

# More Water In Township Nears Reality

The \$1,100,000 job of expanding Plymouth Township's water system and filling it with Detroit-produced water is moving ahead week-by-week and Township authorities this week expressed hope that work on the program will get underway in January.

Seventeen miles of water mains will be laid under the new project, covering most of the more densely-populated areas in the eastern half of the Township.

Found in this issue of The Plymouth Mail is the contract between the Township and Wayne County Road Commission under which the County will offer its "faith and credit" to back bonds that will finance the project. This is the same method that was used to finance the recently completed sanitary sewer in the Township.

A contract already has been signed between the Township and Detroit Water Board for the sale of Detroit water to the Township.

A 16-inch main will be laid to the Detroit-Wayne County water main that now comes as far as Eckles Rd. on Schoolcraft. Herald Hamill, engineer for the Township's water system expansion, said this week that it will be a relatively simple matter to tie the Detroit water into the Township system. Provision has been made in the Lake Pointe Village pumping station to attach a 16-inch main. When this is done, the wells that now supply water to the Lake Pointe area will be used only for stand-by supply.

Hamill said that he is now supplying plans to all of the County and State agencies that must approve such expansions. After this is done, and financing is approved, bids for construction will be taken. Work should begin sometime in January, it is estimated, and should be completed in six months.

The new water system will cover most streets east of Northville Rd., to Lake Pointe Village. A pumping station will be installed on Eckles Rd., near the C & O Railroad, with a line running south on Eckles to Plymouth Rd. The 16-inch main will go west on Plymouth Rd. to Haggerty, and south to Ann Arbor Trail.

General areas to be included are Robinson, Green Meadows, Arbor Village and Rocker Subdivisions. (A complete listing of each street is found in the County - Township contract in this issue.)

On Ann Arbor Rd., the main will go as far west as Canton Center Rd.

One area included is Park Entrance Drive, along which the Garling Building Co. owns 20 acres. Two years ago, Garling filed a petition to have the property annexed to the

City in order to obtain water. But a petition to incorporate a City of Plymouth Heights was filed first, and is still pending a vote. So the Garling property has gone undeveloped.

The water system expansion will generally follow the same boundaries as the sanitary sewer system. But property owners won't have as

## Honored For 50 Years Of Law Practice

For his 50 years as a practicing attorney, John S. Dayton, 183 S. Union, will be honored Thursday at the 25th Annual Meeting of the State Bar of Michigan.

The "50-Year-Award" will be presented at the noon luncheon meeting by Burney C. Veum, president of the association. The convention opened Tuesday with more than 1,500 state attorneys attending.

The Plymouth attorney said this week that he will not be in Grand Rapids to accept the award. "I'm getting a little too old to go knocking around the state," he noted.

Because of his eight years as municipal judge in Plym-

John S. Dayton

outh, from 1934 to 1941, John Dayton is known by many as Judge Dayton. He was Plymouth's city attorney from 1925 to 1929.

Judge Dayton, now 86, was born in Preston, Minn. He attended Lebanon University, Valparaiso University, University of Minnesota, University of Chicago and University of Michigan where he received his law degree in 1910. He became a resident of Plymouth in 1913.

Before moving to Plymouth, Judge Dayton was with the law firm of Jackson, Millis, Culver and Griffin in Detroit. In Plymouth he practiced law in partnership with Paul Warren Voorhis. Since 1919, Judge Dayton has practiced law individually.

## Wheel Trueing Buys City Land To Open Plant By Sept. 1962

SIGNING OF PAPERS to convey 38 acres of City land to Wheel Trueing Tool Co. took place last week in the City Commission chambers. Mayor Harold Guenther and Wheel Trueing President Harold Robison are shown at the table. Sitting in background, from left, are: Harry W. Wallace, vice-president of Detroit operations and president of Canadian operations; Commissioner Carl Shear; Robert S. Fowler, vice-president; Donald J. Wallace, vice-presi-

cent. Standing, from left: City Clerk Joseph Near; Aldred W. Barkley, purchasing agent; Ted Bemben, field superintendent; Wendell Lloyd, treasurer; Commissioner Robert Sincok; Martin Oetting, attorney; Leo Catallo, factory manager; Commissioner Marvin Terry; Harold Dillow, assistant purchasing agent; Commissioner William Hartman; and City Attorney Harry Deyo.

## To Open Plant By Sept. 1962

Construction in Plymouth of a 50,000-square foot plant by a Detroit organization is now assured with the signing of contracts between officials of Wheel Trueing Tool Co. and the City.

Nine members of the long-established company joined city commissioners Sept. 20 for the signing formalities and gathered afterward for a get-acquainted dinner at the Hotel Mayflower.

Under the agreement, Wheel Trueing Tool Co. bought 12 acres of land on Plymouth Rd. across from the Burroughs plant for \$41,125 with the stipulation that the plant will be built and occupied by September 1962.

Some 250 persons will be employed at the plant, President Harold E. Robison said. "Employment preference will be given to our present personnel," he added, "but all future replacements and additions will be filled as far as possible with residents of the Plymouth area."

Robison said he and the other officers are anxious to accomplish the move from their four locations in Detroit.

"Our operations will be much more efficient because all administrative, manufacturing and research activities will be combined in a single plant and we also have the feeling our future will be a happy one in the wonderful environment provided by Plymouth. Many of our employees already have told us they are pleased at the prospect of buying homes in that area, Robison declared.

A date for the start of construction will be announced soon, he said. The 50-year-old company works entirely with industrial diamonds and equipment where they are used. Produced are diamond tools for industry and diamond bits for oil field drilling, mining bits and masonry bits, concrete saws, masonry saws and diamond drilling and sawing machines and diamond blades for masonry and concrete cutting.

Work performed by many of the tools produced by the company frequently is the subject of feature stories in leading trade magazines.

The company, founded by Harvey B. Wallace, started in 1910 in Detroit, moved for a short time to Highland Park and then back to Detroit. Its officers and directors have unusually long tenures.

Robert S. Fowler, vice chairman of the board, joined in 1921; Harold E. Robison, president, began his service in 1919; Donald J. Wallace, vice-president, began in 1933; Harry W. Wallace, vice-president and president of Wheel Trueing Tool Co. of Canada Ltd. started in 1934; James Dillow, secretary and director, has service dating back to 1915, and Wendell E. Lloyd, treasurer, joined in 1955.

Two other members of the board of directors are bank officials. They are William A. Mayberry, chairman of the board of Manufacturers National Bank and Arthur B. Pfeleiderer, vice-president of Detroit Bank and Trust Co.

Much of Wheel Trueing's growth has come since the late 30's and Robison said a new tool—the Tru-Grit rotary diamond-set form dressing wheel—that has had "spectacular success" since its recent introduction, promises to give the company further impetus.

Attending the signing event from the company were Robison, Fowler, Harry and Don Wallace, Lloyd, Harold Dillow, Aldred Barkley, Leo Catallo, Tad Bemben and Martin Oetting, attorney.

## Planners Open New Season

A new season for the Plymouth School Community Planning Group will open Wednesday, Oct. 5 with an invitation being extended to all parents, interested citizens or "anyone wanting to see our schools improve academically."

Fletcher Campbell, president of the Planning Group, said this week that he would like to see the school advisory organization continue its good work on a wider basis than ever before. The advisory group, organized for eight years, makes recommendations to the Plymouth Community Board of Education.

"In fact," Campbell said, "over the years many interested citizens received their first pang of desire to be a Board member while participating in the committee work of the advisory group. The Plymouth School Community Planning Group is an excellent means of discovering what your schools are doing."

"Also, if you have a gripe or a feeling that now all is not well in our school system, you should come out to the meeting on Oct. 5. You may find a committee that is delving into the very matter that bothers you."

The meeting will begin at 8 p.m. in the Junior High cafeteria.

The president indicated that the Oct. 5 meeting will be devoted to organizing committees and hearing a report from Supt. Russell Isbister on the results of recommendations to the Board as forwarded by the school advisory group.

## College Study Committee Has First Meeting

The Citizens' Study Committee began their "crash" program for the Proposed Northwest Wayne County Community College Sept. 21 at the Newburg School.

The members appointed by the Boards of Education of Garden City, Clarenceville, Livonia, Plymouth, Redford Union and South Redford School Districts organized the total committee into four study committees.

Each will make an objective, factual and impartial study of the subject assigned their committee relative to establishing a junior college in the area.

From Plymouth, Robert Barbour will serve on the Finance Committee; Samuel Hudson will serve on the Program Committee; Mrs. Jessie B. Latter will be Recorder for the History, Growth and Development Committee; and Donald Sutherland is on the Site and Housing Committee.

Dr. Albert M. Ammerman is Chairman of the Steering Committee with Dr. Raymond J. Young as his consultant. Martin Blied, Joseph Crafton, Charles Barnett and Gerald Greenwald will serve as members of this committee.

## Membership Drive Continued By Symphony

With their sights set on \$5,000, the Plymouth Symphony Society is this week carrying on its membership campaign with a plea to citizens to send in their memberships immediately.

Only \$1,200 of the \$5,000 has been received so far, according to Mrs. Ralph Snoke, general chairman of the drive.

Each year friends of the Symphony are asked to become members of the Society. Many of those receiving membership letters have forgotten or misplaced them. Mrs. Snoke pointed out. There is still time to join by sending in a check to Plymouth Symphony Society, Box 99, Plymouth, Mich.

David Mather, chairman of drive, is this week carrying on that portion of the campaign. All business establishments will be contacted.

## First Program for Plymouth's Senior Citizens Opens Oct. 6

A new organization for Plymouth's Senior Citizens will have its first meeting on Thursday, Oct. 6, from 1 to 5 p.m. in the Oddfellows Hall on Elizabeth St.

This will be a mass meeting at which guests will get acquainted and will decide the type of program they desire. Refreshments will be served.

There are no set forms, rules or requirements. Anyone who is retired, unemployed or has Thursday afternoon off and if they are 60 years plus (or even minus a few years) can join the Senior Citizens any Thursday.

Anyone needing transportation to the hall can call GL 3-1830 by 11 a.m. Thursdays and leave their name and address. Visitors can bring their sewing, knitting or crocheting, or they can play cards, sing songs or just visit and reminisce about "the good old days." A wide variety of programs can be arranged after the club is organized and officers elected.

The Adult Education Department of the school will assist with some activities, such as bridge, knitting, flower arrangement, cake decorating, oil painting, Spanish or Italian, hobbying at the piano or organ, leathercraft, copper tooling, shellcraft, gift wrapping, or nature study and hikes.

## 12 Days to Register

With only 12 days remaining in which to register for the Nov. 8 election, clerks of both Plymouth City and Township have reported a brisk business during recent weeks.

Monday, Oct. 10 is the last date to become registered for the Presidential ballot. If one is voted in the last presidential election four years ago or has registered since that time, he is still a registered voter and needs not re-register. New residents, of course, must register whenever they move into a different political subdivision.

Township Clerk Fred L. Miller and City Clerk Joseph Near both report that registration has been heavy. The Township clerk will register from 9 a.m. to 5 p.m. Mondays through Fridays and from 9 a.m. to noon on Saturdays. On Friday, Oct. 7 and Monday, Oct. 10, the Township Hall remains open until 8 p.m. to handle last-minute registrations.

At the City Hall, the clerk will register during the regular office hours, plus four days of extended hours. On Thursday and Friday, Oct. 6 and 7, the office will be open until 8 p.m. on Saturday, Oct. 8, the office will be open from 8 a.m. to noon on the final day, Oct. 10, one can register until 8 p.m. (Continued on page 8)

## CBS Moves into Truesdell for Day

Last week a large truck, miles of electrical cables, technicians by the dozens, movie cameras, television cameras and Columbia Broadcasting System officials descended on Truesdell School of the Plymouth Community School System. A 12 minute filmed sequence to be used in a CBS Reports program called "The Influential American" was the reason for all the excitement out Haggerty and Cherry Hill way.

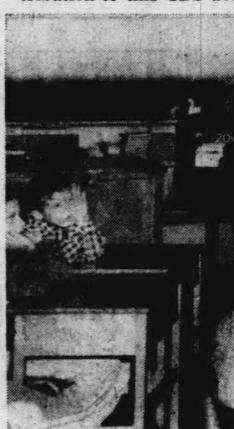

Months ago, Superintendent of Schools Russell Isbister received a request from the director of the Midwest Airborne Educational Foundation asking if the Plymouth system had a grade school outside of town. Truesdell School with its two rooms serving third and fourth graders was suggested.

Arthur Morse, CBS producer, arrived in the Plymouth School district three weeks ago to look over the Truesdell School. He was overjoyed at the site and agreed at once that the school would be perfect for the sequence to be filmed on Sept. 22. Last week the big moment arrived for Mrs. Della Brinkley's third grade class at the Truesdell School. WJBK-TV, Detroit's CBS outlet, supplied the power for the

would not find in their room school could learn French via the Airborne Educational program.

So in one room of the school, the television cameras shot at a French

## NEWS BEAT

Not even in a church yard parking lot on Sunday morning is one's car safe from thieves. Mrs. John Welscher, 654 Sheldon Rd., parked in the parking lot behind First United Presbyterian Church last Sunday morning and came out to find her car missing. Police sent out an alarm and before the day was over Michigan State Police found the car at Warren and Napier Roads, sitting on blocks with all four wheels gone. The keys had been left in the car.

OPEN HOUSE: St. John's Provincial Seminary, located on Five Mile Rd. in Plymouth Township, will have its annual open house on Sunday, Oct. 9. Thousands of people from across the state attend the open house. It will be from 1 to 6 p.m.

SCHOOL BEAT: Swim Coach John McFall reported to the school board that the new policy regarding swimming suits is working out well. Parents of several boys last spring protested a rule that boys not wear suits in swimming class. The board now allows suits, if certain rules are followed. Around a half dozen boys now wear them. Two of the new rooms at Smith School and four at Bird School were occupied this

week. Next Monday the Board will get a look at the preliminary plans for the proposed junior high.

GET 'EM OUT: A number of organizations and even retail stores are staging voter registration drives. Latest to join the effort is the Plymouth Community Chamber of Commerce.

EXPECTED: Two sentences in the Plymouth police log book from last Saturday told a story: "Livonia police chasing a blue Corvette west of Schoolcraft Rd. opposite to traffic at speeds in excess of 118 mph. Disregard call, car smashed up at Five Mile and Eckles." Police said that the occupants were injured, one of them receiving two broken legs.

ANOTHER TRY: Confirmation of a new date for the Plymouth Heights charter election is being awaited by the Charter Commission. Technicalities forced postponement of the election set originally for Nov. 8, to "sometime in January." Setting a new date requires a revision of the charter and the signature, once again, of the governor.

## Ann Sears - Philip Tobey Speak Vows

Our Lady of Good Counsel Church was the scene Aug. 13 of the wedding of Ann Sears and Philip A. Tobey. Rev. Father Childs officiated at the 11 a.m. ceremony. Miss Sears is the granddaughter of Mr. and Mrs. W. Dan Edmonds of Walled Lake and Tobey is the son of Mr. and Mrs. Gerald Tobey of Plymouth.

Mr. and Mrs. Philip A. Tobey

Given away by her grandfather, the bride chose a gown of Chantilly lace over satin with full length train. Her fingertip veil was secured by a crown and she carried a Colonial bouquet of white rosebuds and orchids.

Miss Diana Brunell, Walled Lake, was maid of honor and wore a gown of pink organza over taffeta. Three rosebuds caught the train of the skirt. Her colonial bouquet was of red rosebuds.

Bridesmaids, Miss Donna Neighbors, Walled Lake and Miss Karen Trousin, Plymouth, wore identical gowns in light aqua and carried yellow rosebuds.

Miss Kimberly Brunell, as flower girl carried a basket of rosebuds and daisies. Billy Tobey was ringbearer.

Best man was Peter Signorelli, Plymouth. Ushers were Dwayne Parks and Jerry Smith, both of Plymouth.

Mrs. Edmonds wore a gown of light blue silk organza over taffeta and a hat of two-tone blue. Her corsage was of red rosebuds.

Mrs. Sears wore a dress of blue organza and a small feathered hat and red rosebud corsage.

A wedding breakfast for 25 persons followed the ceremony at the Edmonds' home. An evening reception for 200 guests was held at Adkins Hall, Walled Lake.

Mr. and Mrs. Tobey flew to New York for their honeymoon and will be at home in Dixboro where the bridegroom is employed by Capital Airlines.

Mrs. Lawrence Alan Huff

## Craddock-Huff Vows Spoken in Georgia

Margaret Edith Craddock and Lawrence Alan Huff were united in marriage September 8 at 7:30 in St. Andrew's Episcopal Church, Sylacauga, Ga.

The bride is the daughter of Dr. and Mrs. French H. Craddock of Sylacauga and the groom is the son of Mr. and Mrs. Warren M. Huff, Curtis Rd.

Margaret Edith chose an ivory peau de soie and re-embroidered pea d'ange lace gown for the double ring ceremony. The bell shaped skirt featured a polonaise drape sweeping into a cathedral train. Her veil of silk illusion was caught to a crown of pearls and she carried orchids, valley lilies, stephanotis and ostrich feathers in cascade.

Patricia Craddock, sister of the bride, was maid of honor and Mrs. John Thompson Jr., was matron of honor. Bridesmaids were Joan Squires, Kathie Arnold, Margaret Whitsett and Suzanne Wright. They wore identical gowns of floor length blue tissue taffeta, demi hats of matching taffeta with brief veils and carried colonial nosegays of pink roses and pom-poms.

Best man was Robert Manisto of Ypsilanti. Ushers were Warren Huff, brother of the groom, Dr. Gaynor Braddish, Lee Silver and Miller Widmire.

Mrs. Craddock chose a cornflower blue chiffon and drape floor length gown with matching accessories and a safekeeping in a vault at Fort Knox, Ky., until the autumn of 1944.

sue taffeta with matching accessories. Her corsage was of gold rosebuds.

The bride's paternal grandmother wore a cream lace taffeta gown and her maternal grandmother was dressed in crystal blue lace. Both wore rose and stephanotis corsages.

A reception was held immediately following the ceremony, at the home of the bride.

For a Western wedding trip, the new Mrs. Huff wore a beige print dress accented with blue and bronze accessories. Her corsage was of bronze Cymbidium orchids.

Mr. and Mrs. Huff will be at home in Palo Alto, Calif., where he will continue his studies at Stanford University.

## Graham Shows Fall Fashions

The first public showing of the newest fall fashions, sponsored by Graham's, will be shown Oct. 5 at a luncheon at Thunderbird Inn.

Styles from the fashion centers of New York and California, and shown by the Martin Models will be displayed at 1:30.

For reservations, call Thunderbird Inn, GL 3-2200.

## Joan Higgins Weds Chester Kendzior

Joan Clementine Higgins became the bride of Chester Joseph Kendzior, Jr., Saturday, September 17, at St. Matthew's and St. Peter's Church, Detroit. The Rev. Walter A. Hotz officiated.

The bride is the daughter of Mr. and Mrs. Francis A. Higgins, Detroit, and the groom is the son of Mr. and Mrs. Chester J. Kendzior, Haggerty Rd.

For the evening ceremony, the bride chose a peau de soie gown, featuring a bodice of re-embroidered Alencon lace. Her fingertip silk illusion veil was held by a lace cap. She carried a cascade bouquet of white Fugi mums and orchids.

Beverly Anderson was maid of honor. Bridesmaids were Mrs. Bruce Maddock,

Rosemary Kendzior and Donna Kendzior. All wore matching pink orchid Italian silk taffeta and organza gowns and carried cascade bouquets of deep pink Fugi mums, Kenneth Brown was best man and ushers were Francis A. Higgins III, Phillip Dingeldey and David Grow. Todd Higgins was ringbearer.

Mrs. Higgins wore a gown of beige peau de soie trimmed with Alencon lace complimented by a corsage of Bird of Paradise. Mrs. Kendzior chose a gown of pink salmon chiffon and wore a corsage of white orchids.

Following a reception at Star Ballroom, the couple left for a trip to Northern Michigan.

They will make their home in Mt. Clemens.

Mrs. Chester Kendzior

## Charlene Boyd Becomes Bride of James Priest

Charlene Luella Boyd became the bride of James Alton Priest at a candlelight ceremony Sept. 10 at the First Methodist Church, Northville, with Rev. Paul Cargio officiating.

A ballerina length gown of satin and nylon was chosen by the bride. The bodice featured a square neckline outlined with sequins and baby seed pearls. Her fingertip veil was held in place by a sequin and pearl headband. She carried roses and carnations on a white Bible.

Mrs. Richard Mitchell, Northville, was matron of honor. She wore a pink lace and satin ballerina length gown and carried pink carnations.

Richard Mitchell was best man. Ushers were John Boyd, cousin of the bride, and Robert Mapes of Detroit. Mrs. Boyd wore a dark blue print dress with white

accessories. Her corsage was of white baby roses and carnations.

The reception was held in the home of the bride immediately following the ceremony for 175 guests. Mrs. Robert Mapes was in charge of the guest book.

The new Mrs. Priest graduated from Northville High School in 1957 and both Mr. and Mrs. Priest are employed by Montgomery Wards at Wonderland.

Mr. and Mrs. James Alton Priest

## P-T-S-A Has First Meeting Monday Night

President Charles Derr of the Junior High Parent-Teacher - Student Assn. announced plans for their first meeting which will be an open house and membership drive on Monday, Oct. 3.

It will give parents of students a chance to tour the school, meet the teachers and become acquainted with other parents. Refreshments will be served.

## Plymouthite's Wall Plaques on Display

A display of original wall plaques and panels done by George LaRiviere of Plymouth will be seen this weekend in Plymouth.

They will be shown in the rear display window of Papes' House of Gifts, facing the Central Parking Lot.

## BIRTHS

Mr. and Mrs. Ronald Krump announce the birth of a son, Timothy Mark, on Sept. 25 at Fort Leonard Wood, Mo. Master Krump weighed 7 lb., 13 oz. Mrs. Krump is the former Susan Wesley of Plymouth. Maternal grandparents are the Robert Wesleys of Rogers, Ark., formerly of Plymouth, and paternal grandparents are the Matthew Krumps of Gold Arbor Rd.

Mr. and Mrs. Burton W. Felder of Livonia, announce the birth of 6 lb., 14 oz. Cheryl Lynn, Sept. 5 in St. Mary's Hospital. Paternal grandparents are Mr. and Mrs. Burton Felder and maternal grandparents are Mr. and Mrs. Joseph Mault. Mrs. Felder is the former Delores Mault.

