car she was driving went out of control and rolled over on Sheldon road near Six Mile.

# Mayor Names Study Group for Off-Street Parking Problems

The five members of the study committee are: Sidney Strong, chairman of the planning commission; Mrs. Eleanor Hammond and Floyd Tibbitts, city commissioners; Edwin Schrader, chairman of the Chamber of Commerce zoning committee; and Nat Sibbold, executive secretary of the Chamber.

# Allen School Opens Doors

Thirteen Plymouth merchants representing the Retail Merchants association appeared at the September 8 meeting to express their opinions on the off-street parking problem. Outcome of the discussion was a motion of the commission to appoint the study committee.

# Car Rolls Over On Sheldon Road

Also on the agenda was a request from the Box Bar, Ann Arbor trail, to erect an illuminated sign near the front of the establishment. The plans were approved by the city engineer, Stanford Besse, and the city commission followed the engineer's recommendation.

# Allen School Opens Doors

Mayor Daane also recommended that Mr. Johnson, planning consultant, meet with the study committee so that the committee may have data on hand concerning the zoning.

# Allen School Opens Doors

Allen Elementary school's kindergarten will begin sessions next Monday, a week after children in other grades trekked to the new school on Haggerty road.

# Car Rolls Over On Sheldon Road

Mrs. Richard Keen, 221 North Rogers, Northville, escaped injury last Friday night when the car she was driving went out of control and rolled over on Sheldon road near Six Mile.

### Research Group Begins New Unit

The Character Research group will open its fall program with a parents' meeting on Monday, September 28, at the home of Mr. and Mrs. Harold Fischer.

The guest speaker will be Miss Kathleen Shannon, who is a research assistant on the staff of the Character Research Project of the Department of Psychology, Union college, Schenectady, New York. Miss Shannon will introduce the Growth in Magnanimity Unit. This consists of the 12 weekly lessons which the Character Research group will teach its children this fall. Miss Shannon will discuss the basic religious concepts of the unit and the goals for the different age levels.

Miss Shannon is well prepared to help the parents of the Plymouth group. She has been a member of the Character Research Project staff for five years. She writes materials for the Junior curriculum, fifth and sixth grade levels. She is also an ordained minister with an A.B. from Phillips university and an A.M. in Religious Education from Andover Newton Theological school in Massachusetts. Prior to joining the Character Research Project staff at Union college she was Director of Religious Education at Plymouth Memorial church in Watertown, Massachusetts, Wilshire Boulevard Christian church in Los Angeles and the First Christian church in San Angelo, Texas. Later she was co-director of International Christian Youth Fellowship with headquarters in Indianapolis.

The meeting is open to anyone who is interested in Miss Shannon's talk. Further details can be obtained from Mrs. Bruce Richard, Plymouth 249-J.

Published every Thursday at 271 S. Main street, Plymouth, Michigan in Michigan's largest weekly newspaper plant.

**NEW TEACHERS IN A NEW SCHOOL** are these four who head classes at Allen Elementary school. Pictured from left are Mrs. Jean Bowles, Traverse City, third grade; Mrs. Marda Benson, Detroit, third grade; Mrs. Doris Sponseller, Bucyrus, Ohio, second grade; and Mrs. Lois Dorfman, Detroit, second grade.

### First Aid Class Meets Big Need In Civil Defense

The small number of registrations for the first aid class to be offered here indicates that local residents are not conscious of the urgent need for civilian defense, stated Mrs. Lee Coolman, of the Veterans of Foreign Wars auxiliary. Mrs. Coolman is organizing a first aid class for all Plymouth residents in cooperation with the local office of civil defense. Thus far, only 10 persons have enrolled.

President Eisenhower has recently stressed the need for communities to prepare for possible disaster conditions, she added, "and the first aid class certainly falls into this category." Registrations for the 11-week course will be open until October 1. If enrollments are good enough a Red Cross instructor will come from Detroit to teach the class. On completion of the course each member will receive a Red Cross first aid card.

### Woman's Club Slates Discussion of Charm

A discussion of "The Secrets of Charm" will highlight the luncheon meeting of the Woman's club of Plymouth, Friday, October 2, at 12:30 p.m. Mrs. Madonna Moffat, representative of the John Robert Powers School of Charm, will be the guest speaker.

The meeting will be held at the Western Golf and Country club, making it necessary for all members to have reservations in by Wednesday, September 30. Members will be contacted prior to the meeting.

### Pilgrim Prints Off Press Again

A bigger and better school newspaper went out to Plymouth High school students Tuesday. It was volume nine, issue one of "Pilgrim Prints" which is again attempting to win state and international high school publication awards.

Readers found that the newspaper is a column wider and several inches longer than in past years. The newsprint has been changed from the enamel paper to regular newsprint.

### Mail Photos Give Citizens Look at New Teachers

Pictures of the 27 new teachers who moved into Plymouth township schoolrooms this month are appearing this week and next in the Plymouth Mail. The 27 were hired to fill vacancies and new positions, bringing the size of the school professional staff up to 127.

many school districts, it is necessary to hire persons without proper credits and give them temporary permits. For some of the new teachers, it was the first teaching experience. Others brought several years of experience with them from other communities. Only three of the new instructors are men. They are all elementary teachers.

All but four of the teachers began their duties on the opening day of school, September 10. These remaining four were teachers at Allen Elementary school which did not open until Monday.

Pictured on this page are the Allen school teachers, while Hough school's new teacher is shown on page six of section three.

Three of the new teachers are specialists, three are teaching high school positions and the remaining 21 are elementary instructors. Among the elementary teachers, eight are at Starkweather, six at Smith, four at Allen, two at Bird and one at Hough.

The Allen Extension group will hold their first meeting of the coming year at the home of Mrs. Lee Scharmen, 9101 McClumpha road on Thursday evening, September 24 at 7:30 p.m. The group will calendarize this year's program. Mrs. Harold Barnes will teach Christmas craft work.

AUTOMATIC HOME LAUNDRY

by **HAMILTON**

... the folks who made automatic washdays possible

**Hamilton Automatic Washer**  
with Soil-Seeking Water Action!

Fully automatic agitator action handles heaviest hard-work loads, is extra-safe for even your finest washables.

- Selecta-Cycle Control—completely automatic, yet every action can be shortened, skipped or repeated.
- Soil-Seeking Water Action—actually seeks out extra-soiled spots like collars and cuffs.
- Fresh-Flo Deep Rinse—shower and overflow rinses make sure clothes come clean in a Hamilton.
- Water Economizer—best possible washing takes only a fraction as much hot water as most automatic washers.

**Hamilton Automatic Dryer**  
The first! The fastest! The finest!

Whisk clothes out of the washer into your dryer, set two simple dials—and washday's over!

- Carrier-Current Air Circulation—no violent, forced-air drying. Clothes are cradled in a gently-moving stream of warm, dry air.
- Fabri-Dial Temperature Control—you select the best drying temperature for each load by simply dialing the fabric type you intend to dry.
- Sun-E-Day Lamp—gives clothes sunshine freshness and springtime sweetness without harmful sun-fading.
- 130-Minute Timer—offers extra time for special drying jobs like pillows, shag rugs, etc.

### Faculty Selects Junior Rotarians

Ten "Junior Rotarians" have been selected by the high school faculty to be the guest during the year of the Plymouth Rotary club.

Each month the Rotary will have one of the boys as its honored guest. At the end of the school year, the 10 boys present a program for the Rotarians.

The boys are selected by the faculty on the basis of their character and scholarship. The 10 are Ty Caplin, Bob Fulton, Jim Isbister, Jerry Kelly, Brian Kidston, Dean Palmer, Mike Reh, Dick Root, Ross Willet and Bob Willoughby.

### Hearing Delayed Of Pair Charged With Burglary

Municipal Judge Nardino Perlongo has allowed postponement of a preliminary hearing for William C. Kelly, 21, Detroit, and Will Ralph H. Smith, 30, River Rouge, who are charged with breaking and entering in the night-time.

The pair was arrested September 10 as they allegedly were attempting to break into Mackie Mercury, 402 North Mill street. Previously that night, they told police that they had broken into First Presbyterian church and the Roe Lumber company, 443 Amelia. They were reported to have taken \$17 from the church and 20 cents in pennies from the lumber company.

They were brought by Plymouth police from the county jail Monday night for the hearing, but they asked that the hearing be postponed until they secured an attorney. The wish was granted and they were returned to the county jail with a hearing date now set for next Monday.

### Craftsman's Guild Sponsors Assembly

E. George Perdix, field representative of the Fisher Body Craftsman's Guild, visited Plymouth High school Monday to announce plans for the 1953-54 model car competition of the Craftsman's Guild.

Enrollments are being taken for the competition in which \$90,000 in awards, including eight university scholarships, will be given to state, regional and national winners.

The 1954 competition, for the first time, offers young car designers the opportunity to build sports cars, convertibles, or station wagons as well as two or four-door sedans. Past competition limited entries to four-door sedans.

One assembly was held for seventh, eighth and ninth grade boys and another assembly for sophomores, juniors and seniors.

### Rebekah News

The regular meeting of the lodge will be held on Friday, September 25, at 8 p.m. Assembly warden Helen Hills from Ionia will be present. All officers of the lodge are urged to attend.

The quarterly birthday celebration will be held after the lodge meeting.

Several members attended the annual friendship night at Milan Rebekah lodge on Tuesday evening of the week. It was a very enjoyable evening.

The Soroptomist club will meet at the home of Miss Neva Lovewell at 8 p.m. on Wednesday evening, September 30.

By Les Wilson

Here are a few simple tips which may save wear and tear on both your equipment and disposition: Do not store film on top closet shelves or pack it around in the trunk or glove compartment of your car. These hot spots can result in spoilage as film takes favorably to cool, dry treatment. If, like some folks, you stash film, particularly color, in the refrigerator, allow it to reach room temperature to avoid condensation.

Unless your equipment is heavy, do use a neckstrap in the proper manner and do not attempt a casual air by swinging it carelessly from the shoulder. Do not get in the habit of letting your camera lie in the sun, lens up and uncovered.

Except when actually taking pictures do keep a lens cap on, particularly if the wind is kicking up dust. Do keep fingerprints, dust and moisture off the lens, but do use regular lens tissue for this purpose and not a handy shirt-tail, tie, or a passerby's angora sweater. Let's do hope these few small tips will avoid big disappointments.

And DO come to 821 West Ann Arbor Trail to avoid big disappointments also. We are convinced that, after one visit, whenever you think of taking pictures - movies or stills - you'll think of THE PHOTOGRAPHIC CENTER.

**FOOTBALL CAMERA FANS!** The football games will soon be underway, so get your equipment ready now for those exciting ACTION PICTURES... make us your headquarters for flash attachments and flashbulbs, film, and all your other photo supplies.

**The Photographic Center**

### Endorsements Of Hospital Fund Mount

More endorsements from civic, fraternal, and religious groups have been given to the St. Mary Hospital Building Fund Campaign, according to Sterling Eaton, Campaign Chairman, who has been receiving mail from the various organizations during the last few weeks.

Among those endorsing the campaign to raise funds for the construction of the proposed 120 bed general hospital are:

Plymouth V.F.W. Auxiliary; Plymouth Lions Club; Plymouth Girl Scout Council; Plymouth Michigan Branch of American Association of University Women; Veterans of Foreign Wars, Mayflower Post No. 6895; Church of the Nazarene and Our Lady of Good Counsel.

Mrs. Austin Stecker, Community Appeal Chairman, stated that recruiting of volunteer workers has begun, and that the response has been most encouraging. These volunteers will make telephone calls to the people of their communities in order to acquaint them with the plans of the campaign.

Various campaign committees are nearly ready to function. The Commerce and Industry committee will begin its active solicitation shortly, according to Patrick McGuire, of Plymouth, committee chairman.

Likewise, W. W. Hammond, Jr., M. D. of Plymouth, chairman of the Professional Committee, stated that his group will swing into action in the near future.

Other committees are meeting regularly, and as soon as they are ready, they too will begin their solicitation.

### Woman to Demonstrate Fab-Spray at S & W

Chuck Thompson, manager of S and W Hardware has announced that a demonstration of Fab-Spray will be given in the store at 875 West Ann Arbor road this Friday and Saturday. A representative of the company from Detroit will give the demonstrations from noon to 9 p.m.

Fab-Spray is a new product used for spraying new color on furniture and draperies.

### BIRTHS

Mr. and Mrs. Edward J. Martin of Five Mile road are announcing the arrival of a son, Stephen Edward born at Detroit Osteopathic hospital on September 16. Mrs. Martin is the former Norma Jean Rohde of Plymouth.

Marine Sergeant and Mrs. George Trinka of Irvin street announce the birth of a daughter, Catherine Adel born on September 18 at Beyer Memorial hospital, Ypsilanti. She weighed 8 pounds 5 ounces at birth. Mrs. Trinka is the former Elsie Mae Keeping.

Mr. and Mrs. Joseph Prentiss of 12332 Camden are receiving congratulations on the birth of a son, Robert James, weighing nine and one-half pounds and born at St. Joseph's hospital, Ann Arbor on September 11. Mrs. Prentiss is the former Marguerite Drews.

The Anna Smith circle of the Study club met at the home of Mrs. Anthony de Contreras of Irvin street on Wednesday, September 16. Mrs. Gerald Hosier was named treasurer to supply the vacancy left by the resignation of Mrs. Betty Mende. Plans were made for the ensuing year, after which a social hour was held and refreshments served.

### Apex Tire Opens Company Here

The opening of the Apex Tire company in the Forest Motor Sales building at 1094 South Main was announced by William Cherry, proprietor. The company is the local dealer for Fisk tires. Cherry added that a formal grand opening is slated for October 10.

Cherry operates two other outlets in Wayne and Monroe. Wayne residents, Kenneth Clarke

and Willard Thomas, will be the officers connected with the firm here.

Cherry is a resident of Detroit.

