

Voters Name Niemi, Zylstra to School Board

Charter For Heights Goes To Governor

Two copies of the proposed City of Plymouth Heights charter have been forwarded to Governor G. Mennen Williams for his approval, the Plymouth Heights Charter commission announced this week after completing three months of work on the document.

Plymouth Heights is the proposed city that would surround the city of Plymouth which was given initial approval by the Plymouth Township voters last Feb. 16.

At that election nine charter commissioners were elected. This commission has been meeting once or twice a week since then to frame the charter.

Claude Rocker, secretary-treasurer of the commission, said that the proposed charter provides for a strong mayor-council form of government. There would be seven members on the council and the mayor's job would be full-time.

According to state statutes, the charter had to be completed within 90 days after the election. Two copies must be sent to the governor's office where it is scanned for errors. Rocker states that it is not too often that charters are rejected by the governor's office because they are patterned much after other successful charters.

The commission examined city charters from cities all over Michigan and many of those in this area.

Following a governor's approval, the commission will set a date for a charter election. Rocker said that the commission has in mind late 1960 or early 1961. This would be near the deadline for submitting the charter since law requires that it be presented for vote before two years after the election. This would be February 1961.

Residents located within the proposed new city will have ample opportunity to study copies of the charter before an election, Rocker declared.

Ralph Garber, former chief assistant prosecutor of

Wayne County, is chairman of the commission, and Russell Ash is vice-chairman. Also on the commission with the three officers are Paul J. Albright, Loren Gould, Carl Hartwick, W. Clayton Koch, Lewis Litzenberg and Fred Miller.

Included within the proposed city of about 8.3 square miles is all of Plymouth Township east of McClumpha Rd. At the Feb. 16 election, there were 575 voting for incorporation, 510 voting against.

Injuries from an auto-truck crash on Ann Arbor Rd. claimed the life Friday of Thomas Miles Caldwell, 19-year-old Plymouth resident and employee of Western Electric Co.

The accident happened on Ann Arbor Rd., east of Hagerty Rd. at 3:13 a.m. on last Thursday.

Driving the other vehicle was John O. Schwartz, 62, of 8270 Lilley Rd.

Schwartz told the Wayne County Road Patrol that he was driving eastward on Ann Arbor Rd. when the Caldwell car started to pass. He claimed that the car hit the rear of his truck as it passed and rolled over several times.

Caldwell, driving a 1956 Ford, was reported thrown out of the car. He suffered severe head injuries and was taken to Wayne County General Hospital where he died Saturday at 6 p.m. His car was a total loss.

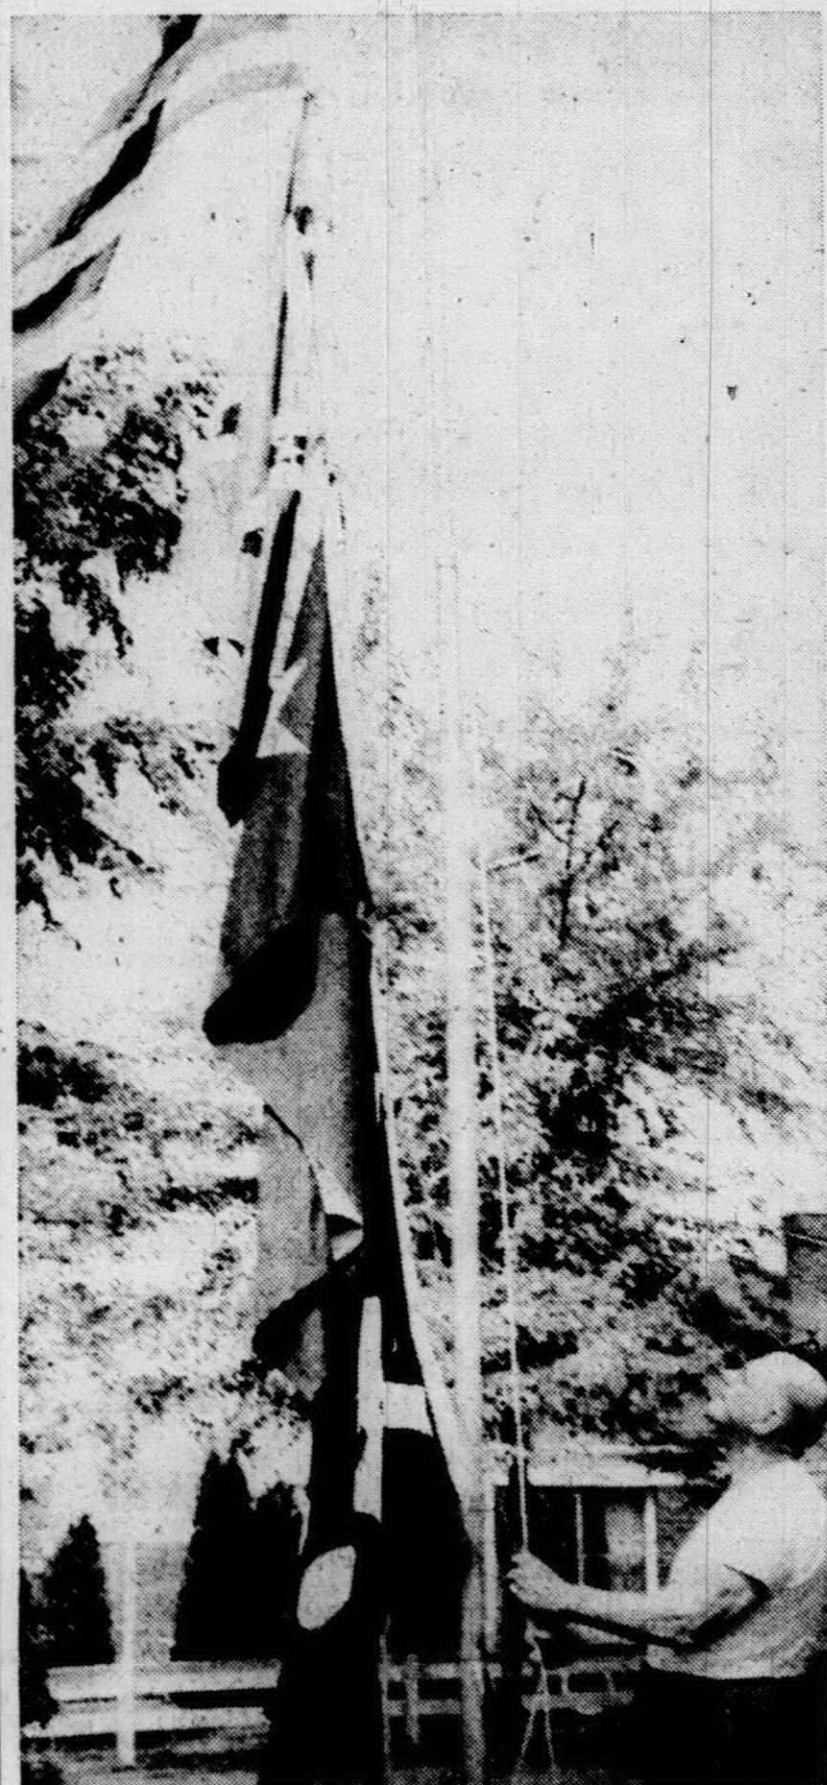

Schwartz went to his own physician for treatment of back injuries, deputies said. Mr. Caldwell, born in Detroit on Sept. 16, 1939, was the son of George and Eula Caldwell. He lived with his parents at 285 Ann Arbor Trail.

Surviving with his parents is a sister, Mrs. Jennie Denig, of Plymouth; and grandparents, Mr. and Mrs. Ira Board, of Clarksville, Tenn. He had lived in Plymouth 18 years and graduated from Plymouth High School.

Funeral services were held 3 p.m. Tuesday from the Schrader Funeral Home with Rev. Henry J. Walsh, D.D., officiating.

Interment was in Riverside Cemetery. Pallbearers were Jerry King, Jerry Trost, Steve Jewell, Dave Burns, Harold Bouglas and Bob Jenkins.

Auto Crash Injuries Claim Life

FLYING OF American flags is something that should be seen all over Plymouth this Sunday (Flag Day). But to neighbors of Lawrence Money, 4241 Parkhurst, this is a sight they see all the time he is home. Money started collecting flags two years ago and made it a habit to fly the many flags of his collection at the same time.

Flag - Flyer Has Big Day Sunday

By Lee Sechler
Most Plymouth flagpoles will get their rare use this Sunday (Flag Day) but to one pole it's just another day.

All across Plymouth and the nation flags will grace the front of homes Sunday, as residents shake the dust from the Stars and Stripes and display them.

Actually there are a total of 16 holidays a year that many American flags are flown. But there is a Plymouth flagpole that gets a work out a great deal of the time in nice weather.

At the corner of Parkhurst street and Bradner road there stands a 50 foot flagpole and if the owner is home at least four flags can be seen decorating the metal shaft.

It all started two years ago when resident Lawrence Money decided that his lawn would look good with a flagpole and flag. Now Mr. Money has added flag-flying and collecting to his other hobbies.

A familiar sight to his neighbors, when he is home, are the many different cloths that are flown. The one that caused some worry at first was the Jolly Roger, that is part of the collection.

From its start to the present time the number of flags has increased from one American to seven other types.

Included in the collection are an American Union Jack, flown from battle ships, a present from his brother; a regular British Union Jack; flag of New Mexico; flag of Japan, donated by neighbor; Confederate Texas flag; Jolly Roger plus another 48 starred flag.

Future plans include expansion of the collection and the addition of more space in which to fly them. Money, director of the cannery at Detroit House of Correction, is toying with the idea of adding a crossarm to the pole, which would give him two ropes from which to fasten the flags.

Record Vote Eliminates Incumbents from Office

Harold Niemi and Peter Zylstra, Jr. will become members of the board of education of the Plymouth Community School District on July 1 replacing the board's president and vice-president whom they defeated in Monday's election.

Board President Austin Stecker and Vice-President James Mitchell ran fourth and fifth in the field of seven candidates seeking the two vacancies.

The election brought out the largest number of electors in a school board election in the history of the district. There were 1,423 voters casting ballots at the two polls, breaking last year's record of 1,134. Larger numbers have turned out for other issues, but not for the election of board members.

The two men losing their seats on the board, Stecker and Mitchell, went into office together three years ago. Some may attribute their loss to their backing of the board's decision to build a new high school instead of building additions to the present

school. Zylstra, who lives at 625 Sunset, campaigned actively on the platform of keeping the present high school where it is. Niemi was a little more cautious, asking that the two proposals "be given more study." Niemi lives at 47566 Joy Rd.

The most strenuous campaign was waged by Zylstra who had circulars distributed to every home in the school district on Sunday. He also erected posters. Zylstra is a process engineer and laboratory director for Brooks and Perkins, a Detroit concern engaged in the manufacture of space capsules. He is 41 years old, has a pre-school age daughter.

Niemi, 39, is a certified public accountant and is now controller of the Wayne Assembly plant of Ford Motor Co. He stressed, among other things, better financial management of school money.

The two new members, like all board members in the future, will have four-year terms. The change from three-year to four-year terms started last year.

They will officially begin their terms on July 1. At the first meeting in July, which is yet undetermined because special meetings are frequently called, the board members will elect their own officers.

Precinct 2, which includes all of the city, two precincts of Plymouth Township and the Northville Township area, had 1,007 voters.

Precinct 1, that includes one precinct of Plymouth Township and the Canton and Superior Township areas within the school district, had 416 voters. Precinct 1 was located at Gallimore School while Precinct 2 is at the high school.

There were 18 spoiled ballots. Voting was done by paper ballot instead of machine because of the simplicity of the ballot and because of the difficulty of moving machines to Gallimore School.

While voters were able to vote in a hurry, the paper ballots required a longer time to count. It was 10:30 p.m. before Precinct 2 ended its count of its 1,007 ballots and totaled the two precincts.

Making a strong showing in Monday's election was the only woman candidate, Mrs. Ethel North, 444 Jener Place. She placed third in the race with 390 votes. Most of her support came from Precinct 2.

This was the second defeat in two years for Arthur Haeske, 41980 Brentwood Drive. Haeske received strong support from the Lake Pointe Village area and those living in the Farrand School area as they sought their first school board office. But he failed to pull strong in Precinct 1 with only 41 votes tallied.

Wilson, a Detroit Times circulation manager, gathered 124 votes.

The school board was in its regular session Monday night when the results of the election were announced.

Contracts Issued For Headquarters Of School District

Construction of an administration building for the Plymouth Community School district will start soon following the signing of contracts for some \$57,000.

Approval was given Monday night to the winning bidders and start of the new building is expected next week. An old frame house and barn located on the site east of the Junior High has already been removed.

The new building will house the school district's bookkeeping, and accounting departments as well as the administrative offices.

The low and successful bidder for the general contract was Hickson-Costigan, Inc., of Detroit. Their bid was \$40,890. There were seven bidders on the general contract ranging up to \$54,356.

Successful bidder for the mechanical work was Norman D. Nelson for \$12,300. Plymouth Electric won the electrical contract for \$6,574.80.

To cut the costs, the board voted to delete certain features from the bids such as the paved parking lot, curbing and aluminum rear door and window.

The building is scheduled for completion by next September when the administration must vacate the two classrooms it now uses in the Junior High.

Included in the building

(Continued on Page 8)

High School Alteration Job Begins

An alteration to the Plymouth High school building to satisfy the requirements of the State Fire Marshal has been started and will cost \$175,296.

A stair tower that will be located between the main building and the annex (former Junior High) will be constructed this summer. Contractors were approved by the board of education at a special meeting last Thursday night.

Eleven construction firms submitted bids on the general contract with a local bidder, the Daniel S. Mills & Son, being selected. Mills

(Continued on Page 3)

DOWN THEY COME, all 144 parking meters in the Central Parking Lot are being removed. In a ceremony marking removal of the first meter, Miss Janice Farmer used an acetylene torch to cut it down. To give the event further drama, she raised the meter above her head and dashed it to the pavement. The attractive young graduating senior won't be found in the parking lot now, but free parking will. Actually, the parking meters won't be destroyed.

Parking's Free

Meters Given Heave-Ho In Central Lot

There'll be no feeding of pennies to parking meters, or fear of overtime tickets in the Central Lot anymore following a ceremony Wednesday that officially gave the meters the heave-ho.

Plymouth merchants, through the efforts of the Chamber of Commerce, have "bought out the house" in order to give their customers unlimited free parking in the big lot.

A check for \$5,000 was turned over to the city during the ceremony—enough to keep the Central Lot meterless for a year. Chamber parking committee chairman James Taylor made the check presentation to Mayor Harold Guenther yesterday morning during a ceremony that also brought out the press, radio and an attractive girl in shorts to cut down the first meter and smash it to the pavement.

The unique effort to give free parking to customers came after the Chamber committee noted the mounting irritation of motorists who were ticketed in the lot.

Opening yesterday's ceremony was a fanfare of trumpets with Chamber president Sy Cooper announcing the official opening of the lot free to all customers. A large envelope containing the \$5,000 check was then turned over to the city. Papers have been signed to give the Chamber a legal lease on the parking lot.

Several choruses by the band of "Happy Days At Here Again" echoed across the lot as pretty Miss Janice Farmer, a PHS graduating senior, took an acetylene cutting torch and went through the motions of cutting off a parking meter head. Ossie's welding service furnished the cutting equipment and a crane to lift off the meter in a dramatic manner.

Janice then lifted the meter into the air and smashed it on the pavement amid cheers and applause of the gathered crowd.

There are 144 meters in the Central parking lot. DPI Superintendent Joseph Bid said that the job of removing the meters will be completed Thursday morning.

According to Taylor, free parking is not the whole solution to revitalizing the central business district. Businessmen are now in a position to compete more favorably with other shopping centers.

Employees of stores will be required to park outside the Central Lot. The Central Lot has two entrances—off an Arbor Trail behind D & Store, and off Harvey St.

Diplomas Go to 226 Next Week

Plymouth High School's second largest graduating class will participate in baccalaureate services this Sunday and then march across the rostrum next Thursday night to accept their diplomas.

The class has 226 members—next only to the record class of '57 when 235 donned their caps and gowns.

Programs for the baccalaureate and graduation ceremonies were announced this week with ministers delivering addresses at both events.

Giving the baccalaureate sermon this Sunday night will be Father William T. Child, assistant pastor of Our Lady of Good Counsel Catholic Church.

Next Thursday night's graduation speaker will be

will start at 8 p.m. and will be held in the high school gymnasium. Two reserved seats are provided for guests of each graduate. The remainder of the seating will be available to the public.

Seniors took their final exams Monday and Tuesday.

Opening the baccalaureate service will be an organ prelude by Fred Nelson, followed by the procession of "Pomp and Circumstance" and the invocation by Rev. Norman Stanhope, associate pastor of First United Presbyterian Church.

The High School Choir, directed by Mr. Nelson will then sing "Gloria in Excelsis."

Both the baccalaureate and graduation ceremonies

Father Child, a native of Port Huron, attended St. John's Provincial Seminary in Plymouth Township where he was ordained two years ago. Following his ordination, he became assistant pastor of Our Lady of Good Counsel.

Following the sermon, the congregation will sing "God of Our Fathers" and benediction will be pronounced by Rev. Charles Holland, pastor of the United Lutheran Church. The class of 1961 will serve as ushers.

Opening graduation exercises will be the processional by Nelson and invocation by Rev. Trevor Norton. Rev. Richards will then give the

address.

Senior Glyn Norton will sing a baritone solo, "My Soul Is Free."

Then will come the presentation of the class by Principal Carvel Bentley and Bill J. Brown, class sponsor.

Austin Stecker, president of the board of education, will present the diplomas.

Closing the ceremony will be the singing of the class song by the Class of '59 and the recessional. The class of '60 will be ushers.

The graduation speaker is a native of North Wales where from his early youth to the time he came to America he worked in the

Welsh coal mines. His formal education went as far as the sixth grade. He came to America in 1926 and went to Detroit Institute of Technology to complete his grade and high school. He then went to Albion College and took four years of theological training.

He was minister in East Detroit eight years and at Newburg six years. He has spoken widely in Plymouth and before such groups as Boys State for 15 consecutive years. He has spoken at 100 commencements and assemblies and will be the principal speaker at the National Convention of County Agricultural Agents at Kansas City on Labor Day.

He has spoken at 100 commencements and assemblies and will be the principal speaker at the National Convention of County Agricultural Agents at Kansas City on Labor Day.

WHERE TO put that tassel is the age-old question of graduates. Karen Stoffko and Dick Small are among the 226 PHS grads who grappled with the problem after they were issued caps and gowns following a rehearsal Tuesday. Karen is the top class scholar with all A's during high school while Dick is class president.

Tours Through Plymouth Gardens

MRS. L.R. VONSTEIN OF Sheridan Ave., Plymouth is not just a Sunday gardener, in fact she may be called a "horticulturist," a term reserved for real gardeners. Mrs. VonStein has been an avid gardener all her life. As a child her mother encouraged her to have a little garden of her own and "grow things." She takes greatest pride in raising her own perennials, something that takes more than the proverbial "gee thumb." It takes patience.

Many of her plants take two and three years before they are able to be placed in the garden. Her lot is 48 feet wide and 218 feet deep. Approximately 190 feet of the depth is back yard. This she has divided into two gardens, separated by the 16-year-old Arborvitae she is standing by. She and her husband moved to their present location 22 years ago and they both enjoyed yard work. Since her husband's death she occasionally employs a "helper" but for the most part does it herself. A member of the Plymouth Garden Club, Mrs. VonStein enjoys the catalogs, especially the one from Wayside Gardens of Ohio. She orders seeds from England and has a great deal of success with them. In the foreground are white Dictamnus and the light colored tree is known as a Fringe Tree, which is particularly beautiful. Early spring, all summer, and late fall Mrs. VonStein has color and woody foliage in her yard, of which approximately 90 percent has been grown from seed.

Inside Garden Party For Woman's Club

The members of the Woman's Club of Plymouth held their garden party luncheon at the Masonic Temple amid potted geraniums instead of in the lovely garden of Mrs. Paul Wiedman when temperatures dropped too low for even garden lovers to be outside just before this hot spell. However, spirits were gay and the spring hats lovely!

The business meeting was conducted by the newly elected officers: President, Mrs. George Bauer 1st Vice President, Mrs. Richard Jones 2nd Vice President, Mrs. Samuel Dibble, Jr.; Recording Secretary, Mrs. Jack Sells; Corresponding Secretary, Mrs. Harry R. Eves; Treasurer, Mrs. Ray Barber; Director, Mrs. David Davies; Director, Mrs. Rexford Noffman; Program Chairman '59-'60, Mrs. Marshall North; Program Chairman '60-'61.

Music during the luncheon was furnished by Mr. Warren May, Organist and Mr. Leonard Richman, Guitarist. A light happy program was presented by Mr. and Mrs. Clarence Hill. Mr. Hill charmed the members with his wit and lovely flower arrangements, while Mrs. Hill, the silent member of this team, made beautiful corsages, one like the orchid corsage she fashioned for Mrs. Eleanor Roosevelt during her recent visit to Detroit. The program ended pleasantly with Mrs. George Bauer receiving a lovely white orchid, Mrs. Paul

Rebekah News

The next regular meeting is Friday, June 12 at 8 p.m. We were proud of the turnout at last week's visitation to Jericho 328. Next visitation is to Brightmoor 495, Thursday, June 25.

Sorry to report Sister Jewell is still on the sick list. Our sympathy goes to Sister Mable Evans who lost her father.

Don't forget the Memorial Services Sunday, June 14 at Calvary Baptist Church at 11 a.m. All Odd Fellows and Rebekahs are invited. We will meet at the I.O.O.F. Hall at 10:45.

Toynbee Hall, founded in London in 1884, was one of the world's first social settlement houses

See You There

Church Picnic for St. Peters Lutheran Church at Wil-lows and Waterford Road, will be Friday, June 12 at 6 p.m. Bring a dish to pass and own table service. Milk, coffee and hot dogs and rolls will be furnished. Games and prizes too. Mrs. Fred Heidenreich is Chairing the event.

Pilgrim Shrine No. 55 will celebrate their seventh birthday Monday, June 15 with a dinner and ceremonial at the Masonic Temple. They will honor P.S.W.H.P. Bernice C. Merrill; Chairman Supreme Material Objective Board, Dorothea Shaeffer; Past W. H. Priestesses and Past Watchmen of the Shepherds and other guests.

DAR picnic to wind up their season will be at Mrs. Earl Mastic's home, Lone Tree Road, Milford, at 12 noon on Monday, June 15. It is an own-table-service-dish-to-pass picnic and the new officers will preside. As a money-making venture for their scholarships and approved-school donations the daughters are planning a theatre party to Northland Playhouse June 20 at the 7 p.m. performance to see Pat O'Brien in the "Loud Red Patrick." Mrs. Dorothy Gemperline, GL 3-3317 or Mrs. Robert Willoughby, GL 3-3373.

HUNDREDS OF passersby stopped at Kellogg Park Saturday to view the nearly 100 items of art shown by the Three Cities Art Club. There were works of 23 people on exhibit, including various types of paintings as well as

sketches, silk screens, mosaics and copper enameled pieces. The weather threatened several times, but the sun won out and made the event the third successful outdoor exhibit staged in the park.

Plymouth Kiwanians Going To Dallas

President William B. Sem-pliner, his wife Florence, C.C. (Pat) Wiltse and wife, Mary, all Kiwanians of Plymouth, will attend the 44th annual convention of Kiwanis International in Dallas, June 14-18. They will join some 14,000 other Kiwanis members,

their wives and families in one of the largest Kiwanis conventions to date. The convention will be held in Dallas' new multi-million dollar Memorial Auditorium, a completely air-conditioned structure which is circular in design and which represents the latest development in modern auditorium planning.

A speaker's slate of nationally, and internationally known figures will highlight the convention program. In addition to Kiwanis International President Kenneth B. Lohed of Toronto, conventioners will hear General Alfred Gruenther USA (ret), President of the American Red Cross; Dr. George S. Benson, President of Harding College, Searcy Arkansas; Douglas White Ambridge, President of the Abitibi Power and Paper Company, Toronto, Ontario; and the Right Reverend James A. Pike, Episcopal Bishop of California, San Francisco. "Name-band" leader Harry James and his orchestra will provide music for dancing at the President's Reception and Ball on Wednesday evening, June 17th; while Broadway stars Shirley Jones and Jack Cassidy will headline the Wednesday evening stage production.

To The Editor

Editor:
I wish to take this means to express my appreciation to the voters of the Plymouth Community School District. As your elected representative, I repeat the promises made in the Town Hall Meeting: "to serve on the board of education with an open mind willing to listen to your ideas and suggestions; to provide our children with the best education they can accept and absorb; and to spend our tax dollars in as prudent a manner as possible."

I consider election to the board as a challenge — a challenge to be of service to our school community and to always do what is best for all of the children. I enter this service with humility and gratitude — gratitude to all of the citizens who voted and special gratitude to the citizens who worked so energetically and unselfishly in my behalf.

Thanks should also go to you as Editor of the Plymouth Mail for your unsolicited endorsement. I sincerely trust that my actions during the next four years will measure up to the confidence placed in me.

