Fund Drive Off to Slow \$5,080 Start

With one week of the Plymouth Community Fund campaign already gone, fund treasurer John Pint reported that only \$5,083.50 has been received to date—or one-sixth of the \$30,000 goal.

Two more weeks remain in the campaign which has the highest goal ever to face Plymouth area citizens.

While business and some industrial contributions are steadily coming in, campaign Co-chairmen Mrs. L. B. Rice and Sheldon Baker point out that donations from individuals are lagging. Every householder in the community received a pledge card and return envelope from the Community Fund last week.

The largest single donation to date has come from employees of the Consumers Power company. They have donated or pledged a total of \$603.80.

The Plymouth Community Fund opened on Tuesday of last week with a kick-off breakfast for volunteers. Members of the Woman's club immediately went to work soliciting business establishments. The campaign is scheduled to end Thursday, November 8.

Plymouthites who work in industries that are being solicited by the Metropolitan Detroit United Foundation are again being reminded that they can have their donations diverted to the Plymouth fund if they desire. It is necessary to mark somewhere on the pledge cards that the money (either part or all) goes to the Plymouth Community Fund.

This year's fund is about 12 per cent higher than a year ago. All but 15 per cent of the total goes to local agencies. The remainder is divided among the agencies of the United Foundation—many of which directly or indirectly serve Plymouthites.

The American Red Cross, which was not under the Community Fund until last year, is again included in this year's drive.

Community Fund officials said that they have received some inquiries about the meaning of local agencies. Some have asked whether Plymouth township residents receive any benefit, or whether all the money remains in the city.

Fund officials point out that their term "community" is used

The new president served as vice-president of the Chamber during the past year. He is a partner in the firm of Ernest J. Allison, Chevrolet dealership.

Other board members retaining membership from last year are Gerald Pease, Dr. John Robison, Robert Beyer, Carl Peterson and Fred VanDyke.

Edward Hart remains as manager of the local Chamber.

Chamber To Hear C & O Rail Official

Howard Skidmore, director of public relations for the Chesapeake and Ohio railroad, will be the guest speaker for the Plymouth Chamber of Commerce annual meeting on Wednesday, November 7.

New officers of the Chamber will take over at the meeting and out-going officers will be honored. Harold Young will be master of ceremonies.

The general field of public relations will be discussed by the speaker. Skidmore was on the editorial staff of the New York Herald Tribune from 1937 to 1945, with three years of that time in the Navy.

Local Woman Dies in Crash On Ford Road

An auto accident, involving a man who allegedly ran a stop sign while driving with an expired license, took the life of a Plymouth woman Monday afternoon.

Killed was Mrs. Violet Marie Paulger, 58, of 15119 Northville Road, Plymouth, who was pronounced dead on arrival at Beyer Hospital in Ypsilanti. Her 16-year-old son Donald, also in the car, was treated for leg abrasions and released.

Police say the Paulger vehicle was struck by a car driven by Howard M. Hassett, 58, of Fremont, Indiana, who is currently staying at the home of a son at 2207 Walton Street in Wayne. The accident happened at the corner of Gottfredson and Ford Roads, Canton Township.

Hassett was held by Michigan State Police on a charge of negligent homicide.

The deceased, who had lived at the Northville Road address since her marriage 27 years ago, is survived by her husband, Harold; sons Donald and Robert of Plymouth; her mother, Mrs. Mabel Munroe of Dearborn; two sisters, the Misses Gladys and Cleodith Munroe of Detroit; and two brothers, Darrel and Erwin Munroe, also of Detroit.

The late Mrs. Paulger had been a member of the Newburg Methodist Church and her pastor, The Reverend Robert D. Richards, will officiate at the funeral service to be held tomorrow (Friday, October 26) in the Casterline Funeral home, Northville, at 1 p.m.

Interment will be at Riverside Cemetery, Plymouth.

While goblins and witches ride high next Wednesday night, supervised Halloween activities will take place at the junior and senior high schools to keep the young folks occupied.

Elementary school children in the public and parochial buildings will also celebrate Halloween but most of their programs will take place in the afternoon.

Adults too are being invited to observe the ghostly season this Saturday night when the Plymouth Theatre Guild holds its first annual Masquerade ball at the Masonic Temple. A number of other organizations are planning private dances and parties for the children of members.

Plymouth police promise to have every man on duty, plus some extra policemen, to make sure things don't get out of hand Halloween night. Police Chief Kenneth Fisher reports that Plymouth youngsters on the whole have been kind to law enforcement agencies in recent years by avoiding major trouble.

Residents can be sure that they will be visited by hundreds of little "beggars" during the night asking for "trick or treat." Their sacks will undoubtedly bulge to overflowing.

Because most of the little boys and girls will be wearing costumes and masks, motorists are being urged to drive carefully. Masks often block normal vision and prevent youngsters from seeing cars while crossing streets.

The Adult Education and Recreation department is furnishing the treats for all elementary school youngsters and arranging the two school dances. Director Herbert Woolweaver said that all elementary schools in the public and parochial systems will be furnished refreshments for their Halloween parties. Most of the schools will have parades of the costumed children in the afternoon, followed by the refreshments.

Safety patrol boys who guard crossings in the city are being given authority to report motorists who violate traffic laws. They have been given cards on which they note the type of infraction, hour of infraction, make of car, license number and whether a man or woman is driving.

Violation cards are then turned over to the principal of the school, who in turn will give the reports to police. Chief Fisher said that the violator will then be either approached in person or by mail.

The chief added that too many motorists are violating laws near schools and ignore the youngster who volunteers his time to the safety patrol.

Also included in the new system will be bicycle riders who violate safe riding habits. If, in the judgment of the safety patrol boy, a bicycle rider is careless, the rider's name is taken. The school principal will handle all first complaints. If more violations are recorded, police will then talk with the parents of the youngster.

THIS LITTLE RABBIT will join other unusual little creatures that will come knocking at Plymouth front doors next Wednesday night. (That's Halloween, you know.) Three-year-old Cathy Quinlan is having her bunny tall sewed on by her mother, Mrs. Joseph Quinlan, 210 Garling drive. This will be Cathy's first "trick or treat" experience.

Community Readies for Halloween

Allen School, however is having its party with the P.T.A. parents on Tuesday night.

Keeping the junior and senior high school boys and girls occupied is the aim of the recreation department and other organizations sponsoring the night dances. The junior high dance, held in the junior high gym, will be from 7 to 10 p.m. The Parent-

Teacher-Student association of the Junior high will supervise the record dance.

The high school dance will be from 8 to 10:30 p.m. Serving popcorn at both dances will be the Optimist club while the Lions will serve cider and donuts at the senior high affair. Members of the Kiwanis club will provide supervision around the building and grounds.

A date of November 5 has been set for a public hearing on the special assessment roll for storm sewers that are to be constructed in the northwest and southwest sections of the city.

Mrs. Bessie I. Dunning, Library Donor, Succumbs

Mrs. Bessie I. Dunning, donor of property which helped the city of Plymouth to retain its branch of the Wayne County Library nine years ago, died at 12:30 a.m. Wednesday in St. Joseph Mercy hospital in Ann Arbor. She was 85.

Funeral services will be held at the Schrader Funeral home at 1 p.m. Saturday with the Reverend Henry J. Walch, D.D., pastor of First Presbyterian church, officiating. Interment will be in Grand Lawn cemetery, Detroit. Friends may call at the Dunning residence at 994 Penniman until 10 a.m. Saturday.

It was early in 1947 that the city commission was faced with the threat of losing its library location. The old wing of the present library was then owned by a Detroit woman and was leased to the Wayne County Library System. When the owner wanted to sell the building, the city was unable to finance the purchase without a public vote of funds.

At a commission meeting on February 3, 1947, it was announced that Mrs. Dunning had offered to purchase the property and donate it to the city. The city later gratefully accepted the gift and named the building in her honor. Mrs. Dunning has main-

tained her interest in the library and only two months ago attended a commission meeting at which plans for a new front wing were discussed.

The Dunning name is also known through the women's apparel store on Forest avenue which is operated by Mrs. Dunning's only child, Miss Margaret Dunning.

Mrs. Dunning was born July 29, 1871 in Livonia to William and Belle Ewing Rattenbury. Her father was a prominent farmer, owning acreage that is now the site of Rosedale Gardens.

She attended Plymouth schools and later taught in schools in the area before her marriage to Charles Dunning on March 30, 1898. Mr. and Mrs. Dunning resided in Redford Township, owning a homestead at Telegraph and Plymouth roads. After the death of her husband in 1923, Mrs. Dunning moved to Plymouth.

The deceased was a charter member of the Plymouth Historical Society, member of the Order of the Maccabees and attended First Presbyterian church.

In lieu of flowers, friends are being asked to send contributions to the Cancer fund and Dunning Library.

Expect Completion May 1958; Employment of 800 Planned

Earth moving machinery rolled onto the 35-acre site of the future Western Electric company plant on Sheldon road this week to prepare the ground for the start of construction early next spring.

There will be no formal ground-breaking ceremony, Plant Manager Thomas Gibbs said this week. Instead, citizens of the community will be invited to an open house when the modern plant opens.

The building, which will contain 420,000 square feet of floor space, will face east on Sheldon road and will be just south of the C & O railroad.

A Royal Oak contracting firm, J. A. Utley, has been awarded the contract to prepare the site. Ground will be leveled and allowed to compact through the winter, Gibbs declared.

The general construction contract will be let the first of the year, the general manager added, and actual construction will start about April 1.

Because of the nationwide steel strike a few months ago, delivery of steel for the plant has been postponed from April until next September. Gibbs estimated that the plant should be ready to open by May 1958.

There will be parking space for 600 cars around the plant. When Western Electric announced in May 1955 its intentions of moving to Plymouth from Detroit, officials said that there would be 600 people employed with an annual payroll of \$3,000,000.

Gibbs told The Mail this week that employment estimates have now been boosted to 800. There are about 600 employed at the present plant on Oakman boulevard. Western Electric now leases its space from the Bell Telephone company.

The job of preparing the site is expected to be completed early in December. Western Electric will have a resident engineer living in Plymouth during all phases of the work.

Gibbs said that some present plant officials have already purchased property in the Plymouth area for the purpose of building a home here. The firm has periodically advertised for "help wanted" in The Mail in hopes of attracting Plymouth people into a plant that will move into the community.

A few Plymouthites have been

To Reconsider Bids on Paving

City commissioners approved a bid Monday night for the paving of Amelia street, but another meeting was called for Wednesday night to reconsider their action.

A bid of \$46,877.50 by the Thomas E. Currie company of Livonia was approved by commissioners Monday, although there were three others lower. Commissioners turned down the others because they were either not sure of their qualifications and were not guaranteed that the construction could be completed this year.

But further investigation since the meeting disclosed that Currie may not get the job done this year either. Commissioners also hope to learn more about other bids performed by the contractors.

The three lowest bidders were Dick Sanger, Inc., \$43,892.50; William J. Kloote, Jr., \$44,355; and G. Goccolino & Sons, \$45,062.

Plans call for the street to be paved from Farmer to Mill.

In other business before the commission, a bid was approved from the Sinacola Construction company, Inc., of Detroit, for laying street water mains. Their bid of \$8,428 was lowest among three submitted.

A date of November 5 has been set for a public hearing on the special assessment roll for storm sewers that are to be constructed in the northwest and southwest sections of the city.

Two Election Day Nurseries Planned

Volunteers who will have a baby-sitting problem when election day arrives November 6 need worry no more. The Veterans of Foreign Wars Auxiliary has the solution.

Two nurseries are being set up during the day by the Auxiliary from 10 a.m. to 3 p.m. They are located at the Veteran's Memorial Center, on Main street beside the high school; and the V.F.W. hall, located on Mill street near Ann Arbor road.

The baby-sitting service will be free. Games will be played and youngsters will be served milk and cookies.

GOP Schedules Rally For Tuesday Night

A Republican Halloween Rally at which area GOP candidates will be invited will be held next Tuesday night at the Veterans of Foreign Wars hall on Mill street.

Mrs. John Henderson, local Republican committeewoman, said that the combination rally and Halloween party is open to anyone wishing to meet the GOP candidates. It will start at 8 p.m.

Expected to attend are George Smith, candidate for U.S. Representative from the 17th district; and Sterling Eaton, candidate for state representative.

There will be singing, dancing, music, refreshments and a 13-minute movie, "The Cobo Story".

Citizens League Ratings Close In Local Races

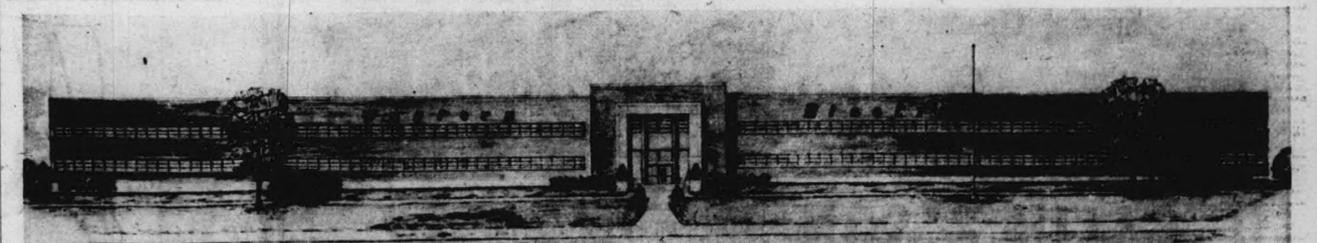

Sterling Eaton is the selection of the Detroit Citizens League in the local race for state representative, but in other contests the League is unable to make a separation in its ratings for the voters.