Members of St. Peter's Lutheran church will hear a book review entitled, "The Flood" by Reverend Edgar Hoenecke on Monday evening, September 28 at 7:30 p.m. in the church basement.

### Notice of Review of Special Assessment Roll

Notice is hereby given that on Monday, October 5, 1953 at 7:30 P.M. the following special assessment roll will be reviewed by the City Commission of the City of Plymouth in the Commission Chamber of the City Hall:

No. of Roll - 197  
Improvement - Simpson Street  
Water Main, Lincoln to S. Harvey Streets

At this review objections to said assessments will be heard. The assessment roll is on file in the office of the City Clerk for public examination.

Lamont C. BeGole  
City Clerk

### Aboard the Good Ship MAYFLOWER

Visited one of the Mayflower's sources of supply for eggs this week - the immaculate layout of gentleman-farmer Willis McCabe on Ann Arbor Road. No wonder those breakfast eggs in The Pilgrim Room are so tasty! Every hen scientifically fed exactly the right amount of the proper food to produce the perfect egg - no scraps - no forage - and no guess work! No barn yard style of raising chickens allowed out there. It's strictly a business of perfection operated with pride - and good results. (The Galley uses 300 dozen eggs per week!)

Allison Motors Expert Gene Ramey is accompanied by his very lovely wife this week. Now the crew of The Good Ship Mayflower knows why Gene is such a friendly person: he has to keep up with the "other half" of the partnership!

Arrivals this week: Dick Burrows, who sells Artemus slips and gowns. High-quality merchandise. And high quality guests. He's been welcomed aboard several times per year for many years. Home town. -Dowagiac.

The Wine shop not only offers fine wines and liqueurs, but has available The Standard Bartender's Guide to go with them. The Guide gives the know-how to the preparation and serving of over 900 different drinks. For 35c you can learn how to make a million dollar's worth of cocktails!

Best prognosticator in town is baseball fan Ernie Roe of The Mayflower. He insisted even when the Tigers were at the bottom of the standings that they wouldn't end there. NOW we agree with him, but he was alone in his forecast for many months.

Among the Mayflower's guests this summer were several racing enthusiasts. Their jargon includes the word "mudder". But we could show them some real "mudders" - the sixty-six fine gentlemen who played the Plymouth Golf Tournament last Saturday. In a down-pour that approached cloud-burst proportions not one of the entrants failed to qualify. So thoroughly warmed by the good sportsmanship were these golfers that not a single case of pneumonia developed!

HOSPITAL PATIENTS all won prizes at the fish pond at the Northville Hospital Fair. Taking charge of the concession are, left, Mrs. Albert Pint, and right, Mrs. Frank Burrows. The Plymouth women were among 10 local volunteers who assisted with the hospital's first event of this kind.

### Plymouth Volunteers Operate Booths At Northville Hospital Fair for Patients

With the help of the local volunteers, the first Northville State hospital patient fair on September 17 was enjoyed by 450 patients. It was a carnival-type project, complete from weight guessers to a hog-calling contest. The 14 booths which included all types of games of chance, skill and refreshments, were manned by 23 volunteers and 14 members of the hospital staff. All prizes and refreshments were complimentary and no money was involved.

Ten Plymouth women, who volunteer regularly at the hospital, operated three booths, for which they also furnished prizes. Mrs. Arnold Samuelson, Mrs. Albert Pint, both of Plymouth, and Mrs. Anton Dohmen of Detroit, operated one roulette booth. A second roulette game was run by Mrs. Byron Champion, Mrs. Earl Myers and Mrs. Paul Wiedman, all of Plymouth. Four more of the Plymouth volunteers managed the fish pond, at which every participant won a prize. They were Mrs. Ed Taylor, Mrs. Peter Miller, Mrs. William McAllister, and Mrs. Frank Burrows.

Except for hospital patients, the only visitors allowed were persons working in booths. The staff and volunteers alike expressed a feeling of satisfaction in taking part in the fair. The pleasure the patients received was obvious to all concerned and is of therapeutic value in the hospital program which is geared to include the community as a part of the clinical team.

The enthusiastic response to this recreational activity was most gratifying to Dr. Philip N. Brown, medical superintendent, who stated: "The fair was an outstanding success, due to the fine cooperation of the people in the community and the hospital personnel. Over 75 per cent of the patients attended, thanks to the nurses and psychiatric aides. Some of the ward personnel came on their day off to be sure that all patients who were physically able could attend, including some patients in wheel chairs. We hope this fair will become a hospital tradition and know the next one will be anticipated by all of the patients."

Also volunteering was Mrs. Lorraine Barbour, of Plymouth, who is a Northville State hospital gray lady. She operated a doll toss booth with Mrs. Iola Desarmieux of Farmington, who is another gray lady.

### Easyway to Hold Open House Event

Proprietor, Mabel Ammon has announced that the Easyway Appliance company of 34224 Plymouth road will hold an open house on Thursday, Friday and Saturday, September 24, 25, and 26 respectively.

Patrons visiting the store during the open house will be presented with tokens of appreciation.

The newly remodeled and redecorated company will have store demonstrators on hand to demonstrate the operation of

their nationally famous appliances.

## OBITUARIES

### Ethel M. Cutts

Funeral services were held Tuesday, September 22, from the Schrader Funeral home for Mrs. Ethel M. Cutts who passed away Saturday evening, September 19 at the Wayne County General hospital after an extended illness. Mrs. Cutts was 53 years of age.

Surviving are three sisters, Miss Maude Higgins and Mrs. Olive Harris of Toronto, Canada, and Mrs. Edith Bezley of Portland, Oregon; three brothers, James of Lindsay, Ontario; Harold of Regina, Saskatchewan and Ernest of Brockville, Ontario; other relatives and many friends. Her husband, Arthur Cutts, preceded her in death on August 4, 1953.

Mrs. Cutts has resided at 11101 Laurel, Livonia for the past 10 years. Prior to that time she made her home in Detroit.

Reverend Henry J. Walch officiated at the funeral service. Organ music was rendered by Mrs. Edna O'Conner. Interment was made in Riverside cemetery.

### Wendell Dernberger

Funeral services were held Wednesday, September 23 at 11 a.m. for Wendell J. Dernberger who resided at 11032 Blackburn avenue in Rosedale Gardens, Livonia. Mr. Dernberger passed away after an illness of one week at the age of 49.

Mr. Dernberger was associated with the Ford Motor company for the past eight years in material handling. Prior to that he was with the Fisher Body corporation for 20 years. He was considered an expert in his field and was the author of three books on material handling. He was writing the fourth at the time of his death. Several of his articles have appeared in national trade magazines. He was a national director of the American Material Handling society.

Surviving are his wife, Mrs. Erna Dernberger; four children Charles, James Jr., Carolea and George; his father, Fred Dernberger; two brothers, seven sisters, other relatives and many friends.

Reverend Woodrow Wooley officiated at the services which were held from the Schrader Funeral home, Plymouth. Hymns were sung by Mrs. Ralph Talcott accompanied at the organ by Mrs. Edna O'Conner. The pallbearers were M. Gussler, Cliff Barrows, Clare Bell, West Shea, Ed F. Dodge and Thorne Hensley. Interment was made in Mt. Hope cemetery, Lapeer.

### Charles W. Grainger

Charles W. Grainger, who resided at 308 North Mill street, passed away Sunday evening, September 20 in Sessions hospital, Northville, Michigan. He was 87 years of age.

Mr. Grainger has lived in Plymouth for the last 41 years. He came to the United States from Ontario, Canada in 1896 and lived in both Howell and Plymouth. During Mr. Grainger's residence in this community he was very active in the First Baptist church as long as his health would permit. He served as treasurer for 35 years and intermittently as a trustee. He was deeply interested in Plymouth Rock Masonic Lodge in which he was a Life Member.

Surviving are three daughters, Mrs. Florence Salisbury and Mrs. Gertrude Thorpe both of Plymouth, and Mrs. Fannie Eberlin of Wayne. Mrs. Grainger preceded Mr. Grainger in death in 1923.

Funeral services were held Wednesday, September 23 at 3 p.m. from the Schrader Funeral home. Reverend David L. Rieder officiated, and the services were under the auspices of Plymouth Rock Lodge No. 47 F & AM. Members of the Lodge acted as pallbearers. Hymns were rendered on the organ by Mrs. Edna O'Conner. Interment was made in Riverside cemetery.

All things I thought I knew; but now confess, The more I know I know, I know the less.—Owen.

## Wilson Describes Natural Beauty Of Alaska in Letter to His Family

The beauty and scenery of Alaska are graphically described by George W. Wilson in a letter to his parents, Mr. and Mrs. H. Wilfred Wilson of Beck road. Wilson has been in Alaska since early in July, and is a civilian employee at the Ladd Air Base near Fairbanks. He is planning to stay until spring.

In a recent letter he says, "Alaska has more natural beauty than anyplace I have ever seen or ever expect to see. From where I am sitting in the barracks I can see snow capped mountains looking almost like clouds in the distance, and the breeze coming through my window is clean and sweet with the smell of the pines and tundra."

"It's beginning to get quite cool now. The temperature fell to 36 degrees last night. The stores in Fairbanks are doing a big business in fur clothing."

"Alaska is full of surprises too. If you dig down two or three feet into the ground you strike frost, even in mid-summer. This is known as perma-frost. It's been frozen like this since prehistoric times. Dinosaurs have been found frozen below the perma-frost level in a state of perfect preservation."

"In large scale gold mining they have to pound pipes into the ground and force steam through them to melt the frost. Trees don't grow very large because their roots can't go below the frost level. All this doesn't mean that Alaska is always cold. It is very nice in the summer and people go without shirts and go swimming. During the summer months there is just about one hour of darkness and that is near midnight, but now the hours of darkness are longer and before too long there will only be an hour or two of daylight out of 24."

"The sunsets are getting more beautiful now. I don't know what causes it but the sky is streaked with red, blue, orange and purple. After that the northern lights take over. At times they look like a silvery rainbow and then like

rows of marching men and dancers.

"Whenever you talk to an Alaskan you have to be careful what you say for they are as sold on Alaska as Texans are on their state. The hardships they have endured have brought the people very close together."

### Livonia Health Guild Holds First Fall Meeting

Members of the Livonia Health Guild will meet at the Northville State hospital on October 8 for a luncheon and meeting. This will be the opening of the 1953-54 season.

Dr. Philip N. Brown, medical superintendent of the hospital, will be the principal speaker. He has chosen for his subject, "Psychiatric Sidelights."

Attendance is by ticket only, and reservations may be made by phoning Mrs. Lotman at Livonia 6623.

## SOCIAL NOTES

Mrs. Edna O'Conner of Palmer avenue spent Sunday with her mother, Mrs. Andrew Taylor in Irish Hills.

Classes began Monday for Peter Leemon, son of Mr. and Mrs. Roy Leemon of Ann Arbor road, who is a freshman this year at the University of Michigan. His residence is Strauss House.

Wanna Latture and Allen Bass spent last weekend with Mr. and Mrs. Arthur Kreger at Rice's Rustic Resort near Traverse City.

Mr. and Mrs. H. M. Good of Gary, Indiana, were weekend houseguests of Mr. and Mrs. John Maxwell of Joy road.

Mr. and Mrs. William Kirkpatrick, Sr. and Bill Jr. and daughter, Judy of Tulsa, Oklahoma have been visiting their parents, Mr. and Mrs. Russell Kirkpatrick of Auburn avenue and Mr. and Mrs. Arthur Blunk of Haggerty road. They also attended the Blunk - Ritzheimer wedding in Trenton, Illinois.

R. E. Schraufnagel of the U.S. Navy Recruiting Station, Washington, D.C. has been home over the past weekend visiting his parents, Mr. and Mrs. Schraufnagel of Cherry Hill road.

Mr. and Mrs. John VanAken and daughter, Carole of South Salem have just returned from an extended trip through the New England states. Upon their return home, they traveled through Canada to Montreal.

Mrs. Gladys McBride is confined to Oakwood hospital, Dearborn. Her room number is 479.

Mr. and Mrs. Harry Mayer and daughter, Sharon returned to Evanston, Illinois on Friday after spending 10 days visiting with the Charles Vickstroms in Plymouth and in Lynn Massachusetts.

Pink and white tapers lighted the home of Mr. and Mrs. Melvin Guthrie for the wedding rehearsal dinner for 30 guests on September 11 for Miss Marilyn Feltmose who the following day became the bride of Frederick Bird, son of Mr. and Mrs. Frederick Bird of Ann Arbor trail. The tables covered with pink and silver cloths were centered with pale pink and white flowers.

Mrs. A. K. Brocklehurst was hostess to the members of her bridge club Wednesday evening in her home on Wing street.

Mr. and Mrs. William Martin of Blunk street were dinner guests Sunday of their daughter and son-in-law, Mr. and Mrs. William Walton in Detroit.

Mr. and Mrs. H. G. Culver of Palmer avenue were Sunday afternoon callers at the Rix home in Novi.

Mr. and Mrs. Frank Pierce of Northville road had as their Tuesday evening dinner guests, Mr. and Mrs. Carl Hartwick of Northville road.

The employees of DUNNING'S and their husbands were the guests last Sunday of Margaret Dunning and her mother at their Base Lake cottage. Those present were Mr. and Mrs. Ezra Rotnour, Mr. and Mrs. Alfred Conery, Mr. and Mrs. Harvey Shaw, Mr. and Mrs. Vern Mackinder, Mr. and Mrs. Wayne Newsome, Mr. and Mrs. Jack Reamer, Mr. and Mrs. Howard Bowden and daughter, Betty, Mr. and Mrs. Roland Widmayer and son Dick, Mrs. Zella Collon and brother James Brackenbury, Mrs. Bessie Sallow, Mrs. Ethel Dodge, Mrs. Florence Clark, Mrs. Evelyn Fischer, and Irene Walldorf.