Respectfully submitted,
HAROLD NIEMI

GRANGE GLEANINGS

A fairly good crowd attended the Grange Thursday evening. The hall was very comfortable. It was the Memorial meeting and the Chaplain was assisted by the Secretary, Flora conducted a nice service in memory of our departed members, Norman Miller, Lee Sackett, Edythe Hedley and Mary Root.

Louise Tritton again announced the ice cream social on Friday, June 19, at the Grange Hall. Ice cream, cake, and strawberries will be served beginning at 5 o'clock. We are hoping for nice warm weather.

Our Grange has been again called upon to face the loss of a beloved sister, Mary Root, who passed on last week after a long illness. She was a fine woman and will be missed in the Grange as well as in her own neighborhood.

The new 4-H Club which is sponsored by the Grange

held their second meeting last Wednesday evening and elected the following officers: President, David Norman; Vice President, Patty Fehlig; Secretary, Suzanne Miller; Treasurer, Sharon Olin.

They immediately took office and are a capable group. There will be a third meeting on Tuesday, June 23 at 7 p.m. at which time they will select a name for their club. We also hope to have our various group leaders at this meeting, so the children can get started on their summer projects which include clothing, flowers and vegetable gardening, auto mechanics, dairy, woodworking, photography and others. At present there are 18 enrolled in the club.

The manufacturer of a rust-preventative estimates that the nation's loss from rust comes to \$7.5 billion a year.

Lake Pointers Present \$6,000 Plan for Developing New Park

Representatives and president of the Lake Pointe Civic Association, Arthur Haeske, were present at the Plymouth Township Board Meeting June 3 to present a perspective of their two-acre park.

The Greenspan - donated property has been partially landscaped by the Township at an expense of approximately \$1,000.

The lay-out of the area was presented by Robert Loffey, chairman of the Park Committee, and included playground equipment, park benches, additional landscaping in the form of hedge, and a softball diamond. The approximate additional expense in completing the park would amount to about \$6,000. Greenspan has donated \$250 in cash for this purpose.

The Township Board accepted the scale drawing and assured the committee they would accomplish as much as possible, however, did not expect to complete the entire plan immediately.

The Plymouth Township Board purchased services and equipment at their Monday night Board meeting.

The motion was made and approved to hire Morris Webster, architect, for the construction of a new fire hall near the water tower in Lake Pointe Village. Webster is the same architect handling the addition to township hall. He had made preliminary sketches of the new fire hall before he was hired.

The equipment purchased was mostly for the clerk, Fred Miller. His moving into a separate office from Treasurer Elizabeth Holmes necessitates the purchase of duplicate equipment. A Cormac

Begin Courses On How to Invest

Extra income is necessary for some, highly desirable for all. We may require another source of retirement income to supplement our pensions or annuities, which are fixed incomes that cannot adjust to chronically rising prices. We might need a fund for the children's education, perhaps, or for some other special purpose.

These are within the reach of anyone with average income but few are able to manage it. An intelligent investment program is the secret. One's personal situation must be analyzed in the light of the opportunities various types of investments offer. There are, of course, many kinds of investments, all with different characteristics:

istics: savings banks, credit unions, real estate, bonds, stocks, mutual funds, etc.

The Adult Education offices of several nearby communities are giving a new three-session lecture and discussion course that will offer a brief, crisp run-down on these problems. Saturday sessions will begin on June 13 in Garden City (GA. 1-8220) at 10 a.m. Monday sessions will begin on June 15 in Inkster (PA. 2-5310) at 8 p.m. Tuesday night sessions will begin in Plymouth (GL. 3-3100) on June 16, starting at 8 p.m. Northville (FL. 9-3400) will have Wednesday night sessions starting at 8 p.m. on June 17.

Students will analyze the customary objectives of family investment planning in the light of their own situations. The various types of investments are examined. Class members will study the requirements for investment skill - study, evaluation of objectives, diversification, etc., some of these techniques are unfamiliar to most people, although they are really not difficult.

High School

(Continued from Page 1)

submitted a base bid of \$129,816. This bid was over \$9,000 lower than the next lowest bid submitted by Hyatt Construction Co. Mills promised a completion date of 98 days.

The stair tower construction has nothing to do with the much-discussed issue of building additions to the high school. It was earlier this year that the fire marshal's office listed 26 recommendations for correcting fire hazards in the high school. A stair tower between the two buildings was but one of the recommendations.

In building the stair tower, the old walk-way between the buildings will be eliminated and the machine shop extended into this area. On the two floors above the machine shop, additional classrooms will be built. Work was started Friday morning to move the machines into the machine shop into adjoining classrooms. It is hoped to complete most of the work this summer so that school is not disrupted next fall.

Besides the architectural trades bidders, there were also seven bidders for the mechanical work and eight for the electrical work.

Winner of the mechanical contract was United Heat Engineering Co. with a base bid of \$32,000. The electrical work will be performed by Shaw Electric Co. for \$13,480. Both bids selected were the low bids.

OFFICIALLY OPENED last Friday was the 100-unit Symar Subdivision located adjacent to the Junior High School at the east end of Hartsough. Pictured is the bi-level Belvedere model selling at \$13,990. In the foreground are Harold Smith, president of Har-

old Homes, builders, and Al Liederman, secretary-treasurer of the firm. The furnished model is open for inspection daily from 3 to 8:30 p.m. The home has three bedrooms, one and a half baths, living and family rooms, kitchen, hobby and utility rooms.

Obituaries

Delbert Avery, Sr.

Delbert Avery, Sr., 86, a resident of South Lyon for the past 46 years, passed away Friday at Annapolis Hospital in Wayne following a serious illness.

Mr. Avery was born September 16, 1873 at Belleville, a son of Jeff and Jane Sterling Avery. He and Mary Irving were married in 1895 at Belleville. She preceded him in death January 16, 1951. He farmed in the South Lyon area for 34 years and then retired on Lake Street in South Lyon 11 years ago. The past two years he has been staying with his son and daughters.

Survivors include two daughters, Mrs. Mabel Evans of Plymouth; Mrs. Ernest Vandecar of Wayne; a son, Delbert Avery, Jr., of South Lyon; 10 grandchildren; 10 great grandchildren and one great, great grandchild.

Funeral services were held at Phillip Funeral Home in South Lyon with Rev. Ferris Woodruff officiating on Monday, June 8. Burial was in South Lyon Cemetery.

Herbert Elliott

Funeral services were held Saturday, June 6, at 1 p.m. from Lockwood Funeral Home, Saline, Mich., for Her-

bert Elliott of 9930 Stenckfield Road, Pinckney. Rev. Alfred Hardt officiated and interment was in Riverside Cemetery, Plymouth.

Mr. Elliott was a former Plymouth resident. He passed away June 3. He was born March 2, 1884 in Nottingham, England. He was preceded in death by his wife Rebecca Green in 1943. Surviving are the following children: Herbert A. and Donald of Ypsilanti; Clarence of Pinckney; Evelyn Wudyker of Ypsilanti; Rose Arquette of Romulus; Frances Varney of Belleville; Betty Davenport of Dexter; a brother, Ernest of Wayne; sisters, Hanna Smith of Plymouth; Katherine Miller of Detroit; 16 grandchildren, 1 great grandchild.

Ben O. Weaver

Ben O. Weaver, 1472 W. Ann Arbor Trail, passed away June 6 at the U of M Hospital after an illness of five months.

He was born August 15, 1900 in West Virginia and moved to Plymouth 14 years ago. He was a furniture salesman and active in No. 1780, B.P.O.E. of Plymouth. Rev. Melbourne I. Johnson officiated at the funeral services from Schrader Funeral Home June 9. Interment was in Cadillac Memorial Garden, Detroit.

Veterans of Foreign Wars

Anyone who has not visited the Post Home recently will immediately notice several striking improvements. John Schwartz has planted flowers at the base of the flag pole in an attractive manner. Our shrubbery is growing nicely and completes the appearance. The new stations and altar were first used at the June 3 meeting. These additions to the atmosphere at the meetings, Dick Neale and others have been busy furnishing the recently purchased tables. We are proud of these improvements. Come out and take a look.

The June 3 meeting again was marked by lively (and healthy) discussion on several matters. It would seem that there is a renewal of interest by those present in the activities of the Post. Members who have been absent the past few weeks would undoubtedly enjoy this "new life".

Service Officer Gerry Olson reported on his investigation of the family of a needy veteran who lives near Plymouth. In this case the VFW will represent the family in an appeal to the Veteran's Trust Fund; other assistance by the Post will be provided as needed. It was a most thorough report.

It was voted to present gifts to the six graduates at

the National Home at Eaton Rapids. The Post also voted to purchase tickets to provide entertainment for the children residing at the Home at the Carnival there on July 19.

The Post Drill team is continuing its practice sessions in preparation for this season's events. The Color Guard under Hal Young entered its first competition on Sunday, June 7, at the St. Francis Home for Boys in Detroit.

Competition is mounting in ticket sales for the first chicken barbecue to be held on Sunday, June 21. Chairman Danol and committee would like this to be the most successful one yet. The Auxiliary is co-sponsoring and will share the profits.

Excitement continues to mount over the approaching 40 annual VFW state convention at Traverse City June 25 through June 28. A fine program is planned. A large contingent from 6695 is planning to attend.

Sunday, June 14 is Flag Day. All members are urged to display flags on this date, as part of our responsibility and privilege.

A horse chestnut tree in Pocasset Cemetery, Cranston, R.I., is claimed to be the oldest and largest tree of its kind in New England.

Water Bills Go Up, Now Come Down

There was some welcome news from Detroit this week when it was announced that Wayne County will cut back sewage disposal rates that it had just increased.

Plymouth city water users received their first water bills during the past two weeks that reflected the higher rates. Now the city commission will face the question of if and how to give users back their money.

City Treasurer - Assessor Kenneth Way said that his department has received tentative notice from the Board of Supervisors of the intention to again lower the sewage disposal charges. But the

treasurer is continuing to collect the increased rate pending official notice and to find out exactly what the new charges will be.

It was early this year that out-of-county governments learned that their sewage disposal charges would go up from five cents per 1,000 gallons to 11.5 cents.

For Plymouth, the previous yearly charge was \$14.

962. The new charge was to cost the city around \$35,000. Commissioners, after studying several plans, decided to increase each sewage disposal bill from \$1.50 per 15,000 gallons of water used to \$2 per 10,000 gallons.

A sticker was pasted on water bills pointing out the reason for the increase. A new ordinance had to be passed and new water bills

printed.

Now the Sewage Disposal and Water Supply committee of the Board of Supervisors has yielded to pressure in deciding to reduce the charge. The increase had brought a wave of complaints from suburban communities, charging the increase (up to 167 percent) was exorbitant.

The committee has decided

to make the increase 1.3 cents per 1,000 gallons instead of 6.3 cents.

The rate was asked to finance larger and new sewage disposal facilities. Representatives from the Road Commission and County Drain Commission are to meet to come up with another plan to finance the sewer program.

Concessions, Queen Candidates Needed for 4th

Concession stands and more Miss Plymouth candidates are still needed to round out the July 4th celebration, the Junior Chamber announced this week as the big holiday weekend draws closer.

Local organizations interested in making money by sponsoring some type of game concession are being invited to contact general chairman Jack Young at GL 3-9843 as soon as possible.

There will be no professional concessions outside of rides at the event this year. This leaves an opportunity for local groups to earn money by setting up some type of game, Young said.

Also being sought are more queen candidates. First prize this year is a three-day round trip for two to Buffalo on a Great Lakes passenger ship. There will also be other prizes for runners-up.

Girls entering the contest should have their entry blanks returned by this Monday, June 15. Miss Plymouth will be selected prior to July 4th this year so that she can reign over the festivities.

RUTH KNAPP FROM Northville, 2nd Vice President of the St. Mary Hospital Guild, Sister M. Calasanta, Assistant Administrator, and Dorothy Arnold, President of the St. Mary Hospital Guild were all on hand to greet the 500 members that were present at the Guild meeting May 20. The Guild Ways and Means Committee had a general meeting Monday, June 1 at 7:30 at Ladywood High School in Livonia. The purpose of this meeting was to discuss working plans for a major summer project.

ENJOYING THEIR red letter day - members of the Eighth Grade Graduation Class danced to records and a top-dance band that played all of their favorites. Virginia Fetter, Pam Barbour, Cheryl Wright, Dale Livingston, Dave Millross, Mike Britcher, Art Smith, Don

Scharmer, Harry Fountain, Kevin Huntington, Robert Pringle, Robert Applegate, Leonard Cole, Bob Bruton, Larry Olford, Charles Hampton, Eric Morgeson and Robert Hill were the school's favorite music-makers.

Eighth Graders Have Their Day

Traditional for the past six years, the eighth grade graduation class held their dance Friday night, June 5, in the junior high multi-purpose room and adjoining patio.

Sponsored by the P.T.S.A., this affair is considered a coming-out party for the Plymouth youngsters. This is the last occasion the group will be together. They will divide between high school ninth graders and the junior high ninth graders.

Jim Jensen and Nancy Thompson won the door prizes and all the class enjoyed the music, punch, and cookies. The girls in their bouffant skirts and the young men dressed very formally danced and wandered about the pennant bedecked patio enjoying the freedom of partying until 11 p.m.

Mr. and Mrs. Art Mulligan, Mrs. Pauline Morgan, Mr. Keith Alford, Mr. and Mrs. Larry Livingston, Mrs. Chris Witwer, Mr. George Dikeman, Mr. Jim Brown were members of the faculty that attended the party.

Parents responsible for the party plans and chaperoning the affair were Mr. and Mrs. Robert Webber, Dr. and Mrs. Salan, Mr. and Mrs. John McLaren, Mr. and Mrs. Stanley Clinansmith, Mr. and Mrs. Boyden Muzzy, Mr. and Mrs. Willis McCabe, Mrs. George Condash, Mr. and Mrs. Rex Smith, Mr. and Mrs. Gus Phillips, and Mrs. Eino Hayskar.

NEWS BEAT

Vandalism at the old Plymouth Village cemetery has prompted an appeal to the city from the Plymouth Historical Society. While vandals have been tipping and breaking stones for years, the society reports hoodlums have been using hammer and chisel to chisel off raised letters lately. The city intends to step up its program of burying the stones at ground level. The cemetery was established in 1843 and contains graves of many pioneer families. The cemetery is at the eastern end of Pearl

CHANGING TIMES: There's an ironical footnote involving Monday's two defeated incumbent candidates, James Mitchell and Austin Stecker. When they were elected in 1956, they campaigned on a platform to build additions to elementary schools instead of constructing a new school. They got the question put on the ballot that October, but taxpayers beat down their proposal almost 3-1. In Monday's election it was the pair's intentions to build a new high school instead of constructing additions to the present one that probably caused their defeat.

CLUBS LISTED: The Chamber of Commerce has

available a new list of 73 organizations in Plymouth, their president, meeting dates and addresses. They're available for 50 cents.

BEWARE: City police aren't the only ones handing out tickets. State Police have had their unmarked radar car on township roads and have been giving their share

WATER APLENTY: While Livonia and several other communities have had a water shortage during the current two-week dry spell, Plymouth has had no trouble keeping up with the demand. Temperatures have been reported at 94 on some local thermometers. There is no official weather observation station in Plymouth, but no one needs to know that it's been HOT.

NEW INSPECTOR: Plymouth Township has a new electrical inspector to succeed Albert Hubbs. He is Paul Thomas, 6897 N. Territorial Rd.

Vacationers
Mr. and Mrs. Milton Laible and son Robert and Mrs. Jean Gardner have returned to their Main Street residence for an indefinite time.

Anthony M. Frank, 540 Parkview Drive, Plymouth and Rex E. Berger, 3555 Chicago Road, Livonia, were among 12 receiving 15 year service pins from the Federal Aviation Agency at a presentation at the Thursday Luncheon Club at Detroit Metropolitan Airport.

Honored Karl Stofko, 8975 Beck Road, Plymouth, Michigan, a junior at Gettysburg College was among four students of German honored for outstanding work during the college year. Each of the students was presented a book from the Federal Government in Bonn, through the German Embassy in Washington, D.C., by Dr. William K. Sundermeyer, head of the German department at the college.

BOSTON (UPI)—A unique vulcanization machine at the Irving B. Moore Corp. here produces rubber tubing that looks like licorice sticks up to 500 feet long.

Nearly one out of six married women under the age of 45 in the U.S. bore a child in each of the past five years. Around 1940, the corresponding ratio was nearly one in eight.

Plymouth Area Included In Simplified Tax Record Business

William B. McDowell, Regional Franchised Distributor for Simplified Tax Records is now covering this entire area. The company furnishes easy to use tax records for all small business and professional people, supplemented by a wide variety of plus benefits, at one low cost.

The service includes all records needed, personal installation and supervision, tax bulletin service, unlimited consultation with tax attorneys and accountants, and business advisory service.

McDowell states Simplified also supplies membership in Security Small Business Men's association at no extra cost with a special low cost group insurance plan for its members. This is made possible by the thousands of users of this system.

Simplified guarantees in writing they will save you the cost of the system or your money back. They guarantee to pay any fines, penalties, or interest incurred through any error of its part in return preparation. They prepare your income tax returns, Federal, State if any, Social Security (self employed), profit and loss statement and estimated tax.

Simplified is the largest and oldest business of its kind in the world. McDowell explained last year alone, Simplified Tax Records prepared more income tax returns for business and professional people than anyone except the U.S. Government. Their experts are available and working 365 days in the year, keeping abreast of tax changes and servicing their customers. They are members of the National Better Business Bureau and the National Chamber of Commerce.

McDowell reports enthusiastic acceptance of his tax records and bookkeeping service by small businessmen and professional people. A 1959 Pocketax book with 32 pages of tax information is free of charge to interested people. It is available upon request to Wm. B. McDowell, 9475 Canton Center Road, Plymouth, Michigan. Request should include the name of the business, owner's name and address or telephone number.

DAVIS AND Lent handed out its prizes last week in connection with its 15th anniversary in Plymouth. Above, Wendell Lent, right, helps Stanley West try on a new suit he won. At the side is 12-year-old Jimmy Byer, 674 Maple, winner of a runaway car.

THE HUCKABEE FAMILY, Terry and Ricky with Jim and Beverly, formerly of Plymouth, are now of Frankfurt, Germany. Jim graduated from Plymouth High and is now making a career in the Army. He is the chief lie-detector operator in the U.S. Crime Laboratory in Germany. As he says of his job "In this type of examination we of course deal only with the human element, and until all the evidence is in (combining the results of the machine itself, and the opinion of the operator, who must be something of a psychologist) our sympathies are with the subject."

"But when all the evidence is in, in nine cases out of 10 we can establish to our own satisfaction the subject's guilt or innocence." Jim's wife Beverly is the former Beverly Smith, daughter of Margaret Schifle. The young family expect to be in Germany another three years.

Merchants Improve Hitting, But Lose 10-8

The Plymouth Merchants were unable to move from the cellar position in the league as they suffered a 10-8 defeat at the hands of the River Rouge club.

This was the third loss in as many starts for the local team, but they did show improvement over the last game. This improvement came mainly in the hitting department, with some much needed help from two new men.

Noran, the new second baseman and Larry Wells, helped to give the team a spark of drive that until this time has been present but unused. Noran seemed to provide that extra polish that a smooth infield needs.

Again, as in the past, there is a need for pitching talent on the ball club. Greenwood was replaced after three innings and Montgomery finished the game.

The local group had the makings of a scoring threat in the ninth but left the two tying runs on — man on second and third.

As compared to the first game the Rouge team had lost some of the opening glitter that they had shown. This might be due in part to the fact that they are made up of older players while Plymouth is more of a younger club.

This Sunday Plymouth will play the league's 2nd place team, Redford, on the Northville diamond. In other action last Sunday the Teamsters dropped Redford 5-0, South Lyons over Seamless Tube 10-8.

Three Rocks Named For 6B League

Plymouth placed three men on the Suburban Six league baseball first team, two on the second and one honorable mention, it was learned this week.

Bentley placed four, Plymouth three, Trenton, Redford Union and Allen Park each one to complete the first team.

Wayne Sparkman was the second team second baseman with John Salan in the outfield. Al Runge captured the honorable mention spot.

FIRST TEAM:

1st. base, Don Phillippi, Bentley
2nd. base, Dennis Boufford, Bentley
3rd. base, Rudy Lucidi, Trenton
S.S. Paul Woodard, Plymouth
Outfield, Joe Antonazzo, Bentley
Outfield, Ron Haen, Redford Union
Outfield, Bob Cottrell, Allen Park
Catcher, Larry Wells, Plymouth
Pitchers, Randy Egloff, Plymouth; Lee Salo, Bentley.

Plymouth Enters Wayne League

Plymouth teams have started practice for this season's entrance into the Western Wayne Baseball league, which starts June 15th.

Monday evening about thirty boys reported for the first practice session in preparation for the league's opening game on the following Monday night.

This season Plymouth will have two teams in each of the D and E leagues. The D league consists of boys that are 18 and under and will reach their 19th birthday before the first of September. The E league is made up of boys 15 and under that will not have their 16th birthday before the first of September.

The other division or league is the Midgets. They are composed of players all who are under thirteen years of age. In the past this league has been divided into two groups, 8-11 and 11-13.

Entries in the D league for Plymouth are Plymouth Elks, managed by Gar Evans and Fishers Shoes, who are still in need of a full time manager. Milt's Coffee Cup and Davis and Lent are the E entries. Harold Stevens is managing Milt's with Leonard Budnick for Davis and Lent.

As in the past the league is under the sponsorship of the Livonia Recreation Dept.

NATIONAL WALKING champion and Detroit physical culturist will be giving a talk on the effects that health foods have on the body, June 15th. The talk will be held at Zerbo's Health Store located on Plymouth Road in Livonia.

Plymouthite Named Golf Team Captain; Makes Hole-In-One

Larry White of Plymouth, finishing his sophomore year at Michigan Tech at Houghton, has been elected captain of the college golf team for next year and recently chalked up a hole-in-one.

The son of Mr. and Mrs. Thomas Howard White, 485 Sheldon, Larry was playing with the college team recently when he ached a 215-yard hole with a three iron. His achievement will entitle him to several awards.

Larry was elected captain of the golf team which this season won all eight of its matches. He is in civil engineering at Michigan Tech.

JACK PRECOBB (center), Northwest Zone control officer is shown giving instructions to two RACES members before they leave Shelden Shopping Center for their assigned missions in

Wednesday night's drill. In the background is the truck, equipped with radio transmitting and receiving facilities, that served as the base or command post.

Area Amateur Radiomen Ready for Emergencies

Twenty-nine mobile units of the RACES took part in one of the most successful drills held in the Northwest Zone last week.

RACES, Radio Amateur Civil Emergency Service, used Shelden Shopping Center as the starting point and base for the Command post-radio-equipped truck to direct the mobile units.

Cars and operators from as far away as Grosse Pointe descended on the Shopping Center base as the evening's drill got under way. Jack Precobb, Northwest Zone control officer, briefed the hams before they started out on the required missions.

Cars were dispatched to different locations or sectors to check gas stations that were open and how much gasoline each had.

This was a modified drill in that the hams were not monitored by references that evaluated both the conversations and the value of the reports given. Assistant Zone officer Laverne Olds, Plymouth, was on hand at the command post to check on the evening's progress.

The Northwest Zone includes the communities of Plymouth, Livonia, Farmington, Northville, Redford and Garden City.

Mayor William W. Brashers of Livonia listened to part of the gas station reports from a mobile unit that was stationed at the Lincoln school, where he was attending a meeting. At the end of the reporting period, Mayor Brashers expressed his interest in the work that the RACES members were doing.

LADIES' DAYS

BALTIMORE, Md. (UPI) — Four fillies have won the Preakness Stakes — the second jewel of racing's Triple Crown — the last being Nellie Morse in 1924.

THE ROCK'S RECORD

SOUTH BEND, Ind. (UPI) — In 13 seasons as football coach at Notre Dame, the immortal Knute Rockne's teams won 105 games, lost 12 and tied five. The Fighting Irish had undefeated teams in 1919, '20, '24, '29 and '30.

BLAIK'S MARK AT ARMY WEST POINT, N.Y. (UPI) — Earl Blaik, who retired after the 1958 season as head football coach at Army, left behind a record of 121 wins, 33 losses, and 10 ties in 18 years as the Cadets' coach.

PHILADELPHIA (UPI) — Dave Philley of the Philadelphia Phillies holds the major league consecutive pinchhitting record with nine straight hits.

THIS IS A partial view of the inside of the truck that was stationed at the Shelden Shopping Center for last Wednesday night's RACES drill. The truck has complete radio equipment including power generators one of which is seen in the left foreground. These two RACES members are going over a map dividing it into sectors into which the mobil units were sent. Besides transmitting and receiving and self sustaining power equipment, the truck has its own teletype machine.

GRAD-SLAM CHAMP CHICAGO (UPI) — Ernie Banks of the Chicago Cubs established a grand-slam seasonal record when he hit five homers with the bases loaded in 1955.

Four Straight for Habs MONTREAL (UPI) — The Montreal Canadiens have won the National Hockey League's Stanley Cup 10 times. Their 1958-59 victory established a new record of four straight.

