'Don't Knock Down Our Trees,' Residents Ask

Over \$2,000 Donated To Marching Mothers

More than \$2,000 was collected from Plymouth families in last week's Mothers March on Polio.

Total amount contributed to the drive against infantile paralysis, arthritis and other diseases was \$2,152.90.

The report came from Mrs. Charles Olson, Byron Ave., who was general

chairman for the Mothers March.

Other totals—from the teenage street corner peanut sale earlier last month, coin cards and canisters which have been distributed to local merchants — have not been totaled yet.

The final result will be available in two weeks, after all tallying is done, Mrs. J. R. Witner, who, with her husband, is chairman of the 1962 March of Dimes in the community.

Plymouth ladies who helped in the nine sections of the city to co-ordinate the drive last Tuesday were:

Mrs. Lucille Young, Mrs. Marilyn Bogenschutz, Mrs. Betty Cannon, Mrs. Delores Olsaver and Mrs. Betty England.

Others included Mrs. Janet Luce, Mrs. Peggy Space, Mrs. Mildred Dely, Mrs. Jean Olson, Mrs. Phyllis Jarskey and Mrs. Jane Diekmann.

A total of 175 women helped in the city-wide canvass.

FACTS and OPINIONS

by Paul Chandler

Analyzed in terms of the local scene—or as a national nuisance—the John Birchers are a bane.

And the effects of this highly inflammatory society are felt right here—in Redford Township; in Plymouth.

In Plymouth, for instance, there is a stationary store where for years there has been distributed literature churned from the typewriters of the super-patriot, far-right, we-hate-foreigners-and-impure-bloodiness, John-Birch-type authors.

In Redford Township there are people who read the stuff and others who march out to attempt to impose the attitudes upon their home town. And in that highly charged community hard by the shores of Telegraph Rd. there also is a newspaper publisher who inflames, inflates and prods the bigots in their missions of hate. The results are not pretty. These elements are mean, dirty and destructive and they bring out the very worst of petty mortal smallness. They pose as ultra "Americans" and befool the most basic of virtues and principles which are the fibre of original America: namely tolerance; protection and encouragement of minorities; a religious vision across the universe; freedom of thought, individual creativeness and individual enterprise.

Instead, they would lock every individual to their own particular rigid set of values, and mercilessly destroy all who refuse to conform. It is fascism, dear sirs, and it is not idle peril in this fair nation at this hour of international conflict.

No intelligent citizen can be confused over the difference between (a) the stated aims of John Birchism-fascism; and (b) how it comes out in practice. Their aims are "patriotic"; they are "anti-communist"; they are "conservative"; they sound wholesome.

In practice, always, it comes out (a) a small grouping of people who believe themselves "elite" but persecuted — and they usually purport to be elite in genetic bloodlines and heredity, as well as "intelligence"; (b) a stern crust of leadership heavily larded with military men accustomed to having their orders accepted unquestioningly by inferiors; (c) underground secrecy; (d) an attempt to use the Cross and the Flag as "their symbols" to win their ends.

Hence, how any American political party could even hesitate to condemn the same kind of society which spawned Hitler and Mussolini and other tyrants is impossible to understand.

The day America stands alone in a fascistic setting, trying to stand against the rest of the whole world, will be our day of doom. Our nation will be totally washed up in history.

MOUNDS OF SALT form the background as Plymouth's DPW Head Joe Bida looks on while a pile for use on icy streets is scooped up. Plymouth uses about 1,200 tons of salt during the winter.

Winter Keeps Them Busy At Joe's Little Salt Mine

Take a poll to find Plymouth's busiest men in wintertime and you'll probably come up with the employees of the city's Department of Public Works.

For DPW Superintendent Joseph Bida and his 17-man crew, winter brings the year's hardest work.

Snowstorms and cold weather — like those that plagued the city again this week — are stuck in trade for the DPW crew, whose salt piles are constantly being added to. Two dump trucks with underbody scrapers, Swensen Spreaders and two tractors are usually busy this time of year.

This winter has been one of the best to put the Department to its weather tests.

"I can't remember a worse winter than that of 1959-1960," Bida recalls. "And that was the worst one I've seen in Plymouth."

How does the DPW get ready for a storm?

"During working hours, the police keep us informed of any coming storms," Bida said. "Then I get together with Howard Roddenberg, foreman of the department, and in a matter of minutes the trucks are on the road going to work."

"During the night, if the weatherman predicts snow or ice, trucks are ready to go."

An average one-half inch snowstorm means that 14 tons of salt have to be spread on city streets.

"One man can cover the two square miles of the city in an hour and a half," according to

Bida. "We take care of all railroad crossings, stop streets and places where there are any kinds of hills. We're making plans to salt the entrances to school parking lots."

Over a winter, the Department usually uses 1,200 tons of salt for road maintenance. Cost to the city? \$7.20 a ton. "Salt

is used because it's the quickest method to start melting the ice. Calcium chloride also is good but much more expensive and it's dirty, too. I usually end up in the city sewer system," Bida stated.

"We do get some complaints from people who resent salt," he continued. "But our goal at the DPW is not to care about rust, but to protect people from being injured."