# Local Groups Sponsor Booths At State Hospital Patient Fair

Northville State Hospital volunteer groups will sponsor the Eighth Annual Patient Fair at the Hospital on Tuesday and Wednesday, Oct. 4 and 5.

Committees planning this eagerly anticipated recreation event, have been at work since August in purchasing gifts, assigning the sixteen different booths and working together to make the occasion a happy one. Games of skill and chance, homemade food and a Clown Band, furnished by the Detroit Federation of Musicians, are all features of this year's Fair.

With the Fair conducted right on the hospital grounds, there is a real enjoyment of an "outing," even for those patients who cannot attend such activities as trips to the Michigan State Fair, swimming parties at Kensington Park, Detroit Tiger games,

or the Shrine Circus, during other times of the year.

Local groups sponsoring booths are the Plymouth Birthday Ladies, headed by Mrs. Vivian Champion, 1150 S. Harvey; the Plymouth Woman's Club, headed by Mrs. Jean Lature, 986 Harding; the Plymouth Friends of Northville State Hospital, headed by Mrs. Arlene Reade, 1310 Elm; and the Plymouth Lions Club, headed by Lioness, Mrs. Thelma Couts, 1190 Simpson.

Other organizations active in this annual event are the Northville State Hospital Auxiliary, Local AFL-CIO, Northville Psychiatric Assn., the National Council of Catholic Women, the Red Cross Gray Ladies, and the Psychiatric Attendant Nurses Assn.

Mrs. Vivian Champion is also chairman of the prize sorting committee.

## Smith PTA Holds Yearly Open House

The Smith Elementary Parent-Teacher Assn. held its annual Open House last Tuesday evening, Sept. 20, with approximately 200 parents present.

The new officers and committee chairmen were introduced by the president, Dr. Fred Foust. These include Tom Rubendunst, first vice-president; Eldon Martin, second vice-president; Mrs. Ruth Bowsman, secretary; and Glenn Schroeder, treasurer.

The committee chairmen are as follows: Mr. and Mrs. Robert Brown, room parent chairmen; Mr. and Mrs. Richard Merriam, refreshment chairmen; Mr. and Mrs. George Kenyon, membership drive chairmen; Mr. and Mrs. William Congdon, hospitality chairmen; and Mr. and Mrs. William Silvis, publicity chairmen.

A greeting was extended to those present by Russell Isbister, Superintendent of Schools, as well as Mrs. Ruth Erickson, principal of Smith Elementary School, after which parents were welcome to visit their children's classrooms and become acquainted with their teachers.

Mr. and Mrs. John Addison

## Luncheon Held At St. John's

"Gardens of the Bible" is the topic of Mrs. John Carrillo, Pleasant Ridge, guest speaker for the Oct. 6 luncheon at St. John's Episcopal Church.

The salad luncheon, sponsored by the Episcopal Church Women's Organization, begins at 12:30 p.m.

Reservations may be made with Mrs. Sidney Strong, GL 3-4223 before Oct. 3.

Mrs. Jack Evans is the program chairman.

The E.C.W. met Sept. 14 for a luncheon and business meeting at which time Mrs. Richard LeMirand took over the president's post. She succeeds Mrs. James M. Scott who has moved from Plymouth. Mrs. Robert Utter was elected to fill the position of first vice-president vacated by Mrs. LeMirand.

## Rebekah News

Friday, Sept. 30, 6:30 p.m. is our Family Night Supper. Bring your own table service and dish to pass. Everyone is invited.

Saturday, Oct. 8 is our Pilgrimage Party. Come and bring a friend and enjoy yourself.

The new chairs and tables look wonderful in the newly painted hall. Our sympathy goes to Sister Imogene Robertson in the loss of her mother. Also to Brother Harry Hunter in the loss of his brother-in-law.

## Miss Shirey - Mr. Addison Wed in Evening Ceremony

Virginia Kay Shirey became the bride of John Bryce Addison Sept. 24 at the First United Presbyterian Church. Dr. Henry J. Walch officiated at the 7 p.m. double ring ceremony.

Miss Shirey is the daughter of the Harold O. Shireys of Ann Arbor Rd. and Mr. Addison is the son of Mrs. Marion Addison and the late Mr. Abram Addison.

William Fowlkes sang "Whither Thou Goest" and "The Lord's Prayer" accompanied by Fred Nelson at the organ.

Given away by her father, the bride wore a white velvet princess style gown and carried white baby mums, stephanotis and white orchids. A crown secured her fingertip veil.

Miss Marilyn Goodhand was maid of honor and wore a gown of toast velvet featuring a full pleated skirt and three quarter length sleeves and carried yellow Spider mums.

Miss Ann Trudell wore a gown identical to the maid of honor in a rust color. Miss Gay Shirey, sister of the bride, and Miss Janette Addison, sister of the groom, wore gold velvet. All three bridesmaids carried yellow Spider mums and baby mums. All of the gowns were made by the mother of the bride.

Best man was George Robertson, Toronto, Canada, and ushers were William Robertson, Henry Boardman and Gerald McCahill.

Mrs. Shirey wore a light blue fleur brocade gown with royal blue accessories. Mrs. Addison chose a turquoise lace gown. Both mothers wore baby sweetheart rose corsages.

A buffet luncheon was served following the ceremony at the V.F.W. Hall for 200 guests from Toronto, Hamilton and London, Canada; Detroit, Highland Park, Dearborn, Allen Park, Brighton, Lansing and Plymouth.

For a trip to northern Canada the new Mrs. Addison wore a French bungalow toast sheath with an orchid corsage.

The bride is a graduate of Plymouth High School and is employed in the Time Keeping Dept. at Burroughs. Addison attended junior college, was five years with the R.A.F. in Scotland and is now with Imported Cars of Dearborn.

Mr. and Mrs. Addison will be at home in Oak Haven Trailer Court, Plymouth.

You don't have to be an expert when you buy a new car

YOUR QUALITY, neighborhood, franchised automobile dealer is the best source to turn to for the most reliable information about that car you have been getting ready to buy.

At your local dealer, you'll find a price label on every new car. The label tells you the name of the dealer to whom the car was delivered, the manufacturer's suggested retail price, as well as a listing of the additional equipment

and accessories, shipping charges and taxes. This label takes the confusion out of car prices. It helps you and the dealer.

Whether it's the purchase of a new first car, a second car or a properly reconditioned and warranted used car—see your local franchised dealer. His factory trained personnel make sure your car is ready for safe, reliable performance before you drive it away.

YOU GET THE BEST DEAL FROM A FRANCHISED DEALER YOU KNOW

## Kellys Celebrate 25th Anniversary

The T. J. Kellys of Penniman Ave., celebrated their 25th wedding anniversary Sept 24 with a surprise party planned by their son, Donn.

Following an early evening toast with Mr. and Mrs. George Hudson at the Round Table Club, Mr. and Mrs. Kelly returned home to a party with 50 friends.

The Kellys received many gifts from friends along with a silver dollar tree. A buffet dinner complete with white cake appropriately decorated finished up the evening.

Kelly is employed by the Plymouth Community Schools as supervisor of building and grounds.

## BIRTH

Mrs. and Mrs. Francis Mitchell of Joy Rd., announce the birth of Linda Marie, weighing 9 lbs. 11 oz. She was born Sept. 17 at St. Joseph's Hospital in Ann Arbor. Paternal grandparents are Mr. and Mrs. James Sexton and paternal grandparents are Mr. and Mrs. Leroy Mitchell, all of Plymouth.

# Salem News Tells of Birthdays, Progressive Dinners, Elections

**By Mrs. Herbert Famuliner**

Many Salem folks are celebrating their birthdays this week; Michael Flavin celebrated his birthday on Saturday, Susan Famuliner was 10 on Tuesday, Mrs. George Kelly will celebrate on Thursday, Lynda Kelley will celebrate her 15th birthday on Saturday.

Mrs. Edith Gale of South Lyon spent one day last week with Mrs. George Bennett.

Thursday nine members of the Ibage Circle of the First Presbyterian Church of South Lyon met at the home of the chairman, Mrs. Herbert Famuliner for dessert and coffee, followed by the meeting for September.

Thursday evening the Suburban Farm Bureau met at the home of Mr. and Mrs. Howard Last of Napier Rd. Roll call answered to 18 members and one guest. Harlow Ingall opened the meeting with the pledge to the flag. Mrs. Charles Steele read the minutes of the last meeting. Election of officers was held, with the following to fill the offices: Harlow Ingall, chairman; Ralph Wilson, vice-chairman; Charles Steele, secretary; Herbert Conant and James Brummel, discussion leaders; Sylvester Shear, minute man and package reporter; Mrs. Harlow Ingall and Mrs. Howard Last, women's committee; Mrs. William Sellard, corresponding secretary; Mrs. Earl Roberts, news reporter; Mrs. Joseph McIntyre, sunshine; and Mrs. Ralph Wilson, song leader. Mr. Bursley was the guest speaker and he gave a very interesting talk on Constitutional Conventions. Mrs. Howard Last, Mrs. Harlow Ingall and Mrs. Herbert Conant served the group cantaloupe and ice cream with coffee and tea.

Miss Gale Bennett spent the weekend with Pam Powell of South Lyon.

The Norman Esch family of Webberville spent the weekend at the Rohraff home.

The Don Raymors of Wayne spent Sunday at the Charles Raymor home.

Sunday dinner guests at the Famuliner home were Mr. and Mrs. Edward LaVoie and sons Dan and Paul Kennedy of South Lyon. The Famuliners were celebrating their 22nd wedding anniversary and daughter Susan her 10th birthday.

Mr. and Mrs. Harlow Ingall attended the Ox Roast sponsored by the County Republican Club, held at Del Hill Park. Al Shear, Phil Brandon, Charles Steele, James Brummel, all from Salem, were doing the honors of being carvers. About 1,235 persons were served.

The Salem Hobby Club held a Progressive Dinner on Monday evening with 15

**A Pink and Blue Shower** was held Sunday in honor of Mrs. James Tanner, with 20 present. After games, ice cream and cake were served by Mrs. Russell and Noreen Carter. The shower was held at the Dick Russell home in South Lyon.

John Bulwer, 17th century British physician, was the first English writer on teaching for the deaf and dumb.

## Style Show Offered Along With Introduction of 1961 Cadillac

While new cars are making their debut almost daily, the luxury car, Cadillac, will have a luxury premiere showing this weekend at Beglinger Oldsmobile - Cadillac on Ann Arbor Rd. at Miracle Mile center. The models will be Sally Jones, Donna Nevetta, Gayle Shear and Judy Jefferies. Emily Murphy is fashion coordinator.

A style show will be staged at the auto agency starting at 7 p.m. this Friday and Saturday. There will also be a "sneak preview" of the 1961 Cadillac, which actually is not being shown to the general public until Monday. Clothes being modeled are from Nadons for Juniors, located on W. McNichols and

# Newburg Residents Plan Fair Depicting Old Days

By Mrs. Emil LaPointe  
GL 3-3797  
The Fidelis Class of the Newburg Methodist Church met recently at the home of Mrs. Florence Crawford on Plymouth Rd. for a potluck supper and business meeting with the following members present: Mr. and Mrs. Harold Case, Mr. and Mrs. David Thompson, Mr. and Mrs. Lon Ryder, Mr. and Mrs. Bert Halloran, Mr. and Mrs. William Schmidt, Mr. and Mrs. Frank Ayres, Mr. and Mrs. John Schroder, Rev. and Mrs. Roger Merrill, Mr. Angeline Norris and Mr. and Mrs. Clyde Smith.

After a fine fellowship afforded by the potluck supper, the business meeting was held to discuss their principal project, that of the 50th anniversary Rummage Sale, to be held at the church, Newburg Rd. and Ann Arbor Trail, on Saturday, Oct. 15. The sale will be an all day affair and folks of the church are advised to be saving their discards to bring to the church anytime after the 11th of October. As the class has pledged a sizable sum to the building of the future new Newburg church, some of the proceeds of this event will go toward their pledge. Your participation in this event helps to assure the success of this undertaking. This group will meet again on Saturday, Oct. 8, at the home of Mr. and Mrs. Earl Wanck on Stark Rd.

dist Church team got together for an evening with their wives at the home of Mr. and Mrs. Arthur Bettinger on Orangelawn, for a steak fry. Present for the evening of dancing and eating were Mr. and Mrs. Earl Nuckoll, Mr. and Mrs. Howard Cady, Mr. and Mrs. Richard Crawford, Mr. and Mrs. James Greenwood, Mr. and Mrs. Leonard McDonnell, Andrew Fedus and his friend Carolyn, Mr. and Mrs. Leonard Elandt and Mr. and Mrs. Rex Adams. On the next Monday, Sept. 12 the men of the team were honored at a special chicken dinner at the church, at which time all trophies were awarded.

Bob Girardin, director of the Livonia Department of Parks and Recreation, was the special speaker and he spoke of the long range plan for playgrounds for the children and adults of the city of Livonia. Men of the Wayne Chapter of the S.P.E.B.S.Q. S.A., Inc., called the Taggers, delighted the assembled group with their jokes and fine singing. Ed Reid also showed colored slides of the baseball team in action.

Miss Mary Merrell, daughter of Rev. and Mrs. Roger Merrill of Newburg Rd. entertained a few of her friends on the occasion of her fourth birthday, on Friday, Sept. 16. Guests present for this gala affair were Robin Chico, Jeffrey Beasley, Nancy Bird, David Reid and Mary's brother, Kirby.

Don't forget to remember the Tomlinsons of Newburg

Rd. with a few cards of cheer. Mrs. Tomlinson is still confined to her bed following their recent automobile accident and time is beginning to hang pretty heavy on her hands. Best wishes for a speedy recovery is the wish of all the friends and neighbors of the Newburg area.

This is my last opportunity to tell you about the wonderful Country Fair that is going to be held at the Newburg Methodist Church on Thursday, Friday and Saturday, Sept. 29, 30 and Oct. 1. To begin with, on Thursday and Friday evening at 7:30 p.m., a Gay Nineties Variety Show and a soul-stirring Mellerdrama which promises to provide you with an evening of much hilarity. On Friday, beginning at 2 p.m. and lasting through until 10 p.m. and on Saturday, starting at 10 a.m. and lasting through until 10 p.m., the Fair itself. Every conceivable subject, dealing with Newburg's historic past, will be there for you to see. Have your picture taken, eat freshly made molasses cookies, right from the stove; let the kiddies have a pony ride on the carousel. Visit the museum and see the bell that once hung in the belfry of the old church. The country store with all its various booths will provide you with the means to do your Christmas shopping early. Play the games of skill in the Frontier Town Midway and be sure to eat one meal at the chuck wagon barbecue. It all sounds like lots of fun. All proceeds from this event are to go toward the new church building program that will be forthcoming in the very near future.

The Joy Rd. Canasta Club met at the home of Mrs. Raymond Peterson on Raving Drive on Tuesday, Sept. 20 with the following ladies present: Mrs. Stella Hocking, Mrs. Eloise Mackinder, Mrs. Marge Kent, Mrs. Edith Genis, Mrs. Margaret Desmond, Mrs. Brownie Flaherty and Mrs. Georgiana Pregitzer. This group plans to be together again on the third Tuesday in October at the home of Mrs. Stella Hocking on Narise Drive.

**"DON'T DARKEN MY DOOR,"** an old time melodrama, will be presented at the Country Fair, sponsored by the Newburg Methodist Church, along with other 1884 features. Participants in the soul-stirring play are (l-r) top row: James Achor, Emil LaPointe, Winifred Nixon, Carol LaPointe and Jesse Bennett. Front row: Joseph Achor, Rosalie Beasley, Joyce Crawford, Robert and Evelyn Shier.

## Oldest Church Featured At Livonia Country Fair

Livonia's oldest church building will be the center of attention on Sept. 29 and 30 and Oct. 1 as the folks of Newburg Methodist Church, Ann Arbor Trail at Newburgh Rd., recreate a part of Livonia's earliest history at their "Country Fair."

The old church, built in 1846, has been converted into an old-fashioned General Store for the occasion, featuring Early American candies, homemade jellies and jams, spices and condiments, old-style cheese rounds, hot apple butter, a pickle barrel, mint sauces, dolls and doll clothing, and an Early Bird Christmas Shop. Other items for sale include fragrant rosewater, pinatas, hand-worked quilts and an old pot-bellied stove in excellent working condition.

In addition to shopping at the General Store, visitors to the Fair will enjoy watching a variety show and "Mellerdrama," posing for those traditional wacky photographs, winning really worthwhile prizes at the fun booths which depict places along the old stagecoach run, sashaying at a square dance, inspecting relics from Livonia's earliest days at a Museum of Local History, or

eating the foods, candies and goodies that were popular in the 1840's.

For the children there will be pony rides, a merry-go-round, a fish pond, and other exciting activities in addition to the game booths. A nursery will be provided for the very young children, so the rest of the family can freely enjoy the many attractions of the fair.

The Country Fair opens with the variety show on Thursday, Sept. 29, at 7:30 p.m. The show includes the "Mellerdrama," entitled "Don't Darken My Door," and variety acts such as "Daisy, Daisy" with Jackson and Bowser, and the male quartet, "The Pounds of Sounds." Admission for this fast moving fifteen-act show is set at a nominal 50 cents for adults and 25 cents for children. A repeat performance will be given on Friday night at the same time.

The fair itself will begin at 2 p.m. on Friday, and continue until 10 p.m. On Saturday, the activity will begin at 10 a.m. and continue until 10 p.m.

Snacks or full meals can be purchased at an old-fashioned chuckwagon, and eaten in plow seats around the chuckwagon or at tables on the lawn. Hot molasses cookies fresh from an old-fashioned wood stove are also featured.

There is no admission charge to the fair itself, or to many of the fair's major attractions, such as the general store, the museum, and the square dances. Prices on other items and events are very reasonable. The proceeds from this event, which for a brief period recalls the past, will be used to help build the future Newburg Methodist Church to be located at Ann Arbor Trail and Levan Rd.

## Gould Opens Largest Home

The largest home ever built by Gould Homes, Inc. will be open for public inspection this Saturday and Sunday, from 2 to 6 p.m.

Located at 1400 Woodland Place in Hough Park, the two-story antique white brick home was the subject of several minutes on "Builder's Showcase," a Detroit TV show, last Sunday. The custom home has four bedrooms, sewing room, library, two and a half baths, family room, plus kitchen, living room and basement. Fully carpeted the Early American home comes with a fireplace, landscaped, and a two and a half car garage.

More than a third of the shrimp consumed now in the United States is imported now. In 1953 only a fifth of the domestic needs came from abroad. Most of the imported shrimp is bought from Mexico, but other shrimp exporters to the U.S. are Japan, India, Egypt, Spain, Ecuador, El Salvador and Greenland.

# Canton Reports New Citizens, Trips

By ESTHER SPRENGEL  
GL 3-0194

Mr. and Mrs. Homer Benoit and children, Ginny and Robert, along with friends of the family, Mr. and Mrs. John Richard and daughter Patty, recently returned from a weekend jaunt to the Niagara Falls. The Benoit family left the Plymouth area Friday afternoon and within 6 1/2 hours of driving were at the falls. Saturday morning they started on their scenic tour with a visit to the tunnel under the falls, "The Maid of the Mist," Aero Car Ride and then to Ft. George, which was built around 1897, and has been restored. This Fort was of great interest to the group. Next they went to the Rainbow Bridge, wax museum and finally the spectacular view of the falls at night. The group started back for Plymouth Sunday afternoon. We could say the Benoit's have some beautiful pictures of their trip, but someone goofed and forgot to put film in the camera.

The ladies working on the Canton Township United Foundation Drive this year will hold a meeting at the Geddes Rd. Hall, Sept. 28 at 7:30 p.m. The group is looking forward to a successful drive in the Township and once again we want to urge Canton Township residents and Businessmen to hold their donations until contacted by one of their local representatives.

Mr. and Mrs. Russell Maas of Sheldon Rd. proudly announce the birth of a new son, Edward Maas, born Sept. 12 at the Ridgewood Osteopathic Hospital. The young man's mom said that previous reports of his birth weight were wrong. Edward weighed in at 4 lbs., 10 ozs.

Home from the hospital and well on his way to recovery since his recent surgery is John Collins of Canton Center Rd.

Another Township resident in the hospital after a recent accident is Warren Bell of Canton Center Rd. Mrs. Bell informs us that Mr. Bell is progressing and we want to add our wishes for a more rapid recovery.

Mrs. Howard McDonald of Ford Rd. reports, very happily, that her husband will be coming home from St. Mary's Hospital the weekend of Sept. 24. McDonald was hospitalized after an acci-

dent at his job at the Bathey Manufacturing Co. in Plymouth. Mrs. McDonald said her husband wanted us to thank all their neighbors and friends for the very nice flowers and cards that helped cheer him up while in the hospital and hopes to thank them all personally upon his return home.

Although our report of the Gallimore P.T.A.'s first meeting will come too late for you to attend, we do want to impress on the parents of the students that once again, as in the past, the boys and girls of all the grades will be working very hard to have their room win the P.T.A. award and party given the class with the greatest parent P.T.A. membership. The drive started Tuesday, Sept. 27 and will continue through October. The P.T.A. wants to welcome all parents to their meetings and a special invitation goes to our new parents from the Cherry Hill School whose fifth and sixth grade students will be at Gallimore this year.

If you have ever spoken with a person whose whole way denotes love of people and an enthusiasm of living, you would have met such a person in Mrs. Paul Seidenstricker. Mrs. Seidenstricker and her daughter Ruth recently took a three week trip. Mrs. Seidenstricker expressed her delight at traveling and one reason she gave was her pleasure in meeting people. Although she is impressed by man-made things she said nothing can surpass the beauty of God's nature. The trip sounded wonderful and in Mrs. Seidenstricker's enthusiasm, I found it hard to write it all down, but did manage to capture some of the highlights.

The ladies visited the Bad Lands of South Dakota, Mt. Rushmore, S. D., where the famous granite statues of the four presidents are viewed.

Seattle, Wash., and the Cooley Dam were on the schedule. Yellowstone National Park was described by Mrs. Seidenstricker as beautiful and here she added she found the bears amusing. Although people are warned not to feed the bears, or leave their cars open, someone did just that and it took the tourist nearby and a great deal of coaxing with food to get the animal out of a car he got into. They had to bribe the professional mooching bear. Also several bears ripped up some convertibles.

At Virginia City, Mont., Mrs. Seidenstricker related the facts about the way the people employed in the establishments dressed. They all dressed in the mode of the 60's and 70's and the ladies found one gentleman working there interesting, as he wore a suit made entirely of neckties.