SPORTSEEN

By LEE SECHLER

Ever since the wife of one of the ad men discovered I wrote a column, it has been getting space. That's what you call having influence with the right people. Seems she is a writer like me. (?) Question mark for me, not she.

There has been considerable talk afoot, as of late, due to the Tigers' change in league standing. My friend Harry a Detroit follower no matter what, feels that the Tigers will finish strong, along with Baltimore. He did leave this parting thought. "Never sell New York short."

If any adults want to learn tennis, leave your name at the Recreation office. This summer, starting on June 22, Jim Stevens will conduct a class. Some of you may remember him from the winter badminton classes.

Herb Woolweaver has been going over the list of equipment that is ready for use and making a list of what is needed for the summer program. At the present time, some of the playground instructors are picking up the available material.

Jim Doyle, a man with only a few days of freedom left, he's to be a June groom, will be at Starkweather school again this summer. He informs me that if there are any boys that would like to learn more about shooting, guarding and the other finer points of basketball, that they can stop over and talk with him after June 22.

There was a fair turn-out for the Jr. Tennis Tournament held Saturday and Sunday afternoon at the high school courts. Understand that later on this season the local team will journey on to stiffer competition. More on that as the time approaches.

While driving through the park late on night, spotted some young bow and arrow fishermen at Newburg lake. The sport of spearing with bow and arrow has become a major pastime for some of the fellows around here.

Randy Egloff ended the baseball season with an earned run average of .410.

The Plymouth Opts. have ordered a Ball Boy machine to be used by the athletic plant to help both tennis and baseball players improve their game. The machine, costing around \$400, is expected to be delivered later this month.

It will help the future players, in that the speed of the ball and the direction can be regulated. For example, its use during baseball season. Pitches could be controlled, both as to speed and to the position they come over the plate. Once trained on a certain spot and set for a given number of throws per minute or second, it need never be touched until a change is desired. A feat that human pitchers can not do.

Conservation Notes

LANSING, June 3 — More than one million pheasants were taken for the sixth straight year and the cottontail rabbit remained Michigan's leading game animal during the 1958 small game season, according to the Conservation Department's recently completed post card survey of resident and non-resident hunters.

Nevertheless, hunter success was below the 1957 level for ringnecks, cottontails and ducks. Dry weather and low water levels were chiefly responsible for the decline in pheasant and duck take while winter's deep snow and cold temperatures held down the cottontail total.

Approximately 1,181,340 pheasants were harvested, roughly 75,000 less than in 1957. The cottontail take of 466,910 was about 118,000 below the 1957 kill. Some 3,860 ducks were bagged compared with the 1957 total of 543,600. Elsewhere, the woodcock kill dropped from 7,760 in 1957 to 62,430.

Harvest increases were made for other game as hunters killed an estimated 8,260 ruffed grouse, 24,610 geese, 48,860 coots, 313,070 snowshoe hares, 895,780 fox and gray squirrels, 120,880 jack squirrels and 211,730 raccoons.

Results of the post card survey was small game license sales, which rose to 705,500, approximately 691,980 licenses were sold in the preceding year.

The post card survey is a systematic sampling of hunters to determine small game hunting activity. Approximately 94 percent of those called returned completed questionnaires to the Department.

LANSING, June 3 — Approximately 11,600 acres will be offered for oil leasing by the Conservation Department in a public auction at Lansing June 4.

Among those lands listed for lease are 302 acres in Ludwin state park and 2,015 acres in the Waterloo recreation area. A special provision stipulates, however, that no drilling may be done on these lands without the consent of the Conservation Commission and Department Director Gerald E. Eddy.

Further approval is required by the Secretary of Interior on 1,270 acres of the mentioned Waterloo lands. Another 4,280 acres will be offered for lease in the Manistee national forest. Also offered are 400 acres in Oshtemo state forest and 1,690 acres in Chippewa River state forest. The auction will begin at 10 a.m. in Room 10 of the Stevens T. Mason Building.

FAST WORK

CHICAGO (UPI) — Morris Edelman of suburban Skokie said the United States postal service moves faster than he thought.

A letter addressed to Edelman was postmarked "April 10 a.m., Chicago, Ill." He got it about 10 a.m. on April 11.

OFFICIAL PROCEEDINGS

Township of Plymouth Board

June 3, 1959

A regular meeting of the Township Board was held at the Township Hall, Wednesday, June 3, 1959 at 8:00 p.m.

Present: Supervisor Lindsay, board members Holmes, Miller, Norman, and Sparks.

The minutes of the regular meeting of May 6, 1959 were adopted as read.

It was moved by Mr. Sparks and supported by Mr. Norman that the bills as presented by Mr. Lindsay be paid.

On a motion by Mr. Sparks and supported by Mrs. Holmes, Mr. Morris Webster was designated as the architect for the construction of the new Fire Hall at Lake Pointe Village.

Merry-Hill Nursery was given the assignment of building the lawn in the park at Lake Pointe Village. Moved by Mrs. Holmes and supported by Mr. Norman.

Purchase of one Cormac Flomatic photocopy machine for the price of \$289.00 was approved by Mr. Sparks and supported by Mr. Miller.

Purchase of additional furniture for the clerk's new office, consisting of a desk, chair, file cabinet and typewriter shelf for the sum of \$375.14 was approved on a motion by Mr. Sparks, supported by Mr. Norman.

On motion by Mr. Miller and supported by Mrs. Holmes, the purchase of a new adding machine from Burroughs Corporation for the price of \$125.00 was approved. A proposal to amend Section 9 of Dog Ordinance IV pertaining to kennels was tabled pending further study.

There being no further business, the meeting was adjourned. After support by Mr. Norman the meeting was adjourned at 10:15 p.m.

Ray E. Lindsay, Supervisor
Fred L. Miller, Clerk

Voters Name

(Continued from Page 1)

election was brought in. After it was learned that the two incumbents were defeated, board secretary Mrs. Esther Hulsing complimented the two for their devotion and hard work on the board. With the job requiring a meeting almost every Monday night and sometimes meetings between, out-going President Stecker and Vice-President Mitchell smiled and remarked that as they sit back in their easy chairs watching ball games on television on Monday nights, they would be thinking of the board.

A CHECK FOR \$5,000 to cover the leasing of the Central Parking Lot for one year was turned over to the city by the Chamber of Commerce during a ceremony Wednesday morning. Parking committee chairman James Taylor, left, made the presentation to Mayor Harold Guenther. The amount is equivalent to what the meters would yield during a year. Parking meter money goes into a fund to pay off debts on existing lots.

WITH PLYMOUTH still striving for "colonialization" of its buildings, Plymouth Lumber has taken steps to oblige when it built this attractive sign. The planter at bottom will be filled with petunias. Company president David Mather is shown inspecting the newly-completed sign.

THE MAIL ATTITUDE

BY PAUL CHANDLER

There is a mood of rebellion among taxpayers today which normally stays somewhat below the surface. Elections, however, provide a chance for citizen expression, and Plymouth's Board of Education contest here Monday was typical.

Fairly or unfairly, the citizens sought a change. The two incumbents who were defeated were victims of the times, of circumstance. They served their community sincerely and competently while in office and we all owe them an expression of thanks.

All over Wayne County, citizens were doing similar things on Monday. Incumbent school board members were biting the dust as regularly as did the British at the Battle of New Orleans — if you're up on that new popular record "hit."

And it isn't just the schools. Any public officeholder has a sword dangling over his head at the moment. The year 1958 was a tough one economically. Taxes have become a heavy weight on the back, a sort of symbol of frustration for those hard-pressed to meet household budgets. By throwing out the incumbents, a citizen is registering a protest against irritation. It isn't so much the individual who's involved, it's the principal of the thing.

All the above is general, but I believe it is reflected in state, national, and county affairs as well as local ones.

There was one specific local issue that counted Monday, however, and the entire Board doubtless realizes it now.

The question was and is — "Shall we scrap our present high school and build a new one on the outskirts?"

The old Board gave every sign of having its mind made up to go to the outskirts and start anew, rather than enlarging and extending the present high school.

A big majority of the voters were replying Monday. They don't want to go to the outskirts with a new school at this time.

Both the new men, Harold Niemi and Pat Zylstra, are entering office determined to resist the "go to the outskirts" plan — at least, until they find some overpowering reason to do so which they haven't discovered yet.

A letter to the editor, today, plus a clipping from the editorial page of the Rogers Daily News, a newspaper published in Rogers, Ark.

Editor:

"Put this in your pipe and smoke it."

"Would you reprint this editorial in a forthcoming issue of the 'Mail' or wouldn't you dare?"

"Of course I mean word for word."

"Thank You."

"Mrs. Orin Ribar,

"Rogers, Ark."

And the clipping she enclosed was headlined:

"HOW SNIDE CAN YOU GET?"

"The people at the Daisy Manufacturing Company may not be aware of it, but Daisy recently has been the object of a pretty snide attack."

"We came across this attack on Daisy the other day where we least expected it—in a column written by the editor of the Plymouth Mail."

"Plymouth, as most of our readers know, is the very neat and attractive Michigan city where Daisy made its home before moving to Rogers."

"The Plymouth editor was reviewing some of Daisy's new expansion and wound up by commenting:

"So, Daisy seems to be thriving in its new atmosphere."

"Nonetheless, like some Plymouth residents we feel something like the jilted girlfriend who saw her fiancé run off with the peroxide hussy down the street but still managed to murmur, 'I hope you two will be very happy.'"

"Some might think that pretty clever."

"But we are more inclined to view it for what it obviously is—a very snide, vindictive and even downright nasty attack on Daisy."

"It certainly seems totally uncalled for coming from the city where Daisy made its home for more than 70 years."

"We can only hope that the rest of the people of Plymouth do not hold the same sour-grapes attitude as the editor of the Mail."

"Surely they must feel more friendly towards the company which provided hundreds of jobs and contributed so much to the economic and civic development of Plymouth for more than half a century."

"We rather doubt that the people of Plymouth would applaud their editor's smart-aleck remark—which to us seems almost like stabbing an old friend in the back."

I suppose we should offer some comment, but the clipping just sort of makes us sad. We apologize, to whomever we should. Mature people shouldn't let their feelings show. I guess. We're really very proud and happy that Daisy was able to move on and better itself, in our time... I guess.

Everyone Gets Into Act at Town Hall

Acquisition of land surrounding the present high school to construct additions of the building would cost between \$500,000 and \$600,000, it was revealed at the Town Hall meeting last week as 200 listeners heard a lively discussion on the high school problem.

The Town Hall meeting presented each of the candidates for the board of education, but spotlighted in the attraction were the two incumbent candidates, James Mitchell and Austin Stecker. Board President Stecker, in particular, was the target of the majority of questions as the audience attempted to find out more about the school board's plans concerning a new high school.

Not only did the audience shoot questions to the candidates, but interest was added when candidates were allowed to quiz each other. And as a finale, the rest of the school board and administration were brought up front to face the audience.

The session lasted two and a half hours and the questioning got down to the high school issue almost immediately. One of the interesting remarks to come out of the meeting was a statement by Stecker that acquiring land around the present Senior High to build additions would cost up to \$600,000. He quoted an architect as saying that making additions "was not practical."

Stecker, who with Mitchell was defeated Monday, re-emphasized a point he had made several times concerning the keeping of the high school in the city. "It is the board's responsibility to take

care of all children, no matter where he lives." He believed that keeping the high school in the city and later building another in the township would "build a bigger wall than ever" between the two governments.

There was also concern about the 78 tuition high school students attending from Washtenaw County. Some questioners charged that this helped overwork the high school and that they should not be allowed to continue.

Where the center of population will be located in years to come was another popular topic. The two board members said that it is an "educated guess" that the population center is moving south of the city but Mitchell admitted that the city is still the center. The board is now negotiating for a site located at the southwest edge of the city.

"Why are charges being made for the summer courses this year?" someone asked. In a simple answer, Mitchell said it was to make the program self-supporting.

Later, when the remainder of the board took the spot-

light, a question was asked if it would be possible to give voters a choice of approving a bond issue for adding to the present building or building a new one.

Board member Charles Zoet said that the board will put only one proposal on the ballot (presumably for a new high school) because the board has the responsibility of recommending a definite program which it believes best. If this is defeated, the board would probably come back to voters with another proposal.

One of the leading questioners of board members was Peter Zylstra, the successful candidate.

Plymouth High Grads Win \$40,000 in Scholarships

Over \$40,000 in scholarships were presented to graduating Plymouth High School seniors at the Senior Farewell Assembly last week, along with honor keys and other awards earned during their scholastic pursuits.

High School Counselor Robert Smith made the scholarship presentations.

Clare Calahan received the U-M Regents alumni scholarship. Hale Huber won a grant from the Detroit Alpha Tau Omega Alumni Awards Foundation and the U-M Regents scholarship.

Joanne Nagy received a certificate of Merit for the National Merit Scholarship Corp. and Mary Jane West received the U of M Club of Plymouth Scholarship.

Bob Westover took the Upjohn Merit Scholarship, along with a certificate of merit from the National Merit Scholarship Corporation and recognition as finalist on Scholarship qualifying test as a member of National Honor Society.

Susan Campbell and Wathena Miller will go to Michigan State, Susie with a Sandy Brand Memorial Scholarship and Wathena with an MSU entrance scholarship. Wathena declined a grant to Western Michigan.

Carole North will attend Albion on a scholarship from that school. Claudia Kessler received a Certificate of Merit from the Merit Scholarship Corporation, plus a scholarship from the U-M Regents and University of Wisconsin. She will go to Duquesne under a scholarship offered by that school.

Betsy Edgar turned down an Albion scholarship in favor of an Applied Michigan grant from Western Michigan. Edward LaRochelle and Larry Wells are recipients of athletic scholarships with Ed attending the University of Idaho and Larry going to Arizona State University.

Rosemary Tallman and Judy Henry both received State Board of Education grants.

James Cutler won a certificate of Merit from the Merit Scholarship Corp., a certificate of Merit for high achievement in the second annual Michigan Mathematics Prize Competition, U of M Regents alumni Scholarship and a Massachusetts Institute of Technology Scholarship. He will attend M.I.T. And here's one for you—

Kathy Yakely was awarded scholarships from both Eastern and Western Michigan. She's going to Central Michigan.

It was Hale Huber's day as far as honor keys were concerned — he got three, more than any other senior. Hale was cited for outstanding achievement in social studies, science and citizenship.

Three received two key s. They were Mary Jane West for band and citizenship, Jim Cutler for math and service, while Bob Westover was considered most outstanding in English and debate.

Other key winners were Lois Austin, occupational training; Dave Graves, vocal music; Jerry Johncox, industrial arts; Pete Signorelli, journalism; Jeanette Ridley and John VanDyke.

Larry Wells and Karen Lent were awarded a key for boys and girls athletics, respectively. Also honored were Glyn Norton, forensics; Carin Stofko, Latin; Joanne Nagy, French.

Awards other than keys were presented in the assembly, which was emceed by committee chairman Jonie Izett. They included a history award, which went to Carole Anne North, and was presented in behalf of the Sarah Ann Cochran chapter of the DAR. Kathy Joseph and Pete Signorelli both received Michigan Press Association awards, while Hale Huber and Mary Jane West were awarded Danforth Foundation citizenship awards. The book, "I Dare You."

The Farewell Assembly also featured a skit presented by the seniors called "Senioritis".

The PLYMOUTH MAIL

Thursday, June 11, 1959, Plymouth, Michigan Section 2

Brownie News

All troops must have their annual troop finance report into their neighborhood chairman by July 1. Also an estimate of how many calendars their respective troops will need must be turned in.

On April 29 Girl Scout Troop 251 worked on the music part of their second class rank badge. They also talked about camping May 6. Mr. John Ing and Mrs. Harry Larson took the girls on a cook-out and a hike through the park. The girls had fun in spite of the rain.

EIGHTH GRADE graduating class of Our Lady of Good Counsel Catholic School presented a picture of Pope John XXIII to the school as their parting gift. Patricia Hill and Paul Kreimes represent the class. Accepting the colored portrait are Sisters M. Victorine and M. Annice.

ARE YOU A LUCKY WINNER?

each week, in a different ad in this newspaper, there appears the name and address of a person taken from the subscription list of the Plymouth Mail. This lucky person will receive "dinner for two" for himself and one other as guest of Marquis Toll House Restaurant, 335 N. Main. Free parking across the street. All the winner has to do is identify himself. Last week's winner was:

R. S. LAWSON
47818 Powell Rd.

Consumers Assured More Gas Permits

A final hurdle has been cleared making it possible for the Consumers Power Co. to increase its number of gas space heating customers — but when the increase can come is still uncertain.

Dan E. Karn, president of Consumers, declared that the decision of the Trunkline Gas Company to accept the Federal Power Commission certificate makes it possible for Consumers to obtain large additional supplies of gas.

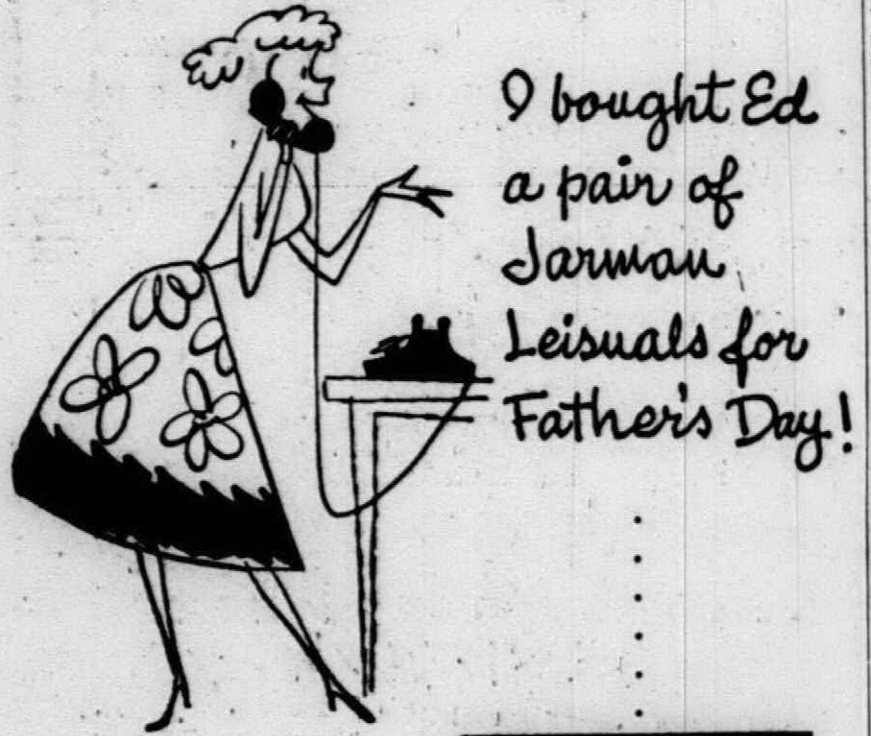

While the gas supply is available "from the producers, getting it to Michigan customers is another big problem. Trunkline Gas Co. must build more than 900 miles of pipeline, including a 204-mile line from Tuscola, Ill. to the Indiana-Michigan border near White Pigeon.

Consumers must then build 160 miles of line to carry the gas from the state line to junctions with present pipeline systems near the Plymouth-Northville area and near Clarkston.

Expenditures of \$30 million by Consumers is involved. Financing steps are being taken now, Karn indicated.

At present there are more than 180,000 applicants for gas space heating service on the Consumers waiting list. A "threat of a steel strike raises the question whether steel pipe will be available to carry on the construction programs.

"We will exert every effort to get the additional gas to our customers with a minimum of delay," Karn declared.

There's no need to wrack your brain for something to give on Father's Day. Jarman Leisuals, easy shoes for easy hours, truly make a fitting gift. We have a wide selection of new Leisuals, in a variety of rich leathers and handsome colors and all of them featuring that famous "friendliness of fit." Solve your Father's Day problem the smart and easy way. Come in and select his Leisuals right away.

Salary Hikes, Annexation On School Board Agenda

Consideration of bus bids, raises in pay for school administrators and secretarial help and the turning down of another plea for annexation of the Plymouth school district were some of the items considered by the board of education during recent meetings.

A special meeting was held last Thursday night and the regular meeting Monday night at which bus bids were considered. The board is taking bids on three buses for next September. Four local dealers bid last Thursday on the chassis and five companies on the body. Two companies sent along letters setting forth additional special discounts above the prices included in their bids. Board members, feeling that this type of bidding was not regular, decided to reject all bids and re-advertise.

The new bids were opened Monday night and will be studied for a report at the next meeting. Local bidders for the chassis were West Bros., Forest Motor Sales and Paul J. Wiedman. One did not re-bid.

The board has decided to increase the salaries of four administrators. Beginning with the next fiscal year, the salary of the superintendent will be \$16,500; the administrative assistant, \$11,750; senior high principal, \$11,750; and junior high principal, \$9,900.

Also increased was the clerical salary schedule. The combined increases of the group will be \$1,985.

Making almost an annual appeal and being turned down annually are the school districts in Washtenaw County for annexation to the Plymouth School district. A letter from the director of the Frains Lake School district

asking the board about further annexations was considered. The superintendent was directed to write the director that the board's position remains unchanged and no further annexations would be considered at this time.

The board also heard a letter Monday night from the assistant superintendent of the Detroit House of Correction, asking that his children be allowed to attend the Plymouth schools. He lives north of Phoenix Rd. in Northville District. The board will reply that it will not deviate from previous decisions about special cases and will reject the request.

Happy First Birthday To Eta Psi Chapter

Eta Psi Chapter of Beta Sigma Phi, social and cultural sorority celebrated their first birthday anniversary on June 2.

The occasion was observed by members of the group enjoying a social evening at Hillside Inn. A candlelight dinner was served at 8 p.m. The past year has been filled with activities, including social, cultural and service. Along the service lines the group sponsored and supported the Wayne County Training School with an annual donation. This is the main service project of the sorority.

Having passed the first anniversary date, another pleasant and beneficial year ahead is anticipated.

The Conestoga wagon originated in Pennsylvania before the Revolutionary War.

Local Students Win Recognition

Eleven local piano pupils from the Class of Mrs. Florence Crandell, 974 Church, Plymouth, have registered as candidates for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers of which their teacher is a member. This group of young piano hobbyists played in the National Piano Playing Auditions, Detroit and won local, district and national honors which the Mother organization will confer according to the number of standard classic, romantic and modern pieces chosen from the Masters of pianoforte literature each student did creditably perform in the presence of an imported examiner of note from another state.

From coast to coast over 40,000 enthusiastic piano pupils of the nation participated in this annual national piano-playing event being held in 403 music centers of the country and every entrant worth his salt will be certified, given a gold or bronze embossed pin, a year's Membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World.

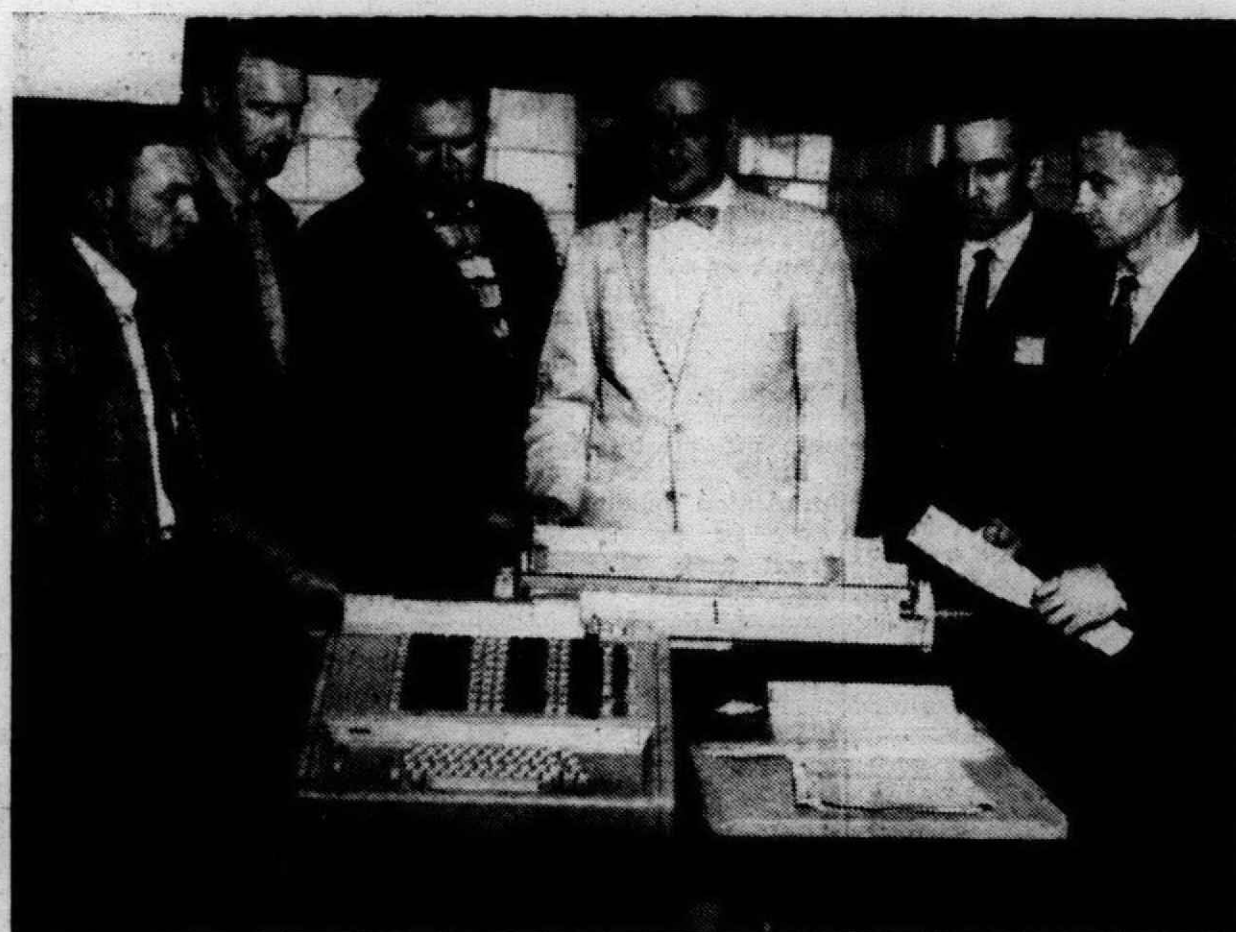

The names of the local entrants, pupils of Mrs. Florence Crandell of 974 Church Street, are: Melanie Robinson, Robert Jousma, Janice Spence, Cheryl Spence, Karen Upton, Cathy Miller, Marilyn Moyer, Bobby Brown, Mary Lou Wagner, Julie Cohoe, Martha Jane West.