On September 6, Mr. and Mrs. George J. Gottschalk had as their dinner guests, Mr. and Mrs. Albert Groth and daughter, Mollie, their son Valbert Groth and family of Highland, Illinois, Mr. and Mrs. Robert Gottschalk and George Gottschalk, Jr., of Plymouth, Corporal Donald F. Gottschalk of Edenton, North Carolina and Gerald King of Milford. The occasion was their thirty second wedding anniversary.

Marilyn Walsh, daughter of Mr. and Mrs. Frank J. Walsh of 890 South Main street is beginning her junior year at Mercy College, Detroit.

Miss Jeannie Bedwell of Liberty street is in Jonesboro, Arkansas where she has enrolled in Arkansas State college for her freshman year.

Mr. and Mrs. John Tibbatts were hosts at a rehearsal dinner on Friday evening of last week to 29 members of the Davis-Tibbatts wedding party.

Mrs. James Moore of 433 Evergreen street is confined to Beyer Memorial hospital in Ypsilanti.

Mr. and Mrs. Martin Kreger have returned from a recent vacation trip to Florida where they visited the Cypress Gardens, Silver Springs, Miami and a week in Daytona Beach. Enroute home they stopped at Lookout Mountain and Chattanooga, Tennessee.

Mr. and Mrs. Richard Neale were hosts at a dinner party Wednesday evening honoring Mr. and Mrs. William Bennett who are visiting here from their home in St. Petersburg, Florida.

Mrs. John C. Wieck who has been spending the past three weeks in Portsmouth, Virginia, returned to Plymouth on Thursday and will enter Michigan State college for her senior year.

Mr. and Mrs. Carl Hartwick of Northville road were Wednesday evening dinner guests of Mr. and Mrs. Jack Gage of Clemons drive.

Mrs. Eleanor Micol is confined to Aitchison hospital in Northville.

### Square Dance Classes to Begin

A class for beginners who want to learn the techniques of square dancing will be sponsored again this year by the Plymouth Recreation department as one of the adult education courses. The class is open to Plymouth and Northville residents who are interested in square and old time folk dances. Classes will be held in the Bird school gymnasium, starting Thursday, October 1, from 8 to 11 p.m.

Mr. and Mrs. Robert Carson, instructors of the class, spent part of the summer in the east and at Interlochen, attending square dance workshops.

Classes will meet on alternate Thursdays, excluding the holiday season.

It was also announced that the Plymouth Square Dance club will hold its first dance of the season tonight at the Plymouth High school from 8 to 11 p.m. Coffee will be served at intermission, but members are requested to bring their own cups.

### MOMS NEWS

Monday evening September 28, 1953 the MOMS of America Inc. will have a pot luck supper at 6:30 at the Memorial Home on Main street with a social evening to follow.

Each member is urged to be there and bring an old member that has not been active for sometime or a prospective new member. Come on girls let's all do our best, lets back our new president with some new members.

### Local Woman Wins Ribbons in Dahlia Shows

Multiple winner in recent dahlia shows is Mrs. C. R. Lucas of 8166 West Five Mile road. Mrs. Lucas received five ribbons in a Battle Creek show, and a blue ribbon and gold medal in the Southeastern Dahlia society competition.

Mrs. Lucas raises over 150 varieties of dahlias. She received honor ribbons on half of all her entries this year.

### Experiment Shows Worm Fishing Causes Greater Mortality of Trout

Here is a bit of bad news for the angling fraternity that feels worm-fishing is the best way to angle for trout.

It is also good news for the fly-fishing clan, which will now have some actual experimental evidence to throw around in their eternal rivalry with the worm fishermen.

Fisheries workers report that hooks used in worm fishing cause significantly greater death and injury to trout than do the hooks used in fly fishing.

This was the conclusion of Drs. L. N. Allison and David S. Shetter, who conducted a series of experiments during the last three years on a number of northern lower peninsula streams and at the Hunt Creek fisheries experiment station.

The two specialists, from the

department's institute for fisheries research at Ann Arbor, presented their findings this week in a technical paper before the annual meeting of the American Fisheries Society in Milwaukee, Wisconsin.

In three experiments involving brook trout, fly hookings in each case caused death to less than four per cent of all hooked fish, while three similar worm-fishing tests showed an average of more than 37 per cent mortality. More than 700 brook trout were hooked by each of the two types of lures.

Similar experiments on brown trout showed no deaths among 69 fly-hooked fish while about 20 per cent of a nearly equal number of browns taken on worms died a short time later.

With rainbows, the case was about the same; 11 per cent of fly-hooked fish died as against 35 per cent of those taken on worms.

Trout flies generally contain the tiny No. 12 and 14 hooks, while worm fishermen generally use the larger No. 2, 4, 6 and 8 hooks. Of all hooks used, the medium-sized No. 8 showed to be most physically damaging to fish.

"The mortality from worm hooking," states a report of the experiments, "could be a factor in keeping trout populations at minimal levels."

A somewhat similar experiment was made in 1929, although the tests made at that time were somewhat less conclusive than those carried out by the institute workers.

### American Legion Receives National Honors for State

The American Legion in Michigan is richer by three national citations awarded at the recent national American Legion convention in St. Louis, Missouri. One of the bases for the award was the recording of more than 6,000 voice tape-messages between servicemen overseas and their families in Michigan. One of these went to Howard "Bud" Middlewood of Livonia, Michigan.

The message came to him from his mother, Mrs. Grace Middlewood, on Mother's Day. Middlewood had been wounded in Korea. The message exchange between mother and son was placed in the Time Capsule, a weekly recording of typical American events which are hermetically sealed in a New York city vault for posterity, not to be opened until 100 years from now. The tape-recording was part of the Legion's troop morale-building program, "Home to town U.S.A.," for which the national honors were presented. During the early part of 1953, 532 Legion posts combined activities to record the messages.

Others awards were given the Department of Michigan for public relations activities and for the Michigan Legionnaire, the Legion's state paper.

### Anderson Receives Honors in Ham Curing

Ham curing honors went to Harold H. Anderson of Lorandson's Locker service in the National Frozen Food Locker convention held in Chicago last week. Anderson placed second with his cured ham in a field of 105 entries. He had previously received first place honors in the state competition.

The ham was exhibited at the Chicago convention by his wife, since Anderson was unable to attend. This was the first year he had entered the national contest.

### Grange Gleanings

Those members who did not attend "Booster Night" missed a lot of fun. Everybody had a good time.

There was a nice crowd but not as many as should have been. Why?

The picture that was shown was a very good picture of life on a real Western cattle ranch.

Mr. and Mrs. Carson took charge of the dancing and everyone enjoyed themselves immensely.

Our next meeting is an important one. It is the election of Officers for the next year so come and vote as a good loyal member ought to.

But if you don't come, then don't crab about the election if it does not suit you.

Mr. and Mrs. E. Vealey were luncheon guests on Monday of the Maynard Posts of New Hudson.

A meeting was held in the hall on Tuesday evening to discuss plans for the Grange Bazaar which will be held sometime in October.

A bachelor is a man who enjoys life, liberty and the happiness of pursuit.

It is getting so that about the only thing a girl could possibly do to shock her mother would be to do something sensible.

### Republicans Hold Meets to Discuss State-wide Issues

To better acquaint Republican women with the issues within the state, the Republican State Central committee is presenting a series of study meetings at the Veterans Memorial building in Detroit.

The first of the series was presented this week by the women of the 17th congressional district, which includes Plymouth. A state congressman will discuss a subject pertinent to state problems at each meeting. Senator Creighton Coleman of Battle Creek appeared at last Monday's discussion on hospitals.

Scheduled to speak at the next five meetings are: September 28, Senator Haskell Nichols of Jackson, Toll roads and highways; October 5, Senator Edward Hutchinson, Fennville, Unemployment compensation; October 12, Senator Carleton Morris, Kalamazoo, Taxation; October 19, Representative Rollo G. Conlin, Tipton, Education; and October 26, Representative Wade VanValkenburg, speaker of the House, Prisons.

Meetings begin at 10:30 a.m. and adjourn at 12:30. A question and discussion time is included.

### Farmington Hosts Annual Meeting Of Universalists

Universalists from Plymouth and from all parts of the state and nation will gather in Farmington, on October 2 through October 4, to pay tribute to one of the denomination's all time greats, Dr. Frank D. Adams. The occasion, that of Dr. Adams' retirement after more than 50 years in the ministry, coincides with two other events; the annual state convention of Universalists and the celebration by the Farmington church, of which he is pastor, of its one hundredth anniversary.

Dr. Adams has held Michigan pastorates in Detroit and Lansing and is widely known for having been long time president of the state convention. He served two years as president of the national convention, and was a trustee for 21 years. He has also held pastorates in Avon, Urbana, Elgin and Oak Park, Illinois, as well as in Spokane and Indianapolis.

The high point of the state con-

vention will be the banquet on October 3, at which the principal speaker will be Dr. Stanley Manning of Galesburg, Illinois, classmate and lifelong friend of Dr. Adams. Other distinguished speakers at the convention will be Miss Alice M. Harrison, director of young peoples' activities of

the Universalist church of America, and Dr. Emerson Hugh Lalone, editor of the "Universalist Leader."

The convention will close with the Sunday service on October 4, following which Dr. Adams will become Pastor Emeritus of the Farmington church.

# SOCIAL NOTES

Mr. and Mrs. Austin Whipple were hosts to 24 guests at a rehearsal dinner on Friday evening preceding the Whipple-Larsen wedding on Saturday. Pink garden roses and pink tapers enhanced the lovely buffet table and individual tables of the Whipple home on Penniman avenue.

Mr. and Mrs. C. W. Goyer of Church street were hosts at dinner on Friday evening honoring Mrs. Goyer's daughter, Mrs. Elmore Carney on her birthday.

Mr. and Mrs. Gordon Robinson and daughter, Eloise of Detroit were Sunday guests of Mr. and Mrs. Willis Hester of Starkweather avenue.

Dillard Southerland and Mable Hester of Starkweather avenue were Saturday evening guests of Mr. and Mrs. Buford Conn of Northville road.

Mrs. Henry Mende of Newburg road entertained 25 guests at a miscellaneous shower on Friday evening honoring her sister, Miss Ilene Reinhart of Farmington who will become the bride of Richard Gallinot on October 3 at Outer Drive Faith Lutheran church.

Mr. and Mrs. Thomas J. Moss of West Ann Arbor trail have as their houseguests, their son and daughter-in-law, Mr. and Mrs. William Bennett and two sons, Robin and Billy of St. Petersburg, Florida.

Mr. and Mrs. Henry Baker of Six Mile road will be hosts at dinner Thursday evening to Mr. and Mrs. Thomas Moss and their houseguests, Mr. and Mrs. William Bennett and family of Florida.

Mrs. John Nagy, Mrs. Maxwell Allen, Mrs. G. F. Wright, Mrs. John Parker and Mrs. Russell Magrew attended the officers training school for Wayne County Extension groups at Northville on Friday, September 18. Mrs. Emma DuBord led the discussion.

Sergeant Richard Farwell who has been stationed in the Panama Canal zone for the past year is spending a 15 day furlough with his parents, Mr. and Mrs. George Farwell of Adams street before going to Ft. Sheridan for reassignment.

Miss Madeline Davidson of Shearer drive entered Sessions hospital, Northville on September 16 and is coming along very nicely following surgery.

Mrs. William Farley of Adams street had as her weekend houseguest, Mrs. George Schaffer of Newburg.

Mrs. Roderick Cassidy received a phone call on Monday from her husband saying he had landed back in the United States after serving overseas for over a year. He will be home for a furlough before too long.

Miss Florence Gabelman and Mrs. Merle Benjamin are vacationing in the Wisconsin Dells.

Guests at a family gathering last Sunday of Mr. and Mrs. Thomas J. Moss at their home on West Ann Arbor trail were their son, William Bennett and family of St. Petersburg, Florida; their daughters, Mrs. Merrill Walker and family of Owosso and Mrs. John Steffens and two sons of Grosse Pointe.

Mr. and Mrs. Lawrence Blunk and family who have resided on Evergreen street for several years were pleasantly surprised last Saturday evening when 24 of their friends from Plymouth appeared at their new home in Ann Arbor to give them a housewarming.

Attending a Rexall meeting and dinner Monday evening at Fischer's in Frankenmuth were Mr. and Mrs. Robert Beyer, Mrs. Maurice Garchow, Miss Geraldine Minehart, Miss Peggy Wingard, Edna Fry, Lucille Williams and Russell Merithew.

Mrs. Maurice Garchow and son, Richard spent last Saturday in Detroit.

Mary Anne McKenzie, daughter of Mr. and Mrs. Thomas McKenzie of Hammill street, had a party last Wednesday in celebration of her sixth birthday. Helping her celebrate were Mary Jo Hughes, Karen Davids, Lois McGough, Jimmy Wefsenmoe, Barbara Clickner, Diana O'Neill, Rose Ann Ryder, Chearis and Michael March.

## Fisher Body Gives High School Assembly

Students from the seventh through the 12th grades of Plymouth High school attended an assembly this week sponsored by the Fisher Body Craftsman's Guild which is designed to give an opportunity to boys to win college scholarships.

One assembly was held for boys of the seventh, eighth and ninth grades and another assembly for the sophomores, juniors and seniors. The motion picture, chalk talk and discussion shows boys how to enter into a model car competition. Eight college scholarships are given each year by Fisher Body to boys offering the best designed model cars.

Miss Marion Fisher of Plymouth, Barbara Folson, Shirley Schockow and Kathy Howard of Ann Arbor spent the weekend in Chicago, Illinois.

Mr. and Mrs. C. C. Woolgar returned last week from Toronto, Canada, where they visited their son, Stanley and attended the Canadian National Exhibition.

THE PLYMOUTH MAIL Thursday, September 24, 1953  
Monday evening dinner guests of Mr. and Mrs. George Farwell of Adams street and their two sons, William and Dick were Mr. and Mrs. Edward Dobbs of Penniman avenue.