Eaton, Republican, is "preferred" under the League ratings and his opponent, Harvey Beadle, Democrat, is "qualified."

For state senator, incumbent John Swainson, Democrat, is listed as "preferred" and so is his opponent, George Boos, Republican.

The same situation—"preferred" ratings for both candidates—prevails in seventeenth district U.S. Representative race, where incumbent Martha W. Griffiths, Democrat, is opposed to George E. Smith, Republican.

The high rankings for everyone on the ticket are unusual and indicate an exceptionally well-qualified slate from which local voters will be choosing.

THIS IS AN architect's sketch of the proposed Western Electric company plant. Work of preparing the site along Sheldon road was started Tuesday. The front of the building, shown here, will face

Sheldon road. Similar in design to other Western Electric distributing centers, the plant expects to employ about 800 when it opens in May 1958. Actual construction of the building will start next April.

Workshop groups were held on organization, administration, public education, service and publicity. A demonstration of a cancer education program for schools was presented by Dr. Theral T. Herriek, director of curriculum, Kalamazoo public schools, during the luncheon period.

BIRTHS

A son, Robert Keith, was born to Mr. and Mrs. James E. Nairn of Sheridan avenue on October 18, Mt. Carmel hospital, Detroit, weight six pounds.

Mr. and Mrs. Lee A. Owens of 399 Sunset avenue announce the birth of identical twin sons on Wednesday, October 10. The boys have been named Timothy Dee, weight seven pounds six ounces and Thomas Lee, weight eight pounds five ounces. Mrs. Owens is the former Marion Oldenburg.

A DOCTOR WHO TREATS HIMSELF IS SAID TO BE A FOOL

By C. C. Wiltse
Registered Pharmacist

There is an old saying that a doctor who treats himself has a fool for a patient. How much truer is this when a man or woman is not a doctor. Too many people diagnose their own ailments and prescribe for themselves — or let well-meaning friends do so.

Such self-doctoring can be mighty dangerous. Infections that could be stopped quickly under the doctor's care often get out of control—requiring lengthy treatment and loss of pay, that would have been unnecessary. A self-treated condition which could have been checked promptly by the physician may lead to crippling disability.

So see your doctor when you are not well. Don't try to be your own doctor. An ounce of prevention is still worth a pound of cure. This drug store works hand in hand with your physician to keep you well by compounding prescriptions with the utmost accuracy.

This is another in a series of informative advertisements appearing in this paper each week, presented by Community Pharmacy, 330 S. Main.

Masquerade Ball Set for Weekend

Plymouth Theatre Guild will launch its first annual Masquerade Ball this Saturday evening, the event promising an evening of fun and entertainment for those attending the affair scheduled for 9 p.m. in the local Masonic temple.

In addition to being eligible for prize awards, guests will be offered such first-class entertainment as the Hal Young Quintet, artistry of Magician Roy Rew and floor show presentation by an all-Guild talent cast.

Those attending the dance have been urged to come in costume, although this is an optional requirement, to compete for the best-costumed prize. Other awards will also be made during the evening.

The talent show will include a vocal quartette, monologues, guitar folk song presentations, pop songs, whirling numbers, tap dance routines, accordion selections and comedy numbers.

'Strange Boarders' to Open Theatre Guild Season

The first of three major productions scheduled by the Plymouth Theatre Guild will be presented in the Plymouth high school on November 28, 29 and December 1.

"Strange Boarders," title of the show, is a delightful three-act comedy-mystery, that will be fun fare for the entire family.

The plot centers about the amusing antics of a scatter-brained spinster named "Cordelia" who runs a boarding house peopled by an absent-minded professor, a sea captain who considers I.O.U.'s as legal tender to pay his room and board, and two adopted daughters whom Cordelia is determined to raise in a respectable fashion.

In an attempt to place her boarding-house on a paying basis, Cordelia places an ad in a Boston paper to attract some paying guests. Much to her surprise and delight, the ad is answered by two apparently respectable school teachers and a deacon.

Cordelia is elated to think that at last, her boarding-house has acquired an air of respectability.

To Attend Republican Fashion Show, Detroit

Four residents are heading Detroit-way on Wednesday, October 31, for "The Fashion Cast," professional clothing display presented by Wayne County Republican Women at 2 p.m. in the Edsel Ford Civic auditorium.

They are Mrs. Roy Lindsay, Mrs. Arthur Johnson, Mrs. Pearl Stewart and Mrs. Charles Rathburn. Approximately 3,000 women are expected for the event which will feature fashions displayed by professional models and wives of Republican candidates for congress. The show is open to the public.

However, her delight is short-lived when she discovers that her "respectable boarders" are the fore-runners of a mob of hoodlums that are looking for a hide-out until the heat subsides from a Boston bank holdup. From there on, the fast-moving plot builds to a surprising climax that is well calculated to keep the audience in suspense, as well as stitches!

The cast includes: Jeanne Frong as Cordelia, C. V. Sparks as the sea-captain, John Lodge, the professor, Hal Young as Boston Benny, Jean Ann Aubrey as Amity, Miriam Sutherland as Priscilla, Loretta Young as Mrs. Hodge, Betty Gondek as Cancy Carol Stratton as Glory, Duane Branch as Lon, Douglas Haver-shaw as the Deacon, Jim Blackman as Smiley, Dean Saxton as John Todd and Doctor Ford Sutherland as "Joey".

Royal Rodders Sponsor Dance Friday Night

The Royal Rodders, an organization of Plymouth "hot rodders", will have a dance this Friday night following the Garden City football game and will sponsor a car safety inspection in the Central Parking lot Sunday.

Organized only this year, the group consists of Plymouth high school boys and some graduates who are licensed drivers and who have had no violation tickets, other than for parking, during the past six months. There are now 20 members.

Two public dances have already been held this fall, both attracting about 400 people. Held in the Bronson building in the Central Parking lot, parents as well as their children are invited. The dance this Friday will be from 10 to 11:30 p.m.

The public is also being invited to bring their cars to the Central Parking lot Sunday starting at 10 a.m. to have members safety-check the vehicles free of charge.

On Saturday night, the Royal Rodders are sponsoring a hayride. Tickets can be purchased from any member.

Most of the prescription doctors write today call for drugs that were unknown ten years ago. Many of them call for prescription products developed within recent months. We deem it an important part of our professional responsibility to keep abreast of the advances in medicine and to stock the newest prescription products just as soon as they are available. GIRL SCOUT NEWS

Scout leaders and other interested persons are urged to take advantage of the first aid courses to be given by Mrs. James Myers, American Red Cross instructor. The courses are being sponsored by the Plymouth Girl Scout Council and will consist of the following:

A nine-week standard course for those without previous training, meeting for a two-hour session each week starting Tuesday November 6; and another for those who have had the standard course, consisting of six weekly two hour sessions beginning Thursday, November 1. Both classes will meet from 9-11 a.m. in the Veterans Memorial building. Reservations should be made now with Mrs. Robert Houston on Mrs. James Myers.

Carolyn Scott reports that Intermediate Scout Troop 3 is working on the good grooming badge. Mrs. LaMay recently talked to the troop about good grooming, which the girls enjoyed very much. The troop was divided into two patrols. Patrol 1 chose the name "Be-bops". Susan Larkin was elected leader of this patrol and Pamela Stokes, assistant leader.

Patrol 2 will be known as the "Badgers" and their patrol leader will be Jody Edgar with Greta Jensen as assistant leader. The remaining troop officers elected were: Karen McGeehan, scribe; Helen Otwell, treasurer; Carolyn Scott, reporter; Rita Fornwald, historian; Mary Hulsing, sunshine girl; Karen Kaunisto, dietitian; and Kathy Donnelly, representative to school council.

At a recent meeting Intermediate Scout Troop 26 divided into two patrols and elected Patty Stephenson leader for Patrol 1 and Marilyn Taylor assistant leader. Luran Penney was elected leader for Patrol 2 and Christine McMullen, assistant leader. Troop officers elected were: Scribe, Carol Velma; sunshine girl, Mary Jane Cross; treasurer, Carla Wilkins; publicity, Gail Bearden. This troop is working on their second-class requirements. Troop 27 is working on their first-class requirements.

Intermediate Scout Troop 6 is also working on good grooming badges. Troop members recently visited Lov-Lee Beauty salon where Mr. Wilson, owner, gave the girls some pointers on care of the hair and demonstrated several new hair styles. He also discussed the art of make-up and care of the nails.

Troop officers are chairman, Janet Graham; secretary, Gay Shirey; treasurer, Carol Hudson. Leader of Patrol 1 is Margaret Sue Terry. Barbara Troyer is leader of Patrol 2 and Carolyn Heath, leader of Patrol 3. Mrs. George Hudson and Mrs. Melville Troyer are troop leaders.

On Tuesday afternoon, Mrs. Alice Hazen, a patient in the Hanlon Convalescent home on Warren road, was honored on her 95th birthday by Mrs. Don Miller, Mrs. Roy Mathison, Mrs. William Horsfall, Mrs. George Carpenter, Mrs. Bud Lemon and Mrs. T. M. Parsons, Jr., all of Northville. A decorated cake and ice cream were served and a most happy afternoon enjoyed by the group.

The Get-together club will meet at the home of Mr. and Mrs. Russell Rinehart on Bradner road on Saturday, November 3.

BETTER THAN ROBIN HOOD with a bow and arrows is Frostie Morgeson, 12, of 1116 Roosevelt (left above) who killed the plump cock pheasant being held by Bill Rucker, 14, of 565 Ann Arbor Road (center) and John Stone, 12, of 4324 Morrison. Robin Hood had a stationary target when he split a fellow archer's arrow already in the bull's eye, and he wouldn't even admit it was an accident. Frostie hit a moving pheasant last Sunday afternoon and he's honest enough to admit it was an accident. He shot at a target, missed it completely and was hunting for his lost arrow when his two friends found it beside the pheasant, dying of a broken neck.

Bow and Arrow Hunters Return

It's beginning to look like the cycle of history is again swinging around—at least as far as the use of weapons is concerned. At least five Plymouth hunters are known to have brought home deer this month with the use of bow and arrows. The bow and arrow season opened October 1 in Michigan.

Levi LaVergne, 215 Adams, and his son-in-law, Millard Mitchell, 48801 Gyde road, both brought back bucks that were shot with arrows near Perkins in the Upper Peninsula. LaVergne's deer weighed 120 pounds while Mitchell's tipped the scales at 110.

Dale Dauderman, 9204 Morrison, killed a 165 pounder near Atlanta in the Lower Peninsula. The eight-point buck, which would have been the pride of any hunter, was shot the second day of the season.

Bill Keefe, 9423 Corrine, shot a spikehorn Indian-fashion near Chey boygan on October 18. Another Plymouthite, Clifford Smith, 977 Dewey, was reported to have shot a buck but statistics on his kill were not available at presstime.

Basement Fire Damages Home

A basement fire of unknown origin caused damage estimated at hundreds of dollars yesterday afternoon to the home of Mr. and Mrs. William Morgan at 659 Ann Street. No one was home at the time.

A neighbor, Mrs. E. M. Moles, of 621 Ann, called firemen when she noticed smoke coming from the basement windows about 2 p.m. Firemen say damage was confined mainly to the basement, though the upstairs rooms were flooded with smoke.

Mrs. Pauline Morgan, a teacher at Plymouth Junior High, was in Detroit attending a teacher's institute. Her husband, William, a salesman, had been out hunting in the morning and left to make a business call shortly before the fire broke out. A daughter, Sally, was in school at Ann Arbor.

What at first appeared a minor tragedy ended happily for Barbara Smith, a neighbor who is to be married November 3. Mrs. Morgan had been working on a wedding gown for her and Barbara was nearly in tears before firemen rescued her gown, only slightly damaged by smoke.

Mr. and Mrs. Owen Schrader attended an open house honoring Mr. and Mrs. Theodore Johnson of Lansing last Sunday. Mrs. Johnson, a niece of the Schraders' and her husband, who were married just three months ago, are visiting here from their home in California.

Part of Arm Lost by Youth Struck by Shotgun Blast

Nineteen-year-old Harry Willnus of Livonia has lost his left arm up to his elbow as the result of a shooting last Friday night following a fight between two gangs of boys.

His assailant is Melvin H. Killion, 19, of 41889 Joy road, Canton township, who Tuesday was freed under \$500 bond after an arraignment before Justice of the Peace Michael Bradley of Wayne. Killion was charged by sheriff's detectives with "careless use of firearms."