Annual budget for the Department is somewhat over \$200,000. More than one-third of the city's entire budget goes to the Department, which also takes care of city parks and recreation facilities.

In addition to Bida and Roddenberg, the DPW is staffed by Miss Evelyn Stanible who handles service requests, reports and complaints, and 15 men in the department who handle work for the Water Dept., the cemetery, streets, sewers, trees, parks and signs.

The men do double duty during storms by taking care of snow removal as well.

Busiest time this year so far for the Department was the second week in January when a sleet storm hit Plymouth and surrounding areas.

In other recent work, DPW spread 27 tons of salt last Friday.

College Election Is June 11

Trustees of the Community College have decided to hold their election for millage simultaneously with the annual election of Board of Education members on June 11.

They haven't yet decided what will appear on the ballot, but is probably will be a request for one mill or one-and-a-half mills to buy the property, build the college, and pay for operations. Balance of the financing will come from tuition fees and from the State of Michigan.

The college district embraces Plymouth, Livonia, Clarenceville and Garden City school districts. All will be holding elections of Board members on June 11.

Also adopted was a "Career Plan." This is, in effect, a salary schedule for all certified employees below the President. It is an adaptation of the plan now used by Northwestern Michigan College, Traverse City. It recognizes experience and training. It also recognizes merit.

According to the plan, it contains "built in features for the self elimination of less promising faculty members", as well as means of rewarding exceptionally capable faculty and staff. The main system of the plan is "to secure and retain an alert faculty, professional in attitude and training." Block, or hurdles, are placed in the schedule which no instructor may cross unless by action of the Trustees.

By adoption an organizational pattern and a salary plan, the Board is now in a position to estimate closely many of its costs through the early years of operation.

The costs of operation and the costs of buildings and grounds, taken together, will control the size of the College. Before the Board can ask the people for money, it must know what costs are involved in buildings and faculty for the number of students expected.

New Cabs Approved

A plea by Penniman Ave. residents to save the street's stately trees was heard by the City Commission Monday during a public hearing on street improvements.

Two residents appeared to urge Commissioners not to knock down the trees when a three-foot widening of Penniman (west of the Post Office Building) is begun.

Present plans call for the trees to remain standing "when possible" but some be destroyed has been made.

"Here we are," Mrs. E. C. Robinson told the Commission, "taking down trees that have taken us 70 years to raise. I think that you're helping to ruin Plymouth."

She said that removing the trees—many of which are elms—would hurt the "quaintness" of the city.

Another resident urged the Commission to "look into the matter thoroughly" before reaching a decision. "If the trees have to come down, we won't complain," he said. "But investigate the matter first."

Commission members agreed to have City Manager Al Glassford and DPW Superintendent Joseph Bida to check out the Penniman Ave. situation.

In other actions, the Commission approved the addition of another taxicab to Plymouth's authorized fleet and gave permission to Checker Cab Co to operate four modern cabs within the

city limits. A request from Colonial Cab Co. for three taxis was tabled.

On the heels of a public hearing last Monday, the Commission voted to approve curb and gutter improvements for a number of city streets. Total cost for the projects will be \$60,000, with the city footing \$20,000 of the bill and homeowners paying the rest.

The Commission's action was criticized by some in Monday's audience. "If you're going to run an oligarchy here, call it one," said one resident. "Last week's hearing was a farce. It was stated last week that some of these projects could be postponed and in one case 19 out of 20 residents on one street was opposed. But you've approved it nevertheless."

Commissioners defended their position by saying they listened to both residents' objections and opinions of department heads before making up their minds. DPW Joe Bida said the improvements were necessary to maintain streets well.

Commissioners approved hiring Vilikan and Lehman Associates as the city's new planning consultants.

Improve will be: Dewey from Hartsough to Ross, Hartsough from Evergreen to McKinley, Harvey from Wing to Ann Arbor Rd., Maple from Harvey to McKinley, Roosevelt from Hartsough to Ross, Ross from Evergreen to McKinley and Ross from Main to Harvey.

IT'S DUTCH AUCTION time at one local Plymouth business this week. Ed Reid, Les Wilson, Ken Groth and Ted James (left to right) were busy telling customers about the event at the Photographic Center on Ann Arbor Trail where advance bids made by customers may be made on a variety of merchandise. First day of the auction sale is Feb. 7.

"Speak Your Piece" will appear in two parts this week and next. Residents' opinions on the proposed \$143,000 face-lifting of Kellogg Park in downtown Plymouth is the current topic, and this week teenagers and young people were quizzed on the question—

"What Do You Think of the Plans for a Kellogg Park Face-lifting?"

Sue Hudson, 706 Burrough, thinks, "It's a good idea, but I don't think they should do it because there are a lot more things that the money could be used for."

Replied Sue Uppleger, 87 Hunter, "The park has been used for many years just as it is and it looks nice the

way it is. I don't think it's necessary to have these costly improvements made."

"I don't think they should spend that much money on the park," John Duke, 1341 Sheridan, replied. "It isn't worth it."