BIDDING THEIR TIME

EFFINGHAM, Ill. (UPI)—Santa Claus showed up for a Christmas party here in March. Employees of a utility company delayed their gift exchange and turkey dinner until the office manager recovered from injuries suffered in an auto accident before Christmas.

NOT A BACKSLIDER... Chuck Cottler, wearing sliding pads, works out with the Milwaukee Braves at Bradenton, Fla.

SIX MEMBERS OF the Plymouth Chapter were part of a group of 150 Junior Chamber of Commerce members who visited Burroughs Typing Division recently to participate in a program that included a plant tour

and dinner. Shown examining a Burroughs Typing Sensimatic are: (left to right) Calvin Thomas, Jack Young, Tom Hirtzel, Douglas Wiseman, Frank Keehl, and Ted Campbell.

Lyon Township School District Adds Two New Men To Board

By Mrs. Herbert Famuliner

The voters of Lyon Township School District held their annual election on Monday in South Lyon Elementary School. Out of approximately 2500 registered voters 504 voted. Donald C. Coe of Whipple Street with 327 votes and Wilford H. Heidt of Nine Mile Road with 273 votes are the new Board members. William Markham, the incumbent, received 221 votes; and Lester Slauter, Jr. of Silver Side Drive received 164 votes. Mills Tourtelotte of Five Mile Road received one write-in vote and Martin A. Miller of Ten Mile Road received a write-in vote.

The Wide Awake 4-H Club will meet Wednesday, June 17 at the home of Suzie Cort at 8 p.m.

On June 15 women who are interested in learning about our Township resuscitator and how it works are invited to see a demonstration at the Fire Hall at 8 p.m. put on by firemen.

Bible School will be conducted by Mr. Chuck Michael of the Rural Bible Mission June 22-26.

Nancy Cort of W. Six Mile Rd. is home for her summer vacation. Nancy has been attending college at Lansing and has just finished her junior year. Marion Thompson of Five Mile Rd. arrived home last Thursday for the summer. Marion has just completed her freshman year at the Bob Jones University at Greenville, South Carolina.

There will be a horse show Sunday, June 14 at the Woods and Water Farm on Pontiac Trail. The Morgan Class will be at 9 a.m. Performances at 10 a.m. and 12:30 p.m.

Last Tuesday evening Miss Elsie Woodruff entertained the members of the Northville Rainbow Board 29 at her home on Seven Mile Rd.

An Open House was held Tuesday evening at the home of Stanley Hicks of Seven Mile Rd. for the chorus of H.M.S. Pinafore being given at the Northville High School. Mrs. Hicks served her son's friends potato chips, cake and pop.

Janet Riorden and Janet Famuliner were house guests of Linda Hicks on Wednesday night and were her

guests Thursday at Northville High School.

A birthday dinner was held in honor of Mrs. Charles Stacy, who celebrated her 79th birthday on Thursday, at her daughter's home, Mrs. Clayton Howard of Powell Rd.

Emily Riddering of Six Mile Rd., celebrated her fourth birthday Sunday.

Brownie Troop 548 attended the Guest House Show on Thursday evening at radio station WJR in the Fisher Building. Before the program, which starts at 7 p.m., the girls and their leaders, Mrs. Roy Johnston and Mrs. Raymond Heidt enjoyed having dinner at Howard Johnston's on Woodward Ave. Committee Mothers Mrs. Philip Brandon, Mrs. William Amrhein and Mrs. Herbert Famuliner and two mothers, Mrs. John Newman and Mrs. Robert Whithead, also accompanied the group. Fred Kendall of the program is the father of Leslie, one of the Brownies.

Mr. Adolph Trapp of Six Mile Rd. is now home from the hospital and is doing very nicely.

Mr. and Mrs. William Edmunds of Pontiac Trail celebrated their wedding anniversary last Thursday.

Friday was the wedding anniversary of the Louis Sweetmans of Six Mile Rd. Mr. Arthur Kerner of Flint spent the week-end with his daughter, Mrs. Louis Sweetman.

Glen and Ernie Hardesty spent Sunday in Flushing, Mich.

Gale Bennett entertained her sixth grade class and their teacher John Heard with a hayride and hot dog roast at her home on Saturday evening.

Miss Mary Dix of Five Mile Rd. entertained her friends Friday evening. Dancing was enjoyed by all.

Chuck and Sally Raymor and children of Dexter were Sunday callers at the Raymors' home on Dickerson.

Mr. and Mrs. Bert Austin were Sunday night supper guests at the Bennett home.

A wiener roast was enjoyed Sunday night at the Charles Raymor home, attended by Mr. and Mrs. Oscar Hirth, Mr. and Mrs. Richard McKinley and children, Mr. and Mrs. William Kelly, Mr. and

NEW YORK (UPI) — "Encouraging" tests were made recently using helicopters to airlift logs to newsprint mills from inaccessible areas.

The Newsprint Information Committee said present-day helicopter costs and limitations are still a barrier to the economical use of the whirlybirds but that the tests were "encouraging" because advances in design will make heavier payloads possible.

NEW YORK (UPI) — The steel industry this year has the capacity to provide 1,681 pounds of raw steel for every person in the continental U.S. The steel would come from furnaces that operate in 29 out of the 49 states.

College Plans for Canton Twp. Graduates

Where is everyone? Things have been so quiet this week that I have a feeling that we are the only ones living in this Township, and we haven't even done anything spectacular. Are you a garden enthusiast? Well there will be a new column starting in the Plymouth Mail and we sure would like to know about your garden. One thing for sure there are quite a few of our township young folks making that big step from High school to college or the business world. In either case we want to wish them success.

Two boys already well into

their college careers, are the sons of Mr. and Mrs. Frank Spigarelli of Beck Rd. The boys both appeared home last weekend, to the surprise of their parents. Alfred came home on Friday and Ray on Sunday, bringing with him a roommate, Kenneth Roberts of Cuyahoga Falls, Ohio. All three of the young men attended Michigan State University and while Ray has some R.O.T.C. training ahead for this summer, Alfred will be home as soon as school is out. The achievement the boys are making in their college work, showed in their Mom's voice.

One of our township graduates will be Gail O'Donnell, daughter of Mr. and Mrs. Chas. O'Donnell, of Beck Rd. Gail has visited the campus of Michigan State University and plans to attend classes there next year in Divisional Sociology. Gail made a one word description of the University, "Fabulous."

Another of those graduating from High School this June, is Dick Small, son of Mr. and Mrs. John Small of Canton Center. Dick is planning to attend Michigan State University and study medicine. The boys and girls of the fifth grade at Gallimore School took a trip to Kensington Park, under the guidance of their teachers, Mrs. Blossom and Mr. Mike Toth and parents. The young people toured the nature study cabin and received a very interesting talk from the park guide. Then off they went on a hike through the nature trails. One of the things that seemed to impress the youngsters were the wild geese and their young, and the fish that swam near the shore to get the bread they fed them.

Decoration day the Fred Leonards of Beck Rd. enjoyed a group of guests on an outside picnic at the Leonard's home.

Mr. and Mrs. Robert Clixby of Canton Center are holding open house in honor of their daughter Pat's graduation from Plymouth High. The event will take place June 20 for Pat's friends and relatives. Pat plans to attend Eastern Michigan University and study Library Science. Visits to the campus have convinced Pat this is the college for her. Pat is an active member of the Sheldon Community 4-H club and was chosen by the county agents to represent Wayne County on the "Our Friend Harry Show," Channel 7 last Tuesday, June 2. Pat demonstrated her exhibit on Entomology. I guess I sounded a little in the dark for Pat quickly explained, this is a study on insects.

The ladies of the Bosman family of Hanford Rd., had a holiday. Mrs. Edward Bosman and her four daughters, Dee Ann, Carol, Debbie, and Patty drove up to see the Mackinac bridge. The group was gone for three days, and took in many scenic spots including Alpena and Roger City. The young ladies, along with their mother, share a 4-H interest in the Spoon and Spool group, therefore, they did some work on their summer project of rocks and minerals. Mrs. Bosman stated they visited one of the largest stone quarries and were not sure but what they would need a trailer to bring their collection home. Of course the highlight of the

trip was the crossing of the bridge. Mrs. Bosman stated that they took a very scenic drive up by way of route No. 23, along Lake Huron. Now many that know this almost all girl family, wonder what happened to Dad Bosman and little Eddie Jr. Well Mrs. Bosman informed me that Edward Sr. and Edward Jr., along with their two grandfathers, did a little bachelor living while the ladies were away. Anyway, it sounded like everyone had a good time.

The other day I noticed something that has practically been right in front of my nose, a beautiful field of peonies. The entire field is covered with these lovely blooms and they belong to Mr. and Mrs. Ferrari of Ford Rd. If you are out Ford Rd. way, notice as it is a pretty sight.

We wish a speedy recovery to Mr. James Mulhern of Beck Rd. who is in Beyer hospital recovering from a recent operation.

And a grand time was had by all Mr. and Mrs. Thos. St. Louis and two sons, Bob and Jerry, Mr. and Mrs. James Johnson, and son Jimmy and daughter Mary Alice, and Mr. and Mrs. Chas. Combs and two sons, Johnny and Chucky. The families, all of Beck Rd., had a picnic at Walled Lake.

Well, that does it for the week, short but sweet. I can handle much more in this column if only my phone would ring more often. See you next week, are you thinking about that oldest long-time resident Him!

Presbyterian Fathers, Sons To Hold Breakfast

First United Presbyterian Church will celebrate the Sacrament of the Administration of Baptism to Infants on Sunday, June 14th, in the 11 o'clock service.

The annual Father-Son Breakfast sponsored by the Men's Brotherhood will be held at Cass Benton Park on Sunday morning, June 14 at 7:30. Each father and son is requested to bring his own table service. In case of inclement weather, the breakfast will be served in the church dining room. Please make reservations with S. W. Scott, GL 3-0446, or John Haas, GL 3-0147.

The Children's Day Program will be held Sunday, June 21 at 4 p.m. in the sanctuary. All of the youth choir will participate. Choir awards will be presented.

My Neighbors

BEST OF ALL

...Olds is such a good investment!

Sure, there's the fun of owning an Olds! Just look around and see how many folks think so.

They've found that only Oldsmobile has the style and performance they want! But consider total value. Oldsmobile's proven quality means low operating and upkeep costs while you own an Olds... traditionally higher resale value when you trade it in.

Today's the day to join the swing—THE BIG SWING TO OLDS! Come in and Value-Rate the Rocket.

THIS WEEK dealers displaying this sign have a free scale model of a '59 Olds for you. All you have to do is drive in and have your present car appraised while you Value-Rate the Rocket on the road!

From where I sit... by Joe Marsh

Trouble "Shooters"

Stretch Taylor, captain of the high school basketball team, thought up a great way to keep the new schoolyard clean.

The teachers were having trouble keeping the kids from leaving their ice cream wrappers, empty milk cartons and paper napkins in the area after lunch and after school... in sight of the handy trash cans.

So Stretch got the idea of equipping each can with a small basketball backboard and a sign saying "Shoot a basket." From the way the

trash problem disappeared, our school should have a basketball powerhouse next season.

From where I sit, every problem needs just one good solution. For instance, it occurs to me that in getting along with our neighbors, tolerance is the solution. That means that your choice of tea should be honored just the same as my preference for a glass of beer. Makes for a "high scoring" combination in the friendship department.

A TROOP FLAG for Plymouth's newest Boy Scout troop was presented by the Auxiliary of the Veterans of Foreign Wars before the Memorial Day parade. The new Troop, No. 781, was formed three weeks ago and is sponsored by Our Lady of Good Counsel church. Boy Scouts, from

left, are Tom Boyne, Philip Hruska and Jack Parks. The adults, from left, are Paul Keller, assistant Scoutmaster; Andy Hruska, Scoutmaster; Bill Ivey, assistant Scoutmaster; Geraldine Olson, Americanism chairman of the Auxiliary; and Mildred Dely, Auxiliary president.

COULD BE—Pictured, above, is an artist's conception of what one of the Big Three's small cars will look like when—or if—it is put in the market this fall. The high top bears a faint resemblance to that on the manufacturer's famous tin lizzie of a couple generations ago. Sketch first appeared in the magazine, Motor Life.

4-Card of Thanks

We wish to thank our friends and
neighbors for their expressions of
sympathy, floral offerings, cards
and assistance tendered us in our
recent bereavement of our dear
son, Hattie Mae Minthorn. Our
special thanks to Rev. Foster Gil-
lan for his comforting words and to
the staff of the Schrader Funeral
Home. The kindness was deeply
felt and made our cross of sorrow
lighter.
Sons: Arthur, John, Lester, David
Andrews and daughters, Lois
J. Jacobson and Margaret Mayes

HOW ABOUT GETTING A BIG 'T' DEAL"

TIP-TOE
Down to Livonia Town and
take a gander at 1954 Ram-
bler, wagon. This "Compact
Car" is famous for economy.
Radio and heater make this
a "Big-T-Deal" at
\$695

THRU THE
Length and Breadth of our
Lot there is no finer car than
this 57 CHEVROLET BELAIRE
SPORT COUPE. A V-8 with
radio, heater and automatic
transmission. A "Big-T-Bar-
gain" at
\$1595

TULIPS
Were never prettier than this
green and biege 1955 Pon-
tiac 2 door hardtop 8 cylin-
der engine, automatic trans-
mission, radio, heater and
white side wall tires make
this a "Big-T-Dream"
\$875

TRANSPORTATION
Is the perfect word to de-
scribe this 1954 Pontiac
straight 8. The greatest car
in the world, it has automatic
transmission, radio and heat-
er and it runs good - what
else could you ask for -
A "Big-T-Gift."
\$295

TO
See this 1957 Ford Fairlane
2 door you better get here
early. When someone sees
this charmer has V-8, radio,
heater and white walls, it
will go fast. No wonder -
Look at this "Big-T-Give-
away" price
\$1295

TALAHASSE
Or Tim-buc-tu won't be too
far when you're driving this
dream. A 1958 Plymouth
Fury. The price includes
power steering, power
brakes, radio, heater and
white side wall tires. A "Big-
T-Value" at
\$1950

THIS IS IT
1958 DeSoto Firesweep 4
door hardtop. This beauty
has power steering, power
brakes, radio and heater.
\$2095

THIS WEEK'S BIG - T - SPECIAL
1955 CHEVROLET
Economy 6 - 2 door
Complete with Radio and
Heater. A "Big-T-Sacrifice"
at
\$695

TOPS
Is what you will call this
1958 Plymouth 4 door, an 8
cylinder engine, radio and
heater and automatic trans-
mission all help to make this
a "Big-T-Deal" at only
\$1495

THE GOOD OLD DAYS ... FROM THE PAGES OF THE MAIL

10 Years Ago

June 9, 1949

Ground was broken for the new township hall on Ann Arbor road.

Chase Willett had barely gotten his plane off the ground last Sunday morning when a pheasant flew into the propeller, crippling the ship.

Frequent complaints from residents in the rural area adjacent to Plymouth have put postal authorities on the lookout for a man who is cleaning up a neat profit by painting mail boxes.

Mrs. Walton Richwine is entertaining at a stork shower for Mrs. Paul Amo on Friday evening.

Donald Johnson is chosen president of the Jaycee auxiliary.

Over 100 relatives and friends of Mayor and Mrs. William Hartmann paid their respect to the couple last Sunday on the event of their 25th wedding anniversary.

The Barlow trophy, senior class honor, was awarded to Miss Kathleen Shaw at Alma college commencement exercises Saturday.

Rose Ann Ewer, Patricia Roberts and Mrs. Virginia Schuster will graduate this month from Cleary College, following completion of a secretarial course.

Mr. and Mrs. Earl Moore motored to Springfield, Ohio, over the Memorial weekend and visited Mr. and Mrs. Robert Walker, formerly of Plymouth. The Walkers and Moores also enjoyed a two day visit into Kentucky.

Clifford Caldwell, Jr., celebrated his first birthday last Tuesday at his home on East Ann Arbor Trail with a party for six of his friends. Invited were Mary Ann Sincovek, Nadine Criger, Robert Knapp, Diane Olds, Raymond Christensen, James Lent and their mothers.

25 Years Ago

June 8, 1934

The League of Women Voters will meet on Monday for their last meeting of the season with a picnic at Riverside Park. Gomer Krise, chief assistant prosecutor and candidate for prosecutor will be the guest speaker.

Water is now flowing over the dam at Plymouth Lake. Three weeks was required for water to cover the new lake basin. The parkway road along the north shore will soon be paved making the park an excellent addition to this area.

Clifford Smith, son of Mr. and Mrs. Glenn Smith wins place on honor roll at Michigan State College. Smith, a major in business administration, is in his second year at the college.

Prayer service for rain brings needed showers. Local Lutheran church held special service last Sunday. Some relief comes to this locality from the longest hot spell it has ever known.

Plymouth Gas Service has been purchased by Consumers Power Company and will assume immediate control.

Louis B. Sherman of Northville and Miss Goldie Toncray, daughter of Mr. and Mrs. Frank Toncray of this city were married in the Northville Methodist church on May 26. They will reside in Northville where Mr. Sherman has a position with the Northville post office.

Fire completely destroyed the residence of Glenn Bennett on Six Mile Road near Salem on Decoration Day night.

Mrs. John Staudt, the former Ruth Allison, has been honored at several lovely showers. On Saturday evening Miss Barbara Bake and Miss Barbara Horton were hosts and on Thursday evening Miss Virginia Giles entertained a large group.

Mrs. Anson Hearn and daughter, Alita, are leaving Friday by motor for an extended visit to the west coast. They will visit the Grand Canyon in Colorado, national parks in California.

"Goodness! Where's all the paint I got in the Want Ads?"

50 Years Ago

June 11, 1909

Mr. and Mrs. William Farley of Newburg have a baby daughter who came to them last week Friday.

Charley Wolf of Livonia Center has been in Saginaw the last week attending the Lutheran convention.

Ira Wilson has moved into his farm in this place (Elm) vacating the large new residence he built two years ago on another of his farms one mile south of here.

Although it has been seven months since the last case of the dread hoof and mouth disease was found in this area, inspectors are still making periodic checkups.

Fifty-three books have been added to the district 7 school library at West Town Line. Eighteen pictures, copies of the old masters, adorn its walls, and four flower beds outside are awaiting the help of mother nature to blossom into beauty.

The businessmen of Plymouth and the businessmen

college at Ann Arbor, sponsored by the University of Michigan, so they will be able to learn new fire fighting techniques. These new techniques are then demonstrated to those not able to attend the fire college.

In addition to the biweekly meetings, the volunteers have set up their own Firemen's Association, which holds benefits periodically. The money received from these benefits is used to purchase uniforms for the volunteers, or to supply flowers for members who are ill.

We are proud of our volunteers, for they have done an excellent job providing fire protection. If any reader is interested in working as a volunteer fireman, is over 21 years of age, and is in good health, contact Fire Station No. 2 and ask for an application form.

The Mackinac Bridge, world's longest, is five miles long and can handle 6,000 vehicles an hour.

The volunteers are called to a fire in two ways. First, and most obvious, is the siren. The other method is by a radio alert which is sent out from the police switch board in the City Hall. Nearly everyone of the volunteers has a special radio receiver in his home. When a fire alarm is received at the City Hall, it is relayed to the volunteers over the receiver. Those men who do not have a receiver, live close enough to hear the siren. When the alarm is sounded, the volunteers answer by going to Fire Station No. 1, located at the City Hall.

The City supplies the volunteers with fire fighting equipment, such as boots, jackets and helmets. A few of the men have their boots with them, but the rest of the equipment is carried on the fire trucks. The volunteers, then, pick up their gear at the fire.

Our volunteers are efficient fire fighters. Twice a month they meet for fire practice. These training periods include pumping practice (this is done only in the spring and summer months), driving the several pieces of equipment, ladder practice, stretching lines of fire hose, principles of placing and using equipment, learning street names and their location, location of fire hydrants and many others. If the volunteers are able to get away from their regular work, the city sends them to the fire

line Dunn, Arthur Kepka, Robert Champe, Jane Platt, Rosemary West, William Ray, Helen Ribar and Mariam Joliffe. The class presented the school a DeVry motion picture machine as a parting gift.

Billing a big double feature this week at the Penniman Allen. The Line Up with Wm. Gargan and Marion Nixon and Speed Wings with Tim McCoy and Evelyn Knapp.

Salem will have a ball game in Salem on Friday; admission 10 cents.

The annual field meet which was held at Chelsea last week was a good one, although no records were broken. The Chelsea people entertained the visitors in grand style and also turned out well for the meet. The Plymouth boys didn't win the meet but they aren't "sore" about it at all. Results: Wayne 51½; Chelsea, 50; Plymouth, 26; Northville, 6.

A petition signed by the property owners along Harvey street, from Sutton to Wing was presented to the village council at the Monday evening meeting, asking for a cement sidewalk on the east side of the street.

Carl Heide was given permission by the village council Monday evening to place a curb along the front of his greenhouse allowing him to make flowerbeds along the sidewalk.

The druggist bond of O.F. Beyer and that of William Smithman for building cement walks was accepted by the council this week.

Mr. and Mrs. J.R. Rauch entertained all the school teachers and a few other friends Tuesday night.

Ed Gayde, chief of our fire department, was in attendance this week, upon the State Firemen's convention in Grand Rapids.

Upon completion of the Memorial Day exercises Monday the following persons were named to head the committee for 1910. They are: W.N. Isbell, chairman, Dr. Delham, Reverend C.T. Jack, W.C. Brown and E.C. Hough.

John Patterson of this place has secured the contract for the new Wayne schoolhouse, the price being \$28,000 and the materials in the old building.

Todd Brothers, Arthur and Robert of Detroit, have purchased the meat market of William Gayde and take possession next Wednesday. They were formerly located in Bad Axe where they were engaged in the same business.

Dan Smith's new restaurant which was damaged extensively by a run-away freight some time ago is looking mighty fine. New windows and plate glass have been added to the front and a fine porch is being built all around the building. He will also remodel the interior before opening up for business again.

THE GOOD OLD DAYS ... FROM THE PAGES OF THE MAIL

Travel Centre To Take Technical Men on Tour

Top United States Ballistic Missile and Aeronautical engineers will tour Europe in September under arrangements made by Kurt Thrun of the Travel Centre in Plymouth. Extensive arrangements are being made by Thrun for hotel accommodations, inter-European transportation sightseeing and the visit of wind tunnels throughout England, France, Switzerland, Belgium, Holland and Sweden.

Executives of major aircraft manufacturers such as Boeing, Chance Vought Aircraft Corporation, McDonnell Aircraft Corporation, Lockheed Aircraft, will take part in the tour. Furthermore, engineers from California Institute of Technology, Ohio State University, University of Michigan, Princeton University and Cornell will take part plus officers of the Army Ballistics Missile Agency in Redstone, Alabama, Aberdeen Proving Grounds, the Navy Department, U.S. Naval Ordnance Laboratory.

The Travel Centre was awarded this contract because it submitted the best suitable itinerary from many other major travel organizations in the United States.

To Women It May Concern

By Myra Cox, Women's Editor

In the "Bouquet" and "Brickbat" department we have a few this week to pass on to you. If you have any to share with us send them in, if for no other reason than to make you feel good. If it's a bouquet you'll feel sanctimonious if you share it, and if it's a brickbat you'll feel just plain good to express yourself.