Willnus, a Western Michigan college sophomore, is in University hospital where doctors fought for several days to save his arm. Killion remained in jail from the time he surrendered to Plymouth police until Tuesday's hearing. He has been bound over to circuit court.

The shooting victim was with a group of three friends who had attended the Bentley-Trenton high school football game while Killion and three companions were at the Plymouth-Redford Union game here. Some of the boys had fought each other on previous occasions.

By chance, the two groups met at about midnight at Bowles Drive-in on Northville road. Detectives said that some of the boys had apparently been drinking and started pushing each other around. They then decided to go some place else and finish the fight.

With Killion were Horace Bell, 19, of 196 South Main street; William Bell, 21, of 7586 Chubb road; and Allan Walton, 18, of 9210 Hagerly road. In the group with Willnus were John Hinzman, 19, of 31181 Schoolcraft, Livonia; Donald Ward, 21, of 41882 Five Mile, Plymouth; and Frank Briell, 21, of 31141 Schoolcraft, Livonia.

The two groups drove to the Killion home and Killion ran into the house to get a shotgun. His older brother, James, said that he attempted to grab the gun and that Melvin threw it on the floor. James then tried to push Briell out of the house and the two started fighting.

Melvin picked up the shotgun and from the front porch shot into the group. Willnus, who was standing by watching the affair, was about 10 feet away. The blast

Work on Plant

Continued from Page One hired at the Oakman plant. All employees are required to have at least a high school education.

The new building will be a distribution center for Western Electric. Present quarters have been outgrown. It is one of 29 such centers in the United States.

Operation of the plant has been described as a "general store" for telephone companies. All parts used in telephone communications are stocked and are ready for distribution. Equipment is also repaired and reconditioned.

In connection with the site preparation, all underground facilities such as storm and sanitary sewers and water lines will be laid for later connection with the city's services.

Heading the city's drive as general chairman is the Reverend Norman J. Stanhope, assistant minister of the First Presbyterian church. Majority of youngsters participating in the program will be from the junior high school with a few from the senior high. Canisters for the drive have been donated by Twin Pines Dairy.

The chairman stated that the staff of junior high students will attempt to cover the entire city limits. Should any home be missed, contributions may be brought

or mailed to Reverend Stanhope at the Presbyterian church office. Proceeds will be forwarded to UNICEF where they will be used to provide medical care, adequate nutrition and health measures for youngsters in under-developed countries of the world.

Contributions as small as a penny will provide a girl or boy with a glass of milk each day for one week. A nickel contribution will protect five little children against TB.

Plymouth Area Students Trick-Treat For Needy

Over 100 youngsters in the city and a similar number in the Newburg area will be conducting a "trick or treat" program to benefit less-fortunate children in other parts of the world Wednesday afternoon and evening, October 31.

Residents answering the familiar doorbell ring this Halloween will be asked to contribute funds to the United Nations Children's Fund or UNICEF.

The problem is a co-operative endeavor sponsored by the Plymouth Ministerial association and its 10 participating churches. The Newburg Methodist church, Ann Arbor trail and Newburg road, is sponsoring the campaign in that area with members of the Sunday School classes serving as solicitors. Church pastor is the Reverend Robert Richards.

Friday, October 26, from 2 to 8 p.m. is the date and time to remember because that's when the Fall Fair will be held in the basement of the Rosedale Gardens Presbyterian church — and when you hear more about it you aren't going to want to miss it!

There will be ponies and wagons for the children to ride, cartoons to keep them busy so Mom and Pop can look around by themselves a bit, balloons, candy, a bake sale, fish pond, white elephant booth, gift-ware and notions booth, Christmas and all-occasion cards for sale.

A Farm Cupboard booth will have jellies and jams and that wonderful old-fashioned treat home baked bread. Dessert will be from 2 to 4, and supper will be served from 4:30 to 8 p.m. Bring the family, have dinner out, do your Christmas shopping early, and have fun!

A book review and potluck highlighted the Women's Club meeting Thursday evening, October 18, at the clubhouse. Mrs. Agnes Pauline, Plymouth librarian, was the reviewer. Chairman was Jayne Summerlee, and hostesses were Jean Hines, Peggy Williams, Dec Eaton, Lorraine Ellerholz and Jerry Jendron.

A meeting was held Monday, October 15, at 8 p.m. at the clubhouse to formulate a program for senior high students who are children of members of the Rosedale Gardens Civic association. Mr. Washburn of 9615 Ingram is chairman of this endeavor to provide wholesome activities for these teenagers. A second meeting will be held Sunday evening, October 28 at 8 p.m. and will be a Fireside party. This party is open to senior high students who are children of Civic Association members only, but each teenager may bring one guest. For further information, call Mr. Washburn at GA. 1-6820.

ing were Mrs. Charles Morris, Mrs. Anthony Santish, Mrs. George Rinsler, Mrs. Frank Wilk, Mrs. Edward Bielaczko, Mrs. Walter Syrylo, Mrs. Allen, Mrs. Charles Nouhan, and Mrs. Richard Hunter. Plans were discussed for the Doll Booth for the church bazaar to be held at the school November 16-18.

Committee Mothers Janet Kitts, Betty Dana, Pat Bowers, Betty Darden, Earlean Pomroy and Troop Leader Dorothea Smith met Tuesday evening, October 15, at the home of Betty Darden to discuss activities for the new Brownie troop. By the way suggestions flew around, the girls are going to be very busy during the next few months. Means of raising money to get materials for the girls to work with were also discussed. Refreshments were served at the end of a pleasant, productive evening.

We are sorry to hear that Marie Heitner, daughter of Mr. and Mrs. Oscar Heitner, 11320 Berwick, was seriously injured in a fall Saturday, October 13, and is in Mt. Carmel hospital. After an operation and several blood transfusions, Marie is recovering but will be in the hospital for a while yet. Hurry up and get well, Marie, so we can be writing happier news of you soon!

The telephone number to call is still GA. 1-5231! Please let me know of birthday parties, other parties, visiting firemen, and so on that your neighbors and friends will know what you are doing.

A class in first aid is being offered to the Livonia area by the Red Cross. Purchase of a text book is required of those taking the course. The Suburbanite Bowling League met October 17. Rosedale Garden members are Barbara Brady, Betty Talbot, Marie Boss, Jean Gizowski, Lucille McNulty, Betty Wallo, and a new resident, Dorothy De Wulf of Woodring street. Dr. Michelson, assistant superintendent of schools, spoke briefly, followed by Mrs. Wilbert West, county director of P.T.A., who explained the work and aims of P.T.A.

The new 1957 Plymouths are low, wide, ground-hugging and powerful. They have a revolutionary new Torsion-Aire ride, said to be the most important advancement in automotive design since the introduction of independent front suspensions. The parking-turn signal light is positioned parallel to the headlight to give a dual headlight effect.

Alligator hoods on the new 1957 Dodge trucks open upright to a full 90 degrees to provide accessibility for easier servicing. The new 100 pick-up pictured is offered with choice of 204-horsepower Power-Dome V-8 or 120-horsepower 6-cylinder engine, and 1875-pound maximum payload capacity. Other larger pick-ups are offered with 3725- and 4875-pound payload capacities. Power steering, power brakes, and push-button driving controls with 3-speed automatic transmissions are available on all pick-ups.

Brothers, Sisters Attend Reunion At Spicer Home

Five brothers and sisters, all over 65 years of age, were reunited for a day in Plymouth last Thursday. And to make the event complete, they placed a telephone call to another sister in Miami, Florida who was unable to make the trip.

Host for the reunion was Sam Spicer, 41800 East Ann Arbor trail, well-known retired Plymouth township official. His brothers and sisters came from California, Indiana and Detroit for the reunion.

Mrs. Fannie (Doerr) Pitts, formerly of Plymouth and now of Hollywood, California, has been visiting Mr. and Mrs. Spicer and their daughters' families, Mr. and Mrs. Louis J. Norman and Mr. and Mrs. Jesse Tritten, for the past month. She also visited relatives in Detroit, Birmingham, Marshall and Brooklyn, as well as many Plymouth friends and neighbors.

In Plymouth for the past two weeks to visit relatives and friends has been Miss Mabel Spicer, now of Plainfield, Indiana. Another sister and her husband, Dr. and Mrs. H. W. Mason of Plainfield, Indiana, arrived last week for the reunion. The reunion was nearly complete when Mr. and Mrs. Frank A. Spicer of Detroit and Vineyard Lake joined the group Thursday.

The telephone call was placed to the sixth member of the family, Mrs. William Wakely, in Miami.

Salem GOP Club To Hold Party Tomorrow Night

The Salem Republican club again is sponsoring its regular candidate party at which the citizens of Salem township will have the opportunity of meeting the county Republican candidates as well as those on the state level at a party arranged for tomorrow evening, October 26 at the Salem township hall, at 8 o'clock.

Herman Scheel, caller for square dances, and his orchestra will be on hand for the evening's entertainment. Refreshments will be served and everything is furnished free by the local Republican club. The candidates will be introduced and given a few moments to speak between dances and are free to mingle with the crowd.

Salem Township will have two proposals of their own to vote upon at the November election. They are whether liquor shall be sold by the glass in the township and a proposal calling for the purchase of additional fire equipment costing not more than \$12,500. This amount is to be spread and collected in December 1957.

The township has a record list of registered voters, just under 1,000, which is about 200 more than four years ago. The Republican club through the use of a public address system mounted on cars will make every effort to get as nearly as possible a 100 per cent turnout for the November election. Forty-three percent of the township voters turned out for the August Primary, the largest in Washtenaw county.

Today — more people than you imagined wear elastic stockings. You can't tell that they do because modern elastic stockings look like fashionable hosiery. They're knit of nylon-elastic and shaped to hug the leg as snugly as a second skin. Lightweight... comfortable... attractive — yet they provide essential support for surface varicose veins. See them today. You'll love the beautiful muted shades.

Favorite Recipes From Plymouth's Kitchens

Greasing a miniature loaf tin which will house "Applesauce Cake" like Mom's bigger edition is three-year-old Dale Stanhope helping Mrs. Norman Stanhope prepare the favorite recipe.

Mrs. Stanhope Offers Wisconsin Apple Recipe

A favorite recipe from the southern Wisconsin apple region comes our way this week through courtesy of Mrs. Norman Stanhope, 650 Simpson, whose husband is minister of Christian Education at the First Presbyterian church. Here's the Wisconsin recipe: Applesauce Cake

- 1 1/2 cups applesauce
- 1 tablespoon hot water
- 2 cups all-purpose flour
- 2 teaspoons soda
- 1 teaspoon cloves
- 1 teaspoon cinnamon
- 3/4 teaspoon salt
- 1 cup seedless raisins (or 1/2 cup raisins and 1/2 cup nuts)
- 1 cup sugar

cream sugar and shortening. Add applesauce (sweetened as for table use) and hot water. Sift together flour, soda, spices and salt, then add to mixture. Add raisins, dropping in flour before batter is stirred. Beat. Bake in loaf pan 30 to 40 minutes at 350 degrees. Applesauce cake, the recommendation, is a neighborhood favorite in Mrs. Stanhope's hometown centers of Clinton and Beloit, Wisconsin, and was a popular menu item in her great grandmother's day. Easy to make, the cake keeps well and is equally good served plain or topped with white frosting or whipped cream.

SPORTS Plymouth Wins Homecoming Game

A TENSE MOMENT in Friday's game is reflected on the faces of these players as they stand on the sideline waiting for coach Mike Hoben to send them back into the conflict. The anxiety shown was caused only by the fear that Plymouth might not score and it proved groundless a few moments later when the Rocks drove to their second touchdown of the evening.

All the ingredients of a fine football evening were present when the Plymouth grid squad took on the Redford Union eleven for the homecoming game last Friday and the boys in cleats and helmets added the final spice of a 14-0 victory to give Plymouth fans a perfect night.

Students Select Football Winners

It begins to look like Plymouth High School students have a monopoly in the football forecast field as two more boys from the local school placed first and third in this week's Plymouth Mail Football Contest.

First place winner was Kurt Atchinson, 14, a golfing enthusiast who has more than a passing interest in weekend football war. Kurt, of 9048 Rocker, picked 13 winners out of a possible 14, the Holy Cross-Dartmouth game being eliminated because of a tie.

Second place winner was Mrs. Francis Schwartz, a housewife living at 9114 Brookline. Mrs. Schwartz and her husband, Henry, are both football fans, Henry having played high school and semi-pro football.

Taking third place this week was Jim Herter, 14, of 15559 Bradner. Jim, a freshman at Plymouth High, placed second in last week's contest.

Both Mrs. Schwartz and Jim Herter picked 12 out of the possible 14 winners but Mrs. Schwartz predicted the Lions-Forty Niners score by a closer margin than Herter.

This is the first win for Kurt and Mrs. Schwartz, though Mrs. Schwartz husband has won once and made second place twice in the three years of the contest.

Nearly all "amateur experts" were upset by the T.C.U.-Texas A & M and the Penn. State-Ohio State games, most of them going along with T.C.U. and Ohio State. This, however, was no cause for embarrassment as most of the professional predictions on these games agreed with them.