For Martha Purkey, 1397 Sheridan, "That would be nice. It will be changed to look nicer. It will be prettier for people coming into Plymouth and be nice especially for us kids."

(Each week, The Livonian asks questions of current interest to Plymouth area residents on the city's main streets. If you have a question you'd like to see discussed by local people, send your suggestion to: Plymouth Edition, The Livonian, 33050 Five Mile, Livonia.)

ADMIRING THE REMODELED Plymouth Township Hall this week were Township Treasurer Elizabeth

Holmes, Supervisor Roy Lindsay and Clerk Fred Miller. Workmen put the finishing touches on the hall last week.

Remodeling Finished at Twp. Hall

Officials and employees in the Plymouth Township Hall are going to work these days to a bright, colorful and redecorated building.

Workmen completed final touching up in the hall's remodeling project last week.

Costing \$2,500, the newly redecorated hall features a painted ceiling in the main entranceway and the brightly colored panels along the walls of the main corridor.

A facelifting has also been given to the Supervisor's, Clerk's and Treasurer's offices, as well as the building department and Board meeting room.

Timothy Graves, son of Mr. and Mrs. Jo Graves, Plymouth, was recognized for his scholarship. Announcement of the honor came from Representative Martha W. Griffiths (D-17th District) who said, "Many 17th District appointees to the Military Academies are graduated with honors but at the present time we have established a record. Five boys from the 17th District attending the U. S. Air Force Academy are on the Dean's list because of their high grades and exemplary deportment."

"I am extremely proud of these young men," she said, "as I know you are. They reflect great honor upon all of us. It is a very real tribute to our school systems, too. They prepared these boys." Others to achieve honors were Henry Hoffman, Brent Maxon, David LaCroix and Robert F. Jones.

St. Agatha Reserve '5' Offers Hope

There's not all gloom, basketball speaking, at St. Agatha high school despite the fact the varsity cagers at the Township parochial institution have won only once in seven games in the Catholic League's Southwestern Division.

"Our reserves are showing to good advantage," says Coach Dave Brazil. "In another year I think we'll have ourselves a first-rate team around here for the varsity wars."

The St. Agatha reserves trounced St. Francis Xavier last Friday, 45-29. But the St. Agatha varsity was clipped by an almost identical tally of 49-27.

Bob Dorchy tossed in 10 points for the losing St. Agatha varsity. Mike Steen and Rick Collins each tallied 11 for the winning St. Agatha reserves.

The regular Parish season has two weeks to go. Brazil plans to book some non-league tilts to keep the team fit for the state tournaments which begin in March.

Quiz Show and Fashion Show

'What's My Line?—Fashions or Quizzes?

With Spring not in the air, but sure to be around the next snow storm women's clubs are thinking about bringing their members out of the doldrums, and, incidentally adding a few coffers to their treasury. Fashion shows are the answers and they are everywhere!

The Lawyers wives of Detroit with members in our three communities have a terrific luncheon and fashion show planned at Western Golf and Country Club. After their "important men speakers" they will feature imported Italian knits with exclusive designs and styling for Spring of 1962, plus beautiful Italian leather handbags and gloves. A knit dress will be a door prize. Mrs. Paul Rieker, GA 1-6749 has details and tickets.

A mystery model, whose

identity will surprise the 3,000 women expected to attend, is the latest addition to plans for the Valentine Tea and Fashion Show to be sponsored by the Detroit Archdiocesan Council of Catholic Women at Cobo Hall on Wednesday, Feb. 14.

Saks will do the fashion show to begin at 2:30 p.m. The tea will be at 1 p.m. with Charles Warren and Company doing the table decor.

Closer to home, the Episco-

pal Churchwomen of St. Andrews, Livonia, are putting on a benefit luncheon and "Hat Show" on Feb. 27 at 12:30 in the parish hall. There will be a large variety of these lovely irresistible hats for sale.

Virginia Walton, Chairman of the benefit, urges any Livonia women interested in attending this most worthy fund-raising luncheon to call her at GA 1-7623 or Coral Singlet at GA 4-3451. Donation for lunch is \$1.25 with reservations in advance. Mrs. Walton has appointed the following Livonia women to serve as chairmen on committees: Agnes Mastro, Margo

Lay, Betty Johnston, Coral Singlet, Shirley McGill, Ellen Shafilee.

Now you don't have to adopt every new fashion to be in style, but being "up" on style trends and fabrics enables you to make the best possible choices among them, in terms of your budget and figure. Before you are exposed to the very latest, as you will be if you attend any one of the above, we present a 10 question quiz to help you measure your fashion knowledge — and perhaps know-how as well. Be sure and keep score.

1. Looking forward to a resurgence of feminine frills after years of tailored simplicity, many leading American designers in their new collections are stressing (a) ruffles (b) lots of lace (c) big bows.