BOUQUETS to Wilhelmina Rocker Shirey (Willo) for 25 years of devoted service to Plymouth Scout work. From her first experience with a lone troop before the Scout Council was organized in 1943 she has been consistent in her work. She has worked every Saturday afternoon during each year's swim program and took a special instructor's course at University of Michigan's Union Pool in order to prepare her for this activity. She has taught every phase of swimming to the scouts and been active as well with Rainbow Girls, Extension Club and PTA. Since Willo is retiring from her scouting responsibilities, the scouts and leaders of Plymouth chose last week to have a tea in her honor and in many ways express their thank you.

BOUQUETS to Mrs. June Proctor of Ford Road, who was honored as Mother of the Year for her unselfishness and service to others in her community and Church by the Riverside Park Church of God at their mother and daughter banquet. She was presented with a white corsage of carnations by toastmistress Wilma Majors. Despite the fact she has four children she has devoted many hours of her time to work in the hospital and assisting where needed for friends that were ill.

BOUQUETS to Mrs. Myrilla Schrader as Chairman of the Civic Committee for the Garden Club for promoting the Garden Contest again this year for Plymouth gardens. The judging will be mid-summer and will be judged from what may be seen from the street. This year a special award will be given to the merchants with the most attractive floral box arrangement also. Mrs. Schrader, interested in keeping Plymouth beautiful, will assume responsibility for getting the answer to you on any garden problems you have. You may call her at GL 3-5295. The Garden Club will again have their annual Flower Show and welcome all residents to display their "favorites". Even one specimen may be a winner. Once you have a blue ribbon no telling where you may go. The show is August 28, so pick out something in your garden and give it 80 percent perspiration and 20 percent soil food, water, and sun and you'll be amazed.

BRICKBATS to Councilman Richard Juday from Northville who favors discontinuance of Northville's support to the Wayne County library branch in that area. Northville is really seriously considering not contributing their portion to the maintenance of the library. The councilman said he did not believe it was used as much as it was 25 years ago because of television. (This fortunately is not true of Plymouth) Where other communities are scheming and scraping to increase their library donations why wouldn't this civic leader—if interest is lagging—look for ways to improve their facilities to make it better used than to give up completely to the spoon-fed entertainment from the idiot-box? Beats me.

Plymouth Chapter 115, Order of the Eastern Star will hold their picnic at Riverside Park Tuesday, June 16 at 6:30 p.m. Bring your family, your own table service and a dish to pass. All are invited to make the picnic a success. In case of rain it will be held at the Masonic Temple.

About The PLYMOUTH MAIL Women

Thursday, June 11, 1959, Plymouth, Michigan Section 3

Shirley Saner Becomes Bride of Zenonas Brokas

Mr. and Mrs. Zenonas C. Brokas

A double ring 11 o'clock service at Our Lady of Good Counsel Church, Plymouth, united Shirley Ann Saner and Zenonas Charles Brokas in marriage. The vows were spoken before Father Francis C. Byrne, Saturday, May 9.

The bride, daughter of Mrs. Sophie Saner and the late Julius Saner, Sr., was given in marriage by her brother, Julius H. Saner. She wore a floor length gown of lace and net over satin, with pointed sleeves extending over her wrists. A cascade bouquet of white carnations with a white orchid center made up her bridal bouquet. Her only jewelry was a pearl necklace and earrings, a gift of the groom. A crown of pearls with a fingertip veil completed her outfit.

Her mother was gowned in a pink and gray lace with white accessories and she wore an orchid corsage.

Parents of the groom are Mr. and Mrs. Vincas Brokas of 433 Evergreen, Plymouth. The groom's mother wore a blue lace dress with white accessories and an orchid corsage.

Zita Brokas, sister of the groom, was maid of honor, gowned in a robin-egg blue chiffon with lace sleeveless bodice. Her cascade bouquet and eyebrow veil held in place by a pearl headband were the same shade of blue.

Identically gowned were the bride's sisters, Madeline Penney, Matron of Honor, in pale yellow; Matilda Schultz, bridesmaid, in mint green; Emily Casterline, bridesmaid, powder blue and Sophie Balko, bridesmaid, in pale pink. All the bridesmaids carried a bouquet of carnations to match their gowns and wore matching headpieces.

Lou Ann Schultz, niece of the bride was a flower girl in a white nylon trimmed in lace. She carried a white basket of variegated carnations the colors of the gowns of attendants to the bride.

Reverend Father Francis C. Byrne, pastor of the church, officiated. He used a white satin, heart-shaped pillow trimmed in lace, to bear the rings.

The groom asked Alvin Hogan to be best man and the bride's brothers-in-law to be ushers, Avery Penney, Roy Schultz, Fred Casterline and Fred Balko, Jr.

A breakfast followed the ceremony at the American Legion Hall, Northville. Over 175 guests honored the young couple at the 5 o'clock reception from Plymouth, Northville, Livonia, Walled Lake, Warren, Garden City, Wayne, Ferndale, Detroit, Ohio and Pennsylvania.

The new Mrs. Brokas chose a beige embroidered sheath dress with white accessories for her trip to Fla.

Girl Scouts Pay Homage To "Willo"

THIRTY-SIX BROWNIE, Intermediate and Senior Scout Troops from Plymouth gathered together to honor Wilhelmina Rocker Shirey for her service to Girl Scouting in Plymouth as Lifeguard and Instructor. For her dedicated service she was presented with a Girl Scout statuette, a guest book in which the Scouts signed their names, a lovely floral arrangement, and a replica of a swimming pool with scouts in the water. Scout leaders l-r Mrs. Howard Raaflaub, Mrs. R. R. Fluckey, Miss Emily Wanstock, Mrs. Walter Beglinger, Mrs. John Lodge, Mrs. Charles Zoet, Mrs. Kenneth Hulsing, Mrs. W.H. Baskins (directly back of Mrs. Shirey) Mrs. Raymond Ellerholz. Front row l-r Ann Taylor, Mrs. Harold Shirey (Willo) and Sidnee Van Aken, Senior Scouts.

Engagements

Barbara Ruth Gibson

The engagement of Barbara Ruth Gibson was announced by her parents, Mr. and Mrs. Milton E. Gibson of Morgan St., Plymouth. An August wedding is planned by Barbara Ruth and Gerrit Veeder, son of Mr. and Mrs. Willard H. Veeder of Geneseo, N.Y. The bride-to-be is a graduate of Plymouth High and Gerrit a U. of M. graduate.

Rosemarie Willis

SEPTEMBER 25 IS the wedding date of Rosemarie Willis to David Banks. The engagement was announced by her parents, Mr. and Mrs. James Willis of Livonia. David is the son of Mr. and Mrs. Russell Banks of Novi Township. Miss Willis is presently enrolled in Jackson Business University.

Kathleen Greenlee

A GARDEN wedding August 22 is planned by Kathleen Greenlee and William Moore. The bride-to-be is the daughter of Mrs. Hattie Greenlee of 558 Karmada, Plymouth and Carl Greenlee, former Chief of Police of Plymouth. William is the son of Mrs. Carrie Moore, 43840 Joy Road, Plymouth. The young couple were both graduated from Plymouth High School.

Mrs. Arnold Proehl

United in Double Ring Rites

Before the altar of First United Presbyterian Church West Ann Arbor Trail, Plymouth and Mr. and Mrs. Arnold Proehl exchanged vows in a double ring candlelight service on Saturday, June 6. Large bouquets of white gladiolus, white chrysanthemums and lavender snapdragons flanked the altar for the rites.

Parents of the couple, Mr. and Mrs. R.L. Ford, 1227 West Ann Arbor Trail, Plymouth and Mr. and Mrs. Arnold Proehl, Detroit, greeted reception guests in the church dining room.

Following their honeymoon trip in Northern Michigan the newlyweds will reside in Ann Arbor until the end of school in August and will then reside in Salt Lake City, Utah.

An orange and grey floral print, two-piece cotton suit, with loose fitting waist length jacket, slim skirt and white accessories was chosen by the new Mrs. Proehl for her going away outfit.

Eleanor St. Louis

Engaged

A '59 GRADUATE, the engagement of Eleanor St. Louis was announced by her parents, Mr. and Mrs. Vincent St. Louis of 216 Union St. to Robert Dethloff, 6385 Lilley Road. No date has been set for the wedding.

The bride chose multi-color silk print in lavender, pink, and mint green with lavender cummerbunds for her two bridal attendants. They wore wrist-length white gloves, miniature pillboxes of matching material with front veil and carried nosegays of tiny chrysanthemums with varied shades of lavender and violet feather carnations.

Maid of honor was gowned identical to the bridesmaids with a green cummerbund.

White accessories were worn with a light blue empire silk sheath by the bride's mother. She pinned a corsage of blue little chrysanthemums and white roses on her purse. A corsage of white roses and green ivy complemented the pink sheer frock chosen by the mother of the groom.

BARS DOWN

SAN FRANCISCO (UPI)—The U.S. Sixth Army has closed down four of its six prison stockades in eight Western states in the past year.

Col. Harold Davenport, provost marshal, said Army standards have been raised to the point where it is now less likely to accept trouble-makers and more likely to discharge deadwood.

DOLL THAT 'BREATHES'

CHICAGO (UPI)—A doll has been developed which "breathes," but it's not for children. This doll has visible "lungs" that respond just like a human's when oxygen is administered. It was developed by the National Cylindrical Gas Division of the Chemtron Corp. to help train nurses, firemen, police and other rescue workers in the use of resuscitation equipment.

GARDEN GAB—

BY BILL SAXTON

Rose Chafers are very numerous. These light green, hard-shelled predators will attack and devour anything they land on. Control materials are Malathion, Methoxychlor or Lindane. Arsenate of Lead is ineffective.

Rotenone 34% dust or 4% spray is suitable for use on leafy vegetables like cabbage or lettuce even when they are heading and right up to the time they are consumed. Rotenone is non-toxic to warm-blooded animals. It is also useful on beans and raspberries just before picking.

Malathion Zineb combination dust is good for general purpose use on the above vegetables before heading up to several weeks before harvest on most vegetables.

Methoxychlor Copper dust is best for Cucurbits like watermelon, muskmelon, cucumbers and squash.

DDT Copper dust is good on tomatoes, potatoes, and grapes. Don't use DDT on cucurbits. It will kill them.

A good combination residual spray for mosquito control is a mixture of 50% Methoxychlor, 25% Malathion and 40% Chlorane; one pound of each in sufficient water to cover 1/4 acre. This will make outdoor living much more enjoyable — particularly in the evening.

Ground water levels seem to be quite low. One week of dry weather has dried up a number of lawns. Watering is much more effective with a good type of sprinkler. Oscillating types seem to be most popular now. They are really efficient since they don't lose

any water in fine mists. We have types of oscillating sprinklers from \$4.95 up. Be careful on well water to get the right type. The Nelson Capri has a separate compartment for the gears so that iron won't clog and stop them. We have learned to be careful on this point before recommending a type of sprinkler.

Different equipment is required on new lawns than on established grass. Canvas soaker hoses are best in rose beds. Plastic soakers are good for borders.

Be sure and soak lawns thoroughly to encourage deep root development. Light sprinkling develops shallow root systems incapable of pulling ground water from deep in the ground.

We have the new soilmoist gauges to tell accurately when to water and the depth of penetration. With the high water rates in Plymouth these might be a good investment.

We have just received more extension folders on the pest control program for home grown fruit so stop in and pick up your copy when you are in town.

New Residents in Newburg Area

By Mrs. Emil LaPointe
GA. 1-2028

Mr. and Mrs. Linwood Carson of Portland, Maine spent 10 days visiting at the home of Mr. and Mrs. Tom Waltz on Richland avenue. The Carsons and Waltz became acquainted while the gentlemen were enlisted in the services of Uncle Sam.

The Woman's Society of Christian Service of the Newburg Methodist church will meet for their final meeting of the year until September, on Monday, June 15 in the sanctuary of the old church at 7:45 p.m. The program, presented by the vice-president, Mrs. Leonard Ritzler, will be a panel program entitled, "What's My Line?" This should be most interesting to all ladies of the church and fine attendance in support of the presentation is hoped for by the leaders of the group.

Tuesday, June 16, at 8 p.m. is the day, date, and time for the meeting of the Joy road Canasta Club. The ladies will meet at the home of Mrs. Edward Howden on Joy Road. If you are unable to attend, members are advised to contact the hostess so she can obtain substitutes for the evening.

To plan the program for the year, September to May, six ladies met at the home of Mrs. Leonard Ritzler on Plymouth Road to formulate plans for the Woman's Society of Christian Service of the Newburg Methodist church. Those who attended were Mrs. Schuyler Adams, Mrs. Norman Kerr, Mrs. Lester Larrabee, Mrs. Edward Ayers, Mrs. Donald Hoffman and Mrs. Emil LaPointe. This meeting was held Wednesday, June 3.

Mrs. Janet Hodge, former resident of Francis street in Plymouth, has now taken up residence at the home of Mr. and Mrs. Carl Lampton on Hix road. Welcome to the Newburg area, Mrs. Hodge.

On Monday, June 22 and continuing on through July 3, the Newburg Methodist church Sunday school is having their annual Vacation Church school. The time for the sessions is set for 9 a.m. and ending time at 11:30 a.m. All children four years old up through the age of sixth grade are urged to attend. There is still a need for help and if anyone wishes to do so, they may contact Mrs. Ed Reid at GA. 2-0780.

Mrs. Tom Waltz and daughter Jennifer Annette of Richland avenue, Livonia, have been spending the past week visiting at the home of Mrs. Waltz's parents, Mr. and Mrs. Carl Whaley in Glouster, Ohio.

This is the season of ice cream and strawberries, so o-o-o-o let's all get together at the Newburg Methodist church on Saturday, June 20 between 4 and 8 p.m. for a good old-fashioned ice cream social. The church is located at Newburg road and Ann Arbor Trail and rain or shine, come and join in the fine fellowship that on an occasion of this sort affords.

The boy scouts of troop 271 of St. Michael's Catholic church took their annual canoe trip down the famed Au Sable river this past week end and each and every boy and father enjoyed themselves to the fullest. This same troop is planning their summer court of honor for Monday, June 22 and then to end their activities until September, there will be a trip to Fort Wilkins in the Upper Peninsula for a ten week camp out. Highlight of this trip will be a 50 mile hike

for all boys who have attained the rank of star scout or higher. Many interesting reports will be forthcoming from this activity, I'm sure. Mr. LaPointe and I along with my parents, Mr. and Mrs. E. Weiss, Sr., of Grahams Road, Detroit, had the pleasure of attending the graduation service at the Dexter High school in Dexter, Michigan for Miss Gloria Wheeler, daughter of Mr. and Mrs. Francis Wheeler of Jennings Road, Ann Arbor, on Thursday evening, June 4. Immediately following the exercises, a garden party in the graduate's honor was held for the immediate family at the family residence.

Well, short and sweet this week. You folks in Newburg are letting me down for the past few weeks in not calling me with your news. Won't you do so this week? Just a parting word to all motorists. School is soon out, so be on the look-out for the wee ones, as they are apt to dart into the most unpredictable places. Be alert! Boys and girls too, should be very cautious in crossing the streets. Let's all be around to start school again in September. See you next week?

From The

TEACHER'S DESK

(Prepared by a committee of teachers representing a joint committee on teacher welfare from the Board of Education and the Plymouth Education Association.)

By GENE ALEANDER
School Psychologist

The last article was concerned with the mentally handicapped child and what can be done to help give him an education within the limits of his mental facilities. This week we will discuss what is being done in the Plymouth School System.

For most people with a mental handicap, a special program is usually necessary. Such a program is now under development in Plymouth. We have an elementary program that has been in successful operation for two and a half years. We have a Junior High School program that has been under development for two years but has not had a full complement of students coming up from the elementary program. We expect to have our first large group of elementary students moving to the Junior High School in the fall of 1960. We anticipate a High School program in the fall of 1962 or 1963.

Let us trace the educational experience of these youngsters through the school program. They usually spend two years in regular kindergarten at the age of six. They thus have an opportunity to socialize with normal youngsters without being under any academic pressure.

From the age seven to twelve or thirteen they remain in the elementary program. As the size of our enrollment increases the elementary program will be divided into two groups. One group will be from age six or seven to age ten and the other group will be from ten years of age to twelve or thirteen. The youngest group will spend most of its time in pre-reading experiences, in recognition of letters, in learning simple social studies, in improving motor (body and limb) coordination and learning to socialize with other children.

The older group continues these experiences and becomes more involved in reading and arithmetic. The key to the program is to guide the children to progress as rapidly as they can move in areas in which can meet with some success while not frustrating them with experiences beyond their comprehension. Thus, some of the children begin to read at seven and others are unable to read at twelve. Much of the program is focused on everyday experience helping the children to know the immediate world around them and to know themselves better. The youngsters are integrated into the regular classroom for experiences in which they are able to meet with success. At present there are youngsters in regular social studies and physical education and reading classes.

Regular classroom teachers volunteer to take these youngsters in their rooms and have been very helpful in easing the feeling of "difference" that the children in special education often feel. The teacher also helps children in the regular program to accept and respect the mentally handicapped children. This helps the normal children to learn to accept all people as they are and consequently both groups of children benefit from the integrated experience.

When they are around thirteen years old the youngsters move on to the Junior High School. Here they will spend half the school time in the special class and half in the regular classes. The youngsters who find it impossible to function in the regular class are allowed to go home early and do not enter regular classes until they are ready.

This program is still in the experimental stage, but it

appears that the regular classes in which mentally handicapped youngsters meet with the most success are physical education, home making, art and shop. Youngsters who have been in the elementary program may be able to gain from science and social studies. Much of the academic work is still focused on their everyday experience such as reading signs, counting money, learning names of packaged foods, etc.

After three years in the junior high, the youngsters who show a real interest and desire, and who the screening committee feels capable, will be allowed to enter the proposed high school program. The goal of this program is to give these youngsters enough background and skill so that they can successfully hold down a job.

During the first year they explore handling money, filling out employment applications, talking to prospective employers, and other experiences of the everyday work world. Though they continue to improve their academic skills, these skills become focused more on work experiences. Youngsters who show shop or carpentry will be given special training in these areas. Any youngster who shows ability in a regular class will be integrated in such classes. Much of the girls' program will be focused on homemaking. They will learn budgeting, how to clean a home adequately, how to dress, etc.

Honesty, reliability and consistency will be given special attention for it is in these areas that mentally handicapped youngsters can compete and even surpass the normal person. According to the experience of programs in other school systems, employers often prefer graduates from the special program over normal youngsters because they are more dependable.

During the last two years of the high school program the youngsters will spend half of their time on a job earning a regular wage. Much of their education during the last two years will be in conjunction with this job.

Youngsters graduating from special education programs in other districts hold jobs as janitors, elevator operators, stock boys, tailor shop alteration girls, assembly line workers, etc. Many are married to normal individuals and the girls who have been married have been found to make good homemakers.

Thus, if given an education in a specially designed program, mentally handicapped individuals need not be a burden upon the community. They can become contributing citizens and live happy constructive lives. The community owes them this opportunity.

SHELDEN SHOPPING CENTER Plymouth at Farmington

Donald A. Kinghorn was re-elected commander of the Passage-Gayde Post 391, American Legion for the ensuing year 1959-60.

Others elected to serve with Kinghorn were: Ernest Koi, senior vice-commander; Robert Hewer, junior vice-commander; Hugh Gardner, chaplain; Ray Gardner, historian; Wilbur Clark, finance officer; Rick Sackett, sergeant-at-arms. Clark, Ray Gardner and Sackett were re-elected to their respective posts.

Harry Burleson was reappointed adjutant by Kinghorn. Donald Kinghorn and Harry Burleson were elected to attend the District and State Conventions. Alternates are Ernest Koi and Rick Sackett. Elected to represent the membership-at-large at executive meetings are Leo Speer and Dorothy Koi.

Installation with the Auxiliary will be Wednesday, June 10, 8:30 p.m., at the Veterans Community Center, 17th District. The 17th District Ritual Team will install the Post, past presidents of the unit will install the new officers of the Auxiliary. The Auxiliary will hold election of officers, Thursday, June 10, 8 p.m. at the Veterans Community Center. Annual reports of all committees will be given at this meeting.

The 17th District held election of officers, Friday, June 5 at the Lloyd H. Green Post home in Northville. John Chedwick of Lloyd Green Post and Peggy Crawford of Redford Township Unit were elected to serve as commander and president, respectively. Dick Kelso of Rosedale Park is the retiring commander and Maxine Kunz of Passage-Gayde Unit is the retiring president.

Others to serve the district with the new commander are: Harlow Tubbs of Redford Township, senior vice-commander; Ernest Koi of Passage-Gayde, junior vice-commander; L.W. Snow Jr. of Lloyd Green Post, finance officer; A. Owens of Redford, chaplain; Donald Kinghorn of Passage-Gayde, historian; Rex Holloman of Lloyd Green, sergeant-at-arms; George Shannon of Rosedale Park and Oscar Hammond of Lloyd Green serve on the executive board.

Working with Mrs. Crawford are: Elizabeth Wilcox, senior vice-president; Hazel Wright of Lloyd Green, treasurer; Emily Mosher of Passage-Gayde, chaplain; Shirley Holloman of Lloyd Green, historian; Selena Nowicki, Constance Clark of Redford Township and Fern Burleson of Passage-Gayde will serve on the executive board.

Officers to be appointed later for the Post are adjutant and judge advocate; for the Auxiliary are secretary and sergeant-at-arms. Delegates elected to attend National Convention in Minneapolis-St. Paul in August are: Dick Kelso; alternate, David McDougall of Lloyd Green; Maxine Kunz as delegate and Melva Gardner, alternate of Passage-Gayde.

Plymouth members attending the meeting were: Mr. and Mrs. Harry Burleson, Maxine Kunz, Melva Gardner, Gwen Holcombe, Mildred H. Hewer, Adah Langmaid, Donald Kinghorn, and Ernest Koi. The reading of annual reports in the Auxiliary were given at this time.

July and August business meetings are dispensed with in the Auxiliary. Post and District will have their next meeting in July at the State Convention at Grand Rapids. Installation will be sometime in August.

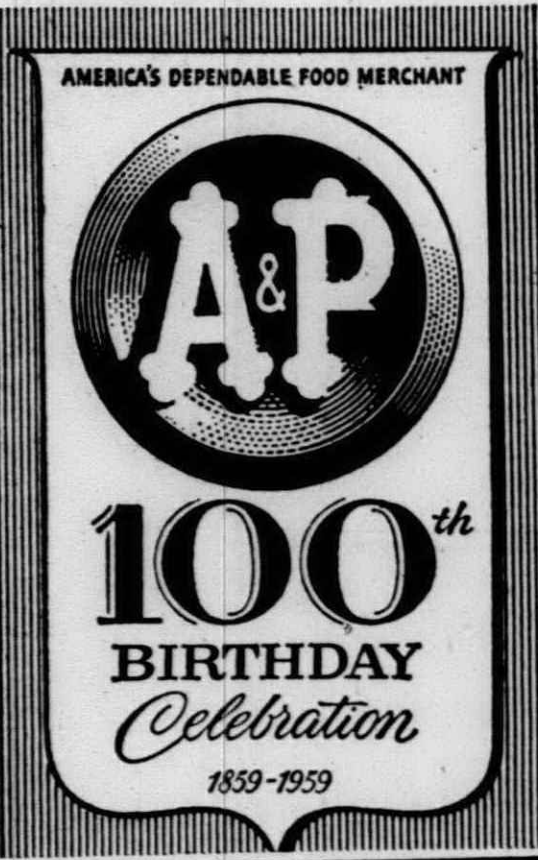

All Legionnaires and Auxiliaries are urged to attend the Flag Day ceremonies on Sunday, June 14, 2 p.m. at the Elks Club and support the officers in this public appearance and to honor our Flag. This will be in conjunction with the Elks and VFW. National Commander Preston J. Moore, American Legion, urges every citizen to participate in this year's observance of Flag Day, June 14. "The admittance of Alaska and Hawaii into the Union will add special significance to the 82nd anniversary of Old Glory," says Moore. "Even though this year's Flag Day is the last holiday when the 48-star flag will be official, it may be flown at any appropriate time in the future as long as it is in good condition. "No United States flag is ever obsolete. Through the cooperation of the National Institute of Dry Cleaning, Old Glory can take on a new luster on Flag Day this year."

Mildred Hewer, Rehabilitation chairman, reports that 13 birthday cards with a dollar bill enclosed were sent to veterans at Maybury Sanatorium whose birthdays occurred during the month of June.

Melva Gardner announces that Girls' State will be June 18-25 at the University of Michigan campus. Four girls from this community will participate. American Legion Boys' State will be June 18-25 at Michigan State University, East Lansing. Vern Miller is Boys' State chairman of Passage-Gayde Post and nine boys will be participating in this project from this community.

was that taken by Mr. and Mrs. David Francis of Brookline during the Memorial Day week. They left a week ago Monday via the turnpike for Pennsylvania where fine weather followed them on their visits to many relatives. In Nicholson, Pa., they spent Memorial Day with a sister-in-law, Mr. and Mrs. Jack Sherwood and family and saw that city's big parade. At Scranton, they were guests of her stepmother, Mrs. Fay Shannon, and a cousin, Mr. and Mrs. W. A. Ford Royce and daughter. They later visited an aunt, Mr. and Mrs. Larry McCullen in Cresco, Pa., and more relatives in Wilkes-Barre. On Sunday the Francis' attended a family reunion held in the Pocono Mountains.