You may still match wits with the experts by filling out the entry blank which appears in this paper and getting it to the Plymouth Mail office before the deadline at 5 p.m. Friday.

Plymouth coach Mike Hoben hopes to gain experience and seasoning in the last two games against non-league opponents. The games also compensate for a short league season of only five games.

Homecoming festivities started with a pep rally and bonfire which ended up as a three-block-long "snake dance" leading to the crowded football field.

"Moms and Dads" of all the Plymouth players had seats reserved on the 50 yard line, the "Dads" sitting on the sidelines only a few feet from their sons on the players bench.

Carol Clarke was crowned "Homecoming Queen" by senior class president Dave Decoster during half time ceremonies.

As gentlemen will, the football team waited gallantly until after the queen was crowned before stealing the spotlight themselves.

Plymouth's Ken Calhoun scored on a two yard slant back in the third minute of the last quarter to break a scoreless tie and Harvey Wells converted the extra point to make it 7-0. Two minutes later Calhoun scored again on a "delay" play covering 13 yards against the tiring Panthers and again Wells obliged with the extra point.

The Panthers never seriously threatened the Rock goal line during the first three periods and they seemed to tire badly as the game drew to a close. Friday's defeat left the Redford team in the suburban-six league basement with no wins and five losses.

In addition to Calhoun and Wells, coach Mike Hoben commended quarterback John Thomas for his fine running and signal calling and tackle Biff Tate for a rousing defensive game.

"Our whole defensive team buckled down and played good ball," Hoben said, "and it's hard to name outstanding individuals."

"Calhoun carried the ball" was a phrase used frequently by the field announcer Friday night. According to the records, the fleeting fullback picked up 153 yards on punt returns alone and added another 53 yards rushing to gain a total of 203 yards for the game.

Statistics indicate the edge enjoyed by the Rocks. Plymouth made seven first downs to Redford's three, picked up 164 yards rushing to only 74 for Redford and gained 68 yards passing to the Panther's 27.

Both teams passed 14 times, Plymouth completing six with one interception. Redford completed three passes, one of which was intercepted.

In other final league games of the season, Allen Park defeated Belleville 13-6 and Bentley topped Trenton 14-7. Final suburban-six standings:

	W	L	T
Bentley	4	0	1
Trenton	3	1	1
Allen Park	3	1	1
Plymouth	2	2	1
Belleville	1	4	0
Red, Union	0	5	0

The Rocks now look forward to two non-league games, the first with Garden City here tomorrow night and a game with Ypsilanti at Ypsi on November 2.

MORE SKUNK SCORES

"Skunk" scores continue in the grade school touch football tournament sponsored by the Plymouth Department of Recreation under director Herb Woolweaver. Thus far in the season no losing team has scored a point.

In last week's play Starkweather topped Canton Hill (outlying school) by a score of 9-0 and Bird School won their game with Allen 6-0.

Standings in the touch football league, composed of fifth and sixth grade elementary students, is as follows:

	Won	Lost
Bird	4	0
Catholic	3	1
Allen	2	1
Starkweather	1	2
Smith	0	3
Canton Hill	0	4

Jerry Foreman, supervisor and head official of the diminutive football league, reports there are five games left in the 1956 touch football season.

Seven members of the 1956 Detroit Lions team were either bonus or No. 1 draft choices in the National Football League.

Rock Harriers End Perfect Year, Eye Regionals Saturday

The Plymouth High School cross country team has accomplished a near miracle by wrapping up a perfect season this year after coming back from a year's lay-off during which they did not even have a team.

Rock Harriers took a triangular meet with Redford Union and Detroit Lutheran scoring 28 points to Redford's 38 and Lutheran's 56. They then went on to win the league meet in competition with all five other teams in the suburban-six. The scores: Plymouth 33, Redford Union 59, Allen Park 73, Trenton 76, Bentley 115 and Belleville 156.

In the triangular meet team captain Dave Decoster led Rock runners over the "short" two mile Redford course in a fine time of nine minutes and 21 seconds to beat Redford's highly touted, record breaking Neal Murray, who placed second in 9:23.

Charlie Westover of Plymouth took third place with a time of 9:52. Redford's Beardson was fourth with 9:56 and Tony Monte of Plymouth came in fifth with 10:05.

Taking eighth, eleventh, fourteenth and eighteenth places for the Rocks were Otto Bufe, Jim Dzurus, John Williams and Jim Urquhart.

In the league meet, with a field of runners on the course, Plymouth's Dave Decoster proved his superiority over Redford's Neal Murray more conclusively by beating him to the finish line by 22 seconds.

Decoster set records in both meets as he defeated Murray on his home course and again at Idyl Wyld Golf Course where the league meet was held.

Tony Monte of Plymouth followed Murray to the tape at Idyl Wyld and lost out to the Redford runner by only one second to take third place in 11:29. Plymouth's Westover, Bufe, Dzurus, Williams and Urquhart finished seventh, tenth, twelfth, twentieth and twenty ninth in the 42 man field to show the well balanced team strength that has brought them through the '56 season undefeated.

Coach John Sandmann's squad travels to Trenton Saturday morning to run against 14 other teams in the regional meet. Allen Park and Bentley also make the trip from the suburban-six ranks. The first four teams in the regional meet will make the trip to Ypsilanti on November 3 to run in competition against top teams from all over Michigan.

"There are some good distance men running in the regionals," coach Sandmann remarked, "but we'll be there with our track shoes and they'll have to prove it."

Ray Krouse, Detroit Lions tackle from Maryland, admits his most embarrassing moment in sports was during the 1949 Gator Bowl game when he fell asleep during the halftime intermission.

Harry Gilmer, veteran quarterback for the Detroit Lions, reported to "rookie" camp for the ninth straight year in '56. "Every year since I've been in football, since 1948, I've been asked to early drills. Just call me a "nine year rookie."

Coach Buddy Parker of the Detroit Lions ranks with the real "veterans" in the National Football League. The 1956 season is Parker's 22nd in the NFL and his 31st in football, counting college, high school, and grade school.

Detroit Lions halfback Yale Lary played professional baseball with Austin of the Texas League before he reported for 1956 football practice.

Part of a rookie player's indoctrination in the Detroit Lions camp is to stand on a chair, with hand over heart, and sing his school song.

Rock Harriers took a triangular meet with Redford Union and Detroit Lutheran scoring 28 points to Redford's 38 and Lutheran's 56. They then went on to win the league meet in competition with all five other teams in the suburban-six. The scores: Plymouth 33, Redford Union 59, Allen Park 73, Trenton 76, Bentley 115 and Belleville 156.

In the triangular meet team captain Dave Decoster led Rock runners over the "short" two mile Redford course in a fine time of nine minutes and 21 seconds to beat Redford's highly touted, record breaking Neal Murray, who placed second in 9:23.

Charlie Westover of Plymouth took third place with a time of 9:52. Redford's Beardson was fourth with 9:56 and Tony Monte of Plymouth came in fifth with 10:05.

Taking eighth, eleventh, fourteenth and eighteenth places for the Rocks were Otto Bufe, Jim Dzurus, John Williams and Jim Urquhart.

In the league meet, with a field of runners on the course, Plymouth's Dave Decoster proved his superiority over Redford's Neal Murray more conclusively by beating him to the finish line by 22 seconds.

Decoster set records in both meets as he defeated Murray on his home course and again at Idyl Wyld Golf Course where the league meet was held.

Tony Monte of Plymouth followed Murray to the tape at Idyl Wyld and lost out to the Redford runner by only one second to take third place in 11:29. Plymouth's Westover, Bufe, Dzurus, Williams and Urquhart finished seventh, tenth, twelfth, twentieth and twenty ninth in the 42 man field to show the well balanced team strength that has brought them through the '56 season undefeated.

Coach John Sandmann's squad travels to Trenton Saturday morning to run against 14 other teams in the regional meet. Allen Park and Bentley also make the trip from the suburban-six ranks. The first four teams in the regional meet will make the trip to Ypsilanti on November 3 to run in competition against top teams from all over Michigan.

"There are some good distance men running in the regionals," coach Sandmann remarked, "but we'll be there with our track shoes and they'll have to prove it."

Ray Krouse, Detroit Lions tackle from Maryland, admits his most embarrassing moment in sports was during the 1949 Gator Bowl game when he fell asleep during the halftime intermission.

Harry Gilmer, veteran quarterback for the Detroit Lions, reported to "rookie" camp for the ninth straight year in '56. "Every year since I've been in football, since 1948, I've been asked to early drills. Just call me a "nine year rookie."

Debate, Drama Group To Attend U-M Event

The drama class, under the direction of Robert Southgate, and Miss Betty Stevens' debate team are planning a trip to the annual University of Michigan High School Debate and Theater assembly on Saturday, November 3, in Ann Arbor.

The event will take place in the Lydia Mendelssohn Theater, Michigan League building. The assembly begins at 9:30 a.m. and will continue until 4 p.m. There will be a break for lunch when the students will eat in the main cafeteria.

The morning session will be devoted to debate and will consist of a discussion of the high school debate question by authorities on the University of Michigan Debate squad.

In the afternoon, University of Michigan theater students will present the 19th century melodrama, "Under The Gaslight" by

Daly, as a play suitable for high school production. Following the play, members of the University's faculty will discuss problems of producing the play in the high school.

The University of Michigan speech department has provided the drama class teacher, Robert Southgate, with a guide which will enable him to discuss with his students before coming to Ann Arbor, the historical background, characterization, and production problems of the play.

No charge will be made by the University of Michigan speech department to the students attending the assembly. The play and debate program is given for benefit of the high schools in this area. The result of the workshop program will be improved knowledge of the drama class concerning stage productions and the wisdom gained by the debating team will be shown in further debates.

Senior Art Students Making Clay, Copper, Craft Objects

"A variety of different crafts are being made by the all senior advanced art classes", stated Mrs. Frances Overton, high school art teacher. The students are making articles of clay, copper enamel and plain copper.

The class has learned from seeing two movies the process of wedging and kneading clay. This is the preparation necessary to get all the air bubbles out of the clay, which, if not removed, will burst when fired.

The students know how to build vases and dishes by the slab method, which later will be glazed and fired.

From copper enamel, members of the class are making pins, earrings, cuff links and jewelry of all sorts, using glass lumps and glass threads to make the enameled design on the copper. The enamel work has to be fired also.

From plain copper, the students design and make their own jewelry, first drawing the design on paper, then cutting out the shape from 20 gauge copper. The pins are darkened in liver of sulfur and the highlights are polished

with steel wool. To keep from discoloring, the pins are painted with clear lacquer.

9th Graders in Charge Of Game Concessions

Ninth graders will be in charge of concessions at the Plymouth-Garden City football game played here Friday, October 26.

Jim Herter, president of the freshmen class, will head the selling of refreshments with Edgar Brown as faculty advisor.

On the committee for selling hot dogs are Maureen Hanson, Kay Selle, Linda Jordahl, Brenda Richardson; coffee, Jim Herter; cider, Gloria Bowles and Mike Porter.

Other teachers assisting are Urey Arnold, Miss Gertrude Fiegel, Mrs. Elaine Hegstrom, Mrs. Jane Maddox, Mrs. Christina Soules, Robert Smith, Conrad Moiso, Miss Florence Walker and John Hoben.

The ninth-grade class will also have charge of a dance at a later date.

Name Chairman of Choir Dance

David Graves, sophomore, will be general chairman of a dance to be sponsored by the high school choir on Friday, November 2, from 8-11 p.m. in the high school auditorium.

Tickets to the dance will be sold at the door. Refreshments will be sold by James Rollins and Don Rondeau.

Chaperones will be Mr. and Mrs. Austin Stecker and Mr. and Mrs. Lester Upton, parents of

Julie Stecker and Ronald Upton, both sophomores at Plymouth high.

Those coming to the dance from the same after 10 o'clock will be admitted at half price.

Despite the theory, local situations often require special solutions in a democracy, and there is no one rule by which all people can be governed alike.

Farm Price Supports, Debate Team's Topic

The topic to be debated this season by the Plymouth high school team, directed by Betty Stevens, will be "Resolved: that the Federal Government should sustain the prices of major Agricultural products at not less than 90% parity."

Students interested in joining the debate team should speak to Miss Stevens. The discussion group, whose proposition is usually a different phase of the topic, needs two students to participate.

The team has already debated with Farmington in practice. Although a definite schedule for formal debates has not been set up, Ed Miller and Gerry Love were the negative team members; Betty Worth and Bill Black, affirmative members for the practice. The varsity squad last year finished as unofficial "runners-up" in the league.

A Spice of Danger
An Englishman was once invited by a New York man to accompany him on a hunting trip to Long Island.

"Large or small game?" queried the Britisher, who had hunted in every quarter of the globe.

"You don't expect to find lions and tigers on Long Island, do you?"

"Hardly, but I like a spice of danger in my hunting."

"If that's the case," answered the New Yorker, "I'm your man all right. The last time I went out I shot my brother in the leg."