2. What are the fashion advantages of skirts cut on the bias?

3. Which of these fabrics—terry cloth, denim, silk jersey—is available in stretch form?

4. What's the big news in patent leather accessories?

5. Are the new square-toed shoes as fashionable for dressy wear as for sport?

6. In what kind of garments are molded fabrics used—and what are their advantages?

7. What changes have occurred in the basic little crepe dress?

8. At the present time there is (is not) a trend away from short skirts.

9. One of the biggest colors this season is apt to be (a) pink (b) purple (c) sun-yellows and oranges.

10. What are "bikini pants"?

ANSWERS

1. (a)

2. The diagonal lines are graceful; softer-looking than the straight-up-and-down cut, they also import more "give" and resiliency to the fabric. The added softness is good for thin figures and for girls with a little too much (but not a lot too much) hip and thigh.

3. All of them. Stretch denim, a combination of cotton and stretch nylon, has been introduced not only in classic blue slacks, but in fashion colors for sportswear. Terry cloth retains all its old advantages and now has a trimmer fit. According to Chemstrand, a leading maker of the special nylon used in all stretch fabrics, upcoming stretch fabrics include a nylon-cotton birdseye pique and a nylon-cotton slubbed cloth that looks like shantung.

4. Color. In both handbags and shoes, patent leather takes on every hue from summery pastels to bright reds and navies to rich caramels and browns.

5. Yes. In fact, some shoe designers have turned out fancy brocade or sequined versions for evening wear.

6. Molded fabrics are made of a specially engineered nylon developed by Chemstrand and Liberty Fabrics; permanently shaped by a process which eliminates cutting and seaming, they give greater comfort, better and more permanent fit than seamed cloth. Thus far, their main use has been in brassieres, but shoes, bathing suits, knitwear and upholstery from molded fabrics may soon follow.

7. It's no longer just basic black. Pale pastel crepes, which can be worn practically all year long, have become popular; a very new note is white crepe. Also fashionable: crepes in chocolate-brown and in a bright new navy.

8. Most designers still continue to show skirts somewhere around knee level. According to a dressmaker who's been raising and lowering hemlines for years, the short skirts should continue popular for awhile "because the women like them—and so do the men."

9. (c).

10. Long pants which ride low on the hip, usually worn with very short blouses; the total effect exposes a lot of midriff and is recommended only for the young and slim.

SCORE

8-10 Up-to-date as today's fashion page, 5-7 Not bad, but turn over a new leaf or two; below 5 your fashion knowledge needs a new date-line.

PLANNERS WITH A CAUSE is the Committee of The Livonia Branch of the National Farms and Garden Association. They are deciding the details of a Salad Luncheon and Card Party to be held at St. Andrews Parish Hall, March 1, at 12 noon. The proceeds will be spent on landscaping the courtyard of the Carl Sandburg Branch Library.

Donations will be \$1.25 and Hattie Van Lier GA 1-1635 or Joan Hoeft GR 4-6248 have tickets. (L-r) Mrs. Clarence Hoeft, Mrs. Robert J. Smith, Mrs. Herbert Winegarden, Mrs. James Cable, Mrs. Alex Clark, Mrs. John VanLier, Chairman; Mrs. Omar Van Gorp, (seated in center) Mrs. C. Wayne Cooper, President.

To Women It May Concern

By MYRA COX

Despite the fact there are still one or two bills still left over from Christmas; winter seems forever, and everything in the closet and house has a shop-worn look, I'm glad we are hear to gripe about it. Not that I really believed the prophecy of the world ending made by our friends across the sea. Still, the culture of the Hindus from India offers food for thought—particularly when you get into their Yogi which takes more agility of both mind and body than I possess.

Back to our world that did not end, as prophesized last Monday. I would like to protest, and gain support, to inform our Con-Con delegation drafting women to armed forces is going a step too far.

I kid thee not. This was the serious suggestion of a member high up in a veteran's group. He had the approval of his board, but no mention was made of their auxiliary unit. "They" maintained as long as "we" demanded equal rights, have the vote, want to hold public offices, and assume the responsibility for spending the greater portion of the nation's money — we should share in defending our country, and be drafted to the armed forces.

I can think of 11 good reasons to disagree without even scratching the surface but the most simple is by example. When the Israelites drafted women to fight the Egyptians, and by so doing defeated them (this is history) the women turned out to be swifter, more cunning fighters than the men and completely demoralized the man's army—who wants an army of demoralized men.

No, this is not progressive — but I do agree wholeheartedly with the proposal of Dr. Harold Taylor, former President of Sarah Lawrence College.

In his address in New York at a 50th Anniversary of Girl Scouting he suggested a "new role" for scouts, their leaders, and scout makers.

He suggested a girl scout domestic peace corps which would tackle problems of the under-privileged in the American community.

Dr. Taylor had a lot to say, but the main gist was, too often eager young minds, ready to be of assistance were wasted on contrived projects, "make-do things." He said we were so inclined to be pleased and smug with what "we have done" and "were doing" we failed to listen to the tragic voices.

"How can we educate ourselves to reach other people instead of placing increasing pressure on girls and boys to raise their academic grades, why do we stress gaining admission to a well-known college over making a contribution to society." He told the 250 adults gathered in New York that 1962 presents a radically new world of instant communication where events such as Little Rock are quickly transmitted to all parts of the globe.

He cited the crucial role of the Girl Scouts could play in racial problems of the South.