The glaciers in Montana were described as fascinating along with the hot springs and rapids.

Now and then we backtracked to interesting things left out, one of which was the Dry Falls, located near the Cooley Dam. Mrs. Seidenstricker said although no water passed over the falls, the rocks were worn so that it looked like water flowing over and at the bottom there was a very blue pool of water.

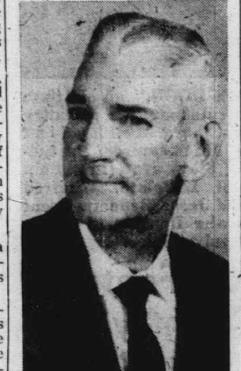

In Seattle, Wash., the library impressed the ladies, described as Japanese architecture and very beautiful. The trip sounded wonderful, although Mrs. Seidenstricker said the terrific heat caused them to cut their trip a little shorter than planned.

Until next week then, a new news—

There are about 17 sugar beet factories in the United States which produce upwards of 1.8 million tons of sugar per year in 16 state centers.

# Obituary

## Whitman-Barnes Safety Director Succumbs at 61

Herbert Lee Blake, 11413 Auburndale, Livonia, Safety Director at Whitman-Barnes passed away suddenly Sept. 25 at St. Mary's Hospital. He was 61.

Mr. Blake was born to Mr. and Mrs. William A. (Orlean Campbell) Blake, August 25, 1899 in West Virginia. He came to Livonia from Detroit in 1948.

Mr. Blake is survived by his wife Edith, one brother, Stanley of Wheeling, W. Va., and one sister, Mrs. Bertha Jones of Washington, D.C.

Mr. Blake was Safety Director at Whitman-Barnes for 25 years and was a member of Ancient Craft Lodge 567, F.&A.M., Board of Directors of the Detroit Industrial Safety Council, Society of Technical Safety Engineers.

Funeral services are Wednesday, Sept. 28 at the Schrader Funeral Home at 1 p.m. Dr. Henry J. Walsh will officiate. Interment will be in Elm Grove, W. Va.

Mrs. Carrie Brown Hillmer, Mrs. Carrie Brown Hillmer, a long time Plymouth resident, passed away Sept. 24 at the Michigan Masonic Home at Alma, after a long illness. She was 94.

Mrs. Hillmer was born Oct. 4, 1865 to Mr. and Mrs. Alfred (Julia C. Tyler) Nelson. She was preceded in death by her husband Karl, who passed away in 1936.

Mrs. Hillmer was a member of O.E.S. Plymouth Chapter No. 115 and the Maccaabees Hive No. 156.

Funeral services were held Sept. 25 at the Schrader Funeral Home at 2 p.m. with Reverend Melbourne I. Johnson officiating.

Interment was in Riverside Cemetery.

Donald Alva Atwood, Donald Alva Atwood, 113 S. Ely Dr., Northville, passed away suddenly Sept. 17 at Houghton Lake. He was 22.

Son of Mr. and Mrs. Howard Ester (Hanson) Atwood, Mr. Atwood was born Nov. 15, 1938 and graduated from Northville High School in 1956. He was a member of the Morgan Horsemen's Assoc. and the First Presbyterian Church, Northville, and was active in Boy Scout work.

Mr. Atwood is survived by his wife Ardyce, a son and a brother S-Sgt. Harold, Cannon AFB, N.M.

Funeral services were held Sept. 20 at the Castline Funeral Home, Northville, at 2 p.m. Dr. Frank Pitt officiated.

Interment was in Oakland Hills.

Mrs. Marie C. McCarthy, Mrs. Marie C. McCarthy, 287 Arthur St., Plymouth, passed away Sept. 22 at the home of her sister after a long illness. She was 58.

Mrs. McCarthy was born Feb. 2, 1902 in Homestead, Pa., the daughter of Mr. and Mrs. Joseph H. (Margaret Cosgrove) Cauley and came to Plymouth in 1958 from Boston, where she made her home with her sister and brother-in-law, Mr. and Mrs. William Leonard. Her husband, Francis J. McCarthy, preceded her in death in 1958.

Mrs. McCarthy was a member of Our Lady of Good Counsel Church and is survived by two sisters, Mrs. Margaret Leonard, Plymouth; Mrs. Ruth Mutschler, Pittsburgh, Pa.; and one brother, Russell Cauley, West Homestead, Pa.

Rosary was said at 8 p.m. Sunday at the Schrader Funeral Home.

There goes all nine Clinton, Okla. (UPI) — A stray cat blacked out the towns of Clinton, Arapaho, Custer City and Thomas for eight minutes recently, but gave its ninth life doing it.

It crawled into a transformer at the Public Service Co. and was electrocuted.

The centuries-old chief staircase and passages in the Tower of London are built of concrete.

## Tom Marshall Opens Agency

The appointment of Thomas Marshall to the Marshall Agency, Inc., the new Ford Agency in Manchester, Mich., has been announced by the Ford Motor Co.

Marshall, the new owner, and wife Sally, formerly lived at 600 Simpson in Plymouth with their two children. They now reside in Manchester.

An open house is being held at Marshall-Schaible, Inc., Saturday, Oct. 1 from 9 a.m. to 9 p.m. at the showroom located at 510 W. Main St., Manchester.

**John Lewis Lutz**  
John Lewis Lutz, 376 W. Spring St., Plymouth, passed away Sept. 25 at his home after an illness of several months. He was 88.

Born on May 16, 1872, Mr. Lutz was the son of Mr. and Mrs. John August (Margaret Schwab) Lutz.

Mr. Lutz was employed by Chesapeake and Ohio for 54 years and for the last nine years was with Dunn Steel.

Mr. Lutz is survived by his wife, Elsa (Kurze) Lutz, one son, Robert Lutz, Lincoln Park; one stepson, Meryl Flanigan, Detroit; one sister, Mrs. Clara Russell of Vermonthville, Mich.; two brothers, Charles of Eckerman, Mich.; and Henry of Pontiac, Mich.; six step-grandchildren and five step-great-grandchildren.

Funeral services are Wednesday, Sept. 28 at the Schrader Funeral Home at 3 p.m. Interment will be in Riverside Cemetery.

**William John Squires**  
William John Squires, 173 S. Union St., Plymouth, passed away Sept. 21 at St. Mary's Hospital, Livonia, after a lengthy illness. He was 73.

Mr. Squires was born Aug. 23, 1887 in Ishpeming, the son of Mr. and Mrs. William Henry (Selena Drake) Squires and came to Plymouth in 1928 from Detroit.

Mr. Squires was a member of the First Methodist Church, Plymouth, Plymouth Elks No. 1780, a Life Member of the Samaritan Lodge No. 27, I.O.O.F., Plymouth Grange No. 389, P. O. M. O. Lodge and the Plymouth Historical Society.

After retiring from the Detroit House of Correction on Dec. 1, 1950 after 27 1/2 years, Mr. Squires was employed as a crossing guard at Bird School.

Survived by his wife, Jessie E. Squires, whom he married Sept. 7, 1915, Mr. Squires is also survived by two daughters, Mrs. Marion J. Green, Detroit, Mrs. Grace A. Orr, Marquette, and four grandchildren.

Funeral services were Sept. 24 at the Schrader Funeral Home at 1 p.m. Reverend Melbourne I. Johnson officiated.

Interment was in Elmwood Cemetery, Detroit.

Palbearers were Thomas Argo, Lloyd Fillmore, Whitney Crawford, Jesse Tritten, Gregory Sides and W. L. Cline.

Funeral services are Wednesday, Sept. 28 at the Schrader Funeral Home at 1 p.m. Dr. Henry J. Walsh will officiate. Interment will be in Elm Grove, W. Va.

# Plymouth Resists Late Belleville Assault; Wins 19-7

Plymouth's high school football team nibbled at the dangerous fruit of conceit last Friday and escaped with a 19-7 victory over Belleville. For 24 minutes during the first half the Rocks earnestly played football, but then struggled with the false notion that the game was won and with a rebounding Belleville team that completely dominated play in the second half.

Such mental luxury will not be permissible in the Belleville game at 8 p.m. Friday. Against the Bulldogs, Plymouth will need 48 minutes of dedicated football.

The Belleville game was the second victory in a row for Plymouth and the opening game of Suburban Six competition. The Bentley game could have a decisive effect on the Suburban Six League championship.

Showing signs of brilliance in the first quarter, the Rocks moved deftly to two quick touchdowns. Quarterback Dick Schryer engineered an eight play drive from the Belleville 47 for the first touchdown. Halfback John Spigorelli caught a five yard pass for the score. It was the only pass in the drive that featured runs by Chuck Kehoe, Gary Mirto, Art Nelson and Mike Kisabeth.

The extra point was supplied by Gary Fillmore and Plymouth led 7-0.

The Rocks came right back a few minutes later to add their second touchdown. This was another eight play drive from Plymouth's own 45 that was interrupted by an exchange of fumbles. Again only one pass was thrown in the drive. It was a good 20 yard effort from Schryer to end Ray Liimakka, who was stopped on the Belleville 20. Schryer scored on a one yard quarterback sneak after Chuck Kehoe had carried from the eight to the two on a run through right tackle.

With a 13-0 lead Plymouth noticeably slowed down, although another score came in the second period after Belleville flubbed a punting attempt from their own six. The ball skirted up through the middle of the line and Plymouth covered it on the Belleville 12.

Five plays later Chuck Kehoe jammed through right guard for the third score to give Plymouth a 19-0 lead with the first half almost over. Schryer kept things moving in this drive with a fourth and eight right side screen pass to Kehoe who made a first down on the one. Belleville made only one first down in the first half, but in the second half Plymouth didn't even get in Belleville territory as the Tigers clawed back into the game.

The Tigers heaved Plymouth to the Rock end of the field in the third quarter and finally drove down to the eight yard line, as halfback Cabana drove over right tackle for 12 yards.

The fourth quarter was an endless nightmare of defense for Plymouth. On the first play Plymouth's center Bob Monteith broke through to toss Cabana for a two yard loss, but Ellward countered on the next play by lofting a pass to Stager in the endzone for Belleville's only touchdown. The kick was

good and Belleville trailed 19-7 with the fourth quarter hardly started.

With Gary Mirto supplying the running zest, Plymouth moved a little after the kick off, but a wobbly Schryer pass was picked off by Belleville's Paige on Plymouth's 45.

A few plays later Cabana broke through the line for 36 yards to the Plymouth eight. He was caught from behind by Schryer. Two plays later Liimakka jolted Ellward on the six and Plymouth recovered the subsequent fumble.

Plymouth kicked on fourth down and the ball rolled out of bounds on the Plymouth 36. Five plays later the Tigers were on the Rock one yard line. The key play was a flat pass from Ellward to Kelley that covered 27 yards.

At this point the Rock's again decided to play football

and the right side of the Plymouth defensive line turned in a heroic effort.

With the benefit of a penalty Belleville was able to run five plays from the one yard line, but they couldn't get a score.

Leading the Plymouth defensive effort were center Monteith, guard Dave Gotard, tackle Rick Sweet and end Ray Liimakka. Adding an extra jolt was halfback Mike Kisabeth, playing up close.

Plymouth ran out the clock a few moments later, but the frightening fact was that they had played most of the fourth period between their own goal line and their own eight yard line. Bentley demonstrated a good scoring punch against Allen Park last week in winning 18-6.

Plymouth will need a full-time performance this week.

## Cross Country Runners Open Season with Win

With the first League victory neatly tucked away, it looks like the 1960 Plymouth Cross Country team might be heading in the same direction as last year's champions. The Belleville Bulldogs found the going tough as they traveled to the local field only to return home with a 30-26 loss.

Starting Plymouth's winning list was Captain Westover who took the first place slot with the winning time of 11:24, considered very good on the home course. Hunt brought in second place for Plymouth with a close 11:31 time.

Places six, eight, and nine were the final three claimed by Plymouth with J. Griffith, Bowers, and W. Griffith, respectively.

In last year's competition the Rocks pulled a victory out of the bag when host Belleville fell to the home runners by a 15-47 score, three points shy of a perfect 150 score.

Northville's course was invaded September 27. Last year's easy victory over Northville, 17-44, throws some light on this non-league game.

The J.V. Harriers pulled a 28-28 tie with Belleville when the Bulldogs Junior Varsity traveled to the home field Sept. 23.

Steele took first place with the winning time of 12:47. He was followed by Miller, Curtis, Michaels, and Lange, who took six, eight, and nine respectively.

## Good Counsel Wins Opening Game, 14-7

Our Lady of Good Counsel football team took an early lead Sunday in the opening game of the Catholic Youth Organization League, defeating Farmington, Our Lady of Sorrows, 14-7.

Two extra yardage runs were enough to win the game. Good Counsel left half, William Bolduc, sprinted 82 yards in the first quarter, and right half, Gerald Tobey, broke loose a round end for 65 yards in the third quarter. Both extra points were scored through the center of the line. A penalty nullified an additional touchdown by the Plymouth boys.

Farmington scored late in the game with less than two minutes remaining. Fullback Curtin put the finishing touches on a concentrated drive of 50 yards to break through guard for the lone tally and extra point.

Counsel was most effective on defense, constantly breaking up pass plays by hard rushing. Tackling was definitely impressive as each boy contributed in the group effort of holding the line. On two occasions the Farmington team was contained within the 10 yard line of Good Counsel by a stiffening defense.

Quarterback James Ennis, a seventh grade student, steered the team throughout the game, as the local squad looked good on team work and in their brand new gold uniforms. A crowd of around 200 followers helped the cheerleaders shout encouragement to the team on the home field.

Under the direction of their new coach, Fred Crissey, and his assistant, Jack Jamicki, the team aims for their second win next Sunday at St. Peter and Paul, Detroit.

Any and all interested persons, particularly mothers of the Little Leaguers, are invited to attend the meeting and make suggestions said Mrs. Burlison.

## Little League's Auxiliary Meets

An important meeting of the Ladies Auxiliary of the Plymouth Little League is planned for Thursday, Sept. 29 at 8 p.m. at the Township Hall on Ann Arbor Rd., according to Mrs. H. C. Burlison, Ross St., president of the group.

Even though thoughts of most people are turning to sports other than baseball, next summer will be here and Little League will again be in full swing. The Ladies Auxiliary will meet new officers at this meeting for the coming year.

This meeting will also include reports by Mrs. William Congdon of Ann Arbor Rd., secretary-treasurer, on the successful operations of the refreshment stand at Little League games and the city-wide candy sale which was handled by the Auxiliary with the assistance from the boys and men.

The following outgoing officers were in charge: National League, Mrs. Elexis Skoglund, Carol, chairman; Mrs. Glen Gape, Fairground; Mrs. Margaret Holmes, Ross; Mrs. Norman Lyttle, Beech; and Mrs. John Ennis, Shadywood.

Those in charge of the American League were: Mrs. Richard Stribley, Carol, chairman; Mrs. John Giles, Adams; Mrs. Gordon Robinson, Irvin; Mrs. Al Carlson, Hartough (vice-president of Auxiliary); and Mrs. D. J. Bader, Gov. Bradford.

## SPORTSEEN

By BILL NELSON

Surrealism had its day Friday night in Belleville when Plymouth met Belleville below the expressway.

A steady haze filtered the brilliant lights of the football field so that the green, sculptured field seemed luminous. Three trains rumbled by at one end of the field. One even sounded a tiny "beep...beep" on its diesel horn. It was straight from magic land.

A huge sound boomed through the field at half-time when the Belleville Band (not as good as last year yet, but surely one of the best in the state) strutted 90 strong and blew brass bubbles into the air. Seven drummers beat like a gigantic heart. Somebody in the Belleville music department really knows what he's doing.

The band's red and grey uniforms added a touch sufficient to make one certain that this was the sight that inspired "Seventy-six Trombones."

In front of the Plymouth bench occasionally three serious gentlemen lined up next to each other. In blue softball trousers and green sweat jackets Coaches Mike Hoben, John McFall and Bill Brown eyed the activity before and after the music show.

By contrast, Belleville coaches were in business suits. Battle dress is no guarantee of victory, but it seems to reflect an attitude. Plymouth did win the game.

What Hoben saw during the evening was as ethereal as the music at half. He saw his team climb to a lead, headed by a poised performance of his man-sized, 10th grade quarterback, Dick Schryer. He saw Jim Dart make a fantastic catch of a beautiful pass.

Then, he saw his team fold for a while like a collection of gnomes who got their come-uppance. But they didn't really fold, but only waived. Everyone lived happily ever after.

Friday night the crisp autumn leaves will still be on the ground and the wonderful colors of early fall will be providing the backdrop again.

It's Bentley that will be here in town, however, the awesome arch-rival from neighboring Livonia. Like any neighborhood row, the fight will be decided close-in. It'll be decided in the line again—by protection for Schryer's performances like the goal line stand at Belleville.

Everyone will need to be in battle dress. That is, if Plymouth is really to beat Bentley.

## Fifth, Sixth Graders Report for Football

This past week saw the elementary football program get underway with the six centers reporting a favorable turnout of fifth and sixth graders.

The program is scheduled for seven weeks. There will be four weeks of practice and learning the necessary skills of football and three weeks of tournaments.

The philosophy of the program is threefold: to teach the fundamentals of football; to have fun and appreciate the game; and to provide competition geared to a particular age level.

The success of the program is strengthened because of the supervision employed this year. These are men who have the interest of the boys in mind and who have the knowledge of the physical, psychological, mental and emotional capacities of boys this age.

Rules of the game have been adopted at Plymouth High School.

tate the philosophy. All boys are required to have mouthpieces or helmets with mouth and nose guards.

No cleats are allowed but other football equipment can be used, if desired.

The football field is 60 yards by 40 yards and there are eight minute quarters with alternate teams for each quarter. Each school has two teams, Team A and Team B, with substitutes.

Blockers cannot leave their feet and the free punt is allowed. This is tough football and two hands are required for a "tackle." In the tournament, two losses will eliminate a team.

All boys of the fifth and sixth grades can join the program at Gallimore, Smith, Bird, Farrand and Starkweather schools. Boys from Our Lady of Good Counsel and Lutheran Day School will meet at Plymouth High School.

## Teenagers Invited To Grid Banquet

Teenage football enthusiasts might mark well the date of Oct. 13 on their calendar. Calvary Baptist Church is holding an Inter-denominational Youth Football Banquet at Guffin's House of Beef at 6:30 p.m. that Thursday evening.

Bill Glass, defensive end of the Detroit Lions, will be the featured speaker. A colored sound movie entitled "Goal To Go" will be premiered in his area at the banquet. It is an hour long and features high school football.

In addition, Jim Redden, an outstanding vocalist and trombonist, will perform for the guests.

According to Doug Routedge, associate pastor of Calvary Baptist Church, tickets may be obtained at \$2.50 each by calling GL 3-0690. Guffin's is situated west of Farmington Rd. on Plymouth in Livonia.

## Gus Scholle Appearing On Panel at Optimist Meeting

Michigan AFL-CIO President Gus Scholle will be one of the participants in a round table discussion on Labor Management Views at a meeting of the Plymouth Optimist Club this Monday evening.

The panel will aim their comments and views in light of the coming national and state election and recent labor legislation.

Circuit Judge George Bowles will serve as moderator.

## Civic Chorus To Again Sing "The Messiah"

After an absence of several years, "The Messiah" by George Frederick Handel is returning to the repertoire of the Plymouth Civic Chorus.

The Christmas section of the popular oratorio is scheduled for performance on Sunday, Dec. 11. The Chorus will sing with the Plymouth Symphony Orchestra, Wayne Dunlap conductor, and four soloists.

Anyone interested in singing with the Chorus is invited to attend the Monday night rehearsals starting Oct. 3, from 7:30 to 9 p.m. in Room A-4 of Plymouth High School.

The Chorus is directed by Fred Nelson, vocal music instructor, at Plymouth High. The accompanist is Mrs. Thomas Locke.

The meeting is at 6:45 p.m. at Lofy's Arbor-Lill.

## More Water in Township

(Continued from page 1)

much grief with the water line laying as with the sanitary sewer.

For one thing, the water lines will be laid in the roads and streets, not in any alleys or back-yard easements. Second, water lines are laid only six feet below the ground. The sanitary sewer must be laid on a grade and therefore it went down 15 feet or more in places. Water lines can follow the contour of the land.

The proposed 17 miles of line has a potential of 600 customers. Their water bills will pay off the bonds.

Even though a water main main is laid past a home, the owner need not tie into the main. Some areas, such as Green Meadows, desperately need water. Many homeowners still have good wells.

Those switching to Detroit water from the present water pumped from wells in Lake Pointe Village will happily find their water much softer. Hard water has been one difficulty in the Lake Pointe area.

Plans for expanding Plymouth Township's water system have been four years in the making.

Hamil already has plans drawn up for expansion of the current plan. The Township is required to show how it intends to expand the system in the future.

The future expansion plan calls for mains to go as far west as Beck Rd., and covering the area from N. Territorial to Joy.

Within a few years beyond that, a 72 inch main is expected to come south from Northville along Sheldon Rd. The City of Plymouth is expected to tie into this main and the Township will probably have many lines extending into the western portions.

## Third Graders

(Continued from page 1)

French teacher on the monitor TV.

Out of camera range was a technician sitting at a battery of equipment.

How this 12-minute filmed sequence fits into the total program on the "CBS Reports" remains a mystery. Morse indicated that several states, cities and towns will be filmed for the complete program.

The program date set for the showing of "The Influential Americans" is Friday, Nov. 13. CBS has cleared prime Sunday time from 9 to 10 p.m. for the show.

Millions of people across the United States will then see the results of the "organized confusion" at Truesdell last Thursday.

Arrest of two Plymouth men has solved a number of crimes committed in the area during the past year, Plymouth police reported this week.

Jailed were Bill Bruce, 18, of 565 West Ann Arbor Trail, and Arthur Anderson, 18, of 42910 Joy Rd.

Bruce was picked up last week after Albert Hubbs, 11021 McClumpha Rd., reported to City police that a shotgun and rifle had been stolen from his home.

Hubbs' complaint was turned over to the Wayne County Sheriff, but only a week before police had picked up Bruce on suspicion of stealing two revolvers and holsters from Davis & Lent's sporting goods department.

Bruce admitted the theft of the guns from the Hubbs' home. By Saturday he revealed a few more details of his past which included taking a wheel and tire from a new car at Allison's Chevrolet and a projector from Plymouth High School a year ago.

He named Anderson as being involved in the disposal of the projector by pawing it in Detroit. Anderson, under questioning of police, admitted breaking into Allen Elementary School last summer and stealing two phonographs and a typewriter.