BIRD SCHOOL was the scene of Cub Pack 293 activity Thursday afternoon as members carried out their September conservation theme by planting mountain ash and assorted shrubs to enhance and preserve the schoolgrounds. The project in process above, was supervised by Cubmaster Clare Wilson and Arthur Shepard, assistant cubmaster of the 60-member Bird school pack. Materials were donated by Harold Thomas Nursery of Livonia.

Just about anyone can tell you how the election is coming out in November.

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

Here are the trucks that conquered the ALCAN Highway—one of the world's most challenging roads! Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail—every conceivable natural roadblock—to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours.

Like a carelessly unwound ribbon, the Alcan Highway twists and reels for 1,520 miles. It tumbles over towering mountains of awesome beauty and wanders through desolate Yukon forests.

It's the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts jolt and jar each chassis unit.

This is the road that was chosen to give the new '57 Chevrolet trucks a supreme test of stamina, performance and handling ease. The results of that test made hauling history!

Six new Chevrolet trucks—representing light-, medium- and heavy-duty models—traveled the length of the Alcan highway in less than 45 hours. They ran day and night—but this was no test of speed. The Chevrolet Alcan fleet

made normal stops, and maintained safe and legal speeds all the way. As a special additional test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks—is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate the C.O.E. because they're lower, hand-somer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider.

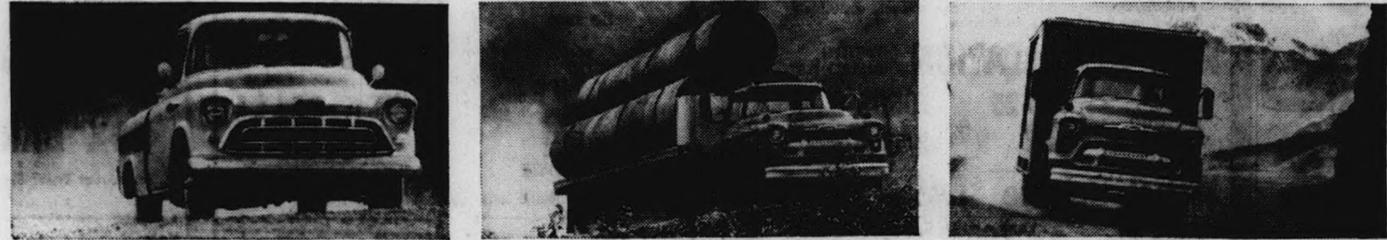

The Chevrolet Alcan run was sanctioned and official results certified—by the AAA.

Proved on the Alcan Highway . . . **CHEVROLET** Champs of every weight class!

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and Overdrive (optional at extra cost).

All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

New Super Taskmaster V8 flattens Yukon mountains! This Series 5000 truck with its new 283-cubic-inch V8 climbed towering grades with ease.

Burt Boyar IN NEW YORK

THE FRIARS CLUB gave their first Celebrity Luncheon of the year. They served fruit cup, string beans, potatoes and roasted Sammy Davis Jr. . . . Sam was the fall-guy . . . It was a stag affair at the Delmonico Hotel . . . And it's said to be the best they've ever had . . . The dais, from left to right, started with Lew Parker, Phil Foster, Gene Baylos, Lou Holtz, Borough President of Manhattan Hulan Jack, New York's Secretary of State, Carmine de Sapio, Harry Delph (Dean of the Friars), Red Buttons (who M.C.'d), Sammy Davis Jr., Joe E. Lewis (the Friars' Abbott), Walter Winchell, Jack Carter, Alan King, Judge DiFalco, Jack E. Leonard and Eddie Fisher.

LEWIS SAID, "It's so wonderful being up at this hour. Actually, I'm not really up, but it feels nice." He had the mike right against his lips making his voice sound fuzziest than ever. He said, "I sound like the all clear signal at a floating crap game." Winchell heckled, "Speak into it. Don't kiss it. I'm going to do it introduce the gentleman who is one of the greatest entertainers of all time. Sammy Davis Jr." Sammy stood up, bewildered. This wasn't supposed to happen till the end. Red Buttons said, "You're supposed to introduce me." Joe apologized for his mistake, "I wasn't supposed to introduce Mr. Davis at all. You're catching me on a losing streak. So, I want you to meet Davis' nephew Red Buttons."

RED BUTTONS took the mike and stated, simply, "It's a happy thing throwing a luncheon for someone we like very much and who has accomplished something in our business—whatever business that is— Buttons paused and looked at Sam, "Don't get a big head, you bum, we couldn't get Rin Tin Tin." He said, "I have a few wires to dispense with before I begin introducing people." He looked over at Winchell and said, "Walter, it's nice to see you take a few minutes off from fighting to come over here." "I have a wire from Adam Clayton Powell who says (to Sam) "if you vote for Stevenson you'll never play the Apollo again." And here's one from Confidential Magazine. It says, "You made us what we are today." The laughs Buttons got were so tremendous the tables were shaking. "Get a load of this," he said wryly, "I have to make a comeback at a stag." WW heckled, "C'mon, get the show on the road and make it funny." It started Buttons' hysterical job of Mc'ing. The funniest we've ever heard. He looked at Winchell and snapped, "I made you and I can break you." Buttons told the crowd, "I want to introduce one of the finest singers to come along in—three or four months. Eddie Fisher."

EDDIE WALKED over, stood in front of the mike and opened his mouth. Before he could utter a word, Jack E. Leonard shouted, "That's clever!" Fisher groaned, "Oh, I'm going to get it good." Leonard snapped at him, "C'mon Eddie, sing a few speeches." Eddie said, "I was going to do an imitation of Sammy Davis doing an imitation of me but I left my dancing shoes home." The joke died miserably. He looked to the end of the dais. Leonard shouted, "Don't look at me. I didn't give you that joke." Fisher moaned, "I'll never get through this." Leonard snapped, "I hope not." WW joined in, "Sit down."

EDDIE CONTINUED, "Sammy and I met in '51 when we were both on the Eddie Cantor show in Philadelphia." WW groaned, "Oh, for Gawd's sake." Joe E. who had been ad libbing stood up and said, "I'm doing better than he is." Eddie took his notes in his hand. Winchell heckled, "Go on, read it." Before he could start, Leonard stood up and said, "I assume this will be your closing remark." Winchell held his head in his hands, groaning as the performers murdered Eddie Fisher. "Ohh," cried WW, "and they say critics are cruel." . . . Jack Carter looked up at Eddie and suggested, "Work without the mike. You're better off." . . . Joe E. Lewis came in with, "3 to 1 he don't sit down."

FINALLY THEY let him speak. He said, "I just want to say that I don't know anyone who's taken success as well as Sam. It's tough to handle when it comes so fast and no one has handled it better than Sam. Someone once told me that success is not a destination, but a journey. Sammy, I hope you make it a very, very long one."

RED BUTTONS took over again, Winchell blew his nose with a powder blue handkerchief. Buttons turned on him and said, "Walter, you could've used a white handkerchief. We're not on TV." Carmine de Sapio, Manhattan Borough Pres. Hulan Jack, Lou Holtz and The Honorable Judge DiFalco took a bow.

BUTTONS INTRODUCED the Director of Internal Revenue. Winchell and Joe E. Lewis simultaneously ran screaming from the dais . . . He then introduced Jack E. Leonard who came on and told Buttons, "I certainly enjoyed the end of your career today." . . . Leonard turned to Winchell and said, "Mr. Winchell, I like Ed Sullivan." He then said, "Walter, you're doing a great job on your TV show, I think it's fine, you're a very clever fellow, but I just want you to know that soon you'll be off the air with the rest of us."

"BUT SINCERELY," he said to Sammy, "and I say that very sincerely—"Remember, if you ever need a friend—try to find one."

PHIL FOSTER and Gene Baylos took their turns and were sensational. Then, Walter Winchell said, "There's just one thing I'd like to say to Sammy. I join all the others who have saluted you and honored you here today with quips, etc. You know we are all devoted to you and respect your art and talent. I've said before and it's appropriate now, Damon Runyon once wrote something that I have never forgotten. He said that the word 'class' was difficult to define. 'Class,' he said, 'was something you couldn't feel, you had to see it. Once you saw it you recognized it and once you recognized it you never forgot it.' 'Class,' he said, 'was something you might find in the grace of a ballerina, the lift of a thoroughbred's hoof, or the flip of a champion's glove, and you never forgot it.' Gentlemen, Damon must have meant—Class—Sammy Davis."

SAMMY THEN received gold Friar's cufflinks. It was his turn. Time for him to try to say thank you, which of course no one can ever really do. But, his try was one of the best ever heard. He said, "Almost all the gentlemen on this dais have helped me in one way or another, Red and Jack E. Leonard were the first ones to come backstage at the Riviera, when we first opened there, and say, 'Keep it going. You've got a good act.' Joe E. Lewis has always dropped backstage whenever he could and given some wonderful constructive criticism. Mr. Winchell and I have had our ups and downs, but anything he's ever said about me that wasn't too nice to read has been something I've learned from. I've made mistakes. When it comes so fast I guess you have to—I'll try to live up to this—I want to thank everyone—I'm about to cry." And he did!

And his father, sitting right next to us, got a little misty-eyed, too, and said, as though thanking God, "I'm one of the happiest men in the world to be living to see this happen."

The memoirs of former Japanese Foreign Minister Togo, now deceased, are worth reading.

Ancient Druids, Medieval Church Began Current Halloween Tradition

Witches, goblins, bobbing for apples, ghosts—all are synonymous with Halloween, but do you know why?

Once a year, around October 31, a University of Michigan associate professor of history tells his students the historical background of Halloween.

Back in the Ninth Century, Prof. William R. Leslie points out, the Roman Church celebrated the vigil of the Allhallow's Mass on October 31, which was Allhallow's Eve—by the name for the day. The following two days were All Saints Day and All Souls Day. When the church would celebrate the memory of the whole company of the dead.

"We think of Halloween, in this respect, as a Christian festival," Professor Leslie says. "However, it was originally adapted from the Druids celebration of the Harvest."

In ancient times at the Druids festival in Ireland, Saman, the lord of death, called together all the wicked souls that had been condemned to occupy the souls of animals. So, in many parts of Ireland, Halloween is called the Vigil of Saman.

Years ago in England on this day, the bones of the dead people were burned in a funeral fire, or "bone fire." This is where the name "bonfire" originated.

"On the night of this fire," Professor Leslie relates, "everyone attending would put a stone with their name on it around the base of the fire. Those whose stones were turned over the next morning were expected to be dead within the year."

In direct contrast to the Christian celebration of Halloween was the Witches Sabbath and the celebration of the Black Mass in old Europe. Instead of honoring Christ, all of the evil people would honor Satan. "This is the night that evil spirits, goblins, and such would march around," Professor Leslie says, "so this is why witches and goblins are so popular on Halloween."

Bobbing for apples, another Halloween tradition, got its origin back in medieval times when the children would play a game with a candle and an apple. They would form a circle, with their hands tied in back of them, and one person would stand in the center twirling a stick with an apple on one end and a lit candle on the other. The trick was to bite the apple and avoid getting burned.

Auxiliary Aids Families Of Hospitalized Veterans

Aid to families of sick and disabled war veterans will continue to be a major activity of the American Legion during the coming year, reported Mrs. Melva Gardner, president of Passage-Gayde Auxiliary unit.

Your Community Fund Money Supports Playground Activity

(EDITOR'S NOTE: This is the third in a series of articles telling where Plymouth Community Fund money goes.)

One of the largest single chunks of the Plymouth Community Fund goes to an organization that probably serves more local people than any other agency.

The Adult Education and Recreation department, with its headquarters in the high school,

this year will receive \$4,000 from the Community Fund.

This money is earmarked, according to Herbert Woolweaver, head of the department. It will go specifically for the summer playground activities and next week's Halloween parties that will be held in all schools of the Plymouth Community system.

Only those who venture around the high school on week-end nights can realize the vastness of the department's program. The school is crowded with adults. And even then, only a portion of the work can be seen.

The department this year has a budget of \$37,800. Most of this money is derived from fees paid by those taking the courses. This semester there are 600 enrolled in the many adult education classes. There are another 450 taking part in other activities such as swimming and square dancing.

Nine playgrounds are in operation during the summer to provide youngsters guided recreation in their neighborhoods. This program alone takes nearly all of the \$4,000 derived from the Community Fund.

Two of the community's cultural organizations are under the wing of the department. They are the Plymouth Symphony Orchestra and the Plymouth Theatre Guild—both highly regarded by those who like the dramatic arts and fine music.

Large thick crayons are better than the thinner ones for the preschooler, suggests M.S.U. child development specialists. They will not break as easily and they can be held and managed more easily by small children.

Plymouth to Have Picture Painted

At the monthly meeting of the Three Cities' Art Club it was voted to make this year's project a spring '57 exhibit of paintings by members of both the dynamic growth and charming old historic spots of the three cities of Plymouth, Northville and Livonia.

The October meeting was held in Livonia at the home of Olive Zick with Hilma Aubert as co-hostess. Members of the club are enthusiastic amateur and professional painters and residents of the three communities.