**Traffic Expert Arthur W Knoske Dies in Detroit**

Arthur W. Knoske, who in 1927 worked on the first traffic survey Detroit ever made, will be buried Friday afternoon following funeral services at Mt. Zion Evangelical Lutheran church at Six Mile and Gratiot. Knoske died Sunday while visiting a daughter in Ohio.

Mr. Knoske, 55 years old, a native Detroit, lived at 14463 Coram. He worked for 20 years in the Detroit Police Department, assigned to the Traffic Engineering Bureau as supervisor of field studies.

Since 1945 he has been a traffic engineer for Automobile Club of Michigan. Knoske has supervised traffic engineering surveys and studies in hundreds of Michigan cities for Auto Club. His most recent survey was presented last month in Plymouth. Knoske organized the Hamtramck Safety and Traffic Committee.

He was a member of the Institute of Traffic Engineers, Friendship Masonic Lodge, Detroit Turners club and the Detroit safety and traffic committee. Knoske attended Detroit public schools, graduated from University of Detroit and attended University of Michigan Transportation and Traffic Engineering school.

Knoske is survived by his wife, Helen, sons Robert and William of Detroit and a daughter, Barbara in Lorain, Ohio. The body will be at Schultz Funeral home, 11930 Wilfred, Tuesday through Thursday and at the church Friday.

★ ★ ★ ★ ★  
**WITH PLYMOUTHITES IN THE SERVICE**  
★ ★ ★ ★ ★

**Richard S. Rucinski**  
Private Richard S. Rucinski has just finished his basic training in the medical corps at Camp Pickett, Virginia. He has reported to Camp Kilmer, New Jersey for assignment in Germany.

Rucinski is the son of Mr. and Mrs. Stephen Rucinski of 6405 Newburg road. He was graduated from Plymouth High school in 1951, and has served with the Army since April.

He just completed a 14-day leave here.

**Fredrick Kessler**  
Marine Corporal Fredrick Kessler, of Plymouth, is serving with the "Devilcats" squadron of Marine Aircraft Group 12 at an air base of the First Marine Aircraft Wing in Korea.

A radio repairman, Corporal Kessler is responsible for the care and maintenance of the air to ground radios in the "Corsairs" used by the squadron.

A graduate of Ypsilanti High school, Corporal Kessler joined the Marine Corps in September, 1951. Before going overseas in January, 1953, he was stationed at the El Toro Marine Corps Air Station, Santa Ana, California.

He is the son of Mrs. Ertman W. Kessler of 50325 Cherry Hill road, Plymouth.

**Walter B. Rensel**  
Private Walter B. Rensel has arrived at Fort Dix, New Jersey and has been assigned to Company M 60th Infantry regiment of the 9th Infantry division for 16 weeks of basic training. His parents are Mr. and Mrs. Walter B. Rensel, Sr. of 987 Dewey street, Plymouth.

Prior to entering the service, Private Rensel attended Plymouth High school and Michigan State college.

During his training period he will receive instruction in general military subjects, infantry weapons and tactics as well as a character guidance program which is under the supervision of the post chaplain. Upon completion of his basic training he will be eligible for consideration to receive additional instruction in a leadership course and may submit application to attend Officers Candidate school.

**William Osgood**  
William W. Osgood YN3, son of Mr. and Mrs. W. J. Osgood of Penniman avenue, is stationed with the NATO Task Forces aboard the destroyer Harry F. Bauer, which is on maneuvers in the North Atlantic.

The ship will call at Portsmouth, England, Copenhagen, Denmark and Lisbon, Portugal, before returning to the base.

William graduated from Plymouth High school.

**THE Friendly DRUG STORE**

That "friendly feeling" is something you can hardly put in words. Yet it is apparent to all who make their fine pharmacy their headquarters for drugs and sundries. We hope you'll drop in often. And do make it a point to bring us your Doctor's next prescription for professional compounding!

Here you will find that high ethical standards do not involve high prices. Actually, it costs no more to have us compound your prescriptions.

**Biggest TRADE-IN ALLOWANCE here!**

*A message to every prospective new car buyer:*

**You can have the most popular automatic transmission to be found in any low-priced car**

**Chevrolet's Famous 1953 Powerglide!\***

**Much fleetier, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!**

**Much More Economical**  
Chevrolet's 1953 Powerglide Automatic Transmission—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you *entirely new operating economy* in city driving and on long trips.

**Far Livelier Getaway**  
Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to legal traffic speed in *seconds*.

**Important New Gas Savings**  
You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a more efficient use of engine power, make it extremely thrifty.

**Great New Passing Ability**  
The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

**Smoother No-Shift Driving at Lowest Cost**  
Driving is almost incredibly easy, changes of speed almost unbelievably smooth . . . for this transmission gives simplest, smoothest, no-shift driving at lowest cost.

**Safe Eyes-on-the-Road Driving**  
Safety is served in many ways. And one of the most important, perhaps, is that Powerglide permits you to *concentrate* on driving. You can keep your hands always on the steering wheel and your eyes always on the road.

**Full Engine Braking-Power on Hills**  
Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

**Rock Out of Trouble!**  
Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. "LOW" and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

**Push-Proof Parking**  
Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

**Time-Proved, Owner-Proved Dependability**  
Come in. Drive a Chevrolet with this finer, more popular automatic transmission. *Test it and you'll want it.* It's time-proved, and road-proved by hundreds of thousands of owners, in over a billion miles of driving.

**MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!**

**CHEVROLET**

**ERNEST J. ALLISON**  
345 N. Main Plymouth Phone 87

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

## University Group Discusses Plans at Meeting

The American Association of University Women held the first meeting of the fall on September 17 at the Veterans' Memorial building.

After the business meeting, study group chairmen stimulated interest in each study division by reviewing plans for the coming

year, and welcomed new members to their groups. These groups meet between regular meetings for study. Chairmen detailing their prospective programs were: Mrs. John Barnes - legislative studies, Mrs. Leon Scharmen - education, Mrs. F. R. Beals - international relations, Mrs. War-

ren Worth-social studies, Mrs. Austin Whipple-status of women, Mrs. C. C. Wiltse-fellowship program.

The legislative group will hold an open meeting Thursday, September 24 in the evening with Mrs. Barnes on Robinwood drive. Miss Marie Hickey will review the present immigration policy.

The Plymouth Branch of AAUW gave their unanimous approval to be represented by a member on the organizational committee for the proposed St. Mary hospital.

The executive board, hostesses for the evening, served punch and cookies from a lovely table decorated with asters.

## Self-Feeding Silo Built by Schultz

The advantages of an above ground self-feeding trench silo are currently being demonstrated by Roy Schultz of 7854 Lilley road. Schultz believes that his is the first trench silo of this particular type in the area, and says it has aroused considerable interest among local farmers.

The silo differs from the regulation trench silo in that it is above ground and has a cement bottom and solid side walls. With

the silage dumped in the trench the cows eat right from the silo itself. A gate moves in as the cows eat from one end.

The main advantages of the new type silo are in cost and the fact that it is self-feeding. Where an upright silo will cost a farmer about \$1,000, Schultz said this type of trench silo runs about \$75. He added that he would be glad to show the silo to any interested persons.

## South Lyon Cow Gives 20 Quarts Of Milk Daily

Brattleboro, Vermont. With 14,327 pounds of milk and 478 pounds of butterfat to her credit, Worden Fancy Starlight Posch, a registered Holstein-Friesian cow owned by De' Forest B. Thompson, South Lyon, Michigan, has completed a 324-day pro-

duction test in official Herd Improvement Registry.

She was milked two times daily, and was six years eight months of age when she began her testing period.

Her record averages approximately 20 quarts of milk daily for the period covered by her test.

Testing was supervised by Michigan State college, in cooperation with The Holstein-Friesian Association of America.

# Warn Children Never to Play With Explosives

Plymouth adults as well as children should be reminded that dynamite, gun powder, shells, firearms, fireworks, hand grenades and World War souvenirs are not toys.

It is the responsibility of adults, however, to see that the above mentioned items are out of sight and reach of children. There is no place in the home safe for these items when children are around.

Children should be instructed by their parents to respect and stay away from all types of explosives wherever they may be.

Only recently two boys from Grayling, Michigan, were killed while playing with artillery shells.

It is difficult today to find a newspaper in which some boy or girl has not been blinded, injured for life, disfigured or killed by some form of explosive. Most of

these accidents could have been prevented if the parents had taken a few minutes to explain the danger.

Playing with any form of explosives can also lead to serious fires, in which persons are burned to death.

Instruct your children to stay away from explosives and explain to them what has happened in the past and what could happen.

# Evergreens Need Winter Protection

Protect your evergreens now so they won't die next spring or summer. That is the advice of Lester E. Bell, extension forester at Michigan State college.

He says it is important to do the protection job before the ground freezes. That means watering the plants until freezing weather and applying a good

mulch of leaves, straw or peat moss to hold the moisture and prevent deep freezing. For exposed sites, Bell suggests putting up some kind of wind screen—especially important for newly planted stock.

The more we study, the more we discover our ignorance.—Shelley.

In vain sedate reflections we would make. When half our knowledge we must snatch, not take.—Pope.

# Hi-12 Club Votes to Hold Meetings at Arbor-Lill

Decision to change their meeting place from the Mayflower hotel to Arbor-Lill was made by the Hi-12 club at their September 16 meeting, announced president Harry Brooks. The change became effective this Wednesday.

Brooks stated that the club is considering plans for a Ladies' Night to be held on October 7. Guest for the event will be Bob Hall, the jolly jester for the Pfeiffer Brewing company.

# State Develops New Indigo Dyes

Six different synthetic indigo dyes, resistant to sunlight and of varying degrees of water repellency, have been developed at Michigan State college's Engineering Experiment Station.

Some of the dyes are capable of serving as pigments in oil-based paints, and others in water-based paints were developed by Dr. C. C. DeWitt, station director, and associate professor H. A. Price.

Potential uses of the new dyes include coloring of various cloths as well as materials and surfaces colored with oil or water-based paints.

# SPORTS

## Fumbles and Mental Lapses Provide Northville With Win Over Rocks 21-0

A befuddled Plymouth Rock football team went down to defeat before a rugged Northville eleven last Friday evening by a 21 to 0 score. The local boys were out-charged, out-tackled and out-fought during the last three quarters in as zany a game as local fans have witnessed for a long time. The score could have easily been even larger if penalties had not counteracted another touchdown.

The contest, played before a capacity crowd on the Northville field, was fairly even until midway through the second quarter when Northville capitalized on a break to score the first touchdown and break the game wide open. The second touchdown came with less than 30 seconds remaining in the first half.

The tussle began like any ordinary football game with Plymouth kicking off to Northville. After the latter had picked up a first down, they were forced to punt to the Rocks. Lee Juve smashed for 3 yards, and again for 5, and then Captain Jerry Kelly made the first down, but the Rocks were forced to punt on the next series of downs. Play neared back and forth with neither team being able to stage a sustained drive during the first quarter which ended 0 to 0.

Shortly after the teams had exchanged sides after the second quarter began Plymouth got the ball when Northville fumbled on their own 34 yard line. With Luker, Kelly and Juve lugging the ball, the Rocks tumbled to a first down on the Northville 22 yard line. Then Juve reeled off 4 yards to place the ball on the 18 yard line—here the heart-breaking play occurred that resulted in the first Northville touchdown. The ball was snapped to a back who fumbled, tried to pick it up with three Mustangs on top of him, missed it, and one of the Mustangs grabbed it and ran unopposed 22 yards for the six points. Karl Hoffmann, an exchange student from Germany, then calmly booted the ball be-

tween the uprights for the extra point.

The second touchdown came when Plymouth was unable to stop the Mustangs short pass attack which carried them down the field to the 20 yard line where a series of rushes carried them across the Rock goal with less than 30 seconds to play. Hoffman kicked the extra point again. The kickoff to Plymouth was fumbled, and a Northville player ran across the goal with the loose ball, but it was called back because Plymouth had not had possession of the ball. Northville was awarded the ball on the 23 yard line of Plymouth—Hoffmann fired a field goal with a few seconds remaining, but it was off its mark a few inches. The half ended 14 to 0 in favor of Northville.

The remainder of the game was much like the play after Northville had scored in the second quarter with fumbles marring the locals chances of scoring. Near the end of the game the locals made four first downs in the best offense of the night, but it was too late at that time. Northville counted again in the third quarter when Kelly passed into the arms of a Northville man who rambled 75 yards to score but a Mustang player was detected clipping and the score was nullified. Their last touchdown was counted in the fourth quarter after they had recovered one of the numerous Rock fumbles on the 25 yard line. A few line smashes carried it over. Hoffman kicked all three extra points.

The Rocks outgamed the Mustangs on the ground 131 yards to 103, but the winners had 67 yards through the air to none for Plymouth. Northville completed 6 out of 11 passes, while Plymouth completed none out of 9 tries and had 4 intercepted. The Rocks had 8 first downs all on rushing, while Northville had 11 first downs, 7 on rushing, 3 on passes and one on a penalty. Plymouth fumbled 6 times, all of which were recovered by an alert Northville defense.

Captain Kelly gained 52 net yards in 9 tries, Juve made 28 in 8 carries, Luker 14 net in 7 tries Davidson 20 in 5 carries, Gobiell 6 in 4 attempts and Day 8 in 2 tries.

Bill Petro punted for an average of 30 yards with one being partially blocked and one going out-of-bounds after a short advance.

Coach Ketterer says that many changes will be made in the offense and defense before the game with Trenton tomorrow night. The play of Gary Gothard was outstanding throughout the game as he was making tackles all over the field.

The team looked unimpressive the other night, but is much better than that dismal showing, and should improve a lot in the next few games. Most of the mistakes, both mental and physical were the result of inexperienced

## Swimming Pool Evening Hours Set Up for Year

The high school swimming pool schedule as released by the Recreation Department finds something of interest each night in the week for teen-agers and adults. John McFall, in charge of the pool again this year, states that it is the desire of the athletic and recreational departments that as many persons as possible make use of the pool this year.