Police said that the pair will be questioned further.

Arrest of a Detroit in Detroit on a hold-up charge brought about the solution of another crime here. The Detroit named Charles Hoef, 20, of 30150 West Seven Mile Rd., Livonia, as the one who last year stole four loudspeakers from a sound car owned by Harold Grimboldy of Plymouth. Hoef will be charged with grand larceny.

## Football Contest In Second Week

Another three days of their entries signed by any of the participating merchants, so none shared in the \$6 bonus jackpot.

This is the second installment of the weekly Football Contest sponsored by 21 local merchants, and competition is expected to get tougher as the season goes on.

The winners last week were:

1. Cornelius Van Boven, 49411 Maple, Oak Haven Trailer Park, Plymouth, \$15.
2. Jack Price, 377 Pacific, Plymouth, \$7.
3. Arthur Nelson, 481 N. Sheldon, Plymouth, \$3.

None of the winners had

Entry into the contest is easy. In each of the 21 ads appearing on the Football Contest page, is a game. The contestant simply has to write on a separate sheet of paper the name of the sponsor, followed by the name of the favored team. For some games, a guess of the score is required.

Entries must be in The Plymouth Mail office or post-marked not later than 5 p.m. Fridays.

## 12 Days

(Continued from page 1)

In order to register, the applicant must be a U.S. citizen, at least 21 years old, be a resident of the City or Township at least 30 days and of the State of Michigan for six months.

Near said that he will go to the home and register anyone who is physically incapacitated and cannot travel to the City Hall.

## COLOR REQUIRED

DENVER (UPI) — Colorado, the first state to adopt color photographs on drivers' licenses, will require the colored photos on all licenses issued in the 63 counties by Sept. 1, 1960.

The Governor's Contracts Committee recently approved an agreement with DEP Processes, Inc., to supply the color photographs for 25 cents each. The contract runs until Aug. 31, 1965 and will cost the state about \$100,000 a year.

## Picnic Honors Little Leaguers This Saturday

A picnic honoring all Plymouth Little League major and minor league players for the 1959 season will be held Saturday, Oct. 1 at the Elks' picnic ground, starting at 1 p.m.

All boys who registered for the league will be given a chicken barbecue with all the trimmings.

Also invited are their parents. Tickets for the adults will be sold for \$1.50 and tickets for teen-agers will be 75 cents.

Minor League boys are urged to phone or notify Duke's Clip Joint to get their tickets. The phone is GL 3-2556. Major League players will be contacted by their managers.

Trophies will be given to the champions in the American and National Leagues at the picnic. Medals will also be awarded to the 12-year-old boys who won't be eligible to play in the Little League next season.

## Fire Heavily Damages Pearl Street Home

City firemen last Friday fought their second major house fire in two weeks when flames starting in the basement of the William Dyer home, 290 Pearl St., started creeping into the first floor.

Assistant Chief Charles Groth said yesterday that damage will be "well over \$1,000." The alarm came at 6 a.m. when the family awoke to find the home full of smoke.

Groth said the fire started around a portable clothes closet and wastebasket in the basement. It worked itself up a partition and into the living room. While fire itself did little damage on the main floor, the heat was great. Groth said, "enough to melt the plastic electric clock off the kitchen wall."

Cause of the fire is still being investigated.

Plymouth High School

By LESTER BARTSON III

PILGRIM PRINTS has done it again! For the 14th consecutive year the publication has received the Quill and Scroll International First Place Award, which is based on overall excellence in the fields of news coverage, leadership, entertainment, and business management. Both last year's staff and Miss Elizabeth McDonald, advisor, may be proud of maintaining once more a long tradition. The judging was done during the summer, six of last year's papers having been submitted in June.

All business concerning the Used Book Store should be concluded tomorrow at 8:05 to 8:25 in the morning and 12:05 to 12:25 during the lunch hour. This is the last time that money for sold books will be paid out, as the store will not be open again until the end of the semester.

Troupe 1784 of the National Thespian Society is now involved in the final stages of reading plays in preparation for the selection and announcement of candidates to try out for a part, or sign up on one of event, and is by no means limited to the members of the society. All students are enthusiastically entering this fall's production. The play is an all-school the afternoons of Oct. 5 and 6. Mr. Robert Southgate, Thespian Club advisor, and veteran Plymouth director, is to be assisted by Mr. Robert Stenger, newly arrived English teacher. More about this event next week!

Speaking of tryouts the four successful candidates for the Boys' Quartet last week were Bob Evans, Paul Malboef, Ron Tripp and Leroy Lane.

The extensive publicity which the United Nations has received during the past few weeks has coincided admirably with the plans of Miss Fiegel's International Relations class to put that organization in the limelight during UN Week, Oct. 24-30. The class has a number of projects planned—including a program on the public address system, posters and showcase displays—to better acquaint the student body with the functions and purposes of the UN. Also in the wind for the class is a unique "International Dinner" featuring a cosmopolitan menu consisting of dishes from many lands.

Newly elected officers of the Chess Club are: Don Luvisch, president; Gregg Packard, vice-president; John Wimsatt, secretary; and Bob Taylor, treasurer.

A program explaining the various activities of Junior Achievement, and possibilities for joining the organization is planned for juniors and seniors tomorrow, during first and second hours respectively.

The question of a senior trip has again come up. Once the rage, this type of outing has declined in popularity during the past years, largely due to the growth in size of graduating classes, and the increase in travel on an individual basis. Since a regulation requiring half of the class to go in order for there to be a trip, at least 150 students must show interest in order for any definite plans to be formulated. This year there has been considerable talk of offering an inexpensive trip that will appeal to a large number, such as a short cruise on a Great Lakes passenger ship.

The Senior Christmas Card Committee is to be using the Used Book Store's facilities during the next few months.

# Plymouthite's Sister Describes Hurricane Donna from Ft. Myers

(EDITOR'S NOTE: The recent hurricane in Florida received considerable news coverage, but none quite as intimate as this letter received by Mrs. William F. Emmons, 9090 Sheldon Rd., from her sister who lives in Ft. Myers, Fla., Mrs. Margaret L. Schweikert. Mr. and Mrs. Schweikert moved to Ft. Myers only three months ago. Mrs. Schweikert is medical secretary in Lee Memorial Hospital there.)

I don't know how much has been in the Michigan papers or over the TV about Hurricane Donna and the terrific damage, etc. Well, it was our first one, and I must say it was a dingbuster of the worst or one of the worst hurricanes that has ever hit

Florida, and as you may know it traveled right on up the Eastern seacoast and caused a terrific amount of damage all along the way. It was a scary and yet a fascinating experience. As you know, we had plenty of warning, in fact, we had known for a week before that the thing was on its way, and you can follow its progress constantly until the time it practically hits and everything goes off and there is no radio and no TV. They shut off the electricity when the winds hit 50 miles per hour and, of course, all the telephone poles go down, biff, bang, blooey, just like a giant had come along and snapped them off like toothpicks and all the wires look like spaghetti. We just got

our electricity on yesterday evening (the hurricane was Saturday).

At any rate, we were extremely fortunate. We didn't have a bit of damage either to the apartment or to our cars or to the restaurant. At the height of the storm we were kept busy mopping up water that was coming through the doors and windows, which, incidentally, were shut as tightly as possible, and, of course, none of us were hurt. In fact, the odds are that you won't be hurt if you have sense enough to stay inside and stay away from windows that might blow in.

I could write you pages and pages—in fact, I wish I had the time to do so—I wish I could explain to you how the wind picks up and picks up and blows—harder and harder and harder—at the height of the storm when the barometer has fallen extremely low, the pressure makes your ears pop—in fact—you have to keep a window open on the opposite side from the wind because the pressure inside the house will practically explode it.

Then, at the height of the storm, all of a sudden—everything dies down—the wind stops, the rain stops, it gets

much lighter (in fact they say sometimes the sun shines), and you can go out and get a breath of fresh air. This is the 'eye', and it lasts (at least the one did) about an hour and a half or so. Of course, there is only one disadvantage about this, you know the second half is coming. Then, in the distance you can hear the wind coming again—only this time it has changed direction. On this particular one I slept through the second half because I knew we were on the protected side of the house and not only that, I knew we were on the way out of it. At any rate, the second half hit us about 4 o'clock in the evening and by 9 or so, the wind was still blowing but not at all badly. At 3:30 a.m. I got up and the stars were out and that old moon was just ashinin' just like nothing had ever happened.

Of course, the town is a wreck. Ft. Myers has always had lots and lots of beautiful palms and royal poincianas and every other kind of tree, and the wind just beat them to death. Property damage was high too, but after all, you can rebuild a house but it takes an awful long time to grow a great big tree. However, they are doing a beautiful job of getting everything cleaned up—of course the whole town was just strewn with branches, debris, pieces of houses, etc., but things are settling down pretty well now. Bill's school was pretty thoroughly wrecked, as well as some of the other schools, so they aren't back yet, which the kids don't mind at all.

We had very few fatalities—in fact, only one I think actually connected with the storm but that is primarily due to the wonderful system of warning. Everybody knows enough to stay in. I wish you could see the way people buy in preparation for these things—for example, on last Wednesday, at the Variety Store near our apartment they had an ample supply of little Sterno (canned heat) stoves and plenty of Sterno. Well, I didn't want to show that I was a newcomer, so I didn't buy one. I mentioned it to Charley that night and he said maybe I had better get one—well, I went back Thursday and they were completely sold out. Friday I called one of the lumber companies and they had 3 left, so I left the office and dashed over and bought one—unfortunately I could only get one tiny can of Sterno, but it did help during the height of the storm. I'll know next time to

## E. K. Patricks Honored By 150 Friends

Over 150 friends and neighbors of Mr. and Mrs. E. K. Patrick gathered at their home at 11325 Eastside Drive on Sept. 18 for a farewell party.

The couple will leave Plymouth around Nov. 1 for Florida where they will make their permanent home. Mr. Patrick will soon retire from his position with the Vinco Corp. in Detroit.

The supper and lawn party included friends from Indiana, Detroit, Livonia, Ypsilanti and Plymouth. Many gifts were received by the couple.

## Local Youth Fights Fire

Airmen Second Class Patrick L. Gallagher, son of Mr. and Mrs. Stratton Gallagher, 11026 Mayfield Street, Livonia, Michigan, was one of the many persons who recently volunteered their services to fight one of the worst forest fires in the history of Nova Scotia.

It took the combined efforts of the local civilian Forest Rangers, the Black Watch unit of the Royal Canadian Army, Royal Canadian Air Force, Royal Canadian Navy and United States Air Force personnel to bring under control a fire which had been burning out of control for fifteen days at Indian Fields, Nova Scotia.

RCAF and RCN helicopters were used to transport personnel and equipment to and from the scene of the fire. The cooperation which was exhibited during this ordeal by fire is indicative of the relationship between two nations equally concerned over the protection and difficulties of the other.

Airman Gallagher entered the Air Force in January 1957 and has been assigned to this station since June 1960.

**WORMS AID KNOWLEDGE**  
EASTON, Pa. (UPI)—Experiments with worms may help to show why one body cell can develop differently from another, says a Chinese-American biologist at Lafayette College.

Dr. Thomas C. Cheng, assistant professor of biology, who bases his belief on his work with worms, is tracing the transformation of primitive cells into more advanced types. His work is supported by a \$15,851 grant from the National Institute of Health.

## If Your Name Is Art

By Ann Reynolds

"Arthur", and its short, familiar version "Art" sound thoroughly English. But in the matter of names quick guesses often lead astray. It is believed that "Arthur" came about from the Roman gens name "Artorius". True, some scholars tried to link this name with the Celtic word for "bear," which is "artos", or the Irish word for "stone," which is "art" but these endeavors have been rejected.

Having been in use for about fourteen centuries, really popular "Arthur" became only in the 19th century. It was Tennyson who had a large share in its becoming so; his poems, "Idyll of the King" focused attention on this name. His work deals with King Arthur and the knights of the Round Table; it revived interest in the legends centering about King Arthur, and could not fail to direct attention to the names of the personalities the legends tell about.

Was there ever a real King Arthur? It seems that there was a chief so named. The Welsh historian Nennius recorded a few things about him. Arthur, in the sixth century, distinguished himself in the wars of the Britons against the invading Saxons. He was a Roman, or a Rome-educated Briton. Chosen military commander twelve times, he vanquished the Saxons in as many battles. The last of these held off the invaders for fifty years.

The hazy image of that Arthur is vastly overshadowed by the brilliant King Arthur of the legend. He, and his gallant knights live on in an astounding array of poems and stories. The most complete of these is Sir Thomas Malory's "Morte D'Arthur," dating from the 15th century, the source of Tennyson's poems and other later works.

King Arthur and his beautiful Queen Guinevere held court at Camelot. Among the heroes that congregated at the Round Table were the incomparable Sir Lancelot du Lake, the pure Sir Galahad, Sir Gawaine, Sir Tristram, Sir Mordred, and the magician Merlin, who knew how to change his own and other persons' shapes as he pleased. From Camelot the knights rode out in quest of adventures, achieving deeds of valor in the service of their king, their ladies, and the Lord.

And then, gravely wounded by Sir Mordred, the king was taken to Avalon, the happy beyond of Celtic Myths. But his people refused to believe he died, expecting him to return at a future date. In the Middle Ages, at Glastonbury (identified with Avalon), on King Arthur's alleged tomb an inscription said, in Latin, "Here lies Arthur, the past and future king."

(Want to know about some other name? Write to Dr. Reynolds, care of this paper. For a personal reply enclose a stamped, self-addressed envelope.)

DALLAS, Tex. (UPI)—A Dallas store that obviously wanted to dress up its appearance placed a sign in the window: "Clothed for remodeling."

OUR NEW SALESROOM : PLYMOUTH ROAD AT THE INTERSECTION OF WAYNE IN LIVONIA

Robert Hall

OPEN EVERY NIGHT TILL 9

# Front Row Center

**by George Spelvin**

Believe me, never again will I warn others to keep a tight hold on the pocketbook when it comes to resisting the blandishments of the car salesman. Let it be known that old George has been had. Yes, a new car rests resplendent in all its pristine glory out in our tumble-down garage. Maybe someone can tell me how to heed my own advice. Quick, I need help before I succumb to other installment inducements.

**Big news this week** is the opening at the Cass Theater. Shelley Winters, the Academy Award winning actress, gave us ample evidence of

her acting ability. Miss Winters portrays the role of Camilla Jablonski with appealing sensitivity that comes only with years of experience. In Arthur Laurents' "Invitation to a March" she plays a warm, affectionate woman who conforms only to her own set of values which tend to make a humorous havoc of the other characters in the show. Audiences on Monday night laughed generously at such carefree goings-on.

"Invitation to a March" will be with us until Oct. 9. Four matinee performances during the two week stay will be given on Wednesdays and Saturdays. If you'd like a good laugh, "Invitation to a March" fills the bill. Eileen Heckart, Jane Fonda, and James McArthur keep this production in the "hit" class. It's always a happy occasion when we get a good show such as this play prior to Broadway. Early in November the Cass Theater will have Dennis King in "Love and Libel," a new comedy trying out its wings prior to the New York opening. Tyrone Guthrie will direct—how can this miss?

**Another bright season** looms large on the horizon if you cast a second glance at the material sent to you a week or so ago relative to

the Plymouth Symphony Orchestra. Glancing quickly at the highlights for the 1960-61 season, I'd say in passing... **music lover or not you'd better not let the following dates escape your undivided attention. Those important dates are as follows: Oct. 16, Nov. 20, Dec. 11, Jan. 29, March 19 and April 16.**

Wayne Dunlap raises his baton for the 15th time to open a gala season in a few weeks on Sunday, Oct. 16. All the concerts start at 4 p.m. They are open to the public, and there is NO CHARGE. How could you get a better or bigger bargain? Resphigi's "The Pines of Rome" and Haydn's "Symphony No. 88 in G Major" are but two of the five orchestral treats in store for you when you go to the Symphony at Four on a Sunday afternoon in October. Try the first concert. I'll bet you'll be back for more on subsequent Sundays. Our Plymouth Symphony orchestra deserves your patronage. Any number of folks drive for miles to enjoy our orchestra.

Some of the Symphony members and the Theater Guild folks surprised a couple of hard-working, loyal members of both these organizations on their Silver Wedding anniversary. Tom and Phyllis Kelly were given the Ralph Edwards "This Is Your Life" routine of being spirited away while the house was fixed, filled and furnished with guests, gifts and grand delicious punch. Ham was the appropriate meat served at this gala party. Phyllis and Tom stood aghast at the silver premature Christmas tree that held all the cards and gifts from their grateful friends in the Guild and the Symphony society.

No job has been too great for the Kellys. The scenery for the Copelia ballet would

have deterred a less hard-working couple. The two and three story sets of the Guild were designed, built and constructed by the Kelly family (Let's not forget Don, their son and as gifted as his parents). Membership drives? Costumes? Even acting in "Over Twenty-One" proved that Phyllis has a mighty versatile bag of tricks at her command.

The next 25 years for the Kellys could prove to be most challenging for Mr. and Mrs. Show Biz. How can they continue to top their accomplishments? It's old George's contention that you'd better attend the Symphony concerts. You'll see her needle and thread in hand making with the stitches. "The Crucible," the Guild's first play in November, will have the finest and most professional costumes ever seen on a community theater stage.

For a play that's not a comedy, but a strong drama, Strenberg's "The Father," opening on Oct. 5 at the Vanguard Theater is recommended for a serious evening in the theater. The Vanguard is a small theater (400 seats). It's a real experience to be part of an audience in such intimate surroundings. And when you see a play that shreds the emotions as surely as you'll find in "The Father," the drama becomes more intense. Your empathic response enlarges in direct proportion to the smallest. No doubt, this accounts for the popularity of the arena theater... and many off-Broadway houses where they seat only a hundred or two hundred in cozy surroundings.

Broadway season is only a week old and the first fatality has been recorded. Dave Merrick, a producer with a long string of successes, flopped with a musical revue entitled "Vintage '60." It had been a mild success out West, but the New York critics looked the other way and the scenery has already been carted back to Cain's Warehouse and the furnace.

# Chamber Warns of Growing 'Referral Selling' Scheme

The Plymouth Community Chamber of Commerce, aware of the friend, neighbor, or salesman who wants to let them in on a plan whereby they can get a new washer, vacuum cleaner, or even a shiny new automobile absolutely free.

According to the Chamber, this seemingly beneficent overture is the initial step in the "referral selling" scheme. Instead of getting something - for nothing, victims find themselves committed by contract to pay for some article they did not plan to buy and perhaps could ill afford. The text of Chamber's warning follows:

"For some time, a sales scheme has been sweeping the country which has victimized a great many gullible people. Known as 'referral selling' this scheme exploits the desire to get something - for nothing. In essence, here is how it works:

"A friend or neighbor who is already participating, asks you if you would like find out how you can get a new vacuum cleaner, garbage disposal unit, fire extinguisher, or even an automobile, without cost. If you bite on this tempting bait, your friend sets up an interview for a salesman who will come to your home to tell you all about it.

"In the case of the car, the salesman gives a long and convincing story about the advertising cost involved in the usual method of selling. He explains that if such costs can be eliminated by having one friend, or neighbor, recommend another, as much as \$150 can be paid to individuals who will advertise their car. For every friend or neighbor recommended who 'qualifies,' the participant will receive \$100. In addition, for everyone the friend or neighbor gets who 'qualifies,' the participant is promised an additional \$50.

"When the prospect's appetite is thoroughly whetted for

a shiny new car, the salesman explains that to 'qualify' an order must be placed for a car and some papers must be signed. High-pressure selling is then used to convince the prospect that the payments he will get for referring friends and neighbors to the salesman will more than meet the payments on the car as they fall due. Actually, the victim who falls for this pie-in-the-sky sales scheme is committed by contract to buy - often at an inflated price, and the contract is binding irrespective of any income secured from referrals.

"Since this scheme involves an endless chain, it is obvious that prospects for referrals soon are exhausted. The something-for-nothing sales pitch develops into the usual monthly payments. This scheme has been condemned as unsound by the National Better Business Bureau with which the Chamber of Commerce is affiliated. The United States Post Office Department has stated that it is in conflict with the postal lottery and fraud laws. Most, if not all, States prohibit lotteries, except where authorized by statute. Consumers can avoid entrapment into such forms of 'gimmick' selling, by buying from reliable dealers."

**EARNINGS INCREASE**

NEW YORK (UPI) — The average American family earned \$8,520 before taxes last year, 4 percent more than in 1958, according to the Commerce Department.

Adjusted for price increases, the real income gain was 3 percent—greater than the average annual advance of 1.7 percent registered during the past 12 years.

**GOSSIP BEHIND BARS**

HUNTSVILLE, Tex. (UPI) — A gossip columnist for the State Prison's monthly newspaper, The Echo, has picked up a popular feature from a Broadway columnist. But instead of warning officials not to invite two prisoners to the same party, he warns "Don't put in the same cell."

# Evans Division's Product Passes Government Test

A Plymouth manufacturer's lightweight insulated truck body is the first carrier to pass exhaustive tests to measure cold-holding properties in accordance with industry-recognized standards.

The tests, conducted by the Budd Company, an authoritative research laboratory, scientifically rate the cold-holding capacity of refrigerated truck bodies.

The independent laboratory reported on the tests this week of a 14 foot long insulated truck body manufactured by the Haskeite Division of Evans Products Company of Plymouth, which incorporates unique design features offering unusually low heat transfer for constant and efficient cold-holding.

"With the new accurately rated Haskeite truck body, fleet operators can now select the refrigeration unit needed to meet most economically food of the association of Food and Drug Officials of the U.S. in states where constant zero temperatures are required when transporting frozen food," said Robert B. Evans, general manager, of the Haskeite Division.

The Budd tests are sponsored by the U.S. Department of Agriculture and were developed by the National Bureau of Standards. They have provided valuable research data which indicates Haskeite has made a giant step forward in the development of lightweight, rustproof insulated truck bodies," Evans said.

Haskeite's truck body underwent three separate intensive tests to measure average rate of heat transfer, amount of air leakage and the degree of condensation which leaks into the truck body and is deposited on the walls. Haskeite's truck body received unusually good ratings in each of the three areas tested.

In addition to manufacturing truck bodies, the company also lines truck trailers with its Hasko-Foam insulating material.

Haskeite truck bodies are constructed of laminated panels of lightweight design consisting of a foam plastic core with exterior grade fir plywood interbands and polyester-impregnated glass fiber cloth faces. Over-the-road tests have indicated unusual weight reduction which has cut fleet operating costs significantly.