The November meeting will be held in Plymouth at the home of Marion Sober with Catherine Hartley of Northville as co-hostess. Hilda Sands, Northville, artist well-known both locally and in Detroit, is president of the Three Cities' Art Club.

Suggests Savings

As Americans everywhere pause to observe "National Thrift Week," Postmaster George Timpona reminds local citizens that United States Savings Stamps and Bonds are excellent tools for putting thrift into practice.

"Some people may be surprised to learn that more than 107 million Savings Stamps were sold during the past year, with a total value of over \$19 million," Timpona commented. "The national sales volume was the highest in nine years."

Serving As We Would Wish to be Served

VFW AUXILIARY'S eighth annual Smorgasbord dinner is planned above by General Chairman Mrs. Louis Dely, center, Beverly Brown, left, and Mrs. Roy Warner, co-chairmen. The event will be held Sunday, November 4, at the VFW hall on Lilley road. Featured menu will consist of traditional Swedish meatballs plus a wide variety of breads, meat, salad and dessert dishes. The dinner is open to the public with serving hourly from 1 through 5 p.m. Tickets are available at the Linda Lee shop or from any VFW post or auxiliary member.

VFW Smorgasbord Feature Host of Delicacies

Plans for staging of its eighth annual Smorgasbord dinner at the VFW Hall on Sunday, November 4, have been announced by the Veterans of Foreign Wars Auxiliary, sponsors of the event.

Chairman Mildred Dely reported that approximately 130 dinners will be served each hour between 1 and 5 p.m. Tickets may be purchased from V.F.W. Auxiliary members or at the Linda Lee shop on Forest avenue for the specific hour in which the individual wishes to dine.

The chairman added that visitors are assured the same amount of food whether they come for the opening or later hours. She is being assisted on plans for the event by Marion Warner and Beverly Brown.

Stockholm, Sweden has been considered the capital and home-

town of smorgasbord, but all Baltic lands have been enthusiastic of foods served in this manner, particularly when food supplies were plentiful. Under present Swedish law, however, no restaurant may serve more than six different dishes on its general table as compared with 30 or more served in former times.

The word, "smorgasbord," means bread and butter. The All-mant smorgasbord, general bread and butter table of pre-war times, is now seen in its full glory only in food-rich America, where its popularity increases each year. The name is misleading, however since bread and butter are but an introduction to various salads, egg dishes, cold cuts, relishes, jellies and other foods offered the diner.

In addition to its main attraction, Swedish meatballs, this

year's menu for the V.F.W. Smorgasbord will include baked ham, turkey, baked beans, Mexican corn, creamed green beans, potato, cabbage, waldorf and molded gelatin salads, deviled eggs, assorted relishes, cottage and other cheeses, fish, assorted breads and Swedish crumb cake.

The public is cordially invited to attend. Reservations should be made now.

Offer Halloween Crew Surprise Cookie Treats

Don't let the "trick or treat" crowd catch you empty-handed on Hallowe'en. Come up with a surprise offering such as these saucy orange and chocolate frosted cookies, and you may be deluged with pint size pixies and ghosts. But that's part of the Hallowe'en fun.

If your own little tricksters are having a party, a platter of these wholesome butter cookies with glasses of milk or hot chocolate will provide more than adequate refreshment.

Even the place-cards for the table are made from the same cookie dough. All you do is frost pumpkin shaped cookies with chocolate icing and write a guest's name on each with decorator frosting. Use a 1-inch strip of cardboard for the easel, fastening it to back of cookie with a dab of frosting. Let frosting harden before standing cookies up.

Butter Cookies

(Six dozen)

- 1 cup butter
- 1 cup sugar
- 1 egg
- 1 teaspoon vanilla
- 3 cups sifted all-purpose flour
- 1/2 teaspoon salt
- 2 tablespoons milk

Cream butter and sugar together until light and fluffy. Beat in egg and vanilla. Add sifted dry ingredients and milk; mix well. Divide dough in half; wrap each in waxed paper; chill for several hours or overnight. Roll out on lightly floured surface to 1/8-inch thickness. Cut with floured cookie cutters in shapes of pumpkins, owls, bats, or desired forms. (Or make your own patterns from cardboard.) Bake on greased cookie sheet at 375 degrees for 10-12 minutes. Cool.

Frost half of the cookies with the following orange butter frosting and the remainder with chocolate frosting. Using a cake decorator, draw eyes, nose and mouth on frosted cookies with tinted decorator frosting.

Orange Butter Frosting

- 4 teaspoons cake flour
- 1/4 cup milk

- 1/4 cup butter
- 1/4 cup granulated sugar
- 1/4 cups sifted confectioners' sugar
- 1/4 teaspoon vanilla
- Few drops orange coloring

Combine flour and milk. Cook over low heat until thickened; stirring constantly. Cool to lukewarm. Cream butter and granulated sugar together until light and creamy. Add flour mixture; beat until well mixed. Add confectioners' sugar and vanilla; mix well. Stir in enough orange color to tint frosting the desired shade. (If unable to get orange coloring, blend a drop or two of red and yellow colorings together to achieve color.)

Chocolate Frosting

- 3 tablespoons butter
- 3 1-ounce squares unsweetened chocolate
- 1/4 cup milk, scalded
- 2 cups sifted confectioners' sugar
- 1/4 teaspoon salt
- 1 teaspoon vanilla

Melt butter and chocolate over low heat. Pour scalded milk over confectioners' sugar and salt; stir until completely dissolved. Add chocolate mixture and vanilla. Beat while hot until it thickens enough to spread and is smooth and glossy.

Decorator Frosting

Cream 1/4 cup butter until light. Add 1 cup sifted confectioners' sugar and beat until fluffy. Divide in half. To one half add a few drops orange coloring. To the other half add half of a 1-ounce square melted unsweetened chocolate and about 1 1/2 tablespoons more sifted confectioners' sugar. Beat until well mixed.

Gay Doughnuts Can Answer "Trick or Treat" Call, Too!

When the door bell rings and there's the call "trick or treat," here's another suggestion for a perfect treat—gayly frosted doughnuts.

Halloween time is party time, too, so make plenty of decorated doughnuts to fill all of your needs. Frost some with white icing, then dot with orange sugar, finely chopped nuts, tinted coconut, chopped peppermint candies, chopped gum drops. Frost others with orange and chocolate icing—the variation is endless.

These doughnuts are made with lard for a flavorful, tender product that will stay fresh for days.

POTATO DOUGHNUTS

- 6 cups sifted enriched flour
- 7 teaspoons baking powder
- 1 teaspoon salt
- 1 teaspoon nutmeg
- 3 eggs
- 2 cups sugar
- 1 1/2 cups warm mashed potatoes
- 6 tablespoons melted lard
- 3/4 cup milk

Lard for deep-fat frying. Sift together flour, baking powder, salt and nutmeg. Beat eggs, and sugar, potatoes and lard and continue beating. Add milk and combine. Add dry ingredients and mix only until flour disappears. Chill. Place about one third of the dough at a time on a lightly floured cloth. Sprinkle surface lightly with flour and roll to 1/2 inch in thickness. Cut with floured doughnut cutter. Fry until golden.

Salad Variation For Fall Menus

Harvest Salad (Serves 4-5)

- 1 large red apple
- 1 medium orange
- 1 medium banana
- 3/4 cup sliced celery
- 1/2 cup broken walnuts
- 1/4 cup mayonnaise
- 1 tablespoon lemon juice

Dash of salt. Dice unpeeled apple. Pare orange, removing all of white membrane. Dice orange. Slice banana. Combine apple, orange, banana, celery and walnuts. Blend together mayonnaise, lemon juice and salt. Pour over fruit mixture and blend lightly. Serve in lettuce cups.

To keep a kettle, roaster or casserole of food hot for a short time, such as from home to the picnic, wrap in several thicknesses of paper with overlapping edges. Tie it in a towel, poke fashion, for ease in carrying. If the picnic is delayed, unwrap the food and keep it very hot by the fire, or uncover and cool it.

Most cheese tastes better when served at room temperature.

brown in hot deep lard (375°F.) Drain on absorbent paper. Yield: 4 to 4 1/2 dozen.

Tips to Boost Food Budget

Adopt some of these food economies and see how savings can be reflected in your food bill. Use cream to replace milk and butter when you prepare mashed potatoes. Save water in which potatoes were cooked and use for soup, gravy or as liquid for rolls and bread.

Keep cut onion or lemon in a covered glass jar and you won't have to toss them away after one or two uses.

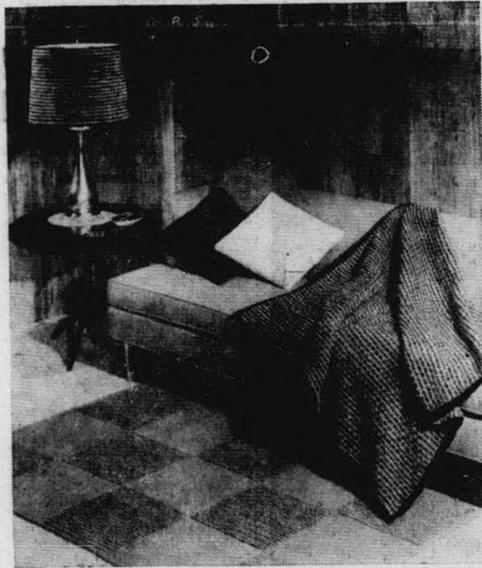

Dry both celery and parsley leaves and use for seasoning soups, stews and stuffings.

Those bits of cheese can be grated when they're dry and used when grated cheese is specified. Save those bits of butter left on bread and butter plates. They can be used for seasoning vegetables.

Whether you roast or simmer meat cook it at very slow temperature and prevent excessive shrinkage. You can save as much as 15% of the meat by using slow cooking methods.

Buy day-old bread and save money on it. If you don't eat it all during the same day, see that it's kept well wrapped and stored in a well-covered bread container.

Cereals, flour and sugar, if you use them in quantity, will save you money if bought in substantial quantity.

CROCHETED ATMOSPHERE—Bring the rich atmosphere of modern-textured crochet into your living room by making the accessories that boast of your good taste and talent. Brighten up your couch with a nubby, striped afghan and round or square toss pillows covered with crochet. Focus attention on your lamps adorned with crocheted shade covers. The rug, too, is crocheted. Its 38 x 62 inches are done in a contemporary block design alternating plain and ridged squares. Full crocheting directions for making all these decorative accessories may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper. Ask for LIVING ROOM ACCESSORIES, Leaflet No. S-559.

This Salad Dressing Keeps Well in Freezer

Boiled salad dressing may be kept in the home freezer for two to four months, according to a home economics institute.

Here is a tested recipe which the institute recommends:

- Mix 1/2 cup cider vinegar and 1/2 cup water. Bring to a boil on medium heat. Reduce to medium low heat and slowly add mixture of 1/4 cup sugar, 3 tablespoons

Tapered Slacks, Billowy Skirts Range of "At Home" Fashions

Clothes to be "at home in" have become more important with the passing years. This is probably because they are comfortable and are flattering, as well.

Many outstanding designers have included in their fall and winter collections several "at home" creations. They range from tapered velvet pants and brocade blouses to full-skirted affairs almost as formal as a ball gown.

Favored in America are the more informal tapered pants, full-skirted dresses or lounging robes. A long satin skirt with generous box pleats, topped by an evening sweater, is an effective "at home" outfit and one that is easy to make.

The men have their version of "at home" clothes that have been in use, in the form of smoking jackets, long before women took up the idea. The smoking jacket, as such, is dated and in its place are all kinds of soft velvet and wool jackets. They can be had in plaids, prints, with satin or broad trim. Some are designed to be worn with a soft shirt and others with a scarf-around the neck.

Men's lounging pants are cut for comfort and usually have tapered legs and no cuffs, somewhat like a comfortable version of a tux pants. They can be had in almost any fabric but velvet and soft wool are the most popular. They are most often in dark colors because this looks best with the bright reds, yellows, purples, and pinks favored for "at home" jackets.

Most men are a little shy of something new in clothes and of bright colors. However, we have been told that once they try these new ideas, they are won over for life.

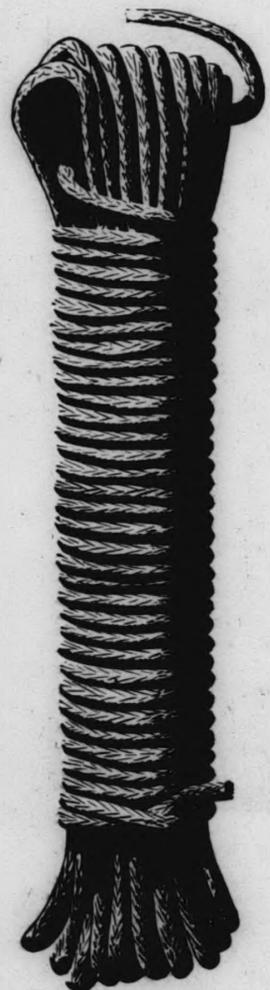

This season children's clothes are said to have strong Dutch feeling—for whatever this is worth. We do know that more and more interest is put into clothes for the little ones. Several of the important showings in America have presented mother and daughter dresses and bathrobes. The father and son night-clothes idea has spread to include mother and daughter.