Visitors at the home of Mr. and Mrs. James Bench on S. Main last week were Mr. Bench's niece, Mr. and Mrs. Earl Pollard of Kansas City. Accompanying the Pollards home from a vacation in New Jersey were friends, Mr. and Mrs. Charles Wilson.

Mr. and Mrs. Harold Frederick of Marlowe celebrated Memorial Day with a picnic in the back yard, and helping the fun along were her brother, Mr. and Mrs. Bill Young and family.

Mr. and Mrs. Ray Gardner and family of Elmhurst motored up to Cass City for a Memorial Day visit with his grandfather, Mr. Lee Dickenson.

Mr. and Mrs. James Allen and daughter Cindy of Vincennes, Indiana, arrived Thursday for a week's visit at the home of Mr. and Mrs. Walter Gribble of Marlowe. Mrs. Allen is a niece of Mrs. Gribble.

Guests for dinner Tuesday evening at the home of Mr.

and Mrs. Richard Holladay of Brookline were her sister, Mr. and Mrs. A.G. Walton, son Tommy and daughter-in-law Madeline, from Woodstock, Ontario, Canada.

Mr. and Mrs. Robert Honey of S. Main had as their guests over the Memorial Day week-end her sister, Mr. and Mrs. Reg Lossing, from Woodstock, Ontario, Canada. On Saturday the Lossings enjoyed a picnic with the rest of the Honey family, son John, and daughters Mr. and Mrs. Tom Sayres and Terry of Detroit, and Mr. and Mrs. Sid Bedrosian and Danny of Wayne.

Mr. and Mrs. Don Kinghorn and son Donnie of Brookline were among the guests at the home of Mr. and Mrs. Ernie Koi on Arthur St. for potluck dinner following the Memorial Day parade downtown. The guests were members of the American Legion.

Mr. and Mrs. Gene Ledner, with their daughter Christine and son Dana, of Elmhurst, took her parents, Mr. and Mrs. Harold Allhouse of Adrian out to dinner at the Country Kitchen in Adrian to celebrate the parents' 25th wedding anniversary on May 26.

Mr. and Mrs. John Hoffman and sons of Elmhurst spent a long week-end over Memorial Day camping out at the Huron National Forest north of Tawas City. Joining them up in the beautiful old lumbering district of Michigan were Mr. Hoffman's sister, Mr. and Mrs. Allen Bentley of Detroit.

Mr. and Mrs. Edward Klinske and sons of Elmhurst drove north to visit his parents, Mr. and Mrs. Edward Klinske, Sr., on Torch Lake over the Memorial Day week-end.

Mr. Howard Green of Ball returned home last Sunday from Mt. Carmel Mercy Hospital where he was confined for two weeks following surgery for a kidney removal. Mrs. Green reports he is recovering nicely at home.

On Thursday when we

talked to Mrs. Green she was entertaining, for the day, her grandsons Douglas, 4, and Jeffrey, 2, sons of Mr. and Mrs. Douglas Green of Garden City. Like all grandmothers, she was finding the boys set her quite a merry pace.

Mr. and Mrs. James Bench of Main St. were guests for dinner last Friday at the home of their daughter, Mr. and Mrs. Ed Simetz of Livonia. After dinner the Benches and the Simetz' visited Mr. Simetz' parents, Mr. and Mrs. John Simetz, in Birmingham. The senior Simetz had been recently released from the hospital following a heart attack and is recuperating nicely at home.

Visitors at the home of Mr. and Mrs. Richard Holladay of Brookline last Sunday afternoon were Mr. and Mrs. L.H. Bentley and children from Roseville. The visit was even more of an occasion because the two couples hadn't seen each other for a long time.

Mrs. Rebecca Joseph of Northern has been very recently with her visits to the Garden City Osteopathic Hospital to see her daughter, Mrs. George Graham. Mrs. Graham entered the hospital two weeks ago for observation and was operated on last Monday. Mrs. Joseph reports she is coming along very well following surgery.

Mr. and Mrs. Harvey Kreimes of Northern, son Paul, and daughter Mrs. John Harper and her three daughters, were called suddenly to Sandusky, Ohio, on May 22 by the death there of Mrs. Kreimes' father, Mr. Charles Erdman. While there for the funeral, they stayed with her sister, Mrs. Elsie Brown of Sandusky.

Mrs. Kreimes was proud to tell us that her son Paul is among the class of 41 graduated from the 8th grade at Our Lady of Good Counsel School this Sunday evening. Down for the second time with a case of chickenpox is Gloria Jean Keefe, seven-month-old daughter of Mr. and Mrs. William Keefe of

Corrine. Apparently Gloria didn't have it hard enough the first time to escape the current round of the disease, but Mrs. Keefe says they think this time will do it.

Mr. and Mrs. E.A. Kamerer of Champaign, Illinois, drove up the weekend of May 24 for a visit with their daughter and her family, Mr. and Mrs. John Hoffman of Elmhurst.

Mr. and Mrs. Richard Alenstien and son Paul were guests this weekend at the home of her parents, Mr. and Mrs. Knut Gustafson of Adams St. Friday morning Mrs. Alenstien and Paul were guests of honor at a brunch served by Mrs. Leslie Daniel at her home on Melrose in Livonia. Guests included former PHS classmates of Mrs. Alenstien. They were: Mrs. Gustafson, Mrs. J.C. Weed, Mrs. Roy Birmingham and daughter of Detroit, Mrs. Rod Cassidy and daughters of Garden City, Mrs. John Ort and sons of Brownell St., and Mrs. Kenneth Dodds and daughters of Elmhurst.

With vacation time so close and the weather so nice, we hope to have lots more news about our neighbors' interesting trips next week. So be sure to call us so we have YOUR news.

Chiropractors To Attend Convention

Dr. E. A. Rice and Dr. G. K. Ashton, Plymouth chiropractors will be in Grand Rapids, June 9-11 to attend the 26th annual convention of the Michigan State Chiropractic Society.

Four outstanding persons and organizations will be honored with public service awards at this year's convention: George Romney, president of American Motors, Detroit, for leadership in the Detroit School Study; and Clarence "Biggie" Munn, Athletic Director of Michigan State University, for his service as a member of President Eisenhower's Advisory Committee on Youth Fitness. Youth Commonwealth Inc. of Grand Rapids will receive an award for their leadership in youth guidance and Paul Martin, publisher of the State Journal, Lansing for community service.

Miss Patience Pierce, Miss Michigan of 1958, will be present to receive the M. S. C. S. Honorary Posture Award.

Madonna Instructor Receives Doctorate

Sister M. Damascene, CSSF, received a doctoral degree in English at the University of Notre Dame, Ind., June 7.

Sister Damascene has been English instructor at Madonna College since September 1958.

After having obtained a bachelor of arts degree with Madonna's first graduating class in 1948, Sister continued her education at Notre Dame university, and received her master's degree in 1949.

Sister's doctoral dissertation is entitled "A Study of Cosmopolitan Magazine, 1890-1900: Its Relation to the Literature of the Decade."

Her research indicated that Cosmopolitan for those years was a major example of the magazine revolution of the nineties. Strong in ideas, individualistic, functioning in many fields, it performed the service of coordinating and interpreting in-

formation about literary, social, economic and political problems. The magazine thus helped to open the minds of readers to cultural and social trends.

Chinese Women Cabbies

TAIPEI, Formosa (UPI)—Chinese women, for centuries restricted to the home, will soon be driving taxicabs for the first time.

The Hsin Sheng (New Life) Taxi Company, looking for a gimmick to promote its 18 new Italian-manufactured taxis, announced that it will hire 25 women chauffeurs. But the company said that for their own safety the women will be permitted to drive only in the daytime.

Michigan's Soo locks carry more water traffic than the Suez and Panama Canals combined, despite the fact that the locks are not open during the winter.

Notice of Public Hearing City Planning Commission City of Plymouth, Mich.

At a regular meeting of the City Planning Commission to be held in the Commission Chambers of the City Hall on June 18, 1959 at 7:30 p.m., a public hearing will be held to consider

the proposed plat of the so-called Coolidge Court Subdivision, located on the east side of Coolidge Street between Joy and Burroughs Streets, also known as a resubdivision of that property described as Item K2, Section 35, on the Tax Roll of the City of Plymouth, Michigan.

All interested parties will be given an ample opportunity to participate in the hearing, and at the close of the hearing, all comments and suggestions of those citizens participating in the hearing will be considered by the City Planning Commission before making its decision.

City of Plymouth, Michigan

The City of Plymouth, Michigan has for sale and development approximately 12 acres of land described as follows:

Part of the W. 1/2 of Sec. 25, T. 15., R. 8 E., Plymouth Township, Wayne County, Michigan, being the 400 feet of the West 480 feet of land described as Beginning at the West 1/4 corner of said Sec. 25 and proceeding thence N. 1° 22' 30" E., 637.24 feet along the West line of said Sec. 25 to the centerline of Plymouth Road; thence S. 73° 17' 40" E., 1368.09 feet, along the said centerline of Plymouth Road to the centerline of Haggerty Road; thence S. 1° 20' 50" W., 973.87 feet along the said centerline of Haggerty Road; thence N. 89° 51' 50" W., 1122.92 feet, along the Southern boundary of Plymouth Riverside Cemetery; thence continuing N. 89° 51' 50" W., to the said West line of Sec. 25; thence N. 1° 39' 00" E., along the said West line of Sec. 25 to the Point of Beginning, containing 11.75 Acres of land, more or less.

The city will entertain offers to purchase said land at a price of not less than \$3500 per acre. The said land will be zoned for M-1 (Light Industrial) and the city reserves the right to specify the type of industry which may be established, the location, type of buildings, location of streets, sewer and utilities. The city also reserves the right to specify the time within which construction of buildings and other improvements upon such land shall be completed.

Any offer to purchase shall set forth the intended use of said land and the proposed development and improvement of same.

Such offer to purchase will be received on or before 7:30 P.M., E.S.T., Monday, June 15, 1959 at the office of the City Clerk.

The City specifically reserves the right to reject any and all bids and offers to purchase the aforesaid land.

Survey of Parks Completed By Area Planners

A survey of park users by the Detroit Metropolitan Area Regional Planning Commission has determined that more people use the Middle Rouge Park for picnicking first, relaxation second and sports third.

The commission last year made a sample survey of 12,082 persons in eight regional parks. They were Belle Isle, Rouge Park, Middle Rouge Parkway, Kensington Metropolitan Park, Dodge Bros. No. 4, Sterling-Monroe and Ortonville.

Where swimming was available, it proved to be the top reason people were there. The average park user traveled about 12 miles from home (one way) on a normal weekday outing and about 39 percent farther on Sunday. They traveled farther for swimming than for any other activity, the report revealed.

It is the combination of convenience, driving ease and the calibre of the park which determines the number of users that will be attracted to the park.

STRICTLY FRESH

Several very good reasons for not getting a divorce are contained in the wedding vows.

Folks celebrating their golden wedding who say they've never had an argument have memories considerably shorter than the span of their marriage.

A man who has never glanced at a pretty girl since his marriage should have had his glasses corrected years ago.

You might as well go all-out on wedding expenditures and get used to having bills overdue as quickly as possible.

People who marry for dollars generally haven't much in the way of cents, no matter how you spell it.

Puccini's opera "Madame Butterfly" had its premier performance in Milan, Italy, in 1904.

Front Row Center

Two theatrical treats opened last week in Ann Arbor. "Summer of the 17th Doll," a Broadway import by way of Australia, is the play of the week at the Lydia Mendesson Theater. By way of Australia, the play was first a success in the land down-under before coming to New York. Right down the street away, a couple of blocks to be exact (Huron and State)—the Dramatic Arts Center group is presenting Eugene Ionesco's "The Bald Soprano" in Lane Hall.

Director Phil Diskin, who is Coordinator of Special Services for the Livonia Public Schools, informs me that the show is being done by popular demand. "Bald Soprano" was done in May... for three performances. So many people were turned away that he was called upon to do these repeat performances on June 5 and 6.

For the first week of June all that local theater activity bodes all only the best for the Detroit area. In a week or so more summer theaters will be opening their doors. Northland Playhouse hoisted its curtain on June 9 with Robert Horton of TV's "Wagon Train" fame taking the lead part in "Picnic." Up in Flint, the Musical Tent starts off with Genevieve of the Jack Parr TV show doing "Can Can." You will have to drive to Flint this year to see musical comedies in the round. The tent at Botsford Inn has given up shouting her songs to the top rafters in a gay biographic thing called "Gypsy." As all the critics said—you can't beat Ethel—she's the queen of the musicals. "Gypsy," the never-dull story of Gypsy Rose Lee, her sister and mother, gives Ethel plenty of opportunity to show the audience that she doesn't intend to abdicate her crown for at least another two or three years.

Even Broadway has shown unusual signs of activity during the last week of May, a week traditionally reserved for closing only. But here at the end of the season arrives a wild, wonderful musical comedy with Ethel Merman shouting her songs to the top rafters in a gay biographic thing called "Gypsy." As all the critics said—you can't beat Ethel—she's the queen of the musicals. "Gypsy," the never-dull story of Gypsy Rose Lee, her sister and mother, gives Ethel plenty of opportunity to show the audience that she doesn't intend to abdicate her crown for at least another two or three years.

Keeping right in character, Ethel Merman announced this week that the show would not go on June 3rd since she had to attend her daughter's graduation. As in the play where she portrays a devoted mother, so in real life Ethel carries through. Nice to know that that show folks can break the old rule about "The show must go on."

Time to finish up all that early spring planting. Old George just looked at his grimy fingers the other day after doing some much-needed weeding and realized how the "green thumb" expression must have originated. As fast as the weeds are sprouting, the "strawhat" or summer playbills are appearing on the theatrical summertime scene.

Northland Playhouse under the capable directorship of Ken Swartz opened this week for its fourth season. The Playhouse is located out in the back 40 of Hudson's parking lot at their Northland Shopping center. If you've never been out that way, treat the wife to a dinner at Stouffer's and a show.

This week Ken has Robert Horton of TV fame doing the Pulitzer Prize winning play, "Picnic." "Picnic" was the second play by Bill Inge that proved he was on his way to the top as a successful playwright. Bill Holden did the part for the silver screen. Even if you saw the cinema version, go over to Northland for the uncut, emotion-loaded stage version. It's verbal dynamite.

Next week Ken has Pat O'Brien coming in from Hollywood with a show called "The Loud Red Patrick." Burgess Meredith did the show on Broadway. It will be interesting to see what Pat does with the lead part.

You couldn't get more of a contrast — Pat, big and hulking with a style all his own and Burgess, thin and wiry with acting to match. I'll keep you posted on what will be coming up in the weeks to come at the Northland Playhouse since it is the only summer theater in the area with real live Broadway type actors.

Plymouth's own version of Broadway and the "Tony" awards took place at their last meeting — the Guild Awards. Although the Guild has been in existence 11 years, this is only the second year that the award plan has been tried. There is some debate, I understand, about the plan being continued. Well, be that as it may, we will let the Board of Directors of the Plymouth Theater Guild decide that issue.

The following actors, actresses, and backstage workers received awards for the 1958-59 season: Jacquie Gagnon—best actress, Ford Sutherland, best actor, Marie Bowers, best female supporting role; Bob Luchetti, best male supporting role; Laura Kalitta, best female character acting; Cameron Lamb, best male character acting; best all-around female worker, Phyllis Kelly; Jerry French. All the directors and producers received awards for their fine work during the past season. Everyone agreed it would have been difficult to pick out a best director or producer since all the plays were accomplished with such professional polish.

New faces that will be seen as the new Board of Directors convenes include the following Guild members: Bob Luchetti, Loretta Young, Bob Houghton, Alice Wright. The Theater Guild will be holding an extra meeting in June this year. Prior to this time all regular meetings ended in May.

The Board of Directors would like to have an extra meeting to announce next year's plays and clear up a great deal of unfinished business. Meeting will be on June 15th in the High School Annex Auditorium. Come 'mon out and see the new faces on the Board of Directors. Oh, yes, Ford Sutherland, our most honorable Sakini, has been elected to the president's position on the Board. Ah, so... looks like he will have to keep his socks up, boss for the coming year.

Looking ahead to the coming year on the TV tube finds NBC with an announcement that the Ford Motor Company has bought a 39 spectacular package. Thirty-nine shows costing a mere 12 million dollars for the season.

The producer of the shows is going to draw down a paltry \$250,000. Why that's more than most of us make in a whole month of slaving over hot typewriters. Only thing that's worrying old George since I drive a Ford car is how much of that 12 million am I paying on that 1960 Ford? Guess I'd better forget about buying a '60 and stay home and glue my eyeballs to the screen and watch those Ford spectaculars whizz by on the tube.

Recently I mentioned "Gypsy" and how Ethel Merman is going to hold the show up to go to her daughter's graduation. Ran across an excerpt in Harry Golden's "Only In America" that reads like so: "Everybody goes out on the 'stage' (of life) with sorrow in his heart at one time or another. For everybody, the show must go on." Very true, Harry. Old George still remembers the time he received a phone call about the death of his father. Telling no one about the call, I went back into the classroom and completed the day's work with students.

Incidentally, the stage team that wrote "Inherit the Wind" are in the process of converting this book of disconnected anecdotes into a stage play. I don't doubt that these two wizards won't do the job, but it just seems to be an impossible task as I read the book.

Maybe I'd better get busy adapting a book I'm finishing this week entitled "Poet on a Scooter." This highly literate account of an around-the-world adventure by Harry Roskolenko has all the elements necessary for a rousing stage show. You'd better plan on reading the book; I'm afraid my stage version won't be ready until 1963. Mrs. Pauline at the Dunning-Hough library will be glad to loan their copy of the book to you.

T-Sgt. Irving D. Kaiserman, United States Air Force recruiter for this area, announced a new Air Force officer selection program today. The program is geared to the increasing need for college graduates in the Air Force officer corps to cope with the complex problems of the space age, said Sgt. Kaiserman.

The plan provides openings for college graduates under 27½ years old to apply for three months of officer training followed by a commission as a second lieutenant in the United States Air Force. Married or single men may apply.

St. Kaiserman said that early reports indicate quotas may be filled soon. He urged BUFFALO, N. Y. (UPI) — John Baulding, 35, was sent to the penitentiary for 50 days as the result of a bar-room disturbance that was touched off when he blew cigar smoke in a lady patron's face.

College Grads Get A-F Commission

T-Sgt. Irving D. Kaiserman, United States Air Force recruiter for this area, announced a new Air Force officer selection program today. The program is geared to the increasing need for college graduates in the Air Force officer corps to cope with the complex problems of the space age, said Sgt. Kaiserman.

The plan provides openings for college graduates under 27½ years old to apply for three months of officer training followed by a commission as a second lieutenant in the United States Air Force. Married or single men may apply.

St. Kaiserman said that early reports indicate quotas may be filled soon. He urged BUFFALO, N. Y. (UPI) — John Baulding, 35, was sent to the penitentiary for 50 days as the result of a bar-room disturbance that was touched off when he blew cigar smoke in a lady patron's face.

AAUW Disburse Scholarship Monies

Forty-one American and eight foreign woman scholars have been awarded fellowships by the Educational Foundation of the American Association of University Women. Recipients will work in five continents on research and post-doctoral studies. Asia, Australia, Europe, North and South America will be the scene of their scholarly pursuits.

The 1959-60 fellowships total \$120,750, an increase of \$3,750 over the amount awarded by the Association last year. Individual awards range from \$1,000 to \$4,000; 10 of the 49 being for \$3,000 and above and the remainder \$2500 and under.

The 41 American awardees were selected from 150 applicants by the Association's Fellowships Awards Committee, composed of scholars representing the humanities, social sciences and natural sciences. Dr. Mary F. Keeler, Dean of the Faculty at Hood College, Frederick, Md., is chairman of this committee. Successful candidates are selected on the basis of the significance of their project and because they show distinction or promise of distinction in their field of study.

This year's American recipients come from 19 states, located in every geographical area but the Southwest. New York leads the roll of states they call home, followed by Massachusetts and Pennsylvania. Native lands of the eight non-Americans are Argentina, England, Greece, Hong Kong, Israel, Sweden and Turkey.

The frequently expressed current need for strengthening of the humanities... a long time basic commitment of AAUW... is well served by the fields in which the 1959-60 Fellows will be working. The majority will pursue historical study and research in the social sciences, literature, language, and the arts. Ten will work in the biological and natural sciences and three in the physical sciences.

Specific study plans range from the politics of the National Guard to geographical research relating settlement patterns and the generation of electric power, and using the rise and decline of industry in Lowell, Mass., from 1826 to 1939 as a case study; from fresh approaches in the history of reasoning to comparative study of defamation laws in England, Canada, and the United States, with emphasis on changes needed in areas of civil liberties in the United States; from juvenile delinquency to a study of "time" and related problems of consciousness, memory and eternity in early 17th century literature.

One of the Fellowship recipients is Suzanne Edwards, Ann Arbor, Mich. who will do part of her research at the University of Michigan. Miss Edwards' work is in the field of Art History, specifically the interpretation of early Christian architecture of Milan.

Of the 49 Fellows, 13 have already earned the Ph.D. degree, and the others are completing work toward the doctorate. Following the trend of recent years, 15 of the awardees are married; only two have children. The husbands of these women are professors, graduate students, research men and teaching fellows; one is an architect and one an attorney. Though the awardees range in age from 23 to 60 years, the group is primarily a young one. More than half are under 30, 13 are between 30 and 40, and 8 are over 40 years old.

The Plymouth branch of AAUW holds an annual book sale to help raise money for these fellowships. Mrs. Walter Nichol is the local Fellowship chairman.

Robinson Extension To Hold Picnic

Mrs. Isabella McClellan, of saving steps and time in our daily household chores. Other guests included Mrs. Harry Stuck, Council President, Mrs. Ling and Mrs. Birchelbaw.

The group will be meeting next at a picnic June 12 at LaGrow. "Easy Does It" was the theme presented by Mrs. McClellan explaining why she shield.

Democratic Club to Hold Picnic

The Plymouth Democratic Club will hold its annual picnic at the same place in Riverside Park at Gunsolly Mill which is located on the park drive between the railroad overpass and the Plymouth Road overpass, according to Charles Root, Jr., chairman of the local organization.

Everyone interested in a good time is advised by Mrs. Agnes Rollins, chairman of the refreshments committee, to bring a dish to pass and their own table service. There will be prizes for kids who win at the games planned for them, along with pop, hamburgers and hot dogs. For the grown-ups there will be a drawing for prizes which include a portable television, portable radio and an electric coffee maker.

Chairman Root said that the schedule calls for the picnic to begin at noon, Sunday, June 14, which is Flag Day. He added that any further information can be secured by telephoning him, Mrs. Schurmway Rollins or Robert Dwyer at Pizza Pete's.

Profitable Year For Junior Achievement

Three hundred and thirty-four teenage-run Junior Achievement companies in southeastern Michigan piled up the most impressive record of sales and profits in the ten year history of Junior Achievement throughout southeastern Michigan's six county area this year.

Official figures just released reveal that total JA sales in the area amounted to \$153,593 during the '58-'59 year which started last October. The current JA year ended May 7 when all JA miniature companies voluntarily went out of business.

Further statistics reveal that all JA companies in southeastern Michigan paid a total of \$44,000 in wages and commissions and \$5,800 in bonuses. The tiny business concerns also paid over \$2,500 in corporate taxes which went to JA's teenage chamber of commerce, the Achievers Association.

There were 69,641 shares of common stock sold to the general public at fifty cents a share. It was also revealed that southeastern Michigan JA firms poured over \$79,000 in materials for JA-made products.

Locally, eight JA firms from Plymouth sold \$5,742.72 worth of products and services to the public this year. Cost for materials for these companies amounted to \$2,995.71. They also paid out \$1,123.30 in wages and commissions.

Sixty percent of all JA company stockholders in southeastern Michigan, the nation's largest JA area, received dividends ranging from four percent and up.

The imaginative Junior Achievement "learn by doing" program for high school juniors and seniors operated in 37 states including Hawaii. More JA firms will start in business in October.

MENARD, III (UPI) — "The Menard Time" published at Menard State Penitentiary, calls itself "America's foremost prison newspaper." It has 7,192 subscribers, 5,437 of them outside the prison walls.

PLYMOUTH TOMORROW

By Donald Millikin
Manager

The central business district will affect PLYMOUTH TOMORROW just as it affects PLYMOUTH TODAY. Since the public announcement of the plan purchased by the Plymouth City Commission early this year, there has been much discussion and some confusion over the importance of the downtown area. Many questions surround the plan and content of the Vilican-Lehman effort. For these questions perhaps it is timely to take an objective at average central business districts in general and just incidentally a bit at our own.

To save time in this column let's refer to downtown central business districts as CBD. Now generally CBD's are too often considered as "just a bunch of self-centered merchants who are too complacent to modernize, too greedy to improve and too old fashioned to change."

Well, this description is not quite true, because the most progressive merchants in the world cannot change land and buildings they do not own or streets and ordinances where they are voted down. Few merchants in Plymouth or elsewhere own their land and buildings where they are doing business. A consideration then of the CBD is not necessarily a means to feathered the local merchants.