The durable lightweight panels used in Haskeite truck bodies are also being used in insulated shipping containers which transport commodities where low temperatures are required.

Haskeite Manufacturing of Grand Rapids, Michigan is a division of Evans Products Company, and is a pioneer in the construction of laminated products now used in pleasure boats, industry, aviation, and certain wall construction.

### A Tasty Mixer:

What'll you have? Bourbon, Scotch, Canadian, Blended whiskey? Be careful how you answer that one. An independent research company has found that the kind of drink you order may be a clue to your personality.

A series of interviews in depth showed that there's much more to drinking than just elbow bending. What you tell the bartender may be a giveaway as to your economic status, your degree of taste, the way you see yourself and the way others see you!

Take Bourbon, for example (and maybe you'd like to). The survey found that the Bourbon drinker sees himself honestly and knows what he likes. (Although some Bourbon drinkers simply want to appear this way.) What are they really like? —straightforward, masculine, easygoing, sociable, comfortably upper middle class in outlook and income, and without strong need to inflate their ego or to aspire for high status and prestige.

Scotch and Canadian users regard themselves as cultured and sophisticated, but some non-users view them as social climbers and pretentious people trying to make an impression. Actually these tipplers value the non-conventional, and don't want to do what everyone else does. They seek a "sense of superiority to the crowd, a feeling of originality and difference."

If you're a blend user, you may have this image of yourself—a person who just wants a good drink, and is not out to make a big impression; easy to satisfy, and not over-particular. Non-users may regard you as a social drinker and not a "real" drinker, or as a "beginner" who may some day graduate to a more sophisticated whiskey. Researchers found that the average blend user tends to be down-to-earth, unbothered with appearing cultivated, impulsive, emotional, direct, conventional, and opposed to snobbery and fuss.

Those interviewed rated domestic whiskey blends as the least expensive and most ordinary, while Scotch and Canadian were deemed expensive, distinctive, and favored by aristocratic types. Bourbon was generally recognized and respected, given by non-users, as a quality whiskey, aged, pure, refined, possessing "character." The prestige involved in drinking bourbon seemed to stem as much from knowing whiskey and knowing what you want in a liquor as from having the money to buy it.

Non-blend users tended to feel superior to blend drinkers, but they disagree among themselves on the relative merits of Bourbon vs. Scotch and Canadian. Users of the imported whiskeys think of Bourbon as heavy. Bourbonites counter by describing their favorite drink as "rich-tasting," "mellow and smooth," "the mellowest of any type of whiskey," "has a flavor that you don't have to learn to like." Canadian users prefer the mild, neutral taste of Canadian, sometimes disparaging the "medicinal" taste of Scotch. Scotch drinkers plump for the "special" taste of their brew.

This may start a small war but, according to the survey, women who drink blends are "quite a bit" more about drinking, as if they were little girls who shouldn't really drink. More than any other group studies, they cover up and disguise their liquor. And if they generally steer away from Scotch, it is because Scotch is considered a man's drink.

They are associated in the public mind with Canadian, because it is thought mild enough for their tastes. The female Bourbonite tends to cultivate femininity and enjoy life more than the female blend drinker "who is more conflicted emotionally." Her drinking is "less impulsive, and it takes place at specific times and on acceptable occasions."

The Rev. Clifford Brueggemann of Detroit will serve as the interim pastor of The Lutheran Church of the Risen Christ. Pastor Brueggemann, who also is the Lutheran chaplain at Wayne State University, will preach his first sermon here on Sunday, Oct. 2 at the 10:45 a.m. church service.

The congregation workshops at the Veterans Memorial Center, 173 N. Main St., Plymouth.

Assisting Pastor Brueggemann in serving the church will be LaVerne Franzen, instructor of religion and music at Lutheran High School West, Detroit. The Lutheran Church of the Risen Christ was founded last January by the Rev. Norman H. Brauer. Recently the English District Mission Board of the Lutheran Church — Missouri Synod transferred Pastor Brauer to Menomonie Falls, Wis., where he is to found a new Lutheran congregation.

# NOTICE!

## TOWNSHIP of PLYMOUTH

### Adoption of Resolution for Approval of Contract

Township of Plymouth  
County of Wayne, Michigan

Minutes of a Special Meeting of the Township Board of the Township of Plymouth, County of Wayne, Michigan, held at the Township Hall in said Township on Monday, the 19th day of September, 1960, at 7:30 o'clock p.m. Eastern Standard Time.

PRESENT: Trustees Lindsay, Miller, Holmes, Norman, Sparks.  
ABSENT: Trustees None.

The following preamble and resolution were offered by Trustee Norman and supported by Trustee Miller:

WHEREAS, there exists an imperative need to acquire in the Township of Plymouth, as a part of the Wayne County Metropolitan Water Supply System, water distribution facilities including feeder mains and laterals, as hereinafter in the Contract more particularly set forth; and

WHEREAS, preliminary plans and estimate of cost of said improvements have been prepared by Herald F. Hamill, consulting engineer of Plymouth Michigan, which said preliminary plans and estimate of cost have been reviewed by this Board; and

WHEREAS, this Board has determined that it is necessary for the public health to acquire said water improvements in accordance with said preliminary plans and estimate of cost; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, authorizes the execution of contracts between municipal units and the proper County agency providing for the acquisition, construction and financing of water improvements; and

WHEREAS, the County of Wayne acting by and through its Board of Supervisors and in accordance with Act 342, Public Acts of Michigan, 1939, as amended, by resolution adopted by majority vote of its Board of Supervisors on October 9, 1939, authorized and directed that there be established a system of water improvements and services to be known as the Wayne County Metropolitan Water Supply System and did designate the Board of County Road Commissioners of the County of Wayne, as the agency for the County to acquire, operate and maintain the system with all the powers and duties conferred upon such agency by statute; and

WHEREAS, this Board determines it to be in the best interest of the Township to acquire said water improvements, and to finance the cost thereof in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended; and

WHEREAS, an agreement between the Township of Plymouth and the Board of County Road Commissioners of the County of Wayne, acting for and on behalf of the County of Wayne, providing for the acquisition, construction and financing of said water improvements and such matters as are deemed necessary thereto, has been prepared;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Township Board of the Township of Plymouth hereby determines it to be necessary to acquire the water improvements set forth in the preamble hereto and described in the Contract hereinafter set forth.

2. This Board deems it to be in the best interest of the Township to finance the cost of such improvements in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended.

3. The Township Board hereby approves the preliminary plans and estimate of cost of said improvements prepared by Herald F. Hamill, consulting engineer, Plymouth, Michigan.

4. The Township Board does hereby approve the following agreement for the acquisition, construction and financing of said water improvements:

THIS CONTRACT, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_ A.D. 1960, by and between the BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN, a public body corporate, acting for and on behalf of the County of Wayne, Michigan, party of the first part, hereinafter referred to as the "BOARD", and the TOWNSHIP OF PLYMOUTH, a municipal corporation in the County of Wayne, Michigan, hereinafter referred to as the "TOWNSHIP";

WITNESSETH:

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD as the duly designated agency of the County has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; and

Together with necessary fire hydrants and other appurtenances and facilities connected therewith.

A blueprint plan showing in detail said water improvements is on file in the offices of the BOARD.

AND WHEREAS, the BOARD has caused plans, specifications and estimates of cost of said proposed water improvements and facilities to be prepared by Herald F. Hamill, consulting engineer of Plymouth, Michigan (hereinafter in this Contract referred to as the "consulting engineer"), which estimates of cost, including contingencies, engineering, legal and financial expenses, is in the sum of One Million One Hundred Thousand (\$1,100,000.00) Dollars (which said estimate of cost is hereinafter referred to in this Contract as "estimated cost");

AND WHEREAS, the execution of this Contract has been authorized by resolution of the Township Board of the TOWNSHIP, adopted on September 19, 1960, which said resolution has been published in a newspaper of general circulation in the TOWNSHIP, and more than thirty (30) days have elapsed since such publication and no petition for referendum concerning said resolution or this Contract has been filed with the Township Clerk of said TOWNSHIP;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The BOARD and the TOWNSHIP hereby approve and confirm the water improvements to be acquired and constructed as set forth in the preamble to this Contract, and agree that the same shall be acquired and constructed in the manner provided by and pursuant to this Contract. The BOARD and the TOWNSHIP further hereby approve and confirm the preliminary plans for said water improvements prepared by the consulting engineer and the estimated cost as set forth in the preamble hereto. The acquisition and construction of the water improvements herein approved are hereinafter in this Contract referred to as "PROJECT TO BE FINANCED".

2. The PROJECT TO BE FINANCED and the estimated cost thereof in the sum of \$1,100,000.00, as set forth in the preamble to this Contract, includes all surveys, plans, specifications, acquisition of property for rights-of-way including consequential and abutting damages, if any, and interest on awards, physical construction necessary to acquire and construct the water improvements approved and confirmed in Section 1 of this Contract, the acquisition of all materials necessary to acquire and construct said water improvements and engineering, supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of said water improvements and the financing thereof.

3. The BOARD will acquire and construct the water improvements approved and confirmed in Section 1 of this Contract and for that purpose will take bids for the acquisition and construction of the improvements prior to the time that any bonds are issued for the purpose of financing the cost of said improvements. The BOARD shall in no event enter into any final contract or contract price or prices which shall be such as to cause the actual total cost of the PROJECT TO BE FINANCED to exceed the estimated cost, as set forth in the preamble to this Contract, without there first being executed between the BOARD and the TOWNSHIP, a supplemental contract approving the increase in the estimated cost and making provisions for an increase in the payments required to be made by the TOWNSHIP pursuant to Section 6 of this Contract. The water improvements shall be acquired and constructed by the BOARD in accordance with the plans and specifications therefor based on the preliminary plans approved by this Contract; Provided, However, that minor variations from said plans and specifications may be made without the approval of the TOWNSHIP if such variations shall not materially affect said plans and specifications. All matters relating to engineering plans and specifications and the making and letting of final construction contracts for the water improvements specified in Section 1 of this Contract shall be in the exclusive control of the BOARD. All inspection and the approval of work and materials thereunder, and all construction supervision shall be done by the TOWNSHIP, who shall cause certificates for required payments to contractors to be executed in the manner and at the times required by the construction contracts, which such certificates shall be presented to the BOARD by the TOWNSHIP and the BOARD shall make the payments required to be made. The BOARD shall be entitled to make any payment required to be made pursuant to any certificate filed with it by the TOWNSHIP on the basis of the certificate alone and shall not be required to make any determination or investigation as to whether the work has actually been done or the materials supplied.

4. Upon completion of the water improvements specified in Section 1 of this Contract, the TOWNSHIP shall operate and maintain said improvements. The TOWNSHIP shall be obligated to continue to pay for all water furnished pursuant to the provisions of the water supply contract referred to in the preamble hereto. The TOWNSHIP shall have all the rights specified in either Act 342, Public Acts of Michigan, 1939, as amended, or Act 94, Public Acts of Michigan, 1933, as amended, relative to making charges or rates to users of said water improvements.

5. To carry out and accomplish the PROJECT TO BE FINANCED in accordance with the provisions of Act 342, Public Acts of Michigan, 1939, as amended, the BOARD shall take the following steps:

(a) The BOARD shall immediately take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the water improvements specified in Section 1 of this Contract in accordance with the plans and specifications therefor based on the preliminary plans as approved by this Contract. Said final construction contracts shall specify a completion date of the water improvements.

(b) The BOARD will require and procure from the contractor or contractors undertaking the actual construction and acquisition of the water improvements, necessary and proper bonds to guarantee the performance of the construction contract or contracts, and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the BOARD.

(c) The BOARD will submit to the Board of Supervisors of the County of Wayne for enactment the necessary ordinances or resolutions and take other necessary legal proceedings to authorize issuance and sale of bonds pledging the payments required to be made by the TOWNSHIP by this Contract and by any contracts supplemental to this Contract in an aggregate principal amount not exceeding the estimated cost approved by this Contract or by any contracts supplemental thereto, pursuant to the authorization contained in Section 5c of Act 342, Public Acts of Michigan, 1939, as amended.

(d) The BOARD, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the ordinance or resolution authorizing issuance of the bonds and this Contract relative to the disposition and use of the proceeds of sale of the bonds.

6. The entire cost of the PROJECT TO BE FINANCED shall be charged to and paid by the TOWNSHIP in the manner and at the times hereinafter set forth. Immediately upon the issuance of any bonds authorized hereunder, the BOARD shall notify the TOWNSHIP of the schedule of payments of principal and interest thereon. The TOWNSHIP, not less than thirty (30) days prior to the due date of any principal or interest payments thereon, shall remit to the BOARD sufficient funds to meet said payments in full. From time to time as the BOARD is billed by the paying agent or agents for the bonds to be issued for their services as paying agent and as other costs and expenses accrue to the BOARD from handling of the payments made by the TOWNSHIP, the BOARD shall notify the TOWNSHIP of the amount of such paying agency fees and other costs and expenses, and the TOWNSHIP shall, within thirty (30) days from such notification, remit to the BOARD sufficient funds to meet such paying agency fees and other costs and expenses.

7. The TOWNSHIP, pursuant to the authorization of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, pledges its full faith and credit for the prompt and timely making of the payments herein required by Section 6 of this Contract to be paid to the BOARD and subject to the limitations upon the taxing power imposed by Section 21, Article X of the Michigan Constitution and any lawful voted increase thereof shall each year, commencing with the year 1960, levy a tax in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay its obligations under this contract becoming due before the time of the following year's tax collections, PROVIDED HOWEVER, that if at the time of making such annual tax levy there shall be other funds on hand earmarked and set aside for the payment of said contractual obligation falling due prior to the next tax collection period, then the annual levy may be reduced by such amount. The TOWNSHIP further covenants and agrees that to the extent tax levies are not sufficient to provide funds to meet its annual obligations to the BOARD under the terms of this contract that it will from time to time raise sufficient sums to pay said obligations by one or more of the methods authorized by the provisions of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, including, but not limited

to, the fixing and establishing of rates and charges to users of water from the facilities described in this contract.

8. The TOWNSHIP may pay in advance any of the payments required to be made by this Contract in which event the BOARD shall credit TOWNSHIP with such advance payment on future due payments to the extent of such advance payment.

9. The TOWNSHIP may pay additional moneys over and above any of the payments specified in this Contract with the written request that said additional funds be used to call bonds for redemption prior to maturity, in which event the BOARD shall be obligated to apply and use said moneys for such purpose. Such moneys shall not be credited as advance payments under the provisions of Section 8 of this Contract.

10. In the event that the TOWNSHIP shall fail for any reason to pay to the BOARD at the times specified, the amounts herein required to be paid, the BOARD shall immediately notify, in writing, both the County Treasurer of the County of Wayne and the governing body of the TOWNSHIP of such default and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer or other official charged with the disbursement of funds to the TOWNSHIP derived from the State sales tax levy under the provisions of Act 167, Public Acts of Michigan, 1933, as amended, and returnable to said TOWNSHIP pursuant to Article X, Section 23 of the Constitution of Michigan, is herein specifically authorized by the TOWNSHIP to withhold sufficient funds to make up any such default or deficiency from the moneys derived from said State sales tax levy then on hand or to be received, and which are returnable to the TOWNSHIP, and to pay said sums so withheld to the BOARD to apply on the obligations of the TOWNSHIP as herein set forth. In addition to the foregoing, the BOARD shall have all other rights and remedies provided by law to enforce the obligation of the TOWNSHIP to make payments in the manner and at the times required by this Contract. It is specifically recognized by the TOWNSHIP that the payments required to be made by it pursuant to the terms of this Contract are to be pledged for the payment of principal and interest on bonds to be issued by the County, and the TOWNSHIP covenants and agrees that it will make its required payments to the BOARD promptly and at the times herein specified, without regard to whether the water improvements herein contemplated are actually completed or placed in operation.

11. If, upon the opening of bids for the acquisition and construction and the supply of materials for said water improvements, it appears that said bids as received will cause the actual cost of the PROJECT TO BE FINANCED to exceed the estimated cost approved and confirmed by the parties hereto in Section 1 of this Contract, the BOARD and the TOWNSHIP may enter into a supplemental contract approving and confirming a new estimate of cost and making provision for increasing the aggregate principal sum of the bonds to be issued, and making provision for increasing the proportionate annual payments required to be made by the TOWNSHIP by the provisions of this Contract in an amount sufficient so that the total of said annual payments, as increased, will be sufficient to meet the annual requirements of bonds in the increased aggregate principal amount and in no event shall bonds be sold until the said supplemental contract is executed by the parties. In lieu of said supplemental contract, the TOWNSHIP may pay over to the BOARD sufficient moneys to complete the PROJECT TO BE FINANCED.

12. If the proceeds of the sale of the bonds to be issued by the County are for any reason insufficient to complete the PROJECT TO BE FINANCED, the BOARD and the TOWNSHIP shall execute a supplemental contract making provision for the issuance of additional bonds in an aggregate principal amount sufficient to complete the PROJECT TO BE FINANCED, and increasing the proportionate annual payments required to be made by the TOWNSHIP in an amount so that the total payments required to be made, as increased, will be sufficient to meet the annual principal and interest requirements of the bonds herein authorized plus the additional bonds to be issued. Any such supplemental contract, whether entered into before or after bonds are issued, shall in all respects comply with the requirements of Act 342, Public Acts of Michigan, 1939, as amended, and shall contain a provision that any increases in the annual payments shall be made in the manner and at the times specified in this Contract. In lieu of said supplemental contract the TOWNSHIP may pay over to the BOARD sufficient moneys to complete the PROJECT TO BE FINANCED.

13. After completion of the PROJECT TO BE FINANCED and payment of all costs thereof, any surplus remaining from the proceeds of sale of the bonds shall be used by the BOARD for either of the following purposes at the option of, and upon request made by resolution of the TOWNSHIP BOARD to-wit: (a) For additional water improvements in the TOWNSHIP subject to the approval of the BOARD, or (b) credited by the BOARD towards the next payments due the BOARD by the TOWNSHIP hereunder.

14. All contracts for connection to the water improvements, whether such connections are made during construction or after the water improvements are placed in operation, shall be made by the TOWNSHIP subject to approval of the BOARD. The actual costs of such connections shall be paid by the TOWNSHIP except to the extent that the costs of such connections are included in the estimate of cost approved by this Contract or any contract supplemental thereto.

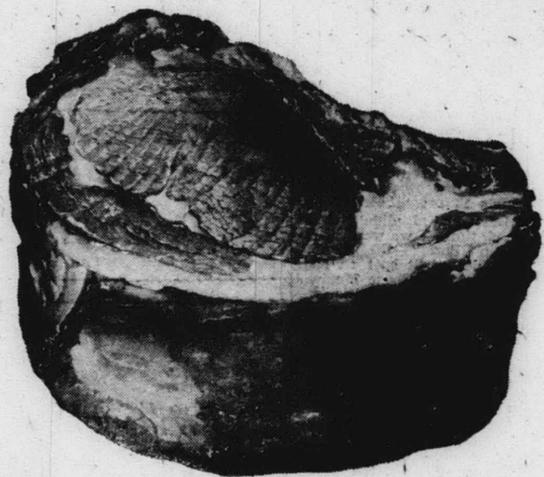

15. The obligations and undertakings of each of the parties to this Contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 342, Public Acts of Michigan, 1939, as amended, and, if for any reason whatsoever said bonds are not issued and sold within one year from the date of this Contract, this Contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary legal and engineering costs shall be paid by the TOWNSHIP, and the TOWNSHIP shall have ownership, possession and use of all plans and specifications, surveys and other engineering data and materials prepared.

16. The water improvements acquired and constructed in accordance with the provisions of this Contract shall be a part of the County System during the term of this Contract. The TOWNSHIP shall at all times maintain the water improvements to be acquired and constructed hereunder. If at any time during the term of this Contract the TOWNSHIP refuses or neglects to properly repair or maintain any of the facilities required to be maintained by it hereunder, the BOARD shall in writing order the TOWNSHIP to perform all necessary items of repair and maintenance and, in case of non-compliance with such order within thirty (30) days, the BOARD may proceed with such work and the TOWNSHIP agrees to reimburse the BOARD for any expenses incurred thereby. At such times as all of the bonds to be issued to finance the construction of said water improvements are paid, title to and ownership of all water improvements acquired and constructed hereunder shall be transferred to the TOWNSHIP.

17. The BOARD and the TOWNSHIP each recognize that the holders from time to time of the bonds pledging the payments required to be made by the TOWNSHIP by this Contract and any contract supplemental hereto and issue pursuant to Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, will have contractual rights in this Contract and it is therefore covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this Contract shall not be subject to any alteration or revision which would in any manner affect either the security of the bonds or the prompt payment of principal or interest thereon. The TOWNSHIP and the BOARD further covenant and agree that they will, each comply with their respective duties and obligations under the terms of this Contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security thereof, or the prompt payment of principal and interest thereon.

18. This Contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds pledging the payments required to be made by this Contract or by any contract supplemental her

## Ladywood High School Students Elect Officers

Excitement reigned at Ladywood High School last week as campaigners posted signs, advertised and made speeches to proclaim their candidates for the Student Council offices.

Results of the elections are as follows: president, Sandra Phillips; vice-president, Judy Zayti; secretary, Margaret Newmeyer; and treasurer, Margaret Kerr.

Installation of these officers will take place at the first student assembly.

### Enrollment

The enrollment of students for the 1960-61 school year at Ladywood High School has reached an all-time high of 390 students. One hundred forty-two freshmen have entered the high school doors—making the school bulge at its seams.

Representing approximately 20 different parishes of the surrounding areas, the students come from Livonia, Plymouth, Northville, Wayne, Dearborn, Detroit, Garden City and Milford.

### Wins Competition

Principal, Sister M. Benigna, CSF, of Ladywood High School, announced Wednesday, Sept. 28, that Carol Bonadeo, senior, has been named a semifinalist in the 1960-61 National Merit Scholarship competition. Carol is the daughter of Mr. and Mrs. James Bonadeo of 25265 Ross Drive, Detroit 39.

Carol is among the 10,000 high scoring students on the National Merit Scholarship Qualifying Test, a test of educational development given in more than 15,000 high schools last spring. The semifinalist group is composed of the highest scoring students in each state and in United States territories.

Carol now moves a step closer to winning a four-year Merit Scholarship to the college of her choice.

John M. Stalnaker, president of the National Merit Scholarship Corp., which conducts the annual program, stated that "Merit Semifinalists represent the most promising brains in the nation. From this group of able, attractive students will come the scholars and intellectual leaders of tomorrow."