He said young people today like to give service and even "tunger for it"—The talented Girl Scouts could give in tutoring those who have faltered in academic achievement; they could tackle problems of the community slums, juvenile delinquency, and cultural deprivation by extending the range of their present work in arts and crafts, music and dance literature and dramatics.

The search is on in our area for observance of the Golden Anniversary of the Girl Scouts which will be held this Spring at Cobo Hall.

They are looking for women who have been in scouting 25 years or more as a child or adult, or both. In Livonia you may call Lee Wicks, GA 1-2156 or mail your information to Girl Scouts, 153 E. Elizabeth, Detroit 1.

They want your name, address, total number of years as a member of Girl Scouts; if a member now; and in what capacity.

Bentley Cage Hopes Fade Out

It'll take a miracle for Coach Bob Bentley to end his basketball - coaching career at Livonia Bentley High School with a perfect record—five Suburban Six League champions.

The Bentley title hopes (both for coach and team) suffered a virtual kayo last Friday night when front-running Allen Park whipped the Livonians, 55-45.

Thus Allen Park holds a two-game bulge over Bentley (the team) with only three games to go and Bentley (the coach)

has to admit "our chances of catching up aren't very bright."

Bentley (the team) has three league games remaining. This Friday night the team goes to Plymouth. Then comes a date with Belleville and the finale with Trenton.

As for Bentley (the coach), his teams have won outright or shared the league flag in each of his previous four seasons as head man at the Five Mile Road School. He had hoped to bow out with another

winner, because next year he'll be handling the varsity at Livonia's new Franklin high school.

A six-minute cold spell in the second period ruined Bentley (the team) at Allen Park. The Livonians had led 15-13 at the end of the first quarter and were in front, 19-18, at the two minute mark of the second stanza.

Bentley did no more scoring in the first half. The Parkers, meantime, nailed nine straight points and went to the lockerroom for

the intermission with a 27-19 edge.

"They just got hot and we made some mistakes," said Coach Bentley. "The result was Allen Park just run past us."

The Bentley team did close within seven points of the Parkers in the fourth period, but Allen Park staged another spurt and took the decision with little trouble.

Lonnie Carrier had 13 points and Greag Maples 12 for Bentley.

There may be a new face in the Bentley lineup for the Plymouth game this Friday. It's likely that Bill Bolin, the scoring sensation of the Bentley reserves, will be brought up for varsity duty.

Bolin, a 6-4 forward who has been averaging 20 points for the second-stringers, tossed in 22 while Bob Morgan, a 5-9 guard, made 20 as the Bentley reserves crushed Allen Park, 54-34. Besides the Plymouth

game, Bentley also has a weekend date with strong Jackson high on the latter's court Saturday night.

Bentley again will see double duty the following weekend with home games against Belleville and Dearborn.

"Maybe we're out of the league race, but there's always the state meet for which we must be sharp," declares Coach Bentley.

Bentley high will host both a state district and regional in March.

— But RU Still In The Running

Nothing delights a basketball coach more than for his team to produce an "all-around effort."

Dick Nycum saw his Redford Union High School cagers do just that last Friday night and as the result RU romped past Trenton for its fifth win in seven Suburban Six League games.

The triumph also enabled RU to remain a game behind front-running Allen Park, which knocked off Livonia Bentley, 55-45.

Redford Union had no single standout in crushing Trenton. Len LaPla led the scoring with 15 points, but Larry Braithwaite had 11, Curt Johnson and Keith Zollweg 10 apiece and Tom DeWitt and John Crossfivie each.

"It certainly was one of our better team efforts of the season," Nycum declared afterwards. "The kids were all in there digging and helping each other."

The RU cagers never were seriously threatened. They jumped ahead, 16-6, in the first quarter when Zollweg hit for six points, LaPla four and Braithwaite and Johnson three each.

Mean time, the RU defense was so solid that Trenton was able to muster only two baskets and two free throws during the initial eight minutes.

The halftime score read 29-19 for RU and it was 41-32 after three quarters. Then RU put on another spurt to win going away.

While the winners displayed a balance attack, most of Trenton's scoring was wrapped up in Dave Henegan who notched 10 baskets and three charities for 23 points.

In its bid to at least gain a share of the conference title for the second straight year (RU tied with Bentley in 1960-61), the Township quintet still has league tussles ahead with Belleville on the latter's court this Friday, then with Allen Park and finally Plymouth.

"The big one, of course, is with Allen Park," says Nycum. "But we can't afford to slip in the others."

Besides the Belleville game, RU also has a home date this Saturday night with Walled Lake to round out a busy weekend.

The RU reserves also triumphed against Trenton. The score was 52-43, with Bill Driscoll once more turning in a starring effort for the victors.

Driscoll appears certain to help the varsity come another season.

Swimmers at Bentley High Face Uphill Title Battle

Livonia Bentley high school's swimming team has its work cut out if the Bulldogs hope to finish on top of the dual-meet standings in the Suburban Six League.

With three weeks of action remaining, Bentley now stands in third place with a 5-2 record. The leader is Trenton at 7-0 with Plymouth second at 6-1.