Downtown is really the concern of everyone in the community. Why? First of all, the downtown area represents a tax base. It is true that the CBD may take up a relatively small area. The average downtown section nationally averages from .5 per cent to 2.5 per cent of the total land area. But this same tiny package of real estate pays from 15 to 30 per cent of the total community taxes. This means that the land and personal property in the CBD pays enough tax to account for much of the municipal budget that you and I would pay if we lost our CBD. Downtown is paying many of our bills.

Downtown is not just taxes. It is property — very valuable property made up of land and buildings. You'll remember we said before that few merchants downtown own their land and buildings. Sometimes the design of traffic, streets and parking was such as to discourage owners improvements. So you see, CBD's concern land owners and real estate interests.

We have seen that CBD's are more than bases for taxes. Certainly they are more interesting than just land and buildings. Most important of all perhaps, downtown is made up of people. People make downtown areas prosperous. Many people work in the downtown area, 400 people work in downtown Plymouth, maybe more. There are people in offices, in shops, in restaurants, in professional practice of medicine, optometry, engineering, dentistry, architecture,

hairdressing; who are repairing, cleaning and consulting.

Many people in many ways cater to the needs and desires of their patrons, yet not strictly in the retail business. People patronize the CBD for goods, services and other attention they will not find in shopping centers outside the downtown area. In the CBD they can buy license plates, consult lawyers, obtain medical and dental care, amuse themselves and meet acquaintances which would not be available in the glamorized shopping center.

Many CBD's built in the horse and buggy era have been deluged with the choking stream of cars and the pernicious cancer of competition. This is not the merchants' fault, nor the fault of the landowner, nor can we really pin the blame on the city. It is basically a problem of lack of economic and physical planning.

With all this in mind, the City Commission courageously shined the spotlight on the problems of downtown Plymouth when they hired the Vilican - Lehman organization. The Commission did not intend to make a new CBD themselves, nor did they take such action to waken a few "dying retail stores." It was done to stimulate community wide concern for the planning and action necessary to preserve a vital area in our downtown - vital to everyone in the community. The study is a ray of hope. It shows what can be done.

But how significant that few, very few of our strong-

est citizens have even read the report, fewer understand it and very few are making any effort to implement it.

What is the alternative? Let the CBD deteriorate! Results - we'll lose a strong tax base, land owners will lose rental income, and merchants (even good ones) may go broke.

Still don't care? Patrons will be going two places to transact their household business. Downtown they will go for vital services from the government facilities (post office, city hall, library, high school, hotel etc.), professional services such as doctors, dentists, lawyers, information, basic shopping goods etc. in run down buildings and crowded streets. To some removed shopping center they must then travel for limited stocks of merchandise.

From all this discussion perhaps we can see that it is not solely the responsibility for retail merchants to save our downtown - it concerns every organization, every interest, and every pocketbook of everyone in Plymouth today and PLYMOUTH TOMORROW.

ONTARIO, Calif. (UPI) — "Way back in 1880 or so, mules alternated with gravity in providing streetcar power here. The car operated on a route which had a slight grade. The car was hauled up the grade by mules which then boarded a small flatcar attached to the streetcar for the return trip downhill.

PlymouthHistory In This Issue

A "History of Plymouth" that was written nearly 30 years ago is being made available to the public by The Plymouth Mail. Written by Mrs. Nettie L. Dibble, descendant of a pioneer Plymouth family, it is probably the only attempt to summarize Plymouth's complete past. It had been on file with other historical papers of the Plymouth Historical Society at Dunning-Hough Library.

Because the library has so many requests for a history of Plymouth, The Mail put the history in booklet form for distribution by the library.

This week The Mail presents the second of eight installments of this history. It is found on Page 5 of Section 4.

Mrs. Dibble wrote the history in 1930-31. She died in 1944. Her husband, Fred, operated a men's furnishings store on Main St. for many years.

MADE TO LAST

BUFFALO, N. Y. (UPI) — When police stopped John G. Flynn, 79, for driving an uninspected car, he informed them it was "the best car on the road." He later won dismissal when he explained to the judge he was out of the state attending a funeral when the inspection sticker on his 1934 convertible expired.

Who's New in Plymouth

WE WELCOME the Preusses to Plymouth, Tom, 4, Leo and Alice and Karen 6, from Oakland, California. Leo was transferred to the Burroughs plant in Plymouth from their California office. One of the first projects on their list in their new location on Micol Avenue was to create an out-door eating place or patio which they are in the process of doing now. Being from California this is a must because the whole family enjoys a bar-b-que. Her

native state also has a great deal to do with Alice's love for flowers and gardening. She has created a lovely setting of flowers for their living-room picture window which is in the rear of their home, as well as an indoor garden in front of the window. Mr. Preuss, who hails originally from Minnesota, shares his wife's interest in gardening, however, shares this pastime and hobby with another hobby, namely golf.

No Flag? A Good Family Present For Flag Day, June 14

Families who own United States flags with forty-eight stars can still fly them even though Alaska is officially the forty-ninth state and Hawaii is on its way to becoming the fiftieth one. The forty-eight star flag may be flown as long as it is in good condition.

Flying the flag on Flag Day (June 14), Fourth of July or any of the other 14 national days on which it should be flown is easy, if it is coupled with the two can be run up a pole anchored in the ground. Short poles which fit into sockets that are sunk in the ground can be purchased for use in tree pieces of cast iron, 3 inches wide and 60 inches long.

Molner Outlines Safety Rules For Home Swim, Wading Pools

Swimming and wading pools require special care to make them a safe place for children or adults. Dr. Joseph G. Molner, City-County Health Commissioner, states, "Precautions must be taken to prevent infection from the means of spreading infection, as well as to keep them from becoming accident hazards."

For many years sanitary regulations have made it mandatory for public swimming and wading pools to have the water treated by controlled filtration and also to have it chlorinated.

Proper care of private pools requires measures quite like those practiced at public swimming pools which are carefully engineered, operated and supervised to keep health and accident hazards at a minimum.

Private and family swimming pools should be equipped with a filter and a pump which has enough capacity to recirculate the water every 12 hours. In addition water should be disinfected with chlorine or some other suitable chemical. A fenced in area or yard is a must for safety around every swimming pool.

Usually it is impractical to provide similar equipment for a wading pool. The best compromise which will reduce the chance of infection is to change the water often enough to keep it clean in appearance and to add chlorine or other disinfectant before and during use.

In hot weather a shower spray from a hose helps to keep children cool and this water is always clean.

The following hints on the care of small pools should be followed in order to reduce the chance of accidents or the spread of infection:

1. Keep in mind that the person maintaining the pool has a legal liability as well as moral responsibility for its condition and safety.

2. Do not permit too many people in the pool.

3. The use of the pool should be restricted, if possible, to members of the family. If playmates are allowed to share it, make certain that they are in good health.

4. Any pool over 12 inches deep is a potential drowning hazard and should be maintained only in a completely fenced area.

5. Make sure that water in the pool is clean. Dirt in the water prevents disinfectants from reaching the bacteria.

6. Make sure only clean clothing is worn by the users of the pool.

7. Rinsing the feet before entering the pool is a valuable precaution.

8. Avoid submerging the end of the hose in the pool water. Unless hose has approved vacuum breaker, it may contaminate the city water in your house.

Prospective pool owners may receive additional information by calling the Detroit or Wayne County Department of Health.

make the crutch. Of this length, 30 inches goes underground in the cement for stability even in a storm.

Holes must be drilled in the pipe that makes the pole and the crutch so the two can be fastened together. Drill the hole 5 inches from the bottom of the 2 1/2-inch pipe, and the second one 12 inches higher. Drill holes in corresponding positions in both sides of the crutch. Two 6-inch bolts and nuts are needed for the connection.

A pole attached to a crutch in this fashion can be lowered and raised. This is not to be attempted lightly, for a 25-foot metal pole is heavy. At least three persons should be on hand to guide the lowering and raising of the pole.

Before the flagpole is raised for the first time, it should be painted if desired. A weather-vane may be fastened to the top of the pole and a pulley through which a 50-foot rope or clothesline can be

base point. Galvanized metal chips attached to the ends of the rope are efficient for attaching the flag.

If the flagpole is to be painted before the first raising, it first must be given a coat of aluminum primer. After this has dried thoroughly, but not in the sun, two coats of a good outdoor paint are applied with ample time for drying between the two.

The flag is displayed from sunrise to sunset on every day that weather permits. In addition to the sixteen days recognized nationally, states have special days on which the National flag should be flown. But with a permanent flagpole, it's so easy to raise the flag that it's likely to be done every pleasant day.

A CRUTCH OF IRON is anchored in cement. Pole of galvanized metal pipe is bolted to crutch.

Iced Tea Punches

Not all outdoor entertaining is confined to elaborate barbecues. With the advent of home-ownership among young couples, more and more homemakers are looking for less expensive and more simple ways to invite friends and neighbors to drop by during the weekend. A thoroughly chilled punch and a few cookies, or a cake cut into small serving pieces are naturals for such occasions.

Here are a few tips on making punches that really are refreshing! There's nothing like iced tea to quench a thirst—so why not use an iced tea concentrate as a base for punch? Iced tea supports and gives body to other punch ingredients, without interfering with the individual flavors, and at the same time it adds the special pick-up heat-fatigued guests need when the mercury starts climbing.

If you know how to make iced tea for your family, you know how to make a tea concentrate. Just bring 1 quart of water to a boil in a saucepan. Remove it from the heat and while the water is still bubbling add 1-3 cup loose tea (or 15 teabags) all at one time. Brew 5 minutes. For every day service, stir and strain this tea concentrate into a pitcher holding one quart of cold water; to use the tea concentrate for a punch, strain the tea concentrate into the other liquids in the punch bowl.

Another important thing to remember when making a punch is to use a simple syrup instead of sugar (1 cup sugar to 1 cup of water, boiled 5 minutes and cooled). But don't add the syrup until after you've added all the other liquids—regardless of whether they include fruit juices, gingerale, club soda or whatever. Add the syrup slowly, a little at a time until the mixture suits your taste.

Suburban Living

Air Conditioning Helps Improve Family Health

Appetites
Children who live in an air-conditioned house are hungrier, healthier, and happier.

Housewives whose domain is an air conditioned house are more energetic, cook better meals, and are more attractive.

Husbands who come home to an air-conditioned house are heartier, more cheerful, more relaxed, and happier to be home.

Relaxation
Families who now have air conditioning agree that these are the true benefits of air conditioning, far more important than mere summer comfort.

Here, according to many doctors and health officials

is how air conditioning promotes its greatest benefit: better family health.

Air is washed, filtered and dehumidified. Dust and its accompanying airborne bacteria are all but eliminated, resulting in fewer respiratory illnesses for everyone.

Appetites are heartier. Children especially eat better because they feel better, and because their mother doesn't mind cooking hot, nourishing meals in a comfortable kitchen.

Sleep is improved. Afternoon naps are easier for the younger set, and night-long sleep for all the family is more restful.

Stress and tension are eased. Comfortable, even temperatures inside on hot, muggy days and nights promote relaxation and a feeling of well-being.

Contentment
Among other important

benefits of air conditioning are less housework. An air-conditioned house is cleaner because of the filtered air.

This means more leisure time for the housewife, and reduced bills for laundry and cleaning.

Equally important to the family budget is a saving on winter heating fuel. The thick mineral wool necessary for proper air conditioning reduces heat loss in winter so effectively that fuel bills can be reduced by as much as 40 per cent.

Better health naturally means lower bills for doctors and medicines, important items in the family budget.

This, coupled with the fact that a house thickly insulated with mineral wool can be equipped with a cooling unit at low cost and operated within the means of the average home owner, makes air conditioning almost a "must" for everyone.

up by the United States Coast Guard. It's a good idea to equip your boat accordingly, even if you never do travel on waterways under the Coast Guard jurisdiction. For boats up to 16 feet, the Coast Guard requires one life-saving device for every person on board. This may be an approved life preserver, buoyant vest, ring buoy or buoyant cushion in serviceable condition. In addition there must be a fire extinguisher, a combination bow light showing green to starboard and red to port visible one mile, and one white light aft showing all around the horizon.

For boats over 16 feet, but less than 26 feet, the Coast Guard requires the above equipment plus a hand, mouth or power operated whistle or horn capable of producing a blast of at least 2 seconds duration and audible for a distance of at least 1/2 mile.

Heavenly
NEW YORK (UPI) — For heavenly mashed potatoes, use sour cream instead of milk while mashing or whipping. A half pint of sour cream and 1/2 pound of butter whipped into a dozen boiled potatoes will have the guests asking how you did it.

For Tea Time
NEW YORK (UPI) — Half a cup of diced orange sections and 1-3 cup of flaked coconut added to oatmeal bread mix makes a tasty tea loaf. Serve slices plain or with butter, cream cheese or orange marmalade.

Current Topic
CHICAGO (UPI) — Today's electrical appliances such as toasters, waffle irons, coffee makers, and electric skillets require about 1,000 watts to operate, says a power company. But the average home is wired to handle only about 3,600 watts on its circuits, the company added. A modern home should be able to handle about 24,000 watts to be adequate.

BUFFALO, N. Y. (UPI) — Willie B. Rand Jr., 28, was serving three years probation for stealing his father's \$2,500 life savings when Secret Service agents arrested him for forging and cashing a \$55 treasury check made out to his brother Tommy.

A 48-STAR FLAG may still be flown even though there are 50 states. A permanent, home-made flagpole takes up little space.

TROPICAL WATERLILIES open on stems above the water. They are as easy to grow as hardy kinds whose blossoms float on the surface of the pool.

You May Have Waterlilies In Your Garden

Waterlilies are the most attractive of all flowers on a hot summer day. They are one of the select group of flowers that can be grown anywhere in the country and, although they're just about the last ones to be planted every spring, they are blooming by midsummer.

All that's needed is quiet not running water, sun for a few hours daily and soil. The quiet water needn't be a lake. Waterlilies can be grown in any ornamental pool that is only moderately deep. If a pool is out of the question, get hold of a round metal washbasin that's about to be discarded, sink it in the ground up to its rim and have the water and space to accommodate one waterlily plant.

The dwarf or miniature varieties of hardy waterlilies that have been developed make it possible to grow waterlilies in the most limited space. The leaves of one of these plants, full grown, spread over only three or perhaps four feet instead of the six feet or more needed by the large varieties.

Flowers of these diminutive varieties are a little smaller, of course, but their colors are as fine as those seen in large pools at parks. These waterlilies should be planted under

not less than six inches and not more than twelve inches of water. Each plant requires a bushel of soil in which to grow.

Like the larger flowered hardy varieties, these small ones are day blooming. They open early in the morning and are lovely all day long. The open flowers, like the leaves, float right on the surface of the water.

Flowers held on fairly stiff stems about a foot above the water are a tropical sort. Many of these handsome, large tropical waterlilies are night blooming and do not open before late in the afternoon. The leaves are big, too, and so these plants need a great deal of water surface.

In regions where winters are cold the tropical kinds must be taken up every fall and stored indoors for the winter.

Hardy varieties, whether large or small, should sprout every spring and bloom well for at least three years. Hardy waterlilies are sold as bulbs, tropical kinds as sprouted plants usually in pots or cans.

If the pool has a soft soil bottom, waterlilies can be planted right in this. To assure their anchorage, a rock often is tied to each plant. Examine the bulb for the growing eye and be sure that this points upward.

In pools made of cement, rock or other material, the waterlilies should be planted one to a container. For the small flowered kinds, tubular tines can be placed vertically to hold soil and serve as all container. In larger pools, both hardy and tropical kinds are set out, one to a container, in large pots, wooden tubs or half barrels.

Time of Beginning

Graduates will forgive us if we add another heavy comment to those they undoubtedly have been receiving for the past few weeks.

We salute the long line of 1959 graduates in this area, but along with our good wishes they have some of our sympathy.

To understand the world that they will enter outside the halls of learning is a constant time-consuming problem. Education does not end with a diploma and this year's graduates particularly will have to make a continuing effort to keep abreast of the tremendous forces that science has turned loose in our community.

As science becomes more complex, government agencies and other institutions grow more and more technical and specialized. Complexity seems to breed complexity. The graduate who idles his education motor while the community roars by may find suddenly that he is a stupid slave of the times, a captive, dumb and helpless.

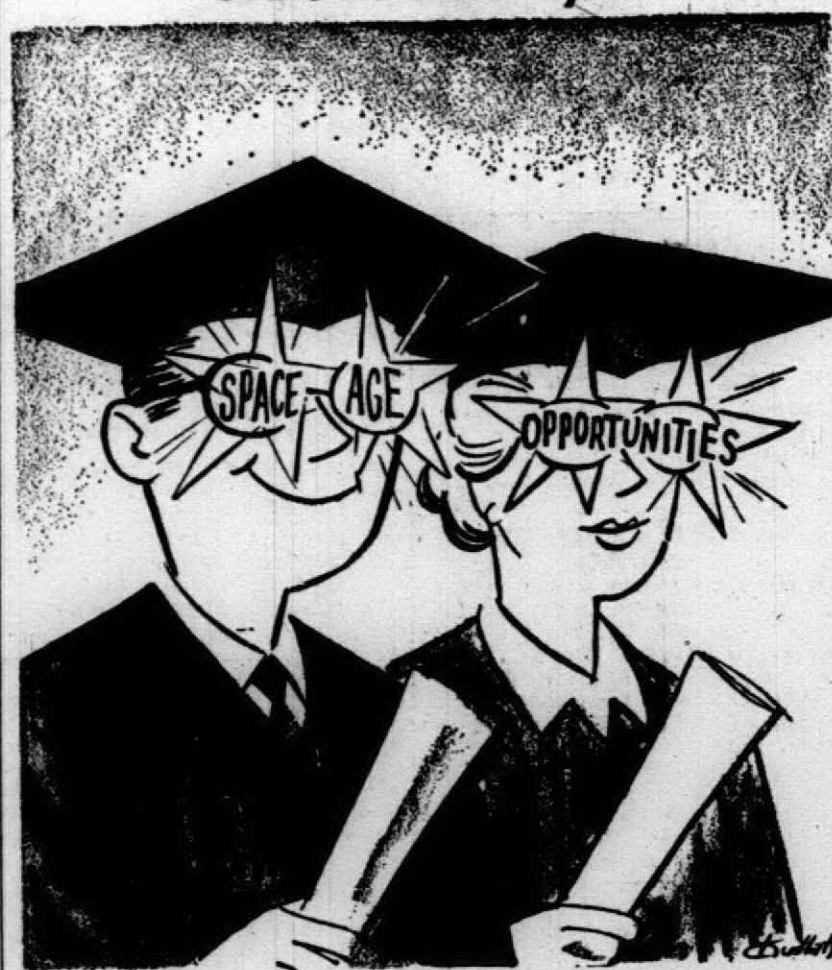

The answer is to never stop hungering for knowledge.

In the sense that our government depends for its success on an informed electorate we all face an unprecedented challenge to better self-education.

If Commencement speakers are still like they are in the days when we graduated, we suspect that the 1959 seniors know by now that commencement means beginning.

It is a good concept to carry into the battle of better understanding.

Stars in Their Eyes

'Life Begins at Forty'

Nursing Needs

By Robert Peterson

JUDGING FROM letters coming to this column a lot of women in their 40's and 50's can't find a suitable job. When they go out to hunt for a job doors are slammed in their faces right and left and they end up bitterly blaming their age for their job difficulties.

The real culprit, however, is not their age but their lack of a marketable skill.

If they were to enroll for a year in a school for practical nursing they would acquire a skill which would open employment doors and support them as long as they're able to navigate.

"I don't know why more women past 40 don't go into practical nursing," says Mrs. Sara Kelly of the National League for Nursing in New York. "The training is shorter and less demanding than that required for professional nurses, yet the work is just as interesting and opportunities are treasured."

There are hundreds of schools for practical nursing — and they're not overcrowded. In fact many of them are looking for more students. The chief requirement is that you be in good health, of average intelligence, and have at least two years of high school. Many schools will take students well into their 50's.

"The course requires just one year of study, and the tuition ranges from \$50 to \$200. After a year of study you take an exam to win a certificate naming you a licensed practical nurse. If you fail the exam you can always take it again."

I asked if the training is difficult. "The schools make you work," she replied, "but everyone of average intelligence who takes the work seriously will have no trouble getting through the course and passing the exam. Incidentally," she added, "quite a few men go into practical nursing, too, and the job opportunities are just as bright for them as they are for women."

"Once you've got your certificate you can more or less choose where you want to work — in industries, hospitals, nursing homes, health agencies, or physician's offices."

Salaries for practical nurses vary in different areas. In the Eastern U.S. salaries begin at around \$60 a week. However, private duty nursing pays much better. In New York City, for instance, the rate is \$14 per eight hour day. Practical nursing, she concluded, "is one of the few occupations where the demand for workers far exceeds the supply."

IT'S A CINCH that many unskilled people could solve their job problems on a permanent basis if they took the time to develop a skill such as practical nursing for which there is a solid demand.

If you would like a free bulletin on "Practical Nursing Careers" write to this column c/o this paper enclosing a stamped, self-addressed envelope.)

POLIO WEAPON—Polio immunization by mouth comes closer to realization with development of a cherry-flavored vaccine, produced under a program of Minnesota's department of health. Shown in Minneapolis, holding a vial of the substance: Dr. Robert N. Barr, project director. Date for availability: perhaps by Jan. 1, 1960.

Call Me Chris?

'If Your Name Is Christian'

By ANN REYNOLDS, Ph.D.

"Christian" is the first name of our Secretary of State. It is a given name not heard frequently in this country, and there are more men whose last name it is. In Europe, mainly in the Scandinavian countries, it has been popular since hundreds of years. There were kings so named in Denmark, Norway and Sweden, and the capital of Norway was known as Christiania, for Christian IV. who built it in 1614, until in 1925 its ancient name Oslo was restored.

The meaning of "Christian" is not hard to guess; it signifies "a Christian" as opposed to a pagan; a person belonging to the religion of the followers of Christ. The word itself derives from the Greek "Christos," and literally put into English means "the Anointed one." As a given name "Christian" has been in use since about the 12th century.

One Scandinavian known to young and old whose name is Christian is the Danish writer Hans Christian Andersen of fairy tale fame. Many of his tales bring enchantment to every succeeding generation.

The girls names "Christiane," "Christine" and "Christina" are from "Christian," adapted for women. The most famous Christina was Queen of Sweden in the 17th century, a daughter of Gustavus II. of that country. She was brought up like a boy, in view of the task that awaited her; this may explain her attitude to some degree. Gifted, proud and arbitrary, she chose to disregard public opinion in her own country and abroad, whenever it suited her to do so.

She ascended the throne on her 18th birthday, held a luxurious court, encouraged trade and manufacturing, art and science, and invited famous scholars and artists to her capital. Like Elizabeth I. of England, she, too, was ceaselessly urged to marry and produce an heir, but her counselors worried about the succession. Finally, she appointed as her successor her cousin Charles Gustavus, and after 10 years, having tired of her job as a queen, abdicated. Under the name of Count Dohna, she left her country, clad in men's attire, and traveled about Europe, visiting, among other places, The Tyrol and Paris. She embraced Catholicism, and settled in Rome where she kept up a lavish royal household but later was reduced to penury.

Her favorites she showered with huge gifts but she could be cruel, too. On her travel in France she had her counselor and lover executed in Fontainebleau before her own eyes. The reason? It has remained as mysterious as other facets of her character.

An enigmatic personality such as hers could not fail to attract the movie makers, and her story became one of the highlights of Greta Garbo's motion picture career.

Babson's Summary

Business Continuing Its Upward Trend

The Babson Composite Business Chart continues to show a favorable upturn. The persistence and vigor of the upsurge in business from the low point of the recession in April 1958 have had a buoyant effect upon the nation's economy and upon public confidence.

The forces which were mainly responsible for reversing the 1957-1958 recession — namely, consumer spending, residential building, and Government spending — are still going strong. The added impetus of strike-hedge inventory accumulation has resulted in new all-time highs for industrial production this spring.

With general business advancing on a broad front, personal incomes — especially salaries and wages — have set successive new records during the past few months. Employment conditions have taken on a decidedly healthier tone, and unemployment no longer holds the ominous threat to consumer confidence which it wielded during the past year. Business profits are increasing rapidly, are within striking distance of their previous all-time high. A vital prerequisite to a sustained boom in business is a high rate of capital outlays by industry. Hence, it is encouraging to note a gradual pick-up in this sector.

For the weeks immediately ahead, little change is likely.

THE ONLY CAR WITH WIDE-TRACK WHEELS
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens only the stance, not the car itself. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

★ Plymouth High School ★

By GLORIA BOWLES

Baccalaureate this Sunday, June 14 in the high school gym at 8:00... exams for freshmen, sophomores and juniors Tuesday and Wednesday morning, June 16 and 17... no school on the afternoon of those days... graduation exercises Thursday night, June 18, at 8 in the gym... distribution of report cards the next day, Friday, June 19, the last school day of this year.

That's the schedule for the closing days of Plymouth High School. Remembering that exam days are in big red letters on the school calendar, PHS'ers are making good use of the Student Council's "exam room" as they prepare for final exams... in between times many are wondering if "school will ever end." Some "can't wait to get out," others (we're talking about seniors now) were pretty sentimental about the whole thing and made a pretty big fuss about leaving!!!