As a Semifinalist, Carol will take another rigorous examination, the three-hour Scholastic Aptitude Test of the College Entrance Examination Board, to be given in testing centers throughout the nation on Dec. 3.

If her scores on the second test substantiate her performance, on the qualifying test, Carol will become a Finalist in the competition. In past years, more than 95 per cent of the qualifying students have become Finalists.

As a Finalist, Carol will be eligible for scholarship awards sponsored by 115 business and industrial organizations, professional societies, foundations, individuals and the National Merit Scholarship Corp. itself.

The names of the Merit Scholars will be announced about May 1, 1961.

## Eta Psi Has Many Activities Planned

A steak and corn roast kicked off the fall calendar of the Eta Psi chapter of Beta Sigma Phi, Aug. 27 at the home of Mrs. Lee Rehebel.

Two meetings followed on Sept. 13 at Mrs. William Bailey's home and Sept. 20 at Mrs. Robert Brown's home.

Plans have been made for Fall Rush, beginning with an Oriental Party Oct. 4 to be held at the home of Mrs. Craig Stover.

Plans are also being made for an October rummage sale.

Mrs. Arthur Walker gave a very interesting talk of her recent travels last summer to the British Isles.

The Beta Sigma Phi National Convention will be held in Detroit Oct. 21, 22 and 23. Some of the Plymouth members are planning to attend.

### Panel Discusses Prejudice

A panel discussion, "The Problem of Prejudice," sponsored by the Detroit Archdiocesan Council of Catholic Women will be presented at Madonna College, Livonia, on Thursday, Sept. 29, at 7:30 p.m.

The participants include Fr. Clement Kern, pastor of Most Holy Trinity parish; Dr. A. M. Citron, Director of Research for the Jewish Community Council of Metropolitan Detroit; and Earnest Brown, Jr., Director of Vocational Services Department of The Detroit Urban League.

The public is invited to attend.

AUSTIN, Tex. (UPI)—A prospective juror in a murder case was asked if he was opposed to a suspended sentence. "Not if it's not a death sentence," he replied.

# 1961 Ford, Falcon Will Make Bow Thursday

The 1961 Ford, introduced Thursday, features crisp new styling, new dimensions for greater maneuverability, and major engineering improvements such as 30,000-mile lubrication, that will result in lower maintenance costs and more carefree operation.

James O. Wright, Ford Motor Company vice president and Ford Division general manager, said the new Ford, nearly four inches shorter and two inches narrower than in 1960, will offer "a completely new, fresh appearance in the classic Ford tradition of straight-line design."

Wright said engineering and design improvements in

the 1961 Ford make it "a car that virtually takes care of itself." Improvements include:

- A new grease and lubrication system that extends the normal chassis lubrication interval to 30,000 miles.
- New, heavier brakes that adjust themselves.
- Specially processed underbody parts, including galvanized body panels below the doors, that resist rust and corrosion.
- Aluminized mufflers that are double-wrapped for three times normal life.
- A 250 percent increase in the thickness of anodizing on aluminum surfaces for brighter, longer-lasting grille, headlamp and tail lamp trim.

"These features," Wright said, "combined with Ford's Diamond Lustre finishes that never need waxing and the Full-Flow oil filtering system that permits a 4,000-mile oil change interval, will mean fewer inconvenient service stops and more savings with the new Fords."

The new Ford line, to be introduced by Ford dealers on September 29, consists of 16 models in four series — Fairlane, Fairlane 500, Galaxie and station wagons. Added to the line are two new mod-

els — a Galaxie Club Victoria (two-door hardtop) and a six-passenger Country Squire station wagon.

All six station wagon models, from the two-door Ranch Wagon to the nine-passenger, four-door Country Squire with simulated wood paneling, have a new roll-down rear window in the tailgate. The tailgate itself is seven inches wider than in 1960. The front-facing third seat in nine-passenger station wagons has

been improved and, when not in use, folds quickly into the floor.

A power operated rear window is standard on the Country Squire models and the 9-passenger Country Sedan and optional on others.

Ford introduces a new 390-cubic-inch Thunderbird Special V-8 engine in 1961 that is designed for effortless performance. The Thunderbird 352 Special and the Thunderbird 292 V-8's, as well as the

Mileage Maker Six, all are designed to deliver greater economy on regular grade fuels.

Ford has improved all four transmissions for 1961 — the manual, overdrive, two-speed Fordomatic and dual-range Cruise-O-Matic. The Cruise-O-Matic transmission is equipped with a new vacuum control throttle valve linkage which provides smoother, more precise shifting than before, and elimination of erratic adjustment.

The classic Ford look of the high-styled 1961 model features the traditional, crisp, straight-line styling, graceful front fenders bowed above widely spaced headlights, full-width aluminum grille, and the famous Galaxie roofline. Small, canted blades top the sculptured rear quarter panels that terminate in large round taillights that readily establish the new Ford's identity.

Among improvements in the Ford optional equipment are a power window master control switch which can be used to "lock out" the operation of any or all windows, and improved circuit breaker protection for power seats and windows.

Adding to the convenience of the new Ford cars are such features as a wider trunk opening for easier loading and relocation of the spare tire on the "shelf" are the front of the trunk compartment to give more usable space; a foot-operated parking brake with the release knob located on the instrument panel; two-stage door-checks; reduction of steering effort by 50 percent with manual steering; and a new, flexible coupling in the steering shaft which reduces transmission of road shock.

The shorter, narrower dimensions and easier steering of the 1961 Ford result in greater parking ease and maneuverability.

**Falcon A Hit**

The Ford Falcon, most successful new car in history, enters the 1961 model year with a proven record of all-around economy leadership, six-passenger comfort, handling ease and dependable operation, and introduces a new 101-horsepower performance option — the Falcon 170 Special engine.

"In its first year, the Falcon established itself as the standard of American compact cars," Wright said. "No other car ever achieved the first year success to equal the Falcon's sales of nearly a half million since it was introduced in October, 1959."

"The 1961 Falcon has a new, convex-shaped aluminum grille, but preserves the styling and inside-outside dimensions of its predecessor," Wright said. "That means the Falcon will continue to offer full six-passenger seating room, the feel and maneuverability of a sports car, and a 23.7-cubic-foot trunk to carry luggage in real vacation quantities."

In addition, Wright pointed out that numerous durability improvements in the 1961 Falcon will result in greater savings and less inconvenience. These improvements are 2 1/2-times thicker anodizing on the aluminum surfaces, double-wrapping of the aluminum muffer, galvanizing of additional underbody parts for greater rust and corrosion protection, and more effective use of stainless steel for parts such as the new hub caps.

The 1961 Falcon, to be introduced by Ford dealers on September 29, will be offered in four models — two- and four-door sedans and two- and four-door station wagons.

Wright said the Falcon has firmly established its fuel economy reputation by delivering up to 30 miles per gallon of gasoline. Recommended oil change interval with the Falcon's Full Flow oil filter is 4,000 miles.

"For those who want increased performance — about 15 percent better than the standard 85-horsepower, 144.3 cubic inch engine — Falcon will offer an optional 170-cubic-inch, six-cylinder engine that is rated at 101 horsepower," Wright said.

Both Falcon engines operate on regular grade fuel. Both Falcon Sixes also have a new "sprinkel type" air cleaner that results in quieter operation, more uniform air flow and smoother high speed engine operation. Engine front covers are cast from aluminum for better sealing.

A new, optional automatic choke also is available with either Falcon engine.

Two transmissions — three-speed manual shift and Fordomatic — can be matched with either the standard or optional engine. Heavy-duty transmission and drive-line components are used with the Falcon 170 Special.

The 1961 Ford Falcon (Tudor Sedan, top) features a new, convex-shaped aluminum grille and introduces a new optional, 101-horsepower engine along with durability improvements in aluminum surfaces, underbody parts and other trim items. The Falcon, most successful new car in history, delivers up to 30 miles per gallon on regular grade gasoline. The Fordor station wagon (bottom) features the convenient roll-down tailgate window and a 76.2-cubic-foot load space, comparable to that of the 1957 Ford. The 1961 Falcon will be offered in four models—two- and four-door sedans and two- and four-door station wagons. The new Falcon preserves the styling of the 1960 model, and continues to offer six-passenger seating room, the sports car feel, and 23.7-cubic-foot luggage capacity.

The 1961 Ford Galaxie Club Victoria, a new model in the Ford line that will be introduced to the public on September 29, features crisp, new styling that has been honored by an international fashion authority in Rome for its "functional expression of classic beauty." The new Fords are nearly four inches shorter and two inches narrower for greater maneuverability, and introduce 30,000-mile lubrication. Other engineering features include self-adjusting brakes, double-wrapped aluminized muffler, longer-lasting bright trim and underbody parts, and a 4,000-mile oil change interval. A new optional 390-cubic-inch high performance engine also is available.

Announcing the 1961 Ford... Beautifully proportioned to the

CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

## BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

**HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF**

**LUBRICATES ITSELF.** You'll normally go 30,000 miles without a chassis lubrication.

**CLEANS ITS OWN OIL.** You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

**ADJUSTS ITS OWN BRAKES.** New Truck Size brakes adjust themselves automatically.

**GUARDS ITS OWN MUFFLER.** Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

**PROTECTS ITS OWN BODY.** All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

**TAKES CARE OF ITS OWN FINISH.** New Diamond Lustre Finish never needs wax.

# Mexico Visitors Find It Both Gay and Depressing

**EDITOR'S NOTE:** Gloria Bowles, who was The Mail's High School editor two years, has returned from a trip to Mexico following a summer job with the Travel Centre. Gloria, daughter of Judge and Mrs. George Bowles of Turkey Run, made the trip with Betsy Beck, daughter of the Howard Becks of Amherst Court. This is an account of the trip.

Betsy and I arrived in Acapulco last night, after a series of plane trips which first took us to Chicago and Mexico City. We'd been so looking forward to the trip, and we certainly weren't disappointed! I'm glad our first view of Acapulco was the twilight one — the city, with its shimmering bay, and lighted hotels is magnificent.

Betsy and I didn't waste much time — we were at the "Bom Bom," the famous Acapulco night spot an hour after arrival. These Mexican entertainers are terrific! We especially enjoyed the satire on "I'm All Shook Up" — in Mexican. We were both pleased to note, incidentally, that Mexicans cater to Americans. There are so many Americans here, and everyone gets top-notch service.

Our next view of Acapulco was a morning one, looking out from the balcony adjoining our room at the Caleta Hotel. Acapulco is equally beautiful during the day, we discovered.

The day was a busy one — we explored the hotel, and became acquainted with its public relations man, a charming person who went out of his way for us. We took in some of the city that day, and the evening saw us, again, at Acapulco night spots.

Friday was the last day for us in Acapulco, and we were up at the crack of dawn! Up to that point, we had seen only the rich side of Mexico, as we had been spending all our time in downtown Acapulco. A trip to its outskirts was revealing and quite depressing! Such poverty! Grass shacks and small lean-tos aren't pleasant living quarters, and especially when they are utterly filthy. And I love to go barefoot, but I can't imagine what it would be like not to even own shoes. On our Saturday bus trip the next day, to Mexico City, Betsy and I were even more appalled at the country's state.

The trip took us through the mountains and its villages (reminded me of Switzerland, sans lakes) even poorer than we'd seen outside of Acapulco. I spoke with a young Mexican college student about Mexican poverty and though this is, of course, a generalization, he only commented that Mexicans were basically lazy. "Give a Mexican ten pesos, and he'll go out and get drunk, rather than help his family," he said. This may be true of many poverty-stricken Mexicans, though I cannot think that badly of a whole people.

The same boy, whose family owned a \$300,000 home in Acapulco and whose friends took us out on their cabin cruiser, explained a fact soon obvious to me: Mexico knows no middle class. Sixty percent of the nation's population work on the farms, and they represent only 14 percent of the country's economy.

As long as I'm talking in a serious vein now, I might mention something about Mexico which really interested me. Wherever we went — this was particularly evident in the Mexico City air terminal — one saw pictures of Mexican President Matesos. It was rather weird — one felt as though he was being followed.

A talk with a young Mexican-born, now a U.S. citizen, was revealing. The youth explained that Mexico enjoys no real political democracy. A man is president for six years, and though, strictly speaking, there are three political parties in Mexico, only one boasts any power.

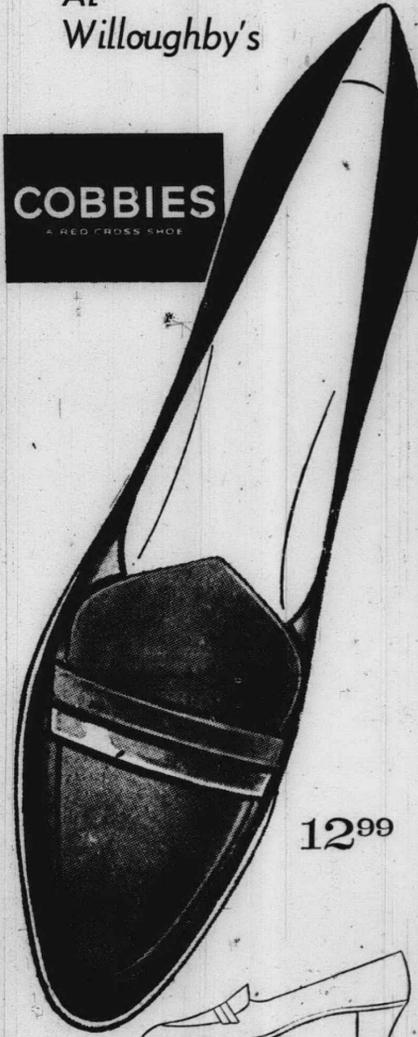

Mexico experienced a kind of semi-dictatorship, he noted. We saw the famous Acapulco diver on Friday evening — you know, the young man who stands poised atop the high jagged rocks to jump into the churning water below. Many divers have been killed — they just didn't hit the right wave which would have carried them back to safety. The outdoor night club overlooking the water — soft lights, Mexican music — tres romantique — was a perfect ending for the three nights in Acapulco. We were really sorry to be leaving, and for that reason, it was a rather nostalgic evening.

I've already told you about the trip from Acapulco to Mexico City. We arrived there in the evening and stayed at the "Cristobal Colon," Mexico City's newest hotel, as you know, and a very, very nice one. Our stay in the City was short, for we took Mexicana out at 8 on Sunday morning.

## Women's Club Begins Season

The first fall meeting of the Plymouth Woman's Club will take place at the Barton Hills Country Club, Ann Arbor, Friday, October 7, at 12:30 p.m.

Of special interest to the women at this luncheon meeting will be a parade of millinery by Mrs. Ethel Mabie, "Headgear Down Through The Ages," in which Mrs. Mabie models styles worn as early as 3000 B.C. down to the present day.

Mrs. Mabie has spent the greater part of her life in Cleveland although at present she lives in Indiana and Florida. For several years she was a General Agent and Ohio State Manager for life insurance companies but at present she is in demand as a speaker before various clubs throughout the United States.

For luncheon reservations

call Mrs. Robert Probeck, Glenview 3-4572. Transportation will be in charge of Mrs. Robert Brown, Glenview 3-2987.

## T.K. Haws Attends Antioch College

Terrill K. Haws, son of Dr. and Mrs. Virgil E. Haws of 13872 Ridgewood Dr., is among 500 freshmen and transfer students entering Antioch College in Yellow Springs, Ohio, for orientation week preceding the opening of school Oct. 5.

Mr. Haws was a 1960 graduate of Plymouth High School.

## LIKE OWNER, LIKE DOG

**BURLINGTON, Vt. (UPI)**—A University of Vermont animal pathologist says that like their masters, dogs can develop hacking coughs.

Dr. James R. Wadsworth said all ages and breeds of dogs are subject to hacking coughs. He said it can be remedied by strict hygiene, good nursing, rest and a balanced diet.

A FAMILY PARTY of former fellow employees of Dr. Ralph H. Pino (shown standing in shirtsleeves) was held Sunday, Sept. 18 at Plymouth Colony Farms. Dr. Pino recently retired as chief of ophthalmology of Harper Hospital. He and Mrs. Pino held the reunion of all their employees of 208 David Whitney Bldg.

where he had offices for 20 years. Besides enjoying a dinner, "the family" toured the farm, rode on the hay wagon attached to the tractor, and enjoyed inspecting Dr. Pino's 100-year-old forge he personally has put into use, making practical items for his farm.

## THE WAYS OF YOUTH

**MINNEAPOLIS (UPI)**—

Teenagers join social groups mainly "to have fun" or "be with older groups."

A University of Minnesota survey shows more than half the 10,000 young persons interviewed preferred the social groups because there wasn't enough going on in formal youth groups.

## Plymouth Students At Olivet Nazarene

Olivet Nazarene College in Kankakee, Ill., reports these Plymouthites enrolled there: Carol Elaine Canning, daughter of Mr. and Mrs. H. E. Canning; Beverly Ann Raycroft, daughter of Rev. and Mrs. R. N. Raycroft; Carroll Keith Rose, son of Mr. and Mrs. Joseph Rose; Melvin Sawyer, son of Mr. George Sawyer; and David L. Swain, son of Mr. and Mrs. Kenneth I. Swain.

**INDIAN LORE RECORDED**

NORMAN, Okla. (UPI)—Need information on the five civilized Indian tribes?

The University of Oklahoma Bizzell Memorial Library has more than 4,000,000 manuscripts in the official files on the five tribes & various papers on plains Indians and early white settlers.

The unretrieved kill of ducks and geese totaled more than three million during 1957, or more than 20 percent of the national bag.

**Chocolate Mint Pie Lucious Dessert**

1 package chocolate mint pudding and pie filling mix  
1 tablespoon gelatin  
1 1/2 cups cold water  
1 pint chocolate ice cream  
Filibert Crumb Crust

Combine pudding mix, gelatin, and cold water in 2-quart saucepan, mixing well. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat and let stand 5 minutes, stirring once or twice. Then add ice cream by spoonfuls, stirring until melted. Turn into Filibert Crumb Crust. Chill until firm (about 40 minutes). Garnish with prepared dessert topping mix and chopped filberts.

**Filibert Crumb Crust.** Combine 1/4 cups fine vanilla wafer crumbs, 1/4 cup chopped filberts, and 2 tablespoons sugar. Add 1/4 cup melted butter and mix well. Press firmly on bottom and sides of 9-inch pie pan. Bake in moderate oven (375 degrees F.) 5 to 8 minutes. Cool before filling.

The oldest orphanage still existing in the United States is Bethesda, near Savannah, Ga. It was opened in 1749.

**Jerry Seibert Says...**

Are you about to conduct your first meeting or make your first speech? Does the mere thought of "facing all those people" give you lead-footed butterflies?

Whether you are making your first or five-hundredth platform appearance the knowledge that you look your best will give you the poise and assurance that help charm an audience.

Here are suggestions from Max Factor, Hollywood make-up authority, on how to appear expressively attractive from the first to the last row of your audience, and still not look overly made-up later, when congratulations are in order.

Eliminate shadows from the face by using foundation make-up the same shade as your skin, or one shade lighter. Cover dark under-eye circles with an Erace stick.

Wear rouge. You will need it for color and warmth—particularly if you are a bit nervous. Nothing is less lovely than a pale ghost-like woman delivering a speech. Apply fluid or cream rouge now. If you prefer dry rouge apply after your face powder.

Eye make-up is particularly important. We talk with our eyes and they need definition for expression. Give eyes depth with eye shadow and liquid eye liner. Add length to lashes with mascara. Nip out stray eyebrows but keep your natural arch. Fill in sparse brows with short, light strokes of eyebrow pencil. Soften these by brushing with an eyebrow brush so they don't look faked.

Regardless of the type of foundation make-up you use, powder your face to a matte finish. A sheen finish will pick up lights and shadows and make you look older from a distance. Assure the non-sheen with a final fluff of powder just before you take your place.

Don't wear a veil of any kind or color over any part of your face. It will add shadows and make you look strangely old from a distance. Don't wear a veil which hangs down on back of shoulders. You might look like a lady in a shroud from at least half-way back.

Don't wear a hat which shades your face—shadows again. Wear a small hat or one which frames your face. Also, don't wear a hat the color of your hair or most of the audience won't be able to distinguish hat from hair.

Whether you wear a hat or not, be sure your hair is simply and becomingly arranged. Don't get a new permanent or try a new hair style for the occasion. An unbecoming result could destroy your self-confidence.

Wear a simple dress or suit in the color most becoming to you. If you wear black, spark it with color to relieve the blank look it will have from a distance.

Keep accessories few and simple. Particularly if you wear glasses, don't wear a fussy hair-do, an elaborate hat, earrings and beads. The overly dressed and overly accessorized speaker is often lost behind the finery—along with the point of her speech.

You will need a slightly heavier make-up if the auditorium is very dark or artificially lighted. In any event, stand at the speaker's table or on the platform before the audience arrives, while your most trusted friend checks your appearance from the center of the room. According to her judgement add more rouge or lipstick. You can always remove the extra color with a powder puff and blot your lipstick down immediately after the meeting if you feel overly made-up for the functions which follow.

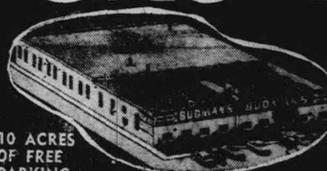

Apples, pears and sweet cherries were first developed in the fertile, temperate, hilly land around the Black and Caspian Seas. Peoples of ancient civilizations there and in Europe ate those fruits centuries before Columbus discovered the New World.

**Perk-Up Menus For Older Folks**

By JEANNE LESEM  
United Press International  
Oldsters who complain that food tastes bland and insipid shouldn't always blame the cook, says a nutrition expert. The sense of taste, like those of sight and hearing, dims with advancing age. Food needs to be especially flavorful and well-seasoned to tempt elderly appetites and induce them to eat a balanced diet, Dr. C. G. King said in an interview.

Dr. King is president of the Nutrition Foundation, Inc., a research organization supported by the food and allied industries to advance the science of good nutrition. Particular attention should be paid to vegetable preparation. Overcooking not only makes vegetables unappetizing, but it also destroys valuable nutrients, Dr. King said.

The aged have a tendency to eat too little fruit, vegetables, and high quality protein, such as lean meat, fish, eggs and cheese, he said. Many who live alone develop finicky appetites and turn to snack type foods. They're no longer interested in careful preparation of nourishing, attractive, well-balanced meals.

For them, Dr. King suggests good prepared foods, such as frozen dinners, packed in individual servings. He said there's "fairly good evidence" that many who live alone are beginning to use such products.