These family clothes sound like fun. The sweater industry is making the most of this new trend this fall and winter. Several companies are offering sweaters alike for the whole family.

CLEAN DAPES EVERY YEAR

Better take a good look at the drapes in your home if a year or more has passed since they were last cleaned! Past experience has shown that draperies should be thoroughly cleaned at least every nine months to a year, otherwise they will fade and the fabric becomes streaked with yellowish or brownish stains. The streaks are caused by dust, steam, moisture, and furnace heat which permeates the fabric and results in stains when exposed to the sun.

Remember, proper cleaning within the suggested time period will make your drapes last two to three times as long as if they are neglected. Be careful of open windows in rainy weather. If the rain soaks your drapes or if they get too damp they are likely to become water damaged and streaked. Water streaks can only be removed by wetcleaning which carries the possibility of shrinkage. And drapes which have been wetcleaned never seem to hang as well as they did before wetcleaning. TIPS for TEENS

By ELINOR WILLIAMS

Many 'teen girls' letters declare that they are "very attractive" and have a "good personality," but this girl is convinced that she's a miserable ugly duckling. Wouldn't you like to see her gradually grow more attractive, popular and happy? Have you any suggestions for her? She asks:—

Q.—"Dear Elinor—I am 13 years old and unattractive because I am fat (my doctor says so). I can't afford to have my hair fixed and I can't find a hair-do that looks decent on me. I have been told I have pretty eyes, but I've started wearing glasses that hide them. Life seems just plain miserable much of the time. My mother and father don't seem to understand or want me to grow up."

WINNER 12TH NATIONAL TRAFFIC SAFETY POSTER CONTEST

A.—Your problems are far from hopeless... and you'll feel better if you DO something about them!

1.—Your weight: Lose those bulges (slim girls have more fun), not by skipping meals, but by omitting the fattening "extras" or "trimmings," such as mayonnaise, gravy, rich desserts. Avoid eating both bread and potatoes in the same meal. Eat fruit for dessert and between-meal snacks. Drink fruit juice at the soda fountain, instead of fattening drinks. Omit butter on vegetables, lean meat and salads instead of sandwiches in school lunches and dinner at home.

2.—Your hair: Earn enough money baby-sitting, helping your mother or at a Saturday job to have your hair styled in a beauty shop in a simple, becoming hair-do that you can keep afterward your self, just having it trimmed professionally once a month (maybe your allowance will cover it).

3.—Your eyes: They still look pretty with glasses. When you're in high school, you can enhance them for "special" evenings by touching the tips of the lashes with colorless lash pomade.

4.—Boys of your age don't do any real dating, so don't rush the "girl friend" idea. When you go to high school, join activities where you'll meet boys—a club, the orchestra, band, school paper, etc. Attending Sunday school and your church's young people's meetings regularly will help, too—right now. Learn to dance. Give a party or a backyard picnic occasionally if possible. Good luck!

SMALL TALK

by Syms

"I won't take no for an answer..."

"O.K. . . . Yes, you can't have a mink coat!"

HEALTH AND BEAUTY

The word protein is from the Greek verb "protes" meaning to come first. If you will heed this translation, you can find the key to figure control, weight stability, health, and beauty.

There is no part of the body that is not in some way related to protein. Your hair is made of a protein substance, your nails, muscles and tissue.

Every day you expend variable amounts of protein, depending on your occupation. A laborer requires more protein than a desk worker. The best way to keep the bloom of youth and your body in a state of good health is to eat daily the amount of protein your body breaks down for use.

The higher the protein content of your food, the longer it takes for real hunger to be felt. Protein raises the body's blood sugar level so high that appetite hunger is slow to appear. Protein is the only food element that can raise the body sugar level high enough to keep you from desiring more food. Sugars and fats are burned almost immediately.

This does not mean that you should cut down on your intake of other healthful food, such as fresh fruits and vegetables, it just means that it is a good idea to include in each meal some kind of protein. For breakfast the customary eggs and bacon or sausage along with fresh fruit is perfect. For lunch choose a cottage cheese salad, or a toasted cheese sandwich with a green salad. Your evening meal should include beef, fish, poultry or game, or some other high protein meat, along with a balanced amount of vegetables and a starch.

The homemaker will find it will be a pleasure to supply her family with the right kind of meals. She will be rewarded with a healthier and handsomer family.

Pedestrian Citation Awarded City Monday Night

The city of Plymouth received recognition last week with presentation of the American Automobile Association's award for "Excellence in Pedestrian Protection Program." Plymouth was honored for the achievement of "No Pedestrian Deaths" during the past year.

The citation, recognizing the city for its report in the AAA National Pedestrian Protection Contest was presented to Mayor Russell Daane, during the city commission meeting by Joseph Zabelski, Automobile Club of Michigan pedestrian protection coordinator.

"The residents of the city—both pedestrians and drivers—deserve considerable credit for making his award possible," Zabelski told the mayor during the presentation. "This record was achieved in the face of rising traffic exposure for pedestrians as a result of both an increase in vehicle use and the number of motor vehicles."

"The marked reduction that has taken place in pedestrian fatalities over the years is the brightest spot in the entire traffic accident picture," said Zabelski. "Pedestrian fatalities in 1955 totaled 8,200, a reduction of 47 per cent from the high point reached in 1937. During this same period of time all other traffic fatalities not involving pedestrians increased 25 per cent."

Zabelski said the National Board of Judges selected this city for citation from 1,611 competing communities of all sizes. The real reward to the city, however, he stressed, was in pedestrian lives saved. "Almost every pedestrian accident," Zabelski pointed out, "results in serious injury or death. This makes it essential to place greater emphasis each year on pedestrian protection activities."

Bathrooms a Water Protection Color Center From Silconite

Today's bathroom, with its many colored fixtures symbolizes the trend to comfortable, gracious living.

The bathroom is no longer the forgotten room it used to be when insufficient space and inadequate fixtures were handicaps to quick grooming. Small, cramped bathrooms usually could accommodate only one person at a time while the rest of the family waited their turn in line. Then, too, the fixtures as well as the bathroom were monotonously white.

The modern bath provides a sharp contrast to its older counterpart. Twin fixtures, separate compartments, regular and junior-sized equipment plus good lighting and ventilation have brought imagination and color into the bathroom planning.

Setting the fashion pace are high-gloss, acid-resistant enameled fixtures in colors ranging through blue, green, yellow, sun-tan, grey, red and ivory.

Interior decorating, also is beautifying the bathroom. Floral arrangements, sun-patio extensions, wall-to-wall carpeting, washable, water-proof wallpaper, magazine racks and sunlamps are making the modern bathroom a showplace in the American home.

A new protection against water damage to both wood and masonry, Silconite, popular for the last two years in the mid-west, has arrived on the building scene in Michigan.

A transparent liquid, Silconite will retain the natural beauty of any wood or stone surface by preventing water stains, rot or peeling. It may also be painted over easily to give a colorful, as well as water proof surface.

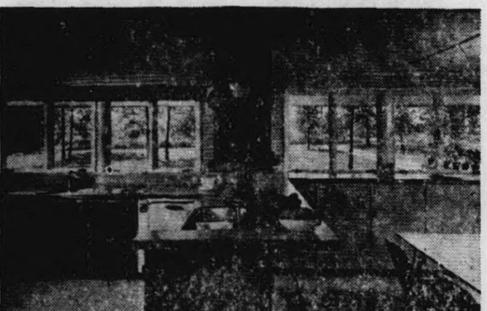

Some of the many masonry surfaces which may be treated with the new product include brick, stucco, concrete, joints in tile mortar, asbestos shingles, marble and sandstone. Protection is guaranteed for ten years.

All wood surfaces, both inside and outside, such as furniture, wood paneling of all types, woodwork and wood in damp basements, as well as fences, garages, lawn furniture, porches and breezeways, receive effective protection lasting up to 20 years.

Produced by the imperial Standard corporation of California, and offered by local lumber and building supply dealers, Silconite is said to prevent wood from shrinking, warping, swelling, checking, grain-raising, curling and splitting. Other advantages, dealers say, is the prevention of dry rot and decay plus the killing of wood termites and other parasites.

Experts expect Silconite to come into increasing use in the Michigan area, both on the building contractor level and by the home handy-man and do-it-yourselfer.

Wives Want 'Lookout Post'

As efficiently designed as the bridge of a ship, this inviting kitchen with its wide sweep of windows of ponderosa pine lets the housewife keep a supervisory eye on her children without leaving her work. She gets plenty of cheery light, too, plus a pleasant view.

Today's young housewives want their kitchens to have a "lookout post"—large windows over their working area to give them a supervisory view of their children at play.

This was one of the most frequently-voiced suggestions to come out of the recent Women's Congress on Housing called in Washington, D. C., by Federal Housing and Home Finance Administrator Albert M. Cole to get the "woman's angle" on future home building.

Practically all of the 103 housewives who attended agreed that kitchen windows should be plentiful, easy to open, and placed so that they offer a "commanding view" of as much yard space as possible.

The kitchen "lookout post" idea is a good one to keep in mind when buying a new house or remodeling an existing one. Properly-placed windows not only let the housewife keep a guardian eye on the children, but bring in light and air to make the kitchen a cheerier and more efficient place to work.

Casement or awning type windows made of ponderosa pine are popular for kitchens because the housewife can open them by turning a small handle without stretching over her sink or counter. These window styles also can be cleaned on both sides from inside the house.

Wood windows can be painted or stained to match the kitchen decor inside and the trim outside. And, because wood is a natural insulator, moisture will not condense in the winter on the frame or sash. This relieves the annoyance of water running down to stain walls, counters and cabinets.

Two Day Builder Session Planned On Small Homes

How good design in houses can be achieved with no more cost than poor design will be among a dozen or more topics at the University of Illinois Small Homes Council's 12th annual Short Course in Residential Construction, Jan. 16 and 17, 1957.

The two-day session is conducted annually on the University campus for builders, architects, contractors, and other persons in fields allied to the building industry. Last year more than 400 persons from 29 states and three provinces of Canada attended.

Highlighting the program in addition to the forum on design will be a panel by persons actively engaged in planning housing for the aged, and discussions on paint peeling, space requirements for laundry areas, and home lighting and wiring. There will be seminars on pre-assembled panel systems (walls, floors, partitions), insulation and vapor barriers, heating and air-conditioning, roof trusses, and the construction of slabs, crawl space and basements.

Demonstrations of a new nailed-glued truss design for hip roofs, and the use of moisture meters are also scheduled.

Registration for the course are now being accepted by the Division of University Extension. The registration fee of \$15 includes tuition, field trip to housing research activities, annual dinner, and several publications distributed as part of the course. Registrations, including checks, should be sent to the Supervisor of Engineering Extension, Room 116d, Illini Hall, 725 South Wright St., Champaign, Ill.

Gutter Safety Measures

The gutter on the roof of a house should be installed so that the outer edge of the gutter is below a line that would be formed by an extension of the roof slope. This method of installation is designed to protect the gutter from sliding ice and snow.

Gutters, incidentally, should not be installed directly against the fascia board of a house. If this is done, any overflow caused by the blocking of the gutter might be diverted behind the fascia board into the interior of the walls.

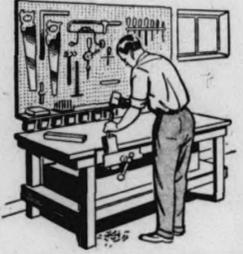

It is never too late to start saving a few dollars and we believe they will come in pretty handy some time in the next five or six years.

30-Minute Workbench

NOWADAYS, with do-it-yourself projects a "must" in nearly every household, a workbench is essential. It needn't be pretentious or large. Give the man a vise, hammer, saw and chisel, and he'll soon be in business at his workbench fixing up his home the way he (and the missus) want it!

A simple, strong workbench can be assembled in 30 minutes, using pre-cut lumber and panels.

of Masonite 1/4" Tempered Presd-wood for the wearing surface and a storage shelf below. An easy-to-follow plan showing how it's done and listing the materials needed from your lumber yard may be obtained by writing the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., and requesting free plan No. AE-312.

Instructions are given, too, for framing and hanging a Masonite "Peg-Board" panel above the workbench for tools.

In most communities, the materials needed for the 30-minute workbench will cost under \$15. The bench may be fastened together with nails or screws. The top surface is Tempered Presd-wood, popular for this use because it has been found so satisfactory in industry.

"Glass Tricks" Expand Interior

Some imaginative homeowners are overcoming the curse of smallness—small bedrooms, baths, dens and other areas—with novel "glass expansion" tricks, says Ralph Sherwin chief designer for Libbey-Owens-Ford. Among their techniques:

A "window" of frosted patterned glass mounted about two inches from one wall. The glass can be cross-hatched window-fashion with wooden strips or left unadorned. Tube lighting behind the "window" will illuminate the room as though from out-of-doors, and will give an illusion of greater size.