"All we have to do is win our final three meets and get a little help—maybe from Plymouth—and we could end up on top," declared Larry Joiner, the Bentley tank mentor.

Joiner and his team realize

that no bed of roses lies ahead.

For this Thursday comes up a showdown with Plymouth. Then after a softer touch in Belleville, Bentley will wrap up the dual-meet campaign against Trenton.

"It's quite a job which faces us," said Joiner. "But our kids might surprise a lot of folks, because they have been improving with every meet."

Bentley performed at its best last Thursday in spilling Allen Park, 62-42, as Ron Klassen paced the Bulldogs. Klassen started the Bulldogs off in front by winning the 400-yard free style. Teammate

Jim Symons was second.

Then Klassen came back to establish a school and pool record in winning the individual medley in 2:17.6. He had held the old pool and school marks of 2:20.8.

The effort was the eighth fastest recorded by a prep in the state this year in the individual medley.

Russ Walker also entered the record-breaking department with a 1:02.5 clocking as he won the butterfly. He clipped the former Bentley school mark of 1:03 set by Jim Shaw.

Jim Winebrenner (50 free), Dick Vots (back stroke) and Dick Osburn (100 and 200 free) scored other firsts for Bentley. Osburn has lost only once this season in the "200". He had never tried the "100" before the Allen Park meet.

Bentley's other victory came in the medley relay in which Vots, Brian Barents, Walker and Winebrenner combined to bring the Bulldogs to the finish in front.

Meantime, Plymouth's tankers were enjoying a feast of their own as they clobbered Belleville, 79-26, in a meet which also produced some record-smashing.

Dick Michaels led the record assault with victories in the back stroke and the individual medley. In the latter event, he was clocked in 2:10.4, which bettered the pool and varsity record and also the league and state marks. Phil Gretzinger of Plymouth had set the state mark of 2:12.2 last year.

Michael's time in the individual medley landed him second on the state scoreboard behind Kem Wiebeck, the Thurston flash, who was timed in 2:08.8 earlier in the season.

Michaels, however, did match a Wiebeck standard in the back stroke, covering the 100 yards in :57.4 for Plymouth pool and varsity records and also a share of the No. 1 slot (with Wiebeck) in the weekly state ratings.

Gary Gould also swam Plymouth to a record with :52.6 time in the 100-yard free style.

Last-Second Toss Beats Clarenceville

How cruel can the world be?

Members of the Clarenceville high school basketball team and their supporters have a right to wonder.

This has been a rough season for the Livonians. Only one victory all winter!

But last Friday night it appeared that Clarenceville had a stunning upset win in the making over Bloomfield Hills.

the No. 2 team in the Wayne-Oakland League.

Victory, however, slipped away from Clarenceville in the most heartbreaking—and dramatic finish—which could mark any basketball game.

Just as the final buzzer went off with Clarenceville leading, 48-47, Jim Treganza of the Hills took a desperation shot.

You guessed it! The ball sailed through the hoop, the officials ruled the shot was made in the nick of time and Clarenceville wound up on the short end of a 49-48 count.

The Clarenceville team took it like men.

"But our kids were entitled to cry about this one," said Coach Dave Schaefer. "I guess when it rains, it pours. And, as far as we're concerned, this simply isn't Clarenceville's year to do anything in basketball."

Bill Wheeler was the hero in defeat for Clarenceville. His basket and free throw with a minute to go had put his team ahead until Treganza connected. Wheeler led the losers with 17 points.

SPORTS OBSERVER

By George Maskin

If you're a high school swimming enthusiast, you've probably noticed in the columns of this newspaper how youngsters at Livonia Bentley, Redford Union, Thurston and Plymouth have been smashing records all over the place this winter.

Scarcely a meet has gone into history without the establishment of at least one standard—be it a varsity, pool, league or what have you. There also have been several instances in which state records have been eclipsed, but these, of course, don't count.

The only time a prep can set a new state mark is in the state meet proper. This is a procedure which we don't agree with... but that's the way the State Association wants it.

How come all the record busting this winter?

We popped the questions to the various area-swimming coaches—Larry Joiner at Bentley, John McFall at Plymouth (the defending state Class A kingpins), Ralph Beetz at Redford Union and Joe Merana at Thurston.

For one thing, schoolboy athletes are better than ever. They are stronger (notwithstanding criticism that our youngsters are weaklings, soft, etc.) They are better coached and they have the chance to perform in the finest facilities ever made available to prep athletes.

"Then, there's another important aspect," chimed in Merana. "The return of the Detroit Metropolitan League schools to state competition I think has spurred on the suburban and state coaches to greater efforts."

Merana paused for a second, then added: "We have heard and read and seen these Detroit kids. They're pretty good. We all know that it's going to take a lot of doing to beat them out. So the coaches in the suburbs and outstate are making certain that they'll be ready for the Detroit challenge when the time for the state meet in swimming arrives."

Judging by the weekly ratings of leading schoolboy swimmers in Michigan, our particular area has reason to stand up and cheer.