But what of the homemaker whose family includes at least one elderly relative? Must she prepare two separate menus—one for the older and another for the rest of the family?

This course shows poor judgement, Dr. King said. Unless the doctor orders a special diet, older members of the family should share the regular menu, exercising good judgment in emphasizing lean protein foods, fruits and vegetables in pleasant variety, and eating smaller portions of cereal foods and other high calorie products. Low fat cheese and skim milk should be substituted for whole milk products.

A reasonable amount of regular exercise that "isn't too strenuous and presents no danger of falls" should augment this sensible diet, Dr. King said. Walking, golfing and outdoor bowling fall into this category.

But what of finicky eaters whose outspoken idiosyncrasies increase proportionately with advancing age? Make their meals as attractive as possible, Dr. King suggested, and—as with all older persons, "emphasize pleasure rather than the "good for you" angle.

"The average elder tends to get careless about most things, including eating habits," he said. "It's up to the rest of us to convince them that food practices really make a difference in how they feel.

"And I strongly urge group eating. It's conducive to health and pleasure, whether the group numbers two or 200."

### State Sunday School Church Hosts Allen Heights Baptist Convention

The Rev. Mr. Mack R. Douglas, pastor of Tower Grove Baptist Church in St. Louis, Mo., was the guest speaker at the Baptist State Sunday School Convention held at the Allen Heights Baptist Church Sept. 26 and 27.

The Convention was divided into five sessions. Mr. Douglas addressed the Monday evening session on the topic "Prepared to Reach the Unreached." On Tuesday afternoon he participated in a panel discussion entitled "Improving the Quality of Bible Teaching." "Be Ready for the Outreach" was his title for the final session on Tuesday evening.

Mack R. Douglas was born on Seminary Hill, Ft. Worth, Texas. His father is a professor at Mississippi College, Clinton, Miss. He is a graduate of Mississippi College, Clinton and of Southwestern Baptist Theological Seminary where he had work in all three schools.

Brother Douglas served as Music and Educational Director at Riverside Baptist Church in Fort Worth, 1948-49.

### Garden Clubs Hold Meeting

"Mighty Oaks from Little Acorns Grow" will be the theme for the meeting of the Federated Garden Clubs of Michigan, Wednesday, October 5 at Glen Oaks Country Club. The Farmington Garden Club will be hostess to the 50 clubs of District 1.

Mrs. Keith B. Willoughby, director of this district will preside over the business meeting beginning at 9:30. Reports from club presidents will also be featured.

"Cultivating Creativity" will be the subject of Mrs. Albert F. Allmayer of Detroit, the afternoon speaker. This noted lecturer and teacher of flower arranging is known for her creative designs. Her demonstration narrations are sparked with clever anecdotes and filled with accurate knowledge of plant material, exhibited in unusual and expressive designs.

Mrs. James P. Henry is general chairman for the day.

### Who's Who in the Plymouth Community Schools

Urey B. Arnold, the coordinator for the occupational training program at the Plymouth Community High School, was born in Blount, S.D. His father was a Methodist minister while both his mother and sister are teachers. Arnold attended Adrian, Mich. High School and graduated from the Temperance High School in Temperance, Mich. He received his bachelor of science degree from Olivet Nazarene College, graduating magna cum laude, and his master of science degree from the University of Illinois. He has also taken academic work at Northern Illinois University, Eastern Michigan University, Michigan State University, Wayne State University, the University of Michigan and holds a degree from the Davis Business College in Toledo, Ohio.

Arnold served in the United States Navy during World War II and saw action as a Torpedoman, Second Class, aboard an aircraft carrier in the South Pacific.

Before entering the teaching profession Arnold was employed as a public accountant by Wideman, Madden and Co. of Toledo, Ohio, and by the Toledo Chevrolet Division of General Motors as a non-productive cost accountant. He has also held a wide assortment of part-time jobs in business and industry in Syracuse, N.Y. and in the Chicago and Detroit areas. Before coming to Plymouth, Arnold taught vocal music in the junior and senior high school of Sycamore, Ill. and vocal music and general business at the Taylor Center High School. After serving on the staff of the Plymouth Community Junior High School as a vocal music and social studies instructor, he accepted his present position at Plymouth High School four years ago.

Arnold is a member of Phi Delta Lambda and Phi Delta Kappa, both national scholastic honorary societies. He is also a member of the Plymouth Education Association (of which he is a past president and treasurer), the Michigan and National Education Associations, the Southeastern Michigan Coordinators Association (and its treasurer for two years), the American Vocational Association and the Michigan Vocational Coordinators Association. He is a past chairman of the Faculty Advisor Committee of the Plymouth Community High School.

Arnold, his wife, Jane, and young daughter, Janet Sue, live on Adams St. in Plymouth. Mrs. Arnold is a former teacher. The Arnolds enjoy family camping trips and have camped along the West Coast and through the northwestern sector of the United States. Along with camping, Arnold is interested in photography, fishing and golf. A member of the First Methodist Church of Plymouth, he is at present the Superintendent of the Youth Division.

Urey B. Arnold, Jr.

# The Time is Perfect For Aurora Borealis

Some people never have a chance to see northern lights or the Aurora Borealis that colors the sky. There are grownups who live where northern lights aren't rare and yet may be able to count on the fingers of one or both hands the number of times they've seen this usually colorful and always eerie display, usually seen in early evening.

Although the Aurora Borealis is most brilliant and frequent in Alaska and close to the Arctic Circle, it is not uncommon as far south as central United States and has even been reported in the West Indies. The same phenomenon appears in the southern hemisphere where it is known as the Aurora Australis.

Northern lights might be more noticeable in the country but they can be seen over cities, too. The last time I

saw them was over Allentown, Pa., on an evening in early September. The glow of lights over a city can't possibly be mistaken for the Aurora Borealis. For one thing the aurora is much higher and occurs 50 to 200 miles up in the atmosphere. For another thing, the rays or bands or arcs of light may be stationary but usually shift almost like curtains of light.

Sometimes the aurora is brilliant and displays shifting colors. A faint display may seem almost white and even when fairly bright — only yellow. Then again a really brilliant display will show pink, yellow, red and green.

People have been observing and studying the Aurora Borealis of the northern hemisphere and the Aurora Australis of the southern hemisphere for about two centuries. March and September are supposed to be good months to see this heavenly display, June and December poor months to watch for them. But somehow, most of us usually think of them as appearing on cold winter nights when snow is on the ground.

Scientists as well as some amateur observers claim that the Aurora Borealis is not only colorful but also audible. Rushing winds and snapping noises are the sounds reported.

Such sounds would be plausible, since the luminous phenomenon is supposed to be of electrical origin. The appearance of northern lights is linked to sun spots and their activity. Some say to worldwide magnetic storms but in any case, a magnetic storm follows or accompanies the display.

Admiral George Dewey, hero of Manila Bay, was the son of Dr. Julius Dewey, founder of the National Life Insurance Company.

# Plymouth City Commission Minutes

Tuesday, September 6, 1960  
A regular meeting of the City Commission was held in Commission Chamber of the City Hall on Tuesday, September 6, 1960 at 7:30 p.m.

**PRESENT:** Comm. Cutler, Hartmann, Shear, Sincok, Terry, Wernette and Mayor Guenther.

**ABSENT:** None.

Moved by Comm. Sincok and supported by Comm. Cutler that the minutes of the regular meeting of August 15 and the special meeting of August 22, 1960 be approved as written. Carried unanimously.

The Clerk presented a communication from the Michigan Municipal League advising that the City of Plymouth Annual Report is to receive recognition at the Annual Meeting on September 21, 1960.

Moved by Comm. Shear and supported by Comm. Hartmann that Comm. Cutler be appointed the delegate and City Manager Glassford as alternate delegate to receive the award for the Annual Report on-est. Carried unanimously.

The City Manager presented a communication from The Detroit Edison Company advising that a charge of \$10.00 will be made for any installation of a shade on street lights.

Moved by Comm. Terry and supported by Comm. Cutler that anyone who requests to have a street light shaded, and the request is granted, shall pay the \$10.00 fee charged by the Detroit Edison Company. Carried unanimously.

The City Manager presented an invitation to all commissioners to attend the Post Office dedication to be held on September 11, 1960 at 2:00 p.m.

The Clerk presented a communication from the Plymouth Symphony Society for permission to erect a membership drive sign in Kellogg Park.

Moved by Comm. Sincok and supported by Comm. Shear that the matter of a membership drive sign in Kellogg Park for the Symphony Society be referred to the City Manager for disposition. Carried unanimously.

The City Manager presented a communication from the Pep Club of the High School requesting permission to hold a bon fire at the first football game of the year, under the supervision of the firemen.

Moved by Comm. Wernette and supported by Comm. Sincok that the matter of a bon fire be referred to the City Manager for disposition. Carried unanimously.

The City Attorney reported that he had instituted proceedings for money due the city on uncollectable bills.

Moved by Comm. Shear that the City Attorney be granted discretionary power with respect to amounts of old claims turned over to him for collection. Carried unanimously.

The City Attorney reported that he had filed an answer to the suit to a gas station at the corner of S. Harvey Street and Penniman Avenue.

Moved by Comm. Wernette and supported by Comm. Sincok that the City Attorney be authorized not to appear in court regarding the suit brought against the City by the Speedway Oil Company, however, in the event the Judge should indicate that his presence is desired, the City Attorney shall so appear. Carried unanimously.

Mr. Edward Bastoles of Vilcan-Leman & Associates presented a proposed agreement for services to be rendered by them in connection with the Mill Street Urban Renewal Project.

Moved by Comm. Terry and supported by Comm. Cutler that the Mayor and Clerk be authorized to execute a contract with Vilcan-Leman & Associates, subject to the approval of the Federal Housing and Home Finance Agency, for services to be rendered concerning the Mill Street Urban Renewal Project. Carried unanimously.

Moved by Comm. Hartmann and supported by Comm. Wernette that the matter of the necessity for bonding the Mayor and Commissioners as a requirement of the Urban Renewal Act be tabled until September 19, 1960. Carried unanimously.

The City Manager presented a tabulation of bids for equipment and recommended the following: W. F. Miller Company for 2 leaf blowers at \$275.00 each; Telford Equipment Company for 1 leaf collector at \$587.00; and Contractors Machinery Company for 1 small cement mixer at \$479.50.

Moved by Comm. Sincok and supported by Comm. Hartmann that the bids for 2 leaf-blowers, 1 leaf collector and 1 small cement mixer, as outlined above and recommended by the City Manager, be accepted. Carried unanimously.

The City Manager reported that the Wheel Truing Tool Company had executed the purchase agreement for a portion of the land adjoining the cemetery property.

The City Manager presented a petition to the Washtenaw County Drain Commission from Mr. Cross, requesting the City to join him in the petition to have a ditch cleaned at the refuse disposal site on Chubb Road.

Moved by Comm. Hartmann and supported by Comm. Shear that the matter be tabled until September 19, 1960, and that the City Manager be instructed to obtain further information relative to the drain. Carried unanimously.

The City Manager presented a report concerning using petty cash funds for food for emergency and special occasions. The report was ordered accepted and filed.

The City Manager presented a report from the Wayne County Public Library Board concerning proposed changes in charges for library services. The report was ordered accepted and filed.

The City Manager presented a tabulation of bids for removal, disposal and replacement of curb, gutter and sidewalk repairs, recommending the following: Herman Perlongo at a cost of 40 cents a sq. ft. for 4" sidewalk; 50 cents sq. ft. for 6" sidewalk; \$2.50 per lin. ft. for 12" to 18" curb and gutter repair and \$2.50 per lin. ft. for straight curb repair.

Moved by Comm. Sincok and supported by Comm. Hartmann that the bid of Herman Perlongo for sidewalk, curb and gutter repair, as reported and recommended by the City Manager, be accepted. Carried unanimously.

Moved by Comm. Sincok and supported by Comm. Wernette that

the matter of the drainage ditch on the Cassidy property be removed from the table, and that the matter be referred to the City Manager. Carried unanimously.

The City Clerk read a proposed ordinance to amend Ordinance No. 85, Peddlers and Hawkers Ordinance.

Moved by Comm. Shear and supported by Comm. Sincok that the proposed ordinance to amend Ordinance No. 85, Peddlers and Hawkers Ordinance, be passed its first reading. Carried unanimously.

Moved by Comm. Hartmann and supported by Comm. Sincok that the proposed ordinance to control oil well drilling, storage of flammable liquids and gasoline stations be removed from the table. Carried unanimously.

The proposed ordinance to control oil well drilling, storage of flammable liquids and gasoline stations died for lack of a sponsor.

Moved by Comm. Hartmann and supported by Comm. Sincok that the proposed ordinance to control oil well drilling, storage of flammable liquids and gasoline stations be removed from the table. Carried unanimously.

Moved by Comm. Cutler and supported by Comm. Shear that the rules and regulations concerning construction of swimming pools in the city, as submitted by the Building Materials Acceptance Committee and attached hereto, be made a part of the Building Code. Carried unanimously.

The following resolution was offered by Comm. Cutler and supported by Comm. Hartmann:

WHEREAS, the United States Treasury Department has proposed to promulgate regulations to implement the Life Insurance Company Income Tax Act of 1959 so as to deny life insurance companies the constitutional tax exemption of the interest on state and municipal bonds owned by them, and

WHEREAS, interest rate increases would be experienced by local units of government issuing bonds for improvements, and

WHEREAS, the Constitution of the United States, as judicially construed, has established the doctrine of reciprocal indemnity of obligations of federal, state and municipal obligations, and

WHEREAS, representatives of several municipal groups held a conference with representatives of the United States Treasury Department in which they voiced opposition to any and all attempts to tax state and municipal obligations,

NOW, THEREFORE, BE IT RESOLVED that the City of Plymouth, Michigan hereby approves the written proposed regulation which was submitted to the Under Secretary of the Treasury in the following language: "Any interest which under Section 103 is excluded from gross income shall be excluded from the computation of any items of income or deduction of life insurance companies under part one of sub-chapter L," which sub-chapter exempts state and municipal obligations from taxation.

BE IT FURTHER RESOLVED, that a copy of this resolution be forwarded to Senators Patrick V. McNamara and Philip A. Hart, Congressman Martha Griffiths and Secretary of the Treasury Robert B. Anderson.

YES: Comm. Cutler, Hartmann, Shear, Sincok, Terry and Mayor Guenther.

NO: Comm. Wernette. Motion Carried.

Moved by Comm. Hartmann and supported by Comm. Terry that the meeting be adjourned. Carried unanimously.

Harold Guenther, Mayor Joseph Near, Clerk

# Resident To Address State Conference

Myrn R. Smith, president of the Plymouth Finance Co., delivered the keynote address Tuesday at the annual Public Relations Conference of the Michigan Consumer Finance Assn. held in Lansing.

Smith is president of the statewide association and is a member of the Public Relations Board. The conference, held at the Albert Pick Motor Motel, is covering all phases of public relations on a national, state and local level.

The convention will explore the challenge of changes in our economy in the 1960's and how the consumer finance business can better serve the American consumer in the decade ahead.

According to Smith, the net worth of the American family today in the form of real estate, securities and investments, savings accounts, bonds, cash value of live insurance and other assets is over one and a half trillion dollars. About one of five

families use the facilities of licensed consumer finance companies for improving and maintaining their living conditions.

**WRESTLER SETS RECORD**  
SYRACUSE, N.Y. (UPI)—Les Austin, class of 1960, was the first Syracuse University wrestler to log an unbeaten record in dual meets during his career. The Amityville, N.Y., athlete posted a record of 23-0-1 in three varsity seasons.

From where I sit... by Joe Marsh

## Huck Saves the Day

Saturday's always "together" day for Huck Roberts and his missus. Five days a week Huck's selling on the road, so they like to spend Saturday afternoon by themselves.

the couple drove off, Huck went right back inside!

From where I sit, neighborliness means a mutual respect between neighbors—for one's privacy, feelings and preferences. This holds for little things too. For instance, when a neighbor prefers a glass of beer or buttermilk, that's his business. And it's our job to respect his preference every day of the week—Saturdays, Sundays and holidays included.

Most of Huck's friends know this and stay away unless invited. All except one couple. Then Huck found a polite way to send them home.

Soon as Huck would spot the couple driving up, he'd put on his hat and coat—and step out the front door. Polite as could be, Huck would say, "Sorry we can't ask you in, we're just on our way out!" Then, soon's

the couple drove off, Huck went right back inside!

**TIPS FOR TEENS**

By **ELINOR WILLIAMS**

Q.—"Dear Elinor: I am almost 16 and have never had a date. I can go to a dance only every other week, although my friends go every week. When we go to the dance, one of our parents takes us and brings us home. Do you think they are being fair? My mother and I are always fighting about this."

Ans.—Your parents probably want you to avoid "too much too soon" in dating. But you are old enough to begin to have group-dates, or double-dates for school activities and dances, especially if a parent is at the wheel of

the car, until you begin to have "solo" dates. Perhaps your parents won't object if you begin to date gradually in this way, as many girls do... This gives parents a chance to know the boys, to know that you have safe transportation, and where you are...

Q.—"Dear Miss Williams: Do you think it is all right to call a boy on the telephone?"

Ans.—It's all right to call him when it's necessary, but most boys prefer to do the calling when it's just to talk... the boys' parents prefer it that way, too.

Q.—"Dear Elinor: I am on a starvation diet, but I don't know how much to lose. We are moving and I want to have a nice figure. I am 13."

Ans.—Never go on a "starvation diet!" In the "teens, you are growing and maturing and you need a well-balanced diet with enough food for growth and energy and good health. Eat regular meals, but omit desserts; eat fruit instead. Drink fruit juice instead of fattening drinks. Don't eat bread and potato in the same meal. Omit gravy and mayonnaise. Skip the "trimmings" of meals, but eat the necessary basic foods, including cereal, eggs, milk, lean meat, vegetables, fruit.

(For easy posture-exercises to help improve your appearance, send stamped, self-addressed envelope to Elinor Williams at this paper.)

**THE GOOD OLD DAYS... FROM THE PAGES OF THE MAIL**

**10 Years Ago**

The Drama Group of the Woman's Club enjoyed a potluck luncheon and play practice last Friday in the home of Mrs. Milton Laible.

The Kresge building permit totaling \$21,000 is the largest ever issued in the city.

Edson A. Whipple and James Butt spent last Saturday at East Lansing, where they visited college friends and attended the Michigan State-Oregon football game.

The Daughters of America are sponsoring a Rummage Sale at the Grange Hall Oct. 6 and 7 to raise funds for flags in the new George A. Smith grade school.

Plymouth Rocks won their first football game in three years last Friday night when they defeated Belleville 22-0.

Easter lilies bloom in the fall in the garden of Gus Meyers on North Harvey St. The blossoms are perfect.

Over a week has passed since the City of Plymouth removed rent controls and not a single complaint has been received by the City Hall.

A M campaign dinner next Monday launching campaign to raise money for the Phoenix Project I for financing research in peace time use of atomic energy. The dinner will precede a special broadcast, one of the speakers being Gen. Dwight D. Eisenhower.

\$12,000 is the goal set for Plymouth in the Community Fund Drive. Carvel Bentley is the Community Fund Board president.

Mr. and Mrs. Merle Rorbacher of N. Territorial Rd. left on Wednesday for a few days visit with Mr. Rorbacher's brother, Ford Beckler, in Pittsford. They will also attend the Hillsdale fair.

Miss Margaret Willoughby, daughter of Mr. and Mrs. Robert Willoughby of Ann Arbor Trail, has entered Indiana University at Bloomington, Ind. as a sophomore.

Jack Gage and David J. Liffe have returned to East Lansing where they have enrolled at Michigan State College as sophomores.

Flamingos feed with their heads turned upside down.

**U of M Awards Degrees to Five**

The University of Michigan has awarded 1,239 degrees to Summer Session graduates, announces Erich A. Walter, secretary of the University.

One year ago, 1,190 degrees were conferred at the end of the Summer Session.

The Horace H. Rackham School of Graduate Studies granted 728 of this year's total.

Graduates are from Michigan and 41 other states, the District of Columbia, and 28 foreign countries.

Those Plymouthites receiving degrees in the summer session are: Robert E. Anderson, 1113 S. Harvey St., Master of Arts; LaForrest A. Holladay, 14314 Shadywood, Bachelor of Arts; John C. Knaggs, 42126 Brentwood, Master of Science; Herbert J. Spring, 42005 Micol, Master of Arts; Virginia M. Calligari, 31155 Hathaway, Master of Arts.

**Receive Michigan State Degrees**

Two Plymouth area students were among the 990 receiving diplomas this summer from Michigan State University.

Raymond Spigarelli, 1237 Beck Rd., received a bachelor's degree in geology and Julie Ann Hallock, 1280 West Ann Arbor Trail graduated with honors with a bachelor of science in nursing. The 990 graduate included 542 who received bachelor's degrees, 398 who received master's degrees and 50 receiving doctoral degrees. This was the largest summer class in the history of Michigan State.

Louvain, Belgium is the site of a university founded in 1426.

**25 Years Ago**

In 1886 Plymouth's South Main Street was photographed, town band, general stores, horses, buggies and all. This week a reproduction of that photo, accurately painted in every detail, was hung in the lobby of the City Hall. The painting, made by Edward McCandish, is in oil.

Plymouth banker, Russell Daane, found \$2,700 in negotiable bonds on a New York street. With Mr. Daane at the time was Charles H. Bennett, president of the Daisy Manufacturing Company. The bonds were quickly returned to the bond house from which they were issued but Mr. Daane is still waiting for a letter of thanks.

About 30 enjoyed the supper at the home of Mr. and Mrs. Perry Campbell on Canton Center Road Tuesday evening prepared by one of the divisions of the Mission Study class of the Presbyterian Sunday School.

The Octette bridge club will have its first desert-bridge of the season on Wednesday, October 2, with Mrs. Thomas Moss of Sheridan Ave. as hostess. The members include Mrs. Ralph Lorenz, Mrs. Floyd Eckles, Mrs. Orson Polley, Mrs. Harold Link, Mrs. M. G. Blunk, Mrs. Floyd Wilson and Mrs. Lynn Felton.

James Livingston, son of Mrs. Zella Livingston, entered the Michigan State Normal at Ypsilanti this

**Legal Notices**

Clifford H. Manwaring, Atty. 274 S. Main St. Plymouth STATE OF MICHIGAN County of Wayne ss. 479,614

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the seventh day of September, in the year one thousand nine hundred and sixty.

Present Frank S. Szymanski, Judge of Probate. In the matter of the estate of JOHN SKUBIS, deceased.