During the day the pool is used constantly by swimming classes during the gym period. At night the pool is available to all who care to participate in this wonderful form of recreation and exercise.

On Monday night from 7:30 to 9 family night will be observed. Tuesday from 7:30 to 9 will find the pool being occupied by the women. Wednesday during the same hours is father and son night. An adult swim for both men and women is scheduled for Thursday night. Saturday night will be reserved for teen-agers.

Last year many swimmers, and waders, in this area took advantage of the splendid pool, but many more could have done so. Some nights only a few showed up—this means that a handful is holding up the pool from full use as many teenagers would be in the pool every night if they could be.

## Annual Football Conference Well Attended at PHS

The second annual conference of football players, their parents, and coaches was held last Thursday evening in the high school auditorium. This get-together, started last fall by the athletic department, is meant to bring a closer relationship involving policy to all parties regarded. This year the conference was attended by over 150 interested persons.

Head football coach Charles Ketterer opened the meeting by introducing the coaches to the parents, and made a few introductory remarks concerning the purpose of football in the total school program, the philosophy used in the football program, and the team policies.

Athletic director and assistant football coach John Sandmann then discussed the athletic insurance. He also explained the controversial eligibility rule that has been carried in leading news articles the past week, and which the Legislature has taken up recently, namely, that a player cannot accept anything as a gift with a value of more than \$3.

Frosh coach and trainer, John McFall, told about the care of injuries and personal cleanliness. Roy Leemon, a parent of a former player, gave a parent's viewpoint of this meeting and the value of football to a lad.

Last year's captain, Ron Nyhus, then concluded the meeting with the viewpoint of a former player. Many parents were heard to comment on the way from the meeting that such a conference was certainly worthwhile and that it created a far better understanding of the entire football picture.

players trying to fill the shoes of last year's championship boys. Trenton comes here tomorrow night for a game beginning at 8 o'clock.

## Sports Glances

by "Professor" Edgar Brown

The football team took a beating over at Northville Friday night—there was no question about it the better team won that game. Plymouth probably made more mistakes in that one game than they made all last year—fumbles, faulty thinking, poor judgement plus being out-charged, out-tackled and out-fought were the main things that caused the loss.

A green team is bound to make plenty of mistakes, and perhaps this team made most of them in this game, and will do an "about-face" in future games. These boys are an inexperienced outfit and it will take time to make them into a smooth-working team.

High school teams come in cycles—it takes a few seasons to develop a championship team, and when that team graduates as our championship team did last year, a new team has to be built up. If there were enough boys out to field a reserve team composed of mostly sophomores, a team could remain more or less good each year, but this year so few lads turned out that a reserve team could not be fielded.

Whether a team wins or loses isn't the only thing providing each player gives everything he has to achieve success. If he has done that he has gained much from football, or any other sport, by acquiring the many good qualities a sport develops in a boy.

Remember Jerry Vettese, the star guard and extra-point specialist on the Rock team last year? Well, Jerry is out for football at Wayne University and is currently on the second team, and is also second behind Lidabeth, the veteran quarterback, in the extra-point department. He is doing very good for a freshman playing with the varsity.

Some of you may have been wondering how Auto Club, the Inter-County baseball winner, made out in the state tourney. Auto Club went to the finals before bowing to Kalamazoo in the finals. Each team had won one game from the other when Kalamazoo took the crucial contest to go on to the national tournament. The latter team played in the finals last week against Battle Creek.

A new feature has been added to this page. The "Sporting News" a sports newspaper is sending us weekly sports shorts on the national level. Many worthwhile articles of interest to sports fans in this area will be printed in the new column. We have tried hard to make this sports page one of the best of any weekly in Michigan by giving you full coverage of sports in this area—this sporting news column is just another way in which we are trying to please you, the readers.

The popular family swim night at the high school will be available again this year. All families who enjoy swimming should take advantage of the splendid opportunity to take a dip in the wonderful pool at the high school.

This is just one of the many activities a family can participate in as a group to promote a closer association.

Family night is on Monday from 7:30 to 9 p.m.

The Tigers are now in sixth place and can cinch that spot with a few more wins. As a team they are second to New York in batting this year, and their fielding hasn't been too bad, but the pitching has been on a sour note all season. To be a contender next year, they will have to come up with some hurlers from somewhere—very few of the Tiger churkers have gone the full route this year. Young Harvey Kuenn got his 200th hit the other day—something only a very few first year men have done before, and most of the few who did went on to real stardom. He seems headed for that as he is a sure and spectacular fielder and a steady hitter—very good for a boy just out of the University of Wisconsin last year.

Cross-country seems to be following football as far as candidates are concerned—this must be one of those seasons where few boys have the inclination to participate in sports. Coach Konrad Moiso has 12 men out for the hill and dale squad and that is not enough. It takes five men to make up a team to compete in dual state meets. In most years 20 or more have turned out for the first practices. Plymouth has always had a good cross-country team, and Coach Moiso probably will have another one this year, but it is too bad that more boys don't turn out for these athletic teams—one thing is certain, a boy never knows what he can do until he tries it out.

Michigan State finally has become a full-fledged member of the Big-Ten Conference. It took them five years to compete in everything, but with their first season as a competitor in football they will make themselves known. On paper they look as

THE 1953 PLYMOUTH HIGH SCHOOL FOOTBALL TEAM shown above will open the home season tomorrow night when they engage the Trenton Trojans under the lights on the high school athletic field. The 32 boys out for football, their coaches, and managers are as follows: Top row, l. to r. Athletic Director and assistant coach John Sandmann, B. Campbell, L. Juve, Captain J. Kelly, G. Gothard, J. Agnew, J. Signorelli, R. Raven, T. Fergu-

son, D. Nyhus, D. Wilkin, D. Lea, Assistant Coach Bill Harding, and Head Coach Charles Ketterer. Center row, l. to r. Team manager A. Worth, P. Cummings, M. Reh, D. Day, R. Spigarelli, J. Hubbell, T. West, D. Luker, D. Davidson, J. Corwin, C. Houk, W. Petro, Team manager J. Wick. Bottom row, l. to r. R. Gobiell, J. Carter, C. McKenna, J. Arnold, J. Pardy, L. Mills, R. Mason, H. Walaskay, K. Pelchat and G. Pine.

## Touch Football Begins in Grade League October 1

The grade school touch football league will get underway next Thursday when five teams will begin play for the mythical grade school championship. The five outfits and their coaches are as follows: Starkweather school with Bill Foster as coach; Bird school with Earl Lucas as head man; Smith school has two adults looking after the team as Phil Barnes and Jim Rutherford are donating their time to the boys; Our Lady of Good Counsel school has Mike Spitz back as coach; and the new grade school, Allen, will have Earl Gibson as coach. These men give their time freely to advise and train these lads in the fundamentals of the game.

The first round will find Bird going against Good Counsel on the practice field behind the high school. All games begin at 4 o'clock and will be played on Mondays and Thursdays. Next Monday Smith will meet Starkweather. Only one game a night will be played. Don Denison, a new teacher in the public schools, will be supervisor and referee of these games, and he will be assisted by Bob Danol.

A team shall consist of 11 players, or less, by mutual agreement. The game will be 32 minutes divided into four quarters. If a tie exists at the end of the game each team will be awarded one point, and the final standings will be determined on a point basis—a win being two points.

The game will be played on a touch basis and there will be no tackling at any time. The man carrying, or having possession of the ball, is down when touched below the belt with both hands by an opposing player. Passes may be thrown anywhere behind the line of scrimmage and each player is eligible to receive a pass. Each kick must be announced before it is made and neither team can cross the line of scrimmage until the kick has been made.

This football league is for boys in the 5th and 6th grades only. Two forfeits will automatically drop a team from the league. As one of the primary purposes of this kind of football for youngsters is sportsmanship therefore any player using abusive language in a manner detrimental to the welfare of the league shall be suspended.

Last year Starkweather won the grade school league title.

though they should take the title in their first try, and go to the Rose Bowl next January, however, football games aren't won on paper, but on the field. State has depth, a thing which will be in their favor under the new one-plateau system. Last year they had two offensive backfields that were about on a par—they are loaded again this year. I pick them for the title with Ohio State as their nearest rivals.

The Detroit Lions finally lost an exhibition contest Philadelphia beat them the other night. Big Les Bengeman is a tower of strength in the middle of the line, but several times the other night he could have made a tackle close to him if he had been fast enough. Coach Buddy Parker feels the Los Angeles Rams and Green Bay Packers may give the defending champions the most trouble this season. The Packers are greatly improved over last year. The regular season began this week.

## Potent Trenton Team Plays Here Tomorrow Night

A highly regarded Trenton team comes to Plymouth tomorrow night for a football game with the Rocks under the lights on the local athletic field. The game will begin at eight o'clock and will feature a team that lost only one game last year, and that to Plymouth by a 20 to 7 score. Most all the members of that team are back this year, and Trenton thinks they will take the J-B league championship this year.

Plymouth may be the underdog in this game, but anything can happen when these two grid-iron powers get together. In other games around this area last weekend Bentley high defeated Garden City 10 to 0 Farmington and Clarenceville played to a scoreless tie; Redford Union edged Walled Lake 6 to 0; Melvindale defeated Allen Park 12 to 6; Southfield nipped Harper Woods 7 to 6; and Monroe took a one-point victory over Trenton 20 to 19.

## Frosh Play First Game Thursday

Coach John McFall is busy preparing his freshman football team for the first game with Trenton here next Thursday, October 1. The game will be played at four o'clock as will all the games this year with the exception of the Northville game here on October 22, which will be a night contest beginning at seven o'clock.

Thirty-four boys are out for the team this year and Coach McFall is rather optimistic about the team this year. He says if all the boys play the way they are capable of playing they should win a majority of the games.

The schedule is as follows:  
Oct. 1 Trenton Here  
Oct. 8 Redford Union Away  
Oct. 15 Allen Park Away  
Oct. 22 Northville Here  
Oct. 29 Bentley Away

## Junior High Has Game Next Week

The junior high school will again field a football team this year, and have been practicing since the opening of school in preparation for their opening game with Trenton next Wednesday afternoon at four o'clock. All games will be played in the afternoon except the Northville contest which will be played at night beginning at seven o'clock.

Coach Frank Sullivan has 33 boys out for this year's team. They will play five games, two at home and three away. The schedule is as follows:  
Oct. 7 Trenton—Home  
Oct. 7 Redford Union—Away  
Oct. 14 Allen Park—Away  
Oct. 21 Northville—Away  
Oct. 28 Bentley—Home

Nancy and Pat, aged 8 and 9, were at the television, watching the atomic explosion at Yucca Flat. Nancy broke the moment of awed silence after the gigantic explosion: "Boy, they sure don't care what they do to Nevada, do they?"

Her brother, Pat, explained loftily: "Don't be silly, Nancy, they have to make a place to put Hawaii when it gets to be the 49th state!"

## SPORTS FLASHES

from The Sporting News by J. G. Taylor Spink

**NICE GUYS DO WIN BALL GAMES**  
So nice guys don't win ball games? According to The Sporting News, the Milwaukee Braves have proved, or disproved, all manner of legends in six short months, and they are out to make Leo Durocher's thornless quip a bare out.

There hasn't been a better behaved club on or off the field all summer, and the city of Milwaukee and the state of Wisconsin are just as proud of that performance as anything the players have attained with bat, ball and glove. Only one player, Ebba St. Claire, the third-string catcher, has been ejected from a game and that came in the ninth inning.

But The Sporting News thinks the crowning glory of this particularly well-behaved group was attained in the closing days of their last home stand. One occupied a pulpit, another spoke at a Sunday School rally, a third at a church Father-Son dinner and the fourth at a Sabbath morning breakfast.

Outfielder Bill Bruton spoke from the pulpit at St. Matthew's Colored Methodist Episcopal Church as part of a community-wide celebration of "Bruton Day." "Try hard for a chance—but be ready for it," was Bruton's advice, and he predicted that within the next three or four years every major league team in the country will accept Negro players if they have the ability and training. He said he had noticed very little "discrimination" as far as color was concerned.

Andy Pafko, veteran outfielder, spoke at the Sunday School rally of the Capitol Drive Lutheran Church. "I've been a church member all my life; there's nothing like being a Christian and a Lutheran," Pafko told a capacity house.

The Sporting News goes on to report that General Manager John Quinn addressed the first fall breakfast meeting of the Holy Name Society of St. Sebastian's Catholic Church, explaining the organization of the team, its rules and schedules.

Pitcher Warren Spahn told of his diamond experiences at a dinner at Immanuel Presbyterian Church.

Good guys can't play good baseball, eh, Leo?

**THE QUARTERBACK RATES COLLEGE FOOTBALL**  
The Quarterback section of The Sporting News, to cover the football front has made its appearance, and features in the first issue the annual ratings of the nation's top 100 football teams.

Starting as a four page section, The Quarterback goes into a full eight page format with the close of the World's Series.

Despite the violent change from the two-plateau system to the single plateau, such well known grid stalwarts as UCLA, Michigan State, Notre Dame, Georgia Tech and Southern Cal will be battling for the mythical national championship, according to ratings by Lew Wolf, The Quarterback's football expert.

In the next bracket comes another group of familiar names—Duke, Oklahoma, Alabama and Navy, with one surprising newcomer among the top ten in Houston. A "sleeper," Houston is held back only by a schedule which sends the Cougars against Texas A & M on September 26 and then against Texas on October 3. Should they win these first two, watch out above.

Ratings of the first 25 in the Quarterback's top 100 follow:

	Rating		Rating
1. U.C.L.A.	968	14. Michigan	846
2. Michigan State	937	15. California	845
3. Notre Dame	930	16. Penn State	844
4. Georgia Tech	924	17. Ohio State	843
5. U. of So. California	912	18. Villanova	840
6. Duke	910	19. Purdue	838
7. Oklahoma	902	20. Tennessee	824
8. Alabama	870	21. Florida	824
9. Navy	857	22. Rice	823
10. Houston	855	23. Pittsburgh	821
11. Texas	852	24. Mississippi State	815
12. Minnesota	848	25. Army	815
13. Maryland	848		

**LANKY PLANKY** says: "There is a difference in..."

**LUMBER AND BUILDING MATERIALS**

You can spend either too much or too little for lumber and building materials. Save money and gain in satisfaction by relying on the experience and integrity of an established dealer.