Ken Wiebeck, the sophomore at Thurston, isn't the only crackerjack in the lot. Bentley has a "honey" in Ron Klassen and another standout in Russ Walker. Dick Osburn also looks like a topnotcher in the longer-distance competition.

Plymouth has an "ace" in Dick Michaels, who last week swam under the state record in the individual medley. Michaels also is a fine backstroke.

Over at Redford Union, there's a senior by the name of Bill Truesdell, who will be heard from in the breast stroke, comes the state meet. Truesdell has been about the only ray of sunshine in an otherwise dull swimming season at RU. While his team hasn't won a meet, Bill himself is unbeaten.

The area coaches are pretty much in agreement that the points in this year's state meet will be "cut up sharply." What they mean is that the winning school probably won't turn in an overwhelming point total.

Coach McFall at Plymouth doubts that his Rocks will repeat as state champs.

"We just don't have enough depth," he says.

Did you know that skiing has become a popular high school sport in many northern communities of Michigan?

Take a line across the state from Bay City to Muskegon and go northward, most of the schools not only have a ski team for the boys, but also for the girls.

In fact, the State Association has sanctioned separate ski meets for both the Upper and Lower Peninsula. And, what's more, there's competition for the girls, as well as the boys.

All of which leads us to raise the question: Why not a state girls' meet in basketball, swimming, golf, tennis and track?

Yes, why not more emphasis on all girls sports by the high schools?

Bentley Loses In Mat Meet

Livonia Bentley High School's wrestling team went down to its third league loss in five meet when downed by Allen Park, 23-15, last Thursday.

Six Bentley matmen scored victories. Ron Griffith won in the

120 pound class, Ed Davis 127, Jim Hicks 133, Don Hasselbach 145, Jim Cerrattini 165 and Hugh Vaughn 180.

Two home meets were on Bentley's schedule this week—with Dearborn Tuesday and Catholic Central Thursday.

Foes Too Hot For Thurston

There's almost nothing you can do when your opponent goes on a shooting terror.

It's happened two straight weeks for Thurston High School's basketball team. The result has been two setbacks and a blow to Thurston's dreams of winding up on top in the Mid-Wayne League.

First it was Taylor Center which couldn't miss. Last Friday night Schaefer started by canning its first seven shots—six of them from 20 feet or longer.

The explosive beginning shot Schaefer in front, 18-8, at the end of the first quarter and 39-24 by halftime. It mattered little that Thurston held the upper hand in the second half. Schaefer still had enough to win, 71-65.

Thus Thurston went down to its third league setback in seven games. Now two games behind front-running Riverview, the Thurston chances are not too bright, even if the South Redfordites can clip Riverview on the Thurston floor this Friday night.

Coach Bill McDonald tried every possible defense in hopes of cooling off Schaefer. He used a press, a man-for-man, a zone... and combination of each. Nothing worked too well.

"They just couldn't miss," lamented the Thurston mentor. "I guess they shot around 45 percent for the game."

McDonald had no complaints for his team's play.

"Our kids hustled and tried," he added. "But we just couldn't shoot 'em in."

Cas Jankauskas and Ed Kosikowski each tallied 15 points for Thurston. Jerry Samuelian had 12 and Keith Spicer 11. Joe Kotula, back in action after missing several games with a fractured wrist, scored five points.

Tied 17-17 at halftime, the Thurston reserves broke loose in the second half to win, 47-29. Paul Lawson netted 12 and Al Bush 11 for the victors.

Fortunately for Thurston, leading Riverview in the Mid-Wayne Loop was clipped by Inkster Robichaud in a stunning surprise.

Thus Thurston remained two games behind Riverview with the crucial battle coming up this Friday night when Thurston entertains Riverview. However, even if Thurston beats Riverview, the Townshippers will need help from somebody else to catch the downriver team.

Trenton Matmen Topple R. Union

The two "Ds"—Don Aeck and Don Kampman—came through with the only victories for Redford Union's wrestling team in a 44-8 loss to Trenton last Thursday.

Aeck pinned his opponent in the 154-pound class while Kampman took a decision in the 138-pound category.

Rivals' Charity Tosses Subdue Plymouth '5'

Despite a 24-22 field goal advantage, Plymouth High School's basketball team succumbed to Belleville last Friday night.

Free-throw shooting made the difference as Belleville finished on top, 60-56.

From the charity line Belleville pumped in 16 successes to only eight (out of 14) for Plymouth.

The Rocks never led in the game. The closest they came was the final margin.

Belleville held command by fine rebounding off both the defensive boards. Several of their baskets came on second and third shots after Plymouth couldn't clear the boards.

Dan Stremmick caged 17 points for the Rocks while Mike Kisabeth and Dick Schryer had 10 each. Frank Nunley dropped in 19 and Charles Cabanas 15 for the winners.

The Belleville reserves also triumphed. The score was 43-39.

Plymouth has three Suburban Six League games remaining. Friday night comes a home date with Bentley. Then Plymouth will invade Trenton before finishing up against Redford Union on the Rocks' court.