Baccalaureate will begin this Sunday with the traditional processional, followed by an invocation by Reverend Norman J. Stanhope, Associate Minister of the First United Presbyterian church. The choir will join in "Gloria in Excelsis," directed by Fred Nelson, with Father William J. Child, assistant pastor of Our Lady of Good Counsel giving the sermon for the evening. Reverend Charles F. Holland, pastor of the Evangelical Lutheran Church will say the benediction.

A perfect four point scholastic average... and number one in a class of 223!

59 ex Carin Stofko is the one we're referring to... following here on the list of top scholars are (2) Hale Huber, 3.98; (3) Mary Jane West, 3.88; (4) Carole Ann North, 3.83; (5) Robert Westover, 3.76; (6) Cara Munshaw, 3.74; (7) Ellen Calahan, 3.70; (8) Edith Dibble, 3.70; (9) Edith Dibble, 3.70.

Claudia Kessler, 3.70 and (8) Glyn Norton, 3.68.

An end of the summer workshop for teachers, aimed at improving departmental methods and curriculum, is being scheduled for August 30 through September 4 this year. Attendance will be on a voluntary basis.

The Science club has elected new officers... they are president Allen Davies, vice-president Gary Ross, secretary Tim Graves and treasurer Bob Wall.

At their banquet at the Mayflower on the first, names of those who came out on top in Girls Athletic Association elections were revealed for the first time. Red-headed Karen West learned she was new GAA president... and was presented with a gorgeous corsage of red carnations.

Others happy at the news of their election were Barb Browne, a newcomer, who came to PHS only this fall... she is the new GAA vice-president. Cute Sandy Bailey apparently impressed GAA-ers with the work she did this year—she was re-elected secretary. Linda Leet topped several others to win the right to take care of the books as GAA treasurer.

Several were presented letters, trophies and bars at the banquet. Trophy winners were seniors Joy Kalmbach, Kathy Yakley and Sandy Noll. The trio also was

awarded bars for having earned 1000 points. 1750 point bars were awarded to Delores Aldrich, Karen Lent, Allison Scott, Pat Stone and Ann Taylor.

PHS extra-curricular groups have a total of \$4,794.97 in their treasuries... they own about \$2,200 in equipment.

Men In Service

Karl Erbacher

Karl D. Erbacher, interior communications electrician, fireman, USN, of 238 Union St., Plymouth, serving aboard the dock landing ship USS Tortuga, took part in an amphibious landing on the beaches of Camp Pendleton, Calif., May 28.

The operation, known as "Twin Peaks," involved more than 60 Navy ships and 25,000 Marines and was the largest exercise of its type since January 1957.

Participating in "Twin Peaks" were cruisers, destroyers, minesweepers, submarines, underwater demolition teams, and assorted amphibious force ships which comprised both "friendly" and "aggressor" forces. They employed conventional and simulated atomic weapons in carrying out their part in the amphibious assault exercise.

Student Gospel Singers Appear At Calvary Baptist

The Melody-Aires, a student gospel team from Moody Bible Institute, Chicago, will be at the Calvary Baptist Church, 496 West Ann Arbor Trail, Plymouth, on Saturday, June 13, at 7:30 p.m.

Leading this musical group on their tour of the East and Midwest is Wendell Borriuk, a junior in the Christian education-music course at Moody Bible Institute. He comes from Hudsonville, Mich. where he was an all-conference athlete in football. Since coming to Moody he has served as sports editor of the student newspaper, as vice-president of the student chapter of the National Church Music Fellowship, and sung in the famed Moody Choral.

At churches, conferences and camps the Melody-Aires present programs of sacred music and the spoken word. The quartet sings familiar and much-loved gospel songs. Soloists for the group are Wendell Borriuk, bass, and Ken Fenton, baritone, from Antigo, Wisconsin. The pianist and organist is Larry Kessler from Sand Lake, Michigan.

Doran Edwards, from Lansdale, Pennsylvania, speaker for the group. He is a senior in the pastors course and sang with the Choral for two years. He has served as a prayer band leader and as vice-president of his junior class. Jack Root, from Quincy, Illinois, sings second tenor in the quartet.

UNINVITED GUESTS
LAWRENCEVILLE, Ill. — (UPI) — The family of Dr. L. L. Jacobson, a Lawrenceville dentist, was startled by the sight of a wood duck flying around in the living room one morning. The intruder, which had tumbled down the chimney during the night, was freed after its capture.

Van Dyke Attends Insurance Conference
LAKE PLACID, N.Y. — Fred Van Dyke, of 9588 Joy Road, Plymouth, is attending an annual sales conference of Mutual of New York's top field underwriters at the Whiteface Inn here this week. The MONY representatives are members of the insurance firm's Top Club, a sales-honor organization embracing the leading eight percent of the company's 3500 underwriters.

NEW LOOK
BUFFALO, N. Y. (UPI) — W. J. Milligan of Orchard Park caused quite a stir in the Erie County auto bureau when he bought 1959 registration plates for his cars — a 1908 Sears motorbuggy and a 1913 Model-T Ford.

STRENGTH FOR YOUR DAYS
And why call ye me Lord, Lord, and do not the things which I say? — (St. Luke 6:46)

The Lord Jesus Christ, our blessed Savior and Redeemer, expects us to do our part — to read and seek to understand His teachings in the Bible, to have faith and trust in Him — for there is no other way.

DON'T WAIT TO WIN IN THE 1/4 MILLION DOLLAR SMILE-maker SWEEPSTAKES

Be one of 1400 winners this week!

We're giving away another Pontiac this week! All of us Marathon dealers are giving away a really terrific grand prize every week... a 1959 Pontiac. It's the kind of car we would like—and we figured you would, too. So we're giving away one each week until July 26.

We're also giving away over 1400 neighborhood prizes every week! Every one of us is running our own neighborhood SMILE-maker Sweepstakes—with a prize every week at each Marathon service station for folks who leave their names and addresses. That's why it's so easy to win one of the wonderful and valuable prizes we give away weekly. This is a local sweepstakes. You're not competing with everybody from coast to coast, just people around here, your neighbors!

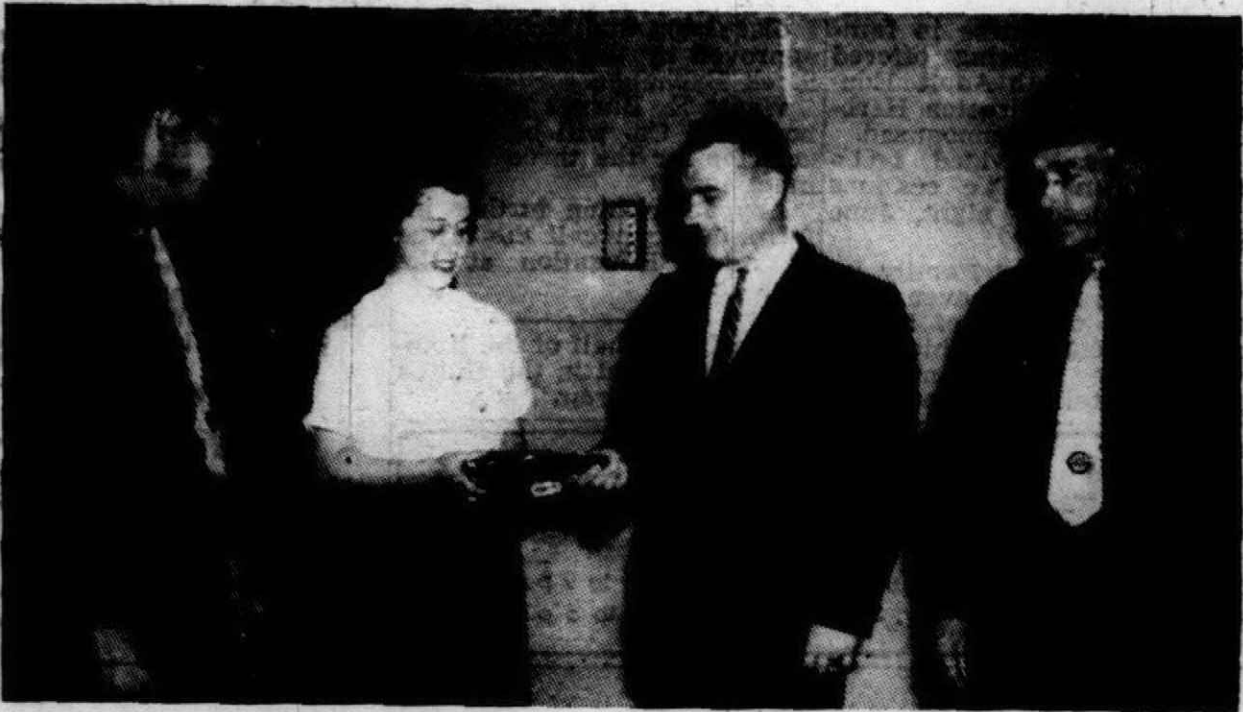

Easy to enter! We enter everybody who says okay. Come in, write or phone—just say the word and you're in the SMILE-maker Sweepstakes. Be sure to enter every week. There is nothing to buy, nothing to rhyme. Complete details are available at all Marathon service stations featuring the Marathon SMILE-maker Sweepstakes. Don't miss the opportunity to win each week!

A NEW FLAG for the Edna Allen Elementary School was presented at a Parent-Teacher Association meeting by the Passage-Gayde Post of the American Legion. From left is Donald Kinghorn, Legion command-

er; Mrs. Lillian Kinghorn, sergeant-at-arms of the Auxiliary; Principal Donald Rank; and Harry Burleson, post adjutant. The school's former flag lasted three years.

Automatic Street Lights

MOSCOW (UPI) — Street lights that automatically switch on at night and off in the morning have been installed in the city of Simferopol. The lights are controlled by a photoelectric "eye" that reacts as twilight sets in and, again, at dawn.

Is he... or isn't he?

Is he wearing a hearing aid — or isn't he? Don't ask him — he's forgotten! Because this man is wearing the Audivox "Phantom" — a single unit, ear-level hearing aid that's so inconspicuous, so light, you actually forget it's there. Now you can hear the way you want to hear... with nothing but a slender, curved shell nestled behind your ear — a shell that cannot slip out of place because it has been custom-molded to the contour of your head.

Plymouth History: Once Had Nicknames of Podunk, Joppa

By Mrs. Nettie Dibble

Previous to the 12th of April, 1827, the only officially used term for the territory occupied by the first settlers was the surveyor's designation "Town one south, range eight east."

For two years, the settlers had lived in a nameless community; everyone however was interested in a suitable name for their chosen lands, and several meetings were called with this purpose in view.

Pending the dignity of a name, the center of activity in the township, the intersection of Ann Arbor and Main Streets—was known as Podunk, and the neighborhood at the intersection of Main and Mill was called Joppa; these terms, however, were soon discarded.

One of the names suggested at the gathering of the people was Pekin; this was about the time when China was becoming known in this country; the first American Missionary started for China in 1829. The name of LeRoy was suggested, but William Bartow, then a member of the territorial legislative council, appointed by Governor Cass and who had located in Section 1 in 1828, proposed the name of Plymouth as a more historical and patriotic name.

This name was considered at a meeting held at the home of John Tibbitts on February 26, 1827, and was sent into the legislative council to be acted upon, and they passed an act which was approved by Governor Cass on April 12, 1827, to-wit: "Be it enacted by the legislative council of the territory of Michigan, that all that part of the County of Wayne, Michigan, included in the surveyed Township one and two South, Range eight East, shall compose the township of Plymouth and the first meeting shall be held at the house of John Tibbitts in said Township."

This first township meeting was held on May 25, 1827, in the barn of John Tibbitts. William Bartow was elected

Moderator, and Abraham B. Markham the clerk. The following township officers were elected:

Supervisor, William Bartow; clerk, A.B. Markham; assessors, Roswell Root, Henry Lyon, E.W. Starkweather; overseers of the poor, A.B. Markham, Cyrus Cole, Luther Lincoln; commissioners, G.W. Benton, Rufus Thayer, Benjamin Slom; constable, A. Broadfoot.

There was no justice of the peace at this time but in 1828 Philo Taylor was elected justice of the peace—Judge Withrell of Detroit came out to administer the oath of office to those who were elected.

For several years township one south was called Plymouth and township two south was unofficially known as South Plymouth, until separately organized March 7, 1834, under the name of Canton Township. Northville township came into existence in 1898.

At the first township meeting, a tax of \$154.40 was levied on the 140 taxpayers in the township. About half of this tax was upon lands owned by non-residents.

An election for delegates to Congress from the Territory of Michigan was held July 9, 1827. Thirty votes were cast. Twenty-one were for Austin Wing and nine for John Biddle.

There was a tax levied October 2, 1827, for the township of \$66.10, and for the county of \$57.51, and this tax was harder to raise than it is now when the tax is many thousands of dollars.

Mr. A.B. Markham, the collector, undertook the job of collecting \$66.90, and after traveling through the snow for a month, and by throwing off his commission, he was finally able to get funds enough for the amount to be turned over.

He was afterwards satisfied without the honors of office, however, the records show that the pioneers' ability to transact business with

wisdom and dignity was equal to that of their successors of the present day.

In the early part of 1827, a meeting was held at the home of John Tibbitts for the purpose of organizing a Military company and Ira M. Hough was chosen Captain. Stephen Root and Abraham Laraway were chosen under-officers.

The first blacksmith was a Alanson Knickerbocker, then Abraham Fralick in 1826, and later ones were John Daise, N.M. Harrington and W.B. Sellick. The first physician mentioned was Dr. Davis.

The first brick building in the township was erected by Henry Ward.

A.B. Markham made the first hand power mill, which did very well for grinding corn. It took two people one hour to grind a bushel of corn. In making the mill, which took two days, Mr. Markham felled a large, tall and straight oak; he flattened the upper side of the trunk for a distance of about 70 feet, cut a trench in it a foot wide and ten inches deep and narrowed almost to a point. A wheel a foot thick was then sawed from the

large end of the tree; the edge pared down to fit the trench, an axle put through it, and on being lifted into place, the wheel was ready to grind by being moved back and forth in the trench. The village of Plymouth it was laid out and recorded in 1837 by Henry Holbrook.

Quad-City Planning For 4th July Parade

Quad-City Council of Beta Sigma Phi met at the home of Mrs. Lester Beltz, 28455 Thorny Brae Road, Farmington, May 27, to elect and install officers for the 1959-60 season.

President, Miss Alice Melley, Ann Arbor, Gamma Phi; Vice President, Miss Beverly Richards, Ann Arbor Epsilon Nu; Recording Secretary, Mrs. James Conklin, Ann Arbor, Theta Gamma; Corresponding Secretary, Mrs. Gerald Fuelling, Plymouth, Eta Psi; Treasurer, Mrs. William Benn, Livonia, Eta Tau; Sgt.-At-Arms, Miss Rose D'Agostino, Ann Arbor, Xi Alpha Omicron.

Local representatives from Plymouth Eta Psi Chapter were Mrs. Robert Brown, Mrs. Gerald Fuelling, and Mrs. Richard Ney, retiring President of the Quad-City Council.

Plans are being formulated for the Plymouth Fourth of July Parade. Plymouth, Ann Arbor, Livonia and Ypsilanti Chapters plan to participate.

The common type of depth charge used by destroyers weighs from 300 to 600 pounds and resembles 25 to 50 gallon oil drums.

LEGAL NOTICE

Clifford H. Manwaring, Atty., 224 S. Main Street, Plymouth, Mich.
STATE OF MICHIGAN, County of Wayne, ss. 457,536

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-second day of May, in the year one thousand nine hundred and fifty-nine, Present Ira G. Kaufman, Judge of Probate, in the matter of the estate of GEORGE SCHOMBERGER, also known as GEORGE SCHAMBERGER and GEORGE SEMPENGER, deceased. John Schomberger, administrator of said estate, having rendered to this Court his first and final account in said matter and filed therewith his petition praying that the balance of said estate be paid over to the creditor of the third class to apply on account of its claim allowed against said estate and that all letters of administration heretofore granted be revoked and annulled: It is ordered, that the twenty-fifth day of June, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition. And it is further ordered, that a copy of this order be published once in each week for three weeks consecutively previous to the time of hearing, in the PLYMOUTH MAIL, a newspaper printed and circulated in said County of Wayne.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record. Dated May 22, 1959.

Cecil A. Bernard, Deputy Probate Registrar. 5-28-59, 6-4-59, 6-11-59

More car than this Impala Sport Coupe is hard to find at any price.

clings to curves like a cat on a carpet!
the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with the solid assurance of this sweet-handling Chevrolet. Drive it—and feel the extra smoothness and stability born of Chevy's better balance and supple full coil springs.

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all of its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer

the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word compete only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by.

There's a world of difference between Chevrolet's coil springs at all four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll feel the difference in the sure way it holds through curves and shoots over rough spots with

hardly a ripple. This one's made to travel and loves every minute of it.

Stop by your local authorized Chevrolet dealer's and sample Chevy's road sense!

Newspaper Sponsors Trophy In Memory of 'Joe' Miller

The Keith A. Miller Memorial Trophy, sponsored by the Freeport (Illinois) Journal-Standard, was awarded recently at the Orangeville, Illinois, High School.

The trophy was instituted earlier this year in memory of Plymouthite Keith Miller, sports writer and columnist for the Journal-Standard, who lost his life last August 13th when a KLM-Royal Dutch Airlines Super Constellation plummeted into the North Atlantic off the coast of Ireland.

Among the 99 passengers

and crew members who perished in the disaster was Keith's bride or a year, the former Phyllis Baker, of Lenon, Michigan. Both were graduated from Michigan State University in 1956, and were returning from a three-week holiday in Europe.

Mr. and Mrs. Peter R. Miller, of East Ann Arbor Trail, parents of Keith, attended the athletic banquet held in the gymnasium at Orangeville High School at the invitation of the Journal-Standard, and presented the memorial trophy to Samuelson.

Keith Miller Trophy

Miller, familiarly known as "Joe", locally, graduated from Plymouth High in 1949 and was also sports writer and columnist for the Plymouth Mail in 1948 and 1949.

After his freshman year at the University of Michigan where he wrote sports for the Michigan Daily, he transferred to Michigan State and went on the staff of the Michigan State News. He was sports editor of the MU year book, the Wolverine, in his senior year. A tour of duty with the U.S. Army interrupted his university schedule; he spent 16 months in Germany in 1954 and 1955 and emerged as a corporal.

His enthusiasm and loyalty for MSU were carried with him overseas; his printed letterheads and envelopes carried the caption - "Spartan Ambassador to the Deutschland" - under his name, rank and APO address.

He went to the Freeport Journal-Standard in September, 1956, and his sports col-

umn, "One Man's Opinion," was inaugurated shortly afterwards.

Because of his unflagging interest in all sports, he took a deep personal concern in the various sports programs in all the high schools in the Freeport area. He invariably championed the underdog and was a constant source of helpful influence to the coaches and players of the smaller and outlying schools in Stephenson County.

His enthusiasm extended as well to active participation in sports. He was manager-player in 1957 and 1958 in the City Softball League in Freeport. He was on the golf course every opportunity.

The Keith Miller Memorial Trophy will be awarded annually by the Journal-Standard to the outstanding basketball player in the Stephenson Conference. The "most outstanding player" is selected by a vote among ten players on each of the ten teams in the league. The impressive 24-inch trophy will re-

Family Finance Course Offered

A summer course in family finance is being offered by the Plymouth Adult Education Dept., Director Herbert Woolweaver announced.

The class, divided into three 90 minute sessions started Tuesday night, June 9.

Officially called Family Investments, it will cover such topics as types of investments, securities, objectives of family investments and related details. The course is a discussion and lecture type approved by the New York Stock Exchange.

Wyatt E. Barnes of Goodbody and Co. will be the instructor for the three week meetings.

Anyone wishing further information can call the office of Adult Education at the high school.

Nearly one-half of the timothy seed raised in the United States comes from Iowa.

CAR LIFE

THE BEST CAR BUY IN THE U.S.A.

After testing all cars, the editors of CAR LIFE, America's foremost motoring magazine, chose RAMBLER

HERE'S WHY: "Rambler is a well-made, efficiently designed, comfortable car with outstanding structural strength and rigidity, smooth, quiet economical operation, outstanding maneuverability in traffic and parking, satisfactory roadability, ride and handling, competitive performance, good operating economy and very significantly low ownership costs—in short, it's our choice for overall best buy among U.S. cars."

● **COST:** "... has a lower initial price, and on the basis of current figures will retain a greater percentage of its original cost than any other car anywhere near its price."

● **STYLING:** "... has developed in just three years into one of the most attractive cars on the road."

● **BODY DESIGN AND CONSTRUCTION:** "Most evident is the solidity of the unit-construction body. On the road there is never a trace of annoying body shake or vibration."

● **INTERIOR:** "... an extremely comfortable car for all six passengers because the centers of both front and rear seats are not crammed down close to the transmission housing and driveshaft tunnel."

● **HANDLING AND ROADABILITY:** "... amazingly responsive and maneuverable at moderate speeds."

● **QUALITY:** "... gets high marks in quality of manufacture."

Your Rambler dealer will be glad to give you a reprint of the complete article.

Survival For The Informed Taught Plymouth Group

The Plymouth Home Extension Group met May 29 at the home of Mrs. Kenneth Lunn, 1585 Marilyn Road. The lesson was given by Mrs. Forrest Olson, Mrs. Lee Coolman and Mrs. Russell Rudick on Civil Defense.

The group was told Civil Defense is a program of self-protection, an insurance that we pay for by the effort we put into it. In C.D. you learn to do with what you have in an emergency, improvising, in caring for the sick and injured, fighting fire, keeping alive, and most important, the self-survival steps one must take to protect themselves from radiation of an A bomb explosion.

Election of officers was held at this meeting and the new officers are as follows: President, Mrs. Ferguson; Vice President, Mrs. Smith; Secretary, Mrs. Coolman; Treasurer, Mrs. Jackson; Leader, Mrs. Nichols; News Reporter, Mrs. Mary Rudick; Historian, Mrs. Olson; Community and Citizenship, Mrs. Tritton; Recreation Leader, Mrs. Reamer; Marketing Leader, Mrs. Lunn; Literary Chairman, Mrs. Cramer; Fashion Chairman, Mrs. Karnatz; Health and Safety Chairman, Mrs. Alsbro.

The next meeting will be held at Mrs. Russell Rud-

ick's home June 17. Movies will be shown on "Pennies For Friendship" and "Peace Gardens". Co-hostesses will be Mrs. Lee Coolman and Mrs. Clifford Smith.

Plymouth Soroptomists Elect New Officers

The Plymouth Soroptomists met at the home of Mildred Field on Wednesday, May 27. The following officers were elected for the coming year: Roberta Steele, President; Lorena Hubbs, first Vice - President; Mildred Field, second Vice - President; Helen Stevens, Recording Secretary; Betty Portius, Treasurer; Winifred Downing, Corresponding Secretary. Elected to the Board of Directors were: Garnet Trower, Carol Tait and Neva Lovewell.

The next meeting was a dinner meeting at the home of Roberta Steele on June 10. The new officers were installed at that time.

Michigan is the top state in the production of cucumbers, blueberries and raspberries and with its sour cherry crop.

Report of Allen Extension Group

The Allen Extension group met at the home of Mrs. Walter Sousa, 11400 McClumpha. Mrs. Stanley Travis was the Group Chairman and Mrs. John Amrhein prepared the lesson. The subject of the lesson was slides shown on Oknawa, Land of Smiles, and the International Peace Gardens, which is a living memorial to the peaceful international relations that have existed between the U.S. and Canada for over 140 years. It is located in almost the geographical center of the North American continent.

The next meeting of the Allen Group will be June 24, however, June 9 and 10 there will be 4-H Fairground headquarters. There will be day and evening extension sessions.

'World's Fair' of Gardening

NEW YORK (UPI) — A "World's Fair" of gardening, the first great international exhibition of its kind since World War II, will open March 25, 1960, in Rotterdam, the Netherlands.

The "International Horticultural Exhibition" — to be known as "Floriade" — expects five million visitors during its six months.

GARDEN NOTES

We are continually being asked "What's wrong with my lawn? Why isn't it green? The usual answer is food. Over 90% of the lawns are simply starved. You can not expect to have a golf course lawn without treating it like a golf course. A simple rule of thumb for feeding a lawn is: Feed April Fool's Day and every holiday thereafter, Memorial Day, Fourth of July and Labor Day. Fertilizing is actually the cheapest way to have a good lawn, it will resist drought, disease and weeds much better and save money in repairs. If you haven't fed recently we suggest you do so, now.

Crabgrass will soon make an appearance. For those of you who did not use a pre-emergent Crabgrass Control (Halts, Chlodane, etc.) we suggest an early treatment of some form of Sodax. It may be sprayed on or applied with a spreader. Treatment in a seedling stage is very effective usually in the last of June.

Rose Chafers, a greenish brown beetle, is emerging, attacking Peonies, Roses and trees. Fair control can be had by using Malathion and Methoxychlor mixed.