**LUMBER**

It takes long experience to select the proper type and grade of lumber for a specific purpose and to recognize when it is seasoned properly and ready for use.

**WALLBOARD**

Many wallboards are available. Our long experience in observing results obtained under varying conditions will help you to choose the best for your particular needs.

**ROOFING**

You want beauty, permanence, economy and complete protection when you buy roofing. Here we can be of real assistance to you. Ask anyone who trades here.

**INSULATION**

# Lock Edges Lorenz to Win City Golf Title

**FIRST FLIGHT WINNER** George Todd (center with set of woods) receives his trophy from Tournament Chairman L. B. Rice. Other first flight winners (l. to r.) are: Bud Archer, Harold Schultz, Rice and Todd. Sam Coffee and Bruce Campbell.

**SECOND FLIGHT WINNER** M. D. Baughman (center) checks his score card after Sunday's round while other second flight winners looking on are: (l. to r.) Vaughn Smith, Art Meyers, Ty Caplin and Larry Jolliffe.

**THIRD FLIGHT WINNER** Joe Belobraydic (second from right) checks his newly won set of irons. Other winners in the flight are: (l. to r.) Cliff Levering, Pat McGuire, Dave Cameron and Harvey Cooper (far right). (Ply-Mail Photos)

## Rain Fails To Cancel Tourney

Sixty-six rabid Plymouth golfers, most of whom would probably hesitate walking to the corner grocery store if the sidewalks were damp, trudged through 18 rain-swept holes of golf Saturday to make the annual Plymouth city tournament a success. After the wet qualifying round the determined three-score and six returned to the Bob 'O Link course Sunday to battle high winds and, in most cases, higher scores.

Championship honors went to steady-playing Tom Lock who wrapped up his fourth title in six years with a 36-hole total of 155. Lock's qualifying score Saturday of 75 was also good for a tie with Elton McAllister.

To win Lock had to call upon all his golfing savvy to stop a determined bid by Ralph Lorenz. The popular Mayflower manager came up to the last two holes needing a birdie and a par to tie for the title. On 17 he dropped a 12-foot putt for his par. On the final hole he needed a 20-foot uphill putt for a birdie but his effort fell two-feet short. Lorenz had rounds of 77-79 to Lock's 75-80. Lock's steady rounds earned him a set of eight Wilson Sam Sneed irons as well as The Plymouth Mail trophy. Lorenz won a caddy cart.

A 160 total for Bill Benjamin edged-out Defending Champion Harper Stephens by one stroke for third place. Two more of the golfing McAllister brothers, Bill and Jim, came in for fifth and sixth place honors with 162 and 163, respectively.

Winners in the other three flights in order were: First Flight—George Todd, Bud Archer, Sam Coffee, Bruce Campbell and Harold Schultz; Second Flight—M. D. Baughman, Vaughn Smith, Art Meyers, Ty Caplin and Larry Jolliffe; Third Flight—Joe Belobraydic, Pat McGuire, Dave Cameron, Harvey Cooper and Cliff Levering. Behind Lock and Elton McAllister for low qualifying honors were Rex Purkey and Harper Stephens with 77 and 78, respectively.

Two drunks were walking down the railroad track. Said one: "These are the longest stairs I ever saw."

The second said: "Yeah but what gets me are these low hand-rails."

Don't worry about finding your station in life; somebody will be sure to tell you where to get off.

**JOE MILLER IS PROUD** of his silver cigarette lighter set. "I worked hard to get this," he said. Joe won the prize for having the highest qualifying round—a 112. "I was consistent, too. Shot another 112 on Sunday," he added.

## Sidelights of City Golf Tournament

The wind and rain played havoc with golfers in the annual city tournament last weekend and produced many interesting sidelights besides wet feet and soggy cigars.

Bill Benjamin, who finished third in the championship flight, had his troubles in the qualifying round Saturday. Just four over par with four holes to play, Benjamin came in FOURTEEN over. A 10 on number 15 was the back-breaker!

Speaking of 10's, Rex Purkey pulled the trick of the day by starting out on number one Sunday with a 10 and then shooting eight straight pars! (He's a player!)

Fine golfers Ty Caplin and Bob Wesley will probably never forget their putting troubles. Wesley hit the ball four times on number four

green before getting down, but he'll have to relinquish honors to Caplin who's still wondering how he five-putted number 12!

When Ed Wingard visited that AAA office window to check his starting time for Sunday's round it was 4:00 a.m. "Biggest shock of my life when I saw what my starting time was," said Ed. It was 8:00 a.m.

Probably the longest string of straight pars was shot by Elton McAllister. In Saturday's qualifying round he rang up 12 in a row!

Two of the longest hitters in the tournament were Ray Hartner and Rocky Smith. Rocky probably put together two of the longest shots when he hit the 550-yard number nine hole in two!

### Plymouth Cancer Group Chooses Committee Chairmen at Meeting

The Veterans' Memorial center was the scene of the Plymouth unit of the southeastern division of the American Cancer Society meeting on September 21. Norman Marquis, president, presided over the well-attended meeting.

It was announced that Dr. A. E. VanOrnum and Lamont BeGole have accepted appointments to serve on the Board of Directors. The following persons accepted chairmanships: Mrs. Gus Lundquist, cancer dressings; Mrs. Fred Korte, Jr., membership; Dr. Walter Hammond, professional education; Miss Neva Lovewell, public education; Mrs. Edward Walton, dressing custodian; and George Mayhew, transportation.

The unit has the ultimate objective of educating every adult in Plymouth to cancer facts. Statistics have proven that layman

knowledge can help the medical people immensely. It is a challenging task, but the Plymouth unit fervently believes that its formation will prove to be of the utmost importance in helping fight the dread disease, cancer.

Miss Neva Lovewell had this to say in conjunction with the formation of the new unit, "I think it's about time that someone did something along this line and I feel very strongly about the education of cancer being more widely spread." She added, "there is entirely too much baloney and 'quackery' cures in existence. If people were made more cancer conscious and more aware of the facts many more lives would be saved."

Dr. W. W. Hammond stressed that the public should never take the word of anyone when diagnosing cancer, they should always go to reputable physicians. Laymen diagnostics mean loss of lives, so learn the cancer facts.

Mrs. Gus Lundquist, reported that her cancer dressing department is now in operation. Clubs or organizations wishing to work on dressings should contact her, phone 587, Wednesday evenings, 6:30 to 8:00.

### Livonia Fire Raises Losses To Record High

The Detroit Transmission fire in Livonia was instrumental in making fire losses for the month of August the highest on record, reported Lewis A. Vincent, general manager of the National Board of Fire Underwriters.

Total loss for August was reported at \$107,713,000, an increase of 90.8 per cent over losses of \$56,462,000 reported in August of last year.

Losses for the first eight months of 1953 now total \$616,732,000, an increase of 17.9 per cent over the first eight months of 1952, when they amounted to \$522,790,000. Estimated losses include an allowance for uninsured and unreported losses.

### Boy Scout Troop 298 Holds Court of Honor

A court of honor was held by Boy Scout troop 298, sponsored by the Canton Center Community club. The Canton township hall was the scene of the festivities on Saturday, September 19.

Three new tenderfoot Scouts, Billy Pugh, Henry Maasko and Richard Small, were welcomed into the troop. The Scouts honored their mothers with miniature tenderfoot badges.

The first two members of the troop to receive their second class ratings were also honored at the event. New second class Scouts are Albert Runge and Wilbert Graham.

### CANCER'S 7 DANGER SIGNALS

- 1 Any sore that does not heal.
- 2 A lump or thickening in the breast or elsewhere.
- 3 Unusual bleeding or discharge.
- 4 Any change in a wart or mole.
- 5 Persistent indigestion or difficulty in swallowing.
- 6 Persistent hoarseness or cough.
- 7 Any change in normal bowel habits.

None of these symptoms necessarily means that you have cancer, but any one of them should send you to your doctor. Cancer is usually curable when detected and treated early. Remember the danger signals. Cancer strikes one in five. Strike back. Give to the American Cancer Society.

# Favorite Recipes

From  
Plymouth's Kitchens

(Editor's note: A new series has been initiated in The Plymouth Mail this week to replace the gardening articles which have been seen on this page since last spring. The new series will feature the favorite recipes and menus of Plymouth homemakers. The articles should be of interest both to established cooks, who are always looking for new culinary delights, and for new cooks, who want to be sure of the outcome by trying time-tested recipes.)

With the help of her old Dutch recipe book Mrs. Pieter Schipper of Bradner road prepares delicious dishes that are favorites in the Netherlands. She has a family to feed, and she finds that the cook book, which she reads in Dutch, provides her with plenty of meal ideas.

Favorite among these with Mrs. Schipper and her family is a recipe for shortbread and another for "Boerenkoll". The latter is a winter dish in Holland, she said, and is served only at that time of the year. It might be described as a kale casserole.

**Boerenkoll**  
8 medium potatoes  
2 bags kale  
1/2 pound margarine  
Polish ring sausage

Mash the potatoes. Turn the kale through a food chopper and boil the puree for about five minutes. Drain the water and mash the pureed kale through the potatoes. Add the margarine and enough milk to moisten. Place in a casserole. Boil the Polish ring for one-half hour and slice into chunks. Place these on top of the mashed potatoes and serve. Mrs. Schipper said that many people like to serve Boerenkoll with vinegar.

Mrs. Pieter Schipper and Ginger consult the old Dutch cook book.

**Dutch shortbread**  
1 1/2 cups flour  
1/2 pound butter  
1/2 cup confectioners sugar  
1 teaspoon vanilla  
Cream butter. Add confectioners sugar, and flour and mix well. Add vanilla. Place in a pie tin or pyrex dish and place in a slow

oven, 325 degrees, for one hour and then cool.

Mrs. Schipper says it is served with peaches, strawberries, cherries or other sauces. She warns that the shortcake will be much harder than those to which Americans are accustomed.

## Colleges Roll Out Welcome For 54 Plymouth Freshmen

Michigan colleges and a few out-of-state colleges will welcome 54 members of the Plymouth High school graduating class of last year to their portals as freshmen. Career-minded individuals, who were upper classmen in Plymouth High in June, suddenly find themselves perched on the lower rung of the ladder to higher learning.

Teachers throughout high school have tried to stress the importance of an enriched education to the students before they obtained their diplomas. Without added knowledge, young people of today have difficulty in securing select positions.

Students will be furthering their education in such fields as journalism, engineering, medicine, science and the business world, plus music and the finer arts.

Selecting University of Michigan as their alma mater will be Marion Miller, Terry Carney, Joyce Nagel, Sally Truesdell, Jacqueline Langmaid, Annette Brandt, Nancy Kropf Rucker, Richard Nagel, Ruth Ann Richwine, Susan Wesley and Ann Hammond. Concluding the list are Peter Leemon, Jon Brake, Dick Huebler, Elmer Whipple and Chester Kendzior.

Michigan State Normal college at Ypsilanti, will herald five Plymouthites, Philip Straub, Ed Grosjean, Barbara Nelson, Betty Mishler and Richard Kirchoff.

Entering Michigan State college will be Julie Simmons, Ellen

Dhane, Shirley Sexton, Dave Finney, Gary Koppen, Bruce Green, Lawrence Kemp, Ronald Wender, Larry Wood, Casey Cavell and Bill Cowgill. The roster continues with Lawrence Vandersdale, Dick Lickfeldt, Philip Dingley, Jim Nelson, Bill Arscott, Bill Bloxson, John Armhein, Ralph Wagenshutz and Charles Wyse.

Freshmen Laurel Pryor and Jerry Vetese will enroll in Wayne University in Detroit, while Rosamond Bairas and Margaret Armhein will enter Western Teacher's college as freshmen.

Traveling to Alma college, Albion college and Central Michigan college will be Mary Lou Hartwick, Thomas Guthrie and Bill Moore, respectively.

Robert Manion has selected General Motors Institute of Technology at Flint to further his education while Ronald Krump and Jim Blanton chose Michigan College of Mining and Technology at Houghton, Michigan.

Traveling out of state to obtain their various careers will be Joanne Pursell who will enter Denison college at Granville, Ohio; Robert Nulty who has selected Carleton college in Minnesota; Rod Juvon who will pursue his goal at Bethany college in Bethany, West Virginia and Pearl Kennitz who has selected the University of Iowa for her alma mater.

# The PLYMOUTH MAIL

Thursday, September 24, 1953

Plymouth, Michigan

Section 4

## SOCIAL NOTES

Mr. and Mrs. Carl Hartwick have returned to their home on Northville road after vacationing for a week in northern Michigan where they visited friends in Hillman, Rogers City and Alpena.

Those from Plymouth attending the Blunk Ritzheimer wedding in Trenton, Illinois last week were Mr. and Mrs. Arthur Blunk, Mr. and Mrs. I. E. Blunk, Mr. and Mrs. Melvin Blunk, Mrs. Nina Blunk, Jay Hanna, Sid Savison, Mr. and Mrs. Harry Mumby, Mr. and Mrs. William Grammell and Mr. and Mrs. Thomas Gardner. Mr. and Mrs. Carl Bolgas and Mrs. Alton Bolgas of Ann Arbor also attended.

Mrs. Thomas Phillips of Plymouth was guest speaker at the September meeting and luncheon of the Women's Missionary Society of the First Baptist church, Plymouth. Twenty-five ladies attended the meeting. Mrs. Phillips, an active member of Covenant Baptist church in Detroit, spoke on various phases of Baptist Missionary work.