Red Cross Recruiting Volunteers

Chairmen of the Red Cross activities in the Redford Township, Livonia, and Plymouth are looking for new volunteers. There is a special recruiting drive underway which will continue until the middle of February when classes to acquaint the new volunteers with their duties are scheduled to be held.

Mrs. C. B. Lytle, 1049 Dewey, GL 3-5428 for Plymouth; Mrs. Clare Lyke, 15410 Stamford, GA 1-7104 for Livonia; and Mrs. John Glanville, 14984 Sumner, KE 2-1838 from Redford are

the Branch Chairmen to be contacted for more information. Volunteers choose the day of the week and hours of the day when it is convenient for them to perform Red Cross services, and in many instances, those services are needed not only at the headquarters in downtown Detroit, but in the Regional offices, and all of the communities in Wayne County. Some of the training classes will be held at the Headquarters and some in convenient locations in the County area.

In addition to the daily activities of Red Cross for which the volunteers are trained, each Service has an important place in the

Chapter's preparedness plans which would be activated in case of community emergency causing wide spread personal injury.

RU Tanker Wins Again,

Bill Truesdell maintained his winning ways, but his Redford Union High School swimming team bowed again.

That was the story last Thursday as the RU tankers went down to their eleventh loss of the season without a win.

But for Truesdell, he triumphed without a reversal in the breaststroke. What's more he came up

with a new pool record, covering the 100 yards in 1:05.5, a half-second behind his former mark.

Redford Union won only two other events. Mike Caplia took the diving with teammate Vince Salvia second. Ken Bracken of RU broke the tape first in the 100-yard free style.

Thursday finds RU going against Belleville.

'Christian Concerns' Is Calvary Methodist Topic

Calvary Methodist on Grand River and six other churches in the area will participate in a special workshop project titled "Urgent Christian Concerns of 1962" at Calvary Methodist Church Sunday, Feb. 11, from 3:30 p.m. to 8 p.m.

Headline speaker will be Dr. James Laird of Central Methodist Church who will discuss "Peace, The Imperative of Our Times." He will speak at 3:30 p.m. and will also participate in the discussion period at 4:30 p.m. John W. Hoffman will be chairman of this session, "The Meaning of Peace."

Other sessions at 4:30 p.m. will deal with (1) The Consumer-Use of Credit—Henry W. Warren, manager, Telephone Credit Union, as speaker. Thomas Williams will be chairman. (2) "Narcotics, Gambling, and Safety as it relates to Youth" — speakers: Inspector Reynier Staats of the Detroit Traffic Safety Bureau; Joseph Nufer, Detective Inspector (former Narcotics and Gambling Dept.) and Mrs. Allen Churchill, former policewoman. Chairman is Harold Stowe.

Area churches invited to participate in the special

workshop include Lola Valley, Warren Valley, Rice Memorial, Southfield, St. Matthews and West Outer Drive. MYF's and Senior High groups of these churches are also invited to attend.

An hour of relaxation, fellowship and food will take place at 6 p.m. when supper is served by the New Builders Class.

Evening portion of the workshop will start at 7 p.m. This panel session will feature a discussion of "The Fall-Out Shelter" during which pros and cons of the fall-out shelter will be presented. Expert advice on building a shelter will be presented by Walter Jenkins, Operations Coordinator and Engineer, Detroit Office of Civil Defense. Layman Milford Hulslander of Lola Valley Meth-

odist Church and Richard Gilbert, minister of religious education, Methodist Children's Village, will express their views on the fall-out shelter. Panel moderator will be George A. Harding. A question and answer period will follow.

Registration blanks will be distributed to the church members. Invite your friends and neighbors. The program is sponsored by Calvary's Commission on Social Concerns.

MOURNED BY children in the neighborhood this week is the riding horse belonging to James Darwin, 28997 Broadmore off Middlebelt. The horse died in the fire last Tuesday evening. Livonia Capt. Perry of Livonia Fire Department said cause of the blaze is as yet unknown but they are

investigating. A passing motorist noticed the blaze apparently soon after it broke out. It was in the east corner, however, blocking the horse from the large exit. The structure was saved but inside was fairly gutted out before it could be controlled. Hay stored in the barn added to the blaze.

During this time anyone who registers at any Big Boy restaurant is eligible to win one of 560 valuable prizes. Each Big Boy will offer a Motorola Portable TV as first prize, RCA Portable Phonograph for second prize and to the third prize winner, a Motorola Transistor Radio. Ten years ago there were

only three Big Boys for such "meetings" and 60 employees to serve what was then, principally a drive-in trade.

\$250,000 Laboratory Building Proposed for Plymouth Hospital

State Rep. Harvey J. Beadle introduced a bill today which would authorize the state to build a laboratory building at the Plymouth State Home and Training School at a cost of \$250,000.

Rep. Beadle said: "This is one unit in a complex of units being planned for the Plymouth Home and Training School. While Governor Swainson is recommending that the others be part of the cash capital outlay program, it is proposed that

this building be built under a bonding plan whereby what we would otherwise rent the building for would retire the bonds.

"This is a very good and economical way to get the buildings we need now. In the long run we will have the service of the building too. It is especially good to build these mental health facilities which are so badly needed at this time."