Clifford H. Manwaring, administrator of said estate, having rendered to this Court his first and final account in said matter and filed therewith a petition praying that the residue of said estate be assigned to the person or persons entitled thereto and that his letters of administration be revoked and annulled: It is ordered, that the twelfth day of October, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition. And it is further ordered, that a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the PLYMOUTH MAIL, a newspaper printed and circulated in said County of Wayne.

FRANK S. SZYMANSKI, Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated Sept. 7, 1960.

**'61 CHEVY TRUCKS**

WITH WORK-PROVED INDEPENDENT FRONT SUSPENSION!

**WORTH MORE BECAUSE THEY WORK MORE!**

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more... the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models in the '61 fleet—lower priced, long-wheelbase 4-wheel drive trucks—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on actual owner reports) that Chevrolet's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdi-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel fight and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options, the works. Then, by all means, drive a '61. Once around your Chevrolet dealer's block and you'll never be satisfied with a front axle truck again!

Torsion spring heavyweight—with a ride that means easier going for the driver and the load, less tire abuse, and longer life for the truck itself.

Whip this Fleetside over a rutted road and find out what torsion springs are all about!

SEE THE GREATEST SHOW ON WORTH AT YOUR LOCAL AUTHORIZED CHEVROLET DEALER'S

# School Board Minutes

The regular monthly meeting of the Board of Education of the Plymouth Community School District was held Monday evening, August 8, 1960, in the Board Room of the Administration Building, 1024 South Mill Street at eight o'clock.  
 Present: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra; Supr. Kelly, Superintendent Isibster and Mr. Arnold. Also present: Mr. Sponseller, Mr. Barbour, and Mr. Keהל.  
 The meeting was called to order by President Niemi at 8:00 p.m. The Secretary announced that he had received one (1) bid for the purchase of Two Hundred Thousand Dollars (\$200,000.00) Tax Anticipation Notes of the District, which sealed bids were then and there in his possession.  
 The President then announced that the said sealed bids in the possession of the Secretary would be opened and read and proceeded to open and read such bids, in the presence of the Board and the public attending the Board meeting, as the same were handed to him by the following:  
 The following bid was opened and read:  

Name of Bid	Amount	Interest Rate	Interest Cost to District
National Bank of Detroit	\$200,000.00 amount of \$58.46 premium/bid	2.40%	\$2,787.05 (212 days)
			Less \$58.45, prem. bid
			\$2,728.49
			Net Interest Cost

It was moved by Member H. Fischer and seconded by Member Hulsing that the bid of National Bank of Detroit for the purchase of the Two Hundred Thousand Dollars (\$200,000.00) Tax Anticipation Notes of the School District, authorized by the Board of Education at a meeting held on July 5, 1960, be accepted, and that the Secretary be authorized to return the certified checks of all unsuccessful bidders as promptly as possible.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion declared adopted.  
 It was moved by Member Hulsing and seconded by Member Soth that the minutes of the last regular and intervening special meetings be approved as read.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.  
 It was moved by Member H. Fischer and seconded by Member Soth that the following citizens be appointed to the Northwest Wayne County Community College Advisory Committee: Mr. Robert Barbour, Mr. Sam Hudson, Mrs. Jessie Laiter, and Mr. Don Sutherland.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.

It was moved by Member H. Fischer and seconded by Member Soth that the ten acre school site on Warren Road near Haggerty Road be leased for a period of two (2) years to Mr. Efel Bailey of Garden City, Michigan, for a principal sum of \$250,000 or 1,000 square yards of soil with the choice to be made by the Board of Education before the termination of the lease.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.  
 Member Soth, Chairman of the Facilities Planning Committee, presented for consideration a written report on the planning for the new junior high school, included in the report were the following specific recommendations:  
 1. The classroom portion should be two-story construction.  
 2. A planning and construction time schedule outlined as follows:  
 August 8, 1960 - Facility Committee Report  
 August 15, 1960 - Start preliminary drawings  
 October 15, 1960 - Complete preliminary drawings  
 February 1, 1961 - Complete working drawings  
 March 15, 1961 - Open bids  
 April 1, 1961 - Start construction  
 July 1, 1962 - Complete construction  
 August 1, 1962 - Equip and furnish  
 September 1, 1962 - Open for occupancy  
 3. A tentative budget for the two phases of the school as follows:

	1st Phase	2nd Phase	Total
Construction (Building, Site Development, Utilities)	\$794,000	\$541,438	\$1,335,438
Architect Fees	39,700	27,002	66,702
Survey, Borings, etc.	300	500	800
Landscaping	6,000	6,000	12,000
Furniture and Equipment	60,000	25,000	85,000
Contingencies	900,000	600,000	1,500,000
			100,000
Total			\$1,600,000

It was moved by Member H. Fischer and seconded by Member Kaiser that the recommendation of the School Facilities Committee be approved and the architect, Bennett and Straight, Inc., be authorized to proceed with the planning of the new junior high school in accordance with these recommendations.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.  
 The following bills by Member Soth and seconded by Member Kaiser that the following bills be approved for payment:  
 General Fund:  
 Voucher 3148, Pay Roll 7-15-60 \$23,476.33  
 Voucher 3149, Pay Roll 7-29-60 22,363.14  
 Vouchers 3150 to 3383, inclusive 27,438.87  
 Bldg. & Site Sinking Fund:  
 Vouchers 85 to 92 inclusive 30,858.75  
 Nichols Trust Fund:  
 Voucher 911 12.45  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.

It was moved by Member Soth and seconded by Member H. Fischer that the superintendent's recommendation for an increase of \$120 in the extra compensation paid to John Howe for his services as director of the six-week outdoor education program be approved.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.  
 It was moved by Member Soth and seconded by Member Hulsing that the superintendent's recommendation for the appointment of Mr. Kenneth Gabel as a junior high school teacher be approved.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion was carried.  
 A letter from Dr. Sutherland of the Plymouth Theatre Guild pointing to the need for building repairs at the Bartlett School, a portion of which is now used by the Guild, was read and discussed.  
 Superintendent Isibster and Supervisor Kelly were authorized to investigate and make a recommendation.  
 A sub-soil condition at the Starkweather School necessitating a change in the design of the foundation for the new addition was discussed by Supervisor Kelly. Upon a recommendation of the architect, Gould, Moss and Joseph, Inc., it was moved by Member Hulsing and seconded by Member Zylstra that a change order to Burger Construction of \$4,500 be authorized for the additional cost of the new foundation.

A special meeting of the Board of Education of the Plymouth Community School District was held Monday evening, August 22, 1960, in the Board Room of the Administration Building, 1024 South Mill Street at eight o'clock.  
 Present: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra; Adm. Asst. Blunk, Supt. Isibster, Supr. Kelly and Mr. Arnold.  
 Also present: Mr. Tugate, Mr. Jenkins, Mr. Larson, Mr. Malbouef and Mr. Chandler.  
 President Niemi called the meeting to order at 8:00 p.m. It was moved by Member Hulsing and seconded by Member Kaiser that the following resolution be adopted:  
 RESOLVED: By the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, That there be levied on the taxable property of said district for the year 1960, a total tax of \$2,251,064.31 for all purposes, said tax to be apportioned among the several fractions of the district as follows:

Twp. or City	Rate (Mills)	State Equalized Valuation	Amount of Tax
Canton Township	21.90	\$ 9,018,204	\$ 197,438.67
Northville Township	21.90	1,359,719	29,777.84
Plymouth Township	21.90	57,840,583	1,253,868.33
City of Plymouth	21.90	35,907,145	786,636.47
Superior Twp. (Washtenaw)	21.90	162,394	3,563.00
Total		\$102,788,325	\$2,251,064.31

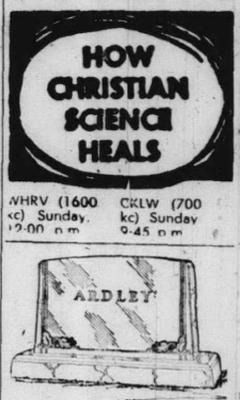

Millage rates for the 1960-61 tax year be set as follows:  
 Operating Fund - 14.40 mills  
 Building & Site Sinking Fund - 4.70 mills  
 1955 Debt Retirement Fund - 2.80 mills  
 Total - 21.90 mills  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion declared adopted.  
 Motion was authorized to continue with the present policy in making school facilities available for use by the political parties.  
 Messrs. Jenkins, Larson and Malbouef, representing residents and property owners of the Maple and Sheldon Road area, appeared before the Board and presented in writing the following recommendations to be considered in planning the new junior high school:  
 1. that the new school building front on Sheldon Road, be consistent with the Bird Elementary School, and other surrounding properties.  
 2. that the architectural design and the general landscaping plan be in harmony with the surrounding neighborhood.  
 3. that the parking area for the new school be located in the rear of the building (west side).  
 4. that all traffic entrances and exits for the school be made from Ann Arbor Trail.  
 The noted also, that they "do not now oppose the construction of the junior high school on this site, but request that the Board exert every effort to preserve the appeal, charm and character of the neighborhood in the planning for this new facility".  
 The recommendations were taken under advisement and referred by President Niemi to the Facility Planning Committee and the Architect for further study.  
 It was moved by Member Hulsing and seconded by Member Zylstra that authority be granted to re-roof the Bartlett School and that the contract be awarded to the low bidder following proper advertisement in the Plymouth Mail.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion carried.  
 The organization and functions of the Adult Education and Recreation Commission were discussed at length. Mr. Arnold was authorized to seek from former members of the Commission opinions on how they thought the Commission's work might be strengthened and improved.

It was moved by Member Hulsing and seconded by Member Soth that Miss B. Pascoe's resignation be approved.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion carried.  
 It was moved by Member Soth and seconded by Member Kaiser that the Superintendent's recommendation for the appointment of Miss Josephine Crocker be approved.  
 Ayes: Members G. Fischer, H. Fischer, Hulsing, Kaiser, Niemi, Soth and Zylstra.  
 Nays: None.  
 Motion carried.  
 President Niemi appointed Members Fischer and Zylstra to a temporary committee for the purpose of reviewing and evaluating the recommendations for water treatment in the schools.  
 Supervisor Kelly presented a progress report on the additions and maintenance projects now under way.  
 The meeting was adjourned at 10:10 p.m.  
 Respectfully submitted,  
 Harold E. Fischer, Secretary

**St. John's Has Harvest Festival Next Sunday**  
 Harvest Festival, which is one of the oldest festivals recorded in the Bible, will be observed at all the services at St. John's Church, 574 Sheldon Rd. next Sunday, Oct. 2.  
 In accordance with tradition, the church will be decorated with symbols of the harvest-fruit, vegetables, flowers, corn and grain which will be brought by the parishioners for the occasion.  
 Special music will be offered by the Choir.  
 The guest preacher will be the Rev. Fred Robera H. Whitaker, M.A., Ph.D., Director of the School of the Diocese of Michigan. The public is invited to attend these services.

**Newcomers Plan Fall Luncheon**  
 Fox Hills Country Club will be the scene of the Newcomers Club luncheon to be held Oct. 6 at 12 noon. Reservations must be made by Oct. 4 with Bettie Bettaso, GL 3-1904 or GL 3-0469.  
 Guest speaker will be Mrs. Norma Scherman from the Garden City who will demonstrate flower arrangements.  
 Indians in the United States during 1952 received more than \$15 million in bonuses, rentals and royalties from Indian lands which were leased for development of oil and gas.

# What We're Thinking Here

(Editor's Note: The New York Times last week published a story from its Detroit bureau which attempted to analyze what voters are thinking in Michigan's 17th District, in which Plymouth, Livonia and Redford Township are located. The story follows.)

**By DAMON STETSON**  
Special to The New York Times

DETROIT, Sept. 20 — Two years ago the voters of Michigan's Seventeenth Congressional District were worrying most of all about the recession and unemployment. Today their major concern appears to be the critical international situation and how to insure peace in a troubled world.

The Seventeenth encompasses Detroit's Twenty-second Ward, a middle-class area on Detroit's west side, and the suburban communities of Livonia, Northville, Plymouth and Redford Township. Republican and Democrat voters are quite closely divided in the district, which has a population of 515,926.

The district is significant politically because of the close division normally between Democrats and Republicans. In 1956, Representative Martha W. Griffiths, Democrat, triumphed over her Republican opponent by a little more than 14,000 votes. Two years ago she won by a more substantial margin.

The district was one of the last to be won by Democrats. If Republicans are to take Michigan, politicians generally agree, they would probably have to win in the Seventeenth Congressional District.

The voters interviewed last week, with a few exceptions, the same ones questioned two years ago about their political attitudes. At that time both Democrats and Republicans showed surprising unanimity in their emphasis on economic issues.

Although Michigan's unemployment total is still high—270,000 or 9.3 percent of the labor force—people were not talking to any extent about business conditions last week. Instead, they were expressing concern (and sometimes fear) about Premier Khrushchev's intentions, the state of this nation's preparedness, and the possibilities of a world conflagration being kindled in a Cuba, a Congo or a Laos.

In a sampling of political opinions, voter after voter expressed the view that the key question in the campaign was which candidate for the Presidency could best administer United States foreign policy.

"I don't think much further than the war issue right now," Mrs. Paul Feasel said.

"I voted for President Eisenhower in 1952 and 1956, but frankly I haven't fully decided how I'm going to vote this time."

In suburban Plymouth, Mrs. Patrick Butler, a Democrat, said she considered the nation's foreign policy the most important issue. She is supporting Senator John F. Kennedy, the Democratic nominee.

"I don't think the Republican Administration has done as well as it should have in that field," she said. "I didn't like the way we handled the U-2. We shouldn't have sent the plane over Russia at that time. I just feel the United States has been losing prestige in the world."

Mrs. William Gillelan of Livonia, who is leaning toward Vice President Nixon, the Republican nominee, agreed that the international situation was desperate but she favored a Republican prescription rather than a Democratic one.

"Nixon has experience already in foreign affairs," she said. "I'd kind of hate to see someone like Senator Kennedy step in brand new in such a ticklish world situation."

"I think the main issue is keeping this country ahead of Russia in armament," said Robert Lamondra, a Livonia real estate man. "I think I'll vote for Kennedy. He'll do more for our defense than Nixon."

Republicans generally cited Vice President Nixon's experience in the Eisenhower Administration, his extensive travels and his kitchen confrontation of Premier Khrushchev in Moscow in 1959 as reasons why he would be the better choice.

"It seems to me that Nixon has more information and more experience," commented Herman Anderson, a retired bank teller in Detroit. "He's closer to the picture than Senator Kennedy and has had the benefit of Eisenhower's experience and military background."

Supporters of Mr. Kennedy cited his youth, his vigor, his intelligence and his personality as qualities they admired.

"I think Senator Kennedy is a smart man," Mrs. Orville Lockwood of Plymouth said. "He gets along well with people and knows how to get things done. But he's not like Harry Truman was and doesn't jump in where angels fear to tread."

Mrs. Lockwood, incidentally, is switching to the Democrats this fall. She voted for President Eisenhower in both 1952 and 1956, but she is satisfied with his Administration and thinks that United States foreign policy is a "mess".

Although the religious question was mentioned by

## Boys of '61 March Again

Visitors to Greenfield Village October 1 and 2 will get a pre-glimpse of the 1961 Civil War centennial observance and the frontiersmen, pioneers and Indians of the old west all rolled into a two-day program, the Sixth Annual Muzzle Loaders Turkey Shoot. The sharp crack of ancient rifles and pistols, parades, martial music of long ago—contrasted with well-known trick shot artists of today—all combine to make two big days of nostalgia and fun for oldtime firearms enthusiasts and spectators alike. The artillery unit above of the 11th Ohio regiment of Toledo is typical of the military groups. More than a dozen such regiments, both Union and Confederate, will fire authentic muzzle loading pieces in contests and re-live the Civil War era from noon to 5 p.m. on Sunday. Frontiersmen and other brightly-garbed historical figures will blaze away at unique targets on Saturday. The shooters are from Ohio, Michigan, Indiana, Wisconsin, Kentucky and Virginia. The Greenfield Village Shoot gets its name from Colonial times when it was the practice of local innkeepers to sponsor such an event in the fall. Greenfield Village is near Detroit, Mich.

## How's Business?

# Why U.S. Is Losing Gold

By ROGER W. BABSON

For the past eleven years, our nation's monetary gold stocks have been dwindling from the all-time-high level of \$24.6 billion in the fall of 1949. Until February 1958, however, the net outflow of gold was both gradual and irregular.

But in the past 30 months this adverse trend has spurred to seriously proportions. Recently the nation's gold reserves shrank below \$19 billion, the lowest in over two decades. Because of mounting public concern, it is well to analyze the problem and find out why the United States is losing gold.

The flight of gold in the 1950's was a correction of the abnormal concentration of gold in the U.S. From the late 1930's and into the World War II years, foreign purchases of food and military

equipment were paid for in gold. Foreign demand for food and capital goods continued at a high level during the reconstruction period, giving an added fillip to the accumulation of gold here.

During those years America was a haven for foreign savings and capital. Furthermore, there was a flight of wealth from inflation-racked nations. More recently, changed world economic conditions have caused a realignment of international gold supplies.

Another major cause of gold outflow has been the continuation of America's "dollar diplomacy" programs. The U.S. has had to remit huge sums to foreign countries in economic aid and for military purposes. Up to 1958, the wide excess of American exports over imports held down the loss of gold. With the deterioration of our competitive position in world trade, due to inordinately high labor costs, our foreign trade can no longer underwrite the nation's outpouring of funds for foreign aid.

Furthermore, attractive investment opportunities abroad are now luring foreign and American capital away from our shores. American tourist spending is also a factor in the decline of our monetary gold supply.

## Handwriting is Clue About You

Dear Miss Williams: You dislike details and hate interruptions but you will forge ahead because you are intelligent and determined with an aggressive attitude. Dear Miss Williams: Will you please analyze my handwriting? I read your column every week and enjoy it very much. Thank you. Mrs. H. A. W.

Dear Mrs. H. A. W.: You're very artistic and creative. You have a natural graceful flair to your writing and show considerable constructive ability. Your imagination is very good and you can fulfill the ideas you dream up mentally. You are very efficient in what you do and have a well organized routine. You do things in an orderly way, find time for your hobbies or recreation but still keep your regular duties well in hand.

## Under 21

By DAN HALLIGAN

Dear Dan: I'm a 17-year-old girl and have been going steady with this certain guy for more than a year. He's 20 years old. We've been planning on marriage for quite some time but I told him some months ago I didn't want to start off our marriage with a stack of bills I knew he had, plus the payments on his car. Anyway, I told him to get the bills paid off and then I would consider marriage.

But instead of buckling down and doing this, it seems now all he concentrates on is his car, job, sleep and other boys. I hardly see him anymore. When I once asked him why I don't see him much anymore, he said he was always tired and had to get his sleep but I knew he was downtown with his car full of his friends.

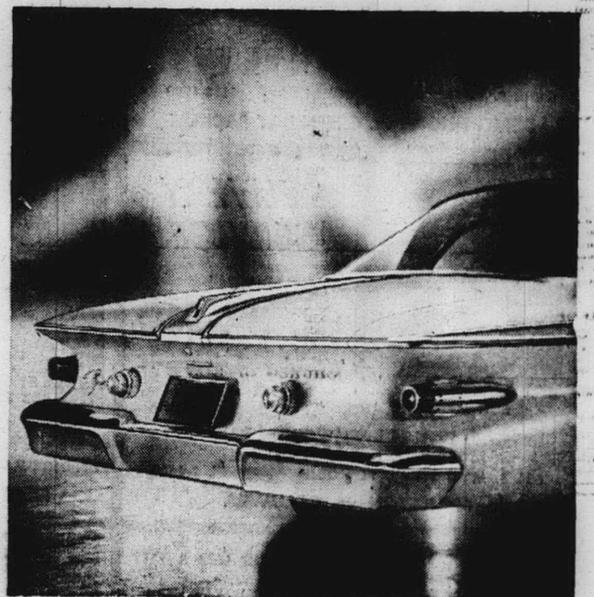

I know he loves me as much as I love him but think perhaps he doesn't want to face up to the responsibility of marriage.

I've even dated others recently but that hasn't helped because I find myself always comparing them to him and none has ever measured up to him. I've got a problem but I don't know what the solution is. Do you.—In Love.

Dear Dan: I'm a young man of nearly 21 who has just completed his first enlistment in the Army. I really liked military service and would like to enlist again and maybe even make a career out of it.

All my friends are laughing at me and my parents, especially my father, says I should have more ambition than to just want to be a soldier. The trouble with Dad is that he thinks all you do is peel potatoes and walk guard duty.

There's also my girl to consider. She says if I join up again, I can forget all about her. With all this pressure I'm under I probably won't make a career of the Army but don't you think that a guy should be allowed to choose

### EASY CONTEST RULES

1. Read these rules and each ad on this page carefully.
2. Each week of the football season ads will appear on this page containing the names of two teams playing each other over the weekend. These will be the only games considered.
3. On a separate sheet of paper, not this page, list the names of each merchant and your selection of the winner of each game directly after that of the merchant example: Box Bar — Notre Dame.
4. In addition you must show the score of the two teams in the ad that request the score.
5. All entries must be postmarked or delivered to the office of **PLYMOUTH MAIL 271 S. MAIN** by 5 p.m. Friday following publication to be eligible.
6. In case of ties the earliest postmark shall be declared the winner. The decision of the judges shall be final. Winners will be notified.
7. Employees of any newspaper and their families are not eligible to enter.
8. In order to be fair to all entrants, previous week's first place winners are no longer eligible to enter once they have won. Only one entry per person.
9. Be sure your name and address are on your entry.

**WIN IN THE MERCHANTS' BONUS JACK POT \$6<sup>00</sup>**

To be eligible for the Merchants Bonus Jack Pot simply take your entry into any of the participating merchants, have it stamped or signed, then submit it to the Plymouth Mail.

Any winning entry so marked will share in the \$6.00 Bonus.

However, it is not necessary to have it marked to be a contest winner, only to share in the Jack Pot.

## "And Was It Rough..."

"You say you had troubles in the old days. Well, lemme tell you about myself. I really was in tough shape. I couldn't sell lemonade for two cents, I didn't have any pop bottles to turn in, and I couldn't borrow any more from my Daddy. I didn't know where my next ice cream cone was coming from. Then I tried the want ads. Quick-like-a-flash, I was rich. There went Mommy's white hat, and Daddy's pipe, and my big bruver's tricycle. I was a zillionaire. But they caught up with me. They put me on an allowance. Oh well . . . It's a living."