Friday evening dinner guests of Mr. and Mrs. A. K. Brocklehurst in their home on Wing street will be Mr. and Mrs. Ralph J. Lorenz and Mr. and Mrs. Frank Terry.

Mr. and Mrs. Charles McConnell of North Harvey street spent several days last week in Clare, Michigan.

Mr. and Mrs. Lee Coolman of Starkweather avenue and Mr. and Mrs. Harry Christensen and son, Raymond of Irvin street are spending the week at Houghton lake.

Mr. and Mrs. W. D. Brown of Sheridan avenue had as their dinner guests on Sunday, their daughter and son-in-law, Mr. and Mrs. Alvin Fricke and family of Royal Oak.

Miss Shirley Sexton, daughter of Judge and Mrs. James Sexton of Penniman avenue has gone to East Lansing where she will attend Michigan State for her freshman year.

On Wednesday of last week, Mrs. George Miller, Sr. of Salem, formerly of Livonia, gave a birthday dinner honoring her brother, John of Novi. Guests were his sisters, Mrs. Ernest Revald and Mrs. Edward Beaman of Plymouth and Mrs. Albert Schroder and Mr. Schroder of Livonia.

Mr. and Mrs. Austin Pino have returned to their home on Forest avenue after a vacation in Ontario and New York state. They visited Mrs. Pino's brother, Charles Armstrong and family in Belmar, New York and the Labor Day weekend with their daughter and son-in-law, Mr. and Mrs. George Chute in Hamilton, Ohio, as well as relatives in Indiana.

Miss Pearl Kennitz, daughter of Mr. and Mrs. George Kennitz of Haggerty highway has gone to Iowa City, Iowa, where she is attending Iowa State University for her freshman year.

Dervin Flowers, son of Mr. and Mrs. Leo Flowers of Ball street has just received his Master of Science degree from Madison, Wisconsin college.

Guests of Mr. and Mrs. H. G. Culver in their home on Palmer avenue last week were Mr. and Mrs. Harold Fields of Royal Oak and Mr. Allen, former principal of Mr. Culver at the Chase High school, Michigan, some 40 years ago.

Mr. and Mrs. Ralph Garber of North Territorial road had a reception in their farm home on Sunday, September 20 honoring Mrs. Garber's mother, Mrs. Kathryn Conner Richards on her 84th birthday. Among the guests were Dr. A. J. Richards of Detroit, Mrs. Ann Richards Monroe of Highland Park, Mrs. Marguerite Richards Purk of Pleasant Ridge, Dr. David Richards of Grosse Pointe Farms, also an augt, Mrs. Louise Conner Turk of West Alexander, Pennsylvania and an uncle, H. Ray Conner of Yorktown, Virginia. Mrs. Richards 12 grandchildren and 10 great grandchildren were also present.

Sunday dinner guests of Mr. and Mrs. Dale Arnold in their home on Burroughs avenue were Mr. and Mrs. Richard Swanson and daughter, Mary Ann of Wayne; and Mr. and Mrs. Charles Arnold and daughter, Jill of Plymouth.

Mr. and Mrs. Roy Leemon of Ann Arbor road will spend the weekend at "Poverty Point" near Cadillac.

Miss Wilma Latture, daughter of Mr. and Mrs. James Latture of Harding avenue, left Tuesday for East Lansing where she will resume her studies at Michigan State college for her senior year.

Mr. and Mrs. John Maxwell of Joy road have received word that their son, Airman Second Class, Russell L. Maxwell will sail from Okinawa on September 29 and will arrive home about the middle of October for a 30 day furlough. After his furlough Russell will return to duty at Columbus, Ohio.

## HEALTH AND BEAUTY

**SLOUCHINESS**

When you look out of the window and see a person slouching along the sidewalk, with his back humped, his stomach carried forward and with a sink in his epigastric region, you unconsciously feel that his mental attitude is in keeping with that of his body.

When the World War I ended in 1918, the Adjutant General of the United States Army sent a letter of educators in which he set forth some of the reasons why young men failed at the officers' training camps. Slouchiness was mentioned as the most outstanding cause.

He wrote: "I refer to what might be termed a mental and physical indifference. Many otherwise excellent men failed because they had developed the habit of high school and college of being indifferent to accuracy of thinking and acting."

The bearing of an officer should be that of a polished gentleman and not of an indolent lazy lout, who slouches along as though his body were about to fall to pieces. This very appearance bespeaks loose and inaccurate thinking, or no thinking at all.

Slouchiness is also shown by one's speech. Students, who have been through grammar school, have no excuse for murdering the English language as many of them do. If they are accurate in their thinking and strive for self-expression, they will endeavor not only to acquire good manners, but correct habits of speech. The two go together.

Young men and women who start out to find employment can never expect to advance very far in the business world when they're slovenly in their bearings, thinking and speaking. They do not make favorable im-

pressions on their would-be employers when they slouch into the office, and in awkward and incorrect English request positions.

One of the very great charms of President Roosevelt was his pleasing, well-modulated voice, and a well-nigh perfect enunciation that bespoke a gentleman of high culture.

When the writer was a student at medical college, one of the medical college professors was a very small man. He entered the classroom one day and announced to the class that he was not responsible for his height, but that he was responsible for his bearing and his posture. He made the best of both, and as is generally the case, he not only strove for physical fitness but for high intellectual attainments. He succeeded in life and became an outstanding man in his community.

The Greeks strove for sound minds in sound bodies. It is an old fallacy that brains and brawn do not mix, or that the weakling is especially intended for intellectual endeavors and accomplishments.

As a rule, health, physical fitness and intellectual prowess, together with moral strength, fit men and women for leadership; but the mental and physical slouches are left hopelessly behind in the race.

Gravy or sauce is an important part of a Swiss steak or any other braised steak serving. This is because in cooking by moist heat there is a certain amount of flavor lost to the drippings. Making use of the drippings in gravy, the meat flavor and nutrients are saved.

Prosperity proves the fortunate, adversity the great.—Pliny The Younger.

## Flowering Bulbs Need Inspection Prior to Sale

Act 189 of the Public Acts of 1931, as amended, requires that perennial flowering bulbs, such as tulips, narcissus, hyacinths, and lilies, must be inspected and certified prior to being offered for sale. Growers producing such bulbs for sale must also be licensed under the same act. Likewise persons or firms who buy and sell flowering bulbs are required to have a plant dealer's license.

C. A. Boyer, Chief of the Bureau of Plant Industry, cautions all growers and dealers to be sure they have the proper licenses, they may do so by contacting the Bureau of Plant Industry, Michigan Department of Agriculture, Lansing, Michigan.

For hearty individual pot-roasts choose cross-cut beef shanks. Braise them the same as a blade or arm pot-roast; that is, brown them thoroughly in lard or drippings. Then add from 1/3 to 1/2 cup of liquid, cover and cook slowly about 2 hours or until the meat is tender. If you like, dip the shanks in flour first to aid in the browning process.

**A PASSENGER IS INURED**

If you or anyone riding in your car should be injured, Etna Medical Payments Coverage would pay for hospital, medical and surgical expenses up to specified limits. Do you have this protection?

# Hints for Plymouth Homemakers

## Canopy Gives Bed Dramatic Look

There is a trend today toward dressing up the bed in the gayest way imaginable. Dramatize it with canopies, festoons, or ceiling-to-floor draperies behind the headboard. Give it an extravagant air, even when you keep a stern eye on costs.

The main influence behind this trend in bed decoration is the traditional canopy for Colonial four-poster beds. However, you can dramatize any bed—one with footboard and without; wrought-iron bed with fancy scrolled headboard, or simple wooden bed. And you can take your choice of drapery fabrics, from satins and taffetas to chintzes, with designs or in solid colors.

The double bed lends itself to dramatic decorative treatment. A good idea is to hang a sham canopy from the ceiling. Make it like a box-pleated flounce, about as deep as a dust ruffle. Just fasten a molding to the ceiling, following the outline of the bed. Screw plain hooks in at regular intervals to hold drapery pins, for ease in putting up and taking down. Now tack a wall panel of the fabric from ceiling to floor behind the bed. Slipcover the headboard to match and use a matching coverlet type spread, with dust ruffle like the canopy. Draperies at the head of the bed can be hung on short movable rods attached to the wall just outside the canopy. For

this bed treatment Shagbark cloth in the "Seaswept" pattern is delightful. It comes in several attractive color combinations and a design of impressionistic ocean swirls, curling lines of foam, and a delicate tracery of gold.

Gay, and very easy to work out, is a wall coronet or festoon of draperies framing the head of the bed. Get an extra pair of draperies, matching those at the windows, and tack the tops together to make one long piece. A figured "Heritage" chintz is a debonaire choice, perhaps in the "Harwich" version with its small leaf and berry-with-tiny-bloom design. The only other thing you need are three good-size drapery hooks with ornamental heads. Center one high on the wall behind the headboard. Screw the others into the wall on each side of the bed about midway between top hook and headboard. Ease the long draperies over the top hook between ornamental hook and wall, and use the tie-backs to loop them gently to the side hooks. The effect of a coroneted and festooned arch is very gracious.

Estelle: Does Miss Scads spent much in charity work?  
Edith: Oh yes, it was only the other day that she paid \$100 for a slumming gown.

## Unsulphured Molasses Scores At Baked Bean Party Supper

For party-happy appetites, treat your guests to old-fashioned baked beans fragrant with sweet unsulphured molasses. The meat topping may be canned luncheon meat or frankfurters. Buns, cheese-broiled, and cabbage slaw complete the hearty fare.

By using dried beans, you will find this a very economical main dish. Though baking time is about five hours, the beans require little watching once in the oven. The unsulphured molasses is the sweet kind that Colonial women spooned over baked beans for traditional Saturday night dinners in New England. For a quickie casserole, canned beans may be used with unsulphured molasses added for step-up in flavor.

**Old Fashioned Baked Beans**

4 cups (2 pounds) pea beans	1 cup unsulphured molasses
2 medium onions, sliced	3 tablespoons vinegar
4 teaspoons salt	½ teaspoon Tabasco
½ cup catsup	2 teaspoons dry mustard

2 cans luncheon meat

Wash beans. Cover generously with cold water; soak overnight. Add onions, salt and if necessary additional water to cover beans; bring to boiling point in covered saucepan. Simmer 1 hour. Drain and save 3 cups bean liquid, add water to make 3 cups if necessary. Mix bean liquid with catsup, unsulphured molasses, vinegar, Tabasco and dry mustard. Place beans in roasting pan; add liquid. Cover. If roasting pan does not have cover use baking sheet. Bake in a slow oven (325° F.) 4 hours. Add boiling water when necessary during baking. Slice luncheon meat, add to beans. Bake 1 hour longer.

YIELD: 12 servings.

## Pineapple Fluff Cake Makes Delicious Dessert For Family

Just as its name denotes this Pineapple Fluff cake is a light and fluffy delight. It is a fitting dessert for dinner or the cake to proudly serve for popular "dessert" entertaining. This recipe was developed with the economical shortening, lard, to insure a fine texture and feathery lightness.

**Pineapple Fluff Cake**

3 cups sifted cake flour	2 egg whites
2 teaspoons baking powder	¼ teaspoon salt
¼ teaspoon salt	¼ cup white corn syrup
½ teaspoon soda	1 teaspoon vanilla
1 No. 2 can crushed pineapple*	1 cup drained crushed pineapple
¾ cup lard	2 egg whites
2 cup sugar	¼ teaspoon salt
4 egg yolks	1 cup white corn syrup
1 teaspoon vanilla	1 teaspoon vanilla
½ cup hot water	1 cup drained crushed pineapple
4 stiffly beaten egg whites	Combine egg whites, salt, syrup, vanilla, and beat until fluffy spreading consistency. Fold in pineapple. Frost three 9-inch layers.

\*Line three 9-inch cake pans with waxed paper. Sift together flour, baking powder, salt and soda. Drain crushed pineapple and measure 1 cup juice. Cream lard and ½ cups sugar with 1 egg yolk. Add remaining egg

He will be a slave for ever, because he does not know how to use small means.—Horace.

## Let Your Youngsters Take Over Party Sandwich Preparation

Let your youngsters take over the sandwich production line. Ten minutes of careful preparation on your part - then a briefing of the energy-filled small fry and the problems of a party or picnic disappear and in no time sandwiches for 50 are ready. Sandwiches play an important role not only in picnics but also in the life of every growing child because of extra vitamins and minerals available in enriched bread.

Just remember to give every child a job by assigning specific tasks—such as washing lettuce, slicing tomatoes, mixing spreads, and assembling the sandwiches. The jobs adapt easily to different age groups and to the number of youngsters. It may seem like work "to have to get lunch" but 'fixin' the picnic' is just a barrel of fun when the cooperative sandwich production line takes over the kitchen. Of course, the clean-up committee functions too.

½ cup peanut butter  
½ cup diced sweet pickle

Combine ham, peanut butter and pickle. Moisten with pickle juice if sandwiches are to be frozen. Mayonnaise may be used to moisten filling which is to be used at once. Store in covered jar in refrigerator until sandwich-filling time.

**Halibut Sandwich Filling**

2 ¼ pounds (1½ quarts) flaked halibut or haddock  
1 dozen hard-cooked eggs, chopped  
1½ cups chopped green olives  
1½ cups chopped celery  
1½ cups mayonnaise or salad dressing  
1¼ teaspoon salt  
½ cup lemon juice

Combine halibut, chopped eggs, olives, celery, mayonnaise, salt and lemon juice.

YIELD: 2½ quarts, or filling for 50 sandwiches.

Here are two sandwich filling suggestions. Both of these recipes make enough filling for 50 sandwiches.

**Ham and Peanut Butter Filling**  
1 cup ham paste

Economy is a distributive virtue, and consists not in saving but in selection. Parsimony requires no providence, no sagacity, no powers of combination, no comparison, no judgment.—Burke.

## New word for GETAWAY } "TT" DYNAFLOW!

The 1953 Buick Super Riviera. Wire wheel covers, illustrated, optional at extra cost.