A large framed mirror or mirrored wall will reflect the carpet, walls and furniture before it, making a room seem twice as large. This is especially true if the mirror is of "twin ground" glass which reflects without distorting.

A patterned glass window, door or divider which opens on another room, allowing each room to "borrow" light and dimension from the other.

HERE'S HOW . . . MAKE A COMPOST STORAGE BOX

A compost storage box removes the unsightly appearance of a compost pile and permits the accumulation of compost where it was not previously desirable. Use naturally durable or treated wood.

The framework is made of 2 by 4-inch lumber. Cut four pieces 68 3/4 inches long, four pieces 36 inches long, and six pieces 36 3/4 inches long. The four outside vertical members of the frame are notched on both ends as shown in inset A. A miter box will be helpful in cutting the ends square. Assemble the framework using waterproof glue and 16-penny nails.

The sides are made of 1 by 12-inch lumber for the lower three boards and 1 by 6-inch lumber for the top board. Cut the boards to the dimensions shown. Attach the sides to the framework with waterproof glue and 6-penny finishing nails. Hinge the bottom board to the one above it with 3-inch butt hinges.

The top frame is made of 1 by 6-inch lumber with miter joints. Assemble the pieces using glue and 6-penny finishing nails. Attach the frame to the box and add the moulding. Paint or stain the box to match the surroundings.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

A last-minute flood of applications for special season deer hunting permits indicates there is a good chance that quotas for all special areas may be exceeded. More than 100,000 applications have been processed and several thousand more—mailed by the October 10 deadline—are being sorted and checked this week by Conservation Department workers.

A total of 65,340 permits will be issued for the "any deer" seasons in 22 deer starvation and crop damage areas.

For any area where applications exceed the permit quota, a drawing will be held to determine distribution of the permits. Area 2, the Lake-Newaygo county unit, was the most popular with applicants. More than 25,000 persons applied for the 4500 permits to be issued for the Area 2 special season which will be concurrent with the regular November 15-30 buck season. A special permit is needed in Area 2 only to hunt deer other than legal bucks.

A concurrent special season also will be held on Bois Blanc Island (Area 17), where more than 250 applications have been received for the 40 permits to be issued.

All other special seasons in the north country will be held December 1-2. Another special sea-

son will be in effect December 1-9 in crop damage areas of Allegan county.

Michigan faces a serious forest fire threat as thousands of hunters seek outdoor recreation in tinder-dry woodlands and fields. Recent dry, warm weather has greatly increased the hazards of fire in most areas of the state.

Last week's fire record, one of the worst of the year, listed 58 fires which damaged 289 acres. The latest fires boosted the annual damage figure to 2673 acres.

The southern lower peninsula was the heaviest hit region last week as 24 fires burned 153 acres. Most of this damage was in the Plainwell district, an 11-county area in southwestern Michigan, where 18 fires damaged 130 acres. Damage from 18 fires in the northern lower peninsula amounted to 55 acres. The upper peninsula, with 16 fires, suffered losses totaling 81 acres.

Hunters and others using the outdoors are urged to take particular caution against fires during the hazardous autumn months.

Conservation Department director Gerald E. Eddy is studying Michigan's rainbow trout situation, including the possibility that there may be no special spring rainbow fishing season.

Sea lamprey depredations have cut rainbow populations in recent years. The annual two-week special spring season, preceding the regular trout fishing season, has been attractive to many anglers in the northern lower peninsula, but hasn't meant much in the U.P. where spring runs usually come in later, warmer weather.

The Department director is authorized to designate which waters, if any, are open to special rainbow fishing in spring and fall. Closing the season is considered one possibility for helping the beleaguered rainbow.

The situation was discussed briefly at the October meeting of

the Conservation Commission. The Conservation Commission authorized a number of land transactions at its recent October meeting at Higgins Lake training school.

A total of 297 acres of hunting land in Pigeon River state forest, 926 acres of game lands in nine southern Michigan game areas and 164 acres in the newly-established Muskallonge Lake state park purchase unit were authorized for purchase.

A fishing site on Lower Herring Lake, Benzie county, was authorized.

A new Pittman-Robertson game area on land now in Waterloo recreation area was authorized. Other adjacent land will be purchased to fill out the game area.

Timber sales totaling \$22,061 were approved.

Flotage easements, land exchanges and gas and oil lease sales were authorized.

The Commission next meets in Lansing, November 8-9.

The state Conservation Commission took the first steps last week to establish a new state park on Muskegon Lake in the upper peninsula.

The Commission approved the designation of an area in Luce county as Muskallonge Lake state park purchase unit and also approved the first land acquisition in the area, totaling 164 acres. More land will be purchased for the new park as funds become available.

The new park will be located on the north side of Muskallonge Lake, between that 760-acre lake and Lake Superior.

The boundaries of the designated park site include state, federal and private lands within an area designated as Lake Superior state forest. Land exchanges and purchases will be made to acquire land for the new park.

Uncorking THE NEWS

by Carl Peterson

October business reports from everywhere in the U.S. show a marked decline in production and sales during the several days it took to iron out the World Series. There's no indication, though, what percentage of this loss of manpower was due to listening or viewing the games themselves and how much was due to placing bets and talking it over with the guys in the office between games. A lot of bosses never were aware that business was being sidetracked... they were too busy, watching the Series.

Maybe the fellows who keep plugging for a 32-hour work-week might consider pooling some of those extra days into an annual World Series Week with vacation for everybody? But that would mean building a stadium big as half of Texas to handle the crowd.

The ole "Uncorker" would like to draw your attention to the Plymouth Community Fund drive... it's off to a good start and let's keep it going that way. The goal is \$30,000 this year and he'll agree that's a lot of dough but when you think of the good it will do right here in our own town then it's worth every penny of it! GIVE GENEROUSLY.

An absent-minded printer, setting type for a booklet on nuclear physics, made the title read "Unclear Physics." For most of us, he accidentally hit it right on the neutron... Besides performing its basic job of serving the transportation needs of Michigan's farmers, industrialists, businessmen and general consumers, our Motor Transport Industry plays a most important part in providing employment for a major percentage of Michigan's breadwinners — a quarter of a million, as a matter of fact.

Yes, Michigan's trucks are responsible for one out of every ten Wolverine paychecks — and the total of all these paychecks amount to well over one billion dollars annually!

That's a lot of money — and it provides those on trucking's payroll with an enormous purchasing power that benefits every phase of Michigan's economy.

Motor transport's paychecks are substantial and they buy lots of food, clothing, appliances, cars and other products whose sales mean paychecks for others.

So, you see... Michigan's motor transport industry not only serves all other business activities — it is one of the most important customers for the products of all these other businesses.

Community Wide Charity

One of the obligations, and privileges, of living in a Christian democracy is that of helping ease the burdens of one's neighbor.

And then once each year in Plymouth there is a special occasion. That's when everyone together pools a sum of money large enough to finance most of the organized charities that serve the community.

The theory of a united community fund drive is that by creating one community-wide organization and campaigning just once, it is possible to raise a maximum of money for charity with a minimum of overhead expense.

Plymouth's promotional and administrative expense is amazingly low for the fund drive—something less than one percent of the total collections.

Wrong Time To Reduce Work Week

Although I am not, and never have been, opposed to unionism as such, I must take up the cudgel against the recently merged AFL-CIO's forthcoming drive for a four-day week rather than increased wages, as announced by George Meany, president.

For years, labor has striven not for higher wages and more fringe benefits; but also for shorter hours. Today's standard forty-hour week is a far cry from the conditions that prevailed not so very many years ago, when the twelve-hour day was common practice, six days a week.

But how far can the pendulum swing in this new direction? I well realize that, as a result of our unprecedented technological and industrial develop-

ment, it is no longer necessary for men to work the interminable hours of yesteryear in order to produce sufficient goods to meet modern-day requirements.

Of course, if labor's drive for a temporary shorter work week had been launched back in the depression days of the early "thirties," it would be different. At that time millions of unemployed were walking the streets looking for jobs.

Since our economy is a vibrant and rapidly growing one, I can see great potential danger in pro-

ducing less during an impending greater overall demand. Workers would have to produce 20% more during the four work days to compensate for the lost fifth day.

We are living in prosperous times. Our people never had it so good. We are practically fully employed at high wages; our purchasing power is enormous and our every-day living needs tremendous.

Our No. 1 Public Enemy continues to be the threat of further inflation over the longer term. Today's 52-cent dollar is one of the chief reasons why we must pay around \$3,000 for an automobile that only a few years ago cost about one-third as much.

Normally, the GOP needs almost 55% of the popular vote in the area in order to gain control of the House—because of the large number of sure Democratic seats in the South.

Ike Clings To Lead In Babsonpoll Vote

The nationwide Babsonpoll, which has predicted election results with precision since its origin in 1952, this week shows President Eisenhower still maintaining a narrow popular-vote margin over Adlai Stevenson.

Excluding the vote for other minor candidates and dividing the unusually small "undecided" vote equally between the two major contenders, the Babsonpoll indicates that the popular vote right now would look like this: Eisenhower 51.06%; Stevenson 48.94%.

In probable electoral votes, the President shows a more comfortable margin—325 to 190, with 16 votes in the toss-up zone.

However, if Stevenson should gain enough in the closing weeks of the campaign to capture the lead in those states which he now holds by a very slim margin, Stevenson could conceivably pick up 92 electoral votes and win election by a total of 282 to 233.

Latest Babsonpoll tabulations show two probable switches in Senate seats (New York and Ohio). Two other races which last week appeared likely to result in turnovers (Connecticut and Kentucky) have now shifted into the "toss-up" zone.

Other senatorial contests in which extremely close results are now indicated are those in Illinois, Maryland, Nevada, Oregon, Pennsylvania, Utah, and West Virginia.

PEOPLE ARE TALKING

ADLAI STEVENSON, Democratic Presidential nominee: "There is nothing like seeing and talking to people face to face."

JAMES V. BERNARDO, Aviation Development Adviser for the C. A. A.: "I don't care to estimate how much faster it (new system) will handle planes, but it surely will be more efficient. It surely will improve the situation."

HERBERT HOOVER, speaking at G.O.P. convention: "The nerve center of our progress lies in the Congress of the United States."

LEONARD HALL, Republican National Committee Chairman: "Around me I have the most loyal staff any man could have."

participate in the united appeal, but the local planners have some hope those two will be it the fold sometime in the future.

Local agencies which benefit are Boy Scouts, Girl Scouts, Salvation Army, Visiting Nurse Association, Adult Education and Recreation Commission, Veterans Memorial Center, Plymouth Dental Fund, American Red Cross, Plymouth Cancer Society. An \$4,400 goes to the United Foundation agencies supported by Detroit's Torch Drive.

All of these organizations have open doors to everyone in our area, city or township. In fact, one of the pleasant aspects of this drive is that it represents a common effort by the community as a whole, recognizing that need does not stop at a city or township boundary line.

The strength, or weakness, of a combined fund drive lies in how clearly the giver understands that this one appeal must serve a multitude of purposes. Since the money is distributed 11 ways, the gift must be one of 11-fold size.

Charitable giving is a satisfying experience. Plymouth's past record is one of success. This drive should wind up quickly and triumphantly.

Our Own Mid-West Sphinx

"I REMEMBER" BY THE OLDTIMERS

From E. Sue Woofler, Clarksville, W. Va.: I remember when we used to make sorghum molasses by grinding out the juice from cane stalks.

The boiler that the cane juice was cooked in was near the creek too, and the skimmings were poured into the creek. How the fish ever survived is a mystery, for they were of the dirtiest green color until the syrup was nearly done.

From Lena Logue, Chandler-Ville, Illinois: I can remember when my mother knit all of the socks and mittens for my dad and brothers, and for me to wear to school in the winter, several years ago, as I am now 62.

When You Retire

"THAT'S AN 'OLOGY' I NEVER HEARD OF before," remarked a taxi driver in Mexico City last week when I told him I was attending the Pan-American Conference on Gerontology—the study of aging and retirement.

It is sometimes disturbing to watch the clock on the wall tick off the minutes bringing us closer and closer to old age. But it's comforting to know that scientists in increasing numbers are burning the midnight oil endeavoring not only to add years to life but also to make those added years healthier and happier.

This conference was held at University City on the outskirts of the Mexican Capitol. The ultra modern buildings on the sprawling campus are so vividly decorated with bright colors and mosaic designs that University City has become one of the really fantastic sights to see in Mexico.

David Wechsler of Bellevue Hospital, New York. This famed psychologist reported on new studies showing that the decline of mental ability as we grow older now proceeds at a lesser pace than it did when similar studies were conducted just 16 years ago.

Surgery is no longer the hazard it once was for older people, according to another paper presented. New surgical and anesthetic techniques, combined with a better understanding of the older patient, are reducing dangers to such an extent that surgery is coming to be no more hazardous for older people than for younger ones.

Older personnel in many kinds of work are just as productive as younger workers, stated another speaker. He presented the results of studies showing that workers past 50 are apt to have lower records of absenteeism and higher records of dependability and job skill than younger employees.

THINKING OUT LOUD One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question: Do you think the voting age should be lowered to 18 in Michigan?