WORLD'S ONLY CAR with all these features:

- V8 VERTICAL-VALVE FIREBALL ENGINE
- DYNAMIC FLOW MUFFLER
- TWIN-TURBINE DYNAFLOW
- POWER BRAKES
- TILT-AWAY SLIDE-AWAY FRONT SEATS
- PANORAMIC ONE-PIECE WINDOWS FRONT AND REAR
- DOUBLE-RAIL FRONT BUMPER
- AIRCONDITIONER

WORLD'S ONLY V8 VERTICAL VALVE

We'll get right to the point. The comments we've been getting from many new Buick owners about the new Twin-Turbine Dynaflow are terrific. And the reason is—this fully automatic transmission is, in itself, terrific. It has a new, firm, solid "take-hold"—gives you instant getaway response. It has new quiet—you can barely hear the acceleration build-up. It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all. But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery. You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically. Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down. Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness? We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?

# Old Phonograph Reflects By-Gone Day

**CATCHING THE WORDS** to an old-time record is taking all the attention of Jesse Haks, on the left. He is listening to the antique Edison phonograph, being cranked by Arthur Bullard. The phonograph, estimated at 50 years old, was recently acquired by Bullard.

Three speed phonographs with their mellow tones are very much taken for granted these days. But did you ever listen to an old Edison phonograph with the cylindrical records and the flower-like horn. Bullard's Used Furniture Store on Main street, has recently acquired one of these antiques, which he says must be over 50 years old.

You have to put your ear close to the horn in order to hear a squeaky voice sing about sauerkraut and how it "schmells". The rendition is fast and jumpy, very different from the romantic ballads, topping the hit parade today. But considering the age of the machine, the sauerkraut comes out in fairly good shape.

The old phonograph is not alone, for it is flanked by many other relics of that era. For example, there is a Bennington cuspadore, an old iron hitching post, a coffee mill like they used in general stores, and a huge dinner bell, which must have called many a hungry farmer in to his vittles.

A horsehair chair sits serenely among the articles with an antique platform rocker waiting nearby.

Most evident among the furniture are a lot of old school desks of the variety where the back of one seat forms the desk of the next. Bullard pointed out that there has been quite a run on these old desks ever since an article appeared in one of the leading women's magazines on how to make telephone stands, bedside tables and magazine tables—all out of old school-room desks. Because of an article in another magazine, Bullard said, there has also been a big demand for old soda fountain chairs.

In his office Bullard has a series of horse pictures which belonged to Harry Robinson, owner of a livery stable on Penniman, years ago. The pictures, many of which are of Dan Patch, famous harness race horse, have been loaned on occasion to the Plymouth Historical society.

A vast number of the items at Bullard's are reminiscent of a by-gone era, kept alive only through such relics of the past as these. A voice recorded over 50 years ago is living on even today, through the old Edison phonograph. Little did that gentleman know that he would leave a "sauerkraut" song to posterity.

## Moles to Begin Autumn Invasion

Plymouth homeowners and gardeners will soon be invaded by an unwelcome underground visitor, the mole. Early fall as well as early spring is a good time to do something about Mr. Mole's appearance.

Michigan State college specialists state that you can trap the lawn destroyers if you are careful. Moles will clear and repair tunnels which have been mashed down or become clogged. So, the specialists say, leave the trap in a mashed earth where the mole can dig into it before he realizes the trap is there.

The Michigan State men also recommend taking care of the moles by destroying their food supply, with an application of chlordane or lead arsenate. The insecticide kills grub worms which moles feed on.

Spend not, where you may save; spare not, where you must spend.—Proverb.

### Girl Scout News

The Plymouth Girl Scout Council held its September meeting at the home of the Commissioner, Mrs. Eber Readman, to lay plans for the coming year. Five delegates will attend the National Convention in Cincinnati, Ohio in October.

Although the troops have been inactive during the summer, individual Scouts have participated in the camping activities available to Plymouth.

A most successful Day camp, directed by Mrs. Sheldon Baker, attracted about 80 Scouts and Brownies. The camp was held at the Girl Scout - Kiwanis Cabin and in the park.

Thirty-two Scouts attended the Area Camp at Cedar Lake near Chelsea. This camp is the result of the joint effort of the councils of Wayne, Ann Arbor, Northville, Belleville, Chelsea, Milan and Plymouth. The camp, which accommodates 72 girls each week, was filled to capacity the entire season.

The council is grateful to the Burroughs Corporation for the use of an adding machine which was of great assistance to those operating Camp Cedar Lake.

The Camp Committee reports that it was able to realize a profit this year which will make possible the purchase of some new equipment such as boats and for improvement of existing facilities. Mrs. Donald Potter and Mrs. Horton Booth represent Plymouth on the Area Camp project.

The Girl Scout - Kiwanis Cabin was the site of the Easter Seal Day Camp for crippled children. Improvements to the cabin prior to the start of this Day Camp included the screening of the front porch by the Kiwanians and the purchase of a hot water heater by the Girl Scouts.

Mrs. Carroll Porter has accepted the position of Cabin chairman. Arrangements for the use of the cabin may be made by calling Mrs. Porter at 1462-J.

Troop 1 held its first meeting on September 14. Preceding the troop meeting the mothers of the members and the troop committee met with the leaders, Mrs. Sheldon Baker and Mrs. Hugo Russell to help with plans for the coming years program.

On Thursday September 24 ten members will assist with the serving of their Sponsors' Mother-Daughter banquet. The V.F.W. Auxiliary sponsors the troop. In addition to the girls who are serving, five of the troop will appear on the program.

# Yellow Warbler Conducts Constant War With Orphan Cowbird Eggs

They say that you can tell by the way he looks and acts when a man is in love. There is not the slightest doubt about the fact that a yellow warbler in the height of his amorous cycle is quite a different bird from what one sees and does not hear in the fall months.

Our subject this time is often spoken of as yellowbird but there are so many yellow birds the name is inappropriate. Besides, in the late summer and fall a yellow warbler looks so much like many other warblers that in many cases one warbler is as good as another. In the spring and early summer these yellow migrants, only five one-fourth inches long at the most, flash their colors in the tree-tops and shrubbery and repeat their "seet, sweet, sweeter, sweetest" call throughout the breeding range, which extends for the four recognized subspecies from eastern Alaska to southern Ungava and south through Nevada, New Mexico, northern Georgia and South Carolina.

**YELLOW WARBLER**  
National Wildlife Federation

During the winter months our feathered friend spends his time from Yucatan to Guiana, Brazil and Peru. What he does there is an affair of primary interest to South Americans, but what he does here always holds our interest.

The food of the yellow warbler is almost wholly insects such as small moths, caterpillars, beetles, flies and grasshoppers caught in a tireless gleaning of tree tops and low shrubbery. Many of these insects are caught while the eater and eaten are in full flight and in such cases the eaten has little chance of escape from this feathered dynamo.

The nest is built about farm lands and with great frequency in suburban areas. It is a thing of beauty, a compact sphere of cottony stuffs well lined with dried grasses, bark, shrublets or hair hidden in low shrubs, trees or similar woody vegetation. In the nest the female lays from three to six gray or greenish eggs marked with brown or purple usually around the larger end.

The eggs are about one-fourth by one-half inches in size. Frequently one finds such an egg clutch with one or more of the larger eggs of the cowbird. The yellow warbler so parasitized by a cowbird may try to correct the situation by building a second nest on top of the first. This nest may also have a mixed clutch of eggs. If the young cowbird hatches he usually outgrows, out-eats and outlives the rightful young who just cannot stand the competition of this outsider.

Incubation is carried on by the female yellow warbler for a period of from 12 to 15 days. There is usually no more than a single brood each year though cowbird

interference may cause the mother yellow warbler to lay more than her normal quota of eggs. Examples have been found of yellow warblers building six nests, one on top of the other, to beat this cowbird racket. It is doubtful if even this is successful in face of the persistence of the cowbird.

There is no doubt but that this bird is a useful member of the wildlife society in which the National Wildlife Federation has a genuine interest.

Nothing is cheap that is superfluous, for what one does not need, is dear at a penny.—Plutarch.

GEORGE L. HENNING, left, retiring chairman of the South Salem Farm Bureau community group, is shown congratulating newly elected officers at the meeting held last Thursday night. Shown left to right are: Mrs. William Green, corresponding secretary; William Green, chairman; Mrs. Harlow Ingall, recording secretary; and Sylvester Shear, vice-chairman. For the past two months Farm Bureau groups have been working on policy development at the request of Secretary of Agriculture Benson.

### V.F.W. News

A rummage sale will be held on October 9 and 10 in the new post home. Eleanor Gust, chairman, reports that dishes, clothing and furniture are wanted for the sale. If you have anything you wish to contribute, bring it to the next meeting or contact Georgina Elliott, phone 1275. Marlyn Wiltse and Fran Beeley have been chosen by president Gert Danol as alternate color bearers. Girls, remember the district rally, September 27 at the Wayne Recreational hall in Wayne. Keep in mind the points collected upon attending. Plans are nearing completion, reports general chairman, Marion Dickie, on the Fashion Show to be held on October 21 at the Central High school gym. Complete details will be announced starting next week. Mrs. Gladys McBride, who is hospitalized at present, would be happy to hear from the auxiliary. She is in the Oakwood hospital, Room 479, Dearborn.

### High School Band To Play at U of M Game October 3

Plymouth High school bandmen will be represented among the 6,347 musicians from 155 Michigan high schools that will participate in the world's largest massed bands day at the University of Michigan, on October 3 during half-time of the Michigan-Tulane football game. Following is a list of the area bands and their directors that will take part: Belleville, Richard Coffelt; Livonia, George N. Bentley; Donald L. Diamond; Clarenceville, Joe Markell; Northville, Leslie Lee; Plymouth, Larry Livingston; South Lyon, Lyon Township, Frank J. Kuchalko and Wayne, George Bell. Approximately \$1,094,900 worth of musical instruments and about \$335,500 worth of uniforms will be used and worn by those participating in the fifth annual Band Day. The youngsters will travel an estimated 25,000 miles, equivalent to circling the world, in coming to and going home from the event which is sponsored by the University bands of which Professor William D. Revelli is director. The musicians will have just one rehearsal together the morning of the game. A count of the types of instruments that will be used reveals that while there will be 1,133 cornets and 761 clarinets there will be just one E flat clarinet and one baritone saxophone.

Some women would make better wives if they were as good at providing a mouthful as they are at providing an earful.

All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches. — Mary Baker Eddy.

### The light that didn't fail

It was 1 o'clock in the morning. To George Stevens, dial telephone switchman, the light on the panel meant that somewhere a telephone was off the hook. An improperly replaced receiver perhaps, or one dislodged by a frisky cat. On the other hand this might be a distress signal. That's what George Stevens thought as he plugged in on the line. There was no mistaking the weak but urgent voice he heard—a woman calling for help. Quickly Stevens traced the connection to get the telephone number. Then he called another switchman to get the woman's address. Within minutes Stevens had notified the police who sped to the

home of the stricken woman in Dearborn. They found an elderly woman helpless on the floor. Later at the hospital she told what had happened. A widow, living alone, she had suffered a severe heart attack that night. Though partially paralyzed, she managed to upset the table on which the telephone stood to summon help. Police say that Stevens' prompt action "beyond a doubt" saved her life. Michigan Bell awarded him a Vail citation, a tribute to telephone people for outstanding service in emergencies.

### Beware of Discount Houses Warns Chamber of Commerce

Discount houses can sometimes cost the consumer heavily rather than give the savings claimed. Nat Sibbold, secretary of the Plymouth Chamber of Commerce said today. Quoting from a National Better Business Bureau report, Sibbold said that in many instances investigated "deception has been the essence of discount selling." With the cost of living at an all time high the discount propositions have great appeal to bargain-hunting consumers. Although they know that they can't get something-for-nothing, they switch from their known and reliable dealers expecting to get something-for-less. "But do they really get it for less?" Questions the Chamber secretary. "In many, if not most, cases they do not, according to National Better Business Bureau findings." For example, a common trick of discount houses is to give a discount from a fictitious price list. Although the purchaser is led to believe he is obtaining a substantial cut in price, he may be paying more than the fair worth of the goods. Off-brand and unbranded goods, not selling in competitive stores, are almost impossible to compare in price with familiar lines of goods. Many a bargain-hunter has been fleeced in the purchase of shoddy goods at an imaginary discount. "Often he has been switched to this off brand merchandise," Sibbold said, "from the brand-name goods he understood he could obtain at the place selling at a discount." The apparent saving can be an actual loss when repair or adjustment service is required. Authorized dealers, according to the Chamber secretary, have the full backing of nationally known manufacturers, eager to maintain a good name with the public. Factory service, which is part of the established price, is not always available through discount sellers. This is particularly important when the item is a second grade or off-brand piece of merchandise subject to need for frequent repair. The secretary observed that another aspect which the potential customer of the discount seller should bear in mind is that some of the discount selling operations are of the fly-by-night variety. Whereas the authorized dealer is usually a well-established merchant, the discount seller may be in business only long enough to unload inferior merchandise at an alleged saving. After he has "folded," the customer is left "holding the bag" on service and adjustment.

### Robinson Extension Opens Fall Meetings

Members of the Robinson Extension opened the fall season at the home of Mrs. Nell Hardy of Brownell avenue, on Thursday, September 10. The new officers for the ensuing year took over their respective duties at the meeting. The new leaders are as follows: Mrs. Virginia LaGrow, chairman; Mrs. Dorothy Widmaier, leader; Virginia Ash, vice president and treasurer; Mrs. Jane Overhault, secretary; Mrs. Mary Ellen Kenyon, community leader and Mrs. Lillian Fulton, reporter. Plans were discussed for the coming year. Following the business meeting, a social hour was held with a luncheon closing the evening's activities. "What is your ambition?" "Merely to make more money than my wife can spend." One of the best ways in the world to be sure that you'll be mourned when you're gone is to die owing a lot of bills.
